George Humphrey Resigns From Post

Like Names Robert Anderson As Secretary Of Treasury

WASHINGTON (UP)—Secretary of Treasury George M. Humphrey resigned today. President Eisenhower nominated Robert B. Anderson, former secretary of Navy, as his successor.

Humphrey's resignation will become effective at a date no later than the close of the current congressional session.

Anderson's nomination was sent to the Senate at noon today for confirmation.

Infiltrators Place Mines In Israel

By WALTER LOGAN
United Press Staff Correspondent

An Israeli tractor driver was killed today and another farmer wounded seriously in the explosion of a landmine laid during the night by infiltrators from the Gaza Strip, an Israeli military spokesman announced in Jerusalem.

The explosion occurred on the outskirts of the village of Kisuim, near the Gaza border, while the tractor was taking dayshift workers to the fields. The tractor passed safely over the same dirt road Tuesday night, and police said infiltrators had entered the area since then.

Israel's other Arab borders were quiet, but tension remained with Saudi Arabia over Israel's use of the Gulf of Aquaba, and with Syria over construction of a "military" bridge in the Huleh Lake district near the Syrian border.

The U. N. Security Council Tuesday night postponed further discussions of the Syrian complaint against Israel's construction of the bridge and ordered a new and fuller report from the Palestine truce supervision organization.

Egypt's semi-official Middle East News Agency reported in Cairo that the Syrian government was planning to protest to the U. S. government against American planes which it said had committed "flagrant trespass" over Syrian territory.

The agency, quoting "official sources in the Syrian Civil Aviation Department," said an American plane flew over Syria Monday without permission and that another American plane was forced previously to land at Damascus airport for "having encroached on Syrian air space."

Back to Business

He informed the President that he had to give up government service as a matter of "absolute necessity" because of the illness and recent retirement from business of one of his former partners.

The President had known for two years that Humphrey planned to step out of the Cabinet. But the actual decision had been postponed repeatedly.

Today, Eisenhower told Humphrey that the actual receipt of his letter of resignation filled him with "profound regret."

"Yet because of your personal situation, which I fully understand, I, of course, accept your decision," the President said.

Humphrey has been secretary of treasury since the Eisenhower administration took office in January 1953.

The late Martin P. Durkin quit as secretary of labor in a dispute over legislative recommendations. Mrs. Oveta Culp Hobby resigned as secretary of health, education and welfare, and Douglas McKay resigned last year as secretary of interior to run, unsuccessfully, for the Senate from Oregon.

Anderson, an Eisenhower Democrat, served as secretary of Navy in 1953 and 1954. The 46-year-old native of Burlington, Tex., later was elevated to deputy secretary of defense, a post he held until late 1955.

Since leaving the government in 1955, Anderson headed a Canadian mining and development firm known as Ventures, Ltd. He was a Texas Democrat for Eisenhower in 1952. In 1956, however, he established legal residence in New York and registered and voted Republican.

Anderson has a long record in Texas politics. He served in the Legislature, as assistant attorney general, state tax commissioner and chairman of the Unemployment Compensation Commission.

Humphrey told the President that in his remaining days of government service, he would be glad to assist in efforts to put the fiscal 1958 budget through Congress, particularly in the defense and mutual assistance areas.

When Eisenhower sent the \$71,800,000,000 budget to Congress in January, Humphrey said there were a number of places where it could be cut. He warned that unless big government spending was reduced in future years there would be a "depression that will curdle your hair."

Humphrey had high praise for Anderson and said he knew that it was "his fixed determination to carry forward the plans and policies in our fiscal affairs which have guided us continuously during the time that I have been here with you."

Services Pending For W. J. Haley

William J. Haley, 1013 Mary Ellen, died at about 9:30 last night, following a heart attack, while working in the oil field.

Mr. Haley was born July 12, 1887, in Bradford, Pa. He came to Pampa from Okmulgee, Okla., in 1933, and had worked as an oil well driller and drilling contractor in the Pennsylvania, Oklahoma, and Texas oil fields all of his life.

He is survived by his wife, Ella; one daughter, Mrs. Roger F. Williams, Tulsa, Okla.; one son, William J. Jr., Pampa; three sisters, Mmes. John O'Donnell, New York City; Frank Wilcox, Okmulgee; Leo Murphy, Cleveland, O.; one brother, Joe Haley, Bradford, Pa.

A rosary will be held tonight at 8 in the Duenkel-Carmichael Chapel.

Funeral arrangements are pending.

Second Atom Test Delayed

LAS VEGAS, Nev. (UP)—Atomic Energy Commission scientists today called off the second blast in the 20-shot series of A-bomb tests.

The test of the second "midget" nuclear device was postponed for 24 hours after a weather evaluation meeting. The next weather session was scheduled for this afternoon.

After a delay of nearly two weeks, the AEC Tuesday set off the initial detonation in the United States' most extensive series of nuclear tests.

The device, packing a wallop of 10,000 tons of TNT, was set off atop a 500-foot tower. A double-headed mushroom cloud boiled up to 35,000 feet and moved slowly northwest over virtually uninhabited territory.

Chugo Koito of the Japanese Kyodo News Service said he was "somewhat disappointed" with the test.

"It is not as terrible as I had expected," he said. "But it is terrible enough. Like all the Japanese people I would like to see all A-bomb and H-bomb tests halted immediately because of the fall-out danger."

The boiling remnants of the cloud from Tuesday's detonation moved off in two concentrations which the AEC said would not drop "anything more than a light fallout."

Japanese Protest Atom Tests

TOKYO, (UP)—Japanese police formed lines three deep in front of the U. S. Embassy in Tokyo today and fought off 100 enraged Japanese university students protesting the Nevada atomic tests.

A rainstorm and heavy police reinforcements appeared to have forestalled a large-scale protest, but a die-hard group of 50 students had a second angry clash with police in front of the embassy tonight.

The students converged on the embassy gate in a solid body in an attempt to crash police lines and enter the compound. The Japanese police ordered a charge and drove the students more than 100 yards down a hill.

The students held a rally and promised another demonstration "in a few days."

Shortly before the rainstorm student reinforcements arrived in a bus owned by the Association of Metropolitan Teachers. At the same time Japanese police opened embassy gates and nine embassy cars shot into the street loaded with embassy employees. The students did not attack.

An embassy official talked with some of the students but would not comment. He appeared after police had fought off the early group of 100 students.

Firemen Probe Cause Off Fire

Fire Chief Ernest Winborne reported that investigation of the fire which occurred early Sunday morning was still being conducted. The cause of the fire, at 822 Octavius, has not yet been determined.

The house and contents were destroyed by the blaze before Pampa firemen could extinguish the flames. Residents of the house were not at home at the time the fire started.

Noon Lions Club Cancels Meeting

O. K. Gaylor, secretary of the Pampa Noon Lions Club, reported this morning that the club will not meet tomorrow because of the Memorial Day holiday.

Pampa Invited To Rejoin The Canadian River Water Authority

A formal invitation to Pampa to rejoin the Canadian River Municipal Water Authority was made yesterday by George Finger of Borger, vice-president of the authority.

The invitation came during a discussion held by representatives of the CRMWA with members of the City Commission, city officials and local businessmen at a noon luncheon yesterday in the Pine Room at the Pampa Hotel.

The representatives of the authority requested the meeting with the members of the City Commission so that latest developments in the attempt to build the dam across the Canadian River west of Borger and also a network of water distribution lines to service the cities that are a member of the authority.

Others representing the authority at the meeting were: A. A. Meredith of Borger, authority secretary; Hudson Davis of Borger, director of the authority; and Fritz Thompson, former director and financial representative.

Finger reviewed the work of the authority since 1950, when Congress authorized the construction of the dam, and reported on the results of an attempt to obtain private financing for the dam. He reported that this attempt was a failure and that the authority was now going "back to Washington" to try to obtain an appropriation from the government for the construction of the dam.

He explained that the authority will try to obtain grants from the government that apply to flood control features and also the part of the cost that the government will normally pay for civil defense.

The remainder of the money, Finger explained, will be a 50 year loan from the government that the authority will pay back from revenue obtained from the sale of water to member cities and member industries.

Finger and Meredith explained that the authority needs the three cities that dropped out of the authority when private financing plans made the cost of water too high to rejoin the group so that a better chance of obtaining the money from Washington will be had. The cities that dropped out, besides Pampa, are Plainview and Amarillo.

Finger reported that the City Council of Plainview had already passed a resolution favoring the return of Plainview to the authority and asked that the City Commission of Pampa pass a similar resolution. The commissioners took no action at the noon luncheon meeting yesterday and reported that they wished to study the situation before taking any action on the request.

Those representing the authority at the meeting yesterday reported that all previous work on the authority would be forgotten and that a new start would be made on obtaining financing. Finger reported that he believed that the return to federal financing that the cost of water would be near 13 cents per thousand gallons.

As the result of a question on the bonds voted by the authority, Finger reported that the authority had voted to not issue any bonds but that the voters of each city that authorized the bonds would have to vote the cancellation of the bonds.

In order for Pampa to rejoin the authority, a petition bearing the names of at least 50 qualified voters within the city will have to be submitted to the authority for an election to be held here. After the petition is presented the authority will call an election and if a majority of those voting favor rejoining the authority Pampa will again be one of the member cities, Finger reported.

The question of the cost of water kept coming up during the discussion and the representatives of the authority told those present that the exact cost could not be determined until the money had been obtained and it was determined how much money the authority would need each year and the amount that would be consumed from the lake. They also reported that the directors of the authority would decide the cost of water for each town and that anyone town could veto the cost of water to any other town.

Finger concluded the discussion by stating that any city in the authority could back out if the final cost of water was too high or if the city disagreed with any other part of the plans for the dam.

Governor Daniel Set To Call Special Legislative Session

AUSTIN (UP)—The Legislature will be called into special session by Gov. Price Daniel sometime in the fall of this year, "probably October."

Daniel said a lobbyist registration act will be "one of the main objectives" of a special session of the Legislature. Others he said he will probably submit will be a water conservation storage plan, payment of interest on old state bonds and his proposal for a statewide law enforcement commission.

The Governor said he doesn't want Texas to be known as a state that can't pass legislation controlling lobbyists.

Such a bill failed on the last day of the 55th Legislature last Thursday when a joint conference committee couldn't agree.

Studying Plan

A constitutional amendment providing 100 million dollars for purchase of conservation storage space in federal reservoirs also failed. Constitutional amendments cannot be considered at special sessions.

However, Daniel said he was studying a plan to offer the measure as a bill rather than a constitutional amendment. It would create a statewide water conservation district with power to issue bonds for purchase of storage space.

Daniel said "I do not" see anything requiring a tax bill in the special session.

He said he did not anticipate submission of segregation legislation at the special session.

Not Private Citizens

Daniel said the lobbyist registration bill should include "anyone who appears before the Legislature for pay" but not private citizens exercising their constitutional rights in voicing themselves before the Legislature.

"One of the main purposes of the act is to identify persons appearing before the Legislature for pay," he said. He said he found "very few" full-time lobbyists, engaged in legitimate practice, opposing the measure. He said "it's the fly-by-night people who seem guilty of things now under investigation" who oppose the act.

Daniel said he planned to call the session "in the fall—probably October." He said it would not be called before then "unless there is some compelling reason."

Attempt Made To Restore Cuts In Budget

WASHINGTON (UP)—Administration forces rallied today in the House for another try at restoring some money to President Eisenhower's slashed defense budget.

The House called an early session in an attempt to get a final vote on the big money bill by tonight.

House GOP leaders hoped to put back into the bill about \$44 million dollars—only 25 per cent of the amount Eisenhower said was needed in order not to gamble with the nation's security.

The GOP attempt failed on its first test Tuesday. A proposal to restore 80 million dollars was defeated in a non-record 145-113 vote.

The defense bill as reported to the House floor provides \$33,541,000,000 for fiscal 1958. The President originally asked for \$2,587,000,000 more.

Other congressional developments

Housing—The Senate cut \$1,250,000,000 from the big Democratic-backed housing bill. That reduced it to \$1,600,000,000—almost twice as much as the administration proposed. The Senate hoped to complete action on the bill by tonight.

Farm—Secretary of Agriculture Ezra T. Benson's new request for authority to lower price supports appeared to face strong congressional opposition. Benson proposed that Congress give him authority to fix supports on basic commodities from 0 to 90 or 60 to 90 per cent of parity. Benson said the 0 to 90 proposal "has the greater merit."

Taxes—Congressional tax writers tentatively voted to open up to the public the fiscal records of tax-exempt charitable and educational foundations. Information sources said the House Ways and Means Committee directed its staff to draft the necessary legislation.

Rackets—The Senate Rackets Committee will swing its attention next week to the Bakery Workers Union. The hearings open Tuesday.

Toastmasters To Buy Recorders

The Pampa Toastmasters' Club met at 8:15 p.m. at Pooles' Drive-In and voted to purchase two tape recorders. The recorders will be used by the members for speech training.

The group heard four speeches evaluated. C. G. Massey's speech was evaluated by C. B. Lutes; Dr. R. E. Thompson's, by O. H. Kirchner; N. P. Olson's, by F. N. Malone; and R. K. Swanson's, by B. Stapler. Toastmaster for the evening was E. C. Juenger.

One guest, Dwan Kuntz, attended. He is the son of Member Lloyd Kuntz. Nineteen members were present.

The next meeting will be held June 4. Any guests who are interested in the club are invited to attend.

FAREWELL PARTY—The three employees of the Pampa Chamber of Commerce who will be leaving their jobs after work Friday were feted to an informal "Farewell Party" in the chamber offices this morning. Shown above they are, front, Mrs. Clotilde Thompson, and, behind her left to right, Mrs. Iris Ragsdale, Paul Crouch, chamber president who presented a silver platter to the women, and Mrs. Mary Ann McCloskey. Pampa Stores To Close Tomorrow

Most Pampa stores will be closed tomorrow in observance of Memorial Day, reported Charles B. Cook, chairman of the Merchant's Activity Committee of the Chamber of Commerce. The day is one of the six official holidays set up by the Merchant's Committee.

"Some cafes, service stations and grocery stores will probably stay open," stated Cook, "but generally speaking most of the stores will be closed in observance of the day."

Employees Leaving CoC Are Honored

The three employees of the Pampa Chamber of Commerce who announced approximately a month ago that they would be leaving their jobs June 1 were feted to an informal "Farewell Party" in the chamber offices this morning.

The three, Mrs. Clotilde Thompson, Mrs. Iris Ragsdale and Mrs. Mary Ann McCloskey, were given silver platters in token of appreciation for their work for the chamber. Inscribed on the platters was, "Presented to (name) by the Pampa Chamber of Commerce in appreciation of (number) of years of faithful and efficient service, (date), 1957."

Attending the affair were employees of other interests in City Hall, director of the chamber and members of the City Commission. Coffee and rolls were served.

Chamber Manager E. O. Wedgeworth announced the names of the three women who will be replacing the employees who have resigned. They will be Mrs. Eloise Braly, Miss Carolyn Maples and Mrs. Linda Beth Chaffin. Mrs. Braly and Mrs. Chaffin reported for work this morning and Miss Maples will start work Friday.

Paul Crouch, chamber president, spoke at the affair. He told the three women of his and the chamber's appreciation for their work over the years. Mrs. Thompson has worked for the chamber for approximately seven years and Mrs. McCloskey about five years.

Rains Let Up Over Texas

By UNITED PRESS

Heavy rains let up for the second straight day in Texas today, although most major streams still were flooded from the latest stage of downpours which pelted the state last week end.

A new levee break on the Trinity River south of Dallas flooded another 2,000 acres of rich farmlands today, but no homes were threatened in the area.

It was the second break in the Trinity levee in three days. An earlier levee washout, on the main Trinity bed, flooded 4,000 acres of land and chased several farm families from their homes.

Today's washout was in the Cottonwood levee some four miles below the original break. Water rushed through the new break into Five Mile Creek and there was a possibility of a third washout as floodwaters sprawled over the south Dallas county lands.

No New Deluges

Forecasters said no new deluges of rain were expected in the state the next two days, although some scattered thundershower activity would visit South and West Texas again during the afternoons.

A low pressure system, which pulls moist air northward from the Gulf, was centered over western New Mexico today and drifted farther to the west overnight.

There still was a possibility that the system will move eastward later this week or early next week returning more general rains to the state.

Economic Study Group Has Meeting

Members of the Chamber of Commerce-sponsored economic study group number three met in the Pine Room of the Pampa Hotel this morning to set the date and time for the course.

Members voted to meet on Tuesday during the 17-part course. The meeting time is to be 7 a.m. and studies are expected to be completed by 8:15 a.m. The first meeting date was not definitely set as books and materials for the course have not yet arrived but are expected within a week to 10 days. Mack Hiatt will act as coordinator.

Pampans who have signed up to take the course include Dr. T. J. Wright, Paul West, George W. Thompson, Waldon E. Moore, Max A. Bolick, Wayne D. Irwin, Otis Nace, R. W. Curry, Doc Cagle, John A. Hoover, Curt Beck, Horton Russell, A. L. Poore, Alvin Helme, E. B. Bowman Jr., Walter Worley Jr., Joel Combs, J. M. Wilks, Bill Atkinson, Ted Gikas and John Gikas.

Civil Defense Meet Has Large Crowd

Approximately 65 to 70 residents of Gray County attended the meeting last night in the District Courtroom and heard a discussion of the organization of the Civil Defense organization in this county, Sheriff Rufe Jordan, Civil Defense coordinator, reported today.

Jordan reported that the explanation of the organization of the county unit was followed by a question and answer period and that all those attending the meeting showed interest in the program.

He also stated that an auxiliary police force would be formed in the near future. These auxiliary officers would help maintain order in the event of a disaster.

Swimming Pool May Open Sunday

John Koonz, purchasing agent for the City of Pampa, reported today that the Municipal Swimming Pool would open Sunday if repair work currently being undertaken at the pool is completed.

Koonz asked citizens to check The News Sunday for the announcement of the pool's opening and said that it would definitely be opened on that day if repair work is completed.

RUTH MILLET

A middle-aged woman doesn't feel her age all the time. The awareness of being middle-aged strikes her at odd moments like —

When she goes shopping for a new dress for herself — and comes home with two for her teenage daughter instead.

When her husband, who used to whistle when she came out dressed for a party, says with gentle courtesy about her newest cocktail dress, "It's a nice dress and you look nice in it."

When a pert, young beauty operator says, "You know you're getting quite a lot of gray in your hair."

When an eager saleswoman tries to sell her a hat on the plea that it is "youthful."

When she meets a friend she hasn't seen in 20 years and is startled by how old the friend looks.

When she starts to thread a needle or look up a telephone number and has to hunt her glasses first.

When she goes to a dance and the young band leader after taking a look at the crowd plays the popular songs of their youth.

When her children discover a picture of her taken at 18 and say incredulously: "Mom, is that really you?"

When she is hurrying through a store and catches a glimpse of a tired, middle-aged shopper and realizes she is looking in a mirror.

It is only at such odd moments as these that a middle-aged woman actually feels middle-aged.

A Story of the Last Day In The Lives of 4 Young Women

By JAMES GEGGIS
United Press Staff Correspondent
MAYNARD, Mass. (UP)—This is the story of the last day in the lives of four young women. Tuesday, May 21.

It began as a very ordinary day. Dorothy Boothroyd, 27, and her sister, Naomi, 22, drove together to the telephone company building where they worked as switchboard operators.

In the doorway that morning they met their friend, Barbara Doran, 24, a company secretary, and made plans for the evening. They were going to a phone company dinner for its employees.

A fourth girl, Kathryn Brobitsky, 24, had called Dorothy the night before and, since she formerly worked as an operator too, they invited her along.

Picks Up Others

Miss Brobitsky picked up the others at 6:30 p.m. in her light blue, 1952 Plymouth sedan. All four had dressed up for the dinner. Rain had fallen during the day but by evening the skies were clear.

There were about 60 phone company people at the Twin Tree Restaurant and almost everyone knew the others. But it was a pretty dull evening. Food and conversation on courtesy to customers. No drinks, no dancing, no entertainment.

When it finally broke up, the girls were in the mood to have some fun and Dorothy suggested bowling in Harvard, 12 miles away.

"It's still early and it's a wonderful night for a drive," she said. **Two Refuse Invitation**

It was. The stars had come out and the air was mild. The girls tried to persuade Kay Sullivan and Ruth McNiff to go bowling, too. But Miss Sullivan said she was "getting too old" and Ruth said she wanted to read and go to sleep.

So Miss Brobitsky dropped off the other two operators at their homes. Then she headed for Harvard on Route 2, a four-lane highway. It was 10:20 p.m.

At the cloverleaf intersection into Harvard, Kathryn apparently became confused for one brief moment. She slowed down the car in the right hand lane.

There was a thunderous, then grinding crash as a huge trailer tank truck hit the sedan from the rear. It crushed into the passenger car whose gasoline tank ignited.

Pinned In Back Seat

The sisters, Dorothy and Naomi, were pinned in the back seat. They were burned black. It was after midnight before rescue workers cut through the welded steel of the truck and the cars to remove their bodies.

Truck driver Sheldon P. Steady, 25, himself unhurt, pulled Kathryn from behind the wheel. She was dead.

It was not really the last day for Barbara but it might as well have been. She clung to life for 48 more hours.

All four girls drove cars. None of them had ever had an accident before.

Their story is not too unusual. Something very close to it is going to happen to some 600 of us this Memorial Day weekend.

A New Afternoon Offering For Ladies Due On TV

By WILLIAM EWALD
United Press Staff Correspondent
NEW YORK (UP)—"Lucky Lady," an afternoon show that has moved out of the recipe stage into the cooking pot at ABC-TV, is almost certain to take a roasting from the critics next fall.

But Keeffe Brasselle, the young man picked to emcee the program, wants all the critics to look in and write about it anyway.

"The critics are going to be panicking this show the way they do almost all daytime shows," said Brasselle with jolly unconcern. "Especially, if it comes out in what they consider cliché-like terms."

"But I WON'T resent any panicking. I don't care how much the critics knock this show. With something like this, I go along with Eddie Cantor who once said to me — 'The only group that likes me is the people.' They're the ones who are going to make this show a success."

"Lucky Lady," filmed in a test run in Manhattan last week, is shaping up as one of the afternoon entries on ABC-TV's expanded daytime schedule for next fall. It is one of those audience participation things and is being packaged by Walt Framer who put together "Strike It Rich" and "The Big Payoff" — both targets of critical buckshot.

120 Traffic Deaths Expected During Holiday

CHICAGO (UP)—Deaths on the highway awaits 120 persons during the 30-hour Memorial Day holiday, according to a forecast Tuesday by the National Safety Council.

Council President Ned H. Dearborn said the anticipated toll would be 45 higher than the average of 75 traffic fatalities for a non-holiday Thursday in May. The holiday period is figured from 8 p.m. Wednesday to midnight Thursday.

Dearborn urged holiday drivers to "honor the dead by respecting the living."

NO SOFT PEDAL

MANHASSETT, N. Y. (UP)—More than half of the bicycle riding public of this North Shore Long Island community was grounded today. Some 290 out of 549 youngsters Tuesday flunked their bicycle riding tests and were denied licenses. A community safety program forbids bicycle riding without a license.

Too Many Youths In 'Fight' Story

A misunderstanding as to the number of youngsters involved in a fight at a local drive-in Saturday night was in evidence in a story in Monday's paper.

The story said "90 to 100 youths were involved" in the fight. Actually, only six to ten youths were involved in the actual fighting. Reports from the police department showed that 90 to 100 youths were present when the fights occurred but only the smaller number were actually involved in the "fisticuffs."

Recognize Boy As Hero

CHICAGO (UP)—A boy, 12, who saved a baby's life by breaking the infant's fall from a second story window, won belated recognition today as a hero.

Little Jimmy Thomas had kept mum about his role in the incident last Saturday because he was ashamed that he hadn't caught the falling infant.

Doctors at Garfield Park Hospital said the baby would have been killed if Jimmy had not broken his fall. The infant suffered a skull fracture, they said, but will probably live.

Jimmy tearfully owned up to his heroism Monday under questioning from his father. The boy said he felt guilty because the baby slipped through his arms and had to be taken to a hospital.

Jimmy said he and his brother, Tommy, 10, were playing in their coaster wagon in the back of their home when a football flew out of a second story window.

Moments later, they saw Billy Wayne Taylor, 21 months old, crawling out of the window after the football.

"Go back, little boy, go back," Jimmy screamed. But Billy paid no attention and fell from the ledge.

Jimmy ran to the house, held out his arms, clenched his teeth and braced himself as hard as he could. The 35-pound baby hit Jimmy's arms, then slipped through and fell onto the sidewalk head first. Jimmy weighs only 75 pounds.

Jimmy called to his mother, "Mommy, the baby fell out of the window." Mrs. Thomas notified the fire department and the police. Jimmy was ignored in the excitement, but watched fearfully in the background.

A neighbor who had seen the baby fall later mentioned the incident and asked about the "little boy who saved the baby's life." The word spread around the district, but nobody knew who the little boy was.

Jimmy's father, Leonard, also became curious and questioned his son closely about "this little boy."

"It was me, Daddy," Jimmy said, and burst out crying. "I caught him but I couldn't hold him."

Two Accidents Reported Here

Two automobile accidents were reported to city police in a period between yesterday noon and early this morning.

The first accident reported occurred at 2:21 p.m. yesterday at the intersection of N. Hobart and West when a 1955 Ford driven by Donley K. Burrell of 1340 Farley collided with a 1951 Buick driven by Betty Kay Shroyck, of 701 Lefors.

Damage on the Ford was estimated at \$75 with \$80 in damages on the Buick.

The second accident reported took place on the intersection of W. Kentucky, 20 feet east of N. Hobart at 5:45 p.m. yesterday. At that time a 1956 Chevrolet driven by Marie S. Garretson, of 910 Scott, collided with a 1956 Buick driven by Minervia Dunivan Chisholm, 1811 Hamilton, causing \$175 worth of damages on the Buick and \$25 on the Chevrolet.

One Not Guilty Plea Entered In Court

Two cases were tried in County Court yesterday and this morning resulting in a plea of not guilty by one man and a \$25 fine for another.

William Frank Smith of Pampa was fined \$25 plus costs after pleading guilty yesterday afternoon in County Court to a charge of driving while his license was suspended.

Smith was arrested by city police yesterday morning.

A plea of not guilty was entered by Ted Edgar Tyler of Pampa who was arrested by city police on a charge of driving while intoxicated.

Tyler was released on \$500 bond.

NEW FATHERS INEFFECTIVE

LA MESA, Calif. (UP)—Male school teachers of La Mesa Valley School district have been authorized to take one day off with pay whenever they become a father. The district trustees agreed Tuesday a teacher is not in any condition to teach "effectively" the day after becoming a father.

Chapter Seven

THE BALD BOY

About Genes And Bald Spots

By ELMER WHEELER
I was duped. The doc had sold me out.

"How could I go home and explain that the 'great medical discovery' to keep hair from falling off the noggin, was plain old glue? So instead, I visited the guy the doc recommended, Peter J. Michael.

He took me into a room and sat himself in front of a large window. He didn't fool me at all. That was an old bald boy's trick, sitting in the window light so you couldn't see, from the strong light, his lack of hair.

Michael's was fast receding. At least, I would get some information from a doomed blond.

He was most sympathetic. He heard his soul, and his head, and told me how he had read volumes on the hair, on diet, on disorders of the scalp and skin and the mind of the condemned bald boy.

"It all comes down to chromosomes," he told me, and when I asked him what new disease this was he laughed and explained.

He told me that the male and the female each have chromosomes in them, and that the uniting of these at conception determines many things, such as the color of the skin, eyes, and whether the child would be a boy or girl, tall or short.

Further, it told whether you'd be bald.

Here is how he explained this point.

"It seems every part of us, from our fallen arches to our 11 in hair, is made up of cells. Trillions of them.

In each cell there are the chromosomes, 24 pairs of them — 48 in all.

What's a chromosome? It's a chain of genes.

Let it be sufficient to say that the 24 chromosomes in the male will pair off at conception with the 24 chromosomes in the female to become the newborn child.

By some unknown process the chromosomes split, each half going into a different cell to multiply.

If these 24 pairs match, the child is a girl; if not, well you guessed it, the unmatched become a boy.

Still with me?

This is the process that determines what we will inherit from pop and mom at birth; and if it sounds complicated, remember losing the hair is complicated, too.

Now here is what Peter J. Michael told me gives or takes a way out of hair.

Inside one of the chromosomes is a gene that is bad. A malicious gene. For if we get it, we lose our hair. That's science's own explanation.

"Just remember this," said Peter, "the next time some ad or someone tells you he can grow hair on the proverbial billiard ball."

Now, if you are a woman, you've a better chance of not getting this gene that roulette, itself around with the good genes. You see, to "win" the bad gene if you are a woman doesn't count. You must get two of them. Then you are a bald woman.

"Of course, if you haven't inherited the bad gene, and yours is one of those curable cases, you have hope.

"Did your doctor tell you about how the clogged-up condition of the sebaceous gland may be causing premature falling of hair? Did he tell you that the hole in your hair may be from a nervous upset, worried or just plain curably diseased condition?"

I said no to both.

He told me to make sure the doc covered these two situations while I still had some hair left, and that if these were not my causes of loss of hair, then to return to him.

"I'll give you the psychosomatic cure," he said.

I asked him what in thunder this discovery was.

He told me it was for the "incurables," the doomed bald boys, the "Curlys" in life.

I was determined not to give up. Didn't Michael and the doc both tell me that while there was fuzz, there was hope?

I walked home. I was so absorbed in these final "hopes" that I actually forgot to wear my hat until a friend yelled:

"Hi, Baldy!"

When I got home I kicked the dog into the yard. He was shedding nice long handsome hairs all over the den rug.

The best!

NEXT: Doc gives Elmer a stern lesson in hair hygiene.

Final Tests For '500' Held Today

By KURT FREUDENTHAL, United Press Sports Writer INDIANAPOLIS, Ind., (UP)—The 33 starters in the Memorial Day 500-mile auto race push their low-slung roadsters onto the speedway oval today for final tests and shakedown runs. Some will practice tire changing and refueling against the stopwatch. Others will check carburetion and cruise around the brick and asphalt course at a speed they hope to maintain for 200 laps in their bid for fame and glory in the nation's premiere gasoline derby. The weather outlook was optimistic. It called for "mostly fair and cooler"—a 100 per cent improvement over predictions for the two time trial weekends, when rain interfered on all but the final day last Sunday. The majority of pilots figured on at least two pit stops. Some cars, like the big powerful Novis driven by Paul Russo and Tony Bettenhausen, may make as many as four. "The smoother you drive, the more you'll conserve your tires," said former national driving king Sam Hanks, who is competing in his 12th "500." "I plan to save my rubber so I'll have to make only two stops."

Hanks was runner-up to Pat Flaherty last year. Jimmy Daywalt was one of the few speed merchants hoping to make just one stop—"and we can do it, too," he added confidently. Although the racing fraternity differed on the number of pit stops, the consensus of opinion was the winner will stop three times for servicing. His car will be especially hard on tires because it is the "take charge" machine.

Close Games Open Little, Pony Seasons

Close games were the order of the day yesterday afternoon when the Optimist Club-sponsored Little Leagues & Pony League opened their seasons. One game went into extra innings and the other two were closely contested. In the Eastern Little League, the Cabot Carbon Co. team, managed by R. L. Chase, was host to the Sportsman Store team, managed by Bob Banks. Cabot took the decision in this one in extra innings by the score of 3 to 2. Chase was the winning pitcher for Cabot after coming on to relieve Price in the 7th inning. Losing pitcher for the Sportsman Store was Paul Glick. In six innings of pitching, Price gave up three hits and struck out 11 men. Losing pitcher, Glick gave up three hits also and struck out eight men. Score by innings: Cabot, 200 000 1 Sportsman, 002 000 0. Western Little League play had Utility Oil & Supply Co. playing the "One-Bull Ranch" team. This was another close contest with Utility winning in the sixth inning by the score of 4 to 3. R. L. Harris was the winning pitcher in the contest, going all the way. He gave up two hits and struck out nine opposing batsmen. Jerry Glover was the losing pitcher, giving up two hits also and

striking out nine opposing batsmen. Score by innings: One-Bull Ranch, 003 000 Utility Oil & Supply, 001 210. Pony League play had the Optimist Club team playing the Kist Beverage Team. The Optimist team took this one by the score of 9 to 1. The game was not as one-sided as the score might reflect, since the scoring came in almost the same innings. Winning pitcher for the Optimist Club was Larry Wilson, striking out 11 men and giving up one hit. Losing pitcher was Don Stephens who was relieved by Dennis Duncan. Between these two they gave up eight hits and struck out four opposing batsmen. The score by innings: Optimist Club, 804 101 0 Kist, 010 000 0. Today's games are Duncan Insurance Agency vs Hoffman Oil Co. in the Eastern Little League; Wilson Drug Pillrollers vs C. M. Jeffries Trucking Co. in the Western Little League; and in the Pony League it will be Pampa Paint & Glass vs First National Bank.

2 Games Played In Industrial

Both softball games played in Industrial League last night were ended in five innings under the league ruling that "if one team is ahead by 10 or more runs, the game may be called complete." Both games were played at the Lions Park in Pampa. In the first game, Sinclair took the five-inning win when they had tallied 15 runs to Motor Inn's five at the end of the fifth. In the second game, Frontier won in five innings, 12 to 3, over Pan American. The League had scheduled a board of directors meeting tonight but it has been called off until further notice, according to Charles Wilkerson, league director. The next game scheduled pits Schlumberger against Motor Inn and Phillips against Magnolia, both at the Bowers City Park, Thursday.

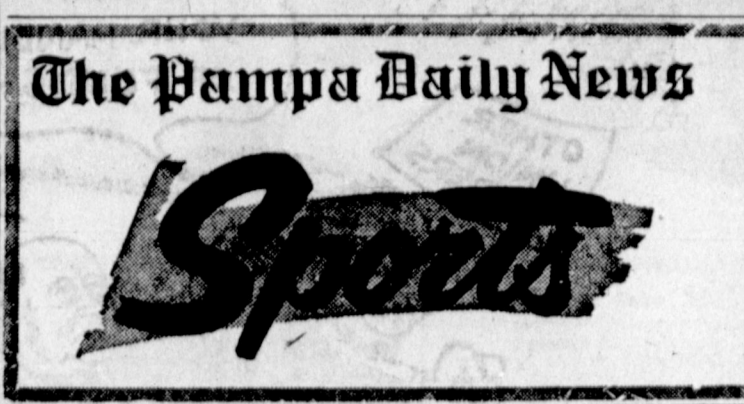

Final Legion Try-Out Today

The American Legion Junior Baseball team, the Rebels, will hold the final try-out session today at Oiler Park. There were 40 boys trying-out for the team in yesterday's session. Lester Jones, post commander, reported this morning that the team will be certified tomorrow. The team's first exhibition game will be played here a week from Saturday, June 8.

Club Owners Consent To Dodger, Giant Move

Braves Slip By Redlegs, 1-0

By TIM MORIARTY, United Press Sports Writer If there are any members of the Dodgers and the Giants harboring misgivings about their proposed transfers to California, they ought to consult Warren Spahn. Since moving west with the old Boston Braves to Milwaukee four years ago, Spahn has proved he is just as good pitching on the shores of Lake Michigan as he was during his younger days on the banks of the Charles River. The wily, 36-year-old southpaw hooked up with Cincinnati's young Don Gross in an old-fashioned pitching duel Tuesday night at Milwaukee. Gross had a no-hit, no-run game going until the eighth inning when Bobby Thomson led off the frame with a triple and later scored on Frank Torre's single to give Spahn and the Braves a 1-0 victory. The Braves' triumph allowed them to move within 2 1/2 games of pace-setting Cincinnati and to within a half game of the Dodgers, who dropped a 3-2, 11-in. decision

to the Pittsburgh Pirates. In other National League night games, Larry Jackson pitched the St. Louis Cardinals to a 5-1 triumph over the Chicago Cubs, and the Phillies whipped the Giants, 16-6. **Chisox Down A's** In American League action, the White Sox retained their two-game hold in first place by downing the Athletics, 5-1; the Indians shaded the Tigers, 4-3, and the Yankees scored three runs in the 10th inning to defeat the Red Sox, 8-5. Baltimore and Washington were not scheduled. Spahn allowed eight hits in chalking up his fifth victory of the season and his third over the Redlegs this year. He has always been tough on Cincinnati and how holds a 42-14 lifetime record against the Redlegs. Pittsburgh relief pitcher Elroy Face won his own game against the Dodgers when he scored on PeeWee Reese's wild throw to the plate in the 11th inning. Don Newcombe absorbed the loss. The Phillies ran up their highest total in nearly three years against the Giants, winning pitcher Bob Miller, Rip Repulski, Willie Jones and Stan Lopata each drove in three runs. Johnny Antonelli failed to retire a single batter as the Phillies hopped on him for four runs in the first inning and handed him his sixth loss. **Moon Extends Streak** Jackson, a relief pitcher, was awarded with his second start of the season against the Cubs and promptly set them down with only five hits. A single by Wally Moon enabled him to run his hitting streak through 21 games. Rookie Bill Fischer allowed only six hits in pitching the White Sox to their win over the A's. He lost his bid for a shutout in the fourth inning on a homer by Hal Smith. The Red Sox came from behind to tie the Yankees, 5-5, on Ted Williams' 11th homer of the season. But Hank Bauer doubled home two runs for the world champions in the 10th and the Gil McDougals singled home the "hero."

Game Set For Sunday Here

Pampa's American Legion colored post 898 will sponsor a baseball game Sunday in Oiler Park. The post's team, the Black Oilers, will meet the Altus, Okla., Black Panthers at 2 p.m. Tickets will sell for 50 cents to adults and 25 cents to school children.

Bums May Go To L. A.; Giants To San Francisco

By LEO H. PETERSEN, United Press Sports Writer CHICAGO, (UP)—The Brooklyn Dodgers and New York Giants were set for the "California Gold Rush of '58" today in a package deal that may also transform the Cincinnati Redlegs into a New York franchise. The way for the most drastic revision of the major league baseball map in history was officially paved Tuesday when National League club owners unanimously consented to permit the Dodgers to shift to Los Angeles and the Giants to San Francisco. The owners stipulated both clubs must make up their minds before Oct. 1. General Manager Gabe Paul of the Redlegs did not ask similar permission to transfer the Cincinnati franchise but a top baseball official told the United Press the Redlegs will move to New York if the two other clubs move out. It was the same official who informed the United Press of the developments which occurred Tuesday.

Hobbs Back In 1st Division In S'Western

By UNITED PRESS Hobbs, the bouncing ball of the Southwestern League, was back in the first division today after an excursion into the lower regions of the circuit. The Sports, which have been as high as third and as low as last this year, held fourth place by half a game today after stopping Carlsbad Tuesday night, 7-5. El Paso fell into fifth as Clovis continued to maintain its slim lead with an 8-1 victory. Ballinger kept pace by whacking San Angelo 6-1 and Midland edged ailing Plainview, 10-9.

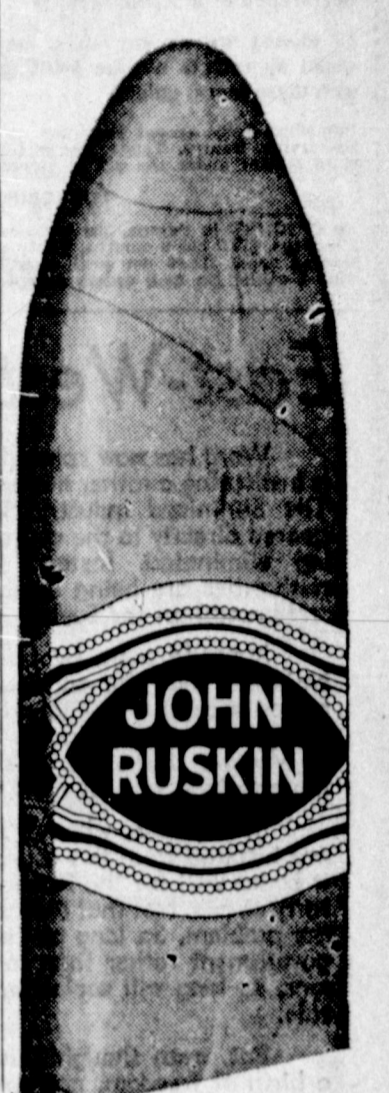

Fury On All Fronts The biggest bombshell to hit baseball in years resulted in the following furious activity: Mayor Robert Wagner of New York said he will "do everything I can to keep the Dodgers and Giants in New York." Wagner is scheduled to take the matter up today in an emergency meeting with other city officials. Mayor Norris Poulson of Los Angeles arrived in New York to press the matter with President Walter O'Malley of the Dodgers and L.A. County Supervisor Kenneth Hahn predicted the Dodgers will announce in a few days that they are shifting to the West Coast city. The Ohio Legislature passed by a 110-2 vote a bill which would provide the Redlegs with a new stadium. The bill, sponsored by Rep. Robert A. Taft Jr., must clear the Senate to become law. Baseball Commissioner Ford Frick called the NL owners' action "improper" because of minor league territorial rights involved. He is without power to block the proposed shifts, however.

In Washington, a United Press reporter said congressional reaction to the expansion of the league "is unquestionably favorable." Rep. Emanuel Celler (D-N.Y.) and Rep. Patrick J. Hillings (R-Calif.) endorsed the idea when it was revealed exclusively by the United Press on Monday. Both O'Malley and Horace Stoneham, owner of the Giants, stressed that they asked permission for the transfers "reluctantly" and left the door slightly ajar for New York City officials to change their minds. **Ebbets Field Congested** "Whether we exercise the permission we've been granted remains to be seen," said O'Malley. "I am aware of the fact that the people of Los Angeles and the government officials there are very anxious to have major league baseball. I think Brooklyn fans have been 100 per cent all right but we want a new ball park. We need a park where we can park cars and please fans. Right now, we can park only 700 cars."

Climaxed Drive Hobbs climaxed a pull from the cellar by breaking a five-game Carlsbad win streak. The Sports have now won 10 of their last 12 games. They scored all seven runs in two innings last night, with Dick Hogan and Mike Brito poling two-run homers to aid the cause. Roy Patterson and Glen Redger got two of the seven hits off Sport hurler Ken Waldrip, two-run homers. Waldrip fanned 15 before giving way for reliever Manny Fierro in the eighth. Marty Rosell pounded a grand slam home run and Jesse Gonder added a solo homer to help Clovis past El Paso as Jim Halley picked up his sixth straight victory.

Scoring Spread The Redlegs hold a game and a half lead over Ballinger. Ballinger spread its scoring out over four innings to take an easy victory over cellar-dwelling San Angelo as Gene Lippold scattered nine hits over the distance. Midland plated two runs in the bottom of the ninth to turn back Plainview. Renaldo Zuleta singled and Carlos Desouza brought him home with a triple. Desouza came over with the winning run on Hank O'Neal's sacrifice fly. Potato Pasqual smashed a two-run homer for the Indians. He had four RBI's while Desouza picked up five hits, including a double and triple.

Ortiz, Chiocca On TV Tonight

CHICAGO, (UP)—Unbeaten Carlos Ortiz, hoping to run his win streak to 24, takes on converted Parisian Felix Chiocca in a 10-round lightweight televised fight tonight. Ortiz, 20, who has knocked out nine of his 23 victims to date, said he wasn't necessarily going for a knockout against Chiocca, who has lost only five of 33 bouts. "I'll wait and see," said Ortiz, a native of Puerto Rico who now lives in New York. "I always look for an opportunity to put across a knockout punch but I don't plan to spend the whole fight waiting for a chance to throw that one blow. I'll keep fighting throughout."

Jimmy McHale Leads Americans In British Am

FORMBY, England, (UP)—Jimmy McHale of Philadelphia, "the luckiest player still in the tournament" today led a depleted group of four American survivors into the fourth round of the British Amateur golf championship. Fifteen Yanks were eliminated during Monday's opening play and another seven bowed out during two rounds Tuesday, leaving McHale, Dale Morey of Indianapolis, Ind., Gene Andrews of Pacific Palisades, Calif., and Harold Ridgeley of Haverford, Pa., as the only remaining U. S. representatives in this ancient tournament. Two more rounds were scheduled today. If McHale gets by Charlie Stowe of British in this morning's fourth round, he then meets the winner of an all-English match between Jack Burnside and John Taylor in the afternoon. Other fourth round pairings involving Americans pit Morey against Frank Fawcett of England, Andrews against H. V. S. Thomson of Scotland, and Ridgeley against Dr. F.W.G. Deighton of England. The lucky survivors of today's two rounds will move into Thursday's quarterfinals. The semi-finals are scheduled for Friday and the 36-hole title round will be played Saturday.
