Groups Confer Here On Drive For Santone-Amarillo Service

Five cities affected by the project had mobilized forces Monday to "go after" estab-lishment of a new airmailand-passenger line between San Antonio and Amarillo, by way of San Angelo, Big Spring and Lubbock.

Representatives of all those points assembled for a breakfast session at Hotel Settles Monday morning, went on record formally in behalf of the route linking the five cities, appointed a committee to draft a brief in behalf of the project and made preliminary arrangements for presenting that brief in Washington next month.

Appointed as a committee to prepare a comprehensive brief were J. H. Greene of Big Spring, chairman; J. C. Deal, San Angelo, secretary; Tom Cotten, Amarillo; C. F. Dieter San Antonio, and C. E. Maedgen, Lubbock. Each town will prepare a part of the brief, and this material is to be submitted to Greene by next Monday. One complete document showing need for the northsouth air route will be compiled, and Texas congressmen have been asked by wire to arrange an engagement for presentation of that Committee On brief in Washington on May 23, to Harlice Branch, second assistant

Some one sent the police scurry-ing to the Laurels home last night on a fake report of a shooting. Several times in the past few days, the couple disclosed, a would-be funster had dispatched fire

equipment, ambulances and morticians to their front door. "This makes me plenty sore and has got to stop," said Laurel.

The largest book sale in history took place in 1930 when the United States government purchased the Volibehr collection of 3,000 pre-16th century printed books for \$1,500,000. Most famous of these books is the Gutenberg Bible.
