

WHEN SANTA CLAUS CAME TO PAMPA

WHERE IS HE? — Waiting for Santa before the start of Friday's Santa Day parade are Barbara Brown, daughter of Mr. and Mrs. J. M. Brown and Debbie Weidler, daughter of Mr. and Mrs. Harold Weidler.

PRIZE-WINNING FLOAT — The entry of Beta Sigma Phi Sorority won first place in the parade. The sentiment, 'Good Will To Men' is spelled out for all to see. A half-dozen floats were entered in the parade which also included musical groups and Santa Claus.

AND HERE HE IS — Much to the delight of the youngsters Old Santa was on hand to pass out favors and listen to requests from the little ones. Santa later visited the Pancake super where more gifts were given away. (News Photo)

Harriman Charges Ike 'Squeezing' Farmers

Survey Predicts Bright Future For Pampa Area

By RONALD WATERS
Pampa News Staff Writer
(Editor's Note: This is the first in a series of articles dealing with the agricultural, financial, commercial, industrial and economic survey of Pampa, Gray County, and Pampa's trade territory. Particular emphasis will be given to eight of the 23 sections prepared by Burt C. Blanton, consulting industrial engineer and business economist of Dallas.)

A survey of the past, present and future importance of Pampa as a trade center comprises a report so broad in its scope, comprehensive and detailed, that it starts the imagination. The importance of this unbiased report and its projected predictions, based on exhaustive study, can hardly be underestimated.

The purpose, as set forth in the preface, is... To portray the salient constituents as enumerated relating to the area, and subsequently to delineate and depict its agricultural, financial, commercial, industrial and economic importance.

Summarized in the text are important and relevant factors concerning the city and county, their growth and expansion. It presents, in concise form, the correlated data and information together with future projections and forecasts.

with a population of 53,321 (according to the "1956 Texas Almanac"). In the same year, Dallas had a population of 44,633 and Houston census numbered 44,633. Some comparisons, with towns in this area, will show a population of 43,132 for Amarillo in 1930 which increased to 51,686 in 1940. Twenty-five years ago, Perryton had a population of 2,824, Borger had a population of 6,532, and Pampa census totaled 10,470. Conservative estimates for the years 1960-1975 for the city are as follows: 1960—27,381; 1965—32,412; 1970—37,598; 1975—42,575. This shows an increase of an average of 4,999 inhabitants every year. Blockade In Berlin Appears In Making

BERLIN, Dec. 3 — UP — The East German Communist regime took its first step toward a possible new blockade of Berlin Saturday. The Communist refused to renew the yearly permits by which West German barges bring 1.5 million tons of supplies to West Berlin through the Soviet occupation zone. Allied officials believe that attempts to interfere with highway, railroad and perhaps even air traffic may follow.

Applications Rejected
The applications were rejected on the ground that East Germany is now a "sovereign" state and that renewal of permits must be discussed directly between the traffic ministries of the West German and East German governments. This was an open attempt to force the West German government of Chancellor Konrad Adenauer to recognize the East German puppet regime. It implied a threat to blockade Berlin if recognition were refused. Adenauer has said that he will not recognize the Red regime. Master Plan Hinted
Allied officials expressed belief that the barge permit refusal might be the first move in a Communist "master plan" to use the alleged sovereignty of East Germany to cut the life lines of West Berlin's communications to the West. Berlin is an enclave, under American-British-French-Russian occupation. It is separated by 110 miles of Soviet occupied territory from the West German government. The East Germans were taking their stand by virtue of the announcement on Sept. 20 that Russia had signed a "treaty" with the East German puppet regime giving it "complete sovereignty."

New York Governor Addresses Young Dems

OKLAHOMA CITY, Dec. 3 — UP — Gov. Averell Harriman of New York Saturday charged the Eisenhower administration with conducting "a giant grab-bag for private privilege" while farmers are caught in an "economic squeeze."

Harriman, considered a likely candidate contender for the Democratic presidential nomination, blasted the administration's farm policy in a speech before the national convention of the Young Democratic Clubs of America. He charged that Republicans "have been delivering lectures on rugged individualism as farmers were being forced off their land" during a period of all-time high big business profits. The New York governor said the average price of farm products never fell below 100 per cent of parity during the Truman administration. Since the Republicans took over three years ago, Harriman said, the prices have fallen steadily and are now at 82 per cent of parity. "The fundamental thing is to re-organize the farm program." UN Approves Atom Energy Organization

By W. J. BOYLE
UNITED NATIONS, N. Y., Dec. 3 — UP — The United Nations General Assembly Saturday approved nine items including a call for establishing an international atomic energy to guide President Eisenhower's "atoms-for-peace" plan. The 60-member assembly in its first Saturday plenary meeting session approved...

Congress Leaders Differ On Ike's '56 Intentions

By FRANK ELEAZER
GETTYSBURG, Pa., Dec. 3 — UP — Senate and House Republican leaders conferred separately with President Eisenhower Saturday and came away with differing views about the President's second term intentions.

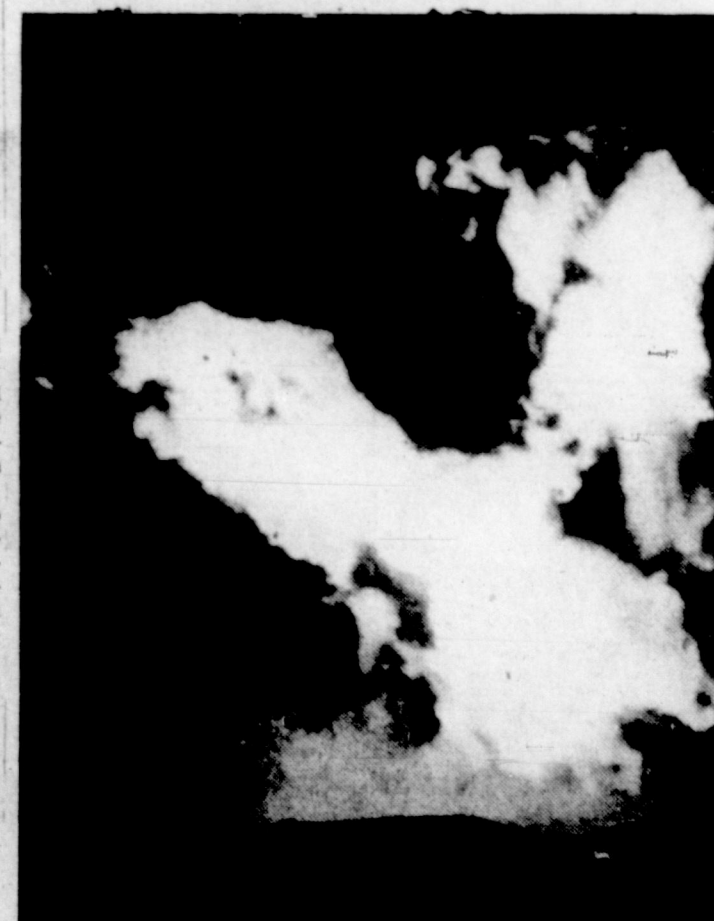

Senate GOP leader William F. Knowland said he believes Mr. Eisenhower has not made up his mind yet whether to seek re-election.

Merged Unions Bid For Independents

NEW YORK, Dec. 3 — UP — A strong bid to enlist independent unions in the new AFL-CIO labor organization was made Saturday with the announcement that the presidents of two powerful unaffiliated railroad unions would attend the five-day merger convention next week.

George Meany, AFL president who will head the new 16 million member union, said the two independent unions have indicated they will consider the possibility of affiliating with the new CIO-AFL. The two officials, who will sit down with representatives of 138 AFL and CIO unions Monday for the launching of the largest labor organization in the free world, are H. E. Gilbert of the Brotherhood of Locomotive Engineers and Firemen and W. P. Kennedy of the Brotherhood of Trainmen. Meany said both men would be "officially invited guests" of the convention. Officials of the AFL and CIO hope a number of the country's 57 national independent labor unions and hundreds of local groups representing about 2 million members will jump on a merger bandwagon after the new union is organized. Heading the list of prospects are the trainmen, which with 207,421 members is the largest railway union, and the engineers and firemen with 89,731 members.

3,800 MPH Wind Tunnel To Be Built

DALLAS, Dec. 3 — UP — Chance Vought Aircraft took a look into the future Saturday and announced it was going to build a wind tunnel that will make it possible to test models at air speeds up to 3,800 miles an hour.

The firm has called for bids on a new \$3.5 million high speed wind tunnel to expand its present aerodynamic testing facilities.

The new tunnel is scheduled to be operational in 1958. It will make possible testing of models at air speeds equivalent to 3,800 miles an hour, or Mach 5.

Chance Vought already has in operation a low speed tunnel which provides winds up to 200 miles per hour with the test data valid up to 500 mph.

The aircraft company said the

new tunnel would have a high pressure aid system of sufficient capacity to permit future addition of auxiliary test sections with wind speeds up to Mach 10, or about 7,600 miles an hour.

The high speed tunnel will be used to secure data on both high speed aircraft and missiles. Air to operate the tunnel will be stored in steel tanks under 600 pounds per square inch pressure.

The air will pass through an 18-foot settling chamber to smooth out the airflow. Then it will go

through a variable-width nozzle into the four-foot square test section where the model plane or missile will be mounted. Models with wing spans up to three feet or lengths of eight feet can be tested.

Extreme Temperature Drops
Air pumped into the storage tanks will be heated and dried to prevent condensation of moisture as it passes through the test section. Temperatures of the air in the test section will sometimes be as low as 325 degrees below zero Fahrenheit. The extreme drop is due

to expansion as it leaves the nozzle.

After it passes the model under test, the air will be exhausted into the atmosphere through a silencing tower fitted with baffles to reduce the rumble and shrill noise typical of supersonic wind tunnels.

Included in the cost of the facility are several hundred thousand dollars to develop the noise-abating features of the new tunnel.

The tunnel will be the largest expansion project launched by Chance Vought since it became a

separate corporation on July 1, 1954.

A knot is a unit of speed. When a ship goes eight nautical miles an hour, her speed is eight knots. A nautical mile equals 6080.27 feet.

HARRIMAN

(Continued from Page One)

store farm income," he said. "We Democrats are pledged to do that and we're going to do it."

Answering a recent charge by Vice President Richard Nixon that Democrats have made a political football out of the farm question, Harriman quipped, "He's right if he means the farmers kick, the Republicans fumble and the Democrats pick up the ball and are off for a touchdown."

Harriman also took Republicans to task regarding their policy on schools. He said the recent White House conference on education was called to "excuse inaction."

"Everybody acknowledges our educational crisis," he said, "but what have the Republicans done? They have proposed a do-it-yourself program that was such a travesty that Congress wouldn't consider it seriously."

He said that we are falling behind Russia in training scientists because "a quarter of a million of our more gifted high school graduates each year fail to go on to college—many of them because they cannot afford to."

Result: Loss of Talent

"The result is not only a denial of opportunity to gifted individuals but a loss of talent to the country which we can ill afford."

Harriman warned his audience about talk of "moderation" and "middle of the road." Recently he has criticized Adlai Stevenson, the declared Democratic candidate for the nomination, of being "too moderate."

"Let's not fall into that trap," he said. "These are the words that have been used by the Republicans to try to put their inaction in a favorable light."

SURVEY

(Continued from Page One)

five years, or about 980 persons per year. As compared with the growth of Pampa in past years, these figures seem reasonably accurate as conservative estimates.

In 1930 the total number of inhabitants residing in the city numbered 10,470 (predicted on the U.S. census). In 1940 the population was 12,895. In 1950 the inhabitants totaled 16,583. As of Sept. 15, 1955, the total population within the city limits was estimated at 22,156.

Population of Pampa's metropolitan area, comprising Precincts 1 and 2 in Gray County, are projected into the future as follows: 1960—33,251; 1965—38,395; 1970—43,547; 1975—49,714; and 1980—55,477. Total population at present is estimated at 28,192.

Gray County Population

The total number of people residing in Gray County in 1950 is forecast at 37,894 inhabitants, or over 2,000 more inhabitants that will be living in Precincts 1 and 2. Total Gray County population, at present, is estimated at 30,470 which is an increase of 5,742 over 1950. In 1940 the County showed an increase of only 1,822 people. Within the next five years the county may expect an increase of 5,561 persons, or an average of 1,112 a year (as compared with an average increase for Pampa of 980 per year). Projected forecasts predict an increase of 5,054 inhabitants between 1960 and 1965 (an average of 1,010 a year); between 1965 and 1970, an increase of 5,171 or an average of 1,034 a year; between 1970 and 1975, an increase of 6,141 or an average of 1,228 per year;

Hospital Board Members Named

County Judge Bruce Parker Friday reported the appointment of two men to the Highland General Hospital Board and the re-appointment of another.

Judge Parker appointed Travis Lively, Sr. and Rayburn Thompson, both of Pampa to fill vacancies created by the expired terms of George Scott and Fred Thompson. Parker re-appointed J. W. Meacham of McLean to serve on the Board.

Judge Parker also reported the appointment of a jury commission for the Gray County Court for 1956. Parker appointed Pampa's Mack Hiatt, J. C. Claborn of McLean and Mrs. Cliff Vincent of Lefors on the commission.

and between 1975 and 1980 an increase of 5,967 or an average of 1,193 persons per year.

The total number of people residing within the trade territory as based on the U.S. census for the year 1940 totals 168,603 (including the 20 counties of Texas and Oklahoma); the number of residents within the trade territory for 1950 numbered 188,660. This shows an increase of 19,857 over a five year period of an average of 3,971 2-5 people per year. Between 1950 and 1955, this figure increased to 214,545, an increase of 26,085 persons in five years, an average of 1,043 2-5 persons a year. As projected in the future, there will be 239,628 persons in the trade territory in 1960 and 271,297 in 1980, or an increase of 131,669 people over a 20-year period.

Two Collisions Here Friday

Two collisions were reported to city police Friday.

The first occurred at 4:31 p.m. Friday on W. Francis, 40 feet west of Somersville. A 1950 Studebaker, driven by Marvis Moseley Converse, 108 S. Faulkner, and a 1953 Cadillac, driven by Janavee Gay McDaniel, 1024 Mary Ellen, were in the collision.

The Converse car suffered approximately \$75 in damages and

the McDaniel car suffered approximately \$150 in damages.

The second collision occurred at 5:41 p.m. Friday at the intersection of N. Starkweather and Short Streets. A 1953 Oldsmobile, driven by Lynda Bullard, 1330 E. Kings-

mill, and a 1948 Chevrolet, driven by Tommy Dale Allston, 910 Jer-

den, were in the collisions. The Bullard car suffered approximately \$50 in damages and the Allston car suffered approximately \$15 damages.

Education Group Dinner Scheduled

Dr. John Osmun, head of the Eastern division of the Adult Education Program in the U.S., will be the principal speaker for the adult education informal dinner to be held Dec. 9 at 6 p.m. in Johnson's Cafe.

John Gregory of Texas Tech College will introduce the national officer and participate in a question and answer period following the dinner.

Mrs. Clifford Jones, secretary of Adult Education Board extends a cordial invitation to everyone that would be interested in learning more about the program in process here. Nine discussion groups are now underway with plans for the formation of several other groups.

Leaders of civic clubs and other organizations have been extended invitations to attend. Reservations should be made at Lovett Memorial Library not later than next Monday afternoon.

LEADERS

(Continued from Page One) highlighted by these five proposals:

1. Tax cuts—If the federal budget is balanced.

2. More federal aid for schools.

3. A new federal highway building bill.

4. A farm program to give a bigger break to the little farmer.

5. Creation of a trade cooperation organization to increase world trade.

The administration program will be submitted after the Democratic-controlled Congress convenes Jan. 3.

Knowland said tax cuts next year will depend on whether the administration can balance the budget.

If so, he said, it could lead to a "modest additional" tax reduction. Martin said if there is a tax cut, it will be designed to see that the "so-called little fellow" gets his fair share.

Knowland, stating he is no political "defeatist," said he believes the Republican party can win next year's election with or without President Eisenhower as a candidate.

He said if the Republicans win the presidency they also will win the House. But he said control of the Senate will be close.

Knowland was asked whether he will announce his own candidacy if Mr. Eisenhower does not say before the end of January whether he will run. He replied that such a question was "premature until the President has clarified his own position."

He said Mr. Eisenhower should have "ample opportunity" to make up his mind. But he said it would be "helpful" for President to give his party and the country an early decision, so that other potential Republican candidates would be able to enter the political primaries early next year.

He said that if Mr. Eisenhower does decide to run, the Republican party will nominate him "almost by acclamation" and he will win the election by as large a margin, or larger, than he did in 1952.

Knowland said on a recent tour he found no area of the country including the South—where the President was not as popular as he was three years ago. He said he might not win all the Southern states he won in 1952, but that he might pick up some there that he lost by close margins.

U.S. Farms Number Lowest In 50 Years

By ROBERT F. MORISON
WASHINGTON, Dec. 3—UP—The number of farms in the United States dwindled last year to the lowest point in more than half a century, the government disclosed Saturday.

What is more, the farm decline that began in the late 1930's increased between 1950 and 1954 to the fastest rate in U.S. history.

The Census Bureau gave this revealing picture of the farm decline:

In 1850, a century ago, when the nation was expanding by leaps and bounds and census-taking began, there were 1,449,073 farms in the land.

By 1890 the number had leaped to 4,564,641 and by 1935 had reached the all-time high of 8,812,350.

Then, with the vast expansion in use of machinery and mass production farming, farms began to get bigger in size and fewer in number.

By 1940 the total was down to 6,096,799. By 1950 it had fallen to

5,382,162. And by 1954, the total disclosed Saturday was 4,782,393—a four-year drop of 11.1 per cent, the sharpest decline on record for such a short period.

Little Farm Is Victim

A breakdown of types of farms that have been disappearing is almost as revealing. The little farm is the victim. The census figures show that almost half the decrease in the past four years was in farms of under 50 acres.

About 529-thirds of the decrease since 1950 was in farms that sold less than \$1,200 worth of farm products a year.

Further figures showed that it is the big, well-paying farms that are staying in business and the small, "marginal" farms that are disappearing.

The greatest decline in the 1950-54 period was in the South and East. In the East, the biggest drop was registered in areas with a "considerable" number of "marginal or low-income and small farms."

In the South, the greatest decline occurred in areas where a "considerable percentage" of farms were operated in 1950 by tenant farmers and share-croppers.

"In fact nearly all of the decrease from 1950 to 1954 in the south was accounted for by the decrease in farms operated by share-tenants and croppers," the census study found.

Only Florida Not Affected
The numerical decline in farms from 1950 to 1954 totaled 600,000. The Census Bureau said the drop occurred in every one of the 48 states except Florida, which showed a small increase from 56,921 farms in 1950 to 57,543 in 1954.

The 1950-54 decline was registered in all but 180 of the nation's 3,067 counties.

The sharpest state declines occurred in New England. Maine farms dropped from 30,338 to 23,368, a reduction of 23 per cent, steepest of any state. Farms disappeared at the rate of 22.9 per cent in Rhode Island, 22.3 per cent in New Hampshire and 21.9 per cent in Massachusetts.

Arkansas came next with a decline of 20.5 per cent, followed by Connecticut with 18.3, Georgia 16.5, Oklahoma 16.4, Alabama 16.3, Vermont 16.1, West Virginia 15.8, Delaware 15.5 and New York 15.4.

THE VIGIL—Janice Hullinger watches over her silling steer, "Shorty, II," just before the opening of the International Livestock Exposition in Chicago. The black Aberdeen Angus, considered one of the favorites for grand champion honors at the show, came down with pneumonia and was a doubtful contestant for this year's prize. Last year, Janice, a 17-year-old Manly, Iowa, farm girl, won the rich grand champion prize with her original "Shorty."

Poultry Market Is Steady

WEEKLY LIVESTOCK ROUNDUP

FORT WORTH — UP — USDA— Weekly livestock:

Cattle: Compared last week's close: Slaughter steers weak, yearling steers and heifers firm, beef cows strong, canner and cutter cows fully 50 higher, bulls strong to 50 higher, good and choice stocker cattle strong to 50 higher, medium grade weak. About 25 per cent of receipts comprised cows.

Week's tops: Beef steers 20, few yearling steers to 21 heifers 19 cows 11.50 bulls 13, yearling feeder steers 18.

Calves: Good and choice 50 and more higher others about steady. Commercial and good slaughter calves 13-17, choice 17.50-18.50, some over 550 lbs to 19, cull and utility 9-12. Medium and good stocker steer calves 14-18, good and choice 18-19, heifers 16 down.

Sheep: Receipts about 65 per cent lambs, 15 per cent yearlings and remainder old ewes and wethers. Compared with late last week: Slaughter lambs steady to weak, other classes steady. Week's tops: Woolled slaughter lambs 19, shorn slaughter lambs 18.50, slaughter slaughter ewes 7, feeder lambs 16.25.

Hogs: Butcher's 25 lower sows steady to strong. Week's tops: Butcher's 12.50, sows 11.

WEEKLY GRAIN ROUNDUP

FORT WORTH — UP — USDA— Weekly grain:

The Agricultural Marketing Service said Saturday the strongest advance in cash grain prices at southwest markets in several weeks occurred the past week.

Yellow corn jumped 7 to 8c a bushel and white 4 1/4c. Yellow milo went up 2c per 100 pounds. Oats were 1/2 to 1c higher and wheat up 3-4 a bushel. Barley held steady at \$1.17 to \$1.21 a bushel.

These are net changes from Friday through Friday based on wholesale carlots, Texas common freight rate points.

Limited offerings on the open market was the main factor supporting prices, for demand continued extremely dull, particularly in the southwest.

No. 2 yellow corn closed Friday at \$1.53 to \$1.57 a bushel and No. 2 white at \$1.54 1/2 to \$1.59. No. 2 white oats from the north shared some of the strength and moved up to 85 1/2 to 88c a bushel.

With milo harvesting about to wind up, very few cars showed up for sale this week. Not much demand showed up, either. Quotations ranged from \$2.10 to \$2.15 per 100 pounds, the highest in several months.

At Oklahoma elevators, the same wheat was up mostly a cent from a week ago. It brought from \$1.92 at Guyton and Hooker to \$2.01 at Hennessey and Bison. Milo was up 2 to 10c per 100 pounds from a week ago. It brought \$1.75 at Enid to \$1.85 at Oklahoma City.

SERENADE — Liberace serenades Dorothy Malone in a scene from Warner Bros. "Sincerely Yours" which is playing now at the LaNora.

Liberace's First Film Showing Here

Liberace set a new pre-recording record for his first starring motion picture "Sincerely Yours," according to Ray Heindorf, head of Warner Bros. music department.

Accompanied by the 80-piece Warner Bros. orchestra, the virtuoso recorded 31 numbers in one week. The selections ranged from classical compositions to boogie-woogie and included the film's title song "Sincerely Yours," composed by Liberace himself, with lyrics by the noted song writer Paul Francis Webster.

The many musical numbers in the film which opened today at the LaNora Theater, called for special arrangements for Liberace's florid style. These were handled by arranger Gordon Robinson, former assistant professor of music and assistant orchestra conductor at Louisiana State University. Robinson and Heindorf took turns in conducting the 80-piece orchestra in making the recordings.

Co-starred in "Sincerely Yours" are Joanne Dru, Dorothy Malone and Alex Nicol. The WarnerColor film was directed by Gordon Douglas, produced by Henry Blanke and is an International Artists Ltd. production. George Liberace was music advisor.

Mobeetic Personals

By MRS. O. G. BECK
Pampa News Correspondent

The District Conference held in the local First Methodist Church, Tuesday, was well attended. Luncheon was served by the Methodist Ladies.

Word was received this week of the death of Mr. M. R. Bostick, 75, in Fort Worth, where he made his home with his son, Dock Bostick. Mr. Bostick was a former resident of Mobeetic.

Mr. and Mrs. R. B. Leonard moved to the A. G. Caldwell house, Monday. Mr. and Mrs. Tommie Allen and family moved into the home vacated by Mr. and Mrs. Leonard.

Mr. and Mrs. M. S. Beck returned to their home in Mobeetic, Thursday, after a 10-day visit in the home of their daughter and family, Mr. and Mrs. C. J. Trusty, Clyde and Dal in Lefors. Mrs. Trusty recently underwent surgery in the Worley Hospital in Pampa.

Recent guests in the home of Mr. and Mrs. Bert McLean were her mother and brother, Mrs. G. C.

Ranton, Palmer and Elmer Ranton of Dallas.

Mr. and Mrs. C. C. Dyson drove to Amarillo, Wednesday where their son Dale has completed a six-month barber course. He returned home with them for a few days visit, after which he will go to Bovens, where he will work in the Trimble Barber Shop owned by his uncle, George Trimble.

Rev. Vernon E. Willard, Oklahoma Lane, visited relatives and friends in Mobeetic, Thursday. He spent Wednesday night with his parents, Mr. and Mrs. Nevin Willard in Wellington. His father having recently underwent major surgery and is doing nicely.

Jack Ribble of Tulsa, Okla., visited his brother, and sister in law, Mr. and Mrs. J. K. Ribble, last week.

Bill Dyson has spent the last two weeks visiting his brother and family, Mr. and Mrs. Richard Dyson, Jan. Sue and Ricki, in Roswell, N.M.

At the bottom of the Grand Canyon live bull snakes, beavers, bobcats, deer, ring-tailed cats, water ouzels and ducks.

RANGER BAND

The Perryton High School Ranger Band, led by Drum Major Sydney Slack, led the parade down Perryton's main street kicking off Snow Carnival activities last Friday. The parade preceded an out-doors concert of Christmas music by the Perryton High School, Pampa High School and Berger High School choirs and the selection of Miss Snow Queen, who was Pampa's Mary Inman. Santa Claus also put in an appearance during the day. (News Photo)

Gamblers Fleece Young Democrats

OKLAHOMA CITY —UP— Four not-so-young gamblers had cleared town Saturday after allegedly fleeing delegates to the Young Democrat National convention of \$1,000.

The four were fined \$20 each in city police court Friday on charges of possessing gambling equipment. They were then escorted by police to the city limits and told to "get back to Texas."

Police identified the men as Sealy McGriffin, 40, Fort Worth, Adrian Smith Cavitt, 42, Lubbock, Tex.; Wayne Johnny Rentrow, 30, Longview, Tex., and Glenn R. Cunningham, 28, Gore, Okla.

Detectives said the quartet appeared at a party sponsored by the Young Democrats and got up a friendly game with crooked dice. All wore Young Democrat badges.

Several victims telephoned police and the quartet was traced to a downtown hotel room. Officers cooked dice, which they said were confiscated several dozen pairs of worth at least \$1,000.

Plans New Security Course

WASHINGTON —UP— The Army, in a new effort to improve its personnel security program, announced Saturday it will begin a course next week designed to teach its personnel how to evaluate security information.

Post-Treaty Battle

The battle of New Orleans was fought after a peace treaty had been signed. The battle was fought on January 8, 1815, and the peace treaty between the United States and England had been signed at Ghent on December 24, 1814.

When it comes to Protection... it pays to have the BEST

What wouldn't he give for a better belt! But it's too late to try and buy one now. Dependable insurance is like that, too. It's one thing you can't buy when you need it most. After an accident or loss has occurred, it's too late to get better insurance if the policy you have proves unsatisfactory. So don't gamble with "cheap" insurance. Buy only the BEST — and buy it today.

Faculty Follies Scheduled Monday Night

"Meow-w-w" "But my feet are cold." This is not a lonely cat roaming the streets on a cold night. It is some of the dialogue heard coming from the mouths of Pampa teachers as they go into their dress rehearsal today for their "Faculty Follies."

The Follies will be presented Monday at 8 p.m. in the Junior High School Auditorium. Tickets are on sale at all schools and at Richard Drug at 50 cents for students and \$1 for adults.

The cat howl is one line spoken by Mrs. Fred Brook as she portrays one of the Three Little Kittens. The cold-feet wail comes from D. V. Biggers as he walks barefooted across the stage as Wee Willie Winkle.

This comedy review of Mother Goose's children will be narrated by Mrs. Perry Gault. Mrs. Bernice Hatcher will be pianist.

One of the most hilarious acts is expected to be the strip-tease number of Bob Field as Little Black Sambo, trying to appease the hungry Tiger, Miss Alma Wilson.

Others in the cast are Mrs. J. E. Torvie, Mrs. Kenneth Hobbs, Miss June Stephenson, Mrs. Beverly Ross, Miss Elizabeth Holt, Miss Edith Kral, Otto Mangold, Mrs. Walter Bowen, Miss Yvonne Goss, Howard Graham, Alexander Swenn, Miss Judy Smith, Jack Nance, Wayne Frizzell, Mrs. Homer Bowers, Mr. and Mrs. Bob Hamilton, Mrs. Lula B. Owen, Mrs. Ruby Riley, Miss Martha Montgomery, Mrs. Myrl Salmon, Mrs. Jean Taylor, Mrs. Elsie Mae Walters, Mrs. J. D. Webb, Don Swadley, Frank Craig, and little Pamela Webb.

Dorris Landers Hess of Amarillo is director of the show, which will feature such characters as Simple Simon, Jack Horner, Mistress Mary, Snow White and the Seven Dwarfs, Bo-Peep, Tommy Tucker, Mary and her Little Lamb, Red Riding Hood and Old Mother Hubbard.

Mrs. L. J. Boone, Boyd and Joann, Sunray; Mrs. J. P. King, Grant Meek, Mr. and Mrs. Ben Helton and family, Briscoe; Scott Helton and Mr. and Mrs. Bob Helton of Wheeler.

CIO, AFL Merger Causes Concern In The Oil Industry

By HARRY WILSON SHARPE
WASHINGTON, Dec. 3 — UP—The oil industry is girding for battle on the labor front in 1956.

Causing most concern, says an industry source, is the formal merger of the AFL and CIO in New York Monday. This could lead eventually to a very powerful oil union. It also could open up a rich war chest to finance organizing drives in company-dominated unions.

Also causing some anxiety is a concerted move by locals of the CIO Oil and Atomic Workers International Union to reopen 500 wage contracts with demands for generous raises and more fringe benefits.

The union objective is increases for both 1955 and 1956. Its policy committee regards hikes won earlier this year as merely raises due but not received in 1954. There also may be feelers for guaranteed annual wages.

May Not Be Immediate
Industry spokesmen say effects of the AFL-CIO merger may not be felt immediately. But they agree the outlook could change quickly if no obstacles block consolidation of the 50,000 AFL and 90,000 OCAW oil workers.

This has been the dream of President O. A. Knight of the OCAW. For years he has been trying to form a solid nucleus which would be tempting bait to one million members of 20 independent oil and chemical unions in the United States and Canada.

He feels that once this coalition is formed, it would be comparatively easy to break through to company unions which have crippled his strike weapon.

Assured of Funds
Knight already has been assured of organizing funds. He also will be able to call on the services of trained organizers who can devote their time exclusively to that purpose.

Meanwhile, the OCAW bargaining policy committee has laid down ground rules for 1955-56 wage drives. A local will no longer be permitted to reach a wage agreement without specific approval of the committee.

This is intended to bring about uniformity in contracts with re-

spect to wages and fringe benefits. The committee's goal is a "substantial" wage hike — larger than the 10 cents an hour won last spring.

Designed for United Front
The new rules, the committee said, "will enable bargaining groups to co-ordinate their efforts and present a united front to the industry. This will bring about a unity of action which will prevent any group from inadvertently signing a contract for an inferior wage increase and possibly setting thereby an industrywide pattern lower than could otherwise be set."

It said further that the position of the union is that oil workers have not received a 1955 round of wage increases "and are now in negotiations for a wage increase earned and due in 1955, plus 1956 increases which will be due soon."

A majority of the union's 500 contracts can be opened for wages by Jan. 1, the committee said, "and the number will increase steadily until virtually all are open within a few months."

Abilene Rolls Over El Paso High, 61-0

EL PASO, Tex., Dec. 3.—UP—Abilene's defending Class AAAA state champions repeated history again Saturday as the Eagles thoroughly defeated El Paso High 61-0 to advance in the semifinals of the Class AAAA football Bi-District playoffs.

The Eagles, in a similar quarterfinal game last year, defeated El Paso Austin by a similar 6-0 score.

But despite the similarity in scores, Abilene's 1955 powerhouse looked even better than last year as the Eagles built up a 28-0 lead in the first nine minutes of Saturday's game. After that, Abilene played most of the remainder of the game with its reserves.

Abilene will play Dallas Sunset next Saturday at 2 p. m. at Abilene in the semifinals.

The Eagles scored the first time they got the ball. On a first down, righthalf Henry Colwell tore around left tackle and went 51 yards to score.

Glynn Gregory, the Eagles' flashy right-halfback, repeated the feat for an 18-yard scoring run the next time the Eagles got the ball. Gregory and Colwell each scored another touchdown before being benched.

The Eagles looked their best when they were in the open field. The statistics were surprisingly close, despite the final score. Abilene had 17 first downs to 12 for El Paso, 220 yards rushing to 192, and 22 yards passing to 38 for the Tigers.

Score by periods:
 El Paso 0 0 0 0—0
 Abilene 34 14 7 6—61

Abilene scoring—Touchdowns, Colwell 2 (51, run); 60, punt return; Gregory 2 (57, run; 12, run); Carpenter (1, plunge); Sides 2 (1, plunge; 5, run); Adams (24, pass from Stephens); Bradshaw (47, pass interception). Conversions—Gregory 6, Caudie 1.

Snyder Falls To Garland

GARLAND, Tex., Dec. 3.—UP—A 38-yard pass from quarterback Arthur Douglas to halfback Bobby Boyd with one minute, 50 seconds to play gave the Garland Owls an 18-13 victory over the Snyder Tigers in a Class AAA quarterfinal game Saturday afternoon.

An estimated 8,000 fans saw the Owls pull the game out of the fire after trailing since midway in the second quarter.

Garland grabbed a 12-0 lead in the first period with Douglas plunging over from the one for the first score, and halfback Chuck Bailey going around left end for 32 yards and the second six-pointer. Boyd missed both conversions.

Snyder bounced back in the second period to take a 13-12 lead. Quarterback Towell Berry threw a 25-yard pass to end Don McNew for the first Snyder touchdown. Berry missed the conversion.

Fullback Jack Spikes broke away on a 73-yard scoring run midway in the second period and center Joe Reaves kicked the extra point to put the West Texans ahead until Boyd's sensational scoring pass from Douglas gave Garland the game.

Garland will play Texarkana in the semifinals next week, at a place to be decided upon Sunday afternoon.

Score by periods:
 Garland 12 0 0 6—18
 Snyder 0 13 0 0—13

Garland scoring—Touchdowns, Douglas (1, plunge); Bailey (32, run); Boyd (38, pass from Douglas).

Snyder scoring—Touchdowns, McNew (25, pass from Berry); Spikes (73, run). Conversion—Reaves.

Pirates Hold Football Banquet

LEFORS — (Special) — A banquet was held in the new Lefors High School Cafeteria celebrating its 25th year of football last night. The 1955-56 Lefors Pirates, their dates and parents were honored at the affair.

Hatcher Brown, Asst. Coach at West Texas State College, showed films of the W.T.S.C. vs. Arizona State game.

Highlighting the banquet was the presentation of the "Fighting Pirate" award which was presented to quarterback Ronnie Rice by Coach H. W. Callan. Ronnie is a senior in Lefors High School and is a three year letterman for the Pirate squad.

Entertainment was provided by the high school sextet, which consists of Alta Smith, Alecia Ham, June Henderson, Aetha Smith, Peggy Lamb, and Pat Wingard.

Co-Captains, Jerry Herring and Mike Nichols presented gifts to Coaches, H. W. Callan and C. H. Keeton, and to Dr. Phillip Gates.

Patty Berg Has Anniversary
 CHICAGO — UP — Patty Berg celebrated her 15th campaign as a professional golfer by leading the women play-for-pay players in 1955 with total earnings of \$16,492. She also won the Vare Trophy for posting the season's low scoring average, 74.47.

The Pampa Optimist Boys Club held its first intracity matches with the Guymon, Okla., Boxing Club in the Community Barn before a pleased crowd of approximately 500 fans Saturday night.

The Optimist boxers took seven of the 13 bouts on the schedule with Guymon winning three matches and West Texas State College boxers taking two bouts, and Berger winning one.

Gary Wilhelm, one of Pampa's best boxers since he was 12, pounded out a decision over Guymon's best boy, Bill Bledsoe, a tall powerful boxer, seemed to be slightly favored in the first round when he caught Wilhelm with a left that caught him off balance and sent him to the canvas.

The second and third rounds were a different story, though, as scrappy Wilhelm came back and had Bledsoe hanging on in each. The Pampa boxer won the match by a unanimous decision.

Jease Ring, who has had a short time to get into shape because of football, pounded out a tough decision over Guymon's Jim Bean in the 135 pound class. Ring, the Harvester halfback, has been working out only two weeks. He managed to counterpunch as Bean's left went wild over his head. Blood was running from Bean's nose when the bell rang to end the fight.

Johnny Vineyard, West Texas State's top miltman and formerly of McLean, took several hard blows to the chin early in the second round which dazed him. The second and third rounds went to Bobby Wilhelm, who boxed for the University of Wisconsin last winter. Wilhelm has been coaching the Pampa News team this winter. Vineyard, a very capable boxer in the 150 pound class, seemed very strong in the first round but weakened from the effects of the hammering left hooks thrown by Wilhelm.

The matches consisted of the best fight cards ever presented to a Panhandle audience with only the Amarillo Regional Golden Gloves tournament surpassing it.

The lead off bout between Dennis Kirk and Joe Dunn was a hard fought match from the bell to the last punch with Dunn taking the match for the Optimists. Dunn fights for the Panhandle Insurance team and is coached by Eddie Lowrance.

Larry Powell decided Gary Bollen of Guymon in the 112 pound division in the second match of the evening. Powell, a hard puncher had the fight going his way most of the time with his counterpunching.

Gary Wills, who decided Powell last week in the inter-team matches, won a decision over Earl Mallard. Guymon also in the 112 pound class.

David Marlar, the fourth winner for the Pampa club decided Jimmy Hoffer in the 135 pound division in the fourth bout of the evening.

West Texas State's Martin Luther took a hard fought decision over Amos Walter, Guymon in the 175 pound division. Both boys

fought fast and furious to be in the heavy class.

West Texas State took its second bout from Pampa's Tommy Richardson in the 220-pound class. Richardson was taller and a few pounds lighter than the Canyon boxer, but was unable to stand up under the vicious right hand of Herfian Betke.

Guymon's best little boxer took a close decision over Pampa's Kenny Powell in the 75 pound class. Powell, game all the way, was not strong enough for the scrappy Mike McMurray.

Jimmy Moyer pounded out a decision over Harry Ward to give the Guymon club its third and last win of the night in the 160 pound class. Moyer, who was not rated as one of Guymon's better boxers, proved his skill in defeating the Optimist boxer. Ward is new at light game but is well qualified in his weight.

Charles Snider came through and won the first round but seemed to tire some in the second and third and Gary Watt, Berger's only entry, pounded lefts and rights into the head and body in the last two rounds to eke out a narrow decision over the 135 Optimist scrapper.

The Pampa Optimists will hold matches at the same spot this week. Very seldom, though, will a fight card surpass that of Saturday night.

The Pampa Harvesters picked up their second victory of the season Friday night by defeating the Vernon Lions and racking up more points than they have scored in the past two seasons in one single game.

The Green and Golders dropped the Quanah Indians Saturday night by a 67-52 score in the Indian gym.

In the game with the Lions Gene Brown was high point man for the Harvesters with 18 points. He came through Saturday night with another 18 points on eight field goals and two free throws but he was not ahead of Jerry Gee who sank six field goals and the same number of free tosses to total 18 points.

The Harvesters started cold in both games, counting for only two points in the first three minutes against the Lions but went on to lead 17-14 at the end of the last frame.

They trailed in the Quanah contest 8-6 early in the first quarter but got warmed up and came through to take an 18-10 lead at the end of the period.

Coach Bailey's Indians did some good defensive work early but let up in the second quarter to give the Harvesters a 34-20 halftime lead Saturday night.

Jimmy Enloe was held scoreless in the Vernon contest, while the only other scoreless Harvester was Tommy Murray. Buddy Sharp broke into the scoring column for the first time this season as the Vernon Lions by dropping in two free throws in the last quarter.

Sam Condo counted for eight points in the Vernon contest, while the third highest scorer was Dickie Mauldin with 13 points and Jerry dropped in 15 points. Tommy Gindorf, counted for eight, Cole nine and Pope eight.

The Harvester scoring was well spread in both games.

The Lions' high scorer was center Junior Butler who counted for eight of the Lions' 14 points in the first quarter with free throws. He racked up a total of 12 points before he fouled out.

Gene Brown has dumped in a total of 53 points in his first three games with an average of 17.75 points per game.

The Quanah Indians threw a scare into the Harvesters after the B squad defeated the Shockers 63-60 in the first game. They led the Green and Golders for the first three minutes but gave it up when Gene Brown dumped in a field goal, making the score 11-10. Jerry Gee came right back and pumped in a push shot from the keyhole to put the Green and Golders ahead 13-10, a lead which they never gave up.

The high point man of the game was Dewayne Hargshemer for the Indians with a total of 20 points. He dumped in nine field goals and two free throws. He failed to count with the free throws, however, as he sank only two of his 19 tries.

The Green and Golders will be

going after their fourth win of the 55-56 season and open their home season when the tough Tulsa Hornets invade Harvester Fieldhouse Tuesday.

Stamford Stops Phillips

CHILDRESS, Tex., Dec. 3.—UP—The Stamford Bulldogs, dominating ground play from the opening kickoff, stopped the favored Phillips Blackhawks, 13-0, Saturday before about 5,000 fans in the Class AA regional playoffs.

It was the 12th straight win for the Bulldogs. Striking for two touchdowns in the second period, the Bulldogs continued to dominate play during the remainder of the game.

They limited the defending state AA champions to four first downs and a net of 79 yards rushing.

Tyler Overpowers Corpus Christi 22-

TYLER, Tex., Dec. 3.—UP—Quarterback Charles Milstead scored two touchdowns and kicked a 40-yard field goal Saturday to lead the Tyler Lions to a 22-7 victory over Corpus Christi Miller in the Class AAAA football Bi-District quarterfinals.

The victory advanced Tyler into the semifinals, and the Lions will play Baytown Saturday at 2 p. m.

Tyler first scored early in the opening period when Milstead covered a Miller fumble on the Miller 17. On the next play, Milstead went around right end for the score, but he missed the conversion attempt.

With nine seconds to go in the first half, Milstead kicked his sensational 40-yard field goal to give Tyler a 9-0 halftime lead.

Miller marched to the Tyler 22 in the third quarter—the first time Corpus Christi had crossed the Lions' 50-yard stripe—but lost the ball on downs. A few plays later, Milstead had to punt from his own 30, but the ball rolled off the side of his foot and went out of bounds on the Tyler 31.

Four plays later quarterback Larry Duetit passed 27 yards to halfback Thomas DeSalme for the score. Duetit's conversion was good for Miller's last point of the game.

The Lions then marched 63 yards downfield to score again, with Milstead going through center from the one-foot line for the score. Milstead's conversion kick was good.

Score by periods:
 Tyler 6 3 7 6—22
 Miller 0 0 7 5—12

Tyler scoring—Touchdowns, Milstead 2 (17, run; 1, plunge); DeSalme (19, run). Field goal—Milstead, 40 yards. Conversion—Milstead.

Miller scoring—Touchdown, DeSalme (27, pass from Duetit). Conversion—Duetit.

Brooklyn Middleweights Signed
 NEW YORK — UP — Hardy Smallwood and Mike Campbell, two Brooklyn middleweights, have been matched for an eight-round main bout at Sunnyside Arena next Thursday.

To Honor Otto Graham

CLEVELAND — UP — The Ohio Foundation for Northwestern University, through the Cleveland Browns, announced Thursday it will honor quarterback Otto Graham at the Browns' final home game, Dec. 11. The foundation will honor Graham by launching the "Otto Graham Scholarship Fund," designed to perpetuate the player's name at Northwestern where he starred in football and basketball. The fund has been set up because Graham wants someone else rather than himself to benefit from any gifts he may receive on this day.

Georgia Tech Students Object To Pitt Player

Students Angered By Racial Ban On Sugar Bowl Contest

ATLANTA, Dec. 3 — UP — Georgia Tech students, angered over a racial ban on the Sugar Bowl, fought past troopers and stormed the state capitol Saturday in the most riotous protest since the late Gov. Eugene Talmadge tried to regiment the professors in 1941.

Gov. Marvin Griffin, whose demand for Pittsburgh not to use a Negro fullback when it plays Tech

in the Sugar Bowl Jan. 2 touched off the storm, was burned in effigy at least six times.

After pacing the floor of his home restlessly while students demonstrated outside the mansion and at the state capitol, Griffin took off for a quail hunting trip. The 48-year-old outspoken governor said the Sugar Bowl game should be played by "Southern rules," with no Negroes participating, in New Orleans.

"When in Rome do as the Romans do," the governor said. "If we play Indiana we would play under Indiana rules."

That statement was interpreted as a slight break in the governor's unqualified demand Friday. Then he told the board of regents, governing body of state institutions, to see to it that no state colleges play in any games involving Negroes.

An influential member of the regents, would not be quoted by name, predicted that the board would vote to let Tech play against a team with a Negro "just this once." The official, who said he would vote against participation himself, said bitterly "this will show the world that Georgia stands for segregation where there is no money involved but will sell out when it is."

A meeting of the regents to settle the issue was arranged for Monday. Harassed Tech president Blake R. van Leer, who is bound by contract to field a team at New Orleans Jan. 2, said he would clarify Tech's position at or right after the meeting.

Such a statement "can't wait

Navy's Welsh Is Major Passer, Hank Burnine Is Top Receiver

NEW YORK, Dec. 3—UP—George Welsh of Navy won major college football's 1955 passing championship and Hank Burnine of Missouri captured the pass receiving title.

Final NCAA statistics showed that both salvaged their titles from defeat. Welsh, who never led the throwers during the season, won the title while Navy was losing to Army in its final game. Burnine paced all receivers through the last six weeks of the season but he played for a Missouri team that won only one of its 10 games.

Welsh, a five-foot, 10-inch 164-pounder from Coaldale, Pa., completed 18 of 29 passes against Army to snatch the title from Columbia's Claude Benham, who finished his much longer, Van Leer said. "It's causing a lot of excitement here on the campus."

Reinforced highway police were put on standby guard at the capitol and mansion for the weekend in an informal "state of siege" to guard against further marches.

Telegrams poured in to Griffin and Tech officials from across the country, condemning Griffin's statement of policy which could ruin both Tech and its sister school, the University of Georgia, as national athletic attractions.

Bill Virdon Is Rookie Of The Year

CHICAGO —UP— Outfielder Bill Virdon of the St. Louis Cardinals, who the New York Yankees let go in their 1954 deal for Enos Slaughter, was the Baseball Writers' Association's choice as the National League's outstanding rookie of 1955.

Virdon batted .281, hit 17 homers, six triples and 18 doubles for 211 total bases and drove in 65 runs.

It was the second year in a row that a St. Louis player won the honor. Outfielder Wally Moon was the freshman of the year in 1954. Of the 24 votes cast, Virdon received 15, followed by pitcher Jack Meyer of the Phillies with seven and pitcher Don Bessent of the world champion Brooklyn Dodgers with two.

Virdon won the International League batting championship in 1954 with a .333 mark before joining the Cards.

Previous National League rookie award winners were Jackie Robinson, Dodgers, 1957; Al Dark, Braves, 1958; Don Newcombe, Dodgers, 1949; Sam Jethroe, Braves, 1950; Willie Mays, Giants, 1951; Joe Black, Dodgers, 1952; Jim Gilliam, Dodgers, 1953; and Wally Moon, Cards, 1954.

An All-Time Record

Earl Morrall of Michigan State set an all-time record of 13.8 yards per attempt for 50 or more throws. He bettered the mark of 13.5 set by Oklahoma's Eddie Crowder in 1952. Morrall and Ronnie Knox of UCLA were second to Welsh in completion percentage for at least 50 efforts. Each completed .618 per cent of his tosses.

Burnine won the pass-catching crown with 44 catches. He is the first Missouri player to win a national crown since Bob Steuber outscored everybody in 1942 and the first Big Seven player ever to win the pass-catching title.

Burnine, a six-foot, two-inch 181-pound senior from Richmond, Mo., also led in yards gained on catches with 594. John Bredice of Boston University was runner-up in both catches and yards with 35 for 468.

Joe Walton of Pittsburgh caught eight touchdown passes, more than any other major college performer. And he did it on only 12 catches, an all-time record. Jim Riddion of Syracuse scored five touchdowns on only six catches.

Amarillo Girl To Reign At Cotton Bowl

FORT WORTH —UP— A busy senior student from Amarillo will reign as queen of the Cotton Bowl festivities in Dallas, Jan. 2 when Texas Christian University meets Ole Miss.

The host school at the football game, TCU, automatically furnishes the Cotton Bowl queen.

Miss Sally Marie Tull, daughter of Mr. and Mrs. H. V. Tull Jr., of Amarillo, was elected campus sweetheart in a poll last spring.

A major in biology, Miss Tull is one of the most active students on the campus. She is a member of Alpha Chi, the national honor society and was president of the Women's Sports Association in 1954-55.

She was treasurer of the sophomore class and ruled as queen of "Ranch Week," the university's annual western celebration in the spring of 1955. She is a member of the Parabola and Science clubs.

Miss Tull also is a member of the Kappa Alpha Theta social sorority and president of the TCU chapter for this school year.

Panhandle Outdoor Life

By S. V. WHITEHORN
All reports indicate the largest kill made in fifty years for the Panhandle on this fall's deer and turkey hunts.

This is a result of good law enforcement by the State Game Warden plus the whole-hearted cooperation of the land owners and outdoor sportsmen.

There is no doubt that sound game management practices will pay off, not only for the hunters but also for the ranchers. Times have changed, no longer can a hunter pick up his gun and saunter off into the game areas and pick his choice of game without any preparation.

We are hunting in a modern age and the hunting done nowadays is quite different from the pioneer hunting.

Game is rationed. Ranchers in this area have changed during the last few years and many of them are changing their private hunting grounds to public shooting preserves and are allowing the hunter a place to hunt for a fee.

Were it not for this practice many of the Panhandle boys would be at home instead of in the field.

There are very few complaints from the hunters that pay ten to twenty five dollars per day for this privilege. Some few seem to think that everyone should be allowed to hunt for free while the majority are more than willing to buy their hunting rights. One hunter recently remarked, "you have to buy everything else nowadays, who not a place to hunt".

How long would the game in the Panhandle last if the seasons were removed and the hunters told to take to the fields and kill what they wished? As long as the outdoor sporting public will cooperate, Texas will have an abundance of game.

Game Wardens Ask Assistance
If you be white quail hunters will take the trouble to separate your days kill, cocks from the hens, and remove one wing from each bird and place them into two of the envelopes secured from your local game warden, then the game dept personnel will be greatly obliged.

The wildlife biologists can secure a vast amount of information from the wings plus the information you will furnish by filling out the instructions on the envelopes.

Formation Deluxe
Anyone in the Panhandle who saw a small aircraft flying formation with three whooping cranes during the migrating season this fall, please be advised that the object without feathers was pilot-warden Frank Hamer of the Game and Fish Commission. Warden Hamer reported his experience to Wildlife Biologist A. S. Jackson on the landing at Canadian. Hamer said he met the giant birds while they were flying southward toward the Arkansas refuge, where they checked in a few days later. Hamer turned about and flew at a discreet distance alongside the trio to confirm their identity.

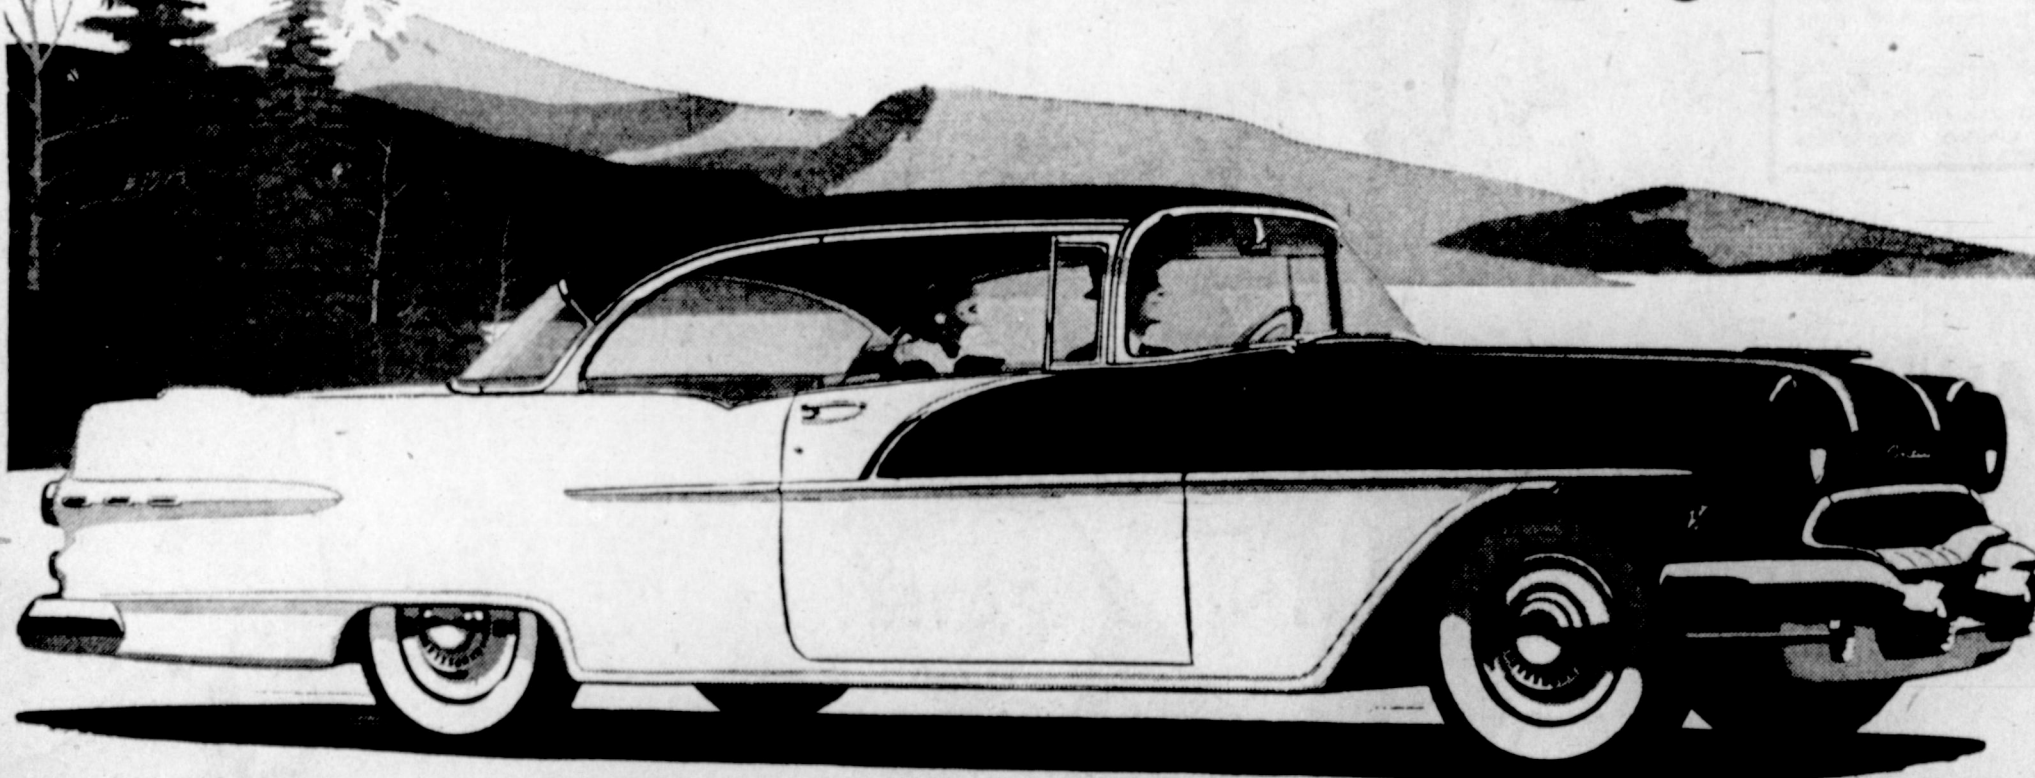

Each hunter will receive a reply from the Fish and Wildlife Service as to where the bird was banded and when.

Mr. Kriebel further stated that we have had several Whistling Swans killed along the Canadian river this fall and cautioned hunters not to shoot these large white birds. They are fairly rare to this area and are protected by both Federal and State law.

Hunter Have
Imagine the shock to a farmer near Port Arthur on finding that a dove hunter had left a pasture gate open with these results: Cattle strayed out upon the highway at night and two costly accidents occurred; one when a car struck a cow and another when a car struck a horse.

The car says "GO"

and the price won't stop you!

That long and lovely creation shown in action above—glamorous with smartly distinctive car-of-the-future styling and packed with all the terrific "go" suggested by its fleet and flowing lines—is actually a member of Pontiac's lowest-priced series, the value-setting 860 line. And here's what this information means to you!
Whatever your new-car plans for '56, even if you're shopping at the bottom of the price scale—this big and beautiful mile-shrinker can be yours!
You can now look forward to luxuriating in the gracious comfort and solid roadability made possible by a man-sized 122" wheelbase—just about as long as they come!
You can now expect to enjoy blazing Strato-

Streak performance from the most modern and efficient V-8 engine that ever powered a car.
You can plan on it, definitely, because there's not a thing to stop you—as the figure on the price tag plainly shows.
For instance, your favorite body style in the 860 series carries a price within a whisper of the cost of the smaller, lighter-powered lowest-priced cars! And that's just the start.
We're trading right now to set an all-time record for December. And so when you've heard our deal you may very well discover that there's virtually no difference in price at all!
Come in and confirm that the 860 is the easiest car to want and to buy that ever came your way.

IT'S A FACT—YOU CAN HAVE ALL OF PONTIAC'S BIG-CAR GLAMOUR AND GO FOR LESS THAN THE PRICE OF 44 MODELS OF THE "LOW-PRICED THREE."

GORGEOUS GEORGE

Gorgeous George To Wrestle Here

The fabulous Gorgeous George makes his first Pampa appearance Wednesday night December 7th in the main event at the Top of Texas Sportsman's Club arena. George will have his valet in full dress to

disinfect the ring before his master appears.

He is known to be one of the most fabulous dressers to appear in any wrestling arena. He throws to the ladies, what he calls "George Pins." Some ladies say they are gold.

Rams, Browns Are Favored To Hold Half-Game Leads

The Los Angeles Rams and Cleveland Browns, who put on thrillers in the National Football League championship games of 1950 and 1951, are favored to hold their half-game leads in the division races by winning two of Sunday's four key games.

He will be opposed by one of the toughest ring foes, Bob Geigel, in this area. All of the fans that know Geigel, know he can take care of himself in any company. George is no setup and likes to wrestle on the rough side, so this match along with George's private show should furnish some prime entertainment for the local wrestling fans.

A second main event has been signed to support the card with Dory Funk vs. Roy Heff in a two out of three one hour time limit.

Los Angeles entertains the Baltimore Colts and is a seven-point choice to win and retain its slim lead over the Chicago Bears in the Western Division. The Bears, upset by the Chicago Cardinals last Sunday 33-14, are 10 1-2 point favorites to bounce back at the expense of the visiting Detroit Lions. The third-place Colts are a game behind the Rams.

The club has always tried to give the local fans the best in wrestling and will continue to do so. Tickets are now on sale at the Modern Pharmacy and are going very fast.

Cleveland needs its sixth straight Eastern title in order to defend the league championship Dec. 26 and is a 12 1-2 point choice to whip the Steelers at Pittsburgh. The surprising Redskins, only team with a chance to overhaul the Browns are three-point picks for their game with the New York Giants at Washington.

Howard Threatt, the club president, said the Club was not trying to make any money out of this match but to just break even.

The fourth - place Green Bay Packers still are "alive" in the Western race but are 5 1-2 point underdogs against the Forty-Niners at San Francisco. The Packers are 1 1-2 games behind the Rams.

Each team has only two more games and the division champions will be crowned Sunday if the Rams, Browns, Lions and Giants win.

That combination of victories would pit the Browns against the Rams in the championship game Dec. 26. The Browns defeated the Rams on Lou Groza's field goal in the final seconds of the 1950 title game, 30-28. The Rams defeated the Browns 24-17 in the 1951 championship game when Norm Van Brocklin and Tom Fears teamed on a 73-yard scoring pass in the final quarter.

Sportsman Dream Of Handy Watercraft Made A Reality

By LOUISE COFFMAN Pampa News Correspondent

SHAMROCK — (Special) — The sportsman's dream of a light-weight, easily handled, safe watercraft seems to be coming true, thanks to Fred Woods of Shamrock. He has invented a boat which combines with standard fishermen's waders to solve the bug-a-boo of reaching the snags in the water where the "big one" stays.

The fisherman steps into the boat, picks it up and wades into the water. If he wants to cross a stretch of deep water or fish out in the middle, short paddles that come with the boat will get him there in a hurry. When not in use the paddles float out of the way on each side of the fisherman. Propelling the boat with his feet leaves both hands free for fishing or hunting.

The boat is made of metal box floats in the shape of prow and stern joined by a pipe framework which is fitted around a standard "fishing float." For the benefit of those who have never seen one, a "fishing float" is an inerrable stitched into heavy canvas which supports a seat in its center.

The sportsman sits on the seat with his legs thrust through holes in its bottom much like a duck in the water. Tray-like compartments on the metal prow and stern will hold the sportsman's tackle, lunch, and so forth.

Fishing is Fred's sport. He didn't have a boat and was looking for some sort of craft he could fish the small ponds of the Panhandle in. Several of his friends had bought "fishing floats" and he decided to try one. When he got in the water in the float he felt like the cork on the end of a fishing line.

In fact, he and the float acted too much like a cork, he couldn't move against the wind or current, when loaded with tackle he tended to become top heavy and capsize, and in deep water he had trouble steering the round bobbing float.

Fred took the float to a tinmith and describing the metal floats and the steering problem, and had it made.

Fred took lots of kidding from his brother fishermen when he put on his waders, picked up his boat and walked into the water. Tests soon showed that the added buoyancy of the metal floats in front and behind made the boat almost capsize proof.

He could lean until his head touched the water at the side without overturning even when his feet would not touch bottom.

The elongated shape made steering easy whether he was using the paddles he tied to his boat with a string or just his feet used in a pedaling motion.

He wanted more power when he used his feet and devised fins to attach to his waders. Before he had the fins made he found some in a sporting goods store which had been patented to go with the fishing floats.

When Fred applied for a patent, which he now holds, he discovered how many others had sought to invent similar crafts. The first on record at the patent office was dated 1895. It was made of rubber and could be used by one person or strung together in tandem for several people.

Each had a rubber shield which was tied high around the rider's body. The one piece crafts may have kept the occupants dry but the danger of turning over no doubt canceled the effect of the covering. Steering was achieved by a lever attached to a fish tail rudder in the rear.

Working with the Vibra Whirl Co. of Panhandle, three models of the "Buddy Boat" are now being studied. One, similar to the original, can be disjoined into two sections and will fit in the back seat of a car.

The second model uses an all metal boat shaped float with a canvas seat section, doing away with the innertube. The third model is slightly larger so that it can be equipped with a small electric or gasoline motor.

About a dozen of these boats have been completed and are in use. The company wanted more reports on their performance. So far all reports have been enthusiastic.

The 30 lb. boat measures some 68 inches long and 36 inches wide. It has the buoyancy of a 14 foot boat. Once when Fred was fishing close to three friends in a larger boat a wind squall blew up. Fred dipped his tiny 24 inch paddles into the rough water and headed into the wind toward the dock.

He was seated in the lee of the dock fishing before the three friends, each pulling an oar, could get their larger boat to shore.

Fred had all three models of the boat at the Arts and Crafts Show, held in Shamrock Tuesday evening, November 29, in the Armory.

HOMEMADE BOAT — Fred Woods, Shamrock sportsman, had long wanted a lightweight craft he could use for fishing and hunting trips and finally he designed the craft shown above. The boat weighs only 30 lbs and can be placed in the back of his car.

Each had a rubber shield which was tied high around the rider's body. The one piece crafts may have kept the occupants dry but the danger of turning over no doubt canceled the effect of the covering. Steering was achieved by a lever attached to a fish tail rudder in the rear.

Working with the Vibra Whirl Co. of Panhandle, three models of the "Buddy Boat" are now being studied. One, similar to the original, can be disjoined into two sections and will fit in the back seat of a car.

The second model uses an all metal boat shaped float with a canvas seat section, doing away with the innertube. The third model is slightly larger so that it can be equipped with a small electric or gasoline motor.

About a dozen of these boats have been completed and are in use. The company wanted more reports on their performance. So far all reports have been enthusiastic.

He wanted more power when he used his feet and devised fins to attach to his waders. Before he had the fins made he found some in a sporting goods store which had been patented to go with the fishing floats.

When Fred applied for a patent, which he now holds, he discovered how many others had sought to invent similar crafts. The first on record at the patent office was dated 1895. It was made of rubber and could be used by one person or strung together in tandem for several people.

Doctors Fooled; Kilroy Will Play Again

PHILADELPHIA — UP — Frank Kilroy, 34-year-old Philadelphia Eagle middle guard, was injured in the team's first 1955 game against the New York Giants. The doctor and trainer said he never again would play football.

"Kilroy's through. He can't possibly play again," the doctors said after Kilroy's right knee was badly injured in the team's first 1955 game against the New York Giants. The doctor and trainer said he never again would play football.

For the past week, Kilroy has been running at full speed — stop, start, twisting and turning two games of the season. He underwent an operation and then Trimble said the veteran lineman spent six weeks with his leg in a cast. He would be in uniform for Sunday's game with the Chicago Cardinals.

Kilroy didn't agree. He told everyone he would play the last two games of the season. He underwent an operation and then Trimble said the veteran lineman spent six weeks with his leg in a cast. He would be in uniform for Sunday's game with the Chicago Cardinals.

Forward Pass Is Declining

NEW YORK — UP — Army's triumph over Navy and Ohio State's victory over Michigan for the Big Ten championship were cited here as evidence that the forward pass is declining in importance in college football.

Andy Kerr, former Colgate coach who became known as a great inventor of strategy, said "now the pass is for balance."

Kerr, now business manager of the East-West Shrine game at San Francisco, pointed to Army's 14-6 win over Navy in which the Cadets threw only two passes, one intercepted and one incomplete. And to Ohio State's 17-0 win over Michigan for the Big Ten crown in which State completed one pass for four yards.

Kerr said that this trend toward a running game has produced a rash of fumbles because coaches brought up on passing have given their players "too little coaching on how to carry the ball."

Former Minnesota Coach Bernie Bierman concurred with Kerr on the fumbles and said that bobbles and interceptions have become the greatest factor in the game today.

The active reserve and you!

IF YOU HAVE SERVED 1, 2, 3 or more years on active duty with the armed forces and have been separated since August 9, 1955, the Reserve Forces act of 1955 offers you a shortened reserve enlistment program.

NOW YOU CAN COMPLETE your Ready Reserve obligation by serving satisfactorily, ONE YEAR with an Active Army Reserve unit. Any remaining military obligation will be completed in the Standby Reserve in which participation in reserve training is not required.

YOUR PERSONAL BUSINESS CAREER can be planned around this necessary service to your country. You will not lose out competitively, since, under the Reserve Forces act, every man of your age group faces the same armed forces obligation.

RESERVE TRAINING PAYS OFF Your Reserve obligation can benefit you in many ways if you become a member of an active reserve unit. You will receive a full day's pay for each 2-hour training assembly. You will be eligible for reserve retirement income, and for enlisted and officer promotion to a higher grade.

PAMPAN IN PLAY

Appearing a second time in the role of Bert, a young neighbor boy in "All My Sons," is "WAM" Moore, son of Mr. and Mrs. William A. Moore. The powerful drama opens Tuesday night at 8:15 in the Branding Iron Theatre at West Texas State College. "WAM", left, appeared in WT's 1953 production, and here he discusses his dog with Joe Keller, played by Johnny Lee Welton, Pampa senior. The play, directed by Margaret Echols Moore, will be repeated Wednesday and Thursday.

Driver License Checks Made

Other hazardous traffic violations were made, 95.9 per cent of all Texas drivers contacted were found to have valid driver's licenses, Captain J. W. Blackwell, Com. Captain Blackwell advised that mandating Officer of the Amarillo Highway Patrol District, stated in the 26 county Amarillo District, that, during the week between Nov. 6 and 12, the Texas Highway Patrol, using routine enforcement procedure, checked some 48,642 drivers' licenses and other motorists on the rural highways in hazardous traffic violations as a result of these contacts, 95.8 per cent had valid driver's licenses. As a result of these contacts, 1,962 arrests in the Amarillo District were found for driver's license violations and to have valid driver's licenses.

HERE'S A POEM from a favorite poet of mine that I thought I'd pass on to you.

A CREED

There is a destiny that makes us brothers,
None goes his way alone;
All that we send unto the lives of others
Comes back into our own.
I care not what his temple or his creeds,
One thing holds firm and fast —
That into his fateful heap of days and deeds
The soul of man is cast.

EL PROGRESSO CLUB had such a lovely tea the other day in the library . . . Mrs. Carlton Nance looked so attractive . . . she had on the prettiest hat Peg has ever seen her wear . . . Myrl Salmon gave the most interesting account of her travels through Europe . . . she had the wonderful experience of being in the Holy Land over Christmas . . . she showed colored slides that were excellent . . . one of the best programs Peg has heard in a long time . . . there were a lot of people there . . . spied Ted Curtis . . . Ethel Clay . . . gracious little Mrs. Walter Purviance . . . Sue Johnson looked lovely . . . also spied Mrs. George Nekberry . . . Mrs. Chester Thompson . . . and Mrs. H. J. Gindorf, to name a few.

There is no such way to attain to greater measure of grace as for a man to live up to the little grace he has. (James Gordon Brooks.)

POTPOURRI . . . Sue and Allan Smith are back from their vacation in North Carolina and Virginia . . . said they had a wonderful time . . . it was interesting to hear them tell about the hurricane damage along the coast there . . . it was really pretty bad . . . Understand the H. H. Threatts and the D. E. Holts are vacationing in Mexico . . . speaking of Mexico, Jeanne and Al Bell and the G. F. Redmans were to leave Saturday for a vacation in Mexico . . . they were going to drive . . . understand Margery Dixon was home for the Thanksgiving holidays . . . The Darby boys, Tommy and John, were here for the holidays . . . They're the sons of Mrs. T. E. Darby . . . The Quentin Williamses had a house full of company . . . Quentin's brother, Dr. Cecil Williams and family were here . . . as well as the Quentin Williamses' daughter, Adelaide, and her college roommate . . . other college kids home were Donna Franklin and Dorothy Johnson . . . McMurry students . . . and James Pickett, a student at Rice . . . hear the William Polveys are moving from Pampa . . . sorry to see them go . . . also understand the Vernon Lawrences are moving to California . . . or the West Coast . . . don't know for sure or when, though . . . that cute couple, Mr. and Mrs. Joe Hawes, are moving too. Peg was told . . . Mr. and Mrs. W. H. Lemmons got back recently from a vacation in East Texas . . . understand the John Gentrys are moving from Pampa . . . have heard nothing but favorable comments on the Kiwanis banquet the other night . . . everyone seemed to enjoy it immensely . . . Ralph McKinney was installed as president.

The Christian graces are like perfumes, and the more they are pressed, the sweeter they smell; . . . like trees, which the more they are shaken, the deeper root they take, and the more fruit they bear. (Francis Baumont)

PEG CAN HARDLY WAIT until Rubinoff arrives for his concert . . . it's going to be Thursday night . . . he's being sponsored by the Altrusa Club . . . to raise money for the Altrusa scholarship fund . . . Peg sure does enjoy Rubinoff's playing so . . . His program should appeal to just about everyone . . . he's going to play a lot of semi-classical all-time favorites . . . and he'll play some popular numbers, too . . . hope the youngsters turn out for the matinee as Peg is sure they'll enjoy it . . . It isn't too often we get an artist with such universal appeal.

Virtue, wisdom, goodness and real worth, like the loadstone, never lose their power. (Richard E. Burton)

AS THE HOLIDAYS APPROACH, it's time for all good bakers to shine forth with special eating treats for Christmas guests, as well as for Dad and the youngsters. Today's fresh apple-flavored cookies, adapted from traditional Old World recipes, will delight all those cookie connoisseurs and will make welcome Yuletide gifts for Junior's favorite teacher and family friends, too. You can bake these in advance because the crisp, spicy Washington apples which give them their delicious flavor also endow the cookies with good keeping qualities.

LAYERED APPLE MERINGUE COOKIES

1-2 cup butter or margarine
1-2 cup sifted powdered sugar
2 eggs, separated
1-4 cups flour
3 Winesap apples, peeled and thinly sliced
1-2 cup granulated sugar
1-4 tsp. cinnamon
1 cup ground walnuts or almonds
Cream butter or margarine with powdered sugar and add egg yolks. Stir in flour and blend well. Spread evenly in the bottom of a well greased 9x13 inch pan. Arrange thinly sliced apples over the top. Beat egg whites until stiff and gradually beat in granulated sugar and cinnamon. Fold in half of the ground nut meats and spread mixture over apples. Sprinkle meringue with remaining nut meats. Bake in moderate oven (350 degrees F.) for 40 mins. Cool slightly and cut into 1x3 inch bars. Makes 2 1-2 dozen.

CHRISTMAS APPLE COOKIE SQUARES

2 cups sifter flour
2 tsp. baking powder
1-2 tsp. salt
1-2 tsp. mace
1 tsp. cinnamon
1 tsp. allspice
1-2 cup shortening
1 cup sugar
2 eggs
1 tsp. vanilla
1-2 cup chopped nuts
1 Winesap apple, coarsely chopped
Sift flour and measure. Add baking powder, salt and spices and sift again. Cream shortening. Add sugar gradually, beating until light. Add eggs, one at a time, beating well. Add vanilla, chopped nuts and apple. Blend well. Add dry ingredients gradually, beating until combined. Spread stiff mixture in greased 7x11x2 inch pan. Bake in moderate oven (350 degrees F.) about 30 mins. Cut into squares when cool. If desired, squares may be frosted with confectioner's frosting. Makes about 16-18 bars.

The growth of grace is like the polishing of metals. There is first an opaque surface; by and by you see a spark darting out, then a strong light; till at length it sends back a perfect image of the sun that shines upon it. (Edward Payson)

DON'T YOU JUST LOVE the decorations downtown . . . Peg thinks they're wonderful . . . and really practical for our windy Panhandle . . . not as likely to blow down . . . sure does give the Christmas spirit to everything . . . Peg is really getting in the mood . . . and has even begun her Christmas shopping . . . no last minute rush for me this year . . . I hope . . . that wonderful holiday time will be upon us in no time . . . and Peg is as bad as her kids . . . she can hardly wait . . . So glad the Santa Day parade was such a success . . . all the floats were so pretty and original . . . And the kids were so excited about seeing and talking with Santa . . . it sure was a big day for them . . . and for us all . . . and the JayCee pancake supper was a fitting finale to it all.

As ever,
Peg

Miss Marietta Mitchell Becomes Bride Of Jimmy Jack Baird In Chapel Rite

Miss Marietta Mitchell became the bride of Jimmy Jack Baird at 8 p.m. Friday in the chapel of the First Methodist Church. Wesley Mickey, minister of the church of Christ, Mary Ellen at Harvester, officiated for the double-ring ceremony.

The bride is the daughter of Mr. and Mrs. A. J. Mitchell, 1529 Williams, and the bridegroom is the son of Mr. and Mrs. J. W. Baird, 724 N. Sumner.

The couple was married before an altar flanked by baskets of white mums and tiny orchid pompons with orchid and white ribbon, and candelabra with white tapers. Miss Thera Warner, organist, played "Always" as a prelude and

Open House Slated For Mrs. Jackson On 80th Birthday

Mrs. J. L. Jackson, who resides 12 miles south of Pampa, will be honored for her 80th birthday with an open house from 2 to 5 p.m. Dec. 11, in the home of her grandson, Fred Vanderburg, 1615 N. Russell.

Born Dec. 8, 1875, near Fort Worth, she later moved to Clay County. She moved to Pampa in May, 1904, from Greer County, Okla., which was Greer County, Texas, when she moved there.

Mrs. Jackson says there have been a lot of changes in Pampa since she came here. In 1904, there wasn't a depot, she stated, just "a little old box car," and there were very few families here. There was one big store, Johnson's Mercantile Company.

"It had everything," she explained.

She married J. L. Jackson, Sept. 29, 1908. She has one daughter, Mrs. Ethel Vanderburg of Pampa; three grandchildren and 11 great-grandchildren.

Mrs. Jackson has asked that her friends and relatives do not bring gifts to the open house.

HD Council Gives Luncheon In Honor Of Commissioners

The Gray County Home Demonstration Council entertained the Commissioners' Court with a luncheon Thursday in the office of Miss Helen Dulap, county HD agent.

The meal was prepared and served by members of the Council.

Miss Dunlap and Ralph Thomas, county agricultural agent, gave reports on their work during the year. Mrs. Walter Noel, council chairman, told of the work of the HD clubs. Tailoring has been the chief project of the clubs this year, she explained.

Mrs. A. A. McElrath modeled a coat she had made. Mrs. Derrell Hogsett told how the "better breakfast program" had helped her family. The work of the 4-H girls and boys was told by Shirley Chase and David Miller.

A short talk was also given by Robert Adamson, new assistant county agent.

The year's report on HD work was presented to Judge Bruce Parker by Miss Barbara Smith.

Commissioners present were Arlie Carpenter, G. L. Lunsford, Jim McCracken and O. L. Tibbitts. Others attending, not already mentioned, were Mrs. Jim Terrell, assistant HD agent; and Misses J. L. Carlton, John Braddon, V. Smith, L. F. Watt, Jack Prather, Jim King, Roy Tinsley, Ernest McKnight, A. P. Combs and W. G. Kinzer.

Ellen Haley Weds Roger F. Williams In Private Service

Mr. and Mrs. William J. Haley, 1013 Mary Ellen, announce the marriage of their daughter, Ellen Mary, to Roger Frederick Williams of Tulsa, Okla., son of Mrs. William Ward Williams of Pittsburg, Pa., and the late Mr. Willie W.

The wedding was solemnized at 4 p.m. Wednesday in Our Lady of Perpetual Help Cathedral, Oklahoma City, the Rev. Father Garbhoefner officiating. It was a private ceremony with only members of the immediate families present.

The bride wore a dress of champagne silk with a matching velvet head band and shoulder-length veil. She carried a bouquet of white mums, centered with an orchid.

Mrs. Williams is a graduate of the St. Mary College, Xavier, Kans. While in Pampa, she was a laboratory technician at the Overton Clinic. For the past six months she has been a technician in the office of Dr. James J. Smith of New York City.

The bridegroom is a graduate of the University of Pittsburgh. The couple will reside in Tulsa, Okla.

Treble Clef Group To Sponsor Organ Vesper Rite Today

The Treble Clef Club will sponsor an organ vesper service at 4 p.m. today in St. Matthew's Episcopal Church. Organists will be Mrs. George Collett, H. A. Yoder, Roy Johnson; and Misses Eloise Lane and Juanita Haynes. Mrs. Collett's numbers will be "Prelude (Parsifal)" by Wagner, and Miss Lane will play "Prelude and Fugue in C Minor" by Bach and Calver's "Cathedral Chimes." Miss Haynes will present "Toccata" by Widor.

Methodist Circle Plans For Party

Circle 7 of the First Methodist Church met recently in the church parlor. Mrs. M. Q. Wilson, Bill Oler, Kenneth Osborne, and Charles Shelton were hostesses. Mrs. Shelton, circle chairman, presided at the business meeting. "In D Minor" by Nevin, and "Reverie" by Dickinson. Miss Haynes is from Miami. "N dulce júbilo" by Bach and "Grand Chorus in D major" by Guilmon will be played by Mrs. Yoder, while Mrs. Johnson will present "Largo" from the "Fifth Violin Sonata" by Bach, and "Toccata" by Widor.

Mrs. Myrl Salmon Tells Of Travels In Europe During El Progreso Tea

Mrs. Myrl Salmon spoke on her travels through Europe at the recent guest-day tea of El Progreso Club at the Lovett Library.

Mrs. Salmon explained that she taught for a year in France and Germany for the Air Force. She pointed out that both the Army and Air Force maintain schools for the children of personnel in Europe. She stated that she taught at three different schools, adding the biggest requirement for teachers abroad is flexibility.

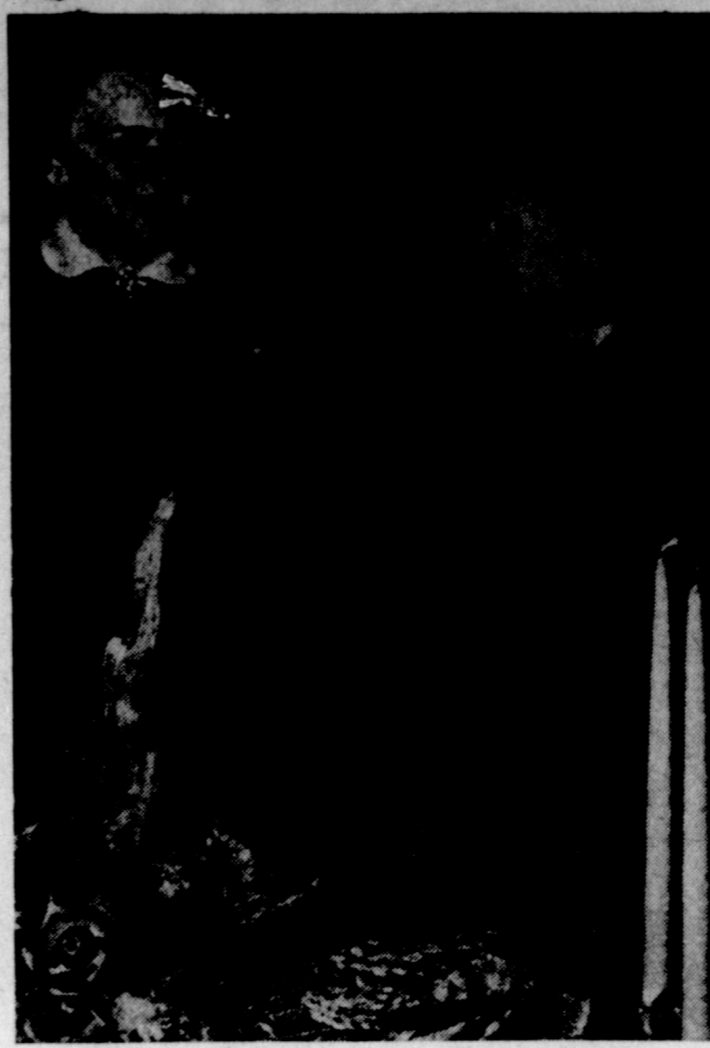

Her first assignment was at Nancy, France, at what was supposed to be a school with 800 children. However, she reported, that the school wasn't built and not nearly that many students arrived. Instead, classes were conducted in 18 huts, with Mrs. Salmon teaching 16 children from the first to the eighth grades.

Her next assignment was in the Alsace district in a "nice new building." However, there were 25 students for five teachers, so she was transferred to Germany. Mrs. Salmon explained that the armed forces try to maintain their schools as near to those in the United States as possible, with a New York curriculum being taught. The main difference, she stated, is the children do study the language of the country in which they are living. She explained the teachers had small classes, ample supplies and good living conditions. They were also given a short vacation almost every month.

"I was most impressed with Paris," she told the women, adding that she arrived on the 10th anniversary of that country's liberation from Germany.

She told of visiting in Switzerland during the wine harvest. She stated there were parades with people wearing "very glamorous" costumes and beaded and sequined masks. There were bands from ever yprovincine, and everyone had a big bag of confetti.

"I've never seen a celebration

like that one was," she stated. Mrs. Salmon and some other teachers took a tour to the Holy Land, Near East and Egypt, during the Christmas holidays, spending Christmas Eve in Bethlehem. They visited Cairo, the "dead city" of Thebes, Algiers, and spent New Year's Eve in Madrid. "It (Christmas Eve in Bethle-

hem) is the one thing I seem to remember the most," she told the women.

During the Easter holiday, she visited in Italy, seeing the famous sights in Rome, Florence, and Capri.

The most heartbreaking sight she said, was Berlin, which was "at least 40 per cent destroyed" during World War II.

"Berlin must have been a beautiful city," she stated, adding that it is now a town of hills. Since they have no place to take the rubble, they have piled it up in spots, planted grass on it, making hills.

"All Germans love Berlin," she pointed out, "and they say they all cry when they see it now."

During the summer, she visited the British Isles, Norway, Sweden, Denmark and Holland, and went back to Paris before returning to this country.

Mrs. Salmon pointed out that the language barrier was not too much of a problem as they could usually find someone who spoke English. In listing her overall impressions

of Europe, she stated that she saw the greatest evidence of culture in Italy; that she would like to retire in Switzerland; that the Holy Land makes the Bible come to life; that she felt most at home in England, and that Holland was the most independent and modern country. In Vienna, she said she saw the "most thrilling operas," and saw "the most wonderful plays" in London. The greatest suffering she saw was in Istanbul.

Following her talk, Mrs. Salmon showed colored slides of the places she had visited.

Mrs. Salmon was introduced by Mrs. S. A. Blundell, and Mrs. Carlton Nance, president, led the meeting and introduction of guests.

The tea table was covered with a lace cloth and centered with a driftwood arrangement accented with fall flowers and flanked by yellow tapers in candelabra. Appointments were of crystal.

Mrs. Nance presided at the coffee service. Refreshments of stuffed dates, sand tarts, date cookies and cheese puffs were served.

Violinist Robert Rudie Gives Unusual And Entertaining Community Concert

By RONALD WATERS
Pampa News Staff Writer

Robert Rudie, versatile American violinist, presented a most unusual and highly entertaining program last Wednesday night for the second community concert of the season. Highlight of the evening was his remarkable performance on three different violins: a 1724 Stradivarius, a Guadagnini dated 1747, and a new violin made by Glenn Studebaker of Studebaker Welding Shop.

VIOLINIST AND VIOLIN MAKER — Glenn Studebaker, who makes violins as a hobby, compares his own with the Stradivarius of Robert Rudie, right, concert violinist. Studebaker has made 18 violins in his spare time as a hobby, using curly maple with a spruce top, following the dimensions of a Strad and working with a blue print. He owns and operates his own welding shop on S. Hobart.

Rudie proved to be a witty raconteur, prefacing his performance of Beethoven's "Romance in F Major" with, "Beethoven wrote this just for us...for this occasion. Listen open-minded and open-ear-ed, too." Then he proceeded to play the tender and lovely melodies, simple in form, with the three violins. To test his audience he said to "make your choice freely and bravely." Although the majority of the audience seemed to prefer the second or third violin, the first one turned out to be the Strad.

Immediately putting his audience at ease by assuring them that his violin concert would not be dull and uninteresting, Rudie said to remember that, "you're not supposed to smile or laugh; this is a violin concert." He opened the program with two old favorites by Fritz Kreisler, "Liebestreu" (Love's Joy) and "La Chasse" (The Hunt). In the latter was the feel of galloping horses with suggestions of hunting calls echoing through the hills.

"Scottish Fantasy, Opus 46" by Max Bruch was the first number to be played with the Stradivarius in its entirety. Several Scottish folk tunes were used as a basis for the fantasy. The four movements proved to be colorful and delightful, very lifting and impressive. The slow prelude contrasted with a delightfully fast dance, and the tender andante sostenuto accented the swift-moving and powerful finale (allegro guerriero).

Following the intermission Joseph Schwartz, accompanist, displayed skill and expertise in his rendition of three pieces by Frederic Chopin. Schwartz demonstrated excellent technique, although he lacks the experience and sensitivity (emotion of fervor) necessary before becoming a really outstanding pianist. The "Fantasia Impromptu in C sharp minor" was well received as performed in a brilliant and light manner. For an encore, Schwartz played the ever popular "Malaguna."

In the next 75 seconds, "The Flight of the Bumble Bee" proved to offer some gazing delight to the listeners although the descriptive and deceptively difficult piece is one of the best known in violinists' repertoires, stimulated with energy and vitality by Rudie, it offered a fresh sound.

"Selections from Porgy and Bess," arranged by Gershwin and Heifetz, brought forth visual images of Catfish Row, echoed the greatness of Gershwin, suggested the power of Negro music, and proved the skill and versatility of the performer.

In performing "Introduction and Terantelle" (Pablo de Sarasate), an extremely fast dance which legend attributes has the power to cure the poisonous effects of the bite of the spider, Rudie reflected remarkable facility.

Two encores "Banjo and Fiddle" and "Valse Bluette." At the close of the concert, the audience must have agreed with Rudie who said, "The art of Stradivarius was never equalled, his sound never surpassed."

Bride-Elect Feted With Tea, Shower

SHAMROCK — (Special) — Miss Mary Kay Holmes, bride-elect of Virgil Snell, was honored at a tea and shower in the home of Mrs. E. K. Caperton. Co-hostesses with Mrs. Caperton were Misses Gus Leftwich of Childress, Mrs. Louis Hill and Mrs. W. H. Dial. Guests were greeted by Miss Janis Ruth Holmes, sister of the honoree, and Miss Gail Holmes, cousin of the honoree.

Arrangements of bronze mums decorated the gift room. Guests were greeted in the gift room by Mrs. Caperton, the honoree, and her mother, Mrs. William F. Holmes, and Mrs. Ernest Snell, mother of the prospective bridegroom. Mrs. Buck Britt of Clayton, N.M., was a member of the house party. More than 100 guests called.

And Mrs. A. L. Prigmore, "Reason For Concern in Africa"; Mrs. C. L. Wilson, "Accomplishments in Nigeria"; Mrs. O. D. Burba, "Needs in Nigeria"; Mrs. E. L. Manley, "Progress in Gold Coast"; Mrs. Rex Jones, "New Churches"; Mrs. Olen Bailey, "Medical Work"; Mrs. Edwin Adcock, "Schools"; Mrs. Bill Fritz, "Believing Our Needs Will Be Met"; Mrs. Pernal Scoggin, "Need For Workers in Brazil"; Mrs. A. A. McElrath, "Three Recent Deaths"; Mrs. Floyd Barrett, "Allocation for Latin America."

And Mrs. T. V. Lane, "Europe and Near East"; Mrs. Floyd Barrett, "Needs of These Fields"; Mrs. L. V. Hopp, "Those to Whom He Is Made Known"; Mrs. R. Wood, "Difficulties Christians Face"; Mrs. A. A. Morris, "People in Israel"; and Mrs. W. Tucker, "Thousands Are Waiting"; Mrs. Waters, "Prayer For these Needs"; Mrs. Paul Turner, "Allocation for Near East";

And Mrs. Owen Johnson, "Today"; Mrs. J. B. O'Bannon, "Recruiting And Appointing New Missionaries"; Mrs. R. L. Edmondson, "Ways Of Reaching Hearts"; and Mrs. Charlie Powell, "Implements That Serve."

Devotionals were presented by Mrs. J. R. Stroble, D. A. Caldwell, Leo Graham, and J. R. Moss.

Accessories Aimed At Working Woman

More often than not, it's the "working woman" who prompts designers to combine eye-appeal with utility, and the latest gadgets for the girl on the job — her accessories — now follow the same pattern.

In her handbag, for example, she's arranging matched wallet, glasses case and key case with the same efficiency as her file cabinet papers; the only difference is that the purse accessories are more fashionable! In billfolds, there's a new one which doesn't really fold.

1/2 price

Beautiful styles in this small remaining group of fall and winter suits, were timeless or chunky, made with the same ease, thanks to an expanding gusset and aluminum body construction. And there's even a cigarette case with space on the back to hold a packet of matches or a lighter.

Another gadget-y billfold design combines an efficient memo pad with an extra slim pencil all in one; a sectionalized currency compartment separates office money from her personal funds when she's shopping. Still another wallet provides a slot for her charge plate and two duplicate keys.

For business papers, gone are the masculine-looking brief cases and the even worse dog-eared paper envelopes; instead, a soft leather or plastic zipper case in gay colors holds her important notes. On trips, she has her choice between an overnight bag matching her luggage, designed with a file case in the lid — or a feminized attache case of red, charcoal or patent leather which can also double as a handbag.

Debate Presented By Perryton Club

PERRYTON — (Special) — The current events department of the Sorosis Club met recently in the home of Mrs. F. M. McGee, 522 S. Baylor, with Mrs. J. W. Chase and Mrs. T. R. Shirley as co-hostesses.

"American Men Prefer European Wives" was the program topic. Mrs. Leon Shrader spoke for the affirmative and Mrs. Mart Wagner for the negative. Misses Jayne Putman and Kay Lansdown gave readings.

A refreshment plate was served. Guests included Mrs. Leo Shuler, Mrs. J. F. Mannen and Miss Hulda Schmidt. Others present were Mrs. A. S. Brillhart, Paul Bowen, H. T. Cutter, W. L. Herndon, L. C. Portwood, O. A. Shuster, Leon Shrader, R. L. Smoot, A. R. Turner, Luther Wade, Mart Wagner.

MARRIED

Mr. and Mrs. R. C. Brown, south of city, announce the marriage of their daughter, Bonnie Jean, to Charles H. Blythe, son of Mrs. Henry Clay of Los Angeles, Calif. The wedding took place Nov. 19, in Clovis, N. M. (News photo)

Woodrow Wilson's PTA Board Meets

The executive board of Woodrow Wilson Parent-Teacher Association met recently in the home of Mrs. L. L. Milliren, with Mrs. Elmer Francis presiding.

It was announced the next PTA meeting will be Dec. 15, instead of Dec. 8, as previously planned. Mrs. Francis announced the procedure courses should be in by Dec. 15. It was decided not to have a board meeting in January. Highlights of the district meeting were given by Mrs. Francis.

Attending were Mrs. Melvin Watkins, P. R. Grange, Leland Finney, Elmer Francis, Sam Goodlet Jr., F. A. Word, John Brewer,

LEAGUE LUNCHEON — Shown at the recent covered dish luncheon meeting of the Pampa League of Women Voters are, left to right, Mrs. Doyle Osborne, Mrs. A. D. Hills and Mrs. D. E. Chenoweth. The event was held in the home of Mrs. Hills, president. (News photo)

Horace Mann PTA Will Meet Thursday
Horace Mann's Parent-Teacher Association will meet at 2:15 p.m. Thursday in the school auditorium. The Christmas program will be presented by first grade students. The short business session will be led by Mrs. Ott Shewmaker, president, and a convention report will be given.
The executive board will meet at 1:15 p.m.

Mrs. F. M. Culberson Gives Orientation Talk At League Of Women Voters Meet
Mrs. F. M. Culberson presented an orientation program at the recent luncheon meeting of the League of Women Voters in the home of Mrs. A. D. Hills, president.
"History is being made today as it was back in the beginning," Mrs. Culberson told the women. "We are very proud of being a part of this country."
She pointed out that there is a great deal of confusion about things happening today and about the practices of the League.
"We are going to have to see and know things we don't like to get through to what we believe is right," she told the group. "It's much easier to be objective about things that happened in Washington or Lincoln's time than it is about things happening today."
She explained that the League was begun in 1920 by women who had worked 75 years for suffrage. It was organized originally "to show people how one went about becoming informed," she pointed out. It was started as a 5-year job.
"If the League has been wrong, it has adapted itself and gone on," she stated. "The League of Women Voters makes an attempt to be the most democratic organization I have ever had anything to do with. We are not infallible. We are made up of human beings. Here is a tool (the League) that has been tried over the years... and has been effective."
Mrs. Culberson stated that the

Frank Fata Gives Talk On Community And Youth Center At Altrusa Meeting

Frank Fata spoke on the Pampa Youth and Community Center at the recent dinner meeting of Altrusa Club in the Pampa Hotel.
Fata pointed out that the project was begun in 1946 by the JayCees, who really "went to work" on it in 1947. They held a carnival, a show, gave away cars and held a boxing tournament to raise money, not always successfully.
He stated he would like to see such a center used as a place for conventions, a meeting place for ladies, a central meeting place for the Boy Scouts and Girl Scouts, a place for youth to gather in the evenings and to hold proms, a service organization meeting place and an athletic area.
"It is a living thing," he explained. "You have people working on it in a tangible way."
He pointed out that there is now about \$7,000 in the youth-community center fund. He said such a

"We don't have anyplace to go," Swindle pointed out. "Sometimes students just roaming around get into trouble."
He went on by giving examples of how the Pampa teenagers try to fill their time.
During the business session, led by Mrs. Frank Lard, president, it was decided to have a reception for Rubbinoff after the concert Thursday. Mrs. Lard was appointed chairman of this committee.
Mrs. Frank Shotwell read a letter from Miss Amelia Anthony of Girlstown on the advisability of a post office for Girlstown. The women voted to send on the letter to Walter Rogers.
Mrs. J. C. Coston reported briefly on a classification workshop she attended at the recent district meeting.

MR. AND MRS. HAROLD D. CONNER
(Photo by Call's Studio)

**Frances Ann Hankins, Harold Conner
Vows Exchanged In Home Ceremony**

Miss Frances Ann Hankins and Harold Dane Conner exchanged wedding vows at 5:30 p.m., Nov. 24, in the home of the bridegroom's parents, Mr. and Mrs. Fred E. Conner, south of city. Rev. S. G. Walls of Stroud, Okla., officiated for the single-ring service.

The bride is the daughter of Mr. and Mrs. R. F. Hankins, south of city.

Given in marriage by her father, the bride wore a white and gold street-length dress, styled with a portrait neckline and short sleeves. Her baby-blue satin hat was trimmed with seed pearls and she wore baby-blue opera pumps. She carried a bouquet of baby blue carnations. Her sapphire jewelry belonged to her grandmother.

Mrs. Billy Daniels was matron of honor. She was attired in a blue coat-dress with black accessories. Her corsage was of white carnations.

Joe Pirkle served as best man. The couple was married before a background of palms and baskets of blue and white mums and pom-poms.

Mrs. Jesse Conner played an organ prelude, "Indian Love Call," and played the traditional wedding marches for the processional and

recessional. Miss Donna Hegwer sang "I Love You Truly" and "Because."

The bridegroom's mother wore a blue-gray wool dress with black accessories. Her corsage was of white carnations.

Following the ceremony, a reception was held. The serving table was covered with a white handmade lace cloth over blue satin and was centered with the tiered wedding cake, encircled by roses, and topped by blue wedding bells. Flanking the cake were blue tapers in candelabra.

Guests were registered by Miss Kitty Walls, niece of the bridegroom. Assisting with the serving were Miss Donna Hegwer and Mrs. Jess Conner, sister-in-law of the bridegroom.

For the short wedding trip, the bride wore a black tweed sheath dress with baby blue accessories. Her corsage was of blue carnations.

The couple is at home at 1118 S. Hobart.

The bride attended Lefors High School. The bridegroom was graduated from Pampa High School and is now employed by the Mazel Oil and Gas Company.

GOING AWAY SHOWER — Shown at the recent going-away party for Mrs. William Poley are, left to right, Mrs. Milo Carlson, Mrs. Melvin Bailey, the honoree, and Mrs. Floyd Watson. Mmes. Carlson, Bailey, and Watson were hostesses. The event was held in the Watson home, 2110 Charles. (News photo)

Mrs. William Poley Honored At Party

A going-away shower was given recently for Mrs. William R. Poley in the home of Mrs. Floyd Watson, 2111 Charles. Co-hostesses with Mrs. Watson were Mmes. Milo Carlson, E. N. Pierce and Melvin Bailey.

Mrs. Carlson greeted the guests, and Mrs. Pierce presided at the guest register. The registry table was centered with a miniature overnight case filled with a miniature autumn floral arrangement.

The honoree was presented a corsage of yellow mums.

The serving table was covered with a green linen cloth and centered with an overnight case filled with a fall floral arrangement. "Bon Voyage Eileen" was written on the mirror of the case.

Refreshments of rolls, coffee, nuts and mints were served. Mrs. Watson presided at the coffee service.

Attending were Mmes. Ralph Mc-

Kinney, E. N. Pierce, Jack Howard, Harold McMurray, Howard Sims, John Walker, Floyd Watson, Melvin Bailey, Hansford Ousley, Milo Carlson, Lester Jones, W. C. Lowther and Stanley Forker. Sending gifts were Mmes. Maynard Johnson and D. W. Swain.

PCCW Annual Tea To Be Held Today

Holy Souls' Parish Council of Catholic Women will present its annual Christmas tea at 3 p. m. today in Parish Hall.

Mrs. R. A. Chisholm is in charge of the program, and Mrs. Fred Neslage is in charge of the tea.

The program theme will be Yuletide season in other nations. Those taking part in the program will represent 10 different countries, being dressed in costumes of the countries and singing Christmas carols of the 10 nations.

The menu for the tea will include food or dishes appropriate to the 10 different nations depicted during the program.

Those present were Mmes. E. C. Dodson, James Hardy, Charles Selby, Harry Reimer, Virile Faries, Allan Dennison, Robert Barlow, D. C. Wilson, Warren Gum, Ronnie McGarrugh, Byri Hardy, Etta Waggoner, L. L. Rawls, O. J. Crain, Arnold Good, Fred Huston, Ben Graham, O. R. Collins, M. B. Felix, Allen Wager, H. N. Ellidge and Miss Lou Ella Patterson, HD agent.

Perryton Supper Club Holds Social Meeting

PERRYTON (Special) — Mrs. Van W. Stewart, 612 S. Baylor, entertained her supper club recently. Those present were Messrs. and Mmes. Irvin Hegert, Charles Taylor, Elliott Lee, Clair Brillhart, Pauj Lofin, and Bob Lemon.

In the bridge games, Mr. and Mrs. Brillhart held high score, and Mr. and Mrs. Gergert second high. Mrs. Lee won the traveling prize.

Dinner Meet Slated By OES Gavel Club

The Gavel Club of the Order of the Eastern Star will hold a covered-dish supper at 6:30 p. m. Thursday in the home of Mrs. Otis Nace, 1501 N. Faulkner. The event was previously announced for 7:30 p. m.

Co-hostesses will be Mmes. Nellie Ralston, Earl Casey and Lillian Murphy.

Secret pals will be revealed during the party.

The Clifford Bralys Are Bridge Winners

The Pampa Duplicate Bridge Club met recently in the Pampa Hotel, with 22 couples playing the Mitchell Three-Quarter Movement duplicate bridge.

Winners were Mr. and Mrs. Clifford Braly, first; Ted Heriman and Jim Nation, second; Mrs. Ham Luna and Mrs. Louis P. Burns, third; Mrs. Frank Roach and Mrs. George C. Sims, fourth; and Mr. and Mrs. Jack Merchant, fifth.

The new furry, bulky hats look just with slim lines. You can match the knitted collar of coat or dress to a bulky knit-hat.

ENGAGED

Mr. and Mrs. Raymond Raspberry of Sweetwater announce the engagement and approaching marriage of their daughter, Beverly Ann, to Richard Graham, son of Mr. and Mrs. C. D. Matney, 817 W. Kingsmill, Pampa. The ceremony will take place at 2:30 p. m. Dec. 18, in the Lamar Street Church of Christ, Sweetwater.

Pampa Rebekahs Choose Officers

Pampa Rebekah Lodge met recently, with Mrs. Ruth Lawley, noble grand, in charge.

New officers elected were Mrs. Mary Dell McNeil, noble grand; Mrs. Virginia Beard, vice-grand; Mrs. June Rowe, recording secretary; Mrs. Pearl Castka, financial secretary; Mrs. Ethel Wilson, treasurer; Mrs. Etta Crisler, trustee; Mrs. Myrtle Johnson, deputy; Mrs. Hazel Lockhart, representative; and Mrs. Johnson, alternate representative.

During the business session, plans were made to give away a 12 lb. turkey and a 12-14 lb. ham for Christmas. It was also decided to have a Christmas party Dec. 22, in the IOOF Hall for Odd Fellow and Rebekah members, their families and guests. It was announced each adult is to bring a \$1 gift to exchange, as well as a gift for their children. A program will be presented, and Santa Claus is expected to attend.

Following the meeting, a covered-dish supper was served to 29 members. Mrs. D. M. Spector of Borger was a guest.

The black sheath for after-five wear now has a floating back panel or a trumpet flounce.

"We Planned for MODERN ELECTRIC Living!"

says **MRS. JOHN C. CORNELL**
2720 WALLACE STREET CLOVIS, N. M.

When you plan for modern electric living, as the Cornells did, you plan for pleasant, gracious, comfortable living.

"My husband's experience in the home building business helped us in planning enough outlets and wiring circuits to enjoy all of our electric appliances."

You, too, can call on the experience of your builder and qualified electrical contractor for electric wiring that will meet your present day needs — and those of the future. Good home wiring — the lifeline of pleasant electric living — never costs less than it does when you are building a new home.

Plan for modern electric living, as the Cornells did, and you plan for living at its best.

Mrs. Cornell's all-electric kitchen features built-in electric range and refrigerator units. "We chose built-ins because of the convenience and space saving features which they offer."

"Automatic and exact", that's the kind of heat Mrs. Cornell gets from her electric range. And that's the kind you'll get from an electric range, whether your choice is for built-in units or a conventional range.

"Plenty of freezer space was one of our goals in planning our new home. This built-in freezer-refrigerator takes very little space, and gives Mrs. Cornell plenty of right-at-hand food storage capacity.

"Our electric washer-dryer combination is wonderful because I can do my laundry at any time — day or night — with such little effort". Here's the real beauty of electric living, you can do the work when you want to, and, because it is done electrically, there's less work to do.

A COMPLETE DEMONSTRATION OF ANY WORK-SAVING ELECTRIC APPLIANCE IS AVAILABLE TO YOU AT YOUR REDDY KILOWATT APPLIANCE DEALERS.

SYMBOL OF QUALITY

SOUTHWESTERN PUBLIC SERVICE COMPANY

Heating and cooling are wonderful jobs to give electric service, too. Clean, safe, modern — and, most important of all, healthful, because accurate temperature control is always yours electrically.

And here's Mrs. Cornell's utility room freezer, the one that makes her plan for "plenty of freezer space" complete. Plan for complete living, plan for electric living.

Beacon Adds Office Space To Warehouse

Shown on the right in the above picture is the new 2,800 square foot wing which houses the business and executive offices of Beacon Supply Co., 734 S. Cuyler. The new addition brings to 10,500 the firm's total square footage.

The original business was founded in 1935 under the name of the Murray Tool Co. and continued with this name until 1946 when it was changed to Beacon Supply Co. with an altered ownership.

The growth of the business is reflected in the fact that, for the 1955 fiscal year, it experienced a 58 per cent increase in business volume, management officials reported. Too, the labor force has increased from four in 1946 to 34 currently.

Since the organization's inception, stores have been opened in Burger and Farmington, N. M. Sales offices are maintained in Dallas and Tulsa, Okla.

According to Beacon management, one of the more recent additions to operating efficiency has been the installation of mobile radio communications between field cars and the several stores.

Beacon officers are E. C. (Gene) Sidwell, president; R. W. (Bob) Shelhamer, secretary and treasurer.

C. R. Nelson Feted On Retirement

C. R. Nelson of Pampa was honored recently with a retirement barbecue by fellow employees. Nelson had completed 32 years of service with the Humble Company.

J. D. Exner, assistant division superintendent, gave a brief summary of Nelson's history with the company and presented him with a retirement button, hillfold and certificate of service. W. A. Watson, district superintendent, presented Nelson with a shot gun, a farewell gift from the district employees.

Out of town guests at the affair included Mr. and Mrs. J. P. Crank and family of El Paso, daughter of Nelson; Mrs. Dewey Randall and Mrs. Murray Watts, sisters from Amarillo; Raymond Nelson, brother from Miami; Mr. and Mrs. W. P. Fide, Mildred Bowers, Valeria Milhard and Lester Jones of Pampa. There were about 75 other guests from Wichita Falls, Vernon, Spearman and Pampa.

The Pampa Daily News

One of Texas' Five Most Consistent Newspapers

We believe that one truth is always consistent with another truth. We endeavor to be consistent with truths expressed in such great moral guides as the Golden Rule, the Ten Commandments and the Declaration of Independence.

Should we, at any time, be inconsistent with these truths, we would appreciate anyone pointing out to us how we are inconsistent with these moral guides.

Published daily except Saturday by The Pampa Daily News, Atchison at Bonerville, Pampa, Texas. Phone 4-2525. All departments. Entered as second class matter under the act of March 3, 1879.

SUBSCRIPTION RATES

By CARRIER in Pampa, 30c per week. Paid in advance (at office) \$3.50 per 2 months, \$7.50 per 4 months, \$13.50 per year. By mail \$2.50 per year in retail trading zone, \$2.00 per year outside retail trading zone. Price for single copy, 1 cent. No mail orders accepted in localities served by carrier.

Unemployed

Since an election year is rolling around, Republicans are taking a rueful look at some of their quadrennial promises. What they are seeing is reminiscent of a long list of New Year's Resolutions, high sounding, but unfulfilled.

One of the big pledges of Mr. Eisenhower when he was considering abandoning his five stars for a four-year lease on Pennsylvania Avenue, was that he would balance the budget. Now the budget had been out of balance consistently. True, Ike can't be blamed for making it that way. But nothing he has done has straightened it out, either, despite his promises.

Presently a Congressional subcommittee on manpower is going to take a long hard look at federal payrolls to see if the number of government jobs can't be reduced. The scrutiny will be accompanied by all manner of fanfare and publicity to let the American people know that Ike is doing his best.

From the standpoint of actually cutting down on federal employment, don't you believe it! The professional politicians who run the show just won't let anything happen to the trained seals who inhabit the plush offices of our federalocracy. Those boys know how to vote.

And since federal CIVILIAN employment has now climbed to 2,385,077, it is doubtful if anything but a political adjustment could occur—nothing like real economy. After all, with nearly two and a half million persons, plus their families, well aware of the side of their bread which contains the butter, there is no reason to suppose that the butter and egg men will ignore that tremendous block of votes. It could easily be calculated at something close to seven million. . . . enough to control any election. . . . federal or otherwise.

This means that the American taxpayer put up \$9,600,000,000 in the year ended June 30, 1955, just for salaries for these civilian workers. This is equal to about one-third the total income tax bill of all the individuals in the country. It takes all the income taxes eleven of us pay, in order to support one federal job holder.

Which reminds us of the old Aesop fable. "A horse and a stag, feeding together in a rich meadow, began fighting over which should have the best grass. The stag with his sharp horns got the better of the horse. So the horse asked for the help of man. And man agreed but suggested that his help might be more effective if he were permitted to ride the horse and guide him as he thought best. So the horse permitted man to put a saddle on his back and a bridle on his head. Thus they drove the stag from the meadow. But when the horse asked man to remove the bridle and saddle and set him free, man answered: 'I never before knew what a useful drudge you are. And now that I have found what you are good for, you may rest assured that I will keep you to it.'"

It shouldn't be difficult for us to recognize ourselves as the luckless horse in the fable. Nor any more difficult to recognize "man" as the government and the saddle and bridle as the tax burden.

It is time we realized that the government parasites who continue to beset us constitute a new class of wage earners. They are paid generously for performing no useful service. They can be called the GAINFULLY UNEMPLOYED. There is nothing they can do which warrants the maintenance of the huge stable full of jockeys we have accumulated in our nation's capital. But like the horse we will take what we have and like it, until we throw off the galling yoke of bondage inflicted upon us by those who like to ride at no effort to themselves. Then we shall make ourselves, again, free men.

So when the politicians marshal their civilian troops for review, don't be fooled by the scowls on their faces. That's just window dressing. They have no intention of doing more than make you FEEL that they are doing something about this mammoth gravy train. Actually, they will do nothing.

And the two parties, like Tweedle Dum and Tweedle Dee, will interrupt each other as each professes to have the best intentions. But a vote for one is a vote for both. And whichever twin has power, you can be sure the civilian stable boys will be well fed and housed.

For this is government of the government, by the government and for the government. We horses don't really matter.

THE NATION'S PRESS

WHY YALE MEN FLUNK

(Chicago Tribune)

President A. Whitney Griswold of Yale university recently decried the preparation of students entering that institution. Many drop out in their first year, he said, because they are not prepared for college work. He termed secondary schools "the weakest link in the chain of American education today."

Part of this deficiency Dr. Griswold, a history professor before he became an administrator, attributed to insufficient financing of schools. (He rejected federal aid, however.) But he also noted a decline in academic standards which he attributed directly to lack of liberal arts studies in teacher training programs.

This is a familiar complaint by college leaders who remain loyal to the academic standards that have demonstrated their value over the centuries. The professional educators have, thru state laws governing the certification of secondary teachers in Illinois and most other states, seized control of our supply of high school and senior grammar school instructors. They cram them full of their dubious methodology to the detriment and sometimes the exclusion of sound grounding in the subjects they are to teach.

It is interesting as well as alarming that a protest against these practices should come from the president of Yale, which draws a high proportion of its enrollment from private schools that pay little attention to educationist palaver. Yale also has many students trained in public high schools, of course, and certainly many of these arrive in New Haven well prepared.

But if the situation at Yale is bad enough to arouse complaint by its president, it must be a good deal worse in state institutions which draw virtually all of their students from high schools, and which are unable, for various reasons, to select students as the private universities do. And, in fact, it is worse in the state universities, as their disturbed faculties keep telling us every day.

BETTER JOBS

By R. C. HOILES

The American Crime Of Crimes

I want to continue to comment and quote from "A History of Our Country" by Muzzey. This book is used more generally in high schools in the United States than any other text book in history.

On Page 350 of this book he relates how the Knights of Labor began to work for an 8-hour day, the abolition of child labor, the settlement of industrial disputes by arbitration, etc. Then he relates that "They soon grew to a membership of six hundred thousand; but they were hampered by the great number of IGNORANT and unskilled wage-earners in their ranks and could not hold together the immigrants of different language and nationalities, the communists and anarchists, and the gangs of contract laborers whom they enrolled."

Ignorance

The youth of the land reading the above, when he doesn't understand the nature of collective bargaining and organized monopoly is lead to believe that anybody who doesn't believe monopolistic labor unions is ignorant.

The inference is that the man that believes in the labor unions having a right to take away from an individual his right to make an individual bargain and believes in seniority and strikes and featherbedding is intelligent.

Naturally the youth of the land, when he thinks he is getting an education in government schools and thinks it is an education, believes that the way to improve the lot of the workers is by organized labor; that liberty and the inalienable rights of the individual need not be considered; that the majority determines right; that there is no natural wage; that wages can be raised and the working man's lot improved by labor monopolies.

Then this belief is strengthened by another statement on the same page. The author relates the growth of the American Federation of Labor and more or less eulogizes Gompers, who was its head for many years:

"It comprised the workers in the skilled crafts of the United States and Canada, and it left to each craft union a large direction of its own affairs. Moreover, it refrained from politics and from any socialistic schemes of overturning the government, and devoted itself wholly to securing better economic conditions for the workers: higher wages, shorter hours, security of positions, sanitary conditions in the factories, protection of women and children against overwork, the right of collective bargaining with employers, the recognition of the unions by legislatures and courts."

The above is sly, clever propaganda promoting labor unions. It would be only natural for the youth of the land, who believed that government schools were educating him, to believe that labor unions could raise wage levels.

The labor unions did not devote themselves wholly to securing better conditions for the workers. They devoted their whole time to securing better conditions for those it permitted in the unions. They had a method of seniority and limiting apprentices so that they, of course, could temporarily benefit those that it left in the unions.

The propaganda book called "history" fails to point out that all the temporary benefits those that are permitted into the unions received were gotten at the expense of the workers excluded from the unions. That one class of workers had its wages temporarily increased by reducing the real wages of all other workers outside of that particular union.

Nor do they explain that paying some groups more than they could receive on a free market made them shiftless, irresponsible and greatly reduced production by keeping the least fit operating machines when others would produce more on these machines. That this retarding production and thus the accumulation of capital compelled all workers the long run to work for less than they would get if they were all permitted to work under a free and unhampered market for the products of labor.

Of course, the author doesn't explain how they stayed out of politics when they were able to secure recognition of the unions by legislators and the courts made them an irresponsible body. They could do collectively what would be a crime if done by employers.

They were able to secure by being a political pressure group the passage of the Clayton Amendment to the Sherman Anti-Trust Law in 1914 that permitted them to combine in a restrictive monopoly of trade and not be violating the Sherman Anti-Trust Law that made other people criminals, other than farmers that so combined.

But this book called "A History of Our Country" is being used to distort the belief that all men are equal before the law as they are before God. It is used to make the youth of the land believe in class legislation. It is a hate book that is used to make them believe the employer is a robber rather than a benefactor.

Voter, Slave To The Party, Has No Mind Of His Own

By Thurman Sensing

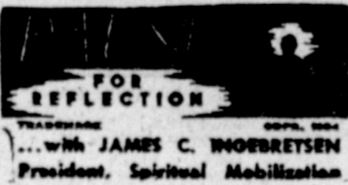

A recent article advocating party regularity made the statement that the variable voter is unstable and lacks a continuing political philosophy. It said that most all those who will vote in the Great Political Decision of 1956 — now just less than a year away — already know how they will vote, and that all the political hallyhoos who stand between now and then will therefore be directed toward this wavering voter. The author seemed to think it unfortunate that this should be necessary.

It seems to me this writer misses the whole point of the two-party system. One can very well believe in the two-party system — and we do — and still vote either way when election time comes around. He does not have to be a slave to either party. If he is, it means he has no mind of his own.

It would seem that, rather than lacking a "continuing political philosophy," it is this wavering voter who has the political philosophy. He believes in principles rather than politics. The party regular only has political blindness.

How can one say that the Republican platform will always be the best platform, or that the Democratic platform will always be the best platform? That is just not even reasonable. One who takes pride in party regularity, therefore, is simply taking pride in political stupidity, is taking pride in swallowing whatever is handed him to swallow without using any judgment on his part.

These variable voters control the election. They very clearly controlled it in 1952. They will control it any year in which they think either party's platform and candidate are superior to that of the other. They should take pride in

"When we hate our enemies," says the Baptist Observer, "we give them power over us — power over our sleep, our appetites, our blood pressure, our health, and our happiness. Our enemies would dance with joy if they surmised that they worry and lacerate us. Our hatred is not hurting them at all, it only turns our own days and nights into a hellish turmoil."

How true! From even a purely selfish standpoint, the only psychologically sound way to treat our enemies is to do as Jesus commanded us: "Love your enemies, bless them that curse you, do good to them that hate you, and pray for them which despitefully use you, and persecute you." For, in thus doing, we not only insulate ourselves from the harmful effects of hate but we also either embarrass our enemy or benefit him according to whether he rejects or accepts our love for him. In either case, we benefit ourselves by generating and transmitting love — which is a distinct aid to our sleep, our appetite, our blood pressure, our health, and our happiness. Why hate — and be miserable — when we might just as well love — and be happy?

The Doctor Says

By EDWIN J. JORDAN, M. D.

Pleurisy is not an uncommon condition and several people, including Mrs. H. and Mr. A., have recently asked for some information about it.

Certainly no one who has had an attack of acute pleurisy can forget it easily, since it is likely to be quite painful and may last for a rather long time.

Pleurisy gets its name from the delicate membrane which surrounds the lungs called the pleura. If the pleura becomes inflamed, which may be the result of infection or for no apparent cause, there is pain felt in the chest and usually a sharp dry cough which the victim dreads because it makes the pain worse.

Even ordinary breathing or any other motion of the chest is likely to bring on sharp pain.

An attack of pleurisy often starts after exposure to excessive cold, though it may come on at any time and is sometimes only one sign of some other disease of the lungs, such as pneumonia.

Even if the pain is more or less bearable it isn't smart to pretend to be big and strong and ignore the whole thing.

Rest in bed as soon as possible is not only a lot more comfortable but much safer. And it is wise, too, to get an X-ray and other diagnostic tests as promptly as possible.

THE SEVERE PAIN of acute pleurisy is not likely to last long under proper rest and treatment, but unfortunately pleurisy often has a tendency to become chronic.

This can go on and on with a good deal of discomfort and interference with normal life. Furthermore pleurisy sometimes gathers in the space between the pleura and the lungs.

This may or may not be absorbed in time and sometimes it has to be removed periodically with a needle. Indeed fluid (effusion) may be a troublesome aspect of management.

Florida Vacation Site

Would Make Friends For Ike

By RAY TUCKER

DELRAY BEACH, Fla. — President Eisenhower will enjoy favorable weather and friendly political atmosphere, if he accepts Vice President Nixon's reported suggestion that he make this unspoiled beach resort on the "gold coast" of Florida his new vacation recreation spot.

Nixon and his family have been visiting here as guests of Earl Wallace, local Ford dealer, whom he met at a Miami convention several years ago. It is said that the V.P. was scouting for a place warmer than Augusta, Ga., where Ike played golf, and nearer than Denver, where the President fished in cold mountain streams. A Florida climate would also be more beneficial than Treasury Secretary George M. Humphrey's hunting grounds in Georgia.

Nixon discovered that the normal average annual temperature here is 74.7 degrees with average annual rainfall of 59.44 inches. He also learned that Delray Beach, as well as Palm Beach County in which the town is situated, votes Republican even when such a popular figure as Eisenhower did not head the ticket. Florida went GOP-ish in 1952 by about 87,000 and will, probably repeat if Ike runs again.

Nixon found other advantages in this town of 8,500, which swells to 15,000 during the January-May winter season. Delray Beach boasts one of the finest golf courses in this section at the swank, waterfront Gulfstream Golf Club. Gulfstream has several 18-hole layouts so that divots may be replaced by nature rather than groundkeepers. It is flat and not too strenuous for a convalescent, although nicely bunkered by traps of white beach sand and flanked by palm trees. There are also two large greens for putting.

Nearby are two luxurious residential clubs. La Coquille, which was built by one of the Rockefeller clan for men of equal wealth, is a beach club with every apartment having a sundeck facing the beach. The Gulfstream Club, where Madame Chiang Kai-shek was a frequent luncheon guest, serves excellent food.

Ten miles to the south on the Miami highway stretches famed Boca Raton Club, where businessmen attending conventions anchor their yachts at a private basin. It was recently purchased as a hotel by the father of David Schine of McCarthy-Adams memory. The ultimate in luxury is achieved by an arrangement under which lunch is served in cabanas on the beach.

Only four miles north is Boynton Inlet, which is South Florida's deep-sea fishing center, a sport that attracted such a landubber as Nixon. The skippers of the 40-ship fleet are friendly and cooperative, phoning rivals over a loudspeaker network on the prospect for catches in each one's particular area. Delray Beach is also the home of winter polo in the United States with crack ponies shipped in from all sections of the country. Four games are played weekly during the winter season.

Several airfields at Palm Beach, 15 miles north, and at Miami, 60 miles south, permit easy and speedy travel to and from Washington. There is also an Air Force base a few miles west of Palm Beach.

Luxurious estates line the "gold coast," shielded from Highway A1A by tall royal palm trees, thick Australian pines, flowering banks of hibiscus, bougainvillea vines and other subtropical foliage.

Another of these presumably Republican owners from New York, Philadelphia, Pittsburgh and Chicago would undoubtedly lend them to the man who has brought them "prosperity." In fact, so many northern bankers and financiers winter here that Manhattan's largest and best known brokerage firm has had to open a local office.

If Ike prefaces an evening of music after a round on the golf course, or lounging in the sun or bathing in the sea he can phone a nearby neighbor, Lily Pons, who recently celebrated the 25th anniversary of her debut at Metropolitan. Or he can stroll through the gardens of the estate once owned by the Duchess of Marlborough.

Delray Beach is not all "gold coast," however. It is a solid and thriving town with a sound economy built on ranches specializing in pure breed cattle (another Eisenhower hobby), truck and dairy farming, and the growing of gladioli. It does not depend on tourism alone, and it refers to its winter visitors as "guests" rather than "tourists."

It will accept President Eisenhower on its normally quiet and neighborly terms, as it does all newcomers, including "damnyankers" and the aged dwellers at Briny Breezes, a trailer camp that forms a complete community and overlooks the same cerulean blue waters as the bankers' sheltered villas.

Finally, if Ike needs further urging than Nixon has provided, he might consult the "Veep" from Kentucky. Alben fished here, too, and not only for votes!

The one dissenting Judge A. Danaher, took exception to this double-standard of logic and justice. He declared: "An employee cannot work and strike at the same time. He cannot collect wages for his employment, and at the same time engage in activities to injure and destroy his employer's business."

Can anybody honestly disagree with Judge Danaher's logic? Can anybody honestly believe that an employer should be compelled by law to pay wages to employees while they are doing everything they can to hurt and destroy the business that pays those wages? If anybody does believe this, then his economic and moral thinking is so badly warped, or so non-existent,

that any reference to such basic principles would be beyond him. It should be noted that the two dissenting Judges did not actually CONDONE such practices on the part of unions. They merely stated that the Federal law does not PROHIBIT them, and that they are therefore not illegal!

It occurs to us that if the Federal Government is going to be a party to the promotion and enforcement of "collective bargaining" between industries and labor unions, as it is, — then the very least it can do is spell out in equal and impartial terms, the minimum standards of "good-faith bargaining" on both sides of the fence.

Boy Scout Banquet Set Next Sunday

Dr. Don Procter, a member of the national council of Boy Scouts of America, will be the featured speaker for the 27th Annual Banquet of the Adobe Walls Council to be held at Phillips High School next Sunday week, Dec. 12.

An outstanding speaker and active chapter leader, Dr. Procter is president of the Oklahoma College for Women at Chickasha, Okla. He holds the Silver Beaver and Silver Antelope awards for distinguished service to boyhood. The widely known after dinner speaker and lecturer will be introduced by Lee Johnson, superintendent of Phillips schools.

An attendance of 250 registered scouts and their wives is expected for the banquet to be served in Phillips cafeteria. Acting as master of ceremonies for the affair will be Charles Bean, district chairman of Borger.

Entertainment will be furnished by the music and dramatics department of Phillips High School. At 8 p.m. the program will move into the school auditorium, opening with four numbers by Phillips High School Concert Choir, made up of 90 members, under the direction of Mrs. Evelyn Hubbard.

Joe Gordon, a member of the executive board, will introduce council officers for 1956, who were elected at the board meeting last Thursday night.

Eagle neckerchiefs will be presented to 32 scouts, obtaining the rank of Eagle during the past year, in a ceremony sponsored by the Silver Beavers of the Council. W. O. Prewitt of Borger will make presentations to: Russell Barnard, Fred Neslage, Richard Newberry, Andy Epps, Dickie Elkins, and Robert Sidwell — all of Pampa; and to Bob Williams and Roger Freeman of Canadian.

James A. McCune will be in charge of a Silver Beaver ceremony in which two scout leaders will be presented with Silver Beaver awards. A report of scout executives will be given by Paul Beisenhard, after which the closing tableau will be given by Explorer sections of the council.

McLEAN — (Special) — A banquet in the high school cafeteria climaxed a full week of special emphasis on the McLean High School Band last night.

M. J. Newman, head of the Music Department and leader of the West Texas State College Band, was speaker for the affair which started at 8 p.m.

Other activities at the banquet included recognizing the band sweetheart, Becky Barker, other personalities in the band elected by secret ballot, dance numbers selling candy at noon all week to a group of children students of Jeanne Williamson, Pampa, and numbers by a flute trio.

On Wednesday, the band held a special assembly at the high school auditorium. Included on the program was a concert solo by Gayle Mularax, a sax quartet which included Barbara Carter, Dee Ann Clayton, Billie McClelland and Charlene Hall, and other numbers by the band.

On Friday night, a concert was held in the auditorium by the three bands of the McLean school system. The concert included numbers by the beginner's band, Jr. High Band and High School Band.

Theodore V. Houser said such installment purchases at Sears have risen \$50 million thus far this year.

Let not your heart be troubled, ye believe in God. Believe also in me. In my Father's house are many mansions. If it were not so, I would have told you. I go to prepare a place for you. And if I go and prepare a place for you, I will come again and receive you unto myself; that where I am, there ye may be also.

—John 14:1-3

God never really takes away from us, out of our life, any gift or blessing that He bestows. The flower we love may fade, but the flower is in our heart and is ours forever.

You loved one lived with you many days and then vanished as if to her presence, but the threads of her life are so inextricably entangled with yours that you can never be really separated.

Goldie Ann (Jackie) Hicks

We wish to express our appreciation for the many tokens of sympathy shown us in the passing away of our beloved wife, daughter and sister.

Nolen Hicks
The Hooley family.

There is a gate at the end of the road

Through which each must go alone. And there is a light that cannot see. Our Father claims His Own— Beyond the gate our love— one finds happiness and rest. And there is comfort in the thought That a Loving God knows best.

The Lord is my shepherd; I shall not want.

He makes me to lie down in green pastures: He leadeth me beside the still waters.

He restoreth my soul: He leadeth me in the paths of righteousness for his name's sake.

Surely goodness and mercy shall follow me all the days of my life: and I will dwell in the house of the Lord forever.

—Psalm 23

C. E. Farmer

May we take this means to express our most humble appreciation to all those who in any way helped us in the path of righteousness for his name's sake.

If you're looking for about a 640-acre Stock farm with a good 2-bedroom home, couple of dandy spring fed lakes covering 7 or 8 acres, with 30 or 40 acres of irrigated land and 80 to 90 acres of other farm land, you ought to take a look at this place near Reydon, Oklahoma, about 45 miles S.E. of Canadian. The grass is excellent with a lot of Sand Love, plenty of protection, a good quality country and the sort of place you don't find everyday. Of course there'll be a few things you don't like about the deal but I don't know where you can get a better buy for the \$26,000 I'll take. Good terms.

JUSTICE LENDS ENCOURAGEMENT—Encouraging a young polio patient learning to walk is Chief Justice Earl Warren, whose daughter "Honey Bear" once had polio. The Chief Justice, recently named chairman of the Capital's March of Dimes campaign, was on a tour of Washington's Children's Hospital when he stopped to chat with six-year-old Evelyn Seay, paralyzed from the waist down. At right is Mrs. Warren.

**Wheeler Told
Of Polio Work**

WHEELER — (Special) — The future of continuing fight against polio will depend in large degree on the success of next January's March of Dimes, Mrs. Harold Sivage, Chairman, said Saturday. Mrs. Sivage has just returned from a March of Dimes planning meeting in Dallas with Basil O'Conner, president of the National Foundation for Infantile Paralysis, which was attended by 500 volunteer leaders from Texas, Oklahoma and South Arkansas. "The Salk polio vaccine marks a great step forward, but polio isn't licked yet," Mrs. Sivage said. "It won't be until polio crippling is a thing of the past. That can happen only when everybody who is susceptible has been given the protection vaccine affords, and we have rebuilt the lives of tens of

thousands from whom the vaccine came too late." Preparation for the 1956 March of Dimes will start immediately in Wheeler County, Mrs. Sivage said.

**Santa Fe Adds
Pullman Service**

DALLAS —UP— The Santa Fe Railway announced Saturday that in addition to providing Pullman and passenger service between Dallas, Denton, Oklahoma City and Chicago on its new Texas Chief, it also would furnish its Courier Nurse Corps on the new line. Miss Fern Gander of Chicago will be the nurse on the first run of the train out of Dallas, Monday. The nurse service was initiated in July, 1948.

Illinois produces about 40,000,000 bushels of wheat annually and two-thirds of its grown in the southern third of the state.
