## Talks Deadlocked Again

SAIGON (AP) — Talks between South Vietnamese government and Viet Cong officers on strengthening the cease-fire deadlocked again today and the Saigon command reported enemy attacks increased to the highest number in two months. The command charged 133 violations of the cease-fire by the Communist side during the 24-hour period ending at dawn, including several shelling and small-scale infantry attacks within 5 to 25 miles of the capital. Lt. Col. Le Trung Hien, chief command spokesman, said this was the highest number of incidents since April 14 and one-third more than the daily average over the past two months. Government and Viet Cong

representatives traded angry charges at a Joint Military Commission session on the question of zones of control, a major unresolved issue that has kept the fighting going. The South Vietnamese government indicated it is prepared to sign a joint appeal calling for a cessation of hostilities in Vietnam. But it hedged this with hints of disagreement with the United States. In Paris, Henry A. Kissinger conferred more than two hours with French Foreign Minister Michel Jobert, but a scheduled negotiating session with Hanoi's Le Duc Tho was called off. No reason was given for the postponement, nor would officials say who had requested it. But the fact that the American

embassy made the announcement indicated that it was the U.S. side, which is reportedly in disagreement with Saigon over some political issues. Kissinger and Tho are said to be working on. The postponement would give the U.S. side additional time to consult with Saigon in hopes of adopting a mutual strategy. Kissinger and Tho scheduled their next meeting for Saturday. The Saigon government, while not a party to the negotiations, announced that it is in "close contact" with the United States with the aim of adopting a "common strategy." Informants indicated that intensive consultations were under way between the United

States and Saigon on the issue of which South Vietnamese side—the Saigon government or the Viet Cong—controls what. The original agreement calls for a delineation of zones of control, but it has been ignored and is largely responsible for the continued bloodshed as each side tries to hold on to what it has, or to grab up additional territory. Asked if there was a disagreement between Saigon and the United States over Kissinger's and Tho's understanding on this, one source said, "It is very possible. But there are other topics of discussion too." He would not elaborate. Another Saigon informant said, "Any agreement is reached on a give-and-take basis."

A statement from the Presidential Palace, following a nearly three-hour meeting late Thursday between President Nguyen Van Thieu and acting U.S. Ambassador Charles Whitehouse, sought to soften earlier official pronouncements that Saigon would not sign any document negotiated between Kissinger and Tho. The statement declared, "Wire service dispatches announcing that the government of the Republic of Vietnam would refuse to sign any document between Dr. Kissinger and Mr. Le Duc Tho are totally inaccurate. The government of the Republic of Vietnam has maintained close contact with the government of the United States concerning the current talks in Paris and these close contacts are still going on." The statement countermanded one issued Thursday by Bui Bao Truc, the government spokesman who gives daily briefings to newsmen. At one point, Truc declared, "The Republic of Vietnam has never violated the cease-fire agreement. That's right. And that is why we are not going to sign any new agreement, any new kind of document that has a form of a new cease-fire agreement."

### TO COMPLETE MISSION

## Skylab Panel's Repair Provides More Power

SPACE CENTER, Houston (AP) — Revitalized by a power transfusion, Skylab's astronauts soared around the world today with more lights, warmer water, hotter food and an excellent chance to complete a full 28-day mission. "We can stop living like the mole in Dick Tracy," commander Charles Conrad Jr. remarked Thursday after a daring, difficult space walk during which he and Dr. Joseph P.

Kerwin released a jammed solar wing. Because of a power shortage, Conrad, Kerwin and Paul J. Weitz have had to curtail experiments, turn off lights and eat cold food. But with the solar wing deployed, new energy capable of doubling the space station's supply surged into service almost immediately. Space agency officials hailed the space walk and said the new

power practically assures that the astronauts can run a full schedule of experiments for the remainder of the planned four-week journey. They were half way there as early this morning they set a duration record for an American manned space flight. At 3:36 a.m. EDT, they surpassed the 13-day, 18-hour, 35-minute mark set by Gemini 7 in 1965. Their target: the 24-day record set two years ago by three Russian cosmonauts. The astronauts immediate goal was to clean up their spaceship, cluttered with ropes, tools, tethers and tubes that they had assembled for the space walk. "We've sure got a mess in here," Conrad reported.

So mission control blocked off several hours in today's flight plan for "clean up." Also on the schedule were a resumption of medical experiments and sessions with the solar astronomy telescopes. The astronauts also planned today to keep an eye on the system that cools electronic instruments with a fluid flow. Mission control awakened the crew about midnight Thursday when temperatures in the coolant loop fell to 30 degrees and threatened to freeze water in some of the devices. The astronauts were instructed to turn on additional electrical equipment to warm up the cooling fluid. Within minutes, the temperature had risen 15 degrees and they were sent back to bed with apologies and thanks. Asked about what the freeing of the wing means to Skylab, NASA Program Director William C. Schneider said, "We're feeling pretty bullish about it right now. With the relief we're getting from the electrical power, we should be in a shape to carry out a full experiment schedule."

### FOR SEWAGE PLANT

## Federal Funds Chances Grow

By TEX DEWEESE  
Pampa's chances for federal funding of the proposed \$570,000 improvement to the city's sewage treatment plant ordered by the Texas Water Quality Board entered a new phase today. Although notice had not been received at City Hall late this forenoon, The Pampa News was asked to "give priority" to a news story, released by the TWQB, that a "need survey" will be started Monday in Texas cities to determine a basis for allocating fiscal 1975 federal grants for construction of sewage treatment facilities. Pampa has applied for a \$447,000 aid grant, or 75 percent of the estimated total cost. Today's word from TWQB indicated grants will be based solely on need. Since Pampa has been ordered to make the improvement to meet state health standards, city officials indicated Pampa should have a good chance of winding up high on the priority list. At a meeting with the Water Quality Board in Austin two weeks ago City Manager Mack Wofford and Mayor R.D. Wilkerson were told no federal money would be available for any Texas projects until the state's overall program for pollution abatement had been accepted by the Environmental Protection Agency. Gordon Fulcher, WQB chairman, said today the EPA, in accordance with

amendments to the federal water pollution control law, now is requiring staff members from the 12 district offices of the TWQB to conduct "need surveys." This, Fulcher said, will involve the filling out by city officials of a form prepared by EPA. A total of 406 cities will be covered by the survey. The "need survey" in Pampa will be conducted by WQB staffers from the Amarillo district office. Fulcher added the board's staff people will begin calling on city managers or others in city government next Monday. The cities will be asked to complete the forms within five to eight working days, according to Harry Voight, who is coordinating the project for the Water Quality Board. Following receipt of the forms, the board staff will be required to review and evaluate each city's report and send them on to the EPA regional office in Dallas with a deadline of July 13. "Our need for this information is so urgent," Fulcher said, "that our staff has been instructed to give the project top priority until all information is in and processed." As of noon today, City Manager Wofford said no word had been received as to when the WQB "need survey" staff was scheduled to arrive in Pampa.

### Press Ban Sought On Watergate

WASHINGTON (AP) — A federal judge said today he will rule Tuesday whether his court has the power to restrict television and radio coverage of the Senate Watergate Committee hearings. U.S. Dist. Court Judge John J. Sirica heard arguments on a request by the special Watergate prosecutors to order the committee to hear witnesses facing criminal indictment in sessions from which television and radio coverage is barred.

Philip B. Heymann, associate special prosecutor, argued that with radio and television coverage "the possibility of fair (Watergate) trials at an early date is threatened seriously—not hopelessly—but seriously." Samuel Dash, chief counsel for the Senate committee, opposed the prosecution's request on grounds that that publicity generated by a legislative committee hearing "has never been held by any court as preventing prosecution."

Sirica asked Heymann, "Do you expect indictments?" If so, when? "We certainly expect indictments," he replied and "referred to a prediction from the U.S. attorney's office that they might be out by the end of the summer."

### Lions Club Installs Incoming Officers

Other officers installed by Dr. Joe Donaldson, a past president of the club, were Henry W. Gruben, first vice president; William Hite, second vice president; Wayne Wilson, lion tamer, and James Enloe, tail twister. Four new directors also were installed. They were Ray Williams, Fred Simmons, J.L. Bain and Robert Rasmussen. Membership Chevron Awards were presented by Ralph Thomas, past governor of District 2-T. The list was topped by Roy McMillen, who has been a member of the club for 45 years, having joined in 1928 just one year after the Pampa club was chartered. Past District Governor Thomas also was honored with presentation of a life membership in the High Plains Eye Bank, a Lions Club eyesight saving project. The award was made by Floyd Sackett, a past-district governor. Special service awards were given to various club members by outgoing club president Paul Brown. Guests at last night's installation banquet were introduced by William Hite.

City Manager Mack Wofford was installed president of the Pampa Noon Lions Club at a Ladies Night banquet last night in the Pampa Country Club. The general freeze I am proposing is the only kind of shock treatment that will forestall this happening." Senate Democratic Leader Mike Mansfield said he is confident the Senate will vote for a freeze twice earlier in the year. The Senate rejected similar proposals. Democratic freeze sponsors say the three-month period could be used to work out a new economic controls package, perhaps similar to Phase 2, which was dropped by the President last January.

Asked about what the freeing of the wing means to Skylab, NASA Program Director William C. Schneider said, "We're feeling pretty bullish about it right now. With the relief we're getting from the electrical power, we should be in a shape to carry out a full experiment schedule."

THE GUARD CHANGES — Although there was ketchup on the handle, outgoing Boss Lion Paul Brown, second from left, handed his gavel to incoming president Mack Wofford at the Noon Lions Club installation banquet last night in the Pampa Country Club. Wofford, second from right, accepted it, ketchup and all. First vice president Henry Gruben, left, and second vice president Bill Hite, right, also were installed. (Photo by Terry Hanna)

## Franco Gives Up Powers

MADRID (AP) — Gen. Francisco Franco gave up two of his four superpowers today by naming Adm. Luis Carrero Blanco as president of Spain, but kept final authority for himself. The move was seen as the first step by the 80-year-old leader toward retirement — a move that under the present law of succession would bring Prince Juan Carlos to the throne as king and chief of state. The posts being given up by Franco are those of the president of government, or premier, and chief of Spain's only political party, the Movement. He remains as chief of state, the nation's highest post, and head of the armed forces. The moves diluted little of the supreme power that Franco has held since he came to power more than three decades ago at the end of the Spanish Civil War. Reports of a major government shakeup have been floating around Madrid the past few days. This morning word that Franco was giving up the presidency came from official sources. Later the news agency Cifra, confirmed the reports, saying Carrero Blanco, who is 70, would be sworn in Saturday morning. The admiral has long been Franco's trusted lieutenant. As president, Carrero Blanco would perform such tasks as presiding over Cabinet meetings and seeing that Franco's policies are carried out. The generalissimo has said that the post of chief of state, on his retirement or death, would go to Prince Juan Carlos, who would become king. Juan Carlos was handpicked by Franco over other claimants to the Spanish throne to serve as his successor. Up to now, Carrero Blanco has been vice president or deputy government leader. Franco's decision was reported to have been made after a meeting Wednesday of the Secret Council of the Realm, Franco's consultative body. This would be the first time that Franco had relinquished any of his powers. But Carrero Blanco is regarded as a staunchly loyal to the generalissimo.

## Board Names Carlson Head For Airport

Members of the airport board met this morning to renew the contract for operation of Perry Lefors Field and to name a successor to Ralph Prock, chairman. Prock tendered his resignation this week. Milo Carlson was named to the post and Earnest Wilkerson Jr. was named secretary to the board. These men will serve through Dec. 31 of this year. New officers will be selected then in an election scheduled for January 1974. Members of the board heartily passed a resolution commending Prock for his leadership as chairman in developing facilities and services at Perry Lefors Field. A contract renewal was approved with Gene Gatewood and Clarence Swindell, principals in Pampa Aircraft, Inc., which operates the Pampa airfield. The contract will run for two years.

### Methodists Change Church Pastorates

Five new ministers were named to the Pampa District last night in the closing session of the 64th annual session of the Northwest Texas Conference of the United Methodist Church. Rev. Charles Graff was appointed to the St. Paul-Lefors post in Pampa, succeeding Rev. J.W. Rosenberg, who is retiring after 43 years in the active ministry. Rev. Graff is from Asbury. Rev. W.A. Appling succeeds Rev. Carlton Thompson at First United Methodist Church, Borger. Rev. Appling has been at Hereford the past two years. Rev. Thompson is going to St. Luke's United Methodist Church, Lubbock, after serving the Borger congregation four years. First-United Methodist Church, Perryton, will have Rev. J.B. Fowler as the new pastor, succeeding Rev. James Tidwell, who will move to Floydada. Rev. Tidwell has been at Perryton eight years; Rev. Fowler at Muleshoe for three. Rev. J.O. Norred, after one year as associate pastor at Hereford, will become the new pastor at Follett, succeeding Rev. John Wagoner, who will go to West Texas State University as campus minister. Rev. Wagoner has been at Follett three years.

## Methodists Change Church Pastorates

Rev. Ray Forbes becomes pastor at Darrouzett after one year at Hart. Rev. Thomas Taylor is going to Rotan following a year's ministry in the Panhandle town. A Pampa native is now at First United Methodist Church, Booker Elder Lewis Holland graduated from McMurry College in 1968, then received his Master of Theology degree from Perkins school of Theology at Southern Methodist University in 1972. He graduated from high school at Miami. In the session on McMurry College campus as a part of that school's Golden Anniversary, delegates voted to support McMurry in its quest for \$10 million for the church's "New Generations for New Days" program. The total program has a financial goal of \$400 million to be distributed among 100 schools and colleges related to the Methodist church. The conference voted down two amendments to the constitution. The proposal that the conference meet only every two years was defeated 262-21. An attempt to remove the qualification that delegates to the conference must be 21 years old was defeated 155-136. The conference will meet in Amarillo in 1974 at Polk Street United Methodist Church.

## More Visited Britain

LONDON (AP) — Britain had 5,375,000 foreign visitors in 1972, excluding citizens of the British Commonwealth and visitors from the Irish Republic. A report from the Department of Trade and Industry and the British Tourist Authority said this was an increase of about 8 per cent over 1971. The number of visitors from the United States, at 1.6 million, showed an increase of 4 per cent over 1971.

# FROM SOVIET UNION American Firms Plan To Import Natural Gas

MOSCOW (AP) — Two American firms signed a letter of intent today to import more than \$10 billion worth of natural gas from the Soviet Union over a 25-year period.

The agreement was between the El Paso Natural Gas Co. and Occidental Petroleum Corp. on the one side and the Soviet Ministry of Foreign Trade on the other.

Occidental chairman Armand Hammer announced the agreement of intent "at a news conference."

Quantities up to two billion cubic feet per day are contemplated, Hammer said.

At current market prices, such gas over the 25-year term of the agreement would exceed \$50 billion to the USSR. It is expected that this sum will be spent for U.S. goods and services.

Hammer said the project will require a 2,000 mile pipeline from Yakutsk to the Vladivostok area — the largest liquefaction plant ever envisaged and a fleet of 20 cryogenic tankers.

Hammer said that the hard currency financing for the project, excluding the ships, will be about \$2 billion.

Hammer said that Japanese firms which have been negotiating with the Soviets may participate in the project and take a portion of the gas.

The Soviet gas provided for by the agreement is intended for the West Coast of the United States, Hammer said.

Asked about probable delivery dates, the Occidental Petroleum chairman said it will take about six years for Russian gas to cook American steaks.

Howard Boyd, the El Paso

## Obituaries

**VAN E. STEED**  
Funeral services for Van E. Steed, 71, of Groom were at 2 p.m. today in Groom United Methodist Church. Mr. Steed died Wednesday afternoon at Groom Memorial Hospital.

Rev. Joe B. Allen, pastor, officiated. Burial was at Groom Cemetery by Schooler-Gordon Funeral Directors of Amarillo. He was born in Ample, Tex., and moved to Groom in 1905 from Baylor County.

Surviving are his wife and a son.

**FLOYD E. BULL**  
Saturday 10 a.m. funeral services in Carmichael-Whitely Colonial Chapel will be held for Floyd E. Bull, 77, 1600 Williston, who was dead on arrival at Highland General Hospital at 8:10 a.m. Thursday. Interment will be in Fairview Cemetery.

Mr. Bull was a veteran of World War I and a member of the First Methodist Church in Lefors and the Elks and Moose Lodges.

Survivors include his wife, Parmley, of the home, a daughter, Mrs. June Ivory, Pampa, and one sister, Mrs. Lewis Korabaugh, Gray, Okla.

By popular account, the Hindu pantheon numbers some 33 million gods.

Yasunari Kawabata of Japan was the first Oriental to win the Nobel Prize for Literature, in 1968.

## Pythian Knights, Sisters Attend State Convention

A delegation of members of Pampa Lodge No. 480, Knights of Pythias, and Pythian Sisters No. 41 left today to attend the 100th Grand Lodge and 76th Grand Temple state convention at the Windsor Hotel in Abilene Sunday through Wednesday.

The Texas Khorassan Society and the Nomads of Ayudakia are holding their convention today, concluding with a dance Saturday night.

The Pythians will begin registration Sunday morning. The convention will end Wednesday with installation of new officers.

Mrs. Bernice Keen, 1937 N. Faulkner, Grand Chief of the Pythian Sisters of Texas, will head the local delegation. She has driven some 12,000 miles, attended all district meetings, visited with most of the Temples and attended many board meetings of the two Pythian Homes of Texas during her tenure.

Mrs. Annie Brown and Knight Gary Clark are Temple and Lodge representatives.

Highlight of the convention will be the achievements and awards banquet Tuesday evening, with the naming of the outstanding Lodge and Temple.

Other activities include the state public speaking contest with Pampa Lodge representative Leon Breeden, Panhandle competing Tuesday.

Breeden was the first runner-up in the Region 1 Knights of Pythias contest in Pampa in May.

Chuck Bradford, first-place winner at the region event, has withdrawn because of conflicting programs.

Breeden, son of Mr. and Mrs. Melvin Breeden, will vie with speakers from Regions 2 and 3 for the right to enter the Sectional Six contest later this month. He will have a chance to win a \$1,000 scholarship.

Each student in the event will speak on "What the Free Enterprise System Means."

Mrs. Joyce Howell is chairman of the committee to arrange the Grand Chief and Grand Chancellor banquet at noon Monday.

## Police Release Accident Total

Pampa drivers have totaled up over one hundred thousand dollars in accident damage in the first five months of 1973.

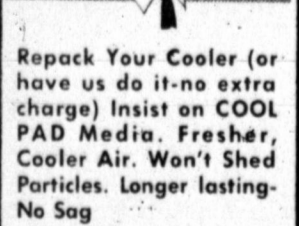

The figure is \$102,555.51 stemming from 314 accidents through the month of May.

There were 68 accidents in May resulting in injuries to 10 persons and perpetrating \$19,562.66 worth of damages.

These accidents resulted in the arrest of 56 drivers. There was one pedestrian accident and five hit and run incidents.

Of the 113 drivers involved in accidents in May, 60 per cent of them were men. The 25-34 year age bracket were involved in the most accidents but the margin was not great over all other age groups in the survey break-down, officials said.

## Gunmen Shoot Coxson

CHERRY HILL, N.J. (AP) — Major B. Coxson, a flamboyant ex-convict defeated recently in Camden's mayoral race, was slain "gangland style" today in the bedroom of his mansion here, police said.

Coxson last month lost a bid to become Camden's first black mayor.

Coxson's wife, Lois, 35, and two children, Lita, 15, and Toro, 12, were wounded in the pre-dawn shooting.

The Cherry Hill Medical Center said the mother and daughter were in serious condition. The son's condition was listed as fair.

A second son escaped unharmed.

Police said an alarm was out for four black men, all believed armed, who entered the \$150,000 Coxson home about 4 a.m. EDT.

Police said Coxson's body, clad in pajamas, was found in a kneeling position with his head resting on a bed. His hands and feet were bound with neckties and he was gagged.

Camden County Coroner Dr. Tom Daley said Coxson died of one gunshot wound.

## AFTER TALK WITH BRANDT Golda Meir Announces Plan To Visit Germany

JERUSALEM (AP) — Chancellor Willy Brandt ended his talks with Premier Golda Meir today and announced that she had agreed to make the first visit to Germany by a top Israeli leader.

Brandt made the surprise statement at a news conference after a two-hour working session with Mrs. Meir.

The prospect of a premier from the Jewish state visiting Germany is bound to rouse heated debate in Israel, where the wartime slaughter of six million Jews remains a vivid nightmare.

Mrs. Meir's acceptance of Brandt's invitation was seen as a sign of Israeli willingness to open a new page in relations.

Brandt said the date of Mrs. Meir's visit would be arranged through diplomatic channels.

Security forces were on full alert to guard Brandt as his armed motorcade drove through Jerusalem.

On the dispute in the Middle East, Brandt said Germany would support U.N. Secretary-General Kurt Waldheim's attempts to arrange peace talks between the Arabs and Israel.

"We want to see a peaceful solution negotiated by — and acceptable to — those directly concerned," Brandt said in a prepared statement.

The chancellor's statement supported Israel's demands for direct peace talks, but otherwise it appeared unlikely to satisfy his hosts.

Brandt began the second day of his four-day stay with a courtesy call on President Ephraim Katzir. The two exchanged pleasantries and Katzir presented Brandt with a 2,000-year-old glass vase excavated in the Holy Land.

After touring the newly-elected president's official residence and talking in private, Brandt headed for Mrs. Meir's office in a heavily-armed motorcade. Troops lined the streets along the route, part of the extra tight guard protecting the chancellor.

Mrs. Meir accompanied Brandt to Katzir's residence and drove with him to her office.

Israeli officials told newsmen Thursday that the German state secretary, Dr. Paul Frank, had made no mention of any special

relationship with Israel in his opening talks with an Israeli delegation.

Frank told the Israelis that Bonn's recent resumption of relations with the Arab states would not be at Israel's expense, and he stressed the importance of ending tension in the Mideast.

Israeli officials said it seemed clear that Bonn wanted the Arabs to follow its own example and try to negotiate a settlement, and Israel to be more flexible on the problem of returning Arab land won in the 1967-Mideast war.

The authoritative Cairo newspaper Al-Ahram said today the outcome of Brandt's visit to Israel will determine the future course of German-Arab relations.

## WORRY CLINIC

By George W. Crane, Ph.D., M.D.

Ellen can get "A" grades by changing from a "passive" to an "active" reader of the textbook. But also try to diagnose your professor and peruse his writings, if he has ever authored any printed material. Make your own True-False and "4-answer" tests.

CASE X-529: Ellen W., aged 36, is a high school teacher. "Dr. Crane," she began, "I am taking a graduate course this summer at our State Teachers College.

"But I am scared lest I might fail. "For I have been out of college for 15 years and I wonder I am as alert as I used to be.

"Can you offer a few concise rules for improving memory and absorbing material faster from the textbook pages?"

### HOW TO GET "A"

Whether you are a freshman student or a mature teacher like Ellen, here are some tested rules to help get you an "A."

(1) Study your teacher even more than the classroom text! If he is an older faculty member who has written any books of his own or professional journal articles, get them from the college library.

For he will probably repeat much of his own former printed ideas even though you are using some other professor's text.

(2) Keep an outline of all his classroom lectures, for most teachers stress in their exam questions the salient points they've talked about in class.

Sometimes, however, a professor ignores the fundamentals and makes his exam out of minor points only mentioned in the footnotes of your textbook.

In Medical School I had a professor who did this, much to the ire of the entire class! So study the professor and his previous exams, if they are on file.

(3) Get your classroom text EARLY, so you can give it a quick once-over and thus gain a brief preview thereof.

This means, see when it was published, plus who the authors are and at what universities they are located.

Then skim read the preface, and note the chapter headings. Next, turn the pages, noting the sectional headings and any illustrations.

In 30 minutes you can thus gain a cursory bird's-eye perspective of the scope of the entire textbook.

(4) When the professor assigns you a chapter, take the attitude that you are to give the class an exam thereon and thus construct a running quiz on that assignment.

Whenever you find a "meaty" or factual statement, or a 1-2-3 tabulation of laws or rules, underline such items with a colored pen.

And also phrase a True-False or else a Multiple Choice (4-answer) question concerning that meaty item.

If you were using my textbook in Applied Psychology, you might do this:

T F (1) Dr. Crane lists 7 psychological functions of the chairman (p. 384).

T F (2) The first of these is to polarize the audience.

After making your True-False statement, insert the number of the page where the correct answer is found, for this will help you double check on your memory in a few minutes.

For variation, compose a 4-answer quiz over the assignment, as:

Dr. Crane enumerates how many axioms for salesmen? (p. 266)

FOUR SIX EIGHT TEN

Obviously, it takes longer to read the assigned chapter when you develop your own quiz thereon, but you stay wider awake and glean its meaty contents.

Send for my booklet "How to Study More Efficiently and Improve Your Memory," enclosing a long stamped, return envelope, plus 25 cents.

(Always write to Dr. Crane in care of The Worry Clinic, Hopkins Bldg., Nelson, Indiana 47858. Enclose a long stamped, addressed envelope and 25 cents to cover typing and printing costs when you send for one of his booklets.)

**Amtrak Meeting**

WASHINGTON (AP) — The National Mediation Panel met Thursday to consider whether Dallas will receive passenger train service under Amtrak.

The panel convened behind closed doors and said in advance of the meeting that no formal statement would be issued after the session.

Meeting with the panel were representatives of Amtrak and the Southern Pacific Railroad. Amtrak has ordered service to start from Chicago through Fort Worth, Dallas and on to Houston this Sunday. This would add Dallas to the Amtrak lines and make several other changes in routing.

## Posh Dental Office Offers Drinks, Decor To Help Ease Patients' Pain

BUTLER SERVES coffee to patient in posh waiting room of Rio dentists Isaac Jaimovich and Antonio Nunes de Souza. The furniture is authentic Provencal and the sculpture is Picault's "L'Idée en Marche." The doctors say their de luxe service "takes away the patient's anxiety."

### Committee Okays 'War' Guidelines

WASHINGTON (AP) — The House Foreign Affairs Committee Thursday approved a 120-day deadline on presidents' power to commit U.S. war forces without Congress' specific approval. It would apply first to the Cambodia bombing.

The committee sent the war powers bill to the House floor by a vote of 30 to 4.

An amendment by Rep. Lester L. Wolff, D-N.Y., making all existing hostilities subject to the war powers restrictions was approved by the committee 21 to 10.

Wolff's amendment was a substitute for one by Rep. Jonathan B. Bingham, D-N.Y., to cut off all funds for Indochina war operations and the committee thus took no vote on that question.

Wolff said his amendment would mean all bombing in and over Indochina would have to cease in 120 days.

thentic Provencal style and appears an instant later with a scotch on the rocks.

What is this — a reception for a visiting head of state? No. It's an appointment with Rio dentists Isaac Jaimovich and Antonio Nunes de Souza.

"There's nothing else like this in the whole world," boasted Dr. Jaimovich, 50, as he showed off his unusual office to a visitor. "The purpose is to eliminate the aggression and anxiety that a typical dentist's waiting room produces in a patient."

More of the same awaits in the dentist's chair. Instead of looking at the traditional blank wall or Venetian blinds, the patient faces a panorama of trees, sky and mountains through curtainless windows.

"Psychologically, the green of the trees and the blue of the sky are very relaxing," Jaimovich

explained. There are no menacing drills or tubes suspended over the chair. That equipment is on rollable cabinets, designed by the two doctors, which are kept out of the patient's view. The only thing the person in the chair sees besides the scenery is the dentist's lamp.

A native of Rio — he got his dental degree nearly 30 years ago in a university right across the street from his present office — Jaimovich lectures around the world on dental technique. "To show people what Brazil has to offer in this field," All expenses come out of his own pocket.

Competing dentists are free to use Jaimovich's and Souza's innovations. "I've been to Europe, North America — even Lebanon and Kuwait. I tell people: 'Look at what we're doing in Brazil. Copy all our ideas you want!' We are promoting the reputation of Brazilian dentistry," Jaimovich said.

Great Britain established the first National Lifeboat Service in March 1824.

do not charge premium prices for their work. "A client sees this and thinks an appointment here is going to cost a fortune," said Jaimovich, pointing toward a 200-year-old Portuguese colonial light fixture in one of his waiting rooms. "But we try to provide maximum comfort without raising prices."

A routine appointment at the Jaimovich-Souza clinic costs 100 cruzeiros — \$16 — about the same as other private dentists in Rio charge. But because of modern equipment, the clinic can handle a large volume of high-priced specialized work such as implantations, braces and gum surgery.

Rio dental specialists in various fields practice one day a week at the Jaimovich-Souza clinic. The doctors call it "integrated dentistry."

"You can come here for anything from a filling to the most delicate precision work," Jaimovich said.

## RESEARCHERS SAY UFO Metal Piece 'Aluminum Alloy'

DALLAS (AP) — Researchers studying metal fragments believed by some to be pieces of an unidentified flying object that crashed in 1897 near Aurora, Tex., maintain one piece was not produced on earth in the 19th century.

In a Dallas Times Herald story this week, scientists were quoted as saying, "This is an aluminum alloy of a type which could not possibly have been made here (on earth) prior to 1908, 1910 or even as late as 1920."

The scientists are from one of the nation's leading aircraft manufacturers, the Times Herald said, but the newspaper did not name the company or individuals.

The aluminum fragment was reported to be in excellent condition, although it appeared to have been buried a long time.

Old newspaper reports say a UFO crashed April 19, 1897, striking a windmill at Aurora, which now is a ghost town between Fort Worth and Decatur.

Meanwhile, the International UFO Bureau Inc. in Oklahoma City, Okla., said that it found no unusual radio-activity in the crash area and one piece of fragment from the alleged UFO was nothing but iron.

The bureau had been studying the mysterious crash since June. It said further reports on the crash and laboratory analyses of some metal fragments are forthcoming.

## Dear Abby

### The pros and cons of starting kindergarten

By Abigail Van Buren

© 1973 by Chicago Tribune-N.Y. News Synd., Inc.

DEAR ABBY: I have been a kindergarten teacher for six years and I emphatically disagree with your advice to enroll Ronny in kindergarten knowing he will be the youngest and smallest child in the class.

His size has no relationship to the situation, but his age does. The younger ones usually have trouble keeping up with the older ones. I think it's better for the child to remain at home for another year, even though he's eligible age wise. Then when he goes to school he will be the oldest instead of the youngest in his class.

Let him watch Sesame Street, go to the library, take educational trips, and become more aware of his environment, and when he enters kindergarten he will not only be taller but better prepared.

SCHOOL TEACHER

DEAR TEACHER: Thank you for your view as a school teacher. Please read on for the opinion of a reader who was the youngest and smallest in her class.

DEAR ABBY: This is for Ronny's mom who was concerned about starting Ronny in kindergarten because he would be the youngest and smallest in his class. She said she and Ronny's father are both small so Ronny would probably be small all his life.

I was the youngest and smallest in my class and all thru school I was the only girl on the track team. I could also shimmy up a rope faster than anybody in my gym class.

I was called "Shrimp, Runt, Squirt, Midget," and "Pee wee," but the fat kids were called, "Lardo" and "Fatso," and the tall kids were called, "Beanpole." So what?

I'm a great-grandmother now, and my 6 foot, 2 inch son calls me "Mighty Mouse" and my 6 foot, 4 inch grandson told me to get on a stepladder so he could kiss me. I just laughed and shinned up his leg.

Tell Ronny's mom if the lad is bright, enroll him in school, and he will find a way to compensate for his stature. Also, has she considered that waiting a year might make Ronny the oldest and smallest child in his class? That could present worse problems. "MIGHTY MOUSE"

DEAR ABBY: What would you do if you took your apparently healthy pet to a veterinarian and the next morning you received the shocking news that your pet was dead?

This happened to us and we are heartbroken. We noticed our chihuahua was favoring her right front leg so we took her to a veterinarian who asked us to leave her overnight for a thoro examination.

Abby, we were as fond of that dog as some people are of their children. We can't help but feel that if we hadn't taken her to the vet she would be alive today. She must have met with some kind of accident there. Since this happened we have heard of other people who have had a similar experience.

We can't seem to get a straight answer concerning what happened to our dog. Isn't there some way to investigate this veterinarian? Any help you can give us will be appreciated.

MR. J. T.

DEAR MR. T.: Call this to the attention of your local humane society. If circumstances warrant it, they will turn the matter over to the medical board to whom veterinarians are accountable. You have a right to know the cause of your dog's death.

CONFIDENTIAL TO JACK S. JR. OF WINSTON-SALEM N. C.: A gentleman who would write a lady a love letter with no return address for her reply is a coward! [Please write again, won't you?]

Problems? You'll feel better if you get it off your chest. For a personal reply, write to ABBY: Box No. 69700, L. A., Calif. 90069. Enclose stamped, self-addressed envelope, please.

Hate to write letters? Send \$1 to Abby, Box 69700, Los Angeles, Cal. 90069, for Abby's booklet, "How to Write Letters for All Occasions."

WORTHWHILE HD CLUB

Mrs. Lottie Reynolds, 420 Crest, was hostess recently for members of Worthwhile Home Demonstration Club.

Vice-president, Mrs. Maggie Smith, presided. Council report was given by Mrs. Gladys Stone, and Mrs. Cora Lee Robertson was elected THDA chairman for the coming year.

The program was given by Miss Jimmie Lou Wainscot, on underlining fabric and interfacing fabric is dependent on the fashion fabric being used. Linings are chosen to compliment the fashion fabric, and should be lighter in weight than the outer fabric and have the same care requirements and performance qualities.

The next meeting will be with Mrs. Billie Rodgers, 2239 Russell, Friday June 15 at 2 p.m.

### Think Natural

Keep your make-up base close to your natural skin color or the look will be artificial. For the added color, use a blusher or light rouge.

To serve over broiled chicken breasts, make a cream sauce and add seedless grapes.

## GOOD FOOD IS MY LINE

By Bob Zaph

With the exception of the Japanese variety, all six species of abalone are found along the California coast and the Southern Oregon coast to Coos Bay. Because abalone fishing has been so popular with sportsmen, a limit of five abalone per person has been set to conserve this important food and game fish.

When cooking abalone, adequate pounding is the most important consideration. Use a wooden mallet, rolling pin or wooden potato masher. Hit the slices, or the whole abalone, with a light, steady stroke. If you hit too hard the result will be a pulpy mass; if too lightly or unevenly, the cooked fish will have hard spots. Pound until the piece is light, soft, velvety and limp like an uncooked pizza, then proceed to cook it.

Have you tried our Sunday Luncheon? It's the best bargain in your food budget. Just \$2.50 for Adults and \$1.50 for Children. Served from 11:30 A.M. to 2:00 P.M. CORONADO INN.

XI BETA CHI OFFICERS — The Xi Beta Chi Chapter of Beta Sigma Phi met recently to install officers for the new year. Shown in photo from left are Mrs. Sonny Golden, recording secretary; Mrs. James Lee, president; Mrs. Darrell Banner, vice-president; Mrs. Benny Stout, corresponding secretary; and Mrs. James Schaffer, treasurer.

### White-Harvey Vows Exchanged In Lufkin

Miss Connie White and Herschell Harvey of Broadus were united in marriage Saturday, May 26, at 6 p.m. in St. Paul's United Methodist Church of Lufkin.

Parents of the bride are Mr. and Mrs. Herbert White of Lufkin, and formerly of Pampa, and parents of the bridegroom are Mr. and Mrs. Eugene Harvey of Palacios.

The double-ring ceremony was performed by Rev. Don Meador, and the vows were read before an altar of daisies, iris, and greenery with two altar candles on either side.

Given in marriage by her father, the bride wore a floor-length gown of yellow crepe styled with an empire waistline. Her silk illusion veil framed her face and was held by re-embroidered lace petals. She carried a nosegay of yellow and white daisies.

Maid of honor was Pam Welch of Alvin, Tex. She wore a blue crepe gown and carried a yellow and white bouquet of daisies.

Best man was Billy Walker of Lufkin. Ushers were David White, brother of the bride, and Alan Moreland of Little Rock, Ark., cousin of the bride.

For the reception in the

Fellowship Hall of the church, the three-tiered cake, trimmed in yellow and white daisies, was served by Barbara Moreland, aunt of the bride. Punch was served by Carolyn Dennie and coffee by Mrs. Carol Welch.

Following a wedding trip to Houston, the couple is residing in Broadus, Tex.

The bride is employed at Baskin Robbins, and the groom is employed by Lufkin Trailer Division.

Out-of-town guests included grandparents of bride, Mr. and Mrs. C.W. Coffin and Steven McDaniel of Pampa; Mr. and Mrs. H.L. Moreland, Alan and Brenda Moreland of Little Rock; Mr. and Mrs. Carol Welch, Pam and Debbie Welch of Alvin; and Mr. and Mrs. Malcolm McClelland of Tyler.

### Eye Catcher

The shirt that's worn unbuttoned and real low, then tied at the midriff, becomes something special when you add an eye-catching, long-chained pendant.

### Lace Touches

The latest material for this year's bikinis is a jersey with touches of lace or crochet, strategically positioned.

## Your Horoscope

By Jeanne Dixon

### SATURDAY, JUNE 9

**Your birthday today:** Opens a swift-paced year of progress and prosperity. Material income varies according to diligence and specialty selection. Relationships thrive, bring intellectual stimulus. Today's natives can be friendly, but outspoken when their views differ from commonplace.

**Aries [March 21-April 19]:** Skip electrical gadgets and mechanical work in general. Concentrate on having fun, bringing family and friends together.

**Taurus [April 20-May 20]:** Good news is indicated. Some rare moment of "coincidence" brings both merriment and a benefit.

**Gemini [May 21-June 20]:** Present your ideas, collect whatever you have coming to you. There isn't enough

time for all your plans.

**Cancer [June 21-July 22]:** What you have to say is important enough to justify exceptional care in choosing words and deeds to express yourself.

**Leo [July 23-Aug. 22]:** Being caught in a rush of preparations for big events shouldn't justify your neglecting promises of help.

**Virgo [Aug. 23-Sept. 22]:** Be flexible, adapt to changing conditions. Prospects for improvement are excellent. Be alert and diligent, but get your rest.

**Libra [Sept. 23-Oct. 22]:** Now come brief openings for your special talents. Take advantage at once, settle old scores directly.

**Scorpio [Oct. 23-Nov. 21]:** This is a good time to pose a serious question, press for an answer. Much of your

day's activity can't wait; get busy.

**Sagittarius [Nov. 22-Dec. 21]:** Open your heart and mind to the beauty of life, share your joy. Sports and games attract your attention, possible participation.

**Capricorn [Dec. 22-Jan. 19]:** A casual approach works better. It's more a social day the material concerns tend toward gains.

**Aquarius [Jan. 20-Feb. 18]:** Your search for patterns of truth is rewarded in profound inspiration. Accept others as they are.

**Pisces [Feb. 19-March 20]:** Today's talk ranges widely. Hear everybody out—you may not agree, but you'll understand them well.

The word boss has been used in politics since the 1971 Tweed Ring exposure in New York.

## Orientation Highlights Jaycee-Ette Meeting

The Pampa Jaycee-Ettes held their regular monthly meeting with Sharen Peoples, president, presiding. The invocation was given by Margaret Milam with Kerrick Horton leading the Jaycee-ette creed.

The Pampa Jaycee-ettes were treated to an informative and well presented orientation given by the Perryton Jaycee-ettes. The Perryton group participating in the orientation were Ora Bearden, Mary Brillhart, Debbie

Farnam, Barbara Richardson, Darless Bishop, Trula Cook, Jean Pshigoda and Kay Fuller. Following the orientation, Paula Graves and Kerrick Horton of Pampa served refreshments and the door prize was won by Jean Pshigoda of Perryton.

During the business session, several reports were given on Jaycee-ette travel. Margaret Milam announced that three girls attended the Muleshoe

Sit-in-Hen. Paula Graves stated that four girls attended ladies night at Furr's Cafeteria and Trecia Saltzman reported on Happy and Hereford's installation banquets. Five girls and one guest attended White Deer's charter installation banquet and witnessed the presentation of their State Charter by Pampa's Dottie Kimbley.

A report on the State Convention was given by Dottie Kimbley. In scrapbook

competition, the Pampa Jaycee-ettes won 1st in Aid to Jaycees, 1st in Civic Activities and 1st in other Jaycee-ette activities. Dottie Kimbley was named outstanding local club president. Trecia Saltzman was named outstanding state officer and the Pampa Jaycee-ettes were named outstanding club. Three girls attended the Convention which was held in Austin on May 10-12.

The current Aid to Jaycee projects are Jaycee light bulb

sales with chairman, Kerrick Horton, and the Jaycee bike race with Dottie Kimbley as chairman. The race will be held at Marie Foundations from 2 to 4 p.m. June 3, with trophies being presented to the winners.

Margaret Milam is chairman of the candy sales as a ways and means project.

Two constitution revisions were discussed and approved. Trecia Saltzman, past area 1-A vice-president, installed Margaret Milam as club

historian and presented her with her historian's pin after she was nominated for the office and elected by acclamation.

The Jaycee-ettes are planning a picnic to be held in Central Park for the afternoon class of the Satellite School, with Jaycees also attending.

Members present were Sharen Peoples, Dottie Kimbley, Trecia Saltzman, Kerrick Horton, Margaret Milam, Paula Graves and Lyne McDougall.

## Republican Women Attend Seminar

The Top O' Texas Republican Women's Club met recently in the home of Mrs. Scott Nisbet.

Mrs. Al Smith, president, welcomed the members and guests. Mrs. John McKnerney gave the invocation. The Pledge of Allegiance was repeated in unison.

Mrs. Walter Colwell, secretary, read the minutes of the previous meeting and Mrs. Jones Seitz gave the treasurer's report. Mrs. Mike Kuralt was welcomed as a new member.

Ben Sturgeon, a member of the Pampa School Board, gave the program, explaining the

details of the forthcoming Bond Election. An informative question and answer period followed.

Mrs. Scott Nisbet gave a report on the recent Republican Leadership Seminar held in Amarillo. Candidate Recruitment and Fund Raising Activities were discussed.

Mrs. Julian Key presented an outline of the program used by the Gray County Republican Party in 1972. Don Reavis, District Committeeman and Mrs. Jack Hart, District Committeewoman were in charge of the Seminar.

**TODAY'S QUESTION**  
You do bid five spades. Your partner bids five no-trump. What do you do now?  
Answer tomorrow

### By Oswald & Jams Jacoby

Any time you give your partner a chance to make a mistake he may take it. The better the play, the less chance that it will happen, but we have seen the best players in the world go wrong time and time again.

South won the diamond in his hand. He saw eight top tricks and that the best way to go after mor was to take two heart fineses.

His eight hearts lead lost to East's queen and the deuce of club was led back. South played the three and West was in with the queen.

This hands taken from the finals of regional open. East and West were good players and West had no problem about what to do next. He played his king of clubs and clarifier was down one.

This would have cost an important trick if South held the ace and jack of clubs, but West knew that South could not hold both of them.

How did he know this? Wouldn't East lead his fourth best automatically?

Not a your tontype! East would have led his highest club if he didn't hold an honor or so is to make sure that his partner would know the situation.

**TOP O' TEXAS COWBELLE'S**

The Top O' Texas Cowbelle's met in Panhandle recently where they toured the museum prior to a luncheon in the Hospitality room of the First National Bank.

A short business meeting was conducted by the President, Mrs. Jake Hess, Sr., and beef for Father's Day promotional material was discussed by the president.

Membership for the recently organized club is 83, with approximately 43 attending the meeting.

The next meeting will be a social hosted by Pampa, 1707 Mary Ellen.

## Today In History

By THE ASSOCIATED PRESS  
Today is Friday, June 8, the 159th day of 1973. There are 206 days left in the year.  
Today's highlight in history: On this date in the year 632, the prophet Mohammed died.  
On this date:  
In 1861, Tennessee seceded from the Union.  
In 1872, penny post cards were authorized by an act of Congress.  
In 1905, President Theodore

Roosevelt offered to act as a mediator in the Russo-Japanese War.  
In 1942, during World War II, Japanese submarines shelled Sydney, Australia.  
In 1953, the U.S. Supreme Court ruled that restaurants in the District of Columbia could not refuse to serve Negroes.  
In 1965, U.S. troops in Vietnam were authorized to engage in offensive operations.  
Ten years ago, President

John F. Kennedy, in a speech in Los Angeles, called on Congress to pass his program of tax cuts to head off a recession.  
Five years ago, Sen. Robert F. Kennedy was buried in Arlington National Cemetery after funeral services in St. Patrick's Cathedral in New York City.  
One year ago, The U.S. Senate approved the nomination of Richard G. Kleindienst as attorney general after a long controversy.

NEW YORK (AP) — The first time ever I saw Roberta Flack's face she was singing before a packed house at Mr. Henry's, a small night club a few blocks from Capitol Hill in Washington, D.C.  
That was in 1968. Come June 19, she'll be singing to a national audience as the star of her own first TV special, a half-hour ABC show called "Roberta Flack...The First Time Ever."

It should be excellent, if her past performances are any guide.  
I have to confess I've been a Roberta Flack cheerleader since her Mr. Henry's days. At that time, she had a small, enthusiastic army of fans that included both politicians and established performers.  
She sang beautifully, played fine jazz piano and occasionally conducted the best sing-along any saloon probably will ever

hear. It wasn't simple barber-shop quartet stuff, either.  
She'd announce a song, then assign sections of the audience fairly hard contrapuntal harmony parts, the kind that weave around the main tune. It usually sounded great.  
Since leaving Mr. Henry's, Miss Flack has racked up one best-selling album and three hit records.  
An Asheville, N.C., native whose family moved to Virginia

when she still was young, she's a classically trained pianist, a graduate of Howard University's music school and a former schoolteacher.  
In addition to her performing and composing, she owns two music publishing firms and is a partner in a production company with singer Donny Hathaway, with whom she recorded her "Where is Love" hit of last year.  
What does she think about

doing her own TV special?  
"Well, naturally I think it's great, although to be honest about it I don't know that much about television," said Miss Flack, who lives in Alexandria, Va. "I know nothing about TV production."  
"We worked very hard on the show, but what it all boils down to is that we really had to trust the people who produced and directed it."

## Bobby Finds a Home in Movies

By DICK KLEINER  
HOLLYWOOD — (NEA) — He's Robert Duvall on the credits and he was Robert Duvall on the list of this past year's Academy Award nominees. But to everybody who knows him he's Bobby Duvall. The informality suits him.

Long one of off-Broadway and New York television's most valuable utility actors he switched to movies a few years ago. The switch worked. He's doing very well and will be doing even better because of his Oscar nomination for "The Godfather."

"Since the nomination," Bobby says, "I've been getting more scripts sent to me than ever before. But not better ones. Better parts, maybe, and more money, but that's not as important to me as a good over-all script."

The value of a nomination is seen in his current endeavor. He's the first named actor in his next film, MGM's "The Outfit." Listed below him in the credits are

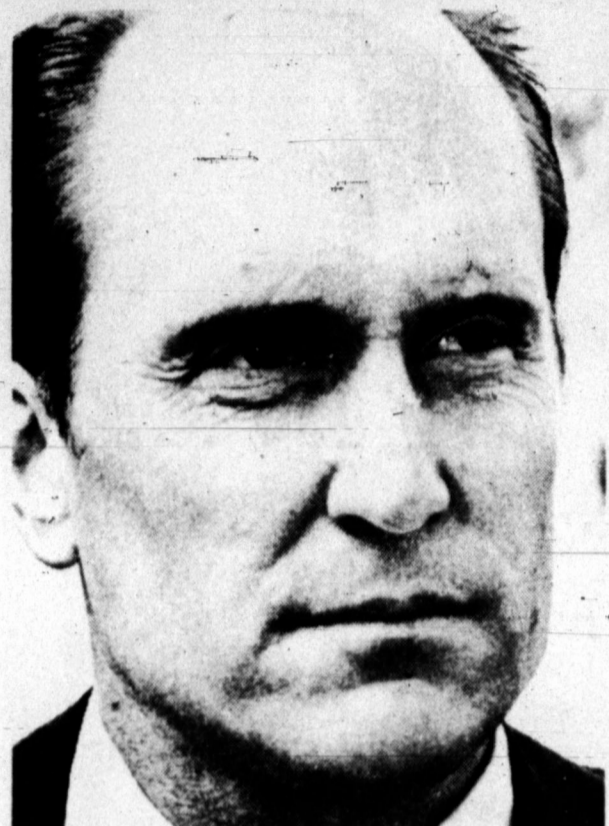

such standouts as Karen Black, Joe Don Baker and Robert Ryan.

"It's a good part in a good film," he says. "And I'm the top name in a good cast and that's good for me, too."

He feels he's done work in the past as good, or better, than the job he did in "The Godfather." That's always the way — actors may do things they consider super in pictures which go nowhere, and get no recognition, but they get their honors in pictures that are blockbusters.

Duvall thinks he gave his "finest all-around performance" in a little black-and-white film called "Tomorrow," which was released a month and a half after "The Godfather." Since the picture made little noise his good work in "Tomorrow" got no recognition from the industry at large.

Duvall comes from San Diego. He's the son of a career Navy officer and divided his youth between San Diego and Maryland, where his father was stationed. He was drifting aim-

THINGS LOOK UP for Bobby Duvall since his Academy Award nomination for "The Godfather."

lessly through college, with no set goal, when the idea of being an actor came to him. Curiously, it was his parents who suggested it.

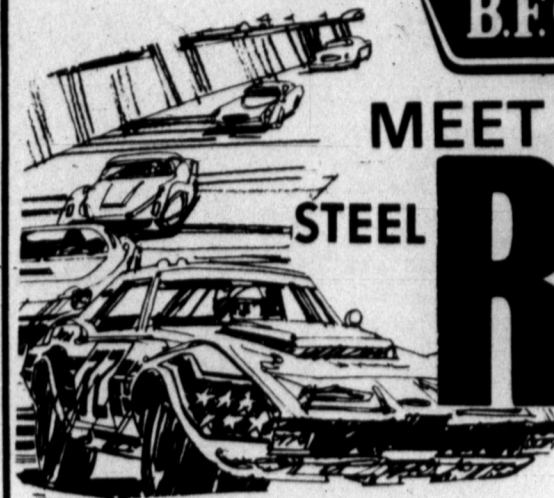

"I guess they knew me," he says. "As a boy, my two brothers and I would always sing and entertain the guests."

So he became an actor and he's been working hard at it ever since. For a long time, he earned most of his living on television, but he's done no TV in the last three years and doubts he'll do any more in the foreseeable future.

"Movies are better," he says. "You have more time to prepare and to work on your role."

Currently, Bobby and his wife and two daughters make their home in Tuxedo Park, about 40 miles north of New York. That may change. He says they are becoming disenchanted with the place.

"We have some troubles there," he says. "There's some legal action about a tennis court and some of our good friends are moving away. We're seriously thinking about moving out here permanently."

"Low Prices Just Don't Happen — They Are Made"

**'ALL GOD'S CHILDREN'** — This singing group of First Baptist Church, White Deer, together with their director, pastor and adult leaders will travel caravan-style to Elko, Nev., to perform and to participate in a summer ministry. First row from the left, the Rev. Ron Ledbetter, Shelia Timmons, Marla Mitchell, Carla Meyer, Pam Ramming, Donnie Bennett, Teri Ledbetter, John Meyer, Kathy Weese, Melinda Diggs, Sandy Nicholson and Director Carl Meyer. Second row, Tonya Terry, Tina Rhoads, Joe Freeman, Ricky Watkins, Gary Ledbetter, Kent Mitchell, Jackie Watkins, Pam Mesneak and Kim Kelly. Back row, Randy Walker, Eddie Hastings, Johnny Freeman, Steve Watkins, Wayne Diggs, Gary Beagle, Terry Rhoads, Terry Dittbeiner, Pam Powers, Dave Rick Nicholson, Roger Meadows, Gregg Meyer and Tam Terry.

## 'All God's Children' Travel To Nevada to Minister, Sing

WHITE DEER — An unusual caravan will leave the city Thursday — a 26-passenger bus, a 15-passenger van and a station wagon — carrying "All God's Children" to their destination: Elko, Nev.

That is the name of an unusual group of young people from the First Baptist Church that has distinguished itself both musically and in Christian witnessing. These young men and women will be working at four different points at Elko in mission vacation Bible schools. One of these will be at the Indian Village in Elko with others at Wells, Lamoille and Montello.

In addition to this work, All God's Children will present their now-famous "Come Together" program at every opportunity. Too, they will be presenting special music each evening of a revival meeting at Calvary Baptist Church, Elko.

The Rev. Ron Ledbetter, pastor, First Baptist Church, White Deer, will be preaching this series of revival services and Carl Meyer, director of the local singing group, will lead the music for the meeting.

On the way out, the entourage will spend the first night in Denver, Colo. and the second night in Salt Lake City, Utah. Crossing the Bonneville Salt

Flats to Elko will be a sharp contrast to the Rocky Mountain route to Salt Lake City.

They will return by way of Las Vegas, Nev.; Hoover Dam; the Grand Canyon and Albuquerque camping out one night on the homeward journey.

Some 37 adults and young people will make the trip.

Prior to their departure, All God's Children will present "Come Together" at First Baptist Church Sunday night, Sunday night, July 1, following their return, the young people will be sharing experiences they lived on the journey.

## DAVID POLING, D.D. Today's Hospital: Whole New World

By REV. DAVID POLING

Most readers would agree that the cost of medical care has gone out of sight. A recent quick visit to the emergency room of a local hospital—for a minor problem—cost \$18.50 for five or six minutes. Stay a few weeks and you might end up working out a new mortgage on your home.

Yet the alarming costs of medical care and treatment may be hiding the benefits that are enjoyed by thousands who are in touch with some of the leading hospitals in America. The primary relationship for many people today is with a large institution—church, university or hospital. And in some communities, the hospital is a cultural experience as well as a medical treatment.

In Sacramento, Calif., American River Hospital was one of the first to decorate with a generous splash of color and carpeting. Many of its halls are filled with paintings and posters. The nursing staff wore pantsuits years ago and a lively, sparkling personality began to shape the institution.

Providence Memorial Hospital in El Paso, Tex., offers its patients an ecumenical religious experience as well as first-class medical attention. Regular worship services are conducted from the attractive chapel with its famous window in honor of the Four Chaplains. Closed circuit television reaches every room and local pastors, priests and rabbis share in leadership.

Most hospitals have extensive volunteer programs in force.

At Presbyterian Hospital Center in Albuquerque, N.M., more than 650 adults and young people give of their time and energy to the welfare of others. What is interesting and unusual here is the large number of retired men who participate in the volunteer effort.

Ralph MacBain, an X-ray patient escort, has just finished 5000 hours of service. A vice-president for 37 years with the Public Service Co. of New Mexico, he turned away from the frustration of retirement to give aid and comfort to others.

Dan Pearson, a retired captain for Pan American Airways, LaVell Thompson, former head of watershed management for the U.S. Forest Service, Col. George C. Darby, a 30-year officer with the Air Force, and Frank Stephenson, retired chief of police for Albuquerque are but a few of those active in the life of this modern health facility.

Today's hospital may be expensive but it offers much more than health care for thousands of people.

## 'Water Gate' Goes Back To Early Biblical Times

A contemporary translation, THE LIVING BIBLE, published two years ago and now appearing on best-seller lists, tells about weeping and confession of national sins at Jerusalem's Water Gate, 2500 years ago.

Then, as now, the participants were high government officials. But in that incident, the confessions were voluntary.

It all came about when the Jewish nation, after 70 years of captivity in Babylon, returned and rebuilt the ancient gates of their capitol city. One of these was the Water Gate.

A mass meeting was convened at this gate to discuss the fact that the clergy, political leaders and average citizen alike were disobeying the laws

God gave to Moses a thousand years earlier. Two of these same laws — "Thou shalt not steal," and "Thou shalt not lie," — are prominent again in today's Watergate affair.

In the earlier event people broke out into weeping and confession when they realized how many of God's laws they themselves had broken along with their leaders.

But it ended for the good of all concerned. A national reform was decided on, and agreement reached for everyone — politicians and average citizens alike — to obey all of God's laws thereafter. A happy celebration was begun, giving gifts and feasting, because everyone felt so glad that righteousness had again prevailed and God's laws

were being enforced again.

The Living Bible tells of this historic event in the Old Testament, Book of Nehemiah, chapters eight and nine.

"In mid-September, all the people assembled at the plaza in front of the Water Gate and requested Ezra, their religious leader, to read to them the law of God which He had given to Moses. So Ezra the priest brought out to them the scroll of Moses' laws. He stood on a wooden stand made especially for the occasion so that everyone could see him as he read. He faced the square in front of the Water Gate, and read from early morning until noon."

—Nehemiah 8:1-3

### BELIEVE IN JESUS

John 1:12  
"As many as received Him, to them gave He power to become the Sons of God, even to them that believe on His name."

To believe in Jesus is more than just believing that He exists, or even that He lived, died and rose again. James 2:19 says "the devils also believe and tremble." To believe in Jesus is to accept Him, receive Him, and commit to and trust Him.

It is possible to believe in Jesus with only an intellectual consent or emotional attachment.

It is possible to say certain words keeping with Christian Faith, but less than commitment and surrender to Christ.

Three examples I give, that are recorded in the Bible, show evidence of less than a saving Faith.

I. COMMIT John 2:23 says "Many believed in His name when they saw the Miracles He did." They seem to believe that He could do the miracles, they believed it because they saw it.

But John 2:24 says "But Jesus did not commit himself unto them, because He knew all men." He knew their faith or belief was not a commitment, so He did not commit Himself to them.

To really believe is to commit.

II. CONTINUE John 8:30 says again, "Many believed on Him." But Jesus qualified this belief in verse 31. "If ye continue in my word, then are ye my disciples indeed."

Read further and you will note verse 40. "Tho they believed on Him, yet later they seek to kill Him."

Their belief was less than real faith. There was no continuing.

III. CONFESS John 12:42 "Many believed on Him, but because of the Pharisees they did not confess Him."

Is confession necessary? Well, we will let the Bible answer. Romans 10:9 "If thou shalt confess with thy mouth the Lord Jesus Christ, and believe that He is the Son of God, thou shalt dwell with Him, and He will dwell with thee, and abide with thee, and thou shalt be saved."

So we can see true faith is commitment, continuance, and confession. A complete confession and a continued obedience to Jesus Christ - that is believing in Christ.

## Episcopalians To Participate In Exchange

Four young Episcopalians from Pampa will participate in a person-to-person exchange with Episcopal groups in Texas, Louisiana, Barbados, and Mexico.

Merrilyn Miller, daughter of Mr. and Mrs. Jack Miller, 1645 Grape, will assist in a church school at St. Matthew's Church here from June 8 to 15 and in a school in Barbados from July 18 to August 3. Melanie Miller, her sister, will help in a church school in Slidell, Louisiana, from June 15 to 22.

Pernie Fallon, daughter of Mr. and Mrs. Ben Fallon, 2236 Charles, will work in a church school in Midland from July 31 to 27 and in Lake Charles, Louisiana, from June 15 to 22. Teddy Fallon, her sister, will work in a church school in Big Spring from June 8 to 15 and in Juarez, Mexico, from July 8 to 20.

The exchange program is sponsored by the Episcopal Diocese of Northwest Texas.

## Thoughts

From The Living Bible  
But the angel said, "Don't be afraid, Zacharias! For I have come to tell you that God has heard your prayer, and your wife Elizabeth will bear you a son! And you are to name him John. You will both have great joy and gladness at his birth, and many will rejoice with you. For he will be one of the Lord's great men. He must never touch wine or hard liquor — and he will be filled with the Holy Spirit, even from before his birth! And he will persuade many a Jew to turn to the Lord his God."

Luke 1:13-16

PEANUTS

**TOURNAMENT MEDALIST** — David Parker, left, shot an even-par 70 at the Pamcel course this week in qualifying play for the 1973 Pampa Men's City Golf Tournament to take medalist honors for the tourney. Presenting the award to Parker is Bill Ellis, Celanese official in charge of planning for the tournament.

## At Pamcel Course Men's City Tournament To Tee-Off Tomorrow

By CLAY LIVELY  
It has been 10 years since a Men's City Golf Tournament has been conducted in Pampa. Tomorrow, however, the decade-long hiatus will come to an end as 16 championship flight golfers tee it up at the Pamcel course and go after the title which will be bestowed upon Pampa's 1973 City Golf Champion.

Eighty golfers in five flights will begin play tomorrow in the strictly match play tournament which will conclude June 16-17.

Following tomorrow's play, each flight will be divided in two, with the winners of the first round matches moving into the semifinals of the tourney Sunday.

Losers in the first round will also continue play Sunday in the consolation bracket of each flight.

David Parker shot an even-par 70 in this week's qualifying play for the championship flight to nab medalist honors in the tournament. Bill Ellis shot a 72 for runner-up honors.

Other championship flight players who should contest Parker and Ellis for the title are Pampa Country Club's par-busting Eddie Duenkel, Dob Hudson, Tom Cox, Roy Don Stephens and James White.

Les Powell won the city tournament in 1963, the last year that it was played until this year's re-inaugural. Powell also won the tournament in 1962 when it was still played at the

**Can-Am Races Start Sunday**  
MOSPORT, Ont. (AP) — Practice started today for the \$75,000 opening event of the 1973 Canadian-American Challenge Cup series for big-bore sports-racing cars with Pennsylvania Mark Donohue the heavy favorite.

Donohue, winner of the 1972 Indianapolis 500, is a good bet to lead the field of 26 cars across the finish line in Sunday's race. He is driving a turbo-charged German-built Porsche like the one he started campaigning in last year until a practice accident put him in hospital.

The race is the first of a continent-wide series of eight races with Sunday's winner taking home at least \$15,000.

**Sports Briefs**  
By The Associated Press

**BASEBALL** — The New York Yankees acquired right-handed pitcher Pat Dobson from the Atlanta Braves in exchange for four players, two from farm clubs and two to be named later.

**NEW YORK** — The New York Yankees purchased pitcher Sam McLowell from the San Francisco Giants in a straight cash deal.

**ST. LOUIS** — The San Diego Padres and St. Louis Cardinals traded utility infielders, the Padres sending veteran Dave Campbell to St. Louis for Dwan Anderson.

**HOCKEY** — SANTA ANA, Calif. — Jack Kelly of the champion New England Whalers was named Coach of the Year in the World Hockey Association.

**NEW YORK** — William "Red" Holman was named vice president of the New York Knicks and was given a five-year contract as vice president, general manager and coach of the National Basketball Association club.

**TENNIS** — HAROLD Solomon of Silver Springs, Md., upset Mark Cox of Britain 6-1, 6-4 and advanced to the fourth round of the \$135,000 Italian Open Tennis Championships.

**MARCHESTER, England** — Top-seeded Patti Hogan topped Leley Charles 7-5, 7-5 in the quarter-finals of the Northern Lawn Tennis Championships.

**GOLF** — Porthcawl, Wales — Dick Siderowicz defeated Matthew Lygate of Scotland in a 3 and 1 victory and became the only American to reach the quarter-finals of the British Amateur Golf Championship.

**PHILADELPHIA** — Newcomer Jim Barber carded a seven-under par 65 and gained the lead in the first round of the \$150,000 Philadelphia Golf Classic.

**PITTSBURGH** — Lancy Smith of Snyder, N.Y., shot a closing round 74 to win her third Women's Eastern Amateur Golf Championship by eight strokes.

**SUTTON, Mass.** — Kathy Whitworth and Chako Higuchi fired two-under par 71s to share the first round lead in the \$35,000 Ladies Professional Golf Association Championship.

# At Belmont Stakes Race Secretariat Is The Favorite In Attempt For Triple Crown

NEW YORK (AP) — Secretariat goes after thoroughbred racing's elusive Triple Crown Saturday in the Belmont Stakes, and the success or failure of the exciting Meadow Stable colt might be pinned on the performance of a speed horse called Knightly Dawn.

## SPORTS PAGE

### Prefontaine Sets Record

BATON ROUGE, LA. (AP) — Steve Prefontaine of Oregon wowed the fans with a three-mile record of 13:19 Thursday night, but hinted they had seen nothing yet.

The record time came in qualifying for the National Collegiate Athletic Association finals and, for Prefontaine at least, it was almost effortless effort.

"I was surprised I could run the way I ran," he said. "I ran the last quarter-mile in 63 seconds and felt very easy and very much in control all the way."

The time eclipsed his own NCAA meet mark of 13:20.1, set in 1971, and Prefontaine said later: "You may see some strange things Saturday."

He declined to elaborate on his plans for the race, but said proper weather conditions could bring still more records.

Pressed for his strategy, the mustachioed speedster said, "Another well-known star, hurdler Rod Milburn of Southern University, also led qualifying in his event and predicted a close race in the nationally televised finals Saturday."

It was Milburn's first official race on the Louisiana State University track, and he said the track was the fastest he had ever run on.

The world record holder and Olympic champion declined, however, to predict what time it would take to beat him in the finals.

UCLA meanwhile, qualified six persons for the finals and retained a solid favorite to win its third consecutive team title.

Trainer Frank "Pancho" Martin put Knightly Dawn into the six-horse Belmont field Thursday as an entrant with Sham and students of racing strategy immediately began to hold court.

Martin's apparent plan is to have Knightly Dawn break the record and then have Sham come on to avenge his second-place finishes to Secretariat in the Kentucky Derby and Preakness.

"It just means another horse for him to get around," was the reaction of Secretariat's trainer, Lucien Laurin, to Martin's move.

Set to join Secretariat and the

Sigmond Sommer-owned entry at the 4:38 p.m. CDT, post for the 1 1/2-mile classic at Belmont Park were Arthur Appleton's My Gallant, C.V. Whitney's P.V. Smiles and Elmdorf's Twice A Prince.

If all six start, each under 126 pounds, the Belmont will be worth \$151,200 with \$90,720 to the winner.

Television coverage is scheduled for 4-5 p.m. and radio coverage for 4:25-4:45 p.m. CDT, both by CBS.

The early odds had Secretariat a 2-5 favorite to win for the 12th time in 15 career starts and become the ninth Triple Crown winner and first since Citation in 1948.

The Triple Crown champions have been Sir Barton, 1919; Gallant Fox, 1930; Omaha, 1935; War Admiral, 1937; Whirlaway, 1941; Count Fleet, 1943; Assault, 1946 and Citation, 1948.

Six who since 1948 won the Derby and Preakness but failed in the Belmont were Tim Tam, 1958; Carry Back, 1961; Northern Dancer, 1964; Kauai King, 1966; Majestic Prince, 1969; and Canonero II, 1971.

Facts and figures for the 105th running of the Belmont Stakes Saturday:

Place—Belmont Park.  
Distance—1 1/2 miles.  
Entries—Six.  
Purse—\$125,000 added to nomination and starting fees:

\$100 each for nomination; \$250 for each of the entries and \$1,000 to start.

Value—If six start, \$90,720 to winner; \$33,264 to second; \$18,144 to third and \$9,072 to fourth out of gross purse of \$151,200.

Favorite—Secretariat.

Last year's winner—Riva Ridge.

Last year's time—2:28.

Record time—2:26 3/5 by Gallant Man, 1957.

Crowd—Approximately 70,000.

Post time—4:38 p.m. CDT.

Probable weather—Overcast with chance of showers.

Probable track condition—Fast.

Television and radio  
CBS-TV, 4:5 p.m. CDT.

## Memphis Tams Will Move To Providence

PROVIDENCE, R.I. (AP) — After three frustrating attempts, Paul Lynch has succeeded in bringing an American Basketball Association team to Providence.

"We won't be buying the Memphis Tams," Lynch announced on May 15. He said conditions imposed on the deal by sports magnate Charles O. Finley were too stringent.

On Thursday, Lynch, a 28-year-old executive for a Providence-based paving company, reversed himself.

"It's our team now," he said announcing the \$13 million deal.

Final arrangements were hammered out last week in Chicago by Finley and Lynch, who

represents a local syndicate of 29 businessmen.

Lynch said although negotiations faltered, Finley kept after him with telephone calls trying to unload the team that cost him \$25,000 and had the losingest record in the league.

ABA Commissioner Robert Carlson said a tentative telephone meeting of league owners had been called for Monday to vote on the sale. A majority of 10 owners is needed to ratify it.

Outgoing Tams' coach Bob Bass said he won't be coming to Providence and wasn't "particularly shocked" at the sale. He said he would "have to sit back and take a few days" to decide his own future.

**Just 13 Lbs. Plus of Bass!**

## Christian Science Center Nearing Completion

The Christian Science Center in Boston, international headquarters for the Church of Christ, Scientist, is nearly complete after five years of construction.

"We feel that completion of these buildings and our use of them calls for reedication on the part of all our members, rather than any celebration or ceremony to mark the event," Arthur P. Wuth, chairman of the Christian Science board of directors, said.

"The new Center represents a great deal more than just physical structures," Wuth added. "It stands for increasing volume of activity on the part of Christian Scientists throughout the world which needs to be serviced by the various departments here."

"It is our honest desire that the Center will stand as a beacon of hope to those who have lost faith in material ways of overcoming physical and social ills and human limitations."

Cost of the \$70 million construction project is being paid for through the voluntary donations of members and friends of the denomination, without any fund raising campaigns or use of government funds.

In 1879 Mary Baker Eddy and 15 of her students voted to "organize a church designed to commemorate the word and works of our Master (Christ Jesus), which should reinstate primitive Christianity and its lost element of healing."

Since that time, more than 3200 branch churches have been established in 54 countries. Christian Science organizations at colleges and universities have grown to more than 500.

With the demands of the church's international activities, plans were made

**CHRISTIAN SCIENCE CENTER** — The Christian Science Center complex in Boston, headquarters for the Church of Christ, Scientist, is nearing full completion after five years of new construction. At left is the 26-story administration building. Upper left is The Mother Church with its domed extension. Total cost of the construction is \$70 million.

during the early 1960s to expand the church headquarters for the nearly 2000 employees who were located in 10 different locations in the Back Bay neighborhood in Boston.

I. M. Pei and Partners was commissioned as the architectural firm, and Carl B. Rechner, a Kansas City realtor and developer, came to Boston to serve as development consultant.

More than 12,000 Christian Scientists who attended the recent annual meeting in

Boston earlier this week viewed the nearly completed Center for the first time. Two of the new buildings, the 26-story church administration building and the five-story church colonnade building, were occupied early in May.

In 1971 the Sunday School and general conference building was opened. Up to 1000 people for church meetings and 500 pupils and staff on Sunday can be accommodated.

Central in the plan for the site is the original edifice of The Mother Church, built in 1894. The large domed extension was added in 1906.

The Christian Science Publishing Society Building, which serves as headquarters for the denomination's daily newspaper, The Christian Science Monitor, as well as the church's religious periodicals was completed in 1933.

Other features of the Center are the 700-foot long reflecting pool, a fountain, a 550-car underground garage and an

area with trees, benches and flower beds.

Construction began recently on the portico of The Mother Church, which marks the final phase of building on the new Center. The new entrance to the church extension, expected to be completed early in 1975, will face a landscaped area bordered by the Sunday School building and the Publishing Society.

WASHINGTON (AP) — The Nixon administration says 23 major oil companies have agreed to participate in its voluntary petroleum allocation system.

But Rep. Joseph P. Addabbo, D-N.Y., says he understood only one major supplier has agreed to comply with the voluntary guide lines designed to meet the energy crisis.

"Trade newspapers and our information has it that Gulf

agreed to abide by the regulations as set forth by the Treasury Department," Addabbo said Wednesday.

"Other companies have instituted their own allocation programs, which are not the guidelines set by the Treasury," he said.

The voluntary program would allow the Office of Oil and Gas to divert up to 10 per cent of the oil from regular suppliers if a shortage occurs among a certain category of users.

The Senate on Tuesday passed and sent to the House a mandatory allocation program that is opposed by the administration.

Addabbo commented following a hearing by the House subcommittee on special problems of small businessmen.

Duke R. Ligon, director of the Interior Department's Office of Oil and Gas, and other administration officials appeared at the hearing to testify about fuel shortages.

Ligon said later in an interview that Addabbo was in error when he said only Gulf was participating in the program.

"That is very inaccurate," Ligon said. "We've dealt with the top 23 companies and others as well and no one indicated they were unwilling to comply with the program."

All 23 have indicated compliance without exception Ligon said. "Shell, Texaco, Contin-

tal—you can go right down the line."

"During the hearing Addabbo produced a letter from the head of an independent oil company saying that the big BP Oil Corp. viewed the voluntary program as 'somewhat humorous.'"

The letter was written by

George Spiegel, president of M. Spiegel and Sons Oil Corp., in Lynbrook, N.Y.

Spiegel said in his letter to Addabbo that he had asked BP "to consider the voluntary allocation program ... in relation to their present and continued sales of gasoline to us."

## Officials Ban Gas Stations

NORFOLK, Va. (AP) — City officials say they think it peculiar that major oil companies are talking about critical fuel shortages while requests for permits to build gasoline stations are being submitted.

So the city is considering banning construction of stations in this port city of 300,000.

Councilman R. Stanley Hurst said: "I think we can do it ... I don't see how they can object to a moratorium."

He said his proposal could reveal if there is a gasoline shortage.

"There is no shortage if they continue to open new outlets," he said. "If there is not enough gas to go around, why are they installing pumps?"

## Alaska Pipeline Bills Introduced

WASHINGTON (AP) — New legislation to require Congress to select a route for a pipeline to deliver Alaska oil to U.S. markets was introduced Thursday.

Three congressmen cosponsored the bill on their return from a trip to Canada, where they discussed the possibilities of a trans-Canada pipeline as an alternative to a trans-Alaska project. They are Reps. Morris K. Udall, D-Ariz., John A. Blatnik, D-Minn., and John B. Anderson, R-Ill.

The bill calls for a decision by Congress on a route for the pipeline.

Its provisions — A six month crash study of the two alternatives by the comptroller general, who would report to Congress by Jan. 1 on the route he deems superior.

—The Secretary of Interior and other appropriate federal officials would immediately begin talks with Canadian officials on the availability of rights-of-way and report to Congress by Dec. 1.

—Congress would vote on the comptroller general's recommendations within 60 days after the submission of his report.

—The Secretary of Interior would immediately issue necessary permits for the pipeline approved by Congress.

—There would be no judicial review of the decision by Congress.

The bill is one of more than a dozen before Congress. The three congressmen called a

news conference to explain their measure.

Udall, chairman of a House Interior subcommittee considering the pipeline bills, said talks in Ottawa last week "clearly show that the American people deserve to know more about the Canadian possibilities than the administration is telling them."

Anderson, House Republican Conference chairman, said "the case for a trans-Canada line is more strongly buttressed than ever before."

The trans-Alaska project, backed by the Nixon Administration, is held up by a court decision that declared that a proposed Interior Department right-of-way is too wide under a 1920 mineral leasing law.

Jonathan Dayton, at the age of 28, was the youngest signer of the U.S. Constitution. Dayton, Ohio, is named for him.

### WORLD ALMANAC FACTS

From 1965 to 1970 the number of cigarette smokers in the adult population (17 years or older) declined from 41.6 per cent to 36.7 per cent. The World Almanac says. The drop was particularly sharp among men—from 51 per cent to 43.2 per cent in 1970. The number of women smokers declined from 33.2 per cent to 30.9 per cent of the adult female population.

Bernard Baruch, adviser to presidents and a financier, was known as the "park bench philosopher."
