New British-IRA Strife Looms

McGovern Says Three Rivals Unqualified For Presidency

By Associated Press
Democratic presidential hopeful Sen. George S. McGovern of South Dakota said Saturday three of his rivals—Sens. Edmund S. Muskie, Henry M. Jackson and Hubert H. Humphrey—are unqualified for the presidency because they "are all in one way or another architects of our Vietnam war policy."

19 Persons Subpoenaed In House Speaker Trial

ABILENE, Tex. (AP)—Nineteen persons have been subpoenaed by the prosecution in the trial of Texas House Speaker Gus Mutscher.

Mutscher, state Rep. Tommy Shannon of Fort Worth and Mutscher's aide, Rush McGinty face trials on conspiracy charges growing out of the Texas stock fraud scandal.

U.S. House Unit Will Draft End-Dock-Strike Legislation

WASHINGTON (AP)—A House Labor subcommittee is drafting legislation that would end the 120-day West Coast dock strike but still hopes a last-minute settlement will make it unnecessary.

Such optimistic reports have been heard frequently on Capitol Hill in recent days, however, and Thompson and his subcommittee, although hoping this one is true, can't afford to wait and see.

N.M. Relaxes Its Punishment For Pot Holder

SANTA FE, N.M. (AP)—The New Mexico Senate voted 22-15 Saturday to relax the penalty for possession of less than an ounce of marijuana, the equivalent of about 20 cigarettes, to a fine of \$25-\$50 with no jail sentence.

Two proposed amendments challenging the new penalty section in a comprehensive Drug Control Code were defeated also. The code was then passed 31-6 and sent to the House.

They pointed out that the penalty for selling marijuana or giving it to a minor under 18 is a third-degree felony in the bill, which carries a 2-10-year prison sentence.

the Nixon administration's sharp response this week to Muskie's criticism of Nixon's Vietnam peace plans was an "overkill" that pushed the Maine senator further toward the Democratic presidential nomination.

McGovern told the Illinois Farmers Union in Springfield that "there are several candidates, such as Sens. Muskie, Humphrey and Jackson, who should be disqualified from

formerly of the Austin Statesman.

Those four and 17 Abilene area newsmen are to appear at a pre-trial hearing Thursday, bringing all the articles they have written or broadcast in the case.

Mutscher, McGinty and Shannon were told to bring certain records concerning National Bankers Life stock, the Sharpstown State Bank and Ling & Co., a Dallas stock brokerage firm, to the Feb. 28 trial.

Joseph Novotny president of National Bankers life in 1969 was subpoenaed but does not have to produce any records and F. C. Schulte, of Brenham, another Mutscher aide, was ordered to bring certain records concerning Sharpstown Bank and NBL stock.

Left unsettled, however, was just what would go to arbitration, and it was on this point that the resumed negotiations in San Francisco centered. A congressman with a private pipeline to the negotiations said he thought there was a good chance of an agreement by Monday afternoon.

Such optimistic reports have been heard frequently on Capitol Hill in recent days, however, and Thompson and his subcommittee, although hoping this one is true, can't afford to wait and see.

They are being prodded by an insistent President Nixon and a strong conservative coalition in the House to bring out a bill that will end the strike. If there is none by Tuesday morning, an administration bill that would impose compulsory arbitration to end the strike will probably be sent to the House floor by the Rules Committee.

Evidence that the Nixon administration is less optimistic than some Congress members over the prospects for a voluntary settlement came Saturday in a statement from Secretary of Labor J. D. Hodgson.

He pointed to congressional hearings Friday at which he said "The parties couldn't even agree on what issues were unsettled."

Hodgson went on: "The problem is not to be found in issues. The problem is willingness to reach an agreement. That willingness has just not been there."

—The Florida White House accused longshoreman union leader Harry Bridges on Saturday of making "veiled threats to the nation" which impede chances of settling the 120-day West Coast dock strike.

serious consideration for the presidency.

"These men in one way or another were all architects of the war policy of the United States," he said. "Now they are trying some way to place some political distance between themselves and President Nixon."

McGovern's was the strongest criticism yet of Muskie from within the Democratic party. Jackson, of Washington, had said Thursday he wished Muskie had not issued his criticism of Nixon's peace proposals.

Mansfield said Saturday that Muskie "is getting a buildup" as a result of a barrage of Nixon administration criticism and Vietnam has been moved to the forefront of the political stage.

Minnesota's Sen. Humphrey, campaigning in Philadelphia, said, "I'm not standing in judgment of Sen. Muskie."

Muskie said Friday night that he would continue to talk about Vietnam "until someone in power proposes a peace plan that could succeed instead of repeating past plans that have failed."

In other political developments:

WALLACE: Massachusetts Secretary of State John F. X. Davoren said that Alabama Gov. George C. Wallace plans to run in the Massachusetts presidential primary April 25 as a Democrat.

JACKSON: Jackson told the Twin Lakes, Wis., Winter Carnival that police anticrime efforts should be concentrated more on violent crime and less on victimless crime Jackson said, if elected president, he would ask Congress for more money to strengthen the Safe Streets Act.

CHISHOLM: Rep. Shirley Chisholm, D-N.Y., told newsmen in Atlanta, Ga., that she will come in second or third in the California Democratic presidential primary June 6 on the basis of votes by women, students, blacks and Chicanos.

"I won't be the winner," she said. "But the important thing is the showing I would make."

Planes And Ships Continue Search For Missing Boat

GALVESTON, Tex. (AP)—A Coast Guard cutter searching in the Gulf of Mexico for a missing tanker with 39 men aboard found a life preserver Saturday that came from the missing vessel.

At least seven Coast Guard aircraft and three cutters were searching for the missing tanker, V. A. Fogg, when the preserver was found.

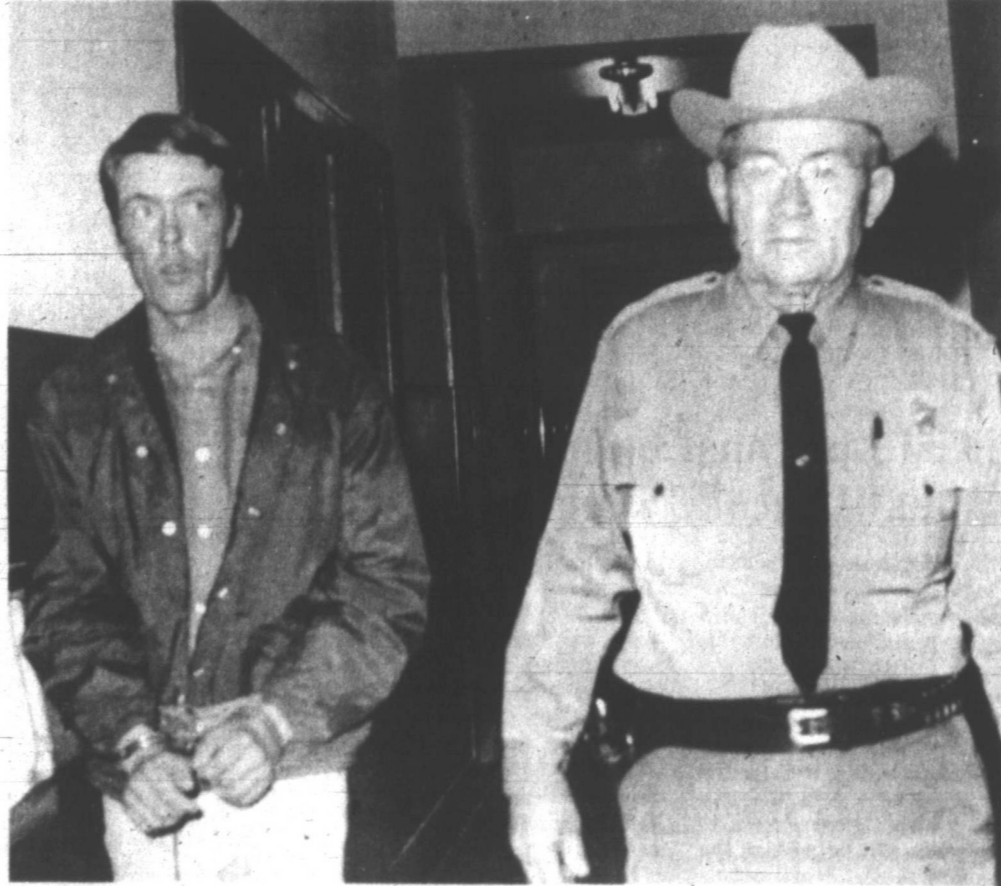

The life ring, with the name "V.A. Fogg" painted on it, was picked up just before noon about 50 miles off the Galveston coast.

Earlier Saturday, the search party discovered a wooden door that was described as being of the same construction as that used on the bridge of the Fogg.

However, the life ring was the only piece that could definitely be linked to the pumps.

The Fogg, owned by Texas City Tanker Corp., put out Tuesday from Freeport for a short voyage to Galveston.

The Coast Guard said the preserver and door were found in the same general area where fire and smoke had been reported by a pilot Tuesday night.

ASSAULT SUSPECT—Gray County Deputy D.L. Day escorts Thomas Puryear through a courthouse corridor to bring him before Judge Nat Lunsford. Puryear was arrested in Amarillo and held until an Oklahoma woman identified him as the man who criminally assaulted her in the early hours of Thursday morning.

(Staff Photo)

Area Man Indicted Here On Charge Of Assault

In less than 24 hours after his alleged act, Thomas Edwin Puryear, 31, Briscoe was indicted by a grand jury on a charge of criminal assault.

The nightmare began to unfold for his victim shortly after midnight Friday morning some 15 miles east of Pampa on U.S. Highway 60. She had travelled that far after picking up a relative at the Amarillo airport. The car she was driving was forced from the road and down an embankment.

A man pulled her from the

car and forced her into the truck leaving her two small children, one injured in the incident, the woman relative under heavy sedation due to illness.

According to her testimony, she was taken to a lonely road and raped three times. Her assailant released her about 5 a.m. at a Pampa service station and she called local officers.

She was taken to the hospital where sexual assault was verified and an all-points bulletin issued. A pickup answering the description was

spotted by an Amarillo policeman. The woman was taken to Amarillo where she identified the suspect as her attacker.

Immediately upon her identification District Attorney Guy Hardin filed rape charges against the suspect and Gray County Sheriff Rufe Jordan marshalled forces that assembled a special grand jury that indicted him.

Judge Nat Lunsford denied bond and Puryear was lodged in Gray County jail.

City Told Auditorium Will Be On Schedule

City officials received assurance during the weekend that work on Pampa's M.D. Brown Memorial auditorium will be completed in time to hold dedication ceremonies April 23 as originally scheduled.

There was some concern last week that the contractor had fallen behind schedule on the ceiling work.

Installation of the auditorium seats, according to contract, would not start until the building is completed.

The seating contractor would have 30 days for the installation which could run beyond the April 23 date set for the dedication.

However, Herbert Brasher, the Lubbock architect for the auditorium, was in town Friday and told Mayor Milo Carlson and city Manager Mack Wofford he had reviewed the balance of work to be done and was of the opinion there would be no difficulty in finishing the job on time.

The seat installation, last job to be done, is scheduled to start the first week in March. This would mean, Brasher said, that the turnkey job should be ready early in April.

"We all feel better about it," the city manager said, "and plans now will proceed with the April 23 dedication date definitely set."

B52s Deliver Cluster Bomb Units In Viet

SAIGON (AP)—U.S. B52 bombers operating in Indochina are now delivering cluster bomb units, one of the most deadly aerial weapons, in addition to conventional bombs, informed sources reported Saturday.

Some U.S. officials in Washington have maintained that bomb tonnage carried by the eight-jet Stratofortresses has been reduced but they have never acknowledged the reason.

Sources said B52s now are carrying an average of 24 to 25 tons of bombs each, instead of 30, but that the reason is "they are carrying less iron bombs."

The cluster bomb units—CBUs have been used for years by tactical fighter-bombers, and thousands of them have been dropped over North Vietnam. But sources said B52s until a few months ago had carried only conventional 500 and 750-pound iron bombs.

The CBUs are small bombs, some equipped with delayed fuses, that have a wide radius of effectiveness against troops and trucks.

"The radius effectiveness is greater than an iron bomb," said one officer. "With an iron bomb, you've almost got to drop it on top of trucks or troops, or it will just leave a big hole in the ground."

Wife Of Author Irving Is Facing Extradition

ZURICH, Switzerland (AP)—The prosecutor's office announced Saturday night it wants Mrs. Clifford Irving extradited from the United States in connection with the Howard Hughes auto biography mystery.

Zurich Dist. Atty. Peter Veleff said Interpol, the international police network, had relayed an international warrant for her to U.S. authorities. She has been charged with suspicion of fraud and forgery.

Mrs. Irving, the American author's Swiss-born wife, is with Irving in New York. Legal authorities there also are investigating what happened to the \$650,000 McGraw-Hill, Inc., paid to Irving for relay to billionaire Howard Hughes in payment for a purported autobiography. Irving could

not be reached for comment.

Veleff said Swiss authorities cannot demand Irving's extradition because he is a U.S. citizen on U.S. soil. But the district attorney added that they will try to get him arrested if he enters another country.

The News said informed sources also disclosed that while federal prosecutors met for 90 minutes Friday night with Irving and two attorneys, they unveiled "hundreds" of sworn depositions "casting doubt on Irving's account" of the Hughes autobiography.

The sources said the papers included a full list of phone calls involving Irving and depositions from employees and other persons in hotels, motels and other places where Irving insisted he stayed while interviewing Hughes, the News said.

Leap For Savings In Pampa Dollar Day Monday

OBITUARIES

AMON W. BRANSON
Amon Wilford Branson, 58, died Feb. 1, in Glendora, Calif. He was born May 28, 1913, in Salt Lake City, Utah. Before moving to California in 1968, he had been a resident of Pampa for 9 years. He was a member of the St. Paul Methodist Church of Pampa for 9 years and a member of the H.A. McFarland Lodge No. 1338, F.&A.M., Odessa.

He is survived by his wife, Ila M. Branson of Azusa, Calif.; three sons, David Lee Branson and Marvin W. Branson, both of Azusa, Calif., and George R. Branson of Van Buren, Ark.; one daughter, Katherine Branson of Elgin, Ill.; two grandchildren.

Funeral services were held Feb. 4, Oakdale Memorial Chapel, Glendora, Calif. Rev. Mark Hinman and the Azusa Masonic Lodge No. 305, F.&A.M. officiated. Interment followed in the Masonic Section of Oakdale Memorial Park. Oakdale Mortuary was in charge of arrangements.

EDWIN EARL ASBURY
Funeral services are slated for 10 a.m. Tuesday in Carmichael-Whitley Colonial Chapel for Edwin Earl Asbury, 56, 1109 Crane Road, who died at 12:48 p.m. Friday of an apparent heart attack, while in a local medical clinic.

Rev. Keith Hart of the Chisholm Heights Baptist Church of Mustang, Okla., will officiate. Graveside services will be held at 2:30 p.m. Tuesday in the Riverside Cemetery, Mangum, Okla.

Born Jan. 1, 1916, in Mangum, Okla., he had lived in Pampa and Borger at various times before moving to Pampa from Borger in 1964. He was manager of the Motor Inn parts department in Sunray.

He was married to Gladys McBrayer at Sayre, Okla., April 1, 1939. He was a member of the Calvary Baptist Church of Borger.

Survivors include his wife, Gladys, of Pampa; one daughter, Mrs. Dequita Rowan of Canyon; one son, Mike Asbury of El Reno, Okla.; his mother, Mrs. Bessie Asbury of Mangum, Okla.; one sister, Mrs. Paul Schertzer of Chula Vista, Calif.; and two grandchildren.

LILLIE McMAHAN
Funeral services will be held at 2:30 p.m. Monday in Oklahoma City, Okla., for Mrs. Lillie L. McMahan, 90, of that city. She was preceded in death by her husband, Charles, in 1956.

Her surviving children are three daughters, Mrs. Millard Cox of Pampa, Mrs. Don Kirchner of Stockton, Kans., and Mrs. Lawrence Melton of Toledo, Ore.; two sons, Morris B. McMahan of Tulsa, Okla., and Travis D. McMahan of Seminole, Okla.; 12 grandchildren and 20 great-grandchildren.

WILLARD ERWIN
Funeral services will be held at 2:30 p.m. today in the First Baptist Church of Wheeler for Willard Leon Erwin, 64, of Wheeler, who died Thursday night after an apparent heart attack. Burial will be in the Dempsey, Okla., cemetery.

January Traffic Accidents Up Over Same Period In 1971
January's box score for motor vehicle accidents at Pampa and surrounding area is up over the same period last year by 20 moving accidents.

Non-fatal injuries are up by four holding the percentage ratio with the crash increase. There were 59 accidents during January, 1972 against 39 last year with a total of 10 injuries compared to six last year. Off the road accidents totalled 17 bringing the box score to 76 through Jan. 31.

The greatest percentage of gain was in an area where authorities feel accidents should be almost nil: parked vehicles. There were 13 such accidents which is a gain of some 130 per cent over the same period last year. This count came as little surprise to officials who have noted the

hit-and-run vehicles to parked cars mounting.

The 25-34 age group of drivers accounted for the highest number of accidents: 24.

Moving to Wheeler from McLean, he had been a Wheeler resident for 32 years. He was a used car dealer and served as county commissioner from 1961 until 1967.

He is survived by his wife, Madge; three sons, Bill Erwin of Murfreesboro, Tenn., Jim Erwin of Elk City, Okla., and Dwight Erwin of Wheeler; his mother, Mrs. Maye Erwin of Cheyenne, Okla.; three brothers, Willis Erwin of Clinton, Okla., Cecil Erwin of Sayre, Okla., and Amos Erwin of Amarillo; two sisters, Mrs. A.B. Parman of Reydon, Okla., and Mrs. W.L. Martin of Grimes, Okla.; and seven grandchildren.

C.C. DODD
Funeral services will be held at 2 p.m. Tuesday in the First United Methodist Church for C.C. Dodd, who died Thursday in the home of his daughter in Burbank, Calif.

Rev. Lloyd Hamilton, church pastor, will officiate and burial will be in Fairview Cemetery, under the direction of Carmichael-Whitley Funeral Directors. Born June 13, 1891, in Mentor, Kans., he moved to Pampa in 1910. He worked for the City of Pampa for 15 years and was in the produce and hatchery business for many years.

He was a member of the First United Methodist Church of Pampa and of the Woodmen of the World.

Survivors include one daughter, Mrs. Dorothy Brown of Burbank, Calif.; three grandsons and nine great-grandsons.

ESSIE L. JOHNSON
Funeral services are slated for 10 a.m. Monday in the Kix Funeral Home Chapel, Lubbock, for Essie L. Johnson, 80, of Lubbock, who died at 6:55 p.m. Friday. Burial will be in Lubbock.

A long-time resident of Lubbock, she was preceded in death by her husband, Lee Roy Johnson, Nov. 4, 1969.

She is survived by three daughters, Mrs. D.C. Eby, of Olton, Mrs. Nadyne Hendrix of Dallas, Mrs. Roylene Hall of Lubbock; three sons, Herman Johnson of Plainview, W.C. Johnson of Lubbock and Lonnie Johnson of Pampa; 13 grandchildren and 17 great-grandchildren.

WILLIAM BATEN
Funeral services are scheduled for 3:30 p.m. today in the Bethany Baptist Church, Breckenridge, for William P. Baten, 84, who died at 12:04 p.m. Friday in the Stephens Memorial Hospital, Breckenridge.

Rev. Bruce Corley will officiate, and burial will be in Post Oak Cemetery, Breckenridge.

Born in Falls County, he farmed and operated a grocery store in Brice, Hall County, before retiring in 1962. He had resided in Breckenridge since 1963.

Survivors include his wife, Nora; two sons, J.C. Baten of Fresno, Calif., and Texas Ranger Bill Baten of Pampa; two brothers, Winborn Baten of White Deer and Joe Baten of Claremont; seven grandchildren and 11 great-grandchildren.

Dowdy's Wife To Seek Seat In U.S. House

WASHINGTON (AP) — Mrs. John Dowdy, wife of the Texas congressman who was convicted of accepting a \$25,000 bribe, plans to seek election as his successor in the House. Dowdy's office said today.

Dowdy, a Democrat, has announced his retirement from Congress at the end of this session. He faces a maximum penalty of 40 years in jail for his bribery conviction but is free awaiting court action on his motion for a new trial.

A hearing on his motion for a new trial has been set for Wednesday in Baltimore.

Mrs. Dowdy said she is running at the insistence of a number of Dowdy's constituents and said "I thought I ought to give the people a choice."

WIN HONORS—Members of Pampa's DECA won honors in the Area 6 contest Saturday in Amarillo, plus the title of outstanding chapter. Shown are, left to right, Shermette Stephens, first place, display; Danny McCaskill, student of the year, boy, and 2nd runnerup, sales demonstration; Joe Zuerker, second runnerup, job interview; Glenna Huggins, first place, job interview, alternate for girl student of year; Chip Taylor, first place, sales demonstration. Not shown is Terry Braddock, first place, public speaking. (Staff Photo)

Local Episcopal Church To Hold Annual Pancake Supper Tuesday

St. Matthew's Episcopal Church will hold its 17th annual pancake supper from 5 until 8 p.m. Tuesday, Feb. 15, in the Parish House, 727 W. Browning.

General Chairman Ab Conway stated that tickets have been selling well for the event, always held the day before Lent begins.

Tickets will be sold at the door, for \$1.20 each, or may be purchased at the church office. Pre-school children will be admitted free if accompanied by an adult.

Decorations, to follow a Mardi Gras theme, will be under the direction of Mrs. Jack Reeve, assisted by Mrs. Susie Wilkerson, and the junior and senior youth groups of the church.

Highlight of the event will be the crowning of the pancake supper king and queen, with the honors going to the boy and girl who sell the most tickets.

Other committee chairmen include Jack Curtis, assisted by Al Bassett, publicity; Mrs. Ruth Ann Giggy, assisted by Mrs. Kathy Cotter, ticket sales; Jim Gilman, assisted by Bill Arrington, procurement; Ken Giggy, assisted by Jack Reeve, equipment; Mrs. June Alexander, assisted by Mrs. Margaret Parks, hostess; Bob and Billie Klingler, crown; Louis Jones, assisted by Ted Alexander, bacon fryers; Billy Davis, assisted by Jim Raley, table and chair arrangement; Mrs. Pat McCarroll, assisted by Nancy Whitten, table setting; Bill Ellis, assisted by Bill Tuke, coffee; Mrs. Lena Jean Morgan, assisted by Mrs. F. E. Webb, butter and syrup.

And Mrs. Nina Richmond, assisted by Mrs. Minnie Fry, pancake batter; George McCarroll and Jack Nichols, pancake flippers; Mrs. Sonya Hinton, assisted by Mrs. Edna Gilman, servers; Judy and Bill Frazer, assisted by Bill and A. Taylor, busboys and girls; Paul Hinton, assisted by Mike Holgren, dishwashers; and Jerry Whitten, assisted by Ernie Wilkerson, cleanup.

Gray County Singing will meet 24 p.m. Feb. 6 at the Hobart Baptist Church, 1100 W. Crawford St.

Keim To Head Gray County Seal Appeal

Paul Keim will head the 1972 Easter Seal Appeal in Gray County, it was announced Saturday by Rodney D. Hargrave, Dallas, President of the Easter Seal Society for Crippled Children and Adults of Texas.

Residents of Gray County will receive the annual Easter Seal Appeal letters in the mail beginning Feb. 28. The Easter Seal Appeal, conducted yearly to provide disabled persons and their families treatment and services, will continue through Easter Sunday, April 2.

Keim is one of 223 men and women throughout Texas who are serving in this capacity. The cost of the statewide Easter Seal program is over one million dollars, financed mainly by the Easter Seal Appeal. Almost 90 percent of all funds raised by the Easter Seal Appeal remain in Texas to support the growing needs of the disabled in the state.

Special emphasis is being given in the 1972 Easter Seal Appeal to the disabled citizen or his family in Gray County who may need assistance and not know where to obtain it. Any disabled person can contact Keim at the First National Bank in Pampa. A determination of the extent and type of assistance needed and the most efficient means of obtaining that assistance will be made. Arrangements for needed treatment or service will be made by the Easter Seal Society.

"I wish to thank all the people of Gray County for their support and kindness while representing their interests in Gray County schools and I would like to continue serving as county superintendent," Mrs. Anderson said. "Not only do I feel qualified for this position but most important, I promise to devote all my time to the office in appreciation for your vote and consideration."

Marsh Talks About '1930s' At Local Club

"Highlights of the 1930s" was the subject discussed by High School Principal Cameron Marsh at Friday's meeting of the Pampa Kiwanis Club.

Marsh took his listeners all the way from the 1929 stock market crash through the 1932 Lindbergh kidnaping, FDR's inauguration in '33 and the John Dillinger gangster of 1934.

He told of the Dec. 11, 1934 abdication of King Edward of England for the love of commoner Wallis Warfield and the triumph of Jesse Owens in the Olympics of that year.

Nineteen-Thirty-Eight, he said, was the era of the big dance bands. A 1939 highlight was the visit here of the King and Queen of England.

The decade ended with the beginning of World War II on Sept. 3, 1939, he recalled.

The day's program was in charge of Dick Stowers who introduced Marsh and the nostalgic trip back into history 40 years ago.

He has also found time to have an active part in the Masonic Lodge and the Optimist Club.

GOSPEL CONCERT—Lily Fern and Earl Weatherford, Debbie McQueen and Gayle Tackett singing as the Weatherfords, will appear at 7:30 p.m. Wednesday at Fellowship Baptist Church, Francis at Warren St. These television and recording stars are prominent in the gospel music field. The group considers singing a ministry instead of an occupation according to the Rev. Earl Maddux, pastor of the host church.

City Solons To Hold Hearing Tuesday On Land Annexation

A public hearing on the question of annexing three tracts of land and final reading of an ordinance boosting water rates will highlight Tuesday's regular semi-monthly meeting of the Pampa City Commission.

The three tracts up for annexation include Blocks 1-6 in the Meadow Lark Hills Addition, Block 2 and the west half of Block 4 in the Mesilla Park Addition, and part of the NW 1/4 Section 115 and the SE 1/4 Section 116, Block 3, I&GN RR Co. Survey.

The water rate ordinance up for final reading would boost city water rates approximately 10 to 12 per cent.

Commissioners at their Tuesday meeting will receive bids for the purchase of paint and materials for water tank renovation and construction of parking lot for the M. K. Brown Memorial Auditorium.

Authorization also will be sought to advertise for bids on the purchase of chemicals for water treatment.

Other business to be considered will include: Recommendations of the city staff in regard to awarding bids for disaster warning equipment and vehicle tires and tubes.

Youth Charged With Holding Marijuana

Pampa Assistant Police Chief George Wallace and Patrolman Bryan Stafford served search warrants on two drug suspects at a local eating place Friday that earned David Michael Whitley, 19, a charge of possession of marijuana.

Whitley was charged and taken before Judge E. L. Anderson who fixed bond at \$5,000. The other suspect was released for lack of evidence.

Life Underwriters To Hold Meeting

The Top O' Texas Association of Life Underwriters will have their regular monthly meeting at Dyer's Bar-B-Que Monday noon. Guest speaker will be Frank F. Fata, CLU, representative of the Equitable Life Assurance Society of the United States.

He is well known in the insurance industry here and throughout the state. He started his insurance career as an agent with the Equitable in Pampa in 1947. While in Pampa he served as president of the Top O' Texas Association of Life Underwriters.

He moved to Amarillo in 1957 to become district manager for the Equitable and was active in community affairs. He also served as president of the Amarillo Life Underwriters Association.

FERRANTE & TEICHER--One of the outstanding attractions of the Pampa Concert Association's 1971-72 season is scheduled for Tuesday night in the Pampa Junior High auditorium. Ferrante & Teicher, the internationally-known piano team, will bring to Pampa a suave and sophisticated show that will provide an exciting evening of music and entertainment for concert-goers of all ages. Curtain time will be 8 p.m.

Feb. Seen As Crucial Month In Forecasting Gas, Oil Drilling

HOUSTON (AP) -- February is expected to become a crucial month in forecasting 1972 oil and gas drilling operations. Except for the curtailed operations during World War II years, U.S. drilling activity dropped in 1971 to its lowest level since 1935. But January statistics offer hope for brighter 1972 prospects. Rotary drilling rig activity normally declines early in the year after peaking in December but early 1972 reports have been in sharp contrast with the comparable 1971 period. During the five weeks ending Jan. 31, the number of working rotary rigs dropped from 1,184 to 1,106, a decline of only 76. During the comparable 1971 period, the drop was from 1,168 to 886, a decline of 282 rigs. "If February retains a good portion of the January gain, prospects for more rig activity during 1972 will be enhanced materially," says Warren L. Baker, executive vice president of the International Association of Drilling Contractors. Baker said January's smaller than normal decrease brightens prospects but that a February slump to rig levels nearer in line with 1971 would be discouraging. The improved current rotary rig level, however, does provide 1972 with a considerable margin to remain above yearago activity," he said. Domestic rotary rig activity last year fell from a January average of 973 to only 861 in February and then dipped to a modern low of only 830 active rigs during March. "It would be most helpful if

Texas School Districts Get Census Data

AUSTIN TEX. (AP)--U.S. Census Bureau counts of Texas people and the places they live, broken into data needed by public school planners, are being sent to local school districts for the first time this year.

Texas is the first state to adapt figures taken directly from 1970 national census summary tapes to the needs of individual school districts, according to Jerry Barton, Texas Education Agency director of management information research.

"In most cases, school district and census tract boundary lines are not parallel, so all the Census Bureau counts have to be adjusted to give school planners the detailed information they need," Barton points out.

Harris County is the single exception. Here, the school district and census tract boundary lines coincide.

A 10-member advisory committee, including school superintendents from different sections of the state, worked with the Texas Education Agency to determine the kinds of data which would help the local schools the most.

The U.S. Census Bureau releases its data in a series of six major counts, three of which are being adapted for school districts by the Texas Education Agency's management information center.

Data keyed to the number of black and white children and adults in all age groups and to housing information have already been released to the local schools. The housing summaries include types of buildings occupied by different population groups, including the number of persons per room and whether residents own or rent.

Further breakdowns of census information which will give school districts a block-by-block look at residents in their area will be mailed in February. Additional population data, listing Mexican-Americans as a separate ethnic group for the first time, will be sent to the school districts before the end of the current academic year.

ROME (AP) -- About 33 million foreigners visited Italy in 1971, the government announced.

DR. RON MEREDITH

Dr. Meredith Will Address K And F Club

Dr. Ron Meredith whose home is on the range-in-Kansas and who has been a counselor to thousands of persons via radio, a TV show which he conducted out of a Wichita station, and on the podium in hundreds of cities, will be guest speaker at the Knife & Fork club dinner meeting Thursday evening, Feb. 10, at the Coronado Inn.

The now Kansas rancher hasn't always lived on the range although he started life in the rural areas of Iowa. In between times he has gone to college where he earned two academic degrees, and became so highly thought of that another University awarded him an honorary degree of Doctor of Humanities.

His subject here will be "How to Avoid the Psychiatrist."

All past presidents of Knife & Fork will receive special plaques at the meeting denoting their year of service as president.

First Couple Receives Sports Stars At White House

WASHINGTON (AP)--The nation's No. 1 sports fan chatted with his heroes Thursday night after praising them for educating the public on the evils of narcotics.

President and Mrs. Nixon shook hands with college and professional sports stars who were invited to the White

House for a briefing on the administration's program to stop the growing drug problem. Most of the football, baseball and basketball players have made commercials urging young people to "get high" on sports, not drugs.

"As a sports fan, I admire

what you have done" on the playing field and court, Nixon said. "As an American, we want to thank people who can reach young people. You can because they admire you, they respect you, they want to be like you."

Mrs. Nixon showed her sports background when she

confided in Walter Kennedy, commissioner of the National Basketball Association, that she played center on a girl's basketball team.

Several times he told players they deserved raises after having successful seasons last year.

And now a word about H&R Block's competition.

Because we think our competition represents more of a threat to you than it does to us, we're going to help you sort them out.

Your Family

The greatest people in the world. Most of the time. Unfortunately, most of the time doesn't include income tax time. Because the last thing you need when you're doing your taxes is an aunt who took an accounting course just before she dropped out of college. Or a father who thinks how much money you make and what you do with it is something the rest of the family should know about.

Your Neighbors

You know the type. The mild-mannered shoe salesman next door who suddenly turns into a mathematical genius just about the time income tax is due. He knows all the angles. Some of which even the Internal Revenue Service doesn't know about yet. And he's willing to share them with you. "Just to be neighborly."

You

Your own worst enemy. All year long you can't balance your check book, but that doesn't stop you. Armed with your W-2's, a few reams of paper and a couple of gallons of coffee you bravely attack that stack of forms. You may be taking deductions you're not entitled to, and entitled to deductions you're not taking. So, should you be doing your own taxes?

Us

We're H & R Block, with over 6,000 conveniently located offices manned by thousands of specially trained tax preparers who eat, sleep, and drink income tax returns. People who set out to save you money and much of the time do it. The cost? Fees start at \$5 and the average cost was under \$12.50 for over 7 million customers we served last year.

Furthermore, if your return is audited we will accompany you, at no extra cost, to the Internal Revenue Service and explain how your return was prepared, even though we will not act as your legal representative.

And everyone is eligible to receive our year 'round service which is covered by our one time fee. No extra charge for help with audits, estimates, or tax questions.

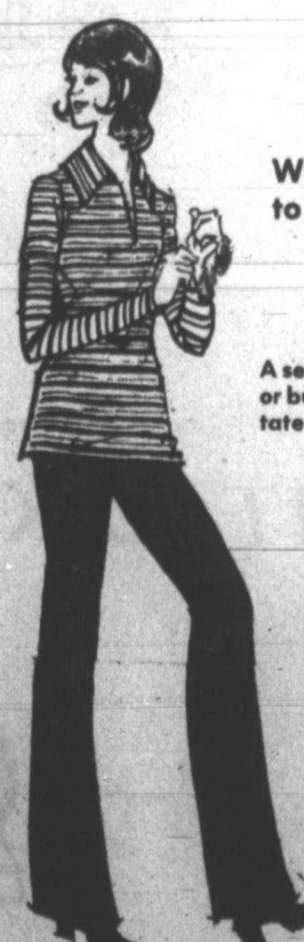

We know the people we've just told you about will do your income tax return for less than we can but we don't think you can afford them.

DON'T LET AN AMATEUR DO H&R BLOCK'S JOB.

H&R Block.
The income tax people.

Ex-Consultant Of Hughes To Read Purported Autobiography By Irving

NEW YORK (AP) — A former consultant to Howard Hughes made an offer before a grand jury today to read the manuscript of a purported Hughes autobiography with a view toward judging its authenticity.

"I would be able to say if the book were authentic or not," added John Meier, 38, who was a scientific consultant to Hughes until 1970. He currently is running for U.S. senator from New Mexico as a Democratic candidate.

Meier's lawyer, Robert H. Wyshak, told newsmen the

government's response to the offer to check the book's authenticity was that "a lot of people would like to read the manuscript."

In a prepared statement distributed after his one-hour grand jury appearance, Meier said he never met the book's author, Clifford Irving, or the latter's wife, Edith.

"I do not have access to any personal files of Howard Hughes," the statement went on. "When I resigned my position in Nevada, I severed all connections with the Hughes organization. I have no knowl-

edge of any computerized information about Howard Hughes."

There have been suggestions that computerized information on Hughes may have been leaked by one of his aides to Irving, for use in writing the purported autobiography. A voice identified as Hughes in a telephone interview has denied ever talking to Irving.

Irving later denied the reports, saying that "to my knowledge I have never met John Meier."

Monster That Puts An Arkansas Town On Map Is To Be Subject Of A Movie

FOUKE, Ark. (AP) — The monster that put this Miller County town of 394 residents on the map is going to be the subject of a full-length motion picture, "Tracking the Fouke Monster," to be released this spring.

Charles Pierce, who is producing the movie, says it will not be a tongue-in-cheek look at the monster.

While the matter has been treated lightly by some, with

Airmail Postal Rate Boosting Recommended

WASHINGTON (AP) — The Postal Rate Commission's chief hearing examiner has recommended boosting the cost of an airmail letter but retaining the price for post cards.

Examiner Seymour Wenner recommended Thursday that the price for an airmail letter be increased from 11 to 13 cents and that the new permanent rate for post cards be six cents—the present temporary rate.

Last February, the Postal Service had asked for an 11-cent airmail rate and a seven-cent rate for post cards.

Wenner also recommended a 4.6-per-cent hike in parcel post rates. But rather than grant a proposed 83-per-cent boost over five years for the special fourth-class rate for books, records and films, he cut that proposal down 17.5 per cent.

Wenner's recommendation did not affect the eight-cent temporary rate for first-class postage or the second- and third-class rates proposed by the Postal Service.

Wenner said his rate schedule would cut the service's estimated deficit for the fiscal year ending June 30, 1972, from \$57 million to \$44 million.

even more than 100 "Fouke Forever" T-shirts being distributed by Little Rock Radio Station KAAV. Pierce does not think it is a laughing matter.

"I believe that the people in Fouke are fine Christian people," he said. "Most of them would not tell you a story."

"There has been a lot of humiliation and joking because people are laughing about it," Pierce said. "We intend, under no instances, to humiliate those people. We are going to tell it as they tell it to us, with them on the set."

Not only are the Fouke residents going to advise the producers of the film—they are going to do some acting.

However, the monster is not going to be used.

He has not shown himself in several months. Or at least if he has, Fouke residents have been reluctant to discuss him with newsmen.

For scenes that call for the monster, a man is dressed in a gorilla suit, but a spokesman for P and L Productions in Texarkana, who are making the movie, say that they are only using the shadow of the monster.

The Fouke monster came to the attention of news media last spring when Bobby Ford, 25, and his family moved into a home at the north edge of Fouke on U.S. 71.

One evening Ford claims that the monster stuck a hairy paw through a window at the house and took a swipe at his wife, who was lying on a couch.

Ford and other male members of his family chased the monster into the woods back of the house.

Later that same evening, Ford said the monster, which he described as huge, hairy and running on two legs like a man, returned and kicked in his back door.

Ford again gave chase and says that as he was walking up the porch steps the monster grabbed him and scratched his arm before he got away.

Ford became so scared he ran right through the front door of the house—without opening it.

The next day he and his family moved to Ashdown, north of Texarkana.

Other residents of the area claimed to have seen the monster before and have heard him crying in the woods at night.

Less than a month later, a resident of the area was driving home late one night, and he and two companions claim the monster ran across the road in front of them.

After the two incidents, people flocked to Fouke in hope of catching the monster or at least getting a glimpse of him. Residents pointed to "monster tracks" and "monster scratches" on the Ford home to out-of-towners. The sheriff of Miller County became so concerned that those tracking the

monster might shoot each other he issued a directive outlawing pursuit of the monster, at last while armed, anyhow.

Pierce said "No comment" when asked if he actually believed that the monster exists.

He said the first portion of the shooting on the picture was devoted to wildlife scenes in the area, and the filming now concerns actual sightings of the monster, which he claims began as far back as 1964.

Men Want Evolution But Not Revolution In Fashion Design

By ANN HENCKEN

NEW YORK (AP) — They called it the Peacock Revolution when flamboyance hit men's fashion in the 1960s. But the peacock has tucked in its tailfeathers—a victim of what one fashion leader calls "too-muchism."

Men who were shocked, then excited and finally frustrated by that flood of new ideas in the 1960s are now getting some calm.

Something of a purge is on and already gone are the cascading scarves, trailing fringe, enormous belts, electric colors and giant winduppane plaid suits.

The gimmicks have vanished, and the "return to elegance" has begun. Shapes are simpler. Colors are quieter. Large patterns have given way to the smaller and more precise. The three-piece suit along with the white shirt and button-down collar has been resurrected. "Old favorites" such as madras, herringbones and checks are on the move.

"The peacock isn't dead. He's just stopped screaming," said Ken O'Keefe, fashion director of the Men's Fashion Association of America.

William Keegan, president of Gant Shirtmakers, agreed. "Man is still a fashion animal," Keegan said. "He's not

going to go bland. We went through an era of too-muchism. But that doesn't mean we're going to too-little."

The peacock look took shape in the mid-1960s, according to O'Keefe, when the Carnaby Street fashions hit the United States.

It produced such manifestations as the fancy Edwardian look, the disastrous Nehru jacket and the Wild West image complete with leather chaps.

The impact was farflung. Bankers even broke the white collar tradition and turned to bright stripes. Stockbrokers traded their thin ties for wider, splashier versions.

At the extremes were psychedelic suedes, floor-length capes and yards of lunatic fringe.

Extremism and too many choices left everyone exhausted.

"The entire industry has come to realize that the male customer doesn't want fashions that change so rapidly. Evolution not revolution," said James K. Wilson, executive vice president of Hart, Schaffner & Marx, a large clothing manufacturer.

For 1972 jackets have been sheared of flaps, vents, tucks and pleats. Designers are no longer thrashing around for a radically new shape like the

jumpsuits, shirt-suits, sleeveless suits, ad infinitum. Now the silhouette has been stabilized, retaining the best innovation of the 1960s: wider lapels, shaped waist and straight or slightly flared pants.

"There is more emphasis on the dressier look," said Wilson, adding that the dressy dark shades for suits are coming in. "But most of the change is in fabrics themselves," he said.

Herringbones and tweeds are back not only in woven fabrics, but also double-knits—or weaves with the stretch built in chemically. O'Keefe sees the youth market as part of the reason for the dress-up look.

"The young are making the changes and moving the statistics," he said. "In the late '60s, it was a jeans and knit market. The hippie movement encouraged a dressed-down look. Coats and suits were selling less."

Now, the young are getting dressed up, too.

On some campuses, there's a move to the jeans-and-sports coat image, a la Ryan O'Neal in "Love Story."

The shirt market is falling in line. Multicolored stripes and confused floral patterns are less important. Bold stripes and colors of the past are giving way to subtle tones. Keegan sees the white shirt

as just another fashion choice today. It will be offered in white-on-white patterns, and in fabrics with surface interest, such as textured broadcloth.

Ties will remain at about 4 1/4 inches, said Walter Kelley of Hut Neckwear Co. Currently big sellers are border prints and the conservative "spaced" prints, with small, repeated shapes.

Since elegance is taking over clothes, some feel that much fashion expression will turn up in accessories such as shoes and jewelry and even underwear.

Men's shoes sport higher heels—in conservative styles, as well as wild five-color suede styles with a three-inch lift.

Men's jewelry sales have doubled at Cartier in the last year.

CHARLOTTE, N.C. (AP) — Garbage collectors were just doing their job when they threw away a Charlotte woman's just-washed clothes, the city attorney contends.

Attorney Henry Underhill recommends that a claim by Mrs. Isabell McGee for \$175.11 for the loss of the clothing be denied. Mrs. McGee says she had just washed some clothes and placed them on a trash container for a few minutes. When she returned, the garbage men had hauled them off.

Today In History

By The Associated Press
Today is Sunday, Feb. 6, the 37th day of 1972. There are 329 days left in the year.

Today's highlight in history: On this date in 1952, King George VI of Britain died. He was succeeded by his daughter, Elizabeth II.

On this date: In 1693, the College of William and Mary was chartered at Williamsburg, Va. In 1697, Trinity Church opened on lower Manhattan Island.

In 1778, France recognized the independence of the United States.

In 1788, Massachusetts became the sixth state to ratify the U.S. Constitution.

In 1943, Gen. Dwight D. Eisenhower was named commander in chief of Allied forces in North Africa in World War II.

In 1964, Cuba cut off the normal water supply to the American naval base at Guantanamo Bay.

Ten years ago: There was fighting in Algeria between the French army and the rightwing French group known as the Secret Army Organization.

Five years ago: Soviet Premier Kosygin began talks with British leaders in London.

One year ago: The Apollo 14 astronauts were preparing to head for home after a 33-hour stay on the moon.

Our Capsule Policy

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces can he develop to his utmost capability.

The News believes each and every person would get more satisfaction in the long run if he were permitted to spend what he earns on a volunteer basis rather than having part of it distributed involuntarily.

Business Indicator

These days, just about anything serves as an "economic indicator."

For instance, despite high unemployment and business uncertainty, mortgage loan delinquencies at the nation's savings and loan associations "rose only slightly" during 1971, reports the United States Savings and Loan League.

Mortgage delinquencies continued to run at a rate of less than 1 per cent of all mortgages—79 per cent in 1971 as compared to 75 per cent during 1970.

Is this good? Not necessarily. During the bullish year of 1967, delinquencies ran .89 per cent.

As another possible "indicator," the rate of bankruptcy is on the rise again, reports Northwestern National Life Insurance Co. More than 200,000 bankruptcy petitions were filed in 1971, up 3.6 per cent from 1970.

Is this bad? Not necessarily. Bankruptcies rose steadily after World War II as consumer credit mushroomed, setting new records every year until they

reached an all-time high in 1967. They declined somewhat thereafter and now are creeping up again.

O.K., try this for an "indicator." The outlook for executive employment is "extremely favorable," says March Savage, president of Executive Development Corp., an executive search firm.

About 20 months ago, presaging the recent recession, the organization recorded a sharp increase in unsolicited resumes from executives looking for jobs—about 50 per cent above usual levels. These unsolicited resumes have dropped in the last two months and continue to dwindle. At the same time, there has been a jump in requests from companies looking for executives.

This reflects an increasingly healthier economic climate overall, says Savage, who also notes that an analysis of resumes indicated that executives in the hard-hit aerospace industry have largely been relocated.

Now this does sound good. We think.

Party Time Any Time

Such an everyday thing as one's attitude toward time can be a bar to understanding between the races.

So says a monograph, "How to Talk With People of Other Races, Ethnic Groups and Cultures," published in Los Angeles by an organization with the mouth-filling name of the Trans-Ethnic Education-Communication Foundation.

As an example of the "hang loose" attitude of blacks, the monograph relates the experience of a white college professor who gave a dance for 20 couples, blacks and whites.

The time of the party had been announced as 9 p.m. By 9:30 most of the whites had arrived but only one black couple. By 10 all the whites and one or two more black couples had arrived and the host and hostesses were beginning to wonder if they

were being snubbed. Not until midnight, when some whites were thinking of leaving, did the party begin in earnest.

The blacks who arrived late made no effort to apologize. They had simply been operating on "A.P." (African People) Time.

It is not clear just what the message is here. The implication cannot be that blacks are genetically different from whites in their perception of time, for this would mean that they were by nature unreliable and incapable of running a business like an airline which must (usually) adhere to strict schedules. The difference is a cultural one.

But neither can the implication be that whites' notion of time is rigid, for if African People Time consistently runs two or three hours behind American European-Descendant Time, that would also be pretty rigid.

"White" time itself runs behind Standard Time; viz., party announced for nine, most couples arrive around 9:30.

And what about the black couple that arrived at 9:30 and those "hang loose" whites who didn't drift in until 10?

Wit & Whimsy

They should call the Friday-Monday hiatus the "weekend."

Be thankful: There are still about two months more before you'll have to start mowing the lawn.

BERRY'S WORLD

© 1972 by NEA, Inc. John Berry

"In this kinda weather, there's nothin' like havin' a maxi. Right, buddy?"

"We'll Have You Up and Around in No Time!"

Paul Harvey News We Had Better Learn It Is Not One World

During "that war," 200,000 Bengali women were raped by Pakistani soldiers. Now their Moslem husbands will have nothing to do with them. Their Moslem communities have turned them out. They have no place to go.

This cruel, inhuman injustice (certainly by our standards it's cruel, inhuman and unjust) is the sort of thing which makes well-intentioned Americans want to butt in, shake up and make over the world in our image.

But it is not "one world," in fact or in deed. "Our image," in Moslem eyes, is uglier than theirs.

They don't want our Western ways. And the sooner our little tail stops trying to wag the whole dog, the better it's going to be for all of us.

From what happened in West Pakistan we might learn what is going to happen in Vietnam. However hostilities are resolved, the NOW government and the NEXT

government will not be "our kind."

For 25 years, after the India-Pakistan partition, Pakistanis imagined that one government could manage two countries more than a thousand miles apart. It couldn't.

East Pakistanis, characterized as poets and dreamers, were unequally yoked with West Pakistan's pragmatists.

Both are countries whose life-style was and still is closer to the Middle Ages than to the present century, as witness those hundreds of thousands of outcast women.

But sure enough, the mostly white, Western emissaries of the World Council of Churches are over there trying to get the new revolutionary country of Bangladesh to break with tradition, abandon Moslem law, to recognize the women who were misused by the enemy military as "heroines."

The council has a commission meeting in Geneva right now seeking ways to superimpose Western morality on the new nation of Bangladesh.

If it is the proper province of the Christian churches to go over there and "straighten out those Moslems," certainly it is not within the rightful province of outside governments to do so.

Indeed, despite the abject devastation and destitution in Bangladesh, their greatest need is not for food and medicine but to salvage a foundation of law on which to rebuild.

If their moral law appears ridiculously rigid, could it be because ours has become so ludicrously toothless?

You do realize, don't you, that if the East Pakistan revolt had occurred a dozen years ago, we'd have been over there with aid and arms keeping it going—endlessly.

Our official almost-eagerness to stay out of this overthrow indicates that we have learned a transcendent lesson from our misadventure in Vietnam.

As that smoke clears and Vietnam reverts to what it would have been anyway, the mothers of 47,000 flag-draped coffins will have to wonder why.

But if from this inexcusable involvement we have learned what not to do, then indeed these men did not die for nothing.

today's FUNNY

Your Health

By Lawrence Lamb, M.D.
Diverticulosis Is Fairly Common

Dear Dr. Lamb—I have pockets in my intestines and cannot eat food that has skins or seeds. I have been told that there is a medicine you can take that will dissolve these pockets. Is that true?

Dear Reader—These occur where the muscular wall of the intestinal tube has given away or ruptured and allowed a portion of the lining (mucosa) of the intestines to protrude out in a little pocket or diverticula. The intestinal tube has several layers in its wall. The inner layer is the mucosa, or lining, that produces all types of secretions to aid in digestion and is the location for absorption of foodstuffs into the bloodstream.

There are muscular layers in the intestinal wall that are circular and some are lengthwise. Finally, the whole wall is bounded by tough, membranous material. The little pockets most often occur in people who have had an overactive digestive system. Often these are the people who have experienced constipation, diarrhea and other evidences of spasm and the build-up of pressure within the intestine.

Diverticulosis of the large intestine, or colon, is common, occurring in one out of five of the American population older than 40. Most people don't even know they have these and they are observed by X-ray examination or autopsy examination. Only about one out of five of the individuals with these have any symptoms, and only about one out of 100 who have these develop an inflammation of one of the little pockets which we call diverticulitis.

When this does occur, the inflamed pocket behaves very much like the inflamed pocket we call the appendix. The location for the pain and symptoms, however, may be different, since the pocket extending from the colon may vary in its location.

The treatment for diverticulitis is essentially the same as for constipation or irritable colon. This includes good, regular bowel habits promoted by forming a regular habit, usually in the morning, and aided by drinking two or three cups of warm water or liquid each morning. Chemical laxatives or any medicine that stimulates the bowel to forceful contractions is bad.

Some individuals will find certain foods aggravate the condition. Usually a diet that contains a lot of fruit and vegetables is prescribed to provide additional bulk for the stool and help to develop good bowel habits. However, there are some foods in this category that individual patients will not tolerate.

Please send your questions and comments to Lawrence E. Lamb, M.D., in care of the Pampa Daily News, Box 2198, Pampa, Texas 79665. While Dr. Lamb cannot answer individual letters, he will answer letters of general interest in future columns.

Rearview Mirror

By TEX DEWEESE
Editor of The News

CAMPAIGNING for public office is something that shouldn't happen to a dog. We have always felt sorry for the candidates—especially those who have to travel up and down, back and forth and across a state as big as Texas.

It came home to us again when State Senator Henry Grover, the GOP gubernatorial hopeful, came to town early last week.

We looked at his itinerary that called for two or three stops a day in Panhandle towns, plus newspaper interviews, radio tapings and television appearances—and wondered how he held up under such a strenuous schedule.

Fact of the matter is, it almost got him down in Pampa. After a Monday night speech here that followed an all-day schedule, the senator came up with a high temperature Tuesday morning and nearly had to cancel out. A trip to the doctor's office and a shot in the arm put him back on the road, however. Last we heard he still was going strong.

ARIZONA governor Jack Williams gave the press of the United States a pretty stiff kick in the pants the other day.

He says we are engaging in a "death wish" for the U.S., adding that "some journalists are becoming career critics while ignoring whether their criticism is responsible or not."

Williams claimed further that the news media have weakened the nation to the point that if Russia invaded the country, the President could not get persons to fight the invading forces.

We can go along with the governor on his claim that "some" parts of the American press, particularly some of the so-called great newspapers and television commentators ignore responsible criticism.

However, we can't agree with his claim the people of the United States would not defend their country in event of a Russian invasion.

If it ever comes to that, you will find every last able-bodied person rallying to the defense of his homeland. This nation's will to survive is just as alive as it ever was—and you'd better believe it, governor.

an illustrated headline service which can function best when it is regarded by viewers as an important, yet fast, adjunct to newspapers.

"I know what we have to leave out and, if people do not read their newspapers, news magazines and books, they are desperately misinformed."

He said it, we didn't.

ROLL OUT the barrel for the Texas Association of Taxpayers, bless 'em. They're moving into action to expand their 5,500 membership prior to the special session of the Legislature which Governor Smith must call before Sept. 1 to appropriate funds for the second year of the biennium.

The association's mainline purpose is to help the Legislature develop an equitable (if there can be such a thing) tax program without resorting to a state income tax.

If there's anything that's needed—in state, county, city and nation—it's somebody to fight tax increases tooth and nail.

Write to Tom Sealy, the Midland attorney who is chairman of the TAT, and tell him you want to join and you're behind the taxpayers association any way you can help.

THE TEXAS Taxpayers Association was organized," says Sealy, "to be a constructive influence and will continue to be a positive force for fiscal responsibility."

"Our aim is widespread citizen participation in government, specifically to help find ways to save money and prevent another spiral of high tax increases."

He says the association will work for a fair tax program, but one that will put a lid on spending and not lead down the road to state income taxes, either personal or corporate.

That, incidentally, is one of the main campaign issues expounded in Pampa last Monday and Tuesday by State Senator Henry Grover, the GOP candidate for governor. Grover said the first try will be for a corporate income tax—and if that comes," he said, "you can bet your last nickel the individual income tax will follow."

Quick Quiz

Q—Who was the first U.S. president whose parents were both alive when he was inaugurated?

A—Ulysses S. Grant.

Q—What pen name was used by Benjamin Franklin?

A—"Richard Saunders."

Q—Does the male or female cricket chirp?

A—Only the male cricket produces sound.

Houston Tenneco Reports Record Net Income For 1971

HOUSTON.—Tenneco Inc. reported record breaking operating revenues and net income for 1971.

The Houston-based, international multi-industry firm's revenues rose by 11 per cent over those of 1970, while net income was up 17 per cent from the previous year, according to preliminary and unaudited figures released by N. W. Freeman, Tenneco's chairman and president.

He reported that consolidated operating revenues totaled \$2.84 billion, compared with \$2.55 billion in 1970, while net income increased to \$184 million from \$157.8 million a year earlier.

Earnings per common share, after provision for preferred and preference stock dividends, were \$2.28 on the greater average of 65,330,871 common shares

outstanding during 1971. This compares with \$2.09 per share for 1970 on a lesser average of 58,403,761 shares outstanding.

All of Tenneco's major businesses—manufacturing, natural gas pipelines, oil, chemicals, packaging and agriculture—land development—recorded increases in revenues for 1971, and all but chemicals showed greater earnings strength, Freeman said.

Also at Houston, Pennzoil United, Inc. today reported unaudited 1971 net income of \$47,180,000 before an extraordinary charge, down 32.6 percent from the previous year's \$70,011,000. Per share earnings before the extraordinary item were \$1.45 compared with 1970's record high of \$2.16 per share.

Fourth quarter net income

of \$11,871,000 was 30.2 percent lower than the previous year's \$17,013,000.

"After over a decade of steady earnings growth, we have had a very disappointing year," President William C. Liedtke, Jr., President, stated. He indicated that 1971 revenues were \$736,254,000, a decrease of less than one percent from 1970 results of \$742,285,000. Fourth quarter revenues of \$183,287,000 compared with \$180,239,000 in the final three months of 1970.

Ghost Shrimps

Certain shrimps are called "ghost shrimps" because of their whitish-yellow color. Since they spend most of their life below the surface of the mud, no protective coloration is needed.

Shell Oil To Conduct Oil Search

AMARILLO A search for oil and gas on approximately 250,000 acres in a lightly explored area of New Mexico will be conducted by Shell Oil Company through a contract with Santa Fe Pacific Railroad Company, a Santa Fe Industries company, which holds mineral rights to the property. The acreage is located in Socorro, Valencia, Bernalillo and Sandoval counties.

Announcement of the contract for the exploration program was made today by Ernest S. Marsh, chairman of the board and chief executive officer, Santa Fe Industries, Chicago.

Skelly Company Watkins Plant Employs Cited

PHILADELPHIA.—Sun Oil Co. announced it will build an \$8 million petrochemical unit at its Corpus Christi, Texas, refinery.

The new unit and supporting facilities will increase the refinery's capacity to produce paraxylene by about 100 million pounds a year, a spokesman said. Paraxylene is a petrochemical used principally in the manufacture of synthetic fibers.

Plans call for construction to begin by spring, with the plant scheduled to go into operation by early winter.

Sun Oil To Build \$8 Million Unit

Employees of Skelly Oil Company's Watkins natural gasoline plant at Skellytown have been cited for working over two years without a loss-of-time injury.

"We are extremely proud of the Watkins plant safety record," said Skelly District Manager B. R. Nunn, Pampa. "The plant employees have not only helped save time and money lost when accidents occur, but, more importantly, they have prevented a good deal of human suffering."

Nunn added that 21 of the plant's 26 employees have never suffered a loss-of-time injury. "Together they have accumulated 448 years without a disabling accident," he said.

Food Stamp Program Changes Will Affect Texas Grocers

Three important program changes will directly affect Texas grocers who participate in the U. S. Department of Agriculture's Food Stamp Program. Martin Garber, southwest regional administrator of USDA's Food and Nutrition Service, the agency which handles federal responsibilities for the Food Stamp Program, outlined specifically the changes which will be involved:

—The new redemption certificates to be used beginning March 1 will be in card form which will be read automatically by a computer. The familiar yellow paper certificate will no longer be used. The card is to be filled out by the retailer and submitted to the bank or wholesaler along with the food stamps being redeemed.

—Beginning March 1, retailers can no longer give cash for change in food stamp transactions or accept food coupons as payment for bottle or other container deposits. Credit slips or tokens not to

Atlantic Richfield Company Reports Quarterly Earnings

NEW YORK, Feb. 1.—Atlantic Richfield Company today reported 1971 earnings rose slightly to \$210,533,000, or \$3.73 a share, from \$209,504,000, or \$3.70 per share, in 1970.

ended Dec. 31, income was \$55,957,000, down nine per cent from \$61,505,000 for the same year-ago period. Per share earnings for the fourth quarter were 99 cents versus \$1.06 in 1970.

The figures were before an extraordinary net charge of \$11,831,000, or 21 cents a share, from the sale of the company's Nuclear Materials and Equipment Corporation operations in November, 1971.

The 1970 net income and sales figures were restated to retroactively reflect the consolidation of the company's Brazilian marketing subsidiaries early in 1971. Per share earnings assume conversion of all outstanding convertible securities.

Sales and other operating revenues for 1971 rose 6 per cent to \$3,658,437,000 from \$3,444,872,000 in 1970; for the fourth quarter, they advanced 8 per cent to \$956,517,000 from

\$887,062,000 for the prior year period.

Panhandle Water

By Felix W. Ryals
The Texas Water Conservation Association will hold its 1972 annual meeting in Fort Worth February 24, 25 and 26.

The Texas Water Conservation Association, by the make-up of its membership, is one of the most powerful organizations in Texas for water legislation. In addition to the individual members of the association, there are many area organizations that hold membership in the association. In all probability, it holds in its membership the best cross-section of every economic level in the State of Texas.

In our column this week, we are carrying some of the resolutions to be acted on at the annual convention.

TEXAS WATER DEVELOPMENT

The State still faces a growing water crisis, and the development of the water resources of the State is still of the highest priority. The Texas Water Conservation Association will continue to support and assist efforts to provide adequate supplies of clean water to all users in Texas now and in the future at the lowest possible economic and social cost. The Texas Water Conservation Association strongly favors the proposed Constitutional Amendment Number 4, and urges its members to work for its passage on May 18. The Association also urges the 62nd Legislature to pass prior to May 18 the enabling legislation that will be necessary to implement Amendment No. 4.

FEDERAL PROGRAMS

The Texas Water Conservation Association favors the continuation of the Congressional fact-finding committee to determine needed changes in the 160-acre limitation in Section 5 of the Reclamation Act of 1902, as amended, in the light of the economics of modern agricultural practices. We support the proposal of the House Public Works Committee that the Congress consider an Omnibus Rivers and Harbors, Flood Control and Water Supply Authorization bill at each session of Congress. The

Congress is hereby requested to amend the Revenue and Expenditure Control Act of 1968 to remove water from the application of the term "local furnishing" with the resulting elimination of discrimination against water financing.

The Association favors the inclusion of environmental and ecological benefits and costs in the economic evaluation, the authorization, and the appropriation of funds for water projects. The Association recommends the adoption of a federally financed loan program in addition to the present Federal Grant Program, wherein local governmental entities may secure loans to finance needed waste water treatment facilities as such improvements are deemed necessary to abate pollution.

This loan program shall in no way interfere with the present tax exempt status of municipal bond financing. The Association favors the retention by the U.S. Army Corps of Engineers, the Bureau of Reclamation, and the Soil Conservation Service of their respective present functions in the field of water

Water District Meets Monday

Oaths Set

The board of directors of the Panhandle Ground Water Conservation District 3, south of the Canadian River in Texas, will hold its regular quarterly meeting Monday, at the District Office at White Deer.

The meeting is scheduled to begin at 10 a.m.

Following the approval of minutes of the preceding meeting two directors will take the oath of office for terms of two years. Directors to be sworn in will be John Spearman, director's precinct 5, comprising roughly the northeastern portion of Gray County and Stewart Purvins, director's precinct 1, comprising the western portion of Carson County and the eastern portion of Potter County.

Other item on the agenda include the election of officers of the board for the coming year and a budget review.

resource development, subject to coordination by the Water Resources Council. Federal projects, once they are authorized and funded by Congress, should not be stopped without the concurrence of Congress.

The Association endorses an increased program of research on the quality of drinking water by the Federal and State Health Agencies; and, to that end, the members of the Texas delegation in the Congress are urged to support an identifiable and viable organization within the U.S. Environmental Protection Agency adequately funded to allow this agency to conduct the necessary research and to fund assistance to the respective State Health Departments to employ the necessary personnel to implement local applied research and education necessary to assure that America's drinking water supplies remain the safest and best in the world."

Next week we will carry some of the resolutions concerning state programs.

Red Meat Output Up

There was a four per cent increase in the nation's production of red meat in 1971 according to a report by the Agriculture Department.

Of a total of more than 37-billion pounds, beef output was over 21-billion pounds; veal, 516 million; pork, 14.6 billion; lamb and mutton, 545 million pounds.

While totals were up over 1970 red meat production was tapering off when the year ended with beef, veal and pork less than the previous year in December.

STATE TREE

Maine's official state tree is the white pine according to Encyclopedia Britannica.

SPLIT LEVEL MOLE

Moles usually build a two-level burrow system with the top burrow used for feeding and the bottom one for sleeping, according to Encyclopedia Britannica.

The Pampa Daily News Farm Page

Water Depletion Maps Are Now Available

The 1971 water decline maps needed by irrigation farmers and others for water depletion credit on their 1971 federal tax returns are now available.

The decline maps are prepared by the Panhandle Ground Water Conservation District No. 3, South of the Canadian River in Texas, on an annual basis.

Irrigation farmers and others, including accountants may obtain the 1971 decline maps and other maps of prior years from the Browning Blue Print Company in Amarillo.

Since 1962 irrigation farmers and others have had the privilege of claiming water depletion credit on their federal tax returns. The Internal Revenue Office in Amarillo will be able to furnish form Number 665 that is used to calculate the depletion credit.

The guidelines for computing water depletion costs per acre, for Potter, Carson and Gray Counties are available at the District Office of the Panhandle Ground Water Conservation District in White Deer.

Agriculturally Speaking

By Foster Whaley WHEAT PASTURE BLUES

Death losses in cattle due to Novi, bloot, Diptheria, and shipping fever continue to soar across Gray County and the Panhandle. Many farmers are reporting losses that exceed ten per cent and there is still no let up. Bloot is a most difficult thing to fight.

Most of the losses were from this cause last week. We have had a great deal of extremes in temperature this winter. Bloot losses seem to climb about three days following a temperature drop down in the low teens. The wheat stays in this condition for about a week.

Few people realize it but this tremendous death loss will have a great bearing on price of replacement cattle in feedlots. We will have ten per cent fewer coming off wheat.

On a recent trip to Lamar, Colorado, I was surprised to see such few cattle on wheat pasture. North of the

Canadian the wheat was extremely short. We saw quite a few stocker herds in Kansas and Oklahoma on stalk fields but few on wheat.

Last week I noticed several news stories in national publications that dealt with meat prices. In almost every case they would mention the fact that meat prices were the highest they had been in twenty years. On one case the reporter said the retail price of round steak was at a record high. They go back as far as 1952 and compare the price when cattle got about even with parity.

After doing a little research, I find that choice steers in Chicago averaged \$33.18 per CWT in Chicago in 1952. If cattle prices had advanced at three per cent annually since 1952, choice steers would now stand at \$59.78 in Chicago. In checking with officials at one of the local banks and a brokerage firm, I am told that all prices, nationwide, have

The District 1 Adult Leader's Association met Saturday, Jan. 29, at 6 p.m. at Underwood's in Amarillo.

Two youths from Gray County were part of the program given. Melinda Spearman modeled the dress that placed her in the top four in District competition, and went on to compete in the State Dress Revue. Cindy Youngblood gave a program on Scholarship opportunities. Cindy won a trip to Missouri in July to Co-op Lab. She was also a District Council officer for two years.

Both girls should be congratulated for the fine part they gave on the program, and especially for the hard work done by them in winning these two achievements in the Dress Revue, and Co-op Camp Scholarship.

FINANCED THE SMART BANK WAY!

Check our auto loan rates for yourself and you'll see why it pays to have that new car financed through us. Monthly payments are arranged to suit your budget and can include the cost of insurance if you wish.

Harvesters Bite Bulldogs, 85-74

SURPRISE—It is Gary Haynes up for two after the rebound. Gary played his part in the victory quite well as he scored eight of the 85 points that put the Borger Bulldogs out of the running for the first half of district 3-AAAA play. Pampa tied with the Palo Duro Dons for the first half of district play and the second half starts Tuesday.

(Staff Photo)

**By RICKEY WRIGHT
Staff Writer**
The Borger Bulldogs were honored Friday night as they were allowed ringside seats to watch a real basketball team in action.

Actually the Bulldogs were supposed to be in contest against the Pampa Harvesters, but there were several instances when all Borger could do was watch.

The Harvesters chained an 11 point margin on the dogs as the ending score was 85-74.

There were moments in the bout that would have made the Harlem Globetrotters envious.

From the very beginning of the game the Harvesters made it clear what intentions they had for Borger.

Mike Edgar and Marsh Gamblin both chalked up six points each in the first quarter. Richard Bunton and Gary Haynes were close behind them with four points each.

The first period of play ended 22-6 favor of Pampa.

In the second period the Harvies kept mounting the score as Borger got a few shots of their own in. The halftime score was 40-26.

The second quarter high scorers were Mike Edgar of the Harvesters and Mike Blackman of the Bulldogs. Both players totaled eight points each.

The third quarter revealed the Harvesters and Bulldogs showering the basket with scoring shots as Pampa made 21 to Borger 16.

Bunton and Cain led the Harvesters in their 20 point attack. Both players came up with eights each. Russell

Dixon of Borger also ended the period with eight points to his name.

Borger outscored Pampa during the last period of the game. Borger rang up 32 points to Pampa's 25, but the life-saving attempt was fruitless. Borger's leading scorer for the quarter was Mike Burnley with 10 points.

The Harvesters finished the bout with four players in double figures. Richard Bunton was high point man, with a little help from his friends, for 23 total points coming from 11 field goals, one free throw and four fouls. Following Bunton was Mike Edgar with 20 total points, Donnie Cain with 15 total points and Marsh Gamblin with 11 total points.

Borger had three players in double figures: Mike Burnley-20 total points, Russel Dixon-12, and Jesse Crockett with 10 points.

Friday's victory put the Harvesters in the first place tie zone with the Palo Duro Dons after the Dons charged through the Sandies of Amarillo High.

The district is about to start all over for the second half of play.

The first game on the schedule is the Caprock Longhorns who have already been beaten by the mighty Harvesters by a margin of 80-50.

The game is scheduled for Tuesday at 8 in Amarillo. Preceding the Harvester-Longhorn bout will be the Shocker-Shorthorn battle.

Don't miss a contest. Let the Harvesters know Pampa is behind them.

TIPTOEING THROUGH THE TULIPS (BULLDOGS?)—Neither! It is actually Mike Edgar searching for a rebound. Edgar (34) was second high-point man with 20 points in the Borger Bulldog-Pampa Harvester bout. Richard Bunton (54) is waiting to give Mike

assistance on his rebound. Bunton was high-point man for the contest with 23 total points. Next, the Harvesters are scheduled to fight the Caprock Longhorns in Amarillo Tuesday night.

Murphy Controls Hawaiian Open

HONOLULU (AP)—Bob Murphy calmly tapped in a two-foot birdie putt on the 18th hole Saturday to regain sole possession of first place in the third round of the \$200,000 Hawaiian Open Golf Tournament.

The chunky, red-haired Murphy was in a tie with Rod Funseth at 10 under par when the national television coverage broke away as Murphy was playing the 18th.

He chipped up to within two feet on the par-five hole and sank the putt for a 70 that left him alone in front at 205.

Funseth, a 39-year-old tour veteran, posted a four-underpar 68 on the Waialae Country Club course and was alone in second at 206.

Masters' champion Charles Coody headed a quartet at 207, nine under par and just two strokes back of the pace-setting Murphy. Coody had a 69 and was tied with New Zealand's John Lister, 68, and Lee Elder and Curtis Sifford, each with a 69.

Jim Jamieson and Marty Fleckman, attempting to play his way out of a protracted slump, followed at 208. Fleckman had a 71 and Jamieson a 70.

Lee Trevino remained in contention with a 71 for 209, four strokes back.

Arnold Palmer and Jack Nicklaus failed to make a move, however, and appeared to be out of the running for the \$40,000 first prize. Nicklaus had to rally to salvage a 73-214 while Palmer posted a 70 for 213.

Murphy, who has led or shared the lead at the end of every round, said the shifting winds that swept the course may have helped him.

"I consider myself a good wind player," he explained. "When I see that it's a windy day, I figure it's to my advantage."

Murphy led by one stroke at the start of the day's play. First one and then another of the closely bunched field made a run at him.

When he missed the green and bogeyed the 12th hole, he dropped back into a tie at nine under par with a logjam of seven other players.

At the precise moment, Sifford, Jamieson, Funseth, Elder, Lister, Fred Marti and Lou Graham all were nine under at various spots on the course.

Triple-bogey disaster hit Marti and Graham, but the others hung on.

Marti knocked himself out of contention with a seven on the 16th hole. He just moved the ball with a poor chip for his third shot and dumped the next into a yawning trap.

Graham had his troubles on the next hole, the par-three 17th. He twice left the ball in a trap and carded a six.

Marti and Graham each shot 74 and were well back.

The hard-hitting Murphy recovered from his bogey on the 12th hole and went in front again on 13. He reached the green on this par 5 in two, then two-putted for his birdie—and the lead.

Funseth caught him again when the soft-spoken veteran dropped a 25-foot birdie putt—his third of the day from that distance—on the 16th.

That's the way it stood when television coverage ended, but Murphy rewrote the script with his bird on the final hole.

"I'm aiming for a 68 tomorrow," he said. "If that doesn't get it, someone's going to be playing awfully good."

Patterson Will Fight Bonavena Friday Night

NEW YORK AP—Floyd Patterson meets Oscar Bonavena next Friday night at Madison Square Garden in a fight that could end his career or earn him a shot at becoming the world heavyweight champion a third time.

"If I win and I'm satisfied with the way I looked, then I would attempt to fight

North Carolina-Charlotte 85, Georgia 81, 59

West Virginia 84, Navy 81

Northern Illinois 77, Kent 85

Georgia 74, Florida 63

Princeton 91, Harvard 66

South Carolina 82, Clemson 58

Bowling Green 77, Miami 75

Kent State 69, Buffalo State 43

Frazier," said the 37-year-old Patterson who was the youngest man ever to win the title, in 1956 at age 21, and the only man ever to win it twice.

"If I'm not satisfied even though I win, I would wait and have more fights."

But champion Joe Frazier has said Patterson would have earned the right at a title shot simply by beating Bonavena, who gave Frazier two tough fights.

A loss could end Patterson's career, but not necessarily.

"If I'm beaten badly I would retire," said Patterson. "It depends upon how I lose."

Patterson, who has won seven straight, has a 54-7-1 record, with 39 knockouts. Bonavena is 47-7-1, with 32 knockouts.

American Skier Places Third In Olympic Race

SAPPORO, Japan (AP)—Susan Corrock put the United States on the 11th Winter Olympic Games' medal board Saturday with a bronze in the women's Alpine downhill ski race after Sweden's high-flying team knocked the Americans out of the chase for the gold in ice hockey.

Miss Corrock, a 22-year-old from Ketchum, Idaho, who has been skiing in international competition for just two years, had raised the United States hopes for a gold when she flashed down the 1 1/4-mile course in the fastest time during practice runs.

And for a few moments on Saturday, it appeared she just might capture it as she whizzed through the 2,108 meters in 1 minute 37.68 seconds to take the lead.

But right behind her was Marie Theresa Nadig of Switzerland, a 17-year-old student and the eventual winner of the gold medal, who bumped Miss Corrock into second place by finishing the downhill just one second faster, in 1:36.68.

And only moments later, pre-race favorite Annemarie Proell of Austria, the leader in women's World Cup competition, grabbed the silver medal with a 1:37.00 clocking.

Nevertheless, Miss Corrock's bronze was the first won by an American here and the first in Olympic Alpine skiing since 1964.

"I can't believe it!" Miss Corrock said, laughing and crying at the same time. "It was my best run. I didn't make any mistakes... I felt great. It feels exciting, really good to have a bronze."

"The downhill can be very scary—it's a tough and

difficult race—and you have to have control of the mountain," said the cute, freckle-faced girl with nerves as cool as the snow she covered. "I had control of the mountain."

The U.S. hockey team, however, wasn't in control much of the way as the weary skaters were outgunned 5-1 by speedy, third-ranked Sweden.

"They played well enough to win," U.S. Coach Murray Williamson said of his players, acknowledging that a major factor in the Swedes' control of the game was the Americans' lack of rest.

The contest came only 16 hours after the U.S. squad had battled its way into Class A—the teams which qualify for medal competition—with a 5-3 victory over Switzerland.

Kevin Ahearn of Milton, Mass., scored the lone Ameri-

can goal against Sweden. Two others, by Ronald Naslund of Burnsville, Minn., and Robbie Florek of Needham, Mass., were disallowed.

The United States suffered another setback Saturday as Eric Poulsen was knocked out of Alpine skiing when he fractured his left arm and tore knee ligaments in a spill during practice, apparently after being momentarily blinded by driving snow.

There were some bright spots, though.

In women's figure skating, Austria's cool, precise world champion, Beatrix Schuba, took the lead as expected at the end of the compulsory figures, which count 50 percent toward the championships to be decided in Monday's free skating.

But U.S. entries were in two of the next three positions—Julie Holmes of North Hollywood, Calif., second and Janet Lynn of Rockford, Ill., fourth behind Canadian Karen Magnusson.

"My compulsories were perfect—I don't think Julie can catch me," said Miss Schuba, the confident, 5-foot-9 blonde from Vienna.

She will be No. 16 to appear in the free skating, three behind Miss Holmes, who said she was happy with her draw for Monday's final.

"I was the 13th skater today in the compulsories and I did well, so it's not unlucky for me," said the winner of the pre-Olympic gold medal a year ago and runner-up to Miss Schuba in the world championships.

West Germany won two of the three other gold medals awarded Saturday, capturing the two-man bobsled and the men's 500-meter sprint skating, with Erhard Keller streaking to his second straight gold in the latter event.

Keller, who won the 500 meters in Grenoble, France, in 1968, rocketed to victory in 39.44 seconds, breaking the Olympic mark of 40.10 set by America's Terry McDermott in 1964.

Three other entries also bettered McDermott's mark, silver medalist Hasse Borjes of Sweden with 39.09, Valeri Mouratov of the Soviet Union who took the bronze with 39.80 and Norway's Per Bjoran with 39.81.

Dallas Cowboys Hire Coach Gene Stallings

DALLAS (AP)—The Dallas Cowboys have hired Gene Stallings, who lost his head coaching job at Texas A & M after last season, it was announced Saturday.

Coach Landry's as well as the Cowboy team," Stallings said. "I just hope I can make some contribution to the organization."

Stallings, a 1957 graduate of Texas A&M, returned there in 1964 as head coach. In his third season his team won the Southwest Conference championship and then beat Alabama in the Cotton Bowl.

"It was a move we had to make," said Cowboy coach Tom Landry. "It was felt we had to split up some of the duties in Bobby Franklin's area. He's been trying to coach the secondary, the specialty teams and handle all our film work."

"Franklin will handle the kicking game and continue his film work and Gene will take the secondary," Landry said.

"We've always recognized Gene's ability as a coach and his major background is defense and in the defensive secondary."

The hiring of Stallings does not set precedent with the Cowboys.

Jim Myers, the offensive line coach and running game coordinator, was hired by Dallas in 1962 after he lost the head coaching job at A&M.

Stallings, 36, will join the Cowboys in about a week, a spokesman said.

"I'm extremely pleased to be able to join an organization such as the Dallas Cowboys, as I've always been a fan of

Before returning to A&M the Paris, Tex., native had coached at Alabama under Paul "Bear" Bryant, who was his coach at A&M.

"Although Gene's major experience has come in college football, we feel he'll make the adjustment easily and do a good job for us just as Jim Myers and others have," Landry said.

Stallings, a 1957 graduate of Texas A&M, returned there in 1964 as head coach. In his third season his team won the Southwest Conference championship and then beat Alabama in the Cotton Bowl.

Enze Ferrari Has Hopes Of Winning

DAYTONA BEACH, Fla. AP—Enze Ferrari puts on display Sunday the troops and firepower he hopes will bring the first world auto racing championship to Italy in years.

Three of Ferrari's latest creations, snarling little three-liter, 12-cylinder bombs capable of 200 miles per hour when given room, hold down the top starting spots in a 47-car field that will race for six hours over Daytona International Speedway's 3.81 mile track road course.

Italian-born Mario Andretti and Belgian Jacky Ick will co-drive the lead Ferrari. Andretti forged the fastest lap

of the field, a sparkling 131.606 miles per hour to win the pole position.

The other front-row Ferrari will have Clay Reggazzoni of Switzerland and Brian Redman of England at the wheel. It qualified a shade slower at 130.679 mph.

Ronnie Peterson of Sweden, the runnerup to Jackie Stewart on the 1971 Formula 1 circuit, is paired with Australia's Tim Schenken in the third Ferrari, qualifying at 129.347 mph.

The six-hour race-plus two others run off Saturday afternoon and early Sunday replaces the traditional Daytona 24-hour marathon.

SPORTS

Shamrock Jaycees To Host 1972 Crow Hunt

The Shamrock Jaycees will be hosting their 1972 annual Crow Shoot each Saturday and Sunday Feb. 19-20 and Feb. 26-27.

Registration will be at the Jaycee Hall at 107 E. Second, between 1 p.m. and 4 p.m. each Saturday and Sunday. The registration fee will be \$2.00 per person.

All hunters are asked not to bring rifles or pistols as this hunt will be for crows only. All hunting parties will be escorted by members of the Jaycees to the proper hunting areas. Trophies will be awarded to the top individual, top team and top Junior individual. There will be a trapshoot both Saturday and Sunday at 2 p.m.

The Jaycees urged that all hunters bring their biggest shotgun, full or modified choke and plenty of shells in whatever shot size wanted or needed. The Shamrock club suggested that hunters use shot No. 6 for maximum knock down power.

Another point emphasized by the Jaycees was to wear

warm clothing. Insulated underwear, warm coats, boots, gloves, parka hood, or caps with ear flaps were items suggested for the hunters' comfort.

The Jaycees suggested all hunters bring along a change of light clothing in case there were warm days for the hunt.

Camouflage suits or inexpensive nets were the best colored items according to the Shamrock club but, khaki, brown or other dark outer clothing were preferable to the hunt. The club specified that no bright colored clothing should be worn in the field.

Electric game callers or regular crow calls will be allowed in the hunts and it was suggested that hunters owning such a device bring it.

The Jaycees stated they would arrange all reservations if interested people would call 806-256-1501 and let them know how many people were in the hunting party and when entries were expected to arrive in Shamrock.

Shockers-Thrashers Defeat Borger Teams

The Pampa Shockers defeated the Borger Bullpups by a 17 point margin Friday night in Harvester Fieldhouse behind the torrid shooting of Damon DeWitt. DeWitt led the Junior Varsity with 23 points.

Randy Warner had 12 points for the Shockers and played a good defensive game. The Bullpups trailed by five points at the end of the first quarter as the Pampa crew hit the nets for a total of 16 points compared to 11 for the opposing team.

In the second quarter coach Ronnie Hearne's charges kept the pace fast as they struck out against the Borger defense for a total of 15 points while

the home team held the Pups to a mere 8 points.

At the end of the third period of play the Pampa team had to fall back and regroup as the Bullpups had erased the large 12 point margin to only four points as the Shockers led 42 to 38 starting the final minutes.

The fourth period made the difference as Pampa pushed the big ball through the hoop for 18 points while Borger could only manage 9 more for an ending score of 60 to 47.

In other Friday night action the Thrashers-Pampa's sophomore team pounded out another hometown victory with their 71 to 55 defeat of the Borger Sophomores.

The Pampa crew was led in their efforts by Best and Parker with 10 points apiece. All in all a total of 10 sophomores drew blood against the Borger team.

In the sophomore game Pampa led 16-10 at the end of the first period of play; 31-17, second period; 55 to 35, third period; and the final was 71 to 55.

The Detroit Tigers will play 16 exhibition games in Lakeland, Fla., next spring, opening with the Minnesota Twins on March 4.

Two-year-old champion Riva Ridge won his last five races in 1971, all with jockey Ron Turcott.

Pampa Youth Center Schedules Tournament

The Pampa Youth and Community Center is having its eighth annual Top O' Texas Independent Basketball Tournament on February 28-March 3, 1972. Teams from everywhere are invited to enter including church, independent, industrial, club, etc.

The tournament will be held at the Pampa Youth and Community Center at 1005 West Harvester in Pampa Feb. 28-March 3.

Games will be played at night. Definite times will be established after the PYCC receives all entries and scheduling will be so teams coming from out-of-town will be given preference for the late times.

All teams entering are guaranteed to play two games in the tournament. Teams from the same town will not be matched together in the first round of play. This will allow as many teams from one city to enter as wants to do so.

Entry fee per team is \$25 due with the entry form. The deadline for the entry fee is Saturday Feb. 19 at 12 noon. All checks for entry fees

should be made payable to the Pampa Youth and Community Center.

Each team will be limited to maximum of 12 players and rosters should be turned in when the team plays its first game. Players cannot transfer from one team to another.

All games will be played under the 1971-72 NCAA Official Basketball Rules. Games will be played in 16 minute halves with 10 minutes between halves. A team will be allowed 10 minutes before a scheduled contest will be forfeited. Games will go on at the time scheduled. A player, receiving 2 technical fouls in any one game will be eliminated from the tournament.

There will be trophies for first, second and consolation winners. There also will be a sportsmanship trophy for the team displaying the best sportsmanship during the tournament.

All teams must furnish their own balls and uniforms and jerseys must have numbers on the front and back and must be of the same color.

Feuerbach Defeats Matson By Two Feet

ASSOCIATED PRESS

Patty Johnson broke a world record and Dr. Delano Meriwether broke his stride.

Those were the highlights of track meets in Toronto and Fort Worth, Tex., Friday night that also saw Michigan State's Herb equal the world record in the 50-yard dash and Tom Von Ruden run the fastest mile in the world this year.

Mrs. Johnson, a bespectacled 21-year-old from Renton, Wash., sped to victory

in 6.4 seconds in the women's 60-yard dash at the Toronto Star Maple Leaf Indoor Games. That broke the world mark of 6.5 set two years ago by Chi Cheng of Taiwan.

Dr. Meriwether, the dashing doctor who was expected to seriously challenge Washington the 50-yard sprint, startled the packed Maple Leaf Gardens when he checked his stride after making his usual fast start and finished last in 5.4. He said he heard the echo from the starter's pistol and thought a false start had been called.

In the Coaches Indoor Games at Fort Worth, Von Ruden swept past Leonard Hilton on the final lap and won the mile in a blistering 3:57.9. Hilton was clocked in 3:58.9. Al Feuerbach, like Von Ruden a member of the Pacific Coast Club, ended Randy Matson's seven-year dominance in the shot put with a heave of 68 feet, 5 1/4 inches, more than five inches off his world indoor mark of 68-11 but better than Matson's 66-10 1/4. It was Feuerbach's fourth triumph over Matson this season.

Also at Fort Worth, former Texas A&M star Curtis Mills won the 400 in 48.6, Lee Williams of Ranger J.C. took the 800 in 1:11.5 and the 1,000 went to Larry Rose of the Pacific Coast Club in 2:10.1.

Back in Toronto, Leon Coleman nipped Willie Davenport in the 50-yard hurdles with the first five finishers all timed in 5.9 seconds. Marty McGrady and Lee Evans both bettered the meet record of 1:10.5 in the 600, world record-holder McGrady winning in 1:09.7 to 1:10.2 for Evans.

Byron Dwyce of Jamaica took the 1,000 over Czechoslovakia's Josef Plachy in 2:09.4. Australia's Ralph Doibell, the world record-holder, twisted his ankle and failed to finish.

Hunting Slim For Underweight Deer

AUSTIN — Texas has more deer than any other state, but Texas hunters have to kill two or three times as many deer to get as much meat as hunters who kill one deer in other states.

This is just one of the conclusions which could be drawn from a survey made by Professor Sidney W. Wilcox of Arizona State University in Tempe. The survey is titled "Deer Production in the United States."

Subtitled, "A Survey By States Showing the Dollar Value of Deer As Table Meat in the Years 1969 and 1970," the survey is based on data received from game departments in all 50 states.

Wilcox found that Texas leads the nation in deer production. The average field-dressed white-tailed deer came to around 50 pounds in Texas and produced approximately 25 pounds of boneless meat.

Minnesota, at the other extreme, whitetails average 138 pounds field dressed and produce 70 pounds of boneless meat.

Extensive studies in other states show that approximately 50 percent of the weight of a field-dressed deer is edible meat.

Marquette Downs DePaul

CHICAGO AP — Unbeaten, second-ranked Marquette stretched its winning streak for this season to 17 Saturday by trimming DePaul 79-61.

The victory was the 51st in a row in regular-season play for the Warriors. DePaul lost for the sixth time in 14 starts this season.

All five Marquette starters hit in double figures, with Allie McGuire leading with 20 points.

The Warriors, sparked by Bob Lackey, opened a 25-point edge, 55-30, before DePaul rallied for 12 straight points. But the outside shooting of McGuire and Marcus Washington carried Marquette farther out of reach.

Devell Hits Bonus To Give SMU A Win

DALLAS (AP) — Larry Devell hit both ends of the bonus situation with 12 seconds to go to give SMU a 74-70 Southwest Conference win over Baylor Saturday afternoon.

The win insured the Mustangs a tie in the race for the SWC leadership.

In a game marked by 34 turnovers, SMU missed five free throws in the last two minutes to allow Baylor to stay close. Neither team led by more than seven although Baylor threatened to pull away during the early minutes of the first half.

SMU, led by senior forward David Miller, who hit three straight shots from the field, came back to take the lead at 38-36 with less than a minute to go in the first half.

Baylor regained the lead early in the second half but SMU came back to take permanent command at 63-62 on a three-point play by Ruben Triplett.

Baylor had the rebounding edge by 44-37 but the Mustangs outshot the Bears 48 to 46 per cent.

The win gave SMU a 5-1 record in SWC play while Baylor sagged to 2-4.

Dallas Signs Draft Choice

DALLAS (AP) — The Dallas Cowboys of the National Football League signed defensive tackle Alfonso Cain, their 17th round draft choice, Saturday.

The 6-3, 271-pound Cain played his college ball at Bethune-Cookman College in Daytona Beach, Fla. He was the 42nd and last collegian selected in the NFL draft Wednesday and is the first Cowboy draftee to sign.

Terms of Cain's multiple year contract were not disclosed.

He didn't insure his car through an independent insurance agent. Then, with inadequate coverage, he had an accident—his fault. To satisfy the judgment, he had to sell everything he owned. Protect yourself. Call Joe Fischer Insurance today!

Skier Suffers Injuries

SAPPORO, Japan (AP) — Eric Poulsen, a member of the U.S. Olympic Alpine skiing team, suffered a fractured left arm and torn knee ligament in a training spill, early Saturday.

The 21-year-old international veteran from Olympic Valley, Calif., veered off the course about halfway down and took a bad spill.

His father, Wayne, said he apparently was blinded by driving snow.

The accident occurred shortly before Poulsen's sister, Sandra, competed in the ladies' downhill race. Sandra tied for 21st.

WTSU Defeats Houston Baptist

AMARILLO, Tex. (AP) — West Texas State held off a late rally by Houston Baptist for a 76-74 basketball victory Saturday night.

Hot shooting by Eddie Brown and E. C. Coleman in the closing minutes cut a 12-point Buffalo lead down to the final two.

Steve Davidson paced West Texas with 25 points and 16 rebounds followed by Kyle Sunderman and Jerry Christian with 12 each.

Coleman led the Huskies with 21 points and Brown totaled 18.

West Texas pushed its season record to 10-7 and dropped Houston Baptist to 7-11.

Americans Defeated By Sweden

SAPPORO, Japan (AP) — "We're young, we're aggressive and we'll be back and ready for Czechoslovakia," said U.S. hockey coach Murray Williamson Saturday after losing to Sweden in the opener of the Winter Olympics tournament.

In Saturday's games in Group A play, form prevailed as third-ranked Sweden topped the United States 5-1. No. 1 Russia overpowered Finland 9-3 and No. 2 Czechoslovakia ripped Poland 14-1 in the six-team round-robin tourney for the gold medal.

The Class A teams rest Sunday before resuming on Monday with the Americans taking on Czechoslovakia, Russia meeting Sweden and Finland taking on Poland.

Williamson says his skaters have been in a shooting slump but vows they'll improve. He believes Sweden is vastly improved and "could upset the applecart" and take the title away from defending champion Russia.

The Russians were held in check until midway in the second period against scrappy Finland. But with the score tied at 3-3 the Soviets got a quick pair of goals and went on to rout the Finns.

Looking ahead to another gold medal, Russian coach Arkadii Tchernenchev said: "There are no weak opponents. You have to prepare for the respect every opponent. Those who do not act this way could be beaten."

Japanese Fighter Starts Training

MEXICO CITY AP — Japanese Bantamweight Kazuyoshi Kanazawa began training for his March 13 fight against Mexican national champion Romeo Anaya with a light session Friday that was somewhat disturbed by boxing fans.

Kanazawa pushed through the crowd with difficulty to reach one of the rings and start his training. In its enthusiasm the crowd broke several ropes and damaged some rings.

The Japanese was able to work out for a while, but not as he would have liked because of the enthusiasts and autograph seekers, observers said.

Friday morning he ran for 45 minutes in Chapultepec Park.

Kanazawa is expected to leave Sunday for Tuxtla Gutierrez in Southern Mexico near the Guatemalan border where the fight will be held.

TOO GOOD TO COPY
ST. LOUIS (AP) — When asked if he copied any of the traits of Roberto Clemente, his fellow countryman, Jose Cruz, St. Louis Cardinal rookie outfielder said: "He's too good to copy."

Cruz 23, comes from Arroyo, P.R., and is one of 12 children.

Shelley-Starbuck Team Up For U.S.

SAPPORO, Japan (AP) — America's Ken Shelley and Jo Jo Starbuck, who are warm friends, start their first precise moves Sunday in an effort to upset Russia's world pairs figure skating champions, who treat each other as coolly as the ice they skate on.

Meanwhile, Americans could reflect with pride on Susan Corroch, the round-faced, button-nosed blonde who brought the United States its first medal in the 11th Winter Olympics by winning the bronze in the women's downhill Saturday.

As expected, Austria's Beatrix Schuba skated away with the women's compulsory figures. Julie Holmes of North Hollywood, Calif., was second. Canadian Karen Magnusen third and Janet Lynn of Rockford, Ill., fourth.

Miss Lynn, who had been regarded as the United States' best hope for taking the gold medal away from Miss Schuba, appeared to be hopelessly behind. She would have to skate perfectly in the free skating Monday night, and Miss Schuba would have to perform very badly. The Austrian is regarded as more mechanical than graceful—but graceful enough to keep her lead.

Miss Holmes didn't appear to have a chance, either. "I don't think Julie can catch me," said Trixi. So America's medal hopes in women's figure skating were reduced to silver and bronze.

The only other American in the competition, Suna Murray, 16, of South Orange, N.J., was 13th.

The United States hockey team took a sound 5-1 beating from third-ranked Sweden Saturday. The Americans had Sunday off and Monday they must face second-ranked Czechoslovakia, which whipped Poland, 14-1.

Defending champion Russia, held to a 3-3 tie midway in the second period by Finland, rallied for an eventual 9-3 victory.

Ulrich Wehling of East Germany became at 19 the youngest man ever to win the Nordic combined gold medal by placing fourth in the 70 meter jump on Friday and third in the 15 kilometer cross country Saturday.

Rauno Miettinen of Finland took the silver medal and Karl Heinz Luck of East Germany the bronze.

Michael Deveckka of Portland, Ore., finished 21st, James Miller of Syracuse, N.Y., 34th, Teyck Weed of Etna, Vt., 38th and Robert Kendall of Auburn, Maine, 39th.

Erhard Keller repeated the title he won in 1968 by setting an Olympic record of 39.44 seconds, in the 500 meter speed skating event. Hasse Borge of Sweden was second in 36.60 seconds and Valeri Mouratov of Russia was third in 39.08.

West Germany won the first two places in the two-man bobsled. Wolfgang Zimmerer and Peter Utzschneider were first in times of 1:48.1-1:45.6-1:1.51-4:57.07. Horst Floth and Pepi Bader, silver medalists in 1968, repeated, and Jean Wicki and Edi Hubacher of Switzerland won the bronze.

United States entrants in Sunday's competition included: Women's 10 kilometer cross country—Margie Mahoney, Anchorage, Alaska; Trina Hosmer, Santa Monica, Calif.; Martha Rockwell, Putney, Vt., and Owen Allison, East Wenatchee, Wash.

Besides Ken Shelley and Jo Jo Starbuck, the United States has Melissa and Mark Militano of Dix Hills, N.Y., and Barbara Brown and Douglas Berndt of Denver, Colo., in the pairs skating competition.

Before coming to Sapporo, it appeared the best the United States could hope for would be a silver medal in pairs. The U.S. national champions, Shelley and Starbuck, face the world champions, Irina Rodnina and Alexei Ulanov.

success in Sunday's other events—women's 10-kilometer cross country ski race, the 70-meter jump and men's 1,500-meter speed skating.

At the end of the second day of competition, West Germany led in medal tabulation with two gold and one silver. East Germany, Russia and Switzerland all had one gold and one silver. The Netherlands one gold, Norway two silver and two bronze, Austria, Finland and Sweden one silver each, and the United States the bronze captured by its bubbly skier from Ketchum, Idaho.

As expected, Austria's Beatrix Schuba skated away with the women's compulsory figures. Julie Holmes of North Hollywood, Calif., was second. Canadian Karen Magnusen third and Janet Lynn of Rockford, Ill., fourth.

Miss Lynn, who had been regarded as the United States' best hope for taking the gold medal away from Miss Schuba, appeared to be hopelessly behind. Ski Report

A report by the U.S. Forest Service on snow conditions at National Forest Winter Sports Areas in New Mexico.

SIERRA BLANCA SKI AREA

Lincoln National Forest, 16 miles northwest of Ruidoso. Base conditions: upper and lower trails—adequate; depth of snow at midway station - 40 inches; type of snow - packed powder; weather - clear; skiing conditions: upper and lower trails—good to excellent; roads - good; chains - advised.

RED RIVER SKI AREA

Carson National Forest, Red River, N.M., 40 miles (paved) NE of Taos. Base conditions: upper and lower trails - adequate; depth of snow at midway station - 11 inches; type of snow - packed powder; weather - clear; skiing condition: upper and lower trails - good; roads - good; chains - not needed. Beginner area - good skiing on man made snow.

TAOS SKI VALLEY

Carson National Forest, 19 miles northeast of Taos. Base conditions: upper and lower trails - adequate; depth of snow at midway station - 52 inches; type of snow - packed powder; weather - clear; skiing conditions: upper and lower trails - good; roads - good; chains - not needed.

SIPAPU SKI AREA

Carson National Forest, 3 miles west of Tres Rios. Base conditions: upper and lower trails - adequate; depth of snow at midway station - 10 inches; type of snow - frozen

granular; weather - clear; skiing conditions: upper and lower trails - fair to good; roads - good; chains - not needed.

RED RIVER SKI AREA

Carson National Forest, Red River, N.M., 40 miles (paved) NE of Taos. Base conditions: upper and lower trails - adequate; depth of snow at midway station - 11 inches; type of snow - packed powder; weather - clear; skiing condition: upper and lower trails - good; roads - good; chains - not needed. Beginner area - good skiing on man made snow.

TAOS SKI VALLEY

Carson National Forest, 19 miles northeast of Taos. Base conditions: upper and lower trails - adequate; depth of snow at midway station - 52 inches; type of snow - packed powder; weather - clear; skiing conditions: upper and lower trails - good; roads - good; chains - not needed.

SANTA FE SKI BASIN

Santa Fe National Forest, 16 miles northeast of Santa Fe. Base conditions: upper and lower trails - adequate; depth of snow at midway station - 38 inches; type of snow - packed

powder; weather - clear; skiing conditions: upper and lower trails - good; roads - good; chains - not needed.

SANDIA PEAK SKI AREA

Cibola National Forest, 29 miles northeast of Albuquerque. Base conditions: upper and lower trails - adequate; depth of snow at midway station - 20 inches; type of snow - unbreakable icy; weather - clear; skiing conditions: upper trails - good; lower trails - fair to good; roads - good; chains - not needed.

BAILEY AND PUMPHOUSE SNOWMOBILE TRAILS

Lincoln National Forest, Cloudcroft, N.M. Inadequate.

PLACER CREEK AND SANTA ROSA SNOWMOBILE TRAILS

Carson National Forest, 20 miles northwest of Tres Piedras. Parking 14 miles northwest of Tres Piedras and 12 miles southeast of Tierra Amarilla. Base conditions - 4 to 24 inches; surface - crusty and windblown; snow depth - 4 to 50 inches; overall snow conditions - good but rough in areas exposed to wind; roads - clear and dry. Santa Rosa Trail - signed; Placer Creek Trail - not signed.

Our Men In Military

Alvin G. Pinkston
U. S. Air Force Chief Master Sergeant Alvin G. Pinkston, son of Mr. and Mrs. John D. Pinkston of Levelland, is on duty at Udorn Royal Thai AFB, Thailand.

Sergeant Pinkston, a maintenance superintendent, is assigned to a unit of the Pacific Air Forces, headquarters for air operation in Southeast Asia, the Far East and Pacific area.

Before his arrival in Thailand, he was assigned at Offutt AFB, Neb.

The sergeant, a 1944 graduate of Ropesville High School, earned his B.S. degree in elementary education in 1953 at Texas Technical College.

His wife, Nina, is the daughter of Ray Phagan, 509 Baylor St., Perryton, Tex.

Technical Sergeant John J. Engle, son of Mrs. Norma B. Engle of McLean, has arrived for duty at Eielson AFB, Alaska.

Sergeant Engle is an information technician with a unit of the Alaskan Air Command which guards the Arctic air approaches to North America. He previously served at the U. S. Air Force Home Town News Center, Tinker AFB, Okla., and in Vietnam.

The sergeant, a 1957 graduate of Enid (Okla.) High School, attended Phillips University, Enid, and Oklahoma City University.

His wife, Karen, is the daughter of Mrs. Ruth G. White of Rt. 1 Aline, Okla.

KENNETH D. WOOD
Sergeant Kenneth D. Wood, whose wife, Kathy, is the daughter of Mr. and Mrs. A. L. Cagle of Detroit, Tex, has arrived for duty at Richards-Gebaur AFB, MO.

Sergeant Wood, a supply specialist, is assigned to a unit of the Air Force Communications Service which provides global communications and air traffic control for the USAF.

He previously served at Alconbury RAF Station, England.

A 1967 graduate of Sherman High School, the sergeant attended Grayson County College, Denison. Sergeant Wood, formerly of Sherman, is the son of Mr. and Mrs. Benny Wood.

DELBERT E. KIMBRELL
Delbert E. Kimbrell, son of Mr. and Mrs. Delbert A. Kimbrell of 234 Canadian St., has completed nearly two-months of continuous operations in the Indian Ocean and South China Sea aboard the nuclear powered aircraft carrier USS Enterprise.

The Enterprise was ordered to the Indian Ocean during the height of the Indo-Pakistani war in the event it became necessary to evacuate Americans from East Pakistan.

A visit to Subic Bay in the Philippines ended the arduous deployment.

GLEN D. CUNNINGHAM
Apprentice Navy Fireman Glen D. Cunningham, son of Mr. and Mrs. Don Dorsey of Lefors, has completed nearly two-months of continuous operations in the Indian Ocean and South China Sea aboard the nuclear powered aircraft carrier USS Enterprise.

The Enterprise was ordered to the Indian Ocean during the height of the Indo-Pakistani war in the event it became necessary to evacuate Americans from East Pakistan.

MICHAEL D. WEIS
Airman Michael D. Weis, son of Mr. and Mrs. Wilbur D. Weis of Perryton, has completed his U.S. Air Force basic training at the Air Training Command's Lackland AFB. He has been assigned to Sheppard AFB, for training as a medical services specialist. Airman Weis is a 1971 graduate of Perryton High School.

LARRY M. DUGGINS
Larry M. Duggins, son of Mr. and Mrs. Lyle C. Whipkey, Ponca City, Okla., has been promoted to sergeant in the U. S. Air Force.

Sergeant Duggins, a radar maintenance specialist at Lajes Field, Azores, is assigned to a unit of the Air Force Communications Service which provides global communications and air traffic control for the USAF.

A Gubernatorial Candidate May Have To Spend \$750,000 In Primary

By **GARTH JONES**
Associated Press Writer
Now that most of the expected big names are on the May 6 primary ballot a good many people are beginning to look at the men behind the man.

There's a lot of big names there too—in state campaign headquarters staffs, fund raisers and public relations experts extraordinary.

When Lt. Gov. Ben Barnes officially filed as a Democratic candidate for governor the other day he frankly estimated it would take a minimum of \$750,000 in the coming primary for a gubernatorial candidate "to run a good media campaign."

That means paying for the radio and television advertising contracted by campaign headquarters, the considerable cost of printing and direct mailing of posters,

letters and such; for the daily or sometimes several times a day press releases and for the men who handle all this.

Barnes' estimate may be low compared with some of the record estimates given in the past by gubernatorial and senatorial candidates.

One veteran Austin public relations firm executive estimated the other day it would take \$7,500 to \$10,000 for a statewide candidate to pay for the public relations expenses of merely announcing for office and running a bare bones campaign until May 6. This does not include any advertising or radio TV time or any state headquarters operational expenses.

"We talk to a lot of people who are ambitious and they change their minds after they get the figures," the PR executive said.

There have been no campaign expense accounts filed so far and none are required by state law until April 28, with a final expense accounting for the first primary due May 16.

Where does the money go? In Barnes' campaign a goodly portion likely will go to two big name public relations and political relations firms—Read Poland-Poland Inc. and Christian-Miller and Honts Inc. Julian Read was one of former Gov. John Connally's closest advisors in all his campaigns and while Connally was governor, George Christian was an aide to Connally, former Gov. Price Daniel and former President Lyndon B. Johnson.

Those directly helping with the Barnes campaign include Jerry Hall, former press aide to Gov. Preston Smith, and Sam Kinch Jr., veteran capital political reporter recently retired from the Fort Worth Star-Telegram.

Smith, who does a lot of campaign policy work himself, has his son, Mickey Smith, as campaign manager as he did in his re-election campaign of 1972. Otice Green, Lubbock public relations man, has been his campaign director since 1956 and Jerry Conn, Austin public relations man, has been with Smith since 1967.

Dolph Briscoe, South Texas rancher and banker opposing Smith and Barnes in the primary, is just getting his statewide headquarters organization underway although he has spent considerable time setting up local units throughout the state. His state headquarters has been in San Antonio with George Lowrance, a veteran

of the Bentsen senatorial campaign as state campaign manager. An Austin firm, Jack Canson Associates, has handled advertising and speeches and press releases. Recently Briscoe put on the payroll DeLoss Walker, 40, of Memphis, Tenn., a nationally known image maker who managed the darkhorse 1970 election of Dale Bumpers for Arkansas governor over Orval Faubus.

Sen. John Tower, R-Tex., seeking re-election, has the distinction of having a woman campaign manager, attractive Nola Smith of Austin who is a veteran worker in Tower campaigns and his Austin office. Kyle Thompson, veteran wire service reporter of Houston and Austin and press director of the Eugene Locke gubernatorial campaign in 1968, is his media director. Former Sen. Ralph Yar-

borough, also, is a late comer in getting a state headquarters organized. He also likes to do much of the policy making himself. When he announced early in January, Yarborough said at the same time that Bernard Rapoport, wealthy Waco insurance executive, would be his state finance chairman. Cliff Holmes, formerly with the State Bar of Texas, is assistant campaign manager and T. Scott Burton, formerly with the Baptist General Convention of Texas, is public relations aide.

Another candidate for lieutenant governor, Sen. Wayne Connally, Floresville, has as his campaign manager a brother, Merrill Connally of Floresville, who successfully handled the gubernatorial campaigns of a third brother, John B. Connally, now secretary of Treasury.

I didn't use my anti-perspirant yesterday and may not today because I feel absolutely dry.

Mitchum Anti-Perspirant Spray contains more anti-perspirants than any leading spray. You may be able to skip a day and remain dry...even if you perspire heavily.

After years of research, Mitchum has found a way to adapt the famous formula of its liquid and cream to a remarkably effective aerosol spray. Mitchum Anti-Perspirant Spray contains more anti-perspirants than any leading spray.

The result is an anti-perspirant spray powerful enough to cope with problem perspiration and give protection against perspiration odor. You can even feel the power of its unique spray.

Yet, Mitchum's exclusive buffering process makes this anti-perspirant spray safe for your clothes, gentle to your skin.

Use Mitchum four consecutive nights. Then you may discover that you, too, can skip a day and still stay dry and odor-free, even if you perspire heavily.

GUARANTEED. If you are not fully satisfied, return unused portion to the store where you purchased it. Your retailer is authorized to return full cash price.

MITCHUM ANTI-PERSPIRANT SPRAY \$3.50
FOR PROBLEM PERSPIRATION WHEN OTHERS FAIL

Good Looks Cream for Whole Family

A "good-looks" cream for family skin problems! Called Esoterica. Invisible—fast acting, because it carries medication in the skin where these problems start. So effective, Esoterica is now featured by leading stores everywhere.

Fades Age Spots on hands

*Weathered brown spots on your hands and face tell the world you're getting old, perhaps before you really are. Fade them out with Esoterica, the medicated cream that breaks up masses of pigment in the skin to help make it look white, smooth, young again. Younger folks may use Esoterica to help retard age signs indefinitely.

Helps Irritated Pores

Often a man's first "old age mark" Open irritated pores may cause your complexion to look rough, and unclean. Regular use of Esoterica helps shrink the opening to smooth out roughness. Here's a tip for men: Use Esoterica daily. Leaves skin supple, clearer, and clearer. Its delicate fragrance soon disappears, yet, the beneficial result is long-lasting because Esoterica works in the skin.

Surface Pimples

Stubborn outward pimples caused by weather and neglect respond fast. Esoterica cleans-up skin troubles where other creams have failed. No longer need you suffer the embarrassment and loneliness caused by these unsightly blemishes. Apply Esoterica at night—tomorrow, your mirror will start to reveal a clearer, brighter and smoother skin. It's not a cover-up. It penetrates deep to work from inside out.

ESOTERICA SOAP softens skin, helps clear surface blemishes. Combats dryness.

An arrangement of white and gold. 15-br candelabra, marked with white. The bride wore a white gown, the bride of white velvet, low, round neck with embroidered and long tapered. The floor-length white tulle. Her three-illusion ending train, fell to her knees. She carried a bouquet of white buttercup stephanotis.

Attended by Mrs. Steph Amarillo, sister of the bride, Henkel and Heckman, both wore identical gowns of orchid with long full le empire waist carried cascading and crystal streamers.

Paul Howar uncle of the bride served as Groomsman. Bateman of Ricky Clark Serving as usher. Summers of P of the bride. Laubhan of P of the bride.

Miss Barbi Pampa, flower floor-length dress illusion ruffles.

Carol Faye Summers And Lee Ziegelgruber Marry

Miss Carol Faye Summers and Lee R. Ziegelgruber III, both of Pampa, were united in marriage at 7:30 p.m., Saturday, Feb. 5, in the Hi-Land Christian Church.

The bride is the daughter of Mr. and Mrs. Carl Summers, 2236 N. Dwight, and the parents of the bridegroom are Mrs. Violet Buban of Sherman and Lt. Col. Lee R. Ziegelgruber of Edmond, Okla.

The Ceremony
Rev. Harold Starbuck officiated for the double-ring ceremony.

Mrs. Harold Starbuck, organist, played "The Lord's Prayer." Kenneth Freeman sang "A Time For Us," and "Walk Hand In Hand."

Decorations for the ceremony included a large white Grecian urn filled with an arrangement of white mums and gladioli, flanked by two gold, 15-branched spiral candelabra. Pews were marked with white bows.

The Bride
Given in marriage by her father, the bride wore a gown of white velvet, styled with a low, round neckline, edged with embroidered flowers, and long tapered sleeves.

The floor-length skirt fell from an empire waistline, highlighted with a band of embroidered grape clusters, accented with pearls. She wore an heirloom necklace, a gold acorn perfume well, that was 107 years old and was worn by the bridegroom's mother at her wedding.

Her three-tiered veil of illusion, ending in a chapel train, fell from a pearl headpiece shaped like a rose. She carried a cascade bouquet of white butterfly orchids and stephanotis.

Attendants
Mrs. Stephen Sloan of Amarillo, sister of the bride, was matron of honor. Bridesmaids were Miss Joy Henkel and Miss Cheri Heckman, both of Pampa. All wore identical full-length gowns of orchid satin, styled with long full sleeves and empire waistlines. They carried cascade bouquet of iris and crystal lace mums, accented with ivory streamers.

Paul Howard of Pampa, uncle of the bridegroom, served as best man. Groomsman were Tommy Bateman of Sherman and Ricky Clark of Pampa. Serving as ushers were Butch Summers of Pampa, brother of the bride, and Jerry Laubhan of Pampa, cousin of the bride.

Miss Barbara Cross of Pampa, flower girl, wore a floor-length dress with white illusion ruffles, the same dress

MRS. LEE R. ZIEGELGRUBER III
...nee Carol Faye Summers

the bride wore 16 years ago when she was a flower girl at a cousin's wedding. Richard Van Kluyve was ringbearer.

Archie Summers of Pampa, brother of the bride, and Ricky Laubhan of Pampa, cousin of the bride, were candlelighters.

Mothers
The bride's mother wore a white and orchid knit suit with an orchid crepe blouse and

white accessories. Her corsage was of orchid and white carnations.

The bridegroom's mother wore a dress of pink chiffon over pink polyester, with matching accessories. Her corsage was of pink and white carnations.

Reception
For the reception in the Hospitality Room of Citizen's Bank, the serving table was

covered with a white silk cloth, centered with an arrangement of white and orchid mums.

The four-tiered wedding cake, trimmed in orchid roses and white pearls, was topped with a pearl heart and white doves.

Mrs. Ron Smith of Pampa presided at the punch bowl, and Miss Dee Ann Book and Miss Kristina Hansen, both of Lubbock, served the cake. Guests were registered by Miss Lynn Ziegelgruber, of California, sister of the bridegroom.

For the wedding trip, the bride wore a purple velvet dress, trimmed in white lace, with matching accessories. Her corsage was of white butterfly orchids.

The couple will be at home at 1517 Dogwood, Pampa.

Affiliations
The bride is a 1969 graduate of Pampa High School, where she was a member of the National Honor Society, Future Teachers of America and the Pep Squad. She was graduated from a commercial college in Lubbock in 1970, and is employed as a secretary at Citizen's Bank and Trust Company.

The bridegroom, a 1966 graduate of Sherman High School, received his bachelor of science degree in psychology and business from East Texas State in 1970. He is employed by Panhandle Industrial Company, Inc., Pampa.

Study Meeting Held By Class

SKELLYTOWN (Spl.)
—The Ladies Bible Class of the Church of Christ met for Bible study at the church. Mrs. Grace Smith gave the opening prayer. Mrs. Jean Douglas taught the lesson, "Growing Old Gracefully." Mrs. Earl Lane gave the dismissal prayer.

Attending were Mrs. Grace Smith, Earl Lane, Bill Wood, Bennie Woodward and Jean Douglas.

Humorous Program Presented

Mrs. Don Huffacker reviewed the book, "Penny Candy" by Jean Kerr at the guest-day meeting of LaCultura Club in the home of Mrs. Ralph Dozier, 1909 Fir.

Mrs. Huffacker explained the book is a collection of 15 humorous pieces on such topics as "How to Talk to a Geranium," "How Charming, Intelligent Women Drive Their Husbands Crazy," "Marriage, Unsafe at Any Speed," "Twiggy Who?"

Mrs. Huffacker and Mrs. Ralph Dozier gave a reading from the book.

The business session was led by Mrs. Lee Foxworthy, who reminded the women of the Federated Women's convention, to be held March 23-24, in Dumas.

Next meeting will be at 10 a.m. Tuesday in the home of Mrs. S. L. Tate, 2300 Comanche.

Guests attending were Mrs. Carl Brugger, Mrs. Hershall Ferguson and Mrs. Edsel McCrea. Members present were Mrs. David Darron, Walter Colwell, Don Wilson, Lee Foxworthy, Ralph Dozier, Mike Kuralt, Jim Johnston, S. L. Tate, Imre Nagy, Don Huffacker and Max Lovell.

Anniversary Is Observed

GROOM—(Special)—Mr. and Mrs. Tom Britten were honored on their twenty-fifth wedding anniversary, at St. Mary's School Hall. Hosting the occasion were Mr. and Mrs. Donnie Williams, Dianna Britten, Mrs. Bud Babcock, Mrs. Leona Babcock and Mrs. Charles Acker, all of Canyon.

Those present were Mr. and Mrs. Donnie Williams and Julie, Mr. and Mrs. Gene Podzenmy, Mr. and Mrs. Charles Acker, Judy and Jeanie, all of Canyon; Mr. and Mrs. Harry Kleman and Mr. and Mrs. Tony Acker, Nazareth, Mrs. James Galleghar, all of Olton; Mr. and Mrs. Henry Cooper of Summerfield; James Britten of White Deer; Mrs. Josephine Britten, Mrs. Linda Babcock, Mrs. Bud Babcock, Dennis, Joyce and Gary, Mrs. Leona Babcock, Jimmy, Danny and Bunny, Ray Britten, Howard, Kathy and Sandy and Father Arnold Carlson, all of Groom, the honoree, Mr. and Mrs. Tom Britten and family, Dianna, Patty, Sharon and Connie.

Mr. and Mrs. Albert Britten and Mr. and Mrs. Art Britten and son, Mark joined the group during the evening.

The occasion was also Mr. and Mrs. Art Britten's wedding anniversary and the birthdays of Connie Britten and Jeanie Acker.

Engagement Announced

Mr. and Mrs. T.O. Trout, 2119 N. Faulkner, announce the engagement of their daughter, Karon to Jim Bonnell, son of Mr. and Mrs. W.R. Bonnell, 631 N. Faulkner. The wedding will take place June 16, in the Central Baptist Church. The bride-elect is a freshman student at West Texas State University, Canyon. The prospective bridegroom is a junior student at Oklahoma State University, Stillwater, Okla.

The Women's Page

The Pampa Daily News
PAMPA TEXAS 65th YEAR Sunday, Feb. 6, 1972

MRS. KEVIN RAY GLOVIER
...nee Brenda Sue Wilson

Brenda Wilson Becomes Bride Of Kevin Glovier

Miss Brenda Sue Wilson of Pampa became the bride of Kevin Ray Glovier of Amarillo at 8 p.m. Saturday, Jan. 29, in the First Christian Church of Pampa.

Parents of the bride are Mr. and Mrs. Joe E. Wilson, 1332 Terrace, Pampa, and the bridegroom is the son of Mr. and Mrs. Ray Glovier of Amarillo.

THE CEREMONY
Jack L. Mackey of Amarillo, Church of Christ minister, officiated for the double-ring service.

Jerry Whitten, organist, played "We've Only Just Begun," and S.L. Tate, sang "A Time For Us" and "The Lord's Prayer."

For the candlelight ceremony, the church was decorated with four seven-branched candelabra, entwined with garlands of salal foliage, and two large, fan-shaped arrangements of pink gladioli, white mums and pink carnations. Pews were marked with pink carnations and pink satin bows.

THE BRIDE
The bride was given in marriage by her father with the "her mother and I" avowal. Her formal gown of angel mist was styled with a high neckline, an empire waistline, and long Camelot sleeves, all accented with eyelet appliques. Her bouffant, floor-length skirt, highlighted with eyelet appliques, was fashioned with a detachable chapel train.

Her veil of imported illusion, edged with lace, fell from a lace coil, and she carried a nosegay of pink sweetheart roses.

ATTENDANTS
Mrs. Lynda Eads of Pampa, sister of the bride, was matron of honor. Bridesmaids were Miss DeAnn Glovier of Amarillo, sister of the bridegroom; and Miss Sharla Laughlin of Dallas, cousin of the bride.

Kelly Copeland, cousin of the bride, and Kristi Waldrop, cousin of the bridegroom, were flower girls.

All wore identical, floor-length gowns of pink satin, styled with empire waistlines and long sleeves, accented with sequin trim. Their headpieces were pink velvet bows, and they carried nosegays of white carnations, with white streamers.

Larry Luper served as best man, and groomsman were Don Barnett and Joe Wilson Jr. Ushers were David Brady, Gene Eads and Joe Horner.

Jeff Copeland was ring bearer, and candlelight bearers were Charles Copeland, cousin of the bride, and Mark

Waldrop, cousin of the bridegroom.

RECEPTION

For the reception in the church parlor, the serving table was covered with a white satin cloth. Table decorations include silver candelabra, entwined with pink carnations, white pompons and fern, and holding five pink tapers.

The four-tiered wedding cake, decorated with pink roses, was topped with a miniature bride and bridegroom.

Miss Gay Addison of Amarillo presided at the punch bowl, and Mrs. Pat Copeland, aunt of the bride, served the cake. Guests were registered by Miss Tammy Waldrop, cousin of the bridegroom.

For the wedding trip to Red River, the bride wore a blue acrylic knit dress. Her corsage was of the pink roses from her bridal bouquet.

The couple will be at home at Wellington Manor Apartments, Amarillo.

AFFILIATIONS
The bride was graduated from Pampa High School in 1969 and is employed in Amarillo.

The bridegroom, a 1967 graduate of Amarillo High School, attended Amarillo College, Texas A&M and West Texas State University.

PRE-NUPITAL EVENTS
Pre-nuptial events included a miscellaneous shower in Amarillo and another shower in Pampa.

Club Chooses New Officers

GROOM—(Special)—The Nightin' Gals Club met recently in the Hospitality Room at the bank building for a covered dish luncheon.

New officers elected were president, Barney Davis; vice president, Sue Whitley; secretary and treasurer, Nettie Fields; reporter, Lucille West.

Present were Mrs. Shirley Lamberson, June Pool, Barney Davis, Ruby Denton, Sue Whitley, Sybil Harrell, Helen Homer, Mary Lee Friemel, Nettie Fields, Nadine Black, Ruby Swank, Lucille West, and Miss Beulah Shackley.

Genesis House Explained To Altrusa Club Members

The program for the recent noon luncheon of the Altrusa Club of Pampa was presented by Mrs. Lois Still at Genesis House. Mrs. Flossie Anderson introduced Mrs. Still, Supervisor who lives in the home with the girls providing a "real" home atmosphere for "real" girls.

In June, Genesis House began in Mrs. Still's 20' mobil home with two girls she stated. Later it was moved to a three room apartment and recently to a new home at the

corner of Starkweather and Browning.

Shelter, comfort and security to girls with problems is the purpose of Genesis House, stated Mrs. Still. Love, understanding and discipline are the rules for the girls 14 through 17. The girls are permitted guests in the home, with dates on week-ends, with curfews as in most homes, continued Mrs. Still. The girls are accepted as they are and are taught to live in the home accepting the privileges along with the duties and responsibilities. They are given counsel and are assured of always having the sympathetic understanding of Mrs. Still and other workers.

"We want to help the girls help themselves and return to their own homes and families," concluded Mrs. Still.

Assisting in the program was Mrs. Carol Simmons who answered questions concerning Genesis House.

Mrs. Simmons explained that the future plans for Genesis House include the establishment of a Gray County Youth Services Bureau, to combat delinquency and drug abuse, which would include professional counseling and voluntary probation officers.

She pointed out that the budget for Genesis House is \$21,000 for this first year and \$18,000 annually thereafter, with the establishment of the Youth Services Bureau.

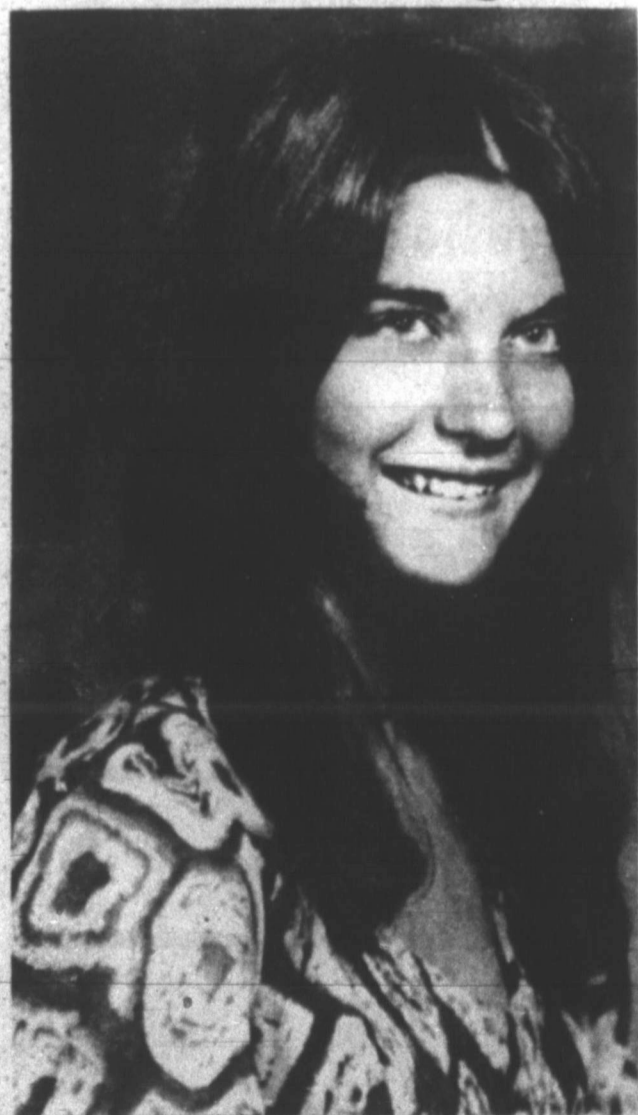

Mrs. Simmons explained that money comes strictly from private donations at this point. Although the mental health and retardation board approved a \$15,000 grant, the state ran out of funds.

The criminal Justice Council of Amarillo, who receive money from the Safe Streets Act of 1968, has approved a grant which should provide some funds in three or four months, she stated.

Application for a license by the state has been made, Mrs. Simmons told the women, it is an involved and lengthy procedure, but the license should be received soon, she stated.

PINS AND PENDANTS
A sort of agile grace is yours with new pins and pendants in the form of ballet figures. Let the pin dangle from a chain around your neck as an interesting effect.

Plans Marriage

Mr. and Mrs. W.L. Epps, 1909 N. Duncan, announce the engagement of their daughter, Della Lee, to Jim Royce Moyer, son of Mr. and Mrs. Bobby Moyer, 305 Miami, Pampa. The wedding is scheduled for May 27, in the Central Baptist Church. The bride-elect will graduate in May from Pampa High School, where she is a member of the Rodeo Club, Concert Choir, and The Sound Idea singing group. She is a member of the Top O' Texas 4-H Riding Club and is employed by Ideal Bakery. The prospective bridegroom, a 1971 graduate of PHS, is attending Frank Phillips Junior College. In high school he was a member of the concert, marching and stage bands. He is employed by Coronado Men's Wear.

Quotable Quotes

ASSOCIATED PRESS
Some quotable quotes from women during the week:
"I think it's really incredible that people are embarrassed about the fact that I spoke up about people being burned and killed." — Carole Feraci, singer who made an unexpected peace speech to President Nixon at the White House.

"While growing up on that farm in South Dakota, I never thought I'd see New Hampshire. Trying to elect a husband for president was beyond my wildest fantasies." — Eleanor McGovern, wife of Sen. George McGovern of South Dakota, in an interview.

"The goals of women's liberation are goals which I share with a great variety of people." — Marina Whitman, nominated by President Nixon to his Council of Economic Advisers.

"It's no big deal, really. It doesn't affect anything." — Actress Sandy Duncan, now permanently blind in one eye.

"Both the provisional and officials wings of the IRA have said they will kill 13 paratroopers in vengeance for those who died on Sunday. That is 26 coffins coming home to England—and I won't shed a tear for any one of them." — Bernadette Devlin, Catholic representative from Northern Ireland, after assaulting Home Secretary Reginald Maudling in a House of Commons debate on the recent Londonderry killings.

"There are advantages to being a woman in politics. You can use feminine charm to get into a place, but once you get there, you have to be able to turn it around and get your business completed." — Christine Topping, deputy manager of the presidential campaign for Rep. Paul McCloskey Jr. of California.

Nuptial Vows Exchanged By Kim Foote, Don Orth

Marriage vows were exchanged at 8 p.m. Friday, Jan. 28, in St. Vincent de Paul Catholic Church, by Miss Kim Foote and Don Orth.

The bride is the daughter of Mrs. Ruby L. Foote, 412 N. Dwight, and the late L. W. Foote. The bridegroom is the son of Mr. and Mrs. Art Orth, 417 Yeager.

The Ceremony
Rev. Francis J. Hynes, C. M. officiated for the double-ring ceremony. Miss Dietta Hills, organist, played the theme from "Romeo and Juliet," and the traditional wedding marches.

The couple was married before an altar flanked by arrangements of orchid gladioli.

The Bride
The bride was given in marriage by George Wallace, her brother-in-law. She was attired in a gown of white taffeta brocade, styled with a wide yoke of white velvet, edged with lace, and a white velvet mid-Victorian neckline. Her full velvet sleeves were gathered into wide cuffs. The floor-length brocade skirt that fell from an empire waistline, accented with embroidered lace, extended into a chapel train.

Her floor-length veil of illusion, edged with lace, that extended into a chapel train, fell from a white velvet bow. She carried a cascade bouquet of miniature carnations, highlighted with purple leaves, and centered with a purple cattleya orchid.

For something old, she wore a gold ring belonging to her great grandmother, and something new was a cameo pin, a gift of her aunt. Her veil was borrowed, and she wore a blue garter.

Attendants
Miss Diane Gray of Pampa, roommate of the bride, was maid-of-honor. She wore a floor-length gown of purple chiffon and purple net. She carried a pendant bouquet of orchid gladioli, highlighted with white satin leaves.

Michelle Wallace, niece of the bride, was flower girl. She wore a purple floor-length gown, a purple net veil, and carried a white basket containing purple miniature roses.

Serving as best man was Randy Orth of Pampa, brother of the bridegroom. Ushers were Mike Tyler, Chris Orth, brother of the bridegroom; and Kenneth McCasland, brother-in-law of the bride.

Mothers
The mother of the bride wore a melon coat and dress ensemble, with beige accessories. Her corsage was of miniature white carnations. The mother of the bridegroom wore a blue knit dress with a blue and white sleeveless coat, with beige accessories. Her corsage was of miniature white carnations.

For the reception in the school cafeteria, the table was covered with a white net cloth over white, centered with the bride's bouquet. Flanking the bouquet were candles in crystal holders, encircled by white daisies.

Mrs. Jo Wallace, sister of the bride, presided at the punch bowl, and Mrs. Glenda

MRS. DON ORTH
...nee Kim Foote

McCasland, another sister of the bride, served the cake. Miss Paul McFall registered the guests, and Miss Janet Currie presided at the bridegroom's table.

The couple will be at home at 419 E. Kingsmill.

Affiliations
A 1971 graduate of Pampa High School, the bride attended West Texas State University, Canyon. The bridegroom, a 1972 graduate of Pampa High School, is employed at Field's Men and Boy's Wear.

Pre-nuptial Events
Pre-nuptial events included, a shower held in the home of Miss Janet Currie, with Misses Margie and Diane Gray as co-hostesses. A bride's luncheon was held in the home of Mrs. Nancy Gableman, 2564 Aspen, and the bridegroom's parents hosted the rehearsal dinner.

Out-Of-Town Guests
Out-of-town guests included Danny Reed and D. D. Loftin, Mr. and Mrs. Mark Baker, Jimmie and Donnie

Hall, all of all of Canyon; Lula McCasland, and Elaine Martin, both of Wheeler; and Mr. and Mrs. Elton Hall of Odessa.

Gray County History Told To Allegro Club

Jack Back, Gray County tax assessor-collector, was guest speaker at the recent meeting of Twentieth Century Allegro in the home of Mrs. John R. Reeve Jr., 1811 Dogwood.

Skellytown Tops Present Awards

SKELLYTOWN (Spl.) — Skellytown, Texas Tops No. 255 met in the library, with the members being weighed in by the recorder, Mrs. Odell Hassler. Mrs. Sadie Lane, leader, presided for the meeting, leading in the club pledge in unison. Tops songs were led by Mrs. Margaret Simmons.

Mrs. Cecile Grange was crowned queen for the week with a loss of 3 lbs. She also received the fruit basket. The club members lost a total of 124 lbs., with a gain of 54 lbs. The club reported a total loss of 45 pounds for the month of January with only a gain of 24 lbs.

Mrs. Clifford Coleman received a Tops charm for being the winner of a recent contest. Perfect attendance awards were given to Mrs. Clifford Coleman for three months; and Mrs. Gloria Frank, Odell Hassler, Vastalee Hicks, Frances Stamps, Pat Young and Sadie Lane for the month of January.

Attending were Mrs. Jo Skaggs, Opal Gray, Frances Stamps, Juanita McCarthy, Margaret Simmons, Sadie Lane, Fannie Coleman, Gladys Simmons, Gloria Frank, Cecile Grange, Pauline White, Odell Hassler, Pat Young, Vastalee Hicks; and Master George Frank.

Mr. Back told the women the county was organized in 1902, with the courthouse located in Lefors. It was moved to Pampa in 1928 when an election was held to determine whether Pampa or Lefors would be the county seat, he related, adding that the legality of the transfer to Pampa has been questioned from time to time.

Mr. Back pointed out that he began working for the county in 1929, when the sheriff was also tax collector and assessor. He explained that in 1931, three separate offices were created, and in 1935, the offices of collector and assessor were combined.

Mr. Back brought samples of various tax forms and a new green and white license plate to show the women. He told the group that special plates, which are red and white, are available for an additional fee of \$10.

"One of the most common mistakes voters make in registering is failure to sign their application form," he stated. "Another is cutting the form in half, instead of tearing along perforated lines."

Mr. Back stated it was his opinion the recent court decision declaring Texas' school tax unconstitutional would result in further centralization of tax collection, with state or federal agencies making the assessments and collections, instead of the county.

Mrs. Bill Rice, program chairman, introduced the speaker.

During the business session, the committee in charge of the "husbands' night" dinner in the home of Mr. and Mrs. A. W. Bassett were praised. Committee members were Mrs. G. E. Lunsford, Mrs. Philip McCarley and Mrs. D. W. Boddy.

Highlight of the dinner was entertainment provided by six members of the Pampa High School Concert Choir, under the direction of Larry Sherwood. Performers were Glenna Hudgins, Linda Reed, Ruth Ann McClendon, John Fitzgerald, Billy Lemons and Frank Davis.

Next meeting will be at 1:30 p.m. Feb. 15, in the home of Mrs. W. R. Whitsell, 1003 Christine.

Pre-nuptial events included, a shower held in the home of Miss Janet Currie, with Misses Margie and Diane Gray as co-hostesses. A bride's luncheon was held in the home of Mrs. Nancy Gableman, 2564 Aspen, and the bridegroom's parents hosted the rehearsal dinner.

Out-Of-Town Guests
Out-of-town guests included Danny Reed and D. D. Loftin, Mr. and Mrs. Mark Baker, Jimmie and Donnie

POW Wives On Another Dip In "Roller Coaster Of Hope"

(Peace negotiations on Vietnam may go on in public or in secret, proposals may be advanced and rejected, but for relatives of war prisoners little changes. Tom Tiede, who has written frequently on their individual tragedies, reports they are still lonely, still waiting.)

By TOM TIEDE NEW YORK—(NEA)— It has begun as another sedulous year for Mrs. Evelyn Grubb. She's the wife of an Air Force officer shot down and missing North Vietnam.

She tells of her own husband, Maj. Wilmer Grubb, missing now since 1966. She tells of her four children and her hopes for their futures ("no wars").

Audiences listen intently. Reporters take notes. "How do you feel, Mrs. Grubb, being away from your husband so long?"

The woman does a good job of it. She is poised, modest, courageous. And yet as she wanders about for her cause—Virginia one week, New York the next—she seems uneasy.

Mrs. Grubb's activism is hesitant. Dedicated, but hesitant. And small wonder. She has been part of the POW-MIA movement for five years.

Yet for all of it, the POW-MIA questions is no less severe today than when she started.

Even such periodic headline events as President Nixon's disclosure of the U.S. withdrawal-prisoner release package offer end up for the wives as another dip on what Mrs. Sybil Stockdale, another league activist, describes as their "roller coaster of hope."

One wife on the West Coast put a POW-MIA collection can on the bar of a military officer's club and collected a grand total of \$1.50 in two weeks.

And if the families don't have peculiar frustrations, they have obvious ones. Sex and marriage, for instance, for the wives. Some wives have begun to date. Some few are living with other men. A couple have even gotten divorces.

Indeed, some of the women can't "take it" any more. The group of Russians rounded up for disarmament talks.)

By now I have gone through my "winter's favorites" recipe collection three times and have begun dreaming every night that a giant pot roast (leading an army of carrots) is after me.

I long for summer and fresh blueberries and home-grown tomatoes. The family perseveres.

They bear up under an onslaught of chili. They eat chicken without complaint. Well, almost without complaint.

They hardly bother groaning when I try to use up the remains of my famous frozen fruit salad. (I make this by buying fruit salad and freezing it.)

Of course, I can't get away with just anything. I certainly don't dare put more fruit cake on the table! (When faced with more fruit cake, this family displays all the cheer of a

History won't vindicate this hurtin' husband

By Abigail Van Buren

(© 1972 by Chicago Tribune-N. Y. News Synd. Inc.)

DEAR ABBY: I am writing to you because I am terribly frustrated and am too ashamed to talk to anyone else about this problem. I am married to a basically wonderful guy, except for one problem. He is totally uninterested in sex. He's 28, handsome, and in apparent good health, so don't tell me to send him to a doctor. He loathes them.

He is very intelligent, has a Ph.D. in History, and his work is his life. He says people who are interested in sex are insecure, and so intellectually dead that sex is all they have left. He always has an excuse for avoiding it. He's either too tired, it's too late, or he's too preoccupied in something he's reading.

I am 27, have won several beauty contests in college. I'm cheerful, educated, mentally and physically healthy, and all I want is a decent sex life. I've tried all the gimmicks. Sexy nightgowns, discussing it with him, leaving books and magazine articles around for him to see. Even crying. Nothing helps.

We have one child (a miracle) and my husband didn't come near me for six months after that. I feel rejected. I've considered having an affair, but I'd feel too guilty to enjoy it. I don't want to divorce him because outside of this one failing, I love him.

How can I turn him on?

ABANDONED IN BED IN PHILADELPHIA

DEAR ABANDONED: If he's physically healthy (and don't be so sure he is), his problem could be in his head. But no matter where it is, unless HE regards it as a problem, which he wants to solve, you're fighting a losing battle. So you can either continue in a marriage that's sexually inadequate, or call it quits. It's up to you.

DEAR ABBY: Maybe I shouldn't complain because my wife comes about as close to being perfect as any woman I've ever met, but lately she has developed a rather strange fault. She has fallen in love with another man.

Before you say, "Well, what's so strange about that?" hear me out. She has never even MET this man.

He's one of those guys who is on the radio for several hours at a crack. People call him up and they argue, rap, carry on right on the air. (They're called "communicasters.")

When this guy with the golden voice (as she calls him) is on the radio, my wife takes the telephone off the hook so nobody can disturb her. She had a fire in her kitchen the other day, and would you believe as she was running out of the house she grabbed a transistor radio so she wouldn't miss a word this guy said?

Since she's become hooked on this radio guy, that's all she talks about.

Any suggestions?

JEALOUS

DEAR JEALOUS: Don't complain. Let her enjoy the man with the golden voice. It's good insurance against competition who may appear in the flesh.

DEAR ABBY: I am interested in your views on children joining organizations.

Do you feel it is wise to force a child to join groups such as Girl Scouts or Boy Scouts when the child shows no interest in being a part of it?

I am accused of letting my children rule me because I have given them a choice in such things. It has been suggested to me that children are not always a good judge of whether or not they'll enjoy something, and often find they enjoy things they were negative about to start with. What do you think?

A MOTHER

DEAR MOTHER: I wouldn't "force" a child to join anything, but if I thought he would gain from it, I would certainly present it in the most attractive way possible.

DEAR ABBY: Thank you for the beautiful idea of sending roses to your mother on YOUR birthday. I am ashamed that after 19 years, I never gave it a thought. My mother has done so much for me, I think it's about time I started giving instead of taking. Thank you again, Abby, you may have started a tradition.

K. IN FAIRFIELD, CONN.

DEAR K.: I didn't "start" anything. That lovely idea has been around for years.

Communicate Effectively For Harmonious Living

COLLEGE STATION—Ever feel like you're just not getting through to someone in your family?

You've got to know how to communicate effectively if you want to be understood and want to understand someone else, according to Jane Fleischer, family life education specialist at Texas A&M University.

"Only as you accurately understand and are understood, can you achieve successful interpersonal relationships," Miss Fleischer said. "Communication is a process or a tool. And the degree of success with which we use it helps determine the degree of success achieved in family communication: 'Respect the personality of each person as an individual. Answer the simple, direct questions children ask. Listen to what the person says—both in words and gestures or expressions.'"

"Try to prevent outbursts of anger and thoughtless remarks. If they do occur, follow with a sincere apology. When disagreements arise, talk them over before the molehill of bickering becomes a mountain of stony silence or an erupting volcano," she suggested.

Miss Fleischer said that each husband and wife and every family member needs to discipline himself in the early stages of anger to avoid any ridicule or nagging. "The opposite of these—thoughtfulness, appreciation, courtesy and gratitude—are like showers on parched land."

Another suggestion Miss Fleischer made for communication effectively is trying to see things from the other person's viewpoint. "For example, the wife who insists on changing plans for some activity when she sees her husband is tired is a wise wife, indeed. A husband is also wise when he senses that his wife has had a rough day and decides to take her out to dinner."

An additional way to improve communication is to say a considerate word or do some simple thing out of impulsive affection. "Don't put off until tomorrow the thoughtful words you can say today."

"And finally, be as courteous to members of your family as you are to casual acquaintances. Give praise for a sincere effort from the other person; show appreciation for a favor, no matter how small."

Your Horoscope

By Jeane Dixon

SUNDAY, FEB. 6
Your birthday today: Something, or rather, many various things have to give in the massive crunch of this coming year. Whatever is unrealistic in your plans gets squeezed out as practical work proceeds. Today's natives are more often misunderstood than not, since they explain little.
Aries [March 21-April 19]: Expect others to be a little peevish, and thus you can react in complete serenity, above any personal conflicts.
Taurus [April 20-May 20]: Prefer a solitary retreat for the day. Reflection, prayer may bring extraordinary inspiration. Pay no attention to other's abrasive moods.
Gemini [May 21-June 20]: There are all sorts of details to observe, but no particular reason to involve yourself in anything beyond your regular Sunday habits.
Cancer [June 21-July 22]: Remember you've chosen your loved ones and settled on attitudes toward them beyond the reach of outsiders who present confusing suggestions.
Leo [July 23-Aug. 22]: You'll be proud of pulling yourself and your own together and away from a potential problem situation.

MONDAY, FEB. 7
Your birthday today: Brings a time of personal pioneering. All you do now must have a quality of freshness, unlikely to relate directly to any past examples. New skills are within your reach and are needed much sooner than you'd think. Today's natives are apt to be good reporters, story tellers, or writers.
Aries [March 21-April 19]: A wild idea has good mileage in it for today's career effort. The long shot tends to come in first. You're apt to scurry about so much that you miss details.
Taurus [April 20-May 20]: Cheerful encouragement is the main thing to offer. Bring a pending issue to closing decision, settle all open claims.
Gemini [May 21-June 20]: Start nothing you can't finish promptly, in one session. Changes, diversions in work conditions are swift and easily installed.
Cancer [June 21-July 22]: The unexpected quirk in career effort is the normal course, along with many added details to follow up. Go out of your way to express your feelings for people you've missed.
Leo [July 23-Aug. 22]: No leisure time is permissible.

Virgo [Aug. 23-Sept. 22]: Plans are readily dislocated. Have alternative courses prepared.
Libra [Sept. 23-Oct. 22]: Friends, neighbors, visitors, relatives all tend to gather about you. Be glad you have as many resources and reserves available as you do.
Scorpio [Oct. 23-Nov. 21]: It's better to skip some of the fancy travels, people who cramp your style.
Sagittarius [Nov. 22-Dec. 21]: Your own affairs should be plenty to manage this Sunday without reaching out for extra territory. There's a minor hindrance to overcome in family movements.
Capricorn [Dec. 22-Jan. 19]: Talkative people, including some who usually say little, complicate all social activities.
Aquarius [Jan. 20-Feb. 18]: In the midst of the weekend, take a rest and ask yourself what you're really doing for yourself, your spiritual growth.
Pisces [Feb. 19-March 20]: Serenity is essential now as someone you care for shows moodiness, or something dwindles to an end.

Get on the ball early and keep moving.
Virgo [Aug. 23-Sept. 22]: Do the larger deeds today; fill in details, the light touches later. Look up old friends.
Libra [Sept. 23-Oct. 22]: Traditional methods, conventional associates bring success in today's career effort as your week gets off to a good start. Practical jokes are strictly out.
Scorpio [Oct. 23-Nov. 21]: In this steady, progressive day you begin to reap benefits from long and patient sowing, and much more is on the way.
Sagittarius [Nov. 22-Dec. 21]: Interviews, petitions, official formalities of all sorts are favored if you're asking. Rely on expert advice.
Capricorn [Dec. 22-Jan. 19]: The day and week open sluggishly — it's your uphill chore to put sparkle into it. An old flame still glows.
Aquarius [Jan. 20-Feb. 18]: Take a good look at what you're working on, think what you're getting out of it, and seek more effective ways of getting the job done.
Pisces [Feb. 19-March 20]: Whatever travel you plan should come to final stages quickly. Join groups, interest committees, clubs.

Kadingo Lingo

By Jane Kadingo

THE DAY OF the grey flannel suit is definitely gone! And anyone who hasn't noticed just hasn't looked around.

While sitting in a local restaurant the other day, a young man passed me wearing a red, white and gold striped sport coat, deep red pants, a deep red shirt and a red floral tie. After the initial shock, I had to admire it. That the human male must always wear dull and dark colors has never seemed right to me.

Even the over-the-hill crowd is blossoming out in lavenders, pinks, mint-green and red shirts, with bright ties, more colorful sport coats and trousers.

For quite some time, I've been wondering what plumage is available to the males of Pampa...especially the young men, who more readily adopt the "daring." This led to a survey.

The stories you hear of the "way out" styles...panty hose for men...high heels for men...purses for men...I couldn't find. Our town is still too conservative. Although the young men will vigorously defend the shoulder-length locks and the mustaches and the beards, they are still too defensive about their masculinity to go too far.

WHAT YOU DO FIND, however, is interesting, and not being completely "square" myself, I found I liked most of it. In the pants line, I found that store owners stock and sell more of the scrub denim and corduroy pants, they say the young men...and young women want the practical and the washable...There is a sharp-looking velvet-looking rayon I thought was great...and the ribless corduroy took my fancy in the trouser line...Many of the pants, most popular with the female species, are the very low-cut denims...with only a three-snap rise.

AN INTERESTING SIDELIGHT: One owner, generation preached togetherness, the present generation practices by dressing so much alike it is sometimes hard to determine which is which!

WHILE THE TROUSER line is still fairly conventional...with some exceptions I'll mention later...anything goes on top. The plain old T-shirt is nearly non-existent, with only a few remaining to allow the young people to attach their own kooky appliques...one plain, rib-knit variety has a small bow, at the center front neckline...if you're a girl, you leave it on; if you're a boy, you take the bow off. Open T-shirt, which is probably an old-fashioned word, sported a red satin broken, bleeding heart applique...others have bees, complete with hive (why is everyone so sold on bees?), butterflies, patriotic symbols, you name it, they have it. And you complete the pants-T-shirt ensemble with wackiest, wildest belt (I like them) you can find...plus a pendant of some kind, if you wish.

FOR FOOTWEAR, the girls are going for wooden-soled clogs, that come complete with an indentation for the big toe...if your toe happens to fit there...the tops are of canvas.

THE WESTERN LOOK is definitely in...the western-style shirt, with embroidered yoke...the western-style pants of nearly any material with the suede or leather western yoke...on shirts, the embroidered pocket is popular...with a bumble bee motif...or leaf-floral motif...and tapestry trim...either around the collar, the shirt cuffs, the pants cuff...or a tapestry belt.

THE BIB OVERALL—once only for hard work, is in high-style now...only instead of blue denim, it comes in a variety of materials, including corduroy, with the popular patchwork design...and speaking of patchwork, clothing designers have become thrifty...they take all sorts of scraps of materials and put them together in the patchwork shirt (It's really pretty) which some of the young men are even wearing with the more-formal suit.

EVEN THE FRONT-OPENING of the trousers is coming into the picture with tapestry trim...or a leather insert, generously decorated with all sorts of brass brads...There are some somewhat old-fashioned blue jeans around, with the "big bell" bottom...which sell to the do-it-yourself group, who

prefer their own appliques and brass brads...one store owner told me the "smile" is still in, but the peace symbol is definitely "out."

THE DO-IT-YOURSELF crowd takes the plain trousers, splits the side seam to mid-thigh, sews in a strip of leather, which they decorate with brads in a design of their own choosing...the same goes for the fly-front...a leather insert, accented with brads...one young man uses a wide zigzag sewing machine stitch to go over the regular stitching in his shirt...only he uses thread of a contrasting color...or he edges the color and shirt cuffs, and pants cuffs, with the embroidered edging with which most home-sewing women are familiar. He said, also, that a wide lace ruffle down the front of a knit shirt and at the cuffs and color, looks smart...any of you boys for sewing lessons?

YOU MAY NOT LIKE IT, but I think it is great that the young men are rebelling against moulting-type shades of the past...and, as long as it is decent, I'm all for letting them practice their creative talents on their clothing...It may put some great men designers out of business...or create some new designers!

HOT PANTS—There are plenty of hot pants around for the young men, or young women, only the boys wear them as swimwear, with the widest, wildest suspenders possible. The Model is Glen Davis, 16, son of Mr. and Mrs. Jerry Davis, 407 Red Deer. (Staff Photo)

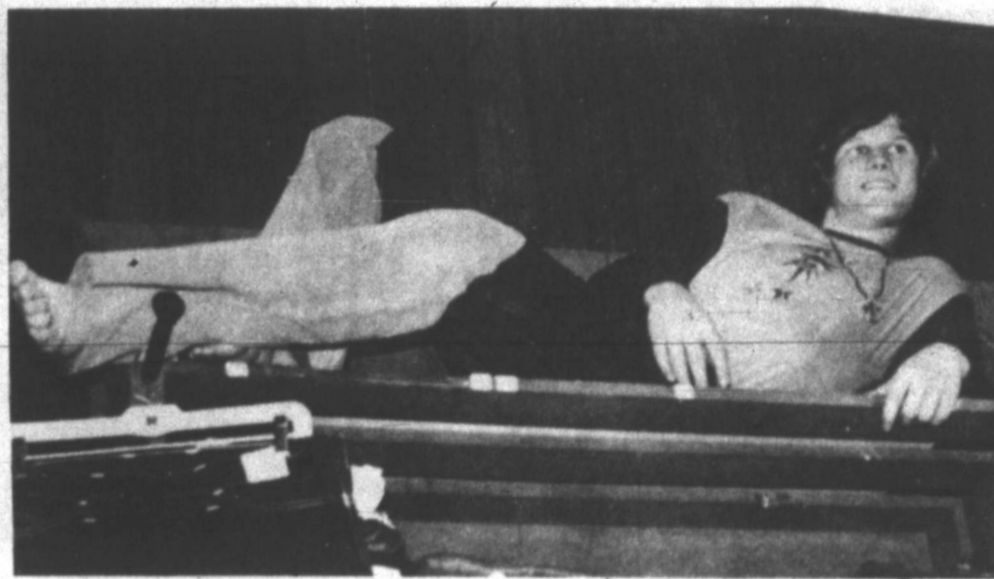

PATCHWORK—The patchwork shirt, economical for clothing manufacturers, uses up a variety of leftover scraps, and is popular for casual wear or with a more formal suit. Here Glen models the patchwork shirt with a dark pair of corduroy pants, and a pendant. (Staff Photo)

BIB-FRONT OVERALLS—The former only-for-work attire is dressed up, as Glen wears a bib-front overall of multi-toned patchwork corduroy, with a bright Tom Jones shirt. (Staff Photo)

THE GLAMOUROUS T-SHIRT—Glen is climbing high in one of the latest, bright, embroidered knit shirts, worn here with a wide belt, and the leather-look, big-bell pants, which are of a cotton material and washable. (Staff Photo)

TAKE IT EASY—For loafing around, sans shoes, Glen wears the latest in applied knit shirts, this with a star motif, with the two-toned pants, half of blue denim, half of tan-like suede. (Staff Photo)

Highway Project Contracts In Panhandle Areas

Contracts for highway construction in Gray and five other counties in Texas Panhandle area have been awarded by the Texas Highway Commission.

The work will be under the supervision of District Engineer Charles W. Smith, and will be in Gray, Hansford, Lipscomb, Dallam, Sherman and Hartley Counties.

Gilvin-Terrill, Inc. of Amarillo was awarded a contract for seal coat and hot mix asphaltic concrete pavement on 6.9 miles of U.S. Highway 80 in Gray County. Low bid was \$127,555.73.

The project extends from the Carson County line to Pampa. T. R. Kelly of Pampa is the Highway Department engineer in charge of the project which will take an estimated 75 working days.

Cooper and Woodruff, Inc. of Amarillo was awarded a contract for seal coat and hot mix asphaltic concrete pavement on 7.1 miles of State Highway 15 in Hansford County. Low bid was \$126,472.86.

The project extends from

Summer Vacation Camp Awaiting Crippled Children

Know a handicapped child who would like a summer vacation? Contact a member of the Pampa Lions Club.

There are 900 vacancies for a fun-filled summer vacation at the Texas Lions Camp for crippled children at Kerrville and 110 at the new diabetic facility at Friendswood.

There are five sessions during the summer at the Kerrville camp with the first two-weeks stint beginning June 4. The program is for youngsters seven through 16 years of age and is free to eligible blind, deaf, mute or crippled children. Transportation to and from camp is furnished by local Lions.

Since 1953, the Texas Lions Camp has provided a free two-weeks vacation for more than 13,000 handicapped youngsters. Last year the program was enlarged to provide a three-week summer camp for "diabetic children" using leased facilities at Friendswood.

Detailed information about the camp and procedure for enrolling a handicapped child is available from Pampa Lion Wayne "Red" Smith. His business phone is 665-1639 and his home number is 665-4459.

42,590 Persons Visit Area Lake During January

Pleasant, sunshiny weekends the past month resulted in record high visitation at Lake Meredith Recreation Area in January.

According to National Park Service figures, 42,590 people visited Lake Meredith and the surrounding recreation area. Allabates National Monument received only twelve visitors in January despite the good weather.

Supt. James M. Thomson said most people continue to believe that Allabates Tours are not available during the winter. Thomson said because of this impression, people are missing some of the best weather for the tours.

Allabates National Monument Tours are still scheduled every weekend, but reservation must be made by writing to the Superintendent, Sanford Recreation Area, Box 325, Sanford, Texas 79078.

Two Local Youths Listed In National Student Register

Pampans Ellen McDaniel, a student at Texas Tech and John Karr, student at Emory University, were included in the 1971 edition of the National Student Register.

They were among seven from the Panhandle named to the reference director of students.

The National Student Register is not an honor society but a "useful reference guide to campus newsmakers today and the leaders of tomorrow" to quote their release.

Names and short biographies of some 7,000 students from 1,000 campuses across the nation will appear in the volume. Aim of the Register is to aid news media, those seeking personnel and those with a special interest in young people.

the north city limits of Spearman to the Ochiltree County line. The project will take an estimated 75 working days.

Cooper and Woodruff, Inc. of Amarillo was awarded a contract for seal coat and hot mix asphaltic concrete pavement on 7.1 miles of SH 15 and Farm to Market Road 1265 in Lipscomb County. Low bid was \$134,374.68.

The project is in sections and extends from FM 2172 in Darrouzzett to FM 1454 in Follett; from Ochiltree County line to FM 2172 in Darrouzzett; and from SH 15 in Booker to 0.5 mile southward. The project will take an estimated 75 working days.

Gilvin-Terrill, Inc. of Amarillo was awarded a contract for hot mix asphaltic concrete pavement on a total length of 2.6 miles in Dallam, Hartley and Sherman Counties. Low bid was \$34,782.99. The work will take an estimated 75 working days to complete.

VIENNA (AP) — Romania plans to complete its first nuclear power station, with Soviet assistance, by 1978, press reports said.

Mayor's Son Wins Honors At A&M U.

Gene R. Carlson, son of Mayor and Mrs. Milo Carlson, 2211 Charles, has earned "Distinguished Student" ranking at Texas A&M University, according to registrar Robert A. Lacey.

The undergraduate honor is awarded students who have excelled academically. In addition to a 3.25 or higher grade point ratio, a student qualifying for "Distinguished Student" honors must have been enrolled in a minimum of 15 hours and have no grade lower than a "C".

"Distinguished Student" ranking is limited to 10 percent of Texas A&M's undergraduate enrollment.

Lefors School Releases Names On Honor Roll

Weldon Bates, principal, Lefors High School, has released the names of those students making the honor roll the third six weeks of school.

The "A" honor roll includes Connie Eudey, junior; Cuyler James, Ken Prestidge, Brenda Taylor and Connie Thacker, all seniors.

To make the "A" honor level a student must maintain a 90 grade average or higher in all subjects.

Students on the "B" honor roll are: Joy Hollingshead, Cheryl McKnight, Barbara Morris and Carol Vincent, freshmen; Randy Klein, Kathy Sierman, Beverly Taylor and Ann Vincent, sophomores; Mary Jane Adams, Doris Carlton, Vicky Cotham, Mike Robbins, Cheryl Sims and Lou Ann Sims, juniors; Charles Audeman, Susan Cain, Carla Emerson, Larry Gilbreath, Linda Sissel, Donna Maples, Kathy McDowell, Mike Pittman, Ronnie Sims, Rickey Timmons and Cindy Youngblood, seniors.

These students had to maintain a grade average of 80 or better in all subjects according to Principal Bates.

Area Students Going To Stage Anti-Smoking Play

Miami High School's English students are getting into the fight against cigarette smoking, respiratory disease, and infectious tuberculosis by staging a repeat performance of a three-act play Feb. 12, at 8 p.m., with proceeds going to the Roberts County Junior TB Association.

The curtain will go up on "Dear Diary," a sophisticated comedy about romantic complications, at Miami High School auditorium under the direction of Wayland Sharp, freshman English teacher.

Adult admission is \$1, and student admission is 50 cents.

How Fog Forms

Fog usually forms when warm, moist air blows over colder land or water, or when cold, damp air covers a warmer surface. The moisture in the air cools and condenses on dust, salt or other tiny particles, forming a cloud.

IRS Says Only One Of Every 56 Individual Income-Tax Returns Was Audited In 1972

WASHINGTON (AP) — Fewer individual and corporate tax returns were examined last year than in 1970 under the audit program of the Internal Revenue Service.

Only one of every 56 individual income-tax returns was audited in 1971, compared to one out of 46 the year before.

the fiscal 1971 report of IRS Commissioner Johnnie R. Walters disclosed Friday.

Least taxpayers think this means it is getting easier to cheat, however, the report shows that the computer-aided system of selecting the right returns for examination resulted in a bigger cash gain for the Treasury. Computers

rank returns according to error potential; those with the highest probability of error are selected for audit.

Some \$3.4 billion in additional tax payments resulted from the 1971 audits of individual and corporate returns, or \$300 million more than a year earlier, even though about 350,000 fewer

returns were chosen for examination by revenue agents.

The diminishing percentage of returns audited has caused concern at IRS, however, and President Nixon asked for more money for IRS in his budget message last week.

Nixon asked enough funds for processing 2.1 million

more returns in fiscal 1973 than in the current fiscal year, and earmarked an additional \$10.7 million for manpower "to audit a greater number of tax returns."

The report showed that two-thirds of all taxpayers have more tax withheld than they owe each year. In fiscal 1971, nearly 56 million taxpayers

received \$19.9 billion in refunds. The average refund was \$340, compared to \$293 in the previous year.

A man with blood cholesterol measurement of 260 or above has more than three times the heart attack risk of one with cholesterol below 200, according to the American Heart Association.

Man's Best Friend Makes Enemies

A person who owns or controls a dog should not permit the animal to "commit a nuisance" on a sidewalk; or on a floor, wall or stairway or any public place.

—New York City Law 161.05 By TOM TIEDE

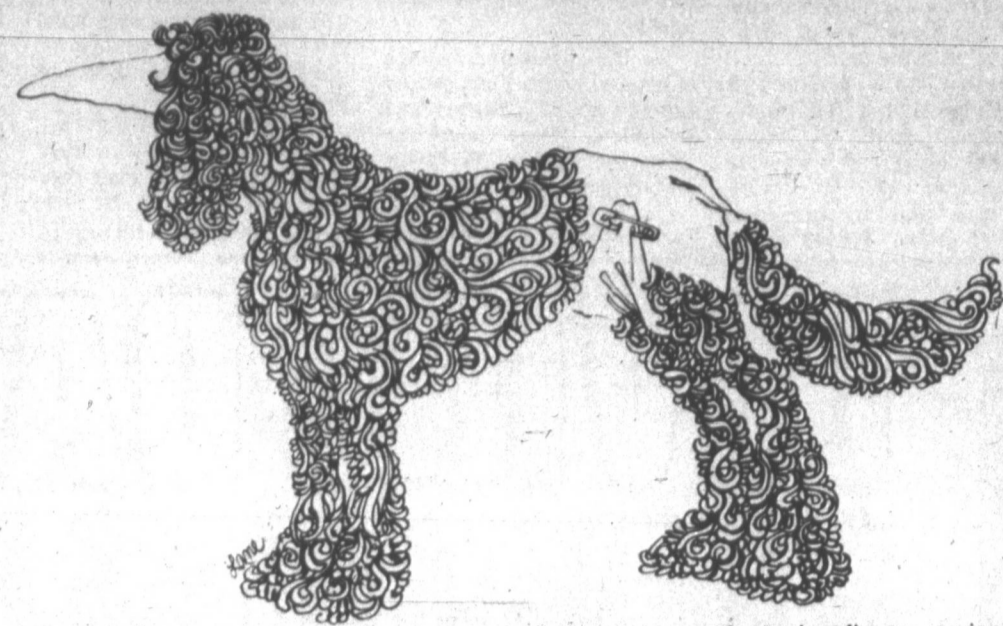

NEW YORK—(NEA)—A big blonde in the film "Midnight Cowboy" introduced this town's dog dilemma to the world. While the animal was committing a nuisance in wide-screen color, the blonde urged him on. "Do it," she said, "for momma."

Unfortunately, New York's 500,000 to 750,000 dog population is only too willing to "do it"—that is, commit a nuisance—for mommas, poppas and all the other unabashed pet owners here. They are doing it on every hydrant, tree and brick wall in the city. They are doing it uptown and downtown, in the theater district and in the slums. One of the headshaking spectacles for tourists is the sight of the Great Dane fertilizing the flower displays on Park Avenue.

No wonder that tree grows in Brooklyn.

But it's not funny. For the fellow who tracks the stuff into Tiffany's it can be embarrassing. For the butter-fingered baseball player, grabbing for what he hopes is the ball, it can be messy. And for the parents of children who will chew on just about anything, it can be, and sometimes is, dangerous.

The issue, like most urban ones, is not new. But it has been aggravated by new developments. As the city becomes more and more a place of crime and loneliness, increasing numbers of dogs

are being purchased for protection and companionship. And not just toy poodles. But St. Bernards, German shepherds and pointy-nosed creatures nobody can identify. William Redding, a New York conservationist, estimates there are an average of six dogs per acre in Manhattan alone.

Thus the problem. Many residents are being shunted off the sidewalks by apartment-dwelling owners of two or three Doberman pinschers. Park enthusiasts say the grassy acres have turned into "mine fields." An old man in Harlem recently slipped on a pile on his porch and landed in traction. And the streets of many residential areas are being described, fairly, as outdoor privies.

New York isn't alone. Dogs are rapidly becoming a major environmental worry throughout the municipalized world. John Hoyt of the

Humane Society of the United States says the 10,000 dogs and cats are born every hour in this country alone—that's 86 million a year—and the cost to exterminate the excess is \$500 million a year. Los Angeles has a dog for every fourth resident. London's poodle population is 700,000. And Mexico City has more than a million of the animals, the majority of them unlicensed, uninhibited and thoroughly unsanitary.

Not surprisingly, residents in many cities, are barking about the situation. New Yorkers complain about some 25,000 dog bites a year. Toronto residents say the animals knock over garbage cans and invite rats. A leading critic in Paris had advocated "Grinding them all up this year to feed the poor."

By far the loudest gripe is about dog droppings. And indeed, the litter may be the biggest hazard. Left alone, it attracts flies, creates odors

and can be slippery as ice. Swept away, it enters and pollutes the public waterways.

Besides this, say New York health officials, "dog feces can contain diseases." Toxocara canis is one (a boy in Los Angeles recently had an eye removed because of it). Another is leptospirosis (from dog urine, it reportedly can be contracted from merely petting an animal). Then there are scabies and ringworm. "I don't say all dogs are a great health hazard," says a New York veterinarian. "But they can be. Kids play around with the stuff. Pick it up. And then lick their fingers before washing. This kind of ingestion can lead to serious illnesses."

What can be done? Not much. John Hoyt suggests cities consider increasing license fees for dogs. There is word that a canine birth control pill may be on the way (which would help get rid of strays).

The Worry Clinic TV And Radio

By George W. Crane, Ph. D., M. D.

Dr. Flint is one of America's leading pulpit orators and theologians. So I value his comment doubly. On several occasions I have occupied his pulpit. But as a layman, I figure my feet can also preach! You can do likewise. And thus prevent Elijah's despair! Morality is reciprocal!

CASE 5-590: Dr. Cort R. Flint is an eminent Baptist pulpit orator and theologian. "Dr. Crane," he mused, "you cite more Bible references in your 'Worry Clinic' than any other syndicated columnist."

"And that even includes famous clergymen who also write for the newspapers."

"I notice, too, that you have missed attending church only 4 times in over 40 years."

"So how can you find time from your busy schedule to be so faithful, even on your northern Sunday—zero blizzards?"

SELF-TALK True enough, on some bitterly cold Sundays I have heard Satan whisper:

"Dr. Crane, why not stay home today? You've lent your influence to church causes all week, anyway."

But on such occasions, I indulge in self-talk, though not of the audible variety.

"If one of the children were being buried today," I say to myself, "would you let this blizzard keep you away from church?"

When our oldest son, Marine jet flyer George W. Crane IV, was struck in mid-air and crashed at Glen View Naval Air Station on Saturday afternoon at 3 p.m., a Chicago radio blared the shocking news almost immediately. But Mrs. Crane, Phillip

Judy, Daniel and David were on the front row, as usual, next day at my Bible Class at the skyscraper Chicago Temple, as I taught the Sunday School lesson.

For I often wonder if maybe our loved ones who have gone ahead may not be granted a momentary glimpse back at Earth to see their relatives and friends.

If so, where would the Almighty be most likely to permit this occurrence?

Wouldn't it be when we human beings are at our best and cleanest in even our dress as well as thoughts?

In church, we thus rise highest toward Heaven, so if Heaven then dips downward momentarily (like the kitchen hour glass) that would doubtless be the instant our loved ones could view us.

Our son George knew we always were at church and Sunday School, so I figured we'd not disappoint him by being absent the morning after his jet plane crashed!

Besides, educated folks who have been "tagged" in the eternal game of religious idealism by devout parents, teachers, Scout Leaders and dedicated volunteer Sunday School teachers, should "tag" the youth of the next generation.

My attendance at church thus should help inspire other wavering souls and encourage their continuance in good works. And vice versa.

This is a vital non-verbal sermon we can all preach even with our feet, by making them carry us into church every Sabbath!

By CYNTHIA LOWRY AP Television-Radio Writer NEW YORK (AP)—Roger Davis replaced the late Pete Duel in the part of Hannibal Heyes in ABC's "Alias Smith and Jones" Thursday night.

Viewer-performer relationships in the intimate medium of television are peculiarly close and it is difficult for the viewer to accept cast changes easily.

Davis, an attractive young actor with an infectious grin, was an excellent choice as midseason replacement for Duel. He handled the part with a feeling for light comedy and a certain jauntiness. His first appearance came in a rather amusing story—another in the series that was very reminiscent of "Maverick." It included poker, counterfeit money and a dishonest banker. As usual the two outlaws trying to go straight pulled off a crooked caper that left them unsullied but still broke.

No matter how engaging the scripts, however, chances are small that "Alias Smith and Jones" will survive beyond this season. It's ratings have been distressingly low in the time slot opposite the popular "Flip Wilson Show."

With networks sending out cancellation notices, presumably the "Alias Smith and Jones" cast and crew are steeled for theirs. Word comes from Hollywood that NBC's "James Garner as Nichols" another Western in the "Maverick" mold, already has received its bad news. Other programs considered

to be candidates for TV's booth at the end of March are "The Jimmy Stewart Show" on NBC—the star is reported to be so disappointed in the series he won't even talk about it—plus ABC's "The Persuaders" and "Bewitched." CBS is expected to dispatch "My Three Sons" and "Arnie," and the fate of "O'Hara—U.S. Treasury" is up in the air.

An authoritative background briefing, called "China: An Open Door?" that covers the history, conflicts and final emergence beyond the Great Wall, will be broadcast on more than 125 stations across the nation next week. It will help the viewer put into context President Nixon's forthcoming trip to China.

The program is narrated by John Roderick, who has spent a professional lifetime as an Associated Press correspondent in the Orient.

N.E.W.

FEBRUARY 6-12, 1972

N.E.W. — to many, these initials stand for NATIONAL ELECTRICAL WEEK, an annual event designated to call attention to the many wonderful things electric power has made possible.

N.E.W. — to us, these initials also mean NORMAL EVERYDAY WEEK. For whatever the occasion or celebration, our work goes on — 24 hours every day and every night.

Electricity which has done so much in the past to raise the living hopes of millions is now, say many experts, the one hope for the future of our environment.

Dependable electricity, cleanest of all energies at the point of use, is being depended upon as the means for effectively and efficiently cleaning up our environment.

But, that's what you'd expect from us, isn't it?

Through 1976, we'll be investing over \$144 million to insure an adequate and dependable supply of electricity to meet our responsibility of serving our customers' needs.

SWIM LESSONS

If you are interested in learning to swim, the Center has one of the best swim programs available. All of the Red Cross swim classifications are offered here and one additional class for pre-beginners. These classes in order of ability are polywogs (4-6 years of age and not in school), beginners, advanced beginners, intermediates, swimmers, Jr. and Sr. Lifesaving, and water safety instructor.

Our classes during the school year are taught in the afternoons with each class lasting one hour either from 4-5 p.m. or 5-6 p.m. Classes last for 10 meeting dates and meet only on Monday, Wednesday, Thursday and Friday. This would make each class last 2 1/2 weeks. All classes are taught by our own water safety instructor, Ruth Carter. All classes are free to Center members or \$4 to non-members. Membership either individual or family are always available.

Jan. 31-Feb. 16
4:00 Beginners
5:00 Swimmers

Feb. 21-March 8
4:00 Beginners
5:00 Adv. Beg.

April 10-26
4:00 Polywogs

Red Cross News

By LIBBY SHOTWELL

There will be a Red Cross First Aid Instructor Class beginning February 15 at 7:30 in Perryton, Texas at the Red Cross Conference Room, 510 S. Main St. Leroy Hartman FAI Trainer will teach the class and persons who have current Advanced First Aid Card and who is 18 years old may take the course. There is no charge for the instruction and Mrs. Riley, Executive Secretary urges all of Gray County persons who would like to teach First Aid to come and take the course. Classes will be once a week on Tuesday evenings.

Marilyn Williams, Chairman of Water Safety for Greater Amarillo Chapter of the American Red Cross announces the following scheduled WS activities: WSI Part 1 March, 1, 8, 15, 22, and 29 at the Maverick Club Pool 7-10 p.m. WSI Part 11 April 3, 5, 7, 10, 12 and 13 at YWCA Pool 7-10 p.m. Applicants must be 17 years of age and hold a current Senior Life Savings card to take WSI courses.

We have a new Red Cross youth volunteer who will work at Highland General Hospital on Sunday afternoons on the 1st, 3rd and 5th Sundays. Our new volunteer is Miss Donna McFall from Miami, Texas. Donna goes to school in Pampa at Robert E. Lee and we are very happy to have her as our new volunteer.

Mrs. Ruth Carter has completed a beginner swim class with the following completing the class: Belinda Cole, Mary Cole, Chanda Bales, Mark Alexander,

March 13-29
4:00 Beginners
5:00 Intermediates

Women's Exercise Class

The Center offers to the women a private exercise and swim class on Monday and Friday mornings. The exercise classes meet in the gym at 9:30 and the instructor leads in a recorded session. At 10:10 a.m. you are invited to an informal swim time until 11:30 a.m. No swim lessons are given.

There is a baby-sitting service available for mothers who have children at home. The charge per child for the full 2 hours is only 50 cents or only 25 cents for the exercise class. To participate you need only be a Center member which is \$8 per year.

MEMBERSHIPS
For the information of those new in Pampa, the Center is a community building and is a non-profit organization. Revenue to run the Center is derived from membership dues and contributions from several clubs, organizations and individuals. Absolutely no tax money from our city, state or federal governments, is used or has ever been used here.

Our participation is through a membership plan either limited or unlimited. Our regular membership is called the limited plan and this entitles you to full use of the gym, swimming pool and recreation hall. An individual membership is only \$5 for six months or \$8 per year. A family membership which includes all members of the immediate family is \$12 for six months or \$20 per year.

Our unlimited plan entitles the owner to the above accommodations and also use of the new health facility. The health facility includes an exercise room with all the latest exercise equipment such as barrel rollers, facial machines, bicycles, weights, vibrator belts, etc., along with two handball and racquet ball courts and a sauna room. Women love our sauna because it is a dry heat and does not mess up the hair. An individual membership here costs \$65 for six months or \$118 per year. We do have a six-months installment plan for as little as \$10.50 per month. Come by and let us show you around and explain the plans.

Basketball League Results

Competition continued in the men's basketball league with First National Bank boosting its record to 9-0 with a victory over Coca-Cola 62-49. Borger remained right on their heels with an 8-1 record by thumping Pampa Independents 80-64. Other action found third-place Rotary Club Independents tripping Celanese 92-59 while fourth-place First Baptist Church took Cock O' Walk 53-38.

David Blocker, Renace Van Sycle, Darrel Richards, Tommy Darrell, Melissa Mackey, Michael Thompson. Those who completed the Intermediate Swimming Class were: Reeves Bevins, Stacy Williams, Darrell Porter, and Keith Mackey.

The Red Cross Board will meet Tuesday morning at 7 a.m. in the Star Light Room of the Coronado Inn, Mrs. Don George, Chapter chairman urges all persons on the board to be present.

Mrs. Libby Shotwell attended the last session of the Standard First Aid Class taught by Mrs. Ann Di Cosimo FAI for the Robert E. Lee School. All 9th grade girls completed the Standard Class. Mrs. Shotwell talked to the classes about the Red Cross, about the programs, the grips of the servicemen and about the latest programs in Red Cross.

Heavy Odds
A man whose blood pressure at systole (the moment the heart contracts) is 160 has five times the heart attack risk of an individual whose systolic blood pressure is under 120, according to the American Heart Association.

Little Food Value
Nutritionally, mushrooms are vegetables of insignificant food value that contain more than 90 per cent water, less than 3 per cent protein and less than 5 per cent carbohydrate.

New Books In Library

Death of a Transplant—S.C. Lee: the most incisive novel concerning American medical practice, its faults, influence, power and guilt.

Joan Crawford, My Way of Life: Written for every woman who wants to live beautifully and successfully.

A Week to Kill—David Delman: a crackling suspense tale, packed with action and made explosive by black-white conflict.

A Journey to Sahalin—James McConkey: a

moving novel about a university in eruption; the university scent 'old like it is' from the standpoint of an open-minded administrator.

Talking to Myself—Pearl Bailey: the author is often uproariously funny, she is full of compassion, and at times strikes profoundly into the human soul.

The Blue Heaven Bends Over All—Jane Oliver: a novel based on the life of Sir Walter Scott.

The Senator's Ransom—Ken Bernstein: a novel of suspense.

The Chemicals We Eat—Dr. Mevin A. Benarde: outlines the research now under way to produce in the laboratory highly sophisticated, protein-rich foods, that may go a long way toward feeding the world's exploding population.

The Alcatraz Incident—Russell O'Neil: spins out the consequences of this fearsome confrontation, as the determined young people hold the world at bay for five nerve-racking days.

Sunray To Sponsor Student Health Forum

SUNRAY—The Sunray Breathing Crusaders, a division of Christmas Seal Youth associated with Top of Texas TB and Respiratory Disease Association, will sponsor an area student health forum on Saturday, Feb. 26, at Sunray High School.

Schools, church groups, and other interested organizations are invited to send representatives to the forum beginning at 10 a.m. with a program "Smoking and Lung Cancer," by Dr. William R. Hale of Amarillo, a panel

presentation by former drug victims at 11 a.m., "H as in Heroic, H as in Hooked," and a program on "Venereal Disease Among Teenagers," at 1 p.m.

The forum is presented through cooperation of American Cancer Society, the Damascus Christian Center of Amarillo, and the Amarillo College Department of Nursing. A sandwich break at noon will be hosted by the Breathing Crusaders.

There is no registration fee.

Interested groups may request the program for their own individual communities.

PARIS (AP)—A civil tribunal rejected singer Leo Ferré's bid for a divorce from his 48-year-old wife. It said he was guilty of "serious rudeness" when he announced he wanted to go out with young girls.

Lobsters, once thought to do little ocean traveling, drift hundreds of miles as tiny spiderlike lobsterlings before settling down to the sea bottom.
