

Britain Warns Of More Vigorous Warfare; Turkish Aid In Allied Blockade Reported

Would Permit Ships Through Dardanelles

London Officials Deny Knowledge Of Any Agreement

BUCHAREST, Mar. 30 (AP) — Turkey was represented in usually well-informed Balkan diplomatic quarters tonight as having agreed to permit passage of British and French warships through the Dardanelles to choke off Germany's supply line from Russia in the Black sea.

Contraband Bases

The newspaper Le Moment, regarded as close to the French embassy here, reported moreover, that Turkey had agreed to place her naval bases at Trebizond, Samsun and Sinope at the allies' disposal for use as contraband control bases.

Official circles in London professed no knowledge of the proposed agreement with Turkey. It was said, however, that if it is true, it will be a strong boost to the allied diplomatic offensive in the Balkans and an important aid to tightening the allied blockade of Germany.

Informants here reported the Turkish decision was reached at a British-French-Turkish military conference a few days ago at Aleppo, although such action is contrary to the Montreux convention of 1936 to which Turkey was a party.

That convention stipulated that the Dardanelles would be closed to warships of belligerent nations except when they were serving under League of Nations mandate or helping a victim of aggression under a mutual assistance pact concluded within the framework of the league.

As a Black Sea nation, Bulgaria is vitally interested in this possibility. Turkey might satisfy formalities, other persons indicated, by voiding a protest against passage of the allied warships and having this protest "duly filed in the archives of the League of Nations."

Le Moment stated flatly that Turkey would give the green light to the allied warships "so that these ships can control the traffic of war supplies from Russian ports to Germany."

If the Black Sea blockade becomes reality, diplomats here predicted, Russia's non-German trade will be scrupulously respected. Soviet Premier-Foreign Minister Molotov's non-belligerency was regarded in some quarters here as a promising sign for any allied blockade in the Black Sea.

PROGRESS REPORTED ON ROAD PROJECT

Rapid progress was reported Saturday on the Howard county-WPA lateral road project to Elbow. More than 2,100 feet of caliche has been installed on the road from Elbow eastward and subgrade is in two miles of the three-mile job.

CONTINUE PROBE OF ATLANTA TERRORISM

ATLANTA, Ga., Mar. 30 (AP) — Prosecutors, encouraged by "flogging" indictments against ten men on the Klu Klux Klan rolls, drew further reports of terrorism from uneasy witnesses today in a drive to find the whipwielder who beat a suburban barber to death the night of March 7.

While Fulton county officers rounded up the indicted men, including two deputy sheriffs, Solicitor General John A. Boykin expressed belief the inquiry, which had disclosed two kidnappings and 23 beatings about Atlanta in the last three years, was "only scratching the surface."

1940's Nose Count Gets Underway Tuesday, In Big Spring And Throughout The Nation

Everybody Alive At 12:01 Monday To Be Included

WASHINGTON, Mar. 30 (AP)—An army of 120,000 census-takers rested its arches today, ready to trudge to each doorstep in America for the biggest question campaign of the decade.

City Election Shapes Up As Record Event

A record number of candidates and a record number of absentee voters Saturday foretold much interest in the annual city commission election here Tuesday.

A total of 46 absentee ballots were on file at the city hall, a count showed Saturday after the deadline was passed. According to available records, this was a record.

No candidates filed by petition Saturday, thus the field was limited to eight men — still a record number of office seekers since the city went under the commissioner-manager form of government 14 years ago.

Although there are approximately 4,500 eligible voters within the city limits, few believed that the record vote of 1,255 piled up in 1934 would be surpassed, or even the 1,176 in 1931.

Names of candidates, as they will appear on the ballot, are E. D. Merrill, R. V. Jones, J. C. Loper, J. B. Collins, E. R. Cravens, D. W. Webber, W. S. Satterwhite, and R. L. Cook. Jones, who is mayor, and Cravens are incumbents, and Victor Mellinger, whose term also expires, is not running.

Two others, Cook and Webber, have had a taste of city politics, Cook having been elected to the commission in 1930 and subsequently resigning and Webber having made the race in 1933.

Polis will open at 8 a. m. in the city fire station under supervision of L. S. Patterson, judge, and W. B. Younger, his assistant. Voting will continue until 7 p. m. The three with the greatest number of votes will be declared elected for two year terms.

Suit Aftermath To Fatal Grade Crash

Damages of \$10,250 were asked by Mr. and Mrs. M. J. Bodine, Coahoma, in a suit filed Saturday in 70th district court against the T.&P. Railway Co.

Plaintiffs alleged the company was guilty of negligence, which contributed to a grade crossing crash in which their son, Aubrey Allen Bodine, 9-months-old, his uncle, Luther Bodine, 34, and his son, L. E., 3, were killed instantly on March 4 at Coahoma.

The original petition charged that the crossing was improperly maintained, that insufficient warning had been given by the approaching train before the crash, and that the train was traveling excessively fast.

MASS INITIATION SAN ANTONIO, Mar. 30 (AP)

The mass initiation of more than 100 persons into the order of Hermandad Sons of Texas Saturday Night highlighted the first of the two-day golden jubilee observance here.

New Publisher For Herald

A change in executive personnel, effective Monday, is announced today by The Big Spring Herald, Inc., with the naming of Robert W. (Bob) Whipkey as publisher, to succeed Joe W. Galbraith.

Galbraith, who has been associated with The Herald since 1929, serving as publisher since 1932, is resigning to accept a future place with the Corpus Christi Call-Times.

Whipkey, who has been managing editor of the paper for the past four and a half years, will continue his duties as editor, in addition to assuming direction over all operations of The Herald.

(local time) Monday, though count won't actually begin until Tuesday. Everyone alive at that moment will be counted, disregarding either births or deaths a few minutes later.

Four other censuses will go on at the same time. The censuses of manufacturers and other business such as wholesalers and retailers, started Jan. 2 and are still operating. A tally of housing and agriculture will start next week.

Population enumerators will start their rounds on Tuesday because of technicality. Ten years ago congress ordered censuses to begin on April 2 each decade because April 1, 1930, was a Sunday.

Things to be tabulated include not only the age, sex and location of every person, but such other items as individual income from wages up to \$5,000, location five years ago, education, citizenship, employment status, marital status, and occupation.

In the housing census will be questions about value, type and size of structures, mortgage indebtedness and whether occupancy is by owners or renters. The agricultural census will tabulate the number, acreage and value of farms and farm buildings, nature and acreage of different crops, mortgage indebtedness and number of workers.

Population figures for the nation and each state must, by law, be reported to the president by Dec. 1, and may be available several weeks earlier than that. In 1930, the count was 122,775,046. Now it is estimated at roughly 132,000,000.

13 Enumerators To Be At Work In This County

Tuesday the decennial nose count will be launched in Big Spring and surrounding area simultaneously with the population census over the nation.

A. G. Bearden, Lamesa, district census supervisor, said Saturday that there would be 13 enumerators serving Big Spring and Howard county. Martin county will have four.

In Big Spring the canvassing must be completed in two weeks, according to Bearden, thus necessitating cooperation on the part of the citizenry for a complete check since only eight enumerators are available.

For the rural section there will be five enumerators, and they will have 30 days in which to complete their work. Martin county has four enumerators for Stanton and rural sections.

A two day school of instruction, one of three in the 12-county district, was completed Friday in Colorado City, Bearden said. This finished the schooling for the district's 85 census takers.

In addition to population counts, the census will include housing data. Urban dwellers who operate farms will answer agricultural questions.

Enumerators in Big Spring will be Thomas D. Johnson, Caroline McCleskey, Mrs. Harold Harvey, Mrs. R. E. Lee, Mrs. Kathleen Williams, Mrs. Mary M. Jenkins, Mrs. Anna Mae Luehring and G. A. Lloyd. Outside the city will be Mrs. Gilda Finley of Coahoma, Mrs. Minnie Birkhead of Coahoma, Jack T. Proctor of Vincent, Cecil Phillips of Moore, J. Allen Hull of Big Spring. In Martin county, enumerators are Mrs. Floy Bass, Flower Grove; Mrs. Gladys McPherson, Stanton; Mrs. Florence L. Maddison, Lenora; and I. G. Peters, Stanton.

Tightening Of Sea Blockade Major Plan

Churchill Says No War Wanted With Reds, Japs, Italy

LONDON, Mar. 30 (AP)—Pugnacious Winston Churchill, Britain's first lord of the admiralty, coupled a new warning of intensification of the war tonight with the significant hint that Britain scarcely could be expected in the future "to take as a matter of course interpretations of neutrality which give all advantages to the aggressor."

The belligerent speech, broadcast to America and elsewhere, recalled the first lord's declaration of January 20 in which he called on Europe's anxious neutrals to join the allies in "limited action" to bring the war against Germany to a speedy end.

It followed closely, too, upon continuing demands from various quarters in Great Britain for a more vigorous prosecution of the war and the disclosure that the allied navies are determined to tighten their stranglehold on Germany by waylaying Scandinavian ore ships and by greater activity in the Pacific against shipments of raw materials from Mexico to Vladivostok, from where they can find their way to Germany.

Some quarters saw a distinct relation between Churchill's assertion that "time has been on our side but it is a changeable ally" with the treasury's annual statement showing a deficit of 767,885,000 pounds (about \$3,071,720,000) for the first fiscal year of the war.

Britain's expenditures for the fiscal year ending tonight totaled 1,618,730,000 pounds (about \$6,474,920,000) against revenues of 1,049,845,000 pounds (about \$4,189,835,000) despite a 20-per cent income tax and other heavy levies. Churchill's assertion that "there is no need for Russia to be drawn into this struggle" unless she wishes it so and that "we have no quarrel with the Italian or the Japanese peoples" reiterated the British wish to confine the war to "Hitler and the Nazi German power."

"It is no part of our policy to seek war with Russia," he said. Answering "fall is quiet on the western front and today almost no far nothing has happened on the sea or in the air," he went on: "But more than a million German soldiers, including nearly all their active divisions and armored divisions, are drawn up ready to strike at an hour's notice all along the frontiers of Luxembourg, Holland and Belgium."

"At any moment those neutral countries may be subjected to an avalanche of steel and fire and the decision rests in the hands of a haunted, morbid being who, to their eternal shame, the German people in their bewilderment have worshipped as a God.

"That is the situation in Europe tonight.

"And can anyone wonder that we are determined to bring such a hideous state of alarm and menace to end as soon as may be, for once and for all?"

Music Drive Is Success

Although the second annual Civic Music association membership drive did not reach its goal of 600 members, organization leaders Saturday night counted it a success.

Final results of the campaign were not announced pending check with several unreported workers, but with estimated outstanding memberships included, CMA officials felt that the concert series to be offered next season would be equal if not better than the past one.

J. H. Greene, president of the unit, said that the artists committee would not make its selections until all workers had reported. In this way, he pointed out, the maximum quality of talent could be presented this season.

Harlow F. Dean, Civic Concerts representative who assisted in the drive, said he was "well pleased" with results of this, a "second year" campaign. To all who had a part in the work and to those who became members, all contributed to the cultural growth of the city, he believed.

WELLES REPORTS TO PRESIDENT—Less than an hour after returning from his fact-finding trip to Europe, Sumner Welles (right) undersecretary of state, called at the White House to report to President Roosevelt on what he learned in Rome, Berlin, Paris and London. Welles was accompanied to the executive mansion by his chief, Secretary of State Cordell Hull, with whom he is shown.

Call For Changes In Wagner Statute

Committeemen Say Labor Board Is 'Perpetrating Wrongs Daily'

WASHINGTON, Mar. 30 (AP)—A majority of the Smith committee, reporting on its investigation of the labor board, told the house today that amendment of the Wagner act in this congress session was "imperative" to correct "wrongs" that are being perpetrated daily upon industry, labor and the general public.

Chairman Smith (D-Va) and Representative Hallock (R-Ind) and Rountzoh (R-Ohio) filed a 60,000-word report recommending 17 revisions and accusing the present board of "overzealous" and "predatory encroachment" on basic rights.

The majority previously had submitted, in the form of a bill, the closed substitution of a new board proposed amendments which in for the present three-man agency, separation of the board's prosecuting and judicial functions and other changes in board procedure.

The report filed today summarized the testimony received at lengthy hearings and explained the majority's reasons for recommending the amendments.

The report also stated that the committee reaffirms its belief in the right of employees to organize and bargain collectively through representatives of their own choosing and in the obligation of the government to protect that right. It asked congress to study the proposals carefully and asserted: "Such impartial study will reveal the truth."

Party Hurt By FDR's Delay

WASHINGTON, Mar. 30 (AP)—Senator Johnson (D-Col) declared tonight that President Roosevelt, while keeping silent on the third-term issue, had "harpooned and torpedoed" other potential presidential candidates until the democratic party was "floundering in confusion."

The Coloradan, who is supporting Senator Wheeler (D-Mont) for the democratic nomination, added in a statement: "If the president intends to go through with it and accept the nomination, no one can well complain because smart politics are played in that cold-blooded way; but if at the eleventh hour he should abandon the scuttled democratic ship, he must accept the responsibility for the disaster which is so obviously and relentlessly bearing down upon her."

Johnson said that the president "is certain to be nominated for a third term unless he positively refuses to accept the office." The "practical, hard-boiled politicians," he added, want the president to run "for the simple reason that he can win."

During the day, another westerner, Senator Schwartz (D-Wyo) declared he favored a third term for the president. Schwartz, previously silent on the third term issue, told reporters that "in view of conditions throughout the world, I think it highly advisable that the president remain at the helm."

The Wyoming senator made plain his belief, however, that there were other candidates fitted for the presidency who could be called on if Mr. Roosevelt refused to run again.

BOB WHIPKEY

Mexican Badly Hurt In Blast

Primitero Navenette, Mexican airhammer operator on a highway construction job south of here, was critically injured in a dynamite blast Saturday morning.

His right eye was removed and little hope was held for sight in his other eye at the Malone & Hogan Clinic-Hospital, where he was rushed following the blast at 7:30 a. m.

Workmen said Navenette, who had gone on the job for the first time only an hour and a half earlier, was drilling holes in a limestone formation while powder men filled them with charges of dynamite. Apparently the Mexican attempted to clean out a hole he already drilled and which had been charged, causing the load to explode in his face.

His face, left leg and groin were severely lacerated and scores of rock particles were embedded in his skin. He was resting well late Saturday night and was expected to recover.

Oil Well Blast Fatal To Four

CENTRALIA, Ill., Mar. 30 (AP)—Four men were killed and four other persons were burned seriously today in the worst oil well explosion and fire in the three years of the current Illinois boom.

Beared when a pocket of escaping gas ignited and exploded at the well west of Centralia, the dead were John Smith, about 19 years old, and Dave Hardin, both of Hominy, Okla.; Charles Underwood, 54, of Drumright, Okla.; and D. E. (Red) Bevan, of Tulsa, all oil workers.

They died in a hospital a few hours after the gas, exploding in "one big sheet of flame," set fire to the well and a house.

The others burned in the sudden intense flash of the explosion were Joe Butrick, of Hominy, and Carl Lyette of Avant, Okla., also oil workers, and Mr. and Mrs. R. W. Stow, formerly of Kilgore, Tex.

Butrick had been employed only this morning at the well, which was being completed in the backyard of the house occupied by the Stows and two other families.

Mrs. Stow saved six persons from injury. Familiar with oil wells, she realized the danger of an explosion when she smelled the escaping gas. Running upstairs, she warned the other families in the house, enabling them to escape.

Before Mrs. Stow and her husband could reach the front door, the explosion occurred and flames enveloped the building. Mrs. Stow's stockings were burned from her legs and her jacket caught fire.

GARAGE DESTROYED Fire Saturday night destroyed a garage at 1711 Donley street. Fireman said that no car was in the structure at the time it caught.

Six Dead In Storm's Wake

PIERRE PART, La., Mar. 30 (AP) Debris was stacked on a grim scene today at the site of stricken Pierre Part, Louisiana bayou Cajun village laid waste by yesterday's tornado while its French speaking survivors turned to Mass.

The services will be held tomorrow in the elementary school which was cut off the path of the storm with its 150 pupils in class.

St. Joseph's Catholic church in this quaint little fishermen's and moss pickers' community war swept away by the wind but its religious statues were left standing in a quagmire.

Old women, shawled and mute, with little children beside them, watched rescuers in progress probe the waters with long poles in search for additional bodies.

Funerals for three victims whose bodies were recovered will be held tomorrow afternoon.

Frank H. Grayson, Red Cross relief director for Mississippi and Louisiana, said today at least six persons were killed by the storm, and added he believed one or two others were missing. Two of the dead were children drowned in the bayous.

Temporary shelter was arranged for more than 100 homeless. Latest figures listed 21 persons injured in Pierre Part when the storm leveled their small frame houses stretching along the bayou. Some in hospitals at Donaldsonville and other nearby cities were still in serious condition.

ACCIDENTAL SHOT FATAL TO YOUTH

FORT WORTH, Mar. 30 (AP)—A shot from the 22 rifle of his best friend, 14-year-old Ray Fuller, Jr., fatally wounded Richard W. Cory, 15, here late today.

Young Cory, son of Mr. and Mrs. Nelson Cory, died in an ambulance enroute to a hospital.

Justice of the Peace Gus Brown returned an inquest verdict of accidental death.

Kelvinator's Power Unit Improved

Featured item on the new 1940 Kelvinator electric refrigerator models is the sealed power unit, called the "polar-sphere." It is the piston-type unit which is basically the same as that pioneered by Kelvinator 28 years ago, but has been improved, simplified and sealed in steel. It is said to have a trouble-free service record second to none.

Built to precision, the "polar-sphere" has been stripped of needless moving parts so that wear is reduced and trouble all but eliminated. It has a free cooling mechanism which reduces current costs.

Said to have five times the cold-making power required for average household needs, the polar-sphere runs only at long intervals, has high refrigerating capacity, and can produce extra-fast freezing power. Kelvinator promises plenty of ice at all times because of the high powered unit.

Kelvinators, backed by a five-year protection plan, are available at lower prices this year, it is announced by the local dealer, D. & H. Electric company. Larger boxes are offered, with many refinements and improved services.

Workers Go Out This Week For Permian Basin Assn.

Membership Drive Starts Wednesday, Following Workers' Dinner Tuesday

Convincing teams will be working not only for a business-benefiting organization, but for the honors of a winner and an award, when they take to the field this week to line up Big Spring members for the Permian Basin association.

The two members of the team which collects the most members will get \$25 Stetson hats, and the same type of award will go to the group captain who produces the winning team. Group captains named by the campaign's generalissimo, Cliff Wiley, include Ben LeFevre, Tom Coffee, R. T. Piner, R. E. McEwen, T. J. A. Robinson, R. L. Cook, Ted Groebel, C. L. Rowe, W. W. Inkman, A. S. Darby, J. B. Collins, and Pat Kemmy.

Each of these captains is to name four teams of two men each. The entire working force is to gather for a meeting at the Seltzer hotel Tuesday evening at 7:30, at which time the entire campaign will be outlined by Wiley and R. B. Spence of Midland, executive secretary of the association.

The actual contact work gets underway at 9:45 Wednesday morning, when teams will obtain their prospect lists at the chamber of commerce. Each team will have 15 prospects.

An appeal for wide support of the association came Saturday from Wiley, who pointed out that the organization's aim is to work for benefits to the West Texas petroleum industry, and hence to all West Texans who are—directly or indirectly—dependent upon petroleum for livelihood.

"Oil men are supporting this organization 100 per cent," Wiley said. "And they feel that their efforts can be made all the stronger with the backing of business men of every line. This is the only time this group has asked public cooperation in such an organization, and this is a time when the public can show its appreciation of a great industry that has helped build West Texas."

A number of radio broadcasts, explaining aims and purposes of the Permian Basin unit and urging membership support, will be made by local men this week, speaking over KBST. B. L. LeFevre made one such talk Saturday evening. Others scheduled are Wiley, at 1:30 p. m. Monday; Ted Groebel, 6:30 p. m. Monday; Tom Coffee, 6:30 p. m. Tuesday.

Refinements Added To M-W Refrigerators

Improvement and streamlining of cabinets and addition of many new and usable features are pointed out as refinements to make the 1940 model the finest yet produced in the Montgomery Ward electric refrigerator line.

The new hermetically sealed unit in Deluxe and Supreme models is called one of the outstanding M-W developments. The unit, which has only three moving parts, cuts current costs and never requires oiling. It is laboratory tested for performance, and is assured of providing new economy as well as quiet operation.

Other new M-W features designed to catch the eye of the housewife and to be more attractive to the husband's pocketbook, are such items as a glass top vegetable drawers; a food froster ideal for meat storage; "jiffy" trays and automatic tray releases; roomy vegetable bins; sliding shelves, many of them adjustable; and automatic defrosting, that maintains food preservation.

In every M-W model there is the favored stainless Speedy Freezer; all steel cabinet, and 10-point temperature control. All models are backed by Ward's 5-year protection plan.

M-W electric refrigerators are to be had in a variety of sizes, and in Supreme, Deluxe and Standard models. Every refinement to serve as a convenience to the householder and as safe and economical food preservation.

J. M. Morgan Makes Bid For Pct. 3 Commissionership

One of Big Spring's pioneer citizens, J. M. Morgan, stepped out as an office seeker Saturday for the first time in his 32 years' residence here.

Mr. Morgan, veteran building contractor who is widely known over West Texas, authorized The Herald to announce his candidacy for the precinct 3 post on the county commissioners court. He resides at 1500 Scurry.

Mr. Morgan said he was willing to put his candidacy up to his wide acquaintance, "I feel that I am well enough known for the people to have an idea as to my qualifications. I can pledge that I would fill the office of county commissioner fairly, squarely and impartially, and to devote full attention to its duties to the best of my ability. I will be grateful for all support that may be given me."

Mr. Morgan's candidacy is subject to the July democratic primary. (Pol. Adv.)

Allowable Shift Authorized By Commission

AUSTIN, Mar. 30. (AP)—The Texas railroad commission, oil regulatory agency, struck a new note in conservation today by permitting assignment to other wells on a given lease of the allowable for East Texas producers converted to salt water injection wells.

The East Texas field, the world's largest, is a water driven reservoir and the newly authorized practice is calculated to arrest pressure decline, an important factor in the longevity of the field.

Salt water injection has been permitted, experimentally, on several leases with satisfactory results but the commission has not heretofore allowed additional production as compensating for that lost by wells converted into injection units.

The new rule was adopted as the statewide allowable reached a record high of 1,527,230 barrels daily, exceeding the previous high last week by 5,353 barrels. It will slide backward beginning next week because the April schedule is estimated to result in daily output of about 1,445,000 barrels.

Under the East Texas injection plan operators may petition the commission for permission to convert wells, which then must be tested for productivity. The allowable of the converted well will be fixed at the average for all other wells on the same lease which in turn will produce the extra oil in addition to their regular schedules.

A land deal involving the L. F. Nall estate and property belonging to the Slaughter heirs located in the old Gunsight range north of the Gay Hill school was made recently when Claude Collins of Ballinger purchased the property. The land is being enclosed with sheep-proof fencing. Mr. Collins plans to make one of the finest ranches in this section of the property. He will run both sheep and cattle.

R. S. Palmer reported a light shower on his place near Garden City. Although the grass is still too short for cattle, his sheep are making out well without extra feeding.

The annual Nolan-Fisher county Boys Livestock Show will be held at Sweetwater Monday and Tuesday. The 4-H and FFA boys will have a chance to collect more than \$300 in prizes at the event. An auction of the 50 top calves, 50 lambs and the grand champion pig will be held Tuesday afternoon. Ray C. Mowery of Texas Tech will judge the show.

D. G. Ray of R-Bar community reported light showers at his place this week. Mr. Ray has forty acres of sudan up and looking good. He has also planted some early corn.

Howard county took top place in 1939 for cotton production in a twenty-two county area with figures running up to 18,761 bales for the year. Runnels county which held first place in 1938 was second with only 61 bales less than Howard.

Sam Childress, who ranches south of Big Spring, reported Saturday that lambing will begin on his place next week. Mr. Childress has around thirteen hundred head of sheep on the place. Although he is still feeding his cattle, the grass is up enough to take care of the sheep in good shape.

Catalogues for the Dwan E. Hughes registered Hereford auction sale at San Angelo April 9 have been distributed. Mr. Hughes will

'Cold Wall' Is Featured By Frigidaire

Hailed as a revolutionary principle in electric refrigeration is the Frigidaire "Cold-Wall," a new development offered in the 1940 models after full approval in exhaustive users' tests.

The Frigidaire Cold-Wall is described as a principle bringing life-giving cold to stored foods in such a way that they do not dry out, even when they are not covered in any fashion.

Moisture, the life-blood of food, is retained when products are protected by Frigidaire's Cold-Wall, and the food is not wilted, colorless, or lacking in nutritional value. The Cold-Wall principle is said to protect foods from loss of their natural moisture, keeping them fresh and dewy while it protects also color, flavor and edibility for an extended time. Moreover, the Frigidaire Cold-Wall safeguards vitamins and the natural goodness of foods, saving their health values.

The Cold-Wall principle, termed a forerunner of future refrigeration improvement, is available in the 1940 Frigidaire at lower prices, all schedules having come down this year.

Carl Strom, Frigidaire dealer in Big Spring, invites public inspection of the complete line of 1940 Frigidaire, with special attention to the Cold-Wall principle in operation.

FRIGIDAIRE DEALERS LONG ESTABLISHED

Practically since the beginning of electric refrigeration, Frigidaire has had a dealer continuously in Big Spring.

Prior to the opening of the Carl Strom Home Appliances store here, the Texas Electric Service company handled Frigidaire for many years. Strom assumed the dealership on January 1, 1937, and since has served Frigidaire patrons at the 213 West Third street location.

Horse Show Entry Blanks Go Out To Major Stables

Hungarian To Give Lecture At Lamesa

Third in a series of lectures being presented as an "Institute of National Understanding" by Rotary clubs of this district is scheduled for Monday evening at Lamesa. The program will feature an address by Dr. Nicholas R. Doman of Budapest, Hungary, who will speak on "Central Europe - Battlefield of Imperialists."

The lecture is to be at the Lamesa high school auditorium, beginning at 8 o'clock. Two previous talks have attracted crowds, and another large group is expected to hear Dr. Doman.

Dr. Doman, who studied at the Universities of Oxford, London, Paris, Milan and the Institute of International Studies at Geneva, received his doctor's degree from the University of Budapest.

During the past few years he has been on the board of editors of Central Europe's first ranking review of international affairs, the *Kulgy Szemle*, published at Budapest, and was lecturer at the University of Budapest. He was secretary of the Danube League, an institution seeking the solution of the many problems of Central Europe. He has been a frequent contributor to European periodicals and has written extensively in the field of international relations.

During the summer of 1939, Dr. Doman came to the United States to participate in a conference on Central European affairs at the University of Colorado summer school.

Dr. Doman was an active service in the Hungarian army during the Czecho-Slovakian crisis. He is particularly well acquainted with things that are happening "behind the scenes" in Central Europe.

Preliminaries Shaping Up For Outstanding Charity Event Here Apr. 21

Preliminaries this past week were moving along smoothly and rapidly to indicate an outstanding event in Big Spring on April 21, when a horse show is to be staged for the benefit of the Rotary club's crippled children's fund.

Under direction of Show Manager M. H. Bennett, entry blanks were going out to a score of more famous Texas stables; arrangements were being made for an impressive list of trophies, and local show details were being completed.

The charity affair will be at the rodeo grounds, with an afternoon and night event. The classes have been stepped up to permit entry of a large number and a great variety of horses, and to interest more people.

In addition to the showing of gaited horses, plantation classes, combination harness and saddle classes, and Hackney ponies, the show will feature such divisions as a cowboy class, a cowgirl class, children's class, and a park class (for horses ridden regularly as pleasure mounts).

Arrangements also have been completed with Roy C. Davis, Sterling City, president of the Texas Palomino association, for a showing of Palomino horses, which have gained phenomenally in popularity in West Texas in recent years.

Virgil Keel Judge C. T. McLaughlin, prominent West Texas oil man who maintains a stable of fine horses at his Diamond M ranch in Scurry county, and Frank Kelly of Colorado City, another oil man who trains horses, are giving the local Rotary committee valuable assistance. Through them, Virgil P. Keel of Gainesville has consented to serve as judge of the show. Keel, a veteran fancier, has served as ringmaster and judge for many major shows, and is credited with having brought the first gaited horses to Texas.

Entry blanks have gone out to such stables and owners as Mrs. Walter Donnelly, Dorothy Lee, Douglass Mitchell, Beasley's stables, Rockwood stables, D. C. Proctor and John Kennedy, all of Fort Worth; Horacehos stables, Rensdovous stables, Hill Top stables, and Pickens Burton, all of Dallas; M. C. Mandeville, Chickasha, Okla.; Chappell Davis, Midland; H. J. Kenler, Midland; Pine Acres Farm, Tyler; Hy-View Farms, Dallas; R. S. Wheelock, Corsicana; O. B. Jackson, Plainview; Austin's stables, Amarillo; L. E. Davis, Lubbock; and Leisure Hour stables, San Antonio. McLaughlin and Kelly already have agreed to bring several horses to the show.

Trophies A partial list of trophies and premiums has been announced by Bennett, donors including the First National bank, Diamond M ranch, Douglass Mitchell, Fort Worth; Luck's Food Stores, Omar Pittman, Cunningham & Phillips, Cecil Westerman, J. & L. Durg, Albert M. Fisher company, Hollywood Shop, and the Rotary club.

There will be other trophies, and in addition ribbons will go to winners in all classes. Feature event of the show, of course, will be the climaxing \$500 championship five gaited stake, an open affair for winners of preliminary stakes.

Indication of advance interest in the show is a spirited sale of box seats, Bennett reported, with most of the grandstand boxes already gone. General admission tickets soon will be offered.

Committee Named San Marcos First In Track Games

FORT WORTH, Mar. 30 (AP) - Committees to have charge of the big women's southern golf championship event here May 20-25 were named today.

Mrs. Walter E. Stark heads the tournament committee, with Mrs. Van Zandt Smith, Mrs. Ellison Harding, Dr. Alden Coffey, J. Mac Thompson and Morris E. Berney as members.

FAIL TO PLACE

NEW HAVEN, Conn., Mar. 30 (AP) - Two Texas university entrants failed to qualify for the finals in the 200-yard breast stroke of the national collegiate championship swimming meet here today. Their times were not among the six fastest.

Mike Sojka was third in the second heat, in 2:38.5, and Dick Beeler was fifth in the third heat in 2:41.8.

NOAH BEERY, JR., WEDS DAUGHTER OF BUCK JONES

VAN NUYS, Calif., Mar. 30 (AP) - Actor Noah Beery, Jr., 28, and cowboy star Buck Jones' pretty daughter, Maxine, 22, were married today at Jones' rambling ranch and left shortly after in a station wagon for a motor trip to Mexico City via Laredo, Tex.

Actor Wallace Beery, the bridegroom's uncle, served as best man and plans to visit them on their honeymoon.

FINNISH MINISTER TO U. S. MARRIED

FAIRFAX, Va., Mar. 30 (AP) - Hjalmar Procopo, the Finnish minister, was married today in a quiet home ceremony to Miss Margaret Shaw, daughter of Mrs. James Edward Shaw of Burr Hill, Sutton-on-the-Forest, Yorkshire, E. S. G. land.

Immediately after the wedding, the minister and Madame Procopo departed for a wedding trip in the south.

Farley Visit Watched By Politicians

AUSTIN, Mar. 30 (AP) - Texas political temperature has been rising steadily the past several days and there is no sign of it falling. The spotlight will turn next week to the Texas visit of Postmaster General James A. Farley and appearance of the first issue of Governor W. Lee O'Daniel's new paper. The governor says the prospective publication of the new weekly is "scaring the big professional politicians to death."

Thursday night over the Texas Quality Network, Railroad Commissioner Jerry Sadler will deliver the first address in his campaign for governor. Harry Hines, another gubernatorial aspirant, next week will make the first of a series of Monday night talks over the same network. The addresses will be from 9:30 to 9:45. Albert Darden, who opened this week at Old Washington, will speak Monday night at Hazelton and Thursday at Wharton.

Many persons believe that Farley, chairman of the democratic national committee, will say some kind things about Vice President John N. Garner while in Garner's home state. On Thursday, shortly after his arrival in Texas, he will be honored at a Dallas breakfast given by E. B. Germany, national co-chairman of the Garner-for-president campaign and head of

the state democratic committee. Leaders of the Garner forces express confidence that the Texas delegation to the national democratic convention will be instructed for the Ovalle. However, Texans who favor offering Mr. Roosevelt the nomination have mapped an active campaign between now and the precinct conventions May 4. A Roosevelt rally is scheduled at Corpus Christi Tuesday night.

O'Daniel, who already has stepped up his radio activity, will speak over the Texas State Network at 7:15 every morning from Monday through Saturday. The governor has not yet announced for re-election but is expected to do so.

Ernest O. Thompson, likewise unannounced, talked like a candidate in a radio address Thursday night. He reiterated his support of higher oil taxes, opposition to a general sales tax, and advocacy of repeal of the 7,000 pound truck load limit law.

OPERATION REMOVES SECOND STOMACH

TACOMA, Wash., Mar. 30 (AP) - Billy Shadle, III, born with two stomachs, was relieved of one of them at the Pierce County hospital here yesterday.

The second stomach had become ulcerated. The operation was performed by Dr. S. F. Herrmann, who reported the tiny stomach had the same lining and glands as the regular one, but never functioned.

Dr. W. A. Johnson, of the County hospital staff, reported that the operation was a success and the patient was in good condition.

DEWEY-VANDENBERG CONTEST, THIRD TERM ISSUE ARE UP BEFORE WISCONSIN VOTERS

MILWAUKEE, Mar. 30 (AP) - The third term question and a choice between Thomas E. Dewey and Senator Arthur H. Vandenberg confront Wisconsin citizens next Tuesday's balloting on delegates to the major party nominating conventions.

For those voting in the democratic primary, the third term issue is clear-cut and may be met in two ways - by recording a preference for President Roosevelt or Vice President Garner and by voting for delegate candidates pledged to one or the other.

The presidential preference vote merely is advisory, in no way binding on the state's 24 delegates. The Garner campaigners stress the point that a vote for their delegates' ticket would be an anti-third term declaration.

Literature expounding this theory was distributed so widely that republican leaders recently took note of it by urging their followers to avoid the democratic fight and vote in their own primary.

Factional strife, resulting in presentation of rival slates of Roosevelt-pledged candidates, complicates matters for the president's adherents.

One group, the "officially endorsed Roosevelt-Farley delegates" led by National Committeeman C. E. Broughton. The other is known as the "Democratic Party Organization of Wisconsin" ticket.

The DPOW candidates are pledged to support Mr. Roosevelt's choice of a successor should he refuse to run. They question their opponents' loyalty to the president, but the latter maintain that mention of Postmaster General Farley in their slogan merely is complimentary.

Each side charges the other with splitting the president's strength and with secretly desiring nomination of Farley or Paul V. McNutt.

In the Vandenberg and Dewey republican camps, the rivalry likewise is keen but not so bitter.

ASSEMBLY OF GOD CHURCH OPENING REVIVAL MEETING

Announcement of a revival at the Assembly of God church, to open this evening and to continue for three weeks, is made by the pastor, Rev. Homer Sheats.

Evangelist Bracey Greer of Fort Worth will conduct services twice daily, at 10 a. m. and 7:45 p. m., and there will be special song services each evening.

The church is at Fourth and Lancaster streets. The public is cordially invited to attend all services.

LEAVE HOSPITAL Mrs. E. W. Richardson and baby son have been dismissed from the Malone & Hogan Clinic-Hospital.

Share Prices Lifted By War Purchasing

NEW YORK, Mar. 30 (AP) - Fresh war buying entered the stock market today and enabled the list to finish a generally satisfactory week well on the upside.

Steels, aircraft and specialties took the lead in the selective advance which put many leaders up as much as a point or so with one or two isolated issues climbing around 4. Profit taking occasionally halted the march but favorites generally closed near the day's best. Utilities, coppers and oils were narrow.

The Associated Press average of 60 stocks was up 2.2 of a point at 50.3, with a net gain of 3 on the week. A month ago the composite stood at 48.4 and a year ago at 45.8. While the ticker tape was never pressed, the turnover was the largest for any Saturday since Dec. 30, last, amounting to 571,860 shares against 392,470 in the preceding short session. The week's volume of 4,837,558 shares compared with 2,782,849 the previous week and was the biggest turnover for any week since last November.

Bill Disch To Be Honored At Austin Thurs.

BILLY DISCH

AUSTIN, Mar. 30 (AP)—College baseball's old silver fox, William J. (Uncle Billy) Disch, sits down at the banquet table here next Thursday night to hear 40 years of his fabulous past poured into brief, long-delayed tribute.

Old Uncle Billy, wrinkled and snow-haired but still as solid at 65 as any youngster who steals second base on his University of Texas team, will be circled by the

AUSTIN, Mar. 30 (AP)—Texas outlasted Oklahoma in a long, weird baseball game of 33 hits and seven errors here today, winning 8-4.

Although the Longhorns' last two scores came home on an error, the big bats of Bobby Moore and Pete Layden were deciding factors. Moore clipped two doubles and a single, while Layden blasted a two-bagger and a towering home run.

Disch—some of those he saw blossom in 30 years of tutoring the Longhorns.

Not many college coaches have had longer continuous careers than Uncle Billy.

Over his hawk-nose and through squinting eyes he has watched such lads as Frank (Pinky) Higgins, Bib Falk, Ernie Koen, Oscar Eckhardt and others jump from his school to major league stints. Baseball knows no craftier man than the lovable old fellow who is content to take 'teen age kids in the plastic years and shape them into some of the finest college baseball units the nation has ever known.

Favored To Win

Uncle Billy starts on his twenty-fifth Southwest conference campaign favored to win his twenty-first title. The banquet is just the "kickoff" to another conceded pennant. Celebrities by the hundreds will tell the story that goes back almost to the turn of the century, when Uncle Billy was coaching at St. Edward's university in Austin. Some of the old-timers swear it's true.

The year concerns a game University of Texas played St. Edward's. Seems as if the St. Edward's team, not bound by any league rules, had several players slightly on the professional side. Such names as Bill Killefer, the old big league catcher; Cavanaugh, reputedly a Washington Senator shortstop; a fellow named Walsh, a St. Louis Brown pitcher; Fred Schatzke, supposedly manager of the Galveston, Texas League team, and a few other "seasoned" players were on the St. Edward's nine.

Texas was trailing in the late innings, but managed to crowd three runners on the bases. The St. Edward's pitcher steamed one across the plate. Catcher Killefer, with a deft movement, made an attempted play at third base and threw a big, round Irish potato into left field!

Texas runners started streaming in while the fielder juggled the potato. One by one, as they crossed the plate, Killefer slyly tagged the runners with the ball, which he had fished out of his pocket.

But he it said for Uncle Billy, he waved the Texas runners back to their bases when the potato act was uncovered.

Sammy Hale To Come Up With Good Ball Team At Midland

Your correspondent saw Sammy Hale, the Midland baseball pilot, recently for the first time since last September . . . Sammy's WT-NM league team, the Waddies, open their spring drills Monday morning, gaining a big jump on the local crew . . . The former American league star, who lived all winter in the bunk house at the Midland park, has quietly been accumulating himself a team that should finish higher than it did last season at which time the Cowhounds rated fourth position over the full season . . . During the final six weeks of the campaign the Waddies boasted the best team in the entire league . . . Hale has brought most of the boys that made up that team back for service plus a few promising newcomers that will help the club . . . Conley Cox, ace shortstop, Bobby Petzold, second sacker, Tex Nugent, pitcher, and Jimmy Kerr, catcher, won't return but Sammy has recruited some good boys to replace them . . . He made a recent trip to El Paso to pick up a shortstop and a third sacker . . . Hale indicated that the shortstop could not hit in Cox's class but was a better fielder . . . If the hot corner custodian comes through, the manager will move to second to replace Petzold . . . Jack Jorstad, first baseman who played third when he reported to the Waddies last September, Kirby Jordan, Ruber Naranjo and Lynn Everson, outfielders, and Lefty Shelton, pitcher, are the most valuable holdovers . . . The catching will be taken care of by Al Berndt, the former Baron who was traded for Kerr during the winter . . . Hale has arranged exhibition games with El Paso, Texon, Marfa and Hamlin . . . Workers are busy tempering the Midland playing field and should have it in good shape by the time the season opens three weeks from Tuesday . . . Sammy is making a play for Howard "Lefty" Parks, ace Berger hurler who recently gained his release from the Gassers . . . Tony Rego is another who would like to land Parks . . .

MANGRUM AND HOGAN TIED FOR SECOND

ASHEVILLE, N. C., Mar. 30 (AP)—Ralph Guldahl, happier over his golf game than he's been in months, shot into the lead today at the halfway mark of the \$5,000 "Land of the Sky" Open tournament. The two-time U. S. Open champion combined his own fine 70 with slight wavering on the part of the first-round leaders to gain a one-stroke margin on a 36-hole score of 134.

As it is, the slope-shouldered westerner will go into tomorrow's final 36 holes at the Biltmore Forest Country club leading Ben Hogan, winner of the last two tournaments, and Lloyd Mangrum, "comer" from Oak Park, Ill., by one shot.

Hogan, for the ninth time in these last three tournaments, broke par with a 68 to add to the 67 he posted yesterday, when Guldahl, Dick Metz and Mangrum had 64's. Mangrum got his 135 total out of a second-round 71.

Metz went up eight strokes to a 72 for 136 at which figure he was bracketed with Lawson Little. Henry Picard, the PGA champion, and Frank Walsh of Rumson, N. J., both went from 65 to 73 and 138.

At 136 Sam Snead was tied with Leo Walper of Washington, but Sam who had the day's finest round, a 67, called the tournament committee's attention to the fact his score yesterday should have been posted at 73 rather than 72. Because he also had a touch of tonsillitis, the big hitter withdrew from the competition.

Jimmy Demaret, Houston, shot a 68-67-142.

Clinton Paces Stanton To Track Win

STANTON, Mar. 30—Beryl Dean Clinton paced the Stanton Buffaloes to the Martin county track and field championship here Saturday, scoring 19 points as H. A. Poole's forces outscored Courtney, 76 1-2 to 43.

Clinton won first places in the 120-yard high hurdles and the discus throw, tied for first in the 220-yard low hurdles, finished second in the 880-yard run and was third in the shot put.

Bill Pinkston, Courtney's led his team in scoring with 17 points.

The results:

120-yard high hurdles—Clinton Stanton, first; Graham, Courtney, second; Crow, Stanton, third; H. White, Stanton, fourth. Time, 18.

100-yard dash—Pinkston, Courtney, first; Blackford, Stanton, second; Chandler, Stanton, third; Hay, Stanton, fourth. Time, 10.7.

440-yard run—Chandler, first; Henson, Stanton, second; Woods, Courtney, third; Griffin, Flower Grove, fourth. Time, 62.

220-yard low hurdles—Clinton and Pinkston tied for first; Hay, third; Graham, fourth. Time, 23.0.

880-yard run—Woody, Stanton, first; Clinton, second; Wise, Courtney, third; Adams, Flower Grove, fourth. Time, 2.25.

220-yard dash—Hay, first; Blackford, Stanton, second; Henson, third; Griffin, fourth. Time, 24.1.

1-mile—Spinks, Stanton, first; Griffin, second. Time, 5.49.

1-mile relay—Stanton (Woody, Henson, Hay and Blackford), first. No time.

Pole vault—Woody, first; Hopper, Valley View, second; H. White, third; Crow, fourth. 9 1-2 feet.

High jump—Graham, Courtney, first; Lewis, Courtney, second; Pinkston, third; Crow, fourth. Five feet, nine inches.

Shot put—Pinkston, first; H. White, second; Clinton, third; Hay, fourth. 38 feet, 7 inches.

Javelin—Crow, first; Blackford, second; Pinkston, third; Henson, fourth. 129 feet, two inches.

Broad jump—Lewis, first; Kelly, Courtney, second; Schulte, Courtney, third; Griffin, fourth. 18 feet, 9 inches.

Discus—Clinton, first; Chandler, second; R. White, Stanton, third; Wise, fourth. 91 feet, ten inches.

Local Golfers In Exhibition At Forsan

Three Big Spring golfers—Dennis Lavender, Shirley Robbins and Obie Bristow—are slated to go to Forsan this afternoon for a 1:30 o'clock exhibition match.

Lavender will team with Guy Rainey, Forsan, in a scheduled 18-hole match against Robbins and Bristow.

Lavender's home is in Dallas but he has been giving lessons at the Country club for the past four or five weeks.

Jack Gorman Seeking To Bring Pro Boxing Back To Big Spring

Charley Spikes, who played baseball and softball with Spike Heninger here four or five years ago, is now working around Monahans . . . Hal Battle may call offensive signals from his guard position for Pat Murphy's high school grid eleven next fall . . . Brady Nix, the Forsan member, is talking Bobby Savage, Steer basketball star, into going to John Tarleton, Stephenville . . . Nix was one of the best cagers Tarleton ever coached . . . Another school that is inviting the talk blonde in Abilene Christian college . . . Jack Gorman, veteran wrestling and boxing promoter, will start a weekly fight show at Odessa early next month . . . He wants to branch out with an arena in Big Spring, claims he can get Lew Jenkins, the Sweetwater sweater, here for an exhibition after Lew's title fight with Lou Ambers in May . . . Jack is bringing most of his boys out of El Paso for the Odessa shows . . . Two boys familiar to Big Spring fight fans, Roy Beard and Ponzo White, are in Odessa and may fit in on one of Gorman's programs . . . Both helped condition the Golden Gloves scrappers here in 1938 . . . Incidentally, Ray Simmons, who promoted the Big Spring Golden Gloves shows in 1938 and '39, was in town recently . . . He's now living in Lubbock . . . Garner high school and field program at Clyburn, a sprint star, participated in the amateur game week at the Big Spring Mundy golf course and now pro of the Lubbock country club, visited with his brother, Harold, at the Mundy Friday . . . Charley indicated he would stage his annual invitational tournament around the last week in August . . . Doug Jones, one of Big Spring's best known golfing names who is attending business school in Abilene, is planning to enter a city tournament at the Abilene C.C. in May . . .

Mal Stevens, the Lubbock Hubbers' heavy hitting outfielder, is another WT-NM league grad who will play ball in the Western International this year . . . He'll be with Spokane, the city that led the minor minors in attendance in '39 . . . Cecil Smyly has lost out in the race for center fielding job with the Dallas Rebels and has been farmed out to Longview . . . Pat Stacey, ex-Baron, got back into the Tulsa Oilers' lineup Thursday as the Texas leaguers romped to an 18-5 victory over Ft. Sam Houston at Seguin . . . He collected a single in three official trips to the plate . . . Dana Bible, Texas university football mentor, has stopped Alton Bostick, the Big Spring youth, from entering intra-mural boxing competition . . . Bible says boxing and football doesn't mix . . . Alton was one of the hardest runners in the amateur game when he was in the Lamesa 12 to make a major bid for the WT-NM league's opening day attendance trophy again this year . . . The Lubbock attracted the largest first day mob last year, bettering Lubbock's and Amarillo's total . . .

Horse lovers of this sector will get an opportunity to witness one of the season's better shows and at the same time boost the Rotary club's fund for crippled children April 21 when Big Spring's first annual Horse Show takes place at the rodeo grounds . . . Local Golfers In Exhibition At Forsan

Three Big Spring golfers—Dennis Lavender, Shirley Robbins and Obie Bristow—are slated to go to Forsan this afternoon for a 1:30 o'clock exhibition match.

Lavender will team with Guy Rainey, Forsan, in a scheduled 18-hole match against Robbins and Bristow.

Lavender's home is in Dallas but he has been giving lessons at the Country club for the past four or five weeks.

Jack Gorman Seeking To Bring Pro Boxing Back To Big Spring

Dameret Needs Only Killer Instinct To Be Great, Says Pro

HOUSTON, Mar. 30 (AP)—Sammy Snead and Willie Maguire, the master instructor, were chinning during an overnight intermission of the Western open golf tournament.

Maguire was warming up to his favorite subject—Jimmy Demaret, black-haired, blue-eyed darling of golf—when Snead cut in. Sam was a stroke to the good at the halfway mark and right proud of his game.

"I betcha I beat him," he said. "Make it tight on yourself," snapped Maguire, burying all thought of his Scotch ancestry.

Sam set the figure at \$5 and Maguire covered it.

Now a \$5 bet will not excite a plunger, but in this case it represented more than a modest wager. Some of the boys believe Snead

still has at least \$8 of every \$10 he has earned, and as for Maguire—well, his ability to take care of money got him elected treasurer of the Professional Golfers' association.

Every golfing fan knows the rest of the story. Demaret passed Snead and finally won the championship in a play-off.

Maguire, professional at the Houston country club who has watched Demaret's prowess blossom over the years, believes the story helps delineate the character of the handsome Houston youth's game.

"I went to Demaret and told him I had five bucks bet on him and he couldn't let me down. He didn't."

"I believe that was just one of the many little things that fired Jimmy enough to win that tournament. He doesn't possess a killer instinct, and something like this—something which will arouse him to a pitch he might not otherwise reach—helps him in competition."

Golf experts assert bluntly that Demaret could be one of golf's all-time greats if he developed the killer instinct.

But Jimmy just laughs and says he always will play strictly for pleasure. "I'll never get the killer instinct."

He's finished first or in a tie for first in seven of 12 tournaments this year. He has pocketed \$8,065 in prize money.

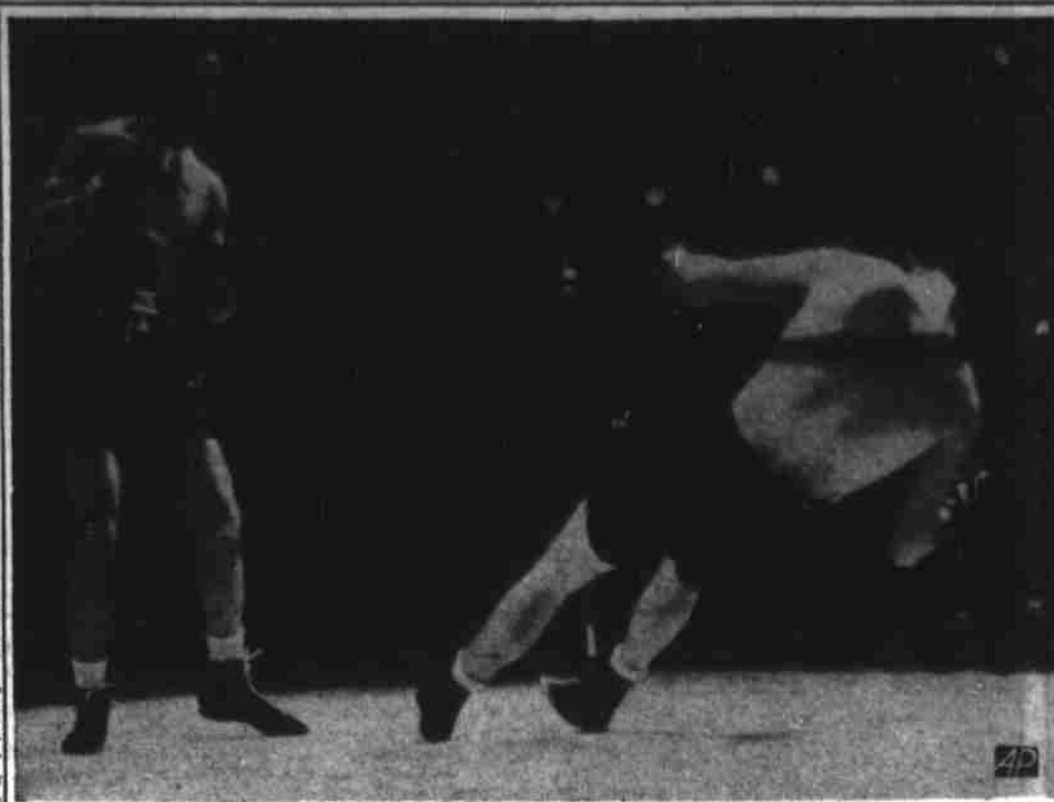

Demaret currently is far ahead in the scramble for the Harry Vardon trophy, emblematic of golf's finest player during a year's competition.

He is recognized as probably the finest weather player in the United States.

It doesn't take unusual perception to envision the possibilities Demaret is opening to professional golf. If he holds his pace, the game will have another Walter Hagen.

BUFFS STOP RICE

HOUSTON, Mar. 30 (AP)—Making the most of 11 hits, a half dozen walks and four errors the Houston Buffs scored an 11-1 win over the Rice freshmen in an abbreviated 7-inning game this afternoon.

THIS WAS THE END OF JOHNNY PAYCHECK—Johnny Paycheck, Des Moines heavyweight, toppled over backward—out cold, after receiving a vicious right hand smash from Joe Louis in the second round of their championship fight at New York Friday night.

Louis Must Look Backward For His Future Action

NEW YORK, Mar. 30 (AP)—Out of the pathetic picture that was Johnny Paycheck came the conviction today that Joe Louis' brain trust now must look backward for future action for the first time since he became heavyweight champion.

The traffic definitely will no longer bear any such punching-bag exhibitions as was put on last night in Madison Square Garden, with the cash customers going for large price to see opposition (who said that?) furnished by an untried campaigner, scared so badly his knees and teeth rattled like the moroccos in a conga band.

No one realizes this more than Promoter Mike Jacobs. As a result, you can write it down in your little black book right now—one of three proven possibilities who will try, anyway, will be in there when the bomber returns to the wars again, probably in late June or July. This trio consists of Two-Ton Tony Galento, the guy who's afraid of nothing except a shortage of beer; Arturo Godoy, who made Louis look pretty terrible for 15 rounds last month, and Bob Pastor, who made a fight out of it in his second round last September.

"Uncle Mike" Jacobs paid Louis \$19,908 for last

night's floperoo, gave Paycheck \$9,964 and handed \$5,197 to the Finnish relief fund. Then he shouted that he would rather have lost \$15,000 on a "real" fight than to take his somewhat disappointing profit from any such "hot dog fight."

Joe hopped for Chicago and Detroit this afternoon with the announcement he would return here May 1 to do a movie—"on the G-men, ah think it is." Meanwhile, "Uncle Mike" and the bomber's managers got together to talk over the future.

From this huddle came the possibility Louis will take a vacation of about three months from ring activities, giving the public a chance not to forget so much as to forgive, if possible, something that was neither the fault of Joe or Promoter Jacobs. The blame can be placed solely and squarely in Paycheck's lap. He was offered the fight in good faith, as a good eluter, unbeaten in 33 trips to the post. His manager, Harold Steinman, wanted to wait until he'd had a few more tough tussles, but the con-country bald-head insisted on the match immediately. He got in there and didn't throw a single solid punch. As Joe Jacobs would put it, "he should of stood in bed."

WINK WINS SAN ANGELO TRACK MEET, HERD FAILS TO SCORE

Kansas Loses To Indiana

KANSAS CITY, Mar. 30 (AP)—Jay McCreary, a gum chewing blond midget in a forest of physical giants, poured in 13 points tonight as Indiana university defeated the University of Kansas, 90 to 42, for the basketball title of the National Collegiate Athletic Association. McCreary did not start for the Hoosiers but once he got onto the floor he made Coach Branch McCracken realize the oversight. He collected three of his points in the first half and registered five times from the field in the final 20 minutes.

Tulsa Oilers Win

SAN ANTONIO, Mar. 30 (AP)—The St. Louis Browns' regulars eked out a 6 to 5 victory over Toledo in a morning game today, but the American leaguers' "B" squad suffered a 7 to 0 shutout at the hands of Tulsa in an afternoon contest.

Cats Shell Rebels

FORT WORTH, Mar. 30 (AP)—The Fort Worth Cats scored their second victory of the exhibition season over the Dallas Rebels here today 13-3 when the Dixie champions went on a batting rampage. Sixteen hits including Walt Cullen's home run, were made off the pitching of Earl Overman and John Pintar.

RIGGS BEATEN IN TABLE TENNIS

HOUSTON, Mar. 30 (AP)—Despite the unexpected entries of Bobby Riggs, national tennis champion, and of Bobby Kamrath, no upsets occurred in the singles divisions of the third annual Texas state table tennis tournament which opened here today. Paul Snively, defending cham-

phon from Houston, and Carle Clark, 1939 runnerup from Corpus Christi, again reached the finals in the men's singles.

Finals in all events are scheduled tomorrow.

Snively entered the finals by defeating Riggs in straight sets, 21-15, 23-20, 21-16. Riggs reached the semifinals by defeating Bobby Kamrath, former University of Texas court star, 21-17, 13-21, 24-22.

U. S. Non-Recognition Of Areas Acquired Through Force Puts Many Peoples On 'Black List'

WASHINGTON, Mar. 30 (AP)—Conquests and changing frontiers abroad are calling sharply to the attention of the United States officials an impasse created by the American doctrine of non-recognition of territory acquired through force.

The doctrine enunciated by former Secretary of State Henry L. Stimson is placing the United States in the position of refusing to recognize an ever expanding portion of the world's area. At this moment the populations of countries embraced within the doctrine total around 150,000,000 persons.

The imposing list is as follows: —Hear—

In Big Spring

Manchuukuo 34,300,923 people.
Ethiopia 7,800,000.
Albania 1,000,124.
Poland 32,347,200.
Czechoslovakia 14,000,000.
China under Japan 80,000,000.
Six countries 148,141,347.

(Austria falls into a somewhat different category for two reasons: The absorption by Germany was voted in a plebiscite; this government was informed formally of the action by the Austrian government for diplomatic associations ended thereupon.)

The latest statement of non-recognition is only a few months old. It was made by Secretary Hull in the case of the Russo-German partition of Poland. Some officials believe this policy cannot go on indefinitely. A more realistic way out will have to be found, they think. An allied victory, by restoring the independence of several nations, would be a partial answer to their problem but they cannot be sure of an allied victory. A German victory undermining the independence of the Balkans would render the problem more acute.

The United States is the only large nation which has consistently stood by the doctrine of non-recognition.

TEXAS GIRL IS NAMED QUEEN OF TOURNEY

ST. JOSEPH, Mo., Mar. 30 (AP)—Lucille Moore, 17-year-old senior on the Wayside, Texas, high school basketball team, tonight was revealed as the queen of the 1940 national AAU women's basketball tournament.

She is the daughter of Mr. and Mrs. W. R. Moore and was selected Wednesday night by Perry Pipkin of Memphis, Tenn., national president of junior chamber of commerce, and Fred Gardner of Lincoln, Neb., a past national director of the same organization.

Miss Moore, a distinct brunette, is one of 11 girls in the Wayside high school, 10 of whom play basketball and came here for the national meet after winning both the Texas prep title and the Lone Star AAU laurels.

Wayside high school has but 25 students and is located in the heart of the Texas wheat belt, 22 miles from a paved road. Wayside's population is approximately 40.

Throughout her high school studies Miss Moore prepared herself for a business career and this summer will join the clerical staff of the American National Insurance company, of Galveston, Texas, and continue her basketball with the Anicos of that city.

TEXAS THINLY CLADS DEFEAT AGGIES, 89-33

AUSTIN, Mar. 30 (AP)—Sweeping 13 first places in a 16-event meet, the University of Texas track and field forces ploughed under Texas A. and M. here today, 89-33.

Fred Ramsdell and Boyce Gatewood of the Longhorns shared honors at 11 1-4 points each. Gatewood won both hurdles events, each by a narrow margin over Aggie Ed Dreiss, while Ramsdell took two firsts in the sprints, edging out teammate Lonnie Hill in a 9.5 century. Hill got off to a poor start.

FOR MEN ONLY

Like "oh yeah?" and the yo-yo, . . . and claims he does most of the work in this connection around his premises . . . A session with the postmaster about flowers winds up as far over our head as Settle Hotel is over that alleged automobile of midsize JOHN GRIFFIN uses around his Scurry Street service station.

Over in town doing all he could Saturday to create a greater demand for ice by buying drinks at various fountains was MANLEY COOK, Southern Ice skipper . . . BOB COOK, JIMMIE GREENE and J. Y. ROBB in a three-way gabfest . . . "I always enjoy folks visits," says HARVIE CLAY, "but its more fun when they bring cleaning and pressing work with them" . . . BUCK RICHARDSON has a message over Rockwell Bros. signature in today's ad columns that will be of interest to those pondering home color combinations this season . . . Add Saturday sick list: MAX JACOBS . . . Pouring good words into our ears about results of a refrigerator ad last week were AL ROWNDS and JACK PLATT . . .

Don't imagine you guys need reminding, but if you haven't made proper arrangements for lawful use of your automobile for the 1940-41 vehicle year, JOHN WOLCOTT'S office is the place to visit before midnight Monday.

Record Field Expected At Sweetwater

SWEETWATER, Mar. 30—Preparations are under way for West Texas' first golf tournament of the 1940 season, the fourth annual invitation of the Sweetwater Golf Association, to be played over the 18-hole grass greens course at Lake Sweetwater April 18 through the 21. Lonnie Wendland of San Antonio is the defending champion and he had indicated he will be here to defend the title.

More than \$300 in prizes will be awarded the winners and runners-up of each flight, winners of consolation flights, medalist, winner of the long driving contest and winners of team play.

Qualifying scores are to be recorded by 6 p. m. opening day, to be followed by the long driving contest, a barbecue and the Calcutta pool.

President Paul Comoli announces appointment of the following committee chairman: entertainment, O. Mrs. Bill Sheridan; registration, Henry M. Rogers; prizes, Rigdon Edwards; Rules, Guy Wilson; pairings, R. R. Lacy; Calcutta Pool, J. M. Watson; publicity, George D. Barber.

The Lake Sweetwater course was increased to 18 holes in July of last year and many golf shapers have declared it to be one of the sportiest layouts in this section of the state. Grass tees and the shelters have been added and an additional footbridge has been put across an arm of the lake on one of the six water hazards.

Last year 182 qualifiers turned in cards for the third annual and this number is expected to be exceeded on April 18 this year.

LEMON JUICE RECIPE CHECKS RHEUMATIC PAIN QUICKLY

A JUDAS TREE

PLYMOUTH, N. C., Mar. 30 (AP) - Plymouth residents point out to visitors 12 trees standing in a churchyard here, and tell this story:

Many years ago each of the trees was named for one of the 12 apostles. Eleven are still in good condition. But the 12th was struck by lightning several years ago.

The name of that one was "Judas."

BROADCAST CANCELLED

Small Boys Admit A Mistake In Clogging Sewer Line With Trash

Seven young boys who either were conducting a clean-up campaign the easy way or were working with another purpose, Saturday had caused the city and several property owners considerable grief and had brought disciplinary action on themselves. City officials said the lads, ranging in age from 5 to 10, simply dumped all manner of refuse into a city sewer line after opening a manhole in an alley between Johnson and Nolan and First and Second streets. Their

contributions of cans, rocks, branches, etc., clogged the line and backed up sewage for several blocks, causing an overflow in the T&F yards. Confronted with an accusation, the boys admitted their guilt. City authorities said, but "didn't know why" they did it. Their case was put in the hands of their parents. City officials meanwhile, busy with a sewer cleaning job and with answering complaints, said they couldn't be so lenient with another such offense.

The Week

peared to have been responsible for declines, and the encouraging part of the picture was the recuperative powers of March, especially in building. There are signs that building will continue up in April.

Tuesday is city commission election day, and three places are to be filled. There are eight men in the race, and your job—and your solemn duty (if you are inclined to be a good citizen) is to vote for the three you honestly believe to be best qualified for the job.

Last week the smallpox bugaboo reared its head, and among some medics there was a tendency to hush the scare. The matter is by no means serious, but it is a wise policy to invest in sensible insurance—vaccination.

Extension of the two-hour parking limit to the 100 block on Main street, at request of affected operators, proves up another point, namely, that merchants and clerks in restricted areas obligingly used the adjoining unrestricted areas.

A pleasant surprise was the inundation of a portion of the Powell Creek lake basin last week. That a small thunder-shower should put in an appreciable store of water (undiscovered for four days) is an indication that a good, general and dashing rain might go far toward filling the two new city lakes.

West Side Baptist church took out a \$5,000 building permit last week for a new church plant, but this doesn't mean the money is raised, said Rev. E. E. Mason, pastor. In fact, he appealed for 500 people to make a \$1 investment in order that the basement could be constructed and put in use.

The West Texas Chamber of Commerce tax meet at Odessa last week sounded one wise note. The time to reduce taxes is when budgets are made, not after tax rates are set. Also, consistent economy does not mean a cut this week, and pressure for some special project next week.

This ruling concerning planting of anything but pure strains of cane on retired or conservation acreage in order to be in compliance with the federal farm program is worthy of mention again. Farmers should understand this, else they may discover their ignorance of it has cost them their payments and possibly made them owe the government.

Mattress Making Program Planned

Possibility that a mattress making program to benefit low income farm families would be put into effect here this year was seen Saturday by M. Weaver, county AAA adjustment assistant.

He has certified there are 120 low income families eligible to receive the service, that is 50 pounds of cotton and 12 yards of mattress ticking each.

The mattresses are furnished through the surplus commodities unit in cooperation with the extension service and the distributive facilities of the AAA. The minimum allotment for a county is 50 bales and 1,200 yards of covering. There is a limit of one mattress to a family, and the "low income" is taken to mean net revenue of less than \$400 per annum.

ANGLO WOMAN DIES

SAN ANGELO, Mar. 30 (AP)—Mrs. J. W. Hill, 81, resident here since 1886, died here today. She was the widow of the late J. W. Hill, who was well known as one of the best land title attorneys in Texas. The funeral service will be here Sunday afternoon.

Liberalizing Of Episcopal Church Marriage-Divorce Laws Suggested

NEW YORK, Mar. 30 (AP)—Liberalization of the Episcopal church laws regarding divorce and re-marriage of divorced persons has been recommended by a committee of women in the church after a two-year study. The present Episcopal church law prohibits the marriage of divorced persons, except that of the innocent party in a divorce for adultery, and then only after certain investigations and decisions by the bishop of an ecclesiastical court. The committee recommended: "If a divorced person who has been in communion with this church desires to remarry after a reasonable time and desires as does the partner of this second marriage, the blessing of the church, this might well be bestowed when the parish priest or a suitable committee are assured, after examination of the circumstances involved, of the genuine desire and

Compulsory Vaccination Advocated

Compulsory vaccination of all rural school children against smallpox and immunization of them as soon as possible was recommended by the county board of trustees here Saturday.

J. A. Bishop, board chairman, said that the board was recommending this policy to the various district boards. Dr. Frank Boyle, county health officer, took cognizance of the mild flurry of smallpox over the county and announced that several school districts would be served this week.

He will be at Garner Tuesday at 1 p. m. and at Midway the same hour on Wednesday. At Gay Hill, where he will be Thursday at 1 p. m., students from Vealmoor, Morris, Vincent, Richland and Morgan will be vaccinated. Lomax, Cauble and Hartwells pupils will report to Elbow Friday at 1 p. m. to have vaccine administered.

Next week the remainder of the rural schools will be served. Vaccination charges will be held to 25 cents per scholastic. H. T. Hale, Coahoma, member of the county board from precinct No. 2, resigned his post since he is a candidate for county commissioner from his precinct. No action toward filling the vacancy was taken immediately.

RAISING FUNDS FOR A CHURCH BUILDING

In keeping with their policy of "pay as you go," members of the Seventh Day Adventist congregation are now in the midst of a fund raising campaign for a new church plant. A lot has been purchased at 12th and Runnels street, and foundations installed. However, the church is hopeful of raising all things installed. However, the timing with the program, said the Rev. Orville Schneider, pastor. The building will be a one story, stucco edifice, 28x46 feet, he said.

COUNTY 4-H CLUBS LIKELY TO ENROLL 100 THIS YEAR

County Agent O. P. Griffin said Saturday that it appeared there would be no difficulty in exceeding the quota of 100 boys in 4-H clubs in the county this year.

After meetings in four places, he has 49 signed and 31 hold overs in other communities bring the number to 80. Garner had 24 boys, Vealmoor 13, Moore 6 and Gay Hill 6. Griffin still has to hold organization meetings at Lomax, Elbow, Midway, Coahoma, Morgan, Vincent and Center Point.

DOG WASN'T MEAN, HE WAS JUST DRUNK

Workmen at the city warehouse were held at bay Friday by a stray dog that acted as though it were intoxicated.

Bill Maxfield, who left his perch by adroit maneuvering, managed to get to a telephone and put in an emergency call to police. In the meantime the dog took possession of the warehouse office and E. B. Bethell, policeman, dropped a loop over his head there. The animal was shot.

"He didn't act mad," said Bethell. "Just acted like he was drunk."

SHIP IN DISTRESS

NEW YORK, Mar. 30 (AP)—MacKay radio reported tonight it had picked up a distress call from the British Steamer King Edward, 5,224 gross tons, saying she had lost her rudder and needed immediate assistance.

She reported her position at about 350 miles southeast of Newfoundland.

Monday Final Day To Buy Auto Tags

Procrastinating motorists were advised Saturday to stage the "early bird" act Monday if they wish to avoid long lines in getting their cars registered for 1940.

On the basis of last year's registrations at the end of April 1, when cars must have the new tags, some 600 passenger car operators and half as many commercial truck owners will apply for licenses Monday.

Late Saturday, after handling of nearly 500 passenger car tags in a single day, the total registrations from this source stood at 3,580, a little ahead of the 3,435 for the same day a year ago. At the end of April 1, 1939, a total of 4,144 passenger cars had been listed.

Tax Collector John Wolcott said that his office would stay open Monday after normal closing time at 5 p. m. if there was a demand. "We will keep the doors open as long as there is a line or customers are waiting," he said, "but when that stops, we are going to close the doors."

14-YEAR-OLD GIRL BECOMES A MOTHER

LOGAN, W. Va., Feb. 30 (AP)—Fourteen-year-old Mrs. Clifford Atkins, Logan's "child bride" of more than a year ago, smiled today in a hospital bed at her day-old daughter.

The baby was born last night after a Caesarian operation.

O. L. Rush, Mineral Wells, is visiting friends here this weekend.

City's First Quarter Business Off, March Shows Some Pickup

Business barometers were down here for the first quarter in comparison to the same period in 1939, but rallying influences in March indicated that fresh trade winds might be blowing.

Building permits and new passenger car registrations were off, but postal receipts recorded a substantial gain for the initial three months of 1940, a check showed Saturday.

For the quarter, building permits totaled \$94,504, a decline of \$9,949 from the \$104,753 for last year. The big drop was in residential construction. Big Spring's building weakness. During the three-month period only eight new homes were erected at a cost of \$22,755. For

the same time a year ago, 22 new homes were built at a cost of \$79,375. Industrial construction gained, showing \$41,528 for 18 new structures against \$38,980 for three new business houses in the first quarter of 1938.

New passenger car registrations dropped off to 270, showing a decline of 45 from the same time a year ago when 324 had been registered.

Postal receipts were up \$661 in amounting to \$17,972 for the first quarter in comparison with \$17,310 last year. Receipts were up in all three months.

For March, building permits gained to \$45,589 over the \$12,340 for February and over the \$34,520 for March of 1939. New car sales totaled 110 in March, up sharply from the 79 in February but off from the 146 for March last year. Postal receipts increased to \$6,283.96, far above the \$5,200 for February and over the \$5,990 for March a year ago. In all quarter losses, business collapse in February was responsible, figures showed.

California Fears Damage From Flood

SAN FRANCISCO, Mar. 30 (AP)—"The situation is critical"—that was the way a federal meteorologist described flood conditions in the Sacramento Valley tonight after a week of pouring rain caused creeks and rivers to run brimful.

"Because of almost record rainfall," said Meteorologist E. H. Fletcher, "a flood of major proportions is rapidly developing on the Sacramento, Feather and American rivers."

The new menace followed by a month of devastating flood that inundated many thousands of acres in northern California, forced 6,000 persons from their homes, and caused damage estimated by state officials at \$15,000,000. Nine persons lost their lives in the February flood.

veal beyond question that this committee had proposed no amendment to the act which in any wise—directly, indirectly, or remotely—adversely affects its fundamental purposes. The committee has, however, x x x recommended amendments which, if adopted, will make the act more effective in achieving the fundamental purposes for which it was devised."

Noting that one amendment would forbid the board to order reinstatement of an employee who had engaged in "willful" violence against his employer's property, the majority said this would simply write into the law the supreme court's decision outlawing "sit-down" strikes.

The report said this should be done because the board, despite the court's decision, had subsequently attempted to "force reinstatement of employees who had engaged in a sit-down strike."

Another amendment would state specifically that the requirement for collective bargaining does not emanate from an agreement made before the Wagner act was before congress repeatedly made clear that there was no intention to require agreement, the committee said: "How language so sweeping could have been disregarded by the board so entirely is beyond the committee's comprehension and is only to be explained by the board's usual flaunting disregard of employers' rights."

ROAD BOND ISSUE VOTES IN GAINS

SEAGRAVES, Mar. 30 (AP)—Returns tonight from three largest of seven boxes in Gaines county clinched approval of a \$100,000 bond issue for surfacing a highway in southeast portion of the county, County Judge A. J. Roach said.

Vote was 455 and 33 against. The road would extend from Seagraves to Dawson county line, bordering the Cedar Lake oil pool on the north.

FORGERY COMPLAINT

Sam Hurley, well known character to city and county officers, was named in a forgery complaint filed with Justice of Peace John Rathiff here Saturday. No examining trial has been set.

FORD makes it ..no car near its price

FOR PERFORMANCE: Only eight-cylinder engine near its price! A big, powerful engine that does its job smoothly and quietly. So well built you don't need to "break it in."

FOR ECONOMY: The Ford V-8 averaged 24.92 miles per gallon in the 1940 Gilmore-Yosemite Economy Run—better than any other standard-equipped car in its price class.

FOR SAFETY: Biggest hydraulic brakes in its field! Strong X-type frame—lowest center of gravity—full torque-tube drive! Stabilized chassis—powerful Sealed-Beam Headlamps—oversize battery.

FOR COMFORT: A buoyant, restful ride. Four double-acting, hydraulic shock absorbers—soft springs—123-inch springbase—added room—deep, wide seats—controlled ventilation.

FOR STYLE: The beauty of the Ford comes from the Lincoln-Zephyr, world's style leader. Flowing lines, sparkling colors, luxurious interiors, more equipment included in the price.

FOR DOWNRIGHT DOLLAR VALUE: Extra cylinders in the engine, extra quality all through the car. Ford has built more cars than anybody else and has the world's best equipped plant for building them!
