

U. S. Pledges Solid Front On Aid Plan

WASHINGTON, June 26. (A.P.)—The world received assurances today, on the eve of the critical Molotov-Bevin-Bidault economic conference, that the American government is solidly behind Secretary of State Marshall's proposals for European recovery based on self-help.

Diplomatic officials were concerned for a brief period late yesterday that the Paris conference might be considerably upset by some evidence to the contrary due to comments on the Marshall plan by Secretary of the Treasury Snyder.

Soviet Envoy In Paris For Conferences

PARIS, June 26. (A.P.)—Russia's V. M. Molotov arrived today for the three-power conferences on American aid to Europe, while British and U. S. representatives reached "broad and general" conclusions over how European recovery can best be tackled.

An authoritative source in London reported that result from British-American talks which have been going on there for several days, with Undersecretary of State William L. Clayton and Ambassador Lewis W. Douglas representing the Washington viewpoint. Prime Minister Attlee reported to the British cabinet on these talks. Clayton was expected to visit Paris to remain a few days for consultation. A British informant said, Bevin will fly here tomorrow for the conference of himself, Molotov and France's Georges Bidault on the economic plan proposed by U. S. Secretary of State Marshall, greeted Molotov at Le Bourget airport today.

British and French sources took it as an encouraging sign that the Soviet Union had agreed to talk about the Marshall idea, even though the communist party newspaper in Moscow commented sourly on it yesterday, chiding some of the previous optimism.

Waco Reports Two Holdups

WACO, June 26. (A.P.)—A large sandy-haired man and two boys sought today following two reports of armed robberies on highways near here last night.

A. C. Cone of Mart said two boys, their faces covered by Hallows' masks, took \$20 from him at gunpoint on the Dallas highway four miles north of Waco.

Edgar Smith, a taxi driver here, said a man asked him for a ride to east Waco at 3 a. m. today. The sandy-haired six-foot passenger later told the driver to go to an underpass on the Corsicana highway, and then produced a gun, the taxi driver told the sheriff's deputies. Smith said the bandit took the cab.

Full Probe Pledged In Death Of Boxer

CLEVELAND, June 26. (A.P.)—Declaring he did not want "a cloud on Ohio boxing," Coroner Samuel J. Gerber today promised a complete investigation of the death of Jimmy Doyle, 22-year-old Californian who never regained consciousness after being knocked out by welter-weight champion Ray (Sugar) Robinson in the eighth round of a title fight at the arena here Tuesday night.

"A great deal of unholy pressure has been put on me to divert this investigation," said Dr. Gerber. "I am going to make a complete investigation. I will talk to anyone who had anything to do with this."

Dr. Gerber did not elaborate on what he meant by pressure.

The coroner opened his probe last night by questioning Robinson, his manager, George Gairford, and two other handlers of the champion.

Robinson was accused during questioning by Dr. Gerber of being "evasive." So was Gairford.

"This is an unfortunate incident, and you are not to blame," the coroner said to Robinson. "But I want to know Doyle's condition as observed by laymen. And I want to arrive at a conclusion without pressure from any body. I don't want a cloud on Ohio boxing."

His questioning led along three major lines:

"Was Doyle really fit and the right opponent for the welterweight champion of the world?"

"Was Doyle's earlier brain injury shown in paralysis of one eyelid or other parts of his body?"

"Was the floor of the ring properly padded?"

Robinson denied he thought Doyle an unworthy opponent. He denied having a voice in picking Doyle. He denied taking Doyle's injury last year into his fighting strategy.

And the CIO added, "increased foreign demands for food clothing and machinery" and crop failure continue x x x this will require that we re-establish price control and a rationing program."

Robinson said he would come in to sign the stenographer's typed transcript of his testimony today and would remain here for further questioning. He was not put under charges nor was bond fixed.

Doyle was knocked out when he stepped into a stiff left hook and died of a brain injury 17 hours later in Charity hospital.

The old wounds in his brain tissue were inflamed March 11, 1946, when Middleweight Artie Levine's blows sent the plucky Los Angeles boxer to the same hospital.

Eisenhower, Army chief of staff, in a Navy Department ceremony in Washington. The citation was for leadership in the North African theater in November 1942. Earlier Eisenhower disclosed he has accepted the presidency of Columbia University in New York, effective next year. (AP Wirephoto.)

Contract Let For Vincent Highway

Contract has been let to H. W. Williams, Waco, for construction of 12.8 miles of state highway 50 from a point north of the cemetery on the Gail road to an intersection south of Vincent with the Coahoma road.

The Williams bid, accepted by the state highway department in lettings Wednesday, was for \$191,357 and covers grading, structures, select materials and single asphalt surface treatment.

County Judge W. S. Morrison said Thursday that he had no definite information as to when the project would start, but that he presumed it would be soon. Jack Gorman of the district office of the state highway department had been here recently to supervise arrangements leading up to letting of the contract.

The section to be constructed is the first leg on the Big Spring-Vincent road, which eventually is to tie in to the Big Spring-Snyder project. Howard County Commissioners Court has secured all right-of-way required for the complete job in Howard county.

Other lettings announced Wednesday were to C. Hunter Strain, San Angelo, \$130,569 for seal coat on 115.6 miles of state and U. S. highways in Reeves, Pecos, Crockett, Ector, Crane, Ward and Winkler counties; and Hugh McMullan, El Paso, for construction of 8.74 miles of road on farm highway No. 516 in Ward county.

Howard county has just completed a 17.2 mile seal coat project of its own. Contract was for little less than \$9,900.

Truman Puts Veto On Wool Price Support

Would Hurt Our International Status, He Says

WASHINGTON, June 26. (A.P.)—President Truman today vetoed the wool price support bill because he said it would have "an adverse effect on our international relations."

The veto was sent to the senate, where the bill originated. Senator Aiken (R-VT) asked that it be referred to the agriculture committee, which arranged a meeting for this afternoon to consider what action will be taken.

Senate Democratic Leader Barkley (KY) told reporters there is no chance that the legislation can be enacted over the veto. A two-thirds vote in Senate and House is necessary to override the presidential rejection. Barkley speculated that the bill may be allowed to die in the committee.

The measure would have continued government prices on wool at present levels and authorized the president to boost tariffs or restrict imports if foreign wool or wool products pushed down domestic prices.

"The enactment of a law providing for additional barriers to the importation of wool at the very moment when this government is taking the leading part in a United Nations conference at Geneva" to reduce trade barriers "would be a tragic mistake," Mr. Truman said. He added in a message to congress:

"It would be a blow to our leadership in world affairs. "It would be interpreted around the world as a first step on that same road to economic isolationism down which we and other countries traveled after the first world war with such disastrous consequences. "I cannot approve such an action."

The veto was the third major one this congressional session. He previously had vetoed a tax reduction bill and the Taft-Hartley labor bill.

The House upheld the tax bill veto but both the Senate and House overrode the labor bill veto, making it law.

The wool price bill veto message was sent to the Senate, which will get the first opportunity to decide on upholding or overriding the president. A two-thirds vote in both houses is required to set aside a veto.

Mr. Truman declared that American wool growers are entitled to price support and called on congress to act promptly on a new bill "consistent with our international responsibilities and the interests of our economy as a whole."

He said that the original Senate bill was satisfactory to him but he objected to the house-added amendment "intended to increase the tariff on wool through the imposition of import fees." He added: "This was done to provide a means of increasing the domestic market price for wool to approximately the support price, thus shifting the cost of the support from the treasury to the consumers of wool products."

The veto was not unexpected. Rep. Cooley (D-NC) called at the White House yesterday to urge such action and told reporters later the president had not frowned on his suggestion.

The Weather Bureau said a record flood crest of 29.92 was reached at the Scott street junction at 7:15 a. m. and would pass downstream toward Red Rock, Eddyville, Ottumwa and Keosauqua—each of which has been flooded out twice this month and now face a third onslaught.

The 20.92 reading broke the former all-time high of 18.7 established 13 days ago at Scott street. The Weather Bureau said it became apparent that the crest was reached after both the Des Moines and the Raccoon held steady for several hours and then slowly started falling.

With 1,800 persons driven from their homes by high water, only two men were reported unaccounted for.

MUST PUBLISH ORDER

AUSTIN, June 26. (A.P.)—A state law requiring publication of a commissioner's court order establishing or changing election precincts is mandatory, the attorney general held today.

Labor Fights New Controls

REPORTED BEATEN—Mrs. Von Putnam (above), a juror in the Overell yacht deaths case, was reported in Santa Ana, Calif., by an authoritative police source to have been beaten up by an unidentified intruder who broke into her house. (AP Wirephoto.)

World Leaders Say UN Faces Grim Future

LAKE SUCCESS, June 26. (A.P.)—The world's top-flight political leaders joined today in sounding grim warnings that the United Nations still faced a difficult and uncertain road ahead on this second anniversary of the world charter signing at San Francisco.

The warnings were voiced in recorded charter day messages broadcast to the world by President Truman, Prime Minister Attlee of Britain, Premier Ramadier of France, President Chiang Kai-Shek of China and Deputy Foreign Minister Andrei A. Gromyko of the Soviet Union.

At the same time each of the representatives of the five big powers expressed conviction that the United Nations would succeed and pledged the world organization the full support of their governments.

President Truman, declaring that the U. N. so far "has gone forward in an atmosphere of disturbance and uncertainty," said the government and people of the United States were aware that realization of the organization's objectives "is not easy."

"They know that it is a continuing task," he said. "They will not be discouraged by temporary setbacks or delays. The enterprise which was launched at San Francisco two years ago is the hope of the world for lasting peace."

The president warned that "the effectiveness of the United Nations depends upon the member states meeting all their obligations" and added: "The member states are not only bound by the charter, jointly and severally, to execute the decisions of the organization, they are bound to conduct their day to day foreign relations in accordance with the principles of freedom and justice prescribed by the charter."

Another variety show will be presented Friday night at the City park amphitheatre for the second amateur program of the summer series, the chamber of commerce announced today.

The program will begin at 8:30 p. m.

Mary Wade will present piano numbers to lead off the musical portion. Others scheduled to appear include Don Grantham and Kenneth Bryant, who will sing and furnish their own guitar accompaniment; Joyce Howard, Alline Hester and Clarice Petty, vocal solos; and Jack Wise of Forsan, vocal numbers.

Peggy Lamb and Burke Plant will present a specialty number on the program.

WICHITA FALLS, June 24. (A.P.)—Senate Interstate Commerce committee today ordered hearings, beginning tomorrow, on President Truman's appointment of Rep. Robert F. Jones (R-Ohio) as a member of the Federal Communications commission.

Senator Edwin C. Johnson (D-Colo.), a member of a subcommittee named to hold the sessions, told reporters that Drew Pearson, newspaper columnist and radio commentator is scheduled as a witness.

There have been reports in congressional circles that Rep. Rayburn (D-Tex.), minority house leader, was active in urging that Jones be named. Rayburn has declined comment on the reports.

General Strike Pleas Rejected

WASHINGTON, June 26. (A.P.)—AFL President William Green today rejected pleas from member unions for a general strike in protest against the new Taft-Hartley labor union control law.

Green called presidents of the AFL's 105 unions to a conference in Washington July 9; Green told reporters, after an emergency meeting with resident members of the AFL's influential executive council that he thought it "unwise and inadvisable" to bow to telegrams and letters from unions throughout the nation asking that a general strike be called.

"Instead, we are going to fight the measure in the courts and seek to maintain our rights under the bill in negotiations with employers," Green said.

The AFL will organize politically "with the purpose of defeating every member of Congress who voted for this terrible legislation," he continued.

"We are not reconciled to it and we will carry on the fight against it just as vigorously as we did while the bill was going through Congress," Green told reporters. Passage of the new law, enacted over President Truman's veto, has "emphasized" the need for unity of all labor, the 74-year old AFL president said.

He expressed the opinion that its passage has hastened moves toward merger of the CIO and AFL, adding that further meetings on consolidation of the two big labor groups possibly will be held in the near future—although none is scheduled at the moment.

On the political front, Green said the AFL and CIO probably will have parallel objectives, but that does not mean the AFL plans to create a separate political action committee like the CIO's.

Previously the AFL, through its general counsel, Joseph A. Padway had served notice that some provisions of the law will be challenged promptly in the courts. Padway said approximately 75 lawyers for the union will meet here this week-end to discuss which sections of the law "are clearly unconstitutional."

The July 9 conference of AFL presidents will consider a program to deal with the Taft-Hartley bill and the international officers and attorneys will explain to the various union heads how the new labor relations act affects them.

Green said national officers and representatives of locals "all are confused and wonder what the bill really means—how it applies to each."

Meanwhile, Senator Ives (R-N.Y.) told the Senate "a fine beginning" has been made by the national labor relations board in administration of the Taft-Hartley act.

He read into the senate record an NLRB statement promising the fairest possible administration of the act, which the board had opposed while it was being considered in congress.

NATION'S FIRST BALE—Shown is the scene after the first bale of cotton for the 1947 season was auctioned on the floor of the Houston Cotton Exchange in Houston. The grower, Forrest Garling (right) of near Harlingen, who flew his bale to Houston collected a total of \$18,250. In the picture (l to r) are Mrs. Garling; J. J. Miller, the high bidder; Harmon Whittington, Cotton Exchange president who served as auctioneer, and Mr. Garling. (AP Wirephoto.)

Flash Floods Hit Two Areas In West Texas

Floods rolled through several sections of Texas today under clear skies after causing crop and property damage in two widely separated sections of West Texas.

Levelland, in Hockley county, was flooded last night by four inches of rain, in less than four hours. Streets were overrun and water poured into stores on the courthouse square. Considerable crop damage was reported in the immediate vicinity.

Upton county ranchmen were still counting livestock losses from a sensational flash flood that hit Rankin and vicinity Tuesday night after a cloudburst that dumped an estimated nine to 15 inches of rain in five hours.

Ranch operators estimated that at least 1,000 sheep were lost in flooded draws and lowlands. Three Rankin firemen were thrown into swirling flood waters when their boat overturned as they went to the rescue of the F. W. Welling family marooned in their home by an overflowing draw. The firemen, Chief Bob Schlagal, C. G. Taylor and Henderson Scharborough, clung to treetops for three hours before they were rescued.

Santa Fe tracks were washed out at Flat Rock draw, five miles east of Rankin, cutting off service to Presidio.

Such funds may also be used to improve city streets forming "connecting links" on duly established county roads with city consent, the opinion said.

County Attorney Roy C. Pottergrass Jr. of Amarillo, requested the legal ruling.

Corn Price Climbs To Another Peak

CHICAGO, June 26. (A.P.)—July corn established a new all-time record high in futures trading on the board of trade today at \$2.03 1/4, a bushel, up 1 1/4 cents from the previously highest price of \$2.02 1/4 set yesterday.

Flood Crest Hits A Record High At Des Moines

DES MOINES, June 26. (A.P.)—The Des Moines river tore a gaping hole in a mile-long levee protecting a 25-block residential section today and flood waters swirled through it without hindrance.

The break came little more than an our before a twin flood-crest from two surging rivers came together at the streams' confluence near the heart of the city.

The Weather Bureau said a record flood crest of 29.92 was reached at the Scott street junction at 7:15 a. m. and would pass downstream toward Red Rock, Eddyville, Ottumwa and Keosauqua—each of which has been flooded out twice this month and now face a third onslaught.

Variety Show Slated Friday

Another variety show will be presented Friday night at the City park amphitheatre for the second amateur program of the summer series, the chamber of commerce announced today.

The program will begin at 8:30 p. m.

Mary Wade will present piano numbers to lead off the musical portion. Others scheduled to appear include Don Grantham and Kenneth Bryant, who will sing and furnish their own guitar accompaniment; Joyce Howard, Alline Hester and Clarice Petty, vocal solos; and Jack Wise of Forsan, vocal numbers.

Army Advisory Setup Planned For Big Spring

Big Spring has been designated as a site for an Army Advisory Committee, civilian organization designed to aid military officials in matters pertaining to various peace-time activities of the Army, Maj. W. R. Shurley, assistant to the Executive of the Texas Military District, announced today.

Maj. Shurley visited the local chamber of commerce this morning and requested that organization's assistance in setting up such a committee here. Definite plans have been made to establish approximately 100 committees in major population centers in Texas, and New Mexico, Maj. Shurley said.

Primary purpose of the advisory committee is to study and make recommendations to proper military authority concerning any type of Army activity that may directly affect civilians in their respective areas.

Maj. Shurley said that according to organization procedures followed in other towns, a coordinator is selected to guide the formation of the committee. Then, after the group is formed, a chairman and a vice-chairman are elected by the committee members. Although no definite qualifications are set out for membership, military authorities recommend that civic organizations, local government branches, various professions and veterans organizations be represented.

Helicopter Here

An Army helicopter landed at the Big Spring municipal airport Wednesday afternoon, and was scheduled to leave during the day. The helicopter (YR5-1A) is the first of its type to land here.

Butcher Cattle Market Strong

Fat butcher animals kept bidders active Tuesday at the West Texas Livestock Auction company's weekly sale, as virtually all butcher classes gained strength on the market.

E. T. O'Daniel of Coahoma and D. W. Christian of Big Spring each consigned a load of fat animals which commanded top prices.

Fat calves topped the market, ranging from 19.00 to 23.40, while fat yearlings varied from 20.00 to 23.00 and fat cows brought from 14.00 to 18.00.

Other classes were steady, as bidders snapped up approximately 500 head. Hereford cows and calves brought from \$115 to \$150 a pair; mixed cows and calves, \$90 to \$135 a pair, stocker cows, 9.00-13.00; stocker yearling, 17.00-20.00; stocker calves, 18.00-21.00; canners and cutters, 7.50-10.00; bulls, 12.50-15.20.

Hogs topped at 24.80, with 30 head consigned.

Duncan Locates Wildcat Well

Dave Duncan of Big Spring has staked location for his No. 1 Roberts-Barkhurst, north-central Glasscock county wildcat oil test.

The location is 990 feet out of the southeast corner of section 7-33-3a, T&P, is about 20 miles south of Big Spring and eight north of Garden City. The wildcat is near the Carter pool area where small production was encountered years ago. Contract is to 2,800 feet with combination tools.

A fine of \$75 and costs, plus suspension of operators license for a period of six months, was imposed in county court Thursday morning on John Bruce Moore Jr. He had entered a plea of guilty before Judge W. S. Morrison on a charge of driving while intoxicated.

25-Year Term In Death Case

BROWNWOOD, June 26. (AP)—Alvin H. Kennedy, 47-year-old ranchman, was convicted today of murder with malice in the shooting of his brother-in-law, Rice W. Willey. The jury set his punishment at 25 years in prison.

Willey was killed in McCulloch county Oct. 16, 1945. In an earlier trial at Brady, Kennedy was convicted and given a life sentence, but the conviction was reversed by the appeals court. The retrial was brought here on a change of venue.

Judge A. O. Newman of the 35th district court announced the sentence today.

Kennedy testified that he shot Willey after his brother-in-law reached toward the glove compartment of his automobile.

Lions Club Wives To Be Complimented

Wives and other guests will be honored Friday at 8 p. m. when the Lions club holds a banquet affair.

Highlight of the program will be the installation of new officers, headed by Bill Dawes, president-elect. M. O. Wollam, Andrews, district governor elect, will officiate at the installation. The program is to take the place of the weekly meeting, which was postponed from Wednesday noon.

Arena Altered To 'Speed Up' Rodeo

Big Spring Rodeo Association officials announced today that the arena at the rodeo grounds is being shortened considerably to provide more speed at the annual show scheduled for Aug. 6-9.

Several other improvements also are being made at the rodeo grounds. Workers are spreading white sand on the arena, which is expected to improve illumination for night performances and reduce dust interference, and walk-ways are being repaired.

Weather Forecast

Dept. of Commerce Weather Bureau

BIG SPRING AND VICINITY—Fair and warmer today, tonight and Friday. Expected high today 100, low tonight 70.

EAST TEXAS—Partly cloudy this afternoon, tonight and Friday. A few widely scattered afternoon thundershowers. No important temperature changes. Moderate to occasionally fresh southeast and south winds on the coast.

WEST TEXAS—Partly cloudy this afternoon, tonight and Friday. A few widely scattered afternoon thundershowers in Panhandle, South Plains and from the Pecos Valley eastward. No important temperature changes.

Markets

LIVESTOCK

WALL STREET

NEW YORK, June 26 (AP)—A number of stocks continued to make a little headway in today's market although many leaders faltered.

Dealings, fairly active at the opening soon slowed and mild irregularity ruled near midday.

Gathers of fractions to a point or so at one time or another included Bethlehem, Montgomery Ward, Woolworth, American Smelting, Baltimore & Ohio, New York Central, Mueller Brass (on a sharp earnings jump), International Harvester and Standard Oil (N.J.). Leaders were U. S. Steel, Republic Steel, Chrysler, General Motors, Babcock & Wilcox, Oliver Corp., American Telephone, Consolidated Edison, Chesapeake & Ohio, General Electric, American Water Works, Air Reduction and International Nickel.

Bonds were uneven and cotton futures firm.

Three Divorces Granted By Judge

Three divorces were granted by Judge Cecil C. Collings in hearings in the 70th district court here Wednesday.

Dimple Sue Simpson was given a divorce from Clyde Simpson and custody of a minor child, Ella Norris was awarded a divorce from David Richard Norris and custody of three minor children, Sadie Bell Felts was divorced from John Elmo Felts and had her maiden name of Sadie Owens restored.

Information Here On Labor Importing

Forms and explanations for procedure in importing agricultural laborers from Mexico have been received at the office of Sheriff Bob Wolf.

Wolf said the supplies were ordered from George W. Harrison, acting chief of patrol inspection at Alpine, in response to several inquiries by farm and ranch operators here.

Specific applications must be made by the operator for the labor, and lists of applicants are to be forwarded to the Alpine office. Currently the big demand is for cotton choppers.

Excitement Too Much For Wrestling Fan

WICHITAN FALLS, June 26. (AP)—A 54-year-old wrestling fan, John W. Martin, collapsed and died last night during an exciting bout at the sportatorium.

A verdict of death from natural causes, a heart attack, was returned by Justice of the Peace C. Colt Meek.

First Day Of Electric Show Draws Crowd Of Over 4,000

Forty-two hundred people thronged the high school auditorium and an adjoining big top tent Wednesday evening for the first day of the Texas Electric Show of '47. While two big searchlights stabbed the sky with 800 million candlepower each, hundreds of people inspected the latest word in electrical appliances, both for the home and farm. The Texas Sweethearts, with five quarter-hour sessions of swing, and salesmen with carnival barker talent, added to the show excitement.

Curiously, among all the domestic exhibits there was not a single air conditioner, but Texas Electric officials said that units would be

on display and pouring out cooled air this evening and Friday during show hours.

Bigger than the show which attracted 10,000 people in three showings last year, the current show included a welter of merchandise such as automatic laundries, washers, refrigerators, deep freeze units, sewing machines, irons, ironers, toasters, fans, radios of all descriptions, a cathode ray oscillograph which projected sound waves, deep freeze units, roasters, automatic dish washers, record players, vacuum cleaners and many other items.

Three little pigs and 50 baby chicks attracted much interest in the farm and ranch exhibit, along with physical maps dramatizing soil conservation and proclaiming the thesis of "poor land, poor people."

Agriculturalist got a glimpse, too, of variety of electrical labor-saving devices such as freezers, feed grinders, water pumps, shears, clippers, sprayers, paint guns, air compressors, brooders, water heaters, milkers, separators and a host of others. The pigs and chicks, together with a Hereford heifer, will be given away to 4-H girl and boy and FFA members at 10:45 p. m. Friday.

Several hundred parents and youngsters took in the Reddy Kilo-watt movies just south of the agricultural big top, witnessing the showing of "Reddy Made Magic," "Summer Storm," the latter a "Dawn of Better Living," and cartoon film.

In addition to air conditioning, ample supplies of ice cold water will be added for the shows today and Friday.

Nimitz Warns Others Working On Weapons

WASHINGTON, June 26. (AP) — said today the United States must not assume it is the only nation capable of developing the guided missile into the weapon of the future. He tossed out a plain hint that he was referring to Russia.

"We must not forget that other nations have equal, if not greater, access to the wealth of German information, equipment, facilities and trained technicians than we have," Nimitz said.

"To assume that they will merely catalogue this information for future reference and not exploit it vigorously is fallacious and dangerous."

The admiral did not identify the nations in his statement prepared for a house armed services subcommittee, but Russia has been the big rival of the United States in obtaining the help of arms experts from occupied Germany.

"Failure to take adequate steps now to explore this new field of weapons and their uses," Nimitz said, "would parallel our relatively slow development of the airplane and our tardy appreciation of its potentialities as an instrument of war. It is evident that such failure can be most detrimental to national security."

"There is no doubt if war comes again the nation leading in the guided missile field will have an initial and perhaps decisive superiority."

Nimitz' testimony was prepared to urge the immediate construction of a missile test center and sea range at Point Mugu, California.

"Unless construction of a sea range such as Point Mugu is begun at once," he declared, "our development program for guided missiles will be seriously retarded for lack of suitable test facilities. It is of the utmost importance that the development program be kept moving."

Chinese Money Takes Big Dive

SHANGHAI, June 26. (AP)—China's national currency dived wildly to a new low of 53,000 to one American dollar today, as unconfirmed reports circulated that the government would revise this weekend its unrealistic official rate of 12,000 to one.

One financier said today that "I've never seen such a heavy concentration of buying" of U. S. dollars "as during the last few days, especially by big Chinese interests and officials." But he called reports of a new official rate merely "wishful thinking."

Along with the runaway money market, commodity prices skyrocketed. The black market price of rice jumped well over the half-million mark, opening this morning at 510,000 Chinese dollars per picul (133 1/3 pounds).

The price of sugar doubled, and sharp increases on most other items were noted.

No Foreclosures On Farm Loans To Vets

DALLAS, June 26. (AP)—Veterans administration's tabulations through April showed that there have been no foreclosures on the 2,632 farm loans granted ex-servicemen in Texas, according to R. F. Andrews, VA loan guarantee supervisor in Texas, Louisiana and Mississippi.

One reason for the lack of foreclosures, he said, was rigid screening examinations the veterans were given. Andrews pointed out that not only must a veteran have the know how to operate a ranch or farm, but he must be on a firm footing financially.

Many Never Suspect Cause Of Backaches

This Old Treatment Often Brings Happy Relief

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 80 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Motorcycle Races Being Planned Here As July 4th Entertainment

Motorcycle races will be to the July 4th entertainment here, it was announced Thursday by Elliott Yell, president of the Big Spring Motorcycle club.

Yell said that a 24-acre tract had been leased for the event and under a five-year contract it will be utilized for continuation of cycling affairs.

Although planning is in the tentative stages, the program may include such things as speed events, plank riding, digouts, hill climbing, stake riding, apple biting, and broad jump.

The site is located just south and west of the city park entrance, west of the outdoor theatre now under construction on the park road.

Price schedules have not been completed, but club officials said a popular level would be maintained in an effort to attract as many people as possible who are seeking Independence Day diversions.

Most of the 15 members of the local club will participate and invitations are going out to clubs at San Angelo, Abilene, Lubbock, Wichita Falls and other points in this region.

Hawaiian CIO Agrees To Delay Strike

HONOLULU, June 26. (AP)—A labor department offer to mediate the wage deadlock in Hawaii's rich pineapple industry was accepted by both sides today.

Dwight C. Steele, president of the Hawaii employers' council, messaged the labor department that "There will be no stopping or slowdown of harvesting . . . by employer action."

President Harry Bridges of the CIO International Longshoremen's and Warehousemen's Union said in San Francisco last night he had urged the Hawaiian ILWU to continue work and await the arrival of P. Feinsinger July 8. The union committee here will meet today to consider the request. The union has been authorized to call a strike anytime after today, but no effort has been made to set a date.

July and August are peak months for the \$65,000,000 harvest, and union members voted a month ago to authorize a strike on or after June 26 unless management agreed to a 23 1/2 cents an hour wage boost. The eight major companies in the industry offered 10 cents, and negotiations have been futile.

Publishers See Japanese Heads

TOKYO, June 26. (AP)—American newspaper executives on a Pan American Airways' round-the-world flight talked over some of Japan's problems with Premier Tetsu Katayama and Foreign Minister Hiroshi Ashida today.

The globe-circling party landed at Haneda airport at 12:48 p. m. (10:48 p. m., Wednesday, eastern standard time) from Shanghai. Top American officials were on hand to greet them.

Mrs. Oveta Culp Hobby, vice-president of the Houston Post and former commander of the Women's Auxiliary Corps, got a special welcome from a WAC band directed by Cpl. Eleanor Crawford of Baltimore.

The publishers and editors attended a cocktail party given by George Atcheson, Jr., American diplomatic representative here. They will see General MacArthur tomorrow.

Taxpayers Get Break
OLDTOWN, Ida. (UP)— This newly incorporated village in the northern tip of Idaho promises to be the taxpayers' paradise. Village trustees say taxes won't be necessary because an estimated \$10,000 a year yield from slot machine and liquor licenses will be more than enough to cover all municipal expenses.

**Wave Of Industrial
Building Prophesied**
NEW ORLEANS, June 26. (AP)— A wave of industrial plant construction after the government lifts its restrictions on lumber June 30 is predicted by southern lumbermen gathered here.

The group is here to bid on an estimated \$2,000,000 in lumber contracts which will be let by the government.

Robert F. Darrah, Birmingham secretary-manager of the Southern Wholesale Lumber Association and his associates believed construction work would be started soon on an estimated \$2,500,000,000 worth of projects that had been denied permits by the office of the housing expediter. He said he expects no sky-high prices in the lumber field.

**If Stomach Gas or
Sour Food Taste
Robs You of Sleep**

Here's How You May Help,
Whether You Eat 500 Pounds
or 2000 Pounds of Food
In a Year

You can't feel cheerful, be happy and sleep well, if your stomach is always upset. As age advances the "old stomach" needs more help. The reason is this: Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains very special and potent activating ingredients.

Also, SSS Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red-blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with over-doses of soda and other alkalis to counteract gas and bloating when what you so dearly need is SSS Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people SSS Tonic has helped. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps Build Sturdy Health.

Aircraft jet engines, mounted on ground vehicles, were used in England during the blizzards of 1947 to clear roads and railroads. Orchids, inspite of the fact they are found blooming high in jungle trees, are not parasites because they live on air.

Visits And Visitors

Recent visitors in Big Spring were Mr. and Mrs. W. R. Yates, Jr., son, Donnie, of Goose Creek; Mr. and Mrs. George Yates and son, George Radford, of Oklahoma City; and Mr. and Mrs. R. L. Myers and sons, Joe, Bob and Johnny Mack, of El Paso. The group was here several days in observance of a family reunion with Mr. and Mrs. W. R. Yates, Mr. and Mrs. L. L. Miller, Mr. and Mrs. W. H. Reid and Janice Yates.

Mr. and Mrs. Floyd White are leaving Sunday for a vacation in the mountains in New Mexico. Mr. and Mrs. O. D. York have returned home from a vacation trip to Los Angeles. They came back via Colorado.

Mrs. A. R. Jones is home following a business trip to Searcy, Ark., where the Joneses are moving in about two weeks. Returning Wednesday night from an extended vacation through Washington, California and Colorado were Mr. and Mrs. C. L. Rowe.

Mr. and Mrs. J. C. Whittenburg are in Lubbock visiting relatives. Mr. and Mrs. E. H. Haley have returned from Lubbock where they spent a week visiting friends and relatives.

Mr. and Mrs. Mark Wentz and Frank Wentz will leave Friday to spend a week in El Paso. They plan to attend the wedding Friday evening of a niece, Ruth Jennings, who has visited in Big Spring several times.

Mr. and Mrs. Sam Eason and Anna Claire Waters spent several days recently fishing on Lake Sweetwater.

Dr. and Mrs. G. H. Wood are expected home Sunday from a three-week extended vacation through the northwestern states and into Canada.

Transparent glass made today is developed from approximately the same mixture of materials as was used more than 3,000 years ago.

Reva LaVerne Heflin, George W. Wallace Wed

Reva LaVerne Heflin, daughter of J. J. Heflin of Lawton, Okla., and George W. Wallace of Big Spring, son of Mr. and Mrs. G. B. Wallace of Santa Barbara, Calif., were married Monday evening in the parlor of the First Baptist church.

The double ring ceremony was read by the Rev. P. D. O'Brien, pastor of the church. The bride, given in marriage by Gordon Hatch of Big Spring, wore

a white satin wedding dress with a fingertip veil attached to a coronet of pearlized orange blossoms. She carried an orchid spray on a white Bible with white streamers. Mrs. Troy Gregg was matron of honor. She wore a pink dress with a white carnation corsage.

Troy Gregg served as best man. The wedding date chosen by the bride couple was the 11th anniversary of Mr. and Mrs. Gregg.

A reception in the Corral room of the Hotel Crawford honored the bride couple following the ceremony. The bride is a graduate of Lawton high school and is at present attending Howard County Junior College, taking secretarial work. She has been employed at the Hotel Crawford the past year.

Wallace is a graduate of a high school in Cuba, Mo. He served with the Navy nine years in both the European and Pacific theaters. He has been in hotel business in Colorado and Texas the past two years. At present he is manager of the Hotel Crawford.

The double ring ceremony was read by the Rev. P. D. O'Brien, pastor of the church. The bride, given in marriage by Gordon Hatch of Big Spring, wore

a white satin wedding dress with a fingertip veil attached to a coronet of pearlized orange blossoms. She carried an orchid spray on a white Bible with white streamers. Mrs. Troy Gregg was matron of honor. She wore a pink dress with a white carnation corsage.

Newcomer home were the Rev. and Mrs. R. F. Pepper of Turkey and Luther Stephen of Lamesa. Mrs. Margaret Daniels of Philadelphia, Pa., and T-4 and Mrs. R. D. Burchell of Colorado Springs, Colo., will arrive this weekend to visit their parents, Mr. and Mrs. W. A. Burchell. Jerry Adams is leaving to visit his sister, June Adams, in New Orleans, La., where she is in nursing school. Mr. and Mrs. P. P. Coker attended a family reunion near

Woman Pilot Stops In Big Spring On Experimental Cross-Country Flight

When men find out that a woman can not only fly a plane but knows about motors and instruments and doesn't mind getting grease on her hands, they are amazed... after all, women don't ever think of anything except clothes, how they look or the neighborhood gossip.

But there is one woman, stopping in Big Spring, who is continuously amazing men. She is Jean Reimer, who is conducting an experimental cross country flight of a newly designed and built "pusher plane." This first post-war model was designed as a light, safe, inexpensive plane that anyone can own and fly. Its cost will be approximately \$2,500.

Mrs. Reimer (her husband is Merle J. Reimer stationed at Langley Field, Va. in the regular army) took off from Van Nuys, Calif. where the plane was built and designed and will make her final landing at Wright Field, Washington, D. C. She landed in Big Spring Wednesday afternoon and will leave Friday morning.

With 700 hours flying time, Mrs. Reimer holds a commercial license with a single multi-engine rating and a flight instructor rating. At the time she took the job of testing the new plane she was employed as a flight instructor at Riverside, Calif. She has been flying four years.

She was chosen for the flight by the plane's designer, Volmer Gensel. John Carson, president of the Volmer - Carson Aircraft Co.

which built the plane is also in Big Spring. During the war Mrs. Reimer was a member of the Women's Auxiliary Service Pilots and received her training at Avenger Field, Sweetwater. Following her graduation in the WASP she was stationed at Minter Field, Bakersfield, Calif., as a test pilot. Planes she tested were the BT-13, AT-6 and UC-78.

After the WASP was disbanded, Mrs. Reimer worked as a mechanic's helper at Pine Castle Army Air Field, Orlando, Fla. She was the only woman working there with an engine crew. This is where she got the grease on her hands. Her work there was the beginning of a plan to release men from such jobs in the states. The Japs surrendered before the plan had to be used. There she worked on P-51, P-38, P-47, B-17, B-29 and B-32.

As for her plans for the future, Mrs. Reimer hopes to get an instrument rating and would also like to get a commercial helicopter license. She will stop in Fort Worth and Dallas following her take-off from here.

Boy's Division Of Baptist Youth Camp Concluded

The boys' division of the District 8 Baptist Youth camp under way at the scout camp site ended Wednesday noon with the participation of 360 boys ranging in age from four to 16.

Registrars for the girls camp began coming in at 1:30 p. m. Wednesday. Primarily the convention was a missionary camp with classes taught daily from the Royal Ambassadors' manual. Special time was allotted to worship services, athletics, group singing and hand-craft classes. A two dollar registration fee included meals.

Highlight of the three-day camp was a program Tuesday evening at the amphitheater in which 22 boys were recognized. Of the group 23 were named pages, six were squires and there were two knights and one ambassador. Midland was awarded the blue and yellow RA banner for having the largest representation. The Odessa Belmont Baptist church camp was adjudged nearest.

In closing ceremony Wednesday morning, boys voted to contribute their camp offering toward Indian mission work. Moving pictures were taken at several times during the camping days.

The Rev. R. Y. Bradford, Colorado City, served as camp pastor for the boys and the Rev. P. D. O'Brien is pastor of the first division. The Rev. Fred McPherson of Midland is camp director of the faculty of 30 persons.

Margaret Christi Home From School

Margaret Christi, county Home-Demonstration agent, who has been attending North Texas Teachers College in Denton for the past three weeks, arrived home Tuesday.

Miss Christi will return to Denton the latter part of July to continue her studies. America's telephone industry reports that there are 31,170,000 telephones to 140,000,000 persons in the United States.

Plainview Sunday. Mr. and Mrs. F. O. Shortes and family, Mr. and Mrs. Darrell Shortes and Leon Riddle spent several days vacationing and fishing on the Concho river. Mrs. T. M. Robinson has as guest this week her mother, Mrs. Durden of Pecos. Mr. and Mrs. W. A. Burchell and family visited recently with his parents in Carlsbad, N. M. The Rev. E. G. Newcomer is in Welch this week. Mr. and Mrs. O. B. Gaskin were in O'Donnell Tuesday morning on a business trip. Mrs. R. H. Unger spent the weekend in Levelland where she accompanied home her niece, Velta Warren, a recent visitor here. Another niece, Linda Gail Glenn of Big Spring, is visiting Mrs. Unger this week.

Oilers Put On Late Rally To Nip Broncs

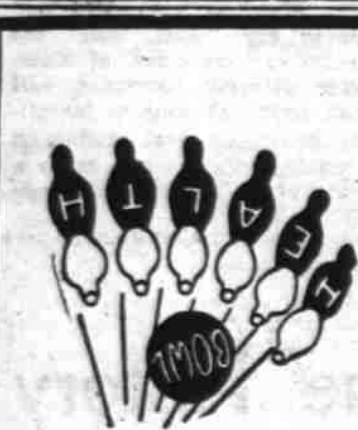

BS Motor Wins On No-Hitter

Big Spring Motor and Big Spring Hardware got off to winning starts in Mundy softball league Wednesday night, as play opened under a newly revised schedule. The Motormen trimmed Forsan, while the Spartans edged Moore. Cotton Mize twirled a five-inning no-hitter for Big Spring Motor as his mates pounded out 10 safeties to pile up a 10-0 margin. Charlie Teague, D. W. Blackwell and Savage each got two hits. Play will continue Friday night on the Mundy diamond, with ABC scheduled to meet Hartwells in the first game, while Big Spring Motor and the Hardware crew will square off in the after-piece.

Tomlinson Case Is Nearing Jury

SAN ANGELO, June 26. (AP)—The trial of Wylie B. Tomlinson, 33, Menard ranchman, charged with murder in the shooting death of O. B. Opp, an oil man-rancher, is expected to be handed to the jury today. Judge John F. Sutton opened the session in 51st district court by reading his charge to the jury, after which arguments in the case were made. Yesterday, Tomlinson testified he shot and killed Opp solely "to save my own life." His plea of self-defense in the Nov. 22, 1946, shooting in a hotel lobby here concluded testimony in the murder case. The state used 22 witnesses and the defense 21.

Golfers Wade Into Victory National Today

CHICAGO, June 26. (AP)—With the South African Menace, Bob Locke, temporarily shelved and the nerve-twanging pressure of the National Open and P. G. A. tournaments behind them, the professional golfing phalanx today wades into the \$15,000 Chicago Victory National championships at the Westward Ho club.

The 72-hole stroke play tourney, won the past two years by the now retired Byron Nelson, will afford an opportunity for such performers as leading money winner Jimmy Demaret, Ben Hogan and Lloyd Mangrum to climb back into golf's much-crowded driver's seat. Demaret's last victory was in the Masters tourney at Atlanta in early April. Hogan, twice a winner of the Victory National in 1941-1942, hasn't paced a field since he won the Colonial Invitation at Fort Worth in mid-May. Mangrum copped the National Capitol Open at Washington early this month, but it was his first major triumph since the 1946 National Open.

This old-guard trio comes to the four-way Victory National test still ranking over the somewhat surprising triumphs of Lew Worsham of Washington, D. C., in the National Open at St. Louis and Jim Ferrer, the hot-potting ex-Australian in the National P. G. A. earlier this week.

Worsham probably won't compete here because of a home-town celebration of his open victory, but Ferrer rates a favorite among the 54 pros who will shoot for the \$2,000 top money over the 6,440-yard, par-71, Westward Ho course, which is host to a major tournament for the first time.

Fans To Purchase Sherman Ball Club

SHERMAN, Tex., June 26. (AP)—Stock-selling campaigns will open simultaneously today in Sherman and Denison for the joint community purchase of the Sherman Twins baseball club at \$55,000.

Recently the Twins were purchased from the original owner and organizer, Art Williamson, by four local men who will transfer the club to a community corporation, if formed. Banker John Perry of Sherman and Auto Dealer George Stratton of Denison will head the drives in the two communities.

Locals To Open Series Tonight In Sweetwater

The Big Spring Broncs move to Sweetwater tonight where they will open a two-game series with the Sports.

The Hossees are due to return here Saturday for a five-day stand, with the Vernon Dusters listed as the first visitor.

ODESSA, June 26. (AP)—The Odessa Oilers trimmed Big Spring's Longhorn league lead to half a game Wednesday night by pounding across three runs in the eighth inning to take a 4-3 decision.

Gerry Rodriguez apparently had won a tight pitchers' duel from Coniff, Oiler moundsman, before the Odessa uprising in the eighth. Both pitchers rationed out six hits, and Rodriguez held a 3-1 advantage at the end of the seventh.

Mario "T-Bone" Varona, with two singles to his credit, was the only Bronc batsman who was able to touch Coniff more than once. Perez, Odessa shortstop, led the Oilers at the plate, collecting a triple, double and single in three trips.

The Wednesday night encounter gave the Oilers and the Broncs an even split in a two-game series. The Broncs' lead in the Longhorn league standings dwindled to half a game, since Midland trimmed the Vernon Dusters, 8-3.

Deer Hunt On With Lariats, Not Guns

WATERTOWN, Mass., June 26. (AP)—It's open season at Watertown on a young doe hiding on the grounds, but hunters are using lariats, not the heavy rifles turned out by this famous gun factory.

Frightened by a passing train, it jumped over the arsenal fence and remains at large, eating tidbits from the commandant's vegetable garden.

War Hero Becomes U. S. Citizen Today

HOUSTON, June 26. (AP)—Macario Garcia, 29, of Houston, today is a citizen of the country which awarded him the congressional medal of honor for bravery while in Germany during the war.

Garcia, along with 48 other people, including eight veterans, took the oath of allegiance before Federal Judge Allen B. Hannay here yesterday to become a United States citizen.

De Nicola Renamed Italian President

ROME, June 26. (AP)—Italy's constituent assembly re-elected Enrico de Nicola as provisional president of the Italian republic today, less than 24 hours after he resigned, saying that he was in poor health. He received 405 of the 431 votes cast, far more than three-fifths necessary to elect.

There was no immediate indication as to whether he would accept.

De Nicola's message to the assembly yesterday said his health "impedes me absolutely from exercising my functions any longer." He is 69 years old.

Must Serve Sentence

WASHINGTON, June 26. (AP)—Mayor James M. Curley of Boston lost today his appeal for suspension of a six to 18 months jail sentence on mail fraud charges, and must serve it.

FASCISM? MOSCOW, June 26. (AP)—A Tass dispatch from New York about the new Hartley-Taft labor law in the United States was printed here today under the headline: "Step towards fascism."

Melon Lover Finds Prize Is Pickled

ANDARKO, Okla., June 26. (AP)—Jack McLane took loving care of the lone melon on his one watermelon vine.

But he returned from work the other day and went out to make his customary evening inspection, the melon was gone.

Driver Gets Fed Up

FORT WAYNE, Ind. (UP)—Gerald L. King, 30, Bethlehem, Pa., agreed to deliver a new automobile to Frederick, Okla., but after driving from Detroit to Fort Wayne he "got tired of traveling." He turned the car over to police and asked them to do something about it.

Cold-Water Pike To Get Trial In Warm Waters Of Texas Lakes

By WILBUR MARTIN
Associated Press Staff Writer
Whether pike can survive in Texas' warm lake waters will be determined in an experiment slated this fall at Eagle Mountain lake. The Fort Worth Anglers club is going to transplant some of these cold-water fish from Norris Dam, Tenn., in an effort to introduce a new type target anglers.

Charles H. Kahn, president of the club, said it was believed the fish could adjust themselves to Texas' hot spring and summer months after a conditioning period during the winter.

The pike has long been a favorite fish with sportsmen in mountain and northern states, and Kahn said there was reason to believe the fish would eventually take to Texas.

According to Kahn, pike normally survive in waters of 63-degree temperature. But he said the waters of Eagle Mountain lake would approximate this during the late fall and winter. The experiment will be based on the theory that as the temperature changes, so will the pike's aversion of warm water.

Should the test prove successful, it will mean that bass are no longer prime objectives at Eagle Mountain. Recently, 1,000,000 young bass were dumped there and in Lake Worth.

Cooperating with the anglers club in the pike experiment is the state game and fish department, Kahn said.

Real reason behind the move to bring pike to Texas is to further interest in fishing, Kahn disclosed. So far, the Fort Worth group has sponsored a number of events to further this cause.

Biggest project undertaken by the club is the current "fish

LOOKING 'EM OVER

With TOMMY HART
Robert Blevins, a rookie pitcher optioned to Big Spring by the St. Louis Broncs, is expected to arrive here by week's end. When Blevins joins the Broncs, Manager Pat Stasey will have no less than six hurlers on his roster. In addition, Washington is supposed to send along another man and Jack Hauptert, the limited service operative, is due in from Iowa at any time.

Stasey will keep the six best men of that crowd for an all-out bid for first place in the Longhorn league standings. All other teams in the league are improving but the local brain trust is determined no brigade will sidetrack the Hossees.

Blevins is a righthander, hails from Newark, N. J. Hauptert is a cool youngster with good control and a fair curve ball. He should be able to shoulder a lot of the burden now being carried by Pat Patterson, Bert Baez, Gerry Rodriguez and Jose Cindan.

Odessa's Oilers have disposed of Danny Bolendahl, an infielder they picked up on option from the El Paso Texans. He's rejoining the El Pasoans.

Moose Womack, the Odessa first sacker, has been temporarily benched by Charlie Sierra but those who have seen him play say Sierra will not measure up to specifications.

Al Zigelman, the one-time Big Spring, is out of the Odessa line-up with an injured thumb. Spelling him is Jack Frazier.

Bill Roden, Obie Bristow, W. E. Ramsey and George Tillmingsham among others - are representing Big Spring in the West Texas Invitational Golf Tournament in Odessa this weekend.

Bristow was a finalist in last year's tournament, which was held in San Angelo, but he's been off his game lately. Roden has been playing well enough to rate the championship fight and may give the leaders a run for the money.

Freddy Acton, manager of Nathan's semi-pro baseball team, comes from an athletic family. Freddy was in pro ball five years and once hit .387 for Fort Smith.

Stiteler Appointed To Texas A&M Post

COLLEGE STATION, Tex., June 26. (AP)—Appointment of Harry Stiteler, coach of two championship high school football teams, as assistant football coach at Texas A & M College was announced today by Athletic Director J. W. (Dough) Rollins.

For the last year Stiteler has been with Rice Institute. Before that, he coached the Corpus Christi and Waco high school teams successfully to state titles.

Stiteler, who received his B. A. degree from A. & M. in 1931, is a former Southwest conference pole vault champion.

Russian Grain Loaned To Romania

BUCHAREST, June 26. (AP)—Russia will allocate 17,000 carloads of grain to Romania as a loan, it was learned today in ministerial circles. The government was in touch by telephone with Gheorghe Gheorghiu-Dej, Romanian minister of the national economy, now negotiating in Moscow.

Washington Counts Its Goats
CHELAN, Wash. (UP)—Washington ranks first in the number of mountain goats in the state. It has 6,500 of shaggy, nimble-footed animals. Only four states in the nation boast mountain goats. Montana has 5,000, Idaho 4,000, and South Dakota less than 300.

Freddy's cousin, Jimmy Acton, is hitting something like .480 for the Waterbury club in the Class B Colonial league - tops for the minors. Carrol Dial, a nephew, is pitching for Barlesville in the KOM circuit.

Herschel Acton, another cousin, was the Golden Gloves welter-weight boxing champ of the nation two years ago.

The scrap between Jersey Joe Walcott and Joey Maxin in Hollywood Monday night, won by Walcott, was the first staged by the Frank Sinatra Hollywood Square Gardens, Inc.

Sinatra applies to become the Mike Jacobs of the West. Those who saw the scrap say he'll have to do better by the fans next time.

Cats, Sports On See-Saw Again
It's getting almost monotonous, this business of Fort Worth and Shreveport see-sawing on the second place perch in the Texas league.

Fort Worth handed Dallas a 5-1 drubbing last night while San Antonio downed the Louisiana team 5-2. And that means the cats are back in second place behind Houston with the Sports shoved to third spot.

Four times straight the two teams have traded the runner-up position in as tight an intra-loop battle as these parts have seen this year.

In the only other league game last night, Tulsa swatted down seventh-place Oklahoma City, 2-0. The Houston-Beaumont affair was postponed because of wet grounds.

Ackerly Nine Trims Lamesa
ACKERLY, June 26. (Sp)—The Ackerly softballers galloped to a 7-5 decision over a team from Lamesa here Wednesday.

Home runs by Porter and Bowlin, and a triple by Lewis were the telling blows in the Ackerly attack. Porter got his four-bagger in the third with two mates aboard, while Bowlin-connected with a circuit lick in the fourth with the sacks vacant. Lewis drove in two runs with a three bagger in the fifth.

Holder got a home run in the second and Neymeyers socked another in the fifth for Lamesa, but both blows came with nobody on base.

SMU Golfer In NCAA Match Play
ANN ARBOR, Mich., June 26. (AP)—The nation's 64 blue-ribbon college golfers, who survived a rugged three-day 36-hole qualifying round, today entered match play which was scaled down by National Collegiate Athletic Association officials to a single 18-hole tour.

Individuals rather than teams with individuals rather than teams with a pair of freshmen, Oklahoma A & M's 24-year-old Nev Yeteran, 20 Winger and San Jose college's 18-year-old Bob Harris, heading qualifiers with 147's over the tricky 6,800 yard University of Michigan course.

A single stroke behind these two qualifying medalists were Charles (Bay) Lind, Denver university's 1946 NCAA runner-up, Claude Joyce, Jr., of Southern Methodist and Coyle, Star LSU Freshman.

Washington Counts Its Goats
CHELAN, Wash. (UP)—Washington ranks first in the number of mountain goats in the state. It has 6,500 of shaggy, nimble-footed animals. Only four states in the nation boast mountain goats. Montana has 5,000, Idaho 4,000, and South Dakota less than 300.

Giant's Thumping Trio Prompts Comparison To 'Murderers' Row

By The Associated Press
Johnny Mize, Walker Cooper and Willard Marshall, the thumping trio of the New York Giants have been slugging enemy pitchers at such a terrific rate that veteran observers have begun to compare them with the famous old murderers' row of the New York Yankees.

Mize, Cooper and Marshall drove in all the Giants' runs yesterday in their 9-3 victory over the Cubs in Chicago. Each walloped a home run, with Cooper knocking in four runs, Mize three and Marshall two.

While the Giants hammered three Cub hurlers for 11 hits, Lefty Dave Koslo turned back the Bruins with seven safeties for his seventh win. The win moved the Giants a game away from the front running Boston Braves and a half game back of the second place Brooklyn Dodgers.

Rookies Harry Taylor and Johnny Jorgensen starred for the Dodgers who defeated the Pirates 6-2, in Pittsburgh for the 21st setback in the Bucs' last 26 games.

Frank Shea, the Yankees' sensation rookie righthander spun his third shutout of the season when he limited the Cleveland Indians to three hits as the Yankees won 3-0 at night. Billy Johnson and Joe Dimaggio, staging a merry race for the runs batted in leadership, knocked in the Yankee runs to delight a tremendous Yankee Stadium turnout of 60,090 cash customers who booed the Yankee home attendance over the million mark - 1,018,022-in 31 games. It was Shea's ninth win against two defeats. The win increased the Yankees first place lead in the American league to two and a half games.

Three Teams In Sterling League
STERLING CITY, June 24. — Play will continue tonight between three teams who are seeking championship of the local softball league, with all entries scheduled to see action.

Teams in the league include aggregations sponsored by the Women's lodge, the American Legion and the Lions Club. Both the Woodmen and the Legionnaires have won three and lost two in early season play, while the Lions trail only one win in four starts.

League play is conducted twice weekly, with a single game each Tuesday night and a doubleheader on each Thursday night.

Hubbers Boost Lead In WT-NM
The Lubbock Hubbers increased their West Texas-New Mexico league lead to two full games last night as they downed Abilene 6-2 while Amarillo was falling before Albuquerque 13-7.

Lamesa and Pampa split a double-header, Pampa taking the first game 4-3 and dropping the nightcap 9-4. Clovis edged Borger 9-8.

Len Heinz pitched seven-hit ball in sending Lubbock to its win over Abilene with Bill Serena clouting his twenty-third homer of the season.

Chick O'Neil, signed only yesterday by Albuquerque, went to the mound and limited Amarillo to nine hits.

Mac Quillin and Hal Jackson hit homers in the seventh to give Clovis its margin over Borger.

Scoring four runs in the last half of the ninth, the Cincinnati Reds came from behind to nip the Phillies 9-8 in a thriller at Cincinnati. Hugh Poland, recently acquired from the Pills, climaxed the Reds' winning rally with a pinch-hit single.

Detroit's slipping Tigers snapped a 10-game losing streak by scoring a 4-2 victory over the second place Boston Red Sox, but reverted to their losing ways as the Sox took the second game of the double header in Boston 4-3.

Hal Newhouser, hard luck pitcher of the majors, won the opener for the Bengals spacing nine hits for his seventh triumph against eight defeats. Dave Ferris outlasted Dirty Trout in the nightcap.

The third place Athletics turned back the St. Louis Browns in a night game at Philadelphia winning 4-2 behind Dick Fowler. The former no-hit pitcher needed relief from Russ Christopher, however. Fred Sanford was the loser.

Washington and Chicago in the American league and Boston and St. Louis in the National were not scheduled.

Anniversary Of Unsettled Import

Today marks the second anniversary of the signing of the United Nations charter, an event which may or may not become one of the most important milestones in human history.

Much of the enthusiasm has died in the intervening two years, but even now it is hardly possible to make a fair and dispassionate appraisal of the United Nations.

The panorama of history has swirled at a terrific pace since the charter was conceived and signed. Many of the flaws (notably the veto) noted at the time have been brought by developments into bold relief. Much of the projected mechanism of the international organization has not been effected, and there is every reason to believe that it may yet take years to complete the basic structure as it is envisioned in the charter.

At this moment there is more talk of another war than most thought possible in so short a space of time only two years ago. Confusion abounds and conflict between the ideologies of Communism and Socialism on the one hand and Democracy on the other hand has multiplied.

Seemingly there is abundant grounds for disillusionment and discouragement. Yet the fact remains that two years are but a grain in the vast sands of time. Fifty, a hundred or perhaps a thousand years is not always conclusive in calculating a civilization. In addition, the United Nations has yet to be given a fair and sympathetic trial. It may not be the answer to international order and outlawing of war, but it is a start. Certainly it is worth making every attempt for practical operation. Something must end the senselessness of war.

"Pooh—I'm In 1948 Already!"

Hal Boyle's Notebook

Naval Amputee's Life

MARE ISLAND, Calif. (AP)—This is an anniversary for Sammy Bradford, who lost his legs on Okinawa before he was old enough to vote.

Two years ago today he entered the navy amputee rehabilitation hospital here to learn how to walk again. He's still in the hospital, and he's still trying to learn how to get around on his new "store legs."

Veterans who lost both legs below the knee can't graduate from the amputee training center until they can stroll away on their artificial underpinning without using a cane.

"I guess I won't be quite able to do that," said Sammy. He's what the doctors call "a bilateral A. K. case." That's medical shorthand for a man who has lost both legs above the knee. He has a rougher problem.

Sammy doesn't know for sure just what happened to him. He was 18 years old when he joined the Marines at Smyrna, Ga. He was 19 when he landed on Okinawa, where he fought as a rifleman for 45 days.

"I was going up Sugar Loaf Hill one morning," he said. "You remember Sugar Loaf Hill? I guess everybody remembers that one. All of a sudden I went down. I don't know whether I stepped on a mine or a mortar got me. Everything was hazy and I hurt all over. I guess I'll never know."

But his right leg was gone, and six days later navy doctors had to take off the shattered left limb.

The bones became infected. He had to undergo four more operations.

When the bone infection cleared up, Sammy had only four-inch stumps left.

"They were so short they came right out of the buckets when I tried to walk," he said. The "buckets" are the apertures of artificial legs into which the

stumps fit.

But the amputee center later developed a suction type "bucket" and Sammy has had better luck with artificial legs equipped with it.

"I've been practicing with the new suction buckets since last March," he said. "I can drive a car and I'm walking a lot better. I practice an hour every morning and an hour and a half in the evening."

"I can walk ten feet between the parallel bars without holding on. The longest I've had my legs on lately is three hours. I have to be able to keep them on eight hours before I leave."

'Dead' Japs Give Themselves Up

TOKYO—Day after day former Japanese soldiers trudge into a dingy Tokyo office and hand over little white urns.

"I am not dead," they invariably say. "These ashes are those of someone else."

The urns had been delivered to their families with official notification of death during the war, but this far more than 3,000 of these "living war dead" have returned home.

They find family shrines dedicated to their memory, and many have found that their "widows" remarried long ago.

Numerous mistakes are attributed to the fact that under the Japanese Shinto religion, the deceased are cremated and the family keeps the ashes. In battle areas, many men were cremated together and the ashes indiscriminately placed in urns for shipment home. Under this system, the names of many missing men were included among the dead.

Common names complicated the problem. In the Tokyo office there are more than 500 urns bearing only the name Minoru Tanaka, and 475 with the name Kiyoshi Date.

Affairs Of The World—DeWitt MacKenzie

Caution On Russian Cooperation

The proof of the plum duff is in the eating, and therefore we shall be smart if we don't allow ourselves to get exuberantly optimistic because Moscow finally has decided to send Foreign Minister Molotov to Paris to confer with Foreign Ministers Bidault of France and Bevin of Britain regarding the American proposal for the economic rehabilitation of Europe.

Of course it's most gratifying that no less personage than Mr. Molotov is to join the representatives of Europe's other ranking powers in these conversations which may make or break the continent. The outside world looks on Molotov as, next to Premier Stalin, the most powerful figure in Russia.

However, the mere fact that Moscow is participating in this conference, and is sending such a distinguished envoy, does not in itself mean one iota more than that the Soviet government is

Washington Merry-Go-Round—Draw Pearson

Wallace Wants Peace With Truman

WASHINGTON.—It's no great feat that Harry Truman doesn't like Henry Wallace — though few people realize how bitter he really is. However, it was supposed to be a secret that Henry made an indirect bid for reconciliation with Harry just before his climactic speech in Washington's Potomac park last week.

Wallace had written one significant paragraph in his speech offering his services to President Truman or General Marshall to go to Russia to try to patch up peace between the two countries.

His plan was to offer whatever good will he had with the Russians to try to iron out the snarls in American-Russian relations and try to get the two countries back on an even, amicable keel.

But before delivering his speech, Wallace had his chief adviser, Harold Young, sound out the White House as to how Truman might receive the proposal. Word came back in picturesque Truman language to this effect: "I wouldn't send that so-and-so anyplace."

So Henry Wallace change his mind, dropped the paragraph out of his speech. Some advisers urged him to offer his services publicly anyway, and let Truman have the embarrassment of turning him down but Wallace ruled otherwise.

IN WAKE OF LABOR BATTLE
GOP leaders wisecracked that the only reason President Truman invited North Dakota's Senator Milton Young to the special White House luncheon on the labor bill was to make sure that the taxpayers and not the president paid for the luncheon.

If members of both parties are present, the cost is charged to official entertainment. If not, the president has to pick up the check himself. Most people have forgotten that GOP Congressman Fred Hartley of New Jersey, co-author of the Taft-Hartley labor bill, is the same congressman who was promised \$10,000 of campaign contributions by the National Retail Dry Goods association—if he helped kill price control. (Wonder if Congressman Hartley has tried to buy any meat lately?)

Senator Claude Pepper of Fla. tells close friends that the congressional battle over President Truman's veto of the Taft-Hartley labor bill marks the beginning of a "permanent cleavage" between liberals and conservatives in both political parties and may serve as the foundation for a new third-party movement. "Pepper however, declares: "I am a Dem-

ocrat and will not be associated in any way with a third party if one does eventuate in 1948." . . . The two cabinet members who fought hardest against any veto of the labor bill were Secretary of the Navy Forrestal and Secretary of Commerce Harrison. Both Wall Street bankers, both wanted Truman to sign the bill. They told Truman that if Sec. of Labor Schwelbensch had a right to present labor's viewpoint, they had as much right to present the business-

man's viewpoint. . . . At a secret meeting of labor chiefs with White House attaches, John L. Lewis promised to pressure West Virginia's GOP Senator Revere-

comb and Kentucky's GOP Senator Cooper to sustain the president if he vetoed the labor bill. John L., however, never delivered. . . . union chiefs warned at this same secret meeting that unless the Taft-Hartley bill was vetoed, labor would not go to the polls next year.

HOLLYWOOD IN SLOVAKIA
Hollywood Mogul Eric Johnston has just left for Europe to battle it out with the Russians on the motion-picture front. Here's what he faces:

In Czechoslovakia, the Russian forced the Czech government to use 60 per cent Russian films. However, working closely with the State department, Hollywood sent carefully selected features to Czechoslovakia, including "Wilson," Darryl Zanuck's story of Woodrow Wilson, "Abraham Lincoln in Illinois," and others.

Result: The Czechs flocked to theatres in such numbers that American films ran overtime. People waited in queues a block long to see them. Some theatre managers—in order to comply with the Russian edict—had to begin showing American movies at midnight.

This got under the Russian skin. Now they have changed their tactics, requiring Czechs to make their own films—but with Russian money, talent, and supervision. This way, they hope to bar all foreign films.

Note—Yet Pennsylvania's GOP Congressman Gavin and other isolationists claims that State department should not be permitted to send propaganda abroad.

MERRY-GO-ROUND
Maury Maverick, the fighting ex-congressman from Texas, recently noted out as mayor of San Antonio, now says: "My father lived in the city of 92 and my uncle reached 99. So I figure I'll be fighting for at least 40 years more." . . . Maverick tried

living in California for awhile but moved back to Texas. "Maybe I'll rot here," he says, "but California—No." . . . Friends of Justice Harold Burton defend his low record of only three Supreme Court majority opinions this year by explaining that Burton is a slow, methodical worker. They say he works late at night, comes back to the Supreme Court after hours. It's not social activities that keep down his batting average, they say; it's his methodical methods. . . . Contrary to previous reports, Gerard Reilly, labor adviser to Senator Taft, will not become counsel of the New National Labor Relations board. Under the reorganization act, no adviser to a congressional committee can take a job in the executive branch of the government for two years. Also, Reilly has a lucrative law practice. . . . Herbert Bayard Swopes is making the Army eat crow as a result of harrasing Constantine Poulos, Overseas News Agency, from the U. S. zone in Vienna. Poulos had previously criticized U. S. policy in Greece, and the Army retaliated against him. Fair-minded Secretary of War Patterson has now told the brass hats to pipe down. . . . A lot of this indirect type of censorship went on during the war.

THE DIPLOMATIC POUCH
Admiral Leahy, Chief of Staff to two presidents, is negotiating with McGray-Hill to publish his memoirs. Advance payment is \$75,000. Leahy's revelations on Teheran and Yalta would offset Elliott Roosevelt's pro-Russian book. . . . The Gen. Lucius Clay, American commander in Germany, is flying home to iron out a long-standing row over rebuilding Germany. Clay favors a unified Germany, but not the rebuilding of big industrial plants. The War department wants German industry rebuilt. On the outcome of this conflict may depend future European war or peace.

Generalissimo Chiang Kai-Shek has sent an urgent secret appeal to General Marshall for immediate aid to the Central government of China. Unless he gets the aid, Chiang warned, his country was in definite danger of going completely communistic. . . . Gen. Marshall has heard the Chinese cry "Wolf, wolf!" too often. . . . Secretary of Commerce Averell Harriman will fly to Germany soon to investigate increasing coal production in the Ruhr Valley, also make a survey of the thorny Ruhr problem for Truman.

(Copyright, 1947, The Ball Syndicate, Inc.)

Report Worth Reading And Keeping

The current issue of West Texas Today, official publication of the West Texas Chamber of Commerce, is at once of historical and economic significance.

Virtually all of the June number is devoted to a chronology of the regional chamber's campaign which extended over most of a decade and was climaxed on May 12 when the supreme court upheld, in a 7-2 decision, the ICC ruling calling for a 10 per cent reduction in South and West rates and a 10 per cent increase in the official (North and East) zone.

The ICC had undertaken this step in 1945 but was enjoined by carriers, who had the support of state officials in the official zone. The court's decision removed this obstacle.

Notwithstanding this first major vic-

tory affects only class rates which cover only about 10 per cent of the total volume of freight, the WTCC and its affiliate, the Freight Rate Equality Federation, have just cause to be jubilant.

Despite many important developments and minor victories during the years since the WTCC took up the campaign actively in 1938, efforts have been essentially in the trail-blazing category. Precedent had to be established more often than it was utilized. Thus it is that the supreme court victory puts the rate equality campaign on a foundation it could not otherwise have possessed. It is the predicate for further action; perhaps the thread that unwinds.

For a step by step account of developments and for facts and figures in support, the June issue of West Texas Today is worth reading and keeping.

The Nation Today—James Marlow

Labor Bill Effects On Union Man

WASHINGTON, AP—If you're a union member, what do you do about the new labor law?

Here are the main things:

1. In the first place, if you're about to join a union and you think the union's fee for joining is too high, you may be able to get it lowered. How?

By complaining to the national labor relations board (NLRB), the government agency which carries out the law.

The board must investigate. It will decide whether the fee is too high.

2. A union can't make you pay contributions for political purposes, such as supporting a candidate or party.

3. Suppose you're dissatisfied with your union and don't want it to represent you any more. What can you do?

If at least 30 percent of the union members feel that way, they can ask NLRB to hold an election. It must be held.

If a majority of the union members—not just 30 percent—vote not to have that union represent them, it's out.

But the 30 percent can ask for the vote only when the union's contract with the boss expires, not while it's in existence.

Until now only the union—meaning the union officials—could ask NLRB to hold a vote.

The only time they asked was after they'd gone into a plant, organized it, and felt a majority of the workers would vote for the union to represent them.

If they so voted, the union represented them.

4. Sincere union members—and troublemakers, too—now can take a stronger part in union affairs without fear of being fired if they're kicked out.

Here's an explanation: There's a thing called the union shop. There everyone—non-union people already working and non-union people hired later—must join the union within a certain time.

Once in, they must stay in. If they quit, the boss must fire them. That was true under the old law and it's still true under the new.

But under the old law, if a union expelled a man for any reason—such as quarreling with union officials—the boss had to fire him.

Under the new law the boss doesn't have to fire a man expelled by a union for any reason except not paying his dues or initiation fee.

But—
Suppose you're working in a place which already has a contract that has a year to run? The new law doesn't change anything in that case.

The new law leaves unchanged union shop contracts now in existence. But any such contract signed after Aug. 22 must conform to the new law.

(Aug. 22 is 60 days from June 23, when the new law was passed.)

So if you're working in a union shop where the contract—say—has a year to run and you're expelled from the union for any cause, the boss must fire you.

(The new law bans closed shops where everyone working or later hired must be a union member.)

But just as in the case of union shops, closed shop contracts now in effect can run unaffected by the new law but for no longer than a year.

No closed shop contract can be signed after Aug. 22.

4. Suppose you're a non-union man but work in a shop where a majority of the workers belong to a union. Must you join? Only if:

1. The union can get the boss to agree to a union shop contract, and
2. A majority of all the workers in the plant vote for a union shop.

Under the old law there could be a union shop if only a majority of those present at voting time wanted it.

locking the project over. No matter what Russia had in mind, she would be bound to have a representative at this meeting.

Then, having examined the situation, she would be in position to adopt any one of three courses—as diplomatic quarters in the western democracies see it—namely:

(1). Full-hearted participation in the Marshall project with determination to make it work;

(2). Participation with the idea of scuttling the ship; (3). outright rejection of the proposal with a knowledge that this would further solidify the division of Europe into eastern and western camps.

That's not being cynical but is merely employing horse-sense in these dangerous days when caution is necessary. It's recognizing facts instead of indulging in wishful thinking.

There's a difference, though, between wishful thinking and

hope. It is legitimate for us to hope that this reconstruction proposal may break the ice and so at long last permit of cooperation between the Russian bloc and the western allies. Such cooperation may not be probable at this time, but it is possible.

Mind you, I don't believe Russia has completed her maneuvering for positions of advantage in Europe. The signs are that she intends to consolidate her hold on Hungary, to bring Austria within the Red fold, and to establish her influence over Germany. There is every indication, too, that Moscow hasn't the slightest intention of abandoning its campaign for communization of the world. However, it is possible the Soviet has extended its influence sufficiently so that it now would be willing to cooperate with the western allies—provided it is satisfied that the allies have no designs against it.

In Hollywood—Bob Thomas

Orson Welles Making 'Macbeth'

HOLLYWOOD, AP—Orson Welles, a man who is full of surprises, is currently startling Republic studios, the home of the horse opera. Not to mention what he's doing to Bill Shakespeare. The ex-boy genius this week started his 21-day romp through a film version of "Macbeth," and I found him operating at his usual whirlwind pace. He has wanted to film the classic for 10 years and he's as happy as a kid with a new electric train. One moment he'd be perched atop a castle wall. The next he'd be down in the banquet hall,

shouting directions in a voice which may well have ruined sound tracks at Warner Brothers, five miles away.

"Let's go," he announced to his fellow Shakespearians. "Run do not walk. Remember, this is a B picture." Above the resultant laughter was heard Orson's rich, full guffaw.

Roddy McDowell, portraying Malcolm, told Orson he bet his agent the film would be finished on schedule.

"Make it \$500," Orson bellowed back. He was off again, lining up

actors and rehearsing a scene. He checked the plumage on a character's helmet, jumped behind the camera, okayed the set-up and announced a "take."

Republic oldtimers, who are used to such a breakneck pace but not the strange dialogue, watch the shooting in amazement. But one believed that things would return to normal: "When he's finished with this set, I bet they'll paint it red, call it Bryce canyon and run Roy Rogers and Trigger through here."

actors and rehearsing a scene.

ATTRACTIVE PRICES QUOTED FOR CONVERTING TO INNER-SPRINGS

Extremely low prices that now prevail for converting old mattresses to innerspring type probably would surprise many people. T. J. Mitchell, owner of the Big Spring Mattress Co., 811 West Third, believes.

Mitchell said his firm has been able to obtain a good supply of innersprings, which now permits virtually unlimited orders for either converting ordinary mattresses into innersprings or manufacturing new innerspring mattresses.

For those who desire the finest of custom-built mattresses, whether innerspring or cotton type, the Big Spring Mattress Co. offers expert service. The company has plenty of ticking and other materials available to handle all orders.

In the innerspring line, selections now include 180-coil and 220-coil types, and in the near future the 455-coil will be available.

The Big Spring Mattress Co. provides free pick-up and delivery service for its customers and all calls are answered promptly. Patrons are invited to call 1764 for free estimates on any type of mattress work.

Ice Cream Good For Evening Snack

Warm days bring to mind that mid-evening snack between the evening meal and bed-time, when the whole family gets hungry for something special.

Banner Creamery suggests a treat for the family in their complete line of ice creams, sherberts and popicles, available at local grocery and drug stores.

Protected Parking

If you have parking troubles, Clark Motor company operates a parking lot for your convenience at 402 Runnels street. In addition to being right in the business district, the lot is open day and night with men on duty at all times. For patron protection, fire, theft, etc. insurance is maintained.

PRODUCTION BOOSTER—That's the term that may be applied to Burrus Texo feed products handled by Hawkins Feed store, 700 Lamesa highway. Rations are so balanced in the feeds that maximum production is obtained, making Texo products not only reasonable in price, but actually more economical because of results. In addition, J. L. Hawkins, operator of the store, above, has supplied farmers of this area with a wide variety of seed during the planting season. (Jack M. Hayes Photo).

STANLEY HARDWARE OFFERS STOREHOUSES OF POST-WAR MERCHANDISE FOR ALL OF NEEDS

The modern drug store, celebrated as a successor to the old time general store, has nothing on Stanley's Hardware concern when it comes to handling a variety of items.

Besides retailing all types of hardware goods from plow points to ten-penny nails, Stanley's deals in household appliances and sporting goods.

Radios, ice boxes, deep freezer units, washing machines, and lamps—to name a few hard-to-get items—are reaching the buyer in increasing numbers through Stanley's store.

The establishment handles Cool-erator exclusively, in the electric ice box line.

Bicycles, tricycles and scooters find their way to the user through Stanley's.

The housewife who desires to give her kitchen that up-to-date appearance with a Lineoleum rug, the machinist who needs a tool replacement will find a friend in Stanley's.

Sportsmen can readily purchase several types of ammunition as well as shot guns and pistols at the hardware concern, along with fishing supplies.

Complete sets of china and silverware; stoves—including the gas, electric and kerosene types—can also be had.

The carpenter need go no further than Stanley's to get all types of hand tools, including hammers, saws and drills.

J. R. Stanley, owner of the establishment bearing his name, has been in business here for the past four years. His objective is and has always been to satisfy the customer.

Butane Popularity Gaining Rapidly

Popularity of butane as a source of fuel is growing rapidly all over the state, and S. M. Smith is making arrangements to meet all demands in this area with emphasis on service and safety.

At the recent state meeting of butane dealers in Galveston, Smith heard reports of rapid growth of the butane industry. There he also learned more about plans for safety and service schools for dealers, truckers, installation men and service men in cooperation with the trade and industrial division of the University of Texas extension service and the state board of vocational education.

As soon as a specially trained field-man is available, Smith said he would move to bring him to Big Spring to train personnel concerning the characteristics of liquefied petroleum gas, gas systems, transportation and storage, installation, regulators and vaporizers. Everything is being and will be done to make butane easier, safer and pleasing to use.

Smith recently added a 5,000-gallon transport to his system, which augments a 3,400-gallon transport previously in service. In addition he has several delivery trucks.

His company also is agent for Tappan butane ranges, handles butane brooders, heaters (including radiant types), hot plates and a utility burner that may be used for all purposes.

Big Spring Schools Get Equipment

W. C. Blankenship, superintendent of Big Spring schools, had a field day on behalf of the schools and cafeteria Friday, bidding in 11 lots of surplus government equipment at Midland for \$1,071.09.

Included are a sink, steam tables and kettles, bake ovens, toasters, mixing machine, vegetable steamers. Since the equipment was in lots, the purchases may exceed school needs, in which event the school will dispose of the surplus items. It was considered possible the original investment on all items could clear even by retaining what can be used.

Purchases were among the 199 lots offered for sale by the War Assets Administration at Pecos, Poyote, Midland and Fort Stockton army air fields. Some of the material Blankenship bought was on auction when bids were regarded as too low.

Among bids for Big Spring schools were: Scullery sink \$33.17; steam table and kettle \$35; four steam tables \$100; four deck-bake oven \$79.50; four deck-bake ovens \$155; two steam jacketed kettles \$31.28; four gas conveyor type toasters \$80; mixing machine \$29.30; five vegetable steamers \$219.15; steel office safe \$189.69; 14 flat top office desks \$98.50.

Jim Kinsey, Big Spring, secured a steam cooker and steam jacketed kettle for \$61. Blankenship made personal purchases including mobile stretchers, folding tables and rocker chairs in the amount of \$335. A Coahoma church bought 95 folding chairs for \$161, and other purchases were made by representatives from Cochoma, Knott, and Lamesa. The War Assets, however, failed to sell 1300 pounds of tear gas.

Guard Unit Needs Officer

Type of National Guard installation to be activated in Big Spring will depend upon availability of certain officer personnel, Col. L. C. Collins of the Texas National Guard Headquarters, Austin, has reported.

Col Collins made a survey here over the weekend in preparation for detailed plans for the unit. Current plans are for a headquarters and headquarters battery of the Eighth Motorized Field Artillery Group. However, such a unit requires a full colonel to serve as commanding officer, and to date the TNG has been unable to locate in this immediate area a veteran who served with that rank.

If pending arrangements do not materialize, another type of unit will be established here, Col. Collins said, since the National Guard definitely plans to activate an installation in Big Spring.

Construction Is Begun On W. 17

Actual construction work on the city's voluntary paving program began this morning when workers began installing forms for curbs and gutters on West 17th street. Work on the West 17th project was delayed several days pending completion of financial arrangements, but the problems were cleared up over the weekend.

City Manager H. W. Whitney said the street department plans to complete the project as rapidly as possible and then move to the 100 block of West 16th where curbs and gutters are already installed. The West 17th project involves two blocks, running west from Pennsylvania Ave.

As soon as work is completed on 16th and 17th, city officials hope to be ready to begin on Washington Blvd. and Bluebonnet street, where plans for new projects are shaping up.

The street department has completed 340 feet of curbs and gutters at the intersection of Lancaster and West 13th. Although there is no immediate prospect for a paving project there, property owners made arrangements to secure the curbing.

Urges Immunization Before Vacation

Immunization against typhoid fever before vacation trips was urged today by Dr. F. E. Sadler, director of the Midland-Ector-Howard counties health unit.

"The old adage that 'an ounce of prevention is worth a pound of cure' is particularly applicable to this disease," Dr. Sadler declared. All precautions are being taken by the city-county health department to minimize the danger of a typhoid epidemic, but a series of three typhoid vaccine shots will insure the individual against the disease, the health unit director pointed out.

Dr. Sadler urged persons not already immunized to consult their family physicians and arrange for the vaccine series.

West 17th street paving project, city officials announced. The preliminary work on that project will be speeded in every way possible, officials said, and arrangements already have been made to receive the initial order of base materials on Monday.

The city plans to complete the 17th street work and then move to the 100 block of West 16th street, where curbs and gutters already have been installed. When work at the latter site is finished, it is hoped that other potential projects will be at a stage where actual construction can begin.

Next in line are projects on Washington Blvd. and Bluebonnet street, where efforts are being made to complete financial arrangements this week.

Cosden Holds Stockholders Annual Parley

Annual stockholders and directors meeting of Cosden Petroleum Corporation will be held in Big Spring on July 21, R. L. Tollett, president, announced here Tuesday.

He recently returned from New York where he attended the last monthly meeting of the board for the year.

Under a company policy, the stockholders meeting is held in Big Spring, climaxed by the election and organization of the new board. Reports on operations for the fiscal year will be mailed out in advance of the annual meeting.

Among developments started during the past year and still underway are the construction of blending plants. The one at Sweetwater to date had received 14 trainloads or 280 cars of motor fuels from the refinery here since movement was begun early in February.

Tollett said that the Abilene blending plant likely would be ready to receive its initial shipment around July 1, signaling a demand in excess of that at Sweetwater. Currently, opening of the largest of the blending plants at Orme (Arlington) is projected for approximately Sept. 1. The Orme terminal likely will require substantially more gasoline than both Sweetwater and Abilene.

Meetings Called On Latin-American Legion Program

Persons interested in organizing a Latin-American chapter of the American Legion have been invited by Gene Salazar, acting commander, to attend a meeting at 8 o'clock this evening in the Rosales building in the northwest section of the city.

At that time, applications for membership will be accepted and dues set. Permanent officers will probably be elected Salazar stated. The proposed chapter would be an independent organization, Salazar stated.

May Ask Extension Of Cotton Plow

MERCEDES, June 25. (AP)—A meeting of the Rio Grande Valley Cotton committee will be held at the Valley Farm Bureau office here today to discuss the valley cotton situation and a proposal to extend the plowup deadline.

Growers in dry land areas, where the crop is expected to be late, have asked the extension. Under present state and federal regulations all cotton must be picked and stalks plowed up not later than Aug. 31.

MARRIED 50 YEARS—Mr. and Mrs. S. H. Morrison, 806 Scurry street, are pictured at a reception given for them at their home Tuesday evening in commemoration of their golden wedding anniversary. The couple was married June 17, 1898 in Jones county.

FIGURE IN LIFE-SAVING—R. R. McNew, left, Cosden Petroleum corporation maintenance foreman, Friday evening was presented with a Certificate of Merit from the American Red Cross for having been instrumental in saving the life of Leonard F. Kinder, center. It was the 34th such award ever presented by Red Cross in Texas. In addition, Cosden officials and employees gave an engraved watch to McNew. At right, Jack Y. Smith, personnel director and member of the Cosden first aid team, inspects the area where Kinder and other workmen were gassed. The others revived when removed, but Kinder came around only after artificial respiration was administered. (McNew photo by Jack M. Haynes).

McNew Receives Red Cross Heroism Award At City Park

R. R. McNew, 1010 E. 20th St. Friday night became the 34th Texan ever to receive the Certificate of Merit award from the American National Red Cross.

The formal ceremonies were conducted at the City Park amphitheatre as a special feature of the first weekly amateur show of the summer.

McNew qualified for the award on Nov. 6, 1946 when he rendered artificial respiration which was credited by physicians as reviving Leonard Kinder who had been gassed accidentally along with several other employees of Cosden Petroleum Corp. Kinder was the only one of the group who did not recover after they were removed from the gas area. McNew started artificial respiration and Kinder responded after several minutes.

The incident was re-enacted on the amphitheatre stage immediately preceding the presentation of the award.

Robert H. Lucey, special field representative of the American Red Cross accident prevention, first aid and water safety services for West Texas, presented the award.

In addition to the certificate of merit, Cosden presented McNew with a new wrist watch. Approximately 750 persons witnessed the award ceremonies and the preceding amateur program.

The Logan ensemble took first place in the amateur variety show, while a vocal trio composed of Jean Cornelison, Joyce Worrell and Billie Jean Younger, was judged second by the audience. Roy Hickman, novelty whistler, took third place honors.

State To Step-Up Traffic Control

AUSTIN, June 24. (AP)—Emphasis on keeping complete records of traffic accidents as a means of controlling highway deaths will be a feature of the department of public safety's stepped-up enforcement program which starts Dec. 1 when 200 highway patrolmen are added.

Two department of public safety officials were in Atlanta, Ga., today attending a national institute for traffic training as a preliminary step to that program.

N. K. Woerner, chief of the statistical division, is taking a course in accident records and Capt. J. O. Musiek is studying pedestrian control.

The courses are being offered at the Georgia Institute of Technology.

"We can't do thorough accident-prevention work unless we know when, where and why accidents are happening," said Joe S. Flecher, assistant director of the department of public safety.

State Adjutant To Go To Vicksburg

AUSTIN, June 25. (AP)—Gov. Beauford H. Jester today announced that State Adjutant General K. E. Berry will represent the state of Texas and the governor at the second annual carnival of the Confederacy in Vicksburg, Miss., July 3, 4 and 5.

Gen. Dwight D. Eisenhower is scheduled to make the July 4 address. Jester said previous engagements prevented his attending.

Returned Here To Face Theft Charge

E. C. Parker, accused of stealing several hogs from the Big Spring State hospital two months ago, was returned here Tuesday from Amarillo by deputy sheriff Tracy L. Kupper.

DISSENT RECORD EQUALED IN RECENT SUPREME COURT TERM

WASHINGTON, June 24. (AP)—Supreme Court justices in the term just ended ran up a total of dissenting votes exactly equaling the tribunal's record high.

Eight of the nine justices cast 37 dissenting votes in deciding 17 cases in the last day of the term yesterday.

The record shows the Court turned out 112 opinions with unanimous agreement on 48. Last term's Total dissents last term were 139.

The Court decided 25 cases by 5-4 votes, 19 by 6-3. Last term, with Justice Jackson absent, 13 cases were decided 5-3 and in six the vote was 4-3.

Justice Black was the most prolific writer of majority opinions in the term just ended. He had 29. Other justices had: Douglas, 27; Murphy, 17; Jackson, 15; Reid, 14; Vinson, 13; Frankfurter, 12; Rutledge, 9 and Burton, 6.

Rutledge cast most dissenting votes, 39. Other dissents: Frankfurter, 33; Murphy, 31; Douglas, 27; Jackson, 26; Black, 25; Burton, 21; Reid, 16 and Vinson, 13.

The court disposed of three of its major cases in the closing session yesterday when it ruled: The federal government owns submerged coastal lands from low tide to a point three miles at sea. "Blue ribbon juries do not offend constitutional guarantees of protection to defendants. The Lea act—passed by the last

Activation Of Naval Reserve Unit Is Set

Authority to use the bomb sight training building at the former bombardier school, which was granted Tuesday, has assured early activation of a Naval Reserve unit in Big Spring, Wayne Williams, who has been designated commanding officer, said today.

Williams appeared before the city commission Tuesday afternoon to make formal request for use of the building. The Navy plans a unit composed of about five officers and some 40 enlisted men, he said. Large quantities of specialized equipment (including radar) sending and receiving sets, radar installations for sending and receiving and underwater sound equipment will be shipped here by the Eighth Naval District Headquarters in New Orleans.

The bomb sight training building is among the structures already turned over to the city by the Federal government as airport property. City officials said they had been informed that the building could be used by the Naval Reserve without violating any terms of the building's acquisition contract.

Returned Here To Face Theft Charge

E. C. Parker, accused of stealing several hogs from the Big Spring State hospital two months ago, was returned here Tuesday from Amarillo by deputy sheriff Tracy L. Kupper.

Parker, who has waived \$2,000 bond, is already facing a 15 year prison term, which he received in Canyon recently upon conviction of a statutory charge.

John Cantrell, Parker's alleged accomplice, has been in the county jail here for several weeks.

CC Solicitors Convassing For Members

CC Solicitors Convassing For Members

A group of 18 workers launched a chamber of commerce membership drive this morning at a special breakfast meeting held by the chamber's Round-up club in City park.

Brief talks were made by V. A. Merrick, chairman of the chamber membership committee, E. P. Driver and Matt Harrington, group captains for the Round-up club, and J. H. Greene, chamber manager.

Groups headed by Driver and Harrington were divided into teams of two men each, and each team pledged to solicit memberships for the chamber during the next few days. The group which secured the largest number of new memberships during the drive will be feted at a dinner on a date to be announced later. At the dinner, winning team combinations and runners-up will also be accorded special recognition.

Soil Conservation Money Cut Is Hit

WASHINGTON, June 25. (AP)—E. Ruhmann, Waco, representing the southern seed industry, appeared before a senate appropriations sub-committee yesterday to recommend that a \$150,000,000 cut by the house in soil conservation payments be restored.

Ruhmann said it is "a breach of faith with our farmers to at this late date refuse to provide the full \$314,246,000 for soil building practices."

Drowning Victim's Body Sent To U. S.

W. H. Cardwell received notice Tuesday morning that the body of his grandson, Lt. Elmo Nichols, victim of drowning in the Weiser river in Germany, had reached New York.

Lt. Nichols drowned when the boat in which he was riding capsized. His body was found approximately two weeks later six miles downstream in the mouth of the river. Burial will be in Arlington national cemetery, but Mr. Cardwell will be unable to make the trip to Washington, D. C. Date for the committal rites has not been set.

HAIR-RAISING ADVENTURES OF WAYNESBORO CLUB IN WASHINGTON

WASHINGTON, June 23. (AP)—Gen U. S. Grant would have felt right at home.

For 200 members of the Waynesboro, Pa., Whiskers club came to town yesterday. By a happy coincidence, they wore exactly 200 beards.

They got a welcome delivered from the capitol steps, Waynesboro's mayor, Harry C. Funk, was given a huge key to the capitol. And they even got to sit in the house of representatives. They made the old place look as if it must have looked when a beard was an essential part of every statesman's equipment.

It was back in February that these men decided it would be a nice idea to let their beards grow, to advertise Waynesboro's 100th anniversary party July 6-11. And so they did.

The effect was startling, even hair-raising, troops' surprise. For they came up with everything from spade horns to mustaches. And many of them wore 19th century costumes to match. House Speaker Joseph Martin (R-Mass) welcomed the group.

looking a little out of place with his non-bearded face.

But Rep. Gross (R-Pa) got right into the spirit of the thing. He led the group on a tour of the senate and house. While they sat in the house, he delivered a short speech.

But Gross never would have made the whiskers club. That bushy Red Beard of his was false.

Dallas Developer Buys Valley Land

EDINBURG, June 25. (AP)—The Rio Development Company, headed by Lloyd M. Bentsen of Mission, has sold 1,000 acres of Hidalgo county land to Leo F. Corrigan, Dallas developer, at an indicated price of \$200,000, according to records on file today with the county clerk.

Revenue stamps attached to the deed indicated the figure involved in the transaction. The tract is located in the San Salvador Del Tulo Grant north of here.

From where I sit... by Joe Marsh

Crazy Hat Wins Refrigerator!

One of those "Breakfast in the morning" radio shows came to Capitol City last week, and Sarah Carey won first prize for wearing the craziest hat in the audience. It was a full-sized refrigerator! (The prize, not the hat.)

"Glad them hats of hers paid off at last," says Ed, treating the whole thing like a joke. But you could see he was proud of Sarah.

From where I sit, there's another thing Ed can be proud of: the way he's put up with those hats of Sarah's, with never a criticism—just

as she's put up with Ed's pipe and the other little freedoms he enjoys. They've got that refrigerator home now, stocked with beer; and we're going over tonight to drink a toast—not just to Sarah's hats taking first prize... but to a happily married couple, who've learned to live with one another's differences in tastes—whether it's a taste for hats or beer!
