Col. Liles Convicted

FORT LEWIS, Wash. —UP—Lt. Col. Paul V. Liles, the only West Point graduate ever to be court-martialed for collaborating with the enemy, Wednesday was found guilty of "bringing discredit on the military service" and was suspended from rank for 24 months.

Liles, a 39-year-old career soldier from Birmingham, Ala., specifically was found guilty of making prop-

aganda recordings for the Chinese and North Korean Communists while he was being held as a prisoner of war.

He was brought to trial on charges of "aiding and abetting the enemy" but was found guilty only of "bringing discredit upon the armed services."

The sentence means Liles will remain on duty as a lieutenant colonel but he will be static on the promotion list for two years.

Liles admitted he made propaganda recordings for the enemy but it was part of a master escape plan he was attempting to work out.

Lt. Col. Leslie E. Dixon of Baton Rouge, La., Liles' defense counsel, said the defendant was ready to accept whatever sentence the court martial board passed.

More than 2,300 pages of legal testimony were taken during the 20-day trial. Another 1,500 pages were concerned with 120 exhibits presented by both prosecution and defense.

Liles contended that he drew up an escape plan while he was a POW. He said about 70 men were involved in the plan.

The government maintained there was no escape plan and that Liles cooperated with the Chinese and North Korean Communists solely to better his own condition.

Santa Claus In Overalls Spreads Cheer In Kansas

CONCORDIA, Kan. —UP— A Santa Claus in overalls was ready Wednesday with nearly 1,000 toys for Kansas youngsters whose Christmas might otherwise be bleak.

He had spent several evenings each week all year, and a considerable amount of money, on his stock of shining toy autos, wagons, tricycles, trains, dolls and tea sets. Now they were spread out in a special display.

This personal and year-around embodiment of the Christmas spirit, Cleason Bell of Concordia, is not a rich man. But he stretched a mechanic's wages to provide the

dollars necessary for his hobby of the past five years. Mostly, however, the expenditure was in time and energy to repair and paint old or damaged toys. The money went for paint and parts.

When Bell first started, friends contributed cast-off toys for him to fix up. Soon stores began donating damaged toys. The city dump yielded others to Bell's searching.

In this final week before Christmas all the youngsters of Concordia and nearby farms can "window shop" a thousand toys spread out for their approval at the automobile company where Bell is shop foreman. Each knows that need, not money, will determine who gets the shiny trains and curly-haired dolls on Christmas morning.

The gifts will be distributed by the Junior Chamber of Commerce, with virtually its entire membership needed for the job. A different group has aided Bell in the distribution each holiday season since he started five years ago with 70 odd toys which the 4-H clubs gave away.

AEC Plans Open Bids On Lease

WASHINGTON—UP— The Atomic Energy Commission announced Wednesday it will institute a system of competitive bidding for leasing uranium deposits developed by the AEC on public and other lands under commission control.

The commission added, however, that it "does not contemplate extensive leasing of AEC-controlled lands under commission control."

It said such lands constitute a reserve "to be drawn upon as required." Production of atomic raw material from private properties is so great, the commission said, that "it is unlikely that more than a few deposits will be offered for lease" any time soon.

The AEC announcement made it clear that uranium production is sufficiently high to keep the atomic plant going without intensive exploitation of commissioner-controlled reserves.

These lands include areas purchased by the wartime atomic project and public lands set aside at AEC request for exploration purposes.

Heretofore leasing of such uranium deposits has been done on the basis of selection among qualified applicants rather than by competitive bidding.

GUARD

(Continued From Page One) farm, a prison unit north of Huntsville.

He loaded two suitcases and some clothes in the car, drove to the prison arsenal and got his personal revolver, and hasn't been seen since.

"All along I thought this man was too good to be true," Ellis said.

Position of Trust

He said he hired Jones last May 16 as a lieutenant of guards and promoted him to a position of trust in the maximum security division of the prison because he had done such an outstanding job.

He had already made a name for himself in the maximum security division — known as the "prison within a prison" — because of the way he had been able to get along with the convicts.

The convicts in the maximum security division are the worst in the prison. They are kept in individual cells and have a separate exercise period. Even their meals are brought to their cells.

Jones was able to get along with these convicts and other prison officials said even the convicts liked him.

"Everybody liked him," a chaplain said, "except for his Harvard accent."

Claimed Doctor's Degree

Jones claimed to hold the degree of doctor of education from Peabody College in Nashville, Tenn., and also presented transcripts of his college credits from the University of Texas and Georgia Teachers College at Collegeboro, Ga.

He also had a letter indicating he had worked in the department of the director of youth service in Massachusetts since 1950. The letter bore a justice of the peace seal.

His letters of recommendation also included several from many prominent persons in Houston, including a well-known clergyman.

The clergyman wrote that Jones had come to him and said he was an alcoholic. He said Jones wanted to become a sober citizen and he got him a job in the accounting department of a Houston hotel.

His said Jones didn't even ask how much the salary was but immediately accepted the job and went to work. He said, the hotel considered him an excellent employee.

Prison officials said they believe the letters from Houston were probably genuine but the other credentials were almost certain forgeries.

Once Jones had some business cards made. An employee of the firm which sold him the engraved cards asked him what "D.Ed." after his name meant.

He said that was "doctor of education, which is just a little lower than doctor of philosophy." He said he was having the cards made because he was going to a prison does not have a cable address, Iowa.

The employee did wonder about the cable address Jones had shown on the cards, since he knew the prison does not have a cable address, but he did not ask Jones about it.

The Federal Bureau of Investigation has sent a man to Huntsville to take Jones' fingerprints from his room and send them in for comparison to see if the fingerprints match any wanted man.

But prison officials said they know of no crime he has committed while he has been at Huntsville. They said he took no prison property with him when he left.

The impostor Demara was first exposed posing as Dr. Joseph Cyr of Grand Falls, New Brunswick. He was serving as a surgeon in the Royal Canadian Navy and had just performed successfully a difficult operation.

Four Youths Nabbed After Theft Spree

Two juvenile boys who live at Perryton were accompanied by two teen-agers in a series of thefts which took place last night. The two juveniles have been turned over to Juvenile Officer H. A. Doggett. One of the boys is parked at 423 Crest, last night. Stolen were three pounds of shell pecans, several packages of potato chips, and a case of orange juice. Later part of the group went out to the 2000 block on Duncan, where they entered a Mend Bread truck and took two fruit cakes and several cup cakes. Then the boys drove out into the country, ran out

of gas, and stole some gasoline from a near-by farm. They drove back into town, cut an air hose at a service station, and then went out to the 700 block of Sloan to take more gasoline. Previously the boys had broken into a Schlitz Beer truck, parked at 3169 Huff Rd., to take two cases of quart beer, according to the driver.

The term "free lance" originated from the practice during the Middle Ages of knights and roving soldiers selling their services to any state leader needing them.

CHRISTMAS GIFT BOXES

Members of the Junior Red Cross Board, all room representatives at Woodrow Wilson, are gathered around the Christmas tree inspecting gift boxes prepared by the students to be sent to children in other nations. Living Cost Up Again

WASHINGTON—UP—The cost of living edged up again last month.

The government report said Wednesday that price rises on 1956 autos and other items more than offset declining food prices.

The report also showed that average factory take home pay reached a new record level for the third straight month and that the purchasing power of average factory pay also set a new record.

The Bureau of Labor Statistics said its consumer price index climbed .1 per cent to reach 115 per cent of average 1947-49 prices for the first time since August, 1954.

The price index in November stood .3 per cent higher than a year ago and .3 per cent lower than the record level of 115.4 per cent of the base period set in October, 1953.

Deputy BLS Commissioner Arnyne Joy Wickens said the price picture is still "one of considerable stability" despite creeping increases in the last half of this year. She said the outlook is for "no marked change" in the index over the next few months.

The BLS reported that the average factory worker with three dependents earned \$72.85 a week after taxes in November. This was about 80 cents higher than October and \$4.67 higher than in November, 1954. More overtime as well as wage increases contributed to the gain.

Pilots Fail To Strike

LOS ANGELES—UP—A pilot's strike expected early Wednesday by Western Air Lines failed to materialize and all flights throughout the system were continued on schedule.

A dispatcher at the airport said morning crews checked in and were going out as usual. Reservations were being taken at ticket offices.

Western had prepared to close down its "entire route" despite an announcement by the pilots that the walkout over a contract dispute would not be called Wednesday morning. Spokesmen said they had not received word from the pilot's association of any postponement.

Rotary Club Kicks Off Revue Plans

The nationally known Tom Croser Revue sponsorship was kicked off at yesterday's Rotary club meeting in the Palm Room. The performance will be held Jan. 6 in the junior high school auditorium and will feature both a children's matinee and an evening stand, if it was reported. All club members were issued tickets for the evening performance for sale to the general public at an admission price of \$1.00.

It was announced that tickets for the children's matinee had not yet arrived but that they will sell for 35 cents each. As a prelude to the children's performance, it was explained, members of the revue will visit the schools to promote interest.

The day's program was given by Walter Stein who gave a talk on the Christmas customs and activities of his native Germany.

W. L. (Bill) Mathews of Tri-State Milk Producers was inducted

into the club after an introduction by Fred Neelage. It was reported by Floyd Yeager that individual club members had donated \$138 toward helping a destitute family, with four children, during the Christmas holidays. A plea was made that about another \$60 was needed to complete the project and fund for the meeting.

Visitors and guests for the day were George James, Bob Parkhurst, D. I. Wilkinson, James Phippen, Bill Bellamy, J. C. McWilliams, Jr., John Thurman and Bill Gibbs.

Burley Tobacco Output Declines
WASHINGTON—UP—The Agriculture Department Tuesday estimated the 1955 U.S. crop of burley tobacco at 509,825,000 pounds. Kentucky's share was 339,450,000 pounds, compared with 452,980,000 pounds in 1954. It was comparable to lower yields for most of the burley belt.

I FEEL SO SORRY FOR LITTLE ELLIE.

YES, OF COURSE! BUT HER FATHER'S GUILT...

THAT ISN'T WHAT I MEANT, MR. WITHERS. SHE'S SO DEVOTED TO HER FATHER, BUT HER HOME LIFE MUST BE HORRIBLY UNHAPPY!

HER MOTHER MUST BE A VERY SELFISH, WILLFUL PERSON. I SUSPECT SHE'S MAINLY RESPONSIBLE FOR THE UNFORTUNATE POSITION MR. SQUIRE IS IN!

OH?

Mickey Finn

GOSH! BUT MAYBE HE WAS JUST KIDDING HER, UNCLE PHIL!

OH, NO, MICHAEL! HE WAS ON THE LEVEL! HE GAVE ME HIS CARD—I HAVE IT RIGHT HERE!

THERE IT IS! PROFESSOR ENRICO PITZAKATO—DIRECTOR OF THE INTERNATIONAL OPERA COMPANY!

GEE! AND SHE'S GOING TO SING FOR HIM AT HIS STUDIO TOMORROW MORNING?

THAT'S RIGHT! I'M BRINGING HER DOWN AT TEN O'CLOCK! BOY-O-BOY! WON'T IT BE WONDERFUL, MICHAEL—IF I'VE DISCOVERED A GREAT NEW STAR?

WHAT HAPPENED?

I SLAMMED THE CAR DOOR ON MY HAND!

OUCH! TAKE IT EASY!

HI-M-M-A! THIS LOOKS MIGHTY FUNNY TO ME.

CAP FOR COLD—The familiar campaign hat of the Pennsylvania State Police has bowed to this black leather and fur cap for the winter. Being modeled here by Sgt. Thomas A. Dougherty of Greensburg, Pa., the cap protects ears, face and neck from the cold weather. The campaign hat was formerly worn on cold and warm days.

Men's Clothes Have Changed Considerably

By ELIZABETH TOOMEY
NEW YORK — UP — Twenty-five years ago men had draped shapes and droopy socks.

Their clothes have changed almost as much as women's, but with less fanfare. Apparently men just packed away their knickers with their old kit bags and forgot 'em.

Now a 25th anniversary edition of Apparel Arts, a men's store magazine, has traced the changes in 196 remember-when pages. It gives women a rare chance to tease men about changing styles, since their male wardrobes have changed in many ways similar to women's style trends.

Men have removed some of their shoulder padding, stopped indenting their waistslines so sharply, lengthened their jackets, tapered their trousers and gone in for more sports clothes. So have women.

More Color Now
They also have become more colorful. One men's clothing company president wrote in the magazine that he was laughed out of his club 25 years ago when he appeared in pastel Palm Beach knickers. Now men wear pastel shorts.

A number of men of that day obviously had trouble keeping up their socks. One advertisement showed a slick-haired fellow on one knee before a disdainful maiden. "He'd be in the market for a solitary today if his socks had been as smooth as his wooing," the caption stated. They suggested garters.

The draped suit was a waist-hugging number with square shoulders and wide trousers. Double-breasted, of course. No man 25 years ago ever felt really dressed up without a double-breasted suit.

Homburgs and derbies were the hats of the hour for Wall Street success of that day. And for "Mr. Average," one company suggested an off-the-face hat with medium curl brim called "The Drape." It was a cross between a snap brim and a Homburg.

By the late 1930's men wore gay glen plaid suits, tweed jackets with narrow corduroy slacks and more single-breasted suits.

Then they went into the cuffless-trousers era of wartime and the military-style trench coats. They stopped wearing matching vests, went-in for more tweed overcoats.

More Casual Look
The up-to-date picture of men in the latest styles show a more casual air, a leaner look and jaunty hats.

Three out of five shirts men buy now are sports shirts, and the number of neckties in the average man's closet has doubled or tripled in the past 25 years. Men bought 15 million pairs of slacks in 1931, when they were considered work clothes, and buy nearly four times that many now for leisure wear.

Almost nobody owned a sports jacket 25 years ago, and now eight million are produced annually. "The bold look," as the men's "new look" is called, has more to do with the variety of colors and clothes a man can wear today than the actual shock effect of his appearance. Man has come a long way in clothes freedom in 25 years, even though he's been keeping quiet about it.

Man Electrocutted By TV Antenna

GAINESVILLE, Tex. — UP — Arlon Luther Muephree, 37, was electrocuted Wednesday while helping put up a television antenna at a Gainesville home.

Muephree was standing on the ground, holding the base of a TV antenna that was being raised to the house top by a winch truck when he suddenly collapsed and fell to the ground.

He told C. F. Holland, the home owner: "I got a shock." He was dead on arrival at a hospital.

Authorities said the television antenna apparently brushed a power line as it was being raised to the roof of the home.

Under the constitutional act of 1913, amended in 1920, Denmark is a constitutional hereditary monarchy.

Some Last Year's TV Shows Are Repeated For Christmas

By ALINE MOSBY

HOLLYWOOD—UP—Christmas shows on television, like old carols and last year's tree decorations, are becoming repeats of well-worn favorites.

Many TV producers can win themselves a few days vacation by dusting off last year's show for another performance. Audiences, according to the fan mail, get sentimental around Noel time and like to watch the same programs over again.

Jack Webb, hero of NBC's "Dragnet," appeared Wednesday night for the third Christmas in a filmed story about the theft of a statue from a church.

"People asked for it again this year, so we used it," Webb explains. "We think the story is appropriate for a Christmas police show. There's no definite crime, but it has the Dragnet flavor."

Webb is also proud of the fact that the 1953 airing of the show marked the first time color film was seen on coast-to-coast television. That first year the faces came out green and the scenery red, but by now the color transmission has improved.

"We make a new color print of the film every year to keep up with new developments in color TV transmission," Webb adds.

For the second Christmas, "Medicine" used its startling program that condemns the old American institution, the office party. Both the sponsor and the fans asked for a repeat. Last year, says producer Frank Latourette, reaction among

The boys team Ray Castle and Ben Flowers also got to the quarter finals but lost to the Guymon boys.

IF YOUR HOUSE doesn't look quite decorated enough for the holidays, or if there seems to be some little touch missing, here are some suggestions for last-minute decorations you can make. In fact, the whole family can join in the fun. It's by Kay Sherwood of the NEA.

HOW WOULD you like to sparkle your Christmas household decorations with glamorous creations you can make at the last minute and enjoy doing it? Spectaculars like gobes of golden filigree dangling from the ceiling can house your festive ornaments, a sprig of mistletoe, colored balls, or cast interesting shadows on the wall. Or here's a giant fireside "candle" richly ornamented with garlands of fruit, nuts and greens.

If you think I'm kidding, meet the expert who will show you how. His name is Sumner Purwin of Chicago, and he's the art director and v.p. of a noted merchandising display firm (W. L. Stenggaard). He applies the same inventive talent to devising home decorations with his family that he does to the store window displays you see.

Santa Says Serve Ham For Christmas

Hail to the holidays! Hail to the bustled — excitement — rush — anticipation and our favorite Christmas carols!

Celebrate this time-honored season with a baked smoked ham.

Ham has earned itself a place on many Christmas menus throughout the country, both in homes and restaurants.

One of the best advantages of a smoked ham is that its preparation doesn't tie you to the kitchen — you'll have time to enjoy your family and guests.

Select a 12 to 14-pound smoked ham when you do your marketing. To roast (bake) the ham, allow 18 to 20 minutes per pound. Place the ham, fat side up, on a rack in an open roasting pan. Insert a roast meat thermometer so the bulb reaches the center of the thickest part. Be careful the bulb does not rest in fat or on bone. Do not add water. Do not cover. Roast the meat in a slow oven (300 degrees F.) until the meat thermometer registers 160 degrees F.

A glaze will give glamour to your holiday-baked ham. An interesting innovation for baked ham glazes is a honey-orange mix.

CHRISTMAS SURPRISE — A special treat is on hand when you extend hospitality to your friends and family Christmas day. A tender, juicy baked smoked ham is the ultra in fancy meats. Roast in a slow-oven and allow to set 20 to 30 minutes before carving.

Christmas Social Is Held By Guild

The Wesleyan Service Guild of the First Methodist Church met recently in the church parlor for its annual Christmas party. The parlor was decorated in keeping with the Christmas season. Hostesses were Mrs. W. A. Hutchinson and Mrs. J. A. Knox.

Mrs. Hutchinson led a short business session, after which Mrs. Lee Harrah led the group in prayer. Miss Alma Wilson read the Christmas story as it appears in the book of Luke. She also read a story, "Christmas When I Was A Little Girl," assisted by Miss Ila Pool who portrayed the part of a little girl.

Miss Inez Chubb gave a Christmas reading, "Seek Ye First The Kingdom of God." Instead of the customary gift exchange, an offering of \$19 was given as an offering of the study just completed, "Within Two Worlds." The offering is to be sent to Farmington, N.M., to help further the work with the Indians there.

Christmas carols were sung and Mrs. Woodrow Adcock gave the closing prayer. Mrs. Adcock and her daughter, Elizabeth, were guests.

Those attending, not already mentioned, were Mrs. W. A. Spoonmore, Frank Showell, Harold Wright, J. M. Turner, Malcolm Demson, Sherman White, Aubrey Jones, and Misses Minnie Allen and Lillian Mullinax.

Good Things Come In Small Packages

CONSIDER THE QUALITY, not the quantity of the gifts you give this Christmas. An Irish Linen kerchief, though "small in stature" comes high in favor with discriminating ladies and gents. They're decorative, versatile, functional — add the finishing touch to fastidious wardrobes.

For the ladies: to tuck in pockets, draw through belts or tie in perky scarfs around their necks, you'll find sparkling white ones daintily embroidered, edged with lace, applied with delicate flower petals or monogrammed and others in gay floral and abstract prints with over-all pattern or border design.

Menfolk, too, recognize the Irish Linen label as quality and here the choice is just as endless. Give simply hemstitched or handsome cords — with or without monogram, for business or dress-up wear, or over-all or border prints or solid colors for sportswear.

And don't overlook the small fry. They enjoy the elegance of a crisp fresh Irish Linen kerchief just as mom and dad do. Try a touch of Erin quality in this year's Christmas giving. (ANS)

Christmas Banquet Held In Canadian

CANADIAN (Special) — The Christmas banquet of the Ida Shaler Guild, First Presbyterian Church, was held in Fellowship Hall. Hostesses were Mrs. Gordon Hill, Virginia Ingwerson, Louise Hoover, and John Isaacs.

The serving table was covered with a white cloth, centered with stereoframed snowmen and red carnations. Candelholders with red tapers were at either end of the table.

Mrs. Charles Wright and Mrs. Raymond Newell were in charge of decorations. Mrs. George Earl Tubb was chairman of the program, "Truth or Consequences" with Bob Ward as emcee.

Those attending were Messrs. and Mrs. Malouf Abulham, Frank Chambers, Roy Deaton, W. R. Hest, Gordon Hill, Bill Jackson, Cap Kelley, Norman Magill, Burr Morris, John McFordie, Frank McMoradie, Raymond Newell, Troy Newton, Frank Shaller, Lawrence Teague, George Earl Tubb, Bill Ramp, J. O. Wells, Charles Wright, Jess Yokley, Johnny Hoover, Virginia Ingwerson, John Isaacs, Calvin Isaacs, Marion Kerr, Christine Gable, Essie Todd, J. B. Waterfield, Wiley Wright and Hobart McMordie.

Joy Class Holds Christmas Party

The Joy Class of the Central Baptist Church held its annual Christmas party recently in the home of Mrs. Tommy Phillips, 1013 Varnon Drive.

The business session was led by Mrs. Vernon Thompson, followed by a prayer by Mrs. Donald Warren.

During the social period, games were led by Mrs. Lorine Lea. Gifts were exchanged, and the class presented Mrs. Warren, teacher, with a gift. It was decided to prepare a food basket to be given to an elderly Pampa couple for Christmas.

Refreshments of cocoa and cookies were served by Mrs. Tommy Phillips, Sam Hanks, Elmo Thompson and Glenda Killian.

Attending were Mrs. Roy Goodwin, Don Warren, Eugene Bynum, Joe Durham, Curtis Prescott, Billy Joe Chance, Sam Hanks, Hershel Sanders, Lorine Lea, Elmo Thompson, Geraldine Ingram, Glenda Killian, Donald Horten and Janel Rigby.

A regular soap and water bath for lamps and bulbs is necessary to good lighting. Dirty fixtures cut lighting levels as much as 50 per cent.

SALUTE TO CHRISTMAS — A favorite holiday pie is luscious mincemeat. Served piping hot, it can't help but win praise as the right dessert for Christmas. For the tenderest, flakiest pie crusts throughout the year, use lard, the all-purpose shortening.

Mincemeat Pie Adds To Holiday Fete!

To brighten up Santa's Christmas visit to your house, present him with a mincemeat treat.
Mincemeat pie is a good choice for your feast of feasts on December 25th or any time during the holiday season.

On these occasions, you'll want your pie to be perfect. By using lard, you can trust this pie crust to be the tenderest and flakiest you've ever tasted. The lard is cut into the dry ingredients until the crumbs are about the size of small peas. When the pie is baked, these small pieces of lard melt and form tender layers in the crust. That's what makes the pie crust light and flaky.

MINCEMEAT PIE

- 2 cups sifted enriched flour
 - 1 1/2 teaspoons salt
 - 1-2 to 3-4 cup lard
 - 4 to 6 tablespoons cold water
- Add salt to flour. Cut lard into flour until crumbs are about the size of small peas. Add cold water, little at a time, mixing quickly and evenly through flour with fork, until dough just holds in a ball. Use as little water as possible. Roll 1/2 of the dough to about 1/8 inch in thickness. Line pie pan, allowing 1-2 inch crust to extend over the edge. Put mincemeat mixture into baked pie shell. Roll other half of dough to 1/8 inch thickness. Place crust on top of mincemeat mixture, crimp the edges and cut slits in top crust to allow the escape of steam. Bake in a moderately hot oven (400 degrees F.) for 35 minutes. Yield: 9 inch pie.

For the filling, try this suggestion for extra spice and flavor in the pie. Substitute 1-4 cup apple butter for 1 cup of diced apples.

MINCEMEAT FILLING

- 2 1-pound cans mincemeat (3 to 3 1/2 cups)
- 1 cup diced apples (or)
- 1/4 cup apple butter
- 1/2 teaspoon grated lemon rind

Baked Ham Makes Pretty Centerpiece

There's always that last minute rush finding a centerpiece for the table when company is due. So at the party you're having next week, remember to keep your centerpiece simple.

Suggests Reba Staggs, meat expert, you can allow your smoked ham to act as the center of attention by decorating it with candied orange slices.

Purchase a 12 to 14 pound ham. Place the ham on a rack in an open roasting pan with fat side up. Insert meat thermometer so the bulb reaches the center of the thickest muscle. Be careful the bulb does not rest in fat or on bone. Do not add water or cover. Roast at 300 degrees F, until the meat thermometer registers 160 degrees F. Allow 18 to 20 minutes per pound for roasting.

CANDIED ORANGE SLICES

Cut orange peel petals; cook in hot water 10 minutes. Drain again and cover with hot water; simmer and cover with hot water; simmer until tender. Cook in syrup of 2 cups of sugar and 1 cup water, until translucent. Arrange petals on ham. Fasten in place with green gum drops.

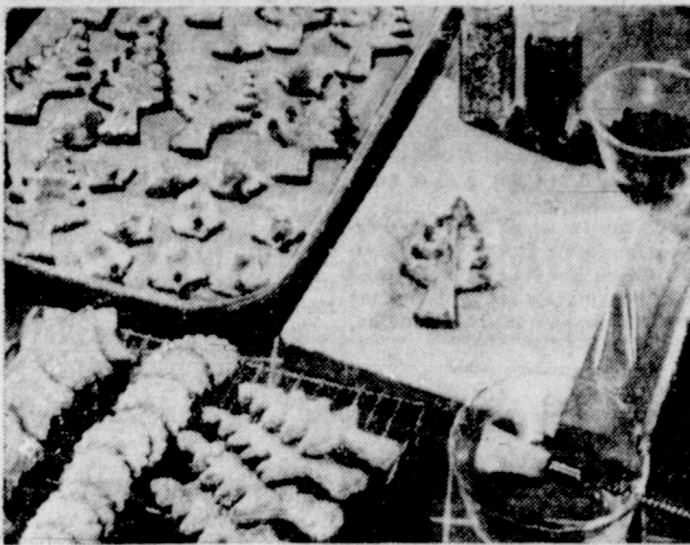

Crown Pineapple Pie With Cheese

Refreshments are "easy as pie" if you use the new canned Dole Hawaiian Pineapple Pie Filling to make a festive pie. This No. 2 can contains sweetened, thickened, crushed Hawaiian pineapple ready to turn into an 8-inch pie shell and pop into the oven. Make it with a single crimped-edge crust and garnish the cooled pie with Cheese-Pineapples.

To make the Cheese-Pineapples shred processed American cheese and press with hands into egg-shaped pieces about 1-inch high. Mark the cheese with a knife into diamonds to resemble pineapple texture. Top each "pineapple" with 3 pieces of citron or green candied cherries to resemble "leaves."

Use the pie as a centerpiece by placing it on a large flat plate or tray and surround the pie with greens, cones and a tapered candle. It will be a conversation piece for your party.

CHRISTMAS FANCIES

THE FUN OF HELPING TO PREPARE COOKIES, cutting them into Christmas shape and finally decorating them with gaily colored sugars and candies, is a Christmas tradition. Here is a recipe for crisp, delicious cookies, thanks to the Corn Flakes ingredient. Even youngsters can cut them easily into shapes.

CORN FLAKES CHRISTMAS FANCIES

- 3/4 cups sifted flour
- 2 teaspoons baking powder
- 1/4 teaspoon salt
- 1 cup butter or margarine
- 1 cup brown sugar
- 1/2 cup water
- 2 cups Kellogg's Corn Flakes
- light corn syrup
- decorative candies—colored sugar

Sift together flour, baking powder and salt. Blend butter and sugar. Add sifted dry ingredients alternately with water. Crush Corn Flakes into fine crumbs. Stir into cookie dough; mix thoroughly. Chill.

Roll chilled dough out on lightly floured board to 1/8-inch in thickness. Cut with floured Christmas cookie cutters. Place on greased baking sheets. Bake in moderate oven (375° F.) about 10 minutes. Remove from oven; cool. Brush with corn syrup, then decorate with candies and colored sugar.
Yield: about 5 dozen cookies. (ANS)

Create New Treats From "Leftovers"

Let's "talk turkey" twice, and we will say the name for chicken. Plan to serve the birds twice, first stuffed and roasted, the second day, combine "the meat" and stuffing in a new dish.

- Turkey-Stuffing Casserole
- 2 cups baked bread stuffing
- 1/2 cup mushroom soup
- 2 tablespoons milk
- 2 cups cut-up cooked turkey
- 1 medium tomato
- 1 tablespoon melted butter

Place stuffing in the bottom of a (1-quart) casserole. Combine soup, milk and turkey. Put turkey mixture over stuffing. Cut tomato into six wedges and arrange peal fashion over top of casserole. Brush tomato with melted butter. Bake in a moderate oven (350 degrees F.) for twenty minutes. Brush again with butter and bake ten additional minutes. Yield: 6 servings.

Turkey-Stuffing Pie

- 2 cups cut-up cooked turkey
- 2 cups baked bread stuffing
- 2 cups cooked peas and carrots
- 1 cup gravy
- 6 Brown 'n Serve rolls

Put half of the turkey in the bottom of a (1 1/2 quart) casserole, top with half of the stuffing, half of the vegetables and half of the gravy. Repeat layers with remaining ingredients. Bake in a moderate oven (350 degrees F.) for thirty minutes. Split rolls in half and place on top of casserole, cut side down. Increase temperature to 400 degrees F, and bake ten minutes longer, or until rolls are brown. Yield: 6 servings.

A Mighty Lucky Horse Gets Little Girl For Christmas

By CARL LUNDQUIST

NEW YORK — UP—Somewhere in this land there is a mighty lucky horse.

By Christmas this horse will have a proud new owner, 12-year-old Karen Ann McGuire, Valhalla, N. Y. and the only danger is that she may kill him with kindness.

Karen Ann is the hazel-eyed little charmer who so captivated the officials of the Hanover bank with a \$24.03 bid for the 3-year-old champion Nashua that they decided to chip in and buy her a horse, even though she fell exactly \$1,231.175.97 short of matching the winning bid.

Bankers Touched
Bankers are supposed to be cold and un sentimental folks but Karen Ann melted them with her "heart warming" letter.

"We were all so touched when we read it that we felt we just had to get her a horse," said R. E. McNeill Jr., the president of the bank, which had acted as executors of the estate of William Woodward, Nashua's owner who was accidentally shot and killed by his wife.

In her letter Karen Ann said she didn't necessarily have to receive Nashua.

Promises Good Home
"I read in the paper that you are going to sell Nashua and his friends," she wrote. "If you have a horse that no one will buy, I would like to. You can send him or her out to the following address: 22 Rutledge Road, Valhalla, N. Y. The horse will have a good home, 1-2 acres of woods and fields and loving care. I would like a

horse that would grow old with me by the time you open the bids. I will have earned some more money and I can pay a little higher."

In order to attend the presentation ceremonies at the bank Tuesday, Karen Ann had to be excused from her classes at St. Thomas parochial school in Pleasantville, N. Y.

Ochiltree Gets Two More Wells

PERRYTON — (Special) — Two more locations have been staked in Ochiltree county this week while 16 more wells are in process of drilling and testing.

The Union Oil Co. has staked the No. 1 W. E. McMillen, located 660 feet from the west and south lines of Sec. 40, Blk. 13, south of Farnsworth. This is a northeast offset to the Union No. 1 Russell well which has been completed as a 200-barrel oiler.

The Sun Oil Co. has staked the

14 No. 1 Roscoe C. Elliott, located 1980 feet from the south and west lines of Sec. 13, Blk. 12 H&N survey, southeast of Lord Switch. Dry Northers Slow Farm Activity Throughout State

AUSTIN — UP — Recurring dry northers sapped moisture and slowed farm activity over virtually all of Texas last week, the U.S. Department of Agriculture said Wednesday.

In its weekly crop and weather bulletin, the USDA said small grains in all parts of Texas need moisture.

Dryland wheat in the northwest was suffering from lack of moisture but was holding on "surprisingly well."

Early December rains germinated considerable oats acreage over the eastern third of the state, but strong, drying winds have sapped the moisture. Seeding plants did not get well established and rain is "urgently needed" to save those late stands over most of the area, the USDA said.

On the High Plains, cotton was out except for scattered fields. Mechanically harvested cotton fields were reported "very susceptible to wind erosion" and strong winds were kicking up some dust, the USDA said.

Shortage of range grass forced

an increase in supplemental feeding over most of Texas. Stocker yearlings and calves were being taken from eaten-out stubble and wheat fields in the northwestern counties. Over the eastern third of the state, oats, clover and winter grass needed moisture. Cold weather extending into the Lower Valley slowed the movement of commercial vegetables. Scattered frosts touched the Lower Valley, where the few remaining tender vegetables were located, but "not extensive damage occurred since harvest of these vegetables was nearly completed."

Meantime, growers prepared for mainly cantaloupes and tomatoes in the Lower Valley and early watermelons in other South Texas areas.

Harvest of "good quality" citrus was active, the USDA said.

Boys Planned To Attend Auburn; Now They Can't

BIRMINGHAM, Ala. — UP — Southeastern Conference Commissioner Bernie Moore has fined Auburn the maximum \$2,000 for offering football playing twins \$500 apiece to join the Plainsmen.

Auburn President Dr. Ralph B. Draughton apologized, but charged that another institution—he could not name—had meant Alabama—had previously approached the boys with an illegal offer.

“The other institution” should also be fined, he said. Alabama President Dr. O. C. Carmichael said last night he had “no comment.”

The twins, Harry and Robert Beauge, 17, of Gadsden, Ala., reported Auburn Assistant Coach Hal Herring offered them the money on Nov. 28. They gave it to their father, the Rev. A. Z. Beauge, who returned it to Auburn.

Beauge said, “My boys wanted to go to Auburn all along but now they can't.”

Can't Play at Auburn
Moore ruled that the twins, both married, could play football at any SEC school except Auburn.

Both boys weigh 170 pounds and stand about six feet tall. Harry is a halfback and Robert is a fullback.

Draughton said his school “offered legal grant-in-aid scholarships to these athletes which they accepted orally prior to the deadline for signing contracts.”

“Persons acting in the interests of another institution then intervened, leading the boys to believe they would be given furnished apartments in excess of legal grant-in-aid,” he said.

This situation caused Herring, “unwisely” and in the “heat of competition,” to offer the twins money, Draughton said.

However, Draughton said to penalize only Auburn “constitutes something less than equal justice.”

“The facts are,” he said, “a tug of war existed with reference to these athletes. To penalize one and not the other can only result in sharpening the rivalry and increasing bitterness that now marks these practices.”

Draughton did not mention Alabama by name, but there are only two colleges in Alabama that compete on a large scale basis for high school athletes. Auburn, which will meet Vanderbilt in the Gator Bowl Dec. 31, has become a major football power in recent years.

Herring, a star center for Auburn in 1948, was not penalized.

Dons Meet Loyola For A Purpose

NEW ORLEANS — UP — Coach Phil Woolpert, whose top-rated San Francisco Dons meet Loyola here Friday night, said Thursday that one of his reasons for scheduling a basketball game in New Orleans was to show that “whites and Negroes can play together” in the segregation-conscious South.

Woolpert said he would ignore the controversy that developed over the actions of Shelle McMillon, Negro Bradley forward who was booed Tuesday night in a game here against Loyola.

He said he had been assured by Loyola officials that the booing of McMillon for sticking out his tongue at the crowd when he fouled out was not a “racial incident,” but could have happened to any player, regardless of race.

Five Negroes With Dons
There are five Negro players on the San Francisco team which arrived here Wednesday night, including All-American Bill Russell. Three, including Russell, are in the starting lineup.

When the team arrived here, the Negro players were housed at Xavier University, a Roman Catholic school for Negroes, because of a Louisiana law prohibiting Negroes and whites from staying in the same hotel. The rest of the team checked in at a downtown hotel.

Woolpert said he knew when the game was scheduled with Loyola that he would have Negro players on the team. Loyola, a Roman Catholic school, has pioneered in integration of athletic events. Seating also is on a non-segregated basis.

Woolpert said that he felt McMillon was to blame for stirring up the controversy by sticking out his tongue at the fans and angrily waving off other players who attempted to pat him on the back when he left the game.

Only Self to Blame
“He has only himself to blame for it,” said the coach. “I don't think my boys will act like that.”

In Miami, Coach Bob Van Atta of Bradley deflected McMillon's actions and indicated that his team would not play another game in New Orleans if he had Negro players. Van Atta said McMillon played the game, which Bradley lost, “under a terrific handicap.”

Two things that make for SAFER driving!

The first and most important thing is you — the driver. As the highway safety organizations and law enforcement agencies point out, the courtesy, care, and common sense you show count more than anything else. You can drive any car safely — or foolishly.

The second thing is the car itself. All cars are safer today. That's shown by the number of accidents in relation to the number of miles passenger cars are driven. The figure's been going down steadily and sharply.

Chevrolet engineers and designers have always made your safety a major consideration, introducing many such features as the all-steel top, safety plate glass all around, and windshield-wide defrosters into the low-price field. And this '56 Chevrolet is the safest one ever built.

Its lively new power means safer passing. Its special Ball-Race steering—the oversize brakes with Anti-Dive control—the Unisteel construction and safety door latches of its Fisher Body—the nailed-to-the-road stability that comes from outrigger rear springs, an advanced suspension system and better balance—the sweeping panoramic windshield — all these things add to your safety.

Seat belts with or without shoulder harness? Instrument panel padding? Of course, they're available at extra cost on your new Chevrolet. But the best protection of all is to keep out of accidents in the first place. And that depends mostly on you and the built-in safety of your car.

As your Chevrolet dealer, we'll be glad to show you the many safety features of the '56 Chevrolet.

Ole' Miss Fears TCU's Swink; TCU Fears Mississippi's Speed

Editor's Note: This is another of a series on the teams in the bowl games.

By ED FITE
FORT WORTH —UP— Mississippi may not have anyone to match Texas Christian's break-away All-American-back Jimmy Swink, but Coach Abe Martin cinges at the thought of the overall speed of Ole Miss.

The usually calm coach of the Southwest Conference champions, who will meet Mississippi in the Cotton Bowl at Dallas Jan. 2, won't bait his own hefty and experienced crew, but he is impressed with what he has learned about Johnny Vaughn's rebels via game movies.

He discussed their use of the flanker in motion, the last-ditch lateral of Rebel quarterback Eagle Day after Day has gotten past the end, the passing of Day and John Blalack and the receiving of halfbacks Billy Kinard and Earl Blair.

A Quick Line
But he admitted that it was Mississippi's team speed that scared him most — especially the line "that hits quick and charges hard."

Martin pointed out that the only game TCU lost was to Texas A&M, a team which also stressed quick getaway plays.

The big and mobile Horned Frogs lost that game because they played too conservatively and did not attempt to open up until the cause was lost.

Quarterback Charles Curtis, a hesitant signal caller early in the season has since become more daring and the Frogs moved into their eighth bowl game with a wide variety of offensive fireworks.

The Frogs capitalize most on Swink's long gains through or off tackle after a fullback fake but Curtis contributed passes that netted eight touchdowns to go along with the 20 that Swink put on the scoreboard with his running.

Curtis also learned to use Swink as a decoy and to send fullbacks Vernon Hallbeck or Harold Pollard up the middle and halfbacks Ray

Taylor and Ken Wineburg, the latter a reserve, scooting off at a tangent from the well-defended Swink.

Doesn't Endanger Knees
Curtis, a 190-pound husky who likes to carry the ball himself, doesn't do much of it because he is operating under orders not to endanger a year-old knee injury.

Martin's study of Mississippi's game movies revealed the two clubs use a similar attack — a T-formation combining many variations of that offense.

The TCU line anchored around Hugh Pitts, a second team All-America center, and flanked by two fine receivers in O'Day Williams and Bryan Ingram, is hefty and more experienced than Mississippi's but it may not be as fast.

Mississippi's only bowl victory in four starts came against TCU in the 1948 Delta Bowl. That started TCU on a string of four straight bowl setbacks after winning its first three.

Alan Ameche
Rookie Of Year

NEW YORK — UP — Alan Ameche, former Wisconsin All-America fullback who some coaches and scouts rated "too slow" for National Football League play, Tuesday was named the pro circuit's rookie of the year in the annual United Press poll.

Ameche galloped 79 yards for a touchdown the first time he carried the ball in a regular season NFL game for the Baltimore Colts. He went on to become the first rookie to win the league's ball-carrying title since 1943, gaining 961 yards on 213 tries.

The 21-year-old Ameche received 17 votes from the 30 sportswriters who covered the 1955 NFL campaign. Second was George Shaw, a first-year pro from Oregon, who received 5 votes.

Ron Waller, rookie halfback from Maryland who starred for the Los Angeles Rams, was next with 4 votes, while two votes went to Rick Casares, Chicago Bears halfback from Florida.

Statistics Tell Owls' Success In Basketball This Year

Frisco Dons Are Still Tops But They Face New Foe Now

By UNITED PRESS

San Francisco's record-bound Dons gained a tie Wednesday for the fifth longest winning streak in college basketball history as they posted their 32nd straight win—but suddenly found themselves facing a new challenger for the national crown in Dayton's Flyers.

The Dons, sweeping along on their national tour, notched win No. 32 Tuesday night with a second-half spurge that beat Wichita 75-65.

But Dayton, ranked fourth nationally, was far more impressive in scoring a 77-73 victory over second-ranked Utah at Lexington, Ky., in the opening round of the University of Kentucky Invitational tournament. The Flyers qualified to meet host Kentucky, a 72-66 winner over Minnesota, in Wednesday night's finals.

Unranked Wichita gave San Francisco fits in the first half by jamming the middle and forcing the Dons to shoot from outside. The strategy also helped hold All-America Bill Russell, the Dons' giant center, to only eight rebounds for the game.

Matches Two Teams
The Dons' string of 32 is matched in major-college history by the 1933-34 South Carolina and the 1954-55 Kentucky teams. It's exceeded only four other streaks—39 each by Long Island University (1935-36) and Seton Hall (1940-41), 37 by Texas (1913-17), and 35 by Arkansas (1927-29). San Francisco will shoot for its 33rd straight on Friday at New Orleans against Loyola of the South.

Dayton was led to its brilliant

DALLAS —UP— Anyone looking for an explanation as to the unbeaten success of the Rice Owls basketball team can find at least a partial answer in the rebounding and field goal statistics compiled by the Southwest Conference office.

The Owls are controlling the backboards by a wide margin with an average of 61.3 rebounds per game to only 42.3 for their opponents and are hitting the hoop from the floor 41.1 per cent of the time.

Coach Don Suman's outfit ranks at the bottom of the list, however, from the free throw line and such a deficiency might prove costly when and if the Owls ever get wrapped up in a close ball game.

They are the poorest shots in the loop, hitting only 54.7 per cent of their gratis shots as compared to 63.6 for Arkansas, 64.3 for Texas Christian, 67.5 for Baylor, 68.1 for Texas A&M, 71.6 for Southern Methodist and 74.1 for Texas.

SMU rates next to Rice in field goal accuracy with a 40.3 per cent average, followed by Texas at 39.6, Texas A&M at 37.9, TCU at 32.3, Baylor at 30.1 and Arkansas at 29.0.

Rice is the top scoring outfit by a shade over SMU with a 77.3 per cent average per game to 77.3 for SMU, but the Owls' defensive record of 50.8 is some 13 points per game better than runnerup Baylor.

Among the individuals, Texas' Raymond Downs leads in total points (189), average per game (18.9) and scored the most free throws (85).

Downs has taken the most free throws (108) and scored the most free throws (85).

Vying for attention with tournament games on Wednesday night's program were games at Raleigh, N.C., matching North Carolina State, the nation's No. 3 team, and

fifth-ranked Brigham Young, and at Milwaukee, between 10th-ranked Marquette and 18th-ranked Louisville.

Russia Is Out To Get U. S. In The Winter Olympics

NEW YORK —UP— The chairman of the United States Olympic basketball committee Tuesday called on college coaches and players for "co-operation" in lining up a team for the 1956 games in Australia.

Warning that "Russia is out to get us in the Olympics," Col. Harry D. Henshel pointed out "this is a challenge to our colleges to co-operate in helping us field the strongest possible team" for the basketball competition at Melbourne next year.

The U.S. court team will consist of players from the Armed Forces and the AAU and college ranks, but Henshel admits his committee might have trouble lining up college players for two major reasons. They are:

1. The temptation of graduating 1956 stars to accept professional offers and thus become ineligible for the Olympics.

2. The reluctance of the colleges to give undergraduates the necessary academic concessions and time off for the games.

However, in the case of such undergraduates chosen for the Olympic squad they will be away from their classrooms from mid-October until the first week of December, right in the heart of the fall semester.

Also, Henshel agreed, some coaches may be unwilling to have their star players miss pre-season practice with their own college teams while they go to Australia.

Forty-Niners Hunt Coach Again For Third Year In Row

SAN FRANCISCO —UP— The San Francisco Forty-Niners started looking for their third coach in three years Tuesday after President Tony Morabito fired Norman (Red) Strader.

Blaming "incompatibility" between Strader and the players for the ousting of the coach, Morabito said he would attempt to find a man who could bring the squad up to its potential capabilities.

"The players played under Strader, not for him," said Morabito. "I do not want to place all the blame on Strader," said Morabito.

"He is a fine gentleman and everything he did, I'm sure, was what he thought was for the best of the squad. But it just didn't work out."

Strader revealed that he had a three-year contract, with two years to go, and, "Morabito told me he would honor the contract."

DUCK SHOOTING JUST TOO GOOD

OREGON, Mo.—UP—Three duck hunters had reason Wednesday to regret their phenomenally good luck as marksmen.
George J. Shaw, and William J. Etter, both of Kansas City, and L. A. Smith, Houston, Tex., were sitting in a blind when a flight of ducks wheeled in. The three men let go with a total of eight blasts and when a rain of ducks ended they counted 37 birds. So did a nearby game warden.
Each man was fined \$5 and costs, or a total of \$17, for exceeding the daily limit of four ducks.
