

MOTHER GOOSE LAND—Students at Horace Mann Elementary School presented a program on Mother Goose for all elementary school students yesterday morning. Participating in the musical presentation were, standing from left, Paula Winegeart, 7, second grade; Parrish Potts, 6, first; and Todd Richardson, 8, second. In front is Susan Elaine Bell, 6, first. Over 500 students were present at the play. Arrangements for the program, a take-off for National Library Week April 8-14, were under the supervision of Mrs. Frances B. Walls, elementary library coordinator. (Photo by Doug Abbott)

Concert Board Slates Election

Election of officers will highlight the annual meeting of the Pampa Community Concert Association board at 5 p.m. next Tuesday in the conference room of First National Bank.

A fourth concert for the 1973-74 season was selected at a meeting of the board yesterday afternoon. The association booked the Ronnie Cole Trio, an instrumental group, to appear here in mid-April of next year.

Other attractions already signed for the new season include Guy Lombardo and His Royal Canadians, the Canadian Comic Opera Company and the Rumanian Ballet.

BUDAPEST, Hungary (AP)—The government said tourists, mostly from other Communist countries, spent \$150 million in foreign currency in Hungary last year.

With cold ranging even more than on Antarctica, temperatures on the planet Mars fluctuate between 65 degrees F., down to minus 100 degrees.

McLean Slates Elections

MCLEAN—The office of mayor, two alderman posts and three positions on the school board are up for voting here in the April 7 elections.

Mayor Boyd Meador is being challenged by Sammy Haynes. R. L. Brown and W. A. Bentley are incumbent aldermen. Miro Pakan is seeking election to one of the positions.

Bob Sherrod and Delbert Trev are seeking three-year terms on the school board. Trev is currently filling an unexpired term left by the resignation of R. L. Ecerest.

Harold D. Smith is seeking a one-year term on the panel. Voting will be at McLean City Hall from 8 a.m. till 7 p.m.

Cycle Causes Home Blaze

Pampa firemen were called out last night at 11:35 p.m. for a fire in a farmhouse at 1200 E. Kingsmill.

The fire in the dwelling, owned by John H. Reeves and rented by Ernest Myers, was extinguished at 12:30 a.m., but not before a front bedroom had been gutted and the rest of the house heavily damaged by smoke and heat.

Gasoline ignited by a wall heater was the apparent cause of the blaze. Myers was working on a motorcycle in the front bedroom when fumes from the gas tank of the cycle exploded into flame.

Mattresses and other furnishings from the house lay charred on the front lawn this morning, but the cycle, also outside, appeared not to have been too heavily damaged.

Dismissals
Kenneth Adkims, 1125 Huff Rd.
Mrs. Betty Cox, 1821 N. Wells.
Mrs. Teresa Caldwell, Panhandle.
Cecil Francis, 1004 Darby.
Mrs. Alice Jeffcoat, Stratford.

Tracy Garner, White Deer.
Bruce A. Ginn, Pampa.
Jerry D. Braddock, 2728 Navajo.
Mrs. Gladys V. Hollon, Pampa.
Mrs. Mollie Jane Butts, 940 S. Schneider.

Congratulations
To Mr and Mrs. Arnold Baten, of 1518 Williston, on the birth of a baby boy at 10 a.m. weighing 7 lbs. 11 ozs.

Obituaries

MRS. NONA BARBOUR Collier, 501 N. Sumner, died today at 8:15 a.m. at Highland General Hospital.
Funeral arrangements are pending at Carmichael-Whitley Funeral Directors, Inc.
He was born March 17 at Groom Memorial Hospital.
Survivors other than his mother include his grandparents, Mr. and Mrs. Frank Skidmore, Pampa; and great-grandparents, Mrs. Minnie Evans, Pampa, and Mr. and Mrs. O. O. Skidmore, Monticello, Utah.

LEONARD N. McANALLY Funeral arrangements are pending at Carmichael-Whitley Funeral Directors, Inc., for Leonard Norris McAnally, 57, of Forsyth, Mont., who died there Monday.
He was born April 3, 1915 at Anson, Tex., and moved to Pampa with his family when he was a small boy.
He worked for E. M. Keller Trucking Co., before moving to Montana 15 years ago.

Mr. McAnally was a veteran of World War II and the Korean War.
Survivors include a daughter, Mrs. Delores Pierce, Harlington, Tex.; two sons, Jerry, Vallejo, Calif., and Tommy, Garland, Tex.; one sister, Mrs. Viloa Jordan, Pampa; and nine grandchildren.

Lifted Steaks Bring Charges
A 42-year old Pampa man was apprehended outside a local store yesterday after he had allegedly left with five packages of steaks without paying for them.

He voluntarily returned to the store with an employe and awaited police officers.
The manager of the store said he intended to file charges this morning for shoplifting.

Meeting Set
A meeting of the board of directors of the Pampa Industrial Foundation is scheduled for 10 a.m. Friday in the Chamber of Commerce offices. Fred Neslage, PIF president, said a number of matters will be on the agenda.

Teacher Gives Comment About Tastes Of Water

EDITOR'S NOTE--The Pampa Daily News received a letter today from Bill Mackey, 952 Terry Rd., commenting on final inspections made yesterday at Pampa's new water treatment plant. Mackey is a shop teacher at Pampa Junior High School. His letter follows:
"Editor:
"Bad news in the paper tonight! Reading the item about the inspection of the new water plant, I discovered what I suppose everybody else in Pampa has known all along. We don't have Lake Meredith water in our pipes!
"My simple-minded view, uninformed as it was, went like this: After the initial shock along about last fall when they turned Lake Meredith water into our distribution system and into our personal plumbing, the water improved gradually. The stench was powerful at first, and the taste was danged awful!
"But we sort of got used to it, and they got things straightened out at the new water plant and the Lake Meredith water got so it didn't smell so bad. Gradually it tasted a little better, and lately it got to tasting downright delicious.
"I read about Amarillo spending all that money to blend well water with their Lake Meredith water, and I

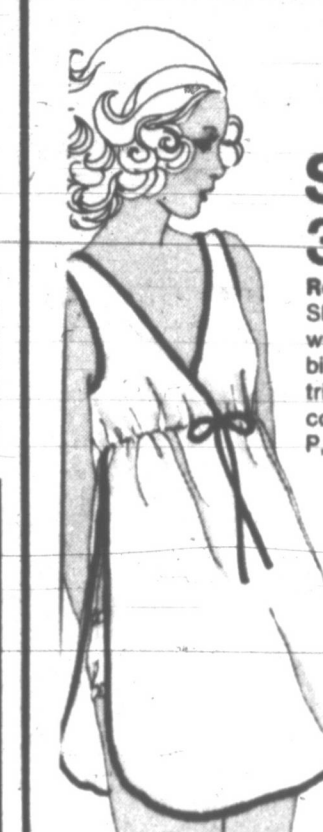

thought those folks over in Amarillo ought to check with our engineers because WE had some people here who could make Lake Meredith water taste good.
"Now I learn that it has been about three months since Lake Meredith water was pumped into our mains, and the possible explanations crowd into my mind: Our engineers may not be gifted with a magic touch after all. The water got better gradually--oh, so gradually--because it took a long time for the sweet well water to flush the Lake Meredith contamination from the system.
"Now we are confronted with the likelihood that Lake Meredith water will soon be coursing through our plumbing again. I know the new water

plant and the pipeline and the rest of the water system cost a ton of money. It would probably seem like foolishness to a lot of people to let all that sit idle.
"On the other hand, it is a grand thing to have a system like that for insurance. Nobody can be blamed for having the foresight to provide such a system. On the contrary, it was a move filled with wisdom.
"Remember? When the decisions were made, the population of Pampa was going to be 38,000 in 1973, and our growth rate was going to be five per cent annually.
"Since Pampa's population is not 38,000, maybe the old wells can be made to serve our needs a while longer. I think the water drinkers of Pampa would like that."
(Signed) Bill Mackey

Cake Decorating, Local Woman's Speciality

Mrs. T.R. Kelley

DECORATING TIME

BAKING BEGINS

By BOBBY COMBS
Today, with everyone from the President on down concerned about economy, we can come to the aid of the family food budget by concentrating on some of the tasty dishes that can be prepared by doing-it-ourselves. Those who entertain often or very little face the same dilemma: What to serve?

For the past several years, friends of Mrs. T.R. Kelley, had told me what a great cook she is, and that she was an expert cake decorator.

When I called Virginia last week, asking her to share some of her family favorites with our readers, she was in the process of baking a 50th wedding anniversary cake for her parents, Mr. and Mrs. A.G. Somers of Lubbock, who celebrated the occasion, March 18. She baked and iced the cake at home, then finished it in Lubbock prior to the event.

This cake contains 21 egg whites and 13 cups of sugar. She makes lots of all-bran bread and rich rolls with the yolks.

Virginia and her husband T.R. Kelley, 221 E. 18th, who is a resident engineer for the Texas Highway Department, have five children. Jerry, 21, works at Hillcrest High School in Dallas and Richard, 19, is a freshman at Texas Tech in Lubbock. Nancy, 15, is a ninth grader at Lee Junior High School; James, 11, is a sixth grader and Elaine, 8, is a second grader. Both attend Austin school.

Mrs. Kelley is Gray County Director of Child Evangelism Fellowship and teaches children's Bible classes, called Good News Clubs, after school hours. She also teaches Bible stories for pre and post school day-care programs at the First Presbyterian Church every Wednesday.

In her spare time, she loves baking and cooks three meals a day!

The listed recipes are a courtesy of Mrs. Kelley, which, I'm sure everyone will enjoy.

By MRS. T.R. KELLEY

WHITE CAKE

2 1/2 cups flour
1 1/2 cups sugar
3/4 teaspoon baking powder
1/2 teaspoon salt
1/2 cup Crisco
1 cup milk
1 teaspoon vanilla
4 egg whites

Sift dry ingredients and sugar into large mixing bowl. Add Crisco and 1/4 of milk. Mix 2 minutes on medium speed. Add egg whites and beat 2 more minutes. Add remaining milk and mix on low speed to blend well. Pour into 2 greased and floured 9" pans. Bake at 350 degrees for 25-30 minutes.

SUGAR MOLDING

1 quart granulated sugar
1 egg white, unbeaten
Mix well in glass bowl. Dust bell mold with cornstarch. Press sugar into mold until full and take a sharp knife to

smooth bottom edge. Carefully turn out on wood or waxed paper surface. Tap lightly with mold, as you would to crack an egg, to loosen bell from mold. Never use wet molds. Allow to dry about 1 hour. Hold bell and carefully clean out damp sugar from inside. This may be reused.

MARSHMALLOW ICING

Mix together in top of double boiler:

2 egg whites
1 1/2 cups sugar
one-third cup water
1/2 teaspoon salt
2 teaspoons white corn syrup
1 teaspoon vanilla
2 marshmallows, cut up
Be sure water is boiling in bottom pan. Beat above mixture at high speed until texture will stand in firm peaks, about 8 minutes. Remove from heat. Let stand 2 minutes. Spread on cake.

DECORATOR ICING

Sift 1 box confectioner sugar. Blend in 1/4 cup Crisco with pastry blender. Add 4 tablespoons cold water. Separate into different bowls to add coloring. Add a little water for edging and writing. Flowers must be stiff. Put into decorator tubes for decorating.

ALL BRAN BREAD

In big mixing bowl combine:
1 cup all bran
1/2 cup sugar
1 1/2 teaspoons salt
1/2 cup shortening

Photos By
Doug Abbott

Pour 1 cup boiling water over the above mixture and beat. Dissolve 2 yeasts in 1 cup water (lukewarm). Beat 2 eggs into bran mixture. Add yeast mixture and flour to make dough easy to handle. Knead six cups flour and shape into 2 large greased loaf pans. Bake at 350 degrees for 30 minutes.

OATMEAL COOKIES

1 1/2 cup sugar
3/4 cup shortening
3 eggs
1/2 teaspoon salt
1 teaspoon cinnamon
1/2 teaspoon allspice
1 teaspoon soda
3 cups flour
1/2 cup Grandma's molasses
1 teaspoon vanilla
2 cups oatmeal
Mix well and drop by teaspoonful on greased cookie sheet. Bake 375 degrees for 9 to 11 minutes.

When you are cutting up marshmallows, use kitchen scissors and dip the blades in hot water.

Moisture and air are the enemies of frozen food so be sure to wrap appropriately when you are freezer-storing foods.

The Pampa Daily News Food Page

Pampa, Texas 66th Year Thurs., March 22, 1973

Skinless franks are fully cooked so if your lunch toter likes hot dogs, he'll like cold dogs, too. Put one in a bun, give it the old hot-dog stand treatment with mustard, catsup or pickle relish and wrap it up for the lunch box.

There's one in every family: a child who wants peanut butter sandwiches 365 days out of the year. Give him his peanut butter, but add a slice of salami occasionally for a boost in flavor and nutrition.

Cheddar-type cheese is high in calcium and protein. Use it often in family meals.

QUICK DISSOLVING

Man Must Put Stress On Eating Properly-Or Pay

(First in a Series of Six.)

By Lawrence Lamb, M.D.

Food has always been a necessary preoccupation of man. The body changes very slowly, too slowly to keep pace with the sweeping and sudden changes in our environment and food supply made possible by modern technology. There is abundant evidence that we could enjoy better health if we would eat more of nature's unadulterated foods.

After a quarter century of research concerning the influence of the diet in causing heart and vascular disease, for example, the real thrust of the dietary recommendations is to return to more natural ways of eating.

Many factors besides diet can be beneficial to health, of course—such factors as exercise, the cessation of unhealthy habits like smoking, hormones and other medicines. But the simple truth is that within the framework of modern society one of the best and most effective ways to improve health is to learn to eat properly. That is what my new book—"What You Need to Know About Food and Cooking for Health"—is all about.

In order to eat properly you will need to know some basic facts about food, which are not always easy to obtain. In writing my food book I learned a great deal, even though I have been concerned about diet and heart disease for over 20 years.

It does make a difference which piece of chicken you eat. Whether or not you eat the skin is important. Many so-called "low-fat" foods aren't low in fat at all. About one third of the calories in "low-fat" milk is from fat. Over 20 per cent of the calories in black raspberries is from fat. Some so-called low-fat foods are simply low-calorie foods, and a large proportion of their

calories often come from fat. In selecting and preparing recipes for those who want to eat more healthfully I realized it was necessary to consider not only the total number of calories, but also

cholesterol in milligrams.

This sounds like an overwhelming task but I have done the research and provide it in concise book form. I also prepared individual food tables that are available

(From "What You Need to Know About Food & Cooking for Health," by Lawrence E. Lamb, M.D. Copyright © 1972 by Lawrence E. Lamb. Reprinted by permission of The Viking Press.)

WHIPPED-CREAM SUBSTITUTE	
1. Gradually mix into	1 cup nonfat milk powder
	1 cup cold water
2. Add	1 tablespoon lemon juice 1/2 cup sugar or honey 1/2 teaspoon vanilla
3. Whip until stiff. Chill and if desired whip again before using. Mixture will stiffen further on cooling.	
SOUR-CREAM SUBSTITUTE	
1. Mix together	1/2 cup nonfat milk powder 1/2 cup cold water
2. Blend well with	8 ounces uncreamed cottage cheese 2 tablespoons lemon juice 1/2 teaspoon salt
3. Refrigerate until used.	

the values for carbohydrates, proteins and types of fat in terms of calories rather than grams in a recipe.

It is also essential to learn the true breakdown in total calories for a recipe, protein in calories, carbohydrate in calories, fat in calories, saturated fat in calories, monounsaturated fat in calories, polyunsaturated fat in calories with per cent of total calories, and

on the caloric value of the food elements for each food category; for example, dairy products, cereals and grains, meats, fish, desserts, and others. A complete explanation meeting various dietary objectives is given in "What You Need to Know About Food & Cooking for Health" (The Viking Press, New York).

Today In History

By THE ASSOCIATED PRESS
Today is Thursday, March 22, the 81st day of 1973. There are 284 days left in the year.
Today's highlight in history:
On this date in 1765, the English Parliament passed the Stamp Act to raise revenue in the American colonies.
On this date—
In 1622, some 350 Virginians were killed in the first Indian massacre of European colonists in North America.
In 1794, the Congress passed a law prohibiting U.S. ships from supplying slaves to another country.
In 1820, an American naval hero, Stephen Decatur, was mortally wounded in a duel with Commodore James Barron near Washington.
In 1945, the Arab League was founded in Cairo.
In 1967, Indonesia's first president, Sukarno, surrendered his remaining presidential authority to Gen. Suharto.
One year ago: More than 70 persons in Belfast, Northern Ireland, were injured when a bomb exploded in a parking lot between the city's largest hotel and a railway station.
Today's birthdays: Former Secretary of Commerce Maurice H. Stans is 65.
Thought for today: A man's true wealth is the good he does in this world.—Mohammed, 570-632 A.D.

Television And Radio

NEW YORK (AP)—One of the odd things about television here is that it tends to make you misplace seasons. For example, it was snowing here last Sunday, yet there was baseball on television.
No kidding. Two local stations were broadcasting New York Yankees and New York Mets exhibition games from the republic of Florida. The sun was shining there.
So was the ray of realization that it's time to face the baseball season again. For NBC, which has exclusive rights to major league games through 1975, the current baseball season starts on April 7 and expires in October.
This season may be disheartening for housewives who detected signs of life from their husbands when the football season—particularly ABC's Monday night football season—ended this year.
NBC says it's going to show more regular-season games than ever before—a total of 41 in addition to the All-Star, National and American League championships and the World Series games.
There's no increase in the number of Saturday daytime games. But the number of Monday night games on NBC will rise to 15, five more than were aired last year and 10 more than in 1971.
And in coming seasons, there may be even more night base-

Home Interiors Slates Opening

A new home furnishing business is due to open in Pampa tomorrow.
Home Interiors, 1621 N. Hobart, will hold its grand opening Friday to begin sale of various home furnishings.
The new firm is operated by Ernest "E.J." Hawkins, who has been in the retail furnishing business for 12 years.
Home Interiors will offer a full line of home furnishings, Hawkins said. Later the business plans to provide a drapery department, along with a complete line of carpets and an interior decorating service.
Hawkins lives at 1713 Fir with his wife Joy and their daughter Tricia.

City To Assume Debts Of Park

ARLINGTON, Tex. (AP)—Arlington Park Corp., which operates Seven Seas amusement park and Arlington baseball stadium where the Texas Rangers play, is being disbanded and its \$38 million debt is being assumed by the city, Mayor Tom Vandergriff said.
Vandergriff, in a prepared statement issued after a meeting of the city council, said special legislation allowing the change has been requested through Fort Worth state Rep. David Finney and Betty Andujar.
The mayor said the park corporation will ask the city to authorize issuance of an additional \$2.5 million in certificates of indebtedness "to see us through the period until the legislation becomes law."
Transfer of the entertainment facilities from the non-profit corporation to the city was sought because long-term financing was not available, Vandergriff said.

WORRY CLINIC

Tad's dramatic revenge shows why the "Compliment Club" technique is vital in all walks of life. Salary alone doesn't suffice, for Jesus also stated that "Man does not live by bread alone." We have ego hunger, so we crave praise for our soul!

By George W. Crane, Ph.D., M.D.

CASE W-557: Tad Z., aged 28, is a former newspaperman.
"Dad," my son Philip, the U.S. Congressman, told me, "Tad was hired as ghost writer for a Senator."
"The latter wasn't naturally too articulate, but now he would astound his constituents with his superb orations."
"And he soon began to win praise from the newspaper and TV back home."
"Although Tad enjoyed seeing his boss become so popular as a speaker, he wished the Senator would occasionally give him a word of praise."
"Or even a little pat on the back, just to show appreciation for Tad's splendid ghost written speeches, which the Senator always read, verbatim."
"But the Senator figured he had paid Tad a good salary for those speeches, so he accepted all the credit for them."
"As the campaign approached the November 7th deadline, the Senator was scheduled for a statewide TV final address on the night of November 8th."
"Tad was told to write a speech which would be certain to swing the election in favor of the Senator."
"That night, when the Senator stood before the TV cameras, he began by saying he would get down to the nitty gritty and offer specific solutions to America's major problems."
"Thus, he promised he would show exactly how the terrific tax rate could be cut in half!
"And also how to end the Vietnam War, as well as get all the POW back home again."
"He vowed, too, that he'd offer the only surefire method of handling the welfare problem of our large cities."
"By now he had reached the bottom of Page One, so he quickly turned to the 2nd page of his oration."
"Then he stuttered, stammered and suddenly wiped beads of sweat from his brow."
"For in bold type, clear across the middle of the otherwise empty page, Tad had

written: "Now, Senator, you are on your own."
"Frantically the Senator sifted through the remaining pages, only to find all of them blank!"
"In desperation, he tried to recall his previous 4th of July address, which he stumbled through."
"But when he got back to Washington, to find Tad, he found Tad's resignation already on his desk!"
"So Tad beat him to the draw!"
"But if the Senator had used your 'Compliment Club' technique, he'd have avoided this calamity."

CHRIST'S MENU

Jesus told us that man doesn't live by bread alone!
Which means we have hunger of the soul, apart from our stomach needs.
And even a good wage or salary should be "seasoned" with bits of deserved praise.
For all of us want to feel important!
And complimentary words are essential to that end.
Parents and teachers especially need to remember this fact when dealing with kiddies, for they are usually scolded instead of praised!
If a child misses 9 out of 10 spelling words, focus on that one word he got right!
For he already has seen the teacher's check marks for his errors!
So send for my "Compliment Club" booklet, enclosing a long stamped, return envelope, plus 25 cents and learn the 5 basic laws for complimenting.

Always write to Dr. Crane in care of The Worry Clinic, Hopkins Blvd., Moline, Indiana 47550. Enclose a long stamped, addressed envelope and 25 cents in coin to cover typing and printing costs when you send for one of the booklets.

Wheeler To Get New Post Office

WHEELER — U.S. Postal Service officials at the Southern Regional office in Memphis, Tenn., have announced a contract has been awarded to build a new post office at Wheeler.
Lowest of ten bidders was E.E. Warnick, 5513 Everett St., Amarillo.
The new post office will contain 1,856 square feet of interior floor space when completed in September. The owner will lease the building to the Postal Service for ten years, with renewal options for an additional 20 years.

15 Deaths Associated With Use Of Medical Cleansing Agents

WASHINGTON (AP) — The deaths of 15 persons in the United States have been associated with the external use of medical cleansing agents containing the germ killer hexachlorophene, according to federal records.

In most instances, the cleansing agent was pHisoHex which contains 3 per cent hexachlorophene, the records show. The manufacturer said the deaths were "not pHisoHex deaths."

The Food and Drug Administration in September banned hexachlorophene (HCP) from all but prescription products, but did not tell newsmen of HCP's association with the 15 U.S. deaths although it was aware of them.

The FDA did cite the deaths of 39 French infants and a university study correlating frequent bathtings with HCP so-

lutions and brain lesions. The ban covered over-the-counter sale of popular deodorant products containing HCP.

Asked why the FDA did not cite the 15 U.S. deaths, an agency spokesman said the French and university reports formed "the important data."

"Our action was fully responsive on the basis of the data as it was being developed," the spokesman said.

At no point do FDA records list the germ killer as cause of the 15 deaths which occurred between 1954-71. They are reported in a September 1972 FDA summary under a category entitled, "Fatal Reactions Associated With Topical Use" of HCP.

The summary also lists several nonfatal reactions and other deaths associated with accidental swallowing of products

containing HCP.

Many of the 15 deaths occurred during a period when Winthrop Laboratories, manufacturer of pHisoHex, was not reporting to the FDA any adverse reactions to the product.

Asked about the deaths, an official of Sterling Drug, Inc., which owns Winthrop Laboratories, said in a telephone interview that the deaths noted in the

FDA report "are not pHisoHex deaths."

"Just because someone happens to be bathing with hexachlorophene at the time he dies doesn't mean he dies from hexachlorophene," said Dr. Monroe Trout, Sterling's medical director.

The FDA records on fatal reactions associated with HCP cite instances in hospitals of the use of pHisoHex on burns and in

enemas and vaginal packs.

In taking action against HCP in September, the FDA noted reports that said the French infants died as a result of baby powder accidentally containing 6 per cent HCP, double the intended dose.

The FDA also cited a University of Washington report which showed "a positive correlation between three or more exposures to hexachlorophene

bathing with 3 per cent hexachlorophene emulsion and lesions found in the brain stem in premature infants who died of unrelated causes."

In December 1971 the FDA sent a drug bulletin to 600,000 doctors and other health professionals, warning them to discontinue use of products such as pHisoHex in routine bathing of infants and adults.

Auto Theft Is A Thriving Underworld Business

(EDITOR'S NOTE: This is the second in a series of stories on organized crime in Texas. Auto theft, a thriving underworld business, is the topic. Figures used were compiled by the Texas Organized Crime Prevention Council and The Texas Department of Public Safety.)

"Public awareness is vital to stamping out organized crime," say Atty. Gen. John Hill and Col. Wilson E. Speir, DPS director, who are co-chairmen of the Texas Organized Crime Prevention Council.

(This series is part of a public education program developed by the Texas Criminal Justice Council, the Law Enforcement Assistance Administration, the Texas Department of Public Safety, the Office of the Attorney General of Texas and local law enforcement agencies.)

This is the story of Bill Jones, a hard-working, law-abiding young store clerk with two small children and a salary of less than \$9,000 per year.

He and his wife, Beth, saved for four years for enough cash for a new car because the family budget wouldn't allow quick credit or an easy loan.

When Bill came home excited one night about an "almost new" auto he had discovered on the recently opened used car lot down the street, his wife went along with the purchase. They bought the car and for one week were in seventh heaven.

Then, Saturday afternoon, a uniformed officer knocked on the door, asking whose auto was sitting in the driveway.

"It's mine," said Bill.

"I'm sorry," the officer replied, "but that car is a stolen vehicle and we have to impound it."

Bill and Beth were stunned. They couldn't produce papers because the title, to be mailed, had not yet arrived. A quick check with the used car dealer revealed he, too was awaiting return of papers from the "original owner."

But that "original owner," it turned out, had used bogus papers and license plates when the automobile was sold to the used car dealer. Bill and Beth were left holding the bag — their dream exploded — the victims of a sophisticated organized crime car theft ring.

Organized auto theft and theft of personal and household

property pours millions of dollars yearly in pockets of Texas mobsters. Autos and other vehicles head the list, but thieves also make off with everything from television sets to hair brushes from Texans each year.

One officer recalled not long ago "the hardest thing I ever had to do in my life was go into the small home of a low-income family and take away the television set a hard-working mother had finally been able to bring home for the kids."

"She bought it from a shady dealer, and it turned out to be stolen goods. It wasn't easy to walk out with all those kids crying for something they had waited for all their lives," he added.

The Texas Organized Crime Prevention Council, co-chaired by Atty. Gen. John Hill and Col. Wilson E. Speir, director of the Department of Public Safety, reports motor vehicles are prime targets for organized thieves.

Using Dallas as an example, criminals stole property valued at \$15.7 million last year. More than \$6 million of that total was cars — although ultimately \$4.4 million worth of autos were recovered.

An end-of-the-year tally for 1971 estimated \$50 million or more worth of motor vehicles were reported stolen in Texas. That figure represents an estimated 48,323 vehicles stolen in the state during 1971.

Many average Texans conclude the absence of complaints means the absence of organized crime in the car theft racket. Nothing could be further from the truth.

At the present time, 80 to 85 per cent of all stolen vehicles

are recovered," said Col. Speir, "but many of those not recovered are taken by professional thieves and organized theft rings."

Car theft, as a matter of record, often is the "kindergarten" for a young thug. Underworld bosses, especially a "fence" (the receiver of stolen goods), often sponsor fledglings in "lower level" crimes such as home burglary, hijackings and auto theft.

By bankrolling prospective employees, whom they are actually training and testing, the organized criminal element is the catalyst for street crime.

As former U.S. Atty. Gen. John Mitchell has said, "When you read of housebreakings, shoplifting and industrial thefts, you should realize that organized crime provides a major network for the disposal of these stolen goods."

The DPS Criminal Law Enforcement Division and local authorities have uncovered evidence on more than 40 auto theft rings. In 34 instances, positive identification of the leader was made and names of members and method of operation discovered. Many arrests have resulted.

Lawmen in North Texas recently disrupted a multi-city car theft ring employing one of the more common methods used to steal a car — in the raids and resulting arrests, officers recovered 13 stolen cars which had illegally obtained salvage titles and salvage vehicle identification numbers (VIN) and license tags.

Speir explained the thieves get the tags, certificate of title and identification plates from a

vehicle, which has either been wrecked or totally destroyed.

"Then," Col. Speir said, "a member of the gang goes out and steals a car similar to the wrecked one."

After transferring the plates from the salvaged vehicle, the thieves re-register the stolen car and sell it — usually to an unknowing customer like the used car dealer who sold the car to Bill and Beth Jones.

Last spring, the FBI and agents from the DPS working with the National Auto Theft Bureau (NATB) recovered 24 stolen vehicles believed to be part of a haul by a nationwide car theft ring. The late model luxury cars were stolen from Pennsylvania and sold in Houston through two motor companies and a local businessman.

The cars were registered on counterfeit titles and financed through various banks, apparently by innocent buyers, the FBI said.

Another frequently used method is use of a counterfeit title obtained from a non-title

Two major investigations in Houston and Dallas in June, 1972, netted 62 recovered stolen vehicles. In one instance, the criminal subjects utilized salvage auto identification plates from Alabama on cars stolen in Tennessee.

The other group specialized in counterfeit Pennsylvania titles and stolen Pennsylvania vehicles.

Department of Public Safety agents and Abilene lawmen cracked down on an auto theft ring found to be operating out of that city. The investigation led to the recovery of 44 stolen vehicles and several conspirators were arrested on auto theft charges.

The thefts cleared in this case involved the use of salvage vehicle identification number plates.

"At the present time, there are indications of other large rings operating in Texas," said Speir, reinforcing the assessment of other Texas lawmen.

Suspected operators of what the investigating officer

described as "quite a large theft ring" were arrested after several months of undercover work by DPS intelligence agents, officers of two coastal counties, and a representative of the NATB.

The investigations showed that car theft rings on the uppercoast steal cars, especially late sport models, and strip them for transmissions, tires, or whatever parts they need.

"Then they'll put some old tires on them and drag them off and leave them," said the lawman.

Throughout the state, farm equipment is a popular target for theft rings. Peace officers in Texas and New Mexico recently seized \$100,000 worth of farm tractors, truck tractors, and a big combine. Authorities believe the confiscated equipment was stolen from points throughout West Texas by a ring headquartered in the Texas Panhandle.

Professional thieves in the Rio Grande Valley appear to specialize in new or nearly new pickup trucks. Investigators

said 30 trucks were stolen in one Valley city in 1972 and apparently taken across the border into Mexico.

Less easy to identify and return are valuables stolen in home burglaries. For example, in a medium-sized North Texas city, residents of 481 homes reported being burglarized in 1971. Only 63 got any property back.

Merchandise such as television sets, watches, furniture and stereo sets usually difficult to identify. They're easy to transport and simple to market but extremely difficult to trace.

Such items find their way into pawn shops or to the "friendly neighborhood fence" for the thief, that is — and are unloaded or resold. Many homeowners now are using electric pencil devices to mark the more valuable items within their homes.

Of course, the more obvious precautions such as locking your car when you leave it or never leaving the keys in the ignition certainly should be practiced by all motorists.

This may not prevent your car from being stolen, but it makes the thieves' job more difficult and greates the chances of their being seen.

Car thieves burglars who prowl cars for tape decks or other items must move swiftly.

Law enforcement officials also could use some changes in the penal code and authorization for modern surveillance techniques to help catch the fence. Fences usually are difficult to run to ground, doing much of their business by telephone or in some cases selling off stolen goods a few items at a time.

But progress is being made in the theft and burglary field, as far as most law enforcement officials can tell. A more aware and better educated public holds the best promise for solutions to the problem.

"We may never wipe it out completely, but if the public will help giant progress can be made," Col. Speir noted.

The next in this series of stories will deal with so-called "Victimless Crimes."

Test Faces Food Shoppers, Sellers

NEW YORK (AP) — One of the more interesting revelations about American consumer behavior will be provided during the next few months of conflict between food shoppers and the rising cost of supplying the body with energy.

This is more than a passing test. It is a watershed in the affairs of consumers, who for more than 10 years have been feeling their muscles grow and who have been exerting their powers in a variety of ways.

Can they stop food price increases? Their President believes they can, and has declared such faith in them that he

has declined to appear in person on the field of battle as he has in so many other economic conflicts.

But faith alone won't win the battle. Aligned against the consumer are all the pressures of professional promotion, advertising, new product development and the like that have one message: Spend.

There is, moreover, the persistence of habit. Americans have been upgrading their diets since the Great Depression, adding more meat and using less starch. And they have been willing to pay dearly for conveniences, too.

 2 tablespoons lard or drippings
 1 1/2 teaspoons salt
 1/8 teaspoon pepper
 1/4 cup tomato juice
 1/4 cup prepared horseradish
 1/2 cup chopped onion
 2 tablespoons flour

Brown roast in lard or drippings. Pour off drippings. Add salt and pepper to pot-rost. Add tomato juice, horseradish and onion. Cover tightly and cook slowly 2 1/2 to 3 hours or until meat is tender. Remove pot-rost to heated platter. Add water to cooking liquid to make 2 cups. Thicken with flour for gravy. 6 to 8 servings.

TOPS TX 149 INSTALLS OFFICERS — Shown in photo from left is Mrs. Ray Ramey, who installed new officers of TOPS TX 149 recently at the Flame Room, Pioneer Gas Co. Officers installed are Mrs. Archie Chisum, leader; Mrs. Robert Fick, co-leader; Mrs. Floyd George, secretary;

Mrs. Steve Brown, weight recorder; Mrs. Leon Brown, co-weight recorder; Mrs. Richard Bischel, corresponding secretary; Mrs. Elmer Williams, treasurer and Mrs. H. B. Guthrie, reporter.

(Photo By Doug Abbott)

Officer Installation Held By TOPS TX 149

TOPS TX 149 met recently for installation of officers and a low calorie tasting supper, with an exchange of recipes showing low calorie food can be appetizing.

What is TOPS? It is an international organization founded by Esther S. Manz and three friends on Jan. 21, 1948 for the purpose of Taking Off Pounds Sensible. It has grown from four friends, into an organization of 12,629 chapters around the world, with a membership totaling over 313,000.

TOPS realizes that just as people are different, so are their problems; so they have no set diet, no set exercise program, no gimmicks, just a weekly weigh in with lots of encouragement from others who understand problems.

Members follow their own physicians diets, but are encouraged to retrain their appetites so they can Keep Off Pounds Sensible.

Every year, State Recognition Days are held to honor members who have lost the most weight and reached their goal in December of the preceding year.

State Recognition Days will be held in Fort Worth, May 4-5, with each club sending delegates.

State royalty are then sent to International Recognition Days to be held June 28-30 in Milwaukee in celebration of TOPS 25th anniversary.

New officers installed by Mrs. Ray Ramey, are the leader, Mrs. Archie Chisum; co-leader, Mrs. Robert Fick; secretary, Mrs. Floyd George; treasurer, Mrs. Elmer Williams; weight

recorder, Mrs. Steve Brown; co-weight recorder, Mrs. Leon Brown; corresponding secretary, Mrs. Richard Bischel; and reporter, Mrs. H. B. Guthrie.

Outgoing leader, Mrs. Fred Hutchens, presented a speech and secret pals were revealed with a St. Patrick's Day gift exchange.

Mrs. R. T. Wyatt and Mrs. A. C. Parsley were honored as division winner of 1972.

Mrs. Floyd George was crowned as monthly best loser for the second month. She has lost 23 pounds in two months. The weekly fruit basket was won by Mrs. Leon Brown.

To coat chicken or meat with seasoned flour, put the flour in a clean paper bag. Add the poultry or meat, a few pieces at a time, and shake to coat. Any remaining seasoned flour may be used in making gravy.

Club News

PHI EPSILON BETA

Phi Epsilon Beta, of Beta Sigma Phi met recently in the home of Mrs. Phil Altman. The meeting was called to order by Mrs. Richard Dorman, president.

Names were presented for Woman of the Year, and secretly voted on.

The program was given by Mrs. Danny Daugherty.

The next meeting will be held March 20. The place will be announced later. Thirteen members were present.

A salad supper was held recently for the new rushers in the Flame Room of Pioneer Natural Gas. Attending were Mmes. Jim Laramore, Rick Clark, John Garron, Charles Sexton, Donnie Thacker, Wayne Trusty, Bill Foreman, Donnie Orth, Cecil Newman, and Miss Kathy Ward.

TOP O' TEXAS HD CLUB

Mildred Prince, home advisor, Southwestern Public Service Co., presented the program on festive foods at the recent meeting of the Top O' Texas Home Demonstration

Club, which was held in the Reddy Room, SWFS.

Mrs. Kenneth Holt, hostess for the meeting, at which time members decided to purchase two tricycles and a wagon, to be donated to the Head Start program. It was also decided to meet only once a month, instead of twice, on the third Thursday of each month.

The following were present: Mmes. James Kirkwood, Don Tinney, Pat Kirkendall, Fred Epperly, Eddie Barnett, Bob Muncy, Jerry Lebow, Jim Hollingwood and Kenneth Holt. Guests were Mmes. Bill Greer, Archie Maness, Don Carter, Morris Morgan, John Pahlow, Lee Allison, Bobby Kenyon, and J.A. Minnick.

The door prize was won by Mrs. Don Carter.

FIRST BAPTIST WOMEN

The Mission Prayer Group of Baptist Women met in the Prayer Room of the church recently.

Mrs. D.B. Johnson was in charge of the meeting in the absence of Mrs. Owen Johnson, chairman of the group.

Mrs. Louis Tarpley led the opening prayer.

Mrs. Jameson presented the program on the New England states and the mission efforts of Southern Baptist in that area.

The Calendar of Prayer was given by Mrs. S.E. Waters.

Miss Claudia Everly, Director of Baptist Women, was present and announced that the mission project for the month of March is "Shoes for Buckner's". This effort will assist in providing shoes for orphans at Buckner's Orphanage which is located in Dallas. Anyone interested in this charitable endeavor should contact Miss Everly.

The meeting was closed by all members present offering sentence prayers for each prayer request brought before the group. The main object of prayer was the upcoming revival of the church next week, March 18 through March 25.

Members present were: Mmes. L.V. Hopp, Lee Moore, E.E. Shelhamer, J.P. Heath, J.V. Young, B.T. Clements, Ed Langford, Jameson, Waters, Tarpley, and Miss Everly.

Austin Students Perform For PTA

Approximately 240 students in the fourth, fifth, and sixth grades at Stephen F. Austin school presented their annual program, "It's A Small World," recently in observance of Texas Education Week.

This program was based on their study of the music and culture of China, Africa, and Hawaii, representative of the United States.

Each grade level took one country and told of the music characteristic of the country, sang and performed rhythms, and played instruments typical of those used in that particular country.

The students were directed by Mrs. J.E. Gunn.

A short PTA business meeting was held by Mrs. Richard VanKluyve, president.

Club News

PROGRESSIVE HD CLUB

Two members were elected to attend a program on bells and trimmings to be held at the annex, at the recently held meeting of the Progressive Home Demonstration Club.

Mrs. J.T. King, 1140 Prairie Drive was hostess for the meeting.

Two members were also elected to help the council serve at Senior Citizen's meeting, April 12. Plans were made to visit

Boy's Ranch, March 29 and a luncheon at Furr's Cafeteria will be held sometime in May.

Mrs. E.A. Revard presented the program on Social Security Benefits.

Refreshments were served to Mmes. B.F. Dorman, E.C. Golden, Lazetta Grant, G.B. Hogan, J.A. King, J.T. King, E.A. Revard and E.P. Templin. Mrs. J.A. King, 1148 Prairie Drive, will be hostess for the next meeting to be held March 27 at 2 p.m.

JOAN RYAN

The Houston Oilers as Soap Opera

By JOAN RYAN

WASHINGTON, D.C. (NEA)

My mother, who lives in Houston, Tex., vented her fan frustrations to me shortly after the Oilers wrapped up their 1-13 record last season.

"Well, they ought to rename the Astrodome," she fumed, speaking of the Arabian Nights' version of a sports stadium in Houston. "After the Oilers get through with a game there, they should call it the Astro-doom!"

Not all Houston fans feel quite this dejected about the Oilers' chances in big-time football. In fact, owner Bud Adams continues to show the native optimism of a wild-catter who's just hit yet another dry hole but is ready to move his rig over 50 feet and start drilling a new well.

Adams, undaunted by what looks like habitual failure, keeps his Oilers rig ever mobile, having hired and fired so many head coaches that even the computers have lost count. His latest honcho, Bill Peterson, was filched from Rice University, a stone's throw from Oiler headquarters.

Peterson broke a three-year contract with the Owls that had two years to run in favor of Adams' 10-year pact at \$50,000 per An-d., at the time, Peterson's lengthy contract looked like eternity.

What Adams had in mind when he hired "Pete" was to veer the Oilers from their collision course toward disaster. The 1-13 record Peterson produced in 1972 didn't exactly send rival teams to the analyst's couch.

But Adams' latest stroke of genius might very well send Peterson in search of therapy. Because Adams just hired former head coach Sid Gillman, the sixth winningest coach in NFL history with 114 victories in Los Angeles and San Diego, as general manager.

If Saul eyed David biblically after Saul slew his thousand and David his ten thousand, imagine the looks Gillman must be receiving from Peterson.

That Adams would consider Gillman as his employe is

either a point of irony or a case of desperation, because in 1966 the two men scuffled over Ernie Ladd and Earl Faison in a trade. Gillman, then head coach at San Diego, charged Adams with "tampering," the NFL euphemism for dirty-dog-play.

"If you'd asked me a few years ago, I'd have said Sid and I would never get together," Adams said amiably, burying the hatchet that Sid had lodged in his skull. "He's an aggressive, determined person. A bulldog type. You have to get up pretty early in the morning to get ahead of Sid Gillman."

The question remains, do Adams and Peterson have alarm clocks that reach down to Gillman's lower registers?

Gillman has already taken the reins of the runaway horse from Adams' calloused hands. He's shown the folks in Houston that he is his own man.

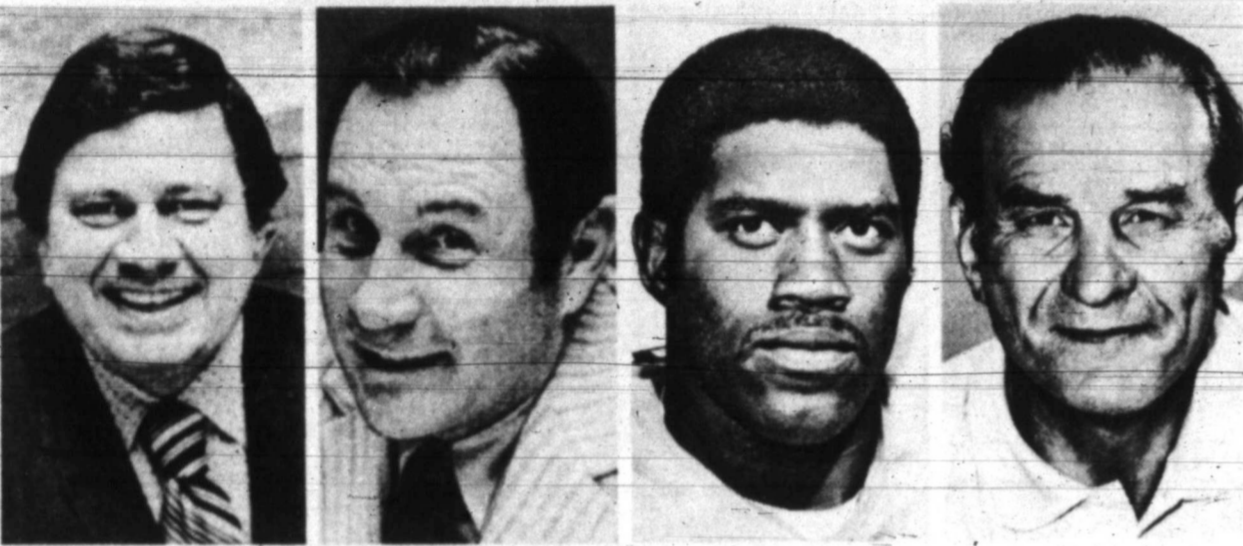

"Sid said that getting Bill Curry was a great move," Adams told a reporter. "He said that we needed two more trades to get this club turning around. He didn't tell me what they are, though."

Gillman inherits a team with more than a few disgruntled veterans, Elvin Bethea being just one outspoken critic. And five assistant coaches scuttled away when the gun sounded on the Oilers' final loss. But there are two promising young quarterbacks, Lynn Dickey and Dan Pastorini. And a number one draft pick, John Matusak, who stands 6-7, weighs 275 pounds, has a headful of Shirley Temple curls and is known as "Big Bad John."

Can Gillman, a man who has stalked the sidelines in pro football, a man who has won and won big, find contentment in an upstairs office? Or will Bud Adams phase out Bill Peterson and elevate Gillman to head coach, where he belongs?

The Oilers can't fool my mother. She wrote me only last week, "Everybody knows that Gillman is next."

(NEWSPAPER ENTERPRISE ASSN.)

AMONG THE MAIN CHARACTERS in the Houston Oilers version of "Search for Tomorrow" are, from left, owner Bud Adams, coach Bill Peterson, player Elvin Bethea, and new general manager Sid Gillman.

Oilers And New Orleans Saints Make Trade Involving Five Men

HOUSTON (AP) — The way Edd Hargett figures it, even going for the 1-13 Houston Oilers can't be a come-down.

He figured Wednesday in a five-player deal which sent him along with end Dave Parks and linebacker Tom Stincic from the New Orleans Saints to the Oilers in exchange for reserve Oilers quarterback Kent Nix and injury-slowed Ron Billingsley.

Hargett, a fifth-year backup man for Archie Manning, did not play a single down last season.

"If I can play any, then I'm happy," he said after the trade. "I don't have any idea why they never let me play. I guess they were just determined to let

Archie play the whole game no matter what.

The Oilers already have quarterbacks Dan Pastorini and Lynn Dickey, but Dickey suffered a serious hip injury last year.

"We've got every confidence Dickey's going to play for us next year with Dan Pastorini," said Oilers coach Bill Peterson. "You can't call Hargett sort of an insurance thing, though."

Stincic could become the Oilers' top middle linebacker by default since Garland Boyette took an assistant coach position with the team. However, Stincic has been bothered by injuries through his four-year career with the Saints and Dallas Cowboys.

As for Parks, the former all-pro from Texas Tech handed out a written announcement after the final Saints' game last season that he no longer would play in New Orleans and would be choosy about where he was traded.

Last season Parks caught 32 passes for 542 yards and six touchdowns.

"We dropped so many passes last year," Peterson said. "The trade should help us, especially our receiving. We may use Dave at tight end some in addition to wide receiver. He's got good hands and experience. We need experience, too, especially our receivers."

In return the Saints got Nix, who completed 33 of 63 passes

but had seven interceptions last year, plus seven-year regular defensive tackle Billingsley, who missed most of last season with knee injuries.

Game And Fish Law Hearings Coming Up

AUSTIN—Texas hunters and fishermen have approximately one-billion-dollars invested in their equipment, and soon they will have the opportunity to put their voices where their money is.

The opportunity will come when Texas Parks and Wildlife Department officials hold public hearings in counties across the state concerning changes in laws affecting fish, game animals and fur-bearing animals.

Clayton Garrison, executive director for the department, said the hearings are the first step toward setting the coming hunting and fishing regulations. The proposals will be set forth at the hearings, and citizen comments will be invited.

Detailed reports of the hearings will be submitted to the Texas Parks and Wildlife Commission. The reports will be used by the commissioners when they are considering changes in game and fish regulations.

Garrison said department officials are hoping for a good turnout at the public hearings. "Citizen participation at these hearings is absolutely essential if we are to get a full picture of many variables affecting fish and wildlife programs," he said. "We sincerely urge anyone interested in our fish and wildlife resources to attend these local hearings."

Hearings for this area are slated March 27 and 28. All will be heard in the County Courthouse of the county listed.

March 27: Gray County, 10 a.m.; Robert's County, 2 p.m.

Hemphill County, 8 p.m.
Wheeler County, 2 p.m.
March 28: DeFrees County, 2 p.m.; Donley County, 8 p.m.

Tohill Is Recovering

FORT WORTH, Tex. (AP) — Texas Christian Head Football Coach Billy Tohill remained in the intensive care unit of John Peter Smith hospital today, recovering from the amputation of his right foot above the ankle.

Surgeons removed the foot Wednesday because it was so mangled in a traffic accident a week ago that blood vessels could not properly function.

Tohill also suffered a crushed pelvis, battered face bones, fractured ribs, and cuts in his high speed wreck in which his car struck a guardrail.

Spring football practice at TCU was under the supervision of defensive coordinator Frank Young and Tohill's status for next fall was in the air.

SOFIA, Bulgaria (AP) —

Light brown snow with red hues at times was reported in northeast Bulgaria by the news agency BTA, which said colored snow has fallen in the area before. Meteorologists are at a loss to explain the phenomenon, the agency said.

Bird Dog Club Trial Results

The Panhandle Bird Dog Club had its Spring Trial March 16-18 at the Gene Howe Wildlife Refuge near Canadian. Judges for the trials were Earl Mathis of Amarillo and A.M. Ferguson of Enid, Okla.

In open shooting stakes, Pam, a pointer female owned and handled by Joe Franklin of Pampa took first place.

Tap Top, a pointer male owned and handled by George Miller took second. Third place was withheld. (If the judges of a trial feel that the dogs entered in a category are not up to par, they can withhold places.)

The open derby stakes first place went to Wynoka, a pointer male owned and handled by George Miller. Second and third were withheld.

First place in the amateur shooting dog stake went to Molly, pointer-female owned and handled by Buck Brazil of Sentinel, Okla. Second went to Amos, pointer male also owned and handled by Brazil. Third place was earned by Sue, female pointer owned and handled by Marvin Sperle of Cordell, Okla.

The amateur all-age division winner was Mike, pointer male owned and handled by Dr. Don Marrow of Amarillo. Second place was awarded to Pat, pointer female owned and handled by Joe Franklin. Third was withheld.

In the amateur puppy stake first went to Duke, pointer male owned and handled by George Miller. Joe Franklin's Jenny, a pointer female, took second and third place was awarded to Tootie, pointer female owned and handled by Joe Knittel.

GIBSON A PIRATE? PITTSBURGH (AP) — Star pitcher Bob Gibson of the St. Louis Cardinals picked the right place when he said he hoped to play for the Pittsburgh Pirates. Gibson was at the annual Pittsburgh Dapper Dan Dinner early February.

"If I'm going to be on a title team," said Gibson "I better get Brown (Pirate general manager Joe L. Brown) to get me in a trade. I don't see the Cardinals doing much the next couple of years."

National Golden Gloves Semifinals Slated Today

LOWELL, Mass. (AP) — A pair of defending champions who gained a few pounds and moved up a class continued their quests for new titles today in the semifinals of the 1973 National Golden Gloves championships.

Twenty bouts were scheduled at Lowell Memorial Auditorium. The winners will meet Friday in the title fights of all 10 divisions.

Greg Lewis, the 1972 fly-weight champ from Cincinnati now fighting in the 119-pound class, knocked down Charles Freeman of Jackson, Tenn., in the second and pressed in with left and rights in the third and final round Wednesday to gain a quarterfinal decision.

Ray Theragood of Roswell, N.M., last year's bantamweight champ, moved to the semifinals of the 125-pound division by outpointing Abdul Bey of Chicago, scoring a knockdown in the third round of their bout.

In team points, the squad from Salt Lake City held a wide lead with 23 points and had seven men in bouts today. Columbus was second with 15 points, followed by Las Vegas, with Forth Worth and Lowell tied for fourth and Cincinnati and Kansas city locked at fifth with 12 points each.

A team gets one point when a fighter from its club advances to a higher round.

Two finalists in the 1972 tournament at Minneapolis were upset Wednesday.

Women's Tournament Will Start Thursday

AMARILLO — Four-time champion Wayland Baptist College opens defense of its championship at 4 p.m. Thursday in the 5th National Women's Invitational Basketball Tournament.

The Flying Queens, playing their last season under Coach Harley Redin who is retiring from coaching, will carry an 18-6 won-lost record into the first round game against Belmont of Nashville, Tenn.

John F. Kennedy of Wahoo, Neb., with a 28-6 record and seeded No. 1, meets Northwestern-Louisiana, 10-5, in the tournament opener at 2:30 p.m.

Murray State of Tishomingo, Okla., 16-6, and Ranger (Tex.) Junior College, the fourth and fifth ranked teams, respectively, meet at 6:45 p.m.

Third-rated Parsons of Fairfield, Iowa, 15-14, and Seminole (Okla.) Junior College, 20-10, round out the first round of action at 9 p.m.

The tournament, sponsored by the Amarillo Chamber of Commerce Sports Committee, continues through Saturday night with the championship contest and the playing of the Texas Panhandle Girls High School All-Star Game.

A highlight of the three-day SYDNEY, Australia (AP) — Gordon Jarrett of Coffs Harbor, 350 miles north of Sydney, reported growing bananas 16 inches long weighing more than 17 ounces.

Sam Nesmith of Indianapolis

fielded a surprise left to the body in the third round of his 165-pound class bout with Anthony Jones of Cincinnati and was knocked out. In the 178-pound division, Leon Spinks of St. Louis won a slugging decision over last year's runner-up, Tom Prater of Indianapolis.

Barry Yeates of Fort Worth scored a surprise knockout over a taller Joe Jones of Cincinnati. After taking a beating in the first round, Yeates launched a left hook to Jones' head and decked the Midwesterner in the second round.

Two quick knockouts occurred in the quarterfinals. Nick Wells, a Las Vegas heavy-weight, unloaded a short, right chop to the head of Lamar Robinson of Cleveland in the first round and then kayoed him seconds later with a left hook to the jaw. Roy Hollis, 165, of Los Angeles smacked Laverne Thomas with a right uppercut and put the Indianapolis fighter down and out at the 33-second mark of the first round.

All adjustable shock absorbers for most people, ordinary shock absorbers work better. They're for the time. But how about when you have to go through rough terrain? Our cars have adjustable shock absorbers. They're for the entire time. They're for the time when you're off for a vacation and you need a little more muscle. You need Monroe Ride-Levelers. They're for cars that give you road bumps.

Get them from the man at your car and tire store. When the heavy work is done, let the air out and you have a conventional shock absorber again. Ride Levelers. A little more muscle from Monroe.

The Pampa Daily News

A Watchful Newspaper

EVER STRIVING FOR THE TOP OF TEXAS TO BE AN EVEN BETTER PLACE TO LIVE

Our Capsule Policy

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces can he develop to his utmost capability.

The News believes each and every person would get more satisfaction in the long run if he were permitted to spend what he earns on a volunteer basis rather than having part of it distributed involuntarily.

The 'Shield Law' Trap

If the Constitution of the United States is not the law of the land, then just what is it? And, if free-wheeling judges won't obey the clear language of the Constitution with respect to freedom of the press, what reason is there to expect that they will obey further laws on the subject?

Individuals pressuring legislators for so-called shield laws, including any number of "unthinking members of the fourth estate" itself, would do well to begin giving the matter some considered second thoughts. For instead of protecting the freedom of the press from arrogant members of the judiciary, such laws will open the door wide for further "legal" incursions.

As the matter now stands, the law of the land, the Constitution of the United States, permits no exceptions: "Congress shall make no law...abridging the freedom of the press..." And, clearly, what Congress cannot legally do, no judge can legally do, either.

Consequently, under the general and all encompassing provisions of the Constitution, any judge who sends a reporter to prison for refusing to divulge his sources of information, is, himself, in violation of the law of the land and, therefore,

clearly a lawbreaker; i.e., a criminal. Most judges are all too aware of this; moreover, they are also cognizant that the public, in general, is aware of it, too. Therefore, so long as the First Amendment is not legislatively breached, the fear of public censure is always there, present and compelling, holding the judiciary in check against the temptation to overstep its constitutional bounds.

But, let legislation once get the books spelling out, specifically, just what the press is to be protected against, and this will no longer be so. The door to judicial interpretation and arbitrary decree, will thus be opened wide. Any press action not specifically spelled out and "protected" under definitive "shield laws" will, automatically, become "fair game" for judicial decree. The First Amendment prohibition against any abridgement of the freedom of the press, and of your right to know, will have been legally breached.

The so-called shield laws the "good intentions" of their advocates notwithstanding, are a trap; a foot in the door leading to bureaucratic control of the press and what you will be permitted to know in the future.

Get U.S. Out Of U.N.!

We who oppose the United Nations are called isolationists, kooks, haters, and aggravers. Like the barfly who fell asleep in his chair. Another drunk rubbed a little limburger cheese in his mustache. The limburger lad awoke, staggered up to the bartender, and said: "Ain't it awful!"

"The whole world stinks!"
To me, everything in the U.N. stinks. The U.N. is immoral in concept and in action. It is an ill-conceived mixture of oil and water, friend and enemy, Christian and cannibal. Putting our faith and fortune, life and liberty into the hands of the U.N. is like a cog entering a cage of hungry lions to vote on what they'll have for dinner tonight.

World brotherhood through the U.N. is an incredible dream requiring the impossible unification of Christ and anti-Christ, morality and immorality, freedom with slavery. Free nations cannot unite with police-state nations. Free armies can't integrate with unfree. Free people can't unite with slaves. Parliamentary palaver, can't produce peace. World peace can't be bought by surrendering sovereignty to any kind of a world government—even a moral one. We must have a foreign policy based on American strength instead of U.N. weakness. Based on right instead of wrong. On God instead of the Devil.

The U.N. is Communism and Communism has no morals. The Communist philosophy, and hence the U.N. philosophy, is to lie, steal, cheat, murder, and destroy whatever individuals or whatever civilizations stand in Communism's way of taking the world. The U.N. Charter was conceived in sin, by criminals, American traitors and Marxists. Molotov and His secretly set it up so that the military chief of the U.N. would always be a Russian, appointed by the Kremlin. Since the U.N. was founded, the Communist criminals have increased their slavery from 250 million to one billion people. Since the U.N. was founded, there have been more wars than for any similar period in history—most of them incited by the Communists. The U.N. is a talkathon by a mouth with no teeth and two tongues, one in each cheek.

The U.N. favors disarmament. "Certainly!" So the Communist U.N. will control the world. "The U.N. favors peace." "Certainly!"—the peace of the graveyard, the peace of the firing squad—after the

bodies have been dumped in the mass grave. The peace of surrender. People prattle about the United Nations "failures." They were not failures; they were planned that way! The U.N. "failure" to win in Vietnam; "failure" to prevent Communist infiltration of Central and South America; "failure" to win in Korea; "failure" to prevent the rape of Cuba, Tibet, Hungary, Czechoslovakia, Katanga and the Congo; "failure" to restore freedom to the peoples of Latvia, Estonia, Lithuania, Poland, East Germany, Bulgaria, Rumania, Yugoslavia, Russia and China.

These were U.N. successes! These were U.N. failures! The U.N. is the enemy! As General MacArthur stated, the Communist head of the U.N. military staff reviewed all orders going from the Pentagon to General MacArthur and gave them to the enemy before MacArthur received them. This was treason and treason is, to say the least, immoral. Have you ever heard of a Marxist, a Communist, a Liberal, a Black Panther, a C.R. member, a Rockefeller, a Fonda, a Hiss, a Kissinging being against the U.N.? It's got to be immoral!

A really great man is known by three signs—generosity in the design, humanity in the execution, moderation in success. Otto von Bismarck, German statesman.

Boys Will Be Boys

This thing about "sexism" in the schools works two ways. It may be true that teacher expectations, peer-group pressure and textbooks extolling male achievements force little girls into "inferior" feminine roles they would not otherwise have chosen.

But the dice aren't entirely loaded in favor of boys. Grade school teachers reprimand boys more frequently than girls, charges child psychologist Bruno Bettelheim.

"One can imagine how a boy feels about himself, the school and the teacher," he said, "when he observes that boys are reprimanded nine times as frequently as girls."

"If he is at all observant, he must come to the conclusion that while the school highly approves of behavior that comes naturally to girls, it rejects what comes equally naturally to boys. Thus, many boys are made academic failures by the very institution which should teach academics to them."

Lib types can object, of course, that sweetness, obedience and decorum are no more natural to girls than boisterousness is natural to boys. According to them, such are behavioral differences are learned and artificial.

Communications Gap

You've heard of "pregnant pauses." Linguists and other students of human behavior new report that ordinary conversation contains all kinds of different pauses and they have divided them into two main categories.

First are the silent pauses (pregnant or otherwise). These may be natural pauses at the ends of sentences or phrases. Or they may indicate that the speaker is thinking of what to

say next or allowing his listener to absorb what he has said.

Then there are the filled pauses, which include false starts, repeats, cliches like "You know" and what are called "filling" sounds—uh, ah, um, er and other noises. The latter are especially useful in helping a person keep control of the conversational ball by signaling, "I'm still talking, don't interrupt me."
