The soft and gentle lines of this year's Easter silhouette are reflected in these designs, all of them emphasizing femininity. Coat-and-dress duo are by Nettie Rosenstein in beige-and-brown. The dress is a shadow-check chiffon with giant bow and streamers. Bodice is shaped to the figure; skirt falls in full folds. Companion coat is brown silk cut with elbow-length sleeves.

The big, bold black-and-white check springs a fabric surprise; it's chiffon. Dress-and-jacket (center) are cut by Luis Estevez to create a one-piece look. Jacket has huge bow at standaway neckline. The wide skirt returns in a jacket dress (right) of violet silk by Nettie Rosenstein. Tiny jacket is kimono style; dress has scoop neckline and brief sleeves.

Mrs. Harris Named ESA President

Mrs. Yorel Harris was elected president of Epsilon Sigma Alpha Sorority at a meeting held recently in the City Club Room. Other officers elected to serve with her are Mmes. Eugene Bentley, vice president; Jack Hankla, recording secretary; Frank Baker, corresponding secretary; Charles Robinson, treasurer.

Mrs. Harris vice president, presided in the absence of the president, Mrs. Jack Bertolin, during which Mrs. Hankla gave the report of the Council of Clubs.

Plans were discussed for a dinner-dance for members, their husbands and guests to be given in the Country Club on April 4. Hostesses for the affair will be Mmes. Charles Robinson, Oscar Engel and L. D. Maddox.

A program on Adult-Child Relationship was presented by Mrs. Roy Whisenhunt, who stated that parents should help their children set a goal for good health, knowledge, happiness and love of God, a good fellowman. She stressed the importance of prayer, family worship in the home and in the church.

During the social hour, hostesses, Mmes. Burton Doucette and Roger McAuley served refreshments to the following: Mmes. Eugene Bentley, W. J. Chambliss, Norman Phips, Jack Hankla, L. D. Maddox, Waker Reek, Charles Robinson, Melvin Watkins and Parks Brumley.

LOVERS of lobster will like this new treatment, which delightfully combines lobster tails with frozen cream of shrimp soup.

COOK'S NOOK

Shrimp Soup With Lobsters Is Delightful New Taste Treat

By GAYNOR MADDOX
NEA Food and Markets Editor

For a meatless meal or just for the fun of good eating, try this freezer treat, combining rock lobster tails and cream of shrimp soup, both frozen. And here's a little trick before cooking the lobster: Insert a skewer through the shell lengthwise. This keeps the shells from curling up.

LOBSTER TAIL DELIGHT

(Makes 4 servings)
Four rock lobster tails, 1 can (10 ounces) frozen condensed cream of shrimp soup, 1/4 cup light cream, 1 tablespoon lemon juice, 1 tablespoon sherry or water, 1 tablespoon chopped parsley, 1/2 teaspoon dry mustard, Parmesan cheese.

Cook lobster tails in boiling water for 40 minutes. Remove meat (keeping shells intact); cut into 1/2-inch pieces. In saucepan, combine soup, cream, lemon juice, wine or water, parsley and mustard; heat stirring now and then. Add lobster meat. Spoon mixture into lobster shells; sprinkle generously with Parmesan cheese.

CHEESY SCALLOPED POTATOES

(Makes 4-6 servings)
One can (10 1/2 ounces) condensed cream of celery soup, 1/2 to 3/4 cup milk, dash black pepper, 4 cups sliced potatoes, 1 small onion, sliced; 1 cup shredded sharp cheddar cheese, 1 tablespoon butter or margarine, dash paprika.

Combine soup, milk and pepper. In buttered 2-quart casserole arrange layers of potatoes, onion, sauce, and cheese. Dot top with butter; sprinkle with paprika. Cover and bake in a moderate oven (375 degrees F.) for 1 hour. Uncover; bake 15 minutes longer or until

Scottish Rite Masons to have Maundy Thursday Services Wed. night, March 25, 8 p.m.

potatoes are done.
TOMORROW'S DINNER: Chilled frozen individual fruit pies, coffee or margarine, tossed green salad, tomato juice, lobster tail delight, buttered green beans, French fried potatoes, crusty bread, butter, tea, milk.

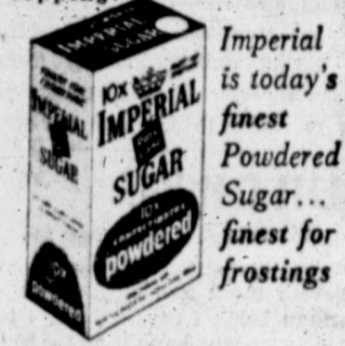

BIG Cake .. little time

'Westerner' Mix in 11 minutes with IMPERIAL 10x Powdered Sugar

3 sticks (3/4 lb.) margarine or butter
1 1-lb. carton Imperial 10x Powdered Sugar
6 eggs
1 Imperial 10x Powdered Sugar carton full of sifted flour
1 teaspoon lemon juice
1 tablespoon vanilla

Have eggs and margarine at room temperature. Cream margarine; add Imperial 10x Powdered Sugar; beat till fluffy. Add eggs, 1 at a time; beat well after each. Sift flour 3 times; add gradually to batter. Add flavorings; mix well. Bake in 10" greased and floured tube pan at 325° F. 1 1/2 hours. Cool 4 minutes, then invert pan. Wonderful to serve plain or with toppings!

Imperial is today's finest Powdered Sugar... finest for frostings

DEAR ABBY...

By Abigail Van Buren

DEAR ABBY: I am a woman of 62 years and before I die I would like to know the answer to a question that has been on my mind for years. Is there such a thing as dogs bark, are they trying to say dogs bark, are they trying to say something? I have heard dogs bark at one another and I do believe they understand each other because they seem to reply. Please don't lose this way, Abby, thinking it is too foolish to answer because there might be others who have wondered about this, too.

DEAR ABBY: I wish you could help me. I have 5 children and another on the way. My husband is good looking and is constantly getting into trouble. He likes the women. Last year it was my sister. I couldn't take it so I threw him out. Welfare has been supporting me since June. He has started coming back for meals and he wants his clothes washed and he even sleeps here. He isn't supposed to be here at all. If the Welfare finds out they'll stop my check. I told him if he liked it at home so much he should work steady and live here but he says he can't stand the kids. I would like to have him here, Abby, but should I let him stay if he doesn't support me? I am 23 years old.

DEAR ABBY: I have also observed canine communications and although I don't know who could be considered the final authority on this subject, I would say there is definitely a "dog language." But we don't know the "art" of it.

DEAR ABBY: That grandmother who put her four-year-old grandchild in a cage sure had the right idea. What this country needs is more grandmas with bigger cages. Then we would see fewer kids with faded tight blue jeans and dirty white shoes smooching it up with girls in dark movie houses.

DEAR ABBY: I have also observed canine communications and although I don't know who could be considered the final authority on this subject, I would say there is definitely a "dog language." But we don't know the "art" of it.

Frocks This Year Stress Femininity

By GAILE DUGAS
NEA Women's Editor

NEW YORK (NEA) - The cream of the crop of spring fashions will be seen in the Easter parade this year. There will be the highwaisted dress with the slim skirt, the brilliant print with the ruffled skirt and the slim wool dress with the blouse-top.

There will be checks and plaids and solid colors as fresh as a clear Easter morning. There will also be those perennial favorites: soft gray and navy blue. Wherever the latter are chosen, they are likely to serve as foil for those great, big, beautiful flowered hats which do so much to put the sparkle and fun into the parade.

No matter what the dress type, a girl will be able actually to walk, not hobble, in the Easter parade this year. For the freakish fashions are out and in their places are dresses with enough yardage to permit a girl to do something more than mince. This is true even of the shaped sheath.

The coat dress, shirtwaist dress, the wool jacket-dress and the slim dress eased with deft gathering or tucks will all take part in a joyous Easter Sunday. As the day progresses, skirts will blossom and widen into really rusty full silhouettes. Most of these will be silk printed in brilliant colors, cut with tiny waistlines and bodices shaped closely to the figure.

There will be many versions of the normal waistline for Easter this year, for which we should be grateful. Sometimes this waistline is belted and sometimes seamed and shaped. But the point is, it's there.

7:30 - German, Adult Education Class, Lovett Memorial Library.- 8:15 - Women of the Moose, Moose Home.

THURSDAY

- 9:30 - Circle 2, Harrah Methodist WSCS, Fellowship Hall.
- 2:30 - Senior Citizens Center, Lovett Memorial Library, Presbyterian Women's Organization, hostesses.
- 7:30 - Pampa Rebekah Lodge, IOOF Hall, 210 W. Brown.
- 7:30 - Circle 1, Harrah Methodist WSCS, Fellowship Hall.

District Nurses To Convention In Galveston

Approximately fourteen nurses from District 23 of Texas Graduate Nurses Association will attend the annual convention in Galveston on April 13-16.

Interesting highlights of the convention will be a report of a survey of "Nursing Needs and Resources," which has just concluded. "This report," Mrs. Dorothy C. McMurtry, publicity chairman states, "shows the number of nurses in Texas, those actively practicing; the number in each field of nursing; the age and marital status and the location of nurses by Texas counties."

Among the nurses going to convention from District 23 are Mmes. Peggy Stewart, Beverly Russell, Mable Schmitz, Kay Veale, Dorothy McMurtry, Maude Voyles, Miss Margaret Wallace, all of Pampa; Mrs. Grace Pyles, Mrs. Genevieve Cleannan, both of Peryton; Mmes. Elinor Schultz of Borger.

Mrs. Burnett Leads Woman's Council

CANADIAN (Spi) - The Grace WSCS Council of the First Christian Church met at the church recently with Mrs. W. W. Burnett conducting the meeting.

The devotional "Our Responsibility for the Lost," was given by Mrs. Calvert Norris and Mrs. Leslie Webb gave the lesson on "MARCUS."

The meeting closed with all members repeating the Aaronic Benediction.

If you find the true Empire waistline too extreme for your figure, compromise here - are many dresses with lifted waistlines which avoid figure problems.

TIME OF YOUR LIFE — Everyone who works can count himself a part-time employe of the government, both national and local. For, according to recent figures from the Tax Foundation, the average worker toils longer to pay his taxes (direct and hidden) than he does for any other item of the budget. Chart above breaks down the eight-hour day into separate categories, showing how long it takes to pay for what.

Lefors Will Elect Two Councilmen

LEFORS (Sp.) — Two councilmen will be elected in a city election April 7, according to Mayor Frank Wall. The councilmen whose office will expire are Robert L. Call and J. R. Sparkman. Election Judge is D. M. Jones. The polls will be open from 8 a.m. to 7 p.m. in the Civic Center. Councilman Call is seeking reelection. Other candidates are El Radabough; Herman R. Cates and P. A. Crutcher.

NEW HEARING AID
smaller than a cigarette lighter

Look at this powerful new hearing aid from Acousticon — it's actually smaller than your pocket cigarette lighter.

Called the Acousticon Elite, it weighs only 1/4 ounce, including its battery. Yet the new Elite is powerful enough to provide the precise, personal correction your hearing loss requires. Men wear this hearing aid as a handsome tie-clip or attached to a shirt or jacket pocket. Women may wear this lightweight aid at the ear inconspicuously with a barrette attachment.

"Come to see and try this light and powerful new Acousticon at the monthly hearing aid service at the Adams Hotel in Pampa, Wednesday, March 25, from 11 a.m. to 5 p.m."

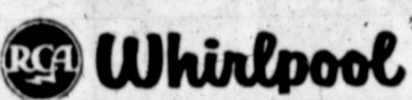

ACOUSTICON RE-ACH

Wilson, Tex., Man Reports — \$35 net increase per acre on cotton, despite limited water

Howard Moerbe (left), shown with Ira Clary, his Phillips 66 Ammonia distributor, says: "We have a water problem in this area, but even with this handicap, my cotton yields have been increased through the use of Phillips 66 Ammonia. My increases have averaged 1/4 to 1/2 bale to the acre. Last year, with the least acreage, I got the biggest lint yield yet — amounting to \$35 per acre net increase. You can actually see the difference when you use ammonia — the bolls are bigger, stalks taller and healthier. "I apply my Phillips 66 Ammonia pre-plant, about 70 pounds to the acre."

Other successful Southwestern farmers have discovered that they make more profit per acre, using Phillips 66 Ammonia. They get more cotton that classes higher at the gin... yields of sorghum grain or ensilage are increased... profits on wheat and small grains are increased through higher grain yields and improved forage... more marketable vegetables are harvested.

Phillips 66 Ammonia can be applied pre-plant or as a side dressing. It can be easily applied either by you or your distributor. See us today about leach resistant, concentrated Phillips 66 Agricultural Ammonia... it gives you more nitrogen per dollar than any other form of fertilizer — a full 82%.

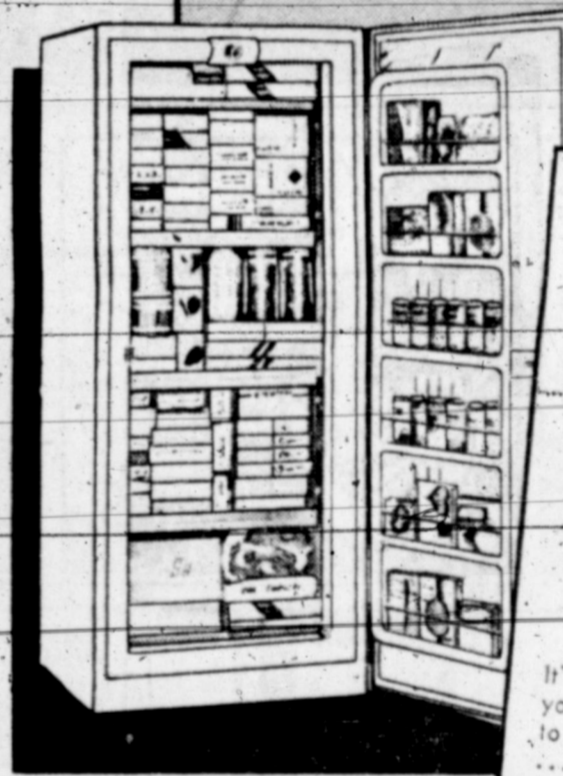

Order Your Supply of Phillips 66 Agricultural Ammonia Today!

RED LEAVES TB HOSPITAL

ST. LOUIS (UPI)—Red Schoendienst, sparkplug of the Milwaukee Braves, left a tuberculosis hospital today, hopeful of regaining his second base position with the Braves in 1960.

Although happy about his discharge after a four-month stay in the hospital, Schoendienst refused to predict or even hazard a guess as to the date he would return to the Braves.

He was resigned to a season at home or possibly on the bench later in the year, but next year was a different matter.

"I'll be out there next year for spring training, but I won't even say, 'But I won't be doing much this year.'"

"I'll think about the fellows in spring training, but I won't even think about going down there."

Schoendienst learned he had contracted tuberculosis last fall after the World Series against the New York Yankees. He began treatment immediately for a tubercular right lung last Nov. 8, and underwent surgery to remove the infected portion Feb. 19 at Mt. St. Rose Hospital, where he had been confined.

"I did everything they told me," the redhead said, "and my tests show negative now."

Schoendienst said he would obey his doctor's orders thoroughly, taking strict rest periods for several weeks to build himself up for a more rigorous schedule.

NHL Scoring Champ Named

MONTREAL (UPI)—Dick Moore, riding the crest of a late-season spree that carried him to a record total of 96 points, was officially crowned today as the National Hockey League's scoring champion for the second straight season.

Moore and his Montreal Canadiens linemate, Jean Beliveau, who finished with 91 points, averaged two points a game for the last 16 games of the season to overtake injured teammate Bernie Geoffrion and New York's Andy Bathgate, who had led the parade until the last month of the campaign.

Bathgate slipped to third place in the final standings with 88 points. Gordie Howe, of Detroit, five-time scoring titlist, was fourth with 78, and Eddie Litzenberger, of Chicago, was next with 77.

District teams won seven games last week and lost three to outside competition. Two district teams, Pampa and Berger, played each other, and Pampa was victorious, 6-4.

In the only game played so far this week, Monterey boosted its season record to 7-1 Monday, by routing Big Spring 9-1.

DISTRICT 3-4A (Season Standings)

Team	W	L	Pct.
Palo Duro	3	0	1.000
Pampa	1	0	1.000
Tasoca	1	0	1.000
Monterey	7	1	.875
Amarillo	2	1	.667
Lubbock	3	4	.429
Plainview	0	1	.000
Borger	0	2	.000

Pampa will be idle until Friday, when the Harvesters play at 3:30 p.m. in Altus, Oklahoma. Pampa plays a doubleheader Saturday in Mangum, Okla., beginning at 1 p.m.

All other district teams are in action this afternoon, with Clovis at Amarillo, Palo Duro at Hereford, Tasoca at Dumas, Borger at Spearman, Plainview at Levelland, Lamesa at Monterey, and Lubbock at Abilene.

A total of 25 games are scheduled by District teams this week, including today's contests.

LAST WEEK'S RESULTS
Pampa 6, Borger 4; Tasoca 31, Hereford 2; Palo Duro 27, Dumas 6; Palo Duro 13, Fortales 1; Palo Duro 13, Fortales 8; Amarillo 16, Clovis 2; Levelland 10, Amarillo 9; Big Spring 7, Lubbock 5; Snyder 6, Lubbock 2; Lubbock 6, Big Spring 4; Monterey 8, Levelland 2.

THIS WEEK'S SCHEDULE
Tuesday
Clovis at Amarillo; Palo Duro at Hereford; Tasoca at Dumas; Lubbock at Abilene; Lamesa at Monterey; Borger at Spearman; Plainview at Levelland.

Thursday
Highland of Albuquerque at Amarillo; Tasoca at Clovis (2); Odessa at Lubbock; Odessa Ector at Monterey.

Friday
Albuquerque Highland at Palo Duro (2); Levelland at Amarillo; Odessa Ector at Lubbock (2); Pampa at Altus; Odessa at Monterey (2); Hereford at Borger; Plainview at Nazareth.

Saturday
Pampa at Mangum (2); Borger at Dumas.

TEXAS WALLOPS GOPHERS, 12-9

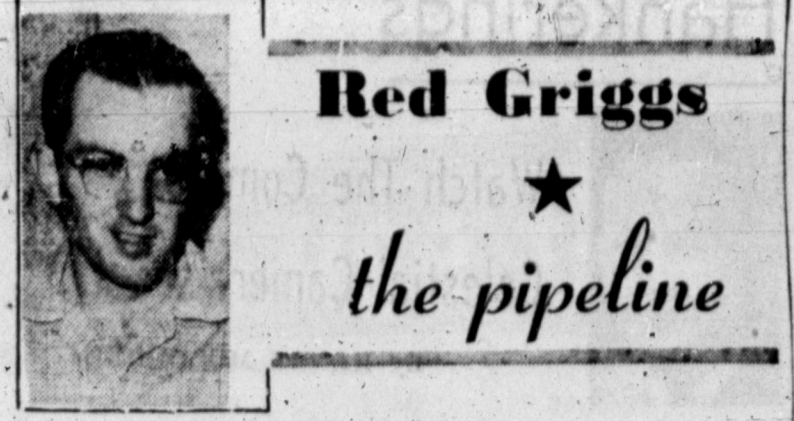

AUSTIN (UPI)—The University of Texas mauled Minnesota 12-9 Monday and prepared to wind up its two-game baseball series with the out-of-state visitors today.

Wayne McDonald hammered out three hits, two for extra bases, to lead the Longhorns at the plate. The Texas attack was helped along by 14 walks, and three Minnesota errors.

Sam Esposito drove in four runs with three hits and Al Smith struck a key triple as the White Sox squared their record at 5-5. The White Sox got off to a 2-0 first-inning lead against Walt Craddock and added three more runs in the second. The Athletics have lost 8 of 13 games, poorest record by an American-League team.

SIXTH GRADE CHAMPS — Sam Houston's sixth graders are Kiwanis-Optimist pee wee league champs for 1959. They are, front row from left, Coach Johnny Pharr, Sam Williams, Doug Scaggs, Keith Griffith, Johnny Robison; second row, from left, Robert Karr, Roddy Bray, David Campbell, Arthur Clyburn, David Johnson, and Coach Homer Hollars; third row, from left, Jerry Jelinek, Ronny Bray, Jerry Davis, Mike Noblitt, and Phillip Smith.

Red Griggs ★ the pipeline

Norman Phillips was so proud of his boys Monday afternoon that he could barely keep the buttons from popping off his shirt.

Many coaches are cautious about evaluating their teams, especially six months before the opening of the season; but Phillips threw caution to the winds Monday in praising his Lee Junior High Rebels.

"It was by far the best spring training I've ever held," Phillips stated flatly and without hesitation. "The boys showed more hustle, more fight, and more desire than I've ever seen in a group of boys before."

The Rebel coach was talking to the other coaches, the press, and interested fans in the dressing room, after Monday's scrimmage which officially ended Lee's spring training.

The scrimmage had been scheduled for Friday, but had been postponed until Monday because of the snow which hit last weekend. Judging by the showing the Rebs made, the postponement didn't hurt them any.

Several Boys Stand Out

Howard Reed to Jerry Glover, and mention of Reed's name immediately drew praise from Phillips. "He did a fine job," said Phillips, "in both passing and calling signals, especially for a boy who has practically no football experience."

Phillips expressed confidence that Reed will develop into a first rate quarterback during next season.

The Rebel pilot also had a good word for the boys who had been on the receiving end of Reed's passes: George and Roger Merrill. Phillips remarked that "Merrill showed up well both on offense and defense."

Ramsey was then asked which of his red backs made the best showing, and he replied that "they all looked good."

"He and Phillips agreed, however, that halfback Jack Criss had looked good both as a passer and a runner. "He's one of the fastest men on the squad," Ramsey said. Phillips paid about the highest possible tribute to red linebacker Wilbur Walls. "He spent so much time in our backfield," he said, "that we thought about putting him in our lineup."

Phillips Is Optimistic

Phillips didn't reserve all the plaudits for Ramsey's boys, however. "Robert Pullen intercepted two passes for my white team," said the head coach, "and did a pretty good job at quarterback."

"Linebacker Dickie Hafley kept the whites in the game," Phillips said in praise of his stellar lineman.

Others of the whites drawing special commendation were left end Bill Martin, who caught a pass during the scrimmage session; right end Jon Pitts, who was ailing and saw only limited service as a punter; left tackle John Osborne, and center Gary Epperson.

Both coaches said a good word about both tackles and the center for the red squad. "John Pierce is the biggest boy on the team, at 234 pounds," Phillips said, "he should really make a ball player."

Phillips and Ramsey also praised tackle Dee Wright and center Wayne Storrs.

Phillips was optimistic in almost every way about his prospects for next year. "I've been very well pleased," he said, "with the way several boys have developed over so short a period of time. We had some boys who looked very good during the entire spring training session."

"Our speed will be about the same as last year," he added, "but our linemen will be bigger — and I think they'll be able to move just as well as last year's boys."

"We'll have more experience next year," he continued. "Some of the whites were left end of the boys are playing together as a group for their third straight year."

Starting lineup for the victorious red team Monday was Reed, quarterback; Dee Allen, left half; Criss, right half; Marvel Rake, fullback; Merrill, left end; Glover, right end; Pierce, left tackle; Wright, right tackle; Walls, left guard; Carr Clark, right guard; and Storrs, center.

Starting for the whites were Pullen, quarterback; Hafley, left half; Harry O'Neal, fullback; Dwight Chase, right half; Martin, left end; Pitts, right end; John Brown, right tackle; Osborne, left tackle; Jack McNeil, left guard; Dean Henderson, right guard; and Epperson, center.

8th Grade Coaches Pleased

Assistant coaches John Dobson and John Hale were also pleased with the results of the seventh grade (next year's eighth grade) scrimmage.

"They all looked much better than they did last fall," said Hale. "The backs were faster, and the passing was much better than it was last year. We didn't have much passing last year."

Dobson added that "the team is heavier than my eighth grade team was last year, and has more depth. There were 37 boys out for spring training."

Hale said that the entire group looked good, and that some of the new boys may "push some of the more experienced players pretty hard."

Both coaches agreed that this had been one of their better spring practices.

In Monday's scrimmage, there was no score, although both teams made three penetrations of the 10-yard line.

The coaches reported that quarterbacks Larry Johnson and Bryan Martin were much improved over last year, and that they expected great things from several other backs.

Jimmy Lollar, Hank Henry, Bud Jack, Ronnie Oler, Robin Dale, Gene Storrs, Clay Lively, and David Potter are some of their heavier backs, whom they expect to be especially effective.

Some of the outstanding ends were Kenneth Hall, Mike Bridges, and Phil Woodring. Hale and Dobson said all of the boys did a good job catching passes.

On the line, some of the bigger boys named by the coaches are tackles Keith Reimer, Ricky Fritz, and John Neslage; Joe Jeter and Frank Osborne, and center Fraiser. Neslage is the biggest man on the squad, at 175.

Minor Rules Change Made

LOUISVILLE, Ky. (UPI)—Coaches were given the option of using colored basketballs by a rules committee here Monday which otherwise made less changes in the game than at any time in a decade.

The use of yellow or orange basketballs was approved at the final session of the National Basketball Committee of the United States and Canada which convened here during the week end in conjunction with the NCAA tournament.

Bradley Is Named Texas Cage Coach

AUSTIN (UPI)—Head Coach Harold Bradley of Duke has signed a three-year contract to perk up basketball at the University of Texas.

"The situation at the University of Texas looks so good from a basketball standpoint, that I don't see how I could do otherwise," Bradley said at Durham, N. C.

The salary was believed to be around \$10,000 per year.

Bradley, 47, will come to Austin in a few days to meet Texas officials. Dr. O. B. Williams, chairman of the university's athletic council, said he would take over the post in early April.

Middlecoff In St. Pete Win

PALM BEACH, Fla. (UPI)—Ben Hogan, Sam Snead and Cary Middlecoff led a galaxy of golf's brightest stars due to tee-off today in the ritzy \$10,000 Seminole pro-am tournament, a blue ribbon event with blue blood attendance.

Forty of the professionals will team in best ball competition with two club members each. Prizes will be handed out for low professional scores and low team scores at the end of 36 holes in each division.

Middlecoff, the long-hitting dentist from Memphis, Tenn., made a triumphant return to the links Monday by winning the \$15,000 St. Petersburg Open.

Although it was his first tournament appearance since an operation last September, the 37-year-old Middlecoff seemed in top form.

Williams Injured

SCOTTSDALE, Ariz. (UPI)—Boston slugger Ted Williams was undergoing treatment today from Red Sox trainer Jack Fadden for a painful catch in his shoulder.

Williams had been suffering for about a week from the shoulder trouble but made an effort to play Sunday in a game at Tucson until the pain became too great and Manager Mike Higgins benched him.

"I can't do anything until this clears up," Williams said as he underwent treatment. "It never bothered me much until Sunday in Tucson."

Williams was but one of many on the Red Sox hospital list which included the league's most valuable player, Jackie Jensen, recovering from the removal of an impacted wisdom tooth; second baseman Pete Runnels, with a throat infection; third baseman Frank Malzone, with a sore arm; catcher Eddie Sadowski, suffering from an eye infection, and first baseman Vic Wertz, incapacitated with a pulled groin muscle.

Sturdivant Bidding To Be Yankees' Mound Insurance

United Press International—Tom Sturdivant is out to prove he's the "solid pitching insurance" Clay Stengel claims the New York Yankees need to win another American League flag.

Sturdivant made a big bid in that direction Monday when he hurled five brilliant innings in the Yankees' 5-0 victory over the Baltimore Orioles, whose six-game winning streak had been snapped by the Yankees.

Sturdivant pitched for the Yankees in the grapefruit circuit. The Orioles managed only two hits off Sturdivant and both of them were "scratch."

Elton Howard hit his second homer of the spring and Mickey Mantle weighed in with a run-scoring single as the Yankees evened their spring record at 7-7.

Virgil Trucks, Rysie Duren and Jim Bristow completed the shut-out and a nifty combined six-hit performance.

The Yankees had some anxious moments in the eighth inning when Duren was forced to leave the game after stopping a line drive with his bare hand. Trainer Gus Mauch said he did not believe there were any bones broken and no X-rays were planned.

The Detroit Tigers crushed the Cincinnati Reds, 15-5, the Philadelphia Phillies beat the St. Louis Cardinals, 9-5, the Los Angeles Dodgers defeated the Milwaukee Braves, 10-6, and the Chicago White Sox beat the Kansas City Athletics, 8-3, in Monday's only other exhibition games.

Keg Playoff Set Apr. 12

Ina Reading and Elaine Riddle, who tied for the women's singles bowling crown, will bowl in a playoff Sunday, April 12, at Garden Lanes.

The playoff is being delayed while Mrs. Reading bowls at the Texas state tournament.

Eva Kitchens, women's bowling secretary, said Monday three Pampa teams are entered in the state meet which begins this week at Galveston. Local teams entered are the Coos's in Class D, the Harvester Bowl team, Class B, and the Clayton Husted team, Class C.

The Harvester team may be a tough contender for Class B honors. Team members are Ina Reading, Dorothy Jeffries, Marie Lander, Marcella St. Clair and Peggy Kastein. Mrs. Kastein bowled a 972 in the just completed Pampa tourney, and Mrs. Reading rolled a 962.

Voluntarism Pays Off

Two items came to our desk today which are worthy of comment. One was a release from National Education Association (NEA) calling for a tremendous outlay of money for schools by means of the coercion and force of government.

In Line Of Duty

Anyone who watches the operation of the Communists at the West German border check points the need never feel guilty at our legitimate efforts to protect our lanes of commerce and communication.

Speed Crackdown

A good many studies have indicated that speed is not the lead-state driver has to be caught in factor in highway fatalities.

The Pampa Daily News YOUR FREEDOM NEWSPAPER

We believe that freedom is a gift from God and not a political grant from government. Freedom is not license. It must be consistent with the truths expressed in such great moral guides as the Golden Rule, The Ten Commandments and the Declaration of Independence.

BETTER JOBS

By R. C. HOILES Union Member For 15 Years Answers 50-Year Employer's Questions On Economic And Moral Subjects

For the last nine issues I have been answering Frank Buck's questions on economic and moral subjects. Now Mr. Buck, a union member for 15 years, is answering questions. I want to know how to arrive at wages that will be fair to the employee, the employer and the customer and will result in full employment, except seasonal, and when men are changing jobs in the hope of better ones, and will constantly increase real wages as rapidly as possible.

1. Hoiles: Does not collective bargaining make it very difficult, if not impossible, for the worker to make an individual bargain? Buck: Yes, for workers directly concerned with the collective bargain.

Baby State

Robert Allen Reports:

Mamie Making Big Contribution To Safety

WASHINGTON — Mrs. Eisenhower probably isn't aware of it, but she is making an important contribution to atomic safety.

Due directly to the fact that the President's wife is to christen the N.S. SAVANNAH, a number of safety measures which had been eliminated for "economy reasons" are being restored to this first nuclear-powered cargo-passenger ship.

But thanks to the First Lady's acceptance of the New York Shipbuilding Corporation's invitation to christen the SAVANNAH, at Camden, N.J., in July, the discarded safety measures are now being installed into her.

It was decided on only after the White House directed the Maritime Administration to report on the steps being taken to ensure full safety for Mrs. Eisenhower during the christening ceremony.

This demand, via the Secret Service, which is responsible for the security of the President and his family, brought to a climactic showdown a tense backstage row between the Reactor Safeguards Committee of the Atomic Energy Commission and the Maritime Administration and the Budget Bureau on the other.

The Reactor Safeguards Committee, consisting of prominent scientists and AEC safety experts, had specified the SAVANNAH protective measures and strenuously opposed their elimination.

But when the White House got wind of this, it was decided to hold these Berlin crisis deliberations at the mountain camp where publicity activities will be under U.S. control.

These questions have been the subject of an enormous amount of research and controversy. It seems quite clear that a considerable number of those who develop these deposits of fat (atherosclerosis) have more than the usual amount of these substances in their blood.

Tragedy is a relative thing. The other night on television I saw a play in which a TV writer who made thirty thousand a year (after taxes) went sobbing out into a snowstorm because he was so unhappy with it all.

BID FOR A SMILE

An old farmer was driving a mare that overrode very badly. A passing friend, observing the mare's antics, cried out to the farmer: "Sav, that don't do your mare interferences pretty bad, don't it?"

The history-making SAVANNAH has an overall displacement of 21,000 tons, is 985 feet in length, has a beam of 78 feet, and a speed of 21 knots. The vessel will carry upwards of 9,000 tons of cargo, and have accommodations for 60 passengers.

MORE FALLOUT — Secluded Camp David, Md., was selected for the Eisenhower-Macmillan discussions expressly for the purpose of "limiting" the publicity operations of the large staff of assistants who accompanied the British Prime Minister, Senate Foreign Relations Committee members have given this inside word by State Department officials.

The Doctor Says:

by EDWIN P. JORDAN, M.D.

Each year I receive a great many inquiries about hardening of the arteries. Perhaps the first question which comes to mind is whether hardening of the arteries, or arteriosclerosis, is becoming more common.

Probably it is, but this is more likely the result of the fact that far fewer people die young from such diseases as pneumonia, diphtheria or typhoid. Therefore, more of us reach an age when the walls of our arteries have become somewhat hardened and may be producing symptoms.

The increased hardness of the arteries, which lessens the flow of blood, is likely to be so gradual that there is no way of detecting it until it has been developing a long time.

The arteries do not become hardened at the same rate of speed in one part of the body as they do in another. For example, the walls of the arteries in the legs may become thick, hard and inelastic, while those supplying the abdominal organs or the arms are still normal and soft.

These questions have been the subject of an enormous amount of research and controversy. It seems quite clear that a considerable number of those who develop these deposits of fat (atherosclerosis) have more than the usual amount of these substances in their blood.

Watch The Comets, Celestial Camera's Set

By HENRY MCELDORE

What do you plan to wear when the whole world has its picture taken at the same time? That day's coming, you know.

The Air Force has announced that it will put nine or ten giant camera satellites into orbit before long, and from outer space these celestial Brownies will see it all, take all.

About October, if all goes well, we will all hear a thunderous voice from the sky saying something like this: "That's right, look at the birds, everybody! Smile now! That's it! Hold it!"

There are few of us who wouldn't pay four bits to have a picture taken of ourselves standing long-side, say Churchill and Eisenhower. In the Air Force picture a man will find himself standing with everybody — Nehru, Elvis Presley, Aly Khan, de Gaulle, Mickey Hargitay, John Kennedy, the Three Stooges, Adenauer, and Arthur Murray, to name a few.

Wonder where the Air Force will get the negative developed? Sure hope they take it to a drugstore near where I live. I can recommend it. If you get a roll of film in by nine a.m., you can have it the same afternoon.

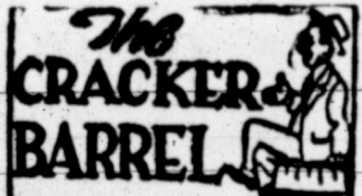

about money again. People are suckers for group photographs, and nine-tenths of the people on earth will want one.

I don't know what the Air Force plans to charge for prints, but it should have no trouble selling millions, if not billions, of album-sized prints for as much as half a dollar.

There will be the house you lived in as a kid, the dog that ran away from home two years ago and you thought was dead, a stand of trees where you can steal a Christmas tree come December, and pictures of people you haven't seen in ten or fifteen years.

As for what I am going to wear when the picture is made, you may be sure that it will be something that will stand out. Maybe I'll shave my head and paint a big, black "X" on top of it.

Wonder where the Air Force will get the negative developed? Sure hope they take it to a drugstore near where I live. I can recommend it. If you get a roll of film in by nine a.m., you can have it the same afternoon.

Tragedy is a relative thing. The other night on television I saw a play in which a TV writer who made thirty thousand a year (after taxes) went sobbing out into a snowstorm because he was so unhappy with it all.

Plain talk to the man who thinks "all cars are built alike today"

The one thing we know car buyers want above all in an automobile is quality. Yet many people assume that all cars today are pretty much the same in this respect.
