

PAUL L. BEISENHERZ ... always something new

Paul's Love Is Camping

By JIM DEAN Pampa News Managing Editor

Probe Asked On Red Party 'Donation'

MILWAUKEE, Wis., Feb. 7-UP - Sen. Joseph R. McCarthy Monday demanded "more information" on his charge that a Democratic senator received a \$300 campaign contribution from a Communist official.

The added information, he said, might be gained by calling the senator before a senatorial committee to testify under oath.

McCarthy made the charge in a weekend visit to Milwaukee. He refused to name the senator, saying he ought to have a chance to defend himself.

Mentioned Only Once Although the Wisconsin Republican first made the accusation when he arrived Saturday night, he did not mention it in a speech before a business group Sunday night.

Nor did he refer to an added charge that three congressmen he believes to be Democrats received \$100 each from the same Communist official.

Instead, he gave guarded praise to the Eisenhower administration, but warned "I never intend to be a rubber stamp."

It was the first time McCarthy has found kind words to say for the Republican administration in many months.

McCarthy did not identify the Communist official who made the alleged campaign contributions. However, he said he was a West Coast party figure and a known Red.

McCarthy said the information about the senator was dug up by Charles Tracy, within the past few weeks.

Tracy was fired from his job with the Senate investigating subcommittee because of the disclosures, McCarthy charged.

Reds Flee From 7th Fleet; Tachen Withdrawal Starts

Evacuation May Take Two Weeks

By EARNEST HOBERECHT

TAIPEI, Formosa, Feb. 7.—UP— Communist ships and planes which dominated the Tachen area for weeks fled Monday before ships and planes of the U. S. Seventh Fleet and the Nationalist navy evacuating the Nationalist garrison to Formosa.

No shots were reported fired. Some unofficial cease-fire seemed to be in operation in the early hours of the pullback in which the first three shiploads of Nationalist troops arrived in the northern port of Keelun under U. S. protection.

Military sources reported the operation was running smoothly and that it was expected to be finished this week. All early reports said the area was quiet but observers emphasized the danger was not over and that the danger of war will last throughout the operation.

Entire Corps Moved The entire commando corps of the Tachens under Cmdr. Yang Yuan-Chung was taken off Tachen before dawn and brought to the northern port of Keelun aboard one warship and two LSTs (landing ship, tanks).

First reports said "all was quiet" and that the Communists were lying low. But Peiping radio angrily accused the United States of criminal infringement on China's sovereignty and warned that U. S. participation in the evacuation could start a "major war."

London dispatches said either Britain or India was believed to have received a prior assurance from Peiping that the evacuation action would be unopposed since any shooting could start a war between the United States and Communist China.

No Red Planes Sighted Taipei press reports said there were no Communist planes in the air although the sky was filled with jets from the six mighty carriers of the 7th U. S. task force. They said Red ships which had massed less than 10 miles away were no longer in sight.

The United States threw 45,000 sailors and fleet aviators into the operation that would carry the distance of the Communist shore. They were under orders to shoot back if they were fired on.

Another 3,000 Americans manned F-84 Sabrejet stations on Formosa to defend it against any Communist bombing attack from the mainland.

The Nationalist air force also flew over the area that only last week was the undisputed hunting grounds of MIG-15s.

Troops Being Redeployed Nationalist military sources said their troops were being redeployed to Quemoy and Matsu island although the U. S. forces were committed only to help bring them to Formosa.

The military sources said the Nationalists were giving up Yushan Island, 32 miles north of the Tachens, Pihsan, 32 miles south, and Nanchi, 80 miles south. The move would lop 110 miles off Chiang Kai-Shek's Formosa defense line.

Military sources said the Nationalists were destroying everything of possible use on the islands 200 miles north of Formosa, including civilian housing. Demolition squads were sent ashore to carry out the work.

Experts To Decide Use Of A-Bomb WASHINGTON, Feb. 7-UP It will be up to "experts" to decide whether this nation will use atomic weapons if it became involved in a shooting war.

That is the opinion of the chairman of the Senate House Atomic committee. But Sen. Clinton P. Anderson (D-N.M.) said, "we have fantastically fine weapons."

Anderson in a television interview (NBC's "Meet the Press") said there would be a "psychological danger if we just pitch in and say we are going to blow everybody off the map." This is "not an approach this country is likely to take," he said.

Deep Oil Well In Near Pampa

Pampa and vicinity today were excited over the discovery of deep Ellenberger oil production on a Phillips Petroleum Co. wildcat located 16 miles northeast of Pampa in the Anadarko Basin.

The well is the Phillips No. 1-A Troy, staked out in Section 88, Block M-2, H&GN Survey in Gray County. It is 1,980 feet from the north and west lines of the section.

Citizens had not been talking oil and its possible meaning to the Top o' Texas area since almost six months ago when the No. 1 Delp — another Phillips well — came in, flowing 80 barrels of oil in 75 minutes. The Troy is three-quarters of a mile southeast of the Delp.

It was a 140-minute drillstem test Sunday, between 11,200 feet and 11,370 feet, that brought gas to the surface in 50 minutes with the oil flow in 70 minutes.

The Troy flowed 30 barrels of 44-gravity oil the first 30 minutes, then 60 barrels that last hour of the test. No water was reported and the gas volume was estimated at 5.2 million cubic feet.

The only other previous deep Ellenberger for the Panhandle area was the Humble Oil and Refining Company No. 1 Jackson, located in Section 111, Block 45, H&TC Survey, in Hansford County. There was a small amount of gas, but not enough for commercial use.

The new Phillips well topped the Ellenberger at 10,998 feet, but has missed the granite wash production of the Delp. The Delp was completed at 9,558-9,569 feet for 257 barrels of oil.

The new discovery is five miles southeast of the Phillips No. 1 Jackson in Section 208, Block M-2, B&F Survey, which showed gas at 8,228-8,286 feet but was plugged and abandoned after fire broke out on the rig. The Phillips No. 1-A Talley is two miles west of the new well, located in section 118.

Block M-2, B&F Survey. It is in the Ellenberger and is drilling below 11,700 feet — but with no shows. The Shamrock Oil and Gas Corp. No. 1 Byron is located five miles northwest of the new well, but was abandoned last week.

The well is the Phillips No. 1-A Troy, staked out in Section 88, Block M-2, H&GN Survey in Gray County. It is 1,980 feet from the north and west lines of the section.

Citizens had not been talking oil and its possible meaning to the Top o' Texas area since almost six months ago when the No. 1 Delp — another Phillips well — came in, flowing 80 barrels of oil in 75 minutes. The Troy is three-quarters of a mile southeast of the Delp.

It was a 140-minute drillstem test Sunday, between 11,200 feet and 11,370 feet, that brought gas to the surface in 50 minutes with the oil flow in 70 minutes.

Boy Friend Quizzed In NY Slaying

NEW YORK, Feb. 7.—UP— Police questioned Monday a boy friend of Anne Yarrow, a New York University co-ed whose raped, stabbed and mutilated body was found in the bedroom of a Greenwich Village apartment.

Miss Yarrow's nearly nude body was sprawled across a mattress on the floor of the sparsely furnished apartment.

She had been stabbed 40 times and mutilated from her neck to her ankles. Only her face was not disfigured.

Chief medical examiner Dr. Milton Helpern said she also had been raped.

Helpern said the 23-year-old honor graduate of a Quaker college in North Carolina died as the result of "homicidal sexual assault." An autopsy will be performed Monday to determine whether exact cause of death was "strangulation, multiple stab wounds or mutilation."

Rain-Soaked Dixie Gets Flood Threat

By UNITED PRESS Flood warnings were issued for parts of Alabama and Georgia Monday as cold rains pounded much of the Deep South.

The southland was soaked by rains that measured nine inches deep at Pensacola, Fla., Sunday and sent floodwaters pouring into the city's streets and low-lying areas.

Many southern rivers swirled dangerously towards flood stage Monday as the rains continued.

Elsewhere in the nation, heavy snow warnings were issued for Vermont, New Hampshire and Maine and the mercury plummeted to 14 below zero at Grantsburg, Wis.

The rains which swept Dixie Thursday posed a threat of tornadoes in Alabama and Georgia for a while and took the form of severe thunderstorms in Louisiana, Mississippi and Alabama.

Four inches of rain in just 45 minutes hit New Orleans with 61-mile-per-hour winds which tore off roofs, downed trees and shattered plate glass windows.

Temperatures were chilly in the Midwest, but strong southerly winds which hit gusts of 65 miles-per-hour warmed up the northern Rockies.

Ex-Premier Pinay Tries France Again

PARIS, Feb. 7.—UP— Antoine Pinay, a small town businessman who served as premier for eight months and 15 days and didn't like it, said Monday he hoped to form France's 21st postwar government by Thursday.

Pinay, 63, agreed Sunday night to accept President Rene Coty's mandate. But when the national assembly voted him out of office two days before Christmas, 1952, he said, "I won't go back before that lion's den again."

Pinay began his drive for a new cabinet with a touch of the same brusqueness that won Pierre Mendes-France the nickname of "Mr. France" before he was toppled from the premiership Saturday. But it was considered almost certain the national assembly would reject Pinay's first bid for office so it could see who else would be offered the job.

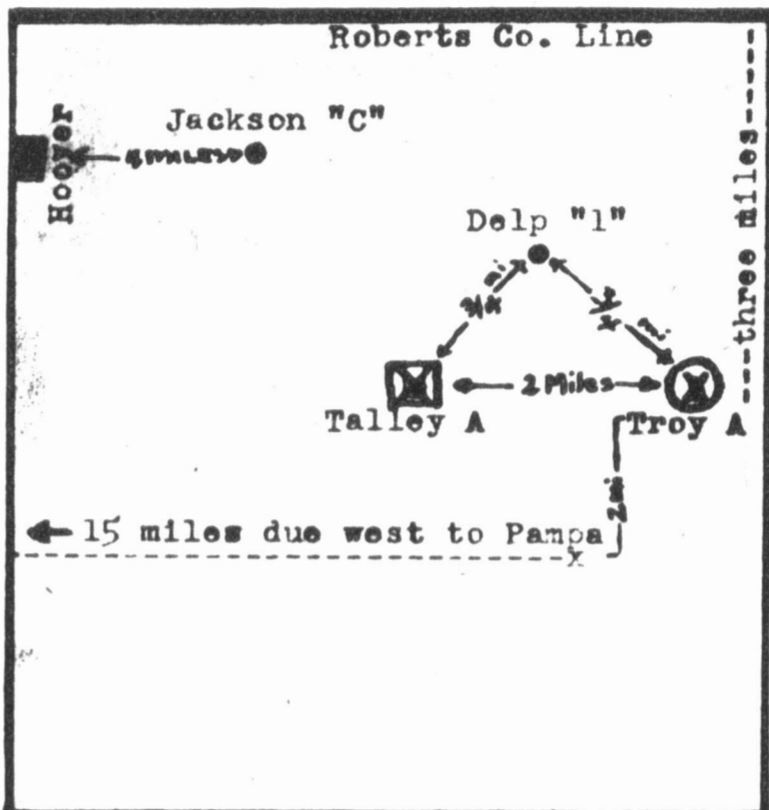

Pinay, a businessman who married the boss' daughter and became owner of a tannery, held the job of premier in another period of crisis. He tried for political stability then but his plan to "save the franc" tumbled before the divided assembly.

Of the nation's 20 postwar premiers—Pinay was No. 17 — only Mendes-France outran him in popularity.

Amarillo Labor Petition Denied

WASHINGTON, Feb. 7.—UP— The National Labor Relations Board Monday dismissed a petition by the International Union of Operating Engineers, AFL, Local 351, asking to represent Amarillo, Tex., employees of the Pioneer Natural Gas Company.

The board found that the unit sought in Amarillo was inappropriate as it did not correspond to any administrative division or department of the Texas corporation.

WHERE THE TROY IS — The new Phillips well is located 16 miles east and two miles north of Pampa. It is two miles east of the Phillips Talley and three-quarters of a mile southeast of the Phillips Delp. The Phillips Jackson "C" is six miles west and 2 1-2 miles north of the new well.

GLOBE-TROTTING FAMILY VISITS RELATIVES HERE; JAPAN NEXT

An American family with an international flavor visited in Pampa over the week end, and they are soon to journey to Japan where the father is to be stationed with the U.S. Army.

Mrs. Harry Davidson and her six children were guests of Mr. and Mrs. G. R. Davidson and Mrs. J. T. Davidson at Frontier Courts.

The children are Harry Jr. 6, who was born in St. Louis, Mo.; four year old twins, Tom and Dick, born in Salzburg, Austria; two-year-old twins, Annette and Harriet, born in Munich, Germany and Dennis, 8 months, born in Colorado Springs, Colo.

Today they are driving to Medina, Ohio to visit Mrs. Davidson's grandmother, and from there they will accompany Captain Harry Davidson to Japan for his next military assignment.

JayCees Wind Up Convention Here

The 183 registered delegates to the first Texas Junior Chamber of Commerce bi-regional convention ever held in Pampa adjourned Sunday afternoon after electing new regional vice presidents, selecting a site for the next convention, listening to a short speech by the state president and hearing reports on various club projects during 1954.

Advertising paid off for those running for office, but it did not stop communities seeking the site of the summer tri-regional convention.

Bob Polson of Childress and Gene Pearson of Lamesa were picked unanimously as the new vice presidents representing Regions Two and Three, respectively. They were the only men nominated.

Jack Allen of Perryton, Region One vice president, will continue to serve, as there was no one nominated to succeed him. His successor will be selected by the JayCees convention April 28-30 in San Antonio.

Planview will be the site of the summer tri-regional, in spirited voting, the result appeared to be Childress 31, Plainview 30 and Lubbock 4. But, before the vote was officially announced by Allen, who was running the convention, Lubbock (3 votes) and Morton (1 vote) switched to Plainview, making the final tote Plainview 24, Childress 31.

Ike To Give Plan On School Pinch

WASHINGTON, Feb. 7.—UP— President Eisenhower will unveil the administration's program for easing the nation's critical classroom shortage in a special education message this week, informed sources said Monday.

These sources said the education message, originally scheduled to be delivered to congress about Feb. 15, has been whipped into shape early, apparently to head off a drive by Senate Democrats to enact a plan of their own.

There were indications the Supreme Court's school segregation decision and the question of aid to parochial schools will figure prominently in consideration of school aid legislation.

The plan is understood to involve some grants of federal aid and a new long-range program to help communities shoulder the expense of school constructions.

A new program of federal guar-

Solon Believes Red Cease Fire Offer Possible

WASHINGTON, Feb. 7.—UP— Sen. Walter F. George said Monday Red China may come up with a counter proposal for a cease-fire in Formosa.

"I still think it is possible," he said, "that Red China may come up with a proposition, possibly through India, for a panel of nations to explore the possibility of a Formosan cease fire."

The Georgia Democrat, chairman of the Senate Foreign Relations committee, told newsmen he thought the Chinese Communists "hurt themselves," particularly with the British commonwealth nations, by the curtness of their refusal to take part in United Nations cease fire talks.

As a result, he said, he does not rule out the possibility of an eventual Communist counter proposal to relieve tension in the Far East where the United States has laid down a peace-or-war challenge to Red China.

George also told newsmen he believes the Senate will approve with out any difficulty the mutual defense treaty with Formosa when it finally comes to a vote. But he said efforts may be made to write reservations into it.

Six Hurt In House Blast

COLONIE, N. Y., Feb. 7.—UP— A house with six persons in it exploded Sunday, leaving nothing of the house but a rubble of brick and some floorboards in a tree-top 30 feet away.

None of the six was killed, but they were rushed to Albany hospital and police said they were burned brown "as if they were cooked some."

The family — Mr. and Mrs. Thomas Armstrong and their children Sally, Peggy, Jeffrey, and Keven were listed as fair Sunday night.

The explosion at 1:30 p. m. could be heard for miles around and completely demolished the house. Only a tricycle in front and a handful of household goods could be recovered.

Chuckle Corner

By HAL COCHRAN An Illinois girl was arrested for stealing \$100 worth of frozen foods from a deep-freeze locker. Now she's in the cooler herself.

You'll have to give winter credit — it does a wonderful job of acting as press agent for the coming summer.

A Florida man got a beautiful shiner when hit with a golf ball. That's not the correct way to keep your eyes on the ball.

WEATHER WEST TEXAS — Partly cloudy Monday, generally fair Monday night and Tuesday. Warmer Tuesday. Lowest Monday night 18 to 25 Panhandle and South Plains and 120 to 28 elsewhere.

June Talk

By JANE KADING

Pampa News Women's Editor

THERE ARE HABITS, or habits we should have that we don't, that we consider not too important...

"February has been designated before lunch, and a large majority of those injured had inadequate breakfasts...

"Breakfast is the first nourishment the body has received after a 12-14 hour fast. Even though the body has been rather inactive during that time, statistics show that about 800 calories have been used up during that time."

"An adequate breakfast need not be large, but it should be well-balanced. Nutritionists tell us breakfast should contain from 1/2 to 1-3 the daily intake of calories, and that the protein should be from some of the top quality foods such as milk, eggs and lean meat."

"Those people who are 'just not hungry' might try eating more lunch and less supper, to help improve their appetites by breakfast time. They might try eating less rich desserts during the day too. Another thing they might do to help improve the appetite is to get up earlier and exercise some before breakfast. And finally they could eat light breakfasts at first and gradually increase the amount."

"According to statistics, as a result of experimental work, those who eat good breakfasts are better able to do their work. This is the month when attention is being drawn to the breakfast eating habits of American people. How are your breakfast eating habits?"

"Blending foods, rather than adhering to one group such as lean meats, furnish a variety of food nutrients and thus help keep the chemistry of the body normal. Should the chemistry of the body get upset, it can cause serious damage."

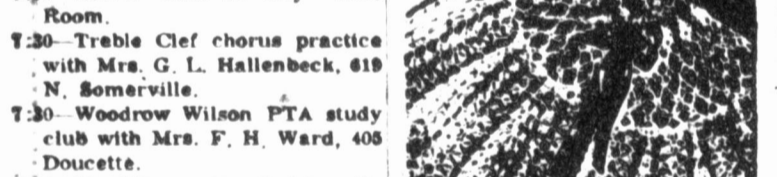

"According to the United States Department of Agriculture, listless mood, inability to concentrate, or just plain fatigue, are some of the symptoms among breakfast skippers. Industrial surveys disclose, that the greatest number of accidents occur in the last hour."

SOCIAL CALENDAR

- MONDAY
7:30 Julia Lupar Circle, First Baptist, with Mrs. Glenn Day, 605 Lowry.
7:30 Business Women's Circle, Central Baptist, in church, Fellowship Hall.
8:00 Beta Sigma Phi, Upsilon chapter, in City Club Room.
TUESDAY
1:00 Twentieth Century Culture Club luncheon with Mrs. Bill Hoakew, 1120 N. Somerville.

Ladies Of Central Baptist Church Give Program On Cuba

A royal service, "El Camino (The Road) in Cuba," was presented at the recent meeting of the Women's Missionary Union, Central Baptist Church.

Those on the program and their topics were Mrs. V. C. Moore, "Cuba, a Subtropical Island"; Mrs. C. D. Walters, "The Radio Church in the Field"; Mrs. J. O. Durham, "The Encampment of Yumuri"; Mrs. Sam Battista, "Havana"; Mrs. J. F. Phillips, "The Seminary"; Mrs. M. O. Burns, "Miramar, a Suburb"; Mrs. Charley Thomas, "The University of Havana"; Mrs. Gerald Bealy, "Where Do the Roads Lead?"; Mrs. E. L. Nelson, "Cuba, Important Center in the Americas."

Closing prayer was led by Mrs. Nolan Cole. Following the meeting, a luncheon was held in recreation hall. The tables were covered with white cloths and decorated with red valentines. The centerpiece was an arrangement of white flowers and red velvet valentines.

Those present were Meses. M. O. Burns, Charlie Thomas, David Muldrew, Fred Williams, R. C. Brown, V. C. Moore, E. L. Nelson, Mitchell Phillips, Sam Battista, A. P. Holligan, R. E. Warren, Jr., J. F. Phillips, Kenneth Gray, F. C. Young, J. C. Flowers, C. G. Miller, R. E. Warren Sr., Dewey Lunford, J. O. Durham, Nolan Cole, J. F. Webb, Bill Lewis, G. C. Stark, Harvey Rochelle, Leon Brown, Harold McCleery, Phillip Payne, Gerald Bealy, R. E. Leonard, Noah Jones, Vern Pendergrass, Cecil Corjil, J. B. Hillman, Ralph Brock, C. D. Walters, Ray Shelton, Frank Scott, C. F. Coats, H. G. Lawrence and James Baird.

Refreshments of pie and homemade ice cream were served. Those attending were Messrs. and Meses. Arlie Ackerman, Buster Hazle, Chester Williams, Charles McGrady, Carl Moot, all of Skellytown; and Mr. and Mrs. A. L. Stovall of Panhandle.

will be presented by W. F. Walsh. A business meeting will follow. All members are urged to attend.

Skelly GS Leaders. Plan Birthday Dinner

SKELLYTOWN - (Special) - A committee meeting for leaders and committee women of the Girl Scouts and Brownie scouts met recently in the "Little Scout House," with Mrs. Calvin Duncan in charge.

Mrs. Fred Wall was elected secretary-treasurer, and Mrs. Fred Powell was chosen song leader. A program "Girl Scout International Friendship" was given by Mrs. Wall.

It was decided to have open house for the Scouts in the Little House Mar. 11, during Girl Scout week. Mrs. Duncan reminded the leaders to work on the "Juliette Low" fund, to be collected in March.

Meeting time for the troops has been changed to Tuesday afternoons from 4 until 5:30. Next meeting will be Mar. 1. Mrs. R. E. McAllister and Mrs. W. L. Aubert will present a program on Juliette Low, the founder of Girl Scouts.

Attending were Meses. R. C. Heaton, Willis Aubert, J. M. Grange, R. E. McAllister, Calvin Duncan, Fred Wall, Clay Dykes, Don St. Clair, R. E. Bradford, S. W. Paul, Roy McKinick, Walton Barnett, Howard Moore and S. R. Kinton.

Cotton knits are just as fashionable for cold weather as they are for summer. Outer garments launder smoother if you lay them flat and smooth them out while they're drying.

No successor to Vice President Allen was elected. In the background, Rocky Ford, Midland, looks after the departing delegates. (News Photo)

JAYCEES

(Continued from Page One)

ster where a devotional, presided over by Rev. Porter Brooks, preceded it. Saturday was "Fun Day" for the conventioners and their wives with a hospitality hour, buffet dinner and dance on the schedule.

Among those at or near the head table for the Sunday noon dinner were Mayor and Mrs. Tom Rose, Ed Myatt, Pampa Chamber of Commerce vice president; Sheriff and Mrs. Rufe Jordan, Texas JayCee President and National JayCee Director and Mrs. Rufus Rush, Regional Veep and Mrs. Odell Heathington, State JayCee Vice President Cliff Davis, Pampa JayCee Prexy and Mrs. J. C. Hopkins; and Bob Parkinson, general convention chairman.

Hopkins welcomed the sleepy-eyed JayCee delegates at 12:18 p.m. and Elmo Jones, Littlefield, state religious activities chairman, gave the invocation. Coy Palmer played the organ during dinner.

The Pampa Junior High School Chorus, directed by Jim Austin, sang three numbers after dinner. Various political announcements for state JayCee presidential candidates, for the state convention site in 1956 - preceded a talk by Ford.

"It takes courage to undertake the new, it takes faith to invent and action to get anything done," Ford said. "Faith in God gives meaning and purpose to belief in God," he said, quoting the JayCee Creed.

"We have taken God into the building of our organization," the president continued, adding meaningfully. "The Communists realize that tomorrow's leadership depends on the wishes of men, 25-35."

"We have tried and are spreading the American way of life throughout the world," he declared. And the way to do it, he said, is to "prepare young men for leadership in our communities."

"It's true, he added, "we may lack the wisdom of age, or, at least, we lack the false pride that can masquerade as wisdom. We must help our communities and, through that process, help ourselves."

The convention adjourned at 1:30 p.m. for 30 minutes while each region caucused. When the delegates reconvened, there were reports from the local club presidents, Bill Laak of Dumas and Buddy Cordell of Childress probably had the longest list of projects to report. There were many items in the club projects during the year, including:

The purchase of a five-acre farm and the growing of cotton, sponsoring Scout units, hillbilly shows, semi-pro and Little League baseball, cotton - picking contest, Rio Grande flood aid, wrecked car display, street paving, sponsoring Boys in Ranks, anti-comic book campaign, new school building, brotherhood luncheon, no money in parking meters for a shopping day, cab service for others, Follies Show, Easter egg hunt, beauty contest, window-painting contest, new city park, wash-and-grease day, housing project, passage of bonds, broom sale, and the re-organization of a JayCee-Ettes Club.

This was the last bi-regional convention that will be held. From now on, it will be a tri-regional convention, because the two regions have been split up into three.

Region One will include clubs in Amarillo, Borger, Dalhart, Dumas, Hereford, Pampa and Perryton. In Region Two will be Childress, Clarendon, Earth, Floydada, Littlefield, Memphis, Muleshoe, Plainview and Tulsa, and Region Three will contain Brownfield, Crosbyton, Denver City, Lamesa, Levelland, Lubbock, Morton, Post, Ralls and Tahoka.

While he was at the convention, Ford commented on the hospitality and service of the Pampa Shrine Club at the Sportsman's Club during the Saturday night festivities and said he approved of the JayCeers working with charitable organizations like that.

Parkinson said today he had heard one state official say it was the "finest bi-regional" he had attended in the last 12 years.

The ivory-billed woodpecker is said to be the rarest bird in North America.

Livestock Market

The following is a report from the Fort Worth Livestock market, giving prices paid in the early business conducted today.

FORT WORTH, Feb. 7-UP-USDA-Livestock:

Cattle 2,600. Active, strong; some sales higher than late last week; good and choice beef steers, 21-25; utility and commercial, 13-20; beef cows, 11-13; canners and cutters, 8-11; some shelly cows down to 7; bulls, 10-11; few head over 14; medium and good stockers and feeders, 14-20; about three loads good and choice 708 lbs., 21.50; few loads thin cows, 9-10 on stocker account.

Calves 800. Strong, spots higher; good and choice killers, 16-19; few choice 19.50-20; utility and commercial, 11-15; culls mostly 9-10; stockers in small supply; few medium and good steer calves, 14-21.

Hogs 500. Butchers fully 50c higher; three strong to 50c higher; choice 190-240 lbs., largely 18.25, choice 240-300 lbs., 17.25-18; few 465 lbs., 15.50, sows, 13.50-16.

Sheep 2,800. Slaughter lambs mostly steady; some lightweight clippers higher; other killing classes absent; few feeder lambs steady; but good woolled feeders absent; choice woolled to club lambs, 21; good and choice shorn slaughter lambs, 18.50-20; latter price for fall shorn lambs; few utility shorn slaughter lambs, 15-17; feeder lambs, 16-18.50; latter price for medium woolled feeders.

ASC To Hear Cotton Appeals

Four cotton allotment appeals will be considered by the Gray County Agricultural Stabilization and Conservation committee at their meeting this afternoon in the ASC office in the courthouse, according to Miss Evelyn Mason, office manager.

The appeals are from allotments made Dec. 3, when county cotton allowances fell from 5,278 acres in 1954 to 3,536 acres for the present year.

Miss Mason said the wheat acreage measurement in the county is expected to begin early next week, but will not get into full swing before the first of March.

Ralph Thomas, county agent, and ex-officio member of the ASC committee, will meet with the following members: A. V. Greene, Pampa, chairman; E. G. Nelson, Pampa, and Clyde J. Magee, McLean.

Mainly About People

Mr. and Mrs. Eugene Coffee of Tucson, Ariz., are visiting Mr. Coffee's father, H. C. Coffee, 310 N. Ward.

Gray County 4-H Council meets in the county agents office in the courthouse, Tuesday at 4 p.m., according to Assistant County Agent Jerry Mobly.

E. O. Wedgworth, manager of the Pampa Chamber of Commerce, returned to his desk in the city hall after attending the Texas Association of Fairs and Expositions in Dallas.

Cutting horse committee of the Top of Texas Rodeo Association meets at 7:30 tonight in the Chamber of Commerce office in the city hall.

The Rodeo events committee for the 1955 Top of Texas Rodeo meets at 7:30 Tuesday night in the chamber of commerce offices in the city hall, according to John O. Pitts, chairman.

Traffic Safety Committee of the Pampa Citizens Safety Council meets at 7:30 p.m. Thursday in the chamber of commerce offices in the City Hall, according to Gene Fatheree, chairman.

The Pampa City Commission meets at 9 a.m. Tuesday to pass a resolution of thanks to the trustees of the Fannie Lovett Estate for their gift of the Lovett Memorial Library to the city.

Mrs. Nellie Hubbard, 68, former Pampa resident died Saturday in Mena, Ark., friends here learned today. Mrs. Hubbard moved to Arkansas two years ago after living in Pampa several years with her daughter, Mrs. Anita Jacobs at 111 N. West. Funeral rites were held at 3 p.m. today.

Don Bolt, Indiana-born newspaperman who has covered Central American revolutions, will speak tonight to the Top of Texas Kaife and Fork Club, following dinner at 7:30 in the Pampa High School cafeteria.

Pampa's National Guard unit meets at 7:30 tonight, at the armory, 208 W. Browning.

Pampa Finishes Citizen Studies

Mrs. Helen Brister of Belgium, one of the four Pampa Lions Club Americanization class members who have completed studies for citizenship, Tuesday morning will go to Amarillo to file her petition for citizenship.

Homer Craig, course instructor, today said Mrs. Brister was the only one definitely scheduled, though Mrs. Martin Lantau of Germany was supposed to file her petition sometime this week. Preliminary investigations have not been completed and Mrs. Pat Bissell of Canada and Mrs. Eva Maria Cash of Germany.

All four of the class members, eventually, will take their oaths for American citizenship in Amarillo federal court, Craig said.

Albert Weyrick Dies In Groom

Albert Weyrick, 49-year-old gas company employe from Skellytown, died at 2:40 a.m. this morning in the Groom Hospital. Services are pending at Duenkel-Carmichael Funeral Home.

An employe of the Northern Natural Gas Co., for the past eight years, he moved to Skellytown 10 years ago from Altus, Okla. Weyrick was a native of Duke, Okla. Survivors include his wife, Elsie, of the home; a stepson, H. M. McClelland, Skellytown; two brothers, Charlie and Dan, both of Duke; two sisters, Mrs. Nellie Putman, Vernon, and Mrs. Mary Harber, Bakersfield, Calif., and two grand-children.

New Water Well Pumps Near Pampa

Wells of all sorts loomed large in the Pampa area today, in addition to the Phillips oil well 16 miles northeast of the city. An irrigation well on the Arnold Doss farm, 13 miles south of Pampa, was paid off, producing an estimated 725 gallons per minute, according to County Agent Ralph Thomas.

The well is being pumped at 550 gallons per minute at present but, Thomas said, it is expected to produce closer to 800 by the time of completion. The well is expected to irrigate a quarter section; estimated depth 250 feet. The depth at which the water line was hit was not known.

"With the success of this well, quite a few others are expected to be drilled in the area," Thomas said. Fred Vanderberg, 10 miles south of the city being drilled on his farm Saturday.

The irrigation well picture was not entirely bright in Gray County. On the Keith Davis place, nine miles south of the city only 30 feet of water sand was found after drilling completion, Saturday. Thomas said it was not sufficient for irrigation purposes.

A young walrus will eat about 100 pounds of fish each day.

Texas has 254 counties of which 191 are producing oil and gas.

Rites Held For Linda Fanning

Services were this afternoon in the Duenkel-Carmichael Chapel for Linda Kay Fanning, six-year-old daughter of Mr. and Mrs. Kenneth Fanning, 724 E. Campbell, who died Saturday after suffering an injury while playing in a Pampa park.

Officiating at the services was Rev. Bill Sparks, pastor of the Immanuel Temple. Burial was in Baby Garden, Fairview Cemetery.

Linda Kay suffered a brain concussion early Saturday evening in Lions Club Park when she either fell from a swing or a park slide. She died at Highland General Hospital about 7:30 p.m., 45 minutes after her admission.

Full bearers were Eddie Reed, Allen Harmon, Mark McAllister, and Kelly Brown.

Rhode Island contains no counties.

Young Dems Ask Tax Or Resources

AUSTIN, Feb. 7-UP-Leaders of Texas Young Democrats called for higher natural resource taxes to finance state government Sunday instead of the legislative tax program recommended by Gov. Allan Shivers.

The group's executive committee also urged that investigations into the veterans land program be broadened and that a resolution introduced last week by Sen. Kilmer Corbin of Lubbock be brought to a Senate vote immediately.

Corbin, who backed Shivers' opponent last summer, Austin attorney Ralph Yarborough, said the scope of investigations should be extended to alleged "personal business deals" he charged were made from the governor's office by Maurice Acers, an executive aide to Shivers.

Shivers' tax program called for boosts in the state's gasoline and cigarette taxes. The executive committee denounced this program.

The Young Democratic organization represents the "loyalist" wing of young Democrats which won national recognition last year over pro-Shivers "conservatives."

On Corbin's resolution, the young Democrats called for a vote so "the general public may be informed of the actual operations of the veterans land board and the transactions involved, including Hidalgo county."

Plans Made For Spelling Bee

B. R. Nuckols, county schools superintendent, and Jack Edmondson, Pampa High School principal, conferred today and made final plans for the annual Gray County Spelling Bee.

The county spell-down will be held at 10 a.m. Thursday in Room 104 of the Pampa High School, Nuckols said.

Miss Evelyn Milam, high school girls counselor, will pronounce the words and Mrs. Perry Gaut, high school registrar, will act as judge with Nuckols, spelling bee sponsor.

Only entries from Alnared and Holy Souls School in Pampa were still lacking today, Nuckols said. Grandview was not expected to enter anyone in the bee.

Two Dallas Tots Die In Fire

DALLAS, Feb. 7 -UP- Two small children were burned to death Sunday when fire swept through the bathroom of their home.

The victims were Cathy Rene Clark, nine-months-old, and her brother, Lane Keith Clark, 2. They were the children of Mr. and Mrs. Kenneth Clark.

The little girl died before reaching a hospital and the boy died about three hours after he was admitted.

Mrs. Clark told authorities the children were playing in the bathroom when one of them knocked over a jug filled with gasoline. The fumes spread to a lighted heater which set the gasoline afire, bathing the children in the blaze.

Nixon Arrives In Havana

HAVANA, Cuba, Feb. 7-UP-Vice President Richard M. Nixon arrived here Sunday on the first stop of a month-long 7,500-mile goodwill tour of the Caribbean and Central America.

His Air Force Constellation landed with one of its engines dead. The engine trouble developed 150 miles northeast of Jacksonville, Fla., while the plane was three hours away from here but Nixon decided not to make a forced landing at Miami.

The vice president consulted with the pilot, Maj. George Martin of Baytown, Tex., and decided to continue on to Havana rather than delay his arrival. He landed at the Camp Columbia military airport at 2:59 p.m., more than an hour behind schedule on the flight from Washington.

Martin said a fuel pump failed in the outer starboard engine but he considered it safe to continue the flight since the plane was at no time farther than 20 minutes away from an airfield.

The vice president and his wife, Patricia, were greeted with a 19-gun salute and full military honors upon their arrival. Cuban Vice President-elect Rafael Guesalaca and American Ambassador Arthur Gardner led the welcoming party.

Nixon will remain in Havana until Wednesday, staying at the ambassador's residence.

He will then continue on to Mexico, Guatemala, Honduras, El Salvador, Nicaragua, Costa Rica, Panama, Puerto Rico, the Virgin Islands, the Dominican Republic and Haiti.

CAMPER

(Continued from page one)

Council, Beisenherz is most proud of the development of Camp Kio-wah which was once 45 acres of swampland.

This area, northwest of Canadian, has been turned into an ideal campsite with dining lodge and a 40-acre lake complete with swimming pier.

The Beisenherz family is almost completely a scouting family, but the youngest son, Jon (Ben) Beisenherz, who is just five, is only waiting for enough years to roll by.

Two other sons and Mrs. Beisenherz are active in the work. Paul Clark, the eldest, is a senior patrol leader in Troop 20; Bobby is a Cub in Pack 80 and Mrs. Beisenherz is a Den Mother in Pack 80.

In Rotary Club

While scouting consumes much of his time, Beisenherz has time for other civic work. He is a past president of the Pampa Rotary Club and he teaches a Sunday School class of eighth graders at the First Methodist Church.

On the development of the Boy Scout movement, Beisenherz points to its growth from the year 1923 when he was a second class scout to its present size as proof of its worth to the country.

There were only 445,000 boys in scouting in 1923, and today as the Boy Scouts of America celebrate their 45th birthday, there are more than 2,000,000 in the program!

People 60 to 80 Can Apply for Life Insurance

Kansas City, Mo — Even though you may be past 60, let us tell you how you can still apply for an extra \$1,000 worth of life insurance to help take care of final expenses and other emergencies.

You can handle the entire transaction by mail with OLD AMERICAN of KANSAS CITY. No obligation. No one will call on you!

Write today for free information. Simply mail postcard or letter (giving age) to Old American Ins. Co., 3 W. 9th, Dept. L242B, Kansas City 5, Mo.

WESTERN STAR -- Wade Wolfe, 6-6 center for the Lubbock Westerners, will lead his teammates into tomorrow night's tussle with the Hustlin' Harvesters at Harvester Fieldhouse. Wolfe has a 20-point average for the season for the Westerner five. (Lubbock Avalanche-Journal Photo)

It's Showdown Week In Northern 1-AAAA

Harvesters Host Lubbock Tuesday

This is showdown week in the Northern District 1-AAAA basketball race. Three of the four teams in the division are still in the thick of the pennant chase. The Harvesters and Amarillo Sandies will go into the final week of the regular season all tied up for the top spot, each holding three wins against a lone setback. Berger, the third team still in the running, is one game back with a 1-3 mark. The season will wind up this week with four games, all of which will figure heavily in the final outcome of the race. The Harvesters will host Lubbock at Harvester Fieldhouse tomorrow night while Amarillo invades Berger. Should Amarillo and the Harvesters emerge victorious tomorrow night, then the title will be settled outright Friday night when the Harvesters go to Amarillo to battle the Sandies in the final game of the season. Several things could happen this week that would juggle the final standings. There's a chance of a three-way tie for the title. And there's a three-way chance of the race ending in a two-way deadlock. Pampa and Amarillo, Berger and Amarillo or Pampa and Berger could wind up in two-way deadlocks. In event of a two-way tie, a coin flip would be tossed to determine the site of the playoff game providing the two coaches can't agree on a site. However, if the race ends in a three-way tie, then the playoffs would be held Saturday at Canyon. The three teams would draw for a first round bye in this case with the other two teams meeting Saturday afternoon. The team drawing a bye would meet the winner of the Saturday afternoon game for the championship. Amarillo or Pampa could win the title outright by winning both of their games this week. The best Berger can do now is tie for the crown. The Bulldogs, after hosting Amarillo tomorrow night, will end the season Friday night at Lubbock. The only way Berger can get back into the running is to beat both Amarillo and Lubbock and for Pampa to lose at least one of its two games this week. Winner of the Northern 1-AAAA chase will meet San Angelo, the Southern Division champion, in a three-game playoff next week for the overall District 1-AAAA flag. San Angelo clinched the Southern crown Friday night with a 48-45 win over Odessa. The Bobcats thus racked up their fifth straight win against no setbacks in the Southern Division race. Following is the District 1-AAAA calendar:

Littler Wins Phoenix Open

PHOENIX, Feb. 7-UP—Young Gene Littler, who ignores galleries with the calculation and deliberation of a Hogan or Mangrum, was the marked man of golf's winter trail Monday following his victory in the \$18,000 Phoenix Open. The touring professionals move on to Tucson for the next major tournament starting Thursday. Littler, leading money winner for 1958, won a narrow one-stroke triumph over Johnny Palmer, Charlotte, N.C., and Billy Maxwell, Odessa, Tex. Littler finished with a 72-hole score of 278, five under par for the Arizona Country Club course. Palmer and Jay Hebert, Woodmere, N.Y., both with several years' experience in professional golf, had entered the final round of play tied with Littler at 206. But the Los Angeles Open champ came on to sink a crucial two-foot putt on the 18th hole before a gallery of 8,000 that provided him with top tournament money. Littler, like other pros Sunday, was troubled by the gusty winds and ingenious placement of pins made the course particularly tricky. He was two over par coming into the final hole. But he dropped the ball on the green with a perfect second shot that traveled more than 300 yards. He had an opportunity to sink a 17-foot eagle, but played it safe and settled for the deciding birdie.

CONFUSED -- And well he might be. Coach Sam Christy of the White Deer Bucks has trouble identifying two of his cagers, the Eller twins, Ray and Roy, identical twins, will be in the starting lineup tomorrow night when the Bucks meet Panhandle in a District 1-A Northern Division playoff. (News Photo)

Frogs Could Clinch Title This Week

United Press Sports Writer Texas Christian's Dick O'Neal-sparked Horned Frogs could all but sew up the Southwest Conference basketball bunting this week if they can maintain their jinx over arch-rival Southern Methodism. Coach Buster Brannon's high-flying Frogs, boasting a 6-1 league record and a full game and a half edge over SMU, play the Mustangs in their own corral Wednesday night for their only game of the week. If they could win that one, it would give them a 7-1 record and a 4-3 mark with only four games left to go against Texas, Rice, Baylor and Arkansas in that order. An even break in the remaining four games would clinch a title for the Frogs. The other rivals might fare from there on in. Arkansas, Baylor and Rice each has three losses to its credit, and hold on grimly to outside chances for at least a piece of the flag. Frogs Beat SMU Five The Frogs hold two earlier victories over SMU this season—76 to 71 and 77 to 78—and have a remarkable winning record against SMU in recent years. The teams with little hopes remaining all play two games this week and must win 'em all to keep their hopes aglimmer. SMU could climb into a share of the lead by beating TCU and then knocking off Baylor, too, at Waco on Saturday night. But Coach Don Hayes' Mustangs had shown a tendency to grow "cold" in their crucial games. Arkansas plays Baylor at Waco Monday night to open the week's schedule and helps close it on Saturday night at Fayetteville against Rice. Rice plays Texas at Houston Tuesday night and Texas and the Texas Aggies meet at College Station Saturday night. The Aggies have a non-conference game with Oklahoma City Thursday night. Regs Upset Mustangs Arkansas knocked SMU out of a share of the lead last week by upsetting the Mustangs 85 to 74, while TCU was whipping the Aggies handily 82 to 62 and ousting Baylor 77 to 75 on a final-second lay-up by Dick O'Neal. Texas snatched a 16-game losing streak last week by upsetting Arkansas 78 to 74 for its first leap victory. O'Neal, who scored 28 and 29 points in his two outings last week, will be trying to push over closer to the conference scoring records of 605 and 260 points set by Rice's Gene Schweigler last year. O'Neal now has 526 points over the full season and 216 in league play.

WD, Panhandle Site Of Playoff Games

Two playoff games in District 1-A are on tap tomorrow night. In the Boys Division, the White Deer Bucks will journey to Panhandle to battle the Panhandle Panthers while in the Girls Division, Canadian and Gruver will meet on a neutral court in White Deer. In both cases, the teams will be playing for the No. 2 spot in the Northern 1-A Division. White Deer and Panhandle wound up with 3-3 records in the Boys Division to share the runner-up spot while the same held true for the Canadian and Gruver girls. District 1-A was split into two divisions this year, Northern and Southern halves. The first and second place teams in each division are to meet in a tournament at White Deer this week and determine the District 1-A champions. White Deer will host the 1-A Tournament for both boys and girls starting Thursday and extending through Saturday. The Southern Division has already named its four representatives in the 1-A tournament. McLean and Clarendon, who finished 1-2 in the Rebel loop, will represent the boys while McLean and Memphis, 1-2 respectively, are the girls representatives. Gruver boys and Panhandle girls have already landed a berth in the 1-A tournament with the Northern Division. Winner of the White Deer-Panhandle and the Canadian-Gruver playoff games tomorrow night will round out the 1-A tournament field. Waldon Trice and Steve Gergini will officiate the White Deer-Panhandle boys game which will start at 8:30. The game will be preceded by an exhibition girls game between the two schools. The Canadian - Gruver playoff game tomorrow at White Deer will start at 7 p.m.

Techs Closing In On Buffs In BC Race

Texas Tech's revenge-minded Red Raiders make their big pitch to recapture the Border Conference basketball lead and at the same time spoil pace-setting West Texas State's hopes this week. Coach Polk Robinson's Raiders, who bowed to West Texas at Canyon 87 to 78 two weeks ago, catch the high-flying Buffs at Lubbock this Saturday night and hope to duplicate their last year's performance when they unraveled West Texas' chances under similar circumstances. But, before they play West Texas, the Raiders must dispose of Arizona at Lubbock Monday night to keep their chances bright. West Texas has a 1-1 record and Tech stands at 4-1 after each posted two victories last week. The Buffs walloped Tempe State 97 to 72 and Arizona 82 to 66, while Tech bested Hardin-Simmons 73 to 69 then went on a rampage to bounce Tempe 107 to 81. Arizona, with a 2-3 record, will have to get by Tech Monday night, Hardin-Simmons at Abilene Tuesday night and New Mexico A&M at Tucson Saturday night to entertain any hopes of keeping within in range of the lead. In other games this week, Hardin-Simmons hosts Tempe Monday night, then journeys to Tulsa Saturday night and Texas Western plays at Tempe Saturday night. In three non-conference games last week, Border teams made a clean sweep with Arizona knocking off Bradley 88 to 77, Tech beating Texas Tech 74 to 74 and Hardin-Simmons defeating North Texas 84 to 58.

Grid Slates Set For Amarillo 11s

AMARILLO, Feb. 7 (Special) — Ten game football schedules for the 1958 Amarillo high schools, the Sandies and Palo Duro, have been released. Each of the two schools will play five home games and five away. The 1958 season will be the first for Palo Duro. Joe Kerbel is the Sandie coach while John Reddell is the Palo Duro mentor. Both were recently appointed. Following are the 1958 schedules of the two teams: AMARILLO HIGH SCHOOL Coach Joe Kerbel Sept. 18 (night) — Capitol Hill of Oklahoma City at Amarillo. Sept. 23 (night) — Paschal of Fort Worth at Amarillo. Sept. 30 (night) — Wichita Falls at Wichita Falls. Oct. 7 (night) — Pampa at Pampa. Oct. 14 (night) — Midland at Amarillo. Oct. 21 (night) — Odessa at Amarillo. Oct. 28 (night) — Abilene at Abilene. Nov. 5 — Open date. Nov. 11 (night) — San Angelo at San Angelo. Nov. 19 (day) — Borger at Amarillo. Nov. 24 (Thanksgiving day) — Lubbock at Amarillo. PALO DURO HIGH SCHOOL Coach John Reddell Sept. 17 (night) — Dumas at Amarillo. Sept. 23 (night) — Enid, Okla., at Enid. Sept. 30 (night) — Big Spring at Amarillo. Oct. 7 (night) — Levelland at Levelland. Oct. 14 (night) — Lamesa at Lamesa. Oct. 22 (night) — Monterey of Lubbock at Lubbock. Oct. 28 (night) — Vernon at Amarillo. Nov. 4 (night) — Snyder at Amarillo. Nov. 11 (night) — Plainview at Plainview. Nov. 18 (night) — Sweetwater at Amarillo. Advance in Tennis Match MANILA, Feb. 7-UP—Lennal Gerbelin and Sven Davidson, Swedish Davis Cup stars, advanced to the quarterfinals of the men's doubles in the Philippine National Open tennis championships Monday night with British stars Roger Becker and John Barrett. Copo Skating Crown WILMINGTON, N.Y., Feb. 7-UP—Emmett Gogun of Pittsfield, Mass., won the New York state speed skating championship Sunday by scoring a total of 100 points, Eleanor King of Glen Falls, N.Y., won the senior women's championship with 70 points.

Tag Team Champs In Feature Match

Bob Geigel of Iowa and Boris Kameronoff of Connecticut, the newly crowned tag team wrestling champions of the Southwest States junior heavyweight territory, will demonstrate "how we got the title" in Monday night's main event at the Top of Texas Sportsman's Club in Pampa. The two strong, rough-acting athletes go against a twosome of equal toughness, "Mad Man" Dee Gallagher of Bayonne, N. J., and George Ovarubala, strong man from Amarillo. Ovarubala, formerly a peaceful-life wrestler, has been doing the rough act recently and should be a fitting partner for Dee Gallagher. Until recently, they were bitter enemies, but they seem to have forgotten their personal troubles and have gone in together for tag team honors. The match, for two best falls of three or one hour, is not for the title. Gallagher and Kameronoff won it a week ago in the finals of a four-week tournament at Abilene, defeating the famous James Brothchampionship round. Geigel previously had shared the championship with brutal Eric Pederson of Oregon, but Pederson suffered a severe arm injury and had to quit wrestling for several months, thus leaving the title open. Geigel still holds the individual crown.

Title Contenders Meet In 8 College Loops This Week

By JOHN GREFFIN United Press Sports Writer You can call this "showdown week" in college basketball, because it features meetings between the leading title contenders in no less than eight major conferences. With only about a full month of play left in the regular season, this week's action could go a long way toward deciding the races in the Ivy, Big Seven, Southern, Pacific Coast, Rocky Mountain, Southwest, Border, and Skyline Leagues. What's more, the leaders in every other major loop are facing games that jeopardize their hold on first place. This important schedule follows close to the form shed, with the surprise few and far between. Kentucky, the nation's No. 1 team, walloped Mississippi, 81-68, and San Francisco, the team that could succeed to the No. 1 mantle this week, crushed St. Mary's (Calif.), 69-48, to set the pace. Other notable triumphs were scored by such high-ranked teams as Utah, LaSalle, Duquesne, North Carolina State, UCLA, Illinois and Niagara—this last in one of the weekend's most thrilling games, a 72-68 decision over Holy Cross, last year's National Invitation Tournament champion, that was marred by two fist-swinging fights. But, without a pause for breath, the top teams plunge back into action Monday night—when first place in four major conferences will be at stake—and keep firing all week. Showdowns between the top contenders are due in these conferences: Big Seven—Colorado (6-0) risks undisputed possession of the lead Monday night against Nebraska, then collides with second-place Missouri (5-1), the title favorite, on Saturday. Rocky Mountain — Pacemaker Idaho State (7-0) and second-place Colorado Western (5-1) meet in a two-game series Monday night and Tuesday. Southwest — Texas Christian (4-1) and Southern Methodist (4-2) clash Wednesday on SMU's court. Border — West Texas State (7-1) and Texas Tech (4-1) meet on Saturday, after Tech faces Arizona Monday night. Skyline—Utah (7-0) and Brigham Young (4-2) play a two-game, home-and-home series Friday and Saturday. Here's the situation in other major conferences: Big Ten — Minnesota, co-leader at 5-3, bids for a slight lead Monday night against Ohio State and then meets Illinois Saturday. Iowa, also 5-3, plays only Indiana Saturday. Illinois, 4-3, is watching for an opening and meets Michigan Monday night before Minnesota Saturday. Missouri Valley — Tulsa risks 4-1 mark twice, against Detroit Monday night and Hardin-Simmons Saturday. St. Louis, 2-1, plays only one league game, against Detroit Saturday. Southeastern — Two games each this week for four tightly-packed contenders — Alabama (4-1), Tennessee (4-1), Kentucky (6-2), and Vanderbilt (5-2), with Monday night's Alabama-Vanderbilt meeting the highlight.

Max Surkont Signs Pittsburgh Contract

PITTSBURGH, Feb. 7-UP—Veteran Max Surkont, who registered one-third of his 1954 pitching victories against the Brooklyn Dodgers, said Monday he has signed a contract with the Pittsburgh Pirates for the best deal I ever got in baseball. The right-hander, who is the 26th player to come to terms with the Pirates, told Branch Rickey Jr. he has been playing hockey all winter and is only four pounds over his usual playing weight of 216 pounds. A veteran of the Boston Braves and Milwaukee, the 29-year-old Surkont turned in a 9-16 record last year with a 4.1 era. He is a resident of Pawtucket, R. I., where he is active in Boy Scout work. The Pirates also signed infielder George Frazier who batted .376 with New Orleans in the Class AA Southern Association last season.

Navy, Ole Miss. To Get \$160,000

NEW ORLEANS, Feb. 5-UP—Navy and Mississippi received a record \$160,000 each for playing in the Sugar Bowl football classic last Jan. 1, it was announced Saturday. Evaris J. Grodzard, president of the New Orleans Mid-Winter Sports Association, sponsors of the classic, said the payoff to Navy and Mississippi was the highest in Sugar Bowl history. The previous record payment was \$144,000, given to Georgia Tech and West Virginia for playing in the 1954 game. In addition to what each team received, the Sugar Bowl contributed \$28,750 to the National Foundation for Infantile Paralysis from its television and radio receipts.

Pampa News Sports Editor

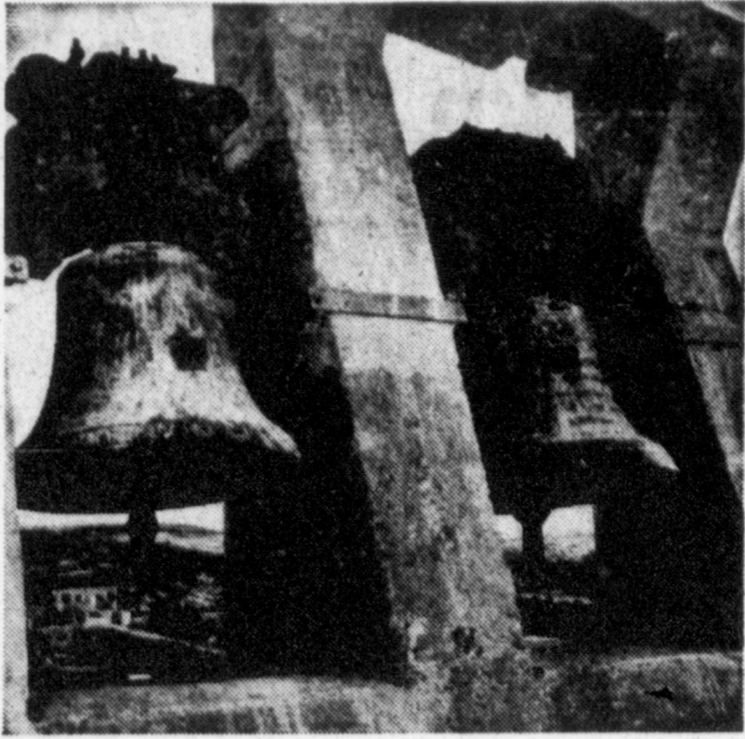

LUBBOCK HAS ONE OF THE

outstanding basketball teams in Texas schoolboy circles but the Westerners are still searching for their first District 1-AAAA victory this season. Tomorrow night, these Westerners will come to town. All of the pressure that has heretofore been on the Westerners since conference play began will be off tomorrow night at Harvester Fieldhouse. In other words, the "danger" signal has been hung out on the Harvester Fieldhouse door. The Westerners could possibly beat any team in the state on any given night. They've lost two toughies in the 1-A chase, the latter a 61-60 defeat at the hands of Amarillo last Friday night. The Sandies had to come from behind in the last three seconds for the victory. Two weeks earlier, the Harvesters came from behind in the last four seconds to down the Westerners at Lubbock, 52-51. Those two defeats account for one-half of the four Lubbock losses in 1-A play. So you can see the Westerners have something on the ball, and with the pressure off tomorrow night, they're apt to be doubly tough for the Green and Golders to handle. We've heard a lot of folks say "the Westerners will win a conference game before the season ends." Well, this is the last week of the Northern 1-A race and the Westerners have just two more chances to crash the win column in top action. After meeting the Harvesters tomorrow, the Hub City quint chess grandmaster Berger at Lubbock Friday. The road is getting short for the Westerners in their bid for at least one 1-A victory this season. We hope it is shortened to one game after tomorrow's clash with the Green and Golders. There were only 400 tickets of the original 2400 left for tomorrow's Harvesters-Westerner classic when the school business office opened this morning. These ducks are not apt to last long so if you intend to take in the game, the last regularly scheduled home game for the Harvesters this season, you'd better get down to the school office the first thing tomorrow morning (if there's any left then). ON THE BASEBALL FRONT, the clubs in the West Texas-New Mexico League are all lagging. Amarillo, a city of 100,000, could sell only an estimated 800 books Saturday despite numerous plugs on both TV stations, all radio stations and the newspaper during an all-out one-day drive. The goal set was 5,000 books. The drive here, at last report, wasn't going so good either. But if Amarillo is going to have trouble reaching its goal, then it gets one to wondering whether we'll make it here, what with only one-fifth as much population to draw from as Amarillo. Amarillo, like Pampa, is offering its baseball fans the season ducats at a mere \$20 per book. If these season ticket sales don't go over, then the baseball situation in the West Texas-New Mexico League looks dark. Down at Abilene, a city of 40,000 plus \$6,000 more in the immediate area, only 600 or so books have been sold and its drive has been underway since December. And Abilene is selling the season tickets at \$30 per. Well, even though the picture looks dark for the WTNM next season, you fans here still don't have anything to lose by picking up your season tickets to the Otter games. As has been said before, if the ticket drives fail, then all monies will be returned to the ticket purchasers. This deal also holds true in the other cities where they're offering the season books at \$30 per. Party Only Remaining American PARIS, Feb. 5-UP—Hugh Stewart of Pasadena, Calif., was eliminated Friday by Nicola Pietrangeli of Italy 2-4, 6-4, 12-10, leaving Budge Patty of Los Angeles as the only United States competitor remaining in the French International Covered-Courts Tennis championships. Boat Is Scheduled NEW YORK, Feb. 5-UP—Big Bob Baker of Pittsburgh, fourth-ranked heavyweight contender, and Willie James of Roxbury, Mass., were matched Friday for a 10-round bout at the Baltimore Coliseum next Wednesday night. The bout is a replacement for the originally scheduled Joey Giardello-Al Andrews fight.

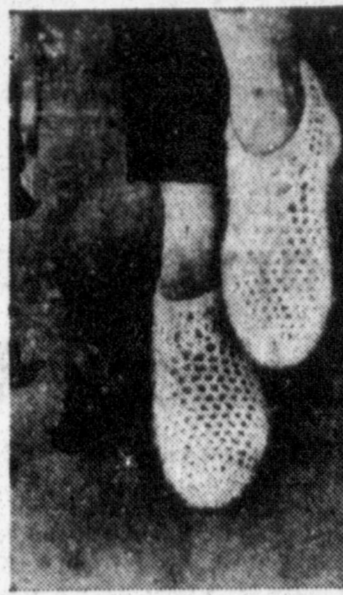

PICTURE NEWS AROUND THE WORLD

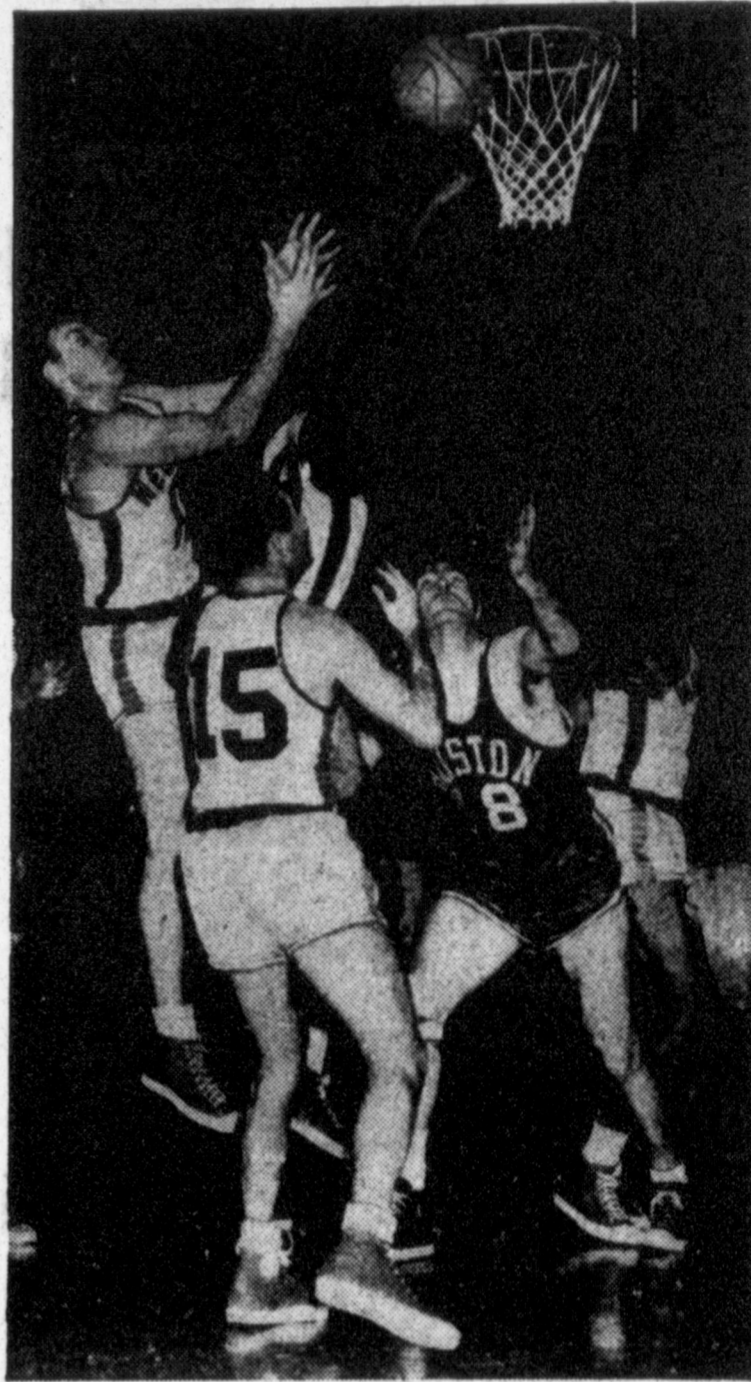

BRAND NEW—The destroyer Zulia is shown at dockside in La Guaira, Venezuela, where she was dedicated in a step to keep that country's waters free from Communist aggression. Built in England at a cost of \$15,000,000, the 2800-ton ship carries 300 officers and men and has a top speed of 30 knots. She also carries six five-inch guns and 16 40-mm. anti-aircraft guns.

SYMBOL OF FAITH—The bells of the Church of the Annunciation rang out as usual on Christmas as thousands came to Nazareth to worship at the shrine whose foundations date back to the 12th Century. This year, as in the past, all prayers were for peace on earth and good will toward men.

FLUFFY FIRESIDERS—Soft and white as a cloud are these indoor boots made of hand-crocheted elasticized French angora. Pressed foam sole and heel lifts make them completely washable and ideal for home wear or travel for the busy gal who keeps on the go.

LEAP YEAR—Boston's Bob Brannum (18) is the one Celtic amid four of the Knickerbockers included in a scramble at Madison Square Garden. New Yorkers in the play are: Harry Gallatin, left, Ray Felix, center, Dick McGuire (15), and Nat Clifton, right. New York won, 93-81.

WHAT NEXT?—A bathing beauty in the cold weather of Paris? She's Veronique Zuber, "Miss Paris 1954," and the cold doesn't bother her because she's standing under the new nine-foot-high outdoors heaters along Rue Tronchet in the French capital. The units warm the air for pedestrians.

DIAPER DUET—Diaper wearers never had it so good. This corduroy twosome features a top with Peter Pan collar and puffed sleeves. Side pleats allow for easy fit over the matching corduroy pants that are gripper-fastened and plastic-lined for safety, comfort and looks.

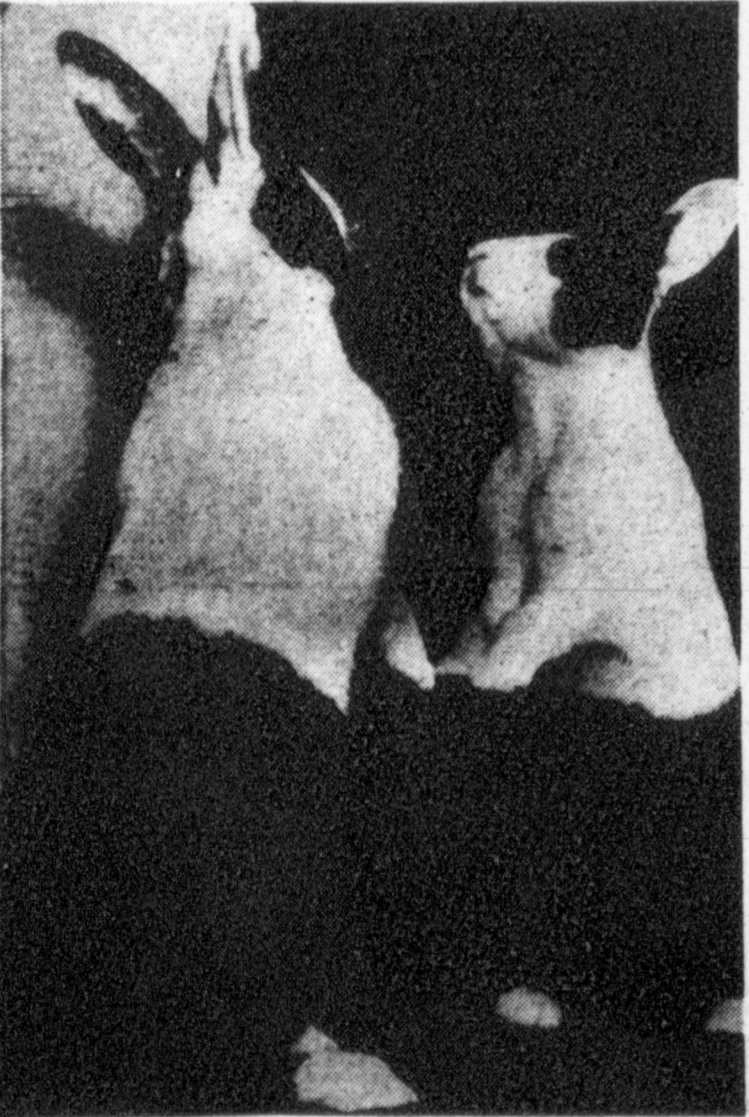

OUT OF UNIFORM—Although it isn't GI regulation, the uniform of this day is a kimono, and table manners those of the Orient for members of the crew of the USS George Clymer. They attended a party aboard ship at Yokosuka, Japan, where the galley provided Far East chow.

MUSIC IN THE AIR—High above New York City on the observation floor of the Empire State Building, conductor Gerhard Track, left, leads the Vienna Boys Choir in a rehearsal. The 22 boys, aged 9-14, are in the U.S. for their annual coast-to-coast tour.

WELCOME SIGHT—Rita Moreno, a shapely Latin bombshell from south of the border, is decorating a stretch of the seashore along Laguna Beach, Calif. Rita's coming up fast in Hollywood films, and her name should become much better known to movie fans during the next year.

THE ONCE-OVER—It may look like two snobbish rabbits in Epsom, Surrey, England, but actually there's only one rabbit here. The stylishly two-tone pet is up against it—a mirror, that is—and looks extremely puzzled at the apparition staring back at him. He probably hasn't yet discovered that that cold, furry animal acting so unfriendly is really himself.

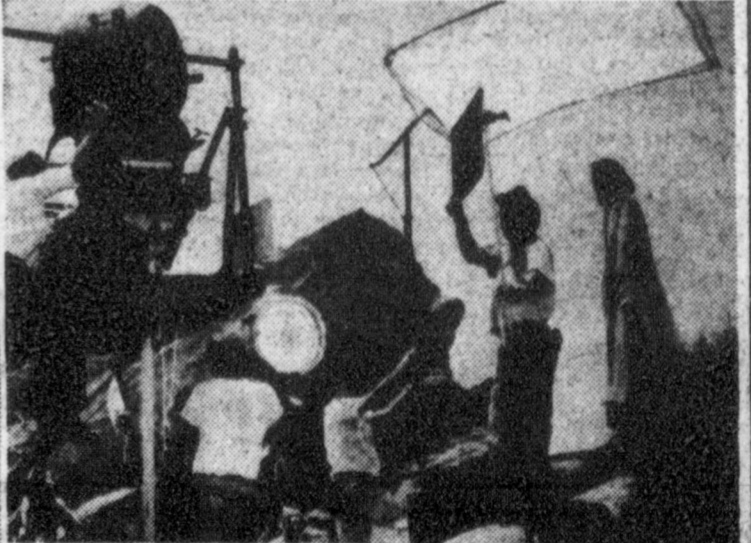

TASTY TARGET—An old Mexican and Italian game was lots of fun for kiddies at a school in Leavenworth, Kans., when they played "pinata." Little Mary Lpoise Bammer was showered with goodies tumbling from the sack strung overhead when she punctured it with a stick. It's quite a feat for blindfolded contestants, and the others are eager to try their luck.

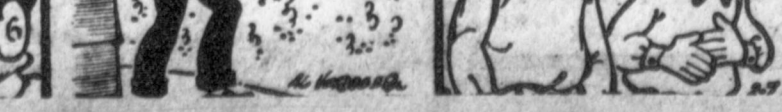

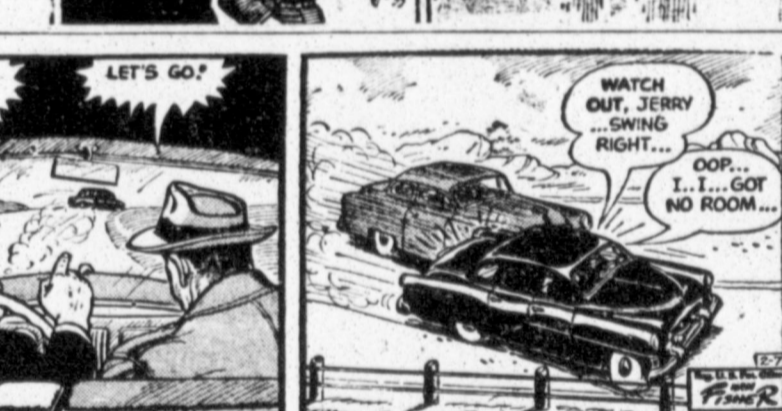

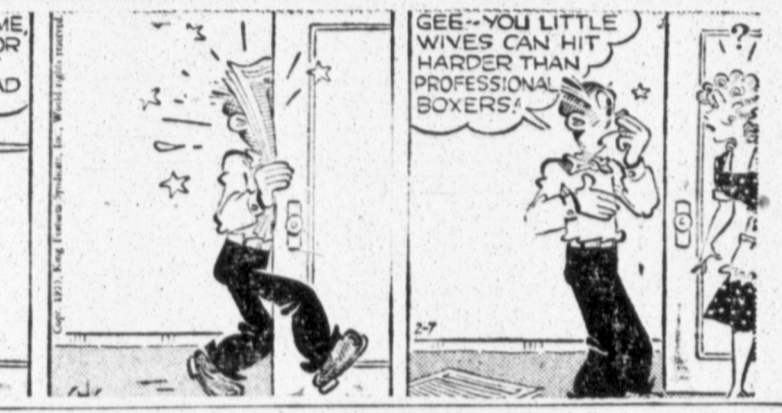

THE LIFE OF CHRIST

FILM VERSION—Makeup man Larry Butterworth is working on actor Robert Wilson in Hollywood as the latter prepares for a scene in "Day of Triumph," in which he portrays Jesus Christ. Butterworth patterned the makeup job after artist J. Jambor's famous portrait of the Savior, also shown. At top right, technicians are readying lights for a scene. Below is the filmed re-enactment of "The Last Supper," where Christ addresses the faithful disciples after Judas has slipped out on his evil errand. The new picture is Hollywood's first full-scale story of Christ since before talking pictures, and should be well received.

icians are readying lights for a scene. Below is the filmed re-enactment of "The Last Supper," where Christ addresses the faithful disciples after Judas has slipped out on his evil errand. Wayland Choir Director Sang With Westminster

William E. Steward, who directs the Wayland College International A Cappella Choir, which will sing here at 7:30 o'clock, Saturday, at First Baptist Church, went to Wayland College last fall as chairman of the division of fine arts and conductor of the choir from the famous Westminster Choir College of Princeton, N. J.

Steward, a tenor, was for three years a member of the world famous Westminster Choir, which has visited many sections of the country, under the direction of Dr. John Finley Williamson, its founder. In addition, he studied for two years with Julius Hereford, music counselor for another famous choral group, the Robert Shaw Chorale, and professor of music at Union Theological Seminary.

In appearances with Westminster Choir, he has sung in concerts with the New York Philharmonic Orchestra under the direction of Bruno Walter and Dimitri Mitropoulos. In other concerts he has been under the direction of Leopold Stokowski and Guido Cantelli.

Steward, who is a native of Nebraska, is a graduate of Wayne State Teachers College and has conducted choirs and choruses in Nebraska, Illinois and New Jersey. He also studied at Minneap-

NEW FORM 1040A LOOKS LIKE A PUNCH CARD

LAST PAGE OF FORM 1040 USED TO LOOK LIKE THIS NOW TABLES ARE GONE AND IT HAS NEW BLANKS TO FILL

U. S. INDIVIDUAL INCOME TAX RETURN 1954

Form 1040A (1954)

NEW FORMS — The forms for reporting your income are different this year as shown by these two examples.

Income Tax Primer

Changes Made In Forms, Rules

By RICHARD A. MULLEN
Written for NEA Service

At this time of the year, it's a safe bet that the confused look on your neighbor's face is due to a tussle with his income tax returns. No matter how simple a tax return is supposed to be, terms like "standard deduction," "Form W-2," and "adjusted gross income" are forever popping up to harass the average taxpayer.

The return you file this year will likely seem more complicated than ever because the forms have undergone some drastic changes from previous years.

For example, Form 1040-A, which you cannot use unless your income is less than \$5000, is now printed on a card about three inches high and seven inches wide. After the card is filled out, it can be run through a machine that automatically computes the tax and determines whether the taxpayer gets a bill or a refund.

The other tax return, Form 1040, has also undergone quite a change. In previous years, the last or fourth page of this return had the tax table printed on it. This year, the tax table has been moved into the instruction pamphlet in order to make room for the two new schedules.

These schedules are for taxpayers claiming the tax cuts on dividend and retirement income — breaks which were added by the huge tax law passed by Congress last summer.

Many of the changes made in the new tax law are designed to eliminate inequities or unfair treatment of certain taxpayers. Unfortunately, it was not always possible to make the changes in simple, uncomplicated language. As a result, many taxpayers are going to have difficulty filling out their tax returns for 1954.

To help you understand how to fill out your tax return this year, The Pampa Daily News is bringing you NEA's 14th annual Income Tax Primer.

Like the new tax law, NEA's Income Tax Primer has been completely rewritten. Unlike the new tax law, however, the Primer is written in the simple, easy-to-understand language that has made it so helpful to the average taxpayer in the past.

This year, special emphasis will be placed on the new changes so you will be able to take advantage of the tax breaks for which you qualify.

If you have to file a return, save each article of the Primer as it appears in this paper.

You might well ask at this point: "Do I have to file a return?" The answer used to be "yes" if you had taxable gross income of \$600 or more. This was true regardless of your age or citizenship.

The new law has made one important change in the rules on who must file a return: An individual who is 65 or over on Dec. 31, 1954, need not file a return unless he has gross income of \$1200 or more.

Those of you under 65 must still file if your gross income is \$600 or more. And any of you who are self-employed must file a return regardless of your age if your net earnings from self-employment are \$400 or more. This is required so your social security account will be credited properly.

Suppose you had some income in 1954 but not enough to require filing a return. If any tax was withheld from your income, you should, if unmarried, file a return to obtain a refund of the tax withheld. Many students who worked only part time in 1954 and earned less than \$600 fall into this category.

Next: How to decide what form to use.

GLANCING BACKWARD

ONE YEAR AGO TODAY
Pampa's Hustlin' Harvesters convincingly defeated the Odessa Broncos, 73 to 54 for their 40th straight basketball victory.

Miss Judy Nance, daughter of Mr. and Mrs. Carlton Nance, 1334 N. Russell, was chosen Lions Club "sweetheart" for February.

E. O. Wedgeworth, manager of the Pampa Chamber of Commerce, was elected president of the Texas Association of Fairs and Expositions.

FIVE YEARS AGO TODAY
Many first nighters at the Kiwanis-sponsored Top o' Texas Review were turned away from the school auditorium.

Seventy-nine farmers and ranchers were given assistance in 1949 by the Gray County Soil Conservation District in developing complete soil and moisture conservation plans, according to Quentin Williams, district soil conservationist.

TEN YEAR AGO TODAY
Pampa Harvester basketball team defeated the Borger Bulldogs 31 to 23 for their 20th consecutive victory. Earl Davis and Johnny Campbell tied for high scoring honors with 11 points each.

Over 200 Boy Scouts were scheduled to participate in Gray County's first annual Boy Scout Merit Badge Exposition.

ABLE DIRECTOR — William E. Steward, director of the Wayland College International A Cappella Choir, which will sing at 7:30 o'clock, Feb. 12, at First Baptist Church is chairman of the Division of Fine Arts at Wayland. He has directed choirs in Nebraska, Illinois and New Jersey and sung with such organizations as the New York Philharmonic Orchestra while at Westminster Choir College, before coming to Plainview.

Russians Have Set Off Four A-Bombs, French Paper Says

PARIS, Feb. 7 —UP—The Soviet Union set off four atomic explosions last autumn that have remained unannounced until now, a French government spokesman claimed Saturday.

A spokesman for Henri Longchambon, French secretary of state for scientific research, discussed the explosions in a copy-righted interview with the Paris newspaper France-Soir.

He said the blasts occurred between September and November. Including two explosions, on Aug. 22 and Aug. 26, the Russians set off a total of six nuclear devices over a four-month period, he said.

The Soviet news agency Tass was quoted in dispatches from Moscow last Sept. 17, as saying that an atomic weapon had just been exploded, including one hydrogen device. That brought to six the separate occasions on which the Soviets were known by the West to have set off nuclear explosions.

On Oct. 26, the U. S. Atomic Energy Commission disclosed in Washington that the Soviet Union had been conducting a series of nuclear tests since mid-September. The AEC did not give the number or type of the tests.

The first Soviet atomic explosion was disclosed on Sept. 23, 1949 by President Truman. It never was confirmed by Moscow. A second atomic explosion was reported Oct. 3, 1951, and was confirmed by the Soviet government a year later.

The White House announced on Oct. 22, 1951, that a third atomic explosion had been set off in the Soviet Union. The AEC reported that an atomic weapon had just been exploded, including one hydrogen device. That brought to six the separate occasions on which the Soviets were known by the West to have set off nuclear explosions.

Harriman Favored Choice Of Demos

WASHINGTON, Feb. 7 —UP—In what you might call the pre-writer book on next year's Democratic presidential candidates, the New York entry is more and more touted a favorite.

Gov. Averell Harriman of New York often is so regarded despite some of the blistering handicapping which is certain to hurt his pace. The word from Albany is that the first Democratic governor of the state following Thomas E. Dewey's long Republican reign is aware of his opportunity.

Harriman, likewise, is working to improve it. It was no mere chance that he named Tammany boss Carmine Desapio as his secretary of state. Desapio is maneuvering to do for Harriman next year what James A. Farley did in 1932 for Franklin D. Roosevelt. If he brings it off, Tammany Hall will rise to heights of glory, patronage and prosperity undreamed of up to now. The Hall had been doing badly, or worse, through all the years since boss Charles F. Murphy died in 1925 or thereabouts.

Cleaned Up Hall
Along came Desapio, at last, after long years of uninspired leadership, to clean up the hall considerably, buck young Franklin D. Roosevelt Jr. out of the 1954 gubernatorial nomination, and put Harriman up there in Albany where the young man had wanted to go. Desapio has a good presidential nominee prospect on his hands now, and he loves it.

Handicapping Harriman is a background of wealth, corporate connections, an ineffective platform presence and a lack of much experience in the rough and tumble of political campaigning. And there is another handicap. Harriman was the 1954 Democratic presidential choice of the young turks of the party, FDR Jr., his brother, James, the late ex-Sen. Blair Moody, Gov. G. Memmen (Soapy) Williams of Michigan, and others.

And it was they in Harriman's behalf who tried in the Democratic national convention that year to toss out of the hall the delegations of Virginia, Louisiana and South Carolina. They couldn't do it, but they tried, and there are southern Democrats who will never forgive

Government To Check On U.S. Smokers

WASHINGTON, Feb. 7 —UP—Government census takers will start knocking at the doors of 25,000 householders a week from Monday to find out how many smoke and how often.

It is understood that the results — providing the families answer the questions — will be used in connection with research into lung diseases, particularly lung cancer.

Dr. Robert W. Burgess, director of the Census Bureau, confirmed Saturday that the sample survey will be conducted, at the request of the U. S. Public Health Service,

as part of the regular monthly census survey of employment and unemployment.

The 25,000 householders are scattered over the nation in 250 sample survey areas representing every important type — in cities, suburbs, small towns, rural communities and farm areas.

A list of questions worked out by the health service and the Census Bureau are designed to lead to an estimate of how many Americans smoke, how many are heavy, moderate or light smokers, and how long they have been at it.

The survey also may yield other information such as what, if any, difference there is in the smoking habits of city dwellers and farm families. Whether the data collected will be adequate to make such detailed comparisons is doubtful, officials said.

Lubbock County Is Cotton Leader

DALLAS, Feb. 7 —UP—More cotton was ginned from the 1954 crop in Lubbock county than any other county in Texas, the Bureau of the Census said Saturday.

Up to Jan. 16, a total of 220,499 bales had been ginned from the 1954 crop in Lubbock county. That was equal to almost three-fourths of the output of the entire state of Oklahoma, which was 288,465 bales.

The previous year's figure for Lubbock county was 247,104.

Other large producing counties in Texas include Hale, 204,376; Hidalgo, 157,117; Floyd, 104,146; Nueces, 106,028.

can you qualify?

almost ANY DRIVER CAN QUALIFY FOR SOME KIND OF AUTO INSURANCE

But only careful drivers are wanted for STATE FARM INSURANCE

Reckless drivers are costly drivers! "Careful" drivers mean fewer accidents and lower claims costs! That is why State Farm aims to insure only "careful" drivers. For by keeping accidents costs down, they have been able to pay attractive dividends to policyholders year after year. Call your State Farm agent to see if you can qualify as a "careful" driver. There is no obligation.
