'Reformation Day' Services Set For Sunday In Midland

MIDLAND — Dr. Edgar DeWitt Jones, minister emeritus of the Central Woodward Christian Church, Detroit, Mich., will be the speaker at the annual Reformation Day service scheduled here next Sunday.

The service will be held at 3 p.m. in the Midland High School Auditorium, under the sponsorship of the Midland Ministerial Association.

A record crowd of West Texas residents is expected to attend the function, joining in the world-wide observance of Reformation Day — the day 437 years ago when Martin Luther posted his famed 95 theses on the church door in Wittenburg, Germany, to spark the "revolution" leading to the establishment of the Protestant church.

Dr. Jones, for 28 years active minister of the Detroit church, was president of the Federal Council of Churches of Christ in America (now the National Council of Churches of Christ in America) in 1937-38, and served as an

exchange pastor to Scotland in 1942. He was president of the Association for Christian Unity 10 years, and has been active in many cooperative and ecumenical movements among the churches. He also is an outstanding lecturer and author.

A special program of music will be presented at the service, to which the public is invited.

Blankenship Is ABC's Speaker

Growth of Big Spring Independent School District and consequent problems were explained by W. C. Blankenship, superintendent of schools, at Friday's luncheon meeting of the American Business Club.

Enrollment has more than doubled in the 26 years he has been here, Blankenship explained. Rarely has the district been without at least a few half-day sessions during that time, he added.

The system now has 40 half-day sessions and will still have 14 even with completion of present building projects.

Blankenship explained how state aid was based on average daily attendance figures. That was one reason besides belief that the child would progress better that missing school was discouraged where a child was not ill.

School records are open for public inspection, he said. "We have nothing to cover up."

Supt. Blankenship closed his remarks by urging those who had any complaints about the school system to contact him so that any wrongs could be righted.

Man Is Acquitted Of Murder Count

ARKANSAS CITY, Ark., Oct. 23 (AP)—Cecil Rice, former Dumas, Ark., ice plant operator, was acquitted here last night of murder in connection with the three-year-old disappearance of his wife, Agnes.

The state contended Rice beat his wife to death and threw her body in the Mississippi River in December 1951. No body has been found.

The defense said Mrs. Rice is still alive and had left her husband.

Letters Pour In Indignant Over Louisiana Case Of Boy And Dog

By HUGH MULLIGAN

WEST MONROE, La., Oct. 23 (AP)—An Eau Claire, Wis., woman wrote: "I've never been so riled up about anything in my life."

In Indianapolis, another busy pen scratched: "Indianapolis is shocked."

A Canadian penned the same thing about "all Canada, including my landlord, and he won't let us keep a dog."

And, that's how it has been with 10-year-old Joe Cooper, widow's son and school marble champion who was hustled into a reformatory Oct. 5, four hours after he tried to save his dog, Tippet, from the city gas chamber by waving a loaded shotgun.

Within a week, more than 1,000 letters and telegrams, hundreds carrying donations, descended on this bustling little paper mill town on the Ouachita River. Some were delivered at the unpainted, unlighted, \$20-a-month shack where Joe lived with his 65-year-old mother and 17-year-old half-sister.

Others went to the mayor, the judge, the police chief, the school board, almost anyone who might listen.

Atty. Murphy Blackwell, who volunteered for the boy's defense was swamped with mail. Legally, it was a simple case. The dog, unvaccinated and of assorted pedigree, followed Joe's hike to school. The principal locked the animal in a closet and sent for the truant officer and dog catcher. Joe tried to play liberator with the family shotgun and a single shell bought with his 30 cents lunch money. Police disarmed him before any damage was done.

Barefoot, ragged and crying, he was sent to the Louisiana Training Institute, a progressive un-walled reformatory, where he got a haircut, new clothes and his first look at a football game.

As the tidal wave of public opinion rolled in, Judge Howell Heard ordered a new hearing, took the

case under advisement and indicated the next decision would take some time.

Mrs. Cooper, a wan, weary mother of nine children who takes in wash and raises a few chickens and pigs to make ends meet on a \$55 a month welfare check, is determined to retain custody—"He's my baby and he needs me."

But she is grateful for all that the letter writers of the world have done. "I know everything will be all right. People everywhere have been so nice. . . They say they'll send Joe to college. . . I know they will."

Joe is certain too. He wants to be a minister. . . "Or maybe a cop. The policemen treated me nice. They fed my dog."

As the tidal wave of public opinion rolled in, Judge Howell Heard ordered a new hearing, took the

Christmas Season Due To Be Merry For Texas Stores

AUSTIN, Oct. 23 (AP)—Texas cash registers are expected to ring up an especially Merry Christmas for business this year.

A. Hamilton Chute, University of Texas Bureau of Business Research analyst, said today retail institutions and manufacturers supplying them expect one of the highest holiday volumes on record.

In an article in Texas Business Review, Bureau Publication, Chute said confidence remains strong among most merchants in spite of hesitant or offsetting economic indicators.

In the wholesale markets, Chute said, buying became more brisk in late September and early October.

Although Texas retail sales for the first nine months of the year were 4 per cent below 1953, September sales gained 3 per cent over August and 1 per cent over September of last year, Chute noted.

### Plan Homecoming

Mapping plans for the Colorado City High School homecoming program are, left to right, Tommy Fuller, Marcia Schmidt and Duff Chesney. The program is slated for Friday with the Colorado City-Stamford football game to be the feature. The high school student body will crown a homecoming queen at half-time of the game.

## Joe McCarthy Asks Watkins To Testify

By JOHN CHADWICK  
WASHINGTON, Oct. 23 (U-Sen. McCarthy (R-Wis.), fighting censure charges, today asked Sen. Watkins (R-Utah) to testify before the McCarthy subcommittee and tell who was "culpable" in the Peress case.

Watkins is the chairman of a special committee of three Republican and three Democratic senators that unanimously recommended in a Sept. 27 report that McCarthy be censured by the Senate. A special Senate session has been called for Nov. 8, the week after the congressional elections, to act on the recommendation.

McCarthy made public today a letter in which he invited Watkins to testify before the Senate Investigations subcommittee, sometime prior to Nov. 8, about Brig. Gen. Ralph W. Zwicker's role in the Maj. Irving Peress case. Peress, a New York City dentist, has been described by McCarthy as a "Fifth Amendment Communist." One of the counts on which the special committee recommended McCarthy's censure was the way in which, as chairman of the investigations subcommittee, he questioned Zwicker last Feb. 18 about promotion and honorable discharge of Peress. The special committee called McCarthy's conduct toward Zwicker, a much decorated combat veteran, "reprehensible" and "inexcusable."

discharge of Peress) and some information to the effect that Zwicker was not.

"This is information for which our investigating committee has been searching," McCarthy continued, adding that he therefore was inviting Watkins to appear.

## Pat McCormick Gets New Agent

Patricia McCormick, the comely matadora now convalescing from a Sept. 5 going at Villa Acuna, has engaged a new agent to handle her North American affairs. He is Reese Halsey of Beverly Hills, Calif. Pat closed the deal with him by telephone Friday after a conversation with Herbert Childs, who collaborated with her in the story of her life, "The Lady Bullfighter." Her first agent, Stanley Rose, died a week ago. Meanwhile, plans were on foot here for a gala autographing party on Nov. 6 as a sort of triumphant climax to a round of appearances in major Texas cities next week. Patricia and her mother, Mrs. E. B. McCormick, will leave here Wednesday evening for Houston. After two days there, she will fly to San Antonio, then to Fort Worth, Dallas and El Paso. Her schedule calls for her to be home Nov. 4.

## Dabneys Return From Vacation

Mayor and Mrs. G. W. Dabney returned home Saturday morning after a three-week tour which took them to the East Coast, Midwest and West Coast to visit their children.

After a swing into Connecticut, they went to Chicago just as the historic flood hit there. In the section of the city where they were located, water did not get so high, said the mayor, at least not as high as it did in some west end houses here in May and June. At Los Angeles they ran into the smog, but Mayor and Mrs. Dabney took it in stride—they had seen West Texas sandstorms which made the smog seem relatively tame.

## Piggy Bank Raided

Burglars took about \$30 from a piggy bank and helped themselves to a can of pork and beans at the Pete Harrison residence east of Big Spring, the sheriff's department reported Saturday. The house was entered by way of a window when no one was at home.

### Beauty

Lloyd D. Bishop, above, body man at Tidwell Chevrolet, insists that seeing is believing. "Otherwise," adds Bishop, "I'd never have believed that so many fine features could be offered in a low priced car as are included on the new 1955 Chevrolets. They offer luxury on a budget." (Paid Adv.)

## More Freeway Right-Of-Way Forms Received

Final deed forms for the acquisition of freeway right-of-way east of Big Spring were received Saturday by county commissioners.

Ten additional forms, covering property between Coahoma and the Mitchell County line, were received from the State Highway Department.

County Judge R. H. Weaver said commissioners now have deeds for all the roadway in Howard County and that negotiations with property owners probably can be completed by Nov. 15. Some channel easements and access waivers may remain to be negotiated after that date, however.

A strip map submitted with the deed forms also disclosed highway department plans for construction of a new overpass east of Coahoma and for elimination of the curves on the approaches to the existing overpass.

The new overpass will be constructed adjacent to the present structure, but on an east-west line to eliminate the curves which lead to the north-south approaches to the rail crossing on the present highway.

No date has been set for letting contract for the construction of the freeway east of Big Spring although work now is under way on the project in the western part of the county and in Big Spring. County commissioners have been negotiating with property owners between Big Spring and Coahoma for the past few weeks for the acquisition of land for the four-lane road. Negotiations will be started immediately for the right-of-way east of Coahoma.

## Colorado City High School Sets Homecoming Friday

COLORADO CITY — Colorado City High School has scheduled its first homecoming celebration for Friday, with the Colorado City-Stamford football game to highlight the program.

A homecoming queen will be selected by the student body, and the queen will be crowned at half-time of the game. The Colorado City Quarterback Club is to finance the project, in cooperation with the student council. The Quarterback Club committee, named by President Walter Grubbs to plan the activities, consists of Don Benson, Louis Bodzin, Toby Dearen and Truman Bodine. Tommy Fuller and Marcia Schmidt, members of the student council, have been working with the committee in preparing for the event.

Registration of CCHS exes will begin Friday at 2 p.m. at the high school. Refreshments will be served. Preliminary plans call for the Quarterback Club to honor fathers of players by seating them near the playing field in a group.

On Saturday night, students will hold their Halloween party at the civic house and exes will be invited to attend as a part of the homecoming activity.

**Influenza, Diarrhea Head Disease List**  
Respiratory infections and stomach disorders dominated the communicable diseases report of the Big Spring-Howard County Health Unit Saturday.

Reported were 23 cases of influenza, six of pneumonia, 24 of tonsillitis, 10 upper respiratory infections, 31 cases of diarrhea and 14 gastroenteritis cases.

Other contagious infections were: mumps, two; trenchmouth, eight; tuberculosis, one; measles, four; hepatitis, three; and gonorrhea, one case.

Judgment for \$56,500. is asked by Billy Jack Mills, of Lamesa, in a suit for damages filed in 118th District Court against Lomax Brothers Drilling Company.

Mills' petition states that he was injured permanently on March 19, 1954, when he attempted to assist in the loading of a pipe rack on a truck owned by the defendant. Mills was an employee of Minnix Construction Company of Lamesa at the time.

According to the petition, he was asked by an employee of Lomax Brothers to assist with the loading operation. As the pipe rack was being winched to the truck bed, it swung around and trapped Mills against a truck fender.

The plaintiff says he suffered permanent injuries to his left shoulder, chest, ribs, left lung and heart, due to negligence on the part of Lomax Brothers' agent. He asks \$45,000 for loss of earning capacity, \$10,000 for pain and suffering, and \$1,500 for medical expenses.

## Policemen Report Four Accidents With No Injuries

There were no injuries and only minor damage resulted from four collisions reported by police here Friday afternoon and Saturday.

At 9:35 p.m. Friday Winton D. Emple of OK Trailer Courts and Homer Petty, 707 N. Gregg, figured in a collision at Sixth and Lamesa Highway. Both cars were able to be driven away.

Tickets were issued to both parties in a collision at Fourth and Johnson at 4 a.m., police said. Drivers were James D. Smith, 614 Ridgela, and James A. Allen.

## Two Garlington Motions Rejected By Appeals Court

Two motions submitted in the case of J. S. Garlington et al versus A. L. Wasson et al were overruled in the 11th District Court of Civil Appeals in Eastland Friday.

A third one, this one the appellant's motion for extension of time to file briefs, was granted.

The court turned down the appellee's motion to strike the statement of facts. Similarly the appellee's motion to dismiss the appeal because of insufficiency of bond was rejected. However, the appellants were permitted to amend their bond by filing in the appellate court a new bond more accurately describing the judgment appealed. This is a case celebrated here for its longevity and in which Garlington brought suit in an attempt to regain land in northern Howard County.

## Fines Assessed In County Court

A fine of \$75 and a three-day jail term were assessed against Joe Arnold when he pleaded guilty in County Court Friday to charges of driving while intoxicated.

Odell Domino pleaded guilty to charges of aggravated assault and was fined \$30. He was charged with assaulting Leola Domino.

Fines of \$20 were levied against Johnnie Tolleson in two cases involving charges of defrauding with worthless check. Charges of defrauding with worthless check also have been filed against Warren H. Christopher, W. L. Matthews and Mrs. A. M. Dalton.

## Once-Scarce Gamma Globulin Available At Local Drug Stores

By CLIFTON LAWHORNE  
Gamma globulin, the plasma used to treat infantile paralysis and measles, is easily obtained in Big Spring now.

The drug which has been distributed exclusively by the National Foundation for Infantile Paralysis during the past two years is now available to pharmacists. And they will sell it to anyone having a doctor's prescription.

Gamma globulin has been available on a prescription basis for several months now, but few people in Big Spring have purchased it, local druggists say.

Individuals here apparently have failed to go hog wild over the drug as some have in other places. It is pointed out in some cities there were terrific sales after the drug was made available.

One reason that Big Springers are not rushing to their pharmacists is the free supply. The Big Spring-Howard County Health Unit furnishes it to all people exposed to polio, and doctors find it unnecessary to prescribe.

Druggists say that to their knowledge there has been no black-market in the gamma globulin here as has been reported in other places. In a number of large cities it has been alleged that individuals paid exorbitant prices for the "protection from polio" offered by the drug.

Apparently no one here even tried to get the gamma globulin during the time it was frozen by the polio foundation. One druggist had some during all of the hard-to-get period, and he did not receive a single call.

He had gamma globulin in stock because it was obtained prior to the tie-up for polio treatment. When he ordered it, it was used

strictly for treatment of measles. His stock has passed the expiration date, however, and it must be sent back to the company.

Pharmacists here point out that the gamma globulin used in the treatment of measles and polio is

## Eisenhower Says 21 Officials Fired In FHA Scandals

WASHINGTON, Oct. 23 (AP)—President Eisenhower said today 21 officials appointed to the Federal Housing Administration prior to 1953 have been dismissed as a result of an FHA investigation of housing scandals.

The President, in a letter to Sen. Capehart (R-Ind.) said this number had been reported to him by Albert M. Cole, administrator of the Housing and Home Finance Agency.

He added similar investigations are now going on and that Atty. Gen. Brownell, who already has obtained 200 indictments in connection with the investigation, is seeking in court to force rebates from private builders who benefited from what the President termed "huge windfalls" on housing projects built under FHA-insured mortgages.

Capehart, chairman of the Senate Banking Committee which recently concluded 43 days of hearings on the housing situation, had written the President that he considered this "the biggest scandal in the history of the United States." His letter reviewed some of the testimony before his committee.

## Texas Farm Bureau To Hold Its Annual Meeting Nov. 8-10

GALVESTON, Oct. 23 (AP)—The Texas Farm Bureau will hold its 1954 convention here Nov. 8-10, with acreage allotments, price supports and farmers' cost-price problems likely to get top billing.

About 1,500 members are expected. Voting delegates from about 180 counties will make policies to guide the Bureau next year in its dealings with Congress and various government agencies and officials.

For four days before the convention, a statewide resolutions committee will draft tentative resolutions, based on county resolutions.

Finals of the Farm Bureau queen contest will be held Monday night. Sen. James Eastland of Mississippi and Howard Hill, president of the Iowa Farm Bureau Federation, will address the convention Tuesday afternoon.

## Polls Indicate Demos Lead In At Least Three States

By The Associated Press  
Changing political complexions in at least three states, New York, Arizona and Colorado, are indicated by public opinion samplings reported in newspapers across the country.

If the polls turn out to be accurate, the prospects are for Democratic governors in all three, now ruled by Republicans. Another state, New Jersey, is on its way to losing one of its two GOP senators, according to a political pulse reading there.

Elsewhere, straw voting does not as yet permit any conclusions. Either the balloting was too limited an area or was taken before late campaign developments had a chance to register with the populace. Many of the polls are continuing or are to be taken again at a later date.

In Iowa, straw voting has come up with contradictory results. In Republican South Dakota, a status quo is indicated.

New York, one of the more heavily polled states, seems to be leaning toward the Democratic column. Its straw voters are turning in a handsome edge for Averell Harriman, who was active in the New and "Fair" Deal administrations, in the New York Daily News' established statewide gubernatorial tally.

The News reported Harriman received 54.4 per cent of the straws as of Saturday, to 45.6 per cent for his GOP opponent, Sen. Irving M. Ives. Republican Gov. Thomas E. Dewey is retiring after 12 years in office, and the state's other U. S. senator, Herbert H. Lehman, is a Democrat.

Other straw polls in New York reflect the Empire state's traditionally divided political face — Republican upstate and Democratic in

New York City. The question usually is will the city turn out a big enough Democratic vote to overcome upstate Republicanism. Ives reportedly is not getting the backing percentage-wise that Dewey got in 1950.

## Dealers View New Chrysler

Big Spring Chrysler representatives joined dealers and salesmen from all over Texas in Dallas this past week for a dealer-showing of the 1955 Chrysler line — boomed by the company as the greatest Chryslers ever built.

C. Y. Clinkscale and W. D. Peters represented the local agency, Lone Star Motors, at the Dallas showing. Presentation of the dramatic new Chrysler line — which has undergone drastic changes in design and body styling — was made by C. R. Curtan, assistant sales manager of the Chrysler Division of Chrysler Corp.

Although details of the new models were withheld until public showings in mid-November, it was stressed that the Chrysler line this year carries "The 100-Million Dollar Look," referring to a vast outlay made by the company in a complete changeover in style.

Curtan said the 1955 Chrysler features two V-8 engines, a more powerful FirePower V-8 in the New Yorker De Luxe, and a completely new Spitfire V-8 in the Windsor De Luxe.

Big emphasis, however, is being placed on Chrysler's new body design. The makers are claiming that a new concept of styling that establishes a new trend in auto-making.

The public presentation will be made next month with the greatest advertising campaign in the company's history.

Selected For Jury

### Twelve Tentative Jurors In Sheppard Case Chosen

By ARTHUR EVERETT  
CLEVELAND, Oct. 23 (AP)—Some time between 3:30 and 5 a.m. July 4 blonde Marilyn Sheppard was murdered in her home by 27 savage blows on the head. Today, nearly four months later, 12 men and women who never had seen nor heard of Marilyn Sheppard on July 4 find themselves deeply concerned with her home, her family, her life and her death. None of them moved in Marilyn's social circle. Her name meant nothing to them until her death exploded into one of the nation's most celebrated crime cases. The 12 are the men and women in the jury box at the trial of

Marilyn's husband, Dr. Samuel H. Sheppard, a handsome 30-year-old osteopath. As he looks up at them from his seat in common pleas court, his dark eyes reflect the knowledge that these 12 — for the moment at least — hold his life in their hands. Sheppard is on trial for the slaying of his 31-year-old wife. He was pleaded innocent. But if convicted he can go to the electric chair. His trial is in recess for the weekend. On Monday, several of the 12 jurors may be eliminated and their places filled by others through a process known as peremptory challenging. Hitherto, since the trial opened last Monday, prospective jurors have been eliminated for cause—that is, they were prejudiced; or in poor health or opposed to capital punishment. But these 12 have passed that test. Now they may be challenged for no reason at all. The state has six such challenges, so has the defense. Probably not all the challenges will be used—but they can be.

### Lake Thomas Water Is Due By December

Lake Thomas water may be received here by the first of December, and when it is city facilities will be ready to receive it. This was the prospect Saturday on the basis of several construction projects involving the Colorado River Municipal Water District and the City of Big Spring. The city's filtration plant, which can handle up to 9 1/2 million gallons per day in stride, is probably better than 90 per cent complete. This is true of the CRMWD's Morgan Creek booster station. The main pump station at the Big Spring-Odessa intake, however, is lagging slightly. Here the picture is roughly 70 per cent of completion with the contractor due to make the pour soon for the main operating floor. This will complete the concrete work and setting of the pumps and erection of the prefabricated steel buildings will move rapidly. Most of the work remaining on the city's new plant is "dressing up." While premises are being cleaned, the new half-million gallon clear well is being filled slowly to avoid stresses which might be caused by sudden temperature change were the big underground storage to be loaded rapidly. The clear well had been sterilized prior to infusion of the water. Some wiring to heavy equipment remains to be done, and this is the major obstacle remaining. A tap into the CRMWD line also remains but on the next rainy day or when consumption falls off, the city likely will make the cut and tie-in. Meanwhile, water is due to be pumped from Powell Creek Lake to give the filtration plant a sort of "shake down" period of operation before the big volume of water comes from Lake Thomas. When that happens, Big Spring will be almost if not entirely on lake water.

### Legislative Talk Set By B&PW

A special legislative program will feature a dinner meeting of the local Business & Professional Women's Club Monday evening at the Settles Hotel. The affair will start at 7:30. County Judge R. H. Weaver is to be principal speaker, discussing "Jury Service for Women." The B&PW has endorsed the state constitutional amendment to be voted on Nov. 2 which would require women to serve on juries in Texas. Mrs. Nell Frazier, legislative chairman for the B&PW, is in charge of Monday night's program.

## Fryar Gets Nearly \$2,500 For Steer

James Fryar crossed in the neighborhood of \$2,500 for his reserve champion steer of the American Royal Livestock Show in Kansas City on Friday. His steer, nosed out by an Angus from Illinois for the title, brought \$2,111 per pound from Berl Berry of Kansas City. Candy, the 1,200-pound champ, drew \$6.65 per pound for Eugene Fassett, Alexes, Ill. Gross paid for the animal by Williams Meat Company of Kansas City was about \$7,260. Actual weight of James' calf was not known here, but his parents, Mr. and Mrs. R. V. Fryar said it was in the neighborhood of 1,200 pounds. The calf had won the junior show title, topping both the Hereford and then the 4-H classes before going into the final round of judging. Lloyd Robinson, Big Spring, had the champion Hereford in the open class, but it was not known if he sold the steer.

Results from the State Fair at Dallas showed several local winners in the lamb show. Placings in the fat lamb class showed Bill Tindol, Coahoma, fourth; Kenneth Smith, Garden City, sixth; Jim Nelson, Garden City, eighth; Jerry Batson, Ackerly, 11th; Marlon O'Bannon, Garden City, 12th; Aubrey Ashbill, Garden City, 21st; Clifford Stevens, Garden City, 23rd; Bill Davis, Sterling City, 25th; Bill Tindol, 29th; Theibert Ashbill, Gar-

den City, 30th; Eddie Price, Garden City, 32nd; Tony Allen, Sterling City, 40th; Clifford Stevens, Garden City, 44th. In the fat lamb class for Southdowns, Shropshire or Cheviot, Nelson Clayton, Lamesa, was 20th. For fat lambs (Southdown, Shropshire or Cheviot crossbred types) Ted Thomas, Coahoma was third; Mike Schmidt, Lamesa, 13th; Eddie James, Snyder, 21st. Placings for the fat lamb (Hampshire or Suffolk crossbred) included Eugene Davee, Garden City, 3rd; Eddie Price, Garden City, fourth; Jimmy Davee, Garden City, fifth; Kenneth Smith, Garden City, seventh; Don McDonald and LaRuth Reed, Sterling City, 10th; Aubrey Ashbill, Garden City, 18th; Marlon O'Bannon, Garden City, 17th; John L. Daniels, Garden City, 41st; Tony Allen, Sterling City, 49th. Placings in the fat lamb (Columbia, Corriedale, or Panama purebred, grade or crossbred) class included Bill Davis, Sterling City, third; Bobby Dunn, Sterling City, 10th and 13th; Jim Nelson, Garden City, 24th, and Susan Schmidt, Lamesa, 25th.

One fourth of pedestrians killed in U. S. traffic accidents in 1953 had been drinking, says National Safety Council.

## Trailer-Truck Mishap Friday

A truck and semi-trailer loaded with cotton bales overturned Friday afternoon north of Big Spring after it was in collision with a farm trailer. The mishap occurred at the intersection of Highway 87 with a county road just south of Fairview. No one was injured. Highway Patrol officers reported that the truck, driven by Artie Wayne Bristow of Ackerly, overturned after going out of control as it attempted to pass the trailer, which was being pulled by a truck driven by John E. Norris of the Gail Route, Big Spring. Both vehicles were traveling south on the highway, the officers said. Bristow's truck started to

pass the trailer and truck just as the latter started a left turn off the highway. The truck driver attempted to swing in back of the trailer and to the right, but the truck collided with the trailer, which was demolished. Two accidents were reported in Big Spring Saturday by city police. The officers said James S. Freeman, 1009 N. Bell, was operator of a car which was in collision with a pickup driven by Baldomero Valdez, Carrizo Springs. The mishap occurred in the 300 block of N. Gregg shortly after noon. Elton Roy Bates, Route 2, was operator of a truck, and Dumas Sampson Anderson, 1604 Birdwell, was driver of a city bus which were involved in a mishap in the 1500 block of West Third about 2 p.m. Saturday. No injuries were reported.

### Area Accidents Take Six Lives During September

Five traffic accidents took the lives of six persons during September in the 21-county Texas Highway Patrol District No. 6, Patrol Capt. E. L. Posey reported. September accidents injured an additional 82 persons and resulted in property damages amounting to \$87,413. There were a total of 103 highway mishaps in the district. Capt. Posey predicted that at least 30 more traffic deaths will occur during the remainder of the year. Traffic toll this year is lighter than in the corresponding period in 1953, however.

The 25 Highway Patrol officers in this district filed a total of 644 traffic cases in September. There were 234 speeding charges, 24 charges of driving while intoxicated, 34 charges of using defective equipment, and 302 charges involving miscellaneous violations. In addition, officers issued warnings to 1,024 drivers for hazardous violations.

Duke Rallies To Lick North Carolina State

RALEIGH, N.C., Oct. 23 (AP) — Halfback Bob Pascal scored two touchdowns, one on a 52-yard dash off tackle, as Duke came from behind to defeat a stubborn North Carolina State team tonight, 21-7, in the Blue Devils' first Atlantic Coast Conference game of the season.

Question Mark Mitt

The answer to Roy Campanella's fate as a Brooklyn Dodger catcher next season rests in that bandaged hand he holds up in his hospital bed in New York City. Campy underwent surgery on the injured left mitt for the second time in six months and it will be another four to six weeks before doctors can test the results. The first operation last May to remove a bone chip left the hand partially paralyzed, hampering Campanella's batting power. Nurse Eileen Hellriegel looks at the hand. (AP Wirephoto.)

## Wall Street Crashed 25 Years Ago; Changes Have Been Made

By RADER WINGET  
NEW YORK, Oct. 23 (AP)—A man looked at the clacking stock market ticker, raised a gun to his head and fired. "Tell the boys I can't pay," he sobbed. Then he died.

In another town another man quietly slumped to the floor, of a heart attack. The stock ticker chattered away as the body was removed.

In hundreds of brokerage offices around the nation, men clustered about tickers watching the prices of their stocks plummet. Most were tight lipped, their sleepless eyes rimmed with red. A shrug of the shoulders, and one by one they walked away—wiped out. Some men wept silently, some hysterical women screamed.

"Business is fundamentally sound," they told each other. "It is only a shakeout. The worst is over. Now is the time to buy sound common stocks."

It was 1929, the era of the golden paper, the era of continued prosperity on a High Plateau. The stock market crash ended all that. Prosperity dissolved in a frightful panic that left men stunned, too stunned to know that the greatest economic catastrophe of modern times was about to lay its chilling hand on the world.

The climactic day of the panic was Tuesday, Oct. 29. On that day, 16,410,030 shares were traded on the New York Stock Exchange, the peak of all time. Prices crashed down. Nothing could stop them, not even the bankers, or stock exchange officials, or famed economists, or the government of the United States itself. The little people "playing the market" just stood and took it on the chin. Some couldn't take it, like the man who blew his brains out.

The year 1929, if you listened to financial district oratory, opened a bright future. But it wasn't long before the hand began writing on the wall.

Speculation in that day was a fever. Everyone gambled on Wall Street. Houses were mortgaged. Women pawned their jewels. Corporations and banks put millions of dollars in the call money market, a reservoir of funds loaned to speculators at high rates—up to 20 per cent and more.

Speculators and others were on record as having borrowed more than 8 1/2 billion dollars, slightly more than half the amount of the 1929 federal public debt.

All sorts of racketeering had sprung up to capitalize on the public fascination in stocks. "Bucket shops" accepted money and order for stock—and dropped the order in a bucket, betting your guess was wrong and that you would never actually demand that the stock be produced. "Dynamiters" worked with batteries of telephones to "blast" victims away from their money in exchange for so-called stocks. Tip sheets pro-

vided allegedly "inside" information for a price.

In February the Federal Reserve threatened drastic action to curb wild speculation in stocks. Paul M. Warburg, an international banking authority, denounced stock market operators for "orgies of unrestrained speculation" that could bring on a collapse and a general depression.

Contrary to what has come to be a general impression, traders had to put up more than token cash to buy stocks in the months preceding the crash. In March the stock exchange as a safety measure required buyers to post from 25 to 100 per cent of the value of purchased stock with their own money, with any remainder borrowable.

### 3 Airmen Found Guilty In Drugs Case At WAFB

Three airmen were found guilty on marijuana charges by a court-martial Friday.

A-2C William R. Stephens, A-3C Dennis R. Estrada and A-B Lafayette Cooper all had been charged with illegal use of marijuana. Airman Cooper, in addition, was charged with illegal possession of marijuana.

The case heard by the military court at Webb AFB will be reviewed by higher headquarters for approval.

The airmen were sentenced to receive Bad Conduct Discharges from the Air Force and forfeiture of all pay and allowances. Stephens and Estrada were sentenced to confinement at hard labor for six months, and Cooper received a sentence for one year's confinement at hard labor.

Prosecuting the charge on behalf of the United States Air Force was Capt. Walter D. Williams, staff judge advocate at Webb.

George Thomas, of the firm Thomas and Thomas in Big Spring, was civilian defense counsel. He was aided by Lt. Arnold M. Gold, assisting judge advocate. Law officer, counterpart of judge in civil court, was Maj. Simpson M. Woolf who had been specially called from Vance AFB, Oklahoma, for this case.

Col. William A. Jones, Commander of the 3560th Pilot Training Group at Webb, was president of the seven-man board.

France produces about 500,000 cars annually, ranking third behind the United States and Britain.

amount to only about 17 per cent of the total number of shares listed. Borrowing for speculation was heavy then—about 10 per cent of the total value of listed shares. Today it is less than 1 per cent. "A good safe stock" in the old days sold at a price some 20 times its profits per share. Today the rule of thumb is 10 times earnings.

The solvency record of members of the New York Stock Exchange in 1929 was 99.82 per cent. For the last 18 years, the record for solvency has been 100 per cent perfect.

### SECTION 315

## FCC Law Blocks Political Debates

NEW YORK, Oct. 23 (AP)—Assume in this season of elections, 1954, that Abe Lincoln was running for the Senate as a Republican.

Assume also that he was of a mind to clash on the hustings with his principal opponent, Stephen Douglas of the Northern Democrats, in fair and open debate.

In this miraculous age of the microphone and the TV camera, would you think citizens across the nation would be able to hear and see from the comfort of their living rooms these giants of oratory lock horns in a modern version of the classic Lincoln-Douglas debates?

The fly in the ointment is Section 315 of the Federal Communications Act. This potent regulation requires the nation's 3,000-odd radio stations and 400-odd TV channels to provide equal time for all candidates for public office. Therefore, if the networks set out to give complete coverage to the debates of Lincoln and Douglas, they would have to provide—under pain of

having their licenses lifted—a like amount of time to all other candidates for the same office. When Lincoln and Douglas ran there were only two other contenders.

But, just as an example, suppose Dwight D. Eisenhower and Adlai Stevenson could have been persuaded to debate during the last campaign. They were only 2 of 18 presidential candidates.

Under Section 315, the networks would have been obliged—on demand—to stage eight other debates lasting the same length of time between such candidates as, for example, the flagbearers of the Prohibition and Vegetarian parties.

While there is only a hazy knowledge of Section 315 on the part of the public, it is an important chapter in the professional politician's bible today.

A few months back, Gov. Thomas E. Dewey of New York took to the airwaves to announce his decision to retire from public office. His voice was hardly still when the network was in receipt of three separate demands for equal time to answer his "political" speech. The Radio City boys were more amused than distressed by the demands. While it looked good in print, all concerned knew full well that there was no legal ground for the request: Dewey was not a candidate for public office, and the section covers only candidates.

### Webb Cadet Makes AF Academy Bid

A-C Paul G. Tomlinson Jr., of Webb AFB, will be one of five candidates for entrance to the Air Force Academy who will begin a week's visit at Walker AFB in Rowell, N. M., Monday.

The candidates will take physical and mental examinations, the first of two series of final qualifying examinations.

The Air Force Academy, which eventually will be located near Colorado Springs, Colo., was approved by Congress and President Eisenhower April 1, 1954.

Each member of Congress may nominate 10 candidates to take the competitive examinations. Tomlinson was nominated by Rep. F. E. Herbert of Louisiana. Two other candidates are from Texas—Billy C. Smith of Van Horn and William M. Barton of Odessa.

### Current School Tax Collections Increase

Collections on the current tax roll of the Big Spring Independent School District were reported Saturday by district tax assessor-collector J. O. Hagood as \$125,722.03. Total collections, including \$4,783.25 in delinquent taxes and \$21 in fees, amounted to \$130,529.58.

Discounts allowed on the current roll amounted to \$3,781.52. The current net collections of \$121,940.81 were divided between the local maintenance fund and the interest and sinking fund. The interest and sinking fund is allotted \$30,510.21 and the maintenance fund, \$91,430.60.

VERSATILE TABLE—is the one displayed below in the home of Mrs. Roy Townsend, 804 Edwards Blvd. Done in golden hues, it invites a "Toast to the Bride," be she modern or one of fifty years ago. The bride's cake, frosted in gold icing, is encircled with a ruffle of gold maline and ribbon. The base of a tall golden candle is surrounded by autumn leaves with a large chrysanthemum in the center. Mrs. Clayton Bettie serves from a crystal bowl based in tiny yellow chrysanthemums with gold centers. (Photos by Keith McMillin).

BRUNCH FOR TWO—The modern setting for a brunch is seen above in the home of Mrs. Charles G. Race, 900 W. 17th. A spiral pattern of turquoise and brown pottery and matching crystal inspired the name "That Spiral Sparkle." Place mats of natural linen embroidered with brown are used and silver is in a contemporary pattern. Pointing out the clever duck-shaped centerpiece is Mrs. Odell Womack, a member of Beta Sigma Phi, sponsor of today's Pilgrimage of Beautiful Tables.

PILGRIMAGE PLANNERS—Mrs. E. H. Boullion (above) explains some of the details of her table setting which is scheduled as No. 6 on the Pilgrimage of Beautiful Table Settings today. Tea will be served at her studio at 1001 Scurry from a table entitled "Elegance of Tradition." Members of Mu Zeta Chapter of Beta Sigma Phi, the sponsoring organization, are (left to right) Mrs. Odell Womack, Mrs. Ken Morgan and Mrs. Roxie Dobbins. Hours of the pilgrimage are from 2 to 3:30 p.m.

A YULETIDE PREVIEW—is shown in "A Cheery Christmas" setting (above) arranged by Mrs. Vance Lebkowsky, 805 Edwards Blvd. She serves from a milk glass punch bowl placed on a table covered with bright green handmade cloth with frosty white lace trim. Milk glass candle holders hold the traditional red Christmas tapers. Cedar, pine cones and tinsel balls are frosted over with artificial snow to form a holiday setting for the punch service. Napkins are red and white and a red tôle bowl holds nuts. Fruitcake is served from a milk glass plate.

Tea Table Preparations

Mrs. Shine Phillips and Mrs. Frank Wilson add the finishing touches to the tea table for the United Nations Day tea while Mrs. Fred Whitaker checks off items that are to be completed. This is an affair to be given for the public at the First Christian Church at 4 p.m. this afternoon. It is sponsored by the United Council of Church Women.

## Church Women To Have U.N. Tea This Afternoon

United Nations Day, proclaimed by President Eisenhower as a time for creating "a better public understanding of the aims, achievements and problems of the U.N.," will be observed here today with a special program at 4 p.m.

Sponsor of the program to which the public is urged to come, is the United Council of Church Women. The place is the First Christian Church. After the formal program, there will be a tea.

This year's theme, accentuated by Morehead Patterson, chairman of the United States committee for the special day, is that "The U.N. Depends on You." Patterson felt that there must be a "realization that our security and survival depend on working with other nations within the U.N. If Ameri-

can and world public opinion can be forged into a truly powerful voice in support of the U.N., no aggressor will dare defy it."

Taking cognizance of the occasion and the special local observance, Mayor Pro Tem Willard Sullivan also proclaimed today as U.N. Day in Big Spring.

"Being a human instrument and organization," he said, "the U.N. doubtless has its imperfections. Yet our President, the Secretary of State and other leaders of the nation recognize that it is the framework under which we must try to somehow work out the world's problems.

"It behooves each of us to know

more about the United Nations, its limitations as well as its possibilities, its successes as well as its failures. I, therefore, proclaim this U.N. Day in Big Spring and invite citizens to join with the United Church Women in formal observance to the end we will stimulate knowledge in this important organization which could play a vital role in peace of the world and thus so personally affect each of us."

Mrs. Darel Higley is leader of the program. Mrs. Omar Pitman will give a prelude of organ music, and Joyce Howard will lead the group in a song. The opening prayer will be offered by the Rev. C. W. Parmenter of Wesley Memorial Methodist Church.

Joyce Howard will sing "How Beautiful Upon the Mountain" by Harker, and "I Know that My Redeemer Liveth," by Handel. Duets will be played by Mrs. Pitman at the organ and Mrs. Bill Griese at the piano.

The speaker of the afternoon will be Chaplain Charles J. Fix from Webb Air Force Base. The benediction will be said by Dr. R. Gage Lloyd, pastor of the First Presbyterian Church.

Tea will be served in the church parlors, during which time, Mrs. Griese will give piano selections.

### Midway Contestants

Candidates in the Queen's race at Midway School are Patsy Cox, Kay Earnest, Sadie Nixon and Linda Houser. The winning contestant will be announced at the end of the Halloween Carnival to be held at the school Thursday beginning at 6:30 p.m. Chili and stew will be served at that time, and the carnival will open at 7:30 p.m. A program will be presented by the students. Included in this will be a play, "Witches From Signal Mountain."

Hoping For A Strike

Lt. and Mrs. William Schoder are enthusiastic about quite a few outdoor sports and also bowling. They may be found using a lot of their spare time bowling. He, of course, makes a higher score than she does, but she is hoping that some day she will beat him.

### By Streak Of Luck, Newcomers Find Home

About the luckiest people we've met lately are the William Schoders at 501 Nolan Street! They had been here only a short time, but had hunted every minute of that time for a house—all the while a moving van waited to unload their household goods into a storage warehouse.

### Brownie Troop 4 Has Investiture

An investiture service was held Friday afternoon at St. Paul Presbyterian Church for Troop No. 4 of the Brownies. Mrs. H. K. McCombs and Mrs. T. M. Lawson were leaders of the program. A play, depicting the origin and the meaning of Brownies work, was given by a group of the girls. Following the play, tea was served to the members and their mothers. The table was laid with a lace cloth and decorated with orange flowers, flanked with yellow tapers. Amy McCombs and Micki Lynn Lawson presided at the table. Girls receiving Brownie pins were Nancy Dowling, Molly Goodman, Sandra Kay Hunt, Micki Lynn Lawson, Amy McCombs, Joan Loftin, Velma Martin, Jane Ann McElrath, Carolyn Thompson and Mary Vinson. One-year pendants were awarded to Mary Thornton and Patsy Winterhalter. Mothers of all the honored girls were present.

lan, they saw a loaded van pull away from a little house on a corner. They inquired next door about the owner—and, lucky again, found that they were talking to the owner! A deal was made and they moved in—all three—Lt. and Mrs. Schoder and Beauty.

And if ever a dog had the right name, it is this one. Beauty is a three-month-old cocker, with the glossiest of black fur and most soulful brown eyes—also very sharp teeth and a mischievous disposition! She is just to the age when she's into everything, but she knows what a fly swatter is for, besides swatting flies. The couple grew up in New York about half a block apart, and strange to say, they knew each other! They went to school together and married about a year and a half ago. He was sent to an all-base in Florida and they lived in a small town about "one-fifth as large as Big Spring," according to Mrs. Schoder. "It seemed funny to us, but we learned to like it a lot."

Coming from a hilly country in Florida made the level stretches of West Texas seem odd, but they are beginning to get used to it. They both are ardent bowlers—she makes about 140 and he usually comes out with 180 or 190. She likes to sew and both of them swim a lot when they have the opportunity.

When asked about any other hobbies, Mrs. Schoder said, "Well, we just like everything!" Wonderful philosophy, isn't it!

## CAMPUS CHATTER

By FRANCES WALKER

This week was a busy one for the Jayhawkers due to the six week tests that were on the schedule.

Arlen White, student body president, has appointed several committees to aid the Student Council in its functions throughout the year. I will give you the names of the committee members next week.

Miss Sarah Connolly, English and speech instructor, was recently elected sponsor of the Lass-O-Club.

The Jayhawk Aggies are planning an Air Education Flight to Abilene in the near future. The geology class will be invited to make the trip to study the various geological formations.

When I told you the Circle K officers last week, I failed to mention the program committee which consists of Arlen White, James Day and Franklin Hinkley.

The cheerleaders have been hard at work practicing new yells this week. I've noticed that many of the freshmen don't know the words of our school song so here they are: "Hail to the Jayhawkers, we love thee true; we'll always praise thy name and honor you; Look on toward glory, strong ever be, we'll keep on loving you, HCJC."

Everyone keep in mind that the college Halloween carnival is to be staged on the campus next Saturday night. Tell your friends about it—everyone is invited.

The choir has had a very busy week singing for various community organizations. Wednesday they sang for the Lions Club, and Thursday for the Kiwanis Club. They were featured in a student assembly in the college auditorium Friday. The group will journey to Pecos to sing next Friday.

The new equipment purchased for the Geology Department includes a black light, a Geiger counter, reference collections of minerals, gems, crystals, and radioactive minerals, models of geological formations and crystals, and a set of over four hundred geologic survey maps.

"The Jayhawk" staff spent Friday afternoon selling ads for the yearbook. A complete list of our advertisers will be published in the "El Nido" upon completion of the ad drive—let's support our supporters.

Reba Taylor made a trip home to Sweetwater Thursday.

Mary Ellen Hayes, Myrna Sproul, Nell Glover, Texia Wood and Nancy Milford served for the TSTA meeting on the Jayhawk campus Wednesday night.

Some of our eyes who have been back for a visit recently are Carl Preston, Bobby Read, Grayford Auten, David Young, Billy Mack and Dene Sheppard, Jerold Farmer, Pat Dillon, and Bobbie Jamison. Bobbie will be back second semester as will Peggy Jeffers of Wellington.

Frank Hunt and Ronald Anderson went to the ACC-McMurry game at Abilene last week.

Sylvia Bentley and Wayne Lankford accompanied his parents on a visit to Lamesa Friday afternoon. Dee Phillips spent the weekend at Waco.

New teacher is Mrs. Jim Hodnett. A social hour followed with Mrs. Stoker directing the recreation. Mrs. Keith Birkhead retiring teacher, was presented with a gift from the class.

Mrs. Leroy Echols and Judy, Mrs. F. W. Birkholder and Jimmy and E. J. Roberts attended the State Fair recently.

Tommy Joe Stoker was honored on his seventh birthday in his classroom at the school. Toys, bubble gum and balloons furnished the favors for the party and Mrs. Aaron Stoker served refreshments to his teacher, Mrs. H. L. Miller, and 31 classmates.

The white table cloth was topped with black. Black masks were pinned at various points on the cloth. The centerpiece was of bronze and yellow chrysanthemums, gold leaves and wheat. **REFLECTS DIGNITY**

**This Step-In Dress Is Chic And Easy-To-Make**

Fira Benenson has long been one of the great names in fashion, a name that signifies dignity of design highlighted with the kind of detail and cut that is usually found only in couture. This Benenson model is a lovely reflection of these characteristics and in addition to its obvious chic, has a quality of understatement so much a part of the fashion picture for fall.

An easy to make step-in dress, its detail is confined to the mandarin topped set-in collar. Inverted tucks over the hips lend a right amount of roundness to the otherwise slim skirt. There are gussets under the dolman sleeves for comfortable and easy wear and the pattern includes simple and easy instructions for the making of professional looking buttonholes. Make it in sheer wool, crepe, faille or even in cotton.

HI-TALK

A summary of the first six weeks grades were passed out this week in the form of report cards. (Ugh!) Most of us now know what the immediate future has for us—more effort, more study, and — better grades. However a good many students have exercised their brains from the beginning and made the honor roll, so that proves that it can be done.

Another card passed out this week to each individual student was a little pink activity card. These are given to every student in Senior High by the student council for identification purposes only. This will help eliminate outsiders from school affairs and socials. Be sure and hang on to them, kids, 'cause the next one won't be free.

The Feta Tri-Hi-Y took a big step Monday night in dividing the original club into two chapters. The sophomore members formed a chapter of their own, leaving the upperclassmen as Feta Chapter No. 1. Officers of the new club are as follows: president, Danna Green; vesp, Jacqueline Smith; secretary, Sue Boykin; treasurer, Lou Ann White; chaplain, Kathy McRee; parliamentarian, Charlene Lansing; historian, Londa Coker. Mrs. Clyde Thomas Jr. will serve as sponsor. Dividing the club eliminates the over-crowded condition and offers more delegates to Youth-in-Government.

The Hi-Y, brother club to the Tri-Hi-Y, had a very impressive ceremony last Monday night at the First Christian Church. Parents of the boys and guests were invited to the induction service, which was particularly for the new members.

Big talk and lots of plans are in session for the forthcoming Halloween Carnival. It will be held Thursday night from 7:00-9:30 on the teachers' parking lot behind

JANICE NALLEY

the auditorium. The student council is sponsoring a gate prize this year. Tickets will be given free as you come to the gala goings-on, and the Halloween Queen will draw the lucky number at the close of the Carnival.

There will be no dance this year. The coronation of the queen will take place about 8:30 in the middle of the carnival grounds and everybody will go home early in order to be able to face Loveland the next day.

Nominees for Halloween Queen were selected this week at class meetings. The sophomores chose Londa Coker, the Juniors selected Eunice Freeman, and the senior class will be represented by Peggy Hogan.

Keeping right up on the occasion, the D. O. Club sponsored a chill supper on the chilly evening of last Thursday. The project was carried out in the cafeteria and a good many people seemed to enjoy the Mexican supper.

Several kids going around with money bags and eagerly asking people if they'd bought their annual yet, quickly announced to everybody that the El Rodeo went on sale this week. Yep, there's less than a month left to buy that treasured item, so y'all be thinking of ways to scrape up that \$4.50 by Nov. 23 because the price will be changed to \$5 then. You can purchase your yearbook from any staff member or Mrs. Stewart.

The El Rodeo staff also wants to announce that the second annual All-School Beauty contest begins tomorrow. Petitions are now avail-

able in the office and room 210.

You can have as many petitions as you want—the only restrictions are that there must be 20 signatures on each petition and the nominee must be passing all subjects. Two p.m. Friday, Oct. 29, is the deadline for petitions — turn them in at room 210.

Most of you probably have oil running out of your ears by now, but I just want to say thanks again to Ted Groehl and H. W. Smith for the wonderful assembly program they presented to us Wednesday. Awards for essay contest winners were presented as well as a film about the beginning of the oil industry. The kids that found out the oil business had money in it for them were: Billy McElvain, Glenn Rogers, Peggy Hogan, Sally Cowper, Patsy Grant, Anita Gardner, and Bobby McMillan. Billy got an extra \$25 bond for achieving honorable mention

in the area contest.

The student council is making plans to attend the West Texas Forum at Sweetwater, Nov. 6. The council is making every step to inform the students of their activities. So, they have invited a group of persons, that have library or study hall during the period the council meets, to attend the meetings. Also, complete, detailed minutes of each meeting are posted on the bulletin board for your information as to what your council is doing.

Melvin Munn from Dallas, spoke to a group of leaders at the Settles Hotel last night at the Key Club leadership banquet. The top officers of various organizations of our school as well as leaders from several surrounding towns were represented.

Glenna Coffey, editor of the "Corral," and Ginger Hatch, editor of the "El Rodeo," were hono-

red with letter sweaters at the assembly Wednesday. The gifts were a complete surprise to both of them.

The vice president of the senior class, Janice Nalley is our Senior-of-the-Week. Janice is known among the students, perhaps, for her assertive personality above all else. Elected as a leader of our class, she already has started plans for money-making projects and senior pins. An active F.H.A. girl for three years, she has served as an area officer. She is historian of the Tri-Hi-Y and is known for her scatter-brain ideas about decorating for the club dances. She belongs to the Rainbow Girls, Shorthand Club, and is co-associate editor of the "El Rodeo." One of her latest honors is runner-up for football sweetheart. The very best to you, Jan!

LET'S HEAR HIM TALK!

PATIENCE, FOLKS... OUR GOOD FRIEND RUSTY IS BRINGING THE AMAZING WILLIE.

MEANWHILE, I'D LIKE TO ACQUAINT LATE-COMERS WITH MY PLAN, WHICH IS TO TAKE WILLIE TO VARIOUS PARTS OF THE COUNTRY AND OFFER FREE SHOWS TO KIDDIES IN HOSPITALS AND ORPHANAGES

HOWEVER, SINCE I'M NOT A WEALTHY MAN, I'LL NEED FINANCIAL BACKING FROM YOU FOLKS.

I'LL DONATE... IF THE ACT IS GOOD!  
ME TOO!

SURE... KIDS IN HOMES AND HOSPITALS DESERVE SOME FUN!

A MOMENT LATER AT THE REAR OF THE STAGE.  
HERE HE IS, MR. STONEPIPE... ARE YOU READY?  
SURE, RUSTY... BRING HIM RIGHT UP.

AND UNDER THE STAGE.  
HEY, SMOOTHY... SUPPOSE THEY SPOT US UNDER HERE?  
THEY WON'T... THEY'LL ALL BE LOOKING AT THE ZEBRA.

FOLKS, I WANT YOU TO MEET WILLIE BLASBIT... WILLIE, HOW ABOUT SAYING HELLO TO THESE NICE PEOPLE?  
SURE...

HELLO, YOU BUNCH OF SILLY-LOOKING FOOLS!
