

De Gaulle Party Has Lead In French Vote

PROBE SEEN

Sky Queen's Survivors Head Home

BOSTON, Oct. 20. (AP)—Back again on the land they never expected to reach, 69 survivors of the ill-fated Bermuda Sky Queen headed for their homes today as the civil aeronautics board prepared an all-out investigation of the near-disaster in the mountainous North Atlantic.

The Coast Guard cutter, Bibb, which wrote maritime history in effecting the rescue of every man, woman and child on the plane which was ditched 800 miles off Newfoundland last Tuesday because of a gasoline shortage, brought the Sky Queen's erstwhile passengers to Boston yesterday. The 1,600 mile run from "Station Charlie," the Coast Guard code for its weather station where the flying boat came down ended in one of the wildest demonstrations since the first troopship came home from the recent war. Thousands of relatives, friends and folks who just came down to lend a cheer, met the rescued and their saviors at the dock.

One and all, the survivors, many clad in dungarees, shouted their praises of the crew of the Bibb. Too, they couldn't say enough about the airmanship of Captain Charles Martin of Miami, Fla., pilot of the Sky Queen.

At the same time, however, some of the passengers charged the seaplane had been "overloaded."

William Bostock, Shell Oil Company employe, a survivor, said a declaration was signed by all but three of the plane's adult passengers, asking "Why planes of this type are allowed to fly."

Robert Laffer, 62-year-old New York fur dealer, and Patrick Quinn, of Long Beach, Calif., first officer on the S. S. Chisholm Trial, both agreed to the "overloading" complaint.

Truman Seeks New VA Head

WASHINGTON, Oct. 20. (AP)—President Truman is hunting for a top-flight civilian to head the Veterans Administration when General Omar N. Bradley succeeds General Dwight D. Eisenhower as Army chief of staff.

The well posted associate of Mr. Truman who disclosed this today said the big difficulty will be in finding a man willing to make the financial sacrifice the appointment will entail. The VA post pays \$12,000 a year.

Asking that his name not be used, this associate said the President already has the problem of filling three vacancies created by the resignations of men who said they could no longer afford to work at \$10,000-a-year government pay.

In the case of VA, Mr. Truman was said to believe that the next administrator should be a man of nationally recognized administrative ability rather than professional soldier.

ROBBERY ATTEMPT

MARLIN, Oct. 20. (AP)—Two men early today slugged a night watchman and attempted to burglarize the Planters National Bank of Rosebud, 25 miles southwest of here, but apparently were frightened away before they could gain entrance to the vault.

IN PRAVDA ATTACK

Reds Call Byrnes Instigator Of War

MOSCOW, Oct. 20. (AP)—Pravda assailed former U. S. Secretary of State James F. Byrnes yesterday as a "war instigator" and leveled the first Soviet press attack on Secretary of Commerce W. Averell Harriman, whom it accused of aspiring to be the leader of "American imperialism."

The communist party organ declared that Byrnes' new book "Speaking Frankly" was a "direct appeal for war with the Soviet Union" and described the American statesman's plan for Germany as follows:

- 1. To join the French zone with the combined British and American zones.
2. To conclude a separate peace with the western zones.
3. To call on the Soviet Union to withdraw its forces from eastern Germany and, if it refuses, to call on the U. N. to evict the Russians.

General's Forces, Making Comeback, Ahead In 29 Of 37 Municipalities

PARIS, Oct. 20. (AP)—Candidates nominated by Gen. Charles De Gaulle's six-months-old rally of the French People (RPF) were leading in 29 out of 37 major municipalities today as returns from yesterday's balloting rolled in from all over France.

De Gaulle's party held a substantial lead over all other parties, including the Communists, in the early returns.

"There's no doubt about it, De Gaulle has won," said Maurice Schuman, Parliamentary leader of the popular Republican movement (MRP) which lost ground heavily in yesterday's voting. De Gaulle's RPF, although leading the Communists, did not appear to have dented Communist voting strength in any substantial amount.

Running on an anti-Communist platform, and competing in a French election for the first time, RPF was averaging between 38 and 40 per cent of the total vote, as against 26 to 28 per cent for the Communists, 19 per cent for the Socialists and less than 10 per cent for MRP.

In the last municipal elections, MRP fought it out with the Communists.

Sunday's balloting was held to choose municipal councils in 38,000 French localities. An estimated 25,000,000 votes were cast.

Official tabulation of the first 2,874,821 votes gave these results: RPF—1,152,450 votes, or 40 per cent of the total. Communists—827,394, 28.8 per cent.

Socialists—559,855, 19.5 per cent. Popular Republican movement (MRP)—292,929, nine per cent. Other parties—75,830, 2.7 per cent.

These figures indicated that the strength of the RPF was coming mainly from previous adherents to the MRP, which also is anti-Communist, and to a lesser extent from the Socialists. Foreign Minister Georges Bidault's MRP ballot percentage, in the early returns, was down 14 per cent from what it polled in the last municipal elections.

In any event, these early returns apparently meant that Gen. De Gaulle, who has been something of a political mystery man since he quit as head of the provisional government in January, 1946, had made a real political comeback.

King George VI Ends Parliament

LONDON, Oct. 20. (AP)—King George VI formally ending one of the busiest parliamentary sessions in British history, declared today that national economic recovery cannot be achieved without international co-operation.

The King's prorogation speech—written by ministers of the labor government and read by Lord Jowitt, the lord chancellor—reviewed the legislative year.

Tomorrow the King will appear before a joint meeting of the House of Commons and the House of Lords to open a new parliamentary session, third since the socialists came to power in 1945.

'LIKE BAD BATTERY'

Doctor Testifies To Ross Breakdown

LA GRANGE, Oct. 20. (AP)—The office nurse of Dr. Lloyd I. Ross, on trial for murder, testified in his defense today that he acted "crazy" at least two weeks before Willard York and his family were slain, and would cry frequently in his office.

The nurse, Mrs. H. B. Espy, whose professional name was Grace Higgins, "said that the surgeon would 'shake his socks and wash his face frequently' between patients at his office in the Medical Arts building in San Antonio.

LA GRANGE, Oct. 20. (AP)—One of three doctors testifying today in the defense of Dr. Lloyd I. Ross declared that the young San Antonio surgeon's mental condition "was breaking down like a bad battery in your automobile" shortly before May 25.

Dr. Ross is charged with the rifle deaths of four people on a country road in Comal county on that date.

Dr. Edward Cayo of San Antonio presented that description of the defendant in a morning session as the defense continued to call witnesses to the stand in an effort to prove that the Ohio-born doctor was insane on the day of the shooting.

He said that Ross was a surgeon of "above average" class, but that several months ago, before the roadside slaying, he noticed a "surprising change."

Defense Attorney Fred Blundell asked if he thought Ross was insane May 25.

"He was very definitely insane," replied Cayo, who served with the British Army during World War One.

District Attorney J. Lee Ditter followed by asking the witness if he saw Ross on May 25. "No sir," he replied.

The other two doctors who testified were Dr. Augustine Watzlavik and Dr. J. B. Copeland.

Both said that in their opinion Ross was insane May 25.

Warner Sees Un-American Influences

Movie Leader Testifies In Hollywood Probe

WASHINGTON, Oct. 20.

(AP)—Jack L. Warner, Hollywood movie producer, told the House committee on Un-American Activities today that people "with un-American leaning" have infiltrated into the movie industry.

But he carefully declined to say under questioning from committee members that these people are communists and insisted on using the description "un-American."

When Robert E. Stripling, chief investigator for the committee, wanted to know where communists have invaded the film capital, Warner said:

"The answer is that there are people with un-American leaning. They are mostly in the 'writing division,' Warner added.

"I know they're un-American in their method," he went on, explaining that they endeavor to put into scripts "certain things which in my opinion are un-American."

"Would you admit there are certain people in your studio, who are un-American?" Stripling asked.

"Yes," Warner replied. But he emphasized that whenever un-American ideas creep into scripts, the studio cuts them out.

At the outset of the hearing, Chairman Thomas (R-NJ) refused to hear a motion to quash subpoenas for 19 Hollywood personalities to appear before the committee during its three weeks of hearings. The subpoenas are orders for 19 to appear as witnesses.

Robert W. Kenny, counsel for actor Larry Parks and 18 writers and producers, sought to move that the subpoenas be quashed. This would mean freeing the 19 from any necessity to appear before the committee.

Warner was then called as the first of the industry witnesses. He was accompanied to the witness stand by Paul V. McNutt, his attorney.

As Stripling pressed questions as to the "un-American people" in Hollywood, Warner commented:

"I have never seen a communist and I wouldn't know one if I saw one."

Warner declared he had seen fascists abroad but didn't recall having encountered them in Hollywood.

Soviet Demands Reversal Of U. N. Move On Greece

NEW YORK, Oct. 20. (AP)—Russia formally demanded today that the United Nations assembly reverse a decision of the 57-nation political committee and order United States and British military personnel out of Greece.

The new Soviet demand came as Soviet Deputy Foreign Minister Andrei V. Vishinsky prepared to begin a last-ditch fight against formal creation of an American-sponsored U. N. border watch in the Balkans.

The Russian proposal to revive the already defeated Soviet resolution was submitted in a letter to Dr. Oswaldo Aranha of Brazil, assembly president, asking that the question be placed on today's calendar for the plenary sessions at Flushing Meadow park.

Tidelands Decision Slapped By Jester

ASHEVILLE, N. C., Oct. 20. (AP)—Gov. Beauford H. Jester of Texas today warned the southern conference of governors that the United States Supreme Court's refusal to reconsider the California tidelands case tightened the "strangling loop of super-federal control at the throats of 'mere property owners,' the sovereign states of the union."

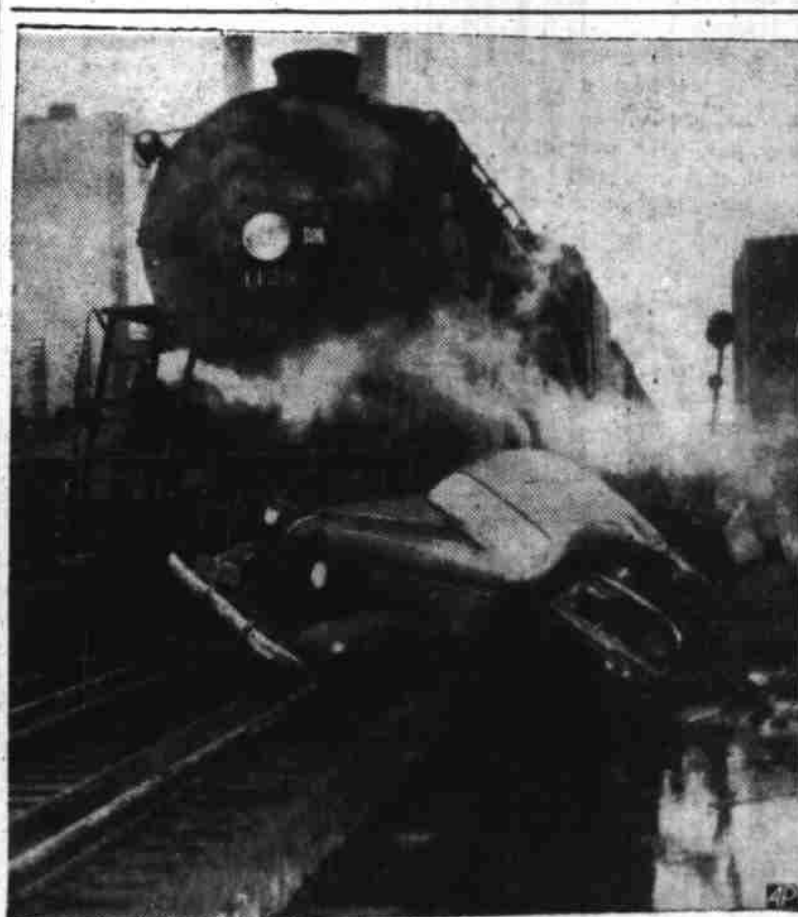

Jester called on the conference to join in the fight to urge Congress and the President to "re-state and re-affirm our government's national policy and rule of law which is undermined by the supreme court decision."

Many Bands Invited For Balloon Parade

At least 16 high school bands from out of town will be invited to participate in the Big Balloon Parade, which will formally open the Christmas shopping season in Big Spring on Dec. 4.

The bands will be invited to march in the parade, and a special contest is to be arranged.

Local Lawmen Are Deluged By Cases

STALLED AUTO HIT BY FREIGHT — An automobile which stalled on the crossing of the Western Maryland railroad was struck and dragged more than 150 yards onto a trestle and left hanging over a branch of the Patuxent River, near Baltimore, Md. The driver, Waldemar Buranen, 40, reported he left the car unoccupied when he went to get help to push it off the tracks and it was struck during his absence. (AP Wirephoto).

BY ADMINISTRATION

Figures Marshaled To Back Aid Plan

WASHINGTON, Oct. 20 (AP)—The Truman administration marshaled a vast array of figures today designed to prove to Congress and the nation that this country can export the food, fuel and machinery which Europe is seeking for its proposed recovery program.

A report from Secretary of the Interior Krug, released by the White House, stated emphatically that the United States will be able to deliver the goods for a \$20,000,000,000 aid program without impairing American resources.

Some shortages will result, "but it is impossible to make a case that the proposed aid program will have a serious impact upon our economy," Krug said. "From the standpoint of day-to-day drain, the export program is just not consequential."

Krug asserted, however, that to assure success of the undertaking this country must save grain, retain export controls to make certain shipments reach the most needy countries and gear production and transportation facilities to a high rate.

On Capitol Hill, Republicans generally adopted a let's-hear-more attitude, but Senator Pepper (D Fla) criticized the report as a "nibbling" approach.

Pepper told reporters he thinks the summary makes the "timid" assumption that only such help will be extended to Western Europe as will not "inconvenience" the American people.

Shooting Fatal For Two Men

LAMESA, Oct. 20. (AP)—Two men were killed in a shooting at the Patricia community on southwest Dawson county yesterday. Charges of murder against two others have been filed here.

The dead were Joseph N. Merritt, 33, and Amelio Alonzo, 44, both gin and farm workers. Those charged were Santon Alonzo, about 21, son of the dead latin-American, and T. S. Applegate, about 27, a Lamesa store manager.

Applegate posted bond of \$2,000 in the court of D. M. Campbell, justice of the peace. Bond for Santon Alonzo had not been asked.

According to Sheriff A. M. Bennett, Merritt and the elder Alonzo were involved in a fight. Alonzo allegedly used a knife. Santon Alonzo entered the fight, shot Merritt with a 22 rifle. Applegate discharged Santon and was attempting to take the knife from Amelio when Amelio lunged at him. Applegate shot Amelio with a .38 pistol. Cause of the fight is unknown.

The Merritt funeral will be here Tuesday afternoon. He is survived by his wife and six children, several brothers and sisters.

Cooler Weather Is Reported In Texas

By The Associated Press It was generally cooler over Texas today, a three to four degrees. Early morning readings ranged from 39 at Muleshoe to 67 at Laredo, Lubbock reported 45.

Sections of the Rio Grande valley and south Texas reported rain, ranging from a trace at Del Rio to 1.5 at Brownsville and 1.12 at Pears.

Students To Be Given Bibles By Gideons

The Gideons of Big Spring are giving 1500 New Testaments with red leather covers to the eighth, ninth, tenth and eleventh grades of the school as announced by G. G. Morehead, president.

Dr. C. A. Long, pastor of the First Methodist Church, will make the presentation speech at the assembly at 9 a. m. Tuesday morning.

HURT IN PLANE CRASH

ODESSA, Oct. 20. (AP)—H. L. Dressler, 26, of Long Beach, Calif., was injured when a light plane crashed soon after take off yesterday. Mrs. W. E. Madden, co-operator of the Madden flying service here, said. She said Dressler received a broken jaw and lost several teeth.

Most Violence In Months Recorded

City, county and state highway patrol officials were in the process Monday morning of digging out from under one of the largest accumulations of weekend cases in months.

In the wake of the upsurge of violence was one dead—Frederico Tijerina-Villareal, 60, Corpus Christi—from a truck-car crash nearly 12 miles south on US 87; two hospitalized after a crash between a car and a Greyhound bus 10 miles east of Coahoma on US 80; Mrs. Sam Banks, Negress, charged with assault with intent to murder; a double slaying near Lamesa; two charged in connection with a migratory worker fight on US 80 near Cosden; one unconscious in a hospital after falling to make a curve on the Gall road four miles north; seven charged with drunken driving; one for shoplifting; another for carrying a dangerous weapon.

There were others before the bar of justice, too, for assorted misdemeanors including highway law infractions; drunkenness; disturbance; fighting. There were 10 others hospitalized for crash injuries.

Mrs. Sam Banks was charged Monday morning with assault with intent to murder after Mrs. Beatrice Walker, Negress, had been winged in the shin. At the Big Spring hospital where she was treated, the attending physician said her condition was not serious.

Witnesses said that the woman charged had gone into a north-west Big Spring tavern to get her daughter and in an altercation that ensued, shooting flared. Mrs. Banks denied she wielded the gun.

Charges of driving while intoxicated were lodged against Felix Galivez, Arcadio Busto, Manson Ball, T. W. Baker, Otha Darrell Elliott, Cleo Cootes and Woodrow Wade. Another was held for possible charge on the same offense.

In the Cootes and Wade cases, the matter of operating a vehicle while drivers' licenses are under suspension are involved. These two were filed with Justice of Peace Walter Grice for preliminary hearing.

Floencio Hernandez and Ynez Uribe, both back for the third consecutive week end, were charged in justice court with drunkenness and disturbance after trouble

See VIOLENCE, Pg. 8, Col. 6.

Entertainers Eye Petrillo Edict

CHICAGO, Oct. 20. (AP)—James C. Petrillo's newest edict, banning again the making of recordings by his 225,000 AFL musicians after December 31, was being measured from all angles today for the shape of things to come in the radio and entertainment fields.

The order was received in various segments of the radio-recording industry with mixed feelings.

Band leader Ted Weems said it might boomerang on musicians of this country and result in popular favorites being replaced by foreigners; and in California, a spokesman for one recording company suggested the making of master records might be shifted to Mexico.

HIGHEST IN MONTHS

Violent Death Toll Hits 24 In Texas

By The Associated Press The toll of deaths by violence in Texas last week end was at least 24—highest figure reported in recent months.

Twelve persons were killed in traffic; five in plane crashes; three were shot; two died in an explosion; one was killed in a fall, and another died from knife wounds. Four children were killed in one traffic accident.

Jessie Lee Tucker, 34, Levelland mechanic, and Lorenzo Gutierrez, 39, of Spur, were killed in an auto collision near Dickens Sunday.

Four children were killed instantly Sunday night and their parents critically injured when their automobile was demolished by a Missouri Pacific freight train in a crossing accident four miles south of Trinity.

Trinity City Marshall P. A. Price said the children were Diana Lanier French, eight months old; Mary Elizabeth French, six; John Thomas French, eight; and Bonnie Lou French, 14.

Price said Mr. and Mrs. W. T. French whose home is a quarter mile from the crossing, and the bodies of their children were thrown in a circle around the wrecked car, which was hurled

See TWENTY-FOUR, Pg. 8, Col. 4.

Crashes Kill One, Injure At Least 15

At least 15 persons were injured and one killed in crashes involving a truck and car, a car and a bus, and a pick-up truck in this vicinity Sunday.

Tentatively identified as the victim of a head-on collision between a passenger car driven by George Hernandez, Eden, and a loaded migratory worker truck driven by Frank Marez, Corpus Christi, was Frederico Tijerina-Villareal, about 60, of Corpus Christi. The body was at Eberley Funeral home awaiting positive identification.

John Strother and T. D. Whitehorn, Texas highway patrolmen, said that Marez was being held for questioning in connection with the case.

Thomas Chaps, Corpus Christi, was critically injured and suffered a heart attack. It was reported from Cowper-Sanders hospital, where all the victims were taken after the accident. Ricardo Perez, Corpus Christi, was seriously hurt, and Christina Cortinas, Corpus Christi, sustained bad head injuries and possibly a broken back.

These together with Delfino Lopez, Ramona Trevino, Celia Perez, who suffered only minor injuries, were occupants of the truck. George Hernandez, Eden, driver of the car, Mrs. Mateo Hernandez, his wife, were painfully but not seriously hurt, and Annie Rogers and Elias Garcia, also of Eden and other occupants of the car, escaped with only minor injuries.

The patrolman said the northbound truck apparently veered into the path of the southbound car, causing both to overturn. The dead man sustained severe cuts and considerable loss of blood. Marez told patrolmen he knew nothing of the crash until another occupant of the cab roused him to get aid in extricating himself.

At the Malone & Hogan hospital, condition of Louis Castillo, whose pickup truck failed to negotiate a sharp curve four miles north on the Gall road Sunday afternoon, according to Deputy Sheriff T. L. Kupper, was uncertain. Appa-

Miss Schafer-W. G. Fuller Marry At Presbyterian Church Sunday

The marriage of Lillian Joyce Schafer, daughter of Mr. and Mrs. Bismarck Schafer of Garden City, and William Gordon Fuller, son of Ira Fuller of El Paso was an event of Sunday afternoon in the First Presbyterian church.

The bride, given in marriage by her brother, Gene Schafer, wore a gray wool dress with brown accessories and carried a white prayer book topped with gardenias with streamers.

The Rev. Gage Lloyd read the double ring ceremony before an altar banked with fern and baskets of gladioli on each side.

Mrs. Frank Covert were hostesses at the reception. Gladia, roses and dahlias decorated the party rooms with a centerpiece on the table which was laid with lace.

After a wedding trip, the couple will be at home in Big Spring.

Lampshade Hats Newest Fashion

DOUGLAS, Ariz., Oct. 20. (AP)—Latest thing in millinery for Douglas women are lampshade hats equipped with battery-powered lights to show off desert scenes painted on the chapeaux.

Lampshades illustrating hand-painted scenes of Arizona form the basic structure. The trimming is of ribbon, flowers or fringe and the shapes vary from pill boxes to conical. Inside the top of the hat is a battery which powers a light that illuminates the hat when a button is pressed.

The effect? Well, just wait until you see your dream walking with her lights on.

Teen-Ager's Use Of A Hair Brush

By BETTY CLARKE
SHINING hair has played such an important part in the life of the average teen-ager that she would rather have a present of a good hairbrush than a hat or a fancy belt or a pair of shoes.

Most girls understand that a little extra elbow grease applied to the hair and scalp at an early age will condition their hair for glamor roles when they are older.

German Gals Stick To Short Skirts

By IRENE SIMON
BERLIN—Skirts are still knee-length in Berlin and show little intention of moving down in the near future.

"The new hemline," said Frau Junge, a typical housewife, "could have been invented only by people who aren't in need."

"After the first world war fashions went crazy too," she recalled. Leading fashion houses in Berlin, whose customers are mainly allied personnel, haven't yet begun with the new hemline, but all intend to show longer dresses at their November showings.

"Our Russian customers are intensely interested in the latest styles. We're already making longer skirts for most of them."

"Some American women have asked for the new style, but the majority are still 'sitting tight' and waiting for developments. All our British customers stick to the short skirt, while the French of course told us about the new style before we had even heard of it."

SUB-DEB SWANK - - Big and little sister coats of smart gray flannel by Hockanum, with beaver cuffs and collars. Beaver bray and flannelbeanieto match

COMING EVENTS

- Monday
KILL KARE CLUB will meet with Mrs. Carl Madison, 1100 E. 3rd at 7:30 a. m.
- Tuesday
EASY ACE BRIDGE CLUB meets with Mrs. Tommie Jordan, 304 E. 19th at 4:30 p. m.
- RUTH CIRCLE of the First Christian Women's Council will meet with Mrs. C. D. Wiley, 1010 11th Place, with Mrs. W. D. McNeil as co-hostess at 7:30 p. m.
- BIG SPRING REBEKAH LODGE 284 meets at the IOOF Hall at 7:30 p. m.
- JORN LEE REBEKAH LODGE meets at the Settles Hotel, room one at 8 p. m.

Spring Fashions Will Be Longer

DALLAS, Oct. 20. (AP)—In the spring, ladies, skirts are going down another inch.

That's what E. E. Starkey, Seymour, Tex., president of the American Fashion Association, says.

Mrs. Earl Wilson Is Elected IOOF Officer

Mrs. Earl Wilson was elected chaplain for the IOOF Association for the next term at the meeting of the association in Kermitt Saturday.

Navy Orders 12 Big Flying Boats

WASHINGTON, Oct. 20. (AP)—The Navy has ordered 12 more amphibious Martin Mariners, a 30-ton craft it describes as the jack-of-all-trades of naval aviation.

Announcing today the new order with the Glenn L. Martin Co. of Baltimore, the Navy said this raises to 36 the number of Mariners on order.

Mrs. K. H. McGibbon Entertains At Home

Mrs. K. H. McGibbon entertained the Brownie Scout Troop 16 with a Halloween masquerade party in her back yard on Friday afternoon.

As entertainment the girls roasted wieners, dunked for apples, and played on the swings and slides in the back yard.

Correction

Mrs. Ruth Pittman is the Worthy matron of the Big Spring chapter of the Order of the Eastern Star instead of the Worthy grand matron.

Hallowe'en Dance

The Miriam Club will sponsor a Halloween dance Oct. 31 at the ballroom of the IOOF Hall with music by the Rhythm Wranglers.

N. Y. BIRTH RATE UP

NEW YORK (U.P.)—This city's birth rate rose 1.2 per 1,000 population the 1st week of October compared to the previous week, Health Commissioner Israel Weinstein reported.

Safeway's Meat Counters are Open on Tuesdays (and every day except Sunday)

HERE IS WHY:

1. Many people need fresh meat in some form every day as prescribed by their physicians for specific health conditions.
2. Certain creeds and religious faiths may observe a day other than Tuesday as their meatless day.
3. Many consumers may find it necessary to buy their meat on Tuesday for use on Wednesday.

In having meat for sale every day Safeway is simply fulfilling its obligation to serve the needs of all customers.

In addition, Safeway believes that an important contribution will be made to cutting down waste by maintaining an even flow of perishable foods from producer to consumer. For its part, Safeway intends to wholeheartedly cooperate with President Truman's program by doing everything possible to eliminate spoilage and waste in its stores and warehouses. Closing the stores or withholding food from sale on any business day would simply mean an extra storage period for perishable foods which in turn would increase the amount of waste and spoilage.

SAFeway STORES, Incorporated

The CHIROPRACTOR and You

This is One Of A Series Of Articles Published In The Public Interest To Explain And Illustrate The Practice Of Chiropractic.

WHAT IS CHIROPRACTIC? The Chiropractor teaches that the brain and nervous system are the root of health. From the brain, nerve energy is distributed through the nervous system to all parts of the body. When this nerve energy is shut off even slightly between brain and body (by bone displacement in the spine) one or more body functions are interfered with and ill health results. By X-ray, analysis and spinal adjustment the Chiropractor is able to relieve nerve interference and restore normalcy to the affected part. No drugs. No surgery. Nature is the healer.

CASE HISTORY No. 681. A middle-aged woman in a state of serious nervous exhaustion. Suffered severe headaches and, in her own words, "wanted to be in a dark room and left alone." A variety of treatments had failed to help her. Finally, she turned to Chiropractic. The spinal displacement which was the cause of her trouble was located immediately and a series of adjustments led to this woman's complete recovery.

CASE HISTORY No. 92. A victim of sinus headaches for several years. Suddenly stricken with pain one morning, he called upon a Chiropractor whose office he was passing at the time. A spinal adjustment brought relief from the pain in less than three minutes. Within half an hour the pain had gone entirely, and there has been no recurrence of the sinus condition since.

CASE HISTORY No. 356. A young woman who for seventeen years had been having as many as ten to fifteen convulsions daily. Treated for epilepsy without avail. Under special treatment for seven years without benefits. All hope for recovery had gone, when a friend advised Chiropractic. A spinal X-ray revealed a marked disarrangement of the neck, the result of a fall suffered when a child. Adjustments were commenced and after only four months she was 95 per cent better.

Seats served will be limited to around 20, said Berry, but others will be added as rapidly as materials become available. Theft of 1,000 pounds of wire has slowed extensions.

The exchange will function the same as the one at Ackerly. Customers will be able to dial other numbers connected to the Knott board, or they may dial Big Spring for long distance service. There is no direct connection with Ackerly, but calls will be handled out of Big Spring as tolls on an airline basis between Knott and Ackerly. Dial phones at Ackerly were pressed into service on July 1, 1946, and Berry said that today there are 105 connections at that point, and a substantial waiting list. Installation of the system at Knott will connect most of the business houses, the school and some residences and will bring to Knott its first regular telephone service.

Body Found
CARTAGENA, Spain, Oct. 20. (AP)—Naval base headquarters here announced today that a tug searching nearby Mediterranean waters for possible survivors of a French Airlines plane which crashed Friday with 43 persons aboard had picked up the body of a woman, the 12th body to be recovered. Only two of those aboard the plane survived.

OLD GLORY LOWERED—American and Philippine army soldiers and civilians stand at attention as the Stars and Stripes are lowered for the second time in 50 years on Corregidor in Manila bay, as the island is transferred to the Philippine Republic. Among them are veterans who witnessed the burning of Old Glory by the Japanese on May 6, 1942. (AP Wirephoto from Army Signal Corps.)

Water Group Will Meet At San Angelo

The St. Angelus hotel in San Angelo will be the site of the Colorado River Basin Association's second annual meeting on Oct. 24-25, J. H. Greene, president, announced Saturday.

Greene said the entire program will be devoted to discussion and studies of soil and water conservation, and several well-known authorities in that field will appear on the program.

The session will begin Friday night, at which time Dr. Ide P. Trotter, Col. E. V. Spence and Col. B. L. Robinson are scheduled to speak.

On the Saturday program are J. E. Sturrock, A. N. Thompson, Roy H. Gough, E. J. Hughes and Herman Betts.

Californians Fight Racial Prejudice

MONTEREY, Calif., Oct. 20. (AP)—Some of the state's most prominent citizens joined in a drive today to fight racial discrimination in California.

Field workers will be sent throughout the state by the California federation for civic unity, reorganized yesterday from the old state council for civic unity.

The conference reported that racial discrimination has been practiced in the state through the mediums of employment, segregation, medical and hospital care and injustices by police departments.

School Heads Will Nominate Officers

AUSTIN, Oct. 20. (AP)—The Texas Association of School Administrators will nominate its officers for the coming year here today.

The schoolmen last night heard Rev. William H. Alexander of Oklahoma City, Okla., urge them as leaders of thought and of youth to work toward avoiding a third world war.

State Fair Sets Attendance Mark

DALLAS, Oct. 20. (AP)—The State Fair of Texas made more money and drew more people this year than in any previous year, fair officials said as the 16-day run came to a close yesterday.

Attendance was 1,763,921—110,918 more than last year.

Fair officials said income would dwarf that of all other years.

The final day brought a winner in the 15-day egg laying contest. An eight-hen team of the Heberer breeding farm of San Antonio laid 109 eggs to win. Second went to hens entered by Eroth egg farm, Stephenville, who laid 108 eggs.

Tex Stirman's entries from Wichita Falls won third with 107. Entries by Orval Groves and Charles Avery, both of Wichita Falls, took fourth and fifth respectively with 103 and 91 eggs.

PRESIDENTIAL REPORT

John Steelman Urges National Policy On Medical Research

WASHINGTON, Oct. 20. (AP)—Heart disease is the No. 1 killer of Americans, yet "very little" federal research is directed toward the malady, says John R. Steelman, chairman of President Truman's scientific research board.

And Steelman, in a weekend report to the President, added that some other diseases which beset large groups of the population—such as rheumatism, kidney disease, influenza, the common cold, asthma and hay fever—are not getting the attention they deserve in government medical studies.

"Cancer, venereal diseases and tuberculosis—all important causes of death and disability—are high in the list of diseases under investigation in Federal medical research," Steelman asserted, but he added:

"Other diseases which are principal causes of death and disability in the general population are not equally stressed."

"There is no national policy for medical research," the report stated. "Government agencies do research within their own laboratories and support it in outside institutions. While these activities are coordinated informally to a limited extent there is no over-all planning authority which has either the responsibility or the resources to insure the effective coordination of the several research programs."

As a move toward formulating

Priests Protest Red 'Kidnappings'

BERLIN, Oct. 20. (AP)—The Roman Catholic bishops of Germany, an authoritative informant said today, have filed with the allied control council a protest against what they call the "kidnaping" of more than 2,000 German boys and girls in the Soviet zone since the occupation began.

The informant said the protest was filed after private efforts of parents to learn the whereabouts or fate of their children from Soviet authorities proved fruitless.

TRY THE RIDE YOU HAVE NEVER KNOWN!

THE FRAZER MANHATTAN

Truly Luxurious Transportation at a Price You Can Afford to Pay

If you are in the market for a fine postwar car, drive the Frazer Manhattan before you buy! Try the ride you have never known! You owe it to yourself to learn what this great car delivers—in beauty, in comfort, and in smooth, superabundant power—before you invest your money.

In the six months since the Frazer Manhattan was announced last March, tens of thousands of men and women have become proud owners of these newest of fine cars. These people were used to quality automobiles, for among the cars they turned in was every leading American make—and several world-famous foreign models. That these new owners like the Frazer Manhattan

is best indicated by the way they send their friends to Kaiser-Frazer dealers! Nearly every Frazer Manhattan sale made is the result of an owner's recommendation!

The Frazer Manhattan is today America's largest-selling fine car. Willow Run has never yet been able to make enough of them to take care of the public demand—despite the fact that production has been increased more than 500% since the car was announced! The reasons go beyond price. They include medal-winning beauty, fully postwar engineering, extraordinary economy of operation, and above all, motor car value! Here, indeed is luxurious transportation at a price you can really afford to pay!

YOU PAY ONLY THE REGULAR PRICE • NO TRADE-IN NECESSARY • CALL ON THE KAISER-FRAZER DEALER IN YOUR NEIGHBORHOOD AND TAKE A RIDE!

Urgency--Delay And A Solution

The four cities cooperating in the Colorado River Municipal Water association are hardly in a dilemma, but certainly they face some paradoxes on the basis of reports at an informational meeting held here Friday.

On the one hand is a recognition that water is a pressing and even urgent problem in West Texas (and most of all of Texas for that matter). On the other is the need for thoroughness, and hence delay, in attacking the problem of damming the Colorado River above Colorado City.

Although engineers and U. S. Geological Survey representatives were frank in their discussion of a localized salt area on two of the tributaries and along a short strip of the upper river, our impression of the meeting here was that the project now faces greater prospects of realization than at any time since it was first advanced a year and a half ago.

We base this conclusion upon the emphasis placed by various speakers upon cooperative action and upon a general recognition that whatever else this area has or gets is tied inexorably to water. Mayor G. W. Dabney stated the issue bluntly when he said that if any one of the remaining four cities retired from the project, it would likely retire the project.

Another factor in support of the convention is that there no longer appears to be doubt but there would be more than an adequate quantity of water provided by the big lake. This was the most frequently raised question in earlier discussions.

Because the heavily mineralized area is relatively small, it is entirely possible that means of pinching it off or controlling the flow from it will be found. In the alternative, supplemental supplies which would increase the total supply could be provided by auxiliary dams on Champion Creek and Morgan Creek. However, these may not be necessary, for surely ingenuity of many trained minds can find a solution to the problem along the upper reaches of the river as gaugings and analyses pin down the area more specifically.

If further studies should indicate that a highly potable supply could be impounded, the cities involved (and we trust that in the interim perhaps Snyder will come back into the fold) will face a vital decision in whether to proceed. Another point the mayor brought out should have a clarifying effect on thinking, for he pointed out that there will be no such thing in this area as "cheap" water as some sections know it.

There is an added degree of urgency to progress of the project. It is simply not to delay any longer than is wise or expedient for the simple reason that prior water rights granted the association under a permit by the state board of water engineers might easily be superseded by vested rights of those who put land into irrigation below, if and when the Robert Lee dam of the Upper Colorado River Authority becomes a reality. Col. E. V. Spence, chairman of the water board, cited this point, and he also pointedly dampened hopes any community might have of finding large quantities of quality underground water.

Thus, we still have problems in water ... but we have high hopes for an ultimate and not too distant avenue for solution.

The Nation Today—James Marlow—

CIO Meet Is Symbol Of Times

BOSTON, Oct. 18 (AP)—The CIO convention here—dull as it was, and it was mighty dull—can be taken pretty much as a symbol of the times.

For example: America is in a highly prosperous period now. Wages are high and so are prices. A convention of unions like this one—41 CIO unions met here—might have been expected to decide upon a campaign demanding higher wages all around.

The CIO didn't. If unions are going to ask for higher wages, that is left up to the individual unions. The CIO itself took no stand on that.

The old chestnut about merging with the American Federation of Labor—it's been bobbing up for years—got nowhere.

The CIO and AFL are both lustily between them they have about 13,000,000 members, AFL claiming about 1,000,000 more than the CIO—and they don't need to merge.

If times were tough and labor unions felt that their backs were against the wall, they might think of getting together.

With the demand for workers very great, as now, the AFL and CIO can afford to go their separate ways.

The most solid thing which came out of the convention was perhaps this: the determination of the CIO to:

1. Fight the new Taft-Hartley labor law.
2. Work actively to try to unseat the present 80th Congress which passed that law.

But all this doesn't mean that the work of the convention can be ignored. It set its feet along a long road.

Some of the things considered at this CIO convention will be heard about for years to come. Take the fair employment practices act, for instance. Such an act, which would in effect compel bosses to hire workers regardless of color or creed, has been knocked down in Congress.

The CIO is on record as favoring it. In the years ahead the CIO and other labor groups can be expected to be working on Congressmen to pass such a law.

You'll be hearing more about fair employment practices for years to come. There's no sign Congress will pass such a law any time soon.

Affairs Of The World—DeWitt MacKenzie

Russian Menace In Far East

What with the roar of battle between the democracies and the Red bloc in Europe, and the constant effervescence of Russia's chief U. N. representative, Andrei V. Vishinsky, it's small wonder that the western world's attention is diverted from affairs on Asia.

However, that's a dangerous situation for the Occident to be in. For while we are engaged in the defense of democracy in the West, a terrible menace is developing in the Far East—the threat of a communistic dominated Asiatic bloc comprising more than half the population of the whole world.

The crux of this oriental crisis is mighty China—torn by civil war between the Chinese communists and the nationalist government, and in the grip of a protracted economic upheaval which has even taken the lives of millions by starvation. China has reached that state of chaos

which renders her prime for communistic conquest.

In token of this listen to Lt. Gen. Albert C. Wedemeyer, who recently made a special investigation of the Chinese situation as special emissary of President Truman. The general says that "unless drastic reforms, particularly in the economic field, are implemented soon, China will be drawn into the Soviet orbit in spite of the assistance that we Americans must extend."

This statement was contained in a letter to Mrs. John Gardner Colledge, of the Boston committee for united service to China.

Whether the Chinese communists are working in sympathy with the Russians is a matter of debate. The Chinese Reds say they are not, but the Chinese government says they are, and many impartial observers agree with the government. Anyway, the dragon's teeth which the Chinese communists are sowing

will grow crops which will be grisly for Moscow's mill.

China is the main base of western democracy in the Orient. Supporting that vast country with its 500,000,000 population should fall under Russian domination, and to this should be added most of the rest of the Oriental peoples. If you join Russia's 200,000,000 to that bloc you have considerably more than a billion people—over half the world's population.

There's nothing outlandish about that thought, for the idea of an Asiatic bloc long has been running strong among the far eastern countries.

This is a crucial moment in the fight between democracy and aggressive totalitarian communism. It is truly a world war, with two great fronts to be held—one in Europe and the other in the Orient. Neither can be neglected.

Today and Tomorrow—Walter Lippmann

Red Army Is Our Main Problem

WE MAY now examine a question which must be answered before the policy, which I contend is preferable to the Truman doctrine, can be accepted with conviction. I have argued that we should concentrate our effort on the evacuation of Europe by the Red Army. What about the Communist parties which are also the instruments of Soviet power? If the Red Army withdrew behind the frontiers of the Soviet Union, the Communist parties would remain—to put it bluntly, as a Soviet fifth column.

They will be assisted, we may take it, by Soviet agents and by Soviet funds and Soviet propaganda and by Soviet diplomacy. That is true. There will still be the problem of Communism. Nevertheless, the heart of our problem is, I contend, the presence of the Red Army in Europe. The Communist party in any country is the fifth column. It is, however, only a fifth column. There are the other four columns, and they are the Red Army. The policy which I suggest is designed to separate the first four columns from the fifth, to divide the Red Army from the Red International. For the Soviet power is most formidable where they are able to work together, that is to say, where the Communist party has the support and protection of the Red Army.

There are, as I write, no Communist states except within the zone of Russian military occupation. Outside the military boundaries of the Soviet orbit those countries are most threatened with a Communist seizure of power into which the Red Army could most easily march. Within the Soviet zone it would be interesting to

see what would happen if the occupying force inside those countries or surrounding them were withdrawn. For it is one thing to resist a local dictatorship and quite another to resist the strongest land power on earth.

It is conceivable, though it has not yet happened, that a Communist party might win an election, or that it might seize the authority of government though there was no Red Army to support it and protect it. But even if this happened, the position of the Communist party would be incomparably less secure than if the Red Army were present to over-awe the police and to suppress the resistance of the national army and of the national forces. In an unoccupied country the Communist fifth column would have to fight and win a civil war before its authority was established. In an occupied country the Red Army can prevent a civil war and drive the resistance underground and reduce it to a guerrilla action.

I do not think there is any doubt, therefore, that the evacuation of Europe by the Red Army would alter the situation decisively. There would then be in the internal affairs of the European countries no alien and irresistible military force actually deciding or threatening to decide the internal issues of power and authority. And once the Red Army had withdrawn to the frontiers of the Soviet Union, it could not easily return. For that would be an open act of aggression, an unmistakable violation of the treaty of settlement which would undoubtedly precipitate a general war.

The next question is whether

the objective of obtaining the withdrawal of the Red Army is attainable. A certain answer to this question is, of course, impossible. We can only calculate the probabilities, and we can say that the objective I am contending for is concrete, substantial, intelligible to every one, and a normal and universally accepted objective at the conclusion and settlement of a war.

We may begin, moreover, by noting that in all our disagreements with the Soviet government that Kremlin has always agreed that the purpose of these tedious negotiations is in the end to conclude treaties of peace with all the enemy states. Now a treaty of peace may call for the annexation of territory, it may call for a period of supervision and control until the enemy state has fulfilled certain demands and has met certain conditions. But if it is a treaty of peace, it must provide for an end to military occupation. The treaties which have been signed with Italy and with the satellite states are definite on this point. If and when treaties of peace are agreed to for Germany and Austria, they will have to contain definite stipulations for the withdrawal of the armies of occupation. In some form or other, at some time or other, no matter what supervision and control are imposed upon, what guarantees are exacted from Germany, and exchanged among the Allies, these treaties of peace will fix a time when the Red Army, and of course the British, the French and the American armies also, can no longer, as a matter of legal right, remain in central and eastern Europe.

BONG!

Hal Boyle's Notebook

Quack! Quack! Quack!

IN A MINNESOTA DUCK BLIND, (P)—The "Quack-quacks" are flying by, higher than the rest of fowls.

Here I sit below, muck-goosed to my knees, standing on a wooden board in a swamp, and waiting for a crazy duck to come down here and get himself shot. So far none of them have been that crazy. They are up so high they must be equipped with pressure cabins.

"You should have been here yesterday," said the man on the other end of the board. "Boy, oh boy, you could knock them over with baseball bats."

This is what I get for making the mistake last night of admitting I had never been duck hunting. Somebody routed me out of bed at 4:30 a. m., and here I am shivering in the primeval ooze—

the ooze the biology books say my ancestors sprang from. Well, I wish they'd sprung about two miles farther toward town.

We are lurking—did you ever try lurking for two hours in a bent position—in swamps grass trying as much as possible to look like a grain of wild rice. We are on the edge of a big lake. In the center of the lake all the ducks between Canada and

Louisiana are holding a convention.

"Quack! Quack! Quack! Quack! Quack!" Now they've got me talking that way.

From here you couldn't hit them with a coastal battery.

"You should've been here yesterday," says the hitchhiker on the aft end of our board. "Oh boy, oh boy. We could've caught them in a butterfly net—they were so low."

The rising sun begins to thaw us downward from our cramped knees.

We still stand, half bent on our board, hoping at least one duck above us will drop dead of heart failure and give us a shot on the way down.

"Boy, oh boy," says the anchor pal on the board. "You should've been here yesterday. You could've clubbed them to death with a masher." But you tomorrow they'll be so low you could sprinkle salt on their tail. Boy, oh boy! But I won't be here. I'm tired of looking like a grain of wild rice. I feel a grain of common sense coming on.

I'm going home to where the ducks sail by on plates, stuffed and steaming, and you can knock them over with a knife and fork!

Broadway—Jack O'Brian

Fellow With Piano

NEW YORK—The young fellow who is the star of the show at the fashionable Persian Room of the venerable elegant Hotel Plaza hopes it won't start youngsters off in defiance of maternal advice, but he notes that he has attained his well-paid place in the saloon society sun because he didn't take his Mom's advice.

His mother wanted him to be—Amoral director, pardon me—a general director, the fellows in that profession would have you say. Anyway, he took instead the advice of the great pianist, Jan Ignace Paderewski, a family friend, and became a cafe society version of that famous master of the 88. Further, he also took the suggestion of Paderewski to de-emphasize his first name and use simply his surname, on the premise that it somehow or other always suggested a virtuoso quality, a singular nomenclature which attracts respect among a great many easily awed citizens.

Therefore, the young lad in fashionable mention here has become known as Liberate, and he pounds every sort of piano style for the patrons of the esoteric place from the classical pieces dashed off by the masters to boogie woogie as lashed out by the swingers. He pronounces his name "lee-ber-ah-chee," just as he used to when he had a first hand for it back in Milwaukee.

The son of a french horn player who once topped his classical brass for the Philharmonic Orchestra back home, Liberate took to music as a matter of family expectancy. His pop, Salvatore Liberate, still keeps astride of contrapuntal affairs in his job as head of music for the Wisconsin

public schools system, and the chip off the old horn now so solvently entrenched in the smarter, if less formal, saloon concert halls is a matter of pride and justification in Pop's middle years.

Liberate has progressed to such a sufficiently solvent place that he now owns a Julius Bluthner piano, of such supposed rarity that, he says, he carries an insurance policy of \$150,000 on it, plus another of \$40,000 to cover the possibly catastrophic complexities of moving it from city to city between engagements.

FURTHER, he is so frightened of possible damage that he devised a specially designed shock-resistant crate, which, as possibly befits the covering for such a valuable instrument, has padding that was custom tailored of special materials which will not scratch the delicate mahogany hide of the oversized piano; Liberate says it is four inches longer than any other piano extant!

"The whole piano was made by hand, and can't be replaced in any part by original Bluthner materials," Liberate said, adding that the factory where they were made was completely wiped out during the war.

WEREN'T TOO YOUNG—LINCOLN, Neb. (U.P.)—Some 3,700 of Neb's 122,000 World War II veterans are too young to vote according to Ashley Westmoreland, regional manager of the Veterans Administration. About three per cent of the state's former servicemen are still under 21, he said, and 400 are less than 20 years old.

Washington Merry-Go-Round—Drew Pearson

Jewish Plan Of Nazis Bared

WASHINGTON. — One of the most important treasures of war information in existence are the Nazi files seized by the U. S. Army after it entered Germany. The Nazis were methodical keepers of records, and almost everything they did, ranging from conferences with Hitler to actions by deputy fuhrers, was faithfully recorded and filed away.

In the opinion of Secretary of the Army Kenneth Royall, these papers, which throw significant light on how we can avoid war in the future, should be made available to the American people. American soldiers gave their blood to capture them, and Royall has tried to persuade the state department to open the files to the public.

However, Wall Street Banker Bob Lovett, acting secretary of state, feels otherwise. And following his usual hush-hush policy, these revealing papers have been kept secret.

This column, however, has been able to obtain one sensational Nazi document giving the minutes of the meeting at which Hitler's advisers plotted the master-plan for the extermination of European Jews. The meeting was held on Jan. 20, 1942. And while history has now shown what happened since, the public does not know the names of the men who planned this mass extermination and the detailed way in which they worked it out.

Furthermore, despite the long-drawn-out war crimes trials at Nuremberg, these men have not yet been indicted.

Minutes of this Berlin conference record in cold type the plan to put Jews in work camps and literally work them to death, or as the Nazi record puts it "fall out through natural diminution."

"The remnant that finally is able to survive all this," states the conference memo, "must be given treatment accordingly," since they might become "the germ cell of a new Jewish movement, should they be allowed to go free."

Pertinent parts of the minutes of this conference to decide the fate of European Jewry follow: Nazi Machinery For End Of Jews

"I. The following persons took part in the conference on the final solution of the Jewish problem held on 20 January 1942 in Berlin, am Grossen Wannsee No. 54-B:

"Gauleiter Dr. Meyer and Reichsminister Dr. Leibbrandt, Reich minister for the occupied eastern territories; State Secretary

Dr. Stuckart, Reich ministry of the interior; State Secretary Naumann, commissioner for the four-year plan; State Secretary Dr. Freisler, Reich ministry of justice; State Secretary Dr. Buehler, office of the governor general; Understate Secretary Luther, foreign office; SS-Oberfuhrer Klopfer, party chancery; Ministerialdirektor Krizinger, Reich chancery; SS-Gruppenfuhrer Hofmann, race and settlement main office.

"II. At the beginning of the meeting the chief of the security police and the SD, SS-Obergruppenfuhrer Heydrich, reported his appointment by the reichsmarschall to serve as commissioner for the preparation of the final solution of the European Jewish problem, and he pointed out then that the officials had been invited to this conference in order to clear up the fundamental problems. The Reichsmarschall's request to have a draft submitted to him on the organizational, physical and material requirements with respect to the final solution of the European Jewish problem, necessitated this previous general consultation by all the central offices directly concerned, in order that there should be co-ordination in the policy.

"The primary responsibility for the administrative handling of the final solution of the Jewish problem will rest centrally with the Reichsfuhrer-SS and the Chief of the German Police (chief of the security police and the SD)—regardless of geographical boundaries.

"The Chief of the Security Police and the SD thereafter gave a brief review of the battle conducted up to now against these enemies. The most important phases are:

"A. Forcing the Jews out of the various phases of the community life of the German people.

"B. Forcing the Jews out of the Lebensraum of the German people.

"C. Pertinent parts of the minutes of this conference to decide the fate of European Jewry follow: Nazi Machinery For End Of Jews

"III. The emigration program has now been replaced by the evacuation of the Jews to the East as a further solution possible, in accordance with previous authorization by the Fuhrer."

"These actions are of course to be regarded only as a temporary substitute; nonetheless

here already the practical experience has been acquired which in view of the coming final solution of the Jewish problem is of great importance.

"In the course of this final solution of the European Jewish problem approximately eleven million Jews are involved. They are distributed among the individual countries as follows: (This follows a list of all European countries and their Jewish population, even including England, Ireland, Switzerland and Scandinavian countries not occupied by Hitler. The fact that these countries, together with Russia were included in Nazi tabulations, would indicate that Hitler planned to take all the countries of Europe and exterminate all Jews. At the time of this conference, Jan. 20, 1942, Pearl Harbor had just crippled the American fleet, the Japs were rushing toward India and the German staff figured on taking Stalingrad.)

"In the Jewish population figures given for the various foreign countries, however, only those of Jewish faith are included, as the stipulations for defining Jews along racial lines still are in part lacking there. The treatment of the problem as regards the general attitude and viewpoint will meet with certain difficulties in the various countries, especially in Hungary and Rumania. It is still possible to-day in Rumania, for example, for the Jew to acquire for money the right documents to give him official proof of a foreign nationality.

"The influence of the Jews in all territories in the USSR is known. In the European part of Russia there are perhaps five million Jews, in Asiatic Russia hardly one-fourth million.

"Broken down according to occupations, the Jews living in the European part of the USSR were about as follows:

In agriculture, 9.1 per cent
As urban workers 14.8 per cent
In commerce, 20.0 per cent
Employed as government workers 23.4 per cent
In private professions—medicine, press, theater, etc. 32.7 per cent

"Under proper direction the Jews should now, in the course of the final solution, be brought to the East in a suitable way for use as labor. In big labor gangs, with separation of the sexes, the Jews capable of work are brought to these areas and employed in roadbuilding, in which task undoubtedly a great part will fall out through natural diminution."

In Hollywood—Bob Thomas

Facts About The Film Capital

HOLLYWOOD. (P)—Little-known facts about a well-known town.

In 1904 the staid community of Hollywood passed an ordinance prohibiting the sale of liquor except by pharmacists on prescription . . . That year the speed limit for horses, automobiles and bicycles was set at 12 miles per hour.

Hollywood has 45 churches, one cemetery. Latter is adjacent to RKO and Paramount studios. The town was incorporated in 1903. It became part of Los Angeles in 1910 in order to get a water supply. About 30,000 people work in motion picture studios, which are scattered around the Los Angeles area. Paramount, RKO and Columbia are the only big studios located in Hollywood.

Population of Hollywood is somewhat over 150,000. In 1910 it was 4,000. Most film players, except for some oldtimers, live in other areas . . . Altitude: 385 feet . . . Famous Vine street is actually less than two miles in length.

No studio has a stage 13 film workers being a superstition. The 13th stage is called 12A. . . There are 13 film houses on Hollywood Boulevard, no regular legitimate theatre, no burlesque show.

The first movie made here was "How Indian Lover" in 1911. Among its stars was Jack Conway, who last directed "The Bucksters". . . Within 3 months the climate attracted 15 film companies and in five years the yearly studio payroll was

estimated at \$20,000,000. . . The original Indians in Hollywood effected marriage by an exchange of money, which consisted of shells, and other valuables between two parties. This was a primitive forerunner of what is now done with four lawyers and the community property law.

Unbeaten Teams Face Stiff Tests In Games This Week

NEW YORK, Oct. 20. (AP)—A dozen major college football teams still own all-victorious records today but several of them will have to do some fancy stepping Saturday to keep from joining eight others which were tumbled from the ranks of the unbeaten and untied during the past weekend.

Among the toughest chores immediately ahead for any of this select group is that faced by the Golden Bears of California, who tangle with Southern California's unbeaten but untied Trojans at Berkeley

Saturday in one of the top games of the day.

California opened its bid for the Pacific Coast conference crown by clipping Washington State 21-6, for its fifth straight triumph Saturday—a development considerably less impressive than the 48-1 haymaker which Southern Cal landed on Oregon State.

UCLA, the only other team involved in the three-cornered scrap for the Coast title and Rose Bowl honors, steps out of conference play to meet the invasion of Southern Methodist, which keeps its slate clean by blanking Rice, 14-0, while UCLA was trampling Stanford, 38-4.

Other western highlights Saturday include Stanford at Washington, Montana at Washington State, Portland at Oregon State, Brig-

ham Young at Utah State, Colorado at Colorado A, and M. Utah at Wyoming, Texas Tech at Denver and Tulsa at Nevada.

Texas, which dined Arkansas, 21-4, to clear its first Southwest conference hurdle, goes after its sixth win of the year against Rice at Austin and Baylor invades Texas A. and M. in quest of its fifth in a row.

Michigan, looking more and more like the class of the country after crushing Northwestern 49-21, will be at home against Minnesota, while Illinois, 40-13 conqueror of Minnesota and still unbeaten but one-tied, invades Purdue in Big Nine engagements.

Kentucky, which ended Vanderbilt's dream, 14-0, travels to Michigan State and Texas Christian, 20-4, winner over Texas A. and M.

invades Oklahoma, held to a 13-13 tie by Kansas, in other Midwestern features, with Missouri at Iowa State and Nebraska at Kansas State in the Big Six.

Duke, which handed Maryland its first loss, 19-7, invades Wake Forest to attempt more of the same in the Southern conference. Alabama, after dropping Tennessee, 10-0, goes to Georgia, Auburn to Tulane and Louisiana State to Vanderbilt in the Southeastern Loop.

Georgia Tech, which made it four straight with a 27-7 win over Auburn, coasts against the Citadel. Pennsylvania, which turned back Columbia, 34-14, entertains a Navy crew that found itself whipped Cornell, 38-19, and one-tied Army visits Columbia for two of the East's high spots.

More Schoolboy Powers Facing Dangerous Foes

Important conference games dot the Texas schoolboy football schedule this week with several of the state's nine undefeated, untied teams in danger.

Major battles are scheduled in seven districts but of most profound meaning appear the Conroe-Lufkin, Goose Creek-Port Arthur and Harlingen-McAllen struggles.

The district 12 where a title opens around the Conroe-Lufkin tilt at Lufkin Friday, it is the same with Goose Creek and Port Arthur in District 14 and Harlingen-McAllen in District 16.

Of almost equal importance are the clash of Denison with Paris in District 5, the winner to become the top favorite for the title but with Sherman dangerous; the battle of Poly and Arlington Heights in the Fort Worth district, with the victor to answer to Paschal; the Brownwood-Merrell Wells test in district 9, where a title opportunity for Breckenridge will be furnished, and the Corpus Christi-Kerrville joust in which Corpus Christi gets another tough test.

Last week's firing cut three teams from the undefeated, untied list as Amarillo fell before Odessa 21-0, Weatherford lost to Mineral Wells 20-6 and Waxahachie succumbed to Waco 20-6. This left Wichita Falls, Odessa, Austin (El Paso), Corsicana, Longview, Marshall, Austin, Corpus Christi and McAllen with perfect records.

Undefeated but tied are Forest (Dallas), Goose Creek and Poly.

Longview continued its amazing unscored streak by licking Henderson 33-0. A. Odessa kept the state's scoring pace by running its total points to 206 in six games.

There are 47 games on this week's schedule of which 35 are conference affairs in 13 of the 16 districts.

LOOKING 'EM OVER

With WACIL McNAIR (Subbing for Tommy Hart)

"Moaning" Mattie Bell may not be ready to agree, publicly, that is, but some "I told you so's" are in order for certain gentry scattered over the state who have been mumbling for some three or four weeks about the possibility of Doak Walker becoming the start of stars in Southwest conference football this year.

The mumbling has been virtually inaudible for the most part, due chiefly, perhaps, to the exploits of one Bobby Layne, who is managing to keep University of Texas followers walking on air. But after Mr. Walker, who might be called the SMU offense in capsule form, torpedoed the burly Rice dreadnaught on Saturday last, there were definite signs that the "Walker talkers" were just about ready to come out into the open with some startling observations, which might run something like this: "Doak is O. K.," "Doak can run with that ball," "Doak can pass."

All of this, mind you, appears to be brewing despite the fact that Doak's press releases must, because of geographical reasons, be filed under a Dallas date line. But don't think for one minute that all of this developed on one Saturday afternoon. The signs actually began to appear back in September when some Dallas followers, including members of the press, who can become dubious at the drop of a hat when the word "Mustang" enters any conversation, admitted that possibilities might be present on the hill-top this year.

This trend gave the mumbler out in the ranks of the creek some added courage. So, they sat back, and with each Pony victory, admitted that progress was being made, but at the same time they warned "next week may be a different story."

Their resistance suffered untold damage by virtue of the Rice conquest, but even so, they will reserve final judgment on Walker's capabilities until he actually duels with Layne. If Doak comes through in that one, the farce of All-America selections will be shown in relief if Walker's moneymaker is not among the elite as the Southwest's representative.

As for the Mustangs' chances of winning the conference, Neil Hopman, yesterday to defeat Mary Arnold Prentiss of Los Angeles and Barbara Krass of San Francisco, 6-1, 1-6, 7-5, in the women's doubles final.

BSAC Featuring A Team Match

Henry (Jet) Harrel, the New Orleans flash, is due to make his initial appearance here tonight when he joins Bill "Ace" Abbott in a team match.

Harrel and Abbott will test two well-known operatives in Ray "Big Train" Clements of Lubbock, and Gene Blackley, who, along with Abbott, makes Abilene his headquarters.

Local fans are anxious to see how Harrel, the newcomer, functions against Clements, who has made numerous triumphant appearances here.

The activity will begin at about 8:15 p. m. at the BSAC.

Morgan Moves Up In City Golf Tourney

Jake Morgan was a step nearer successful defense of his City golf crown today as the result of Sunday play.

In his latest match, Morgan ousted Jim Moon, another strong contender, 2-1.

In other championship matches played yesterday, Bobby Wright defeated Bob Satterwhite, 5-4; Bobby Maxwell, turned back Jack Jones, 2-1; and Champ Rainwater clipped Don McGuire, 3-2.

First eight results Sunday were as follows: Sam McCombs edged G. B. McAllen, 2-1; Bill Cook nipped Bob Hodges, 5-4; Johnny Burns defeated Bill Drum, 1-up; Lewis Huevel bested Earl Reynolds, 3-2.

Second flight: Tommy Jordan clipped Bill Sandridge, 2-1; H. M. Rowe ousted Jack Lee, 6-7; Clarence Shaffer turned back Chas. Bailey, 1-up; Jack Smith ousted R. W. Robbins, 2-1.

Third flight: Bud Furrer won over Dick Hooper, 3-2; C. F. Gidson bested Melvin Newton, 2-1; Vernon Strahan bested Rip Smith, 1-up; Alton Underwood clipped Bill Horne, 1-up.

In championship consolation matches, Jack Keith moved up on default by Jack Heiner; W. E. Rutledge won over Ovie Bristow by default; Doc Young defeated Chas. Watson, 1-up.

Pat Stasey Second In Batting Race

Jake McClain, Jakes Collect 13 Three Basers Each, Moreno Ahead In Tallies

Jim Prince, Midland's hard hitting first sacker, won individual batting honors in the Longhorn baseball league with an average of .429, final and official averages released by Statistician Ira L. Johnson revealed this week.

Bob Cowser, Sweetwater outfielder, who led most of the summer, wound up third with a mark of .408 finishing behind Pat Stasey, Big Spring, who boasted .416 at the finish.

Cowser set the pace in home runs (37) total bases (275) and runs batted in (176). He tied Stasey for total number of hits. Each had 209.

Orlando Moreno, Big Spring, crossed the plate 196 times to lead in runs scored. Stasey set the pace in two-base hits, having accumulated 45 while Jake McClain, Big Spring, and Odessa's Harvel Jakes each had 13 triples to lead in that department.

Rex Pearce of Odessa topped the field in stolen bases with an even 80. Harvel Jakes, Odessa, was issued 87 walks, more than any one else in the league.

Cards Finally Taste Defeat

NEW YORK, Oct. 20. (AP)—There isn't an unbeaten team in the major professional football leagues today and the pennant races in both the National and All-America conference are taking shape as down-to-the-wire affairs.

The Chicago Cardinals became the last eleven in either circuit to taste defeat by bowing, 27-7 to the Rams before a National league record crowd of 69,631 fans in Los Angeles yesterday.

In addition to suffering their initial setback, the defeat dropped the Cards into a three-way tie with the Rams and Green Bay Packers for the lead in the National's Western division pennant chase. The Packers turned back the Washington Redskins, 27-10, in Green Bay.

Meanwhile, the Pittsburgh Steelers vaulted to the fore in the National's eastern half chase by a half game as a result of their 35-24 decision over the Philadelphia Eagles. The Eagles and Redskins are now deadlocked for second place.

In the junior circuit the defending champion Cleveland Browns snapped their tie with the San Francisco 49ers for the western half lead with a 31-28 win over the hapless Chicago Rockets.

The New York Yankees and the Buffalo Bills, who along with Brooklyn and San Francisco, were not scheduled, are tied for the eastern lead. In the only other game in the A.A.C., yesterday the Los Angeles Dons came from behind and walloped the Baltimore Colts, 28-10.

Two former Columbia University stars, Sid Luckman and Paul Govan, led the Chicago Bears and the Boston Yanks to 33-24 and 14-0 victories over the Detroit Lions and the New York Giants, respectively, in the remaining National league games.

Freight Service Set To South America

HOUSTON, Oct. 20. (AP)—Regular scheduled freight service between South American ports will start Nov. 5 when the SS Gulf Merchant sails from Houston.

The Gulf and South American Steamship Company, Inc. plans a schedule that calls for a sailing every two weeks.

Doak Wins Title At Mexico City

MEXICO CITY, Oct. 20. (AP)—Jaroslav Drobný, the Czech tennis star who missed out on the Davis Cup and U. S. championships, finally had a trophy today to show for his extended trip to North America.

Drobný, currently rated Europe's best, won the singles title at the sixth Pan-American tournament yesterday, defeating Francisco (Pancho) Segura, New York Ecuadorian, 6-6, 7-9, 6-3, 6-4, 6-8, in the final.

The Czech ace then teamed with Torsten Johansson, Swedish Davis Cupper, to take the doubles title with a 6-3, 7-5, 3-6, 6-3 final victory over Segura and Frank Parker of Los Angeles.

Nancy Bolton, who won the women's singles title Saturday, came back with her fellow Australian, Neil Hopman, yesterday to defeat Mary Arnold Prentiss of Los Angeles and Barbara Krass of San Francisco, 6-1, 1-6, 7-5, in the women's doubles final.

Understand RIVALRY and you understand AMERICA

What pushes the pole vault record up and up and up? Rivalry. Competition. The urge to do better than anyone else. That's what makes progress... sets records... in sports, in science and invention, in every type of competition, whether it's a game, a hobby or a business. And because Americans are raised on competition... understand rivalry... we set a pace in a thousand fields the whole world envies.

Yes, understand rivalry and you understand America. Understand rivalry and you understand the "why" behind the progress in the oil industry, made up of more than 34,000 individual companies and 1,250,000 people. It's rivalry that results in new developments in drilling for oil, in transportation, refining, marketing, research and sales. It's rivalry within the industry that makes possible more and more benefits for you... for all Americans.

We make no bones about it. We're in business to win your favor... to please you... to give the sort of service that earns your approval. For if we don't, we know your trade will go elsewhere—just as it should.

That's why you can count on us to make every effort to earn your approval, win and hold your business. There's a plus for you in Petroleum's Progress... and a plus for us every time we can demonstrate a plus for you.

Lebo-Wildcat Tilt Features Border Play

An important question is expected to be answered next Saturday when the University of New Mexico Lobos tangle with the University of Arizona Wildcats in a conference football game at Tucson, Ariz.

The Lobos entered the season classified as the dark horse of the league race. They dropped their first game to the Sun Devils from Arizona State at Tempe, defeated the New Mexico Aggies, then dropped their third conference game to Hardin-Simmons 33-7 by Hardin-Simmons and edged Texas Mines 14-13 in their two conference games.

The question is whether the Wildcats were overrated in pre-season figuring and the answer will depend on their performance against the Lobos.

KEYS made at Johnny Griffin's.

Two Sailors Held After Illegal Flight

WILMINGTON, Del. Oct. 20 (AP)—Two sailors are being held by Delaware state police who said the pair—neither a trained pilot—had crashed landed on the farm of U. S. Senator C. Douglas Buck (R-Del.) after an unauthorized flight from Annapolis in a naval officer's private plane.

State police identified the two as Joseph Glonek, 19, and Robert Naylor, 23.

El Paso Doctor To Be Deported For Spy Work

DALLAS, Oct. 20. (AP)—Dr. Wolfgang Ebell, former El Paso physician and surgeon, was held in the Dallas county jail today awaiting deportation to Germany.

The German doctor was convicted in 1942 on a spy conspiracy indictment.

Immigration Officer R. L. Ryle placed Ebell in the Dallas jail Saturday. He had been brought from the Seagoville Federal correctional institution where he had finished serving a sentence, originally set at seven years.

Dr. Ebell pleaded guilty June 2, 1942, in El Paso federal court to a conspiracy indictment alleging acts of espionage. The indictment asserted that Dr. Ebell and others made trips into Mexico with vital information regarding American morale, this country's attitude toward the rise of Hitler and its seeming inability to wage war as seen in those early days.

The court also rescinded naturalization papers given him earlier.

The Wise Man Learns...

from his own experience, but the supervisor man learns from the experience of others.

Experience of the American people has made them wise enough to own more than 150 BILLIONS of life insurance!

How much of this do you own?

Navy Almost Reaches Recruiting Quota

WASHINGTON, Oct. 20. (AP)—By recruiting 14,977 men in September, the navy came within two-tenths of one per cent of reaching its quota for the month. Announcing this today, Rear Adm. T. L. Sprague, chief of naval personnel, said the August quota fell 23.5 per cent short when only 11,511 were signed up.

GRANDPA'S FULL OF PEP

Now He's Found Fast Help From Getting Up Nights
Have's good news for you folks who have to get up at night to pass water, have backache, too, because of minor functional kidney disorders.
These generations ago, a famous doctor developed a medicine for this very trouble. Now millions have used it, often with amazingly fast, effective results. The medicine is Dr. Eilmer's Swamp-Root, made of 16 herbs, roots, vegetables, and balams — truly nature's own way to relief. Instantly you take it, it starts to work. It increases the flow of urine, helping to relieve excess acidity... so irritated bladder gets a good flushing out, too. Caution: Take as directed. You'll say it's marvelous.
For free trial supply, write Dept. F, Eilmer & Co., Inc., Box 1255, Stamford, Conn. Or get full-sized bottle of Swamp-Root at your druggists.

Satira's Trial Is Postponed By Judge

HAVANA, Oct. 20. (AP)—Venerable Judge Cristobal More postponed the murder trial of sobbing Patricia (Satira) Schmidt today until Oct. 31 because none of a long list of witnesses appeared for the hearing.
The Toledo, Ohio, dancer, accused of fatally shooting her lover, John Lester Mee of Chicago, last April aboard the yacht Satira, wept and exclaimed:
"Until Oct. 31."
Nearly 100 witnesses had been summoned by the defense and a prosecution. Their absence was not explained.

SUICIDE WEAPONS DISPLAY — The Navy club of U. S. A. will bring one of its mobile exhibits to Big Spring Tuesday, and local persons may inspect the display between 9:30 a. m. and 9:30 p. m. The exhibit vehicle will be parked at Third and Main. Included in the displays will be some of the most fantastic suicide weapons developed by Axis powers during the late war. No admission fees will be assessed, but voluntary contributions, which will help the Navy Club carry out its extensive welfare and rehabilitation program, will be gratefully accepted, officials said.

Twenty-Four

(Continued From Page One)
several times. Ancil Forbes, 21, also of Coleman, was critically injured.
Raymond Kenester of Pearl and Rollin B. Boyd of Alvin were killed in an explosion while they were welding an oil storage tank. The explosion took place on the C. H. A. Alexander oil lease near Hastings Saturday.
Bernard Lindsay, 25, son of Constable Tom Lindsay, was fatally stabbed at Martindale, near Lockhart, as he went to the assistance of his father who was attempting to arrest two men Saturday night. Juan Riojas was shot and instantly killed in the fight. Officers said that a bystander stabbed young Lindsay. A suspect was arrested in Austin Sunday.
Staff Sgt. Berl B. Mullins, 28, Fort Worth Army Air Field soldier from Malakoff, died early Sunday in a Fort Worth hospital of injuries suffered Saturday morning when his automobile overturned near Fort Worth.
Valentine Rodriguez, 60, of Waco was killed Sunday morning when he was struck by an automobile as he walked along the Waco-Temple highway.
Frederico Tijerna Villareal, about 60, of Corpus Christi was killed and 11 other persons were injured about noon Sunday when a passenger car and a truck load of migratory farm workers collided near Big Spring.
Mrs. Sellye Gorton, 40, of Houston was killed instantly early Sunday in a head-on collision of two automobiles near Liberty.
Fred Hahn, 81, former Gillespie County Commissioner and ranchman, was killed Saturday when he fell from the roof of his home at Fredericksburg.
W. J. Stearnman, 49, and his son, Willie Lee Stearnman, 23, were shot to death Saturday near Clarksville, Tex. A neighbor, P. C. Porter, about 55, was charged with murder. He was slightly wounded. Sheriff Taylor McCoy said that the shooting followed a dispute about some land.

Crashes

(Continued From Page One)
entirely not scratched, he remained unconscious at noon Monday. He was brought to the hospital in an Eberley ambulance.
Abraham Varrera, Colorado City, driver of a car which collided with a Greyhound bus at 3:25 a. m. Monday 10 miles east of Coahoma, sustained broken ribs. It was reported at the Malone & Hogan hospital. Jose Ajubera, another occupant of the car, sustained a broken back and broken leg. Leonardo Hernandez was under observation at the Big Spring Hospital and Dario Anya Orna, also occupant of the car, left the Big Spring Hospital Monday morning. All were from Colorado City.
Whitehorn and Strother said that investigations bore out an account of James Leonard Mallon, Abilene, driver of the westbound Greyhound bus, that the bus cut sharply to the south to avoid a collision, and at the same instant the car veered in that direction, making contact with the door of the bus. Passengers were uninjured and brought to Big Spring for transfer and the bus was left at the scene until Monday morning, being unable to continue. Eberley and Nalley ambulances brought the injured here.
Miss Frances Burchett, who resides in northeast Martin county, suffered a serious hand injury Sunday when the car in which she was riding overturned 10 miles north and four miles east of Stanton in attempting to pass a tractor. Deputy Sheriff Ogle Avery, Stanton, said that Kay Robinson, driver of the car, was unhurt.

Markets

(Continued From Page One)
COTTON
NEW YORK, Oct. 20. (AP)—Cotton futures at noon were \$1.15 to \$1.30 a bale higher than the previous close. Dec. 32.48, March 32.70 and May 32.64.
LIVESTOCK
CATTLE WORTH, Oct. 20. (AP)—CATTLE 5,100; calves 4,100; mostly steady; some sales better grade fat calves unevenly higher; nature steers too scarce to make a market; good and choice yearlings and heifers 22.00-24.00; common to medium 12.00-16.00; medium and good fat cows 13.50-16.50; cutter and common cows 11.25-15.50; canners 8.00-11.00; bulls 11.00-16.00; good and choice fat calves 16.00-20.00; baby beef heavyweights to 22.50; common to medium calves 12.00-16.00.
HOGS 1,000; butchers steady to 25 cents lower; sows mostly 50 cents down; pigs unchanged to 29.00; root down; choice 190-280 lb. butchers 28.75-29.00; root 190-185 lb. 26.00-28.50; sows 25.00-27.00.
SHEEP 5,000; all classes steady; few good fat lambs 20.00; most 70 cents slaughter ewes; medium and good kinds 7.00-9.00; cull and common 6.25-7.50; medium grade feeder lambs 14.00-15.00.
LOCAL MARKETS
No. 2 Milk, FOB Big Spring 83.15 cwt. Eggs, candled 50 cents cash market cream 58 cents pounds; butter 70 cents hens stronger, 22-24; fryers steady, 35 cents old cockrels, few offerings, 10 cents.
WALL STREET
NEW YORK, Oct. 20. (AP)—Stocks generally pushed higher although a certain amount of selling on the recent rise was in evidence.
Bullish sentiment still was inspired mainly by business optimism and the feeling that European relief would promote many industrial companies which otherwise might run into economic realizations. The elimination of credit controls on Nov. 1 also served as a purchasing stimulus for selected shares.
Dealings quieted at intervals after a fast opening in which numerous sizable blocks changed hands. Gains of fractions to 5 or more points predominated near midday.
Bonds were steady and cotton futures higher.

AS A COACH—GOOD

EVERETT, Mass. (U.P.)—During 21 seasons as Everett High School football coach, Denny Gildea has seen his team win 134 games, lose 42 and tie 24, and score 2,671 points to 784 for the opposition.

Rites Set For Mrs. McConnell

Mrs. Birtie Mae McConnell, 50 years old, died at her home in Seagraves at 9:40 a. m. Sunday. She was a former resident of Big Spring and interment will be under the direction of the Eberley Funeral home at the City cemetery.
Funeral services will be held Tuesday at 11 a. m. from the First Baptist church in Seagraves with the Rev. Roy Clayton officiating.
Another service will be held at the cemetery at 3 p. m.
Survivors include the husband, T. J. McConnell, and two sons, T. J. and Almet, of Seagraves; her father, J. W. Leeth and sister, Mrs. J. B. McDowell, of Birmingham, Ala.

C-C Directors Hear Reports

Big Spring chamber of commerce directors heard reports from several committee heads which covered developments on housing, telephones, paving and water supplies and several other topics at their noon meeting Monday in the Settles.
Mayor G. W. Dabney said he would sum up the engineer's reports on the proposed Colorado Municipal Water Association lake to mean that approximately three times as much water is available as would be needed under earlier estimates, and that although sharp deposits on the water shed present a problem he felt that water could still meet state health department standards.
J. H. Greene, chamber manager, reported that two housing projects were in prospect, one of which may be closed within the next few days. Details will be given at the next meeting.
Reports also were heard from the telephone committee, which told of investigations underway by the telephone management of possibilities of making more business telephones available here.
Frank Campbell, assistant manager, gave a report on Texas Chamber of Commerce Managers' association meeting in Dallas, and two resolutions were passed.
Both of the resolutions dealt with paving. City commissioners, the city manager, the city engineer and the city attorney were commended for the manner in which the public hearing was conducted, and the paving committee drew praise for helping bring out a sizeable group to the hearing.

ABC Initiates Clothing Drive

A used clothing drive was underway here today by the American Business Club to collect items suitable for use in local charity work.
Plans called for leaving the garments at churches, the Salvation Army or Red Cross. On Saturday two programs are contemplated. ABC officials indicated a house-to-house pick up of clothing left on doorsteps would start at 9 a. m. Saturday.
The R&R Ritz is sponsoring a used clothes matinee during Saturday morning with admission by some item of cast off clothing.

CHINCHILLA NO GOOD

PHILADELPHIA (U. P.) — There's disappointment in store for the persons who stole a mountain chinchilla from the Philadelphia zoo, in case he thinks he's made the start of a chinchilla coat. Curator Roger Conant said the animal was not the type from which coats are made. Besides, he added, what good is one chinchilla?

NO RUSH

BOSTON (U.P.) — Nobody was killed in the rush when Boston veterans, hard-pressed by the housing shortage, spotted the following advertisement in a newspaper: "For Sale: Fine suburban home. . . Cost new \$383,000 but can be had for less in quick sale."

Seven Divorces Granted Here

Seven divorces were granted in 70th district court during the week end and one other suit was settled by agreed judgement.
Floy Mae Cummings was granted a divorce from Garrett Cummings and had her maiden name of Floy Mae Pinkerton restored.
Ruth Greene was granted a divorce from Jack Greene; J. B. Hoard was granted a divorce from Alice Hoard. In the case of Maxine Lowry versus James M. Lowry, divorce was granted and custody of a minor child awarded to the plaintiff.
W. A. Shaw, Jr. was granted a divorce from Aber Lee Shaw, whose maiden name of Aber Lee Montgomery was restored. Willie Callaway was granted a divorce from H. F. Callaway and custody of a minor child was awarded to the plaintiff.
Oitha Lee Steadmon, who filed a cross action as plaintiff after being made defendant originally in a divorce action filed by Henry Burl Steadmon, was granted the divorce as defendant and cross-plaintiff. The divorce petition filed by Mildred Beauchamp against W. W. Beauchamp was dismissed.
Agreed judgment of \$500 in favor of the plaintiff was awarded Mrs. Alice Holt, individually and as next friend of J. W. Holt, a minor, from the Big Spring Cotton Oil company, a corporation.

Violence

(Continued From Page One)
flared among a truckload of migratory workers on U. S. 80 near Cosden. E. A. Kiser, deputy sheriff, said that the truck driver had gone off and left the workers brawling in the highway after the fight started. One unidentified woman was cut by the edges of a broken bottle. When Kaiser arrived, most of the workers had dispersed.
Returning from Lamesa where they had gone to assist Dawson County Sheriff Buck Bennett in investigating a double shooting, Sheriff Bob Wolf and Highway Patrolmen John Strother and T. D. Whitehorn rounded up four suspects who crowded the officers' car off the highway and returned them to Lamesa for possible charges.
Chongo Nunez, a familiar character to police and sheriff's officers, was charged with shoplifting at the United Store in a complaint lodged by police with County Attorney George Thomas, who was running far behind most of the morning in writing complaints.
Santiago Galavan de Leon was charged in county court in another complaint lodged by police with County Attorney Thomas with carrying a dirk, a deadly weapon.
The city jail bulged with 47 customers Monday morning and the county jail had approximately a dozen, the latter number being indefinite because a number of those entering the battle were transfers from the city on felony and county court cases.
