Congress Backs Berlin Stand

Both Parties' Leaders Give Support Pledge At Meeting

By STEWART HENSLEY
United Press International

WASHINGTON (UPI) — President Eisenhower gave congressional leaders of both parties a 90-minute fill-in on the Berlin crisis today and received a pledge of united support for his firm stand.

"The upshot is that we are united," Speaker Sam Rayburn said after the White House conference. "We don't have parties in this thing."

"We think with the President that we must be firm and remain so," Rayburn said.

Rayburn, Senate Democratic Leader Lyndon Johnson, Senate Republican Leader Everett M. Dirksen and House Republican Leader Charles A. Halleck conferred with the President.

Others present at the meeting were Vice President Richard M. Nixon, Acting Secretary of State Christian A. Herter, Secretary of Defense Neil H. McElroy, Director Allen Dulles of the Central Intelligence Agency, and members of the White House Staff.

Joining in Rayburn's comments, Halleck said that while this nation is going to remain firm in the Berlin dispute, "every honorable avenue for peace will be explored."

Johnson said that "it would be foolish to pretend that we do not regard it (the Berlin situation) as a matter of concern."

"I think we should say in language that all will understand that the Communists will discover that this country and its free Allies are determined to preserve the free world," Johnson said.

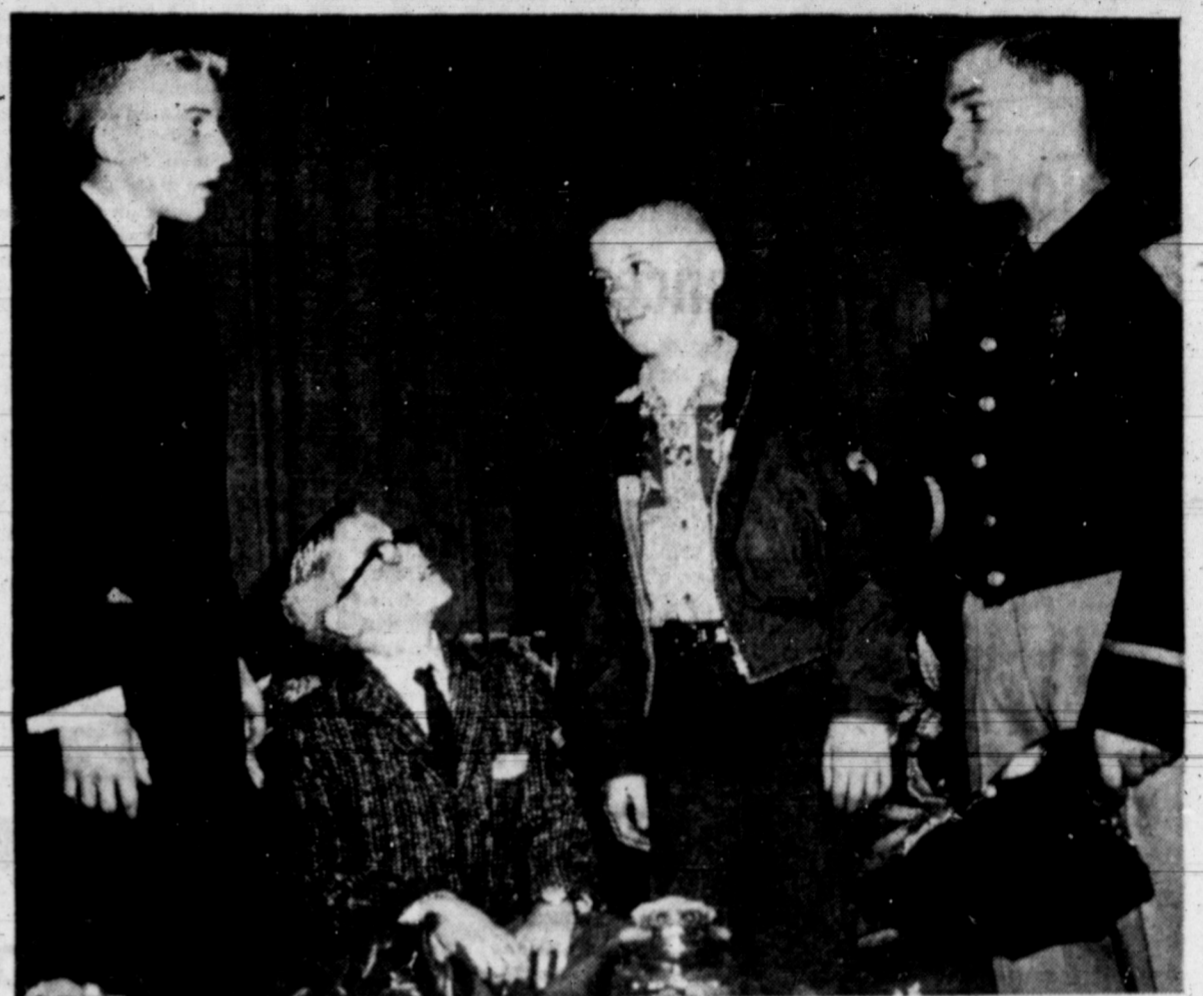

He said there is "no thought of yielding to pressure," but that this country is willing to negotiate with the Soviet Union about the future of Germany.

Dirksen said the President and four leaders took "a common and unified position."

Rayburn said there was no administration request for congressional action and that he did not think the House would want to take any.

Eisenhower conferred with the congressional chieftains after the White House announced that he and British Prime Minister Harold Macmillan would meet here March 20 to discuss the Berlin problem.

White House Press Secretary James C. Hagerity said the British leader wanted to report to the President on his recent Moscow talks with Soviet Premier Nikita S. Khrushchev.

UNDER ARREST

This dramatic scene represents the Sam Houston production of "Beauty's Private Eye," a play by Helen Louise Miller. The Lions saw sixth graders in action when they visited the elementary school Thursday. The students, pictured from left to right, are Keith Griffith, David Wilks, Roddy Bray and Sam Bryan. (Daily News Photo)

SECOND INSTALLMENT

Joe Tooley, president of the Pampa Noon Lions Club, left, presents a \$500 check to board members of the Pampa Youth and Community Center project. This is the second payment on the Lions \$1,500 pledge. The Center representatives are Sheriff Rufe Jordan, center, and Rev. Richard Crews. — (Daily News Photo)

Lions Observe School Week; Donate \$500

For the Pampa Noon Lions Club, Texas Public School Week meant a meeting at Sam Houston Elementary School and the treat of a sixth grade play. After a meal served in the cafeteria, Lions visited the classrooms and then went to the auditorium to see "Beauty's Private Eye."

After the meeting, President Joe Tooley presented a \$500 check to representatives of the Pampa Youth and Community Center Campaign. This represents the second installment on the Lions \$1,500 pledge.

The play, presented as a contribution to Texas Public School Week, had a cast of ten. Characters were played by Keith Griffith, Betty Hinderliter, Paula Sealey, Bill Henry, Rodney Bray, George Shelton, Connie Gillum, David Wilks, Sam Bryan and Larus Beaty.

The Lions will have their own production April 2, 3 with the annual Minstrel, "Director" "Bunny" Shultz said that there are still openings in the chorus for men and women. Lions and non-Lions. The company is rehearsing twice a week now, Mondays and Thursdays in the Southwestern Public Service Company.

Police Investigate Fire Which Killed 21 Boys

By BERNIE BROWN
United Press International

LITTLE ROCK, Ark. (UPI) — State police launched a full-scale probe today of the tragic reform school fire that killed 21 Negro boys trapped behind locked doors.

Gov. Orval Faubus, shaken and angered, charged negligence was responsible for the deaths and ordered state police to "let the chips fall where they may." He prepared to go before the Arkansas Legislature and ask for an emergency appropriation.

Faubus arrived on the scene of the fire Thursday at the Arkansas Negro Boys Industrial School, 12 miles south of Little Rock, in time to watch firemen cool debris that covered a pile of 12 bodies. They were heaped below a window they couldn't open.

Nine other boys were sprawled in ashes that once was a U-shaped brick veneer dormitory building. Faubus was visibly sickened at the sight.

Forty-seven other boys escaped by kicking out "escape" proof wire mesh screens and climbing

out windows. "There's absolutely no reason for this to happen the way it did except because of negligence on the part of someone," Faubus said. He said the building had no fire alarm system and no telephone.

The fire was believed to have started from defective wiring. "It was absolutely inexcusable" (See POLICE, Page 3)

COMMUNITY CONCERT

Vienna Choir Boys Sing Here Tonight

Pampa will be host today to 22 very important ambassadors from Austria. These talented envoys are the Vienna Choir boys, aged eight to 14, who will present a Community Concert at 8 p.m. today in the Pampa Junior High Auditorium.

Many things are happening. In the local Community Concert Campaign, Saturday, the last day will see a board meeting in which the 1959-1960 season will be organized. This meeting will coincide with the end of the membership drive which has occupied Pampa in recent weeks.

Tonight's concert will be the first for those with new season memberships. Although this is the last concert of the current season, new members will be admitted. Memberships will be sold until Saturday noon. Campaign headquarters are located in the Southwestern Public Service Company.

The choir was trained at Vienna's world-famous Seminary. The School maintains three choirs at all times. Two are available for touring while one must always be in Vienna to participate in services at the Hofmusik Kapelle, and the Choir's other musical activities. It is the School's endeavor to rotate the youngsters so that each may visit every country on the continent.

Firemen Rush, Save Woman

Frances Key Miller, 1035 Barnes, was rushed to Highland General Hospital last night by Pampa firemen on an emergency call. The firemen used resuscitation before taking her to the hospital. Mrs. Miller is still hospitalized but recovering satisfactorily from what may have been food poisoning.

The call, received at 10-10 p.m., brought firemen to the Yentes Court on S. Barnes. Firemen used resuscitation techniques since the woman was having difficulty getting her breath. Earlier in the day, firemen extinguished a grass fire at 508 S. Barnes. A fence was slightly damaged. The cause of the blaze is unknown.

Saunders Files In Mayor Race

Another hat sailed into the City Election circle today when John Saunders filed for the office of mayor. As filings close today, Saunders will run against Ed Myatt, incumbent commissioner of Ward 1. The City Secretary's office will close down at 5 p.m. today and filings will end for the April 7 election.

Seven men have filed for City Commissioner posts: Jack Vaughn, Ward 2; and R. K. Parsley, Ward 3, have

Pioneer IV Sets Record For Radio Contact From Space

WASHINGTON (UPI) — America's first satellite in space, Pioneer IV, set a new record today for radio contact from space. The probe, launched toward its orbit around the sun, maintained contact with its first artificial planet at 9:24 a.m. c.s.t. today, nearly 3 1/2 days and more than 400,000 miles after Pioneer IV was launched toward its orbit around the sun.

The loss of radio contact was reported by the Goldstone tracking station of the National Aeronautics and Space Administration in California.

At the time contact was lost, Pioneer had set a record by flashing radio signals deeper in space than any other man-made object.

At Schenectady, N.Y., the General Electric Co. tracking station reported it received signals from Pioneer until 10 a.m. that were

strong enough for information purposes. It said the signals were "weak and intermittent" from 10:30 a.m. and after that "no more useful information was received."

The Goldstone scientists calculated that by 10 a.m. c.s.t. 36 minutes after the signal received at 9:24 a.m., the tiny space probe was 416,000 miles from the earth and traveling at 3,940 miles an hour.

Goldstone had expected to lose contact much sooner. Scientists said there was a possibility it might pick up additional signals from time to time in the afternoon. But they said that for practical tracking purposes, contact was considered ended at 9:24.

England's Jodrell Bank radio telescope, which has "sharper ears" than Goldstone, may track it farther into space.

Pioneer's increasing range and the decreasing power of its batteries combined to weaken its voice.

Goldstone first lost contact at 9:15 a.m. Data analysis showed the 154 pound capsule was then 406,020 miles from earth, traveling at a speed of 3,899 miles an hour.

A special filter to screen out interference enabled the Goldstone station to track Pioneer for an

additional nine minutes until 9:24 a.m. Goldstone planned to keep focused on Pioneer until about 3:30 p.m. when the probe will go behind the earth's curve. Then the California station will abandon all further tracking attempts.

Goldstone's calculated range is 400,000 miles and Pioneer's battery life was estimated at 96 hours. The batteries were turned on five hours before launching, however, making their in-flight life about 85 hours.

The 85-hour period runs out at 12:10 p.m. The space capsule set the record for space signal transmission on its way to its eternal orbit around the sun. The Communist newspaper Pravda claimed Russia's Lunik satellite was heard from 370,000 miles out before contact was lost. U.S. scientists agreed that the Lunik had sent signals from at least 350,000 miles out.

COUNTERFEIT RING BROKEN

CHICAGO (UPI) — Authorities today indicated that a nationwide ring of 25 counterfeiters who passed more than a million dollars in phony \$100 bills apparently worked for peanuts.

The counterfeiters goaded by selling most of their fake money to undercover Secret Service agents and a big discount. It also was reported that the Chicago-based counterfeiters burned another million dollars worth before federal agents caught up with them.

Paul Paterni, head of Secret Service in Chicago, announced the breakup of the ring Thursday after a hunt which began last November when agents received a tip on the operation.

The ring, one of the largest of its kind ever to operate in the nation, extended into 22 states, Paterni said. The investigation was kept top secret because agents risked their lives in buying \$726,206 worth of the fake currency.

The Secret Service revealed the roundup after the arrest of the alleged Chicago ring leaders, Alphonso Amabil, 40, and William Rablofo, 39. The two were taken kicking and cursing into Federal Court Thursday on a charge of printing and uttering more than \$500,000 in counterfeit money.

Amabile, believed to be the gang leader, had only \$26 in his pockets and protested he was just "trying to make a living." His bond was set at \$50,000 and Rablofo's at \$20,000.

Paterni said the presses and plates used in printing the mon-

ey still were missing. He warned more of the bills could be put in circulation.

Paterni said existence of the gang was confirmed late last November when several counterfeit \$100 bills began showing up in two big Chicago department stores.

The beginning of the end came a short time later when one of the counterfeiters, Floyd C. Vincente, 29, of suburban Calumet City, made the mistake of offering to sell the fake bills to a Secret Service Agent posing as an underworld figure.

After showing the agent the "fine workmanship" of the fake money, authorities said, Vincente offered to sell them in \$100,000 lots for \$9 a bill.

Miss Walker Hit By Car

Dorothy Walker, 16, of 902 E. Murphy, was hospitalized with a broken pelvis bone Thursday after being struck by a car near Pampa Junior High School. No charges were filed against the driver, a victim of brake failure.

The accident occurred at 12:40 p.m. at Francis and Cuyler. Miss Walker was crossing Francis on her way back to school. Mrs. Leonard applied her brakes when the light changed but was unable to stop. The collision dragged the girl several feet.

According to Chief of Police Jim Conner, Mrs. Ledford was driving at 10 miles an hour when she tried to stop.

The girl was taken to Highland General Hospital by Duengel-Carmichael ambulance.

SON RETURNED — Mrs. Ruth Flores, right, smiles happily as she hugs her 8-week-old son, Eric Leon, in the Ontario, Calif., police station after police returned him to her. Police found the infant, missing five days at the home of Betty Jean Yocom, left, who is being held for kidnaping.

filed for reelection. Other candidacies are Glenn Radcliff and James T. Crawford Jr., Ward 4; H. C. Hall, Ward 3; John M. Truby and H. V. Wilks, Ward 1.

The election will be held April 7 in the four wards of Pampa. Voters will select a successor to Mayor Lynn Boyd who has served two terms in office. Commissioner Bob Olson, elected two years ago, is the only commissioner not seeking reelection.

Anyone who has paid his 1959 poll tax is qualified to cast his ballot for a City Official.

Woman Held In Kidnaping

ONTARIO, Calif. (UPI) — Mrs. Betty Jean Yocom, 38, was held on \$5,000 bail today awaiting preliminary hearing March 12 on a charge of kidnaping her 9-week-old son, Eric Flores.

The 5-foot 2-inch, 180-pound housewife who said her desire to give her husband a son motivated her to snatch the child from his crib last Friday while she was babysitting, is a possible sex abuser.

A Marine spokesman said the "would have faced a possible death penalty under a kidnaping charge" if she had a hearing on the charge. He said weather conditions were "turbulent and very, very poor." We believe it had a bearing on the crash. The exact cause, however, was not known.

Eight Airmen Die In Crash

CHERRY POINT, N.C. (UPI) — A Marine Corps Flying Boxer crashed and burned early today while trying to make an instrument landing during a violent rainstorm. Eight of the nine men aboard were killed.

The plane, whipped by heavy winds and blinding rain, crashed into a dense swamp only a few yards from a busy highway. Names of the eight victims were withheld pending notification of next of kin.

The lone survivor was identified as Sgt. Ralph Mauro Jr., Hamden, Conn. He was a radio operator in the crew of six aboard the transport plane which also carried three passengers.

The 5-foot 2-inch, 180-pound housewife who said her desire to give her husband a son motivated her to snatch the child from his crib last Friday while she was babysitting, is a possible sex abuser.

A Marine spokesman said the "would have faced a possible death penalty under a kidnaping charge" if she had a hearing on the charge. He said weather conditions were "turbulent and very, very poor." We believe it had a bearing on the crash. The exact cause, however, was not known.

Miami Names Its Candidate

MIAMI (Sp) — Miss Jennie Mathers, daughter of Mr. and Mrs. Clark Mathers of Miami, has been elected by the Miami High School student body to participate in the "Miss Irish Rose" contest in Shamrock, March 17.

Miss Mathers is a senior student. She is a member of the Student Council, was chosen football queen and head cheerleader this past season. She was FFA Sweetheart her sophomore year and Harvest Queen her freshman year. She has played basketball four years. She is a member of the First Methodist Church and active in the Methodist youth fellowship.

DEDICATED TO ANIMALS — Stylized owl, hare and fish form design for this 20-cent (4½-cent) Swiss stamp to be issued in Bern March 9. It's dedicated to animal protection.

Palo Duro Associational Workers Conference To Meet

Conferences for workers with each age group in the Sunday School are planned for the Palo Duro Baptist Associational Workers' Conference meeting at the Calvary Baptist Church, 824 S. Barnea, Tuesday night.

Theme for the conferences will be "Teaching the Word of Life". Rev. C. N. Rue, pastor of First Baptist Church, Phillips, is moderator of the association. He leads in the planning of the monthly programs. The program Tuesday night is one of four Sunday School programs to be conducted during the year. Bob Callahan, education director of Central Baptist Church, Pampa, is the associational Sunday School superintendent.

At 6:45 p.m. Tuesday the associational executive board will meet, the young people will meet, and the WMU of the associational will hold their meeting. All others in attendance may view a foreign mission film entitled "Empty Shoes".

At 7:30 p.m. departmental conferences will be conducted for workers in the Sunday School. The conference for pastors, SS superintendents, and other general officers will be led by Bob Callahan. B. E. Nuchols, superintendent of the Sunday School for First Baptist Church, Pampa, will lead the conference for workers with adults. Mrs. Murray Leith, superintendent of a young people's department in Calvary Baptist Church, Borger, will lead the conference for workers with young people.

Mrs. Burl Willis, member of First Baptist Church, Phillips, will direct the conference for workers with intermediates. Mrs. C. L. McKinney, First Baptist Church, Pampa, will lead the conference for workers with Juniors. The conference for workers with Primaries will be led by Mrs. J. V. Guthrie, Lafors. Mrs. E. R. Govey, Central Baptist Church, will lead the conference for workers with Beginners.

The conference for workers in nurseries will be led by Mrs. James Baird and Mrs. Don Rosen.

Berliners 'Apprehensive But Unafraid' Of Red Ultimatum

President's Son Gets Experience

By MERRIMAN SMITH
UPI White House Reporter

WASHINGTON (UPI) — Backstage at the White House, President Eisenhower's cattle at Gettysburg can look forward to warmer weather with less annoyance than many other bovine creatures. The chief executive has run a network of tiny electric wires around the interior of a new barn and the system is designed to discourage the presence of flies.

Fly fights on the wire dead fly. Sooner or later, the flies get the idea and depart for more conventional barns where self-respecting flies can buzz with abandon without fear of death in the walls.

With Mrs. Eisenhower returning from Arizona any time now, the President's home in Gettysburg may be reopened shortly and he will start spending weekends there again. The house was closed during January and February.

Army friends of Maj. John S. Eisenhower, the President's son, say he is noticeably pained behind the scenes when he reads or hears criticism of his assignment at the White House as assistant to Brig. Gen. Andrew J. Goodpaster, the White House staff secretary.

One officer who has known John since his days as a West Point cadet says, "He didn't seek out this job by any means." Another officer several grades above young Eisenhower also has this opinion: "The White House experience should make him a better officer. Not many majors, or for that matter, not many generals ever get a truly inside view of just how much civilian effort goes into the operation of a military organization."

There seem to be several reasons behind John's station at the White House. One, the historic experience of serving at the side of a father and president. Other

Stock Market Still Climbs

WALL STREET CHATTER
NEW YORK (UPI) — The current stock market pattern, says Bache & Co., points to still higher price levels over the near term.

Subject to moderate reactions, we feel that even better prices are ahead and that investment funds will continue to be committed into the stock market, for common stocks appear to be favored over any form of investment at this time, according to Van Alstyne, Noel & Co.

Dean Witter & Co. sees the union of Kern County Land, dependent on oil royalties, and Walker Manufacturing Co., a utility parts maker, as an important step in Kern County's diversification program. Combined earnings for the two are estimated at \$3.16 a share for 1958 and the firm forecasts they will rise by as much as 35 cents a share in 1959.

Walston & Co. holds Lockheed Aircraft seems to have speculative potential as a space age issue and says earnings should be higher, possibly 10 or 15 per cent higher this year than the \$3 to \$3.15 estimated for 1958. Walston points out Lockheed is planning exploration of flight problems up to 10 times the speed of sound.

Later, Berlin might fall totally into the Communist sphere through starvation.

CAUGHT IN A SQUEEZE — Pickens, 42, who was found wedged in a hole in the marl roof. Scattered about him were burglars tools and a canvas containing \$943.

House Passes Bill Boosting 2 Colleges To 4-Year Status

By LLOYD IARRABEE
United Press International

AUSTIN (UPI)—The Texas Legislature rested today with bills to boost two state colleges to four-year status braced for one final hurdle in the Senate.

Before adjourning for the weekend, the House voted 96-40 approval of a measure to elevate Tarleton State College at Stephenville to four-year senior college level and sent it scotching to the upper chamber.

It joins a similar bill for Arlington State College which got a favorable nod in the House Wednesday.

Arlington's request is backed by the State Commission on Higher Education, but the commission did not give blessings to Tarleton's bid, which is sponsored by Rev. H. A. Leaverton of Evant.

Groom Girl Outstanding In 4-H Work

During National 4-H Club Week, which began February 28th and continues through tomorrow, Mar. 7th, it is especially appropriate to recognize one of our good Gray County 4-H girls.

Irene Baggerman is the 16-year-old daughter of Mr. and Mrs. John Baggerman of Rt. A, Groom. She is a sophomore at Pampa High School. Irene has been an active member of the Wayside 4-H Club for three years. During those three years, she has completed projects exhibits. Last year Irene was selected as Gold Star Girl of Gray County which is an honor that goes to the most outstanding 4-H girl of the year. She also received the food preparations medal. In addition, Irene was a delegate to District I 4-H Camp at Don Harrington Boy Scout camp last year.

At present, Irene and her sister, Roselle, are preparing a dairy foods demonstration to be given at the District Elimination in May. Their demonstration is on "Making Home-made Ice Cream." The assistant agent, Alby Kuehler, and the Wayside 4-H Club adult leader, Mrs. Nace Baggerman, are assisting them with their plans and preparations.

In addition to Irene's 4-H projects, she is now reporter of her local 4-H club and secretary of the County 4-H Council. This is Irene's second consecutive year as a council member.

CHOIR

(Continued From Page 1)

Guarded. The nurse seldom lets the boys out of her sight and cooks for them in their hotels whenever possible to avoid the complications of new food in young stomachs. Some years ago the choir crossed the equator three times and despite continual climatic changes only one boy suffered a mild cold.

Wherever they go, the Vienna Choir Boys win friends for their beloved homeland. Superbly trained, excellent in their stage deportment and deceptively angelic in appearance, the youngsters are very much boys when left to their own devices.

Last year the Choir Boys of New York's noted St. Thomas Church on Fifth Avenue, whose history goes back to 1819, entertained their Viennese compatriots, whose history began in 1498. After a few minutes of embarrassed formality, complicated by the language barrier, both groups broke down and had a riotously good time with a wild basketball game and mountains of ice cream.

"They were just boys together," said Impresario S. Hurok, who has brought the Vienna Choir Boys here off and on since 1932. "This is the way it should be for all boys everywhere."

Trys to Kill Bill
Rep. H. J. (Doc) Blanchard of Lubbock, home of Texas Tech, failed in several attempts to stall the measure with amendments. He asked the House to restrict the curriculum to farming courses and provide that the legislature would never consider any request to enlarge the course of study.

He also tried to include in the bill that it was in "direct opposition" to the wishes of the higher education commission, and comes at a time when Texas is hard pressed for ready cash.

The House decided to study a resolution offered by Rep. J. C. Hooks of Livingston who took the Trinity River water fight to the chamber floor.

Asks for Audit
Hooks wanted the House to call for a public accounting of any money raised "for or against" Houston's application to build a dam at Livingston. Dallas and Fort Worth interests have raised \$20,000 to fight Houston's proposal, which is also opposed by the Trinity River Authority.

Meanwhile, a West Texas legislator proposed an annual license tax on all boats and water craft.

Hope Won't Take Doctor's Advice

By VERNON SCOTT
UPI Hollywood Correspondent

HOLLYWOOD (UPI)—Comedian Bob Hope, ignoring a warning by his doctors to slow down for the next year, plans to start filming one of his television shows today—less than 24 hours after leaving Columbia Presbyterian Medical Center in New York.

The 54-year-old comedian had been under observation at the medical center for the past two days because of a blood clot that reduced vision in his left eye to 50 per cent.

"Take a year's vacation?" the energetic entertainer said in answer to a question on his arrival here Thursday night. "I have to make a movie in July. I have TV shows. It would be impossible for me to take a year off."

"I'm just going to have to throttle down my cruising speed," Hope, appearing drawn and a

Stephenson Is Mishap Victim

HEREFORD — William Arliss Stephenson, a former Pampa High School student, was crushed to death Wednesday when a tractor he was driving overturned on him.

The body of Arliss, 17, was found Wednesday night about eight miles south of Glenrio, N.M., about 35 miles west of Hereford.

The body was taken to Gililand Funeral home in Hereford. Stephenson, whose family now lives in Pasadena, near Houston, was visiting an uncle, William A. Powers, at the time of his fatal mishap. Survivors include his mother and step-father, Mr. and Mrs. W. L. Mayo.

Cub Scouts Visit News

Cub Scouts of Den 3, Pack 24, visited the Pampa Daily News this week. The Den, sponsored by St. Matthew's Episcopal Church, has also visited the U.S. Post Office and Mage Keyser's The Shop.

Members of Den 3 are Bennie Lash, Dennis Rice, Earl M. Atchew, Larry Keyser, Craig Davis, Hal Keyser, Tommy Henry and Del Wheeler.

that nobody was in charge of the building," the governor said.

"There is supposed to be a man in each building to warn the boys of any such disaster as this."

Faubus said he would ask the Legislature to provide money for a fireproof building and money to fireproof the other dorms. He said the Legislature has already passed a \$198,000 appropriation for the school, but he hasn't signed it yet. He said \$8,000 was for improvements.

Civil Court Cases Settled

Three decisions on civil cases were made public by the District Clerk's office today.

Buisz Urbanczyk and others will receive \$3,680.34 from the Texas Pipeline Company. This sum represents the market value of 232,933 pounds of maize, damaged by pipeline construction and operation. The case was tried before a jury Wednesday.

In another suit, settled out of court, Urbanczyk collected \$5,000 from the company for other damages.

This was not the only case settled out of court. H. Petrey of H. Petrey and Son agreed to pay \$1,500 into the registry of the Court to provide for Mary Louise Williams, daughter of the late Veon Osborn Williams. Petrey also agreed to give \$8,000 to the mother, Bettie Ray Williams.

The case stemmed from an accident on Oct. 3, 1954 at which time a Petrey truck struck a truck driven by Mr. Williams, who died as a result of his injuries.

\$100 Fine Set In DWI Case
William Earl Chowins, 43, of Lefors, was fined \$100 and costs in Gray County Court this morning after he pled guilty to a Driving While Intoxicated charge.

Chowins was apprehended in the 800 block of S. Hobart Thursday.

His fine, with costs, amounted to \$122.50. He received the usual three day jail sentence and six months suspension of his license.

Algerian Rebels Kill Americans

ALGIERS (UPI)—Vengeance-minded French troops pushed through the Algerian mountains today in search of Moslem rebels who killed American adventurer Homer F. Kellems and ambushed a French infantry convoy in two separate incidents.

Kellems, 65, of Siloam Springs, Ark., brother of Miss Vivien Kellems of Stoningham, Conn., an industrialist well-known for her anti-tax views, and his German interpreter were killed and another American was wounded in an ambush at Col du Juf, four miles west of Tiemcen on the highway from Morocco to Oran.

Fourteen French soldiers were killed in a second ambush near Tenes, 150 miles west of Algiers.

Kellems, the first American victim of the Algerian war, arrived in Algeria 10 days ago to do photography for Euegrate House, produces educational films.

The only survivor of the Kellems' ambush was William Hobbs 27, also of Siloam Springs. He was shot through the chest and stomach from close range and left for dead. He was discovered by a French patrol and rushed to the hospital at Tiemcen, 70 miles southwest of Oran.

Hobbs' condition was reported "satisfactory" and he recovered sufficiently to tell Tiemcen officials about the ambush.

He said he, Kellems and Airele had crossed over into Algeria from Morocco and were moving slowly in a bright-red Ford with Airele at the wheel when they

Churchill Arrest Ignored By Press

LONDON (UPI)—Actress Sarah Churchill's arrest on a drunkenness charge was front page news today only in Britain's opposition newspapers. The pro-government dailies discreetly passed over it.

Miss Churchill, 44-year-old daughter of Sir Winston, was carried into a Liverpool court by four policemen Thursday and fined \$5.60 for a drunken argument with a taxicab driver. She was in Liverpool appearing in the play "Peter Pan."

When Miss Churchill was arrested on a similar drunk charge in Los Angeles in January, 1958, it was banner news on the front pages of all of Britain's newspapers.

51st Year THE PAMPA DAILY NEWS FRIDAY, MARCH 6, 1959 3

THAT WOULD BE REALLY DIRTY!

CROSSVILLE, Tenn. (UPI)—Attorney J. B. Redmond wants bathing to be taxed so a pension can be provided to all Tennesseans over 60 years of age.

Redmond announced Thursday he has asked State Sen. Bailey Bockman to introduce a bill which would call for a yearly tax of \$5 on all bathtubs, showers and even half-baths.

Proceeds from this tax on cleanliness would be paid out in pensions to persons who have lived in Tennessee for 60 years, taken baths in the state for 40 years and paid taxes for the preceding 20 years.

Persons owning property valued at more than \$50,000 would not be eligible.

Mrs. L. L. Harkins Outlines ABCs of "The Formation of Character" For ESA

Mrs. L. L. Harkins

Epsilon Sigma Alpha Sorority met recently in the banquet room of Johnson's Cafe for its monthly social with Mrs. Eugene Bentley, Frank Baker and Max Hickey as hostesses.

MATURE PARENT

By MRS. MURIEL LAWRENCE
The November that Joyce's mother was 15, her family moved.

At her new high school everyone had chosen their friends — tight, sealed circles of friends who always sat together at the cafeteria tables and would start talking loudly if she tried to sit down at one. Between classes, they'd crowd the halls in chattering groups ignoring her as she followed them, conspicuously alone and unwanted.

It finally worked out. One day a boy checked a history assignment with her — and the next day one of the closed circles broke to invite her to join it at the cafeteria table.

Joyce's mother was so grateful that she hastily pushed away the memory of those first painful lonely days. But we don't always get rid of painful experiences by trying to forget them.

Last Saturday Joyce spent the afternoon in her room. Her mother followed her there three times. The first time she said coaxingly, "Why don't you phone Midge, dear, and ask her to come over?"

Later she went back upstairs with other suggestions for social initiative. For her own undigested experience of loneliness had been so hurtful that she just couldn't imagine Joyce experiencing it painlessly. It never occurred to her that Joyce was using her solitude to indulge in some very pleasant daydreaming about a certain boy.

We can make brothers and sisters miserable by refusing to respect differences between them — and we can make ourselves miserable by denying differences between them and us.

As psychiatrists say, we "over-identify" with our children so that everything that happens to them is always reminding us of things that happened to us.

If we felt resentment at punishment, we'll expect Billy to feel it too. Actually, he may feel relief after punishment. But with our own resentment of it still undigested inside us, we won't be able to allow him a different response and will treat him apologetically.

If our failures in school, marriage or work are still painful to us, we'll be terrified of children's failures in them and may be unable to expose them to their own experiences.

Our inability to allow difference between us can keep us in perpetual anxiety. And it can make our children afraid to live too.

Mrs. Jack Bertolin, president, presided during the meeting. Mrs. Hickey introduced the guest speaker, Mrs. L. L. Harkins, owner of the Lollipop Private Preschool and instructor for the special class of exceptional children sponsored by the Sorority.

Mrs. Harkins spoke on "The Formation of Character" and stated that good character — building stems from religion. "The key to good character building is self-discipline, which should be taught to our children by example-setting."

She went on to say that the parents of this generation are anxious parents and "do not know what is best to do. The great challenge is to find out what is best to do and to follow through."

The ABC's, she continued, of character building are: Appraisal of self, admitting true virtues and faults; Begin to do something about it and battle to win; and above all, consistency.

She mentioned that the children of today talk more about what they have seen on TV than what their parents have said to them. She emphasized parents should express their ideas and ideals to their children, and that it is the privilege and responsibility of parents to help their child decide what he wants. Mrs. Harkins warned that if the parents do not, the decision and influence will come from someone else.

During the social hour, refreshments were served to the following: Mmes. Parks Brumley, Oscar Engel, Yorel Harris, John Nutting, Louise Odell, L. D. Maddox, Bruce Parker, Walter Reek, Charles Robinson, Melvin Watkins and two guests, Mrs. Dean Heckman and Mrs. Peter Harrie of Houston.

Mrs. Huckins Is HDC Delegate

SKELLYTOWN (Sp) — Home Demonstration Club met recently in the home of Mrs. Everett Crawford with Mrs. Gerald Huckins, vice president, in charge of the meeting. Roll call was answered with "The trouble I have with flowers."

Mrs. Gertrude Huckins, club president, was reported ill in the Highland General Hospital. A Council report was given by Mrs. George Porter, council delegate. Mrs. Gertrude Huckins was nominated as the Skellytown delegate to the district meeting to be held in Wellington on April 9.

Members were urged to pay their THDA and council dues. The program was directed by Mrs. Joy Huckins on "Bulbs in this area, and when to plant." Members were reminded to look for diseased bulbs when buying, as they will disease good bulbs in from three to five years. "The Rembrandt tulip is one of the most susceptible to disease," she said. Leaflets on bulbs, pot plants and seed plantings were given to those present.

Refreshments were served to Mmes. F. S. Fender, W. S. Berry, Junior Ellis, C. Woodward, Wesley Russell and Gerald Huckins.

Elegant fitter furs, artfully shaped and cut, will add to the color and beauty of the 1959 Easter parade. The jacket (left) in natural ranch mink has deep stand-away collar and the new shorter sleeve length. Cape stole in azurine mink (right) looks at first glance like a giant bow. Back is softly gathered and the stole is designed to sit with snug perfection on the shoulders. These fur designs are by Leo Ritter.

Small Furs Will Star In Parade

NEW YORK (NEA) — It's the small and elegant fur that will star in the 1959 Easter Parade. Distinguished by its artful cut, it will appear in every form from shawl to derette to actual jacket.

The newest shoulderettes, smuglets and capellets are cut so cleverly that they achieve a true perfection of fit. They stand slightly away from the body while resting so snugly on the shoulders that the old clutching and slipping has been eliminated. These small fur pieces stay in place without help from a grasping hand or a solid gold safety pin.

As for the stole, it gets more shirred detailing and bigger collars this year. It, too, is curved to sit on the shoulders as it should. And the mink stole is getting company for spring in the form of sable and chinchilla capellets with collars that frame the face prettily.

Jackets get stand-away collars, too, and pleats for back interest. The line of the jacket is usually straight but sometimes is cut away at the front or flared at the hem. Some jackets carry out the high-waisted theme for spring with belts, banding or intricate seaming.

Nylon, Greatest Boon To Feminine Legs, Marks Twentieth Birthday

By GAY PAULEY
UPI Women's Editor

NEW YORK (UPI) — This month marks the 20th birthday of the greatest boon to feminine legs since skirts moved off the floor. Nylon stockings first went on sale in February, 1939.

Today, we take the synthetic fiber for granted, not only for our stockings, but for lingerie, other apparel for the whole family, and an infinite variety of uses from toothbrushes to tires.

It has not always been so. Some of us, are ancient enough to remember owning our first pair of nylon hose around 1940, and also to recall that just as we were getting used to them on our gains, the fiber went to war. The result was hardly panic; we just reverted to stockings from an even older synthetic fiber — rayon. (Silk had become a casualty too; an embargo on its import went into effect in August, 1941).

The Weave Precious Co., which developed the fiber, leaped through some of its scrapbooks from those war years and uncovered one plaintive letter from a lovesick youth who asked for just one pair of nylons to win his engagement.

The value of the nylons will be equal to, and perhaps cherished more, than any diamond I could obtain for her now," he wrote. DuPont doesn't recall whether it helped Dan Cupid's cause by supplying a pair of hose.

The company's researchers first announced development of the test-tube fiber in October, 1938. The first full-fashioned hosiery from it went on sale to DuPont employees, February 20, 1939, with a girl's purchase limited to two pairs.

Much Sheerer Today
The hose first were shown to the public at the San Francisco World's Fair in February of the same year; but the first public sale was in October, 1939, to shoppers of Wilmington, Del., headquarters for DuPont. By May 15, 1940, nylons were selling nationally.

Today, DuPont and hosiery manufacturers both battle another "myth" — that nylons nowadays don't wear as well as the pre-war ones. But they explain that most of today's nylons are much sheerer than the early ones. The

Living for every minute seems important when a person is young, but it may take its toll later. Poor skin, bleary eyes and lines in the face may result. Eight hours of sleep usually are considered the essential amount for the body to recoup the former day's "buffing." Some people need more, some less. The secret is to find how much sleep your body requires to keep you looking and feeling bright-eyed and healthy.

Lost 20 Pounds With This Home Recipe

Make this home recipe yourself. It's easy and costs little. Just ask any Texas druggist for 4 ounces of liquid Barc concentrate. Mix with 12 ounces of canned grapefruit juice. Take according to directions and watch the fat just seem to melt away, just as Billie Harris, 512 Harlem, Pampa, Texas, did, who lost 20 pounds.

DEAR ABBY...

By Abigail Von Buren

DEAR ABBY: I did a terrible thing but what is done is done and I want to know what to do now. Our Church Auxiliary had a Bake Sale and we agreed that there would be no "mixes" used. I was in a hurry that morning and used a mix, but I made my own frosting (caramel). Everyone raved over my cake and they are all asking me for the recipe. I can't tell them it is a mix without looking like a fool. Should I find a regular white cake recipe in any old cookbook and give it to them or what?

DEAR ONCE: I would certainly see him and give him a chance to prove he has changed. If he had the stuff to stick with "A.A." for 3 years, he has probably learned his lesson.

DEAR ABBY: Maybe it's just my age, but I have become aware that my memory isn't as good as it used to be. I can't remember telephone numbers or addresses and sometimes important names escape me. Is this normal for people around 60 and is there anything I can do about it?

DEAR FORGETFUL: It's normal, so don't worry about it. A short pencil is better than a long memory.

DEAR ABBY: Can blushing be cured and if so, how? I work in an office and for almost no reason at all I blush like the setting sun when I laugh or when I am just a little bit uncomfortable. This awful blushing gives me away and I feel like crawling into a hole. Please, Abby, try to help me.

DEAR REDHEAD: You bluish-reds would blush even a deeper hue to know how refreshing it is to see a girl who can still blush. Get over the idea that it's something to be ashamed of and enjoy your individuality.

DEAR ABBY: I divorced my husband six years ago after I caught him giving our baby liquor in one of his bottles. I took the baby and left everything behind. Even my rings. I refused his support and went to work and got along nicely. Last week his sister called me and told me that my "ex" wanted to see me and the meet your complexion and eye baby. She said he has joined color. And if you are small "A.A." and had not had a drink avoid long trailing stoles that in 3 years. My family says I'd give you the impression that they are crazy to see him again. Maybe wearing you in a staid of the someone reading this has had ex reverse.

career girl charge accounts
take up to 6 months to pay!

why career girl accounts? here's what it is...

so many girls have said... "I wish I had a charge account that I wouldn't have to pay in full each month... I could make monthly payments for my clothes, but it is hard to pay everything out in a month!"

this is exactly the convenience of a career girl account... monthly payment on purchases to fit your budget... you know exactly what you spend each month... this is just another progressive service of Bentley's!

a new and different credit account to use just like a regular charge account, but you have the added benefit of an extension of time granted to you... you need only pay a part of the balance each month instead of the full amount... by paying the proper amount each month you are able to go ahead and make any additional purchases you wish... you can see how simple it is, and the cost is nominal... small service charge is added based on unpaid balance.

come in tomorrow and let us further explain the advantages of a career girl account

Both Christian Churches In Texas Program Evangelists Coming Here

"Frontiers of Faith" is the theme for a State-wide program of evangelism in the Christian Churches of Texas. Both the First Christian Church and Lamar Christian Church will cooperate with hundreds of Christian Churches across the State in this program.

Rev. Dudley Strain of Lubbock will be the guest leader for this program in the First Christian Church, and Rev. Wendell Tolle of Littlefield will be the guest leader for Lamar Christian Church. These two guest leaders will direct the program of visitation in Pampa next week. They will arrive Sunday afternoon to begin this program.

The following week David Mills, minister at Lamar Church, and Dick Crews, minister at First Christian Church, will go to the First Christian Church of Littlefield and the First Christian Church at Lubbock respectively to serve as guest leaders for this State-wide program in those churches.

This program of evangelism "Frontiers of Faith" is being undergirded by prayer in hundreds of Christian Churches across the State. A chain of continuous prayer started at midnight New Year's Eve and will continue until Easter Sunday morning.

DUDLEY STRAIN... guest leader

Panel Continues Sunday Evening

"A Decision to Act" will be the sermon topic discussed by Woodrow Adcock at the two morning services of the Pampa First Methodist Church Sunday at 8:30 and 10:30. The 8:30 service is broadcast over Radio Station KFDN. The special music for this service will be the anthem, "My Jesus As Thou Wilt" by Weber sung by the Carol and Wesley Chorus. The special music for the 10:30 service will be the anthem, "Lord We Cry To Thee" by Zvingli sung by the Sanctuary Singers.

Sunday Evening Fellowship will begin at 6 p.m. with a light supper for the entire family in Fellowship Hall. At 6:30 p.m. children, youth, and adults will participate for one hour of planned activities according to interest and needs. "Leave Some Things To God" will be the subject Rev. Adcock will use for the Sunday morning service at 7:30. The special music will be a selection by the Bell Choir.

The sixth session on the Church Wide Mission study will be conducted by Mrs. Glenn Cox who will continue the study on Hawaii at the Adult Evening Fellowship this Sunday in the church parlor.

A film, "Hawaii, Cross Roads of the Pacific," will also be shown. The Sunday Evening Adult panel will have "What is an adequate Christian Approach Toward the Problem of Suffering," as the theme of discussion based on the seventh in a series of religious talks on the television program, "Talk Back" seen on KGCN, Amarillo.

The following will serve as panel members: Bob Hunt, Richard Cooke, J. L. Bain, Mrs. Jch Shelton, Mrs. Price Dozier Jr.

QUARTETS SING AT MEETING OF MENS GROUP

The Mens Fellowship of the First Assembly of God Church held its regular monthly meeting recently in the Mens Fellowship Hall. Entertainment was provided by Larry Braly who brought a very fine baritone solo and also a local quartet by "E. L. Dickerson, Walter Bruce, Nat Lamford and Lawrence Jones. The special feature of the evening was a male quartet by Les Crane of Perryton, L. D. Rule of Perryton, J. D. (Sister) Mills of Beaver, Okla. and Shelby Ruff of Pampa.

Everyone enjoyed the high tenor singing by J. D. Mills and the low down bass singing of L. D. Rule. Speakers of the evening were local men of the church: Herman Taylor, Claude Williams, and Ronald Henderson. These men brought inspirational thoughts in relation to the brotherhood of men and their responsibilities to the church and community.

Several visitors were present to add to a very fine evening of inspiration and enjoyment.

Dr. Carver Will Speak On 'Tension'

Dr. Douglas Carver, Pastor of the First Baptist Church, Pampa, will be in the pulpit Sunday morning at 11, speaking on the subject "Living Under Tension," and Sunday evening at 7:30 his topic will be "A Reasonable Religion."

The Church Choir, Sunday morning, will sing one of the anthems learned in the music clinic last week, and will use a hymn-anthem at the evening worship service. The Chapel Choir of the Church will depart Thursday for Glorieta, N.M. and a choir retreat to be held in the new lodge of the Church. They will return on Saturday evening, March 14. About 45 will make the trip.

Monday evening, the Brotherhood of the Church will have its monthly supper meeting. Fred Cary of Pampa will be the principal speaker. The president, Norman Henry, will be in charge of the program and direct the activities of the evening. Tuesday, the WMU of the Church will honor the Pampa High School Seniors with a banquet. A very interesting program, with Rev. Chester O'Brien as speaker, will be presented.

Children's Home To Open Sunday

PANHANDLE (Sp) — The Bernard Gordon Memorial Home for Children will have an open house from 1 to 5 p.m., Sunday at which time the public is invited to inspect the new facilities.

The Children's Home is located in Panhandle, just south of Highway 60, within the city limits of Panhandle.

The new building consists of a two-story, 60 by 40 foot center section with two one-story 70 by 45 foot wings. It is designed to care for 22 boys and 22 girls without crowding. The upper floor of the center section contains the chapel, a recreation room and a library. The lower floor of this section holds the laundry, kitchen, dining room, office, visitors parlor, and superior's quarters. The west wing has sleeping accommodations for 22 girls in four dormitories, plus a two bed infirmary, and two private rooms for supervisory personnel. The east wing is a duplicate of the west wing, but is designated for the use of boys.

The building is as fire proof as practical, with walls and partitions of heavy block, the floors of concrete and all roofs and the floor of the second story section of pre-stressed concrete. The exterior walls are a buff brick.

The Children's Home was started four years ago by the Catholic Diocese of Amarillo on land donated by Mrs. Rose Gordon of Panhandle, in memory of her only child, Bernad, who was killed during World War II. Until the recent completion of the new building, the children were housed in the old Gordon home, which was

Bishop Jones To Speak Here

The Rt. Rev. Thomas Jones of Willochra, Australia, will speak at a combined meeting of St. Matthew's Episcopal Church and the Top O' Texas Kiwanis Club Tuesday. The meeting set for the Parish House of the Church at 7 p.m., will be broadcast over KPND at 8 p.m.

Bishop Jones will be interviewed on Staff Breakfast at 9:30 a.m. At 10:30 a.m. he will address the students of the Episcopal Day School. He will be the principal speaker at the Junior Chamber of Commerce luncheon in the Palm Room.

The Rt. Rev. Jones is the Bishop of Willochra in the Church of England in Australia and Tasmania. Before he assumed jurisdiction over his South Australia see in the fall of 1958, Bishop Jones was for 35 years associated with the Bush Church Aid Society for Australia and Tasmania, with headquarters in Sydney, New South Wales.

The Bush Church Aid Society was organized in 1919 to serve the great "outback" areas of the Australian continent, the thinly populated and pioneering sections difficult for the Church to minister to, because of their poverty and the great distances involved in serving them.

Under Bishop Jones' leadership, the aims of the Society have been to arouse interest and support for the "outback" ministry and to induce young clergymen to volunteer for service in such districts.

Other ministries the Society has taken on include support of hospitals in strategic places so that children can attend schools far removed from their isolated homes, and a Mail-Bag Sunday School which sends its lessons throughout the Church.

Recently the Society developed a Flying Medical Service to supplement its longtime efforts in bringing doctors, nurses and hospital facilities to the bush country. In addition to its five hospitals and a nursing home the society today has three airplanes, three doctors, twenty nurses and three pilots traveling some 40,000 miles a year in its service.

In connection with its flying ministry the Bush Church Aid Society has constructed its own radio station, which also serves to provide a radio medical consultation service to many people scattered over

THOMAS JONES... visiting bishop

The Rt. Rev. Thomas Jones of Willochra, Australia, will speak at a combined meeting of St. Matthew's Episcopal Church and the Top O' Texas Kiwanis Club Tuesday. The meeting set for the Parish House of the Church at 7 p.m., will be broadcast over KPND at 8 p.m.

In addition to its five hospitals and a nursing home the society today has three airplanes, three doctors, twenty nurses and three pilots traveling some 40,000 miles a year in its service.

In connection with its flying ministry the Bush Church Aid Society has constructed its own radio station, which also serves to provide a radio medical consultation service to many people scattered over

large areas of South Australia, as well as the large fishing fleet which works in the Great Australian Bight. The station is also used as a radio school by which children are taught daily the curriculum of the South Australian Education Department.

Bishop Jones is a Welshman by birth, came to Australia in 1924 from Liverpool, England, completed his theological studies there at Ridley College, Melbourne. After a curacy at St. Augustine's Church, Moreland, he was appointed to the staff of the Bush Church Aid Society and assigned to Bobbala in the Diocese of Armidale.

In 1954 Bishop Jones was appointed Organizing Missioner (top executive officer) of the Society. In 1956 he was made an honorary canon of St. Andrew's Cathedral in Sydney. That same year he was honored by Queen Elizabeth II and named a Member of the Order of the British Empire.

Theme Announced

The message theme for Sunday's Soul Winner Broadcast will be "Which Will You Chose, God's Mercy or His Judgment." D. H. Priest, broadcaster, made the announcement today.

The program is aired at 7:45 a.m. every Sunday over KPND.

'Man' Will Be Considered In CS Services

Man's God-given right to freedom and health will be brought out at Christian Science services Sunday in the lesson-sermon entitled "Man."

Scriptural selections from the King James Version of the Bible will include Luke's account of the healing by Christ Jesus of the woman "which had a spirit of infirmity eighteen years, and was bowed together, and could in no wise lift up herself" (13:11-17).

The following will be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy (22:1): "What is that binds man with iron shackles to sin, sickness, and death? Whatever enslaves man is opposed to the divine government. Truth makes man free."

The Golden Text is from Isaiah (64:8): "Now, O Lord, thou art our father; we are the clay, and thou our potter; and we all are the work of thy hand."

A series of sermons awaits you at all services in First Church of Christ, Scientist, Pampa. You may obtain information about Christian Science by visiting the Reading Room in the church building at 901 N. Frost, where the King James Version of the Bible and books and literature on Christian Science may be read, borrowed, or purchased.

SUPERHEN—Janelle Dunn, 6, shows what a hen can do when she puts her mind to it. The Bryan, Tex., lass finds a normal-size egg in her right hand. The one in her left hand is a whopping six and one-half inches in circumference.

Come to Church

The Weekly Message Of Inspiration

Rev. C. C. CAMPBELL
St. Marks Methodist Church

"And the child grew, and waxed strong in spirit, filled with wisdom: and the grace of God upon him"—Luke 2:40:

Subject, GROWING INTO SPIRITUAL MATURITY.

The vitality of life is expressed in continuous growth. When an organism ceases to grow it dies. One of the most phenomenal aspects in nature is the fact that it can arrest growth in one direction, and shift it in other areas within the same body with perfect continuity. Only about one-third of normal life is given to biological growth and physical maturity.

It may well be that human abnormality is the fact that growth is excessive in one direction while retarded in others, thus leaving blind spots and vacant places that have not been properly filled in the life of the individual. The tragedy of our times is the fact that we have too many vacant places in life without spiritual or moral content. And as a result our world has grown too big in the wrong direction.

Jesus grew normally as a person subject to the laws of nature with perfect coordination between the physical and the spiritual. At the proper time he shifted his emphasis, even at the tender age of twelve he understood that the physical immediate must give way to the divine remote. "I must be about my Father's business." He grew as an average member of his community, favorably accepted by his fellowman. However his true purpose in life was not social acceptability but divine approval. The points at which physical needs and social customs were in conflict with spiritual and moral requirements. Jesus repudiated in order that the later might mature.

We have found the means by which to blow the world apart physically, but spiritually we have yet to find the means to put together again the world's broken pieces. We are seeking ways to explore the moon yet we cannot live as brothers on this earth. We are an abnormal generation that have grown too big in the wrong direction.

Levenson Says Teenagers Get Something For Nothing

EDITORS NOTE: Recently in a series of guest appearances with Arthur Godfrey on CBS-TV, folk humorist Sam Levenson made some unusually outspoken comments on the moral laxity of today's teenagers...

That's a beautiful thing. It's in the American tradition—the right and natural tradition. When you give the kids everything before they've achieved the right to them, you're undermining that basic American tradition...

By SAM LEVENSON (Written For UPI)

I don't deny kids pleasure. God bless them, I want them all to have fun. But I also hate to see them getting killed or seduced in cars and getting into all kinds of trouble. And the statistics are that they do get into a lot of trouble.

What to do about it? The parents have got to have the guts to be parents. It takes a little courage to face up to a kid when you know he is wrong. Our own parents had rules and regulations for us. I don't say they were always right. But there were rules, simple rules, and we knew what they were and most of the time we followed them—

or else. You either went to school and did a good job or you went to work. If you went to college you waited to get married at least till you were out. If you wanted a car or a fur coat or whatever—

I'm not talking about rich kids, but average kids of average families—you worked to get the money for it. Sometimes you could make enough, sometimes you couldn't.

Must Have Car Now, the kid starts with a car which is given him for no good reason except he wants it and 'All the other fellows have one.' He can't go out on a Saturday night unless there's a car. There's a bus that passes his house a block or two away, but he won't take it. He must have the car.

The trouble with today's teenagers is they expect everything in life free. We've tried to make our kids happy by giving them everything that we didn't have in life. It doesn't work out. You do a kid no good by giving to him. Because the only thing he gets out of life that way is the habit of receiving. You've denied him the joy of achieving.

Does anybody say to a kid any more, 'you're off Saturday. You've got nothing to do. How about working for that extra five bucks you want?' He never heard of it. He gets panicky. That's when to lay down some of the rules. One of the biggest is that a youngster must be taught to be self-sufficient. He has to start growing up.

Marry Some Idiot And going steady—at 15! First thing you know—they don't know a thing yet except how to neck or rock 'n' roll. They walk in with some idiot and say, 'Ma, we're going to get married.' And ma says yes because maybe the kid'll walk in next week with an even worse idiot. Then the parents are supinating—the kids, through the first babies, or through college, or both in the old days, you remember, mother and father made the arrangements. They met the girl—or the boy. They met the family. And they investigated—practically the FBI, fingerprints, everything.
