

Aldrich New U. S. Envoy To Great Britain

By MARTIN POST
NEW YORK (AP) — President-elect Dwight D. Eisenhower turns his attention to international affairs again today after a busy week and during which he named two top foreign staff officers.

His appointment list for today, as announced by Secretary Arthur Vandenberg Jr., is composed almost exclusively of the men who will carry the burden of the incoming administration's foreign problems.

It contains these names: John Foster Dulles, secretary of state-designate; Republican bank-

er Winthrop W. Aldrich, named yesterday to be U. S. ambassador to Great Britain; Sen. Henry Cabot Lodge Jr., of Massachusetts, who will head the American delegation to the United Nations; and Harold E. Stassen, whom Eisenhower has selected to head the vast Mutual Security Agency.

Lodge is also to huddle with Dulles separately, and, if possible, with Ambassador Warren R. Austin, the Vermont Republican whom Lodge will succeed at the U. N.

In addition, Gen. Lucius D. Clay is due to see the President-elect. Clay, now chairman of the board of the Continental Can Company, was an early advocate of Eisenhower's nomination.

Eisenhower's week end also included consideration of administrative problems of operating a government.

A hush-hush meeting at Eisenhower's Columbia University residence with Nelson A. Rockefeller and two college presidents, Dr. Arthur S. Flemming and Dr. Milton Eisenhower, was followed by announcement of appointment of the three as a committee to represent the President-elect in a privately conducted study of governmental organization.

Rockefeller is a former assistant secretary of state and co-director of Inter-American affairs. Flemming, president of Ohio Wesleyan University, is chairman of the Manpower Policy Committee of the Office of Defense Mobilization.

Milton Eisenhower, the general's brother, is president of Pennsylvania State College.

The naming of Aldrich yesterday to succeed Walter S. Gifford, former board chairman of the American Telephone and Telegraph Company, followed by a day the designation of Lodge as head of the State Department.

Probers Check On Heavy Costs During Campaign

By B. L. LIVINGSTONE
WASHINGTON (AP) — House investigators today summoned bigwigs of both major political parties for a first-hand account of what some call the "alarming costs" of campaigning in the modern television age.

Rep. Clarence J. Brown, Ohio newspaper publisher and a veteran Republican political strategist, was slated to be the first witness before a special committee investigating campaign expenditures.

In the coming week, the committee plans to hear from other experts who have "encountered the problems that arise in a modern campaign," said Chairman Hale Boggs (D-La.).

Among them are Republican National Chairman Arthur Summerfield, who has been named by President-elect Eisenhower as the next postmaster general; Democratic National Chairman Stephen A. Mitchell; Atty. Gen. James McGranery and James L. McDewitt, director of the League for Political Education.

"The recent campaign added jet-steps to the whistle-stops, and expensive TV rhetoric to the fire-side chats," Boggs said.

"The enactors of laws which were passed in 1925 and 1939, as were the ones under which we are presently operating, could not have foreseen these drastic changes in campaign techniques and the alarming costs of these techniques."

Martin County Commissioner Dies In Stanton

STANTON, Dec. 1.—Daniel Edgar (Ed) Bloomer, 72, county commissioner here for the past 12 years, died at the hospital in Stanton at 2:30 a.m. today.

Mr. Bloomer had been in failing health for the past year, but he had been hospitalized this time only a few days when his condition grew suddenly worse.

Arrangements are pending and the services may be held either Tuesday or Wednesday afternoon. The body will be in state at the Arrington Funeral Home until time for services, which will be held there with Elmore Johnston, Church of Christ minister, officiating.

Mr. Bloomer had been a resident of Stanton since 1905. He had engaged in ranching and similar activities and had done considerable trading. In another month he would have completed his sixth term as county commissioner from precinct No. 2.

He was born April 19, 1880 in Fort Worth and moved to Sweetwater in 1899. Six years later he came to Stanton and he was married to Mary Glendinning on Sept. 15, 1909. Their home here was at 304 St. Mary Street.

Surviving Mr. Bloomer are his wife; one daughter, Mrs. Mary Beth O'Conner, Odessa; two sons, Glenn (Huck) Bloomer, Fort Allford, Ore., and D. E. Bloomer Jr., Everett, Wash.; three sisters, Mrs. Mittie Sukow, West Plains, Mo., Mrs. Deffa Adair, Lakeland, Fla., and Mrs. J. P. Middleton, Carlsbad, N. M.; two granddaughters and one grandson, and several nephews and nieces.

Bids Asked On Highway Projects

The State Highway Department is asking for bids on four area road projects.

Two of the projects are in, or near, Big Spring, while the other two are in the Vealmoor area, touching Howard, Borden and Dawson counties.

The Highway department hopes to let contracts for all four of the projects at the Dec. 16-17 letting in Austin.

One includes a "level-up" job and a new course of asphaltic concrete on US 89 within the city limits of Big Spring. The other project here is the "loop" road from the north gate at Webb AFB to US 87 via the Big Spring State Park. The loop is a project which has been pushed since activation of Webb AFB, since it will provide another paved outlet from the base to the south part of the city. It also will connect US 89 and US 87.

Projects near Vealmoor include FM Roads 669 and 1564, for which contracts will be let in conjunction with Borden and Dawson counties.

FM 669 will begin at US 87 west of Vealmoor and continue about seven miles east through Vealmoor to the Borden County line. FM 1564 starts at the county line north of Vealmoor and extends 11 miles in a northwesterly direction to a junction with US 87 about one mile north of Ackerly. FM 669 will eventually tie in with a project extending to the Colorado River Bridge and on to Gall.

44 Violent Deaths Recorded In State Over Thanksgiving

By The Associated Press
The long Thanksgiving week end produced at least 44 violent deaths in Texas—most of them traffic fatalities.

Since Wednesday night 29 persons died in highway and street accidents. Six died in one crash when a car struck a tree near Palestine Saturday night.

A huge explosion and fire late Saturday night at the Pure Oil Co. refinery in Nederland killed seven men and injured three. All seven were trapped in the control room of a cracking unit at the plant when the 200-foot tower burst into flames.

Two Men Are Dead
LISBON, Dec. 1 (AP)—Two men were killed by lightning, thousands of trees uprooted and 40 head of cattle destroyed in a tornado which hit Portugal over the week end.

Plans Complete For Yule Event

Construction of a big stage at Fourth and Main was the only task remaining today in arranging for the big Yule program to be presented Tuesday afternoon.

Lloyd Wooten, Chamber of Commerce projects secretary, said the use of car lot across Fourth Street to the south will be site of a Christmas caroling program to feature six area school choirs as well as choral groups from all Big Spring schools.

Santa Claus, who will exhibit some trick and fancy horsemanship this year, also will appear on the stage. After his brief presentation, Santa and local Jaycees will distribute some 24,000 pieces of Christmas candy to the kiddies.

Following the program, the annual Treasure Hunt will commence. All Christmas street lighting will be turned on for the first time at 5 o'clock to signal start of the caroling. The singing is expected to last about an hour. Santa Claus, to be attired in western regalia this year, will make his appearance and put his trained mount through its repertoire of tricks.

Then comes distribution of the candy.

The Treasure Hunt, in which 45 merchants are participating, will start at 6:30 p.m. This year it will continue through Christmas Eve with hundreds of prizes valued at thousands of dollars being offered.

The Treasure Hunt promises to get bigger as the Christmas season progresses. Wooten said additional merchants are joining in the program daily.

Parking area on Main and Fourth will be blocked on all sides of the intersection Tuesday to provide space for the hundreds of school children expected to participate in the caroling. All youngsters are urged to be present by 4:45 p.m. Parking space for school buses will be provided on Main south of Fourth.

UN Moving Toward Decision On India Compromise Plan

UNITED NATIONS, N. Y. (AP)—The United Nations moved slowly today toward a decision on an Indian compromise for a Korean truce, wary of last-minute acts by Russia and India that might wreck the overhanging non-Communist agreement already gained on dealing with war prisoners.

Despite Red China's official notice it supported Russia's plan for full and forcible repatriation of all war prisoners and an immediate cease-fire, the Indians were still trying in New Delhi and Peiping to change the Chinese tune.

A promised statement later today by the Indian delegation deputy leader, V. K. Krishna Menon, held the final clue to whether the U.N. majority can take a pronounced stand on Korean truce terms despite Communist objections.

35 Negroes Killed

JOHANNESBURG, South Africa, Dec. 1 (AP)—An estimated 35 Negroes were killed and more than 400 injured last night by a tornado that flattened a flimsy mud and brick squatters' settlement, Albertynville, on the edge of Johannesburg.

More than 400 Korean National Police stand at attention before the burned-out government building in Seoul, Korea, as they are instructed on precautionary measures to safeguard President-elect Dwight D. Eisenhower, who is expected to make a trip to Korea. A big sign over the entrance of the building is just one of many erected all over the South Korean capital city. (AP Wirephoto).

Ruiz Cortines Inaugurated In Mexico; Brannon, Nixon Attend

By LAURANCE F. STUNTZ
MEXICO CITY, Dec. 1 (AP)—Incoming President Adolfo Ruiz Cortines today appointed Luis Padilla Nervo, long Mexico's representative to the U.N., to be his foreign minister.

The announcement of the new cabinet was made shortly before the inauguration ceremony. Angel Carbajal, secretary for national properties in the outgoing administration of President Miguel Aleman, was appointed interior minister, a top job in this country, since that ministry runs the police.

Carbajal and Ernesto Uruarua, who was interior minister under Aleman, were the only holdovers in Aleman's cabinet. Uruarua is Ruiz Cortines' governor of the federal district.

Other appointments: Secretary of the Interior—Antonio Carrillo Flores; defense—Gen. Matias Ramos; agriculture—Gilberto Flores Munoz; communications and public works—Carlos Lazo; national economy—Gilberto Loyo; education—Angel Caniceros; public health—Ignacio Morones Prieto; Navy—Gen. Rodolfo Sanchez Taboada; labor—Adolfo Lopez Mateos; hydraulic resources—Eduardo Chavez; national properties—Jose Lopez Lina; attorney general—Carlos Franco Sodi; secretary to presidency—Enrique Rodriguez Cano.

Ruiz Cortines, 62, veteran administrator, will rule for six years.

Special missions from 57 foreign countries were here for the ceremonies in the Bellas Artes Theater. They were to meet the new President in a special reception at the National Palace tonight.

Agriculture Secretary Carlos Brannon headed the U. S. delegation, which included Vice President-elect Richard M. Nixon. Delegates also were present from the Soviet Union, Poland, Czechoslovakia and the Spanish Republic in Exile. Mexico is one of the few countries that still recognizes the pre-Franco Spanish government of 15 years ago.

Albert Lleras Camargo, former president of Colombia and now secretary of the Organization of American States, congratulated Mexico on the peaceful change of governors, "an exceptional phenomena in our continent." Aleman had been his country's first civilian president in 35 years.

Heavy police guards stood ready to meet any supporters of Gen. Miguel Henriquez Guzman, losing candidate in the election last July, who might try to interfere with the ceremonies. Such interference had been rumored, but observers felt it unlikely after a strong police display last week which prevented the losers from holding a demonstration.

George Meany, recently selected as the new president of the American Federation of Labor following the death of William Green, has urged the CIO to renew previously fruitless unity talks. Murray died Nov. 8, Green Nov. 21.

A CIO rally is expected at this week's convention.

The tilt between the competing Reuther and Hayward forces was very close. Reuther's own auto workers union was the heart of his support, but he also claimed the votes of the electrical, textile, maritime and clothing workers unions.

Haywood's main support came from the steelworkers union, also more than a million strong. He claimed support too, from the communications workers union and a group of more than a score of small CIO unions.

Michael J. Quill, chief of the CIO Transport Workers, headed up the smaller union group and pledged that the fight for Hayward would continue right to the convention floor.

Most top CIO officials wanted to avert any open convention fight between the rival factions, however, and it was reliably reported that the big steelworkers union, headed by David J. McDonald, would switch allegiance from Hayward to Reuther to avoid any convention showdown, provided it became clear that a Reuther victory was inevitable.

While Reuther seemed well in the lead in the race for the CIO's top job, the situation was such that any deviations from the Reuther forces could put Hayward across.

Tobin said that since the Taft-Hartley law became effective five years ago, labor unions have lost

Plans Complete For Yule Event

Construction of a big stage at Fourth and Main was the only task remaining today in arranging for the big Yule program to be presented Tuesday afternoon.

Lloyd Wooten, Chamber of Commerce projects secretary, said the use of car lot across Fourth Street to the south will be site of a Christmas caroling program to feature six area school choirs as well as choral groups from all Big Spring schools.

Santa Claus, who will exhibit some trick and fancy horsemanship this year, also will appear on the stage. After his brief presentation, Santa and local Jaycees will distribute some 24,000 pieces of Christmas candy to the kiddies.

Following the program, the annual Treasure Hunt will commence. All Christmas street lighting will be turned on for the first time at 5 o'clock to signal start of the caroling. The singing is expected to last about an hour. Santa Claus, to be attired in western regalia this year, will make his appearance and put his trained mount through its repertoire of tricks.

Then comes distribution of the candy.

The Treasure Hunt, in which 45 merchants are participating, will start at 6:30 p.m. This year it will continue through Christmas Eve with hundreds of prizes valued at thousands of dollars being offered.

The Treasure Hunt promises to get bigger as the Christmas season progresses. Wooten said additional merchants are joining in the program daily.

All youngsters are urged to be present by 4:45 p.m. Parking space for school buses will be provided on Main south of Fourth.

November Jet Fights Favor UN By 23-4

By ROBERT TUCKMAN
SEOUL, Dec. 1 (AP)—U. S. Sabre jets ran up a score of at least 23-4 over Russian-type MIG15s in November air battles, the Fifth Air Force announced today.

During the same period, other Allied warplanes roamed over North Korean roads and knocked out 3,635 Communist trucks laden with supplies for the front, the Air Force said.

Clouds and rain over most of North Korea sharply curtailed Allied air blows today. A few fighter-bombers roared through the mist and dropped high explosives on Red positions on the Western Front. Marine Corsairs destroyed a road bridge and four buildings in strikes just behind the Red lines near the West Coast.

Ground fighting, too, was relatively light.

Chinese Reds stabbed at U. N. lines on rainswept Sniper Ridge. Determined South Korean infantrymen hurled them back in brief but savage close-quarter battles. Elsewhere along the battle front, only sporadic patrol clashes were reported.

The Air Force said the Sabre jets destroyed 23 MIG's in November, probably destroyed four and damaged 15.

The Allies lost 16 planes during the month, only four in air combat. Nine planes were shot down by Communist ground fire and three were lost to other causes, probably mechanical failures.

CIO Badly Split On Successor To Late Phil Murray

Merger With AFL Urged By Tobin

By NORRAN WALKER
ATLANTIC CITY, N. J. (AP)—Secretary of Labor Maurice Tobin today urged the CIO to negotiate a quick merger with the AFL to present the incoming Republican national administration with a solid union front.

Tobin sounded the call in a speech prepared for opening sessions of the CIO convention as the 700 delegates remained badly split over selecting a successor to the late CIO President Phil Murray.

Walter P. Reuther, 45-year-old president of the milllion-member CIO United Auto Workers, was regarded as having the inside track for the CIO presidency but forces backing CIO Executive Vice President Allan S. Haywood, 64, were far from conceding defeat.

Tobin said organized labor is in danger of its gains under the 20-year Democratic regime being undermined by the new Republican administration. The Democratic Cabinet member went on to say:

"The past gains of the American working men and women are in jeopardy. Their future progress is in doubt. This is a time to close ranks and present a united front against labor's enemies. This is in time, more than any other, for unity in the American labor movement."

George Meany, recently selected as the new president of the American Federation of Labor following the death of William Green, has urged the CIO to renew previously fruitless unity talks. Murray died Nov. 8, Green Nov. 21.

A CIO rally is expected at this week's convention.

The tilt between the competing Reuther and Hayward forces was very close. Reuther's own auto workers union was the heart of his support, but he also claimed the votes of the electrical, textile, maritime and clothing workers unions.

Haywood's main support came from the steelworkers union, also more than a million strong. He claimed support too, from the communications workers union and a group of more than a score of small CIO unions.

Michael J. Quill, chief of the CIO Transport Workers, headed up the smaller union group and pledged that the fight for Hayward would continue right to the convention floor.

Most top CIO officials wanted to avert any open convention fight between the rival factions, however, and it was reliably reported that the big steelworkers union, headed by David J. McDonald, would switch allegiance from Hayward to Reuther to avoid any convention showdown, provided it became clear that a Reuther victory was inevitable.

While Reuther seemed well in the lead in the race for the CIO's top job, the situation was such that any deviations from the Reuther forces could put Hayward across.

Tobin said that since the Taft-Hartley law became effective five years ago, labor unions have lost

Mild Cold Front Sweeping State; Warmup Is Seen

By The Associated Press
A cold front sweeping eastward across the state Monday is expected to end the light rains and fog that covered nearly two-thirds of Texas earlier in the day.

The new front is comparatively mild, however, and the forecast for Tuesday is partly cloudy with slightly warmer temperatures in most sections.

Heavy fog which accompanied the slow, drizzling rain at Houston closed the airport there for eight hours.

Rainfall readings for the 24-hour period ending at 6:30 a.m. included Austin 16 inches; Dallas .05; San Antonio .13; Waco .10; Beaumont .02; Corpus Christi .01; Fort Worth .13; Palestine .03; Galveston .03; Laredo .01; Victoria .02; Texarkana .01; College Station .06; Corsicana .09; Palacios .06; Mineral Wells .14; Junction .05; Cotulla .07; Tyler .20 and Dalhart .01.

The Weather Bureau reported skies in extreme West Texas were beginning to clear by mid-morning Monday and that the rains were expected to stop in the Dallas-Fort Worth area by nightfall. In extreme East Texas rains are expected to continue during most of the night.

The rainfall Sunday helped to boost November moisture records at many points in the state. Houston received 7.73 inches, twice as much as the normal 3.84 for November.

At Greenville, the City Council this week end lifted all restrictions on use of water.

Early morning temperatures Monday ranged from 18 degrees at Dalhart to 47 at Brownsville. Besides Dalhart other cold points included Lubbock, 27; Amarillo 26; and Childress 32.

Two Escaped Felons Nabbed; Six Missing

PITTSBURGH, Dec. 1 (AP)—Police today captured two of the eight convicts who broke out of Western State Penitentiary little more than 24 hours earlier.

Caught were Cormack F. McNeil, 29, Clairton, and Ralph Mastermonica, 36, Pittsburgh.

McNeil was caught in the washroom of a McKeesport restaurant. He offered no resistance. Mastermonica was captured on busy Diamond Street in downtown Pittsburgh after one shot was fired by police. A companion of the fugitive escaped. He is believed to be another escaped convict.

Two other convicts failed to get outside the prison walls. One surrendered meekly in front of the prison gates. A tenth was caught on the prison roof.

McNeil and Mastermonica, like the convicts still at large, were armed with cell-made knives when they overpowered four guards and a deputy warden, sawed a hole in the prison roof and let themselves down to the ground on a 70-foot-long rope. They made the rope from towels and sheets.

Police of all nearby states were alerted in the manhunt for the eight convicts, who apparently executed

Two Escaped Felons Nabbed; Six Missing

a carefully planned escape for their successful flight.

In the brief fracas before they went over the wall two prison guards were wounded slightly.

Six of the escapees got away in an automobile they stole from a steel company employe standing guard near a coal pile.

The other two just ran away.

The prison guards injured were John Peterson, 38, nicked in the back with a knife, and William Eagle, cut on the hand as he tried to seize a knife from the hand of Virgil Toney, 43-year-old rubber from Ingram, Pa.

The break came as the men marched back to the north cellblock after breakfast. Toney and the others seized the four guards and Howard Brannon, 65-year-old assistant deputy warden, locking them in the cells.

Piling boxes on a table, the convicts cut a hole through a corrugated iron ceiling with an electric cutter from the prison machine shop. Then they pulled themselves into the loft, pushed slats from the roof and climbed out.

Nine of the 16 men to gain the roof slid down the sheet-towel

New Alloy Plant Is Due To Open Today

HOUSTON, Dec. 1 (AP)—The new Tenn-Tex Alloy and Chemical Corp. plant to produce alloys for steel manufacture opens here today.

Most of the ferromanganese and ferroalloy produced will go to the nearby plant of the Sheffield Steel Corp. Tenn-Tex officials said the company will import about 5,000 tons of raw manganese ore monthly from Cuba India, South Africa, Mexico and South America. Other raw materials including limestone, coke and steel scrap will come from Texas sources.

THE WEATHER

Big Spring and vicinity: Fair with showers late afternoon. Partly cloudy with cooler tonight and Tuesday.

High today 80. Low tonight 22. High tomorrow 84.

Minimum temperature for week ending Dec. 1, 1952: lowest time date in 1952: minimum temperature for week ending Dec. 1, 1952: lowest time date in 1952.

Mother Runs Home From An Iron Lung

By HOWARD C. HEVN VAN NUYS, Calif. (U) — Mrs. Mary Ann Huff is rearing her children and running her household from an iron lung.

Henry Huff, a vice president of Slick Airways, planned it with her respirator in mind. Mrs. Huff has a special room from which she can see by mirror into the living room and, through a picture window, to the free-lined street beyond.

Her two sons, Hank, 8, and Johnnie, 6, look up numbers for her. A list of important notes is pasted on the back of her respirator mirror. These include fire, police and other emergency numbers.

Mystery Group Badly Damages Five Churches

TONKAWA, Okla. (U) — A State Crime Bureau agent and Baptist minister agreed today they do not believe the group which broke into five churches last week end, mutilating the interiors of some and burning others, was just a bunch of prankish youngsters.

Instead, they hinted it might be the work of a subversive group or possibly a deranged mind.

On the wall of one of the churches the penciled words "Go to hell" were scribbled grotesquely.

Ministers and aroused townspeople in this city of 3,643, aided by state authorities, mapped plans to nab the vandals in the event of another raid.

"We've got to catch them," said Crime Bureau Agent Sid Wilson. "We want to save other churches in this area from the same treatment."

American flags, Bibles, and religious furniture appeared to be the prime targets of the vandals. The Rev. J. M. Gaskin of the Baptist Church theorized:

"The only motive, we believe, is a subversive action aimed primarily at the flag of the United States, the Bible and the church."

Yather J. Robert Henshaw of the Catholic Church, the most badly damaged of the five, revealed there was a fire two weeks ago under similar conditions. He said damage to his church from both fires would reach the \$5,000 mark.

Previous estimates put damage to all buildings at nearly \$3,000. The Catholic and Methodist Churches were set ablaze Saturday, and while they burned, the interior of the Baptist Church was mutilated.

Most Of Fund Goes To Medical Studies

NEW YORK (U) — The Commonwealth Fund says about two million dollars of the \$5,719,727 appropriated by it in the past fiscal year went for medical education, experimental health services and medical research.

Chavez Election In New Mexico Official

SANTA FE, N. M. (U) — Re-election of Sen. Chavez (D-NM) over Republican Patrick J. Hurley has been made official by the New Mexico Canvassing Board.

The board announced late Saturday that Chavez won the Nov. 4 election by 5,071 votes, a dozen fewer than the unofficial tabulation by The Associated Press gave him.

Winnie Back To Work

LONDON (U) — Winston Churchill went back to work today after a 70th birthday dinner with his family and a 40-pound cake shaped like the doughy Prime Minister's well-known square black hat.

New Cardinal

Archbishop James Francis A. McIntyre of Los Angeles is listed by Pope Pius XII as one of 24 new cardinals of the Catholic church. They will be elevated to the Sacred College in a consistory in Rome Jan. 12.

Mamie To Look At Her New Residence

By RUTH COWAN WASHINGTON (U) — Mrs. Dwight D. Eisenhower, like any woman intending to move into a new home, plans today to look over the place where she and her husband will live after Jan. 20.

The President-elect and his wife have a four-year lease on the 54-room mansion at 1600 Pennsylvania Avenue which is known throughout the world as the White House.

The lease was given them last Nov. 4 by American voters. It is subject to one four-year term renewal.

The White House, first occupied in 1800 by President John Adams and his wife, is a multi-million dollar residence. Twenty-five years ago the District of Columbia tax assessor appraised the house and grounds at \$2 million dollars.

Just last March repairs and redecorating cost \$5,700,000. The house is presently occupied by a couple from Independence, Mo., the President and Mrs. Harry S. Truman.

Although Mamie Eisenhower has been a guest at several official functions at the White House when the general was stationed in Washington, Mrs. Truman thought the new tenant might like to see the family quarters on the second floor where the presidential family lives.

Arrangements were made for the present first lady to take the future first lady through them today.

Thus between now and mid January Mamie can think about how she might want to move the furniture about. Custom gives the presidential family leeway in arranging their own living quarters.

But Mamie would have to go a bit slow on shifting the grand piano or the Washington portraits in the East Room or making any changes in the state dining room. These rooms, and others on the main and lower floors, are museum-like.

Mamie is expected to take the move in stride. As an Army wife she has traveled the world on the tide of her husband's career. She moved seven times one year. She once said she had kept house in everything but an igloo.

Nightingales To Be Pretty, But They Will Not Sing in London

LONDON (U) — Berkeley Square will have those nightingales for Queen Elizabeth's June coronation — they will be pretty, even beautiful, but they won't sing.

It is all a part of the Mayor's Association's plans to brighten up the famous square for the big event.

But because they can't cage a real nightingale — let alone make one sing for dollar-paying tourists — it was decided to put up life-size, life-like artificial nightingales among pink and white rose garlands.

24-Hour Guard Is Put On Winnie Judd At Hospital

PHOENIX, Ariz. (U) — A quiet woman of 49, still intent on proving her sanity after a score of years, sat alone today in a carefully guarded room at the State Hospital for the Insane.

This was the notorious Winnie Ruth Judd, the "Tiger Woman" of 1931, who killed her two best girl friends, chopped up their bodies and shipped them in a trunk to Los Angeles.

After her sixth escape from the antiquated hospital Mrs. Judd surrendered again Saturday night. Her new freedom had lasted 46 hours.

Hospital authorities took immediate steps to make the flight of the mad murderess her last.

Guards were assigned 24 hours a day to her room, regarded as the "most secure" of the hospital building, and Dr. M. W. Conway, superintendent, directed that she leave the room only twice a day — for walks with attendants inside the walled hospital patio.

When two Phoenix detectives found the wily Winnie Ruth hiding in a closet at the home of her appointed guardian, she begged for a new sanity hearing.

Covering under a pile of clothes, she pleaded: "Why don't you leave me alone? I want to get a job and see some people. I'm tired of being locked up."

Conway said neither he nor the hospital's medical staff would oppose such a hearing before a court-impaneled jury.

But, he said, each would testify that the crafty Mrs. Judd is still insane.

Should she be declared sane, she would face recommitment to the state prison at Florence to begin serving a life sentence.

Graham Still Seeks To Go To Korea

ALBUQUERQUE (U) — Evangelist Billy Graham left Albuquerque for Los Angeles last night, still unsure whether his proposed visit to Korea will be permitted.

Jerry Beaven, Graham's executive secretary, will meet in Washington today with Defense Department officials to settle the question.

Graham said Saturday he had been denied permission to make the trip. The Defense Department explained he had been denied sponsorship of the Armed Forces Chaplains Board because of previous commitments.

The department said he could go without the chaplains' sponsorship if he could obtain military clearance.

Graham said he would go to Korea to preach the gospel "even if I have to go as a comedian."

Now TRY THIS For CHILD'S COUGH

For coughs and acute bronchitis due to colds you can now get Creomulsion specially prepared for Children in a new pink and blue package and be sure:

(1) Your child will like it. (2) It contains only safe, proven ingredients.

(3) It contains no narcotics to disturb nature's processes. (4) It will aid nature to soothe and heal raw, tender, inflamed throat and bronchial membranes, thus relieving the cough and promoting rest and sleep.

Ask for Creomulsion for Children in the pink and blue package.

New Lincoln To Be On Display Tuesday

The most powerful Lincoln automobile ever built will be introduced in Big Spring Tuesday at the Truman Jones Motor Company, 403 Runnels Street. The public is asked to call and examine the new 1953 line.

The new Lincoln has a 205-horsepower engine, four-barrel carburetor, redesigned intake manifold, larger intake valves and a straight-through exhaust system.

The compression ratio of the overhead valve, V-8 engine, has

been increased from 7.5 to 1 and 8.0 to 1.

Lincoln's four-barrel carburetor is designed to give a faster and freer flow of air into the engine and a more thorough mixing of fuel, resulting in faster acceleration. A speed of sixty miles per hour can be attained in twelve seconds from a standing start, and eighty miles per hour in twenty-two seconds, the company reports.

Exterior changes have been made in the five models to further emphasize their modern lines. A gold "V" ornament has been placed on the grille and on the side. A new deck ornament and lock for the trunk compartment gives the car a wider and lower rear-end appearance.

All models have a one-piece back light, adding to the wide appearance and giving greater rear-view visibility.

Commemorating the fiftieth anniversary of the Ford Motor Company, a gold medallion has been mounted on the instrument panel.

The five models are Cosmopolitan four-door sedan, Cosmopolitan sport coupe, Capri four-door sedan, Capri hardtop and Capri convertible.

Thirteen basic colors and thirty-two-tone combinations are offered. A wide variety of upholstery fabrics to accent exterior colors is included in the Cosmopolitan and Capri line. Included are tweeds, friezes, nylon, broadcloth and leather.

A hydraulically operated power steering unit, optional on all models, gives maximum ease in parking. Power brakes, another option, are new with Lincoln for 1953 and, according to the company, require 30 to 40 per cent less pressure on the pedal.

Eastern Air Lines Group Is On Strike

NEW YORK, Dec. 1 (AP)—Flight engineers struck today against Eastern Air Lines, Inc., grounding the company's fleet of big Constellation planes east of the Mississippi River.

The walkout by members of the AFL Flight Engineers International Assn. came after weeks of fruitless contract negotiations.

Air line service at about a dozen major points from St. Louis to New York and from Boston to Miami was affected.

The strike halted only the big Constellations, however, since these are the only Eastern Air Lines planes carrying flight engineers.

The company said a majority of its planes — Four-engine DC-4s, and two-engine Martin 404s — were running on schedule.

Pickets marched in front of some airport installations.

Some 160 engineers who normally ride the big, four-engine Constellations are involved in the walkout, which followed expiration yesterday of their contract with the company.

Sidney E. Carter said four months of talks had failed to produce a satisfactory pay formula. He said engineers have been accepting their pay checks "under protest" since a contested arbitration last spring.

Similarity Is Noted

Elton Norman (Shorty) Hamby has pointed out a similarity of names which has caused him many questions. A man giving his first and last name, but who is from San Angelo, was picked up last week on a count of driving without an operator's license. He is not Shorty Hamby, who is a long time resident of Big Spring and who not only has his Texas operators license, but one from California as well.

Proxy Marriage Of Man, 48, To Girl, 12, Noted

SAN DIEGO, Calif., Dec. 1 (AP)—A graying 48-year-old hotel cook, deprived by police of his pig-tailed, proxy bride of 12, conceded today: "We should have waited a few years, but Virginia was crazy to get married."

Walder Christian Billa, Sacramento, Calif., and blonde Virginia Lee Willis, a Grass Valley, Calif., schoolgirl, were married by proxy in Tijuana, Mexico, Saturday.

Both said the marriage had not been consummated.

Billa and Virginia were picked up by U. S. immigration inspectors as they returned.

Billa was jailed for Sacramento police on a booking of suspicion of child stealing. Virginia, who looks older than 12, was placed in a juvenile home.

Their proxy marriage was to have been recorded officially in the Mexican state of Morelos within six days, said a receipt issued by a Tijuana marriage broker. That is customary for Americans who do not establish residence in Tijuana.

Distinguished appearing Billa told reporters the marriage had been approved by the girl's mother. He displayed a telegram from Sacramento signed only "mother-in-law" and reading: "Approve of your marriage. No complaints. Official outsiders causing trouble."

Sacramento police said the girl had been reported missing by her mother after she failed to return from a Friday night movie date with Billa.

Billa said he had been a friend of Virginia's mother since the girl was born and he often had taken them both dining and dancing.

Meet Tuesday Seeks To Aid Needy People

People interested in helping needy families for Christmas will meet Tuesday at 10 a.m. in the Salvation Army Citadel.

Lt. Robert Hall commander of the Big Spring Army post said that plans would be outlined for "adoption" of needy families.

He asked that individuals and representatives of local organizations attend the meeting. The Citadel is located at 600 West 4th.

Health Meeting Set At Midland Tonight

Personnel of the Big Spring-Howard County Health Unit will go to Midland this evening for staff meeting of Midland-Ector-Howard Health Unit workers.

The session called by Dr. C. A. Pigford director will start at 7:30 p.m. It is for the discussion of sanitation and other public health programs.

To attend from Big Spring are Nurse Jewel Barton, Sanitarian Lige Fox and Clerk Jean Knight.

County Officials Due To Attend Conference

Jack Buchanan, coordinator of the County Vocational School for Veterans, and County Superintendent of Schools Walker Bailey will attend a Veterans Administration meeting in Lubbock Wednesday.

The meeting will be held to discuss the new law passed by Congress which extended the vocational school benefits to Korean veterans. School coordinators from all over West Texas will attend, along with county superintendents.

Mark Of Distinction

Pope Pius XII pauses to ask Eileen M. Kurant of Rutland Center, Vt. about insignia on her uniform during an audience for United States soldiers and their families in the pontiff's summer residence at Castel Gandolfo near Rome. Eileen, the center of all eyes as the Pope pauses beside her lives with her parents in Trieste where her father is stationed. The child is wearing a miniature lieutenant's uniform with overseas service bars on the sleeve. (AP Wirephoto).

Nixon Won't Say If Shivers To Be Envoy

DALLAS, Dec. 1 (AP)—Vice President-elect Richard Nixon has nothing to say about reports that Gov. Allan Shivers may be the next U. S. ambassador to Mexico.

Nixon and his wife, Patricia, stopped here yesterday en route to Mexico City for today's inauguration of President Rudolfo Ruiz Cortines.

When asked about Shivers and the ambassadorship made vacant by the resignation of William O'Dwyer, Nixon sidestepped neatly.

"I'd rather not comment on the appointments the general will make," he told reporters at Love Field here. "I will say this Gov. Shivers is a very able man and he did a fine job in the campaign. The carrying of Texas in our column makes Texas one of the most talked about states we carried."

Nixon made predictions on the status of two U. S. senators in the coming Congress.

"We expect Sen. (Price) Daniel to be co-operative in the development of major parts of the general's program. I am confident he will work with us and we will work with him."

When asked if he thought the junior Texas senator would get GOP aid during the session, Nixon said that it depended "upon the position he takes"—whether Daniel comes out as an independent or Democrat.

Nixon said "We don't want and we don't need" the vote of Sen. Wayne Morse of Oregon, who bolted the Republican Party in the presidential campaign.

The future vice president hotly denied Morse' recent charges that

Eisenhower's Cabinet appointments thus far have been reactionary. He added that he did not think Morse knew what he was talking about.

"One day he says one thing, the next day something else. We don't want and don't need his vote."

Basketball Managers Urged To Attend Meet

Pete Cook has called a meeting of all managers of basketball teams to compete in the YMCA cage league.

The meeting, to arrange final details of the league race, will be held at 5:30 p.m. Tuesday at the YMCA.

Approximately seven teams so far have been indicated as entrants. Cook urged managers of any others interested in participation to attend the meeting.

Tests Show Nothing

Mrs. Cecil Thixton is undergoing a series of tests in Boston, Mass. for possible diagnosis of conditions which might contribute to the two cerebral hemorrhages she has suffered. So far the tests have revealed nothing Thixton wrote friends here.

Oilman, Rancher Albert Buchanan Dies On Sunday

WICHITA FALLS, Dec. 1 (AP)—Albert Buchanan, 61, prominent San Antonio oilman, rancher and drilling contractor, died here yesterday shortly after suffering a stroke.

He attended the Texas-Oklahoma Hereford Breeders Association sale here Saturday and paid the top price of \$45,000 for a bull owned by J. S. Bridwell of Wichita Falls. Saturday night he suffered a stroke and died about two hours later.

Funeral services will be held tomorrow in San Antonio at 4 p.m.

A native of Bonham, Buchanan began his career in the oil business as a roughneck in the Petrolia field near Wichita Falls in 1908. He drilled the fourth well in the townsite of Burk Burnett in 1917 and in 1919 began contract drilling in the Wichita Falls and Duncan, Okla., areas. Still later he drilled wells in California, Arkansas, and Northern Louisiana. He moved into the Luling, Tex., field in 1921.

Buchanan operated a number of producing wells in several Texas counties, as well as farms and ranches in Blanco, Hays, Refugio and Kimble counties. He owned one of the outstanding Hereford herds of Texas on his Blanco ranch.

In 1949 he received the distinguished service award given by the Mid-Continent Oil and Gas Association. He was vice president of the association at his death.

Survivors include the widow, a son, Morris Buchanan; a daughter, Mrs. Hortense Skiles, and his mother, Mrs. L. A. Buchanan, all of San Antonio.

Texas Tech Team Is Crop Judging Winner

CHICAGO, Dec. 1 (AP)—A team from Texas Tech was named winner of the Intercollegiate Crop Judging Contest at the International Livestock Exposition here yesterday.

Its members are Bryan Cloyse, Dryl Henderson and Kenneth Young.

The Tech team scored 5,248 points of a possible 5,400 to win its first victory in 15 years of competition in the contest. Close won high individual honors, scoring 1,786 points of a possible 1,800.

U. S. growers held a strong lead over Canadian exhibitors today in competition for top honors at the Grain and Hay Show.

As competition in this phase neared its windup, judging which will lead to selection of North America's finest farm animals has begun.

By Wednesday, judges will have selected the grand champion wether, steer and barrow from among 11,011 head of prize livestock competing for \$120,000 in prizes.

In the first two days of grain and hay competition, among "kings" and reserve champions selected are these:

Grain sorghum heads: Henry Kuntz, Cyril, Okla., first; Neils Hansen, Las Animas, Colo., second.

Threshed grain sorghum: A. G. Siegrist, Hutchinson, Kan., first; H. V. Laudick & Son, Hoisington, Kan., second.

A 21-year-old co-ed from Oklahoma A. & M., Minnie Lou Ottiger, Hydre, Okla., beat a field of nearly 200 men yesterday to win high individual honors in the collegiate livestock judging contest. She is the first woman to win the award since the International was organized in 1900.

Cornell University won the team award with Oklahoma A. & M. second.

In the intercollegiate crop judging contest, high individual was Bryan Cloyse of Tech.

Aid To Asia Depends Lot On Ike Trip To Korea, Stassen Says

PHILADELPHIA (AP)—The future of the U. S. foreign aid program in the Far East depends largely on President-elect Eisenhower's forthcoming trip to Korea, says Harold E. Stassen.

Stassen, recently named by Eisenhower to head the Mutual Security Agency in the new administration, appeared yesterday on the American Broadcasting Company radio and television show "Junior Press Conference."

The Korea visit, the president of the University of Pennsylvania said, should place the general in close contact with changing conditions in the Pacific and Asiatic areas.

WTCC Meet Is Set

The district No. 6 meeting of the West Texas Chamber of Commerce will be held in Odessa at 10 a.m. on Dec. 16. It has been announced.

This is one of a series of seven membership parties slated by the WTCC. Discussion of the 1952-53 program of service and activities, the year's budget, and election of a vice-president to represent each district will be the principal items of business.

Scholarship Set Up

STAUNTON, Va., Dec. 1 (AP)—An endowed scholarship in memory of the late Mrs. Nena Welles Priddy, Beaumont, Tex., has been established at Mary Baldwin College.

ADVANCED SPRING PRINTS

Rayons, acetates **8.98** Misses' sizes

Pick a pretty print to add a touch of spring to your winter wardrobe. See Words selection—bright with new details, sparkling trims. Pleated panel inset on the style shown is a smart fashion-new feature.

WARM; LUXURIOUS LOOKING

Coral, Aqua, Navy **8.98** Sizes 10 to 18

Holiday gift suggestion for that special someone—an acetate-satin quilted duster, smart and flattering for fireside comfort. Others in rayon-satin, crepes. Some with contrasting linings. Pastel, jewel tones.

Scene From 'La Boheme'

Shown in a scene from the opera "La Boheme" are, left to right, Bill White, Paul Harrison and Dale Houston. Sponsored by the Business & Professional Women's Club, the opera presentation will be given Tuesday at 8 p.m. in City Auditorium by the North Texas State College opera workshop.

Mr. and Mrs. Ray Phillips of Midland spent Sunday in the W. D. Anderson home. Dice a little leftover ham and add it to creamed peas, creamed potatoes, or creamed celery.

Jess H. Slaughters Are On Wedding Trip

Pvt. and Mrs. Jess H. Slaughters are on a wedding trip to El Paso following their marriage at St. Thomas Catholic Church Saturday afternoon.

The bride is the former Eva Marie Mikels, daughter of Mr. and Mrs. Matt Mikels, Portsmouth, Iowa. Parents of the bridegroom are Mr. and Mrs. Jess Slaughter. The Rev. William Moore, OMI, read the nuptial mass at 2 p.m. A double ring ceremony was used. Mrs. Helen Green, organist, played a medley of wedding music.

The bride, given in marriage by Dr. M. H. Bennett, was attired in a white marquisette lace formal, floor-length gown. Her fingertip veil of illusion was caught to a white marquisette cap. She carried a bouquet of calla lilies.

Dolores Mikels served as her sister's maid of honor. She was attired in a blue floor-length marquisette gown and carried a bouquet of pink ranunculus and neurine lilies.

Bob Wilson served as best man. When the couple left on their wedding trip, the bride wore a red gaberdine suit with white and navy blue accessories and a corsage of white ranunculus.

Mrs. Slaughter is a graduate of St. Mary's High School in Portsmouth and of the Mercey Hospital School of Nursing in Council Bluffs, Iowa. She is employed at Big Spring Hospital.

Her husband attended the Big Spring schools and graduated from Ft. Worth High School. He attended Texas Tech in Lubbock and was employed by Cosden Petroleum Corp. before entering the Army.

Upon their return from their honeymoon, Mrs. Slaughter will remain here and her husband will report to an Army base in Washington State.

'Snow White' To Be Given Tonight At 7

"Snow White and the Seven Dwarfs" will be presented at 7 p.m. this evening in the City Auditorium by the Clare Tree Major Children's Theater.

The play is being sponsored by the local branch of the American Association of University Women.

In the title role will be Yvonne Touchette. Kenneth Mays will play Prince Torgar, Harriet Payne the Witch, and Joann Morris, Queen Astrid.

The highlight of the production for the children in the audience will be the scene in the house of the seven dwarfs. Everything in the house is designed to suit its occupants. There are little beds, tables, stools and a quaint little fireplace before which "Snow White" crouches to warm herself after wandering through the forest.

Bonnie Anderson's Engagement Told

Mr. and Mrs. Walter D. Anderson are announcing the engagement and approaching marriage of their daughter, Bonnie Dale, to Rex Schropp of Hoxie, Kan.

The wedding is being planned for Dec. 29 in the Anderson's ranch home near here.

Visitors Return

Lynn Jeffcoat of San Antonio and Cpl. Harold Jeffcoat of Las Cruces, N. M. have returned to their home and base after spending the holidays here with Mr. and Mrs. Y. D. Jeffcoat, 602 Ayford.

Mrs. A. C. Thompson and Jackie Lynn of Lamesa visited in the Jeffcoat home here earlier in the week.

High School P-TA

It has been announced that the High School P-TA will meet Tuesday at 4 p.m. in the high school cafeteria. Dr. R. Gage Lloyd, pastor of the First Presbyterian Church, will speak on "Character Development."

Attend Football Game

Mr. and Mrs. Walter Anderson, Bonnie Dale and Rex Schropp spent Thanksgiving in Austin in the home of Mr. Anderson's sister, Mrs. C. F. Sanders. While there they attended the Texas University-Texas A&M football game.

Madonna Panel

An exquisite panel of the Madonna and Christ Child is to be embroidered in soft blues, rose, lavender and golden yellows. Panel measures 12 to 16 inches and may be done on satin, silk taffeta, linen, smooth-surfaced cotton; embroidery may be done in cotton floss, silk threads or in fine crewel wools. Instructions for mounting panel and framing are given in pattern.

Send 25 cents for the MADONNA PANEL (Pattern No. 558) transfer design, color chart, sketches of all stitches used, finishing directions, YOUR NAME, ADDRESS, PATTERN NUMBER to CAROL CURTIS

Big Spring Herald, Box 226, Madison Square Station, New York 10, N. Y.

Talent Show Is Slated For Tonight

Comedy, dance, vocal, guitar and hillbilly numbers will be included on the program when the Big Spring High School Student Council sponsors a talent show in the high school auditorium at 8 p.m. this evening.

Invitations to supply entertainers for the program have been sent to a number of surrounding towns, according to Mrs. Betty Lou Ratliff, sponsor of the council.

Principal Roy Worley will give the welcome address and Harold Steck will serve as master of ceremonies.

Clarks Announce Birth Of Baby Son

The Rev. and Mrs. Marvin H. Clark, formerly of Big Spring, have announced the birth of a son, Marvin H. Jr., weighing seven pounds, eight ounces, Nov. 23 in Brownwood.

The Rev. Clark, who served as pastor of the Trinity Baptist Church for four years before leaving a year ago to enroll in Howard Payne College, Brownwood, and Mrs. Clark have three other children, Martha Jean, 9, Mary Ruth, 7, and Sharon Rose, 4 1/2.

Seven Dead In Refinery Blast

NEDERLAND, Dec. 1 (AP)—Officials of Pure Oil Co. tried to figure out today why a key unit of its huge refinery here blew up Saturday night killing seven men and injuring three others.

"All we know is there was a big flash," said Max Sniffen, staff assistant to the plant manager, before the probe began.

All that was left of the 200-foot high petroleum cracking unit was a bunch of twisted, blackened beams. The tower, which used both heat and chemicals to take high octane gasoline out of crude oil, exploded with a roar Saturday at 9:40 p. m. (CST). The shock was felt in Beaumont and Port Arthur. The flames were visible for 25 miles.

All seven men in the control room of the cracking unit were killed. Six died instantly and D. H. Kyle, 36, Nederland, died yesterday morning in a Beaumont hospital.

"I was luckier than the other men trapped in there. They're dead," Kyle told his wife shortly after the fire. A little later he said: "I feel like I'm going to make it."

Then his condition became worse.

The others killed were H. D. Jenkins, and G. O. Robbins of Nederland; J. C. Orr, Port Neches, and R. A. Draper, Jack Scheznyder and Jasper Rizzo, all of Beaumont.

Four bodies were so badly burned that identification was made

Glum Diplomat

Secretary of State Dean Acheson all but covers his ears as he listens to a Russian speech at a session of the United Nations Political Committee in New York.

The glum diplomat was listening to a familiar tirade by the Ukraine's A. M. Eranovsky, who joined fellow Red satellite representatives in condemning India's much-amended Korea truce plan. (AP Wirephoto).

THIRD POSTPONEMENT Five-Day Execution Stay Given Stevens

HUNTSVILLE, Dec. 1 (AP)—Death was delayed five days for Lester Stevens, who was supposed to have died during today's first minutes.

It was just six hours before his scheduled execution when the board of pardon and paroles in Austin yesterday recommended a stay to give the acting governor, Lt. Gov. Ben Ramsey, more time to study the case.

"I pray that the governor will see a way to commute my sentence," Stevens said.

The new execution date is during the first minutes of Dec. 6. This was the third time that execution had been delayed for the 51-year-old Amarillo smelting worker convicted in the slaying of old Joshua Blocher near Muleshoe in West Texas on Aug. 13, 1951.

Both Stevens and Thomas Livesay, 30, also of Amarillo, have admitted they robbed the old man of 13 cents. But they have denied they beat him to death in a cottonfield out by Blocher's home, the shack he called "Progress." Livesay was given a life sentence.

For several hours yesterday Stevens believed that his death sentence had been commuted to life. The word came from Lennie Stevens of Filippen, Ark., Lester's brother who has been staying the

past few days in Huntsville to help.

Lennie Stevens said Austin Attorney Paul Holt told him of the commutation, and prison officials let him go to tell his brother.

The condemned man broke down, wept bitterly.

All during the afternoon he paced the floor in a continuous circle and wept. "God bless you and everybody," he told his brother.

But the pardon board in Austin denied that a commutation had been given, then announced the five-day stay.

Stevens took that calmly — as if shocked.

"I guess I was silly breaking down and crying this afternoon," he told the prison's Catholic chaplain, Father Francis Duffy, "but I was so happy I couldn't help it."

"I know that God's will will be done" when he was told that he would not be executed that night.

That time, a 30-day postponement came to permit Stevens' attorney to present additional evidence in his appeal for clemency, and it came just about seven hours before the scheduled execution date.

Stevens cried then.

Previously, he had been given the customary 30-day stay of execution given all men condemned to die in the state's electric chair.

He's still in the death row at Huntsville — a nervous man who insists "I'm not guilty of the crime. I'm to die for, something I didn't do."

The man for whose life he was condemned to pay was a recluse and eccentric who founded the town of Progress in Bailey County. It's just a few houses along the highway between Muleshoe and Farwell.

Six weeks after old Blocher was beaten to death, officers found an estimated \$10,000 in moldy bills buried three inches beneath the dirt floor of Blocher's shack.

Radar Covers Northern Areas, But Interceptor Bases Needed

By ELTON C. FAY
Associated Press Military Affairs Reporter

(Editor's Note: Elton C. Fay, Associated Press Military Affairs reporter, writes the following article from a background of first-hand experience. Fay has visited the North Pole, the remote Alaskan and Greenland air bases, and other defense projects in the icy wastelands of the Far North.)

WASHINGTON (AP)—Broad gaps appear in the outer arc of the defense system along the North American continent over which bombers from Russia could fly toward targets in the United States.

Although the joint and intensive efforts of this country and Canada have succeeded in getting a radar system into operation which may detect an approaching enemy, bases are lacking from which interceptors could challenge raiders at some points along the vast perimeter.

On the basis of recent official disclosures and visits by newsmen, the Far North defense picture looks like this:

At the northwest end: A system of major and secondary airfields, together with facilities for ground troops to defend them, now exists in Alaska, where the United States is a next door neighbor of Russia. Neither complete complements of planes nor of ground forces are there, but present strength can be augmented swiftly by flying men and planes from the United States.

At the northeast corner: Virtual completion of a huge bomber and

fighter base at Thule brings to three the number of American-operated air fields in Greenland. Together with those Greenland units of the Northeast Air Command are other bases in Labrador and Newfoundland.

But along a 1,500-mile stretch of wasteland and frozen sea between Greenland and a point in Canada near Alaska there exist few if any fields capable of sending up a substantial force of interceptors. The radar eyes might see an enemy along the rim, but it would remain up to fighter bases farther down in Canada and in the United States to provide the interception.

A somewhat similar situation exists in Greenland. The three presently operating USAF bases are located at Narsarsuaq, at the southwestern corner; at Sondrestrom Fjord just north of the Arctic Circle; and at Thule, near Cape York, on the northwestern corner, about 900 miles from the North Pole.

Tactically, this present system has disadvantages. The distances between bases, one of which must be used as an alternate field for another in event of bad weather or damage to a plane in flight, is great—800 miles in some instances. There are no fields now in regular operating use along the entire east coast of Greenland.

Greenland is a territory of Denmark and the American bases are there by agreement with the Dan-

ish government. The building of any new bases or rehabilitation of old World War II bases would require the approval of Denmark which, like Canada and the United States, is a member of the North Atlantic Treaty Organization.

There have been indications that the U. S. might be interested in improving the air base system in Greenland and elsewhere in the arctic area. Routine surveys are being made to determine the feasibility of locations, it and when definite planning for base construction is needed in the future.

Air Secretary Thomas Finletter, in testifying before a congressional committee earlier this year, said it was essential that "we have additional bases abroad for use of fighter planes" to protect strategic bombers and their bases.

Cool, Mild Over Most Of Nation

By The Associated Press

Snow fell in four relatively small areas of the nation Monday and there were two widely separated areas of rain as the weather continued, for the most part, cool and mild.

Moderate to heavy snowfall in East Kansas and Southeast Nebraska was widening and moving westward into the Great Lakes States. The Weather Bureau said precipitation in the latter area probably will occur mostly as rain because temperatures are rising.

There were small areas of light snowfall in New Mexico, the northern Appalachian Mountains and the eastern Great Lakes Region; drizzle in Texas and rain along the Upper Pacific Coast.

Skies generally were clear elsewhere.

Ex-Egypt Princess Gives Birth To Son

LOS ANGELES (AP)—The former Princess Fathia of Egypt, stripped of her title and fortune by the now exiled King Farouk, is the mother of a new son.

The ex-princess — Mrs. Riad Ghali, 21—gave birth to a baby weighing seven pounds, five ounces at St. Vincent's Hospital Saturday night.

ALL SOUTHWEST OFFENSE—1952

All-Southwest Conference Offensive Team

Texans, which swept through to the championship without a loss, dominates the All-Southwest Conference football team. Texas' Tom Stohlhandske, end, was a unanimous choice of coaching staffs polled by the Associated Press. The All-Conference offensive team (above) is Tom Stohlhandske of Texas and Bob Blair, Texas Christian, ends; Bill Crockett, Rice and Bob Knowles, Baylor, tackles; Harley Sewell of Texas and Phil Branch, Texas, guards; Jack Sisco, Baylor, center, and five backs—Gib Dawson, Dick Ochoa, T. Jones and Billy Quinn, all of Texas and Jerry Horton, Southern Methodist. The reason there are five backs is because Horton, Jones and Quinn tied for two places in the backfield. (AP Photo).

3A And 4A Elevens Launching Championship Play This Week

The blue ribbon classes—AAAA and AAA—move into state championship play this week while Classes AA and A are cutting to the quarter-finals in the battle for Texas schoolboy football titles. Lubbock and Wichita Falls were projected as favorites to crush through to the finals of Class AAAA. Breckenridge and Temple were considered the kingpins of Class AAA.

In Class AAAA the first round scheduled has Lubbock playing Austin (El Paso) at El Paso and Wichita Falls meeting Ray at Corpus Christi Saturday afternoon. Friday night North Side (Fort Worth) plays North Dallas at Dallas and Baytown battles John Reagan at Houston. Lubbock's semifinal foe would come from the North Side-North Dallas game. Wichita Falls' penultimate opponent would emerge from Baytown-Reagan.

Lamesa at Sweetwater and Temple enters Fort Neches Saturday afternoon. Friday afternoon Denison and Texarkana clash at Denison and Friday night Edison (San Antonio) and McAllen meet at McAllen. The only game matching undefeated, untied teams is the Edison-McAllen struggle and from this game will come the semifinal foe of the Temple-Fort Neches winner.

Offensive Stars Put Longhorns Over Top

DALLAS, Dec. 1 (U)—When you have three men who average over four yards each time they carry the ball and another fellow who averages 16.2 yards each time he passes that spells championship. And that's how Texas romped to the Southwest Conference football title.

wound up as leading pass-receiver. He caught 30 for 519 yards and five touchdowns. Charley Smith of Baylor was second with 21 for 370 and Bob Blair of Texas Christian was third with 20 for 367.

The headline game of the lower classes is that between Terrell and Center at Kilgore Friday night. Both are undefeated and untied and this may be the big test for Terrell in the dash to the finals.

Ochoa averaged 4.2, Dawson 5.0 and Quinn 5.3. T. Jones, the fellow who made the Texas offense click like a machine, passed for 1,018 yards and seven touchdowns. He completed 63 of 132 for a percentage of 47.7.

Two games are scheduled for Monday night: Texas A&I vs Kingsville (Naval) Air Station at the air base and Austin College vs North Texas State at Denton.

Both teams dedicated the Thanksgiving Day game here to their coaches. For Carl Coleman, coach of the Steers, the victory was a reward that he will long remember. Coleman has been liberal with praise for practically every man on the Big Spring squad throughout the season, and despite the traditional pessimism usually associated with the coaching profession, he has always maintained that his boys had a chance to win.

Ray Graves of the Texas Aggies was runner-up to Jones both in passing and total offense. He completed 93 of 194 for 989 yards and he gained 256 yards rushing for a total offense of 1,245 yards. Ray McKown of Texas Christian was third in passing with 74 of 146 for 885 yards and third in total offense with 1,217 yards on 290 plays.

Three games are carded Saturday night. Howard Payne meets Trinity University at Brady in the new high school gymnasium. Austin entertains Midwestern University and McMurry journeys to Canyon to vie with West Texas State.

Both teams dedicated the Thanksgiving Day game here to their coaches. For Carl Coleman, coach of the Steers, the victory was a reward that he will long remember. Coleman has been liberal with praise for practically every man on the Big Spring squad throughout the season, and despite the traditional pessimism usually associated with the coaching profession, he has always maintained that his boys had a chance to win.

LITTLE SPORT

Robinson And Durocher Leap Into Headlines

By JOE REICHLER PHOENIX, Ariz. (U)—Even before the first draft choice had been made at the opening of the annual winter meetings today, two baseball's stormiest figures—Jackie Robinson and Leo Durocher—leaped into the headlines.

Illini, Bears, Frogs Big Disappointments Of Year

By ED CORRIGAN NEW YORK (U)—Except for the big bowl games a month from today, college football has written its 1952 campaign—one that, strangely, lived up to most pre-season expectations.

The Spartans finished the season's business as the only undefeated, united major team in the country. The Spartans now have won 14 straight while the Engineers, who wound up on operations with a 23-9 victory over Georgia Saturday, have not tasted defeat in 25 games and own a 16-game winning streak. They'll meet a severe test Jan.

California was regarded as the likely heir to the Pacific Coast Conference crown, but Pappy Waldor's Golden Bears did not reckon with Southern California, and to a lesser extent, UCLA. Both proved great defensive powers that also could score and the league race and bid to the Rose Bowl was not decided until they met and Southern Cal two weeks ago.

College Football In State Is Now Reduced To Whisper

By The Associated Press The Texas college football campaign simmers to a whisper this week. There are only two games.

University of Houston sacked up the Missouri Valley title with a 33-18 conquest of Detroit. East Texas State was the only undefeated, united team in the entire Southwest. Texas had the second best record—8-2—but University of Houston plays Wyoming this week and probably will wind up with a similar record.

Notre Dame won the title of "upset king" of the year. Coach Frank Leahy predicted he'd have a weak team, but with each passing Saturday, the Irish looked better until they polished off Oklahoma and Southern California. Neither had tasted defeat before going up against Notre Dame.

Kokernot Is Named Top Team Sponsor

PHOENIX, Ariz., Dec. 1 (U)—Herbert Kokernot of Alpine, Tex., was named today as the nation's No. 1 team sponsor in non-professional baseball for the 1953 season by the board of directors of the National Baseball Congress.

Other conference champions: Southwest Conference—Texas. The Texas college football campaign simmers to a whisper this week. There are only two games.

Notre Dame won the title of "upset king" of the year. Coach Frank Leahy predicted he'd have a weak team, but with each passing Saturday, the Irish looked better until they polished off Oklahoma and Southern California.

LOOKING 'EM OVER With Tommy Hart

One of the complaints about Big Spring High School football in recent years has centered upon the fact that most teams, in both high school and college ranks, were producing explosive offenses, while it seemed that teams here could not go the distance from any point on the field.

The 1952 Steers caught up in a hurry in that department. It is seldom that any one team scores more than once a season from more than 90 yards away, but the Longhorns got two touchdowns this year on plays that covered 96 yards. J. C. Armistead ran that distance on a rushing play against Plainview, and Jim Porter covered the same amount of ground on a pass play against Sweetwater last Thursday.

Raymond (Giz) Gilstrap, the durable Steer wingman who played in the middle of the line on defense and got in at a half back post in the Sweetwater game, may continue his football at a junior college in California. If he is allowed to leave the Southwest it may mean that college coaches of this area are overlooking a prize prospect.

Both teams dedicated the Thanksgiving Day game here to their coaches. For Carl Coleman, coach of the Steers, the victory was a reward that he will long remember. Coleman has been liberal with praise for practically every man on the Big Spring squad throughout the season, and despite the traditional pessimism usually associated with the coaching profession, he has always maintained that his boys had a chance to win.

Central scored in the first period and was ahead until the Shamrocks rallied for two scores in the final three minutes.

ACC Repeats As Champ In Texas Conference Football

By The Associated Press The Abilene Christian College Wildcats won the Texas Conference championship for the second consecutive year as well as turning in the best full season record of the five conference schools.

of Mexico City in an intersectional game at Harlingen. Jack Sportsman scored three touchdowns while Jack Fink passed to Norman Smith for two more to lead the javelinists in a rout of the Eagles.

Baltimore Will Get Pro Team

BALTIMORE, Dec. 1 (U)—Baltimore "definitely will return to the National Football League," William MacMillan, counsel for the defunct Baltimore Colts, said last night.

Browns, Lions May Play Off

NEW YORK, Dec. 1 (U)—The Cleveland Browns, who have won six straight divisional titles, and the Detroit Lions, who have captured only one, stand a good chance of meeting for the National Football League championship.

Port Arthur Team Is Catholic Champ

PORT ARTHUR, Tex., Dec. 1 (U)—Bishop Byrne of Port Arthur won the state Catholic schoolboy football title here yesterday with a 13-6 defeat of Central of San Antonio.

Basketball Moves In The Spotlight

The Lone Star Conference turns its full attention to basketball this week after East Texas State wrapped up its second straight football championship according to form last Saturday by trouncing Sul Ross State, 27-7, in the regular season finale.

PARIS (U)—The United Nations Educational, Scientific and Cultural Organization — UNESCO — today named Dr. John W. Taylor of the United States as its acting director general.

Taylor, 46, is on leave from the presidency of the University of Louisville, Ky.

Treatments Change A Man Into Woman

COPENHAGEN, Denmark (U)—Lying in a hospital bed with her long yellow hair curling on a pillow, 26-year-old Christine Jorgensen widened her large, grey-blue eyes and lifted her hands in a surprised, frightened gesture today as she learned that the news of her change from a man to a woman was on front pages throughout the world.

"I feared it all the time," the pretty young girl said, but she smiled happily as she expressed gratitude to the Danish doctors who with operations and treatment changed the sex of the former George Jorgensen Jr., Army veteran and son of a Bronx carpenter.

"I'm happy to have become a woman and I think many more people who are unhappy as I was before should follow my example," Christine told a woman reporter who stole into her room at Rigshospitalet, the Danish state hospital here.

The doctors, meanwhile, had put a wall of secrecy around their patient, whose change of sex has only a few precedents in medical history.

Miss Jorgensen said she expects to be discharged from the hospital soon and plans to return to the United States after she completes training here as a color photographer.

Dr. Christian Hamburger, Danish hormone expert who directed the countless injections his patient received along with surgical operations by several leading Danish surgeons, refused to describe Miss Jorgensen's treatment in detail.

He confirmed, however, that her treatment and her change from man to woman would be completed soon and that she would leave the hospital then.

The boy-to-girl transformation was revealed in New York last night in a copyrighted article by the New York Daily News, which said Christine in a letter to her father said the process had taken two years.

After serving two years in the Army at Ft. Dix, N. J., Jorgensen received an honorable discharge and enrolled in a New York medical institute to study the workings of sex glands and hormones, the News said.

During a trip to California, the

youth met a doctor who told him of sex conversion work being done in Denmark and three years ago he went there, ostensibly to study color photography, and put himself in the hands of Dr. Hamburger, the News said.

The News said Jorgensen wrote home: "Nature made the mistake which I have had corrected and now I am your daughter." She enclosed pictures of herself in girls' clothes—a pretty, very feminine-looking blonde.

Work Begins To Recover Bodies From Air Crash

ANCHORAGE, Alaska (U)—A helicopter crew surveyed the slopes of snow-covered Mt. Gannett today mapping a track for a 12-man ground party assigned to recover the bodies of 52 persons killed in the crash of a C124 Globemaster.

The Air Force said the helicopter also will be used to fly the ground party to a base camp to be set up at the 4,000-foot level. From there the crew will climb to the crash scene at about the 8,000-foot level on Surprise Glacier. Search officials estimated the job of recovering the bodies may take 10 weeks.

The Globemaster transport crashed Nov. 22 while on a flight from McChord Air Force Base, Wash., to Elmendorf Air Force Base here.

Dr. Terris Moore, University of Alaska president and an Air Force officer, landed in a light ski-equipped plane on the glacier Friday.

Dr. Moore said on his return here Saturday the Globemaster was flying at full speed when it struck a peak near the summit of the mountain. All aboard met instant death.

WASHINGTON (U)—Lewis K. Gough, American Legion national commander, recommends that the United Nations fix a deadline on the Korean truce talks, then launch an all-out offensive if terms are not accepted.

Gough, in two radio-television interviews yesterday, also advocated putting into effect the program of Gen. Douglas MacArthur to bomb above the Yalu River in Red China, blockade the Asiatic mainland and invade Southern China with Gen. Chiang Kai-shek's Chinese Nationalist troops.

Republican senators have been reluctant to say if they plan to strip the Oregon senator of the seniority he has acquired by his eight years of service in the Senate, and of his choice assignments on the Senate Armed Services and Labor Committees.

Morse quit the Republican party and declared himself an independent during the presidential campaign after turning against Gen. Dwight D. Eisenhower and throwing his support to Gov. Adlai E. Stevenson of Illinois, the Democratic nominee.

He announced Saturday, however, that he would vote with the Republicans in organizing the new Senate in the belief that the incoming administration of President-elect Eisenhower should have full responsibility for the conduct of the government.

But he said he would nonetheless maintain his status as an independent and would not participate in either Republican or Democratic caucuses.

Sen. Welker (R-Idaho), commenting on Morse's statement that the Republicans should have full responsibility, told a reporter, "I

Legion Chief Urges Truce Talk Deadline, Then UN Offensive

WASHINGTON (U)—The American Red Cross says the year ending last June 30 was its most costly disaster year since 1947.

The national organization spent \$163,605,782 at home and abroad for humanity during the past fiscal year, it reported yesterday.

Of this total \$21,100,445 was spent in aiding 32,100 families in 300 disaster operations in 45 states and three territories. A major portion went to flood victims in Kansas, Missouri, Oklahoma and Illinois.

Last Year Said Most Costly In Disasters By The Red Cross

FRANKFURT, Germany (U)—West Germany has a new political party—the "All-German People's party" (Gesamtdutsche Volkspartei)—advocating Germany reunite, stop all rearmament and follow a neutral course in the cold war.

New German Party

WEST SPRINGFIELD, Mass. (U)—Three small girls died yesterday in an apartment house fire despite the efforts of several tenants to save them.

The dead are Virginia Guild, 5, her sister Janet, 18 months, and Mary Jane Balukonis, 3.

Firefighters said the three girls were playing in a bedroom of the Guild apartment when an oil burner flared up.

GOP Reluctant To Decide About Morse

By JOHN CHADWICK
WASHINGTON (U)—Sen. Wayne Morse's decision to vote with the Republicans on the organization of the Senate despite his bolt from the party still left unanswered today whether disciplinary action will be taken against him.

Republican senators have been reluctant to say if they plan to strip the Oregon senator of the seniority he has acquired by his eight years of service in the Senate, and of his choice assignments on the Senate Armed Services and Labor Committees.

Morse quit the Republican party and declared himself an independent during the presidential campaign after turning against Gen. Dwight D. Eisenhower and throwing his support to Gov. Adlai E. Stevenson of Illinois, the Democratic nominee.

He announced Saturday, however, that he would vote with the Republicans in organizing the new Senate in the belief that the incoming administration of President-elect Eisenhower should have full responsibility for the conduct of the government.

But he said he would nonetheless maintain his status as an independent and would not participate in either Republican or Democratic caucuses.

Sen. Welker (R-Idaho), commenting on Morse's statement that the Republicans should have full responsibility, told a reporter, "I

Death Came To A Happy Marine Writing Letter

By WILLIAM C. BARNARD
SOMEWHERE IN KOREA, (U)—Late afternoon sunshine streamed through a small slit in a front-line bunker.

It broke the chilly gloom in the bunker and made a pool of light on the tightly packed dirt floor.

There was heavy firing outside but the young Marine could feel secure. The shelter was strong, burrowed into a little brown hill and reinforced by heavy beams and sandbagging.

The Marine was 21, dark-haired, clean-cut, medium build. He had been in Korea only a few months. The men of his platoon liked him. He was always in good humor—particularly since the day he got word that a son had been born to his wife.

He wore a big grin that day—and for days after. His happiness warmed his buddies.

His job was to maintain an observation post overlooking the front. Every now and then the Marine went to the slit in the bunker and watched the incoming and outgoing mortar and artillery.

That could mean a rough night ahead.

The Marine decided to write a letter to his young wife. He placed an empty box near the only illumination, the shaft of sunshine which stabbed through the slit in the heavily reinforced wall.

Nobody knows just how far he got with the letter.

With a dreadful blasting roar, a Communist mortar shell landed directly outside the bunker. Two steel fragments found their way through the narrow slit, one fragment slashed the Marine's jugular vein. He fell to the dirt floor, clawing at his neck with a choking, helpless cry. The other fragment destroyed his last letter.

The Marine's life welled out quickly onto the dirt floor, a thick red flow that oozed into the little pool of sunshine.

At the ceremonies, West Germany's President Theodor Heuss told his countrymen they alone must "bear the burden of Germany's shame," but added, "There are good and evil men among any people."
