CLEVELAND, July 31 (AP)—Detectives today started intensive questioning of Dr. Samuel Sheppard, handsome 30-year-old osteopath charged with heating his pregnant wife to death.

Dr. Sheppard, wearing blue denim prison pants and a white T-shirt, was advised in his jail cell "not to talk to anyone but his attorney."

The advice came from William Corrigan, defense lawyer who rejected a police proposal Dr. Sheppard be given a physical examination before the questioning.

Corrigan said the examining physicians would be "medical ones and Dr. Sam is an osteopath and he would not be able to get a fair examination from them."

Dr. Sheppard pleaded innocent last night when he was arrested, 26 days after comely Mrs. Marilyn Sheppard's body was found on a blood-soaked bed in their lakefront home in suburban Bay Village.

### Tax Bill Seen As Business Stimulus

By CHARLES F. BARRETT  
WASHINGTON, July 31 (AP)—That big tax bill completed by Congress this week makes a historic turning point in the federal government's attitude toward business.

Boiled down, the bill represents a victory for those who hold the following economic philosophy:

A prime way to create more and better jobs, to make the whole nation more prosperous is to ease the tax burdens on business, to encourage it to start new ventures and expand old ones.

That philosophy was not the dominant one in the 20 years of the "New Deal" and "Fair Deal." Then the argument was that the road toward prosperity lay in direct measures to put more purchasing power into the hands of the consumers.

Echoes of that doctrine were heard in the final, hot debate on the tax revision bill in the Senate.

Critics cried that the administration bill "favored the wealthy," that corporations already have large take-home profits but in many cases are "putting them on ice" instead of using them to increase production; that the sure way to pep up the whole economy is to grant more tax relief to little fellows and medium fellows.

But these senators failed to beat the bill rewriting the nation's tax law. Myriads of changes in almost every business tax law are spread through the bill's 1,000 or so pages of small print. Some of the changes are major, most of them sound technical and trivial by themselves.

But put together, they reflect the fundamental view of the Eisenhower administration and many Republicans in Congress thought years the tax laws have been running down the wrong track.

Right or wrong, the controlling thesis behind the tax bill, as expressed by Secretary of the Treasury Humphrey and many others, goes like this:

Since the advent of the New Deal more than 20 years ago, the government through tax laws has whittled away at many business freedoms, at incentives to take risks, to grow, to turn to new products, to junk out-moded and inefficient methods and equipment.

They say this has been done not only by taking a bigger and bigger slice of profits, but by many harsh, rigid tax regulations.

And they say tax laws have been used to force social changes—when their sole function should be to raise needed revenue in the simplest way, the way that would be best for the whole economy.

### Mrs. Roberts Rites Today At Colorado City

COLORADO CITY, July 31 —Funeral services are to be held here Sunday afternoon for a former resident of Colorado City, Mrs. J. D. Roberts, Mrs. Roberts, 64, died Wednesday in a Los Angeles hospital. She had resided in Covina, Calif., since 1940, but lived in Colorado City for 44 years prior to that year.

The Rev. J. C. Koon, former pastor of the Baptist Church near Colorado City, will conduct the rites, scheduled for 4 p.m. at the Kiker and Son chapel.

She is survived by her mother, Mrs. T. B. Jones of Colorado City; her husband of Covina; four daughters: Mrs. T. D. Harper and Mrs. Sam Forbes of Colorado City; Mrs. Jesse W. Thomas of Snyder and Juanita Burleson of Covina.

There are also four stepsons, Tom Roberts of Sacramento, Calif.; Joe Roberts, Fort Wayne, Ind.; Bruce Roberts, Pomona, Calif.; and Estee B. Roberts of San Angelo; two stepdaughters, Mrs. L. B. Barbee of Downey, Calif.; and Grace Smith of Monrovia, Calif.

Other survivors are six brothers, Jim Bill, Ewell and Iner Jones of Colorado City; Charles Jones of Dallas and Glenn Jones of Lamesa; and five sisters, Mrs. Jack Delaney and Mrs. Levi Wingo of Colorado City; Mrs. Mamie Angel, Midland; Lovie Kirkpatrick, Rapid City, S. D.; and Mrs. Woodie Berry of San Francisco. There are ten grandchildren.

### Suit On Grant Takes A Recess

BOSTON, Tex. (AP)—A suit questioning the right of the William Buchanan Foundation to grant the University of Arkansas Medical School \$500,000 has been recessed six weeks.

The recess was ordered yesterday by Dist. Judge N. L. Dalby. He said it did it so both sides could study and construe the meaning of the word "administer" as it applies to the Buchanan Trust.

Buchanan, early lumberman and railroad builder in the Texarkana area, set up the million dollar trust before his death, suggesting the money be used for a children's hospital in Bowie County or an adjoining county.

He left administration of the trust to trustees of the fund, who began allotting money after the trust was administered in 1930.

The proposed grant to the Arkansas school in Little Rock would build a \$500,000 pediatric floor in the school's hospital.

The state of Texas sued on grounds the foundation's purpose did not cover such a grant.

### Death Figures

With her husband, William, Faye DeMand, 25, is shown in top photo a few days before her \$6,000 convertible plunged into a canal at Scottsdale, Ariz. Her death, believed by drowning, came less than an hour after V. D. Frederick, 38, city councilman and DeMand's neighbor, was shot to death. DeMand was held for questioning. Frederick is pictured below. (AP Wirephotos.)

## Factions Bid For Loyalty Of The North Vietnamese

By FORREST EDWARDS  
HANOI, Indochina, July 31 (AP)—A "battle of flags" has broken out in the Red River Delta, where a shooting war crackled until Tuesday's cease-fire. It is part of a growing struggle for the loyalty of 13 million North Vietnamese who, under the Geneva agreement, can choose Communist-led Vietnamese rule or evacuation to the south. Bright Vietnamese flags, a yellow star in a red field, are flying now over dozens of small villages along the highway from Hanoi to part of Halphong. Vietnamese women come out of these villages to stop civilian buses and try to talk Vietnamese out of evacuating the area. Plainly visible from the highway, one Vietnamese banner waved today atop a cluster of huts less than a hundred yards from a French signpost displaying the Tricolor and the yellow and red stripes of the Vietnamese government. Vietnamese and French leaders are urging North Viet Nam residents to evacuate to the south rather than stay under Vietnamese rule. Premier Ngo Dinh Diem has announced a 42-million-dollar program to move and resettle some 700,000 persons—if that many living north of the 17th Parallel want to go.

At the edge of Hanoi today, hundreds of yards of freshly dyed red cloth were staked out to dry, apparently intended for more Vietnamese flags. A source in the heart of the city said Vietnamese agents are secretly passing out hundreds of Vietnamese flags in preparation for the day Ho Chi Minh's forces take over.

Vietnamese "banners streamed gaily at Gia Lam, on the outskirts of Hanoi, in front of many of the same bars and shops which flew Vietnamese flags until armed police reinforcements moved into the town two days ago and ordered them down.

### Civilian Killed As Plane Hits House

ST. JOHN'S, Nfld. (AP)—Headquarters of the U.S. Air Force Northeast Air Command reported today that an SA16 amphibian aircraft crashed into a house at St. Anthony in northern Newfoundland, killing a civilian and injuring 11. An American spokesman said the twin-engine plane apparently plunged on a takeoff. The 11 persons injured were aboard the amphibian. The one killed was on the ground or in the house. The injured were taken to the Grenfell Mission Hospital at St. Anthony.

### TO THE EDITOR

## Agrees Streets Need Cleaning

DEAR EDITOR:  
Regarding your editorial of July 28, I would like to add my complete agreement to the suggested street cleaning for the downtown area of Big Spring.

Big Spring has so many fine points and so much to offer that it seems a shame to have such a glaring flaw; the papers, dirt, dust and assorted debris greeting any and all strangers and newcomers with a disagreeable first impression.

Big Spring is a beautiful city and in its setting of rolling hills, attractive residential areas and efficient business district there should be no room for this problem.

Sincerely,  
Mrs. James E. Whitney

### ISSUES DESCRIBED

## Governorship Foes Map Runoff Tactics

By BO BYERS  
AUSTIN, July 31 (AP)—Gov. Allan Shivers and Ralph Yarborough, opponents in a run-off election campaign that will be settled four weeks from today, re-emphasized the issues this week and mapped what each hopes will be victorious strategy.

Shivers is seeking an unprecedented third consecutive elective term.

Yarborough made the third term an issue in the first primary. He will stress it again in the run-off, telling voters that long tenure in office leads to corruption.

He told reporters this week he thought the "integrity in office" issue was his biggest vote getter in last Saturday's election. Shivers and Yarborough called press conferences during the week to tell how they analyzed the results of the 1,349,605 votes cast July 24.

Shivers led Yarborough by 23,787 votes in the Texas Election Bureau's unofficial count, 668,536 to 644,749. A runoff was forced because two other candidates polled a total of 39,320, leaving Shivers short of a majority.

Shivers indicated he will continue to hit hard on his charges that Yarborough is a "captivity" of the CIO and the National Association for the Advancement of Colored People.

He said those charges had been proved because his analysis of the first primary election found Yar-

borough winning in every box where CIO or Negro voting strength is located. Shivers estimated 200,000 Negroes had voted and 90 per cent had sided with Yarborough.

Yarborough said Shivers' estimate was "grossly in error," that not more than 75,000 to 80,000 Negroes had voted.

However, he was in apparent agreement with Shivers that the great bulk of the Negro vote went to Yarborough.

He accused Shivers of trying to stir up a "hate war" between the races to win the white vote. Shivers has shown determination to make an issue of whether Yarborough would fight as hard as Shivers against the U. S. Supreme Court decision declaring racial segregation in the schools unconstitutional.

Yarborough insisted this week that segregation is not an issue in the campaign but that Shivers is using it to create a "fictitious issue" on which to gain white votes.

Other issues, as the candidates see them:

Shivers: "In this run-off, I think the people have a choice of the type of government they are going to have the next two years.

"It can be one of strife and discord not only among the people but with the Legislature — or cooperation, working for all of Texas, every segment of it."

Yarborough:

1. Whether the voters will "reward with a third term" a governor who eight years ago bought an option on some Rio Grande Valley land for \$25,000 and sold it a few months later for \$450,000.

2. Whether Texans will give a third term to a governor whose associates have been accused by Yarborough and others of peddling influence.

3. Whether Texans will "reward with a third term" a governor who boasts to the nation that he holds Texas in the palm of his hand, and uses it as he wills."

## Lamesa Preps For Fiesta

LAMESA (SC) — Half a dozen Lamesa men will take in the annual Santa Fe Festival to gather ideas for this city's September Fiesta y Sels Fiesta.

Howard Maddox, general chairman for the third annual fiesta here, said that there would be at least six going to Santa Fe on Sept. 6. Last year Mr. and Mrs. Ed Noret and Mr. and Mrs. Skeet Noret were in Santa Fe for the colorful affair.

Meanwhile, plans are going ahead for the Lamesa festivities. Gene Pearson, parade marshal, said that there would be 15 or more float entries. The parade is set for 8 p.m. on Sept. 15. He said the procession would be the gayest in the fiesta's history here.

Bill Nolan, co-chairman of the decoration committee with Ed Noret, said that a "Sombrero Setting" would be developed as the theme. Business houses will cooperate in decorations and displays.

Tomas Gomez, co-chairman of the fiesta, said that invitations had been extended to around 600 out-of-town dignitaries and guests. He estimated that 10,000 to 15,000 visitors would be on hand.

### Eleven Burn To Death As Car Crashes, Catches Fire

WHITESBURG, Ky., July 31 (AP)—Eleven persons burned to death today when their 1941 automobile, its brakes gone, struck a cliff on Pine Mountain and caught fire.

Only the driver, Hoxie Maxie, 33, escaped. His wife and three children were among the victims.

Also trapped in the vehicle were Maxie's sister, Mrs. Lula Brown, 30, her husband, Tom, their four children and a neighbor, Martha Gibson, 15.

The accident occurred eight miles south of this Letcher County community in southeastern Kentucky shortly after the families left their homes at Millstone to visit the mine where Maxie and Brown worked.

En route to a Fleming, Ky., hospital, Maxie said his brakes failed after he had gone over the top of

the mountain and he was unable to avoid crashing into a cliff.

He said the car evidently became overheated by the long pull up the steep grade and the gasoline tank burst into flames immediately after the impact.

Maxie, his clothing burned away, was hacking at the wreckage with an ax when rescuers arrived. He was unable to say how he escaped from the car. Maxie was reported in serious condition from burns over most of his body.

At a Whitesburg funeral home, the other dead were identified as Mrs. Elsie Maxie, 21; her children, Bobby Ray, 4, Betty Sue, 5, and a third child about 3. The Brown children killed were: Shirley Jean, 6, Christine, 9, Hayden, 5, and Geraldine, 2.

### VA Patients Get TV

Patients at the Big Spring Veterans Administration Hospital inspect one of the five new television sets which have been donated to the hospital. They are, left to right, Gene Lee of Marathon, Robert Scott, Johnny B. Lofton of Milwaukee, Gurliermo Leaton of Artesia, and J. A. Renchler of Odessa. Sets were given by Miss Sue Stevens through the American Legion Auxiliary of Denver City, the American Legion Auxiliary of Midland, the Disabled American Veterans of Lubbock, the Military Order of Cooties in Abilene and the VFW in Pecos. Service contracts have been donated by the VFW of Big Spring, the 18th district of the American Legion, the DAV of Lubbock, and the MOC of Abilene. The sets have been installed in five day rooms at the hospital. Carlton Carr, special services director at the VA, said that another TV set is being purchased by the American Legion.

### MENDES-FRANCE SCORES

## Tunisia Offered Sovereignty, Told To Stop The Bloodshed

TUNIS, Tunisia, July 31 (AP)—Premier Pierre Mendes-France walked through a corridor of troops into the palace of the Bey of Tunis today and told him internal sovereignty was his for the asking but that Tunisians had better quit shooting at Frenchmen.

It was another dramatic hour for France's Premier of six weeks.

A little over a week ago he negotiated a cease-fire in Indochina.

Today he arrived in Tunis, another sore spot on the French body politic.

In the blazing heat of the North African sun he reviewed a few troops and, with Marshal Alphonse

Juin at his side, drove to ancient Carthage, where the Bey, Sidi Mohammed Al Amin, lives in gold and tapestried splendor.

Clearly determined that Tunis should not become another Indochina, the Premier told the elderly Bey that France is ready quickly to transfer to Tunisia—after three generations of occupancy—the internal sovereignty of the protectorate long has demanded and for which recently much blood has been spilled.

French colonialists will stay in Tunisia, he said, but the domestic government, long in the hands of French, will be largely transferred to Tunisians. The exceptions: France will continue in control of defense and foreign affairs.

He appealed to the Bey to encourage all organizations in the country to end the near civil war between Tunisians and Frenchmen. In recent weeks this conflict has climbed to a new peak of violence

and dozens of Frenchmen and Tunisians have been killed.

The Premier's proposals were relatively simple, and left considerable to be negotiated.

Tunisians will form the internal government, "right now if you wish," Mendes-France told the Bey. This government then will negotiate with France an agreement giving internal government to the Tunisians but protecting the rights of the 168,000 French colonialists living here on farms, operating businesses or working in the government.

In Paris, a Foreign Office spokesman said it was expected the Tunisians, for the first time, would have their own Parliament to legislate internal law.

The Bey has had power to decree laws and regulations, provided they were approved by the secretary general of his Cabinet, who always was a Frenchman. That now will stop.

### U.S. Planes Will Check Central American Trouble

By BEN F. MEYER  
WASHINGTON, July 31 (AP)—The United States today rushed six Air Force planes to Costa Rica as troops and armored vehicles from neighboring Nicaragua made a show of strength near Costa Rica's border.

The two Central American republics have been quarreling for months. Recently each has accused the other of acts of violence along their common frontier.

Informed quarters said it appeared the Washington government's action in sending the planes was to serve two purposes: 1. a measure of reassurance to the people of Costa Rica, which for years has had no army; and, 2. to tell Nicaragua and anybody else interested that no trouble is wanted in Central America.

The Air Force called the flight a "good will" mission and as if to emphasize United States neutrality in the dispute, it announced the planes may go later on to other countries in that area.

Last April Nicaragua announced that a band of men, coming from Costa Rica, had tried to assassinate President Anastasio Somoza, veteran dictator of Nicaragua. Last week Costa Rica announced that minor uprisings against its government and President Jose Figueres, by a band coming from Nicaragua, had likewise failed.

Somoza moved troops to the border, he said, to "protect Nicaragua's territory" after Nicaragua charged that Costa Rican border guards fired on a Nicaraguan plane.

The United States rushed arms

### Chamber Short Course Scheduled At Abilene

A Chamber of Commerce manager's "short course" will be held in Abilene Sept. 24-25. It was announced Saturday by Big Spring Chamber Manager J. H. Greene.

Date for the course was set at a meeting in Midland Friday of the West Texas Chamber of Commerce Committee. Green attended the meeting.

### Meeting Set

The Board of directors for the Big Spring Chamber of Commerce will meet Monday in the Chamber offices at the Permian Building. The session is slated during the noon hour.

### Complaint Made

Charges of failing to display a health certificate were filed in Justice Court Saturday against a local cafe operator, Life Fox, city-county sanitarian, signed complaint against the man.

## Houston Floods Recede After Forcing Hundreds From Homes

HOUSTON, July 31 (AP)—Floodwaters along three bays receded slowly today after forcing about 350 families from suburban homes along Houston's north side.

Jim Gallagher, flood control engineer, said Little White Oak Bayou was dropping slowly, while Hall's and Green's bayous were receding at all points.

Little White Oak forced about 250 families to evacuate new homes in northwest Houston's Oak Forest addition early today.

Nearly 300 homes were flooded yesterday as Hall's and Green's bayous left their banks in the Aldine-Kenwood-Westfield areas just outside Houston's north city limits.

Welcome Wilson, assistant civil defense director, said a conservative estimate of damages in the Oak Forest area alone would be \$250,000.

The three bayous were flooded by Harris County's heaviest rain since 1946. Over 16 inches fell at Satsuma, about 10 miles west of Oak Forest, between mid-afternoon Thursday and noon today.

Estimates of rainfall in the areas of Hall's and Green's bayous ranged from 8 to 11 inches. The downtown Houston Weather Bureau recorded 5.59 inches, the heaviest since Oct. 7-8, 1949.

Scattered showers were predicted here today but none had developed by mid-afternoon.

In addition to the 250 Oak Forest homes evacuated early today, Sheriff's Capt. A. J. Nichols said about 200 houses had been flooded in the general area between Hall's and Green's bayou, as were about 30 on Westfield Road and 80 in the Kenwood addition.

Police and sheriff's deputies said the Oak Forest evacuation was orderly. No one fell in the water and there was not a report of a near drowning.

Sound trucks patrolled the area and asked residents to arrange for lodging before being moved out. Most moved in with relatives and friends. A few were taken to hotels and tourist courts.

Water stood chest-high in streets and lapped over window sills in a number of homes.

# Martin Tax Structure Under Study For Economic Stability

STANTON, (SC)—The Martin County Commissioners Court, sitting as the Board of Equalization, has been in session trying to figure out the best course to pursue to bring stabilization to the county's financial structure.

County Judge Bruce Frazier estimates it will take at least five years, maybe a little less time, to get the county back into the black.

Frazier described this week's meetings of the commissioners as a "tax structure study" being made at this late date to determine the fairest and most equitable course the court can take to keep county business going, while at the same time avoiding the imposition of any unnecessary burden on the taxpayers.

The county judge explains that it is too late to undertake to equal-

ize taxes on an individual basis since this job should have been started in May because the tax rolls will have to go to Austin for approval and then be returned here by Oct. 1. He says it appears that a blanket equalization is the best that can be done at this time, with an examination of individual assessments to go over until May of 1955. He explains that principally what the equalization board is doing at this time is in the nature of an emergency measure.

One of the most important things to be done right now, he declares, is to plug up all leaks in the financial structure, and to set up a rigid economy in county operating costs.

He said the court is getting all the advice it can and that it is proceeding slowly toward some decision. Taxes on both personal

# AFTER 27½ YEARS Civilian Role Will Be New Experience

Roy R. Black becomes a civilian and a veteran today.

"It's a brand new experience," he says. Black has been in the service since he was 19 years old—almost 27½ years ago.

In retiring from the Air Force, Roy Black begins a new career; he's going into the insurance business in Big Spring and will be associated with Dick Clifton. Starting Monday morning, M-Sgt. R. R. Black, former sergeant-major of the USAF Hospital at Webb, becomes Mr. R. R. Black, representative for the Equitable Life Assurance Society.

Black began his long military career in 1928 when the dressers that fashion designers are trying to bring back today were in style. He had hopes of becoming a doctor one day, but he wanted to see what military service was like. His

ROY R. BLACK

first enlistment was for a three-year period, and then he accepted a discharge with plans to begin training for a medical career. But that was in 1929, the year when the stock markets crashed. With cash scarce and hopes broken, Black returned to the Army where he had duties with the medical service.

His first 12 years were spent in the Pacific Coast area AFB in California in Washington state where he was in charge of a dispensary. The men he cared for were then photo-mapping the Pacific Northwest.

In July of 1941, Black was reassigned to the Air Force Medical Service at Moffett Field, Calif. as medical supply sergeant. While the service was then the Army Air Corps, Black heard rumors that one day the Air Corps would be a military service as separate from the Army as the Navy was. He decided he'd stick with the fly boys when the split came. In 1941, Moffett Field was the nucleus of the entire training command, Black says.

Until 1942, his assignments were short but routine: They included the opening of Santa Ana AFB in California, promotion to master sergeant, and service as sergeant-major of the Roswell Army Flying School, now Walker AFB, in Arizona.

Throughout his service career, Black had been studying under the military education program provided by the government. This was one factor leading to his service commission as a first lieutenant in 1942. Black recalls his first months as an officer.

"Discipline was really strict in those days. There were greater restrictions between ranks, and a corporal then had almost as much authority as a captain today," he recalled. "Even though I was a first lieutenant, it took me a couple of months to remember that and to get over my fear of second lieutenants."

After service as adjutant in military hospitals throughout the United States and in overseas commands, he was promoted to captain. In 1949, when he gave up his reserve rank. Black returned to the regular Air Force as a master sergeant.

Among his first assignments after being back on enlisted status was Wichita AFB, Kans. where he served as sergeant-major. Not long after that, plans were made in Washington to re-activate Big Spring's air field. Headquarters, Flying Training Air Force, screened records of medical administrative personnel, and chose Sgt. Black to aid in the opening of Webb AFB as sergeant-major of the hospital. He was the 51st man to arrive on the newly-opened base.

"I thought Webb was the most desolate spot I'd seen in my whole life," Black recalls. "But we made progress, and are still making it. Today, Webb is one of the finest Air Force bases I've ever served on. It's been a satisfying experience to see our base hospital grow from absolutely nothing to the well-equipped, well-staffed organization it now is."

Black had other impressions of the area, too. "My first impression of Big Spring couldn't have been better," he says. "The extreme friendliness of the Big Spring people was overwhelming. Looking back, I think it was then that I decided to make Big Spring my home after retirement from the Air Force."

Retirement has now come for Master Sergeant Roy R. Black, and Big Spring is now his hometown. He, and his wife Arline, are members of the Baptist Church, and their daughter, Carol, is enrolled in Sunday School. Carol is a student at Washington Place School.

The Blacks are going on vacation next week before returning to Big Spring.

and real property here are as high as they can go, he said, and he thinks the court will take the position that personal property valuations are high enough in comparison with the valuations put on real estate. The thinking of the officials appears to be that no increase in personal property valuations will be made but that a rise in real property valuations is probably in order.

A final decision, Frazier explained, will likely depend on what can be done about the sale of the remaining \$35,000 in hospital bonds, a part of the \$75,000 issue approved by the voters for the purchase of the Martin County Memorial Hospital. Only \$40,000 of these bonds have

been sold so far. An investment banker who had bid on the remaining \$35,000 appears before the commissioners, after a grand jury investigation has disclosed irregularities in the county's finances, and suggested that the matter be called off for the present and until Martin County's financial affairs take a more substantial form.

Frazier said efforts are now being made to determine the negotiability of the remaining \$35,000 in bonds, indicating that if they can now be sold the contemplated increase in real property valuations will be decreased that much.

But, admits the county judge, resignation, two commissioners, Otake some action is running short if the tax rolls are to reach Austin on time.

Frazier was appointed judge by the commissioners to succeed James McMorris, who resigned July 6. Following the McMorris, also resigned. Frazier has since named H. O. (Hub) Phillips and Edmund Morrow to succeed them. Both Phillips and Morrow won the nominations for the offices in the June 24 primary.

# Moore Outpost Core Shows Bleeding Oil

A core saturated with oil reportedly was pulled Friday afternoon at Callihan Rotary Company's No. 1 C. W. Creighton, wildcat about three miles west of Big Spring. Coring operations began at 3,065 feet, and operator cut a 29-foot section. Observers say that the middle 22 feet had bleeding oil. The top eight and bottom nine feet contained fractured material. Unofficial reports indicate that pipe is now being set for completion tests.

## Crane Explorer Taps Wolfcamp

Texas Pacific Coal and Oil and Chicago Corporation No. 1-A H. E. Adams, a Northeast Crane Company wildcat, flowed 60 barrels of new oil and six barrels of acid water on a four-hour test of the Wolfcamp. It will be completed as a discovery from perforations between 7,890 and 7,990 feet. This interval was treated with 1,000 gallons of mud acid before the four-hour test was taken.

## Wildcat Plugs

R. D. Gillham No. 1-31 L. C. Clark, wildcat about nine miles southeast of Sterling City in Sherman County, has been plugged and abandoned at total depth of 1,490 feet in lime. Drillite was 330 from north and east lines, 21-11-SPRR survey.

## Household Detergents Could Prolong Life Of Oil Wells

HOUSTON, July 31 (AP)—Common household detergents possibly could prolong life of an oil well if economic factors could be ignored. Laboratory tests indicate such a household item can prevent harmful bacteria from clogging an oil reservoir and hindering, or even stopping, production. The catch to this discovery is that a single well would require such a quantity of the synthetic detergent the operation would be prohibitive when compared with the value of the oil produced.

## Completions Show 1,000 Increase For Seven Months

AUSTIN, July 31 (AP)—Oil well completions in Texas are almost 1,000 ahead of the year-ago total, the Railroad Commission reported today. Operators brought in 265 oil wells this week to run the total for the year to 6,396 compared with 5,393 at the same date a year ago. Also completed were 42 gas wells and 140 dry holes. The new gas well total for the year is 741 compared with 524 a year ago.

## Groebi To Attend Information Meet

## Three Tests Staked, One Well Completes

Potential test was being taken Saturday on a Moore pool project, and three new locations were spotted in the field. The test was under way at A. K. Turner Incorporated of Big Spring No. 3-A Hewitt, the last of eight wells being drilled by Turner on his A and B leases. Location is about 900 from north and west lines, 30-33-1s, T&P survey.

Duncan No. 2-A Wilkinson is slated for 3,400 foot depth and is 330 from south and 990 from west lines, 24-34-1s, T&P. H. L. Hunt of Dallas No. 8 J. B. Harding is the third new project. It will be drilled to 3,500 feet, starting at once. Drillite is 2,640 from south and 860 from east lines, 19-33-1s, T&P survey, about seven miles southwest of Big Spring.

## Congress May Be Asked To Probe Oversupply Causes

WASHINGTON, July 31 (AP)—Members of Congress from oil-producing states are considering asking a congressional investigation of reasons for present oversupply of petroleum products. This was disclosed today by Rep. Steed (D-Okl.), who said: "Because of conflicting views on what has created the present situation in the domestic industry, one of the things we are trying to do is to get a subcommittee appointed to inquire into the whole picture, including oil imports."

## COST VERSUS BUGS

laboratory to be opened by a private oil company was formed. This week Beerstecher published "Petroleum Microbiology" (Elsevier Press, \$8), a book described as the first ever to bring together the history and finds of a rather old but comparatively unknown science. There is indication successful laboratory or pilot tests using bacteria soon will be expanded into field operations as aids to petroleum exploration, production and manufacturing.

Research is proceeding in various laboratories to determine whether the presence of a particular bacteria in the soil can lead to discovery of oil. Other experiments under way are directed toward finding a means of employing bacteria in the manufacture of chemicals, foods and drugs from petroleum.

Beerstecher believes two approaches to secondary recovery methods of production of petroleum offer particular promise. Secondary recovery methods frequently are employed when a well ceases to produce or turns out an uneconomical quantity of oil. Water, gas or air is pumped into a well to repressure the reservoir. Harmful bacteria sometimes enters a well with the water, clog the reservoir sands, reduce permeability, and hinder and prevent the flow of oil.

In 1946, Dr. Claude E. Zobell, University of California scientist working under the API grant, received a patent for use of bacteria as a means of secondary recovery. Zobell found that bacteria, through abilities to produce acids and carbon dioxide, can build reservoir pressure, ease off sand particles and break heavy flowing oil into lighter oil.

This emphasizes, Beerstecher believes, one of the major factors hindering rapid development of petroleum microbiology in the United States. "Many companies now have bacteriologists on their scientific staffs but there is very little exchange of information," he said. "This is alarming," he added.

# Cosden Finals East Edger To Oceanic

Cosden Petroleum Corporation completed its No. 3 John Jackson this weekend as another producer on the east edge of the Oceanic (Pennsylvanian) field. Potential flow in 24 hours was 4,258 barrels of oil. Top of pay on the new well is 8,210 feet, and total depth is 8,227. Tubing pressure on test measured 600 pounds, and casing pressure was 490. Flow was through a quarter inch choke.

## Discovery Rate Fixed In Nolan

Discovery allowable has been requested for British-American Oil Producing Company No. 1-K TXL, completed Ellenburger producer on the south side of the EA (Cambrian) field of Southeast Nolan County. The project was finalized for a daily flowing potential of 248.46 barrels of 50.2-gravity oil from open hole section at 6,030-6,063 feet. It is two miles south and slightly west of a recent Ellenburger discovery and 2,944 feet from south and 330 feet from east lines of section 15, block 2, T&P survey and eight miles northeast of Blackwell.

## Gardner Discovery Makes 321 Barrels

J. D. Wraether Jr., Dallas, filed potential of 321.10 barrels of 42-gravity oil, plus 40 per cent water a day for his No. 1 R. C. Watts, Gardner Lime discovery in Southeast Nolan County, six miles northeast of Blackwell. Production was through 18-64-inch choke and perforations from 5,406 to 5,412 feet after 250 gallons of mud acid. Location is 660 feet from north and west lines of section 207, block 64, H&TC survey.

# LUTHER DEVONIAN STEP-OUT HAS GOOD SHOWS ON CORE

A northward extension of the Luther Southeast field appeared in prospect this weekend with unofficial reports that good oil shows were made on a core at Texas Pacific Coal and Oil No. 1 M. C. Hyden. The Hyden project is about a mile north of the field production. And the core was taken in the Siluro-Devonian formation, field pay zone. Approximately eight or 10 feet in top of the pay zone had good shows, according to observers. The core was started at 9,919 feet in lime, where a drillstem test is now being prepared.

## Wildcats Spotted In Four Counties Of West Texas

Wildcats were spotted this weekend in Garza, Andrews, Kent, and King counties. O'Neal Drilling Company staked its No. 1 G. W. Connell as the Garza wildcat. It will be drilled by rotary to 3,500 feet, drillite being 330 from north and east lines, west half, southeast quarter, 25-33-1s, T&P survey. Location is seven miles east of Post on an 83.17 acre-lease. In Andrews County, Sharples Oil Corporation No. 1 C. H. Park is the new prospect. It will go to 4,700 feet by rotary. Location is 660 from north and east lines, southwest quarter, 20-A36-pl survey, about six miles northwest of Andrews.

## DeCleva Finals But Details Unreported

Paul DeCleva No. 2 Louise O'Daniel, project in the Snyder field, has been finalized, but as yet no report has been released on the potential. Located about six miles south of Coahoma on an 80-acre lease this project is 990 from south and 330 from east lines, 19-30-1s, T&P survey. It had a total depth of 2,697 feet.

## El Paso Gas Group Visits Cosden Unit

A group from El Paso Natural Gas Company visited Cosden Petroleum Corporation's refining plant here Friday. Included were H. F. Steen, vice president and general superintendent; C. L. Moore, executive engineer; John Eichelman, chief engineer; and George Hewitt, manager of the natural gas liquids division.

# Dawson Reef Strike Makes Natural Flow

Seaboard No. 1 Vaughn, project in East Dawson County which uncovered upwards of 135 feet of pay on cores, kicked off and flowed on tests yesterday. Flow was from perforations between 8,185 and 8,227 feet after swabbing operations. Flow was natural and at the rate of about seven barrels of new oil per hour. Tool was open for four hours, and oil was gauged through a 24-64th inch choke. There was no water. At the end of the four hours, operator shut the well and started moving off the rig. When the rig is moved, a portable unit will be moved in, and the perforations will be acidized and cleaned.

## New Zone Indicated In Multi-Pay Area

Hole was being made below 9,110 feet in Shell Oil Company No. 3-B University, project in the Midland Farms (multipay) field of Southeast Andrews County, after a drillstem test from 8,933 to 9,033 feet uncovered a possible new pay for the field. The Pennsylvanian test was open two hours. Recovery was 2,500 feet of 37.5-gravity oil and 1,000 feet of oil and gas-cut mud. Location is 660 feet from south and west lines of section 16, block 1, University Lands survey.

**CAUTION PAYS OFF IN USED CAR MART**

Before you buy ask yourself—"What will this dealer do about it if the car doesn't stand up?" A new car dealer can't afford to sell anything but high quality cars.

We Have At The Present Time

2—1953 PONTIAC 2-door sedans and one 1952 PONTIAC 4-door sedan. Each of these cars can be purchased with utmost confidence. They are all low mileage, beautiful packages that have been checked thoroughly and found to be not wanting.

FURTHERMORE, a 1953 BUICK Super. Cleanest in West Texas and carrying a new car guarantee is available. No joking, this is the best buy of the year. Come in and see it.

AND for those who would like to join the "NO SWEAT SET" and stay cool, check our 1953 BUICK Super 4-door with factory Frigidaire air conditioning. Lovely for those 100 degree days.

NOW from the ridiculous to the sublime. Sublime prices. Not sublime cars. We have some clunkers that have had the clunk taken out. For instance a 1947 NASH 4-door sedan, 1941 CADILLAC 4-door sedan, 1949 STUDEBAKER 2-door sedan, 2—1950 CHEVROLET club coupes. NOT fancy—NOT perfect—NOT beautiful. BUT good "N" cheap.

THE GRUB LINE

With Franklin Reynolds

The appearance of The Grub Line hasn't been so regular of late. There's a reason. A good reason.

Bert Badger, the man who is always hunting for those pesky and expensive little pink bollworms...

Lots Madison of the Tarzan Community says he has some dryland cotton that he believes could make a bale to the acre...

Lester Herrington, now with the Soil Conservation Service at Balmorhea, will report at the Midland SCS unit Monday as assistant to Ben Osborn there.

Harold V. Stephens is now with the SCS office at Colorado City as successor to Painter Wylie...

Olin Mitchell, formerly with the SCS at Dimmitt, now on temporary duty at Plainview with Grady Lane, who went there from here...

Twenty-six head of cattle are grazing 20 acres of Blue Panic grass on the Ernest Clanton place near Vealmoor...

grass was planted about the first of May, and is on dryland. This is pretty good for Blue Panic the first year.

A value of \$150 an acre is what Cecil Hyden says Blue Panic grass is proving to be worth to him.

Harvey Adams, north of Knott, has guar on 150 acres. In Dawson County, Jack Cozens planted six acres of Blue Panic week before last...

The Grub Line's old friend, Lee Williamson of the SCS, has been impressing upon Mitchell County irrigation farmers that careful planning and good soil management practices are absolute essentials...

Williamson says that first of all the farmer should know the rate at which his system will apply water. He should know the number of acres he can properly irrigate in one day.

Very important, says this irrigation specialist, is sound planning before the irrigation system is installed. Then comes wise use when it is installed, and soil building practices to boost the yield per acre.

The number of typewriters and mimeograph machines aboard the battleship Missouri is larger than the number of guns.

from 25 to 35 acres of Blue Panic on the Noret farm, two miles north of Pumpkin Center and two miles west, next week. He will also use a sprinkler system to get the grass up to a good stand.

Also in Dawson County: Pvt. Louis C. Ramirez, 22, son of Mr. and Mrs. Carlos Ramirez, Knott, Tex., is serving with the 3rd Infantry Division in Korea.

Marine Pfc. Jimmie L. Sundry, son of Mr. and Mrs. Mack Sundry of 1509 W. 5th, Big Spring, returned to the United States recently after seven and one-half months in the Far East aboard the attack aircraft carrier USS Essex.

On duty at Clark Air Force Base in the Philippines is Lt. Jerry R. Houser. He is the son of Mrs. Ann G. Houser, 1005 Johnson.

He is an alumnus of Big Spring High School and Texas Agricultural and Mechanical College.

Edward Garcia, 900 North Douglas, has enlisted in the U. S. Army. Sgt. William T. Parks, recruiter, announced.

He has been sent to Abilene and will go from there to Ft. Bliss for basic training.

# Final Primary Results Show Gov. Shivers' Lead As 23,787

By ROBERT H. JOHNSON JR.  
DALLAS, July 31 (AP)—Gov. Allan Shivers led Ralph Yarborough by 23,787 votes in the Democratic primary, final unofficial returns showed today.

The complete report of the Texas Election Bureau, an unofficial vote-counting agency sponsored by Texas newspapers and radio stations, showed Shivers with 668,536 votes to 644,749 for Yarborough.

Arion B. (Cyclone) Davis, bewhiskered fender repairman who lives under a Dallas bridge, got 26,182 votes. J. J. Holmes, Austin house builder, received 20,138.

The total of 36,320 votes cast for the two minor candidates kept either Shivers or Yarborough from getting a majority. Their fight for the governorship will be settled in a runoff primary Aug. 28.

Shivers had 49.53 per cent of the total vote, Yarborough 47.78

per cent, and Holmes and Davis combined 2.69 per cent.

Shivers led in 136 of Texas' 254 counties, Yarborough in 116.

The governor and Yarborough were tied in two counties—Hartley, with 320 votes each, and Parker with 2,439 each.

Neither Shivers nor Yarborough actually carried the vote in all the counties in which they led—again because the tiny wedge of votes for Holmes and Davis in many cases prevented either of the main contenders from getting a majority.

Shivers fell 6,267 votes shy of a majority of the total vote cast. However, Robert L. Johnson, manager of the election bureau, explained that did not mean that that many more votes would have given Shivers victory without a

run-off.

The reason is that to win a candidate must have 50 per cent of the total plus one vote. If enough additional votes had been cast for Shivers to overcome the deficit, the number needed for 50 per cent of the total would have increased correspondingly.

As a result, Shivers would have needed some 15,000 more votes for a simple majority, Johnson figured.

Run-offs also are necessary Aug. 28 to settle races for associate justice of the State Supreme Court, a place on the Court of Criminal Appeals, and two congressional seats.

The election bureau's final tabulation showed Supreme Court Associate Justice Few Brewster leading in the Supreme Court race, 464,656 to 321,844 for Alfred M.

Scott of Austin, Robert R. Keenan of Gladewater drew 233,247 votes and caused the run-off.

In the criminal appeals race, incumbent Justice Lloyd M. Davidson led Judge Alan Haley of Wichita Falls, 330,496 to 242,939. Former State Sen. W. C. Graves of Dallas had 234,323 and Sam Davis of Houston 235,036.

## BOYS WANT POP BOTTLES, NOT BALLOTS

COLORADO CITY—Pop bottles—not election returns—were the objective of prowlers who entered the Mitchell County Courthouse last Sunday night.

G. F. Olivas, custodial worker at the courthouse, found evidence of the prowlers when he opened up Monday morning. Authorities were alerted because of fear that ballot boxes stored in the county clerk's office had been tampered with.

Deputy Sheriff Bob McGuire reported that on Tuesday evening after the courthouse was closed he discovered two youngsters entering a basement window. The two lads were brothers and are five and 10 years of age.

They admitted they also had entered the courthouse on Sunday—but disclaimed any interest in the election. They were after pop bottles from the coke machines in the courthouse lobby.

## Library Has 9,047 Books

A new shipment of books this week boosted Howard County Free Library's total to 9,047 volumes, Mrs. Opal McDaniel, librarian, said.

The 50 miscellaneous new books were placed on the shelves this week. Among the titles are Emily Post's "Etiquette"; F. D. Davidson's "Red Heifer"; "Laughing Boy" by Oliver LaFarge; "Papa's Delicate Condition" by Corrine Griffith; Isabel Ross' "Proud Kate"; Albert Hannum's "Spin a Silver Dollar"; Runyon and Bergsman's "Around the World in 1,000 Pictures"; "One Million Islands for Sale" by Robert Froman; "The Chisholm Trail" by Wayne Bard; "The Eagle and the Rock" by Frances Winwar; Herman Wouk's "The Calne Mutiny Court Martial"; and Wellman's "Indian Wars of the West."

Four volumes of mystery have been donated by Mrs. Charles E. Phillips.

An average of \$50 a month in fines has been collected since January, Mrs. McDaniel said.

A total of 1,520 persons have registered for library cards and 23,967 books have been checked out during that same period.

Eighteen books have been removed from the shelves and will be placed, when requested, either in schools or hospitals.

### Police Chief in Houston Resigns

HOUSTON (AP)—Police Chief L. D. Morrison today submitted his resignation.

He asked to be allowed to continue serving the department as an inspector.

Chief Morrison's resignation was submitted in a letter to Mayor Roy Hofheinz. The mayor accepted the resignation and called a special meeting of the city council to discuss the situation.

Chief Morrison has been under fire for the past several months. Criticism became heated when a

## Rodeo Time Brings Out The Cowgirls

**'LEANIN' ON THE OLD CORRAL'**—Barbara Lewter, left, and Carolyn Whitefield try out their frontier pants on the corral fence in advance of the rodeo. Cowgirl attire like this will be the order of the day on Aug. 4-5-6-7, dates of Big Spring's world championship rodeo. Barbara is the daughter of county agent, Durward Lewter, and Carolyn's parents are Mr. and Mrs. J. O. Whitefield.

**HER FIRST RODEO** — Zane Neal, above, daughter of Mr. and Mrs. Bill Neal, and her favorite pony, "Diamond," will ride in the rodeo parade and grand entry for the first time. She is just three years old and has been riding since she was about seven months old.

**RODEO BOUND** — Ann White, left in photo at right, and her sister, Sue, get their horse, "Golden Boy," used to being transported to the rodeo arena in a trailer. Both the girls will ride in the grand entry and the rodeo parade. They are well-known for their calf-feeding ability — Sue had the grand champion at the International Livestock Show at Chicago and Ann had grand champions at San Antonio and Fort Worth.

**A FRIEND IN DEED**—There's nothing like a friend when it comes to taking off western boots. The friend here is Jan Burns and she's de-booting Laverne Cooper. They're getting "the feel" of their cowgirl togs so they'll be ready to ride in the pre-rodeo events. Jan's parents are Mr. and Mrs. Kelly Burns and Laverne's are the A. L. Coopers.

**CANTERING COUSINS**—Deane Mansfield, 10, left in photo below, and Mary Lane Edwards, 14, try out a couple of horses in preparation for riding in the rodeo parade and grand entry this week. Deane is the daughter of Mr. and Mrs. Toots Mansfield. He's a champion roper of all time and will appear in the rodeo here. He is also a director of the rodeo. Mary Lane is the daughter of Mr. and Mrs. Sunny Edwards and her pop is an outstanding roper, too.

Mistaken Bird Watcher

Mrs. J. G. Allen is more interested in selecting decorations for their new home than in the fact that her daughter has just spoken of the quail on the table as "quack quack." However, since Jeann is only 29 months old, there is plenty of time, yet for her to take up the study of birds. The home that they selected on their arrival from Houston is at 1414 Sycamore.

## Moving Men Boon To Mrs. Allen

How lucky can you get? Mrs. J. G. Allen could probably tell you. The Allens came here about three weeks ago from Houston and rushed to get a house before their furniture arrived. Now, they have the house, but no furniture. Dr. Allen has time to do all the cleaning and waxing and also the yard work, as his dental equipment, along with the furniture, hasn't arrived either. Dr. and Mrs. Allen are originally from Arkansas, but he lived out here for some time with his uncle and aunt, Mr. and Mrs. E. H. Boulfous, who call him their "other son." He says, now, that he

knew from the start that he was going to settle here some day. He liked both the people and the climate. Now since he has finished his work at the University Dental School at Houston in June, he is living up to his decision. Jeann, their 29-month-old daughter, is at about the busiest time of her life, exploring everything, and she takes the place of a hobby with Mrs. Allen. The doctor plays golf in his spare time.

### Frankfurter Kabobs

Kabobs are a tantalizing way to do skinless franks. They are simple to fix and easy and quick to cook... three important factors not to overlook... but it's the taste that makes these so special. Cut the frank into five pieces. Alternate on the skewer with pineapple chunks; brush with salad oil. Broil, turning, till browned. Place in a toasted split bun, remove skewer. Nice with mustard or barbecue sauce.

### Farewell Supper Is Given For Wisess

**FORSAN**—Mr. and Mrs. B. J. Wis and Dianne were given a farewell ice cream supper Thursday evening by the employees of Continental Oil Co. and their families. About 30 attended. The Wisess left Friday for Ponca City, Okla.

Mr. and Mrs. E. B. Prescott of Midkiff were here during the weekend with their son and his family, the Leroy Prescotts. Granddaughters Glenda and Mona Lee accompanied them home for a visit. Guests of Mr. and Mrs. Kenneth Cowley and Bobby were Mr. and Mrs. Everett Wright and Danny of El Paso and Mr. and Mrs. S. L. Brown and daughter of Dallas.

## CAMPUS CHATTER

By **FRANCES WALKER**

Dear Jayhawkers, All of the girls should be pleased to learn that there will be a Lass-O-Club reunion-slumber party Tuesday night (August 3) in the H.C.J.C. Student Union Building at 7:30. All Lass-O's, exes, and prospective members are invited, so if you see any of the girls that plan to become Jayhawkers this fall, please tell them about it. Each girl is to bring a lunch to nibble on all night, 25 cents for watermelon, and bedding (if she thinks she'll get to sleep). I'm sure we'll have a marvelous time seeing old friends and making new ones, so don't miss it.

The Jayhawker staff will meet at 6:30 p.m. in the SUB Tuesday to discuss plans for the 1955 Jayhawker. If you're interested in exchanging a little hard work for lots of fun, be there.

I received a letter from Nancy Milford (Miss Amarillo) Wednesday. She plans to move to Lubbock soon, and will be at H.C.J.C. in the fall. Like to know a little about her? She's a cute brunette who stands 5'8". She was active in high school as a member of the choir. Tri-Hi-Y, Rainbow Girls, and Allied Youth. She was named "Miss Hereford High School" before moving to Amarillo.

John Garrison made a trip to Dallas last week but is back on the job at the Texas Electric Company this week. Also working there this summer are Vesta Harrison and David Young.

Sam Foreman has been measuring cotton this summer. Bobby Read, who has also been measuring cotton, Charlie Warren, and Buddy McDaniel received letters from their favorite uncle this week. I'm told that he (a fellow they called Sam) enclosed a gift certificate in each letter for a free physical examination in Abilene on August 19.

Walter Miles recently returned from the Salvation Army Camp in Ewing, Texas. He was counselor at the camp, which is designed to help under-privileged boys enjoy their summer vacations.

Jerold Farmer was in town Monday night. Arlen White visited Jerold the weekend before in Levelland and also spent some time with Tommy Randolph in Petersburg. Tommy, who has been playing semi-pro ball, was recently called to Oklahoma upon the death of his grandmother.

Coch Davis heard from Paschal Wickard this week. He is working for the Ford house in Clovis and recently purchased a new 1954 Ford. Paschal mentioned that Jack Williams is now in the Marine corps.

Louise Brown is now back in the office after her vacation to Cleburne. While away she saw Harold

Vail and reports that in accordance with the rules for a typical Jayhawk instructor, Mr. Vail now has a flat-top hair cut.

Kim Milling will leave Tuesday for a vacation in Virginia and North Carolina.

Luke Thompson captured the city golf championship crown last weekend. You may remember that Luke was runner-up for the title last year.

Glenn Bunn spent the week in Fort Worth after returning from his vacation in California. He plans to return to H.C.J.C. this fall.

Glen Barnes has been in Malone and Hogan Hospital this week. Some of the Jayhawk Aggies who are farming this summer are Rex Gibson in Chillicothe Elvon DeVaney and Henry Hicks in Coahoma; Grayford Auten in Whitney; and Donald Denton, Roy and Loy Loudamy, and Elbert Long in Big Spring. Calvert Shortes, who had been working in DeWaver City is now at home farming too.

Leona Lancaster is secretary for the Hooser and Hooser law office this summer, and Margie McDougall is working for the County Health Office.

Bill Normoyle is visiting his family in Syracuse, New York, but he'll be back in two weeks.

Donald Glason was awarded the Area Air Force Road-to trophy in San Antonio last week. He has captured the same driving award for several years now.

Congratulations are in order for Becca Sewell and Edwin Elmore who are now engaged. Becca, Edwin, Dene, and Bill got together for a sunrise breakfast before church last Sunday. In spite of the early hour, all four pairs of eyes retained their sparkle. (ain't love grand?)

H.C.J.C. now has its eye on a new Biology instructor—William Eric Holbert. I think they'll have to wait a while though because little Eric (7 pounds, 3 ounces) is only three days old.

Two H.C.J.C. students are vacationing in Colorado now. Marian Murphy is in Canon City, and Mary Stevens is touring the state.

Exes Lou Ann and Sue Nell Nell, and also Charlotte Harrison of Gould, Oklahoma, left Friday for the Ko-Jo-Kai (of A.C.C.) reunion in Thorp Springs.

Scouter Polk from Stanton is working in Big Spring this summer.

I talked to Nell Glover and Elouise Carroll this week. Both plan to become Jayhawkers this fall, so I thought you might like to meet them.

Both girls were stand-outs on the B.S.H.S. volleyball team this year. Elouise was awarded a scholarship by the Business & Professional Women's Club and is a business major. In high school she participated in many activities including choir, F.H.A. and the Majors Club.

Nell, too, is a business major, and may be Jayhawker art editor next year. In high school she was particularly interested in art and sports and was on many all-tour-

### Picnic Sausages

Variety is the spice of the picnic, so when you plan yours bring along a choice of food that offers variety but means little work beforehand for you. Typical of these are assorted sausages such as Bologna, liver sausage, cervelat and salami, and, of course, the famous skinless frankfurter. Be sure to add pickles, mustard, mayonnaise, chili sauce, tomato slices, onion rings and lettuce.

### Foam Rubber Rugs

Foam rubber has been combined with cotton carpeting to make a skid-proof, longer-wearing rug which can be laundered in a washing machine. Because of the rug's porous nature, air can circulate freely through it, keeping it cleaner.

### Texas Hot Dogs

Split long buns and spread with butter or margarine; toast. Pan-fry franks in a little hot fat until lightly browned (or roast over open coals); place in buns. Top with hot chili con carne (either with or without beans). If desired, split franks before frying, then fill with the heated chili con carne.

### September Wedding Planned

Mr. and Mrs. Henry H. Koenig of Baytown are announcing the engagement and approaching marriage of their daughter, Geraldine, to Reed Collins, son of Mr. and Mrs. Alfred Collins, 431 Edwards Blvd. They plan to marry Sept. 4 at St. Joseph's Church in Baytown. Miss Koenig was graduated from St. Joseph's School of Nursing and has received her Bachelor of Science degree from Sacred Heart College in Houston. Mr. Collins is a graduate of the University of Texas College of Pharmacy and is now attending the University Medical Branch in Galveston.

### Youth Week Starts At First Methodist

A breakfast held at the First Methodist Church at 8 a.m. today, was the initial activity of Youth Week in the church. All young people of the community are invited to participate in the program which will run from Monday through Friday, beginning with a supper each evening at 6:15.

### Mrs. Joyce Stanley Weds Mr. McKinney In Church Ceremony

The marriage of Mrs. Joyce Stanley to R. E. McKinney is solemnized at the First Methodist Church Friday morning with the Rev. Jordan Grooms reading the ceremony.

Mrs. McKinney is the daughter of Mr. and Mrs. J. T. Terry of Big Spring and Mr. McKinney is the son of Mr. and Mrs. H. C. McKinney of Dalhart.

Attending the couple were Mr. and Mrs. James Underwood. Mrs. Underwood is the sister of the bride.

The bride was attired in an empire style dress of natural linen with burnt orange accessories. The couple left immediately following the ceremony for two weeks in Mexico City and Acapulco. Mr. McKinney is co-owner and manager of Big Spring Insurance Co.

### Daily Washing

If you have a very short, irregular hair cut, try washing it every day to prevent a stringy look.

### COSDENITES ON VACATION

### Cool, Faraway Places Chosen For Relaxation

Colorado, Arizona, New Mexico and the Gulf are beckoning Cosden people, as many of them are taking their annual vacations.

John Coffey and family with a group of friends spent part of last week at the company cabin at Possum Kingdom fishing and resting. Mr. and Mrs. Johnny Hill attended the wedding of L. E. Malone and Melba Tallant in Abilene last weekend.

The H. C. Tidwells and L. Bunnings will be in Red River, N. M., this week.

Deep sea fishing on the Gulf for the next two weeks is where you will be able to find C. A. Flynt.

The mountains of Colorado is the place to spend a nice vacation according to Sam M. Moreland, while the Aubrey Armisteads think Buiden is best.

Cool Colorado is where William E. Morris will be all next week, while C. H. Peterson picked Elephant Butte-Dam, N. M., as the spot for his vacation.

Evelyn Merrill is spending the weekend in Midland visiting friends.

Mary Archer will visit her parents, Mr. and Mrs. R. I. Archer, in Seminole over the weekend.

Vacationing in the mountains is where the Johnny Nobles will be for the next week.

Others on vacation this week are: H. H. Wright, Philip Gressett, Henry L. Wolf, Edward L. Collier, Vandoyl Murphree, Edwin F. Arnold, James H. Eppler R. Floyd Williams, Robert L. Callahan, E. G. Rainey, W. E. Owens, Wayne L. Morris, C. H. Peterson, W. E. Pate, Dan Greenwood, R. Schwarzenbach, Bill Stone, Donald Duke, Donald B. Lester, Henry C. Moser, Vernon Webb will be in North-ern Arizona the next two weeks fishing.

Mr. Alexander of the Texas Company, Amarillo, visited the refinery Wednesday to inspect our water treating plant.

Chief Technologist of the Sinclair Refining Company at Marcus Hook, Pa., Dave Stewart, visited the refinery last week to study the operation of our platforming unit. Sinclair is bringing on stream next month a 16,000-barrel per day platformer at the Marcus Hook Refinery.

John C. Arnold returned to work this week after being off due to illness.

Recent visitors in the Engineering Department have been Frank Hayhurst, Ingersol-Rand Company, Midland; W. E. Busse, Chicago Bridge and Iron Company, Houston; Harry Douthitt, Continental Supply Company; and Al Cassell, RP&C Valves of Fort Worth.

J. G. McIlhenny, Dallas, and E. Odell Campbell, Tulsa, both with E. I. du Pont, visited the refinery Wednesday to discuss aviation gasoline blending techniques.

John Kelly was in Midland last Monday on company business.

Joe Cunningham is now home from the hospital and is expected to be back at work Monday.

Congratulations to the C. E. Richards on the birth of their boy.

R. L. Tollett spent Tuesday in Fort Worth on company business.

Guy H. Roxburgh and Jim Crad-

ock with Humble aviation sales visited the office Friday.

The Sam Poseys will be in Corpus Christi next week.

Jack Stiles of Photography by Stiles, Houston, was here Thursday taking pictures of the new alkylolation unit.

Melvin Gertz and Otto Wetzel with the firm of Purvin and Gertz, Dallas, were visitors in the office Thursday and Friday, as was Frank Eck of the American Cyanamid Company, Houston.

Desk and Derrick Club members are busy this weekend decorating their float for the rodeo parade.

M. M. Miller is in San Antonio and Corpus Christi today on company business.

Bill Roden from our Midland office was a visitor in the exploration and land department on Wednesday.

A recent visitor in the land and lease department was R. W. Alth of Roswell.

W. T. Abbott and family have returned from their vacation in Colorado, where they visited briefly with Chas. E. Hutchison a former employe and who is now operating a service station in Idaho Springs, Colo.

### Mrs. Coston Will Speak At Sul Ross

ALPINE — Mrs. Lois D. Coston will speak at the sixth annual Sul Ross Reading Conference held Aug. 8-11 at Sul Ross State College, Alpine. Mrs. Coston will speak on a panel concerned with the techniques of teaching reading to elementary children — the title of the section is "Opening the Door to the Printed Word," and will be held Aug. 10.

French Actress

Brigitte Auber, left, talks to Lydia Lane in Cannes, France, and stresses the importance of naturalness in make-up. Brigitte, making her American film debut in Alfred Hitchcock's "To Catch a Thief," a Paramount picture, also advises protection for the skin from the sun.

## HOLLYWOOD BEAUTY

### Recommends Make-Up That Looks Natural

By LYDIA LANE  
 CANNES, France — Paramount expects Brigitte Auber to become a star after Alfred Hitchcock's "To Catch a Thief" is released. They are so excited about this young French actress that they invited me to fly from Paris to Cannes this week to meet her.  
 The whole company, including Cary Grant and Grace Kelly, is here at the famous Carlton Hotel filming scenes on the spot where the original jewel robbery, around which this story is built, happened. In a few weeks the company will move to Hollywood to complete shooting, and Miss Auber is thrilled and nervous about her first visit to the cinema capital of the world.  
 "I have a great respect for what they know and what they do in Hollywood," she told me as we had tea together. "I like Americans because they are so kind and so friendly," she added with a fetching accent.  
 Miss Auber is in her early twenties, but as she sat there in a simple little linen suit, she looked like a school girl.  
 "How did you happen to become an actress?" I asked.  
 "I started out to be a dancer," Brigitte confided, "but at school I became so interested in dramatics I decided to become an actress instead. But I still love to dance—it's my favorite form of exercise."  
 I wanted to know more about her first break into show business.  
 "I was at a friend's house at a party and a producer, who was there, asked me to read for a part in his new play. I got the part and later I did two other plays with him."  
 "Did your career go straight up after that?" I asked.  
 Brigitte took my pencil and drew a line that was like steep steps. "There were periods of waiting," she explained. "There are so many actresses who are impatient and think about being a big star more than about working."  
 "You have to love your work and work hard, in order to build a solid success," she continued seriously. "Truth is the cornerstone of all success and kindness. You should always think of others instead of yourself."  
 Miss Auber has a lovely translucent skin and the only make-up she wears is lipstick and mascara.  
 "Whatever I do I like to make it look natural," she explained. "I used to use a lot of make-up and cream on my face but now my skin is much better with just soap and water and suntan oil."  
 "Sun is terrible for the skin," Brigitte continued. "I know this but I like it so much I can't stay out of it. But I'm very good about using oil, and I think this prevents any skin problems."  
 Delicious hors d'oeuvres were served to us and I noticed that Brigitte did not pass them up. I asked if she had to diet.  
 "I have a big appetite but I also have a big discipline," she confessed. "The moment I realize that I am too heavy—that my dress does not feel loose—I decide to diet. Nothing tempts me until I am slim again."  
 "How long do you usually have to stay with a diet?" I asked.  
 "In one week it drops off like this," she said, with a snap of her finger. "I eat meat, fruit, salad with lemon, cheese and vegetables but no lipids. This diet is good for your health."  
 I admired her teeth and told her so. Brigitte seemed embarrassed, as if I thought she had been showing them off. "No, I only want to know how you keep them so white and pretty," I explained.  
 "I brush them with very hot wa-

 Bring in your child or children you desire to enter in the competition. We will make a series of photographs. You may choose the pose you think is the cutest. We will make an 8x10 regular portrait from it and enter it in the contest. Sometime during the month of September we will have an out of town, competent, unprejudiced judge to pick our winners. Each 8x10 portrait entered will become the entrants property after the judging and may be picked up at the studio after the judging.  
 The cost of entrance photograph . . . \$2.00

To celebrate the purchase of new "Photogenic" Speed Lights we are announcing this contest to find the most photogenic child in the area.  
 These new lights are quick as a flash . . . no heat, no glare, no spoiled poses due to unexpected movement of hands or feet. With these new lights we can take truly life like pictures of your children. We don't have to wait for them to be still . . . as do so many other photographers . . . when a cute expression occurs, regardless of movement we flash the picture and capture forever the fleeting, wonderful smile when it is in full bloom.

## Mary Margaret McBRIDE SAYS

"Go ahead—write about them! Maybe then they'll stop," defiantly urged Mary Cay, who had been confiding that her life has become insupportable because of the well-intentioned efforts of married friends to obtain a husband for her.

Mary Cay is 22, pretty and blonde. She has been a bridesmaid three times this year which, according to the old saying, means she will never be a bride. That, or something else—perhaps Mary Cay's rather indifferent attitude towards matrimony—has driven Jan, Mildred and others of her intimates to a concerted campaign that Mary Cay calls humiliating.

"They've brought their husbands into it, too," she protested. "Every eligible young man anybody runs into is invited to a jolly little home-cooked dinner, with me for the piece de resistance. I could stand the coy way they leave us alone together and the nauseating things they say about how heavenly it is to be married. But when they actually start making up stories about how wonderful I am, it's just too much."

"Girls who know that I can barely scramble an egg will solemnly recount my marvelous feasts with souffles, ragouts and other dishes I've never even heard of, much less cooked. And Jan, who is the mother of my godchild aged six months, whenever there's an extra man present begins to go on about how wonderful I am with

children. Though I notice she takes previous good care not to show me off trying to manage little Mary who howls if I come near her."

Poor Mary Cay hasn't seen anything yet. She's so young still that people who are almost strangers, for instance, haven't yet started asking inquisitively, "Why haven't you ever gotten married, my dear?" But they will, Mary Cay, unless you lead one of those young men to the altar pretty soon.

Individuals who wouldn't dream of cross-examining a woman on her bank account or on insanity in her family think nothing of the most personal questions about her love life or lack of it, provided

### Mrs. C. B. Long And Sister Visit

FORSAN—Mrs. C. B. Long and her sister, Midge Olive, are in Mangum, Okla., for a few days. Their parents, the C. B. Olives, plan to return home with them for a visit.

Returning to Forsan after several weeks in Breckenridge and Comanche is Mrs. Lucie Lewis. She is here with Mr. and Mrs. D. W. Lewis and Mr. and Mrs. D. E. Jacobs.

Mrs. Vera Harris was in Sterling City visiting Mr. and Mrs. James Craig and Jerry.

only that she happens not to be wearing a wedding ring.

One of a group of career women, discussing this subject not long ago, reported: "When somebody asks me why I'm not married, I usually answer, 'Probably for the same reason you ARE married. I like it that way.' And then quickly, and because I maintain that turn about is fair play, I start a lethal little quiz of my own."

"Is your marriage happy?" I inquire. "Do you believe from your experience there is such a thing as one love for a lifetime? Would you pick HIM again?" Sometimes my interrogator is smart enough to get the point but just as often she turns away disgusted by my rudeness. The unmarried are fair game any time; the married are out of bounds all year round."

### Kennedys Entertain Illinois Guests

FORSAN—Guests of Mr. and Mrs. P. H. Kennedy have been Mrs. Lena Murphy and daughter, Marie, of Mt. Vernon, Ill. Sgt. and Mrs. Don Murphy will accompany them for a tour of duty in Greenland. Mrs. Murphy will make her home here with her parents, Mr. and Mrs. Kennedy.

Mr. and Mrs. T. R. Camp and Linda Kay will leave today for a vacation with relatives in Granger, Fort Worth and Killeen.

Mr. and Mrs. J. P. Kubecka and Mr. and Mrs. E. E. Everett attended funeral rites in Bandera recently for O. D. Smith. The Kubeckas are spending the weekend in San Antonio.

### Junior Must Have Pencil, Remember

Most mothers give little thought to the most basic item of school equipment for their offspring—the pencil. They may spend hours selecting the right shirts, skirts, trousers, sweaters and socks for that important first day at school, but pencils are taken for granted. It might surprise many parents to know that pencil manufacturing did not start in the United States until about 100 years ago. Before that school children had to use slates and chalk, or charcoal. Since that time the pencil manufacturers have developed 18 degrees of hardness in lead used in the modern pencil, ranging from the flint-like leads used by stone cutters and engravers to the soft leads used by artists, copy-readers and school children. It is pointed out that, although pencils may look alike, more than 350 kinds are now available, each with a special use. Small thick pencils are made to fit the chubby hands of children just learning to write. Others are made to write on slippery surfaces such as glass, cellophane, plastics, metal and home freezer packages. Surgeons use a special pencil for outlining the operation area on human anatomy and packing plants use another type to write identification on sides of beef. Children are having fun with colored painting pencils, made with soluble leads, which can be used to sketch in a picture, which then is turned into a painting by use of a brush dipped in plain water. Americans used more than 300 million pencils last year. That means that Junior should have at least two to start the school term, just to be sure he's getting his share.

**If Junior Tells Tall Tale Just Grin And Share It**

By DOROTHY V. WHIPPLE, M.D.

Truth is something children learn slowly. Children are not born honest or dishonest, truthful or deceitful. They grow up to appreciate the value of honesty. At 3 or 4 years of age a youngster doesn't quite understand the difference between what goes on in the world about him. He is quite likely to tell a tall tale that he imagined, exactly as he would about something that really happened. Jimmy told his family at the dinner table about a wonderful ride he'd had on a fire engine. He was full of details. He sat up on the ladder, pulled the string and the gong went clang, clang, clang. They tore down the street, went through all the red lights, nearly hit a milk truck and everybody stopped and watched them. Jimmy was excited and certainly enjoyed his story. Of course, he didn't really ride on a fire engine. Probably he'd seen one that afternoon and had so much wanted to ride on it that he'd come to believe he really had. In fact, he had ridden on it in his imagination. It had been a good experience,

and he wanted to share it with his family. This story was an untruth in the adult sense, but to Jimmy it was a vivid experience. That it happened only in his imagination was to him quite beside the point. Jimmy's family was pretty smart in the ways of children. His Daddy entered into the story: "Did you rescue the princess from the burning building?" he asked. "Yep," replied Jimmy, "and she had a crown all full of diamonds." After a bit Dad said: "You know Jimmy, I believe Mike down at the fire house would let you climb up on his fire engine." "Would he, Daddy?" Jimmy was all eagerness. "Next Sunday we'll walk down there and talk to him." And so it ended. Jimmy knew his father took the tale as a story, but that he could be interested just the same. In time children come to understand the difference between make-believe and the real world. They will learn the lesson more easily and more completely with a sympathetic and understanding family than with one that is shocked by the young child's natural confusion.

**Ladies' Pipe Dreams Get Realistic**

By CAROL MITCHELL

I knew it was coming but I really wasn't prepared for it when it did. A certain Dallas store now offers us girls a dainty rhinestone trimmed pipe with the suggestion, "Light up at your next luncheon, it's chic."

It may be chic but it would also take a lot of cheek for most of us to light up a pipe at a luncheon or even in the privacy of our bathroom.

Can't you just see a room full of women all decked out in hats and pipes with clouds of smoke obscuring everything. The resuscitator business should boom.

If this thing really catches on it may start all sorts of things like different style pipes for each continent and a certain length stain for a certain sized woman. Not to speak of the women who will begin admitting that their great-grandmothers were really the first to start the fad years ago.

Then some smart designer will probably come up with a fashionable case for carrying your pipe complete with matching tobacco pouch and pipe cleaners.

Husbands will have to learn to get out her pipe and mimes after the wife has spent a hard day puffing over the luncheon and bridge tables.

Better act men, before you catch your 10-year-old daughters with your wife's best platinum trimmed pipes out behind the garage.

ALPENA, Mich. UP — Brownie is Mrs. Julius Kondron's pet collie. But he looked like anything but a pet when a deer charged Mrs. Kondron in a strawberry patch behind her house.

For 30 minutes there was a battle of slashing hooves and horns against flapping legs — 60-pound the against 60-pound hunk.

—The brownie leaped for the heart, his deep, and the deer reared every deer. Mrs. Kondron believes Brownie saved her life.

**SHOULD BOBBY HATE COPS ?**

Bobby had always wanted to be a policeman. But recently he has gotten acquainted with an older boy who hates cops. This older boy belongs to a gang. He has been "in trouble" several times. Despite the fact he comes from a respectable family, he is a juvenile delinquent.

The older boy is poisoning Bobby's mind. He is teaching Bobby to look at life through the eyes of a juvenile delinquent. The gang starts early to "train" new recruits!

Is there any antidote in Bobby's life to counteract the poison to which he is exposed? There can be.

It's not too late for Bobby's family to realize his need for religious training. They can begin next Sunday to be a church-going family. They can bring him to church school, provide a Christian atmosphere in his home, encourage him in his spiritual and moral development.

God cares about Bobby's future. Our community cares. Our churches all care. **DO BOBBY'S PARENTS CARE?**

**THE CHURCH FOR ALL . . . ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are (1) For his own sake (2) For his children's sake (3) For the sake of his community and nation (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Harvey Berin  
DASHING COAT DRESS

**Slimming Line Comes From Contrast Trim**

Karen Stark is the designing genius behind the Harvey Berin label, and scores again with a dashing version of the ever popular coat dress. It is about the most slimming dress that has ever been designed, with its long line of contrasting-texture trim, notched at the collar and widening out gradually toward the hem. The trim is also used on the buttoned cuffs. To further accentuate the slenderness of the dress, Miss Stark has inserted little darts at the hip-line, thereby minimizing the waist. Originally in velveteen with faille, it makes up beautifully too in wool with satin or any other 54-inch or 50-inch material.

This pattern is cut to Designer measurements, not standard Pattern measurements. Size 12 bust 34 1/2, waist 25, hips 35 inches; size 14 bust 36, waist 26 1/2, hips 36 1/2 inches; size 16 bust 37 1/2, waist 28, hips 38 inches; size 18 bust 39 1/2, waist 30, hips 40 inches; size 20 bust 41 1/2, waist 32, hips 42 inches. Size 12 requires 2 1/4 yards of 54-inch material for dress and one yard of 35-inch material for contrast. To order Pattern No. 1110-D, address Spades Syndicate, Inc., P. O. Box 535, Dept. B-5, G. P. O., New York 1, N. Y. State size. Send \$1.00. Airmail handling 25 cents extra. Add four cents for handling, if paid by check or money order.

**'Song Of Ruth' Is Dr. Slaughter's Latest**

By ANNE LEFEVER  
With more than 14 books published since 1941, Dr. Frank G. Slaughter has established himself

as one of America's most prolific writers. Now, he has added another to the group of his novels with Biblical backgrounds. His "Song of Ruth," recently released, tells the story of one of the world's most memorable love stories, that of Ruth and Boaz in Biblical times. Dr. Slaughter, as he has done in his other novels, has skillfully adapted this story to make a most readable book. The novel begins with the journey of Elimelech, Naomi and their two sons, Mahlon and Chilion, into Moab. On this trip Mahlon meets and falls in love with Ruth. It is after their marriage that the life of Boaz is saved through the efforts of Mahlon. The rescue costs the lives of both Mahlon and Chilion, and the three women are left alone. The conflicting element is introduced in the character of Tob, who desires Ruth in marriage after her return to Israel with Naomi. How the mother-in-law brings about the wedding of Boaz and Ruth gives opportunity for a description of the customs of that day. The history, both secular and Biblical, is told in an interesting way by this author who is equally adept with fact or fiction. Dr. Slaughter was graduated from Duke and Johns Hopkins universities, and he has had a thriving practice in his home town of Jacksonville, Fla. Because of his medical columnist and reviewer his books have had medical backgrounds. He has substituted a writing career for medicine, but he continues to lecture throughout the country, often serves as a medical columnist and reviewer and teaches courses in child psychology.

By PEGGY HOGAN

Nancy Smith, the 1954 Aqua Queen was honored at the annual YMCA Swim Show and Water Carnival on Thursday night. She was presented a spray of flowers. Later she won two medals and a trophy as winner of the girls' division in freestyle and backstroke swimming. Congratulations, Nancy!

Friday night Marie Hall had a slumber party with all its array of pillows, blankets, and pajama-clad girls. The seven girls that attended and really cut loose on lots of laughing, talking, and eating, were: Ginger Hatch, Margaret Fryar, Sally Cowper, Adrienne Smith, Kendra McGibbon and Jane Watson. Bright and early Friday morn-

ing, six ambitious gals with high hopes journeyed to Odessa to enter the tennis division of the West Texas Junior Olympics. Clara Freeman, Dixie Faulkner, Nan Farquhar, Nancy Smith, Pat Tidwell, and Peggy Hogan tried to represent Big Spring to the best of their ability; but their ability just wasn't quite good enough for the competition.

The young people of the First Methodist Church invite all the youth of Big Spring to attend their Youth Activities Week, Aug. 1-4. There will be supper every night at 6:15, study groups, a worship

service, and recreation. Every-

body's invited!

Saturday morning the sun poured down on a group of sleep-headed girls in Lila Turner's back yard. Lila gave a slumber-party Friday night that echoed with laughter and fun. About 10 girls attended the frolic.

Attention all female graduates of Big Spring High who are interested in attending H.C.J.C! You are invited to a slumber party on Tuesday, Aug. 3. It will be held in the college student union building, starting at 7:30. If you are interested in going, please contact Joe Welch or Frances Walker.

Last Saturday night Sally Cowper gave a little watermelon supper for a gang of gals. Special guests at the party were Judy Garwood and Yvonne Kidwell of Miami, Okla.

Wade Simpson who is now in France, has been writing many of his friends here. He says 18 countries are represented at the YMCA training camp and all the speeches are translated into French, English, or German, which makes it very interesting. He will fly home from Paris on Aug. 9.

There seems to be quite a few kids going and coming this week. Frankie Marstrand is going to spend several days in the big "Cowtown."

Gary Tidwell and Jim McGary left yesterday for Lubbock where they will pick up Frank Medley and start on a big three-weeks fishing trip. They plan to really "land the whoopers" at Trout Haven near Terrell, N. M.

Low Ann White left Wednesday that northern kingdom known as Canada. Accompanied by her mother and brother, Lou Ann expects to spend three weeks sight-seeing.

Green Gafford is coming home today from a visit in Dallas. She spent a week with friends in "Big D."

Another big fishing trip coming up. Stormy Edwards, Tom Henry Guin, John Davenport and Clyde McMahon are leaving this week for several days of fun and fish at Menard.

Billie Carr came home Friday from five days at Brownwood where she had been visiting her grandmother.

This week Monterrey, Mexico, is the destination of some of the favorites of B.S.H.S. Mrs. Matt Harrington and her husband, Erma Jean Phillips and Colleen Slaught are leaving today for a two-weeks vacation "south of the border."

Yesterday morning Paty Barbee, Donald Flora, Mrs. Helen Davis and her daughter left for California. They plan to spend three weeks loafing and sight-seeing.

Bill Bradley and Norman Gound came home Friday from a two weeks' stay in Abilene. They had spent the time at McMurry attending a summer band school.

Mary Lou Garcia left this week for El Paso where she will visit her mother until school starts.

Recently Ann White and Mary Ella Bigony took a big two week trip out west. They visited Grand Canyon, Utah, and other western points.

Jane Hill left Saturday for a week in colorful Colorado. Fishing

## IS IT SAFE TO TREAT YOURSELF?

Would you consider overhauling the engine of your car, or the motor of your washing machine? It is doubtful if not your body more precious than either of these? Then why attempt to treat it without expert advice?

The drug products available today are designed to produce a specific effect and are extremely potent in action. Dosage must be carefully regulated and only your physician knows exactly which drug should be prescribed for you. For although drugs today are extremely valuable, they can also be very dangerous and are capable of producing harm if misused.

We urge that you see your physician when in need of treatment. Even better, arrange for periodic checkups before trouble starts.

It is your pharmacist's responsibility to protect your health and he must rightfully refuse to sell you drugs which should only be taken under the supervision of your physician. For your pharmacist and physician work as a team to make life healthier and longer for you and your family.

Sec. III Big Spring, Texas, Sunday, Aug. 1, 1954 Sec. III

## 17 Carriers Cover 300 Miles Daily With Mails

By JIM CLARK  
Through the summer's intensive heat 17 postal carriers daily trod approximately 300 miles of Big Spring streets, making free postal deliveries.

A. C. Preston, who has the longest service record of any carrier, has found the job, nevertheless, quite pleasant.

"Seeing new faces and talking with persons on the route keep the job from being monotonous," he says.

"Weather conditions are favorable most of the time. We usually keep so busy that we seldom ever think of the heat."

Biggest hazard, Preston believes, is in the winter when there is ice. "I dread it much more than heat, rain or sandstorms."

Getting water is somewhat of a problem, Preston finds. "But some people along the route offer me a drink from time to time."

Preston began working as a substitute carrier in February of 1938. Working as a parcel post truck driver, he served in that capacity for two years before being given a mounted route. (Mounted routes used automobiles. The practice has been discontinued.) He has been a regular carrier since January of 1940.

His son, Carl Preston, is the newest postal carrier. He began working as a substitute in July. In September he will attend Texas Technological College in Lubbock.

Carriers' working day begins at 6 a. m., when each reports to the Post Office and begins his task of separating the 150 pounds of mail to be distributed on the nearly 23-mile route covered by each. Usual-

ly finished with this project by 8 o'clock, they embark on their designated paths. For approximately five hours and 30 minutes the carriers remain on their routes.

There are presently 12 city routes and a 13th will be added soon. The same route is ordinarily covered by the same man.

Thirty-minute lunch periods are observed. Ordinarily they stop at some store and munch upon the sandwiches they carry with them, buy at the store or which are delivered to them by their wives.

Usually completing their rounds by 2 p. m., they return again to the Post Office and until 2:30 sort mails.

Three trucks place mail in relay boxes on the carriers' routes where it is picked up by the carrier. The boxes are opened by special keys the carriers pick up when they leave for their routes. The keys are designated by number and must be returned when the routes are completed.

Postmaster Elmer Boatler estimates that each carrier ordinarily does not carry more than 35 pounds at a time. They are not required to carry pieces of mail which weigh more than two pounds—it is delivered by trucks, Mondays and Wednesdays, carriers say, are the lightest days. A large supply of magazines are received on all other days.

Each carrier works 40 hours per week. All work on Saturday, but have a day off some time during the week. Substitute carriers replace them during days off and vacations.

All must pass civil service examinations. Before being hired they are put on an eligible list and appointments are taken from that list. Each has to be able to case and tie a minimum of 18 pieces of mail per minute. This regulation is set up by the Post Office Department and checks are made from time to time.

Archie E. True and Robert M. Gardner are other long-time carriers. Others include T. U. Ham, Earl Reagan, Emory Parrish, Perry Burleson, R. H. McKinney, W. W. Hendrick, Alfred Moody, Donald Trupp, John Wylie, James Piper, Bill Baker, Arnold Fortson and J. D. Buchanan.

Lewter's report has been mailed to Smith-Doxey classification offices in Abilene. Howard County's 14 gins are cooperating, Lewter said.

Storm-Proof Cotton Favored In County  
Howard County's one-variety cotton crop has turned out to be storm proof this year. Durward Lewter, county agent, said Friday. This is the first time storm-proof cotton had the largest acreage of one variety.

Storm proof, Lewter explained, means that the burr doesn't open up wide. Therefore, the cotton is more resistant to wind and rain and is adapted to machine harvest late in the autumn.

A total of 63 farmers in Howard County are growing one-variety storm-proof, Lewter said. Storm-proof acreage totaled 60,198. There were 22,000 acres of all other varieties.

After Six Hours Of Sun

T. U. Ham, one of Big Spring's 17 postal carriers, pauses on his route to mop perspiration from his face. Ham spends about six hours daily in the sun. And walking with a loaded mail bag makes 100-degree temperatures everything but cool. The carrier force delivers mail to more than 20,000 Big Springers.

Gladiators Salute

Susan Hayward confronts the kneeling Victor Mature in this scene from the Twentieth Century-Fox hit, "Demetrius and the Gladiators." The Technicolor production in CinemaScope will show at the Ritz Theatre today through Wednesday.

'DEMETRIUS AND GLADIATORS'

Successor To 'The Robe' New CinemaScope Picture At Ritz

"Demetrius and the Gladiators," the CinemaScope production which begins where "The Robe" left off, is slated today through Wednesday at the Ritz Theatre. Stars of the Twentieth Century-Fox multi-million dollar movie—in Technicolor—are Victor Mature, Susan Hayward, Michael Rennie, Debra Paget, Anne Bancroft and Jay Robinson.

Completely different story. The last scene of "The Robe" forms the prologue to this story. When Marcellus is killed, Mature obtains the robe and takes it to the home of a blind potter for safe keeping. The emperor Caligula—Robinson—learns of the robe's whereabouts and sends some soldiers after it.

is struck by a soldier, and Demetrius (Mature) all but tears the soldier apart before being overpowered. He is sentenced to become a gladiator. In the arena Demetrius overpowers the largest of gladiators but refuses to kill the other man, Messalina—Miss Hayward—then suggests that Mature be sentenced to fighting tigers. He kills the tigers but he is seriously injured.

Talking Mule Francis Meets New Adventures

"Francis Joins The Wacs," scheduled at the Ritz Theatre Thursday through Saturday, is one of screenland's wackiest movies produced to date. It is a comedy that starts out with a basically funny situation and never lets anyone or anything get in the way of that situation. Featuring show-wise Donald O'Connor and a host of beautiful women, this production is the latest of the Talking Mule's fabulous adventures.

British Auto Race Comedy Scheduled At State Theatre

Latest of the British motion picture comedies to reach the shores of the U. S. A. is a Technicolor production neatly titled "Genevieve." It will show at the State Theatre Wednesday and Thursday. "Genevieve" is a 1904 Darracq automobile, and the stars are John Gregson and Dinah Sheridan. Gregson plays the part of a racing car enthusiast who is torn between the love for his wife and love for the car.

Time Out To Eat

John Gregson is shown above flat on his back while working on "Genevieve," his 1904 automobile. Feeding him is his movie wife, Dinah Sheridan. "Genevieve" will show at the State Theatre Wednesday and Thursday.

Korean Story Stars Mature

A story of U. S. combat engineers and their Greek allies in Korea are related in "The Glory Brigade," new Twentieth Century-Fox film to show at the Lyric Theatre Tuesday and Wednesday. The movie stars Victor Mature, and it is said to be one of the most stirring and authentic films on Korean action which has been filmed to date. "The Glory Brigade" focuses on Lt. Sam Prior—Mature—who is of Greek parentage. He is assigned with his unit to ferry a Greek detachment across a river into Red held terrain.

"Glory Brigade"

Victor Mature is starred as a lieutenant of the combat engineers in "The Glory Brigade," movie set at the Lyric Theatre Tuesday and Wednesday.

Fath Shocks 'Em With His Showings

PARIS (AP) — Designer Jacques Fath opened his fall fashion show today with a "maternity wedding gown." After the somewhat startled guests finished giggling, Fath showed them a black velvet space suit and some elaborate, gold-topped stockings displayed by models wearing diamond garters. Then he got down to serious business with a collection that looked chic and eminently wearable.

Student To Conduct Revival At Coahoma

COAHOMA — Lewis Adkinson of Hardin-Simmons University will lead a youth revival scheduled to begin Aug. 1 at the First Baptist Church here. The revival will continue through Aug. 8 and will be held on the church lawn. Morning services are slated for 10 a.m., and evening services begin at 8 p.m. Special music will be under the direction of a song leader from HSU. The public is invited and urged to attend the services. Prayer services will begin each evening at 7:30 p.m.

Story Of Famed Gunman, Slade, Is On Lyric Program

"Jack Slade," a drama based on the life of one of the West's most colorful lawmen, will be the screen attraction at the Lyric today and Monday. Mark Stevens and Dorothy Malone are thrown together in a cyclonic love affair in the movie. And the relationship is destined from the start to have a tragic ending. The movie deals with the history of Slade, one of the famous gunmen of times past whose record as a killer was unsurpassed. He killed some 20 men during his life, and this movie deals with his gun duels. Stevens plays the part of Slade, who made his reputation as an agent for the Overland Stage Lines. Miss Malone plays his wife, Barton MacLane and Harry Shannon are also in the movie.

# Corporate Earnings Run Close To The Peak Of '53

By SAM DAWSON  
NEW YORK (U.S.)—The first 416 corporations to report on earnings show that profits from American industry and trade are running neck and neck today with booming 1953.  
But for an unusually large number of corporations, the profit and loss statements are either very good or very bad.  
Half of the companies are doing better than last year—some blazing new trails into record high profits for the first half of the year. The general business slump may have cut their sales totals, but lighter taxes push them into new high ground.  
Just about as many are trailing last year's first six months' earnings.

ings. And 17 of the companies operated in the red so far this year. Only five did a year ago.  
Utilities and communication companies gained much more than 414 industrials. Railroads were dragging—25 of the 28 showing declines in earnings this year, and four reporting net losses.  
The 416 corporations' combined net profit after taxes comes to \$3,335,328,254. The same companies earned \$3,269,213,308 in the first half of 1953. This puts them 2 per cent ahead this year, with 211 of them showing gains over a year ago.  
The 368 industrials in the list had combined earnings 6.7 per cent ahead of a year ago. The 20 utilities showed a combined increase

of 51 per cent. But the 28 rails were off 44 per cent.  
Biggest gains this year were made by aircraft companies, reflecting defense spending as well as tax relief. Motors reporting so far are ahead, with General Motors' gains setting the pace. The end of the excess profits tax helped here.  
Cement companies as a group did well, reflecting the demands of the booming construction industry. Business machines, oil equipment, electrical equipment, and heavy machinery were listed among the better gainers.  
The 10 tobacco companies reporting so far show a combined gain of 14 per cent, despite sales fluctuations due to health scares.  
Coal, textiles, carpets, alcoholic beverages, farm equipment, tools, and mining companies operated in the red, as did five of the 14 textile firms.  
Steel companies did better than

many had expected. Although 24 of 30 companies had lower profits than in the 1953 period—which represented the peak of their production boom—their combined earnings were off only 14 per cent.  
Steel sales were down considerably more than that. But federal tax payments were so much smaller this year that profits held fairly well.  
And many steel companies report that the April-May-June period found profits rising well above their low point in the first three months of this year.  
The sliding railroads blame most of their plight upon the business slump which affected their big customers more than the country as a whole. Durable goods makers and raw material suppliers shipped far less by rail this year than last, and rail operating revenues tumbled.  
Utilities thank the record use of electric power for their impressive

profit gains. Also, some had the benefit of higher rates.  
Oil companies managed to stay ahead of last year by 7 per cent, but their current production, sales and price problems tend to tear down that gain.  
Rarely has the profit picture been so spotted with gains and losses between industries and between companies in the same industry.  
It seems to have been a recession only for some—continuing good business for many—and a boom for a few.

## Studio Announces Photogenic Event For All Children

Announcement of a "Photogenic Child" contest is being made by Mathis Studio, to open August 2 and run through August 28. All children below the age of 10 are eligible to enter.  
Prizes to be awarded in three age divisions will exceed \$700 in value, said Gus Barr, owner of the studio.  
Winner of the title "Little Miss or Mister Photogenic of 1954" will

be awarded a \$25 U. S. savings bond, plus a 16" x 20" heavy brush oil portrait on tapestry in a hardwood frame. This picture has a \$120 value.  
The contest is in the nature of introducing new photogenic speed lights, said Barr. The studio has just installed these features, regarded as the most modern available to photographic studios. The lights do away with heat, glare and the necessity of the picture subject to remain "still." They flash the picture at 1-10,000th of a second.

LIL ABNER

BY AL CAPP

I'M FROM "WIFE" MAGAZINE. I WANT TO INTERVIEW THE MOST SUCCESSFUL WIFE IN DOGPATCH.

OH, THAT'D BE MAMMY YOKUM--

SHE'S SUCCESSFULLY LICKED MOST EVERY OTHER WIFE IN DOGPATCH, WIF HER BARE FISTS--

OH, NO!! WHAT I MEAN IS--

--THE WIFE WHO HAS MADE THE MOST SUCCESSFUL MARRIAGE--

OH, THAT'D BE ME!! AH SUCCESSFULLY MARRIED TH' MOST DESIRABLE BACHELOR IN DOGPATCH--

--IN FACT--TH' ONLY DESIRABLE BACHELOR IN DOGPATCH!!

AH! NOW WE'RE GETTING IT!! --WHAT SWEET FEMININE TRICKS DID YOU USE, TO LAND HIM?

AH CHASED HIM, NIGHT AN' DAY, FO' YARS AN' YARS -- SCREECHIN' HOW AH LOVED HIM-- UNTIL TH' PORE SOUL GIVE UP!!

BUT--THAT'S DIRECTLY CONTRARY TO THE METHODS WE ADVISE GIRLS TO USE!!

IT IS? OH-SOB!!

AH D-DIDN'T USE TH' RIGHT METHODS T' GIT LI'L ABNER!!

OH, WELL--NO DOUBT YOU'VE MADE HIM INTO A MODEL HUSBAND BY USING MODERN, SCIENTIFIC METHODS TO TRAIN HIM!!

ALL AH DONE WAS GIT HIM--

OH, SHO' NUFF!!

MAH METHODS IS MIGHTY MODERN AN' SCIENTIFIC. AH LETS HIM DO ANYTHING HE WANTS T' DO.

WHAT?!

GOOD HEAVENS, GIRL!! --YOU'VE HANDLED YOUR HUSBAND ALL WRONG!!

AH, H-HAS? --OH, QUICK--TELL ME TH' RIGHT WAY--

NAMELY, H-HOW YOU HANDLES YORE HUSBIN!!

ER--UPT?--I'VE USED THE MOST MODERN, SCIENTIFIC METHODS TO LAND ONE--

--AND, I KNOW EXACTLY HOW TO HANDLE ONE-- BUT, I CAN'T SEEM TO GET ONE!!

MAH MARRIAGE IS ALL WRONG!!-- IT HAIN'T MODERN OR SCIENTIFIC!! IT'S MERELY HAPPY!!--

**Prince Valiant**  
IN THE DAYS OF KING ARTHUR  
by Harold R. Miller

Our Story: SWIFT ARAB SCOUTS LAUNCH A FIERCE ATTACK UPON PRINCE VALIANT AND HIS COMPANIONS. WITH GREAT DILIGENCE VAL AND SIR GAWAIN TEACH THEM TO RESPECT THEIR GREAT SWORDS AND HEAVY ARMOR. WHEN THEY HAVE GATHERED THEIR FEE FOR THESE LESSONS THEY ARE ALL WELL ARMED AND MOUNTED.

ONCE MORE SIR BASIL IS AN ARMED KNIGHT. THOUGH STILL WEAK FROM TEN TERRIBLE YEARS OF CAPTIVITY HE IS GAINING STRENGTH RAPIDLY.

"ON THE ROAD AHEAD THERE ARE STILL NINETY ARAB WARRIORS," SAYS VAL. "THEY MIGHT ANNOY US IF WE TRY TO GO THROUGH, SO WE WILL GO AROUND THEM."

THEY GO DOWN INTO THE VALLEY OF THE JORDAN. FIND A FERRY AND CROSS TO THE EASTERN BANK--

...AND NONE TOO SOON! THE VENGEFUL ARABS SWARM DOWN TO THE WATERS EDGE. STANDING BEYOND THE RANGE OF THEIR SHORT BOWS, VAL BENDS HIS GREAT LONGBOW AND WITH DISCOURAGING ACCURACY SENDS SHAFT AFTER SHAFT INTO THEIR MIDST.

THE DESERT MEN DRAW BACK OUT OF RANGE AND SCATTER UP AND DOWN THE RIVER SEEKING ANOTHER CROSSING.

THEN SIR GAWAIN REBELS. "OUR PILGRIMAGE IS FROM NAZARETH TO BETHLEHEM ALONG THE ROAD MARY AND JOSEPH TROD. I FOR ONE, WILL GO BACK ACROSS THE JORDAN AND, ARABS OR NO, FOLLOW THAT ROAD!"

NEXT WEEK--Kevette

WHY COULDN'T YOU FLY US ALL THE WAY TO WHERE WE'RE TO MEET MY COUSIN BUFORD?

NO OPEN WATER TO LAND ON NORTH OF HERE, MR. MACKER. AND THE ICE IS TOO THICK! THESE TH' BISHMO WHOL' TAKE YOU TO HAN!

MY SOUL AND BODY! SO BUFORD CAN'T STAND THE HEAT THEE FAR SOUTH!

HE DID AIN'T YOU MIGHT LIKE A TOPCOAT!

ME UTAK... COME TAKE KABLOONA TO 566 MR. BUFLD!

WE MAKE IT IN SIX HOUR!

SIX HOUR IN THIS PRIMITIVE CONTRAPTION! WEAP ME UP GOOD, EASY, AND HOOK THESE BATTERIES TO MY HEATING PAD!

WHEN AT LAST... BUFORD'S CAMP

HERE HE COME! BEEN HUNTING, AND HIS DOGS ARE TRED!

SO ARE NINE! THO I'D HARDLY EXPRESS IT SO CRUDE— MY STARG!

...SO I BRING THE GLAD TIDINGS THAT YOU ARE A MACKER, BUFORD! AND—AH—SPEAKING OF YOUR FABULOUS HUBB, WE MACKERS MUST STICK TOGETHER!

GLAD TO HEAR, YOU SAY THAT, MAC! I GOTTA HAVE HELP NOW AS THIS AINT NO TIME TO BE CHOOSEY!

ARE YOU STILL VERY RADIOACTIVE, SUH?

HAW! IT'S NEARLY ALL EVAPORATED! YOU'D WAPTA BE EXPOSED TO ME A LONG TIME TO GET HURT!

TELL ME... HOW BIG IS YOUR URANIUM DEPOSIT?

NO TELLIN, MAC! NUGGETS OF ALMOST SODI URANIUM STRETCHED AS FAR AS TH' EYE COULD SEE! SOME OF 'EM SO BIG I COULDN'T LIFT 'EM ALONE!

WELL, FOR A HALF-INTEREST, I MIGHT BE PERSUADED TO FINANCE ITS DEVELOPMENT AT ONCE, IF—

NOT TILL I FIRST FILE A CLAIM ON IT MYSELF, AND THEN ONLY WAY I CAN GET THRU TH' ARCTIC PATROL IS TO BE MISTOOK FOR YOU!

T. M. Reg. U. S. Pat. Off.

DANGED IF I CAN FIGGER HOW COME I HADDA PUT THOSE TWO THUGS IN JAIL TWICE TO MAKE IT STICK...

...I CAN'T UNNER- STAND HOW THEY GOT OUT AFTER I PUT 'EM IN THERE TH' FIRST TIME.. I'M SURE I SECURED TH' DOOR.....

...I... EH? WHAT'S THIS?

WHASSA MATTER WITH YOU DOPES? CAN'T YOU DO ANYTHING RIGHT?

OH, HO!

WHEN I HIRED YOU TO STAMPEDE TH' CHIEF OF POLICE, I NEVER FIGGERED TO SPEND HALF MY TIME GETTIN' YOU OUTA JAIL!

WELL, WELL! HAVIN' A LIL' TROUBLE, EH, WIZER? WOULD JLIH LIKE ME TO HELP YOU GET THAT DOOR OPEN?

EH? OH... I... AH!!!

'COURSE I WOULD! OPENIN' AN' SHUTTIN' TH' JAIL DOOR'S YOUR JOB, ISN'T IT?

YEZZIR, THAT IT IS, WIZER....

...AN' I DON'T KNOW OF ANYTHING THAT'D MAKE ME HAPPIER THAN TO OBLIGE YOU!

Y'KNOW, COUSIN 'JON, I DONT THINK TH' OL' GENTLEMAN'S ANYWAYS NEAR AS INFLUENTIAL AS WE BEEN LED TO BELIEVE!

T. M. Reg. U. S. Pat. Off.

## OUR BOARDING HOUSE

With Major Hoople

YOU'VE CERTAINLY COLLECTED A FINE BUNCH OF RELICS, MAJOR—WHAT'S THIS?

WHY, THAT'S ROBINSON CRUSOE'S UMBRELLA, ACE—I FOUND IT ON A REMOTE DESERT ISLE!

THIS IS A SHOE FROM PAUL REVERE'S HORSE!

SAY, THAT MUST BE WORTH A LOT OF DOUGH! WHAT'S THIS OLD CHUNK OF COAL?

CAP'N JOHN SMITH GAVE THAT TO POCAHONTAS AND NAMED IT AFTER HER—HAR-RUMPH!!

WHEW!

IS THIS AN OLD BOW AN' ARROW USED BY SITTIN' BULL?

UM-NO! THAT WAS USED BY WILLIAM TELL TO SHOOT THE APPLE FROM HIS SON'S HEAD!

IT'S A POWERFUL BOW—PULLS REAL HARD!

CAREFUL, BRANNIGAN—THAT'S—

OOOPS! IT SLIPPED!

MY WORD, ACE! IT BROKE THE VASE—AND HERE COMES MARTHA— WE MAY HAVE TO RUN FOR IT!

A BOY THREW A SNOWBALL THROUGH THE WINDOW, MARTHA—BROKE YOUR VASE—I'LL TRY TO CATCH THE CULPRIT!

I MUST BE SLOWING UP BADLY—TO LET HIM ESCAPE BEFORE THAT SNOWBALL IDEA REALLY SANK IN!

T. M. Reg. U. S. Pat. Off.

# TARZAN

SHEETA EXPECTED EASY PREY OF THE TREMBLING MAN-THINGS AND SPRANG— BUT SHE DID NOT EXPECT A SMASHING INTER-FERENCE FROM TARZAN OF THE APES!

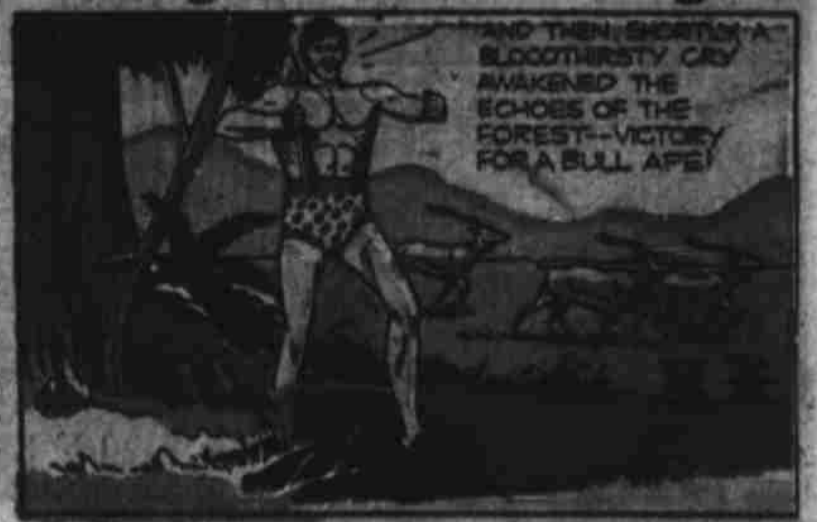

THE BATTLE BETWEEN BLADE AND CLAWS WAS CLOSED—

WHEREVER YOU ARE—TH—THANKS— BABBLED STERLING. WE LIVED A MONTH OF TERROR ON A CHALLENGE— UNCLE WAS TO RETURN FOR US, BUT HE'S OVERDUE—

# Edgar Rice Burroughs

AND THEN SHEETA'S A BLOODTHIRSTY CRY AWAKENED THE ECHOES OF THE FOREST—VICTORY FOR A BULL APE!

TARZAN SIZED UP THE HAPLESS PLAYBOYS AND SAID QUIETLY, DID IT EVER OCCUR TO YOU— THAT THIS MAN MAY NOT COME AT ALL?

# CASEY RUGGLES

THE RIVER? THE RIVER?? THE RIVER!!! IT'S RIGHT BELOW US.

WHAT WAS THIS OLD STONE HOUSE USED FOR, CHRIS? I DON'T KNOW, BUT IT PROBABLY BELONGED TO THE ECCENTRIC, GOLD-BEARING SENOR ORTEGA I SAID ONCE OWNED ALL THIS.

AIN'T NOTHIN' TO IT NOW, CASE! MUST'VE BEEN A TOOL HOUSE OR SOMETHIN'! CRAZY PLACE TO PUT A TOOL HOUSE, NO, IT HAD TO HAVE ANOTHER PURPOSE! I THINK YOU'RE RIGHT, CASEY. LET'S SHOVEL OUT SOME OF THIS RIVER SILT....

YEP, WE'VE GOT SOMETHING—THERE'S AN IRON RING....

WAL, WHATAYA KNOW! A READY-BUILT TUNNEL! NOW ALL YOU'VE GOT TO DO IS CRAWL DOWN THE TUNNEL TO OUR TREASURE PIT AND BRING BACK THE GOLD! NOW, WON'T THAT BE EASY?

## Why do they forget me after 5 P.M.?

DOLORES HAWKINS  
Has Her Hit Record  
"HERNANDO'S HIDEAWAY"

I HATE MEN! THEY ONLY REMEMBER ME AS THE GAL WHO KNOWS THE ANSWERS IN CLASS. WHEN IT'S NIGHT-TIME AND DATE-TIME, THEY FORGET ME BUT FAST!

MAYBE YOU'VE FORGOTTEN SOMETHING TOO, YOU'VE BEEN HIDING YOUR LIGHT UNDER A BUSH!

THAT RED HAIR WOULD BE SENSATIONAL IF YOU'D STOP HIDING THOSE GORGEOUS HIGHLIGHTS! TRY A HALO SHAMPOO... IT LEAVES HAIR WITH A FAR BRIGHTER SPARKLE. HALO HAS A SPECIAL GLORIFYING INGREDIENT!

MY YOUNG BROTHER SAYS MY HAIR FEELS LIKE A BEAT-UP BRUSH. HALO, EVEN DRY HAIR LIKE MINE FEELS ROMANTIC AS A KIDDING!

NOBODY WILL EVER SAY THAT AGAIN AFTER YOU START USING HALO. EVEN DRY HAIR LIKE YOURS FEELS ROMANTIC AS A LOVE SONG. CURLS ARE SPRINGER, SOFTER, AND HALO'S SO MILD YOU COULD USE IT EVERY DAY.

A SHORT HAIR-DO LIKE THIS CAN BE AWFULLY HARD TO HANDLE. BUT WHETHER YOUR HAIR IS DRY, OILY OR NORMAL, HALO LEAVES IT SO EASY TO COMB AND SET AND YOUR SET LASTS LONGER!

TONIGHT'S MY NIGHT TO GET GLORIFIED!

THIS IS ONE SONG I'LL ALWAYS REMEMBER—  
**Halo is the Shampoo that Glorifies Your Hair!**

Now in new gold and white package

**Halo Shampoo**  
Glorifies  
NORMAL, DRY OR OILY HAIR

# RUSTY RILEY

THANKS FOR TRYING TO CHEER ME UP RUSTY... BUT HOW CAN SHE PULL OUT OF IT? APPENDIX IN BAD SHAPE... SHOULD BE IN A HOSPITAL... DOC TRYING TO OPERATE BY THE LIGHT OF AN OIL LAMP... EVERYTHING'S AGAINST US!

COME IN, EDWARD... MARY'S ASKING FOR YOU.

EDDIE, HOLD MY HAND

DARLING! DARLING!

DOC, IS SHE?

DON'T WORRY, SHE'S GOING TO GET WELL... SUCCESSION OPERATION I EVER PERFORMED... BUT WITH A NURSE LIKE MIZ, HOW COULD I GO WRONG?

GENERAL ONE YEAR LATER MIZ HATHAWAY BELIEVES CHANCES ON PLAINS

RUSTY, I'VE INSTALLED A PHONE, ELECTRICITY, PLUMBING... THE MUSEUM CAN STILL LOOK OLD-FASHIONED, BUT AFTER THAT CLOSE CALL WITH MARY, I AM TO BE READY FOR EMERGENCIES...

BUT YOU'LL KEEP THE HORSE, WON'T YOU, MARY?

YES, INDEED... BOTH EDWARD AND MARY HAVE TAKEN A GREAT LIKING TO THAT HORSE... IF I GOT RID OF HIM, I'D LOSE THEM—

AFTERWARD, OUTSIDE

YOU'RE DOING FINE, EDDIE... HE KNOWS YOU LIKE HIM NOW.

LIKE HIM? I LOVE HIM! THIS OL' HAY-BURNER SAVED MARY'S LIFE!

THREE WEEKS LATER

ISN'T IT ROMANTIC, EDDIE?... OUR HONEYMOON IN A HORSE AND CARRIAGE

GURU IS... THIS HORSE CAN STEER HIMSELF... LEAVES ME BOTH ARMS TO HUG YOU WITH.

WELL, MY JOB HERE IS DONE... AND I'LL BE GLAD TO GET BACK TO MILESTONE

HELLO, RUSTY

FATHER, A MAN IS GOING TO WALK THROUGH A TUNNEL A MILE LONG.

GOOD FOR HIM!

HE WALKS IN, NOW, AT WHAT PART OF THE TUNNEL DOES HE START GOING OUT? AT THE OTHER END.

NO, IF HE'S IN THE TUNNEL THE ONLY WAY HE CAN GO IS OUT, SO HE'S GOING OUT FROM THE SECOND HE STEPS IN.

NO!

HE CAN'T BE GOING OUT WITH THE WHOLE TUNNEL AHEAD OF HIM, HE'S STILL GOING IN.

HE ALREADY IS IN...

I MEAN, HE'S EITHER IN OR OUT AND ONCE HE'S IN, HE CAN'T GET ANY INNER SO HE'S ALWAYS GOING OUT.

NO, HE'S GOING IN UNTIL HE REACHES THE HALF WAY MARK...

THEN HE'S STARTING... NO, HE'S IN OUT. UNTIL HE BEGINS HIS VERY LAST STEP, THEN HE'S STARTING OUT... I'M ALL MIXED UP.

WELL, PRINCESS, LIFE ITSELF IS A TUNNEL, FULL OF INS AND OUTS. NOBODY KNOWS, ONCE HE'S IN, WHEN HE'S STARTING OUT.

FATHER YOU'RE CORNY BUT YOU'RE CUTE!
