C-C BANQUET HAS ALL THE FIXINGS

The Pampa Chamber of Commerce Thursday night staged its annual membership banquet in the 450-seat Robert E. Lee Junior High School cafeteria. The sold-out event was complete with song stylings by Mary Nell Hendricks, Miss Texas of '58, and a speech by Dr. Kenneth McFarland, a Topeka (Kan.) educational consultant and speaker. Miss Texas, shown in all her glory, holds a bouquet

of roses handed her by Mayor Lynn Boyd whose joy at seeing the famous school teacher was pepped by her late arrival on a delayed flight from Arlington. Early in his speech, McFarland set Chamber heads to whirling with an account of his flying schedule that makes Phileas Fogg (Around the World in Eighty Days) look like an amateur. Kansan, Miss Texas In Sparkling Dual Role Here

Dr. McFarland Speaks Out For Free Enterprise

By WALLY TRUEDELL
Daily News Staff Writer

"There never was a time when chambers of commerce were so desperately needed," Dr. Kenneth McFarland said at the annual banquet of the Pampa Chamber of Commerce Thursday night in Robert E. Lee Junior High School. McFarland, educational consultant for General Motors Corporation from Topeka, Kan., went on to expound his forceful philosophy of free enterprise, coupling the law of supply and demand with what he calls "the rule book."

McFarland showed that the economy is healthiest when production and wages are governed by the say of the customer and when the rules of the economic book are not suspended by the caprice of a depression or period of unearned prosperity.

A Chamber of Commerce is more important than ever before, according to the speaker, because it is a bulwark against the forces that are trying to tear down our Democratic institutions. This leveling or socializing force is also felt in the schools.

McFarland deplored the extreme progressivism in schools that holds "the simple Simons just as smart as Socrates." He was equally at odds with a pay scale that would pay the "poorest teacher in the system as much as the best." His solution is to readjust our standards with an "incentive pay scale" based on ability rather than seniority or degrees.

"I don't want any jelly pepper upper operating on me," McFarland said in reference to the kind of doctors ultra progressive medical schools could turn out.

"Free enterprise is the vehicle that will deliver more good things than any other system," McFarland affirmed. "The inventors never did say, it was foolproof. They never did say it would operate itself and we could abandon it every time it hits a rough road."

Focusing on labor and management, McFarland said that one could not stay afloat without the other and that a third person, the consumer, decides in the end whether labor will take a pay raise or a pay cut. "Let's keep the ship afloat for the good reason that we're on it. Is that good enough?" McFarland demanded.

M. K. BROWN
... civic development

CLIFTON MCNEELY
... youth activities

FOR SERVICES

Brown, McNeely Lauded By C-C

M. K. Brown, veteran Pampa citizen, and Clifton McNeely, ultra-successful Pampa High basketball coach were the recipients of two special awards at the annual membership banquet of the Pampa Chamber of Commerce Thursday night.

Brown, one of the founders of Pampa, received the award for civic development given annually by the Chamber. McNeely's award was for youth activities, in his case, coaching the Harvester Basketball Team, heading a Red Cross Summer Recreation program and serving as a deacon of the First Baptist Church here.

Brown was the third in three years to receive the civic award, won in 1956 by Lynn Boyd, and in 1957 by Hugh Burdette. Likewise, McNeely followed in the footsteps of Johnny Campbell, 1956, and Newt Secrest last year.

A secret committee made the selections for the annual awards. At the banquet, Burdette presented the civic award to Brown. Dr. E. Douglas Carver then presented McNeely's plaque.

Members, directors and officers of the Pampa Chamber of Commerce were prominent in the Robert E. Lee Cafeteria, scene of the annual banquet. Delegations from Amarillo, Borger, Claude, Dalhart, Dumas, Graham, McLean, Miami, Panhandle, Perry, Shamrock, Skellytown, Spear-

man, Wheeler, White Deer, The Fort Worth and Denver and Santa Fe Railroads and the State Highway Department swelled the throng to nearly 450.

High spots of the program were the songs of Miss Texas, Mary Nell Hendricks from Arlington, and the speech of Dr. Kenneth McFarland, educational consultant for the General Motors Corporation from Topeka, Kan.

With a bouquet of roses, Mayor Lynn Boyd welcomed Miss Texas to Pampa. Calvin Whitley, a Chamber director, made the introduction of Dr. McFarland.

Beauty Fills The Air With Sweet Singing

Versatile Miss Texas of 1958, Mary Nell Hendricks, filled the Robert E. Lee cafeteria with her sweet song stylings Thursday night when she sang the annual membership banquet of the Pampa Chamber of Commerce.

After a day of teaching in an Arlington second grade, Miss Hendricks flew here for the annual banquet. Holding a bouquet of roses presented her by Mayor Lynn Boyd, she sang the school teacher song "Getting To Know You" from "The King and I." It was this selection which raised her to the semifinals of the August Miss America Pageant in Atlantic City, N. J.

Miss Hendricks arrived at the annual banquet after setting down in a chartered plane at Perry-Lefors Field. She was accompanied by Junior Chamber of Commerce proxy, Gene Hollar, and a group of his Pampa Jaycees. Jaycees and Chamber members waited in vain for Miss Hendricks' arrival at the airfield, Thursday afternoon. At 5:30 they received word that Miss Hendricks' pilot had been detained on another flight and that the pretty school teacher would arrive at 7 p.m., half an hour before banquet time.

Dark haired and beautiful, Miss Hendricks made an immediate hit at the banquet with her vocal versions of "I Could Have Danced All Night," "The Best Things in Life Are Free," and "Too Marvelous For Words," climaxed with "Getting To Know You," the song sung to the Siamese school children in the Broadway musical, "The King and I."

Miss Texas' style and sparkle caused Main Speaker Kenneth McFarland to comment that anyone who could spend a day in the classroom and come out looking so ravishing, deserved a big hand of applause.

A second grade teacher at C. D. Berry Elementary School in Arlington, Miss Hendricks entered the Miss Arlington contest at the urging of her fellow school teachers. With her styling of the song from "The King and I," she won it, and the ensuing Miss Texas contest.

Four years ago, the eyes of Texas were upon Miss Hendricks for the first time. Eighteen years old and graduated from Texas Wesleyan College, she received statewide publicity as the youngest teacher ever hired by the Arlington Public School System. Besides good looks, talent and a bubbling charm, Miss Texas has a keen mind and that's a rare parley indeed.

US, Russia Clash On Test Ban Proposal

By JOSEPH W. GRIGG
United Press International

GENEVA (UPI)—The United States and Russia clashed publicly today on a proposed nuclear test ban. Hope of achieving an early East-West agreement to halt test explosions sagged.

Representatives of the world's three atomic powers, the United States, Great Britain and Soviet Russia, met at the Palais des Nations to try to agree on a system for policing a ban on nuclear tests.

In opening speeches, the Soviets repeated their demand for an immediate stopping of nuclear tests forever, while the United States said it would be prepared to halt testing on a year-to-year basis.

Cheng Says Nationalists May Attack

By ALBERT E. KAFF
United Press International

TAIPEI (UPI)—Vice President and Premier Chen Cheng said today Nationalist China may attack the Communist mainland if the Reds launch another assault against the offshore islands.

He told a group of visiting Chinese leaders from other nations that statements that "we will not launch a counterattack is deceptive."

In a declaration with the United States last week, the Nationalist government said it would not use force as its primary means of reestablishing its rule on the China mainland.

Since then George Yeh, Nationalist ambassador to Washington, said the government did not completely renounce military force in achieving its mission of returning to the mainland.

Chen went a step further today. He predicted the Communists would make some new move ending the present lull at Quemoy and said:

"When they make the next move it probably will be the time for us to launch our counterattack."

He told a lunch marking today's 72nd birthday celebrations for President Chiang Kai-Shek that the return of the Nationalists to the Chinese mainland remains the government's "primary mission and goal."

The Nationalists' Quemoy garrison, Chen declared, "totally shattered the Red attempt during six weeks of bombardment to launch a general attack against the Formosa area."

This defeat, said Chen, number two man in the Nationalist government, forced the Communists to adopt their unprecedented policy of shelling Quemoy beaches, airfields and wharves only on alternate days.

But, he warned, "the Communists will not give up like this." While predicting a new Red offensive, he said he was confident the Nationalists would defeat it.

Chiang said earlier today his government would rely primarily on political rather than military measures to return to the mainland.

Neither side specifically rejected the other's proposals. But their positions were stated so firmly as to indicate that reaching agreement would be difficult.

Soviet Delegate Semyon Tsarapkin—known as one of the Kremlin advocates of a "tough" line with concession, however.

He stated specifically that Russia is ready to sign an agreement setting up a system to police any East-West ban on nuclear test explosions. Such a system was outlined by nuclear scientists of East and West who met here last summer. Presumably it would include control stations located on Soviet territory.

First Clear Russ View
It was the first time the Russians had stated clearly and unequivocally that they are ready to sign a control agreement.

The U.S. offer to suspend nuclear tests on a year-to-year basis was made dependent on an inspection system being not only installed but also working effectively, and on "satisfactory progress" being made toward general disarmament.

tries who are not represented here." But even before today's East-West talks began in the marble Palais des Nations on the banks of Lake Geneva a Soviet demand for a permanent ban—without checks and counter controls—fore-shadowed failure of this meeting and another deadlock in East-West relations. The West would like year to year extensions of such bans as today's.

The United States called off the final shot of its present series of atomic tests just before the midnight p.m. deadline, six hours before the start of today's nuclear conference. It was to have been a Hiroshima size nuclear explosion from a balloon over the Nevada desert.

Seventeen hours earlier the United States had fired the world's largest known underground nuclear test.

SEVEN STARS
SELF-IMPOSED NUCLEAR BAN BY US IS STARTED

By COLIN MCKINLAY
United Press International

ATOMIC TEST SITE, Nev. (UPI)—The United States brought to a close its testing of nuclear devices under a self-imposed ban at midnight without setting off the final shot of the current series.

A gigantic "Hiroshima-sized" underground nuclear blast exploded earlier in the day marked the country's last nuclear explosion, bringing to 19 the number detonated during the current series.

Atomic Energy Commission scientists, weary from the accelerated pace of testing which resulted as the United States attempted to set off double the original 10 scheduled shots before the deadline, attempted to explode a balloon shot dubbed "Adams" up until the very last minute.

But the weather stymied them at every step. The shot was to have exploded with a force of 20,000 tons of TNT early Thursday morning but winds that would have carried the shock wave to Indian Springs Air Force Base, Nev., only 20 miles away, would have caused "unacceptable damage," scientists said.

Test Manager James E. Reeves said windows would have been shattered at the air base and there also was the chance that the shock wave borne on breezes would have reached Las Vegas, Nev., 70 miles to the southwest and caused some damage there also.

The last shot of the series was Blanca, an underground atomic blast which produced earth shocks which were recorded 2,300 miles away in Fairbanks, Alaska.

The test series which began Sept. 15 advanced the development of small low-yield nuclear weapons for the defense of the free world, test manager Reeves said.

for our 16-man police staff, all adults must give us a big helping hand, be extra careful with their driving and keep a constant eye peeled for dark-clothed little figures who will only be thinking of what they might get at the next house, not paying much mind to traffic, Chief Conner exclaimed.

The Texas Safety Association says in a special message to motorists: "Be extra careful to avoid these little gremlins, so as not to make ghosts of them before their time."

Half of Conner's 16-man crew of law-enforcers will be dispatched to Harvester Stadium to help curb any outbreak of trouble at the Pampa-Falo Duro football game. Gray County Sheriff Rufe Jordan (See GHOSTS Page 3)

from behind a parked car, there was a squealing of brakes, a terrifying scream and then a quiet. Little Carolyn, a dimpled young charmer, he dead beneath the wheels of an automobile.

For obvious reasons, Pampa Police Chief Jim Conner has issued no-nonsense orders to his men as hundreds of local miniature spoons and hob-goblins ready for a night of roaming the streets.

"We'll have our full force working all night if necessary to protect the youngsters and to try and cut down on the destruction of property by teen-agers, who seem to think Halloween night is the one night in the year they can do no wrong," Conner said this morning.

"But the job is much too big

Grain To Europe
AMARILLO, Tex. (UPI)—Grain sorghum producers want to export their crop to fatten the chickens of Europe.

Directors of the Grain Sorghum Producers Assn., meeting in Amarillo, agreed Thursday to negotiate a contract with the U.S. Foreign Agricultural Service to seek European market outlets.

John R. McCracken, of that service, told association members the contract will probably be completed in a few weeks, the first such agreement by a grain feed group.

Bill Crottinger of Tribune, Kan., an association director who recently returned from Europe, said chickens are becoming popular food in Europe.

But he said birds fed on locust seed pods, waste from wheat seed, fish and meat scraps and peanut meal are low in protein. He said the grain association will work with poultry and soybean people to show Europeans how to fatten chickens on grain sorghum, and fry them in soybean oil.

If it comes from a hives store, we have it, Lewis Hives, adv.

AFTER THE BALL—Many's the tummy that will be aching after Trick or Treaters receive the hospitality of residents around town tonight. One of the best known remedies is that which Mrs. R. M. Hampton is preparing to give her three sons, Matt, left, David, center, Moss (second from right) and their friend, Hank Rose. The Hampton boys are the sons of Dr. and Mrs. Hampton, 1824 Mary Ellen. Hank is the son of Mr. and Mrs. Henry Rose, 1318 Hamilton. (Daily News Photo)

THE 1959 EDSSEL

To make it America's most practical car, the 1959 Edsel has been repositioned in price and in size. Offered in a selection of 10 models in three series—Ranger, Corsair and Villager station wagon—the 1959 Edsel features increased passenger space with no added overall length, reduced total weight and a wide selection of economy engines and transmissions. Shown here, left, is the Corsair four-door hardtop and at the right, the rear of the Ranger four-door sedan. On display tomorrow at Rite-Way Motors, 716 West Foster.

You're Right As Rain; Pool Your Ideas And Be Real Right

By DELOS SMITH
UPI Science Editor

NEW YORK (UPI)—A peace-maker has entered the scientific arena where "organists" and "psycho-dynamicists" do wordy battle over the largely unknown causes of mental diseases. Saying (in effect): "You're both right—as far as you go. Get your ideas together and you'll both be entirely right."

"Organists" argue all mental diseases have to be caused by disturbances in the chemistry or structure (or both) of the organ of the mind which is the brain. "Psycho-dynamicists" argue the mind stores conflicts and undigested fears and frustrations and these influence its workings and collide in such ways as to cause mental diseases. If either could prove his case, there would be no argument, naturally.

Dr. Otto F. Ehrenthell, the would-be peace-maker, offered this argument: Disturbances in brain chemistry and/or structure make insanity possible. The stored conflicts and undigested fears and frustrations determine the direction and the manifestations of the insanity. He reasoned there could be no active mental disease such as schizophrenia, without both processes working.

What does a top duplicate player do about opening a 12-point hand?

Sometimes they open, sometimes they pass. Here is one that almost every East player chose to open with one diamond at the recent summer Nationals. Invariably, West responded one heart whereupon most East players chose to rebid to one no-trump.

There would be no more bidding and East would make his one no-trump contract after losing four spades and two aces. Three East players raised their partners to two hearts. Two Wests made their contracts and tied for top. The other West was the vic-

tim of very good defense and went down one trick for an absolute zero.

North opened the live of diamonds. The jack was played from dummy and South signaled with the nine instead of winning with the ace.

A trump lead produced West's king and North's ace and North played his three of diamonds. This time South went up with the ace and gave his partner a ruff. Two spade tricks were taken next and South led with his last diamond.

West could still make his contract if he guessed to ruff high and pick up North's king of trumps, but West went wrong and ruffed with the nine, whereupon North made his ten spot and set the hand.

cases where it is impossible to demonstrate a structural and/or chemical disturbance. These cases make up the majority of patients in mental hospitals. Indeed, after-death examinations of the brains of extremely insane persons consistently fail to reveal any physical disturbance. "Psycho-dynamicists" point to this as a strong indication (if not proof) that they're right. "Organists" say it only shows science has a lot to learn about the brain.

Ehrenthell said no one should disagree with this: "Thinking, listening, seeing, talking, feeling are all biological processes taking place in the brain." And there can be no "biological process" without changes in body chemistry and in "electricity and in structure of cells and tissues." There is a difference, to be sure, between an arm paralyzed because of a nerve injury and an arm paralyzed because the mind of its owner is gripped by hysteria. But the hysteria has brought about the physical disturbances of structure and/or chemistry which paralyze the arm.

Example Cited
To illustrate, he cited a patient of his who was in his late 50s before he broke down with mental disease. This man had suffered all his life from a congenital under-development which prevented him from enjoying in the mere status of being male. But he lived a normal life until hardening of the arteries of the brain brought about marked disturbances in its chemistry and structure.

Ehrenthell said that if this physical change had been the only factor, the man would prob-

PROTECTIVE HALO—Newest Italian safety device for sleepy motorists consists of a metal ring which fits almost flush with the underside of the steering wheel. With a normal grip (drawing, top) nothing happens. But as the drowsy driver's hand relaxes (drawing, bottom) the metallic halo sets off a horn in his ear and automatically engages the brakes.

Law Made To Halt Deaths In Ice-Boxes

WASHINGTON (UPI)—A curly-haired 3-year-old boy climbed into a refrigerator and the door slammed shut.

His mother found him five hours later—dead. Tiny finger marks on the inside of the refrigerator door testified to his efforts to escape.

A federal law aimed at eventually ending such "ice box deaths" went into effect Thursday.

The law requires that all refrigerators sold in interstate commerce must be constructed so a small child can open them from the inside.

Must Open Easily
Refrigerator doors must be built so they will open when:

—Not more than 15 pounds of pressure is applied from the inside where the handle is located.

—Or, an inside knob requiring not more than five pounds of pressure is turned.

—Or, some automatic device requiring not more than 15 pounds of pressure operates.

Congress passed the law in 1956 and directed the administration to draw up specific requirements. Many refrigerator manufacturers have been installing the required safety features for some time.

Government officials estimate more than a dozen children a year on the average are trapped in refrigerators and ice boxes and die. The death toll in 1953 reached 26.

Most of the deaths have involved children becoming trapped in abandoned ice boxes or unused refrigerators. However some have involved refrigerators in use.

Coffins of Tomorrow
In only two days in 1953 nine children autocaused in two ice boxes in Virginia and Arkansas. In Philadelphia in 1955 one five-year-old boy shut the door of a refrigerator in which two playmates were sitting. Both autocaused.

Diane Varsi, A Fem Version Of Dean?

By VERNON SCOTT
UPI Hollywood Correspondent

HOLLYWOOD (UPI)—It wasn't easy, but this zany celluloid farm has produced a feminine Jimmy Dean.

Quotes In The News

LITTLE ROCK, Ark.—Gov. Orval E. Faubus in deploring synagogue bombings in other states: "We must do everything humanly possible to see that no such incidents occur in Arkansas."

NORTH ADAMS, Mass.—The Rev. Edwin T. Dahlberg, president of the National Council of Churches, in noting that the ecclesiastical idea is like an egg, perfectly safe as long as it remains a mere theory: "The trouble begins when the egg is hatched. Then it begins to scratch up the neighbor's garden and wake up people early in the morning."

LONDON—Frank Sinatra in commenting before an audience of London notables of rumors he will marry Lady Beatty: "According to the newspapers here I've been married more times than (King) Farouk and I'm not even as fat as he is."

VIENNA—Magda Gabor, who with her sister Eva was reunited with their Hungarian father, on whether they planned to return with him to Hungary: "We never even think of going back to Hungary. We love America."

Dean. She's 26-year-old Diane Varsi, a troubled, introverted girl who says she is happy less than two days a week. Like the late Jimmy Dean, she is a full-fledged star after only two pictures.

Diane admits she's a rebellious nonconformist. Her behavior and appearance confirm it.

Huddled in a corner of the 20th Century-Fox commissary for lunch, Diane looked a perfect ragamuffin, the antithesis of such studio glamour girls as Jayne Mansfield and Joan Collins.

Diane was wearing faded, skintight blue denim trousers, blotched by rust from the rivets. Her hair was disheveled, her nails unpolished and her bare feet ensconced in Japanese sandals. She wore no makeup—not even lipstick— as she sat cross-legged at the table.

"I'm not interested in superficialities," she explained in a quiet voice.

Thinks Clothes Unimportant
"Fancy clothes and makeup take too much time. I only take time for things I think are important. Therefore I'm quite inconsiderate of my appearance and superficial opinions other people might have."

Diane and the late, tousled-haired Dean have other traits in common. Both were nominated for Academy Awards—Diane for her first role in "Peyton Place."

Like Dean she also fights studio dictates. Until recently she was under suspension by Fox for refusing to accept a loanout.

"I don't like being compared to Jimmy," she went on. "I never met him. But I want to be original. That's how I think."

Diane rubbed her shiny nose with the back of her hand and

nibbled at a piece of French bread. Before answering questions she burrows deeply into her thoughts.

Asked the reason for this, she said: "I only went to high school for one year, and I like to think about things."

"I'm undisciplined about my reading. Right now I'm studying anthropology and reading some books on plants and things."

When Diane quit high school she struck out on a "pilgrimage to find myself." In the process she worked as an apple picker, restaurant hostess, model, salesgirl and on an assembly line in a candle factory.

Diane has been married twice and lives along with her 2-year-old son, Shawn. She divorced her

second husband, James Dickson, last August.

"My days are filled with housework and taking care of Shawn," she said. "I don't even own a television set. Never saw more than 12 hours of TV in my whole life. I haven't the time for it."

"I've been a rebel since I was 12 years old. I was rebelling against the way I was treated and things I didn't like. Even at that age I thought conforming would annihilate my very existence. When people ask me why I don't conform, I ask them, 'conform to what?'"

Currently starring in "Compulsion," Diane says "I am trying to commit myself as fully as I can to the 'role'—a characteristic well known to Dean's associates.

PETE BOND SAYS

If I'm elected commissioner the county equipment will be used for the maintenance of county roads and not for private contract work which I think should be left to the contractors. I expect to give special attention to the school bus routes. If you have any complaints I certainly want to hear about them, and I will be happy to hear any suggestions you may have for the improvement of our county roads. I think everyone (and not just a favored few) are entitled to good roads. I expect to hire men according to their ability to do a job well, and not whether or not they attend my church. I am a write-in candidate for Commissioner of Precinct 2. My name is not on the ballot, but please go to the polls, scratch G. L. (Nat) Lunsford and write in Pete Bond. Your vote and support is appreciated.

An exciting new kind of car! Makes history by making sense

The car you hoped would happen! Looks right, works right. Priced right. Luxurious without overdoing it. Roomy without useless length. Powerful without hogging gas. Styled to last. Soundly engineered. Solidly built. Priced with the most popular three!

Add it up. You get solid new distinction rivaled only by cars costing much more! Bold new vertical grille. Strong new lines. Graceful new rear light deck.

You get beautiful new efficiency. Wonderfully spacious interiors—with less length outside. Six adults ride in comfort, but Edsel's compact 120-inch wheelbase fits any normal garage, swings easily in and out of tight spots.

You get lots of go for little gas. Pounds and pounds of useless car weight are gone. And four new Edsel engines are here! Including a thrifty six with a powerful test track record. And a new kind of economy V-8 that uses regular fuel

and wrings big mileage from every ounce! You get all the magnificent quality that marks a superior car. Super-smooth ride. Big, self-adjusting brakes. Luxurious carpeting, electric clock and four other customary "extras"—at no extra cost.

Yet the challenging new 1959 Edsel is priced with the most popular three! For example, you'll find that a new Edsel Ranger is priced almost exactly the same as many models of Chevrolet, Plymouth and Ford. See for yourself—this comparison is actually based on the factory suggested list prices.

It's easy to see why this is the car that makes history by making sense. The new kind of car you've been waiting for. See it and drive it now at your Edsel Dealer. Ten history-making new models!

Pampa Names Delegates To Scout Meeting

Delegates from the Top O' Texas Girl Scout Council to the Regional Conference, to be held Nov. 11-13, in Houston, will be Mrs. John Holt Jr., president; Mrs. Bob Andis, president-elect; and Mrs. N. G. Kadango, executive director. Cactus Region IX includes Texas, New Mexico and Oklahoma.

Accompanying the delegates will be Miss Ann Duncan and Miss Shirley Keach of Senior Scout Troop 47, Skellytown. Their selection by the Council's program committee was based upon maturity to take part in an adult meeting, completion of the Senior five-point program and the application of the Girl Scout Promise and Laws in their daily lives.

Theme of the Regional Conference, held every three years, will be "You Can Count On Her - Can She Count On You To Meet The Challenges of a Changing World." The opening session at 7:30 p.m. Nov. 11, will feature an address by Dr. Gerald Wendt, nationally recognized speaker, whose topic will be "The Foreseeable Future." Another highlight of the session will be the welcoming to Region IX of Mrs. Charles U. Culmer, National president, who will be the main speaker at the morning session Nov. 12. She will talk on the shape of the future in relation to the Girl Scout program.

Informative talks and discussion will be held the afternoon of Nov. 12 on the 1959 Roundup, international activities, the new Girl Scout bookkeeping system, special senior projects, and Miss Mary E. H. Rawley, national equipment advisor, will hold conferences. Girl Scout films will be shown and exhibits will be on display. That evening will feature a community night program by the Houston and Harris County Girl Scout Council on meeting a girl's need for security in a changing world.

The morning of Nov. 13, will be devoted to discussion groups on the national priorities, which are "For Better Community Support," "For More People," "To Hold Girls Longer in Girl Scouting," "To Make Our Philosophy a Vital Part of All We Do," and "For More International Opportunities." Progress reports on business to be discussed at the next National Council will be given that afternoon as well as a talk by Miss Bernice Hess, assistant director of the Field Department, on attitudes and everyday relationships in a changing world.

The conference will be climaxed by a banquet the evening of Nov. 13, during which Miss Oleda Schrotky will speak on the accomplishments of the Girl Scout organization during the changing times of the past.

Hobbs Youths Not Connected

Three young Hobbs, N.M. men, held in county jail since Wednesday on worthless check charges, apparently have no connection with the recent outbreak of N. Hobart St. burglaries.

Police Chief Jim Conner said this morning that the men, Pat Stark, Don Stark and Howard Lewis, ages 19 and 20, had been "run out of town" a couple days before the most recent burglaries, Sunday. They had been rooming here about three weeks while seeking area farm jobs.

Conner said the trio evidently went from Pampa to Borger where, Sunday night at 10:10 p.m., the men were arrested for vagrancy.

It is believed, Conner said, that all five of Sunday night's burglaries took place after 10:30 p.m. One of the business burglarized had not closed its doors until that time.

Meanwhile the Hobbs men are still in county jail on charges of swindling with a worthless check. The check, for \$20, was cashed at Fite's market, 1833 N. Hobart.

Academy Does Not Recruit Footballers

"The Air Force Academy has a definite policy on football recruiting. We don't do it," Col. Jean Daugherty, deputy chief of operations at the new US Air Force Academy, Colorado Springs, Colo., said Thursday. Introduced by Republican Don Cain, Daugherty spoke at the noon meeting of the Pampa Lions Club.

The Lions also heard Quentin Williams, local realtor, on the proposed Amendment 7 to the State Constitution. Williams said that the amendment which prohibits the State from advertising its resources and tourist attractions, was passed in 1876 to keep out the carpet baggers. Texas is one of the three states which has such a limitation in its constitution. The only promotion now being done is the work of local chambers of commerce, private individuals and firms, according to the speaker.

Williams went on to say that over 2,000 inquiries about Texas are received in Austin each year but that no State agency is in a position to deal with them.

Daugherty briefed Lions on the aims of the Air Force Academy. The foremost goal is to "educate, train and motivate a life long career in the Air Force," he said. "The motivating part we think is the hardest. There are other opportunities in the world besides being a career officer."

The Academy offers an enrichment program for those able to complete the first two years through exams and enables them to go back and get an advanced degree after they have graduated.

"Leadership is the capacity to lead, not the capacity to tell someone to do something," he affirmed. At present the Academy is seeking "people with outside interests" rather than sports heroes.

Services Pending For Mrs. Perry
Funeral arrangements are pending in Ryan, Okla., for B. L. Perry, 61, father of Mrs. Weldon Carter, 1916 Chestnut.

Mr. Perry died at 11 p.m. Thursday in the Ryan Hospital following a stroke. He was owner of the Ryan Hardware Store and had resided in Ryan for many years. He was a member of the Methodist Church and was currently working with a building committee for a new church; he was also a member of the Masonic Lodge.

In addition to his daughter, Mrs. Carter, of this city, he is survived by his wife; another daughter, Mrs. John Dixon of Bovina; and a son, James Perry also of Ryan.

Jimmy Goff and J. B. Bryant of Pampa were among 35 cadets of the West Texas State College Reserve Officers Training Corps to receive scholastic achievement awards recently.

Midnight Is Deadline For Absentee Voting

Midnight is the deadline for absentee voting in Tuesday's general election. Charlie Thut, Gray County clerk, reminded voters today. The County Clerks office has ballots from 48 Gray County voters and hopes to have 12 more back in the mail today.

Outside of the US Senate Race, the greatest interest has been stirred by the nine proposed amendments to the State Constitution that will appear on the bottom of the ballot.

Ralph W. Yarborough, who won the Democratic primary nod for full term as the junior senator from Texas, is opposed by Roy Whittenburg, Amarillo rancher and publisher, in his first bid for public office. Bard A. Logan, Constitution Party candidate, is the third man in the race.

Constitutional amendments are proposed for annual sessions of the State Legislature, a retirement, death and disability and death compensation fund covering the elective and appointive officers of the county and precinct and a pension for retired Texas Rangers who are ineligible to participate in the Employee Retirement System of Texas, and their widows.

Mobeetie Sets Big Homecoming Celebration

MOBEETIE — Homecoming day for Mobeetie ex-students and teachers has been set for Saturday, November 1, 1958. The seniors of Mobeetie High School are sponsoring the occasion this year as they have for several years. The classes to be honored this time are the graduates of 1936 to 1940, inclusive.

Since the high school building was destroyed by fire the night of August 13, 1958, the main topic of conversation for the "exes" is likely to be quite different from the past. As usual, a dinner will be served from 4:30 to 6:30, but it will be served this time in the gymnasium.

The charge will be \$1.00 per plate. Any ex-students who may find it more convenient to bring the whole family are invited to do so. The program will start at 6:30 and the football game with Flomot at 6:30.

It Pays To Read The Classifieds

FURR OPENING

Mayor Lynn Boyd and Mrs. John Lee Bell, center, clip the ribbon that opens Furr's new super market, 1420 N. Hobart. Key Furr, chairman of the Furr, Inc., board, is at extreme left with John Lee Bell, Mrs. Alvin Bell and Earl Barnett, manager, are at the right. The Bells are owners of the building. Left to right, back are Ray Holbert, supervisor from Amarillo; Robert Wright, produce manager, and John Reese, drug department head.

Pampa Wins In Amarillo

AMARILLO (Sp.) — Gloria Damron, a Pampa High School twirler, won one of 52 medals awarded in the regional Marching and Twirling Contest here. Jerilyn Carter and Sandra Welch, students at Robert E. Lee Junior High School, also won medals.

Two girls from Perryton High School, Joyce Mayberry and Deanna Smith, won medals as did Juanna Jo Moore, White Deer. Perryton and Canadian trios took medals in the ensemble competition.

Individual certificates went to Eileen Butler and Kay Kotara, White Deer; Pam Williams, Perryton High; and Marcia Crowell, Canadian High. A White Deer quartet and Perryton trio received ensemble certificates.

The First Methodist Church and UNICEF campaign chairman here, reported \$52.72 contributed and possibly more to come. It's the night of mystery and darkness with the wee folk on the loose, take care Mr. Motorist.

Melton Rites Set Saturday

Funeral services for Mrs. Maude M. Melton of Skellytown, wife of K. K. Melton, Skellytown Justice of the Peace, will be held Saturday afternoon in the Duenkel Carmichael Chapel with Rev. Truman Luther, pastor of the Skellytown Baptist Church officiating.

Mrs. Melton, who was 70 years old on April 27 of this year, died at 7:15 Thursday night in Northwest Texas Hospital, Amarillo, where she had been a patient for three days. She was a member of the Baptist Church and a long-time resident in Skellytown; moving north of Skellytown in 1924 from Cement, Okla., and then into Skellytown in 1927.

In addition to her husband, she is survived by three sons, Willis W. Denham of Skellytown, Sidney and Kenneth Melton, both of Dumas; two sisters, Mrs. Anna Sockwell of Mountain Park, Okla., and Mrs. Cassie Cummings of Dela, Okla.

Burial will be in Fairview Cemetery.

RUSSIA Theft Reported

(Continued From Page 1)
A padlocked box containing about \$1 in small change was broken into sometime Sunday at St. Paul's Methodist church, Mrs. F. W. Broyles reported to Pampa police today.

The box was in the meeting room of Pampa Girl Scout Troop No. 3. Doors to the room were unlocked and a screwdriver was used to loosen the padlock.

Man Suffers Severe Burns

Gene Willis, 22, suffered painful second degree burns on his hands and face Wednesday afternoon in a motor-cleaning mishap at the Weaver Brothers service station, 600 W. Foster.

Willis, a station attendant, said the solvent burst into flames while he was cleaning the engine of a car belonging to John Cundith, 1124 Crane.

Pampa firemen, called to the scene at 3 p.m., reported heavy damages to the car's wiring and paint. Willis was driven by friends to a hospital for treatment.

DEAR ABBY...

By Abigail Van Buren

DEAR ABBY: My husband and I lived with my parents for a month when we were first married. My husband had a fight with my folks over money and he hasn't spoken a word to them since. That was five and a half years ago. I think he should forgive and forget. My mother says she still loves him like a son. We have three children. The oldest one is three years old and she'll soon be asking why Daddy doesn't talk to them. How can I explain it to her? I'd like to invite my parents over, but they won't come because they know they are not welcome by my husband. Please tell me, Abby, how can I get him to forgive my folks? Print your answer, please, because he reads every word of this paper. Thank you.

business in my home so naturally I'm home all day. The lady across the street must be running a flop house. From my window I see all sorts of strange characters coming in and going out. She herself rarely goes anywhere and I never see anyone bringing groceries to her place. None of the neighbors know her or anything about her but she is about 45 and uses the name "Mrs. So and So." I think she should be told this is a respectable neighborhood. Should I report her?

RESPECTABLE NEIGHBOR
Dear Respectable: Report her to whom? And for what? You've got a business. Mind it!

DEAR ABBY: I am a 14-year-old girl who has a bad case of acne and blackheads. My mother took me to a skin doctor and he said all adolescents are troubled with this because their glands don't regulate the oils right and there is nothing you can do about it but keep your face clean and put on a special ointment. He also said not to squeeze blackheads. Well, everytime my mother looks at me she says, "Come here," and she squeezes another blackhead. When I remind her what the doctor said she says, "Oh, be quiet, I have to look at you all day." Abby, what should I do?

WISHING
Dear Wishing: GOD forgives. Who does your husband think he is?

RUTH MILLETT

Dorothy is always meeting the most interesting, the most amusing, the nicest, and the smartest people.

Yet Dorothy doesn't have a fascinating job that makes it possible for her to meet "interesting" people.

The reason Dorothy finds so many people unusual in one way or another is that Dorothy looks for the qualities in each person she meets that set that person apart.

When she meets another housewife, for instance, she doesn't immediately put her in a mental category — about 30, husband an insurance man, rather pretty, two children, lives in such and such a neighborhood.

No, Dorothy comes away from the meeting with an entirely different picture. She didn't meet a thirtyish housewife, whose husband sells insurance. She met a woman who is interested in art, who is taking painting lessons at the local college, and whose enthusiasm for her hobby has won Dorothy's attention and admiration.

Just hearing Dorothy describe this new acquaintance would make you anxious to meet her — for Dorothy has discovered what it is that makes her different from other housewives.

When Dorothy speaks of the person she knows it is in terms of their intelligence, their wit, or their special talents — because that is what she looks for in the persons she meets.

So she finds interesting people everywhere. And so could the rest of us — if whenever we meet a person we would look for the thing that makes him different and sets him apart from others.

All too often we housewives tell ourselves that only women with fascinating jobs have a chance to meet fascinating people.

Youngsters who say they can't eat a thing often may be too tense or tired when dinner time comes. Try to get them away from play activities 15 minutes or half an hour before mealtime and into a relaxing warm bath.

Party With Middle East Theme Ends Study For Harrah Methodist WSCS

Both circles of the Woman's Society of Christian Service of Harrah Methodist Church met Thursday evening in joint session.

Mrs. P. D. Gross, president, presided at a short business session, during which it was decided the group would go to Amarillo Nov. 4 to visit the Wesley Center and to deliver a box of Christmas toys for the children.

All members are urged to get their used clothing in, in order to complete the United Appeal for Overseas drive before Nov. 1.

Announcement was made of a "quiet day" for prayer and meditation, ending the week of Prayer and Self-Denial, to be on Thursday, at 10:30 a.m. for Circle 2. Mrs. D. S. Buckner will be in charge of the program. Circle 1 will meet at their regular 7:30 p.m. hour. They too, will have a program of prayer and meditation under the leadership of Mrs. C. W. Kenemer.

Another announcement was that of the meeting of the United Church Women of Pampa on Nov. 7 at 2:30 p.m. in Harrah Church, for a World Community Day program and the installation of officers.

After the business meeting, the last lesson on the study "The Middle East" began with prayer and scripture reading by Mrs. Gross. Those having parts on the program were: Mrs. O. M. Butler, Mrs. H. V. Pigg and Rev. O. M. Butler. The program was concluded with the showing of slides taken in Iran and Iraq by the son of Mrs. Lizzie Collins. Mrs. Butler showed the slides.

Entertainment for the evening was a Middle East party. Mrs. G. O. Hall was "story teller" and told several folk tales that were favorites of the Middle East people. She also led the group in playing a game from Iran.

On the walls of the entertainment room were pictures of the Middle East, a large scarf from Iraq and a rug from Iran. Potted plants and flowers were used to create a Mid-east effect. A display table with many articles from various middle east countries was an interest center. A low table,

around which the guests sat on cushions, was laden with metal trays of dates, raisins, candies and Lawz Khuzb (almond cakes made from an Iraqi receipt.) Coffee was served in small cups by Hostess Mrs. Dale Gross and Mrs. P. D. Gross.

Other members present in addition to those already mentioned were: Mmes. D. S. Buckner, W. J. Duncan, Bob Chase, Burl Brown, Josephine Wright, and Johnnie Pierce.

Barbecue Dinner For SS Families

SKELLYTOWN (Sp1) — Employees at Skelly Schaefer plant and their families attended a barbecue recently in the IOOF hall served by Sutphens Pit Barbecue of Phillips.

Guitar and violin music was furnished by local talent. Hula hoop contest were held in various age groups. Games were given to the children as prizes and sacks of groceries and car supplies to the men and women winners.

Johnnie Willson and Edd Harmon had charge of the arrangements.

More than one bathroom helps keep harmony in the home. Often you can solve a one-bath home by adding a half-bath. This is good for children who dawdle through washing teeth.

ACC Opens Drive For New Classrooms

ABILENE (Sp.) - Abilene Christian College will launch a campaign Saturday to raise \$500,000 for the construction of a new classroom building.

Texas Baptists Cite Newsmen Of Year

DALLAS (Sp.) - William I. Latham, veteran reporter, and editor for the El Paso Times, will receive a religious news award...

The 47-year-old newsmen is a popular speaker at men's groups in West Texas. He is chairman of the board of deacons of the First Baptist Church, El Paso, and teaches an adult men's Sunday school class.

From 1927-41 he was telegraph editor on the Douglas, Ariz., Dispatch, returning to the Times in 1941. He was city editor when called to active duty with the Army in 1942.

Latham will receive a \$150 engraved wrist watch and a commemorative plaque in presentation ceremonies Wednesday afternoon Nov. 5.

The BCTC makes the award on behalf of 3,814 churches and 1,558,000 members each year for outstanding contributions to Christianity through religious news reporting.

Latham will be the only layman honored by the state's largest religious body at the convention. He is first vice president of the El Paso Downtown Lions Club and was cited as 'Lion of Distinction' in 1952 for a talk on 'Why I Go To Church'...

First Baptist Church Okays Huge Budget

Last Wednesday evening the First Baptist Church of Pampa adopted the largest budget in its 51 years as a church. The congregation accepted the goal of \$160,200 as its giving program for 1959.

The church will begin a program Sunday of pledging this entire amount by Nov. 23. Each member will be asked to pledge an amount of their own choosing during this period included in the program will be a men's meeting on November 16; visitation by all Sunday School teachers and a special combined meeting of the entire Sunday School on the last day of the campaign.

Sunday will see the recognition of the Royal Ambassadors of the church. This boys program, sponsored by the Brotherhood of the church, has two chapters enrolling approximately 50 boys. The Junior chapter is led by Vernon Alexander, Ronald Merrill and Floyd Hatcher. The Intermediate chapter is led by James Kirkwood.

The Women's Missionary Union will meet Wednesday for its Royal Service program under the direction of Mrs. R. L. McDonald. The executive committee will meet at 9:30, the Royal Service program will begin at 10:15 and a luncheon will follow at noon. The Business Women will meet Thursday night for its supper meeting.

Those who oppose the proposed amendment say that annual sessions would tend to encourage professional Legislators of a caliber not as high as those now serving. They also argue that the extra sessions would increase costs and result in more taxes, partly because a greater volume of legislation could be expected and this extra legislation would increase the size and functions of our State government.

Another argument which is being advanced is that annual sessions would make the members of the Legislature more sensitive to the needs of the people. The regular biennial session of the Legislature nowadays is too busy to consider fully much important proposed legislation. Many worthwhile measures die without action each session simply because of lack of time. The amendment would cut the amount of time devoted to budgeting and appropriations measures in Regular Sessions and allow more time for other important bills.

Deadline Set For Education By Television

FORT WORTH (Sp.) - Deadline for enrolling in the 1958-1959 Project for Teacher Recruitment and Education by Television is Nov. 15. Dr. Jeff L. Horn of the TCU School of Education warned this week...

TCU and 46 other colleges and universities are cooperating with the Texas Education Agency in the program. Under the plan, now in its second year, any graduate of a four-year college is eligible to enroll. They are required to complete a telecourse which includes 26 'Texas Curriculum Studies' programs, read a textbook and take mid-term and final examinations.

After completing the course, participants will be issued a Texas teaching permit valid for the 1959-1960 year and renewable for two additional years. A participant may also teach during the present school year if a position is offered him.

Eighteen Texas television stations, including WCAP-TV of Fort Worth, are taking part in the program as a public service. Cost of taking the course through the TCU School of Education is \$15. Full information may be obtained from Lee Wilborn, Texas Education Agency, 11, Austin, or from Dr. Jeff L. Horn, School of Education, TCU, Fort Worth.

Last year, 543 enrolled in the program over the state.

Seek Film Ban

BONN, Germany (UPI) - will try to halt the showing of wartime anti-Nazi films in the United States and Canada. Foreign Minister Heinrich von Brentano said Wednesday. He told a questioner in Parliament that diplomatic officials would take whatever steps were possible to have such films junked. A Parliament member said the films were being shown because they were so old their rents were extremely low.

MAY VISIT LOURDES

VENICE, Italy (UPI) - Pope John XXIII may attend the closing of the Lourdes centenary next February, his former auxiliary said today.

The Weekly Message Of Inspiration

A. BRUNS, Pastor
Zion Lutheran Church

**Matthew 11, 28: COME UNTO ME, ALL YE THAT
LABOR AND ARE HEAVY LADEN, AND I WILL GIVE
YOU REST.**

Do not read this message if you are impenitent! These words are addressed to those who speak with the Psalmist: "Lord heal me; for my bones are vexed. My soul is also sore vexed. My bones wax old through my roaring all the day long. For day and night Thy hand is heavy on me; my moisture is turned into the drought of summer. There is no soundness in my flesh because of Thine anger; neither is there any rest in my bones because of my sin. For mine iniquities have gone over my head: as a heavy burden they are too heavy for me. My wounds stink and are corrupt because of my foolishness. I am troubled. I am bowed down greatly; I go mourning all the day long. For my loins are filled with a loathsome disease. And there is no soundness in my flesh. I am feeble and sore broken. I have roared by reason of disquietness of my heart. Lord, all my desire is before Thee; and my groaning is not hid from Thee". Psalm 6 and Psalm 38. To such the Lord replies: "I have redeemed thee with My blood because I love thee with an everlasting love. Thou art mine. Therefore come unto Me and learn of Me that I am meek and lowly. You see My miracles and stand aghast, marvel and say: A great Prophet is risen among us. You hear My words and they startle you and you say: Never spoke man like this before. In spite of your amazement, learn of Me that I am meek and lowly in all My greatness. You are a sinner. You feel that. You know that. But I know it better than you do. You have a guilty conscience; I know it. You feel God's wrath; I know it. But I will not frighten you or meet you with a scowl and frown, or with a gruff voice and icy coldness. I will not only meet you with mildness and gentleness and composure, but I will meet you with meekness. I will come down to your level and help you. I am lowly not only in words, but at heart. Therefore come unto Me and I will give you rest. I will give you a happiness you have never known before. You will be at ease, comfort and assurance, which can come only through assured forgiveness and a reconciled God." Therefore here and now smite upon your breast and speak honestly and sincerely: "Lord, my God, here and now I dedicate myself to Thee with all that I am and have. Thou with me and in me, I shall surely reach the haven of everlasting rest and peace of Heaven."

Pampa, Palo Duro To Clash Here Tonight

Shockers Top Tascosa, 38-14

AMARILLO — Pampa's Shockers scored three touchdowns here Thursday in the second quarter and went on to take a 38-14 victory over Tascosa B team.

Shocker quarterback Steve Dobbins ran for one of the three second period scores and passed for the other two to spark the Pampa B team to its fourth win, against three losses.

The win was the most one-sided victory marked up by any Pampa football team this season — yet the Shockers had to come from behind once and to break a tie once before they could claim the triumph.

After recovering a Shocker fumble on the Pampa 24, Tascosa drove to a touchdown early in the first quarter. Gary Taylor scored from the eight, but the try for point failed.

There was no further scoring in the first quarter, but early in the second Steve Dobbins ran 49 yards on a keeper to tie the score for Pampa. Billy Cooper passed on Ruben Strickland for two extra points to put the Shockers ahead. Moments later, Dobbins passed to Roy Don Stephens for the second Shocker tally. The pass-and-run covered 25 yards. The extra point running try failed.

Still in the second quarter, Tascosa recovered a Shocker fumble after a punt and tied the score. Taylor threw a short pass to McNight, and McNight legged it out the rest of the way to the goal line. Taylor ran the extra points.

Late in the second quarter, Dobbins passed to John Spots for 42 yards and the third Shocker touchdown, to put Pampa ahead for good. Dobbins ran the conversion. The Shockers added a little insurance with tallies in the third and fourth quarters. Mack Taylor ran 15 yards up the middle in the third period, and Dobbins ran wide

RICHARD NEWBERRY
... new starting guard

Harvesters Facing Second Roughest Test of Season

By RED GRIGGS
Daily News Sports Editor

Tonight at 8 p.m., the Harvesters will see if nine days of hard work can pay off in a victory, against the second roughest team they've faced this year.

The Harvesters have fallen before four lesser squads, but they didn't have nine days to get ready for any of them, as they did for Palo Duro. The Dons and Harvesters clash in Harvester Park.

Coaches Babe Curfman, Dwaine Lyons, and Eural Ramsey have been working their players out every day, including Saturday, and plenty of contact work has been included in those practice sessions.

Bumping Heads
Curfman said that the Harvesters had done some contact work every day, except Wednesday and Thursday. "We were going to scrimmage Wednesday, too," added Curfman, "but I decided not to take the chance of having contact work that close to game time."

Curfman said that team spirit is as high as ever, and that the boys have really been hitting hard in those scrimmages.

He was optimistic about the Harvesters' offense and rushing defense. "The offense has been coming along fine," the Pampa pilot commented, "and we've been stopping most of the running plays in practice."

The Harvester coach mentioned that while pass defense has been improving, it is still not too good. Pampa did a good job of stopping Amarillo passing, but was aided by the passers' wildness.

Richard Newberry, 170 pound senior guard, has hit hard enough in scrimmage sessions to earn himself a starting position, for the first time this year. Newberry will start at right guard.

Five of Seven
Palo Duro has won five of seven games, and has a 2-2 district record. It's only losses were to Borger, 12-0, and to Lubbock, 13-8. The Dons have defeated Monterey 21-20, Plainview 12-0, Northwest Classen (Oklahoma City) 20-6, Midland 28-21, and Carter-Riverside (Fort Worth) 25-18.

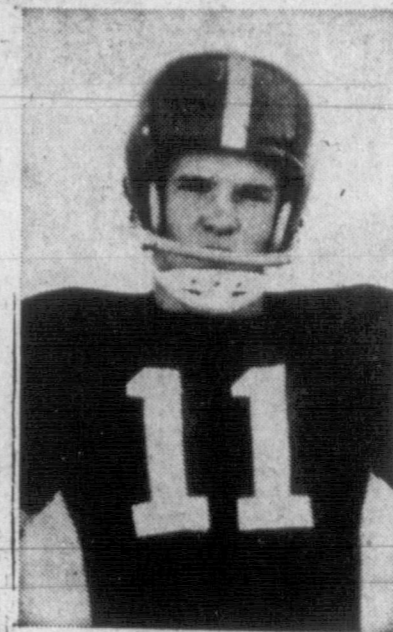

The Dons have a balanced offense, and can go either on the ground or through the air. Both quarterback Monte Deere and halfback Buddy Miller are capable passers.

Their defense, however, is their strongest point. In four district games, three of them against the Mobeetie Hornets played Flomot in 1-2-3 teams in the loop. They have allowed a total of only 45 points to their opponents.

The Dons have the edge in experience, with four returning regulars and nine other returners. Among the regulars is all-district guard Bill Mayes.

Defensive Starters
Neither Palo Duro nor Pampa has any great backfield speed, but the Dons have a slight backfield weight advantage, averaging 160 to 166 for the Harvesters. In the line, the Harvesters hold a six-pound per man advantage — 183 to 177.

Harvester defensive starters are ends Paul Brown, 190, and Duane Glover, 182; tackles Benny Stout, 208, and Debert Simmons, 190; middle guard Bailey Clements, 174; inside linebackers Clovis Shipps, 145, and Gary Matlock, 170; outside linebackers Mert Cooper, 150, and Gary Willis, 147; and halfbacks Buddy Rawls, 160, and Bobby Stephens, 144.

... McLean thinker

High Scorers Duel Tonight

By RICK PEZDIRTZ
Daily News Managing Editor

McLEAN — A note to the wise: Dig out the sun-glasses, you might need 'em here tonight. Flashbulbs will be popping all over the joint for the crucial District 2-A super-struggle between Jack Riley's hometown Tigers and the visiting White Deer Bucks of Ouis Hollanday. Probing into the individual statistics and team efforts of the two

Class A worthies who meet in their division state-headliner, you might mistake tonight's 7:30 Duncan Field kickoff for the annual Panhandle Who's Who in Football convention.

For example, five of the fleet and talented backfielders who'll square off in combat here tonight have amassed a fantastic total of 354 points between them. The result has been a 6-0-1 won-lost-tied record for each club.

White Deer's Hershall Powell and McLean's prime major college prospect Billy (The Kid) Crockett enter the vital fracas with 90 points apiece. Crockett's buzzing - cousin, appropriately named Davy although nicknamed "Eight Train" by his teammates, has raced to 72 points for the Bengals while White Deer's Allen Harmon has tallied 60 markers this season and Don Adams, a dependable "fifth man" in the Buck backfield has notched 42 points while seeing plenty of spot duty.

Powell leads a devastating Buck ground attack and must rate as one of the state's leading ground-gainers with 1183 net yards overland on 135 carries for a neat 8.8 avg. Harmon has logged leather on even 10 times for 406 yards or a 6.0 avg. Don Driskill has gained 215 yards with a first down average on an even 19.0 clip and Adams has netted 556 yards for an even better 11.8 average on 47 carries to round out the top four White Deer rushers.

Jackie Burns, who saw only about a quarter's action in last week's 38-16 triumph over Canadian and missed all of the Clarendon massacre the previous week with a badly bruised hand, returns to the starting quarterback post in Holladay's single-winged attack.

Steady Jim Rice, who Riley rates a superb ball-handler, excellent passer and bang-up defensive halfback, will be barring the signal from the T-forming the Tigers' employ. Rice has turned in scoring romps of 35, 8, 7 and 4 yards this year.

The big guns of the Crockett cousins have sprouted to paydirt this way: Billy on runs of 35, 35, 40, 15, 12, 10, 4 and three times from two yards out. Also add a 15-yard TD pass reception. David has scattered into the end-zone on jaunts of 65, 55, 50, 20, 20 and three 15-yards and got loose for the home run on another long pass play which covered 52 yards.

Burns has hit 10 of 27 aerial attempts for the Bengals, for 209 yards, and three TD's. He's also found the range with five two-point conversion shots. Dickie Hanna, who was plucked off Bob Moore's WD B-squad when Burns was hurt and Mark Collins have completed 8 of 19 passes for 177 yards and a pair of TD's, registered by Hanna in a shining performance against Clarendon.

Despite his four - man triple threat backfield (Jerry Biggers is another boss as the fourth man despite a rash of injuries this year) it's up front where Riley and his aides Darrell Christian and Bob Adams, like to really snap their suspensders and do some loud bragging.

Heading the McLean line play this fall have been Frank Worksham and tackle Bennie Woods of the right side and left guard Kent Wiggins. Wiggins is considered in many corners as the Bengals top defensive player while Woods gets a similar nod as the club's top blocker. Other Tiger linemen who have proved their mettle this season are O. K. Lee, Jim Watson, Don Cash, Bob Wesver, Melvin Buttram, Paul McCreary and Ray Hupp. There's still the job of rocking aside the heavier White Deer linemen if another upset stands in store for Riley, the miracle man of McLean.

Buck-Tiger, Rocket-Ranger Contests Are Tops In Area

While White Deer and McLean are battling it out to decide the probable District 2-A champion, Wellington will be making a last, desperate try to stop Perryton from cinching District 5-AA honors.

White Deer will meet the McLean Tigers on the Tigers' home field tonight, in the state's top class A game. That contest will be the only game between undefeated class A squads in Texas.

The Bucks and Tigers have identical 3-0 records in district play, and identical 6-0-1 marks for the season. White Deer is favored, mainly because of its lopsided wins over strong Lefors and Canadian squads.

Wellington is the only squad with even a ghost of a chance of stopping Perryton's rampaging Rangers. It is only a ghost of a chance, because the Skyrockets' only wins have been over weak

Channing at Booker; Flomot at Mobeetie (Saturday).

PJH 7th Wins; Reapers, 8th, Lose Contests

Pampa Junior High seventh grade closed its season in fine fashion Thursday at Phillips, taking a 22-0 shutout victory.

However, the other Pampa Junior High teams didn't fare so well. The Reapers, playing at home, were shut out by Phillips Junior High, 39-0; and the Planters (eighth grade) lost at Phillips, 60-6.

The PJH seventh graders were in control all the way, never allowing Phillips to make a serious threat. The entire team played a splendid ball game, both offensively and defensively.

Pampa seventh scored in the first quarter on a 20-yard end run by Kenny Hebert, and in the third quarter on a 15 yard pass from Hebert to Larry Gregory, and a 10-yard scamper around end by Joe Brock.

The Reapers were never in serious contention after the first quarter, as Phillips scored several times on long runs, to take leads of 14-0 at the end of the first quarter, 21-0 at halftime, and 28-0 at the end of the third quarter.

The Reapers marched 70 yards in the third quarter, but failed to score when a back fumbled the ball a half-step before crossing the goal line. Phillips recovered to end the threat.

Gerald Bepark sparked the Pampa offense, with 120 yards gained rushing. Danny Mathus and Eddie Berry played a good defensive game.

The Planters were completely plowed under from the start by Phillips eighth. Their only score came on a 3-yard gallop by Larkin Miller, after Miller had set up the score with a 60-yard pass-and-run play to Randy Matson.

Scores by Quarters:
Pampa Seventh 6 0 16 0 — 22
Phillips Seventh 0 0 0 0 — 0
Reapers 0 0 0 0 — 0
Phillips 14 7 7 11 — 39
Planters 0 0 0 0 — 0
Phillips Eighth 8 22 14 16 — 60

Detroit College Student Charged in Grid Gambling

ANN ARBOR, Mich. (UPI)—David Martin, eighth college student arrested in two days in connection with a football card betting ring, was to be arraigned this morning on charges of participating in an illegal occupation. Martin, 19, Detroit, a sophomore at Eastern Michigan College, Ypsilanti, Mich., was arrested by members of the state police racket squad and Ypsilanti police Thursday night.

The arrest was the first official indication the gambling ring, revealed by police in a crackdown on seven University of Michigan students, had been operating on more than one campus.

However, Detroit police continued their probe of possible tie-ins with Wayne State University, Detroit, and Denby High School,

American Lg Crowds Down

CHICAGO (UPI)—American League attendance decreased 11 per cent in 1958 with a total loss of 900,184, with only two clubs, Kansas City and Washington, showing higher figures than in 1957. It was announced today.

The league drew a total of 7,296,034 for 619 games compared to 8,196,218 in 1957. Kansas City was up 24,022 and Washington 18,209. Chicago showed the biggest drop, 338,217, while Baltimore was down 199,590.

Three teams drew more than a million fans. Detroit, Boston and New York, but all showed a drop from 1957. New York was high for the circuit with 1,428,438 and Washington low with 475,288.

The comparative figures:

| 1958 | 1957 | |
|-------------|-----------|-----------|
| Chicago | 797,451 | 1,135,668 |
| Kansas City | 925,090 | 901,067 |
| Detroit | 1,098,924 | 1,272,346 |
| Cleveland | 663,805 | 722,256 |
| Washington | 475,288 | 457,079 |
| Baltimore | 829,991 | 1,029,681 |
| New York | 1,428,438 | 1,497,134 |
| Boston | 1,077,047 | 1,181,087 |
| Totals | 7,296,034 | 8,196,218 |

Traveling Queens Bowl Here Sunday

The Traveling Queens bowling league will be at Harvester Bowl Sunday. League play begins at 1 p.m.

The Traveling Queens League is, as the name signifies, a traveling league composed of teams from Pampa, Amarillo, Borger, Hereford, Lubbock, and Plainview. They bowl once a month.

Pampa teams in the league are Harvester Bowl and Groninger-King, Inc. Other teams are Grass-Bates Insurance of Amarillo, Borger Bowl, Cedar Lane of Borger, Pitman Grain of Hereford, Nunn Electric of Lubbock, and Dorris Machinery of Plainview.

The Traveling Queens' next stop will be Amarillo's Western Bowl, Dec. 4.

Rain Bothers Longhorns; Baylor Stresses Passing

United Press International

Rain continued to bother the Texas Longhorns in practice Thursday for the game with SMU Saturday.

Working in showers for the second straight day, the Longhorns brushed up their kicking game and also practiced passing. Coach Darrell Royal switched fullback Mike Dowdle to halfback to add "punch" to the Longhorn offense.

Passes were stressed also at Waco, where Baylor made final preparations for the weekend encounter with TCU at Fort Worth.

Coach Sam Boyd said he was "real pleased" with the Bears' work all week, as he watched Buddy Humphrey toss scoring passes to Albert Witches, Austin Gonsoulin, Billy Pavliska and Gerry Moore.

Robert Starr, No. 2 Bear quarterback, also connected with several throws.

Work Defense
In contrast, Texas A&M worked on its defensive game Thursday night, with an eye to stopping the Arkansas offense.

Aggie freshman Jesse McGuire of Plainview took the part of Arkansas' Jim Mooty and did well running against the Aggie Varsity.

Arkansas continued to practice working against the Texas A&M

Mobeetie Sets Homecoming Tilt

Mobeetie (Sp1) — Mobeetie's Hornets play Flomot here Saturday at 7:30 p.m., in their homecoming game.

The game is a non-district contest, which will have no bearing on the outcome of the tight six-man district 1-B title race.

Mobeetie has a 4-1 district record, the same as Miami's. The two teams have met twice, with each squad taking one victory.

Next week Mobeetie plays Booker, a team they must beat to stay in the championship race. Last week the Hornets trounced Morse 59-0.

Boxer Registration Scheduled Saturday at Boys' Club, 1 p.m.

Registration for Pampa boxers will be held Saturday from 1 p.m. to 4 p.m. at Pampa Optimist Boys Club, according to boxing coach O. F. (Ollie) Wilhelm.

"Membership cards will be issued at the time of registration, and boys will be assigned to teams within two or three days," Wilhelm said.

All amateur boxers, in all classes and weights, must register Saturday. Classes include pee-wee, from 60 to 100 pounds, high school, and open. There are 10 weight divisions in pee-wee and high school classes, and eight in the open class.

Workouts will begin Monday afternoon at the Boys Club. They will be held from Monday through Friday, from 4 p.m. until about 7:30 p.m.

Some boxers are already working out. In fact, Wilhelm took a team to an Amarillo boxing show several weeks ago.

No matches have been scheduled but Wilhelm expects to start team matches by Nov. 15. "We're waiting for the bleachers to be completed," he explained.

Wilhelm said that in his 12 years at the head of the boxing program here, there have been no serious or permanent injuries to his fighters.

National Loop Attendance Up

CINCINNATI, Ohio (UPI)—The shift of the Giants and Dodgers to the West Coast was chiefly responsible for boosting National League attendance a healthy 15.2 per cent during the 1958 season, official league figures showed today.

The 1958 attendance total of 10,164,596 paid admissions was the second highest in the league's 85-year history, topped only by the record 10,388,470 of the 1947 season, according to Dave Grote of the National League Service Bureau.

Considering the fact that 1947 was a post-war "boom" year, the past season's total turnout was an all-time high for a "normal" operating season, Grote pointed out. This was the only other season aside from 1947 that attendance went over 10-million.

Besides the San Francisco Giants and Los Angeles Dodgers, only two other clubs enjoyed a boost in attendance during 1958. These were the Pittsburgh Pirates, surprise second-place finishers, and the Chicago Cubs, who were in the first division during the first half of the season.

The comparative figures:

| 1958 | 1957 | |
|---------------|------------|-----------|
| Chicago | 979,904 | 670,629 |
| Cincinnati | 788,582 | 1,070,850 |
| Los Angeles | 1,845,256 | 1,928,258 |
| Milwaukee | 1,971,101 | 2,215,404 |
| Philadelphia | 931,110 | 1,146,220 |
| Pittsburgh | 1,311,988 | 850,732 |
| Pittsburgh | 1,311,988 | 850,732 |
| San Francisco | 1,272,625 | 652,923 |
| Totals | 10,164,596 | 8,819,601 |

The Pampa Daily News YOUR FREEDOM NEWSPAPER

We believe that freedom is a gift from God and not a political grant from government. Freedom is not license. It must be consistent with the truths expressed in such great moral guides as the Golden Rule, The Ten Commandments and the Declaration of Independence.

A Socialist Flies

Before our hard pressed farmers settle down for the winter, there's a news item from a California paper which might cause them to enjoy their season a little more.

It seems that California, as well as Texas has had more than an occasional grasshopper infestation. And out in that coastal state, some rather intelligent moves have been made to offset the pest.

Dr. Middlekauff envisions the possibilities of exporting the fly to various states and to other parts of the world where grasshoppers and locusts are a serious problem.

Phones And Schools

Some years ago there was a great outcry by union bosses, that it was developed the dial telephone and that it was installed widely.

Fortunately for us, at that time labor bosses were not as potent and as powerful as they now are. So despite the hue and cry, dial telephones were widely put into use.

This doesn't mean, of course, that the telephone company would have hired all the available females in circulation. What it does mean is that the cost of telephone service would have risen so high, that in all probability a basic service charge would have been closer to \$30 a month than to \$5.

Without looking too far afield, we might apply this same observation to our present governments schools. It used to be that the emphasis of education was placed on the subject matter to be taught.

BETTER JOBS

By R. C. HOILES Freedom Of Contract

Dan Smoot in his "Report" shows the fallacy of the unions' contention that the right-to-work law, or 18, would interfere with freedom of contract.

"If an employer and his employees want to sign a contract establishing a union shop, they should have the freedom to do so; government should not interfere to tell a businessman and his employees what kind of working contract they should have."

"This union argument would make complete sense if it were honest; but it is false on several counts. The unions do not want management and workers to have freedom to make the kind of contracts they want.

"The Norris-Laguardia Act of 1932, passed in response to union pressure, outlawed what the unions called 'yellow dog' contracts. It also outlawed the closed shop.

"There is nothing free or voluntary about the contracts which force employees to join unions. In the first place, the employees have nothing to do with making the contracts. The contracts are made by management and a union outside organization that both management and the employees may, and frequently do, despise."

"Moreover, most of the companies which negotiate union shop agreements with big unions do not want to do it. They are not exercising any freedom to make the kind of contract they want; they are knuckling under to the brute force and violence of union bosses who can, and frequently do, shut down whole industries; hold the population of great cities for ransom; have loyal employees beaten, maimed, and stomped to death; and terrorize communities of innocent women and children — for the sole, and admitted, purpose of making management force workers to join unions and pay dues against their will."

"Protecting the Workers" "One of the cleverest touches in 'Right-to-Work' Laws (as in all other union propaganda) is the identifying of unions with the working people who are victimized by unions."

"Throughout this union book, there is careful avoidance of calling union shops enforced union membership — which is what they are. The union contracts which compel management to force its employees into a union, and which compel management to deduct union dues from employees' wages, are called 'union security' arrangements. 'Union security' is made to mean a measure of security for the poor workers — security against ruthless acts by heartless management."

"The prerequisite for teaching is not mastery of a subject, but a collection of credits from some teaching institution which spends hours of insinuating ideas or how to make students comfortable in classrooms. Additionally, there is a great cry for 'administrative' teachers who are to do the enormous paper work required in our government schools. The teaching staffs in many of our government schools are now weighted with hundreds of men and women who don't teach, but who only administer."

A Shift of Sediment

Fair Enough

NEW YORK — In California, Ohio, Arizona and other states, this year's election is a fight between Walter Reuther's political machine and Republicans who cannot be charged with patrioteering in calling themselves pro-Americans.

Reuther's press agent, one Frank Wynn, has finally denied at the last hour that Reuther wrote a notorious pro-Bolshevik letter from the factory town of Gorki in Soviet Russia in January, 1934. This letter closed with the exhortation 'Carry on the fight for a Soviet America.' It was addressed to Melvin Bishop, of Detroit, and his wife, Gladys, or 'Glad,' as Walter Reuther called her in the salutation. They were young Socialists and political associates of all the Reuthers.

The best authority on this letter and the closing authenticity of the exhortation to 'Carry on the fight for a Soviet America' is Dr. J. B. Matthews, the original 'Fellow-Traveler' who contributed more than any other individual American in the fight against the entire pro-Soviet treachery down to the time of Elizabeth Bentley and Whittaker Chambers. Miss Bentley, Chambers and others came in a later phase of the dreary, rear-guard fight of pro-Americans against a corruption which rotted the heart and soul of the State Department and the Treasury under Harry D. Roosevelt.

Senator McClellan, of Arkansas, the chairman of the Senate Board of Mountbatten, who have been endlessly exposing Dave Beck, Jimmy Hoffa but practically nobody else of importance in the union racket for more than 18 months, has written a deceitful letter to Senator Humphrey of Minnesota, attempting to take Walter Reuther off the hook. McClellan's letter throws into false importance an allegation that three versions of the Reuther letter have been entered in the Congressional Record in the course of 20 years, without noting that interested fakery could have entered a hundred versions and could have written into them much more dramatic inconsistencies than the trifling differences of which he takes vague notice in his letter to Humphrey.

As Democrats, both McClellan and Humphrey are doing their best to deserve for their party the financial support of Reuther's racket with its millions.

Dr. Matthews reaffirmed on the day of this writing that Roy Reuther, the brother who stayed at home while Walter and Vic made the pilgrimage to Soviet Russia, showed him the original letter in Flint, Mich., on Feb. 20, 1935. It was dated Jan. 21 and had been delivered to the Bishop's not long before. They had entrusted it to Roy Reuther and Matthews said today that in his opinion, Roy was upset because he thought the letter indicated that Walter and Victor 'had gone completely Stalinist.'

Looking Sideways

By Whitney Bolton

NEW YORK—Diamonds, as several persons have said and sung, are a girl's best friend and I doubt that there can be much argument about that — but there is some. They can also be counter-felt friends. And unless the girl or her fiancé, or whoever, bought them in just exactly three places in New York, she'd best look askance at whatever diamonds come her way. The gypolars are as thick as fleas in the diamond business.

Reuther Fighting In This Year's Election

NEW YORK — In California, Ohio, Arizona and other states, this year's election is a fight between Walter Reuther's political machine and Republicans who cannot be charged with patrioteering in calling themselves pro-Americans.

Reuther's press agent, one Frank Wynn, has finally denied at the last hour that Reuther wrote a notorious pro-Bolshevik letter from the factory town of Gorki in Soviet Russia in January, 1934. This letter closed with the exhortation 'Carry on the fight for a Soviet America.' Plants Can Be Snake Charmed Too Ya Know!

By HENRY McLEMORE

What would be your reaction if, day after day, you saw a neighbor pull up a chair in front of a potted plant — a geranium, let's say — and blow a bugle straight at it for half an hour?

The Nation's Press GOP KNOWLAND FUNDS IN SHORT SUPPLY TODAY (Justin News)

You who are of the opinion the Republican Party is loaded with wealth that is shoveled into campaigns automatically as the jackpot bell of a slot machine have a surprise coming. In our opinion, based upon the dearth of financial interest in the state campaign of Bill Knowland, the GOP candidate is going to have to literally talk his way to victory.

Orange County GOP fund-raising has been successful in that our county candidates will have their campaign war chests. But there will be a slight trickle only running over to aid Knowland's campaign, from what we understand.

California politics are 'big time' these days and, if the amount of money raised to publicize any candidate is an indication of how the people will vote, it is obvious the Democrats are headed for victory. Why? The Republicans through disgruntlement with various facets of their own party's political personalities are sitting on their pockets. They will cry plenty if and when it is too late, we opine. Meanwhile, the election date draws nearer and you'll not hear Republican fund solicitors bragging about the dough they have raised. Rather you'll hear them telling about their party supporters running from the fray instead of to the sound of the campaign guns.

There are all kinds of diamonds and the public knows very little about them. There are men who carry loose stones around in little tissue paper packets and trade all day, making \$5 and \$10 here and there, little deals. THEY know stones. You don't. They deal among themselves and make a modest living and occasionally make a killing. Rarely. But don't try to match wits with them, because it is their business and profession to know diamonds of every character. I will name you the

MERRY CHRISTMAS! and a HAPPY NEW YEAR. MIDWEST DAIRY PRODUCTS. FIRST in flavor... FIRST in sales... FIRST to wish you a...

AND A HAPPY HALLOWEEN, TOO-The frost is hardly on the pumpkin yet, but this highway billboard is already spreading Christmas cheer at Centralia, Ill. Set up by a dairy, the sign draws chuckles from motorists, many of whom are southward-bound to Florida.

Federal Debt Is Highest In History

WASHINGTON (UPI)—The federal debt is the highest in the nation's history.

This week's Treasury statement showed that on Oct. 23 the total gross public debt, together with certain non-Treasury securities the government guarantees, touched \$280,851,429,657.13.

The previous record was \$280,821,613,238.96, set Dec. 31, 1955.

The public debt figures include a small amount of securities which matured long ago but never were cashed in. They are not counted against the legal ceiling on the national debt set by Congress.

Congress this year fixed the permanent debt ceiling at 283 billion dollars but provided for a high temporary ceiling of 288 billion until next June 30.

SWALLOWED UP—Two Navy pilots seem to be fair game for a huge shark in Dallas, Tex. Actually, the aviators, Lt. Cmdr. Robert Schappert and Lt. Cmdr. George Kernan, are trying on for size the air scoop of a new F8U-1 fighter.

ED'S TV MIKES ARE VERY WELL HIDDEN

By VERNON SCOTT

HOLLYWOOD (UPI) — Ever wonder where the microphones are hidden when Ed Murrow invades a celebrity's home for his cozy "Person to Person" interviews?

Feminine guests slip the tiny mikes into their brassieres. Male participants tuck the gadget beneath their neckties.

Actually, Murrow's luminaries are walking radio stations. In addition to the microphone, they lug around small power packs and a miniature transmitter, thus eliminating entangling wires and hand-carried mikes.

The equipment poses no problem for men who wear the electronic gear around their waists on special belts. But the situation sometimes grows embarrassing for the ladies, especially when they're wearing form-fitting gowns.

To prevent their 36-36-36 figures from bulging to 38-38-38, the glamour girls — a few matrons, too — attach the equipment to their thighs.

Loves Wiring Job

No wonder, then, some of Murrow's interviewees appear uncomfortable.

The man in charge of wiring Hollywood guys and gals for the CBS-TV show is Steve Weiss — and he loves his work.

"I've had to strap the batteries and things on people like Jane Russell, Sophia Loren, Rhonda Fleming, Dinah Shore, Ginger Rogers and Anna Maria Alberghetti," says Weiss, a youngish

China Boosts Size Of Its Fishing Fleet

By ALBERT E. KAFF
United Press International

TAIPEI (UPI) — Nationalist China has disclosed it has boosted the size of its commercial fishing fleet in the Matsuy Islands despite a Communist buildup of fortifications on the mainland.

Strengthening of the Matsuy fishing fleet underlined President Chiang Kai-shek's determination to hold onto the Matsuy and Quemoy offshore islands at any cost and to develop their civilian agriculture and fisheries.

The fleet was paid for in part by U.S. economic aid funds. Eleven mechanized sailboats launched a few days ago in the Matsuy sea at the northern end of the straits are equipped with diesel engines.

Meanwhile, Nationalist sources said the Communists had increased work on fortifications opposite the Nationalist-held offshore islands.

Red shelling of Quemoy continues light and sporadic on this odd-numbered day which the Reds reserved for all-out bombardments if they desire under their alter-

male day war plan.

The Nationalist Defense Ministry said more than 2,530 Communist soldiers were observed constructing fortifications opposite the Quemoy Islands Tuesday.

This was one of the largest number of Red workers reported along Communist fortified areas in the past two weeks. Another 650 Communist soldiers were seen working on fortifications opposite the Nationalist-held Matsuy Islands.

ASK RATE HIKE

WASHINGTON (UPI) — American Airlines has asked the Civil Aeronautics Board for permission to hike its passenger fares 8.5 per cent to cover heavier costs in the jet age.

NEW CHRYSLER '59

the lion-hearted car that's every inch a new adventure

In the style that set the standard for an industry: Chrysler New Yorker 4-door Hardtop

The adventure starts the moment you see this lion-hearted Chrysler '59. From its regal new grille to its channeled roof to its gently rising fins, Chrysler keeps its beauty simple!

Let Chrysler's new Swivel Seat turn with you as you ease behind the wheel. Feel it lock securely into place. Measure Chrysler's new dimensions of leg, head and hip room. Look around you through tempered safety glass windows.

Judge the strength of the new Golden Lion engine. Feel how True-Level Torsion-Aire Ride calms the road. Set Chrysler's Auto-Pilot. This optional driver-assist holds and patrols your speed, lets you cruise with your foot off the accelerator.

See this lion-hearted Chrysler. Your Chrysler dealer has 15 new models in a wide price range.

LION-HEARTED CHRYSLER '59

New Swivel Seat! Available in '59, this Chrysler exclusive turns in and out with you as you enter and leave the car. Combines convenience with comfort.

New Golden Lion Engine! Puts out more power, more torque per pound than any Chrysler engine in history. Choice of 305, 325 or 350 horsepower.

New True-Level Torsion-Aire Ride! An exclusive Chrysler extra that combines the comfort of air suspension with the control of torsion bars.

See it today at—
