Pampa's Hamilton At NEAC Meeting

CLEVELAND, Ohio (Sp) — For Robert Hamilton, Pampa Classroom Teachers Association president and others in Cleveland, Ohio, for the National Education Association Convention, James B. Conant's July 4 address was the high point of the week. No radical changes are required in the pattern of American public education to make US schools adequate for the tasks which now confront them, Conant holds. Conant is president emeritus of Harvard University, Cambridge, Mass. and former US ambassador to the Federal Republic of Germany. In reporting on his eight month survey of the American high school, Conant said that none of the schools were "Highly satisfactory in every respect" but could be made so with few changes and the expenditure of more money. Conant's study took him into 50 schools and 18 states. In some schools, he said, the vocational programs needed improving; in some, the quality of the teaching in certain subjects; in some, the courses offered were inadequate, particularly in foreign language instruction and in almost all schools, the counseling system was understaffed.

The educator pointed out that in no school which he visited did the majority of the academically talented boys or girls were working to full capacity. "As a consequence of these and other faults, the high schools fell short of my ideal, though, if I could have taken the good features from half a dozen of the schools and put them all together, a first-rate comprehensive high school would have been the product," said Conant. "I feel sure of only one thing as a result of my intensive study of a small sampling of comprehensive public high schools. No radical changes are required. . . . If all the states would do as well as some few have done in district reorganization, the small 'high school' could be essentially eliminated. This would be a great step forward. If, in each state, the present high schools of sufficient size were made as adequate as the best that I have seen, we would have no need to complain about the education in science and mathematics of the academically talented boys at least. "In these same schools, if the guidance system and the instruction in all the subjects were as

You look into two different worlds when you do your looking by telescope and microscope, Jerry Taintor finds.

Taintor, 2239 Christine, is a junior in Pampa High School. Already he has seen comets, sunspots, sunspots, protozoans, parameciums and fungi. All this with a \$50 Stellarscope and a Lafayette microscope.

The Stellarscope, made in New York, is a reflecting telescope. As Taintor briefs it, light hitting the concave mirror at the bottom, bounces back to the smaller mirror at the top. Varying eyepieces, he can get magnification of 120, 40, and 80. Taintor now has a fitter to look through, a polarized glass over the eyepiece, that keeps him from being blinded by the moon and the sun.

Without hardly trying, he can get a good view of the craters good as what I have seen in some schools and the scholastic ambitions of the pupils were better stimulated, then one could be sure that a vast majority of our youth were obtaining a satisfactory education. And under such conditions, we would not need to fear the competition with Soviet Russia in so far as the grim struggle turns on the development of the potential talent of our youth."

Quotes In The News

WASHINGTON — Rep. Richards B. Wiggleworth (R-N.Y.)... after saying the House should restore at least part of the \$72-million-dollar slash in foreign aid funds voted by the Appropriations Committee:

"I am opposed to cutting just for the sake of cutting in a field involving the freedom, if not the existence, of America and the free world."

CANNES, France — Former President Harry Truman, after being asked for his reactions to the Sherman Adams case:

"The people of the United States understand the facts now. They will not be misled and fooled as they once were by Mr. Nixon, his little dog and a Madison Avenue script with Hollywood overtones."

WASHINGTON — Bernard Goldfine, explaining why he let Presidential Assistant Sherman Adams use one of his oriental rugs in Adams' Washington home:

"We needed a rug in our showroom in Boston where I have fine oriental rugs in my own office. In fact, we don't have any rug on our showroom floor yet. I persuaded Governor Adams to let me buy a rug for the showroom and lend it to him. The rug belongs to my company and when he is through with it in Washington, it will go on the floor of our showroom."

SOAP BOX DERBY ENTRANT

Watching Robert McCain fasten one of the wheels on his entry for the Soap Box Derby is Sam Bryan, Pampa's representative in this year's derby to be held in Amarillo on July 13th. Sam's derby car was taken to Amarillo Saturday to be inspected.

Next Saturday A Big Day For Pampa Racer

By RONNIE CROSS
Pampa News Staff Writer

Ever since he was six years old, Samuel Bryan has been waiting for the 13th of this month. For that's the day he'll get to ride in the Soap Box Derby. Samuel got the "bug" to race in the derby when he saw the championship at Akron, Ohio, in 1953. Since then he's been dreaming and hoping from 11-15 years old. The winner will then go to Akron for the Derby championship.

The contest will be held in Amarillo next Saturday for boys ranging from 11-15 years old.

Sam has spent many long and happy hours building his car for the race. Of course he didn't do it all by himself. He had help from his parents, Mr. and Mrs. George Bryan, 619 N. Somerville.

The first thing that Sam had to do to enter the derby, was find a sponsor. And he found one in Joe Hawkins, who owns an appliance store in Pampa. A sponsor has to pay out \$31.50 for the car and \$5 to have his store's name

lettered on the side.

Sam and his father, who works for Celanese, then went to the lumber yards in Pampa to find some good plywood for the bottom of the car. They cut the plywood and made the bottom of the racer one solid piece. The bulkheads came next. The bulkheads have to do with the framework of the car.

"We had to drill holes through the bulkhead for the steering," stated Sam. "Then we had to go to a hardware store and buy braces, two pulleys and a steering cable," he said. "We got I-bolts for the steering, and three turn buckles, two for the steering and one for the brake."

Next we got some wheels, axles and steering wheel cable, all from a hardware store," he said.

"All of these things cost about \$15. We couldn't spend over that for the whole thing, because of the rules," allowed Sam. "My dad and I started building the car about May 20. We cut the bulkheads fastened them to the bottom of the car and cut about 20 square feet of sheet metal for the framework of the car," Sam stated.

It took Sam and his dad about two months to build the car and now it is in Amarillo where it will stay for the next week undergoing a safety inspection.

Officials of the race in Amarillo will inspect Sam's car along with the hundreds of other young boys cars, who will be in the race, come July 13. The boys will find out the day before the race if anything is wrong with their cars, and if so, they will have until the next morning to fix it.

Alexander-Hamilton is said to have written most of George Washington's farewell address.

Smoking Does Too Bring Earlier Death

WASHINGTON (UPI)—Cigarette, cigarette smokers were closely related to the amounts smoked. Death rates were much higher for persons who smoked more than 40 cigarettes a day than those who smoked fewer than 10 a day.

In general, the survey results supported previous statistical studies linking smoking to earlier death. The report will be presented Tuesday to the 7th International Cancer Congress in London.

The survey related known smoking habits, or abstinence, in the deaths of 7,382 of the 200,000 veterans living when the study was inaugurated in July, 1964. The 7,382 died between then and December, 1956.

Age Considered

Dr. Harold F. Dorn, chief statistician for the National Institute of Health, will report that of the 7,382 deaths in the two and one-half year period 6,203 were smokers and 1,179 were non-smokers.

The death rate of the veterans who used tobacco was 16 per 1,000, as compared with 13.1 per 1,000 for those who never smoked. Adjusted to take into account the difference in age distribution between the two groups, the death rate was 32 per cent higher for smokers than non-smokers.

But persons who regularly smoked only cigarettes had the highest death rate of all groups of smokers — the 58 per cent figure.

Other Results Listed

The figures were obtained from persons who served in the armed forces between 1917 and 1940 and represented an age spread from 30 to 90, the majority being between 50 and 70.

Other findings:

—The lung cancer death rate for regular smokers of cigarettes was about 10 times the death rate for non-smokers.

—Death rates among regular

Ike Promises Flood Help

WASHINGTON (UPI)—President Eisenhower Saturday declared flood-stricken sections of Iowa a major disaster area.

No specific money allotments were made pending surveys by federal officials. But the president's action makes the disaster area eligible for federal grants for the rehabilitation of public facilities.

Eisenhower notified Iowa Gov. Herschel V. Loveless of his action. Loveless had reported to the White House that excessive rain, floods and heavy winds had caused serious damage.

The governor said the stricken area included Audubon, Cass, Guthrie, Montgomery and parts of Pottawattamie, Fremont and Page counties.

Garland Quarles left Levine's and Pampa yesterday for Monte Vista, Colo., where he will be manager of a new Levine's. Manager Morris Silver announced the promotion of his assistant manager, who had been with the Pampa store nine years.

The promotion, Silver states, was made possible by Levine's purchase of the Gordon Chain. Quarles, who is from Clarksville, came into the local link of the Levine chain as a shoe clerk, working his way up to department head and assistant manager.

While here he was active in the Elks Lodge and the Order of Moose.

ing a nearly two-hour period starting at 4:55 a.m. c.d.t. They were named soon after birth. It was the second-born, Christine, who died at 7:33 p.m., after 11 hours and three minutes of life.

Her sisters, Rebecca, the first born; Penelope, who was born at 7:32 a.m., and Deborah, born at 7:37 a.m., continued their apparently successful fight for survival in an incubator.

Hansen, in a joking mood soon after birth of his daughters, had earlier remarked that he expected "at least triplets—and boys."

Saturday night, however, he was somber and could not be reached

for comment.

The young couple had laughed about their pending housing problem Saturday morning. They live in a trailer and already have an infant son. But Saturday night crowded living conditions meant little to them.

The Hansen family physician, Dr. Clarence Wohlrahe, said earlier that all four babies were in satisfactory condition. He stuck to his "satisfactory" description of the remaining three Saturday night.

Wohlrahe said the chances of quadruplets being born are 681,472 to one.

Hansen said that he hasn't had "much time to get excited."

RAIN

(Continued From Page 1)
way crosses the East Fork of the Trinity River. The driver was not hurt.

It was reported on the ground between Rockwall and Bonham and between Garland and Wylie.

Severe forecasts
Two severe weather forecasts were issued, one calling for tornadoes.

The weather bureau said a few severe thunderstorms with large hail, locally damaging winds and possibly a tornado were expected until 7 p.m. in an area bounded by Dallas to Tyler to 30 miles southeast of Waco, to 60 miles northwest of Waco and back to

Dallas.

A driving rain hit Dallas late in the day blocking some streets and causing water to seep into a furniture store in Oak Cliff section.

Some flights from Love Field were delayed because of the weather and some power lines were down due to high winds. Farmersville, near Dallas, had 2.61 inches of rain between 3 p.m. and 4:45 p.m. Amon Carter Field reported 2.46 inches.

The U. S. Weather Bureau issued a forecast for severe thunderstorms with large hail and isolated damaging winds for much of West and northwest Central Texas.

The forecast, good from 1 p.m. until 8 p.m., was for an area along and 120 miles southeast of a line from Wink to 20 miles southwest of Wichita Falls.

The eastern boundary extended from 20 miles southwest of Wichita Falls to just west of Weatherford, to west of Cleburne and then to Brownwood; from there to 30 miles northeast of Sanderson, Tex., and back to Wink.

'RUN SILENT, RUN DEEP'

Burt Lancaster and Mary LaRoche in a scene from the exciting new motion picture, "Run Silent, Run Deep," co-starring Clark Gable, which opens today at the La-Nora Theatre as a United Artists Release. Hecht, Hill and Lancaster produced the movie from the renowned novel by Commander Edward L. Beach.

**GRAY COUNTY
Soil Conservation
District News**

By JIM SMATHERS
A couple of fires burning wheat stubble could be seen last week. Some farmers were burning off wheat stubble.
Crop residues are needed to control wind and water erosions. Wind erosion is a hazard in areas of low rainfall and strong winds such as found here in the Gray County Soil Conservation District. Crop residues are also needed to help maintain soil or game matter. Crop residues reduce water runoff. In an area of low rainfall, runoff is costly. There is erosion with runoff and the moisture is needed for the land to grow good crops. Water running down gullies into streams are of no benefit to a growing crop.
Crop residues left on the surface of the soil also tend to stabilize soil temperatures. Soils with good residues on top warm up earlier in the spring and are cooler during hot summer months.
Wheat stubble on the fields now is excellent cover and protection. Crop residues can be maintained with various pieces of tillage implements. Sweep plows do the best job, but rod weeders and other plows can be used.

**Big Fireworks
Explosion Kills
One; Hurts 20**

PORTLAND, Ore. (UP)—A fireworks warehouse exploded with a deafening roar in the southeast part of Portland early today, causing widespread damage to nearby homes.
Police said at least one person, a little girl, was killed. More than 20 injured were taken to two hospitals.
The blast touched off a spectacular fire which sent up huge columns of flame and smoke from exploding fireworks.
Firemen said the little girl, who was not immediately identified, was living in a home near the warehouse.
Four or five houses near the wrecked warehouse were leveled by the fire and explosion, firemen said. Windows were shattered for blocks around.
Authorities were probing the ruins for other, possible victims. Most of the injuries were reported as not too serious by hospital attendants.
The blast occurred in a one-story frame warehouse located on the eastern edge of Portland. It was followed by a series of explosions from fireworks going up in smoke.
The resulting fire was visible for miles and police and firemen encountered a giant traffic jam as residents rushed to the scene.
The fire was reported under control an hour later.
Police said windows were shattered as far as 22 blocks away. Broken windows in the immediate area were believed responsible for many injuries.
One policeman was injured when struck by a car while directing traffic, police said.
Cause of the blast was not known.

Souths jumped to four spades and proceeded to go down one trick when trumps failed to break.
Ivar chose to rebid three hearts and Lenny raised him to four. With good play the four heart game was unbeatable since Ivar was able to discard dummy's losing diamond on his fifth spade.
Careful play was essential. He won the first club, cashed the two top trumps, led a spade to dummy's kind, and a second spade to ward his own hand. East could not afford to ruff this. He might be trumping his partner's trick.
Ivar took his ace and led another spade. West won and led two high clubs. Ivar trumped the second one and led out his last trump. East was now in the lead but it was too late. The long spade was established for a diamond discard.

Take Safety Along On Vacation

"Summertime, and the living is easy — but the driving isn't." In these words, J. O. Musick, general manager of the Texas Safety Association, reminded Texas drivers that everyone wants to get in the car and go places in warm, sunny weather. Speaking on behalf of the Texas Safety Association and the National Safety Council, he urged drivers to back the Attack on Traffic Accidents and drive with extra care and caution.

"Since July is such a big vacation month, we're urging all travelers to take safety along on their trips," Musick said. "Too often vacation trips are planned without any thought for safety on the road, and what often starts out to be a pleasure trip ends up as another traffic tragedy."

The safety expert said that the best way to keep out of danger on the vacation trip is to plan certain basic safety measures, and to stick to them. Those safety measures are (1) control of speed, (2) keeping the car safety-checked and in good condition at all times, (3) scheduling your driving for daytime hours and allowing for occasional breaks to minimize fatigue, and (4) obeying traffic signs and signals.

"If a driver starts out on the road fully determined to follow these common sense rules to protect himself and his family in highway traffic, there is little doubt that his vacation will be safe as well as fun," Musick said.

New Civil War Over Cotton Brews

WASHINGTON (UPI)—A new civil war is brewing this weekend on Capitol Hill, this time between the West and the Old South, over cotton acreage.

A farm bill approved by the Senate Agriculture Committee is scheduled to come before the Senate next week, including a new cotton program.

One section of the cotton program provides that acreage allotments in future years must be divided among states on the same basis as the 1958 allotment.

This brief paragraph would halt the movement of cotton acreage out of the Southeast into the newer growing areas of the West. Lawmakers from western states can be expected to open a strong fight on this issue when the Senate debate begins.

There are more farm and farm-industry bills waiting in the congressional wings, standing by for possible action after Congress makes final decisions on price support and acreage control issues.

One of these bills waiting for action is a meat check-off plan approved by the House Agriculture Committee weeks ago and also pending in the Senate Agriculture Committee.

Another measure deals with humane slaughter of livestock and poultry, a bill approved in the House and a revised version calling for a study of the subject now waiting for action in the Senate.

Ill-Starred Romance Is All Over

ROME (UPI) — It was an ill-starred romance from the first and it ended in death and suicide.

The victims were Angela Sodu, daughter of a rich landowner, and Teodoro Trotto, a poor farm hand.

Angela's father fiercely opposed their marriage for reasons he would not divulge, but when they announced their intention to marry he admitted to Teodoro: "You are actually my son born out of wedlock. Angela is your half-sister."

When Angela learned the news she locked herself in her room. One morning neighbors found her body and it was believed generally she had died "of a broken heart."

Teodoro walked with the mourners at her funeral. Later, in front of the statue of the Madonnas of the Fields where he often met Angela, he took poison.

Two Bobs To Start!

By OLIVER MORRISON
United Press International
BALTIMORE, Md. (UPI)—Bob Turley of the New York Yankees and Bob Friend of the Pittsburgh Pirates, two of the hardest-throwing right-handers in the business, are expected to be the starting pitchers in the 25th All-Star game Tuesday.

Although rival managers Casey Stengel for the American League and Fred Haney for the National League won't make their opening choices official until Monday, the solid run of right-handed hitters on both squads indicates right-handers in both cases.

Odds-makers have established the American League, which holds a 14-10 edge in previous games, an 11-10 choice to win its second straight game. They apparently figure the AL should have a slight edge in a park where few NL stars have played.

From the NL viewpoint, of course, it marks another opportunity for Haney to twist the lion's tail—beat Stengel, that is. Haney, of course, led his Milwaukee Braves to victory over Stengel's New York Yankees in the 1957 World Series. Also, for all his other successes, Stengel has been curiously unsuccessful in All-Star competition. Last year's victory at St. Louis was only Stengel's second in seven All-Star tries.

In Turley, Stengel has available a 220-pound flame-thrower who had an 11-3 record in games played through July 3. Friend stands

only 9-9 but is one of the top stars handers in the NL. Behind Turley, the American League also has Whitey Ford and Ryne Duren of the Yankees, Billy Pierce and Early Wynn of the Chicago White Sox, Billy O'Dell of the Baltimore Orioles and Ray Narjeski of the Cleveland Indians. Ford, Pierce and O'Dell are left-

All-Time Star Team Picked

ST. LOUIS (UPI)—The Sporting News, baseball weekly, Saturday announced an All-Time All-Star team, chosen for the publication by members of the Baseball Writers Association and broadcasters in the major league cities.

The lineup, picked in observation of the silver anniversary of the All-Star game, follows: First base, Lou Gehrig; second base, Rogers Hornsby; third base, Pie Traynor; shortstop, Honus Wagner; left field, Ty Cobb; centerfield, Tris Speaker; right field, Babe Ruth; catcher, Bill Dickey; right-handed pitchers, Walter Johnson and Christy Mathewson; left-handed pitchers, Lefty Grove and Carl Hubbell; manager, John McGraw, and coaches, Art Fletcher and Chuck Dressen.

Jackson, who was charged with his fifth defeat, then gave up intentional walks to Daryl Spencer and Leon Wagner. After Bob Schmidt had fouled out, Kirkland batted for Danny O'Connell and drew the winning pass.

The victory went to southpaw Mike McCormick, who went the distance for the first time in seven attempts. It was his first win since May 30 and gave him a 5-1 record.

The remainder of the National League pitching staff is composed of Warren Spahn and Don McMahon of the Braves, Johnny Antonelli of the San Francisco Giants, Dick Farrell of the Philadelphia Phillies, Larry Jackson of the St. Louis Cardinals, Johnny Podres of the Los Angeles Dodgers and Bob Purkey of the Cincinnati Redlegs. Antonelli, Podres and Spahn are left handers.

The eight other starters, chosen for the first time this year by a poll of the players, are required by All-Star law to play the first three innings. After that, both managers are free to make substitutions at will—although each insists he could go the full nine innings with his eight starters if the situation warrants. After some

Willie Walks, Giants Win

SAN FRANCISCO (UPI)—Larry Jackson surrendered a bases-loaded walk to Willie Kirkland in the ninth inning Saturday to give the San Francisco Giants a 5-4 victory over St. Louis and move them back into second place.

Jackson took over for Lindy McDaniel with the Cardinals leading 4-3 in the ninth inning after Willie Mays had singled and there was one out. Ray Jablonski, who had tied the game in the seventh with a home run, did it again by tripping to right field.

Jackson, who was charged with his fifth defeat, then gave up intentional walks to Daryl Spencer and Leon Wagner. After Bob Schmidt had fouled out, Kirkland batted for Danny O'Connell and drew the winning pass.

25 years, winning an All-Star game has become important to those who play it.

Frick Names 'Star Umps

NEW YORK (UPI)—Ed Rummel, Bill McKinley and Frank Umont of the American League and Jocko Conlan, Tom Gorman and Frank Secory of the National League were named Saturday by Commissioner Ford Frick to umpire Tuesday's All-Star game at Baltimore.

Rummel will start behind the plate, with Gorman at first, McKinley at second and Conlan at third. Rummel and Conlan will change places after 4½ innings. Umont and Secory will be on the foul lines.

Frick also named three official scorers for the game. They are Bob Broeg of the St. Louis Post-Dispatch, president of the Baseball Writers Assn. of America; Hugh Trader of the Baltimore News-Post, and Bob Maisel of the Baltimore Sun.

ST. ANNE'S-ON-THE-SEA, England (UPI)—Peter Thompson, the 28-year-old smooth-swinging automation from Australia, turned on the pressure on the last nine holes of a 36-hole playoff against Dave Thomas of England Saturday to win his fourth British Open title in the last five years.

Bucs Finally Trim Burdette Slam Slumping Braves, 4-2

By RAY DOHERTY
United Press International
PITTSBURGH (UPI)—The Pittsburgh Pirates beat Lew Burdette for the first time in four years Saturday with a 4-2 victory over the slumping Milwaukee Braves, who now have lost five straight, equalling their longest losing streak of the season.

The Pirates took advantage of two errors by second baseman Red Schoendienst and a misplay by shortstop Johnny Logan to score three of their runs in the Pirates' first win over Burdette since June 20, 1954.

Pittsburgh's Bob Friend broke a five-game losing streak of his own with his first victory since June 10. However, he needed help in the ninth when a single by Del Crandall and a pop double by pinch batter Harry Hanerink put runners on second and third. Elroy Face was called in and retired pinch batter Joe Adcock on a pop

fly to the shortstop and Frank Torre on a flyout to left field. Schoendienst's second error in the sixth inning put John Powers on first base. He scored moments later on Bill Mazeroski's double down the third base line to put the Pirates ahead 3-2. Logan's misplay led to the

Dropped Fly Nets Reds Win In 12th, 8-5

CINCINNATI (UPI)—The Philadelphia Phillies took advantage of a dropped fly ball in the top of the 12th inning to score three runs Saturday and defeat the Cincinnati Redlegs, 8-5.

With two out and Ed Bouchee on base, outfielder Jerry Lusch dropped Rip Repulski's long fly ball, permitting Bouchee to score with the winning run. Ted Kazanski followed with a triple, scoring Repulski, and reliever Dick Farrell, who took over in the ninth, singled to score another run.

Pirates' clinching run in the seventh. Logan pulled his foot off second base on what would have been a double play to leave Bill Hall in scoring position. Hall scored on Bill Virdon's single. A two-run homer by Wes Covington, his 11th, in the second inning gave the Braves a 2-1 lead which they held until the fifth when the Pirates put together three singles for the tying run, which Virdon drove across with a single into center field.

Schoendienst's first error put lead-off batter Virdon on base in the fifth inning and he advanced on a high bouncing infield single and an infield out. He scored on Frank Thomas's ground out.

Burdette was lifted for a pinch hitter after seven innings. He gave up all the runs, two of them unearned, and all the Pirates' nine hits.

Wasylik New Lake Forest Football Coach

LAKE FOREST, Ill. (UPI)—Nick Wasylik, a former quarterback for the Ohio State Buckeyes, Saturday was named head football coach at Lake Forest College.

Wasylik succeeds Walter Lenn, who was named head basketball coach. Wasylik quarterbacked the Buckeyes in 1947, and gained All Big Ten, All Midwest and coaches' All-America honors. After graduation, he became backfield coach at Colgate until 1952, at Lafayette College in 1952 and 1953 season, and assistant coach for the Baltimore Colts of the National Football League in 1953 and 1954.

Bolt Plans To Enter Odessa

ODESSA, Tex. (UPI)—Open champion Tommy Bolt sent word Saturday he would enter the \$10,000 Odessa Pro-amateur tournament starting next Thursday, bringing to 10 the number of touring pros who will head up the field of some 100 teams in the best-ball affair.

Bolt, whose last appearance here was in 1954 when he teamed with Amateur Don Cherry to tie for seventh place, said his participation in this time would be newspaperman Bruce Kock.

Mike Souchak, Billy Maxwell, Tom Winstinger, Don January, Ernie Vossler, Vic Ghessi, Max Evans, J. C. Goslee and Jerry Robinson, Perryton had two. Rebel catcher, C. Clovis Shipp, twice cut down runners, trying to pilfer to second.

Sub-Par Is Expected For NPL

CHICAGO (UPI)—Sub-par probably will be a novelty next week in the 33rd annual National Public Links golf championship. Play begins Monday in the first of two 18 hole qualifying rounds at the 6,856 yard Silver Lake golf course and judging from practice rounds, the medal winner after 36 holes probably will be some shooter around regulation figures.

Par for the layout, which divides into a 3,622 yard first nine and a 3,234 yard back nine, runs to 73 and though nearly a third of the field of 150 starters had numerous tries at licking the course this week, most of them failed.

The course, whose record round of 87 was set by the home professional, Matt Carney, two years ago, has been toughened up for the national tourney. Fairways have been sculptured by letting the rough grow, and most fairways have been narrowed. The rough also has been allowed to grow around the greens and the fringe of the greens will run an inch and a half deep for the tournament.

Three new traps were installed, all in the fairways, on the 841 yard 9th hole, the 185 yard 12th, and the 538 yard 3rd. In addition grass on the fringes of traps has been allowed to grow to extend the dangerous area.

One hundred and fifty players will begin the qualifying round, all of them chosen through sectional qualifying rounds. The top 63 scorers enter match play beginning Wednesday together with defending champion Don Essig, II, Indianapolis.

Essig, though not obliged to play in the qualifying round in order to get into the match play, will compete as part of the three-man team from Indianapolis aiming for the team trophy won last year by Hawaii.

A total of 2,003 players entered the tourney.

They had tied for first at the end of the regulation 72 holes of play with record totals of 278, but Thompson started out Saturday like he was going to make short work of Thomas. He led by four strokes after the first three holes, but Thomas picking up three strokes on the last five holes, cut his deficit to one stroke when they went to lunch.

Panhandle Outdoor Life

By STARKEY WHITEHORN
Since 1951 there hasn't been a bumper crop of the Bob-White Quail on upland game bird specie, present in the top part of the Texas Panhandle. For six years the bird crop has been in very short supply in most areas. This fall we can look forward to the best bird year since 1951. You can depend on this.
There are several factors that make up what is called a good hatching season, especially in this part of the state. Up until now these factors have been favorable for this spring and summer.
The facts that make up a favorable hatching season for Bob-White Quail are these. Under normal conditions quail will pair off and nest in the early spring. About 60 per cent or more will usually be broken up. If the June weather is hot and dry, these 60 per cent or more birds on the range will not re-nest. However, if there is a cool, damp period in the summer and the grass greens up again, then these idle adult birds will again start nesting activity.

CHEESECAKE ON THE GREEN—Finals in the fifth annual Elk City Country Club Golf Tournament are set for today. During preliminary rounds, Tom Cox, right, of Pampa was caught trying to line up a practice putt. The pretty distraction at the left making like a caddy is Judy Hefner of Elk City, Oklahoma. Looking on in the background are Elk City pro Marvin London and Country Club president, Gene Grubitz Jr. Flight entrants are playing for over \$1,000 in prize money.

Nelson Hoping To Restore The Peace

Art Nelson, a hulk of a man, tries to lend a helping hand to the forces of law and order here Monday night at the Top o' Texas Sportsman Club.
For the past six weeks, main events grapplers and referee Tommy Phelps alike, have been taking "low blows" and "head crackings" in wild and woolly matches.
First there was a brass knucks hair-parting rendered by Bull Curry to Tokyo Joe. Then there were a series of disqualifications for "dirty play." The last two weeks it's been the outlawed "claw hold" of the Great Zorro that has caused most of the trouble, with even Phelps taking lickings the past two weeks, just for trying to do his duty, keep things on the up-and-up, above the table, and all that sort of thing.

Zorro returns to the main event here Monday night, but a "clean fighter," one Mr. Art Nelson, who'd rather put to work his "scientific wrestling" knowledge that resort to any "street" punches, steps into the ring against him this week, with hopes of winning naturally, but even more important, doing it in such a way that nobody, except for Mr. Zorro maybe, gets hurt.
Nelson has all the physical attributes. He's put together like a "Greek God," with enough muscle to decorate just about anybody's swimming pool, and still have some to spare.
Nelson faces Zorro in a best two-of-three fall hour time limit main event.
Ricky Romero, who needed three weeks in the opening match to score a victory, tackles Iron Mike DeBaise in the semi-finals event, and Iron Mike isn't taking Romero more to lightly. They will meet in a best two-of-three 45-minute scrap.
Mustached Kurt Von Poppenheim locks horns with the Great Bolo in a single-fall 30-minute opener at 8:30.

ART NELSON ... peace maker!

Boyd Beats Sens By 3-1

WASHINGTON (UPI)—Bob Boyd drove in all three runs with a homer and a single Saturday, enabling the Baltimore Orioles to edge the Washington Senators, 3-1.
Hal Brown got credit for the victory although he needed help from Billy O'Dell after giving up a single to the leadoff batter in the eighth. Hal Griggs, who worked the first eight innings, gave up all five of Baltimore's hits. Dick Hyde finished up.
Boyd got the Orioles off to a two-run lead in the third when he followed Willie Miranda's double with his fourth homer of the year. In the fifth, Brown doubled and scored on Boyd's single.
The lone Washington run came in the third on a single by Zossie Alvarez and a triple by Neil Chrissy. The loss extended Washington's losing streak to four straight.

Althea Fails In Bid For Triple Crown

WIMBLEDON, England (UPI)—Althea Gibson of New York retained her Wimbledon singles and doubles titles Saturday, but failed in a bid to become the tournament's first woman triple champion since 1951.
Miss Gibson, first Negro to win a Wimbledon crown—symbol of amateur tennis supremacy—won the women's singles crown by rallying to defeat England's Angela Mortimer, 6-4, 6-2.
Althea rested while unseeded Sven Davidson and Ulf Schmidt of Sweden won the men's doubles title by upsetting top-seeded Ashley Cooper and Neale Fraser of Australia, 6-4, 6-4, 3-6. Then she teamed with Maria Bueno of Brazil to win the women's doubles crown by downing Margaret Osborne DuPont of Wilmington, Del., and Margaret Varner of Boston, 6-3, 7-5.
The 65-minute triumph over Miss Mortimer and 46-minute victory over the DuPont-Varner tandem set the stage for Miss Gibson's dramatic third appearance before the standing-room center court crowd of 15,000.
After a short rest, Althea and Denmark's mustached Kurt Nielsen returned to the lush turf to close out the 72nd Wimbledon championships in the mixed doubles final. Miss Gibson hoped to become the first woman to sweep three titles since Doris Hart of Miami did it in 1951. But she and Nielsen bowed to Australia's Bob Howe and Lorraine Coghlan, 6-3, 13-11, as the light faded and splatters of rain fell on the court.
Miss Gibson, 30, was dead-tired in the mixed doubles and fell heavily in the first set. She did her best but was unable to give Nielsen much help against the fresh Australians. But Althea's victories paced America to three titles and a share of another decided on the final day of the two-week tournament. Cooper won the men's singles title Friday by defeating Fraser.

Ranger Back On East 11

PERRYTON (SpI)—Don Seymour, fullback on last year's Perryton Ranger football team, has been selected to appear with the East team in the ninth annual battle of area all-stars in Children's Greenbelt Bowl on August 15.
He was one of forty-eight selected from a field of over 100 boys nominated by coaches from 69 area high schools. Boys were selected on the basis of their high school football performance record and on the basis of their coaches' recommendation as to character and attitude.
Seymour was elected to the all-star team. All-region team and honorable mention on several all-state teams while a student at Perryton high school.
Weighing in a 180 pounds and standing six foot one inch, Seymour will be competing with Pampa's Robert Langford for the starting fullback position on the team.
Three previous years, Perryton high school stars have seen action in the Greenbelt Bowl. In 1957, Hobart Buxton was selected to play, in 1956, Bob Williams was named, and in 1955, Don Cooper was chosen to participate.
Coaches of the East team will be Claude Gilstrap and Burley Beardon of Arlington State College. They will face a team coached by H. A. "Sandy" Sanford and Johnny Dunn of Tarleton State College.

It's Christmas For Foster Parents' Plan

While you may be buying your children bathing suits, camp tops and summer shoes, thousands of other people are buying their children Christmas presents. Yes, it's Christmas in July for thousands of Americans who financially "adopted" needy children overseas through Foster Parents' Plan, whose international headquarters are at 352 Fourth Avenue, New York City.

"It takes three to four months for packages to arrive in Europe, Korea or Viet Nam and almost two months for our Directors overseas to sort and distribute them," declared Mrs. Lenore Sorin, Associate Executive Director of Foster Parents' Plan. "and the Foster Parents want to be certain that Christmas morning their Foster Children are not disappointed. Foster Parents get to know and love the children they 'adopt' through Plan and they want them to have the joy of opening presents on Christmas morning," Mrs. Sorin continued.

Mrs. Sorin, who has just returned from a tour of Plan's European headquarters, advised the Foster Parents that although the children overseas need clothing and food they should also be sure to include something for the spirit and send a little toy or some candy in the gift parcel. Most popular gifts among the European children are cowboy outfits, and dolls while children in Korea and Viet Nam are most pleased with paints and crayons. "Most of these Foster Children have never had a toy in their lives," Mrs. Sorin said, "and they use any discarded wheel, a piece of wood or stone as a toy. I even saw one little Italian girl who held a loaf of bread in her arms and played with it as a doll until she had to relinquish it to her mother for the family dinner," Mrs. Sorin added.

The Directors of Plan, who have read hundreds of thousands of letters over the past twenty years from the children overseas to their Foster Parents, have noticed that these destitute children never ask for special toys and gifts as our children here do. "These poor youngsters have had so little in their lives that they not only do not know what to ask for but they are also so very grateful to their benefactors in far-off America that they would not think of asking for more," Mrs. Sorin added.

Over the past twenty years, more than 600,000 individuals and groups in America have helped needy children overseas through Foster Parents' Plan. At present more than 11,500 youngsters in Greece, Italy, France, West Germany, Belgium, Korea and Viet Nam have Foster Parents in America.

The Foster Parents contribute \$15 a month toward the support of a particular child. Of this sum, the child receives \$8 each month as an outright cash grant with the remainder used for food and new clothing. The Foster Parent receives a case history and photograph of the child he is helping and monthly letters, translated by Plan.

Peg O' Pampa

WELL, WE HAVE UNCOVERED THE OLDE TYPE-WRITER again for this week... and have a thought that this has been a sad week for some dyed-in-the-wool Texans we know... what with Alaska now the biggest state in size... a day of mourning indeed... but the Alaskans are going to have to go far to tell bigger stories so maybe the score will be even... also, they can't beat the Texas sun for shining... the few showers we had last week were welcome, indeed, after days of sun... and if you are up as late as midnight or after, have you heard the mockingbirds singing so sweetly, the silly things... they should be in bed, as should the people who hear them.

HERE WE GO... summer is certainly a leisurely times... for news as well as activity... heard that Cissy Weber is leaving, reason husband transferred... also Joan Smith... Pampa is losing two very nice families... and a rather famous woman in Joan Smith... or have you heard?... you will remember that we reported on an art exhibit of paintings by students of Dord Fitz, some weeks ago... the exhibit held in the Burr Galleries in New York... well, the exhibit showed May 25 through June 7, and was on display at the Fitz Gallery in Amarillo last week... the point that we are rather circuitously trying to get over is that this exhibit was reviewed, of course, in several art magazines... and Joan Smith was mentioned several times for a collage which was in the exhibit... Ralph Fabri in PICTURE ON EXHIBIT wrote... "The Dord Fitz School of Art gives ample proof of a broadminded approach in its large exhibition at the Burr Galleries... Abstract impressionism is predominant, such as oils by... Ethel Eller... and the ingenious collages... by Joan Smith... the exhibit was also given good notice by ART NEWS magazine... the art editor in Gotham Life Guide wrote that Dord Fitz "has been able to transfer some wonderful material to such students as Joan Smith... Texas has returned to the union in so far as the arts are concerned." Mr. Fitz has been described several times as a modern-day circuit rider, along with the doctors and judges of older times... only he is the purveyor of art... the reviewer went on to say that New York and the art world should keep an eye on this area... ARTS magazine commented that the vitality and individuality of the student work is a tribute to their "well-known professor, Mr. Fitz."... Mr. Fitz has been teaching in Pampa for five years... Joan Smith is, by the way Mrs. Dwight Smith... hope she continues to work and study wherever she goes... and while we are on the subject, we may as well finish the thing up... anybody interested in sculpture?... plan for the last two weeks in October... Heri Bartsch, famous sculptor from Hollywood, will be giving lessons in Amarillo... Mrs. Bartsch is a designer of clothes for Jacques of Dallas, where the Bartschs make their home now... this may seem a little early to mention it, but if you are like most people, it will take that long to get organized so you can plan to go over to study.

DEPARTMENT OF HUMOR... have you heard very recently the old expression... "you look as sound as a dollar"... wonder why you don't hear that much any more?
Children wear out parents faster than shoes... but we hope that the parents fit the child better than the shoes sometimes do... or is it the other way around?

MORE OF THIS AND THAT... we were absolutely shocked to see how much has been done on the Hobart Street underpass... you can see right through it!... and the Hobart-Francis-Alcock corner looks like some huge freeway entrance in the beeg city... the face of Pampa is surely changing... the Fourth was a quiet one for us, but several we know of had visitors... Clifford and Mary Jones entertained Nell and George Norris, from Albuquerque... Mrs. Norris has recently sold a painting which will be on display in a "traveling" New Mexico Artists Show... Raymond and Marle Harrah visited the Senior Harrahs over the long weekend... Mrs. Harrah, senior, has been working very very hard trying to get her lawn watered enough to make it grow right... and she is now bragging that she has mowed it for the first time... which leads us to comment that people are putting in new lawns act as if they were raising a child... the first mowing is referred to as emotionally as if it were Johnny's first haircut... and we know just exactly how they feel... for our well-established lawn was once just a baby, too... Evelyn and Lloyd Hamilton, who are used-to-be Pampa residents visited here from Snyder... they have many friends and relatives here... heard that members of the Evening Garden Club had a barbeque at the Glenn Radcliff's the other night... and Mr. and Mrs. Stanley Brandt showed color slides of a garden show they saw in Boston while they were visiting their son and daughter-in-law recently... nice to see R. B. and Audie Ragsdale back in Pampa... they have left, again, though, on vacation to Tennessee... looks as if the W. E. Ballards are doing a little remodeling on their home on Christine... looks right fine from the street-side... a charming wedding a week or so ago was that of Shirley Chase to Jerry Thompson... her colors were orchid and white... and we heard that at a shower given for her shortly before the wedding day, the table was beautifully draped with a fabulous hand-crocheted lace tablecloth made by Mrs. Otto Patton's mother... Dr. and Mrs. Oscar Huff, and Helene and Ruth attended the Mason Centennial a couple of weeks ago... and visited San Antonio incidentally to the trip... guess Ivey and Matt Duncan will have a ball in Europe, where they have betaken themselves... and Eunice Pierson and Eddie Haggard have gone off to the same Continent... Wanda Campbell is about to be "published" again... this time about the end of August, with The Mystery of McClellan Creek... bless her hardworking heart... we can barely wait for the first copies to come out... the only thing we wish is that she write hundreds of the books, and become famous... maybe a series like the Nancy Drew Mysteries or the Hardy Boys series.

HEAVENS... are we at the bottom of the page already... seems as if we have just got wound up... oh, well, there's always next week, and believe me, you'll see us here, same time, same place... so drink up that cup of coffee, and start Sunday dinner.

Your everlovin'
Peg.

A quick dressing for any of this summer's fresh fruit salads is made in a jiffy simply by combining equal amounts of mayonnaise with Meadow Gold's tart sour cream. A bit of honey or light corn syrup blended in will sweeten it sufficiently.

bridal points over the hands. The bouffant skirt of tulle net was inlaid with rose-point lace worn over a tulle skirt encircled solidly with ruffles over a French Satin hooped-slip. Her half-hat, edged with seed pearls and sprinkled with iridescent sequins, held secure the finger-tip tulle Veil of Illusion. She carried a white orchid arranged with stephanotis and showered with white satin ribbon atop a white Bible.

Mrs. Deal, mother of the bride, chose for her daughter's wedding, blue lace over French satin with a hat of blue satin accented with clipped flowers, and pink accessories. Her pink carnation corsage was shaped to fit the neckline of the dress.

The bridegroom's grandmother, Mrs. Deaton, chose a navy, tailored dress with white accessories, worn with a white carnation corsage.

RECEPTION
A host of friends called at the home of the bride's parents, 2144 Chestnut, for the reception immediately following the ceremony. The bride's table was covered with lace over pink taffeta encircled with a swag of pink net caught up in a bow on the front of the table. The tiered white wedding cake, decorated with pink daisies, wedding bells and ribbon, encircled at the base with white daisies and flanked with pink tapers in silver holders formed the focal point. (Special To The News)
McLEAN — In double-ring vows exchanged on July 3 at eight o'clock, Miss Charlene Hall, daughter of Mr. and Mrs. Charles H. Hall, became the bride of Clarence Pierce, son of Mr. and Mrs. Lyman Pierce.

David Fultz, minister, performed the double pledge in the Church of Christ before an archway formed with twenty-eight candles before a background banked with Emerald greenery and flanked with baskets of blue carnations and white gladioli. Pews were marked with alternate blue and white carnations.

George F. Saunders, uncle of the bride, sang "Whither Thou Goest" (Sanger); "Until the End of Time" (Kay - Mossman); and Scott - DeKoven's, "O, Promise Me." Wagner's Processional and Mendelssohn's Recessional accompanied the bridal party to the altar.

BRIDE

Given in marriage by her father, the bride wore a gown of hand-dipped imported Chantilly lace over net and taffeta, fashion-short scalloped sleeves with a fitted bodice forming a V-torso accented by a ballerina-length

bouffant skirt. Her shouldered with a scalloped neckline and length veil of illusion net fell from a crown of white lace and she carried a white orchid atop a white Bible.

Carrying out the bridal traditions, she wore a wedding garter

ered with a white embroidered linen cloth, was an arrangement of blue carnations flanked by double-blossoms and the Memory Candle. Presiding at the punch bowl was Miss Darlene Potter, McLean. Miss Nancy Tate served the wedding cake; Miss Linda Grimsley served nuts and mints.

Assisting with the houseparty were Meses David Fultz, Bernard McClellan, Harris King, and George Saunders, wearing blue and white carnation corsages.

For a wedding trip to points of interest in Texas and New Mexico, the bride traveled in a blue, princess-chemise dress with white accessories and wore a white orchid corsage.

Mrs. Pierce is the granddaughter of the Guy Saunders, well-known Gray County ranchers of McLean and former residents of Pampa. She was a Spring graduate from McLean High School; was president of the Future Homemakers of America and saxophone player in the McLean Tiger Band.

Callas Files Suit
MILAN, Italy (UPI)—The fiery "gigress" of Italian opera soprano Maria Menghini Callas, has filed libel charges against a Milan newspaper critic. The newspaper's critic wrote a blistering attack on Miss Callas' recent singing in the opera "Anna Bolena" at La Scala. Miss Callas, who personally filed the libel charges in a Milan court, said that the critic's article had "hurt her reputation as an artist."

Not Original
"The Star Spangled Banner" is not an original melody. Francis Scott Key's words were set to a British tune — "To Anacreon in Heaven."

NPC's Fate Might Be Told Soon

By HARRY WILSON SHARPE United Press International
WASHINGTON (UPI)—The long impasse over whether the National Petroleum Council stays on as a government advisory group or is forced to disband as a "threat" to anti-trust purity may be broken soon. A compromise solution has been in the works for some time. But principals in the dispute—Council Chairman Walter S. Hallanan, Secretary of the Interior Fred A. Seaton, and Victor Hansen, chief of the Justice Department's Anti-Trust Division—haven't come to the point of signing an agreement.

Under a tentative verbal deal, Hallanan would move over to make room for a co-chairman, a government man who would monitor the council's rectitude vis-a-vis the anti-trust statutes. But so far nobody will say if the council, set up by presidential directive in 1946 to bail the government out of its oil troubles, would have a voice in future decisions or be under government's thumb. Since last December Hallanan has bitterly resisted government domination as an affront to the 102-man, all-industry group whose impartiality and integrity were never questioned until Seaton came into office. Seaton's anxiety had its roots in Democratic charges that dollar-a-year industrialists and "big business" advisory groups had illegal contracts with the administration's inner-most councils and hence could cash in on secret information. He felt that this applied, at least by inference, to the NPC.

The President—and Seaton—decided Hansen should lay down "criteria" strict in jacketing the council's functions. Hansen held first that the council must have a full-time government chairman replacing Hallanan, president of the Plymouth Oil Co., Pittsburgh. It will be up to Hallanan and his associates whether it is palatable enough to keep the council in business. Better Light

C. Auer von Welbach invented the Welbach mantle, almost universally used during the days of gas illumination. It heated to incandescence, giving a much whiter, brighter light than the simple gas flame.

ISETTA WINNER
Shown above is Frank Smith, left, owner of Smith's Quality Shoes, presenting Dee Wright, son of Mr. and Mrs. J. D. Wright, Jr., 115 S. Starkweather, with the ownership papers for the Motorcoupe BMW Isetta which Wright just won in a Keds Contest. The car was given by the U.S. Rubber Co. and the Panhandle Keds dealers. The Isetta has a maximum speed of 53 miles per hour, and gets 63 miles to the gallon of gas.

Red Swats Fly

TOKYO (UPI)—The latest portrait of Communist North Vietnamese President Ho Chi Minh shows him sitting in the garden of his private residence swatting a fly. The New China News Agency said this picture of Ho was on the front-page of his nation's top newspaper, the "Nhandan." North Viet Nam is in the midst of a campaign to wipe out flies.

Fallacy
The Newfoundland dog is such a good swimmer that people once believed its feet were webbed, but this is untrue of any breed of dog.

Firm's Marketing Properties Bought By Cosden Pet.

Cosden Petroleum Corporation, Big Spring, has announced the acquisition of Cities Service Oil Co. marketing properties in Dallas, Ft. Worth, West Texas, and Eastern New Mexico. According to Richard M. Johnson, vice president in charge of sales, the transfer is effective July 1. In most instances, threetail and bulk outlets are located in areas where Cosden does not have representation. The two companies have entered into a credit-card exchange whereby Cities Service cards will be honored at all Cosden stations and Cosden cards honored at all Cities Service stations.

Duke Is Ill

LAUSANNE, Switzerland (UPI)—The Duke of Windsor is undergoing initial treatment at Nestle's Institute for a case of shingles. The duke's ailment has been intensifying for three months and necessitated cancellation of social engagements in Paris by the duke and duchess.
