Legionnaires Get 1933 Meet For Big Spring

Local Legion Delegates Re-
port Enjoyable Meet At
Menard

800 TO ATTEND

Many Notables Invited To
Attend Next Year's As-
sembly Here

Big Spring was chosen as the
next convention city for meeting of the
sixteenth district of American
Legion, department of Texas.

The convention will be held some
time in February or March of next
year, the exact date to be fixed later.

A local delegation of Legionnaires,
consisting of Charles Deats, Theo C. Thomas, Emil Anderson, mem-
bers, have returned from Menard,
where they attended the convention
held October 22-23. Through
this delegation and its consistent
work is due credit for securing
the convention for Big Spring.

There will be over 800 delegates attending, it was stated, including
Carl Neshitt, state commander, and
other state officials of the Legion.
It is expected to be the largest dis-
trict convention ever held in West
Texas.

Floyd Gibbons has been invited
attend as well as Wright Patman,
congressman, and other notables.

The delegates report a very en-
joyable convention at Menard. They
were royally entertained. The pro-
gram began Saturday, October 22, and continued through Sunday,
October 23.

The selection of a convention city
for next year's meeting was made
Sunday night.

Duck Season Opens Nov. 1

State Law Conflicts With
Federal Statute Regard-
ing Game

Nimrod take their first shots
at ducks in Howard county at noon
November 1.

Texas game laws provide for
open season on ducks in the north
zone beginning on October 15 to
January 15, but they come in conflict
with federal game laws.

Federal game law allow for a
short season on migratory birds in
the north zone. Beginning at
noon on November 1, hunters may
kill ducks, except wild wood ducks,
until December 15.

William Ryals Pleads Guilty

His Counsel Agrees To Ac-
cept Ninety-Nine Year
Prison Term

FORT WORTH, Oct. 23.—William P. Roberts pleaded guilty Monday to slaying of A. G. MacGuerty, newspaper circulation auditor on September 25th.

His counsel agreed to accept a
year prison sentence. Ryals has
been held in jail since his apprehension
near here and his confession, in which he detailed how Mr. Mac-
Guerty was slain near Arlington
and how he transported the body
to Galveston, burying it under a
seaside cottage.

ROBERTS IMPROVES

Football Player, Injured In Fri-
day's Game Much Better

Mike Roberts, big 205-pound
tackle of the Big Spring Steers,
who was injured in the Mustang
Steer game last Friday, continues
to make steady improvement at
the Big Spring hospital where he is
under treatment.

Bullington Speaks Here Wednesday

Time For Address Schedul-
ed At 11:30 A. M. On
Courthouse Steps

Orville Bullington, gubernatorial
candidate, will speak from the steps of the courthouse Wednesday morn-
ing at 11:30 o'clock.

The Republican nominee, engag-
ing in his active campaign against
the Democratic candidate, will come here from San
Angelo, speak, have luncheon and
continue to Stanton, Midland, La-
mesa and Tahoka.

Local Republican leaders have
not yet announced an introductory
speaker.

Bullington, in his active campaign against
the Democratic candidate, has made in years.

JUDGE DEBENPORT ARDENT TEXAS U. FOOTBALL 'FAN'

Texas university may have
more active but not a more ardent
football fan than County Judge H. R. Debendorf.

Judge Debendorf, crippled with
rheumatism and confined to a wheel chair, knows all Texas university and most Southwest conference players by name.

Harrison Stafford, Ernest
Koy, John Hilliard, and a host of other powerful Orange and White backs have a close observer and champion in Judge Debendorf, who never misses a Texas game over the radio.

And when the radio is not working, the Herald has a regular Saturday night caller in Judge Debendorf.

He attended Texas university from 1902-04. Twenty-eight years later his daughter, Reta, entered Texas where she is now studying. Another daughter, Vern, entered the university in 1931.

**Paul Vance Transferred
To Dallas-El Paso Run**

Ted Howe has replaced Paul
Vance as pilot for American Air-
ways on the Big Spring-San Antonio
run, effective Monday, October 24. Mr. Vance has been trans-
ferred to the Dallas-El Paso
passenger run and has already gone
to Dallas and is making several
runs as an observer before taking
over his new duties.

HOOSIERS PACK INDIANAPOLIS 'CIRCLE' TO HEAR ROOSEVELT

VETERAN PILOT SETS RECORD FOR EL PASO BIG SPRING FLIGHT

Saturday morning, Howard
Woodall, veteran pilot of Ameri-
can Airways, steered a tri-motor
Fokker from El Paso to Big Spring, an air distance of
298 miles, in 1 hour and 40
minutes, or at the rate of 2.98
miles per minute, or 178.80 miles
per hour. This is believed to be
a record on this division. Woodall
was flying at an average altitude
of 8,000 feet.

He stopped at Big Spring airport
for fuel, and took off at 9:43 a. m., and it is reported that
he flew the 110 miles from Big
Spring to Abilene in 29 minutes,

or at 3.67 miles per minute, or
200 miles per hour.

He did not land at Abilene, but radioed Marshall McCay, American Airways repre-
sentative in Abilene, that "I'm
going over Abilene with a 48-
mile south-southwest wind. That
explained Woodall's great speed, as
the Fokker, with all three ro-
tors ordinarily cruise at not
more than 120 miles per hour.

REFUSE TO LEAVE

10 Native Policemen Slain
October 9th And Fighting Is The Result

JOJO, Philippines (UPI)—The
deaths of 32 Moros, including eight
women and six children in recent
attacks on Sulu outlaws by Philip-
pine constabulary, was revealed
here Monday when the fighting was
suspended for two days to permit the
burial of dead natives.

The women and children were
killed because they refused to
leave their men.

Officials negotiated for the re-
moval of non-combatants before
attacking the fortified village of
Tayungan.

The attacks on the village were
the results of an ambush of the
constabulary on Oct. 9, in which 10
native policemen were slain.

**5-Inch Snow
Halts Traffic
In Colorado**

DENVER (UPI)—A wet 5-inch
snow Monday was piled up in Den-
ver, breaking down trees and se-
riously impeding traffic. The snow
fall continued unabated. Reports
indicate the storm was spreading
northward.

A snow storm in the Big Horn
mountains of Wyoming Monday
threatened to close all mountain
highways and to terminate the
search for three hunters believed
to have perished in the blizzard.

And when the radio is not
working, the Herald has a regular
Saturday night caller in Judge Debendorf.

He attended Texas university from
1902-04. Twenty-eight years later
his daughter, Reta, entered Texas
where she is now studying. Another
daughter, Vern, entered the universi-
ty in 1931.

**Hartcells And Moore
Schools Open Monday
For 7 1/2-Month Term**

Hartcells and Moore schools
opened Monday for seven and sev-
en and seven and a half months
school, respectively.

Moore, with eighty-four scholas-
tices, has Miss Lavada Brownrigg,
Mattie Pollard, and Emily Higgs as
teachers. Mrs. Browning is prin-
cipal. Hartcells, having thirty-
two scholars, has only one teach-
er, C. C. Elbert.

**Sunday Concerts At City Hall
Fill Need In City's Community
Life; Large Crowds Attending**

That the Sunday afternoon concert
costume was authentic, ap-
peared at the City Auditorium in two delightful numbers
filling a need in the city's annual "Home on the Range" and "Little
Misses" demonstrated by the Joe, the Virginian, and the
gradually increasing crowds at every "Out Where the West
Wind Blows."

Mrs. Ethel Ruth was as popular
as ever, giving three well-applauded
numbers. It is suggested that mothers with ed-
dies in arm bring a son or two to the
concert.

Walter Deats played several
trombone numbers. A cold pre-
-musical program like a symphony
kept him from being up to his
usual standard.

The solos rendered by Oscar
Thomas, accompanied by Mrs.
Thomas were especially well done.

It also seemed that friends in the audience
were especially well done.

It is suggested that mothers with
children bring a son or two to the
concert.

Howard county's application for
a \$10,000 participation in the R.F.C.
fund has been approved by the
regional office at Stamford and by
Governor Sterling and turned over to
the R.F.C. for action.

D. A. Bangle, manager of the
West Texas Chamber of Commerce,
expressed the opinion to local
chamber officials that the Howard
county loan would in a major part
be approved by the corporation if
not entirely.

"In eight or ten days," said Ban-
gle, "we will be one of the most enjoy-
able places in the country."

Mrs. V. McElwain in the
Hartcell room, a large hall, will be the
highlight of the Howard County's
concerts during the season.

**Application For
R.F.C. Loan Is
Given Approval**

Dr. C. K. Bivings of this city
submitted Sunday morning from St.
Louis, where he attended the twenty-
fifth convocation of American Col-
lege of Surgeons held at the Jefferson
Hotel. Dr. Bivings was ad-
mitted to the fellowship as a member
of the 1932 class. Fellowship in
the national association is by invita-
tion only.

Dr. Bivings was accompanied by
his wife, Mrs. Bivings, and his
son, Dr. C. K. Bivings, a student
at the University of Texas.

Dr. Bivings reported that he
spent the weekend with his uncle
and aunt, Mr. and Mrs. McCall
Gary.

Among Texas hospitals appearing
on the 1932 approved list of the
American College of Surgeons is the
Bivings & Bureau hospital of this
city.

This was announced in St. Louis
at the twentieth annual Clinical
Congress of the world noted asso-
ciation. The entire list this year in-
cludes 2,294 hospitals.

BULLETIN

SHERMAN (UPI)—A three-
judge federal court late Monday
afternoon handed down an opinion
condemning as invalid orders
and regulations of the state
railroad commission in relation
to the East Texas oil field on grounds
that they dealt with economic rather than
physical waste.

The ruling was interpreted as
meaning the commission had the power to issue regulatory
orders, but that those in effect in East Texas field at
present were invalid.

FOUR NEW MEMBERS

C. of C. Secretary Gives Names Of
Firms Joining Recently

Mrs. G. L. Phillips, secretary of the
 chamber of commerce, announced four new members
Monday. They are Sullivan Drug
Company, Great West Gasoline
Company, Hoover Printing Company,
and Josephine Shop.

Rural School Opening Dates Announced

County Superintendent
Brigham Gives List Of
School Openings

Mrs. Pauline Cantrell Brigham,
county superintendent, Monday an-
nounced the opening dates for all
rural schools not already in ses-
sion.

Seven months schools, Center
Point, Morgan, Cisco, Highway,
Fairview, and Richland, will start
on Nov. 7. Gay Hill a six month
school, will open on Nov. 21, and it
is probable that R-Bar will also
open on that date.

Opening dates are so arranged,
according to Mrs. Brigham, that all
schools will finish during the last
week in May 1933.

Application For R.F.C. Loan Is Given Approval

Dr. C. K. Bivings
Gets Fellowship In
Surgeons' College

Dr. Chas. K. Bivings of this city
returned Sunday morning from St.
Louis, where he attended the twenty-
fifth convocation of American Col-
lege of Surgeons held at the Jefferson
Hotel. Dr. Bivings was ad-
mitted to the fellowship as a member
of the 1932 class. Fellowship in
the national association is by invita-
tion only.

Dr. Bivings was accompanied by
his wife, Mrs. Bivings, and his
son, Dr. C. K. Bivings, a student
at the University of Texas.

Among Texas hospitals appearing
on the 1932 approved list of the
American College of Surgeons is the
Bivings & Bureau hospital of this
city.

This was announced in St. Louis
at the twentieth annual Clinical
Congress of the world noted asso-
ciation. The entire list this year in-
cludes 2,294 hospitals.

Why The Texas Centennial

THE MOST splendid conception of this generation, in behalf of a greater Texas, is the Texas Centennial.

It will celebrate one hundred years of unexampled progress from barren wilderness to modern commonwealth.

It will foregather the marvelous products of Texas' brawn and brain in every field of human endeavor.

It will turn toward Texas the attention of the peoples of many tongues and lands beyond the seas.

It will make the tale of Texas table-talk in ten million homes, in the two Americas, from Baffin

217 Main

Bay to Cape Horn.

It will repay Texas for all outlay from her treasury, from uncounted millions dropped within her borders by the unnumbered boats who come by rail and road and plane to behold her resources and applaud her strides.

It will be an epochal event in which the Nation will claim the right to share, since in succession 1836 was followed by 1845, San Jacinto by Chapultepec and American domain and destiny pushed westward from the Sabine river to the Pacific Ocean.

It will be far more than a mammoth modern exposition, whose buildings are models of architecture, in brick and stone, housing triumphs of invention and miracles of science and the riches of Texas as soil and sun.

It will testify that Texans are not unworthy the incomparable heritage left to them by martyrs and patriots, dying and ready to die, that Texas might become an Anglo-Saxon commonwealth.

It will commemorate the sacrifices of the plain pioneer men and women who first trekked the unpaved wilds, with ax and plow and rifle and spelling book and Bible, to lay the mudsills of civilization. It will Texanize Texans.

It will teach all the sons and daughters of Texas, native-born and adopted, to know Texas better, to love Texas more to serve Texas with single-hearted zeal.

It will turn our eyes to the hilltops of our history, whence cometh our help above fog and fog, for taller thinking and nobler living.

It will seal in tighter bonds of unity through contact and understanding, Texas citizenship of every type, from pines to plains, from the river to the Gulf.

It will rid our state of the specter of sectionalism, the end that Texas may remain in territory, ideals and destiny forever undivided and indivisible.

It will rekindle the dying flame of patriotism, in decadent days, as we renew our faith at Texas sacred shrines, put to shame a leadership of noisy pretense and little deeds.

It will serve to bring to pass the poet's prayer:

Bring me men to match my mountains,

Bring me men to match my plains,

Men with empires in their purpose,

And new eras in their brains."

CALLED MEETING

There will be special called meeting of the Woman's Missionary Society of the First Christian Church tomorrow afternoon at 3 o'clock. Mrs. Berta E. McMaster, state secretary of the Woman's Christian Missionary Society, will be present for a special conference and all the members are urged to be present. The meeting will be held at the church.

R. N. Adams has as his guests this week several nephews from Prescott, Arkansas.

Rev. Pitman Aslin preached at the school building Sunday by regular appointment.

Bobby Baum, small daughter of Thurman Baum, is ill.

Jimmie McKitchen of Midway community attended church here Sunday.

Herman Thanes and mother of Highway visited at the home of Mrs. Susie Smith Sunday.

Jim Wilkerson and wife visited at the home of Luther Rudseal and family Sunday.

Roberta Palmer of Ackery visited at the home of Leonard Smith Sunday.

Mrs. Hannah was a guest of Mrs. Harry Graham Monday afternoon.

Virgie Graham visited at the home of Ervin Hodges Sunday.

Cordie Hodges visited over week end at the home of Ervin Hodges.

Mr. and Mrs. J. B. Hodges Sr. were shopping in Big Spring Saturday.

Mrs. Harry Graham and daughter were guests of H. B. Adams home Sunday.

Mrs. Clara Eddins is seriously ill.

BIRTH NOTICE

Mr. and Mrs. M. H. Rainbolt are parents of a son who was born Oct. 21. His name is James Patrick.

The little one only suffered ten days. Loving hands and true hearts of neighbors and friends did all possible to save his life but the all-seeing eye could see there was too much weakness for a jewel so sweet and rare to stay in this world so the Lord giveth and the Lord taketh away. Blessed be the name of the Lord.

Brother Richburg had charge of the funeral services and gave a very impressive talk. There was a nice floral offering and a lot of friends following to the Mount Olive cemetery.

PROMISING

CONTINUED FROM PAGE 11
the perfection of germ life as revealed by the microscope and passed from that of astronomical phenomena seen by means of a powerful telescope. At the end of the dissertation on each he asked the question: "Did all this with its perfect order and design just happen as the result of blind, unlimited force or was there some master mind directing it?"

"You have all heard of the Panama Limited, the pride of the Illinois Central System—an extra-de luxe train whose principal run was from Chicago to New Orleans.

This wonderful train, the last word in railroad travel and comfort, was first operated Nov. 15, 1916 and continued its daily run until within recent months when it was removed from the schedule.

The Panama Limited daily made a trip each way of 700 miles in exactly 24 hours.

In 181 trips from Chicago to New Orleans prior to Oct. 31, 1932, the Panama Limited traveled 150,000 miles. And, during these 181 trips, it turned up an enviable record of punctuality. This famous train, weighing over 1,000 tons and daily drawing more than half a mile of steel and human resistance at from 70 to 80 miles per hour over a distance of 700 miles, was late in arriving in New Orleans just four times. The latest was the last of the 181 trips, on Oct. 21.

Forsan School Advancement This Year Praised By Superintendent

Expressing gratification for the grade work being done in Forsan school this year, Mrs. Pauline Campbell Brigham, county superintendent, said Friday that "great progress" was being made by the school.

Forsan, with thirteen affiliated credits, now offers all school grades. Work towards gaining two additional affiliated credits is being made, according to Mrs. Brigham.

At a faculty meeting following day of visiting in the school, Mrs. Brigham was told that all members of the faculty belonged to the State Teachers Association. All declared they would attend the state convention at Fort Worth in November.

Forsan teachers are Mr. and Mrs. L. L. Martin, Norman C. Malechek, Doris Turner, Eloise Nelson, Horace White, Kitty Wingo, Merle Moore, and Mrs. Bill Conger.

"If the constitutional amendment exempting homesteads up to \$3000 from taxation passes, and it probably will, it will be the ultimate effect of cutting state apportionment from \$16 to about \$11," said Mrs. Brigham. "This being the case a campaign will have to be started to sponsor legislation to replenish the school funds. Upon the State Teachers Association will fall this duty."

She said a plan was under way of county teachers if possible.

Heavenly Limited

"Now with all that we have said about the Panama Limited well in mind, let us go out into the open in a clear and cloudless night, raise our eyes aloft to the vaulted skies and there behold the heavenly Panama Limited—shoals of them dashed through trackless space at an incredible speed with over a crash or a wreck.

Yes, thousands of heavenly Panama Limiteds meet our gaze, but tonight we shall take just one of them, Venus, the brightest planet in the solar system.

"What a sublime spectacle, this heavenly Panama Limited! Look at it and gaze upon it and think!" A huge mass, four-fifths the weight of the earth, dashing not over parallel rails of hardened steel but through the trackless voids of space with a velocity of more than 70,000 miles an hour! Circling its orbit better than twice not 184 times, but for thousands and thousands of years and never lets!

"Will any one but a fool say that this tremendous mass of matter just threw itself together? That it picked out its own orbit?" That spontaneously weaves its wondrous course, it and out among the other stars and planets with no one directing its route?"

"Let us at least be consistent. If Panama Limited is the Illinois Central System did not become it could not make itself if its enviable record in the seasons from Chicago to New Orleans was not the result of automatic spontaneity of chance, but rather based upon intelligence, how can one who lays claim to sound judgment and common sense say that this change produced the planet Venus?

This tense situation leads to a surprising climax in "OKAY AMERICA," a picture marked by unusual speed, staccato action and innumerable thrills, which is the feature of the R. P. Second Feature Pictures, showing for the last time today.
