## WEATHER

TOP OF TEXAS—Clear to partly cloudy and warm through tomorrow. Low tonight, 82. High tomorrow, 94.

# Hundreds Die In Wake Of Hurricane

## Car, Bike Are Stolen, Say Police

A 1955 Ford was stolen from a driveway this morning and a bicycle was stolen from the swimming pool yesterday afternoon, according to reports received by the police department.

The Ford, a pink and black Crown Victoria, with Texas license plates bearing the numerals AY 2485, was taken from the driveway of Venus Colium, 1303 Williston, between 7 and 7:30 this morning. Colium reported that the Ford belongs to his son, Eddie, and that the car was in the driveway when Eddie went to work at 7. When Colium left the house at 7:30, the Ford was missing.

A green and white Firestone bicycle was stolen from the bicycle rack at the swimming pool between 2 and 3 yesterday afternoon. The bicycle belongs to William Martin, 1020 Twiford, and he reported that he left the bicycle in the rack while he was swimming and it was missing when he returned.

Anyone knowing the location of either the car or the bicycle is requested to notify the police department, officers reported today.

## Clean-Shaven Deadline Is Today!

Today is the last day for the male population to get off free with a clean-shaven face.

Tomorrow a choice will be offered of having a beard, shaving permit or yourself dunked.

The Jaycees are installing an eight foot cow tank in front of the La Nora Theater tomorrow, according to George Whitten, general chairman of the beard committee. The "beard-growing" is a stunt sponsored by the Jaycees to boost the Top of Texas Rodeo, scheduled for August 5-10.

Kay Fancher is in charge of publicity for the stunt, and Gene Inel is handling ticket sales. John Lee Bell will be in charge of the street dance to be held August 5, when the beards will be judged.

## Flu Kills 300

NEW DELHI, India (UP)—Asian influenza already has killed at least 300 persons and affected 500,000 more in India. Official sources said today. The figures do not include rural areas, for which statistics are unavailable.

## Firm Disregards Ike's Plea

# Steel Price Hike May Be Probed

By ROBERT G. SHORTAL

NEW YORK (UP)—A price increase of \$4 a ton announced by United States Steel Corp. Thursday night set off a reaction which may result in a congressional investigation of the steel company and the wage-price spiral in general.

The increase will add more than half a billion dollars to the nation's steel bill. Other producers, who usually follow the giant U.S. Steel's lead, are expected to follow its price increase pattern. All items manufactured from steel, from safety pins to locomotives, most likely will reflect the increase.

The price increase, coming just one day after President Eisenhower's renewed plea to industry and labor to practice restraint in price and wage boosts, brought angry comments in Congress.

"Mr. Eisenhower's requests don't seem to have much effect, do they?" Rep. Brent Spence (D-Ky.) said.

House Democratic whip Carl Albert (Okla.) called for an immediate congressional investigation into the "irresponsible" action of U.S. Steel.

Economists said the price increase announced by U.S. Steel was lower than expected, apparently reflecting industry concern over inflation and the possibility of a congressional investigation of

## Atomic Device Fails To Fire

By OLIN MCKINLAY

United Press Correspondent  
ATOMIC TEST SITE, Nev. (UP)—An atomic device short-circuited and failed to fire today, turning the scheduled sixth nuclear test of the 1957 series into a potentially deadly dud before American and foreign correspondents.

The Atomic Energy Commission hastily evacuated 2,000 Marines from trenches and 300 observers—including scores of foreign newsmen—from the observation point on News Nob.

Then the AEC had to choose a team of volunteers to disarm the dud which was perched atop a 500-foot steel tower on Yucca Flat.

It was the second mis-firing in the history of Nevada proving grounds experiments where 50 previous blasts have been set off. The last similar misfire was five years ago.

Power Failure  
An official AEC announcement said the non-detonation at 4:45 a.m. was apparently caused by a "failure of power to reach the device."

Seventeen AEC technicians and members of a Navy radiological team were forced to remain inside a steel dugout less than 12 miles from ground zero until the device was disarmed. They had been scheduled to perform a radiation decontamination exercise after the blast. But because they were so close the AEC didn't dare move them out immediately. All electrical circuits were turned off and all forms of electronic battery devices capable of emitting signals were barred from the scene to prevent a stray impulse from activating the firing circuit.

But the scientists did not know to what point the firing mechanism had carried the experiment. If it was at the threshold of firing with the two nuclear masses almost in position to make the contact that would set off the fission reaction, the slightest jar could complete the circuit. The scientists said frankly they did not know in advance just where they stood. The disarming team had to find out.

Newsmen shared the frustration of the AEC. Fifteen minutes after the public address system countdown of minutes and seconds had ended in a big nothing, they were ordered out of their News Nob post 14 miles from the tower and back to the proving grounds entrance.

In the 1952 mis-firing, Dr. Jack Clark, assistant test director, volunteered for the disarming assignment—successfully.

Later, he said the experience was "something more than shakey." He climbed the rungs of a 300-foot tower, 200 feet less than the slender steel web supporting the device that failed today.

## Jinx On 'Bigtop'?

WINSTON-SALEM, N.C. (UP)—A blonde trapeze artist followed show business tradition and took her aerial performance act before the crowd Thursday in defiance of the circus superstition that the big top was "jinxed."

Gaila Shawn went on with her act despite a near tragedy on Wednesday when she suddenly became faint while balancing on her head on a trapeze 35 feet above the ground, swinging hoops on both hands.

The Ringling Brothers, Barnum and Bailey Circus has been hit by a number of accidents for almost a week now which revived the circus superstition that a jinx came over the big top.

One tiger trainer, Trevor Bale, abruptly left the circus after a narrow escape in a cage of cats when the big animals got out of control.

Lili Kristensen, an aerialist, went through a fainting spell similar to Gaila's last Sunday and fell to the ground. She suffered a fractured pelvis and other broken bones in the fall.

## Concert Set In Auditorium Tomorrow

The Willis Family Quartet of Fort Worth will be featured in a concert which will begin at 8:30 tomorrow night in the Junior High School auditorium.

The concert is being sponsored by the Gray County Community Singers and will highlight the Top of Texas Singing Convention being held in Pampa this week end.

All seats for the concert tomorrow night are general admission and can be obtained at the door or from any of the members of the singing group. Prices are 75 cents for adults and 25 cents for children. Shelby Ruff, president of the singing group, reported.

The quartet is composed of brothers and sisters. They are Calvin, Loy, Betty and Bob. The last two are 17-year-old twins.

They are accompanied by a sister, Norma Jo, at the piano and a brother, Bob, on the guitar.

The area wide singing convention will be held at 1:15 Sunday in the First Assembly of God auditorium, 500 S. Cuyler, and will feature singing by widely known quartets of cities in the Texas and Oklahoma Panhandles.

The public is invited to the singing convention Sunday and there will be no charge, according to Ruff.

Agrees with Rabbi

The revivalist said he agreed with some of the statements concerning the road to salvation made by Rabbi Harold I. Saperstein of Lynbrook, N.Y., who Thursday attacked Graham at the convocation of the Central Confer-

HARVEST UNDERWAY—The wheat harvest in the Pampa area got underway in earnest yesterday. In the photo above, wheat was being combined on the J. D. Skaggs farm, about two miles east of Pampa. Four combines were working the 100-acre field. Dick Walker, foreground, who supplied one of the combines, is shown in the foreground, indicating how high the wheat was. The farm land is owned by L. L. Stoval of Pampa, who also furnished one of the combines. Walker, whose farm land was worked by friends recently when he was ill, said he was furnishing one of the combines in order to "pay back in a small way."

## Nickerson Has Charge On The Air Force

By WILLIAM TUCKER

United Press Staff Correspondent  
HUNTSVILLE, Ala. (UP)—Col. John C. Nickerson Jr. charged today that the Air Force is influenced in its missile program by a private business firm and said sales offices of aircraft companies in Washington are "primarily lobbyists."

The Army colonel, court-martialed for leaking secrets in his bid to keep the Jupiter missile in his branch of the service, completed his testimony under cross-examination at 9:30 a.m. today. He had pleaded guilty on 15 counts of failing to safeguard secrets. His testimony and that of supporting witnesses was intended to mitigate his sentence, which could run to 30 years and dismissal.

Nickerson said in conclusion he was "at the mercy" of the 10-member court of generals and colonels and was content to have them judge him. He said he hadn't meant to usurp the court's authority when he remarked to a reporter during the trial that he deserved only a reprimand.

The court comprises all Army officers with long battlefield records. Nickerson had pleaded guilty to 15 counts of failing to safeguard secrets after the Army withdrew more serious spy and perjury charges. He still faces up to 30 years at hard labor, heavy fines and possible dismissal but could get off with a reprimand.

Accused of Deceit  
Nickerson's own testimony and that of other defense witnesses who preceded and will follow him, could be of an extenuating or mitigating nature.

## Gray County Wheat Harvest Is Underway

Wheat harvest in Gray County is beginning with several farmers throughout the county already cutting wheat. Reports indicate that most of the wheat now being cut is on irrigated land and that yields of from 20 to 30 bushels-to-the-acre are being made.

Earlier in the year, farmers in the county were talking optimistically of 50 to 60 bushel wheat but the recent hot, dry spell has caused much of the wheat to shrivel and the resultant yield has been decreased.

Reports received from soil conservation workers indicate that some of the wheat on dry-land fields is about ready to cut and that farmers will begin harvesting this wheat by the first of the week. Preliminary reports indicate that a few of the dry-land fields may have larger yields per acre than the average being received from irrigated fields.

Full scale wheat cutting operations are expected to begin in Gray County next week.

Approximately two acres of wheat burned on the J. D. Skaggs farm, five miles east of town yesterday, when the heat of an idling truck motor ignited it at 2:30 p.m., during cutting operations. Skaggs' field is irrigated.

The Pampa fire department was called to put out the fire before the remainder of the field was burned.

## Beauty Shop Burglarized

A burglary of the Vogue Beauty Shop, 121 N. Gillespie, was reported to the police department shortly before noon today.

The operator of the beauty shop had been out of town for several days and discovered the burglary upon returning this morning.

Officers were still investigating the breaking this afternoon and no report was available as to what was taken from the establishment.

## Armed Robbery In Amarillo

AMARILLO (UP)—Three armed holdup men got \$1,200 from a store owner and a coffee route salesman Thursday night.

The trio entered the Dixie Food Store in east Amarillo, bound the owner, Wiley Davis, 60, and took \$300 from him while they held his wife and the coffee salesman at gunpoint. Then they took between \$800 and \$900 from the salesman.

A customer, G. C. Parker, who came in the store while the hold-up men were there was struck on the head with a gun.

## Full Extent Of The Tragedy Not Known

LAKE CHARLES, La. (UP)—Hurricane Audrey's deadly sweep through the defenseless coastlands of Louisiana left a 100-mile trail of dead, injured and missing today. The full extent of the tragedy may not be known for days.

Capt. Allen Marshall, whose tug was aground at Cameron—a town that was almost drowned on the Louisiana coast—said 87 persons were dead and 100 to 300 missing at Cameron.

A Lake Charles, La., weather bureau official told his superiors in Washington that 200 to 300 were dead around Cameron and Creole, La.

The Red Cross in Lake Charles which is 30 miles north of Cameron, reported 35 dead or missing, but did not make clear exactly what area this figure covered.

Major Tragedy  
It was known that 18 persons were killed and more than 100 injured in Texas and Louisiana before reports of a major tragedy began to filter in from the half-destroyed Louisiana coast.

As the hurricane crushed down Louisiana coast, through the low-lying countryside along the Texas-Louisiana border, it tore down communications and power lines. Today, 24 hours after the storm struck, it was impossible to telephone many places in the storm area.

But reports radioed in from the coast told of Cameron vanishing in the storm, except for its courthouse, and of survivors waiting on rafts to be picked up by rescue boats rushing down from Lake Charles and untouched points along the coast.

"There was so much rain and the wind was blowing waves over my boat," Capt. Marshall said. "I could hardly see land. Then, in a stack, I looked out and saw the courthouse with nothing between it and me. The town had been demolished."

Stores Demolished  
"The water went up over the streets of the town. I could see just piles of lumber where stores and cafes had stood. Everything was down."

His tug was anchored in the Calcasieu River. Cameron apparently was leveled by a storm wave from the Gulf of Mexico. (Tidal waves are cast up only by earthquakes.)

Marshall said Sheriff O. B. Carter told him that 87 persons were killed, 100 to 300 persons are missing and more than 300 persons are seriously injured or sick.

A flotilla of boats, with food and medicine, left Lake Charles just before daybreak.

Deputy Sheriff Sam Maxilly said survivors were standing dejectedly on rafts around Hackberry on Calcasieu Lake and on Holly Beach, along the Gulf of Mexico.

"We have sent 60 boats from Lake Charles and more are going (See HUNDREDS DIE, Page 3)

## Congressional Ball Rolls To Offset Court's FBI Decision

WASHINGTON (UP)—The ball rolled in Congress today toward action to offset the Supreme Court's decision opening certain FBI files to defendants in criminal cases.

There were these developments:—A House judiciary subcommittee Thursday approved 5-0 bill which went even farther than the administration asked to prevent disclosure of too much information from FBI files.

Attorney General Herbert Brownell Jr. went to Capitol Hill today to seek action by a Senate judiciary subcommittee on a similar but milder proposal. The White House Thursday would urge legislation to "correct loopholes" created by the decision.

The senior Republican on the House Judiciary Committee proposed that the committee study the effect of a series of recent Supreme Court decisions and draft bills to meet any "serious effects." The Republican, Rep. Kenneth B. Keating (N.Y.), said instead of attacks on the court the "proper response" is a "mature and measured" study of problems raised by its rulings.

In its celebrated Jencks case June 3 the high court held that in certain criminal cases the defendants are entitled to examine FBI reports of informants slated to testify against them. If the government won't surrender the reports it must drop its prosecution.

Critics contended the decision would throw a roadblock in front of the FBI and other agencies charged with law enforcement.

Rep. Donald L. Jackson (R-Calif.) told the House Thursday the court was leading "aid, comfort and assistance" to Communism with its recent string of opinions dealing with individual rights.

A number of members, including Keating, praised Jackson's speech. But Keating called for a study of the court rulings rather than "attacks" on the tribunal and its members.

## American Jets Sweep Over South Korea

By ROBERT MONAHANN

United Press Staff Correspondent  
SEOUL (UP)—American jet fighters and atomic bombers swept over South Korea today in a morale-building demonstration that underlined U.S. determination to match the Communist military buildup in the north.

Four sleek swept-wing F100 Super Sabres flashed over Seoul from the south this morning and were greeted by delighted cheers and happy laughter from Koreans.

Two formations of B57 twin-jet bombers roared over the city this afternoon. The people of this war-scarred city, watching from streets and rooftops, clapped hands and pointed in delight at the groups of three planes each.

High in the sky over the bombers three of the all-weather F100s rolled and flashed their silver wings in the bright sun. Theyopped over President Syngman Rhee's mansion on a hillside overlooking the capital and then flashed past to the north.

## A-Energy Exhibit For Pampa

The U.S. Atomic Energy Commission's newest traveling exhibit will be shown in Pampa July 1 and 2. R. F. MacDonald, vice president of the Jaycees, announced today.

"It is seldom that a town of our size has the privilege of having an exhibit of this caliber available," MacDonald said.

The exhibit is being shown in Pampa as part of a statewide showing sponsored by the Texas Junior Chamber of Commerce.

It will be set up in front of the LaNora theater, MacDonald said. The exhibit is a self-contained, walk-through mobile unit housed in a modern bus-type vehicle. Entitled "Atoms for Peace," it is the latest in a series of traveling atomic-energy exhibits prepared by the commission as a part of its programs to bring information to the general public in a concise, easy-to-understand form.

In addition, the visitor will learn some of the many uses of radiology in the so-called "peaceful atom"—in medicine, agriculture, and industry. The exhibit also contains actual samples of radioactive ore, simulated fuel elements, reactor control rods, radiation-detection devices, and other materials.

There is no admission charge, and every resident is invited to visit the exhibit for an informative glimpse of the peaceful atom.

## Burglary Try Is Foiled Here

The burglar alarm at the police station, which is connected to Heavy's Package Store, 324 S. Cuyler, went off at 11:35 last night and officers answering the call discovered that an attempt had been made to pry open a door on the northwest side of the building.

The officers reported that the attempted burglary had not been a success and that entry to the building was not obtained by the person responsible for breaking the alarm circuit.

If it comes from a Hardware Store, we have it. Lewis Hardware.

### FOUR GENERATIONS

Mrs. Ollie Daniel, 1410 Alcock, mother; Mrs. Earl Shuss, 329 N. Zimmer, daughter; Mrs. Vernon Heinrichs, Clovis, N. M., granddaughter; and two-year-old Joy Celeste Heinrichs, great-granddaughter, comprise a four generation family. They held a family reunion just before Mrs. Heinrichs and Joy, with Mr. Heinrichs moved to Clovis, N. M. (Call's Studio)

Lighting fixtures and bulbs may embarrass an otherwise neat housewife. They should be cleaned occasionally, too. Wipe lighting fixtures and bulbs with a sponge saturated with soap or detergent. Rinse with a clean, damp cloth. The light should be turned off during this operation.

The bride who's going to be a beauty on her wedding day must include lots of rest in her pre-wedding schedule. Too many parties and showers will cut in on needed sleep.

Make-up for the bride should be underplayed rather than overplayed. If your make-up is too vivid or there's too much of it, the effect will be harsh. Choose soft shades and use them with a light hand.

## Fish For Flattery At Your Own Risk

By ALICIA HART  
NEA Beauty Editor

The woman who fishes for compliments on her appearance makes herself less attractive in the eyes of her friends.

To call attention to herself in a reverse sort of way by saying: "Oh, I'm getting so fat," or "My hair is such a mess, I just don't know what to do with it," is to invite silence or sometimes even agreement.

Every last one of us has something we'd like to change. We think we're too tall or too short, too fat or too thin. We don't like our ankles or our eyes or our hair.

But in these days of really wonderful beauty aids, we don't need to complain. We can do something about it.

In any case, we should never call attention to a defect in the secret hope that someone will say: "You're not fat at all" or "Your hair is beautiful."

There are two important beauty "musts" in skin care. The first is that a woman always should use fresh powder puffs, towels and washcloths. The second is that she should always apply makeup to a clean face, never over stale make-up.

The importance of clean powder puffs cannot be overemphasized. Women who are otherwise completely fastidious seem to think nothing of whipping out a grubby puff in a restaurant and scrubbing on powder with it. They are, of course, inviting blackheads, pimples and muddy skin.

If you find it difficult to remember to buy new puffs, keep a box of cotton balls handy and toss each one out after a single use. Putting more make-up over stale make-up can result in only one thing: more skin troubles.

Always remove all make-up, even lipstick, before you apply fresh rouge, powder and lipstick.

Remember, the sun dries out your hair (and perhaps bleaches it) during the summer. Because you perspire more in the summer months, your hair collects dirt more readily.

For both reasons, give your hair more brushings and more shampoos during the summer months. Make the brushings really vigorous, sweeping the brush from scalp to the ends of the hair, then brushing it into place to polish it.

Finish off your shampoos with just a few drops of light cologne in the last rinse water for a refreshing, delightful scent. And make your summer hairdo a simple one that you can handle easily yourself.

An inexpensive way to fill empty space on den walls or in a bare recreation room is to collect attractive road maps, coat them with thin applications of shellac for a lasting finish, and glue them to the walls.

The random purchase of a cookie sheet can be a complete loss. Carefully select one which will fit comfortably into your oven. At least an inch on every side is needed for proper circulation of hot air around it.

Perfume now comes in a jelly form in a tube like toothpaste. Nice for girls who travel.

## Double-Ring Church Service Unites Geraldine Parker, Richard Bentley

(Special To The News)  
PERRYTON — Miss Geraldine Parker, daughter of Mrs. Clarice

Parker of Perryton, and J. A. Parker of Pampa, became the bride of Richard Bentley, son of Mr. and Mrs. Clark Reagan of Canadian in the Church of Christ in Perryton on June 18 at 3 o'clock.

A. L. Golden, minister, read the double-ring ceremony before an archway entwined with greenery and flanked with candelabra, with palms at either side.

The chorus hummed the traditional wedding music, Don Wiley and Joe Cox sang "Tell Me Why," "Because," and "The Lord's Prayer."

Given in marriage by her brother, Charles Jason Parker, the bride wore a gown of off-white silk with long lace sleeves and a full skirt inset with lace. The fitted bodice was designed with a small Peter Pan collar. Her fingertip veil of illusion fell from a lace tiara embroidered with seed pearls and sequins. She carried a bouquet of pink rosebuds with ribbon streamers and carnations.

Matron of honor was Mrs. Charles Parker, sister-in-law of the bride, and Miss Carla Blackmore was bridesmaid. They wore identical dresses of pink polished cotton.

Flower girl was Stephanie Wiley, niece of the bridegroom, and Bobby and Sue Cox, nieces of the bridegroom, were candlelighters.

Gayland Gurnas of Canadian served as best man, and Dean Burkhardt, brother-in-law of the bridegroom, was groomsmen.

David Allen King of Dallas, cousin of the bride, was ring-bearer.

For her daughter's wedding Mrs. Parker wore a linen dress with pink accessories. Mrs. Reagan, the bridegroom's mother, wore a navy blue dress with pink accessories. Their corsages were of pink rosebuds.

A reception was held in the Hotel Coffee Shop following the ceremony. Mrs. Dean Burkhardt, sister of the bridegroom, served the cake. Miss Joan Epp presided at the punch bowl. Miss Ole Sue Johnson provided music during the reception. Mrs. C. W. King, Dallas, aunt of the bride, registered the guests.

For a wedding trip to Colorado, the bride wore a navy blue linen dress with white accessories.

Mrs. Bentley graduated from Perryton high school and attended TSCW at Denton.

The groom was graduated from Canadian High School and is employed by the Magnolia Oil Co. in Canadian where the couple will make their home.

(Special To The News)  
PERRYTON — The home of Miss Carla Blackmore was the scene of a bridal shower recently honoring Mrs. Richard Bentley, the former Miss Geraldine Parker. Co-hostesses for the occasion were Misses Charles Selby, Carolyn Gurley, and Ole Sue Johnson. Miss Gurley received the guests and presided at the guest register, and Miss Blackmore assisted with the gifts.

The serving table was covered with a lace cloth over pink and centered with an arrangement of spring flowers. Miss Selby presided at the punch service.

Approximately twenty guests called or sent gifts during the evening.

Lighting fixtures and bulbs may embarrass an otherwise neat housewife. They should be cleaned occasionally, too. Wipe lighting fixtures and bulbs with a sponge saturated with soap or detergent. Rinse with a clean, damp cloth. The light should be turned off during this operation.

## MATURE PARENT

By MRS. MURIEL LAWRENCE

John's parents had guests — his childless aunt and uncle.

As his bedtime neared, he sensed the visitors' growing impatience with his continuing presence. Finally, his uncle said, "Don't kids ever go to bed any more?"

Installed in bed, John resented dismissal from the fascinating events he was sure were in progress downstairs. So he took off his pajamas and ran downstairs. There he yelled and dashed about in defiant nakedness.

This was his way of saying: "This is me as I really am! Behold me divested of my pajamas and the obligation to pretend I like sharing my parents' attention. I am very, very mad — as bare of polite feeling toward these intruders as I am of my night clothes!"

His mother understood this. Instead of condemning or encouraging his nakedness, she just said, "It's too cold to run about like that" — and bore him back to bed. As she picked up his discarded pajamas, she added, "It's silly to take off your clothes before people who don't know you and love you."

John himself knew he had aroused more disapproval in his aunt and uncle, so he accepted the truth in his mother's statement and fell peacefully to sleep.

If we remember how often little children are required to clothe their real feelings in the garments of submissiveness, we can readily appreciate their delight in physical nakedness. Their view is, "All right, make me appear to feel what I don't — but my body is still my own to make appear as it really is."

So when they feel very happy, they are confident enough to fling off constraining clothes and prance about without them, just as when they feel very oppressed, they are mad enough to fling them off — and war-dance about in defiant self-assertion.

If we make them feel ashamed of their naked bodies at these times, we make them ashamed of exposing their naked feelings.

However, we don't have to encourage indiscriminate displays of nakedness as some modern parents do. Little children have to accept the reality that everyone doesn't love them. So it is unwise to encourage these displays before critical people.

Just as John has to learn to choose the time, place and people to whom to expose his naked feelings, so we have to protect him against harmful disapproval of his unclothed body.

There are two important beauty "musts" in skin care. The first is that a woman always should use fresh powder puffs, towels and washcloths. The second is that she should always apply makeup to a clean face, never over stale make-up.

The importance of clean powder puffs cannot be overemphasized. Women who are otherwise completely fastidious seem to think nothing of whipping out a grubby puff in a restaurant and scrubbing on powder with it. They are, of course, inviting blackheads, pimples and muddy skin.

### Speaker Says Women Conventioneers Frequently Funny, Frustrating, Frantic

By GAY PAULEY  
United Press Staff Correspondent

NEW YORK, (UP) — We women, bless us, take our club conventioneers seriously. But from a man's eye view, we frequently are funny, sometimes frustrating, and always frantic.

We also are "squirrels," collecting every booklet, every souvenir, every other bit of free material.

"The shopping bag is a woman's delegate's identification badge when a convention is in town," said Richard W. Reuter, executive director of CARE, Inc., the international aid organization.

Reuter, an affable and charming man in his late 30's, should be pretty much of an authority. He speaks each year to about 10,000 "joiners"—both men and women—at various state, regional and national conventions, to sell the cause of CARE.

Not kidding Ladies. Reuter said he would give the "as others see us" lowdown, only

if I would explain he is not ridiculing the lady conventioneer.

"Otherwise," he said, "I may never be asked to speak again."

"The women, I love them," said Reuter. "They're more attentive, maybe because after years of listening to husbands pontificate, they're worn down. They're liberal with their questions. They want to know."

"They work harder at conventions than men do. And they're more apt to follow through on any stand they take."

Reuter said the woman takes her convention meetings seriously. "And she puts a high priority on the serious speaker," he added. "Any asides the speaker might think are funny, just fall flat. The average delegate feels cheated if the talk is light."

Digs Into Activities. The woman digs into social activities with the same gusto.

"The girls are inveterate eight-seers," said Reuter. "They're determined not to miss a thing. The women show up for every breakfast, every tea—they don't go for cocktail parties—and every reception."

But Reuter said the one thing that amazes him most about us women at a convention is the way we eat.

"The menu always is heavier than for a men's group," he said. "The women want the works... right down to the last gooey parfait."

### WMS Conducts Mission Study

(Special To The News)

SKELLYTOWN — The Women's Missionary Society of the First Baptist Church met recently in the home of Mrs. Jimmy Davis for mission study. The opening prayer was given by Mrs. Alvin Adams. Mrs. Darrell Yeager led the study on the last two chapters of "Home Missions in U.S.A."

Prayer pal gifts were exchanged by the members of the circle. Mrs. Dale Butler gave the dismissal prayer. The next meeting will be held in the church.

Refreshments of pineapple up-side-down cake, sandwiches and Cokes were served.

Attending were Meses. H. M. McClendon, Odell Hasler, Jr. Ellis, Cecil Shipley, Dale Butler, Lee Garrett, Don St. Clair, Darrell Yeager, Cletus Collins, Alvin Adams, and one visitor, Mrs. Paul Mathews.

Attorney Arthur M. Teed of Pampa, State Bar director, his newly elected successor, Ben H. Stone Jr. of Amarillo, and Amarillo attorney Wales Madden Jr. will head a delegation of 18th congressional district lawyers to attend the 75th annual meeting of the Texas Bar in Fort Worth, July 3-6.

John H. Studebaker, apprentice petty officer second class, USN, son of Mr. and Mrs. Glenn H. Studebaker, 853 S. Banks, graduated June 22 from recruit training at the Naval Training Center, San Diego, Calif.

Marine Cpl. Basil T. DeRoy, son of Mr. and Mrs. John C. Meyers, 916 Llano, was to take part in the first extensive troop exercise in the current series of athletic tests today at Camp Desert Rock, near the Atomic Energy Commission's Nevada Test Site.

David T. Whately, son of Mr. and Mrs. Calvin T. Whately, 1120 Starkweather, and Jackie J. Alexander, son of Jessie J. Alexander, Route 2, are receiving two weeks of ROTC summer training at Fort Hood with members of the West Texas State College cadet program.

John D. Fatheree, son of Mr. and Mrs. Clyde F. Fatheree, 231 Christine, is receiving two weeks of ROTC summer training at Fort Hood with members of the University of Oklahoma cadet program.

Second Lt. William L. Arrington, son of Mr. and Mrs. French Arrington, Canadian, recently graduated from the basic officer course at The Infantry School, Fort Benning, Ga.

Marvin Baer, son of Mr. and Mrs. Harold Baer, 1608 Mary Ellen, will visit with his parents over the week end. Marvin has just completed his first year of dental study at the University of Texas and will be employed this summer by the Beaudette Co. in Dallas.

Jack W. Bailey and family of Bethlehem, Pa., and Bob Bailey and family of Knox City returned to their homes Wednesday after spending their vacation here visiting with their mother, Mrs. Frank Bailey, 436 N. Warren, and other relatives and friends.

Fried chicken with complete meals noon and evening Saturday \$1.00. O&Z Dining Room.

**Two Cases Heard In Court Here**  
Floyd Kerchman, an Oregon man, pleaded not guilty to charges of aggravated assault and driving while intoxicated this morning in County Court.

Kerchman was arrested Monday night in Letors after he drove off and then returned in a pickup not belonging to him. He was involved afterwards in a scuffle with the constable there who had arrested him and received several injuries and a gunshot wound in the heel.

County Judge Bruce Parker set Kerchman's bond at \$1000 on each charge.

A case of driving while license suspended was brought before the court yesterday afternoon.

Douglas Dean Leonard, 425 S. Russell, pleaded guilty to the charge and was fined \$25 and court costs.

Leonard was arrested by police officers at the intersection of Barnes and Frederic yesterday.

**One Collision Reported Here**  
The only collision reported to the police department yesterday occurred at 9:05 p.m. on Cuyler, 75 feet north of Tuke.

A '51 Packard, driven by Clarence B. Shackelford, Amarillo, and a '52 Ford truck, driven by Arnold Brothers Produce, Tulsa, Okla., were in collision. The Packard encountered damages estimated at \$200 and the truck met with damages estimated at \$45.

### Open House At Bethlehem Supply Today

A formal opening of the new Bethlehem Supply Company building is being held today at the new store at 536 W. Brown, C. N. Cagle, manager announced.

The Bethlehem Supply Company, an oil field supply house, has been operating in Pampa for 30 years. They moved into the new \$50,000 building some two months ago from the old location on 623 S. Cuyler.

On hand for the opening are three of the company's executives from Tulsa and Fort Worth. I. C. Smith, general sales manager from Tulsa; Art Weber, division manager from Fort Worth; and C. C. Crider, general manager of stores from Tulsa, are in attendance.

The Bethlehem Supply Company is a subsidiary of the Bethlehem Steel Company, the second largest steel company in the world.

The local firm is in a chain of over 70 other like stores. Field representative working out of this office are H. C. Payne and O. V. Bailey.

A large crowd enjoyed lunch served in the new building today.

"We are very proud of our new building and location, and want all our friends and customers to come out to see us," Gage said.

**Joe Hood Rites Set**  
Funeral services for Joe A. Hood, 70, will be held at 2 p.m. Saturday in the Chapel of Duengel - Carmichael Funeral Home.

Rev. Douglas Carver, pastor of the First Baptist Church, Pampa, will officiate. Burial will be in Fairview Cemetery.

Mr. Hood had been living in this community for 50 years and was a farmer and stockman. He lived at 203 N. Ward.

Survivors include one son, Dr. B. J. Hood of New Orleans, La.; one daughter, Mrs. Marie Jacobs of Brunswick, Ga.; four sisters, Mrs. Betty Taylor of Miami, Fla., Mrs. Mary Hallmark of Los Angeles, Calif., Mrs. Ruth Hooper of Albertville, Ala., and Mrs. Juliette McKay of Pinson, Ala.; two brothers, Andrew Hood of Lake City, Fla., and W. H. Hood of St. Petersburg, Fla.; and four grandchildren.

**Salvation Army Disaster Work**  
Envoy H. C. Seago of the Pampa Salvation Army unit reported this morning on the organization's activities in hurricane-hit south-east Texas.

In a telegram received this morning, Dan Eddy, of the Salvation Army, informed Seago that "Major William Pyke has designated Capt. Donald Nelson, Orange Corps, disaster relief director for Hurricane Audrey."

"Officers from Houston, Pasadena, Lufkin, Beaumont, Port Arthur and Orange were established and ready before the hurricane hit. The Orange advisory board is serving a disaster committee in cooperation with Orange Civil Defense.

"About 1200 were served lunch yesterday. Nelson was ready for this one. Officer cooperation in service was excellent."

It Pays To Read The Classified.

### HUNDREDS DIE

(Continued From Page One)  
as fast as we can round them up," he said.

Audrey Long Goe Deputy Sheriff Alton Moss at Abbeville, La., said "It seems like quite a few" were killed along the coast of Vermillion parish.

"We have taken 57 survivors off of Pecan Island," he said. "So far we haven't been able to check among them to find out how many are missing."

Audrey had blown and rained itself down to a 40-mile gale today and was in northern Mississippi over most of it. It set off rains at last report. It is still big and Ohio valleys.

As the hurricane bored inland Thursday, it wiped out communications. It was almost impossible to telephone to many points in the stricken area today, 24 hours after the hurricane struck.

Marshall, whose tug is aground at Cameron, said: "Sheriff O. B. Carter consulted a list he had in his hand and counted the names on it. He told me he had 87 dead and another 100 to 300 people who cannot be found and may be dead."

**Red Skelton Taking Son On Fast Trip**  
WASHINGTON (UP)—The frail son of comedian Red Skelton eagerly set out with his famous father today to see "everything" in Washington as part of a hurry-up trip to view the wonders of the world.

Nine-year-old Richard, who has cancer of the brain, is suffering from dandy leukemia.

Red Skelton plans to pack a lifetime of adventures for his young son in less than four months this summer. He and his wife, Georgia, plan to take Richard and his 10-year-old sister, Valentina, to all the places the youngsters have read and dreamed about.

Red and the two children already have toured New York City and Boston. Mrs. Skelton will join the family here before they leave for Mexico City, such places as London, Rome, Paris, and Majorca, Spain.

"The idea of the trip is to show the kids all the wonderful things there are in the world," Red said. "I want them — especially Richard — to learn and see everything there is to see."

Red, who believes in miracles, said that "for the rest, we are in God's hands."

While in New York, the usually indifferent big city folk went out of their way to show their affection. Young Richard took the controls of a streamlined diesel locomotive for a short trip at Grand Central Terminal and also steered a ferry boat on his way to the Statue of Liberty.

**Water Level Falls In Panama Canal**

BALBOA, Canal Zone (UP)—The water level in the Panama Canal has fallen to a near-critical low as a result of this year's unprecedented spring drought in the Canal Zone, officials here said today.

The water in Gatun Lake, used as a reservoir for canal operation, has fallen to a level of barely 82 feet, 3 feet below normal and only 8 inches above the all-time record low.

Shipping operators have been warned that draft limits on ore carriers, supertankers and other large vessels will have to be reduced until the lake level returns to 83 feet.

### Man Killed In Bus Collision

AMARILLO (UP)—A Phoenix, Ariz. man was killed, his wife and three children injured and five airmen shaken up when a station wagon and a bus collided on U.S. 66 at the south gate of Amarillo Air Force Base Thursday night.

Killed was Albert Denarrest, 54, driver of the station wagon. His wife and children, Clifford 16, Doris, 13, and Patricia, 20, were injured. They were returning home from a vacation in Michigan.

The five airmen were on the bus, a Panhandle Stage coach driven by Jerry Lee Alvey. The bus makes shuttle runs from Amarillo to the Air Force Base.

**Obituaries**  
By UNITED PRESS  
OAKDALE, N.Y. — Robert Le Seur, 77, former Broadway actor and producer, died Thursday.

TORONTO—Lady Kemp, a tireless worker for the blind for 25 years, died in a hospital Thursday. She was the former Virginia Norton of Forrest City, Ark.

NEW YORK—Jacob Loeb, originator of special music to accompany silent movies, died Tuesday night. It was made known today. Loeb, 92, helped William S. Hart, George Jessel, Theda Bara and William Farnum to successful careers in the movies.

### Airman Sentenced To Three Months

SAN ANTONIO (UP)—A court martial Thursday sentenced Airman 2-C John Williams of Concord, N. C., to three months at hard labor and reduced him two grades for being drunk and abusing Air Force trainees.

In addition, he was fined \$150, which will be taken from his pay \$50 each month.

Williams pleaded not guilty to charges that he beat one trainee and kicked another, but admitted being drunk and disorderly.

## Central Baptist Wins Attendance Banner

The Brotherhood of Central Baptist Church was awarded the attendance banner at the Palo Duro Baptist Association meeting and fish fry held at Carrey Lake Tuesday night.

Central had 92 per cent of their Brotherhood present for this meeting.

Next Sunday's services will be led by the Rev. Thurman Upshaw, pastor. His message for the morning service will be "Secret Discipleship" and his evening message will be evangelistic.

Sunday evening at 5 the building committee will make further plans for the construction of a new educational building. This committee is made up of James Baird, Wayne Cobb, C. L. Hunter,

## St. Paul Plans Unified Budget Drive

### Campaign Slated To Run Through August 1 Here

Members of St. Paul Methodist Church met Tuesday, June 24 to begin plans for their "Unified Budget Campaign." They adopted the Roy Farrow Financial Plan for Methodist Churches.

The program started last Tuesday and will continue through August 1.

Purpose of the plan is to acquaint the congregation with the church's financial affairs and needs, and by this knowledge inspire adequate tithing.

Several speakers, dinners, breakfasts and other meetings are scheduled.

The general chairman is Dr. Joe Gates with Harold Newman, educational division, Charles Norton, mechanic division, and Bennie Waller, solicitation division.

The following were appointed chairman of committees: Peggy Ormson, newspaper; Jackie Cary, sky, signs and posters; Lucille church bulletin; Virgie Matejowski, signs and posters; Lucille Wilson, direct mail; Gene Hollar, brochure; Jack Miller, speakers; Corene Waler, church paper; Kit Autry, scoreboard; John Trotter, add; Joe Davis, program; Ira Carlton, food; Glenna Miller, telephone; Nadine Fletcher, volunteer office help; Audra Cary, evaluation; and Jim Hill, solicitors.

The lay speaker for next Sunday will be Jack Miller. His subject will be "General Outline of Campaign."

St. Paul will hold their Quarterly Conference at 7:30 p.m. July 9. At that time the building committee will be appointed.

"Everyone is asked to attend this conference," Dr. Bergin Watkins, pastor, said.

**BUDGET CAMPAIGN** — Kicking off the united budget campaign at St. Paul Methodist church is the financial committee headed by Joe Gates (seated). Other members from left to right are Bennie Waller, church treasurer; Charles Norton, Gates and Harold Newman.

## Choir To Give Special Service At Brethren Church

A special musical service will be given at 7:30 p.m. at the Church of the Brethren, featuring their senior choir.

Russell West, choir director, will direct the program which will consist of not only singing the hymns, but also a brief history of each.

"Building Towers" will be the Rev. Minnich's sermon topic for the 11 a.m. service Sunday.

Following the morning service the youth will go to the Allie Byrum Ranch east of Miami for a noon picnic and an afternoon of recreation. The regular youth fellowship meeting will be at 6 p.m. and the youth will attend the 7:30 service as a group.

On Wednesday the junior choir meets for rehearsal at 7 p.m. with Elleen Oltman directing. The senior choir has its rehearsal at 7:30. The men's fellowship will meet at 8:15 to plan activities for the summer. The meeting was called by the president, Wayne Irwin.

At a recent women's meeting the following officers were elected for the 1957-58 year of women's fellowship: Mrs. Ernest Rose, president; Mrs. Wayne Jones, vice president; and Mrs. Charles Beard, secretary-treasurer.

Over one thousand delegates attended the Church of the Brethren's annual conference which just closed at Richmond, Va. Committee reports noted new gains in membership and giving. Forty-eight full-time pastoral vacancies were reported, resulting in the call for more adequate leadership.

The 250th anniversary celebration of the Church of the Brethren denomination will begin in 1958. The anniversary call asks for double giving and increased efforts in all areas of the church program.

The Church of the Brethren was founded in 1708 in Germany.

At the final session of the conference the gavel was turned over to the moderator for the next year's conference which will be held at Des Moines, Ia. The new moderator is Desmond W. Bittinger, president of McPherson College, McPherson, Kans.

This is the denomination's college for the western region. Also during this closing session 10 new missionaries were consecrated; eight going to Africa and two to Ecuador, South America.

Other business included the delegates' vote favoring the relocation of Bethany Biblical Seminary, the denomination's graduate school of theology. It is now located in Chicago proper.

An estimated 2,000,000 persons visit Minnesota's state parks each year.

## Volcano Erupts

**JAKARTA, Indonesia (UP)** — Mount Merapi, Indonesia's most dangerous volcano, spewed out tons of hot ash and lava this week, forcing the evacuation of 4,000 villagers, reports from central Java said today.

The delayed reports said Merapi rained ash on Magelang City, covering trees and buildings with a thick coat of black cinders. Streams of lava spilled into nearby rivers, the reports said.

The activities will begin at 7 p.m.

## St. Paul Will Hold Quarterly Conference

St. Paul will hold their Quarterly Conference at 7:30 p.m. July 9. At that time the building committee will be appointed.

## First Baptist Services For Week Outlined

The sermon topic for the 11 o'clock morning worship hour by Dr. E. Douglas Carver, pastor of the First Baptist Church, will be "An Unashamed Debtor," Rom. 1:1-16.

The special music for the morning service will be "How Great Thou Art" presented by the Church Choir under the direction of Joe Whitten, music director.

The sermon topic for the 8 o'clock evening worship hour will be "Almost is Not Enough," Acts 26:28.

Special music for the evening service will be presented by the Church Choir also. Sunday School begins at 9:45 a.m. and Training Union at 7 p.m.

The Brotherhood of the church will have a dinner meeting Tuesday evening, July 2 at 7 o'clock. An unusual program featuring a chalk artist will be presented. Lewis Kinley of Lubbock will present the program. He uses an unusual technique on colored chalk drawings. Special music to be presented along with the drawings will be given by Whitten.

The Training Union Council will have a supper meeting on Monday, July 1. Lonnie R. Richardson, training union director, has just returned from a Southern Baptist Training Union Conference at Glorieta, N.M. He will present the highlights of the conference.

July 4 will be celebrated by a "Rally Day" on the grounds of the Pan Fork Baptist Encampment near Wellington. (This district youth camp will have a lot of new facilities this year and the Baptist from this area have been invited to spend the 4th on the encampment grounds. Special programs will be presented throughout the day.)

A total of 235 members of the church attended the church-wide dinner last Wednesday evening. Rev. Howard Lyons of the College Heights Baptist Church, Plainview, challenged the membership as he presented the "Forward Program of Church Finance."

## News Cast Will Reach 15 States

**ABILENE, Tex. (UP)** — A religious news program will be network in 15 states by the young Abilene religious leader.

James Nichols, who started preaching at the age of 15, some 15 years ago, will inaugurate the program for the Church of Christ.

He will discuss news of the church on a world-wide basis and attempt to win 100,000 new subscribers for the church's weekly magazine, The Christian Chronicle, of which he is editor.

Nichols' wife edits a similar magazine, Christian Woman, for women. Both magazines are published by Christian Publications of Abilene. Billie Sol Estes, 32, a millionaire oilman who was one of the nation's outstanding young men in 1955, is publisher of the magazines.

Nichols began broadcasting a religious program called the Herald of Truth in 1952 on the ABC radio network. Later he switched to television on the old Dumont Network and now is appearing on independent stations.

About 2,000 Churches of Christ will participate in the subscription drive. The Church of Christ has no central headquarters, so each church has to be contacted for new subscribers to the religious publication, a 12-page tabloid-time magazine.

Nichols is a graduate of Abilene Christian College and did postgraduate work at the University of Iowa.

Estes became publisher of Christian Publications last fall. Nichols had been editor of the Christian Chronicle prior to this time but was re-appointed by Estes.

## Rev. Adcock Sets Sunday Sermon Topics

"Strength Through Subtraction" will be the sermon topic discussed by Rev. Woodrow Adcock at two morning worship services of the First Methodist Church Sunday at 8:30 and 10:55.

The 8:30 a.m. service is broadcast over radio station KPDK. The special music for the 8:30 a.m. service will be "Behold What Manner of Love" by MacDermid sung by Roy Johnson, baritone soloist. The Sanctuary Singers will sing "Cherubine Song No. 7" by Bortolansky for the 10:55 a.m. service.

Sunday night at 7:30, Rev. Adcock will use as his subject, "Strongholds Of Freedom." The

## Special Music Will Be by the MYF Singers

Fifteen juniors from the First Methodist Church have been attending Junior Camp at the Methodist Camp Ground at Ceta Canyon, Monday through Saturday of this week, as follows: Woody Adcock, John Brown, Bill Leonard, Wilbur Walls, Janie Thompson, Christine Grayson, Carole Sears, Susan Carr, Judy Kitto, Timara Timmens, Natalie Skelly, Mary Martin, Sue Lawless, Tony Hawkins, and Gail Champion.

The adult workers in the camp from First Methodist Church were: Mrs. R. M. Byerly, Mrs. Joe Sears, Mrs. Robert Martin, and Mrs. Elmer Radcliff. The following ladies furnished cars for transportation of the boys and girls: Mrs. Wm. Lawless, Mrs. P. A. Brown, Mrs. Joe Sears, and Mrs. Earl Champion.

## Revival Scheduled At Foursquare

The Rev. "Motto" Enomoto, a Japanese-American evangelist, will conduct a two-week revival at the Foursquare Church here beginning July 2.

The Rev. Enomoto, a graduate of the Lighthouse of International in Los Angeles, Calif., has been holding revival meetings in that state for the past two years.

A "Crusade of Evangelism" will be the theme of the revival, the Rev. Dwayne Starling, pastor of the Foursquare Church, announced today.

"It will be a meeting to evangelize and revive. I think that is the greatest need not only for our church and Pampa, but for the entire world," the Rev. Starling said.

The Foursquare Church here is located at 712 N. Lefors Street. Preaching will be held at 7:45 nightly except Saturday.

The Rev. Enomoto's topics will include, "How to Master Your Fears," "Power of Pentecost,"

**MOTO ENOMOTO**  
... evangelist

"Conquest of the Impossible" and "Eternal Prison House of the Damned."

## First Christian Sets Roundup For Youths

A youth round-up week has been scheduled at the First Christian Church for August 11-15.

This will follow the state Christian Youth Fellowship meet to be at TCU Campus in Fort Worth, August 7-10.

The youth choir will begin rehearsals under the direction of Mrs. Bob Banks each Thursday evening at 7.

During youth round-up, the young people from this church will act as hosts each night to youth from Christian churches throughout this area. Recreation, entertainment and a worship service will be held each day.

New officers who will lead the summer program are Kay Sprinkle, president; Ralph Depee, vice president; Laura June Hendricks, secretary; John Campbell, worship committee chairman; Johnny Ayres, worship co-chairman; Linda Skewes, study committee chairman; Gerald Walker, study co-chairman; Glenna Lewis, enrollment committee chairman; Linda McDonald, service committee chairman; and Mary Sturgeon and Betty Sprinkle, recreation

## Committee Chairman

The Christian Men's Fellowship will meet at 7:30 p.m. next Monday.

The Christian Women's Fellowship had their monthly program at 7:30 last night.

The Rev. Roy E. Curtis and wife of TCU, are here during the absence of the pastor, the Rev. Dick Crews, who is on a vacation.

## Quotes In The News

(Reg. U.S. Pat. Off.)  
By UNITED PRESS

**WASHINGTON** — A physicist commenting on a promise by Dr. Edward Teller and his associates at the University of California radiation laboratory of an "absolutely clean" H-bomb:

"Now, it looks as though Teller has had another brainstorm."

**LOS ANGELES**—Prime Minister Nobusuke Kishi on the threat of international Communism in Asia:

"Let me say that as long as I am at the head of the Japanese government... we will never side with totalitarianism. We will always be on the side of the free world."

## YELLOW PAGE ADS bring this store 120 calls a month

The Shaw and Collins appliance store used a special telephone number and kept a careful record of calls received from 20 different Yellow Page listings. Result: 1,090 calls in 9 months, or an average of 120 calls a month.

Did these calls from Yellow Page ads result in sales? In a letter to the telephone company, the store owner said: "The many sales resulting from directory listings have proved to us the value of classified advertising beyond our expectations." Now the store plans to use even more listings for other appliances it handles.

Yellow Page advertising can work for you, too, Mr. Businessman. Talk it over with the Yellow Page man when he calls on you.

\*A true case history; only the name has been changed. The telephone company will be glad to furnish more details on request.

THEY'LL FIND YOU FAST WHEN YOU'RE IN THE ...

## Crusade Sets Garden Record

By ALBIN KREBS  
United Press Staff Correspondent  
NEW YORK (UP)—Billy Graham said Wednesday night that his crusade to save New York had outlasted and outdrawn any other attraction in the 30-year history of Madison Square Garden.

The evangelist said that the Ringling Bros. Barnum and Bailey Circus had run 40 days in the Garden, but his crusade had already lasted 43 days, and still has until July 20 to go.

More than 739,000 persons have flocked to hear Graham's fiery sermons in the huge sports arena. Except for a week-long slump attributed to a heatwave, the Garden has been filled to near capacity and beyond most nights.

John Goldner, a Garden official, told the United Press, however, that the New York crusade record may be a little short of the circus's, for the circus usually presents two performances a day, or 80 in all.

## The Weekly Message Of Inspiration

REV. T. O. UPSHAW  
CENTRAL BAPTIST CHURCH

### LIFE IS AN ECHO

Matthew 7:2 "For with what judgment ye judge, ye shall be judged: and with what measure ye mete, it shall be measured to you again." Some time ago I heard an article about how bats could fly in a dark cave without striking the walls. It was found that the bats uttered a shrill, high note, too high for the human ear to detect. The vibrations from this weird song located and positioned any object in its way. The echo was the bat's guide. When the vibrations hit anything solid and bounded back, the bat swerved. This, is the principle of radar the scientists said.

And his is a principle of life. The Bible presents both sides of this great truth. If you give out evil, evil will in turn be given to you. The Bible is full of examples of those who rendered evil unto others and they lived to see the day when evil came their way. Jacob deceived his old father, and in turn Jacob's children deceived their father. He was paid in the coin of his own realm. He meted out deception and had measured back to him deception.

There is a beautiful side to the same truth. The good you do comes back to you, full measure, pressed down and running over. Likewise, the Bible tells us that when we cast our bread upon the water, it comes back to us. When you do something fine for someone else, it sets up beautiful vibrations in his heart and by-and-by the fruit of it returns to you.

Paul said about the same thing. "Be not deceived, for whatsoever a man sows that shall he also reap." Sow evil words, reap the same: Sow unkindness, and reap unkindness; Sow hatred and it will come back to you. On the other hand Sow kind words and others will speak kind to you; Do good deeds to others and others will do you good; Be considerate of others and the echo which returns shall be pleasant for a world to hear.

**LOSING BATTLE**—A grim, nail-biting group of Dodgers inhabit the Brooklyn dugout as the defending National League champions fight to stay out of the second division. Looking sad are, left to right, Manager Walter Alston, Recruit Pitcher Dan McDevitt, Shortstop Pee Wee Reese and Pitchers Don Drysdale, Sandy Koufax and Johnny Podres. It's a tough life.

**Play Amarillo Tomorrow Night**

**Pampa Rebels Down Childress, 3-2**

**Late-Inning Triples Boost Rebels To District Win**

By CHARLES CULLIN  
Pampa News Sports Editor

Larry Cruise and Dale Lake of the Pampa Rebels blasted late-game triples last night to score three runs and pave the way to a victory over Childress, 3-2, in the Rebels second district tilt of the season.

In a tight played game, Childress gained a first-inning, 1 run lead over the Rebels through an error and a scoring hit by Bill Shahan, Childress pitcher.

The Rebels were unable to tie the score until the fifth inning

when David Marler tagged a single and was brought in on a double by Billy Brown.

Both teams then remained scoreless until the seventh inning when Gary Heiskell drew a walk and Larry Cruise pelted the triple that, due to an overpassed ball at third base, scored both he and Heiskell. A third run of the inning came when Marler got on base through a Childress error, moved to third on a sacrifice and a stolen base, and was brought in on a ground ball hit by Brown.

The final Rebel run came in the

last of the eighth inning when Lake clubbed the escord triple of the evening, and came in for a score on a balk by Childress pitcher Fred Cawthon.

Childress' big threat came in the ninth inning when Rebel pitcher Mike Conway allowed two walks and a single that scored one man and left the bases loaded. Then bearing down, however, Conway struck out a Childress pinch-hitter and a double play by Brown, Lake and Stephenson ended the game.

Mike Conway, pitching the entire game for the Rebels, had 7 strike outs, allowed 4 walks, 9 hits and 3 runs. Starting pitcher for Childress, Bill Shahan, in the first seven innings, had 2 strike outs, 2 walks, allowed 5 hits and is charged with 4 of Pampa's runs. Re-

placing him was Fred Cawthon, who had 3 strike outs, allowed no walks, 1 hit and 1 run. Pampa left a total of 7 men on base compared with 13 for Childress.

The win last night is the fourth victory the Rebels have won over Childress, but the first in district play. The Rebs first district tilt was dropped to Borger last Sunday afternoon, 9-6. This makes a season total of 8 wins and 2 losses for Pampa and in district play they now stand with 1 win and 1 lost.

**Tomorrow Night's Game**

The Rebels will meet the Amarillo Chiefs tomorrow night in Oilier Park at 8:15, for their third district tilt.

In two previous pre-season games the Rebels have defeated the Chiefs, 13-12, and 6-2.

Starting tomorrow night will be: Bill Brown, ss; Robert Murry, 3b; Dale Lake, 2b; Ray Stephenson, 1b; Mike Conway, c; Larry Cruise, lf; David Marler, cf; Terry Haralson or Wilhelm, rf; and Gary Heiskell, p.

**Sugar Ray May Sign Today With Basilio**

NEW YORK (UP)—Sugar Ray Robinson was expected to sign today for his million-dollar defense of the middleweight crown against welterweight champion Carmen Basilio at the Polo Grounds, probably Sept. 17.

"I think I'll be satisfied with the terms," said 36-year-old Sugar Ray, who had been wrangling bitterly over money with promoter Jim Norris more than a month.

Norris scheduled a final "yes-or-no" conference with Robinson for today at the International Boxing Club offices.

**Braves Edge Dodgers, 2-1; Giants Drop Reds**

**White Sox Drop Double, Yankees Tie AL Race**

By MILTON RICHMAN  
United Press Sports Writer

Bill Rigney believes his revamped Giants can win the pennant, and while he might have been laughed off only a month ago, all the other National League contenders don't consider it such a big joke today.

Truth of the matter is that the Giants, who beat the Cincinnati Redlegs, 7-2, Thursday night, are the hottest club in the majors at the moment. Their record shows: Twelve victories in the last 16 games for a blistering .750 percentage; seven out of 10 victories on the road and five consecutive series won; only 3½ games behind Brooklyn and 8½ out of first place.

The Giants received another shot in the arm Thursday night when southpaw Johnny Antonelli pitched his first complete game since April 30 and checked the hard-hitting Redlegs on six hits. Rain halted the game twice.

Willie Mays hit his 13th homer with one out of lower Don Gross. Lockman homered off reliever Hershell Freeman in the sixth. The defeat dropped Cincinnati into third place.

**Cards Hold Lead**

St. Louis held its grip on first place with a 5-4 victory over Philadelphia, while Milwaukee defeated Brooklyn, 2-1, and Pittsburgh pushed the Cubs into the cellar by beating them, 5-4, in 10 innings.

Early Wynn of Cleveland tamed the Yankees, 2-0, but even so the Yankees moved into a tie for the

American League lead with Chicago when the Red Sox took a double-header from the White Sox, 8-3 and 9-2. Washington broke a five-game losing streak with a 7-2 decision over Detroit. Baltimore and Kansas City were not scheduled.

Rookie bonus pitcher Von McDaniel of the Cards registered his third straight victory although requiring relief from Hoyt Wilhelm in the eighth. Stan Musial and Ken Boyer each hit two-run homers off loser Jack Sanford. Stan Lopata homered for the Phillies.

Hank Aaron's two-run triple in the eighth inning following Charley Neal's error on a double play ball powered Bob Buhl to his ninth victory, his 11th against the Dodgers in two years, against one defeat. Buhl held the Dodgers to four hits in winning his fifth straight while the Braves collected only five off loser Don Drysdale.

Jim Pendleton's 10th-inning triple scored Frank Thomas from first base for Pittsburgh's winning run. Lanky Nellie King was the winner and Turk Lown the loser after the Cubs had tied the score with a three-run rally in the eighth.

**First Shutout of Yanks**

Wynn limited the Yankees to four hits in handing them their first shutout of the season. Southpaw Tommy Byrne, who gave up only five hits, yielded Cleveland's first run in the first inning without giving up a hit and then was nicked for another run in the sev-

The Roadrunners, Pampa's semi-pro baseball team, will play its 4th game of the season tonight in Oilier Park at 8:15 against the Perryton Pioneers.

This will be the third meeting of these teams this season, the Roadrunners have won both previous tilts.

In the first clash the Pioneers

**Kitchens, Tarvin Win Second Putting Tourney**

Tom Kitchens and Larry Tarvin were winners last night in the putting tournament held at the Pampa Country Club. Runners-up were Grover Haskell and Thurman Pain, with John Forman and Jay Hollingsworth taking consolation.

The tourney, sponsored by the Womens Golf Association, is held each Thursday evening at 7:30, 44 completed in last night's contest.

Winners in the last week's tourney were Don Prigmore and Jerry Boston.

**Oil Patch Tourney**

The Oil Patch Tourney for all people connected with the oil and gas industry will be held tomorrow at the Pampa Country Club.

Tee off time is from 7 a.m. until 3 p.m., and contestants will be accepted until tee off time, up to 160 players. The tourney is an 18 hole held bogey contest with handicapped players having an equal chance with the low.

\$500 in prizes will be given away in many different categories. Players should complete rounds by 6:30 tomorrow evening. A supper will be held tomorrow night at the Club.

All local golfers who are not entered in the tournament will not be able to tee off until after 3 p.m.

**Floyd And Tommy To Sign For Title Bout**

NEW YORK (UP)—Champion Floyd Patterson and Tommy (Hurricane) Jackson were scheduled to sign formally today for their heavyweight title fight at the Polo Grounds, July 29.

This signing of commision contracts was a formality because private documents for the 15-round had been signed by the managers and promoter Emil Lence on May 24.

**Magnolia, Sinclair Win Softball Tilts**

In Industrial League softball play last night, Sinclair defeated Schlumberger, 4-3, and Magnolia downed Frontier, 12-11.

Pitching for Sinclair was Richardson, with Walse credited with Schlumberger's loss. Brown, of Sinclair, hit the only home run of the game.

In Magnolia's tilt with Frontier, Honig pitched for the winners and Daniel took the loss for Frontier. Highlight in the game was a sixth-inning triple play worked by Magnolia. Two home runs were hit, Bichel tagged one for Frontier and Boyle had one for Magnolia.

No other Industrial League games were reported.

Aims of Socialists

A friend of ours has sent us a leaflet which carries the notation that it is printed by the Socialist Labor Party, "being the only party of Socialism in America."

Our friend wants to know wherein the platform of the Socialist-Laborites differs from our editorial policy. The leaflet claims that the Socialist Labor Party has no connection with either the "so-called" Socialist Party or the Communist Party.

There is much more in the same vein. As one reads the printed matter one is struck by the fact that what this document does is to utter a raving denunciation against the ownership of private property.

How anyone could imagine that such a deranged and cockeyed theory as this corresponded to our policy, is beyond imagination.

But, of course, the big lie of the socialist-laborite platform as presented here, is in the continual assertion that there is no intention of turning over this wealth to the government.

And wherein would such a collective differ from either the Stalinist form of collective in Russia, or the FDR dream of total dependency upon a collective, as introduced here in this country in the 30's, or the "cradle to the grave" collective envisioned by Lord Beveridge in England, which only recently has been rejected?

There is certainly a world of difference between our view, the libertarian outlook, and the view of the socialist laborite. To begin with, we believe in the private ownership of property. We believe in it so thoroughly that we even resist the temptation to depend upon the government for anything since the government begins its operations by taxing both ourselves and our property.

Also, we have read Marx. And we note that his much quoted statement respecting the slavery inherent in government was uttered at a moment when he was endeavoring to enlist the anarchists into his communist international, and was given as a sop to delude the socialist-anarchists so that he could further his mad desire to foment a world revolution.

Marx, too, claimed that all that was necessary was to set up a "dictatorship of the proletariat" in which all power went to the "party" or to the "man" in power. After which, the government (admittedly a government) would "wither away."

This was sheer balderdash and even Marx knew it. There has never been an instance in which a dictatorial government has "withered away." Thus, when the socialist tells you that he rejects the state, he is a liar. What he is actually saying is that he rejects any state which appears to protect private property, so that in place of such a state can be reared the monstrous collective of the socialist's dreams, an amorphous, visionary democracy, in which total control of all means of production and distribution shall be owned and controlled by the people, or their democratically selected representatives.

In a word, government. Socialists, from Marx and Kropotkin to Norman Thomas, Henry Wallace and the rest of the New Deal-Fair Deal tribe, are all intent upon the same thing. They want to see the removal of private property and replacement of such private ownership with some kind of collective ownership and control.

Our policy is in direct opposition to these aims. We uphold private ownership. We believe and support free enterprise. And we even go so far as to oppose our own government when it trespasses on private ownership and free enterprise.

The Doctor Says

By EDGAR P. JORDAN, M. D.

It is too soon to know just how much trouble polio will give us this year.

But there are two important things about it which everyone should know: the value of vaccination and the attitude one should take in the presence of possible symptoms of that disease.

The safety of the polio vaccine seems to be well established. Like other protective measures of a similar nature, vaccination does not guarantee that one cannot get polio. But the evidence is such that we feel sure it provides a considerable degree of protection.

Last year, for example, there was an outbreak of 1,111 cases of polio in Chicago. Of these, 835 developed the paralytic form of the disease. Two hundred eighty-five had received some Salk vaccine; 300 had had one inoculation only;

BETTER JOBS

By R. C. HOILES

Am I Consistent? Some people who want more or less government planning of people's lives like to chide me as not living up to what I preach.

I advocate that everything should be done on a voluntary basis rather than on the basis of compulsion.

An act that seems inconsistent is my being a party to robbery—to collecting taxes.

A friend of mine likes to chide me as an employer for being a party to robbing by deducting "Social Security" from employees' paychecks. The party contends that I am thus a conspirator in helping the government rob the employees.

I will concede that robbery is more harmful to the person doing the robbery than the man being robbed. The man doing the robbery, if it is direct, is doing it voluntarily. The man being robbed is usually helpless to defend his property.

While I do not profess to be consistent but only aim to be, I do not believe that I have ever advocated that a person refuse to pay taxes. Therefore, I am not inconsistent when I pay taxes.

In fact, I cannot think how the consumer will ever learn the real cost of government if all government taxes are not passed on to him. Passing on the taxes will have a tendency to make the consumer aware that things are costing him a lot and as he becomes aware, he will use his influence to reduce this excessive cost of government.

I, of course, believe that every government should be supported in proportion as the individual uses the services of the government or its subdivisions.

Getting people to believe in getting things on a voluntary basis is a slow process. It takes time. It took hundreds of years to get rid of the belief that one man had a right to own another. It will probably take a long time to get people to believe the government has no right to do anything that the individual doesn't have a right to do.

It seems to me that the advice of Jesus about the parable of the taxes in the wheat applies to paying taxes on an involuntary basis and adding the cost of government to what man sells. I cannot believe a man can live in any other way.

Remember, when the servants told the householders there were tares in the wheat and wanted to know if they should pull them out, Jesus advised that they should not, "lest while ye gather up the tares, ye root up also the wheat with them. Let both grow together until the harvest; and in the time of harvest I will say to the reapers, Gather ye together first the tares, and bind them in bundles to burn them; but gather the wheat into my barn."

Just so, if a man refused to pay taxes, he would destroy his life. Society is not ready yet for an ideal government. All one can do, it seems, is to advocate as possible in harmony with eternal principles of the Commandments, The Golden Rule and The Declaration of Independence and wait for the day for more and more people to believe in a government with the consent of the governed. Then the taxes—taxes—can be pulled out of our government.

It is true that many children who develop such signs do not have polio. But if suspicious signs do appear, it is safer to pop the youngster in bed until one is sure about it. Slight stiffness of the neck is quite common in polio. However, parents should not make an imaginative child too conscious of the importance of a stiff neck.

The parents' responsibility is merely to watch for suspicious signs, keep the child quiet if they develop, and leave it up to the physician to make the diagnosis. Preventive inoculation is recommended. But it should be remembered that the disease has not disappeared from our midst. Although prompt action is indicated on suspicion of the disease, many escape without paralysis or recover to a remarkable degree.

Ike Plays Politics; Stalls Investigation Of Agencies

By RAY TUCKER

WASHINGTON — President Eisenhower has recently made several smart moves that may deprive belligerent Democrats, especially Speaker Sam Rayburn, of their most precious political issue — namely, the Administration's supposed favoritism toward "bigness" in business and industry.

THE NATION'S PRESS

The argument is that when we send U.S. musicians, actors and so on overseas they infallibly woo the enchanted natives away from thoughts of Communism and toward American points of view.

COTTON IS A BUM

Once Cotton was King. Now it is a bum rolling in the economic gutter. It wasn't alcohol that brought about this transformation, it was government subsidies.

Meantime, the cotton dumped into the government's lap by the subsidized farmers has to be re-dumped abroad. That is the only way to get rid of the warehousing costs for the mountains of cotton acquired by the government at a fictitious price.

That isn't all. Cotton-seed oil, a valuable by-product of cotton growing, is being replaced by substitutes, like soybean oil, and synthetic fibre making has been encouraged by the high price of cotton.

Cotton is a bum. DIZZY DID OKAY—FOR DIZZY (N.Y. Daily News)

It came out yesterday that the taxpayers put up \$34,381 net for a recent eight-week European tour by Dizzy Gillespie and his jazz band. The U.S. Information Agency sponsored the jaunt, with a view to exhibiting "top-caliber representatives of American culture abroad."

It's Up To You

Who Decides How Much Equality... Mediocrity? L. H. D.

On Page 589 of "Modern Society: An Introduction to Social Science" by John and Mavis Biesanz, a widely used textbook, we find the questions: "Can we establish a measure of equality without leveling down to a plane of mediocrity?"

What is a measure of equality or a great deal of it? And why? Should we be a little equal who to decide how much equality or a lot equal; have a little mediocrity and how much mediocrity?

The authors answer their questions affirmatively by quoting from Max Lerner than whom there are few writers farther to the left: "Decidedly yes — if we use the method of democratic planning in the economic sphere."

The authors go on to define the kind of planning they want by again quoting from Lerner: "Technical coordination by disinterested experts, of consumption, production, investment, trade, and income distribution in accordance with the social objective set up by bodies representative of the majority."

Is political selection a satisfactory way to choose experts? Are bureaucrats ever disinterested as they plan "consumption, production, investment, trade and income distribution...?" Bureaucrats always want a greater measure of control and more money to spend. They are never disinterested.

Do the American people want these bureaucrats to decide what they shall eat and wear; what kind of houses they shall live in; what their children shall be taught; what kind of schools they shall attend, and other details of life?

Just imagine, dear reader, "disinterested experts," that is bureaucrats having charge of "income distribution." Who wants his income distributed that way?

And note that this distribution is to be "in accordance with the social objectives set up by bodies representative of the majority." What would restrain the majority from dispossessing the minority? Surely we must realize that the most gifted among us, the most constructive and those who contribute most to the production of wealth and the high standard of living which we enjoy are only a tiny minority. If we dispossess them in accordance with the pressure exerted upon politicians depriving them of the capital neces-

Some Down Fifth Of Whiskey A Day . . . Or More

# About 70 Million Americans Drink Alcoholic Beverages

**EDITOR'S NOTE:** This is the third in a series of dispatches on alcoholism. It reports on the symptoms of this "progressive disease" and offers a test for anyone who fears that he is on the way to becoming one of its five million victims.

By LOUIS CASSELS  
United Press Staff Correspondent  
WASHINGTON (UP)—Alcoholism creeps up on you.

Medical history records a few cases in which people seemed to become alcoholics as soon as they started drinking. Their susceptibility was so great that addiction came virtually with their first drink.

But the overwhelming majority of alcoholics slip gradually into the stage of uncontrolled habituation, usually after years of what they regard as "social" or "moderate" drinking. They deny, even to themselves, that they are becoming alcoholics. And they buttress their denials with many popular misconceptions about the nature and symptoms of alcoholism.

The best hope of arresting the spread of alcoholism, authorities say, lies in persuading its potential victims to recognize the danger signals and to seek competent help NOW.

**Danger Signals Listed**  
And what are the danger signals?

"The first sign of abnormal drinking," says Dr. Paul H. Stevenson, alcoholism expert of the National Institute of Mental Health, "is apt to be a change in the person's drinking pattern."

Mrs. Marty Mann, a recovered alcoholic who is now executive director of the National Council on Alcoholism, listed several other "early symptoms" of alcoholism: "Making promises about drinking."

Lying about the amount of frequency of drinking.

"Gulping" drinks.

Taking a drink BEFORE going to a party or appointment where drinks undoubtedly will be served.

Feeling the necessity to have drinks at certain regular times, and with any special event.

Feeling that you "must" have drinks for weariness, nerves, depression or to maintain a "pleasant" disposition "for the sake of others."

There is, moreover, one test which you can use to determine whether your dependence on alcohol has reached the stage of an illness from which you require outside help to recover.

**How To Test**  
The test is this: Set yourself a daily ration of drinks, not less than one and not more than three. If you're not a daily drinker (and some alcoholics confine their drinking to weekends) then the ration should be for those days on which you do customarily drink.

Decide that you will stick to this ration for a fixed period, at least three months, beginning now. You must not exceed the ration under any circumstances whatever.

Use the following table to determine whether you are drinking more than your ration. If you are, you are drinking more than your ration.

Use the following table to determine whether you are drinking more than your ration. If you are, you are drinking more than your ration.

Use the following table to determine whether you are drinking more than your ration. If you are, you are drinking more than your ration.

Use the following table to determine whether you are drinking more than your ration. If you are, you are drinking more than your ration.

Use the following table to determine whether you are drinking more than your ration. If you are, you are drinking more than your ration.

Use the following table to determine whether you are drinking more than your ration. If you are, you are drinking more than your ration.

Use the following table to determine whether you are drinking more than your ration. If you are, you are drinking more than your ration.

Use the following table to determine whether you are drinking more than your ration. If you are, you are drinking more than your ration.

Use the following table to determine whether you are drinking more than your ration. If you are, you are drinking more than your ration.

Use the following table to determine whether you are drinking more than your ration. If you are, you are drinking more than your ration.

Use the following table to determine whether you are drinking more than your ration. If you are, you are drinking more than your ration.

Use the following table to determine whether you are drinking more than your ration. If you are, you are drinking more than your ration.

Use the following table to determine whether you are drinking more than your ration. If you are, you are drinking more than your ration.

weddings, funerals, sudden death of a friend, inheritance or promotion. No "special occasions" or other excuses must be allowed, or you have flunked the test.

Any normal drinker, even one

used to drinking regularly and fairly heavily, should be able to pass the test. But the chances are a hundred to one against a true alcoholic passing it—or even being willing to try it sincerely.

**STOWAWAY**—Hitching a ride on mother's back, this day-old cygnet gets an affectionate nudge from "Liz," a swan who lives on a lake in Wembly, England. The newcomer is one of five hatched. The others quickly took to the water, but this youngster prefers its "swan's-down couch."

## Preparedness For Hurricane Was Effective

AUSTIN (UP)—A Red Cross official said today a preparedness plan worked very effectively in the "Hurricane Alley" of Texas' eastern gulf coast, hit by Hurricane Audrey.

Ralph Husted, public relations officer for the Red Cross, said 15 shelters were opened at Port Arthur Wednesday night in churches and schools, providing shelter and breakfast this morning.

State Civil Defense and disaster relief headquarters mobilized forces on a 24-hour alert basis to coordinate operations in the hurricane area.

Husted said about 2,000 persons

## Briton Says Death Increase Due To Smoking

LONDON (UP)—A British Health Ministry spokesman said today that a major part of the "very great increase in deaths" from lung cancer in males during the past 25 years was caused by smoking, particularly heavy cigarette smoking.

John Vaughan-Morgan, parliamentary secretary to the Ministry of Health, told the House of Commons in a long-awaited report.

"In their annual report and more particularly in their special review of the subject, the Medical Research Council advised the government that the most reasonable interpretation of the very great increase in deaths from lung cancer in males during the past 25 years was that a major part of it was caused by smoking tobacco, particularly heavy cigarette smoking."

"The government feels," the spokesman said, "that it is right to ensure that this latest authoritative opinion is brought effectively to public notice so that everyone may know the risk involved in smoking."

"The government now proposes to bring these views to the notice of the local health authorities who are concerned under the statute in the prevention of illness and who are responsible for health education as a means of prevention."
