Australia Seeks Aid To Defeat British Proposal

NEW YORK, June 18 (AP)—Australia turned to Russia and the United States today for support in opposing a British effort to knock out a majority-approved recommendation of the United Nations security council for a collective diplomatic break with Franco Spain.

The British urged yesterday that the council send a report on Spain without recommendation to the general assembly in September and suggested that the court of international justice be consulted on the legality of any action against the Franco regime.

The proposals, laid before the council by British delegate Sir Alexander Cadogan, met immediate opposition from Australia, France and Mexico. When the council reconvenes at 1 p. m. CST today, US delegate Herschel V. Johnson is expected to add his voice to those who already have spoken against the British plan. His position was affirmed by an American spokesman.

Many Killed, Injured In Tornado Hitting Border Without Warning

Property Damage Runs Into Millions; Search Conducted For Victims

DETROIT, June 18 (AP)—A freak June tornado struck viciously Monday night into southern Michigan and adjacent Ontario, Canada, and left behind today a death toll of at least 17 and more than 100 injured.

Searching parties hunted through a one-hundred foot path of devastation in Canada for possible additional victims. The identified dead totaled 13, but hospitals in the Windsor area reported at least "seven or eight" other victims critically injured and near death.

The search through the debris began at the first streak of dawn less than 12 hours after the twister roared across the Detroit river and into a sparsely settled rural area near Windsor.

River Rouge, Mich., a Detroit suburb and home of the huge Ford Motor Company Rouge plant, sustained the first shock of the tornado shortly after 6 p. m., but tiny Sandwich, Ont., bore the full fury of the blast.

Property damage was expected to run into the millions of dollars. Hundreds of persons were homeless as the wind toppled houses like so many straws.

Business establishments were wrecked, autos and bodies of the victims were buffeted as the tornado reached its zenith.

The tornado, climaxing two days of violent rainstorms in the area, struck without warning. The Fisher low cost housing project was first to feel the fury of the tornado which leveled 10 of the 546 units and caused severe damage to others.

Many of the projects were injured. The wind ripped buildings as if they were made of paper. Several small fires broke out, adding to the panic.

Hobbs Labor Bill Drive Gaining Force In Senate

WASHINGTON, June 18 (AP)—Republican and Democratic backers counted today an overwhelming approval already voted by both houses to force early senate action on the Hobbs "Anti-Backsteering" labor bill.

Senator Hatch (D-NM), who unexpectedly jockeyed the measure out of the senate judiciary committee yesterday, told a reporter he will move soon to bring it up for a final vote.

He added that he will resist any attempts to mend the measure, despite the objections President Truman raised to its wording when it was presented to him as part of the Case labor disputes legislation he vetoed.

The bill, originally offered by Rep. Hobbs (D-Aia) and passed by a wide house margin, would declare it a felony to interfere by robbery or extortion with the free movement of goods in interstate commerce.

Mr. Truman said he favored these objectives but added that congress should make it clear the measure does not "make it a felony to strike and picket peacefully."

Hatch said he thought Mr. Truman had been given a wrong interpretation of the measure. "It doesn't interfere with any legitimate union activity," he declared. "There is no need for amendments. It doesn't affect peaceful picketing or strikes."

Sponsors of the legislation have said it is aimed chiefly at some unions which take the position that anyone bringing produce to a union-organized market must pay for a union driver, whether such a driver actually is employed.

Kansan Threatened By 'Phantom Killer'

KANSAS CITY, June 18 (AP)—Dr. R. M. Martin, Kansas City physician, received a telephone call June 14 from a woman who claimed to be "the phantom killer" of Texarkana, Tex., police have disclosed.

The call in the voice of a woman was received by Dr. Martin's mother-in-law, Mrs. J. J. Ulferts of Claire City, Minn., at the physician's Kansas City home.

The caller referred to a story printed recently about the murder at Texarkana and told her to place \$200 under a bathtub in a certain house, Mrs. Ulferts said. Police were notified promptly and a dummy package placed in the specified place and watched, but no one tried to pick it up.

Professor Gives 'Wrong' Answers

TOKYO, June 18 (AP)—A Japanese professor, called as a prosecution witness in the international trial of warlord Hideki Tojo and 27 others, gave the "wrong" answers today and upset proceedings.

Expected to testify that Japan's warmakers used the nation's schools to whip young men into aggressive fanaticism, Prof. Tokiomi Kaigo declared on the stand that military training originally had only peaceful purposes.

When questioning failed to elicit anticipated answers, Assistant Prosecutor Valentine Ham-mack asked for permission to impeach the testimony of his own witness. Later he withdrew the request.

Under cross-examination Kaigo testified that military training was increased in 1925-26 because "after World War I there was great social unrest in Japan" and "we can consider that putting into execution of military training did a great deal to check this tendency."

Refreshments were served to Mrs. A. J. Hildun, Mrs. M. S. Warner, Mrs. Drucilla White, Mrs. J. A. Kinard and Linda, Mrs. M. A. Rainey, Mrs. A. D. Harmon, Mrs. J. P. Riddle, Mrs. H. L. Moore, Mrs. S. A. McClanahan, Mrs. V. A. Masters and Mrs. Eggleston.

Swallowed Marble Fatal To Child

A ten-month-old baby died this morning despite efforts of doctors to revive him after a marble lodged in his throat, choking the life out of him.

The child, Charles Parker Peterson, was rushed to a local hospital by his parents, Mr. and Mrs. Otis Peterson, from his home in Vealmoor, but it was too late.

The body will lie at the Nalley Funeral home until services are arranged.

Besides his parents, he is survived by a brother, Jasper; two sisters, Elsie and Lavada; two uncles, Carl E. Peterson and Floyd Newsum, all of Vealmoor. The family returned here from Louisiana, where the child was born, about eight months ago.

Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your drugstore and ask for four ounces of liquid Barconate (formerly called Barcol Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonfuls twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloat disappears—how much better you feel. More alive, youthful appearing and active.

Discussions Heard On Church Creeds At Women's Meet

Continuing their study on "Things I want to Know," members of the Presbyterian Auxiliary heard the second in the series at their weekly meeting Monday at the church.

Mrs. R. T. Piner gave the week's lesson on "Why We Are Protestants," in which she spoke on the creeds of the Presbyterian church.

The group sang "A Mighty Fortress is Our God," accompanied by Mrs. Harry Hurt, after which Mrs. Piner told the story of Martin Luther's hymn. Mrs. J. B. Mull gave a short discussion on Texas home missions, and Mrs. Dalton Mitchell distributed leaflets on that topic.

Attending were Mrs. J. B. Mull, Mrs. Dalton Mitchell, Mrs. J. C. Lane, Mrs. D. A. Koon, Mrs. R. V. Middleton, Mrs. Harry Hurt, Mrs. D. T. Evans, Mrs. Steva Tam-sitt, Mrs. T. S. Curry, Mrs. W. D. Hardy, Mrs. A. A. Porter, Mrs. R. T. Piner.

DEPENDABLE SERVICE

Helpful Hints for Better Refrigeration

- Defrost regularly.
- Cover warm foods.
- Don't open door more often than is necessary.
- Keep controls set for normal temperature.

● Electric refrigerators are designed and built to give many years of dependable, economical service.

Right now, the need for adequate refrigeration is more acute than ever. It is vitally important that scarce food items be carefully conserved during the present emergency.

Help your electric refrigerator to continue to bring you the benefits of proper refrigeration by taking special care of it. The better care your electric refrigerator receives, the better service it will render.

Should your electric refrigerator need adjustment or repair, call the dealer from whom it was purchased, or some other reliable service man who is experienced with your make of refrigerator.

The new low electric rates mean that you can operate your electric refrigerator at still lower cost, right at a time when the cost of living is going up.

Negro Wins Suit To Enter School

AUSTIN, June 18. (P) — A district court judge has ruled that Texas must either provide higher educational facilities for negroes, or admit negroes to the University of Texas.

This was the effect of a decision handed down by Judge Roy C. Archer in 126th District Court, granting Heman Marion Sweatt a mandamus compelling the University of Texas to admit him as a law student.

Judge Archer suspended action on the writ for six months to give the state time to establish a negro school. The judge said:

"This matter (of providing higher education for negroes) has been before us a long time. The need is not only apparent but real."

Judge Archer added that while he was not certain either of his authority or jurisdiction, "it occurs to me that it is a matter which should have been disposed of long ago."

Mother Captured; Daughter Escapes

PECOS, June 18 — Mrs. Margaret Opal Mulford, 37-year-old Kansas City housewife, is being held in the Reeves county jail after an unsuccessful attempt to escape from FBI Agent George Zagrabis and Deputy Sheriff Casey Farrington at Balmorhea. But her daughter, Opal Mae, 16, a material witness against a Kansas City man charged with rape, still is missing.

The two evaded the officers at the home of a friend at Balmorhea Saturday but the mother was apprehended five hours later.

Mrs. Mulford is wanted on a fugitive warrant in which it is alleged she aided her daughter to escape at Kansas City. A fugitive warrant also has been issued for the girl.

Mrs. Mulford told a newspaperman here that she did not want her daughter's name dragged into court and "I knew the trial wouldn't be good for our Holiness association."

She said officers were wrong in the accusation of the Kansas City map.

Montgomery Ward

Browns Belt Boston For 7-1 Victory Behind Jack Kramer

Mickey Harris Victim; Phils Trip Corsairs

By the Associated Press
Throwing the ball over the grandstand is hereby suggested as a healthy exercise for all American League pitchers. Ever since Jack Kramer of St. Louis climaxed a bumping bout with Umpire Hal Weafer by heaving the pill out of Fenway park, the young gentleman has been nothing short of terrific.

After shutting out Washington in an extra-inning game and downing the Yankees in a relief chase, Kramer took the hill last night to prolong the Boston Red Sox "slump" with a 7-1 triumph. Kramer, a 28-year-old righthander from New Orleans, smothered Joe Cronin's gang with only five hits for his seventh triumph against one defeat.

It's much too early to start worrying about the Red Sox who still lead by 7 1-2 games, but skipper Joe must be spending some anxious evenings—particularly over the pitching department.

Only one of the last eight Boston starters has gone the route while the club has been losing five of its last six starts. Luke Sewell's Brownies didn't give the Sox much chance to breathe deeply last night, belting Mickey Harris for five runs in the fourth inning with the help of homers by Johnny Berardino and Vern Stephens. Harris, trying for his 10th win, suffered his second loss.

With the rest of the league unscheduled, the Sox lost a half game to the other contenders.

It was a great day for St. Louis with the Cardinals picking up a full game on the idle Dodgers by belting the Boston Braves twice, 9-6 and 1-0.

Ben Chapman's Phillies are knocking on the out-of-the-cellar door again, only .006 behind the seventh-place New York Giants and in a virtual won-and-lost tie for seventh. A four-run cluster in the second inning doomed Pittsburgh, 7-3, although Dick Mauney had to come to the relief of Charley Schanz, the Phil starter.

All other clubs were not scheduled.

Vincent Defeats Von Roeder, 14-7

With three Big Spring players in the lineup, the Vincent softball All-Stars defeated Von Roeder for the second straight time at Vincent last Sunday, winning this time by a 14-7 count.

Glenn Bredemeyer, Big Spring Motor hurler, went the distance on the hill for Vincent. Charley Teague and Jimmy Felt, also of the Motorists, also saw action.

Bredemeyer and Teague each collected three hits in four tries.

Cosden, Stanolind Chalk Up Wins In Munny Contesting At City Park

Cosden's Oillers, battling to stay in the fight for the first half championship of the Munny softball league, got the scare of their lives in a game with the Manhattan Club at the city park last night but won, 3-2, on the strength of a last inning run.

The Refiners led up until the first part of the fifth when the Manhattan suddenly lowered the boom on Red Harrison and tied the score.

A red-thatched menace, Odell Womack, provided the offensive edge for the Cosdens, banging out a single in the third that went for four bases when the Manhattan center fielder let the ball get through him and doubling in the fifth to drive home W. D. Berry from the middle station. Berry had climbed aboard on a single into right field.

Charles Reed touched off the Manhattan uprising in the fifth when he singled and stole second base. Howie Smith brought him home with a safety and himself scored when Billy Parker laid down a bunt out of the reach of Harrison.

The Oillers had broken the ice in Round Two when Frank Barton, who had strolled, dashed home on a long triple by Berry.

Coahoma's Stanolind Oillers had their troubles, too, in the after-piece but decided the ABC club, 6-3, with the help of some heavy hitting and a boner or two on the part of the ABC players.

Stanolind, inspired by a Morey Morrison's hit, went out in front in the initial round by scoring twice in their half of the frame.

D. R. Gartman, who succeeded Lee Flowers on the hill for ABC, was the victim of Coahoma's four-run rally in the sixth that virtually put the decision on ice.

First game:
Manhattan000 020-2 3
Cosden011 01-3 5
Brown and Parker; Harrison and Womack.

Second game:
Coahoma200 004 0-6

State's Schoolboy League Is Largest Of Kind In The US

AUSTIN, June 18—(P)—The 1945-46 University Interscholastic League attracted 200,000 Texas high school students who participated in sports and literary competition, acting director Rodney J. Kidd reported today.

The league has a membership of 1,500 secondary schools and is still growing. It is the largest organization of its kind in the United States, Kidd added.

Indicative of the widespread activity in sports, were the 7,400 football games scheduled and the 10,210 basketball games. Kidd said the 1946-47 season will see larger figures in both sports.

LOOKING 'EM OVER

With TOMMY HART

Baseball fans who are lamenting the fact that Our Town is without their favorite pastime are passing up a good bet if they miss the Sunday games of Elias Gamboa's Tigers.

Gamboa's crew is getting better each time out. In their past two games, the Bengals have gone 25 innings and broke into the clear with as many decisions.

According to Juan Vega, Jr.,

club statistician and chief critic,

the Felines need another hitter or two but boast a good defensive club. They're fairly wealthy in mound strength, too.

Central Texas representative in the Esquire All-Star baseball game at Chicago this year will be James Randolph Blair of Dallas, a tosser who is unbeaten this year.

He'll take his signals from Ty Cobb in the Wrigley Field class, which will be played August 10. He graduated from Adamson high school in Big D. Blair will probably enroll at Baylor university next fall.

Aggies Grabbing Most Of Choice Prep Athletes

DALLAS, June 18—(P)—If the way last fall's all-state schoolboy football team is going to college can be taken as a criterion, Texas A. and M. is grabbing most of the choice athletes.

This probably serves as a good index to how the wind is blowing, meaning the University of Texas isn't hogging the athletic field as you'll hear at every turn.

Here's the tabulation on the all-state: A. and M. 3, Texas 2, Rice 2, Southern Methodist 2, Tulane 1. Yes, there's one missing. Well, he's not planning to go to college right now; he expects greetings from the War Department soon.

A. and M. comes up with Jimmie Flowers of Highland Park (Dallas), center; Cotton Lindloff, Waco, quarterback, and Bill Jett, Amarillo, guard. Lindloff, however, won't play football. He figures staying out of the grid game will improve his chances of breaking into professional baseball.

Bob Hames, Wichita Falls, tackle, has chosen Texas. Newell Kane, Palestine, back, reportedly is due for the same place but we are informed that there is a strong possibility of Kane's going to Tulane.

Ralph Murphy, tackle, and Froggie Williams, end, both of Waco, have gone to Rice.

Bill Moxley, back, and Bill Elliott, end, both from Highland Park, are Southern Methodist catches.

J. W. Thompson, Odessa, back, has gone to Tulane to play for Henry Frnka.

A. J. Dugas, Port Arthur, guard, is the boy who doesn't plan to go to college now. He expects a call from the Army any day.

Frnka is getting quite a few Texas schoolboy stars. Bill Richards, Midland's triple-threatener of 1944, has gone to Tulane. Rex Partridge, Odessa end, also has journeyed over to play with the New Orleans Greenies.

The hard, bare, warty patches on the inner side of the legs of horses are believed to be survivals of scent or recognition glands.

Four Attractions At Roping Match Definitely Planned

With four main attractions definitely listed, plans for the matched roping contest to be held at the rodeo grounds Friday night have been completed and arrangements include preparation for accommodating a large crowd.

Contests will start at 8:30 p. m. In the featured event Troy Fort of Lovington, N. M., will challenge Sonny Edwards, with 12 contestants slated to rope 12 calves each.

Harry Howard of Rankin and E. P. Driver will tangle in the second match, roping six calves each.

In addition a big jackpot roping will be held and a girl's flag race will round out the program.

Louis, Conn Take Final Drills—

Champion Picture Of Confidence As Weighing-In Time Draws Near

NEW YORK, June 18—(P)—

The long weeks of sweaty, monotonous training behind them, heavyweight champion Joe Louis and his collared challenger, Billy Conn of Pittsburgh, took final light workouts today, just sufficient to keep their red corpuscles stirring.

Both concluded their boxing yesterday, the big negro stepping four rounds against his sparmates and Conn dancing through a final two. Each has utter confidence in a smashing victory tomorrow night before the first crowd of \$100

ticket-buyers in the history of prize fighting.

The two former soldiers, who made a sensational scrap in their other meeting five summers ago, will see each other once before they square off under the lights at Yankee stadium—when they appear tomorrow for the official weigh-in.

Conn, the 28-year-old former light heavyweight king, will balance the bar at around 182 pounds. Louis is expected to weigh around 206 or 208.

Among those who watched Louis

is finish his boxing were his former wife, Marva Trotter Louis, and their three-year-old daughter, Jacqueline, from Chicago. There have been persistent reports there might be a reconciliation after the big fight, but neither will confirm it.

Those on hand saw an impressive Joe Louis. Seemingly almost light-hearted, the champion danced around and jabbed his partners as though he might have been copying Conn.

Sitting around his dressing room beforehand, during the long ritual of having his hands bandaged, Louis was a model of composure.

There was no reported change in betting odds, although up in Harlem they were laying even money that Louis would win by a knockout. Something like four out of every five of the sports writers flocking into town were plumping for the champion to put Billy to sleep quicker than he did in '41, that is, under 13 rounds.

Softball Managers Parley Tonight To Discuss Second Half Schedule

Managers of the Munny softball league—all 12 of them or as many as want to enter teams in the second half of the schedule—gather at the Settles hotel around 7:45 o'clock tonight in regular session.

Object of the session is to draw up a schedule. That will come only after it definitely is known how many teams are entering into competition.

One of the contingents active in the first half race has already withdrawn, according to League President Dewey Colium. At least one other may follow.

A ten-club league, all agree, would be more compact. Scheduling-makers would find, too, the round-robin of games would be easier to arrange.

A committee will probably be appointed by Prexy Colium to arrange the second half card and set the playoff dates for the city championship.

Another thing which is certain to be discussed this evening is the all-star game, which would be played at the conclusion of the first half schedule next week.

There's been something in the wind in the way of such an exhibition ever since the league first came into being. However, nothing has definitely been worked out.

Methods for choosing the two clubs will come in for liberal discussion.

More telephone wires for waiting customers

While telephone men are busy putting in the switchboards needed to serve people waiting for telephones here...

Other installation crews are working just as hard adding to the network of underground and overhead cables throughout the city. Their job is to put in more telephone wires to link more telephones to switchboards now being enlarged.

We are installing in advance, in so far as possible, the cables and wires needed to connect telephones to the switchboards in the telephone office. To make the new equipment go farther and furnish service to more people sooner, almost every telephone connected to it

will for a time need to be a party line.

If you are waiting for a telephone, you can be sure the telephone company is doing all it can to connect your service as soon as possible. We shall notify you when we can serve you. Until then, your order will be carefully kept in the business office—and filled in proper turn.

WE'RE WORKING HARD ON A BIG JOB

The telephone company is spending \$33,000,000 in Texas this year to expand the telephone system. Our goal is to provide service at the earliest possible moment for all who are waiting.

Y Swim School Entry Deadline Is Moved Back

Deadline for entry in the YMCA swimming school, which began last Saturday at the municipal natatorium, has been moved back to Wednesday. Director Arah Phillips has announced.

Eighteen more boys and girls joined the classes Monday morning, bringing to 58 the number now enrolled for the summer's course and Miss Phillips said she expected several more to report by Wednesday.

The school is now being conducted three mornings weekly — Monday, Wednesday and Saturday — and will continue throughout the warm months.

A beginners class, which is in charge of Miss Phillips and Roy Rodman, will be graduated and a new one started every 12 days.

Hugh Cochran and John McIntosh, who'll instruct novices in the art of diving, have joined the Y faculty.

Legion Troupe To Play Odessa

Our Town's American Legion girls softball team, unbeaten in seven starts, is scheduled to play the Sewell V-8 team of Odessa here at 8:15 o'clock Saturday night.

The two teams were originally slated to tangle here last weekend but the game was cancelled by the Odessans Friday due to a mixup in their schedule.

Big Spring and the Odessans tied, 24-11, in a wild tussle played two weeks ago in Odessa.

The Legion management has also booked games with Sweetwater and Brownfield.

Governors Of Texas—

Mighty Houston Attempted To Stem Rising Tide Of Secession, Failed

By PAUL BOLTON
(Editor's note: This is the sixth of the series on governors of Texas. Others will follow from time to time.)

AUSTIN—Texas' sixth governor called himself "the Savior of Texas" and many times remarked, "I made Texas."

Those were bold words, but the man who used them was a big man: So big that Texans of today think of him in many different and heroic conceptions. Some call Sam Houston the hero of San Jacinto. Others remember he was twice president of the Republic. Others recall his election as one of the two first US senators. Still others emphasize his opposition to secession.

Few remember that Sam Houston was beaten for governor by Richard Runnels in 1857 and then defeated Runnels in 1859.

Houston was presidential timber. But he stirred the south to anger with his fighting speeches against disunion. Branded an "abolitionist" he usually replied with something like this: "I deny the power of all the ultra-ists in the world to render the union in twain." Once in the senate, following a fiery speech by southern senators, Houston arose, clasped his hands together and exclaimed: "I wish if this union must be dissolved, that its ruins may be the monument of my grave and of the grave of my family. I wish no epitaph to be written that I survived the ruins of this glorious union."

Because of such speeches, the ex-president of a republic lost the chance to head an even greater republic. Even his election as governor in 1859 was politically paradoxical. He had been soundly beaten by Runnels on his "save the union" platform, in 1857. Yet, in 1859, the same issues were at stake. In 1857 his enemies branded Houston "a hoary headed old man." But apparently, by 1859, Texans had realized the disrupting effects of Runnels' secessionist policies.

The following year Runnels led the Texas delegation to the Democratic national convention at Charleston. In a caucus, the leader of the New York delegation predicted that Sam Houston could sweep the country for a great victory. And Runnels leaped to his feet, shouting: "Sir, by God! I am the individual Sam Houston recently thrashed for governor, and anything laudatory to him is damned unpleasant to me."

Speculation on what history might have been is futile. But it might have been that this deadly enmity changed the entire course of empire in the United States. In any event, Houston lost the nomination for the presidency and went into one of the most stirring administrations of any Texas governor.

Houston fought tigerishly to halt the spreading flames of secession. Not only was he fighting the tides of history; he must have known that he also opposed the will of his people. In 1860 after Houston addressed a Waco audience, a keg of powder was exploded behind his hotel, in an attempted assassination. A lighter episode occurred in San Antonio, on Alamo plaza.

But Texas, politically and socially, was a southern state. When South Carolina, the "star-eyed belle of the south" started the

YMCA and Catholic Church came out on top in the girls' division of Church softball league competition Monday afternoon.

In games played on the South Ward diamond, the Y triumphed over First Methodist, 14-9, while the Catholics were thumping Church of God, 18-8.

Senior and junior boys swing into action on four different diamonds this evening.

A game between East Fourth Baptist and Airport Baptist juniors, originally scheduled to be played on the Salvation Army diamond, will be unrec'd on the Airport Baptist diamond, instead. Starting time is 6 o'clock.

Egypt Asked To Give Refuge To Mufti

CAIRO, June 18—(P)—Deputy Mohamed Aly Nosier proposed today in the Egyptian Parliament that Egypt give refuge to the Grand Mufti of Jerusalem, who disappeared recently from his place of exile in France.

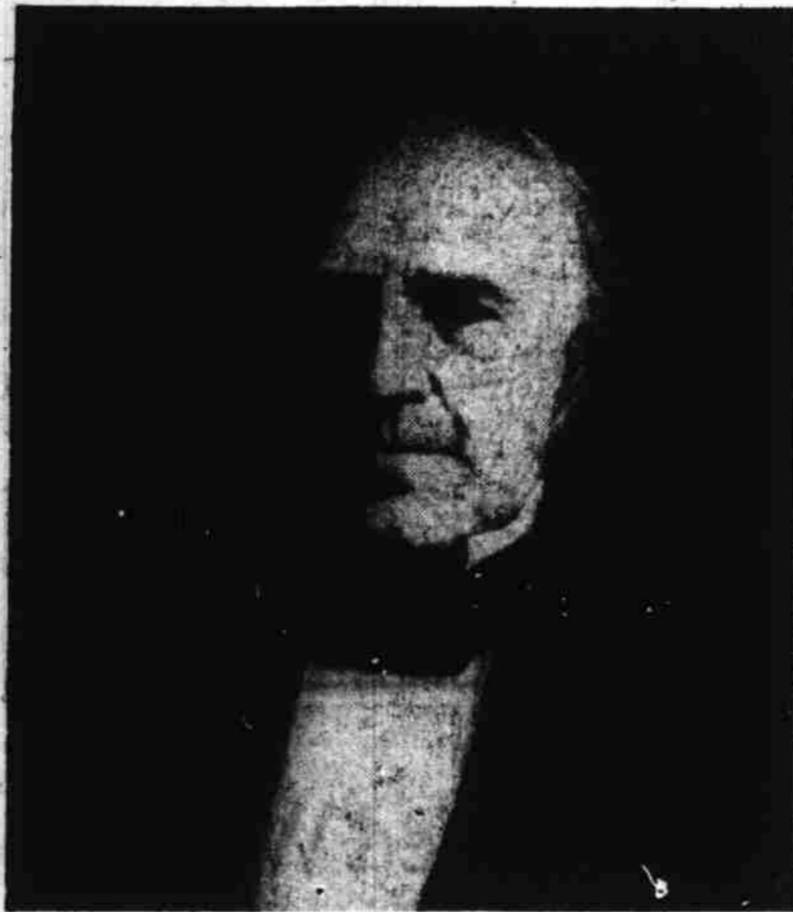

"The Palestine case is extremely important to all Arabs and it is necessary for the Palestine leader to be protected," Aly Nosier declared.

The present whereabouts of the Mufti are uncertain.

Man Had Brick In His Stomach For 10 Years

One man recently stated that for 10 years he felt like he had a brick in his stomach. This feeling was due to the lump of undigested food he always had inside of him. He was weak, worn out, headachy, swollen with gas and terribly constipated. Recently he started taking INNER-AID and says the feeling like a brick in his stomach disappeared the second day. Bowels are regular now, gas and headaches are gone and he feels like a new man.

INNER-AID contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get INNER-AID. Sold by all drug stores here in Big Spring.

SAM HOUSTON

stamped, not even the mighty Houston could stop Texas from following. A secession convention, was called at Austin for January 28, 1861. Houston tried to forestall it with a special session of the legislature two weeks earlier. But the legislature recognized the legality of the convention, said it represented the will of the people. Houston fought on. At Belton a man rose in the audience brandishing a pistol. "Mice barking at a lion in his den," Houston roared, then spread his arms wide and told the hot head, "You could not hit me if I were as wide as a barn door."

When 108 secessionists met in Austin, Houston wrote a letter to President Lincoln pleading for troops; he called in friends and by flickering candlelight they debated over sending it. Finally Houston yielded. Tearing the letter

into strips and dropping it into the mansion fireplace, he said, "Gentlemen, you outnumber me. If I were forty, and could get ten thousand soldiers, I would defy you all. But I am an old man now. All I can do is say, 'You are wrong,' and quit."

This is a story which has been made into books. Perhaps the tale ends as Houston sat on the porch of the Governor's mansion and watched the Bonnie Blue of the confederacy hoisted above the capitol. After that day he was so inactive that a contemporary newspaper wrote, "He has sunk out of sight leaving but a ripple on the surface." Today there remains no memory of that newspaper excepting his ill-conceived dismissal of a great American.

Henderson Widens East Texas Edge

By the Associated Press
Loop-leading Henderson was the only one of the top teams in the East Texas League to report a victory last night.

The Henderson Oilers came from behind in the eighth inning to score seven runs off the Sherman twins. The final score was 8-3. Paul Martin of the Oilers homered in the fourth and four-based again in the eighth with one on base.

Second-place Tyler lost a 4-3 decision to Greenville, the cellar club.

Paris, in third place, was defeated 3-2 by Jacksonville.

Texarkana swept a doubleheader with Lufkin, 9-8 and 10-1.

Qualifying Ends

AMARILLO, June 18—(P)—Qualifying rounds in the 12th Annual Tri-State Senior Golf tournament end here today as visiting linksmen take over the Amarillo country club course.

Thirty-two Amarillo golfers, led by Sam Orr with a 78, qualified Sunday. Match play begins tomorrow.

Jap Premier Backs New Constitution

TOKYO, June 18 (AP)—Premier Yoshida will urge swift adoption of Japan's new "no war" constitution in an address before the 19th extraordinary session of the diet Friday.

An announcement said the cabinet approved today a revised draft of the premier's address, which will give for the first time a complete outline of the new government's policies.

The diet session will open Thursday with Emperor Hirohito inaugurating the assembly. The first formal business session will begin the following day.

The constitution, endorsed by General MacArthur, drastically curtails the powers of the emperor and increases those of the diet, and specifies new rights and freedoms for the people.

Yoshida also will present the government program for solving the food shortage, controlling inflation and reconstructing industry.

He likewise will suggest measures to prevent workers from seizing and operating plants as a weapon in wage disputes.

Nine Jews Reported Killed By British

LONDON, June 18 (AP)—A Reuters dispatch from Jerusalem today quoted an official announcement as saying that nine Jews were killed last night in a pitched gun battle with British troops guarding the central railway workshops in Haifa.

Five persons, two of them women, were seriously wounded, the dispatch said, and 15, including one woman, were arrested.

49 per cent of American families had gardens in 1945.

Please TASTE your Coffee Critically!

BECAUSE it is so easy to get into the habit of putting up with what you have if you don't know what you're missing, it might be a wonderful idea to check up on the taste qualities of the coffee you are drinking.

You might even find you are denying yourself a lot of coffee enjoyment.

One very best way to check up on coffee flavor is to try Folger's — because it always has been a better kind of coffee... because it has maintained its own individual Mountain Grown Folger Flavor through wars, depressions, shortages, and difficulties and because it is a recognized standard of excellence in coffee.

As you discover the enjoyment of the Folger Flavor, you should also discover the economy that goes with that flavor.

Most folks hereabouts will readily admit that Folger's is the most delightful coffee. They prove it by buying it themselves. In the great over-all area where Folger's is sold, it is the largest selling individual brand... the acknowledged public choice. That couldn't happen if the coffee were not very superior.

Test your coffee critically by comparing it with Folger's... next time you need coffee!

A Salute For Men Of Service

Today representatives of clubs in Lions district 2-T and governors and other officials from Texas and Mexico conclude a two-day convention in Big Spring.

Of course, these such gatherings combine such factors as inspiration, color, fellowship, competition and even high jinks into one fast-moving celebration. The tempo is so fast that the casual observer may not see the forest for the trees.

There is nothing confusing, however, about the objects of Lions clubs — and, naturally, of other service organizations. Although, in our American way, we find humor in the situation oftentimes, there is no laughing off the good that these clubs do in their own communities.

The reason is simple. In the final analysis, the clubs devote themselves to the

consuming ideal of unselfish service. Not all achieve a full measure of success, but the average is good, and our regional and even our national and international social endeavors are better for it.

This is a day in which it is all too easy to become self-centered. With group and individual pressure exhibited as a contemporary spectacle, it is refreshing to see men banded together to help mankind without any thought of reward.

But we are told that those who do things for "the least of one of these," shall have a rich and unsolicited reward . . . and that over and above the personal satisfaction that can come only to those who serve one another.

Big Spring is proud to have had this type of men and women in her midst for these two days.

We Pass Another Milestone

Volume numbers change today to No. 19 on The Herald, signifying the newspaper's 18th birthday as a daily publication.

The Herald never passes a milestone but that those responsible for it are reminded of the obligation which it assumes toward the community.

While it is a private concern, The Herald always has considered itself as a semi-public institution in that it is not content to merely

report and interpret the news, but assumes a place of community leadership. Regardless of the volume of business or circulation, The Herald counts its successes in the successes of the city and area.

As we come to another birthday, we are reconsecrated to the task of producing a still better newspaper for all the people in the hope that it will, in some small way, have a part in the building of a better and happier community.

The Nation Today—James Marlow

Up-To-Date Data On The Atom

WASHINGTON—(AP)—The United Nations talk again Wednesday in New York about atomic energy and how to control it.

The talk started when the bomb hit Hiroshima last August 6.

One thing was certain: Here at last was atomic energy. Man had found how to use it.

Four things became pretty clear: 1. The United States had the bomb secret and could keep it, but perhaps only for a year or a few years.

2. Other countries, particularly Russia, would learn how to make the bomb.

3. When this happened, and unless controls were set up, the great nations eventually would race to make bigger and more terrible bombs.

4. But if the nations agreed to outlaw the bomb, or control it, atomic energy could be turned to great peaceful uses.

Out of all the arguments on those four points, two main ideas emerged:

1. Something had to be done about developing atomic energy for the public welfare. The gov-

ernment would have to control it in this country.

2. We were willing to share our atomic secrets with other nations but, before we did, we wanted to be sure they'd never be used against us.

Take the No. 1 idea—government control in this country—first.

A fight developed fast in congress: Should the armed services or civilian authorities be boss over atomic energy in this country?

The senate wanted the house to work along with it in finding a good answer. The house ignored the senate and went its own way.

Scientists and civilians trooped up to the capitol to say what they thought should or should not be done.

The senate created a special atomic committee headed by Senator Brien McMahon, Connecticut Democrat.

This committee, after a great deal of work, came up with a bill which the full senate approved and sent to the house. The house hasn't acted yet so it still is not a law. This bill proposes:

The atomic energy program should be headed by a five-man, civilian commission appointed by the president. An army-navy committee would work with the commission, since the army and navy are responsible for national defense.

If the commission made a decision contrary to army-navy ideas, the latter could appeal to the president. He'd have final say-so.

President Truman himself, on Oct. 3, 1945, had suggested congress create such a commission. At the same time he said there should

GI's Make Good Will

ZURICH, Switzerland — (AP) — American soldiers, whose free and easy ways have brought them strong criticism in some European countries, have earned their "good conduct" ribbons in Switzerland.

Here touring GI's are genuinely serving as good will ambassadors for the United States.

In the past 11 months almost 250,000 American troops have tak-

en eight-day tours of scenic Switzerland at a special \$35 rate which covers food, hotel rooms and travel expenses. Each soldier is also allowed to bring along \$50 spending money.

When the project first was broached many Swiss were alarmed at the prospect of hundreds of thousands of foreign soldiers flooding their small country.

After nearly a year of association with these American tourists in uniform the Swiss people have voted them to be more gentlemanly than their run-of-the-mill peace-time visitors. They have caused little property damage and their "wolfing" has been on a higher plane than during the war years.

"Out of one quarter of million soldiers we have had only one-half dozen cases of misbehavior," said Florian Neiderer, Swiss manager of troop tours. "These were mostly watch and camera thefts. We have had no cases of crimes against women. We feel this is an exceptional conduct record."

Neiderer said the tours have done more "for mutual understanding between our countries than anything else possibly could."

Jimmy Brugger, veteran guide, who has also escorted almost 8,000 soldiers through Switzerland, says the first thing troops ask is "where are the watches." After that they buy souvenir wood carvings and music boxes.

Brugger says American soldiers generally prefer Swiss cities to Swiss scenery, because of the night life they provide. Jimmy sometimes can't understand why boys should rather play cards than look out of train windows at mountain-sides.

"Before the war we saw only the ritzy class of Americans," he said. "The Swiss people like your soldiers because they are more typical of the United States."

Songs Buried With Flop

NEW YORK—The hundreds of musical comedies now little more than fragrant memories to theater and music fans have had buried with them dozens of songs which, under proper circumstances, might have become great hits. Sometimes it was the fault of the fellows who wrote the show and stuck tunes away in obscure moments of the proceedings. In other cases the tunes were too complex for rapid memorizing. Sometimes flop shows carried songs to Cain's Warehouse to be left there with the scenery.

Cole Porter's "Begin the Beguine" struggled out of some musical cemetery after years of obscurity when Artie Shaw's swing band recorded it. The sheer beauty of Jerome Kern's "All The Things You Are," kept it from being forgotten when the show in which it was first heard, "Very Warm For May," flopped miserably about ten years ago. Buried in that debacle, and removed from possible popularity were a pair of delightful ditties, a sophisticated torch tune with a very New Yorky tone to its sentimental mood, "All In Fun," and lovely ballad, "That Lucky Fellow."

"Roberta" became a hit show almost because of one big ballad, "Smoke Gets In Your Eyes," but there were other songs in it which few except musical diehards ever remember: "Yesterdays," "The Touch of Your Hand" and "You're Devastating," beautiful both in words and music; Jerome Kern again, this time with Otto Harbach as lyricist; Oscar Hammerstein put words to Kern's tunes in "Very Warm for May."

Right in the current fabulous success "Oklahoma!" there is a tune which has received no great public appreciation, a wonderful waltz, "Out of My Dreams." There is, incidentally, a Rodgers and Hammerstein tune originally slated for "Oklahoma!," called "Boys

Supreme Court Justice Feud Old Story

WASHINGTON.—Some people seem to be laboring under the impression that wrangles are new on the Supreme Court. Actually, wrangling began soon after the court was formed, with the attempted impeachment of Justice Samuel Chase, continued vigorously under John Marshall and has flared — up intermittently ever since.

Latest wrangle, prior to the Jackson blow-up, was between amiable Chief Justice Harlan Fiske Stone and austere Justice Owen J. Roberts. Although Republicans and Hoover appointees, they did not get along well in recent years, and there was one hot though private argument between them over the question of sitting on a case involving Stone's former law firm.

Before that, however, the most virulent feud on the Supreme Court revolved around cranky, crusty Justice James C. McReynolds, the only justice credited with driving an associate off the court. For six years Justice John H. Clarke sat beside him, and for six years McReynolds never spoke. Finally Clarke resigned.

McReynolds also tried to drive the late Justice Louis D. Brandeis off the bench. He would rattle his papers or even leave the bench when Brandeis rendered an opinion. And, when the jurists adjourned for their customary sandwich or soup and crackers at the noon recess, McReynolds turned up his nose at lunching at a table with Brandeis. Instead, he duffed his robe, drove downtown and lunched by himself.

His vote against the income tax made it necessary to pass a constitutional amendment to make the income tax legal, which took 18 years. It was the only way Field's opposition could be overcome.

Charles Evans Hughes, after retiring as associate justice and before he was appointed chief justice, delivered a series of lectures on the Supreme Court before the Columbia law school in which he described the efforts to get Justice Field off the bench.

"It occurred to other members of the court," Hughes said, that Justice Field had served on a committee which waited upon Justice Grier to suggest his retirement, and it was thought that recalling this to Justice Field's memory might aid him to decide to retire.

Justice John M. Harlan was deputed to make the suggestion. He went over to Justice Field, who was sitting alone on a settee apparently oblivious to his surroundings, and after arousing him, respect to Justice Grier's condition, asked if he did not recall how anxious the court had become with Justice Harlan asked if Justice Field did not remember what had been said to Justice Grier on that occasion. The old man listened, gradually became alert, and finally, his eyes blazing with the old fire of youth, burst out: "Yes and a dirtier day's work I never did in all my life."

marked Lincoln at the time, "seems as if it had been designed not to sustain the government but to embarrass and betray it."

Frankest observation regarding the court came from one of its own members, Justice David J. Brewer, in 1898.

"It is a mistake," he said, "to suppose the Supreme Court is either honored or helped by being spoken of as beyond criticism. . . . The time is past in the history of the world when any living man or body of men can be set on a pedestal and decorated with a halo."

Lincoln Spanked Chief Justice

Another period of near-civil war took place in the court after the last war, when the nine justices were called upon to pass on the espionage cases. The court was so split, that a committee, including Justices Willis Van Devanter and William B. Day called on Justice Oliver Wendell Holmes to ask that he write one of his usual vigorous dissenting opinions.

"You know what my ideas of the law are, and I will not change them," he replied. And for some months following this, the justices stopped speaking to each other.

"Probably the most vitriolic criticism ever leveled against the court by anyone in high places came from Abraham Lincoln, when Chief Justice Roger B. Taney called upon the commanding officer at Ft. McHenry in Baltimore to relinquish a prisoner during the Civil War. This the commanding general refused to do.

"The judicial machinery," re-

Row During Grant's Regime

Another bitter battle inside the Supreme Court took place during the Grant administration over the Legal Tender Act. Justice Robert C. Grier, then senile, was induced by Chief Justice Salmon P. Chase to change his vote, thereby helping to make the Legal Tender Act unconstitutional. This was a great embarrassment to the Republicans, who needed the Legal Tender Act to support their fiscal policies during and after the Civil War. Republican members of the court, therefore, charged Chief Justice Chase, a Democrat, with deliberately influencing the court majority because of his desire to run for President on the Democratic ticket.

"The chief justice," charged Justice Samuel F. Miller, "resorted to all sorts of stratagems of the lowest trickery."

Inner court feeling was so bitter that the minority wrote a private memo, vigorously critical of the chief justice. It read in part:

"An attempt was made to convince an aged and infirm member of the court (Justice Grier) that he had not understood the question on which he voted. . . . In a week from that day, every judge on the bench authorized a committee of their number to say to the judge who had reconsidered his vote that it was their unanimous opinion that he ought to resign. . . ."

Local TLCB Arrests, Convicts 15 People

Of the 449 cases involving liquor law violations filed in the state during May, 15 originated in the 25 counties comprising the Big Spring district.

Of those 15 cases, as many convictions resulted. Fines amounted to \$2,689.65.

Throughout the state, 398 convictions resulted, 29 jail sentences were meted out while the fine income amounted to \$61,592.15.

Revenues for the month brought \$1,434,366.97. Liquor stamp sales accounted for \$1,032,524.35 of that total.

Revenues for May, 1946, increased \$418,160.70 over income for the same period in 1945.

Feud Over Justice Field

There was also the court feud over Justice Stephen J. Field at the time the Supreme Court declared the income tax law unconstitutional in 1895. Field, then nearly 80 years old, led the attack against the income tax. Senile, and frequently asleep in court, a committee of his colleagues suggested his retirement but he only flew into a tantrum.

Ollie McDaniel's Station Boasts Of Best Wash, Grease Job In Town

"The best washing and lubrication service in town." That's the boast of Ollie McDaniel's Service Station, proud of its Flush Master equipment and challenging the car owners of the area to give it a chance to live up to the slogan.

With the proposed safety lanes for checking the condition of cars on the highway ready to be initiated, Ollie McDaniel, owner of the station, is now offering to check free of charge cars brought in for a wash or grease job for faults in the motor, chassis, brakes, etc. which may render it unable to pass that test.

Besides its washing and greasing specialty, the Service Station

also offers a good supply of that good Gulf gasoline and other products to keep any car running smoothly, safely and economically. There is in stock at the present time a plentiful line of automobile accessories, including jacks, batteries and the like. These items are replaced as quickly as possible under the present reconversion and labor bottleneck and will become more plentiful and the kinds increased as McDaniel can obtain them.

He also hopes to have a line of tires for trucks and automobiles in soon, but asks customers to bear with him until they arrive. At present, tires are among the most out-of-reach items in production.

In the meantime, the mechanics at the station will be glad to doctor those old tires and make them last as long as possible.

STUDY TO SERVE—Sixteen members, representing groups of employees in the retail and wholesale divisions of Banner in the ice cream, ice and milk route recently completed a course of special training in route selling. They spent 10 hours in the class, instructed by Thelma Boone, of the University of Texas extension division and state board of vocational education. Courtesy and good service were keynotes of the instruction, with one class period being dedicated to sales demonstrations, illustrating proper points on service. W. J. Sheppard, manager, arranged and participated in the course. Enrolled were Sheppard, Lellan B. Wortham, John Wesley Bryant, Elmer Askins, Donald Haykorth, Jack Archer, G. B. Adams, Jack Bennett, G. B. Anglin, Tommie Stator, Marjorie Moore, R. C. Stocks, Woodrow Taylor, Burton D. Day and R. H. Harter. Miss Boone is in the center. (Jack M. Haynes Photo.)

Banner Creamery Serves Big Spring With Milk, Dairy Products And Ice

Not only does Banner serve Big Spring and area with milk, other dairy products and ice, but it is accounted as one of the city's larger industries.

The modern plant at E. 3rd and Owens street operates on a busy 24-hour schedule receiving, processing and distributing its many products.

In charge of the operation is W. J. (Bill) Sheppard, associated many years with the company. Banner buys extensively from local herds and draws from the area for additional milk supplies to make sure that Big Spring and territory has sufficient milk, ice cream, butter and ice.

Milk received is produced in conformity to approved health

standards for grade A raw milk and, then is further protected by most modern pasteurization and bottling steps. The same quality of production holds good for other products, including the company's crystal clear ice.

Although quality always has been a watchword with Banner, Sheppard is placing additional emphasis on service.

With this objective in mind, he recently secured the services of Thelma Boone of the University Extension division and state board of vocational education to instruct a specially designed course in route selling. All the fine points of prompt, courteous and thoughtful service to the customer were impressed on more than 16 per-

sons who qualified for certificates for 10 hours of training. Actual demonstrations of procedure were included in the course.

As a result, Sheppard feels that the company not only will be able to furnish the best possible products, but do it in a manner that will be most pleasing and convenient for customers. In a few words, the staff is shooting at better than pre-war service in the early postwar period. Banner is taking the lead in selling and serving the customer.

Prairie Fire Fought For Over 12 Hours

WICHITA FALLS, June 18—(AP)—Approximately 300 volunteers and soldiers from Sheppard Field successfully fought a 12-hour battle yesterday on the J. S. Bridwell ranch near here to bring a prairie fire under control.

At one time the blaze threatened oil wells in the vicinity. Approximately 6,000 acres were burned over.

Most of the residents of Scotland, Tex., in Archer county, and neighbors of surrounding ranches turned out to fight the fire. One hundred soldiers and four bulldozers were sent out from Sheppard field.

Darmond E. Hill Home With Discharge

Darmond E. Hill, son of Mr. and Mrs. A. F. Hill, has returned home with his discharge after serving for two years on the USS Flint.

He holds the American theater ribbon, Asiatic-Pacific ribbon with four stars, Philippine Liberation ribbon with one star and the Victory ribbon. He received his discharge on June 12 at which time he was a seaman first class. He plans to enter Texas Tech in the fall.

Water Softeners Become Popular

Growing more and more popular are water softeners which plumbers can easily attach to the water pipes of any house, thus insuring soft, pure water at all water taps, both hot and cold, experts at Runyan Plumbing company have declared.

Soft water saves not only clothes and soap but insures complete sanitation and purity for drinking purposes. After the original system is installed it is a simple matter to have the water softening agents replaced monthly to assure constantly soft, safe water.

The Runyan Plumbing personnel includes 10 men now of experience and efficiency, and as a result quick, painstaking repairs and installations can be made. The latest in the corps of plumbing experts is Raymond Dyer, recently returned from the armed services.

Due to production tie-ups, new plumbing fixtures remain difficult to obtain, but the supply of repair parts and equipment is of the same high standard, and if the fixture is not new, Runyan's has both the men and the material to insure satisfactory service. Those who know say that with proper care and inspection the equipment which has performed so admirably for years, can continue to give service until such time as production reaches its maximum.

Runyan's reprints its customers that when new parts and fixtures are available, they will be obtainable at Runyan's headquarters at 805 East Sixth street.

Four County Boys Named Grass Judges

A four-man team will be out to protect Howard county's record gained in 1945 grass judging when the district six 4-H club encampment opens in San Angelo June 27.

Instruction was given to a group of about 30 Saturday by E. J. Hughes of the District Soil Conservation office and County agent Durward Lewter. Examinations which followed, determined the 1946 grass judging team members, with Lowie Rice winning first place, Perry Walker second, Bobby Cathey third and Wayne White fourth.

Rice recorded a perfect score and Walker missed identifying only one of the 73 grass varieties used in the examination.

Politics Warm As Election Near

By the Associated Press Texas candidates for state offices continued to wax warm last night in campaign speeches touching on party politics and state government. At Port Arthur, Dr. Homer Price Rainey, candidate for governor, lashed out at the Texas Regulars and "their bigshot radio henchmen" who, he claimed, "have attempted to keep me from discussing the issues over the air." "The regulars and their wealthy crowd are afraid to let Homer Rainey on the air," he said. "They know that when the people learn the truth, they will sweep Homer Rainey into the governor's office in the first primary." At Houston, Price Daniel, Liberty, opened his campaign for attorney general. He asked the voters to elect a hard-fighting attorney general with both legal qualifications and practical knowledge. He cited eleven years of law practice before entering the army and his six years of legislative service as qualifications. Daniel pledged to set up a veterans' desk and a labor desk in the attorney general's office, to enforce antitrust laws, and to fight efforts of the federal government to obtain rights to river beds and submerged land in Texas.

Von Papen Claims To Work For Peace

NUERNBERG, June 18.—(AP)—Attorneys for Franz von Papen presented to the international military tribunal today documents purporting to link him with the extension of peace feelers to the United States, by way of Turkey, in April, 1944. The documents contended that von Papen, a German diplomat for three decades, worked with George H. Earle, former governor of Pennsylvania and later assistant US naval and air attaché in Turkey, for a negotiated peace with the United States and other Allied powers. Baron Kurt von Lersner, former president of the German peace delegation at Versailles, sent a statement to the tribunal describing his personal efforts to end the war.

Vienna Urgently Asks For Aid From UNRRA

VIENNA, June 18.—(AP)—Burgomeister Theodor Koerner has sent an urgent message to Florentino LaGuardia, director general of the UNRRA, advising him that unless food is sent to Vienna soon "the population will collapse." "Come to Vienna and convince yourself. We cannot continue," the message to LaGuardia said. Strikes protesting insufficient food were called in 17 of the city's factories yesterday and labor circles said the number would grow. The normal Vienna consumer has been living on a diet of less than 1,200 calories for weeks, with no prospect that UNRRA supplies will arrive in time to raise the ration by next month.

Child's Body Found In Artificial Lake

BUTLER, N. J., June 18.—(AP)—The body of seven-year-old Larry Blossfeld, who disappeared Saturday from a Sunday school picnic at Forest Hill park, was found today by state police in the artificial lake of the picnic grove. Larry, son of Mr. and Mrs. Albert E. Blossfeld of Teaneck, had been the object of three days of wide search. This morning more than 300 state and local police, firemen, Boy Scouts and neighbors had been ready to take up again their combing of the thick woodlands of northern New Jersey. Sergeant Joseph Rutter and Trooper Burt Jacobus of the state police barracks and Pompton Lakes started out at dawn today in a boat to search the lake waters. Larry had last been seen by his mother as he wandered near the lake shore Saturday afternoon. The two state policemen had estimated that, if the boy had drowned, the body might rise to the surface by this morning. They set out before the searching parties were organized and found the body not far from a rowboat dock.

Corpus Plans Parade To Honor Nimitz

CORPUS CHRISTI, June 18.—(AP)—The biggest parade in the history of Corpus Christi is scheduled today in honor of Fleet Admiral Chester Nimitz. Admiral Nimitz will review parade units of naval organizations stationed at the Corpus Christi naval air center here. A flight of 50 naval planes will stage an air show during the parade. Nimitz spoke last night at a banquet given in his honor by the local council of the Navy League. He said the Corpus Christi naval air station would be maintained in the years to come as an "important network of experiment and training." Yesterday afternoon the admiral participated in a parade and review, featured by a demonstration of a jet plane.

Americanism Course Suggested For Reds

WASHINGTON, June 18.—(AP)—Rep. Bunker D. Nevil recommended today that all Communists in the United States be rounded up by the FBI and given a course in Americanism. "Those who do not then renounce Communism," he said, "should be deported." Bunker advanced the proposal in a statement which quoted a recent report of the house committee on un-American activities as saying the Communists have a maze of organizations in the United States and that there are more than 150 organizations which follow the Communist party line.

Proration Hearing To Set June Figure

AUSTIN, June 18.—(AP)—Nominations for 45,692 barrels of crude oil daily over the figure for June will be presented at the railroad commission's statewide oil proration hearing today. The commission will take testimony on which to base its July proration order. Nominations totaled 2,485,541 barrels of crude daily.

TYPHOON NEARS LUZON

MANILA, June 18.—(AP)—The navy reported today a typhoon was moving toward the general direction of Luzon from a point 350 miles east of Mindanao, big Philippines island lying to the south.

"These Sunday picnics are like old times again, Gus—since the newsprint situation eased up!" (Editor's Note: That's a joke, son.)

Governor's Race Highlights Primary

DETROIT, June 18—(AP)—A six-man race for party endorsements as gubernatorial candidates highlighted Michigan's primary today as political observers predicted that between 500,000 and 800,000 votes would be cast.

Center of interest was the four-way tussle for the Republican nomination for governor with most observers forecasting a close race.

Political pundits were in disagreement as to the voting strength of Kim Sigler, colorful prosecutor whose activities resulted in imprisonment of a large number of state legislators. He was tagged as the big question mark of the campaign in his first bid for major political office.

Hale G. Knight, head of the Wayne county GOP organization, expressed belief some 600,000 Republicans would trek to the polls between 9 a. m. (EST) and 8 p. m. (EST).

The Democratic contest between former Governor Murray D. Van Wagoner and William J. Cody of Detroit was not as much in the spotlight as the intra-party struggle on the GOP side.

Van Wagoner did little campaigning, as he stood "on his record."

Spokesmen for the Democratic party said about 200,000 would vote.

VFW Contributes To SA Playground

First donation from service clubs, lodges or veterans organizations toward the Salvation Army playground project was received from the Veterans of Foreign Wars post today.

Capt. Olvy Sheppard of the Salvation Army announced receipt of a check for \$100 to be applied on the project at W 4th and San Jacinto streets.

Richter Reenlists For Army Service

Rudolph E. Richter, who saw service in the Pacific theater as a member of the 716th Tank battalion, has reenlisted in the US Army through the Big Spring recruiting office.

Richter, who lives in Lamesa, volunteered for three years and asked for service in the armored forces.

Salvation Army To Open Bible School Monday

In keeping with a general program, the Salvation Army will begin a two-week vacation Bible school at the Dora Roberts Citadel, 600 W. 4th, Monday.

Capt. and Mrs. Olvy Sheppard will be in charge of the school, assisted by Mrs. Zora Harrison, Mrs. Wanda Rogers, Glenn Cagle, Mrs. Beatrice Davidson, Betty Louise Roberts and Mrs. Florence Daylong.

Hours for the school are from 9 a. m. to 12 noon, and any child between ages of four and 14 is welcome to participate, said Capt. Sheppard.

The year indications are that there will be a new record established for Salvation Army vacation Bible schools, with an estimated 400,000 due to be enrolled during the summer months in 1,000 schools.

The Salvation Army, as well as other institutions, has found through experience that the vacation Bible schools are extremely helpful in combating juvenile delinquency. Special emphasis is placed on Christian principles of cooperation and sharing and Bible study as well as many other studies and activities.

Tornado

(Continued from Page 1)

and Red Cross workers were pressed into service.

Detroit hospitals were hard-pressed to handle seemingly endless streams of injured, many of whom were discharged after first aid and treatment.

Tragic stories were unfolded in quick succession as the bodies of 14 victims were recovered and the scores of injured were rushed to Windsor hospitals.

Windsor hospitals, hard hit by loss of electric power, struggled to handle the great influx of emergency cases.

Stories of paths and heroism were intermingled. One man told of seeing a boy lifted off his bicycle and into the air as the tornado hit. The smashed bicycle was found; the body of the boy was not recovered.

A Canadian mother—Mrs. Joan Beaman, 19—was injured as the blast hit her home, gave caesarian birth to a daughter but both died.

Her second daughter, two, also was crushed to death as the tornado ripped apart their home.

Several hundred workers of Chrysler Corp. of Canada, who had met at Windsor to take a strike vote, assumed the roles of rescuers when they got word of the tragedy.

They hurried to the area to aid in the task of pulling timbers off the piles that once were homes to search for bodies.

Bus drivers turned their vehicles into emergency ambulances.

FBI agents sped across the river with portable lighting equipment to alleviate the situation.

Freight cars were tossed about as if by some giant hand. Roofs were torn off freight buildings. Some boxcars were smashed into kindling as the freak wind toyed with them.

Doolittle Attempts To Cut Flying Time

HOUSTON, June 18 (AP)—Jimmy Doolittle's attempt to set a Houston-to-Chicago airline speed record started at 12:24 p. m. (CST) today, as the special Chicago and Southern airliner roared down the runway at municipal airport and lifted into the air.

A full passenger list of newspaper, radio, oil company, and airline executives was booked for the flight which is being led by the man who raided Tokyo, and ended his wartime career as a lieutenant general commanding the Eighth air force in England.

General Doolittle, now a vice president of the Shell Oil company, is directing the attempt to cut in half the present airline flying time between Houston and Chicago.

Strike Proclaimed

ATHENS, June 18—(AP)—A twenty-four hour general strike proclaimed by the leftist general confederation of labor to protest emergency measures of the right-wing government, went into effect this morning one hour before parliament formally approved the drastic new laws after an all-night session.

Personal Articles Stolen From Car

Crooks made capital of a vehicle they found open in front of a package store north of town Saturday night, getting away with a quantity of personal items, including dresses, four sheets, pillow slips, towels, shoes, blankets and a clock.

The property belonged to Gladys Harper, Big Spring, who reported the loss to the sheriff's department.

Newspaper Guild May Pay Officers

SCRANTON, Pa., June 18—(AP)—The American Newspaper Guild (CIO) decided today to submit the question of a paid president to a referendum vote of its membership.

The 13th annual convention, after brief debate, adopted a resolution directing the international executive board to conduct the referendum not later than six months before the next convention.

Under the proposal, a paid president and paid secretary-treasurer would be substituted for the present top level officer setup—an unpaid president, full time executive vice-president and full time secretary-treasurer.

Elder Will Visit Hereford Breeders

Henry Elder, secretary of the Texas Hereford Breeders association, Fort Worth, will arrive at the I. B. Caudle Hereford farm Wednesday and is to spend one or two days visiting with registered Hereford breeders of Howard county.

Caudle has notified members of the Howard County Hereford association to attend a meeting Wednesday at 9 a. m. in the county agent's office where an itinerary will be mapped for a tour of the county's herds.

Elder is making the trip here to acquaint himself with any problems the local breeders may have.

County Cotton Crop Losses Estimated

A quartet of workers captained by J. B. Hammond started the task of making estimates on cotton crop losses on Howard county farms Monday.

First reports from the team indicate that the losses, despite the drought, will be varied and spotted. M. Weaver, AAA administrator, said this morning he believed the county's yield would be much better than at first anticipated.

The inventory will probably be completed within the week. Each of the quartet is capable of surveying about eight farms a day.

Those working with Hammond are Ralph White, Coahoma; Ellis Iden, Vealmore; and Roy Anderson, Ackerly.

Hearings Scheduled

WASHINGTON, June 18 (AP)—Senator Chavez (D-NM) said today that a sub-committee of the senate irrigation and reclamation committee probably will hold hearings in New Mexico during August on his bill to establish a middle Rio Grande valley reclamation and flood control project.

Smelly Job For Cops

CHICAGO—Chicago police had a smelly job recently.

They were sniffing around for the scent of Forever Amber—not the book, but the perfume.

Burglars, who slid in through a coal chute, took 1,008 bottles of the stuff, worth \$2,600, from the Kay Däumli Co.

Other perfumes and colognes in the loot boosted the total haul to \$3,768.

House Urges Stiffer Dealing With Russia

WASHINGTON, June 18—(AP)—"Immediate abandonment of any semblance of appeasement in our negotiations and relations with Russia" was urged today by four members of the house foreign affairs committee.

In a report on a two-month trip to Europe, they also called for "a frank, across-the-table exchange of sentiment" between President Truman and Premier Stalin as soon as possible.

The full foreign affairs committee is to meet tomorrow to review the report.

Signed by Reps. Gordon (D-Ill.), Ryter (D-Conn.), Mundt (R-S.D.) and Bolton (R-Ohio), the subcommittee report said in part:

"It has become very evident in Moscow that each time we have taken a stiffer attitude and refused to yield to any and every Soviet demand our embassy has found it increasingly easier to deal with Russian officials."

Friday Night Show Scheduled Thursday

The regular Friday night amateur program will be held at the city park amphitheater on Thursday night this week, the chamber of commerce announced today.

The date was moved up this week in order to prevent a conflict with the matched roping contest at the rodeo grounds. The Thursday night program will begin at 8 p. m., with prizes to be awarded to winners of the amateur entertainment series.

began developing its resources.

As a result, the textile industry (particularly cotton) has grown to imposing proportions. Construction and other industries, including a basic one in petroleum and minerals, are flourishing.

The mayor of Mexico City is not unmindful that this heartening stride presents new social and economic problems.

Basically, there are three of these: 1) Mechanization of agriculture, coupled with education in agricultural methods and provision of credit to capitalize on the availability of small tracts to the Mexican farmer; 2) a vast federal housing project to combat squalor and anti-social conditions among the poor colonies of the cities; and 3) the perfection of a balance of economy based on management-labor relationships which will insure the continued progress of industrialization.

He is vitally interested in projects for Mexico City, already one of the most modern of cities.

"Today we have a population of almost 3,000,000 people," he said. "We have completed development of a water supply ample for a city of 5,000,000 people. Now we need to perfect drainage, even to the construction of a big tunnel through the mountains." (Mile high Mexico City is surrounded by mountains.)

Doria y Paz has deep admiration for the United States and "for your splendid people." He is happy that Mexico was able to aid the United States through unrestricted supplies of minerals and supplies and fighting men. He is appreciative of the use that has been made of these.

Enthusiastically, he looks forward to meeting opportunities in his country and toward fostering an affinity between "our democracies."

Wyatt Warns Against Removing Controls

WASHINGTON, June 18—(AP)—Wilson W. Wyatt, national housing administrator, said today that a "breakdown" of price controls almost certainly would eliminate the hope of producing moderate or low cost homes in the next year or two.

It "would mean inevitably that the veterans emergency housing program, as now planned, would be unattainable," Wyatt said in a statement. This program calls for 2,700,000 new homes by 1948.

Without any direct reference to OPA extension legislation now being considered by a house-senate committee, Wyatt continued:

"When we make a decision on price controls, we are deciding among other things whether veterans, as well as many others, are going to obtain satisfactory housing in a reasonable length of time or whether they are going to have to double-up in crowded, makeshift quarters, or wander from place to place for what may well be good many years to come."
