

LEAVES RANCH — Pictured above is Claude Fussell in the Greyhound Drug Store, in McLean, he purchased recently. Fussell had been connected with the JA ranch, near Clarendon, since 1950. The old-time cowboy said modern methods were taking the romance out of cowpunching. (News Photo)

16 In Wedding Party Die As Floor Falls

MADRID, June 9 (UP)—A floor collapsed beneath a wedding party and crashed into another party on the floor below Friday night, killing 16 persons, five of them children. Thirty-six persons were injured, two critically. The collapse sent 60 wedding guests crashing into the midst of a party celebrating a baptism. The guests were dancing on the second floor of an old building on Madrid's north side when the floor gave way after 9 p. m. Bride Angela Ramos Vasquez, 21, suffered fractures of both legs, escaped with light injuries. Groom Tomas Rodriguez Diaz, 26, escaped with light injuries. "There was no warning," said Tomas Gomez, "I was dancing and we suddenly fell." Police, firemen and Red Cross workers worked throughout the night to free screaming victims and remove the bodies. The city's 52 ambulance shuttled the victims from the scene as they were found. Every fireman in the city rushed to the building. Three detachments of the civil guard and three sections of police were called in. Madrid's mayor and the governor of Madrid province directed the rescue work. Generalissimo Francisco Franco sent members of his household staff to bring him a report of the disaster.

Texas Governor Hopefuls Talk Crime, Water Situation

By LLOYD LARRABEE - United Press Staff Correspondent Candidates for governor and other state offices discussed issues ranging from "crime and corruption" to the Texas water problem last week in their quest for votes. The gubernatorial campaigners included U. S. Sen. Price Daniel, Austin lawyer Ralph Yarborough, former Gov. and U. S. Sen. W. Lee O'Daniel of Dallas and J. Everts Haley, a Canyon rancher and historical writer, and San Saba Attorney Reuben Senterfitt. Daniel closed out his first campaign drive in Fort Worth Saturday and returned to his duties in Washington for a week. He said he was shocked by the bombing of Lawyer Sam McCollum III at Brady. "This terrible crime at Brady emphasizes the need for a thorough investigation of all the misconduct that has occurred in Austin and especially what seems now to be occurring to prevent punishment of those who have been alleged guilty of violating our laws," he said. Yarborough called Saturday for Gov. Allan Shivers to furnish Travis County District Attorney Les Procter with four new assistants "to aid in prosecution of government frauds." Mentions Scandals O'Daniel in stump speeches over West Texas called attention to the "veterans land and insurance scandals," and also renewed his stand against mixing of white and Negro children in the schools. Canyon historian and rancher J. Everts Haley spoke at meetings in Dallas, Madisonville, Houston and Galveston, and said Saturday he is the only candidate among six in the governor's race who is basing his campaign almost entirely on the issue of interposition. San Saba attorney Reuben Senterfitt was at Abilene over the weekend, campaigning with his wife and three children. The children wore white collars with the plea, "Vote for My Dad" emblazoned on them. The field for governor was rounded out by J. J. Holmes, Austin contractor. Schedules 36 Speeches Yarborough called for additional assistants for the district attorney's office at Austin in commenting on the bombing at Brady of Sam McCollum III's station wagon, which wounded the Brady attorney. Yarborough said the governor should provide a deficiency appropriation for Procter's office. McCollum was a key witness in the trial in July, 1955 which resulted in conviction of former Land Commissioner Bascom Giles. Procter prosecuted Giles. Yarborough announced he has made 51 stump speeches or other appearances since June 1, and scheduled 30 more during the coming week. Earlier in the week Daniel and former Supreme Court Justice Will Wilson, a candidate for attorney general, stirred up strong reaction when they came out in favor of "cleaning up" Galveston. Galveston Mayor Roy Clough called the statements "political ballyhoo," and said they "don't mean a thing." Stresses Water Problem Daniel warned in a speech at El Paso that Texas must solve its water problems or "see our industrial boom begin to lag and then stagnate." Texas junior senator also called for enactment of a strict registration law for professional lobbyists and a code of conduct for both members of the legislature and officials of the executive branch. Senterfitt scheduled appearances during the coming week at

Kiwanians Hear Plea For Refugees

A plea for interest in refugees was made before the Pampa Kiwanis Club Friday at noon in the club's weekly meeting. Rev. Ronald Hubbard, pastor of First Presbyterian Church, told the Kiwanians of the huge number of displaced persons who needed help in getting a new start in a new land. He pointed out that several organizations are working to keep open to America for refugees, and that it was the duty of the Christian to help "the least of these," the refugees. Guests included John Curry, Jim McFarland of Amarillo, Gordon Holleben of Oklahoma City, Okla., Capt. Ralph Hamilton of the U. S. Air Force, Dr. Ruiz and Dr. Otto Wulfschlaeger, both of Kansas City, Mo. A special guest was Jim Hudson, Lt. Gov. of the Texas - Oklahoma district of Kiwanis. Club president, Ralph McKinney, and Warren Hasse, first vice president, will attend the 41st annual convention of Kiwanis International at San Francisco, June 17 through 21. Among the speakers at the five-day meeting, in addition to Kiwanis International President J. A. Raney, will be John Foster Dulles, secretary of state and George N. Craig, governor of the state of Indiana. Gas Fumes Fatal HOUSTON (UP)—Mrs. Marie Meyer, 70, died Monday after being found unconscious on the floor of her gas-filled apartment. She was still alive when neighbors became alarmed by escaping gas and notified police, but died a short time after arrival at a hospital.

Mainly About People

Jo Walker, daughter of Mrs. Mary Walker, 1314 E. Frederic, is visiting her mother while convalescing from a recent operation. Will do baby sitting in your home 514 1/2 S. Barnes or Ph 4-4016. Capt. and Mrs. Steven R. Ragar and Judy are visiting in the home of Mrs. Ragar's parents, Mr. and Mrs. Herman Chambliss, southeast of city. Capt. Ragar, who is serving with the Air Force, just completed work on his Master's degree in nuclear engineering at North Carolina State College, Raleigh, N. C. His new assignment is in Fort Worth. Oxygen - equipped ambulances, Ph. 4-3311, Duenkel-Carmichael. Mr. and Mrs. Warner Phillips, 204 N. West, are the parents of a daughter, D'Ann Francine, weighing 6 lb. 2 1/2 oz., born at 7:55 p. m. Friday, in Worley Hospital. Built in electric ovens and cooking tops at wholesale prices Brooks Electric. Purviance, has entered the Methodist Hospital in Lubbock for surgery. New Shorthand classes will be organized Monday June 18. If you are interested register soon. If you delay you may have to send your away, because you came too late Pampa Modern School of Business Ph. 4-5122. Mrs. Beverly Russell, daughter of Mr. and Mrs. C. A. Pollock, 421 Purviance, left Friday from San Antonio for New Orleans, La., where she will enroll in the Charity Hospital for a year's specialized training. The local chapter of SPEBSQSA, Inc., will meet at 8 p. m. Tuesday at radio station KPDM. The Gray County Community Singers will meet at 2 p. m. today

H. C. Yandell Dies Friday

Harry Chester Yandell, 44, suffered a heart attack in his home at 512 S. Cuyler at 10 p. m. Friday and was pronounced dead on arrival at Highland General Hospital. Mr. Yandell was born in Carter, Okla., and had been a resident of Pampa since 1932. He was a painter for Hughes Development Company. Survivors are four daughters, Mrs. Della May Addington of Pampa, Mrs. Dorothy Wyant of Briscoe, Miss Betty June Yandell of Pampa, and Miss Barbara Jean Yandell of Sayre, Okla.; and one sister, Mrs. Irene Mitchell, Big Spring, Tex. Funeral services will be held at 10 a. m. Monday in the Duenkel-Carmichael Funeral Home Chapel with Rev. O. C. Gilbert, pastor of the Church of God, officiating. Burial will be in Carter, Okla.

IKE CAN

(Continued from Page 1) leave the hospital in about 15 days if there are no complications. The President's own comment on his operation, voiced shortly after he awoke from his Saturday morning, was "what a bellyache!" The old soldier managed to say it with a grin despite the fact he was still suffering pain and will for several days. His doctors said Mr. Eisenhower's illness was not in any way connected with his heart condition. The President suffered a heart attack in Denver last Sept. 24, less than nine months ago. No Effect on Heart Nothing in the condition of his heart will affect his convalescence the doctors said. The doctors disclosed that Mr. Eisenhower might have died if he had not had the operation. It was performed on an "emergency basis," they said, "to save the President from possible fatal gangrene of the bowel." But the operation, which lasted from 2:59 a. m. to 4:52 a. m. and at Walter Reed Army hospital, served its purpose. Able to Sign Papers "During the coming week," the doctors said, "he should be able to sign official papers and carry on those functions of the government which are necessary." In Syracuse, N. Y., the President's heart specialist, Dr. Paul Dudley White of Boston, said he came through the operation "marginally." Dr. White was summoned to stand by during the operation as a "precautionary measure." He last saw the President at 8 a. m. ed. "Throughout the operation his heart behaved beautifully," White said. "There was no drop in blood pressure and his pulse remained steady." The emergency surgery was performed by a quartet of military and civilian surgeons while Mrs. Eisenhower and the world anxiously awaited its outcome. "Mamie Waits Out Ordeal" "Mamie" waited out her husband's ordeal in a room 500 feet away. With her were her son, Maj. John S. Eisenhower, and the President's youngest brother, Dr. Milton Eisenhower. Maj. Gen. Leonard D. Heaton, Walter Reed commander and one of those who performed the surgery, said the President's operation should increase his life expectancy. No tissue was removed from the President's body in relieving the obstruction. Instead the surgeons by-passed a diseased area, about 10 inches long, of the tube-like small intestine. The area was described as being of the consistency of a "hard rubber hose." The malady was ileitis—inflammation of the lower small intestine which sometimes causes blocking. Meanwhile, Americans of both political parties and leaders of the world around forgot politics and international tribulations long enough to express fervent hope for the President's early and complete recovery. As messages poured into the White House, flowers arrived at Walter Reed for the President's suite. Concerning the President's White House duties and the political campaign, Heaton said it will be necessary for Mr. Eisenhower to take it easy for some weeks. The abdominal incision was six inches long. So the President won't be able to play much golf or to swim much until mid-August the doctors said. "As to how the President felt Saturday, Heaton said: "His feeling very well, quite responsive, and naturally is suffering some distress."

Modern Means Crowd Cowboy Off The Ranch

Claude Fussell, the new owner of the Greyhound Drug Store in McLean, was featured in a story in the May 25 issue of Collier's, entitled, "The Vanishing Cowboy." Fuss, as he is commonly called, had been working on the JA ranch, located 35 miles southwest of Clarendon, since 1950, before taking over his present position. The story in Collier's told of the life he portrayed while at the ranch and spotlighted the plight of the old time cowboy. The story of the vanishing cowboy is that modern methods are taking over from the old-fashioned types of cow-punching. A lot of cattlemen have traded their horses for trucks, jeeps, and are feeding their herd by new scientific methods. But the J A ranch is trying to stay to the old method of herding by horseback. The ranch is worth \$4,000,000 and ships around 4,000,000 pounds of beef a year. Montie Richie is the owner of the JA. Fuss had been connected with the Matador ranch at Matador, which covered five counties and was one of the oldest outfits around, before moving over to the JA. The reason for his change was that the Matador outfit broke up into several small units. One of the reasons Fussell chose cow punching was that his dad was in the cattle business and he became attached to horses. He was born around 60 miles south of Dallas. Fussell has also been a policeman in Dallas County for five years, chief deputy sheriff in Texarkana, for eight years, and has been a constable at Malakoff. He has also been an assistant manager at the drug store in the Hotel Adolphus in Dallas. Fuss took over the Greyhound Drug in McLean on May 23. Mrs. Marie Henley and Mrs. Martha Aldridge will continue to be employed at the drug store, Fuss stated. In commenting about whether he would ever return to cow punching, Fuss remarked, "I might if the time and condition are just right."

RAIN

(Continued from Page 1) day night reported that the man and woman were both unconscious and that their identity or the cause of the accident had not been determined and they would probably not be able to obtain the information until Sunday. The two persons were taken to Highland General Hospital where their conditions were reported as serious. By UNITED PRESS Hail and thunderstorms peppered the entire northern half of Texas early Saturday night and extended as far south as San Antonio. The Fort Worth weather bureau warned that severe storms were likely up to midnight in two separate sectors. Hail pounded Lubbock late in the day, accompanied by a thunderstorm. The first severe advisory from Fort Worth said, "A few scattered severe thunderstorms are expected from 2 p. m. until midnight in an area from Borger - Amarillo Plainview east - southeastward to Grapevine-Denison and southern Oklahoma." The second warning stated, "severe thunderstorms" were anticipated from College Station - Bay City East-northeastward to Monroe-Melville, La. Skies were clear north of the Red River and also, far to the south, in the lower Rio Grande Valley, where temperatures were reported close to the 100-degree mark. WASHINGTON — Retired Gen. Omar N. Bradley, on whether America should stake everything on the "short war" theory: "We would surely lose a war that was not settled in a few days."

Mrs. J. Kerr Dies Friday

Mrs. J. Edwin Kerr, wife of the pastor of the First Presbyterian Church in McLean, died at 1 p. m. Friday in a local hospital.

Funeral services will be held in the McLean First Presbyterian Church at 9 a. m. June 11 with Rev. Ronald Hubbard, pastor of the First Presbyterian Church in Pampa, officiating. Mrs. Kerr will be buried in Waggoner, Okla., Richerson and Lamb Funeral Home of McLean is in charge of the funeral arrangements. Mrs. Kerr came to McLean from Meeker, Okla., in 1952. Her survivors are her husband, Rev. J. Edwin Kerr; a son, Dr. John Kerr of Chicago; a daughter, Mrs. Phil Wilson, Little Rock, Ark.; a brother, Moro K. Hatfield, Tulsa; a sister, Mrs. Russell McGlasson, Van Buren, Ark., and two grandchildren. DADDY-OH — Boston lawyer Joseph H. Welch receives congratulations after being named "Father of the Year" by the National Father's Day committee. Welch, the father of two sons, was cited for his outstanding championing of the Constitution and the nation's basic freedoms both in his private life and as narrator of a series of TV programs.

AN EGG FOR AN EGG—"Egg-laying-eggs" aren't the vogue yet, but such things do exist. Twelve-year-old Joe Hendricks of Rylie, Tex., found in his henhouse a huge egg with a normal-sized one inside it. Both eggs have a yolk and white. The white leghorn, right, doesn't appear too excited about being the phenomenon's producer.

Ag Department Administers The School Lunch Program

By GAYLORD P. GODWIN — WASHINGTON, June 9 — UP — The national school lunch program was 10 years old last week. Millions of school children and at least a couple of well known adults observed the anniversary. School children throughout the country took part in the celebration. President Eisenhower was the honor guest of the occasion. Secretary of Agriculture Ezra Taft Benson, whose department administers the program, joined students at the 55th Street School in Milwaukee in eating a typical school lunch.

Mr. Eisenhower got a tenth anniversary birthday cake at the White House from a boy and girl representing the school children of America. Aids 10 Million The national school lunch program became effective on June 4, 1946, when the national school lunch act was signed into law by President Truman. The act authorized the program to safeguard the health and well-being of the nation's children, and to encourage U.S. consumption of nutritious foods. Another section of the act calls for "assisting the states, through grants-in-aid and other means, in foods and other facilities for the establishment, maintenance, operation, and expansion of non-profit school-lunch programs."

Cotton Futures

NEW YORK (UP)—Multiple uncertainties in the government export program for raw cotton cut activity in the futures market here this week to the slowest pace in many years. Latent weakness in the stock market, following news of President Eisenhower's illness, joined with increasing reports of textile mill curtailment, in pushing more traders to the sidelines to await developments. Prices at Friday's close ruled 9 points higher to 8 points lower or up 45 cents to down 40 cents a bale compared with the preceding week. Uncertainties about application of the soil bank law to the growing crop, and the generally favorable tenor of the crop news, were additional handicaps to new market interest.

GRAY COUNTY Soil Conservation District News

By OTIS J. CURRY Range Specialist Blue grama is found throughout the plains area from Canada to Mexico. It is commonly associated with buffalograss in the Gray County Soil Conservation District. The grama grasses do not extend very far eastward because of the competition from taller grasses. The gramas are quite important forage plants in the high plains area of Texas. Sideoats, hairy and blue grama are the three better ones found in this area. These grasses are characterized by the flowers being arranged in two rows along one side of the seed head.

Weekly Livestock

OKLAHOMA CITY (UP)—(USDA)—Weekly livestock: Cattle and calves — Compared Friday last week—Cattle and calf receipts slightly below normal due to recent general rainfall over state and increased harvest activity. Cows comprising around 20 per cent of week's supply stockers and feeders 35 per cent. Load choice 1,175 lb. steers 20.50, choice 1,000 and 850 lb. fed steers 20. Half dozen loads good and choice fed steers 19.50. Other good and choice grades 18.50-20. Standard to good steers and yearlings—15-18.50, utility grade 13.50-15.50. Load choice 912 lb. fed heifers 20.50, four loads choice fed heifers 600-908 lbs. 20. Other good and choice fed heifers 18.25-20.

Weekly Grain

FORT WORTH (UP)—(USDA)—Weekly grain: Business in Southwest cash grain markets picked up this week as harvesting of new crop wheat, oats and barley became more widespread. Prices were mixed, according to the Agricultural Marketing Service. Wheat gained 1-2 cent on the high end of the range but lost 2 1-2 cents on the low. No. 1 offerings, ordinary protein content closed Friday at \$2.30 1/2 to \$2.38 1/2. Current prices are encouraging more wheat to move into government loan.

Weekly Livestock 4-H CLUB NEWS

By ROBERT ADAMSON, Assistant County Agricultural Agent The Gray County 4-H delegates to the State 4-H Club Roundup at Texas A&M College and the Land Judging Team and Rifle Team will leave Monday morning at 8 for College Station. The people making the trip and the teams they represent are as follows: John Dial, Jim Greene, Lem Greene, and Kink Smith on the Land Judging Team; Glen Newman, Bob Coombes, Paul Howard, and John Carson on the Rifle Team; Bob Weaver of McLean will be the boy delegate and Jeanie Hopkins and Nellie Greene both of Pampa will be the girl delegates.

Los Her Guess LOS ANGELES (UP) Mrs. Norma Howard, 60, was granted a divorce Wednesday on testimony her husband Joseph, 54, made no effort to explain lip "k" and powder marks on his clothing. Mrs. Howard told the judge that when she asked her husband what he had been doing, he replied, "What do you think I've been doing?"

Best Seller that's hard to beat

This '56 Buick is packed with new features—and priced close to the smaller cars!

WANT SOME QUICK FACTS on the big news in automobiles today—news that can guide you to a smart move and a real smart buy? Then listen—it won't take long. The 1956 Buick has so many new developments—in styling—in power—in performance—in ride and handling—that it is, literally, the best Buick yet. That's Fact No. 1. And Fact No. 2 proves it: Buick today is more strongly entrenched than ever in the top three of the nation's best sellers—outselling all other cars in America except two of the well-known smaller cars. One big reason for this success is the strapping new Buick SPECIAL—like the one pictured here.

It's priced right close to those smaller cars—but, like every '56 Buick, it's a whale of a lot more new car for the money. It cradles a big, new 322-cubic-inch V8 engine that's record-high in power and compression, and crammed with engineering news even the costly cars can't claim. It makes the most of every bit of power with a new version of Variable Pitch Dynaflo* that's the most efficient yet. With a new development the engineers call "double regeneration," Dynaflo gives you great new acceleration from the first thrifty inch of pedal pressure. Even before you switch the pitch.

And this '56 Buick cushions you in the softest ride ever. Shows an uncanny sense of direction on every curve and turn. Puts a whole new feeling of safety, security and solidity into every mile you drive. So before you buy any car—catch up on the latest news. Come try a '56 Buick. When you see how much new automobile you money can buy, we don't think you'll ever settle for less.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick build today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

Skellytown Personals

By MRS. CLIFTON HANNA
Pampa News Correspondent

SKELLYTOWN — (Special) — Glen Studebaker and his Panhandle Play Boys will furnish the music for a dance in the IOOF hall on Saturday, June 9. The dance is being sponsored by the Oddfellow lodge and benefits will be used for finishing the inside of the building.

Mrs. Henry Lamb is a patient this week in the Worley Hospital. Rosalie McAllister, daughter of Mr. and Mrs. R. E. McAllister underwent an emergency appendectomy in the Highland General Hospital last week.

Mr. and Mrs. Darrell Yeager and children, Linda and Rusty, attended a family reunion for the Yeager family at the home of his parents, Mr. and Mrs. R. C. Yeager in Eunice, N.M. Others attending the reunion were Mr. and Mrs. Conrad Yeager and children, Connie Jo and Robert, Canadian, Texas; Mr. and Mrs. W. R. Waas and sons, Mike, Romie and Russ, Co-day, Wyoming; Mr. and Mrs. Joe Pennington and children, Craig Gregory, Sharon, and Rodney, Grand Prairie; Mr. and Mrs. Warren LaRue and children, Billy, Carolyn, Trudy and Judy of Denver City, Texas; Mr. Dean Yeager of Portales, New Mexico and Miss, Martha Clemmens of Colvis N.M.

Mr. and Mrs. Elza Morgan of Houston visited in the home of Morgan's sister and family, Mr. and Mrs. Miles Pearston, on Thursday. They visited in the home of Mr. and Mrs. Jimmy Biggers at Goldsmith, Texas, and were enroute to Canadian to visit Mrs. Morgan's father, Mr. John Miller. Both the Morgan family and the Biggers family are former Skellytown residents.

Mr. and Mrs. Kenneth Beck and daughters, Linda and Kathy, of Amarillo visited in the home of Mr. and Mrs. Carlos Beck Saturday.

Captain and Mrs. R. J. Pearston and children, Joyce and Jimmy, of Tinker Field visited in the home of Mr. and Mrs. Carrol Pearston and family in Pampa, and in the home of Mr. and Mrs. Miles Pearston and family in Skellytown. They returned to Oklahoma City Saturday evening.

New families moving into Skellytown during the past week are Mr. and Mrs. H. D. Rapp, Mr. and Mrs. S. C. Elliot, Mr. and Mrs. L. L. Cooper and Mr. and Mrs. H. C. Campbell. Each of the families moved their homes from the Kewanee Camp near Spring Creek.

A joint memorial service by the Rebekah and Oddfellow lodges will be held in the IOOF Hall on June 17th. The public is invited to attend.

The Panhandle Rebekah Circle will meet in the Skellytown IOOF Hall on June 25th.

Mrs. Blackburn of Pikeville, Kentucky is visiting in the home of her daughter and family, Mr.

and Mrs. C. W. Boyd, The Boyd family are new Skellytown residents, moving into the house vacated by Richard Estes. He is employed by the Phillips Petroleum Co. in Borger.

No Immediate Newspaper Changes Seen

DALLAS (UP) — A newspaper production expert predicts that newspapers will not change radically in the near future, but that improvements will come into being through "a slow process of evolution."

Roy W. Prince, director of the American Newspaper Publishers Association Research Institute, was in Dallas for the ANPA mechanical conference here. Some 1,400 persons have been attending sessions of the convention.

"Essentially, we are trying to get better printing," Prince said. "Many publishers are having to take poor quality newsprint and yet want to keep up the quality of their printing. The institute's research program tried to help maintain and improve that quality."

Declaring that "research is not a speedy operation," Prince said, "it is a process of evolution. An improvement in any one aspect of printing must be geared to the overall system."

"You can always try the brute force approach," he said, "but if it requires a publisher to change all of his equipment it is useless because it is too expensive."

Meantime, the Mergethaler Linotype Co. demonstrated a linofilm composer which it called "the world's first complete photosetting system."

Mergethaler said the machine "combines the latest developments in automation" and handles "all phases" of type composition.

Now Wants Boat Ride
PRESTWICK, Scotland (UP)—Miss Felicity Farquharson, first British Overseas Airways Corp. hostess to fly a million miles between London and New York, said Wednesday her greatest ambition is to cross the Atlantic by ship.

It's Hilarious To Hilario
MANILA, Philippines (P)—Police today released 16-year old Carlos Hilario, who had been charged with using profane language by Francisco Barabosa, 54. Hilario is a deaf mute.

Approximately one-third of the world's sugar is produced from sugar beets, two-thirds from sugar cane.

OH, DEAR, OH DEER!—It's a tough world as this week-old Costa Rican fawn found when he ventured into it at the Como Park zoo in St. Paul. He ended up in a nearby pen of mules and emerged with two broken hind legs. Now wearing casts, the youngster will have to stay close to its mother for a couple of weeks.

PHOTOS COURTESY BRIDES MAGAZINE

Which June bride is right?

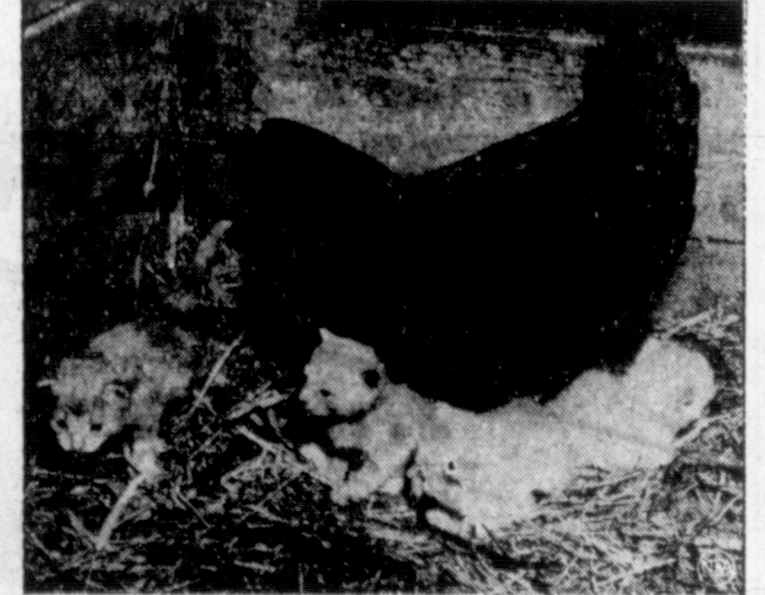

Formal church wedding or quiet home ceremony? Either is correct. Choose what you prefer. The same is true when it comes to selecting your sterling. You may prefer a sentimental pattern like Reed & Barton's new Tara. Your best friend may like a more modern design like Silver Sculpture. Either is perfectly right. Come in and see the exquisite workmanship in all the Reed & Barton designs. See how they adapt to traditional or modern decor. Prices are for 6-pc. place-settings and include Federal Tax.

"MAKE-UP MAN"—Model Ruth Feldheim gets eyebrows touched up by an electrohydraulic remote-control system known as "Yes-Man." Developed by General Electric Engineers in Schenectady, N.Y., the machine can perform dexterous acts from long distance control. It was designed for use in radioactive areas too dangerous for humans.

FAR FROM THEIR BASE—Kansans were treated to a rare sight recently when hundreds of high-flying sea-gulls came in for a landing and free chow on Ellis county farms. A few of them are shown above, over the farm of Mr. and Mrs. E. L. Reynolds, near Hays. The birds, en route from the Gulf of Mexico to the northern lake country, were frantically hungry and were attracted by the worms and grubs turned up by farmers' plows.

Trinidad Mardi Gra On Hi-Fi Records

United Press Staff Writer By PRESTON MCGRAW
Emory Cook, the rajah of the high fidelity documentary, has put the sounds of his trip to the 1956 Trinidad Mardi Gras Carnival on records.
The purpose of the Trinidad Carnival is the same as that of the famous New Orleans carnival: to have a last fling at the pleasures of the flesh before the 40 days of lenten penance.
This naturally entails a good deal of music and singing and dancing on and off the streets. This is what Cook has undertaken to commit to vinyl, in addition to some ear-shattering native drumming.
Three of the records are "Jump Up Carnival in Trinidad (Cook-1072)"; "The Drums of Trinidad (Cook-1045)"; and "Le Jazz Primitif (Cook-1082)." They are all 12-inch records, recorded substantially on the NARTB curve at 33 1/2 RPM's and cost \$4.98 each.

Cook notes that the drums make extraordinary demands on the low frequency response of a system while various other sounds will quickly show up or off the transient response of a Hi-Fi rig.
There probably is no middle ground on these three records. A Hi-Fi enthusiast will like them or he won't and the only way he can tell which it is, is to listen to them, preferably twice.
That part of the critique concerns the subject matter. The recording is up to Cook's usual standard.
A listener might compare with these records, for quality and for subject matter, four of E. D. Nunn's audiophiles. These are

The Aiming Stake

By K. L. FANCHER
This week end it's Service Battery of the 474th Field Artillery Battalion that is traveling to Canyon in order to use the small arms firing range there.
The unit will spend the week end qualifying and familiarizing the men with the weapons each of them will be armed with, and of course will spend it there at the range just this side of Canyon.
The range that units of the 474th are using is being donated through Amarillo National Guard Units and will be used this summer by all of the batteries of the 474th.
To those of you who may have seen the large convoy of vehicles going through town last week and wondered what was happening, members of the 142nd Infantry, Amarillo, came over to borrow those vehicles from the 474th for their trip to Summer Camp. The 142nd leaves the 17th of this month for Ft. Hood, where they will spend their fifteen days of summer field training. Later on this year, this unit will borrow a few vehicles from the 142nd for our trip to Ft. Sill, Okla.
We want to welcome a new officer to the 474th, he is 2d Lt Slade Ball Jr., who has been transferred to Battery "C" in Shamrock, Ll. Ball was formerly an Infantry Officer in Amarillo.
Activity aimed at summer camp is being stepped up every day now throughout the Battalion, and if you'd like to see a lot of work being done, visit any of the Armories at any one of the cities of which the 474th Field Artillery Battalion is a part, and you'll get a good idea of how these men, Help Keep Their Guard Up!

PAMPA NEWS SPORTS EDITOR

Finally got situated where I can write a column. If anybody ever needs any information on sports I will sure do the best I can to help them out.

Was kind of surprised reading about the Amarillo Sandies losing to Highland Park of Dallas on a no-hitter that's right, in the first round of the high school state baseball playoffs. I figured the Sandies wouldn't make the final but that no-hitter (ha). Believe even the Pampa Harvesters could have put up a better fight, at least picked up one hit. Why all the comment? There have just been three no-hit games including this one, record in state prep baseball playoffs. Excuse Putt Powell, Amarillo scribe, gave for their loss was competition the Sandies had encountered during their regular season campaign. Maybe Putt won't have to get out the crying towel next year cause the Harvesters just might fool him and represent this district next year at the state playoffs.

Deck Woldt, Pampa High School baseball coach, and his wife were down in Austin, this past weekend, watching the state tourney.

Grover Seitz, Oiler general manager and business manager, has

Joe Fortin

Top Hitter For Oilers

One of the hittingest players of the Oilers, is Joltin' Joe Fortin the regular first sacker, now on the inactive list, due to a pulled groin muscle. He expects to be back on the active list in about two weeks.

Grover Seitz, general manager and business manager, of the Oilers, commented he will sure be glad when Joe can get back into the lineup. It seems so goes Joe Fortin so travel the Oilers.

Joltin' Joe, as most of the fans know him, started playing professional baseball in 1942 with Lockport, N.Y., of the Pony League, a Class D circuit.

During the next three years, 1943-45, Fortin was in the service. He played a lot of service ball like Vick Werts of the Cleveland Indians.

The highest classification of baseball Joe has played was in Class A, with the Augusta, Ga., team. Fortin's lifetime batting average up through 1955 was .342. He had batted a .401 for Pampa in 1950, while in the West Texas-New Mexico League.

Joe has averaged a 100 RBI's every year since 1946. His home is in Detroit, Mich., and he attended Texas Tech at Lubbock for three years, majoring in math and physical education. During the off season, Joe has been a patrolman for the City of Pampa.

Cubs Bounced

CHICAGO, June 9—UP—The Philadelphia Phillies exploded in a second inning rally Saturday, scoring five runs on four hits, to gain a 5-4 victory over the Chicago Cubs in the second game of a four-game series between the two lower rung clubs.

Fig Saul Rogovin earned credit for the victory, his second of the year against three defeats.

Reject Entry

LONDON (UP)—Officials of the Wimbledon tennis championships announced today they have rejected the entry of South American star Maria Weiss of Argentina. They said Mrs. Weiss has been suspended by the Argentine Lawn Tennis Assn. "until they receive a satisfactory report concerning some expenses."

Brewer To Cubs

CHICAGO (UP)—Jim Brewer, 15-year old southpaw pitcher from Broken Arrow, Okla., has been signed by the Chicago Cubs for the Cubs' Ponca City team in the Class D Sooner State League.

Wait, See Attitude On Title Fight

NEW YORK, June 9—UP—Floyd Patterson's broken hand Saturday forced promoter Jim Norris of the International Boxing Club to adopt a "wait-and-see" attitude towards a possible world heavyweight title fight between the Brooklyn batter and light heavyweight king Archie Moore.

After Patterson punched his way to a split decision over Tommy (Hurricane) Jackson in their 12 round elimination bout Friday night, Norris announced he was planning to match young Floyd with ancient Archie for the vacated heavyweight crown in September.

However, it later was revealed Patterson fractured a bone in his right hand against the fast-punching Jackson and X-rays taken Saturday at St. Claire's hospital confirmed the break that may sideline the 21-year-old contender for about eight weeks.

Dr. Vincent Nardiello, who supervised Saturday's X-ray examination, said it is "indefinite" whether Patterson will be ready to fight again in September. "It's the first time Floyd's ever had a broken hand," Dr. Nardiello pointed out. "How fast the break knits all depends upon the calcium formation around the break."

Michigan's shoreline (touching Lakes Erie, Huron, Michigan and Superior) is the longest of any state, 2,302 miles.

A Golf Course Baffles Littler

NEW ROCHELLE, N.Y. (UP)—Gene Littler of Singing Hills, Calif., has found a golf course that baffles him but it's no help to his 15 rivals in the Palm Beach Round Robin Golf Championship.

On a course he "just can't figure out," the poised, 25-year old Californian was 10 under par with 69-68-68, led the blue ribbon field of 16 pros by 16 points with a score of plus 34, and was a strong favorite to boost his lead in the fourth round today against Art Wall of Pocono Manor, Pa., Bob Rosburg of San Francisco and Lloyd Mangrum of Apple Valley, Calif.

Bolt drew Doug Ford of Mahopac, N.Y., Fred Hawkins of El Paso, Tex., and Freddie Haas of New Orleans and the final four-some, including defending champion Sam Snead, included Mike Souchak of Grossinger, N.Y., Dow Finsterwald of Bedford Heights, Ohio, and Henry Cotton of England.

Watkins Signs

CHICAGO, June 9—Bobby Watkins, star rookie halfback with the Chicago Bears last season, has signed a new contract for the campaign, club president George G. Halas announced Saturday.

Watkins from West Texas State was the second best ground gainer on the Bears last year with 553 yards for a five yard per carry average.

Shreveport Has A One-Two Punch

By UNITED PRESS
Ev Joyner and Ken Guettler, Shreveport's great one-two batting punch, monopolize the Texas League offensive statistics.

Between them, they lead or share the lead in every department but triples and stolen bases with Joyner leading the circuit in hitting with a fat .400 average.

Joyner also is tops in hits with 86, in doubles with 20 and shares the run-scoring lead with Guettler at 49 each.

Guettler tops the loop in home runs with 26, in runs batted in with 63 and in total bases with 147.

The other individual honors belong to Fort Worth players—Mike

Napoli in stolen bases with 10 and Dick Gray and Jap Spears in triples with seven each.

Fort Worth's Rudy Paynich, with a 9-1 record, tops the pitchers, while Dale Matthewson of Tulsa, and Hesel Patrick of Dallas are at 7-1. Houston's Tom Hughes leads in strikeouts with 76.

Rounding out the top five among the individual batters were Al Pearson of Oklahoma City at .383, Art Dunham of Dallas and Marv Williams of Tulsa at .338 and Earl York of Oklahoma City at .328. Shreveport, with a .296 average, boasts a three-point edge over Houston in team batting.

Patterson Breaks Fist In Beating 'Hurricane' Jackson

By JACK CUDDY
United Press Sports Writer

NEW YORK (UP)—Young Floyd Patterson, who gave Tommy (Hurricane) Jackson a decisive beating Friday night, said today, "I'll lick Archie Moore for the vacant heavyweight title in September if my broken right hand heals in time."

Twenty-one-year old Floyd of Brooklyn won decisively before 11,255 at Madison Square Garden for his 17th straight victory. But his triumph was tarnished slightly by a strange split 12-round decision.

Surprising most of the fans and 13 of 14 writers polled at the ring-side, Referee Harry Kessler favored lanky Jackson of Far Rockaway, N.Y., on a "minute-by-minute" scoring basis. The two judges had Patterson well ahead at the end of the thrilling TV radio fight.

Rapid-Fire Hooks
Patterson, scaling 178 pounds to Jackson's 193½, had tall Tommy in trouble from rapid-fire left hooks and leaping right leads in eight of the 12 sessions.

Jackson, who bled from the nose from the third round on, declared, "This boy's not as tough as Bob Baker or Dan Bucceroni. If he fights Moore in September, Archie'll kill him."

Meanwhile Promoter Jim Norris announced, "I'll try to match Patterson and Moore for a 15-round fight in September, and I'll try to have it recognized by all boxing organizations as a fight for the title left vacant by Rocky Marciano's retirement."

Patterson and Jackson will receive the largest purses of their careers, \$40,000 each, guaranteed from the \$75,000 TV-radio fee and from the gross gate of \$66,038.

Patterson, the Olympic middleweight champion of 1952 who Friday night registered his 30th victory in 31 professional bouts, fractured the fourth knuckle of his right fist in the seventh round.

Six To Eight Weeks
Dr. Alexander Schiff, who put the hand in a splint, said, "He

will be out of action from six to eight weeks while the knuckle heals."

In the voting on a rounds basis, Referee Kessler favored Jackson, 9-5-1; but Judge Harold Barnes had Patterson ahead, 8-4, and Judge Bert Grant also favored Patterson, 7-3, as did the United Press, 9-2-1.

Although the Hurricane stalked after smaller Patterson in every round, he was staggered in the second, third, fourth, fifth, sixth, eighth, 11th and 12th.

MISS ITALY—Brunetta Brunella Tocci will represent Italy in the 1956 "Miss Europe" beauty contest finals at Stockholm, Sweden. The 22-year-old student has the title of "Miss Italy."

Oilers Drop Third Straight As Ballinger Wins, 4-3

The Pampa Oilers suffered their third straight Southwestern League setback at the hands of Ballinger, 4-3, Friday night in Oiler Park.

Both teams were held in check till the fourth inning when the Westerners scored the first run of the game. Ballinger's right fielder Wise was struck on the wrist throwing a free pass to first.

An argument developed between the Oiler catcher Jim Martin, and manager A. B. Cross, on the called decision on Wise by the plate umpire. Wise staying on the base path tallied the only run for Ballinger in that inning when teammate Giel filed out to Oiler right fielder, Jim Robinette.

Gene Littler Still Paces Golfers In Round Robin

By OSCAR FRALEY
NEW ROCHELLE, N.Y., June 9 —UP—Dead-panned Gene Littler, putting erratically but hitting radar-irons, fired his fourth straight sub-par round Saturday with a four-under 34-34-88 to continue his runaway in the Round Robin golf tournament with a fat 50 points.

Littler, with rounds of 69-69-68-68 on the par 72 course, earned another 16 points Saturday in this match-a-medal tournament where each player matches cards on a plus and minus basis with other members of his foursome.

Chunky Ted Kroll of Ft. Lauderdale, Fla., came through with a 35-32-67 but was only able to pick up 14 points. But that let him hold on to second place with plus - 32 - 18 points behind the young pace-setter from Palm Springs, Calif.

Tommy Bolt of Houston, Tex., shot a 25-34-69 to gain seven points and move into third place with plus 16. In Sunday's final round, Bolt will be paired with Littler, British Open champion Peter Thomson and burly Mike Souchak. Littler will be shooting for Bobby Locke's tournament record of plus 66.

Littler picked up his 16 points today against Lloyd Mangrum's 36-35-69; a 73 for Art Walls of Pocomo Manor, Pa.; and a 78 by Bob Rosburg which dropped the young San Franciscan from third place as he lost 24 points.

Kroll, despite his five-under-par round, earned only 14 points because of a hot foursome in which Masters champion Jackie Burke of Kiamasha Lake, N.Y., shot a 70, Thomson a 72 and Billy Maxwell of Odessa, Tex., a 73.

Flinsterwald Fourth. Bolt moved up from fifth to third place with a plus 16 as he picked up seven points with a 35-34-69 against a 70 for Freddie Haas of New Orleans and 72s for Fred Hawkins of El Paso, Tex., and PGA champion Doug Ford of New York.

On the minus side were Thomson, down two points; Mangrum and Haas, minus four, Rosburg minus nine, Souchak minus 10, Hawkins minus 11, Wall minus 12, Ford minus 32 and Cotton minus 42.

Hogan And Snead Among Favorites In US Open

By LEO H. PETERSEN
ROCHESTER, N. Y., June 9 —UP—Two of the old heroes—Ben Hogan and Sam Snead—were high among the favorites but the youngsters had an upset-minded glint in their eyes as the fairway fraternity moved in Saturday for the 56th U. S. Open golf championship.

Hogan will be shooting for a record fifth championship when the tournament is held at tree-lined Oak Hill Country Club Thursday through Saturday. And Snead, four times a bitter second, still will be shooting for his first.

But a blue-ribbon field, inspired by upset triumphs in the last two years by such longshots as Jack Fleck and Ed Furgol, figured that almost anybody could capture the four-round, three-day jaunt over the 6,902-yard par 70 layout.

Former champions on hand in addition to Hogan, who will be striving to break his four-time tie with Bobby Jones and ancient Willie Anderson; include Fleck, Furgol, Julius Boros and Cary Middlecoff.

They head a star-studded field which lists Masters champion Jackie Burke, PGA champion Doug Ford, British Open King Peter Thomson and U. S. Amateur champion Harvie Ward, whose slim pure companions include possum-hunting Billy Joe Patton and Ken Ventura, the heart-break kid of the Masters.

Among the old favorites giving it another try along with Snead are such as Jimmy Demaret, Chick Harbert, Dutch Harrison, Porky Oliver, Johnny Revolta, and Paul Runyan. Foreign threats are Henry Cotton of England and Roberto Di Vicenzo.

Tournament-sharpened stars seeking the "big one" are Tommy Bolt, Walt Burkemo, Frank Stranahan and Bob Toski. But this time there may well be added trouble from the younger stars who gradually have been ousting the "old guard" on the cash and carry circuit.

Gene Littler, the little, poker-faced blond from California, heads such threatening youngsters as Mike Souchak, Don Fairfield, Don January, Arnold Palmer, Bob Rosburg and Shelley Mayfield.

British Win Curtis Cup

SANDWICH, England June 9 —UP—Britain's women amateur golf stars wrested the Curtis Cup from the United States Saturday when the blare of a loud speaker upset Polly Riley of Fort Worth, Tex., as she attempted a vital approach shot on the 36th hole of her decisive match.

Britain, trailing 2-1 after the Americans won two of Friday's foursomes contests, rallied to win the cup for the second time in its 26-year history. The Britons took four of Saturday's 36-hole singles matches to win the classic, 6-4.

With the score tied at 3-3, Miss Riley was locked in an important match with Frances Stephens Smith of England, Britain's top woman player since World War II. Mary Ann Downey of Baltimore, Md., and Angela Ward also still were on the bunker-pitted course but the English girl was far ahead in this clash.

Loudspeaker Coughed. Then came the incident, which coupled with Mrs. Smith's fine play under pressure, frustrated America's bid to win the cup for the seventh time.

Just as Miss Riley was about to chip to the green, the loudspeaker which was being tested for the presentation ceremony, coughed loudly. Miss Riley jerked her head up. She nervously stepped away from the ball and looked toward the speaker. Then she readjusted her ball and pitched 25 feet past the hole. She then missed her long put.

Margaret (Wiff) Smith of St. Clair, Mich. boosted the American lead to 3-1 by crushing Philomena Garvey, The Irish Champion, 9 and 8.

Miss Romack Wins. Mrs. George Valentine, the Scottish champion, whipped Pat Leaser, the U.S. champion from Seattle, Wash., 6 and 4, and Elizabeth Price of England made it 3-1 all with a 7 and 6 triumph over Jane Neilson of Indianapolis, Ind.

Barbara Romack, the 1954 U.S. champion from Sacramento, Calif., put her team in front again by defeating Janette Robertson of Scotland, 6 and 4.

But Mrs. Smith then edged Miss Riley in the best contest of the two-day competition and Miss Ward followed with a 4 and 3 triumph over Miss Downey.

Ricci Tavi Wins Over Fabius

STANTON, Del., June 9 —UP—Christiana Stable's Ricci Tavi, a long shot who never before had won a stakes race, ran away from favored Fabius in the stretch at Delaware Park Saturday to win the \$50,300 Leonard Richards Stakes by a surprising six lengths.

Fabius, winner of the Preakness and Jersey stakes in his last two starts, was an odds-on favorite at 2 to 5, but Ricci Tavi left him with ease in the final straightaway to haul down a winner's purse of \$27,400.

Fabius was lucky to finish second in the mile and one-eighth race as the fast-moving Frosty Mr. owned by Mrs. Cecil B. Fishbach, almost caught the Calumet Farm horse at the wire but just missed by a head.

Mantle Polling Largest All Star Vote Total

By NORMAN MILLER
NEW YORK, June 9—UP—Mickey Mantle, the New York Yankee long-distance climber who is threatening Babe Ruth's home run record, has polled the largest vote total in the first tabulation of ballots for the 1956 major league all-star game.

The ballot, compiled this year in the offices of Baseball Commissioner Ford Frick, also showed Saturday that Al (Red) Schoendienst of the St. Louis Cardinals was the top vote-getter for the National League. The classic will be played in Washington's Griffith Stadium, July 10.

Seven of the eight American League starters in the 1955 classic (exclusive of the pitcher) again led their positions in voting this year. The only American League position showing a "new face" in the early voting was third base, where Ray Boone of the Detroit Tigers led.

New Faces in NL
It is a different story in the National League, however, where only three of last year's starters led at their positions. Schoendienst, shortstop Ernie Banks of the Chicago Cubs and Duke Snider of the Brooklyn Dodgers.

At the five other positions that are chosen exclusively by the vote of the nation's fans, the 1955 starters were being passed over in favor of two of the all-star game's "old pros"—outfielder Stan Musial of the Cardinals and catcher Roy Campanella of the Dodgers, and newcomers like Dale Long, the Pittsburgh Pirates slugger first baseman, and third baseman Ken Boyer and outfielder Rip Repulski, both of the Cards.

Ted Williams of the Boston Red Sox, a perennial favorite of the fans, was another early leader. Even though he has missed most of the season thus far because of an injury, Williams' 1,754 total for left field was the fourth highest among American Leaguers, papers and radio and television.

In the early tabulation, which the commissioner stressed covers **Berra Is Second**
Yogi Berra of the Yankees was 2,258 votes for center field. Catcher Mantle has attracted a total of 2,237 votes, taking part in the poll, less than 10 per cent of the news-running second with 2,120 votes.

Shortstop Harvey Kuenn of the Tigers, with 2,519 votes, also was running ahead of Schoendienst' 2,330 National League leading total. Musial was second in the National League voting with 2,237.

Other American League leaders at their positions were first baseman Mickey Vernon of Boston, second baseman Nellie Fox of Chicago, and outfielder Al Kaline of Detroit.

Orioles Take Two
BALTIMORE, June 9—UP—The Baltimore Orioles ran their winning streak to five games Saturday night by sweeping a day-night double header from the last-place Kansas City Athletics, 4-1, in the afternoon and 7-5 under the lights.

Although the first day-night twin bill in Baltimore history was a success on the field, it was a financial flop. Only 3,733 showed up for the first game and 9,393 at night for a total of 13,126.

The Orioles rallied for four runs in the seventh inning to win the nightcap and hold former relief specialist Tom Gorman his second loss against three wins.

In the day game Ray Moore went the distance and allowed five hits in winning his fifth game against four defeats. Moore last his shutout in the ninth inning when Enos Slaughter singled, Harry Simpson walked and Johnny Groth doubled to score Slaughter. But the Oriole right hander then struck out pinch hitter Bill Renna to end the game.

Indians Take Yanks
NEW YORK, June 9—UP—Batting back from a six-run deficit, the Cleveland Indians surged to within two and a half games of the American League lead Saturday with a 15-8 victory over the New York Yankees who committed four errors and gave their

Patterson Moving Closer For Heavyweight Title Shot

TODAY'S SPORT PARADE
(Reg. U.S. Pat. Off.)
By OSCAR FRALEY
United Press Sports Writer

NEW YORK (UP)—Floyd Patterson, a tan tiger with lancing fists, beat both Tommy Jackson and Harry Kessler Friday night to move within one step of the heavyweight championship of the world.

Jackson, equipped only with a pair of red leather mittens and a pumpkin-sized heart, was the opponent, Kessler, who must have been watching some other fight, was the referee.

Thanks to the two judges, Patterson won what actually was a very one-sided decision while Kessler somehow voted for Jackson, six rounds to five with one even.

Kessler's vote along with Jackson's ability to go the distance, were the only two surprises of the evening. But a calmly jubilant Patterson professed no amazement at the latter performance.

"I never did think I'd knock him out," said the former Olympic champion who now will meet old Archie Moore for Rocky Marciano's abdicated title come September.

"That Jackson is a tough man—the toughest I ever fought," Patterson added. "I knew he'd be hard to put away and actually I needed to go the 12 rounds to prove something to myself and to the fans."

That was, Patterson said as he wiped an unmarked face, whether he could go a distance. For in 30 previous pro bouts, marred by only one loss, he had never gone 10 full rounds.

"Now I know I can go 15 rounds if I have to because I wasn't tired after 12," he grinned as he added wryly, "even though I landed more punches than I ever threw in my life."

Neither Patterson or his manager, white-haired Gus D'Amato, appeared concerned over Kessler's ballot favoring Jackson.

"I had it 10 to two in my own mind," D'Amato said. "But I guess he voted the way he saw it."

Apparently nobody else among the 11,255 spectators saw it like the third man in the ring. His decision drew a torrent of boos.

"I judged it by the clock," Kessler explained. "In most of the rounds, Jackson led for two of the three minutes. To me, it's a question of how many punches make up for a big lead."

Which is one way of looking at it. Yet there can be no question but what Patterson battered Jackson mercilessly, hurt him often, several times had him on the verge of dream street and never once was hit himself.

From my seat, Patterson won it in a canter—nine rounds to two and one even. For once, I was with the majority, 11,254 to one.

US Chances Of Winning French Title Is Dim

PARIS, June 9—UP—America's last hope of winning the French Amateur golf championship was doused Saturday when Doug Sanders of Miami Beach, Fla., hit a poor approach shot on the 19th hole and was beaten in the tournament semifinals by Franco Beviene of Italy.

Beviene, 34-year-old Italian amateur champion, will play France's six-time titleholder Henri De LaMaze Sunday in a 36-hole final. De LaMaze gained the title round with a 2 and 1 semifinal triumph over 15-year-old Gunnar Carljander of Sweden.

The French Amateur tournament thus will be without an American finalist for the first time since 1950. The Yanks also will return home without either the French or the British Amateur championships. John Beharrell of England won the British title last Saturday.

DeLaMaze will be favored Sunday to win his native amateur crown for the third straight year and for the seventh time in the past 10 tournaments.

Three Americans were eliminated in the morning quarterfinals.

Gene Andrews of Pacific Palisades, Calif., a former U. S. Public Links champion, was defeated by Beviene, 4 and 3; Col. J. Wilson Johnston of Portland, Ore., lost to Sanders, 4 and 3; and Jack Penrose of Miami, Fla., was edged by Carljander on the 19th hole. De LaMaze advanced with a 1 up victory over H. G. Bentley of England.

Takes Title
NEW YORK, June 9—UP—Outfielder David Smalley of Albuquerque, N.M., became the first Navy player to win the Eastern batting championship by posting .419 average this season, official statistics revealed Saturday.

Cowboys Best
ALPINE, Tex., June 9—UP—The Alpine Cowboys defeated the semi-pro baseball world champions of 1955, the Boeing Bombers from Wichita, Kan., 14 to 6, here Saturday.

The Bombers collected eight hits off Cowboy pitcher Don Pressley, five of these doubles. Pete Swain, Herb Biederman and Howard Snodgrass all homered for the Cowboys.

The two teams play a double-header Sunday afternoon.

Game Set
The doubleheader between the Pampa Oilers and the Ballinger Westerners to have been played Saturday evening, in Oiler Park, was postponed due to rain and wet grounds.

A doubleheader is scheduled for today starting at 2:30 p.m. between the Oilers and the Westerners.

PANHANDLE OUTDOORS

The Panhandle Bird Dog Association met last Thursday night, at Amarillo in the Daily News conference room, elected officers and set the dates for the fall trials. It was decided that Nov. 3-4, would be the days for the fall trial.

These days were selected in order for the trial to be carried on so as not to conflict with certain prominent trails in Oklahoma.

Jim Bell of Amarillo was elected president of the club by unanimous vote and Don Masterson also of Amarillo was elected secretary.

Board of Directors included A. S. Jackson, Canadian, Carl Risley, Sayre, Okla., Jack Woodford, Miami, Plez Harrison, Stinnett, D. T. Fuller, Borger and Morris Bankhead of Amarillo.

Joe Knittle, Amarillo and Myron Blackburn, of Canadian were selected as assistant secretary and club reporters. The trial will feature the same stakes this fall as in the past, consisting of puppy; deroxy, all-age and gun dog varieties.

The Panhandle Bird Dog Association was organized in 1950 and the first trial was conducted that year. The club has since grown from a local or area organization to one that is well known throughout the southwest, thanks to the energetic efforts of the club's able president, Jim Bell and the boys that boost the bird dog trials.

One of the highlights in outdoor sports last year was the releasing of about 175 Spanish red-legged partridges in the Childress area. It was wished that these birds would reproduce and thus start a new upland game bird specie for the hunters in the Panhandle. Last year's nesting activities did not bring any results as far as can be determined. However we now have Spanish red-legs that are native to the Panhandle.

Mr. A. S. Jackson, Senior Wildlife Biologist, for this area, reported that a Cottle County rancher, Miles Wells, reported seeing a brood of a dozen young red-legs on the Wells ranch last week. If these birds can have favorable conditions it could be that in the next few years the Panhandle and lower plains will be well stocked with this choice game bird.

Mr. Jackson also stated that the red-legs recently released in Lipscomb County are all "paired off" at this time, thus indicating that nesting activities are underway.

These birds are almost as large as a prairie chicken and will make excellent hunting once the species increases.

Again the Texas Panhandle has received a shipment of foreign birds. This time the specie is rock partridge, a small bird about the size of a bobwhite quail resembling the grouse more than the quail.

A. S. Jackson, was at the Amarillo airport last week to pick up 67 of these birds that were shipped into this country from Pakistan.

Fens had already been constructed in the Palo Duro canyon area for the holding of these birds. They will be kept in captivity some ten days to two weeks and released in that county. According to Mr. Jackson these birds are adapted to hot dry country and to rocky areas. The rock partridge is reported to look somewhat like a sand color.

If these efforts prove successful the Texas Game Laws could well include rock partridge in a few years with a daily bag limit. Can you imagine a game bag full of quail, red-legs and rock partridges. If practical, the Texas Game department together with the U. S. Fish and Wildlife service will attempt to continue to restock these species for the hunter's benefit.

Suspended
STANTON, Del., June 9—UP—Jockey Bill Hartack was suspended for 10 days by the stewards at Delaware Park Saturday for careless riding in Friday's fourth race, forcing the 1955 national champion to surrender his assignment aboard Fabius in the \$100,000 added Belmont Stakes next Saturday.

To Help Coach
PITTSBURGH, June 9—UP—Russ Craft, eight-year veteran of professional football, has signed as a coach with the Pittsburgh Steelers of the National Football League, it was announced Saturday.

Pirates Pounded
ST. LOUIS, June 9—UP—Two homers by Wally Moon and another by Stan Musial provided the big punch Saturday as the St. Louis Cardinals pounded the Pittsburgh Pirates, 8-3, to regain a tie for second place.

Wilmer (Vinegar Bend) Mizell was credited with his seventh victory, although he needed the shut-out relief pitching of Jim Konstanty over the last four innings. Vern Law, first of the Pirates' six

Dodgers Win
CINCINNATI, June 9—UP—The Brooklyn Dodgers, who blew a 50 lead when Ted Kluszewski and Ed Bailey hit late-inning homers, put over a three-run rally in the 10th inning Saturday to defeat the Cincinnati Redlegs, 8-5.

It was the first time the Dodgers had been able to beat the Redlegs this season after losing to them five times.

Carl Furillo touched off the winning inning off relief pitcher Buster Freeman with a single, Gil Hodges doubled and Roy Campanella walked to load the bases.

Pinch hitter Jackie Robinson scored Furillo with a sacrifice fly. Weak-hitting Clem Labine, who gained the victory in a relief pitching role, then helped his own cause with a single that brought in Hodges. Gino Cimoli completed the rally by singling to score Campanella and Kayo Freeman.

After Kluszewski had drilled a bases-loaded home run in the eighth inning off starter Sal Maglie, catcher Bailey supplied the tying tally with a home run in the ninth that sent the game into extra innings.

Tigers Take Close
WASHINGTON, June 9—UP—The Detroit Tigers came up with two runs in the tenth inning to defeat the Washington Senators, 5-3, Saturday night and move back into a tie for fourth place with the Boston Red Sox.

The Senators were trailing, 3-1, when Roy Sievers hit his 13th homer in the eighth with one on off Steve Gromek.

Earl Torgerson batted for Jim Briedewer with one out in the 10th and singled. Gromek sacrificed. Bill Tuttle tripled and Wayne Belardi singled for two runs.

Mary Jane Nedbalek, Weldon Steward Marry Saturday In Double-Ring Service

Miss Mary Jane Nedbalek of Bryan and Weldon Cecil Steward of Pampa were united in marriage at 7 p.m. Saturday in the First Presbyterian Church of Bryan, Dr. A. T. Dyal of Bay City officiated for the double-ring ceremony.

The bride is the daughter of Mr. and Mrs. L. E. Nedbalek of Bryan, and the bridegroom is the son of Mr. and Mrs. Weldon C. Steward, 1329 Terrace, Pampa.

Given in marriage by her father, the bride wore a gown of pure-silk satin taffeta, Chantilly lace and tulle. The moulded bodice of imported Chantilly lace with a tulle yoke accented with lace appliques was styled with a high rounded neckline and long lace sleeves that came to points over her hands. The bouffant skirt of silk satin taffeta, designed with a lace peplum and front and back lace panels, extended into a cathedral train.

Her fingertip veil of illusion fell from a tiara embroidered with seed pearls and rhinestones. Her only jewelry was a pair of cultured pearl earrings, a gift from the bridegroom. She carried a bouquet of feathered carnations, centered with an orchid, over a white Bible.

Miss Jean Locke of Bryan was maid of honor, and bridesmaids were Miss Patricia Johnson of Pampa, Miss Sylvia Kelley of Bryan and Miss Elizabeth Caldwell of Bryan. All wore identical gowns of light green organza over taffeta. The princess-style bodices were designed with large tucked collars, and the skirts were bouffant. They wore large picture hats of light green organza and carried white fans entwined with pink split carnations.

John Tolbert Hutchens of Pampa served as best man, and groomsmen were Sid Mills of Sharon Springs, Kans., Rick Harden of Pampa, and Kirby Kesley of Stephenville. Dayton Moses of College Station and Tommy Short of Llano were ushers. Candelighters were Charles and Bob Burley.

Vows were exchanged beneath a white archway entwined with greenery. Other decorations were baskets of white gladioli and stock backed by Hawaiian foliage. Mrs. H. R. Crim, organist, played the traditional wedding marches, and Miss Corilyn Thurman sang "Still As The Night," "Mine Alone" and "The Wedding Prayer."

For her daughter's wedding, Mrs. Nedbalek wore a dusty-rose lace dress over taffeta with matching accessories. Her corsage was of baby orchids. Mrs. Steward was attired in a light-blue peau de soie dress with matching accessories. Her corsage was of pink split carnations.

Following the ceremony, the reception was held in the Woman's Club. The serving table was covered with a floor-length white net cloth over taffeta, centered with a large pineapple-shaped arrangement of white daisies flanked by crystal candelabra. The three-tiered wedding cake was topped with a miniature bride and bridegroom.

The entrance hall of the Club was decorated with arrangements of pink asters and pink tapers. Guests were greeted by Misses Pamela Hayes, Sue Smith and Connie Nedbalek, who carried tiny rice bags in small umbrellas. Assisting with the reception were Mrs. Marge Cobble and Misses Earlene Carleton, Deloris Schoedel and Charlene Nehrman.

For the wedding trip to France, where the bridegroom will attend the Fontainebleau School of Fine Arts for two months, the bride wore a gray linen princess-style dress with matching jacket. Her accessories were black, and her corsage was the orchid from her bridal bouquet.

After Sept. 3, the couple will be at home at 4500 Nagle St., Bryan. The bride was graduated from Stephen F. Austin High School in Bryan and is presently employed in the office of the superintendent of Bryan schools.

The bridegroom was graduated from Pampa High School and is studying for his degree in architectural design at Texas A&M College where he served as a vice-president of the student chapter of American

MRS. WELDON CECIL STEWARD

Institute of Architects and as commanding officer of the White Band. He received a distinguished students rating and won the J. Rodney Tabor scholarship for his fifth year of study.

Among the out-of-town guests for the wedding were Mr. and Mrs. W. E. Jarvis of Pampa; Mr. and

Mrs. L. G. Mangum of Pueblo, Colo.; Mrs. Sid Mills, of Sharon Springs, Kans.; and Glenn Buel of Amarillo.

Mr. and Mrs. Weldon C. Steward, parents of the bridegroom, hosted the rehearsal dinner Friday in the Memorial Student Center on the campus of Texas A&M College.

LaJuana Peden, Johnny Quarles Vows Solemnized

Mr. and Mrs. L. J. Peden of LeFors announce the marriage of their daughter, LaJuana, to Johnny Quarles, son of Mr. and Mrs. L. L. Quarles of Laketon, April 16, in Sayre, Okla. The Rev. Dick Harrison officiated for the single-ring service.

For her wedding, the bride wore an orchid shantung dress with white accessories. Her corsage was a white orchid.

The couple is now at home at 608 1/2 N. Gray, Pampa.

The bride was graduated from LeFors High School and is now employed by the White House Lumber Company. The bridegroom is also a graduate of LeFors High School and is employed by Brooks Electric.

Anita Sue Franklin And Allen R. Young Are Married Thursday In White Deer

Miss Anita Sue Franklin, daughter of Mr. and Mrs. W. O. Franklin of White Deer, and Allen R. Young, son of Mr. and Mrs. S. L. Young of Farmington, N.M., were married at 7:30 p.m. Thursday in the White Deer Methodist Church. Rev. LeRoy Baker officiated for the double-ring service.

Given in marriage by her father, the bride wore a gown of white chantilly lace over satin. The fitted lace bodice was styled with a portrait neckline and long lace sleeves that came to points over her hands. The bouffant satin skirt was accented with a scalloped lace panner. Her waist-length veil of illusion, edged with lace, fell from a satin and pearl Juliet cap. She carried a bouquet of white roses and lily-of-the-valley.

Mrs. Bill Wilkerson of Midland was matron of honor. She was attired in a rose taffeta waist-length gown and carried a Colonial bou-

quet. Misses Delma and Zelma Franklin of Pampa, cousins of the bride, were candelighters.

For her daughter's wedding, Mrs. Franklin wore a blue sheath with matching duster and flax-colored accessories. Her corsage was of pink split carnations. The bridegroom's mother was attired in a teal-colored linen dress with beige accessories. Her corsage was of white split carnations.

For the ceremony, Miss Rochelle Smith of Pampa, cousin of the bride, sang "Through The Years" and "The Lord's Prayer." Organist was Miss Bette Fern Roles.

A reception in Fellowship Hall followed the ceremony. The serving table was covered with a lace cloth over pink and was centered with an arrangement of pink and white flowers centered with three pink tapers. The three-tiered wedding cake, decorated with pink roses, was topped with a wedding bell arrangement.

Mrs. Don Mills of Skellytown, aunt of the bride, served the cake and Miss Bernice Young, sister of the bridegroom, presided at the punch bowl. Guests were registered by Miss Karen Collins of White Deer, cousin of the bride.

For the short wedding trip, the bride wore a black sheath with white accessories. Her corsage was of roses.

The couple will reside in Farmington, N.M.

The bride was graduated from White Deer High School and attended North Texas State College in Denton. The bridegroom was graduated from Farmington High School and is attending Fort Lewis A&M College in Durango, Colo.

MRS. ALLEN RAY YOUNG (Photo by Smith's Studio)

Former Pampan Is Married In Kansas

Miss Pat Rollins and Don Webb were married in the Pershing Avenue Baptist Church, Wichita, Kans., at 10 a.m. May 26.

Parents of the couple are Mr. and Mrs. Charles L. Rollins of Wichita, and Rev. and Mrs. Collins Webb, formerly of Pampa.

The Rev. Collins Webb, father of the bridegroom performed the double-ring ceremony under a rose-covered archway. Mrs. Veryl McGettrick sang the traditional, "I Love You Truly," accompanied at the piano by Mrs. Buelah Wells.

The bride wore a ballerina-length gown of lace and net over taffeta. She carried a white Bible topped with a bouquet of white carnations and baby ruscus. The tradition of something old, new, borrowed and blue was carried out.

Miss Elaine DeBusk was the maid of honor. She wore a red and white ballerina-length dress and carried a colonial bouquet of red carnations.

Ted Gardner served as best man and ushers were David Finley and Leonard Newby.

Mrs. Rollins wore a pink linen dress with white accessories and a corsage of white carnations. The mother of the bridegroom wore a navy blue shantung suit with navy blue accessories and a corsage of white carnations.

Following the ceremony, a reception was held in the church parsonage. Assisting with the reception were Misses Virginia Mike, Mary Richardson, Gladys Shannon; and Mrs. Ted Gardner.

Vows Exchanged In Double-Ring Rite By Hilda Jo Larned And Ray Keelin

WHITE DEER — (Special) — Miss Hilda Jo Larned and W. Ray Keelin were united in marriage in a double ring ceremony at 7 p.m. June 2, in the First Methodist Church in White Deer. Rev. Lee Roy Baker of Amherst officiated.

The bride is the daughter of Mr. and Mrs. W. T. Townsend of White Deer, and the bridegroom is the son of Mr. and Mrs. C. L. Keelin, 608 N. Russell, Pampa.

Given in marriage by her father, the bride wore a traditional gown of white lace over taffeta. The strapless bodice was topped by a short lace jacket styled with a Peter Pan collar and long lace sleeves coming to points over her hands. The waltz-length skirt was of a scroll designed lace and tulle and her bouquet was of gardenias and carnations on a white Bibbe. The bride also wore a necklace of gold and pearls, a gift from the bridegroom. Her fingertip veil of white net fell from a half-inch of lace trimmed with a tulle ruffe.

Mrs. Jimmy Keel, Pampa, was the matron of honor. She wore a blue permanent-finished cotton dress styled with a square neck and short sleeves. Her full-hooped waltz-length skirt was accented by a basque waist, and she wore a picture hat of blue net. Her bouquet was of pink carnations.

The bridesmaids, Mrs. Grady Milton, and Miss Joice Ballard, both of White Deer, wore dresses identical to that of the matron of honor, except in pink and blue.

Kenny Parker, Pampa, served as best man, and Bill Abbott, White Deer, and Bob Harris, Pampa, served as groomsmen. Ushers were Cordell Pugh and T. C. Jackson, both of White Deer.

Candlelighters for the ceremony were Billy Tom Townsend and Ricky Townsend, brothers of the bride, and Twila Jackson and Gary Gann of White Deer were ringbearers.

For her daughter's wedding, Mrs. Townsend wore a gray lace dress over pink taffeta with pink accessories and a white carnation corsage. The bridegroom's mother wore a navy blue lace dress with navy blue and white accessories and a white carnation corsage.

The couple was married before a background of candelabra and greenery, flanked by baskets of pink geraniol. Greenery and candles decorated each stained-glass window of the church. Arrangements of multi-colored roses and garden flowers were on the piano and organ.

The traditional wedding marches were played by Miss Peggy O'Neal, Vocalist, Miss Sharon Dickens, sang "I Love You Truly" and "Because."

Following the ceremony, a reception was held in the fellowship hall of the church. The serving table was covered with a white lace cloth over pink and was draped in the front with small bells and green bows. The table was centered with an arrangement of pastel asters and stock, flanked by pink candles in silver holders. The three-tiered cake was topped by a miniature bride and bridegroom.

Mrs. Huelyn Laycock presided at the crystal punch bowl, and Mrs. Bob C. Moore served the cake. For her wedding trip to Denver,

MRS. W. RAY KEELIN
(Photo by Coll's Studio)

Colo., the bride wore a dress of navy blue lace with navy blue and pink accessories.

Following the honeymoon, the couple will reside in Pampa. The bride is a 1955 graduate of White Deer High School and has been employed as a secretary for the White Deer Insurance Agency. The bridegroom graduated from

Miss Ann Collins Honored At Tech

Miss Ann Collins, daughter of Mr. and Mrs. J. M. Collins of Plainview, former Pampa, was named Woman of the Year during Women's Day on the campus of Texas Technological College, Lubbock.

The event was sponsored by Intercollegiate Association of Women Students with more than 250 college women attending the banquet at which the award was made.

Miss Collins is an officer in Delta Delta Delta, social sorority, president of the Tech Union, a member of the Senior Women's Honorary Forum and a legislator for Horn Hall dormitory.

Miss Collins was chosen from a field of nine candidates in an election by Texas Tech women students.

Most furniture manufactured today is scaled to smaller homes. Some pieces are smaller in size, while others seem smaller or lighter because they have slim legs and are high from the floor.

Opal Peggram And Walter Camp Wed In Single-Ring Rite

Miss Opal Peggram of Pampa and Walter Camp of Wellington were united in marriage at 4 p.m. June 2, in the study of the First Baptist Church, Pampa. Dr. E. Douglas Carver officiated for the single-ring ceremony.

The bride is the daughter of Mr. and Mrs. W. R. Peggram of Quail, and the bridegroom is the son of Mr. and Mrs. D. C. Camp of Wellington.

For her wedding, the bride wore a pink cotton dress, a small white hat and white gloves. Her accessories were black, and she wore a corsage of white gardenias.

Miss Martha Montgomery of Shamrock was maid of honor, and Sam Thompson of Wellington served as best man.

Mrs. Peggram, mother of the bride, wore a navy blue linen dress and a white carnation corsage.

Following the service, a reception was held in the home of Mr. and Mrs. Jimmy Terry. The serving table was covered with a white cutwork cloth. Miss Rayma Camp, sister of the bridegroom, presided at the punch bowl, and Mrs. Jim Peggram, sister-in-law of the bride, served the cake. Guests were registered by Miss Sammy Lu Thompson.

Following a short wedding trip, the couple will reside in Wellington.

The bride was graduated from Quail High School and West Texas State College. She has been teaching first grade in the Pampa school system for three years.

The bridegroom was graduated from Texas A&M College and is now engaged in farming at Wellington.

The harem hemline has gone from evening to daytime and is seen in afternoon dresses this spring.

Earrings too tight? If they're the snap-on type, never meddle with them. Take them to the store from which they were purchased and they'll be adjusted for you, usually free of charge.

Modest maidens hail this year's swing to the more modest swim-suit. You get more suit for your money in many styles now in the market.

MRS. WALTER CAMP

Shower Presented For Harriett Hale

PERRYTON — (Special) — Miss Harriett Hale, bride-elect of Jerry Conner, was honored with a bridal shower in the home of Mrs. Spencer Whippo. Co-hostesses were

Mmes. John Tillerson, Miles Edwards, Alfred Pittman, J. R. Skaggs, Herman Hargrove, Harold Simpson, and C. L. Schell.

The honoree, her mother, Mrs. Ralph Hale, and Mrs. Dean Conner, mother of the prospective bridegroom, were presented corsages of white carnations. Miss Geraldine Parker assisted with the

gifts, and Miss Ola Sue Johnson was in charge of the guest book.

The serving table was covered with an heirloom hand-drawn white linen cloth, and was decorated with a bouquet of pink carnations, centered with white wedding bells, behind a miniature bride doll.

Napkins were inscribed with "Harriett and Jerry." Mrs. Hale and Mrs. Conner alternated at the punch bowl.

Approximately 100 guests attended or sent gifts.

Thick frozen steaks and chops should be broiled more slowly than defrosted ones so the meat will be cooked to the desired degree of doneness without becoming too brown on the outside.

Bologna slices, when spread with mustard and panfried over a low heat, will curl up around the edges. The cups formed can be filled with scrambled eggs, baked beans or hot salad.

Double-Ring, Candlelight Service Unites Miss Betty Norman And Carlos Walker

Nuptial vows were exchanged at 7 p.m. June 2, in the First Baptist Church by Miss Betty Lometa Norman and Carlos Richard Walker. Dr. E. Douglas Carver officiated for the doubling, candlelight service.

The bride is the daughter of Mr. and Mrs. L. H. Norman, 340 S. Dwight, and the bridegroom is the son of Mr. and Mrs. W. B. Walker of Luling.

The bride, given in marriage by her father, wore a gown of white nylon and chantilly lace over satin. The fitted long torso bodice of lace that extended over her hips was designed with a tulle yoke, a rounded standup lace collar and long lace sleeves that came to points over her hands. The bouffant skirt was of pleated nylon tulle over satin.

Her fingertip veil of illusion fell from a pearl tiara, and she carried a bouquet of stephanotis, centered with an orchid, over a white E.ble. She carried out the tradition of something old, new, borrowed and blue.

Miss Ruby Nell Norman of St. Louis, Mo., sister of the bride, was maid of honor, and bridesmaid: were Mrs. Roy Lee Dunn and Miss Fas Marie Beck, both of Borger. All wore identical gowns of yellow organza over yellow satin. The fitted bodices were accented with white organza drapes a round the shoulders, and the bouffant skirts were chapel length. They carried parasols of yellow organza filled with white daisies, and wore bands of white daisies in their hair.

William Wroth of Lake Jackson served as best man, and ushers were Luther Norman, brother of the bride, and Elmo Sample of Smiley, cousin of the bridegroom.

The couple was married before an altar flanked by baskets of white gladiolus, baskets of white stock and daisies and candelabra with white tapers. The choir railing was flanked with emerald palms, and the pews were marked with white satin bows.

Miss Sheila Lemons, organist,

MR. AND MRS. CARLOS WALKER

played the traditional wedding marches and a prelude of nuptial music. Miss Colline Brown of Hereford sang "O Promise Me," "Oh Perfect Love" and "Bless This House."

Mrs. Norman, mother of the bride, wore a pink antique-taffeta dress with white lace accessories. The bridegroom's mother was at-

tired a powder blue lace dress with pink accessories. Mrs. Norman's corsage was of white flowers and Mrs. Walker's was of pink flowers.

Following the ceremony, a reception was held in the church parlor. The serving table was covered with a yellow organza cloth caught at the sides with nosegays of yellow roses. Appointments were of crystal and silver. The table was centered with an arrangement of white stock and yellow daisies, flanked by yellow tapers. Refreshments of cake and punch were served.

Assisting with the reception were Misses Bill Duncan, E. L. Norman, Jim Wallace and A. W. Skewes, all of Pampa, and Miss Floella Cubine of McLean. Background piano music was provided by Miss Sheila Lemons.

For the wedding trip to Mexico City and Acapulco, Mexico, the bride wore a green linen sheath with a duster of green linen and mohair. Her accessories were of white lace and white calf, and her corsage was an orchid.

Upon their returning from Mexico, the couple will reside in Luling. The bride was graduated from Pampa High School and West Texas State College, where she was a member of Phi Gamma Nu, business sorority. She has been teaching in the Borger High School.

The bridegroom was graduated from Luling High School and the University of Texas where he attended the School of Law. While in

Skelly Rebekahs Choose Officers

SKELLYTOWN — (Special) — New officers were elected at a meeting of the Rebekah Lodge in the IOOF Hall. Chosen were Mrs. Ross Neugin, noble grand; Mrs. Mary Estes, vice grand; Everett Crawford, team captain; and Mrs. Gertrude Huckins, assistant team captain. They will be installed July 2.

During the business session, led by Mrs. Miles Pearson, outgoing noble grand, it was announced the Secretary, Scribes and Clerks Association of the IOOF of Texas will meet in Lubbock Aug. 12 and 13. The group was told of an invitation to attend school of instruction Monday from the Borger Rebekah Lodge. It was announced the Pampahandle Circle of Rebekah Lodge will elect officers at a meeting June 25, in Skellytown. Members were reminded of the Rebekah and Odd Fellow memorial services to be held in Lodge Hall June 17.

Refreshments of sandwiches, potato chips and soft drinks were served. Present were Misses Miles Pearson, Ross Neugin, Fred Genett, R. C. Heaton, C. M. Estes, Gertrude, Huckins, John Nichols, Everett Crawford, Elmer Allen, Delmar Sims, W. S. Berry, Clifton Hanna; Miss Addie Fern Lick; and Everett Crawford.

Mission Study Held By Brummett Group

The Brummett Group of the First Christian Church met in the home of Mrs. H. J. Pickett for mission study. Mrs. Homer Kesenger, chairman, presided and led the opening prayer.

The study, "Missions in a Revolutionary World," was concluded by Mrs. Oscar Huff. The devotional, "That the World May Believe," was presented by Mrs. J. F. Meers.

It was announced the next meeting will be July 11, in the home of Mrs. Lester Mason, 416 Magnolia.

college, he was a member of Delta Tau Delta fraternity. He served in the army as a first lieutenant and is now engaged in farming and ranching near Luling.

Pre-nuptial courtesies for the bride included a brunch, given in the home of Mrs. Naomi Smock of Borger; a personal shower in the home of Mrs. Melvin Peeples; and church parlor, with about 50 per cent miscellaneous shower in the sons attending.

A rehearsal dinner was held Friday in the home of Mrs. W. L. Heskew for the wedding party and the couple's relatives.

MISS CAROLYN CARVER

New Liquid Cream To Help Dry Skin

By ALICIA HART

Dry skin is a perennial problem with many women. It's not surprising that manufacturers turn their attention frequently to products designed to combat this difficulty. A new one is a light liquid cream. The maker reports that it contains both vitamins and oils to soothe and lubricate the skin. It is supposed to keep the skin moist while reducing the possibility of additional drying. The maker recommends that it be used in conjunction with several of his other products. First, a skin-cleansing with cleansing cream. Then, an astringent or skin-firming lotion is used. The final step is the use of the moisturizing cream. It's poured into the palm of the hand and spread over throat and face with the fingertips. It should sink in so that it can be worn at night without danger to pillowcases.

Carolyn Carver Is Engaged To Marry

Mrs. Joe Breed of Anson, recently honored her niece, Miss Carolyn Carver, daughter of Dr. and Mrs. E. Douglas Carver of Pampa, with an informal dinner announcing her engagement to Bob Byrd son of Mr. and Mrs. Roy E. Byrd of Amarillo.

The dinner was held in the home of Mrs. Breed May 27, prior to the couple's receiving degrees from Hardin-Simmons University May 28.

Those attending were Dr. and Mrs. E. Douglas Carver and Gwendolyn of Pampa, Mr. and Mrs. Roy E. Byrd and daughter, Annice, of Amarillo; Mr. and Mrs. James Bosser of Snyder; Nancy and Joe Rosser Breed of Anson; the honored couple; and Mr. and Mrs. Joe Breed, hosts.

The wedding date has been set for Aug. 17, in the First Baptist Church of Pampa.

Exercises Given To Slim Upper Arm

By ALICIA HART
NEA Beauty Editor

Most women who long ago stopped playing basketball and swinging Indian clubs find that the flesh of their upper arms is beginning to sag. This may be distressing if a woman wears short-sleeved dresses. And it seems to happen even to thin women.

In response to letters, here are more exercises aimed at firming the upper arm.

Stand up straight with the abdomen held in and the hips tucked under. Hold the arms straight out in front at shoulder height, palms down. On the first count, turn the palms up, on the second, turn them down again, with a good firm twist.

The value of this exercise, since it isn't strenuous, is in the firmness and snap with which it is done. Watery, soft turns do no good. Wrist twists do no good. The entire arm should be turned as though there were something strong holding it back.

Women with lots of energy may want to add a leg exercise to this one. On the first count, where the palms turn up, go up on the toes. On the second, go down again. Either way, do it 25 times the first few days, 50 thereafter.

Another exercise helps, in addition to the upper arms, the waistline and shoulders. This, too, can be valueless unless you give it your all.

Sit on the floor, with legs outstretched together. Put the arms straight out in front, with fists closed. Now imagine you're trying to pull your now full-grown son out of a crib. Pull hard. The motion is like rowing. With some effort one should be able to pull the arms, against the force of imagination, back to the shoulders. Put them out and do it again. You should feel it pull in the upper arms. Twelve times the first day, for this one, and 25 thereafter.

Careful planning is the secret of a wardrobe of costumes instead of a collection of miscellaneous garments.

Spell "fashion" as you would "comfort" when selecting children's summer wear. Playability comes before frills when garbing the mud-pie set.

A stitch in time saves potential hours on tedious vacation days. Include in your luggage a small sewing kit; check your garments each night for missing buttons, ripped hems and other signs of vacationland attrition.

Cheery Cotton Skirt For Summer Wear

By ALICIA HART
NEA Beauty Editor

Fashions come and fashions go, but a young teen-ager's prettiness in the spring and summer still revolves around crisp full skirts and tiny waistlines.

Most 13, 14 and 15-year-olds have a closet crammed full of bright, cheery cotton skirts with no more tailoring in them than is in a baby's diaper. They're easy to make from inexpensive cottons and have no bothersome details to iron.

Each spring most of these gals survey their collection. They pass on or cut up the skirts that are too short or too faded to be pretty and whip up a couple of new ones. Even gals who consider themselves unskilled at sewing can make one on an afternoon's notice. But here are a few hints on their construction and care.

Even though the width of the fabric may be enough length for a

skirt, with selvages at top and bottom, the skirt will hang better if it's made of three widths of fabric, seamed at the selvages and gathered along a raw edge.

A machine hem is acceptable if one is in a great hurry, but a hand hem will give a more professional look.

Those with typically teen-age wide hips and narrow waist can cut down on the hippy look by making unpressed, deep pleats, rather than gathers, at the top.

If the lapover of the waistband is large enough, it may be possible to construct the skirt without a zipper in the placket, using a turn-over hem on each side.

A moderate dose of starch can revive a limp, last year's model easily. It may even bring back droopy collars.

If a stiff petticoat goes underneath the skirt, pick or make one where all the seams and hems are overcast or the scratchy edges will destroy stockings.

MR. AND MRS. DON MILLS

Barbara Ann Lewis Becomes Bride Of Don Mills In White Deer Church

Miss Barbara Ann Lewis became the bride of Don Mills of Skellytown at 7 p.m. May 24, during a double-ring ceremony in the White Deer Methodist Church. Rev. Curtis Strader of Skellytown officiated.

The bride is the daughter of Mr. and Mrs. F. L. Lewis Sr. of White Deer, and the bridegroom is the son of Mr. and Mrs. J. L. Mills of Skellytown.

Given in marriage by her father, the bride wore a white waist-length nylon organza dress with short sleeves and a Peter Pan collar. For something borrowed she carried a white Bible belonging to her niece, Karen Collins, topped by an arrangement of white carnations.

Miss Irene Ritchey, Dalhart, a college roommate of the bride, was maid of honor. She wore a waist-length dress of blue net over taffeta, and a corsage of white carnations.

Miss Carolyn Mills, sister of the bridegroom, and Dennis Lewis, nephew of the bride, were candlelighters.

Merle Kramer, Skellytown, served as best man, and ushers were Mark Collins of White Deer, nephew of the bride, and Jerry Mills of Skellytown, brother of the bridegroom.

The bride's mother wore a navy blue dress with white accessories, and a corsage of pink carnations. Miss Mills wore a navy blue dress with white accessories and pink carnations also.

Decorations in the church included candelabra and baskets of gladioli which flanked the altar. Miss Karen Collins, niece of the bride, provided the music.

Following the ceremony, a reception was held in the home of the bride's sister, Mrs. T. F. Collins of White Deer. Decorations were arrangements of spring flowers. The serving table was covered with a lace cloth, centered with an arrangement of pink carnations and daisies. The three-tiered wedding cake was topped with a miniature bride and bridegroom. Miss Sue Franklin, niece of the bride, served the cake and mints, and Mrs. Irene Ritchey served the punch. Miss Karen Collins presided at the guest register.

For the wedding trip to Colorado, Houston, and Galveston, the bride wore a pink linen sheath dress with white accessories, and a corsage of white carnations.

The couple will be at home in Skellytown.

The bride received her B.S. degree from West Texas State College in May. The bridegroom spent two years in the armed forces and attended Frank Phillips Junior College. He is presently employed with the Phillips Petroleum Company in Borger.

The chiffon stole bordered in pastel fox is a fairly inexpensive springtime answer to the problem of an evening wrap. Comes in the length most flattering to you and in a whole bouquet of delicious colors.

The second most popular furniture style this year, next to modern, is transitional. This is a modification of original period designs. Current favorites stem from design sources such as Early American, French and Italian Provincial, late 18th Century and Oriental.

MR. AND MRS. ROBERT E. DOUTHIT (Photo by Qualls' Pampa Studio)

Gyndal Callon And Robert E. Douthit Vows Solemnized In Church Of God

The Church of God, Pampa, was the scene of the marriage of Miss Gyndal Callon to Robert E. Douthit of Pampa, with Rev. O. C. Gilbert officiating. The bride is the daughter of Mr. and Mrs. Elvold Callon, 711 Sloan, and the bridegroom is the son of Mr. and Mrs. W. R. Douthit of Lawton, Okla.

Given in marriage by her father, the bride wore a gown of white and silver lace and tulle over taffeta. The moulded bodice was topped with a short lace jacket styled with a wing collar and short sleeves. The bouffant skirt was accented with inserts of lace. Her waist-length veil of illusion, edged with lace, fell from a headband embroidered with pearls. She wore silver shoes and carried a bouquet of white carnations over a white Bible.

Miss June Phillips, maid of honor, was attired in a pink ballerina-length dress of nylon lace and nylon tulle. Her corsage was of white carnations. Miss Betty Harrison, bridesmaid, wore an identical blue gown and carried a bouquet of white carnations.

Junior Hollis served as best man, and C. J. Bryan and Dean Bryan were ushers.

Candlelighters were Miss Maxine Slater and Jerry Gilbert. Decorations in the church included arrangement of pink roses. Mrs. Blakey Laramore, soloist, sang "Always."

For her daughter's wedding, Mrs. Callon wore a navy blue dress and a corsage of white carnations. The bridegroom's mother was unable to attend.

A reception in the home of the bride's parents followed the service. The serving table was covered with a lace cloth and was centered with the three-tiered wedding cake, decorated with pink roses and topped with a miniature bride and bridegroom.

Assisting with the reception were Mrs. Alma Trayler, Nadine Paterson and Mariene Bryan.

For the wedding trip to Lawton, Okla., the bride wore a white linen suit trimmed in navy blue. Upon returning, the couple will reside in Pampa.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. Ira Martin, 1103 W. Second, Liberal, Kansas, announce the engagement and approaching marriage of their daughter, lone, to Paul Simmons, son of Mr. and Mrs. Edwin E. Simmons, 433 N. Yeager. The wedding will take place Aug. 9 in the Full Gospel Church of Perryton.

First Baptist WMU Has Royal Service

The Women's Missionary Union of the First Baptist Church held a royal service program in the church, with Mrs. O. D. Burba in charge. A film, "They Also Serve," was shown to the women.

Appearing on the program were Mrs. Roberta Woods, Henry Gruben, W. R. Bell, R. W. Tucker, Glen Day and O. D. Burba. A letter from a missionary student in Nigeria was read by Mrs. W. B. Franklin.

The meeting was closed with prayer by Mrs. C. E. Powell. About 40 women were present.

Prior to the meeting, the executive board met, with Mrs. R. L. Edmondson presiding and giving the opening prayer. Plans for the next month were discussed and a mission book for study was selected. Community Mission assignments for June were made, and Mrs. E. Douglas Carver closed the meeting with prayer.

A covered-dish luncheon was served at noon, with Mrs. R. W. Tucker giving the invocation.

The Pampa Daily News

One of Texas' Five Most Consistent Newspapers

We believe that one truth is always consistent with another truth. We endeavor to be consistent with truths expressed in such great moral guides as the Golden Rule, the Ten Commandments and the Declaration of Independence.

Should we, at any time, be inconsistent with these truths, we would appreciate anyone pointing out to us how we are inconsistent with these moral guides.

Published daily except Saturday by The Pampa Daily News, Atchison at Somerville, Pampa, Texas. Phone 4-2525, all departments. Entered as second class matter under the act of March 3, 1879.

SUBSCRIPTION RATES

By CARRIER in Pampa, 26c per week. Paid in advance (at office) \$2.90 per 3 months, \$7.50 per 6 months, \$15.00 per year. By mail \$7.50 per year in retail trading zone, \$10.00 per year outside retail trading zone. Price for single copy, 2 cents. No mail orders accepted in localities served by carrier.

Important Questions

Though it certainly isn't our intention to belabor the recent issue of Prohibition unduly, we do think it presented an excellent example, on the local level, of improper intervention on the part of government.

Prohibition in Gray County was justly defeated and it is our hope that it was because most voters felt that the loss of their liberty, rather than the loss of their beer, was the primary issue. Such, probably, was not the case but if it did nothing but awaken a few people to the impropriety of government aggression, a very bad cause did some definite good.

We projected the thesis in this column, when the discussion of Prohibition was active, that no rational individual would contend that he, as an individual, would have a right to use violence to keep his peaceful neighbor from possessing liquor and that the individual's transfer of authority to the government to use its violence to keep his neighbor from possessing liquor was an immoral act.

On May 13, we acknowledged a letter from Reverend Carroll B. Ray, leader of the Prohibitionists, concerning the proper foundation and application of government force and in an attempt to establish our position that all collective right has its base in individual right, we asked a series of questions challenging Reverend Ray's contention that such deduction was not vital to establishing the morality of government implementing Prohibition and various other interventions.

Since the Reverend had not seen fit to attempt to answer these questions, we would like to address them to any of our Prohibitionist neighbors who think that the moral right of the group can be greater than individual right. The questions are as follows:

What is the basis for organized collective moral right if it is not in individual right? If something is morally wrong for the individual, can it become morally right when done collectively? Can the Commandment, "Thou shalt not steal," be negated by collective action? Is it possible for the whole (collective) to have greater rights than its parts (individuals)? If you, as an individual, would walk into your peaceful neighbor's home and forcefully confiscate a bottle of liquor, would this act be theft? And if you delegate the power to do this act to the government, would that absolve you from responsibility for the act or merely make the government your accomplice?

Frankly, we can see nothing difficult or embarrassing about these questions unless their answers run counter to the ideas of those who prefer whim and emotion to reason.

The late H. L. Mencken commented on several occasions to the effect that the greatest failure of mankind has been its inability to create a tolerable form of government and it certainly behooves every individual concerned with the heritage of his children to examine the nature of government in an attempt to discover just why it has historically been a miserable failure.

It is our contention that government has failed primarily because it has taken, or been speciously granted, powers not consistent with morality and that unless limited to its proper function (protection of life and property from predators), the result will be economic hardship, individual moral debility and eventually war.

For this reason, we invite any of our readers who believe the government to have moral rights superior to the individual to answer the foregoing questions.

The Doctor Says

By EDGAR P. JORDAN, M. D.

TODAY'S first question should be of interest to every single one of us — except the vegetarians. Q—Is there any possible harm to the human body from the substances used to tenderize meat? Now that hormones and antibiotics are given to fowl and meat animals so much, is there a hazard that these substances when eaten will produce any bad effects?—Mrs. B.

A—The two enzymes most widely used for meat tenderizing are papain which is derived from papaya which is itself edible and bromelain which comes from pineapple. Probably these enzymes merely supplement the partial digestion of meat from other enzymes which comes with the usual process of aging. The enzymes are broken down with cooking and inactivated by the acid solution in the stomach.

It is understood that hormones administered to poultry are controlled in such a manner that detectable quantities do not appear in the meat. Sometimes, indeed, the hormone is planted as a pellet in the neck in such a position that any remaining would be removed in processing the meat. Antibiotics in small quantities are sometimes contained in certain animal feeds, but present regulations in the United States do not permit detectable amounts to appear in the meat. It is understood that in only one instance has the use of antibiotics during processing been sanctioned and this is in the processing of ready-to-cook poultry under such conditions that none of the antibiotic remains in the cooked poultry. I think you can conclude that we are quite safe.

I have had quite a bit of

trouble this past winter with sparking which I believe is known as static electricity. Is it true that nylon clothing makes this worse?—A—I believe it is. At a meeting of the committee on hospital operating rooms of the National Fire Protection Association, it was decided that nurses could wear nylon stockings in the operating rooms providing they also wore electricity-conducting shoes. However, nylon garments which do not touch the skin are still banned from nurses in the operating room since they might generate static electricity which could touch off a dangerous explosion from the gases used in most operations.

Q—What is the cause and what can be done for heartburn?—Mrs. D. W.

A—It can become enlarged for various reasons after a coronary thrombosis, but in many there is no detectable enlargement.

Dr. Jordan is unable to answer directly individual questions from readers. However, once a week in this "Q & A" column he will answer the most interesting and the most frequently asked questions received during the week.

BETTER JOBS

By R. C. HOILES

Beliefs That Result in War

Practically everyone abhors war. They would be willing to make most any sacrifice if they were convinced that the sacrifice would promote peace and really eliminate war.

Too many seem to think there is some mechanical method by the use of aggressive force that would stop war. They do not seem to realize that war is a result of certain beliefs.

I never had this explained to me more clearly than by Edmund A. Opitz in his article under the heading of "Peace and World Government" in the June issue of "The Freeman" magazine.

I think Mr. Opitz has performed a wonderful service in pointing out the beliefs so generally held that lead to war. With this idea in mind, I am going to reproduce, in the next few issues, this wonderful article on the primary causes of war. From here on Opitz is speaking:

"Wars aren't what they used to be. Men went off to the Spanish-American War with all the excitement of candy boys at a picnic. Some of them got hurt, of course, and a number succumbed to various diseases. But, as wars go, the Spanish affair was just barely big enough for heroes. One of the heroes of the fracas in Cuba was Theodore Roosevelt, who spoke deprecatingly about the venture. 'It was not much of a war,' he said 'but it was the best we could do at the time.' Such levity was not entirely out of keeping with the temper of the period, but that was three big wars ago. Now, after the experience of the past half century, it is unnatural to jest about war. The next world war which looms on the horizon holds out the prospect of unrelieved horror, little heroism, no glory. Hence the urgency behind our search for any device which gives promise of staying off the impending catastrophe.

"World government is one such device, and it has captured the imagination of many intelligent and dedicated people. There are different schemes of world government, but they are alike in advocating a world military police. This gendarmerie is to have a monopoly of the world's military weapons to enforce the universal peace which the world government is established to maintain.

"There are many questions of a practical nature that come to mind such as the basis of national representation in a world government, the kind of charter a world police will operate under, and so on. But these are not basic questions. The basic question is the idea of a world police force itself and the global government which it implies. Is international war due to the absence of a supra-national political government which comprehends all nations; and is a world police the kind of device we can rely on to achieve peace?"

"Proponents of world government often compare their plan to the process by which the original thirteen colonies formed the United States of America under a federal government. If the colonies could federate, so runs the argument, why can't the nations of the world? There are two answers to this argument: one specific, one general.

"John Jay provided the specific answer to this question in the second Federalist Paper by saying, in effect, that the thirteen colonies were already one nation de facto, so why not make them one nation de jure? 'America was not composed,' he writes, 'of detached and distant territories. . . one connected, united, unseparated country was the portion of our western sons of liberty. . . Providence has been pleased to give this one connected country to one united people — a people descended from the same ancestors, speaking the same language, professing the same religion, attached to the same principles of government, very similar in their manners and customs, and who, by their joint councils, arms and efforts, fighting side by side throughout a long and bloody war, have nobly established general liberty and independence. This country and its people seem to have been made for each other. . . To all general purposes we have uniformly been one people: each individual citizen everywhere enjoying the same national rights, privileges, and protection. As a nation we have made treaties, and entered into various compacts and conventions with foreign states.'

"Not even the most enthusiastic world federalist could maintain that the above description of the condition of the colonies applies even remotely to the nations of the world. These are distant from one another, with widely different languages, customs, and religions; full of ancestral antagonisms and often actively hostile. They are not naturally one people as the colonists were one people."

(To be continued)

The result has been an amazing lack of political pressure and legislative activity on Capitol Hill. Even such pro-laborite as Senator Paul H. Douglas of Illinois recently complained against the lack of agreement among the unions. Because of this jettison, hardly a single measure favored by labor has been passed at this session.

Whether deliberately or not, Eisenhower accentuated this generally unrecognized fact in his recent message, urging action on his legislative requests. He did not strain the point because it was necessary only to list the record of inaction by the Democratic Congress.

"Standing On The Corner"

International Whirligig

AFL-CIO Leaders Oppose Demo Endorsement

By RAY TUCKER

WASHINGTON — The Democrats' poor record on labor legislation at the current session of Congress explains why many powerful union leaders oppose an AFL-CIO endorsement of that Party's candidate against President Eisenhower. They will discuss 1956 plans at a meeting here tomorrow, although it has been called to settle war along the New York waterfront.

There is no doubt that a majority of labor's officers favor the Democrats, if only out of a 20-year habit. George L. Meany, president of the AFL-CIO, denounces the Administration's policies periodically. But his speeches do not reflect the personal prejudices against Ike that so many AFL and CIO chieftains held against Thomas E. Dewey and Wendell Wilkie.

Walter P. Reuther, vice-president of the merged organization and head of the United Automobile Workers, is ardent Democrat. He is an official of the leftist organization, Americans for Democratic Action, and he has even been mentioned vaguely as a Vice-Presidential possibility. He blames Ike for not acting more promptly about Detroit's unemployment problem.

Ike, however, has two powerful and bi-racial figures in his camp. They are Dave Beck, boss of the Teamsters, and Martin Hutcheson, head of the Carpenters. Even if the parent organization declares for the Democratic selection, they will pass the word to the boys that they "still like Ike." They have tie-ups with other important union groups.

Even leaders sympathetic to Stevenson, Kefauver, Harriman and Symington (the Missouri Senator is unusually strong with labor), will grumble at a formal declaration for any of them. For the first time since 1924, all the great unions backed a single nominee — Stevenson — in 1952, only to wind up on the losing side.

Like most politicians, they suspect that Ike is a certain winner, barring unforeseen happenings. As he did four years ago, they believe that he will carry most of the great industrial centers. In their opinion, it would not be smart for the united movement to lose twice in a row against such a popular man as Ike.

Moreover, the first year of the merger has been a difficult and trying period. The machinery of amalgamation after so many years of strife has not functioned too smoothly. The unions have been beset by jurisdictional squabbles, personal jealousies and policy differences.

Whether deliberately or not, Eisenhower accentuated this generally unrecognized fact in his recent message, urging action on his legislative requests. He did not strain the point because it was necessary only to list the record of inaction by the Democratic Congress.

The Nation's Press

SKILL INADEQUATELY REWARDED
(Christian Economist)

DR. HERMAN MILLER of the Census Bureau points out that the wage differential between our country's skilled and unskilled workers is decreasing. All wages are rising, but the wages of unskilled workers have risen much faster during the past few years than the wages of skilled workers.

"Wages increases 'across the board' in terms of so many cents per hour per man do not recognize the superior qualifications and greater contributions of highly skilled workers.

This is a part of the leveling tendency of socialization—to ignore quality and skill and to reduce men toward a common level. If the exceptional man who has devoted himself to acquiring superior skill is to be thus ignored, he will tend to cease to be exceptional, and society will suffer great loss. Men will not strive hard to develop their skills and to increase their contributions toward the production of wealth if they are not to receive adequate reward for such efforts.

The free market properly and fairly appraises the value of each man's contribution and pays him in proportion thereto. Fixing wages by government fiat and by the type of collective bargaining which reduces workers, to standard rates of pay, regardless of services rendered, ignores the qualifications and the devotion of the gifted worker who puts his heart and soul into the task, and disproportionately rewards the careless unconcerned man who makes no special effort to contribute to the common wealth. That is the road we are traveling, and it leads to less production and less satisfaction of human wants. It blunts the best of the human species and is retrogression rather than progress.

These two Amendments clearly show the fear of our Founding Fathers that the newly-established Federal Government would someday attempt to expand its power and authority and wipe out the sovereignty of the individual States. In fact, the entire Bill of Rights is an itemized list of restrictions and "Thou Shalt Nots" addressed to the Federal Government. As late as 1911, the Supreme Court said: "Among the powers of the State not surrendered—which power therefore remains with the State—is the power to so regulate the relative rights and duties of all within its jurisdiction as to guard the public morals, the public safety, and the public health, as well as to promote the public convenience and the common good."

Times have certainly changed, and our Supreme Court of today is arguing a completely opposite and contrary doctrine of "pre-emption"—a theory which claims that whenever the Congress passes a law, the Federal law nullifies State Laws in the same category! Congressional dissent against this new doctrine is now mounting rapidly, and some 70 bills have been introduced to restrict the Court's power and to change the qualifications of Justices.

Among the leading dissenters is

Taxes On Top Of Taxes

By Thurman Sensing

Taxes — federal, state and local — are all going up; and most of us sit still and do nothing about it — except perhaps whine once in a while. Federal taxes, claiming three-fourths of the taxes in the country, are where the burden is heaviest.

Income taxes paid to the federal government are not going to be increased — but neither are they likely to be cut — and two-thirds of the total income taxes received by the federal government are paid by those earning \$4,000 per year or less. The budget cannot come from any other source — if the federal government is to continue its present rate of spending. There are plenty of ways to economize, but what feeble efforts we see along this line are more offset by increased spending along other lines.

And don't think that just because federal income taxes are not going up that federal taxes are not going up! The new highway bill will bring increased taxes of various sorts that will affect everybody's living cost. And, of course, social security taxes are expected to go up as scheduled, too. And they are trying mighty hard to increase postal rates, which would also add to living costs. And so on.

But it is in the case of state and local taxes — taking one-fourth of our tax money — that we have seen the latest big increases and will continue to see the biggest increases.

Real estate taxes, which are the main source of revenue for cities and counties, have been rising rapidly and will continue to rise. Assessments and rates go up year after year. Annual collections from this source have increased 125 per cent since 1945.

The retail sales tax is becoming more universal and becoming increasingly heavy. This tax is now imposed by 33 states and nearly 1,000 cities. At least 13 of the states levy a 3 per cent tax or more.

The trend is for local governments to also levy a personal income tax — and for those that have it to increase the rates. In many cases, this also includes cor-

poration earnings. This tax is now collected by 51 states and more than 300 cities and counties.

State and local excise taxes of all sorts are also going up. Cigarette taxes are now collected by 23 states and about 325 local governments. All the states and more than 300 cities and counties impose a gasoline tax. Fifteen of the states above increased this tax in the last two years — and more increases are coming. Liquor taxes are increasing. Admissions taxes are spreading, having been adopted by more than 30 cities during the last two years.

There seems to be no end to the methods and the amounts of taxes levied by our various divisions of government. It is estimated that the average working person pays out just about one-third of his income in the form of taxes. The question now before us is just how big a tax burden the working person will be willing to bear before he decides to rebel and quit working for the government.

There are two angles from which to look at this heavy and increasing burden of taxes.

One picture we see is the extravagance and waste of government in most all its aspects. Government is that way by nature. Government — of any kind — will always be ready to spend all the taxes the people are willing to pay. Control over the spending of the government, therefore, must be exercised by the will of the people.

Another picture we see is that the people are continually demanding more and more services from their various divisions of government, and of course these governments must collect more taxes in order to provide the services. In other words, the people bring these increased taxes upon themselves.

The responsibility the people have before them is two-fold — to demand economy in government and to refrain from demanding additional benefits from government. This is a responsibility they cannot dodge or escape — if they would remain free.

Before The Dishes Are Done

By BETTY KNOWLES HUNT

THE NINTH AND TENTH AMENDMENTS

During the first session of the first Congress of the United States under the new Constitution, this self-explanatory resolution was passed:

"The Conventions of a number of the States having at the time of their adopting the Constitution expressed a desire, in order to prevent misconstruction or abuse of its powers, that further declaratory and restrictive clauses should be added. . ."

This was born our American Bill of Rights, the first ten Amendments to the Constitution, proposed by Congress September 25, 1789; adopted June 15, 1791. The Ninth Amendment reads: "The enumeration in the Constitution, of certain rights, shall not be construed to deny or disparage others retained by the people." The Tenth Amendment reads: "The powers not delegated to the United States by the Constitution, nor prohibited by it to the States, are reserved to the States respectively, or to the people."

These two Amendments clearly show the fear of our Founding Fathers that the newly-established Federal Government would someday attempt to expand its power and authority and wipe out the sovereignty of the individual States. In fact, the entire Bill of Rights is an itemized list of restrictions and "Thou Shalt Nots" addressed to the Federal Government. As late as 1911, the Supreme Court said: "Among the powers of the State not surrendered—which power therefore remains with the State—is the power to so regulate the relative rights and duties of all within its jurisdiction as to guard the public morals, the public safety, and the public health, as well as to promote the public convenience and the common good."

Times have certainly changed, and our Supreme Court of today is arguing a completely opposite and contrary doctrine of "pre-emption"—a theory which claims that whenever the Congress passes a law, the Federal law nullifies State Laws in the same category! Congressional dissent against this new doctrine is now mounting rapidly, and some 70 bills have been introduced to restrict the Court's power and to change the qualifications of Justices.

Among the leading dissenters is

CHIP YOU SPILLED SOME ON YOUR COAT DON'T WORRY!

YOU SAID MOM WOULD TAKE US TO THE CLEANERS!

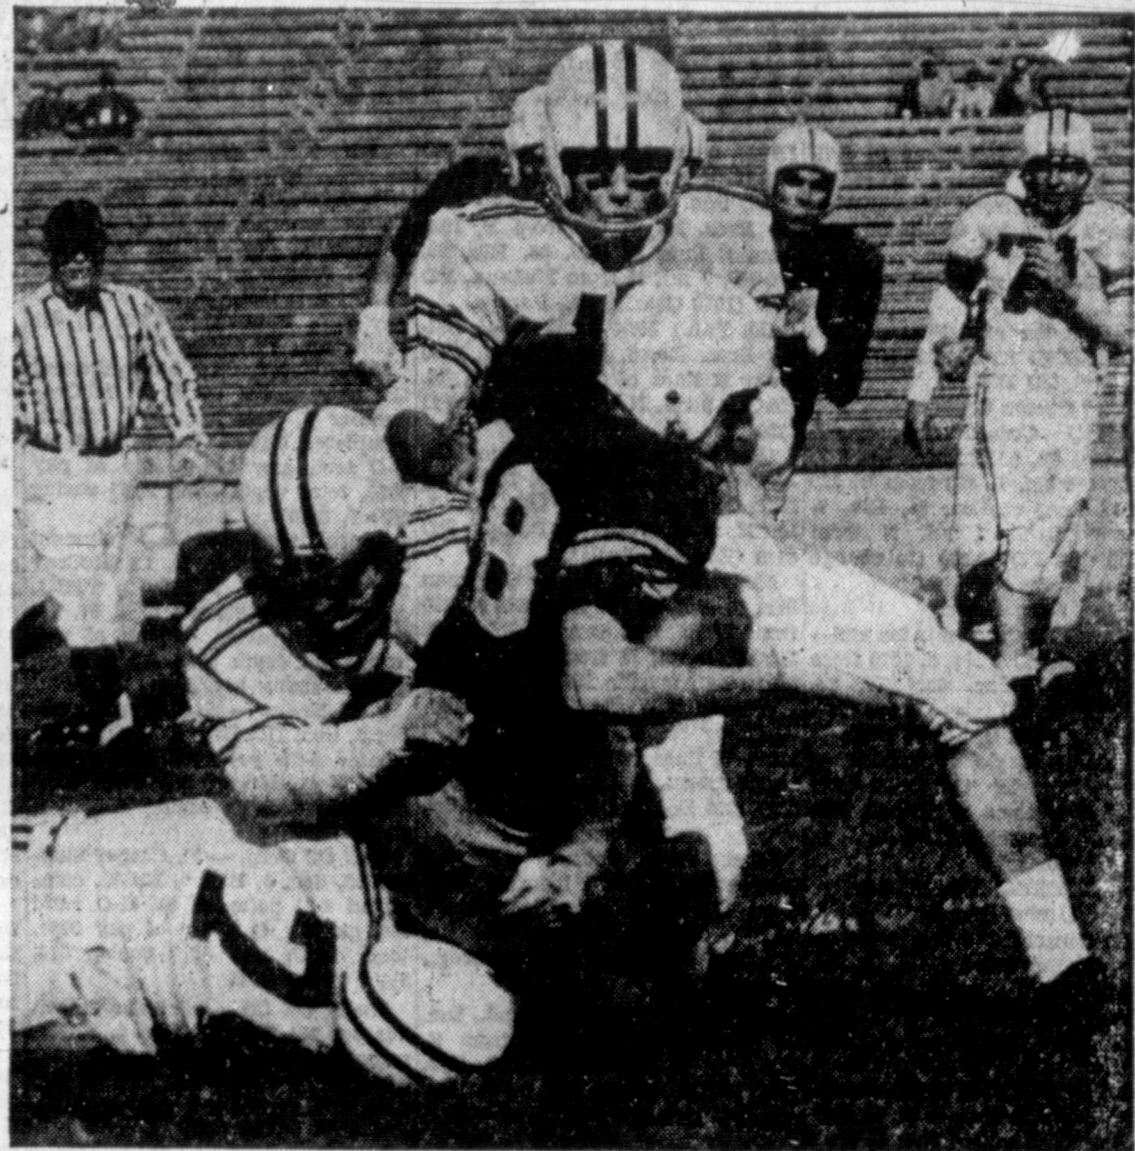

HE'S A GRID GIANT

AND DOING ALL RIGHT—Practically the biggest man in U.S. football is 335-pound Herb Dierich, who plays tackle on the Dundee, Ill., Community High School team. His size 62 jersey and size 56 pants are the largest ever made by a big sports goods company. Herb's hulk makes him a formidable player on the field, top left, but it creates problems in the classroom, below, where he has to squeeze into a seat. He's shown at right with Ira Hesler, halfback on the team and who weighs a mere 125 pounds.

THROTTLED—There'll be no backseat driving from this female. Inge Stoll is sure to keep her mouth tightly shut as she rides in the sidecar of French cyclist J. Drion in a race at Silverstone, England. The bandage over Inge's face is for protection from rocks and dust, but it will also serve to help keep her quiet. A scream of fright could do a lot of unexpected damage to any driver's nerves.

MOWING 'EM DOWN—Al Ward, center, Yale left halfback, went 10 yards for a first down on the Yale 37-yard line before being hit in this manner by Alan Gazzaniga, left tackle for Dartmouth. The final score was Yale 20, Dartmouth 0.

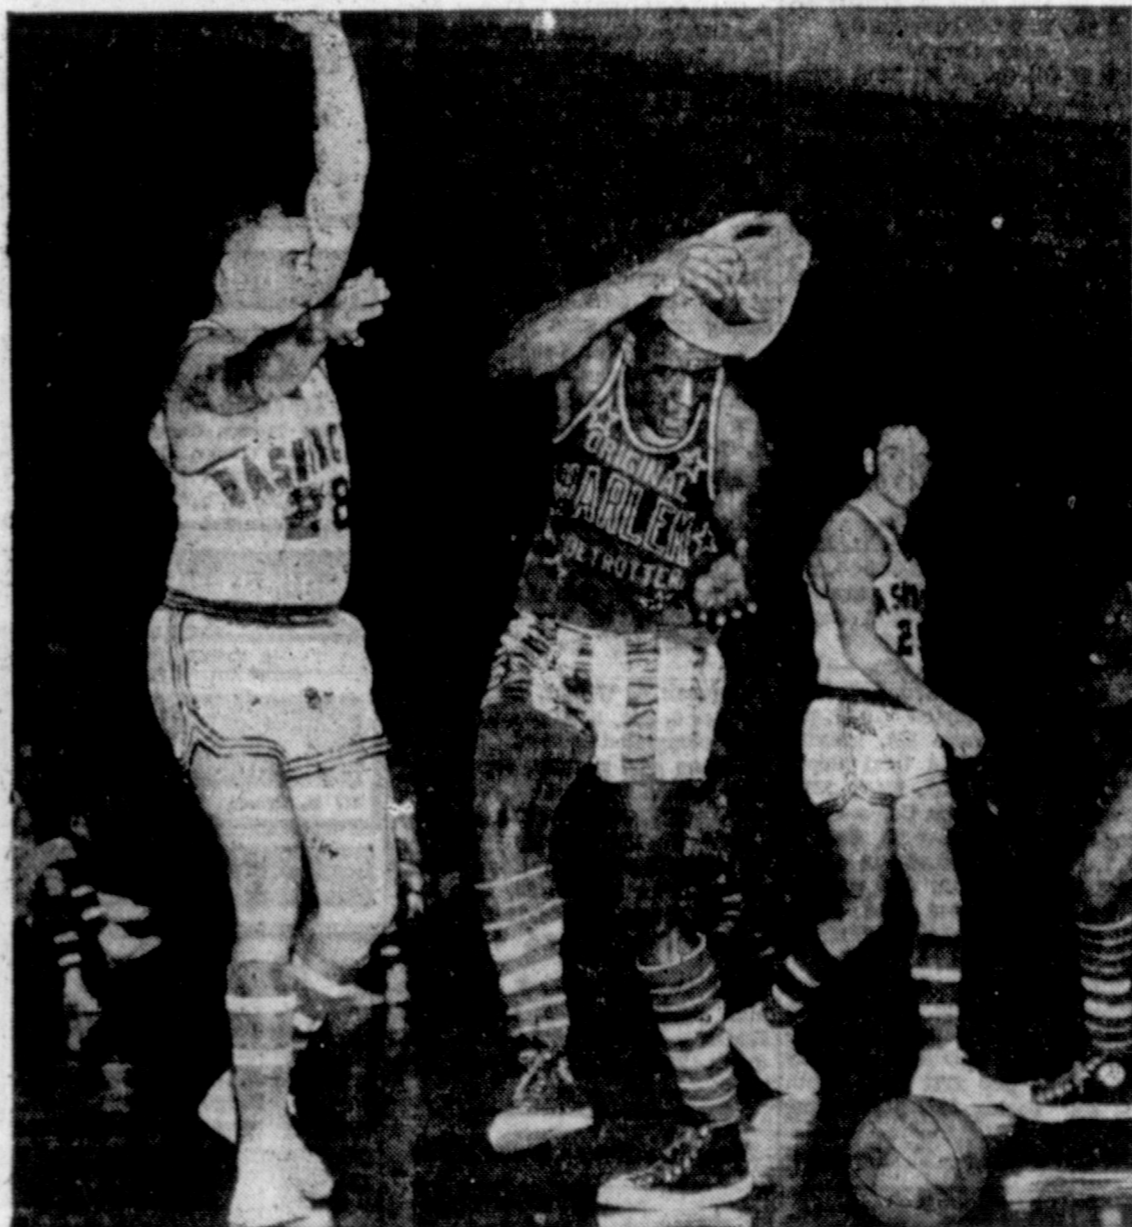

PICTURE SPORTS NEWS 

GETTING THE NEWS—Two-month-old puppy, Whodat, is being given some special attention by tennis star Maureen "Little Mo" Connolly Brinker and husband Norman, in San Diego, Calif. This took place after a seven-day trial in which Mrs. Brinker received one of the largest awards ever given in a San Diego civil suit. She was awarded \$95,000 in Superior Court for settlement against a local company, one of whose trucks collided with her horse and injured her a year ago.

TENNIS ANYONE?—Having a fling at tennis in London is shapely actress Aleta Morrison, who's serving up a mighty pretty picture. It's a cinch that Aleta never lacks for partners when she goes a-courting. She's a dancer by profession and has appeared in British movies, and will undoubtedly be seen in many more.

LAUGHING IT UP—Bob (Carnegie) Hall of the Harlem Globetrotters does some clowning with a spectator's hat during a basketball game at Madison Square Garden. Hall, new star of the Globetrotters, is "guarded" by Fred Iehle, left, of the Washington Generals.

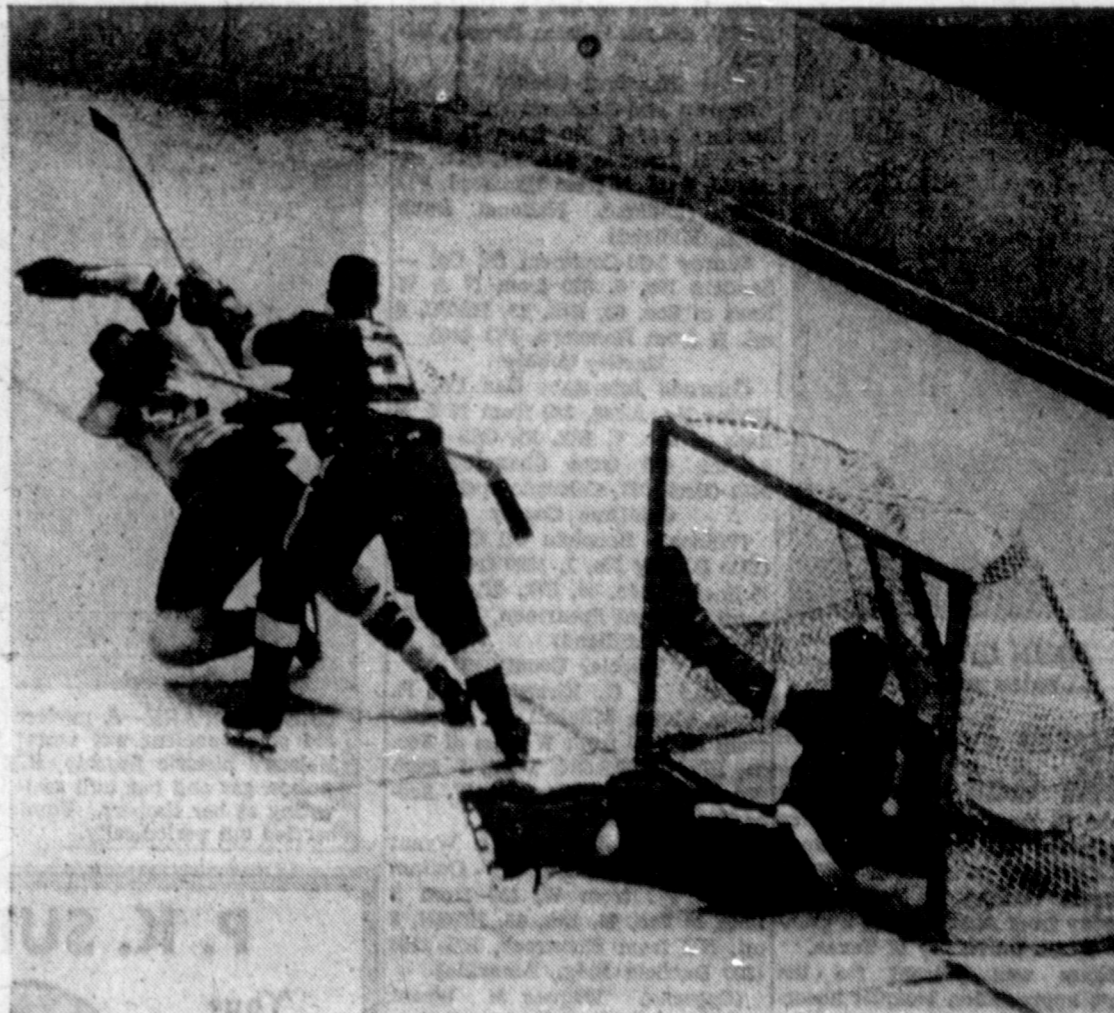

LIGHT AND BRIGHT—New lightweight skis in colors are shown off by a pretty demonstrator in front of Paris' Arch of Triumph. Made of laminations of light alloys, the skis weigh only 6½ pounds a pair, without harness, but are said to be strong, pliable and easy to manage.

THE SKY'S THE LIMIT—Werner Haas, a German former motorcycle world champion, is shown in two phases of his one-man, two-wheeled assault on 7,300-foot Nebelhorn Mountain at Oberstdorf. His route up the peak went past some dangerous ridges and across several stretches of bumpy paths full of rocks and boulders. Haas arrived at the summit, right, in one hour, 45 minutes.

BEING PENSIVE—Blonde Traube Ebbert, who has the sort of face that usually wins beauty contests, keeps it hidden behind a mask when she indulges in her specialty—winning fencing contests. The Austrian beauty recently competed in the 1955 World Fencing Championships held in Rome.

ACTION!—The New York Rangers' Dean Prentice, left, goes down after a valiant effort to score against Detroit during their hockey game in New York. While goalie Glen Hall of the Red Wings hits the ice helping to make the save, Detroit's Warren Godfrey (5) seems to be making the biggest contribution to it as the puck flies off into space. Rangers won, 6-2.

New Oil Field Is Discovered

HOUSTON — UP — Continental Oil Co. today announced discovery of a new oil field off Fisher's Reef in the Trinity Bay area of Galveston Bay, about two miles west of Eagle, Tex.

On a drill stem test at 9,197 feet in the Frio formation, the wildcat, the state tract 2-3A No. 1, flowed at the rate of 206 barrels daily of 37.8 gravity oil through a 1.8-inch choke.

Tubing pressure was 1,600 pounds. Nearest producing oil is one and one-half miles east of the block of 2,000 acres in the area.

Huge Reservoir To create its lake, Shasta dam holds back three rivers (Sacramento, McCloud and Pit) and stores enough water to provide 9,000 gallons for every man, woman and child in the United States.

Social Privilege Only The conferring of knighthood in Great Britain does not imply any privilege other than the social one of precedence. A knight ranks next below a baronet, and the dignity is not hereditary.

Vermont's Trees Hardwood types of trees cover more than two-thirds of Vermont's commercial forest area, with sugar maple, beech and yellow birch the dominant types.

Mining Is One of Man's oldest industries.

Oil Industry Is Mustering Support To Defeat Bill

By HARRY WILSON SHARPE WASHINGTON, June 9 — UP — The oil industry is trying to muster support in Congress to defeat or modify a bill to require advance notice of corporate mergers involving more than \$10 million.

Banking and other big business are lending a hand as is Secretary of Commerce Sinclair Weeks. Weeks said it was a bad measure and would block many desirable mergers.

The legislation was sponsored by Chairman Emanuel Celler (D-N.Y.) of the House Judiciary committee. The House passed it April 16. It is now awaiting approval of a Senate Judiciary subcommittee which is being besieged with suggestions for changes.

The bill would require that the attorney general and the federal trade commission be given 90 days notice of any proposed merger in which the combined assets of the principals is more than \$10 million. The FTC could delay any consolidation by court injunction if it felt a searching study was warranted.

President M. J. Rathbone of Standard Oil of New Jersey said it would prevent any corporation with more than \$10 million in assets from even buying a single

Oil Industry Is Mustering Support To Defeat Bill

service station without government approval. Standard is just reported to have bought the Pate Oil Co., big Wisconsin firm, in a move to extend its operations to the Midwest.

General Counsel Russell B. Brown of the Independent Petroleum Association of America said the measure would disrupt the normal business activities of independent oil and gas producers.

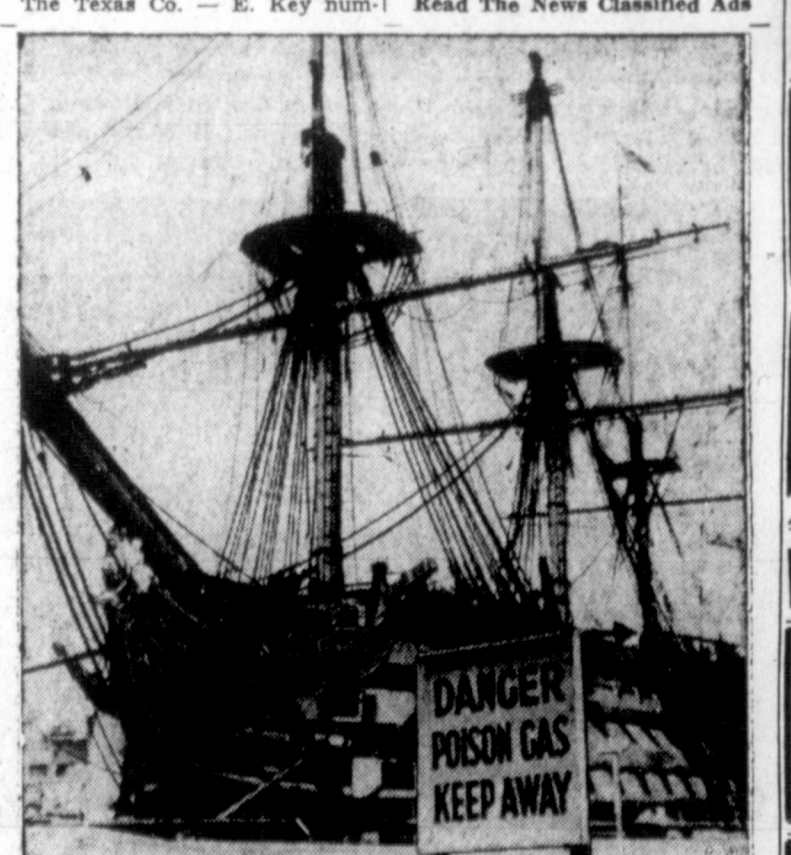

Donald C. O'Hara, associate counsel of the National Petroleum Association, said it is popular political because it gives the Democrats, who control Congress, a chance to pin the "big business" label on the Eisenhower administration. He urged association members to protest to the Senate committee.

President Eisenhower has not endorsed the legislation nor has he challenged Secretary Weeks' stand on it. But in his economic message this spring the chief executive warned that laws were needed to combat mergers "which have become more numerous of late."

According to historians, no known portrait of Christopher Columbus was made during his lifetime.

OIL & GAS DIRECTORY

Grid of advertisements for oil industry services including Mary E. Piper (Abstracts), F. E. Ehrhart (Trucking Contractor), J. T. Richardson (24 Hour Service), P.K. Supply, Inc. (Butane - Propane), and others.

GAS WARFARE—A modern military weapon comes to the aid of an ancient vessel in Portsmouth, England. Lord Nelson's historic flagship, H.M.S. 'Victory,' is pumped full of poison gas and her hull sealed off to all deck watches, leaving her crew to die of gas poisoning.

Good And Bad Of Week's News

By CHARLES M. McCANN
Foreign News Commentary
United Press Staff Correspondent
The week's good and bad news on the international balance sheet:

The Good.
1. France and West Germany reached an agreement which gave hope of ending their years-long dispute over the future of the Saar coal and steel basin. The rich, 900-square mile area is historically German. Economically it is linked closely with France's Lorraine steel industry. France obtained control of it for years after World War I and had control of it since the end of World War II. Under the new agreement, the Saar will revert to Germany politically by next January 1. Its economy will be merged with Germany's agreement, a canal will be built linking France's Moselle River with the Rhine. This canal, which France has sought for 80 years, would take coking coal from the German Ruhr to Lorraine.

2. French Premier Guy Mollet won a vote of confidence on his entire domestic and foreign policy. The vote emphasized the confused overall French political situation. Mollet won by 271 to 89. But there were 200 abstentions. Also, Mollet faces more confidence votes on details of his policy. But the French political leaders are not ready for a new cabinet crisis.

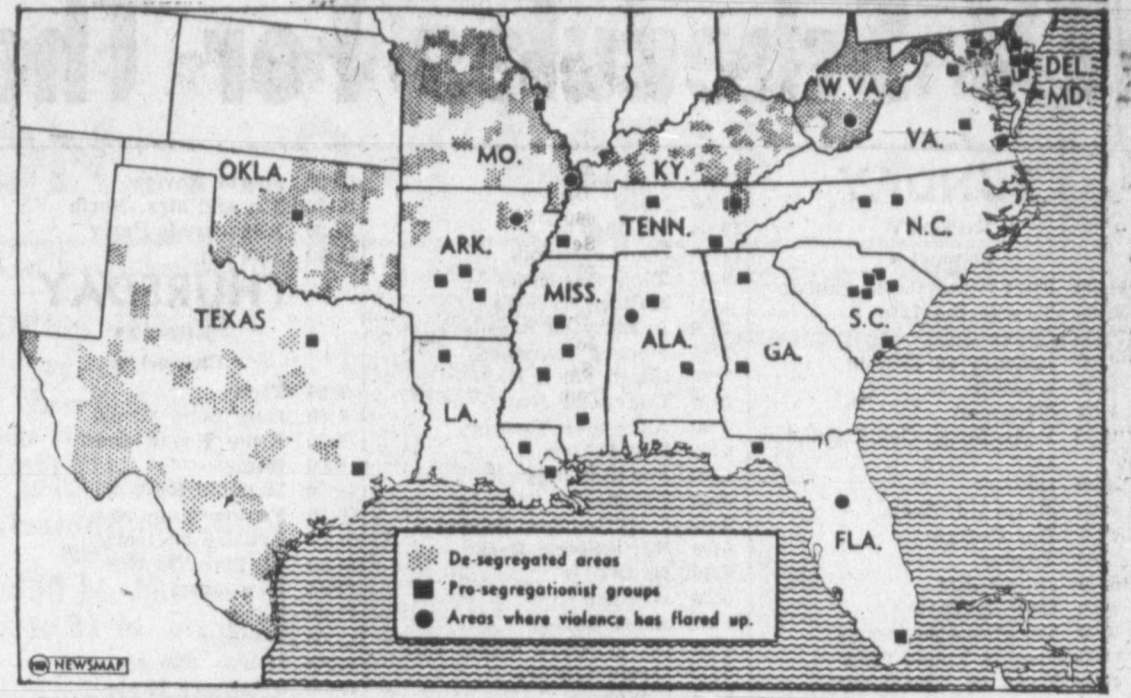

3. Britain started a sweeping review of its policy on the violence-ridden island of Cyprus. There were indications that the review might lead to a new declaration of policy and negotiations to settle the Cyprus dispute, in which Greek Cypriots seek union with Greece.

1. There was serious anxiety in Washington over the possible re-

sults of the current visit of President Tito of Yugoslavia to Moscow. Some congressmen wanted to cut off all aid to Yugoslavia, in the belief that Tito will take his country back into the Soviet Russian line-up. President Eisenhower was understood to have told congressional leaders that he thought it would be a mistake to cut off aid. But he said at a news conference in Washington that he thought the American position toward Tito ought to be "re-evaluated." "We have to take a look at where we stand with this individual now and what serves our best interests," the President said.

2. The Chinese Communists made a bid to get their foot in the door of Britain's colony of Hong Kong, the most important port of east Asia. The Red Peiping government told Britain that it wanted to install "a commission of foreign affairs" in Hong Kong, with a staff to handle diplomatic and other matters. British Foreign Secretary Selwyn Lloyd, announcing the request, said it was under consideration. The significance of the request was that it might foreshadow a Communist attempt to win further concessions and an eventual demand for the surrender of Hong Kong.

3. Chief Minister David Marshall of Singapore carried out his threat to resign as the result of the breakdown of independence negotiations in London. It was feared that the island might face a period of political turmoil, possibly accompanied by riotous Communist-fomented strikes. Some leftist Singapore leaders have threatened to paralyze government administration as means of putting pressure on Britain to give Singapore full independence.

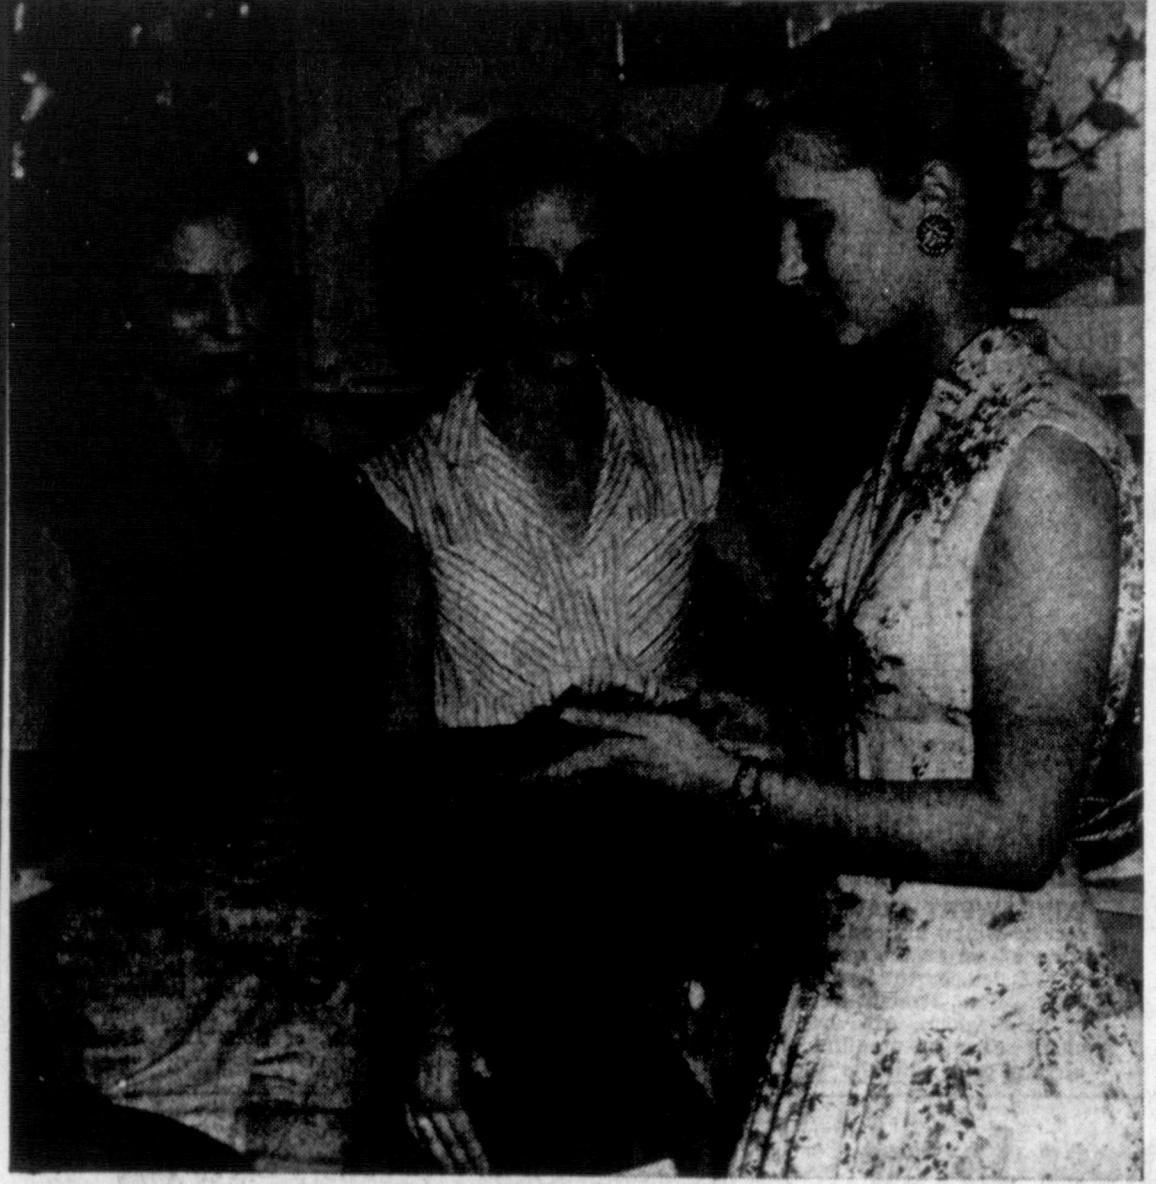

TWO YEARS AFTER—It's been two years now since the Supreme Court made its famous decision on segregation. What's the situation in Southern schools like today? The map, above, compiled from data by the Southern Education Reporting Service, gives you an idea. De-segregation has been instituted in the fringe states, even where pre-segregation centers are to be found. But the Deep South remains untouched by the shaded areas, symbolizing integration. The percentage of Negroes enrolled in schools in the states identified on the map is 23.6 of the total enrollment. Mississippi has the highest percentage—49.9 per cent Negroes—while West Virginia has only 5.2 per cent Negroes in its schools.

QUOTES IN THE NEWS

(Reg. U.S. Pat. Off.)
By UNITED PRESS
WASHINGTON — President Eisenhower, giving advice to a group of Young Republicans: "Everybody ought to be happy every day. If you don't have some fun every day, that is a day wasted. Play hard, have fun doing it, and despise wickedness."

MOSCOW — Marshal Tito of Yugoslavia, on reports Sen. Joseph R. McCarthy (R-Wis) had suggested that U.S. aid be withdrawn from his country: "That's not important. Our relations with the United States will not suffer. Our friendship will remain as before."
PITTSBURGH — Guided missiles expert John J. Crowley, of the Defense Department, on the U.S. is looking into the "frontiers of space travel": "There are almost unlimited scientific and technological reasons why we must launch an instru-

mented satellite into an orbit, followed by manned satellites and... interplanetary travel."
MOSCOW — Soviet First Deputy Premier Anastas Mikoyan, on President Eisenhower's proposal that Russian Defense Minister Georgi Zhukov visit the United States: "I'm for it. I'm a businessman and in business there's always an exchange. But in certain cases I am ready to forgo barter."
Motto of Indiana is "Crossroads of American."

WORKING STUDENT — Shown above is one of the more fortunate students who has a summer job. She is Miss Sue Scherer, daughter of Mr. and Mrs. W. H. Scherer who live southeast of Pampa, an employee of Zale's Jewelry who is shown waiting on Miss Pat Gabriel, daughter of Mr. and Mrs. Joe F. Gabriel, 405 N. Purviance, and Miss Lola Lathrop, daughter of Mr. and Mrs. Elton Lathrop, 407 N. Purviance. Many Pampa area students are still looking for summer employment. (News photo)

Plight Of Students Seeking Summer Jobs-- Few Available

Here's Why
By GWEN THURMOND
Pampa News Staff Writer

The plight of the college student trying to make money to go to college in the fall and the high school student trying to make spending money for various reasons is the same this summer as in years gone by. There just aren't enough jobs to go around.

As competition becomes more intense and work becomes more specialized, the student who needs to work during the summer is gradually being left behind, and he finally, after applying at the Texas Employment Commission and padding the streets for weeks, gives it up for loss. As dark as it all may seem, there are solutions, or let's say partial solutions to the problem.

During an interview with Lee Roy Harris of the Texas Employment Commission, he said that a more thorough understanding between the student and the employer would be a step toward the solution to the problem. Employers need to be made more conscious of the plight of the students and be able to make contributions, but at the same time the students must realize that the employer has a job to do and he must have someone who is dependable and who can do the job. To be able to do this, the student needs to start early building a reputation of being dependable and efficient. Also he needs to decide what he can do best and prepare himself for jobs in that line.

"We have students come in our office," Harris said, "who will consider taking nothing but office jobs. Yet, when we test them, they can only type 80 words a minute and are poor in spelling. We simply cannot place a student of that type in an office position. The offices will not hire them."

"The student must realize before he applies for a job what he can do best. He must realize that he must give something and that it's not just a matter of getting a paycheck," Harris stated.
"Still, there are those students who are very efficient in office and other types of specialized work that we are unable to place," Harris said. "Most companies cannot afford to hire students for just three months and train them, and then have to turn around and hire someone else at the end of the summer and have to train them. I suggest," he said, "that if they need work badly, to let Employment Commission know that they will accept other work than the type which they specifically applied for. We might come nearer placing them in jobs as waitresses, sales clerks, soda fountain workers, farm hands and yard workers. This could be a valuable part of their education in working with people, and later on might help them get better jobs."

Another solution to the problem is of course more rain and a good harvest. This would make work for many a "job weary" boy. And, of course, more industry would provide more jobs. But still, with even more jobs available, students must exercise all initiative they have and be one of the first to apply.
Most businesses have their summer lined out long before April and May, and they know who and how many they will be needing during the summer to work. The Employ-

ment Commission reports that students start applying for summer jobs as early as Easter, and some even before. Naturally these students get a head start toward a summer's work.
"We feel sorry for these young people who want to work and can't find jobs," Harris said. "Of course, we could never hope to place all of them, for there are never enough jobs to go around even for adults, but as long as we can try to cultivate a growing concern for these people, maybe the situation will improve."

Others are also concerned with the situation. This has been proven by the local Chamber of Commerce in an effort to set up a special committee to look into the possibilities of setting up a Youth Employment Service. This committee was composed of Mrs. Mark Heath, Bill Ragsdale, and Hugh Peoples.

"We think the Youth Service would be a good thing to help the kids along," Peoples said, "but the students would have to run it themselves because a permanent secretary could not be afforded. It would require the students taking turns keeping the desk and telephone in the mornings."

"Red" Wedgeworth, chamber of commerce manager, offered a desk and telephone and assistance from his secretaries, and William J. Ragsdale, Texas Employment Bureau manager, offered assistance in setting up the files, but the plan still didn't develop. The reason was probably because of the lack of a permanent secretary.
Amarillo's Youth Bureau is provided a secretary by an anonymous oil man. The fact is that it takes money to make money, and it takes work to make work.

It would involve a lot of work to get the Youth Employment Service rolling, but it could be an answer to the problem. The merchants or residents could call the Service for students to fill full-time summer jobs or just one-day jobs of baby sitting, lawn mowing, construction jobs, or any number of things.
"This could keep a lot of students working, but it would have to have full co-operation between both the business people, residents of Pampa, and the students," Peoples said. "We hope that in the future the Youth Employment Service can be established."

There are many things that people can do to help this unfortunate situation, but the fact remains that it's mostly up to the individual student. The bright, enthusiastic and efficient young person is the one who "gets the job," if he's "early" to apply and "prepared" to work.

Takes Bath In Street

MIAMI BEACH (UP)—Edward J. O'Brien, a visitor from Kensington, Conn., was arrested Wednesday for taking a bath. O'Brien took his bath in the middle of a street intersection, early in the morning. The nude bather used a washrag and a pail of water.

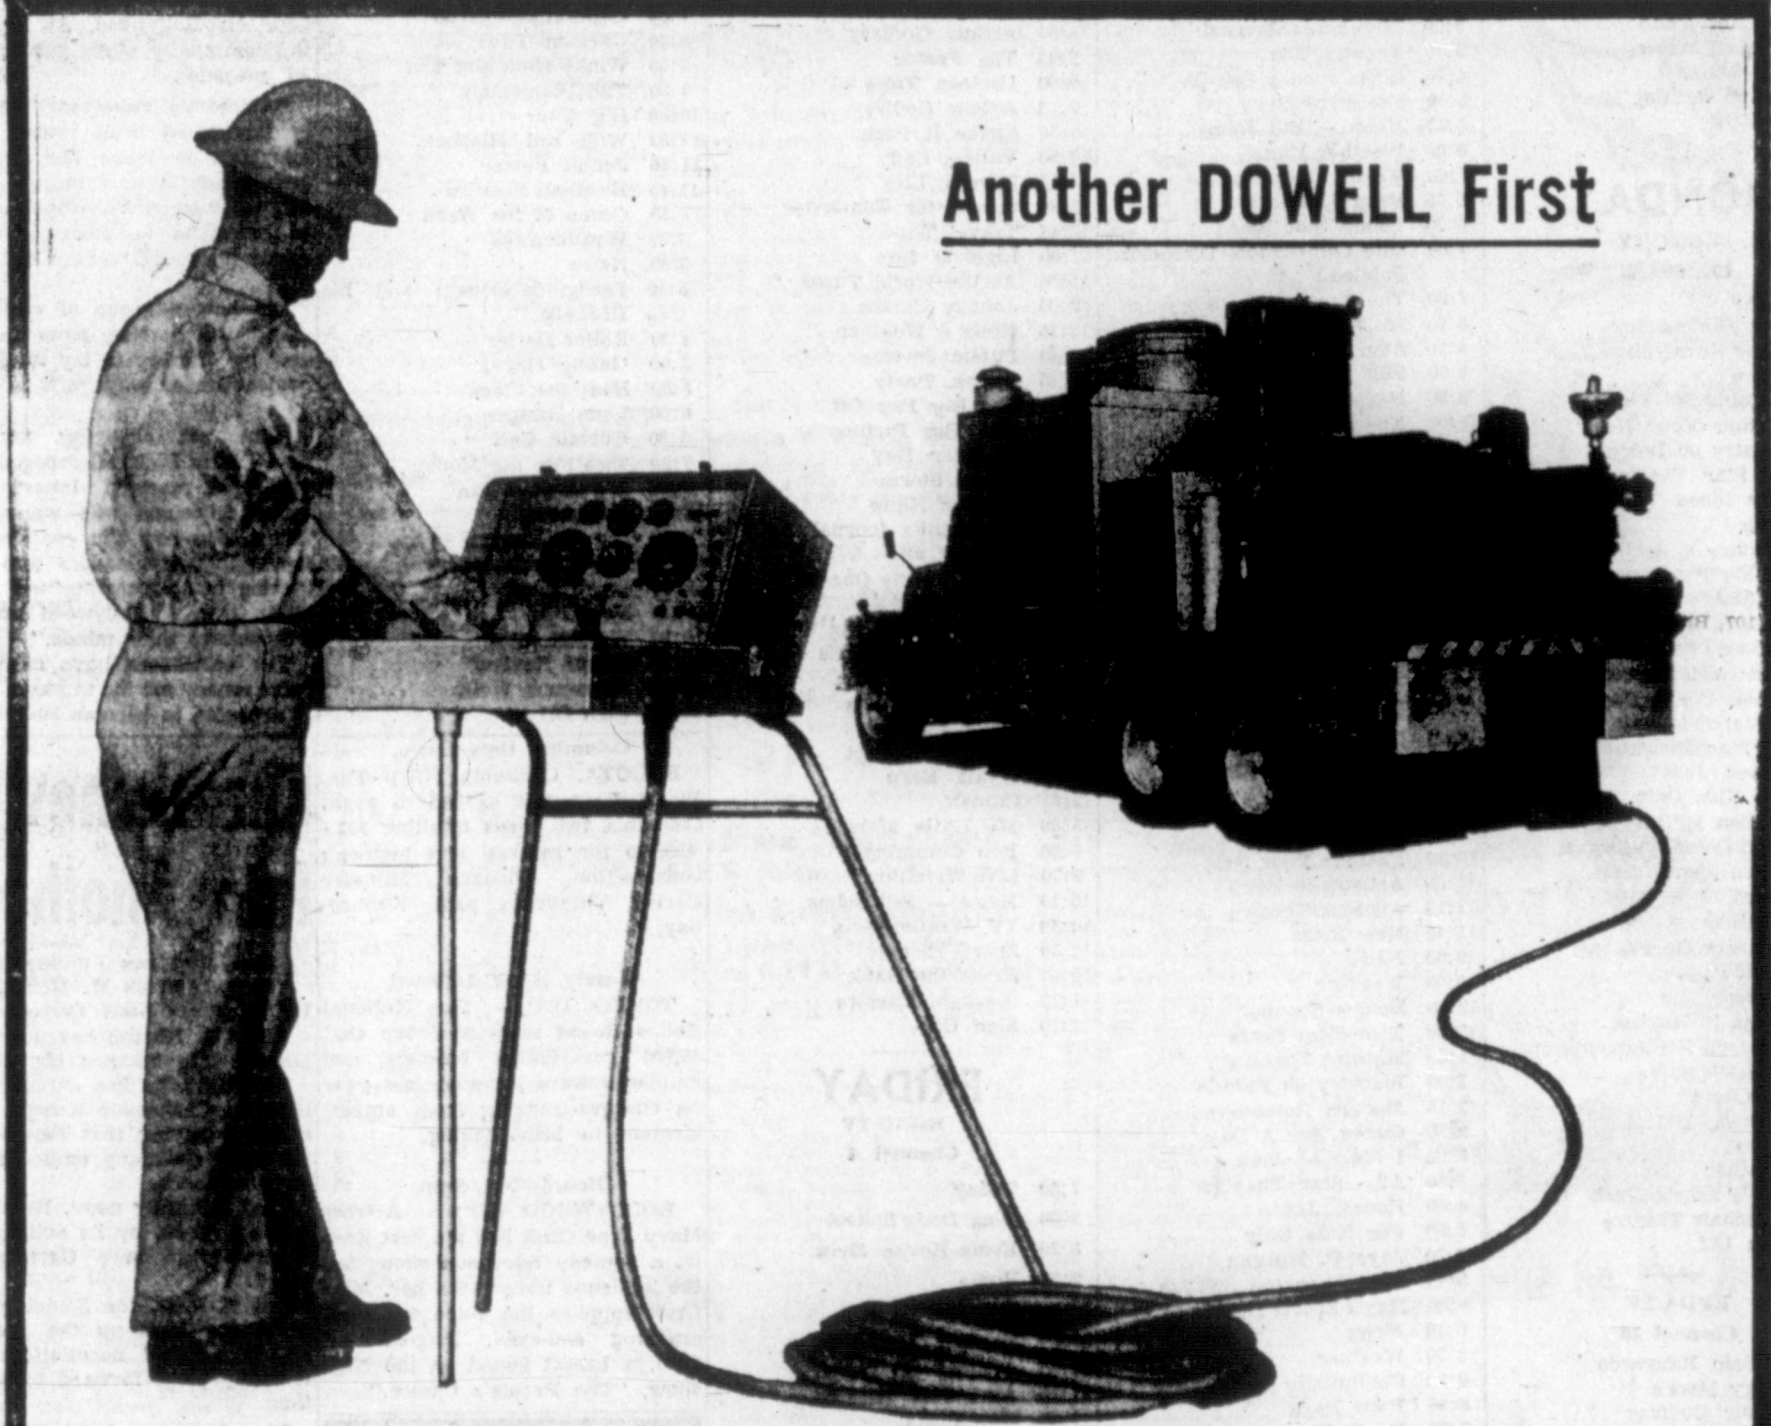

Best Dressed Pair

HOLLYWOOD (UP)—Actress Cyd Charisse and Jack Webb of "Dragnet" fame Wednesday night were named by the California Fashion Creators as the best dressed woman and man stars of the entertainment world.

Giraffes can deliver pile-driver blows with their cloven hoofs.

IT'S A PUZZLEMENT—It's Father's Day followed by Mother's Day for this eight-year-old India Nubian goat in Canaan, Me. His—her—its owner, Mrs. Mable Page, reports that the animal, which has fathered some 150 kids, has recently developed milk glands, and has begun delivering milk—a half pint every other day. The phenomenon has been known to have occurred in India, but has never before been reported in this country.

Another DOWELL First

NOW! aircraft power for fracturing, acidizing

New DOWELL pumping unit has 1500 h.p. Allison aircraft engine—plus revolutionary remote control

Two great developments!
The Allison aircraft engine, after posting a remarkable record as a power plant for fighter planes, has been adapted by Dowell to bring you increased fracturing and acidizing effectiveness.
The 12-cylinder liquid-cooled engine develops 1500 h.p. making it the most powerful in fracturing. Dowell has mounted it with the outstanding DR power-frame pump on one truck for compactness and efficiency unmatched in the oil industry. Here's power when you want it!

The new Remote Control Panel developed by Dowell is also the first of its kind. Never before has it been possible to offer such safety to men and equipment.
The Remote Panel gives the operator complete control over engine starting, operation and shutdown from any distance up to 125 feet. He's away from most of the noise for easy, rapid communication.
Pre-set controls on the panel automatically shutdown the entire unit if maximum pressures or volumes are exceeded. Treatment can begin again the controls must be in.
Here's excellent insurance against the possibility of well equipment damage.
Call Dowell today. Get all the information about the Allison-Powered Pumping Unit with Remote Control. Dowell Incorporated, Tulsa 1, Oklahoma.

TV Schedules For The Week

THIS IS WORK?—This first photo of Anita Ekberg since her recent marriage in Italy to British actor Anthony Steele shows her back at work in London with British screen comedian Norman Wisdom. They're working on her new film, "An Englishman in Las Vegas."

WINDSWEPT WAVES—It would happen that the first time in two years that a formal service-whites inspection was called at the Naval Air Station, Hutchinson, Kan., a baby nor'easter whipped across the quarterdeck (airfield) and snuffed the proceedings. As seen in photo the WAVE detachment lost some of its military bearing. In rear row, Ruth Early, of International Falls, Minn., straight-arms her skirt to keep it from blowing aloft. Next to her, Fannie Scott, of Birmingham, Ala., has lost her hat (arrow) while Katherine Kofer, of Allentown, Pa., clutches hers in ununilitary desperation. The hat of Nanette Wilson, of Rock Hill, S.C., has already gone with the wind.

Pickford Mementoes Saved For Hollywood At 11th Hour

By ALINE MOSBY
HOLLYWOOD (UP)—Just like in the silent thrillers, Mary Pickford's mementoes and art treasures have been saved at the 11th hour for Hollywood. At long last the community might get its needed museum.

"America's sweetheart" recently threatened in a United Press interview to leave her priceless possessions, from paintings of herself to Rudolph Valentino's sword, to museums in other cities because the movie colony had none.

But now a group of easterners saved the heroine from the bus sav by offering to try to get the project under way.

"I'm not changing my will now," Miss Pickford reported happily. "I received letters from many museums who wanted my things. But now I'm confident the movie industry leaders who were lacking in co-operating and enthusiasm over a Hollywood museum will change their minds."

The easterners have offered to raise money for the museum which it expected to become Hollywood's

biggest tourist attraction. Miss Pickford wants it to house displays from Oscar-winning movie sets and costumes to relics from bygone films.

Another feature would be a "Hollywood Hall of Fame." The public may be asked to vote on the first three film "immortals." They would be represented by life-size wax figures in the hall.

Proceeds from the museum will go to the Motion Picture Relief fund for the care of the industry's aged members. Miss Pickford hopes the museum will be dedicated to the man who worked in vain for years to found one, the late actor Jean Hersholt.

Miss Pickford sails to Europe this week. She and her husband, Buddy Rogers, will spend the summer on Errol Flynn's yacht while Rogers shoots backgrounds for a movie he's producing. In her absence, she said, she hopes a committee working on the museum will line up the co-operation of the movie studios. So far, she pointed out, the studios have shrugged off the idea.

Khrushchev Has Talked Self Into Another Big Dispute

Foreign News Commentary
By CHARLES M. MCCANN
United Press Staff Correspondent
Nikita S. Khrushchev has talked himself into another big dispute. This time, he has engaged West German Chancellor Konrad Adenauer by saying that Russia does not want Germany unified in any circumstances.

That is hardly news. Russia has made it plain, by its actions, that it prefers to keep Germany divided.

But at least, the Soviet government has kept up the pretense, in international negotiations, that it really looks forward to unification.

Khrushchev made his no-unification statement to French Foreign Minister Christian Fiesou while German Chancellor Konrad Adenauer was in Moscow last month.

"You keep your 50 million Germans and we will keep our 17 million," Khrushchev said in effect referring to the eastern and western parts of Germany.

Khrushchev said Russia didn't even want Germany unified if it were neutralized.

Returns in Rago
Mollet disclosed this to Adenauer when they met in Luxembourg Monday to conclude their agreement on the future of the Saar. Adenauer returned to Bonn, his capital, in a boiling rage. He said that Khrushchev's statement was impudent and borblish, and showed incredible brutality. Adenauer said he would take up the unification question, in the light of Khrushchev's statement, when he talks to President Eisenhower and Secretary of State John Foster Dulles in Washington next week.

"If you had a bit of get-up-and-go about you, you'd be getting a tax refund too, like Barney Killy."

"It's twenty-five cents and he wants cash!"

THE TERROR GOES ON—The tragic combination of Britain's repressive measures against rebellious Cypriots and the natives' retaliation brings scenes like this almost daily in Cyprus. In this case, a church, left, background, in Nicosia, was bombed by terrorists. A British soldier tends a seriously wounded comrade. The explosion killed one Briton and wounded at least a dozen other persons. In addition to guerrilla tactics against the British, Greek Cypriots are attacking the countrymen of Turkish origin, in what amounts to civil war.

CLOSE CORNER

Jane Russell appears to have co-star Richard Egan cornered in this scene from Twentieth Century-Fox's CinemaScope screen version of the sensational best-seller, "The Revolt of Mamie Stover," currently at the LaNora Theater.

By GWEN THURMOND

Mrs. Libby Shotwell, executive Secretary of the Pampa Chapter, is back in the office again after a bout with strep throat. Mrs. Sam B. Cook, home service chairman has been in the office carrying on the work while Mrs. Shotwell was hospitalized. During the month of May, Pampa Chapter served 31 active service cases and 14 veteran leaves, extensions of leave and reports to the military and financial assistance. Each case must be counseled with and the best service possible given to the individual. Red Cross works with the military and the veterans administration for the serviceman and the veteran.

Mrs. C. B. Homer has completed the report for the Gray Ladies for the month of May. Thirty-five Gray Ladies reported this month and gave 300 hours of volunteer service to the ill and shut-in people and to the local hospitals. Many times the Gray Ladies sit with patients at the local hospitals when there is a need for them. They usually relieve the family during the day so that the family can rest. They run errands for those that are ill, and take the shut-ins to the medical clinic when they need transportation. A real bouquet should go to these lovely ladies that are so busy making others happy.

The purpose of the Red Cross service is to help people help themselves. The organization relies in all its activities on the principle that people everywhere give their best in service to one another.

Jackie Hoyer and J. B. Copeland left last night for Amarillo with other delegates to the Junior Red Cross Training Center at Pettit Jean State Park, Merritt, Ark., Mr. and Mrs. Clo Hoyer took the young people to Amarillo and saw them safely on the train. Mr. Jim Hamilton, Field Representative will be in charge of the camp. He is well liked and we feel sure that the young people will have lots of fun as well as learn many things that will benefit JRC work in the schools next year.

Registration for the Water Safety program will continue through next week. Mrs. W. A. Dow states that with the station program, she will allow a few more beginners to be registered in each class. There is plenty of room for adult beginners and for intermediates and swimmers in all the classes. Just because your child can swim does not mean that he can swim right. Let your intermediate learn the proper way to swim. Enroll him in the Red Cross Swimming Class.

All Over Beard

ATLANTA (UP)—Trolley driver Gerald F. Barnes filed suit in Federal Court Wednesday, against the Atlanta Transit System. Barnes said the company fired him because he refused to shave off his beard. He was asked for \$25,000 damages and his job back, charging violation of his civil rights.

Hershey Gets Promotion

WASHINGTON (UP)—President Eisenhower Wednesday nominated Maj. Gen. Lewis B. Hershey, director of selective service, for the permanent rank of lieutenant general.

Varied Group Of Extras In Movie Here

One of the more colorful and varied groups of extras to be assembled for a motion picture will be seen in "The Revolt of Mamie Stover," the Twentieth Century-Fox CinemaScope - De Lux color production, starring Jane Russell and Richard Egan, which will be the next attraction at the LaNora Theatre. Among them was a Navy commander, the wife of a millionaire; a number of prominent business men; radio announcers and some tourists.

WINS REPORTING AWARD
—Mrs. Joan Geyer of the Pampa, Utah, Daily Herald has received a 1955 Albert Lasker Medical Journalism Award for her series of articles on mental illness. She is the only woman honored with this award for 1955, and her paper is the first with fewer than 50,000 readers to be thus honored for outstanding medical reporting.

Prospects For Crops Improving

DALLAS (UP)—Farmers in both East and West Texas have better crop prospects at present than they have had for several years at this time, according to the Texas and Pacific Railroad's agricultural agent.

The agent, C. B. Sentner, said recent rains, although "not all that farmers would have preferred," have enabled growers in both East and West Texas to start planting operations.

"Most of the cotton acreage in East Texas... has been planted and much of it is up to a good stand," Sentner said.

"The above is also true of the cotton in our irrigated areas of West Texas," he went on. "In our dryland farming areas of West Texas the cotton is very spotted."

He said planting in the dryland areas would continue until about the middle of June.

East Texas cantaloupes and watermelons were described as having gotten off to a slow start, while the tomato crop was reported as "cut some 50 per cent" below last year.

The report covered areas served by the railroad, along with the railroad's own acreages.

It described summer pasture and range conditions as "improved somewhat during May." But it added, "In far West Texas range conditions are still critical. This can be seen from the fact that the U. S. Agriculture Department re-designated several of our counties in this area as drought disaster areas."

Ramie, a fiber plant, is said to have been discovered by the Chinese some five or six thousand years ago.
