Ike Flies To Greet Nehru In Washington

By MERRIMAN SMITH
United Press White House Writer
AUGUSTA, Ga. (UP)—President Eisenhower flies back to Washington this afternoon to receive Indian Prime Minister Jawaharlal Nehru Sunday and to launch a dramatic new phase of Hungarian relief.

The vacation White House headquarters announced late Wednesday that Mr. Eisenhower is sending Vice President Richard M. Nixon to Austria immediately after Nehru's visit in Washington.

The President and Mrs. Eisenhower are expected to depart this afternoon on the presidential plane Columbine III, which he plans to dispatch Saturday to pick up Nehru in London.

To Aid Hungarians
Mr. Eisenhower late in the last full day of his pre-Christmas vacation announced he is sending Nixon on his personal representative to Austria to help that beset country with its Hungarian relief problems.

The White House said Nixon will make a brief trip, leaving Dec. 18 and returning Dec. 23, to consult with American, Austrian and international officials about helping and resettling Hungarian refugees.

The vice president also will "visit while there as many as possible of those who have recently escaped from oppression" by the Russians, the White House said.

Sets Up Special Committee
The President also set up a special committee to become a "focal point" of American aid to the Hungarian refugees, by coordinating work of government agencies and of private endeavors such as fund-raising drives.

The committee is to be headed by Lewis W. Douglas, former ambassador to England, as honorary chairman, and Tracy S. Voorhees, special presidential representative on Hungarian relief problems, as the working chairman.

Mr. Eisenhower wound up a work-and-play vacation of 2½ weeks at the Augusta National Golf Club during which he kept in close touch with Washington because of tense international developments.

GAINING MOMENTUM—Shown receiving a check to be added to the Red Cross national appeal for Hungarian relief is Mrs. Libby Shotwell, executive secretary of the Pampa chapter of the Red Cross. The total receipts to date in Pampa's drive for \$782, to be added to the national total goal of \$5,000,000, is \$368.

Auditor Works Hotel Books

The total amount of stock purchased for Pampa climbed to \$826,800 today with the report of an incomplete audit made to the executive committee by the auditor, J. G. Doggett.

The auditor, however, stated that three subscriptions were not in the file, which amounted to \$6,500, and he stated that mistakes were made in approximately 16 other subscriptions that would need correction if the total was to remain at the figure announced.

With the deduction of the three subscriptions which are missing, the total amount of stock totals \$820,300.

The executive committee met at 10 o'clock this morning in the Palm Room and heard the final report of the Hockenbury System on the stock selling campaign. The report was given by Philo C. Dix

who directed the local campaign. Dix stated that he was giving his "swan song" and expressed his thanks for the many courtesies that were extended to the Hockenbury representatives.

He told of the items included in the complete report that was being given to the local leaders of the hotel campaign and stated that they would probably need to refer to them at a later date.

Dix stressed the point that legally no person was a stockholder in the community-owned hotel until his or her stock subscription was paid in full.

He concluded his report by stating that the Hockenbury System would be ready at any time to offer any assistance they could in the erection of the hotel in Pampa.

The statement of expenses in conducting the campaign disclosed that a total of \$16,484 had been incurred by the campaign for various expenses. Some of these expenses were \$1,005 paid to the state for the hotel charter and stock permits; campaign meals, \$3,421; local expenses of directors, \$2,857, which was provided for in the contract; office payroll, \$3,170; printing, \$2,500; and other expenses which brought the total to the \$16,484.

The auditing report also indicated that a total of \$214,050 had been paid in on the stock and that a

Phillips Petroleum Co. Plane Crashes, Killing 8

BARTLESVILLE, Okla. (UP)—A Phillips Petroleum Co. plane carrying eight persons rolled crazily in the air, crashed and exploded south of here Wednesday killing all aboard.

A source at the Bartlesville Airport said the twin-engine Lockheed Lode-Star plane took off from the airport this morning and developed engine trouble soon afterward. The source said the pilot, Bob Ulrich of Bartlesville, decided to fly on to the Tulsa airport and land, but crashed at about 8:45 a.m.

The plane went out of control about four miles south and one mile east of here near the Limestone housing addition.

Eyewitnesses said the plane began spiraling downward, plowed into the ground and exploded.

Dead Identified
The dead were identified as Ulrich, co-pilot, Joe Bower, C. W. Binckley, Phillips Company engineer, A. M. Rippe, W. C. Reed, D. F. Mayfield and a Mr. Young and a Mr. Sneed, all connected with the Phillips company.

Eliza Scrapper, a farmer, said he saw the plane "spinning down." "There was a little smoke trailing from one of the engines. I saw it hit the ground and blow up," Scrapper said.

Don Shaffer said he saw the plane spin, then level off at about 1,000 feet and start to spin again. He said it exploded when it hit the ground.

R. F. Gaskill said he was sitting by the front window in his house when he saw the plane.

"It went into a spin and went over a hill and I heard a loud explosion and saw smoke," Gaskill reported.

Mrs. Cora Parrish, who lives about 300 yards from where the plane hit, said, "I was working in the kitchen and heard a terrible roar and then a crash."

"I went to the window and saw the plane burning," she said.

Capt. Donald St. John of the Bartlesville police department said visibility was good and the cloud ceiling was about 2,000 feet.

The plane, smashed to earth not far from the one-room Rice Creek School.

Mrs. Arlene Wilson, teacher, said witnesses told her they saw the plane make a turn, "then roll over and over" until it hit the ground and exploded.

Christmas Shopping Stymies Judge's Policy

The Christmas spirit gave County Judge Bruce Parker a little setback in his policy of appointing at least one woman to the jury commission each year.

It seems that in calling six women to ask them if they would serve, he was informed that each one of them was on Christmas shopping. Thus the judge appointed three men to serve as jury commissioners. The three appointed were Aaron Meek, Jeff Bearden, and Mack Hiatt.

Judge Parker was the first person in the state of Texas to appoint an all woman jury commission, last year, shortly after women were first permitted to serve as jurors. At that time Parker appointed Mrs. H. W. Waters of Pampa, Mrs. Vera Back of McLean, and Mrs. Archie Roberts of Lefors.

The jury commission is chosen each year by the county judge to take a poll tax list and from it select persons in packages of 24 to serve on the four jury terms for the coming year.

Lefors Man Hurt While Working On Pipe Line

Bill Wall of Lefors received a broken pelvis yesterday about 10 a.m. when struck by a pipe at the Colteco plant, east of Lefors.

A company spokesman stated that the accident occurred yesterday when work was in progress on replacing a section of pipe line. A truck was being used to exert pressure on the line while a coupling was being broken.

According to the report, the workmen did not realize the amount of strain the truck was placing on the pipe and when the coupling came loose the pipe hit Wall in the back.

He was taken to Worley Hospital where his condition was reported to be fair this morning.

Hungarians Continue Strikes In Reprisal

A 'Charter of Freedom' Proposed For Europe

By ARTHUR HIGBEE
United Press Staff Correspondent
PARIS (UP)—West Germany today proposed a "charter of freedom" for eastern European nations to win independence from Soviet rule. The move had strong U.S. backing.

The German proposal was made by Foreign Minister Heinrich Von Brentano at today's secret NATO council meeting and won immediate and full backing by Secretary of State John Foster Dulles.

Dulles urged the council to write this "declaration of independence" into the final communiqué of the NATO meeting as a solemn resolve of the Atlantic community.

The NATO ministers promptly gave the German proposal their implicit endorsement by agreeing to the Dulles suggestion.

The NATO ministers also adopted a three-nation proposal today that would weld the seven-year-old alliance into a compact political unit capable of common action inside and outside NATO's geographical boundaries.

It Promises Freedom
The "freedom charter" should call for peace and freedom for all European nations and all countries under foreign domination and promise everyone a life in freedom, Brentano said.

But he warned that freedom for the nations behind the Iron Curtain should not be sought by economic, political, or military pressure or force. The pressure should be moral, he said, reflecting a point made earlier this week by Dulles.

NATO spokesmen stressed that the declaration was in no way a call to arms in East Europe. They said it was not NATO's intent to encourage in any way military uprisings in East Europe.

The Brentano plan included five principles:

1. All peace-loving peoples shall support the rights of the East European nations to self-determination and self-government in full freedom.
2. The political order in the countries of East Europe shall be based on national independence, sovereignty and the barring of imperialist subjugation of small nations.
3. All nations of East Europe shall have the right to decide for themselves in full freedom the social order in their territories.
4. The internal development of the countries of East Europe shall not be influenced by military force or threats or by economic and political pressure.
5. The human rights of the countries of East Europe shall be inviolable.

He said the Soviet Union could sign such a declaration without loss of prestige.

Brentano told the 15 foreign ministers not to give in to spectacular and possibly risky actions with regard to eastern Europe because they might well cause a chain reaction by the Kremlin and its still-powerful Stalinist guard.

Brentano, representing a country whose eastern portion is under Soviet control, urged the NATO powers to come out with a strong resolution demanding independence for the east European nations.

Independence Urged
The proposed West German resolution should appeal to the Soviet to give full independence and freedom to its satellites, Brentano said.

Minister Expected To Succeed Kadar

By BRUCE W. MUNN
United Press Staff Correspondent
UNITED NATIONS, N.Y. (UP)—East European sources said today Communist Hungarian Foreign Minister Imre Horvath, who walked out of the U.N. debate on his stricken homeland, will return soon to Budapest to replace Janos Kadar as premier.

There have been recurrent reports — even in Hungary itself — that the Russians were ready to "dump" Kadar in view of his failure to win even a semblance of popular support and end opposition resistance.

The Hungarian delegation to the United Nations professed no knowledge of the report here and said Horvath had no plans to leave New York today. Horvath it could not be reached initially for comment.

Sources Doubt Switch
Middle East sources doubted the Horvath-for-Kadar switch on the grounds that the Soviets would never let such information leak in advance.

The mid-looking Horvath arrived in New York last month to take charge of the Hungarian puppet regime's delegation while the United Nations was debating Soviet armed intervention against the Hungarian people.

He walked out of the General Assembly last Tuesday charging his government had been "rudely and disgracefully offended" by the debate. He said the assembly debate violated the U.N. charter and his delegation would boycott the body as long as such discussion continued.

Completion Of Evacuation Due Saturday

By DANIEL F. GILMORE
United Press Staff Correspondent
LONDON (UP)—A United Nations spokesman said today in Egypt the evacuation of Anglo-French troops from Port Said may be completed by Saturday.

The statement was made in El Ballah, 34 miles south of Port Said, where Maj. Gen. E.L.M. Burns, commander of the U.N. Emergency Force (UNEF) set up his headquarters here.

Burns said his U.N. forces would leave Port Said as soon as the Anglo-French troops leave and "as soon as the civilian governor and Egyptian police forces have taken over the city."

Arrives In American Car
Burns arrived Wednesday in an American sedan with a white license plate marked "UNEF 1." His headquarters is a converted schoolhouse on the banks of the Suez.

There has been one attack on a British patrol, and a British officer was kidnapped Tuesday. British forces still were searching for the officer, and his kidnapers.

A few scattered shots were reported in Port Said but no casualties were reported.

Clearing Minefields
In the Sinai Desert Egyptian forces were clearing minefields and repairing roads so the Yugoslav UNEF contingent could move across the desert towards Israeli position. Burns said the operation was "proceeding slowly."

Steel Companies Defy U. S. Attempts To Prevent Merge

By ROBERT G. SHORTAL
United Press Staff Correspondent
NEW YORK (UP)—Congressional leaders were considering anti-merger proposals today in light of defiance by two major steel companies of government action to halt their merger.

The Justice Department moved Wednesday in Federal Court here to block the merger of Bethlehem Steel Corp. with Youngstown Sheet and Tube Co. It filed a civil antitrust suit against the two firms and asked that they be restrained from merging while the suit is being heard.

Bethlehem and Youngstown had announced Tuesday they would proceed with the proposed merger in spite of the announced government intention of filing the antitrust suit.

Deny Government Contentions
The government claimed the two companies are "active competitors" and that the merger would "substantially lessen competition or tend to create a monopoly."

The proposal of Bethlehem, second largest steel producer, to take over Youngstown, sixth largest,

would create a steel giant with both sales and assets of about \$2.5 billion.

Bethlehem Chairman Eugene G. Grace and Youngstown Chairman J. L. Mauthe have vigorously denied the government's contentions. They claim the merger would "stimulate" competition and strengthen national defense.

Stock Prices Drop
The defiance of the two companies of the government action caused their stock prices on the New York Stock Exchange to decline \$3.25 for Bethlehem and \$7.12½ for Youngstown in trading Wednesday.

In Washington, congressional leaders said they would press for anti-merger legislation when the 85th Congress convenes next month.

Sen. John J. Sparkman (D-Ala.), chairman of the Senate Small Business Committee, called the merger the most serious threat to the nation's free enterprise economy in a decade.

Rep. Emanuel Celler (D-N.Y.) was expected to take up the anti-merger move in the House.

Budapest Workers Protest Threats To Labor Leaders

BUDAPEST —UP— Hungary's workers partially extended their nationwide general strike today in reprisal for the arrest and threatened execution of two top labor leaders.

The 48-hour general strike was scheduled to end at midnight 5 p.m. est Wednesday night. There was a brief return to work in several Budapest factories. But almost immediately the workers stormed out of the plants again in protest against the arrest of Sandor Racz and Sandor Bari, two of the strikers' top leaders.

Racz, president of the Central Budapest Workers Council which called the general strike, and Bari, his right-hand man on the council, were arrested Wednesday.

Budapest Announces It
The arrests were announced in a police communique broadcast by Budapest Radio Wednesday night. The same broadcast announced an addition to the martial law decree under which all offenders were liable to the death penalty.

Throughout Hungary it was believed Racz and Bari would be the first to be hanged as "counter-revolutionaries" under the martial law decree.

Meanwhile, Vienna reports said that fresh Soviet army divisions rolled into Hungary in open defiance of the United Nations.

The puppet government invoked the death penalty for all offenders against martial law, but even the shadow of the gallows failed to stifle the nearly hopeless fight for freedom against impossible odds.

The desperate strike of protest against the Kremlin-imposed government went on past its midnight deadline though Soviet tanks ringed the factories and the hated secret police began rounding up strike leaders.

U.N. Condemns Soviets
The U.N. General Assembly condemned Soviet intervention Wednesday night and demanded it withdraw its troops. But Russia was reported rushing new troops into Hungary as fast as a single track Carpatho-Ukraine railway can carry them.

Few details were available, but best estimates in Vienna were that up to three new Soviet divisions had been ordered to bolster the 12 to 15 divisions already in Hungary.

Fears were expressed here that Russia no longer was treating the revolt as a minor rebellion but was ready to launch an all out military campaign to wipe out the freedom fighters and break the general strike.

Strikers Hurl Grenades
There were no signs that it ended Wednesday night after a violence filled day in which strikers hurled grenades against Soviet tanks and Hungarian Communist police. Scores of dead and injured were added to the thousands who have died for freedom.

One report from Belgrade said more than 3,000 persons had been arrested in Hungary during the past three days. Most of them were added to the thousands who have died for freedom.

Ministers In Wrangle Over Dulles' Policy

By ARTHUR HIGBEE
United Press Staff Correspondent
PARIS (UP)—Ministers of the 15 North Atlantic Treaty Organization countries wrangled today over Secretary of State John Foster Dulles' "go-it-alone" policy.

It was only a month ago that Americans bitterly criticized Britain and France for invading Egypt without advising the United States of their plans in advance. Wednesday, Dulles told NATO foreign ministers the United States will not be bound by a NATO plan of prior consultation on action affecting other member nations of the Atlantic Alliance.

As an example, Dulles said the United States would certainly act first and talk later if Communist China attacked Formosa.

He made it clear the United States reserves its independence of action in situations demanding an immediate response to meet U.S. treaty obligations or to protect vital U.S. interests.

The U.S. policy declaration touched off a storm of argument which was expected to continue throughout today's meeting of the NATO council.

On the other hand, there was only mild reaction to a "grand design" for a close knit Atlantic community with its own parliament, outlined Wednesday by British Foreign Minister Selwyn Lloyd. Reaction was described as friendly but largely non-committal pending further study.

Plans For Medical Aid In Disaster Being Formulated

Medical disaster plans are being formulated by a committee on medical aid which has been initiated by the local chapter of the American Red Cross.

The object of the plans now being made are to expedite care of persons injured in event a disaster strikes Gray County or the surrounding area.

Doctors in Gray County will receive instructions in the near future as to the place they will report in event of an emergency. Plans call for medical teams to be rushed to the area of the disaster and for other teams to man emergency facilities in the local clinics.

By following these plans it is hoped that most of the injuries can be handled either at the scene or in the clinics and that only the most serious injuries will be sent to the two local hospitals.

The completed plans will be announced at the next staff meeting of the staff of Highland General Hospital which will be held during the first half of January.

Home Decorations To Be Judged 19th

Christmas home decorations will be judged on Wednesday, Dec. 19, according to the merchants committee of the Chamber of Commerce, which sponsors the event each year as a part of an overall Christmas activities program.

Pampans were urged by the committee to have their decorations completed by this date and have lights on and ready for judging between the hours of 7:30 and 10 p.m.

The town will be divided into six districts as follows:

District 1: Area south of Foster and east of Cuyler Streets;
District 2: Area south of Foster and west of Cuyler & Ram Streets;
District 3: Area north of Foster-Rham, east of Cuyler-Mary Ellen, south of Harvester Streets;
District 4: Area north of Foster-Rham, west of Cuyler-Mary Ellen and south of Harvester Streets;
District 5: Area north of Harvester and east of Mary Ellen;
District 6: Area north of Harvester and west of Mary Ellen;

Each district will be judged individually and a prize given for the home considered to be the best decorated by the judges in that particular district.

Six beautiful silver trays, one to the winner in each district, will be awarded. Judging will be based on originality, general appearance and beauty, and relationship to the idea of Christmas.

Venire Is Selected In Wheeler Trial

A special jury venire of 120 persons was selected yesterday afternoon in Wheeler for the trial of Jim Whiteard of Phoenix, Ariz., on Jan. 21, 1957, on a charge of murder with malice in connection with the death of Victor Lee Stephens of Shamrock.

Last Thursday Whiteard pleaded not guilty to this charge and to two charges of assault with intent to murder, in connection with the gun battle he and his half-brother had with two officers near Shamrock, on Saturday, Dec. 1, 1956.

One other charge of murder with malice was filed against Whiteard in connection with the death of Whiteard's half-brother, Junior B. Myers. Whiteard admitted in a statement, following his arrest, that he shot Myers when they became separated during the night; while over 200 officers and volunteers surrounded the area in which they were hiding. The charge of murder with malice in the death of Myers is being held in abeyance by Bill Waters, district attorney.

The list of persons selected for the jury venire has not been released at this time.

Funeral Set For W. H. Patton, 89

W. H. Patton, 89, who came to the Panhandle in 1916 by covered wagon, died yesterday at 10:10 a.m. in a rest home in Perryton. Patton was born Oct. 15, 1867 in Collin County, Texas. He was married to Lula Jones in 1885. She died in 1944. He was a charter member of Calvary Baptist Church here. When he came to this area there were only four houses in Pampa.

Survivors include four daughters, Mrs. Daisie Ritter of Beaver, Okla.; Mrs. Mabel Akridge of Perryton; Mrs. J. P. Matthews of Rossmore, Ohio; and Mrs. Bill Black of Tullison, Ark.; four sons, Bud of Pampa, Jack of Tullison, Ariz.; Clyde of Goree, and Elby of Mobeetie; one brother, Edwin of Iowa Park; one sister, Mrs. Isie Gantt of Terrell; 50 grandchildren, 95 great-grandchildren and nine great-great-grandchildren.

Funeral services will be held Friday at 3 p.m. in the Calvary Baptist Church with Rev. Ennis Hill, pastor, officiating. Burial will be in Fairview Cemetery beside his wife.

Multi-Million Dollar Loan Is Negotiated

WASHINGTON (UP)—U.S. and British officials negotiated today on a multi-million dollar loan which Great Britain will use to finance purchases of U.S. goods, primarily oil.

The loan would be made by the government's Export-Import Bank. How much the British want to borrow has not been disclosed, but speculation centers on an amount between \$200 million to \$500 million.

British Chancellor of the Exchequer, Harold MacMillan, told Parliament last week he had U.S. assurances that a loan would be available promptly if requested.

The British government is prepared to put up the U.S. dollar securities it owns, mostly in business stocks and bonds, as collateral on the loan.

Britain currently is in a serious financial plight as a result of the closing of the Suez Canal and the disruption of oil pipeline operations in the Middle East. Her reserves of gold and U.S. dollars have slipped below the critical \$2 billion level.

The British feel the slippage stems not so much from their nation's sudden emergency expenses—as from fears that the economic consequences of the Suez crisis might weaken the value of the British pound sterling currency.

When people fear for the value of money they hold, they sell it for other currencies. In the case of sterling and dollars, the British government buys the sterling to keep the value reasonably stable.

If her gold and dollar resources were drained away, Britain no longer would be able to prop up the value of sterling. So she is trying to discourage the drain by mobilizing a large pile of dollars and demonstrating a solid position.

Two mishaps are reported here. Two accidents within 45 minutes of each other were reported by the police yesterday in Pampa.

The first mishap occurred at 12:10 p.m. on Cuyler 30 feet south of Tyng between a car driven by Fleta R. Hill of McLean and Ola Doss of Groom. The Hill automobile, a 1955 Chevrolet, had an estimated \$45 damage. No damage occurred to the 1956 Doss Buick.

The other collision occurred at 1:35 p.m. on Hobart, 30 feet south of Kentucky. Involved were a 1955 Chevrolet driven by Albert B. Martin of Lubbock with damage estimated at \$125 and a 1955 Chevrolet being driven by Iva Lee Mayfield of 1019 E. Browning with damage estimated at \$200.

AUDITOR

(Continued from Page One) balance of \$606,230 was outstanding. This did not include the \$6,500 figure for the three missing subscriptions.

Following the report of the audit, the members of the executive committee adopted a resolution which declared the stock selling campaign in a community-owned hotel for Pampa a success.

The members of the committee also approved the payment of the fee to the Hockenbury System on the basis of the final audit. The fee to be paid to the campaign firm is five per cent of ninety per cent of the total amount of stock sold in the hotel.

Legal aspects were discussed by William J. Smith, legal counsel for the executive committee, on the formation of the board of directors of the community-owned hotel.

He explained that in order to obtain the charter, three persons were listed as stockholders and according to the laws of the state of Texas no other persons could be declared a stockholder until the full amount of stock purchased had been paid and the money released by the secretary of state to the hotel corporation.

The laws under which the campaign was conducted stated that ninety per cent of the funds should be deposited in the banks and could not be used until they were released by the secretary of state. Until this is done only the three persons named in the charter are stockholders.

Smith also reported that the board of directors could not be elected by anyone other than stockholders, so the fact of not having stockholders at the present time would hold up plans.

He discussed various means that could be tried to obtain the release of the funds from the bank and the obtaining of legal stockholders and directors.

Clayton Husted, chairman of the nominating committee for a suggested list of 24 persons to serve as members of the board of directors, submitted a list to the executive committee, who in turn recommended to the three legal stockholders that the list be submitted to all stock subscribers, so that a permanent board might be instituted.

Two men were given fines in County Court this morning of \$100 each plus costs and given three days in jail on charges of driving while intoxicated.

The two men were Robert Lowry Thompson and Oscar A. Goff. They had previously entered pleas of guilty to the charges.

Weather Hinders Search For Crash

VANCOUVER B. C. (UP)—

The Royal Canadian Air Force fought a race with winter today in a search for 62 persons lost on a Trans-Canada airliner in British Columbia's coast range mountains.

Thirteen crews were ordered to report to Sea Island base near Vancouver this morning on the chance the search could be resumed. But the weather situation was described by meteorological officials as "indefinite," and it was far from certain that the fliers would get out of the brief, rooming and into the sky.

A projected overnight search by four aircraft never got off the ground. Fog and clouds rolled through much of the search area to a height of 16,000 feet.

"It was hopeless overnight," a spokesman at operations headquarters said. "There won't be any flying until 7:30 a.m. at the earliest."

24 persons receiving the largest number of votes to be selected to serve as directors. Each share of stock purchased will entitle the person to one vote on the list of 24 persons.

Those nominated for election as directors of the hotel were: Crawford Atkinson, Lynn Boyd, M. K. Brown, C. P. Buckler, Hugh Burdette, Frank M. Culbertson, George Cree Jr., Paul Crouch, E. L. Green Jr., Dick Hughes, Floyd Imel, Ed Myatt, Fred Neslage, Dr. M. C. Overton, A. A. Schuneman, E. Roy Smith, Bill Smith, Ivy Duncan, Mrs. Inez Carter, Mrs. Donna Cornutt, H. O. Darby, Joe Tooley, George Scott and Dick Pugh.

Provisions will be made for the writing in of any other person that the stock purchaser would like to serve on the board of directors.

The executive committee also recommended that the board be divided into three groups serving on a one, two and three year basis.

The committee also directed Smith to expedite as soon as possible transfer of stock funds by the secretary of state to the hotel corporation.

The Tennessee Valley Authority constructed some 30 major dams on the Tennessee River and its branches.

CHARTER

(Continued from Page One) said. He also urged NATO to reaffirm its support for the peaceful unification of Germany by negotiations and free elections.

Brentano said the Soviet menace in Europe had never been greater and that 22 crack Red army divisions were poised in eastern Germany. He said first class Soviet divisions had been marched into Hungary and that Kremlin control of Bulgaria and Romania had been tightened up.

He said dramatic events were taking place so fast, so often and so unexpectedly it would be highly dangerous for the West to react without restraint or attempt to intervene by force.

Brink of War He warned that an uprising in East Germany could bring the world to the brink of global war and that the tragic events in Hungary would be repeated on an even bigger and bloodier scale.

Brentano said the old Stalinist guard in the Kremlin was only waiting for somebody to spark the highly-explosive situation and he cautioned the West to stay calm and use moral pressure on Moscow to bring freedom to eastern Europe.

The proposal to knit the alliance members closer together was made by the "three wise men"—Foreign Ministers Lester B. Pearson of Canada, Gaetano Martino of Italy and Halvard M. Lange of Norway.

The plan gives NATO's secretary general more power to go around dampening "flash points" in the alliance. It also requires prior consultation among the Allies on actions affecting each other anywhere.

It Avoids Disputes It is designed to avoid further disputes within the alliance like Cyprus and Suez.

The United States, Britain and France made it clear the agreement would not hamper their freedom of action where it was vital to protect their interests. But they indicated they would stick by the spirit of the agreement.

The Michigan State Highway Department was organized in 1905 and the state issued its first automobile license the same year.

This Is 100th Anniversary Of The Army Camel Corps

By HARMAN W. NICHOLS
United Press Staff Correspondent

WASHINGTON (UP)—Except in the circus, the camel hasn't done us Yankees much good. But the Army wants us to know that this is the 100th anniversary of the Army camel corps.

The brute with the hump didn't last long, militarily. In fact the long-jawed critter which doesn't often need watering had only a short day's run.

That was back in 1856 when a platoon of the club-footed hunchbacks were employed to lug the Army's gear across the arid mountains and deserts of the woolly west.

Jefferson Davis was the secretary of war. He rushed through a bill, which Congress finally okayed, called for the colossal sum of \$30,000 to pick up a bunch of camels.

He Wanted Mule Back
The idea was to push the mule back in front of the plow where mules belonged.

Seventy-five camels were brought in from Asia Minor and Africa at about \$50 a hump. They were stabled at Camp Verde, a spit and a holler from San Antonio.

To their credit, the walking water tanks did a fine job — for a time. For one thing, the caravans helped open new wagon routes from the Gulf to the Pacific.

But after a while the Army men began to complain that their pack animals smelled to high heaven. Not only that, they said, the humpers scared the heck out of small children and horses broke loose from their traces.

Camels Are Stubborn
And even worse, the camels

turned up stubborn and refused to move a foot from the center of a mountain trail — even with a fire built under.

During the war between the states things didn't get any better. Camels sloshed through the swamps from camp to camp. Some of them perished while sloshing.

In 1886, the Army auctioned off one group of humpers at something like \$31 a head to Bethel Coopwood. This fellow peddled five of the animals to a circus.

Feeling like a man who had made a bad investment, Coopwood swatted the rest of the "herd" on the rump and sent it skiddaling.

Later, he thought better of it and rounded 'em up for a "camel caravan," between Laredo, Tex., to Mexico City.

Then came the robbers. They stole most of the rest.

But some of the camels escaped. Many lived to a ripe old age, as camels go, and wound up in menageries. They were considered to be "Army veterans."

If there is any moral to this tale, it's this advice from the Army news service:

"Next time you see a camel, you might salute. Could be it is a descendant of a veteran of the civil-war."

Farm Supports Poses Danger
WASHINGTON (UP) — The administration's National Agriculture Advisory Commission fears flexible farm price supports may set off a new cycle of surpluses once the surplus problem is licked. Agriculture Secretary Ezra T. Benson Tuesday reported the commission's "concern" after a two-day closed-door meeting of the advisory body.

K.P. FOR FUTURE KING—A very unroyal pose is struck by Crown Prince Constantine of Greece as he scrubs his mess kit in an Army camp near Athens. Accorded no special privileges, the 16-year-old is serving a training period in a commando battalion at the Raiding Forces Center in Vouliagmeni.

Trade Policies Adjustment Part Of Aid Program Plan

By LYLE C. WILSON
United Press Staff Correspondent

WASHINGTON (UP)—An adjustment of United States trade policies in favor of hard-pressed Western European nations is part

of an expanded aid program now contemplated by responsible administration members. The suggested new look in U.S. foreign policy is officially termed a more benign attitude toward this country's allies. Benign means

gentler or kinder. At the fewest, Great Britain, France, The Netherlands and Italy are expected to share in some or all of the various aid now being considered here and doubtless, being discussed in Paris by Secretary of State John Foster Dulles.

Congress and private industry consistently have pressed the U.S. government to buy American-made goods even though a foreign manufacturer may be able to offer a good or better bargain. More Foreign Sales It is contemplated now that in such circumstances the British or French, for example, manufacturer of a massive generator might make a sale even though an American firm could compete equally in price and quality. Such benign trading would be

part of the effort to provide Western European Allies with dollars toward stabilization of their currencies and their economies. It has been suggested that operators of foreign air lines might also be favored in their efforts to obtain concessions from the U.S. government at the expense of American-owned carriers engaged in foreign service. The grant of such concessions would not be judged on the strict merits of the air transportation business but somewhat in light of an ally's need and, especially, in

light of an ally's international behavior. Airline Gets Concessions For example, the behavior of The Netherlands government in Indonesia may obtain for the Dutch airlines some eagerly sought concessions with respect to air passenger traffic originating in the United States. U.S. operators will not like that. The United States has certain policies toward colonialism, for example, and certain standards of international conduct. It is freely conceded here by some responsible

officials that living up to these standards imposes a much heavier burden on some allies of the United States than it does on this country. More benign trade policies are but a part of the contemplated aid, all of which, apparently still in subject to exploration by the cabinet and decision by President Eisenhower. Western European Allies probably will be requested to get together among themselves to

pool their mutual needs. The United States they would try to meet the rescue cost.

Use Butter Crunch As Dessert Topping

Introducing Butter Crunch — a new crumb topping, perfect for cobblers, tortes, parfaits and pies.

BUTTER CRUNCH
 1/2 cup butter
 1/2 cup brown sugar (packed)
 1 cup sifted Gold Medal Flour
 1/2 cup chopped pecans, walnuts, or coconut

Heat oven to 400 degrees (mod. hot). Mix all ingredients with hands. Spread in oblong pan 13x9x2". Bake 15 min. Take from oven, stir with spoon. Makes 2 1/2 cups. Cool and store Butter Crunch in covered container in refrigerator for later use.

Ways With Butter Crunch:
 1. Apple Crunch Sundae. Over each serving of vanilla ice cream, spoon 2 tsp. hot applesauce and sprinkle with 2 tsp. Butter Crunch. For a party touch, add a few drops red food coloring to applesauce.
 2. Easy Fruit Betty. Heat 1 can fruit pie filling (cherry, blueberry, etc.) Pour into 1 qt. baking dish. Sprinkle with 1 cup Butter Crunch. Serve warm with cream.
 3. Crunch Cobbler. Thicken fruit (cherries, peaches, etc.) Pour into 1 qt. baking dish or 6 individual saucedishes. Sprinkle with Butter Crunch, 1 cup for large dish or 2 tsp. for each individual serving. Serve warm with cream or vanilla ice cream, 6 servings.
 4. Applesauce Crunch. Pour 2 cups sweetened spiced applesauce (add 1 tsp. cinnamon in serving dish. Cover with 1/2 cup whipping cream, whipped, and sprinkle with 1 cup Butter Crunch. 6 servings.
 5. Crunch 'N Pudding. Make your favorite flavor pudding mix (vanilla, butterscotch, chocolate, etc.) While hot, pour into flat serving dish. Sprinkle with 1 cup Butter Crunch. Serve with cream, 6 servings.
 6. Parfait Crunch. Make your favorite flavor pudding mix (lemon, coconut cream, etc.) Alternate layers of Butter Crunch and pudding in parfait glasses. Top with whipped cream. Garnish with cherry.
 7. Fruit-Custard Crunch. Pour chilled soft custard over berries or fruit (oranges, bananas, peaches, strawberries). Sprinkle with Butter Crunch. Serve.

Meat Is Base For Filling, Time-Saving Soups As Main Dish For Family Meals

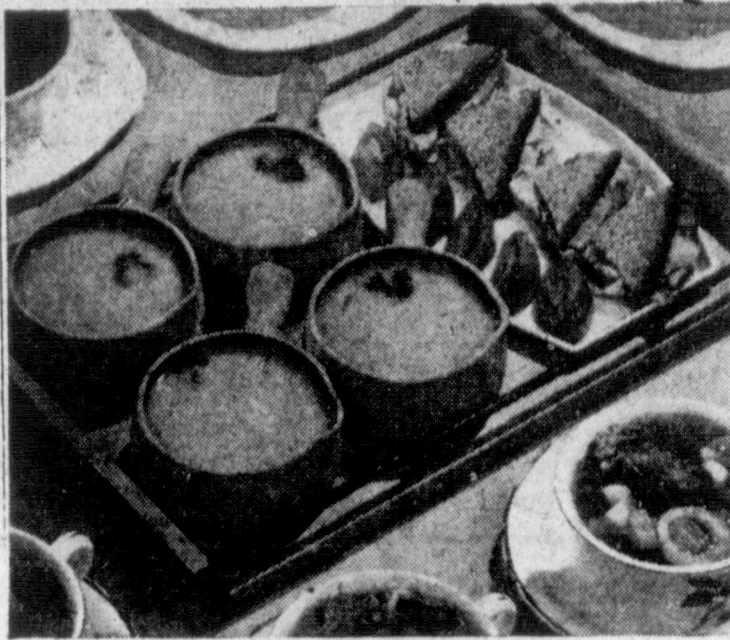

The most filling of main course soups are those made with meat. Here are recipes for soups made with three different kinds of meats, ground beef, pork shoulder, and beef stew meat. All of these can be made in advance and re-heated at serving time.

Savory beef and vegetable soup needs no introduction to soup-lovers. In this version, chunks of beef stew meat are cooked with a soup bone, and diced vegetables are added towards the end of the cooking period. Diced beef liver adds rich flavor to the soup.

BEEF AND VEGETABLE SOUP

1 small soup bone, cracked
 2 1/2 pounds beef stew meat
 2 quarts water
 1 slice beef liver, diced
 6 medium carrots, diced
 4 small onions, diced
 4 stalks celery, sliced
 3 medium potatoes, diced
 2 medium turnips, diced
 2 tablespoons snipped parsley
 2 teaspoons salt
 1/4 teaspoon pepper

Add meat and bone to water; heat to boiling, cover pan and simmer 4 1/2 hours. Add remaining ingredients, heat to boiling, then simmer, covered, 1 1/2 hours longer. Remove bone. Season soup with additional seasonings if necessary. Serve immediately, 8 servings.

TRIO — Here's a hearty supper idea — a main course soup made with meat. At the top of the photograph are soup with pork in casseroles, accompanied by tomato wedges and tiny meat sandwiches on rye bread. At the bottom are jumbo coffee cups filled to the brim with a savory beef and vegetable soup.

2 cups dried yellow peas
 6 cups hot water
 1 tablespoon salt
 2 pounds fresh pork shoulder

Wash peas and cover with hot water. Simmer over low heat 1 hour or until tender. Add salt and pork and simmer 2 hours longer, covered, or until meat is tender. Remove pork and slice for sandwiches to accompany the soup. Season soup with salt and pepper and serve at once or cool, refrigerate until needed, and reheat before serving, 6 to 8 servings.

YELLOW PEA SOUP with PORK

1 pound ground beef
 1/2 pound ground lean pork
 1/4 cup bread crumbs
 1 tablespoon tomato paste
 1/4 cup milk
 1 egg
 1 clove garlic, minced
 1/2 teaspoon dried mint
 1/4 teaspoon sage
 1 teaspoon salt
 1/4 teaspoon pepper
 1/4 cup bacon drippings or lard
 2 cans condensed beef broth

Mix ingredients except drippings and soup; shape mixture into meat balls. Float the little balls in beef broth or bouillon, as suggested in the recipe, or use them in any thin soup of your choice. A short stay in the refrigerator before cooking, helps keep the uniform shape of the meat balls during cooking. Serve the soup with crusty bread and a tossed vegetable salad for a delectable supper.

MEAT BALL SOUP

1 pound ground beef
 1/2 pound ground lean pork
 1/4 cup bread crumbs
 1 tablespoon tomato paste
 1/4 cup milk
 1 egg
 1 clove garlic, minced
 1/2 teaspoon dried mint
 1/4 teaspoon sage
 1 teaspoon salt
 1/4 teaspoon pepper
 1/4 cup bacon drippings or lard
 2 cans condensed beef broth

Mix ingredients except drippings and soup; shape mixture into meat balls. Float the little balls in beef broth or bouillon, as suggested in the recipe, or use them in any thin soup of your choice. A short stay in the refrigerator before cooking, helps keep the uniform shape of the meat balls during cooking. Serve the soup with crusty bread and a tossed vegetable salad for a delectable supper.

CORN BREAD STUFFING

2 cups self-rising corn meal
 1/4 teaspoon thyme
 1/4 teaspoon rosemary or sage
 1/2 teaspoon celery seed
 1/4 teaspoon black pepper
 1/2 teaspoon salt
 2 cups rich broth
 2 tablespoons melted margarine or butter
 2 eggs
 1/2 cup grated onion
 1/2 cup grated celery
 (If plain Corn Meal is used, add 3 teaspoons baking powder and 1 teaspoon salt.)

Sift together the Corn Meal, thyme, rosemary, celery seed, black pepper and salt. Add the broth (canned broth can be used if fresh broth is not available), melted margarine and 2 eggs. Beat with a rotary beater until blended. Stir in the grated onion and celery. Pour into well greased small loaf pan, muffin tins, or cake pan which has been lightly dusted with corn meal or flour. Bake at 450 degrees. About 45 minutes is required for baking in loaf or cake pan, about 25 minutes in muffin tins. About 5 minutes before removing from oven, brush the top with melted margarine or butter and sprinkle lightly with a mixture made of 1/4 cup Corn Meal and 1/4 teaspoon salt.

SOUP, SANDWICHES

For Sunday Supper

A light but well-balanced menu for Sunday night supper or luncheon is your favorite soup, served piping hot, and spicy sandwiches made with chopped fresh vegetables and crisp red Washington Delicious apples.

For the sandwiches, combine 1/4 cups each shredded fresh carrots, shredded cabbage, 1-3 cup chopped raisins, and 1 cup chopped unpeeled Delicious apple. Add 1-1/2 tbsps. lemon juice and 2 tbsps. mayonnaise and blend together. Spread on lightly buttered rye bread, top with another slice buttered bread. Makes 6 sandwiches.

Puddings With Apples Make Nourishing Baked Or Steamed Desserts For Winter

Puddings made with crisp, fresh apples make inviting and nourishing cold weather desserts, especially now while top quality apples are plentiful. Local markets are featuring choice varieties, including the popular, broad-shouldered red Delicious eating apples from Washington State in larger-than-usual sizes for holiday service, and all-purpose varieties like the golden Delicious and the spicy-flavored Winesaps which may be used for eating, cooking or baking.

Today's two recipes give you a choice of preparation method, either baked or steamed. Both these puddings are delicious — tasting perhaps the baked pudding is slightly more unusual. In this, the crisp, spicy apples are combined with prunes for heightened flavor and texture contrast, and the stiffly beaten egg whites lend a light and delicate airiness. The steamed pudding is made with apples alone and, if you want to accent the decorative values, you can use a patterned fruit or melon mold.

FRESH APPLE PUDDING

4 golden Delicious or Winesap apples, peeled, cored and chopped
 1 1/2 cups bread crumbs
 1/4 cup sugar
 3 eggs
 1/4 cup milk
 1/4 tsp. salt
 1/2 tsp. nutmeg

Prepare Christmas Goodies In Advance

Bake your Christmas cookies early and have lots of time to visit old friends during the holiday season. Betty Crocker has suggested that soft cookies and those rich in fruit may be baked two weeks early and stored to mellow in an airtight covered earthen jar or can with light cover.

Apples, Cranberries Make Colorful Salad

Here's a colorful salad that makes the most of the in-season crisp fresh red apples and cranberries. Combine 3 cups shredded cabbage, 1 cup chopped raw asparagus and 1 cup chopped red Washington Delicious apple. Combine 1/2 cup mayonnaise, 1/4 cup sugar, 1/2 tsp. salt, 2 tbsps. lemon juice in small bowl.

Pour over apple-cranberry-cabbage mixture and toss lightly with two forks until well mixed. Makes 4-6 servings.

Regal Crown Roast of Lamb

Can you imagine a more beautiful or appropriate meat for your Christmas dinner than Crown Roast of Lamb? Fashioned as it is from rib sections of the young lamb, the delicate-flavored meat is tender and juicy.

Buying pointers: Order several days ahead. Allow 2 to 3 ribs per person. Your meat dealer will shape the needed rib sections into a crown, removing the meat from the ends of the rib bones. Ask him to grind the lamb trimmings but not to put the ground lamb in the crown.

To prepare for Roasting: 1. Use part of the ground lamb, browned, to add to your favorite bread stuffing. Or use for hamburgers or breakfast patties.
 2. Sprinkle all over with salt and pepper, dashes of garlic salt. Place rib ends down in uncovered roasting pan. Insert roast meat thermometer between ribs into center of thickest part of meat, being sure it does not rest in fat.
 3. Wrap stuffing in heavy aluminum foil and place in a shallow pan.

To Roast: Place lamb and stuffing in 325 degree F. (slow) oven. Cook until the roast meat thermometer registers about 172 degrees F. The meat will be juicy, full of fine flavor, and slightly pink. It will take around 2 hours. Because of its shape, it cooks more quickly than other lamb roasts.

About 1/2 hour before lamb is to be served, remove from oven. Pour fat from pan. Turn roast rib ends up and fill cavity with the stuffing. Return to oven to finish roasting.

To Serve: Place crown right on warm platter. Put a large ripe or green olive, with stuffing removed, on each rib end. Serve with gravy made from the drippings, buttered broccoli, and Cranberry Mint Ice made by combining a 1-pound can of jellied cranberry sauce crushed, 1-cup pineapple juice, 1/4 teaspoon spearmint extract. Blend with rotary egg beater until smooth. Pour in freezing tray of refrigerator. Freeze. Serve immediately.

ADAPTED BY ANN PILLSBURY
CALIFORNIA CASSEROLE
1 cup Pillsbury's Best Enriched Flour
1 1/2 cups small cooked onions (1-lb. can)
1/2 cup cream of chicken soup
1 can water
1 cup sour cream
Coat meat with mixture of flour and paprika. Round mixture into balls. Cut in 2-inch cubes. Brown in oil in skillet. Transfer to 9x2 inch pan or large casserole. Add onions.
Combine 1 can cream of chicken soup and the water in skillet. Used for broiling. Bring to boil and pour over meat. Bake in moderate oven 350 degrees about 45 minutes until meat is tender.
Top with 1/2 to 1/4 cup butter crump dumplings. Increase oven temperature to 425 degrees. Bake for 20 to 25 minutes until deep golden brown.
Serve with sauce made by heating 1 can cream of chicken soup and sour cream just to boiling. Serves 8.

BUTTER CRUMB
1/2 cup sifted Pillsbury's Best Enriched Flour
4 teaspoon double-acting baking powder
1/2 teaspoon salt
1/2 teaspoon poultry seasoning
1/2 teaspoon celery seed
1/2 teaspoon dry onion flakes
1/2 tablespoon poppy seed (if desired)
1/2 cup milk
1/2 cup melted butter
1 cup bread crumbs
Sift together flour, baking powder, salt and poultry seasoning into mixing bowl. Add celery seeds, onion flakes and poppy seed. Blend in oil and milk. Stir just until moistened. Add butter and bread crumbs. Drop rounded tablespoons of dough into buttered crumbs. Roll to coat.

Perryton Personals

By MRS. C. H. WILLIAMS
Pampa News Correspondent

Mr. and Mrs. Jerry Conner, students of TCU in Fort Worth, spent the Thanksgiving holidays visiting their parents, Mr. and Mrs. Ralph Hale.

Robert Buxton, the 200-pound tackle of the Perryton Ranger football team, has been named to the Fort Worth Star-Telegram all-state football team, for all classes of high school football. Robert is a senior and is a three-year letterman. He has had a number of college scholarships offered him.

Both the Ranger basketball teams won over Lefors Tuesday night. The girls won by a score of 47 to 28 and the boys, 32-26. These were the first games of the season and were played before a large crowd in the gymnasium here.

Deputy Sheriff Luther Dave is attending a five-day school for criminal investigators this week in Austin. The course is conducted by the Texas Department of Public Safety.

Kent Apple, Luanette Castle and Pat Haywood, accompanied by B. D. Walker, band director, were in Canyon Friday to participate in the all-state band try-outs. Ten members of the high school choir also went to take part in the all-state choir try-outs. They were Lawrence Ragan, Don Townsend, Kent Apple, Darrel Brown, Gail Peterson, Pat Haywood, Mary

Goodwin, Joy Clark, Gerrie Raglin, Larry Clark and Cloys Webb, choir director.

Four Perryton freshmen have been named to the all-star football team of the Tri-State League. They are Gary Black, Gary Cook, David Helfenbien and Tommy Ellzey. The freshmen team was coached by Eddie Williams.

Mr. and Mrs. I. H. Sharpe were in Weatherford Nov. 25 to attend the golden wedding celebration of his brother and sister-in-law, Mr. and Mrs. J. Ed Sharpe.

Thanksgiving guests in the Bob Gipson home were his parents, Mr. and Mrs. Virgil Gipson of Pottsboro.

Mr. and Mrs. Alvin Bruce Holmes and children spent Thanksgiving with her parents, Mr. and Mrs. L. R. Grisby of Lake Charles, La.

Mr. and Mrs. Vance Apple, Kent and Kara Bess spent the week end in Amarillo visiting Mrs. Apple's mother, Mrs. B. B. Kent.

Mr. and Mrs. R. A. Kennedy and Carmen Lynn were Thanksgiving guests in the home of her parents, Mr. and Mrs. Clyde Cofer. They also visited her sister, Mrs. Kermit Johnson, and family.

Mr. and Mrs. Tom Waugh spent Thanksgiving with their daughter, Janet, in San Angelo. They also visited Mrs. Waugh's parents, Mr. and Mrs. J. F. Bratten, in Strawn, and Mrs. J. F. Bratten, in Strawn, and Mrs. J. F. Bratten, in Strawn, Calif., is visiting in the homes of

Hungarians Fly 'Home' For Their Christmas

By H. D. QUIGG
United Press Staff Correspondent

ABOARD FIRST PLANE, Operation Safe Haven, Munich (UP)—They're going home for Christmas—this happy human cargo of refugees from Communist horror in Hungary.

Happy? You should see their faces. This is the season of joy to the world, and deep joy shines in the faces of this group of half a hundred men, women, and children.

Home, now, is America. And that's where we're bound. We'll be taking off in a few minutes in the first flight of "Operation Safe Haven" in which 15,000 Hungarians will be taken by air and sea to the United States.

They Say Good-Bye

They've said good bye to the fatherland. These refugees now are looking forward, looking toward new free lives in a free country. They'll be home for Christmas—new homes, but nonetheless real ones, friendly ones, in a land that is opening its doors to them in a way that says "come on in and share our bounty and respect."

We're taking off on a 23-hour aerial journey to McGuire Air Force Base, N. J. This is the first Military Air Transport plane in a massive airlift, sparked by the White House, that aims to move 9,500 refugees from Munich, Germany, to the United States by the end of this month.

The other 5,500 will be taken by ship from Bremerhaven.

First Plane Due In

Our first plane should arrive in America Wednesday morning. Then will come the first look at the land of hope for such as Anna, a 19-year-old redhead from Budapest. Anna, who worked as a hairdresser, is wearing a red sweater and wool slacks. She has only one skirt with her. Her overcoat got so dirty when she lay in a muddy field one night near the Austrian border while fleeing Hungary that she is ashamed to wear it. She keeps it in a bundle of belongings.

"I am very happy, and I am eating so much," she says in her high-school-taught English. "I am hoping for a better and nicer future."

Why did she flee? Simple, she says. It was fear. The Russians would molest her. Her parents were afraid to come with her—afraid of getting caught. She does not want her full name published because of possible reprisals against them.

She came out of Budapest in a truck and then walked 30 miles. A leader took off his shoes and carried her piggy back across a border stream to freedom.

REMEMBER THEM?—If you were a movie fan back in the Roaring Twenties, you'll be glad to know that some of your favorite stars are still around and doing fine, thank you. Pictured above as they gathered recently in New York are, left to right, Patsy Ruth Miller; Lila Lee; Leatrice Joy; Nita Naldi and Dagmar Godowsky. The one-time screen greats are shown below as they looked in their heyday.

BRUSSELS BACPIPE—Some scrap material and a lot of ingenuity add up to a copy of the traditionally Scottish instrument for this Brussels citizen. He hand-carved the pipes and tuned them. An old tire tube takes the place of the usual tartan bellows. Adding a little breath to his tuned ear, he is now the city's itinerant music-maker.

Mr. and Mrs. Kenneth McLain, Sandra and Randall spent Thanksgiving at Boys Ranch and in Amarillo.

Mr. and Mrs. Bud Fuller were hosts for a dinner Nov. 26. Those enjoying the occasion were Mr. and Mrs. Henry McCulley of Cherokee, Okla., Mr. and Mrs. Roy Enfield, Douglas and Janice Fuller.

Out-of-town guests attending the Blackmore-Lasater wedding were Mr. and Mrs. Earl Blackmore and daughters of Canadian, Mr. and Mrs. Scotty Blackmore, Texhoma, Mr. and Mrs. Elmo Bonny and Jack, Canute, Okla., Mr. and Mrs. T. O. Pugh, Boise City, Okla., Mr. and Mrs. Ralph Paxon and Carol, and Mrs. George Casey and children of Pampa, Charles Blackmore, Elk City, Okla., Gary Holland, Dumas, Mr. and Mrs. Loren Blackmore and children of Canadian.

Mr. and Mrs. Clarence Harr were hosts to a family dinner Dec. 1. Those present were Mr. and Mrs. Dick Harr, Sherry and Eddie of Canyon and Mrs. Harr's parents, Mr. and Mrs. Roy Booth of Elkhart, Kans.

Mrs. C. R. Stephens was hostess for a surprise birthday dinner for her husband, C. R. Stephens, Nov. 22. Places were laid for Mr. and Mrs. W. A. Stephens and family, Portales, N.M.; Mr. and Mrs. R. C. Stephens and family, Silverton; Mr. and Mrs. Robert Johns and family, Hot Springs, Ark.; and the honoree and hostess.

How to be a Better Cook ...and save money too!
By *Mary Biddle*

Need just a little something to put in that baking dish for May—or in that salad bowl for Anne—or in that basket for Sister Sue? Fill them with cookies—and then wrap gifts. Your gifts will be enjoyed twice as much.

Brown Sugar Cookies
(Makes about 8 dozen 2-inch cookies)

1 cup butter
1 1/2 cups brown sugar
1/2 cup granulated sugar
2 eggs
1/2 teaspoon vanilla
1/2 teaspoon salt

2 teaspoons baking powder
3 cups sifted all-purpose flour
1/2 cup undiluted Carnation Evaporated Milk

Blend butter with sugar, eggs, and vanilla until light and fluffy. Sift salt, baking powder and flour together. Add to sugar mixture alternately with Carnation. Mix well. Drop cookies from a teaspoon onto buttered baking sheets. Bake in hot oven (400°F.) about 8 to 10 minutes or until slightly browned. Remove from sheet and place on racks to cool. Decorate with walnuts or pecans, if you wish, before baking.

First Vanguard Of Refugees Arrives

By H. D. QUIGG
United Press Staff Correspondent
N. J. (UP)—The vanguard of 15,000 Hungarian refugees to be brought to this country by a military mercy air-sea lift landed Wednesday. They were told by a representative of President Eisenhower: "You are among friends."
The 199 Hungarians, first to arrive under the massive "Operation Safe Haven" ordered by the White House, landed in four silver planes of the Military Air Transport Service.
The Hungarians were happy and excited, but some were a bit worried about the future.
As each refugee filed from his plane before the base terminal building here, he was greeted personally and handed a printed statement by Tracy S. Voorhees, President Eisenhower's representative and personal coordinator of the Hungarian refugee program.
It said, in part: "Acting on behalf of President Eisenhower: Welcome to the United States of America!"
Newsmen, including this one,

who had watched the refugees enter Munich and had flown with them in this first military lift, knew that they needed friends. They had pitifully few belongings—and many of those were ill-fitting and even makeshift clothing.
But they had courage. All 50 of the men, women, and children aboard my plane had risked their lives crossing into Austria. Many of them were fighters who had attacked Russian soldiers and the hated Hungarian security police with rifles and grenades.
One slim, 21-year-old youth approached me on the plane and asked, through an interpreter, how he could become an officer or soldier in the U.S. Army. He explained that Russian soldiers had killed his father as they walked together on a Budapest street.
None Want Name Published
Almost none of the 50 wanted his name published, fearing reprisals against kin still in Hungary.
There was a truck driver who was extremely proud of having torn down the Red Star in his home town. Another truck driver, of Budapest, told calmly how he tossed a hand grenade into a group of the AVH security police, killing several.
Ships from Bremerhaven will bring in 5,500 more.

CRUDE OIL PRODUCTION

In millions of barrels

OIL: U.S. LEADS IN PRODUCTION—The United States produces more crude oil than any other country in the world. Deprived of Middle East oil, the Western European countries—Britain, France, Germany, Italy, The Netherlands, Belgium—are unable to provide for themselves. Currently producing 7,100,000 barrels of crude oil per day, United States may increase daily production by 800,000 to 850,000 barrels to meet Europe's needs. Figures in Newschart are from American Petroleum Institute.

Snow Queen Tops Perryton Parade

PERRYTON — (Special) — The Christmas season was opened in Perryton Tuesday with a big downtown parade, with bands and choirs from several schools, "Snow Queen" candidates and Santa Claus. The parade was sponsored by the Retail Merchants Committee of the Chamber of Commerce, headed by Ed Garland. Other members of the committee are Charlie Taylor, Claude Allen, Virgil Castle, Bob Quener, Tip Collingsworth, Garland Daley, Ed Puls, Rufus Bolderjack, Mrs. Wesley Bryan, Don Eudy, C. W. Foote and Travis Baker.

The Perryton High school band led the parade down main street. Other bands in the parade were Wellington, directed by Doyle McElroy; Liberal High school and Jr. High, directed by Tom Ward; Follett, directed by Roward H. Roden and the Perryton High School and Jr. High, directed by Bill Walker.

Following the parade, the school choirs presented a program in the school auditorium. Choirs present included those from Liberal, directed by C. S. Hooper; Pampa, directed by William A. Hunt; Gruver, directed by Bill Gregory-Borger, directed by A. R. Skaag; and Perryton directed by Cloy Webb. After each choir had performed they presented several Christmas carols as a combined choir.

The highlight of the afternoon was the selection of the "Snow Queen" and this honor went to Monzell Hemberton of Liberal. Other candidates were Phyllis Cooper of Borger, Katherine Knutson of Gruver, Nancy Simpson of Perryton, Karen Karber of Balco, Ann Hope of Follett, Mary Inman of Pampa and Mary Goodwin of Perryton.

If a man could lift 500 pounds on the earth, he would be able to lift 3,000 pounds on the moon.

Pictured above is part of the forty-three voice adult choir of the First Baptist Church which will be presented in concert next Sunday evening. They will give "The Messiah" by G. F. Handel. The program is to begin at 7:30 p.m. and last approximately one

hour and 15 minutes. There will be nine soloists that will perform, seven of which are members of the church choir. Joe Whitten is minister of music and the accompanists are Miss Eloise Lane and Mrs. E. Douglas Carver.

'New Style' Movie Stars Have 'Method' Veterans Don't Use

By ALINE MOSBY
United Press Hollywood Writer
HOLLYWOOD (UP)—Hollywood's veteran kings such as Humphrey Bogart and John Wayne poke fun at the new-style "method" actors, but one of them, Anthony Franciosa, fought back today.

"They could be better actors," announced Tony at 20 paces, "if they had taken lessons at the actor's studio."

The New York Studio has turned out such leading exponents of the intense, realistic style of acting as Marlon Brando, James Dean, Eva Marie Saint, Karl Malden, Eli Wallach, Franciosa and even the new-style Marilyn Monroe.

To Bogart, Wayne and the others who are "movie stars" in the traditional Hollywood sense, these stage-bred, serious young actors are mumbler, back-scratchers, nose-twitchers and followers of the torn T-shirt school of acting.

"Well, Bogart could have been a better actor if he'd studied at the studio," retorted Franciosa in his dressing room at MGM where he's been royally welcomed for his movie debut.

"Bogart has much more talent than he has ever shown. Gary Cooper is the ideal movie actor—a mobile kind of face. As far as Wayne is concerned, I won't even discuss him."

Franciosa has no fear of prodding the middle-aged stars on the ladder ahead of him, for he already has established a big name on Broadway in "A Hatful of Rain." He also won a niche in the gossip columns by being linked with his co-star in the play, Shelley Winters, a romance he declines to talk about.

But New York-born Tony frankly snipes at the old-time star system in Hollywood which he likens to selling "soap and tomato juice."

"Most movie stars were made stars by publicity, through the old publicity machine," he said. "Studios constantly bombarded the public with their pictures. It's the

RETIRED HERO — With the U.S. Army disbanding its famed carrier pigeon corps, some 1,000 of the birds, all stationed at Ft. Monmouth, N.J., will be sold to the public. Typical of these is Charlie, shown above wearing the Purple Heart he was awarded for injuries received in October, 1914, while flying a mission over the Metz area of France during World War II.

Lyndon Johnson Calls For Foreign Policy Examination

COLLEGE STATION (UP)—Senate Majority Leader Lyndon B. Johnson (D-Tex.) said Wednesday that the United States must "carefully examine" its foreign policy in the light of possible new "provocations from the Communists."

"Personally, I am fearful these estimates are far too optimistic," Johnson said.

He said Americans "must be

ready to meet any development—no matter how extreme... and we cannot meet these developments unless we are united and know what we are doing."

Facts Must Be Faced
"We must face the fact that the new situation presents the Communist leaders with strong temptations to be reckless," he said.

Rep. Walter Judd (R-Minn.), who followed Johnson to the speakers' stand, warned that the United

States would have to learn to co-operate with the "underdog" peoples of the world.

The Communists, he said, have studied the underprivileged nations and races better than the free world. "They study their books, but we don't do our homework," he declared.

The Minnesota congressman said the current "possession" of Formosa, with the fourth largest land area in the world based on it, and the position of the U.S. Navy in Formosan waters probably had saved for the free world that part of Asia that was left under Western influence.

Minion Speaks
The final speaker of the opening session, Dean Clarence E. Minion

of the Notre Dame law school, said the United States "has no Allies in a position to help us in our conflict with communism."

"They (U.S. Allies) can only embarrass us in their own self-interests as they have certainly done recently," Minion said.

He said one of the ways to resolve differences between the U.S. and the Communists is revolution behind the Iron Curtain — "and a revolution is going on now." "It is behind the Iron Curtain that America has its real Allies," Minion said. "These are the people who really hate communism."

One of Texas' Five Most Consistent Newspapers... We believe that one truth is always consistent with another truth.

How Long Is A Rope

There is an adage to the effect that if you give a calf enough rope it will hang itself. But the question before us now is this: How much rope will the United States government have to make in direct competition with private rope makers...

During World War II, and using it as an "emergency" excuse, the Reconstruction Finance Corporation plunged into the ABACA business with full force and fury.

By 1949, with the war "emergency" definitely over, the R.F.C. insisted that the stock piling of abaca must continue on a permanent basis.

At that time, the agreements which were originally instituted by force and without profit for the owners of the land to be used, were renegotiated with a guaranteed 15 per cent of the profits for those who were already involved.

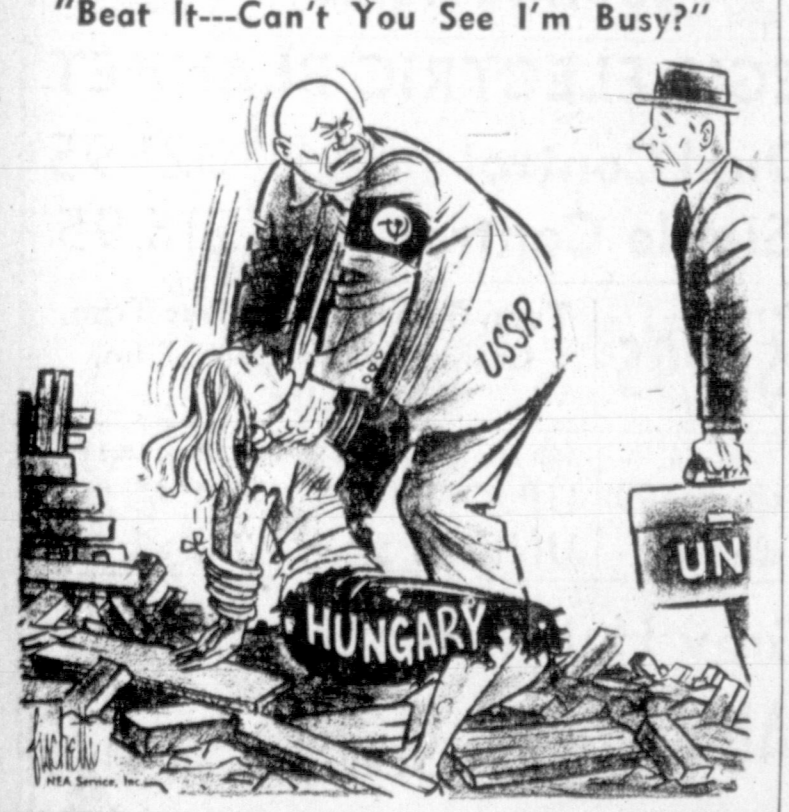

What becomes of the abaca grown and harvested? It is stockpiled. No one buys it, since for superior rope is being manufactured constantly by private manufacturers...

The original investment of a little more than 13 1/2 million dollars is now carried on the books as a capital investment of \$7 million. This provides the taxpayers with an out-of-pocket loss right at 50 per cent.

However, the 1956 budget reveals that this loss can now be anticipated to increase to \$3,500,000 per year, so that in just two years, the loss will total \$7,000,000, which is the entire book value of the project left after original capital losses.

This is probably one of the silliest free enterprise endeavors ever undertaken by excessive government of this or any other age.

We again wish to express our gratitude to Willis Stone and the American Progress Foundation of California for helping us to compile this series of articles on the federal government's intrusion into the free enterprise field.

CHIP: HOW DID YOUR DAD DO AT THE PSYCHIATRISTS? NO GOOD. AS SOON AS HE GETS ON A COUGH HE FALLS ASLEEP. Junior: Dad, what do 'pro' and 'con' mean? Dad: Well, son, 'pro' is your convincing, unanswerable argument, and 'con' is the other fellow's contemptible drive.

BETTER JOBS

By R. C. HOILES Authoritarianism vs. Self Reliance

There was a splendid article in Christian Economics on "Authoritarianism vs. Self Reliance." The only weak point in it is that it does not mention the damage done by private persons, corporations or organizations trying to plan the lives of other people.

The essential principle of Communism, Fascism, Nazism, Socialism, New Dealism and Welfare statism is the belief that the few can rule the affairs of the people more wisely than the people themselves.

"If the people are to be kept in leading strings because the few at the top think they can direct their affairs more wisely, will they ever acquire sufficient knowledge, character and self reliance to manage their own lives?"

"We all acquire capacity by making decisions and striving to solve problems. If we form the habit of looking to the state for direction and help in all of life's important crises we shall suffer an immeasurable loss in capacity.

"Any form of government control weakens the mental and spiritual capacities of man. Individualism strengthens them and lays the foundations for the development of a finer creature, more nearly in the image of his Maker.

The above is certainly true, but the same results come from the employer, the labor leader, the parents, the church, exalting himself or themselves to the degree that they want to make decisions as to how another man's life should be planned.

The employer who insists on withholding some of what his employee earns, with the idea that he is going to take care of him in his non-productive years, is hurting himself and the employee.

Individuals learn by using their faculties, by using their judgment, and when the employer thinks the employer is going to do his thinking for him and make decisions for him, his judgment does not develop.

There is a natural law that governs human relations, and that was summarized thousands of years ago in the statement that man must live by the sweat of his brow. That's the only way man can develop physically, spiritually and intellectually.

BID FOR A SMILE

The civil service applicant applied for a position in the diplomatic corps. Man at Desk: What makes you think you are qualified? Applicant: I've been married 25 years, and my wife still thinks I have a sick friend.

On Second Thought—

Fair Enough

A member of the American Legion of the Canadian Army in the First World War is stirred to reminiscence by reference to heroic "volunteers" from the armed forces of the United States who have fought in many wars which were none of our national political business but with our smiling though noncommittal approval.

"Our men got three Victoria Crosses. There were 1,200 of us in action. When Villa raided Columbus, N.M., old Pershing men lit out to rejoin him. A sergeant named Lindsay stole a motor boat and tied loose with five others by open sea for Mexico. They took plenty of food but not enough gas, water or fuel. They started from Fundy and by a miracle were picked up off New York.

"We got no pay in Canada for weeks prior to sailing from Halifax on the Olympic without escort. When we landed in England we had an awful thirst. At the stations we poured out and cleaned up the station bars and when we arrived in Kent a whole battalion of English Troops greeted us with fixed bayonets. We thought it was a welcome but we all went under arrest again.

It is an important fact to their glorious credit that Alex Rasmussen, Joek Manning and a young officer from Cleveland named Burr, all pulled a pip to get out to France, each one grade lower in rank and pay in 1917 as alien volunteers in the depleted regular Canadian outfits. They had a right to stand on their confirmed rank and remain in England. Rasmussen and Manning later were killed with the First U.S. Infantry Division. Burr just vanished.

The commanding officer of the 97th was a Colonel Jolly who had been a Captain of U.S. Marines and fought at Vera Cruz in 1914. In the Canadians he nobly took the blame but without guilt for a shortage of funds which some of the officers spent on booze and, after trial, went out to France as a private in the 87th. Marchant says he last heard of Jolly as a destitute waf on the Strand, London, in 1921. He was small, smartly military, wore a waxed Menjou moustache and looked and acted the picturesque part of a man born to fight in war.

"He was the finest man and soldier of us all," Marchant writes. "The other battalions were the 20th, 237th, 212th and one more, probably the 21th. The 97th was just as tough as the French Foreign Legion. The Toronto police records will corroborate this. We stayed at the exhibition barracks when not in jail or AWOL."

National Whirligig Corporation Officials Ask Retraction Of News Charges

By RAY TUCKER

WASHINGTON — Political apologies are flying around these days over newspaper reports of corporations' contributions to the Republican Party in the recent campaign. The allegedly erroneous articles and editorials based thereupon were inspired by an official release of a Senate Subcommittee which investigated political money.

Many Washington dispatches said that associations with corporate and GOP connections had contributed heavily to that Party, while giving nothing or a pittance to the Democrats. Altogether, there were 14 such groups, and their contributions amounted to \$302,300 to the Republicans and \$3,500 to the Democrats.

Officials of many of these incorporated units have been demanding retractions for newspaper listings of them as political contributors. They point out that they cannot make such gifts without violating the Federal Corrupt Practices Act, although their members may kick in as individuals.

The newspapers need have no qualms over their alleged misrepresentation. For the Senate Subcommittee, which is headed by Senator Albert C. Gore, Tennessee Democrat, placed undue and greater emphasis on "group giving" than it did on the individual factor. As a further indication of a political motive, the misleading report was made public on November 2, four days before the election.

Perhaps the union labor leaders should give a little more time to reading Kipling — if they want to prevent a recurrence of the humiliating rout they reportedly experienced recently in trying to unionize 22 women embroiderers in a New York City shop.

According to a newspaper account of the incident, "The women were busy making trimmings for children's sweaters when the men (15 of them) came in and yelled: 'Everybody stop working. There's a strike on.'"

Some "of the strike squad began to pull the chairs out from under the women in an effort to herd them to the street. At this point the embroiderers rose to battle in screeching fury. They snatched the chairs away from the men" and armed themselves "with scissors, brooms, spoons of thread, and other pre-arranged weapons. . . . Thus fortified they closed the invaders down the stairs."

Why should the union leaders do some homework on Kipling? Well, wasn't it Kipling who warned all men that "the female of the species is more deadly than the male?" So if the union squads can't organize even the men "without Government help," as President William Pollock of the Textile Workers Union admitted recently, it looks like they'll have to call out the Marines if they want to succeed in organizing the women.

There are several reasons for this. One is distance. If you overlook someone, or just plain run out of money, you'll be forgiven because you are so far away, or because your package must have gotten lost in the mails on the way across the ocean.

Another is the happy truth that nearly everyone appreciates a gift that comes from a foreign country, no matter how small. And I must admit that I am working this last-mentioned reason almost to death.

I am really sending out some small things. Some are so tiny that there is scarcely room on some of them for the "Made in Germany," "Made in Turkey," "Made in Greece," and "Made in Italy," stamps.

But I am working on the theory that the recipients of these tiny remembrances will have the decency to say something like this to themselves: "This is a pretty puny present of Henry's sent me. It couldn't have cost a dime America. But it is foreign, and I must remember that it cost him airplane fare to get to where he could find such a miserable little old gift. So thanks, pal."

Still another advantage of doing your Christmas shopping in Europe is that you can send people presents you wouldn't think of sending at home. For example, if I were in the United States I wouldn't dream of buying a print of the main square at Joplin, Missouri, or Bradenton, Fla., or Millersville, Ga., and sending it off as a gift. But to send prints of main squares of European towns and villages, no matter how obscure, seems just dandy.

I must have mailed a truckload of such prints in the past few days. I won't have a cousin who won't be able to envision his walls with prints of the Schloss at Heidelberg, or a Rhine castle, or a flower stall in Amsterdam.

Another type of gift a European visitor can get away with is the one typical of the country where he is, or has been. The hard fact that 99 per cent of these "typical" gifts are as useless as dental floss to a man makes no difference.

Among the presents now on their way across the Atlantic are such typical items as goatskin wine flasks from Spain, a miniature water pipe from Turkey, an ash-tray in the shape of Venus's form Italy, a plaster paperweight shaped (roughly) like the Parthenon,

and a Toby jug of Von Hindenburg.

If I should ever hear one of the recipients of my gifts complain, I would shut him up by saying, "Well, at least I just didn't run around to the corner drugstore and buy you something."

If he answers with, "Well, I certainly wish you had," I'll pay no attention. Either that or mark him off my list for next year.

I have all my presents mailed but one. It is a second-hand hat rack made of deer antlers that I picked up in one of the Thrift Shops that abound in Germany. What a mess to wrap. Maybe Mary would love to have it.

A FABRICATION. CHRISTMAS GIFT for the one who "has everything" might well be an edible gift. There are very few who wouldn't be delighted with a pretty box of cookies you've made yourself. Vanilla and chocolate drop cookies are especially nice for gift boxes. They're crunchy little round cookies that pack well and stay good and fresh tasting. Holiday red candied cherries sparkle like jewels on the vanilla cookies; white blanched almonds make a contrasting decoration on the chocolate ones.

IF YOU LIKE the chocolate cookies can be put together sandwich fashion with a creamy orange icing as the sandwich filling. The orange and chocolate flavor combination is very pleasant and the "sandwich" idea adds a nice bit of variety.

These delicious cookies aren't difficult to make and you get about 70 cookies from a single batch. You'll find they're the perfect solution for many of your Christmas lists.

CHOCOLATE DROP COOKIES

- 1/2 cup shortening
- 1/2 cup sugar
- 1 egg
- 1 1/2 cups sifted flour
- 1/2 teaspoon salt
- 1 teaspoon baking powder
- 3/4 cup cocoa
- 1-3 cup evaporated milk
- 1 teaspoon vanilla extract
- Blanched almonds (about 1/2 pound)

Cream shortening. Add sugar gradually and continue creaming until mixture is light and fluffy. Add egg and mix well. Sift flour with salt and baking powder. Mix cocoa with dry ingredients. Add alternately with the milk to the creamed mixture, beginning and ending with dry ingredients. Blend in vanilla. Drop dough, a slightly rounded teaspoon at a time onto a lightly greased baking sheet, allowing about an inch between. Place an almond lightly in center of each cookie. (Cookies flatten during baking.) Bake in preheated moderate oven (350 degrees F.) until cookies are lightly browned, about 15 to 20 minutes. Remove from baking sheet to cooling rack immediately. When cold, put cookies together sandwich fashion, with nut side out, using orange icing as filling. Makes about 70 single cookies or 35 sandwich cookies.

ORANGE ICING

- 2 cups sifted confectioners sugar
 - 1 to 2 teaspoons grated orange rind
 - 2 tablespoons orange juice
 - 2 tablespoons evaporated milk
- Add rind, juice and milk to sugar and blend until smooth. Add a few drops more milk if needed for good spreading consistency.

VANILLA DROP COOKIES

- 1/2 cup shortening
- 1 teaspoon vanilla extract
- 1 cup sugar
- 1 egg
- 1 1/2 cups sifted flour
- 1/2 teaspoon salt
- 1 teaspoon baking powder
- 3/4 cup evaporated milk
- About 1/2 pound candied cherries (30), cut in half
- Cream shortening and vanilla.

Gaily Frosted Buns Are Christmas Gift Project

By GAYNOR MADDOX
NEA Food and Markets Editor
Many families are getting together this season to make food gifts for their relatives and

friends. It's always a heart-warming group project, and gives Christmas a richer meaning. The making of yuletide yeast-raised buns, frosted and decorated, and twisted into many shapes, offers a delicious family gift project.

YULETIDE BUNS

One-half cup milk, 1/2 cup sugar, 1 1/2 teaspoons salt, 1/4 cup shortening, 1/2 cup warm, not hot, water (lukewarm for compressed yeast), 2 packages or cakes yeast, beaten dry or compressed, 2 eggs, beaten, 5 cups flour.
Scald milk. Stir in sugar, salt and shortening. Cool to lukewarm. Measure water into a large mixing bowl (warm, not hot, water for active dry yeast; lukewarm water for compressed yeast). Sprinkle or crumble in yeast. Stir until dissolved. Stir in lukewarm milk mixture. Add beaten eggs and about half the flour. Beat until smooth. Stir in remaining flour. Turn dough out on lightly floured board. Knead until smooth and elastic; place in greased bowl; brush top with shortening.
Cover; let rise in warm place, free from draft, until doubled in bulk, about 1 hour. Punch down and turn out on lightly floured board. Shape as desired and place on a greased cookie sheet.
Frost and decorate as desired.

Girls' Auxiliaries, First Baptist Church, Meet For Programs, Business Sessions

Thirteen members were present. Guests were Miss Kay Hubbard and Miss Linn Taylor.

OLETA SNELL

Miss Jon Naylor presented the program, "Christmas Carol Echoes," at the meeting of the Oleita Snell Intermediate GA. The scripture was read by Miss Nita Cartwright, and Christmas carols were sung, with Miss Lynn Strohle at the piano.

During the business session, led by Miss Nancy Jones, president, it was decided to join the other GA's in carolling, beginning at 6 p.m., Dec. 21. The carolling will be followed by a Christmas party in the home of Mrs. W. B. Franklin.

VADA WALDRON

Japanese pencils were awarded to 14 girls who had perfect attendance for the recent mission study at the meeting of the Vada Waldron junior GA. A Christmas program was presented, and a Little Moon Christmas offering was taken.

Refreshments of soft drinks, cookies, candy and gum were served by Miss Judy Pemberton.

WINKIE WATTS

Seven members attended the Winkie Watts junior GA. A stewardship program was presented, and a Lottie Moon Christmas offering was taken.

Refreshments of soft drinks and candy were served by Miss Carlotta Johnson. Miss Jo Ann Miller was welcomed as a new member.

CHRISTMAS PARTY IS HELD BY SS CLASS

A Christmas party was held in the church parlor by members of the Friendship Class of the First Methodist Church. Hostesses were Meses. W. R. Campbell, George Taylor and Bob McCoy.

Entertainment, under the direction of Mr. H. H. Butler, included a vocal solo, "White Christmas," by Roy Johnson, accompanied at the piano by Mrs. Johnson. Johnson then led the group in the singing of Christmas carols.

Gifts were exchanged by members. The class presented a gift to Mrs. Woodrow Adcock, and to Mr. and Mrs. Johnson for their part in the program.

Class members honored for 25 years of Sunday School teaching were Meses. R. D. Morris, Lee Harrah and H. R. Thompson.

Refreshments of fruit cake, cakes, nuts and coffee were served from a table covered with a green linen cloth. The centerpiece was a large snowman surrounded by greenery and flanked by white tapers.

Attending were Meses. Lola Harper, Mamie Thut, Ben Ward, J. B. White, W. R. Campbell, Frank Hudgel, George Taylor, Elma Dyer, W. A. Hardy, W. V. McArthur, Bob McCoy, Lila Heard, George Nelson, W. C. Civic Culture Club Is Given Program On Mental Health

Mrs. W. C. Scott presented the program on mental health at the meeting of the Civic Culture Club in the home of Mrs. A. W. Skewes, 1612 Christine, Tuesday afternoon. Few misconceptions are more widespread or more costly than the myth that the mentally ill cannot get well. Mrs. Scott told the women. She stated that mental patients occupy about one-half of all hospital beds in the United States, with 250,000 more patients entering mental hospitals each year.

She went on to tell of the Boston Psychopathic Hospital, a famous research and training center, from which 80 per cent of the patients return to normal living.

"It is now conclusively proved that mentally ill patients need not rot in state institutions," Mrs. Scott explained. "It enough money is provided to train personnel, to give decent living conditions and to support research, hundreds of 'snake pits' will disappear."

She concluded her program by telling of some of the "wonder" drugs now used in treating the mentally ill.

During the business session, plans were made for a Christmas party, to be held at 8:30 p.m., Tuesday, in the home of Mrs. A. D. Hills, 1911 N. Russell.

Refreshments of pudding and coffee were served during the social period.

Attending were Meses. A. D. Hills, D. W. Coffman, R. E. Dauer, A. C. Houchin, M. M. Moyer, Emmett Osborne, W. C. Scott, J. R. Townsend, Katie Vincent and Willis White.

Fidelis Class Given Christmas Program

The Fidelis Class of the Central Baptist Church held its Christmas party in the home of Mrs. Gardner McBroom.

The Christmas devotional was presented by Mrs. Robert Smith, who also recited an original poem. During the social period, games were directed by Mrs. Don Harmon and Mrs. Floyd Lassiter, and gifts were exchanged. The class also presented a gift to Mrs. R. C. Brown, teacher. Members brought food items to be given to a needy family at Christmas.

Decorations followed a Christmas theme. Refreshments of fruit cake topped with whipped cream, and coffee were served. Favors were nutcups decorated with miniature Santa Clauses.

Those attending were Meses. Jack Seawright, Donald Armstrong, Robert T. Smith, Billy J. White, F. C. Washburne, R. C. Brown, R. D. Abbott, Earl Wallin Jr., Don Harmon and Floyd Lassiter. Guests were Mrs. Ross Shaw of Pampa and Mrs. W. E. Owens of El Paso.

Desk, Derrick Club Has Yuletide Party

Members of the Pampa Desk and Derrick Club met in the home of Mrs. Foster White, 1112 E. Browning for a Christmas party.

Miss Inez Clubb, guest speaker, presented a Christmas reading entitled, "And The Angels Sang."

Gifts were exchanged, and refreshments of punch, cake, and nuts were served.

Guests were Miss Clubb and Mrs. J. B. Reed of Canadian. Members present were Meses Mickey Johnson and Ann Neill; and Meses. Betty Langford, Gladys Howard, Mary Wilson, Mary Kolb, Bernice Holars, Martha Haralson, Hildred Cook, Noel Thompson, Marie Smith, Jean White, Erma Jean Knight and Leona Walker.

Effectiveness Of Rain Cut By Dry Wind

AUSTIN (UP) — The first general rain in five months favored the eastern two-thirds of Texas in November, but dry winds diminished its effectiveness, the State Board of Water Engineers reported Wednesday.

Less than normal rainfall for November was noted for most of the state in the board's monthly survey of water conditions.

However, Comal Springs at New Braunfels began flowing for the first time since early June.

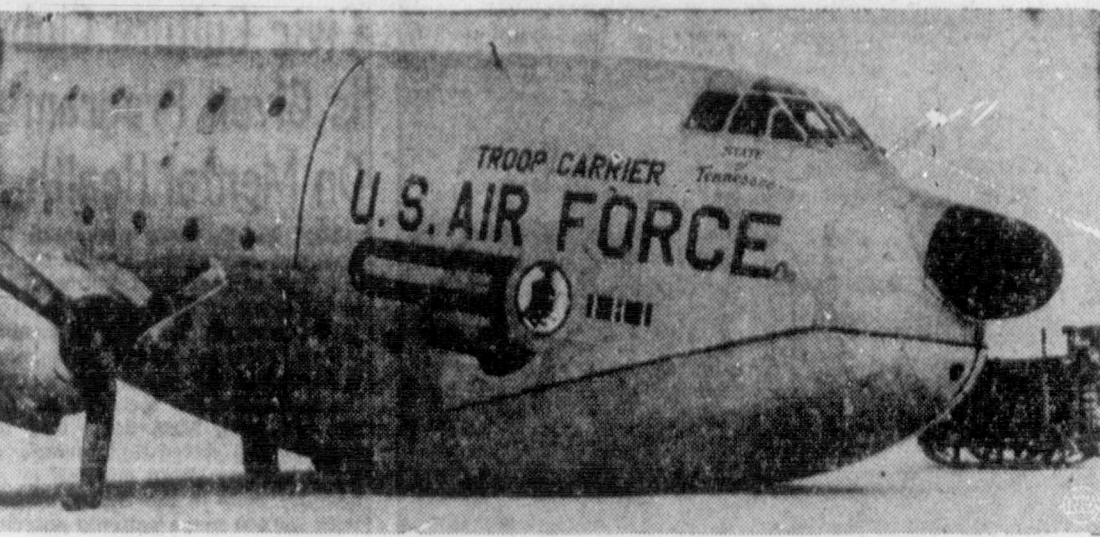

The report showed total storage in the state's major reservoirs was about 43 per cent of the potential conservation storage capacity, about the same as in October.

Water levels in observation wells rose in the El Paso, winter garden near La Pryor, Atascosa county, San Antonio, Houston and Pasadena areas, but despite the increase new November lows were recorded for all the wells. Declines were noted for observation wells in both the Uvalde and Travis county areas.

Local precipitation and decreased pumping caused the rise in water levels in the Houston, San Antonio and El Paso areas, the board said.

The flow of the San Jacinto River into Lake Houston did not equal the pumping demands of Houston during November, and streamflow over the rest of Texas was deficient.

Small to medium rises occurred in many of the streams in the upper Sabine basin. However, the average daily flow of the Sabine near Bon Wier was only about 700 cubic feet a second, or 20 per cent of the November average.

Alarming Increase In Encephalitis

AUSTIN (UP) — The State Department of Health warned Wednesday that encephalitis or "sleeping sickness" may become as widespread as malaria once was if the present increase in the disease continues.

The warning was made along with a plea by State Health Commissioner Henry A. Holle to city and county mosquito control units to make plans now for mosquito control programs in the spring.

An outbreak of sleeping sickness accounted for 341 cases in the plains area of West Texas this year, and in 1954 some 336 Rio Grande Valley residents were struck by the malady.

Texas To Vote For Eisenhower

AUSTIN (UP) — The state's 24 Republican electors will meet formally Monday to cast Texas' vote for Dwight D. Eisenhower for president.

Members of the GOP state executive committee will meet in Austin at the same time. Houston attorney Thad Hutchison, campaigning for the U.S. Senate seat to be vacated by Gov.-elect Price Daniel will hold an organizational meeting the same day.

Texas gave Mr. Eisenhower 1,080,619 votes to 859,958 for Adlai Stevenson, the Democratic nominee, in the November general election.

Groom Doctor Is Stricken

GROOM — (Special) — Dr. John V. London, Groom physician, was stricken with a severe heart attack Sunday evening. He was taken to an Amarillo hospital Monday where he is reported showing improvement.

Dr. London has not been in the best of health for some time. Early last week he suffered two mild heart attacks but was thought to be doing well until stricken Sunday.

From reports received from Amarillo, Dr. London will not be able to return to his duties here at the Witt & London Clinic for several weeks. He is at the Amarillo Osteopathic Hospital and should he continue to improve, he may resume his practice in about six weeks.

Shockers At Canadian Tonight

The Pampa Shockers will go after their seventh consecutive baseball victory tonight in Canadian when they meet the Canadian Wildcats.

The Harvesters, who also have a 6-0 mark this year following their 2-33 win over Phillips Tuesday night, will not play until Friday night when they meet the Clovis, N.M. Wildcats in Harvester Fieldhouse.

Coach Terry Culley will probably start Mac Layne, Bobby Gindorf, Robert Murray, Coyle Winborn and Charles Minor against the Class A Wildcats. It will be the second home game for Coach Grady Burnett's team.

The Harvesters will be facing Clovis for the second time Friday night. Pampa beat the Wildcats 68-54 last Saturday in Clovis. The Shockers will also play the Clovis team for the second time. They stopped them 71-24 earlier.

The two Pampa teams meet other familiar foes Saturday night when they take on the Childress Bobcats and B squad at Harvester Fieldhouse.

Wright, Darby Get NT Letters

DENTON — Two Pampa grid-ders are among the 29 football lettermen at North Texas State for 1956 season. Sophomore quarterback J. N. Wright received his second letter and sophomore half-back John Darby won his first. Both started games during the season.

Coach Odus Mitchell's Eagles finished with the school's best record since 1947. The North Texans went their last eight games without a defeat in posting a mark of seven wins, two losses, and one tie. Their tie was 7-7 with Trinity, the team with which the Eagles shared the Gulf Coast Conference title.

Girls' Tag Bout On Monday Card

A girls' tag team match highlights action on the weekly wrestling card at the Top of Texas Sportsman's Arena next Monday night.

Lula Mae Provo and Babs Wingo are paired against Ethel Johnson and Marva Scott in the women's tag match on the semifinals. The match will be for two of three falls with a one-hour time limit.

Dory Funk, the Southwest States junior heavyweight champion, puts his fabulous belt on the line in the main event against Kuratchopper Todyo Joe. The match is slated for two of three falls with a 90-minute time limit.

Rip Rogers and Roger Mackey tangle in the 20-minute opener.

Tickets are on sale at Modern Pharmacy. Admission is \$1.50 for ringside seats, \$1.25 for reserved seats, 90 cents for adult general admission and 50 cents for children.

PLANS FOR ORGANIZING TEAMS in the Industrial basketball league are being made by Gus Fincher of Stanolind Oil Co., Party 12. Fincher, a member of the Texas Company team, is attempting to contact managers of other teams such as Cabot, Phillips and Berger teams. Managers who would like to join the league should call Fincher at MO 4-7588 or MO 4-4316.

Four teams played in the league last year. Two of the teams, Texaco and Nobilit-Coffee, plan to compete again this season. Fincher plans to start the play around Jan. 8 in the junior high gym with a single round robin schedule slated with a tournament to settle the title. Winner of the round robin will play the tournament winner.

MORE HARVESTERS have gained honors this week. Yesterday, Amarillo coach Joe Kerbel named Don Jonas as an offensive and defensive tackle on the Sandie all-opponent teams. Palo Duro coach John Reddell picked all-opponent teams and some other interesting events during the 1956 football campaign for Pott Powell.

Once again Jonas made both the offensive and defensive squads. Jerry Bonsel was named on the offensive team at center and he joined another Harvester, Gene Devers, at a defensive and position. Jesse Ring was picked as a defensive halfback and Robert Langford was named on the defensive squad as a linebacker.

Reddell, a former teammate of Pampa's Jack Lockett, named the Harvesters as the best defensive team faced, both on the line and the backfield. He also named the Palo Duro-Pampa game as his biggest thrill of the season because of the Dons' goal line stands.

NEW WRESTLING TALENT is scheduled for the Sportsman's Arena for you fans who have become tired of seeing the same old agonizing faces out there each Monday night. Johnny Pitts, secretary of the sponsoring Pampa Shrine Club, has lined up six wrestlers that have never appeared in these parts previously.

The new shows are due to start around the first of the year. A matches are scheduled for Christmas eve. Newcomers will be the Great Zorro, Don Curtis, Mighty Atlas, Chris Tollas (brother of John Tollas), Leo (The Lion) Newman and the Great Bolo.

Southwest Conference Cage Teams Break Even Wednesday

By UNITED PRESS
Two Southwest Conference basketball teams that saw action Wednesday night broke even against outside foes.

The Texas Longhorns, trailing until after five minutes in the second half, surged ahead to defeat the University of Oklahoma 68-62, but Texas A&M was an easy victim for Mississippi Southern 75-43.

The Sooners built up a big 32-18 lead at Austin in the first half and led 35-28 at the intermission. But the Longhorns, sparked by Bill Groogan and Kenneth Cleveland with some trick ball stealing, grabbed the lead with 13 minutes left in the second half.

The lead changed hands eight more times before the Longhorns finally surged ahead to stay with six minutes remaining. Raymond Downs of Texas was top scorer with 22 points while Don Schwall netted 20 for the Sooners.

The win gave Texas a 3-1 season record and left the Sooners winless in three starts.

Mississippi Southern, with rangy center Bob Kinney pouring in 27 points, downed the Aggies with

little trouble at Hattiesburg, Miss. Southern led all the way in taking its first home victory in two starts.

Guard Don Eddy got 18 points for the Southerners while guard Ken Hutto led the Aggie attack with 22 points. Southern led 17-11 at halftime 37-25.

In action tonight, Texas A&M travels to Tallahassee, Fla., to play Florida State while Texas Christian clashes with St. Louis at St. Louis.

NC State's Rating On Southern Courts Surprises Experts

By JOHN GRIFFIN
United Press Sports Writer
It looks as if it's true what they said about Dixie — North Carolina State isn't kingly any more.

For nine of the last 19 years, Coach Everett Case guided State's Wolfpack to a conference championship and a high national rating. That's why pre-season whippers from the Southland that State wasn't up to par were hard to believe.

But Clemson surprised Tuesday night by upsetting the 'Pack, 96-94, for the first time in 15 years and Wednesday night came the real shocker — South Carolina's runaway 75-61 victory over State, the first Gamecock win in Case's reign.

In contrast to the Clemson "squasher", South Carolina led all the way after the first 10 minutes with a 34-24 halftime margin, fought off a State rally that cut the margin to 33-34 early in the second half, and then breezed home. Sophs Fred Lutz and Ray Pericole had 19 and 18 points, respectively, to lead South Carolina.

Fouls Costly
Actually, fouls cost N.C. State the game, which was played at Charlotte, N.C. South Carolina had 40 tries from the charity line and sank 27; State had only 14 tries and sank five, wiping out State's four-basket edge from the floor.

The already groggy experts were jolted again Wednesday night when Niagara, tied for the No. 18 national ranking, suffered an 82-78 setback by twice-beaten Syracuse. Niagara was fresh from an easy victory over Seton Hall and seemed on its way up in the national rankings.

But four other high-ranked teams came through with victories Wednesday night to defy the early-season upset wave.

North Carolina, ranked No. 2 nationally and heir-apparent to N.C. State's Atlantic Coast Conference championship, rolled on with an 82-55 rout of George Washington at Norfolk, Va.

Dayton Bounces Back
Dayton, ranked 10th, bounced back from its upset by De Paul to nip Miami of Ohio, 76-75; 16th-ranked West Virginia romped over Penn State, 81-66, and Temple, which shares the 18th ranking with Niagara, sank 51 per cent of its shots in defeating Princeton, 62-58.

In other leading games Wednesday night: Purdue led all the way in beating De Paul, 83-78, despite 29 points by De Paul's Dick Heis; Loyola of Chicago tuned up for a Friday date with San Francisco's national champions by drubbing Kalamazoo, 88-57; Texas edged Oklahoma, 68-62; VMI downed Randolph Macon, 81-66; Harvard beat Tufts, 71-59; Providence defeated Brown, 73-61; the Western Michigan edged Toledo, 81-78.

Western Kentucky ranked 12th nationally, and St. Louis, conqueror of Kentucky earlier this week, both face tough assignments in feature games tonight. Western tangles with Seton Hall at New York's Madison Square Garden, while St. Louis plays host to Texas Christian and its high-scoring Dick O'Neal.

Pitt Is Nation's Best, Say Engineers

(EDITOR'S NOTE: This is first of a series of the teams in the major 1957 bowl games to appear in The News occasionally until Jan. 1.)

By BILL FERGUSON
United Press Sports Writer

ATLANTA (UP)—Georgia Tech considers Gator Bowl foe Pittsburgh one of the toughest teams in the nation, but you'd never guess it from the casual and confident way the engineers are preparing for their record sixth straight bowl appearance.

The Engineers will pass up most of their time for practicing in favor of a long Christmas vacation. They're not exactly cocky even though Coach Bobby Dodd freely admits that his once-beaten 1956 team is the best he's ever coached.

Add to this the fact that Tech won't scrimmage once before the Dec. 29 kickoff in Jacksonville, Fla., and it might appear that Dodd is taking Pittsburgh lightly.

However, it's bowl business as usual for the veteran Tech team, which not only is making its sixth straight post-season trip but is looking for its sixth straight win.

The Engineers will get in little more than one week of practice and during that time, Dodd will stick to his regular season rule that limits all of the rough stuff to Saturday stadium appearances.

After a 10-day Yule holiday, Tech probably will get in one or two days of practice before leaving for Jacksonville and their second straight bowl meeting with Pittsburgh.

The system of not too much work before a bowl game has paid off for Dodd, who has managed seven wins in seven tries, including a 7-0 win over Pittsburgh in the Sugar Bowl last January.

"I figure a team is just about as sharp as you can get it after a full season," Dodd said, "and it doesn't take too much work to make it stale. After all, they've been living football since September."

The Engineer head man, who has won 100 games and lost only 28 at Georgia Tech, rates the '56 team superior even to his 1952 team which won 11 of 11 in the regular season and then swamped Mississippi in the Sugar Bowl.

Although the Engineers lost one game, 6-0 to Tennessee, they scored 227 points in 10 games while holding the opposition to a mere 33.

The defensive strength is anchored by all Southeastern Conference performers, guard Allen Ecker and center Don Stephenson, and super-safetyman Wade Mitchell.

Offensively, Tech features a running game with a wealth of halfbacks, George Volkert, Johnny Menger and Paul Rotenberry—name a few, and fullbacks Ken Owen and Dickie Mattison. The passing of Mitchell and quarterback Topsy Vann keeps the opposition defense honest.

Tech beat Pitt by one touchdown after a disputed pass interference call gave the Engineers the ball on the Pitt one and set up the game's only score.

Mustangs Team To Beat In SWC Race; Rice, TCU And Texas To Offer Fight

By ED FITE
United Press Sports Writer

DALLAS (UP)—Southern Methodist's Mustangs are definitely the team to beat in the Southwest conference basketball race, but SMU Coach E. O. (Doc) Hayes prays for bench strength and eyes Rice, Texas and Texas Christian as real menaces.

Hayes' hurry-up speedsters currently are rated fourth in the nation—just where they finished in the NCAA championship finals last spring—and Hayes admits his Mustang team is good.

Returnees Jim Krebs at center, Bobby Mills at guard, Larry Showalter at forward and handyman "Tack" Herrscher give Hayes the makings of a spirited and talented outfit that has averaged 94 points through its first three games.

Junior college transfer Ned Duncan rounds out the starting five and Bob McGregor provides a fine replacement for Krebs.

It Ends There

"But, that's where our team ends," Hayes says, "especially when we get into the real tough games. The rest of my reserves haven't proven up to the quality I need to rest my regulars in a close one."

These six players went the distance in a 91-84 victory over tough Minnesota last week.

Krebs, the team's tall man at 6-8, is scoring at a 20-point per game pace. Mills at 16.0, Herrscher and Showalter at 13.3, Duncan at 8.1 and McGregor at 9.7. And, it's the type of team that any one man is apt to come through and pick up the scoring stack. All are top-notch marksmen from the free-throw line.

The first week of the campaign that saw Rice and Texas take first tumbles against Auburn and Oregon, respectively, hasn't changed Hayes' opinion that both are real dangerous.

And, his opinion of TCU, last year's cellar team, zoomed sky high after he saw what sophomores Ronnie Stevenson, Derrill Nippert and Ken King could contribute to the known talents of TCU's polished Dick O'Neal.

They're Ahead

Stevenson and Nippert both are outscoring the point-happy O'Neal by a shade with around 16-point averages and they stand 6-5 and 6-4 respectively, to team with O'Neal's 6-7.

The tallest team, however, is Rice, where talented Temple Tucker's 6-10 height should be even more effective as a junior than it was as a sophomore when he averaged 22.1 points for Coach Don Suman. Paired with him this season is Tommy Robitaille, a 6-9 sophomore.

Texas, which finished fourth last season, has even more experience than SMU with every member of the starting five back under a new coach, Marshall Hughes, who moved up from the freshman team post.

The lead Longhorn is Raymond Downs, a 6-4 dead-eye who led the conference in scoring with a 26-point average last season and is operating at a 25.3 clip so far this year.

One Starter's Back

Arkansas and Baylor have only one starter back—Terry Day at Arkansas and Jerry Mallett at Baylor. Both are good, but there isn't enough help to make either a contender.

And, Ken Loeffler still is looking for the "big man" to make his mode of attack work at Texas A&M as it did at LaSalle. George Mehaffey, a fine shooter but lacking on defense, is the Aggies' main hope.

Boiled down, it looks like SMU should take it unless disaster strikes at the ranks of Hayes' six-man team. And, TCU could develop into even more of a threat than either Rice or Texas if those three sophomores improve.

Records Say NFL Teams Balanced

By UNITED PRESS

The records of the Detroit Lions and Cleveland Browns during the past two seasons show how well-balanced the competition has become in the National Football League.

The Lions, now leading the Western Division with a 9-2 record, finished last in 1955 with a 3-9 mark. The Browns (5-6) probably will finish third or fourth in the Eastern Division this year after winning the league championship the last two seasons.

Detroit, Western champion from 1953 through 1954, was described as the best last-place team in league history last season when it suffered five of its nine losses by seven points or less. This season the Lions zoomed back to the top because they won the close ones, registering four of their triumphs by four points or less. Their two losses were by margins of one and four points.

While Detroit bids to become the first NFL club ever to bounce from last to first, Cleveland's unprecedented string of division titles in two leagues finally has been snapped at 10. The Browns lost two games in the final seconds but also won two by a total of seven points while compiling their current 5-6 record.

The Lions play the Bears (8-2-1) at Chicago Sunday with the Western title going to the winner. The Bears are tough at Wrigley Field but the Lions are picked to win because of their strong defensive unit.

Foul Weather, Injuries Mar Bowl Team Workouts

SYRACUSE, N. Y. (UP)—After a couple of frustrating days indoors because of inclement weather, things are beginning to brighten up for Syracuse University's Cotton Bowl-bound football team.

The Orangemen, who leave by plane for Norman, Okla., on Sunday to continue their drills for the New Year's Day classic with Texas Christian, took advantage of the first sunshine in three days Wednesday to workout at Archbold Stadium.

Jim Ridlon, the wiry, 187-pound halfback who was an early draft choice of the San Francisco Forty-Niners, was the standout performer in the drill. He looked effective tossing and receiving passes during a lengthy offensive drill which also included practice against TCU plays.

Coach Ben Schwartzwalder has practice sessions scheduled for today and Friday and may work the team again on Saturday.

Hornung Awarded Heisman Trophy

NEW YORK (UP)—Paul Hornung's acceptance of the Heisman Trophy was saluted today by the President of Notre Dame, who made it clear there will be no de-emphasis of football at South Bend.

Rev. Theodore Hesburgh, Notre Dame president, took cognizance of de-emphasis talk during a dinner at which the 20-year old Hornung, Notre Dame's All-America quarterback, received the coveted Heisman award.

"Anyone who would think of de-emphasizing football at Notre Dame should have his head examined," said Rev. Hesburgh. "Before you can de-emphasize a sport, it first must be out of proportion."

Seixas And Flam Are Davis Cup Singles Entries

By LEO H. PETERSEN
United Press Sports Editor

PERTH, Australia (UP)—Tennis veterans Vic Seixas and Herb Flam were officially named today to play singles matches for the United States in the interzone Davis Cup finals against India starting here Friday.

Flam, 28-year old Californian from Beverly Hills, Calif., who specializes in a defensive-style game, was drawn to face India's 19-year old Ramanathan Krishnan in the opening match at Royal King's Park courts.

Seixas, 33-year old Philadelphia ace of the American squad, was matched against India's playing captain, Naresh Kumar, in the second match. After a doubles match Saturday, the best-of-five series will conclude Sunday with two more singles matches in which Seixas will play Krishnan and Flam will meet Kumar.

U. S. non-playing Captain Billy Talbert named Seixas and Sam Giammalva of Houston, Tex., as his doubles team, but under cup rules Talbert can change that lineup anytime up to one hour before the start of the match.

The draw was made by west Australian Gov. Sir Charles Gardner.

The winner of this series qualifies to meet Australia late this month in the challenge round for the Davis Cup.

The United States remained a solid favorite over India's "best team in years," despite the announcement that Seixas is suffering from a sore right shoulder muscle.

Seixas disclosed Wednesday that he has been bothered by the sore shoulder for the past three days. He described it as an "old ailment," aggravated now probably by "tension and built-up nerves."

"I'm sure I will be all right for Friday's opening singles match," said Seixas, who has been rounding into shape slowly in order not to reach his peak before the challenge round.

Carmelo Costa Beats Jorgensen

NEW YORK (UP)—Featherweight contender Carmelo Costa claimed triumphantly today the eyes of Texas must be blind—or at least a little near-sighted.

Costa of Brooklyn won a lopsided decision over Paul Jorgensen of Port Arthur, Tex., in their third meeting at Madison Square Garden Wednesday night, and he insists he won the other two bouts at Houston "by even wider margins," but didn't get the verdicts.

Jorgensen, 21 and ranked second, among feather contenders, held fifth-rated Costa to a draw on July 31 and won the decision on Nov. 20.

Nehru Would Boost US, China Relations

By CHARLES M. MCCANN
United Press Staff Correspondent
Prime Minister Jawaharlal Nehru is about to make a strong attempt to improve relations between the United States and Communist China.

Nehru, India's "neutralist" leader, is to arrive in Washington Sunday on a long-scheduled visit. His program is still incomplete. But it is expected that he will go to Gettysburg for at least two days of informal, intimate conferences with President Eisenhower. There may be talks in Washington too.

Nehru has just played host to his good friend Premier Chou En-lai of Red China. It is known that the future of United States-Red Chinese relations played a big part in the numerous conversations Nehru and Chou held.

Dispatches from India leave no doubt that, on the basis of these talks, Nehru will try to sell President Eisenhower the idea that he ought to seek an agreement with the Peiping government.

It has already been arranged that Chou shall go back to India as soon as Nehru returns home, to get a first-hand report of Nehru's talks with the President.

Nehru feels strongly that cooperation between the United States and Communist China would benefit both countries and would remove any threat of war in the Far East.

Nehru would like to see the United States recognize the Red Chinese government. He also feels the admission of Red China—the world's biggest country in point of population — to the United Nations is essential.

The United States, like many other free countries, never has recognized the Red government which conquered China in 1949.

Technical State Of War
In fact, the United States and Red China are in a technical state of war because the Korean armistice has never been followed by a formal peace treaty.

The United States also is the chief sponsor of a tight Allied embargo against the sale of strategic goods to Red China.

The sole diplomatic contact between the two countries has been maintained in Geneva, Switzerland. In Geneva, the United States ambassador to Czechoslovakia and the Red Chinese ambassador to Poland have been meeting about once every two weeks since Aug. 1, 1955.

These meetings concern the release of American prisoners still

held by the Chinese Communists. The talks have resulted in no progress for many months. Discussion of "related matters" is on the program for the Geneva meetings. But the United States wants the prisoners freed before it talks about anything else.

Approximately 2,400 persons are killed accidentally by firearms in the United States every year.

TAKING A SWING AT POP'S BUDGET—Cute toy for Junior's Christmas, eh? The elephants swing the chimp back and forth. And Dad will swing on his heels when he sees the four-figure price tag. The toy is one of a large collection of animated playthings, hand made by European craftsmen, imported by an Allentown, Pa., department store.

Jacoby On Bridge

By OSWALD JACOBY
Written for NEA Service
North's opening bid of two no-trump in today's hand shows balanced distribution, stoppers in all four suits, and 22 to 24 points. Since South took out to three hearts, high cards, he could tell that slam was unlikely unless there happened to be a perfect fit.

South took out three hearts, hoping that North would find some way to indicate whether or not there was a perfect fit. His confidence was not misplaced.

North knew that his three honors in hearts were bound to be helpful. There was no harm in showing side strength on the way to four hearts. Hence North made the excellent bid of four diamonds.

This was exactly the kind of encouragement that South needed. South showed the freakish nature of his hand by jumping to six diamonds. If North had some sort of real diamond suit, this would be the best contract. Otherwise North could correct the contract by going back to hearts.

As it happened North was not interested in a diamond contract. Hence he took South back to hearts.

There was no problem in the play of the cards. With a spade lead, the slam would have been unbeatable. With the actual club lead, South had to make the correct guess of the jack at the first trick in order to assure his slam.

MOST KISSABLE—Mrs. Jean Linck, formerly of Loveland, Tex., was named "Miss Kissable of 1956" in a nationwide contest of several thousand girls. Entrants' sent imprints of their lips, made by "kissing" a piece of paper, into a Washington, D.C., radio station. Mrs. Linck now lives with her husband at Falls Church, Va.
