### HEAVY VOTE SEEMS LIKELY

A heavy city election vote seems likely today despite a steady morning drizzle. Above "Buff" Maguire, corporation court judge, drops his vote in the ballot box at City Hall. Maguire was one of 135 that voted in Ward One from 8 a.m. to noon. At right is Mrs. C. S. Boston, 505 N.

Frost, Ward One election clerk. At noon, with 135 votes already cast in Ward One, and steady voting reported in the city's three other wards, the forecast is for one of Pampa's biggest votes. The results will be known about one hour after the polls close at 7 p.m. (Daily News Photo)

# White House Denies Resignation of Dulles

## Radio Report Is Termed Untrue And Irresponsible

By STEWART HENSLEY  
United Press International

WASHINGTON (UPI) — White House Press Secretary James C. Hagerty today termed untrue and "irresponsible" a CBS radio report that President Eisenhower has accepted the resignation of the ailing Secretary of State John Foster Dulles.

The report, by CBS correspondent Dan Schorr, was attributed to sources in Europe "believed to be reliable."

Hagerty summoned newsmen to announce that he had called Theodore F. Koop, CBS official in Washington, and "demanded that they (CBS) correct this statement on their network."

"It's about as low a form of reporting as I know of to quote 'reliable European sources' on such reports," he said. "This is about as irresponsible reporting as I know of. This is not true."

Earlier, the CBS report had been "categorically" denied by the State Department.

### Resting in Florida

Reliable sources told the United Press International that Dulles, now recuperating in Florida from massive radiation treatment for abdominal cancer, probably will decide by April 20 whether he feels able to resume his duties. The date is three weeks before the scheduled opening of the Geneva meeting of foreign ministers on the crisis over Berlin.

Dulles is resting at the home of Undersecretary of State C. Douglas Dillon at Hobe Sound on the east coast of Florida.

A spokesman for Dulles said at Hobe Sound there was "no basis of fact" in the report of his resignation, attributed by CBS Radio to sources in Europe "believed to be reliable."

New pressure for a speedy decision on Dulles' status was brought by Sen. Hubert Humphrey (D-Minn.), who told a news conference at Oak Ridge, Tenn., that the decision should be made by President Eisenhower, not Dulles.

"It is the duty of the President, even though distasteful, to make the decision, and it is imperative that he make it soon," Humphrey said. He said the United States "can't go to the foreign ministers' conference with undersecretaries of state. You must have a man with both authority and experience."

## Oklahoma Voting On 'Wet' Issue

OKLAHOMA CITY (UPI)—The wets and the drys, with clergy members sounding the battle cry, marched to the polls today to decide the battle of prohibition.

A record turnout was predicted for the election, the seventh in Oklahoma's dry, 51-year history as a state.

Protestant ministers led the drys, quoting the Bible, while a Roman Catholic bishop lined up on the side of the wets, who also employed Abraham Lincoln and Will Rogers.

The drys had planned to have placard-bearing children picking the polling places, carrying signs saying "Vote no for me—I'm too young to vote," but school officials put a halt to the plans.

An estimated 700,000 will turn out, fulfilling a campaign promise made by Gov. J. Howard Edmondson.

Edmondson, 33, the nation's youngest governor, promised he would call a repeal referendum if elected.

### Only Two Left

He has refused to take sides, but he has declared "abstain" on the state's bootleggers during the past few weeks to make the state as dry as possible before the vote.

Oklahoma and Mississippi are the only two dry states left, but Oklahoma is the only state that doesn't tax liquor. Mississippi collects revenue from whisky which is sold openly in areas where its dry laws are not enforced.

The only alcoholic beverage one can legally get in Oklahoma is 3.2 beer, which can be bought from the smallest hamlet to the biggest city.

Leading the prohibitionists are the Protestant clergymen—in the form of the United Dry Association of Oklahoma—most of whom believe it is morally wrong to drink intoxicating beverages. Oklahoma is predominantly Baptist.

But not all the Protestant clergymen sided with the drys, and the head of the Catholic Church in Oklahoma, Bishop Victor J. Reed, came out Monday for repeal. He said there is nothing sinful about the "reasonable use" of alcoholic beverages.

PHS STARLET

Miss Judy Baer, a Pampa High School Thespians, holds the runner-up trophy garnered in the District 3-AAAA one-act play contest Saturday in Canyon. The actress was named to an all-star cast following her appearance in the Pampa entry, "Sorry, Wrong Number." Before this, she played Gladys in the senior play, "The Skin of Our Teeth." (Daily News Photo)

## Two-Week Clean-Up Campaign Is Slated Here

A two week Clean-up, Paint-up, Fix-up Campaign will be launched April 27. Roy McMillen, chairman of the Fire Prevention Committee, Pampa Chamber of Commerce, announced today. McMillen's committee will meet Thursday to set up committees for the annual drive against dirt.

City officials will meet with the committee to coordinate the program. The City will provide the trucks and labor necessary to pick up trash in all parts of the City. The schedule will be announced Thursday.

The meeting will take place at 10 a.m. in the Chamber conference room.

Committee members are Homer Craig, H. W. Waters, Sam Begert, Jiggs Cooke, Kay Fancher, Jim Conner, Joe Cree, David Caldwell, Jack Edmondson, John Evans, P. O. Gaut, Lindy Houck, Jay Meador, Father Edward Cashman, Jack Nichols, B. R. Nuckols, Don Beaman, Ott Skewmaker, Mrs. J. M. Turner, Rev. William E. West, Ernest Winborne, Harold Wright, H. A. Yoder, J. C. Randall, D. V. Biggers, L. C. Davis, Dock Stuart, Cameron Marsh, Ray Duncan, Alex Swann and Joe Page.

## BOY BITTEN BY SKUNK

Willis Price, 2, son of Mr. and Mrs. W. D. "Buddy" Price, was bitten by a wild skunk when he tried to aid his dog in a fight with the animal at the Price ranch, Sunday.

After the encounter, the skunk vanished, leaving Willis with an injured hand and leg.

The boy's parents searched vainly for the skunk, then took Willis to Highland General Hospital. There, in the emergency ward, he was given the first in a series of fourteen shots as a precaution against rabies.

# City Ok's Second Taxi Fleet Here

By MARVIN OLSEN  
Daily News Staff Writer

Pampa will have a second cab company. The Pampa City Commission this morning decided by voice vote that a necessary does exist for a second fleet of cabs.

Licenses for the cabs—either two, three or four—will go to Norman Collins and A. B. Kitchens who together in the past three weeks have been seeking licenses before going further with the formation of their company.

Approval of the Collins-Kitchens petition came after a public hearing in which four persons expressed the opinion that the present company, operated by P. G. McElroy, was sufficient for the city's needs.

McElroy inferred to the commission that "business has slowed up the past two years," so that

cabdrivers could hardly make a living wage if competition developed.

He said at present he has nine licensed cabs, but that he usually runs only six or seven a day. McElroy added he is "not complaining about competition," but there is not enough business for a second company up to "Mac's" (McElroy's) standards.

Approval of the second company's petition was urged by Commissioner Bob Olson and seconded by Ed Myatt.

In other important business the commission opened six bids on the leasing of Reeves Auxiliary Air

Field, a long-discussed and worked-on proposition.

In a move that may have caught most bidders unaware, Commissioner Myatt urged that, in the light of some exceptionally high bids offered, it may prove to the city's advantage to purchase the field from the government with none of the present strings attached.

Under the present agreement the city must split rent from the land on a 50-50 basis, with the larger share going to the federal government.

The six bids opened were: Ronald Dauer — \$12,268.80 for a five-year lease; Emil Urbanczyk — \$12,636 for a five-year lease, or \$3,500 for an 18-month lease; E. J. Kase — \$2,558 for a three-

(See CITY, Page 2)

## New School Board Sets Monday Meet

Elmer Wilson and Gene Fatheree, the winners in the Pampa School Board election Saturday, will attend their first board meeting Monday afternoon. Knox Kinard, superintendent of Pampa Public Schools, has announced the meeting for 4 p.m. at Pampa Junior High School.

The board will canvass election returns and elect new officers. The incumbent chairman, Rex Rose, was ousted in Saturday's election. Wilson, a former teacher, received 674 votes and Fatheree, 659. Jim Nation, an incumbent, polled 637; and Rose, 590.

A grand total of 1,315 votes was recorded, surpassing last year's figure by 603. Only 112 ballots were cast last April.

Wilson and Fatheree take office with the incumbent trustees Monday. School trustees are elected for three year, staggered terms. E. L. Green, D. E. Holt and Aubrey Steele are the three incumbents.

Holt began his first term last year and Green his third. Steele was elected for his second term in 1957.

## Amateur Contest Set For Friday

WHITE DEER (Sp) — The Antler staff of White Deer High School will hold its annual amateur contest Friday evening at 8 p.m. in the High School Auditorium. Students from Skellytown and White Deer elementary schools and from the High School will compete for prizes.

Proceeds will be used in the publication of the high school yearbook.

BEN WAGNER  
knifed to death

## Search For Clues Covers Milwaukee

MILWAUKEE (UPI) — The search for clues in the abduction and knife slaying of Ben Wagner, 6, spread today to restaurants, dry cleaners, motor vehicle records and the state crime laboratory.

Squads of detectives checked restaurants in Ozaukee and Milwaukee counties in an effort to learn where the boy ate his last meal Saturday night, shortly before he was killed.

Authorities determined Monday in an autopsy that the boy had been fed an hour or so before his death. The boy's mother reported her son last ate at noon Saturday. Police questioned restaurant employees on the theory the killer purchased a last meal to gain his victim's confidence.

Other officers visited laundry and dry cleaning plants, seeking

blood-stained clothing which may have been worn by the killer.

Motor vehicle registration records were combed in a follow-up of the most promising lead, a report from a motorist who saw a blue, six-cylinder, 1955-56 Plymouth station wagon Saturday night.

The motorist was unable to make definite identification of Ben's boy.

Police and sheriff's deputies in northern Wisconsin also pressed a search for a nervous, middle-aged man who tried to sell a dark-blue 1950 station wagon Monday at Prentice, Wis. Road blocks failed to intercept the man or the vehicle.

Microscopic examination of the boy's clothing began at the state crime laboratory in Madison to determine if the youth had been sexually molested before or after he was stabbed five times by the "bushy-haired" sadist who is thought to have killed him.

Authorities so far have no definite evidence the boy was the victim of a sex attack.

## 71 Merchants Ready For April 23-25 'Value Days'

Seventy-one retail merchants at 7 p.m. Saturday, April 25. Merchants will post the winning numbers, the first production of the Chamber of Commerce's new Merchants Activities Committee. A complete list of participating merchants will soon be released for the April 23-25 promotion, according to Lucian Young, MAC chairman.

A sack of 400 silver dollars will be given away at a drawing April 25. Participating firms will hold individual drawings prior to the grand give-away. In any case, there will be nothing to buy to register. Individual drawings will be held

in other towns. Persons will be able to register for the drawings, whether they make a purchase or not. They will have three days to register and may register in as many stores as they like. Once they are included in a prize drawing they will automatically be eligible for the silver jackpot.

## LEGION MEET SET APRIL 25-26

Legionnaires from the 18th District will flock to Pampa April 25 for a two-day American Legion Convention, hosted by Pampa Post 534. A dance, barbeque dinner and two business sessions are slated.

The convention will kick off at 9:30 a.m. Saturday, April 25 at the American Legion, 115 W. Hall, 123 W. Foster. It will conclude after Sunday dinner.

SERVICE PROJECT

Members of the Key Club, a Pampa High School organization, prepare solicitation kits for workers in the April Crusade Against Cancer. Pictured from left to right are Terry Joe Haralson, president;

Rickey Schmidt, Eben Warner, Robert Kent, Ray Kent, Joe Fischer, a member of the Key Club Committee, Max Havenhill, Gene Havenhill, Mike Moorman and Bob Hudson, Crusade chairman.

## KEY CLUB DOES JOB

The Key Club, Pampa High School's Kiwanis organization, has packed 400 workers kits to be used in the April Crusade Against Cancer. Bob Hudson, Crusade chairman, told the Daily News a house to house solicitation will be conducted by Pampa women April 14.

The kits contain workers' report sheets and leaflets connected with the seven danger signals of cancer. This is the first service project undertaken by the Key Club boys.

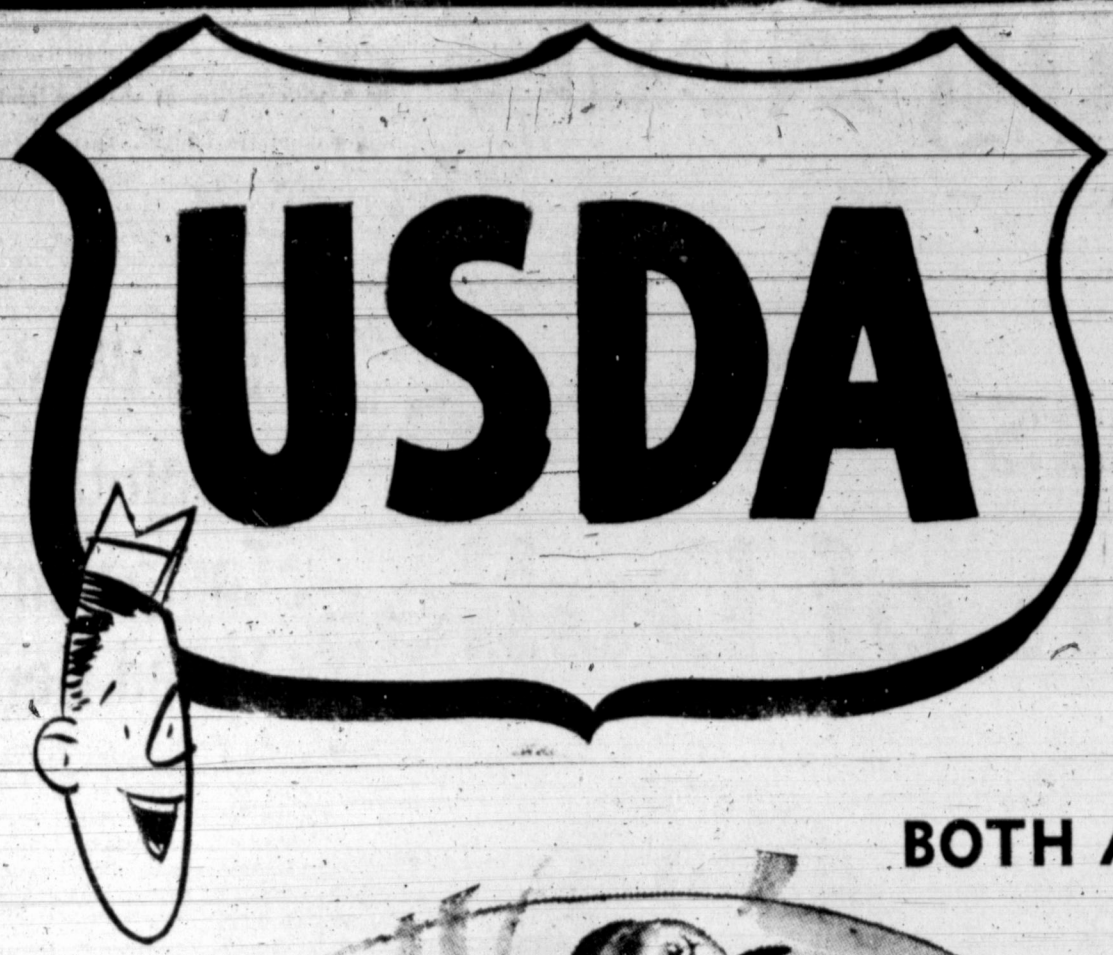

The organization, sponsored by the Downtown Kiwanis Club, is designed to render service to worthy High School and community projects. At present, there are 75 members.

If it comes from a hardware store we have it. Lewis Hildebrand.

**Green, Yellow Tints Advised For Roads**

NEW YORK (UPI) — An eye specialist suggested Sunday the

nation's highways be tinted green and divided with yellow lines to rest the eyes of the nation's drivers.

Dr. Alden N. Haffner, executive director of the Optometric Center of New York, said the "lack of color in black" tends to make it fatiguing to the eyes. Combined with white, it causes more fatiguing glare.

**Choirs, Bands Will Compete In Canyon**

Pampa's school choirs and bands will be prominent in Interscholastic League contests, beginning Thursday in Canyon. The High School and two Junior Highs will send their singers and musicians to the Region XI contests.

**New Haven Man Slays 4, Himself**

NEW HAVEN, Conn. (UPI) — Mrs. Frances Kraus was the only one alive today of her six-member immediate family.

Mrs. Kraus, 45, arrived home from her clerical job Monday to be greeted by her husband, Kirk, 48, who said: "Our worries are over. The children are dead."

He attacked Mrs. Kraus and attempted to strangle her, but she broke free and took refuge with a neighbor.

Kraus then set their house on fire, in which the bodies of their children, Linda, 12, Donald, 9, and Richard, 8, and his sister, Miss Elizabeth Kraus, 30, lay strewn about. He died on the way to the hospital from smoke poisoning.

Police called the tragedy a "mass murder and suicide." They said Kraus, who frequently drank heavily, strangled the children and his sister.

Kraus recently had been released from a Veterans Administration hospital where he had been treated for a nervous disorder. He had been unemployed and depressed lately, neighbors said.

Mrs. Kraus was hospitalized in shock.

**SUES FOR DIVORCE**

LOS ANGELES (UPI) — Shik Dastagir, older brother of actor Sabu, was charged by his wife in divorce court Monday with throwing a glass pitcher and ash tray in their house. Mrs. Bertha Dastagir, 39, sought \$750 monthly support from Dastagir, a furniture store owner.

Choir and solo contests, postponed by heavy snows March 21, will be held Thursday, Friday and Saturday along with the regularly scheduled choir competition. Solo and ensemble contests for bands will be held Saturday. Full band contests will not be held until April 23.

Choral groups prepared for the meet last week with a clinic conducted by Michael Johnston, choir director of Abilene High School. The bands began a clinic today with A. Clyde Roller, director of the Amarillo Symphony.

Pampa's choral groups are the Pampa Junior High Girls' Choir, directed by Mrs. Lonnie Richardson; the Robert E. Lee Choir, directed by Mrs. James Webb and the High School Choirs, directed by William A. Hunt.

Last year, Hunt's three choirs brought back a trophy apiece. Only two will be going this time, the Girls' Choir and the famed A Capella Choir. The Boys' choir has merged with the A Capella.

Another winner, the Harvesters Band, led by W. E. Tregoe, will zoom into competition Saturday.

So will the Pampa Junior High and Robert E. Lee bands, directed by Ben Gollehon and Joe DiCosimo respectively.

**Police Investigate 3 Minor Wrecks**

Pampa police officers investigated three minor two-car collisions Monday afternoon. No persons were injured and damages were light.

At 4 p.m. a 1957 Chevrolet driven by Joe Ed Brewer, 516 Ash, collided on S. Cuyler near Tyng with a 1948 Pontiac driven by Mrs. Vounica Beck, 216 W. Brown. Damages totaled \$57.

Two cars bumped at 4:35 on W. Kingsmill at the N. Ward intersection. The drivers were George Frost, Clarendon, and Donald Rochelle, 925 Ripley. Frost's 1954 Ford had damages set at \$150.

Rochelle's 1954 Mercury had \$50 damages.

At 5:15 p.m. at the N. West and Cook St. intersection, a 1958 Mercury driven by James Bowers, 1329 E. Browning, collided with a 1957 Chevrolet driven by Jimmy Bradford, 2237 Dogwood.

The Bowers car had \$80 damages, the Bradford machine had \$10 damages.

**CITY**

(Continued From Page 1)

year lease. Jerry Thomas — \$1,480 for an 18-month lease, or \$4,080 for a three-year lease, or \$6,680 for a five-year lease.

R. L. Pugh — \$2,450 for an 18-month lease. Leroy Thornburg — \$2,500 for a two-year lease.

The present 20-year lease the city has with the government does not allow for the city's full purchase of the land. However, it was felt some action by state senators may bridge that difficulty. If the city could buy the land the price tag would be in the neighborhood of \$32,000.

The city already has paid \$19,000 for the original 20-year lease. If purchased by the city the land could then be leased for farming purposes.

An appearance was made at this morning's meeting by G. K. Reading, highway district engineer, who discussed with the commission the proposed by-pass highway system that eventually may circle Pampa.

He said action on initiating progress on the system must come from somewhere. Reading felt the Chamber of Commerce and the city must take leading roles.

**OSCARS**

(Continued From page 1)

"The Defiant Ones," a tense story of two prisoners — a Negro and a white — who escaped police while handcuffed together.

French star Maurice Chevalier was honored for his "many contributions to show business" with a special award and producer Jack L. Warner received the Irving Thalberg Award for his contributions to the production of motion pictures. The award is presented only when the academy feels it is merited.

Actress Ingrid Bergman, returning to Hollywood after a 10-year absence touched off by her romance with director Roberto Rossellini, received a thunderous ovation at the awards program when she appeared to present the best picture award.

The Oscar winners were all pre-program favorites. There were no surprises.

Police said they received an anonymous telephone call shortly before the slated two-hour nationally televised awards program started at 10:30 p.m. e.s.t.

Crowd is Unaware

Emergency fire equipment was taken to the Pantheon Theater where 2,800 of the film industry's outstanding stars and technicians were jammed to witness and participate in the glittering event.

FOR SALE, white wedding dress and slip. Size 12. Mo 4-8984.

Elaine Ledbetter, Pampa High School science teacher, returned from Atlantic City, N. J., Monday where she attended a National Science Teachers Convention. Educational speakers were present from Saudi Arabia, Egypt and other foreign countries, she reported.

Several members of the Pampa High School FFA Chapter will go to Canyon April 11 for an invitational livestock and dairy judging contest April 11. The group includes Sammy Giddeon, George Thompson and Billy Tidwell.

Members of the Pampa High School science teachers will attend the institute for 12 weeks, opening June 2 and continuing throughout WT's regular summer term, which closes Aug. 21. Each will receive a weekly stipend of \$75, plus an allowance of \$15 a week for each dependent.

The institute's program will include classroom and laboratory work, field trips, and lectures by visiting scientists, and includes work in chemistry and physics and mathematics. Work during the first and second terms in mathematics includes "Survey of Modern Mathematics" and "Basic Principles of Electronic Computers."

Offerings in chemistry for both terms include "Principles of Chemistry for Teachers" and "Topics in Chemistry for Teachers." The work in physics is titled "Fundamental Physical Concepts."

School and Robert E. Lee Junior High FFA Chapters will take part in a FFA Rodeo in Tullia April 16-18. J. W. Henderson and Sammy Giddeon will represent the High School. Robert E. Lee will be represented by Jerry Fulton, Wilbur Lamm, Roy Dyer and Mark Russell.

**Four Area Teachers Get Appointments**

CANYON (Sp1) — Four Pampa area teachers have been named winners of appointments to the National Science Foundation Summer Institute at West Texas State College according to Dr. W. D. Compton, institute director.

The winners are all high school mathematics or science teachers from throughout West Texas. Pampa area winners are Lester H. Berryman, mathematics teacher in Lefors High School, Harold E. Bunch, principal and mathematics teacher in McLean High School, Noble B. Doughty, mathematics and science teacher, Claude High School, and James D. Webb, mathematics and physics teacher in Pampa High School.

There are a total of 43 winners who will attend the institute for 12 weeks, opening June 2 and continuing throughout WT's regular summer term, which closes Aug. 21. Each will receive a weekly stipend of \$75, plus an allowance of \$15 a week for each dependent.

The institute's program will include classroom and laboratory work, field trips, and lectures by visiting scientists, and includes work in chemistry and physics and mathematics. Work during the first and second terms in mathematics includes "Survey of Modern Mathematics" and "Basic Principles of Electronic Computers."

Offerings in chemistry for both terms include "Principles of Chemistry for Teachers" and "Topics in Chemistry for Teachers." The work in physics is titled "Fundamental Physical Concepts."

# "Isaiah Speaks" Continued Study For Women's Groups Of First Methodist

**CIRCLE ONE**  
Mrs. E. J. McCaskey and Mrs. R. C. Martin were hostesses for the Circle One meeting of the First Methodist Church in the parlor. In the absence of the chairman, Mrs. Clarence Lutes, Mrs. Eben Warner presided over the business meeting. Mrs. Raymond Dorsey requested that all pledges be in by April 15. Mrs. D. M. Lawrence gave the devotional, "Calvary Through Faith." Lesson from chapters of "Isaiah Speaks" was conducted by Mrs. Luther Peterson with scripture read by Mrs. Warner. Attending were Mrs. Joe Donaldson, J. B. Denson, Lee Harrah, Helen Hall, Virgil Draw, Chester Thompson, A. F. Johnston, L. L. Garrea, J. M. Fitzgerald, and F. L. Stallings.

**CIRCLE TWO**  
Mrs. E. V. Ward and Mrs. H. H. Keesey were hostesses to the meeting of Circle Two with Mrs. Charles B. Keesey presiding during the business meeting. Devotional was given by Mrs. W. A. Wagoner from "The Upper Room." Mrs. W. W. Adcock, study leader, continued with "The Messianic Prophecies" from the study of Isaiah.

TASTY Hawaiian beef sate in the making. Mei Lani Hee lights charcoal in quilted foil in place of traditional ti leaves.

## Home-Grown Hawaiian Beef Is Favorite Island Food

By GAYNOR MADDOX  
NEA Food and Markets Editor

Hawaiians raise beef as well as hula dancers. They are very fond of both. In their exotic restaurants, charcoal broiled New York cut steak or top sirloin are listed alongside Lomi Lomi Salmon, Chicken Luau and Halekulani ocean squid in coconut cream. At the Ale Ale Kai in the Hawaiian Village Hotel, Omaha Beef and Jus shares honors with fresh Mahimahi fillet from local waters.

Beef turns up at private dinners, too. At the Pearl Harbor N.Y.V. Base, young Lt. Frank Comstock, executive officer of submarine Bream, and his vivacious wife Betty served a "home" dinner (they have four little children). Frank, just returned from a six-month voyage and about to leave for another, grilled beef sate in the garden with an undersea flourish. Over in Fort Shafter at the home of Major General and Mrs. Edwin H. Carns, there was a prime roast of beef dinner no different from one on the mainland except for flaming hibiscus flowers on the table, and assiduous Hawaiian hospitality.

Back in New York we asked our friend Albert Stockil, chef director of the Hawaiian Room (often called the Eastern Outpost of the Islands) and lovely Mei Lani Hee, who was born in Wahiawa on Oahu, to teach us how to prepare beef sate the way we enjoyed it in Hawaii.

They used quilted foil in place of the large ti leaves which the natives use traditionally in so much of their cooking. Albert Stockil, recognized expert in Hawaiian cookery, says the results are every bit as good.

**BEEF SATE HAWAIIAN ROOM**  
(Serves 6)  
Cut 1 1/2 pounds beef tenderloin 1/2-inch cubes, then marinate for at least one hour in 1/2 cup salad oil flavored with 1/2 teaspoon ginger and a pinch of blackpepper. Remove beef from marinade and

Attending were Mrs. Irene Osborne, Thurman Gline, Theima Bray, J. W. Lemons, T. C. Lively, W. L. Rowntree, J. C. McWilliams, Carl Schafer, Edward Wiens, and Malcolm Douglas. It was announced that the next meeting will be with Mrs. Shafer, 2132 N. Russell.

**CIRCLE THREE**  
Circle Three met in the home of Mrs. Cleo Hoyer to continue the "Isaiah Speaks" study. Mrs. W. W. Bryant was in charge of the brief business meeting. Devotional was given by Mrs. G. F. Branson from the book of Micah. Mrs. E. S. Williams conducted the study. The next meeting will be with Mrs. S. Edwards Juenger, 1527 Coffee, on April 15. Members present were Mrs. J. L. Colville, L. M. Hicks, W. E. Jarvis, James Wiley, W. C. Furryear, Glenn Radcliff, and Elmer Radcliff.

**CIRCLE FOUR**  
Mrs. Claude Byrd and Mrs. C. E. Shalhoush were hostesses for the Circle Four meeting in the home of Mrs. W. A. Wagoner from "The Upper Room." Mrs. W. W. Adcock, study leader, continued with "The Messianic Prophecies" from the study of Isaiah.

**CIRCLE FIVE**  
Mrs. Bert Robinson was hostess to the meeting of Circle Five in the church parlor. Opening prayer was by Mrs. Tom Cook. During the business meeting conducted by Mrs. W. R. Campbell, it was announced that the study of Isaiah would be concluded at the next meeting. Mrs. A. B. Carruth reported a bud-vase had been sent to Mrs. R. R. Lawrence, who is hospitalized. Mrs. Campbell also announced the result of study money would be used for something for the church. Mrs. A. L. Lawson conducted the study. It was announced the next meeting will be held in the church parlor with Mrs. W. S. Exley as hostess. Closing prayer was by Mrs. John Sweet. Members present were Mrs. H. F. Barnhart, Frank Chapman, R. E. Hamer, W. A. Hardy, F. W. Osborne, Bert Robinson and E. L. Campbell.

**NEEDING HELP**  
DEAR NEEDING: You had better look for NUMBER THREE BOY. When in doubt, keep looking with a salad luncheon in the home.

**DEAR ABBY:** I've been married for about two months and here is my problem. My husband can't seem to get ready to go anywhere on time. Before Church he will start getting ready about twenty minutes before the services start. If I try to help him he gets mad. We are never anywhere on time and everybody thinks it is my fault because women are supposed to be the ones who hold everything up.

**ALWAYS LATE**  
DEAR ALWAYS: Your husband (fortunately) is new enough to train. Dawdling is a childish trait and the only cure is constant

**DEAR ABBY:** My husband talks in his sleep. I KNOW he does, but he denies it. About a year ago I heard him say, "You seem to know when I need you the most!" When I woke him up he claimed he had ME in mind. Time proved him a liar. Last night I heard him say plain as day, "I've been sitting in this alley waiting for you. What time do you have to be back at work, Baby?" I shook him and woke him up and when I told him what he said, he said I was the one who was dreaming. Could I be dreaming that I hear him talking in his sleep or do you think otherwise?

**NO DREAMER**  
DEAR NO: It's not what a man SAYS in his sleep that counts; it's how he behaves when he's awake.

**DEAR ABBY:** When you send a GET WELL card to someone sick, how sick should they be? If they are on the critical list... don't you wait at least until they are out of danger? Thank you.

**WONDERING**  
DEAR WONDERING: Friends do not usually hold of sending a get well card. If the patient is critically ill, they send their good wishes and hope for the best.

**DEAR ABBY:** I am engaged to NUMBER ONE BOY, but NUMBER TWO BOY will not stay out of the picture. NUMBER ONE BOY says that if I am not sure of myself I should go with NUMBER TWO BOY, but I know that NUMBER TWO BOY is not the marrying kind. I like NUMBER TWO BOY better than NUMBER ONE BOY in a few ways because he is more romantic, but NUMBER ONE BOY is more dependable. Please tell me what to do.

**DEAR ABBY:** My husband and I are engaged to NUMBER ONE BOY, but NUMBER TWO BOY will not stay out of the picture. NUMBER ONE BOY says that if I am not sure of myself I should go with NUMBER TWO BOY, but I know that NUMBER TWO BOY is not the marrying kind. I like NUMBER TWO BOY better than NUMBER ONE BOY in a few ways because he is more romantic, but NUMBER ONE BOY is more dependable. Please tell me what to do.

## DEAR ABBY...

By Abigail Van Buren

**DEAR ABBY:** My father thinks he knows everything just because he went to Stanford. He says all States require a blood test before marriage. I say there are three States which do not and they are Nevada, Washington and Minnesota. Am I right?

**BROWN EYES**  
DEAR BROWN EYES: Your father is all wrong and you are half right. Add Maryland, South Carolina and Washington, D.C.

Do your parents trust you? Get ABBY's booklet, "What Every Teenager Should Know." Send 25 cents and a large, stamped, self-addressed envelope to ABBY in care of this newspaper.

For a personal reply, write to ABBY in care of this paper. Enclose a self-addressed, stamped envelope.

## RUTH MILLETT

If you want to get along in your new neighborhood — Be nice to the kids. Get a reputation for being a "crank" with the children — and there won't be much of a welcome for you from their parents.

Don't encourage a gossip neighbor to tell you all about the other neighbors. If you do, you'll have preconceived notions that may influence your own judgment.

Be considerate of your neighbors in small ways, such as keeping your yard neat, not letting your children become a nuisance, seeing that your dog doesn't bother anyone, hot being a habitual "borrower."

Be friendly and neighborly without making a nuisance of yourself. Your neighbors may not have as much time to kill as you do.

Take advantage of opportunities to be helpful. These arise in every neighborhood from time to time and taking advantage of them requires only a little imagination and a readiness to be of help.

Never run down one neighbor to another. If you don't especially care for a particular person, at least stay on speaking terms and do nothing to influence others to feel as you do.

Don't take up your children's squabbles. Left alone, fighting children will soon be friends again, but let the parents get into the fight and there will be real and lasting bitterness in the neighborhood.

The bridesmaid rates her share of attention at the wedding in the kind of short, bouffant dress that she can wear after the wedding day. This bridesmaid chooses (left) a dress of white cotton organdie that will see her through many a summer party. Priscilla of Boston has added a touch of color in the olive green cummerbund. Hand-painted flowers, outlined with embroidery, wreath the neckline. An all-white dress in cotton organdie (right) by Celia Phillips has a removable fichu that reveals a strapless dress which is perfect for party wear. Embroidered and plain organdie alternate in tiers down the belted skirt.

## Bridesmaid Dress Contrasts Bride's

By GAILE DUGAS  
NEA Women's Editor

**NEW YORK (NEA) —** Even though the bride trims down the aisle in yards of ruffles and bows, her bridesmaids will be wearing dresses that are short and sweet.

The reasons for this are many and they have evolved from thousands of weddings and much trial and error. Since the bride is generally conceded to be the star of the show, her dresses in the traditional, dazzling white. Therefore, her bridesmaids present a pretty contrast dressed in pastel shades of soft mauve. And most bridesmaids will wear little caps (miniature hats, really) matched to the dress color.

length, cascading dress, there's still further contrast in the short-length dresses chosen by her attendants. The last reason is a particularly sensible one.

It's this: few girls can afford to wardrobe. The dress that have nonworking clothes in their puts in one appearance and one only is pure luxury. So most bridesmaids prefer the short length, a pale color and possibly a removable jacket or fichu to double the wearability of the dress.

Skirts are bouffant, of course and propped by petticoats. All the palest pastels are with us. And if the bride wears a full-length, cascading dress, there's still further contrast in the short-length dresses chosen by her attendants. The last reason is a particularly sensible one.

**"The Westerner"**

**BIG Cake ... little time**  
Mix in 11 minutes with Imperial 10X Powdered Sugar

**"WESTERNER" CAKE**

3 sticks (3/4 lb.) margarine or butter	1 Imperial 10X Powdered Sugar carton full of sifted flour
1 1-lb. carton Imperial 10X Powdered Sugar	1 teaspoon lemon juice
6 eggs	1 tablespoon vanilla

Have eggs and margarine at room temperature. Cream margarine; add Imperial 10X Powdered Sugar; beat till fluffy. Add eggs, one at a time; beat well after each addition. Sift flour 3 times; add gradually to batter. Add flavorings and mix well. Bake in 10" greased and floured tube pan at 325° F. 1 1/2 hours. Cool 4 minutes, then invert pan. Wonderful served plain, with whipped cream, fruit or ice cream. Or, frost if you wish.

**BANANA WESTERNER** Omit lemon juice and gently blend in at last, 3/4 cup mashed, ripe banana and 2/3 cup extra finely chopped pecans.

**STRAWBERRY WESTERNER** Omit lemon juice and gently blend in at the last, one box sweetened frozen strawberries, thawed and well drained.

**PINEAPPLE WESTERNER** Omit lemon juice and gently blend in at the last, one No. 1 flat can crushed pineapple, well drained.

For your recipe file: Clip and paste on card.

Fresh-tasting, homemade pound-cake to please your family. Delicately flavored and generous in size. You make it by a quick, new-fashioned recipe. Clue to quick mixing is Imperial 10X Powdered Sugar. Always fluffy and fresh!

The Imperial-silk test proves that Imperial 10X is today's finest powdered sugar... finest for frostings!

# This Is The Month Of Toughness For Family Man

By LYLE C. WILSON  
United Press International

WASHINGTON (UPI)—This is a tough month for the average man with a family, a beat-up jalopy and an income-tax to pay. Taxes and the high cost of living cut up the average man into bits and pieces, like a jigsaw puzzle. The Tax Foundation Inc., of Rockefeller Plaza, New York City, did some sharp pencil figuring and came up with the bad news.

The average \$4,500-a-year man works 22 days a month, it is reported, and must whack up his income, like this:

- Seven days, for taxes.
- Two days, for clothing.
- Four days, house and furniture.
- Two days, transportation.
- One day, medical expense.
- One day, recreation.
- Four and one-half days, food.
- One-half day—all that remains—for riotous living of whatever.

Tripled in 19 Years  
The tax bite is larger than it should be because, for one solid reason, government officials are free with other people's money. Other people's money comes easy and goes the same way. It makes small difference whether the government official is operating in Washington or the federal gov-

ernment or back home among the neighbors.

Tax Foundation calculators reported that in 19 years from 1940 through 1958, total state tax collections per person have tripled. The 1940 average was \$25.44. The 1958 average was \$87.95, a hike of \$62.51 per head.

That average man with a family and a jalopy took a beating in those years. The average of general sales taxes and gross receipts taxes which are passed directly to the consumer increased in 19 years from \$3.83 to \$16.61. Collections from motor fuels, motor vehicles and motor operator's licenses were up from \$9.41 to \$25.52.

Taxpayers are cast this year in the role usually assigned to them. They are the interested but innocent bystanders who have the most at stake in a blazing political dispute about what shall be done with their money.

Dispute on for Years  
President Eisenhower and congressional Democrats are the disputants. During the 1958 election campaign, Eisenhower tagged the Democrats as spenders—not all of them, he says now—but as spenders whose easy way with the taxpayers' money was sure to lead the Treasury in the red and to increase inflation.

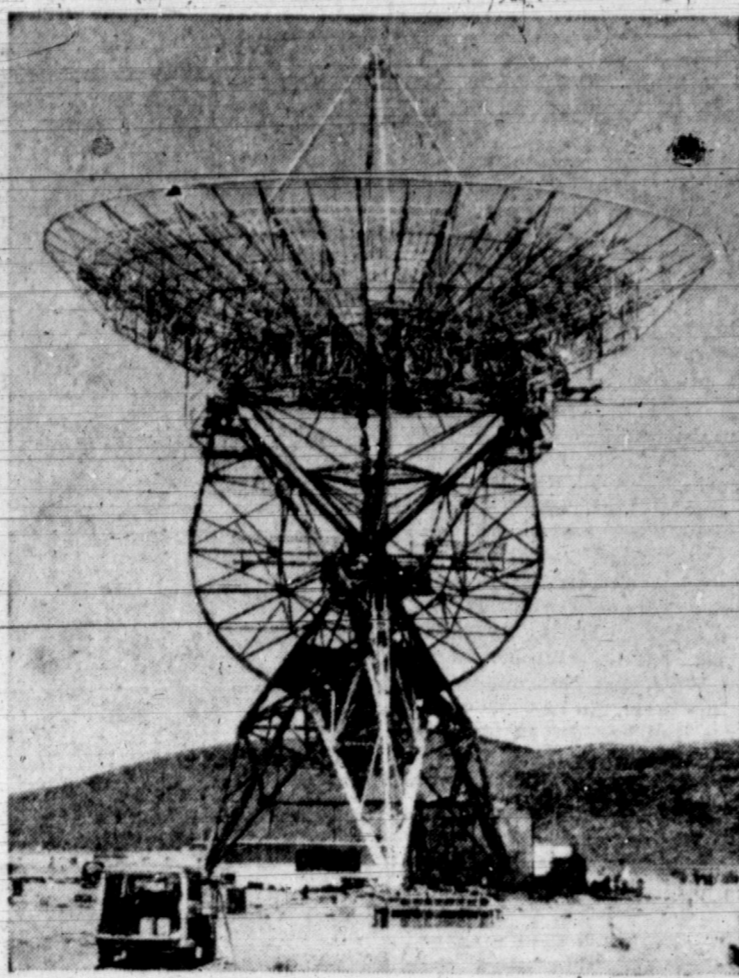

This kind of dispute between Congress and the White House has been going on for years with the taxpayer in the middle. Only once in the past 25 years have a president and a Congress pulled together to cut government costs and to cut taxes. That joint venture took place in the first two years of the Eisenhower administration. Taxes came down and so did government spending.

In the 1955 fiscal year, Eisenhower, spent \$64,600,000,000. That was the cheapest Eisenhower year. Tax collections, however, were \$4,200,000,000 short of paying the government's bills. The U.S. dollar reacted to that relatively good showing by reversing a trend. It gained, in value in 1955, by 2 per cent. Not much but a gain.

APPEALS TO PRANKSTERS  
CARLISLE, England (UPI)—Harry Brown has appealed to persons unknown to stop putting live parakeets in his mail boxes. Brown is a local inspector of the Royal Society for the Prevention of Cruelty to Animals.

BUS CRASH KILLS NINE  
TAMPICO, Mexico (UPI)—Nine persons were killed and 10 others were injured Sunday when a bus en route here from Monterrey plunged into a ravine north of Ciudad el Mante.

**BIG EAR FOR LITTLE VOICE**—This huge antenna at Goldstone Tracking Station, Calif., followed the Army space probe Pioneer IV more than 400,000 miles into space. The steel dish, 85 feet in diameter, is mounted on a 110-foot tower in a remote section of the Mojave Desert. The antenna's parabolic reflecting surface focuses radio waves to a pickup antenna. Data received is recorded on tape and analyzed. Contact with Pioneer was lost when the 13-pound satellite was 416,000 miles from earth.

## Secretary Flemming Seeks To Rid Washington Of Doubletalk

The Lighter Side  
By FRANK ELEAZER  
United Press International

WASHINGTON (UPI)—Some government dreamer is always coming up with a plan to get rid of official doubletalk. It always figures it out.

The popular theory of why they fail is that each of these plain-English efforts eventually comes to be labeled "a plan to implement a co-ordinated program on non-ambiguity" and nobody can figure it out.

Anyhow, the latest to take out after government goobledygook is Dr. Arthur S. Flemming, secretary of health, education & welfare. He says he thought for awhile he was the only one who didn't understand what was being said at conferences in his agency. Then he discovered that the people who were talking didn't understand either.

Some Democrats in Congress, who claim they don't always understand what Flemming says (and maybe sometimes don't want to), insist this is one time they know what he means.

Sen. Eugene McCarthy (D-Minn.) just the other day received from Flemming's office a document describing a new "model of man," devised by the agency to stimulate discussion and thought. "Man is conceptualized as a manifestation of organized energy," Flemming's publication said of the model, "an energy field spinning around an awareness axis (AA) between its two poles, of which AA plus represents the creative or positive axis, with abundant energy, and AA minus, the negative axis, deficient in energy."

Fortunately for the man whose AA plus pole was blown down by the wind, a handy glossary was printed on the back. "Wellness" was defined as not being sick. "Wellness, high level," it said means feeling real good.

Rep. Lee Metcalf (D-Mont.) claims to have had trouble with one of Dr. Flemming's own first-person pronouncements, on federal aid for schools.

Flemming proposed that Uncle Sam help build 75,000 classrooms. Metcalf objected that Flemming's plan required legal and even constitutional changes to be made by some of the states. Flemming said he thought this wasn't too much of a problem.

Every day or so since, Metcalf has been musing over the Flemming school aid formula in the congressional record.

Baseball And Eggs  
"Mr. Flemming's talents are being wasted by being confined to education," Metcalf said. "He should go to work for Clark Griffith. He would announce that the Senators will top the American League and win at least 110 games."

"This would be done by permitting the Senators to use a modified 37-mm. gun instead of a pitcher at all home games and to field 11 men instead of the usual 9. Of course such a procedure would require a change in the rules of baseball and consent from the other American League clubowners, in addition to the perfection of the Flemming pitching machine. But those are minor problems."

Metcalf also has applied the Flemming formula to the problems of surplus eggs (make 'em square, to take up less storage space, necessitating of course a constitutional change in the hen's basketball (Ohio Wesleyan, of which Flemming was president, would mount midgets on each basket to help receive or deflect the ball as desired, provided the other teams didn't object), and cows which insist on two milkings daily (put 'em on a five-day week after necessary minor modifications of the cow).

## Akihito's Nuptials To Cost Less Than His Father's

TOKYO (UPI)—Crown Prince Akihito is getting married Friday for a fraction of what it cost his father, the Emperor Hirohito, 35 years ago.

The bill for Akihito's affair—including the April 10 ceremony and the three days of banquets that begin April 13—is expected to come to approximately 40 million yen, or \$111,000.

When Hirohito, then the crown prince and heir apparently was married in 1924 the tab was more than one million yen. In those days, that was worth \$500,000 to one million dollars.

The size of the bill is even more impressive when you realize that Tokyo was still digging out from the great earthquake that shattered it on Sept. 1, 1923, not quite five months before the Jan. 24 wedding of Hirohito and Nagako.

One big expense in Hirohito's wedding budget was a spectacular show, staged by the imperial army and navy. Neither of these forces exists any longer, so that a one item Akihito doesn't have to worry about.

When Hirohito was married imperial cavalrymen lined the wedding procession route and troops of lancers escorted him. Through-out the day warships in Tokyo Bay boomed out 21 gun salutes. Forty-three planes roared over Tokyo—an impressive number in those days.

At the precise moment when Hirohito and Nagako sipped rice wine from unlacquered cups to end their wedding ceremony, an artillery regiment thundered a deafening, 101-gun imperial salute from palace heights, across the city.

The standard of the world in **Character**  
The moment a Cadillac comes into view it begins to say wonderful things about the man at the wheel. It tells of his fine taste... his good and practical judgment... his achievements in his chosen field. And the reasons for this are found in the character of the car itself. For longer than fifty years, goodness has been the watchword; craftsmanship the creed. In the lexicon of motordom—Cadillac is the world's best synonym for quality!

# Red Griggs ★ the pipeline

The boys on Terry Culley's Pampa High tennis team at their first taste of inter-school competition here Wednesday, against Spearman.

The two girls on the squad, Sharon Osborne and Jackie Likes, have played two matches, winning both. In Berger last week, they beat the number one girls' doubles team.

Both boys' and girls' teams will play Wednesday, and there'll be both singles and doubles matches. The matches will be played on the courts at the city park, beginning at about 3 p.m.

The PHS tennis team is an "orphan" squad right now, with no court to call its own. "They're going to build us some new courts," Culley said Monday, "but right now we have to settle for the city park."

Culley said that his team will enter the Amarillo Relays Friday and Saturday, along with the golf and track squads.

## 'Basketballarama' Slated

Would you believe that it's possible to see four state championship basketball games for only 50 cents? Well, it is. Not live, of course, but the next best thing — on film.

Not only can Pampa fans see films of all four of the Harvesters' state championship games Friday, but they can help a worthy cause at the same time.

This big film show, known as a "basketballarama" will be shown in the high school auditorium. It will be sponsored by the student council, and proceeds will be used to finance a foreign exchange student to Pampa High, and also to possibly set up some scholarships.

Such great stars of the "silent screen" as Jimmy Bond, Gary Griffin, E. J. McIlvaine, Bill Brown, Ray Stephenson, and members of

## Was This Match Fixed?

Those who say that wrestling matches are all "fixed" should take a good look at the head and face of one Sonny Myers, and talk to a certain Nick Roberts.

Mr. Myers head was pretty badly gashed last Saturday night when this Mr. Roberts inconsiderately bashed it against a ring post.

Roberts didn't come out unscathed either. An angry fan, burned up about Roberts' ring tactics, tossed a chair into the ring and scored a direct hit on "Nasty Nick."

Now, the way we see it, any man who would let another man bang his head against a post, in a "fixed" match, doesn't have any brains in that head. And being a lifelong coward, we're not about to call a 200 pound wrestling brainless.

And incidentally, Tom Barker, Daily News page makeup man and an avid wrestling fan, assures us that the fan who threw the chair — a little guy — could give Roberts or any wrestler a good run for his money before saying "uncle."

# Great Season Seen For American Loop

By JOE CRONIN  
American League President  
(Written For UPI)

BOSTON (UPI) — In making my first pre-season forecast in my new position with the American League, I am confident that exciting competition and an abundance of action and thrills will be the reward for the millions of fans of all eight clubs during the 1959 season.

During the coming campaign, which begins this week with all the traditional and inspiring opening day festivities, the American League will present a full array of established stars and introduce many bright newcomers to the baseball firmament.

These were the observations I brought back with me from a recent tour of the Florida training camps, during which I saw six of our teams in action.

I did not enjoy a first-hand

## Johnson Wins Archery Meet

Gerald Johnson won first place among the men, and Nancy Fulks of Amarillo was the high scoring woman, in the Top of Texas Archery Club's tournament Sunday near Bowers City.

There were 40 spectators and 20 archers at the meet.

Doug Graves of McLean was second among the men, and Dohner of Pasadena was third. Sandra Rogers of Pampa was runner-up in the women's division. Johnny Pierce was the winner in the Junior division.

Winners in novelty shooting events were Nancy Fulks, poker shot; Harold Dressler, Amarillo, flying saucer, and Gerald Johnson, swinging triangle.

# 3 Pitchers Among 6 Leading Hitters

Dizzy Dean always says that with a .667 average, and Kippy Williams is sixth with .385. Besides being a good "average" hitter, Williams also makes his bingles count. He's had for the number three spot on the team RBI's, with four. Left fielder Bobby Stephens also has that number of runs driven in.

Reserve catcher Jim Scott is the Harvesters' number three hitter, with a .309 average in four trips to the plate; and third baseman Gary Hill is number four with a .462 mark.

Gary Willis is the number five man in batting average, but tops in about everything else. Willis has the most RBI's, 12, the only two home runs on the team, and a double. He's hitting an even .400. Both Willis' round-trippers were with the bases loaded, on consecutive days.

Catcher Terry Haralson is far down the list in batting averages, with .208, but is, with the exception of Willis, the best clutch hitter on the team. He has made only five hits, but has driven in seven runs with them. His RBI mark is second on the team only to Willis.

Except for the top six hitters, the Harvesters don't have much of a batting average. Everyone else is hitting in the .200's, or lower.

# Giants Lifting Indians' Scalp

By TIM MORIARTY  
United Press International

The San Francisco Giants are turning their annual cross-country trek with the Cleveland Indians into a modern-day Western massacre.

Since leaving Arizona together last Friday, the Giants have clubbed Cleveland pitchers for 43 hits, including 10 homers, and have scored 32 runs in winning three straight games.

Bill Rigney's force-busters clobbered the Indians, 17-4, last Saturday at Salt Lake City and scored a 7-6 victory over their American League rival at Denver Sunday. Their road show hit Topeka Monday and again the Giants ran wild — collecting five home runs on their way to an 11-inning 8-6 triumph.

The Boston Red Sox also were in a bit-happy mood as they blasted the Chicago Cubs, 11-3, at Corpus Christi, Tex. A home run by Jim Busby and triples by Frank Malzone and Pete Runnels featured Boston's 15-hit attack. The Cubs collected only four safeties off the Delock, who worked the first six innings, and Frank Baumann.

The Pittsburgh Pirates closed out their exhibition schedule with a 2-1 victory over the Kansas City Athletics, the Detroit Tigers completed their spring tuneups by beating the St. Louis Cardinals, 7-2, and the Chicago White Sox downed the Washington Senators, 9-6, in their Monday games.

## Fight Site Is Changed

NEW YORK (UPI) — Custer (Cue) D'Amato, who hopes a lot of tickets will be sold for Floyd Patterson's May 1 heavyweight title defense against England's Brian London, first has to "sell" television officials on the idea of holding the bout in Indianapolis.

Officials at the National Broadcasting Company weren't exactly beaming with joy today over D'Amato's announcement that the fight will be held in the 14,000-seat Indianapolis Coliseum. Instead of Las Vegas, Nev.

They pointed out that \$225,000 contracts for TV on the bout already have been signed and also that "we sold the match to the sponsor on the basis it would be blacked out only in the Las Vegas area."

"The sponsor planned its advertising budget accordingly," said Tom Gallery, sports director of NBC. "Now this changes everything."

The site announcement, made by Cecil Rhodes, promoter, and D'Amato Monday in Indianapolis, caught just about everyone concerned by surprise.

## Miteff Takes TKO Victory

NEW YORK (UPI) — Fight promoter Teddy Brenner today wired champion Henry Cooper "an interesting offer" to meet Alex Miteff of Argentina in an international bout at New York next month.

Brenner was so impressed by Miteff's second-round technical knockout over favored Harold Carter of Linden, N.J., Monday night at St. Nicholas Arena that he was ready to match the Argentine slugger with Cooper, the British titleholder, is interested.

Miteff, a 2-1 underdog against Carter, opened up fast and caught the New Jersey heavyweight "cold" with a hard right to the jaw shortly before the end of the first round.

Carter hung on gamely but appeared dazed at the bell. Then Miteff really went to town in the second round and dropped Carter twice for mandatory eight-counts before referee Teddy Martin stopped the bout at 2:21.

# YANKS, BRAVES PICKED TO WIN FLAGS AGAIN

By LEO H. PETERSEN  
UPI Sports Editor

TAMPA, Fla. (UPI) — The Yankees and the Braves again. That's the way the 1959 major league pennant races look to me after six weeks of covering the spring training camps in Florida and receiving reports on the four teams that could lead the National League.

It looks like the Yankees in a breeze. They may spread eagle the field again like they did last season when they virtually had the American League pennant wrapped up by July 4.

The Braves may be in for rough sledding because of a second base problem. But they appear to have too much pitching and all-around strength for the other clubs in the National League.

Here are the observer's predictions on the 1959 finishes:

Team	National	Player
New York	Milwaukee	Haralson
Pittsburgh	Pittsburgh	Haralson
Chicago	Los Angeles	Haralson
Boston	Cincinnati	Haralson
Cleveland	San Francisco	Haralson
Baltimore	Philadelphia	Haralson
Kansas City	Chicago	Haralson
Washington	St. Louis	Haralson

Yanks Have It

Probably the best bet is that the Senators will finish last again. That appears more of a sure thing than the Yankees to win the pennant.

While none of the rival managers privately admit they can't see how the New Yorkers can be beaten, Yankee Manager Casey Stengel maintains they can't be.

Stengel may be a little short on pitching unless the Yankees make of the Dodgers. Haney admits the deal, but they have something Braves will be hurt by the loss else it takes, including a bench made up of players who would be regulars on any of the other teams. And whenever a weakness crops up in the Yankee array, Wes Covington and Billy Bruton

# Cherry Trees Bloom Around Tidal Basin In Land Of The Free

The Nation's Capitol is certainly a brilliant display of God's handiwork. The numerous and very colorful flowers are beginning to bloom and the buds on the trees are beginning to open. By the time this letter reaches you, the famous cherry blossoms will be in full bloom. At the time these Japanese cherry trees were presented to this country by the Japanese Government and placed around the Tidal Basin, an enterprising developer in the Washington area revealed upon certain Japanese interests and acquired a large number of these trees which he planted in an addition he was opening.

We are very fortunate to be living in a house in that area and when the cherry blossoms bloom in the spring, the beauty is breathtaking for a period of several days. The trees overlap the streets like a white canopy making a vivid contrast to the brilliant pink of the azalea bushes and the flowering peach trees, and the striking yellow of the jonquils and forsythias. All of this is interspersed with the deep purples, reds and other colors of the flowers, as well as the deep green of the early spring grass.

Actually, I know nothing in the world about growing flowers or about the names of them. I have overheard experts on the subject, and the words I have written above are a repeat of what was said. But it makes little difference whether you know much about the flowers or not, it doesn't detract from the pleasure and enjoyment that you can have from just viewing this beautiful handiwork of our Maker. I wish all of you could be up here to see it.

**Double Jeopardy**  
Changing from beauty to the beast, I do want to say a few things about a decision of the Supreme Court last week. The decision was in the case of *Louis Joseph Abbate and Michael Louis Falcone vs. United States*. These two individuals were undoubtedly criminals and should have been punished. The question before the Supreme Court was whether or not they could be punished twice for the same act. They had been convicted in the State of Illinois and were subsequently indicted, tried and convicted by the United States District Court for the Southern District of Mississippi.

The act with which they were charged was the same in both cases. The case and the complex legal arguments involved would require more space to discuss than is available in this letter. However, I did want to call to the attention of the people the great dangers that lie in not maintaining a constant vigilance against the continuing undermining of the sovereign powers of the states under the Constitution. This situation is pointed up by the following paragraph that appeared in the very liberal Washington paper, and I quote it as follows:

"For instance, the Justice Department has argued that if the federal conviction in the Abbate case were reversed, it might frustrate the federal government's attempts to enforce civil rights. If the state conviction was held a bar to federal prosecution, Southern States might convict a person on a minor charge to avoid federal trial on a major charge, it said."

If the Justice Department did what this newspaper charges it with, it owes an apology to the people of this country and, especially, to those people residing in the southern states. The party or parties responsible for such an argument should resign and, in the absence of that, should be discharged. If the Justice Department did not take the position as stated in that newspaper, then the attorney general of the United States, and the president who appointed him, should promptly deny such charge and disavow it.

If the time has come in this country when the people, who are supposed to govern themselves, are looked upon by a group of bureaucrats residing in Washington as being a bunch of culprits under a cloud of suspicion who would resort to any tactics whatever, illegal or immoral, to thwart the ends of justice, then it is time for this entire country to take stock of itself and do some rearranging. The fact of the matter is that a great number of the so-called lawyers occupying the government positions in the Department of Justice have never had the experience of operating a business of their own or trying to make a payroll, and this includes the attorney general himself. Yet, these people would argue

**HONEST JOHN IN GERMANY**—West German soldiers race to their stations at the firing ramp of an Honest John rocket in Donnersberg. West Germany is scheduled to receive 260 of the 35-foot missiles and 36 launching ramps. Special army units will handle the rockets.

# Article In 'America Illustrated' Is Hottest Thing In Russia

By LOUIS CASSELS  
United Press International

WASHINGTON (UPI)—Propaganda sparks are flying in Russia because of the latest issue of "America Illustrated," the Russian-language magazine distributed in the Soviet Union by the U. S. Information Service.

The article which touched off the sparks is a two-page spread of text and pictures depicting the "generally improving status" of America's 18 million Negroes. The text tells of the dramatic progress U. S. Negroes have made in recent years in income, education and housing. Sample statistics: The average dollar income of Negro workers has gone up 415 per cent since 1940, while the average income of white workers has risen 277 per cent. Accompanying pictures show mixed Negro and white groups at work in offices and scientific laboratories, worshipping in church, playing basketball, attending school and participating as equals in civic meetings.

Under heavy fire the article directly contradicted the stereotyped picture of Negro life in America which the Soviet press has assiduously created: It promptly came under heavy propaganda fire from the widely-circulated Soviet youth newspaper "Komsomoles." "Komsomoles" published a full page spread purporting to show "what the magazine 'America' was silent about." It featured pictures of a white-robed Ku Klux Klan man carrying a hangman's noose, and the body of a lynched Negro hanging from a tree.

The Soviet newspaper charged "America Illustrated" with "juggling figures" and "hiding facts" in an attempt to "prove that a paradise for Negroes has been created in the United States." But, it said, "reality tells us quite the contrary." It went on to give a lurid description of "Negro ghettos" in New York, Washington and Chicago, laced with accounts of attacks by "fascist hooligans" on any Negro family which seeks to move into "the prohibited areas reserved for whites only."

Three people from the Panhandle visited our office last week. They were Don Bell from Perryton, now attending Harvard Law School; Gene Southall, Potter County agricultural agent from Amarillo, and Burrell Evans from Tulla. **WALTER ROGERS** Member of Congress 18th District of Texas

U. S. propaganda analysts are intrigued by the vehemence of the Soviet reaction to the "America Illustrated" article. "It indicates," said one official, "that we drew blood. They wouldn't have been so upset unless a good many Russians were reading — and taking seriously — the articles in 'America Illustrated.'" He said this is the first time the Soviet press has attacked the monthly U. S. magazine since it went on sale in Russia in October, 1956.

# Quotes In The News

United Press International

WASHINGTON—Gen. Thomas S. Power, head of the Strategic Air Command, warning the United States must impress upon Soviet Premier Nikita Khrushchev the fact that he cannot attack this country with impunity: "I think the minute he thinks he can strike this country with impunity, we will 'get it' in the next 60 seconds. The only thing to keep him honest is full knowledge of what will happen to him."

NEW YORK—Rep. Cornelius E. Gallagher (D-N.J.), expressing confidence this country will not bow to the Soviet ultimatum to get out of Berlin by May 27: "I am confident we will be there this May 27 and the next May 27. The honor of the United States is being tested on this issue."

NORWALK, Conn.—Alva I. Cox Jr., director of the audio-visual and broadcast education division of the National Council of Churches, expressing approval of a jazz Mass at St. Paul's Church on the green: "But the music is so bad I hope the experiment is not judged on the quality of the product."

LONDON—Field Marshal Viscount Montgomery, expressing concern at adverse British news change. A British newspaper, the *Economist*, reported in a dispatch from Moscow last month that the U. S. magazine is so popular with Soviet readers that "it is snapped up the moment it appears on the bookshelves and thereafter changes hands briskly at three times the published price."

The avowed purpose of "America Illustrated" is to "promote better understanding of the United States in the Soviet Union. To tell the story of America today; What American people are doing and saying, how they live, work and play."

About half of each month's 60 pages of pictures and text consists of articles reprinted from leading U. S. Magazines. The remainder is produced by the USIA staff. The article on Negroes was \$1.25 at the official rate of exchange.

paper criticism of his impending visit to Moscow to talk over East-West affairs with Soviet Premier Khrushchev: "I am always being criticized. I am used to criticism. I should feel unhappy and think there was something wrong if I were not being attacked in some way."

**WORLD'S BIGGEST PROBLEM**  
JERUSALEM, Israel (UPI)—The gulf between living standards in the United States and Britain and those in Asia and Africa "is the most serious problem facing the world," Israeli Premier David Ben-Gurion said Sunday night. He said East-West tension was "only a passing phase."

**AWARDS MISSILE CONTRACT**  
HUNTSVILLE, Ala. (UPI)—Western Electric Co. has been awarded a \$9,950,000 contract for production, planning of the Nike-Zeus anti-missile system, it was announced Sunday by the Army Rocket and Guided Missile Agency at Redstone Arsenal.

**What's OLDS got that makes it sell so well?**

Here are the reasons why!

- **DEMONSTRATED ENGINEERING LEADERSHIP!** Wherever you look on a '59 Olds, you see the result of advanced planning and thinking... the latest in mechanical features and applications. If it really makes for better driving, you'll find it first on an Oldsmobile!
- **PROVEN REPUTATION FOR QUALITY!** Olds owners know from personal experience that their Oldsmobile will deliver long-lasting pleasure and performance because it's built right... right from the start!
- **DISTINCTIVE OLDSMOBILE STYLING!** There's no other car on the road that has the rich smartness, the unique two-toning, the crisp beauty of line that sets Olds apart from the ordinary wherever it's seen!
- **COSTS LESS THAN MANY GUESSES!** An Oldsmobile does look expensive. In fact, many guess an Oldsmobile costs much more than it actually does... but you'll find there's a Rocket to fit 'most every pocket!
- **ROCKET ENGINE PERFORMANCE!** The favorite feature of Olds owners is the lively, spirited action they get from the remarkable Rocket Engine... it's so quiet, responsive, reliable!
- **ECONOMICAL OPERATION AND MAINTENANCE!** Because it's a quality-built car to begin with, owners report that their Oldsmobiles cost less to operate in the long run than other cars in its price class! And there's excellent fuel economy, too!
- **TRADITIONALLY HIGH RESALE VALUE!** Official used car figures show that Olds value holds... brings a higher percentage of its original cost at trade-in time... gives more for your money while you own it!

## Miss Bader On Good Terms With Thousands Of Pets

By GAY PAULEY  
UPI Women's Editor

NEW YORK (UPI) — Dorothy L. Bader doesn't bat a deftly-masqueraded eyelash when people call her "the bird woman."

Her job is with pets — thousands of them from parakeets to a wolf-whistling mynah named "Charlie" — and she loves it. "You ought to do a story on this woman," said our office receptionist, Frances Mullane, back from a lunch hour of shopping. "I was in Macy's and here was the manager of its pet shop looking more like a model than anything else."

So, a trip to the fourth floor of the store, which claims it has the largest pet department in the country.

**Expert With Pets**  
Miss Bader proved to look as Francis said — very tall, very blonde, very blue-eyed, very pretty. Also, very expert with pets. "Like to see a canary take a nap?" she asked. With that, a gentle hand reached into a cage full of our fine feathered friends, pulled out a surprised canary. Within seconds, the tiny bit of yellow fluff was lying flat on its back in her open palm, its legs stuck skyward, and settled down for a snooze. "All in knowing how to handle birds," she smiled. "The art comes with time, patience and fortitude."

**Charlie Not At Home**  
"I would like you to meet Charlie, but he's out today, on loan for an exhibit. Charlie is my own mynah, but I leave him here at the shop most of the time. "He has a vocabulary of 75 phrases, including 'Where's everybody going?', 'What's the matter?' and 'Hello, baby.' When he lets go with his wolf whistle, you can hear him practically to

Gimbel's."

At one time, she said, Macy's had a rather pompous minor executive who often visited the pet center. He apparently got on Charlie's nerves, but Charlie kept his peace until one day he loosened up enough to yell, "Aw,

and other assorted pets. She lives in a four-room apartment, tenanted also by five canaries and six parakeets. "I guess I just like birds," said Miss Bader, as he pointed to some of the varieties which make good household pets. "Pets fill many lonely hours for people," she said. "I get letters from all over. One invalid lady in a nearby town calls me regularly each week to report on her canary."

**Had To Quit College**  
Family circumstances caused her to quit college and go to work as a bird specialist with the Hartz Mountain Seed Co. Ten years ago, she joined Macy's, and for three years has managed the department, buying birds, tropical fish and accessories for dogs, cats

Petersburg, Texas, Man Reports—

## Top Yields of Cash and Silage Crops, Using Ammonia

Art Hegi, successful Hale County farmer, says: "I use Phillips 66 Ammonia pre-plant on all my crops. My yields per acre since starting to use ammonia are: cotton, 2 bales; grain sorghum, 4500 pounds; castor beans, 1900 pounds; Sargo silage, 20 tons. "My practice has been to apply Phillips 66 Ammonia in the following amounts: cotton, 45 pounds per acre; sorghum, castor beans and sorghum silage, 100 pounds. My yield increases have given me considerably higher profits per acre."

Other successful Southwestern farmers have discovered that they make more profit per acre, using Phillips 66 Ammonia. They get more cotton that classes higher at the gin... yields of sorghum grain and ensilage are increased... profits on wheat and small grains are increased through higher grain yields and improved forage... more marketable vegetables are harvested. Phillips 66 Ammonia can be easily applied either by you or your distributor. See us today about Phillips 66 Agricultural Ammonia... it gives you more nitrogen per dollar than any other form of fertilizer—a full 82%.

Order Your Supply of Phillips 66 Agricultural Ammonia Today!

## Second Crosby Child Expected In Late Fall

ISHPEMING, Mich. (UPI) — Kathy Grant and Bing Crosby are expecting their second child, it was confirmed here today.

The baby is expected in the late fall, according to Otto Preminger, director of "Anatomy of a Murder," in which Miss Grant has a lead role.

Preminger said Miss Grant told him she was pregnant two days ago when she arrived in Ishpeeming, where the movie is being filmed.

The couple's first child, Harry Lillis Jr., was born five months ago. The crooner has four other sons by his late first wife, Dixie Lee.

Kathy's part in the movie will be completed in five or six weeks, Jim Merrick, spokesman for the company, said.

GOOD LIVING... YOUR TELEPHONE BY YOUR SIDE

## SMART NEW KITCHEN... SMART NEW TELEPHONE

A new kitchen just isn't complete until you get a smart new extension phone to go with it.

See for yourself how a kitchen phone adds so much to the fun of good living, helps you get more things done. Shop by phone while fixing dinner, or enjoy a "telephone break" while keeping your eyes on the youngsters at snack-time.

Color phones come with spring cord that easily stretches out and neatly retracts, and a bell you adjust for softer or louder ringing.

Extension phones cost \$1.25 a month plus installation. For color there's a one-time \$10 charge. To order, call the telephone business office, or ask any telephone service man.

**NEW WALL PHONES** are real space savers. Perfect for kitchen, utility areas. Now eight lovely colors.

**NIGHT-LIGHT PHONE**, with an electrically illuminated dial, is ideal for bedrooms. Nine colors.

**TABLE MODEL COLOR PHONES** have adjustable bell for softer or louder ringing; modern spring cord; extension cutoff (optional) for privacy. Nine colors.

**SOUTHWESTERN BELL TELEPHONE COMPANY**  
Call by number... it's twice as fast

**COLORS AVAILABLE**  
WHITE • MOSS GREEN • PASTEL YELLOW  
CHERRY RED • ROSE PINK • LIGHT GRAY  
BLUE • IVORY • LIGHT BEIGE

## MORE & MORE THEY'RE TRYING... AND BUYING

THE **LARK** BY STUDEBAKER

➤ People are going for The Lark in a big way (fastest rising sales curve in the industry). If you are a new Lark owner, thanks. If not, isn't it time you discovered The Lark for yourself? Come in today. ➤ Here is a car that's three feet shorter than conventional models. It costs less to buy... less to operate. And your insurance and maintenance bills are low, low. The Lark is styled so tastefully, it's approved by Harper's Bazaar. ➤ Come in and drive this popular beauty today... it's a honey!

4-Door and 2-Door Sedan, Station Wagon, Hardtop. Choice of "6" or "V-8."

Glorious new spring colors, in long-life lustre, Sapphire-Enamel that needs no waxing.

All the most wanted options, including automatic transmission and reclining seats.

A 'New' Tyranny

A tyrant, as most of us know, is a ruler who is unrestrained in his actions. Tyranny is that type of rule which is arbitrary and unbridled. The person who practices tyranny is universally abhorred.

Why is it that we do not admire the tyrant? Is he not a person of strong conviction, capable of accomplishment, of unwavering purpose? Are not these characteristics admirable? The unwelcome nature of tyranny is only apparent at that point where some man or some group of men exercise strong conviction, have a governing purpose and accomplish much with other men's property.

Threat To Advertising

On March 25th, Ross Roy, president of the Greater Detroit Chamber of Commerce and, in addition, president of a national advertising company which bears his name, spoke to the advertising club of Los Angeles.

He quotes from an acquaintance who has recently visited Russia, "There is no advertising at all except for posters which display messages as exhorting workers to produce more. This lack of advertising contributes to the extreme dreariness of the country."

The Pampa Daily News YOUR FREEDOM NEWSPAPER

We believe that freedom is a gift from God and not a political grant from government. Freedom is not license. It must be consistent with the truths expressed in such great moral guides as the Golden Rule, The Ten Commandments and the Declaration of Independence.

BETTER JOBS

By R. C. HOLLES Union Member For 15 Years. Answers 50-Year Employer's Questions On Economic And Moral Subjects.

Editor's note: This is another of the series from the transcript of questions and answers on economic and moral issues between Frank Buck for many years a member of the Carpenters Union, and R. C. Holles, president of Freedom Newspapers.

Holles: The employer is an agent for his customers, trying to give as much as he can for his money, trying to satisfy a want with the least energy for his customers. Why should he pay one man more than his customers are willing to do the same job for, and then either keep the price of his product up or reduce his ability to grow?

Holles: Well, now, I want to know what your question is. Can I answer your question with yes or no? Holles: I don't see how you can answer yes or no when I'm asking what right any employer has to pay any worker, that he hasn't contracted for or when his contract runs out, more than one of his customers will do the same job for, and then either reduce his ability to grow, or raise the price of his product to all of his customers.

Holles: Well, your question is based on the work that one man will do a job for and what the product that man will produce and all. If you're figuring over an over-all picture the negotiations that have been gone into and if I don't see how that you can... What you're attempting to do, your whole theory is attempting to destroy the whole, disrupt the whole theory of collective bargaining.

Holles: Would it be aggressive force if the employers all got together and say that wages, we'll throw the employer out. Wouldn't that be aggressive force? Holles: No, it's not aggressive force. Holles: Is not striking aggressive force? Holles: I disagree with you. I don't believe striking is aggressive force.

Holles: Would it be aggressive force if the employers all got together and say that wages, we'll throw the employer out. Wouldn't that be aggressive force? Holles: No, it's not aggressive force. Holles: Is not striking aggressive force? Holles: I disagree with you. I don't believe striking is aggressive force.

Holles: Then by the above, are you not saying in effect that we're not going to stop murder because we're going to always have murders, therefore I've got a right to murder? Holles: Well, let's just not stop one portion of the economy from... Holles: We've got the laws to stop the employer from doing what would put the employer in jail if he did the same thing that the unions do.

Signs Are Trying To Tell Us Something

Robert Allen Reports:

Fueling Atlas Takes Too Many Hours, Maybe!

WASHINGTON — Two major problems still seriously impair the effectiveness of ATLAS, this country's first intercontinental ballistic missile that is slated to become operational in June at Vandenberg Air Base, Calif.

Because this ICBM, armed with a nuclear warhead and having a range of upwards of 5,000 miles, is powered by liquid fuel, it requires a minimum of six to seven hours to be fired.

As against this "long count-down," Strategic Air Command bombs, in several hours, can reach targets deep inside Russia.

At best, ATLAS reliability is still only "about 60 percent," and the likelihood of the missile hitting a 30-mile-radius target at 5,000 miles is "approximately one in four."

In contrast to this high degree of uncertainty, SAC bombers can make pinpoint attacks on Soviet targets.

Both these ATLAS shortcomings will be largely overcome in a year. Firing time of this ICBM is to be slashed to several hours, and its reliability equally greatly improved.

These highly significant details regarding the ATLAS, on which hundreds of millions already have been spent, were disclosed to congressional leaders by the AIFC's two top officials — Secretary James Douglas and General Thomas White, Chief of Staff.

White revealed "this important background information to explain why, despite the huge spending on ballistic missiles, SAC is still this country's 'Main deterrent striking power, and will continue to be for several or more years."

Also why Defense Secretary McElroy is advocating a "balanced concept of defense" instead of speeding up the costly production of liquid fuel ICBMs.

Representative Robert Sikes (D-Fla.), a ranking member of the House Appropriations Committee, asked how many ATLASs are scheduled to become operational in June.

Looking Sideways

By WHITNEY BOLTON

NEW YORK. — CUFF NOTES: Science is doing an all-out job of exploring the human brain and locating areas of control in it. But will it ever explain to find the reason for a person waking up suddenly at 3 in the morning with a foreign word or phrase running through the mind like a squirrel in a cage? ... Happened to this reporter the other near-dawn ...

There were not two fingers, but more correctly, two fingers, that bring the number 1 type with. For newspapers are given every chance to participate in Weeks. Had a newspaperman enough strength ...

At 6 o'clock, being students at school that begins at 8 a.m. and being at an age when they cannot just run a comb through their hair but must "fix" it for at least an hour, your twin daughters come down, fix their breakfasts on a tray and join you in the library ...

The Doctor Says

By EDWIN P. JORDAN, M.D.

Buerger's disease is an inflammation of the lining of the blood vessels, particularly those in the legs and feet. It may lead in time to the complete blockage of blood flow through the involved blood vessels.

This disease is much more common in men than in women, but whether this is due to heavier smoking or to some other reason is unknown. Actually, the exact cause is not entirely clear, though it is known in some people.

It is known, however, that tobacco smoking, infection, ringworm, and a chemical poison known as ergot play a part in the origin of the disease, at least in some people.

In this connection it is interesting to note that chronic poisoning brought about through eating ergotized bread, particularly when it is rye bread, appears to bring on the disease in some people.

Not all victims of Buerger's disease can be treated alike. Absolute avoidance of tobacco, removal of any sources of infection and a good intake of fluids and salts are generally recommended.

In the more serious cases the use of drugs to prevent coagulation of the blood may be useful. Good results also have been reported with a machine applied to the leg which will vary the pressure on the blood vessels, something like the way a milking machine works.

Surgery may be necessary. When the blood supply has been stopped to a toe, for example, the tissues will die and the entire toe may have to be cut off. Raynaud's disease is a related blood disorder — with certain important differences. In this disorder the blood vessels affected go into spasms and contract, especially when exposed to cold. An emotional upset acts in a similar manner.

Hankering

By HENRY MCLEMORE

It's Nice Being Weak on 'Weeks'

My record of aloofness toward National Weeks is a proud one. Not since 1937, when I was an unhappy judge at the selection of a queen to reign over National Tire Chain Week, have I lifted so much as a finger to help make a Week a success.

Not that there haven't been opportunities to lift a finger, or, more correctly, two fingers, that bring the number 1 type with. For newspapers are given every chance to participate in Weeks. Had a newspaperman enough strength ...

I will parade with my baby every day of the Week. Megan and I will form at Oak and Main at 9:30 in the morning. From there the parade of Papa and Daughter will go north on Main to Clark, and continue down Cedar to the Methodist Church, where the parade will rest.

When she is placed in her high chair, the tray will be filled to the brim with custards, strained vegetables and meats and fruit juices. Megan then will be allowed to slap the mess to her heart's content. Nothing gives her more pleasure, and I am buying a 50 by 50 tarpaulin on which to place the high chair.

I have bought a dollar's worth of rocking purposes. I have bought a dollar's worth of lint, and will scatter it over the floors each morning, so that she can crawl to the lint, examine it, and poke it in her mouth. She ranks this lint-gathering as great fun.

I may be two weeks getting over the Week, but it will be worth it.

A million-dollar settlement is no doubt very nice. But Debbie Reynolds just wouldn't be human if she didn't get particular satisfaction out of the fact that all the critics are saying she never looked more lovely or desirable than she does in her latest picture, "The Mating Game," a laugh riot which she shares with Tony Randall.

# Montgomery's Plans Alarm British Press

LONDON (UPI)—The British Press reacted with undisguised alarm today to Field Marshal Viscount Montgomery's plans to talk over East-West affairs with Soviet Premier Nikita Khrushchev.

"Every time Monty blunders into politics he makes an ass of himself," the tabloid Daily Sketch said in a front page editorial.

"This time he can do untold damage to the West as well."

A huge headline advised: "Monty's Sketch says to an old and meddling soldier—fade away."

The Daily Herald screamed in huge headline type: "Come off it, Monty!" Its front page editorial warned that any "meddling" might do "terrible harm" to East-West relations.

Montgomery, 71, who has often been in hot water with the newspapers for his outspoken views, is retired from active army life and has no official government connection. His trip is planned for April 28.

The News Chronicle slapped a headline across the top of its front page today which said "Monty Shakes America," but the story didn't give the impression the United States would be shaken up.
