LOOK FOR MUCH DEVELOPMENT GOOD

Tests to be Started and Rumors of Things to Happen in the Way of New Development

It is quite an undercurrent of opinion regarding the outlook for oil development in this section although no one is able to exactly account for it. That the oil is in this section is roughly established by several test wells, but the plan to open a campaign to locate the big oil fields seems to have been made several months ago. J. L. Atwood Dead

J. L. Atwood, one of Big Spring's oldest and most highly esteemed citizens was claimed by death last Saturday, May 13th. He died at 6 o'clock last Saturday afternoon at Mineral Wells, Texas, where he was under medical treatment.

He had reached the ripe old age of eighty-five years, seven months and seven days and up until a short time before the thread of life was snapped he was as energetic and active as most men twenty years younger. An hour or so before his death, in conversation with friends, he stated he was feeling so well that he was almost persuaded to postpone a promised visit to the doctor's office. The exertion of climbing the stairway to the physician's office was probably responsible for bringing on the attack of apoplexy which culminated in his death.

Mr. Atwood was a veteran of the Civil War, having served with honor in the Confederate army thruout the war. For the past thirty two years he has made his home in this city where he was honored and esteemed by all who knew him. He engaged in business here for many years but for a number of years past he devoted his time mainly to looking after property interests and investments in this and other cities in West Texas.

M. Atwood was a true gentleman and good citizen in every sense of the word, and while he did not make friends as readily as some people, the friends he made were of the lasting kind, and they ever found him big hearted, kindly and courteous. He tried to live a good Christian life and was ready to meet his Master when the summons came.

The remains arrived from Mineral Wells Monday morning and funeral services were conducted at the family home, 401 Nolan street, at 2 o'clock Monday afternoon by Rev. J. W. Harrison and Rev. Ben Hardy. The remains were laid to rest in Mt. Olive cemetery beside his wife, who had preceded him to the Home on High.

He is survived by three daughters, Mrs. T. J. Dean of Cisco and Misses Amy and Ethel Atwood of Fort Worth, and to these and other relatives is extended deepest sympathy in this their hour of sorrow.

J. A. Scarlet Dead
J. A. Scarlet, a former resident of Big Spring, loved and esteemed by a wide circle of friends, was claimed by death last Saturday, May 13th. Mr. Scarlet died at Lamesa, Texas, where he had been making his home since the death of his wife here nearly two years ago. He had been ill a month or more as a result of an injury to his hip, which was broken in a fall here a few years ago.

Mr. Scarlet was past eighty-five years of age at the time of his death. He was born in North Carolina and served with the Confederate forces thruout the Civil War. He moved from Hill County to Borden County where he engaged in the cattle business until he moved to Big Spring to make his home.

He was a true Southern gentleman, with a heart as big as all out-of-doors and no one in need was ever turned away from his home empty handed. Of a kindly, happy disposition, he was loved by young and old and could count everyone who knew him as a friend. He truly followed the teachings of the Golden Rule in his dealings with his fellowman and he was ready and waiting when the Heavenly Father called him Home.

CHAUTAUQUA BEGINS MAY 27

Big Seven Day Program for This Year Promises Best Possible Entertainment

Everything is being arranged to make the Chautauqua which opens in Big Spring, Saturday May 27th for a seven days program the biggest and best we have yet enjoyed.

Here's a list of attractions the Redpath-Horner are sending us, and we have the satisfactory assurance that every number is a first class attraction. Among the lecturers who will address the Chautauqua audiences are: Ruth Bryan Owen, who is famous entirely in her own right and does not need to depend in any way upon the great reputation of her father, W. J. Bryan; Harry J. Loose, one of the real big detectives of the Chicago Police Department will discuss, "Crime, Its Cause and Prevention"; Frank P. Johnson will talk on Community Building; W. E. Wenner will discuss the Problems of the Public Schools and those who manage and control them; Prof. J. H. Dickason will talk on the subject of "The Youth of the Country"; Dr. Hagerman will discuss The Church and Its Application to Society. You can get the value of a season ticket to Chautauqua by hearing any one of these great lectures.

Two wonderful comedy dramas will be presented during Chautauqua week; both big successes from New York City—"Turn to the Right" and "Friendly Enemies." It would cost from two to two dollars and a half to see either of these plays in a large city.

Other features you will enjoy: The Highland Lassies—in their musical novelty numbers; Horner's own company of musicians; Laurant the Magician; Miss Jane Goude, the Girl from the Golden West, a comedienne of rare ability; Bernice Arthur, the Accordion "Queen" and other delightful attractions, each afternoon and night.

Children's work in the Chautauqua will be one of the big features and a beautiful Childrens Play will be presented by the little folks of Big Spring and Howard County.

Reserved seats for the Chautauqua will be put on sale at the Cunningham & Phillips drug store on the 25th day of May (Thursday morning) at ten o'clock. No seats will be reserved before that date or time. No one person can reserve seats for any other than their immediate family and every one must present a season ticket for each reserved seat.

Miss Minnie Bellah will be in charge of the reserve seat board. There will be enough seats reserved to take care of everybody desiring them. Twenty-four seats will be reserved and sold for one performance only for twenty five cents for each performance. The board will be at the entrance door before each performance and the rule of first come first served will be observed. Get your tickets early so you will have them in time to reserve your seats. Remember no seats will be reserved without presenting your season tickets.

Don't forget the time, place and date, Thursday morning May 25 at ten o'clock at Cunningham & Phillips. Season tickets for the Chautauqua are now on sale at the Cunningham & Phillips drug store with Miss Minnie Bellah in charge. The price of the tickets remains the same as those of last year but there is no war tax. Season tickets \$2.50; student tickets \$1.50; child's ticket \$1.00.

School Exercises at Coahoma

Last Friday was a big day at Coahoma, at which time the closing exercises for her schools were held. A large attendance was in evidence and a fine time was enjoyed by everyone.

County Judge James T. Brooks delivered an address at the school Friday morning and Dr. Clingan of Abilene who came in place of Dr. J. P. Sewell of the Christian College, spoke in the afternoon and the large and appreciative audiences thoroughly enjoyed these addresses.

A big feast was spread on tables in the school yard at the noon hour and there was enough and to spare. The good ladies of the Coahoma section are the best cooks in the world according to the visitors who enjoyed this "feast."

A baseball game between the Coahoma and Big Spring teams was a big drawing card during the afternoon; the Big Spring team winning.

A fine program was rendered Friday evening consisting of readings, singing, drills, etc., presentation of medals and etc. The following composed the graduating class: Miss Jessie Westfall, Schley Riley, Elmo Birkhead and Sam Buchanan.

Tillman Schultz, aged about eleven years, was winner for having made the best grade and best attendance record of the year, and was awarded a cash prize of \$3.00. This represented the money received at the auction sale of a pig. This pig had been donated to the school by W. G. Taylor and was fed scraps left from lunches carried by the children. The porker weighed about 160 pounds and was purchased by J. B. Wheat.

On Saturday night the members of the Senior class gave a four act play which was thoroughly enjoyed by the large crowd present.

Bain-Ward
At Baptist parsonage at 7:30 o'clock Monday evening May 15th, Rev. C. P. Bass performed the ceremony which united in marriage Miss Emma Ward of this city and A. W. Bain of Dallas. The ceremony was witnessed by Mr. and Mrs. J. L. Ward, parents of the bride. Shortly after the ceremony the happy couple left on the evening passenger train for Dallas. The bride is a real Big Spring girl, having been born in this city, and here were spent the days from girlhood until she budded into noble womanhood; except the few years spent in California and attending the S. M. University at Dallas. She is a charming and cultured young lady, known and much beloved by old and young for she was a favorite with every one who knew her.

The groom is a West Texas boy and commands the respect of all those with whom he comes in contact. At present he holds a position as assistant manager of the Southern School Book Depository at Dallas, having worked his way to this responsible position since entering the employ of the company four years ago, at the age of nineteen years. He has been offered a position as manager at Atlanta, Ga., and may accept.

Reelection of Teachers
The following teachers asked for reelection to positions in the Big Spring faculty and were reelected:
Mrs. Della K. Agnell, Miss Margaret Compton, Mrs. W. F. Fahrenkamp, Miss Theda Mott, Miss Masy Nicholson, Miss Clara Pool, Miss Guel Pool, Miss Lena Price, Miss Jewel Thompson, Miss Bettie Travis, Miss Anne Wolfe, Mr. J. C. Yates. The election of new teachers was deferred to call meeting.

Arrest Aliens
M. H. Jones, U. S. Immigrant Inspector stationed in this city, on last Monday arrested three aliens who were unlawfully in this country. Two of the men from Poland, named Yudel Seligshon and Gerson Shitausky had previously been deported to Mexico, and Herschel Rosenthal, a Lithuanian, was making his first attempt to unlawfully enter the United States.

After crossing the border near El Paso these men had hired an automobile to transport them across the state so they could reach their friends in distant parts of the U. S.
These aliens are held in jail here pending instructions for deporting them.

It Pays to Buy a Season Ticket
If you contemplate attending as many as four entertainments during Chautauqua—which begins Saturday, May 27th—it will be economy to purchase a season ticket. If you pay single admissions it will cost you \$1.75 to see the two plays "Turn to the Right" and "Friendly Enemies" and then 70 cents to \$1.00 for any two entertainments and \$2.45 to \$2.75 is spent; whereas a season ticket entitles you to attend the fourteen big entertainments—or about eighteen cents for each entertainment. Think it over.

Miss Lillian Ellis left Wednesday night for Kansas City and Chicago. From where she will visit in Canada. On her return she will visit in St. Louis and Fort Worth.
It was a fine bunch of young fellows that went to church last Sunday morning—they were prospective members of the DeMolay club of our city.

May Day at Central School

Last Friday morning the school bus at Central presented a glorious vision of color and youth and joy. Five hundred pupils in costumes of diverse hue marched in perfect time to the martial strains of music played by Mrs. Morris, preceding the arrival of the Queen, Elizabeth of the house of Northampton. This dainty maiden, in white tulle over white satin, beaded in silver, looked almost a fairy queen, as with slow, stately and most graceful steps she advanced to the royal throne her veil carried by two charming small courtiers, Elzie Winslow and Don Billy Ford. The crown, on white satin pillow was borne by Lula Hatch Ashley.

The King, Raymond of the house of Bass, was attired in robe of royal purple and carried a golden scepter. The canopy bearers, Jack Hodges, Belden Cole, David Bhotan and Maxwell Stone were also gorgeously arrayed. Nor was wanting the Jester, Sam Fields, in cap and bells, to complete the court scene.

To Frank Blalack, a realistic Uncle Sam in every detail, fell the honor of crowning the Queen. And the song, "God Save Our Queen" was splendidly rendered by the entire school.

Followed the other features of this most joyous occasion. Physical culture exercise under the direction of Miss Nicholson, so full of rhythm and symmetry, showing excellent training, as did also the physical exercise of the boys under Mr. Gibbs. These two teachers deserve highest praise for their drill is one that will prove of greatest value in the physical life of these boys and girls.

"The Virginia Reel," given by 24 little primary pupils in colonial costume, probably made the hit of the hour. It is impossible to say which were the most attractive the girls in flowered hats and gowns, or the boys in their quaint suits and cocked hats. Both were at their best.

The solo dance given by Geraldine Davis was beautiful. Like some daintily poised bird she seemed, in her graceful happy steps that were music and beauty combined.

The May pole exercise under the direction of Mrs. Agnell was also very good, as was the Ribbon Dances under the direction of Misses Nicholson and Travis, and the delightful colonial minuet under Miss Latham.

The Sunflower drill and the Scottish reel showed conclusively that boys can do as well as girls, and much credit is due their directors, Misses Palmer, Tackitt, Travis and Nicholson.

The May pole dance under the direction of Miss Latham brought to a fitting close one of the happiest May Fetes ever held in our town.
Mrs. R. H. Mann Dead
It was with deepest sorrow that the many friends in this city received the announcement of Mrs. R. H. Mann, who passed away at the family residence in the north part of this city at 2:15 o'clock Saturday morning, May 13th. Death was due to ptomaine poison and followed an illness of two weeks or more.
Mrs. Mann who was aged seventy years, one month and eight days, had made her home here for more than twenty-five years and was held in highest esteem. She was a good Christian woman, one who believed in carrying out the teachings of the Golden Rule and many lives have been brightened and benefited by her kindly deeds and helpful words of counsel. It was her first thought to visit the sick and aid those in distress and many there are who mourn her death.
She is survived by her husband, three sons and six daughters: Clay Mann of this city, Walter and Robert Mann of Portland, Oregon; Mrs. W. C. Bird and Mrs. Zack Mullins of this city; Mrs. C. H. Chamberlain of Okla.; Mrs. J. A. Costlow of Marshall; Mrs. Ben Garner of Dallas; Mrs. V. P. McKenna of Portland, Oregon, all of whom were here except Robert Mann and Mrs. Chamberlain. To these who mourn for a devoted wife and mother is extended the heartfelt sympathy of our entire citizenship.
Funeral services were conducted at the Methodist Church at 2:30 o'clock Sunday afternoon and a large concourse of friends accompanied the remains to their last resting place in Mt. Olive cemetery.
To Take Shrine Degree
Here's a bunch of victims who are going all the way to Fort Worth to warm their feet. F. W. Battle, H. L. Bunn, Tobe Paylor, I. N. Fatheree.
Don't you feel sorry for them? Have they any friends? Well, Dad Clarke, R. L. Price and other Big Spring Shriners will try to make the sand warm enough for them.

Methodist Notes

A very good attendance marked our Sunday school's record on Mother's Day. We are glad to note that the new Bible class for men almost doubled its membership. This class meets at the parsonage, and only joins the assembly for the closing period. Five little ones were baptised last Sunday just before the preaching service. Quite a few more are to be baptised this Sunday. Owing to the Commencement exercises to be held at eleven o'clock, we shall vary our schedule to run as follows:

9:45 to 9:58 Opening service.
9:59 to 10:20 Lesson period.
10:20 to 10:35 Baptismal service.

Adjournment to Baptist Church for Commencement sermon by Bro. Hardy. Last Sunday morning, after a brief program of songs and readings in honor of Mother's Day, Bro. Hardy gave a short and appropriate address on filial love and obligation. At this hour we were honored by having as guests the newly organized Masonic order of De Molays, some 60 or 75 young men, future Masons in embryo. We were glad to have this splendid group of young men visit us and cordially invite them to come again whenever possible.

At 3:30 the Parent-Teachers Ass'n. held its first meeting, this being the parents and teachers of our Sunday school in a get-together session for mutual help and cooperation. Informal discussion on many items for the benefit of the pupils both at home and at Sunday school resulted in decision to hold at least quarterly meetings of same kind. Our next meeting will be held on the Hardy lawn, the second Monday night in June.

At the church Monday afternoon our social service session was changed into a memorial service for Mrs. Frank Sholte, one of our best-loved and most faithful members. At this time also we had two letters concerning the box of supplies sent out last week, expressing the appreciation of those who received our gift. It was also voted at this time that the Auxiliary furnish a banquet for the League, to be given in

honor of our graduates, fourteen of these being in the senior class. Salads, cakes, olives and sherbet were donated in quick succession for the banquet, which will be held at the Y. M. C. A. on Thursday night. On Monday at 3 o'clock our circle will meet at the "Y" in social session. All Methodist women are expected to be on hand. If not a member, line up this week. You are missing something.

School Children Weight Gaining Contest

The table below shows the percentage of boys and girls gaining in weight during the last two months. These percentages are reasonably accurate, being based on weights on the same scales and weighed by the same person. The only noticeable feature is the downward tendency of the girls in Central from the first grade through the fifth grade. Note what splendid gains the pupils at South Ward show.

During another year we hope to stimulate a pleasant rivalry between our boys and girls, and between the different grades and schools both in and out of Big Spring.

North Ward—1st grade, boys 79 per cent; girls 87 per cent; 2nd grade, boys 73; girls 62; 3rd grade, boys 100; girls 67; 4th grade boys 60; girls 82. Boys total average 76; girls 75 per cent.

South Ward—1st grade 75; girls 79; 2nd grade, boys 100; girls 100; 3rd grade, boys 100; girls 100; 4th grade, boys 73; girls 100. Total average boys 87; girls 94.

Central—1st grade, boys 86, girls 6; 2nd grade, boys 92, girls 79; 3rd grade, boys 88, girls 65; 4th grade, boys 88, girls 52; 5th grade, boys 19, girls 36; total, boys 74; girls 64 per cent.

Electric light wires coming in contact with the awning braces in front of the store of J. & W. Fisher caused flashes of fire to be shot upward about 1:30 a. m. Sunday morning and was responsible for the fire alarm being sounded.

Mrs. Bete Warren returned Sunday from a visit with relatives in Fort Worth.

A Lesson

An hysterical, vain and silly girl in Maine made absurd charges against a minister, known far and wide for his services to the community and his good works. The girl was believed, the minister ostracised by the community to such an extent that he shot and killed himself. The girl then confessed her accusation was baseless and the man innocent, whereupon the community—it must be a nice place to live—condemns the girl!

If the community would condemn itself for intolerance, scandal-mongering and total failure of loyalty, it would be more to the point. Strange that a minister of the gospel, with his years of experience, could not realize that those who condemned him without evidence were out of their own mouths condemned; that when people believe evil without proof, it is because, under similar circumstances, they would themselves have been evil!

Forget It.

(By J. M. Cavanaugh)

If a friend has been disloyal to you in your hour of need, then it is you should be royal, in your character and deed—Just forget it.

If you have been made a fool of by some wily-maid, or been tricked, as a tool of some insidious renegade—Just forget it.

If a neighbor has been cruel, casting slander on your name. Hold your peace, and add no fuel—Just forget it.

CHAUTAUQUA RESERVED SEATS

Reserved seats for Chautauqua will be put on sale at Cunningham & Phillips drug store on the 25th day of May, (Thursday morning) at 10 o'clock. No seats will be reserved before that date or time. No one person can reserve seats for any one other than their immediate family, and everyone must present a season ticket for each seat reserved.—Advertisement-11.

Mrs. A. M. Ripps and son returned Sunday from a visit in Fort Worth and Dallas.

It appears as though it is going to be a question as to whether or not planting seed is going to hold out. Farmers say that about the time they have finished planting along comes another flood and all planting is to be done over again. They say they are not going to kick as long as they have seed enough to replant their fields.

Texas Is Able

There is no criticism of the spirit which prompted Governor Neff to appeal to Washington for emergency aid for the flood-stricken farmers of Texas. The emergency undoubtedly exists and the need is not overstressed. But it is unfortunate that the implication is possible as a result of the appeal that Texas is not able or willing to take care of its own. It is certain that Texas is amply able to provide the \$350,000 which is needed to buy seed for replanting of the water-swept fields of the flood areas. Those who have known Texas long enough to believe in it also believe that Texas could and would provide ample relief for those in need of it within the borders of Texas, if the opportunity were presented for contribution to such a fund.

The practice of resorting to the Federal Government for aid of every kind is growing. Not all attendant circumstances of the practice are desirable. The State Government tends more and more to lean on Washington for those things which can be and ought to be done by the State itself. To the Federal Government fall certain enterprises and the supervision of other enterprises as a consequence of the very nature of the business involved. But where local responsibility is practical it should be met squarely.

Of course it should also be considered in this case, as having a bearing upon the Governor's action that there is a bill pending for the relief of flooded territory in the several States of the Union, and that Mr. Neff was but presenting the claims of this State under a policy which, it seems, is about to be adopted by the Federal Government. But, after giving due weight to all these considerations, it is still true that the centralization of responsibilities at Washington carries to Washington a centralization of powers also, and that at the expense of the powers of the several States. State rights are not being devoured by a rapacious and ravaging central government. They are being surrendered, abandoned and ever dumped upon Washington. They are usually put off by the State through the putting off of a State duty. That can happen in the case of a flood relief situation as easily as in any other sort of situation. Texas is able still to care for her own. Texas ought to do it, and Texas, in The News' opinion, would do it, if called on.—Dallas News.

Honey Philosophy for 1922

How we would value a friend who was all goodness, all self sacrifice, all kindness, all forgiveness, always ready to help us and powerful enough to do it—the chap who stands by in the storm and who never deserts. If we threw down a pal of this kind I suppose we'd be thought crazy, and yet—we go to church on Sunday, pretend to believe all these things about man's tasting friend, the Great Creator, we put a quarter in the plate and then say "see you next week."

Clyde Costlow arrived the latter part of last week from Lordsburg, N. M.

The People That Want Your Business

Good Advice

A portly woman had, by mistake, taken a seat in a railway coach reserved for smokers. With unconcealed indignation she saw the man next to her fill his pipe. "Str," she said in frigid tones, "smoking always makes me ill." The man calmly lit his pipe and puffed contentedly, and at the same time replied: "Does it, ma'am? Well, take my advice and give it up."—Chicago Herald and Examiner.

Obeying Instructions

A terrible noise was coming from the dining room, and the fond mother, alarmed, rushed in. On the floor her son, aged ten, was going through all manner of contortions—somersaults, both backwards and forwards. "Willie! Willie!" cried his mother. "What are you doing? You'll—" For a moment Willie paused in his gymnastics. "Oh, it's all right, mother," he gasped. "You see, I forgot to shake my medicine before taking it—like you always told me to do. So I thought I'd shake myself up, as the medicine was inside me."

May Day Festival

One of the biggest entertainments ever given in Big Spring was in order last Friday when the public schools of our city gave one of the most elaborate programs ever attempted—and a program that was indeed a credit to our schools. Those who witnessed the programs at the various school buildings in the morning and then attended the big union gathering at the High School Campus from 5 to 7 o'clock Friday afternoon were loud in their praise of all taking part and for the teachers who worked so faithfully to make the occasion a real success. Everyone was so well pleased that it was unanimously voted that the May Day Fete be made a regular event.

The programs given in the morning at Central, North Ward and South Ward Schools were given in conjunction with the High School program and an audience of from 1500 to 2000 of our folks tried to enjoy the continuous program each of the four schools were carrying out at the same time; and which included the following:

High School—The Letter Drill; Swedish Gymnastics by Grammar grades; May pole dance, High School; May pole dance, grammar grades.

Drills and pageant by pupils of South Ward—The pageant march; Hopp Morr Amika; The Foresters dance; The Highland Fling; Physical Education drill; The Queen's dance; May pole dance.

Program of North Ward pupils—Physical exercises, 1st and 2nd grades; French Recel, 3rd and 4th grades; Shoemakers Dance, 1st and 2nd grades; Physical exercises, 3rd and 4th grades; Dance of greeting (Danish), 1st and 2nd grades; Clap Dance (Swedish), 3rd and 4th grades; May pole dance, selected.

The program for Central was as given in the morning.

Preceding this big program a baseball game between two well matched teams of High School boys proved an entertaining feature; while a game between two teams of girls proved quite interesting.

Ben Miller Victim of Accident

Ben Miller had a narrow escape from most serious injury while doing some emergency work on the furnace at the boiler room of the Southern Ice and Utilities Co. plant last Sunday. A heavy fly wheel which some men were moving, got away from them and when it fell it struck a scantling twenty feet long causing an end of same to fly up with considerable force. The scantling struck Mr. Miller in the face as it went upward and on the head as it came down, causing painful injuries. He is now getting along O. K. and will be able to return to work soon.

Heavy Rain at Coahoma

J. M. Cramer returned Monday from his home north of Coahoma. He reports a big rain in the Coahoma section Sunday night. During a thirty minute period, a three inch rain rainfall was recorded. Mr. Cramer said that was one time he saw it rain faster than the water could run off and it appeared as if all the country was under water. Had the rain continued much longer the town of Coahoma would have had another flood, and as it was the flood waters were almost sufficient to enter a few buildings. Tracks just east of Coahoma, temporarily repaired after the other flood were washed out and trains were held up for eight hours while repairs were being completed.

The fields in Mr. Cramer's vicinity were washed badly and all crops will have to be replanted.

State Highway Engineers Coming

Captain J. D. Fauntleroy, State Highway engineer, and A. R. Losh, district engineer, are due in Big Spring on a trip of inspection at noon, Saturday, May 27th. They wish to discuss road matters with the business men and a luncheon will be served at the office of the Chamber of Commerce at the noon hour so these gentlemen may have an opportunity to discuss these matters. Every business man, county and city officials and others interested in good roads will be expected to purchase tickets to this luncheon.

Condition of Banks

The reports of the three banks in Big Spring as made on May 5th shows a fine condition. Chamber of Commerce Meeting

The regular monthly meeting of the officers, directors and committeemen of the Chamber of Commerce was held at the C. of C. office at 6:30 o'clock Thursday evening—a good attendance and an interesting session resulting.

After enjoying a luncheon of sandwiches, cake and coffee; president W. W. Rix called the meeting to order.

After stating that the meeting would be just what we made it, as would also be the Chamber of Commerce, he suggested that the members of the various committees hold meetings occasionally so they may be prepared to make a report at these monthly meetings.

When reports were called for: Fred Keating, chairman of the agricultural committee, stated that at a recent meeting of his committee a movement was started to prepare and save purer seed for planting and also a plan discussed to try to persuade our cotton growers to limit the cotton planted in our county to one or two varieties so these could be improved and standardized and a better price secured. President Rix urged that the committee work on the plan to have the government authorize a feeding station in connection with the U. S. Experiment farm here.

W. G. Hayden for the Advertising Committee reported that 5,000 circular letters—boosting Howard County—had recently been printed and were being distributed. The president stated that everyone interested in our county should assist in sending out these excellent advertisements for Howard County.

J. M. Manuel, secretary of the Y. M. C. A., praised the many worthy activities the Chamber of Commerce was sponsoring but suggested they might be overlooking the city and county's biggest asset—our boys and girls. He urged community play grounds and gatherings. He gave good reasons why we should boost our churches, our schools, our Y. M. C. A., for it is these institutions that make the town a good place to raise boys and girls. He urged the cooperation of the C. of C. in building a swimming pool at the Y. M. C. A. Wm. Fisher commended Mr. Manuel for his fine talk and promised his hearty support to the plan for building the swimming pool.

Carroll Barnett made an exceptionally fine talk in which he pointed out how the schools and the Chamber of Commerce could work to their mutual advantage. He pointed out that the schools were a Chamber of Commerce factory as the boys who are being turned out now are the ones who will be in charge of the Chamber of Commerce in a few years. He urged the men to give more attention to school affairs as it is more important that our boys and girls are properly educated than that we pile up a few dollars.

H. L. Rix outlined Community Centers as they are formed in Michigan and told of the great success they are proving to be. An organization in every community and then a big central organization to meet in the county seat at which time the delegates from the various committees work together for the betterment of all. He said that while the Big Spring C. of C. was trying to accomplish what the Community Centers do accomplish we did not seem to be able to secure the necessary cooperation, but suggested that some plan might be worked out.

W. W. Rix made an announcement in connection with the opening of Chautauqua May 27th and urged that we all lend a hand and make it a success. He suggested that since every business man would be privileged to give free tickets of admission to everyone living outside of Big Spring on the first afternoon of Chautauqua, Saturday May 27, that they invite everyone in the county to come in on that day. They could be requested to bring their lunch and make it a regular picnic occasion, as a place will be arranged either at Chautauqua tent or the Courthouse lawn. The advertising committee was authorized to make all necessary plans to let the folks know that we wanted them as our guests on that occasion.

The swimming pool proposition was discussed by Messrs. Manuel, Currie, Fisher, Barnett, Dolson, Piner, B. Fisher, R. N. Baker and others. On motion a committee was appointed to get busy and see if they couldn't put the proposition over for a pool at the "Y" at once. The following were appointed: J. M. Manuel, Wm. Fisher, T. S. Currie, R. T. Piner, R. L. Price.

A motion prevailed that the Chamber of Commerce approve the observance of Flag Day by the B. P. O. The Chamber of Commerce unanimously approved the motion to accord the American Legion their hearty support and cooperation in their plan for a big Rodeo and Picnic on July 4th.

WOULD BE GOVERNOR OF SOUTH DAKOTA

American troops step lively on the long miles of German roads as they march on their way back to the land of liberty. Soon they will march with their folks who, maybe, won't be glad to see them.

Miss Alice Lorraine Daly, of the Non-Partisan League, is the woman's candidate for the governorship of North Dakota. Her platform—improved educational system, State owned banks, long farmer credits, stabilized prices for farm products, penitentiary clean-up, amnesty for political prisoners and no militarism.

Miss Nell Hatch made a rousing talk urging our folks to send a big delegation to the annual meeting of the West Texas Chamber of Commerce at Plainview, May 22 and 23. She pointed out that it did not speak well for Big Spring when towns much smaller were sending big delegations. She stated that every business house could well afford to send at least one representative.

Rev. J. Thos. Brown outlined the great work Rev. J. W. Harrison had done as the head of the United Charities in our city. The many calls, and at all hours of the day and night he has heeded the cry of affliction and no one could have administered this work so

efficiently or so unselfishly.

Rev. Harrison responding stated that he considered it a privilege to do this charity work and thanked the citizens for their cooperation along the line of charity work.

Sincere expressions of regret were expressed by president W. W. Rix upon the announcement that Rev. J. W. Harrison and Rev. J. Thos. Brown were soon to leave Big Spring to make their homes elsewhere. He stated they had always been dependable, earnest workers ready and willing to do more than their part whenever called upon and their departure is a distinct loss to our community.

Credits and Duns

Even the friendly monthly statement sent out by live, wide-awake, up-to-date business men is often the occasion of hard feelings, owing to a lack of understanding on the part of some receiving same. How often do you hear a customer say: "You sent me a dun," or "I don't want you to send me any duns." When the fact is, the labor and service rendered by any merchant in sending out monthly statements should be appreciated as a painstaking method of keeping his customers informed as to their standing and business connection with the store they trade with.—Brownwood Bulletin.

People who are sensitive over duns shouldn't buy on credit. The seller is as much entitled to ask for payment, when payment is due, as the buyer is to ask for credit, when the purchase is made. There is too much credit business in this country. It is too easy to say "Charge it."

Too many persons of small means are trying to live like persons of large means by owing the difference. Too many little businesses are trying to expand into big businesses by borrowing capital.

Too many small farmers, too many ranchmen, too many newspaper publishers are attempting to spread their operations over sufficient ground with the use of borrowed money to justify them in so-called "quantity" production.

There are too many people who want to be big people with borrowed capital representing the expansion. Quantity production will bankrupt any producer on a declining market if the decline lasts long enough to absorb the capital owed by him.—State Press in Dallas News.

Wool Sales \$100,000.00

The following Sterling wool growers, this week, contracted their season's clip of wool to F. E. Jones, of the firm of J. T. Meador Co. of Boston:

G. Williams & Son, J. T. Davis, Jerry Brown, J. S. Kennebrew, W. T. Conger & Son, G. W. Conger & Sons, F. J. Barrett, Lester, Roy, Rufus and Templeton Foster, Fred Hodges, W. J. Mann, B. A. Austin, M. J. Askey, Frank Bynum, and Glass Bros.

The sale was made by inspection of the wool on the sheep's back, as shearing has not yet begun. It is estimated that about 500,000 pounds has been sold at prices ranging from 30 to 36 cents per pound.—Sterling News-Record.

Laughter, like an air-cushion, eases you over the jolts and the hard places on life's highway. Laughter is always healthy. It tends to bring every abnormal condition back to the normal. It is a panacea for heartaches, for life's bruises. It is a life prolonger. People who keep themselves in physical and mental harmony through hearty laughter are likely to live longer than those who take life too seriously. Instead of nursing your troubles and making them bigger, laugh them out of existence.

George L. Tessey, a well known Buffalo mechanic, said he had gained twelve pounds; his wife had gained twenty-six pounds and his daughter was gaining every day, by taking Tan-lac. J. L. Ward Jewelry & Drug Company.—Advertisement.

Order of DeMolay for Boys

Those that desired to become members of this order attended divine service at the Methodist church Sunday morning. In the afternoon they held a preliminary meeting. Many Masons and ladies of the Eastern Star being present.

Brother F. W. Bettle gave us a very interesting talk on the DeMolay, the many advantages the boys would receive by becoming a member. Brother H. L. Bunn made a good talk, telling of his desire to become a Mason, and the lessons that he received since becoming a Mason. Mrs. J. R. Hughes told the boys many interesting things about Masonry. Mrs. G. W. Lees in her good motherly way talked to the boys. Brother John Clarke gave a brief history of the Order of DeMolay for boys, and of the life of Jaques DeMolay. In all it was a very interesting, successful meeting.

The next meeting will be called after the return of Brother Clarke from Dallas. Any boy that desires to become a member will call on Brother Shine Phillips. The teaching of boy's fraternity, love of parents, reverence, patriotism, purity, courtesy, comradeship, fidelity. Whether you be the father of an American boy, an American girl, or just a plain American citizen, you will be interested in assisting our boys in this remarkable organization.

HON. W. E. WINNER OF OHIO
"A Square Deal for Jack,"

MR. FRANK P. JOHNSON
at Chautauqua.
A Message for the Farmer.

By No Means a Lost Cause

When Mr. Wilson bared his breast to the opposition in the cause of the League of Nations he went down just as Winkleried is said to have done in defense of his beloved Switzerland. But Mr. Wilson's returning strength promises to enable him to see the reward of his sacrifices with his own eyes. Every indication is that the League of Nations is to be the supreme issue at the next presidential election. Already it is figuring largely in the senatorial contests. There is no avoiding it. There is no evading it. It is useless for party leaders to discuss whether they will "paramount" it. It will "paramount" itself.

That Mr. Wilson still has a lively contact with the situation is shown in recurring incidents such as that of his recent letter to John C. Hildon of Missouri. Mr. Hildon, being desirous of representing the great State of Missouri in the Senate, sought the advice of Mr. Wilson on the question of whether he should enter the Democratic primaries in contest with Breckenridge Long and Senator Reel. The upshot of the reply is that Mr. Hildon will not be a candidate, taking this alternative so as not "to complicate the contest in Missouri," as Mr. Wilson puts it.

Woodrow Wilson made the President that he made because he sensed so surely the sober judgment of the people and had the courage to stake his own political future upon the correctness of his own estimate of that judgment, regardless of what trimming and hedging advisers might have to say to him.

To the trimmers and hedgers it seemed that Woodrow Wilson staked one throw too many when he relied upon the people to back the League of Nations. But Mr. Wilson counts the passage of time as statesmen and historians count it—not as political job holders count it. And as the days go by it seems more and more inevitable that the economic and international tendencies which Mr. Wilson originally took into account will bring about the result which he originally forecast.

The greatest achievement of international relations since England took the mastery of the sea from Spain at the sinking of the Armada is not so small as to be balked by four years of delay. The more prolonged the obstinacy which invokes that delay, the more painfully obvious must the necessity for the League of Nations become. That is what Mr. Wilson saw long before his fellows, and that is what he has not lost sight of even in the midst of the doubtings of those who thought themselves to be his closest followers and allies. That explains his unruffled calmness in the midst of apparent disappointment. It was the calmness of confidence unshaken and unafraid.

Daughter of W. J. Bryan to Lecture in Big Spring

Redpath-Horner Chautauqua consider themselves very fortunate in having been able to make an exclusive Chautauqua contract with Ruth Bryan Owen. Mrs. Owen is famous entirely in her own right and does not need to depend in any way upon the great reputation of her father, W. J. Bryan.

She is one of the most eloquent women on the platform. By all odds, she is the most eloquent that the writer of this story has ever heard.

Her lecture, "Modern Arabian Nights" is as fascinating as those stories that have delighted us all our lives.

It is the resume of her experiences in the West Indies, in London, in Egypt, in Palestine, as well as a trip around the world. She has the humor, the ease, and the delightful narrative style of her father. She has a wonderful voice which she never finds occasion to force.

She has the mastery of a man with the grace and sweetness of the most feminine creature in the world. Ruth Bryan Owen's lecture will mark one of the high points of the 1922 program.

However, it must be supposed that the mission of Ruth Bryan Owen is simply to entertain or to delight her hearers with her most unique and interesting experiences.

Mrs. Owen has a decided mission. She has a lecture of tremendous force and of definite value. She makes one of the most sensible and logical arguments for world peace that has been presented on the Chautauqua platform.

There is need of interaction between the home and the schools. The teacher can influence the child only during a few hours of the day, whereas the home and parents influence the child all the time. One noted educator remarks: We get near to the problem of the child when we meet with the parent-teacher organization more than with any other organization. The schools need such help. Officers of the school system need the cooperation of the home in furthering education. Most difficulties arise when parents and teachers differ.

Baptist Notes

Mother's Day was most fittingly observed last Sunday at First Baptist Church. In his sermon Bro. Bass drew great and inspiring lessons from Mothers of the Bible. The life of Hannah, mother of Samuel; of Jobbed, mother of Moses; Rebekah, mother of Jacob, and Esau, the Shunamite, mother to preachers; Rachel, the dying mother, and Mary, the mother of Jesus, furnished examples of far reaching and effectual mother-love and influence. Then in a very feeling way the "Faithful and Loving Mothers of Today" were enlized.

In the song service, which was in charge of our efficient and loved Miss Ricker, songs our mothers used to sing were used. Both these and the beautiful solo by Mr. Aaron Johnson, caused a dimming of the eyes with tears as we thought of the tender love and care of mother who sang us to sleep with these songs of love and praise. 'Twas said that never had sermon nor songs been more appropriate and telling and many went away resolved to be more worthy of the love of Mother and of Mother's God.

On next Sunday at the eleven o'clock hour the baccalaureate sermon to the graduates of Big Spring High School will be preached at First Church by Rev. Ben Hardy of the Methodist Church. The programme for the service will be found in this issue of the Herald. The pastor and his people cordially invite every citizen of the place and all visitors in our midst to come and be in the service. This should be a great occasion in the lives of all these bright young graduates.

Let us have a large attendance at Sunday school next Sunday. Our superintendent, Prof. J. T. Reid, will be with us for the last time before leaving for his summer vacation. We have all highly prized Prof. Reid very highly, but his messings seem brightest as they take their flight and we can but hope that he will come back again and take his place in the S. S. and church work. Come and let's fill the house and assure him that in his absence we will carry on this wonderful work which is so dear to his heart.

The May Missionary meeting of the W. M. U. will be held next Monday, the 22nd at 3 o'clock at the home of Mrs. W. B. Buchanan on Main street. Mrs. C. S. Holmes is preparing a programme which will be both interesting and instructing, with the "W. M. U. Training School and Margaret Fund" as the subject. All ladies of the church are urged to be present.

Y. M. C. A. Notes

Attention Boy Scouts. Meeting Friday evening at the "Y", seven o'clock until eight. Be there.

As secretary of the Y. M. C. A., I want to say a few words which I trust will enable us to understand each other and make the local association contribute to the largest possible good in the community.

First of all. The first duty of the association is to the members of the organization.

The Y. M. C. A. is made possible by the sale of memberships which are at a price far below cost of service rendered. To protect those who are members it is absolutely necessary to limit the use of the building to those who have paid the \$5.00 membership fee.

Let me say that I am a friend to all of the boys of Big Spring and will do all in my power to contribute to their happiness and good.

I crave the earnest support of all of the good people of the town and community to make the Y. M. C. A. a real blessing to the community and I have only this desire to do good. If the work succeeds it will be because the good people of Big Spring stand by me and the fine Board of Directors.

Boost for the Character factory of your own town. J. M. MANUEL.

Modern Woodmen Entertain

A fine attendance marked the entertainment given by Big Spring Camp No. 12338, Modern Woodmen of America at I. O. O. F. Hall last Tuesday evening. Five reels of motion pictures were shown—including high class, thrilling and educational films—namely "The Value of a Life," "Who is my Neighbor" and "The Message of Woodcraft."

Interesting talks were made by State Deputy John E. Swanger of Dallas, Texas and L. C. McNatt, district deputy of Abilene. After the close of the entertainment the lodge initiated ten candidates and a rousing big time was in order, and if you doubt it ask any of those initiated.

U. S. Truck Train Convoy Here

A U. S. Truck Train Convoy enroute from San Antonio to Fort Logan, Denver, Colorado, was in Big Spring a short time Thursday afternoon. The convoy is to take part in the Citizens' Military Training Camp activities to be held at Camp Logan; and Lieut. M. F. Orr commander of the convoy, Lt. T. H. Christian and Lt. N. F. Twining, who are with the convoy, will be assigned to the task of training the civilians who attend the camp. There were twenty pieces of transportation equipment in the convoy, including ten big Liberty—five-ton trucks, G. M. C. and White Motor trucks, touring cars and motorcycles. Sixty-eight men were in the party. The thirty-piece band of the 20th Regiment of the Second Division accompanied the convoy.

Owing to the excessive rains encountered since they left San Antonio a week ago they were four days behind their schedule when they reached this city and hence were unable to make a stop here to give a concert.

The convoy will return to San Antonio at the close of the Citizens Training Camp at Fort Logan.

They are desirous of having young men between the ages of 17 and 25 years attend the training camps—the government paying transportation charges and upkeep during the time you are in training. J. F. Hair will supply any boys with information relative to Citizens Training Camps and furnish application blanks.

Triassic Reptiles in Sterling County

Finding ten specimens in the West Texas triassic formations in half a day, and showing the possibilities of many more that have not been discovered to the present, F. L. Whitney, associate professor of geology in the University of Texas, returned a few days ago from a trip to Sterling City with members of the advanced classes in the school of geology. The trip was the result of the suggestion of C. E. Case, professor of paleontology in the University of Michigan, who had heard of the specimens in that part of the state.

Determination of whether the fossils found come under a new species or not has not been effected since the time of Mr. Whitney was limited, and complete skeletons were not uncovered. They are of the crocodylian type and the rather large, being about thirty feet long. The hills in that section of the state are deeply eroded, and many specimens that might have become uncovered have been broken and scattered until it was impossible to get a full form of the prehistoric reptile.

Interest in the West Texas specimens was started by the article of a member of the Texas legislature, giving a description of the remains found in the hills there. The Michigan authorities became interested and asked that a trip be made, and report sent to them, with the idea of sending men down here for further investigation. The resulting trip to Sterling City, according to Mr. Whitney, showed that there is a possibility of finding examples of new species, and better fossils of those already in collections over the country. "The fact that we found ten specimens in half a day, is indicative that there are many more, and probably some very perfect examples of triassic reptiles could be found if time and money were not lacking," said Mr. Whitney.

A Sermon in a Picture

The motion picture "Are You Fit to Marry"—shown to women only at the matinee at the R. & R. Lyric theatre and to men only at night was the most daring presentation of Truth ever attempted. The picture deals with one of the most serious problems that confronts our nation and one that needs our most serious thought and cooperation to cope with. Martha E. Lavacy, professional nurse and social worker gave a most interesting lecture to the large audience of women; and Dr. H. J. Brooks talked to the men at night. The Moral Up-Lift League should prepare more such pictures in an effort to arouse our people.

Plenty of Rainy Weather

Rain and threatening weather were again in order the forepart of this week with excessive rains in some sections Sunday evening and night and big rains and hail storm Tuesday afternoon. Cloudy, threatening weather was pretty much in order until Wednesday.

So much wet weather has been visiting this section the past few weeks that our farmers have been unable to accomplish much; many being busy replanting between floods. Some are running scratchers in an effort to bring them the plants and eliminate replanting but all are hoping for a couple of weeks of sunshine so they can get things straightened out.

There is plenty of time for planting crops in this section even yet but central and east Texas suffering from floods and excessive rainfall are up against a proposition; a lack of planting seed is also a serious proposition in some sections of the state. At no time in the history of Texas was agricultural conditions in a more demoralized shape than they are, and will be until the rains let up for a while.

Christian Church Notes

We had a fine attendance last Sunday. No report from Colorado Sunday school on our contest in two weeks. Let's hope no news is good news and that we will be leading when we hear from them.

We had a splendid Mother's Day service. Mrs. Hall sang for us, we always enjoy hearing her sing. Mesdames Hogg and Hall favored us with a duet. And just before Bro. Brown paid his tribute to Mothers, Mildred Creath gave us a reading that we will give for the benefit of those who were not fortunate enough to hear it.

A MOTHER'S DAY PRAYER

Our Father, we would thank thee
 On this day of tender joy,
 For Mary, the mother of old,
 And her precious holy boy,
 And for our own dear mothers
 Our thanks we give today;
 No one else can cheer and love us
 In quite the same dear way.
 And we would also thank thee—
 This day, it seems most fit,
 For the corner in our old, old church
 Where our "Mothers in Israel" sit.
 Dear Mother Green, when able,
 Is always in her place,
 A look of radiant interest
 On her noble, saintly face.
 In Mr. Reagan's Bible class
 Her ideas are truly fine;
 And she always knows her lesson
 Every word and every line.
 Dear Mother Stone how we love her
 Her steps are faltering and slow,
 But her tender word of greeting,
 Is ours each Sunday to know;
 We love her gentle handclasp,
 The smile in her kindly eyes,
 And the memory of her greeting
 Like a benediction lies.
 And our dear Mother Barrett,
 Her heart is purest gold—
 But she'll scrap us in a minute,
 If we dare to call her old,
 She's always in her place—
 In sandstorm, sun or rain,
 With a smile and hearty handclasp
 To welcome us again.
 And so, this Mother's Day,
 In gratitude to thee,
 Our hearts are fondly rising,
 For these three dear ladies three—
 Help us each time we meet them
 To give them a word of cheer
 To show that we appreciate them
 And their gentle influence here.
 And Father, spare them to us,
 For many years longer we pray;
 The church would seem mighty empty
 and lonesome
 With our oldest mothers away.
 O hear our last petition
 And, when from earth's pathway we flit
 O grant us a corner in Heaven,
 Quite near where these dear mothers
 sit.

A Delightful Lawn Party

At the home of Mr. and Mrs. W. O. Bray last Saturday night Miss Willie Smith gave a very delightful lawn party. Those present were Misses Roberta Gay, Hilma Crawford, Erelene Hudson, Ruth and Birdie Shockley, Edith Runyan, Mamie Lovelace, Lillian Posey, Venie Lynch, and Willie Smith; Messrs Ben Carpenter, Jack Johnson, Leonard Fisher, Cecil Westerman, Glen Lovelace, Walter Price, Earl Bailey.

The guests were invited into the parlor where Miss Gay rendered many good piano selections; after which the guests were invited to the beautiful green lawn where many old and new games were enjoyed. Soon came the hostess in her pleasant manner and served delicious cake and punch assisted by her sister. Soon then followed the only sad time of the occasion which was the going home time. But we hope to be honored with another lawn party soon. A Guest.

Public Schools Need Aid

Unless something is done to provide additional money for the public schools of Texas for the coming scholastic year, 1922-23, the educational interests of the state will suffer seriously, according to W. S. Sutton, dean of the School of Education of the University of Texas.

"It is time that the people of Texas were awakened to the situation that confronts them," he said. "There will be many more children in the schools during the year 1922-23 and less money than this year to take care of them. The increase of scholastics last year over the previous year was 63,497 it is safe to predict that the increase will be as large this year. How are these children to be provided with teachers when there is available for the coming year less money than for the current year. It is shown by reports reaching this office that school boards over the state are finding it difficult to make contracts for teachers. Everyone should be interested. The biggest business in Texas is the school business.

"There is only one remedy, as I see it, for the situation, and that is for Governor Neff to put his pride in his pocket and call a special session of the legislature to provide money for the public schools of the State. It is not a matter in which the so-called educators of Texas are interested so much as it is that of the parents of the children, whose interests are at stake. Parents of these children, as well as civic organizations, should call on Governor Neff to convene the legislature in special session without delay for the purpose of providing financial support of the public schools.

"In a message to the Twenty-second Legislature, Governor Hogg said: 'The proposition narrowed down to the line of candor is that if the people ever expect to have an efficient system of public free schools they must prepare to pay for it. No greater principle was ever uttered than when our fathers said that unless the people are educated and enlightened it is idle to expect the continuance of civil liberty or the capacity for self government.'

Mrs. W. W. Inkman delightfully entertained the members of the club Wednesday afternoon. The tables of players thoroughly enjoyed the interesting games participated in and the delicious refreshments served.

In the race for the honor of high score, Mrs. J. D. Biles was winner of club high score and Velma Wasson, visitor's high score.

Presbyterian Auxiliary Meeting

The regular business meeting of the Presbyterian Ladies Auxiliary was held at the church next Monday noon at 3:30 o'clock.

After a short business session, Flanken, Mrs. Tansit, and Mrs. Nett who represented us at the Presbyterian meeting at Balcones, made their reports.
