OIL JUBILEE CROWDS GROW

Hunter Brothers May Testify While Continuing Flight

HOME TOWN TALK

By Beddy

Crepe hangers' predictions of no crowd, and a lot of other back-biting that invariably greets those who work hard in an effort to try to put something of city-wide value over the top were melting away under the glare of a typical July sun this afternoon as the Oil Men's Jubilee got under way.

Yessir. Lots of people will be here before Saturday midnight rolls around.

First harbinger of a celebration aside from the wealth of flags and other decorations draped all over the business district was a serenade of the Herald force by the Old Gray Mare's Colts, from Brownwood, with Merle Baker directing and under the management of O. E. Winebrenner.

The colts are right spry and their music adds much to the spirit of Jubilee.

Then the Colorado band hit town and a music-making contest, got under way. These bands certainly are worth plenty for this occasion.

Chris Ming was like a one-armed nigger in a watermelon patch. Joe Edwards decided he would retire permanently from the pipe line business. One thousand one questions, complaints, things to be attended to etc., etc., came up.

The Jubilee grounds will be ready for the Coronation and pageant tonight. An inspection early this afternoon indicated.

The Air Show, fireworks, and pageant with the side attractions will make Friday evening a check full one.

Keep cool as possible, take in everything and help make the visitors feel at home.

Midland Defeats Abilene Poloists; Program There

MIDLAND, July 3.—Midland defeated Abilene 6 to 2 at polo yesterday afternoon in the first of a three-game series. The second game will be played at 2:30 p. m. Friday and the third July 6 at 2:30 o'clock.

The July Fourth beginning at 2:30 there will be a program of entertainment that was expected to draw a large crowd from out of town. Horse races will follow the polo game. Dancing, fireworks displays and swimming will follow at Fagoda pool. There will also be speaking by R. E. Thomason and Pat Murphy, candidates for congress, as well as others.

Oil Company Employee Hurt

Clyde Barber, employe of the World Oil Co., received an injury to his left hand at 8 o'clock this morning, which necessitated amputation of his ring finger at the Bivings & Barcus Hospital.

Barber's hand was caught and crushed in a Franklin engine clutch. The accident occurred on the McDowell lease.

The finger was removed at the first joint.

Vacation Bible School To Open

Miss Stella Starr, the religious education director of El Paso Presbytery, will direct the Daily Vacation Bible School, at the Presbyterian church beginning Monday morning, July 7. This school is non-sectarian and all the children of the community are invited to attend. The beginners, four years on through the intermediate department are eligible. The work will consist of Bible drills, singing, handwork, playing and other things which make up the program.

527 HOURS REACHED IN MARATHON

Boys Angry at Report One Wanted to Come to Earth

CHICAGO, July 3 (AP)—In an unusual request that hearing in a receivership suit against them be held in a 21-passenger transport plane, the Hunter brothers today indicated they intended to remain in the air over Sky Harbor for perhaps another week, on their record breaking endurance flight.

At 2:40 a. m. C. S. T. they passed the 527th hour aloft and were 107 hours ahead of the previous record.

Refuses To Hinder Judge Michael Feinberg in circuit court today refused to interfere with the endurance flight (the time being, setting aside until Tuesday the injunction proceedings started yesterday by stockholders who claim to be original owners of the record making ship. The suit called for a receivership and accounting of the "City of Chicago's" earnings.

Counsel for the Hunter Brothers told Judge Feinberg the fliers have a \$100,000 contract to appear with the plane in a motion picture after the flight. He said various contracts would be handicapped seriously if court action tied them up.

B. L. Mowski, flight secretary, sent the following telegram to Judge Feinberg: "Upon continuance of the matter involving the Hunter boys until Tuesday I rushed to the airport and communicated your action to them. The note from them commenting on your action, follows:

Reply "Dear Barney—Pleased to receive your report on what happened in Judge Feinberg's court this a. m. Looks like if Judge insists upon our being in court Tuesday, we'll have to come down Monday afternoon, because we ought to have a chance to get some sleep, a bath and a shave. Would like to stay up longer if judge permits. Suggest you get Casey Jones to let the judge hold court in his big Curtiss Condor plane which will hold 20 passengers. Can talk to judge and jury on two way intercommunicating telephone. Let us know as soon as you can what judge says.

"Ken (Beans)" "Please send me your commentary by return wire."

CHICAGO, Ill., July 3 (AP)—John and Kenneth Hunter, co-pilots of the "City of Chicago" which started today on the 530th hour aloft at 6:40 a. m. (CST) threatened a half hour later to bring down the plane which has exceeded the previous non-stop record by almost 100 hours, unless published reports of Kenneth's desire to quit were corrected.

John dropped a note today expressing keen disappointment, and dissatisfaction because of the partial publication of confidential messages between the brothers yesterday the contents of a note to Walter and Albert Hunter, pilot of the refueling plane, were not made public, but one of the brothers was quoted as saying that Kenneth, the youngest brother, was "getting tired and wanted to land at 530 hours."

John and Kenneth previously had expressed a determination to remain in the air until after July 4.

Today's message signed by John follows: "Say, who in the hell put that slush in the paper about Beans getting worried and nervous. Who ever done it had a dam little to do after him crawling around on this ship night and day trying to bring the record to Chicago. Then somebody put that line of slush in the paper. Can't I write a damn thing to you guys without it getting in paper. I only told you that he was hard to wake up and so am I. This caused plenty of hell between me and him. He came dam near jumping out in chute and it wouldn't take a hell of a lot to make me do the same. Now I want this corrected or this ship may land quick if he was that way anybody had

INSPECTOR IN REPORT

Three cases of typhoid fever and two of smallpox were investigated during June, according to the monthly report made by J. M. Williams, sanitation inspector to V. R. Smitham, city manager.

According to the report the smallpox cases were found at a local tourist camp and referred to Dr. M. H. Bennett, city health officer.

A large portion of the time was spent by the inspector in familiarizing himself with city sanitary regulations, revising the milk ordinance, conferring with dairymen and advising them as to the provisions of the various ordinances.

According to Williams' written report practically all of the dairymen and milk plant operators applying for permits "expressed a willingness to comply immediately or their respective grades and cooperate with the health department in the enforcement of the regulations."

Thirty-two applications for dairy permits were received, with none being issued, all permits being held up pending compliance with the regulations.

A total of 104 inspections for sanitation, including 12 re-inspections to determine if notices previously complied with, was made. The inspections included dairies, 7; creameries and pasteurizing plants, 1; cafes, 31; hamburger stands, 3; soda fountains, 5; candy factories, 1; fruit stand, 2; bakeries, 2; grocery stores, 14; boarding houses, 2; neat markets, 11. Nine complaints were investigated.

AUTO RACE ABILENE

ABILENE, July 3.—With the compiling of an automobile and motorcycle race card that includes drivers of national prominence from several states, the stage is set for this city's annual Independence Day celebration.

Entries from a number of cities will participate in the bathing race "Miss West Texas" of 1930. The race, at Lytle Beach, will begin at 7 o'clock and will be followed by a gorgeous ray of fireworks.

The track program at Fair Park will begin at 1:30 Friday afternoon. The races are being sponsored by the West Texas Fair Association under regulations and sanction of the American Automobile Association and the American Motorcycle Association.

Six speed cars and their pilots are coming to Abilene from California. In the group will be Francis who Sunday took first money in the Los Angeles dirt track classic, and Walt May, who, in the same race, set a new time trial record for that west coast race. He steered around the five-eighths mile track in twenty-seven and one-third seconds. If May repeats his performance on the Fair Park speedway Friday, he will better the prevailing record here.

Other California race car drivers who will drive the 100 laps around and around the Abilene track are: Robert Raso, Speed Hinkley, Carl Ryder and Arvol Brunner. Included in the early lineup of visiting drivers are: Cotton Grable, Houston; H. D. Hill, Oklahoma; Earl Hovendon, Duncan, Okla.; George

JUNE TOTAL ATP.O. TOPS 1929 MARK

Postal receipts for June, 1930, showed an increase of \$956.59 over the corresponding month of 1929, it was announced today by E. E. Fahrenkamp, postmaster.

According to figures released today, the postal receipts for June totaled \$4,785.99, compared with \$3,829.40 for June, 1929.

The receipts for the past month also passed the mark set during May. The total for May was \$4,565.53.

The total for January to June, inclusive, is \$28,542.05, while the total for that period in 1929 was \$27,842.56.

City To Close July Fourth

The Fourth of July will be celebrated by all city and county officials with the exception of firemen and peace officers.

The city hall will be closed, all employees of the various departments being allowed a holiday.

City firemen and policemen however, will be on duty at the usual hours.

Practically all of the offices of the courthouse will be closed for the day.

All clerical departments will remain closed, including the justice of the peace office, county and district clerk, county superintendent's office, county judge's office, tax collector, tax assessor, county treasurer and others.

Banks of the city will remain closed as well as various other business houses in the city.

The Retail Merchants' Association will remain closed during the holiday, and officials announced they thought the majority of business houses would be closed for the day.

Gun Club Squads Announced Today

Members of ethica gun and automatic squads of the Big Spring Gun club were announced today.

Competitive shooting will be held at the range at 4 o'clock Friday afternoon.

Following is a list of the squads: Automatic—Bob Currie, Dr. French, Jim Haley, Hilo Hatch and H. L. Cummings. Ethica—Dr. C. W. Deats, L. D. Morrow, George Hardin, Paul Cunningham and A. L. Woods.

Miniature yet modern.

That, in substance, is a description of the Texas and Pacific Railway display, Homan Building, East Third Street.

Occupying the west side of the building, the display is one of the most unique ever seen in Big Spring.

Depicting a modern railway line, everything is displayed—from the latest in traffic signals to the latest in grade crossing accidents.

The toy engines, trains, trucks, signals—everything in miniature—give the average observer an insight into just exactly what goes in to make a railroad. The main line is shown, and into this main line comes the branch lines. Sidings are conveniently located. Miniature engines and cars are used.

To the west of the tracks is seen a mountain, and at the bottom of the mountain where the road crosses the tracks, is found the wreckage of a toy automobile. The occupants of the wrecked machine are found at various points along the right of way. A net work of oil derricks surround the line.

Practically every phase of the railway is shown. A toy water tank, an oil container, block signals, traffic lights, a round house, shop buildings, a depot—these are some of the things seen at the miniature railway shop.

Although the exhibit had not been opened to the public, the plate glass window in front of the building has been crowded with children since the display was put in place. And sometimes the adults take up all the room.

Star Mail Routes Here Are Changed

Changes in two Star Routes of the Rural Delivery, went into effect July 1, according to E. E. Fahrenkamp, postmaster.

The route which formerly ran from Big Spring to Lamesa, now goes to Ackery and returns by way of Vainmor.

The route formerly from Big Spring to Sterling City, now extends to the Three-Way Filling Station, half-way point, and then shifts to Garden City.

According to Fahrenkamp mail from Sterling City and Lamesa now goes over the Santa Fe through Sweetwater.

F. F. Jones Brought From St. Louis

Deputy Sheriff D. D. Dunn returned to Big Spring Wednesday afternoon from St. Louis with F. F. Jones, 19, charged in Justice of the Peace Cecil Collings' court with arson.

Jones was arrested in St. Louis and in a signed confession is alleged to have stated he, with Puert L. Wilcox, set fire to two structures here in March. One of the buildings housed a battery shop belonging to Wilcox.

Wilcox came to Big Spring and surrendered, later being released on \$1,500 bond after waiving examining trial.

Jones was being detained today, having failed to make bond.

BANDS PEP CROWDS OF FORENOON

Coronation, Pageant Tonight's Main Features

Visitors for the Oil Men's Jubilee, the most widely advertised July Fourth event in this year, were coming in rapidly increasing numbers early this afternoon and indications were the city would be jammed by eight o'clock, when the coronation of the Jubilee queen will be held.

The Jubilee spirit, started by the profuse decorations of downtown streets and buildings, became stronger as the Colorado and Brownwood bands got under way.

The Brownwood delegation hit town early and began serenading various buildings, playing to larger, and larger crowds in the business district.

Colorado Boys Then the Colorado crowd, nifty music-makers themselves, hit town and a music-making contest was started.

Meanwhile score more entries in the Terrapin Derby, were being made at the office in the lobby of the Crawford Hotel. The Jubilee grounds on West Third street, covering two city blocks, was the site for much labor in preparation of the settings for the coronation and pageant and the numerous shows, concessions and carnival attractions.

Duchesses of Fort Worth, Ranger, Cisco, Abilene, Sweetwater, Colorado arrived at 11:45 a. m. aboard an S. A. T. ship chartered by the Jubilee committee. Shortly after 1 p. m. the duchesses of Lamesa, Odessa, Midland and Stanton arrived from the west via the same mode of transportation. The Andrews, Lubbock, and Waco representatives were coming by motor.

The queen's ball, at 11 o'clock tonight, was expected to attract many. It was announced visiting oil people accompanied by local persons with invitations should come ahead and that they would be welcomed to the dance.

The July Fourth program, featured by the first heats of the Terrapin Derby, the fireworks display and the second presentation of the pageant, was expected not only to be the strongest program of any day, but also to be presented to much larger crowds than for today.

Bishop's victory over Hutto promises to be the best match of the entire tournament. The stroke of luck that brought two of the foremost contenders together in the first round brought an exceptionally large crowd to the courts. The Coahoma ace swept through Bishop in the first set to the tune of 6-3, but after that the champion swept into action and carried off the next two sets, 6-2 and 6-3.

But at that it was a moral victory for Hutto, for never before had Bishop been as extended in tournament play. The match with Vines, who was scheduled to give the leaders something of a battle, was a disappointment. After the first six games saw the count knotted at 3 all Bishop unleashed a barrage of drags that carried Vines under in straight sets 6-3 and 6-1.

Davidson's brilliant showing against Harry Jordan brought a glimmer of hope that the path of the brilliant grammar grade student to the finals might be a rocky one. After dropping the first set 1-6 Davidson came back with a wonderful placing game to win the second 6-4. Jordan came into his own in the last set and featuring a driving, charging game, downed his opponent 6-0.

The presence of Paul Coburn in the quarterfinals, and then holding a big advantage over Bob Purdy, introduced a dark horse to the tournament.

Coburn defeated Pike in the first round 6-1, 6-2. Results of the first two rounds: Orr defeated Lee 6-1, 6-3. Coburn defeated Pike 6-3, 6-2. Purdy defeated Brown 6-2, 6-3. H. Jordan defeated Davidson, 6-1, 6-0.

Jimmy Walker, piloting the Cromwell Airlines passenger plane, landed at 11 o'clock with four passengers. The plane took off for San Antonio at 1 o'clock with three passengers, including G. T. Thompson and A. B. Taylor, who were passengers to San Angelo and San Antonio, respectively.

Fred Hyer, piloting his Curtis-Robin plane, equipped with a Challenger motor, arrived last night and will remain over for the Oil Men's Jubilee.

Airport Log

Three passengers went out of the Big Spring airport on the eastbound Southern Air Transport passenger plane at 11:45 o'clock this morning. Dr. G. T. Hall, Paul McGinnahan and Ward Eldredge were passengers from here to Fort Worth.

The Weather

Texas generally fair tonight and Friday. Light to fresh southerly winds on the coast.

Konjola Ended Two Years Of Stomach Misery

AGAIN THIS NEW AND DIFFERENT MEDICINE SHOWS WHY IT HAS BECOME FAMOUS.

MRS. BERTIE COWAN

Strange, but absolutely true—Konjola, the new and different medicine seems at the very peak of its power when pitted against the stubborn cases that have held on with bulldog-like tenacity. Take for example, the experience of Mrs. Bertie Cowan, 614 West Second St., Ft. Worth, Texas, who says:

"For two years the lightest of foods caused misery. At times I had to gasp for breath, and I belched up bits of undigested food. I took soda constantly. My kidneys gave me trouble too. I had back-ache and had to rise many times at night. But Konjola ended all this and today my back is free from pain, my nerves are steady, I sleep soundly and wake up every morning rested and refreshed."

This Konjola works, swiftly, surely. It is strongly recommended however, that a complete treatment of from six to eight bottles be used if best results are to be obtained.

Konjola is sold in Big Spring at Collins Bros. drug stores, and by all the best druggists in all towns throughout this entire section.—adv.

Colorado And Brownwood Bands Put Pep In Crowds

Headed by Roy Hester, director, the Colorado Gold Medal band swept through Big Spring today—one of two feature musical organizations here for the Oil Men's Jubilee.

The white and black clad musicians paraded through the streets of Big Spring immediately after their arrival.

They will remain here until the close of the first day of the Jubilee, returning to Colorado for the night, and coming back here for the second day.

The Old Gray Mare's Colts, the offspring of the famous Old Gray Mare band of Brownwood, is here for the Jubilee and launched the first day with a parade and various concerts this morning. It is led by Merle Baker, and managed by O. E. Winleimer.

Happy Woman Tells How She Lost 19 Pounds of Fat In 27 Days

During October a woman in Montana wrote: "My first bottle of Kruschen Salts lasted almost 4 weeks and during that time I lost 19 pounds of fat—Kruschen is all you claim for it—I feel better than I have for years."

Here's the recipe that banishes fat and brings into blossom all the natural attractiveness that every woman possesses.

Every morning take one half teaspoonful of Kruschen Salts in a glass of hot water before breakfast. Be sure and do this every morning for "it's the little daily dose that takes off the fat"—Don't miss a morning. The Kruschen habit means that every particle of poi-

A NICE GIRL COMES TO TOWN

By ROBBIN COONS... SYNOPSIS: The break-up of one romance leads to another for Mary Lou Leslie when she comes to London for a visit.

What was he to do? On the one hand was his fixed determination never to marry any girl.

That would fulfill his aunt's insane stipulation, and surely there could be no harm in it, so long as Mary Lou understood perfectly that he was not serious.

But you know that I've never thought of getting engaged! Well, if you haven't thought of it, I've done it for you.

His aunt gave him a contemptuous look. To this new girl, Mary Lou, of course, she's a nice girl, sensible and unspoiled.

He was moody and silent as he drove Mary Lou homeward. The day had started out well enough, but now he felt that he was in the devil's own mess.

Mary Lou had impressed Aunt Ethelberta. There was no doubt of that. And she had insisted that he become engaged to her girl!

He had tried to argue with her, but to no avail. "It's all nonsense," he had said finally.

Tony knew from past experience of his aunt's disposition. Once she had an idea in her head, it was worse than futile to oppose her wishes.

That would fulfill his aunt's insane stipulation, and surely there could be no harm in it, so long as Mary Lou understood perfectly that he was not serious.

didn't see why she should object. She would have all the fun of an engagement without the dread of matrimony.

Tony glanced over at Mary Lou, who was curled up like a contented kitten beside him in the seat.

But, hell—that wasn't solving his problem. How was he to approach this business of arranging an engagement that wouldn't be an engagement at all—except for outward appearances?

IT'S A PITY TO BE FAT!

When tempted to over-indulge "Reach for a Lucky instead"

Be moderate—be moderate in all things, even in smoking. Avoid that future shadow* by avoiding over-indulgence, if you would maintain that modern, ever-youthful figure. "Reach for a Lucky instead."

Lucky Strike, the finest Cigarette you ever smoked, made of the finest tobacco—The Cream of the Crop—"IT'S TOASTED." Lucky Strike has an extra, secret heating process. Everyone knows that heat purifies and so 20,679 physicians say that Luckies are less irritating to your throat.

"It's toasted" Your Throat Protection—against irritation—against cough

*In his famous book entitled "Foods For the Fat," Dr. Yorke-Davies gives this advice: "Any system for reducing fat will be of no avail if the patient persists in eating between meals." We do not represent that smoking Lucky Strike Cigarettes will bring modern figures or cause the reduction of flesh. We do declare that when tempted to do yourself too well, if you will "Reach for a Lucky instead," you will thus avoid over-indulgence in things that cause excess weight and, by avoiding over-indulgence, maintain a modern, graceful form.

EVERYDAY QUESTIONS

Answered By
Dr. S. Parkes Cadman

Questions from readers are answered daily by the Rev. Dr. S. Parkes Cadman, Radio Minister of the Federal Council of Churches of Christ in America. Dr. Cadman seeks to answer inquiries that appear to be representative of the trends of thought in the many letters which he receives.

New Haven, Conn.

What do you think of Gene Tunney's presence as an inspiration to Professor Phelps' Shakespeare classes at Yale? There is much to be said for the example it taught. It was a modern instance of the Greek idea of a sound mind in a healthy body, and gave the Yale undergraduates the welcome opportunity of observing a man of superb physique and vigorous action who also values culture. Yale is "the mother of men" and nobody seriously questions Gene Tunney's manhood. His utterances demonstrated that a champion pugnatist need not be a ruffian with cauliflower ears, a broken face and animalized tastes. On the contrary he can be a gentleman, and not only that, but a scholar and even a minister of religion. Gideon Ouseley wielded an Irish blackthorn to perfection. He also

preached the Gospel in Ireland, as one of John Wesley's itinerants and found his skill in self-defense very useful at a jiffy. The pious often associate consecration with mutilation, or imagine that a feeble body is the favorite vehicle of an intelligent mind. I prefer stalwart limbs directed by moralized brains.

New York City.

I am a coward. The other day I had never done and denied it; but when the fellow fellow belittled the charge again I skulked away, too timid to deny it further. Can you imagine how I suffer? Yet I want to be a somebody in this country, and have wandered about the world looking for a chance to make good. I change jobs often. There is no hope in them. I am twenty-six, of German birth and want help.

If you were a coward you would not make a clean breast of your difficulty. It takes genuine courage to confess faults which disgrace manhood. You have that courage, so believe in yourself. Stop thinking you are a nobody and read some sensible books on mental efficiency. The remedy is largely in your own hands.

Again, you are ambitious. But your diffidence creates a gulf between your desire to excel and the full use of your abilities. Subdue that diffidence and give your powers to serve a fair chance. Accept criticism which is just, but when it is unjust, turn on the critic and give him a Roland for his Oliver.

I have met your type, self-conscious to the point of extreme nervousness, often liable to think in German while they have to speak in English, somewhat sentimental, timid, and too anxious to make a good impression. You do

not have to sacrifice your finer sensibilities in toning up the masculine elements of your character. Stick to your task, and waste no time on what others say so long as you satisfy your conscience and a reasonable employer.

The United States is a marvelous country for the bracing mental atmosphere your malady needs. It may not be at neat, natty and precise as Germany. But it leads the nations for a liberating force which makes a man square his shoulders, look out and not in, up and not down, and play the game unhindered by a false feeling of inferiority. So go to it, and by your thirty-sixth birthday you ought to be a German American (with the emphasis on the last word) of whom those who know you can be proud.

Louisville, Ky.

Is it not true that Christian-

ity breeds an abject spirit? Nietzsche charged it with this result.

You are correct to this extent, that Christ's religion is one of absolute servitude. Its best example in Western Christianity is St. Paul, who declared he was "the slave of Christ." The half-hearted translation of Romans 1:1 in the Revised Version uses the word "servant," but the apostle wrote "slave," and meant it.

Beyond that he was neither brazen nor abject. The lion-hearted Jew who recreated the Christendom of Europe and America cannot be accused of cowardice and he did not know the meaning of retreat. He challenged the proud Paganism of his day, and defied the imperial power which beleaguered him in the vain hope of silencing him. What, then, was the connection between St. Paul's slavery and his freedom? It was

the absolute and unconditioned surrender of his life and being to his Lord's complete control. Nothing troubled the Apostle except the fear that he might have reserved something. The kings men reckon precious he called dross, and gladly forsook them for his glorious bondage. It ended him with historic power and "naquence and gave him a pre-eminence to Caesar could obtain.

I know that Nietzsche "saw" about the humanity and submissiveness of Christ's disciples. What of it? He did not tell the other side of the story. These same disciples who heeded their Masters lightest word, and bowed in the dust before Him, placed their feet on the necks of kings, and hurled the great from their seats of tyranny.

What Dante calls the "rotten sin of sadness afflicts too many modern Christians, and the poet could have included the equally "rotten sin of fear." These

recrants forget that the yoke of their Redeemer's service and the cross of His self denial sublimates life as self gratification never can.

OILBELT VS. CITY LEAGUE TODAY

Big Long Slim Boy Tim Grissett with his horde of cohorts, come galloping in from the oil fields this afternoon for a baseball game with the city slickers. Grissett, it will be recalled by those who had the misfortune to attend the pugilistic encounter staged for the customers between the Barbers and Richco, was the lad that hurried for the crowd tusslers. Today's game begins at 4 o'clock, central standard time, and it behooves us to inform holders of passes that they are not worth the paper they are written on today, tomorrow and Saturday. The field team plays on a 90-40 base after expenses have been taken out. If their passes were good there wouldn't be anything but ex-cesses and who wants to split a lunch of expenses 90-40 or any other direction. So Shylock gets his knife out and it costs money to see these frays.

What is the future of the City League? That seems to be the pre-dominating inquiry among the City League followers. A revision is going to be necessary. The board of governors will meet tonight and decide partly what is to be done. Four teams or six. Four seemingly would be better. But the thing started out with six and we hate to lose ground. The Barbers are talking about merging with the Texas and Pacific. Such a merger would provide a strong team, it is true, but what else would it do? It would throw lots of amateur ball players out of a team to play on. There are 32 men on the two teams. Should they combine that would mean 16 would be waived away. The main thing, when this league was started, we believe, was to provide means for baseball players to play ball. Two teams want the place vacated by the withdrawal of the Laundry. It is indeed a problem.

We would much rather go take a nose dive in the nearest swimming pool than hear that argument that is due to arise tonight over the conduct of Richco players at the ball game Monday. Everything is over not. That is, all's over but the putting. The main thing is someone spiked Patton in the head. If it can be determined which player did the spiking he should be honored unceremoniously out of the league for the rest of the year. But it should be definitely, yes verily, definitely decided, the shoe the spike was on, and the foot the shoe was on, and the sole owner and operator of the pedal extremity. If that can be done, then the possessor of the same should be given his walking papers by the City League solons.

Ha, ha! Hey, hey! We see by the printed page that none other than Wendell Bedichek will be in the golf tournament at Abilene during the West Texas Press Association. Ha, and a brace of golf-faws. We can't play golf any better than Hugo the gangling galley gatherer, and would just as soon be on a diet of fried mush and drag our bunions under feet around the course, but we could eliminate the man that resides to our right. This office boasts of some stellar lights. Such golfers as Joe Galbraith, the sup, Bill Yarbo the fellow that makes all the mistakes in the paper, even N. L. Miller, mauler of the linotypes, reside in the rear quarters of this establishment. We could take 'em all, spot 'em four strokes a hole, win all their money and then whip their ears down playing the more gentle game of staid in the mud, joker good for aces, straights and flushes.

Above is seen Tiny Reed, the putty school teacher with the famous tooth hold, who will grapple with Sgt. Watson, the big 500 engine of the Texas & Pacific tomorrow night. Tiny is in training. "Keeping cool," says Mr. Reed in an exclusive-very exclusive-interview, "is half the battle. A cube of ice is

always handy. There is always a possibility of dropping it on the opponent's head or down his throat. A fan, too, is valuable. Might get a chance to stick the handle in opponent's eyelid." Reed and Watson will battle at the Jubilee grounds. They are arch enemies on the mat. One time Reed got his famous toe-to-tooth hold on Watson and like to have amputated his leg. Tiny says that his favorite hold. Nothing like getting a mouthful of opponent's foot and going south with it, said Mr. Reed in the same interview. Both of the lads are heavyweights. Watson has whipped Reed twice, and vice versa or transfer the proper names, once. The battle tomorrow night has been characterized as a "grudge" battle. Just why we wouldn't venture a guess. The winner takes all. The loser gets the praise of his countrymen, and a sore back.

Lefty Briggs, with Big Spring last year when this city beautiful was baking in that wonderful baseball organization known as the West Texas League, has been sold to Detroit of the American League, according to the secretary of the El Paso-Arizona State loop. Briggs goes to Fort Smith, Ark., the property of the Tigers. He brought a thousand smackers cash.

Bruce Nesbitt, who led the City League loop the first half in the swatting game, stands a good chance of repeating this next half. We've moved our shirt out to his cheery household and will trade hits for room rent. Any player owning a restaurant can make a quick trade with us along the same line.

Bobby Jones Back For More Laurels

NEW YORK, July 3 (AP)—Flushed with a stirring welcome celebrating his dual victory abroad, Bobby Jones today turned his face westward seeking new golf worlds to conquer.

The modest lawyer and bank director of Atlanta, stepped off the liner Europa yesterday to be accousted a reception befitting the first American to win both the British amateur and open championships.

Above the din of shrieking strens, popping firecrackers and cheers of thousands, Bobby managed to say that he had no plans for retirement from competitive golf; that he had given no thought to winning all four major championships this year, which include the American open and amateur yet to be played; that he did not leave his bag of famous clubs behind in England; and that luck played a large part in his triumphs at St. Andrews and Hoylake.

In the vanguard of welcome were who met the liner down the bay were about 500 fellow townsmen who journeyed from Atlanta to greet their favorite son and escort him proudly up Broadway in a shower of paper to receive New York's official welcome from Mayor Walker. First to embrace him when he stepped aboard the City Boat Macom were his father and mother.

The celebration ended with a dinner at the Vanderbilt after which Bobby prepared to go to Minneapolis today to play in the national open tournament which begins next Thursday.

Mexican Poloists Invade San Angelo

SAN ANGELO, Tex., July 3 (AP)—Here to represent Mexico in an international polo tournament with an all-star San Angelo team, five Mexican army officers today prepared for the first matches to be played tomorrow, in a series of games extending over a period of two weeks.

Play was planned on the new half million dollar polo field of George A. Henshaw, Jr.

General Joaquin Antano, secretary of war and marines, selected the Mexican team. Personnel of the party which arrived yesterday from San Antonio included General Tesiro Tuyme Quinones, Major and Mrs. M. Campero, Major and Mrs. Tullio Miller, and Colonel T. Kenidy and Captain A. Nava.

CROUCH SET TO START BATTLE

Dickman To Hurl In Fourth of July Fray

Headed by Tip Grissett, flashy hurler of the Oilbelt League, the boys "from the field" will invade Big Spring this afternoon for the first of a three game series with the City League All-Stars.

The battle will start at 4 o'clock. The two All-Star aggregations will clash riday afternoon at 3 o'clock in a feature Fourth of July battle, the final tilt between the two being set for Saturday afternoon at 4 o'clock.

Each of the tilts will be played at Dusky D. diamond, just east of the city on the Bankhead highway.

Sammy Sain's shining lights had a light workout Wednesday afternoon. It has not been decided the exact team which he will send against the invading aggregation in the pener.

All of the hurlers are set for the fray, although Dickinson, the stellar light of Richco's contingent, probably will not be used before tomorrow inasmuch as he shutout the Barbers in the first half championship tilt Monday afternoon.

Crouch, the light haired, electric, refrigerator dispenser, and incidentally the latest crack twirler to join Richco's ranks, is plenty ready for the games. Lefty Potter, the glittering southpaw with the personality plus grin, Simms, the aspiring young man of oden's team, Jess Vick, the veteran with the lazy lool, and please-go-away-and-let-me-sleep Baber, the Texas and Pacific odd hander, are on tap to go against the boys that fill the oil tanks.

Grissett declared this morning he did not know exactly whom he would use against the city slickers in the initial contest.

Sain declared crouch will probably receive the call today and start peddling his wares against the Oilbelt contingent.

DEFER BOARD MEET

On account of the Oil Jubilee the Board of Governors of the City League will not meet tonight, it was announced today by George Gentry, president.

The meeting of the board will be held Monday night at 8 o'clock at the Herald office.

"There is so much to come before the board at this meeting, I feel the limited time we would have would not do justice to the things to be decided," Gentry said.

An effort will be made to get Cosden and Richco to play Sunday afternoon at the opening of the second half. No game will be played Monday and Monday night the second half schedule will be decided upon, play to be resumed Tuesday.

RUBBERY JOHNNY RISKO DEFEATED BY GRIFFITH

CHICAGO, July 3 (AP)—Gerald Ambrose Griffith, the aspiring heavyweight hope from Sioux City, Iowa, has changed his ring moniker from "Fluffy" back to "Tuffy."

Fighting for the position he once held as a heavyweight of championship caliber, Griffith silenced his chiding critics at the Chicago Stadium last night by giving Rubbery Johnny Risko, the big cake baker from Cleveland, a sound thrashing in 10 rounds. It was his third victory over the notorious despoiler of championship hopes and by far his most impressive.

Casting aside his usual care, Griffith carried the fight to Risko from start to finish, winning nine rounds decisively. He outslugged and outboxed his rugged rival and cracked him almost at will with his shower of lefts, rights and hooks. Risko, veteran of many a tough battle against even tougher fighters than "Tuffy," stood upright through it all, however, and never was in distress.

From a financial standpoint, the match was far from a success. Less than 10,000 watched it and the receipts only totaled approximately \$30,000.

Austin Players In Net Tourney

CHICAGO, July 3 (AP)—Tennis as played in Sunny Texas, particularly in Austin, dominated the tussle for the western men's single championships today on the hard courts at River Forest.

As the title fight entered the quarter-final bracket, three Austin stars were very much in the running and going strong. They were Karl Kamrath and Joe Bill Bralley, junior stars, and Bruce Barnes, one of the sturdiest players in the west. None of them had much difficulty reaching the round.

SPUDDERS ROPPING ORBIT

BY GAYLE TALBOT JR., Associated Press Sports Writer

There have been all sorts of theories advanced in an effort to explain the phenomenal success of the 1930 Wichita Falls Spudders, most of them fairly sound, but the best one seems to lie in the fact that Carl Williams' young men can bust the baseball a mile when they need to most.

The record is not at hand, but it is safe to say that the first half champs have won a score of games this season by the simple expedient of knocking a sphere or two out of the lot in the closing innings. Not a player in the Spud lineup is listed among the league's first ten batters, but every man-jack of them is dangerous, capable of hitting for assistance in the clinches.

A pair of circ-at smashes in the last two frames provided the north-countrymen with a 4 to 3 victory over Dallas in a overtime tussle yesterday, squaring their series. The Steers apparently had the lead sewed up in the ninth, 3 to 2, but Jack Eubury, Spud catcher, smashed one over the pallis to stot the score, and Jack Kioz duplicated his feat after two were out in the tenth to wind up the melee.

It was a tough loss for Walt Tauscher, who had given up only seven scattered knocks until Bradbury rang the bell in the ninth. The Spuds scored their first two off him in the fourth after Gene Moore had lost a fly ball in the sun. Milt Steengrafe hurried steadily for the winners after the first inning, when the Steers scored twice.

Some bossy pitching by Jimmy Walkup, the league's premier curve ball artist, and the vicious slugging of his mates enabled the Beaumont Exporters to wallop San Antonio, 9 to 1, and break a five-game losing streak. Hamilton's homer in the first frame was the only run off Walkup, who whiffed five Indians. Mullen, Shiver and Eastering, hit circuit blows for Beaumont in the third, sending Old Tom Estell to the showers.

Falling on Dick McCabe and his successor, Lil Stoner, for seven runs in the eighth, the Sports came from behind to make it two straight over Fort Worth, 8 to 3. Stoner gave the season's prize exhibition of pinch-hitting after relieving McCabe. He tossed to six batters, and the result was five hits, one walk and four runs. Egan finally went in to put out the fire.

Bill Morrell held the Cats to eight hits and a pair of runs until he went out for a pinch hitter in the big eighth, but, through one of those daisy twists of the scoring rules, was not credited with the victory. The honor went to Moulton.

SENATORS DEFEAT BROWNS

Eastern Clubs Have Copped 46 Out of 65 Tilts

By HUGH S. FULLERTON, JR., Associated Press Sports Writer

Of 65 games played in their recent home stand, the eastern clubs of the American League won 46, leaving only 19 victories for the western clubs.

Washington put the big spurt into the finish of the inter-sectional play yesterday, moving into second place in the standing and bringing its total of victories for the home stand to 12 against three defeats by winning both games of a double header from the St. Louis Browns, 5 to 4 and 3 to 3. The first contest went 12 innings.

The double victory gave the Senators a game's advantage over their rivals, the Athletics and the Yankees, both of whom divided double bills. They now are a full game ahead of New York and only 1-1-2 games behind Philadelphia.

The Athletics five games' winning streak was broken when Detroit beat the champions, 4 to 3, behind the fine pitching of Earl Whitehill in the first game, but they returned to slam Waite Hoyt for a 7 to 2 triumph in the second.

An injury to Babe Ruth and the slugging feats of C. Reynolds shared the interest as the Yankees won the first game from Chicago, 5 to 1, as the Babe hit his 31st homer of the season, then took a 15 to 4 drubbing in the second. Reynolds equalled two records by hitting three home runs in successive times at bat and by driving in eight runs. Ruth made a great attempt to catch the second homer and only succeeded in entangling his hand in the wire guarding the beachers and injuring it painfully. One fingernail was completely torn off and the damage may keep the Babe out of the coming series with the Athletics.

Boston put on a fine late rally to take a single game from the saddy slipping Cleveland Indians, 5 to 4.

The National League pennant race became more complicated than ever as the New York Giants and Brooklyn Robins gave a great display of civic spirit before starting their own private fray. The Giants defeated the Chicago Cubs, 9 to 8, by putting on the batting rally in the ninth inning, while the Robins pulled out a 6 to 5 decision

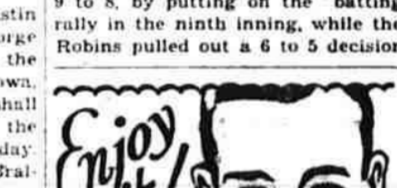

Atlanta Shortstop Raps Out Victory

ATLANTA, Ga., July 3 (AP)—Luke Appling, young Atlanta shortstop who has made a name for himself in the short time he has been out of college, won the game for the Crackers yesterday. He tripped in the ninth and tied the score with Mobile 2 and 2. Another run in the seventh gave Atlanta the sixth straight victory over the Bears, 3 to 2.

The win put the Crackers within a few percentage points of the third position in the Southern Association as Birmingham lost to New Orleans 9 to 1. Paul Andrews, making his debut for the Barons, was routed as his teammates made four errors. The Pels scored 5 runs in the third while Blakesley hit for the credit.

When Other Stores Have Closed

LONG after other stores have closed their doors for the night or the holiday, you often call at your Neighborhood Drug Store for some article of which you are in need.

know your druggist better... he's your doctor's right-hand man

You would miss the Neighborhood Drug Store more than you realize if some day you found its doors closed, some night its friendly lights out—and particularly in some emergency if you had to travel a long distance to have your prescription filled.

To ward off such a possibility you must give your Neighborhood Druggist more than transient support. He cannot except in rare instances maintain his pharmacy on professional services alone. He must sell merchandise, too—of standard make and reasonably priced to give him a fair profit. If you keep him in mind for your every-day needs, you'll find him when you most need his professional services.
