CRANE ARRIVES AT HOTEL SITE

The first spadeful of dirt on the new Pampa Community Hotel project will not be turned until Tuesday morning, but the big Koehring crane that will do most of the excavating work is already at the site. The big three-quarter yard crane was brought to Pampa Wednesday by the Keller Trucking Co. from Amarillo. Bill

Boehme, superintendent for Farnsworth and Chambers, said yesterday about 100 men will be at work on the hotel project. He said he believed most of the workmen would be hired in Pampa, but some would be brought here from Houston. It is expected the hotel will be completed Jan. 15, 1960. (Daily News Photo)

Castro Lunches In Washington

Legion Meets Here April 25

The 18th District convention of the American Legion and Auxiliary will convene in Pampa April 25. Joel Plunk, committee chairman has announced Mayor Ed Myatt will give the address of welcome at a joint meeting of the Legion and Auxiliary April 26. Registration for the two day event will begin at 9 a.m. Saturday, April 25 in the Pampa Hotel and the American Legion Hall, 123 W. Foster. Committee meetings are set for 2 p.m. in the Legion Hall and a post officers conference for 4 p.m. The women of the Auxiliary will hold a 3 p.m. workshop in the City Club Room. A social hour will begin at 5:30 followed by a barbecue at 6:30 and a dance at 9 p.m. These events will take place in the Legion Hall. Admission will be by registration card only. Registration for the second day of the conference will begin at 8 a.m. Sunday, April 26. Two breakfasts for commanders and adjutants and one for auxiliary members will be held at that hour. The joint session will commence at 9 a.m. with an address of welcome by Mayor Myatt, Judge Mary Lou Robinson of Amarillo will be the main speaker. The convention will recess for church at 10:30 and reconvene at 1:30. Separate business sessions will be held at the Legion Hall for Legionnaires and in the City Club Room for Auxiliary members. Eighteenth District officials here for the convention will include Charles W. Mason, commander from Amarillo; and Tom Manning, chaplain from Perryton. The affair will be hosted by Kerley-Crossman Post 334, Francis Schwind is the local commander and Mrs. H. A. Breining, Auxiliary president.

Cuban Minister Wildly Cheered

By JOSEPH U. HINSHAW
United Press International

WASHINGTON (UPI) — Cuban Prime Minister Fidel Castro, greeted by wildly cheering fans and picketing opponents, started a round of appearances today to win new friends for his regime.

The only scheduled appointment on the first day of his 11-day U. S. visit was lunch with Acting Secretary of State Christian A. Herter.

But associates said the unpredictable Castro might give his worried security guards more headaches by getting a whim to go off shopping or sightseeing.

An American official said precautions taken to protect the 32-year-old Cuban leader were tighter than those applied when Soviet Deputy Premier Anastas I. Mikoyan visited here in January. The Cuban Embassy and U. S. State Department have received anonymous threats against Castro's life.

BERLIN (UPI) — Soviet jet fighters used "dangerous" harassing tactics against the turboprop C130 freighter which flew here at 25,000 feet Wednesday in defiance of Russian altitude limitations. American sources said today.

Contrasting earlier reports that two Red planes merely "shadowed" the C130 at a distance of about 600 feet, the sources said they "harassed it in flagrant violation of flight safety regulations."

The United States was expected to protest the safety violation. The Russians already have protested the flight, renewing demands that planes flying between Berlin and the West keep below the 10,000-foot mark. Reliable sources in London reported that Britain had urged the United States to halt high-level flights to Berlin, arguing they are an "unnecessary provocation" of the Russians in the light of the forthcoming East-West foreign ministers conference.

They said Viscount Hood, British minister in Washington, made the suggestion in a visit to the State Department Wednesday, even though Britain agrees there is no calling for Western planes in the corridors. Earlier, U.S. diplomats had said the United States will continue high-altitude cargo flights to Berlin on a regular and frequent basis despite the misgivings of its Allies.

Seeks U. S. Loans

Castro, whose forces overthrew dictator Fulgencio Batista on New Year's Day, hopes to win better U. S. understanding for his government. He also has said he will seek loans and a larger share of this country's sugar quota.

The bearded prime minister, dressed in his famous army-fatigue uniform, was welcomed by 500 well-wishers when he arrived more than two hours late in a Cubana airliner Wednesday night.

Guards tried to hustle Castro into a waiting limousine. But he pushed them aside and strode over to shake hands with fans who had been kept off the field behind a fence.

Picket White House

Shortly after arriving at the Cuban Embassy he again upset security precautions by dashing across the street to greet knots of onlookers there.

Castro, speaking in English scarcely above a whisper, said at the airport he hoped his official visit would create better understanding between Cuba and the United States. He has criticized this country for being too friendly to Batista.

Thirty-three persons, representing the "Anti-Communist Movement of the Americas," picketed in front of the White House to protest Castro's trip. They were led by Rafael Del Pino, who once was a supporter of Castro but then turned against him.

AS NEW SECRETARY

Herter Appears In

By STEWART HENSLEY
United Press International

WASHINGTON (UPI) — Christian A. Herter today appeared certain to be named secretary of state to take over the role of cold war negotiator relinquished by John Foster Dulles. Administration officials said

that despite speculation concerning other possibilities, they were convinced President Eisenhower would designate Herter. The only question was when.

Herter, 64, former congressman and ex-governor of Massachusetts, has been acting secretary since Dulles was discovered in mid-February to have a recurring

of cancer. He faces nomination to the post at a critical period when the Western Allies find themselves still undecided on basic policy and strategy for forthcoming negotiations with Russia on the Berlin and German questions. Eisenhower already has said Herter will represent the United

States at the April 29 meeting in Paris of Western foreign ministers and the Big Four East-West session scheduled to begin May 11 in Geneva. The curiously cautious wording of Eisenhower's Augusta, Ga., statement Wednesday left open the possibility that someone other than Herter might actually get the secretaryship.

Top administration officials said, however, that Herter still was slated for the job and the delay in announcing his nomination was due to the President's desire to avoid any sign of haste which might be considered discourteous to Dulles.

The President, after announcing that Dulles had resigned because of his losing fight against cancer, made it clear he intends to retain Dulles' services as a consultant as long as he is able. Dulles interrupted a Florida convalescence to return to Walter Reed Army Hospital Sunday. Medical findings reported Tuesday indicated further cancer in the lower neck, in addition to abdominal malignancy detected in February.

Speculation that Herter might not be named to succeed Dulles arose when Eisenhower told newsmen "there are a number of people in government, or at least a few, who have particular talent in this field."

Names that have cropped up periodically as potential successors include Gen. Alfred Gruenther, former Allied commander in Europe and now Red Cross president; Allen W. Dulles, director of the Central Intelligence Agency and brother of the secretary; C. Douglas Dillon, undersecretary of state for economic affairs; Henry Cabot Lodge, chief U.S. delegate to the United Nations; Undersecretary of State Robert D. Murphy; New York financier John J. McCloy; and former New York Gov. Thomas E. Dewey.

Herter has an arthritic condition and gets around with the aid of crutches. But the handicap never has caused him to miss a day's work. He is considered an advocate of a softer approach to foreign affairs than Dulles.

FOR MANSLAUGHTER

Connie Nicholas Is Sentenced

By JACK V. FOX
United Press International

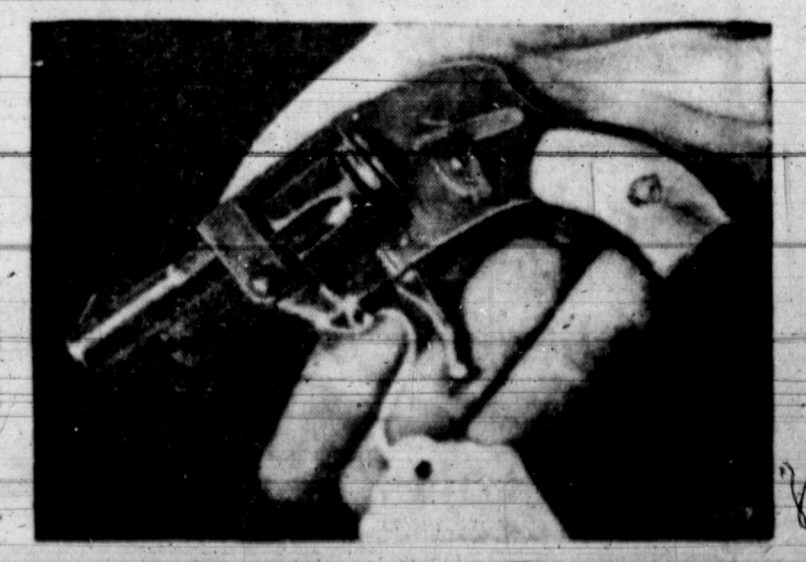

INDIANAPOLIS (UPI) — Mrs. Connie Nicholas was sentenced to prison for 2 to 21 years today for the manslaughter of Forrest Teel, but she immediately began appeal action which could free her on bond. The tiny brunette took her sentence without flinching and, as soon as it was passed, she told her attorney, Frank Symmes, she wanted to appeal to the Indiana Supreme Court — a procedure that could take months or even a year. She went into conference then with Symmes over whether to make the appeal. If she does, and Judge Thomas J. Faulconer sets normal manslaughter bond of around \$10,000, she could go free today if she can raise \$1,000 cash. Mrs. Nicholas said she was "very disappointed" at the verdict and that she had expected acquittal in the death of the wealthy businessman who had been her lover for 15 years and left her.

She said she believed she might have been acquitted if there had been some women on her jury instead of the 12 husbands. Mrs. Nicholas was pale as she stood to face the judge after the jury brought in its verdict shortly after 2 a.m. after nine hours of deliberation. She did not shed a tear as the judge read the verdict. Teel, 54, was shot by Lilly & Co. vice president, was shot outside the apartment of his new girl, Laura Mowbray, last July 31 after breaking off his affair with Mrs. Nicholas. The state had charged she deliberately lay in wait for Teel in his white Cadillac with a loaded

pearl-handled revolver and shot him in the side after provoking an argument about his new romance. The verdict was the lightest she could have got without acquittal. Reporters crowded around her, but the usually talkative brunette threaded her way through them, saying: "I have nothing to say." Jury foreman Russell Cote, a public relations man, said there had been at least 10 ballots, but in each the majority voted for manslaughter. Some jurors voted for first degree murder, but none called for death in the electric chair. There also were votes for acquittal. Prosecutor Philip Bayl rose and thanked the jury for what he said was a "fair" decision.

'HE TOLD ME TO WAIT' — Mrs. Connie Nicholas, 44-year-old brunette, was sentenced to 2-21 years in Indianapolis for the manslaughter of her wealthy lover, Forrest Teel. Above at left, Mrs. Nicholas flashes a smile and then assumes a pensive mood, at right. Metal traction splint on her left hand is far injuries she says Teel inflicted the night he was killed, July 31, 1958. At right is small French 25-caliber pistol which was the weapon that killed Teel. Of Teel's affair with another woman, Mrs. Nicholas said, "He told me to wait; he would come back to me."

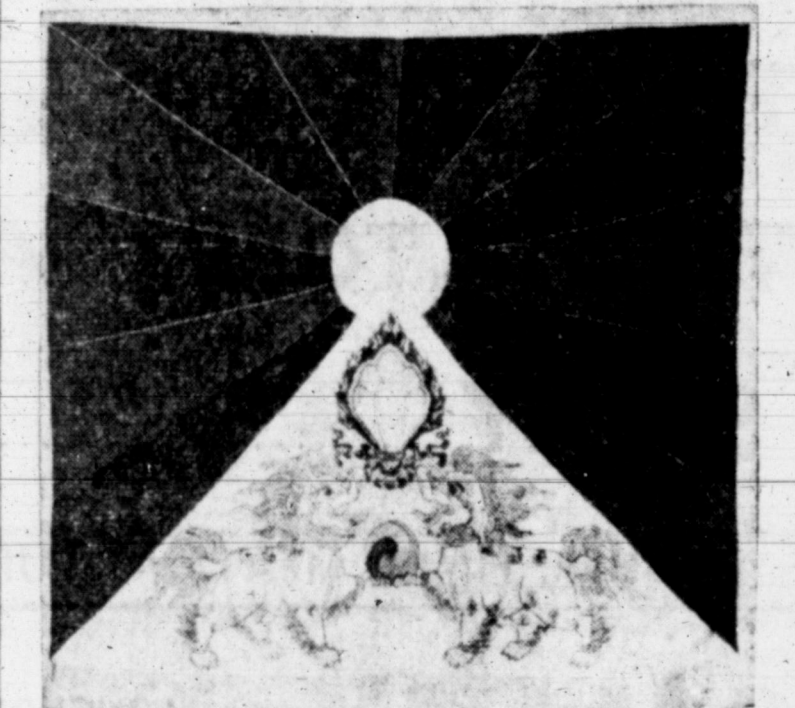

Local Men Off To Pawhuska's '60 Meeting

E. O. Wedgworth and Jack Vaughn of Pampa were off to Pawhuska, Okla. today and a three day national convention of the US Highway 60 Association, Inc. Early registrations began today with business and social sessions planned for Friday and Saturday. Wedgworth is manager of the Pampa Chamber of Commerce. Vaughn, a service station owner, was recently re-elected to the City Commission. Both men have been active in the Texas Branch of the Association. The affair will be hosted by the Oklahoma Branch, Frank Spencer, Pawhuska newspaper editor, is Oklahoma president and J. E. "Bob" Wright, Pawhuska Chamber Manager, State secretary.

The program will feature a workshop where decisions on promotional work can be made. Speakers of national prominence have been secured for the business sessions. National officers are William Huan, president from Show Low, Ariz.; Wayman Cornelien, vice president from Fairview, Okla.; and Ernie H. Moore, secretary, treasurer from Show Low. Pawhuska, a town of 8,000 inhabitants, is the Osage County seat. Points of interest are the Osage Indian Agency and Museum. Pawhuska does a booming business in cattle and oil. America's first Boy Scout troop was organized there in 1909.

IN TIBET Reds Open Up Against Buddhists

By EARNEST HOBERECHT
United Press International

NEW DELHI (UPI) — Nationalist Chinese intelligence sources reported today that the anti-Communist revolution in Tibet has spread to the border of Szechuan province in inland China.

The sources said in Taipei that fresh intelligence reports from mainland China disclosed that "thousands of people" in Szechuan have taken out hidden arms and joined in guerrilla warfare against the Communists along the Kinshah River.

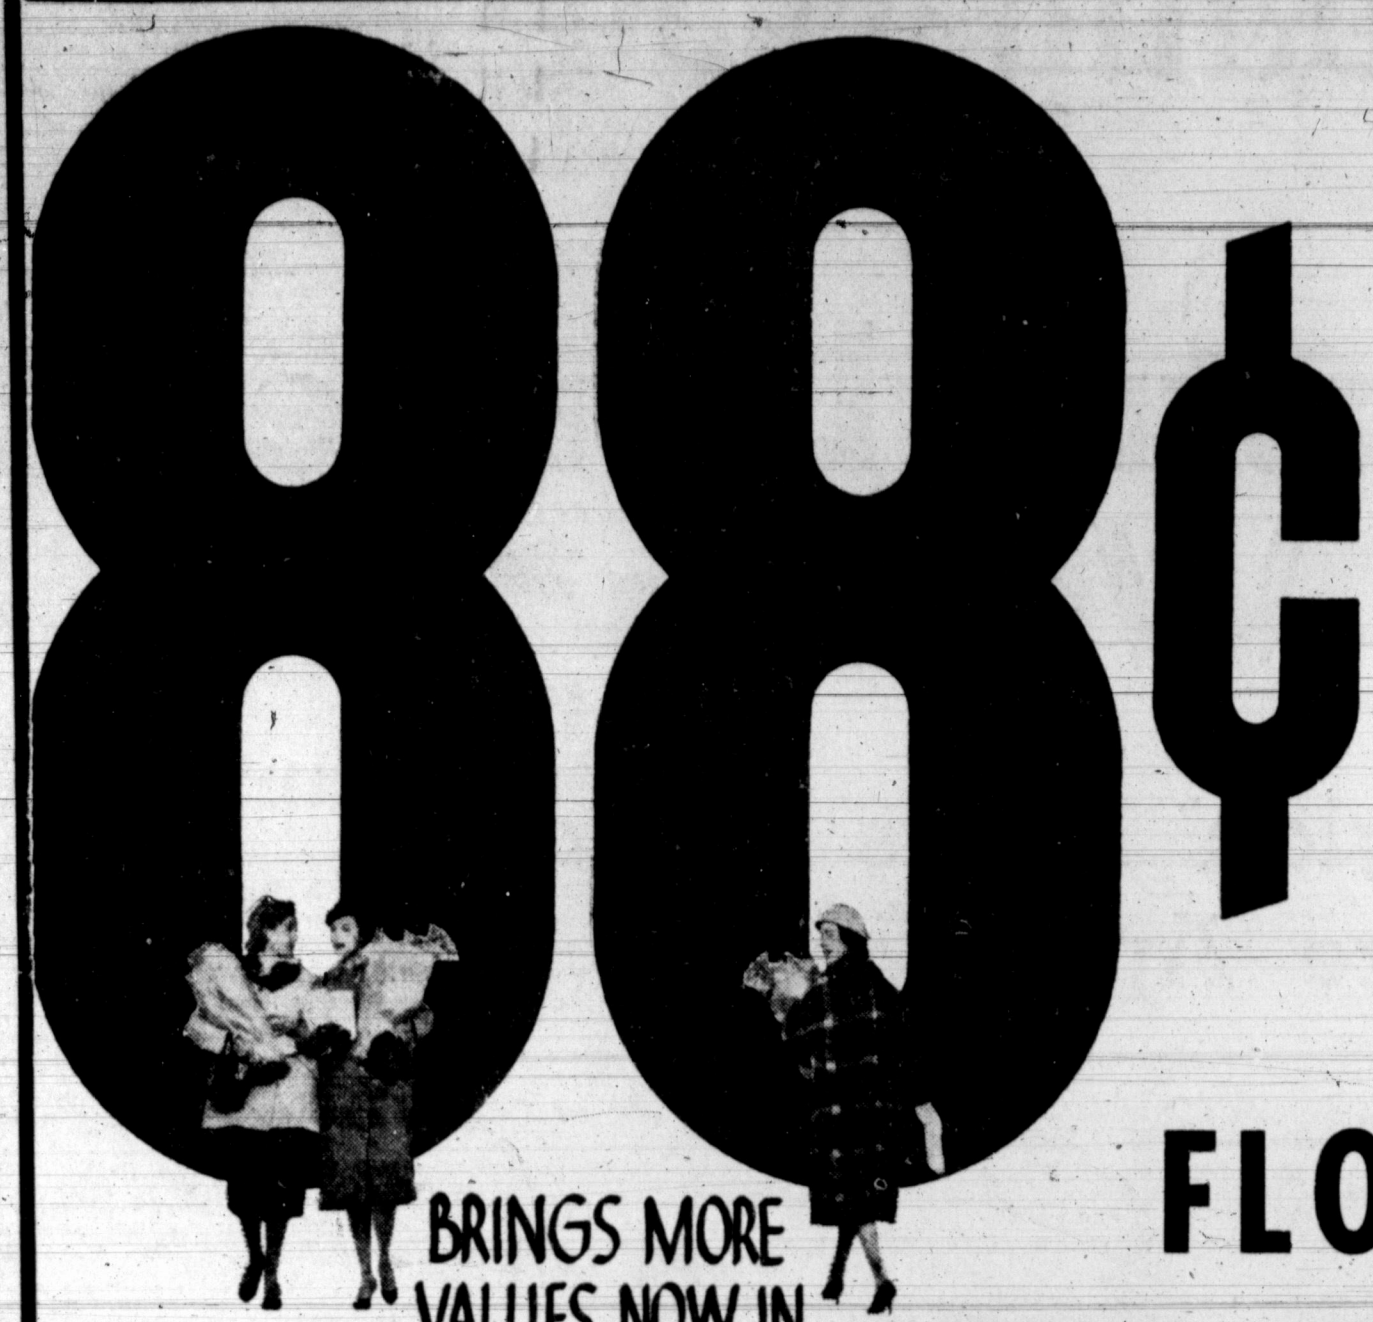

Previous Nationalist Chinese reports said Tibetans residing in Sikang, Chinghai and Sinkiang in Tibet's border had joined the revolt. This was the first report that the fighting had spread inland.

Using Modern Guns
Reports reaching New Delhi from the Indian border town of Kalimpong said the Chinese Communists had launched a heavy surprise attack against Tibetan positions 150 miles southwest of Lhasa in their first penetration of that anti-Communist stronghold. Fighting was reported raging near Mangar. The Dzong north of the highway running from Gyantse to Shigatse, home of the Communist sponsored Panchen Lama. The reports said the Tibetans were taken unaware but still held the fortress village. The Communists attacked with modern guns and weapons and casualties are heavy on both sides, the reports said. A traveler reaching Kalimpong from the battle area estimated 300 dead and wounded on each side. The Chinese also were using (See REDS, Page 4)

(Continued From Page 1) bombing planes against the rebellious patriots' lines of communications in southwest Tibet, some 70 to 80 miles from the borders of Sikkim, Nepal and Bhutan, the reports said.

War Against Buddhism
A refugee who fled the area said a Chinese book through in the Mangar Ted Dong area would enable the Red army to penetrate into the chief stronghold of the tribesmen who rebelled against Red rule.

Reports reaching New Delhi also said the Communists had opened an all out war against the Buddhist religion in Tibet in an attempt to end the influence of the Dalai Lama, the god king of the Tibetans.

Buddhist sources said several thousand followers of the Dalai Lama have been placed in concentration camps and that the ones considered "less criminal" are being used as forced labor to rebuild damaged roads and monasteries.

Cotton Men Adopt New By-Laws

MEMPHIS (Sp1)—Directors of the Rolling Plains Cotton Producers Association adopted by-laws for the organization at a recent meeting in Memphis and took the final steps to place the organization in full operation, V. C. "Zip" Durrett, president of the board, stated.

The organization will furnish a building and equipment for a cotton classing office to be located in Memphis. The office will serve a 12-county area including Motley, Cottle, King, Childress, Collingsworth, Donley, Hall, Wheeler, Briscoe, Armstrong, Gray and Carson Counties, and also some fringe area counties which are not major cotton producers.

Approval for the office was received from the U.S. Dept. of Agriculture on March 25. Work toward the establishment of the office began back in December of 1948 when over 300 farmers from several counties met in Memphis and discussed the possibility of establishing such an office here.

Present directors are J. W. Reed, Quitaque; Dudley Cheving, Cee Vee; Dutch Hunter, Childress; Dick Sweett, Wellington; J. H. Wood, Lella Lake; J. R. Heffley, Wheeler; B. K. Blankenship, Quitaque; A. J. Garland, Clarendon; Leamon Andrews, McLean; L. B. Collins, Panhandle and Durrett, Lakeview.

Work is expected to begin in the near future on remodeling of a building which will be used for the classing office.

Paint, Glassware Found Near Tracks

Pampa police are investigating today the discovery of three boxes of glassware and a box of paint cans, found Wednesday afternoon along the Santa Fe railroad tracks by Dale Brown, 864 S. Faulkner.

The mysterious cache of glassware and paint was found in containers that had been carefully checked to remove all identifying marks.

The paint—four one-gallon cans—was found to be the property of an Allison firm. There is no indication of how the glassware and paint happened to be hidden here.

Rotary Hears Kimbrough

Frank Kimbrough, athletic director of West Texas State College in Canyon, yesterday talked to the Pampa Rotary club about the new stadium being built at the college to accommodate 20,000 spectators.

Kimbrough outlined several features of the stadium which he said were unusual from the standpoint of spectator convenience and explained that Pampans would soon be contacted to contribute to the project.

The athletic director said that \$400,000 had been allocated from state funds for the structure but that \$700,000 was needed and hence the drive to raise \$300,000.

Two new members, Darryl Kisse and Pat Burtis, were inducted into the club after being introduced by George Scott.

Club president Don Cain announced that club attendance last month averaged 94.95 per cent of the total membership and urged an even greater effort to hit 100 per cent.

Visitors and guests for the day were Irving Polk, Rick Perditz, Jack Berthelme, Jim Abney, Cleo Wilson, Jack Roberts, D. W. Osborne, Lester Wilde and Roy Park.

Pampan's Father Dies In Louisiana

Word has been received by the News of the death of John Cook, 78, father of Mrs. John Kirby, 1207 E. Kingsmill. Mr. Cook died Tuesday morning at 5 in New Orleans, La., where he had been visiting with another daughter, Mrs. J. B. Jones.

The body is being brought to Perryton for interment services at 2 p.m. on Friday in the First Methodist Church.

Mr. Cook, born Oct. 27, 1880 in Dallas County, had been a farmer in Ochiltree County since 1907. He was a member of the Perryton First Baptist Church.

In addition to his two daughters, he is survived by three sons, Claud of Perryton, J. C. of Dallas, and W. G. of Fort Worth.

Mother, Baby Care Course Postponed

A mother and baby care instruction course, slated by the Pampa Red Cross, has been postponed indefinitely, according to Mrs. Frank W. Shotwell, executive secretary.

Miss Lillian Adams, a Red Cross worker from St. Louis, was to have taught the course but was assigned to a disaster operation at Hillsboro.

Since disaster services are given priority, Miss Adams will not be here Wednesday as expected. Registered nurses, who had planned to assist with the course, will be notified when a new schedule is planned.

Girls Take Purse From Parked Car

A silver purse, which held \$16, various identification cards and a drivers license, was taken Wednesday afternoon from a parked car in front of the Howard Gobe home, 720 N. Frost.

Mrs. Gobe told police she had left the car for a few minutes to write a note. She looked out her window and saw three young girls standing near the car, and later saw one of the three enter her car. When she went outside she discovered her purse missing.

Mrs. Gobe said she recognized the girls as sisters, ages 14 to 16. She said she would appreciate the return of her purse and identification cards whether the money is returned or not.

Elks Installation Set Friday Night

The Pampa Elks Club is holding its installation of officers Friday night at the Elks Lodge, Exalted Ruler LeRoy McBride reported today.

The installation will begin at 7 p.m. under the direction of Earl McCroskey, an Elks officer from Oklahoma.

Among the new Elks officers are Tom Kitchens, exalted ruler; J. B. Blakemore, leading knight; A. J. Carubbi, loyal knight; Leonard Enterline, lecturing knight; and Dean Prall, trustee.

Pair Enter Pleas Of Not Guilty

Two Pampa men entered pleas of not guilty Wednesday in separate cases heard in county court by Judge William Craig.

Cole C. Wilson, Rt. 1, entered a not guilty plea to charges of aggravated assault upon his wife, Deanna Wilson. His bond has been set at \$1,000. The alleged attack occurred Sunday.

Delmer Newman, 1301 S. Barnes, said he was innocent of a charge of theft filed by an acquaintance, Guy Rhodes. Rhodes said Newman stole his .22 caliber rifle Friday. Newman's bond has been set at \$500.

Motorist Fined \$100

A Skellytown motorist, Robert Lee Howard, was fined \$100 and \$32.20 court costs today in county court after he entered a plea of guilty to drunken driving charges. Howard was arrested by Highway Patrolman Travis Underwood.

MOTORIZED MILKING—There's more than one way to milk a cow, as demonstrated on this farm at Oestra Ljungby, Sweden. Troubled by frequent power breaks while using his electric milking machine, farmer Anders Olsson decided to employ the power from his automobile engine to do the job. All he needed was a siphon fitted onto the auto's air-intake valve, a hose and a pulsator. When the chore's done, Olsson puts the cans in the car and drives away.

Food Shoppers To Have Jolly Time This Weekend

WASHINGTON (UPI) — Food shoppers with an eye for variety and favorable price tags won't be disappointed this weekend, for there are plentiful supplies of numerous high protein foods, fruits, and vegetables for every menu.

Always-popular broiler - fryers and turkeys are in abundant supply, as are favorite cuts of pork and beef which are being featured at many markets across the nation. Eggs are particularly attractive buys, as are a number of other dairy products.

Fruit bins continue to offer excellent supplies of oranges and grapefruit, as well as apples from last year's bumper crop. Bananas, pineapples and avocados are offered widely, and strawberries are coming to market in increasing quantities.

In the vegetable line, there's no dearth of choices. These include potatoes and sweet potatoes, cabbage, lettuce, celery, cucumbers, carrots, spinach, broccoli and asparagus. Also, cauliflower, tomatoes, sweet corn, radishes, collards, mustard, kale, green

White House, Eisenhower's Mail Address

WASHINGTON (UPI) — Back stairs at the White House: With President Eisenhower moving around a good bit, it is only natural that some Americans who don't follow the news too carefully have some difficulty in understanding where he really lives.

This is reflected by the not-so-few letters addressed to him in care of Congress or to the Capitol building in Washington.

Tourists to Washington sometimes display this same peculiar notion of the President's proper whereabouts. Frequently in the spring, tourists will inquire of the White House police: "I know this

is the White House, but where does the President live — The Capitol?"

The Washington postmaster learned long ago that a certain number of Americans address their letters to the President to Congress. They are delivered to the White House regardless.

Some letter writers try to make it about as hard as possible for their missives to reach the President because of the cute way in which they address their envelopes.

A letter addressed simply to "Ike" can be dropped in a New York City mailbox and wind up at the White House within a few days.

And the way some of us spell his name when we write to him—Eisenhair, Eyzenhour, Ikey. Hundreds of us, when we sit down to pour out our problems to a president, address our letters to him in red, white and blue. In fact, letters bearing only a crude crayon drawing of the American flag have been known to end up at the White House.

Some of the faithful at the Augusta National Golf Club where the President is vacationing report that he shot a 79 over 18 holes the other day. If true, that is as good as some of the lesser

US COMMUNISTS BALLYHOODING YOUTH MARCH ON WASHINGTON

By LYLE C. WILSON
United Press International

WASHINGTON (UPI) — The political underdog: U.S. Communists are ballyhooing a Youth March on Washington timed for next Saturday, April 18. It will be a propaganda protest march in behalf of further federal action on civil rights for Negroes. The demonstrators will march by bus from cities as distant as Chicago, according to The Sunday Worker, publication of the Communist Party, U.S.A. The marchers probably will peacefully picket the White House, a well-tested propaganda tactic. A delegation will seek audience with President Eisenhower and fail, a sure fire publicity gimmick. The Sunday Worker said 300 buses had been chartered as of a week ago, 150 of them in New York City.

—The Committee for Constitutional Government, New York, is ballyhooing for a grass roots rebellion against big time government spending, against currency inflation, against paying government bills with borrowed money, against increasing the national debt. The committee warns: "The buying power of your dollar already has been cut drastically by inflation. It is going to be cut much further... to as low as a 10 cent dollar... unless you take steps now." The purchasing power of the U.S. dollar has been trimmed by inflation in the past 20 years to less than 50 cents.

—Heaviest barrage of protest

against the proposed Kennedy-
Ervin labor control bill comes from the American Retail Federation. Sen. Barry Goldwater (R-Ariz.) calls the Kennedy-Ervin effort a sweetheart bill, meaning that the labor leaders love it. In its latest salvo against the bill ARF asserts that the current version of the Kennedy-Ervin bill would add to the union organizer's weapons a "pre-hearing election" procedure which, in effect, would enable union organizers to impose on small businessmen "rigged elections." ARF is an affiliation of 70-odd national and state retail associations such as the National Association of Chain-Drug Stores, the Alabama Council of Retail Merchants.

—Massachusetts' Sen. John F. Kennedy is facing up to the fact that a politician with presidential ambitions needs to be known as a friend of the farmer. Kennedy is just back from a pulse-feeeling swing through Wisconsin and Indiana. He opened his campaign for the farm vote on April 11 in the cause of the family-size farm and urging farm-cooperatives to help farmers jointly to protect themselves on the price level. Kennedy learned the hard way that nominating conventions favor a friend of the farmer. He lost the 1956 Democratic vice-presidential nomination to Sen. Estes Kefauver, Tenn. Kennedy's voting record on the 1956 farm bill which Eisenhower vetoed apparently was a major factor in the choice between Kefauver and Kennedy. Kennedy had voted for and Kefauver had voted against flexible farm price-supports. Kennedy voted against 100 per cent parity support for wheat used as food for humans. He voted against the whole bill, one of three Senate Democrats to do so.

—The word that killed off Robert A. Taft's 1952 effort to get the

Republican presidential nomination is being heard again, but not so loudly, against Vice President Richard M. Nixon. The word about Taft in 1952 was: "He can't win." The Republican Party most desperately wanted a winner in Appleton, Wis. pleader. Look magazine just has polled Republican County chairmen and other grass roots politicians on their choice between Nixon and New York Gov. Nelson A. Rockefeller for 1960. Some say they doubted Nixon could be elected but they put a new twist on it. They were for him, anyway, on principle.

Wheeler Wins Appointment To WT Institute

WHEELER (Sp) — William W. Wheeler, math and science teacher at Kellon High School is among 43 winners of appointments to the National Science Foundation Summer Institute at West Texas State College, according to Dr. W. D. Compton, institute director.

Business Views

United Press International

Personal income in March rose to another new high. It was the biggest month to month gain since mid-1955. The seasonally-adjusted annual rate in March was \$368,600,000,000—an increase of \$3,200,000,000 over the previous month and an increase of \$19,900,000,000 over a year ago. Most of the increase was in age and salary payments.

The House banking subcommittee approved a bill providing \$251 million for federal aid to areas of chronic unemployment—off sharply from the \$389,500,000 authorized by the Senate.

Skelly Oil Co. and Tidewater Oil Co. are negotiating a merger according to John S. Freeman, president of Skelly. Both companies are controlled by Getty Oil Co. through intermediate holding companies. Some experts say the merger may be the prelude to a consolidation of the entire Getty empire.

Winners, all high school mathematics or science teachers from West Texas, will attend the institute for 12 weeks, opening June 2 and continuing throughout the summer term, which closes August 21. Each will receive a weekly stipend of \$75 plus an allowance of \$15 a week for each dependent.

The institute's program will include classroom and laboratory work, field trips, and lectures by visiting scientists, and work in chemistry and physics and mathematics. Work during the first and second terms in mathematics includes "Survey of Modern Mathematics" and "Basic Principles of Electronic Computers".

Offerings in chemistry for both terms include "Principles of Chemistry for Teachers" and "Topics in Chemistry for Teachers". The work in physics is titled "Fundamental Physical Concepts."

HAS ITS PLACE
WASHINGTON (UPI)—Sen. Everett M. Dirksen (R-Ill.) addressing a conference of Republican Women on "fiscal soundness and stability," explained to the ladies: "Rubber is good in a woman's girdle, but not in the buying value of the dollar."

Holding the line on wages would enable the steel industry to hold the line on prices "and these two cannot be separated from each other despite some statements to the contrary." Joseph L. Block, chairman of Inland Steel Co., said. Block's remarks came a day after the union proposed a steel price freeze as one of the terms of a new wage contract.

Begin New Fiscal Year After Filing Income Taxes With Economical Dish

ORIENTAL BEEF DINNER provides a company meal on a narrow food margin. The breadwinner of the household will more than appreciate your budgetary concern during income tax month. Featured in this dish are two meats—ground beef and pork.

Coffee Tea, Milk

Every homemaker and breadwinner knows that April means income tax and usually a reappraisal of the family's budget.

If the homemaker has over-stored her food allowance in the past year, perhaps some new ideas featuring the versatility of ground meat casseroles would be appreciated.

Often times ground meat takes a back seat when entertaining is scheduled. This needn't be as is exhibited by this Oriental Beef Dinner.

You'll find this casserole a real budget balancer while your guests will find it a perpetual palate pleaser.

Actually, once the ingredients for this casserole are combined, the hostess' work is over. Once in the oven, the casserole needs no

watching. As you'll notice, two different ground meats are called for in this recipe—ground beef and ground pork. It's the combination of these two meats that helps to place this dish so high on the list of favorite casseroles.

When purchasing these ground meats or any fresh ground meat, it is recommended that they be stored in the coldest part of the refrigerator. The meat is stored unwrapped or loosely wrapped.

Fresh ground meat should be used within one or two days after purchase. If any longer storage time is expected, the ground meat should be frozen.

TYPICALLY CHINESE
You'll recognize the ingredients in this recipe as typically Chinese—soy sauce, rice, water, chestnuts and mushroom pieces.

In addition to the ground beef and pork combination, ground veal and pork and ground beef and bulk pork sausage also present pleasant tasting twosomes for many delightful dishes. For exam-

ple, ground smoked ham and ground pork make an excellent basis for the preparation of an Orange-Glazed Pork Loaf.
Ground meats can serve the homemaker in such a variety of different ways that it's to her advantage to keep a sharp look-out for any new recipes featuring them.

ORIENTAL BEEF DINNER
1 pound ground beef
1/2 pound ground pork
2 cups coarsely chopped onion
1 cup sliced celery
2 tablespoons lard or drippings
1/2 teaspoon salt
1/4 teaspoon pepper
1-3 cup soy sauce
2-3 cup rice
1 can (4 ounces) water chestnuts
1 can (4 ounces) mushroom pieces

Cook beef, pork, onion and celery in lard or drippings until meat is lightly browned. Pour off drippings. Add salt, pepper, soy sauce and rice to meat mixture. Drain water chestnuts and mushrooms, reserving liquid. Add enough water to the liquid to make 2 cups. Heat liquid to boiling point, then add meat mixture. Mix lightly; pour mixture into a greased 2-quart casserole. Cover and bake in a moderate oven (350 degree F.) for 1 hour, 8 servings.

Big Pitch For Little Snack

It takes a skillful pitcher to throw three balls across the plate for a strike out, whether he be major, minor, or little leaguer. In the nutrition league, you make a pitch for a similar feat when you limit yourself to three meals a day.

Because many of us do not call into play good meal-planning strategy, three meals may not be enough to strike out the desire for food and meet the need for calories, vitamins, minerals, proteins.

Hence, the wisdom of the well-planned coffee break or the television tidbit... the snack that satisfies and carries its quota of essential nutrients. As long as you balance the amount of food you eat with the amount of energy

Be Clever! Be Thrifty! Be A Whiz! Stretch Leftovers With Spanish Rice

Be clever, be economical, be a whiz at using left-overs. Here's one way! The left-over is the rest of the pork roast. The clever way is to stretch it with economical cooked rice. To about 2 cups of cubed, cooked pork, add some cooked rice, celery, onions and tomatoes. Add a dash of cayenne pepper and marjoram! Your supper is ready for the oven—in a jiffy!

The flavor of this casserole is rather like Spanish rice. And those dashes of seasonings, what they can do to make a masterpiece out of "just a dish".
MENU
JIFFY-DANDY SPANISH PORK
Buttered Green Beans
Fruit Salad
Lemon Meringue Pie
INGREDIENTS:
1/2 cup uncooked white rice
1 1/2 cups water
1 teaspoon salt
2 tablespoons cooking fat
2 cups chopped onions
2 cups sliced celery
about 2 cups cubed cooked fresh pork
1 can (1 lb.) tomatoes and juice

2 cans (8 oz. each) tomato sauce
1 teaspoon marjoram
1 teaspoon salt
1/4 teaspoon black pepper
1/4 teaspoon cayenne pepper
METHOD: Put the rice, water and 1 teaspoon salt in a 2-quart saucepan. Bring to a vigorous boil. Turn the heat down low. Cover with a lid. Simmer over this low heat 14 minutes. Remove 1 heaping saucup from the heat but leave the lid on 10 minutes.

While the rice cooks, melt the cooking fat in a skillet. Add the onions and celery. Cook, stirring, several minutes. Cover and cook over a medium to low heat about 15 minutes or until almost tender. Stir occasionally. Stir in the pork, tomatoes, 1 can of the tomato sauce, marjoram, 1 teaspoon salt, black pepper and cayenne pepper. Mix with the rice. Place in a greased 2 to 2 1/2-quart glass oven dish. Pour on the other can of tomato sauce. Bake in a preheated 350 degree F. oven 40 minutes or until most of the liquid is absorbed. Garnish with celery leaves. If any of the rice and pork mixture is left-over, it may be moistened and reheated. It is exceptionally delicious when reheated. This recipe makes 7 to 8 servings.

MOCK CHICKEN LEGS
Many times homemakers are unfamiliar with the term "mock chicken legs." What are they and how are they prepared? Actually they are a combination of ground veal and pork. The ground meat is molded around wooden skewers and then rolled in either cornmeal, crushed corn flakes, or break crumbs. Usually they are prepared by either braising or pan-frying.

meal until later. No matter what the plan, make sure the foods that cross your plate include enough: Enriched or whole grain bread or cereal, milk, meat or an alternate, fruits and vegetables.

Lemon-Banana Heavenly Delight Is Memorable Made-In-Moments Dessert

Take off your apron! Roll down your sleeves. Now make the prettiest, fanciest dessert of them all—in moments! It's gossamer satin in texture. It's dainty as a bridesmaid's dress in color. It's a delicate fantasy of flavor, blending banana, lemon, and a hint of nutmeg, just to assure that there never was quite such a flavor experience before. The name of the dessert? Lemon-Banana Heavenly Delight. Serve it in your fanciest glass sherbets or parfaits, or make it in a glass bowl to shimmer on your party table.

Unbelievably simple and quick to make, this show-off dessert is basically just whipped, flavored gelatin to which you add whipped cream that has been flavored with fresh banana. Heavenly Delight is ready to serve right there, if you like a soft custard texture, or for a firmer texture, chill before serving.

Make festive Lemon-Banana Heavenly Delight hours ahead, or even the day before company is coming. To prepare its delicious secret ingredient, banana, cut the banana into chunks or slices, and mash thoroughly with a fork or beat with a rotary beater until the banana is like a liquid. Garnish this dessert with overlapping slices of fresh banana just before

servicing. The creamy banana color is very pretty with the pastel yellow of the dessert.
Don't hesitate to experiment to your heart's content with this simple, basic formula for a fabulously handsome dessert. Try raspberry, lime, cherry, orange, gelatin flavors. Banana blends wonderfully with them all, and the colors will do you as proud as the flavor.

LEMON BANANA HEAVENLY DELIGHT
1 package lemon gelatin
1/2 cup heavy cream, whipped
1 tablespoon nutmeg
2 ripe bananas
Prepare gelatin according to package directions. Let gelatin sit until partially thickened. Peel and mash bananas and combine

with whipped cream and nutmeg. Fold into gelatin. Chill. Makes 6 servings.

LEFTOVER LAMENT
If leftover ham is taxing your creative culinary abilities, simply turn to this recipe... Ham and Corn—Southern Style. Combine 3 cups of diced cooked ham with a 10-ounce package of frozen lima beans, cooked, a 16-ounce can of cream-style corn, grated onion and prepared mustard. Heat mixture through and pour into a greased casserole. Top with corn-bread batter and bake in a hot oven (400 degrees F.) 20 to 30 minutes.

Nicest wagon that ever joined your family!

Chevy's station wagons should really be called family wagons. They're roomiest where you need the room. And you can choose from five models, including the Kingswood, with its rear-facing rear seat that gives passengers a whole new outlook!

Here's a brisk and breezy wagon that'll take on any chore you name, from a trip to the beach to a journey home from the lumberyard. There's room, you see, for a whole half-ton of cargo. And plenty of flat, unobstructed space it is—ten feet long, with the rear seat and tailgate down. These wagons are easy to load, too—you just roll the rear

window into the tailgate and flip it down flat. There's no liftgate to wrestle with. Of course, the nicest thing about a Chevy wagon is the way it takes care of its tasks. Chevrolet's got a crisp, smooth brand of roadability so easy to handle it's a natural for the lady of the house. Chevy's even got bigger tires—they come as

standard equipment on every one of our wagons. Big, safer brakes, too. But why not fall-in-love with a Chevy wagon firsthand—at your Chevrolet dealer's!

ATOMIC POWER FOR MINNESOTA — Dr. Marshall G. Holloway examines model of first U.S. rural co-operative nuclear reactor. The 22,000-kilowatt reactor, a closed-cycle boiling water type, will be built for the Rural Co-operative Power Association of Elk River, Minn., under an Atomic Energy Commission contract. It will furnish electric power to 40,000 users in Minnesota. Dr. Holloway is president of Nuclear Products.

Special Taxes To Be Repealed If Texas House Bill Makes It

AUSTIN (UPI)—Here is a breakdown of the \$151,688,800 tax bill that sits in the Texas House today waiting for final action.

- Included are amounts of the levies in specific products, services or businesses, and the expected annual yield.
- Under the bill, three special taxes would be repealed. These are the gross receipts taxes which produce approximately \$452,000, the theater admissions tax which yields about \$332,000 and the prizes and awards tax that brings in about \$18,000 annually.

Here is the breakdown of the proposed tax bill:

- Natural gas production tax, raised from 7 to 8 per cent of market value, \$6,000,000.
- Sulphur, cut from \$1.40 per ton to \$1.03, a reduction in state revenues of \$800,000.
- Motor vehicle sales tax, boosted from 1.1 per cent to 1.5 per cent, producing \$7,200,000.
- Cigarettes, levy raised from five cents per pack to seven cents, estimated to yield \$19,200,000 annually.

—Miscellaneous occupation taxes cut, reducing state revenue \$27,022 a year.

- Coin-operated machines, licenses raised from present \$5 for all machines to \$12 a year for penny machines, \$30 a year for nickel machines and \$60 a year for 10-cent machines and above.
- Motor fuel, reducing the refund now received by non-highway users such as farmers and airlines from 100 per cent to 75 per cent, yielding \$4,100,000 a year.
- Adjusting and "leveling-off" gross receipts levies on utilities such as telephones, gas, power and telegraph companies, yielding \$800,000 a year.
- Radio and television sets, levying a 2.2 per cent tax on components, parts, accessories and tubes, \$3,150,000.

—Stores and mercantile establishments, a readjustment of the tax on chain stores, expected to produce \$38,000 a year.

Special fuels tax, redefining levies on liquefied petroleum gas such as butane and propane, \$800,000 a year.

Distilled spirits, a 5 per cent retail sales tax, \$8,100,000 per year.

Wine tax, tripled, \$1,100,000.

Retail beer licenses tripled, \$1,100,000.

Cigars and tobacco, including snuff, 40 per cent retail sales tax, \$9,000,000.

Corporation franchise taxes, raised approximately 35 per cent on a one-year-only, temporary basis, from the present \$2.25 per \$1,000 of taxable capital to \$3, to yield \$12,300,000 for the one year.

Lubricating oils, two cents per quart, a retail sales tax, \$5,900,000.

Aircraft parts and auto parts, 2 per cent retail sales tax, \$2,600,000.

Business machines, 5 per cent tax on sale, lease or rental, \$1,000,000.

Commercial rentals, including apartment houses, 2 per cent, \$7,679,000.

Hotel rooms, a 5 per cent retail sales tax on occupancy, to be paid by the guest, \$5,600,000.

Restaurant meals, 3 per cent tax on meals above \$1, estimated to yield \$4,800,000 a year.

Club dues, 5 per cent, excluding civic, benevolent, charitable and professional clubs, \$1,000,000.

Luxury items, a 10 per cent increase on some 50 items including musical instruments, sporting goods, phonograph records, jewelry, cosmetics, boats, furs, leather goods except wearing apparel, opera glasses, pearls, toilet preparations, silverware, china, pottery, pocketbooks, luggage, watch

JACOBY ON BRIDGE

When your side has the better cards it is your hand and it is up to you to get the most out of your cards. When the opponents hold the better cards you will be unable in many instances to do anything but sit back and hope that they will go wrong but on some occasions you will be able to embarrass them by preemptive bids.

Left to himself North would have opened the bidding with one spade. East might have over-called but eventually North would have played at least a spade game and possibly a spade slam. The only trick he would lose would be the ace of spades and he would have scored game and rubber and possibly the slam bonus.

Ann Burnstone sitting West opened with three diamonds. It was the other side's hand but she was not vulnerable and was not going to sit around and wait for the ace. North doubted, it would have worked out better if he had big three spades but he held four hearts and a good hand.

Edith Kemp sitting East leaped right to six diamonds. She knew that her partner could not come close to making it but she also felt that the opponents would not let her play it.

Sure enough, South went to six hearts. Who can blame him?

Ann opened the seven of clubs. It was a good guess. South had to lose a club and the ace of spades and his good cards had cost him 100 points.

PASS THE COFFEE

CHICAGO (UPI)—The Chicago Salvation Army reported receipt of an historic memento of France from a grateful World War I doughboy.

L. J. Smith, 68, of St. Petersburg, Fla., sent the stone-like souvenir with a note which explained it was a doughnut given him 43 years ago by a Salvation Army lassie. Now it's a doughnut that really needs to be dunked.

Try A Classified Today

Rick Pezdirtz purely paydirt

It is written that one swallow doth not a summer make. Cervantes or one of those high dome thinkers said it. Dean Martin, maybe it was, referring to another brand of swallow. Like say, Four Roses!

Neither doth one man, a cinder squad make. But congenial Dwan Lyon, the quiet guy who track coaches for Pampa High, is thinking these days one man a lotta big points can make.

Last spring it was the lithe blond comet, Alton Thygerson, who blinked his tall lights at everybody in the 100 and 220 yard dashes as down gusty paths he pumped, spraying cinders in an angry wake. The same Mr. Thygerson who with a mighty thrust of his torso at the wire, captured first in his two spring specialties in Austin at the state schoolboy meet last May.

Now this spring, along comes another blond bullet who can be identified as Rex Williams. The latter foot-racer ain't exactly trying to make Harvard rosters forget the '58 meteor, Thygerson, but this blurrily-marvel, Williams is keeping a crooked grin plastered on the tanned mug of his coach, Mr. Lyon.

Just as Thygerson was the Giant Gun last spring, Williams is the Big Shot for Pampa this year. Of 118 points collected by the Harvesters, Rex has personally accounted for over half, 69 and three-fourths in six meets.

Rex's specialties are the hurdles although he's done some crack work in the weights, with discus and shot. Over in Amarillo this weekend, young Williams will put his famous wheels in motion again.

And, dear hearts, there's no thinking otherwise, the fledgling whippet, has speed to burn. All the better to burn your record books with, granddaughter dear.

Watchit, Records Falling!

Say Mr. Weatherman (you'll do Dan True, if you're listening) let's fix up a healthy batch of Sunshine for the weekend. You provide the warm shiny stuff and Williams might just make with a wholesale assault on them record books.

As it now stands, Pampa's Dickie Barrett's 1957 clocking of 15.45 in the 120-yard high hurdles ranks as the best District 3-AAAA mark, and Berger's Bob Knight's 20.8 in the 180-yard low hurdles, written in the records the same year, are swimming in deep water and with favorable weather might be sunk out of sight by Williams.

Already this spring the Pampa sparkplug has bettered those times. And by a goodly margin too. In the Southern Invitational Meet in Duncan, Oklahoma, Rex bettered the 15.45 in the high hurdles with a superb 14.8 effort while in the low hurdles he 20.1 in the same meet stacks up impressively against the 20.8 conference record.

That 14.8 by Williams in Soonland, by the way, is only 8-th of a second off the 14.0 time turned in by Dick Durham of LSU, which stands as the best collegiate mark clicked off yet this spring.

Darby, Cantrell On Top

Still on the cozy subject of records, you may like to know Thygerson's 22.2 last spring ties him with Monterey's Bill McCauley of 1957, for the conference record in the 220-yard dash.

In Region I, two of Pampa's all-time track greats, John Darby and Jon Cantrell, performing in 1954 and 1955 respectively, in the Region I meet at Lubbock, still hold regional records.

In 1954, Darby ran a sizzling 19.2, 220-dash, almost a full second better than this year's best time by Williams; and Cantrell put the shot a neat 55-8 1/2, well over the 3-AAAA record of 50-0 by Spencer Johnson, who will represent Tascosa this spring in the loop meet after setting the mark for Amarillo High last year.

Babe Sez Rex Rough

Back to this year's Harvester hero, Mr. Williams. In Pampa's half dozen meets thus far here's a sketch of Rex's success picture.

COMMANCHE RELAYS at Fort Stockton, Williams tallied only team point with a 4th place finish in the high hurdles.

POSSUM KINGDOM RELAYS at Graham, scored 6 of 10 team points with pair of seconds in both hurdle events.

WEST TEXAS RELAYS at Odessa, netted 6 of 11 points with first place in high's and fifth in low's.

MUSTANG RELAYS at Andrews, high individual scorer for meet with 34 of team's 63 points, romping home first in both hurdles and discus and 4th in the shot.

SOUTHERN INVITATIONAL at Duncan, accounted for 12 of 16 team points and again high for meet with firsts in both hurdles and 3rd in shot.

AMARILLO RELAYS, tallied 10 and 3/4ths of 17 team points with first in the high's and 3rds in the low hurdles and discus plus 1st on 2nd place 40-relay team.

This Williams is a "real rough corner on those hurdles," grid coach Babe Curtman says. He's a real one-man gang, our side Rick Red Griggs informs. But leave us not forget the other three guys who've been doing well also with their track participation this year for the Harvesters, especially big Paul Brown, Charles Warren, Tommy Locke, John Gross and Buddy Rawls.

They'll all have to run like a whirlwind to help dark-horse Pampa to a lofty finish in the conference meet. Up and at 'em men.

WHITE DEER BUCKS CAPTURE DISTRICT 2-A TRACK AND FIELD CHAMPIONSHIP

PANHANDLE (Sp) — The White Deer Bucks won the District 2-A track meet here Wednesday, scoring 42 points. Second place Clarendon had 33 points, Canadian 24, Lefors 19, Memphis 18, McLean 12, and Panhandle 6.

John Morrow of Clarendon was high point man with 18 points. He won the pole vault, high hurdles, and high jump, and was second in the 440-yard dash.

Six Game Home Stand Begins

Harvesters to Play Lubbock Friday, Monterey Saturday

BY RED GRIGGS Daily News Sports Editor

Deck Woldt's Harvester baseball team begins a crucial six game home stand here Friday at 4 p.m., against the Lubbock Westerners. Then Saturday at 2 p.m., the Harvesters play host to the Monterey Plainsmen.

The Harvesters are now tied with three other teams—Amarillo, Monterey, and Tascosa—for third place. All have 2-2 District records. They trail second-place Lubbock by one game and loop-leader Borger by a game and a half.

By beating Lubbock Friday, the Harvesters can grab at least a tie for second place. The Monterey game may prove even more crucial, since the Plainsmen were rated as the top flag contender in a pre-season poll of coaches.

MIAMI BEACH, Fla. (UPI)—

Sonny Liston, a bomb-throwing heavyweight contender from Philadelphia by way of St. Louis, today was clamoring for a fight with anybody, including champion Floyd Patterson.

Liston, because of his impressive record, has had trouble finding suitable opponents in recent months. And his search figures to get tougher considering the easy manner in which he demolished rugged Cleveland Williams of Houston, Tex., Wednesday night in a nationally televised bout.

Reaper eighth grade probable entries are Jerry Vance, low hurdles and 440-yard dash; Gene Daviss, low hurdles, 100-yard dash, 440-yard relay and broad jump; Jerry Hale, 50-yard dash, 100-yard dash, 220-yard dash, and broad jump; J. L. Ferguson, 50-yard dash, 440-yard dash, 440-yard relay, and shot put.

Pen Ingram, 220-yard dash; Alvin Phillip, 440-yard dash and high jump; Ronald Goodwin, 100-yard dash, pole vault, and 440-yard relay; Randy Matson, shot put and discus.

McLean; Worsham, McLean, Wiggin, McLean, Discus—McCauley, Memphis, 142 feet, 2 inches; Johnson, Lefors; Richardson, Clarendon; Coday, White Deer, Pole vault—Morrow, Clarendon, 11 feet; Nolan, Lefors; Bridges, Memphis; Smith, Lefors.

KEITH YAGER ... to start Friday

MYERS GETS RETURN MATCH WITH ROBERTS

Nick Roberts hasn't exactly been yelling for a return match with Sonny Myers, but like it or not, Roberts will have Myers to contend with Saturday night at Top of Texas Sportsmen Club.

The rugged Mr. Myers intends to do his best to tear Mr. Roberts limb from limb for some shenanigans Nasty Nick pulled last Saturday in a tag team match.

Promoter Bob Geigel, who aims to please the fans—who were quite unhappy about the decision—says there will definitely be another referee this time.

ARRINGTON LEADS MIAMI THINCLADS

BRISCOE — Miami Junior High ran off and hid from the rest of the field in the annual District 10-B track and field meet held here with lowering Mark Arrington, a 6-3 eighth grader, tallying more points by himself than second place Allison.

Arrington was first in the 75-yard dash, broad jump, high jump and shot put. He added a second place finish in the 50-yard dash to account for 23 of Miami's 54 points.

Allison, finished the meet with 22 points, one less than Arrington, while Mobeetie with six and Wheeler with five rounded out the scoring.

The one-man show, Arrington, put the shot 41-6, high jumped 5-4, broad jumped 15-8 1/2, and ran the 75-yard dash in 9.2.

Tigers, Pirates Fail To Win In 1st Week

By MILTON RICHMAN United Press International

Please, somebody, open up that starting gate so poor Pittsburgh and Detroit can get out.

Here the season is only a week old and the Pirates and Tigers already have hit rock bottom with identical 0-5 records. If they don't get a move on soon, you can put a big black asterisk in front of both entries denoting "left at the post."

Pittsburgh and Detroit can console themselves by recalling the 1951 Giants lost 11 in a row during April and still came on to win the pennant.

That isn't much consolation, though. Not when the Pirates remember they dropped their first eight games of the season in 1955 and finished last or when the Tigers think back to how they also wound up in the basement after losing their first eight games in 1952.

Cincinnati handed the Pirates their fifth straight loss, 10-5, Wednesday while unbeaten Cleveland stayed atop of the American League standings by dealing the Tigers their fifth consecutive setback, 2-1, in 10 innings.

Woodie Held's third homer in two days powered the Indians to their fourth straight victory in their 10-inning struggle with Detroit. Held, who blasted a pair of homers on Tuesday, stroked the game-winning smash Wednesday off Ray Narjeski with two out in the 10th. Cal McLish, a 16-game winner last year, picked up his first victory of the current season by going the distance and scattering nine hits.

Little Bobby Richardson and southpaw Whitey Ford were the standouts in the Yankee triumph over the Orioles. Richardson-lined a two-run double off loser Jack Harshman with two out in the

back, 2-1, in 10 innings. Held's Homer Wins

The Yankees remained close at Cleveland's heels by beating Baltimore, 3-1, for their third straight triumph; the Athletics handed the White Sox their first loss of the campaign, 10-8, and the Red Sox beat the Senators, 7-3.

In the National League, the Dodgers licked the Cardinals, 5-0, and the Giants made it four out of five by defeating the Cubs, 7-1. The first-place Braves were idle, as were the Phillies.

Helped carry the A's to their first victory of the year after three losses in a row although the White Sox almost pulled the game out with a seven-run rally in the eighth. Grim, credited with the victory, belted his homer off loser Barry Latman and rookie Kent Hadley hit a two-run homer for the A's off Claude Raymond for what proved to be the winning margin in the fourth.

Shortstop Joe DeMaestri of KC was hit over the left ear by a Latman pitch in the third immediately after Grim's homer. X-rays showed no fracture although he was carried from the field on a stretcher.

Rookie pitcher Jerry Casale was pretty much the whole show in Boston's win over Washington. The Brooklyn-born right-hander dotted out seven hits and clouted a 450-foot homer far over the left field screen with two on off loser Russ Kemmerer in the sixth.

Cepeda Homers Twice

The Reds had to battle from behind twice to down the Pirates. Cincinnati clinched the outcome with a five-run rally in the sixth inning during which Vada Pinson hit his second homer of the season with two on Jerry Lynch and Ed Bailey also homered for the Reds while Don Hoak connected for a three-run homer for Pittsburgh. Joe Nuxhall, aided by Bob Mabe's scoreless three-inning relief stint, was the winner. Bob Friend gave up 11 of Cincinnati's 16 hits in 5 1/3 innings and was charged with his second loss in as many tries.

Don Drysdale of the Dodgers struck out seven and gave up eight hits in curbing the Cardinals. Loser Larry Jackson started the crowd of 14,491 at Los Angeles Coliseum by striking out six, of the first nine batters to face him, but the Dodgers put together four singles for two runs in the fourth. Don Demeter homered in the sixth and Jim Baxes in the seventh as the Cards suffered their fourth loss in five games.

Orlando Cepeda, "low-bridged" by Moe Drabowsky in the second inning, slammed a pair of homers off the Cub right-hander—one in the fourth and another in the fifth—to pace the Giants to their victory. Felipe Alou also homered for the Giants, raising his season total to three.

Southpaw Johnny Antonelli struck out six and yielded only five hits in gaining his second victory.

Advance tickets for Saturday's matches are on sale at Levine's Department Store. Ringside seats are \$1.50, reserved seats \$1.25, and general admission \$1.00.

The mighty one goes out of the way to antagonize the fans, and last week he refused to perform an advertised feat of strength because of booing from the crowd.

It's a good bet that Myaki will use every dirty trick available to see that the anti-Atlas crowd (which includes almost everybody) isn't disappointed.

It would be hard to pick a favorite in the Atlas-Myaki match, because both matmen are about as popular with the fans as the Red Chinese Army is in Tibet.

Both wrestlers have the philosophy that "it's not how you play the game, it's whether you win or lose." And both men have done just about everything in and out of the book to win.

It's possible, however, that the paying customers may have more reason to dislike Atlas than Myaki.

Ted Out Two Weeks

BOSTON (UPI)—American League pitchers will have another two to three weeks to polish their form. Ted won't be back for at least that long.

Ted, of course, is Theodore Samuel Williams of the San Diego Williamses. And while a doctor's report Wednesday was dark news for Williams and the Boston Red Sox, it must have been met with relief by every opposing pitcher in the league.

Dr. Charles A. Fager announced after inspecting Ted's pinched neck nerve that the 40-year-old slugger won't be able to begin workouts for at least another 7 to 10 days.

He'll return to the Boston lineup wasn't expected for another two to three weeks.

Dr. Fager said that while Williams was "doing very well" he would have to continue to wear a protective neck collar four to six hours a day for the next week to 10 days.

After that, "if all goes well," said the Boston neurosurgeon, Williams would be able to discard the collar and "start active training."

Williams, six-time American League batting king who owns a .349 lifetime average since coming into the league 20 years ago, had already missed three Boston games.

He entered the New England Baptist Hospital for treatment of the injury, suffered in a spring training, two weeks ago. He was discharged last week, wearing the protective collar.

Prexy's Submarine Victory To Be Played On Television

MOUNT BERRY, Ga. — The president of Berry College is a former Texas farm boy who conquered homesickness and seasickness to become a submarine hero in the Pacific.

Dr. John R. Bertrand's distinguished World War II record came to attention recently only after the producer of a television program dug it up for use in his network program series "Silent Service."

A former White Deer, Tex., boy Dr. Bertrand farmed for a number of years on the Texas plains and taught in the Claude, Texas, public schools before entering the Navy. He laid aside his war record and uniform at the same time on Sept. 6, 1954, when he returned to civilian life after nearly four years in military service.

But he was an educator, who had attended West Texas State College and received BS and MS degrees from Texas Technological College in 1940 and 1941. Immediately before entering the Navy, he was studying for the PhD degree at the University of Missouri.

When his work in the armed forces in wartime was completed, he dismissed it from his mind. He taught sociology and was acting dean of men at Sam Houston State Teachers College for a year, and taught for one year and was assistant dean of agriculture at Texas A and M for three years. During this time, he completed work for the PhD degree at Cornell University.

DR. JOHN BERTRAND ... from White Deer

He had served on a submarine in the Pacific and had won the Silver Star and a Gold Star in lieu of a second Silver Star. His ship, the Bowfin, had made six war patrols while he was aboard and had received Presidential Unit and Navy Unit citations for the second, during which it sank 21,291 tons of Japanese shipping. His decorations had been for "conspicuous gallantry and intrepidity" in the second and sixth patrols.

Then came four years as dean of the basic division at Texas A and M and two years as dean and director of agriculture at the University of Nevada before he became president of Berry College in Sept., 1956.

The Bowfin's second patrol began Nov. 1, 1943, and continued until Dec. 9. Most of the action was in the South China Sea.

On Nov. 28, it sank one ship of a five-ship convoy and damaged another. A third turned and headed straight for the Bowfin. Gun fire began, and the second shot

exploded in the superstructure of the submarine, doing considerable damage.

Bertrand was transmitting bearings from the torpedo computer, alternating between the fore and aft target bearing transmitters. Overhead shells were flying. They were exploding much too close for anyone to have a sense of security. He had been at the forward trans-

DeGaulle's Algerian Record Has Been Nothing But Failure

Foreign News Commentary
By PHIL NEWSOM
UPI Foreign News Editor

It was just short of a year ago that dissident French forces in Algeria rebelled against a weak and vacillating government in Paris and started the revolt that brought Gen. Charles de Gaulle to power.

Their aim: Total integration of Algeria with France and an end by whatever means to the war by which Algerian Moslems sought to sever their connections with France and set up a free and independent Algeria.

On June 1, De Gaulle took office as premier with three special powers. They were:

To govern France by decree for six months.

To revise the constitution.

To deal with the situation in Algeria.

Fails In Algeria

Whatever else his successes may have been, his record in Algeria to date has been nothing but failure.

He has not been able to halt the Algerian war which costs France nearly three million dollars per day, nor has he been able to satisfy the extreme right French in Algeria who started the revolt a year ago.

The situation in Algeria remains distressingly similar to that which existed before the final French defeat in Indochina some five years ago.

French occupation of Algeria began more than 100 years ago. Since World War II the French have given lip service to increased Algerian independence but have shown few real evidences of doing anything about it.

Terrorism Unending

The rub results from the fact that in Algeria there are about eight million Moslems against one million French. The French in Algeria, many of whose families have been there for generations and regard it as their permanent home, fear that all the gains of years would be wiped out in the event of Algerian independence.

New Senate Office Building Will Run Into More Money

The Lighter Side
By FRANK ELEAZER
United Press International

WASHINGTON (UPI) — To rest up after a bout with Form 1040 I dropped in at one of the Senate Appropriations Committee's new hearing rooms where the chairs are soft, the lighting easy, and the weather built in.

I'm not sure now this was the best place for a taxpayer to relax.

The senators were considering adding an extra five million dollars or so to the 129 million we previously have provided to keep Congress running this year. And the way Capitol architect J. George Stewart told it, every item looked like a must.

Take furniture for the senators' new office building. Stewart said the million spent so far on desks, chairs, sofas, etc., leaves 40 rooms bare as your hand. Another \$113,200 is needed.

Need More Carpeting

Originally we carpeted each senator's inner office in the new building, and laid rubber tile in his outer four rooms, where the staff members work. Now the staffers complain this is noisy. So another \$150,000 will be needed for carpeting, at \$16 per yard.

Some of the elevators in the new building will have to be rewired, it develops. Nothing wrong with 'em. But they can't distinguish between ordinary folks, who get fast service, and senators, who do too but want theirs first.

Then there's the new senatorial garage. It was originally planned for 200 cars, but with today's big cars is down now to 160. Rejiggering the pillars to fit ran into money.

Ramps Need Remodeling

That's not all. Some of the senators' new limousines are so long and so low they drag both their middles and tails getting in and out from the street. So we've got to remodel the ramps.

This won't cost much, the architects said. However, workmen will have to be careful. Otherwise they might wreck the snow melting system that's buried under the surface.

Originally, the senators planned to station attendants at the garage doors. Now they believe electric eyes will be cheaper. Installing them, and some other needed traffic control items, will cost \$20,000.

Then there's the new senatorial subway. It runs from the new office building to the Capitol, a distance of maybe two blocks. Only thing is, it stops now 56 feet short of the mark. Bringing the tunnel on in under the Capitol will cost an extra \$2,492,605, bringing total outlay for the train to \$5,596,334.

Need Replacing

Unfortunately, it will enter the building just under the Senate's front steps. Tearing them down, and rebuilding them later, will cost \$325,000.

There was said the good news though: Stewart said the steps are settling anyway, and are due for replacement.

The new Senate Office Building originally was to have cost \$20,600,000. Sen. Allen J. Ellender (D-La.) said, somewhat accusingly, that the bill now is up to \$24,196,000. Plus \$1,009,000 for land. Plus \$1,293,000 for furniture. All he did, Stewart replied, was carry out the senators' orders.

Their complaint now against de Gaulle is the same as it was against the Fourth Republic—that his policy is "soft" and "equivocal" towards the Nationalist rebels and appears to be drifting toward some sort of political settlement with them.

Terrorism is unending in Algeria under the present circumstances, but now three new dates for possible demonstrations and even more than the usual amount of bloodshed have been predicted.

They are April 19 to 26, when Algerian municipal elections will be held, the April 28 opening of Parliament in Paris at which 66 Algerian deputies intend to go all out for integration, and May 13, the anniversary of last year's revolution.

Settlers Barricade Homes

In Constantine, Algeria, today

These are conditions of life in Algeria today — conditions which De Gaulle by his own pronouncement is bound to change.

In Algeria, a French army of 450,000 men — more than half of all France's armed forces — fights a shadow rebel army of less than 50,000 men — a guerrilla army which strikes and then fades away into the mountains or among the civilian population.

The French army is confident today that it can win. But there are others who believe that the situation in Algeria — as it was in Indochina — now has gone too far to be retrieved.

BILL PASSES HOUSE

WASHINGTON (UPI) — The House has passed and sent to the Senate an emergency bill to provide 40 million dollars for unemployment benefits to ex-servicemen. Funds for the current program are nearly exhausted.

Tax Cannibalism

With the income tax deadline just behind us, we'd like to get in a word about this particular exaction. We're going to try to bring you a little closer to the picture so that you can see just what is going on and how it affects you and your job.

First Principles

When pressures mount against the luckless citizen, as they certainly are mounting today, it becomes increasingly important that said citizen remembers and guides himself by first principles. We know of no one who has more briefly and succinctly laid down a few principles which should stand us in good stead now than Frederic Bastiat, a Frenchman, writing more than 100 years ago.

Mikes They'll Be Using

FOR TALKS AT THE HIGHEST LEVEL.

Robert Allen Reports:

Nixon, Castro Talk Of Red Infiltration

WASHINGTON — Purpose of the "informal" talk Vice President Nixon is having with Premier Fidel Castro is to impart some friendly but frank advice about the consuming dangers of Communist infiltration.

In recent weeks the growth and aggressiveness of Red activity in revolution-shattered Cuba has become an increasingly alarming problem. So Nixon, at the personal request of Acting Secretary of State Herter, agreed to undertake the delicate job of discussing this serious matter with Castro at a carefully arranged "private" meeting during his stay in Washington this week.

The career diplomat, with long and distinguished service in Latin America, strongly advised that as the result of a disturbing close-up look at what is transpiring in Cuba. This extensive scrutiny included talks with every member of Castro's cabinet, educators, labor leaders, businessmen and military officials.

Everywhere Borsari encountered mounting concern over Communist infiltration. In a series of detailed reports, Borsari submitted the following major findings: Premier Castro is neither a Communist nor pro-Communist. But his grave weaknesses are: Being too casual about the menace of Red machinations, and willingness to trust anyone or any group that actively supported his protracted struggle against the Batista dictatorship.

In contrast to Fidel, his brother Raul, now head of the Cuban army, is a militant leftist and his wife even more so. She is credited with having close Red ties. Major Ernesto Guevara, a top Castro leader, while disclaiming the Communist label, has installed a number of Reds in key military and government positions.

Although Premier Castro, soon after coming into power, banned Communists from holding office to dispose of the myths and miseries. They are: Final stabilization of the respective gold price, and no "mental reservations." To avoid a serious deflation, a monetary gold may be chosen if the actual foreign exchange rates have appreciably risen above the official ones and retail prices had adjusted themselves accordingly.

Restoring the full independence of the central bank and setting a legal, unalterable minimum gold reserve requirement, with the responsibility imposed on the central bank to use its "weapons" for the maintenance of the gold parity.

Strictly prohibiting further public debt monetization by the central bank. Scrapping the impediments to the normal flow of goods and capital over the national borders — no more foreign exchange barbed-wires, import quotas or licenses — recalling to life the "most favored nation" and the "no discrimination" rules.

Mr. Palyi closes with this paragraph: "You would not. But think more deeply. Does your ability to go to the polls make the matter valid, does it? If you think of what is happening to us in this nation, this state and this community on the basis of principle and not on the basis of a popular plebiscite, you wouldn't like it at all."

Backus Falls For Another TV Program

By VERNON SCOTT LPI Hollywood Correspondent. HOLLYWOOD (UPI) — Come, dian Jim Backus took an oath, swore and pledged he would never appear in another TV series after "I Married Joan" went down in flames four years ago but he's hooked again.

Backus as Alcoholic Anonymous. "If an actor felt he was slipping back into a series he could call me and Ann Sothern, or a couple of other veterans and we'd rush right over to his house," Backus explained.

Weld advise him not to answer phone calls from his agent. And we would search the house for residual checks — even looking in the chandeliers for hidden contracts.

Began To Weaken "Then we'd make 'em promise not to watch any series on TV, it worked pretty well for a while but then they began weakening one at a time."

Finality happened to founder Jim himself. "During meetings with the production people they couldn't understand why I demanded that everyone of us should go through psychiatric examination to weed out the pencil-chewers and ear-pullers," Jim said.

THE SHRINKING DOLLAR. "NEW YORK (UPI) — A worker who made \$5,000 in 1939 must avoid the pitfalls of inflation to get another series, going to such lengths as forming 'Series Anxiety' based on the same principle."
