BIG SPRING, TEXAS, FRIDAY, MAY 21, 1954

NO. 28

## Close To 1,000 Take Telephone Tour Yesterday

Approximately 1,000 people saw their telephone system close-up Wednesday, and virtually all were amazed at the seeming complexity of the operation.

Their tour of two plants was part of an open house program by Southwestern Bell Telephone Company which continues today and Friday from the hours of 2 p. m. to 4 p. m. and from 6:30 p. m. to 9 p. m.

Besides seeing a variety of technical equipment in operation, visitors also had a chance to try to beat electronic Tic Tac Toe machine with no better than a chance to tie. They saw a mechanical mouse which eventually wound his way through a maze to his "cheese" and then, with unerring accuracy, hurried along his route in a perfect beeline for the bait.

Telephone employees kept the groups moving steadily along the displays of dial switches which make possible the selection of numbers; the department where phone trouble is spotted; the point where thousands of tiny pairs of wire enter the building; the generators which convert regular current into the DC needed for phone operations; big storage batteries; cable splicing; construction trucks; mobile telephones; the parts required for telephones in one house; how dial tone system helps put long distance calls into millions of homes and businesses across the nation; how business office personnel quickly located cards and service inquiries; how toll line trouble is handled; how information calls are processed.

Big Spring in 1945 had 3,236 phones; today 8,738; in 1945 had 71 employees and \$97,200 payroll; today, 112 employees and \$333,000 payroll; had 865 long distance calls per day and now 1,360; had 12,127 calls and now 45,583 per day.

## Lions Prepare To Push Tickets For Horace Heidt Show

Lions Club members were told Wednesday that the time is at hand to pour on the coal for the Horace Heidt show which comes here the evening of May 26.

Fred Stitzel, general chairman of arrangements for the production which brings the famous band leader here in person, together with his troupe, urged early reservation at Lynn's Jewelers.

Meanwhile, talent contest has been held for selection of a trio of local numbers for presentation in a section of the Heidt production.

Besides the maestro, who gained renown in a number of ways but more recently for his youth opportunity auditions, there will be the Musical Knights; Ralph Sigwald, termed the "Caruso of the South"; Johnny Standley, creator of the hilarious "In the Book" and other comic recitations; Dick Kerr, Elizabeth Lynch, Reita Green, and other graduates of the "Youth Opportunity Program."

The show is to be presented at the City Auditorium.

Also on the program at the Lions Club Wednesday was projection of a Civil Defense film showing operation Ivy, the detonation of the hydrogen device on the Pacific.

## Settlement Made In Damage Suit

A compromise settlement for \$300 was approved in 118th District Court Wednesday in a suit for damages filed by Melvin Bryant against Mr. and Mrs. Roy Lassiter.

The suit was filed Wednesday, also. In the suit Bryant and his mother, Mrs. Ruth Bryant, asked judgment for \$515, alleging damages resulted from a collision between Bryant's motor scooter and a car driven by Mrs. Lassiter. The mishap occurred Nov. 30 at 18th and Runnels. The plaintiff suffered a leg fracture.

## Staying On Right Side Of The Law

A building caretaker was taking care that he was on the right side of the law this morning.

While cleaning up an old warehouse at 214 West 4th, he found two old slot machines. He immediately called sheriff's officials, stating that he feared he would be accused of violating the law.

Sheriff's deputies confiscated the slot machines and took them to the courthouse.

## Crushed To Death

DALLAS (AP)—Dave Nelson Jr., 25, a laborer, was crushed to death yesterday when a 14-foot concrete tile wall of a building under construction here collapsed.

## THE WEATHER

BIG SPRING AND VICINITY: Partly cloudy and warm this afternoon, tonight and Friday. Scattered showers Friday.

High today 85, low tonight 61, high Sat. 82.

WIND: Light to moderate from the south.

MOON: Sets 7:50 p. m. Rises 4:15 a. m.

RAINFALL: 0.10 inch.

WARMER

Flood Washes House Away

The R. E. Oldrup home in the southeastern New Mexico city of Roswell floated a block down the Spring River channel as a flash flood inundated many sections of the city. More than 750 were forced to flee their homes and military officials said 400 remained homeless. Vast areas of eastern New Mexico, parched by a long drought, have been flooded by severe thunderstorms. More storms were forecast. (AP Wirephoto).

## Remodeling Project Slated For Shopping Center On 11th Place

First unit of an extensive remodeling and construction program enlarging the Eleventh Place Shopping Center will be started soon, Jess Thornton announced today.

The \$58,000 program will result in a net increase of 10,225 square feet of floor space. One of the effects will be to provide for major enlargement of the Piggy Wigly food store and doubling the space for Lewis & 10 store.

The initial unit is to be a new building, 50x90 feet, which will house two businesses now in the center, plus an office space. It will be located at 1002 Eleventh Place across the street from the present center. Contract has been let to Pioneer Builders of Big Spring for the structure which will cost approximately \$15,000.

This building is to be brick with windows and doors trimmed in redwood. The store front will be conventional with standard glass doors.

## O. O. Murray Dies Wednesday

Owen Oxford Murray, 67, died in a hospital here Wednesday afternoon after an illness of two days duration.

Mr. Murray had lived in Big Spring for the past 18 months. Prior to that he had resided in the Luther community.

He is survived by his wife, three sons, B. B. Murray of Dinuba, Calif., K. B. Murray of Dallas, Max Murray who is serving in the U. S. Navy in San Francisco; three daughters, Mrs. J. D. Culp of Carlsbad, Mrs. E. Kemp of Decatur, Mrs. Eibert Dalton of Corpus Christi; three brothers, G. G. Murray of Eric, Okla., H. H. Murray of Amarillo, L. L. Murray of Sulphur Springs; two sisters, Mrs. C. C. Gilbert of Corlon and Mrs. W. O. Richardson of Abilene.

Seventeen grandchildren also survive.

Funeral services were set for 2:30 p. m. today at the Eberly-River Chapel. The Rev. Roy O'Brien was to officiate.

Burial was to be in Trinity Memorial Park.

Palibearers were to be Webb Nix, Herman Scott, Norvin Smith, Alton Smith, John Kirkpatrick and Rex Martin.

Funeral services were set for 2:30 p. m. today at the Eberly-River Chapel. The Rev. Roy O'Brien was to officiate.

Burial was to be in Trinity Memorial Park.

## IN UNITED FRONT MOVES

### New Strain In Relations With British Is Feared

By JOHN M. HIGHTOWER  
WASHINGTON (AP)—Any initial coalition formed to deal with the war in Indochina probably will be set up without the British, and officials here fear this will impose new strains on American-British relations.

U. S. authorities said today this government would not under any circumstances cease to hope and work for an active British role in the united front which President Eisenhower and Secretary of State Dulles are trying to create.

But present British policy bars any commitments until the outcome of the Geneva conference on an Indochina armistice is known. That may be many weeks away.

The United States, and apparently France and several other interested nations, are not willing to wait that long. If other problems can be solved, it is possible that some kind of informal coalition can be set up in the next three or four weeks.

Eisenhower told a news conference yesterday he thought that a workable united front could be arranged provided the proper Asian nations and Australia and New Zealand would join.

State Department officials are

Operations will start at once in hopes that Landers Cleaners and the Eleventh Place Shopping Center can move into it by July 1.

Contract for remodeling and enlarging a major portion of the present center has been awarded to Tidmore Construction Company. The space now occupied by cleaners and beauty shop will be included in the enlarged Piggy Wigly store and will be increased to maintain an over-all dimension of 120x100 square feet as compared to the present 65x120.

In addition, there will be an 11-foot awning around the new and existing portions of the food store plant. It will extend around the east side for 23 feet to shield new double doors which will provide an entrance from the east side.

All the west wall of the present food store will be knocked out and a new 12-in wall will be raised on the west side. The present 13½-foot ceiling will be maintained.

Front of the new portion will be bricked solid from the interior but will contain two bulletin-type display windows from the exterior. Redwood trim will be maintained. The sidewalk will be widened from the present 6 to a new figure of 10 feet.

The contract for making a 60x40 addition to the 5 & 10 store has been awarded to Pioneer Builders. The enlargement will cost approximately \$13,000 and will double the space for the store. The job will be completed by June 15.

See PROJECT, Page 2, Col. 8

## De Valera's Votes Slim

DUBLIN (AP)—Former Premier John A. Costello's coalition appeared almost certain today to tumble Prime Minister Eamon de Valera from office. Counting of ballots in Ireland's parliamentary elections entered its final phase.

De Valera's Fianna Fail (Men of Destiny) party was still the republic's largest faction, but in the voting yesterday it polled about 10 per cent under its showing in the last general election three years ago.

In 1951 the forces of the 71-year-old, nearly blind "Dev" just squeezed into office. In recent months they had only a two-vote majority in the 147-seat Dail (Parliament).

It appeared that Costello's coalition, if victorious, would not command much more of a majority.

With 144 seats at stake in the voting, the count by mid-morning had given De to the coalition, 59 to Fianna Fail and 4 to Independents. This was the standing in the coalition: Costello's Fine Gael (United Ireland), 43; Labor, 15; Clann Na Talbhan (Farmers), 5; Clann Na Poblachta (Republicans), 3.

## Move To Slash Oil Depletion Aid Loses

WASHINGTON (AP)—An attempt to cut the oil and gas tax depletion allowance to 15 per cent was defeated in a closed-door session of the Senate Finance Committee yesterday, a member reported.

Oil and gas operators are allowed to deduct 27½ per cent of their gross income from oil and gas properties in figuring their income tax. Supporters of the allowance say it is necessary to encourage search for oil and gas.

## Alamo City Negroes Seek Use Of Parks

SAN ANTONIO (AP)—Representatives of San Antonio's Negro population have served notice they will seek "unlimited free use" of all municipal parks, swimming pools and other public recreational facilities.

A delegation from this city's branch of the National Assn. for the Advancement of Colored People conferred yesterday with City Manager Ralph Winton and parks and recreation director Alvin Schmidt.

Reporters were present at the meeting, the first such move locally since the Supreme Court decision Monday which eliminated segregation in schools.

Winton told the NAACP group that the matter would be taken under advisement and indicated a reply to its request after a legal opinion is obtained.

ers and beauty shop will be included in the enlarged Piggy Wigly store and will be increased to maintain an over-all dimension of 120x100 square feet as compared to the present 65x120.

In addition, there will be an 11-foot awning around the new and existing portions of the food store plant. It will extend around the east side for 23 feet to shield new double doors which will provide an entrance from the east side.

All the west wall of the present food store will be knocked out and a new 12-in wall will be raised on the west side. The present 13½-foot ceiling will be maintained.

## J. B. Schultz Dies In Sleep

J. B. Schultz, 57, who had spent nearly two store years in the service of the Texas & Pacific Railway Company, died in his sleep at his home, 402 Dallas, Wednesday night.

The veteran locomotive engineer had suffered a heart attack in April and seemingly was convalescing when complications arose.

Funeral has been set for 5 p. m. Saturday at the Valley Chapel with the Lyle Price, Church of Christ minister, officiating. Burial will be in the Trinity Memorial Park.

Born in Durango, Texas on Jan. 24, 1897, he came to Big Spring with his parents in 1909 from Shirley, Okla. Six years later, at the age of 18, he went to work for the T&P.

Mr. Schultz entered T&P employ as a machinist helper on Nov. 2, 1916 and was made locomotive fireman on Dec. 20, 1917. He served in this capacity until June 8, 1941. From April of 1949 until March, 1951, when he wanted to go back to his old station, he served as road foreman of locomotive engines.

## Eden Seeks To End Deadlock At Geneva

GENEVA (AP)—British Foreign Secretary Anthony Eden planned private talks with top Communist delegates today in another try to get the deadlocked Indochina conference moving. Formal negotiations were suspended for the day.

The latest snarl was due to continued Red demands that the Communist "resistance governments" of Laos and Cambodia be invited to Geneva. The Western Big Three regard these as Communist-invented "phantom" regimes with no following and no right to representation.

Negotiations dragged to a complete standstill last night after three long secret sessions between the nine participating delegations. A proposal by Eden for a one-day "cooling off" period was accepted, and the talks were suspended until tomorrow afternoon.

Molotov invited Eden to dine with him tonight. In preparation for their talk, Eden conferred with French Foreign Minister Georges Bidault and U. S. Under Secretary of State Walter Bedell Smith.

An hour before they met, Chou called on Eden. A British source said the Chinese Communist leader was returning a call the British secretary had paid to him last week.

## Meet Set To Plan Political Realties

Candidates for office in Howard County will meet Saturday at 10 a. m. to select a chairman to arrange for political rallies.

The meeting was called by the County and it is to be held in the County Court room on the second floor of the courthouse.

# 'Searching' Inquiry Set Into Trade With China

## Warning Against Disease Danger Voiced By Fox

Precautions against disease were urged today by Lige Fox, city sanitarian, as stagnant flood water still covered the lowlands area along First and Second Streets in western Big Spring.

Immunization against typhoid is to be started at the health unit at 10 a. m. Friday.

The Red Cross still asked that victims of Monday night's flood call at the Red Cross office in the courthouse to register for emergency relief and rehabilitation.

Flood water continued to stand more than a foot deep in much of the inundated section. Jake Morgan, Red Cross disaster chairman, said the water level had dropped only about three or four inches since Wednesday morning.

Runoff was still flowing into the area from the north and west, just about equalling the volume which managed to drain away through the almost-flat channel along the T&P Railway through Big Spring.

Survey teams of the Red Cross and other agencies had not been able this morning to complete an assessment of damages, due to the water. Morgan said, however, that the flood had receded below the floor-level of some homes.

Fox warned that residents of the area should take every precaution possible to avoid infection and disease.

"Since the flood washed over a large area where many kinds of contamination exist, contact with this water could be dangerous," he asserted. "Where water is still standing, exposure to or contact should be avoided."

The sanitarian said that children in particular should be kept out of the water and not be permitted to wade in the pools and lakes.

Skin infection or more serious diseases may result, he warned.

Insecticides and germicides will be sprayed over the area as soon as it is possible to move in with equipment, Fox said. He reported that city water is safe as no breaks have occurred in lines, and any faucet which is above the water level is safe for use.

He said food supplies should be discarded from refrigerators if there is any question as to its safety. Electric and gas connections should be checked as residents move back into their houses.

The sanitarian also recommended that houses be given a thorough scrubbing with soapy water, containing a germicide.

Morgan said families in need of food, essential household furnishings, clothing, or repair of occupied homes should come to the Red Cross office and make application for rehabilitation assistance. A grant from the national Red Cross will be secured as soon as extent of needs is determined.

## 110 French Injured Now Evacuated At Dien Bien Phu

HANOI, Indochina (AP)—Evacuation of wounded from Dien Bien Phu had climbed today to 110 men as helicopters and light planes kept up their steady shuttle to the captured fortress.

(A French Press Agency dispatch received in Paris said more wounded were expected to arrive in Hanoi today.)

Despite the slowness of the helicopter lift, the French hoped to complete in less than two weeks the removal of the wounded, the Vietnam said they would release.

French military sources said they knew nothing about rebel plans to release Dien Bien Phu's lone French air force nurse, Miss Genevieve de Galard Terrance, as announced by a Vietnamese spokesman in Geneva yesterday.

In Saigon, the Cao Dai religious sect's tough private army, estimated at more than 10,000 men, was formally integrated today into the growing Vietnamese national force.

Meanwhile, the French stepped up their air assault on Provincial Highway 41, over which the rebels are shifting troops from Dien Bien Phu to the Red River Delta.

## Plans For School Project Available

Plans and specifications for Lakeview School Building are available for inspection at the Chamber of Commerce office. It was announced by Manager J. H. Greene.

Proposals will be received on the general construction until Thursday, June 3, at the Senior High School cafeteria. The general construction includes plumbing, heating, ventilating and electrical work.

Greene said that the plans and specifications can be taken out of the Chamber office overnight or over the weekend, but they must be back in the office between 9 a. m. and 5 p. m. each day.

## TYPHOID SERUM FOR THOSE IN FLOOD AREAS

Typhoid serum is available to all those affected in the Monday night Big Spring floods, and use of the serum is strongly advised by the Big Spring-Howard County Health Unit.

The serum will be given from 10 to 12 a. m. Friday at the Health Unit offices, 209 East Second Street, under supervision of Dr. J. E. Hogan, city health officer.

The Health Unit said cooperation of all people in the flooded areas is urgently requested. The serum is deemed extremely important to prevent outbreak of typhoid.

Mundt said he plans now to go ahead Monday with hearings and that "I wouldn't anticipate any more recesses" as long as the current week's one.

A reporter asked Mundt about speculation that McCarthy might refuse to participate in the resumption.

"Do you expect McCarthy will be there Monday?" the reporter asked.

"I'm here going to guess," Mundt said, but emphasized he was not basing that on any commitment from McCarthy.

McCarthy himself told reporters after the talk with Mundt that he still is "at a loss" about his next move.

McCarthy, who calls the presidential order a "gag," said of it: "It is ridiculous beyond comprehension to have the President and the Secretary of the Army say they want all the facts on the table in these hearings and then have them support this order."

Sen. Potter (R-Mich.) said he knows of no way McCarthy could be forced to take the witness stand in the investigation if the senator should decide to walk out.

Sen. Mundt (R-S.D.) voiced a "guess" today that Sen. McCarthy will not boycott resumption of the McCarthy-Army hearings now scheduled for Monday.

## Stassen Answers McCarthy Blast

By JACK BELL  
WASHINGTON (AP)—Chairman Bridges (R-NH) said today the Senate Appropriations Committee will make a "searching inquiry" into the extent to which free world allies have agreed to relax bans on trade with Red China.

Bridges' plan for an investigation of this issue came after Sen. McCarthy (R-Wis.) told the Senate yesterday it would be "criminal folly" not to cut off U. S. financial aid to nations which ship the "sinews of military and economic strength" to the Communists.

McCarthy had barely finished his floor address before Foreign Aid Administrator Harold E. Stassen shot back with a statement

that what the senator said was "fantastic, unbelievable and untrue."

Stassen, who has tangled with McCarthy before, said, "We are steadily building for peace under President Eisenhower's leadership." And in an obvious reference to McCarthy's televised tangle with Army officials, Stassen declared, "Sen. McCarthy is frantically reaching for diversionary headlines after the sorry spectacle of his record in recent hearings."

McCarthy, in what he said was a "painful and unpleasant" discussion of Republican "shortcomings," called for the lifting by Stassen of "every type of material which we have agreed that our allies can ship to our enemies."

Bridges said in an interview today that the appropriations group, which passes on foreign aid funds, "already has taken cognizance of Stassen's statements indicating a weakening of the ban on trade with the Reds."

"We will want to go into this matter very thoroughly and see that the aid we are giving, or its equivalent, is not directly or indirectly filtering into Communist hands," he said.

Stassen's statement said a full accounting of the administration's "successful administration of trade controls" was given in a report to Congress made public Sunday.

In that report Stassen portrayed free world trade with the Communist bloc as a whole as declining in 1953. While commerce with Red China crept up at least temporarily, he said, "the glittering prospect of a vast and lucrative trade" which traders envisioned with the Chinese mainland "was not materialized."

McCarthy told reporters his Senate speech was no "one-shot affair"—that he intends to pursue the subject further.

He said that while he disagreed with some policies, he had supported Eisenhower in 1952 and would do so "if he were running now, because I think his batting average is high."

"I am painfully aware—very painfully aware—of the facts that today's suggestions for a general plan of action by the United States in the Far East will be hailed by some as 'an attack upon the Eisenhower administration,'" McCarthy said.

"However, with the world going up in flames and our civilization facing the imminent threat of further Communist enslavement, every senator and every congressman has a duty to add whatever contribution he may have—hoping that if all suggested courses of action are freely discussed and carefully considered we may arrive at the proper solution."

Moore Field Gets Completion; Location Spotted In Sterling

A completion in the Moore Field of Howard County and a new location in the Parochial Bade Field of Sterling County were reported today.

John I. and P. D. Moore's No. 3 Dunagan was finished in the Moore area for a 24-hour pumping potential of 154 barrels of oil.

Trans-Tex No. 1 McKee, C NE NW, 23-33-3n, T&P survey, made it to 4,940 feet in lime.

Seaboard No. 1 Dean, C SE NW, 3-3-TTRR survey, hit 7,478 feet in lime and shale.

Magnolia No. 1 J. H. Foster, C NW NW, 23-33-4n, T&P survey, is coring at 2,042 feet in Dean sand.

Phillips No. 1-B Clayton, C NW SE, 17-32-4n, T&P survey, has a plugged back total depth of 8,250 feet.

Union No. 1 Clarence Porter, C NE NE, 17-32-3n, T&P survey, was reportedly running logs at 8,280 feet this morning.

Stanley No. 1 H. D. Beal, C SE SW, 24-31-3n, T&P survey, got down to 5,433 feet in shale and lime.

Republics Natural Gas Company No. 1 McDowell Estate, C SE NW, 24-31-3n, T&P survey, is rigging up.

Seaboard No. 1 Simpson, 3,105 from south and 487 from east lines, 24-33-3n, T&P survey, reached 7,285 feet in lime.

Phillips No. 1-B Clayton, C NW SE, 17-32-4n, T&P survey, has a plugged back total depth of 8,250 feet.

Union No. 1 Clarence Porter, C NE NE, 17-32-3n, T&P survey, was reportedly running logs at 8,280 feet this morning.

Stanley No. 1 H. D. Beal, C SE SW, 24-31-3n, T&P survey, got down to 5,433 feet in shale and lime.

HOSPITAL NOTES

BIG SPRING HOSPITAL
Admissions - Turner Ferguson, Rt. 2; Jonell McDaniel, 1309 W. 3rd; Robb Murphy O'Brien, Box 430; Alice Hootin, Ellis Home; Joyce Spears, Jal. N. M.; Raymond Spear, Jal. N. M.; Caffie Thomas, 611 Nolan; Charley Brown, Vincent; Marie Childers, Vealmoor.

Discharge - Leon Randall, Brownfield; J. C. Waits, 102 Lincoln; Harold Smith, 1402 Graft; Fayle Bennett, Rt. 1; Dehila Crutcher, Stanton; W. F. Armstrong, Ackery; W. D. Anderson, Luther; Mary Munoz, Gen. Del.

A&M Installs New President Formally

COLLEGE STATION, Tex. (AP) - Dr. David Hitchens Morgan today formally became the 13th president of Texas A&M College.

He was installed by Dr. M. T. Harrington, chancellor of the A&M system. Representatives of many colleges and universities attended.

Dr. Morgan was named president last September. He came to A&M from Colorado A&M and served a year as dean of the college. He succeeded Dr. Harrington as president.

An inaugural luncheon, review of the Cadet Corps and the president's reception followed the ceremonies.

In his inaugural address, President Morgan said that "the first concern of a new president at A&M, of course, is financing an educational institution second to none in the country, as befitting the land-grant college of this state noted for its 'biggest and bestest.'"

Piggly Wiggly Store To Be Expanded In New Project

Innovations in some departmental treatments will be made possible by increasing floor space more than one-third in the Piggly Wiggly store, Bob Spears, manager, said Thursday.

One of the immediate effects of adding 4,500 square feet will be to provide for more display, Spears pointed out.

Of considerable interest will be the changes which will be possible for the meat department. The new arrangement will yield 84 feet of self-service display in the market department, but at the same time the back-boards and mirrors will be removed to give a clear view of the work room.

This will permit easy contact between customer and those engaged in preparation of the meats and market products. Frozen food space will be increased to 57 feet, said Spears.

This will more than double this department and permit a wider stocking range. The ice cream space will be increased to 21 feet; the produce department will be enlarged to 42 feet of floor space.

On the west side there will be six produce dump tables in addition to other produce area.

Spears said that the store area would include 705 running feet of shelving of the same type now in use for display of staples. These will permit a full and easy view of the entire store.

There will be six automatic checking stalls with the conveyor or system which moves items out of the way as they are checked. In all there will be 9,000 square feet devoted to merchandising. The remaining 3,625 will be devoted to servicing, vaults, preparation, storage. One feature of the enlarged quarters will be a 25x25 two-story section on the northwest corner.

Spears said that all motors, condensers, heat exchangers, etc. would be kept at second floor level to eliminate noise. The lower floor portion in this area will be for dry storage.

Addition of a double door on the east side will facilitate entry to the store, Spears pointed out. Arrangements will be made to continue business as usual insofar as possible during the construction period.

Bomber Has Motor Difficulty Here

A B36 bomber circled low south of Big Spring for a brief time Thursday morning while checking trouble that put one propeller engine out of commission.

This left the big ship with five 3,800 hp propeller motors functioning in addition to four jets. After ascertaining the difficulty, the big ship departed for Walker AFB at Roswell, N. M.

Vietnamese Poet Ends Peace Fast

GENEVA (AP) - Vo Song Thiet, 45-year-old Vietnamese poet, took a few sips of fruit juice and liquid foods today to end the "death fast" he started 16 days ago.

Collision Reported

Jennylyn Street, 1808 Owens, and Grady Lane Wilbanks, 513 Hillside Drive, were operators of automobiles involved in a collision at 10th and Goliad Streets about 8:30 p.m. last night.

Officers said there apparently were no injuries.

PROJECT

(Continued From Page 1) done jointly with the food store and will call for an eight-inch wall on both sides of the building.

Tentative schedule calls for completion of all the work in approximately 3 1/2 months. The center development was started by Thornton in 1946 where the 5&10 store now is located. Subsequently he added the building building which now houses Bell Pharmacy, then the units to the east occupied by the beauty shop and cleaners. In 1960 the larger space was provided for the food store.

Borden

Texas Pacific Coal and Oil No. 1-A W. D. Johnson, 680 from south and 1,927.3 from west lines, 6-32-4n, T&P survey, is running 5 1/2 inch casing to 8,250 feet.

Seaboard No. 1 Simpson, 3,105 from south and 487 from east lines, 24-33-3n, T&P survey, reached 7,285 feet in lime.

Phillips No. 1-B Clayton, C NW SE, 17-32-4n, T&P survey, has a plugged back total depth of 8,250 feet.

Union No. 1 Clarence Porter, C NE NE, 17-32-3n, T&P survey, was reportedly running logs at 8,280 feet this morning.

Stanley No. 1 H. D. Beal, C SE SW, 24-31-3n, T&P survey, got down to 5,433 feet in shale and lime.

Republics Natural Gas Company No. 1 McDowell Estate, C SE NW, 24-31-3n, T&P survey, is rigging up.

Dawson

Seaboard No. 1 Dean, C SE NW, 3-3-TTRR survey, hit 7,478 feet in lime and shale.

Magnolia No. 1 J. H. Foster, C NW NW, 23-33-4n, T&P survey, is coring at 2,042 feet in Dean sand.

Phillips No. 1-B Clayton, C NW SE, 17-32-4n, T&P survey, has a plugged back total depth of 8,250 feet.

Union No. 1 Clarence Porter, C NE NE, 17-32-3n, T&P survey, was reportedly running logs at 8,280 feet this morning.

Stanley No. 1 H. D. Beal, C SE SW, 24-31-3n, T&P survey, got down to 5,433 feet in shale and lime.

Republics Natural Gas Company No. 1 McDowell Estate, C SE NW, 24-31-3n, T&P survey, is rigging up.

Howard

John I. and P. D. Moore No. 3 Dunagan, 330 from north and 1,655.24 from east lines, 19-33-1a, T&P survey, pumped 154 barrels of oil in 24 hours on potential test.

Gravity of oil is 31 degrees, and the gas-oil ratio on test was too small to measure. Elevation is 2,527, total depth is 3,260, the 5 1/2-inch goes to 3,168, and the top of pay is 3,168.

Operator acidized with 1,000 gallons and fractured with 4,000 gallons. This project is about six miles southwest of Big Spring in the Moore Field.

American Republics No. 1 Mollie B. Puckett, C NE NW, 10-32-3n, T&P survey, is pulling core from 19,010 to 10,090 feet.

Lone Star No. 1 Merworth, C NW SE, 22-32-3n, T&P survey, dug to 9,435 feet in lime.

Lone Star No. 1 Bryson, C NW SW, 22-32-3n, T&P survey, reached 8,000 feet in lime and shale.

Champlin No. 1 Myers, 330 from north and west lines, 6-32-2n, T&P survey, hit 6,043 feet in lime and shale.

Pan American No. 1 Iden, 330 from south and 660 from east lines, 28-32-3n, T&P survey, has bit turning at 6,658 feet in shale and anhydrite.

Mitchell

Maner Graham No. 1 Mollie Van Horn, 680 from south and 330 from east lines, 35-28-1n, T&P survey, has a total depth of 3,158 and was plugged back to 3,127. Operator has been unable to make pumping gauge.

Sterling

Boynkin Brothers et al of Big Spring spotted their No. 4 Boynkin Brothers and Roche et al in the Parochial Bade Field about nine miles west of Sterling City. Location is on a 209.05 acre lease and elevation is 2,519 feet.

Projected drilling depth, by cable tools, is 1,500 feet. Operations were to have started Wednesday. Drillsite is 330 from south and west lines, 22-22-R&T survey.

Compensation Suit Filed In Court Here

Guillermo Rangel asks judgment for \$10,025 in a suit for compensation filed in 118th District Court here against the Superior Insurance Company.

Rangel alleges he was totally disabled in an accident which occurred last July 24. He was an employee of Cooley Construction Company working on the Permian Building, at the time.

The petition states that Rangel was pushing a wheelbarrow loaded with concrete on a ramp between the third and fourth floors of the building. When his foot slipped, he plunged into an elevator shaft and fell three and a half floors into the basement of the building.

Injuries to Rangel's head, neck, back, legs and arms resulted, the petition claims.

\$500 Bond Set

William L. Taylor, arrested by police Wednesday evening in the 800 block of West 3rd, pleaded not guilty in Howard County Court this morning on charges of driving while intoxicated. His bond was set at \$500 pending trial.

Livestock Market Steady To Strong

The market was steady to strong at the Big Spring Livestock Auction Company's sale Wednesday, at which time an estimated 700 cattle and hogs were sent through the ring.

Good bulls sold for 15.00 with a few even higher, butcher cows went for 9.00 to 12.50, with a few cows bringing even better prices.

Fat butcher yearlings went for 12.00 to 22.00, stocker steer yearlings for 18.00 to 20.00, cows beside calves from 125.00 to 150.00 and hogs up to 27.00.

**Engagement Announced**

Mr. and Mrs. Ernest Hill of Robstown announce the engagement of their daughter, Penny Ernestine, to Johnny Preston Tunnell, son of Mr. and Mrs. Gordon Tunnell of Stanton. The wedding will be June 23 at the First Methodist Church of Robstown.

**LOCAL TEACHER TO WED IN FALL**

Mr. and Mrs. Mark W. Strickland of Rotan have announced the engagement and approaching marriage of their daughter, Jayne Adele, to Dr. Charles G. Race Jr., son of Mr. and Mrs. Charles G. Race of Fort Worth. Miss Strickland is a graduate of McMurry College, Abilene, and is now teaching at West Ward School in Big Spring. Dr. Race is a graduate of the University of Texas Medical School and is associated with the Big Spring Clinic and Hospital.

The wedding will take place in September.

**Rhynes Of Cisco Visit In Ackerly**

ACKERLY — Mr. and Mrs. W. E. Rhyme of Cisco have been here visiting their daughters and their families, the Otto Cozarts and the Pete Belaves.

Mr. and Mrs. O. F. Rhea Jr. are the parents of a son born Tuesday at Lamesa General Hospital. He has been named Royce Lynn. Curtis White has been confined to his bed because of illness. Mr. and Mrs. James Wells and children recently visited her parents, Mr. and Mrs. S. D. Moore in Lamesa.

**HD Club Hears Review**

"Wind Against Stone" was reviewed by Mrs. W. H. Ward for the Fairview Home Demonstration Club Wednesday afternoon at the meeting in the home of Mrs. W. A. Langley. Mrs. Sue Newman, HD agent attended with 12 members. The next meeting will be June 8 in the home of Mrs. E. A. Williams.

**Busy, Busy, Busy**

That's the way to describe Paula Kelly who is wife, mother of three, night club entertainer, TV star and recording artist. The famous singer tells Lydia Lane how to be busy without getting tired.

**HOLLYWOOD BEAUTY**

**Get Relaxation Into Your Busy Schedule**

By LYDIA LANE  
HOLLYWOOD — Paula Kelly is one of the busiest girls in Hollywood. She appears regularly on the Bob Crosby TV show, works in night clubs, records with her vocal group, the Modernaires, and has a husband and three young daughters.

"It's very fortunate for me," Paula told me in her dressing room at CBS last week, "that my husband and I sing with the same group because I think it must be really tough when you are forced to decide between a career and

**MORE ON RELAXATION**  
You'll be able to plan lots of relaxation tricks when you get a copy of leaflet M-15, "Relaxing Exercises of the Stars." Added, Gloria Swanson's routine for staying youthful. Get your copy by sending 5 cents AND a self-addressed, stamped envelope to Lydia Lane, Hollywood Beauty, in care of the Big Spring Herald. Remember to ask for M-15.

marriage—that is if you have been career-minded as long as I have." Paula told me she started a vocal trio with her sisters while she was in the eighth grade and later toured with Major Bowes. "I've also toured with bands," Paula confided, "and I really feel I know what this country is like. "Did you find it difficult to keep up your appearance when you were traveling so steadily?"

"It's not easy," Paula remarked, "but it's not impossible. You have to budget your time, and you really learn to make every minute count. This comes in very handy today when I am juggling my interests between being a mother and a career girl."

"You know they say if you want something done quickly and well ask a busy person to do it. And I feel this is so true because a person with little responsibility never learns the discipline of making every moment count."

"I don't mean by this that you should drive yourself—that's a big mistake. When you don't get sufficient rest you are headed for a breakdown. I find it helpful to take cap naps. I learned this when I was traveling with a band. I could curl up almost anywhere and grab a little sleep. "Even if you can't sleep, it's a great help to take a break whenever you feel yourself getting tired," Paula added. "Try to go to a window and fill your lungs with good fresh air. If it's terribly hot I relax for a moment and sip a glass of iced tea. Ever-one responds to something different but it's worth while finding out what gives you the maximum of relax-

**Flower Clinic Attended By Local Women**

Nine Big Spring women attended the lectures given in the Midland Women's Clubhouse Tuesday by Gregory Conway, flower arranger and lecturer. His morning lecture was on "Design in Color," and his afternoon talk was on "Color and Home Interiors."

Mrs. Cliff Wiley, Mrs. J. D. Elliott, Mrs. J. B. Knox, Mrs. E. L. Powell, Mrs. Loyd Brannon, Mrs. J. E. Hogan, Mrs. Elmo Wasson, Mrs. Obie Bristow and Mrs. D. M. Penn heard the lectures.

On Wednesday, Mr. Conway held a flower arranging clinic at the clubhouse, during which he made an arrangement followed by the class. He then criticized each person's arrangement.

Attending the clinic were Mrs. Brannon, Mrs. Wasson, Mrs. Bristow, Mrs. Elliott, and Mrs. Norman Reed. The group had lunch with Mrs. Burrell, a former resident of Big Spring now living in Midland.

**Senior Class Of Coahoma Is Honored**

COAHOMA — The Women of the Methodist church honored the 1954 senior class of Coahoma and their sponsors with a breakfast recently in the recreation room of the Methodist Church. The table was laid with linen and centered with an arrangement of spring flowers. Seniors attending were Charles Ross, Tommy Wyrick, Billy Jenkins, Arlene Mansfield, Sue Hill, Betty Davis, Shirley Graves, Murphey Woodson, Clyde Montgomery, Joyce Francis, Donna Houston, Jerris Springfield, Carolyn Harrington, Jack Owens, Jerry Green, Darrell Robinson, Jimmy Spears, Skeet Williams, and their sponsors, Coach Fred Salling, Mrs. John A. Westmoreland and Rev. Tucker, a pastor of the church.

Mr. and Mrs. Charlie Buchanan honored their nephew, Sammy Buchanan, with a wiener roast in their home recently. Classmates attending were Mike Payne, John Burrolo, Larry Able, Ronnie Barton, Audrey Darden, Ronnie Lindsey, Richard Earnest, Donald Mitchell, Gorman Finley, Jose Cano, V. L. Hogue, Wendell Tucker, Jennine Hodnett, Sharon Wolaki, Dolores Rich, Lupy Martinez, his teacher, Mrs. Jack Buchanan and daughter, Debra, his grandmother, Mrs. S. D. Buchanan and mother, Mrs. S. F. Buchanan, and uncle, Roscoe Buchanan.

Brent and Brenda Copeland of Harlingen are spending the next several weeks here with their grandparents, Mr. and Mrs. Frank Lovelless.

Mr. and Mrs. Ben Throneberry of Alabama and Mrs. Ernest McCullough of Alabama. Paul Miller, of Longview and Mrs. W. A. Miller of Big Spring visited recently in the home of Mr. and Mrs. J. D. Miller.

Wayne DeVaney visited Saturday in the home of his parents, Mr. and Mrs. Truett DeVaney in Goldsmith.

Mrs. Bernard M. Savage and son, Larry, are leaving Saturday for their home in Rapid City, S. D., after visiting with her parents, Mr. and Mrs. L. S. Bonner, who will accompany them home.

**Outstanding Lamesa Clubwoman**

Mrs. L. B. Jones, holding the loving cup was presented Tuesday night at the Junior Woman's Study Club Achievement Banquet as the "Outstanding Junior Clubwoman of the Year." With Mrs. Jones is Amelia Anthony, founder and director of Girltown, USA, Whiteface, Texas.

**Central Ward P-TA Reviews Year's Work**

A resume of the year's work was given by committees of Central Ward P-TA at a meeting Wednesday. The group voted to sponsor a

Cub Scout pack for a year. The incoming president, Mrs. Roy Sloan, announced her committee chairmen for the coming year.

A tea for mothers of children who will begin school next fall concluded the meeting.

**Nicaragua Severs Its Guatemala Relations**

By NORMAN CARRIGAN  
WASHINGTON (AP) — Nicaraguan Ambassador Guillermo Sevilla Sacasa said today his government broke relations with Guatemala yesterday, charging that Guatemala had violated an agreement by spreading Communist propaganda in Nicaragua.

The ambassador's statement confirmed earlier word from other sources here that the diplomatic break was not directly related to a recent arms shipment from Communist Poland which President Eisenhower described yesterday as "disturbing."

But it obviously provided additional backing for the view that the Nicaraguan move would help speed up a showdown on the whole situation in Guatemala, for months

the target of accusations of pro-Communist activity. Sevilla Sacasa told a reporter his government handed passports to the Guatemalan ambassador in Managua at 3 p.m. yesterday, along with a note explaining the action.

Nicaragua's government long has been at odds with the regime in Guatemala, accusing it of pro-Communist activities. The reaction here has not been greatly different. The State Department has often accused the government of President Jacobo Arbenz of clearing the way in Guatemala for full cooperation with the Communists.

The State Department has sent reports of the "important" arms shipment to every American nation, apparently to feel out sentiment about calling the countries of this hemisphere into consultation on some course of action.

First reports here gave no details on Nicaragua's move but dispatches from Guatemala said the whole Nicaraguan diplomatic delegation flew home suddenly yesterday on orders from Managua. Meanwhile, U.S. authorities said Russia apparently has put a high priority on arms aid to Guatemala to promote strife in Central America.

**Tommie Hortons Have Out-Of-Town Guests**

ACKERLY — Mr. and Mrs. Robert Hightower of Midland visited her sister and family, the Tommie Hortons recently.

Ben Wiggins is still confined to Plains Hospital at Lubbock following major surgery.

Bruce Crain was admitted to Lamesa Hospital Monday. He expects to return home in a few days.

Barney Springfield has been admitted to the VA Hospital at Big Spring.

**Summer Band School Slated**

Summer band school has been announced for June 7-7 July 2 by Clyde Rowe, director.

The sessions will be principally for elementary and junior high students. Registration for the junior high band members will begin May 27 at the junior high band room, he said. Elementary grade students will register May 28 at the senior high band room.

There will be a \$7 tuition charge to pupils participating. Rowe said that there were a number of school instruments which may be used by the beginners, but these will be issued on a first-come basis.

Those who will be in the fifth grade through the ninth next year are eligible to take part.

Instruction will be given on an individual and class basis; there will be general rehearsals, some marching and elementary theory. Each pupil will put in around two hours per day.

Schedule calls for the beginners' band to meet at 9 a.m.; twirlers at 10 a.m. for one hour, and the advanced band members from 11 a.m. to 12 noon.

**Creditors Meeting In Bankruptcy Case**

Judgment in bankruptcy has been rendered by the Federal Court in the case of Joseph Horbath, doing business as Hilltop Grocery in Big Spring, in response to a voluntary petition.

Glenn Smith, referee in bankruptcy for the U. S. District Court, Northern District of Texas, has given official notice of a meeting of creditors, to be held in the post office building at Abilene at 10 a.m. on June 4.

**Statewide Manhunt On For Jail Escapee**

GILMER (AP) — Leslie Webb, 29, scheduled to go on trial here June 7 on charges of murdering an Upshur County farmer, was the object today of a statewide manhunt. The slightly-built Negro escaped through a skylight of the County Jail here yesterday between midnight and daylight. Jim Robinson was killed by a .22 caliber rifle slug while he burned brush near his farm a few miles northeast of Gilmer Feb. 26.

**A Turban Tip**

Pack turbans, several to a box with tissue paper. This saves space, helps them keep their shape.

**596 Quickly Knitted**

For the very smallest of the sun, and water devotees, this one-piece play and swim suit is made of kitten-soft zephyr yarn for sizes 2, 4 and 6 years. Make the little garment in yellow with blue trim, in white with red trim, in navy with white or in any two-color combination you prefer. Knitting instructions for the three sizes are included in pattern.

A Bible Thought For Today—

"Comfort ye, comfort ye my people, saith our God." — Isa. 40:1. The great heart of the Infinite is sympathetic to our needs, to our sorrows. Talk it over with Him.

Flood Conditions Furnish Tests For Disaster Organization Plans

Flood conditions in a small part of the city area afforded a test of disaster and relief set-ups Monday evening. While this occasion hardly could be called a "dry" run under such wet circumstances, the situation was not enough to throw the full weight of a major emergency upon the organizations.

The day when it will be required to move. A second, and similar point is that action is needed immediately. As in the case of people who suddenly found their homes were engulfed in water, evacuation must be made at once. Hard on the heels of this, provisions must be made available then for emergency shelter, clothing and rations as well as for medical attention if required.

Evacuation Offer Turned Out As Suspected—A Diabolical Trick

Those hep Americans who suspected a trick of some kind in the Communists' almost eager agreement to permit France to airlift some 750 French Union wounded from the smoking ruins of Dien Bien Phu were right in the first place. It was a trick, as diabolical as any Communist shell-game artist ever thought up.

ing strips of Dien Bien Phu were unusable. The French asked the Reds to permit repairs sufficient to speed up the airlift of wounded; the Reds said no, while continuing the shift of troops toward the great strategic valley.

Today And Tomorrow—Walter Lippmann

Things Go Faster In Indochina Than In Geneva And Washington

The main cause of the confusion in Al-Bled policy is that the actual situation in Indochina is, as military writers say, so fluid. The French policy, which the United States has been supporting, which Britain had an important part in forming, broke down suddenly and unexpectedly after the Berlin and before the Geneva conferences.

pose that the crucial practical problem is how and where the disintegration of the French-Viet Namense position can be stopped. The outer perimeter in the Red River region, which was established by Gen. De Lattre de Tassigny, appears to have crumbled in the city of Hanoi raises the question as to whether a line can be held beyond the perimeter at the port of Haiphong.

These Days—George Sokolsky

'McKinleyism' Might Restore Common Sense To American Life

The quips of Harry Truman may, in his old age, establish the most recent precedent as a sharp phrase-maker. Most recently he invented the term, "Creeping McKinleyism," which apparently is to offset the term, "Creeping Socialism," invented by another ex-president, Herbert Hoover.

Money and business do not altogether reflect the status of the individual. Are human beings happier on the gold standard than when they are living on depreciated currency? Those who think in terms of the mass, seek for what they call an average man. There is none such. It can be said that during the McKinley administration those engaged in the ownership or management of business, that is, banking, transportation or the distribution of goods, enjoyed unusual opportunities for advancement.

Washington Calling—Marquis Childs

Reds Setting Stage To Drive America Into Full Isolation

GENEVA — A month ago Secretary of State John Foster Dulles made his sudden dramatic trip to London and Paris to propose a Southeast Asia defense pact. He believed at the end of that four-day intensive series of consultations that he had gained assent from America's principal allies to go ahead and lay the groundwork as rapidly as possible for an agreement that would call into being defense forces in the same pattern as the North Atlantic Treaty Organization.

Under such circumstances wavering Asian nations could hardly be expected to lend their support to a defensive pact. British left-wing opposition would be even more adamant than it has been in the recent past.

# Infielder Asks Showdown With Owner Of Phillies

## Star Resents Being Trained

PHILADELPHIA (AP) — Second baseman Granny Hamner of the Philadelphia Phillies demanded a showdown with owner Bob Carpenter today over what he termed "Gestapo tactics" of having players trailed by a private detective.

GRANNY HAMNER

Hamner said he intended to do something about it and the 27-year-old player said today, "This stuff of treating me and other ball players like two-year-olds is going to wreck our club. We can win the pennant. We have a better team than in '50 when we won."

"But this uncalculated Gestapo tactic will ruin our chances if they're not cut out right away," Hamner asserted.

The second baseman, who came to the Phillies in 1948 as a 17-year-old recruit and developed into one of the National League's top infielders, was bitter about the incident.

Sitting in his North Philadelphia home with his pretty wife, Shirley, the Richmond, Va., native poured out his feelings about being trailed by a private detective to see if he went to bed on time.

"I'm a ballplayer," he said. "I make \$25,000 a year. I've got seven or eight good years ahead of me. I keep myself in shape and never, at any time, has it been necessary for me to be followed by a private detective."

Carpenter said yesterday it was a normal major league procedure to keep tabs on players by means of private investigators. He added that he had been using this tactic for a number of years. He said he wanted a baseball team physically and mentally prepared to face the rigors of a major league pennant race.

"I want to be cleared of the implications and inferences that being followed shows something wrong in a person's private life," Hamner said.

"I know I am of some value to the team. If what I have to say means they're going to trade me, I'm not going to speak my piece. I don't like this sort of stuff."

Hamner already has felt the heat of private investigators. The barbs of sharp-tongued fans and some of the bench jockeys on the opposition — the Milwaukee Braves last night — opened up on him. He went hitless in four times at bat and dropped to second place in the National League batting average race with .365.

Several fans shouted, "Who's trailing you tonight, Granny?" "Going out on the town after the game?" Got a date for tonight, fella?"

Meanwhile, Charles Leland, 36, of St. Georges, Del., an investigator for the Bradyswine Investigative Agency in Wilmington, was held in \$500 bail for a further hearing Monday by Magistrate William Hagan on charges of violating the firearms act. Leland is the investigator arrested by police on Hamner's report. A revolver and a target pistol were found in Leland's car.

The story "broke" yesterday afternoon when it was revealed Leland had been taken in custody on Hamner's complaint someone followed him home from the Phillies' ball park after the Tuesday night game.

Hamner said he left Connie Mack Stadium, climbed into his gray Cadillac and drove off a parking lot. He told the cops he observed another car following closely.

"I want to be cleared of the implications and inferences that being followed shows something wrong in a person's private life," Hamner said.

# LOOKING 'EM OVER

With Tommy Hart

Pat McLaughlin, Carlsbad's baseball boss, has put a \$20,000 price tag on Ike Jackson, his strong-armed Negro first sacker, and isn't particularly agreeable to giving him up before the season is over.

Furthermore, Patrick thinks Isiah, who was born in Mississippi but who now lives in Fresno, Calif., is headed for the big leagues.

McLaughlin made his price known after Pepper Martin of Our Town approached him recently with an offer for the big boy.

There are those who don't think Ike will ever make it to the big tent. True, he's staying over 400 at the present time and he's just close to that mark all season because of his feuding on Class C hurling. However, his critics point out that he is 29 years of age and in his exaggerated stance (he puts one foot into the bucket and places all his weight on his back leg, leaning as if he were looking around a corner).

He is doing so well for pitchers who know what they're doing. McLaughlin could have sold Ike for a sizeable figure last year but kept him, secure in the knowledge that he wasn't eligible for the baseball draft.

The umpires in the Longhorn League breathed easier when Jackson was taken from behind the plate and placed on first base. He jumped around far too much to suit them, oftentimes bumped into them when trying to make a defensive maneuver.

Umpire Al Sample would grab him by the belt and growl in his ear, before the ball was ever delivered by the pitcher: "Now, stay down there, you!"

An item out of Labcock says Bobby Fernandez, the one-time Big Spring fly-chaser, is celebrating the arrival of an heir. He was furnished a supply of cigars to pass out to the fans.

Bob Estep, who coached high school football in Texas for three years, recently quit the coaching game in Oklahoma. His last post there was at Garber. He'll enter private business.

Estep filled tenures at Phillips and Atlanta in Texas. Jerry Springfield, Coahoma's fine young lineman (he is the first grader in the school's history to be named to play in the All-Star football game staged annually at the Texas Coaches Association clinic), is also one of the top students in school.

His four-year average at Coahoma is a rather remarkable 91.281. Only three students in his class did better. Gridders bright in the classroom seem to be the rule rather than the exception at Coahoma.

Weiden Appleton, a substitute on the 1953 Coahoma team, is the school's salutatorian. Darrell Robinson, a fine running back on Fred Salling's team, finished just ahead of Springfield in the final classroom ratings.

Murphy Woodson, a hard-hitting back (who may study for the ministry) averaged close to 50 in his grades. Skeet Williams and Jimmy Spears are others high on the Coahoma honor list.

This is an excerpt from Paul Gallico's "Farewell to Sport," published in 1938:

"One night in a fit of pique at the press and the public for complaining of his presentations, the late Jack Curley, the head of the big Eastern wrestling tour, staged a 'shooting match,' which is the wrestler's term for a bout that is on the level. Two of the biggest hippos lugged at one another for a solid hour and a half without ever going to the mat, and when they went there they remained reclining in damp embrace for another hour. They had to fire off a cannon to wake up the spectators so they could go home, and a lot of them never been the same since."

The world champion New York Yankees came home today from a triumphant Western tour during which they beat the strongest teams in the American League on their home grounds 8 out of 10 times.

With a dozen games immediately ahead against the Eastern tail-enders, this looks like the big Yankee push to the top.

The champs are one game behind Cleveland at the moment, but now it's the Indians' turn to take on the Western powers. New York is the only team in what the American League calls East — Baltimore is West — above sixth place.

On the invasion just ended New York was the only traveling team with anything like a winning record. Washington won 3 of 5; Boston, 2 of 10; and Philadelphia, 1 of 2.

The Western teams showed the power in the National League too, but here they were the invaders instead of the home teams. Three of the four broke even or better in the East.

The St. Louis Cardinals jumped from fourth to first with a 6-3 record. They have a single Eastern game left tonight as they stop off in Pittsburgh for a makeup contest with the Pirates.

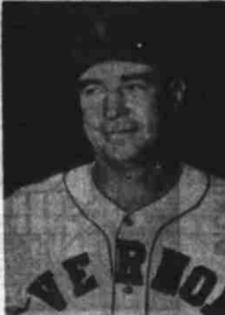

Milwaukee also won 6 of 9 and moved from seventh to fourth. The Chicago Cubs broke even at 5-5. Only Cincinnati faltered, losing 6 of 8.

With the teams traveling, just one other game in addition to the Cards-Pirates encounter is on tonight's schedule. The New York Giants open a five-game set at Philadelphia.

St. Louis grabbed the National League lead yesterday on the combination of a 3-0 victory over the Giants and a 3-1 victory over the Phillies. The Cubs swamped the Dodgers, 9-3, with all nine runs coming in the eighth inning. Milwaukee defeated Philadelphia, 4-1. Pittsburgh shaded Cincinnati, 3-2.

The Yankees made it two straight over the White Sox, 3-2. Cleveland won its seventh in a row, 5-3, over Boston. Baltimore beat Washington, 5-3, and Detroit edged the Athletics 4-3.

Vic Hassel, branded as too complacent to stick with the Yankees this season, pitched his first National League shutout and his fifth consecutive victory for the Cardinals. He retired the last 15 Giants in order after giving up five sin-

Lepard Heads For Coast

Leon Lepard, the Big Spring Christian College mile relay team, leaves Abilene by plane today for Los Angeles where he and other members of the quartet will take part in Coliseum Relays there Friday night.

Other members of the team are Don Conder, Burt McCoy and George Adrian.

Lepard has been favoring a "catch" in his back but is reported improved.

Lepard is one of two Howard County boys winning athletic letters at ACC this year.

The other is Virgil Bennett of Forsan, awarded a numeral in basketball. Bennett is also a selector. Bennett served as co-captain of the Wildcat cagers.

FRED SALLING

Salling Gives Up Grid Post

COAHOMA (SC)—Coahoma High School is in the market for a new head football coach and athletic director.

Fred Salling, who has held the post for three years, is stepping aside to concentrate on duties as high school principal. Salling filled both jobs last year.

Salling came here from Brady, where he had served as an assistant to Russ Holland. He succeeded Tom Proctor as head mentor here.

Winford Talley, one of Salling's assistants last year, is also leaving the system but has not indicated where he will go.

Several men have been interviewed for the head coaching job but the school board has not made a final decision on its choice.

Salling carried the Bulldogs all the way to the Regional finals in Class B last fall. The school is being promoted to District 4-A next fall.

# Uncertainty Grips Horse Owners In Preakness

By GEORGE BOWEN

BALTIMORE (AP) — Ring King, a Raggedy Ann little colt even to the trainer who made him whatever racehorse he is, typifies entries being made today for Saturday's Preakness in the face of knowledge that the formidable Correlation and Hasty Road already are down to start.

Trainer Tommy Kelly is full of doubt that Ring King belongs in such a high-caliber race as the \$100,000 middle leg of the triple crown. But there's only one way to find out for certain and that's to try, Kelly admits. This is the attitude of almost all the others who will pay \$500 today to enter.

This is the first time in recent history of the Preakness that horses have been entered before the regular opening of the entry box on the day before the race. Scratch time for the race is 5 p.m. Friday.

Robert S. Lytle, owner of Correlation, and Allie Reubens, owner of Hasty Road, entered their favorites yesterday. So did Howard A. Jones with For Free and Sunny Blue Farm's Admiral Porter.

Still expected to dare to come in besides Ring King are Maine Chance Farm's Jet Action, Walmace Farm's Hoosayama, Woodvale Farm's Goyama, Joe W. Brown's Gigantic and maybe T. A. Sears' Nirgal Lad and E. M. O'Brien's Galdar.

Some of the anticipation is that after the first prize of around \$90,000 there is \$25,000 for second, \$15,000 for third and \$7,500 for fourth. Mrs. Ada L. Rice put up the equivalent of fourth prize money just to make Ring King eligible and pays another \$1,000 to enter and start.

It all seemed worthwhile after trainer Kelly suddenly began making Ring King sick. Last year, Ring King failed to race because he had a funny leg action that suggested knee trouble.

Kelly, a 35-year-old native of Pikesville, Md., became trainer for the Rices last November. In January, they sent him Ring King in Florida and told him, "Either make him run or break him down."

"I did what the boss told me," relates Kelly. "I made him run. Every time the colt went on the race track I had the exercise boy carry a stick."

At first nothing appeared to result. Ring King ran three times and failed to win. Then he came north to Laurel and won three straight, including two stakes, the Cherry Blossom and Chesapeake.

OVER BRONCS Robnett Pitches Artesia To Win

Expert clutch pitching by Scott Robnett plus some sparkling defensive play by the left side of his infield enabled the Artesia Numexers to shade the Big Spring Broncs, 8-4, here Wednesday night.

The tall rookie from Klamath, Texas, was in hot water several times but when he wasn't slipping third strikes past local batting he was throwing double play balls to them.

The Numexers came up with three twin killings, one of them at a time the Steeds had the sacks jammed and were threatening to break the game wide open.

Robnett's mate got behind him with a 13-bit attack, five of which were doubles.

The Artesia club got off to a good start, plating three runs in the second with the aid of four two-basers. Paul Dobkowski, Dean Smith, Floyd Economides and Mickey Diaz all hit for two in that round.

The damage was at the expense of Mike Rainey, who absorbed his fourth reversal of the season. He was seeking his fifth win. Rainey departed in the midst of another three-run outbreak in the fifth.

Tommy McKeena came on to quell the Artesia power but by then it was too late.

Robnett lost his control temporarily in the fourth, when he walked three men, but third sacker Charley Watts got him righted by starting a twin killing.

Economides cracked out three hits to pace the Artesia attack while Dick Bravo and Bob Martin each had two blows for Big Spring.

DIAMOND DUST — The Broncs again played with a patched-up lineup. Regulars Floyd Martin and Bob Doe were out of action due to an injury and illness. Doe caught a chest cold Monday night and was sent to bed.

Despite Loss, Roswell's Position Good In League

Roswell's Rockets amble happily along in the Longhorn League lead, while Artesia and Midland fight for second place.

Wednesday night's play was a good example, as Midland swept a double-header from Sweetwater, 4-1 and 3-1, to move into a tie with Artesia, which also won, 8-4, over Big Spring.

Roswell dropped its Wednesday night clash with Carlsbad, 4-3, but the Rockets held a four-game lead in spite of the loss. San Angelo beat Odessa, 5-4, in the loop's other game.

Ralph Atkinson's five-bitter and Ralph Soto's three-hit hurling job turned the trick for Midland. The Indians found anything but soft pitching themselves, taking advantage instead of some poor sweat-water fielding to gain the decisions.

The Spudders committed three miscues in the first game and seven errors in the nightcap.

Artesia's triumph came mainly on sharp fielding, as the Numexers pulled three key double plays. The strong support allowed Scott Robnett to go the distance for the decision, his first of the year.

A three-run second inning spelled defeat for Roswell, as the host Carlsbad jumped to a permanent lead. John Singleton was the winning hurler, but needed a fireman's appearance by Hank Williams.

San Angelo and Odessa staged each other's pitching around rather freely in the early innings, but both sides settled down midway through the game and let the hurriers take over the spotlight.

Odessa's Bob Bauer had the game's only homer, a two-run blast in the first inning. The Oders were already well behind, however, San Angelo having scored four runs in the top of the inning.

The teams switch locations Thursday night, but play the same opponents.

# BRONCS HEAD FOR ARTESIA

The Big Spring Broncs hit the road today, moving to Artesia for games tonight and Friday before making their first trip of the season to Sweetwater this weekend.

Aramis Arencibia may toe the rubber against Artesia tonight. Floyd Martin, still favoring a bad hand, did not plan to make the trip to New Mexico but may be ready for the Sweetwater series.

The Broncs return home Monday against Midland.

# Blocker Boasts Highest Grades

STANTON (SC)—Norman Blocker, star athlete at Stanton High School, has been named valedictorian of his class. Blocker's four-year average was 96.87.

Blocker played all sports at Stanton but was particularly outstanding in football. He was considered one of the outstanding running backs in District 4-A.

# Five Teams Scrap For Top Position In Texas League

Texas League clubs were still closely bunched Thursday and space was at a premium at the top of the standings. Just three games separated the first five teams.

Beaumont's Exporters—in last place—possibly could go on an eight-game winning streak and take over the league leadership.

Houston, the seventh-place club, made it two in a row Wednesday night over the league-leading San Antonio Missions, winning, 6-4.

Shreveport, which started the season like a house afire only to slump badly in mid-spring, thumped Beaumont in both games of a twin bill, 7-0 and 6-4, to go into a virtual third-place tie with Dallas' Eagles.

The defending champion Eagles, still playing like champs one day and schoolboys the next, lost the rubber game of a three-game set to Oklahoma City, 4-3, in 10 innings.

Tulsa blanked Fort Worth, 2-0, in the first game of a doubleheader but the big Cats slammed out a 9-1 victory in the nightcap for a split.

# Yanez Miffed At Circuit

Ynez Yanez, manager of the Big Spring Tigers, intimated this morning he was thinking of withdrawing his team from the Lone Star Baseball League.

Yanez said he was displeased with the manner in which the league is being run. He said he had not yet learned where his club was to play this week, although he had been assured the schedule was to be released the first part of this week.

He stated he believed he could do much better looking his own games.

"It cost me \$38 out of my own pocket to go to Odessa last Sunday. We were not allowed to charge at the gate because the game was played on high school property," Yanez stated. "We depend wholly upon the gate to pay our expenses."

Eddie Hammond of Odessa organized the league and is serving as its commissioner.

Yanez said he would try to book a game for Steer Park here for Sunday, if at all possible.

# Changing Signs

Burgess Anthony Herman of East Mauch Chunk, Pa., hands Burgess James Walker of Mauch Chunk, Pa., at right, a new road sign bearing the name "Jim Thorpe," chosen by voters as the common name for the two communities. The body of Thorpe, immortal Indian athlete, was recently moved to a new burial place in the joint community. (AP Wirephoto).

READIN' HER THE FUNNIES?\*

**UNCLE RAY'S CORNER**

At left of big corn cob is a square of insulating material, one product of corn cobs.

While speaking about the value of corn as food for people, I might have added popcorn to the list, also the cornflakes which go into boxes of breakfast food.

In addition to corn bread, the meal of corn is employed for mush, scrapple, fritters and several other kinds of food. After special treatment, the kernels of corn can be turned into hominy.

Corn sugar, also called dextrose, is obtained from corn. Other products include oils which go into some salad dressings and play a part in making oleomargarine.

The starch of the grain is made into a white powder called corn-

starch, and this is used in baking. In the laundry, some kinds of clothing are stiffened with starch. Much laundry starch, but not all of it, comes from corn.

Scores of uses have been found for the parts of corn plants, quite aside from the grain. Corn cobs are burned as fuel by some farmers, and chemical firms take chemicals from them. One chemical is used in making a kind of resin which goes into many phonograph records.

Chemists also use the cobs to provide lignin, cellulose, acetic acid and carbon. Useful insulating materials also come from corn cobs.

The leaves of corn have been employed in making low-cost mattresses, and as material for packing. The stalks supply material for some wallboards. Both stalks and leaves are turned into paper for paper bags.

Corn is native of the New World. Nothing was known about it in Europe 500 years ago. While Columbus was in the West Indies, he learned that the Indians raised "a sort of grain known as maize." This grain was Indian corn, which now grows on every continent where people live.

**Omission Of Two Words From Title Brings Riches**

EDMONTON, Alta. (AP)—Omission of two words from a land title deed 45 years ago spelled out a fortune today for Anton Turta and his son Nick, who farm in the heart of Alberta's Leduc oil field about 20 miles south of here.

The two hold title to 160 acres of land on which mineral rights have been valued at more than one million dollars.

After a two-year legal fight, the

**Judge's Hint Taken Quickly By Lawyer**

OMAHA (AP)—When Esther Brooks of Omaha appeared before County Judge Robert Troyer on a drunk driving charge, she pleaded innocent.

Judge Troyer held trial and found her guilty.

He paused and commented, "In fairness to persons who plead guilty and indicate they are sorry, this case should not merit the minimum penalty."

Defense Atty. Philip Aboud came to his feet fast with a motion to withdraw the innocent plea and substitute a guilty plea. Judge Troyer accepted the motion and put the penalty at \$100 fine and suspension of driver's license for six months—the minimum penalty.

**Child Falls Three Floors, Is Unhurt**

BALTIMORE (AP)—Darlene Emerson, 2½, fell from the kitchen window of a third-floor apartment here yesterday and landed on a concrete sidewalk.

After an afternoon of observation at Franklin Square Hospital, she was sent home. Except for a few bruises, she was uninjured.

Supreme Court of Canada yesterday dismissed claims by the Canadian Pacific Railway (CPR) and Imperial Oil Ltd. for the oil rights on the land.

Also benefiting from the ruling were the Montreal Trust Co., which holds a lease on Anton Turta's portion of the land, and William Sereda, who holds a lease on the other half.

Turta acquired part of the land in 1911 and the remainder in 1918 from Mike Podgorny, who had purchased the tract in 1908 from the railway. A clerk in the land title office here erred in drawing up Podgorny's title, reserving to the railroad the rights to "all coal" subsequently found but omitting the words "and petroleum."

The error went unnoticed until Alberta's oil boom. In 1943 the deed was changed to read: "Reserving unto the CPR all coal and petroleum."

The CPR leased the land to Imperial Oil in March 1951. Turta went to court.

In May 1952, the Alberta Supreme Court ruled in the farmer's favor.

Justice W. G. Egbert held the land titles office did not have the authority to change the deed.

The Appellate Division of the Alberta Supreme Court upheld Justice Egbert's ruling and the Supreme Court of Canada agreed yesterday.

**Criticized German Loses Appointment**

UNITED NATIONS, N. Y. (AP)—Peter Pfeiffer, criticized in the United States as having a Nazi record, will not become West Germany's observer at U. N. headquarters.

A U. N. announcement last night said Pfeiffer's appointment had been withdrawn. Presumably Dr. Hans E. Riesser, present West German observer, will continue in the post.

The Jewish Labor Committee of New York and Rep. Javits (R-N.Y.) were among those who protested after Pfeiffer's appointment was announced last February.

Pfeiffer held diplomatic posts under the Nazis in Prague, Moscow, Paris and Rome. He was classified after the war as only a nominal member of the party, who joined to hold his government job.

**GOP Solon Gives Truman Due Credit**

SWAMPSCOTT, Mass. (AP)—Here's one Republican who wants to give Democratic former President Harry Truman "credit for trying up the Communists for three years in Korea."

Rep. Walter Judd (R-Minn.), chairman of a House Foreign Affairs subcommittee on the Far East and a onetime medical missionary in Asia, told the Massachusetts Federation of Women's Clubs convention last night: "If the Communists hadn't gotten tied up in Korea they would have gone directly to Indochina and, by this time, they would have it. During the Korean War, the truth of communism leaked out."

**Houstonian Selected**

HOUSTON (AP)—President Eisenhower has nominated Dr. William Houston, president of Rice Institute, to be a member of the National Science Board of the National Science Foundation.

# IT HAPPENED

## Cracks First Case

LOUISVILLE, Ky. (AP) — Bobby Peters, 8-year-old son of a FBI agent, has cracked his first case. Bobby and his uncle were walking along Lone Oak Trail when Bobby spotted an abandoned car off the road. The uncle, Richard Peters, jotted down the license number.

The police department was notified. It turned out the car had been stolen in Danville, Ky., from Mrs. Emma Moon, a teacher at Centre College.

## We Get The Idea

COLUMBUS, Ohio (AP) — A woman who didn't get a job she wanted complained yesterday to compensation claim officials.

She described the position at a hotel here that has been picked for many months — this way:

"One of those walking jobs where you carry signs."

## Latest Fashion?

OKLAHOMA CITY (AP) — A young woman, barefoot and wearing a heavy coat in 70-degree weather, aroused the suspicion of Patrolman W. P. Farris in downtown Oklahoma City Tuesday.

"I walked behind for some distance," he said, "and when I got close I grabbed her by the coat." The policeman blushed and hurriedly let go. "She had nothing underneath," he said.

The woman was booked for indecent exposure and drunkenness.

## Should Go Far

CHEYENNE, Wyo. (AP) — John D. Lawyer of Casper was recently licensed to practice law in Wyoming.

## Favored Duckling

OMAHA (AP) — There's just one thing that makes Bruney, the dachshund, a little sore.

That's when Punch, the Easter duckling, decides he's a dog and hooks on to one of Bruney's bones. Otherwise Bruney has taken the job of raising Punch in stride. He's been doing so ever since Judy, another Easter duckling at the John Wagner home, died.

Bruney washes Punch's feathers and even permits him to dip his bill in the dogfood, drawing the line only at bones.

At night the Wagners put Punch in a box. The duckling's squawks of protest bring Bruney running. The dog tips over the box and the friends retire to Bruney's rug.

## Susan Hayward Given Permission For Trip

BURBANK, Calif. (AP) — Movie actress Susan Hayward has been granted court permission to take her twin sons with her on location at St. George, Utah, June 4 to July 4.

Superior Court yesterday overrode the contention of her estranged husband, actor Jess Barker, that the boys, Timothy and Gregory, 9, should not be taken from the public school they attend. Miss Hayward told the court she would provide a tutor to keep up their school work.

## Wheat At Stamford

STAMFORD (AP) — B. W. Thane brought the year's first wheat harvest from this North-Texas area into Stamford yesterday. The wheat totaled 175 bushels, weighing 60 pounds a bushel.

# Isle Bases Are Kept Ready, If Unmanned

By WILLIAM J. WAUGH  
PEARL HARBOR (AP) — Western Pacific islands form America's front-line defense against communism in the Pacific today but the only guns you find there are the rusted relics left by a beaten Japan.

The reason is the old military dictum that the best defense is a good offense.

Millions of dollars are being poured into key islands but it isn't being spent on shore defenses or combat troops.

In nearly a month of travel from the Marshalls north to the Bonin Islands I didn't see one shore-based fighter plane or infantry unit.

These islands once bristled with shore guns of an imperialistic Japan. America uses them today as military transport airports and supply depots.

On Kwajalein, for instance, the 6,500-foot airstrip on the 2 1/2-mile-long island is a major link in our military global air route.

The only planes operating from Kwajalein today are patrol craft. The only guns are small arms. Guam, obviously the key island in the central Pacific defenses, has many shore guns — but all rusting weapons put there by the Japanese during World War II.

Only two of Guam's airfields — Anderson Air Force Base and Agaña — are operational. Oroquieta and Harmon fields have

been abandoned but the strips are usable.

Tinian, with its two huge airports, is virtually unmanned from a military standpoint. Two enlisted men are there.

But those airports — one with 10,000-foot runways from which the Hiroshima and Nagasaki A-bombs were flown — are immediately usable.

Salpan has only a small force, about 100 men.

Iwo Jima is manned by the Air Force. But the force, except for one plane used in air-sea rescue work, is entirely maintenance. Military planes use it as a stopping place on transoceanic flights.

As long as there's peace in the Pacific no larger weapons are needed. If war should come, the United States plans to be swinging so hard and so fast it won't have to worry about island invaders.

### Atomic Scientists Attack Oppenheimer's Suspension

CHICAGO (AP) — The Bulletin of the Atomic Scientists lashed out today at the government's suspension of the security clearance of Dr. J. Robert Oppenheimer as "a breach of faith."

The Bulletin, sponsored by a number of scientists who pioneered development of the atomic bomb, took the unprecedented step of adding 16 pages to its May edition for a thorough discussion of the Oppenheimer case.

Nearly two score of Oppenheimer's colleagues or friends expressed faith in his integrity and loyalty.

Oppenheimer is chairman of the Bulletin's Board of Sponsors. Oppenheimer, who guided the work of scientists contributing to the development of the A-bomb, was denied further access to classified material on the grounds he associated with Communists in the early days of World War II and later opposed development of the hydrogen bomb.

The Bulletin's editorial board said in an editorial:

"It seems to us a breach of faith on the part of the government to call upon a man to assume such heavy responsibilities in full knowledge of his life history and then, after he has demonstrably done his best and given the most valuable services to the nation to use the facts to cast aspersions on his integrity. . . ."

Albert Einstein commented that "the systematic and widespread attempt to destroy mutual trust and confidence constitutes the severest possible blow against society."

### Gambler Acquitted In Kidnaping Case

PORTLAND, Ore. (AP) — A Circuit court jury decided last night that Jimmy Valentine, 41-year-old gambler, was not the man who tried to kidnap 8-year-old George Brice III last March.

Valentine was declared innocent after insisting it was a case of mistaken identity.

He and four friends testified he was in his apartment at the time the kidnap attempt was made.

Witnesses for the prosecution had testified Valentine was the man who tried, but failed, to snatch the son of a wealthy Portlander from an exclusive school.

The man had forced the boy's mother and her maid to accompany him to the school. There teachers held doors against him, and the gunman fled.

### Filipino Solons Want To End Their Senate

MANILA (AP) — Angry congressmen sought a constitutional amendment last night to abolish the Senate but Speaker Jose B. Laurel Jr. persuaded them to lay their resolution on the table.

The representatives charged that the Senate had blocked passage of several vital House bills.

"Interlegislative conflicts," the resolution said, "have resulted in the mutilation of legislative measures and in horse trading."

### Woman Sues, Saying 'Falsies' Did Damage

DALLAS (AP) — A woman sued a variety store for \$2,800 yesterday, charging she had been "burned" by a set of "artificial rubber bust forms."

She claimed the articles contained chemicals which became soluble when she perspired and caused her to become "poisoned, burned and injured."

### Chiang Kai-Shek In New Term As Formosa's Leader

TAIPEH, Formosa (AP) — Chiang Kai-shek began his second term as president of Nationalist China today with a call for more military and moral support and a strong alliance of anti-Communist Asian nations.

Inauguration day was a festive occasion on this Nationalist island despite the threat of Communist air attack from the nearby Red-held mainland.

Thousands of exploding fire-crackers provided a noisy background as Chiang and Vice President Chen Cheng took the oath of office in a city hall built during the Japanese occupation.

In a brief inauguration address Chiang declared that his Nationalist armies could recover the mainland of China if given a "reasonable amount of moral and material support from the free world and an adequate supply of the implements of war."

He also called on all Asian nations facing a threat of Red invasion to "establish on the Communist periphery a strong collective organization capable of collective action."

Chiefs of all diplomatic missions here were in the audience. Also attending was U. S. Defense Secretary Charles E. Wilson and top American military and diplomatic representatives in Taipei.

Conspicuously absent was the President's wife who is in a San Francisco hospital undergoing treatment for a skin disorder.

Someone fouled the wallet, which contained Williams' business address, through his office door yesterday. The money was gone but the ring was still there.

But Williams said today he can't marry his girl without any money.

### Hoblitzelle-Rural Award Presented To Cotton Farmer

RENNER, Tex. (AP) — A young Fayette County cotton farmer who built a worn-out debt-ridden 180 acres into a fertile expanse won the \$5,000 Hoblitzelle Award for advancement of Texas rural life last night.

The award was presented Clinton Harbers, 32, at an open house of the Texas Research Foundation in observance of its 10th anniversary. The foundation in this community north of Dallas does research in soil, grasses and crops.

Harbers won his prize by fighting a worn-out farm and burdensome debts for seven years. He fought with sound farming principles.

He started 1947 with 180 acres near LaGrange that he had bought with a 100 per cent Farmers Home Administration loan. The farm had grown cotton and corn 51 years. It yielded only 116 pounds of lint cotton per acre.

The soil fertility has been restored almost to that of virgin soil. Harbers has done this through use of legumes and crop rotation.

### Gas Earnings High

DALLAS (AP) — Southern Union Gas Co. stockholders were told at their 1954 meeting yesterday the firm netted its biggest annual earnings last year, \$2,597,808.
