## Briton Blames Crisis On American Actions

### Europe Faces Tight Squeeze In Economy

WASHINGTON, Aug. 7. (AP)—All evidence, including Prime Minister Atlee's report to Commons, indicates today that western Europe faces a tight squeeze between now and the time the Marshall Plan can become effective.

It is equally evident that no new American financial aid will be forthcoming—barring economic disaster abroad—until Congress can pass early next year on the Marshall recovery program.

Atlee's report yesterday evidently was well received here because of the way it emphasized Britain's intention to survive the next few months on her own dwindling resources with a minimum of help from the United States.

This was regarded as dovetailing with the Truman administration's promise to Congress that there will be no further foreign financing on a piece-meal basis and that the only workable solution is to try to promote European recovery as a whole.

Officials here are sensitive to the fact that this country's initial post-war economic policy for Europe was based on a bad miscalculation: that the multi-billion dollar credits authorized for the British, French and Italians last year would be sufficient to get all of Europe back on its feet.

Since events have not turned out that way the American government has come forward with the Marshall Program of a continental approach.

Hence once again the government is staking its judgment on a promise to Congress that this time Europe really will be restored and that further American loans for straight-out recovery purposes will be unnecessary.

### Rotary Will Hear Daniel

Price Daniel, Texas attorney general, is to address the Rotary club here Tuesday on a visit to Big Spring.

The attorney general is spending the day in Big Spring on a swing through West Texas for several engagements. Attorney Daniels is to be in Midland on Wednesday, addressing a service club, in Monahan on Thursday and at San Angelo on Friday when he will be a luncheon speaker at the West Texas Press association convention.

It will be the first visit here for Daniel since he assumed office in January. He had been invited here for the annual rodeo but was unable to attend.

### More Hot, Dry Weather Expected

By The Associated Press  
A continuation of the same—more hot and dry weather in Texas is expected except maybe a few sprinkles in the Panhandle today.

Light showers fell yesterday in the Panhandle with .07 inches of rain at Pampa and .03 at Amarillo. Early today Dalhart was the coolest spot in the state with 62 degrees.

Elsewhere it was plain hot. Temperatures in East Texas were generally in the 100's, with 104 at Longview and Paris. Henrietta, however, near Wichita Falls, was the hottest spot with 105.

The forecast for tonight and tomorrow over the state was for partly cloudy skies and little change in temperature.

### Aggie Board To Make Appointments

LUFKIN, Aug. 7. (AP)—A new director of athletics and two new deans are expected to be named here tomorrow at a meeting of the Texas A. and M. board of directors.

Other actions to come before the board include various appropriations, proposals for two new experimental stations, and acquisition of the Blue Bonnet Ordnance Plant for use of the college.

### B-29's Reach Alaska

ANCHORAGE, Alaska, Aug. 7. (AP)—Seventeen B-29 Superfortresses set down on Elmendorf Field yesterday some 15 hours after taking off from Fort Worth, on a non-stop flight to Anchorage.

Col. Allen W. Clark, commanding officer of the Seventh Bombing Group, termed the flight a routine training mission.

LONDON, Aug. 7. (AP)—A British official blamed rising American prices and "the rapidly increasing surplus of U. S. exports over U. S. imports" today for the sudden worsening of Britain's economic crisis.

Britain's plight is linked to a "worldwide dollar famine" caused by America's selling to foreign countries more than twice as much as she buys, the Chancellor of the Exchequer, Hugh Dalton, told the House of Commons.

Dalton was replying to criticisms by conservatives and leftwing socialists that the labor government "squandered" the \$3,750,000,000 U. S. loan and that Prime Minister Atlee's new work-more-and-eat-less program promised "too little, too late."

The leftwingers were disappointed because the announced reduction in Britain's armed forces under the new plan would leave more than 1,000,000 men under arms by next spring—far more than the reduced number they have been advocating ever since they attacked Foreign Secretary Bevin's foreign policy last November.

The conservative opposition blasted the Atlee program on the ground that it was "too little, too late." They made three specific points in their criticism.

1. They said the government was dealing with the crisis too hurriedly, at too late a time.

2. They said the plan was not detailed enough.

3. They said the government had failed to give the country a full statement of the peril it faces.

Several London newspapers predicted the conservatives would vote against the government tonight on the adjournment motion under which the crisis debate was being held. Such a step would constitute a protest without involving a vote of censure.

### Jews Proclaim Strike Against British Action

JERUSALEM, Aug. 7. (AP)—Jewish leaders decreed a complete three-hour work stoppage this afternoon in protest against the internment by British authorities of three Jewish mayors and some 40 other Jews for the avowed purpose of checking terrorism.

Violence continued meanwhile. British authorities announced that 12 oil tank cars were wrecked by a mine explosion at Ras El Ain, between Tel Aviv and Haifa. The blast ripped up 300 yards of railway track, but caused no casualties, the announcement said.

An extraordinary meeting of Vaad Leumi (the Jewish National Council) and other leaders decided upon the work stoppage in the Jewish areas of the Holy Land. They ordered all Jewish traffic halted and all Jewish shops, restaurants and places of amusement closed from 2 p. m. to 5 p. m.

The leaders at the same time called for the abolition of emergency regulations and the re-establishment of the supremacy of civil law throughout Palestine. The group repeated a pledge to fight Jewish underground terrorist groups.

The battered bodies were found in debris at the bottom of the flue. None was identified immediately. Portions of the craft were stuck in the 25-foot high, 10-foot wide chimney. The wings were sheared as the ship hit the vent.

Witnesses reported that the crash was followed by a series of blasts, apparently caused by exploding gasoline in the plane.

AWARDED MEDALS  
Robert Ross McKinney, 1307 Settles ave., and Willard Hendrick, 404 Ashford street, have been awarded Victory Medals for having served with the U. S. Navy during World War II. Presentation was made by members of a Naval Recruiting team on duty here.

Equipment Ordered For Disease Fight  
MEXICO CITY, Aug. 7. (AP)—Additional U. S. equipment has been ordered by the joint U. S.-Mexican commission to combat foot and mouth disease among Mexico's animals in order to increase slaughter of infected and exposed animals from the present 32,000 monthly to 176,000.

Seven-hundred fifty items have been ordered, the commission said, doubling its stock of mechanical equipment. Included are 400 Jeeps, 200 light trucks, 200 tank trailers, 62 sedans, and tractors, mobile repair shops, two type L. C. M. landing crafts, four cabin cruisers and eight open boats with outboard motors.

DONATIONS FOR CRASH VICTIMS  
WAXAHACHIE, Aug. 7. (AP)—Several checks from over the state have been received as donations to the relief fund for survivors of the truck collision that took 19 lives here early Tuesday morning.

Floyd Casebolt, editor of The Waxahachie Light, said that contributions now total over \$300, and that the fund is growing rapidly.

An emergency relief station, operated by Negro ministers, is aiding in collection and administration of the funds.

Another collection campaign is conducted by the local newspaper.

WHEN TRAIN MEETS TRAIN—This aerial view shows where a passenger train ran through a freight train at a crossing near Litchfield, Ill. The freight train's locomotive, upper left, went on and its tender was derailed. The picture was made by Lester Link, of the St. Louis Post-Dispatch. (AP Wirephoto)

## Java Asks U. S. Aid In Arbitration

### Republic Wants America To Urge Joint Mediation

BATAVIA, Java, Aug. 7. (AP)—The Indonesian government asked the United States today to use its influence with the Netherlands and the United Nations to have "an international arbitration commission dispatched without delay to Indonesia" to mediate Dutch-Indonesian conflicts.

The statement, broadcast in the name of Republican Premier Amir Sjarifoeddin over the Jogjakarta radio, was in reply to a United States offer of its "good offices" in mediating the dispute, in which an uneasy truce now prevails. The Dutch previously accepted the offer.

In effect, the Indonesian statement amounted to rejection of the United States as the sole arbiter of the controversy.

"The Indonesian government feels," the statement said, "that in view of the fact that two years of mediation and negotiation have failed to halt hostilities, United Nations arbitration is the only means to settle the matter."

Sjarifoeddin earlier said he hoped that such a commission would be made up of the United States, Great Britain, Australia, India, the Philippines and perhaps Siam.

The government and people of the Republic of Indonesia are fully prepared to submit to a decision in which arbitration is recommended as the primary means to settle the dispute," the government statement said.

It requested that an American government representative be dispatched to Jogjakarta by air as soon as possible in order that the Indonesians might "more fully acquaint the United States with the republican government point of view."

HCJC Trustees Study Budget  
Trustees for the Howard County Junior College convene this evening at the college to study a proposed budget which will be presented at a public hearing on Tuesday evening.

Several problems are involved in the fiscal guide, including a possible tax rate, feasibility of adding a trades and industry division, and plant development.

Since the college levies on county values, the matter of a rate is somewhat uncertain until after the county board of equalization completes its hearings this week.

Watch Offered To Champ Of Rodeo  
In addition to the folding money he pockets, the champion all-around cowboy of the current Big Spring rodeo will go away with another handsome prize.

A 21-jewel Elgin is being posted by Nathan's Jewelers, according to Herb Eidenbaum, manager, and will be presented by Earl or Jack Sellers Saturday evening to the cowboy who piles up the most points in competition during the four days of the rodeo.

Equipment Ordered For Disease Fight  
MEXICO CITY, Aug. 7. (AP)—Additional U. S. equipment has been ordered by the joint U. S.-Mexican commission to combat foot and mouth disease among Mexico's animals in order to increase slaughter of infected and exposed animals from the present 32,000 monthly to 176,000.

Seven-hundred fifty items have been ordered, the commission said, doubling its stock of mechanical equipment. Included are 400 Jeeps, 200 light trucks, 200 tank trailers, 62 sedans, and tractors, mobile repair shops, two type L. C. M. landing crafts, four cabin cruisers and eight open boats with outboard motors.

## High Marks Set At Opening Of Rodeo

First night performers set up marks which will be hard to surpass as some 5,500 persons looked on at the opening of Big Spring's 14th annual Rodeo Wednesday night.

However, other top contestants will be out to establish better standards at 8:15 o'clock tonight when the first go-round will be concluded.

Wednesday night's crowd, which was one of the largest ever assembled for the annual event, was estimated variously from 5,000 to more than 6,000 persons, with the average centering around the 5,500 figure.

Ray Wharton, Bandera, turned in low time for the night in the professional calf roping event when he shackled his animal in 14 seconds. A close second was Earl Teague, Crane, with 14.6 seconds. Others in the "big four" were Bill Lowe, Crane, 17.3, and Toots Mansfield, 17.8.

Shorty McCrory, Arlington, threw his steer in 12.9 seconds for the night's best performance in the steer wrestling event.

In the bronc riding events, W. N. Rice, Brooksmith, was first in bareback riding, while Bill Weeks, Grady, N. M. topped the night's entries in saddle bronc riding.

Homar Hart's time of 18.9 seconds was the night's best in the Howard county calf roping, and Don Spencer, Big Spring, took the junior boys calf roping with a time of 21.6 seconds.

Margaret Montgomery, Ozona, riding "Smoky" turned in the best performance in the cutting horse contest.

One of the closest time events of the night was the girls' clover leaf race in which Mrs. Russell Green, San Angelo took first place by one tenth of a second. She made the course in 22 seconds, while Rosemary Beck of Talpa was clocked at 22.1.

One of the longest parades ever witnessed here moved through the business district two hours before the grand entry at the rodeo grounds. Made up chiefly of horses and riders, with a sprinkling of vehicles, the parade extended for approximately a mile and a half.

R. L. (Pancho) Nall, parade director, today expressed his appreciation for the cooperation of participants. Nall said that due to orderly methods followed by all entrants, the event was conducted with a minimum of confusion. Several thousand persons lined downtown streets to view the march through the city.

Several specialty acts drew warm applause from the spectators between competitive events at

See RODEO, Pg. 5, Col. 1.

## Equalization Board Plans Tentatively To Continue Session

The county board of equalization was tentatively scheduled to remain in session at the court house through Saturday morning, at which time the last of the property owners who has challenged the unit on their increase in tax evaluations will be interviewed.

A total of 37 persons had appeared before the board or arranged for an audience at noon today and more were to parade before the group this afternoon. The hearing opened Wednesday morning.

## GOP Senator Again Denies Hughes Charge

### Plane Builder Says Head Of Probers Lies

WASHINGTON, Aug. 7. (AP)—Howard Hughes hurred the lie at Senator Owen Brewster today, and in a turbulent session before a Senate committee got the Maine Senator to acknowledge visits to a residence maintained here by Pan American Airways.

Brewster, on his part, steadfastly maintained that there is no truth in Hughes' charges that Brewster once offered a "deal" to call off the Senate investigation of Hughes' \$40,000,000 warplane contracts.

Hughes said Brewster, a Republican, proposed to drop the inquiry by the Senate war investigating committee if he (Hughes) would agree to a merger of his Trans World Airlines with Pan American.

Brewster denied that from the witness chair yesterday. Today, Hughes took the same seat and shouted to the Senators:

"Senator Brewster's testimony yesterday is a pack of lies and I can tear it apart if I am allowed to cross examine him."

Brewster went back to the chair to answer a series of written questions Hughes gave to Chairman Ferguson (R-Mich) of the Senate sub-committee.

In his replies, Brewster:

1. Acknowledged that he had eaten at least "three breakfasts in the last few months" at a special residence maintained here by Pan American Airways as a guest center for officials and employees.

But the Maine Senator insisted this could not be termed the "Pan-American Palace" and instead waved photographs of what Brewster called "TWA's palatial" home and swimming pool.

2. Agreed that Sam Pryor, a vice president of Pan American and former Connecticut Republican national committeeman, is a close friend of his.

3. Said it was true that he had spent two Thanksgiving vacations of about one week each at the home Pryor has at Hobe Sound, Fla. Brewster said Pryor was not there and he (Brewster) had purchased his own food and borne all expense.

4. Acknowledged that he once accepted free transportation in Pan American's special private airliner from Washington to Raleigh, N. C. He said he went to Raleigh to confer with the late Senator Bailey (D-NC) at Bailey's request about aviation legislation.

Brewster also repeatedly hit at Hughes' story of a "proposition" for a merger.

"The suggestion that I held a whip over Mr. Hughes is ridiculous," he declared.

## State Lawmakers From Big Spring See Rodeo Opening

Both members of the state legislature from Big Spring's district were here Wednesday to participate in opening-day festivities of the 14th annual Rodeo.

R. E. (Peppy) Blount, Jr., member of the house of representatives, and State Senator Sterling Parrish, rode at the head of the parade which marched through the business district at 6 p. m. and both were on hand for the initial performance at the rodeo grounds last night.

## Direct Affiliation With Lobby Lashed—

## Colleagues Demand Resignation Of Taylor From State Senate

AUSTIN, Aug. 7. (AP)—Four members of legislature today joined in statements demanding that State Senator James E. Taylor of Kerens resign in view of his recent acceptance of a full-time public relations job with the Texas Manufacturers Association.

They were Reps. George Nokes of Corsicana, Elmer McVey of Teague, James C. Spencer of Athens, Jerry T. Stockard of Frost.

The House members sent the Kerens Senator a telegram saying: "If the report is true that you

STEPS ASIDE—Sen. Owen Brewster (above), chairman of the Senate committee investigating Howard Hughes wartime operations, waived rights to question the plane manufacturer and took the stand himself to deny charges Hughes made against him. (AP Photo)

## U. N. Seeking New Answers To Balkan Problem

LAKE SUCCESS, Aug. 7. (AP)—Spurred on by Greece's warning that she would be swept into the Russian sphere unless the United Nations acted, security council delegates today explored new avenues in efforts to reach agreement on quelling Balkan disorders.

Greek Ambassador Vassili Dendramis said Russia's veto of the American plan for a watch-dog commission in the troubled Balkans clearly indicated Moscow's aim.

"The object is to give the appearance of a solution and to lull the world into a false sense of security until it is too late—until the newspapers have reported that it is all over and that one more country has been reduced to vassalage," Dendramis told the delegates last night in one of the bluntest attacks ever made on Russia in the council chamber.

With an air of pessimism delegates set up a sub-committee of seven nations to go over all proposals submitted and try to find a common ground. The first meeting was set today, with a deadline of next Monday for a report.

## Griswold Says Greek Support By U. S. Is Local

ATHENS, Aug. 7. (AP)—Dwight Griswold, chairman of the American aid mission to Greece, said at a news conference today that the mission was not here to support Greek forces for "international war" but only to help in "anti-bandit" enforcement.

"The Greek government often refers to guerrillas as 'bandits,'" Griswold declared that his policy had been outlined by a congressional committee in the course of debate on Greek aid.

Press dispatches said today that guerrillas had killed 18 women and children and looted and burned 25 houses yesterday in the village of Pedhonia, 20 miles north of Salonika, to revenge themselves on leftists who refused to join them.

## MURDER CHARGED

LIBERTY, Aug. 7. (AP)—A charge of murder against Miss Annie Miller, 42, practical nurse, was on file here today with Justice of the Peace Leon Shaw. She was charged in the fatal shooting Tuesday night of Bud Lamell, 62, of Goose Creek, in front of a local hospital.

Wheat—prospects for a small corn crop are tending to strengthen prices despite record wheat crop.

Fats and oils—larger production forecast.

**200 Expected At Banking Meet**

HOUSTON, Aug. 7. (AP)—Approximately 200 delegates are expected here Saturday to attend the fourth annual southwest regional conference of the American Institute of Banking, Frank W. Ilfrey, general conference chairman, said Wednesday.

Big Spring (Texas) Herald, Aug. 1947

**Project To Be Near New Braunfels—**

**Johnson Sees Twenty Million Dollar Dam On Guadalupe**

WASHINGTON, Aug. 7. (AP)—Rep. Lyndon B. Johnson (D-Tex.) expressed confidence today that within two years construction of a \$20,000,000 dam on the Guadalupe river near New Braunfels, will be placed on the priority list for flood control projects.

Completion of the dam will be followed by development of a "little TVA" in that area of Texas Johnson predicted.

Braunfels, and Army engineers have spent \$200,000 on surveys and plans for the project, Johnson said. He added he was confident after conferences with engineer officials that additional funds to continue the planning stage will be available and that funds to complete this work will be asked of Congress next year.

"I am confident the chief of army engineers will recommend to the budget bureau this fall, when plans are made for next year's congressional appropriations, that \$300,000 more be provided to complete the surveys and specifications for Canyon Dam," said the congressman.

**FOOL PROOF FALSE TEETH**

BOSTON, Aug. 7. (AP)—Plastic false teeth that will not tangle in tongue twisters and can be painted to match any old stains, you want to keep as a disguise, were reported today to the American Dental association.

**Forgery Charge At Colorado City**

COLORADO CITY, Aug. 7. (AP)—Charges of forgery have been filed against Marshall Ford, 21-year-old Kent county man who was arrested by city police chief Dick Hickman after Ford attempted to cash a bogus check at the City National Bank here Saturday.

**Rice Prices Up**

CROWLEY, La., Aug. 7. (AP)—Prices are continuing to rise as the 1947 rice harvest gets underway in southwest Louisiana.

**Texas Old Age Assistance Is Divided Into Two Programs**

AUSTIN, Aug. 7.—The stupendous sum which will be spent on old age assistance during this 12th year of the program in Texas should underline the sharp distinction between the two forms of "social security" for old people.

The first is direct assistance. That's what is commonly called old age pensions; the system installed in July 1936; to which will be devoted some \$76 millions in this calendar year.

The second plan, based upon insurance principles, contemplates building up of a trust fund by employer and employee contributions which will enable the employee to retire on a modest but decent pension when he exhausts his wage-earning capacities.

A tabulation of these plans—insofar as they touch the government—is somewhat surprising because of its length. In the approximately chronological order:

1. Civil service retirement, which in Texas includes some 70,000 persons.
2. Railroad workers' retirement, which is administered through Federal agencies. In the fiscal year of 1945, this fund paid \$4,536,000 to Texans in "retirement and survivor" benefits, constituting 3.2 per cent of the entire amount paid out.
3. Employees of commerce and industry under the so-called Social Security laws. It is called "old age and survivor" insurance; and when enacted, it was intended ultimately to replace direct assistance. Why it has, so far, failed to accomplish this objective or to even approach it in Texas will be discussed later.
4. Public school teachers and administrators under the Texas Teacher Retirement law. The "employer" in this case is the state of Texas rather than the individual school districts which employ the teachers. To date this program.

**Request Renewed For Border Cattle Fence**

ALBUQUERQUE, N. M., Aug. 7.—An advisory committee on control of foot and mouth disease among Mexican livestock has renewed its request for an international boundary fence between the United States and Mexico to prevent its spread to this country.

Chairman Albert K. Mitchell said today that the committee's confidential report to Secretary of Agriculture Clinton P. Anderson also urged that eradication work be speeded up to protect livestock in both countries.

The top as a toy is mentioned by Aristotle and Homer.

since the 1937-38 fiscal year when it started, has built up a reserve of \$50,000,000 in investments; takes in 60,000 members. Less than 2,000 have been retired.

5. Firemen. This is the spottiest system so far set up. It began as a state authorization for a pension system for firemen in larger cities. Then the legislature proposed a statewide system, supported by a 2 per cent gross receipts tax on certain insurance companies. This was knocked out, leaving the system without support. The next session of the Legislature appropriated \$262,000 a year, and the 50th legislature appropriated \$308,000 a year, to help fire departments over Texas establish their own disability and retirement systems. H. B. Saterfield, the state commissioner for the system, says that out of 480 incorporated municipalities eligible to participate, only 340 are embraced.

6. Municipal and county employ systems. Generally, home rule cities in Texas set up retirement systems, and for other cities they are in process. Some counties are voting on a recent authorization for county wide systems.

7. State employees. Enabling legislation for a state-employee matching system was set up by the 50th legislature.

# Cayuses Again Edge Sweetwater, 17-9

## Parlier Gets 5th Victory

SWEETWATER, Aug. 7.—Big Spring team mates of Charley Parlier gave the righthander all the mace support he needs to chalk up his fifth victory of the year here Wednesday night, the Broncos clubbing the offerings of three Sweetwater hurlers for 15 hits and a 37-9 victory.

The win was the second in a row for the Hosses over the Sports, their fifth consecutive triumph and enabled them to increase their Longhorn league lead to three full games over second-place Midland, which lost to Ballinger.

A ten-run outburst in the second round paved the way for Parlier's win. Pepper Martin and Orlando Moreno hit round trippers in that round as 15 men paraded to the dish. Every man in the Steed lineup with the exception of Norman St. George hit safely at least once. Leamon Bostick, who bowed out for a pinch hitter in the seventh, and Gaspar Del Toro each blasted out three safeties. One of Bostick's blows went for three bases while Del Toro had two doubles.

Moreno and Martin between them drove home nine runs while Del Toro accounted for another three.

Parlier struck out ten men and stopped Bob Cowser, Sweetwater's terrific slugger, without a hit.

Bronc Briefs: Only 11 men made the Sweetwater trip with the Broncos. Armando Traspuesto, Bert Bag, Gerry Rodriguez and Jose Chidan were given time off to see the rodeo. The hit Parlier collected here Wednesday night was his second of the season. Leamon Bostick, who left the game in the seventh, has a variety of ailments. His bashed finger is acting up again and his feet leave him in pain when he runs.

Pat Stacey collected only one hit but ran his string to 27 games in which he has connected safely 28 including the all star game.

FIRST NIGHTERS PACK GRANDSTAND FOR OPENING RODEO PERFORMANCE

By Leatrice Ross
First-nighters at the 14th annual Big Spring Cowboy Reunion and Rodeo packed the grandstands to capacity and overflowed onto every fence on the grounds to see one of the fastest and most varied shows here in a long time.

Such is the opinion too, of RUPERT RICKER, who in his 40 years in this part of the state, has seen no crowd so large nor a parade so long. Politics fitted well into the pattern of things in the parade which streamed through the town about 6 o'clock.

Saw everything in the parade from a buckboard piloted by DONALD WEBB to a 1947 Ford convertible with KATHALEEN FREEMAN at the wheel.

MR. AND MRS. R. E. BLOUNT, SR., MRS. PEPPY BLOUNT and MRS. TINY PARRISH. CLARENCE SCHARBAUER, here for the show from Midland, was out renewing acquaintances.

Stopped a moment to chat with MRS. SONNY EDWARDS, whose husband of course was in the riding events.

Thursday finds Big Spring residents still entertaining out-of-town guests and preparing to leave for summer vacations.

Tired Kidneys Often Bring Sleepless Nights

Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy.

mits poisonous matter to remain in your blood, it may also cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, swelling, puffiness under the eyes, headaches and dizziness.

# U. S. Protests Red Seizure Of Oil Refinery

VIENNA, Aug. 7. (AP)—Lt. Gen. Geoffrey Keyes, American member of the four power control commission for Austria, requested an explanation today for Russian seizure of the Lobau refinery in Vienna.

U. S. Army headquarters said Keyes, in a letter to Col. Gen. V. V. Kousarov, the Russian member of the council, asserted that if Soviet military forces had seized the oil works in the capacity of trustee pending agreement on a definition of German assets in Austria for inclusion in the Austrian peace treaty then the action could be "understood."

If that were so, the U. S. General said, "I should appreciate a letter from you to that effect."

"But," the letter continued, "if the refinery has been seized as a German asset without awaiting completion of discussions or resolutions of differences either within the Austrian treaty commission or the council of foreign ministers, the action cannot be understood or accepted."

Any such unilateral action, Keyes said, would be regarded as unacceptable and "the action is protested in the strongest possible terms."

Sir George Rendel, British member of the Austrian treaty commission now sitting here to decide, among other things, exactly what constitutes German assets for reparations purposes, protested the Russian seizure.

## Rodeo

(Continued From Page One)

the rodeo grounds. Topping the list probably was an exhibition presented by Volney Snodgrass of Mountain Home and his sheep dog "Peskey." The dog, working from directions issued by Snodgrass, herded about a dozen head of sheep about the arena, finally working them into a small pen near the center.

Following are top four winners in each competitive event at last night's show:

Barrel race—First, W. H. Rice, Breckenridge; second, C. J. Studenberger; third, J. H. Hester; fourth, C. H. Hester.

Professional calf roping—First, Ray Wharton, Bandera; second, Bill Barton, Abilene; third, Earl Weaver, Crane; fourth, Earl Lewis, Crane.

Professional steer roping—First, Howard County calf roping; second, Homer Earl, 18.5; third, Glenn Forst, 19.5; fourth, Ralph Davis, 23; fifth, Junior Ely, 25.

Saddle bronc riding—First, Bill Weeks, Grady; second, Joe Bloodworth, Colorado City; third, Buck Barnes, Coleman; fourth, Kirby Walters, Pampa.

Bleat roping—First, Shorty McCrory, Arlington; second, Buck Jones, Wichita Falls; third, Monroe Funchess, 24.1; fourth, Bob Evans, Fort Davis, 47.5.

Cutting horse contest—First, Margaret Montgomery, Oona, riding Spunky; second, Bob Seal, Gail, riding Pracher; third, Billy Evers, riding Ben; fourth, Jess Slaughter, riding Punt.

Bull riding—First, Curly Cameron, Amarillo; second, Boole Hawthorn, Lamesa; third, Sam Grove, Rio Hondo; fourth, Herbert Frisell, Beaumont.

Clay cleve best race—First, Mrs. Russell Green, San Angelo, 22 seconds; second, Rosemary Beck, Talpa, 22.1; third, Miss Allen, Coleman, 22.8; fourth, Jackie Wills, San Angelo, 23.2.

Junior boys calf roping—First, Don Sumner, 21.6; second, Bobbie Cather, 22.7; third, Marion Wilkerson, Garden City, 23.3; fourth, Jackie Romine, 27.4.

Junior bull riding—No judges. Entrants included Bud Day, Kenneth Williams, Delano Knox, Roy Harrington, Jack Rice.

## ODOM OFF ON WORLD FLIGHT

CHICAGO, Aug. 7. (AP)—William P. Odom, 27 year old former British ferry command officer, took off at 11:53 p. m. (CST) today in his converted twin-engine army bomber in an effort to halve the late Wiley Post's 1933 solo globe circling time record.

## Markets

**LIVESTOCK**  
PORT WORTH, Aug. 7.—Cattle 2,700 calves 1,700; trade slow; cows unevenly 25 to 30 cents lower; steers and yearlings weak; bulls fully 50 cents or more down for week; best heavy fat calves steady; light and lower grade calves weak to 50 cents lower stockers about steady; Common to medium slaughter steers and yearlings 12.00 to 20.00; heifers 18.00 down; good beef cows 15.00 to 16.50; common and medium cows 11.50 to 14.00; canners and cutters 8.00 to 11.50; bulls 10.00 to 15.50; Good and choice heavy calves 18.00 to 21.00; Heifers and yearlings mostly 18.00 down; medium grade slaughter calves 13.00 to 16.50; stocker calves, yearlings and steers 13.00 to 21.00; stocker cows 13.00 down.

**HOGS** 450; active; butchers 25 to 50 cents higher; heavier weights up most; sows strong; spots higher feeder pigs fully steady; good and choice 180 to 170 lb butchers 27.50; top good and choice 180 to 170 lbs 25.75; good and choice 200 to 225 lbs 24.50 to 27.25; good sows 23.00 to 27.50; odd head to 24.00; good feeder pigs 22.50 to 24.00.

**SHEEP** 5,500; active and strong; medium and good slaughter spring lambs 19.00 to 22.00; Medium and good short slaughter yearlings 16.00 to 17.00; Medium 8.00 to 9.00; one load of good and choice 16.00 to 18.00; demand broad for feeder yearlings; some above recent quotations at 16.00.

**WALL STREET**  
NEW YORK, Aug. 7.—Selected rails and industrials managed to edge forward in today's stock market although many leaders were stalled by light offerings.

A little short covering provided a drop for favorites as did investment demand based on earnings and dividend yields.

Numerous customers had a look at Federal Reserve Board's report on the European economic and political developments. Doubts regarding the domestic business picture, including exports, served as a cautionary argument.

Dealers were pessimistic from the opening on. The ticker tape frequently halted for a minute or so at a time. Mild irregularity ruled near midday.

Bonds were uneven and cotton futures easy.

**Fines Paid For Drunken Driving**  
Two persons entered pleas of guilty to charges of driving while intoxicated and paid fines totaling \$175 and costs in county court this morning.

They were Cleo Coats, whose penalty amounted to \$100 and expenses, and Travis Clark Wortham, whose fine was \$75 and costs.

In addition to the fines, each of the men lost the right to use his driver's license for the next six months.

**Weather Forecast**  
Dept. of Commerce Weather Bureau:

BIG SPRING AND VICINITY—Partly cloudy this afternoon, tonight and Friday. Not much change in temperature. Expected high today 95, low tonight 68, high Friday 95.

EAST TEXAS—Partly cloudy this afternoon, tonight and Friday. Little temperature change. Gentle to moderate variable winds on the coast.

WEST TEXAS—Partly cloudy this afternoon, tonight and Friday. Little temperature change.

**Salvaging More Wood Products**  
LONGVIEW, Wash. (UP)—The Weyerhaeuser Timber Co. branch here has developed a process of utilizing the bark of saw logs, thus turning a 12 per cent waste into cash.

The bark is turned into five products with many uses in industrial fields.

The organization produces five main components, all useful in plywood, glue, plastics, insecticides and soil conditioning.

The products include cork-like flakes, short fibers, tissue powder and cork-fiber combination.

Officials said approximately 75,000 pounds a day are now being processed. At present, only the thick bark of the Douglas fir is being used, although barks from all Pacific Coast conifers are usable.

## Two More U. S. Army Men Are Slain In Philippines

MANILA, Aug. 7. (AP)—The slaying of two more men of the U. S. Army by unknown assailants was announced today by the Philippines-Ryukyus command.

The announcement said two Philippine scouts of the Army's 45th infantry regiment were shot and killed in a daylight attack Wednesday while on guard duty at ordnance general supply depot at Camp Batangas, 60 miles southeast of Manila.

Attacks on U. S. Army personnel since June 28 have resulted in a dozen casualties. The Philippine military command and the U. S. criminal investigation division are investigating.

## Asphalt Arrives For Paving Project

Last shipment of rock asphalt for the West 17th street paving project has arrived and the material is being moved to the site, city officials announced this morning.

The paving work was delayed for several days while the final shipment was en route here. Half of the topping material arrived several days ago, and with the new shipment on hand, the street department hopes to complete the West 17th work either today or Friday.

## Plans Vacation Trip

F. W. Bettle plans to leave tonight for a two-weeks vacation trip that will take him to several states.

He will visit relatives in Dallas and Marshall before continuing to St. Louis, Louisville, New Richmond, Ind., Columbus, Cincinnati, Amora, O., Batesville, Ind. and Lawrenceburg, Ind.

## Americans Accused Of Drowning Chinese

NANKING, Aug. 7. (AP)—Two American soldiers accused of drowning two Chinese while celebrating the engagement of one of the Americans will be tried on charges of murder, Col. Wallace Hastings, chief of staff of the United States advisory group, announced today.

Hastings said the general court-martial probably would start Aug. 15, with Chinese observers present.

## Zionists Protest Palestine Arrests

PARIS, Aug. 7. (AP)—World headquarters of the Zionist Revisionist movement declared today that recent arrests of Revisionist leaders in Palestine constituted "an act of provocation in respect to the United Nations."

The arrests, a prepared statement issued by the headquarters added, "furnish another proof that Palestine is a typical police state, supported by bayonets."

# Contribution Toward A Program

It is difficult and perhaps hazardous to single out a bit of work in an institution such as the school system, but the resignation of Joe Haddon as band director, we feel, merits a word.

The band director perhaps would be the last to claim that his contribution has been any more important than that of any teacher or administrator who has found better opportunities. But because the band is a sort of show piece for the schools, just as are the athletic and literary teams, we feel that the work is important. Moreover, it is one avenue for drawing students into a field of creative expression where our system needs strengthening.

Only during the past year has it been possible for the board to give proper consideration to the orderly development of this program. Circumstances brought the

director into the system at the time when his particular talents were needed.

To say that in the space of one year Haddon had developed a top-flight band would be to grossly misrepresent facts. Bands aren't built that way—it takes years. The soundness of his part, however, lies in the formulation of a long-range program in meticulous detail; in rehabilitating instruments and uniforms and setting up complete inventory, in putting the band library in good condition, and in stimulating interest among students in instrumental music. An evidence of this is voluntary attendance at the summer band school of 115 students. And these things have been done in harmony with the administration and an appreciation for the perspective of a school program and the band's relation to it.

# Relief From Mental Extreme Fad

A magazine (Collier's) has come out with a welcome piece, putting a damper on the psychiatric craze.

Not that psychiatry is not an important field in treating human ailments and difficulties, but the American passion for extremes has made the public overly conscious of the unconscious.

For instance, there have been some illuminating and helpful articles on psychiatry and psycho-analysis. These were received with proper enthusiasm, and some of the trivia which followed was not worth the paper and ink required for its production. Then the movies (someday we want to do a piece on the movies) got hold of the subject. The result: A "passel" of dramatic confusion—a la Salvador Dali, a mass of dream sequences which bewildered audiences, bored

critics and confused almost everyone.

From this we deluded ourselves into believing that if we beat our wives and didn't get away with it, we were subjects for sympathy. Perhaps our parents did something to us when we were sucking the bottle—and that sub-conscious fixation plagued us unknowingly. We were a victim of psychopathic circumstances.

Doubtless there is a great field for psychiatry in getting at the root of some basic disturbances, in correcting the cause of some ills, and in overcoming some painful and troublesome phobias. But this business of thinking we are slipping a cog when we feel depressed or worry a bit is sheer nonsense. It's time psychiatry was left to the psychiatrists and thus end a fad of extremes and a host of lousy pictures.

Texas Today—Jack Rutledge

# Flying's Not A Man's Game Now

To the Ladies:

Mrs. W. C. Grady of Locksburg, Ark., visited Shamrock, Tex., and decided to fly back home. Mrs. Grady is 70, and the plane trip was her first. But she wasn't frightened.

"I just had that much nearer to heaven up there," she said. Her nephew, George Vaughan, flew the plane, and on arrival at the Arkansas home he buzzed the town four times, causing the mayor to dash out of his office and wrathfully say "that flyer ought to be arrested."

He changed his mind when he found the pilot was his nephew, the passenger his wife.

Mrs. I. S. Scott, 55, recently soloed and became a full-fledged pilot. Her instructor, Douglas

Craig, said he believes she is one of the oldest women pilots in the southwest.

Mrs. Scott plans to use her new skill in flying between ranches at Hart, Texas, near Plainview, and Portales, N. M., which she and her husband own.

A Solomon-sort of problem faced Federal Judge Wilson of Fort Worth. He had to determine if Coy G. Moore, recently back from the Army, had bought a car for business or pleasure.

Young Moore said he bought the car to court a Cleburne girl, and not for use in connection with his father's venetian blind shop.

J. Elwood Winters, defense attorney, charged Moore had bought the car for business purposes, and added that "I don't know but that even courtship is a business itself."

The judge said that a boy straight out of the Army and with money in his pocket wasn't thinking of business, ruled that courtship was a pleasure.

The co-eds at North Texas State College, Denton, are lowering their skirts—unwillingly. New fashions decree longers skirts, and the girls are complying, but one of them suggested that Hatie Carnegie and Adrian "fold up their drapes and silently slip back to Paris."

The boys don't like it, either. "Long skirts cover up an extremely pretty part of a woman's anatomy," one said.

"I never had a chance to study it," she said, "and just continued on dreaming band music and beautiful waltzes. It's gone on so long that I have decided to start studying music."

This lady said that after ten years of marriage her husband couldn't understand her day-dreaming because he dreamed only at night. He sounds to me like a direct-actionist.

Affairs Of The World—DeWitt MacKenzie

# British Socialism Worries U. S.

British Foreign Secretary Ernest Bevin isn't one to compromise with convictions, as witness his reiteration of the socialist government's policy of nationalizing the factories and mines of Germany's great Ruhr—a policy which the U.S.A. strongly opposes on the grounds that this is a matter for the German people themselves to decide.

However, if even "heaven tempests the wind to the shorn lamb," surely John Bull might refrain from blowing the hot breath of socialistic nationalization down the neck of capitalistic Uncle Sam.

So get down to cases, there is a good deal of quiet uneasiness in the United States over the economic aspects of British socialism as they relate to international affairs.

The signs are that the legislature will be even more searching in its inquiry than ever before.

England knows all this and for that reason one would think she would go slow on demanding nationalization in a foreign country like Germany. Such insistence on spreading Britain's politico-economic program abroad is unhappily suggestive of an international crusade. It isn't particularly good promotion for aid from America.

It is the economic aspect of socialism, rather than the strictly political, which is worrying American big business. The United States has made it quite clear that she wants to be helpful to her good ally in this crisis, but wants to do so without cutting her own throat.

national affairs. The situation worries the practical business man, who recognizes that it is the exercise of private initiative which has made his country the richest and most powerful of all time. He believes rightly or wrongly, that complete nationalization of a country means totalitarianism and the death of Private Initiative.

We got an indication of this feeling when Congress was debating the British loan a year ago. Some congressmen wanted to know why U. S. dollars should be appropriated to save British socialism.

Well, the matter of helping finance the Marshall program for European economic rehabilitation presumably will come up in Congress in due course. And

the signs are that the legislature will be even more searching in its inquiry than ever before. England knows all this and for that reason one would think she would go slow on demanding nationalization in a foreign country like Germany. Such insistence on spreading Britain's politico-economic program abroad is unhappily suggestive of an international crusade. It isn't particularly good promotion for aid from America.

It is the economic aspect of socialism, rather than the strictly political, which is worrying American big business. The United States has made it quite clear that she wants to be helpful to her good ally in this crisis, but wants to do so without cutting her own throat.

In Hollywood—Bob Thomas

# Donlevy Joins Actor-Producers

HOLLYWOOD, (U)—The trend of stars' making their own pictures continues. Brian Donlevy is the latest to join the list of actor-producers; his lawyers are now setting up a deal for one film a year under his own banner.

Donlevy joins Dana Andrews, Douglas and others who have set up their own companies in recent months. Actors agree that is the best set-up for them, since it provides an income over a period of years. A straight salary is too soon swallowed by taxes, they think. With no tax relief in sight this year, more actors will be popping up as producers.

"If Winter Comes" will be whipped into final shape on the high seas. Director Victor Saville sails on the Queen Mary Aug. 8 and will finish cutting the film aboard ship. Herbert Stothart will accompany him and compose the score en route. Hope it's not a rough crossing. They'll sneak preview the picture in England, which is something new.

Larry Parks' suit against Columbia is being watched carefully by other employees. Evelyn Keyes also signed a new contract before she got the "Jolson Story" role. And when Glenn Ford returned from the marines, he signed a new pact before he could play with Bette Davis in "A Stolen Life." The studio wanted seven years, but Glenn would give five.

Jerome Courtland is recovering from a grave illness. It was a tropical disease he picked up in the Pacific. His first date since his recovery will be with Peggy Ann Garner.

Susan Peters is doing a fine job in "The Sign of the Ram" and already there is talk of academy awards. This annoys Susan who says realistically, "The shooting schedule isn't long enough for an academy award performance." But it's a good longshot in the academy future book.

Robert Cummings hies to Victoria, Canada, for a visit with friends after he finishes "Sleep My Love." When he returns he'll start his first production on his own. It's a thriller called "The Glass Heart" and he hopes to lure Agnes Moorehead for it.

Vincent Price has bought a screen treatment of Ibsen's "The Wild Duck," and he wants to sell it to Columbia or U-I. It has a starring role for Adam, Abigail (Tommye) Adams is getting the starlet build-up at Columbia. Her marriage to George Jessel awaits clearing-up of legal matters involving his ex-wife and daughter.

The bill for "Arch of Triumph" has passed the five million mark. That's a lot of calvados. Frank Sinatra bought a two-engine plane and will fly his family around the West for a vacation before the "Kissing Bandit" and "Miracle of The Bells." Happy listening: "Cumana" by Freddy Martin

# "LET'S BUY A CHEAP CAR AND TOUR THE COUNTRY"

Hal Boyle's Notebook

# No Dream Shortage

NEW YORK.—There is no shortage of dream worlds in America.

Back down the road away I wrote a piece about the private dream world I live in when I am being bored by people I ought to be at my work.

Well, judging from the mail I have been getting, there must be more dream worlds in this country than there is bubble gum.

For all our efficiency and hustle-bustle, we Americans still delight in shedding the shackles of our routine to romp and gather wool in mental pastures where the moon flowers never die.

The tense man of unresting action clutters his office walls with slogans like "Think!" and "Do It Now!" But when he goes to bed he is likely to ride off on a wild nightmare who has his bit in his teeth and gallops him down perilous lanes of fear and torment.

The day dreamer, on the other hand, has placated his subconscious mind by twilight and lies down to a restful unbroken sleep.

A young married woman from Texas wrote she had created a dream world of her own, centering about music, before she started to school.

"I never had a chance to study it," she said, "and just continued on dreaming band music and beautiful waltzes. It's gone on so long that I have decided to start studying music."

This lady said that after ten years of marriage her husband couldn't understand her day-dreaming because he dreamed only at night. He sounds to me like a direct-actionist.

I am somewhat suspicious of

a major in California—ah, there's a place to dream—who wrote in to tell me how to accomplish one of my favorite dream world projects—to rob the Bank of England.

"(1) One hour before the bank opens," he said, "bust the air-conditioning system."

"(2) Drop poison gas pellets into the bank."

"(3) Enter with a gas mask and shoot everyone with a pistol that has a silencer on it."

"(4) Take and put all money you can into briefcases and leave immediately."

"(5) Stay in hiding for thirteen years—then start spending the money."

"(6) Have a good time."

The major added in a post-script that "I have thought about the same thing sometimes." I am not so sure that I want to team up with him in my dream world.

He sounds too much like a direct-actionist, too.

# Protruding Feet Save His Life

OLYMPIA, Wash. (UP)—R. H. Hansen's feet saved his life.

Hansen was inspecting a water line at the bottom of a ditch. The sides collapsed and buried all of him except his feet.

He cupped his hands and arms under his feet as he fell, providing a small quantity of air. He lay buried alive, lightly breathing his small oxygen supply.

A few minutes later the brakeman on a passing engine saw Hansen's feet protruding. The brakeman called help and Hansen was dug out. He suffered a sprained back.

AUGUST 8

Washington Merry-Go-Round—Draw Pearson

# Taxpayer Supports Pan-Am Lobby

WASHINGTON.—Sen. Brewster's war investigating committee has performed a healthy service in showing how Howard Hughes' aide spent \$5,083 entertaining Elliott Roosevelt. This is something the public is entitled to know about.

However, the public is also entitled to know about all the lavish entertainment poured out by other big airplane companies—when that entertainment was deducted from the taxpayers' money. And if you take the \$5,083 spent on Elliott Roosevelt and stack it alongside what the taxpayer shelled out for "entertainment" by Pan American Airways, it makes Elliott's entertainment look like chicken-feed.

For instance, here is the expense account of Pan American's senior vice-president, Robert G. Thach, as noted in an official report of the Civil Aeronautics Board: "Meals for himself and others, \$10,208.30 in 1938."

Ten thousand dollars is a lot to spend for meals alone in one year. And Mr. Thach had other expenses that year which totaled \$49,928.24. These he listed as "laundry, sightseeing, deck chairs, club dues, doctors, nurses," and various other things.

His bill for long-distance telephoning alone in 1938 was \$10,334.25.

However, the year 1938 was not out of line with other years for Mr. Thach. The Civil Aeronautics Board, examining the accounts of Pan American Airways, made this official and critical comment:

"When during a 30-month period, expense vouchers totalling \$100,000 exclusive of salary, are approved for one officer (Thach) without investigation or inquiry by the company's chief accounting officer then such items would not be considered by the CAB in determining the 'need' of the carrier."

# PUBLIC PAYS

"Need," in this case, refers to Pan Am's need of air-mail subsidies. And the reason the CAB was examining Pan American's accounts was that the amount of its mail subsidy is determined in part by its expenses of operation. And what the American taxpayer doesn't generally realize is that the cost of the expensive lobby conducted by Pan American to influence Congress is largely paid for by the taxpayer himself through the air-mail subsidy. This is also true of other aviation companies, except that Pan American has received far more in air-mail subsidies than any other company, and also conducts one of

the most far-flung and expensive lobbies in the history of government.

For instance, Pan American maintains three different offices in Washington, though it has no airline entering Washington. In addition, it has two secret hide-away spots in the capital—all connected with lobbying.

One of these is a 10-room suite at 1815 15th Street, which has a private telephone line direct to Pan Am headquarters in New York. Then there is a confidential office at 1319 F Street operated by Bill McAvoy. Pan Am's suave publicity man and full-time lobbyist. Very few people know this office exists.

Also, there is the official office at 1109 Connecticut Avenue. In addition, three rooms are always kept at the Mayflower Hotel, Rooms 605, 621 and 743—available to Pan Am officials in case of sudden trips to Washington. Much of the time, however, they are vacant, thus adding to the crowded condition in Washington hotels.

Much of this eventually is paid out of the taxpayer's pocket.

Finally, there is Pan Am's colonial mansion at 2017 F Street where Pan Am President Juan Trippe entertains congressmen and other big shots. Here a butler and maid are on constant duty, and when Trippe puts on an especially big party, extra servants are brought in, sometimes from the White House staff. Rent for this colonial mansion is reported to be \$800 a month.

# PAN AM'S JUNKETS

Then there are the special Pan American facilities at the national airport where two private planes are kept, the NC4000 and the 400W. It is these planes which have flown Sen. Brewster on various trips—up to his home in Maine, and once to Hobe Sound, Florida, where Sam Pryor, vice president of Pan American, maintains his winter home.

Mr. Pryor, former Republican national committeeman from Connecticut, is one of the ablest lobbyists in the capital and handles Pan Am's most difficult jobs.

It is Senator Brewster who has been charged by Howard Hughes with investigating him because he refused to take Brewster's suggestion that Hughes' Trans World Airline amalgamate with Pan American.

It was Senator Brewster who flew to Raleigh, N. C., last year to visitalling Senator Bailey of North Carolina, then chairman of the Senate interstate commerce committee, to urge his

support of the "one company" idea for American airlines overseas. The "one company" plan is urged by Pan American to fly all foreign routes, as against the American system of free competition, favored by other companies.

Incidentally, when Brewster flew to see Sen. Bailey in Raleigh, Jack Frey then president of Trans World Airline, learned of the flight; and, getting Ex-Sen. Bennett Clark out of bed in Kansas City, persuaded him to phone Senator Bailey long distance not to side with Brewster in favor of the "one company" bill.

Brewster's plane was delayed about fifteen minutes in reaching Raleigh, which permitted Clark's phone call to come through and persuade Bailey not to go along with Brewster. This was probably the chief reason the "one company" bill never passed the 79th Congress.

It was also one of Pan Am's special planes which carried A. F. Whitney of the railroad trainmen and Alanley Johnston of the locomotive engineers on a trip from Cleveland last year at the time the two brotherhood leaders came out for the "one company" bill.

# PAN AM SUBSIDY

The reason all these special flights and extra expenses are important is that they help to determine the amount of air-mail subsidy paid by the government to Pan American Airways. It is estimated that Pan American has received a total subsidy from the government of more than \$150,000,000. This does not include the \$100,000,000 paid Pan Am in connection with building special airports in Latin America during the war.

The \$150,000,000 figure compares with the \$40,000,000 paid by the government to Howard Hughes. And just as the money spent by Hughes to entertain Elliott Roosevelt is reported to have come out of government funds, so also the cost of ornate lobbying offices, the \$10,000 for meals for one Pan Am vice-president, and the fees to high-priced lobbying attorneys—all go into expenses when it comes to figuring Pan Am's air-mail subsidy.

Regarding Pan Am's waste of money on lobbying, the Civil Aeronautics Board has some caustic things to say. And it would be a simple matter for Senator Brewster's committee to subpoena the CAB reports—if he wants the full truth.

(Copyright, 1947, The Bell Syndicate)

The Nation Today—James Marlow

# John Bull May Need Special Aid

WASHINGTON, (U)—It is pretty well recognized here among government financial experts that something may have to be done for Britain "if it takes too long to figure out details of the Marshall Plan."

Britain, as well as a big chunk of western Europe, stands to get some kind of help under the Marshall plan after the countries decide, first what they can do to help themselves and, second, exactly what they need from us.

But in the meantime it looks as though Britain may reach the bottom of the barrel by next March or April.

The Marshall Plan must be ironed out by Congress, and Congress is not due back until January. There is little hope it will make up its mind before March.

If there is any further delay, financial experts are guessing that the lawmakers will be asked to lay aside the Marshall Plan long enough to give quick and urgent attention to a separate loan for Britain.

A nation which begins to live off its next-egg is in exactly the same position as a family which does it. It is headed for bankruptcy.

Government financial experts would like to think that any U. S. government money poured into Europe is a good financial risk. But the United States may be asked to disregard traditional investment policy and simply put money into Europe to stem communism.

Communism lies around any corner where people are eating too little and where factories might close for lack of raw materials.

For U. S. plans of a normal trading world, Britain is the

pin because it is the great world trader. Its 47,000,000 people can't raise their food and don't produce much of the raw material for their factories. Hence they buy much abroad, and hence they keep world trade moving at a good pace—when they're buying.

Part of their current trouble is a financial cage which the United States helped to build. It is a provision in the \$3,750-

000,000 British loan which says that beginning last month Britain must pay off in either pounds sterling or American dollars to any nation from which it buys.

The British are doing it. But at the same time their dollars are disappearing at a greatly increased rate because most of the countries want dollars so they in turn can buy from America.

## Westex Service Stores Stocking Home And Auto Appliances

Home and automobile appliances are being offered at the Westex Service Store at 407 W. 3rd. street and soon the Westex Oil company will begin merchandising Firestone appliances at its headquarters at 112 W. 2nd street.

A stock of items ranging from boat motors to home appliances to Firestone tires and tubes is on hand at the Westex Service store, and the supplies are being increased steadily.

Items now available, to mention only a few, are picnic boxes, thermos bottles, seven and a half horse-power outboard motors, cushions, electrical items, etc. In addition there is a stock of tires, including white sidewalls, tubes, battery cables, etc. and Shell's high quality gasoline and lubricants.

Currently the headquarters at 112 W. 2nd are being remodeled and fixtures are arriving for installation of one of the most modern and complete stores possible. There will be a complete line of merchandise, including toys, handy for downtown shoppers.

At the Westex Service store C. E. Isaacks and Melvin Barnum are in charge. Besides merchandising, they offer complete automotive service, specializing on guaranteed grease jobs by Fred Black, an expert using the latest equipment.

Large quantities of sprats, a tiny fish, are tinned in oil in Norway as anchovies.

**GOOD FOOD FOR YOUR TABLE** — Roy Carter of Carter Grocery pulls out a can of quality fruit for a customer. Stocked with an abundance of nationally known and proven staples, Carter Grocery offers shoppers at 1010 West Third the best in food products at attractive prices. Fresh fruits and quality meats also are featured lines with the Carters. (Jack M. Haynes Photo).

## Atlas—The Tire With A Real Guarantee—Distributed Here

Homer Williams Service Sta., 311 East Third street, is one of the principal retail outlets in West Texas for the post-war Atlas tires, which carry an unusual guarantee. Actually the protection Williams is able to offer through his affiliation with the Atlas Co. and the Standard Oil company amounts to a double guarantee and an insurance policy as well.

All Atlas tires are backed by the complete protection in case of defects in workmanship. However, the unusual feature is contained in another guarantee which is offered by dealers connected with the Standard Oil Co. who distribute Atlas tires. It is a warranty and adjustment agreement, which is signed by the dealer when purchase is made. In the case of passenger car tires, the guarantee is unconditional for a period of 12 months. This means that if a patron should damage his tires beyond repair, regardless of the circumstances, he would be given a new tire by paying only for the time he used the damaged tire. If the damage should occur after the tire was driven three months, a new replacement would cost only one fourth of the regular retail price, if driven six months, payment of only one half price would be required, etc. Only exception to the guarantee is when a tire is deliberately operated while flat.

Williams emphasized that the certificates of guarantee are honored at any Standard dealer, and proper adjustments can be made on the spot by any one of the many dealers.

## No Magic Trades Rowe Garage Makes Old Autos Run Like New

The man who was trading old lamps for new in the story of "Alladin" can't quite be equalled by the H. M. Rowe garage, 206 East Second street but the concern's personnel guarantees to make most any vehicle run like new.

Reboring, recondition, and re-topping work are specialties of Rowe's. The experience of 26 years in the automotive line goes into the work. The proprietor, after having served his apprenticeship, became a full-fledged mechanic in 1921 and has been at it ever since.

Rowe has been a Big Spring resident since 1934 and for the past year and a half has been in his present location.

The garage specializes in Chevrolet makes of automobiles but will tackle anything they can drive through the front doors to their concern. Their guarantee, needless to relate, covers any type of work.

Working alongside Rowe are Harold Gray, paint and body man; Wayne Morris, Gray's helper; and Roy Spivey, who is assigned to the mechanical department.

The establishment is open for business from 8 a. m. to 6 p. m. six days a week. In an emergency Rowe can be reached at telephone No. 496. His business phone is No. 980.

### Hot Weather Lessons Danger

## Cotton Insect Situation In Howard County Is Improving

The cotton insect situation in Howard county has shown considerable general improvement during the past few days, although some localized infestations still persist, Saturday reports indicated.

The first crop of boll worms has accounted for some damage, but hot weather has helped to lessen the danger from that source. In fact, the weather has played an important part in curtailing all types of insects, especially during the past week.

County Agent Durward Lewter said he believed that virtually all danger from cotton fleas could be eliminated if high temperatures continue for a few more days.

Lewter also said he was not expecting too much damage from boll worms, although he advised farmers who noted large first crops to be on the lookout for second and third generations beginning about Aug. 8.

Some damage was noted during the past week in one field from a new source, however. The cotton appeared to be diseased rather than plagued by insects. After making a thorough inspection Lewter said he believed the condition was caused by an insect commonly known as the "runk" bug.

These bugs have been causing heavy damage in the irrigated section west of Monahan, he said, and the cotton examined here appeared to be suffering in the same manner. The bugs attack the bloom, which ultimately turns red as it does under normal circumstances, but later drops to the ground.

## Norman-Roche Test May Yield Westbrook Pay

Norman & Roche No. 2-B Lucy Mildred Coleman, in the southeast quarter of section 70-87, H & TC, Saturday held possibilities of developing first production from the Westbrook pay in the Coleman Ranch pool of northwest Mitchell county.

The test was cleaning out with reverse circulation following a 628-quart shot from top of the Westbrook pay of the Clear Fork, topped at 5,985 feet to 1,270 feet. It had shown also further up the hole in the Coleman Ranch pay of the Clear Fork.

In southeastern Dawson county, Seaboard Oil Co. No. 6-A John Robinson, seeking the Ellenburger, picked up good shows in the Clear Fork. It had a slight gas blow on an hour and a half drillstem test from 6,500-6,615 feet and returned 550 feet of fluid, 75 per cent oil and 25 per cent drilling mud with no water. It previously had had 500 feet of oil and gas cut mud on an hour and a half test from 6,457-98 feet and was reportedly coring at 6,660 feet. Location is in the shallow Sprayberry pool and is 1,978 feet from the south and 650 feet from the west line of section 37-34-Sa, T & P.

Outlook was good also for a quarter of a mile southward extension to the East Howard pool on the J. L. Cooper of McCaskey No. 1 Percy Jones, in the northwest quarter of section 13-30-1s, T & P. The test was carrying several hundred feet of oil in the hole after setting pipe at 2,750 feet. Bottom of hole is 2,732 feet and shot has been recommended for 2,460-2,670 feet. Heavy saturation was noted from 2,630-70 feet. Cooper stakes location for his No. 2 Percy Jones 330 feet from the west and 1,454 feet from the south lines of the same section, for a 3,000 cable tool exploration.

Magnolia No. 1 Guy Goffee, section 58-20, LaVaca, seeking the Vincent pay in northeast Howard, was below 4,300 feet.

In proven area of the East Howard pool, Cecil Guthrie No. 1 W. H. Reed showed 164 barrels on an eight-hour pumping test.

F. A. Gillespie & Sons No. 1 Lay Powell, a southwest Mitchell county wildcat, was staked during the week for 330 feet from the south and east lines of section 44-29-1s, T & P, projected for 2,300 feet. It is 10 miles south of Iatan.

Signal Oil Company located its No. 1 J. G. Whitley in the C NE NE 548-97, H&TC, a Scurry county wildcat test.

Stanford No. 1 T. H. Gaskin, Ellenburger projection for 12,300 feet, was below 10,200 feet and there were unconfirmed reports of coring as the ordinarian zone was approached. The test is in section 7-35-1s, T & P, six miles south and west of Big Spring.

O'Daniels Sell Home In Washington

WASHINGTON, Aug. 6. (AP)—Sen. W. Lee O'Daniel (D-Tex.) has sold the structure which he and Mrs. O'Daniel maintain as their private residence here—a four-story apartment building.

He said the former 40-room, 14-apartment unit building has been acquired by a cooperative group which the tenants will be stockholders and have the right to permanent occupancy. He and Mrs. O'Daniel will continue to reside in the building for a short time.

## Over 200 Expected To Vie In Riding, Roping Contests

Cowboys who enter the competitive events at the annual Big Spring Rodeo—and well over 200 are expected to do so—will be afforded an opportunity to cut in on several thousands of dollars in prize money.

The local event always has paid

## Bulldozing Takes Years Of Practice

Like any other athlete, the roping and bulldozing star who amazes the stands with his dexterity and unerring eye was not born with such talents. He grew into it, and only through constant practice.

The faculty for throwing a lariat the correct way the required distance at the right time requires years of practice. The same goes for steer wrestling, or bulldozing as it is more popularly known.

The calf roping event is one of the most highly competitive in the rodeo. The object is very simple: to rope and tie a calf in the shortest time.

Man and animal vie against each other in the bronc riding and bulldozing events, but it is the cowboy and horse work together against the calf in the roping events.

Spectators see in such a contest an event that has its practical uses on the ranches. The roping and branding of calves and cows on the ranges is almost an every day occurrence.

The mount must give the roper 100 percent co-operation while chasing a calf, or the cause is lost. Usually he keeps as close to the calf as possible and the moment the rope settles about the animal's neck—if it does—the horse pulls up and the man is off and after his prize. Time is the essence.

Should the prey be off its feet when the roper gets to it, he must let the animal up and then throw it by sheer strength.

Steer wrestling is considered to be the most dangerous of all rodeo occupations. Ordinarily, only the bigger, stronger men have anything to do with such events, since they alone can twist a stubborn steer to the ground.

The contestant must possess perfect timing as he swings from his horse onto the back of the running steer. The wrestler must be in position to grab the animal by the horns and bring the beast to a halt by bracing his boot heels against the ground.

From the viewpoint of the judges, a steer thrown when he is lying on his side, all feet out and head straight, horns pointing into the earth.

## July Moisture Above Normal

Four showers, local in nature, accounted for 1.90 inches of precipitation during July, .02 of an inch above normal for the month, according to the monthly summary of the U. S. weather bureau at the airport.

At the same time, temperatures averaged 83.4 for the month, or .5 of a degree above the normal mean. At that, there were only four days with 100 or better temperatures. Maximum temperature was 101, far under the 111 record in July, 1916. The mean temperature was second warmest since 1934.

Total rain for the year was 8.65 inches, or 1.89 below normal for the period. Precipitation during the month was considerably better than the trace of last year, the driest on record. It fell below the wet spells for July of 1942-44, however.

Only three cloudy days were noted, yielding satisfactory flying conditions. Wind was normal, ranging from 12 to 30 miles per hour on the whole, but reaching a peak from the east on July 10 when a storm poured out nearly an inch of moisture.

## ORDINARY ARIZONA COWPONY OUTRUNS IRISH THOROUGHBRED

INGLEWOOD, Calif., Aug. 5. (AP)—Briefly stated, the ordinary cow pony from Arizona, Barbara B, outran the thoroughbred from Ireland, Fair Truckle, for the \$100,000 purse.

Today literally hundreds of horse people from the ranch lands of Arizona, New Mexico and even as far away as Texas headed home still celebrating the convincing victory of Barbara B. Their pride of the quarter mile tracks won over turman Charles S. Howard's speedy sprinter of

well in comparison to many other rodeos, and by virtue of the expected large entry list alone, the total "take" this year promises to be the largest ever.

To begin with, purses totalling \$3,300 are to be offered, which are not exactly small change. In addition, however, entry fees will be poured into the prize hopper, and each event undoubtedly will be enriched substantially by this procedure.

Here's how the various events stack up on the prize lists: Cutting horse contest, \$100 purse, plus all entry fees of \$25 each; bareback bronc riding contest, \$600 purse, plus \$10 entry fees; call roping, \$600 purse, plus \$40 entry fees; steer wrestling contest, \$600 purse, plus \$20 entry fees; bull riding, \$600 purse, plus \$10 entry fees; girls contest, \$200 purse, plus \$10 entry fees.

In addition to these there will be special prizes for a junior boys bull riding contest.

All entrants are required to post their respective fees before they are listed on the program. If entries are forwarded by mail, payment by cash, check or money order must be enclosed.

Last year approximately 185 entrants competed in the events, and local officials are confident that the list will be larger this year. Some are predicting that entry fees will boost the prize total beyond the \$10,000 mark.

Winners in all events in the Big Spring Rodeo are decided on the point award system.

## Visiting Lamesa Amateurs Draw Local Applause

Visiting entertainers from Lamesa presented the weekly amateur program in the City park amphitheatre Friday night.

At the request of the Lamesa group, no prizes were offered at the event.

However, such features as Richard Crowley's German band, Bubba Cotten and Otis Roberts, vocal soloists, drew liberal applause from the audience.

Judge Lewis Reed of the 116th judicial district, was master of ceremonies for the program.

The amphitheatre program schedule will be interrupted this week to avoid conflict with the annual Big Spring Rodeo.

## No Change In Program For Judging Shrubs

Local residents who entered the shrub growing contest sponsored by the chamber of commerce civic and beautification department last spring were reminded today that judging will be carried out as originally planned.

Twenty-four persons entered the competition and planted crape myrtles at the outset of the contest. Names of all contestants are on file, D. M. McKinney, civic chairman, said, and each will receive a letter within the next two or three weeks giving full details of the judging.

The shrubs probably will be judged during the second week of September by an out of town committee.

## Drivers Of Motor Scooters Must Have State License

Terms of the motor vehicle license statutes apply to minors who drive about the streets on power scooters or in toy automobiles, according to T. D. Whitehorn of the Texas Highway patrol.

Whitehorn said this morning that many under-age children are violating the law because they are ineligible for operator's licenses.

He added the regulations provide 16 as the minimum age for obtaining the license, except where children have completed approved driver-education courses in the schools.

In those instances, licenses are granted after examination to children 14 years of age.

## Shine Philips To Attend Meeting Of Druggists' Group

Shine Philips will attend the joint meeting of the Texas Drug Association and the West Texas Druggists Association in Fort Worth Monday through Wednesday.

He will accompany Lester Short, Midland, president of the West Texas unit, to the session. While there, Philips also will participate in meetings by the state board of pharmacy, of which he is a member. He recently was reappointed to a six-year term by Gov. Beauford Jester.

## Prompt Action Is Promised On Vet Hospital

Mahon Reports On Check With VA Officials

Promise of action on the Veterans Administration hospital at Big Spring within two months has been given to Rep. George Mahon in Washington, J. H. Greene, chamber of commerce manager, reported to the board of directors Monday.

Mahon said in a letter that the Veterans Administration reported that plans were being modified in accordance with the review of building projects in an effort to stay within appropriations. He expressed the hope that the "two months" figure was an outside one.

An explanation of efforts to assist local businessmen in filing applications for Big Spring AAF buildings through the RFC was detailed by Greene to the board.

He said several had made application and that provisional approval had been granted in the regional RFC office at Dallas. Final approval must come from Washington.

The board voted to take care of \$1,200 expense of roofing the ball park grandstand. The pledge had been made previously to the school board when it accepted the park, subject to outstanding debts. The board pointed out it did not have adequate funds to meet all the obligations pending when contributions from individuals and businesses had raised around \$15,000 on a \$20,000 plan.

Lewis Price urged directors to encourage Big Spring businessmen to report to the University of Texas business research bureau in order to have better representation of the city in the university's monthly business review.

Directors referred to the publicity committee the ordering of literature, which would include a printed map of the city, and gave approval to the project. Members of the board were urged to point out and spread word about the annual rodeo which starts at 8:15 p. m. Wednesday. V. A. Merrick announced a meeting of the Round Up (membership committee) club at noon on Aug. 11, inviting directors to attend.

Local negotiations with the RFC in Dallas were virtually terminated this morning, K. H. McGibbon, chamber of commerce president who is in Dallas with several other local men, called the chamber office this morning and arranged to make spot payment for buildings approved for some local applicants whose checks had not arrived in Dallas.

## Funeral Held For Rex Smith

Funeral services were held at 3 p. m. Sunday in Stanton for J. Rection 'Rex' Smith, 50, who succumbed in a Fort Worth hospital Saturday afternoon.

Smith, who at one time, operated a store in Monahan, has been a resident in Stanton for a number of years.

Interment was in the Evergreen Cemetery, Stanton. Eberly funeral home was in charge of the burial.

The deceased is survived by a daughter, Hazel Marie Smith, Colorado City, three sisters, Mrs. W. A. O'Dell, Midland, Mrs. Doc Baker, Monahan, and Mrs. Tom Hopkins, Denbrook; and a brother, Edward W. Smith, Denbrook.

Palbearers were Jim McCoy, Leo Brandt, Clint Bauch, Leo Tucker, P. T. Ross and Henry Louder.

## Alec Jernigan Gets Navy Award

Alec Benjamin Jernigan of 707 East 16th street, Big Spring, has been awarded the American Defense Service medal with Fleet clasp and the World War II Victory medal for service aboard the USS Ranger prior to Pearl Harbor.

Jernigan becomes the first man in the Big Spring area to receive the awards.

The presentation was made by James B. Williams, yeoman first, USNR, currently on recruiting service in this district.

## Burns The Salad Taking The Cake

HIGHLAND PARK, Ill.—The report on this blaze could be printed in the food column. The hungry flames were fed a raw salad.

## 'Captain' To Be Missing—

## Memories Of World War I To Be Revived At Company D Reunion

Memories of doughboy days France 30 years ago will be revived here Sunday when members of company D, 117th supply train, 42nd division, get together for their annual reunion at the city park.

Missing for the first time will be the man who organized the company, led it through training and into service during World War I and for several months as part of the army of occupation.

## E. C. Evans Hurt In Car Smash-Up Near Midland

Earl C. Evans, star route mail contractor of Big Spring, suffered a broken leg and possibly other injuries in a head-on automobile collision five miles east of Midland Monday evening in which an Odessa youth was killed.

Vaden Mitchell Caldwell, 15, Odessa, died early Tuesday in a Midland hospital of severe head injuries. A brother, Rubeen P. Caldwell, 23, Odessa, sustained a broken leg and other injuries, and Rudolph Durdin, Odessa, had a broken leg. All were rushed to a Midland hospital for treatment.

Ironically, all four men suffered broken right legs. Evans' fracture was near the knee.

Details on the crash were lacking, but at Midland reports said that the two machines came together with a terrific impact, virtually demolishing both cars.

Evans' new station wagon was smashed into a twisted ruin. Condition of Rubeen Caldwell was said to be critical.

The Caldwell and Durdin were said to have been returning from Big Spring, where the Caldwell visited with relatives. Evans presumably was enroute home from a business trip.

## Purchases Made On All Surplus AAF Buildings

All buildings at the Big Spring Army Airfield which were applied for by local persons have been approved by the RFC office in Dallas, the chamber of commerce was advised this morning.

This does not mean that all local applicants obtained approval. J. H. Greene chamber manager pointed out, since some applied for the same structures. In those instances, approval was granted to application received first.

Final action on the application is left up to Washington now, but little difficulty is anticipated in obtaining definite approval at that level for a majority of the structures involved.

Local negotiations with the RFC in Dallas were virtually terminated this morning, K. H. McGibbon, chamber of commerce president who is in Dallas with several other local men, called the chamber office this morning and arranged to make spot payment for buildings approved for some local applicants whose checks had not arrived in Dallas.

## Government Keeps 14 Strategic Plants

WASHINGTON, Aug. 6. (AP)—The war department plans to keep 60 complete government-owned industrial plants ready for immediate specialized production, in event of another war.

Secretary of War Royall has made public a report covering the department's plans to "have in stock, or to provide by prompt production in our arsenals and standby plants, sufficient material to resist an aggressor during the first stage."

The 60 plants, worth \$2,501,348, would cost \$25,120,000 to maintain but Royall pointed out that this amount may be reduced substantially if the plants are leased out for civilian use.

## Nation Has Manpower Problem Further Reductions Of U. S. Army In Europe Are Possible

WASHINGTON, Aug. 2. (AP)—The United States as well as Britain was reported today to be considering further reductions in the strength of occupation forces in Europe—but to save manpower rather than dollars.

Tentative official calculations have been made in Washington and Berlin, authorities told a reporter, on what cuts might be made without imperiling American aims and upsetting the balance between the western allies and Russia.

One top level "rough off-the-cuff" estimate was that the number of American troops might be pared more than half without risking trouble with the German population in the U. S. zone. But the German attitude is recognized as

James T. Brooks, "Captain," as his men always respectfully called him, died here in January. He always had been the center of the reunions and now that he is gone, Pancho Nail, Dr. C. W. Deats, J. Y. Robb, Buck Hull and others are resolved to see that the annual gatherings continue.

Several men who have not been present for any of the reunions and some who have not been around for years are expected back Sunday. Among them are Rogers Q. Mills Johnson, Kansas City, who Pancho Nail bumped into here recently for the first time in three decades. He is to pick up Lonnie McCool and Dewey Erbey in Fort Worth and bring them to the company's convalescence. A special invitation has been sent to Lt. John M. Lamb, Houston, who was second in command to Capt. Brooks.

Men are hoping most of the sergeants—Top Kick Wallace Williams, Mexia, who succeeded Tom Hilton in France, Joe Butts, Midland, J. Y. Robb, and Dr. C. W. Deats, Big Spring, Cecil Wasson, Odessa, N. M., and John B. Majors, Sweetwater—will be around.

The reunion is held annually the first Sunday after Aug. 5, the date in 1917 when the company was mustered. It sailed on Hallock on the same year and was trucking supplies to the front by November.

Reminders of the reunion have been sent to: J. Y. Robb, Perch Woods, U. G. Powell, Tom Cantrell, Roy Carter, Jim Terry, Herbert Hays, John Miller, Pancho Nail, Dr. C. W. Deats, F. C. Marchbanks, Buck Hull of Big Spring; Sam Thompson, Roy Dozier, C. O. Powell, Wiley Key, R. A. Powell, J. F. Quiney, J. B. Pritchett of Colorado City.

Joe Butts, Red Steel, of Midland; Lonnie McCool, Dewey Erbey of Fort Worth; John B. Majors, Sweetwater; Curtis Turner, Bryan; Roy Denman; Roscoe; Dee Foster; Bruce; Bill Etheridge; Stanton; A. A. Ladd, Anson; Ben Webb, Monahan; Wallace Williams, Mexia; Max J. Gardner, Wichita Falls; Jack Wilcox, Van Horn; Floyd Williams, Lubbock; Zeke Taylor, Olney; W. W. Kelly, Costland; Elliott Terry, Plainview; David Bentley, Snyder; Glenn Deason, Corpus Christi.

Frank Perello, Detroit, Mich.; L. F. Nail, Jr., San Diego, Calif.; Rogers Q. Mills Johnson, Kansas City, Mo.; Odie J. F. Lindsey, Washington state; Chester Campbell, Oregon; Benny Spell, Lake Charles, La.; Ledford (Shorty) Beard, Anthony, N. M.; Pitt Gardner, Tucson, Ariz.; Frank Miller, Sioux City, Iowa; (Lt.) John M. Lamb, Houston, Cecil Wasson, Odessa, N. M.

Besides (Capt.) Brooks, those who death have removed from the reunion list are Bill Ames, Big Spring; Mr. Nixon, Midland; Merlvin Walker, Hillsboro; Herman Griffith, Abilene; M. D. Hampton, J. H. Brown and Hamp Snell, Sweetwater.

Others out of the company of '76 may have died in the intervening years, but those in Big Spring who keep up with the company have no report on them. They know of several others residing in New York and Massachusetts but do not have addresses.

## Mitchell County 4-H'ers Plan State Fair Trip

COLORADO CITY, Aug. 7. (AP)—First try of the coming livestock show season for Mitchell county 4-H feeders will be made at the State Fair of Texas, Oct. 8-19, when Ted Roensch, Mitchell county agent, will take eight 4-H baby beavers and their boy feeders to Dallas.

Ronny Fee, 18-year-old Colorado Citian who showed both the Grand Champion and the Reserve Champion steers at Dallas last fall, will show one calf, bred by Winston Brothers of Snyder, Fee, an outstanding Mitchell 4-H'er, has come through with at least third place in all state and territorial shows attempted. Mitchell County Gold Star club boy for 1946, he also won the county Wilson meat award last year and owns with his brother, Bob, a herd of registered Herefords which they run on their father's ranch, and a herd of registered Corriedale sheep.

Another well-known Mitchell contender, Stuart Henderson of Hyman who has won some fancy prizes with his grand champions shown over the state, will exhibit two calves from the T. O. Ranch herds in Raton, N. M.

Jackie Wells, a new-comer to big competition, is readying a steer from the T. O. outfit, too. Arvi Smith will show two registered Herefords, Raymond and Alfred Hackfeld, brothers from Loraine and both ambitious feeders, have one calf from the herd of A. E. Fogle, Tuscola, and one from the ranch of Charlie Tisdale, Tuscola.

An amended budget, incorporating some \$10,000 in extra-appropriations during the past year, was adopted. The over-all expenditures will be close to the over-all revenues under the original budget, Supt. W. C. Blankenship indicated.

The board voted an expression of thanks to the chamber of commerce for its coverage of an expense item in roofing the grandstand of the school's baseball park.

Resignation of Mrs. Bertha Naylor, elementary teacher, whose husband has been transferred to Monahan, was accepted. Elementary teachers elected were Mrs. Mary Louise Koger, Mrs. Marguerite Schwarzenbach, Mrs. John Malaise, Mrs. LaVerne Lindsey and Mrs. Gilbert Gibbs. Mrs. Catherine Tinney Rust was named as an elementary principal, subject to assignment, and George Hank was elected as a supply. The board approved Mrs. Homer D. Willoughby to be music instructor for the eighth grade, freeing Mrs. Travis Aaron to devote her time to a tax refund to A. A. Marchant for a premature assessment was approved by the board.

Financial statement for the first 11 months of the fiscal year showed receipts of \$301,000, including \$157,343 from current taxes, \$4,200 from delinquent accounts, penalty and interest, and \$130,000 from per capita payments. Disbursements totalled \$359,000, the difference to be absorbed out of a \$76,000 beginning balance as anticipated.

Registration Set For Senior Scouts' Camp

Registration blanks for the coming encampment for senior Boy Scouts may be obtained either at the Scout office or from Elra Phillips, scoutmaster of Troop No. 9, H. D. Norris, field executive, announced Saturday.

Senior scouts who register for the camp will leave Aug. 9 for Camp Philmont in New Mexico, where they will participate in a number of activities for approximately 10 days.

The local group will travel to the camp site with senior Scouts from Colorado City in a school bus. Camp fees, transportation and food will cost each Scout approximately \$17.50, Norris said.

## Mahon To Speak At West Texas Press Meeting

SNYDER, Aug. 2. (AP)—A report from Washington by Rep. George Mahon of the 19th congressional district will highlight the 17th annual West Texas Press association meeting in San Angelo, Aug. 22-23 along with an address by Price Daniel, attorney general.

In addition, West Texas roving reporter and former war correspondent for the Dallas News, will appear on the program, according to Willard Jones, WTPA secretary.

Roy Craig, Stamford, will lead a trade round-table, and Weldon Owens, Teague, will speak on the radio. Dean Chenoweth, editor of the Standard-Times at San Angelo will address a breakfast session on the second day. Announcement of winners in a weekly newspaper contest will be made at the concluding session.

W. E. Blanton, San Angelo, and Max Bentley, Abilene, West Texas Chamber of Commerce activities director, will preside over two of the meetings. President N. H. Pierce, Menard, and Vice-president George Baker, Fort Stockton, have announced.

WRONG REFLECTION HARRISBURG, Pa. (AP)—A Harrisburg couple took down the reflector sign they used to mark the entrance to their summer home. The sign helped guests find the cottage, but it also attracted hungry tourists. Bearing only the last name of the family, it read, "Meals."

## Adult 4-H Club Group To Check Cotton Projects

The Howard county adult 4-H club committee will conduct inspections Monday and Tuesday at some 50 club cotton projects in the county.

Results of the inspection will help to determine ultimate winners of prizes in a contest for 4-H club boys which is sponsored by an unidentified local business man.

Judging for the prizes will be on a pre-arranged point system. During the two day inspection the projects will be scored on seed treatment, preparation of land, cultivation, weed control, insect control and club record book data. Another inspection will be made at harvest time
