More Money For Naval Work Asked

Roosevelt Requests 3 1-2 Billions For More Defense

WASHINGTON, July 11 (AP)—President Roosevelt asked congress today for \$3,323,000,000 more for the navy and maritime commission, thus pushing the projected cost of defense and lease-land spending past \$52,000,000,000.

The soaring figure included \$4,770,000,000 Mr. Roosevelt asked for the army only yesterday but did not embrace the \$7,000,000,000 which authoritative sources said was in the mill for additional lend-lease funds for nations fighting aggression.

That \$7,000,000,000 would push the overall figure since July 1, 1940—when the fall of France stirred the United States to concerned action—to \$59,200,000,000.

Correspondents at once asked whether this meant that merchant vessels would be armed. Mr. Roosevelt assured his press conference that this was not contemplated and that the bulk of the sum undoubtedly would be used for naval ships.

Mr. Roosevelt sought \$89,000,000 in cash and \$1,000,000,000 in additional contract authorizations for the maritime commission. He said the money would be used for a great many new ships, but did not disclose the exact number.

Both of the requested items today the chief executive explained, were necessary because of the defense program and shipbuilding program are ahead of schedule, so far as certain navy activity and cargo shipbuilding are concerned.

Placements By TSES Increase

Placements by the Texas State Employment Service showed a 25 per cent gain in June and were substantially up for the first six months of 1941 over the same period of last year. O. R. Rodden, local manager, reported Friday.

During the first six months of the year, private placements totaled 817 as opposed to 708 for the same time in 1940.

At the same time, demands for workers continues good with requests for farm and ranch hands running high. Also wanted are cafe workers, the TSES manager reported.

Openings exist in many defense industries for skilled workers, Rodden pointed out, and applications may be handled through the local office.

Among workers wanted are operators for internal grinder, bolt threading machine, centerless grinder, boring mill, thread grinder, metal press, jig, bushing detail and final sheet metal fabrication, planer, shaper, hand milling, milling machine, automatic screw machine, automobile turret lathe, turret lathes, engine lathe, jig boring machine, tool grinder, mechanical draftsman, mechanical engineer, tool designer, tool maker, bench machinist, mix electrical engineer, and teacher for vocational training and airplane mechanic motors. Any able to fill any of these places should call at the TSES office.

United States Crews Build Bases In Northern Ireland

Roosevelt Says U.S.A. Men And Steel Working 'All Over The World'

Compiled from Associated Press Dispatches Just how far the helping hand of the United States has been extended into the warring zones of Europe remained a mystery and a subject of hot debate today.

President Roosevelt declared in his morning press conference that he would not be surprised if American steel had gone into 50 British bases and if American workmen all over the world were being paid by the British.

This admission by the President, however, would not necessarily mean that the United States government has begun construction of a base in British-ruled Northern Ireland, however, as charged by Senator Burton K. Wheeler, leading spokesman for United States isolationists.

It could mean merely that technicians and laborers who are citizens of the United States have been employed by Great Britain on projects operating under the British flag.

That technicians and workers from the United States are engaged on a construction project of an undisclosed nature in Northern Ireland has been accepted as fact.

The foreign office in London announced this fact with the further assertion that the men were direct employees of the British government.

The London announcement said reports that the United States is establishing an air base in Northern Ireland "are not borne out by information available in London."

The statement was issued after London evening newspapers had given prominence to reports under a New York dateline of construction of a naval and air base by 400 American technicians.

Senator Wheeler has said he had information that American bases were being constructed both in Northern Ireland and Scotland. A reporter remarked at Mr. Roosevelt's press conference that there seemed to be substantiation from abroad for this assertion, and the President replied that whatever was being done was being accomplished either through straight purchases by the British government or under the lease-land act.

It was then he went on to say he would not be surprised if Americans were working for the British all over the world and American steel was being used in bases from Canada to South Africa and God knows where.

Mr. Roosevelt had no comment on the suggestion of Wendell Willkie that American bases be established in the British Isles.

Wheeler had asserted that cargoes of materials already had been sent to Northern Ireland and Scotland for construction of United States naval bases.

Thus he trumped the assertion made by Senator Taft yesterday that the United States was engaged in constructing air bases in both countries, but for the use of Great Britain.

At the same time, Senator George (D-Ga.), chairman of the senate foreign relations committee, announced he was opposed to dispatching American armed forces to any additional points outside the western hemisphere. He said he doubted reasons existed to justify further action in this regard.

With the question of additional Atlantic bases suddenly to the fore, members of the senate naval committee decided to ask Secretary of Navy Knox for information on the subject when he appears before the body today. Admiral Harold R. Stark, chief of naval operations, also was asked to appear.

The committee convened to inquire into reports that shooting has occurred in the past during encounters between vessels of the U. S. Atlantic patrol and German naval units. Committee members said that Knox would be asked specifically whether the navy planned bases in Northern Ireland and Scotland.

# Senator Norris 80 Years Old Today

WASHINGTON, July 11. (AP)—It was "just an ordinary working day" for Senator George W. Norris of Nebraska today on his 80th birthday.

The white-haired independent, erect and looking physically fit, planned to work as usual at his office, where, as one of his aides put it, "there are always plenty of things the senator insists on attending to personally."

Norris, now in his 38th consecutive year of service in congress, has said he would not seek reelection when his present term ends in January, 1943.

Advertising revenue derived \$249 daily and weekly newspapers reporting to the department of commerce, totaled \$539,460,000 in 1939.

**Light Your Yard for Happy, Pleasant Evenings Outdoors**

Now is the time to put in your floodlights to enjoy pleasant evenings outdoors. Yard lights are inexpensive and easy to install.

Why not really enjoy your yard on summer evenings? A yard light under the eaves of the house or fastened on the garage will give you plenty of light for games, evening meals outdoors and for reading and relaxation. You can also mow the lawn, trim the hedge or weed the flower beds in the cool of the evening, eliminating the need for working under a hot sun. In fact, you'll find many pleasant and enjoyable things that you can do if your yard is lighted.

# Bufs' Martin Adds No. 15 To Win List

By The Associated Press  
Timely hitting by the Houston Bufs last night enabled Freddy Martin to turn in his fifteenth mound victory of the league season in the final contest of a four-game schedule with the Missions at San Antonio.

Although the two teams each collected seven hits, the Bufs managed to end up with three tallies to the Padres' two because of a penchant for socking the apple at the strategic time.

In the only other game of the night, the Beaumont Exporters succumbed to the Sports at Shreveport by the score of 11-6.

Rainy weather forced postponement of the Oklahoma City at Dallas and Tulsa at Fort Worth games.

# Despite Past Record, Cards, Tribe Are Still In Major League Race

By The Associated Press  
Though they can turn out to be odds just as easily as high explosives, there were definite indications today that the Cleveland Indians and St. Louis Cardinals aren't going to give up the pennant races without a struggle.

At the moment, the battles are just as they were before the all-star contest, with the New York Yankees three and a half games up on Cleveland in the American league, the Brooklyn Dodgers three games to the good over the Cards in the National. But there's the hitch—the pace-setters didn't pick up any ground.

The Yanks, opening a swing through the west, got in five innings last night before it rained in St. Louis. That proved just enough for Joe Mingo to run his hitting streak to 49 straight and for Lefty Gomez to blank the Browns, 1-0, on five hits. At the same time, though, the Indians were beating the Athletics 3-2, with Bobby Feller setting the A's down on six safeties and then clinching victory No. 17 by scoring the deciding run after hitting a triple in the ninth.

In the other circuit the Dodgers also were kept from widening their margin. In one of the program's two afternoon games they tamed the Cincinnati Reds, 2-0, on Kirby Higbee's second straight five-hitter and timely hitting by Cookie Lavagetto, Billy Herman and Ducky Medwick.

But the Cardinals struck right on their heels. In a wild-eyed, free-swinging contest that involved five homers and eight pitchers, the Red Birds first ran up an 8-0 lead, saw it disappear in one inning, then came back with five more to blast the New York Giants, 12-6, and end their own five-game losing streak.

With one exception all of the night tilts were eloquent (money talks) testimonials to the popularity of baseball under lights. The night's top crowd, 34,548, was at the Polo Grounds; 32,280 turned out to honor Feller and watch the kid win the 99th game of his career; 17,949 at Chicago saw the White Sox support John Dungan Rigney's seven-hit hurling with a 14-hit assault of their own to down the Washington Senators, 5-1, and the lure of the Diamondback streak was strong enough to bring 12,822, second biggest crowd of the year, into St. Louis' National park.

## Crop Insurance Chief Appointed

COLLEGE STATION, July 11. (AP)—Appointment of Jesse H. Watson of Newcastle, a Texas farmer and former committeeman, as manager of the Dallas branch office of the Federal Crop Insurance Corporation has been announced by the U. S. Department of Agriculture.

The Dallas office will open about Nov. 1 and will deal exclusively with the cotton insurance program recently authorized by congress.

# Lookin' 'em Over

With Jack Douglas  
West Texas-New Mexico league candidates for All-Star centerfield honors have just about all that can be needed in the baseball line. A composite played, consisting of Big Spring's Pete Zmitrovich, Lubbock's Bartkowski, Lamesa's Marshall Brown and Wichita Falls' Stan Bolton, would give the fans a lad who could make things hum in top-bracket company.

For one thing, the fielding displayed by the lads borders on perfection. Errors have been made but are so sparsely scattered that for all intents and purposes that factor is left out.

Pete Zmitrovich has yet to commit an out and out error and, provided Lady Luck and the old eye stay with him, Pete need have but little fear on that score.

At the close of the circuit's first lap, Brown led the field in hitting, marking up 303. Bolton moved in to the slot vacated by Vuka and carried a .276 stick count with him, while Bartkowski, according to the last account had .254 as his average.

Pete, although early season hitlessness gave his average a push downward, was coming back up the grade with .342 marked up for him at the end of the first half. Right now, Pete is beginning to get rangy wallop.

Zeny Clayton, Brooklyn scout who has been stopping over in Big Spring, might be able to get a job as a weather prophet if he ever goes out of the baseball business. Clayton, with the aid of a trick knee, has been batting in the upper regions so far as calling the weather is concerned. It might be to Prexy Tink Riviere's and Manager Jodie Tate's advantage to buy off Zeny when he feels a kink coming in his knee.

Eddie Stevens has given up his tonsils and is now getting back in shape for bigger and better things for the remainder of the season. The Bomber first baseman has had considerable trouble with his tonsils and was forced to go through a long period of preparation for the operation.

Tommy Hutto held Eddie's job for a time — now Mel Reeves is showing his wares on the number one bag.

Harold Akey, Mundy pro has more than just a devotee's interest in the Professional Golfers Association championship rounds now in progress at Denver. Harold played a large part in getting two of the top divotees started in the game.

As boys in Fort Worth, Byron Nelson, defending champion, and Benny Hogan, one of the hottest contenders, were shown the ropes by Akey. At that time, Harold was pro at Glen Gardens and hired Nelson and Hogan for caddying jobs.

Dust Gets Court Dusted  
FORT WORTH — The woman before Judge Gilmartin was indignant. "Four homes," she said, "there was so much dust on the meter where I parked it looked as if there was plenty of time left. Those meters need a good dusting."

## Texas Aces Vie In PGA Quarter-Finals Today

DENVER, Colo., July 11 (AP)—A couple of ex-Texas caddies—rivals since Fort Worth schoolboy days—squared off today in the "main event" of quarter-final matches of the 1941 National Professional Golfers association championship.

It was Defending Champion Byron Nelson against "Golf-er of the Year" Benny Hogan over 36 holes and take your pick. There was little to choose between the two.

Hogan, 128 pounds of dynamite, had an edge over his bulkier rival in long shots from the tee but Nelson matched this as the greatest iron hitter in the game.

Accuracy was the premium on which each staked his chances to stay in the running for the second most important crown available to the professionals.

Nelson won the Vardon Trophy, emblematic of the outstanding player in the game, in 1939. Hogan succeeded him last year and fronts the field for the first six months of this season.

Pre-tournament favorite as the result of blazing practice sessions, Hogan reached the quarter-finals with a 2 and 1 win over Horton Smith in yesterday's 36-hole third round. Nelson came through with a 4 and 3 victory over Ralph Guldahl, a two time former U. S. Open titlist.

The three other quarter-final clashes today also were framed in unusual settings—gate attractions in any tournament.

Gene Sarazen and Denny Shute matched shots in the "battle of veterans"; colorful Sam Snead, the mile-long wallop on a mile high course, against P.G.A. freshman Lloyd Mangrum and Jimmy Hines renewing with Vic Ghezzi a feud postponed when Hines was forced to default because of a hand infection.

## Denver Amphitheatre Ready

DENVER—Denver's great open-air amphitheatre at the foot of the Rockies—the immense Theatre of the Red Rocks—is complete after nearly five years of work. The project cost approximately \$2,500,000 and the sloping, rock-surrounded seating area has facilities for 10,000 persons.

# Appreciation Night Slated For Windup

## Riviere Announces Reduced Prices For Hometown Finale

Buck Schulze stacked up his eighth consecutive victory of the current West Texas-New Mexico season here last night as the Wichita Falls Spudders were trounced by the Big Spring Bombers, 7 to 3. The Spuds arrived in town yesterday for a two game series.

The Bombers wind up their home series tonight and will feature the going-away show as Bomber Appreciation Night. Prexy Tink Riviere announced last night that price admission will be 20 cents for any and all. As an added attraction, Neal Rabe, the staunch Spudder manager and sometimes catcher, will show his wares for the edification of local fans. At least, he said he would provide the fans would fill the stands.

Big Spring again marked up a promising hit count, getting 11 wallops off Rossi over the route. In turn, Schulze held the Spudders to seven binges.

It was a fast and furious third inning that told the victory tale for the Big Springers. Hank Poltras and Pete Zmitrovich had already romped across the plate in the second, when the clincher was added in the third.

With Mel Reeves and Art Shillings on base, Zmitrovich punched out a three-bagger, then Al Zigelman drove in Zmitrovich with a single. J. L. Haney connected to follow up the spree and score Zigelman. When the inning closed a disheartened crew of Spudders rocked along to the ninth.

Then, what seemed to be the makings of a rally got underway in the ninth as Wichita got in one run by White, and Haley singled, and Hall and Bolton walked to fill the bases. With one out remaining, Buck clamped down and the side was retired as Hill popped out to Poltras.

## Hubs Trounce Loboes, 9-2

LUBBOCK, July 11 — Lamesa's Loboes used a pair of pitchers here last night in an effort to stem the tide but the battered Hubbers were not to be denied and Lubbock took the game, 9 to 2.

The Hubbers drove Lamesa's Hicks off the mound after he had been pounded for 11 hits and 9 runs in five and one-third innings. Thurman then took the hill for Lamesa, holding the Hubbers to one wallop during the remainder of the tussle.

Editorial - - TOURIST BUSINESS NEEDS BUILDING

Farmers of Howard county have victory in their grasp after a torrid fight against cotton flea hoppers. They received much encouragement in their campaign because it is estimated that at the very least action in poisoning the destructive insects has meant the preservation of cotton and seed worth \$125,000. The figure is estimated at twice that amount and higher by many.

ling to green in the spring sunshine. Here lay a Nagara, border village of stone houses and tall tents inclosed in courtyards surrounded by high walls of rock and mud.

A fresh clean yurt had been set up for the Americans in the courtyard of the headman's house. A little brook ran beside it. Anne and Philip were allowed to roam at will and Doddad had somehow managed the same privilege.

"Sacred cows of India!" Both called them as she lay groaning on the felts and furs that floored the yurt. "Not that I care. I wouldn't move if I could."

Philip took the lama off with him to explore the town. Anne stepped out and watched the last contingent of travelers ride in. Sherwood, his hands still bound, was led stumbling into a tiny stone hut in one corner of the court. A guard was placed at the door.

"Dog house," said Mackay at her shoulder. She turned and stared at him, biting her lips in distress. "Pete, is there anything I can do about it?"

"We might go over and see." She went inside the yurt, and picked up a big bearish robe to take to him. The young guard bowed to Anne respectfully but refused them admission, his hand on the door bolt. She reached out to draw her hand away. He snatched it off before she could touch him and drew back in fright, verifying what she had begun to suspect.

"These people are afraid for me to touch them. Do they think I'm contaminating?" "Sacred, Hussy; it's often the same thing." She smiled at the young guard. He smiled back shyly.

# Baptists End Camp Here

Camp Here

More than 100 youngsters from this area were preparing to break camp today, marking the end of the annual district encampment here for Baptist young people.

Thursday evening enrollment stood at 128 boys, members of the Royal Ambassadors, bringing the total for the camp period to around 400. Biggest single group were the girls who totaled around 240 for their three day session beginning Monday. The camp opened last Saturday with the TWA, or older girl group.

In addition to inspirational and instructional periods, boys have had a program of recreation under direction of the Rev. Vernon Yearby. Young people at the encampment used buildings erected this year as a part of a permanent program planned by the district W. M. U. sponsoring organization.

# Here 'n There

The wrong place to have a race is on city streets. This police informed two young men following a spirited dash down a thoroughfare. Charge for the lesson was \$5 each.

Five of the youths assigned here for advanced GPT instructor training have come from the Odessa primary class. They are Glenn Clark, Fitzhugh Lee, J. C. Foster, Norman Martin of Odessa and Nell Rosellins of Midland.

The Rev. and Mrs. Elmer Dunham of the East Fourth Baptist church are included on the faculty for the annual Piasano Encampment scheduled at Alpine from July 30 to Aug. 8. Also on the faculty are the Rev. and Mrs. Vernon Yearby, Clint, who have been helping in a district encampment here the past week.

The name of Clifton Charles Harrison should be added to the selective service list appearing in the paper today. His card arrived Friday morning and he draws number S-115.

R. E. Lee, Big Spring, and Bill Harkrider, Midland, were presented Wednesday at the Southland Life meeting here with certificates snatching production of business in excess of \$100,000. They were the only two in the district to be so honored. Joe Woodward, vice-president and agency director, made the presentations.

It's by a devious route, but Robert Debridge is probably in San Diego, Calif., now, launching on his six weeks of training as apprentice seaman in the United States navy. Upon his enlistment here, he reported to Abilene, was dispatched to Dallas for further examination, then to San Antonio to join other recruits, and thence westward by the way of Del Rio and El Paso.

Private Chester Little returned here for another furlough Friday. He had been given a few days leave from his post with the coast artillery, and two days after he returned Monday, he received notice of his transfer to the air corps at San Angelo, where he will study airplane mechanics.

Ollie Cox writes in from Sweetwater to report his first annual All-Kid rodeo (July 3-4) a big success. Ruby Clair Eberle, Sweetwater Lions club entry, won the sponsor's contest. Ralph Russell, Merkel, was top calf roper; and bronc and bull riding honors went to Shorty Fulton, Colorado City. Cox also announced the 11th annual Double Heart Ranch rodeo for Aug. 27-29.

Selective service headquarters has announced that all men leaving the national guard must register with selective service boards whether they will be required for additional service or not. Those with six or more consecutive years of guard duty will not be liable for service, but must register.

# 'This War Is Getting Them All Born', County Clerk Observes

County Clerk Lee Porter has it that in this day of emergency one needs a certificate to prove birth in the United States, which is another way of establishing citizenship. Since the first of this year the rush has increased in tempo. The total is 117. January brought 13, the February lull nine, but March stormed back with 22. April experienced a slight decline with only 15. May jumped back to 22 and June rallied to an all-time high for this class of business with 38 tardy certificates.

Reason for the rush is that national defense jobs most all require a birth certificate. Other lines of business are falling into line, so

# Mitchell County Wildcat To Plug

Application has been made to plug the Casebolt at No. 1 J. E. Franklin, wildcat two and a half miles southeast of Colorado City, at 3,248 feet. Sulphur water was encountered at that depth. The wildcat was drilled to test for the Westbrook pay, around 3,000 feet. Location was in the northwest corner of the northwest quarter of Section 30-27, T&P survey.

# Big Spring Hospital Notes

Mrs. E. F. Simms, 1004 Gregg, underwent major surgery this morning. Albert Hise, Odessa, was dismissed from the hospital this morning. Mrs. J. D. # Thundershowers Fall Over West Texas

Scattered thundershowers fell over West Texas Thursday afternoon. In Big Spring the fall was measured at .31 inch, but to the east, around Coahoma, the fall was much heavier. No hail was reported. At Abilene 1.79 inches of rain fell and nine houses were struck by lightning, none being seriously damaged. Eight-year-old Don Bridges was killed when struck by lightning near Sweetwater.

# Army Looks Over Pat O'Daniel

SAN ANTONIO, July 11 (AP)—Pat O'Daniel, eldest son of Gov. W. Lee O'Daniel, was among the 30 young men from Austin who were poked and prodded by doctors at Fort Sam Houston's induction center today. The 22-year-old youth, a senior at the University of Texas who is majoring in business administration and law, said that he wasn't partial to any special branch of the service but that he enjoyed his year of training in the naval R. O. T. C. at the university.

# Range Conditions Continue Bright

AUSTIN, July 11 (AP)—Growth of range feeds continued excellent on July 1, the United States department of agriculture reported today. Grazing conditions were almost perfect for cattle, but rankness of weeds and grass was not so favorable for sheep and goats. Cattle did well, making better than average gains, during June.

# U.S. May Blacklist Firms Aiding Nazis

WASHINGTON, July 11 (AP)—United States defense officials, determined to end leakage of American goods to Germany, were reported giving serious consideration today to the compilation of a world-wide list of firms which serve as Nazi purchasing agents. The British are known to have a "blacklist," as such listings are called when prepared by belligerent governments, and presumably this information has been made available to American officials for such use as they desire.

# Grain

CHICAGO, July 11 (AP)—After dropping almost a cent, wheat prices today rallied in the final hour and scored fractional net gains for the day. Early weakness was attributed largely to government forecast of a 923,613,000 bushels 1941 crop, which will be added to an estimated carryover of almost 400,000,000 bushels, giving the country its largest supply on record. The late rally was associated with strength of securities, Russian claims of having stopped the German invasion and some buying attributed to millers. Wheat closed unchanged to 2-8 higher compared with yesterday, July \$1.05 1-4-1-8, September \$1.06 3-4-7-8; corn unchanged to 1-8 lower, July 73 1-2, September 75 1-2; oats 1-8-1-4 lower.
