

# Jazz Mass Is Being Debated

By CLAIRE COX  
United Press International  
NORWALK, Conn. (UPI) — A real cool Mass played by a hot jazz combo in a Protestant Episcopal church set off a debate today on whether it is proper to mix the Bible with the blues.

"A 20th-Century Folk Mass," composed mainly in ragtime by an English clergyman, was played by a progressive jazz ensemble made up of a pianist, drummer, saxophonist and bass player Sunday at a Communion Mass at St. Paul's Church in the heart of this community.

For nearly 90 minutes the rafters of the English Gothic church rang with the strains of foxtrots, beguines, blues and improvised versions of popular tunes. A record standing-room-only congregation joined in some of the singing and swayed and tapped to catchy rhythms.

**Vestry Is Divided**  
Priests in traditional vestments stood before a candle-lighted altar and sang their regular chants with incense wafting about them. But much of the other annual liturgy had been set to a jazz beat and the organ was silent.

The Rt. Rev. Walter Henry Gray, Protestant Episcopal bishop of Connecticut, maintained an official silence about the presentation.

"I know nothing about it," he said at his Hartford headquarters. "The music of a parish is under the direction of the rector. I have no comment to make."

## Seven Area School Board Races Decided

Here is a round-up of Top of Texas election results from Saturday with number of votes included.

**PAMPA** — Elected: Elmer Wilson, 674; Warren Falliere, 659. Defeated: Jim Nation, 637; and Rex Rose, 590. Nation and Rose were in incumbents.

**PERRYTON** — Elected: Dr. Roy Sanford, 354; Tom Slack, 220. Defeated: Elliott Lee, 155; Harold Hudson, 138; and Gordon Shackelford, 138. The winners will succeed Gene Akers and C. W. Foote on the board.

**SHAMROCK** — Elected: Lyman G. Benson, 212; Glenn Bell, 194; Harold Williams, 192. Defeated: Charles E. Gragg, 169.

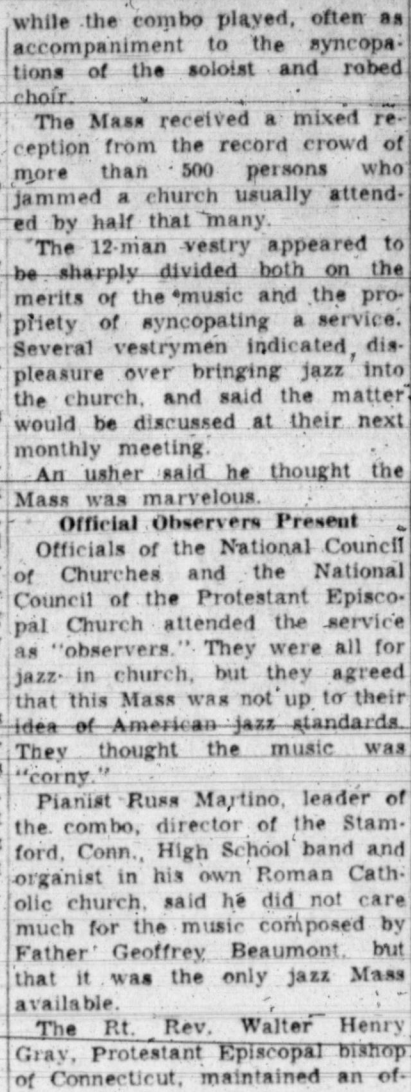

**MIAMI** — Elected: Randall Gill, 120; Roger Howell, 105. Defeated: Glynn Dodson, 78; Matt Darr, 56. Dodson was an incumbent. Trust was elected in the Roberts County school race were Woods' King, Precinct 2; Frank McMorde Sr., Precinct 3; Clyde Hodges, Precinct 4. There was no opposition.

**MCLEAN** — Elected: Farris J. Hess, 127; Spenger B. Sitter, 152; Jos Suderman, 148. Defeated: R. L. Brown, 39; E. J. Windom Jr., 94; Felton Webb, 130; Jesse O. Coleman, 100; Charles Hall Jr., 108. Hess was an incumbent.

**CANADIAN** — Elected: Dr. Rish Snider, 163; Virgil Brock, 163. Both were incumbents.

**PANHANDLE** — Elected: Jack R. Martin, 415; C. L. Edwards, 357. Defeated: B. K. Bentley, 315. Two sections of an \$805,000 bond issue were turned down. Voters approved a method of financing school construction as outlined by Senate Bill 118, which sets debt limits and maintenance according to percentage figures of valuation. The tally was 274-270.

If it comes from a hardware store we have it. Lewis Hardware.

**MACE IN SILK** — A parachute recovery system has been developed for the Air Force's Mace, a surface-to-surface guided missile. Top to bottom, 3 parachutes pop out at end of flight; rubber landing gear inflates and Mace floats gently to earth. Re-use of the missile allows more intensive training of launch crew at decreased cost.

The Rev. Anthony P. Treasurer, rector of the church, used the official silence about the presentation.

## Manhunt Started In Milwaukee Area

MILWAUKEE, Wis. (UPI) — The entire Milwaukee detective force today was thrown into the search for a bushy-haired sex deviate who lured a 3-year-old boy into a six-car and stabbed and strangled the youngster.

The body of little Ben Wagner was found Sunday in a ditch along a road overlooking Lake Michigan, south of Port Washington.

Police throughout the Midwest also were alerted for the killer, believed to be a young, bushy-haired man who sexually molested another boy Saturday.

Ben's body, with three stab wounds in the left chest and two in the left arm, was found by a newsboy making his rounds where the body had been tossed from a car.

Blood stained a bright red Milwaukee Braves jacket worn by the boy. Police said the car probably had blood splattered upholstery.

Milton Geiger, 38, Milwaukee, said he pursued a 1955 or 1956 blue or blue-white station wagon for about three miles south on U.S. 141 when he noticed a boy frantically waving from the front seat.

The driver, a man, appeared to be the only other occupant of the vehicle. Geiger said the incident occurred about 3 p.m. Saturday, about an hour and one-half after the boy was abducted while in his car with a companion to an ice cream treat.

Coroner Dr. John Walsh of Port Washington, about 28 miles north of Milwaukee, said the death was due to the stab wounds. He estimated death took place about 4 a.m. Sunday about nine hours after the kidnaping.

Geiger said the station wagon passed him at 73 m.p.h., but his efforts to get the license number were thwarted when another car pulled between the speeding vehicle and the station wagon made a quick turn down a side road.

Geiger said he gave up the chase when his wife said she "was anxious to get home" with their 6-year-old son who was riding with them.

Geiger said a cap found next to the body was similar to one worn by the child he saw in the station wagon.

Dr. L. J. Van Hecke, Milwaukee County medical examiner, who autopsied the body, said marks on the boy's neck indicated the killer also sought to strangle his victim.

## Peiping Radio Adds Strain To Relations Of India-Reds

By EARNEST HOBBERECHT  
United Press International

NEW DELHI (UPI) — Peiping Radio stepped up its propaganda broadcasts to India today in an effort to discredit the Dalai Lama, a move almost certain to strain relations further between India and Red China.

Broadcasts beamed directly to India on a far stronger signal than usual told Indians the Dalai Lama was still "under duress" and "under the spell of reactionary elements." The statement disparaged Prime Minister Jawaharlal Nehru who said the Tibetan godking fled of his own free will.

One broadcast also tried to convince the Indians the Tibetans have acknowledged the rival Panchen Lama as the temporary head of Tibet. Three times it repeated the Communist assertion the Dalai Lama was the prisoner of anti-Communist rebels.

Peiping quoted some Communist Indian papers which supported the Chinese action in Tibet but it ignored the great majority which condemned the Chinese action. And it said "reactionaries who call themselves followers of Buddha" had murdered the chief priest of the Sera monastery.

**Chou May Visit India**  
Relations between neutralist India and Communist China have worsened since the Communists used modern arms against the Tibetans in an effort to put down an anti-Communist rebellion. India's sympathies were with the Tibetans and Nehru granted political asylum to the Dalai Lama.

Nehru told his monthly news conference Sunday India sympathized with the Tibetans and that developments in the Himalayan kingdom had embarrassed relations between New Delhi and Peiping and probably would do so in the future.

New Delhi newspapers were speculating that Chinese Communist Premier Chou En-lai might come to New Delhi to try to patch up the strained relations but government officials said they had no information on the reports.

Chou made such a trip when the Hungarian rebellion sparked anti-Communist sympathies in India.

**Say Fighting Increases**  
UPI correspondent A. K. Das reported today from northern Assam that the successful flight of the Dalai Lama into India had led to increased anti-Communist fighting in Tibet and that the Chinese Communists may use air-craft against the rebel forces.

Das, quoting informed sources, said the Tibetan patriots were sealing off their own territories against the Communist armies and that the rebel areas could only be hit by planes. Other sources said the Chinese would not bomb the areas as long as the Dalai Lama was there there for fear of inflaming the rebels still further against the Communists.

# U.S. Officials Claim Reds Endanger Talks

## Soviet Propaganda On Berlin May Be Damaging

By STEWART HENSLEY  
United Press International

WASHINGTON (UPI) — American officials said today the Russians themselves were jeopardizing the forthcoming East-West talks with a new series of propaganda statements on the Berlin situation.

They said the statements, issued even before the foreign ministers could get set for their Geneva meeting, could hardly be viewed as examples of the "sincere desire to negotiate" that President Eisenhower has said the Soviets must show to justify a summer summit meeting.

## Hurry! Only Ten Days Left to File Tax Returns

It's later than you think — only 10 days left to file your Federal income tax return for 1958.

That's the friendly reminder coming out of Washington, D.C. from U.S. Internal Revenue Commissioner Dana Latham, according to Wiley Davis, Administrative Officer of the Pampa office, who said:

"Commissioner Latham has requested me to inform all Pampa area taxpayers who have not filed yet of the services we can provide to help them get their returns in before the April 15 deadline."

The most convenient service, Davis said, is the telephone-assistance service especially designed for those taxpayers who find it difficult to visit the district office.

"Taxpayers who have started their returns and are puzzled by a problem or two, should call us at MO 4-2131 between the hours of 8:30 a.m. and 12:30 p.m. on Mondays and we will be glad to help them," Davis said.

"Then, if they still need help, they should visit our office at Room 303 Combs-Worley Bldg. between the hours of 8:30 a.m. and 12:30 p.m. on Mondays."

Davis reminded taxpayers that most of them may now use the simple punch-card form 1040A, designed for the first time to cover income up to \$10,000 a year consisting of wages reported on the tax-withholding Form W-2 and not more than \$200 in dividends, interest, and wages not subject to withholding.

"This convenient short card form for incomes up to \$10,000," Davis said, "is one of the many new things that Internal Revenue is doing to improve taxpayer service."

Commissioner Latham, Davis said, has made improved taxpayer service one of the major goals of his administration.

"His request to us today to help Pampa area taxpayers get their returns in by April 15 is part of this larger goal of courteous, fair and prompt handling of taxpayers together with fearless and impartial administration of the tax laws."

Other phases of the Commissioner's nation-wide program, Davis said are:

1. Speedier replies to taxpayers' letters in simple, down-to-earth language.
2. Further simplification of tax forms where possible.
3. More expeditious issuance of rulings in tax matters, and faster preparation of tax regulations and their immediate release to taxpayers.
4. Further improvement in tax settlement procedures.
5. Vigorous recruitment efforts to get the cream of each year's crop of college graduates as revenue agents, revenue officers, and special agents, so that taxpayers will be dealing with capable, courteous and highly intelligent personnel.
6. Improved technical training courses to prepare recruits for the job.

(See TAX, Page 3)

## Pampa Voters Go To Polls Tomorrow

Saturday's heavy election turnout—1,315 citizens voted in one of the greatest school board elections in recent years—may indicate bigger things to come Tuesday for the all-important city election.

Two men, Ed Myatt and John Saunders, are running for mayor, and 10 men are waging an increasingly heated campaign for four city commissioner seats.

The polls Tuesday will open at 8 a.m. and close at 7 p.m. City Secretary Ed Vica's said this morning Ward One residents will vote at City Hall; Ward Two will vote at Fire Station No. 1 at 17th St. and Aspen Drive; Ward Three will vote at Ward's Cabinet Shop, 327 S. Starkweather; and Ward Four voters will ballot at the Fire Sub-station at 1010 S. Barnes.

Voting qualifications for the city election state that a voter must be a Texas resident one year, and a city resident six months, or he must have obtained an exemption.

Vicars added that city residents who have moved from one ward to another may vote if they transferred their poll tax statements at least four days prior to Tuesday's election.

It is estimated about 3,500 residents will be qualified to vote Tuesday.

Hopes are high among candidates that Saturday's "voting miracle" can be repeated. In the last city election in 1957, 1,552 votes were cast, one of the largest turnouts recorded for a Pampa city election.

The outlook seems promising tomorrow for a record turnout.

## And The Challengers....

SUSAN HAYWARD "I Want to Live" DAVID NIVEN "Separate Tables" BURL IVES "The Big Country" WENDY HILLER "Separate Tables" SHIRLEY MACLAINE "Some Came Running" SIDNEY POITIER "The Defiant Ones" PEGGY CASS "Auntie Mame" THEODORE BIKEL "The Defiant Ones"

# It's Oscar Time In Tinsel Town Tonight

By VERNON SCOTT  
UPI Hollywood Correspondent

HOLLYWOOD (UPI) — Tonight is Oscar night, a time for crowning Mervyn LeRoy's king and queen for 1958 but regardless of the winners, Ingrid Bergman, taking part in the show, will be the center of attention.

The statuesque Swede is making her first public appearance in Hollywood since departing 10 years ago for her explosive romance with Italian director Roberto Rossellini in Stromboli.

Miss Bergman will make the final, the most important presentation of the evening, the award for the best picture of 1958.

The 51st annual Academy Award hoopla will be telecast throughout the country, affording viewers the opportunity of seeing more than 100 movie stars togged in their finest finery.

In its biggest soiree of the year, the academy is combining entertainment with the emotion-packed process of bestowing Oscars.

Masters of ceremonies Bob Hope, David Niven, Tony Randall, Sir Laurence Olivier and Jerry Lewis will introduce acts starring Burl Lancaster, Kirk Douglas, Dana Wynter, Jean Collins, Rosalind Russell and a dozen others.

Once the show begins tension will build through awards presentations until the last few minutes when the three big ones—best actor, best actress, best picture—are announced.

Most of Cinema City's citizens have already made up their minds about the winners. The power of a new-won Oscar means an additional million dollars to a picture, and sky-rocketing salary demands by winning performers.

Opinion is that "Gigi," a musical about a charming French Scamp, will carry off best picture honors. In the running are three dramas, "Cat on a Hot Tin Roof," "The Defiant Ones," "Separate Tables," and a comedy, "Auntie Mame."

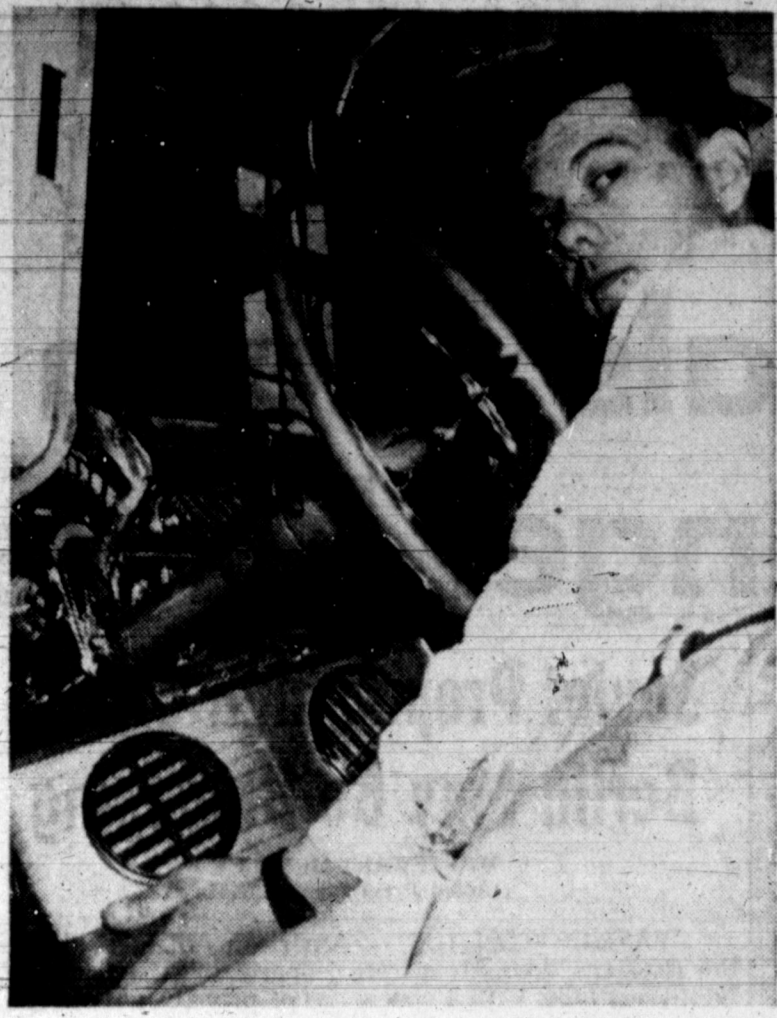

Susan Hayward is favored to win her first golden statuette in five tries for her role in "I Want to Live." Other nominees are Deborah Kerr ("Separate Tables"), Shirley Maclaine ("Some Came Running"), Rosalind Russell ("Auntie Mame"), Elizabeth Taylor ("Cat on a Hot Tin Roof"), and Spencer Tracy ("The Old Man and the Sea").

Favorite best supporting actor is Burl Ives ("The Big Country"), followed by Theodore Bikel ("The Defiant Ones"), Lee J. Cobb ("The Brothers Karamazov"), Arthur Kennedy ("Some Came Running"), Gig Young ("Teacher's Pet").

Pollsters tabbed Wendy Hiller ("Separate Tables") as frontrunner for best supporting actress. Others in the race are Peggy Cass ("Auntie Mame"), Maiba Hyer ("Some Came Running"), Melissa Stapleton ("Lonelyhearts"), and Cass Williams ("The Defiant Ones").

# Home Carpet Cleaning Easily Done With Blue Lustre Foam

The neat homemaker never allows winter rains, sleet or snow to spoil the beauty of her rugs and upholstery after she has discovered Blue Lustre. The everyday tracked in soil of the inclement weather has always to spoil the beauty of her rugs been a problem for housewives who take pride in their home furnishings. Now, thanks to Blue Lustre, housewives everywhere are finding it possible to clean a brighten carpets and upholstery themselves, safely and easily at very little cost. Blue Lustre is a very special concentrate designed for home use—it is mixed with water and produces a billowy foam. This marvelous foam is easily applied with an inexpensive long handled brush or it can be used in any type of rug shampoo applicator. New users of Blue Lustre are always amazed how old, dull forgotten colors spring back to life with a new sparkling beauty. Because only the Blue Lustre foam is used, there is no matting or soaking of the fabric and no rinsing is needed. Just a simple vacuuming removes all the carpet soil with the cleaning agent, leaving no residue of any kind to cause rapid resoiling and housewives find that rugs and carpets stay cleaner longer. Since Blue Lustre can be used to clean traffic pathways without cleaning the entire carpet, it has found much favor with housewives because it is such an easy and convenient aid on busy days. Blue Lustre is also handy to keep around the house because it is perfectly safe, odorless and non-inflammable. It is excellent for use on upholstery also. It is economical to use for one half gallon will clean three 9 x 12 rugs or several upholstered pieces. It is also available in quarts and gallons. Blue Lustre is available at Pampa Hardware Co.

CLEAN WITH EASE  
This housewife is pleased with the big difference in the cleaning of her rug with Blue Lustre. It is the inexpensive method that is safe for use on finest rugs and upholstery. Blue Lustre is available at the Pampa Hardware Co., 120 N. Cuyler.

## COOL-PACK

Mechanic Gordon Miller installs a Cool-Pack air conditioner under the dashboard of a car being serviced at Culberson Chevrolet, Inc., 212 N. Ballard. Cool-Pack units, the latest in cool car comfort, are expertly installed at Culberson's. (Daily News Photo)

## Culberson Has Small Supply Of Cool-Pack Unit Specials

Enjoy greater motoring pleasure with Chevrolet engineered air conditioning. Culberson Chevrolet, Inc., 212 N. Ballard, has a limited supply of 1935-1938 Cool-Pack models available at special prices. Have Culberson's service department install a Cool-Pack in your car before the weather gets too hot for comfort. The Cool-Pack is a high capacity air conditioner that comes with or without a heater. The unit can be installed on either a six or eight cylinder engine with a Powerglide, Turboglide or regular gear shift transmissions. The blower runs at three speeds; slow, medium and high. Four air jets are placed in strategic positions on the evaporator, directing cool air to any place in the car. The highly efficient Cool-Pack operates quietly, reducing car temperatures very quickly and satisfactorily everywhere. Service Equipment

Culberson's has the latest auto service equipment for best results and fastest service. The Service Department features Sun Distributor, Generator and Motor Testing Machines, the Hunter Wheel Balancer, Merrill Electronic Balancer and Elam True Buff Tire Trier.

Construction Slated On Radiation Center  
LUFKIN (UPI)—Authorities announced Saturday that construction will begin within 30 days on the Ernest Kurth Radiation Center, the seventh such facility in Texas. It will contain equipment for the treatment of various forms of cancer with radioactivity. Cost of the center will be about \$165,000, financed entirely by private donations honoring industrialist E. L. Kurth.

## Arab Paper Objective On Berlin Crisis

CAIRO, United Arab Republic (UPI)—There has been a subtle change here in the relationship between the United States and Egypt. It is visible in the treatment given the United States by Egyptian newspapers and the Cairo Radio. Today the newspapers are playing the news "straight." The story of the Berlin crisis is being played generally with what U. S. readers would call objectivity, minus the former line which portrayed the United States as an imperialist and an enemy of Arab unity. Formerly the press here bled at the American space exploration program, taunting the United States to abandon its space race against the Russians. When the U. S. Pioneer IV soared into orbit around the sun, the Egyptian press played it straight.

**Our Policy Changes**  
Two explanations are given here for the change. The first is a change in U. S. policy itself. This change has been unadvertised, but it was a switch from the strict U. S. line which demanded that Middle East nations either be for or against Western politics in general. It was a recognition that the neutrality line espoused by President Gamal Abdel Nasser of the United Arab Republic, President Tito of Yugoslavia and Prime Minister Jawahar Nehru of India exists and might as well be recognized.

## Teamsters Try to Organize Workers of Standard Oil

By HARRY WILSON SHARPE, United Press International  
WASHINGTON (UPI)—O. A. Knight's Oil, Chemical and Atomic Workers must find the answer to an urgent question, and soon: Is it whether the comparatively poor AFL-CIO union can whip Jimmy Hoffa's rich and powerful Teamsters in an organizing war. Knight may have to fall back on the AFL-CIO treasury. The question is equally vital to Standard Oil of New Jersey. Dissatisfied elements in independent unions in its Esso refineries have become fair organizing game in the Knight-Hoffa duel. The company, which has long defied invasion by organized labor, has not yet tipped its counter strategy. But there is little doubt in oil circles here that Hoffa in particular will face a formidable challenge. Hoffa Opens Breach  
Jersey Standard ranks as one of the oil industry's wealthiest and toughest fighters. Knight's union, in 20 years of campaigning, has been unable to dent it. But Hoffa has opened a breach, or at least turned up seeds of dissatisfaction, in Jersey Standard's Baton Rouge, La., Esso refinery which employs 5,000 workers. He exudes confidence and has gone so far as to demand recognition of the teamsters there. Hoffa also is pointing at thousands of Standard or Standard subsidiary workers in Bayway and Paulsboro, N. J., and Baytown, Texas. In addition, he is making motions at employees of Standard of Indiana.

## Pick-up, Delivery

It was erroneously reported last week that Service Cleaners was free pick-up and delivery. Service Cleaners and other members of the Pampa Dry Cleaners Association have pick-up and delivery facilities but, as customers know, there is a nominal service charge.

## Princess To Spend Time In Lausanne

LAUSANNE, Switzerland (UPI)—Princess Grace of Monaco underwent a successful operation for appendicitis Saturday. Her doctor said the operation confirmed there were "no other complications or abnormality present." "The appendix was removed without any difficulty," said the Princess' long-time family doctor from Philadelphia, James A. Lehman. He told newsmen the operation was for "simply appendicitis and nothing else." Lehman performed the operation at the Clinic Cecil, a 90-bed hospital that was once a luxury hotel. Lehman said the Princess would spend a week "at the most" at the clinic and a week more convalescing in Lausanne.

**Gibraltar Life Insurance Co., of America**

District Office 307 Rose Bldg., Pampa—MO 4-8810

GRAY COUNTY RESIDENTS HAVE INVESTED IN MORE THAN 3½ MILLION DOLLARS WORTH OF PERSONAL LIFE INSURANCE IN THE PAST 5 YEARS

Mr. William E. Nettle, President of Gibraltar Life Insurance Company of America is proud to announce that Mr. Bob Hudson has been awarded a scroll, presented to him certifying membership in the President's Million Dollar Club, in recognition of quality underwriting service to the public, as evidence by an excellent record of production, and as leader of the entire company in annual premiums for the years of 1955, 1956, 1957, and 1958.

Bob was also awarded international recognition for being the Gibraltar Life's All Star for the Insurance Salesmen's All Star Honor Roll in 1956 and again in 1957. He leads the entire Gibraltar Life in 1955 in production, internationally, and again lead the company in 1957 in the United States. He has written several articles for international journals, concerning Life Underwriting, that appeared in the different Life Insurance trade journals in 1955, 1956, 1957, and 1958.

Bob is a graduate of both part one and part two of the Life Underwriters Training Council and several other insurance schools. He has also had two years of Chartered Life Underwriting training. He has been the general agent and manager for Gibraltar Life in Pampa, since January 1, 1955. He has always been Gibraltar's top producer since being appointed manager in Pampa in 1955. His fine record qualified him for the convention held in Mexico City in 1955, and again for the convention held in Acapulco, Mexico, in 1958.

His production record for 1959 shows he has submitted over \$600,000.00 of Life Insurance. This was submitted the first three months of 1959. With over \$13,000 annualized premiums, his agency, which consists of John McCausland and himself, has led all agencies of the entire company so far this year.

Bob is married and has a son and two daughters. He owns his home at 1019 Christine. He is active in Public Service work, and is a member and director of the Pampa Kiwanis club and serving as Division Chairman of Attendance and Membership. He is a director and National Committeeman of the Top O' Texas Association of Life Underwriters. He is also presently serving as Crusade Chairman of the Gray County Unit of the American Cancer Society. He is a member of the Masonic Lodge in Pampa. He is on the nominating committee of the Top O' Texas Girl Scout Organization. He is a member of the Welfare Index, and a member of the Board of Gray County City Traffic Commission.

## Let's Modernize Pampa's City Charter

Here is Why:

Pampa's city charter, under which we operate as a "home rule" city, was adopted in 1927. The charter is the constitution, so to speak, of our city government.

During the thirty-two years following adoption of our charter, Pampa has grown tremendously. In many respects the charter is no longer adequate to cover matters and problems which arise in the administration of a city the size of Pampa. It has been apparent for several years to many interested citizens, as well as those who have had the responsibility of operating our city government, that it needs to be revised and brought up to date.

Some laws passed by the Legislature, of beneficial value in good city government, cannot be taken advantage of by Pampa because there is no provision in the charter permitting same. We need to include the power to extend the city limits of Pampa by action of the city. At present, we depend upon the owners or residents outside the city to request to be admitted, when actually the city grows and territory becomes urban regardless of boundary lines and the wishes of the people next to the city. With the city having the right to extend the city limits as the city grows, we could lend assistance to the developing areas about the city in planning our utilities, streets and business centers, whereas we are now hampered in these matters.

We need a section in our charter permitting uniform insurance on employees, so that all employees may be insured and protected on the same basis regardless of the department in which they might be employed; It would save the city expense in connection with city financing if the handicap we now have in our present charter could be removed, allowing the city to pay cash if it can do so, instead of requiring bond issues from time to time in certain instances. These are only a few of the many changes that should be studied relative to the administration procedure of the city which would permit a more efficient and modern administration of city affairs.

In order to modernize our city charter and frame an entirely new charter, the procedure required by the statutes is this: There must first be submitted to the voters the question of whether or not they want to rewrite the city charter. This is done by submitting the question of whether or not a charter commission be elected to frame a new charter, as shown on the sample ballot in this ad. At the same election, a charter commission composed of fifteen persons is elected. If the proposition carries, the charter commission thus will undertake to write a new charter for the City of Pampa. There is no time limit involved, and the charter commission will take as long as necessary with the assistance of all interested citizens, to prepare a charter which is deemed best for Pampa. This charter, thus framed by the charter commission, must be submitted to a vote of the people at an election for its adoption.

At the city election next Tuesday, April 7, the proposition of whether or not to elect the charter commission will be submitted.

**THIS IS A COMMUNITY PROJECT AND NOT A MATTER OF POLITICS — IT DESERVES THE SUPPORT OF EVERY CITIZEN INTERESTED IN GOOD CITY GOVERNMENT**

**VOTE TO CHOOSE A COMMISSION TO FRAME A NEW CHARTER WHICH WILL BE SUBJECT TO YOUR APPROVAL AT A LATER DATE**

### Presidents' Reception And Nominating Committees Named At Council Meet

The April meeting of the Council of Clubs convened Thursday in the City Club Room with Mrs. Jack P. Foster, president, presiding as the secretary's report was given by Mrs. Grant Anderson and the treasurer's report by Mrs. Jeff Bearden.

Mrs. Foster asked that all officers and chairman have their reports ready by the May meeting. City Club Room Calendar report was given by Jay Flanagan advising the group of activities planned in the City Club Room during the month of April.

Appreciation was expressed to Mrs. Lee H. H. H. for her work with the telephone committee. The Welfare Index report was given by Mrs. William Leonard, who stressed that children's clothing, especially summer clothing, is needed for Index distribution.

Mrs. Jack Bertolin, special projects chairman, reported on a meeting this week with the Jaycees and the City Commissioners with regard to the purchase of an air conditioning unit for the City Club Room. After being advised that redecorating and enlarging of the City Club Room is being planned, it was decided to table this project until a later date.

Council delegates were directed by Mrs. Foster to report to their individual clubs and ask for suggestions as to what are their wishes with regard to the money allocated for this purpose.

The nominating committee was reactivated to prepare a slate of officers for presentation and election at the Council's May meeting. Named to serve on this committee are the following clubs: Treble Ciel Club, Twentieth Century Club, Twentieth Century Culture Club, Varietas Study Club and the VFW Auxiliary.

A committee was also named to make plans for the Presidents' Reception. To serve on this committee are the Aitrusa Club, American Association of University Women, American Legion Auxiliary, Beta Sigma Phi Sorority, and the Business and Professional Women's Club.

Mrs. Roy McKernan spoke to the group on the activities of the Cancer Society and urged each club to actively participate in the approaching drive.

Mrs. F. W. Shotwell, executive Red Cross secretary, announced that May 12 was the date of the annual American Red Cross meeting and extended an invitation to all clubs to hold that date open.

Congratulations were extended to Mr. and Mrs. C. E. Jeffries Jr. on the birth of a son on Thursday.

### Mrs. C. S. Boyd Is Named Circle Mom

Leona Ragland Circle of Highland Baptist Church met Tuesday in the church for mission study conducted by Mrs. D. W. Tracy.

The circle adopted Mrs. C. S. Boyd as its circle mother and presented her with a Hydrangea plant. Prayers were offered by Mrs. Tom Trout.

Members present, in addition to those mentioned, were: Mmes. LeRoy Allen, Ray Jackson, Nolan Welborn, W. H. Marshall Jr., A. M. Giesler, M. B. Smith, Gene Winegart.

Shopping for new furniture? Fruitwoods are very popular now because of a softness of color. The melting colors of pink, violet and blue have been combined in pretty little hats of velvet for dressy wear this winter.

### DEAR ABBY...

By Abigail Van Buren

DEAR ABBY: I was amused to read a letter from "DISAPPOINTED" and was surprised with your reply. So what if "Mama's Boy" does want her to mash his potatoes and butter his toast for him? How many men DO keep their dresser drawers neat and hang up their clothes? This young lady is misinformed as to her wife's duties. It is the DUTY of a wife to fix her husband's meals (yes, mash his potatoes and butter his toast); to pick up after him and keep his dresser drawers neat. What else does she have to do all day?

HAPPILY MARRIED (FOR 8 YEARS) DEAR MARRIED: What else does she have to do all day? Lady, I am afraid it is YOU who are misinformed. There is washing, ironing, polishing, dishwashing, waxing, scrubbing, marketing, cooking, baking and mending, and I am sure there are women who could add to this list without much effort.

DEAR ABBY: (Reader asked if a cat eats all the mouse.) Yes a cat eats ALL the mouse, beginning at the nose. Very tidy about it, too. Doesn't leave a trace. If the snack is a bird, there'll be a few feathers around, but if it's a mouse, only the cat knows what was for lunch.

DEAR ABBY: In answer to your query, "Does a cat eat all the mouse?" I can state with some authority that the cat eats all the mouse, but he regurgitates the indigestible hair in the form of a little ball about the size of a nickel. He will also bring up any other indigestible matter, or that which repels him such as the gall bladder. If the cat is not very hungry, he will let the tail hang out of his mouth. Satisfied? Well, back to breakfast.

DEAR ABBY: I have conferred with several experts and have been assured that cats DO eat all the mouse, including the tail. Cats will NOT eat a rat's tail, however, as a rat's tail is bitter.

DEAR ABBY: My son, age 14, was invited by a girl classmate to be her escort at a school dance. He accepted. A meeting of the School Council was held and my son's name was brought up for President. This girl stood up at the meeting and said to withdraw his name as he was too dumb. My son said, "Just for that - she can take herself to the dance." As this is the daughter of one of my neighbors and he has accepted the date, I would like to have him take her anyway. He still refuses. Answer soon.

TROUBLED MOTHER DEAR MOTHER: If the girl actually SAID what you said she

DEAR ABBY: I was taught that a boy doesn't have any respect for a girl who lets him kiss her the first time he tries. This boy tried to kiss me and I told him NO, so he didn't try again. I like him a lot and want to know how I can get him to try again.

MISSING OUT DEAR MISSING: If he's normal and you're attractive, time is your best ally. Be available but not eager.

DEAR ABBY: "Are your parents square? Get ABBY's booklet, 'That Every Teenager Wants to Know.' Send 25 cents and a large, self-addressed, stamped envelope to ABBY in care of this newspaper.

For a personal reply, write to ABBY in care of this paper. Enclose a self-addressed, stamped envelope.

EXOTIC SCENT FOR THAT SPECIAL DATE By ALICIA HART NEA Beauty Editor Many American women shy away from what they consider the more exotic perfumes. They tend to rely heavily on the flower-scented colognes on the theory that they're playing it safe with these. But the truth is that a flower-scented cologne is all wrong for a big evening out. This is every woman's chance to feel like a femme fatale even if she's spent the whole day over the kitchen stove and got a sitter for the children only at the last moment.

For such big events, she should reserve one perfume which is musky, exotic and very nearly Oriental in feeling. What with the high price of almost everything these days, she probably can't afford a large range of perfume scents. But she can fix on one favorite which she knows does the most for her. And she can let friends and family know that this is what she would like on gift-giving occasions during the year.

For it perks up any women's spirits to have a really big evening out now and then.

If only little boys were as dirt-resistant as the man-made fibers. But synthetic fibers need special handling even as the little guys do. In washing a synthetic by hand, such as Fiberglas curtains, never wring or twist it. In a machine avoid wrinkles by using short cycles, but no spin-drying and a very light load. Let the curtains drip dry.

### "Let's talk dry cleaning"

By Fred Malone So many of our friends and customers ask us questions about dry cleaning and clothes care that it occurred to us there might be a great many others who had the same problems and questions but just didn't get around to asking them. We wondered if there might be a way we could discuss some of these subjects, like an open forum, and this column is the answer.

We'll appear here each week with a variety of facts and comments about dry cleaning. We'll try to offer tips on how to conserve clothes and get more wear out of them, how to keep them looking better, how to select them for service.

We'll also suggest useful facts about such problems as stains and what to do about them... different fabrics, like the new synthetics, and what you should look for in buying and caring for them...cleaning problems with dyes, shrinkage, and so on. Maybe along the way we'll even find space to toss in a few personal comments.

We hope you'll become a regular "reader"...and a regular customer. You'll find that our cleaning service is fast, thorough and dependable...for everything from the most delicate fabrics to the toughest work clothes. Bring them in and save.

# INDUSTRIAL ACTIVITY LOOKS GOOD FOR NATION'S RAILROADS

**Editors Note:** The railroad industry is picking up speed in the first half of 1959 along with the rest of the economy. Railroad reports are making much brighter reading than a year ago although the industry still is beset with problems.

By PETER T. EARLE  
United Press International  
NEW YORK (UPI)—The nation's railroads rolled through the first quarter of the year at increased speed but the pickup was

**CRASH KILLS FOUR**  
ELIZABETHTON, Tenn. (UPI)—Four persons were killed Sunday night in a head-on collision near the North Carolina border. The victims were identified as Marshall Forbes, 50, Brown Daniels, 38, and Mr. and Mrs. Robert Harris.

**LANDSLIDE KILLS SIX**  
ASCOLI PICENO, Italy (UPI)—Authorities said today that six persons were killed when a landslide crushed a farmhouse Sunday. The slide, triggered by heavy rains in recent days, wiped out a whole family.

Beavers, bobcats, bull snakes, deer, ducks, ring-tailed cats and water ouzels live at the bottom of the Grand Canyon.

not great enough to pull some of the Eastern roads out of the red. Over-all, the industry made a much better showing in the period than in any quarter last year and traffic and earnings prospects drop.

**Much Working Capital**  
Working capital for the industry is at a very high level, reflecting in part economies of operation realized during the recession. However, the outlook still is for a conservative dividend policy pending a much sharper improvement in earnings.

**Activity On Increase**  
The bright spot in the industry's second quarter outlook is the rising trend of activity in such heavy traffic-producing industries as iron and steel, automobile, coal ore and construction.

The 13 regional advisory boards reporting to the Association of American Railroads estimated that freight carloadings in the second quarter of this year will run 12.4 per cent above 5,670,512 cars loaded in the same period of last year, when the recession hit its low.

Loadings in the first quarter of 1959 ran approximately 6 per cent ahead of a year ago, but trailed pre-recession levels by 10 per cent. Industry spokesmen pointed out that earnings comparisons for the first half of 1959 should be spe-

cially favorable for Eastern railroads, in view of their severely depressed 1958 showing. In the first half of 1958, Eastern roads suffered a 64 per cent earnings drop.

**Interest In Mergers**  
Railroads are showing more interest in mergers and some experts feel that 1959 may be an important year in this respect. There are 131 Class I railroads—those with annual revenues of one million dollars or more—and many industry leaders have gone on record as saying there should be only 10 or so major railroad systems.

"We have too many railroads competing for too little business," is the way one spokesman summed it up recently. A number of railroads also are contemplating a series of freight

substantial commuter operations is that they have been following a defeatist attitude toward passengers which eventually may hurt their over-all freight volume.

One of the big criticisms leveled against the industry—especially the big Eastern roads with their

## Mental Patients Don't Feel Pain, Like Normal People

SCIENCE TODAY  
By DELOS SMITH  
UPI Science Editor

NEW YORK (UPI)—You had to see about the readiness of a woman with a fractured thigh bone was walking all around the place in normal fashion to convince a physician that whatever was wrong with her.

When thigh bone is supposed to be such excruciating pain is impossible. Yet in the hospital there were other women with broken hip bones, who felt nothing. Evidently, skilled eyes noticed their limping and something was wrong.

Ulcers or an acute appendicitis also are very painful in 95 per cent or more of all people in this place people had had peed ulcers and tremendous swollen appendixes and felt no pain.

Place was the mental hospital operated by the Veterans' Administration at Bedford, Mass., where people were all patients.

**Some Feel No Pain**  
It is well known in medicine that persons afflicted with severe mental illnesses—schizophrenics, often don't feel physical would double up a normal person.

It could say all psychotic patients felt no pain, you'd know they'd be mentally normal to feel. But it isn't that simple.

Dr. Walter E. Marchand, chief of the hospital's medical service, and his associates pondered about first was

how often this strange freedom from pain occurred among mental patients.

They chose fractured thigh bone, perforated peptic ulcer, and acute appendicitis because those conditions presented overwhelming physical reasons for pain. In a 10-year period, there were 79 patients in the huge hospital who came down with one or another of them.

In normal persons, remember, the rate for pain is 95 per cent or more. But in those mental patients 41.3 per cent with fractured hip bones felt no pain. The painless rate for perforated ulcer and acute appendicitis was 21.4 per cent and 36.8 per cent, respectively.

**Doctors Wonder**  
The doctors then were in a position to wonder, how come? The mystery was deepened, because the phenomena were not confined to one type of psychosis, but were scattered over the psychotic range. What it must show, obviously, is that in severe mental illness, the meaning of pain is often lost.

The cause of pain is there all right—a perforated ulcer, an inflamed appendix or a fractured bone—but some sick minds (not all) do not recognize the physical cause as a reason for feeling pain.

Marchand and his associates went along with this, and added the suggestion that freedom from pain increases as people grow older—mentally normal people as well as mentally ill people.

In reporting to the New England Journal of Medicine, they recalled a study which showed that

aged normals frequently suffered heart attacks which were painless but which in younger men are almost always accompanied by pain. Among their psychotics, the ratio of painless body catastrophes was much higher in the higher ages.

## Hershel V. Wilks FOR Commissioner—Ward I

Hershel V. Wilks, one of Pampa's top business executives, agreed to announce for City Commissioner after being persuaded to do so by friends. His outstanding record of past achievements is a compliment to his ability to serve the City of Pampa as a member of the City Commission.

### HIS RECORD

- Age—51
- Resides at 1201 Charles St. with wife and three children
- Plant manager for Celanese Corporation of America, Pampa plant
- Has been resident of Pampa more than two years
- Member of Rotary Club
- Past Vice President of Texas Association of School Boards
- Served as President of School Board at Kingsville before moving to Pampa
- Mason
- Member of Presbyterian Church
- Texan for 14 years
- Active worker with Boy Scouts, Red Cross and United Fund
- Now serving as Vice President of Pampa Chamber of Commerce

HERSHEL V. WILKS

Pampa needs men of Mr. Wilks caliber to represent the City. Help keep Pampa ahead by casting your vote for Hershel V. Wilks for Commissioner of Ward I.

## ...for cars with power brakes, power steering and air-conditioning.

If your car has power steering or air conditioning or other power accessories, you know how these conveniences load the engine of your car.

Only Golden Esso Extra gasoline has the added power that absorbs this extra load and still delivers maximum performance from your engine.

Golden Esso Extra is a must for cars with power accessories, and it will improve the performance of any car in any price class.

It is the world's finest gasoline. It has highest octane

rating. It eliminates "bucking" as you start and "rumble" as you run. It gives you superior mileage. It burns cleaner than any other gasoline. And it adds the power and response that make driving safer—and yes, more fun!

The cost is only pennies more than the cost of gasoline in the middle-price range (about a nickel a day on the average), and you get a dividend of improved performance on every mile you travel.

Golden Esso Extra will improve the performance of any car in any price class. Use it in yours. Fill up under your neighbor's Humble sign—every time.

OUR BOARDING HOUSE with Major Hoople

Rick Pezdirtz purely paydirt

Legs spread, arms cocked, hands choked up on the wooden bottle he calls a bat, Richie Asburn, last year's National League batting champion awaits the first pitch the new season.

That is the way Walter Bingham of Sports Illustrated began an article entitled "A Long Career of Short Base Hits," in the March 23 issue of the magazine for which he writes.

On the eve of their District 3-AAAA opener in Amarillo against the Sandies, who have plucked off four consecutive baseball titles, it might be well for Coach Deck Woldt's Pampa Harvesters to bone up a bit on this business of "the short base hit."

We just strike out to much for our own good," spoke a glum Woldt after his Harvesters had dropped three games in four last week. "If they'd forget about hitting any home-runs and concentrate on just watching the ball every second and try their best to just get on base, we'd sure be a whole lot better off," the Pampa pilot protested.

Too Much Whiffing...

Woldt, whose been around baseball since he was knee-high to a fungo bat, spoke with authority. The statistics back him up.

Pampa batsmen are fanning the breeze with their clubs better than an average of one per inning. Sixty times in only 53 innings thus far this season, Harvesters have either struck or been called out on strikes.

Those dismal figures are disheartening enough, but when you stop to consider the 60 whiffs have occurred while 37 runners were dancing off the bags ready to sprint around the horn with a base hit of any kind, it's a bitter pill to swallow.

Tomorrow Ken Grenewald will most likely be on the hill for Amarillo, and the Harvesters will have to do some quick wholesale

sharpening up to connect with the cannon-balls he fires down. It's concentration and, of course, coordination that makes the truly fine hitter. Good eyesight and strong whip-like wrists certainly help too.

The player intent on busting down the fence usually sags low in the batting average department. When Gary Wills lashed his pair of grand-slam homers last week he was only swinging level and naturally. And you can bet the Pampa rightfielder would be willing to chop up his two four-basers into singles too... that'd only hike his 400 plate mark to an astronomical 516.

So ya see, it's all the same in anybody's league... the lowly bloop single means just as much to the ole battin' average as the tape-measure homer.

Kimbrough Sets Visit

Harvester grid boss, Babe Curtman, has arranged for Frank Kimbrough, the West Texas State College athletic director, to speak before the Rotary Club here April 15. The WT visitor will speak on athletics at the Canyon school, and the Buffs' beautiful new football stadium.

We talked with Frank several weeks ago and he quipped, "Sure, you betcha we'd be glad to name the new stadium after anybody as a memorial for say \$100,000 donation."

So, let's all rush to the bank!

Likable Sam Christy, the guy who has led White Deer's Bucks to a couple district cage crowns the last two years and assisted Otis Holliday with last fall's state Class A champ grid team, has resigned his post at White Deer.

Christy is reported high on the list of candidates for the head football coaching job open at Stratford.

And didja hear about the new Russian Roulette game for mem-

PRO AT TWO CLUBS

Augusta, Ga. (UPI) — Claude Harmon said today he will not leave his post at the Winged Foot Golf Club in Mamaroneck, N.Y., to accept a similar position as pro at the Thunderbird Country Club in Palm Springs, Calif. Harmon said his job at Thunderbird is for the winter months only and in no way jeopardizes his position at Winged Foot.

SEIXAS WINS TOURNEY

San Juan, P.R. (UPI) — Vic Seixas of Philadelphia won the men's singles title in the seventh annual Carlie Hilton invitational tennis tournament Sunday and at the Thunderbird Country Club in Palm Springs, Calif. Harmon said his job at Thunderbird is for the winter months only and in no way jeopardizes his position at Winged Foot.

District Opener Slated Tuesday

Kippy Williams Will Start For Pampa Against Sandies

By RED GRIGGS Daily News Sports Editor

Two southpaws will take the mound Friday when Pampa travels to Amarillo, to meet the Amarillo Sandies in the District 3-4A lid-fighter. Kippy Williams will be on the hill for the Harvesters, and Ken Grenewald, Amarillo's ace, will pitch for the Sandies.

Pampa coach Deck Woldt has shifted his batting order and starting lineup.

Bob Stephens (.231) will start in left field and lead off, and either Larry Stroud (.160) or Don Cross (.250) will play first base and bat second. Stroud has been the starter, but he has been in a slump since returning to the lineup, after recovering from the flu.

Keith Gregory may start at third base in place of Gary Hill. Gregory was the starter at the beginning of the season, but was later replaced by the harder hitting Hill (currently .452). However, Hill may be out with a pulled muscle.

Gary Wills won the cleanup spot with his two grand slam homers against Dumas and Clovis. The small but powerful right fielder is also clubbing at a very respectable .400 average, in addition to hitting the long ball.

Catcher Terry Joe Haralson has been moved up to the fifth spot in the batting order. He's hitting only .208, but has made his five hits count for seven runs-batted-in, second on the team—DeWayne Glover.

Center fielder DeWayne Glover (.111) has been dropped from the cleanup spot to sixth in the order. Ruben Strickland (.095), second baseman, will bat seventh; and shortstop Wendell Ridgway has been dropped from the leadoff spot to eighth. Ridgway is still looking for his first hit.

Williams, the club's sixth leading hitter (.385) and along with Bobby Stephens the number three RBI man (4), will bat in the ninth position.

Pampa has won five games and lost three during the season, while the Sandies have won four and lost five.

GARY HILL... out with injury?

SATURDAY — Pampa at Tascosa, Plainview at Borger, Amarillo at Monterey, Palo Duro at Lubbock.

Celts Top Lakers, Take 2-Game Lead

By BOB SALMON United Press International

BOSTON (UPI)—The rag-torn Celtics headed back to Minneapolis today with their newly-won riches in bags.

Like the month of March, the Lakers roared into Boston like lions Saturday after shocking the St. Louis Hawks out of the National Basketball Association playoffs. They went out like the month of March—lamb-like—after dropping two straight to the Boston Celtics in their championship series.

That left it up to the Lakers to climb back into things at home, where the next two games are scheduled. Tuesday night's game will be played at the St. Paul Auditorium. The fourth game will be at the Minneapolis Armory Thursday night.

A national television audience saw the Celtics take an easy 128-108 decision at the Garden Sunday after winning the opener here Saturday, 118-115.

It was just a continuation of an incredible hex the Celtics have had on the Lakers in recent years. Minneapolis has been unable to beat Boston here in more than four years and hasn't downed the Celtics anywhere for more than two years.

Sunday's win was Boston's 20th straight over the Lakers, who amazed the basketball world by beating the defending NBA champion Hawks four games to two in their semi-final playoff.

But Boston succeeded in stopping rookie Elgin Baylor where St. Louis didn't. The 22-year-old, first-year All-Star was held to 13 points Sunday after entering the series with an average of better

Cubs' Bob Anderson Turns In Third Consecutive Triumph

By FRED DOWN United Press International

It's no surprise to see Warren Spahn, Billy Pierce and Bob Friend ready to fire away but how about that sensational rookie Bob Anderson?

Spahn, Pierce and Friend all tuned up for their opening-week assignments with fine nine-inning jobs Sunday while Anderson, a 23-year-old right-hander from Paterson, N.J., won the Chicago Cubs' opening-game assignment with his third straight brilliant performance.

Spahn, who'll open against the Pittsburgh Pirates next Friday, pitched his second shutout of the spring to give the Milwaukee Braves a 5-0 win over the Detroit Tigers. Pierce, another opening-game hurler, flipped a six-hitter as the Chicago White Sox beat the Washington Senators, 3-0. And Friend, who'll probably be Spahn's opponent on Friday, pitched the Pirates to a 5-1 decision over the Philadelphia Phillies.

Anderson, who previously had gone the distance once and seven innings twice, blanked the Boston Red Sox on three hits for seven innings in a 5-0 triumph. Anderson, who had a 9-6 record for Ft. Worth in the Texas League last season, has been the most impressive pitcher in Arizona and may be the man who'll straighten out Manager Bob Scheffing's young pitching staff. The Cubs scored four of their runs off Tom Brewer, who worked seven innings for the Red Sox.

Spahn scattered six hits and walked one batter as the Braves won their third straight game and lifted their spring record to 9-15. Joe Adcock homered and Johnny Logan had two hits to lead the Milwaukee attack.

An overflow crowd of 4,775 at Charleston, S.C., saw Pierce turn in the first nine-inning job of the spring by a White Sox pitcher. The White Sox made only six hits but they bunched three with a walk for two runs in the second inning. It was the eighth straight loss for Washington.

Get Two Homers Friend yielded six hits, four in the sixth inning when the Phillies scored their run, and out-pitched Robin Roberts who also went the distance. Bill Virvon and Dick Stuart homered to lead the Pirates' 13-hit attack.

The Baltimore Orioles beat the St. Louis Cardinals, 5-4. The Los Angeles Dodgers defeated the Kansas City Athletics, 3-1. The Cincinnati Reds edged out the New York Yankees, 7-6, and the San Francisco Giants nipped the Cleveland Indians, 7-6, in other games.

Bill Gardner's seven-inning single drove in the decisive run for the Orioles who completed their Florida training with a 15-8 record. Billy Klaus had three hits and rookie ace Willie Tasby had two to lead Baltimore's nine-hit attack on Bob Gibson, Jim Brown and Alex Kellner.

Record Fas Turnout Carl Erskine and Art Fowler collaborated in a five-hitter for the Dodgers. Charlie Neal homered off, loser Ned Garver in the

Ten Pins Top Keg Tourney

The Ten Pins rolled the top score Saturday at Garden Lanes in the American Junior Bowling Congress' mail-o-graphic tournament, with 2736.

Scores of the tournament are mailed to a national center where scores from all over the country are tabulated. The national and state winners will be announced in about three weeks.

Members of the ten pin team were Mike Maguire, John Osborne, Ray Nance, Ron Browning, and Roger Merrill. The high team game was 936, bowled by the Jets, and the high individual series was 458, by Bob Woodward. Duane Saunders bowled the high single game, 170.

One of the highlights of the tournament was a triplicate score of 134 rolled by Jerry Blanton.

Complete team scores are Ten Pins, 2736; Jets, 2688; Garden Lanes Number 3, 2668; Snakes, 2622; Pin Splitters, 2599; Garden Lanes Number 2, 2574; Garden Lanes Number 1, 2571; Electric Service, 2563; Bowlers, 2531; Wildcats, 2469; Lady Luck Riders, 2468; Bulldogs, 2462; and Eagles, 2460.

The United States produces 25 per cent of the world's milk supply.

Southern Cal Cops Swimming Title

NEW HAVEN, Conn. (UPI) — It's Southern California by an eyelash over Michigan in their strictly unofficial battle for the national team swimming championship.

Led by triple winner Murray Rose of Australia, the Southern Cal Trojans ran away with the men's national AAU swimming crown in the tournament that concluded here Saturday night, accounting for five of the 15 records set and scoring 62 points to 29 for the runner-up New Haven Swim Club.

San Jose Wins

RENO, Nev. (UPI) — Rival coaches agreed today that a last-minute switch by head man Julie Menendez of San Jose State helped the Spartans nail down the NCAA boxing title for the second straight year.

San Jose won the team title Saturday night with a total of 24 points while Idaho State placed second with 22 and Sacramento State third with 13 in the field of 12 schools.

Wall In 'Fantastic' Masters Win

By LEO H. PETERSEN UPI Sports Editor

AUGUSTA, Ga. (UPI) — Art Wall Jr. figured he had to shoot a 66 in the final round to win the Masters — and he did just that Sunday with one of the most fantastic finishes in golfing history.

It took a lot of doing and the pressure was terrific for the slender, solemn-faced, 165-pound Wall, who let his game do the talking

for him. He had started the final round six strokes behind co-leaders Arnold Palmer, the defending champion, and Stan Leonard, the veteran Canadian pro.

Palmer Triple-Bogeys There were 13 other golfers ahead of him when he started Sunday's play, including eventual runner-up Cary Middlecoff, and the outlook was a dismal one.

He was playing a half-hour behind Palmer and a half-hour ahead of Leonard and Middlecoff. Wall, using his unorthodox baseball grip, had covered the front nine in 34 strokes, but he knew Palmer had carded a 36, so he still was four strokes off.

He was teeing off on the 13th hole when word reached him that Palmer had triple-bogeyed the par-three 155-yard 13th hole — the hole on which Palmer won the Masters last year.

"That gave me hope," Wall said. "So I said to myself—let's get going."

Cary Scores Eagle He got going all right — three birdies in a row, then a par and then two more birdies.

He was on the 16th when he received word that Middlecoff had eagled the 520-yard 15th.

"That didn't make me too confident I could win it," Wall said. "But I figured I'd give it all I had."

He used a five iron on the par-three 190-yard 16th and two putted for a par from 40 feet.

On the 400-yard par-four 17th, he put his six-iron second shot 15 feet from the flag and sank the putt for a birdie. Then came the vital — and what turned out to be — the deciding 18th. On that 420-yard-par-four hole, he put his nine-iron second 12 feet from the cup and knocked it in for another birdie.

That did it.

Par Last Three Middlecoff was on the 16th tee

when Wall finished. He knew he had to come in with a birdie and two pars to tie. He put his five-iron tee shot on the green of the 16th, but missed a 30-foot putt for a birdie.

On the 17th he lipped the cup with a 25-footer, costing him a birdie. He lost out on the 18th when his nine-iron approach went to the right of the green and he chipped four feet short. He got his par—but it was one stroke off.

Middlecoff wound up with a 37-35-72 which gave him a total of 285.

Palmer wound up in third place at 286 after his final-round 74. Leonard, with a final-round 75, tied for fourth place with former U.S. Open champion Dick Mayer, who came up with a four-under-par 68 for a total of 287.

PARS Last Three Middlecoff was on the 16th tee

Nasty Nick Roberts 'Pests' Victory Over Sonny Myers

Nasty Nick Roberts didn't exactly get that initial monicker of meanness by picking daisies in the park with small children.

The huge wrestler who swears he harbors only hatred for anybody who climbs into the ring with him, proved his ugly philosophy on life in the main event of last Saturday night's wrestling card at the Top O' Texas Sportman's Club.

Roberts and Sonny Myers had split the first two falls — Myers grabbing the first when he applied a " sleeper hold" and Roberts rebounding for the second with a back breaker — before the fireworks exploded. In the third and decisive fall Roberts managed to lock his powerful arms about Myers' head.

With a rush toward one of the ring posts, Roberts butted Myers' noggin against the post and held on long enough to rub it against the ring apron, opening a deep gash on Myers' forehead. It was all over, save for the mopping up of blood, after that and despite his non-gentleman like conduct, Roberts was declared the winner as Myers was finished for the night.

Former ring arbitrator, Tommy Phelps, was no match for the Mighty Atlas, nee Morris Shapiro, in the semi-final bout. Atlas used a solid combo of a body press and then his famed full-nelson to subdue Phelps.

In the opener Taro Myaki was held to a draw by Ray Duran in
