## HORACE MANN CAROLERS

Over 100 first graders presented their first Christmas program before the Horace Mann PTA group yesterday and performed for the students this morning. The children sang nine songs and Mike Wise, the only second grader on the program, did the reading. The children above are students of Mrs. Russell E. Neef, Mrs. Dale Bennett, Mrs. A. E. Berry and Mrs. Wendell Altmeier. The program consumed about 20 minutes and included the singing of "Silent Night," "Away In The Manger," "Little Baby Jesus" and six other Christmas songs. CHICAGO — UP — Police feared Friday that a new Chicago beer war may have claimed as its first victim Alex (Louie) Greenberg.

## Student Riots In Cuba Follow Old Pattern

HAVANA — UP — Two weeks of bloody student uprisings appeared Friday to follow the pattern of the student riots that deposed Cuban dictator Gerardo Machado 22 years ago.

Since the disorders against resident Fulgencio Batista first flared Nov. 27, more than 300 students have been arrested and over 100 persons injured. Anti-government demonstrations have been staged by students in Havana and dozens of other cities across the island. In 1933, it was the nation's students who paved the way for the overthrow of Machado through a campaign of daily harassment ranging from street demonstrations to acts of terrorism. A similar campaign of daily violence appeared to be the strategy now. Heavily a day has passed since the first disorders in Santiago de Cuba without an organized student anti-government demonstration in one or more of the "key" cities of Cuba.

## Kefauver And Knowland Look Like Candidates

WASHINGTON — UP — Sens. William F. Knowland (R-Calif.) and Estes Kefauver (D-Tenn.) appeared a step closer Friday to becoming avowed candidates for president.

## Seal Sale Brings In \$1,298.50

A total of \$1,298.50 from Christmas Seal sales was announced this morning by Bert R. Nuckolls, Gray County TB Association treasurer. This figure is about the same as this same time last year. Nuckolls said that returns have been coming in good, and that a total of \$183 has been received since last Monday.

Over half of the goal, set between \$2,400-\$2,500, has been received to date.

## LIGHTS GO OUT; RUBINOFF DOESN'T MISS A NOTE

Spectators at the Rubinoff concert Thursday night may have thought for a split second that Pampa was under siege when the lights went out in the middle of the "Warsaw Concerto." However, Rubinoff never missed a note.

Echoing through the darkness came the stage whisper: "The side lights. Turn on the side lights." Only the house lights went on instead. After more prompting the side lights went on and finally the spotlight was turned on again. The side lights went out, but the audience was still peering through the bright houselights at the performer. Still playing and showing remarkable restraint, Rubinoff turned to someone off-stage with a smile and prompted: "The house lights! Turn off the house lights!" And the concert continued without incident.

## \$100,000 Missing

## Clerk Just Failed To Mail Checks

NEW ORLEANS — UP — An 18-year-old clerk has admitted he failed to mail \$100,000 worth of mysteriously vanished city hall checks that reappeared in the hands of a Roman Catholic priest.

Acting Mayor Victor H. Shiro in an official announcement disclosed Friday the chain of events that touched off a week of frantic searching for the big bundle of payroll, pension and vendor's checks.

The boy, Lionel Wilson, may have used bad judgment but was not guilty of any "deliberate wrong doing," Shiro said.

Friend's Finger Mashed  
Wilson was quoted as saying he slammed his car door on a friend's finger as he was about to take the checks to the postoffice and after rushing his friend to a hospital found the postoffice closed.

Wilson took the checks home. Shiro said, intending to mail them the next day, but permitted another friend to borrow his car on a promise that he would mail the checks to Wilson.

But when the car was returned the next day, Wilson told authorities, he had forgotten to mail the checks. By then Wilson was too frightened to mail them himself.

Priest Claims Immunity  
The Rev. William A. Miller of the Redeemptorist Fathers appeared two days ago with the checks after the bundle had been the object of a frantic search for a week, but refused on grounds of "professional immunity" to say how he got them.

In spite of Father Miller's assurance that "charity can beat a closed issue" detectives continued work on the case until they learned Wilson's story, Shiro said.

## Decorations Fund Total Is \$2,100

The Pampa Chamber of Commerce and board of City Development Christmas Decoration fund has now reached the \$2,100 mark, according to Joe Tooley, chairman of the merchant's activities committee of the chamber.

Tooley reported that approximately \$3,000 was needed to finance the decorations and other activities during the Christmas season.

Included in the activities financed by the Christmas fund are the Santa Day Parade, lighting and staging the Nativity scene in Central Park and sponsorship of Santa Claus on the streets, an activity that will start Dec. 15.

Chamber of Commerce Manager E. O. "Red" Wedgeworth urged that all members of the chamber and any others who want to contribute to the fund do so in the near future in order to insure adequate financing.

Wedgeworth said that the decorations this year are all new, practical and attractive.

## United Fund: \$43,976.70

The Pampa United Fund campaign has reached a total of \$43,976.70 in contributions, according to Mrs. Emmett Gee, secretary of the fund.

The new total represents an increase of \$389.50 since Dec. 2.

Paul West, general chairman of the drive who was stricken by a heart attack in Lubbock recently, has suffered a relapse, according to Mrs. Gee. She reported that his doctors are now running tests and studying X-rays to determine the location of the blood clot causing the attack.

# Washburn Case To Jury Today

## New Charges Face Texas Physician

YUMA, Ariz. — UP — A Texas doctor arrested after a five-day flight with his young son and four-year-old stepdaughter Friday faced possible extradition to New York for prosecution on kidnapping, burglary and assault.

New York authorities indicated they planned to start extradition proceedings against Dr. Frank Washburn, 38, of Big Spring, Tex., after a city court hearing Thursday at which Washburn was released on \$1,500 bond.

On stipulation of Washburn's attorney, John Westover, a previous complaint charging the physician with unlawful flight to avoid prosecution was dismissed and a new one filed.

Petition Withdrawn  
Westover withdrew his petition for a writ of habeas corpus, which, among other things, charged that the original \$50,000 bond was excessive.

Washburn was arrested here early Wednesday on the unlawful flight charge. He was wanted by Ithaca, N. Y., police on a bench warrant charging kidnapping, burglary and assault.

Washburn allegedly took his son by a previous marriage from an Ithaca nursery Nov. 14. His previous wife held custody of the son.

Children Returned  
The boy, Philip Sainburg II, 4, and Mary Jean Nance, also four, and daughter of his present wife, Mrs. Connie Sainburg, of Longview, Tex., were returned to Texas by plane Thursday.

Both children were with Washburn when he was arrested in a hotel here.

Superior Judge Henry C. Kelly reduced the bond after Dep. County Atty. William Held said the element of danger to the children had been removed. Sainburg posted the bond pending a hearing set for Dec. 27.

## China Moves To Block New U.N. Members

UNITED NATIONS, N. Y. — UP — Nationalist China Friday threatened to block the admission of any new U.N. members this year.

The Security Council scheduled a meeting Saturday to consider the controversial membership issue.

But diplomatic observers said there was little chance of any country getting in this year unless the major powers devise a new formula.

The crisis deepened when dispatches from Taipei said Generalissimo Chiang Kai-Shek "politely but firmly" rejected a new appeal by U.S. Ambassador Karl Rankin not to veto an assembly-approved list of 18 nations that would include Communist outer Mongolia.

The security council was confronted at the outset by a procedural debate sparked by Nationalist China's surprise move in nominating 13 non-Communist countries for U.N. membership.

The nationalist move came shortly after the general assembly approved by a vote of 52-2 a resolution urging the security council to admit 18 countries, including five Communist satellites.

The general assembly list included Albania, Bulgaria, Hungary, Romania and Outer Mongolia, all Communist satellites, and Austria, Cambodia, Ceylon, Finland, Laos, India, Japan, Jordan, Iran, Libya, Nepal, Portugal and Spain.

The nationalist nominations excluded the Communist countries as well as Finland and Nepal, which recognize Red China. They substituted the Republic of Korea and Free South Viet Nam.

## Convict Says He's Sure To Get New Trial

SAN QUENTIN, Calif. — UP — Convict — author Caryl Chessman — back in San Quentin prison's death row, said Friday he "never felt more confident" of winning a new trial than now.

Chessman left death row for the first time in three and one-half years to appear Thursday in San Francisco federal court. There he heard Louis E. Goodman set Jan. 9 for a hearing on his writ of habeas corpus.

On that date, Attorney George T. Davis will demand a new trial on the ground that the transcript of Chessman's 1948 trial was faulty.

Goodman ordered the stenographic notes in the trial to be impounded for 10 days so Davis could have them photographed.

The notes are the crux of the case. They were made in antiquated Pittman shorthand as the official trial record. The stenographer who took them died before transcribing them. They were later typed up by a man who was the uncle by marriage of Assistant District Attorney J. Miller Leavy, the Los Angeles prosecutor who secured Chessman's original conviction.

Chessman, known as the "red light bandit" because he allegedly used a police-type light to terrorize couples in lover's lane, was convicted of 17 counts of kidnapping, robbery, sex perversion and attempted rape.

He was sentenced to death under the law, which then provided the maximum penalty for kidnap, robbery. The state legislature has modified this penalty since. If retried and convicted, the most Chessman could get would be life imprisonment.

## F. A. Howard Dies Today

Frank A. ("Gus") Howard, 60, a resident of Pampa for 25 years, died in a local hospital at 10:23 this morning following an illness of eight months.

Funeral services will be conducted in the Duenkel-Carmichael Chapel tomorrow at 2 p.m. Rev. Ronald Hubbard, pastor of the First Presbyterian Church, will officiate. Burial will be in Fairview Cemetery.

Howard was born in Franklin, Pa., on Nov. 3, 1895. Later he started to work for Franklin Oil Refinery. During World War I, he was in the oil branch of the government. He came to Texas City in 1925, and moved to Pampa in 1930.

At the time of his death, Howard was employed by Kerr-McGee Co. For many years he worked at the old Danziger Refinery, north of town.

He is survived by his wife, Alice, of 416 Louisiana St.; one son James Evan, in the Air Force at Mission; one daughter, Mrs. James F. Everett, Fort Knox, Ky.; and one cousin, Mrs. Viola Finclor of Franklin, Pa.

## State, Defense Wind Up Testimony In TV Trial

WACO, Tex. — UP — A jury of 10 men and two women is expected to take the murder case Friday of Harry Washburn who is accused of killing his former mother-in-law by booby-trapping her automobile.

Both the state and the defense rested their cases yesterday in the trial which is probably the first in the nation to be televised live.

District Judge D. W. Bartlett was expected to deliver his charge Friday morning, followed by final arguments by the defense and prosecution. It seemed likely the case would go to the jury sometime Friday afternoon.

Lady Wrestler Heard  
The state started Tuesday to try to prove that Washburn had killed Harry N. Weaver, 58, so much that he tried to hire at least three persons, including Adele Henninger, 25, a lady wrestler, to kill him.

Falling in this, the state charged, he undertook to do the job himself, but put a bomb on the ignition system of the wrong car and killed wealthy Mrs. Helen Harris Weaver in San Angelo, Tex., Jan. 19.

The state rested its case at 11:30 a.m. Thursday.

Washburn Doesn't Testify  
The defense's short case during the afternoon attempted to dispute Weaver's testimony in the case and to prove Washburn was in Houston when the explosion occurred. Washburn did not take the stand.

J. E. Knight, 72, a traffic policeman at Grady school in Houston, said he had known Washburn for 13 years and that for the last two years he had been bringing his little son Gregory to school between 8 and 9 a.m. and calling for him at 2 p.m.

He distinctly remembered, he said, that last January 18, Washburn picked up Gregory at 2 p.m. The intent of this was to show that Washburn would have been hard pressed driving 372 miles to San Angelo and getting the bomb in the car.

District Attorney Tom Moore asked whether he did remember that last January 18 was mid-term and that Gregory got out of school at noon. Knight said he didn't.

Mrs. C. V. Murray, whose daughter sat with the Washburn children, had testified earlier to this.

Most of the 14 defense witnesses were police and residents of San Angelo who rushed to the scene of the explosion.

A defense motion for an instructed verdict of not guilty on the grounds of insufficient evidence was overruled by Judge Bartlett who broke precedent by allowing the trial to be telecast live by KWTX-TV to the Waco area.

## School Bond Election Is December 17

The school bond election will be held Dec. 17 in the junior high school, according to Roy McMillen, business manager of Pampa Independent School District.

The school Board of Education set the time and place for the coming election last Tuesday night, following the public "Town Hall" session.

McMillen said that one absentee ballot had been cast, and that over 300 people had signed the petition today. This is more than sufficient names, since only 20 signatures are legally required.

Three elections will be held at the same time with the same election officials. Three sets of clerks and three election judges will participate.

Lee Vicars has been named as the managing judge, and Frank Stallings and Arthur Rankin will serve as the other election judges. Three separate ballot boxes will be used, with three separate stub boxes.

Ballots will be in three different colors — pink, blue and white — according to the different classification of voters. The main issue on all three ballots will be the adoption of Senate Bill 116. With the adoption of this bill, the other two propositions on the white ballots will automatically go into effect. These are: the issuance of bonds and the levying of the tax-in-payment of bonds, and the raising of the maintenance tax rate from \$1.25 to \$1.50 per \$100 "tax value" of land.

## Nixon Asks Freer Trade With Latins

WASHINGTON — UP — Vice President Richard M. Nixon called Friday for freer trade between the United States and Latin America to cement good will in the western hemisphere.

Nixon said the Latin American countries now working to improve their economies "want" neither "grants nor soft loans but an opportunity of developing wider markets in the United States."

"It is up to us now to help them in this by supporting President Eisenhower's liberal trade program," he commented in an interview.

Nixon endorsed the efforts of Uruguayan President Luis Battle Berres who is visiting the United States in the interest of lower tariffs and freer trade restrictions.

Nixon said he agreed fully with the Uruguayan president that words alone are not enough to guarantee good will among the sister republics of Latin America.

"We must develop hemispheric trade to help raise living standards and thus strengthen one of Democracy's strongest bastions," he declared.

"I am very glad that President Battle Berres reminded the people of the United States of the very great importance that liberal trade has for this country," Nixon said.

Nixon served as host to Battle Berres because of the convalescence of President Eisenhower.

## February Quota Low

WASHINGTON — UP — The Defense Department Friday announced a draft call of 6,000 men for February — the lowest draft call since the start of the Korean war.

The Defense Department at the same time said that the previously announced draft call for January is being reduced from 8,000 to 6,000 men.

The reduction in draft calls reflected two factors: high Navy enlistments permitting the service not to use the draft in February, and the continuing reduction in Army strength.

Army officials said that draft calls can be expected to run at about 6,000 men during the first six months of the coming year.

This will be the lowest draft rate since the military began drafting men with the outbreak of the Korean war. Draft calls in recent months have fluctuated between 8,000 and 20,000 per month.

The February call will bring the total number of men drafted since September, 1950, to 1,998,430.

### Postmaster Says Mail Is Increasing

Postmaster O. K. Gaylor announced today that there has been a steady increase in the flow of Christmas cards and packages through the Post Office the past few days. He said he was glad to see that many people are getting their Christmas gifts for distant points into the mail this week pointing out that packages addressed to folks living in other states should all be mailed before December 5th and those for nearby points before December 10th.

Stressing the need for everyone to cooperate on his 1955 "Mail Early for Christmas" campaign, Postmaster Gaylor says that by following these three simple rules, you're certain to have your gifts delivered before Christmas Day: Wrap them securely. Address them correctly, and Mail them early.

He went on to say, "Of course early mailing of all Christmas cards and gifts is a big factor in getting everything delivered before Christmas. Keep in mind that careful packing and correct addressing is equally important. Every year many poorly wrapped packages break open despite careful handling and we often have to puzzle over addresses which are incomplete or simply cannot be read at all."

He urged that patrons ask for free copies of a new publication, "Packaging and Wrapping Parcels for Mailing," now available at the Pampa Post Office. Advance care in preparing gift packages for the mails and making sure that all addresses are legible and complete will prevent disappointment to sender and receiver alike.

"If you have any articles of unusual size or bulk, better check with the Post Office before attempting to mail them," the Postmaster warns. "The limits on size and weight of packages varies depending on where you mail your package from."

Some Post Offices cannot accept packages that are more than 72 inches in combined length and girth, nor more than 20 pounds in weight. In others, the limits go up to 109 inches in combined length and girth and 70 pounds in weight.

It is always better to use corrugated cartons for shipping your gifts especially where there are a

number of various sized objects. Use plenty of wadded tissue or newspaper in the cartons for extra protection against shock. Complete each package by wrapping in heavy paper and tying it with strong cord.

As extra precaution against loss, Postmaster Gaylor advised placing both your return address and the recipient's address inside the carton or package before it is wrapped.

Don't seal your parcel unless you include a notice reading "Contents merchandise — may be opened for postal inspection" along with your return address and the recipient's address on the mailing label. If you use Christmas stickers or seals put them on the back of your Christmas cards and packages so each they will not conflict with the address on the front. Before you

### Goat Raisers Plan Meeting

**FORT WORTH** — UP — The Texas Sheep and Goat Raisers Association will hold its 1956 convention in San Angelo, with the date to be fixed later.

A three-day session here ended Wednesday night with election of a Coleman county rancher, J. B. McCord as president. He succeeds R. W. Hodge of Del Rio.

Other officers elected, included T. A. Kincaid of Ozona, first vice president, and Virgil Powell of San Angelo, second vice president. The 40th annual convention approved a resolution commending

the U.S. Agriculture Department's program of incentive payments to wool growers. The resolution urged no changes be made in the program but asked that payments be started as soon after April 1 to growers as possible, and not later than Aug. 1. In one of the closing talks to the convention, Sen. Dorsey Harde-man of San Angelo urged the association to back a plan to assure adequate water conservation in Texas.

### Weapons Found Stored At Cyprus

**NICOSTA, Cyprus** — UP — An Army spokesman announced that British troops raided monasteries "throughout the island" before dawn Thursday and found "some weapons and a small quantity of explosives."

The spokesman said eight persons were arrested. A big explosion rocked a newly constructed village for married British soldiers at Limassol earlier Thursday but there were no injuries.

The raids on the monasteries was the first crackdown on the Greek Orthodox Church, whose local head is Archbishop Manarios, leader of the union-with-Greece movement in Cyprus.

A spokesman said the raids were carried out with "due regard to

religious susceptibilities." He added that Army chaplains were present in some cases to see that the amenities were observed.

### GM Dealer Made Million, Chief Says

**WASHINGTON** — UP — General Motors' sales chief said Thursday that one of the car dealers now comprising against company treatment made \$1 million in 14 years on a \$10,000 investment.

W. F. Hufstader, GM vice president and chief salesman, testified before a Senate anti-monopoly subcommittee investigating the giant auto concern.

He presented a case-by-case rebuttal of testimony by several past and present General Motors dealers who were previous witnesses.

He dismissed as "untrue" many of their allegations. Hufstader denied specific charges that General Motors forced dealers to expand, refused to buy back parts on cancellation, and forced purchase of accessories and special equipment.

M. H. Yager, Albany, N. Y., Pontiac dealer, complained last week about factory pressure for ever greater sales. Yager said this causes dangerous credit policies and irresponsible advertising.

Hufstader said Thursday that Yager invested \$10,000 in his Pontiac dealership — \$5,000 of it borrowed — in 1941. As of Oct. 31, 1955, Hufstader said, "Mr. Yager had made a total gain in excess of \$1 million."

Despite Yager's complaints, in late October he was still trying to get a second Pontiac dealership in upstate New York, Hufstader said.

## Cold Front Brings Freeze To Southland

**By UNITED PRESS**  
A new cold wave pushed as far south as the Gulf of Mexico and brought freezing weather as far south as Tennessee Friday.

The Arctic air mass knifed out of Canada and sent the temperature plunging to 20 below zero at Aberdeen, S. D. It was zero or below through all the Dakotas, Nebraska, and Minnesota.

Across the nation, the cold wave clamped freezing temperatures from New Jersey southwestward into southern Oklahoma and west and central Texas. Junction, located in central Texas, shivered in 30-degree weather and it was 21 at Amarillo, Tex.

**Freeze Spreads**  
The hard freeze spread farther west and caught 80-year-old Harry Simmons standing outside his burning home near Durango, Colo., clad in his underwear and bedroom slippers. He had to walk three miles in subzero weather to get help.

In Chicago, where fall weather has been three per cent colder than normal, officials warned that a fuel oil and coal shortage may be around the corner.

**Weather Blamed**  
They blamed the shortage on the front weather, low water in the Mississippi locks, and lack of ice-breaking service on the Illinois waterway.

The icy front was expected to keep on draining southward over the Midwest Friday and Friday night and also to spread into the east. Another cold front was coming over the Rockies, bound for the Dakotas, Minnesota and Wisconsin.

Although temperatures between the Rockies and the Appalachians dropped 10 to 20 degrees, the east and west coasts warmed up by about the same margin.

## Administration Seeks Stronger 'Free World'

WASHINGTON — UP — The administration campaigned Friday for a stronger and more prosperous free world to counter Russia's new shift from violence to deceit. Secretary of State John Foster Dulles spelled out this policy of peaceful strength Thursday night in a major speech before the Illinois Manufacturers' Association in Chicago.

The administration strategy, which includes the ever-ready threat of "massive retaliation" against Communist aggression, is this country's answer to the stalemate at the Geneva foreign ministers conference.

If not followed, Dulles warned, Russia will switch back to a program of violence in world affairs. To carry out its strategy, Dulles said, the United States will work for stronger free world defenses and new funds for foreign aid.

The ability to hit back with atomic weapons is an "indispensable price of peace" and part of the military defense, Dulles said, while the new foreign aid funds will be sought to help Asians and other nations facing new Soviet exploitation. Dulles put much stress on the problem of Asia where, he said, touring Russian leaders now are purveying "guile" and "false promises." He said he is sure India and other nations will not succumb to their "false promises."

## Six Persons Die In Detroit Fire

DETROIT — UP — Six persons, including three children, burned to death early Thursday when they were trapped in a flaming frame bungalow in Detroit's downriver area.

Early reports said five persons were trapped in the one-and-a-half story, two-family home. But police and firemen who searched the building after the flames were extinguished uncovered six bodies. The victims were all Negroes.

## Education Dinner Off

The Adult Education dinner scheduled for today at 6 p.m. in Johnson's Cafe has been called off, according to Mrs. Clifford Jones, secretary of the Adult Education Board.

Dr. John Osmun, who was originally stated to speak for the affair, was unable to attend due to illness. Plans were called off when an alternate speaker was unavailable at this time.

Attending the recent Southwest Conference on Adult Education at Texas Tech, Dr. Ray Hampton was appointed as executive board member of the West Texas Council of Adult Education. He is one of nine representatives making up the board panel.

John Gregory, of Texas Tech assistant executive secretary, will be at the library sometime next week to outline the new humanities program. The time of his discussion here will be announced later.

## Insurance Group Elects Officers

Officers of the Pampa Insurance Exchange elected recently were: John C. Schwind, president, Johnny Campbell, vice-president, and James Hart, secretary-treasurer. The insurance exchange is made up of local agents who sell only capital stock company insurance and maintain an office outside of residence.

## Jane Talk

By JANE KADINGO  
Pampa News Women's Editor

**HOW IS YOUR CHRISTMAS SHOPPING** coming along? I hope you've started, as That Day is not so far away. If time flies for you like it does for me, it will be here before you know it. Since everyone but those early birds who already have their shopping done is busy shopping these days, I thought these tips on how to make it easier might interest you.

**HERE ARE** Factor's 10 short cuts to Christmas shopping that will save your time and temper, make gift-giving more fun, win bliss-you's from harassed sales people and postal clerks.

1. Wear sensible shoes... comfortable clothes and, wherever possible, waterproofed outerwear to eliminate the need, when weather's bad, of carrying an umbrella.

2. Have your list well documented: with the names of the lucky recipients, their addresses brought up to date and the gifts considered for each.

3. To avoid back-tracking, group all gift needs according to stores.

4. For gifts for which you'll need sizes, make sure you have the right sizes, remembering that last year's size-3 rompers for Junior won't fit that little beanstalk this year. If you're buying children's gifts checking beforehand with parents will save you hit-or-miss choices and prevent duplications.

5. For gifts to be sent out-of-town by stores, have your gift cards already signed in envelopes, carrying the proper addresses. This will have your hours, in the final count, of waiting for stores to supply you with cards and pen and ink, of rummaging in your handbag for fountain pen and the correct address.

6. Avoid the stores crushes, starting before 11:30 a.m. or after 3:00 p.m. In between, are the busiest shopping hours in most stores. When stores keep open nights, pick the three least hectic—Mondays, Tuesdays, Wednesdays. The best shopping day is Friday.

7. Remember that when the weather is bad, the shopping will be good.

8. For A.M. Shopping, start out with a good breakfast. If you continue into lunchtime, stop for lunch. Having it at the regular time and enough of it will help you to keep up your steam.

9. When buying come-hither for your lucky friends, pick up some for yourself. Slash a small vial of perfume cologne in your handbag for an electrifying whiff to tired spirits, a pick-up for shop-weariness.

10. If it's an all-day expedition, take the tired look off your face before meeting the boy friend or husband for a date by giving yourself a quick facial, blessed balm which can be pulled from a skin-treatment kit.

ing to wear one of the following **BIG FOUR** color favorites, listen to Factor's make-up plan for each.

"Here's where make-up," says the Hollywood expert, "must be assembled as carefully as a theater coat that's cut off the same bolt as your dress... as those satin slippers which Cinderella has dyed-to-match."

No. 1 of the Big Four is red—a red as red as you-know-whose cloak. With it, wear a pale make-up foundation in a matte (dull) finish, a hint of pastel cheek rouge, a lipstick as red as Red Riding Hood's cloak. Wear brown eyelash make-up foundation and cheek shadow.

No. 2 of the Big Four is emerald green. Because green casts its complementary color—red—upward, your face will glow in this rosy reflection. So, add only the slightest amount of pink to it in make-up foundation and cheek rouge. Of course, you'll wear green eyeshadow... lots of brown or black lash make-up... and the most fiery red lipstick you can find.

No. 3 of the Big Four is white. To look goddess-like in white, here are your cues: Unless you're back from a cruise—and have a line to prove it—don't wear a heavily tinted foundation. This, says Factor, is a mistake many women make trying to achieve dramatic contrast between skin tones and white clothing. Best bet, he says, is to match your foundation to your skin tones, and whoop up color with a little cheek rouge, a lot of eye make-up—blue eyeshadow—and a brilliant lipstick shade, say, one as fiery as a ruby bobbing over a Brahmin beauty's brow.

No. 4 of the Big Four is silver or gold brocade.

If you want to look like a well-dressed moonbeam in silver brocade, warm up your skin with a deep, deep pink foundation. Use more rouge than you ordinarily wear. Choose a ripe red lipstick shade, the color of a crushed rose. Match eye make-up color to your own coloring.

Anyone for gold brocade?? It demands—a creamy champagne make-up foundation, brown eye shadow to carry out the Fort Knox look, and a rich lipstick shade, the color of a ruby, mock or real.

### Mission Study Held By Brummett Group

The Brummett Group of the First Christian Church met recently in the home of Mrs. H. J. Pickett, 1600 Williston, for mission study. The Christmas devotional, "Sender of a Prophet," was presented by Mrs. Estelle Bastin. The lesson on the Yakima Indians at White Swan, Wash., was taught by Mmes. W. G. Kinser, Homer Kessinger, C. L. Mason, Roy Moore, H. C. Groniger and J. F. Meers. A special offering was taken for this work.

During the social hour, refreshments were served. Mrs. Tinney Kendrick of Amarillo was a guest. Eleven members attended.

### Does Hold Election For New Officers

The Benevolent, Patriotic Order of Does held a business meeting recently in the Elk's Lodge.

New officers elected were Mrs. John Gikas, president; Mrs. Jim Dean, first counselor; Mrs. Quentin Williams, senior counselor; Mrs. J. M. Foster, junior counselor; Mrs. Marie Herring, secretary; Mrs. Jim Terrell, treasurer; Mrs. Ken Huey, conductor; Mrs. J. A. Thurmond, inner guard; Mrs. Sam Williams, outer guard; Mmes. L. A. Barber, Mary Lindsey and Mary Stafford, trustees; and Mrs. Cloene Crider, assistant conductor.

During the business session, plans were made for a Christmas party, to be held Dec. 20. After the meeting, refreshments of sandwiches, cake and coffee were served by Mrs. Ken Huey, hostess.

### Calvary Baptist WMU Has Royal Program

The Women's Missionary Union of Calvary Baptist Church met in Fellowship Hall for a royal service program.

Mrs. Bill Wright was in charge of the program, with Mrs. Jack Robertson leading the opening prayer. Theme of the event was "Prayer."

The business session was led by Mrs. Charles McGahan, president. Welcomed as new members were Mmes. Jean Johnson, Roy Hull and Mary Boren. Fourteen members attended.

### Local Duplicate Club Elects New Directors

Twenty couples attended the recent meeting of the Pampa Duplicate Bridge club in the Pampa Hotel.

Winners were Mrs. E. A. Herriman and Mrs. H. M. Luna, first; Mrs. P. O. Sanders and Greely Warner, second; Mrs. W. M. Matthews and Mrs. Horton Russell, third; and Mr. and Mrs. Jim Nation, fourth.

During the business session, Jack Merchant and Greely Warner were elected directors for December. It was decided also to change the meeting place from the hotel to the Elk's Lodge.

### MAKE FRIENDS MANNERS

Teach your child to take good care of his own books and when he is older he will naturally take good care of those he takes from a public library. If he has never dog-eared pages in his own books, or scribbled on them, or thrown them around he won't treat the books he borrows carelessly.

Respect for property is taught in just such seemingly small ways as this.

### St. Paul Circles Hold Joint Meeting

Circles One and Two of the Women's Society of Christian Service, St. Paul Methodist Church, held a joint meeting Wednesday in the home of Mrs. J. P. Herring, with Mrs. A. N. Rogers as co-hostess.

Opening prayer was given by Mrs. W. I. Gilbert. During the business session, led by Mrs. H. B. Ormson, president, plans were made for a WSCS Christmas party. Plans were also discussed for the circles to give a Christmas gift to a needy child.

The program, "My Favorite Christmas Story," was presented by Mrs. Edwin L. Hall. The meeting was closed with prayer by Mrs. Joe Autry.

Following the meeting, a stork shower was held for Mrs. L. D. Wittie.

Members attending were Mmes. Buck Haggard, W. F. Gaines, Jack Miller, Rogers, Gilbert, Autry, Hall, Ormson, Wittie and Herring.

### RUTH MILLETT

A woman who has had more than her share of trouble but also more than a normal amount of courage to meet each crisis summed up her everyday, workable philosophy in a few words:

"If you don't master your strength fighting little problems you have enough and to spare when the big problems hit you."

Applying that rule of living to their own lives might give many women a completely new method of handling the small problems, the little irritations and annoyances, the minor frustrations that take so much out of them.

You know it's true. Some women get almost as upset over mud tracked on a clean floor, or an encounter with an uptight clerk, or a serious slight as they do over a really serious problem.

They sputter and fume and worry and fret over trifles, letting little annoyances make them miserable. And then when a big problem comes along they think it is more than they can bear.

They've used up their strength fighting against small annoyances. They should have been taking the small troubles in their stride and saving their strength for something big and real and important.

Remember that next time you find yourself getting upset all out of reason over some minor matter. Your troubles aren't all going to be small ones. Why waste your strength fighting against things you can't help and worrying over problems that aren't really important?

As one courageous woman has discovered: "If you don't waste your strength fighting little problems, you have enough and to spare when the big problems hit you."

#### Tutti-Frutti Trifle Gives Light, Tasteful Dessert

By GAYNOR MADDOX, NEA Food and Markets Editor

Being the mother of an active pair of 13-year-old twin boys, president of the League of Women Voters, president of a mothers auxiliary of a Boy Scout troop, and member of the Council of Religious Education at the First Presbyterian Church in Asbury Park, N.J., does not prevent Mrs. George M. Popy from being a fine cook. She's the wife of a distributor of fresh fruit and vegetables and knows how to bring out their best qualities.

#### TUTTI-FRUTTI TRIFLE

(Yield: 6 servings)

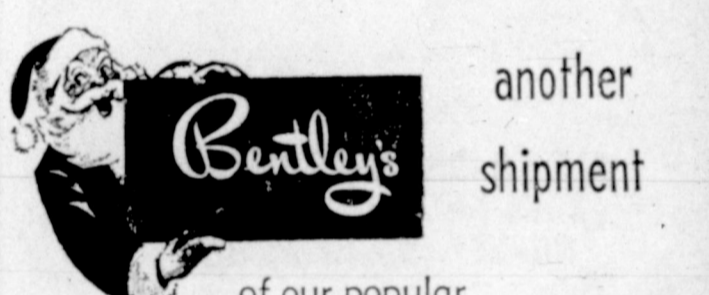

Twenty-four ladyfingers or 24 strips of stale sponge cake, 1/2 cup green seedless grapes, 1/2 cup orange sections, 1/2 cup grapefruit sections, 1 1/2 cups soft custard sauce, 1-3 cup whipped cream.

Line each of 6 tall sherbet glasses with 4 ladyfingers or with four 4x1-inch strips of stale sponge cake. Fill with alternating layers of grapes, orange sections and moistened head of a match.

Trim cabbage and wash. Cut into 8 wedges. Place in a saucepan with 1-inch boiling water. Bring to boiling point and boil 5 minutes, uncovered. Then, cover and boil only until crisp-tender 10 to 12 minutes. Drain. Melt butter or margarine. Add almonds and cook until almonds have browned. Add lemon juice and black pepper. Pour over cooked cabbage.

Ink stains come off finger tips easily when rubbed with the well of grapes, orange sections and moistened head of a match.

Church News

How safety and strength may be maintained through steadfast trust in God's power will be brought out at CHRISTIAN SCIENCE services Sunday.

Keynoting the Lesson-Sermon entitled "God the Preserver of Man" is the Golden Text from Exodus (15:2): "The Lord is my strength and song, and he is become my salvation."

Among the passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be the following: (44:10): "Step by step will those who trust Him find that 'God is our refuge and strength, a very present help in trouble.'"

Scriptural selections will include the following from Psalms (91:1): "He that dwelleth in the secret place of the most High shall abide under the shadow of the Almighty."

The building of the LAMAR CHRISTIAN CHURCH is progressing rapidly, and the contractor has indicated that the building may be completed by Dec. 25.

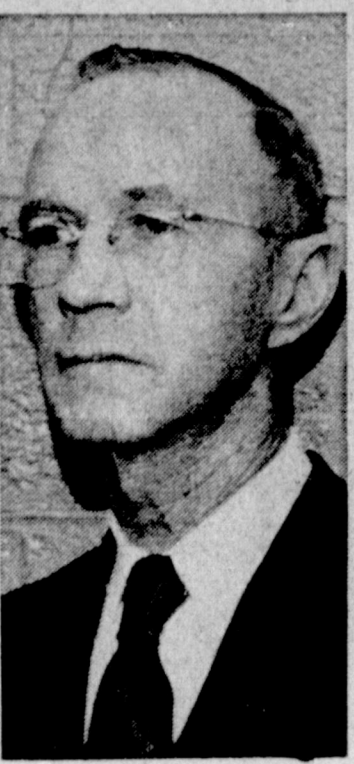

The morning worship service is broadcast over Radio Station KPND every Sunday from 10 to 11 a.m.

The pastor's sermon topic for the Sunday night worship service at 7:30 will be "The Living Word," (St. John 1:1-5).

The Methodist Men's Radio Broadcast is heard every Sunday night from 9 to 9:30 over KPND.

The mid-week worship service is held each Wednesday morning at 7 in the chapel.

Sunday: Sunday evening study classes are held for all ages at 6:30. Monday: Winsome Class banquet at 6:30 p.m. in Fellowship Hall; Circle No. 7 will meet at 7:30 p.m. in the parlor.

Women In The Church

United Church Women, an arm of the National Council of the Churches of Christ and representing some 10,000,000 American church women in the major Protestant denominations of the country, have pledged themselves to continue a number of social-political activities in the year 1956.

These include: work to modify the McCarran-Walter Immigration Act so as to "eliminate such undemocratic practices as inequalities in the quota system, discrimination based on race, and naturalization provisions which create second-class citizens; rejection of proposed censorship of motion pictures; opposition to any form of universal military training in peace time, including the compulsory reserve system"; ratification by the U.S.A. of the U.N. Genocide Convention; continuation of disarmament talks within the framework of the United Nations; support of the right of self-determination of peoples not now self-governing — this "regardless of political expediency." Mrs. Theodore O. Wedel, of Washington, D.C., a leader in the Protestant Episcopal Church, is the new president of United Church Women, succeeding Mrs. James D. Wyker, of Mount Vernon, Ohio.

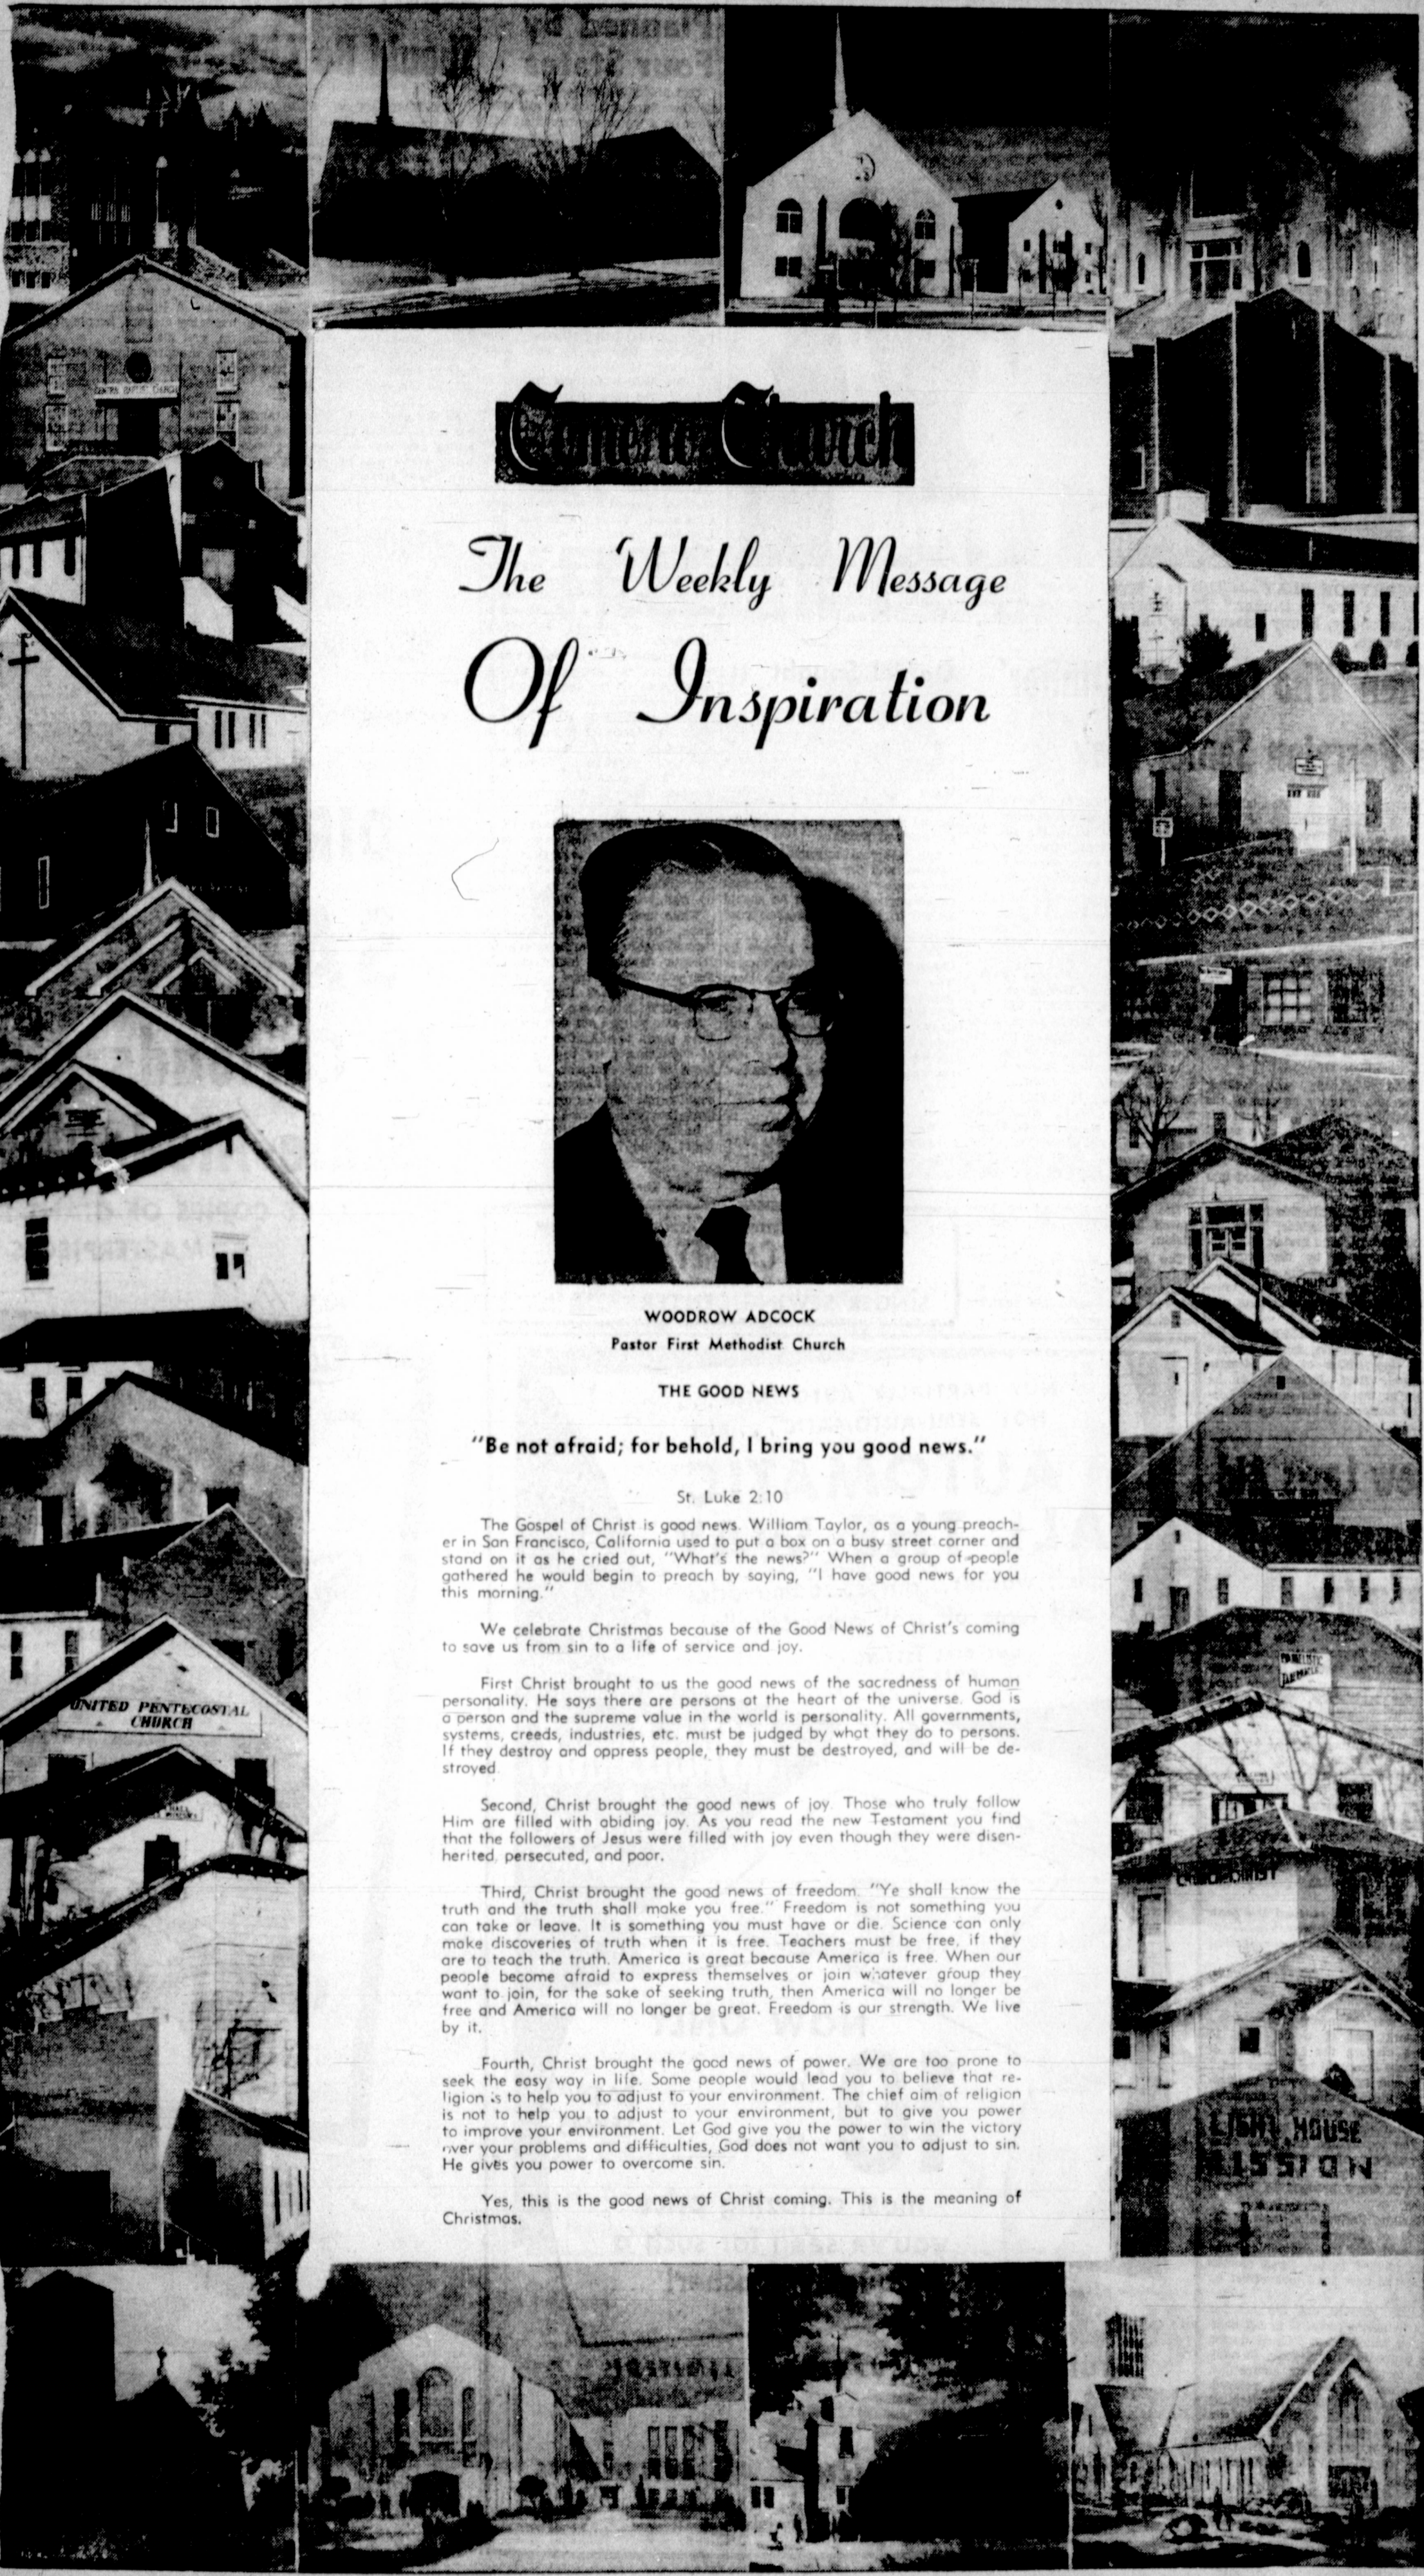

Dr. Willa B. Player, vice-president in charge of instruction since 1952, has been named president of Bennett College, pioneer Methodist college for Negro women, Greensboro, North Carolina. She succeeds Dr. David D. Jones, resigned because of ill health. Dr. Player, a native of Akron, Ohio, has been a member of the Bennett faculty since 1930. She was educated at Ohio Wesleyan University, Oberlin College, the University of Grenoble (France), and the University of Wisconsin. She earned her doctorate in education at Columbia University.

### THE GOOD NEWS

"Be not afraid; for behold, I bring you good news."

St. Luke 2:10

The Gospel of Christ is good news. William Taylor, as a young preacher in San Francisco, California used to put a box on a busy street corner and stand on it as he cried out, "What's the news?" When a group of people gathered he would begin to preach by saying, "I have good news for you this morning."

We celebrate Christmas because of the Good News of Christ's coming to save us from sin to a life of service and joy.

First Christ brought to us the good news of the sacredness of human personality. He says there are persons at the heart of the universe. God is a person and the supreme value in the world is personality. All governments, systems, creeds, industries, etc. must be judged by what they do to persons. If they destroy and oppress people, they must be destroyed, and will be destroyed.

Second, Christ brought the good news of joy. Those who truly follow Him are filled with abiding joy. As you read the new Testament you find that the followers of Jesus were filled with joy even though they were disinherited, persecuted, and poor.

Third, Christ brought the good news of freedom. "Ye shall know the truth and the truth shall make you free." Freedom is not something you can take or leave. It is something you must have or die. Science can only make discoveries of truth when it is free. Teachers must be free, if they are to teach the truth. America is great because America is free. When our people become afraid to express themselves or join whatever group they want to join, for the sake of seeking truth, then America will no longer be free and America will no longer be great. Freedom is our strength. We live by it.

Fourth, Christ brought the good news of power. We are too prone to seek the easy way in life. Some people would lead you to believe that religion is to help you to adjust to your environment. The chief aim of religion is not to help you to adjust to your environment, but to give you power to improve your environment. Let God give you the power to win the victory over your problems and difficulties, God does not want you to adjust to sin. He gives you power to overcome sin.

Yes, this is the good news of Christ coming. This is the meaning of Christmas.

**PERRYTON PLAY** — This is a typical scene from the senior play, "The Man Who Came to Dinner." The characters are, from left to right, Frank Bell, Clova Castlebury, Benny Easter, Ray Castle, Marilyn Reitz, Barbara Powell and Gary George.

### 'Man Who Came To Dinner' Is Perryton Senior Play

PERRYTON — (Special) — "Doesn't that bird-brain of yours ever function?" This statement, by Sheridan Whiteside, a guest in the home of Mr. and Mrs. Ernest Stanley, in the senior play, "The Man Who Came to Dinner," sets the tone for the entire play, which will prove enjoyable to young and old alike.

This play gives the inside story of a celebrated critic, lecturer, wit and radio orator, Sheridan Whiteside. If all celebrated wits have the same outlook on life as Whiteside, it is doubtful that they would have many of their ardent admirers.

While Whiteside was trekking across the country on one of his annual lecture tours, he met his Waterloo in the shape of a small piece of ice on the doorstep of Mr. and Mrs. Stanley of Mesalia. Result: the Stanley home turned into a madhouse.

While there, Whiteside influences the Stanleys' daughter, June, to marry Sandy. This match is heartily objected to by her parents. Whiteside talks the son of Mr. and Mrs. Stanley, Richard, into touring the world so he can take pictures.

The selfish Whiteside resents his secretary, Maggie, falling in love with the editor of the Mesalia Journal, Bert Jefferson, so he ships in the famous actress, Lorraine Sheldon to break up the romance.

### New Laws Aid Insurance Industry

AUSTIN —UP— The national stature of Texas' insurance industry has been "raised tremendously" since passage of reform laws by the legislature, the Senate's General Investigating committee was told Thursday.

The committee, headed by Sen. Searcy Bracewell of Houston, opened hearing on Texas' insurance laws, with the three-member board of insurance commissioners as first witnesses.

J. Byron Saunders, casualty insurance commissioner, said the insurance industry considers "our insurance situation greatly improved."

"We have not reached the peak — but we're on our way," Saunders told the five-member investigating group.

"Nationally," Saunders said, "I'd say our stature has been raised tremendously."

However, Saunders also told the senators that it would take 10 years "before the full impact of all these laws will be determined."

Reform laws tightening requirements for formation of companies and revising other provisions of Texas' insurance code were passed by the legislature this year after a number of companies went broke last year and criminal charges were brought in several cases.

Garland Smith, chairman of the Board of Insurance Commissioners, said only two companies have been formed in the three months since the new laws took effect on Sept. 6.

Smith pointed out the number was in sharp contrast to 107 companies which were formed during the preceding fiscal year. In addition to the two new companies, one other applicant was refused.

Members of the investigating committee besides Bracewell are Sens. Wardlow Lane of Center, Johnnie B. Rogers, Austin; Otis Lock, Lufkin, and Jarrard Secrest, Temple.

Insurance premiums paid by motor vehicle owners exceed \$4,165,000,000 per year.

### Water Pact Planned By Four States

OKLAHOMA CITY —UP— Four Southwestern states soon will start work on a water compact that will go a long way toward determining whether Dallas and Fort Worth, Tex., can tap southeastern Oklahoma for a water supply, an Oklahoma official said Wednesday.

Ira Husky, of the Oklahoma Planning and Resources Board, said he does not foresee final ratification of the compact for several years but that negotiations probably will start early in 1956.

The proposal of construction of dams on the watershed of Little River, a Red River tributary, was described Tuesday by Sen. Mike Monroney (D-Okla.).

200 Million Gallons Daily Under the plan, Oklahoma would sell up to 200 million gallons of water daily to the two Texas cities. Southeastern Oklahoma civic leaders have asked Monroney to help promote the idea.

Husky said that congress last summer passed a law authorizing Oklahoma, Texas, Arkansas and Louisiana to form a compact distributing water in the Red River watershed. The compact organization has not been established as yet because President Eisenhower first must appoint a federal representative to act as non-voting chairman.

The compact's final report would be subject to ratification of the legislatures of the four states involved and congress.

Husky said he does not contemplate the compact being completed in time for the 1957 Oklahoma legislature to grant its approval. This would force a delay until at least the 1959 session, after which congress would have to act.

Hasn't Been Approached Husky said he has never been approached by Texas or Oklahoma officials on the subject of permitting Oklahoma water to be used by Dallas and Fort Worth.

While not taking sides on the issue, he said that Oklahoma "would rather see southeastern Oklahoma developed industrially to the point where they would use the water, rather than have it transported into some other area."

He also pointed out that if efforts were made to take the water out of Oklahoma prior to any agreement of the compact, the State Planning and Resources Board could reject the plan and force the issue into federal court.

In the event of litigation, the court would be the final arbiter.

### Expert Reasons That Women Should Be Able To Sew

By HARMAN W. NICHOLS WASHINGTON —UP— I don't know much about stitching a hem. All I know is that some valet shops charge 35 cents for sewing on a coal button which was nice and tight when it went to the cleaners.

But Margaret L. Brew, head of the household management section of the Department of Agriculture, is an expert. The pretty brunette made a little speech here recently.

She didn't dwell long on the simple performance of button-sewing-on. Miss Brew reasoned that a woman with any sense knows how to string a needle and how to dab at the holes in a button.

So she went on to things dear to her heart, telling her audience how ladies can save a little of papa's bring home pay by making their own house dresses.

Miss Brew was well copped with facts from a preliminary survey her department is conducting. Her helpers, she said, went into all aspects like how long it takes to put some frills on a dress and how long it takes to do everything else. Also the price.

All of the experiments were made in a Department of Agriculture laboratory by experienced seamstresses. Miss Brew conceded it might take the average homemaker a little longer, what with changing diapers, keeping the fires up and all.

In the preliminary study, duplications were made of house frocks in the \$3 to \$4 range; store bought, that is.

Time in the lab to make these dresses ranged from 1.3 hours to 1.6 hours for Size 14, and a little longer than that for Size 20. "The homemaker, making her

own dresses, can realize a substantial saving," Miss Brew said. She can, the lady said, save anywhere from 64 cents to \$1.53 for a Size 14, and slightly less for a Size 20.

"Not only that," the agriculture expert said, "women could reduce their money costs by using the same pattern more than once, or by using basic patterns and adapting to different styles."

The way Miss Brew and her AG folks look at it, a woman could spend \$17.23 for five house dresses in the store. The cost in housewife stitches would be \$11.62 for a Size 14 and \$11.82 for a 20.

Of course, a smart lady could take yesterday's newspaper, flatten it on the floor and make her own patterns. That would save another \$1.75 right there.

Mexico Seeks Traffic Changes MEXICO CITY —UP— President Adolfo Ruiz Cortines will ask congress to revise Mexican tariff laws and pass a new law for further development of the nation's mineral resources. Treasury Minister Antonio Carrillo Flores said the changes sought are purely technical and that no increases in present duties are contemplated.

### Daniel Sought For Governor

WACO, Tex. —UP— Leaders of both the liberal and conservative factions of the Democratic party in Waco and McLennan county Thursday asked U.S. Sen. Price Daniel in a telegram to run for governor of Texas.

The telegram contained 50 signatures, and the signers said that there were "plenty of others" who would support Daniel if he should decide to run for governor next year.

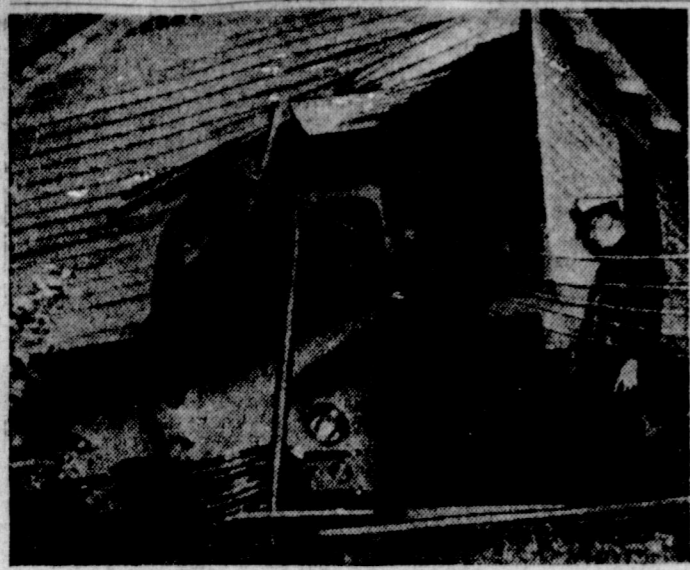

The signatures were headed by Charles McGregor, a Waco lawyer who was McLennan county campaign manager in 1952 for Adlai Stevenson, the Democratic presidential candidate. McGregor also was an active supporter of Ralph Yarborough, Austin lawyer, who ran against Gov. Allan Shivers last year.

English Royalty Has Colds LONDON —UP— Princess Margaret and Queen Mother Elizabeth were confined to Clarence House Thursday with colds.

## 9 Lions Slate Christmas Banquet

The annual Ladies Night Christmas Banquet of the Pampa Lions Club will be held next Thursday in Fellowship Hall of the First Methodist Church at 7 p.m.

Wednesday noon has been set for the cancellation of reservations for members who cannot attend. All members will be charged with two tickets, unless cancellations are made according to an announcement of Calvin Whatley, first vice-president, yesterday noon. Members who cannot attend the affair are urged to contact O. K. Gaylor, secretary, or Red Wedgeworth.

Whatley will preside at the banquet in the absence of Paul West, Boss Lion, who is reported back at the Methodist Hospital in Lubbock.

The annual Kiddies Christmas party, co-sponsored by the La Nora Theatre, will be held Saturday, Dec. 17, at 10 a.m. in the theater.

All members are urged to be present to help distribute candy to the children.

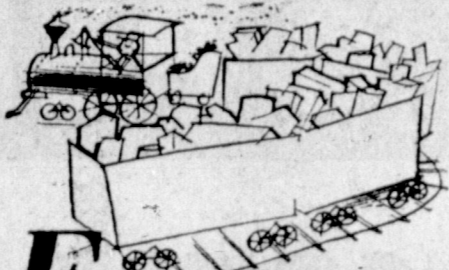

A Board of Director's meeting will be held Monday, in the Chamber of Commerce Office at 7 p.m. This meeting is open to all members, especially those who need to make up attendance.

A selection of Christmas hymns and carols was presented by the high school A Capella Choir under the direction of Bob Irby yesterday. The 62-voice choir sang a selection of nine numbers with feeling, skill, and harmony. Betty Lou Hogsett sang a solo with the group in a rendition of "Beautiful Savior". Mary Pippen gave a solo in "I Wonder as I Wander," a spiritual folk song, and Joan Robertson rendered a solo in "Silent Night" with the chorus. The group also performed "Gloria in Excelsis Deo", "Carol of the Bells," and "The Christmas Hymn."

Sheila Chisholm, winner of the Jaycees "Voice of Democracy" contest, was introduced as the Lions Club Sweetheart for December.

## NAM President Calls US 'Sucker'

NEW YORK —UP— Coia G. Parker, the man slated to head the National Association of Manufacturers in 1956, Thursday called Uncle Sam "the biggest sucker and the biggest meddler."

Parker told the 60th Congress in American Industry, sponsored by the NAM, that reliance on govern-

ment is "an insidious disease" that robs men of their individual freedoms.

"We have gone completely overboard on security," he said in a prepared speech.

## Exchange Club Charter Night Set Tuesday

The newly formed Exchange Club of Pampa will receive its charter from the National Exchange Club during ceremonies at a dinner to be held Tuesday, Dec. 13, it was announced today by Herold M. Harter, national secretary, of Toledo.

The meeting will be held at 7:30 in Foote's Drive Inn banquet room. Members of Exchange Clubs of contiguous areas have been invited to attend. The meeting will be informal and will be open to the ladies of Exchanges and invited guests.

O. F. Shewmaker, president of the new Pampa club, will receive the charter from J. P. Cunningham of Amarillo, governor of Texas District No. 7.

The National Exchange Club will present National Service Awards to the Exchange Club of Borger and to Sponsoring Committees in forming the new club.

Melvin C. Peoples is program chairman for the charter meeting. President Shewmaker will be assisted during his term of office by Kenneth E. McGuire as vice-president, John L. Walls as secretary, and Oliver G. Trimble as treasurer.

Other members of the board of control are Albert W. Gunter, John A. Hoover, Joseph W. Miller, Earl F. Miller, Stanley Brown, and Peoples.

Malcolm Brown will furnish dinner music on the piano, and a wide variety of entertainment will be featured. Appearing on the program to present a short record pantomime skit will be Dixie Sue Rhodes, high school senior. Humorous monologues will be given by Earl Cooper and Myrna Montgomery. The McGuire sisters, daughters of Ken McGuire, will present several tap dancing numbers. Popular music will be afforded by the "Four Spades," a high school quartet made up of Jackie Edwards, John Lee, Danny Bristow, and Johnny Claunch. Miss Helen Schaefer, high school speech teacher, has arranged the program.

## Joseph Cotten MCs Show, '20th Century-Fox Hour'

By ALINE MOSBY

HOLLYWOOD —UP— Twice a month Joseph Cotten rushes to 20th Century Fox studio to star in a supercolossal movie with lavish sets and top technicians — that runs for six minutes.

These little movies have no plot but Cotten finds his job in them the hardest he's had in 15 years of being a top performer. He has to portray himself, as host of the behind-the-scenes segments of "The 20th Century-Fox Hour" on CBS-TV.

"This hasn't got much to do with acting," the suave actor retorted. "It seems odd to be acting a character named Joseph Cotten. How should I behave?"

Cotten was handed the host job after he played "moderator" on David O. Selznick's spectacular on electricity last year. Sometimes the six-minute movies take three hours to make, sometimes four days. In each junior-size picture Cotten takes the TV audience behind-the-scenes at Fox studio for a lesson on how to make movies. He also interviews players of forthcoming Fox cinematic theatrical pictures.

This same format is followed on the MGM and Warner TV programs. MGM's sponsor, in fact, asked the studio for, please, more entertainment and less plugs. And various critics have wailed that TV shows put on by film studios wind up being just one, long commercial for a movie.

Cotten admits the studio programs are "propaganda" for pictures — but entertainment, too.

"If Ed Sullivan can devote 30 minutes to 'Guys and Dolls' I don't think anybody could object to my six minutes of talking about a Fox movie," is Cotten's opinion.

"I don't think my segments have been too commercial. Once or twice I suggested the adjectives sounded too commercial and they were happy to remove them," he added. Cotten's share of the Fox show is made by Oscar-winning camera-

## Calls Swamp Blind Couple Making Rugs

GETTYSBURG, Pa. —UP— If President and Mrs. Eisenhower don't receive on time the seven rugs ordered from a blinded veteran and his sightless wife, they will have to blame themselves.

Bob and Betty Johnson, 32-year-old neighbors of the Eisenhowers, were kept so busy answering the telephone Wednesday they had little time to work on the Eisenhowers' order in their new rug-weaving business.

A major upheaval in the hither-to quiet lives of the Johnsons occurred Tuesday when Mr. Eisenhower — through Press Secretary James C. Hagerly — told reporters about the Johnsons.

As a result of the news stories, Johnson told newsmen, "Just about every friend we ever knew has called."

The Johnsons have received no new orders for rugs yet. But a Texas businessman stopped at their shop on the outskirts of Gettysburg and bought the two they had on hand. He promised to drum up some business for them in Texas.

Hagerly told newsmen Mr. Eisenhower had read their stories about the Johnsons in the newspapers and "appreciated" their help for his young neighbors.

Johnson's face is twisted and scarred from a German mortar blast at Saarbrücken on March 12, 1945. He underwent 33 operations. He draws a government disability pension but decided to strike out on his own after being released from the Valley Forge, Pa., Army hospital.

The Eisenhowers, who live on the opposite side of town seven miles away, heard of the Johnsons' new rug-weaving business through Secret Service agents and asked the press to give a break to this "perfectly fine and delightful couple."

• In this huge display you will trace the story of oil by following a series of working models, each graphically illustrating some phase of the petroleum refining industry from oil well to service station.

• Measuring 35 feet in length, 10 feet in height, this trailer is towed by a 1955 Ford Courier equipped with a 2,000-watt generator. It is also wired to make use of standard electrical connections.

• As you enter, you will receive a booklet entitled "Petroleum

in the Making" which explains how crude oil is produced, refined, transported, and put to use in your own gas tank. This booklet is also a guide through the trailer, answering hundreds of questions about the oil industry.

• This unit is operated under the direction of Leonard Blackwell, company merchandiser.

• Not only for children, but for their parents too, this display is a fascinating adventure in science.

# Cagers In Clovis; Home For Portales

The Pampa Harvesters will be battling with the Clovis five tonight in Clovis and will host the Portales Rams Saturday night in an effort to get started on another winning streak.

The Clovis club fell to the Harvesters last year as the Green and Golders racked up 91 points for the year's highest counting game. That record was topped this year by Coach Clifton McNeely's cagers as they stacked up 92 points against the Vernon Lions.

The Rams, on the other hand, are the boys that stopped the Harvesters' '54-'55 winning streak at 72 games. The Green and Golders, cold from the field and the free-throw lane, hit only 29 per cent of their shots and allowed the Rams to count for almost 60 per cent of theirs.

The Harvesters, after dropping a thriller Tuesday night to the Tulla Hornets, will be trying to get back on their feet before district play opens.

The Shockers will be playing games before each of the Harvester games and will be trying to count for their fifth and sixth wins against one loss. That loss came when the Quannah Indian "B" stringers dropped them last Saturday in a 63-60 thriller.

The Harvester coach, who says "we can't expect to win them all," will have the boys ready for the tough Clovis cagers in an effort to pull an upset. The Harvesters are expected to have a tougher game with them than they will with the Rams.

The starting lineup for the Green and Golders will probably be Carroll Cole and Dickie Maudlin at the forward positions and Gerry Gee at the center post. Gene Brown and Jimmy Knloe or Jerry Pope will get the nod at the guard positions.

Coach McNeely will probably substitute freely in an effort to get all the boys ready for district competition. Buddy Sharp and

# Tech Sure To Be Considered For Admittance In S-West C

DALLAS —UP— The Southwest Conference faculty athletic committee once again faces the problem of expansion as it begins its annual winter meeting at the Adolphus Hotel Friday.

The name of Texas Tech is almost certain to be submitted for admittance again, probably Texas Christian University. Although the names of one or two other schools might come up, such as Oklahoma and the University of Houston, Tech is believed to be the only team standing a chance of admittance.

First, the conference must by a majority vote remove a motion that tabled the names of Texas Tech and Oklahoma at the May, 1954, meeting in Waco. Then, the school being considered must get five of the seven conference votes to be admitted.

As usual, the Texas Tech question will be the biggest one facing conference fathers, but another major problem due to arise concerns Texas A&M and the two-year probation which has been slapped on the Aggies.

The Aggies are presently prohibited from post-season activity in all sports. But it is possible the conference will lift the two-year ban from all sports except football then, at the next meeting in May, lift the football probation.

Coaches and athletic directors, who met Thursday, recommended that five officials be used at football games instead of four. This recommendation will be passed along to the faculty athletic committee for consideration.

The coaches also asked that the starting date for letters of intent signing next spring be moved up from April 15 to April 1. However, schoolboys participating in spring sports meets must wait until the end of their season before signing the contracts.

Some Routine Matters

The agenda also includes such routine matters as the financial report, adopting the 1956 budget, awarding the 1955 championships, and other amendments.

These include one which would require a 90-day notice before a member school is assessed a penalty and another making a prospective athlete who knowingly violated conference rules ineligible at all schools in the circuit.

At their meeting yesterday, the coaches also decided they would be present for a press conference at next year's Texas high school coaching clinic.

WILDCAT QUEEN CROWNED — The Carver Wildcats crowned their '55-'56 basketball queen Wednesday night during the halftime of their game with the Shamrock Tigers. Shown above is Billy Geary, left, Orzo Frazier and Edward Cash with the Queen, Miss Donnie Pearl Bunton. The Wildcats won the game 56-43.

# Carver Wildcats Crown Queen During Shamrock Contest

The Carver Wildcats go into the fourth week of their 1955-'56 basketball schedule Saturday when they attend the Wellington Invitational Tournament.

District champions last year, Carver will be a top contender for the district championship this year as they have several of their top boys back for this season.

The Carver boys have played a total of seven games and have won five of them. They won second place in the Borger Tournament again losing to the Borger club.

The boys have defeated Shamrock in games other than tournaments. They dropped the Tigers Wednesday night in the Carver gym by a 56-43 score.

The girls, on the other hand, have won three of their five games and took first place in the Shamrock Tournament on November 19. They came back and lost their first game in the Borger Tournament on December 3.

They have won a total of four games while they have lost only two games.

# Robinson Gets Third Shot At Olson For Title Tonight

By JACK CUDDY

CHICAGO —UP— Sugar Ray Robinson, making the most dramatic appearance of his remarkable career, will try to break precedent Friday night and win the world middleweight title for the third time in his third fight with Carl (Bobo) Olson at Chicago Stadium.

In the same Chicago ring where he first won the 160-pound crown in 1951, Sugar Ray—now 35 years old—will try to hammer out a glorious climax to the comeback dreams that brought him out of a two-year retirement.

At his peak the slender New York Negro who formerly wore the welterweight and middleweight diadems was perhaps the greatest all-around fighter of our era; but now the big question is: "Are his legs gone?"

Question of Stamina

Has he the stamina to last the little distance of 15 rounds, if necessary, against the persistently pressing champion from San Francisco, a master at close-quarter fighting?

Sugar Ray hopes he can evade answering that question by knocking out the prematurely balding, 27-year-old Bobo within seven rounds of their nationally televised and broadcast (NBC) classic. He has been quite frank in admitting that hope during the two training periods for their once-postponed fight.

The bout originally was scheduled for Nov. 4, but it was delayed until Friday night because Robinson suffered a sprained right ankle in training.

Because of the "legs question," Olson is favored at 14-5 to make a successful fourth defense of the title, although he was knocked out by Robinson (12) on Oct. 26, 1950, and outpointed by the Sugar man on March 13, 1952.

Their second fight was for the middleweight title, which Robinson had won by stopping Jake LaMotta in the 13th round at Chicago Stadium, Feb. 14, 1951. Sugar Ray lost the crown to Flandy Turpin of London, July 10, 1951, and recaptured it from Turpin two months later in New York on a 10th-round knockout. He gave up the championship when he retired, Dec. 18, 1952.

Going Against Record

Promoter Jim Norris expects more than 10,000 fans and a gate of \$125,000 for Robinson's attempt to recapture the Bonnet for the second time—a feat no previous middleweight accomplished—although Tony Zale regained it once, and Al Hostak once won back the NBA version of the title.

The gate should be helped by a TV broadcast on a 150-mile radius of the stadium when the fighters square off at 9 p.m. (est). Olson will get 35 per cent of the net gate and \$75,000 TV-radio fee; Robinson, 25.

Sugar Ray has had one exhibition and six fights since he came out of retirement in November, 1954. He was not impressive in his fights although he won five of the six.

Olson's 65-7-0 record includes 30 knockouts. He was kayoed only by Robinson and Moore. This writer believes his aggressiveness and stamina will enable him to keep his crown.

### Parishioners Won't Accept Negro Priest

BELLE CHASSE, La. — UP — Roman Catholic parishioners Wednesday defied an archbishop's threat to excommunicate the entire parish if they refused to accept a Negro priest.

Members of Our Lady of Perpetual Help parish voted almost unanimously Tuesday night to present a resolution to their pastor reiterating their stand against the appointment of the Negro clergyman.

A letter from Archbishop Joseph F. Rummel was read in church Sunday in which he threatened excommunication to the entire parish if they did not accept "any priest" assigned to the church.

Tuesday, the Rev. Clement Meyer, pastor of the church, asked parishioners in another letter to sign a statement of submission to the archbishop's wishes.

The St. Cecilia Mission at nearby Jesuit Bend, La., which is under Father Meyer's jurisdiction, was closed in October by Archbishop Rummel after a group of parishioners turned away the Rev. Gerald Lewis, Oct. 2. Services were curtailed at Our Lady of Perpetual Help Church here.

The Federal Bureau of Investigation at New Orleans has completed a preliminary inquiry into circumstances surrounding the closing of the church at Jesuit Bend and sent its report to the attorney general's office.

Several hundred parishioners gathered Tuesday night. Some called the archbishop's letter a "threat" and said it was "up to the people" to solve it.

District Attorney Leander H. Perez of Plaquemine parish, labeled the movement toward desegregation as "Communist inspired" in a speech before the Plaquemine Parish Citizens Council following the parishioners' meeting.

### Ike Finds Economy In Good Shape

GETTYSBURG, Pa. — UP — President Eisenhower examined the national economy Wednesday and found it in good shape.

The President spent almost two hours going over the latest economic indicators and prospects with his top economic advisers.

White House Press Secretary James C. Hagerly said afterward that there would be no public report on the discussions since they were preparatory to a formal report to congress due in January.

But to a reporter's inquiry whether the talks showed the economy in good shape, Hagerly replied: "Yes, sure."

Mr. Eisenhower, working on a series of messages he will send to congress in January, called in for Wednesday's talks Dr. Arthur F. Burns, chairman of his council of economic advisers, and Gabriel Hauge, the Presidential adviser on economic matters.

They told reporters after the conference in the President's downtown Gettysburg office that they talked over with Mr. Eisenhower the economy and what he wants to say in his economic report to Congress.

They dodged questions on what kind of report they gave Mr. Eisenhower. But Burns left no doubt it was optimistic when he cracked to an insistent reporter: "Don't you worry about the economic situation!"
