the producing Santa Rita and approximately eight miles northwest of the Shannon No. 1.—Big Lake News.

GOOD ROADS ARE UP TO COUNTIES

Every Mile of State Highways Should Be Put in A1 Shape Before January First

Counties which fail to have the state highways in their confines placed in first class shape by January 1st are standing in their own light. The State Highway Department takes charge of these highways on that day and agrees to keep them in as good condition as when taken over. If the State Highway Department falls down on the job it is up to the Federal Highway Department to make good.

We are exceptionally fortunate in regard to State Highway No. 1, the Bankhead Highway, for it can be turned over to the State in first class condition.

We are not so fortunate as to State Highway No. 9 which crosses our county from northwest to southeast. The County Judge and Commissioners' Court will put forth every effort to get it up in good shape. A big force will be put to work just as soon as the weather permits.

There is a ten mile stretch of this road in the northeast corner of Glasscock County that needs attention. It is going to be up to Sterling City, Big Spring, Lamesa, Tahoka and other towns to raise funds to work the road along that ten mile stretch. If they fail to do so they can expect traffic to be diverted over other highways at Lubbock on the north and at San Angelo on the south. In fact this one bad stretch will be a detriment to the entire highway.

R. K. Burns and other residents of Glasscock County believe they can raise \$500 to grade this ten miles and if other interested towns and counties will donate similar amounts this ten miles can be placed in good condition. The amount necessary to fix this road will be more than repaid in one year by the increased tourist travel, and once it is placed in first class shape the state will maintain it.

The County Judges of counties along the line and the Chambers of Commerce of the various cities interested should be advised of the status of this ten-mile stretch of highway, and no time lost in raising funds to fix this vital link in one of the most important highways in Texas.

If citizens of other counties were aware of the burden that will be lifted off their counties when the State Highway Department takes over the maintenance of these State Highways they would gladly join in placing these highways in the best possible shape so the State would be compelled to maintain them in such condition.

Howard Lands Selling

R. E. Culp of Coleman was here last week to close up the sale of the Geo. J. Simmons land in the Auto community.

He sold to N. H. Jones of Eastland 640 acres. Mr. Jones expects to erect four sets of improvements on this land at once.

Dr. M. S. Walker of Coleman purchased one hundred and sixty acres of land. He will improve this farm and rent same.

Emmett Walker of Coleman purchased 160 acres which he plans to improve.

Mr. Rich of Coleman County purchased three hundred and twenty acres. He expects to move here and put a large part of his holdings in cultivation.

Fay Gilland of Coleman who purchased 160 acres of land out of this tract from Mr. Culp last year has let the contract for the erection of a home on his place.

Mr. Culp is negotiating for the purchase of part of the Russell Sage lands near Buzzard Wells, in the Slaughter pasture.

Coming to Elks Christmas Tree?

Quite a few children have sent in postal cards with their names and ages, stating they were going to attend the Elks Christmas tree at the R. and R. Lyric in Big Spring Christmas morning. Every child in Howard County between the ages of 6 and 12 is cordially invited. Just let us know you are coming so we can prepare a package for you. Write name and age on postal card and address ELKS COMMITTEE, Box 188, Big Spring, Texas.

Armistice Day Program

The Christian Church held an Armistice day service Sunday night and a good program was rendered. The church was decorated with the American Legion flag and the Legion's colors, blue and gold, as well as with American flags. A fine musical program of patriotic airs was rendered by an orchestra. The house was filled and many good comments were heard in favor of the patriotic address delivered by the pastor.

The members of the Church of Christ desire to thank the public for the generous way in which they pat-

Feed Worth More Than Cotton

T. F. Nabors who has never been a one-crop man, but has something produced on his farm for sale most any season of the year continues to profit by raising other crops than cotton. Just to prove that cotton, even though selling above thirty cents a pound, is not the most profitable crop that can be raised here, he points out that he had twenty acres of sorghum and feterita for which he received \$1,300.00. He harvested 13,000 bundles of feed which he is selling at 10 cents per bundle; buyers calling at his field. He did not have to worry over hired help as he harvested this feed in four days. Just think of the time and worry he saved by having this in feed instead of cotton.

Mr. Nabors states the crazier folks go over cotton the more feed he will plant as he would rather raise feed to sell to the cotton farmer rather than raise all cotton and buy feed.

Racing on Highways Should Cease

Steps should be taken to prevent auto racing on our highways. Only last Saturday night three automobiles were damaged and several young people miraculously escaped death because drivers of two cars were determined to lead.

Leo Massie was driving north as two cars coming mightily fast approached from the north. One car driven by Jeff Graham in passing turned too quickly and hubbing Massie's car threw it across the road. To keep from hitting the car broadside, Leonard Cook, driver of the other auto, tried to turn out with the result that his car over turned two or three times and was practically wrecked. Several boys who were in the car with him were scattered all over the landscape. They were pretty badly bruised and skinned up but fortunately no bones were broken.

Reception for Teachers

The reception for the teachers and patrons given by the Home and School club at the "Y" Friday night of last week was indeed a very enjoyable affair.

A musical program consisting of vocal numbers by Mr. and Mrs. W. R. Dawes and Miss Zou Hardy and a piano selection by Miss Alice Dawes was beautifully rendered.

Mrs. Chas. Koberg talked for the club and Supt. Bittle talked for the school. Mr. Bittle's talk was especially appreciated.

Tea was served by Mesdames Leslie Thomas, Sam Hall and F. M. Purser.

Thanks to the committee in charge consisting of Mesdames Fox Stripling, L. L. Freeman, Dr. True, C. W. Davis, C. E. Yarnell and E. M. LaBeff for this delightful community gathering.

Contract Let For New Structure

A handsome new brick business building is to be erected in Big Spring in the near future. This building will be fifty by one hundred and forty feet, located just north of the Stokes Motor Co.'s present building, and a modern building in every respect. It will be erected by the Stokes Motor Company to take care of their ever increasing business, and will give them just double the floor space they now have. Part of the building material is now on the ground and steel girders and other material have been ordered.

J. M. Morgan of this city has been awarded the contract for the erection of this building.

Union Thanksgiving Services

At a meeting of the pastors of the various churches, Wednesday, it was unanimously agreed that a big Union Thanksgiving Service be held in Big Spring, Thursday, Nov. 29th. Watch the next issue for the program.

Sid Davis Sells 320 Acres

Sid Davis this week sold to Pete Johnson of Taylor County one hundred and sixty acres of land located in Martin County. He also sold to J. H. Handlin of Mitchell County one hundred and sixty acres in Martin County. This is land that Mr. Davis purchased last spring.

Wear a Red Cross Button

If solicitors fail to see you, call at the office of the Chamber of Commerce and pay your dollar for a year's membership in the Red Cross. Every big-hearted American can afford to donate this small amount to aid humanity.

INTERESTING NEWS FROM COAHOMA

Our Neighboring City on the East Continues to Show Rapid Progress

C. E. Porter, wife and baby spent last week end in the home of Mr. and Mrs. Claude Wolfe.

Mrs. J. J. Hair Jr. spent Thursday and Friday with Mrs. B. B. Liles, Mrs. Frank Aker and Mrs. J. L. Collins ran in to see her Thursday for an hour or two. The four made a table of rook and Mrs. Hair gave good instructions as to how to scientifically play the game.

Buster Madison, son of Mr. and Mrs. Duke Madison, celebrated his fifth birthday by inviting a few friends and playing some jolly little games. There were many nice gifts—the donor deriving as much pleasure in the giving, as Buster could have in the receiving. Francis Thomason and Flora Madison served the refreshments, which consisted of cake and lemonade. May Buster have many, many happy returns of that day.

Cathy Echols, brother of Harve, Leroy and Elbert Echols, is in our city for a visit.

Archie and Artie Thompson, with their families, went to Loraine on the train Saturday, returned by auto. Artie Thompson having left his car in Loraine, they drove it in.

B. F. Yates is enjoying the Jubilee week in Fort Worth. He went down Saturday.

P. L. Fletcher made a business trip to Winters and San Angelo last week. Miss Lilly Spears, daughter of William Spears, accompanied Mr. Fletcher home. She works in a bank at Winters. Her family and friends are glad to see her home, and wish that her stay may be an extensive one.

Mrs. Ed York and baby of Frost, Texas are visiting her father, Will Westfall and his family. Mr. Westfall is proud of his grandbaby.

Mrs. Floyd Thomason, with Mrs. Liles as assistant hostess, entertained several friends Saturday the 10th. Mrs. Frank Lovelace was the honoree. As she entered the living room she was handed a string and told to follow it to the treasure room. There she found many similar strings—each of these she followed to the end, nor was she disappointed. She did not find the proverbial pot of gold at the end of the rainbow, but useful and gifts pleasing to the eye. Mrs. Lovelace had been a bride of only seven days and in each gift was a wish for her supreme happiness. After the guests enjoyed seeing her hunt for the gifts they again assembled in the living room, where the favorite recipes were read, and handed to the bride. The hostess presented her with a pretty book for recipes.

The following friends toasted the bride: Miss Lillian Rhoton, as to individual influence; Mrs. Price Echols, as to spiritual welfare; Mrs. John Sullivan, to "wives"; Mrs. Percy Shives, sister-in-law, to the "in-law"; Mrs. Leroy Echols, to wealth; Mrs. Thad Hale, to health; Mrs. R. B. Hood, managing a husband; Mrs. B. B. Liles, to the cook. Mrs. Shives, mother of the bride, drank with the bride in a toast to all present.

Hearts of paper tied with ribbon, with a letter of the alphabet was handed each guest. They were served according to where the letter came in the clause. "All the world loves a lover." The refreshments consisted of, angel food cake with an outlined heart on top, and heavenly hash served in heart shaped paddies. After refreshments Miss Abbe Nell Rhoton gave a reading in negro dialect—an encore in Italian dialect. All enjoyed these readings very much indeed. After the readings "Speech from the bride" was heard on all sides. And right royally did she respond. One feature of the afternoon must not escape mention—when Mrs. Price Echols gave her recipe, she presented a sample of same, a nice fat pie, to the bride, to be enjoyed by the bride and groom. Those attending this delightful affair were: Mrs. J. L. Collins, Mrs. Archie Thompson, Irene Roberts, Winnie Dell Rhoton, Lillian Rhoton, Abbe Nell Rhoton, John Sullivan, R. B. Hood, Lavern Hale, Gladys Lovelace, Evy Massey, Almida Coffman, Mrs. Barsie Thomason, Mrs. Thad Hale, Mrs. Percy Shives, Mrs. Lee Roy Echols, Mrs. Sterling Echols, Mrs. Price Echols, Frances and Pauline Thomason, Bama Hale and Mrs. Shives.

plates, 2 aprons, 2 sets of cream and sugar, 1 percolator, 1 measuring cup, 7 pie pans, 6 cocktail glasses, 1 dish pan, 1 rolling pin, 3 pair pillow cases, 2 aluminum pitchers, 8 towels, 1 handpainted bowl, 1 set desert dishes, 1 doughnut tray, 1 cut glass water set, 1 aluminum double boiler, 1 set tumblers, 1 aluminum syrup pitcher, 1 set silver teaspoons, 1 table runner, 1 set nut picks, 1 lamp, 1 vase, 2 large bowls, pepper and salt shaker, 1 milk pitcher, ice tea spoons, 1 rug, and a check to buy furniture.

The prayer meeting was a very interesting one indeed. Truett DeVany was the leader. John Walker is to lead Wednesday night. All present pledged to pay for an increase of interest in the prayer meeting. A special sentence prayer was offered for Mr. Carter.

Mrs. A. N. Hart left Tuesday morning to visit her sister in El Dora, Arkansas. It has not been learned when she will return. During her absence Norma and Jerry will stay with Dr. and Mrs. B. B. Liles.

Dr. Liles sold 60-head of chickens Monday. They weighed 150 lbs.—all friers.

Miss Jenkins was accompanied by little Miss Merle Calverly of Big Spring last week, when Miss Jenkins came down to give her music lessons.

The Senior C. E. met at 6:30 p. m. Sunday. There was an exceptional attendance as well as excellent attention. The program was well rendered and enjoyed by all there. The president, Miss Doris Wolfe, is a worker and doing all she can to help others with their work. A Thanksgiving program and party are under way now.

Many of the Junior C. E. carry their lunches in order that they will not be late at the regular C. E. hour. Sunday, Nov. 11 the house was called to order at 2 p. m., to the minute, by the president. Circle No. 2 rendered the program. The subject for the hour was "Talents." Every child spoke of a talent, either of his or some one's. The sentence prayers were that all may be shown the way and given the power to multiply his talent.

The reports of the committees were interesting. There were eight visits to sick reported, one bouquet of flowers carried to church, finance only \$2.80 in treasury, and asking all to pay the dues; social committee reported the shower given Bennett Hoover Wednesday of last week. The Juniors and five of the Senior girls met at the Presbyterian church each carrying fruit, or home made candy, marched to Logan & Graham store and after a "yell" of appreciation they commanded: "Catch Bell." He began to catch the fruit as it was thrown him—missing only once—to miss, meant to forfeit. Circle No. 1 will entertain Saturday Dec. 1st, with a Thanksgiving party—place to be decided upon. Under new business it was unanimously agreed to have Juniors meet in the M. E. Church at the regular hour. This move is made in order that the Juniors can continue their popcorn drill up to the hour of 3 p. m. when the M. E. Sunday school begins.

There was a noticeable improvement in repeating the Beautitudes and Ten Commandments in concert. Besides the 22 members present there were six mothers and as many young ladies. We are always glad to have visitors.

Tom Hutto and Paul Dillihunt are enjoying a hunt near Rock Springs this week.

Hunting Party Returns

B. O. Jones and Bob Austin of this city and Harvey Belts of St. Louis returned last Friday from a two weeks hunting trip on the Llano river. Though it rained most of the time while they were there they had a jolly time and the three hunters and a friend at whose ranch they camped succeeded in killing eleven wild turkeys. We may have to renege as to B. O. having such a lovely time as he has not yet figured out just why all the dishwashing and other distasteful chores were wished off on him. Of course the four always matched to see who would get these jobs and the other three fellows had all the rabbit feet; and B. O. is about half way convinced that he was "framed."

Mr. and Mrs. Ulnor Powell, Mrs. J. F. Powell, Mrs. J. J. Sligh, W. E. Purser and Luther Smith returned this week from a hunting trip in the Ozona country. They had a fine time and succeeded in killing one

Model R3 Radak Receiving Set. The popular home set for beginners. Simple to operate. Great surprising results. Price \$45. Built by Clapp-Burham Co., America's oldest, largest manufacturer of radio sets. (Listed under Advertising U. S. Pat. 1131162.)

Attention Veterans

If you served ninety days or more in the Spanish-American War, the China Relief Expedition, or in the Philippines prior to July 4, 1902, you will be interested to know Congress has passed a Pension Law of vital interest to you.

This law contains two provisions: 1st, it allows pensions to all ex-soldiers, sailors and marines with the above service record who were honorably discharged and who are now over sixty-two years of age; 2nd, it allows pension to those who are at present materially disabled from earning their living by manual labor from disease, if the disability be not the result of their own misconduct. Such disability must be permanent but need not be total. It need not be the result of military service. **THE SOLDIER DOES NOT HAVE TO BE SIXTY-TWO YEARS OLD TO CLAIM ON DISABILITY.** The amount of pension depends upon the degree of disability and ranges from \$12.00 to \$30.00 per month. Widows of veterans are also allowed pensions. If you wish advice about this law write M. E. Buchanan, Route 1, Trevilians, Virginia. Prompt action is desirable, as a pension if allowed begins from the filing of the claim.

The Act of September 1st, 1922 enlarges the provisions of the Act of June 5, 1920. This affects many soldiers who have been rejected, increases the pension of widows and children under 16 years of age and other important matters effecting veterans and widows. Soldiers rejected on medical grounds should write me. Please enclose stamp for reply.

Pecans for Sale

Large Eating Pecans—two pounds or more at 50 cents per pound. Five pounds or more at 45 cents per pound. Ten pounds or more 40 cents per pound by parcel post prepaid. H. A. HALBERT, Coleman, Texas. 9-21-pr

Just installed a new Century Moulding machine to insure better bread. The Home Bakery. 7-4

Mrs. C. F. Morris returned last Friday from a month's visit with relatives in Dallas.

Mitchell County After Concrete Highway

Fred Whipkey of Colorado, publisher of the Colorado Record, was a visitor in Big Spring Tuesday and advised us to keep our eye on Mitchell County. He stated that at a rousing county-wide mass meeting this week it had been decided to ask for a bond issue of \$650,000 to build a concrete highway across the county from east to west and to build good graded roads thruout the county. The State and Federal governments will supplement this with \$800,000 to insure the construction of this concrete highway. According to plans this will be an 18-foot road with curb.

Mr. Whipkey stated that Colorado and Mitchell County were stepping forward and the past year had been one of continued progress.

This \$1,450,000 expended for good roads will be the crowning effort to put Mitchell County in the forefront of the progressive counties of Texas. Among the big things put over the past year he enumerated the \$120,000 street paving program, \$115,000 for new courthouse, \$80,000 and \$20,000 for bridges across the Colorado river, also sewer and water works extensions.

Mr. Whipkey reports that over 23,000 bales of cotton have been marketed in Mitchell County up to the present and the county is in the most prosperous condition in its history.

FOR RENT IN MIDLAND—A first-class garage building, 40x100 feet, with drive-in filling station complete. Well located and only \$35.00 per month, or will sell at \$3,500.00. Address FRED CAUBLE, Midland, Texas. 8-4t-pd

A positive stand for law enforcement was made recently by President W. S. Sutton of the University of Texas, in addressing a body of students. "The one thing that would minister more powerfully than any other to the development of the University of Texas would be to have and deserve a reputation as a law-abiding community," said President Sutton. "Without the support of the student body, any efforts to enforce law are certain to be defeated, and University students can best promote the interests of the school by manifesting a willing obedience to the law. The college students of today will be the leaders of the American nation tomorrow, and it is important that they develop a sense of decency and order. They should not be driven like the Spartans of old, who were policed from the cradle to the grave, but they should develop a student opinion of their own and throw their support energetically on the side of law."

Self Deception and the Dairy Cow.

One of man's pet follies is the practice of self deception. It is the part of wisdom to face the facts of life, not the things we thing ought to be nor what we would like to be, but the things that are.

As a homely illustration we take the man who started out to fool his cow; he fitted her with green goggles and fed her saw dust and excelsior instead of hay and ensilage. It was an ingenious device and succeeded in fooling the cow. It would have been a great success, if—the cow had not died.

Again, our lives seem to be so arranged that we are never spared from the consequences of our own follies. We must pay for our errors. The borrower runs into his own debt; the thief steals from his own family, and the lazy man's plea of "hard times" becomes threadbare. That man who refuses to fix his leaky roof—because it cannot be fixed while it is raining and does not need fixing when it is not raining—usually dies of pneumonia.

To be sure the consequences of errors made do not always come direct and immediate, but a postponement of a duty does not imply a cancellation. Our debts must be paid and the dairy cow, together with the hen and the brood sow are mighty good mortgage lifters.

Don't allow yourself to be deceived as to the relative value of the dairy cow on our farms today. In her lies the solution or help to the solution of some of our present-day farm economic problems if we but work hard enough to find it. To get before our mind a concrete picture of "old bossy's" value just glance at these figures.

In 1921 twenty-five million dairy cows in the United States produced ninety billion pounds milk, valued at two billion five hundred million dollars, and from which one billion five hundred million pounds of butter were made. This value is equal to the combined value of the wheat crop, the cotton crop, the potato crop, the oat crop, and the tobacco crop, for the same year—or, it is equal to the value of all the gold mined in the United States since 1885.

Is your community, your farm, your bank and your merchant receiving the value possible for it to receive from the dairy cow?

Do You Want a Farm?

1280 acres of fine agricultural land, unimproved—plenty of water, plenty of mesquite timber for fence posts. Will cut tracts to suit purchaser. Price \$15 to \$30 per acre.

If you want real farming land investigate this at once. See or address D. W. CHRISTIAN, Gail Route, Big Spring, Texas. 7-tf

Government and Business

This country was founded 147 years ago in order that a government might be established free from unnecessary political domination and the force of the "divine right" of kings.

The Tribune of Sanford, Maine, in commenting on our national program says: "This country has grown to its present superb position primarily because the American people developed a new conception of government and society, and that conception was superbly expressed in the immortal Declaration of Independence. Our forefathers clearly saw and pronounced the doctrine of democracy. These men set up a new ideal of human rights and of open doors of opportunity."

Our government was established to help and encourage, rather than to hamper and discourage, individual initiative and ambition. Let us all remember a few of the cornerstones which formed the basis of our independence. Let us rekindle the desire to maintain open and unhampered the field for individual initiative and activity which of recent years and during the war period, has been somewhat lost to sight.

Agitations and campaigns to launch the government into business undertakings are entirely contrary to our Declaration of Independence, our Constitution and the ideas of freedom which the founders of our nation contemplated.

THE HOUSE OF SATISFACTION
BIG SPRING LUBBOCK

A Real Citizen

The world of science mourns the death of Charles Proteus Steinmetz, the electrical wizard, whose labors in science, engineering, politics, education, and the art of living have so enlightened the world.

Of his material conquests it is hardly necessary to speak; of his far vision, his prophecies which came true, his uncanny ability to find the solution of difficult problems, every one knows. These, his works, will live after him, but long after they shall have been superseded by bigger and better inventions, newer discoveries, abler methods, his life will stand as an example of what America means to the foreigner who comes to her shores poor and friendless, yet with the wit to grasp the opportunity the United States holds out to all who may wish to take it.

Dr. Steinmetz, although an educated man, did not speak English when he landed from Breslau, Germany, in New York in 1889. His first "job" was as a draftsman at a bare living pittance. But he did his job so well, and learned English so fast, that it was but a short time before his genius was recognized, and he had won a place for himself with the General Electric Company, which was later to do him honor by building for him the greatest electrical investigation laboratory in the world and giving him anything he wanted, either for it or for himself.

Dr. Steinmetz wanted little for himself. A man of simple tastes, he asked only for a living, but spent a fortune in apparatus and facilities for research. He got them, and well did he repay the expenditure. And yet, busy as he was, he was never too busy to be a good citizen, never too busy to head the many scientific societies of which he has been president, and never too busy to teach.

He would have been an able man anywhere, but it was through American opportunity he became truly great.

Delegates to Midland District
to the delegates in the Midland convention assembled in Big Spring, October 26, 27 and 28th to submit the following resolutions:
Whereas, the Convention Committee with Mrs. Charlie Dunn as chairman, has labored so faithfully and wisely in perfecting the plans which have made our convention such a success and our stay in Big Spring so pleasant.
And whereas, the Pastors and wives of the city, Bro. Ruth, Christian Church; Bro. Shepherd of the Presbyterian Church, have so cooperated in every way to make the convention a spiritual blessing to us all;
And whereas the local newspapers have so materially aided us in giving publicity to our plans and program;
And whereas, our field secretary, E. Huppertz, who as usual, thru untiring efforts has contributed much to the success of the convention; and Colby D. Hall, dean of C. U., without whose splendid address our convention would not have been complete. And other workers, as follows: S. W. Southwestern Superintendent of Religious Education; Edward educational secretary; J. B. state secretary for Christian missionary association, and Mrs. state secretary Woman's society, gave us such helpful talks that were such a help to our Christian Endeavor work.
And our district president, Miss Peterson, who was so energetic and helpful in making the convention a success, as she always is. And the of the Presbyterian and Christian Churches cooperated so nobly in giving us the social on Friday night, and the lunch on Saturday.
Therefore, be it resolved that we, Christian Endeavorers give thanks to our Father for the privileges and things we have received thru this convention which we trust has given us a broader vision of service for our Lord.
And be it resolved that we express our thanks to every one who has contributed to the success of our convention our thankfulness and gratitude, asking God's blessing upon all.
And be it further resolved that we give a vote of thanks to Miss Cotton, office secretary, for her kindness and promptness in sending literature and supplies to all of this district, helping to make the convention a success.
And be it lastly resolved that we

as citizens of these United States, not only favor strict enforcement of the entire law but also individually resolve to more earnestly obey even the least important statutes and ordinances that are on record as favoring Child Labor legislation and other remedial measures, tending to better labor conditions and that we express ourselves as entirely in sympathy with the United Society of Christian Endeavor and other organizations in their desire to establish effectual universal peace.
We respectfully submit these resolutions and suggest that they be filed in the minutes. Signed, Beulah Cole, Mariam Pemberton, J. H. Wilhite.

House Moving!

I am prepared to move your houses at a reasonable price and guarantee all work. I have the machinery for such work and know my business. See me if you need any work in my line. GEO. O. FOLEY, Big Spring, Texas. 3-tf.

Modern Woodmen Meet Wednesday

Beginning next Wednesday the Modern Woodmen will hereafter make Wednesday their regular meeting night instead of Tuesday. A big class in adoption is to be a feature next Wednesday night, don't miss this.

L. C. McNatt of Abilene, district deputy, is here to meet with the boys.

W. T. Carter and sons, A. J. and James, have purchased the City Garage on East Second street. Mr. Carter's sons in law, D. T. Cates and Sam Harlan of Brownfield have moved their families here and will accept positions at this garage.

Mrs. Columbia Lewis, enroute from Van Horn to Marshall is here for a visit with her daughters, Mrs. A. T. Lloyd and Mrs. Wm. Menger.

Marion Edwards and family will move into their new home in the south part of this city within the next few days.

All Rexall preparations at less than half price. Clyde Fox Jewelry & Drug Co.

Mr. and Mrs. M. E. Broughton arrived Thursday of last week from Matagordo County to make their future home here. Mr. Broughton has rented the J. W. Curtis home north of Big Spring. Mr. and Mrs. Broughton formerly resided in this county and after five years residence in the coast country they are thoroughly convinced for a good, dependable agricultural section old Howard County can hold her own with the best of them.

The little son of Mr. and Mrs. Joe Butts of Sterling City had a narrow escape from death Tuesday due to eating a jar of Vick's Vaporub. Only prompt medical attention was responsible for saving his life. Many friends in this city are indeed pleased to learn that the little fellow is O. K. and getting along nicely.

Miss Emma Tucker returned Wednesday from a visit with her sister, Mrs. C. H. Simmons in Dallas. She also attended the Diamond Jubilee celebration at Fort Worth.

T. E. L. Meets

The T. E. L. class of the First Baptist Church held its monthly business and social meeting Tuesday afternoon Nov. 6th at the home of Mrs. Robt. Piner. After the reading of the minutes, discussions concerning the up-building of the class were made and several interesting talks were given.

The main feature of the afternoon was a surprise shower given our secretary, Mrs. L. King, who has resigned. A rainbow scheme was used and the decorations were very pretty and appropriate. Mrs. O'Brien was elected secretary of the class to succeed Mrs. King.

Mesdames Piner, Beckett and O'Brien were the hostesses of the day and served the guests a delicious salad course.

The T. E. L. Class is rapidly growing but there are so many ladies that should be in our class that are not attending any Sunday school. We are making efforts to reach every one of these in person. But to the ones we cannot see please consider this an appeal and invitation to join us if only as a visitor. We will be so glad to have you. Our lessons are always interesting and true to life. Our teacher is among the most capable and loving to be found anywhere and every Sunday she has a message full of hope and everything it takes to cheer a mother with a week's care on her mind and shoulders.

During the month of October there were made by this class 34 phone calls; 9 sick visits; 49 personal calls; 2 bouquets of flowers sent to sick; 1 tray to the sick, and 3 permanent teachers for the Sunday school were taken from our class. Reporter.

Hardy Morgan of Lamesa was a business visitor here Thursday.

First Christian Church Notes

We wish to thank all who helped in making the Armistice day service, held last Sunday night, such a good success. Especially do we thank the orchestra for the splendid music they gave us.

Services on Lord's day:

Bible school 9:45 a. m.

Preaching 11 a. m.

C. E. 6:30 p. m.

Preaching 7:30 p. m.

In the morning the fourth sermon on the 23rd Psalm will be preached. Subject: "Good Guidance and the Valley of Shadow."

If you are not attending church any place you will find a good welcome here, and we especially invite you to join our adult bible class at 9:45 in the morning.

Church of Christ Bible Class

The members of the Bible Class of the Church of Christ met with Mrs. O. T. Arnold Monday and an inspiring meeting was enjoyed. They will meet next week with Mrs. H. Johnson.

Reward for Lost Purse

Fordson

TRADE MARK

Every bolt and bar made of the toughest steel that science can produce; every piece of metal put there for a special purpose with ample reserve strength to withstand the most unusual strain; and every drop of kerosene that goes into the tank transformed into power—that is the Fordson Tractor.

Whether it is required to drag the implements of agriculture across the fields or to turn the wheels of stationary machines, the Fordson will do all that is claimed for it and more.

We will gladly demonstrate to you this the most powerful tractor for its size on the market.

Citation THE STATE OF TEXAS COUNTY OF HOWARD

To the Sheriff or any Constable of Howard County—Greeting:

You are hereby commanded to cause to be published once a week, for ten days, exclusive of the first day of publication, before the return day hereof, in some newspaper of general circulation published in said county, which has been continuously and regularly published in said county for a period of not less than one year, the following notice:

The State of Texas, County of Howard.

To all persons interested in the welfare of the Estate of C. F. Sutton, deceased:

You are hereby notified that Zoe Kinney has filed in the County Court of Howard County, Texas, an application for letters of temporary administration upon the estate of C. F. Sutton, deceased, and on the 6th day of November A. D. 1923, by order of the County Judge of said Howard County, the said Zoe Kinney was appointed temporary administratrix of the estate of the said C. F. Sutton, deceased, and at the next regular term of said court, commencing on the first Monday in December A. D. 1923, the same being the 3rd day of December A. D. 1923, at the courthouse thereof, in Big Spring, Texas, at which time, all persons interested in the welfare of said Estate are hereby cited to appear and contest such appointment, if they so desire, and if such appointment is not contested at the said term of court, then the same shall become permanent.

Herein fail not, but have you then and there before said court on the said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Given under my hand and seal of said court at office in Big Spring, Texas, this 14th day of November, A. D. 1923. 9-2t

J. I. PRICHARD, Clerk. County Court, Howard Co., Texas

Lightning Rods Are O. K.

The Underwriters' Laboratories, an organization established and maintained by the National Board of Fire Underwriters, is anxious that all farmers of the country thoroughly understand the lightning rod situation that exists today. These Laboratories have gone into the subject of lightning protection very thoroughly and conclusively demonstrated that properly installed and grounded conductors will serve as a harmless path to the ground for a flash of lightning, so that the farmer may be sure he is getting standard material installed in a standard manner. The Underwriters' Laboratories has arranged to issue an etched aluminum label for attachment to each lightning rod equipped with standard material installed under their supervision. This is the final stamp of approval for the job, and will be sent to the farmer immediately

after the installation report has been received and approved by the Laboratories.

Under this plan it is a comparatively simple matter for farm owner to specify that installation be a master label installation, and that he be guaranteed to receive a master label as evidence of compliance with standard practice by the manufacturer.

Since the Underwriters' Laboratories is organized purely for service and not for profit the new arrangement will simply be additional lightning insurance for the farmer. It gives him a practical guarantee that he is getting his money's worth when he buys lightning rod equipment. The main purpose of the Underwriters' Laboratories is to accomplish a reduction of the great annual fire losses in the country.

Winesap Apples at \$1.50 per bushel. P. & F. COMPANY.

WOMEN GIVE OUT

Housework is hard enough when healthy. Every Big Spring woman who is having backache, blue and nervous spells, dizzy headaches and kidney or bladder troubles, should be glad to heed this Big Spring woman's experience:

Mrs. A. B. Winslow, says: "Quite a few years ago I began having pains in the small of my back, just over my kidneys. I couldn't rest at night, because no matter how I lay, there was a steady pain that felt like a red-hot iron across my kidneys. Sometimes I was so drawn up with pain, I could hardly get out of bed. I was subject to nervous headaches and the least noise startled me. My kidneys didn't act regularly at all. I got Doan's Kidney Pills at the Ward Drug Co., and they entirely cured me. I haven't suffered from kidney complaint for some time."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Winslow had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Delphian Club Meeting

The Delphian Club held its third meeting Friday Nov. 9th at the Y. M. C. A. with good attendance. The subject for the day was "Egypt of Bible Times." Everyone present found this to be very interesting and those on the program for the afternoon gave well prepared talks on different text reports. Those belonging to the club do not realize the opportunity they are missing to inform themselves until they have attended a meeting. Let everyone who has purchased these books attend the next meeting which will be in connection with the Hyperion club at the Court House Saturday, Nov. 24 at 3 p. m. Reporter.

Neglected coughs—

A cold often leaves behind a cough that hangs on and on—wearing you out with its persistent hacking. Dr. King's New Discovery will stop it quickly by stimulating the mucous membranes to throw off the clogging secretions. It has an agreeable taste. All druggists.

To All Members of Organized Labor and Farm Labor Union

We are calling a meeting for the purpose of electing officers for the ensuing year at the County court room November 22, 1923; also to elect delegates to represent us at a state Farm Labor political conference which convenes in Dallas Dec. 6, 1923. Please make your plans to be present on above date as this is a very important meeting as regards our political campaign for next year. J. O. TAMSITT, Pres.

Local Bank Protection

Now that harvest returns are coming in, the syndicates selling fake oil stocks and other soothing-syrup and rubberneck securities are already circularizing the farmers.

With the best investment and commercial banking system in the world at hand, why should it not be a fairly intelligent proceeding for would-be investors in securities of any kind to consult responsible investment banking houses, instead of listening to fly-by-night stock promoters?

Try the Slaughter Filling Station

The Slaughter Filling Station is being completely overhauled and improved so that we may render first class service. Another fine gasoline pump has been installed so that we can serve twice as many cars as formerly. Free Air and water is always ready for our patrons. By Saturday morning we will be in a position to guarantee you real service. Try us. SLAUGHTER FILLING STATION. Corner Main and First—Big Spring.

The 1924 Club

Mrs. Olie Cordill was hostess to the members of the 1924 Club this week and an especially delightful time was in order. In the games of the afternoon Mrs. L. L. King and Mrs. G. E. Welch tied for club high score; Mrs. King winning in the cut. Delicious refreshments, served in two courses, were enjoyed. The club meets next week with Mrs. C. O'Brien.

For Sale

90 acres adjoining Big Spring on South and 15 acres one mile east of Big Spring. Price reasonable, terms easy. If you want to put on an addition or run a chicken farm one of these should please you. Address J. M. RADFORD GROCERY COMPANY, Abilene, Texas. 9-3t

Ed Hatch arrived Wednesday from Lamesa for a visit with home-folks. He states that they must have had four or five inches of rain in Dawson County Monday. On account of muddy roads he was seven hours in making the trip from Lamesa to this city.

Rev. and Mrs. M. Phelan and children arrived Wednesday from Childress to make their home in our city. Rev. Phelan is to be pastor of the Methodist Church here. Our citizenship tender them a cordial welcome to our city.

The editor, noting that the City Federation has been sending forth inspectors, incognito, took the hint, secured a shovel and cleaned our desk off this week. If we lost numerous notes and articles sent in for publication, don't blame us. Several who started into our office since the cleanup, backed out, thinking they had entered the wrong place. We do not promise to keep the desk cleared more than one week so the inspectors will have to hurry if they want to hand us any compliments.

T. J. Williams of Auto recently purchased of Mr. Higginbotham of Dallas three hundred and twenty acres of land, eleven miles northwest of Big Spring, consideration \$8,000. Mr. Williams bought one hundred and sixty acres of land last year from Fox Stripling and made more than enough cotton on the place this year to pay for it.

Jack Loftis employed at Rix Furniture Co., left last night to attend the funeral of his father, J. M. Loftis, who died at Commerce, Texas, Sunday night. The deceased was in his 87th year, a Confederate War Veteran and one of the oldest Masons in Texas. Many friends in this city deeply sympathize with Mr. Loftis in his bereavement.

Mrs. E. R. Bryson of Waxahachie who has been visiting Mr. and Mrs. James T. Brooks left Tuesday for her home. Mrs. Bryson is a sister of Mr. Brooks.

Herman Heckler is now sporting a new hat, a prize won by being the lucky one at a meeting of the Modern Woodmen Tuesday night.

Cascara Laxative syrup... Its better for all the family... Cunningham & Philips.

Bob Hull this week purchased a fine farm of 166 acres, and will improve same, in the Moore community from A. K. Merrick.

Don't Blame The Hen!

Whose fault is it if your hens don't lay eggs? Before you blame the hen ask yourself these questions:

1. Am I feeding a proper egg-making ration?
2. Is it manufactured by scientific authorities?
3. Am I sure the feed is always uniform?
4. Has it been proved by others in practical tests?

The way to answer yes to all four questions is to feed Purina Chicken Chowder and Purina Hen Chow—made and guaranteed by feeding authorities, proved by millions of poultry raisers. Sold in checkerboard bags by

KNIGHT

Official Tells of Accomplishments of Farm Labor Union of Texas

Some of the accomplishments of the Farm-Labor Union in Texas. In this State we have about 100,000 members, with county organizations in about seventy of the best counties in Texas. We also have the organization launched in many other counties.

This organization is only three years old. No farmer's organization ever before had such a phenomenal growth in so short a time. In very nearly all our organized counties we have our educated cotton grader salesmen. This move alone has saved the farmers in these counties hundreds of thousands of dollars. Farmers, as a class, have never learned to grade their cotton. Through this ignorance they have been filched out of a large portion of their hard-earned dollars. Not only were we ignorant of our grades, but we did not study the market conditions and knew practically nothing of what our cotton should bring on the market.

Our educated graders not only grade our cotton correctly, but they keep posted on the markets and are able to sell the cotton for their members at a far better price than we would have gotten under the old street scalping system.

Our members are not tied up under an iron-clad contract for a number of years. Their cotton belongs to them until sold, and they have the exclusive right to say when it shall be sold. We have comparatively few complaints of our members failing to sell cooperatively. It is wonderful indeed that we have the close cooperation that we have in our uneducated state. There is no class of working people, whose education is as limited as that of the farmers, economically. As a class we have never studied the business end of our vocation. Our membership, in the Farm-Labor Union have gotten more economic education in our short history than they acquired in twenty years before. Through our county grader salesmen, we have sold

over 100,000 bales of cotton this season. At a very conservative estimation, we have saved at least \$10 per bale over and above all the expenses of operation. There is no co-operative selling organization, that I have any knowledge of, that handles products at as small overhead expenses as does the Farm Labor Union. We have no \$10,000 or \$15,000 salaried officer. We believe in paying men all they are worth and stand all the time for good wages and good salaries.

We have our selling agencies so well organized and systematized that we can eliminate a world of expenses that other selling agencies are cumbered with. In handling the present crop it has not cost exceeding \$1.50 per bale, on an average.

The nonunion farmer is making a great mistake in not getting into the Farm-Labor Union and joining hands with his brother farmer for economic freedom. Many thousands of nonunion farmers have been getting far better prices for their products than they would have gotten had not the Farm-Labor Union been in existence. It is a duty they owe their brother farmers, to line up with them in this great organization, for the protection of themselves and families. Of course, if a man don't believe in unionism and cooperation, he should stay out and fight his battles alone, but if you believe in unionism and cooperation, as long as you stay out you are acting the part of a "scab," pure and simple. You may have never thought about it in that light, but you can not make anything else out of it.

The Farm-Labor Union has not only saved its members worlds of money in selling their products, but we are buying supplies cooperatively at a great saving. Hundreds of carloads of supplies are being bought at a much less price than could be had at retail, thus saving many thousands of dollars.

We have established a State sales agency in Dallas and are raising a strong fund that will give us a credit rating that the business world will recognize. Through this great agency we expect to be able to save millions of dollars to our membership both in selling and buying. Just as soon as the farmers see their economic needs and get lined up together, there will be no place for so many parasitic, useless middlemen. We do not blame the speculators that are waxing fat off of the farmers. The farmers alone are to blame for this condition. As long as they are content to fight their battles alone while the speculators are skinning them, they are getting just what they deserve. The deeper they are skinned the sooner they will wake up. There is no avenue to escape for the farmer except through organization. You may not want to organize, but the time is very close to hand when you will have to organize. The entire busi-

ness world is compactly organized for the protection of their business. They are perfectly justifiable in so doing—it is only a matter of business. You do not see them "scabbing" on one another like we farmers do. No wonder they have easy "picking."

The Farm-Labor Union is not a fraternal organization. It is strictly a business organization. The business world has learned us a lesson and we are going to profit by it. However, the business world gives us one piece of advice that they do not practice for themselves. They tell us we will be all right if we will just stay out of politics. But we notice that the business world is in politics good and strong, and it looks like if it is good for them it might be good for us; so we are going to try our hand at it a little, and if we find it detrimental to our interest we will take their advice and stay out.

Now, the Farm-Labor Union, as an organization, is nonpolitical. Politics is not discussed in any of our meetings. We have what is known as a Farm-Labor Political Conference, which is composed of delegates from the Farm-Labor Union and all crafts of organized labor. In this conference we will discuss such measures as we think should be enacted into laws. When we have outlined just such measures as we think will be good for the whole people—not for labor alone, but for all, we will then draft some good men to run for the various offices. We will seek men that will work and vote for the things we stand for. This method of procedure will be the office hunting the man, not the man hunting the office. We have lain partisan politics aside for it has always been a means of keeping the working people divided. This method has worked admirably for a long time, but the working people are waking up from their long Rip Van Winkle sleep. You need not be surprised if an actual dirt farmer is elected Governor of Texas in 1924. People are throwing aside their brass collars and doing some thinking for themselves.

I want to say to the many thousands of farmers who are not members of the Farm-Labor Union, to thoroughly investigate its constitution and principles and if you are convinced that it is on the right foundation join hands with us and help us to fight your battles as well as ours. This is a duty you owe yourselves and families.

You can plainly see evidences on every hand that the farming class is getting in worse condition, year by year. There are more renters and more homeless people today than at any other age in our history. At the rate we are now going in that direction, how long will it be before we reach a state of abject slavery and peonage? You do not have to look very far down the avenues of the future to see what the end will be if we continue in our present course. To those that are giving this matter serious thought, it is alarming. The working people have it in their power to change this awful trend if we will only exercise that power.

Our second State convention of the Farm-Labor Union of Texas will be held in Dallas beginning Dec. 3, 1923. At this great convention, which will be held in the Labor Temple, hundreds of farmers will gather to formulate plans for the next year. This no doubt will be the greatest gathering of farmers in the history

of the Farm-Labor Union. Yours for the betterment of the working people. **J. M. GREEN.**

Texas Division.

Read Notice to Land Owner
In the matter of the Petition of E. E. Barbee and others for a Public Road in the County of Howard.
THE STATE OF TEXAS.

To W. H. Abrams, M. F. Jones, G. W. Brewster, Isiah Twaddie, C. A. Slaughter, R. F. Lyons, J. W. Neill, E. L. Pierce, W. L. Linsay, C. S. Martin, W. H. Loudsdale, F. T. Schleich and John E. Close
TAKE NOTICE, that the undersigned Jury, appointed by the Commissioners' Court of Howard County, Texas, to lay out and survey a Public Road, as petitioned for by E. E. Barbee and others, beginning at Southeast Corner of Section No. 13 Block No. 34, 2nd North in Howard County, Texas, and running Northward with Section Lines and with East Boundary line of said Block No. 34 to the Dawson County Line, and to assess the damages resulting from the establishment of said road, will on the 20th day of November 1923, in discharge of our said duty, meet upon the following premises, to which the above named persons have some claim or title, to-wit:

Sections Nos. 43, 31, 30, 19, and 18 in Block No. 33, Tsp. 3 North, T. & P. Ry. Surveys in Howard County, Texas; Sections Nos. 7 in Block No. 33, Tsp. 2 North, T. & P. Ry. Co. Survey in Howard County, Texas; Sections Nos. 13 and 12 in Block No. 34, Tsp. 2 North, T. & P. Ry. Co. Survey in Howard County, Texas; Sections Nos. 13, 24, 25, 36 and 48 in Block No. 34, Tsp. 3 North, T. & P. Ry. Co. Survey in Howard County, Texas, and will then and there proceed to assess any damages to which the said named persons may be entitled on account of the laying out of said Public Road, and you are hereby requested and required to produce to us a statement in writing of the damages, if any claimed by you or any of you and all evidences which you may desire to offer in relation to such damages, and do and perform such other acts as may be necessary and lawful in the premises. The Sheriff of Howard County, Texas, is directed to cause this notice to be published in some newspaper published in Howard County for four successive weeks prior to the 20th of November, 1923.

In witness whereof, we have hereunto set our hands this 20th day of October, 1923.

The House by the Side of the Road

There are hermit souls that live withdrawn
In the place of their self content;
There are souls like stars that dwell apart
In a fellowless firmament;
There are pioneer souls that blaze a path
Where highways never ran.
Let me live in a house by the side of the road
And be friend to man.

I see from my house by the side of the road,
By the side of the highway of life,
The men that press on with the ardor of hope,
And the men that faint with the strife,
And I turn not away from their smiles and their tears—

Both part of an infinite plan.
Let me live in a house by the side of the road
And be friend to man.

—Sam Walter Foss.

Honoring Miss Helen Hardy

The friends and classmates of Helen Hardy have been lavish in her honor during her last week in Big Spring.

Frances McNew entertained at Mrs. Homer McNew's with a delightful surprise party.

Lillian Shick was hostess at dinner party at Cole Hotel, with Miss Guion Pool as chaperon, followed by an evening at the show. A jolly good time was enjoyed.

Margaret Happel delightfully entertained the bunch with a Lyric party, then later all kinds of good things at her home.

Louise Jordan took the little crowd on a drive including Coahoma and nearby places, returning to her home to serve good eats and then a frolic.

Mrs. Lib Coffee had them for an evening in her new home much to the delight of the little Misses.

Anna Mae Freeman gave a candy making party on Monday night in Miss Hardy's honor. They had a splendid time, as they always do in the home of Mr. and Mrs. Freeman. Helen has a choice book of candy recipes as a souvenir of this fine party.

Tuesday night Mrs. Fox Stripling's S. S. class of Intermediates entertained at the Y. M. C. A. Everybody had a good time and the honoree was showered with pretty handkerchiefs.

These affairs were all very delightful to Helen and she leaves with regrets but a feeling of real love for Big Spring and an appreciation for the many courtesies extended.

A Great Picture

Of more than passing interest is the motion picture, "The Common Law," which is a screen adaption of Robert W. Chambers' famous novel of the same name. Co-starred are Corinne Griffith, Conway Tearle and Elliott Dexter, while an exceptional supporting cast includes Doris May, Hobart Bosworth, Miss du Pont, Myrant Washburn, Phyllis Haver, Harry Myers and Wally Van. The story of "The Common Law" is really that of Valerie West, a sweet and rather unsophisticated young girl who, suddenly thrown upon her own resources, sets out to earn her living, but with no tangible idea as to what she is best fitted to undertake. During her search for work she calls at the studio of Louis Neville, an artist who, seeing her great possibilities as a model, persuades her to pose for him in the nude.

She achieves great success as a model but retains her sweetness and charm in spite of her environment. Neville falls desperately in love with Valerie and she finally returns his love. But the artist's family is furious at what they deem an undesirable union and influence Valerie to give him up by convincing her that the marriage will wreck his career. She tries desperately to kill his love and nearly succeeds but in the end their attachment is too strong and Valerie finally offers to live with him as his common law wife. Neville first refuses but is finally on the point of accepting Valerie's sacrifice of honor when unexpected forces intervene which rush the story to its interesting and dramatic climax.

"The Common Law" will be shown at the R. & R. Lyric next Monday and Tuesday, November 19 and 20.

Don't Become Careless

Many cities have recently concluded a strenuous observation of Fire Prevention Week.

Fire Prevention Week to be effective and fully preventive should be observed throughout the year.

The lesson is entirely lost, if, after a week of vigorous effort to eliminate all danger of fire, our people settle back to the old habits and permit the usual carelessness to creep back again.

Fire Prevention Week is designed to call attention to the menace that exists on every side because of neglect which results in needless conflagrations.

If Fire Prevention Week has taught you anything, see that the lesson will not be lost in the weeks to come.

Continue to be watchful every day and keep Fire Prevention Week every week in the year.

Better furniture at lower prices is guaranteed at our store. W. R. Purser & Sons.

N. W. McCleskey made a business trip to Midland Wednesday.

Common Sense vs. Legislation

Radical farmers in North Dakota and Minnesota have found by experience that legislation will not correct economic or personal deficiencies.

Growing wheat alone year after year means worn-out lands and hard-up farmers, and no government subsidy or guaranteed price will help.

One man in ten who goes into the grocery business succeeds and grows wealthy, and the average is about the same with farmers.

Farming is the basic industry and if we could destroy every city, the wealth production and necessities of the farms would build them up again.

But if we destroy the farms, the cities would fall into irretrievable ruin. To guarantee wheat prices is to tax weaker industries than farming.

The world excess of 300,000,000 bushels of wheat would be doubled by a subsidy as a premium on increased production and wheat would go down as taxes went up.

The way out is not by more legislation but more faith in our country, more common sense and more diversified farming.

Colorado Man Instantly Killed by Gas

Colorado, Nov. 13. — Maurice Coughran, 25, was instantly killed at noon today while at work in the oil fields 14 miles west of Colorado. Coughran had gone into an empty storage tank at the S. A. Sloan, et al., Miller No. 1 for the purpose of cleaning the same and was overcome with gas fumes. He was dead when taken from the tank a few minutes later by a fellow workman at the well.

The body was brought to Colorado to be prepared for burial. Funeral arrangements have not been announced but it is understood that he will be buried at Colorado Wednesday.

Coughran was a son of the late U. C. Coughran, pioneer citizen of Colorado, and who, for several years, was sheriff of Mitchell county. He is survived by his wife and one small child.—Fort Worth Star-Telegram.

Carnival Company Here

James' Big Shows, featuring Ferris Wheel, Merry-go-Round, Sea Plane and other attractions opened here Tuesday evening for a five-day program under the auspices of the Big Spring Fire Department.

This company have their riding devices on East Second Street.

Large crowds have been enjoying the carnival spirit manifest at this entertainment. The show will close Saturday night, going from here to Colorado.

Pioneer Bridge Club

Mrs. Joye M. Fisher entertained the members of the Pioneer Bridge Club Wednesday afternoon. Three tables of players thoroughly enjoyed the interesting games. Mrs. W. W. Inkman made club high score and Mrs. Julius Eckhaus made visitor's high score.

A two-course luncheon, served buffet style, proved an enjoyed treat.

Rev. and Mrs. Ben Hardy and daughter, Miss Helen, left Thursday for their new home at Haskell, Texas.

Itch treatment..... Cunningham & Phillips.

Over \$3,000,000 for Bankhead

With Mitchell County planning to spend \$1,200,000 in constructing a concrete highway across their county, Taylor and Nolan Counties, each to spend in the neighborhood of a million in improving the Bankhead Highway it is evident that State, Federal and county authorities are planning to have one real highway in Texas at least.

It would not be at all surprising to see this great highway constructed of concrete from Washington, D. C. to San Diego, California. We are indeed fortunate to be located on this great highway.

Gift Shop to Open

Owning Homes in Town

If good roads continue to keep pace with the manufacture of cars it will not be long until a big per cent of our farmers will have homes in town. In fact this will be the better arrangement as the farmer can motor to his farm in a few minutes get started with his work almost as quickly as if he lived on the farm. Then, too, the family can enjoy so many more conveniences, such as electric lights, running water, longer school terms, etc. Because of her good roads France adopted this plan years before the automobile was thought of, and isolated farm homes are the exception rather than the rule in that country.

D. Price returned the first of the week from Fort Worth where he had been to market a shipment of cattle. He reports the cattle market shot to pieces due to so many unloading regardless of the condition of their stock. He states that some of these days the country is going to be confronted with a shortage of cattle and then prices will soar.

Box stationery: The prices are attractive and the quality supreme... Cunningham & Phillips.

High School News

FOOTBALL—We were all sorry that on account of bad weather and bad roads the Tahoka team was unable to get here. Everyone was anticipating a good game but the disappointment could not be helped.

Our team is planning to play Ranger either Friday or Saturday. It is possible that it will be arranged so they can see the game at Cisco on Friday. Cisco and Abilene play for district championship.

COMMERCIAL DEPARTMENT

The business department is going forward in a most promising manner. All students are intensely interested and are bringing up the very highest grade of work. This is shown by the fact that more than 85 per cent of all students in this department have averaged A and A-plus in tests and term examinations.

Although just closing the second school month of the year, a number of remarkable records have already been made in both Shorthand and Typewriting. One beginner in typewriting has written as much as 53 words per minute on the machine. Several others are very close to this record. The significance of this may not be appreciated until a comparison is made. Thirty five to forty words per minute is the requirement for graduation in the majority of business colleges.

It is a fact, and perhaps not commonly realized that Big Spring has one of the best equipped and most thoroughly organized commercial departments in the State of Texas, and this means also in the entire South. Students are taught not only Shorthand, Typewriting and Bookkeeping, but business procedure, modern office practice and the hundred-and-one common-sense practical duties of the business man and business woman.

That the general public may know, and that parents in particular may realize what is being accomplished, the Commercial Department will have a demonstration night at a convenient date, but in the meantime visitors are cordially invited to call at any time to inspect the work and see the classes in operation.

Salem

We are having more east Texas weather. Hope to see it clear up soon. Crops are damaging badly.

Quite a few families of Salem were in Big Spring Saturday.

The young folks enjoyed a party at John Rowe's Friday night.

Misses Eunice Coates, Virgie Fryer and Jewell Rogers, Messrs Clyde and Floyd Hull were at H. W. Dearing's Saturday night.

Earl Hull and family were at S. L. Hull's Saturday night.

Misses Eunice and Delza Coates visited W. F. Coates from Saturday night until Monday afternoon.

Had a nice crowd at Sunday school Sunday, considering the weather. Good crowd at B. Y. P. U. Sunday night.

Charlie Engle and family spent Sunday with W. F. Coates and wife.

S. L. Hull and wife spent Monday night with Otis Davison and family.

Clyde Hull went to Cisco Tuesday morning.

Floyd T. Kennedy of Clovis, N. M. is here on a business trip and is staying with J. T. Rogers and family.

W. N. Coates and family visited relatives at Knott from Saturday until Monday.

Miss Ola Wolf of Coahoma attended B. Y. P. U. Sunday night.

Misses Addie and Oma Buchanan spent Monday afternoon with Mrs. W. F. Coates.

C. A. Tomm and family visited C. A.'s father Sunday, east of Coahoma.

Methodist Sunday School Notes

Our S. S. folks paid no attention to mud and mist last Sunday morning but to the number of 811 bravely held their ranks against unpropitious elements. It was a splendid group of the faithful, hardly an officer absent. The church was gay with flowers, placed by loving hands, November chrysanthemums in riotous abundance. Brother Hardy brought us a glowing account of the conference at Plainview. This Sunday we will have with us our new pastor, Bro. Phelan and his family. Let the entire Sunday school body be on hand. We have an excellent record established which we must hold. Three new teachers have been added to our efficient corps, and several have joined the Teachers Training class. Be on hand at 9:45 Sunday morning.

Since Armistice day came on Sunday this year Monday was observed as a holiday and the business houses of Big Spring were closed throughout the day. Rainy and threatening weather held forth throughout the day. An unusually large crowd was in town attracted here by the Big Spring-Tahoka football game which was not played because the Tahoka team failed to put in an appearance.

J. W. Shive was a business visitor here Wednesday.

New Arrivals in Our Shoe Department

—During the past week we've received four smart new styles in slipper and oxfords; they are styles that are entirely different from any that have been shown early in the season and ones that you're sure to like. Come in the first time its convenient and let us show them to you.

THE RITZ—A beautiful dress slipper of finest quality black suede in style with modified French toe and 15/8 Spanish heels. Black patent trimming adds to its attractiveness. Sizes 3½ to 7; AA to C widths. Priced \$11 pair.

THE ZEV—An oxford that is new and different; its of high grade brown suede and has tan calf saddle and back stay with perforation trimming. Light welt soles and military heels with rubber cap. All sizes and widths; priced \$8.50 pair.

THE DARCY—A black nubuck oxford with black kid trimming; light welt soles and one and one-quarter inch leather heels with rubber cap. A smart style for street or sports wear. Priced \$7 pair. The same style in beaver nubuck with brown calf trimming at \$7 pair.

SPECIAL Oxfords at \$3.95

—This week we offer one lot of brown kid, brown calf and mahogany calf oxfords that formerly sold for \$5 pair at \$3.95.

—They're in bal or blucher style with light welt soles and low rubber capped heels.

—Not all sizes in each style but almost every size in the lot; they are a real value at \$3.95 pair.

\$7 SLIPPERS FOR \$4.95

—Eighteen pair of misses low heel slippers of high grade beige calf in one-strap pattern with buckle. All sizes from 2½ to 7; slippers that sell regularly for \$7 pair—Friday and Saturday at \$4.95.

STACY-ADAMS SHOES FOR MEN

—They're the finest shoes that money can buy; made of the best grades of leather in combination lasts that fit and hold their shape.

THE LATONIA—A perfect fitting straight last Shoe of black kangaroo or brown kid leather; at \$14.50 pair.

THE BELMONT—Another combination last shoe in medium round toe blucher style; of finest brown kid leather at \$14.50 pair.

THE RADIO—Brown kid modified French toe style; a good fitting and very dressy last. Priced \$14.50 pair.

FLORSHEIM and other good shoes of black or brown kid, calf or kangaroo leathers in all the wanted styles at prices that range from \$5 to \$12.50 pair.

The Old Reliable

California's One Asset—Fleas
(By Will Cross in Carlsbad Argus)

And God said:
"Let the waters of the earth be gathered together in one place, and let the land appear," and it was so.

After this bit of land appeared, the Lord went to work on it. He squeezed the water out of it. He laid it out in valleys and plains and hills and mountains. He dotted it with lakes and rivers, until it resembled a huge pie. And then He filled this pie with all sorts of riches and good silver, copper, iron, oil and gas, and then He spread a net underneath of prolific soil over it.

And then He started to trim off the waste around the edges—the lower portion He trimmed off and called the rest of it northern Mexico. The discarded portion to the north He called Canada. He trimmed the Atlantic coast off to the east. And then He came to the western edge and stopped and looked. For while He had been trimming off the other edges, the western edge of this grand old pie had burst open and all that was best in it, the warmth, and sunshine, the fruits and flowers, the sweetness and the richness had overflowed and run down the western slope. And God said: "I won't cut that off, I will just leave it as it is and call it California."

And it was so. And then for centuries it lay there basking in the sunshine or glimmering in the moonlight, sending up its sweetness and fragrance to that Heaven from which it came.

And then in some way, from somewhere, came the first settlers, the Indians (not the kind of Indians to be found there today, but the old original family). And for centuries they lived and loved and multiplied and not much of anything else. There was nothing else to do. And then creeping in along the coast came a Spanish excursion boat and the trouble started. The Spanish began to convert the Indians and teach them the blessings of civilization. They traded them collar buttons for pearls, corn plasters for diamonds and Boston garters for seal skins, and Bibles for gold pipes; taught them the white man's religion and married them. The result of this mixture being Mexicans. They taught them to build missions and play the guitar and how to conduct revolutions. And that is about all they have done ever since. Along about 1840 California really began to advance. A couple of fellows in the name of Lewis and Clark began running cheap excursions out over the Union Pacific railroad. The Barbery Coast was made an open port. Juanita Miller and Bret Harte began writing poetry about the climate. But the state did not really get its start until a fellow by the name of Marshall started a gold cure up near Sacramento. Inside a year there were 6,000,000 gold diggers of both sexes working there.

Thus we see that California was discovered by the Spanish, fought for by the Irish, settled by the Yankees, built by the Chinese, owned by the Jews, and run by the Native Sons. With the Spanish in the south, the Yankees in the north and tourists all over it, California had a marvellous growth. In fact, it grew so fast that they had to divide it into two parts—northern and southern California, and had to place two deserts and a mountain range in between to keep the parts from fighting. The capital of the northern part was called San Francisco, that of the southern portion was called Los Angeles. "San" means Saint, Angeles means "Angies"—but that was a long time ago.

San Francisco (including Berkeley, Alameda, Mill Valley, Alcatraz Island and the Farrallones) is the largest city on the coast. Los Angeles (including all the rest of San Francisco) is bounded on the north by Alaska, on the East by Utah, on the south by Hollywood, on the west by the Hawaiian Islands and on top by Heaven. That is, by daylight, after dark, it has no limits. The Mt. Tamalpais railroad and the San Francisco City Hall are the two crookedest things in the world. San Francisco has more restaurants named for dogs than any city in the world. Seal Rocks and the St. Francis hotel are renowned for the number of seal skins to be seen there on any afternoon. The rest of the world dates their time before and after the birth of Christ—San Francisco dates hers before and after the fire.

The name of Los Angeles is Spanish. There are 22 ways of pronouncing it—all wrong. It is inhabited by emigrants from Iowa and

J. A. DOWDY
Midland, Texas

REAL ESTATE MEN: List this and let me hear from you. 11pd

New England—tourists, real estate agents and movie actors. Los Angeles is a seaport—18 miles from the sea. The only wonder in this is that they did not get through to the Atlantic Ocean, for nothing stops Los Angeles. They were short of water so they ran a subway somewhere up into Canada and tapped the Arctic Ocean. Then, they had so much water they didn't know what to do with it, so they annexed another county to use up the water. Owing to these various annexes, Los Angeles is now the largest city, in point of farm acreage, in the world. One of the greatest assets of Los Angeles, although it is never mentioned by its inhabitants, is its climate. There are two kinds of climate—Perfect and Unusual.

Owing to the fact that all Los Angeles dwellers are either rich or hopelessly broke, it is a great city for amusements—golf, polo, baseball, and bringing charges against the mayor being the most popular. There are more beautiful women in Los Angeles than any city in the world—but they all come from somewhere else—to go into the pictures. Hollywood is a suburb of Los Angeles and is called the "City of Happy Homes," this being caused by the fact that husbands and wives always occupy separate homes.

Oakland is a beautiful little settlement across the bay from San Francisco—in fact, Oakland is where you get off the train to get to San Francisco. Oakland is where 90 per cent of all San Francisco automobile owners go every Sunday. Owing to the fact that the city jail is on the 16th story of the Oakland City Hall, she has more crooks in her City Hall Building than either San Francisco or Los Angeles. The climate of Oakland is what San Francisco claims theirs is. If the Pacific Ocean ever lowers 4 feet, Oakland will have the greatest aviation field in America. Oakland is the only city on earth that ever jumped her population 300,000 in one week, and then, through dampness, lost them again.

Up to June, 1918, California had

two seasons—wet and dry. Since then, it has been theoretically dry and in reality wet. California is a great fruit raising country—the most popular product just at present being the raisin. The principal imports of the northern or San Francisco division of the state are silks, satins, diamonds, booze, opium and picture rides. Its exports—Chinamen and unlucky politicians. The imports of the southern, or cafeteria, division of the state are rubes, boobs, hops, malt and actors. Her exports are oranges, films, cancelled checks and raisins.

California leads the world in hotels, good roads, diversity of beautiful scenery, wonderful press agents, climate, moving pictures, automobile owners, flowers, hospitalities and local jealousies.

Oh, but I love California, love it as only a native—of New England—can love it. I love its lakes and hills, its mountains and hills, its deserts and seashore, but best of all I love its soil—these lots I own in Los Angeles. I have an attachment for these lots I shall never lose—that is, it does not look now as if I ever would.

The man who sold them to me said I could sell them at a profit, but he was a poor prophet. I just noticed the other day the deeds read "To have or to hold."

But the great dream of my life is to some time settle down there in my own little bungalow, on my own little ranch, and there in the golden sunlight and the silvery moonlight of California dream the hours away, seeing visions of other places and other times. And where can you find more to recall such visions than on a California ranch?

You wake in the morning to the music of a Connecticut alarm clock. You button your Boston garters in to your Paris socks, your Baltimore suspenders onto your Duluth overalls, put on your Lynn shoes and your Rathbury hat and you are up for the day. You sit down to your Grand Rapids table and eat your Hawaiian pineapple, your Quaker oat, and your Aunt Jimma flap-cakes, swimming in New Orleans molasses. Then you go out and put your Concord harness on to your Missouri mule, hitch it to a Mohr plow and plow up a couple of acres of land covered with Ohio mortgages. At noon you dine on Cincinnati ham cooked in Chicago lard on a Detroit stove burning Wyoming coal. And then as the twilight falls you fill up your Pride of Detroit with Mexican gasoline and dash out to the beach and while sitting in a Greek restaurant smoking a Boston-made cigar, you watch a New York girl dance the Memphis shimmy to the music of a New Orleans jazz band. And then you go home, eat a Mexican tamale, smoke a Turkish cigarette, read a chapter of a Bible printed in London. Eng., say a prayer written in Jerusalem, put on your pajamas—China silk—crawl between your Fall River sheets and fight all night with the FLEAS—the only native product on your whole d— ranch.

Cement Work

I am prepared to do all kind of cement work, such as coping, walks, water troughs, tanks, etc. I refer you to any work I have done in this city as reference. A. E. WINSLOW. 7-17

Early Christmas shopping is a sensible plan. If you wait until a few days before the all-important day to do your Christmas shopping, worry, trouble and dissatisfaction will be your lot. Do your shopping early and have a bushel of fun watching those who have postponed their shopping until the last minute.

Alcohol is recommended by the automobile manufacturers as the best anti-fog solution. Get it at Hall Tire & Top Co. 7-31

Still on the fence regarding your choice for president? That, perhaps, is because "modesty forbids your speaking."

Yes; We Can Spare You

This isn't cynicism. It is one of the sweetest and most reassuring laws of the universe—no man is doing a work that can't be taken up right where he left off and greater heights reached.

Harding died. Conditions in the United States continued to improve. Steinmetz died. The business of making the electron the servant of man will go right on, and new discoveries will be made. Bonar Law died. The English will not miss him.

So it is with you and me. Some of these days—and we are as essential in our sphere as either of the three just mentioned was in his—we shall pass on and shall not be missed. Another will not take up our scepter nor wear our toga, for the savage had the correct idea about that when he buried with the brave his tomahawk, dog and pony, but he will carry on the work that humanity needs.

That's our philosophy of our job. It isn't our job, after all. It is humanity's task and we are subbing for a while here. We shall not do justice to humanity's task if we do not so perform it that we may suddenly fail to report any morning and the task will move on without confusion or lost motion.

That's the good manager. That's the good laborer. Not the one who makes himself indispensable; but the one who so does his task that its simple order and routine may be picked up by another on a moment's notice without loss, is true service.

To myself I am the center of the universe and the most important unit of humanity; to the universe I am just one of the millions of parts, each doing its task, hoping awhile, rejoicing in season, then passing on to that bourne from whence no traveler, they say, has ever returned. Texas Commercial News.

A Dandy Place to Eat

Corinne Griffith

STAR OF

"Common Law"

Tells Why Girls Go into Pictures

"Why did Lady Duff Gordon, with all her millions, become a modiste?" asks Miss Griffith. "Why did Laura Jean Libbey write novels? Why did Helen Gould take up settlement work? Why does Neysa McMein paint pictures? Why is Blossom Seeley a dancer? Why is Eva Tanguay a singer? The answer, my dear lady, is in all cases the same—because they couldn't help it."

A Big Theme!

Handled in a Big Way at the

MONDAY & TUESDAY
November 19 and 20

Millions have read Robert W. Chambers great novel—"The Common Law"—millions will be spellbound when they view this wonderful photo-play. The great question is "Marriage a Failure" is handled in a striking manner.

There is no class of working girls who are compelled to submit to such indignities as are artists' models, and this phase of the question is vividly exemplified in the picturization of R. W. Chambers' popular novel, "The Common Law." Beautiful Corinne Griffith in the role of Valerie West is at first shocked and stunned when she learns what is expected of her, but after several months of studio life even she falls into their loose way of living, and it is not long before we see her dancing on the table at a wild orgy—she, who until her advent to the studio life, had been a girl of irreproachable culture and refinement. How, at the eleventh hour, she is finally rescued from a life of degradation, forms a stirring climax to the photoplay.

Portrayed by one of the most notable casts ever assembled for a single production you can't help but be pleased.

Don't Fail to See It!

THE GRAND LEADER

Victor Mellinger, Proprietor

BIG, SPRING, TEXAS

Passing of the Razor-back
at McKinney they have built monument to the razor-back hog. The monument was not erected in memory of anything the razor-back hog did for the world, because that particular family of swine species is no more. We gentlemen, when you make your razor-back, you make your betters. He was the Roman of the Porcine family the world shall not see his like compared to him the Durocs, Hampshires and Chesters that crawl fish chimneys to Pike's The dudes of the swine family are to be fed, protected and adored, but the good old razor-back did nothing of mankind. No dis- ever touched him, no dog could him, and he could earn his liv- anywhere. If the hickory nuts arns didn't fall, he could climb trees and get them, and there was a fence that could keep out of a corn field. The razor- cost nothing for keep, yet as and was convertible into the message that ever ministered the appetite of man. When we read of the McKinney people re- over the extinction of the razor-back tribe our prayer was that they forgive them; they know what they do." We had set our razor-back ham, but a sorrowful from our old friend Bill Hen- of Terrell, who has long pre- over the razor-back register, in- on that there is no longer such animal. Jim Lowery in Honey Grove Signal.

No, we did not go quite far enough, she's a great grandmother. She wore pretty gold-rimmed glasses, had nice shiny gold teeth, had her hair cropped, and some silver gray locks were dangling on her forehead. The wrinkles in her face were nicely rubbed out with face coloring, her feet incased in dainty high-heeled slippers, high colored silk hose, and her sparsely slim cut skirts lacked about eight or ten inches connecting up with her shoe tops, and strange to say Jim, she was just as frisky as a sixteen-year-old. Well Jim, it just kinder floored us, and we had to pinch ourselves to find out whether we were really down here on terra firma or not. And so we walked into our sanctum and sat down and got soliloquising in this wise. Where are you Dick, have you been asleep, and have you stood still and let the world go off and leave you? Now here is the Albany News and Honey Grove Signal, stand-patters for all things earthly politically, constitutionally and socially, but here we are Jim, standing alone in the midst of all this confusion of tongues, grandmother is gone, and so, too, is the razor-back hog, and in the midst of all this pow wow of progress, we are kinder lonesome. You know that the Bible says that your old men shall dream dreams, and your young men shall see visions, well it is vice versa now; Granny has seen a vision, and the old armed rocking chair, the knitting needles, the pipe and the snuff bottle have been pitched into the scrapheap, and grandma is out, either making stump speeches, playing bridge, active member of a woman's club or playing golf. And so Jim, we guess that we had just as well fold our tents, move off the play ground of action, and go away back some where and sit down, and spend the rest of our days lamenting over the sins and foibles of this progressive age.—Albany News.

Texas Weekly Industrial Review
Alpine — Womack Construction Company starts work on 24-mile unit of state highway No. 12.
San Antonio — Contract awarded for Medina Lake hatchery.
Prewitt — Standard Brick Company increasing capacity of plant.
Tyler — \$50,000 contract let by Peoples Guaranty State Bank for new home.
Lubbock — \$500,000 bond election to be held November 21 for improvements, including storm sewers, paving and new city hall.
Proctor — Construction of \$25,000 2-story brick building under way.
Houston — \$50,000 bakery being erected, all necessary modern machinery to be installed.
Corsicana — Production in Powell oil field from 7 a. m. to 7 p. m. reaches 315,000 bbls., according to estimates made by operating companies.
Houston — State turkey crop estimated 400 cars, as compared with 700 cars marketed last year.
Texas cotton in 1916 was 50 bales from 200 acres, 1923 yield 30,000 bales from 34,000 acres.
Orange — Texas Creosoting Company laying railroad tracks thruout plant site on Sabine river.
Dalhart — Contract awarded for pavement of streets.
Dallas — St. Louis Southwestern Railway orders 15 oil burning locomotives and 500 freight cars and will improve and ballast main line tracks in Texas and Ark.
Voth — Voth Lumber Company erecting two hardwood lumber mills.
Del Rio — Local wool and mohair commission companies dispose of approximately 475,000 lbs. of mohair at average price of 48 cents.
Samfordry — Prospects for construction of new railroad into Rio Grande City being materially strengthened.
El Paso — Four railroads entering

city have orders for 3300 cars to be loaded with livestock between now and December 15th.
San Antonio — Nine-acre tract on Bowen's Island to be developed into business property.
Dalhart — Dalhart Cotton Gin Company erecting four-stand gin.
Elgin — Ground broken for \$50,000 plant and ice factory of Elgin Light and Power Company.
Houston — \$2,000,000 interurban line to be built to Pasadena.
Channing — Ships nine cars cattle to Kansas City market.
Pharr — Work on Edinburg road progressing.
Ronsburg — Cotton gins still handle 100 bales daily.
Liberty County produces ten sacks rice to acre.
Panhandle — Paving of Main St. under consideration.
Hidalgo County gets additional \$188,000 to be applied to road building.
Freeport — Expenditures of over \$10,000,000 represented in mining of sulphur here and at Hoskins Mound.
Navasota — This year's crop will give farmers surplus for improvements in buildings and equipment.
Kelberg County valuation increased \$120,000 in year.
MOTORCYCLING — Outdoor's Greatest Sport on Wheels. And say —here's a sport that won't knock a hole in your pocketbook. A Harley-Davidson will speed you over the road for only 2 cents a mile—gas, oil, tires and all. Can you beat that? 50 to 60 miles to the gallon of gas is common for a Harley-Davidson. ROY GREEN, Dealer.
Catholic Church
Mass will be on every second and fourth Sunday of each month and on the fifth Sunday when there are five Sundays in the month. Beginning of mass at 10 a. m. 9-tf

Fakers Trade on Human Cupidity.
Every year a billion dollars in money and property is lost by a million gullible Americans through mail fraud schemes, says Horace J. Donnelly, acting solicitor for the post-office department.
He tells how thousands of women responded to an offer to send them "ten yards of beautiful silk for making shirtwaists, all for ten cents." For their dime their received ten yards of silk thread.
Thousands of men bit at an offer to send "a dozen quarts of rye for \$18." They got it. A dozen quarts of rye grain, not whisky.
These are the picayunish forms of getting money from foolish buyers, however. The various oil frauds centering about Fort Worth are said to have cost the public \$100,000,000 not including the losses untainted by fraud.
Those who lost did not expect something for nothing, but a lot for a little—and without working for it.—El Paso Herald.
STOP THAT ITCHING
Use Blue Star Remedy for Eczema, Itch, Tetter or Cracked Hands, Ring Worms, Chapped Face, Poison Oak, Sunburns, Old Sores or Sores on Children. It relieves all forms of Sore Feet. For sale by

Big Spring, Texas
Salaries and wages paid to railroad employes of all classes for the first six months of 1923 averaged \$136 a month, an increase of approximately \$4 a month over the corresponding period of 1922. The total number of employes in service was 1,850,000 as compared with 1,600,000 last year.
COTY AND HOUBIGANTS TOILET ARTICLES ALSO BLACK NARCISSIS.....CUNNINGHAM & PHILIPS.

ROBS CALOMEL OF NAUSEA AND DANGER
Medicinal Virtues Retained and Improved — Dangerous and Sickening Qualities Removed. Perfected Tablets Called "Calotabs."
The latest triumph of modern science is a "de-nauseated" calomel tablet known to the drug trade as "Calotabs." Calomel, the most generally useful of all medicines thus enters upon a wider field of popularity—purified and refined from those objectionable qualities which have heretofore limited its use.
In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.
Calotabs are sold only in original, sealed packages, price thirty-five cents for the large, family package; ten cents for the small, trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs.—(Advertisement 41-18t).
On October 1 index figure of prices paid to producers for main farm products was 27.3 per cent higher than a year ago, 25.6 per cent higher than two years ago and but 11.3 per cent lower than average of last 10 years.
We have a new Toilet Water and Talc—"Cappi".....Ask for a smell.....Cunningham & Philips.
A daily paper says that big business needs 200,000 trained leaders. What job do you want?

Frequent Headaches

"I suffered with chronic constipation that would bring on very severe headaches," says Mrs. Stephen H. Kincer, of R. F. D. 1, Cripple Creek, Va. "I tried different medicines and did not get relief. The headaches became very frequent. I heard of

Theford's BLACK-DRAUGHT

and took it for a headache, and the relief was very quick, and it was so long before I had another headache. Now I just keep the Black-Draught, and don't let myself get in that condition."

Theford's Black-Draught (purely vegetable) has been found to relieve constipation, and by stimulating the action of the liver, when it is torpid, helps to drive many poisons out of your system. Biliousness, indigestion, headache, and similar troubles are often relieved in this way. It is the natural way. Be natural! Try Black-Draught.

Sold everywhere.

Without the brains the Lord gave you you would never have been able to accumulate the wealth that you have. How much do you whack up?

Forty-nine Years Ago

Folks boiled coffee and settled it with an egg.

Ladies rode on side saddles.

Little Johnnie wore brass-toe boots and Daddy wore broggans.

When the preacher told the truth the people said amen.

Left-over noon victuals were finished at supper time.

Neighbors asked about your family and meant it.

Merry-go-rounds were called Flying Jennies.

A tin cup of red liquor was sold for five cents.

Ladies dresses reached from her neck to her heel.

It took twenty minutes to shine shoes with Mason's blacking.

People served pot liquor instead of canned soup.

Only crooks on record were lighting red agents.

Indigestion was called plain belly-ache.

The Kaiser was wearing knickers.

Men played mumble-peg instead of poker.

The neighbors all got fresh meat at hog killing time.

Customed was considered a good fertilizer.

And men made the same wife do a lifetime.—Bill Cowan in San Saba Star.

And say, Bill, in these forty-nine years, you ain't forgot your raisin'.

Forty-nine years ago Mother cooked corn pone in a skillet on the hearth—live coals on lid.

Seasoned with cracklins, nice and brown, melt in your mouth.

Fried the ham in a long-handled skillet over the fire blaze.

Sopped our yellow yam taters in red gravy, yum, yum, while the gravy trickled down our chin.

Cracked walnuts and hickory nuts a'nite time while Mother read the Bible—then family prayers and to bed.

Children slept in trundle beds in those days, and the whole bunch was there at roosting time.

Six and her beau sat in the big house with the rest of the folks till bed time. Not much said, but looking was good, and pretty soon always there was a wedding feast.—Albany News.

Children slept in trundle beds in those days, and the whole bunch was there at roosting time.

Lynch Davidson Announces For Gov.

In 1922 when I voluntarily declined to stand for reelection to the office of Lieutenant Governor, then held by me, I stated that I would be a candidate for Governor in the Democratic primaries of 1924. Carrying out that declaration of intention, I now formally and finally announce to my friends and to the voters of Texas that I shall definitely be a candidate for Governor in the 1924 primaries, subject to the action of the Democratic party.

My major principles and policies will be: More business in government and less government in business; a reformation of our taxing system by which it will be simplified and equalized; an economic business administration by which the tax rate will be reduced, financial deficits overcome, the state live within its income, and state warrants become worth a hundred cents on the dollar; elimination of useless state bureaus, commissions and offices; financing and betterment of our educational system, and so far as possible extracting it from politics; adequate compensation for teachers, better facilities in rural schools, better buildings and equipment, and a full school term everywhere; complete reorganization of the penitentiary system; the building of a complete system of hard-surfaced highways, and the use, so far as practicable, of the penitentiary system in carrying out a highway building program; fewer laws and better laws, and the absolute enforcement of all laws, including the prohibition laws; such amendments to existing laws as will make equal all the rights of women with men, that they may realize the full fruits of the suffrage which they have been given; conservation of the natural resources of the country by government action; promotion of a plan whereby the farmer and producer may receive substantially the full market price for his product. I believe in the right of labor to organize for its protection by the promotion of efficiency and craft education. I am opposed to the militant strike, and believe every American citizen has the constitutional right to work when and where he will, without interference, let, or hindrance.

The Ku Klux Klan was an issue in the last campaign, and give evidence of being an issue in this campaign. In October, 1921, when I was Lieutenant Governor of the state, I voiced by views on this question and at the same time my opposition to the Klan. I view the situation now as I did then. I believe in the administration of the law by the constituted authorities and not by any kind of bloc, group, association, clique or clan, however pure its purpose. Every citizen is entitled to his day in court. The creating or fostering of racial, religious or class strife among our people by any individual, group of individuals or organization, or the taking into their own hands the enforcement of law, determination of guilt or infliction of punishment, is a menace to our liberties, destructive of our fundamental law, and inconsistent with the ideals and purposes of the American people. In this same connection, I heartily endorse the resolutions passed by the American Legion at its San Francisco convention and by the American Federation of Labor at its Portland convention.

I am not a candidate of any special interest, bloc, group or association, and no man would be worthy of the great office to which I aspire unless prepared to serve all classes of our citizens without fear or favor. If elected, I can and will bring to the administration of the office a broad and versatile business experience and a liberal experience in the affairs of state and government. With that experience, I propose to put Texas on a business basis, and by the same token to substantially lighten the terrific load of taxation with which our people are burdened. I know it is possible to have good government in Texas, and to properly support all of our institutions at a far less cost than now prevails. I know it is possible to put the government of this great commonwealth on a cash basis and overcome the tremendous financial deficits of the past.

To sum it up, my candidacy for Governor of Texas is based largely on economic reforms, education, and the enforcement of the law.

LYNCH W. DAVIDSON.

Hemstitching 7 1-2 Cents Per Yard.

Am prepared to do hemstitching for 7 1-2 cents per yard and guarantee work to be satisfactory in every way. Workroom opposite postoffice—open from 8 a. m. to 6 p. m. Phone 200. Mrs. Chas. Eberley. 40-tf.

But why waste our breath on the grasping method of Chinese bandits when we have our coal barons right here at hand?

If you can't be an optimist at least do not be a pessimist. Stick in between.

FARM FOR SALE

320 acres, 180 in cultivation, one 5-room house, one 2-room house, and orchard. Will make over 40 bales of cotton this year; seven miles northeast of Big Spring; R. F. D. daily mail, on north Colorado road. \$35.00 per acre, \$6,200 cash, balance on easy terms.

T. E. SATTERWHITE
8-4t-pd.

The continued rainy weather is putting a mighty fine season in the ground for next year so we should not grumble overly much even though it is seriously hampering the harvesting of this year's crops. Our county has fared as well as any county in Texas and we have every reason to feel thankful.

We have some young squirts in our city, we regret to state, who make a practice of accosting young girls, attempting to entice them out for automobile rides. Officers and citizens should make an extra effort to capture these morons. Things have come to a pretty pass when we permit this class to exist in our city.

One of the most delightful dances of the season was the Armistice Day dance at the Elks Hall, Monday night. Many ex-service men were guests and quite a few out of town visitors attended. Especially fine music was furnished by the Bobby Miller orchestra.

We thought we were making a big step forward in development when 60,000 additional acres were put in cultivation in Howard County last Spring; but this record is to be eclipsed in 1924, according to present plans. Watch Howard County move along next year.

Things for which we should be most thankful are often the ones we most frequently forget.

The funny man seldom laughs at his own wit.

Ford Four-Door Sedan

\$685 ^{b.c.} fully equipped.

Inside and out, the new Ford Four-door Sedan shows improvements of far more than usual importance.

It is lower and sturdier in appearance. New cowl, hood, radiator and apron add size and finish to the front. Sun visor, and wide, well-finished aluminum doors with bar handles perfect the design of the body.

The lasting lustre of the exterior finish is equalled in richness by the

soft brown shades of the silk window curtains and the deep broadcloth upholstery.

Dome light, door locks, window regulators and handles, all finished in nickel, complete a refinement you would expect only at a far higher price.

Convenience, utility and economy have established Ford supremacy. The Four-Door Sedan adds to these factors greater Ford prestige.

This car can be obtained through the Ford Weekly Purchase Plan

He-Goat's Odor Cure for Diseases.

Paris, Nov. 6.—The peculiar and particularly penetrating odor of the he-goat has an important therapeutic value, according to Dr. Georges Louvel, in the Medical Review.

"The legendary goat, supposedly charged with the sins of Israel," says Dr. Louvel, "is nothing more nor less than an agent for disinfection created by the Almighty."

"Put the goat in a stable where cows and other animals are dying and the epidemic soon disappears and the sick animals recover. I hope to found a sanatorium where the smells of the goat will be the sole agent used as a cure for lung diseases."

Dr. Louvel points out that the goat is the only animal absolutely immune from tuberculosis and says that the immunity of the children of Israel from lung trouble resulted from the fact that they slept with the goats in their tents. The article asserts that several cases of bronchial pneumonia have been cured by introducing goats into the sick room and letting them sleep in the same bed with the patient.

Card of Thanks

We wish to extend our heartfelt thanks to friends and neighbors for the many kindnesses shown us during the illness and death of our beloved husband and father. Your kindly deeds and words of comfort lightened our burden of sorrow, and we shall ever remember and appreciate your kindness to us.

Mrs. Joseph L. Park and children.

A Fine Farm at a Bargain

An exceptionally fine 160-acre farm on the Lamena highway, 1-2 mile west of Fairview school house; 110 acres in cultivation, four-room house—for sale. Adjoining land priced at \$50 per acre, this to be sold at \$30 per acre for quick action. \$3,000 cash, balance in 6 years. Will take new Ford truck as part payment. Address C. A. CRAIG, Lamena Rt., Box 16, Big Spring, Texas. 9-tf.

People who practice haven't time to preach.

Boil Home-Preserved Foods to Prevent Botulism

Chicago, Nov. 9.—Medical men know no cure for botulism. Lives may be saved by boiling home-preserved foods, Dr. John C. Geiger, epidemiologist of the United States public health service, attached to University of Chicago, warned in calling attention to eight deaths within two weeks throughout the country, which he attributed to poisoning.

The deaths occurred at Neb.; Cle Elum, Wash.; Watauga and Cayuga County, New York in every case. Dr. Geiger warned against eating of home-preserved foods put up in glass jars. In case of the Cayuga County case, he said, the mother first tested the food and then boiled it, although the members of her family who ate the food after boiling died.

But it is not possible for the expert to detect the organism either by sight or taste, Dr. Geiger warned, and the only safe method to boil the food before using it.

Perhaps you have never given much thought but it is a fact—land values in Howard County during the past twenty years have increased from 1,000 to 2,000 per acre. During the next ten years they are due to make another substantial increase in value. When you purchase our lands are producing profit. Howard County land is the safest and most profitable investment you can make. If the price of cotton continues in the land in this county will be more than one hundred dollars an acre as an investment.

Thanksgiving Day falls on day, November 29th this year is another national holiday to be celebrated throughout the A. Howard County folks here to be thankful for and appreciate Thanksgiving exercises are planned for that day.

If your reputation is of any value you don't need to brag about it.
