## Russo Battles Lynch Tonight

NEW YORK (UP)- Danny Russo, young Brooklyn welterweight, is a slight favorite at 6-5 to beat Eddie Lynch of New York again tonight in their return TV 10rounder at St. Nicholas Arena.

Russo, 19, won a split decision in their rough and bloody fight at St. Nick's, Aug. 5. That bout was only an eight-rounder. Tonight each will be attempting 10 for the first time. Lynch is 22.

Their return will be televised by Dumont at 10:30 p.m. c.d.t. A near-riot marred their first bout when Lynch's admirers from the Hudson River docks released pigeons, blew bugles, set off fire crackers and threw wads of paper. Two spectators were sent to the hospital. No such demonstration

will be permitted tonight by the Russo's 11-3-0 record includes not one kayo. Lynch registered but one knockout in the 11 victories scored during his 18 starts. He was beaten twice,

Natural Gas Firm Example Of Progress In Southwest By WESTBROOK PEGLER

EL PASO - In a spang-new but from Needles northward and westmodest office on the 16th floor of ward to San Francisco. while the rise in Western popula- which burned off at the wells or cold.

decrepit and busted Europe. People are rushing into the Southwest from North and East. This immigration cannot be compared to any historic stampedes, but there is a steady influx even into El Paso, an old industrial city on the Mexican border, with thousands of new family homes on small lots, blessed with a generally benevolent climate. There are cold winter days in El Paso when the gas company curtails the industrial allotment of gas in order to heat the homes through small efficient burners set in walls or under gratings in the floors. For such emergencies the big plants main-

tain reserves of oil. And there are vast seasonal dust storms, which are not comparable, however, to evil moods of the climate in New York - or Boston or Philadelphia, Servicemen and their wives and children make up the most disgusting and sickening large element of this new pop- spectacle we have witnessed is that ulation. The men liked the climate when they were stationed in places apologists who are constantly all over the desert and they have stressing, and worried about, the been coming back.

This is no attempt, however, to belittle the Eastern seaboard and certainly there is no feeling involved in the contemplation of known acts and plain possibilities. New abroad in his television appear-York propaganda does sneer at Texas, to be sure, through the means of expressions such as Edna Ferber's laborious work called 'Giant' and through vaudeville gags on radio and TV. But Texas doesn't even twitch. Some hateful writer might produce an equivalent with a setting in the Bronx or Brooklyn, but counterattack would not be worth the effort. The fact is sad enough that New York actually is a collection of some of the ugliest slums on earth, including mink-lined snakepits of the wellto-do. And treason is her exclusive sin. This Southwest has her problems, but they are easy by com-Arizona and New Mexico are rel-

atively unimportant areas of this growing colony. Arizona's principal industries, aside from copper, are government activites, supported by taxes, and even copper often is kept going by government patronage. New Mexico produces gas from an importnat discovery only a few years old, but is actually unimportant herself as an industrial member of this new community. California is the big state.

California even now is buying more than two billion cubic feet len! three points:

APOLOGISTS FOR AMERICA

In all the aftermath of the in excusable Black Monday decision of the Supreme Court of the United exhibited by those weak-kneed criticism by foreign peoples of the troubles we are having as a result of that decision.

The President emphasized the criticism we are receiving from ance on the Little Rock situation. We are constantly hearing it mentioned by commentators on radio and television, by preachers in the pulpit and others in the field of religious endeavors by internationalists, one-worlders and do-gooders. Many of our people who have been traveling abroad, including Mrs. Eleanor Roosevelt just back from Europe, report the Russian and other communist newspapers in particular as well as other news papers over the world are full of We even read accounts of our junketing Congressmen, vacationing abroad at the taxpayers' expense, making apologetic statements about the situation here. If one of them has made a statement abroad defending America,

we haven't heard about it. Instead of explaining and defending the situation here in the United States, instead of standing up for the United States, many of our public leaders, our religious leaders, our well-known travelers (whether fellow- or no., we don't know) and news commentators seem to be falling over themselves apologizing for this country and its people. To what lov estate have independence and patriotism falintegration could at least have the

do so pointedly on the difference in race and color. The discrimination of the caste system in India and the viatorna pareting there from makes anything that has happened in this country along racial lines seem tame by compari-

by foreign peoples could be

answered sufficiently and com-

pletely by dwelling on any on of

One - Those who criticize are

much more concerned with the

"mote" in our eye that they are

with the "beam" in their own

eye. The Russians, for instance,

maintain segregated schools in

Central Asia, one for the Russians

and one for the natives, and they

Two - The Negroes of the United States have made more progress in this country than their race has made at any time at any place in all recorded history. And it has only been achieved with the help of the white people, because the Negro race has watched civilization march by them for 4,000 years and more without raising a hand to help itself. Just about everyone abroad who is criticizing would jump at the chance to change places with the American Negroes.

Three - It comes with bad grace for other nations of the world, including those which are socialist and communist, who by the end of this fiscal year will have received from us \$66 billion or more in foreign aid since the end of the Second World War, to criticize the handling of the internal affairs of their benefactor. They accepted our aid with good enough grace! Isn't there an old, old saying about the ingratitude of "biting the hand that feeds you"?

The point we are making here though, is this - and the people of this country should not overlook it - If we must settle our internal affairs in accordance with the

National Whirligig

# Reds Attack Western Alliance Interdependence

By RAY TUCKER

sion and aggression. Russia's earth satellite, inter-

tion of the Middle East, as they were designed to do, have shaken the stock markets of every Western capital. In general, these had a depressing effect here and and cheated. Or they would have in Europe

Khrushchev's assertion that military planes had been made obsolete by his attainment of the cial war would be a disaster to ICBM knocked down the prices of airplane companies' stocks, at least temporarily. On the other hand, it improved the value of securities of firms engaged in electronic, missile and scientific operations.

AFFECTED STOCKS-The fact remains, however, that \$25 billion in paper profits have been lost in Wall Street since January, with a large proportion coming after announcement of launching of the "red moon." This decline has affected values in London, Paris, Rome, etc. Khrushchev has also affected

the stock values of petroleum and shipping interests with his brazen forestall when he was driven out attempt to destroy Anglo-American influence in the Middle East. Oil stocks sagged after the Suez Canal crisis, and again when Syria appeared to be on the verge of becoming another satellite. They went up again with the warnings of resistance from Washington and Ankara. And, of course, allied securities of firms making drilling and transportation equipment for

PREMIUM ON TANKERS Meanwhile, the threat to the Suex tality as the New York Central is Canal and Syrian pipelines to the Anglo-American oil fields have

Regional and political interests missile to develop as the so-called

Michigan has already lost cerbecause of shifts from conventional types of weapons. Atlantic Seaboard states will suffer in any transfer of missile-making to distant regions, for they furnish years, and multiplying the result many key parts and accessories. In short, there will be - must be - a general disruption of the economic map because of the im- the intelligence quotient would be pact of Russia's accomplishments, not only here but abroad. Many foreign nations have been making now old-fashioned weapons for the Western Alliance, with the U.S.

RUSSIA SELLS COTTON American cotton and textiles are involved in Russia's economic offensive. Colonel Nasser, for instance, has complained to Moscow about her use of the cotton with which Egypt pays for Soviet weapons. Instead of consuming it at home, the Russians are selling Egyptian cotton at low prices in Europe and the Orient, depriving Cairo of these markets.

In addition, Khrushchev is striking at Secretary Benson's effort unload our cotton surplus abroad at low, subsidized prices. Textiles manufactured from Moscow's cotton will compete with American exports.

A REAL MEANCE - This threat constitutes a real menace,

opinion of peoples of other nations, then we no longer deserve our appellation as "the land of the free and the home of the brave." This nation was founded by men who believed in independence, self-reliance and doing what they thought was right without reference to criticism by oher nations. In this way only can freedom Of course communist nations like

Russia are criticizing, and gloating over, our troubles - but the point we should remember is this: The communists began their gloating when the Supreme Court handed down its Black Monday integre tion decree. They knew it would bring division and dissension among the people and that's what communism feeds upon. They are gloating because this decision was one of the steps in the plan they formulated many years ago to convert this nation to communism. The communists are gloating, too, because the Supreme Court integration decree has brought forth action upon the part of the executive branch of our government very similar to the totalitarian practices followed by communist governments. They are gloating because other decisions of the Court have made it easier for communism to infiltrate our gov-

Like the Kremlin's puppets, if they were forced to do business with Russia, they would be robbed to trade on a wholly impractical and unprofitable barter basis, them - and to us.

# The Doctor Says

By Edwin J. Jordan, M. D. CHILD'S ABILITY TO LEARN MEASURED BY I.Q. TEST

THERE are people with high intelligence who are drug addicts, alcoholics and criminals. There are others who have very modest intellectual capacities who are respected and successful nmembers of society. Thus motivation and environment as well as inborn mental ability, play a part in what we

Nevertheless, one of the big problems facing society is how to deal with those youngsters or grownups who are mentally retarded. This may be defined as a deficiency in the natural intelligence and is reflected by mental inability to carry the full load of many of life's problems.

It is estimated that between one and three out of every hundred people have some degree of mental retardation and are therefore handicapped in their competition with those who have more native

AS A RULE mental retardation can be identified during childhood by properly administered and lopment known as intelligent quotient or I.Q. tests. These tests are measures of the child's ability to learn rather than what the child already knows. The difference of a few points, however, does not mean much. Also, there are several kinds of such tests and the scoring varies. Comparisons are

meaningless unless one knows which tests have been used. The LQ. is figured by dividing the mental age as calculated by the intelligence test employed by the actual age of the child in

If a six-year-old child was found to have a mental age of three,

PARENTS ARE OFTEN inclin ed to pay too much attention to the I.Q. of their children. However, if it is far below normal, the child must be considered to be a true idiot and cannot be educated in school subjects. Such children usually require care in an

The next lowest group are imbeciles who can learn to perform simple household duties but cannot go far in school. Less seriously etarded children can often be "ht to learn enough to support

themselves in simple occupations, but are not likely to go beyond the elementary grades of school. At the other end of the scale are he mentally superior children with nigh I.Q.'s. It is not possible to drill or train a youngster with a low I.Q. into a definitely higher

Many mentally retarded children can be helped to lead useful, productive and happy lives. In addition to the aid which can be obtained from physicians, institutions, school supervisors, psychologists, psychiatrists and others, there is an organization known as the National Association for Retarded Children (99 University Pl., New York 3, N.Y.) which is doing fine work through its many units throughout the country.

undermine the confidence of the American people in their courts and public officials. They are gloating because we are destroying ourselves and saving them the trouble. Are we going to continue to play into their hands?

As we see it, this is just one more of the Russian satellites, designed for political purposes to aid the Kremlin in its subjugation of all other peoples. And perhaps this is the real reason why the Russian scientists have been so secretive about what they have been up to. They know that real scientists would make the ball a useful instrument and not simply an apple of discord DID YOU GET NO DAD SAID

to the contrary, will remain our view.

# Four Children Killed In Fire

AMARILLO, Tex. (UP) - Four house, 309 Canadian.\* Negro children, whose mother is Mrs. Bee Williams of Wills Point hospitalized with influenza, suffo- is visiting in the home of her cated when fire swept their home daughter and family, Mr. and Mrs. Sunday night,

All four children of Airman 10 1037 Huff Rd. and Mrs. Arron White were pronounced dead from suffocation an Mary Ellen, attended the TCUhour after the tragedy.

They were Kandy, 6, Arron Jr. 4, Sharon 2, and Stanley, 18

Mrs. White entered the hospital at Amarillo Air Force Base Saturday with flu, and White hired a babysitter to stay with the children in their six-room frame house Sunday.

The fire broke out from some stuck in the mud on the way and

was ablaze The front door was blocked by flames. He rammed his fist las. through a window, severely slashing his wrist, but could not find has been initiated into Alpha Tau his children for the smoke and Omega, national social fraternity flames after he got into the house. at Texas Tech, Lubbock.

Firemen extinguished the blaze and a fireman found the children in a back bedroom. The bedroom door was closed and there was no evidence that the flames ever Reported touched the room.

## Father Of Pampan Dies

W. D. White of Sapulpa, Okla., father of Mrs. J. L. Cradduck, 2000 Williston died Sunday morning after an extended illness. Mr. and a 1947 Studebaker, driven by My-Mrs. White visited in Pampa from July until three weeks ago. Funeral services will be held

Thursday afternoon in Sapulpa. Mr. White is survived by his wife, two daughters, five sons, 14 grandchildren, and eight great-grand-

children. Mr. and Mrs. Cradduck and son, Harold Dean, will leave tomorrow to attend th funeral.

### Not Guilty Plea On DWI Charge

In the only case heard this mornliam Burnett of Kellerville to a Buick, driven by William W. Lucharge of driving while intoxicat-

Bond in the amount of \$1,000 entering of the plea. Burnett was arrested at 12:50

this morning in the 500 block of W. Foster after being observed by Carrie Paine the officers. **Expansion Meet**
