Liquor Issue Put Aside By The Senate

Action On Other Draft Amendments Due Today

WASHINGTON, Oct. 23. (AP)—Having gently nudged aside the prohibition issue, administration leaders trained their fire today on a series of other amendments that threatened to delay enactment of the lower draft age bill.

Chief among these was a demand that 18 and 19 year old men be kept out of combat troops until they had undergone six months of a year's military training.

The wet-dry issue evaporated for the time being yesterday when the senate voted 46 to 25 to send to its military committee an amendment by Senator Lee (D-Okla.) which would have banned the sale of alcoholic drinks from military areas.

Lee, 50 year old ordained Baptist minister once known as the "boy orator" from Oklahoma was disappointed but undismayed by this parliamentary maneuver which probably will keep his proposal bottled up in committee for some time.

"There would have been less disturbance over it now," he told reporters, "than there would be by postponing it, because the longer it is postponed the bigger it will get."

Democratic Leader Barkley (D-Ky.) told reporters he hoped all other amendments could be brought up and the bill passed by nightfall. The house approved a similar measure, without any restrictions, last Saturday.

Barkley conceded there was likely to be much discussion and probably a close vote on the question of requiring a specified pre-combat training period.

The Lee amendment was shuffled aside after debate had brought charges from Senators Lucas (D-III) and Tydings (D-Md.) that it was the opening gun in a campaign to bring back national prohibition.

Lee argued, on the other hand, that if the senate rejected the amendment it might be fanning the flames for prohibition.

First Lady Is In England

LONDON, Oct. 23. (AP)—Mrs. Eleanor Roosevelt has arrived in Britain as the guest of King George VI and Queen Elizabeth. In order to gain first hand knowledge of Britain's women's war activities and to visit the United States forces in Great Britain, Buckingham Palace announced today.

The first lady, accompanied by her secretary, Malvina Thompson, flew to England by a route which was not disclosed.

She reached London by train and was met at the station by the king and queen.

She expected to stay two or three weeks and inspect every phase of the British war effort she can in that limited time.

The announcement from the royal palace said:

"Mrs. Roosevelt has arrived in this country at the invitation of the king and queen in order to gain first-hand knowledge of British women's war activities and to visit the United States forces in Great Britain."

"Mrs. Roosevelt, accompanied by Miss Malvina Thompson, will be the guest of the king and queen during the first part of her visit."

US Bombers Hit Japs In China

CHUNGKING, Oct. 23. (AP)—United States army bombers, striking far north in China, caused "serious damage" with many high explosive and incendiary bombs on the Liao mines installations in Hoph province, a communique from Lieut. Gen. Joseph W. Stilwell's headquarters announced today.

All the American planes returned to their bases, it said.

Navy Reveals Loss Of Two More Ships

By The Associated Press

Quality, Size Made The Prime Goals In Planes And Tanks

WASHINGTON, Oct. 23. (AP)—President Roosevelt disclosed today that the administration, in the light of battle experience, was cutting down on the volume of tanks and planes so far as their number is concerned, to emphasize greater power and strength.

Production of tanks, he said, is falling short of the 45,000 goal set for 1942, yet the same amount of steel is going into these land fighters. Similarly, the chief executive told a press conference, the goal of 60,000 planes this year would not be reached, but that there was greater emphasis on hitting power and range.

What the new total production figures will be were regarded by Mr. Roosevelt as a military secret.

He said that constant changes in the war production program were being dictated by actual experiences in combat areas. Consequently, he said, he meets regularly with some of his advisers to modify the program wherever necessary, as well as to determine whether the country is doing its utmost in the production field.

At the same time, the president renewed his prophecy that it probably would be necessary to cut down on the production of luxury and semi-luxury goods in order to make steel and other vital materials available for essential munitions.

One of the war production conferences was scheduled this morning, when Mr. Roosevelt called in the secretaries of war and navy; Admiral William D. Leahy, his personal chief of staff; General George C. Marshall, army chief of staff; Admiral Ernest J. King, commander in chief of the navy; Admirals Emory S. Land and Howard L. Vickery and Lewis O. Douglas, of the maritime commission; War Production Chairman Donald M. Nelson; and Harry L. Hopkins, American chairman of the British-American munitions assignment board.

The president said they expected to discuss general production problems and further limitation on luxury goods.

These matters also came up, he said, in yesterday's cabinet meeting.

One thing we should always remember, Mr. Roosevelt asserted, is that war changes plans.

A year ago, he said, the government made recommendations for what it considered the necessary munitions, using as a guide the experience of other nations during two years of war. But in another year, he said, those goals were changed because of further experience.

He mentioned tanks, for example. A year ago, he said, the government had scheduled a program of production of medium M3 tanks. But experience in warfare, particularly in the Libyan area since last January, led to changeover to the new M4, a larger tank.

The question also arose, Mr. Roosevelt said, as to whether the unit production goal had been set too high in view of the problem of transporting equipment to battle areas. Now, he said, we are not turning out as many tanks as the program called for, but we are turning out the same weight of tanks because of an increase in the unit size.

To a question as to whether this same change applied to airplanes, Mr. Roosevelt replied in the affirmative, as he did to another inquiry whether the result would be "harder hitting power." The planes, he said, will have more gunpower and longer range.

Fire Sweeps Ship At Repair Dock

BALTIMORE, Oct. 23. (AP)—Fire swept through the hospital area of a United States ship undergoing repairs here early today, and the vessel was left listing "very slightly" from tons of water poured on the blaze.

Identity of the ship was not disclosed by the army, and cause of the blaze, confined to one compartment, was not officially announced.

Firemen and guards, however, said the blaze was believed to have been started in a pile of mattresses by sparks or flames from a welder's torch.

The ship was being repaired at the Key highway yards of the Bethlehem Steel company.

Force Threatened To Get French Workers

VICHY, Oct. 23. (AP)—The threat of force was invoked by German occupation authorities in Paris as they stepped up their efforts today to recruit skilled French workers for labor in Germany's war industries.

Issuance of the threat by the German command, for greater Paris followed the non-appearance of a group of workers directed to appear at a railway station yesterday for transportation to the Reich.

Another batch of workers immediately was ordered to report to day, along with the warning that those who failed to heed the instructions would "expose themselves to forceful measures."

The warning came as Pierre Laval—who told his countrymen earlier this week that they must go freely to Germany to fulfill her demands for 150,000 workers—returned to Vichy from talks with German officials in Paris.

Laval at once went into conference with Jacques Barnaud, who is in charge of French-German economic relations, Marshal Petain and Fernand De Brinon, Vichy ambassador to Paris.

Admiral Jean Darlan, chief of the Vichy government's armed forces, remained meanwhile in Dakar, completing an inspection of the strengthened defenses of that West African port.

Yesterday Darlan broadcast a message from Petain to residents of the colony warning them they faced a "new menace" but assuring them it would be adequately met.

mission when the bomber was sent Aug. 9 on a high altitude attack over the Lake Ural sludgework at Babaul, New Britain. It was the first combat assignment for the pilot, Capt. Harry J. Hawthorne, Iowa Park, Tex.

After scoring a hit on an enemy vessel in Rabaul Harbor, Hawthorne's bomber and another of the same type shot down five Japanese Zero planes in a single with 30 enemy fighters.

The crash landing was made at night, when the fuel supply ran low after ten and a half hours in the air.

In their life raft, the nine men headed for shore, the war department related, and were overtaken enroute by natives in a canoe who assured them they were friendly to Americans.

A small launch transported the stranded party the next day to a native village. There the natives were presented with several silk parachutes to make signals to replace their grass skirts. The launch next moved the group to Milop Bay, New Guinea, from where the men were flown back to their base in a rescue bomber.

Captain Hawthorne was awarded the army's Silver Star decoration.

Complainant—

A second charge of rape was filed against Actor Errol Flynn, alleging he twice raped Peggy LaRue Saterle (above), 15, during a weekend trip to Catalina Island on his yacht. He already is awaiting preliminary hearing on a charge of raping Betty Hanson, 17-year-old movie-struck girl from Lincoln, Neb. The charges were filed at Los Angeles.

Woman, Maid Found Slain In Home

EVANSTON, Ill., Oct. 23. Cook county state's attorney police joined Evanston authorities today in the investigation of the slaying of a wealthy radio manufacturer's wife and her maid, whose bodies were found last night in the living room of their home in the exclusive residential section of this Chicago suburb.

The slain women were Mrs. Lillian Galvin, 45, wife of Paul V. Galvin, who was reported enroute home from Washington where he had been on government business, and Miss Edna Sibilaki, 30-year-old farmer's daughter.

Capt. Daniel Gilbert of the state's attorney's office, said that although robbery might have been the motive for the slaying—jewels were reported missing—he was not satisfied this was the only motive.

Capt. Peter J. Gelnhecker of the Evanston police said the bodies of Mrs. Galvin and Miss Sibilaki were found about 6:45 p. m., yesterday by the Galvins' 20 year old son, Robert, upon his return home from school.

Dr. Thomas Carter, coroner's physician, said that each woman had been shot once beneath the heart with a .45 caliber automatic pistol, and each had been bludgeoned over the head, apparently with the gun. He said Mrs. Galvin had been shot from the back as she stood near a desk in the living room, and powder burns indicated the assailant fired the gun at close range.

Dr. Carter said that the bullet had been shot from the front through the right breast, the bullet emerging through her back. He fixed the time of the shooting at about noon.

Galvin, president of the Galvin Manufacturing Corporation, manufacturer of Morotola automobile and home radios, is one of the leading figures in the radio and radio equipment industry. Recently he was named chairman of the priorities committee for the industry. The company is converted solely to war work.

Advocates 57-Hour Working Week

WASHINGTON, Oct. 23. (AP)—Chairman Reynolds (D-NC) of the senate military committee today advocated boosting the standard work week to 57 hours and eliminating premium pay for overtime as an immediate solution for labor shortages.

He added that a good many manhours could be saved by eliminating strikes, but did not suggest how they would be eliminated.

Continent May Be Under Raid Again

LONDON, Oct. 23. (AP)—The German-controlled Hilversum radio in the Netherlands went off the air from 1:30 to 3:15 p. m., today, indicating that allied air raiders were over the continent in a continuation of their daylight raids.

The Hilversum transmitter went silent yesterday while the RAF was attacking the Ruhr and northwest Germany.

Maceo Narcotics Trial Near Jury

NEW YORK, Oct. 23. (AP)—Assistant U. S. Attorney John C. Madden today asked a federal court jury to find Sam Maceo, Galveston night club operator, guilty of importing, transporting, concealing and selling narcotics and referred to the Texas as "a bootlegger and gambler."

Maceo and Joseph Schlipman of New York have been on trial since Sept. 22. The case is expected to go to the jury late today.

The prosecutor charged that Maceo "and other bootleggers" went into the narcotics traffic in 1935 because of the large profits involved.

Nazis Thrown On Defensive Around City

Hitler's Troops Said To Be Prepar- ing For Winter

By HENRY C. CASSIDY
MOSCOW, Oct. 23. (AP)—Soviet Russia announced today the capture of an important tactical position northwest of Stalingrad and the Germans, although using 22 divisions totaling about 250,000 men in the siege, were reported thrown on the defensive within a number of blocks within the city by Red army counterattacks.

Red Star said the defenders seized the initiative at several points where the enemy had feverishly started to fortify positions in the skeletons of ruined buildings as wintry storms swept the steppes.

Nazi preparations for winter were reported hastened since snow began flying. Pravda said civilians of the German-occupied town of Budenovsk had been ordered to hand over warm clothes for the invasion army. Disobedience was declared to have been made punishable by death.

The noon communique reported the conquest of a major position to the northwest, without details. However it is in that area that the Russians have been conducting a series of large-scale trench raids.

Moreover it was announced that Red army forces had smashed a mass wedge which briefly endangered their first line of defense in the Mosdok area, and the German survivors left 200 dead behind.

Signs of a weakening of the German force in the Caucasus were reported by Pravda. The newspaper said some lines in the Mosdok region were now held by special troops, such as electricians and engineers.

The fighting remained violent, however, with both artillery and tanks bolstering lighter weapons.

Pravda said an infantry regiment supported by 60 tanks struck at Soviet lines on the approaches to an important community, and under cover of a barrage, more than a company broke through. But this vanguard was declared exterminated.

Snipers were reported active on many sections of the German-Russian battle lines. Four Red army riflemen have picked off respectively 235, 302, 341 and 309 of the enemy on the Kalkin front, dispatches said. Two Leningrad snipers were credited with killing 302 and 237 Germans.

Salvation Army Finance Drive Opens Nov. 4

Annual solicitation of funds to keep in action the Salvation Army unit here will be made if Big Spring citizens in a brief, intensive campaign to open on Tuesday, November 3. Dates for the campaign, to be headed by R. R. McEwen as chairman, were fixed at a meeting of the Army council Friday morning.

Some 40 workers will be lined up to do the canvassing after an opening "kicker" coffee-and-doughnut meeting at the Army Citadel at 7:30 on the morning of the 3rd.

McEwen said he hoped to conclude the campaign successfully within three days. Since the Salvation Army has broadened its activities considerably in operating a recreational and religious center for soldiers, the council hopes to raise \$3,000 for the 1942-43 program.

McEwen and Cliff Wiley will appear before service clubs next week to enlist volunteer workers, and special groups will be named to work in various business and industrial classifications.

School Children Flock To The Farms

AUSTIN, Oct. 23. (AP)—State Superintendent L. A. Woods said today that 600,000 Texas school children had assisted this fall in harvesting the state's bumper war time crops.

"In practically every county in the state, schools have dismissed students for from two days to two weeks to help meet the acute farm labor shortage," Wood stated.

Some schools delayed their opening dates two weeks to permit students to assist in harvesting early fall crops, Woods explained, asserting that the school population "deserves genuine praise for its fine work in helping bring in vital food crops."

Changes In Train Time

CHANGING IN—30
Schedule changes on three trains operating through Big Spring are announced by the Texas & Pacific Railway company, to become effective at 12:01 a. m. Sunday, October 25.

The morning westbound is scheduled to arrive 35 minutes later, depart 30 minutes later; the morning eastbound remains unchanged; the night westbound is moved up 20 minutes on arrival and departure; and the night eastbound is scheduled to arrive and depart 50 minutes earlier than at present.

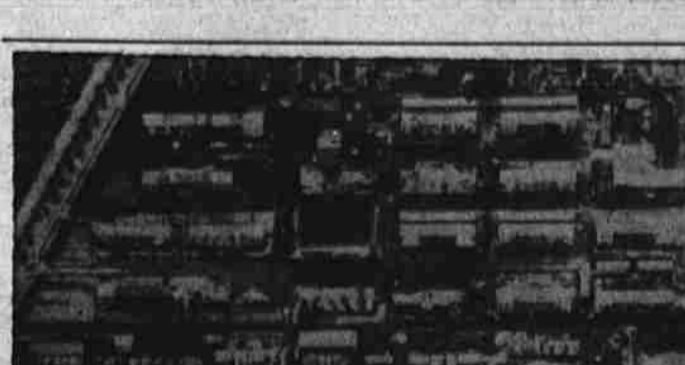

The new schedules:
Arr. Dep.
No. 11—West 10:35 p.m. 11:00 p.m.
No. 2—East 6:20 a.m. 6:50 a.m.
No. 7—East 10:10 p.m. 10:35 p.m.
No. 8—West 6:58 a.m. 7:30 p.m.

Big Springer First Diesel Graduate

COLUMBIA, Mo., Oct. 23. (AP)—No. 1 graduate among a class of 242 at the University of Missouri night diesel school is Richard D. Hatch of Big Spring, Tex., 30-year-old former oil production superintendent.

His wife and two children were here yesterday to watch the graduation program at which Hatch was honored.

Allies Preparing For A Drive Into Burma?

Before And After—These R.A.F. reconnaissance pictures show the German Focke-Wulf aircraft works at Neuenland, near Bremen, before (top) and after (below) the R.A.F. raid during the night of Sept. 18. The R.A.F. estimated a third of the 19 acres shown was devastated.

These R.A.F. reconnaissance pictures show the German Focke-Wulf aircraft works at Neuenland, near Bremen, before (top) and after (below) the R.A.F. raid during the night of Sept. 18. The R.A.F. estimated a third of the 19 acres shown was devastated.

Italy's Cities Hit By RAF Bombers

LONDON, Oct. 23. (AP)—The mighty bomber arm of the RAF reached across the Alps last night to strike the Italian homeland its heaviest air blow of the war, hitting Genoa with such a weight of explosives that even Rome conceded "great damage."

Turin, the fascist arsenal city in the north, also was hit but apparently the chief assault fell on the harbor and industries of Genoa, Italy's big northern Mediterranean port.

The air ministry mentioned "a strong force of air-craft," but did not disclose just how many planes were in it.

But the Italian communique spoke of the "notable dimensions" of the assault and Hitler's axis partner now apparently has sampled fiery devastation with which the huge four-motored bombers of the RAF have been scouring the Reich week after week.

Two air alarms, lasting 85 and 96 minutes, in the Swiss city of Geneva, attested to the number of planes which the British flung over Europe on a round-trip flight of 1,500 miles across three countries and continent's tallest mountains.

The air ministry said that not one of the British planes was missing from this first raid on Italy by home-based RAF bombers in more than six months.

Genoa, a naval base as well as port and manufacturing center, had been free of raids for more than a year when huge explosives and fire-bombs began pouring on its narrow, twisting streets from a sky flooded with moonlight.

In the growing scale of British air assaults on Germany, the air ministry's reference to "a strong force" frequently has meant 100, often two or three or more hundreds of planes in the bombing armada, but because of the greater distance involved in striking Italy the comparison may not hold.

Besides the perils of distance and high mountains with heavy bomb loads, the planes also faced the dangers of crossing Switzerland and France. The touched off alerts and intense anti-aircraft fire in the French cities of Vichy alyd Lyon as well as the air alerts in Geneva.

Report Death Of Gandhi's Wife

LONDON, Oct. 23. (AP)—A German broadcast, unconfirmed by any British or Indian source, said today that Mrs. Gandhi, wife of India's imprisoned nationalist leader, had died.

Steers Determined To Get In The Win Column

Role As The Favorite No Help To Them

Favored to crash into the district B-A-A win column for the first time this season, the Big Spring Steers left this afternoon for Midland to clash under the lights with the Bulldogs of that city.

Heavier and boasting a better season's record, Big Spring was installed in the favorite's seat, and this unaccustomed development had an adverse affect. Thursday afternoon the Steers looked almost listless in contrast to their usual fire and willingness. The team psychology was akin to that of the Steers last year before Colorado City rose up and tied the supposedly superior Bovines.

Consequently, it was not impossible that the Midland Bulldogs might spring an upset or frighten the liver out of the Steers this evening—especially so since Gene McCollum has been devoting two whole weeks with his Bulldogs in an effort to be ready for Big Spring. It is no secret that he has been cooking up an aerial offense especially designed to go against Big Spring.

Offsetting this, Coach John Dibrell has been checking up on his past defenses and found it generally in its best shape this week. Too, the Steers may show the Bulldogs a thing or two about passing before the evening is over, for in rehearsals the past few days, Big Spring forwards have been holding much better. It will take a major miracle to keep the Steers running game from being superior.

Dibrell planned to start Peppy Blount at right end, either Woody Baker or Wayne Deering at the center; Glen Brown and Bob Boykin at tackles; Bob Coffey and Darrell Webb at guards; Barkley Wood at center; Dewey Stevenson at quarterback; Earnest Bottick and Hugh Cochran at halfbacks; and Doyle Stewart at fullback. Certain to see considerable service during the evening were Billy Mitts, Bobby Barron, Leo Rush, Noel Hill, T. B. Bryan, John Urey and Red Cagle.

It is estimated that 20,000 persons die in India each year of cobra bites.

The Grid Prophet Shuts Both Eyes And Fires Away

By HERB BARKER
NEW YORK, Oct. 22. (AP)—Taking the usual scatter-shot at the weekly football program: Notre Dame-Illinois: The renaissance of Illinois football under Ray Eliot has been one of the season's chief high-spots. Notre Dame, after a disappointing start reached a peak against Iowa Pre-Flight and seems ready to move on. This looks like an even proposition from any angle and the coin spins . . . Notre Dame.

Georgia Tech-Navy: Tech, unbeaten so far, numbers Notre Dame among its victims. Navy has done nothing this season to warrant this vote going anywhere but to Georgia Tech.

Army-Harvard: Harvard hasn't won one yet and this hardly seems the spot for the Crimson to begin. Army.

Michigan-Minnesota: The Wolverines have a scoring punch against top-flight competition. Minnesota has been a far cry from the machines Bernie Bierman sent to the football war. Michigan.

Ohio State-Northwestern: In which the nation's current No. 1 ranking team meets a dangerous rival. Ohio State but the Buckeyes will need to watch Otto Graham.

Duke-Pitt: The astonishing rout of Colgate indicated the Duke have gotten themselves organized.

Duke.

Alabama-Kentucky: On the face of the records, Alabama should be a sure thing. They don't pay off on the records but just the same, Alabama.

Texas-Rice: The Owls have had plenty of time to get ready for this one. But Texas seems to be rolling again after a brief slump. At any rate, Texas.

Southern California-Stanford: Maybe the Trojans can roll two Saturdays in a row. Southern California.

Santa Clara-UCLA: One of the toughest games of the day to figure. The Bronchos, a stout defensive outfit, wins the close ones but this corner is going to take a fling on UCLA, which has piled up 51 points in two weeks against Oregon State and California.

Villanova-Auburn: Taking the home team, Auburn.

Wake Forest-Boston College: Danger ahead for the unbeaten Eagles but the nod, just the same, goes to Boston College.

North Carolina State-Holy Cross: The Crusaders have shown nothing against a major foe. N. C. State.

Duquesne-Manhattan: Duquesne should get back on the winning track here.

Columbia-Penn: The Lions appear over-matched. Penn.

Colgate-Penn State: State always is tougher on its home grounds. But that doesn't seem sufficient reason to drop off the Colgate bandwagon.

Brown-Princeton: The Tigers have been responsible for two big surprises in beating Navy and tying Penn. This vote for Brown merely expresses doubt that Princeton can do it three weeks in a row.

Cornell-Syracuse: No possible pick for Syracuse.

Dartmouth-Yale: Probably close.

Iowa-Indiana: Very tough indeed. Out of the hat, Indiana.

Wisconsin-Furde: Furde badgered Wisconsin.

Great Lakes-Michigan State: Taking Great Lakes.

Georgetown-Detroit: Ditto Detroit.

Mississippi State-Florida: Could be very close. Mississippi State.

Georgia Naval-Louisiana State: Probably from sheer force of habit, Georgia Naval.

North Carolina Naval-Temple:

By HERB BARKER
NEW YORK, Oct. 22. (AP)—One of the biggest boosts for football we've seen in a long time was a letter that Harvard's Dick Harlow read to the Boston sportswriters the other day . . . It came from Lieut. Harry Kopp, one of Dick's former Western Maryland players and later a coach, who is in England with the army . . . Can't quote it all, but here are a few of his remarks: "We play about twice a week. We haven't any padding at all, but that doesn't stop the soldiers. Injuries are nil . . . No one can ever tell me the American youth is not as tough as anything that walks . . . It's the best morale builder I have found yet . . . We have a real tough one coming up soon and no one is afraid. In fact I'm ready for the kick-off. I hope I can't get a forward pass but a real double off-tackle play!"

Drawing A Conclusion
When Colgate plays Penn State tomorrow, two of the east's oldest coaches in point of service, Andy (14 years) Kerr and Bob (12 years) Higgins, will be on the benches. . . And if the stories we've heard about the difficulties of travel haven't been exaggerated too much, traveling teams may find themselves on the benches in some of the oldest coaches in service.

One-Minute Sports Page
Contributions to the Thoroughbred club's war auction at Keeneland tonight include a dozen or so well-bred colts and fillies, stud service by Fur Admiral and Blue Larkspur, a set of Man O'War's racing plates, a registered bull and eleven country hams . . . The army has taken over Starlight Park in the Bronx, leaving two soccer teams temporarily homeless . . . As well as the guys who used to fight at the coliseum . . . Joe Gould and Jimmy Braddock already have picked up a fighter in the army. They're lending their expert advice to Welterweight Joe De Martino, a private at Fort Slocum where Joe and Jimmy are training . . . Southwestern colleges are showing a lot of interest in Len Heath, a Chandler, Okla., high school back whose scoring runs have averaged 75 yards in the past two seasons.

Today's Guest Star
Leroy Atkinson, Worcester (Mass.) Telegram: "War is Hell. A terrible result of the conflict is just coming to light . . . Max Mountain Dean has just been released from the army on the grounds that he is unfit for military service and he has announced he is once more going to inflict himself upon the wrestling public."

Service Dept.
Sam Lo Presti won't be tending goal for the Curtis Bay (Md.) coast guard hockey team this winter. He was transferred to the navy and is going to Great Lakes . . . New Orleans is planning a ten-team basketball league for service men this winter . . . Hank "Honey" Melody, the Chicago lightweight boxer, was finalist in Fort Sheridan boxing tournament recently . . . Burrell Bell, leading hitter of the Norfolk Naval Training Station baseball team in 1941 B.F. (Before Feller), was aboard the Quinby when the ship was sunk in the Solomons . . . When Corp. Moe Becker, former Duquesne's basketball star, drew a 12-day furlough from the Aberdeen, Md., proving ground, he went right back to Pittsburgh—and worked out with the Duquesne court squad.

Word Games
When the Clemson freshman footballers found a kid on their squad named Mustard, they immediately tagged him "Hotstuff" and a Marylander suggests that Bob Roullette, front back, should be good on spination plays . . . After the Wofford college squad went out to pick cotton, Paul Barrett of the Greenville (S.C.) Piedmont asked: "Why not a cotton bowl game?" . . . Wisconsin's publicity dept. expresses the fear that Purdue will fill Ross-Ade stadium with passes . . . Well, don't they get their guarantee anyway?"

Women Bowlers Whip The Army
An all-star women's bowling team measured the 61st School Squadron's quintet in matches at the Billy Simons lanes Thursday evening.

On to their games in a big way, the women grabbed two matches before the soldiers could get their wind. The 61st rallied to salvage the final tilt.

High series went to the women with 2,248. Hammes of the 61st won high game with 199 but Fern Wells was close behind with 197. Dryja took high series with 496, but again Fern Wells was within striking distance with 488.

The women will play the 61st School Squadron next Tuesday evening. On the team were Fern Wells, Lois Eason, Eloise Haley, Minnie Howze and Olive Cauble.

The killer whale will attack much larger species and even boats and smaller ships.

Service Game Transferred To Annapolis

ANNAPOLIS, Md., Oct. 22. (AP)—The Army-Navy football game, a victim of its own popularity, has been shunted from Philadelphia's mammoth stadium to the Naval Academy's 22,000-seat arena as a war economy measure by President Roosevelt.

In a season during which other gridiron contests have shown a drastic falling off in attendance, the battle of the two services eleven was expected to draw its customary 100,000 spectators. The president last night ordered the transfer to save tires and gasoline and to keep the railroads open for more important travel.

The White House statement which accompanied the announcement warned that tickets for the classic be sold "only to residents of Annapolis—not to outsiders" and hinted that the game might be the last meeting of the two for the duration of the war by saying that "the game was scheduled before war was declared and its cancellation would cause great disappointment."

Annapolis, capital of Maryland, had a population of slightly more than 13,000 in 1940 and is believed near 15,000 now. Last year at Philadelphia 98,924 persons watched Navy defeat the Army, 14 to 6.

The White House statement warned specifically against persons living in Baltimore and Washington obtaining pastebards for the game and said that only such members of the student body and officials of the U. S. Military Academy as were needed for the contest would be permitted to travel to Annapolis.

Last year 42 special trains were needed to move the civilian spectators to Philadelphia and 14 additional trains brought the Cadets from the two competing institutions.

Sheep have been known to exist The cholla cactus of the southwest makes a brilliant torch when set afire.

SPORTS ROUNDUP

By HUGH FULLERTON, JR.
NEW YORK, Oct. 23. (AP)—One of the biggest boosts for football we've seen in a long time was a letter that Harvard's Dick Harlow read to the Boston sportswriters the other day . . . It came from Lieut. Harry Kopp, one of Dick's former Western Maryland players and later a coach, who is in England with the army . . . Can't quote it all, but here are a few of his remarks: "We play about twice a week. We haven't any padding at all, but that doesn't stop the soldiers. Injuries are nil . . . No one can ever tell me the American youth is not as tough as anything that walks . . . It's the best morale builder I have found yet . . . We have a real tough one coming up soon and no one is afraid. In fact I'm ready for the kick-off. I hope I can't get a forward pass but a real double off-tackle play!"

Garner Students Add 71,540 Pounds To Scrap Pile
To Joe Mac Gaskin, an eleventh-grade student in the Garner school, goes the distinction of having collected the most scrap of any student in his school.

Joe Mac was responsible for 4,001 pounds of his school's total of 71,540 pounds.

Close behind was James Hughes, from the same class, whose collection totalled 3,999.

The ninth and eighth grades led other classes with 13,897 and 11,070 pounds, respectively.

Coach Is Killed In Auto Collision

IOWA CITY, Ia., Oct. 23. (AP)—Lieut. John Edward Blicke, coach of the junior varsity football team at the Navy's Pre-Flight School here, was killed in a head-on automobile collision seven miles south of Cedar Rapids last night.

Lieut. Commander Larry Snyder of the pre-flight school said the former Ohio State assistant football and basketball coach was returning to Iowa City when the accident occurred.

Available records indicate an organized system of shorthand was used as far back as 68 B.C.

Masonic Home Lads Eliminated From District Chase

Masonic Home took its third defeat of the season last night and it's the first time in years for the mighty mites to have that many beatings with the Texas schoolboy football campaign just half finished.

North Side downed the Masons 18-14 virtually to eliminate them from the Fort Worth district race.

Three other games were played in the state last night, Sherman surprising Gainesville 7-6 in District 5, San Jacinto beating Milby 21-7 in the Houston district and Bowie (El Paso) downing class A Kermit 28-0.

Forty-seven tilts are scheduled tonight and tomorrow, the feature battle being between Paris and Denison at Denison. It will just about decide the District 5 championship and also eliminate one of the state's twelve undefeated, untied teams.

The state schedule: Here is the complete schedule by districts: 1—Friday: Pampa at Brownfield (conference), Plainview at Amarillo (conference). 2—Friday: Quanah at Wichita Falls (conference), Olney at Vernon (conference), Electra at Graham (conference), Burk Burnett at Childress (conference). 3—Friday: Lamesa at San Angelo (conference), Odessa at Colorado City (conference), Big Spring at Midland (conference), Sweetwater at Abilene (conference). 4—Friday: El Paso high at Ysleta (conference); Saturday: Austin (El Paso) at Phoenix, Ariz. 5—Friday: Paris at Denison (conference). 6—Friday: Sulphur Springs at Denton (conference). 7—Friday: Faechal (Fort Worth) vs. Poly (Fort Worth) (conference); Saturday: Amos Carter Riverside (Fort Worth) vs. Arlington Heights (Fort Worth) (conference). 8—Friday: Crozier Tech (Dallas) vs. Woodrow Wilson (Dallas) (conference); Saturday: Sunset (Dallas) vs. Adamson (Dallas) (conference). 9—Friday: Breckenridge at Ranges (conference), Cisco at Westthorpe (conference), Fort Worth Tech at Stephenville, Mineral Wells at Brownwood (conference). 10—Friday: Mexia at Hillsboro (conference), Lubbock at Temple, Bryan at Waxahachie (conference), Forest (Dallas) at Corsicana. 11—Friday: Tyler at Texarkana (conference), Athens at Marshall (conference), Greenville at Gladewater, Longview at Kilgore (conference). 12—Friday: Nacogdoches at Jacksonville (conference), Palestine at Henderson (conference), Livingston at Lufkin (conference). 13—Friday: Austin (Houston) vs. Lamar (Houston) (conference); Saturday: Jeff Davis (Houston) vs. Sam Houston (Houston) (conference). 14—Friday: Beaumont at Goose Creek (conference), Conroe at Galveston (conference), Ragan (Houston) at South Park (Beau-

Arizona's Ruman Top Scorer In Border Loop

ALBUQUERQUE, N. M., Oct. 23. (AP)—The Border conference gridiron season approaches the midway point this week end with only two players challenging "Ramblin' Robert" Ruman of Arizona as the circuit's standout performer.

They are Halfbacks Rudy Mobley of Hardin-Simmons university and Dick Standef of Texas Tech, both sophomores and members of the outfit likely to give the WR-calls some trouble later in the season.

Their total offense records are far from stacking up against the Arizona speedsters, but tomorrow's schedule offers them a chance to out down the margin. Mobley has gained 484 yards in three games, and Standifer, 225 yards in four games as compared with 772 for Ruman in four games.

Texas Tech meets New Mexico university in Albuquerque while Hardin-Simmons entertains the Texas College of Mines in Abilene, the top contests on a full program of four conference games.

Arizona tangles intersectionally with Marquette at Milwaukee.

East Central, West Warders Win Games

Floyd Young's 30-yard sprint and his trusty boot gave East ward a 7-0 victory over North ward. While this one offensive thrust was about the difference, East ward had another achievement in having completely stalled the North ward scoring machine which last week plastered the little South ward youngsters 61-0.

West ward, regarded as a pre-season favorite, kept its forces intact and loomed as the team to head the East ward lads, if indeed they may be headed. West ward succeeded in handling College Heights in a hard fought game 13-6. Both teams were evenly matched and the score about tied the difference.

Handicapped because they only go through six grades while other lads took another year in college, the hands of Central ward, the Midgets (who had the best mascot and pep squad anyhow) could almost lay claim to a moral victory for they kept the score down to 27-0.

Rice Out To Duplicate '40 Feat Of Upsetting Texas

Associated Press Sports Editor

The Rice Owls catch Texas under circumstances similar to 1940 at Houston tomorrow and the fur is to fly in this top battle of Southwest conference football.

Then Texas was winding up a road trip that carried the Longhorns into the midwest and back to Fayetteville. Championship hopes were besting high but the Owls rose up to stop Jack Crain and shatter Texas' chances.

Saturday the Longhorns will be finishing up a grid tour that reached the midwest and Fayetteville while Rice is all rested and ready, having had an open date last week.

Forecasts do not say Rice will again upset the Longhorns but if ever there was a spot for such a thing, this is it.

Conference teams will be playing on far-flung fronts Saturday with unbeaten Texas Christian engaging Pensacola Naval Air Station at Pensacola, Fla., and Arkansas battling Mississippi at Memphis, while at home Baylor tackles Texas A. and M. at Waco and Southern Methodist meets Corpus Christi Naval Air Station at Dallas.

The signs point to another busy day for this section against outside opposition. Texas Christian is due to win but Arkansas is being picked to lose to Mississippi and Southern Methodist to Corpus Christi Naval Air Station.

The Baylor-Texas A. and M. game is hardest to figure. On the basis of comparison with a common foe—Texas Tech—A. and M. is better. The Aggies didn't have much trouble beating Tech. Baylor didn't find the sailing too easy against the Red Raiders.

But the Bears are stretch-runners. They showed that even in the game they lost to Hardin-Simmons. They almost nipped the Cowboys, they came from behind to bounce Oklahoma A. and M. Southern Methodist is being picked to lose for a change so they should win this one—that is, on the basis of law of averages. The general ability of Corpus Christi Naval, however doesn't say so. The Comets are moving now—moving along with all-America George Franck and one of the classic arrays of former college stars in America.

The T. C. U. Frogs are making a long trip and meeting a squad that could be a world-beater with a little coordination that hasn't been forthcoming because of lack of time for practice. Anyway, T. C. U. isn't worrying much about this one and can give the reserves a workout. Thus far about 20 players have done all the tussling.

Hot Battle In Prospect At Houston

DALLAS, Oct. 23 (AP)—It's not so much a question these days of winning the football game but of getting there to play it.

Business managers who worried over whether there'd be 20,000 in the stands now spend their time at the railroad station trying to get 20 boys 100 miles so their college can at least be represented.

The Southwest conference has found this wartime transportation problem more than in any other fact, it's a nightmare.

When Texas Christian's squad pulled out the other night for Pensacola the boys were scattered through several sleeping cars because they had lost their claim on a separate Pullman because of wartime transportation calls. But this was better than the trip to Los Angeles to play UCLA.

With 36 persons all crowded into one Pullman, Coach Dutch Meyer observed upon arrival in Los Angeles: "I now am ready to offer expert advice to the sardine canners."

At San Antonio the Southern Methodist squad couldn't get a bus or taxicab so Coach Jimmie Stewart just loaded all of them in a cattle truck and away they went to the field to play Hardin-Simmons.

The Texas team couldn't get buses at Chicago so they obtained cabs for the six-mile journey. One of the cabs got lost and arrived while the others were leaving. Stan Mauldin, Zuehl Conroy, Walton Roberts and Max Minor had a private workout in the dark.

The day of the game with Northwestern Texas had to be transported to the field by hotel employees in private cars and in return gave the employees sideline passes so they could sit on benches back of the players.

Travel Now Grid Squad's Big Worry

DALLAS, Oct. 23 (AP)—It's not so much a question these days of winning the football game but of getting there to play it.

Arizona's Ruman Top Scorer In Border Loop

ALBUQUERQUE, N. M., Oct. 23. (AP)—The Border conference gridiron season approaches the midway point this week end with only two players challenging "Ramblin' Robert" Ruman of Arizona as the circuit's standout performer.

Coach Is Killed In Auto Collision

IOWA CITY, Ia., Oct. 23. (AP)—Lieut. John Edward Blicke, coach of the junior varsity football team at the Navy's Pre-Flight School here, was killed in a head-on automobile collision seven miles south of Cedar Rapids last night.

Masonic Home Lads Eliminated From District Chase

Masonic Home took its third defeat of the season last night and it's the first time in years for the mighty mites to have that many beatings with the Texas schoolboy football campaign just half finished.

Women Bowlers Whip The Army

An all-star women's bowling team measured the 61st School Squadron's quintet in matches at the Billy Simons lanes Thursday evening.

On to their games in a big way, the women grabbed two matches before the soldiers could get their wind. The 61st rallied to salvage the final tilt.

High series went to the women with 2,248. Hammes of the 61st won high game with 199 but Fern Wells was close behind with 197. Dryja took high series with 496, but again Fern Wells was within striking distance with 488.

The women will play the 61st School Squadron next Tuesday evening. On the team were Fern Wells, Lois Eason, Eloise Haley, Minnie Howze and Olive Cauble.

The killer whale will attack much larger species and even boats and smaller ships.

Few Mailing Parcels To Men Overseas

Comparatively few people are heeding warnings that they must post packages by Nov. 1 in order to insure delivery of Christmas mail to men overseas, Postmaster Nat Shick said Thursday.

There was a flurry of mailing soon after Oct. 1 but it quickly eased off and since then there has been only an occasional package for foreign destination.

At the same time, Shick took occasion to suggest that it would be wise for people in general to do some Christmas shopping now. Bulletin to the postmaster have predicted a congested Christmas mail and that it would be well to post parcels now with "Do Not Open Until Christmas" notes attached.

With prospect of more trained help being called into service and leaving the office with new hands in key places, Shick said there was every prospect that Christmas mail could not be expedited here this year as in the past. He anticipated that package volume would be up twice the normal figure because of mailings to and from men in service.

The public also may aid in routine operation at the office by spreading their business over all the day instead of waiting until late in the evening, Shick said. He urged those who can to mail their packages earlier in the day.

END OF THE TRAIL—A crane lifts a Willlys car—the latest thing in 1902—from scrap heap to railroad car at Toledo, Ohio. So its trail ends. Its vital metals may be born again into tanks or jeeps.

Canned Chicken May Help To Fill Meat Shortages

Chickens may well be the answer to prospective shortages of beef and pork, according to Almarine Nunnally, home management supervisor for Farm Security Administration.

War demands are pulling more heavily on beef and pork supplies with the result that the average family may have to forego much of it, said Miss Nunnally.

Those who do not wish to raise chickens the year around may well can some of those still on the yard. The ways in which chicken may be served limitless. Canned boned

chicken conserves containers and may be used for chicken cream pie, chicken soufflé, chicken and dressing, creamed chicken, and any number of sandwiches.

Many have found it well to can the large pieces without bones and to grind the other pieces, such as back, neck, wings and shoulder blades for sandwiches, chicken mousse, or chicken loaf. Bill others, said Miss Nunnally, like to prepare broth for chicken soup, or to can giblets for gravy. Others find chicken tamales utilize both chicken and large corn shucks in the making of a mighty tasty dish.

Eggs and cheese may be used as a protein supplement as well as chicken. Soy beans are an excellent source of vegetable protein. Further information on chicken

Kiwanians Hear Report On Dist. Convention

Adjusting the program of Kiwanis clubs to the war effort was the theme of the all-business district convention held in Dallas October 4 and 5 as reported on by the Rev. O. L. Savage at the Kiwanis club meeting Thursday.

Attention of the club was called to the Jubilees to be held on Oct. 30 and 31 on the Big Spring Motor

canning may be obtained from Miss Nunnally at her office in the post-office basement or from the county home demonstration agent, Fontilla Johnson.

Co's used car lot, and members were urged to come out on next Wednesday to get ready for this entertainment.

The nominating committee brought in the following report: For president, the Rev. O. L. Savage; for vice president, John Coffey; for board of directors, Tom Parr, Raymond Tollett, Robert Snell, H. E. Clay, Clyde Walla, T. B. Atkins and H. W. Smith. Election will be held November 5.

JACKETS WIN

BROWNWOOD, Oct. 23 (AP)—Scoring twice in the final period, the Howard Payne Yellow Jackets racked up their third straight Texas conference victory last night by defeating Southwestern, 13-0.

18 Signed Up For Air Corps From Colorado City

COLORADO CITY, Oct. 23.—Eighteen men enlisted in the United States air corps Tuesday when a portable recruiting station was set up in Colorado City. The volunteers were sent to Abilene for physical examination. They will be sent from there to Fort Sam Houston for processing and will then go to Goodfellow Field, San Angelo, for service.

First to enlist were John K. Grubbs, Walter Grubbs, and Gilbert Grubbs, the three sons of Mrs. Esther Grubbs, county treasurer; James K. Adams, Paul Vest, Jesse G. Garrett, Robert L. Bolin, Jesse Bolin, Manly W. Nuckolls, and Alonzo W. Winter, all of Colorado City; James C. Hall, Lorraine; Jesse R. Hardcastle, Freddie Hightower, P. C. Duke, Carris S. Lambert, Benonia T. Webb, all of Westbrook; James R. Mallett, Petersburg; Glen H. Bunton, Sweetwater.

What You Buy With WAR STAMPS

It's not a pleasant picture to contemplate, but War calls for "blood and sweat and tears." And the Army Medical Corps, with its efficient nurses and its volunteer Red Cross "Angels of Mercy," needs thousands of surgical beds for field and base hospitals on every front.

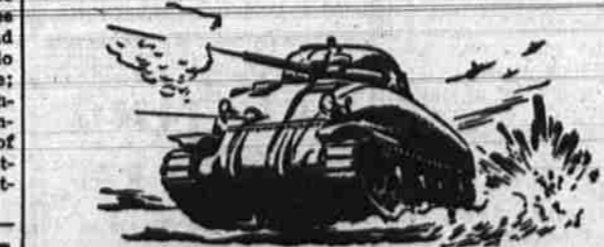

These beds cost approximately \$22 each. They are the latest thing in modern hospital beds, with elevating springs. In some instances surgical cots are used in temporary field hospitals and there is a folding bed which may be used in ambulances. Your purchase of War Bonds and Stamps can buy many of these beds for the Army. You'll sleep better if you know our boys have every hospital comfort. Buy War Savings Stamps weekly through an effective School program.

MAKE no mistake, the Army of the United States is going back to Bataan. It's going to put the cocky Jap army to head-long flight. Immortal Corregidor will again see our flag flying proudly overhead. We're going to hit the Axis in every part of the world. And some day the streets of Berlin will echo to the clatter of American "tank busters." Don't you want to be there?

You young Americans—the hardest hitting, toughest fighting team in the world—have got the stuff to help bring this about. Today the Army offers you, before your 20th birthday, the privilege of selecting any one of 13 different branches in which to get into this fight. Read about them. Talk them over with your family and get full information at your nearest Army Recruiting and Induction Station.

AIR FORCES—Here you have splendid opportunities—more than 26 highly specialized jobs—mechanics and radio men, bombardiers, pilots, navigators, gunners, aerial photographers, flying in planes, gliders or serving on the ground. Or, if you're skilled with tools, you can gain first-hand knowledge and experience servicing the fastest, finest planes on earth. It's all great training for a career in the mighty field of aviation.

ARMORED FORCE—This is the team of gunners, drivers and radio operators that smashes hard at the enemy in mammoth tanks and armored cars... roars over the countryside on husky motorcycles... cuts across fields in bronco-busting "jeeps"... rolls up to battle in huge, powerful trucks. If you're mechanically minded, you may get plenty of action and training keeping these modern implements of war in first-class fighting shape.

CAVALRY—Strike—and strike hard! Our modern Cavalry is equipped to do it. The finest horses trained for the toughest terrain, armored cars, motorcycles, special trucks, machine guns, light mortars, radios—these are your "tools" for battle in this branch of the Army. They need men to ride and fight them. And they need men to maintain them. The rougher the going, the better the Cavalry likes it.

CHEMICAL WARFARE SERVICE—You do not need an advanced knowledge of chemistry to join this vital branch of the Army. Here you become a combat soldier firing chemical munitions. One of your principal weapons is the 4.2-inch chemical mortar used for smoke screens to cover the advance of troops. You'll be working with the newest developments in chemical warfare.

COAST ARTILLERY CORPS—The Coast Artillery includes both world-wide anti-aircraft service and harbor and shore defenses. Around the world, they're knocking the enemy out of the sky... peppering our harbor waters with deadly mines against hostile ships. Gunners are manning anti-aircraft guns, big-caliber railway guns and tractor-drawn 15's. Here's a thrilling experience, in gunnery and seamanship, and in electrical and radio fields too.

CORPS OF ENGINEERS—Build and destroy—you learn how to do both in the Corps of Engineers. Build to pave the way for our Army... destroy to obstruct the enemy. Bridges, roads, tank traps, camouflage—you build 'em all. You operate railroads. In powerful assault boats of the Amphibian Command you carry troops to secret attack. Engineers are trained to fight and they see plenty of action.

CORPS OF MILITARY POLICE—These are the men who expedite mass movements of troops by skillful regulation of traffic... up at the front and on highways at home. They're the ones responsible for controlling prisoners of war. They are men of integrity who maintain law and order wherever the Army goes. And they're trained to operate as tactical units in battle when needed.

FIELD ARTILLERY—In this branch you can become one of the team that hurls the huge shells which soften up the foe... split wide open his supply lines... scatter his reserves under a hail of fire and pave the way for "the kill" by your own Infantry and Armored Forces. Today's Field Artillery is a fast-moving group of men who know how to deliver telling blows where it hurts the enemy the most.

INFANTRY—Roaring to the front in big trucks, skidding down snowy mountain slopes, floating to earth by parachute or flying into enemy territory in big transport planes, today's Infantry is streamlined. With the terrific fire-power of seven different weapons, it's more than ever "the backbone of the Army." Upon enlistment in the Infantry, you may request assignment for tank destroyer training.

MEDICAL DEPARTMENT—Wherever our soldiers go, on training maneuvers or up to the front, the Medical Department goes along to care for their health, and help save lives. There are hundreds of responsible positions for enlisted men in this department. Ambulance drivers, laboratory specialists, pharmacists, X-ray operators, dental technicians, veterinary assistants—these and many more will find action and splendid training for the future.

ORDNANCE DEPARTMENT—Implements of war, large and small, are supplied and serviced by the Ordnance Department—tanks, tractors, trucks, giant field and harbor defense guns, grenades, small arms, and even optical instruments. And there's plenty of action in the field for the trained specialists whose job it is to keep every piece of equipment in fighting trim.

QUARTERMASTER CORPS—Soldiers in the front line depend on supply units to keep them in battle. Food, Shelter, Clothing, Equipment for special climates and tasks, all the way from Iceland to the jungles of Africa. Wherever our men are fighting, the Quartermaster soldier is on the job. The enlisted man may learn one or more of some 70 valuable trades in the Quartermaster Corps.

SIGNAL CORPS—In the Signal Corps you are way ahead of the action—the eyes and ears of war. Lightning-speed communication is your job. The ultra-modern in radio transmitters and receivers, "Electronic Sentinels," "Walkie-Talkies" and scores of other closely guarded secret devices are yours to assemble, install and operate. There's no better training for one of the most promising after-the-war industries... no more exciting branch of the service.

Basement, Post Office Building, Big Spring, Texas

FD Says He's 100 Per Cent For Bennett

WASHINGTON, Oct. 23 (AP)—President Roosevelt today informed John J. Bennett, Jr., New York state attorney general, that he meant what he said when he endorsed Bennett for governor of New York and denied that his support was "formal and lukewarm."

"There are no strings to this endorsement," the president telegraphed Bennett.

The democratic candidate for governor had wired the president, saying that since the chief executive's statement saying Bennett was the best qualified of all the candidates, stories had appeared claiming the endorsement was "not wholehearted."

The president replied, in part: "I have your wire and appreciate your bringing the matter to my attention. I have been getting some reports myself of a whispering campaign which seeks to spread false rumors.

"As a citizen and voter of New York, I express the sincere hope that you and not Mr. Dewey (Thomas E. Dewey, republican candidate) will be our next governor. Under you, there will be no danger that the long series of enactments of liberal legislation for the benefit of the average citizen during the past three governorships will be repealed or emasculated."

The area of Greenland is 827,775 square miles.

Pilot Officer Johnny Nell, now with the RCAF and stationed in Windsor, Canada, who has been visiting here since Monday, will return to his post Saturday.

Gas Moonshiners Due To Spring Up, Says Oklahoman

TULSA, Okla., Oct. 23 (AP)—Victor F. Barnett, chairman of Tulsa's war transportation committee, warned today that gasoline moonshiners may make enforcement of rationing a problem in some oil-producing areas.

"It is too easy to make gasoline; much easier than it is to make moonshine whisky," he declared.

"This section abounds in crude oil. A motorist can make his own gasoline from crude. Of course, it's unsafe but all he needs is a drum which can stand some heat."

Barnett, who has been one of the editors of the Tribune in this city for 23 years, said that by heating a drum of crude oil and condensing the vapors that boil off, a gasoline of about 80 octane could be obtained. Present standard brand gasolines are about 70-72 octane.

While the fuel made by such gasoline moonshine methods would be inferior and cause motor knock, it would be usable.

"The time might even come," he added, "when a motorist whose car knocks excessively may be suspect."

Barnett said that this section of the nation was geared to automobile transport, with many local passenger lines long discontinued and the rails pulled up for use elsewhere.

"Gasoline rationing thus presents officials here with a greater problem than in other sections. It is like telling Wisconsin and Michigan people along the shore of Lake Michigan that fish are rationed. Many still would drop lines unseen along the banks.

"Making usable gasoline is not much more difficult than fishing. So, enforcement of the law becomes a problem immediately."

Sinclair To Take Over Pipe Line

POUCA CITY, Okla., Oct. 23 (AP)—Sinclair Refining company on Nov. 1 will take over operation of the Continental Pipe Line company system in the Corpus Christi as the result of a transaction announced yesterday at Continental's office.

Sinclair acquired Continental's crude oil gathering system of about 300 miles of line connecting 22 pools and about 700,000 barrels of crude in the line—also included was Continental's deep water terminal at Corpus Christi.

Says Housing Program Going Fairly Well

CHICAGO, Oct. 23 (AP)—Herbert Emmerich, commissioner of the federal public housing authority, declared today that the public housing program "has suffered from delays," but "actually there are many more good things about the situation than there are bad ones."

The FPHA official, in an address prepared for delivery to the American Municipal association's 19th annual conference, said that construction of housing in wartime "can have little justification except insofar as it contributes to production for war."

But, he added, the past year had seen the greatest movement of population in the nation's history, and that shifting "is not only continuing, it is increasing."

Emmerich told the city officials that while the FPHA's work of last year and earlier this year "now is having its effect in many communities," he had "no desire to paint a picture in hues more optimistic than the facts allow."

There have been delays in the program, Emmerich said, and "some projects which would have been ready to care for this winter's needs aren't going to be ready until next spring."

Grainger Deluged With Demands For Encores In Concert Here

It is most fortunate that Percy Grainger is such a hardy soul at 60, else his audience at the city auditorium last evening might have worked him into a state of exhaustion. If Mr. Grainger had a fault, it was that he was too obliging; for not only did he play an extra group of numbers in the body of his concert, but gave our vigorous encores as well.

Throughout he was superb, but perhaps there was no point at which he achieved a greater variety of tones that rippled perfectly against each other like a field of reeds in the breeze than in the latter sequences of the Bach-Busoni "Prelude and Fugue, D. Major." This was his opening number and at once convinced the audience that Mr. Grainger was still all that he had been as one of the greatest concert pianists.

Although some excellent pianists have been at the keys of the concert grand here, it is safe to say none has achieved the total richness on it as did Mr. Grainger. In some of his more vigorous numbers, music fairly boiled up out of the instrument and flowed away as a musical stream—violently cascading only to trail off into tranquil pools. Invariably he followed spirited selections with something wholly different—for instance, Brahms' "Lullaby" after a bit of Chopin.

Since the audience had set its heart upon it, Mr. Grainger was wise in playing his own "Country Gardens" as one of his several encores. Even though it was his composition, one was compelled to believe that Mr. Grainger was actually taking liberties with it, for he played "Country Gardens" as none had ever heard it before. That may have been a mistake, too, for he was immediately applauded into two additional numbers.

Virginia Ellis, 16-year-old violinist who appeared in joint concert with Mr. Grainger, was surprising with the sweetness she brought from her violin. She demonstrated more technical skill in other numbers, but perhaps her ability to achieve flavor and unbelievably velvety shadings for so young an artist was best exemplified by a little piece from Debussy—"La Fille aux cheveux de Lin." Of course her handling of the malicious "Caprice Beethoven" from Kreisler and her encore number of "Old Refrain" by the same composer met with popular favor. Miss Jane Snyder was at the piano for Miss Ellis with the exception of the playing of "Chaconne" from Villa-Lobos. Mr. Grainger accompanied. This he did with a great deal of understanding, still playing so much with his usual zest that Miss Ellis had to do her very best to rise to the level of her musical backdrop.—JP.

SUGAR OFFICER

FORT WORTH, Oct. 23 (AP)—E. W. Wasson of Gainesville has been named state OPA sugar rationing officer, state OPA Director Mark McGee announced yesterday.

Decrease Shown In Crude Stocks

DECREASE SHOWN ... 14 ...
WASHINGTON, Oct. 23 (AP)—The bureau of mines reported today that the stock of domestic and foreign crude petroleum at the close of the week ended October 17 totaled 238,118,000 barrels, a net decrease of 1,047,000 barrels compared with the previous week. Stocks of domestic oil decreased 1,014,000 barrels for the week and foreign crude decreased 33,000 barrels.

Daily average production for the week 3,902,000 barrels or an increase of 45,000 barrels compared with the previous week's level. Runs to stills average 3,709,000 barrels daily, compared with 3,768,000 barrels for the preceding week.

Crew Of Five Dies In Bomber Crash

SEBRING, Fla., Oct. 23 (AP)—All five of the crew of an army bomber from Hendricks Field were killed when the plane crashed near here last night, the army announced today.

None of the victims was from the southwest.

Infantile Paralysis In South Texas

AUSTIN, Oct. 23 (AP)—Appearance of infantile paralysis in a "sharply localized epidemic of small proportion in south Central Texas extending to the Gulf from San Antonio to Corpus Christi," was reported today by the state department of health.

"Appearance of the disease at this season is unusual and ordinary expectancy would be rapid termination of the epidemic," said the department's bulletin warning that precautions should be taken in the area.

Diphtheria, dysentery, influenza, measles, meningitis, pneumonia, infantile paralysis, tuberculosis, typhus and whooping cough were all above the seven-year median for the week ending Oct. 17.

The total number of diphtheria cases was the highest in 49 weeks.

"GETTING UP AT NIGHT WAS GETTING ME DOWN"

Read how young Georgian escaped kidney misery. Quick relief thanks to famous Doctor's tonic. Sleeps like baby now.

"Kidney pain was pasting me day and night," says Mr. Kent Halsey. "Sometimes, I'd get up five times during the night. A lucky day was when I tried Dr. Kilmor's Swamp Root. It sure relieved those kidney pains. And I sure do sleep like a baby now."

Mr. Halsey is one of thousands who thank Swamp Root for quick relief of kidney pain. For this remarkable stomachic and intestinal liquid tonic flushes out painful sediment from your kidneys.

Originally created by a well-known physician, Dr. Kilmor, Swamp Root is a combination of 18 herbs, roots, barks and other natural ingredients. No harsh chemicals or habit-forming drugs. Just good ingredients that quickly relieve bladder pain, backache, run-down feeling due to kidney ailments. And you can't miss its marvelous tonic effect!

Try Dr. Kilmor's Swamp Root free! Thousands have found relief with only a sample bottle. So send your name and address to Kilmor & Co., Inc., Department 900, Stamford, Conn., for a sample bottle and postage. Be sure to follow directions on package. Offer limited. Send at once! (Adv.)

Tips on How to— Improve Your Lighting

Keep Lamps and Fixtures Clean

Dust is a frequent cause of poor light. Keep lamps and fixtures clean by regular washing of bulbs and diffusing bowls and you will get up to 30 per cent more light. Include a thorough cleaning of your lamps and lighting fixtures on your next house-cleaning program, and see how much brighter your lights will be.

When Lights Go Out ... It May Be a BLOWN FUSE

KEEP FUSES HANDY so if one should burn out, it can be replaced quickly and your electric service will be back on in a jiffy.

TEXAS ELECTRIC SERVICE COMPANY
C. S. BLOMSHIELD, Manager

Downtown Stroller

Capt. and Mrs. H. D. MANSUR of Sheppard Field, Wichita Falls, left Wednesday after a visit with his parents, Mr. and Mrs. H. D. MANSUR, Capt. and Mrs. MANSUR are en route to Randolph Field, San Antonio where he has been transferred.

Frettiest flowers yet were the gold and white mums which Mrs. J. D. HARVEY used in her home the other morning at the announcement shower for her daughter, ADELDAIDE. The flowers made a perfect setting for a fall party.

And speaking of mums, which we love, Mrs. J. H. KIRKPATRICK dropped in the office the other afternoon and she was wearing a yellow mum on her black wool suit. Really looked nice.

Mrs. VERNON WHITTINGTON and Mrs. ENNON LOVELADY dropped in to talk about Girl Scout week coming up next Sunday. Seems the girl scouts have troubles too, that is with getting enough leaders. The girls are still turning out in numbers but the women are scarce.

The only time we've ever heard "Turkey in the Straw" played that sounded like music was last night when PERRY GRAINGER played the number for an encore. That's real musicianship.

CALENDAR

FRIDAY
CENTRAL WARD carnival will be held at the high school gymnasium beginning at 8:30.

LADIES GOLF Association will meet at the country club at 4 o'clock for a tea.

WOODMEN CIRCLE will meet at the W. O. W. hall at 8 o'clock.

SATURDAY
JUNIOR MUSIC Study club will meet at 10 o'clock at the home of Mrs. Pat Kenney, 1005 Wood street.

COUNTRY CLUB members will hold a dance for members from 9:30 to 1:30 o'clock at the clubhouse.

Homecoming Dinner Is Planned For Royal Neighbors

Mrs. Gordon Buchanan presided over a business meeting of the Royal Neighbors Thursday afternoon at the W. O. W. hall.

The homecoming October 29 at Monahan was discussed, and Mrs. Buchanan announced her plan to have the members as guests for an all-day dinner at her home north of Coahoma.

Mrs. Shelby Hall and Mrs. E. W. Burleson were appointed a committee to buy wedding gifts for Mr. and Mrs. Gene Wilson of Alameda, Calif., and Mr. and Mrs. R. T. Bugg of Tucuman, N. M.

Unknown Neighbors were revealed at the meeting.

Others present were Mrs. Leo Holley and Mrs. Roy Wilson.

Graphite is used for the manufacture of pencils, paints, grates and foundry facings.

Great Salt Lake, Utah, is 4,200 feet above sea-level.

WAAC Officer

To Make Talks Here For Clubs

Lieut. Virginia Williams of Lubbock, recruiting officer of the Women's Army Auxiliary Corps, will be at the Settles hotel ballroom Tuesday night at 8 o'clock to give the "inside story" of the WAACs.

Special guests will be members of Business and Professional Women's Club, Beta Sigma Phi sorority and American Association of University Women, although any other women interested are invited to attend.

Lieut. Williams will appear Tuesday at noon on the Rotary club luncheon program, again Wednesday at the Lions club luncheon, Thursday at the Kiwanis club and Friday at the American Business club.

Lions and ABC members already have definitely decided to take their wives as guests on the respective meeting days. Rotary and Kiwanis are making similar plans but have not made definite decisions.

Bridge Club Has A Halloween Party In Graves Home

Halloween decorations and favors were used when Mrs. G. C. Graves entertained at her home for members of the Wednesday Bridge Club.

Mrs. A. G. Hall, Mrs. J. J. Green and Mrs. T. J. Walker were present as new members.

The dining table was centered with an illuminated pumpkin-face, and yellow marigolds were used throughout the rooms. Favors were tiny pumpkins on gum candy sticks, dunces caps and whistles.

Mrs. Walker was high for guests and Mrs. M. C. Lawrence for club members. Mrs. Green and Mrs. C. M. Shaw binged.

Refreshments carried out the Halloween theme.

Others present were Mrs. W. M. Gage and Mrs. George Hall.

Road Work Only In Emergencies

Road repairing and building in Howard county will be at a standstill for some time to come except for emergency patchwork or patching with caliche and dirt, according to County Judge Walton Morrison.

The stretch of road near Wild Horse creek which was damaged by fall rains has been patched with caliche and even if government restrictions on asphalt were entirely lifted, machinery and necessary road crews are not available.

Work on the Gall road extension, which had been planned prior to the war, will have to wait for better times, Morrison said, when either asphalt is completely unfrozen or road crews can be obtained.

Girl Of 16 Gets 5610 Lbs. Of Scrap

LAMESA, Oct. 23. — A one-girl scrap iron drive was conducted in Dawson county in the school-wide campaign, and Beahle Tarpley of Key community brought in 5,610 pounds alone. Miss Tarpley, about 16 years old, pulled in the heavy scrap pieces with her tractor, and piled it up at the Key community center.

She was given an award by her school, and received county-wide recognition for her efforts toward the campaign.

Missionaries To Speak Here Sunday

Returned missionaries from Africa will be at the Church of the Nazarene on Sunday, Pastor Ivy Bohanan announced Friday.

The Rev. and Mrs. C. S. Jenkins will be in charge of the evening service Sunday, telling of their experiences on the Dark Continent.

It is estimated that Japan suffers four minor earthquake shocks every day.

WASTE FATS

Are Needed For Munitions

And housewives can help in saving grease to go into the making of explosives.

WHAT TO DO:

1. Save all your waste cooking fats.
2. Strain into a wide-mouthed container.
3. Keep in cool, dark place until you have at least a pound.
4. Take it to your meat dealer. He will pay you a pound for strained fats, 20 a pound for unstrained.

Local Women Are Turning In Cooking Fats To Help Win War

By JEN WIESNER

To women has been delegated the responsibility of seeing that Uncle Sam has the salvaged cooking fats to keep his gunpowder factories humming, but a local man edged them out of the picture last week and stepped into the spotlight with a 5-gallon can of fat sold to one of the fat dealers.

In that can was \$1.50 more profit for the gentleman from a freshly-butchered steer, and the makings of one hundred anti-tank shells for the Army.

Local women are keeping pace, however, and furnish the majority of fat collected by the meat departments of grocery stores. Most of the fat is brought in one to six pound lots, with the average around three or four pounds.

Weekly in-take at the meat counters runs from 30 to as high as 100 pounds, varying according to the size of the store and its location.

Most of the fat turned in is strained, as it brings 4 cents per pound against 2 cents for the unstrained.

Since two pounds of waste cooking fat will make enough glycerin for five anti-tank shells (pretty good size and plenty destructive) the ladies are playing an important part in every big battle.

Big Spring women are meeting the producers half way, it seems, determined there shall be no guns silent for lack of gunpowder.

News Notes From The Oil Field COMMUNITIES

Mrs. W. A. Dickerson has returned from Brady where she visited her sister, Mrs. Barnes Cameron.

Mrs. Brady Nix and Given of Crane were guests of Aquilla West Monday night.

The Virgil Greens visited in Odessa this week.

Mr. and Mrs. Lloyd Burkhardt of Coahoma visited friends in Foran the first of the week.

Mrs. Ella Barkley of Houston is visiting her sister, Mrs. Mark Nasworthy.

Coleen Moore of San Angelo was a guest of her parents, Mr. and Mrs. John Kubecka, Monday.

George O'Bar delivered 64 steers to Ed Webster at 13-1-2c. These weighed 440 pounds. The heifers weighed 330 pounds and brought 12c.

Sam Kingston of Camp Swift is visiting his brother, Johnny Kingston, and Mrs. Kingston. The Kingstons recently returned from a visit in Monahan.

Ann and Kathryn of San Angelo are guests of Mrs. Bush's parents, Mr. and Mrs. C. L. West.

Mr. and Mrs. E. A. Grissom and daughter have returned from a visit in Abilene.

James Gardner will be at home for the weekend with his parents, Mr. and Mrs. J. E. Gardner.

Mr. and Mrs. Barney Hinds, former Foran residents, have returned from California and are temporarily in Big Spring. Hinds will leave soon for military service.

C. J. Lamb has sold his house in Foran and the Lambs will occupy the Roy Cranfill home.

Coleman Visitor Is Honored At Colorado

COLORADO CITY, Oct. 23.—Honoring her houseguest, Mrs. Nan Ayres of Coleman, Mrs. Harrison H. Black of Colorado City entertained with a luncheon. A fall theme was carried out in flower decorations and place cards were hand-made bouquets. Places were marked for Mrs. Ayres, Mrs. Lois Prude Bennett, Mrs. Freddie Van de Venter, Mrs. Harry A. Logsdon, Mrs. Thomas R. Smith, Mrs. John L. Doss, Martha Earnest, and Mrs. Ella Conrod. A three course luncheon was served.

In the afternoon a group of other guests joined the luncheon party for a series of Liverpool rummy. Prizes were awarded to Mrs. Jack Wyatt, Mrs. L. E. Vaughan, and to the honor guest. Others present were Mrs. W. W. Hatcher, Mrs. L. Machin, Mrs. Frank Lupton, Mrs. Roy Buchanan, Mrs. Neal Prichard, Mrs. Bert Wulfing, Mrs. N. R. Reeves of Atlanta, Ga., and Mrs. Sam Gelsenberger of Natchez, Miss. Mrs. W. H. Coffey was a guest at the tea hour.

Reta Mae Bigony Is Named Head Of Hall

Reta Mae Bigony, junior at McMurry college, was elected as president of Boyce Hall, girls' co-op dormitory as the 25 girls residing there met Friday, Oct. 9 to elect officers.

Plans for the year were discussed and suggestions were made for a better Boyce Hall.

Reta Mae is a member of the student council of religious activities, a member of the Mission band, Kappa Phi, girls social club, and parliamentarian of the Sigma Lambda Kappa, girls literary club.

Miss Bigony is majoring in business administration and minoring in mathematics. She is the daughter of Mr. and Mrs. D. F. Bigony, of Big Spring.

VISITS AND VISITORS

Mr. and Mrs. Barney Hinds have returned from Hollywood, Calif., where he has been engaged in defense work, and are visiting her parents, Mr. and Mrs. W. A. Underwood. They expect to leave this weekend for Tye for a visit with his parents before he returns to enlist in the army before Nov. 1.

Sgt. J. T. Langley of Kelly Field returned to San Antonio after a visit with his parents, Mr. and Mrs. W. A. Langley.

Billy Langley is in Houston on a business trip.

Buffet Supper Given By The Beta Sigma Phi

Autumn flowers decorated the home of Myrtle Jones when the Beta Sigma Phi entertained luncheon with a buffet supper in her home Thursday night.

Halloween decorations were used throughout the party. Plans were set for preferential tea to be held Sunday from 4 o'clock to 6 o'clock at the Settles hotel.

Guests were Patty Toops, Tommy McCrary, Eddie Rae Smith, Judith Pickle, Fern Smith, Jane Clayton, Edna Mae Hampton, Marie Dunham, Elizabeth Glass, Winifred Brown, Kathleen Underwood.

Others present were Clarinda Mary Sanders, Sara Reidy, Evelyn Merrill, Omega McClain Dorothy Dean Sain, Mrs. Paul Darrow, Mrs. Loyd Wooten, Mrs. Paul Droust, Mrs. Murlan Smith, Mrs. Leonard Skiles, Elizabeth McCrary, and Mrs. M. E. Milam of Stanton.

Mrs. Deats Is Complimented With Shower

Complimenting Mrs. Walter Deats with a farewell handkerchief shower, the Sew and Sew club members met Wednesday in the home of Mrs. Clyde Thomas, Sr. Mrs. Deats is to leave today for California where Mr. Deats will enter defense work.

The club voted to meet each Thursday in place of Friday at 1:30 o'clock and Mrs. Jack Haynes was named as next hostess in her home, 1612 Donley. Mrs. Haines was also elected as treasurer of the club.

Others present were Mrs. Wayne Gound, Mrs. F. H. Talbot, Mrs. Clyde Johnston, Mrs. D. A. Watkins, Mrs. Charles Crouch, Mrs. Raymond Plunkett, Mrs. Clifford Spillman, Mrs. Royce Bridwell.

5,000 Dressings A Week Are Being Made At Colorado

COLORADO CITY, Oct. 23.—With Mrs. R. L. Fee as chairman pro tempore, the Red Cross surgical dressings room in Colorado City is now completing an average of 5,000 surgical dressings a week. Approximately 15,000 of the assigned quota of 27,000 bandages shipped here as the first assignment have been completed to date.

The room is kept open from 9:30 until twelve five mornings a week, from 1:30 until 5 six afternoons a week, and from 8 until 10 each Tuesday and Thursday evenings. The night sessions are specially sponsored by the business women of the town. Forty supervisors work in shifts training volunteer workers.

Announcement Made Of Engagement At Morning Coffee Here

Miss Harvey To Wed Cpl Foster On November 5

Announcement of the engagement and approaching marriage of Adelaide Harvey, daughter of Mr. and Mrs. J. D. Harvey, was made at a morning coffee Thursday from 10:30 o'clock to 12:30 o'clock in the Harvey home.

Hostesses were Mrs. Harvey, Mrs. Shelby Riley and Mrs. J. E. Collins. Miss Harvey is to be married on November 5th in the home of her parents to Cpl. J. G. Foster, Jr., of Lubbock, son of J. G. Foster, Sr., of Dallas, and nephew of Mr. and Mrs. W. A. Diffey of Dallas.

Gold and white were the chosen colors carried out in the gold and white mums placed at vantage points throughout the rooms.

The receiving line was composed of Mrs. Riley, Mrs. Armaria Lee of Colorado City, Mrs. Harvey and Miss Harvey. Presiding at the bride's book was Mrs. Alex Miller.

The tea table was lace-laid and centered with a reflector on which an army scene of miniature soldiers and airplanes flanked a small American flag. An army tent was beside the reflector and a miniature bride and bridegroom was placed at one end of the scene.

Presiding at the silver service was Mrs. Granville Glenn and Mrs. T. A. Thigpen. Greeting guests at the door were Mrs. Riley and Mrs. Dan Conley. Others in the houseparty were Mrs. W. L. Mead, Mrs. A. S. Darby, Mrs. C. E. Higginbotham, Mrs. J. C. Rogers, Mrs. J. A. Falkner, Mrs. A. R. Collins, Mrs. S. E. Smith and Mrs. H. D. Mansur.

The announcements were out in the shape of an army tent and told the date of the approaching marriage.

Miss Harvey dressed in a two-piece green suit trimmed in yellow applique and she wore a corsage of yellow roses. Other members of the houseparty had corsages of fall flowers.

Guests included Mrs. Jim Hale.

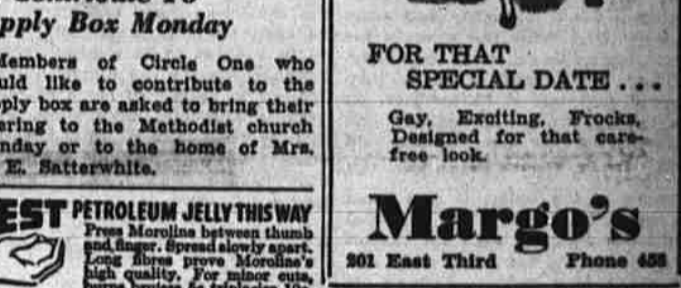

Circle Members Asked To Contribute To Supply Box Monday

Members of Circle One who would like to contribute to the supply box are asked to bring their offering to the Methodist church Monday or to the home of Mrs. R. E. Satterwhite.

Clean Up Weeds, Is City's Appeal

Predicting an epidemic of fires about a month from now unless something is done to prevent them, City Manager B. J. McDaniel, appealed to residents to clear vacant lots of weeds.

His statement was prompted by a man who wanted to borrow a scythe from the city in order to clear two vacant lots of tumbleweeds.

"We didn't have one," admitted McDaniel, "but we're trying to lay our hands on one so that this man, who is interested enough to clear somebody else's property may have the tools to work with."

McDaniel said he never had seen tumbleweeds as thick as they are this season. Too, grass is heavy and other weeds and underbrush have thickened. A match or cigarette flipped carelessly into this collection might easily spread to a fence, house or garage, he pointed out.

Volunteers At Sewing Room Are Fewer

The Red Cross Howard-Glasscock chapter shipped seven boxes of clothing yesterday to the St. Louis offices including around 1,000 articles both knitted and sewed by the chapter, but attendance was falling off rapidly at the sewing rooms.

Only four women reported to work Friday morning and only three were on hand Thursday, Mrs. G. G. Sawtelle, secretary, said, and urged women to remember to assist regularly with the work.

Now that work on surgical dressings is temporarily stopped awaiting shipment of more bandages, these workers were asked to contribute their time to the sewing room.

"The work must go on," Mrs. Sawtelle said, "and it is up to the local women to do their share in carrying on the war work asked for by both the army and navy and by the Red Cross headquarters."

The Junior Red Cross drive, which last year was one hundred per cent successful in Howard and Glasscock counties, will begin on November 1st and last until November 15th, Mrs. Sawtelle said. This drive is carried on through the schools. The adult membership drive will not be held again until March 1st, 1943.

Statements Of More Liberal Soldier Read Gas Rations For Texas?

BASTROP, Oct. 23 (AP)—"I'm all right with men, but with women I just want to grab them by the throat. I can't resist it—I don't know why."

So said Private George S. Knapp's statement, introduced as evidence yesterday at his trial on a murder charge in connection with the death of Lucy Rivers Maynard, 8, Bastrop school girl.

Two statements by Army Administrator Leon Henderson, conferred recently with Governor Coke R. Stevenson and informed the governor he felt pretty sure the general overall plan, would include special attention to the needs and problems of Texas.

The governor and Hunter met privately and Hunter wrote the governor after his return to Washington.

Thanking the governor for cooperation given in Texas, Hunter added:

"I have talked to the boys here regarding problems of the south-west and feel pretty sure that within a general overall plan for the country special needs and problems in Texas will get attention."

Here 'n There

Students from Big Spring enrolled this year at Abilene Christian college include Betty Fay Collins, daughter of Mr. and Mrs. J. B. Collins, a sophomore; and Dorothy Jim Harvey, daughter of Mr. and Mrs. J. D. Harvey, a freshman. The 963 students in ACC this year represent 19 states and one foreign country.

As if the record of the war industries classes here were not enough as reported Thursday in a story pointing out the possibility of its discontinuance due to lack of trainees, it now develops the figures on total number of trainees were far short. In checking up, a supplementary program had been overlooked—and with this oversight some 163 acetylene welders who are now at work in aircraft and other factories or are in the armed services.

Put J. B. Collins down as one of the busiest fellows in town these days—and, it's one of these jobs that pays off in satisfaction of service only. Not content with having led a whirlwind drive that furnished day rooms of the Big Spring Army Air Forces Bombardier School hospital unit, he now is gathering stuff for the induction barracks. Men there scarcely have anything to do in their off time except to kick rocks around, so Collins is seeking to gather games, books, and other entertainment equipment. Those who have money or materials to give may leave them at the Red Cross rooms for him.

Hub Rutherford, whose profession definitely is that of building but who come to be an expert in and major producer of poultry, is going out of the chicken business. Two things prompted his action: (1) The bombardier school hammed him on three sides and made the place less accessible, and (2) constant traffic in the area plus increased airplane roars cut down the laying of hens and kept fryers upset. But, he adds, the real reason is that he is getting ready in event Uncle Sam needs a good soldier of his age. Between building jobs, Hub used to have 200 or more fry-

Livestock

FORT WORTH, Oct. 23 (AP)—Market generally steady on slaughter cattle, little weak on low grade yearlings. Good and choice calves steady; to medium and low grade calves weak to unevenly lower.

Hogs unevenly 5-25 cents below Thursday's levels; top of 14.45 paid by packers.

Slaughter swine and yearlings steady; other classes poorly testing the market.

Common to medium grade steers and yearlings in 9.50-12.00 range included one load grade steers at 10.25; good fed steers in 12.00-13.00 range included one load of steers at 12.50 and three loads at 12.75; good yearlings downward to 7.50; good fat cows 9.50-10.25; common to medium butchers cows 8.00-9.25; good heavy bulls 9.50-10.00; common to medium bulls 7.50-9.25; good to choice fat calves 11.25-12.25; common to medium butcher calves 8.50-11.00; cull calves 7.50-9.00; good to choice stocker steer calves up to 12.50; similar grades stocker heifer calves up to 11.50; common to medium stocker calves at 8.00-11.00; stocker steers and yearlings went back to grass at 8.00-11.50.

Most of good and choice 180-300 lb. butcher hogs 14.35; good and choice 150-175 lb. averages 13.75-14.25; packing sows 25 cents lower at 12.50 down.

Former Texas Oil Executive Dies

TORONTO, Oct. 23 (AP)—While making preparations to return to his home in Texas, Robert Lee Blaffer, 66, former oil executive of Houston died of a heart attack on a downtown street here yesterday.

He came to Toronto to purchase railway tickets to return to Texas next Monday. He had spent several months with his family at their summer home at Grafton, near Coburg, Ont.

He retired last year as chairman of the board of Humble Oil and Refining company, with which he had been associated since 1917.

A native of New Orleans, he was a graduate of Tulane University. He entered the oil business at Beaumont.

With him in Canada were his wife and his daughters, Mrs. Jane Blaffer Owen, Miss Cecil A. Blaffer and Miss Joyce C. Blaffer, all of Houston.

His son, John Hepburn Blaffer, who enlisted in the coast guard six months ago, was notified of the death at his station at Fort Arthur. Young Blaffer drove to Houston and took a plane for Canada.

Mildred White In Musical Program

Program of songs was presented by Mildred White for the American Business club when members met for luncheon Friday at the Settles hotel. Mrs. Pat Kenney was accompanist.

V. A. Whittington had charge of the program. The district convention to be held soon was discussed and a membership committee composed of John Collins, Jake Morgan and Charles Gardner was selected.

Dr. J. H. Parrott, who is leaving Nov. 3 for San Francisco, Calif., to go into defense work, made a farewell talk along with George Zachariah, who is to report to Fort Sill, Okla., November 3.

V. A. Whittington was appointed as bulletin editor for next week.

More Nurses Are Assigned Here

Four new lieutenant nurses have been assigned to the hospital at the Big Spring Army Air Forces Bombardier School, the public relations office announced Friday. They are Julia C. Riley, Matilda D. Grinevich, Wanda Gustafson and Agnes K. Smith.

2nd Lieut. James M. Warner has received orders to transfer from the local post to Duncan Field, Tex.

The Lowest-Down Man Is A Scrap Scavenger

"Scrap Scavengers" were scored Friday by B. J. McDaniel, civilian defense council salvage chairman, when he took cognizance of repeated thefts from piles of salvage material here.

"There are some people who are steadily stealing rubber, brass and other more valuable items from scrap piles," he said. "They are stealing in an effort to sell the chosen articles at a higher than average price for scrap."

He placed them in the category with church thieves and promised that prosecution would be sure and sharp if any were apprehended. At the same time, he appealed to the public to help in reporting scrap thieves.

"They are stealing from what you gave or collected as well as from me," declared the chairman. "We need your help in catching them so that we may be sure that every pound of this scrap goes where it ought to go."

How To Relieve Bronchitis

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ-laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION for Coughs, Chest Colds, Bronchitis

Seven Sign Up As Air Specialists

The U. S. Army had seven more recruits Friday as air corps specialists with recommended station here for on-the-job training.

More and more applications were being made at the recruiting station in the postoffice basement as deadline time for this type of specialist enlistment moved to within one week.

Those who contemplate enlisting as specialists in the air corps must act before noon next Friday. Youths 18 and 19 years of age are especially desired in addition to older and more experienced men.

Accepted Friday were Zane H. McAnnis and Walter L. Kellog; Big Spring; B. W. Hicks, Borgia; Warren W. Richardson and John R. Richardson, Lamesa, brothers; Jesse W. Archer, Ackerly; and Ben O. Crow, Gatesville.

Traffic Violators Facing Penalties

Speeders and traffic violators are being hauled into justice court by officers at rapid rate now that the 25 mile per hour observance is the patriotic thing to do.

One man paid \$14 for no drivers license and one paid \$14 for speeding. Another arrest was made for obstructing traffic.

Another charge of speeding was booked along with a disturbance charge and hot check case. One assault case was suspended.

MEXICAN FINED
Pleading guilty in county court Thursday to a charge of aggravated assault, Paul Swares, Mexican apprehended in Lamesa and returned here Wednesday night, was fined \$25 and costs and one month in jail by Judge Walton Morrison. Swares was charged with assaulting Jose Munoz with a knife Sept. 26.

County Exposition Cancelled By War

With gasoline rationing imminent, tire shortage a reality and war work keeping everybody busy, the annual Howard county fair is doomed for the duration, directors have decided. The project will be revived after the war, "if and when that day comes." Meanwhile, the livestock buildings continue to house county machinery, and the exhibit hall is serving as temporary USO center.

Maxine Howard is in Richmond, Calif., visiting her sister, Mrs. Jack Parrish.

Song Convention Sunday Is Last For The Duration

What is announced as the last meeting of its kind for the duration is the semi-annual session of the Howard County Singing Convention, slated for Sunday at the Lomax school.

The meeting will be an all-day affair, with dinner to be served at the school. First session will be at 10 a. m.

N. F. King, president of the convention, is urging all singers and music lovers to be present.
