Four Injured By Tornado

Storms Continue Lashing At Texas

By UNITED PRESS
Tornadoes, thunderstorms and flash floods lashed parts of Texas again Wednesday night and today, with up to seven inches of rain falling in northeast Texas overnight.
At least four persons were injured when a tornado struck near the rural communities of Hubbard and Malone, some 30 miles northeast of Waco. Another tornado skipped over farm land east of Waco, causing some damage near the small town of Elk.
A cloudburst dumped nearly seven inches of rain at Ennis between 6 p.m. Wednesday night and 3 a.m. today. The downpour caused some flash flooding in streets and low places of Ennis, but the police department said there were no houses threatened.
Heavy rain hit Dallas at about 8 a.m. today, flooding streets and highways and causing an outbreak of automobile accidents during the heavy traffic rush hour.
Several Dallas streets were closed by flash flooding. At least one person had to be rescued when a flash flood trapped his car beneath an underpass on the Good-

Texas Hit By 65

Tornadoes In April
AUSTIN (UP) — A total of 65 separate tornadoes touched ground in Texas in the month of April, killing 13 persons and inflicting \$6,500,000 in damage.
The U.S. Weather Bureau said a survey showed major property losses occurred April 2 in Dallas in the area just west and north-west of Lubbock on the 21st, east of Austin around Elgin and Rockdale on the 24th and at Tyler on the 26th.

Three Countries In Midst Of Cabinet Crisis Today

By UNITED PRESS
Denmark, France and Finland were in the midst of cabinet crises today and the new government of Italy was in trouble and could fall in the near future. Here is the situation in brief:
France: President Rene Coty hopes to name new premier within 48 hours, but confirmation by national assembly may drag out crisis for weeks. Top potential successors to Premier Guy Mollet are former Premier Rene Pleven and Francois Mitterand, outgoing justice minister.
Denmark: Denmark without a Hansen's party failed to win parliamentary majority last week; King Frederik IX takes time out from entertaining Queen Elizabeth of Britain to discuss formation of a coalition government.
Finland: Premier Kari-August Fagerholm resigned Wednesday, just two weeks before visit by Russian leaders; President Urho Kekkonen meets with parliamentary leaders today in search of new premier.
Rome: Indications mount that only the Christian Democrats will support Premier Adone Zoli in parliamentary confidence vote early in June. Observers fear new crisis, foresee early general elections.

Civil Defense Meeting Set For Tuesday

A general discussion on the civil defense setup in Pampa will be held in a called meeting Tuesday in the District Courtroom, Gray County Courthouse.
Sheriff Rufe Jordan, civil defense coordinator for Gray County, called the meeting to discuss ways to handle disasters of any sort which might hit Pampa. Of primary interest will concern action to be taken after a tornado hits.
Precautions are already being taken to insure Pampans of having a warning if a funnel enters the area. A powerful storm warning sign has been ordered and is expected to be installed by Monday.
Sheriff Jordan pointed out that Gray County already has a pretty good organization to handle disasters in its civil defense setup. He said, though, that there are still some "loose ends" which need to be covered in the meeting Tuesday. The meeting is scheduled to get underway at 7:30.
Jordan has urged everyone in the county to be present, if they desire. In fact, he has made a point of emphasizing the fact that representatives from all parts of the county ought to be in attendance.
There had been a general feeling of indifference concerning possible disasters in this area until a tornado struck Silverton last week. Jordan said that steps should be taken to be prepared in case of just such a storm here. Included in the civil defense setup's needs, he added, is a mobile light plant.

VFW To Hold Week End Meet

District Nine Encampment of the Veterans of Foreign Wars will be held in Pampa Saturday and Sunday.
Registration will be held in the VFW hall from 1 to 5 p.m. and a fellowship hour will be held at Poole's Drive-In from 5 until 7 p.m. Following the fellowship hour, a dance will be held in Poole's Ball Room.
A business meeting will be held in the VFW Hall for delegates on Sunday at 10 a.m. and the entire affair will wind up with a banquet to be held on Sunday at 12:30 at

AERIAL VIEW OF HAVOC—Aerial view shows havoc at Fremont, Mo., by tornado which almost destroyed the town of 207 people. Over 50 persons have died in the twisters that have raked the Missouri and Kansas area. (NEA Telephoto)

Humphrey Wants Out Of Cabinet

By HARRY VANDERNOOT
WASHINGTON (UP) — Treasury Secretary George M. Humphrey wants to leave President Eisenhower's cabinet by July 1 to return to private business, it was learned today.
Highly placed administration sources said Humphrey originally agreed to stay in the cabinet until the President's record peacetime budget of \$71,800,000,000 for fiscal 1958 finally gets through Congress, probably about the first of August.
These sources said Humphrey still will stay in Washington until Congress quits if Eisenhower insists. But they said he is anxious now to get back into private life as chairman of the National Steel Corp. of Pittsburgh, a job that is being held open for him.
According to the best available reports Humphrey's successor already has been chosen. He is Robert B. Anderson, 47-year-old former deputy secretary of defense and a leading "Texas Democrat" for Eisenhower.
Anderson was considered one of the bright young men of the early days of the Eisenhower administration. He is said to have won the complete trust of the President when he served as secretary of the Navy and later as deputy defense secretary.
Before his government service Anderson was the \$60,000-a-year manager of the W. T. Waggoner Estate in Texas, a 300-million-dollar oil, cattle and farming enterprise.
More recently Anderson has been president of Ventures, Ltd., a Canadian mining firm with worldwide interests. Reports from New York, where he has been living, are that he is disposing of his stock in the concern preparatory to taking over the cabinet post.

Three Collisions Reported Here

Three accidents were reported to the Pampa Police Department yesterday.
The first occurred at 9:05 a.m. in the 1000 block of South Barnes. A 1951 Ford driven by Delmar C. Newman, 1301 S. Barnes, and a 1953 Pontiac driven by Betty C. Flynn of Pampa, were in collision. Officers estimated the damage to the Ford at \$75 and the Pontiac at \$200.
The second accident occurred at 3:02 p.m. in the 100 block of S. Hobart. A 1950 Ford driven by Owen Elmer White, 317 S. Houston, was in collision with a 1956 Plymouth driven by Opal Campbell Dawson, 1040 Vernon Drive. Damage to the Ford was estimated at \$35, and to the Plymouth, \$150.
The third accident occurred at 7:57 p.m. at the intersection of Francis and Ballard. A 1948 Ford truck, driven by Harland Gerald Padgett of Lefors, and a 1947 Chevrolet driven by Bert Delos Kysar, Pampa, were in collision. Damage to the truck was estimated at \$20 and to the Chevrolet, \$75.

Russia Gives Support To Syrian Complaint

By WALTER LOGAN
United Press Staff Correspondent
The Soviet Union threw its support today to a Syrian complaint in the U.N. Security Council that Israel had endangered Middle East peace by building a "military" bridge in a demilitarized zone between the countries.
A dispatch from Damascus said Soviet Ambassador Sergei N. Semenov pledged Soviet support in a 45-minute talk with Syrian Foreign Minister Salah Bitar. Russia backed Egypt earlier this week in debate on the Suez Canal.
The Syrians said Israel had constructed a Bailey bridge in the Huleh Marsh area north of the Sea of Galilee—scene of several Israeli-Syrian clashes in direct violation of the 1949 armistice agreements ending the Palestine War.
The area concerned is a 45,000-acre triangle in northeastern Israel where three streams join to form the Jordan River. Israel has been working since 1950 to reclaim some 15,000 acres of marshy land.
Israel said it built a bridge for use by earth moving equipment; Syria says the bridge could be used for tanks and other heavy military equipment. A U.N. investigation found the bridge could be strengthened for military purposes.
Israel, which is expected to reply in the Security Council early next week to the Syrian charges, concentrated today on a new military training program for its armed forces and the threat of a cabinet crisis.
Premier David Ben-Gurion's Mapai Party held a series of conferences on the threatened revolt by the left-wing Mapam and Ahdut Zehuda parties over acceptance of the Eisenhower Doctrine.

Adenauer To Visit In US

BONN, Germany (UP) — West German Chancellor Konrad Adenauer leaves by plane tonight for the United States to seek renewed pledges against any Western disarmament deal with the Soviet Union behind his back.
The 81-year-old chancellor will meet with President Eisenhower and Secretary of State John Foster Dulles in Washington on Monday and Tuesday.
Although Adenauer does not have public endorsement by the United States, the visit could sharply boost his chances in the general elections this fall. The opposition Socialist parties have blamed Adenauer's policies for the still unsolved German problem.
In particular, Adenauer will be seeking new public pledges of American support for German reunification and European unity projects.
President Eisenhower will have a private lunch Sunday at his Gettysburg farm with the visiting West German chancellor.
White House press secretary James C. Hagerty said the two men will dine alone at the farm on the pattern set by the President when he entertained Indian Prime Minister Jawaharlal Nehru last December.

Meeting On Lake McClellan Tonight

County and City Commissioners along with members of the public improvements committee of the Pampa Chamber of Commerce will meet this evening with representatives of the Forest Service of the Department of Agriculture, with offices in Albuquerque, N.M.
The meeting, which will be held at 7:30 p.m. in the coffee room of the Gray County Court House, is expected to give much valuable data to all agencies concerned with the possible disposition of McClellan Lake and the possibility of turning it over to agencies, private, county or city, for the proper maintenance and care of it.
This is the latest move on the part of the public improvements committee which has been in constant communication with governmental and state agencies in an effort to determine the status of the lake.

Will Test Soviet Sincerity For Tapering Costly Race

By DONALD J. GONZALES
United Press Staff Correspondent
WASHINGTON (UP)—President Eisenhower and his top security advisers gathered today to shape disarmament moves designed to test Soviet sincerity for tapering off the costly East-West arms race.
Eisenhower asked special disarmament adviser Harold E. Stassen to report to the National Security Council on his recent disarmament talks with the Russians in London.
Informed sources said there is top-level opinion that disarmament is one field in which East and West may be able to negotiate successfully. There have been indications since the death of Premier Stalin that the Russians may be willing to agree to some disarmament inspection plan.
Post-Stalin Attitude
Word reaching Washington indicates that the new Soviet leaders began to face up to the horrors of nuclear warfare soon after Stalin died.
Soviet Defense Minister Georgi Zhukov, a World War II comrade in arms of Eisenhower, is understood to have spearheaded debate on the issue.
One possible U.S. move certain to be considered at today's Security Council meeting is a proposal to set aside an aerial-ground inspection zone in the Siberian-Alaskan-Northern Canadian area.
This would be regarded as an experimental area to determine whether a framework for a greater East-West disarmament accord could be developed later.
Problems Still Pressing
Experts said there are several tough problems still to be worked out before any agreement is reached with the Russians. First, the Soviet Union has given notice it will be difficult to deal with regarding the areas of the inspection agreement. Second, the administration itself is not agreed on how a disarmament program could be set up.
Eisenhower told his news conference Wednesday that the United States must not be "recalcitrant" or "piecemeal" about its approach to disarmament.
Once a start in a test area has gotten under way, he said, progress might be made to the point where American and Soviet defense budgets could be "brought down within reason."

Rental Progress Told

The special housing committee of the Pampa Chamber of Commerce, which was set up last week with Jake Osborne as chairman, met yesterday morning and reported progress in providing much-needed rental housing for the Pampa area. The report continued, however, with the mention that there is still a need for more housing to be provided in order to take care of the needs of additional families expected to move into the city within the next few months.
Yesterday's meeting was held for the setting up of plans to conduct a campaign to secure the needed housing by encouraging everyone, who can, to purchase one or more houses for rental purposes.
The entire action arose as a result of a report made recently to the board of directors of the Pampa Chamber of Commerce by representatives of the Cabot Company in regard to the inadequacy of rental housing in the city, relating how the company was in dire need of satisfactory rental housing if it was to carry on with its recently announced program of expansion in this area.
Reno Stinson, spokesman for the company, said that the company housing units and that it could use as many as 100. If this number were not secured within the very near future, Stinson pointed out, it would become necessary to delay the proposed expansion program and perhaps, he continued, it might never be undertaken in Pampa.
At yesterday's meeting of the special housing committee of the chamber, a special sales committee was appointed to handle the details of the sale of houses for providing necessary rentals. Members of this committee are Roy Bourland, (chairman), Paul Crouch, Quentin Williams, B. D. Robinson, Frank Culbertson and Floyd Imel.
Anyone who would be interested in either building or buying a house which could be made available for rental purposes has been requested to get in touch with any member of this committee or the general committee of which Osborne is chairman.
Complete information regarding FHA regulations and other detailed information is being compiled and will be available through any member of the committee.
The following individuals and firms have agreed to furnish houses for the rental program: Hughes Development Company; Highland Homes; Foxworth-Galbraith Lumber Company; Lynn Boyd Lumber Company; Panhandle Lumber Company; Jake Osborne Construction Company; Frank Culbertson; Roy Bourland; H-Land Lumber Company; Kirk Duncan; Floyd Imel; Ervin Pursley; R. K. Parsley; J. E. Carlson; and Oren James.
The next meeting of the special housing committee will be held on either Tuesday or Wednesday of next week at which time further information on the progress of the building program will be available.

Wheat Quotas Voting Set For June 30

A referendum of wheat farmers will be held on June 30 in the Gray County Courthouse to determine whether or not marketing quotas for the 1958 wheat crop will be effective. Evelyn Mason, county office manager of the Agricultural Stabilization and Conservation office of the Department of Agriculture, reported today.
If two-thirds or more of the wheat farmers voting in the United States favor quotas, they will be in effect for 1958. In this case co-operators may market all wheat produced but without penalty and they will be entitled to price support at a minimum national average of \$1.75 per bushel (which is 75 per cent of parity). Non-cooperators will be required to pay a marketing quota penalty or to store or deliver excess wheat in accordance with regulations. Non-cooperators will not be entitled to price support on that farm and in addition they will not be eligible for soil bank payments on that farm.
If more than one-third of those voting in the United States vote against marketing quotas, they will not be in effect. In this case marketing quota penalties will not apply to excess wheat. Price support will be available to co-operators at approximately 50 per cent of parity. Non-cooperators will not be entitled to price support and will not be eligible for soil bank payments.
Any person who will have an interest in the 1958 wheat crop on a farm on which more than 18 acres will be harvested as grain will be eligible to vote. If the husband is eligible to vote, the wife is also.
Need a battery? MO 4-3711. Automobile jobber, John T. King & Sons. (Adv.)

Poppy Day To Help Veterans

Poppies worn to honor the memory of the war dead on Poppy Day, Saturday, also will bring help to disabled war veterans. Mrs. Frank Yates, rehabilitation chairman of the Pampa unit of the American Legion Auxiliary, pointed out today as she worked on arrangements for the Poppy Day observance.
Contributions given to the auxiliary's "Poppy Girls," will be a principal source of support for the auxiliary's work for disabled war veterans during the coming year. Mrs. Yates explained. The money will also be used in child welfare work for needy children of veterans.
"While honoring those who died defending America," Mrs. Yates said, "the American Legion Auxiliary asks that we also think of those who did not die, but sacrificed health and strength in the nation's service. The sick and disabled veterans are still within reach of our help and helping them is a continuous activity of the auxiliary."
The poppies will be available on Pampa streets Saturday and evening resident of Pampa and the surrounding area is urged to obtain one from one of the "Poppy Girls" and proudly wear it.
"We count on warm-hearted Americans to give us the dollars we must have for the work with disabled veterans when we bring them their poppies," Mrs. Yates concluded.

City Manager Back From Meet

City Manager Fred Brook is back in his office today after attending a convention of the Texas City Managers Association in Orange.
The meeting is an annual affair held for the purpose of discussing common problems and ways to solve them.

Chapter Two

Chapter Two
The "Lost Weekend" had nothing on Elmer's bottles.
I'd become a tonic addict. I'd rub the stuff on each morning. I gave myself a 230-second hair rub. On Saturdays, I did the same thing at noon. On Sundays the wife prohibited the stuff until after church services.
I'd often smell the wife right out (See BALD, Page 2)

THE BALD BOY Chapter Two

EDITOR'S NOTE: Don't miss a single article by Elmer Wheeler, "The Bald Boy." The series, 18 articles in all, started yesterday in The Pampa News. It's a hilarious story about a man and a bare spot on his head. Look for it daily in The Pampa News.

By ELMER WHEELER
My pride began to hurt me as fast as my hair left me.
After all, being fat is often a sign of affluence. Fat comes from just plain overeating, and you need money to eat.
But loss of hair. That's a sign of neglect, deterioration, or just plain hard luck.
People began to notice me noticing my receding hair, and they'd come up with cracks so familiar to future bald boys.
I conditioned myself to such remarks. I could laugh them off, but when another baldy put me into his class with a "Hi, Baldy," then I blushed clear up to my remaining hair.
After all, I wasn't bald, was I? Yet?
I'd show them. I had whipped calories, I'd whip falling hair.
I started my campaign the usual way of future Bald Boys, with hair tonics.
That's the first and simplest start of balding boys.
I'd saunter into the drug store and if no one was looking, I'd pick up a bottle of the stuff and read the label, especially the guarantee.
Then if no customers were around, I'd tell the druggist my brother was losing his hair, and what he'd suggest. The druggist knew I knew he didn't believe me.
If it comes from a Hardware Store, we have it. Lewis Hdw. (Adv.)

"I had bottles running all over the place."
but being a salesman he proceeded to show me a few bottles.
"This one has alcohol in it," he'd tell me, "and it will kill things. This one has sulphur in it. This one has in it, well, you read that word. That's in it."
On and on he'd go each time I came in, always with less hair than the time before. I became his best under-the-counter customer. I had his bottles running out of my medicine cabinet, and over my hat

CHECK FRAUD ON THE INCREASE

UPSURGE—A new survey shows that check fraud, described as the "nation's fastest-growing crime," has increased 19 per cent over last year in the dollar amount involved. Of a record three trillion dollars in checking account transactions last year, \$35 million dollars represented bad checks. Newschart above shows that "amateurs" and men are the greatest offenders. Supermarkets have replaced department stores as the favorite target of the "paper" writers. Data from survey by the Todd Company.

Rites Tomorrow For H. L. Polk

Funeral services for Henry L. Polk, 81, who died at 3:30 p.m. yesterday in Worley Hospital, will be held at 2 p.m. tomorrow in the First Baptist Church. Dr. E. Douglas Carver, pastor, will officiate. Mr. Polk lived at 314 N. Gray and had been a resident of Pampa for 17 years. He was a member of the First Baptist Church and was a retired farmer.

He is survived by six daughters, Miss Jewell Polk of Pampa, Mrs. Willis Adams of Abilene, Mrs. Martha Gaffney of Amarillo, Mrs. Dillar Mullins of Longview, Mrs. Bill James of Amarillo, and Mrs. Earl Chitwood of Mangum, Okla.; five sons, Herman of Williams, Ariz., Jack of Fairbanks, Ariz., M. G. of Sherman, Tommy Seligman, Ariz., and Robert of Fort Worth; three sisters, Mrs. Elmer Gardner of Clovis, N.M., Mrs. M. R. Martin of Grand Prairie and Mrs. Cicero Watkins of Bakersfield, Calif., 24 grandchildren and five great-grandchildren.

Members of the Fellowship Class of the First Baptist Church will be honorary pallbearers and burial will be in Fairview Cemetery under the direction of Duenkel-Carmichael Funeral Home.

White Deer Man Wins Journalism Award At TU

WHITE DEER—Word has been received by Mr. and Mrs. L. C. O'Neal of White Deer that their son-in-law, Frank H. Walters, has been named the winner of the 1957 Pitluk Advertising Company - University of Texas school of Journalism Award for "Outstanding Student of the 1957 Graduating Class."

This is an award which has been given by the Pitluk Advertising Company of San Antonio since 1922.

Before going to Schenectady, N.Y., where he will be with the General Electric Company in the Industrial Advertising Department, Walters and his wife, the former LaDonna O'Neal of White Deer, and their daughter, Brenda, will visit with Mr. and Mrs. L. C. O'Neal in White Deer.

REMEMBER WHERE YOU WERE... WHAT YOU WERE DOING MAY 21, 1927 IF YOU DO YOU'LL SURE WANT TO SEE "The Spirit of St. Louis" LaNora Sunday

BALD

(Continued From Page One)

of the house. Once even my hairy sheep dog sniffed twice, looked at me through the mop of hair over his eyes, then moved out in the yard.

"You smell like a Barber's College," my wife would snap at me, as she opened a window even on real cold days.

When I told the druggist about this, he showed me new brands just on the market. "No kerosene in them," he said, "in fact, 10 minutes after you use one, you won't smell no more."

So, as with noontime vodka drinkers, I found I could use the stuff and no one would be the wiser. I wouldn't take their breath away.

At least I had accomplished one thing. Tonic camouflage.

One day I started on the hair salves. Some friend of a Bald Boy friend had said he found something in Germany years ago for mange, and it was now on the American market for males. Guaranteed, too.

I tried it. The maid threatened to quit after trying to wash the stuff off the pillows of my bed. That ended the great German experiment fast.

I read about a new one from Japan. It had a record of curing some 99 Mongolians out of 110. Well, that's just what the news service reported, and as with all pre-baldies, I grasped the faintest hopes.

Time went on. So did my hair loss.

My dreams were to again have a Robert Taylor widow's peak. But if I kept on, I'd have a widow. My wife was a good shot.

Seeing hair show up in that horrible comb each day (and I swear it laughed at me incessantly) drove me nuts. The comb became a phobia.

I'd pretend not to notice the hairs it gleefully tugged out at each use. I'd look the other way, but my eyes always cheated on me and I'd see the few hundred more brown hairs hanging in the teeth of the malicious comb.

What is worse, I got to counting the hairs.

NEXT: The Hair Clinic Phase.

suspension from the AFL-CIO are the Laundry Workers, the Distillery Workers and the Allied Industrial Workers. Their membership totals 170,000.

The question before the council is whether any or all have cleaned house sufficiently to stay in the AFL-CIO. The three were involved in welfare fund abuses uncovered by a Senate committee in 1954-55.

Rotary Club Hears Don Cooper Is Local Engineer

The Pampa Rotary club yesterday heard one of its members, Ed McGuire of Cities Service Oil Co., give a talk on the future of automation relative to the production of oil.

McGuire, Cities Service district engineer, said that the trend was definitely toward automatic control systems in the production, gauging and transfer of crude oil. Though there are several of these installations in the United States, there is only one, operated by Phillips, in the Panhandle area, according to the speaker.

McGuire related plans by Cities Service to install automatic transfer equipment on a lease two miles south of Pampa to serve 46 wells. The new system will replace 14 tanks and handle approximately 600 barrels per day.

Bill Atkinson, outgoing junior Rotarian, introduced the junior Rotarian who will serve the balance of the school year, Malcolm Brown Jr.

Work Day Called For Lefors Cemetery

LEFORS—A special work day in the newly beautified Lefors Cemetery has been called for May 25 by Mrs. C. H. Gustin, chairman of the beautification committee from the Art and Civic Club. Everyone in the community is urged to come and bring paint brushes, rakes, hoes and other items. The purpose of the paint brushes is to whitewash the posts and tree trunks.

A trems has been made, painted and put up, the work being done Thursday, May 16, by Meses. H. W. Callan, Jerry Jacobs, Ted Gustin, and Earl Atkinson.

Shrubs have been planted and the

They Did "Time"
OLATHE, Kan. (UP)—City Commissioner Herman Higgins pondered a \$11.50 bill presented by two plumbers Wednesday for a few minutes repairs in the county jail plus "time." The plumbers charged the city for overtime after they were inadvertently locked in a cell for two hours.

"MOONWATCHERS" MAY SPOT SOVIET SATELLITE — During the dry run of "Operation Moonwatch," its small army of amateur astronomers may spot a Russian man-made "moon" already circling the earth. Scientists have reason to suspect that the Russians may already have launched one secretly. "Moonwatch" is the spotting system set up by the Smithsonian Institution at the 65 points shown on Newsmap above to track the course of America's man-made "moon" expected to be launched in July. In the dry run, a plane, showing one candle-power of light, will cross the continent at an altitude and speed to simulate the satellite. Observers, using small donated telescopes and reflecting mirrors, will check it and record the exact time of sighting. It is expected that the series of observations will help chart exactly the satellite's course—and, of course, spot the Red "moon"—if any.

IT'S THE LAW in Texas

Ancient Jurors and Advocates
Speaking before juries — the beginning of jury trials — goes back to Greek colonies in Sicily about 400 B.C., in lawsuits over lands seized by tyrants. Soon Athens itself took over such oratory, but appears to have worked out no rules of evidence or judicial control of the trial. Jurors often cheered or booed the parties. They talked together and shouted back to the speakers. What one man knew about the case he told his neighbor. All evidence could go: Personal knowledge, hearsay, prejudice, and

the juror's opinion. The Athenian jury had power. Each "dicast" (chosen by lot) was both juror and judge. Each juror got one obol a day — about three cents. Each accused person had to come before the jury personally to defend himself — which was especially hard if he didn't know the art of advocacy, since he was assumed to be guilty. Indeed, many hold that if Socrates had taken independent advice he would never have offended the boisterous and biased Athenian jury, which sentenced him to the hemlock there on the hillside in 399 B.C. Less outspoken defendants in those days sought bootleg legal advice. Antiphon (415) ghost-wrote and sold briefs to clients who had to put their own cases to the jury. He sent out four steps of an Athenian trial: (1) the accuser's charge, (2) the accused's reply, (3) the accuser's reply, and (4) the accused's response. Afterwards the jury let the accused off or found him guilty. The

jury sentenced the guilty then and there, allowing some — Socrates, for one — to propose their own penalties, and even to bid them upward if they failed to please the jury. After the trial, the speakers (or in Socrates' case, his friend Plato) often worked their talks over, and sent them out for friends to admire or criticize. What appeals were used to win the jury over? Pretty much the same ones we hear today. Aristotle listed a few: The values the jurors shared with the speaker — reverence for justice, the law, and the city's founding fathers; the sanctity of the jurymen's oath; the verdict's effect upon public and foreign opinion, and sometimes upon women and youth. (This column, prepared by the State Bar of Texas, is written to inform — not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

WASHINGTON — A Citizens-for-Eisenhower man on the thinking of the off-beat political organization: "We are not going to be against anybody — against any Republican, that is..."

Jacoby On Bridge

By OSWALD JACOBY
Written for NEA Service
My old friend Lee Hazen was awakened from a sound sleep at about three in the morning. A valued client was on the phone with a question.

"You hold eight hearts to the ace - king - queen - jack; three diamonds to the ace and two little clubs. Your vulnerable opponents are bidding spades and eventually go to seven over your seven hearts. What do you lead?"

Without a moment's hesitation Lee replied, "The ace of hearts!"

A shocked gasp came over the phone. "Why?"

"You wouldn't be calling me at three in the morning if your ace of diamonds hadn't been trumped." If you consider the actual bidding of the hand the ace of hearts

Treasury of 'Quotes' From Just-Published Gold Mine

By DOG QUIGG
United Press Staff Correspondent
NEW YORK (UP)—One of the delights of being a member of the human race is taking note of the occasional utterances that gleam in the news like diamonds in a dustbin.

Charles E. Wilson, for instance, is a sparkler who has brightened the recent years of our lives. You may remember some of his recent quotes but still have forgotten that back in 1954 he said:

"Back in Detroit we had a saying that an expert is a mechanic away from home."

Can't Act
In the same year, Ava Gardner gave out a recollection of how she crashed Hollywood. It went like this:

"After my screen test, the director clapped his hands gleefully and yelled: 'She can't talk! She can't act! She's sensational!'"

And Arnold Toynbee issued a rather affable historian's current characterization of the colossus of the new world: "America is a large, friendly dog in a very small room. Every time it wags its tail,

is probably the right lead anyway. Why did North fail to bid four no-trump? Because he held a void suit. Why did he fail to cue bid hearts? Because he held a heart. Why did he fail to double seven hearts? Because he hoped South would hold the ace of hearts and bid seven.

Why did South go to seven? Because he was sure that his partner was void in one of the red suits and South hoped that West would make the wrong lead.

It knocks over a chair." Those three nuggets are from a just-published gold mine: "Best quotes of '54, '55, '56," a compilation by James Beasley Simpson of the most memorable sayings of those three years by people large and small, famous and obscure.

The 1954 section alone is a joy to behold. A random tour produces comments to fit the problems of the time.

Egghead Defined
Sen. Homer Ferguson, for instance, took a good look at the phenomenon known as the egghead and arrived at his own definition.

"An egghead," he said, "is one who stands firmly on both feet in mid-air on both sides of an issue."

Omar Bradley, a man with time to evaluate his experiences as a fighting general, defined one of the imperponderables of war:

"Bravery is the capacity to perform properly even when scared half to death."

Winston Churchill, a phrase-maker of long standing, let the world know what an appeaser is: "One who feeds a crocodile — hoping it will eat him last."

FROM LAW TO MEDICINE
NEW YORK (UP) — Carmen Sanchez, 17, sat in the crowded waiting room of Bronx Magistrate's Court Tuesday waiting for her case to be called. A court clerk noticed her complexion and called Magistrate Samuel J. Ohlinger. Ohlinger immediately postponed her case and sent her to the hospital—the girl had chicken pox.

It is utterly impossible to make a better Bourbon whiskey than Old Charter...

Tick, tock... tick, tock... the whiskey that didn't watch the clock... seven long years!

OLD CHARTER

Kentucky's Finest Straight BOURBON
KENTUCKY STRAIGHT BOURBON WHISKEY • 56 PROOF • 7 YEARS OLD • OLD CHARTER DISTILLERY CO., LOUISVILLE, KY.

Suppose we don't try to put in words what happens with your first taste of this great whiskey. Instead — imagine you have started with the finest Kentucky whiskey ever made. Then you have waited for 7 full years to ripen it slowly, perfectly — Then recall the finest-tasting whiskey you have ever known and imagine one silkier, mellower and smoother. Do these things — and then taste Old Charter.

F-105 May Be Last Fighter With Pilot

By DOUGLAS LARSEN
NEA Staff Correspondent
WASHINGTON (NEA) — U.S. Air Force flame jockeys — jet pilots — may soon be riding out one of their last new model flames. There are AF experts who claim that the recent big order of Republic's F-105 — 1,300 mph Thunderchiefs — may be the last production purchase of man-carrying fighters.

The Matador and other guided missiles have already been assigned targets previously belonging to fighter-bomber planes in Europe. Missiles are now getting these targets in Formosa and other places in the Far East.

By the time the F-105 is ready for the museums, perhaps by 1965, the fighters may have moved into the fighter field completely.

The F-105 is the last of the so-called "Century" series of fighters. The F-100, F-101, F-102, F-104 and F-106 are all production models able to fly faster than the speed of sound, which is 760 mph at sea level.

The F-103 is a research model. And the F-107 lost out in competition with the F-105 for what could be the last mass-produced fighter plane. No other numbers designating fighters have been revealed by the Air Force.

There are reports of a "Century-plus-10" series being in the secret planning or drawing-board stage. They would be capable of flying from three to five times the speed of sound, or between 2,000 and 4,000 mph. But the question is whether or not they will be overtaken by the missile art before reaching the production line.

One of the big advantages of the F-105 is that it combines long range, speed and the ability to carry a heavy load of either nuclear bombs or missiles. It can deliver a hydrogen bomb.

Rigid security restrictions blanket almost all performance and technical details of the plane. But its electronic brain system, which can take the craft off, navigate it and find targets, among other feats, is probably the most advanced that exists.

Air for the plane's powerful J-57 Pratt and Whitney jet engine is sucked in at the two points where the wing is attached to the fuselage. This feature permits the nose to be jammed with electronic and radar gear.

The long cylindrical fuselage resembles a missile and offers minimum resistance to the restraining shock waves which build up at and beyond the speed of sound. The F-105's short, thin, sweptback wings are designed for the same purpose.

Length of the F-105 is 60 feet and it has a 30-foot wing span. It has a "Coke-bottle" shaped fuselage, a recently discovered configuration which permits supersonic flight with less drag and turbulence being created around the plane.

The top secret feature of the plane is its tail design. Only pictures of the plane which have its tail configuration masked out

have been released. A vertical fin on the bottom rear of the fuselage is part of the F-105's secret tail design.

On its first flight the F-105 flew faster than the speed of sound, indicating its great potential operating speed and excellence of design. Such speed is highly desirable for straight bombing missions.

But how to make tactical use of the F-105's tremendous speed in air-to-air combat is another matter, now under considerable study. The last actual air-to-air combat was over Korea, between U.S. and Russian planes flying in the neighborhood of 650 mph in level flight.

Even at that speed the problem of just finding and staying with the enemy, for example, raised the question of the value to either side of engaging in such combat.

The tactical problems of the Korean air war were considerable at sub-sonic speeds. At the present high supersonic speeds the number of tactical problems increases. And each one is enormous.

The same questions of tactical employment applies to all of the supersonic fighters.

Two experimental vertical take-off and landing planes, the Bell X-14 and the Ryan X-13, could upset predictions about the F-105 being the last mass-produced fighter. They are both jet propelled.

The VTOL planes use no runways

and have many other tactical advantages.

The Navy's prop-propelled VTOL planes have been a failure. Jet power for this type of fighter could make the difference, some experts claim.

PREMIER DESIGNATE—Sen. Adone Zoli, president of Italy's Christian Democrat party, is trying to form a new government to end Italy's political crisis. Zoli, 69-year-old budget minister in the outgoing cabinet of caretaker Premier Antonio Segni, accepted the task after conferring with President Giovanni Gronchi.

Team Checks For Radioactivity

HOUSTON (UP) — A team of scientific detectives armed with gadgets of the atomic age prepared here to launch a search for radioactive dust particles that have contaminated a large area. Site of the "atom hunt" is the

five-acre plant of the M. W. Kellogg Co. where a laboratory mishap last March 13 showered dust with radioactive dust and led to closing of a nuclear laboratory.

Since then, Kellogg officials have disclosed that radioactive contamination apparently had been spread by laboratory workers who carried dust particles from place to place. Three other workers were found to have been

exposed.

Investigators of Tracerlab, Inc. of Houston, will scientifically scan the entire five-acre plant area, several hundred employees and 35 autos. At least one car has been found radioactive.

America's Economy In Record Gains

By HARRY VANDERNOOT
WASHINGTON, May 21 (UP) — America's rapidly growing economy is pushing toward new records on virtually all fronts this year, the government reported Monday.

But the gains also have brought increased inflationary pressures which take some of the shine off the national prosperity.

The situation was pointed up in the monthly report of President Eisenhower's Council of Economic Advisers to the Joint Congressional Economic Committee. The report included these highlights:

— The nation's gross national product — "the total output of all goods and services" — was at a record annual rate of \$427,100,000,000 in the first three months of this year.

— Personal income in April rose to an all-time annual rate of \$329,300,000,000.

— Corporate profits in the first quarter were at a near record of 23 billion dollars after taxes.

— April employment was at a monthly record of 66,746,000 and even depressed farm income was up.

Some of the nation's business

leaders, meeting in Hot Springs, Va., said last week these factors pointed to a "solid resumption of the economic boom" in 1958.

But one vital facet of the economy still worried economists and business and government leaders — the increasing cost of living and rising interest rates.

Inflation Serious Threat

W. Randolph Burgess, treasury undersecretary told newsmen inflation still was a serious threat to the economy. So, he conceded, was the interest rate spiral.

The Council of Economic Advisers pointed up the rising cost of living in its May report. Consumer prices on all items, it said, were 18.9 per cent above the 1957-49 period, used as a base for comparison. Food was up 13.2 per cent, housing 24.9 per cent, apparel 6.3 per cent, transportation 35.1 per cent and medical care 36.4 per cent.

The council reported a similar upward trend in interest rates for short-term government borrowing. The rate on three-month treasury bills rose from 1.2 per cent in 1955 to a high of 3.2 per cent in last December and January. The latest issue on May 11 carried an interest rate of just under 3 per

Cost-Per-Thousand Felled Sid Caesar's TV Production

By WILLIAM EWALD
 UNITED PRESS STAFF CORRESPONDENT
 NEW YORK (UP)—Sid Caesar, a television goliath, was felled by a tiny statistic called "Cost-per-thousand."
 The termination of Caesar's contract with NBC-TV was announced last week. However, the loss of his Saturday night spot, in the making since last February, had nothing to do with the worth of his show — critics and people in the trade praised it almost unanimously.
 The chances are Caesar will make a movie, do night club appearances and perhaps, guest on other TV shows. He is a strange victim — of too much quality and a statistic to which the industry is forced to chain itself: Cost-per-thousand.
 Caesar was beaten by one of the uncomfortable realities of the TV business: A program must deliver an audience to the sponsor proportionate to the amount of money shelled out for the show.
 Well, Cheap
 A B C-TV's Lawrence Welk, Caesar's chief competitor on Saturday night, delivers a thousand homes for each commercial minute each week for \$1.79, according to the latest Nielsen figures.
 Caesar's cost-per-thousand is a whopping \$5.23.
 The average TV show's cost-per-thousand is about \$3.50.
 Cost-per-thousand figures are the real bread and butter of the TV industry. They have been too often obscured by "ratings," which by themselves mean very little to the sponsor, ad agency or network.
 Cost-per-thousand figures are reached by dividing a program's total cost (production and time charges) by the number of "thousands" homes a program reaches. This figure is then divided by the number of commercial minutes a sponsor has during the show.
 Thus, a program like Caesar's which costs its sponsor about \$115,000 for production alone (Lawrence Welk's show comes in at less than \$20,000) would have to deliver 10 to 15 million more viewers to prove an economical buy.
 Return Impractical
 The chances of Caesar coming back to TV with another big one-hour show, therefore, would appear slim. Caesar likes a show with "big" production values. But Caesar's brand of humor — which hinges on the spoofing of such esoterica as Japanese movies and commuting life — appeals only to

MOTHER INSTINCT—This may not look like the right place to raise a family, but this feathered mother knows what she is doing. Although her nest was destroyed, the pigeon deposited the egg on the ledge of the maternity ward of a Harrisburg, Pa., hospital.

Quotes In The News

By UNITED PRESS
 WASHINGTON — President Eisenhower on warning against further deep cuts in his foreign aid program:
 "Refusal to give adequate support now for our crucial mutual security programs could hardly be more ill-advised or ill-timed. In this kind of gamble, American lives are just as much in the balance as American dollars."
 VERACRUZ, Mexico — The Dairymen's Association on its assertion that stores are selling 10,000 quarts of milk a day more than is being produced:
 "We don't want to accuse anyone of watering the milk, but we think the situation merits investigation."
 HOLLYWOOD — Singer Dorothy Dandridge on settlement of her two million dollar libel suit against Confidential Magazine:
 "It is my hope that this will give more people the courage to fight back against such scandal publications."

Ham Delicacy Honors Bride

Tender asparagus spears wrapped in savory, juicy slices of "boiled" ham and topped with a velvet-like cheese sauce make this bridal luncheon entrée a satisfying and wholesome choice.

Winning Selection For Bride's Lunch

Slices of "boiled" ham, asparagus spears and cheese sauce team up to make a winning selection for a luncheon honoring a bride-to-be.

Reba Slagge, meat expert, says that ready-to-serve meats are always ready to serve you. The variety is wide, so use these meats to avoid mealtime monotony in your home.

HAM AND ASPARAGUS ROLLS WITH CHEESE SAUCE
8 slices "boiled" ham, cut 1/2 to 3/4 inch thick
24 fresh or frozen asparagus spears
Cheese Sauce
Cook asparagus spears until tender. Roll 2 spears of asparagus in each ham slice and fasten with wooden pick. Place in a baking dish. Pour Cheese Sauce over rolls and bake in a moderate oven (350 degrees F.) 20 minutes or until the rolls are heated through. Yield: 8 servings.

CHEESE SAUCE
1/2 cup butter or margarine
3/4 cup flour
2 cups milk
1 teaspoon Worcestershire sauce
1 teaspoon salt
Pepper
2 1/2 cups grated cheddar cheese
Melt butter or margarine. Stir in flour and gradually add milk and Worcestershire sauce, stirring constantly, until mixture thickens. Add salt, pepper and grated cheese. Stir until cheese melts.

Praline Crunch In Dessert Toppings

Serve Praline Cereal Crunch on top of ice cream for an unusual dessert that is quick and easy to prepare. Rolled oats, brown sugar, butter, and nuts are combined in making this crunchy, full-flavored topping.

This topping is but one of the many ingredient uses of breakfast cereals. Many cookies, bread, pie crust, muffin, meat loaf, dessert, and candy recipes call for the use of hot or ready-to-eat cereals. Breakfast cereals are excellent for ingredient use in recipes because they enhance flavor, are inexpensive, offer wide variety, and make important nutritional contributions of protein, the B-complex vitamins, minerals, and food energy.

Praline Cereal Crunch can be served plain on top of vanilla ice cream or combined with chocolate, hot fudge, caramel, or butterscotch sauce. This crunch mixed with sweetened whipped cream is delicious served on cake squares.

The hostess with a supply of Praline Cereal Crunch and vanilla ice cream is prepared for unexpected company and can serve an attractive dessert on short notice. Praline Cereal Crunch keeps well in an air-tight container.

PRALINE CEREAL CRUNCH

3-3 cup butter or margarine
1/2 cup granulated sugar
1 cup brown sugar
1/2 teaspoon salt
3/4 cup water
1 cup rolled oats, regular or quick
1/2 cup chopped peanuts
Combine butter or margarine, sugars, salt and water in frying pan. Cook over low heat, stirring constantly until mixture reaches the soft ball stage (238 degrees to 240 degrees F.). Remove from heat and add rolled oats and nuts. Stir until mixture thickens and loses its gloss. Spread onto lightly buttered baking sheet. When "set" crush into tiny bits. Serve atop vanilla ice cream, or chocolate or butterscotch sundaes. Yield: Approximately 3 cups of crunch.

VERSATILITY OF MEAT CUTS

Beef arm or round steak, veal round steak or pork arm shoulder steaks are excellent meat cuts to use when preparing beef, veal or pork birds.

SUMMER PLEASURE Easy Outdoor Meals—Iced Tea

A well-planned hearty meal during the summer months is not always easy to achieve with little effort, but here is a menu with special tips for summer meal preparation you'll welcome.

Tiny Parmesan Meat Balls

Ingredients for Meatballs:
1 lb. chopped chuck
1 teaspoon salt
1/2 teaspoon cayenne pepper
1/2 cup grated parmesan cheese
1 egg slightly beaten
1 tablespoon onion juice
1/2 cup bread crumbs
While sauce is cooking, prepare meatballs by combining ingredients and form into small balls about 3/4 inch in diameter. (About 1 teaspoon meat makes 60 meatballs.) Drop into gently boiling sauce. Cover. Cook about 10 minutes. Pour over cooked rice or spaghetti.

Pineapple Mint Sherbet

Ingredients for Sherbet:
1 1/2 6-oz. cans frozen unsweetened pineapple concentrate
2 1/2 cups cold water
3 drops peppermint extract
4 teaspoons sucaryl solution or 22 sucaryl tablets
15 drops green fruit coloring
1/2 cup non-fat dried milk solids
Pre-measure 1/2 cup loose tea (or remove tags from 15 teabags.) Bring 1 quart of freshly drawn cold water to a full rolling boil in a saucepan. Remove from heat and while water is still bubbling, add all the tea at one time. Brew 5 minutes, uncovered. Stir and strain into pitcher holding one quart of freshly drawn cold water. (Do not refrigerate.) Serve in ice-filled glasses, with lemon and sugar to taste.

Tomato Sauce Piquant

Ingredients for sauce:
1 lb. 12-oz. can Italian style tomatoes
1 can water
2 bouillon cubes
1 can tomato paste
2 teaspoons salt
1/2 cup white cooking wine
1 teaspoon oregano
2 cloves garlic, sliced on top
1 wooden toothpick
1/2 teaspoon Worcestershire sauce
1/2 cup white cooking wine
Combine all ingredients except wine, in deep kettle. Bring to a

Glorify Beef With Italian Flavor

It's with a great deal of admiration and pride that a family can be assured that the head chef of the home will create a novel dish with the last of the roast... in this case, Italian Beef Hash.

This is a casserole dish which takes just 30 minutes to prepare and has a zesty flavor sparked by the addition of Worcestershire sauce and grated American cheese.

To insure delicious leftover meat creations, cooked meat must be stored correctly.

ITALIAN BEEF HASH
2 cups ground cooked beef
2 tablespoons butter or margarine
2 tablespoons flour
1 cup meat stock or water
1 teaspoon Worcestershire sauce
Salt
Pepper
1/2 cup macaroni, cooked
3/4 cup grated American cheese

Melt butter or margarine in a saucepan and blend in flour. Gradually add meat stock or water and cook, stirring constantly, until thickened. Add Worcestershire sauce and season with salt and pepper. Combine ground cooked beef, cooked macaroni and white sauce and pour into a greased 1-quart casserole. Sprinkle with grated American cheese and bake in a moderate oven (350 degrees F.) for 30 minutes. Yield: 4 servings.

ROUND STEAK

Braised round steak is certainly a family favorite. Slow cooking with a limited amount of liquid and in a covered utensil produces the finest results. For variation the steak may be cooked with mushrooms, olive slices, in a barbecue sauce, in condensed mushroom soup or in tomato soup.

Former Solon Is Refused Okay To File Suit

AUSTIN (UP)—The Texas Supreme Court has refused permission to a former state senator to file a mandamus suit against his effort to oust Lt. Gov. Ben Ramsey and House Speaker Waggoner Carr from living quarters in the capitol.
Joe Hill of Austin, former state senator, sought permission to file the mandamus suit on behalf of his wife and himself.
Hill asked that the Supreme Court take jurisdiction of his lawsuits and compel District Judge Charles O. Betts to hear testimony and evidence.
Betts has thrown out four suits brought by Hill seeking to oust Ramsey and Carr from their apartments in the state capitol.

Two Doctors Sued For Negligence

NEW YORK (UP)—Two doctors in the Long Island resort town of Southampton have been accused of negligence in the death of a 5-year-old Texas oil heiress in a two-million dollar suit filed in Supreme Court here.
In an amended complaint filed by attorney Harry H. Lipsig, John B. Milliken of New York charged he lost the "possibility and probability" of sharing in a two-million dollar inheritance from the fortune of Mrs. John Henry Kirby of Houston, Tex. through his daughter's "wrongful death."
Milliken accused Dr. Emma Bellows, a proctologist and surgeon specializing in obstetrics and gynecology, of "carelessly and with homicidal recklessness prescribing medication and drugs that were contra-indicated and were a menace and danger to the health and life of the child and in lethal dosage."
Also in the complaint, Milliken alleged that Dr. Bellows was "unskilled, unprofessional, unfaithful, careless and negligent" in treating little Amoret Milliken for acute asthma prior to her death on July 22, 1955 at Southampton hospital.

"SWELL" PALS—Five-year-old Mimi Ard, of Cheswick, Pa., and her French poodle Cluquot both got their lumps—via the mumps. Medical science says it's almost impossible for a dog to have mumps, but an incredulous veterinarian confirmed that Cluquot caught the ailment while playing with the child. So Mimi and her pet are lumped together in convalescence.

Investigation Asked Of John White's Conduct

AUSTIN (UP)—Rep. Paul Brashear of Ohio has called for an investigation into Agriculture Commissioner John White's conduct of his office.
White commented, "they're welcome, that's all I can say, I'll be glad to cooperate with the committee. They're welcome to interview any employee we have."
Brashear called for the investigation in a resolution filed with Speaker Waggoner Carr for introduction in the House.
He asked that the inquiry be conducted by the general investigating committee of the House.
Brashear's resolution asked for an investigation "of the State Commissioner of Agriculture with respect to his discharge of his official duties."
The resolution also called upon the investigating committee "to examine employees of the Department of Agriculture to determine if such employees are required to make substantial contributions to defray campaign and other expenses of the State Commissioner of Agriculture."
Brashear earlier this session introduced a bill seeking to abolish White's post and replace it with an appointive commissioner of agriculture who would be named by a 21-member board.
The bill was sent to a sub-committee and was considered dead.
Brashear's resolution said "an official of the State of Texas elected by the citizens of Texas should

Passport Denied Girl From India

BOMBAY, India (UP)—The government was reported here to have refused to give a passport to Sonali Das Gupta, the beautiful Indian girl romantically linked with Italian film director Roberto Rossellini.
Despite emphatic denials by both Sonali and Rossellini, reports persisted that the two were in love and that Rossellini intended to take her with him to Italy.
He held accountable for all of his actions in connection with the discharge of his duties.

The government action in blocking Sonali's passport apparently resulted from action by the wife of noted Indian film director Bimal Roy. She was reported to have gone to Delhi, where she has friends and relatives in the central government who used their influence.
The reported romance between Rossellini, who is married to film star Ingrid Bergman, and Sonali, mother of two children and estranged wife of Indian film producer Hari Das Gupta, has greatly upset the Indian beauty's family.
Her husband's younger brother, on hearing the news that scandal had been connected with his family's name, was reported to have jumped from a window on the third floor of his Bombay residence in a suicide attempt.
Other members of her family

Guided Missile Explodes Prior To Firing Test

COCOA BEACH, Fla. (UP)—A guided missile exploded and burned Wednesday as it was being readied for a test firing at the missile test center at nearby Patrick Air Force Base.
Gen. D. N. Yates, commander of the center, issued this terse statement:
"A missile being prepared for test launching early today was accidentally destroyed by fire. There were no injuries to personnel and damage to the test stands was superficial."
A spokesman at the base refused to disclose the type of missile or details leading to the fire.
First reports of the accident came after residents reported seeing a spectacular explosion followed by a huge ball of fire that lit up the sky.
Searchlights had been seen over the field for 30 minutes before the explosion took place, apparently in preparation for a test.
It was reported that Gen. Curtis LeMay was on hand at the base for a test.
The explosion was labeled as "tremendous" by residents and

TOP AIDES LOST

TRENTON, N.J. (UP)—Republican gubernatorial candidate Sen. Malcolm S. Forbes said today he has lost the services of "five top campaign aides" for several weeks.
Forbes' five children have the measles.

COPS, NEWSMEN AGREE

NICOSIA (UP)—Greek Cypriot newsman John Lomoniatas, 22, agreed today the police were correct when they arrested him as he sat in the press section of Nicosia Central Court Tuesday covering the murder trial of newsman Nicos Sampson. Lomoniatas escaped only last week from Paphos jail where he was being held on a forgery charge.

workers who were outside the base because of picket lines set up by striking teamsters union men in a labor dispute.

Ellis High in taste appeal—WHOLELY DIFFERENT
SHORT RIBS O' BEEF

"I've seen stores come—and I've seen stores go, but it's these steady, friendly stores I like."

Maybe you are one of the Old-Timers who has watched the steady progress of our stores; the ever-changing ideas in merchandising, display, and arrangement which have made our stores more attractive and easier to shop. And through all these years of improvement, just one thing hasn't changed. That is the old-fashioned friendliness of a grocer who has grown up with his town; who is interested in making it a better place in which to live, and who genuinely likes to serve his neighbors. Stop in at ABC where friendliness is more than a word.

Gomulka Wins An Important Victory

Foreign News Commentary
By CHARLES M. McCANN
United Press Staff Correspondent
Polish Communist leader Wladyslaw Gomulka has won an important victory in his fight to maintain an independent policy. "Stalinist" Reds who had hoped to force Poland's return to the

satellite status it occupied before the revolt of last October have suffered a corresponding defeat. Gomulka won his victory at a four-day meeting of the central committee of the Polish Communist Party, or the United Workers Party as it is called officially. The "Stalinists" entered the meeting prepared to make a strong bid to increase their strength in the central committee and thus head Poland back toward complete subservience to Soviet Russia.

The "Stalinists" failed. Instead, two strong supporters of Gomulka were elected to the committee. One "Stalinist" leader was ousted.

Three Party Factions

There are three factions in the Polish Communist Party. They are the "Stalinists," called the right wing; the "revisionists," called the left wing, and Gomulka's supporters, called "centrists."

The revisionists want Gomulka to go even farther in his defiance to Russia. In Poland's present situation, complicated as it is by serious economic troubles, they are as big a menace to Gomulka as are the "Stalinists."

At the first day's session of the central committee, it looked as if the Stalinists were going to come out on top.

Gomulka sharply attacked the revisionists. He said that party unity was absolutely necessary, and that the revisionists were the chief danger to unity. He invited any members who refused to follow the party line to turn in their

membership cards or face the possibility of expulsion.

He tempered this by saying that the party line is to liberalize agricultural policy, maintain the present working agreement with the Roman Catholic Church and renounce any return to terrorist secret police rule.

The "Stalinists" took heart at Gomulka's speech. They attacked his policies. They tried to force through a resolution saying that Russia must be supreme in the Communist world and condemning the Hungarian revolt which Russian troops suppressed.

Gomulka responded by a direct attack on the "Stalinists." He

said that Poland, under his leadership, would not go back to subservience to Russia.

The result of the central committee was to put Gomulka in probably the strongest position he has enjoyed since he returned to his post of first secretary of the Communist Party last October.

There are still right and left wings in the party. But they have both been weakened by Gomulka's firm stand, and any hope that Soviet Russian rulers may have that Poland will revert to satellite status has been substantially diminished.

CATBIRD?—Brownie, a queer cuss of a cat, sits for hours on a robin's nest in Cleveland, Ohio, apparently trying to hatch a robin's egg. At left, Brownie sits on the nest while keeping both eyes on the photographer. At right, the nest, with a single egg, is uncovered after Brownie was scared off his perch by the pop of the flash bulb. Local naturalists have cast grave doubts on Brownie's motives and integrity. Some feel he is probably waiting, with sinister purpose, for Mother Robin to show up.

HAPPY FELLA—Anton Kolonizew, onetime Russian Cossack, twirls his mustache as he casts an approving look on New York from a port hole of the USNS transport Gen. W. C. Langfitt. Kolonizew, 65, was one of 1,042 refugees brought to the U.S. aboard the Langfitt. They are the last refugees to be admitted to the U.S. under the Refugee Relief Act of 1953.

VARIETAS STUDY CLUB

Varietas Study Club installed new officers for the 1957-58 club year in the home of Mrs. W. L. Heskew on Tuesday afternoon. They are, left to right, Mmes. Ralph Thomas, parliamentarian; J. G. Doggett, secretary; W. A. Wagoner, president; Lee Harrah, vice president; C. L. McKinney, reporter.

Varietas Study Club New Officers Are Installed With Musical Symbols

The members of Varietas Study Club held their annual spring luncheon and installation of officers on Tuesday at 1:00 p.m. in the home of Mrs. W. L. Heskew. Tables were attractively decorated in spring flowers. A two-course luncheon was served to the group.

Mrs. J. R. Spearman, outgoing president, presided at the business meeting, after which she installed the officers for the year of 1957-58. Those installed were: Mmes. W. A. Wagoner, president; Lee Harrah, vice president; J. G. Doggett, secretary; Dow King, treasurer; C. L. McKinney, reporter; Ralph

Thomas, parliamentarian; and J. R. Spearman, council of clubs representative.

Mrs. Spearman used a musical theme for the installation ceremony, stressing that a successful club must be as harmonious as a well-trained orchestra, with each officer acting as an important instrument.

As she presented the gavel to the new president, she likened it to a baton, emphasizing that the president acts as director of the group, keeping the group together and in harmony. She gave a piano symbol to the vice president, stating that when the orchestra leader must be absent, the piano can always continue to play and thus allow the orchestra to carry on.

The secretary received a drum symbol, showing that the rhythm of a group should always be correct. The treasurer was given a musical score, indicating that a club must have records of all its work. The reporter received a trumpet, with instructions to publicize the activities of the group. The parliamentarian was presented a flute symbol, indicative of the necessity of clear and distinct guidance by this officer at periodical intervals. The council of clubs representative held a bass horn symbol, in token of her need to harmonize with members of other organizations.

Second Series Of Recitals Tonight

This evening at 8 o'clock in the Church of the Brethren, Mrs. H. A. Yoder is presenting the second of two groups of students in their spring recitals. The first group played on Sunday afternoon.

This program will also include pupils of all ages and a varied program of music. Of special interest will be the very modern piano duo, Jamaican Rumba, played by Misses Linda Skeeves and Kay Waggoner, high school students.

On the program also Miss Beryl Nash is presenting the Williams Concerto in A Minor. Miss Nash was a first rating performer in the Canyon Piano Festival in March.

A piano quartet composed of Misses Donna Tarpley, Nannette Flynt, Marilyn Fite and Mary Flynt Marilyn Fite and Mary Cole will play La Grace by Bohm. Misses Fite and Marilyn Wells are playing Sonatas by Mozart and Haydn respectively. Miss Tarpley will play Firefly by Bilotti; Miss Flynt Polish Dance by Scharwenka; Miss Cole Spanish Dance by Granados.

Others appearing will be a duet by Kay and Russell Maddox; solos by Cynthia and Lynda Key, Jean and Janie Prock, Carol Chase, Becky Walsh, Jimmy Flynt, Larry Cox, Leslie Millren, and Jan Adams.

Students will also receive special awards for participation in the National Piano Auditions and the Recording Festival at the close of this recital.

The public is cordially invited to attend.

Following the installation ceremony, Mrs. Wagoner took charge of the meeting. Mrs. Spearman presented a gift from the club in appreciation of her year's work as president.

Present for the luncheon and installation were: Mmes. H. H. Butler, Cecil Dalton, J. G. Doggett, H. P. Doser, S. C. Evans, H. T. Hampton, Lee Harrah, J. A. Hopkins, J. E. Kirchman, R. W. Lane, C. L. McKinney, Otis Nace, George Sims, J. R. Spearman, Ralph Thomas, J. C. Vollmert, W. A. Wagoner, L. L. Harkins, Hubert Bratcher, and Mary Weaver.

Memorial Services Planned By Lodges

(Special To The News) SKELLYTOWN — The Rebekah Lodge met recently in IOOF Hall with Mrs. C. M. Estes, noble grand, in charge. Those reported ill were Mmes. Eddie Pannell, Luke Guerin; Messrs. S. A. Estes of Sweetwater, Charles Hoskins, and Walter Niver. Eighteen sick visits were made.

Mrs. C. C. Hoskins reported that the refreshment and entertainment committees were making plans for the semi-annual past noble grands' banquet. Mrs. A. Shubring, district deputy president, announced that new officers for the ensuing year will be installed on July 8.

In a letter to the lodge, sovereign grand master, L. S. Nichols, proclaimed that June 11 would be designated for memorial services in the IOOF and Rebekah Lodges of Texas. The Skellytown IOOF and Rebekah Lodges will hold joint memorial services on that date in the lodge hall at 8 p.m. The public is invited to attend. The secretary of the lodges was asked to notify the families of the deceased members in the two lodges.

Nomination of officers was held. New officers will be elected on June 8.

Present for the meeting were Mmes. Fred Genett, Lyle Zmotony, R. E. McAllister, R. C. Heaton, C. C. Hoskins, Fred Wall, Lott Lybrand, Miles Fearston, Clifford Coleman, Robert Marlar, W. S. Berry, Al Shubring, Howard Wedge, Everett Crawford, C. M. Estes, Clifton Hanna, and one visitor, Mrs. Mary Thornburg, of Mounds, Okla., Rebekah Lodge.

Coffee Given By Dorcas SS Class

(Special To The News) SKELLYTOWN — The Dorcas Sunday School class of the First Baptist church recently held a coffee in the church recreation rooms with Mmes. H. M. McClendon and Aubrey Lane as hostesses.

Mrs. Johnny Wilson led the group in prayer. The devotional was given by Mrs. McClendon.

Sweet rolls, coffee and hot chocolate were served to Mmes. Everett Fitch, Johnny Wilson, Paul Mathews, Walton Barnett, Darrell Yeager and E. C. Mills.

Jennie June Club Has Installation

(Special To The News) PERRYTON — The Jennie June Club met recently in the country home of Mrs. Warren Cudd for luncheon. The officers of the club were hostesses.

Following luncheon, a business meeting was held and new officers were installed by Mrs. Lloyd Morgan. New officers are Mmes. Gale Rogers, president; Bill Allen, second vice president; J. B. Whigham, third vice president; Loyd Morgan, recording secretary; Edward Puls, corresponding secretary; Wood Phelps, parliamentarian, and Jim Dunlavy, auditor.

Other guests were Mmes. Jack M. Allen, Clair Brillhart, Gene Cudd, Warren Cudd, John C. Daniel, Bruce Holmes, Harold Hudson, Dean Monroe, Charles Price, Clyde Ragsdale, A. L. Schnell, Jr., Robert Tandy, Cecil Tevis, and Jimmy Palmer.

Junior High School Parent-Teachers Install Officers In Unique Service

The Pampa Junior High School Parent-Teacher Association met May 16 at 8 p.m. in the school auditorium with Mrs. Silar Hopkins, president, presiding. Rev. Ronald Hubbard gave the devotional from Leviticus.

Richard Sugar, seventh grade choir director, led the group in a short concert of international folk songs, concluding with two selections from Mozart and Beethoven. Accompanists were Misses Donna Walsh and Betty Lou McWilliams.

Minutes of the previous meeting were read by secretary, Mrs. E. E. Shelhamer. Treasurer's report was given by Mrs. Irene Osborne. The auditing committee report was presented by Jack Nichols; Mmes. Irene Osborne and Bill Tidwell.

City Council report was given by Mrs. Elmer Darnell concerning the recent school of instruction given by Mrs. Frank Ogle, district president of Borger. Mrs. Dale Finson, historian, read a report correlating the officers and standing committees' work for the year.

Mrs. Hopkins, on behalf of the association, presented Mrs. Nichols with a life membership certificate for "what he has been doing and is doing for the students as their principal."

As a surprise to the president, Mrs. H. L. Epps called Jim Hopkins from the audience, and he presented his mother with the past president's pin. Mrs. Hopkins expressed her appreciation to the group.

Mrs. Epps, program chairman, introduced Mrs. Jack P. Foster, district vice president, who installed the officers for the 1957-58 P.T.A. year. Mrs. Foster presented a unique ceremony, using the building's trowel and bricks to indicate the officer's part of service. She tossed small styrofoam bricks to the audience that they might complete the "building" of a new P.T.A. year.

Mrs. Shelhamer, newly installed president, introduced the standing committee chairmen as: Mmes. Lester Jones, membership; Bill Tidwell, publicity; L. L. Garren, hospitality; William Leonard, publications; Ralph Delashaw, room representatives; J. B. Maguire, goals; Loyd Carlisle, safety; James Lewis, health; Paul Brown, radio; Joe Wells, character and spiritual education; Phillips Grange, telephone; and Mr. Jack Nichols, budget and finance.

"What is a Youth?" was given by the president after which a refreshment period was held in the west hall.

Hostesses were a group of seventh grade mothers, Mmes. D. N. Moore, Cleo Hoyer, Joe Wells, and L. P. Fort.

Miss Joyce Turner and Kay Stapleton served in the nursery.

Brushing, hanging up clothes and using a steam iron will keep your wardrobe in neat shape. Dry cleaning and pressing are hard on clothing. The trips you save by home care also save you money. And your clothes will last longer.

AIR CONDITIONING—TEMPERATURES MADE TO ORDER—AT NEW LOW COST. GET A DEMONSTRATION!

loves to cut loose and cover the miles!

That sweet, smooth and sassy new Chevrolet likes nothing better than to head for the wide open spaces. Its velvety V8 purrs with pleasure when your toe tells it to reel off the miles and level out the landscape!

If you're looking for a real "escape artist," a car that loves to step out and get away from it all—well, it just happens that Chevy was born with that urge.

If there ever was a car that loved to cut loose and cover the miles, it's this one. Yet it's so beautifully behaved, so easy to handle that it even makes city traffic seem a bit lighter and parking places a bit bigger.

Chevy's pretty easygoing out on the highway too. Not pokey. Far from it. You find, for example, there isn't a hill around that can make it breathe hard—not with Chevy's high-performance V8 on the pulling end. You've got up to 245* horsepower here for the biggest helping of driving pleasure found in the low-price field!

Chevy's new Positraction rear axle (optional at extra cost) puts still more pleasure in your driving. It delivers greater power to the wheel that grips, not the wheel that slips. You have sure control and better traction on any road surface.

Stop by your Chevrolet dealer's before another good driving day goes by.

More to be proud of—The Bel Air Sport Coupe with Body by Fisher.

GET A WINNING DEAL ON THE CHAMPION!

*Optional at extra cost. 270-h.p. high-performance engine also available at extra cost.

Lane Wins In TV Fight

DETROIT (UP)—Kenny Lane, the No. 1 lightweight contender, today was a fighter with no place to go after scoring a "perfect

fight" sixth-round knockout of Henry (Toothpick) Brown Wednesday night.
Lane, 24, Muskegon-Big Rapids, Mich., southpaw, displayed a baffling, powerful attack as he battered Brown to near helplessness before putting him away with a

Lane's co-managers, Jack Kearns and Pete Petroskey, were all smiles, hoping the sensational finish would make their boy a TV drawing card and force lightweight champ Joe Brown or another headliner into the ring with Lane.

Redlegs Trounce Bums Behind Klippstein

Big State To Be Five-Team League

WICHITA FALLS, Tex. (UP)—The Big State League will operate as a five-team league after tonight and shortly it will be a four-club circuit.

Wichita Falls, one of the losing teams in baseball this year, is dropping after tonight's game at Corpus Christi and Wednesday, Port Arthur decided to fold.

No withdrawal date has been announced for Port Arthur. Big State League President Hal Sayles came to Wichita Falls Wednesday to sign papers transferring Wichita Falls over to the league, which had decided to operate the club.

However, before the papers were signed, Port Arthur owner Sox Vratris telephoned Sayles to inform him Port Arthur was folding.

Sayles immediately polled the rest of the league, and the other four clubs voted to drop Wichita Falls after tonight's game. Vratris did not announce the exact date of Port Arthur's withdrawal.

"In view of the Port Arthur situation, the other clubs felt they couldn't obligate themselves to aid in the operation of Wichita Falls," Sayles said.

The Spuders have lost 26 of 29

games but Port Arthur was only half a game away from leading Abilene.

Clovis Flexes Its Muscles In Victory

By UNITED PRESS
Clovis flexed its muscles and picked up seven home runs, two of them by amazing Chico Alvarez, to bury Plainview 28-11 in another wild Southwestern League outing Wednesday night.

Clovis kept its three and a half game lead with 26 hits and Alvarez belted his seventh and eighth home runs in five games. He has been picking them up in bunches of two.

Ballinger hung on to second place with a 4-1 victory over Midland and El Paso, in third place, beat Carlsbad 5-4. San Angelo stopped Hobbs 9-1.

Both of Alvarez' homers came with a mate aboard. Jesse Gonder added a pair, both solo. Louis Zayas belted a two-run homer. Marty Rossell hit one with two on and Roy Parker with one on for Clovis.

Howard Flynn, not to be outdone, clouted a pair of two-run homers for Plainview and Ray Gianelli poled a grand slam.

Glen Woodard forged a three-hitter to run back Midland as Jim Moore, with a homer and an infield out, drove home two Ballinger runs.

Woodard brought home the other run by singling home Frank Cofer, who had tripled.
Tommy Harrison-allowed Hobbs an unearned run in the first and then blanked it on five hits the rest of the way as Juan Izaguirre supplied the batting power with four singles and player-manager Allen Cross three.

Tommy Douglas gave up 10 hits but had the stuff in the clutch to stop Carlsbad. The El Paso hurler, winning his fifth against no defeats, let in one run to bring it to 5-4 in the ninth and then retired the side in order with two men on base.

STUTTGART, Germany (UP)—Scotland defeated Germany, 3-1, in an international soccer match Wednesday before a crowd of 75,000 in Neckar Stadium.

Bums, Cubs In Swap-Out

BROOKLYN (UP)—The Brooklyn Dodgers today traded pitcher Don Elston to the Chicago Cubs for pitchers Vito Valentini and Jackie Collum in addition to two other unidentified players.

The Dodgers immediately sent to Los Angeles in the Pacific Coast League and Collum to Montreal in the International League. The other players, one of whom is slated to remain with the Dodgers, will be announced later, according to E. J. (Buzzy) Bavasi, Brooklyn vice president.

Elston, 28, had a 7-8 record with St. Paul in the American Association last season and pitched only one inning for the Dodgers this year. He originally was Cub property and went to the Dodgers in the deal for Ransom Jackson, Dec. 6, 1955.

Perryton Coach To Phillips

(Special To The News)
PERRYTON — Coach Joe Ogden, who has served on the coaching staff of Perryton High School for the past four years, had accepted a job with the coaching staff at Phillips High School for next year and he and his wife and two sons will move to Phillips in the near future.

Coach Ogden was coach of the Ranger "B" football and basketball teams. He also coached the Rangerettes, who were District finalists as they were defeated by Wellington. He served as track coach and this year won District with the track team.

By FRED DOWN
United Press Sports Writer
Johnny Klippstein, an ex-farmer who never got a chance to make the grade in Brooklyn, has the Dodgers convinced today he's definitely "big league."

Klippstein, who was drafted out of the Dodgers' vast farm system back in 1950, has come back to haunt them with no less than eight victories in the last three years. He came through Wednesday night with a nifty five-hitter that gave the Cincinnati Redlegs an 8-1 triumph over the National League champions.

It was a key victory for the Redlegs because it snapped the Dodgers' five-game winning streak and dropped Brooklyn into third place. It enabled the Redlegs to retain their game and a half lead over the Milwaukee Braves, who scored a 4-3, 13-inning triumph over the Philadelphia Phillies.

The New York Giants edged out the Chicago Cubs, 4-3, in the only other National League activity. The Chicago White Sox made it two in a row over the New York Yankees, 8-4, the Boston Red Sox tied a league record of four homers in one inning as they routed the Cleveland Indians, 11-0. The Baltimore Orioles nipped the Detroit Tigers, 4-3, in 10 innings and the Kansas City Athletics whipped the Washington Senators, 8-6, in the American League.

Rain Delays Play
Klippstein, who had an 0-3 record and was kayced in his four previous starts, turned in one of the best games by a Redleg pitcher this year. He yielded the Dodgers' run in the second inning but shut them out with two hits after play was halted by rain for an hour and 42 minutes in the middle of the fifth inning.

The Braves pulled out their game with the Phillies, after trailing 3-0, on the wings of a three-

run homer by Ed Mathews in the fifth and Chuck Tanner's first round-tripper of the year in the 13th. The blows, 11th and 12th homers of Robin Roberts this season, were backed up by strong Milwaukee relief pitching, which shut out the Phillies the last eight innings. Rookie Juan Pizarro, who took over in the 12th, won his second game while the loss was Roberts' fifth. He has three victories.

Red Schoendienst's ninth inning, single following a double by Daryl Spencer gave the Giants their victory after a homer by Dale Long produced a 3-3 tie in the sixth. Relief pitcher Al Worthington won his third decision while Bob Rush suffered his fifth straight loss of the season.

Wilson Wins No. 5
Jim Wilson, 35-year old right-hander, went the distance for his fifth win as the go-go White Sox took advantage of two errors by Billy Martin and a three-base muff by Mickey Mantle to score five unearned runs and stretch their winning streak to nine straight games. The victory stretched the White Sox' first-place lead to three games and dropped the slumping Yankees four games off the AL pace.

Gene Mauch, Ted Williams, Dick Hornert and Frank Malzone all homered in the sixth inning.

Pinch-hitter Al Pilarcik's scratch hit scored Tito Francona with the winning run for the Orioles. George Zverinik gained the decision in relief while Frank Lary, appearing in relief for the first time this year, suffered his sixth loss compared to two wins.

Gus Zernial ended the Athletics' string of 29 consecutive scoreless innings with a two-run first-inning homer and paved the way for Alex Kellner to win his first game. Zernial also homered in the seventh of the Athletics and Vio Power connected for his third. Roy Sievers hit No. 9 and Jim Lemon No. 2 for the Senators.

Cadillac

Friendly Welcome For a Total Stranger!

He's a "stranger in these parts"—just passing through on his way to some distant destination.

But you wouldn't know it to look at the wonderful welcome he receives as he brings his car to a silken stop and his day's travels to an end.

For high on the hood of his motor car rides the beautiful crest of Cadillac—and hospitality just seems to follow a new Cadillac wherever it goes.

No man, you see, is ever without standing when he is in command of the "car of cars".

For it is a recognized fact that Cadillac owners—representing though they do such varying fields of endeavor and such widely separated parts of our world—also have a great deal in common.

Invariably they are people of marked personal achievement—who have won for themselves a

considerable measure of respect and recognition.

In brief, the driver's seat of the Cadillac car is the traditional dwelling place of the world's leading citizens. And people everywhere have found it safe to assume that whomsoever they behold at the wheel is a worthy member of this great and distinguished company.

Of course, this is but one of the satisfactions of Cadillac ownership . . . in addition to inspiring beauty, luxurious Fleetwood coachcraft, superlative performance and extraordinary value.

Have you as yet taken the wheel of a new 1957 Cadillac? If not, then you should visit your Cadillac dealer and spend an hour on the highway.

He'll be waiting for you with a "friendly welcome" of his own!

Kansas City Open Starts

KANSAS CITY, Mo. (UP)—Most of the nation's leading money players headed by Masters champion Doug Ford tee off today in the \$22,000 Kansas City Open with Hillcrest Country Club's first hole a big factor.

Many fine golfers have been provoked to putting over their putters after a tilt with the 250-yard hole, one of the toughest par-3 tests in the country. Only a perfectly played tee shot will reach the large green surrounded by trees, ditches and traps. The fairway is narrow and razor-backed.

The other 17 holes of Hillcrest's par-72 layout should be fairly simple for the par-breakers of the professional troupe. Lush with grass after substantial rains, the 6,868 yards of tree-lined playways have been groomed sharply for this 72-hole affair.

Legion Sets Meet To Discuss Team

An open meeting will be held in the American Legion Hall at 7:30 p.m. today to organize a Legion Junior Baseball team and also to discuss leasing Oiler Park for the team.

Lester Jones, Legion commander, has urged all citizens of Pampa interested to attend the meeting.

Doug Mills has offered to lease the park to the Legion for \$1 a year. The offer is expected to be accepted. Mills has the park leased from the Santa Fe Railway Company, owners of the property.

Spring Training Games Tonight

A future-exes game will climax basketball spring training at Pampa High School tonight.

There will be two games. The first, which starts at 6 p.m., will pit next year's Shocker team against upperclassmen and the second, scheduled to get underway about 8 p.m., will feature next year's Harvester team playing against exes.

The games will be played in Harvester Field House.

Industrial League Softball Season Gets Underway

Pampa Industrial League softball teams got the 1957 season kicked off Monday and Tuesday with two games each night.

There will be play at three parks this year, at Lefors, Bowers Park (near the Phillips Bowers City Camp), and Lions Park in Pampa.

Teams participating in the league this summer include an all-star team from Lefors, Frontier Perforating, Inc., Phillips, Schlumberger, Magnolia, Motor Inn, Celanese, Sinclair and Pan American.

The schedule, as made out by Travis Lively Jr., calls for three games on Monday nights, two games on Tuesday nights, none on Wednesday nights, two games on Thursday nights, and four games on Friday nights.

Doubleheaders will start at 7 and 9 p.m.

On the opening night at Bowers Park, Monday, Phillips defeated Schlumberger, 11-6, and Magnolia downed Motor Inn, 24-14, according to information received from Lively, who also acts as publicity director for the league.

Tuesday night's opening games at Lions Park saw Sinclair defeat Celanese, 5-3, in a close, well-played game; and Pan American thump Lefors, 20-18.

In the Sinclair-Celanese tilt, Douglas Flynn, first baseman for Sinclair, hit two homeruns his first

two times at bat to highlight the game. Singled out for good play in the field were David Boren of Sinclair and Middleton for Celanese.

Batteries: Sinclair, Richardson and Adamson; Celanese, Cooper and Kemp; Sinclair, 12 hits, 5 runs, 2 errors; Celanese, 5 hits, 3 runs, 2 errors.

Line score:
Sinclair 010 211 0
Celanese 000 021 0

In the Pan American - Lefors game, Dale Prescott, co-manager of the Lefors team, hit three home runs, H. W. Callan of Lefors hit one grand slam home run and Gus Fincher hit one homer for Pan American.

Winning pitcher, Rex Finton. Lefors: 17 hits, 18 runs, 8 errors; Pan American: 13 hits, 20 runs, 4 errors.

Line score:
Lefors 002 511 0
Pan American 002 531 x

Tonight's schedule pits Schlumberger against Magnolia at 7 p.m. at Bowers Park and Frontier against Phillips at 9 p.m. at the same park.

No games were played last night. Managers of the various teams are:
Sinclair, Ben Hamilton; Magnolia, K. W. Lewis; Schlumberger, Roy Wilson; Frontier, Bill Jenkins; Phillips, James Shew; Celanese, R. G. Howell; Pan American, Max Molberg; Lefors, Dale Prescott and Ed Lehnick; and Motor Inn, Ted Tucker.

The league director is Charles Wilkerson.

REGINA, Sask. (UP)—Frank Tripucka, former Notre Dame Tripucka, former Notre Dame quarterback who set four passing records in Canada's Western Football Conference, has signed his fourth contract with the Saskatchewan Roughriders. He formerly played for the Detroit Lions, Chicago Bears and Dallas Eagles.
