

Testifies Of Nazi Moves In Patagonia

BUENOS AIRES, April 25 (AP)—Testimony that Nazi agents offered arms and money to organize an anti-government revolution in Patagonia was given by Dr. Alberto J. Grassi before Federal Judge Miguel Jantus' investigation of alleged Nazi activities in Argentina, today.

Investigates Second Ship Fire Outbreak

TOULON, France, April 25 (AP)—The French government today opened an investigation of what authorities thought might be the second case of sabotage against French merchant vessels within a week—the burning of the steamship Angers.

Seeks To Negotiate In Miners' Dispute

NEW YORK, April 25 (AP)—John R. Steelman, U. S. conciliation service chief, today entered the deadlocked negotiations between bituminous coal miners and operators over a basic contract for the soft coal industry.

Committee Pigeon-holes Sub Bill

WASHINGTON, April 25 (AP)—The house agriculture committee pigeon-holed today a "cost-of-production" farm bill written as a substitute for the administration's farm program.

Success At All Costs

HOMESTEAD, Fla., April 25 (AP)—Dr. John Folk proudly displayed a handful of tree-snail shells today—shells that cost him 70 weary hours alone, lost in a jungle and nearly claimed his life.

DEFEAT ON THE RIVER THAMES was suffered by this Oxford crew in its annual race with Cambridge and all but the coxswain were overcome by exhaustion and despondency as they dropped their oars at Mortlake.

Asks More Funds

WASHINGTON, April 25 (AP)—More money for combating the pink boll worm in southwestern states was urged yesterday by Senator

Connally and Representative Kleberg, Texas Democrats.

The Texans asked a senate appropriations subcommittee to increase by \$920,000 the \$446,000 provided by the house in the agriculture department supply bill.

Connally said he and Kleberg

asked the increase as an outright grant and expressed belief their request would be approved. The budget bureau recommended the federal funds be matched by local interests.

HEROIC RESCUE BRINGS DEATH

LONGVIEW, April 25 (AP)—Thomas Menier died a hero's death in a Longview hospital last midnight.

Must Have Licenses

AUSTIN, April 25 (AP)—Attorney General Gerald C. Mann ruled today drivers of company-owned motor vehicles for any purpose must have chauffeur's licenses.

servants, agents or independent contractors. Chauffeur's licenses are obtainable from the department of public safety on passing a driving examination and paying a \$3 fee.

WOULD INCREASE PAY

WASHINGTON, April 25 (AP)—Chairman Sheppard (D-Tex) introduced yesterday a bill to raise the base pay of the army recruit from \$21 to \$30 a month and to increase the pay in some other lower grades.

Last Of Colonies Ratifies Bill Of Rights

WASHINGTON, April 25 (AP)—Don't think time has done a back flip, but the government received official word today the last of the original 13 states has ratified the bill of rights.

Drive Underway

DALLAS, April 25 (AP)—W. A. Thomas, United States collector of internal revenue, announced yesterday a drive had begun in 144 counties in the northern district of Texas to force compliance with the federal law on stamp taxes.

Democracies Have An Edge

Giving five points for No. 1 ranking, four points for second and so on in each of the five classifications, the British-French entente scores 33 and the German-Italian combination, 30.

Teller's Bond Set

DALLAS, April 25 (AP)—Bond of \$5,000 was set by United States Commissioner John Davis yesterday for Walter W. Ponder, bank teller, who pleaded guilty to charges of embezzling \$1,750 from the First National Bank here.

Today And Tomorrow

By Walter Lippmann (Mr. Lippmann's column is published as an informational and news feature. His views are personal and are not to be construed as necessarily reflecting the editorial opinion of The Herald.)

SENATOR TAFT ON BALLYHOO

According to Senator Taft, the concern shown by the President over the danger of a world war is "ballyhoo" to divert the attention of the people from the failures of the New Deal.

But if Mr. Taft cannot do that then he should consider whether it is fitting for a Senator of the United States to impugn the honor and to seek to destroy the influence of the President of the United States.

The Herald's Serial Story Old Home Week Murder

By Phoebe Atwood Taylor

Chapter 48 MORE ABOUT DUMMIES

"Now, Lane," Assey said, "which was the dummy that you said had dropped, the one that toppled over all the time?" "That one," Lane said, "with the scarf around his neck. The one you just brought in from the lawn. That was the one that dropped, but I fixed it."

"Sure. He'd have dumped that after he got the shells. But it come over me sudden about Lane fixin' 'em, an' I just wondered if there wasn't a chance the feller got fooled. If a pranky soul was after 'em, they'd take the one nearest the road, not this that was farthest away. Wouldn't have gone at my tires so careful, so's not to be followed in case of a slip. There was a risk involved in stealin' that figure, but it was important enough for him to take it. Well, Lane, there you are. That's how Mary Randall was killed. There's your shells."

A MAN OF LITTERS. Dr. Alan Roy Dafeo who ushered the Dionne quintuplets into the world, is shown as he was initiated recently into New York's Circus Sains and Sinners, a fun club. As the "Tall guy," he was well labeled.

Almost, But Not Quite

by Fred Locher

HOMER HOOPEE

GB Diplomat Changes Mind About Hitler

LONDON, April 25 (AP)—Many-titled Lord Lothian, Britain's ambassador-designate to the United States who in 1935 regarded Adolf Hitler as "earnestly" desirous of peace, has decided Hitler's book, "Mein Kampf," shows the German leader's objective is to remake "a large part of the world by force."

Lord Lothian posed for photographers this morning at a desk on which a copy of Hitler's book was conspicuous.

His appointment yesterday to succeed Sir Ronald Lindsay at Washington "some time in the summer" recalled a speech by Lord Lothian in the house of lords April 18 in which he said he had read for the first time an unexpurgated edition of "Mein Kampf" ("My Struggle") during the Easter holidays.

In that address, the peer said, "I believe we can count on being able to obtain from the United States facilities for bringing the enormous industrial resources of that country behind the democracies to help in any way that is possible."

The official announcement yesterday that King George had appointed the wealthy ambassador-designate and 11th Marquess of Lothian did not set a definite date for his departure.

It was expected, however, he would assume the ambassadorship after the visit of King George and Queen Elizabeth to the United States in June.

Lord Lothian, 57 years old April

AN AMERICAN ARGOSY IN SILHOUETTE was the picture presented by the 74-passenger flying boat Yankee Clipper as she alighted on the sun-lit water at Southampton, England, completing the eastbound leg of an 11,000-mile inspection flight over the Atlantic. Returning to the United States, Captain Harold Gray declared the flight a complete success and said he and his crew were ready to begin regular passenger service across the ocean at any time. The 42-ton plane was in the air for 83 hours on its round trip.

18, was secretary to the World war prime minister, David Lloyd George. The Washington post will be his first major diplomatic assignment.

Senate Begins Work On Gas Proration Law

AUSTIN, April 25 (AP)—The senate began work today on a proposed gas proration law for the Panhandle field in the face of an opposition charge it would allow a return of the "infamous practice" of popping sweet gas into the air and using it in carbon black manufacture.

The proposal was by Sen. Clint Small of Amarillo, who introduced an amendment which he said would allow some production for sweet gas wells suffering from drainage and with no outlet.

Small said some wells of this nature had been dormant for five years because of the existing law which restricts use of sweet gas. "I know of no other means to be fair to the owners of small wells," he said.

Sen. Joe Hill of Henderson, in the rich East Texas oil field, asserted Small never had written a gas production statute that had stood up in the courts.

He followed up with the statement adoption of Small's amendment would bring about a return of tremendous gas wastage in the

BIDDY LAID AN EGG and therein lies a tale related by Albert Clark of Russellville, Ky., to the Rural Electrification Administration in Washington. Clark explains: one of his hens stared so long at an electric light used to step up production that she developed a fixation and laid above bulb-shaped egg. Mable McKendrick holds Exhibits 1 and 2.

Panhandle, reminiscent of years when it amounted to the "equivalent of 62,634,000 barrels of gasoline."

Attempts to regulate gas production have been knocked out by the federal courts and Small's bill, restricted to the Panhandle field, is designed to cure defects pointed out by the tribunals. It makes provision of drainage a prime feature of proration and authorizes the zoning of the vast field, each zone to be treated as a separate common reservoir, if the railroad commission chooses.

Owls Lose To Texas, 2 To 5

By the Associated Press

The University of Texas' long-range gunners settled the issue early and decisively at Austin yesterday in their 5-2 conquest of the Rice Institute Owls—the only Southwest Conference baseball game of the day.

The Texans' eighth consecutive loop victory left their season's record unblemished.

Jack Conway, all-conference shortstop, homered against the right field fence with Bobby Moers and Clarence Pfeil aboard, to give Uncle Billy Disch's side a first-inning lead.

Bob Evans drove over the wall in the third frame and Charlie Hass doubled into left and raced home on Moer's single in the seventh for Texas' other scores.

Coca-Cola Trims Twins Bowlers

Coca-Cola thumped Twins Cafe in a Class B bowling league duel at the Casadena runways Monday evening. Millway and Brothers set the pace after the Soda Skeets had dropped the opening game.

In a women's league match Toby's swamped Harry Lester's in all three games.

Rattling Good Shot

KANSAS CITY, April 25 (AP)—William L. Wilson's second shot was 20 yards on No. 4 at the Nebraska City country club course. He chipped.

The ball landed on the tail of a bull snake napping on the green, the snake flipped its tail and the ball plopped into the hole for a birdie three.

Swartz And Bristow To Play Cowpers In Bridge Tournament

The six weeks' bridge tournament being held at the country club under auspices of Ladies' Golf association will continue next Monday evening to determine the champions.

As a result of Monday night's game, A. Swartz and Mrs. Obie Bristow will play for the championship against Dr. and Mrs. R. G. Cowper. Dr. and Mrs. M. H. Bennett will play in the consolation finals with Mr. and Mrs. J. W. Wilcox.

In the first flight will be Mrs. William Tate and Mrs. Lee Rogers who will play Mrs. Willie Rix and Raymond Hanka. In the first flight consolation will be Obie Bristow and Mrs. A. Swartz who will play Mr. and Mrs. Joe Ogden.

E. W. Fettes, superintendent of Corden Petroleum corporation, who has been in Fort Worth on business, was expected to return Tuesday afternoon.

E. I. Austin, who spent the week-end here with relatives has returned to McCombs.

Joe E. York is spending several weeks in Hot Springs, Ark.

Barons

(Continued from Page 4)

hang around. His club, too, has developed fast in spring training.

Fingers Crossed

Locally, Rego prepared to square off with Midland with tongue in cheek and his fingers crossed. The Barons started late in spring drills and the ex-Tulsa has not accomplished as much as he wanted to in the allotted time but his charges have shown flashes of brilliance in the workouts. He has the best infield in the league in Billy Capps at third, Richard Hobson at short, Bobby Decker at second and Red Webster at first, and a fair outfield in Van Marshall, Pat Stasey and Johnny Volk but his pitching staff is questionable.

Clarence Trantham, who sacked up 16 victories last season, was to amble to the mound against the Cowboys in Midland today.

The two teams return here Thursday for their debut before the home fans. Rego is expected to rely upon Johnny Soden for that 3.30 engagement.

All teams in the circuit are expected to play day baseball for the first two weeks of the season. Lights are being installed at Baron Park and will be ready to turn on by the termination of the week.

Probable lineups today:
Big Spring—
Webster 1b
Decker 2b
Volk rf
Stasey 3b
Capps m
Marshall lf
Hobson ss
Bernid c
Trantham p

Wife Amazes Sister

CLIVELAND, O. (UP)—Irving Miller, 19-year-old son of a furrier, is learning his father's business—and still has a little to learn. He traded a fox fur to a friend in return for a live, furry fox.

Rising Temperatures Cue To Grain Belt Farmers To Begin Planting

CHICAGO, April 25 (AP)—Taking advantage of rising temperatures and abating rainfall, farmers throughout the grain belt today hastened soil preparation and planting—work which has been delayed by cold, wet weather.

Crop experts received reports of rotting of oats and serious delay in seeding in important producing regions, where the crop should have been in the ground by mid-April. Many fields have failed to sprout and may have to be reseeded or planted to other grains.

Farmers in the northwest hoped to complete wheat planting this week or next, but operations were

10 days to two weeks later than a year ago. Throughout the country plows were furrowing the earth preparatory to seeding of corn but there were many localities where wet soil or standing water kept farmers off the fields.

Most farmers pinned hopes for their best cash return on livestock, now bringing high prices in comparison with the value of grain used for feed. Most grains were priced lower than a year ago.

Here are approximate market prices by which farmers gauged operations for the season:

	Present	Year Ago	Year Ago
Wheat	40	52	1.28
Corn	48	59	1.27
Oats	31	29	.49
Rye	41	61	1.03
Soy Beans	88	92	1.70
Hogs	7.00	8.50	10.00
Cattle	12.00	9.50	14.25

The winter wheat crop is progressing rapidly and harvest will begin within a month.

Some corn is up in the extreme south but over the commercial belt, soil preparation is just getting a good start.

While April rains and snows held up field work in some sections, they gave the nation its best general moisture picture in several years, replenishing sub-soil reserves over wide areas.

REDDING, Cal. (UP)—One reason why taxes are high here appears to be that it costs too much to collect them. A report to the city council for one month showed that it had cost \$101.26 to collect \$8.40 in back assessments.

Neither a chemical formula nor a doctor's degree, the above line has a perfectly clear meaning for the reader of classified advertisements.

"Furnished single room with private bath and kitchen."

All advertising is not written in this abbreviated form. On the contrary, we believe you'll find that most advertisers in this newspaper go out of their way to make their messages clear, concise, easy to read and understand.

For an advertisement, after all, is really a personal letter from some one, who has something to sell to some one who wants to buy.

It is an advantage to the seller, that he can talk to you through the advertising columns of this newspaper. And it is an advantage to you, that you can study his proposition at your own leisure, weighing the merits of his product or service.

The next time you're "in the market" for any of the hundreds of things you buy during the year, make a point of shopping around through the advertisements before you start shopping around through the streets.

In the manner of the classified advertisement—

"Yl. sv. tm. mny. get btr. rsalts."

(You'll save time and money and get better results.)

Summerize FOR SAFE SUMMER DRIVING

ASSURE safe summer driving by putting your car in safe driving condition with a Summerized job at your friendly Magnolia Dealer.

Your car needs all seven protective Summerize Services, now!

Proper lubrication with correct, summer-weight Mobiloils and Mobilgreases, plus summer Mobilgas, give you utmost mileage, in town or on the highway, for fewest upkeep dollars.

Stop at the sign of the Flying Red Horse for Summerize Service, today!

Magnolia SUMMERIZE Service

1. Protects your motor with correct weight of heat-resisting, summer Mobiloil.
2. Safeguards costly transmission gears with tough Mobil Gear Oil.
3. Assures quiet, trouble-free operation of differential gears with fresh Mobil Gear Oil.
4. Eliminates nerve-wracking squeaks with complete Mobil lubrication of the chassis.
5. Gives best possible mileage around town or on the highway with summer Mobilgas.
6. Radiator is cleaned with Mobil Radiator Flush. Mobil Hydrotone keeps it clean and prevents rust.
7. Battery is inspected and serviced; terminals are cleaned and greased.

Wild Animal Hunt In Minneapolis Enters 6th Day

MINNEAPOLIS, April 25 (AP)—The wild animal hunt in the municipal auditorium entered its sixth discouraging day as another expedition went hunting for two beaver and two baby alligators today.

Into the jungle of empty opera boxes and bleacher seats, Custodian M. A. Dahl led sweepers whose only clues were chunks chewed from seats by the beaver.

The beaver escaped by chewing its way from a zoo exhibition at the Northwest Sportsmen's show. The alligators scurried away when a basket of 25 of the reptiles was upset.

Texas "Garner-for-President" Unit Is Organized

DALLAS, April 25 (AP)—Organization of a "Texas Garner-for-President committee" was announced here last night by E. B. Germany, chairman of the Texas democratic executive committee.

The organization will open offices here May 1, with Germany and Mrs. Clara Driscoll of Corpus Christi, Texas democratic national committee woman, serving as co-chairman.

Germany explained the committee was organized without the knowledge or consent of the vice president, but predicted Garner would accept the nomination if it were tendered him because "Garner has never yet failed to heed the call to duty."

The committee chairman said the committee's purpose was in keeping with a resolution adopted at the Beaumont convention of Texas democrats and with a resolution passed recently by the Texas legislature, both of which urged Garner's nomination.

EQUITY GOES ON BLOCK

TYLER, April 25 (AP)—The Nivla Oil corporation's equity in seven East Texas wells, scheduled to be sold at auction today, will not go on the block, Earle B. Mayfield, attorney for the federal trustee of the corporation, announced.

Mayfield said internal revenue collectors had agreed to hold the auction in abeyance for 60 days.

Publishers View Developments In Television

NEW YORK, April 25 (AP)—More "firsts" for television came out of the ether yesterday in a demonstration of radio pictures given for publishers attending the annual meeting of the Associated Press. It was another of the tests of the RCA-NBC system.

For one thing a mobile transmitter was utilized for the first time to send out scenes of the AP news room on the fourth floor of the AP building in Rockefeller Center.

This part of the broadcast was coordinated with a studio presentation in which Dewitt Mackenzie, special AP writer on foreign affairs, retold the history of the world since Munich. His narration was augmented by AP news photos and specially arranged motion pictures. This likewise was regarded as a "first."

Viewers at the Waldorf-Astoria hotel, watching 20 picture receivers especially set up to permit such a large audience to look on, reported entertaining images.

The entire program, relayed by the main transmitter in the Empire State building, was presented by the AP staff in cooperation with the RCA and NBC television departments after weeks of preparation.

The theme of the broadcast was "Looking at Tomorrow," and it was designed to indicate to the publishers some of the possibilities of television, which is getting ready to make its public bow in the New York area next Sunday.

Departure May Mean Germany Has Given Up In War Suit

WASHINGTON, April 25 (AP)—Dr. Victor Huecking, German member of the mixed claims commission, has quit the tribunal in the midst of its deliberations over World War sabotage claims, it was learned today, and has been recalled permanently to Berlin.

An authoritative source said his departure "undoubtedly meant Germany had scant hope of winning the case." This source saw in the recall a possible German move to prevent any decision in the near future.

The claims total \$50,000,000 and were made by Americans against Germany as a result of the destruction of a railroad terminal at Black Tom, N. J., and an arsenal at Kingsland, N. J., before the United States entered the World War.

Huecking's departure from the United States came shortly after the commission in January heard final arguments on an American motion to reverse a decision made in Hamburg in 1930, which exonerated Germany for the losses.

It was authoritatively said in American quarters the absence of a German member at this stage, however, would not effect the outcome.

The German embassy would not comment other than to say Huecking had returned to his country to "take up anew" his duties as a justice of the court of appeals of Prussia and would not return to the United States.

Czech And Albanian Diplomats Invited To Reception

WASHINGTON, April 25 (AP)—Two envoys whose countries have lost their independence this year will be among diplomats invited to a special White House reception for King George and Queen Elizabeth of Great Britain.

The state department, it was learned today, will include Minister Vladimir Hurban of Czechoslovakia and Minister Faik Konitza of Albania on the guest list.

The prospective invitations were regarded in diplomatic circles as further indication of American refusal to recognize German and Italian sovereignty over the two nations.

After the king and queen go to the White House June 8, their first official function will be to receive the heads of foreign embassies and legations.

The German and Italian envoys thus may be at the White House at the same time as the Czech and Albanian ministers.

SENTENCED FOR SABOTAGE

MOSCOW, April 25 (AP)—Twenty-seven men charged with sabotage and espionage for an unidentified foreign power were reported today to have been convicted at Yerevna, in the Buryat Mongolian republic, and sentenced to six years' imprisonment.

Just To Make Sure

BERLIN, April 25 (AP)—To make sure all possible in Germany hear Adolf Hitler speak from 12 to 1:30 p. m. Friday (5 to 6:30 a. m. CST), all business establishments will be closed and factory employees and school children must assemble before radios in halls.

NATION'S Motor Experts say "OLD-TYPE OILS WON'T DO"

Lubricants . . . formerly recommended . . . now found deficient for modern motors.

Standard answers with a new KIND of oil, the 1939 "RPM" —built for today's operating conditions.

* New oils, until recently satisfactory, are trouble-makers in modern motors as proved by a newly completed Repair-Shop Survey, by an independent research company. These experts found that in modern cars brought in for repairs, 77% of the oil-return passages in oil rings are clogged with gum (the first stage in varnish formation), sludge, carbon, and other deposits.

MOTOR EXPERTS are facing problems today that oils, once favored in spite of higher prices, cannot answer.

These experts report that modern motors, with their new metals and new metal finishes, close-fitting parts, tiny openings for oil flow, high compressions, high speeds, and high temperatures, punish oil as never before. That brings up a brand-new problem! Varnish may form, sticky at first and soon baking to a hard film. Pistons and piston rings stick. Oil grooves clog. Friction increases. Motor drag develops. Engines are hard to start. They lose power and consume extra gasoline.

"Engine varnish" is no problem with "RPM". Our refiners threw away old production methods—definitely planned a new KIND of oil. They knew about the varnish problem and employed new oil-manufacturing methods. They have completed a new \$3,500,000 plant and have made "RPM" today's most modern motor oil.

"RPM" has all the long mileage you ever found in any oil,—plus the new qualities that keep it clean and keep your engine clean under the punishment of today's operating conditions. Try "RPM", the NEW KIND of motor oil.

"RPM" gives your motor new advantages

With a modern car, you absolutely need the new-oil qualities you find in "RPM"—the new KIND of motor oil. In any car, new or old, the 1939 "RPM" will give you smoother operation and a cleaner engine than any lubricants you have known, at any price. Here are some of its advantages:

- 1 OIL MILEAGE**—Unsurpassed by any oil,—regardless of source.
- 2 NO HARD CARBON**—And use of "RPM" will reduce existing carbon deposits from former oils.
- 3 GREATER POWER**—Because your motor stays clean.
- 4 STABILITY**—"RPM" has much greater resistance to change than ordinary high-grade oils.
- 5 QUICK STARTING**—And "RPM" reduces engine wear with its instant flow of oil.

WE BREAK A TRADITION

By tradition, Standard Oil advertising is conservative—it understates the merits of the products advertised. Because a new kind of motor oil is so necessary today and because this NEW KIND of motor oil, "RPM", is so clearly superior to any old-type oil, we're going to do it full justice—but no more than justice—by saying to you—"RPM" is TODAY'S NO. 1 MOTOR OIL "BUY"!
