# German Unification Deadlock Unbroken

## Rains Continue In Flood Areas

By UNITED PRESS  
Rain continued falling Wednesday in West Texas, where downpours up to 10 and 13 inches in Dawson county caused flash flooding in lowlands around Lamesa, driving 25 families from their homes.

Most of the families were returning Wednesday after the waters receded. Despite the inconvenience and damages from temporary flooding, most residents of arid, dry West Texas — in the middle of a drought for years — wore big smiles.

The benefits far outweighed the damages. Everyone "is real happy," a police dispatcher at Lamesa reported.

The weather was blamed for several highway crashes, including one in which two men were killed near San Antonio in a head-on crash during a blinding rainstorm. The victims were Charles W. McKinzie and James R. Wilson, both of Pratt, Kan.

In El Paso, an army truck from Fort Bliss, Tex., hit a rain-slick on a curve and overturned throwing out 10 soldiers riding in the vehicle. Four were seriously injured. The accident occurred at the same spot where another army truck nine days earlier skidded on the rainslick road and 16 soldiers were hurt.

Rain fell again Wednesday at El Paso, Salt Flat, Lubbock, Midland and other scattered points in West and South Texas. Widely scattered rains were forecast later in the day over the remainder of the state.

The rains blocked highways in some parts of West Texas and Southwest Texas, where the fall was the heaviest. Three inches of water flowed over U.S. 87 at Lamesa.

The Rio Grande at Laredo was rising as tributary streams poured

ed crests into it further upstream. An eight to 10-foot crest was expected to reach Laredo sometime Thursday.

A similar rise was expected Wednesday at Eagle Pass, upstream.

High water swept over a low water bridge between Comstock and Langtry on the Pecos River and closed it to traffic. Reports said 20 feet of water covered the bridge and swept it away. But the highway department at Del Rio said it was badly damaged.

Eagle Pass reported Tuesday it had received seven inches of rain. In Dawson county in far West Texas, the Dean Ranch near O'Donnell reported an unofficial 10.5 inches. Other communities in the county reported up to 13 inches, and amounts ranging from five to seven inches were fairly common in the county.

The rains filled dry creeks and reservoirs and gave new hope for crops and withered ranges. (See RAIN, Page 3)

## 'Hot' Atoms Yards Away From Big 4

By KENNETH MILLER  
GENEVA — UP — While the Big Four leaders seek ways of avoiding an atomic war, they are sitting only yards from some "hot" atoms, it was disclosed Wednesday.

An atomic reactor is actually "burning" in the summit conference grounds a short distance from the room where President Eisenhower and the other heads of state are holding their meetings.

A United Nations official revealed that the reactor, sent here from the United States for next month's atomic peace conference, started operating on nuclear fuel Monday at the same moment the Big Four convened.

Reactor Shielded  
The delegates to the summit conference are safe from atomic radiation because the American reactor is carefully shielded. Right now, an official said, it is operating on low power for testing.

Just 10 years and a day before the Big Four convened, the first atomic bomb exploded in New Mexico. Since then, the bomb has figured prominently in world affairs and previous summit talks.

Soviet Premier Nikolai Bulganin announced a Russian turnabout on the atom Monday. He said Russia now has decided to contribute "an appropriate amount" of fissionable material to an international energy agency.

Earlier Unity Snubbed  
Previously the Soviets refused to participate in any international atomic activity until nuclear weapons were banned.

Bulganin said Russia's allocation would come "as soon as agreement on setting up an agency has been reached." He did not say how much uranium Russia would furnish.

Soviet delegation circles, queried on the subject Wednesday, said it would be safe to assume the Soviet-Union would "certainly match the Americans."

The United States has pledged 400 pounds already. Britain has put up 44 pounds.

## Big Four Move Talks To European Security

GENEVA — UP — The Big Four Foreign ministers failed Wednesday to break their long deadlock on German reunification. They recommended that their heads of government move on in their talks to European security, the next item on the summit conference agenda.

The foreign ministers' failure had been expected.

Although they sidestepped further consideration of the German problem at the moment, the foreign ministers left the door open for resuming such discussions before the Big Four heads of government leave Geneva.

The United States, British, French and Soviet foreign ministers announced their failure to agree after a two-hour meeting with their staffs at the marble Palace of Nations.

They had been instructed by the leaders at the end of Tuesday's summit session to take a fresh approach and consider whether the heads of government themselves should resume discussing the issue Wednesday afternoon.

The fact that they recommended moving on to the next agenda item made it clear that they saw no immediate basis for top-level agreement on reunifying Germany.

The customary press briefing was not held at the conclusion of the foreign ministers' session.

Instead, the ministers issued a brief communique. Its text said:

"In the course of the morning the four foreign ministers continued their discussion of the interrelated problems of German unification and European security. They agreed to recommend to the heads of government that the latter should discuss at this afternoon's session item two on the agenda, European security."

## Ike Shows Off American Atom Furnace

By KENNETH MILLER  
GENEVA, Switzerland — UP — President Eisenhower Wednesday proudly showed off an American atomic furnace, set up on the grounds where the Big Four summit meetings are being held.

His audience included two Russian correspondents of the official Soviet News Agency, Tass.

The Russians watched as Mr. Eisenhower manipulated controls which put the reactor into full operation. They also heard him describe the furnace as evidence that atomic science could be "used for the welfare and not the destruction of mankind."

The reactor was assembled here by American experts from the Oak Ridge, Tenn., atomic energy plant.

The massive device, known as a "swimming pool" type of reactor because the atomic pile is immersed in a large pool of water, was brought here for the international conference on peaceful uses of atomic energy which opens in Geneva Aug. 8.

After looking over the reactor, powered by enriched uranium 235, Mr. Eisenhower drove a few hundred yards to the Big Four conference meeting place where he had a 20-minute briefing session with Secretary of State John Foster Dulles. Then he joined the principals of the three other powers for the afternoon meeting.

## Soviet Farm Experts Go Deep In Iowa

By ROBERT L. ROSE  
CEDAR RAPIDS, Iowa — UP — Russia's 12 waiting farm experts headed deeper into Iowa's corn fields Wednesday, with words of peace and the taste of country-style cooking on their lips.

They toured the Wilson and Co. packing plant here Wednesday morning and then boarded a bus for Waterloo, about 50 miles northwest in east-central Iowa, visiting farms and county extension services along the way.

The Soviet delegation is on a month-long tour of the midwest to learn methods for boosting Russia's lagging farm production.

Words of Peace Spoken  
The words of peace were spoken at a Chamber of Commerce dinner here Tuesday night by Vladimir Matskevich, chief of the delegation and first deputy minister of Russian agriculture.

"Any ill feeling existing between American and Soviet agricultural workers was destroyed by our meeting with the Iowa people," Matskevich said.

"When we saw your toilers in the fields, we felt the same thing for them as for ours—that we may toil in peace."

Earlier, the Russians picnicked with 25 farm folk in the eight-room gray farmhouse of George Hora, near Washington, Iowa.

Fried Chicken Eaten  
Hora's wife, Marie, dished up a feast of fried chicken, corn on the cob, potato salad, hot rolls and farm butter, strawberry jam, three kinds of pie, cake and feed tea.

The Russians arrived at Hora's farm en route from Des Moines after several unscheduled stops to look at farm equipment sighted as they rolled along the highway in their air-conditioned bus.

At Okaloosa, the Soviets could not resist the offerings of the Milky Way Dairy Bar when they stepped out into the 90-degree heat.

Three Scoops Had  
A. V. Tulupnikov ordered a three scoop sundae covered with chocolate and marshmallow syrup and topped by a cherry. The sundae was titled "Idiot's Delight."

N. M. Gureyev tried a similar concoction known as a "Tummy Buster."

"It's wonderful," both said, smacking their lips.

If it comes from a Hardware store, we have it. Lewis Hardware.

## Vaccine For Gray To Arrive Today

Salk polio vaccine for the second round of shots for first and second graders in Gray County will be picked up in Amarillo today by Ray Evans, according to Harold Miller, chairman of Gray County Foundation for Infantile Paralysis.

The vaccine will be transported from Austin by a Shamrock Oil and Gas Corp. airplane. The plane picked up supplies for about 15 counties in Austin today, and is expected to arrive about 4 p.m.

Pampa is expected to get the full supply of 1,200 shots. Ray Evans will bring the shots from Amarillo this evening for free distribution.

Dr. Joe W. Gates, county health officer, indicated that plans will be mapped out next week for the summer program. Miller indicated that all the school superintendents in the county would be notified to help launch the second inoculation.

Only 70 per cent of the vaccine needed by each county for the first shot is being allotted for the second round.

C. T. Davis, member of the board for the Potter County Foundation, said the shipment would include vaccine for: Potter, Randall, Farmer, Collingworth, Hall, Carson, Oldham, Moore, Armstrong, Sherman, Donley, Dea Smith and Childress counties.

## Negro Admits Attack On White Woman

HOUSTON — UP — A 23-year-old Negro yardman confessed Wednesday he broke into a white home early Tuesday and raped, at knife point, a 34-year-old mother of seven children.

The Negro, John, Edward McHenry, was charged with rape. He told police he did it "because I was on the weed." He said he had smoked three marijuana cigarettes.

McHenry was picked up on suspicion Tuesday after the housewife was attacked in her home at 3:15 a. m. by a Negro believed to be an elusive burglar who has plagued the Hyde Park area for months.

She said the Negro assaulted her while holding a long knife on her and threatening to kill her three small children asleep in the same room. The woman's husband and three other children were asleep upstairs. Another child is hospitalized.

Shortly after the attack, another nearby home was broken into and a Negro man threatened another woman in her bed but was frightened off when she screamed.

## Two Negroes Admitted To LSU, Wounded By Gunshot

BATON ROUGE, La. — UP — Police Wednesday investigated a campus shooting which wounded two Negro graduate students admitted to Louisiana State University under a five-year-old court order.

The Negroes were peppered about the face, arms and body by birdshot from two or three shots fired Tuesday night as they walked in darkness on a second-floor ramp connecting two men's dormitories.

Baton Rouge police and university authorities said they were unable to connect the shooting with any racial issues.

The shots apparently were fired from a vehicle, possibly from an automobile, and there was little likelihood the gunman could tell whether the victims were white or Negro, police said.

LSU authorities said that the court order first admitting Negroes to the graduate school five years ago restrained against discrimination of any type and as a result the Negroes live in the same dormitories as the white students.

Herbert Anderson, 25, of St. Francisville, La., was shot in the face, arms and chest. Louis Hadnott, 30, of New Iberia, was shot in the face, back, arms and thighs. Both were treated at Baton Rouge General Hospital.

Neither was reported seriously hurt.

Hadnott said he and Anderson heard just one shot ring out and they felt the pellets hitting them.

Investigating officers found one empty 12-gauge shotgun shell on the scene. Marks in a concrete pillar where the students were walking indicated birdshot was fired.

Several students in the area said they heard two shots, and one said three.

The only act of violence reported at the campus since racial integration began at the graduate school level occurred two years ago when a brick was thrown through the window of a Negro student's home.

The university reported some 350 Negro students are enrolled in the graduate school for the summer session.

The Negro attendance at summer school is higher than usual because a large number of Negro teachers were doing work on masters degrees, the university said.

Negroes are still barred by state law from entering the LSU undergraduate school because equal facilities are offered for undergraduates at nearby Southern University. But one Negro, who gained a brief admission by court order two years ago, is again trying to enter.

His case is pending in the Fifth U.S. Circuit Court of Appeals at New Orleans.

## Argentina Seditious Move Probed

EVA PERON, Argentina — UP — Gov. Carlos A. Lopez of Buenos Aires province rushed to provincial police headquarters Wednesday to check official reports of a seditious movement at the Argentine Navy base of Puerto Belgrano.

The governor arrived at the headquarters at 2 a. m. (11 p. m. est.) and left for Buenos Aires at 3 a. m. after provincial authorities here said the situation was normal.

Buenos Aires was filled with rumors after police there and at Mar Del Plata, 250 miles south of the capital, were put on a state of alert and all leaves have been cancelled.

Alert Cancelled  
Federal police cancelled the state of alert at 5 a. m. (12 a. m. est.) and about one hour later all police called to Buenos Aires, Mar Del Plata and other headquarters were sent home. Official circles said there apparently had been a "false alarm."

There was no official explanation or the alerts. Machine gunners took stations in the downtown police headquarters at Buenos Aires but did not interfere with the movements of garment workers as they went to their jobs near the building at the regular hour.

"All is quiet," Chief of Federal Police Miguel Gamboa said. "Protestors were being taken just in case."

Rumors Spread  
Rumors began spreading through Buenos Aires, scene of a violent but short-lived revolt against President Juan D. Peron, when machine gunners moved into their positions early Wednesday.

They began to grow when Army officers showed up at the war ministry at 4 a. m., an exceptionally early hour.

One of the rumors pertained to the Navy forces at Puerto Belgrano who have been restless since the end of the bloody June 16 revolt which was climaxed with the burning of seven churches and the damaging of the Curia.

## Dem Leaders Predict Gas Bill Passage

WASHINGTON — UP — House Democratic leaders predict that legislation to exempt natural gas producers from direct control of the Federal Power Commission will be approved by the House Friday.

They base their prediction on a member-by-member poll to determine what support the measure has. The bill has aroused strong opposition from congressmen from gas consuming states.

They said Chairman Percy Priest (D-Tenn.) of the House Interstate Commerce committee will ask the House rules committee later this week to clear the bill for floor debate. If the rules committee complies, they said the bill should be brought to the House floor on Friday.

The measure, approved by the House Interstate Commerce committee June 8, would exempt producers from price-fixing jurisdiction of the FPC. But the FPC would have the right to review new sales contracts between producers and pipeline companies and contracts which provide for automatic markups in prices to producers.

The House bill would nullify a Supreme Court decision that the FPC has authority to regulate prices charged by natural gas producers.

## Defense Opens In Miller Case

BRATTLEBORO, Vt. — UP — Manuel Miller of Bethel opened his defense Wednesday on charges that he obstructed U. S. marshals for nearly 12 hours when they came to take his wife to a mental hospital.

The government rested its case in U. S. district court Tuesday in the second day of the trial of the 47-year-old former selectman who held off federal agents at his Bethel home until he and his wife were tear-gassed into submission.

Miller and his wife, Lucile, 14, barricaded their home last May when marshals came to seize her for trial on 18 counts of having urged Vermonters to dodge the draft.

The defendant was sentenced to 30 days in jail for the theft of four planned automobile tires, wheels and tubes of a taken off a boat trailer belonging to Gary George on July 15, 1955.

## Man Jailed For Auto Tire Theft

CLAUDE O. MANRY, 18, of 608 E. Kingsmill, pleaded guilty to a charge of theft in County Court yesterday.

The defendant was sentenced to 30 days in jail for the theft of four planned automobile tires, wheels and tubes of a taken off a boat trailer belonging to Gary George on July 15, 1955.

## Riots Break Out In Indo-China

SAIGON, Indo-China, July 20 — UP — Thousands of rioting South Viet. Namers protesting the first anniversary of the "day of shame" when France approved the Indo-China armistice pillaged and burned the hotels housing the international truce commission Wednesday.

First reports said no Americans were injured.

Police reported that the wild mobs also sacked the office of Gen. Claire Chennault's Civil Air Transport Company, which was situated near one of the hotels.

Police and troops opened fire, sprayed tear gas and swung clubs to break up the mobs which pillaged the hotels Majestic and Gallien.

At least 50 persons were reported hospitalized. The demonstrators manhandled two Communist Viet Minh members of the armistice control commission. Police denied that two Viet Minh and one Indian truce observers had been lynched by the mob.

Dozens of rioters were arrested. Order was restored to the streets of the city before noon.

The government charged that a 30-day in jail for the theft of four planned automobile tires, wheels and tubes of a taken off a boat trailer belonging to Gary George on July 15, 1955.

## Dem Leaders Predict Gas Bill Passage

WASHINGTON — UP — House Democratic leaders predict that legislation to exempt natural gas producers from direct control of the Federal Power Commission will be approved by the House Friday.

They base their prediction on a member-by-member poll to determine what support the measure has. The bill has aroused strong opposition from congressmen from gas consuming states.

They said Chairman Percy Priest (D-Tenn.) of the House Interstate Commerce committee will ask the House rules committee later this week to clear the bill for floor debate. If the rules committee complies, they said the bill should be brought to the House floor on Friday.

The measure, approved by the House Interstate Commerce committee June 8, would exempt producers from price-fixing jurisdiction of the FPC. But the FPC would have the right to review new sales contracts between producers and pipeline companies and contracts which provide for automatic markups in prices to producers.

The House bill would nullify a Supreme Court decision that the FPC has authority to regulate prices charged by natural gas producers.

Science May Have Found Out What Makes People Itch

By DELOS SMITH  
NEW YORK —UP—Maybe science has found out, at long last, precisely what it is that causes people to itch.

Itching has been a prime mystery. It is "associated" with but not caused directly by a number of diseases. But even the healthiest people itch—in the same way, in the same places.

Two British scientists have built up a convincing case that itching is caused by enzymes, those being chemical substances which need other chemical substances into actively end change.

Not just any enzymes, said R. P. Arthur and W. B. Shelley in the scientific journal, "Nature," but only the enzymes with which the body's chemistry breaks down the proteins in food into the "building blocks"—(the amino acids)—with which it then constructs the body's own proteins.

Start with Itching Powder  
Like previous investigators of the body's chemistry, the scientists worked with a microscope they inserted those soaked hairs into human flesh. The proteinase (protein-destroying) enzymes invariably produced itching. None of the other enzymes would. They tried three of the proteinases in pure form. Applying very tiny amounts, they got very emphatic results—itching started in five seconds and lasted for 30 minutes.

Harris Set For Second Salk Shots

HOUSTON —UP—Houston and Harris county school children will get their second round of Salk anti-polio vaccine shots next Tuesday, and it shouldn't be too hard to get them to the clinic.

Dr. Laurence said only about 70 per cent of the total vaccine needed to give second and "booster" shots to first, second, third and fourth grade children was available. But he said he believed it would be adequate because many children are out of the city on vacation and because some parents will refuse to have their children inoculated.

Newsman's Papers Tell Of Mafia

TAMPA, Fla. —UP—New information turned up Tuesday about a lynching of 11 members of the notorious Mafia, Italian crime society, which caused an international incident 64 years ago.

A document describing the 1913 firing squad lynching in New Orleans was left by George G. Parke 87, a retired newspaperman who died Friday at Zephyrhills, Fla., north of here.

Parke wrote that he himself had joined the lynchers as a secret recruit of a group of aroused citizens and since had lived in fear of reprisals by the dread Mafia.

A committee of 50 leading citizens formed to rid New Orleans from the Mafia's grip after 31 Italian-born men drew acquittals or light sentences for slaying Police Chief David C. Hennessy, the document said.

Parke said he, then a 23-year-old reporter, was secretly recruited and armed with the squad of other lynchers who marched on the jail where the Italians were held for safety, shot some covering in cells and executed the others publicly in the street.

The hoodlums strained relations with Italy and the U. S. government finally intimidated the families of the men but extensive investigations never uncovered many of the details contained in Parke's letter.

Parke said he was sworn to secrecy and lived in fear for 64 years during his wanderings. He just worked as a proof-reader here before his retirement.

Copyright Office Mirrors Public's Listening Habits

By HARMAN W. NICHOLS  
WASHINGTON —UP—Folk who work at the United States copyright office generally can tell what's on the public's mind without looking at the papers or listening to the radio.

Last year, it was the Army-McCarthy hearings which inspired amateur song writers to go to work. The pros, too. One ditty called "Point of Order" finally broke out on wax and made somebody a bundle.

Hurricane Hazel made her influence felt, too. The big wind came in for copyright consideration dressed in such titles as "She Saw and She Blew" and "Whither Now, Hazel?"

Now Davy Crockett has captured the nation's fancy. Kids mostly. There are Davy Crockett coon-skin toppers, which no six-year old boy would be without even in the swelter of summer. Also Davy Crockett bouquets, also with tails, albeit white ones, grace the heads of little girls.

Some of the titles are rather interesting. Some will be copyrighted by Uncle Sam; some won't. Paul Lasky and Jack Liebman came up with a song titled "Davy Crockett and the Liberty Bell," which probably will be accompanied by the ringing of mallet on brass.

Others have broken through the bonds of song. It was inevitable that Davy, musket and all, should invade the somewhat crowded field of cereals. Most youngsters won't eat their oats unless they can put the box on the kitchen table and look at a cow puke.

The Old Virginia Packing Co., Inc., has registered copyright claims on labels with these exciting titles:

"Davy Crockett in a jam with Congress."  
"Davy Crockett in a jam at the Alamo."  
"Davy Crockett in a jam with a bear."  
"Davy Crockett in a jam with an Indian."

The box tops, doubtless will be returnable, along with two-bits or so, for some frilly memento of "The King of the Wild Frontier." A man can get rid of a lot of oats and puffed rice that way.

The now-famous original "Ballad of Davy Crockett" was copyrighted by Wonderland Music. Lives there a soul with a gramophone, radio or TV set who hasn't by now heard it?

The Crockett craze has even reached Zippy, the chimpanzee of the Howdy Doozy show. He used to dress like a civilized ape, in the modern manner. But now the rubber replicas of Zippy, which are on sale in toy stores come in buckskin britches and a coon-skin hat—wardrobe copyrighted by the Rushton Co.

But what stopped me was a copyright application by the Robert H. Clark Co. This outfit dabbles in smelly stuff for the bath. It would dearly love to copyright a new suds in the bubble tub department and would like to call the concoction "the aroma of the old frontier."

Repurchase Of Surplus Is Probed

WASHINGTON —UP—A House subcommittee heard Tuesday how the federal government sold surplus mitters for \$4 each and later helped the state of Connecticut buy 10,000 of them back for civil defense use for \$9.88 apiece.

Uncle Sam chipped in \$4.99 each in buying them back.

William L. McGill, president of the National Association of Civil Defense Directors, said the transaction was an "interesting example" of what sometime happens when state civil defense groups go out to buy emergency supplies.

"This type of procedure appears to us to be completely devoid of reason," said McGill, who also is civil defense co-ordinator for Texas.

McGill appeared before a government operations subcommittee in support of a bill to let the government donate surplus property for civil defense use.

McGill in his prepared statement said the state bought the surplus mitters from a dealer, "discovering later that the dealer had bought them at an Army sale for \$4 each."

The state applied for federal matching funds to cover one-half the purchase, and the government approved the request, giving the state \$4.99 per litter.

"The federal government would have saved 99 cents per litter if it had donated the property to the state of Connecticut in the first place," he said.

Gables End Honeymoon

HOLLYWOOD —UP—Mr. and Mrs. Clark Gable returned from a week's honeymoon in northern California Tuesday and the bride announced, "I'm quite excited and happy."

The former Kay Williams Spreckels revealed she and the movie idol honeymooned at the St. Helena, Calif., ranch of friend Al Menasco.

pair around Lake Tahoe after a resort hotel on the lake said the Gables had made reservations.

But Mrs. Gable said the couple flew in a private plane to St. Helena following their marriage July 11 in Minden, Nev.

"And I wore a blue-gray Irene suit, not a tan one, like the judge told everyone," she added.

The newlyweds are "very busy opening wires and letters." They

will live at Gable's suburban Encino home and weekend at their new house in Palm Springs.

First jewelry was fashioned before recorded history, for divine protection and magic power.

Committee OKs Land For Military

WASHINGTON —UP—The House Armed Services committee Tuesday approved a request by the Army to take over 647,000 acres of land in New Mexico for an anti-aircraft and guided missile training area for Fort Bliss, Tex.

The request now must be approved by the Senate Armed Services committee.

The land includes 66,000 acres privately-owned, 143,000 acres state-owned and 438,000 acres of federal land.

The committee directed the Army to swap 143,000 acres of other federal land in the state to the state for the 143,000 acres the Army will take over.

Gobel Plays Love Scenes In Hollywood Film Debut

By ALINE MOSBY  
HOLLYWOOD —UP—George Gobel, the top TV comedian, of movie star via sizzling love scenes with rhapsodic Mitzi Gaynor.

To "millions of TV fans 'Lonesome George' is a placid, married guy with a TV wife, Alice, played by Jeff Donnell.

But for his movie debut Paramount Studio presented the crew-cut comic with a torrid love interest, Miss Gaynor, who chases shy George throughout "The Birds and the Bees."

"This isn't the story of my life so I don't think anybody will mind the romance," George said. Gobel was bombarded with film scripts from every studio after his TV success. The comedian's agent turned them down "because he didn't think they were right for me." Then Paramount asked George to look at an old Henry Fonda-Barbara Stanwyck movie, "The Lady Eve."

Gobel decided to appear in a remake as his own independent production, "so we make money—if the picture is good."

Though George entered movies without his TV wife, he took along Gobelians that became household bywords. In fact, half of the set workers from director Norman Taurog to the carpenters are "sure he does'ting."

"But unless my expressions fit into the story the director doesn't fool with them," explained George. "Sometimes I'll add one in rehearsal and if it fits, Norman will leave it in."

Movie stars are TV fans too, and George's first day on his set

brought a string of visitors including Jimmy Stewart, Charlton Heston and Doris Day. Even movie master Cecil B. DeMille wants to meet him.

According to Paramount custom George was given a bicycle to ride around the lot. His is labeled, "Lonesome George."

Mitzi Gaynor sighed, "George is so sweet—and he's really a great dramatic actor." But whether Gobel wants to remain a star, he isn't sure.

"We'll wait and see what happens when this is released a year from now," he said in his usual modest manner. "I just hope that after this one is out we'll still be in a position to make a decision about more movies."

"But you can't plan too far ahead. We don't even know what we'll do on television next fall!"

The event was held in the Boyd home, 1010 Christine. Mrs. Boyd is shown serving the honoree some coffee punch. (News photo)

### COOK'S NOOK

#### Fried Chicken And Cranberry Sauce Rated A Treat For Men

By GAYNOR MADDOX  
NEA Food and Markets Editor  
About 68 million broiler-fryer chickens will be sold this month and at reasonable prices. Therefore, we consulted with Kathryn B. Miles of Chicago, author of "Food Preparation Recipes" and home economics director of the Poultry and Egg National Board. Her broiler-fryer recipes are outstanding. She says fried chicken and cranberry sauce is a sure-fire hit with the men of the family. It's the kind of treat any teen-age daughter can prepare easily either on the range or in one of the new electric skil-

**Fried Chicken**  
(4 to 5 servings)  
One broiler-fryer, 2 1/2 pounds, cut up; 1/2 cup flour, 2 teaspoons salt, 2 teaspoons paprika; 1/4 teaspoon ground pepper, 1/4 cup fat, 2 table-spoons water.

Shake chicken, 2 or 3 pieces at a time, in a bag containing the flour, salt, paprika and pepper to coat evenly. Save any leftover flour for gravy. Brown slowly in medium hot fat in a skillet turning as necessary with tongs. When chicken is lightly browned, 15 to 20 minutes, reduce heat, and water, cover tightly and cook slowly until fork-tender, 20 to 25 minutes. The liver and precooked heart, gizzard and neck may be floured and browned with chicken the last 15 minutes. Uncover last 5 to 10 minutes to crisp skin. Note: If electric skillet is used, follow manufacturer's directions.

**Sauce for Papa**  
One-quarter cup butter or margarine, 1/4 cup flour, 1 cup milk, 1 cup broth or bouillon, 1 table-spoon soy sauce, 1/4 teaspoon ground pepper, 3 egg yolks, slightly beaten.

While chicken is frying, make sauce. Melt butter or margarine over low heat. Add flour and blend thoroughly. Add milk and broth, all at once. Stir constantly until sauce is uniformly thickened. Add soy sauce and pepper. Just before serving stir in egg yolks, stirring constantly. Heat 2 or 3 minutes to cook egg yolks, but do not allow sauce to boil. Blend with chicken (cooked fork tender) and drippings in the skillet. Serve promptly.

FRIED CHICKEN, served with cranberry sauce, makes an ideal meal for a teen-age daughter to try.

#### Methodist Women Plan Conference

"Crusn Thy Good With Brotherhood" will be the theme of the School of Missions of the Northwest Texas-Conference of Women's Society of Christian Service, Methodist Church, Monday through Friday on the campus of Texas Technological College, Lubbock.

Mrs. Pam Cook, 420 N. West, Pampa, is in charge of advance registration through Wednesday. Mrs. Cook and Mrs. W. W. Adcock of Pampa are both conferees of officers.

Topics of study will be "The Christian Missions in a Revolutionary Age," "The Indian Americans," "Introduction to Five Spiritual Classics," and "To Combine Our Efforts for Lasting Peace." Workshop titles will be "Achieving Brotherhood Through Stewardship of Possessions," "Achieving Brotherhood Through Better Community Living," "Achieving Brotherhood Through Wider Service of Woman Within the Church," and "Achieving Brotherhood Through Creative Study."

Clinics will be conducted for presidents and treasurers and committee chairmen of missionary education, spiritual life, Christian social relations and local church activities, status of women, supply and Wesleyan Service Guild.

Mrs. Gordon Bennett of Abilene, vice president of the Northwest Texas Conference is dean of the School of Mission; Mrs. Sam Ghosht of Muleshoe is chairman; and Mrs. C. C. Coffee of Lubbock is conference president.

#### RUTH MILLET

A woman reader asks, "Why don't you point out to this summer's brides how wonderful a thing it can be to have the love and respect and loyalty of your in-laws?"

All right, I will. The wife who wins the love, respect and loyalty of her husband's parents is way ahead of the wife who begins to resent her in-laws as soon as the honeymoon is over.

For one thing, she has her husband's parents as her boosters instead of having them against her. If they feel real affection for her and she for them, then she has made two wonderful friends.

Furthermore, family get-togethers are something to enjoy, not dread, when a daughter-in-law has the admiration and respect of her husband's parents and they are comfortable in the knowledge that she feels the same way about them. Her husband is sure to think more highly of her as a person if she regards his parents with affection than if she meets their effort to keep their place in their son's affection with hostility.

There are so many advantages to getting along with one's in-laws that it is short-sighted for any bride to think it can't be done or that it isn't worth the effort.

Most young wives would get off to a better start if they made up their minds to follow one simple rule:

"I will always treat my husband's parents with the same kindness, affection, and consideration that I hope my husband will always show my parents."

Trouble with in-laws often starts because a wife is expecting trouble and looking for slights, criticism and interference.

If instead she looks for love, respect, and loyalty — she has a good chance of finding what she is looking for.

#### Legion's Auxiliary Plans Supper Meet

A covered dish supper has been scheduled by the American Legion Auxiliary for 7:30 p.m. Thursday in the home of Mrs. F. W. Shotwell, 1312 Duncan.

The program will consist of reports on Girls' State by Miss Sheila Chisum and Miss Carol Carnes. The girls were sponsored by the Auxiliary.

#### Auxiliary Of DMF Slates Masquerade

The Auxiliary of the Daugherty Men's Fraternity, Cities Service Gas, will present a masquerade party at 7:30 p.m. Thursday in Production Hall.

Each member will portray some well-known character. Hostesses for the event will be Mmes. J. O. Durham, Sanford McQuigg, Gene Melton and Arthur Nunn.

#### Musical, Dramatic Numbers Planned For Lady Golfers

A dramatic and musical program will be presented to the Ladies Golf Association Friday in the Country Club by Miss Mary Ann Guthrie and Miss Mary Willis. The program will begin about 12:30 p.m.

Miss Guthrie will present the musical numbers, and Miss Willis will make the dramatic presentations.

The all-day session will include golf, to be played at any time during the day. Bridge will begin at 10 a.m., with both bridge and golf to be continued through the afternoon.

A luncheon is slated for noon, with the program to begin about 12:30 p.m. Deadline for luncheon reservations at the Pampa Country Club is noon Thursday.

for exquisite fashion accessories. . . in fact, for all sorts of beautiful things for personal wear and home decor that your children and grandchildren will be proud to inherit. Easily available at all sources, there are patterns which offer a combination of wearing apparel and transfer designs that permit a variety of stitches. In addition to straight stitching, the Dial-a-Stitch, with a single turn of the knob, produces variations of the satin stitch, French knot, hem-stitching, cross-stitch, couching, crewel, Italian cut-work, scalloping, monogramming, applique, quilting, fine trapunto work and innumerable combinations of embroidery stitches to make tomorrow's heirlooms.

#### Miss Donna Conley Honored At Coffee

Miss Donna Conley, bride-elect of John Allen Pierce, was complimented with a coffee Tuesday morning in the home of Mrs. Lynn Boyd, 1010 Christine, co-hostess with Mrs. Boyd was Mrs. Clyde Fatheree.

The honoree was presented a corsage of white carnations tied with blue ribbon, and her mother, Mrs. Don Conley, was given a corsage of white gladioli tied with blue ribbons.

Guests were registered by Miss Lynn Cornelius. The hostesses' gift was a set of six Wedgewood Texas plates.

The serving table was covered with a white outwork linen cloth and centered with a bridal doll. Other table decorations included an arrangement of white majestic daisies and blue satin ribbon.

Refreshments of stuffed prunes, melon balls, green grapes, pigs-in-a-blanket, assorted breakfast rolls and coffee-punch were served. Miss Ann Moyer presided at the punch bowl.

Approximately 50 persons attended the event.

#### Breakfast Held By Kit Kat Klub

Kit Kat Klub held an acceptance breakfast for pledges at 7:30 a. m. recently in the home of Miss Carolyn Ford.

Miss Rhona Finkelstein, president, spoke to the new girls about pledge rules. A ceremony followed during which the pledges' big sisters pinned on their emblems.

Refreshments of fruit, sausage, sweet rolls, fruit juice and coffee were served. The table was centered with a hollowed-out watermelon, filled with fruit.

Following the meeting, the group attended church in a group.

#### SOCIAL CALENDAR

**WEDNESDAY**  
3:00—Mary Alexander Circle, First Baptist, with Mrs. T. C. McGlohon, 601 Plains.

**THURSDAY**  
7:30—Rebekah Lodge in IOOF Hall, 204 W. Brown.

#### Auxiliary Of DMF Slates Masquerade

The Auxiliary of the Daugherty Men's Fraternity, Cities Service Gas, will present a masquerade party at 7:30 p.m. Thursday in Production Hall.

Each member will portray some well-known character. Hostesses for the event will be Mmes. J. O. Durham, Sanford McQuigg, Gene Melton and Arthur Nunn.

#### LAWN PARTY

Mrs. Annie Johnson, center, held a lawn party recently for Mrs. Curtis Hardaway, left, and Mrs. Dick Halston, right; wives of Pampa Oiler baseball players. The serving table was covered with a pink linen cloth centered with soft drinks in ice surrounded by roses. Entertainment consisted of card-games. Eight persons attended. (News photo)

#### Jane Talk

By JANE KADINGO

Pampa News Women's Editor

**EXQUISITE HEIRLOOMS** of painstaking hand-stitching are still, deservedly, highly prized, even in this age of new miracle fabrics, synthetics and modern designs. Lucky the gal who inherits an embroidered shawl, table linen, a wedding gown, trousseau undergar, petit point, crewel work and similar fine specimens of artistic handwork, that have been passed down from generation to generation. Even as they age and become frailer with the years . . . even as our store of these art treasures diminishes, their value increases . . . for they impart a flavor of richness and tradition to every decorative scheme, modern or otherwise.

**IN MODERN DAYS**, the opportunity and desire to do so many more things with our free time, again leaves little room for the arduous and time-consuming tasks of hand-stitching and embroidery. But we don't have to deny ourselves and our descendants, possessions they will always cherish. We can create our own heirlooms today, even more artistic, more colorful, more precious than those produced by our forbears — with less time and effort.

Just as modern mechanization of tools and equipment has popularized home carpentry — as it has revitalized the do-it-yourself trend which had its early beginnings in needle skills — "hand" embroidery on a zig-zag machine simplified and accelerates the creation of our own heirlooms, with that

old-world handcrafted look. In fact, as done on the modern, automatic Dial-a-Stitch, you can't tell the difference. Using modern fabrics that are more durable, easier to work on and keep clean, your own heirlooms will be even more treasured.

The opportunity for creativeness and original design is unlimited too. You don't have to be an artist or a designer either, to produce something individually your own.

The Pfaff Sewing Institute suggests that with several transfer patterns, from each of which you can take the part that most pleases you, of best suits your purpose, innumerable original designs can be conceived. You can now, in a few short hours, create designs for delicate table linens for draperies and upholstery, for bed throw, quilts,

### Teen Topics

By MARLENE KOLB

A fad? Yes, guess so. Only that can explain the many, many wicker basket purses seen everywhere in the teenage set. June Smith has a set that she's carried like a lunch basket, painted black and decorated on top with bright fish, sea horses, and underwater vegetation. Charlotte Parker's natural one has bright fruit on top, and Peggy Ward's white one that looks like a small fisherman's creel is topped with a red flower.

The basket industry is looking up! Another "Welcome to town, new comer!" goes out this week — to Lu Koch who moved to Pampa from Wewoka, Okla., and is living at the Magnolia Camp. She will be a junior next year.

POOR DENNIS GRIGGS — he's had no peace since a certain little cartoon lot "mischiefed" his way into America's heart — "Dennis the Menace" they call him now days.

Say! What's this I hear about the Esquire members and new pledges getting to take a trip to Colorado or Red River or some other scrumptious place?

And another bunch of Pampa boys will be leaving July 28 for Philmont and the Kit Carson Trek, a Boy Scout activity. They'll be gone 'til August 4. Twenty are going in all, but only got the names of Robert Grider, Tommy Strawn, Luther Norman and Fred Neslage. Will have the others next week.

Mentioned Tomy Strawn — He's now running the VFW miniature golf course — the one that Lloyd Brummett had before he took up ranching in Montana.

IT has started. Pledging, that is. If you see a poor pitiful looking little thing carrying either a bucket with an egg in it, a stuffed animal and a box of gum, or a paddle — know ye that she is pledging one of the three teen societies in Pampa — Kil Kat, Sub Deb, or Las Cerasas.

Sub Deb Pledges and their Big Sisters are: Linda McDonald-Jerrie Shelton, Cora Mann-June Smith, Mary Bullard-Carl Carnes, Jo Ann Jones-Charlotte Parker, La Gene Caldwell-Jo Tooley, Dianne Zachry-Mary Pippen, Karla Cox-Mary Kennedy, and Maynette Lottus-Meredith Brooks.

And by the way, congratulations to Dot Gibson who has been elected new Sub Deb Chaplain.

Welcome also to Nancy Hall from Kermit, who is visiting Oscar Thelton for a couple of weeks. She's working for Cabot during that time.

A bicycle hike! What could be more fun? And that's just what the Methodist Youth think — 35 of 40 of them had one last Wednesday night, riding out north of town on the Perryton highway. Carol Hughes served refreshments.

Eggs man! studying in the summertime? See John Warner in the library the other day industriously preparing a killer of an argument

for universal military training to be presented in Sunday school. That's something a lot of people seem to be kicking around now days.

"SUPPORT THOSE OLDS!" That's what was heard from Jiggy Qualls and Carol Hughes, and Anita Wedgeworth and Carolyn Dial as they were stationed uptown at selling tables within the past few days.

Get that Nickie Lewler is having a swell time — she's "tripping" to Waco, Houston, Galveston and possibly New Orleans with Mr. and Mrs. W. T. Braly of Lefors.

Gab Fest? Must have been — Finis Marchman and his younger brother, Don Wooley, Gene Parr, and some others yakety-yakking out at Caldwell's the other night.

Teens seen around: Marvin Baer getting his "ears lowered" in the barber snop, and seeming to thoroughly enjoy it... Carl Blomkvist cutting up... Bill Studebaker filling in as mailman pro tem for one of the Hughes Building offices... Army-man Boy Smith back in town... Jo Ann Jones working in her daddy's office in the absence of his secretary... Ronnie Elliot "just window shopping" the other night... Helen Steward getting ready for a trip... girls drooling over Clark Gable in "Soldier of Fortune"... and rain clouds that didn't pay off, and some that did — that's the Panhandle.

Going to church next Sunday? Good — it's all too easy to get out of the habit in the lazy summer.

See you next week?

### Dallas Integration Not Seen This Year

DALLAS — UP — Little or no hope for integration in Dallas county public schools before or during the 1965-66 school year was seen Tuesday by County Supt. L. A. Roberts.

Roberts said after a meeting of 15 top Dallas county school administrators that "there are just too many problems immediately before us."

Roberts suggested to the meeting of administrators Monday that the desegregation problem be taken up cautiously and carefully.

### Navy to Honor Stevens

WASHINGTON — UP — The Navy said Tuesday it will take the unprecedented step of presenting its distinguished public service award to retiring Army Secretary Robert T. Stevens. The Navy said it is honoring Stevens for his service "in the field of inter-operation."

### Soviets Return Boats

KIEL, Germany — UP — A final group of seven American PT boats, lent to the Russian navy in World War II was returned to the U.S. Navy by the Soviets Tuesday night. The Russians have returned a total of 56 American PT boats and six submarine chasers since July 1.

167 N. CUYLER — PAMPA

Press Box Views

By BUCK FRANCIS Pampa News Sports Editor

IT'S ALL-STAR TIME in the West Texas-New Mexico League and this question has been raised: "What chance does Pampa have of bringing the dream game back here next year?"

We don't know just what the thinking is on this by our league fathers but the cold, black figures reveal that Pampa attracted the third largest crowd in the history of the all-star series in its only time to host the game, which, we would think, should be considered in awarding the game next year to Pampa.

Pampa was the all-star game host in 1950 and the game drew an overflow crowd of 3,890. This figure has been beaten only in 1913 and 1947 when baseball fever everywhere was on a high pitch.

Lubbock supported the all-star game 6,116 strong in 1946 while Amarillo supported it by turning out 4,716 strong the following year. Since that time, the 1950 crowd at Oiler Park has been the biggest turnout for the all-star game.

Both Lubbock and Amarillo have been the all-star game hosts again since the banner crowd years of 1946-47 but in both instances the crowd for the second outing in these two cities fell below that of the 1950 crowd here.

Lubbock's second time to host the game, in 1953, drew 2,013 while Amarillo attracted 3,305 last year in its second time.

Here is the attendance run-down in the nine all-star games held since the league was reorganized following World War II:

- 1946 - At Lubbock, 6,116.
1947 - At Amarillo, 4,716.
1948 - At Abilene, 1,825.
1949 - At Albuquerque, 3,019.
1950 - At Pampa, 3,890.
1951 - At Borger, 2,920.
1952 - At Clovis, 3,652.
1953 - At Lubbock, 2,013.
1954 - At Amarillo, 3,305.
The 10th annual dream game will be held tonight at Plainview.

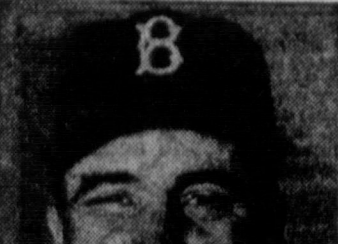

Pampa LL All-Star Teams Are Chosen

Pampa's two All-Star Little League teams have been selected. The all-star outfits will open tournament play next week when they go against each other in the first round of the Area Tournament at Plainview.

The game will be played Tuesday, starting at 6 p.m. Winner of the game will then meet Childress, who drew a first round bye, in the second game Wednesday at 6 p.m.

Six teams will take part in the Area Tournament. In addition to the two Pampa teams and Childress, others entered are Plainview, Dumas and Muleshoe.

Group advised to Act Fast St. Paul, Minn. —UP—The St. Paul city council has received a recommendation from an advisory committee that it acquire land in the twin cities midway section immediately for the purpose of building an athletic stadium which could handle major league baseball.

Brook Fans To Honor 'Pee Wee'

By OSCAR FRALEY

NE WYORK —UP— They'll honor the little captain on Friday night and the response proves Wednesday that Harold (Pee-Wee) Reese sticks up with such Brooklyn Dodger immortals as Zack Wheat, "Uncle Wilbert" Robinson and Dazzy Vance.

Aside from Wheat, the "little colonel" from Louisville has been a Dodger longer than any of Flatbush's storied baseball heroes. Yet, in 18 years this is the first "day" they ever held for him.

Eight automobile dealers will play a mechanized game of Russian roulette. Each will drive his top model onto the field before Friday night's game and the ignition keys will be put in a hat.

Another firm donated a tremendous freezer and a hot dog kiosk from Coney Island will fill it with 300 pounds of various types of meat.

Pee-Wee will be 36 the following day. Saturday, so there have been offers from 92 sources to provide a birthday cake. "The biggest birthday cake in the world."

There also will be such gifts as oversized television sets, enough for every room in the house; new golf clubs, which Pee-Wee can use with professional skill, and hundreds of other items.

The Dodger office was happy to announce that Pee-Wee would need a truck to carry it all away. So what happened? The phone rang at the Dodger office and a man who runs a trans-continental trucking agency came through with one of his vans to carry it all the way to Pee-Wee's Louisville home.

The big gifts are fine, naturally. But it is the offerings from the hearts of the little people which thrill the little man who has become a Brooklyn fixture.

Their dollars — and even nickels — have run the Pee-Wee Reese fund up to better than \$2,000. There was a dollar from an 82-year-old lady in Shamokin, Pa.

Another \$1 came from a woman who signed herself "Only a humble Negro maid who appreciates what Pee-Wee has done for our people."

South African Wins Swiss Play GSAAD, Switzerland —UP— Mrs. Hazel Redick-Smith of South Africa beat Mrs. Ruth Kaufmann of Switzerland 1-6, 6-1, 6-4, Sunday to win the women's single title in the Swiss International tennis championships.

Oilers Drop Road Finale But Hold Lead

Pirates Nip Braves in 19 Innings

By UNITED PRESS

Vernon Law of the Pittsburgh Pirates turned in an iron man stunt Tuesday night when the Pirates edged the Milwaukee Braves in a 19-inning thriller, 4-3.

Law hurled 18 of the 19 innings, holding Milwaukee scoreless over the last 14 frames he pitched, but the 4-3 victory by the Pirates was credited to Bob Friend, who entered the game in the 19th and final inning.

The tense contest, which took four hours and 45 minutes, was the longest in the National League since Philadelphia beat Cincinnati, 8-7, in 19 innings, Sept. 15, 1950.

Law, who left the game for pinch hitter Ramon Mejias in the 19th only because Pittsburgh Manager Fred Haney feared he might develop a sore arm, gave up only one earned run — Eddie Mathews' 23rd homer in the first inning — during the 18 innings he toiled. He struck out 12 batters, walked only two and gave up nine of Milwaukee's 11 hits.

The Braves quickly got to Friend for the run that put them ahead 3-2 in the 19th when Mathews walked and came around on singles by Hank Aaron and Chuck Tanner. Not to be outdone, Pittsburgh retaliated with two runs in the last of the 19th off lanky Gene Conley, Milwaukee's sixth pitcher.

The Phillies stretched their winning streak to seven games by licking the Redlegs 7-3 and 6-2 in a two-night doubleheader. Homers by Stan Lopata and DeJ Ennis helped Murray Dickson beat Cincinnati for the first time since 1952 as he pitched a seven-hitter in the opener.

Willard Schmidt of the Cardinals pitched in the opener of a twin-nighter but southern Johnny McCall of the Giants turned around and pitched a four-hitter in the nightcap to defeat the Cards. It marked the first complete game in the majors for both Schmidt and McCall.

Elston Howard's eighth-inning homer with one on gave the Yankees a 4-3 triumph over the White Sox and stretched New York's American League lead to three games over Chicago. The Yankee victory was marred by an injury to infielder Gerry Coleman, who was hit by a pitched ball and had to be removed to a hospital.

Southwest Dean Stone of Washington limited Cleveland to six hits for the victory over the Indians, who fell four games off the pace. Bob Lemon, who has failed to complete a game since May 30, was knocked out in a five-run fourth inning.

Relief pitcher Werner (Babe) Birber hit two homers, each with two men on, as the Tigers humbled the Orioles 12 to 4. Birber came into the game to relieve Frank Lary in the sixth, Lary being credited with the victory.

TEXAS LEAGUE LINES

Table with columns for Team, W, L, Pct., GB. Includes Dallas, San Antonio, Houston, Tulsa, Shreveport, Fort Worth, Oklahoma City, Beaumont.

FIGHT RESULTS

DETROIT — Pat Mann, 150, Syracuse, N. Y., outpointed Allan Kennedy, 135, Chicago, 10.

OILERS ALL-STAR — Shown are the members of the Pampa Oilers who'll take part in tonight's West Texas-New Mexico League All-Star game at Plainview. In the top row, left to right, are Manager Grover Seitz and first baseman Joe Fortin. Bottom row — Shortstop Rach Slider and pitcher Tom Pollet.

North Favored In WTNM All-Star Tilt

PLAINVIEW, Tex. —UP— Slugger I. B. Palmer (.387), Plainview, e. ging and pitching power makes and Scooter Hughes (.270), Abilene, ss.

The South substitutes are Kenney Yoke (.15-6), El Paso; Ed Capp (11-6), Abilene, and Fred Ohlman (6-8), Lubbock, pitchers; Charles Goza, (.319), Abilene, catcher and Bob Pascal (.396), Abilene, infield.

The North lineup will be Victor Colo (.324), Amarillo, 2b; Len Attyd (.330), Amarillo, rf; Paul Flores (.413), Clovis, 3b; Joe Fortin (.376), Pampa, 1b; Taft Wright (.422), Amarillo, lf; Lincoln Boyd (.350), Clovis, rf; Ernie Choukales (.345), Albuquerque, c and Gil Valentine (.339), Albuquerque, ss.

Little LEAGUERS

Pill Rollers Defeat Bankers, 6-2; Utility Oil, Hoffman Oil Win In LL

Pampa Druggists moved a notch closer to the second half title in the Pony League yesterday when the Pill Rollers defeated second place First National Bank, 6-2.

The win was the fifth in six starts for the Pill Rollers. The Druggists can claim the second half crown by winning two of their remaining three games, regardless of how the Bankers fare in the last three outings.

The Bankers, who won the first half crown, are now sporting a 3-3 record in the second half. In Little League action yesterday, Utility Oil snapped out of a slump to defeat Your Laundry, 17-5, in the Western LL, behind the pitching of Jim Scott and Hoffman Oil edged Sportman Store, 5-2, in the Eastern LL.

Return Tomorrow; Meet Dukes in 2

Pampa's Oilers ended their extended road jaunt last night at El Paso by dropping a 5-4 decision to the pesky Texans but the Seitzmen will return home Thursday night still holding down first place in the West Texas-New Mexico League standings.

Albuquerque missed a chance to overtake the Oilers for the top berth in the standings last night by losing to third-place Amarillo, 11-3, which still leaves the Oilers one-half game behind the Pampanos.

The Oilers played 11 games on the just completed 10-day road jaunt and emerged with four victories and seven defeats.

El Paso won its first series of the season from the Oilers by winning last night's nip-and-tuck affair. The Oilers won the series opener, 5-4, but bowed by that same score the next two nights.

All players around the WTNM will take a breather tonight with exception of the all-star nominees. The league's 10th annual all-star game will be unveiled tonight at Plainview.

Three Oilers will take part in the game along with Manager Grover Seitz. First baseman Joe Fortin, shortstop Rach Slider and pitcher Tom Pollet are the Oilers chosen to play in the game.

The Oilers will open a five-day six-game home stand tomorrow night when they host the Albuquerque Dukes in a doubleheader. The league lead will be at stake in tomorrow's twinbill since the Dukes could assume the league leadership by sweeping the bargain attraction.

Another "Merchant Night" will be held on the upcoming homestand. Five local merchants have already been lined up to sponsor a night apiece on the stand.

Following is the Merchant Night Week list: Thursday — "Top 'n' Texas Rodeo Association Night" — 24 Tot Rodeo tickets to be given away.

Friday — "Ideal Food Store Night" — Three \$5 gift certificates plus Gunn Brothers Thrift Stamps, to be good at either Ideal store, No. 1 and 2.

Saturday — "Deluxe Cleaners Night" — Three \$5 gift certificates, good for \$5 cleaning. Sunday — "Johnson's CAFE Day" — Six steak dinners, two to each winner.

Monday — "Texas Furniture Night" (Grand Award) — Two metal and fiber lawn chairs to be given away.

Tomorrow night's doubleheader will commence at 7:00. In last night's game, El Paso choked off a belated rally by the Oilers in the ninth for the victory.

The Oilers scored one run in the ninth and had runners on first and third when Ken Yoke, who went all the way for the Texans for his 15th win, got Curtis Hardaway to ground out to end the game.

Jack Venable went all the way for the Oilers and was deprived of victory by three Oiler errors. It was Venable's ninth loss as compared to 11 wins.

El Paso jumped into the lead in the third inning with three runs and was never headed.

Oiler catcher Jim Martin was chased in the third by plate umpire Leip.

 WHITE WOMAN would like house-work by day or hour. Ph. 4-3200.

**Male Help Wanted**  
**THE FIRESTONE TIRE & RUBBER COMPANY**  
 Is Hiring Salesmen in Part Time or Full Time  
 If you are a salesman or know you can sell—  
 If you are a salesman of vacuum cleaners, cookware, storm windows, insurance, nursery stock, feed, seed or fertilizer, or any other product where you make calls on customers home, either in city or to farmers in rural areas—  
 If you are a college student, farmer, factory worker, mailman, or office worker looking for part-time or full-time work—  
 If you are a route salesman looking for better, larger volume or more profit to sell—then we may have an opportunity for you.  
 Over 3,000 items to sell — tires, appliances, television, auto accessories, radios, wheel goods, sporting goods, toys, paint, etc. Every customer you contact needs something you have to sell.  
 Organized program — we help you be successful. Training materials furnished — future advancement to other jobs in Company for men who prove themselves.  
 The many products and large volume products, easy-payment plan for customers, and the prestige of a national recognized company make large earnings possible for aggressive salesmen. See Mr. Cenko at 117 S. Cuyler for appointment.  
 OPENING for two vacuum cleaner salesmen. We can offer you salary, commission, car allowance. A future with a well known company in the vacuum cleaner business. If you can sell and have a desire to make more money with opportunities for advancement, see manager at Singer Sewing Machine Co., 214 N. Cuyler. Come in at least. We can talk it over.

**HEY LOOK . . .**  
**THE PAMPA NEWS JOB SHOP**  
 Will Be Closed from Aug. 1st until Aug. 15th  
 We're closing down to give the crew a little time to fish 'n loaf before the "Fall Rush" begins (I hope!). I'll appreciate your anticipating your printing needs for this period and placing your order real soon so's we can "clear the hook" before we head for the tall timber.  
 Thanks,  
**BOB FUGATE and Gang**

## Perryton Personals

**By SUE WILLIAMS**  
Pampa News Correspondent  
Mrs. Louis Lammers and girls left Monday for Gunter, Colo., to visit her brother-in-law, John Lammers and family. Randy stayed here with his grandparents, Mr. and Mrs. R. T. Correll.

Mrs. Jennie Smith of India, Calif., and Mrs. Hattie Lerman, Chicago, Ill., are guests in the home of their sister, Mrs. George Leatherman.

Mr. and Mrs. J. L. McWhirter and Larry of Ingleswood, Calif., are guests in the John Tillerson home. Mrs. M. Whirter is a niece of Mrs. Tillerson.

Mrs. Benie Reimer returned last week end from a two-months visit in Albany, Ore., with her daughter and family. Mr. and Mrs. T. E. Derryberry and children.

Mr. and Mrs. Truman Evans of Oklahoma City visited in the home of her sister and family. Mr. and Mrs. L. C. Case and Virgil, last week end.

Mr. and Mrs. Carl Wilson and daughter of Mission, and Mr. and Mrs. H. H. Tillerson of Tyler are guests in the John Tillerson and Billy Lynn Conner homes.

Miss Nancy Dodd was a guest in the home of Mr. and Mrs. Don Stephenson and Gay of Lubbock recently.

Mr. and Mrs. Lawton Burton of Lawton, Okla. were guests in the home of Mr. and Mrs. Fred Osborne, Ann, and Buddy last week end.

Mr. and Mrs. Marion Tucker, Shellie and Steve and a niece Jeanene Erber all of Albuquerque, N.M., arrived last week for a visit with his parents. Mr. and Mrs. L. T. Tucker and friends. Tucker returned home, but Mrs. Tucker and children, and Miss Barber remained for a longer visit.

Mrs. J. M. Blasingame of Denver, Colo., formerly of Perryton returned home recently after visiting her son, L. D. Blasingame of Amarillo, and friends in Perryton.

Mr. and Mrs. R. B. McMillan, Jayson and Marilyn of Lakeview visited in the W. E. McMullen home recently.

Elm - Brown of Sapout, Okla., the father of Lewis Brown of Perryton, was found dead near his home last Tuesday. Death was apparently due to a heart attack.

Mrs. Ora Williams of Pampa visited her brother and sister-in-law, Mr. and Mrs. W. E. McMullen, recently.

New officers of the Odd Fellows Lodge were installed recently at the local hall. These officers include Mike Downey, past grand;

Roy S. 'mons, noble grand; Joe Cox, secretary; Don Thurman, financial secretary; Dempsey Maitland, treasurer; Frank Winn, RSN; V. R. Coon, LSN; Claude Cook, RSVG; Ivel Seago, LSVG; Ivan Moulton, ward; Elgie Cook, conductor; Hardy Hulse, RSS; Bob Doffer, LSS; Bernard Bryan, chaplain; Don Wilcox, IG; Frank Shaffer, OG.

Edd Stumpf of Houston, state president of the Junior Chamber of Commerce, made his official visit to the Perryton Jaycees recently and was honored with a barbecue at the county park, John Aiken of Hereford, regional vice president, made the trip to Perryton with the president. Members of the Perryton Toastmasters Club and Jaycees from Pampa and Liberal were special guests.

Approximately 60 young people from the First Baptist Church in Perryton attended the annual Canadian Baptist Association Youth Camp at Gipson Camp near Hardy last week. They were gone from Monday until Friday.

Mrs. J. W. Herrell and her daughter and family, Mr. and Mrs. Dean Thomas and children of Goodwell, Okla., were in Pampa July 9 to attend the wedding of Mrs. Ina Petrie and Gordon Reading. Mrs. Reading is a daughter of Mrs. Herrell.

Mrs. Agnes Harlow of Kingman, Kans., is visiting her son and family, Mr. and Mrs. Coke Harlow and Kim.

Mrs. Grace Woods of Kingman, Kans., is a guest of Mrs. C. E. Woods.

## 'Top Secret' Signs Back At Atom Lab

LOS ALAMOS, N. M. — "Top secret" signs were in place again Monday at the birthplace of the nation's atomic arsenal after 25,000 persons inspected the hush-hush nuclear workshop.

The sprawling Los Alamos scientific laboratories, established in 1943, held the first open house in its history over the weekend on the 10th anniversary of the detonation of the world's first atomic bomb.

It was anybody's guess when gates would again be opened to the areas where more than 3,000 scientists and technicians labor to perfect new and more powerful atomic and hydrogen weapons and to put the atom to peacetime use.

Quipped director Norris E. Bradbury: "We'll invite you back for our centennial."

All secret equipment and experiments, including A-bomb and H-bomb prototypes, were hidden during the two-day open house. But newsmen, families of Los Alamos workers and special guests toured the 77-square-mile laboratory with surprising freedom. Closed were the new facilities used for actual fabrication of test devices and nuclear weapons.

However, much that was left on display was made public for the first time. Scientists were on hand to sketch within recently relaxed security limits the techniques used in development of nuclear weapons as well as peacetime applications of atomic energy.

In 12 years of operation, the laboratory has designed and tested every single type of atomic and hydrogen weapon presently stockpiled in the United States. In addition, its scientists have set off more than 60 nuclear test devices and weapons and staged more than seven hydrogen explosions.

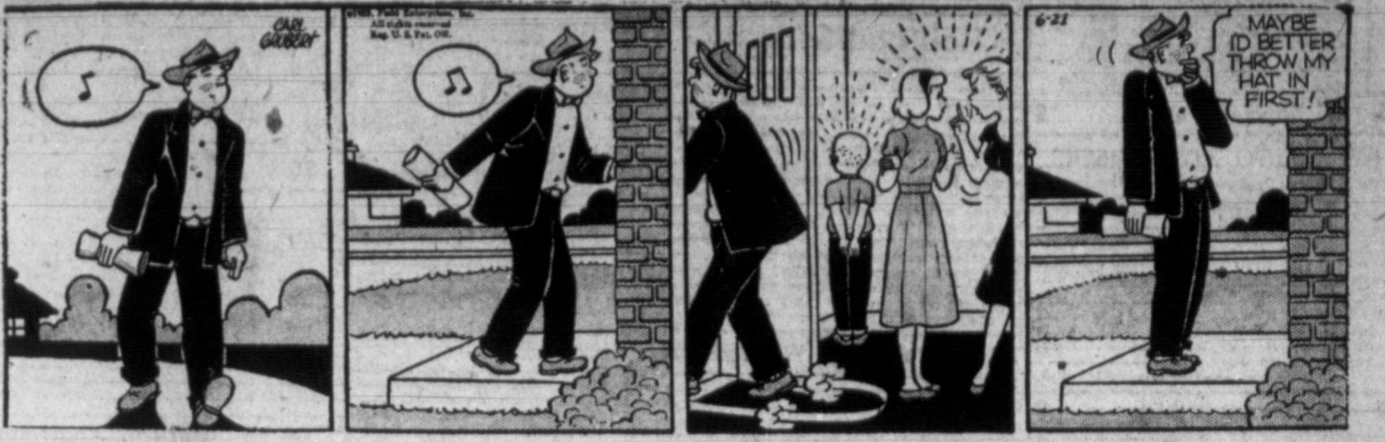

The post was left vacant by the official retirement last Dec. 31 of Judge William H. Atwell, 66, who has been on the bench 32 years. Despite his announcement of retirement, Atwell has been working full time, handling the civil docket in Dallas and civil and criminal dockets in San Angelo and Wichita Falls.

Estes came to Dallas in 1945 to resume a law practice he built up in the East Texas oil field before joining the Navy in 1942. During his naval service, he saw action in the Pacific as a lieutenant commander on the staff of an attack transport division.

He is vice president of the Dallas Bar Association. A brother, Carl Estes, is a Longview publisher.

The Cathedral of Notre Dame at Rheims, France, was begun in 1211 and completed in 1420.

## The Berrys

## Miami Personals

**By MRS. JOE CUNNINGHAM**  
Mr. and Mrs. Don Myers and Marsha of Denver City were visiting in the W. H. Carr home recently.

Mrs. Harvey Landrum has returned from a visit with her sister, Mrs. Clyde Loper and family in Colorado Springs, Colo.

Rev. J. V. Patterson and family have returned from vacationing in Abilene and Merkel. They were accompanied by Mrs. Charles Chapman and children who have been visiting in the Patterson home for three weeks.

Mr. and Mrs. George Philpott accompanied by Mrs. Harold Rasor spent the week end in Wellington, Kan., visiting relatives.

Mr. and Mrs. J. F. Schmidt and Mr. and Mrs. G. Schmidt of Pampa were Sunday visitors in the Ed Schmidt home.

Mr. and Mrs. J. D. Pritchard and Karen of Shamrock visited her mother Mrs. C. C. Carr and family Sunday.

Mr. and Mrs. Irvin Cunningham and daughter of Pampa were visiting relatives in Miami Sunday.

Mr. and Mrs. W. H. Carr and Gary were Amarillo visitors Monday.

## MAKING A GO OF LIFE

**By ROY L. SMITH**  
Read Acts 20:22-28

Spiritual health is our birthright. Just as it is every child's right to be well born, so it is every child's right to be healthy. The human body was created capable of carrying the load that would be laid on it; so also the human spirit was designed capable of living confidently amid the circumstances of life. The human spirit was "made to work."

Multitudes of people live below their privileges because they do not know what good spiritual health is, and, not knowing, they make no effort to attain it.

The late Jacob Kindleberger, the Michigan paper manufacturer, was brought to the United States as a little child by immigrant parents and put into school at the age of eight. No one was aware that he had less than 25 per cent normal vision, and the little fellow struggled along year after year, failing in his studies and accumulating a reputation for being "That dumb Dutchman."

When he was 16 years old a teacher, suspecting something was wrong, started an investigation that revealed the truth. Then he was fitted with glasses. Said Mr. Kindleberger: "When I looked out through my new glasses, I cried: 'I had never dreamed anything could be so wonderful and beautiful. It was a new world to me, though I had lived in it 16 years.'"

For millions of people life is a succession of terrors and frustrations because they do not know

they were created for victory. They go on living as victims in a prison-house of life, never knowing what life at its best may be. It's a world they know nothing about.

Thou hast planned that I should make a success of life. Thou hast endowed me with all the powers I need for average days, and thou dost stand ready to supply me with extra power when I need it. I shall not want, and therefore I shall not fear anything that can happen to me any day. Amen.

Can you remember the thing you worried so much about six months ago? It absorbed your best energies then, kept you awake, and tormented you unmercifully. Yet it seems pretty small today, even if you can remember it, which you probably cannot.

No Greater Handicap

WALPOLE, Mass.—UP—Though he lost his right arm in a mill accident six years ago, Karl Larson plays the electric guitar and has his own band. Larson plays his specially-made guitar with both feet, one knee, his left hand and an attachment on his artificial right arm.

The bride may be blushing, but you'd never know it. Both she and the groom wear heavy veils during their wedding at the Pakistan embassy in Washington. In a simple Moslem ceremony, Syed Barbar Ali, youngest brother of Pakistan Ambassador Syed Amjad Ali, was married to Perwin Ahsan. He had not seen her since October.

## Morocco Situation May Embarrass West At Geneva

**By CHARLES M. McCANN**  
United Press Foreign Analyst

The ugly situation which has developed in French Morocco may prove embarrassing to the allied negotiations in Geneva.

Premier Edgar Faure, who represents France at the summit conference, is being closely advised of the situation.

A representative of the Moroccan Independence party has called President Eisenhower asking him to demand that France stop the "massacres" in Casablanca, the Moroccan capital.

Morocco is not on the program for discussion in Geneva, nor are French North Africa and the "colonial" situation in general.

But when President Eisenhower suggests that Soviet Russia permit its satellites to choose their own forms of government, it seems logical to believe that Premier Nicola A. Bulganin would think "even if he did not say 'why not Morocco, too?'"

**Increasing World Tension**  
It seems logical, too, that leaders in Arab countries, other Moslem countries and all those who denounce "Western colonialism"

## End Expected To Argentina Dictatorship

BUENOS AIRES — UP—Political opponents of President Juan D. Peron kept a close watch on Congress Tuesday for signs that the days of dictatorship may be over.

Congress was in session Monday for the first time since Peron pledged to give up all special powers and to restore full constitutional government to the country. Congress had been in recess since June 30.

Legislators and the ministry of interior were expected to play leading roles in backing up Peron's pledge with action. Political observers believed this week could be one of the most crucial in the country's political history.

While the congressional session officially began Monday, it was not expected to produce any concrete action before Wednesday at the earliest. Congressmen from remote interior points were still on their way to the capital.

Legislators and the ministry of interior were expected to play leading roles in backing up Peron's pledge with action. Political observers believed this week could be one of the most crucial in the country's political history.

While the congressional session officially began Monday, it was not expected to produce any concrete action before Wednesday at the earliest. Congressmen from remote interior points were still on their way to the capital.

would think that Morocco is increasing world tension.

The situation in Morocco started to get really hot on June 11, when the French editor of a Casablanca newspaper was assassinated — by fellow Frenchmen — because he favored Moroccan home rule.

Things started to get explosive last Thursday. The French people in Casablanca were celebrating Bastille Day, the French national holiday, when native terrorists exploded a bomb on the terrace of a Casablanca cafe. Six persons were killed and 35 wounded.

The next day the French turned out. They had watched with growing resentment the attempts of Gilbert Grandval, the new resident general of Morocco, to start a program of increased home rule. Now they ran riot.

They looted, burned and lynched in the Medina, the native quarter of Casablanca.

Since then there has been rioting each day involving Frenchmen and Moroccans. Grandval has imposed martial law. Tanks have fired on mobs. French authorities estimate that up to 200 persons have been killed.

**Two Drastic Steps**  
Grandval took two drastic steps Monday in hope of stopping the rioting.

First he started a purge of the police force, accusing it of ineffectiveness in combatting riots, especially of failing to check French mobs. He fired the Casablanca police chief, a Frenchman.

Second, Grandval put two leading French politicians on a plane and sent them to Paris. They are Marcel Mattei and Jean Cambiazo. Mattei is secretary general of the "union for the French presence in Morocco." This powerful organization, which has important parliamentary support in France, is fighting home rule. Cambiazo was accused of complicity in fomenting riots.

Grandval arrived in Morocco as the new resident general on July 7. He faces a tough job if not an impossible one. But if he can just get the situation quieted down for the duration of the Geneva conference, he will have accomplished something.

The Cathedral of Notre Dame at Rheims, France, was begun in 1211 and completed in 1420.

than any other type bug killer

and it smells good, too

KEEPS ROOMS FREE OF FLYING INSECTS LONGER! Kan-Kil Bug Killer is easy to use—no spray gun necessary, no fuss, no mess! Just press the button. Kan-Kil Bug Killer is safe—non-inflammatory—contains no DDT—and it smells good, too. Leaves no typical insecticide odor. Proved fast, safe, effective. At all stores.

Another Dependable Colgate Product

### Important thought to keep in mind:

When it's safe to pass, make sure you've got the gasoline that lets you enjoy full working octane performance. Stop at your Gulf station and ask the man for New Super-Refined GULF NO-NOX. And make sure your engine is protected with New Gulfpride H.D. Select, the motor oil that controls carbon.

## New Gulf No-Nox Gasoline delivers not just the highest octane but full working octane because it's super-refined to burn clean

See what a difference Gulf super-refining makes. Gulf takes out the "dirty-burning tail-end" of gasoline—at the refinery—to bring you new clean-burning GULF NO-NOX.

Now! For the ultimate in working octane performance, always use Gulf's super-refined gas-oil team... New Gulf No-Nox Gasoline and New Gulfpride H.D. Select Motor Oil

The only motor oil super-refined by the Alchor Process for modern high-compression engines.

- Controls carbon
- Combats corrosive acids, rust and deposits
- Assures lower oil consumption
- Provides the toughest protective film ever developed in a motor oil

Available in 3 grades—SAB 10W, SAE 20/20W, SAE 30.
