

**Gifts Of All Sizes Urged For Band**

Additional contributions from civic-minded firms brought another \$450 into the band uniform fund Tuesday, as the appeal for public help was broadened.

Although donors to date have been giving on the basis of the price of one uniform—\$30—it is recognized that that amount is not within the financial ability of all.

But a contributor's help in any amount is needed and welcomed, if the full amount—\$2,400 for 80 uniforms—is to be raised. Those who will assist in any way are requested to call The Herald office, or J. E. Collins, and their pledge will be gratefully acknowledged.

It is hoped to conclude the drive this week, as orders for uniforms must be sent in as quickly as possible. Names of all donors will be carried in the "honor roll" in The Herald columns. The honor roll to date:

**Highway Group In Conference Here**

Eleven representatives from half a dozen state highway districts in the western section of Texas concluded a conference on routine problems here today.

Jac L. Gubbels, Austin, in charge of the meeting, said it was one of three such affairs held periodically to discuss departmental services, among them wayside parks, prevention of erosion, etc.

The meetings are held in Big Spring, San Antonio, and Tyler, he added. The current parley was held in the Settles hotel.

**SHIP LOSSES HEAVY, BUT SUBS SUNK, TOO**

LONDON, Feb. 20 (AP)—British authorities asserted today that last week's British and neutral shipping losses were the heaviest of the war, but said that four German submarines "were definitely sunk" and two others were believed destroyed by the British navy or air force.

The successful attacks of the U-boats were said to have occurred within a space of six days last week, which British naval sources said was marked by the return of the torpedo to first place as a weapon of destruction.

**FRANCE SERVES A WARNING ON USE OF NEUTRAL WATERS**

PARIS, Feb. 20 (AP)—The French and British will take "all measures" to make sure that Norwegian waters are not used for belligerent purposes, a French government spokesman stated tonight.

The spokesman said that a stop would have to be put to "acts of war" being carried out by the German navy in Norwegian waters.

He maintained that the German navy was "abusing" Norwegian neutrality and has been using Norwegian waters as a base for operations in the North Sea.

**MOVIE LABOR LEADER MUST SERVE TERM**

CHICAGO, Feb. 20 (AP)—William Bluff, motion picture labor leader, arrived here by plane today and was taken into custody by detectives who were instructed to take him to the criminal courts building. Arrangements were made to commit him to jail to complete an old six-month sentence for pandering.

**ALTMARK FAST IN ICE AS NATIONALS ARGUE**—The German prison ship, Altmarm, from which the British navy rescued 300 British sailors, prisoners of war, is shown fast in the ice at Glesingsfjord, Norway. It was so near the shore that sightseers could see blood stains on the fjord ice. The British, German and Norwegian dispute over the Altmarm's fate and whether she was armed, raged. This picture was telephoted from Oslo to Berlin and transmitted by radio from Berlin to New York.

**HOLLIS SCARBOROUGH HANGS SELF; WAS FOUND INSANE AFTER SLAYING OF FATHER**

WACO, Feb. 20 (AP)—Hollis Scarborough, son of a wealthy Texas ranch family who hanged himself with balling wire, will be buried in the National cemetery at San Antonio if the war department approves.

Plans to bury him at Midland were altered today when Mrs. Scarborough telephoned from Midland that interment at Fort Sam Houston would be sought. Scarborough was a World War veteran. Results of a routine war department check were expected tomorrow.

**New Attacks On Shipping**

LONDON, Feb. 20 (AP)—Anti-aircraft fire was heard and air raid alarms were sounded in the London area today as reports came in of widespread German warplane attacks on shipping off Britain's east coast.

Fragmentary wireless messages from ships at sea and battle noises heard along the coast gave the first indication of the renewed German aerial attacks.

Outcome of the attacks was not known.

Radio operators said they heard the SOS of at least one vessel.

A lifeboat was put out on receipt of word that nazi bombing planes were blasting a steamer about 30 miles out to sea.

Attacks on ships were reported off the coasts of Northumberland, Lincoln and Suffolk.

Machine-gun fire was heard in Essex and residents of that section scurried to shelter as an air raid warning sounded. The all clear signal was given 50 minutes later.

**Turkey's Council Of War Convenes**

ANKARA, Turkey, Feb. 20 (AP)—Turkey's supreme war council convened today for a week's session expected to be devoted largely to plans for coordinating Turkey's armed forces with the armies which Britain and France are concentrating in the Near East.

The two western allies, joined with Turkey in a mutual aid accord, are authoritatively reported to have assembled a total of some 570,000 men in Syria, Palestine, Egypt and other Near Eastern areas.

**OIL MAN FINED**

DALLAS, Feb. 20 (AP)—Tom Potter, Kilgore oil man, was fined \$500 for income tax evasion today by Judge T. Whitfield Davidson in federal court.

**Child's Death Probed For Link With 'Human Sacrifice' Cult**

MONTEBELLO, Calif., Feb. 20 (AP)—A search for the mother of 5-year-old Geraldine Hardaker, whose body was found in a city park restroom late yesterday, turned southward to San Diego today.

The girl left home with her mother, Mrs. Betty Hardaker, supposedly a member of a strange "human sacrifice cult" yesterday morning. Mrs. Hardaker has not been seen since the girl's death was discovered.

J. W. Steele, retired oil operator, said he saw the pair hurrying into the park at 12:40 p. m. The time of death was fixed at 1 p. m.

Sheriff Eugene W. Dismal set out a statewide broadcast that the mother "may be headed for San Diego and may be a suicide."

Steele told police of seeing the mother and child near the park.

"I know them both well," he said.

Scarborough, 50, who was found insane following the fatal shooting of his father, W. F. Scarborough of Midland, was admitted to the United States Veterans Hospital here several months ago.

He was found yesterday, dangling from a tree limb about a mile from the hospital, Justice of the Peace M. W. Walker, entered an inquest verdict of suicide.

The elder Scarborough was fatally wounded June 19, 1939, when he and the son disagreed over money obtained in the sale of some cattle. Hollis Scarborough was charged with murder but a sanity hearing was instituted on a complaint filed by his wife.

She said his health began to break when he returned from the World War, in which he was gassed. She attributed his mental breakdown to a glandular disturbance.

His father disinherited him in a death bed codicil to his will.

The elder Scarborough's estate was valued at \$1,000,000 or more, including accumulated from cattle and oil.

Chamberlain told the house of commons that Norwegian authorities three or four times failed to make the proper inspection of the prison ship Altmarm, from which 298 British prisoners were rescued by the British destroyer Cossack last Friday.

Norway's view that the Altmarm was a warship and thus not subject to search, said Chamberlain, would legalize the German fleet's use of neutral waters creating a precedent Britain could not in circumstances accept.

The Cossack's bold move against the Altmarm, in which a boarding party killed seven Germans and set the British prisoners free, was given vociferous approval by the house of commons.

Chamberlain's speech was punctuated by frequent cheers and all sections of the house staged a demonstration when Winston Churchill, first lord of the admiralty, entered the chamber.

Laborite Albert Victor Alexander declared that the opposition parties wished also to go on record in praise of the navy's action and of Chamberlain's statement.

Chamberlain described the seizure as "a very gallant affair" and expressed confidence that the house of commons would "want to congratulate the royal navy."

Chamberlain declared it now appears Norwegian authorities had made no examination whatever of the Altmarm when she reached Norwegian waters.

Chamberlain told a cheering house that "the Norwegian authorities have displayed complete indifference as to the use which might be made of their territorial waters by the German fleet."

He termed the statement of Norwegian Foreign Minister Halvdan Kolt that the Norwegian authorities did not know British prisoners were aboard the Altmarm "most surprising," since reports to that effect were published weeks ago.

**SUSPENSION AHEAD FOR RADIO STATIONS**

WASHINGTON, Feb. 20 (AP)—Communications commission officials said today no requests had been received from operators of six Texas radio stations for a hearing on a commission order revoking their licenses.

Unless a hearing is requested, five of the stations must go off the air on Feb. 24, and the sixth on March 1. The five are KAND, Corsicana; KSA-M, Huntsville; KRBA, Lufkin; KTBC, Austin; KNET, Palestine. The sixth is KGGK, Tyler.

**216 RESERVATIONS FOR FARM DINNER**

The goal of 200 registrations for the farmer-businessman dinner at the First Methodist church Friday evening has been exceeded by 16, M. Weaver, county AAA administrative assistant, said Tuesday.

At present the registrations are nearing the limits of accommodation in the church basement. Feature of the gathering is to be an address by Cliff M. Day, College Station. George White will be toastmaster.

**Red Cross Official Here For Parley**

C. E. Heaton, Abilene, district representative for the American Red Cross, was here Tuesday conferring with Shine Phillips, chairman, and other local chapter officials.

Phillips indicated that a meeting of the chapter would be convoked within the next two days after Heaton has concluded a study of the chapter area.

The new representative succeeds Robert T. Bridges, who has been transferred to a northern state.

**ALTMARK CAPTAIN ADMITS SHIP WAS NAVAL AUXILIARY**

GJOSINGFJORD, Norway, Feb. 20 (AP)—White-Norway, Germany and Britain wrangled over the status of the German prison ship Altmarm, the ship's captain frankly acknowledged his vessel served as a German naval auxiliary.

In enjoining the seven German sailors killed when British sailors boarded the Altmarm Friday night to remove British prisoners, Captain Heinrich Dau declared:

"You were not of the German navy, but you served your country bravely and venturesomely by giving that navy auxiliary service, by supplying it needs far from home."

**RAIL ABANDONMENT GIVEN APPROVAL**

WASHINGTON, Feb. 20 (AP)—The interstate commission today authorized the St. Louis Southwestern Railway company of Texas to abandon its Hillsboro branch extending from Corsicana to Hillsboro, Texas, about 49 miles.

The commission said operation of the branch had been conducted at substantial losses and the traffic available did not warrant its continued operation.

**Troops Ready As Louisiana Goes To Polls**

**Guardmen Not Called, However; Voting Is Heavy**

NEW ORLEANS, Feb. 20 (AP)—National guardsmen, mobilized by Governor Earl K. Long to "preserve peace, law and order" in the Louisiana democratic run-off primary today, remained in barracks during the early voting.

No Disturbances

First reports said 600 guardsmen of a total strength of 1,200 men here were in uniform, fully equipped for any emergency, but in the absence of early major disturbances many amused themselves playing games.

Heavy voting was reported throughout the state in the absence of rain. The weather was moderately cold and cloudy. The country section voters were visiting the polls early to avoid getting caught later in a possible cold rain.

Sam Jones, Lake Charles attorney, in the run-off against Long, few arrests had been made at New Orleans polling places on minor charges which officers declared were infractions of election rules but those arrested were released shortly afterward.

State Senator James A. Noe, who took the spotlight with his organization of ex-service men into a Jackson brigade to enforce an "honest election" today, made a flying trip to designated polling places without incident, returned to his hotel headquarters and prepared to start out again.

Noe was accompanied by nearly a score of men whizzing from poll to poll in three large automobiles, conferring with his workers and leaving instructions.

Officers at Jackson barracks explained that the troops would be called out for action only upon orders from Governor Long who closed his campaign last night in a fiery speech in Baton Rouge.

Two Jones workers were struck and knocked down in an election disturbance.

Reports of the fight said Sam Zermurray, Jr., a Tulane university boxer, was knocked down and kicked and that Charles Rucker, accompanying him, was similarly attacked.

Zermurray, in charge of the Jones forces in the 17th ward, previously had been arrested by the police and released, an announcement from Senator James A. Noe's Jackson brigade headquarters stated.

George Clarke and Stanley Lemathe, heads of the Jackson brigade, complained that 13 Jones-Noe commissioners had been prevented from serving at the polls and charged "a well organized effort to intimidate our men and throw out our commissioners."

They said the excuses given were that "they have no new papers or refused to sign lally sheets when they observed irregularities in the first primary."

**M'Nutt Not In Ohio Primary**

WASHINGTON, Feb. 20 (AP)—Although the democratic presidential primary in Ohio appeared to be turning into a free-for-all contest, friends said today that Paul V. McNutt would stay off the state ballot.

After Senator Donahy (D-Ohio) declined yesterday to be a "favorite son" candidate, word spread that Vice President Garner soon would enter the May 14 preferential election and that Senator Wheeler (D-Mont) was considering filing his name.

Persons in close touch with McNutt, however, explained that he would not enter any primary in which President Roosevelt participated or in which a candidate supporting a third term was running.

The idea of Ohio democratic leaders had been to pledge the state delegation to Donahy with the understanding that it would back the chief executive in the event he sought renomination.

When Donahy declined, many politicians here expressed the belief that National Committeeman Charles Sawyer would file in the "favorite son" category.

The president himself is not expected to enter the Ohio race, because the state law requires that candidates sign a certificate saying they will accept the nomination. Such procedure would be formal notice that Mr. Roosevelt was willing to run again.

**Jim Ferguson Says Wife Considering Making The Race For Governorship**

DALLAS, Feb. 20 (AP)—Former Governor James E. Ferguson today said his wife, twice chief executive of Texas, was giving "serious consideration" to proposals that she enter the gubernatorial race this summer.

"Mrs. Ferguson has received a world of letters from all over the state urging her to run for governor this year," Ferguson said.

He intimated that Mrs. Ferguson's decision may hinge upon that of President Roosevelt regarding his third term plans.

"She has not made up her mind as yet, but she is giving the matter serious consideration."

Mrs. Ferguson has served two terms as governor, the first from 1925 to 1927, and the second from 1933 to 1935.

"President Roosevelt has started the ball to rolling regarding this matter of a third term," Governor Ferguson said. "Mrs. Ferguson is for him for a third term, and if she runs for a third term, that will make him for her."

Governor Ferguson said the letters his wife has been receiving all ask her to run because their writers believe she will "make Texas the best governor to be had."

Mrs. Ferguson said he did not know just when Mrs. Ferguson would make her final decision.

**Seek Truck Driver As Slaying Suspect**

**Named By Woman As Accomplice In Crime**

LAKE CHARLES, La., Feb. 20 (AP)—Sheriff Henry A. Reid today broadcast arrest orders throughout Louisiana, Arkansas and Texas for a 24-year-old Texas truck driver, after he said Mrs. Claude D. Henry had identified him as her accomplice in the savage slaying of a motorist who had befriended them last week.

Sheriff Reid later announced the automobile the woman said they took from J. C. Calloway, Beaumont, Texas, salesman before she shot him dead in a rice field last Wednesday had been reported found deserted today in Arkadelphia, Ark.

Sheriff A. M. Shaw of Arkadelphia reported the car had been parked near a hotel there since last Thursday.

The fugitive was described as 5 feet 8 inches tall, weight 140 pounds, and with chestnut hair. Mrs. Henry, charged with murder, had previously refused to identify her accomplice whom she said she knocked out with a gun butt and left in the automobile in Arkansas when he "turned yellow" on plans to rob a Stuttgart, Ark., bank last week.

Unable to drive the car, she took a bus to Shreveport where she was arrested in connection with a Beaumont hardware store robbery in which 16 guns were taken.

After questioning she brought state police here, and after a long search for the field, she led to Calloway's nude body beside a rice straw stack.

She said Calloway pleaded on his knees for his life after she forced him to undress. She then shot him between the eyes, according to her statement to the coroner's jury, which charged her with the slaying.

New Orleans police today put out a pickup order on the man and two other men who were not identified. Police were warned to use caution as the men were heavily armed.

Mrs. Henry today was taken to Beaumont by local officers for questioning by police there.

**WOMAN ACCUSED**—Sheriff Reid of Lake Charles, La., said he had placed a charge of murder against Mrs. Claude Henry (top) of Beaumont, Texas, in connection with the slaying of J. C. Calloway (bottom) of Houston. A companion in the crime was being sought. Calloway's nude and bullet-pierced body was found in a field.

**Will Discuss C-C Activities**

Suggested activities will be aired at 7:30 p. m. today in the Settles ballroom when the chamber of commerce sponsors the first of what is planned as a monthly series of smoker programs.

Among items due to be discussed at the meeting are: Dollar day event for the city with Darrell Douglass, good will and trade extension committee chairman; budget and membership; Pat Kenny, membership chairman; and beautification. By Edmund Nofelino, chairman of the civic and beautification committee. It was indicated that some definite announcement concerning the distribution of trees here this year will be at the meeting.

All chamber members are being asked to attend the smoker, and others interested in community problems are welcome to participate in the session. Out of the 90 titles, the chamber directorate hopes new ideas will be infused into the organization program during the year.

**HIT-RUN DRIVER IS SOUGHT AFTER CRASH**

Officers were watching Tuesday for a car bearing a Jones county license number following a crash near Stanton Monday evening when Mrs. Dorothy Hill of El Centro, Calif., was injured.

Mrs. Hill, who was returning to her home after visiting with relatives in Chickasha, Okla., was brought to the Big Spring hospital, but extent of her injuries could not be determined immediately.

Officers said a second car reportedly left the scene of the accident without stopping. No other injuries were reported in the mishap.

**GIVES SELF UP TO 'CLEAR CONSCIENCE'**

GRANITE, Okla., Feb. 20 (AP)—Andy Cookson, 31, fugitive from Granite reformatory for 13 years, has surrendered to authorities at Tahlequah to clear his conscience, Warden Fred Hunt said today.

Hunt said Cookson was taken from Tahlequah to McAlester penitentiary and would be returned to Granite today. The warden described him as one of the reformatory's most widely sought fugitives.

Cookson, sentenced to 15 years for manslaughter and robbery, escaped from the reformatory in a truckload of rock in 1927.

**TWO-YEAR SENTENCE**

FORT WORTH, Feb. 20 (AP)—Horace R. Barber, 30, of Warden, Ark., was sentenced to two years in the penitentiary today by Judge Willis McGee, of criminal district court, for forging his mother's name to a \$150 check.

**Invaders Are Nearing City Of Viipuri**

**Heavy Air Raids Accompanying Reds' Fierce Onslaught**

HELSINKI, Feb. 20 (AP) The smashing of a Russian attempt to advance across the ice of Lake Suvanto on the Karelian isthmus and the repulse of other attacks in the Verdun-like battle below Viipuri were reported today by the Finnish high command.

Points Captured

The daily communique also reported "continued clearing up of bases taken from the enemy" northeast of Lake Ladoga, where yesterday the Finns reported the destruction of the Red army's 19th division.

It told of the capture of a few strong points in fighting with Russian detachments in the Kuhmo area, about halfway up the long boundary line.

Of the great 20-day-old battle below Viipuri, where the Russians have reported their advance units within a few miles of the city, the communique said grimly:

"On the isthmus enemy attacks continued between the Gulf of Finland and Lake Mtuola. The attacks were repulsed."

At the opposite, or eastern end of the Karelian isthmus, the Finns reported heavy losses inflicted on the Russians when "an attack in great force" was repelled at Taipale.

Appearance of "air motor sleds"—described as bodiless with propellers—was reported in the Taipale battle.

With the support of these and tanks the Russians tried to advance past Taipale across Lake Ladoga's ice, but the whole detachment was dispersed by Finnish coastal batteries with at least 200 men killed and one tank and one sled destroyed, the communique said.

Continued raids on Russian columns and camps by the Finnish air force also were reported.

Helsinki spent almost the entire day in air raid shelters, six separate alarms being sounded.

No bombs were dropped in Helsinki, anti-aircraft guns keeping the Russian planes out of sight, but several explosions were heard in the distance.

Today's communique told of heavy air raids yesterday "both in the war zone and in the home area," in which seven persons were said to have been killed and six wounded. Material damage was not large "compared with the number of bombs dropped," said the communique.

The Finns said they were known to have shot down six Red planes and they reported without confirmation that six more were brought down.

As the Russians attacked on the isthmus they came so near to Viipuri that their shells fell into the ruins of buildings there.

**RFC Withholding Loans From Wagner Act Violators**

WASHINGTON, Feb. 20 (AP)—Emil Schram, chairman of the Reconstruction Finance corporation, said today the RFC had ordered 104 n disbursements temporarily withheld from three companies which the labor board accused of violating the Wagner Act.

He gave the information to the house committee investigating the labor board, Edmund M. Toland, committee counsel, has accused the board of attempting to "blackjack" employers by asking other government agencies to withhold contracts and the like from alleged Wagner Act violators.

### Rose Bushes Offered Here

Collins Bros. is offering to the public Wednesday only 5000 extra strong, two-year-old Tyler, Texas, field grown rose bushes. These bushes may be obtained in bundles of ten at the local store, 122 East Second street, by calling for Martin Dyes, of the Southland Rose Nursery company, Tyler, Texas, who will be in charge of sales. Alfred R. Collins, manager of the store, announced Tuesday.

These roses are freshly dug from the gardens of the Tyler nursery plant and rushed here by special truck. Dyes said he has been having wonderful response in West Texas towns and cities in the sale of the rose bushes, and cordially invites the public to visit Collins Bros. store and inspect the rose bushes offered. Dyes said he would be offering any advice to flower enthusiasts in regard to plants, how to raise them, protect them from disease, etc., absolutely free of charge.

He said that as these rose bushes are freshly dug they can safely be stored in the basement until the ground and weather are suitable. Each bush is carefully packed in moss and dampened to take care of them for two or three weeks.

Elsewhere in The Herald can be found an advertisement containing types of rose bushes offered and the various varieties.

**TSCHAIKOWSKY'S** Symphony No. 4 In F Minor

**RULES and CONDITIONS**

To obtain the 10 symphonies and symphonic masterpieces and electric Record Player to be distributed, proceed as follows:

First, fill in and mail the Reservation Form printed below.

The purpose of this form is not to obligate you in any way but to enable us to estimate the quantity of records and Record Players to have on hand to meet the demand.

Each day during this music appreciation offer we will publish a reminder coupon setting forth the date on which each symphony will be ready. You can get the four symphonies listed above at any time—some in for them at once. Subsequent symphonies will be released one every two weeks and will be available thereafter. Watch the reminder coupon which will be published daily. It is not necessary for you to clip the coupons in order to get your records or Record Players.

You obtain each symphony, which consists of three or four double-faced, 12-inch records, for a payment of \$1.49. This payment is not for each record but for all THREE or FOUR records. Symphonies which consist of FIVE double-faced 12-inch records require a payment of \$1.99 for the entire symphony of all FIVE records. The Clear Franck Symphony in D Minor, on account of its great length, is divided into two units, each unit consisting of three double-faced, 12-inch records, and the cost of each unit is \$1.49, the same as for any other three-record group.

A quantity of 48 large records, known as Philharmonic Transcriptions, enclosed in beautiful record albums which have been designed individually for each particular symphony, are available at a slightly higher price.

After you have obtained all ten of the symphonies, you can secure the Electric Record Player for a payment of only \$8. If you want to get your Record Player earlier, you can do so—you can get it with your first group of records, your second, third, or any other group, merely by making a deposit of \$5. After you have obtained all of the 10 symphonies, \$2 will be returned to you. This, whether you get your Record Player before or after you have obtained all of the symphonies, the cost to you is only \$3.

For those who want a more elaborate Record Player, a Symphonic De Luxa Model, enclosed in a walnut case, is available at a higher price.

First, mail the Reservation Form to assist us in our distribution problem. Please check whether or not you want the Record Player reserved. We will acknowledge your reservation by mail. Filling in and mailing the reservation entitles you no obligation whatever on our part.

Only one member of the family may participate in this offer.

Pull the Trigger on Lazy Bowels, and Also Pepsin-ize Stomach!

When constipation brings on acid indigestion, bloating, dizzy spells, gas, coated tongue, sour taste, and bad breath, your stomach is probably loaded up with certain undigested food and your bowels don't move. So you need both Pepsin to help break up that rich undigested food in your stomach, and Laxative Senna to pull the trigger on those lazy bowels. So be sure your laxative also contains Pepsin. Take Dr. Caldwell's Laxative, because its Syrup Pepsin helps you gain that wonderful stomach comfort, while the Laxative Senna moves your bowels. Tests prove the power of Pepsin to dissolve those lumps of undigested protein food which may linger in your stomach, to cause belching, gastric acidity and nausea. This is how Pepsin-izing your stomach helps relieve it of such distress. At the same time this medicine wakes up lazy nerves and muscles in your bowels to relieve your constipation. So see how much better you feel by taking the laxative that also puts Pepsin to work on that stomach discomfort, too. Even fussy children love to taste this pleasant family laxative. Buy Dr. Caldwell's Laxative—Senna with Syrup Pepsin at your drug store today!

West Texas' Benefits From Oil Are Outlined By Permian Basin Speaker

West Texas has over one million acres of oil which have produced to date nearly a billion and a half dollars worth of wealth for this section, R. H. Ratliff, Colorado City attorney, told West Texas listeners in a broadcast Monday night from 6:45 to 7 o'clock over a radio network. Ratliff's talk was broadcast to listeners here by Station KEST of the network. West Texas' luckiest accident, he said, was when a breakdown of a water-well drilling machine forced operators to drill near Best on a chance location, to bring in the Big Lake pool. The speaker recalled the story of the Big Lake discovery and the obstacles overcome by its owners, Frank Fickrell and Haymon Krupp, to bring in the field which proved the Permian Basin for oil development. "To date, this accidental discovery has been the most profitable thing in the history of West Texas as well as the University of Texas," Ratliff said. "Thanks to oil, our university now has a permanent fund of around \$5,000,000 and a campus crowded with many new and beautiful buildings. And as for West Texas, approximately a billion and a half dollars worth of wealth has been created for the benefit of the citizens of the western part of our state. "Taking the three state proration districts which officially form West Texas for the Railroad Commission, state oil control body, there is the astounding total of 8,430,325 acres under lease by oil and gas companies. This includes only acreage assessed at \$1 or more an acre, so the aggregate is probably over 10,000,000 acres. And more than a million acres of this—1,014,205 to be exact—have already been proven as productive. Think of it—a mil-

lion acres of oil in West Texas! Cash Crop "For all rights to this land, West Texas operators and companies pay our ranchers and farmers in a year more than \$20,000,000. That's not far short of \$2,000,000 a month which goes into the pockets of our land-owners. So this forms one of the largest 'crop' incomes of any in our section, and it goes on year in and year out, regardless of drought or dust. "But this \$20,000,000 paid our ranchers and farmers is only a part of what the oil industry spends in West Texas in a year. Figures just compiled by the Texas Mid-Continent Oil and Gas Association and furnished me by H. B. Spence of the Permian Basin Association show there are 19,494 West Texans working for the oil industry out here. Counting 4 1/2 persons (the statistical average) to a family, that means around 90,000 men, women and children in West Texas get their living from oil. And in a year the oil industry pays its wage-earners out here the huge sum of \$22,325,270, or about two-and-a-third million dollars more than even the land-owners get. "That's a lot of money. In fact, it is the largest contribution to the wealth and prosperity of West Texas made by any single industry. And it is one which reaches and benefits each of us and all of us. If we do not happen to cash one of the hundreds of thousands of checks a year from our West Texas oil operators and companies, we still receive our share of these from those who spend their proceeds with us. Sixty per cent of each oil worker's dollar is spent with the retail merchants of our section.

The rest goes for professional services, utilities, rent, insurance and investments. So in one way or another, you and I and all of those dependent upon us get our share of this expenditure each year. Tax Problem "I have told you what the oil industry means in dollars and cents to West Texas. Think for a moment what would take its place if it suddenly were to move away tomorrow. Preposterous, you say? Not as much as you think. For each day since West Texas operator moves his headquarters to other oil states such as Illinois where oil taxes are a fourth or a fifth as high as in Texas. Do you want to see this continue? Or will you do your share to help protect not only this industry but also your own business which profits from it, by opposing further taxes and reducing present ones? If you will do the latter, I can safely predict that the great oil industry will continue to be a vital factor in the wealth and prosperity of West Texas for generations to come." Ratliff's talk was sponsored by the Permian Basin Association, headed by J. L. Greene of Midland.

Record Crowd Indicated For Stock Show

FORT WORTH, Feb. 20.—If rodeo ticket sales are a sign, the attendance record of 330,000 will be smashed at the forty-fourth annual Southwestern Exposition and Fat Stock Show here March 8-17. Secretary-Manager Davis reported that advance sales of the tickets to the world championship events are double those of the same date of last year. Reservations by mail and telegraph have been received from many southwestern states. The rodeo with stellar specialty acts thrown in will be presented twice daily at 2 and 8 p. m. by 175 of the top rodeo hands of the country. Ranch girl honor guests at the fat stock show in Fort Worth will be shaking out of their riding habits to don evening gowns during the week of March 8-17. A busy schedule of social and other public functions has been arranged. There will be luncheons, radio broadcasts, style shows and special entertainment at the Silver Spur, new night spot on the exposition grounds, for the girls in addition to their two daily appearances in the world championship rodeo.

Burr's Store Celebrates Anniversary

Burr's department store, 125 East Second street in Big Spring, is celebrating its tenth anniversary in this city this week by staging a "Tenth Anniversary Sale." Bert B. Boyd, manager, announced. Elsewhere in today's issue of The Herald will be found an advertisement concerning this event, and in which will be found many values offered by this store during the duration of the sale, which will end on Saturday, February 24th. Boyd said: "Our greatest sale in the history of our store in Big Spring is the Tenth Anniversary event which is now underway, and will continue through Saturday of this week. The sale tops them all, which rings true, because, even though the price trend is on the upward grade, we are able to give our customers the full benefit of low prices with quality merchandise. We cordially invite the public to visit our store during this sale." Burr's Department store was established in Big Spring in February, 1930.

Assorted Array Of 'Wonder' Tricks To Be Given By Birch

"The appeal of magic and magicians is genuine and universal. It is not confined to any nation of people, and is as powerfully exerted upon 'grown-ups' as children. Children derive pleasure from a magical entertainment that can only be equaled by the glamour of the circus." So asserted Birch, Master Magician, who will present his mystifying array of tricks and illusions to Big Spring audiences Wednesday. Two shows are scheduled at the high school auditorium—at 8:30 and 8:15 p. m.—under the auspices of the band. "I have been interested in mag-

ic and its manifestations since I entered high school, and I hope I shall always maintain this growing study," the young magician declared. "I believe that magic appeals to both young and old—at least to those between the ages of six and ninety-six. I do not feel any lack of enthusiasm after more than eighteen years of entertaining the public. But I find it necessary to be 'on my toes' to keep my performance new and different." During these years Birch and Company have toured throughout the United States and Canada. Several months each summer are spent in creating new effects and building spectacular illusions in a magical work-shop which is completely equipped with the finest, most modern electrical machinery.

T. & P. Truck Case Sent To Commission

Application of the T & P Motor Transport company to broaden its coordinated rail-truck service west out of Big Spring was forwarded to the Texas railroad commission for final ruling, at the conclusion of an examiner's hearing here Monday afternoon. Specifically, the transport company is seeking to remove restrictions on a certificate now held, to permit pickup of freight originating in Big Spring and transport it to points west to Pecos and north to Kermit and Wink. Some confusion exists on interpretation of the present certificate, under which the Motor Transport company is picking up interstate freight from the railroad here, for trucking west. It has authority for coordinated rail-truck service eastward to Big Spring out of Pecos. The case is expected to be cleared up by action on the latest application. The T&P concern proposes to inaugurate new truck schedules west out of Big Spring, departing about 11 a. m. and 2:30 p. m., and presented testimony of several Big Spring business men who said such a service is needed. These witnesses included E. D. McDowell of the Daniels Candy company; L. W. Croft of the Higginbotham-Bartlett Lumber company; Bill Edwards of the Wacker store; M. N. Thorpe, paint and glass dealer; J. H. Tompkins of B. Sherrod Supply company; J. T. Thornton, storekeeper for Texas Electric Service company, G. A. McCann and J. C. Sewell. Another witness was T. E. Huffman, T&P official, who outlined the proposed service and told of its need. Protesting the application principally was the Merchants East Motor Lines, whose vice president, D. C. Sanders, of Fort Worth, said the company could give adequate truck service west, and would fit schedules to meet the general demand. He said Merchants now operated three schedules westward daily, at 4 a. m., 8 a. m. and 4:30 p. m. Local agent for Merchants, Rowan Settles, testified he had heard no demand for additional service. W. O. Reed was counsel for the applicant and Frank Rawlings of Fort Worth appeared as attorney for the Merchants line. Horace Soule was the commission examiner.

FDR Combining Business And Pleasure
ABOARD THE U.S.S. LANG, At Sea, Feb. 20 (AP)—Sunburned from fishing under a scorching sky, President Roosevelt combined business with pleasure today by extending his explorations of the Pacific Canal Zone defense possibilities. Keenly and plain-spokenly interested in how these defenses tie in with a broader policy of Central American and full hemispheric defense, the president told a press conference aboard the U.S.S. Tuscaloosa yesterday his trip bore a special relation to distant rather than nearby canal protection. He widened the scope of his survey by visiting several Pacific points yesterday, but asked that in the cause of public interest no mention be made of the specific localities visited. Asked whether he would meet European statesmen during the cruise, he laughed in a manner indicating there was nothing to the report. The president expressed belief the whole policy of hemispherical defense affects each of the independent American republics as much as the United States and praised the Canal Zone's defenses, which he said had doubled since his last official visit there in 1934.

Auction Sale On Used Cars

An event that will attract buyers for miles around will be Big Spring Motor company's fourth annual used car auction sale, scheduled for a three day run beginning Thursday, Feb. 22. According to C. R. Johnson, sales manager for the firm, the most complete assortment of all makes and late model cars yet on hand for one of these sales will be placed on the block during the three days. "Practically all of these cars have been through our service department, checked and rechecked for every possible defect," Johnson said. "Too, most of them carry our 50-50 mechanical 30-day or 1,000 mile guarantee." As in the past, Big Spring Motor will accept a buyer's car on any trade. However, the management urges owners to have their car appraised by some representative of the company before sale time. "Another thing we'd like to point out for this year's sale," Johnson said, "is that if anyone is not satisfied with our appraisal of their car, we will offer it at auction for them free of charge provided they trade with us in that amount for another car of equal or greater value." Rain or shine, sleet or snow, the sales will be unrelaxed as scheduled, V. A. Merrick, president and general manager stated. All sales will be held indoors, he said, an elevated platform being built in the agency's service department, corner Main and Fourth. A. R. Tennis of Sweetwater, who has held these sales in the past, will be auctioneer.

The Effects Of Liquor Cannot Be Repealed

Rowdiness, disorders, and brawls that disturb the peace of Rhode Island state parks, reservations and beaches, have provoked a ban on the sale and consumption of "any intoxicating liquor" (including beer) in these areas. The regulation, according to the press, was adopted with the approval of Dr. G. W. Breed, state director of agriculture and conservation, to whom many complaints were made about groups on outings who "set up outdoor bars and distributed liquor." According to the report of another official, "a lot were disorderly." To give their citizens opportunities to enjoy and profit by healthful sports and natural beauty is the reason states use the tax money, and authorities certainly are justified in prohibiting everything that defeats that aim. The Rhode Island ban is merely another public recognition of the fact that drinking always lowers conduct standards and makes the drinker offensive to others.—Submitted by and published at the request of the local W. C. T. U.

It's Time To Plant

What is designated as a special date for the planting of trees—Arbor Day—occurs in Texas this week, on February 22, to be exact.

In practical effect, however, Texas has a generally extended planting season, and trees and shrubs may do well if set out at any time in the next six weeks.

It is hoped that an allotment of trees will be made available here shortly, through cooperation of civic bodies and local nurserymen.

There can be steps made toward home beautification without a large outlay of money. One doesn't have to do it all in one year.

It is too late for a community-wide observance of Arbor Day; that's something to put on the calendar for next year.

Hollywood Sights And Sounds

HOLLYWOOD—I expect Margaret Lindsay will begin throwing things soon. It's doctor's orders—almost.

Dubuque's Margaret Kies told me about it—sitting and laughing and sipping a coke on the davenport in the big living room of her Hollywood hill-side house.

"I wish they said I was cold," she said. "What could I do about it? I was not here, and frightened. I was from the Midwest, and I brought my reserve with me. I never could go into a party and kiss all my friends and gush 'Darlings' and 'Dearests' and I didn't know what to do when others greeted me that way."

"The terrible stage-fright. . . And I don't show it, so I get no sympathy. It's true. I'd like to do a play in New York again—if only I could get over the horrible agony of the first cue, the first entrance, I suffer tortures when I go on the air. I always hope, while riding to the broadcast center, that I'll have an accident and not reach it. Once on a personal appearance in San Francisco I didn't sleep for three nights before the date, worrying about it and what I should say. I was physically ill from stage fright, and I went out there and said things and I think they got over—and afterwards, did I get sympathy? No-o-o!"

"The suffering is all inside Nerves. That's why my doctor told me to let myself go. Not to keep the commotion all bottled up to let off steam instead. Not to try to be too polite to everybody when I'm upset, but to try a good, hearty Get-the-H--- out-of-here once in a while instead."

"And throw things, perhaps?" suggested hopefully. "Well . . . not yet, anyway," said the lady-like Lindsay.

Relaxation is a blessing Margaret has known little of in the past five years. She was under contract to Warner's, and she worked and worked some more, when she wasn't "under suspension" for turning down roles she didn't think suitable.

She used to try getting away from Hollywood for a while. Once, vacation-bent to Honolulu, she had a summons back for re-takes before her boat docked. Returning, she worked two hours on the re-takes—and they weren't even in the pictures when it was released," she reflected wryly.

Washington Daybook

WASHINGTON—The primary peave of the organization of democrats of the 10 western states is non-recognition.

They claim the administration has forgotten them. The forgotten man, they say, is somewhere out west between the Colorado-Nebraska frontier and the Pacific ocean.

By forming a western bloc they hope to open the democratic national convention in Chicago with about 100 delegates. With that influence behind them, they figure they can get more recognition for the western states than they have heretofore received.

Here is a sample of their complaint on the non-recognition matter: Of the 10 members of the cabinet, five are from New York. Not one of the others is from far enough west.

There isn't a western member of the supreme court. The west has tried to wizard one member into that august body ever since Justices Van Dantver of Wyoming and Sutherland of Utah retired. No luck.

WHEELER IN FAVOR
We talked to one of the senior members of the westerners. He said the west had been sucked on to too many democratic handwagons.

California is not included in the picture. They can't seem to find anybody there who can speak for all the democrats. California democracy, from an organization standpoint, is in a mess.

While their complaints of non-recognition can be backed up by more concrete examples, the thing about which the westerners protest most is the trade agreements program. The Rocky Mountain area complains that its interests—livestock, farm products, wool, timber, mining—are being sold across the ocean for the benefit of states with bigger domestic interests to protect.

Their chief trouble is they don't know exactly the man to get behind as a presidential candidate. Their present plan, as outlined to us, is to have delegations uninstruced but ready to vote for one outstanding candidate after they have dickered for dividends.

Many would not feel hurt if their manipulations put them behind Senator Wheeler of Montana. He has a heap of support out there. Westerners claim he took on presidential stature with his management of the fights against the supreme court and the re-organization bill.

HULL UNPOPULAR
Say what you will, a lot of practiced politicians believe that a candidate who gets the CIO indorsement might as well be kissed by a cobra.

GWTW Would Make A Thriller As A 20-Episode Serial, If Western Script Writer Took It In Hand

By POLLARD RUNNELS
News writing—and especially that part of a film critic—is as far removed from our line of endeavor as the poles.

Continued next Saturday.
The chapter break Grey would have liked most would have been changing of "the Yank returns" scene.

These would have been but a few of Zane Grey's chapter endings and changes . . . to try and imagine other Saturday serial angles he would have punctured this piece with makes us glad that it was Margaret Mitchell from cover to cover.

Midway in the film there's time for a sandwich, but you won't get up.

BUMMY'S NOT A BUMMY ANYMORE—

AL DAVIS, WHO MEETS LOU AMBERS IN GARDEN FRIDAY, IS A-1 TITLE THREAT

NEW YORK, Feb. 20 (AP)—He was strictly a bum fighter as an amateur. Perhaps that's where he was handed the nickname Bummy.

But Albert Davidoff is no bum now. Any punch-drunk bum along West Boulevard will tell you.

In the slap-happy profession of jab-bopping he is known simply as Al Davis. Another of those Jewish lads who decided that Jones or Brown or Smith or Davis would be a better handle.

Al is now unbeaten in 37 professional scraps. He won 22 of them by knockouts. He has been held to a draw twice, both times by Jack Sharkey, Jr. He beat Sharkey in another tussle.

Al figures he is ready for the championship fight now. He tackles the lightweight king, Lou Ambers, in Madison Square Garden February 23. And he hopes for an outdoor shot this summer against Hank Armstrong, the welterweight titleholder.

Al is a welterweight and his battle with Ambers will be a non-title affair. Al will come in over the weight. If he beats Ambers he is sure to get a title battle with Armstrong and the meeting of these two artists is likely to draw the biggest welterweight gate in a decade or more.

Pleasant Looking, But— Davis is a pleasant-looking chap with blond, curly hair and a friendly smile. He is 5 feet 7 inches tall and weighs around 145 pounds. He isn't particularly fast and not a prize-winner as a boxer. But he packs perhaps the most paralyzing punch among the little fighting men. His chief weapon is a deadly left hook.

Tippy Larkin, a quick-maneuvering, clever lightweight challenger from Jersey, gave Al a nifty boxing lesson for three rounds in December. Everytime Al opened his peepers Tippy's gloves were popping his schnozzle. But Davis found an opening in the fourth and let that left hook go. It caught Tippy in the pit of the tummy and down he went wriggling in agony on the canvas as the fatal 10 was handed.

That's the way Al does it. Some bums make his look like a monkey but he generally makes dead ducks of them before the performance is over.

Not many lous are running round calling Lou Ambers a great fighter but he is one of the most successful gladiators. He whipped Armstrong and Hank has indicated he wasn't enthusiastic about a return match. He'll certainly be a favorite against Al. But if Davis is Ambers a stomach sock like he bestowed on Larkin, you can bet that Lou is going down. Ambers should win the duke but Davis is a good long-shot bet to knock him out.

From Odor To Odor Al's record as an amateur smells so bad that he gave it up and became a fish-bawker. As a lily white he fought under the name of Giovanni Pasconi. He comes by his fighting heritage naturally, for he was born on New York's East side, source of some of the great fighters. Brooklyn is his home now. He is the seventh and youngest child.

It was Al who made Tony Cansoneri put up his gloves forever. A year or so ago Tony, the galat-fighter champion, began a match with Cansoneri. He comes by his fighting heritage naturally, for he was born on New York's East side, source of some of the great fighters. Brooklyn is his home now. He is the seventh and youngest child.

So they sent him out against the up-and-coming 22-year-old

Jack Dempsey got in from the South today and said it must have been another guy named Jack who did the socking in the Miami spot. Babe Ruth is getting in from the South today and said it must have been another guy named Jack who did the socking in the Miami spot.

Today's guest star. Angelo Dundee, Chicago Daily News: "These Yanks are going too far. . . . They humiliate the National league by soundly trouncing its champions in four straight world's series. . . . Now they're using the senior circuit as a junk yard. . . . at the last count the Yanks had dumped no less than 30 players who no longer want into the National league."

Go on, Doc. Fred L. Mandel, Jr., who recently fought the Detroit Lions, is friend of Dr. Robert Hutchins of the U. of Chicago. . . . the day after the Lions were sold, Hutchins wired Mandel: "Why didn't you bury them a month earlier and give them to be?"

He Won't do. Dizzy Dean, who swears he'll starve before he'll sign for \$10,000, was all set to sign Mahatma Gandhi as coach. . . . till somebody told him the Mahatma also is a seven inning pitcher.

The Big Spring high school cagers' Thursday evening game with the Odessa Brochos, scheduled to be played in Odessa, has been cancelled but the 'Boyns will get one more practice game on their schedule before leaving for the district tournament at Sweetwater this weekend, facing the high school faculty this evening, 7:30 o'clock, in the local fieldhouse.

The teachers will use practically the same lineup that figured in the recent triumph over the Herd. Davis, Fisher, Herschel Stockton, John Daniel, Howard Swatay and King Sides will be available for action.

Lewis Nixon, the naval architect, who designed some of the fighting ships, was once a Temporary political leader in New York.

Regos Back In Town After Fighting Weekend Blizzard

Mr. and Mrs. Tony Rego, Big Spring's No. one baseball family, returned to the village Monday afternoon from their sojourn into Oklahoma and the Lubbock baseball meeting Sunday.

The weekend blizzard almost stymied them in Oklahoma and they missed most of Milton Price's meeting but managed to arrive in Lubbock around 6 p. m., in time to post their forfeit fee of \$600, in reality all that was needed.

Contrary to what your correspondent had been led to believe, the possibility of a new park has not vanished. Rego is willing to talk turkey with the rodeo directors on leasing the association's grandstand and grounds near Washington Place and the word is out that the showmen are willing to listen.

The little skipper, reluctant to move from the West Fifth and San Antonio street plant until he finds out how the average fan feels about it, nevertheless is eyeing the future, realizing that a change is going to have to be made sooner or later.

But if any agreement is to be made with the association, it must be completed quickly. Plenty of time must be dedicated toward reconstruction of a plant.

Rego revealed that the Barons would play their July 4th double header at home in addition to opening game, would spend Labor Day in Midland. Last year the locals opened in Midland, played the Independence Day games there and moved here for Labor Day.

LaVoice Scudday, Ex-Forsan Star, Factor In Title March

LaVoice Scudday, a former basketball great for Forsan high school, helped the John Tarleton Cowboys to the Texas Junior College conference cage crown recently. A guard, he's in his third year at the Stephenville school.

Tommy Yarbros' Outlaws, independent basketball team of Forsan, planning to campaign in as many tournaments as possible before checking in for the season, are available for exhibition games any evening during the next two weeks.

Another House of David basketball team, this particular one of Saint Augustine, Fla., spent Sunday night at a local hotel before moving on to Lubbock where a game has been booked with Bert Huffman's powerful Texas Tech Red Raiders, recent conquerors of the Phillips 66

quintet, AAU champions. Ducats for Thursday evening's Major-City basketball league games have gone on sale.

The best program of the campaign is being offered with two of the three games figuring in the title race. The pastebards, good for all three games, may be obtained for ten cents.

Light-heavyweight Walt Stone, West Texas' best bet in the Golden Gloves boxing tournament at Fort Worth, fared badly in his semi-final joust with Austin's Tom Attra, biting the dust in the second heat but he had one satisfaction.

It was the fourth bout in which he had served as a participant that had failed to go the limit. He had won his way into the next to last round with three quick kayoes.

Corona, Russey and Menchaca, Ex-champs, Win Golden Glove Fight Championships In Other Weights

FORT WORTH, Feb. 20 (AP)—Six Texas cities—Houston, Austin, Wichita Falls, Amarillo, Beaumont and Fort Worth—will be represented at Chicago in the battle for national Golden Gloves honors.

Survivors of an original field of 1,500 fighters, eight division champions—three of them former title-holders—were acclaimed here last night before a crowd of 8,000 fans.

Winning in the finals and earning trips to the Chicago tournament of champions were: Aubrey Poole, Houston, heavy-weight; Tom Attra, Austin, light-heavyweight; Andy Eagleton, Fort Worth, middleweight; Morris Corona, Beaumont, welterweight; Eddie Russey, Wichita Falls, lightweight; Don Livingston, Amarillo, featherweight; Richard Menchaca, Beaumont, bantamweight; Jose Andrea, For. Worth, flyweight.

Russey was the featherweight titlist last year, Corona held the 1939 lightweight crown and Menchaca was the flyweight champion in 1938.

Another ex-champion, Harold Lawler of Tyler, 1939 flyweight winner, lost in the semi-finals to Andrea. Lawler was the only one of four former champions competing this year who failed to win another trip.

Results in the finals were: Poole defeated Shelby Buck of Austin, Attra outpointed John Buck of Lubbock, Eagleton defeated Aubrey Wilhelm of Stephenville; Corona decisively Marvin Bryant of Dallas, Russey shaded Harry Flowers of Fort Worth, Livingston stopped R. E. Brieblin of Gatesville in the third, Menchaca knocked out Melvin Wilson of Fort Worth and Andrea defeated A. C. Beatty, Stephenville.

Texan Loses In New York Bout

NEW YORK, Feb. 20 (AP)—Bobby Ruffin, 127 3-4, of Long Island City won a close decision over Lee Harper, 128 1-2, Port Arthur, Tex., in a fast eight-round bout at St. Nicholas Palace last night.

Harper, after keeping Ruffin off balance for most of the first five rounds with a left, weakened under Bobby's harder punching and was scored for a count of nine in the seventh. Harper's left eye was put in the sixth, when Ruffin first showed his clear superiority.

Resignation Of Double Header Oakes Asked Attraction At Forsan Gym

BOULDER, Colo., Feb. 20 (AP)—The Colorado university board of regents may hold a special meeting this week to consider a petition signed by football players asking the dismissal of football coach Bernard (Bunny) Oakes.

President Robert L. Stearns of the university confirmed last night a report that the petition had been submitted to the board.

The regents "have it under consideration," he said. Sources close to the football group declared the petition charged the coach had violated a rule limiting football practice to two hours, had used players who were

not in good physical condition, and had caused some self-supporting players to lose their jobs by dismissing them from the squad.

Oakes declined to comment. The 41-year-old coach was awarded a five-year contract after his 1937 team, led by all-America Byron (Whizzer) White, had played Rice in the Cotton Bowl.

Ray Stannard Baker, the author, first attracted attention by his reportorial work on the march of "Coxy's Army" in 1894.

Snead Jumps Into Houston Golf Lead

HOUSTON, Feb. 20 (AP)—Back in the groove, Sam Snead, the White Sulphur Springs, W. Va., clogger, was a stroke to the good today as he entered the final rounds of the Western Open golf tournament.

While his brethren competed in California, Snead made it over to the Texas Open in San Antonio two weeks ago but couldn't get back on his game.

In the first round of the Western, over the long River Oaks course here, he picked up a 75, which was respectable in the face of cold winds.

Then yesterday he seared the layout with a three-under-par 68, which gave him a total of 143 and a skinny but valuable margin as the field teed off for the 36-hole finals of the \$5,000 competition.

Snead said after his par-snubbing round that the recent extraction of some teeth had not helped his game.

"I'm just back in the groove," he said. "Now, if I could only relax a little more. . . ."

His card: Par out . . . . . 443 443 454-35 Snead out . . . . . 442 434 445-34 Par in . . . . . 534 483 444-36-71 Snead in . . . . . 533 453 443-34-68 As Sam was carving out his score, Byron Nelson, holder of the National and Western open titles, all-but withdrew from the tournament. He had a 78 the first day and went through No. 9 yesterday with a 40, five over par. On No. 10 he missed a short putt and gave

up the ghost. One shot off the pace was Clayton Heafner, of Linville, N. C. He put together two 72's for his 144. At 145 were Ralph Guldahl of Dallas, Jack Grout, Handson Young, Mamaroneck, N. Y., pro, and Harold McSpaden of Winchester, Mass.

Guldahl had a 69 yesterday, Grout a 70 and McSpaden an even par 71.

Sharing the sixth-place tie with 146 were Jimmy Demeret of Houston, who had a second-round 74; Lloyd Mangrum of Chicago, 71; Tony Penna, Dayton, O., 71; and Leonard Dodson, Kansas City, 68.

WILLING JACK WINS

ADA, Okla., Feb. 20 (AP)—Island Park Boy, owned by Harold Balch, Tulsa, Okla., won the amateur all-Big competition in the Ada field trials association meet yesterday.

Other winners included: Senior puppy stake—Lassiter's Winning Jack, owned by Jim Lassiter, Paris, Tex.

Nixmen Tune Up For District Meet In Tilt With Dogs

FORSAN, Feb. 20.—Ability to make free tosses earned the Forsan Buffaloes a 30-27 victory over the Coahoma Bulldogs in an exhibition basketball game here Monday evening.

The Bisons were outshot in field goals but racked up a half dozen of the gratis offerings to earn the win.

The Nixmen led throughout, boasting a 9-5 lead at the end of the first period, were in front, 19-13, at half time, and 27-21 at the termination of third period play.

Kenneth Cowley tossed in four field tosses to share scoring honors with Coahoma's Evart Hull.

In a preliminary battle, the Coahoma junior boys' team edged the Forsan representatives, 17-15, in an overtime battle despite great shooting on the part of Bobby Cowley.

**Reason For Delay**  
COLUMBIA, Mo., Feb. 20 (AP)—The score was 17-17 late in the second half.

Louis Snyder, forward on the Central Dairy basketball team, asked for time out. He had lost a detachable tooth.

Officials, spectators and players hunted high and low. Five minutes later Snyder found the tooth himself.

Play was resumed, but the Dairy-men lost to the NYA 24-20.

mess and had to have more money, but I hated to go to him again. He couldn't understand that sort of thing, although the time I asked him he was very generous about it."

He put the glass of the coffee table and wiped his forehead nervously with his handkerchief. "I couldn't tell Mother," he went on, "and Dad hasn't a cent, so I had to ask Joan. She didn't have much money and it worried her terribly. The poor kid. She had so much on her mind. Everyone's troubles besides her own. And that red-headed girl up in the front apartment was behaving her."

He stopped talking suddenly and Dirk and I looked at each other. "I was disappointed in Lathrop's story," Dirk said. "Somehow I thought he'd known more than he did."

Richard turned on him. "Don't drag Tim into this. He didn't do it. He worshiped Joan."

"I realize that," Dirk said soothingly. "And Richard, apparently mollified, rose to go."

"Sure you don't want to stay down here?" Dirk said.

Richard shook his head. "No, I'll go along up."

"Well, try to get some sleep. It's four o'clock."

When Dirk closed the door and picked up the key to lock it I said, "Not that I'm curious by nature, but I would like to know more. First, did Richard take the train he said he did? Second, what is all this about Mary Ann Rogers? She stopped Richard in the hall tonight, but I regret to say I couldn't hear a word."

Continued tomorrow.

**Borican, Fenske Suffer Defeats**  
NEWARK, N. J., Feb. 20 (AP)—There's a lot to be said for experience in indoor track competition, and a dozen or so beaten favorites in last night's Seton Hall college meet probably are saying it today.

It isn't that such runners as Chuck Fenske of Wisconsin, winner of five straight major mile races; Gene Venke, Glenn Cunningham, John Woodruff, John Borican and Don Lash lack experience, but a lot of the knowledge they have picked up in their years of running doesn't count when they get into Newark's Armory. His flat board floor and sharp turns are far different from the banked curves of Madison Square Garden, where the stars are used to running.

That's the main reason why the big names of the track world were winners in the also rans.

Winners of principal events were Sanford Goldberg, the "flying fire-bird" of New York; Millrose A.A.,

**Old Time Star Wants Back In Baseball**  
LANCASTER, Pa., Feb. 20 (AP)—Jimmy Sheppard—once the toast of a million baseball fans—now heaves 10-gallon milk cans around for a living, but hopes to return to the game that made him a national figure three decades ago.

Sheppard, now gray-haired and 61, was a member of the Chicago Cubs famous "35" outfield back in 1906-'07-'08-'09 and '10 when the Cubs dominated the National league. Jimmy Slagle and Frank Schulte were the other outfielders.

The stock market crash of 1929 wiped out what money Sheppard had saved from a baseball era when salaries were well below five figures, but, he says:

"I don't figure baseball owes me a living. I may be down but I'm far from striking out. I hope to return to the game one of these days."

Two years ago, he declared, Connie Mack of the Philadelphia Athletics, offered him the manager-ship of the Federalburg, Md., team in the Eastern Shore league, but he was unable to accept.

**Marshall Upsets South American**  
NEWARK, N. J., Feb. 20 (AP)—Valentine Campolo's campaign for a shot at the heavyweight boxing championship received a jolting setback last night at the dynamite-laden fists of 23-year-old Jack Marshall of Dallas, Texas.

The Texan, who spotted Campolo 30 pounds, did everything but knock the Argentine giant's head off in taking a ten round decision at Laurel Garden.

Throwing his punches in slingshot style to the jaw of his 225 pound opponent, Marshall dumped Valentine to the canvas six times and on at least a score of occasions shook him badly.

Campolo, making the second appearance of his American campaign, and showing a world of courage, fought back savagely at times, but his sallies were short-lived as Marshall found his jaw a firm haven for both right and left hooks.

**65 In Tournament**  
ORLANDO, Fla., Feb. 20 (AP)—A field of 65 women are ready today to resume Florida's winter links competition in the 81-hole qualifying test of the annual Mid-Florida women's tournament.

**Arnovich Unworried**  
HOT SPRINGS, Ark., Feb. 20 (AP)—Convinced that "all that goes up is bound to come down"—including batting averages—Morrie Arnovich, slugging Philly outfielder, is unworried about the 1940 campaign.

Arnovich boosted his batting record to a sensational .402 last season but saw it slip back to .324 before September time.

"As long as you play baseball, your batting average is going to go up and down," the 25-year-old Wisconsin boy philosophized.

In the 1000-yard run; Jim Kehoe of the University of Maryland, half mile; Norman Gordon, an "unknown" from the Shanahan Catholic Club of Philadelphia, J. E. Reilly mile run; Jimmy Herbert of New York university, Walden 600 yards, and Walter Mehl of Wisconsin, two-mile run.

**LEAVE 'EM WHERE THEY LIE**  
Conditions to Meet and What to Do in Shock—Leave 'Em Where They Lie.

Shock: Do you know what it is and why?  
It is a sudden lowering of the vital functions of the nervous system (brain and heart) and when severe, kills.

What causes shock?  
It is caused by injury or emotion. Either may increase the other. If you only see the accident or injury, excitement and hurry increase shock. A man badly bruised may have severe shock, while one with a broken thigh may not be so shocked, or vice versa.

What happens in shock?  
The nerves that control the blood vessels are upset. Due to disturbance of nerve supply, the arteries are contracted and so the blood does not reach the surface of the body or the brain. When too little blood reaches the brain, as in severe shock, they die.

This condition does not depend upon which bone or how many bones are broken, but upon the effect on the brain and heart by cutting off the supply of blood from the surface of the body and the brain.

How can you recognize shock?  
The skin is moist or even dripping wet; no matter how cold it is or warm, the patient is cold and clammy; the pulse is very rapid, he is not thirsty and rarely complains of pain, even if something is broken. If he is restless and says he is feeling fine, look out—don't be fooled by him, as these shock is more severe.

(Prepared by the Fracture Committee, Texas State Medical Association; approved by Texas State Highway Department and Texas Public Safety Commission.)

**Rice Wallops Hogs, 60-43**  
HOUSTON, Feb. 20 (AP)—If the Rice Owls tame the Arkansas Razorbacks again tonight they will have the Texas Longhorns somewhere in the vicinity of the eight-ball in the Southwest conference basketball race.

The Owls crushed the Porkers, 60-43, last night in the series opener to retain the loop lead. After the second engagement with Arkansas, Rice gets a full week's rest before the all-important battle at Austin with Texas, the final game on the Owl schedule.

On the other hand, Texas meets Texas A. & M. at Austin Wednesday night and must play the tough Baylor Bears Saturday night, this time on the Bruin's home court.

Both Texas and Rice have lost two games but Rice has played more, hence the Owls held the leadership in percentage.

Rice staged a rally in the second half with Frankie Caswell leading the way to wallop Arkansas for the first time in four years.

**MAE WEST DENIES DEBT ON FILM**

LOS ANGELES, Feb. 20. (AP)—Mae West, of "Come up and see me" fame, says "She Done Him Wrong" didn't wrong writer Mark Linder.

Mae West went up to see a judge yesterday and denied Linder's allegation that she owes him \$1,000,000 profits on the film.

The actress testified that "censor trouble" caused producers to hesitate about purchasing "She Done Him Wrong," which later proved considerable of a financial success.

She said she had instructed her agents to ask for \$100,000 as the price of film rights to her play, but came down to \$25,000. She said her only profits were a salary of \$30,000 to \$35,000 for playing the leading role and a \$3,000 share of the sale price.

Linder, who said he was co-owner and co-author with Miss West of the play, "Diamond Lil," from which "She Done Him Wrong" was filmed, asserts that she had a secret contract for a percentage of the profits which netted her \$2,000,000. He is demanding half.

**GENERAL SEARCH FOR FIREMEN**

"Fire at E. 3rd service station," came a voice over the telephone Monday as city firemen bounded to a truck, ready to answer the alarm.

"Yeah," argued one of the firemen, "but, listen, there's more than one station on that street. Which one is it?"

"Oh, that's all right," said the voice. "They've got it out now."

That was all right with firemen, but they still contended Tuesday that out of 20 stations listed on the street it would have been a little bit better to have known approximately which one it was.

**CROSS-COMPLAINT IS ENTERED BY JIMMY'S WIFE**

LOS ANGELES, Feb. 20. (AP)—Betsy Cushing Roosevelt, wife of the president's eldest son, James, has joined her movie-producer husband in seeking a divorce.

Through Attorney Neil S. McCarthy, Mrs. Roosevelt late yesterday filed a cross-complaint to her husband's action of last week, asking a decree on grounds of desertion and cruelty. His complaint accused her of deserting him.

**CITES A LACK OF UNDERSTANDING OF ROAD CONDITIONS**

AUSTIN, Feb. 20. (AP)—Among problems facing the highway commission, in the opinion of Chairman Brady Gentry, is a lack of understanding between chambers of commerce, commissioners courts, legislators and the highway department.

"If the legislators had been fully aware of the inadequacy of the highway system," Gentry told members of the Texas Good Roads association, "they would not have passed a law at the last session which has made things difficult."

He referred to a bill diverting one cent of the state gasoline tax from the highway fund and dividing the fund among commissioners courts.

Oscar Burton of Tyler was elected president of the association at its concluding meeting yesterday, succeeding Lowry Martin, Corsicana publisher, who became a member of the executive committee.

**DAMAGE SUIT FILED**

Suit was filed in county court Tuesday by John McAllen as next friend for his minor daughter, Clara Royce McAllen, asking damages totaling \$250 in connection with an unusual car mishap which resulted in injury to the girl on Dec. 7.

Original petition of the plaintiff alleged that a car driven by Jean McDowell, daughter of the defendant, bounded from a collision with one driven by E. B. Stovall and inflicted personal injury to Clara McAllen, who was playing on an adjacent lot. The defense entered a general demurrer and argued that the second car in the crash figured in the outcome.

**MEETING OF CLUB BOYS AND DADS IS PLANNED**

A meeting of 4-H club boys and as many of their fathers as possible is being talked in connection with the district 4-H and FFA livestock show here March 18-19.

County Agent O. P. Griffin said Tuesday that such an affair was contemplated and that among other things awards to some of the local club boys would be made at that time. Included in the awards to be made will be those to boys for best reports of their club work and accounts of their projects.

**Rotary Chief Speaks Here**

Rotary Observance Week touched a high point for the local club Tuesday, as Big Spring club members heard an address at their weekly luncheon session at the Settles, by Hiram R. Arrant of Abilene, district governor. Rotary Observance Week is a period for celebrating the 35th anniversary of the founding of Rotary International, and Arrant's address dealt with an "inventory" of Rotary's progress during the 35-year span.

The program was in charge of W. W. Inkman who is chairman of the week's activities. He told of daily broadcasts on Rotary subjects, being given at 7 o'clock each evening over KBBT; of addresses planned before the schools; and of a special radio program to be supervised by W. C. Blankenship and aired for 5:15 Wednesday evening.

Arrant, pointing out that Rotary was the forerunner of all service club movements, pointed out that it had been a leading agent in pointing the way to a solution of the world's difficulties through application of Rotary principles. It is the concept of service and unselfishness that Rotary gives to the world, he said, and on that concept many benefits can be established.

Visitors for the day included Charles Buzher, Abilene; Eugene F. Harris, Plainview; Jac L. Gubels, Austin; and Fred Mitchell, E. T. Smith, E. E. Watson, Carl Blomsheld and Jack Pratt.

**APPEAL REFUSED**

AUSTIN, Feb. 20. (AP)—Liquor Administrator Bert Ford today termed a supreme court denial of a habeas corpus writ in a San Saba liquor case as "a crippling blow to bootleggers."

The court refused the writ to Jack Cottrhan, charged with contempt under an injunction, fined \$100 and given three days in jail.

"The failure of Cottrhan's appeal greatly clarifies the question of a district court's authority to make an injunction county-wide in scope," Ford declared. "The supreme court's action will be of material assistance in enforcement of the liquor laws."

**WELLES MAY MEET IL DUCE MONDAY**

ROME, Feb. 20. (AP)—Sumner Welles, United States undersecretary of state, probably will be received by Premier Mussolini Monday, the day after his arrival in Rome, fascist officials said today.

Welles is enroute to survey European conditions for President Roosevelt.

**Service Is Held For Mrs. Schafer**

Services at the graveside were held Tuesday at 2:30 p. m. at Garden City for Mrs. Susanna Schafer, 83, pioneer Glascock county ranch woman who succumbed here Monday following a brief illness.

Rev. Theo Graubmann, pastor of the St. Paul's Lutheran church in Big Spring, was to officiate in rites for the woman who had lived in Glascock county for the past 52 years. Pallbearers were to be Bert Hilliger, George Hilliger, Will Hanson, Sam Ratliff, and Joe Carter of Garden City and W. B. Currie of Big Spring.
