Arraignment In Map Thefts Is Postponed

PITTSBURGH (UP) — The arraignment of two men indicted as co-conspirators in the theft of oil exploration maps from the Gulf Oil Corp. has been postponed a second time. U. S. Attorney D. Malcolm Anderson announced the postponement Tuesday after the illness of one of the men, Odie Seagraves, of Houston, Tex., oil promoter. Seagraves and Edward Lieberman, of New York, originally were to be arraigned last Jan. 18, but the illness of Seagraves' mother forced the government to re-schedule the arraignment until this Friday. In announcing the second postponement, Anderson set no new date for the arraignment. Lieberman was given the option of coming alone for arraignment or waiting until Seagraves was able to appear. He chose to wait. The two men were indicted along with Lieberman's brother, Emanuel, and Irving Miller in the maps theft. Emanuel Lieberman

Lefors Personals

By Mrs. Charles Roberts Pampa News Correspondent — Mrs. Bob Beaty and son returned from Borger Friday, Jan. 11, where they had been convalescing from illness. Both are better at this time. Mr. and Mrs. C. J. Adams, parents of Mrs. Bob Beaty, visited in the Beaty's home Saturday night and Sunday. Mrs. C. B. Vernon of Shamrock spent Saturday night and Sunday with Mr. and Mrs. Charles Roberts and boys. Miss Marjorie Jacobs of Quanah, student at McMurry College in Abilene spent the week end with Miss Carole Graves, also of McMurry, in the Jess Graves home. Visiting in the J. P. Bussell home Sunday, Jan. 13 were Mr. and Mrs. R. E. George and Sue Ann of Canadian. Mrs. George is a sister of Mr. Bussell. Mr. and Mrs. John Pritchard, parents of Mrs. Bob Call, have now is serving a prison term for his part in an extortion plot and Miller is a fugitive in Canada. Seagraves was reported suffering from a kidney ailment and may require an operation. moved into their new home in Lefors, Mr. Pritchard is retiring, Feb. 1, from the E. J. Dunigan Jr., oil lease. Mrs. Bob Peterson is now employed by the Hughes Development Co. in Pampa. Mrs. Hill is caring for Terri Lynn while her mother is at work. Bob Brown left for Seminole, Okla., Sunday after a surprise party for his wife, Alta. Mr. and Mrs. Dick Pflug and Susan of Amarillo have been visiting their parents the Walter Pfugs and the Pattersons. The Charles Earharts had as guests for the week end his sister and husband Mr. and Mrs. Johnny Deaton of Tishomingo, Okla. Mr. and Mrs. O. L. Presley of Reed, Okla. have been visiting their children, the Hoyt Pruett, the O. L. Presleys and the W. S. Presleys the past week. Mr. and Mrs. Rast Thompson and boys of Reed, Okla., visited his sister and family Mr. and Mrs. Frank Cooksey. Sarah Mullins spent Monday thru Wednesday in Northwest Texas Hospital in Amarillo taking treatments. Her son and his wife, Mr.

IT'S THE LAW IN TEXAS

COURT RULES PRESERVE JUSTICE

Are you hopelessly confused by court room procedure? Words such as "objections," "overruled," "sustained," "hearsay," "irrelevant" and "opinion" are meaningless to many persons. The purpose of a trial is to settle the disputes that the parties cannot settle by themselves. Before facts which give rise to them must be established. This sounds simple, but on the contrary it is a difficult task. If the parties agreed on the facts the case could be settled, each side has its own version. The trial court has the job of establishing the facts. This is accomplished by questioning witnesses and introduction of physical evidence. This requires application of the rules of evidence. Through the years the law of evidence has been established. The rules place restraints on what type of evidence is proper. They have the effect of protecting the rights of the parties by insuring a fair trial. Hearsay is a word often heard during a trial. Hearsay may involve a statement by a third person of a conversation between two other persons. It would be hearsay if Jones were asked to tell the court what he overheard Smith tell Greene. With certain exceptions, evidence of this type is excluded because it is not reliable, and might open the door to false testimony. A lawyer objects to evidence he does not believe is proper. If a lawyer objects to evidence because it is irrelevant, he means that the evidence is of such little importance that it has no bearing on the case, and if admitted it would bog down the trial so that the time needed doesn't justify its admission. Opinion evidence of one not an expert is not admissible since such opinion carries no weight. When an objection is sustained by the judge the evidence is not received. Should the objection be overruled, the evidence is allowed and Mrs. C. C. Mullins, accompanied her there and back. Visiting in the Frank Peeler home Thursday night and Friday was Mrs. Peeler's mother, Mrs. W. B. Bogart and her brother and wife, Mr. and Mrs. Johnny Bogart all of Reed, Okla. Mrs. John L. Lantz and Norma Lantz spent the week end at Lake Kemp. They also visited in Snyder, with Mrs. Lantz's daughter and family, the J. C. Jacksons.

to be presented. The rules of evidence have been built up through many years of court trials. These rules are not arbitrary but are designed to see that justice is done in our courts. The judge is seeking to have the truth established and insure that all parties and witnesses in the trial are given a full and fair opportunity to present the facts. (This column, prepared by the State Bar of Texas, is written to inform — not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

Bill On Fireworks AUSTIN (UP) — Sen. Bruce Reagan of Corpus Christi introduced legislation Monday to ban the sale of fireworks in Texas. The measure would exempt cap pistols and similar noise makers using a minimum amount of explosive. Similar legislation has been introduced in the House. **Avalanche Detection** By analyzing snow depth and density and keeping an eye on local weather conditions, the Colorado highway department predicts potential avalanches, usually within eight hours. Then traffic is blocked off, the slides are blasted loose, and waiting snowplows clear the roads through the mountain passes.

Chevrolet shows you some important differences in low-priced cars just by *the look on its face!*

Wouldn't you say that most of the '57 cars look good from 50 feet away, but what about from 50 inches away?

What does a close-up of the grille tell you, for example? Is it solidly made like the new Chevrolet grille? Or, in comparison does it look less rich in design—feel less strong and solid? Compare the quality and construction of the bumpers and headlights, the fit of the chrome trim.

The more closely you look all around the car, the more clearly you'll see that Chevrolet has the edge in the way it's put together. You'll find, for instance, that Chevrolet is the only

car in its field with a lacquer finish... that only Chevrolet Bel Air models give you foam rubber cushions in front and rear seats as standard equipment. These are just a few of the advantages of Body by Fisher. And Chevrolet, you know, is the only low-priced car that has a Fisher Body.

We'll be glad to give you a close-up, comparative look at this new Chevy any time you care to come in. This week, maybe?

Hollywood's New Star Was Success In Garment District

(WOMEN'S VIEW)
By GAY PAULEY
United Press Staff Correspondent
NEW YORK (UP) — The young man who may be Hollywood's newest heartbreaker first was a success on Broadway.
But in the garment, not its theater district, Robert (Bob) Evans plays the role of the late Irving Thalberg, one of the movie industry's wonder boys, in a picture scheduled for release in the fall.
But how the handsome Evans got the role, and the chance at a long-term future in the movies if he wants it, has the makings of a plot to outdo most of those dreamed up by Hollywood itself.
Evans is the young vice president (he's 27) of a young, highly successful women's clothing firm on lower Broadway. He was vacationing on the West Coast a couple of months ago, and mostly basking in the sun at a Los Angeles hotel pool.
Actress Norma Shearer saw him and decided immediately that Evans was the man for the Thalberg role in the film Universal International was making of late.

test. "I didn't need the movies," he said. But friends insisted he at least try out.
Well, just like in the movie plots, he won the job over dozens of other, more experienced actors, and recently completed five weeks before the cameras.
Acting isn't exactly new to Evans. New York-born and the son of a professional man, he played juvenile roles in radio soap operas. By the time he was 17, he was a disc jockey for a Florida station.
Seven years ago, his only brother, Charles, 31, joined forces with Joseph Picone, a well-known tailor, to found the Evan-Picone firm, now one of the largest skirt, slacks and sportswear manufacturers in New York.
Six years ago, the younger Evans joined the firm to boss the slacks and shorts department.

Middle East Getting Plenty Of Doctrines

(Foreign News Commentary)
By CHARLES M. MCCANN
United Press Staff Correspondent
The Middle East is certainly getting plenty of "doctrines."
First came the Eisenhower Doctrine, aimed at combatting any Communist aggression in the Middle East.
Soviet Russia and Communist China retorted with the Bulganin-Chou doctrine, the expressed purpose of which is to prevent aggression or interference in the affairs of Middle Eastern countries by the United States.
Now we have the Egyptian-Saudi Arabian-Syrian-Jordanian doctrine, which says that these Arab countries will not permit themselves to become a "sphere of influence" for any foreign power.
It looks, too, as if the four Moslem members of the so-called Baghdad alliance may work a doctrine of their own, fitting in with the Eisenhower Doctrine.
The Eisenhower Doctrine, which Congress now is considering, was worked out hastily as the result of the recent unsuccessful British-French invasion of the Suez Canal Zone.

Fear Russian Interference
It actually stems, however, from Russia's interference in Middle Eastern affairs, which started in a big way when President Gamal Abdel Nasser of Egypt decided to turn to the Communist countries for arms.
Under the Eisenhower Doctrine, the United States would use force if necessary to combat Communist aggression in the Middle East and would put some money into the countries concerned to make them less likely victims of Soviet ambitions.
What the doctrine really comes down to, as regards the use of American forces, is the theoretical situation in which one of the Arab countries—not any Middle Eastern country—can use its Communist rule and attacked another Arab country. The country which came under attack would then have to ask the United States for help.

Reds Formulate Doctrine
In Moscow last week, Soviet Premier Nikolai A. Bulganin and Chinese Red Premier Chou En-lai came up with their own doctrine.
Bulganin and Chou denounced the Eisenhower Doctrine as a plot to "suppress the movement for national independence" in the Middle East.
Soviet Russia and Red China, under their doctrine, are "ready to continue rendering the necessary support to the peoples of the Near and Middle East so as to prevent aggression and interference in the affairs of the countries of this area."
Finally, Nasser, King Saud of Saudi Arabia, Premier Sabri El-assal of Syria and King Husain and Premier Suleiman Nabulsi of Jordan met in Cairo to adopt their own doctrine.
They announced Saturday night that the Arab countries, under their doctrine, were perfectly able to take care of their own affairs

Buddy's SUPER MARKET

Local Girl To Perform In 'Winter Carnival' This Year

Gwen Thurmond Stark, daughter of Mr. and Mrs. J. A. Thurmond, 2001 N. Russell, was voted the winner of a twirling contest held at Oklahoma A&M College, Stillwater, Okla., this past week. Only college twirlers competed during the half-time of the Aggie-Sooners basketball game in Gallagher Hall, and the voting was done by the several thousand fans present.

She was presented a \$50 G.E. portable radio and a record album. During mid-term holidays this week she will perform in the giant "Winter Carnival" at St. Paul, Minn., which is held each year. Only the outstanding twirlers, baton teachers, and judges in the nation are eligible for this event.

Mrs. Stark, the holder of many championships, has been selected to "Who's Who In Twirling" in the United States and Canada for the past three years in a row.

A graduate of LeFors High School in 1955, she holds many local, regional, tri-state and Open National championships. She made "Prep All-American Twirler" in Memphis, Tenn., in 1956 where she represented the State of Texas and was sponsored by the Pampa Chamber of Commerce. She has been awarded her teachers' certificate, and accepted as a member of the "National Twirling Teachers Association."

Presently a sophomore student and featured majorette with the Oklahoma Aggie Band, she also is now a professional entertainer with the College Entertainment Bureau, traveling and performing at special occasions throughout Oklahoma and surrounding areas. Besides performing in St. Paul this week-end, she is scheduled on Feb. 14 to present a flaming baton act for member of the American Legion Post on "Ladies night" in Stillwater.

Gwen has helped to conduct several twirling clinics both in Texas and Oklahoma, and recently served as the official Judge of Twirlers at the Oklahoma All-Regional High School contest held at Ponca City.

Besides these activities, she is an honor student at A&M, being selected by the Dean as one of the "Most Distinguished Students" last year. She also won the "Most Outstanding Activity Award," on the campus; the first award of its kind to be presented at A&M by the social groups.

Barby Speaks At Church On Russia

Otto Barby of Beaver, Okla., speaking last night at the Church of the Brethren, showed colored pictures of Russia to the members and friends of the church and to a number of community folk and people from nearby towns. Barby, who was assisted by his wife, was sponsored by the Men's Fellowship of the Church of the Brethren. He is an attorney, a county judge and a rancher. Last spring he was one of a party of 29 men from the Oklahoma-Kansas area who visited for 20 days behind the iron curtain of Russia.

Barby mentioned the very obvious absences of men, of private dwellings, of children on the streets, of family life in general and of public religious worship. He said that two things impressed him: the seriousness of students in their educational studies with education seemingly more advanced than ours; and with the earnestness and seriousness of those few older persons he did see attending church. He said he saw one Protestant church in his entire trip in Russia.

Barby stressed the fact that he should not take so much for granted the things we have in our country such as freedom of religion, abundance of good quality food and many other possessions such as homes, cars and luxurious home furnishings; and especially our American family life.

Following the talk and pictures, refreshments were served in the social room by the Women's Fellowship serving committee, of which Mrs. Wayne Irwin was chairman. Barby was introduced by Clyde Carruth of the Men's Fellowship program committee. Russell West and Don Ellidge led in worship and singing.

Alvin Hoyt Hibbs, 45, Dies Here

Alvin Hoyt Hibbs, 45, of 904 S. Faulkner, died at 11:15 Wednesday morning in Worley Hospital.

Hibbs was born March 5, 1911, in Malta. He came to Pampa nine years ago from Texarkana and was a butcher at Miller Grocery.

Funeral services will be held tomorrow at 2 p.m. in the First Assembly of God Church with Rev. J. E. Neely, pastor, officiating. Burial will be Saturday at Oak Lawn Cemetery in Nash. He was a member of the First Assembly of God Church.

Survivors include his wife, Elma; two daughters, Dianne and Janette, both of Pampa; one son, Charles of Carpenterville, Ill.; his mother, Mrs. Amanda Hibbs of Texarkana; two brothers, J. H. and W. L., both of Texarkana; and Nettie, Mrs. Vera Wheeler and Mrs. Pauline Johnson, all of Texarkana, and Mrs. Beatrice Jones of Bellflower, Calif.; and two grandchildren.

Psychiatrists Feel 'Bomber' Is Insane

NEW YORK (UP) — Leading psychiatrists and legal experts felt assured today that George Metesky, the captured "mad bomber of Manhattan," will be adjudged insane and committed to a mental hospital, for his admitted planting of 34 home-made pipe bombs since 1940.

The consensus was that Metesky, the mild-mannered, amiable man "who no one ever knew," would be found incapable of understanding his charges filed against him for the crimes which injured 15 persons and spread alarm over this city.

Psychiatric tests of the 53-year-old Waterbury, Conn., bachelor, begun Wednesday at Bellevue Hospital, are expected to take about three weeks, if Metesky is found insane under the law. Bellevue doctors will recommend that he be committed to a mental hospital rather than tried on the charges.

Should the Bellevue finding be challenged, however, the case presumably would develop into a battle of psychiatrists, with a New York Supreme Court judge deciding the issue. In the event of a trial, defense lawyers probably would enter a plea of innocent by reason of insanity.

Policeman Faces Court Of Inquiry

EL PASO (UP) — An El Paso policeman was to face a court of inquiry today in the mysterious slaying of a Mexican youth on the banks of the Rio Grande Wednesday.

Eduardo Gonzales, 14, of Juarez was walking along the U.S. side near the Border Patrol compound when he fell with a bullet in his head.

Patrolman J. A. Maruschik, 24, who found the youth, admitted firing three practice shots at tin cans in the vicinity. When he got back in his patrol car and started to leave, he said he saw the wounded boy kneeling at the bottom of the levee.

Maruschik, who was on duty at the time, said he picked the boy up and rushed him to a hospital where he died of the wound moments after arriving.

Wilks Joins Rotary Club

Hershel Wilks, new plant manager for the Celanese Corporation, was inducted into the Pampa Rotary Club at its meeting yesterday. Wilks was introduced to the club by Travis Lively.

The day's program consisted of a film on the responsibility of jury duty and a short talk was made by district judge E. C. Nelson of Amarillo. Judge Nelson was introduced by Don Cain.

Visitors and guests for the day were Max Hatfield, Bro Mings, Dr. Don Baker, Phil Phillips, Homer Gibson and Gilbert Mize.

Bites Passenger

Chemical Society To Meet Saturday

Dr. Clair J. Collins will speak on the subject, "Carbon-14 and Organic Chemistry" at the Borger Hotel Ballroom, Borger, on Saturday before the Panhandle Plains Section, American Chemical Society. The occasion will be a dinner meeting with roast beef served at 6:30 p.m. The talk will begin about 8 p.m. Dinner reservations at \$2 per plate can be made through J. E. Burleigh, 10 Joplin St., Phillips, phone BR 4-1475.

Dr. Collins comes from the Oak Ridge National Laboratory, Oak Ridge, Tenn., where he has been Group Leader in research since 1947. He has to his credit thirty publications on the use of carbon-14 in the study of organic chemistry. He was born in Austin, Minn., attended preparatory schools in Portland, Ore., and holds degrees in chemical engineering and chemistry from the University of Minnesota and Northwestern University. He served in the army during 1944-46.

The discovery of carbon-14 was reported in 1950 by Kamen and Ruben, but this radioactive form of carbon did not enjoy widespread use until 1946 when it became available for general distribution as a result of its production from the Oak Ridge atomic energy installation. The value of carbon-14 lies in its long half life of about 6000 years, its weak beta-ray emission, the precision with which it can be analyzed, and the fact that organic

chemistry, the science of compounds of carbon, is very widespread and carbon-14 can be used as a useful means of studying these materials.

Problems in organic chemistry can be studied by labeling molecules with carbon-14 and following the carbon-14 with precise measuring instruments as the labeled molecules undergo transformation in laboratory or industrial equipment or in plants and animals in the study of agriculture and medicine.

New officers of the local Section who took over this month are: Chairman, A. Voet, Borger; Chairman elect, Roger D. Whealy, Canyon; Secretary, T. V. Gay, Treasurer, L. Warren Brandt, Amarillo; Councilor, Ollie L. Bertorelli, Borger, and alternate Councilor, Floyd Ulrich, Pampa.

One Accident Reported Here
The only collision reported within the city limits yesterday occurred at 3:46 p.m. on Craven, 120 feet east of Barnes.

Ollie Bice Light, 809 Locust, driving a '52 Mercury, was in collision with Loren Dean Hegkem, 1133 Varnon Dr., driving a '35 Chevrolet.

The Chevrolet was listed as demolished and the Mercury was reported undamaged.

By WILLIAM EWALD
United Press Staff Correspondent
NEW YORK (UP)—The channel swimmer, Dennis James, who has been pitched in at ad agencies, Charles Van Doren, the Columbia University instructor who has bagged over \$100,000 on NBC-TV's "Twenty One," is swamped under with marriage proposals. One of his come-hither notes is from a well-known actress, a veteran of the connubial wars.

CBS-TV's "Giant Step" gets the pink slip in six weeks... Dennis James has kinescoped a new quiz show, "Photo Finish," and is pitching it at ad agencies. Jaye P. Morgan looks like the lead contender for the two 15-minute shows on NBC-TV that Eddie Fisher will bow out of in late February... NBC-TV has offered a fat producer-writer-director contract to Ernie Kovacs in a bid to channel his creative talents into behind-the-camera chores.

There'll always-be-a-Hollywood dept: Erin O'Brien, the Irish lass in the Steve Allen stable, will be screen-tested for "Marjorie Morningstar."

To Get Screen Test
George "Bullets" Durgom, Jackie Gleason's manager, says Gleason still hasn't settled on his plans for next season, but it looks as if he won't do a weekly show, even if Gleason does nothing on TV, says Durgom, CBS still must shell out \$100,000 for his services.

Mike Wallacke will pull out as emcee of "The Big Surprise"—one of the sponsors wants out, too... "Mickey Mouse Club" will be cut to a half-hour show next fall on ABC-TV with an Abbott and Costello quizzer, "A Penny for

Your Thoughts," the likely gap-plugger.

The new NBC-TV version of "Tonight" is planning a series built around all 23 winners of the "Playboy" magazine jazz poll—initial entries will be J. J. Johnson, Gerry Mulligan, Chet Baker and Bud Shank.

Doubles Rating
"Press Conference" has doubled its rating since ABC-TV switched it to a different time slot... The lipstick sponsor of "The 20th Century Fox Hour" beginning Feb. 6.

CBS-TV is hot for a new series, "21st Precinct," a cops-and-robbers affair which will be shot in New York... Jack Barry says his "Tic Tac Dough," an NBC-TV daytime timer, will be shifted to a night time spot.

Britain, Yemen In Informal Little War

Foreign News Commentary
By CHARLES M. MCCANN
United Press Staff Correspondent
Great Britain and the kingdom of Yemen are fighting an informal little war at the southwestern tip of the Arabian Peninsula.

Britain accuses Yemen of engaging in raids on the frontier of the British colony of Aden, one of the key naval bases of the world. Yemen accuses Britain of attacking its territory with British troops and war planes.

Yemen appealed to the United States on January 12 to intervene against the alleged British aggression.

The British-Yemen fighting has been going on at intervals for years.

The "battles" usually engage anywhere from a dozen or two men to a couple of hundred on each side.

But behind the fighting is competition for oil, Russian intrigue and an attempt by Arab nationalists to throw the British out of their positions in the Arabian Peninsula.

Half As Big As U.S.
The peninsula does not look very big on the map. But it covers about 1.35 million square miles—nearly half the size of the continental United States.

Saudi Arabia occupies about four-fifths of it. The remainder includes Aden, Yemen and a tangle of "sheikhdoms," some of them with immensely rich oil resources, under British protection.

Yemen made it known recently that it had started to get arms from Czechoslovakia through the Soviet Russian government.

Britain accuses Saudi Arabia of aiding the Yemen tribesmen who are engaging in frontier fighting.

There seems to be no doubt that both the Soviet government and President Gamal Abdel Nasser of Egypt are stirring up the tribesmen—Russia in pursuit of its new campaign of penetration in the Middle East, and Nasser as part of his general anti-British campaign.

Sporadic fighting along the Yemen-Aden border has been due in the past to the fact that the frontier never has been firmly fixed.

But it increased in its significance because of the discovery of undeveloped oil deposits in the Yemen-Aden border region.

Father Oil
This brings oil into the picture for dogs.

The United States and Britain exploit most of the great oil deposits on the Arabian Peninsula. Competition in the oil industry is about as tough as that in any industry in the world. Oil men don't talk.

But rivalry for the newly discovered Yemen-Aden deposits is likely to play its part in the situation as it develops in coming months and years.

King Saud of Saudi Arabia, who has a lot of oil but wouldn't mind having more, is likely to take up the Yemen-Aden situation with President Eisenhower when he arrives in Washington Jan. 30 for a state visit.

Yemen would like to take over the entire British colony of Aden, to which it claims it is entitled. Britain has no intention of giving up Aden. Aside from possible oil development, Aden now has an important oil refinery. In addition it is of great strategic importance as a naval base. It lies at the southwest tip of Arabia, where the Red Sea and the Arabian Sea meet. It thus commands the southern approaches to the Suez Canal.

With Russia, Egypt, Saudi Arabia and the United States involved or potentially involved in the Yemen-Aden situation, a lot more is likely to be heard of it.

Eye Taken In Crash
FORT WORTH, Jan. 19 (UP)—Arnold Pergande, manager of a Fort Worth bowling alley, lost one eye and received critical injuries when the car he was in collided with a truck north of Fort Worth early Saturday.

Man Runs Over Self
SAN ANTONIO, Jan. 19 (UP)—Hesta Beene, 29, was run over by his own car Saturday. He fell out of the vehicle while he had the door open backing out of the driveway, and was dragged several yards before the car stopped. Beene was treated for minor cuts and bruises.

Woman Dies In Fire
SHERMAN, Tex., Jan. 19 (UP)—Mrs. Illion Rutherford, 55-year-old Negro, suffered fatal burns when fire swept her one-story frame house in Sherman Friday. Firemen reported extensive damage to the building.

West Berlin has a swimming pool for dogs.

Famed Italian Cookie Is Easy To Make For A Mid-Afternoon Scientific Nibble

Of all the desserts for which Italy is famed, the amaretto, or macaron, is looked upon as most typical in these United States. We needn't describe the amaretto's delicately almond-flavored crunchy goodness to you, for no doubt it's one of your favorite treats.

But we would like to point out something you may indeed not know. That is, this little cookie is unusually easy to make! The only ingredients you need are almonds, almond extract, egg whites, sugar and salt. The only real effort is in chopping the almonds, and this is made easy if you use an ordinary cut chopper.

They're sure to go fast, so you'd best make a really big batch. And don't deny yourself, even if you are watching; since a small macaron contains less than 80 calories, you may have one, or possibly two, with your mid-afternoon

WITH-WATERING winter fare features a crown pork roast, filled with sauerkraut and served with candied yams.

Rolled Rump Pot Roast Is A Culinary Standout Served With Spiced Peaches

There's always a spot in any homemaker's recipe repertoire for a new culinary combination. For one serving idea with a different flavor and appearance do this: Serve the rolled rump pot-roast with spiced peaches or on a bed of hot buttered rice accented with spicy dried apricots. It's a wonderful fruit and beef combination.

The menu is dressy enough for company, try it sometime. To serve pot-roasts at their best keep these few suggestions in mind. Pot-roasts, being less tender bits of beef, must be cooked by a slow moist method known as braising. In braising, first dredge the meat with seasoned flour. Remember, season the flour before dredging the meat. Brown the meat in lard or drippings. Brown slowly for all-over even browning.

Next add a small amount of liquid. Add just about 1-3 to 1/2 cup and cook slowly adding more liquid as needed. Cooking time will be from 2 1/2 to 3 1/2 hours depending on the size of the pot-roast. When the roast is done, remove the meat and thicken the liquid for gravy.

This is just the basic method of

Two Hearty Casseroles Help Provide Proper Nourishment While Viewing TV

More and more people today are enjoying anything from a snack to a full meal while watching their favorite television show. With the many wonderful offerings on television we are all inclined to not want to miss our favorite show even if it should conflict with mealtime.

Actually, it's a wonderful time to have friends in for dinner or for the evening when you know their TV tastes are the same as yours. As you know, the formality in our lives is taking a back seat and the rise of the informal dinner and the common sense popularity of buffet serving are both forerunners to today's television entertaining.

Whether for the family alone, where you would choose one of your simplest to prepare meals or for a party, where you will want your friends to enjoy a more "spectacular" repast, it is a preparing the pot-roast. There are many liquid and seasoning variations which can produce a different type main meat entree using the same meat cut.

Tomato juice is a favorite liquid to use in place of water. This makes a delicious tomato gravy to use over the pot-roast.

Seasonings such as bay leaf, and caraway are also used. Kidney beans and cranberries are also interesting additions to use with the flavor of beef. Apple juice, diluted vinegar or buttermilk make other interesting gravy ingredients for a potroast.

Coffee and Golden Treasure Cakes For the March of Dimes

This year — more than ever before — Coffees for Polio are playing a major role in the March of Dimes. Governors' wives in almost every state are giving kick-off parties, while their guests in turn entertain on a cozy level and so on down the line. And each cup of coffee happily means another contribution to the polio drive.

But whether it's a Governor's coffee or a "kaffe klatch" down the street, every hostess for polio wants to serve a homemade sweet to make the party official. Well, what could be better than cup cakes — especially those designed to suggest the purpose of the occasion? We're talking about Golden Treasure Cup Cakes. You see, a gold coin (that delightfully chocolate wrapped in foil) perches jauntily on top of each cake. And there's hidden gold in the icing itself — the sunny flavor of oranges, blended into the creamiest and most delicious confection.

Coffees for Polio are not only worthwhile — they're also lots of fun. If you'd like to give one, contact your local March of Dimes chairman for procedure. It's no trouble at all to invite a few friends in for coffee, cake and a bit of conversation. The rewards for your

Outdoor Cooks Not Weather-Limited

Outdoor cookery, fast becoming one of the most popular of Amey can pastimes also is growing rapidly into a year-round activity instead of something in which one finds pleasure only during the summer months.

Amateur chefs the country over now that they have experienced the exciting difference of charcoal flavored foods, no longer are willing to limit their appetites during

Doughnut Devotees Will Be Delighted

If you are a doughnut lover (and who isn't), we have news for you. We have just come across a recipe for an Italian-type pastry called Caroussel Puffs. These puffs are easy to make, light and airy to eat, deliciously flavored — in other words, just wonderful for your mid-morning scientific nibbles.

As you probably know, a scientific nibble is a between-meal snack taken an hour or so before mealtime as a means of maintaining energy and restraining appetite. Just be sure your nibble is a nibble and not a feast!

Here is the recipe for Caroussel Puffs:

CAROUSSEL PUFFS
1 1/2 cups flour
Dash of salt
1 tablespoon baking powder
1/4 cup sugar
2 eggs, slightly beaten
1/2 cup water
1 teaspoon anise flavoring
2 cups salad oil
1/2 cup sugar
Sift flour, salt, baking powder and 1/4 cup sugar. Combine eggs, water and anise flavor. Add to dry ingredients and blend thoroughly.

Drop by tablespoon into hot fat (350 degrees F.). Fry 2 or 3 puffs at a time, turning each puff once, until golden brown (about 3 minutes).

Drain on absorbent paper and roll in sugar while hot. Yield: 18 puffs.

Baked Meat Loaf Good Hot Or Cold

And what a loaf! ! ! Delicious hot and delectable cold... made with quick-cooking rice cereal... economical and easy to prepare... just put it in the oven and forget it... it's also good sandwich material for those box lunches for the school set.

BAKED MEAT LOAF
1 pound chopped beef
1/2 pound chopped pork
1/2 cup Cream of Rice, quick-cooking Rice cereal
1 egg
1/4 cup finely diced onion
1 1/2 teaspoons salt
1/4 teaspoon pepper
1 tablespoon prepared mustard
1/2 teaspoon marjoram
1/2 cup tomato juice

Place all ingredients in large mixing bowl. Mix thoroughly with hands or large kitchen fork. Pack gently into greased loaf pan, about 8 x 4 x 3-inches; taking care to avoid air spaces. Bake in moderate oven, 350 degrees F., until meat is done, about 1 1/4 hours. Turn out onto serving platter. Serve hot or cold with any desired sauce or gravy. Yield: 6 servings.

White Deer Personals

By MRS. OTIS HOLLADAY

Pampa News Correspondent

Mrs. Eleanor Webster, teacher and librarian of the local high school, has recently been a patient in Highland General Hospital in Pampa.

Mrs. Joe Wheeler and young son, Dean Quentin, are at home here. The baby was born recently at the Worley Hospital, in Pampa. Jan. 26 has been set as the date for the Amateur Contest, to be sponsored by the Antler staff of the local high school. The program will be held at 7:30 p.m. in the high school auditorium. Anyone in the White Deer - Skellytown area is invited to enter.

An admission charge will be made. Miss Claudia Evely, sponsor, is directing plans for the event.

Among the members of the local Lions Club who recently attended a District Lions Club social affair held in the Herring Hotel, Amarillo, were: Mr. and Mrs. Laddie Kotara, Mr. and Mrs. Henry Urbanczyk, Mr. and Mrs. Clifton Williams, Mr. and Mrs. Vic Bates, Mr. and Mrs. Richard Barnes, Mr. and Mrs. L. C. O'Neal, Mr. and Mrs. T. C. Jackson, Mr. and Mrs. Bobby McBrayer, Mr. and Mrs. Bill Gann, Mr. and Mrs. Virgil Moore, Mr. and Mrs. Buck Lavake, and Mr. and Mrs. Everett Butler.

Butch McAdams has recently undergone surgery at a Pampa Hospital.

Mrs. Tim Timmons and small daughter, Sheila Jo, have recently visited here in the home of Mrs. Timmons' parents, Mr. and Mrs. Clint Freeman. Recently of Victoria, Mr. and Mrs. Timmons and daughter have now gone to Illinois, where Mr. Timmons is stationed with the Air Force.

The Rev. Marvin Menefee and Paul Buchanan, recently attended a meeting of Methodist laymen and ministers, held at the Park Street Church, Amarillo. The meeting was presided over by the Rev. E. D. Landreth, district superintendent, who presented Dr. Harold G. Cooke, president of McMurry College, Abilene. The purpose of the meeting was discussion of a proposed expansion program of the college, a church-supported institution.

Mrs. T. C. Jackson was hostess to a recent meeting of the Luncheon Bridge Club at her home here. Members and guests who attend-

ed were: Mmes. Bill Abbott, Bob Moore, M. A. Gann, Richard Barnes, Vic Bates, Bobby McBrayer, Wayne Jordan, Floyd Ulrich, Everett Butler, L. A. Puckett, Sam Christy, Alvin Williams, W. E. Simmons, and the hostess, High and second - high prizes were awarded Mrs. Wayne Jordan and Mrs. Bill Abbott. Mrs. M. A. Gann won the traveling prize. Mrs. Gann will be hostess to the next regular meeting of the group.

More than fifty children and adults of the local Methodist Church enjoyed a skating party in Amarillo recently. Those who attended were members of the Junior and Intermediate Departments of the Sunday School, with their parents and guests. Arrangements for the affair were made by Mrs. Marion DeFeuer, Wayne Jordan, and Orville Franklin, teachers in the departments.

Superintendent Huelyn Laycock of the White Deer - Skellytown schools has recently returned from a business trip to Austin.

Mrs. L. A. Puckett won high and traveling prizes at a recent meeting of the No-Trump Bridge Club held in the home of Mrs. Bill Abbott here. Second high prize was won by a guest, Mrs. W. E. Sim-

Revival Time

BARRE, Mass. — (UP) — The Barre Thiel and Rogue Dectating Society is being revived. Formed more than a century ago, it has been inactive for seven years. This town isn't experiencing a crime wave or anything like that. The Society is being revived merely to preserve its historical significance.

Talked Too Long

SAN ANTONIO, Jan. 19 (UP) — Ernesto Ramirez was crossing a downtown street Friday when a motorist nearly hit him. He exchanged words with the driver until a woman in the car got out and hit him with a bottle he was carrying. Police booked Ramirez for drunkenness after he was treated at a hospital.

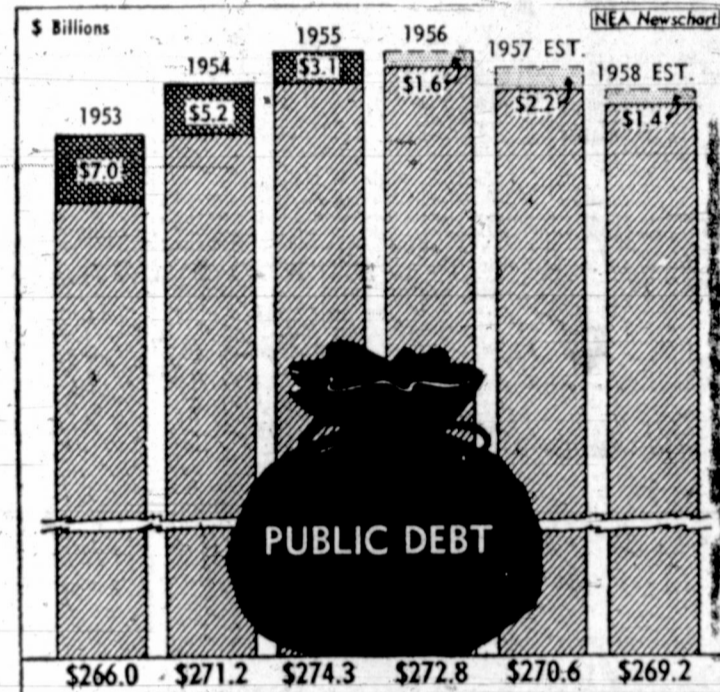

Other members and guests who attended were: Mmes. Richard Barnes, Jim Tom Freeman, J. Roy Crutchfield, Aubrey Thompson and Marvin Miliken.

Mr. and Mrs. W. E. Simmons and son, Dan, have moved here from Carlsbad, N.M., and are living at 404 Horn. The Simmons were former residents of White Deer. Dan has been enrolled as a student of White Deer-Elementary School.

Coach and Mrs. Sam Christy and Coach Bob Moore have recently attended basketball games at Gruver, where they observed opposition teams.

WHICH TWIN GAVE THE HOMEWORK?—Twin pupils in class have often confused teachers, but Maple Heights, Ohio, has a pair of identical twin teachers who have got their pupils looping. They are Edward Merus, left, math and science teacher and his brother, Robert, who teaches geography and English. Just to complicate matters, they exchange classes. The bewildered pupil between them is Sharon Drummond, 12, a seventh grader. The twins make a quick telephone check every morning to make sure they're not dressed alike.

DEBT'S A LONG HAUL—Something of an understatement was President Eisenhower's remark in his fiscal 1958 budget message that "The successive reductions in the debt from 1956 through 1958 are modest in relation to its size." That's apparent on Newschart above, which shows how the increases (cross-hatch) in the public debt during 1953, 1954 and 1955 were turned into reductions in 1956 and (estimated) 1957 and 1958. Budget surpluses of those years were used to reduce the debt. Only \$1.4 billion of 1958's \$1.8 billion surplus will be so applied.

Ike And Humphrey Are Incompatible?

By LYLE C. WILSON
United Press Staff Correspondent

WASHINGTON (UP)—Incompatible is a word which means incapable of harmonious combination. It seems that incompatible may be the word for President Eisenhower and his strongest cabinet officer, Treasury Secretary George M. Humphrey.

Political Washington was somewhat shaken last week when Treasury Boss Humphrey publicly expressed misgivings about Mr. Eisenhower's new budget. It is a big spending budget in the New Deal tradition, a peacetime record breaker.

dress this week put in new light Humphrey's protest against administration spending plans. Humphrey evidently was protesting not merely against the spending program for the next fiscal year but against the basic policy theme of the inaugural address.

That theme was simply this: The potentialities of modern war are such that the United States no longer dares count the cost of building a peace with justice in a world where moral law prevails.

Implicit in Mr. Eisenhower's impressive sentences was the promise of more big spending over the years and high rates of

taxation. The key sentence in the President's address was a warning that war must now be regarded as suicide. Literally that.

"We have been warned," he said, "by the power of modern weapons, that peace may be the only climate possible for human life itself."

Humphrey must have been aware last week of this forthcoming basic statement of long-range administration policy. Aware or not, he told newsmen assembled for briefing on the budget that this "terrific" government spending "should promptly be stopped."

reduced and, if they were not: "I predict that you will have a depression that will curl your hair." Those are hard, if slangy, words. They conflict directly, fundamentally and actively with what appears to be the fundamentals of Mr. Eisenhower's overall second term policy.

Humphrey generally has been regarded as the strong man in the cabinet. It is evident now that other voices are more persuasive than his. It is not likely that the President Eisenhower of four years ago or, even, two years ago would have ignored the budget recommendations of his secretary of Treasury.

Quotes In The News

Quotes From The News (Reg. U.S. Pat. Off.)

By UNITED PRESS

WASHINGTON: President Eisenhower pointing out a float displaying a small satellite circling the globe for Mrs. Eisenhower during the Inaugural Day parade: "Would you take a look at that. That is wonderful."

WASHINGTON: Movie cowboy Monty Montana, who lassoed President Eisenhower during the 1953 inaugural parade but was warned not to do it again during this parade, calling to the President: "I can't get you this time."

principal Louis Ninegar warning male pupils that anybody caught wearing an Elvis Presley hairdo would be expelled from school: "I will not tolerate any more foolishness either in or out of school. If I've got to be responsible for your actions, then I'm going to be your daddy."

Mrs. S. L. Draper, Mrs. Mary Pace, Mrs. Helen Cadenhead and Charlene and Glendene Walraven all visited in the Ralph Coburn home in Wellington.

Mr. and Mrs. Johnnie Thaxton visited with Mr. and Mrs. Bob Douglas recently.

Delay Is Threatening Civil Rights

By JOHN A. GOLDSMITH
United Press Staff Correspondent

WASHINGTON (UP)—Delay—perennial foe of civil rights bills—threatened the administration's civil rights program today in the Senate.

A drive by Sen. Thomas C. Hennings Jr. (D-Mo) to speed up action on the program appeared headed for trouble. Hennings was literally stopped by the Senate bell when he tried to get approval of a speedup schedule Tuesday by the Senate Judiciary Committee. He said he would try again at the first opportunity.

But Committee Chairman James O. Eastland (D-Miss), strong segregationist, took steps that may prolong action on the program.

Hennings' resolution, calling for an end to hearings on the civil rights program by Feb. 18 and a vote a week later, was being read when a bell sounded signalling the start of the Senate session.

Rules prohibiting committee meetings while the Senate is in session often are loosely enforced. But in this case, the meeting promptly dispersed and the Hennings proposal was left dangling.

The constitutional rights subcommittee, headed by Hennings, approved the administration's four civil rights bills last year. He now wants the full committee to proceed with this legislation without further subcommittee action.

Episcopalians To Meet GALVESTON, Jan. 19 (UP)—The 108th annual Diocesan Council will seek decisions affecting integration, care of the aged, finance and education in the Episcopal Diocese of Texas at a three-day meeting here beginning Jan. 24. Dr. Willis Tate, president of Southern Methodist University, of Dallas, will address the conference Jan. 25.

White Deer Student Is Named Finalist

WHITE DEER, (Special) — John Parsons, Senior student of White Deer High School, has recently been named a finalist in the National Merit Scholarship Competition, according to Mrs. B. R. Weeks, student counselor of the local school.

The preliminary examination was given Oct. 24, 1956 and young Parsons was among 162,000 seniors in 12,500 high schools who took tests. Being named a finalist places Parsons in the top one-half of one percent of the nation's 1957 high school graduates, along with some 7,500 students who are competing in the finals. Of these, seven hundred will be named merit scholars and receive a four-year scholarship to a college of their choice.

Included in the final examination was a three-hour College Board examination, given Jan. 12 in Amarillo. In addition, competitors will be evaluated on leadership qualities, character, extra-curricular participation, and other secondary school accomplishments. Announcement of the Merit Scholars will be made late in April.

Many of the scholarships to be awarded are sponsored by business and industrial corporations. Among the participating companies are Sears Roebuck, Pittsburgh Plate Glass, F. W. Woolworth, Standard Oil, and others. The scholarship testing program is administered by the National Merit Scholarship Corporation, John M. Stalnaker, president.

Value of the scholarships, depending upon the financial need of the student, varies for \$100 to \$2200 per year. The merit scholarship program is now in its second year and is designed to give recognition and aid to the most capable students, who will benefit most from a college education, regardless of means.

"NON-EXISTENT" PICTURE — In its current issue, The Fisherman magazine has an article "Queens Go Fishing," describing the angling activities of Britain's Queen Elizabeth and the Queen Mother, both ardent fishermen. The magazine asked Buckingham Palace for a picture of Queen Elizabeth fishing. "There are no photographs, in existence, of the Queen fishing," was the unequivocal answer. But Fisherman finally unearthed this one, taken in May, 1952. It shows Queen Elizabeth, clad in waders, tweed jacket and head scarf, fishing for salmon in the River Dee on the royal estate at Balmoral, Scotland. Man with her unidentified. Her husband, the Duke of Edinburgh, was also fishing, two miles downstream.

COLLECTING THE REWARD — Rock-and-roll idol Elvis Presley is rewarded with a kiss from Jeanne Wilson, five-year-old polio victim of Rockaway Beach, N.Y. The singer has just launched, in New York City, the "Teens Against Polio" campaign by buying a huge lollipop from Jeanne. Hundreds of thousands of young people throughout the nation will aid the fight on polio through the sale of candy, peanuts and balloons during January.

Weekly Newsletter From Congressman Walter Rogers

TO THE PEOPLE OF THE 18TH DISTRICT:

THE WEATHER
The Panhandle could certainly use the blanket of snow that has covered Washington. It first began to fall just a few hours after President Eisenhower left on his drought inspection trip, and really did a good job of covering the ground, halting traffic, and providing several days of celebration for the children who were allowed to stay out of school. The temperature dropped down to about 8 in the outlying parts of the city, but the drop was gradual and not as harsh as it usually is in our section. Several of the Members were discussing the matter around a cup of coffee, and I told them about the rancher near Canadian, Texas, who nailed a thermometer on his fence post one night. It seems that the temperature dropped so suddenly during the night that the fence post was driven 3 feet further into the ground. Some of them seemed a little skeptical until I explained some of our freak weather conditions and how the wind blew so hard one night near Higgins, Texas, that it blew a 10-pound Dominicker rooster into a small-mouth gallon jug. However, most of them had heard about the fellow who got up one morning in northern Alaska when the temperature was about 60 below and remarked, "Boy, it sure is cold tonight. Am I glad I'm not in Amarillo."

All of these Members are deeply sincere in trying to get action instead of words. These proposals have been referred to as the "Texas Plan," but I think it would be well for the Administration to know that those of us who have introduced this legislation would be very happy to have it called the "Eisenhower Plan," or the "Administration Plan," or even the "Benson Plan," if they would just put it into effect.
The President's Budget Message
Much will be said in the next few months about the President's all-time high, peacetime budget. The budget will undergo the closest scrutiny in both the House and the Senate. The figures presented in the President's Budget Message, as well as the budget, will be carefully weighed against the figures that have been furnished by the several departments involved. The manner in which figures can be employed sometimes produce strange results. For instance the President's Budget Message reflects that, though there is an increased expenditure of public funds, there will be a decrease in the national debt. Of course, this supposed decrease is an estimate and not a fixed and determined fact.
The public debt has been increasing. At the end of the fiscal year 1953, it was 266 billions of dollars. In 1954 it had increased to 271 billion, and in 1955 it had in-

creased to 274 billion. In 1956 it is recorded at approximately 273 billion, but this balance does not reflect some bookkeeping changes that were made whereby some obligations were not reflected.
On January 2, 1957, the public debt was slightly above 276 billions of dollars. Of course, this will be reduced by a few billion between now and the end of the fiscal year, which is June 30, because tax collections will be coming in during that time, but will then increase again. It is also interesting to note that 51 percent of these tax collections will be individual income taxes. Corporation income taxes will be 29 percent; excise taxes, 12 percent; other taxes, 8 percent.
It is also interesting to note that estimates contained in the President's message reflect that the major increase in collection of taxes to offset the increased expenditures will fall on the backs of individual income tax payers. In 1956 individuals paid 35.3 billion in taxes. In 1957 they will pay 38.5 billion, and in 1958 they will pay an estimated 41 billion. At the same time corporation income taxes will be for 1956, 21.3 billion; for 1957, 21.4 billion; and for 1958, 22 billion. Excise taxes will drop from 10 billion in 1956 to 9.2 billion in 1957 and then down to 8.9 billion in 1958. The other taxes are just about the same. In other words, the collection of taxes from individuals will increase by almost 6 billions of dollars, while corporation income taxes will increase less than 1 billion and excise taxes will be reduced.

Quotes In The News

(Reg. U.S. Pat. Off.)
By UNITED PRESS
WASHINGTON: Rep. Clare E. Hoffman (R-Mich.) charging election of H. Meade Alcorn Jr. as chairman of the Republican National Committee will bring about liquidation of the "conservative, isolationist" wing of the party:
"I assume that former Gov. (Thomas E.) Dewey of New York will shortly become a candidate for president again."
LONDON: Prime Minister Harold Macmillan, telling critics in a polite way that the cabinet will continue to direct the nation's affairs:
"Her Majesty the Queen, by virtue of her royal prerogative, makes war and peace, acting on the advice of her ministers who are responsible to Parliament."
MIAMI: William C. Rose telling why he will drink one jigger of whiskey after another in a courtroom test to disprove drunken driving charges against him:
"The drunkometer doesn't apply to everyone equally. I'm a big man and I've been drinking a considerable amount regularly for a number of years. A little man who isn't used to drinking might be in bad shape with a .246 reading, but I am not."
WASHINGTON: Thomas K. Fin-

letter, secretary of the Air Force during the Truman administration, calling for an end to U.S. efforts to "play power politics" in the Middle East:
"The result has been total failure."
KANSAS CITY, Mo.: Former President Truman attacking President Eisenhower's inaugural address as lacking an "active and militant approach":
"It was very strong for home and mother and world peace, just as we all are, but I see no plan of action outlined in the message."
NEW YORK: Joseph Koevago, mayor of Budapest during the anti-Communist uprising in November, haltingly asking in broken English for direct aid to Budapest:
"Our people fought to the point of suicide and now they need something to justify their faith and hope."

Ray Bolger To Break Out Of Sunday Afternoon TV Slot

By WILLIAM EWALD
United Press Staff Correspondent
NEW YORK (UP) — Ray Bolger, saddled with an awkward Sunday afternoon TV slot, will break out of it later this season with four special evening shows.
A dancer with a rubber body and a four-way stretch face, Bolger has languished this semester in a time period better suited to forums than frolic.
However, NBC-TV will convert Bolger into one of the night people this March 9, March 20, June 4 and June 13 for a quartet of one-hour productions in prime time spots.
"Our show got a late start (Oct. 21) and as a result, we wound up in the Sunday afternoon time slot," explained Bolger. "Naturally, I did have some fear and trepidation about it."
"I know myself that on a sunny Sunday afternoon, I like to get out of the house, take a drive, get out in the country. And I'm sure a lot of people feel the same way."
"But I have no complaints really. We did feel a little limited at first when we figured our audience had such a predominance of children. But I think we've been building steadily with our audience. I figure we play now to pretty much a family audience — say, the kind Ed Sullivan gets."
—Flop Last Time
Bolger, a flop last time out in a filmed series, is doing his present "Washington Square" show live. It's the same sort of show he plans to do in his special evening programs.
"I really need an audience. I have to know they're out there," Bolger said. "The trouble on 'Washington Square' is that there's no room downstairs for an audience. They have to hide 'em in the balcony. I would like a much closer contact than I'm getting now."
"Perry Como is in a different theater and he has a wonderful set-up. And you know, Perry has the right idea about comedy. He takes it easy. He doesn't force it. He lets the audience come to him instead of going out to them — it's a good feeling when you have it working for you."

I explained to them that we would admit all of these stories about our weather, and some others that they hadn't heard, if we could just trade them for a little moisture. In fact, I pointed out that all of the stories about the freakish weather in the Panhandle of Texas did not include any about how hard it rained or the depth of a snow. There is plenty about the drought, the heat, the cold and the wind, but none about rain.
It is tragic that the drought has continued so long, yet many are just awakening to the seriousness of it. The local paper here carried a story about an editorial that was published in a London paper pointing up the blight which plagues many of our Southwestern people. We do hope that the President's trip will bring rain or snow, or both. However, if this result is not forthcoming, we hope that quick action will be taken by the Administration to firm up the credit of these people in this stricken area and that measures be taken to safeguard the land and the economy. Those of us in the Texas Delegation who introduced a bill providing deferred grazing land payments and, also, providing for protein concentrates to be included in the disaster feed program, feel that these two proposals will go a long way toward solving the overall problem. We also know that there must be provision for more credit to many of these stricken farmers and ranchers. Many Members of the Congress have introduced bills identical with the one introduced by those of us in the Texas Delegation who are primarily affected by the drought.

Mrs. Gene Wade and Mrs. Jessie McSpadden were shopping in Amarillo Monday.
Mrs. B. J. Corbin and children were visiting in Amarillo Saturday.
Mr. and Mrs. Donald Manes visited her sister, Mrs. Jimmie Cox, in Amarillo Monday.
Mr. and Mrs. Edgar Musser were overnight guests in the home of Mr. and Mrs. Van Earl Steed Saturday.

BUDGET TREND IS IN THE BLACK—Newschart shows how, despite an all-time high in peacetime expenditures, proposed in his fiscal 1958 budget, President Eisenhower hopes to keep the nation in the black for the third straight fiscal year. Surplus for fiscal '56 has already been applied to the national debt and most of the estimated surpluses for '57 and '58 are also slated to be used to reduce the debt.

Perryton Personals

By MRS. C. H. WILLIAMS
Pampa News Correspondent

Mrs. and Mrs. Earl Waide returned Tuesday night from a visit with their son and family Mr. and Mrs. Gene Waide, Kay and Kenny. On their way home they stopped in Austin and witnessed the inaugural parade in which their son Ronnie Waide, a student in the University of Texas marched with his ROTC unit.
The Rev. O. C. Curtis and the Rev. Taft Hollaway of Amarillo were in Perryton Sunday. Rev. Curtis filled the pulpit of the First Baptist Church at the morning service and Rev. Hollaway at the evening service. They left immediately after the evening service for Dallas to attend the Evangelistic Conference.
Mr. and Mrs. Jim Flippin and children have moved to Amarillo to make their home.
Eight members of the Perryton Ranger football team were honored at an all-district banquet at Childress Monday night. Those attending were Bob Beck, Hobert Buxton, Neal Flathers, Bill Jines, Mike Wright, Danny Meyer, Dempsey Gyger, Waymon Epp, Coach James Peterson, Keith Flowers, Joe Ogden, Eddie Williams, Supt. Gilbert Mize and High school principal, Troy Sullivan. The banquet was given by the Childress Chamber of Commerce.
Glen Simpson and Bob Williams, students at Tarleton-State College, Stephenville, were awarded letters at the awards banquet held there last Thursday evening.
Eddie McGarrough won first and second place in the lightweight division with his 4-H angus calves last week at the National Western Livestock show in Denver, Colo.
Three Ochsley County delegates attended the district meeting of the American Cancer Society in Borger last Tuesday. They were Mrs. Wesley Bryan, county chairman; Mrs. Bertha McNally, service chairman; and Mrs. D. C. Wilson, public education chairman.
Supt. Gilbert Mize attended the District 2 Texas Association of School Administrators meeting in Pampa last Wednesday.

Mr. and Mrs. Tom Baker and family of Lela were Sunday guests in the home of Mr. and Mrs. Jesse Dyer.
Mr. and Mrs. Harry Wofford and Miss Reba Wofford made a trip to Amarillo last Monday night.
Hester Dodson was a business visitor in Shamrock the latter part of the week.

Hollywood Goes All Out For Star's Stork Shower

By ALINE MOSBY
United Press Staff Correspondent
HOLLYWOOD (UP)—The expectant movie star mother is just as excited at her first baby shower here as anybody in Hot Stove, Ark., but in Hollywood the showers have the glamour touch—champagne, music and photographers.
A chance to find out what a Hollywood baby shower is like arose when singer Lita Baron (Mrs. Rory Calhoun) was feted for her expected heir.

Four of Lita's friends—Debbie Reynolds Fisher, columnist Edith Gwynn, Mrs. Vic Orsatti (wife of an agent) and Mrs. John Payne—decided to toss a supercolossal luncheon in her honor at the Orsatti home.
In some ways this glamorous baby shower could have been for any housewife. Only the guests who were babbling about their children and homes just as women do the world over were such beauties as Ann Blyth, June Haver, Lana Turner, Benny Venuta, Mrs. Dean Martin, Nancy Davis, Mrs. John Wayne and Olga San Juan.

The film queens were also just as excited about the presents as women have been at baby showers since time began. Even the custom of whoever sent the 17-gifts-the-next-mother was followed with much cheering (Olga San Juan "won").
But where else but in Hollywood would a baby shower have glamour? Champagne flowed like ginger ale for two hours before the "girls" even got around to lunch. An entertainer was hired to play soft piano music. Huge white paper storks decorated the lawn outside and the ceiling inside.

The guest-of-honor arrived with a tiny white French poodle decorated with pink and blue ribbons to match her mistress' white silk maternity dress. On the luncheon tables the matches were decorated with toy babies and the napkins were in the shape of monogrammed pink diapers. A huge blown-up photograph showed the dark-haired Lita with a baby, wearing a superimposed head of husband Rory Calhoun.
"I'm finally having a baby after nine years of marriage," said the beaming Lita. "I've lost two, so this means a lot to Rory and me."

Seventy-five guests milled about the Orsatti home for the "hen party." Eighty-nine gifts in fancy wrappings overflowed from a white crib and a huge baby's play pen (also gifts). Calhoun had to send around a station wagon to haul home Lita's loot.

TOTABLE TOTEM—One of the features of the American exhibit at the Chicago Art Institute was this sculpture by David Smith, entitled "Totem Pole." Looking it over are Judges Theodore Roszak, left, sculptor, and Arthur Osver, painter.

***LOSE A POUND A DAY... FOR 14 DAYS** Without Suffering Hunger Pangs Or Loss Of Energy!

To reduce we must eat less (fewer calories) and when we do, we may feel the uncomfortable, almost painful pangs of hunger. We may also become nervous and irritable because of the lack of sufficient vitamins and minerals in a restricted diet. With Kessamin Tablets, Formula #14, and the Kessamin Reducing Plan this can never happen!

SEE WHAT THE KESSAMIN REDUCING PLAN OFFERS!

1. A reducing diet (The Kessamin Booklet) prepared by a physician and a dietitian to give best possible diet.
2. Vitamin to prevent deficiencies which cause nervousness, irritability and that tired, dragged-out feeling. Also supplemental minerals and iron to help prevent nutritional anemia.
3. Vitamin plus the bulk, Carboxy Methylcellulose, to stimulate normal intestinal stimulation.
4. The "hunger control" factor, Carboxy Methylcellulose, to reduce hunger if taken according to directions.
*See your druggist. The complete Kessamin Reducing Plan is in every package of Kessamin Tablets, Formula #14. THE KESSAMIN REDUCING PLAN IS GUARANTEED TO TAKE OFF A POUND A DAY FOR 14 DAYS OR YOUR MONEY BACK! TRY IT!

Cadillac

Pride of the Neighborhood!

It is a happy occasion indeed when a new Cadillac first appears in the driveway of its happy owner. As you would expect, it signals the most joyful of family celebrations—and occasions the heartfelt congratulations of friends and acquaintances. But you might be surprised, we think, to learn of the widespread rejoicing which the arrival of a new Cadillac frequently inspires. In fact, the car invariably becomes a source of genuine pride and satisfaction throughout the entire neighborhood in which it resides. The neighborhood understandably delights in having a beautiful new Cadillac to grace its streets... and takes great pleasure in knowing that one of its own has been able to realize the dream that lives in the hearts of so many. And we think you might also be surprised to learn that this happy event is currently taking place in a great many neighborhoods that have never before laid claim to a Cadillac car. For there is an ever-growing awareness that Cadillac—with all its incomparable motoring virtues—is one of the soundest and wisest purchases a motorist can make. From a standpoint of purchase price, maintenance, operation and resale value, the car represents a truly extraordinary investment. Surely, in view of this, you should consider a Cadillac this year. We will be happy to put you behind the wheel at any time for a personal demonstration. In fact, why not come in and see us today?

REEVES OLDS, Inc.

HEAD COP GAL—Mrs. Peter Gibson, 48, of Monroe, Mich., has taken over as president of the National Federation of Republican Women, a veteran of 20 years in Michigan politics, she was elected at the organization's convention in Chicago last September and was sworn in at a recent directors' meeting in Washington.

Borger Takes Huge Lead In Own Boxing Meet

ON WAY DOWN—Sonny Reed of Amarillo begins his descent to the canvas after taking a hard right to the head from Pampa's Charles Snider in the second round of their bout in Borger Golden Gloves meet last night. Snider won by a TKO. Referee Dean Webb watches Reed fall as he goes in to help. (News Photo)

By DICK COLLINS
Pampa News Sports Editor
BORGER — The powerful Borger Jaycee Boxing Club showed supremacy in its second district Golden Gloves tournament by winning all of its 12 matches on the opening night card of the Borger meet here Wednesday night.

Local boxers, who only last week won nine championships in the Pampa gloves meet, captured all but four of Wednesday night's victories. The boxers of coaches T. J. Watt and Lee Palmer made it known that they will be hard to stop in the 21st Annual Regional Golden Gloves meet to be held next week in Amarillo.

Pampa's Optimist Club squad took the second largest number of victories, winning only three of its nine fights on the 16-bout card. Memphis won the other contest. Pampa sent 28 fighters to the annual Borger meet being held in Klein Sports Arena. A total of 63 fighters registered for the three-day meet representing Borger, Pampa, Amarillo, Guymon, Hereford and Wellington.

Jess Taylor, director of the tournament, offered a well-balanced card in the opening round. It consisted of six peewee matches and 10 high school division bouts ranging from 105 pounds to the heavy-weight bracket.

Pampa's three victories were decisive ones. Victories went to Gary Wills, Charles Snider and Dickie James. Snider, the 147-pound Pampa titlist, won by a technical knockout over Sonny Reed of Amarillo. Wills, who defeated Robert Carter of Memphis and James out-punched Carl Kirk of Guymon.

Six technical knockouts were recorded and numerous fighters went down for automatic eight-counts. Winning by TKO's were Albert Green of Borger, Jerry Wilson of Borger, Larry Foster of Borger, Gary Watt of Borger, Austin White of Memphis and Snider.

Pampa's losing bouts were Steve Martin, Ronnie Rexroat, Bill Martin, Norman Rexroat, Ronnie Eckroat and Charles Cook. Rexroat fought one of the finest fights of the night with Borger's Charles Montoya with the Borger boy winning by a split decision.

Rexroat appeared to have Montoya stunned during the first and second rounds. Both boys had good openings but did not take full advantage of them. Montoya had his head knocked back twice in the first round. The fans saw some good in fighting in the second round with both packing lethal punches. Montoya charged out in the third round and fought like a cornered wildcat. He hurt Rexroat repeatedly in the final round which probably gave him the narrow victory.

Snider had an easy time in beating Amarillo's Reed. Snider toyed with him in the first round, landing a blow if he saw the chance. Reed charged out in the second round and Snider did the same. Snider kept hitting him with a right to the head to partially blind the Amarillo boy. More rights to the head and Reed fell back to the ropes and down on the canvas, too stunned to continue the fight. Carter made a good showing early in his fight with the more-experienced Gary Wills. But experience and physical strength soon showed for the winner. Carter was able to take the hard punches by Wills but the Memphis boy failed to land many. Carter was hit hard near the end of the second round. The two swapped crunching blows in the opening of the third. Carter's nose began bleeding after some hard rights to the head by Wills.

Wednesday's Results

- Peewee Division**
- 65 pounds — Charles Hooten, Borger, dec. Steve Martin, Pampa, 70
 - 70 — Albert Green, Borger, TKO'd Ronnie Browning, 1:14 2nd.

 - 175 — Bobby Raef, Amarillo, vs. Wesley Crites, Pampa.

Pampa, Borger Fighting For District Cage Lead

Basketball play in District 3-AAAA reached the halfway mark Tuesday night with Borger's Bulldogs and the Pampa Harvesters waging a neck-and-neck battle for the championship.

Each team in the seven-team race has played six games and will open the second half of the round robin schedule Friday night. District play continues through Feb. 14.

The winner of the district must play two games before entering the state meet this year. Sixteen districts comprise Class AAAA basketball this year and only four will go to the state meet. Winners of Districts 1, 2, 3 and 4 of Class AAAA must agree to a playoff tournament or eliminate three teams by dual play.

Borger has a grip on the District 3-AAAA lead now with six victories in six games. Pampa has won five of six. The Harvesters' only loss was a one-point defeat by Borger. Other victories have been over Amarillo, Palo Duro, Monterey, Lubbock and Plainview.

Max Hood of Lubbock is second with 123 points followed by Warren Tipton of Borger with 113. Jerry Pope of Pampa with 98. Vance Moxom of Borger with 92. Palo Duro's Dusty Ham with 91.

McLean Grid Fete Scheduled Tonight

McLEAN (Special) — Members of the McLean Tigers football team will be honored by a banquet here tonight at 7:30 in the American Legion building.

Members of the team and the coaching staff will be honored guests. Oscar Williams, head coach and athletic director at Panhandle A&M College, will be the featured speaker.

The McLean News will present an award to the most valuable player on the team. The Pampa News will also present its Area 1 player of the week award to Charles Crockett.

Humberto, Wright In Pampa Ring

One of the finest wrestling attractions in several months is being offered to Pampa fans by the Pampa Shrine Club here Monday night.

Two newcomers as well as a tag team match headline the three-bout card at the Top of Texas Sportsman Club. Matches get underway at 8:15 p.m.

Dory Funk and Rip Rogers are scheduled to take on Leo (The Lion) Newman and Tokyo Joe in a tag team bout as the main event.

Funk and Rogers won over Newman and Joe several weeks ago and they have asked for another chance at the winners.

Be Sure And Pledge Your Points For Polio

Have you pledged your money to help beat Borger in the "Points for Polio" basketball game Feb. 1?

If you haven't done so, call Rev. Edwin Hall or anyone who has pledged blanks. Remember, you may pledge from one cent to 10 cents per point.

Regardless of the outcome of the important District 3-AAAA basketball game between the Bulldogs and the Harvesters at Borger next Friday night, the big winner will be the March of Dimes.

The two rival cities are engaged in a race to sell the largest amount of pledges. Each point scored will be a strike at dreaded polio.

WIDE OPEN—Charles Snider (left) of Pampa sees an opening by Sonny Reed of Amarillo and he shoots a right to the head in the second round of their match at Borger last night. Seconds later Snider floored Reed for a TKO victory. (News Photo)

'Nice To Have Texas Open Door For Us,' Says Suman

THE SOUTHWEST
By ED FITE
United Press Sports Writer
DALLAS (UP) — Coach Don Suman, whose Rice Owls have been classed as "disappointing" by almost everyone but Suman, is happy to hear opportunity knocking at the midway point of the Southwest Conference basketball race.

"It was sure nice to have Texas open the door for us," Suman said of Texas' upset of the nation's high-ranking Southern Methodist Mustangs last week, "but while the schedule appears to be slightly in our favor, we've still got a terrific battle ahead."

Rice plays four of its last six games at home with road trips to Arkansas and Baylor ahead, while SMU still has to play Texas, Rice and Arkansas away from home.

Longhorns Lead Southwest Conference Cage Statistics

By UNITED PRESS
The University of Texas has some real sharpies on its basketball team, according to the latest official Southwest Conference statistics.

Coach Marshall Hughes' Longhorns boast the best marksmen in the loop either from the court or from the foul line and since league play has started, Texas players rank 1-2-3 in field goal accuracy.

As a team, Texas has averaged .458 for the season and .479 in five conference games from the floor and .729 and .757 at the foul line.

Against league opponents, Ray Downs has hit 31 of 48 field goal efforts (.646), Kermit Decker has connected on 28 of 51 (.549) and Norman Hooton on 15 of 28 (.536).

Downs is tops for the season with 108 out of 180 (.600). Decker ranks first in free throw proficiency in league games by dropping in 13 of 15 (.867), while Downs ranks fourth with 36 of 46 (.783). Over the full schedule, however, Downs is the only one in the top nine. He ranks fifth at .769 but has taken more shots than any other league player, 169.

Larry Grisham of Arkansas leads in free throw accuracy over the full season with 65 of 79 finding their mark for an .823.

Top rebounder is Baylor's Jerry Mallett, who has averaged 15.8 in league play and 14.9 for the season. Ronnie Stevenson of TCU ranks second with 15.0 and 13.8.

Jim Krebs, SMU's All-America candidate who is leading in scoring with 24.4 for the season and 23.2 in loop play, ranks third in rebounding and is in the top five in both field goal and free throw shooting.

SMU's Bobby Mills has drawn only 18 personal fouls in as many games while SMU as a team has drawn less than 13 fouls per game to lead the circuit in that respect.

Lou Groza Impersonator Has Checks Kicked Back At Him

MIAMI, Fla. (UP) — Husky Anthony Brown, 33, accused of impersonating pro football place-kicker Lou Groza, was arrested today by co-promoter Willie Gilzenberg.

Brown was hit 31 of 48 field goal efforts (.646), Kermit Decker has connected on 28 of 51 (.549) and Norman Hooton on 15 of 28 (.536). Downs is tops for the season with 108 out of 180 (.600). Decker ranks first in free throw proficiency in league games by dropping in 13 of 15 (.867), while Downs ranks fourth with 36 of 46 (.783). Over the full schedule, however, Downs is the only one in the top nine. He ranks fifth at .769 but has taken more shots than any other league player, 169.

Larry Grisham of Arkansas leads in free throw accuracy over the full season with 65 of 79 finding their mark for an .823. Top rebounder is Baylor's Jerry Mallett, who has averaged 15.8 in league play and 14.9 for the season. Ronnie Stevenson of TCU ranks second with 15.0 and 13.8. Jim Krebs, SMU's All-America candidate who is leading in scoring with 24.4 for the season and 23.2 in loop play, ranks third in rebounding and is in the top five in both field goal and free throw shooting.

CHICAGO, (UP) — The Chicago Cubs today selected William Klose, one of their oldest and most devoted fans, to throw out the first ball before the opening game against the Milwaukee Braves on April 16. Klose, 81, first saw the Cubs play in 1886.

By The Book
BOSTON — (UP) — Burglars who stole six cases of whiskey from McSolla's restaurant also took a bartender's guidebook on how to mix cocktails.

A Dog's Life
ARCTIC, R. I. — (UP) — A customer arrived at a local restaurant in a taxicab, ordered two pork chop dinners "to go." When the two orders of pork chops, home fried potatoes, green peas, sliced tomatoes and bread had been wrapped in foil the customer explained: "These are for my dogs. I'll take two hotdogs for myself."

'One Game Does Not Make A Season,' Yankees Tell Larson

By FRED DOWN
United Press Sports Writer
NEW YORK (UP) — General Manager George Weiss of the New York Yankees parried Don Larson's opening bid for a \$27,500 contract today on the theory that one perfect game doesn't make a season.
"Don will get every consideration in his new contract for having pitched his masterpiece," said Weiss in reply to the World Series hero's demand. "But we have an entire season to think of, too,

and how many games did he win—eight or nine?"
Larsen, who actually had an 11-5 record during the regular American League campaign, announced in San Diego, Calif., Wednesday that he has returned to the Yankees' first offer and added that he might quit baseball if his demand is not met. It was reported by a source close to Larson that the Yankees had offered him about a \$4,500 increase.
Quitting Talk Not Serious
Weiss refused to discuss figures

but made it plain he isn't taking Larson's talk of quitting baseball seriously.
Weiss said his next step, after actually receiving the rejected contract, "will be to decide whether to offer Don a new contract calling for a little more money or discuss the matter with him so he sees our point of view." He laughed off suggestions that any "emergency head-to-head meeting" might be called, explaining, "some players have a way of asking for a lot more than they ever expect to get."

Larsen, who achieved his unique share of immortality with his perfect game against the Brooklyn Dodgers, Oct. 8, joined slugger Mickey Mantle as a Yankee holdout. Mantle, the American League's triple crown winner and Most Valuable Player, is demanding \$60,000.
Had Been Disappointed
Larsen was a disappointment to the Yankees until September when he started to use his now-famous "no-windup windup." He feuded off four consecutive fine performances at the close of the season,

was knocked out of the box in the second game of the World Series but in the fifth contest achieved the only perfect game in Series annals.
It's on the basis of the "perfect game pitcher" that he's making his salary bid but it's plain that it's on the basis of the "imperfect season pitcher" that Weiss is countering with his own offer.

The Yankees were among the group of major league teams who did announce signings today. They obtained signatures from shortstop Billy Hunter, a utility man last year, and Jerry Lumpe, who flopped in an early season trial and was farmed out to Richmond. Jim Hearn, veteran righthander obtained from the Giants last October after a 5-11 year, became

the fourth Philadelphia Phillie to sign.
Walt Dropo, top fielding first baseman in the American League last season with a .993 fielding mark, sent in his autograph to the Chicago White Sox along with pitchers Paul LaPalme and Jim Wilson, catcher Les Moss, and bonus baby outfielder-pitcher Bob Powell.

Among the others to sign were pitchers Don Liddle and Loyd Merritt and first baseman Rocky Nelson of the St. Louis Cardinals; catchers Danny Kravitz and Dick Rand of the Pittsburgh Pirates; outfielder Bob Cerv of the Kansas City A's; and three Brooklyn Dodger rookies — first baseman Jim Gentile, catcher Mike Napoli, and second baseman Jack Spear.

Cyclones Hope For Big 7 Tie Tonight

By UNITED PRESS
The Iowa State Cyclones, who blew away Kansas' perfect record last week in the basketball season's biggest upset, hope to add to the damage tonight by tying the idle Jayhawks for first place in the Big Seven Conference.
Coach Bill Strannigan's crew, ranked fourth in the nation with an overall 11-2 record, play host to Missouri, the league's tail-ender, in the feature game of a slim national schedule tonight.
A victory would give the Cyclones a 3-1 record identical with that enjoyed by Kansas. Iowa State, led by little Gary Thompson, frankly admits this is probably its "best team ever" and is shooting for its first Big Seven championship since 1945.
A Missouri Valley Conference clash at Stillwater, Okla., between Oklahoma A & M, the nation's 18th-ranked team, and Wichita is the other feature game tonight. The rivals are currently knotted in a three-way tie with St. Louis for second place in the league and

the winner will move into undisputed possession of that rung with a 4-1 record, right below Bradley's 5-0.
In the top games on Wednesday night's skimpy program, Niagara romped to a 100-49 victory over Toronto and Mercer beat Georgia, 91-71.
Celtics Add To Lead With 140-108 Rout
By UNITED PRESS
A scoring spree that missed the National Basketball Association record by a single basket helped the Boston Celtics boost their Eastern Division lead in the pro loop today to five full games while the Minneapolis Lakers gained a tie for first place in the West.
The Celtics settled for a team record in a 140-108 rout of the Syracuse Nationals at Boston Garden Wednesday night, just missing the NBA record of 142 points set by Philadelphia in a game against Boston last year.
Seven of the 10 Celtics scored in double figures, led by Bill Sharman's 22 points and Frank Ramsey's 20, but Toigo Palazzi of the Nationals, an ex-Celtic, gained game scoring honors with 25 points. Boston held a 64-41 half-time margin and then roared home with 76 points in the second half.
Minneapolis downed Rochester, 107-99, to tie for the Western lead with Fort Wayne, which lost to St. Louis, 101-78, in a game played in Charlotte, N.C. In the other game Wednesday night, Philadelphia took second place in the Eastern Division away from New York by beating the Knicks, 99-93.

STRAIGHT LEFT—Dickie James of Pampa (left) delivers a left jab to the head of Carl Kirk of Guyton in their 105-pound bout at Borger last night. James won the decision. (News Photo)

Ortiz Takes Win Over Bob Rogers

CHICAGO (UP)—Carlos Ortiz, an unranked but unbeaten lightweight, was marked up today for a bout with third-ranked Larry Boardman in his next outing, but his manager, Ed Ferguson, wasn't disturbed by the prospect.
Ortiz, a Puerto Rican who has lived in New York for the last 10 years, earned the chance with a 10 round decision over Chicagoan Bobby Rogers Wednesday night on television for his 20th straight pro victory.
"I didn't think he should have been in the top ten rankings before last night," Ferguson said. "But after beating Rogers, who was a good tough kid, and considering who is in the top ten, I think he ought to be now."
"We'll take the Boardman fight, if we can get it," Ferguson said. "Carlos' best fighting weight is 136 and he only weighed 134 last night. He picks up a lot of punching power with two more pounds."
Ortiz himself complained about the light weight and said "I was sloppy. If I'd weighed a couple of pounds more, I would have taken him out of there. But I just felt weak."
Rogers, shaking his head after the defeat, his third in 15 pro fights, said however, that Ortiz never hurt him. "I'd like to fight him again," he said.

Fight Results
By UNITED PRESS
CHICAGO: Carlos Ortiz, 134, New York, outpointed Bobby Rogers, 132, Chicago, (10).

Palm Springs Golf Meet Has Opening Round Today

PALM SPRINGS, Calif., (UP)—The battle to establish an outstanding golfer for 1957 resumed today as the \$15,001 Thunderbird Invitational Tournament got underway with the top 30 money winners of 1956 competing.
In three tournaments held prior to the start of this one in 1957 the results have been like this: Los Angeles Open—Doug Ford; Bing Crosby event at Pebble Beach—Jay Hebert; California Open—Ed Furgol.
Those names have been around in the professional golfing circles for nearly a decade (or more in the case of Furgol) and they rate as stand-outs.
But there won't be a favorite

Houston's Lahar Gets Big Welcome

HOUSTON (UP)—Harold (Hal) Lahar, late of Colgate University, wasted no time today in getting a head start on his new coaching job at University of Houston.
The personable 37-year-old successor to Bill Meek as head grid coach got a Texas-style airport welcome Wednesday night on his arrival, and immediately announced he was looking for three assistant coaches.
"I'd be interested in hiring a prominent Texas high school coach if the right man is available," he said.
Lahar had five assistants at Colgate, the same number Meek employed before quitting Houston to take the head coach post at Southern Methodist in Dallas. Lahar brought two of his Colgate men—Andy Zubei and Fred Rice—with him.
School officials and the University of Houston's grid squad, led by short-skirted strutting major-ettes, met Lahar and his wife and two assistants at the airport Wednesday night.
Lahar immediately scheduled a 1 p.m. meeting with his squad today.
Meek, who takes over at SMU Feb. 1, planned to leave for Dallas today to spend a few days "setting up" his new job.

PICTURE NEWS

AROUND THE SPORTS WORLD

IT'S MINE!—Boston Celtics Arnie Risen (19) and Lou Tsioropoulos (29) block the New York Knickerbockers' Ken Sears as they control the backboard for a rebound in the second quarter at Madison Square Garden. The Celtic at left (15) is Tom Heinsohn, who's anxious to get in on the play.

HE MADE IT!—Young Billy Burrell, of Coral Gables, Fla., is being congratulated by former Olympic diving champion Marshall Wayne, now an airline pilot. Billy won the 50-meter free-style swimming event in the Miami, Fla., Berlin, Germany, Swim Meet, held in both cities at the same time. The time established by the American and German competitors was so close that a winner has not yet been selected.

TIME FOR IT NOW!—Retiring Columbia University football coach Lou Little is trying out a set of golf clubs presented to him at a dinner by the New York Football Writers' Association. As Little is a southpaw, the clubs given to him were designed for a left-hander. With time on his hands in the future, he can concentrate on improving his game.

SAVING UP!—Going up to keep the opponents' score down, Charlton Athletics goalkeeper William Duff is making an aerial save in a soccer match in London. Aston-Villa player Dixon, left, seems to be stopped short by his team's scoring failure. But his team won with a final 2-0.

FOR COLD WEATHER!—Apparently playing in the bush leagues, bearded bowlers Leon Baumgarten, left, and Laverne Hintzman find that the thick growth of beards is right up their alley in Brodhead, Wis. The men grew the whiskers for a centennial last summer, but agreed to keep the foliage until Christmas. Now they've decided it's too cold to shave.

DOWN AND OUT!—Pat McAteer of England is going down for the final time in the second round of his bout in Chicago with Spider Webb. Referee Bill Doty stopped the match after this knockdown and awarded Webb a TKO at 2:32 of the second round. McAteer was down four times in the bout, but one was ruled by Doty as a slip.

FROM ONE WHO KOWS!—Jon Arnett, ace halfback of the University of Southern California, is giving some pointers to a 10-year-old lad at the Shriners Hospital for crippled children in San Francisco. Arnett and both the West and East squads met the youngsters there during the holidays.

FIRST CHOICE!—French athlete James Mathe is showing the form that won him the title "Champion of Europe" during a contest in Paris. Mathe muscled his way to first prize over some formidable opponents and he isn't resting on his laurels; he won this same title in the contest last year.

PLAYING IT CAGEY!—Montreal Canadiens' goalie Jacques Plante got knocked right back into his cage during some rough action as the New York Rangers made an unsuccessful bid for a goal in their National Hockey League game in New York. His teammate Dickie Moore sprawls at left, as Rangers' Larry Popein starts to tumble over onto Andy Heberton.

FISH TALE!—Norma Rogers, 17, who's Miss Phoenix, Ariz., for 1957, is trying to free the shiny hook intended for the fish in the pond but which got caught in her shorts instead. She didn't have to work out her problem alone; there was plenty of help nearby to come to her rescue.

HIGH DIVER!—It's De Loro, a diving horse that thrills audiences by plunging head first into a pool from the lofty height of 40 feet. De Loro is shown at an Aquafair in Ojus, Fla., where it's performing this specialty. A bathing beauty is usually perched on the horse's back when it makes this jump for the cash customers.

Largest Animal
The brontosaur, long extinct plant-eating dinosaur, was the largest animal ever to walk the earth. An average animal weighed more than 30 tons and measured 70 feet long.

Green Submits Eyeglass Bill
AUSTIN (UP) — Rep. Howard Green of Fort Worth Monday proposed legislation to allow optometrists to advertise without regulation by the state. Green said his measure "assures that free competition will not be eliminated from the eye glass field."

More than 750 kinds of fish are found in the Amazon River.

'Mr. McGoo' Costs Would-Be Actor Some Dramatic Parts

By ALINE MOSBY
United Press Hollywood Writer
HOLLYWOOD (UP) — Jim Backus lifted his eyes heavenward and sighed that a near-sighted, bumbling old man has become an "albatross" around his neck.

There are times when Backus wishes he never had heard of the old man, name of McGoo. Since Backus began doing the voice of that cartoon character, he has won more public notice than in all his years as a radio comic and film actor.

But that bodiless voice is a "hindrance," he sighs, toward getting dramatic roles in the movies.

"I know Joe Ferrer, so my wife and I are in his picture, 'The Great Man,'" Backus said. "But McGoo cost me other dramatic parts. I walk into the producer's office and he falls on the floor. He can't believe I can do dramatic parts. He says, 'do McGoo for me. Say hello to my children on the phone.'"

His lowest moment, he shuddered, was at a Christmas party. "Someone says, 'Zanuck would like to say a word.' I get all excited. A big studio executive! Maybe a role in 'Island in the Sun.' But the man says, 'do me a favor. Do McGoo.'"

"Then there are the kids on the

street who imitate McGoo. And parties are impossible! There's always the man who puts the lampshade on his head. You know he'll start talking like McGoo."

Backus invented McGoo's voice years ago for his nightclub act. He used the voice for "the club car character, the one who always shows you the family picture and says scotch and soda taste like iodine."

Seven years ago UPA made a cartoon called "The Musical Bear." Backus played the voice of a near-sighted old gent. He was such a smash that a regular McGoo series was launched. Backus is under contract for 12 McGoo cartoons yearly.

McGoo has brought him some happiness in addition to the "albatross." An annual McGoo festival at UCLA outdraws top stars. The voice is so well known that it invades Backus' movie roles. In "Meet Me in Las Vegas" and "The Opposite Sex" Jim threw in a few lines in his McGoo voice and, as he says, "they nearly tore the theaters down."

UPA makes a rough story line for McGoo and Backus ad libs much of the sound track. The cartoon then is animated to fit his voice.

Never Climbed It
Zebulon Pike never reached the summit of the mountain which bears his name. In November of 1806, he climbed part of the way up the peak, but lost his way and turned back.

Forested City
Oslo, Norway's Capital, has the distinction of being almost half forest. On New Year's Day, 1948, it bulged out to 26 times its former size by swallowing up 175 square miles.

HITS 104—Mrs. Mary Arnold who lives in the Methodist Sunset Home at Quincy, Ill., has just celebrated her 104th birthday. Although confined to a wheel chair by a hip broken a few years ago, her general health is good. Born in Milan, Ind., she was widowed in 1905. Her hobby is crocheting.

"They both drive!"

TWIN TRACTION... a Studebaker-Packard FIRST so good other cars will copy it

WHAT IS IT? Twin-Traction Differential gives you new pavement-gripping traction and new safe control impossible with conventional differentials. The secret lies in the fact that the Twin-Traction Differential delivers the major part of the engine's power to the rear wheel with the best traction—instead of the wheel with the poorest traction (as in a conventional differential). The result—roadability that's better in six important ways:

1. In ice, snow or mud, Twin Traction gets you out of spots where cars with conventional differentials would "spin their wheels."
2. In highway driving, it protects against skids that might otherwise occur when one rear wheel hits a slippery spot.
3. On sharp turns, it improves roadability by applying the major driving force to the inside rear wheel. This also tends to compensate for over-steering.
4. On rough or washboard roads, it reduces the rear-end bounce, sidesway or swerve which results from a fast-spinning wheel suddenly hitting the pavement again.
5. When one rear wheel goes off the pavement onto a soft shoulder, Twin Traction directs the driving force to the other rear wheel, assuring safe, positive control.
6. In ordinary driving, Twin Traction cuts tire wear by assuring more positive traction.

Test it, yourself, today. See your Studebaker-Packard Dealer for a demonstration drive!
