# Nasty But Nice, State Welcomes Moisture

## Two-Inch Snowfall Covers Wide Area Across Texas

By United Press  
A frigid blast of winter crippled much of upper Texas Wednesday, snarling traffic, closing numerous schools and isolating at least three small communities. But the snow and ice was worth millions to farmers and ranchers.

The mercury plunged to 3 degrees above zero at Amarillo early Wednesday for the coldest weather of the winter. Snow up to two inches covered the ground over an estimated 50,000 square miles in the upper half of the state. Ice and snow extended from Amarillo to East Texas and from the Red River deep into Central Texas. Traffic was brought to a near standstill and numerous minor accidents were reported.

**Towns Isolated**  
The small communities of Desdemona and Gordon in Northwest Texas and Marble Falls in Central Texas were isolated from outside communication.

Many rural schools through North Central Texas were closed because roads were too icy to travel. The moisture was worth untold millions of dollars to farmers and ranchers. Dr. R. M. Smith, superintendent of the Blackland Experiment station at Temple said it has "saved much of the small grain crop that was dying."

U.S. highway 77 between Gainesville and the Red River was ordered closed by the highway patrol after it became too hazardous for traffic.

Up to two inches of snow covered the ground at Abilene, Wichita Falls, Dallas, Fort Worth, Gainesville and Sweetwater. Rains measuring more than two inches at some areas fell through Central Texas and from Austin southeastward to Lufkin.

The precipitation was the first over much of the area since early December. In many areas it brought the average to near normal for mid-January.

Some damage to trees and communications lines throughout North Central Texas was reported. But Southwestern Bell Telephone in Dallas said "winter-proofing" of its lines had prevented any towns in its system from being isolated.

Dalhart had a low of 5 above zero early Wednesday and 10-degree or below readings were common over the Panhandle and parts of the South Plains.

Colder weather was expected over North Central Texas Wednesday night and the mercury was expected to plunge to 15 degrees in the Dallas-Fort Worth area.

**Poll Tax Sales Now At 1,711**  
Current poll tax receipts in County Tax Collector-Assessor Jack Back's office show that a total of 1,711 persons have paid their tax so far and 621 exemptions have been claimed.

The deadline for paying poll tax is Jan. 31.

The total amount of poll tax receipts paid last in 1955 was 4,845 with 948 claiming exemptions.

Several groups and individuals have been "pushing" the sale of poll tax. Back said. Applications have been taken from the office for the purpose of encouraging members of groups and individuals to pay the tax. Wayne Frizzell, of Pampa High School, a member of the Pampa Classroom Teacher's Association, took tax blanks to the school to make it easier for the teachers to pay their tax. Several similar projects are being sponsored.

## Chuckle Corner

BY HAL COCHRAN

An old Kentucky law prohibits keeping cots in inements. It doesn't, however, prevent someone from being bossy.

Plenty of time is saved by folks who take just a little longer and do things right in the first place.

A Michigan doctor says that cheerful surroundings are half the cure of mental illnesses. We suggest that you see the same old things around the house.

Hard work usually gains promotion, unless the boss happens to have a lot of relatives.

Trouble doesn't reign nearly as much when you have saved something for a rainy day.

## Scramble Begins For Ford Stock

By ROBERT G. SHORTAL  
NEW YORK — UP — The mad scramble for Ford Motor Co. stock began in earnest Wednesday. Brokers girded for the worst as housewives and laborers who never owned stock before joined seasoned investors in the rush to buy a chunk of the \$2.4 billion motor empire.

The 10.2 million shares of Ford stock officially went on sale Wednesday morning. All Spoken For  
But all the stock is spoken for, which means hopeful investors must entice the lucky holders of Ford stock to sell.

The avalanche of orders actually started Tuesday when the Securities & Exchange Commission gave a giant syndicate of 72 investment banking firms authority to sell the stock at \$64.50 a share.

Within a few minutes after the SEC action, brokers in Canada and the United States said they were swamped with calls from investors who missed out on the original sale but who were willing to pay as much as \$69 or more for the stock.

Thus Ford's first stockholders had a profit of more than \$4 a share even before they owned any stock.

**Couldn't Supply Demand**  
The underwriting syndicate said it expects the 10.2 million shares, which it is selling for the account of the Ford Foundation, will be sold out quickly. All the shares have been allotted to stockholders who got their calls in early.

Demand for the stock has been far greater since the foundation first announced plans to sell part of its Ford Motor Co. holdings in November.

But with demand so far in excess of the supply, many persons had to be turned away by barred brokers. Investors asking for 50 and 100 shares had to settle for five or 10 shares. They will try to buy more in the "over-the-counter" market. The average sale is estimated at around 20 shares.

**3 Planes In Weird Accident**  
Three passenger-loaded airliners flirited with disaster Tuesday. Two persons were killed but 51 others escape death.

In the weirdest of the near-tragedies a Boston-to-New York airliner wandered through a snowstorm with its radio and all instruments knocked out by an electric failure.

The pilot, training a flashlight on a magnetic compass, finally found his way to LaGuardia Field Tuesday and made a safe landing. The 21 passengers and three crew members aboard the Northeast Airlines plane were unhurt.

Two persons were killed and a co-pilot was reported missing when a DC-3 airliner with 18 persons aboard crashed in a snowbank in Canada's rugged northern ore country.

But a disaster was averted near Green Bay, Wis., when a pilot belly-flopped his dead-engine DC-3 onto a frozen field. His expert piloting was credited with possibly saving the lives of 12 persons.

In another air mishap, two jet trainers collided in the air near Troy, Ohio, Tuesday night. One of the pilots was killed but the other parachuted safely.

In New York, pilot Robert Francis credited his plane's narrow escape to "the grace of God."

The airliner's electric system failed six or seven minutes after he took off from Boston, on what should have been a 54-minute flight to New York. The snow was so heavy he couldn't locate the Boston field to make a landing.

So, for three hours and a half, the darkened plane "ground-hopped" while Francis and his crew tried to pick up landmarks. He had to swing over the Atlantic Ocean to avoid a possible collision, but made a perfect landing once he sighted LaGuardia.

There was no such clear-cut escape for those aboard a twin-engine Quebecair airliner which crashed during a snowstorm midway between the Knob Lake ore mining area and Seven Islands on the St. Lawrence River.

The bodies of the pilot and a passenger were found in the wreckage, the co-pilot was missing, and the stewardess was critically injured.

The third air emergency occurred when the fuel pump failed in a Chicago-to-Green Bay North Central Airlines plane.

Extra good fire 2x — 2x — 1x only \$8.95 per 100 ft. White House Lumber Co.

## GOP, Dems Split Over Farm Policy

WASHINGTON — UP — Republicans and Democrats split sharply Wednesday over how to strip the financially-squeezed farmer. Democrats called the administration farm bill partisan, inadequate and unworkable. The blast came as the Senate Agriculture committee continued hearings on farm legislation.

Sen. George D. Aiken (R-Vt.) and five of the six other Republicans on the Agriculture committee introduced the administration bill Tuesday. Its main feature is a voluntary "soil bank" plan under which farmers would be paid to take acreage out of production.

Some Democrats have favored a mandatory "soil bank."

Committee Chairman Allen J. Ellender (D-La.) renewed his call for the writing of a "bipartisan, non-political" farm bill.

Other action in Congress: The Senate investigating subcommittee opened hearings to find out if Communists have been tapping the federal treasury. Investigators believe Communists have received federal funds through ownership of veterans' training schools.

**FOREIGN AID**  
Some Democratic senators said they see grounds for a possible compromise on the administration's long-range foreign aid plan. The compromise: Congress would state a policy favoring long-term foreign aid projects but keep annual appropriations and authorizations on an annual basis.

**GAS**  
Opponents of a bill to lift federal regulation of natural gas producers took the offensive in the Senate. Supporters of the bill completed their first round of speeches in the party-splitting debate.

**GI BILL**  
Sen. Richard L. Neuberger (D-Ore.) called for revival of the GI bill of rights for all men and women now serving in the armed forces. Benefits under the old bill were cut off for men and women entering the service after Jan. 31, 1955.

**State Police Sgt. Ernest C. Hill said firemen who crept through sheets of blazing oil to reach the tanker's severed stern found dismembered arms and legs of other victims.**

But three men with heat-seared faces crawled feebly from the hatches of the Citrus Service tanker which had been engulfed by flames that authorities at first feared no one could survive.

**Barges Also Exploded**  
Sheriff A. H. Reid Jr. said only 26 of 49 crewmen of the tanker Salem Maritime had been accounted for and an inspector also was missing but expressed hope that others would be found alive.

The tanker exploded just after it had taken on a cargo late Tuesday night with a blast that shattered windows in Lake Charles. Flames spread to three barges tied up forward of the tanker and they also exploded.

The tanker broke in segments under the searing heat after it was towed into the Calcasieu River harbor away from the sprawling refinery.

Flaming gas on River  
The explosion hurled flaming gas over a wide expanse of the river.  
If it comes from a Hardware Store, we have it Lewis Hardware.

## Three Senators Want To Talk To Probers

AUSTIN — UP — Three state senators Wednesday asked to be heard by the Senate General Investigating committee to explain their relationship with A. E. Shoemaker, head of the collapsed U.S. Trust & Guaranty Co.

They were Sens. J. P. Fuller of Port Arthur, Warren McDonald of Tyler, and Kilmer Corbin of Lubbock. All three declined to say anything, except that they were appearing voluntarily.

Committee Chairman William S. Fry said that the committee would resume its hearing with testimony by Insurance Commission Chairman J. Byron Saunders, and expressed belief the committee would reach the three senators prior to noon recess.

Fuller and Corbin have said they received payments from U.S. Trust & Guaranty or affiliated firms. McDonald was named in a state auditor's report as having received \$350 in connection with sale of land handled by his law firm.

Saunders was the only witness called yesterday by the five-member committee, which is investigating the collapse of the U.S. Trust & Guaranty Co. in particular and the insurance scandals in general. He testified from start to finish.

Mainly, he defended the insurance commission in its handling of U.S. Trust, predicted investors in the company will get back "70 to 85 cents on the dollar," and denied that the company ever has been proven insolvent.

**Alfred May Testify**  
One of the chief critics of Saunders and the insurance commission (See SENATORS, Page 3)

vatt, and said one of two other hoodlums with him did it.

The other two, Raymond Carroll Price, 24, and James Edward Skinner, 22, were convicted participants in the holdup. They are serving life terms in McAlester state prison. Price, after he was sentenced, confessed he killed Cravat.

But an appeals court thought this "a dodge" to save Fairris and said there was not enough evidence to remove from him the blame. It rejected his appeal. Gov. Raymond Gary also rejected 11th hour plea for clemency.

The young hoodlum's father, Hurbie Franklin Fairris Sr., 48, made a weeping personal but unavailing plea for his son's life before Gary Tuesday in Oklahoma City. He posted bond and got out of the Paris, Tex., jail, where he's charged with burglary, to do it.

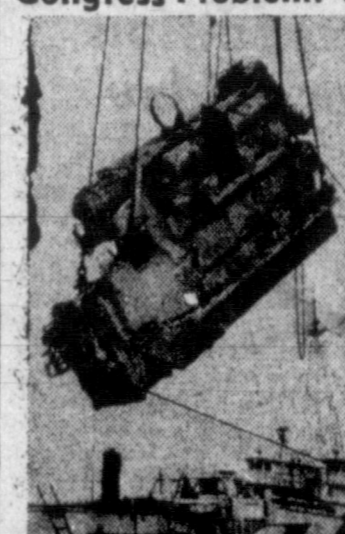

The mother's plea came from the Texas prison for women at Huntsville. She's serving time there for killing her third husband — she also killed one of the other two. But Gary said he "must protect society" and could not "undo" the laws.

"The blame must be placed squarely on the shoulders of the parents," Gary said. "This young man has had a very hard time, and we feel sorry for him." If there is a compensation, he added, it is that other parents might profit and "do better" by their children.

Mrs. Margie Ziegen, 38, of Houston, the mother, laid her son's undoing on her brother, Raymond Hamilton, Hamilton, one of the most infamous badmen the Southwest ever has known, was executed by Texas in 1935.

Fairris, who chain-smoked all day and professed the Catholic faith shortly before he was to die,

### Congress Problem: 4

**FOREIGN AID** — Congressional majority seems to favor reducing foreign economic aid. Military aid might be increased. Republican party split seen here.

## Texas Crops Boosted By Heavy Snows

AUSTIN — UP — Heavy snow, sleet, ice and rain Wednesday ended the second consecutive week without a trace of precipitation in Texas.

The welcome moisture arrived as the U.S. Department of Agriculture reported dryland small grain prospects were fading in virtually all important areas. Available moisture was approaching exhaustion.

However, irrigated wheat remained in "fair to good" condition, the USDA said in its weekly crop and weather bulletin. The report did not take into account weather conditions since 6 p.m. Monday.

Hardy type vegetables escaped frost damage in the valley late last week, but some leaf burn was reported on advanced lettuce. However, no total loss of acreage was expected, the USDA said.

"Tomato plants that are up are very small and damage, if any, is expected to be small," the report said of last week's cold snap.

Any necessary replanting of cantaloupes and watermelons would not cause a serious delay in the usual marketing period.

Dryland onions were reported in good condition, but moisture for planting spring-crop vegetables was rated "woefully inadequate" prior to Wednesday.

Wide-spread supplemental feeding of livestock continued over all of Texas. Most dry range and pasture grass was gone. Hay and bundle feed reserves were being used up at a rapid rate, the USDA said.

## Shamrock Picks New Principal

SHAMROCK — (Special) — Boyd Williams was elected new high school principal in a meeting of the school board of education yesterday afternoon.

Williams comes from Panhandle where he was a member of the faculty for six years, three of which were spent as high school coach. He is a graduate of Wellington High School and obtained the B.S. and M.E. degree from West Texas State College. Williams is married and has three children.

# Cop-Killer Herbie Fairris Dies In Electric Chair

By JACK STAMPER  
United Press Correspondent  
McALESTER, Okla. — UP — Cop-killer Herbie Franklin Fairris Jr., of Dallas, claiming innocence but flippant to the end, was executed in the Oklahoma electric chair early Wednesday and his eyes, which he willed "to anybody who needs them," were taken out.

These will be flown to an unnamed man in New York.

Fairris, 22, was convicted of killing detective Bennie Cravat in an Oklahoma City supermarket hold-up almost two years ago, on July 16, 1954. He denied he killed Cravat.

vatt, and said one of two other hoodlums with him did it.

The other two, Raymond Carroll Price, 24, and James Edward Skinner, 22, were convicted participants in the holdup. They are serving life terms in McAlester state prison. Price, after he was sentenced, confessed he killed Cravat.

But an appeals court thought this "a dodge" to save Fairris and said there was not enough evidence to remove from him the blame. It rejected his appeal. Gov. Raymond Gary also rejected 11th hour plea for clemency.

The young hoodlum's father, Hurbie Franklin Fairris Sr., 48, made a weeping personal but unavailing plea for his son's life before Gary Tuesday in Oklahoma City. He posted bond and got out of the Paris, Tex., jail, where he's charged with burglary, to do it.

The mother's plea came from the Texas prison for women at Huntsville. She's serving time there for killing her third husband — she also killed one of the other two. But Gary said he "must protect society" and could not "undo" the laws.

"The blame must be placed squarely on the shoulders of the parents," Gary said. "This young man has had a very hard time, and we feel sorry for him." If there is a compensation, he added, it is that other parents might profit and "do better" by their children.

Mrs. Margie Ziegen, 38, of Houston, the mother, laid her son's undoing on her brother, Raymond Hamilton, Hamilton, one of the most infamous badmen the Southwest ever has known, was executed by Texas in 1935.

Fairris, who chain-smoked all day and professed the Catholic faith shortly before he was to die,

was pale but calm as he walked from death's row to the execution chamber and seated himself, unassisted, in the electric chair.

"It's okay, Big Boy," he said. "Big Boy" is the nickname for executioner M. E. Elliott, who fumbled as he placed a hood over Fairris' shaved head. Fairris had declined the customary "last meal."

"Big Boy" buckled him in and threw the switch. Fairris lurched against the bonds and his fists clinched into tight balls. At 12:08 a.m., "Big Boy" shut off the power. Fairris was dead.

Plenty of time is saved by folks who take just a little longer and do things right in the first place.

A Michigan doctor says that cheerful surroundings are half the cure of mental illnesses. We suggest that you see the same old things around the house.

Hard work usually gains promotion, unless the boss happens to have a lot of relatives.

Trouble doesn't reign nearly as much when you have saved something for a rainy day.

**COVER-UP SCENE**—Bare-bosomed dancers appear for the first time in an American film—one version of it, that is. Two versions of "The Ambassador's Daughter" were filmed in Paris, France. This cabaret scene appears in both, but in one the girls are wearing "complete" costumes, as above. Censors will take their pick between the two versions. In center, above, are the Kesler twins, well-known German dancers.

## Actor Starts Year In Shadow Of Jimmy Dean's Tragic Death

By ALINE MOSBY

HOLLYWOOD — UP — Paul Newman starts the new year destined to be a top star of 1956 — but he is haunted by the shadow of Jimmy Dean's tragic death.

Like Dean and Marlon Brando, Newman is a talented "realistic" performer from the Actors' Studio in New York.

After Dean was killed in an auto crash last summer, Newman was pegged to take over his friend's role in an NBC television drama, "The Battler." This week Paul begins the Rocky Graziano role in "Somebody Up There Likes Me" at MGM, a film expected to push him over the top. That part, too, was slated for Dean.

Newman then plans to star in "Billy the Kid", a role he was praised for on television — but another Dean wanted to do. Newman, like Dean, was placed under contract at Warner Studio where the whisper is the new actor "will inherit Dean's role."

But Newman is unhappy at being compared to Dean or Brando, and at having his career breaks linked to Dean's death.

"A person as an actor must have his own identity," he said at MGM where he's learning how to box for the Graziano picture. "I don't want to be compared to anybody. The only thing it does is destroy."

"I am so much different than Brando or Dean," he added, hitting his fist on a table. "There is no comparison."

Newman actually has a slight resemblance to Brando, and wore a "T-shirt" to our interview, but here the comparison ends. Unlike most new stars from the Actors' Studio, he's not a "character."

He is an affable 30-year-old who's been married for six years, has three children, does not play the bongo drums and doesn't think Hollywood is a horrible place.

The rugged-looking, handsome Newman ran a sporting goods store in his home town of Cleveland but "gave up this very comfortable living" to attend the Yale Drama School. After graduation he worked in New York only six months before landing top roles in "Picnic" and "The Desperate Hours" on Broadway.

## Scout Ski Expedition Set Friday

The second annual skiing expedition of the Santa Fe District Explorer Scouts will be made to the ski runs near Vadito, N.M., this next Friday through Monday.

Larry Cox of Post 80 is acting as chairman for this year's activities. Other members of the committee are Elmer Radcliff, advisor of 80, and Milo Carlson, advisor of Crew 22. Adult leaders attending will be: T. J. Hill, chairman of Post 80, and Denver Allen, district camping and activities chairman.

Explorers will board buses at the City Hall at 10 a.m. next Friday. On the return trip buses will arrive around midnight Monday or early Tuesday morning. Scouts will sleep in a well heated lodge near the ski run.

About 15 Scouters met with the Santa Fe District Round table session last night for final instructions and details of the trip.

Those registered in the expedition today are: John Walker of Shamrock, Troop 76; Don Tyson, Higgins, Troop 28; Bill Gant, Meredith Meaker, Jerry Carlson, James Killian, and Luther Norman — all of Troop 22; Henry Atchison, Robert Sidwell, and Richard Newberry of Post 14; Larry Cox and Jim Radcliff of Post 80; Carroll Husted and Glenn Husted of Post 22; and Earl Morris of Troop 26.

Actress Daughter Leaves Hubby  
HOLLYWOOD — UP — Carol Lee Ladd, daughter of film actor Alan Ladd, has separated from her husband, actor Richard Anderson, it was disclosed Monday.

Americans eat an average of 14 pounds of hamburger and other ground beef a year.

## Shamrock Sets St. Patrick's Day Plans

SHAMROCK — (Special) — St. Patrick's Day in 1956 will be better than ever according to Eli Smith, general chairman. Plans for the day got underway last week when Smith named members of his steering committee and members and chairmen of the various committees connected with staging the festival.

Serving on the committee with Smith will be: Shirley Draper, Harry Eys, Harold Teegstrom, Jack Gibson, Fred Thompson and Lonnie Burks.

Mrs. Jack Stroup was re-appointed to the important post of treasurer and Harry Frye will head the finance committee. Committee chairmen are: Bob Roach, Sr., concessions; Kenneth Laycock, school bands; Shirley Draper, floats; Wallace Fields, parade marshal; Sam Pagan, publicity and advertising; Mrs. Lil Fry, colleen contest; Henderson Coffman, entertainment; Bill Day, master of ceremonies on sound stage; Fred Thompson, construction of sound stage; A. Frye aviation; Mrs. George Bealy feeding of band members; Herbert Callan, street marking.

Mrs. Bedford Harrison, securing float judges; Mrs. Mary Biedsoe, old settlers registration; Lonnie Burks, donegal club; Raymond Zeigler, sound truck; Mayor Bob Douglas, dignitaries.

Following the meeting at the Chamber of Commerce office, Burks, as chief fuzzer of the Donegal Club, stated that Feb. 1 would be the deadline for male residents of Shamrock and vicinity to turn loose their whiskers. Men may lay aside their razors now, if they wish, but the beards must begin in earnest by the first day of February.

Chairman of the float committee, Draper, urges all firms, organizations and individuals wishing to place entries in the parade to contact him as soon as possible. Green hats and green ties will be available to residents to wear to publicize the great day.

These visits was an "on the spot" examination of work done by the various architects interviewed. It is hoped that immediately upon the awarding of contract, representatives of the firm selected will move into Shamrock to work with the superintendent and board in the "pre-planning" stage of preparation for the calling of a bond election for the new building.

During the last two months members of the board have driven approximately 2,000 miles visiting buildings in Guymon, Okla., Foleet, Dumas, Phillips, Canyon, Lovelland, Whiteface, Dilon, Floyd, Lubbock and other towns of the Panhandle. The purpose of

## Insurance Firms' Business Halted

AUSTIN — UP — District Judge Charles O. Betts Tuesday entered temporary injunctions against Dallas Fire & Casualty Co. and U.S. Life Insurance Co. which appealed from Insurance Commission orders barring them from doing further business.

The two companies were barred by the commission on Jan. 5 from doing business, and a temporary restraining order later was issued against Judge Betts.

Hearing is scheduled Thursday on an appeal by Southern Medical and Hospital Services Co., Waco, which was placed in temporary "conservatorship" Jan. 11 by the

Insurance Commission pending election of new management by stockholders.

## His Gratitude Will Be Threefold...

A little boy doesn't know anything about taking care of the future, saving, and financial security. Matter of fact, he doesn't have to. His dad takes care of that.

But when the little boy grows tall... at age 21... he will NEED to know something about saving and making plans. He will suddenly be finishing college, taking a job, getting married, and in every way taking his place in society.

The wise father is doing something NOW to teach the value of the important things in life and to provide for the son's future. And imagine the son's gratitude at 21 when his father hands him the finest of gifts... a State Reserve Life Foundation Plan.

It does many things for the young man. At 21, the insurance will TRIPLE in value, even if he is uninsurable, yet with no increase in premium. And, finest of all, it encourages thrift. Cash values built up will cushion him against financial emergency and perhaps will make a business opportunity or a new home a reality.

Call your State Reserve Life agent for a complete explanation. He is friendly and competent.

**BE PREPARED**

Two Explorer Scouts from Crew 22 (sponsored by the First Baptist Church) are shown above illustrating the Boy Scout motto as they prepare for a three-day annual ski expedition to be held at Tres Ritos, N. M., this week end. Jerry Carlson (left) displays the bottom part of the red longhandles and Merideth Meaker (right) holds up the top part. The woollens should come in handy as the temperature goes to below zero and climbs to around 50 degrees in the daytime. (News photo)

**Weather Fails To Dampen Wheeler Livestock Show**

WHEELER — Shivering spectators at the Wheeler County Junior Livestock Show yesterday commented that the weather gets worse each year and the livestock gets better.

Nearly 150 spectators came out to see the 41 animals exhibited here in the show by 4-H boys and girls and Future Farmers of America.

The judge, Dr. M. E. Callihan, head of the agriculture department at West Texas State College in Canyon, gave the nod for grand champion steer to Frank Walker's 1,020 pound Hereford. The reserve award in the beef division went to Bob Martin on an 860 pound Hereford.

Walker, a member of the Wheeler 4-H Club, took the top honors on an animal from the herd of George and Ed Davis of Shamrock. Martin, a Briscoe 4-H boy, took the second place award with his entry which came from the purebred herd of Ferris Hess at McLean.

There were 26 steers in the show. Wheeler County boys and girls plan to take some of the animals both to the Amarillo Fat Stock Show and the Top of Texas Stock Show at Pampa.

Two Future Farmers of America of the Wheeler chapter took top honors with Poland China barrows. The boys were Larry Hunter, with the heavy division winner, and Dencil Reid with the light hog.

Other winners included: heavyweight steers — 1st, Frank Walker, Wheeler; 2nd and 3rd, George Harris, Kelton; 4th, Bob Martin, Briscoe; 5th, Dean Sims, Wheeler. Mediumweight steers — 1st, Bob Martin, Briscoe; 2nd, William Whitener, Wheeler; 3rd, Don Meadows, Briscoe; 4th, Dean Sims, Wheeler.

Lightweight steers — 1st, Pete Hyatt, Wheeler; 2nd, William Whitener, Wheeler; 3rd, George Harris, Kelton; 4th, Don Meadows, Briscoe; 5th, Dean Sims, Wheeler.

Champion steer — Frank Walker, Wheeler. Reserve champion, Bob Martin, Briscoe. Showmanship award, 1st, Pete Hyatt 2nd, Dean Sims.

Lambs — 1st, Bob Hill, Mobeetie; 2nd and 3rd, Davy Turner, Mobeetie; 4th, Kirby Weatherly, Wheeler; 5th, Bob Hill, Mobeetie.

Swine — Duroc lightweight — 1st, Charles Walser, Mobeetie; 2nd, Tiny Simpson, Mobeetie; 3rd, Bill Caswell, Wheeler.

Duroc heavyweight — 1st, Cecil Pierce, Wheeler; 2nd, Jack Helton, Briscoe; 3rd, Bob Martin, Briscoe.

Poland China, lightweight — 1st, Dencil Reid, Allison; 2nd, Vance Boydston, Allison; 3rd, Bud Waters, Briscoe.

Poland China, heavyweight — 1st and 2nd, Larry Hunter, Wheeler; 3rd, Dwayne Trout, Mobeetie.

Hampshires, heavyweight — 1st, John Abbott, Briscoe; 2nd, Wallace Johnson, Wheeler; 3rd, Dale Brown, Wheeler.

Chester Whites, lightweight — 1st, John Abbott, Briscoe; 2nd and 3rd, Harold Reid, Wheeler.

Chester Whites, heavyweights — 1st, Jackie Johnson, Wheeler; 2nd, Kenneth Childress, Wheeler; 3rd, Dennis Willford, Wheeler.

Other breeds, lightweight — 1st, Jerry Henderson, Wheeler; 2nd, Darrell Moore, Wheeler; 3rd, Jerry Henderson.

Other breeds, heavyweight — 1st, Harold Crossland, Wheeler; 2nd, Darrell Moore, Wheeler; 3rd, Wallace Johnson, Wheeler.

Pen of three barrows — 1st, Harold Reid, Wheeler.

Grand champion heavy barrow — Larry Hunter, Wheeler. Reserve champion heavy barrow, Harold Crossland, Wheeler.

Grand champion light weight barrow — Dencil Reid, Wheeler. Reserve champion, John Abbott.

**City Endorses Anti-Litterbug Campaign**

The "anti-litterbug" campaign of the local Exchange Club, which was endorsed by city commissioners yesterday morning is concerned with urging the citizens of Pampa to cooperate in keeping the streets clean and beautifying the city.

Ott Shewmaker, president, indicated last night during a weekly meeting of the group, that the club has been asked to furnish trash barrels for the "Top of Texas Hereford Breeder's Association show scheduled for Feb. 20-22. A total of 16 barrels are being prepared for the show, with blue and gold stencil lettering which will read: "I refuse to be a litterbug, compliments of Pampa Exchange Club."

The club voted unanimously last night to participate in the March of Dimes project this month, by filling buckets full of dimes on Saturday, Jan. 28. All of the civic clubs in town are supporting this project.

Plans were discussed for the formation of a Garden Club here as part of the entire city project to beautify Pampa. Mrs. V. E. Wagner was appointed chairman of a committee to work out details and arrangements for a public luncheon to be held on Monday, Feb. 6.

Ken McGuire, co-chairman of the "litterbug" campaign, said that over 100 "litter-bags" had been checked out to members for use in automobiles. The bags are being sold as part of the over-all project.

**Williams To Be Installed In Dallas**

Mr. and Mrs. Quentin Williams will attend installation banquet of the Texas Real Estate Association at the Statler Hotel in Dallas Friday night.

Williams is a state director of the association.

Co. T. H. McDonald of Amarillo and Williams will be installed as three-year directors of Region 15 at the banquet.

Committee meetings will be held on Friday and a directors meeting Saturday.

Harold Crossland, Wheeler; 2nd, Darrell Moore, Wheeler; 3rd, Wallace Johnson, Wheeler.

Pen of three barrows — 1st, Harold Reid, Wheeler.

Grand champion heavy barrow — Larry Hunter, Wheeler. Reserve champion heavy barrow, Harold Crossland, Wheeler.

Grand champion light weight barrow — Dencil Reid, Wheeler. Reserve champion, John Abbott.

**Mainly About People**

Mrs. Mary Silgar, professor in the education department of West Texas State College, Canyon, will be in Pampa Thursday to meet with those interested in an extension course in advanced education, to be taken for credit. The meeting will be held at 5 p.m. in the Junior High School library.

Baked Chicken, Dressing, Pie on luncheon & dinner 1:00 Thursday O & Z Dining Room.

Mr. and Mrs. W. J. Tucker of Amarillo announce the birth of a son, Phillip Lee, weighing 7 lb. 3 oz. Monday in Amarillo. Mrs. Tucker is the former Peggy Fletcher of Pampa. Maternal grandparents are Mr. and Mrs. W. L. Fletcher, 520 N. Russell.

Mrs. H. F. McDonald Jr., district director and Mrs. Hattie Holt, president of the Pampa club, were guests of the Herford B&P Club Monday.

Mr. and Mrs. Doyle Lane and

David of Baytown spent the week end with their parents, Mr. and Mrs. W. M. Lane and Mr. and Mrs. Bert Smith, all of Pampa, while enroute to Seattle. Wash. Lane, who has been employed in the engineering department of Humble Oil and Refining Company of Baytown, has accepted a position in the aircraft designing department of Boeing Aircraft Company in Seattle, where he will also complete work on his masters and doctors degrees at the University of Washington.

Civic club guests recently elected in a student council meeting at Pampa High School are Bill Walsh, Junior Exchange; Anita Wedgeworth, Lions Club Sweetheart; Michael Price, Junior Rotarian; Jesse Ring, Junior Kiwanian; and Jerry Hill, Altus Club Career Girl.

**JayCeas Elect New Director**

W. A. "Pat" Patton was elected to replace Joe Gidden as a member of the Board of Directors of the Junior Chamber of Commerce yesterday noon. He will fill the unexpired term which ends in May.

Gidden was recently transferred to Floydada with Southwestern Public Service. He was active in Jaycee work, a member of the Red Cross board, and an active Boy Scout leader.

This week, through Saturday, is being observed by the club as National Jaycee Week; the 26th birthday of the national organization.

Sheriff Rufe Jordan discussed law enforcement and law violators yesterday in a brief talk before the group. He outlined the principal causes of violation and painted a picture of the dope addict as a bad situation.

He is... "addicted to something that takes everything good from him and leaves him a hulk," Jordan said. Three out of 10 addicts come out of hospitals cured, he added.

Closing by asking the support of every citizen in the county in law enforcement, Jordan urged everyone to take down the license number of cars that were under suspicion. Later he showed colored slides of men charged with various acts, assisted by Deputy Sheriff Buck Haggard.

Ronald Waters announced that the Adult Education Banquet would be held on Feb. 9 at 7:30 p.m. in the high school cafeteria at which time Dr. Morris Wallace, dean of education from Texas Tech, would be the principal speaker. Tickets are available at Lovell Memorial Library for \$1.75 each.

**Lions Minstrel Committees Are Named**

Committee Chairman have been announced for the Pampa Lions Club Minstrel, scheduled for the boards here March 1 and 2, according to Henry Gruben, business manager for the extravaganza.

"Bunny Shultz will again act as director general for the show with Gruben heading the steering committee.

Other committees are stage and property. "Bud" Johnson; tickets, Dr. Joe Donaldson; house committee, Dr. Harold Menden; confessions, C. C. Henry and Norman Henry; publicity, E. O. Wedgeworth; makeup and cleanup, W. L. Veale; costumes, Ed Myatt; program, Harold Miller and Don Forsha; telephone committee, Ralph Thomas; reception, Ray Duncan.

The first rehearsal for the production is scheduled tomorrow night at 7:30 o'clock in the Palm Room of City Hall. Shultz is urging all citizens of Pampa who want to participate in the affair to be present. Rehearsals will be held on Monday and Thursday nights of each week preceding the presentation.

Mrs. Maxine Milliron will again serve as minstrel pianist. A band of nine pieces will cue the show under the direction of "The Old Minstrel", "Red" Wedgeworth. Tickets for the show will be on sale soon.

A meeting of the steering committee for the show is scheduled at 10 a.m. tomorrow in the Chamber of Commerce office.

Rev. George Crawford... evangelist

**East Texan Conducting Revival Here**

Rev. George Crawford of the Texas Baptist Institute of Henderson is leading a revival at the Mt. Zion Missionary Baptist Church this week through Jan. 23.

Rev. Crawford is a Bible teacher in the institute where he graduated with a Th.M. degree. He is pastor of the First Baptist Church of Arp, an interesting speaker and well versed in the Scriptures.

Large crowds are attending his services which are creating good interest, according to Rev. R. E. Rogers, pastor.

Services are held each day at 7 p.m. with 30 minutes of gospel singing. The public is invited to attend the revival at 622 E. Francis.

**Elks Lodge Dance Saturday Night**

The Pampa Elks Lodge will hold a dance Saturday beginning at 9:30 p.m. at the lodge hall.

Music will be furnished by The Notables.

Members and guests may purchase tickets at the door at \$1.50 per person.

**SENATORS**

(Continued from Page One)

may get a chance to testify. He is Renee Allred, former attorney for the state liquidator. The commission fired Allred some time ago, charging incompetence.

Committee Chairman William S. Fly of Victoria said Allred will be called on to testify "in due time." Allred sat in the hearing room all day Tuesday, not far from where Saunders was sitting. Neither spoke directly to the other.

But Saunders denied that he told Allred, as Allred has charged, that U.S. Trust & Guaranty was "broke" as far back as the summer of 1954. He said he was prevented from making such a statement "by law, obligation and duty."

Actually, Saunders said, the commission knew more about the company than Allred did, adding, "I'm willing to stand on my reputation against his." He said members of the insurance commission acted like "any honest, reasonably-minded man."

Promises to "Try"

But when asked to produce records to show how much money was placed by depositors in U.S. Trust & Guaranty between June 24, 1955—the commission issued a "show cause" order on this date—and December when the company was placed in receivership, he said only he would "try."

He promised to get this information "if it is available." Fly pressed Saunders to say why U.S. Trust was not ordered to "cease and desist" from issuing securities until October or November. A new securities law requiring licensing went into effect Sept. 6.

**Mrs. Baker, 101, Dies In Groom**

WELLINGTON — Mrs. Lizzie Baker, one of the oldest residents in the Panhandle, died yesterday in the Groom Hospital at the age of 101.

Mrs. Baker was born April 27, 1854, in Tennessee. Before coming to Wellington 28 years ago, she had been an early-day music teacher in Decatur and had also lived in Whitesboro.

Funeral services will be held tomorrow at 9:30 a.m. in the Graham St. Primitive Baptist Church in Wellington with Elder E. J. Norman of Childress officiating. Burial will be in Pleasant Grove Cemetery near Decatur under the direction of Kelso Funeral Home.

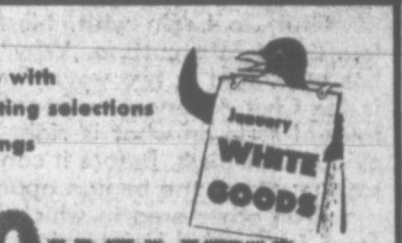

Mrs. Baker is survived by a son, G. D. Baker of Panhandle, six grandchildren, 16 great-grandchildren and one great-great-grandchild.

**Elks Lodge Dance Saturday Night**

The Pampa Elks Lodge will hold a dance Saturday beginning at 9:30 p.m. at the lodge hall.

By mail \$3.00 per year in retail trading zone, \$3.50 per year outside retail trading zone. Price for single copy, 5 cents. No mail orders accepted in localities served by carrier.

## Try Freedom

When the government gets into the picture, it seems that one evil leads to another until the unsnarling of the tangled conglomeration of mistakes, bad judgment, violence and retaliation, becomes next to impossible.

A recent release by the North American Airlines points up this conclusion.

North American Airlines has decided that it can manage to inaugurate low cost tourist rates between the United States and Europe. The schedule of rates they propose sounds like a boon to nearly everyone who has longed for a chance to visit overseas. One-way flight to Ireland, \$125; to London, \$140; to Paris, \$146.50; and to Rome, \$175.

Now, of course, if we had free enterprise in this country what would happen would be that North American, having figured out that it can lower its prices, would proceed to do so. Competing air lines, faced with a presumed rush to the N.A. ticket counter by flight passengers, would probably cut their prices, too. The result would unquestionably mean more and more persons flying at greater and greater profit to all airlines, plus savings in travel costs to everyone who undertakes the trip.

But, to begin with, North American isn't free to launch its rate cutting. Why? Because the government has interfered in two ways. First, there is the CAB. This is the Civil Aeronautics Board, which rules in quite dictatorial style on what is right and what is wrong in the aviation business. Before it can cut its rates, North American must get the benign approval of CAB.

The other area in which the government has interfered is revealed by complaints now being filed by competing airlines. These other major companies point out that North American shouldn't be permitted to cut its rates, since in fact all of their operations are presently underwritten by the American taxpayers, through a form of subsidy.

"Touche!" cries N. A., "but we believe the new fares will make us money regardless of subsidy. Further, if the new fares will not show a profit we will discontinue these cheaper flights."

Of course, the other major airlines are also subsidized by tax-payers who have never flown and perhaps never will fly. So this is a case wherein the "pot calls the kettle black."

But to round out the score, North American has the last word. "If these other companies are really interested in cutting subsidy charges, why don't they drop such expensive luxury frills as champagne and caviar on their trans-Atlantic first-class flights to Europe?"

And so the battle rages. Our position in the matter is clearly predictable. We favor an immediate stoppage of all types of subsidy to all air lines. These are mature industries. They are quite capable of standing on their own economic feet.

Next, we favor the removal of CAB authority over all matters within all airlines which directly concern economics. Free competition will further air travel considerably more than any kind of governmental control.

Thirdly, we recommend that other functions of the CAB be removed forthwith from the government. Those matters relating to flight patterns, safety and other flying problems can be handled by the CAB as a non-government agency. As such it could function extremely well on a private and non-tax-supported basis, similar to the AAA, the American Medical Association, or the various yacht clubs around the country.

As for the champagne and the caviar, there is no reason why they shouldn't be served, providing the company which serves such things can afford it. If not, then the company would have to charge the passengers who would only accept it if they could afford it.

All of which serves to illustrate the advantages of freedom and the disadvantages of the complicated labyrinth of government aid, control, regulation and taxation, by which we tediously tend to limit and stifle our own creative energies. Freedom is so much simpler and so much better. Why not try it?

## THE NATION'S PRESS

### THE TREND OF POPULATION

The 'shoville citizen

One hundred five years ago Horace Greeley said:

Go West, young man, and grow up with the country.

Whether or not it was due to his advice, the fact remains there was a tremendous migration westward, especially after the War Between the States.

Now, in the second half of the 20th century, the restless, ever-moving people of America are showing two specific characteristics: (1) The growth of population is at an accelerated pace, and (2) the westward movement is once more gaining momentum.

Recent news stories referred to two forecasts of a great increase in population in the United States in the next 25 years.

The forecasts were from two sources, with disagreement only on the rate of increase.

The U. S. Census Bureau in Washington estimated there will be 228 1/2 million Americans by 1975, a gain of 36 per cent over the current figure of 166 1/2 million.

From Palo Alto, Calif., came the prediction of the Stanford Research Institute that our population will jump 36 per cent by 1975 to a total of 221,740,000.

It listed the current population at more than 165,000,000.

The Institute figures that the Pacific Coast states are in for the biggest part of the coming growth. They will show, the Institute says, a 76 per cent growth for a total of 29,639,000 by 1975.

The Mountain states of the West are also listed for big gains — some 48 per cent during the 20-

year period to reach a population of 9,382,000.

The state scheduled to register the largest increase is California — a predicted gain of 87.7 per cent, or from 12,554,000 to the astonishing figure of 23,565,000.

The trend of population westward is shown in a Census Bureau report issued this month.

The report estimated a gain of 10 1/2 million in the population of the United States between the 1950 census and July 1, 1954 — from 150,697,000 to 161,183,000.

Generally, the continental population picture in this four year period showed: Sharp percentage gains in the Pacific, the Mountain and Southwestern states; mixed percentage gains in all other states except seven which lost population: Oklahoma, Arkansas, Mississippi, Alabama, West Virginia, Vermont and Maine.

California, in this four-year period was the state showing the greatest gain, having added 1,914,000 to bring its population to 17 1/2 million. This population was second only to New York's 15,826,000 as of July 1, 1954.

The Census Bureau estimated California gained 742,000 through births and more than 1,000,000 through civilian migration.

A Southern state, Florida, also recorded outstanding gains in the four-year period. It showed a growth of 529,000 for a 1954 total of 3,300,000.

North Carolina, with a 1950 census population of 4,061,529 showed a gain in four years of four per cent for a total population of 4,235,000. This is a steady, but not spectacular growth.

By R. C. HOILES

Belief in Taxation Collectivist Hangover From Belief in Slavery

I want to continue to quote from a letter from Rose Wilder Lane explaining to me how the general belief in taxation is a hangover from the collectivist belief in slavery 200 years ago.

She writes: "A tax-collector tells you to pay him so many dollars a year; houses whose owners don't pay him what he demands are seized and sold to other persons. The safe possession of your house is worth more to you than the time-energy expended in earning the money and in delivering it to the tax-collector. So your profit-motive operates and you obey the racketeer or the tax collector. You act to prevent a loss of what you have. You are actually 'willing' to do this, (or you would not do it) but you are aware of the profit-motive drive, the compulsion, much more than you are aware of willingness. You feel forced to hand over that money. And the satisfaction you feel is that of escape, not of achievement.

"In the racketeering (tax-collecting) situation there is of course another element, which is the liberty — responsibility of the threatening person. You act to defend your house from fire, but fire is irrevocable. You act to defend your property from seizure; the threatening tax-collector is responsible, and he is responsibly committing an aggression upon your human right of ownership of property. (True, he doesn't know that he is doing this; and his action is approved, and will be actively supported, by all the millions of other persons, unconsciously collectivist, who don't yet know what natural human rights are, either.)

"Since you are confronting another human being, your reaction to his threat, while essentially the same as to the threat from fire or flood, is something more. More or less consciously, you hold him—or someone, the Mayor, the Congress, the Administration, the Party, the Government — responsible for this aggression upon your property, as you never hold fire responsible. You know, as nearly everyone more or less dimly, vaguely, knows, that the aggression is unjustified; that it is unjust. Justice is equality between persons; there is justice in a free exchange of goods (such as, for example, an exchange of money for protection when the wage-hour owner pays the watchman) because there is equality between the exchangers; each one obtains a value greater, (to him) than the value (to him) of what he gives; each profits from the exchange. Or they would not make the exchange, since neither is threatened by the other. There is no such equality, no justice, in the relations between the racketeer, or tax-collector, and the person whom he threatens. This is the reason that evasion of taxes is so universal, and not regarded as dishonest."

"Nobody blames the domestic workers whose resistance to the wage-tax called 'social security' is so obstinate that the Secretary of the Treasury makes an official public statement that it is impossible to collect that tax at all. There is general sympathy for anyone who escapes paying taxes, as there is for any victim of injustice who escapes from it. I doubt that even Mrs. Eleanor Roosevelt, who says that everyone should cheerfully pay taxes, pays her own quite as cheerfully as she pays for a new hat. Else why does she escape taxes on the Hyde Park estate by giving it to the Federal Government? And who blames her for that? Who wouldn't cheerfully do the same, who could? and who wouldn't do it with a clear conscience?"

**Consistent Attitude**  
"People in general are inconsistent in their attitude to taxes, as a hundred years ago they were inconsistent in regard to slavery, and for the same reason: we are living in a transition period between ancient and still persisting collectivism and slowly emerging, developing, individualism. George Washington risked (and spent much of) his life and fortune to establish this Republic, based on the self-evident truth that all men are endowed by their Creator with inalienable liberty; and he died a slave owner. Slavery was older than recorded history, as collectivism is, and old concepts are changed very slowly. Someday the pre-historic concept of Government will appear to everyone as false as it is; as false as the concept of slavery is seen to be, by Americans, now. The fallacy of Government's 'sacred domain,' Government's ownership of property and therefore Government's 'right' to enforce slavery is forgotten now in this small part of the human world. Meanwhile, only a few persons see clearly that, as Frank Chodorov says, 'Taxation is robbery.' Most Americans accept the existence of taxes as they accept the existence of bad weather; they pay taxes because they believe, mistakenly, that they MUST, that someone else can and does compel them to pay taxes — in other words, that someone else controls their action, which is an impossibility, since each person controls his own action. They say that everyone should pay taxes; but they do not really believe it; their actions, like Mrs. Roosevelt's, speak louder than their words. They don't pay any taxes that they can escape paying, and no Billy Graham is leading a crusade for higher and higher taxes, morally more and more taxes.

"Whatever they say, whatever they foggly believe that they believe, they feel uneasily that there is no justice in taxation; they do not admire, respect, or revere it. They don't set themselves up as 'experts,' able to think about it, but they just don't like taxes. They don't feel a glow of moral duty done, when they pay taxes. This is the confusion of a time of transition from fantasy to a more-nearly-the-truth."

When the diplomatic representatives of the Arab states recently laid their troubles before Secretary Dulles, they cited this financial unprofitability as a chief cause of complaint. Emphasizing their resentment, they noted that Internal Revenue grants tax exemptions for these Israel gifts, which they regard as an unfriendly act.

The Arabs also charge that American policy in the Middle East has been influenced by domestic political factors — namely, the large Jewish turnout in cities where the outcome can swing the state's electoral vote to one Party or the other.

Dulles and Eisenhower have tried to demonstrate the contrary in a rare display of courage. The Secretary of State has lectured privately Abba Eban, Israel Ambassador at Washington, for his county's pugnacious attitude. He has refused to supply arms to either side lest it lead to a dispute.

taxes, morally more and more taxes. "Whatever they say, whatever they foggly believe that they believe, they feel uneasily that there is no justice in taxation; they do not admire, respect, or revere it. They don't set themselves up as 'experts,' able to think about it, but they just don't like taxes. They don't feel a glow of moral duty done, when they pay taxes. This is the confusion of a time of transition from fantasy to a more-nearly-the-truth."

### Censure Of Israel By U. S. Is Complete Policy Reverse

By RAY TUCKER

WASHINGTON — The United States demand for United Nations censure of Israel for its attack on Syrian outposts along the shore of Lake Galilee marks a final and complete reversal of the Roosevelt-Truman pro-Palestine policy. Although the Eisenhower Administration has pursued a more impartial policy, responding to international needs rather than domestic considerations, the Arabs refuse to recognize the shift in attitude. The anti-American riots in Jordan reflect their bitterness toward us, as does the prospective economic entente involving Moscow, Cairo and New Delhi.

It is not official United States aid to Israel which provokes the Arabs, for that has been kept to a minimum under the Eisenhower regime. It is the private contributions to the purchase of Tel Aviv's bonds by Zionist sympathizers in the United States.

It is estimated that the total of these financial advances since Israel became a state amounts to more than \$500,000,000. The annual United Jewish Appeal drive usually nets more than \$40,000,000. Their dinners are frequently addressed by prominent Democratic politicians and Eisenhower aides at Washington.

When the diplomatic representatives of the Arab states recently laid their troubles before Secretary Dulles, they cited this financial unprofitability as a chief cause of complaint. Emphasizing their resentment, they noted that Internal Revenue grants tax exemptions for these Israel gifts, which they regard as an unfriendly act.

The Arabs also charge that American policy in the Middle East has been influenced by domestic political factors — namely, the large Jewish turnout in cities where the outcome can swing the state's electoral vote to one Party or the other. Dulles and Eisenhower have tried to demonstrate the contrary in a rare display of courage. The Secretary of State has lectured privately Abba Eban, Israel Ambassador at Washington, for his county's pugnacious attitude. He has refused to supply arms to either side lest it lead to a dispute.

taxes, morally more and more taxes. "Whatever they say, whatever they foggly believe that they believe, they feel uneasily that there is no justice in taxation; they do not admire, respect, or revere it. They don't set themselves up as 'experts,' able to think about it, but they just don't like taxes. They don't feel a glow of moral duty done, when they pay taxes. This is the confusion of a time of transition from fantasy to a more-nearly-the-truth."

## The Doctor Says

By EDWIN J. JORDAN, M. D.

Fear of the unknown or the unexpected probably causes more mental distress than the actual experience of some illness, accident or disaster. Furthermore, it is when some emotional blow overwhelms us that panic is likely to take over.

Both of these human qualities must be taken into account in our attitude toward the world we live in. No matter how much we should prefer to ignore them we must, therefore, face the problems of civil defense.

**WHAT CAN HAPPEN TO US** in the event of an atomic, thermo-nuclear, chemical or biologic attack by an enemy seems practically unbelievable — but it is all too true. It is certain, also, that civilians, in the event of enemy attack, will no longer be protected by absence from the front lines.

In fact, women and children, and men too old or too ill to fight, may be subjected to attack even before the armed forces.

As pointed out recently in a prominent medical journal, California Medicine, plans for civil defense and understanding of what should be done in the event of serious attack are the responsibility of everyone and not just a few planners at the top or a handful of physicians who have made themselves familiar with the problems.

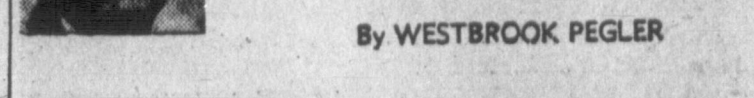

**PHYSICIANS, IT IS TRUE**, would have hundreds of thousands of injured to care for if an atomic or thermo-nuclear attack were made on a large industrial area. The responsibility for care would rest, to a large degree, on physicians rushed in from other areas, since doctors in an attack region are no more immune to death or injury than any other residents of the area.

Although it is appalling what physicians would have to do under such circumstances, and what difficult choices they would have to make, it is also important for everyone to have some knowledge of what steps to take to increase the chances of survival and to avoid panic.

## Fair Enough

### AFL-CIO Merger Combines Two Great Lawless Forces

By WESTBROOK PEGLER

The consolidation of the AF of L and CIO unites two great lawless forces which have killed and injured our people, put down lawful government, pillaged, vandalized and, altogether, set themselves against the national government and all state governments and the rights and welfare of the citizens of these states. They despise the human and civic rights of all workers and set them at naught.

Unfortunately, there are many political "leaders" and clerics, editors and "educators" who hold an immoral belief that crimes committed in the name of masses of individuals are virtuous acts and that the individuals, personally, are not morally or legally responsible. Any cleric who propounds this heresy, and many of them do, is a demoralizing influence. His guilt is the worse because many people regard clergymen as authorities with credentials from almighty God.

The constitutions of most unions are outrageous affronts to the constitutions of the national and state governments and invasions of the rights of individuals. There is just no ground for argument regarding the so-called right-to-work laws now in force in a beachhead segment of our states and soon to become effective in others. The fact that specious, repellant arguments can be seriously advanced and command a hearing in proof and in other forums, such as church halls, colleges and radio-TV, is itself of the moral decay of not only the individual advocates but of a people who can be patient toward such obvious dishonesty.

The right-to-work law simply affirms a right which no politician, preacher, editor or teacher who is not a Communist or Nazi-Fascist would dare to question. Every man has a right to work for his bread and the support of his family. This is not only every man's right but his duty, recognized by all mankind. Deny that it is every man's duty and you attack the family as the unit of civilized humanity. The devices called relief and unemployment compensation attack that unit by tempting weak or ignorant men to shift the burden of the duty to "society" or the state. Recognize that duty and you have to recognize his right to work without joining any private club subject to its rules and exactions, most of which are enforced by dictatorial powers.

Union constitutions contain many snares. The Newspaper Guild, organized by Communists with front-Communist stogees out in front, planted a man-trap in its constitution which committed the unwary joiner to maintain his membership for the rest of his life, except during periods when he left the newspaper business for some other work. Nobody called the victim's attention to this device and it was not discovered until some reporters and anti-Communist lawyers

representing publishers put the constitution to scrutiny, word by word. The clause said the victim could be expelled for withdrawing his designation of the Newspaper Guild as his bargaining agent.

If right-to-work laws are evil and the closed shop in any of its variations is good, then it follows that the reporter who quits the Guild in rebellion against the Communist exploitation of his idealism and his economic necessity, would debar himself from his profession everywhere in the United States forever. Many of the original members were idealists who thought to help their fellow men as well as themselves by collective action against membership drawn into the Guild in the next few years was composed of involuntary joiners. They may not have felt serious objection, but that would be beside the point. The point is that even if they did object, they had to join.

Incidentally, the revelations of Communist activity made in Washington recently and last spring in the Senate investigation have only confirmed the conviction of many members back in those early days. I suspected that Heywood Brown was an undercover Communist and I am absolutely convinced now that he was. His conduct was that of a typical Red. He ran with Reds. One saw nasty characters in his home who later were disclosed or revealed themselves as Communists. And Maurice Malin, a reformed Communist who gave valuable information to Congressional committees, stated that he filled out, signed and delivered a Communist membership card to Brown in Child's Restaurant on Union Square in the early 'thirties.

If a man joins a conspiracy to commit a robbery and the victim or a bystander is killed in the crime, the man we are thinking of is no less guilty of murder than the stick-up who fired the shot, even though he was in church miles away at the moment. On the same ground, a worker who willingly joins a union, delegating authority to a group of "officials," shares the guilt of pickets who beat up or otherwise terrify law-abiding workmen far away. The union atrocities at Kohler in Wisconsin come to mind although there have been thousands of these riots. The individual who profits by such crimes is morally obliged to make restitution, but we have gone so far downstream now that we laugh at the very idea of that.

In Washington lately I looked in awe at the massive new "headquarters" of the Teamsters' Union, the Union of Operating Engineers, the American Federation of Labor and the United Mine Workers. These are only the most conspicuous of many monuments to the successful criminal careers of combinations of bloody-handed scoundrels all over the United States. The unions now have as much money, altogether have as much money, as they do with it.

The phone rang this morning and when I answered it, I found it was Don Feddersen and he offered me a part in his television show, "The Millionaire." I turned it right down. I told him that my 49 years of living had not prepared me to play in anything called "The Millionaire."

I also asked him if he had a show called "35." He said he didn't, so I asked him if he had one called "300 With Collateral." Mr. Feddersen said he only had one show — and it was called, "The Millionaire."

I hardly have to tell you that I accepted his offer. I want to be on television, and so does everybody else. There's always a good chance that I will be a roommate on the program that Noel Coward, Mary Martin, and David Sarnoff will build a "Spectacular" around me. My motto is nothing doted, nothing gained.

For my appearance in this TV show I am going to be paid \$13,500. That is the lowest TV price for an actor. It is paid to extras who lean against the scenery and say nothing. I have been guaranteed two days of leaning, which makes me the winner of \$27 at the end of the show.

I have already spent the \$27 six times over. To prepare myself for acting in the show I have been acting like a millionaire. My normal breakfast is one boiled egg, one strip of bacon, one piece of toast, and one cup of coffee. I am now eating a millionaire's breakfast to prepare myself for the role. Since Mr. Feddersen called me, my breakfast consists of split grouse on toast, a tall glass of

caviar with just a touch of lemon, three or four English soles, and an angel food cake.

That's a pretty costly breakfast, but it is nothing to compare with what I spend between breakfast and lunch. Until I had this offer to play in "The Millionaire," I played golf with repainted balls. Now I call up and order five and six dozen new ones every day. I bought Mary an electric percolator, and when she said the old aluminum drip pot was doing all right I just said to her:

"My dear child, we're in the money, let's spend it. Remember, you can't take it with you. Do me a great favor and throw that old coffee pot straight out the window."

I called up my tailor. I told him to make a topcoat and put Beaver fur bottoms on it. He tried to tell me that that would cost a thousand dollars extra, and I told him I didn't care about the additional cost because I was now in the millionaire class.

No sooner had I finished talking to the tailor than I called the village grocer and placed my order for the day. It amounted him. My normal order is three slices of bread, one pat of butter, one onion, a gill of milk, and one cigarette.

This is what I ordered: one large tender cow, 700 loaves of bread, 333 pounds of butter and a station wagon.

The grocer tried to tell me that I would never be able to pay for this. But I said I was going to be in "The Millionaire" show, and I wanted to be in the right mood when I showed up.

Let the cameras roll — I'm ready!

For my appearance in this TV show I am going to be paid \$13,500. That is the lowest TV price for an actor. It is paid to extras who lean against the scenery and say nothing. I have been guaranteed two days of leaning, which makes me the winner of \$27 at the end of the show.

Jane Talk

By JANE KADINGO Pampa News Women's Editor

THE NEXT TIME YOUR HUSBAND wants an accounting of how you spend your time, in addition to the household chores you're probably able to reel off at a moment's notice, here's still another answer. You can look him squarely in the eye and say, authoritatively: "I've been busy influencing the people who make the clothes you wear."

IF HE DOESN'T believe you, tell him to take another look at his wardrobe. Chances are he owns a suit which boasts the natural-looking lapels, a minimum of shoulder padding, straight, two-button jacket and trim trousers. His shirt collection, which one time may have consisted solely of white shirts, now probably contains pastel pinks, mint greens, pale yellows and light blues. His shoes are probably the latest low cut styles.

And, where before, he probably had one hat that he wore on all occasions — from raking leaves to full dress affairs — chances are he now has a complete hat wardrobe with colors to match his suits and with styles for every occasion.

How did all this come about? One good answer, and an authoritative one, comes from Miss Cate Christie, the only woman consultant in the men's fashion field. Miss Christie, who recently began traveling the country for the Lee and Disney hat people, reports this is simply the culmination of a trend which has been in the making for some time.

"More and more, women have been doing the buying for men for some time. Today they buy more than 70 per cent of all men's furnishings," she says. "Also, they are with men when more than 50 per cent of the suits and topcoats are sold."

What's really happened is that women have taken what they've

long known about color and style and have put it to use in the menswear purchases they influence. "And," she adds, "it was inevitable that menswear manufacturers would begin to pay strict attention to the woman's influence by designing clothes that appealed not only to men but also to the American woman and her acute style sense."

While Miss Christie is interested in the whole subject of fashion in menswear, her pet topic is men with their hat wardrobes. Here, she says, is a situation where, instead of helping advance the cause of fashion, women are sometimes responsible for holding fashion back. For example, explains Miss Christie, a man will pick up one of the new-type hats, with a narrow brim and tapered crown, try it on and admire its looks. Then his wife will say: "You don't want that one. Get one like your old one." So he starts thinking about something that was styled perhaps twenty years ago.

Fortunately, says Miss Christie, this situation is rapidly on the decline. "One of the things that I do, as I travel around the country, is to compare new styles in men's hats with new styles in women's apparel and convince the wife that her husband should have up-to-date clothing — especially hats — too."

AS A BASIC HAT wardrobe, Miss Christie recommends a Tyrolean, or modification of it, for casual wear, a snap-brim model for suit wear, and a homburg, or off-the-face model, for dress. In addition, she said, a man should have a straw hat for summer wear and warm cap for winter.

And here's a bit of advice for you for the next time you accompany your husband to the store to buy his hats. Many men don't realize that heads are shaped differently and that there are various types of hat shapes to accommodate them. On your next trip, your husband should determine whether he ought to wear a regular oval, a round oval, a long oval or an extra-long oval. A good salesman can tell him the right shape, fit him well, and show him how to wear his new hat so it looks best.

All in all, it seems as if the worm is turning. For decades, the American husband has been entirely content to wear clothes that automatically have put him in the background. But from here on in, you had better be prepared for the fact that, at the next party you and your husband attend, the women may become the "conservatives" with their quiet, one-color outfits and the men may end up being fashion spectaculars.

SOCIAL CALENDAR

WEDNESDAY 3:00—Parish Council of Catholic Women in Parish Hall. 7:30—Southwestern with Mrs. Herman Topper, 1032 S. Dwight. 8:00—Women of Moose, called meeting in Moose Hall.

THURSDAY 9:30—Mary Class, First Baptist, coffee with Mrs. Jim Trippiehorn, 1618 Charles. 9:30—Goodwill HD Club with Mrs. James Baird, 612 N. Lowry. 1:30—Sunshine HD Club, called meeting with Mrs. Joe Achord 1041 S. Parley. 7:30—Christian Women's Fellowship in church. 7:30—American Legion Auxiliary in City Club Room. 7:30—Rebekah Lodge in IOOF Hall, 210 W. Brown. 8:00—St. Margaret's Guild, St. Matthew's Episcopal, in Parish Hall.

FRIDAY 9:30—Brownie Workers Club in OS Little House. 2:30—Worthwhile HD Club with Mrs. N. B. Cude, 528 S. Ballard. 8:00—Order of the Eastern Star in Masonic Hall.

A Helpful Trio!

These three amusing potherders will add cheer to your kitchen as well as protect your hands. All you need are colorful scraps from the ragbag! Make them for yourself, for shower presents or future church bazaars. So easy to make!

Pattern No. 2418 contains hot iron transfer for 3 designs; color chart; stitch illustrations; material requirements. Send 25c, your name, address and the PATTERN NUMBER TO ANNE CABOT, Pampa Daily News, 372 W. Quincy Street, Chicago 6, Illinois. Still available — the Needlework ALBUM printed in attractive colors. It contains 64 pages of lovely designs — plus 3 gift patterns, directions printed in book. Only 25 cents a copy!

TO BE MARRIED Mr. and Mrs. R. F. Fields of Groom announce the engagement and approaching marriage of their daughter, Anna Lou, to Cleve Cline of Lomoso, son of Mrs. Bill Cline, in the First Baptist Church of Groom Jan. 27. (Photo by Roberts' Studio, Abilene)

NEWS FORMS In order to facilitate the handling of news of women's activities, we now have forms for reports of club meetings. Will the club reporters please pick up some of these forms in the News office as soon as possible? The News also has forms for wedding write-ups, engagement announcements, receptions, showers and parties. Jane Kadingo Women's Editor

Breadwinner Today Has Big Problems If you could assemble all family breadwinners in one spot and ask how old they are, you'd find that most are between the ages of 20 and 65. It was that way at the turn of the century, and it's that way now — but with an important difference.

The difference is that breadwinners today have greater problems in meeting responsibilities to dependents than their grandfathers did half a century ago, states the Institute of Life Insurance.

In recent years the proportion of "non-productive" members of our families — young below 20 and older people past 65 — has been increasing at a greater rate than the "productive" members, who are between the ages of 20 and 65. The proportionate growth of children reflects the upsetting in birth rate that began in the 1940's and has continued since. There are more older persons in our midst because of the steady conquest of diseases that once claimed adults while still in the prime of their lives.

This shift in composition of our population has added to the financial responsibilities of family breadwinners in two distinct spheres: first, the support of dependent children, which includes education, and provision of family income should the family head die prematurely; and second, building of funds for future use by the present generation of adults, who must plan effectively for their own retirement because they will live to enjoy it.

American families are meeting the challenge posed by their added responsibilities. They do this in many ways, among which are greater purchases of life insurance protection; saving more cash in bank accounts and in savings and loan associations; and by putting more money into such long-term saving as U.S. Government bonds.

Mrs. J. W. Keys, 7435 Victoria, Houston, Texas, lost 12 1/2 pounds. ... If you are tired of taking vitamin pills or capsules for reducing (vitamins do not reduce). If you are tired of paying \$3.00 or more for a reducing diet and vitamins, why not try liquid Barcontrate? Barcontrate has stood the test for 15 years. Over six and a quarter million bottles sold in Texas. ... If the very first bottle doesn't show you the way to take off ugly fat, without back breaking exercises or diet, return the empty bottle for your money back. Get Barcontrate at any Texas drugstore.'

Homeowners Can Now Protect Family Heirlooms With "Fine Arts Insurance"

By ELIZABETH TOOMEY NEW YORK — UP—As each generation goes by American families become more ardent collectors of ancestral bric-a-brac.

The old family antiques may include a few eyeglasses, like the painting of the late Great Aunt Agatha. But they also include some works of art, which more and more people are realizing they should protect.

There's the collection of glass you think came from the old sandwich glassworks on Cape Cod and those peculiar silver spoons you bought at an auction. Even Aunt Agatha's likeness could turn out to be the work of an early American primitive painter with a value far more than the frame and the canvas.

Because of these objects accumulating in attics and basements, American insurance companies provide something called "fine arts insurance." Fifty years ago, only museums and art dealers could get such insurance. Now, homeowners can take out policies, providing their heirlooms meet certain requirements.

Regular Insurance Doesn't Cover "The standard fire insurance policy does not cover the value of an object beyond its utility," Alfred F. Bruns, vice president of the Liberty Mutual Insurance Co., explained.

Artistic merit is another qualification homeowners should consider when they're eyeing the junk in the attic. Insurance companies require appraisal by experts, since it is entirely possible that amateurs could mistake a good painting or a rare vase for some personal reason.

Styles, Values Change Styles and values in paintings change from generation to generation. What was considered trash in 1920's might be hung in a museum now.

Antique furniture often meets all the requirements, Bruns said. It is rare, has historical value, is a work of art, and at the same time is useful. Most appraisers for fine arts insurance use the arbitrary rule that a piece of furniture must be 100 years old or older to be considered an antique, he added.

They don't take your word for it, either. You may swear on the old family Bible that the settee came over with the first settlers — but before it is officially labeled in the "fine arts" category your settee will have a thorough check by a suspicious expert.

Delightfully easy to sew — and so pretty. Dress and bonnet for little girls, plus a neat cape that goes with everything. Pattern No. 8359 is in sizes 1, 2, 3, 4, 5, 6 years. Size 2, dress, 1 1/2 yards of 36-inch; 1/4 yard contrast; bonnet, 1/4 yard; cape, 1 1/2 yards of 34-inch.

For this pattern, send 35 cents in COIN, your name, address, size desired, and the PATTERN NUMBER to Sue Burnett (Pampa Daily News) 372 W. Quincy Street, Chicago 6, Ill.

Send 25 cents today for your copy of the Spring & Summer '56 edition of our complete pattern magazine Basic FASHION. It's filled with smart, easy to sew designs, special features.

Next meeting will be Jan. 20, in the home of Mrs. Ruby Stephenson. Attending were Messrs. and Mrs. Harold Thornhill, Henry Mayo, G. I. Harkrader, Monroe Ely and Ed Zomonty; Mrs. Ginger Anderson, Elaine Muns, and Verda Adair; Calvin Mayo, Gary Anderson, and Mikie Schale. Charley Craddock was a guest.

Copra is the meat of the coconut, which is detached from the shell and dried either by exposure to sun and air, or by an artificial drying process.

The Boston Pops Orchestra Scheduled For Pampa Appearance Thursday Night

The appearance here at 8 p.m., Thursday in the Junior High School auditorium of the Boston Pops Tour Orchestra leads to the conclusion that they have brought immense enjoyment to millions of listeners who have never before had the opportunity to see them in person. The concert is sponsored by the Pampa Community Concert Association.

Harry John Brown, assistant conductor, at 29 years of age has already accomplished enough to retire on his laurels. A pupil of the late Serge Koussevitzky, Brown holds a BA and MA from the University of Chicago and a BM from the Eastman School of Music. During his army service he conducted the world-famous G.I. Symphony Orchestra as well as organizing a special choral group which performed all over the front lines.

During his military leave, he was invited to conduct orchestras in Berlin, Vienna and Munich, as well as in other European cities. Upon discharge from the service he was invited by Dr. Koussevitzky to Tanglewood, where he worked with the maestro for two seasons.

Most recently, Brown triumphed as guest conductor of the Czech Symphony. Wrote critic Roger D. Tinner in the Chicago American: "Among the few conductors of conspicuous achievement this country so far has produced... a musician of uncommon talent and taste."

Ruth Slenczynska (pronounced Sten-Chin-ska), piano soloist of the Boston Pops Tour Orchestra, is a young artist who has a magnificent reputation. Still in her twenties, the former prodigy has appeared in movies, played the radio, been engaged by several major orchestras as the San Francisco, Minneapolis, St. Louis, Detroit and Cleveland symphonies and in Europe by the Budapest Opera Orchestra and the Paris Symphony.

The music scheduled for performance here Thursday night includes such favorites as Tchaikovsky's Polonaise from "Eugene Onegin"; Strauss' suite from the ballet, "Graduation Ball"; Grieg's "On the Trail," from "Grand Canyon Suite"; "Mister Sandman," "Melody of Love," "The Naughty Lady of Shady Lane," "The Coins in the Fountain," and "Tweedle-Dee."

Commentators for the showing will be Mrs. Raymond Harrah Sr. and Mrs. Ruth Jordan. Proceeds from the event will go to the Pampa Youth and Community Center, Inc., and to Girlstown, USA.

Among the thirteen women's clubs entered are Epsilon Sigma Alpha and Parent Education Club, both first-place winners in past contests; and El Progreso Club, Treble Clef Club, Top o' Texas Girl Scout Council, Twentieth Century Culture Club, Twentieth Century Collier Club, Twentieth Century Allegro Club, the Pampa branch of the American Association of University Women, the Pampa Business and Professional Women's Club, Altruza Club, Twentieth Century Club and the Pampa Art Club.

The contest is marked this year by the entering of two men's civic clubs for the first time. They are the Kiwanis Club and the Lions Club.

Chairman of the drive was Mrs. Randall Gill. There are 48 girls and adults registered in Scouting in Miami.

BSP Schedules Contest Saturday

The third annual table-setting contest, sponsored by the Upsilon chapter of Beta Sigma Phi, will be held Saturday in the Pampa High School field house. The showing will be held from 1 to 3:30 p.m., after which the winners will be announced.

The contest has two divisions this year — an informal and a formal category. Each person with a ticket will be allowed one vote in each category. First-place prizes will be \$25, and second-place prizes will be \$15. Tickets will be sold at the door, or are now available from BSP members.

Commentators for the showing will be Mrs. Raymond Harrah Sr. and Mrs. Ruth Jordan. Proceeds from the event will go to the Pampa Youth and Community Center, Inc., and to Girlstown, USA.

Among the thirteen women's clubs entered are Epsilon Sigma Alpha and Parent Education Club, both first-place winners in past contests; and El Progreso Club, Treble Clef Club, Top o' Texas Girl Scout Council, Twentieth Century Culture Club, Twentieth Century Collier Club, Twentieth Century Allegro Club, the Pampa branch of the American Association of University Women, the Pampa Business and Professional Women's Club, Altruza Club, Twentieth Century Club and the Pampa Art Club.

The contest is marked this year by the entering of two men's civic clubs for the first time. They are the Kiwanis Club and the Lions Club.

Miami Girl Scouts End Fund Campaign

The Miami Girl Scouts have turned in their drive contributions to the Top o' Texas Girl Scout Council in the amount of \$24,000. Miami does not come under the United Fund.

Chairman of the drive was Mrs. Randall Gill. There are 48 girls and adults registered in Scouting in Miami.

Auxiliary of NALC Has Business Meet

The National Association of Lettercarriers' Auxiliary met recently in the home of Mrs. Gertrude Shaw, 513 N. Hazel.

During the business session, members voted to donate to the cause of multiple sclerosis research. Pictures were taken for the yearbook.

During the social period, refreshments of cake and coffee were served. Those attending were Mrs. Gene Shaw, Mae Manning, O. F. Floyd, F. F. Winkler, R. W. McPhillips Jr., R. E. Priest, Gertrude Shaw, and Miss Laura Manning.

# PICTURE NEWS

AROUND THE WORLD

**STRUGGLE AGAINST THE SEA**—Since the inundation disaster two years ago, The Netherlands has been struggling with new defenses against the sea. A huge "Delta Plan" is going into effect, and dikes are being improved with these dramatic raised surfaces. In top photo is the Oudenhornse Dike with the so-called Diablo Stones projecting. The lower photo shows another dike with rounded-point triangular "bever-koppen."

**REIGNING RULER**—Regal as an Oriental potentate, Sultan Mohammed Ben Youssef of Morocco rides a fancy-bridled white horse to a service at the mosque in Rabat. Because the sky was cloudy, he rode under a fringed parasol carried by a member of his guard. The Sultan was attending his first Friday Sabbath service since resuming his throne.

**HAPPY REUNION**—Johann Steigerwald, 16, is just stepping from a plane in Philadelphia into the arms of his mother, whom he had not seen in 11 years. Separated in the Ukraine in 1944 when the mother, Mrs. Elizabeth Etzel, was taken to a Russian labor camp, the boy has since lived in refugee orphanages in Europe. The long search for each other has now ended.

**ARIZONA SNOWMAN**—As far as Lillian Corrales is concerned, folks in northern and eastern states can have all the snowmen and the kind of weather that goes with them. She prefers to bask in the comforting sunshine at Phoenix. For her snowman, Lillian has a snow-white panda to which she can cuddle up. She certainly wouldn't do that with a real one.

**ALONE, IN A CROWD**—During the filming of Joan Crawford's latest picture, "Autumn Leaves," Joan and Cliff Robertson are shown rehearsing a scene on a bed. Director Robert Aldrich and an assortment of cameramen and technicians are on hand for the scene that will appear so private on the screen.

**STRANGE BEDFELLOWS**—A couch is the favorite resting spot for the household pets of Gretl Weimer in Augsburg, Germany. The chickens, the dachshund and the deer get along fine until one of them tries to take up most of the sofa space. Lore, the deer, wears a leather collar and a tag that advises one and all that she's a pet, and not for shooting.

**HAPPY VISITOR**—Pablito Calvo, a juvenile film star in Spain, seems mighty happy to be listening to a pastoral air played by a shepherd on a street in Rome, where the lad was visiting. This man had come down from the Abruzzi Mountains to play his bagpipe on the streets of The Eternal City.

**WELL!**—Making a noble effort to keep up with current events, this armored gentleman reads voraciously in a quiet corner of an antique shop in Rome. He's got a lot of catching up to do; plenty has happened since Iron costumes were in style.

**WHAT NEXT?**—Milking time has no respect for place or person, and a purebred Holstein cow is being milked by a cattle handler in the barn-like interior of a Clipper plane at a New York airport. Nine cows and four bulls were being flown to the Dominican Republic's International Exposition in Ciudad Trujillo.

**EASTERN NOTE**—An Arabian outfit gives French songstress Gaby Bruyere an air of Oriental mystery for one of her numbers. She's shown in the costume she's wearing in a cabaret show in Paris.

**BAKING FOR EPIPHANY**—On Epiphany Day, French families gather for a simple meal and a galette is served as a dessert. A pretty girl in Paris is showing how to take the galette, a thin cake, from the oven. A little porcelain crown is concealed in the hard cake and the finder is named king or queen of the day and given a crown to wear like this girl's.

# Professional Gridders Begin Second Draft Session

### Time Out With Tom

By TOMMIE ELLI  
Pampa News Sports Editor

Seems that several sports are crowding into the "sports - lite" now with the boxing and basketball seasons well underway and baseball and football spring training soon to start. Golf and track, too, will play a minor part soon and later develop as the season progresses.

The local boxers are in the middle of their district tournaments and preparing for regional. The cagers are winding up their pre-season tournaments and preparing for district competition. The Oiler and high school baseball and football spring practice is soon to start and golf and track will also come with Monday night the Pampa Harvesters played their last pre-district game and defeated the Childress Bobcats 77-46. They will embark on district play Friday night when the Lubbock Westerners come to town.

The local cagers have a good record (maybe not as good as in the last three years) and should be rough contenders for district honors.

They are rated second by some of the scribes in the district but we are a little hesitant to put them that high. We think the Amarillo Sandies are best pick for the second place with the Harvesters in

## U. S. Olympic Officials Are Not Worried

CORTINA, Italy —UP— U.S. team officials, bolstered by the assurance they still have a week left before the winter Olympics get underway, insisted Wednesday they are "not unduly worried" over Italy's one-sided superiority in two-man bob sled tests so far. "The Italians are going all out in practice while we are holding something in reserve," said Francis Tyler of Lake Placid, N.Y., manager of the U.S. bob sled team. "With a bit more practice, we expect to shave at least five seconds off our times."

Even that won't be enough, however, the way the Italian teams have been straddling down the icy runs recently. Prepping for actual competition which begins Jan. 26, the Italian two-man bob sled crews have been averaging about six seconds faster than the best American sleds.

Red-haired Eugenio Monti, a Cortina salesman, even clocked the fastest practice time in local history Tuesday when he steered his sled down the breakneck 1,700-meter run in 1:22.88. That clocking erased the previous course record of 1:23.30 set by Guglielmo Scheidegger of Italy last winter.

Close behind the 28-year-old Monti came his countryman, Lamberto Dalla Costa, who slipped down the 16-curve course in 1:24.92. Max (Hain) Angst, a burly 215-pound Zurich butcher, was third in 1:26.88 while Bud Washbond of Keene Valley, N.Y., was fourth in 1:27.07.

The showing by the Italians was typical of the ones they have been making throughout the early part of this month.

Washbond's father, Alan, who serves as coach of the American team, agreed with Tyler that U.S. stockings would improve with more practice.

"The Italians have a big advantage because they worked out on the track since Jan. 6 and have had plenty of trial runs," the elder Washbond said.

Meanwhile, a sizeable delegation of U.S. Olympic skiers and figure skaters were expected here Wednesday along with Kenneth (Tug) Wilson of Chicago, president of the U.S. Olympic committee, and Dan Ferris of New York, secretary treasurer of the national AAU.

The group, plus the U.S. hockey team which went on to Frankfurt, Germany, were delayed by fog over the Atlantic but finally arrived in London Tuesday.

Thirty-seven Russian long distance skiers arrived here Tuesday night to join the ice hockey and speed skating teams and bring the Soviet's total number of athletes already in Cortina to 78.

Canada's Olympic hopes skyrocketed when Charles Snelling, 15-year-old Dominionian figure skating champion, proved during a workout that he was not hampered by a training accident he suffered Monday. Snelling slashed his leg with his own skate while practicing but he bounced back and displayed fine form Tuesday.

JERRY WALKER ... drafted by Cardinals

## Tech Tackle Jerry Walker Drafted By Chicago Cards

By HAL WOOD  
LOS ANGELES —UP— If the professionals know their business, then the best college teams in the country last year were Michigan State and West Virginia.

The National Football League's annual draft went into its second session Wednesday with these two teams drained of just about all the senior talent available.

At the conclusion of the first 15 rounds of the draft at midnight, each school had furnished six men to the pros—ahead of all other institutions.

The club owners expect to finish up the session by noon Wednesday and will head for their homes by nightfall after working a 15-hour shift Tuesday.

Relchow First Choice  
The first man to be drafted as this session opened was Gary (Jerry) Reichow, star quarterback from University of Iowa and he went to the last-place Detroit Lions. Immediately after the selection was announced, Nick Kir-

## Lopez Counts On Hitting For This Year

Editor's Note — This is the 11th in a series of interviews by United Press staffers with the major league managers on their prospects for 1956.

By CHARLES TAYLOR  
TAMPA, Fla. —UP— Al Lopez is counting on a hitting comeback by two of his old hands plus new fielding steam from a pair of rookies to put his Cleveland Indians back on top of the American League baseball heap.

"Our pitching should be better this year, too. I figure we'll have at least three 20-game winners," the Cleveland manager said at his winter home here in the colorful Spanish settlement of Ybor City.

Lopez couldn't have been more enthusiastic about his team if he had been calling plays from the dugout in a mid-season game.

"Sure, Al Rosen had a very poor season last year," Lopez conceded. "His hitting was way off. But I talked with him in Chicago recently and he's mighty anxious to get started again this year. I think he'll do fine."

Hope Seen for Avila  
Another disappointment last year was second baseman Bobby Avila's batting. Two years ago, Avila's the Clevelanders to the pennant and topped the league with his .343 average, but he slipped to .270 last season.

"He's another one who will make a comeback, though," the manager said. "I think he'll be hitting over .300 again next year."

Lopez had his pitching troubles, too, last year, but he figures they will be cured in the coming season.

"I'm betting Herb Score will win at least 20 games this year, and Bob Lemon and Early Wynn, too. Mike Garcia will be a lot of help to us. He could win 20 easily," Lopez said.

Feller 'Has a Lot Left'  
Then of course there is Bob Feller. Lopez feels the one-time fast-baller, now 37, "still has a lot left in him and will be ready if we need him."

Lopez said Vic Wertz, the Indian first baseman who came down with polio last year, should be back in playing shape this season. But Cleveland will be counting heavily on rookie first baseman Joe Altobelli, brought up from the Indianapolis club.

"He's a fine fielder. But he needs some practice at the plate. His hitting needs improving," Lopez said. "If he turns into a hitter, he could be in the lineup."

Another rookie prospect is Rocky Calovito, also from Indianapolis, who Lopez expects to break into the outfield.

## Holy Cross Considered Best Cage Team In New England

By UNITED PRESS  
Holy Cross, a regular visitor to post-season basketball tournaments since the end of World War II, can count on another journey north this year because it appears far and away the best team in New England.

The Crusaders, ranked 13th nationally, racked up their 12th win in 14 starts Tuesday night in Worcester, Mass., by an emphatic 81-47 score over Dartmouth. More important, the win gave Holy Cross a perfect 8-0 record against New England rivals.

In other leading games Tuesday night: Dick Savage's 17 points led William and Mary to an 81-72 win over VMI in the Southern Conference; Colgate routed Hobart 84-62; Niagara trounced Toronto 84-56; Cincinnati nipped Xavier of Ohio 71-66; and Butler edged Indiana State 66-64.

Holy Cross has appeared in the National Invitation Tournament for the last two years, winning it in 1954. But it also could be tapped for a berth in the NCAA tournament, which it won in 1947.

Dartmouth couldn't stay even with the Crusaders for more than two minutes, even though 6-7 Tom Heinsohn, Holy Cross' All-America candidate, had a poor night and tallied only 18 points. Holy Cross spurred to a quick 13-4 margin and rolled easily home as Joe Liebler took scoring honors with 26 points.

Oklahoma City, ranked 17th nationally, was Tuesday night's big upset victim, bowing to Seattle 89-84 in overtime at Seattle. It was only the third loss in 13 starts for Oklahoma City. The two teams meet again Wednesday night.

Only a slim court program was offered Tuesday night, but Wednesday night's card features a number of top-flight games.

Dayton, ranked second to San Francisco nationally, plays host to Villanova in one feature and a victory would enable the Flyers to match San Francisco's perfect 13-0 record for this season.

Louisville, with a 13-1 record, plays host to Memphis State, which has a 12-0 mark to qualify as one of the five remaining un-

## BOWLING SCORES

Time: Tuesday night.  
Place: Pampa Bowl.  
League: Lone Star.

Team Results: Pampa Lumber Co. 1, Della's Service Station 3; Behrman's 3, J. C. Daniels 1; Falstaff 2; Poole's Drive Inn 2.

The high game score was registered by Della's Service Station with a 692. The high team series went to Smith Quality Shoes with a 1978.

High individual honors went to Ing Reading of J. C. Daniels who took the individual game and individual series with a 179 game and a 491 series.

## Optimist Mittmen Set District GG

The Pampa Optimist Club will open its 1956 District Golden Gloves Tournament in the gym of the Junior High School Monday January 23.

Approximately 100 boys from the entire eastern Panhandle will participate in the three day affair which is scheduled to close on Wednesday.

The local boxers have spent many hours getting ready for this annual affair. They have gone through many matches and many hours of regular workouts getting into condition for this major event.

The coaches, too, have spent much time working with these boys and they would like to see good rewards for their efforts in the form of fans attending the final event.

Top fighters of the state will be on hand for the matches and should give Pampans the best tournament ever since there will be more experienced boys fighting.

If the local tournament compares to the Berger tourney as it has in the past years it should be the deciding factor in which team will win the regional team trophy when the fighters meet in the regional matches in late January and early February.

Pampa should be able to put up a good fight for the crown of the local events since they have seen the Berger mittmen in action at their best. "One more fight often gives the boys a great advantage," was the hope of the Optimist coaches today.

GARY WILHELM ... regional contender

## Fort And Cobler Make \$1,400 At National Rodeo

DENVER —UP— Troy Fort of Lovington N.M., went ahead in calf roping competition and Doyle Cobler, Fort Worth, proved best in first round steer wrestling Tuesday night to collect more than \$1,400 prize money at the National Western Rodeo.

Mrs. Marissa Rutenberg of Colorado Springs, Colo., pulled a surprise win in the English pleasure class of the horse show by riding on an old fashioned side-saddle. She placed second for \$50 prize money.

Bill Johnson, Calgary, Canada, staged a rousing comeback after suffering a broken rib last Sunday when his foot hung in the stirrup of a saddle bronc. He took third place in bareback bronc riding competition Tuesday and qualified in saddle bronc.

WAIT DIXIE!  
OUCH! THIS IS GOING TO LOOK LIKE AN INVASION!  
IN A WAY IT IS!  
AS 'CHIEF STEW' LET ME GIVE YOU A WORD OF WARNING—  
DON'T ANNOY THESE PEOPLE—THEY GAVE YOU PROOF THEY'RE THE BOYS' AUNT AND UNCLE—YOUR JOB IS OVER, AND IT MIGHT BE OVER IN MORE WAYS THAN ONE—IF YOU MISS FLIGHT 83!

**The Jackson Twins**  
WHERE IS THE RIMROCK RAILROAD? MR. ROWLAND?  
IT'S WAY UP IN THE ROCKIES, JAN! IT WAS BUILT YEARS AGO TO LINK SOME MINING TOWNS TO THE MAIN LINE.  
I'VE NEVER SEEN IT, BUT I'VE HEARD OF IT!  
A FEW YEARS AGO WE ARRANGED A LOAN FOR THE OWNER. THEN LAST YEAR HE OFFERED TO SELL US THE WHOLE THING... ESPECIALLY ONES THAT LOSE MONEY... SO WE'D BE GLAD TO SELL IT!  
OF COURSE OUR BUSINESS ISN'T RUNNING THINGS LIKE RAILROADS—ESPECIALLY ONES THAT LOSE MONEY... SO WE'D BE GLAD TO SELL IT!  
BON! YOU BUY IT? I'LL BET IT HAS OLD TREESLES AND HARD PIN CLEVES AND EVERYTHING!  
IT DOES, BUT YOU'D BETTER WORK FAST, JUNIOR! I THINK I'LL BE SOLD THIS WEEK!

**Blondie**  
DAGWOOD, WILL YOU TAKE MY BRIDGE HAND WHILE I PREPARE LUNCH FOR THE LADIES?  
MILDRED HAD HER HAIR DYED AGAIN!  
ETTA SPIT UP WITH BILL!  
DID YOU HEAD ABOUT MARCIA?  
I'LL BID ONE DIAMOND!  
MR. BUMSTEAD—WE WISH YOU'D HOLD UP YOUR END OF THE CONVERSATION BY REMAINING SILENT!

**Alley Oop**  
AWRIGHT, TOAD, YOU'VE HAD YOUR FUN, NOW HAND OVER YOUR GUN AN' LET'S GO!  
NOW C'MON DOWN...LET'S NOT KEEP TH' SHERIFF WAITING.  
I GADDERY, HERE'S YOUR BOY!  
I'VE SEEN EVERY THING!  
HOW 'BOUT COMIN' ON INTO TOWN WITH US, BOYTH? LEAST I COULD DO'S BUY YOU A NEW HAT.  
OKAY, SHERIFF... I'VE GOT MR. GREEN OVER AT THE LOTUS CLUB GIVING HIM THE FULL TREATMENT!  
OKAY, SHERIFF... THAT'S FOR SURE!

**Bo**  
JACK DIAMOND? IT'S AGES SINCE I'VE SEEN YOU—  
HEEN WHEN ALLOW ME—MR. GREEN—MISE VIXEN STAR OF TELEVISION!  
HOW ABOUT THAT DANCE, BUT I'M SURE MY FRIEND WILL DO THE HONORS, JACK!  
I'M SORRY DEAR, BUT I'M NOT UP TO IT—SPANNED EARLY—BUT I'M SURE MY FRIEND WILL DO THE HONORS, JACK!  
HE'S PROBABLY SOME BISH SHOT PROCKER—GAT LEAST HE ACTS LIKE IT!  
HELLO, HALLO? JACK DIAMOND—I'VE GOT MR. GREEN OVER AT THE LOTUS CLUB GIVING HIM THE FULL TREATMENT!  
GOOD BOY! HIS DOG DO ON A GOOD CONTRACT!

**Joe Palooka**  
SHIA!  
THE INSTANT JOE BROKE THE AERIAL CONTACT WITH THE CRAZED PROFESSOR CEASED AND THE CRUSHING ARMS DROPPED NIMHATE...  
POING!  
TAKE THIS GO... HE'S OFF 'S ROCKER...  
"APAX", "APAX"... HE HAS KILLED "APAX". HIS MIND MUST HAVE CRACKED!

**Martha Wayne**  
FINE, CLINT, BUT I WON'T ASK YOU, WE GO WITH THE DECOR!  
HOW ARE YOU, MARTHA?  
OH, I'M SO SORRY, WHY DIDN'T YOU TELL ME BEFORE?  
WHEN I MET YOU IN CENTERVILLE, I TOLD YOU I KNEW YOUR HUSBAND BEFORE HE WAS KILLED. I BELONGED TO BOTH OF US, THERE WAS NOTHING TO BE GAINED BY DISCUSSING RUTH, EVERYTHING TO LOSE!

**Mutt & Jeff**  
WHAT MAKES YOU SO HEAVY, EMMA?  
I DUNNO! IT'S MY IRON CONSTITUTION I GUESS!  
HOME ALREADY, HOW'S EMMA?  
AW, I LOVE FAT PEOPLE BUT EMMA'S MORE THAN I CAN HANDLE!  
WHY?  
WE WERE SITTING IN THE DARK AND ALL THE TIME I THOUGHT WE WERE NECKING—  
I ONLY HAD HOLD OF HER ARM!

**Bugs Bunny**  
BLAM!  
I MIGHT BE ABLE TO SPARE THE TIME— THEN AGAIN I MIGHT NOT!  
A SAD LOT OF SPINNERS, DOLL! THESE MUSTA COME OVER ON THE MAYFLOWER!  
NO CHOC MILK—NO SNAILZERS, NO PIE, NO FRIED CHICKEN— HOW DO YOU KEEP ALIVE, KITTEN?  
CORRY, I'M GONNA BE BUSY TONIGHT!

**Priscilla's Pop**  
A DOUGHNUT, MR. BOTS?  
HE'D BETTER NOT! HE'S ALLERGIC TO FATS!  
ALLERGIC TO FATS? ME??  
IT MAKES HIM BREAK OUT IN LUMPS!  
JUST SHOW ME ANY LUMPS GOT FROM FATS! SHOW ME!  
THERE'S ONE!  
EVER SINCE HE MET THAT FRENCH POODLE.

**OUR BOARDING HOUSE** with MAJOR HOOPLE  
EGAD, HUFFY! IT SHOCKED ME PROFOUNDLY WHEN THAT LANDLORD BLABBED OUT THE REAT YOU ARE IN ARREARS!— MAN'S FIRST CONCERN IS SHELTER— SUPPOSE YOU WERE SITTING OUT ON THE SIDE WALK IN THAT BLIZZARD WE HAD!  
OH, I'VE STOOD OUT IN BLIZZARDS SO BAD IF SOME-BODY STUCK A PIPE IN MY MOUTH TO PASS FOR A SNOWMAN!— BUT WHO'D BE SHOCKED WHEN YOU GO HOME AN' SAY YOU SAT OUT THE STORM IN THE PUBLIC LIBRARY!  
OH, YES! THAT'S A THOUGHT I DO!  
GOOD NIGHT! A GUY CAN'T MODERNIZE ANYTHING WITH YOU! LOOK! THIS IS A GOOD AVERAGE STEP—NOBODY HARDLY EVER WALKS ANY MORE!  
WELL, I DON'T WANT THOSE WHO DO WALK NICKNAMING THIS THE GOOSE STEP HOUSE! FINISH THE JOB!

**The Berrys**  
OH HELLO, DOLLY...  
I...  
I...  
THAT BURNS ME UP. SHE CALLS ME AND ALL SHE WANTS TO TALK ABOUT IS HERSELF!

**Morty Meekle**  
MORNING, CLAUDE!  
THE USUAL CLAUDE.  
STACK O' WHEATS COMIN' UP!  
I HAPPEN TO KNOW THIS IS A VERY SPECIAL DAY FOR YOU, MORTY!  
HAPPY BIRTHDAY, MORTY!

**Little Doc**  
GOLLY, CINDY, YOUR COMPOSITION ON THE DOG IS EXACTLY THE SAME'S MINE.  
HOW DID THAT HAPPEN?  
IT'S THE SAME DOG!

**Walt Tubke**  
IT WAS DUE ABOUT AN HOUR AGO, FROM LAS VEGAS, GROUP OF SCIENTISTS RETURNING FROM THEIR NUCLEAR WEAPON TESTS THIS MORNING!  
HEY, FRED, BUT THAT THINE THAT CRASHED IN ARIZONA TONIGHT?  
CRASHED!  
YES, INTO A MOUNTAIN, AND BURIED! HERE, THIS LATE EDITION HAS THE PASSENGER LIST!  
BLAZE, DR. KELL WAS ON IT, MR. MCKEEL THEY'D REACHED THE SHOULDERING WRECKAGE WHEN THIS WENT TO PRESS! THERE WERE NO SURVIVORS!  
GREAT SCOTT, THAT'S HORRIBLE EASY! MCKEEL HAS HEARD YET?

**Boots**  
NOW JUST A MINUTE, MRS. SQUIRE...  
JUST A MINUTE, MY EYE!  
WHAT KIND OF A SHADY UNDER-THE-COUNTER DEAL HAS MY HUSBAND MADE WITH YOU?  
OR DOES THE FACT THAT MY DAUGHTER BOUGHT YOU OFF WITH TWO STUPID DOGS HAVE SOMETHING TO DO WITH IT?

**Mickey Finn**  
WHERE'S THE LATCH THAT YOU SAY WOULD'VE LET ME OUT? ALL I SEE IS A LITTLE HOLE!  
HERE IT IS, SIR! IT EVIDENTLY DROPPED OUT WHEN THE DOOR SLAMMED! IT WAS ON THE FLOOR—BEHIND THIS DRAPE!  
YOU COULD'VE PUT IT BACK IN AND IT WOULD'VE WORKED WITHOUT ANY TROUBLE, SEE?  
GOSH, UNCLE PHIL— AND TO THINK YOU WERE IN HERE TEN HOURS!  
YOU'D BETTER FORGET THAT'S RIGHT, PHIL! I-AM- AND IF THEY WANTED TOGET HADN'T IF YOU GOT THEM SOME ROUGH, THEY CERTAINLY WOULDN'T RENT A STUDIO TO LULU!

**Freckles**  
YOU LOOK BORED, BAZZO— WHY DON'T YOU COME OVER TO MY HOUSE?  
I MIGHT BE ABLE TO SPARE THE TIME— THEN AGAIN I MIGHT NOT!  
A SAD LOT OF SPINNERS, DOLL! THESE MUSTA COME OVER ON THE MAYFLOWER!  
NO CHOC MILK—NO SNAILZERS, NO PIE, NO FRIED CHICKEN— HOW DO YOU KEEP ALIVE, KITTEN?  
CORRY, I'M GONNA BE BUSY TONIGHT!

**Susie Q. Smith**  
(GASP!) HAIRBRUSH!  
THIS IS MINE!  
I CAN'T HELP IT, SUSIE! IT'S BUBBLE-BATH OR NOTHING.  
EVER SINCE HE MET THAT FRENCH POODLE.

Alabama Gets Assistant Coaches  
TUSCALOOSA, Ala. —UP—Harney Poole and Dursey Gibson Wednesday were named assistant football coaches at Alabama. Poole, a former Mississippi and Army end, was an assistant coach at LSU last season. Gibson, an ex-Oklahoma back, now is on active duty with the Army at Fort Benning, Ga., but will be released soon.

Record Recognition Sought  
IOWA CITY, Iowa —UP—The NCAA record committee Wednesday was asked to recognize a new 200-yard backstroke mark set by Lincoln Hurring of Iowa last Saturday in a dual meet with Michigan. A new 200-yard individual medley record set by Earl Ellis of Iowa also has been turned over to the NCAA for approval.

### TEEN TOPICS

By HELEN STEWARD

**FINALLY!**  
After years of hoping and planning, something really material has been done toward the building of our Youth Center.

As everyone probably knows by now, the papers for the purchase of the land were signed recently. A donation of \$8,000 by Mrs. Inez Carter has made all of this possible.

The site of the proposed YC is northwest of Highland General Hospital.

Two down and one day to go toward the end of semester final exams.

They really should call these things "brain washings". After sitting for an hour and a half thinking of everything you have learned during the past five months leaves you feeling like you have been through the mill. But the suspense of waiting for the grade reports is even worse.

By tomorrow afternoon, we will be needing that wonderful day and a half holiday.

**ON A TEST** in English, Lee Ledrick came up with a grade that Mr. Noncaster thought was below par.

"Why, Lee, I could have done better than this saying 'eeny-meeny-miney-mo,'" he said.

"Oh yeah," answered Lee, "you must be a better eeny-meeny-miney-moer than I am, then."

There is more truth than fiction to that eeny-meeny-miney-mo business. Sometimes it is the only way.

The cast of the Senior play and the director are hard at work perfecting the performance of "Harvey" that will be given Feb. 13 and 14.

Ted Swindie will play the leading role along with Myrna Mont-

gomery, Nickie Lewter, Dan Teed, Roger McWaters, Sally Cahill, Melvin Romine, Margaret Miller, Lucy Jo Neely, Sheila Chisholm, Larry Cox and Duggan Smith make up the rest of the cast. Miss Helen Schafer is director; Carol Henry is her assistant.

**A BRAND NEW** club, the Las Reudas, meets tomorrow night.

The club is a hot rod club open only to high school and ninth grade boys. Tom Rose is the sponsor; they meet at the Pahandle Trucking Company of Amarillo highway every Thursday evening at 7:30.

Right now, the club needs plenty of members. A few of the present members are Dale Largent, chairman; Ed Shirley, Russell Pickett, David Gantz, Dewayne Lovinggood and George Collett. All of the members are "wheels" because the name, Las Reudas, means "The Wheels."

So if you want to be a wheel roll on down to the new hot rod club meeting tomorrow night.

The purpose of the club is to curb reckless driving. Metal bumper tags will be available for all members, and soon the club will be recognized by national and state organizations so members will be eligible for races.

**CONGRATULATIONS** to the four students who plan to graduate at semester: They are George and Sharon Collett, Robert Craig and Wendell Powell.

The Kit Kat Klub is sponsoring a dance at the Episcopal Parish Hall Friday night after the basketball game. Admission is fifty cents. Only teenagers are invited.

The Junior Class is sponsoring a bake sale Friday in the Combs-Worley Building lobby. The object is to raise money, naturally. They tell us that seniors had better come and buy their wares, or else there won't be any money for the Junior-Senior Banquet.

Interest in tennis at PHS is rising. There are two people signed up for a class of it. They are Barbara Goodnight and Helen Steward. It's not much, but anyway it's a start.

If any of you are interested in joining the two, speak to either of them or Mrs. Gaut. The class is to be held sixth period.

It's not long until Twirp season. So boys, beware.

### Perjury Trial Set For George Parr

**SAN DIEGO, Tex.**—UP—South Texas political boss George Parr is scheduled for trial next Monday on a charge of inducing perjury by a Duval county official.

Indictments against Parr and one of his attorneys, Luther Jones of Corpus Christi, were returned in San Diego late last year. Both cases were moved to George West, Tex., on changes of venue.

The trials next week were slated for Judge W. G. Gayle's 36th district court in George West. Gayle scheduled the trials after attorneys for Parr and Jones appeared in court Monday.

Both Parr and Jones are accused of subornation of perjury. They are charged with inducing Duval County Treasurer Victor Leal to perjure himself in an affidavit made last summer in connection with a civil suit against Parr.

In another Duval county development, District Attorney Sam Burris disclosed that the trial of Burris' predecessor, former District Attorney Raeburn Norris, has been set for Feb. 15 in Anson. Norris, a political ally of Parr, is charged with misappropriation of public funds. His case was also transferred.

When it comes to Protection... it pays to have the BEST

A good, big placard could often prove a friend indeed to the old-time song and dance man—but it was too late to order a bigger sign after the eggs had started flying.

Dependable insurance is like that, too. It's one thing you can't buy when you need it most. After an accident or loss has occurred, it's too late to get better insurance if the policy you have proves unsatisfactory.

So don't gamble with "cheap" insurance. Buy only the BEST—and buy it today.
