

East-West Summit Stage Is Set As Big 4 Allies Agree On Program

Maximum Planning Called For By Western Summiters

Paris (UPI) — President Eisenhower agreed with the other Western Big Four leaders Saturday on a "maximum program" of peace to present to Russia at a summit conference next April and then staged a "very frank" showdown meeting with Charles de Gaulle on their private differences.

Eisenhower will report to the American people in a broadcast Dec. 23, the night after his return home, it was learned.

As the Western summit meeting opened in the presidential Elysee Palace, Soviet Premier Nikita S. Khrushchev injected himself into it by releasing in Moscow a two-month-old letter demanding a German peace treaty and an end to West German rearmament.

Both sides thus began to set the stage for an East-West summit meeting which Eisenhower hopes; De Gaulle, West German Chancellor Konrad Adenauer and British Prime Minister Harold Macmillan agreed Saturday should be held late next April. April 25 was mentioned as a likely date and a letter was to be drafted Sunday to Khrushchev suggesting the time. Geneva was to be the site, although De Gaulle would prefer Paris.

The four Western leaders, meeting twice at formal sessions to start their weekend conference, started to draw up the outline of a "maximum program" linking disarmament to political settlements which will be presented to Khrushchev.

Between the two sessions, Eisenhower was closeted privately with De Gaulle for an hour to discuss De Gaulle's reluctance to agree to integration of French forces in NATO commands and French anger at America's failure to back France during United Nations debate on Algeria.

The White House described the talk as "very frank and friendly." The meeting had been heralded in advance as a showdown between Eisenhower, backed by the tremendous success of his global peace tour, and De Gaulle, who seeks a greater voice for France in allied affairs.

White House Press Secretary James C. Hagerty confirmed what Eisenhower and De Gaulle had discussed in general but gave few particulars.

He said they talked mostly (See SUMMIT, Page 2)

Cuban Justice Resumed Firing Squads Execute Two

HAVANA, Cuba (UPI) — Cuban army firing squads executed two counter-revolutionaries in nearby Pinar del Rio Saturday in the first death sentences to be carried out in six months.

Two former non-commissioned officers in the army of ousted dictator Fulgencio Batista, ex-sergeant Jose Antonio Morfi Reyes and ex-corporal Luis Lara Crespo, were backed up against a wall at the Rius Rivera regimental shooting range at 7 a.m. and shot.

They had been convicted by a revolutionary tribunal of leading an armed movement against the regime of Prime Minister Fidel Castro.

The executions brought the total of so-called war criminals executed by the Castro regime since its Jan. 1 triumph over Batista to near the 650 mark. War criminals were executed at a four-day clip by rebel firing squads during the first six (See CUBANS, Page 2)

5 Aluminum Firms, USW Sign Contracts

CHICAGO (UPI) — The United Steelworkers (USW) concluded three-year contracts with five aluminum companies Saturday granting 37,500 workers wage increases and fringe benefits estimated by the union at 30 cents an hour.

Aluminum Company of America, Bellweather of the industry, announced at the same time that it has reached a parallel agreement covering 9,700 employees represented by the AFL-CIO Aluminum Workers International Union.

The aluminum industry settlement, coming on the heels of USW settlements with the can and copper industries, gave Steelworkers chief David J. McDonald a new bargaining weapon to wield when he resumes talks with the steel companies Monday in Washington.

New Tack In Search For Touhy Killer

CHICAGO (UPI) — Attention switched to the so-called "youngsters" in the alleged Chicago crime syndicate Saturday — everyone under 30 — in hopes of solving the gangland slaying of Roger Touhy.

The "youngsters," in turn, refused to do, or say, a thing without first consulting their attorneys.

Touhy's attorney, Robert B. Johnston, charged, however, that the syndicate had instigated Touhy's killing.

Touhy, 61, just out of prison after serving 25 years on what he insisted was a "framed" kidnap conviction, was shotgunned to death Wednesday night in front of his sister's home.

A companion, Walter Miller, 82, an ex-police sergeant who was serving as Touhy's bodyguard, was critically wounded.

Last Civil War Veteran Dead

Walter 'Old Reb' Williams Reached 117

HOUSTON, Tex. (UPI) — Walter (Old Reb) Williams, the last survivor of the four million men who fought in the Civil War, died Saturday. He was 117 years old.

The death of the tough old soldier was the signal for President Eisenhower to proclaim a day of national mourning.

Williams, made blind and deaf by the ravages of time, had been battling for a week his fourth bout with pneumonia in the last year. His daughter, Mrs. Willie Mae Bowles, was at his bedside when the end came at 3:20 p. m.

Williams struggled hard to maintain the last link between the men of the Blue and Gray, but the odds were heavily against him. He hadn't recovered his strength from a previous bout

with pneumonia when this one hit last Sunday.

"When this hit him, he had no reserve," Dr. Russell Wolfe said. Williams spent his final hours lying with his eyes open but unseeing in a 12-by-18 foot room at his daughter's home.

A Confederate flag — under which he served as a cavalry forger — hung draped across the wall of the room opposite his bed. It was flanked by a United States flag and the flag of Texas.

He spent his last hours under an oxygen tent with a bottle of liquid nourishment hanging by the bed and after dripping into his veins through a white plastic tube.

Wolfe, who had treated Williams for six years, and other physicians had kept Williams alive for more than a week by the use of intravenous feedings after he became so weak that he might have caused him to struggle to death.

But Saturday, more than a week after Wolfe had only given him 48 hours to live, he slipped quietly away.

"Colonel" Walter Green Williams who observed his 117th birthday Nov. 14, finally "went home" to join Gen. Robert E. Lee, Gen. J. B. Hood and a host of boys in Gray, recalling the legend of the battle-lorn cotton fields of Corinth, the mist-shrouded ridge of Chickamauga and the deadly green slopes of Gettysburg.

Williams lived out his last days at the home of a daughter, Mrs. Willie Mae Bowles, unaware to the last of a controversy over whether he actually fought in the (See WILLIAMS, Page 3)

Student Ouster Case To Court

A case that began when a 17-year-old McLean High School senior was barred from classes Dec. 9 went into 31st District Court in Pampa late Friday afternoon.

The student, Marcia Andrews, violated a school order concerning the parking of students' cars.

Judge Lewis M. Goodrich presided at Friday's hearing which was concerned with the lifting of a temporary restraining order against nine members of the McLean school board. The board has maintained that the case should not have been filed in district court.

Judge Goodrich, following an afternoon hearing before a large delegation of McLean residents, decided the case will be "tried on its merits" in district court Dec. 29. He maintained the court's jurisdiction in the matter.

The McLean school board was served a temporary restraining order Dec. 10 by Judge Goodrich following a complaint from the girl's father, Clyde Andrews. The suit erupted when Miss Andrews was expelled from school.

Five Indicted By Grand Jury

A Gray County grand jury returned indictments against five persons Friday afternoon in 31st District Court. Two of the men indicted waived jury hearings, entered pleas of guilty to burglary charges and were sentenced to Huntsville prison.

Prison sentences were meted out to Cecil Edward Sexton of Coalinga, Calif., and Stanley Garbut of Lawton, Okla. Sexton, who admitted burglarizing the Harvester Bowl and the Pampa Lumber Co., is the 18-year-old who outran police in a chase into Donley County Nov. 27.

Sexton was sentenced to two terms of seven years each to be served concurrently. Garbut, who burglarized the Pampa Lumber Co. March 11, was sentenced to six years. He had been indicted earlier.

Others indicted Friday were Arnold Roberson for forgery, William Garnett Morse Jr. and Gary Grant Hill, both for theft, and Leonard H. Kanner for the burglary of the Keller Trucking Co.

Pundits Agog Over Dewey-Nixon Talks

WASHINGTON (UPI) — Thomas E. Dewey, a key figure in 1960 Republican presidential jockeying, conferred at length with Vice President Richard M. Nixon this weekend in a move viewed as highly encouraging by Nixon's backers.

Baked Chicken—A La Coop Fire

Fifty-five chickens got a pre-Christmas roasting Saturday morning when a chicken coop at the R. R. Sullivan farm southwest of Pampa went up in flames at 8 a.m.

The coop was a total loss. Firemen blamed the fire on a nearby gas heater.

Sullivan said he felt the loss "rather keenly." All hens had been sold the previous day to a Pampa buyer. The buyer arrived at the Sullivan farm moments after the fire truck.

HARRIED SHOPPER — Janice McWright, 1530 Williston, needed at least one more arm Saturday afternoon to feed nickies into a downtown parking meter. Miss McWright, keys in teeth and arms loaded with packages, was one of hundreds of shoppers trying to beat the last minute rush on city stores. Four shopping days remain before Christmas. The Pampa Pilgrimage

An Expression Of Faith

Pampans will begin leaving their homes at 5 p.m. today to take part in the Pampa Pilgrimage and services in 33 participating churches at 6 o'clock.

The "family walk to church" is designed to fill every seat in local churches. Its purpose is to dedicate Christmas week to Christ through a joint devotional.

High school students, members of the Key Club, organized the plan and have devoted more than 800 man-hours to the project in the three months of planning and execution.

Worshippers will meet at gathering points this afternoon at 5:15 o'clock and walk together to churches of their choosing to join in simultaneous singing of Christmas hymns and to worship in the manner prescribed by each church. Pilgrims have walked throughout the centuries to shrines, cathedrals, and scenes of deep personal religious experience have dawned on them. This was the cornerstone on which the Pampa Pilgrimage was laid.

The common song hour is set for 6 o'clock, a convenient time, planners felt, for families with children to participate.

It is expected that several thousand Pampans will participate in Churches will pass out brochures at morning services today explaining where and when to meet and giving instructions on participation in the walk to church.

Insuring Its Success

Seven men and seven youths Saturday afternoon walked almost unnoticed into the sanctuary of the First Methodist Church and there knelt together and prayed.

They prayed for the success of this afternoon's religious undertaking, the Pampa Pilgrimage, and called down a blessing on its participants.

The 14 were the co-chairmen and chairmen, respectively, of the Pilgrimage committees.

Okies For Johnson Urged By Sen. Kerr

OKLAHOMA CITY (UPI) — Oklahoma Democrats are being urged to send delegates to the 1960 national convention who could hop aboard any bandwagon guided by two powerful Texans, Sen. Lyndon Johnson, or Speaker Sam Rayburn.

And the bandwagon, in the opinion of possibly the most influential Democrat in Oklahoma, Sen. Robert S. Kerr, should be rolling for Lyndon Johnson himself.

Kerr's argument looks beyond the 1960 presidential campaign itself. The senior senator has passed his thoughts along to hundreds, and indirectly to thousands, during speaking trips about the state in recent weeks.

Oklahoma can't lose by sending a delegation to the convention that is friendly to Johnson, the

Taxpayers Pay \$7.5 Million Over Dispute

WASHINGTON (UPI) — Congressional auditors reported Saturday the government spent \$7,500,000 in "unnecessary" iron transportation costs because officials could not agree with a contractor on a \$30,000 to \$150,000 railroad siding.

One item highlighted a General Accounting Office (GAO) report which said the General Services Administration (GSA) could have "deferred or saved" expenditure of \$9,000,000 on shipments of strategic metals to stockpiling sites.

Campbell's report, dated Dec. 14, came to light Saturday.

Comptroller General Joseph Campbell said in a report to Congress that the GSA has agreed to defer an additional \$5,500,000 in transportation costs. He said there is "likelihood of actual savings of all or part of this amount." The GAO watches over federal spending for Congress.

Campbell said the GSA overspent on transportation of strategic metals between 1958 and 1960 by failing to select storage sites closest to the domestic sources or ports of import.

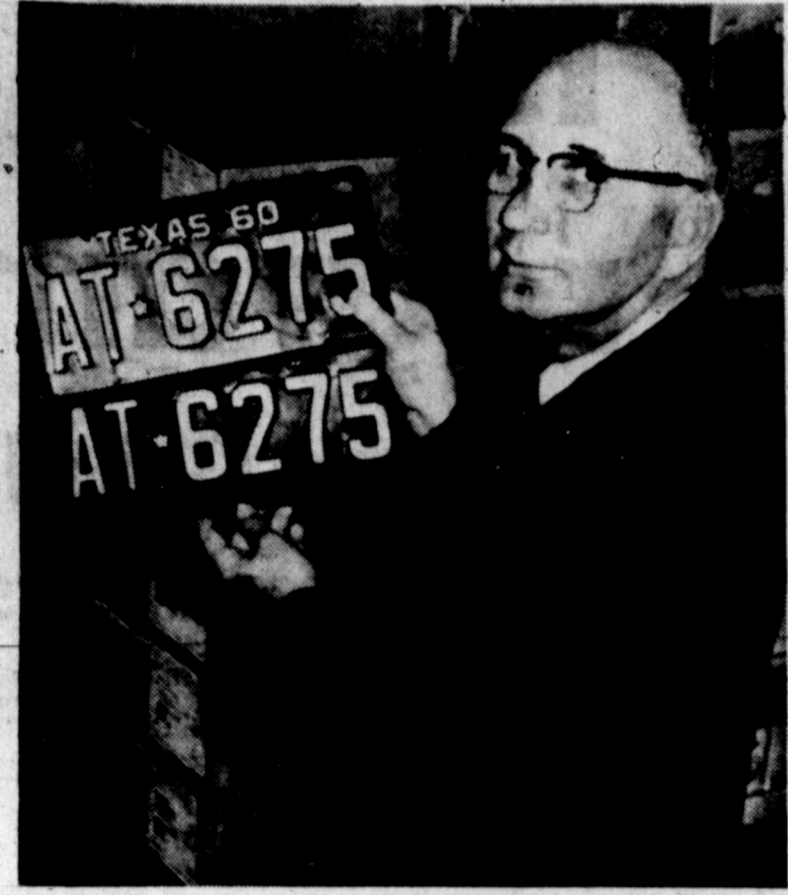

The \$7,500,000 item involved shipments of 358,000 long tons of manganese from Henderson, Nev., to depots in Atlas, Ohio, and Large, Pa., between August, 1955, and February, 1959.

Campbell's report said the manganese was shipped "subsequent to the dates at which the stockpile objectives for these depots were achieved, although arrangements could have been made to store the materials at Henderson at a relatively low cost."

The contract for the manganese "contemplated that storage could be made near the contractor's plant," the GAO report said. The report further stated that the contractor agreed to deliver the manganese at his own expense.

WILLIAMS

(Continued from Page 1)
War Between the States.
 The controversy began on Sept. 3 when a writer for the Scripps-Howard Newspaper Alliance reported he had dug up old census records showing Williams was only eight when he claimed he joined Gen. Hood's brigade 11 months before the close of the war.

Despite this, Gov. Price Daniel of Texas stood behind Williams' claim that he was the last surviving Civil War veteran.
 "All the evidence available in state offices and Confederate records indicates that Walter Williams is the last surviving Confederate veteran," Daniel said on Sept. 4.

"In this matter we shall respect and follow the records of the state and Confederacy rather than the archives of the federal government which have always been recognized as incomplete with respect to members of the Confederate armies."
 The fact he was recognized as the last survivor of the Civil War was underlined when Congress in 1956 awarded him a Gold Medal. This year Congress approved a resolution, which President Eisenhower signed, declaring the day of his death a day of national mourning with flags to be flown at half mast.

Old "Uncle Walt" was a remarkable man of amazing vitality and indomitable spirit.
 Today he is mourned not only for the legend of his military service, but as a man of keen wit and dry humor whose life was marked by many exploits.
 He took his first airplane ride when he was well past the age of 100; he rode a horse when he was 103; he shot his last deer at the age of 107, and he danced and appeared on a television program when he was 112.

Williams predicted years ago that he would outlive friends and enemies alike. He remarked time and again that "I just want to live until all the rest are gone and just to see what happens."
 The prediction came true. Last March when John Salling, Williams' last remaining companion of the Confederacy, died in Tennessee. The last of the men in the Union forces was Albert Woolson of Minnesota, who died in 1956.
 There is little actual documentary evidence to support Williams' birth day or record in the Confederate Army.
 But family records indicate he was born on a Mississippi farm on Nov. 14, 1842, although an affidavit he filed with the State of Texas in 1952 so he could draw a Confederate pension said he was born in 1846 in Adawanda county, Miss.

Not Where Is Daddy, But Who?

NEW YORK (UPI) — A wide-eyed five-year-old girl was found wandering in a bus terminal Saturday looking for her father.
 Evelyn Mira said her daddy was supposed to have met her on her arrival. She had traveled all the way from Florida to see him, she said, and she still was clutching his nearly three-month-old birthday card in her hand.
 Evelyn said she knew her father only as "Bing." He lived in the Bronx, she said.
 Her mother, Maria, put her on a Greyhound bus in Jacksonville Friday, Evelyn told police. But her ticket indicated she may have come from Miami.
 Evelyn wore a red and white dress and had two white bows in her hair. In one hand she carried a birthday card dated Oct. 7, 1959, and inscribed, "To Dear Evelyn—Your Dad, Bing, Happy Birthday, five-year-old."
 When asked how long it had been since she had seen her father, Evelyn said, "A long time."
 She was taken to a children's shelter to wait for "Bing" to arrive.

The United States, during 1957, produced 1,600,000 broilers.

Reception Of Visitors From Wisconsin Set

A meeting has been called for 10 a.m. tomorrow of the special committee organized to complete details for the reception of the two special trains of University of Wisconsin students, scheduled to stop in Pampa for church services Sunday, Dec. 27, enroute to the Rose Bowl football game in Pasadena, Calif., New Year's Day.
 The committee, composed of chairmen, Warren Hesse and the Rev. Dick Crews, Bob Black, the Rev. Woodrow Adcock, Bob Stroble, the Rev. A. Bruns, Father Edward Cashman, Jack McCreary, James Hart, the Rev. William E. West, Knox Kinard and Joe Shelton will meet with Santa Fe passenger agent, F. E. Hanlon, to arrange details of the stop.
 Plans are for the two trains to reach Pampa in time for services at local churches.
 The students requested the stop in Pampa after hearing of the reception given students from Iowa University last year.

Graveside Rites For Townsend Case

Graveside services for Townsend Case will be held Monday at 4 p.m. in Fairview Cemetery with the Rev. Richard Crews, First Christian Church minister, officiating.

Mr. Case, former Pampan, who had been living in Springfield, Mo., died Tuesday in Houston Methodist Hospital following surgery. His body is being returned here for burial.
 Mr. Case, born in Canadian, moved to Pampa at the age of five and resided here until 1939. He was employed by Case Planing Mill Co. during residence here.

Gann Service Set Monday

Funeral services for James Kelley Gann, 46, will be held tomorrow at 2 p.m. in Harrah Methodist Church with the Rev. O. M. Butler, pastor officiating. The body will be sent to Eldorado, Kan., where services will be held in Kerby Funeral Chapel on Wednesday afternoon.
 Interment will be in Eldorado Cemetery.
 Mr. Gann, Halliburton Well Cementing Co. employee, died Friday at 12:30 a.m. in Highland General Hospital following a brief illness.

SUMMIT

(Continued from Page 1)
 about "the U. S. abstention in the United Nations vote on Algeria and the NATO question of integration."
 The United States abstained from a U. N. vote on a resolution calling for negotiations in the Algerian war. France felt the United States should have voted against it.
 At the morning's two hour and 15-minute formal meeting of all four chiefs of government, the White House said "everybody was in agreement that there should be an East-West summit meeting... towards the end of April."
 While the Big Four met, their foreign ministers gathered separately at the Quai D'Orsay, the French foreign office.
 Theirs was the job of putting into plans the decisions of the four chiefs.
 An evening session, scheduled for 2 1/2 hours, was foreshortened by an hour without explanation.
 The Western Big Four worked on the issues to be taken up with Khrushchev, notably disarmament and the problems of German reunification and Berlin.
 In the letter which Khrushchev sent to Adenauer Oct. 15 and publicly revealed Saturday through his foreign ministry, the Soviet Premier accused Adenauer of taking the line that a German peace treaty was "petty and insignificant." This, said Khrushchev, was "wrong." And he stuck to his demands that the Allies leave West Berlin and turn it into a free, demilitarized zone.
 Presumably, Eisenhower, Macmillan and De Gaulle already knew about the letter. There was belief in Paris that Khrushchev merely published it to horn in on the Paris meeting, however indirectly.
 Sources said the Western Big Four agreed that the basis of their program to present to Eisenhower would be the "package peace plan" linking disarmament to a step-by-step settlement of political quarrels. This same package was rejected by Russia at last May's East-West foreign ministers conference in Geneva.
 Eisenhower planned only conferences with Secretary of State Christian A. Herter and other aides Saturday night.
 Sunday the four-power talks will be transferred to Rambouillet Chateau, 27 miles outside Paris. Eisenhower will have a private breakfast with MacMillan and will receive Adenauer for dinner Sunday night at the U. S. embassy.
 Monday, the talks will wind up and Eisenhower will continue on to Madrid and Morocco, en route home.
 States embassy in Havana had been advised the sentence would be forthcoming.

STUDENT.

(Continued from Page 1)
 Andrews allegedly broke a school order concerned with the parking of cars. The order, put into effect this year, requires all students who drive cars to school to park on a school parking lot when they arrive and to leave them there until 3:45 p.m.

In the case in question, Miss Andrews is alleged to have parked her car a block from the school, left at noon and returned to park in the same spot before reporting to her afternoon classes.
 She was suspended from classes Dec. 9, and on the following day her father filed a suit requesting an injunction to permit her return to school.
 At issue is the question of whether the school board and administrative officials, as duly authorized representatives of the school district, have authority to regulate the actions of students during the approximately seven-hours-of-the-normal school day.
 Andrews' legal contention is based on the contention that school is dismissed at noon and therefore, during the noon hour, the student is under the control of her parents and the penal laws which apply to any citizen.

 pense if a stockpile were established within 10 miles of his plant.
 "In 1952 the contractor actually acquired land near Headerson for the establishment of a government stockpile," the report said. "However, no use was made of this property, apparently because agreement could not be reached between GSA and the contractor on the construction of a railroad siding."
 The report said cost of the siding "was estimated at between \$30,000 and \$150,000."
 "If GSA had utilized this site, or had negotiated for use of another site within 10 miles of the contractor's plant, the expenditure of \$7,500,000 for transporting this manganese... would have been unnecessary and only minor costs would have been incurred."

Aftergut Takes Over Helm As Kiwanis President

Sam Bergert ended his term of office Friday as president of the Kiwanis Club and made it official by presenting the gavel of office to Arthur Aftergut.
 Bergert said "It has been a wonderful year," but added that he was glad to be able to finish his term and was looking forward to serving the club in some other capacity.
 Aftergut had no prepared speech, but outlined informally some plans of the club for 1960.
 There will be no regular meetings of the club this Friday or next, but members may keep unbroken their attendance records by signing in at the Methodist Church Saturday noon and next Friday noon at "roundtables."
 Guests at the Friday noon meeting were Jay Channel, new pastor of the Mary Ellen Church

Not All Of Padre Island May Be Okayed For U.S. Park

AUSTIN (UPI) — Congress may declare Padre Island a national seashore area, but it won't claim the entire island nor will it be content with the middle 50 acres, according to Sen. Frank Moss (D-Utah).
 Moss made his observation after conducting a one-day hearing in Corpus Christi on a bill by Sen. Ralph Yarborough to make Padre a seashore area.
 Moss also made it clear that his report to the public lands subcommittee of the Senate Interior Committee would be favorable.
 of Christ; Murray Sealey; James Weathered; Wallace Bruce and John McCausland, Top O' Texas Kiwanis Club members, and Key Club members, Billy Tucker and J. B. Denson.
 Yarborough recommends 100 of Padre's 117 sandy miles made a seashore, although he believes the entire island should be claimed.
 "Miami-type development where stone fences block the view from the seas."
 Opposition to the park chiefly from those who now own the island.
 One of the most impassioned pleas for the seashore was made by Dr. Hector Garcia of Corpus Christi, founder and chairman of the American G. I. Forum.
 For thousands of poor citizens in the area, and for migrant workers, Garcia said, Padre presents the only vacation time and their children can afford.

IN MEMORIAM

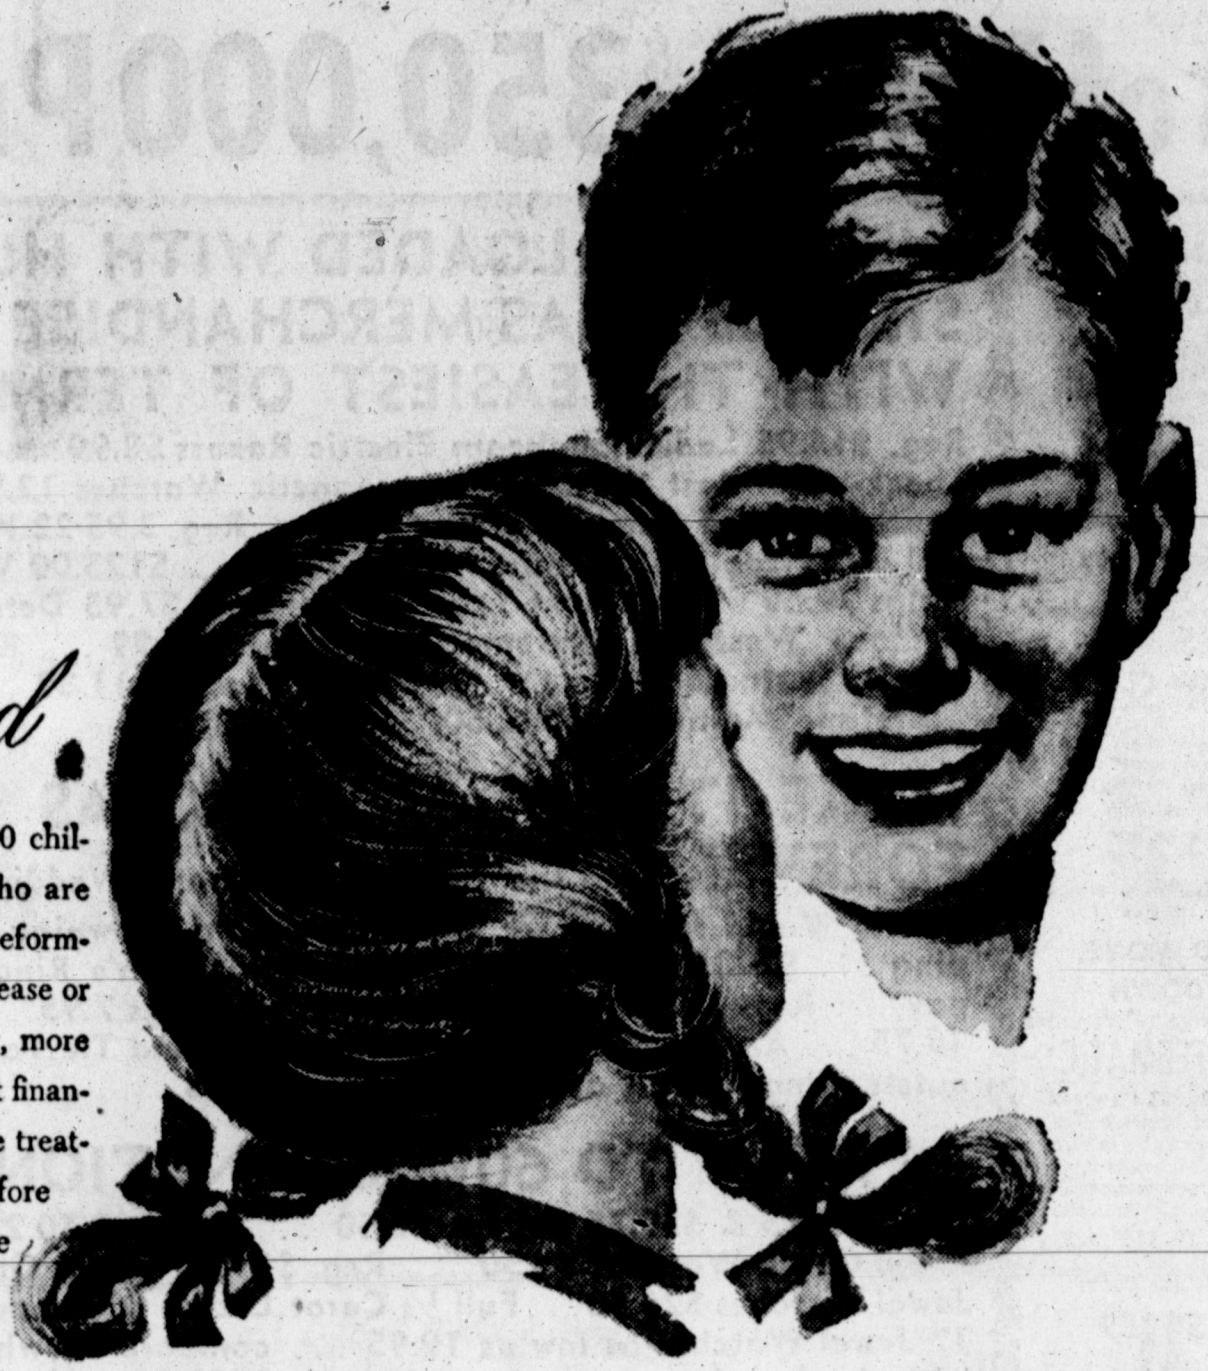

These are the names of Texas men and women who, in their Last Wills and Testaments, have left bequests to the Hospital. Their names have been carved in the panels of the Memorial Statue pictured below. Other names, as they become eligible, will be carved on the new panels now being provided around the base of the Statue.

The Need.

There are more than 5,000 children in Texas, each year, who are either born with some tragic deformity; or, who are crippled by disease or accident. Of this total number, more than 3,000 are from families not financially able to pay for corrective treatments at pay hospitals. Therefore each year, 3,000 new cases are created needing medical and surgical treatments such as are provided by the Texas Scottish Rite Hospital for Crippled Children. These services are made available to the needy Texas crippled children through gifts from generous Texans. These gifts come to the Hospital in the form of cash and as bequests made in Last Wills and Testaments (see list herewith.)

The departed whom we now remember have entered into the peace of life eternal. They still live on earth in the acts of goodness they performed and in the hearts of those who cherish their memory. May the beauty of their life abide among us as a loving benediction.

"GIVE Them THIS DAY, Their DAILY BREAD..."

Obviously, Bread symbolizes all of the physical requirements for normal, healthy living. It encompasses, for example, everything that is provided at and through this Hospital for the day-to-day care of, and the rehabilitation of Crippled Children:

- | | |
|------------------|----------------------|
| Food | Surgical Operations |
| Hospital Housing | Braces and Fitments |
| Nursing | Physical Therapy |
| Medications | Occupational Therapy |

This is a big order. Everything from the food to the convalescent therapy is highly specialized. Yes, "Their Daily Bread" represents a gift of great price per child! And such a gift is made effective only through the combined giving of thousands upon thousands of Texans.

Here are Five Ways to Give

Living Trusts can be established to benefit the Hospital during your lifetime by naming the Hospital Board, or any other person you designate, as your Trustee over the property, money, securities or other assets you set aside for that purpose.

Bequests in your last will and testament will convey to the Hospital whatever gift you may desire to bequeath. (In connection with living trusts and bequests it is important to consult an attorney.)

Life Insurance can aid the Hospital through

either a new policy, or by making the Hospital beneficiary on any existing policy.

Memorials in honor of loved ones through a gift to the Hospital result in both the names of the donor and that of the memorialized one being permanently recorded in the Hospital's memorial records.

Cash Today! Gifts of cash today provide the Hospital with the all-important current operating revenue that makes possible the day-to-day activities of the Hospital.

These Texans as Trustees and hospital officials have dedicated themselves to the service of the Crippled Children of Texas

CHRISTMAS FARE — Robert Mitchum and Julie London pursue a proud and violent road to romance in "The Wonderful Country," the motion picture based on Tom Lea's best-selling novel which opens Thursday at the LaVista Theatre for Christmas entertainment. It's in Technicolor, too.

'Why' On Top Over 'El Paso'

The RECORD SHOP

CHICAGO (UPI) — A new champion, Frankie Avalon's "Why," held the top spot on United Press International's top 20 popular recording weekly survey.

"Why" edged ahead of Marty Robbins' "El Paso," which first came to the number one niche last week.

In third place was Freddie Cannon's "Way Down Yonder In New Orleans," followed by Toni Fisher's "The Big Hurt" and Paul Anka's "It's Time To Cry."

Biggest jump of the week was recorded by "It's Time To Cry," which slipped to fifth from 10th last week. There were no newcomers in the top 10 and only three in the top 20 tunes.

In sixth was the Nutty Squirrels' "Uh, Oh," followed by Guy Mitchell's "Heartaches By The Number," Bobby Rydell's "We Got Love," Bobby Darin's "Mack the Knife" and Ernie Fields' "In the Mood."

The top 20 (figures in parentheses indicate this week's position, last week's position and number of weeks on survey):

- (1-3) Why, Frankie Avalon, Chancellor.
- (2-1) El Paso, Marty Robbins, Columbia.
- (3-4) Way Down Yonder In New Orleans, Freddie Cannon, Swan.
- (4-2) The Big Hurt, Toni Fisher, Signet.
- (5-10) It's Time To Cry, Paul Anka, ABC Paramount.
- (6-7) Uh, Oh, The Nutty Squirrels, bhamover.
- (7-8) Heartaches By The Number, Guy Mitchell, Columbia.
- (8-9) We Got Love, Bobby Rydell, Cameo.
- (9-16) Mack the Knife, Bobby Darin, Atco.
- (10-4) In the Mood, Ernie Fields, Rendezvous.

By **JOE FINNIGAN**
UPI Hollywood Correspondent

HOLLYWOOD (UPI) — British actor Laurence Harvey has the distinction of being the only Lithuanian-born South African turned Englishman to play a Texan from South Carolina who lived in Virginia.

"How do you like that," says Harvey, the former Laurushka Mischa Skikne.

Laurence, a Shakespearean sort of fellow, plays the part of William Travis in John Wayne's production of "The Alamo."

And, since taking the role, he's been fighting a one-man battle against folks who think he shouldn't portray an American historical character on the screen.

"People all over town screamed when they heard an actor with an English background was being put into a picture on American history," Larry said.

"How dare they," he retorted critically. "Those who complained don't know a damn thing about United States history."

"Inscribed on a plaque at the Alamo site are the names of Englishmen, Irishmen and Scotsmen who took part in the battle," he claimed. "So, you see that's settled, I have every right to be in the picture."

Then, as a gratuitous afterthought, he added, "Wayne was really very brave to put me in the film what with all those people screaming."

Laurushka, who gained popular acclaim for his work in "Room at the Top," said he liked doing the multi-million dollar type of American pictures. He especially wants

to do a cowboy story.

"There's another type of film that Americans shouldn't think is all theirs," he cautioned. "Do you know that somebody had to bring a lot of cattle to this country from abroad?"

"It just so happens that Englishmen were among the first to come to America and they brought some cattle along, building huge ranches."

"Some day I want to film the history of English influence on the American West," he said.

However, there's one rub — money.

"I can't get the English producers interested enough to put up the cash," he said forlornly. "It's like getting Winston Churchill to run for prime minister."

Free Enterprise System Backs Idea Of Pay TV, Says Producer

By **DOC QUIGG**
United Press International

NEW YORK (UPI) — Otto Preminger, the noted director and producer of stage and screen, got back into town the other day with plenty to say about a new enthusiasm of his — and ready to sound off about an old enthusiasm, pay TV.

The new enthusiasm, as you might have guessed, is the beauty of Israel. He had just returned from a three-week visit there with a staff preparing to make a movie based on "Exodus," the best-selling novel. They'll shoot it there next spring.

The scenes will be the actual

places where the story takes place during the birth of the state of Israel; a technique that paid off handsomely for Preminger in his last movie, "Anatomy of a Murder."

"The beauty of the place is fabulous, indescribable," he said. "I found old streets and synagogues whose very age adds to the beauty. We'll shoot on Cyprus, using the site of a former detention camp. Then to Haifa and its neighborhood, then Jerusalem."

The one thing we're going to build is a youth village. We're going to have an attack on it and burn it as it looked in 1947. This will be about 20 minutes from Nazareth on a piece of land the government is permitting me to use.

And now to his never-ending feeling about pay TV, from the standpoint of a man who makes a living producing shows. "I'm very much for it. The only Democratic way for entertainment in our free enterprise society is for people in entertainment to compete with each other — and the public can put money in a slot and pay, instead of ratings, which I don't understand and I doubt are accurate."

It is not necessary for a show to be seen by 50 or 60 million persons. Advertisers want only the widest number to see a show. I think that's unfair because it pushes off some shows that should

be produced for those who want to see them.

Suppose there is an intelligent play, and only a million people want to see it and they pay 25 cents apiece. You can put on a good play for that \$250,000. Now, for an advertiser this would be a flop, so it wouldn't be considered. That's why it is impossible, in my opinion, for the most intelligent shows to survive on TV.

Free TV could still exist. But why can't we — and others — try to see if a show will pay, as it should do in a free society?

Jet Pilot Killed
KEY WEST, Fla. (UPI) — The Navy reported Friday L. (JR) John Stuart Bonds of Dallas, Tex., was killed when his plane crashed into the sea.

Bonds was practicing ground control approaches in an F4D Skyray jet, Thursday night when he crashed 1,200 feet offshore from the Boca Chica Naval Air Station here.

A board was investigating the cause of the mishap.

Bonds was the son of Clarence Lee Bonds Dallas.

GRAINGER McILHANY
... 87th representative

McIlhany A Candidate For Reelection

State Rep. Grainger McIlhany announced this week he would be a candidate for reelection. His district, the 87th, is made up of Wheeler, Collingsworth and Gray counties.

Rep. McIlhany is 41, married, a graduate of the University of Texas with degrees in law and business, and is a veteran of World War II. He is the owner of a small department store in Wheeler and is a stock farmer.

The Wheeler county has represented the 87th District in Austin for the past 12 years. This experience has proven invaluable in providing closer contacts and first-hand knowledge of the workings of state departments and bureaus. His work has been particularly significant in the fields of agriculture, schools, highways, and state hospitals.

McIlhany has been active in working for more rigid state supervision of insurance company operation. He has also given strong support to legislation to control loan companies. He is one of the sponsors of the present farm-to-market road program.

As chairman of the House Livestock Committee, McIlhany has secured passage of bills to modernize the livestock health laws of Texas which now comply with federal requirements for the interstate shipment of animals. He has also sponsored bills that re-codified the livestock feed inspection and control laws. He is the author of the bill providing for on-the-farm demonstrations of improved farm

Mayor Of Port Arthur Succumbs

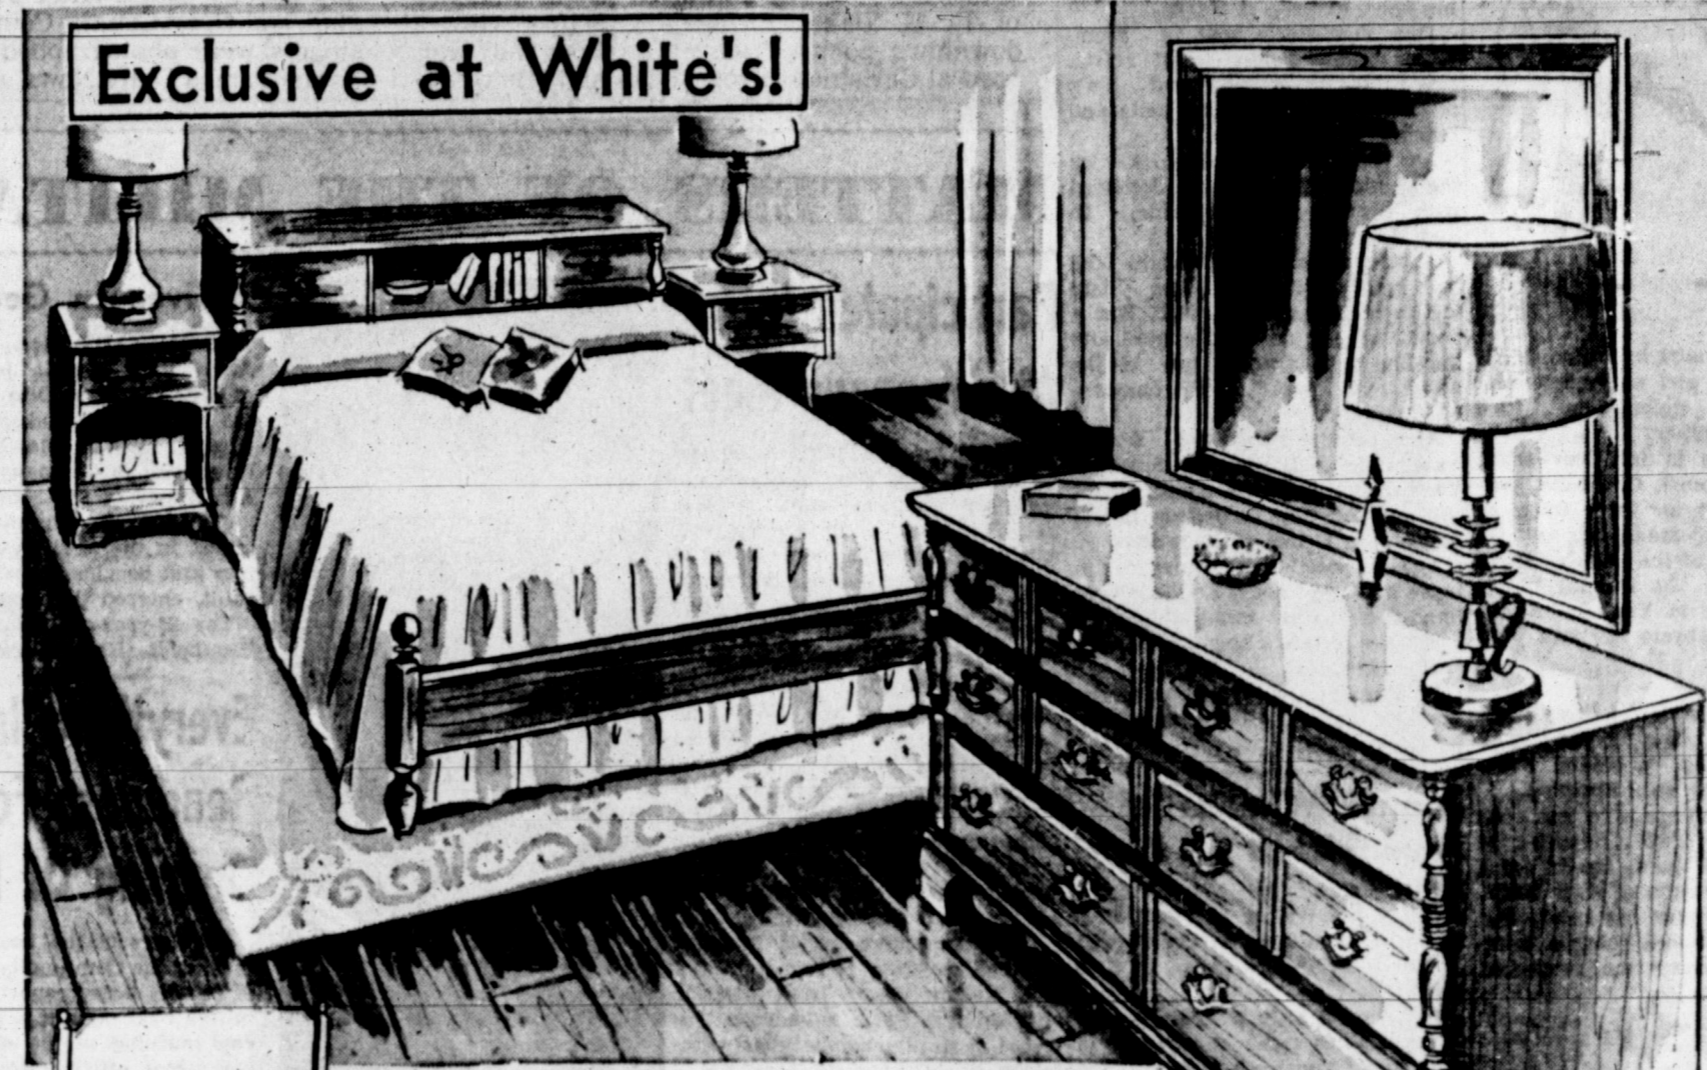

PORT ARTHUR (UPI)—Chris F. Petersen, the sailing ship skipper who left the sea and became mayor of Port Arthur, died Friday. He was 77.

At the time of his death, Petersen represented the Norwegian consulate.

He is survived by his widow and three sons. Services will be held Monday.

Petersen began his seafaring career on a clipper ship when he was 12. He was one of the few living seamen to hold a master's license on both steam and sailing

Crime Capers Reach New Laugh Peak

This Year They Even Stole Family Bathtub

By MEADER G. PATTINGTON

NEW YORK (NEA) — They finally stole the bathtub in 1959. In fact, 26 of them were stolen by an interspersing thief in Bilston, England.

While police were cleaning up that one family in McCann, Calif., after losing a stove and furniture in previous years, returned to their summer camp to find the entire cabin gone.

Other big items, too, had their day. Pike County, Ind., had a 30-foot bridge cut up and carted off. And two men took up two miles of railroad track in Montreal and sold it for scrap.

Probably the longest item on record ever to be stolen was a 20-foot sign taken from a railway station in Wales. The name—Llanfair-wilwngyllgogery-chwyrndrowillantllysilogogoch.

Animals were also featured in 1959's queer thefts.

A grocery store was robbed in Brooklyn while the watchdog calmly watched. The same watchdog then bit the police captain in the leg when the officer was making his investigation.

"Man bites dog" was given still another twist in a prison camp in Waycross, Ga., when bloodhounds dug under the prison fences and escaped. Prisoners were used to round up the dogs.

However, to keep pooches' reputation intact, a dog in Montpelier, Vt., sniffed out 40 bottles of liquor stolen earlier from a country club.

Union, Ohio.

—An opportunist in Fulton, N.Y., who gave his girl an engagement ring he had stolen from the girl's grandmother.

Banks came in for their share of 1959's problems. One bank, perhaps invited it for three things in Yonkers, N.Y., made off with \$50,000 in two of the bank's festive bags bearing the legend: "First National Bank in Yonkers—A gift for you to celebrate our 25th year in Yonkers."

Habit is a wonderful thing. Asked to sign his name for the money he was stealing, a holdup artist obliged and was soon arrested. Sometimes things are not as they seem. Two thieves in Orestochowa, Poland, bought up a number of portraits of Karl Marx, painted halos over his head, and then, arrested while doing a saintly business selling the retouched

it was wrong to steal from my mother-in-law.

A shoplifter with a dressed chicken in Paocima, Calif., explained that he had put the chicken under his shirt to keep it warm.

One shoplifter's coat in Memphis, produced four sport shirts, two raincoats, a two-pound box of candy, a hat, several belts and two bottles of cologne.

And one bridegroom stuck up the minister for \$52 and departed with his prospective bride, in Los Angeles.

Another shoplifter thought he had gotten away with two fishing reels in Asheville, N.C. But a hook snagged on the counter and the line was traced two blocks away to the pocket of the chagrined shoplifter.

A carefully conducted search was made in London by Scotland Yard detectives, after a counterfeit one-pound note turned up in the bar of the House of Commons.

And a possibly reformed striptease artist in Leeds, England, was fined for stealing some clothes.

But one of 1959's Loony Larcenies really smiled:

In Toronto, an escaping housebreaker jumped a fence and landed on a skunk.

Found Dead In River

WHEELER (Sp) — Funeral services for Walter S. (Pat) Patterson, will be held in the Church of Christ in Hollis, Okla., at 2:30 p.m. today.

Patterson's body was discovered lying in about two feet of water in Red River Thursday morning. His son, Wayne, found the body after receiving word from an unidentified Hollis woman who had seen Patterson's car parked near the bridge.

Patterson moved to Hollis from Wheeler in 1927 and farmed in the West View Community near Hollis for many years.

Survivors include his wife, Maude Bradshaw Patterson, a son, Wayne, of Hollis, and four daughters, Mahoma Mann of Plainview, Tex., Gwen Harvey of Wichita Falls, Pam and Ruby. Other survivors include a sister, Mrs. Maude Regan and a brother, Harvey Patterson, both of Wheeler.

Water District

Election January 12

WHITE DEER — The annual election of directors to the Panhandle Ground Water Conservation District will be held Jan. 12 in White Deer.

Two directors will be elected, one in Precinct 1 and one in Precinct 5, each for a two-year term. Polling places will be the Abel Elevator and the Liberty Club House for Precinct 1, and the Hoover Mercantile Building for Precinct 5.

Officials said anyone wishing to run for a directorship may have their name placed on the ballot by filing a written request with board president, R. C. Durrett of Panhandle.

The naked eye can see no more than 4,500 stars on a clear night, even though the number visible may seem infinite.

CAROLS — Fifth and sixth grade students of B. M. Baker Elementary School visited downtown points Friday afternoon and sang several Christmas carol classics and other holiday novelty songs.

After visiting Pampa City Hall and Gray County Courthouse, the young singers were photographed during their visit to the Pampa Daily News, an annual stop. The group sang later in the day at a school assembly. Mrs. Flaudine Gallman is choir director. (Daily News Photo)

MATTERS OF THE MILITARY

Participates In Air Weapons Meet

YUMA, Ariz. (PHN) — A participant in the Navy's fourth annual air weapons meet, "Operation Top Gun," while serving with Attack Squadron 66, home-based at the Naval Air Station, Miramar, Calif., was Joe W. Miller, aviation electronics technician third class USN, son of Mr. and Mrs. D. L. Miller of McLean.

Before entering the Navy in September, 1957, he attended West Texas State College.

His squadron, flying the A4D "Skyhawk" placed first in the Jet Light Attack events during the meet held November 30 through December 4 at the Marine Corps Auxiliary Air Station, Yuma, Ariz.

The competitive aerial weapons training exercise featured Navy and Marine teams from Atlantic and Pacific Fleet squadrons, selected in similar competitions within the fleets.

More than 130 planes belonging to frontline operational units flew in the competition which is conducted to evaluate aviation weapons systems, supporting equipments, and training and operating techniques on a navy-wide basis under the most competitive conditions.

A highlight of the meet was a missile demonstration at the Point Mugu, Calif., Pacific Missile Range December 2, featuring the first public firing of the Sparrow III, supersonic air-to-air missile, from all-weather jets using only the craft's radar to sight and destroy the target drone.

VIOLATOR NABBED — MILWAUKEE, Wis. (UPI) — Milwaukee police believed they have captured one of the youngest traffic violators in history.

Officers Friday confiscated a 10-year-old boy's go-cart because the motor-driven vehicle had no lights and no horn and the boy lacked a driver's license.

Driving Award

MANNHEIM, Ger. (AHTNC) — Army PFC Claude Cox Jr., whose wife, Freida, and parents live on Route 1, Wheeler, recently received a safe driver award while assigned to the 51st Transportation Company in Mannheim, Germany.

Cox won the award for driving military vehicles 8,500 miles without an accident or traffic violation.

He entered the Army in October, 1958, and completed basic combat training at Fort Carson, Colo.

The 23-year-old soldier is a 1956 graduate of Wheeler High School. Before entering the Army, he was employed at Plainview.

Christmas Time Presents Many Household Hazards

AUSTIN (UPI) — Christmas tree decorations and other holiday trimmings are dangerous if eaten by children, the state health department warned Saturday.

"There are more than the usual hazards of life and health around the American home during the Christmas season, all capable of putting a damper on festivities. Some kill, some seriously sicken the unwary," the department said.

Holly, the department warned, is highly toxic if eaten, and will cause violent nausea and central nervous system depression.

The bubbling fluid—methylene chloride—used in Christmas tree lights, is lethal in certain dosages. Cases have occurred in which very young children have swallowed or inhaled the fluid, the department said.

Fireplace colors are made of metallic salts. When thrown into a blazing fire they create multi-colored flames, but when eaten they can make youngsters severely ill.

Isn't the snow but the gas propellant which makes a snow spray dangerous, the department said. The snow is made of harm-

less plastic and fatty acids, but the pressurized gases can be toxic when inhaled.

Mistletoe, the department said, is fine in its traditional Christmas role, but brewing a tea of mistletoe berries is not. The national clearing house for poison control centers has a record of death within 10 hours after drinking mistletoe tea, the department said.

UNMOUNTED COP READY

NEW YORK (UPI) — Mounted policeman John Ready got a taste of the foot patrolman's job Thursday night. Ready had to dismount when a suspected purse snatcher he was galloping after dashed into an apartment building. The puffing mountie got his man after a chase up 13 flights of stairs. Ready brought the suspect down by elevator.

The dog was hunting rabbits at the time.

And a parrot in Charlotte, N.C., squawked out: "Boy stealing, boy stealing!" when a youth attempted to remove a radio from a hobby shop.

Pickpockets had a busy year in 1959: Thirty-five wallets with a total of \$2,000 were lifted during a parade in Pasadena, Calif., the largest haul in years.

And a gentleman in a Grand Rapids bar, finding that his pocket had been picked to the tune of \$50, lost the rest of his money when he went out hunting for the \$50 with some newly-made friends.

Chicago police were more patient. They watched one pickpocket lift a man's wallet, watched another artist lift the wallet from the first pickpocket, then collected both.

Some of the looniest larcenies included:

—A crystal ball stolen from a fortune teller in Warwick, R.I.

—36 diapers, five bed pads and eight pairs of rubber pants stolen in one haul from a store in West

portraits in front of a monastery as portraits of St. Joseph.

Then there was honor among thieves:

After thefts in a Columbus, Ohio, penitentiary of shaving lotion, razors, a fountain pen, chopped ham, deodorant sticks, radio plugs and a pair of gloves, an editorial appeared in the penitentiary paper:

"We are appealing to each inmate to help eliminate these low-type characters that are in our midst."

And alibis really hit the top in 1959.

Charged with passing four counterfeit \$100 bills a gambler in Louisville testified he had won the money with crooked dice.

An El Paso landlady stole, forged and cashed a government check belonging to a tenant, insisted that she was only collecting her rent.

Two youths in Niles, Mich., caught with a stolen car—explained that they had only borrowed it because hitchhiking was against the law.

Another El Paso woman arrested for stealing and cashing a government check said: "I didn't think

Harvesters Capture Pair From Bearcats

Nine Men Score; PHS Wins, 69-49

Five Harvesters broke into the scoring column Friday (two for the first time) as Pampa won its first straight game, 69-49, over Sherman.

Shocks Take Second Loss

Sherman's B team came from behind in the last quarter here Friday night to edge the Pampa Shocks, 48-45. This was the Shocks' second straight defeat, and their second loss in eight games.

WISE SHOTS — Allen Wise, 12, goes up for a shot in Friday's game here against Sherman. Crowwithe (left) and Graves (right) of Sherman are too far out of the play to guard him. Wise, however, missed the shot and became the only man on the Harvester team who didn't break into the scoring column Friday. Each of the other nine men on the squad scored at least two points. The triumph gave the team from Kingsville, Tex., the football championship of the National Association of Intercollegiate Athletics (NAIA). Some 9,500 fans and national TV audience watched.

The single wing Lenoir Rhyne round attack led by tailback Lee Armer, who showed flashes of brilliance, was controlled by a big Texas A&I line and speedy linebackers.

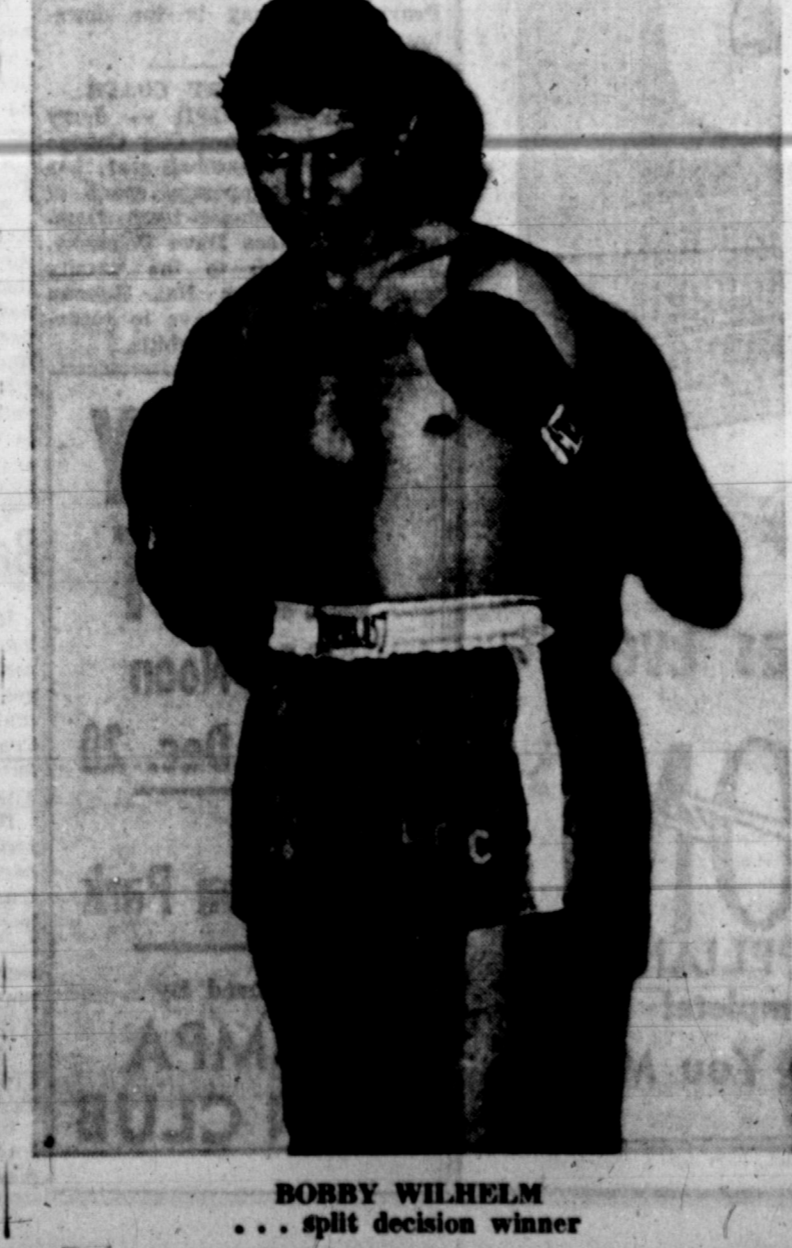

The Shocks trailed at the end of the first quarter, 17-14, and were behind at halftime, 25-23. Sherman's B team led at the end of three quarters, 38-35.

Katy Upsets Sundown

BROWNWOOD (UPI) — Halfback Charles Shafer ran a kickoff back 82 yards Saturday for a touchdown as Katy scored a stunning 16-0 upset victory over Sundown to win its first Class A state schoolboy football championship.

Shafer, a 136-pound halfback, took the opening kickoff of the third quarter, blasted through the Sundown line and outraced the secondary to score standing up.

The tiny halfback's dazzling run provided the insurance touchdown after Katy held a precarious 8-6 halftime lead over the favored Sundown Roughnecks.

Katy seized an 8-0 lead with 15 seconds left in the first quarter on a seven-yard end sweep by an 80-yard drive in 15 plays.

The two-pointer which proved to be the halftime margin was scored by Jordan on the same play that netted Katy's first touchdown — an end sweep by Jordan conveyed by quarterback Pwayne Fussell.

Flashing runs by Shafer and 185-pound fullback Farrel Culpepper sparked the Katy march.

Sundown shot on the scoreboard with 2:12 left in the second period when quarterback Robert Puster passed a 63-yard touchdown pass to halfback Haskell Davis, capping an 80-yard drive.

Katy threatened twice in the second quarter, but bad ball-handling and fumbles thwarted the Tigers.

After Shafer's touchdown run, Sundown dominated the third period but was thwarted by two pass interceptions — one on a fourth down aerial into the end zone from Katy's 18 yard line.

Sundown shocked Katy on the opening play of the game when halfback David McInturf ran the ball back 57 yards to the Katy 23. But the Roughnecks were halted at the eight and missed on a field goal try there.

A crowd of 4,000 in the Brownwood Lions stadium watched the game.

Katy was undefeated and untied during the regular season.

Katy had won 14 straight. Sundown had won 13 out of 14.

Ray Texans Rope Coyotes, 20 To 6

AUSTIN (UPI) — Quarterback Max Derden riddled defending champion Wichita Falls with a pair of touchdown passes and a tinging scamper down the sidelines for a third score Saturday to lead Corpus Christi Ray to a 20 to 6 Class AAAA title victory.

A crowd of 10,000 watched in 80 degree weather as the undefeated Texans moved to their first championship in the Gulf Coast school's history.

Derden's efforts won him the game's most valuable player award, a selection made by sportswriters down the sidelines.

Wichita Falls' one-tided Coyotes made a strong second half try, but were ruined by fumbles and last-ditch stands before tailback Dickie Turner managed a five-yard touchdown run in the fading minutes of the game.

Corpus Christi got its first touchdown in the second period when with a 49-yard pass. Midway in the third quarter he added another tally with a 31 yard toss to end Ben House.

Derden scored his touchdown on a play that saw him hand off to halfback Johnny Williams on the Coyote 23, then take a lateral at the 15 and tightrope down the sidelines to score.

Derden's passing accounted for 122 yards, but it was the more persistent running of Williams, Jimmy Reeves and Jerry Rogers that provided a 196 yard ground attack and kept the Coyotes off balance.

Rogers also punched over for the two-points after the first Corpus Christi touchdown.

Wichita Falls, riding the rugged line — slants of Turner and Travis Reagan moved to the Ray two and one yard line during the second half, but a fumble ruined one try and Williams pushed Derden out of bounds on fourth down to kill the other.

Corpus came within inches of scoring early in the second quarter, but Jerry Wagon was jarred loose from the ball on the two and Jim Webster recovered in the end zone for a touchdown.

Bucks, Cleburne Tie, 20-20, Share Title In AAA Division

BRECKENRIDGE (UPI) — Cleburne and Breckenridge battled to a 20-20 tie and a Class AAA championship Saturday in a classic high school football contest.

Officials of both schools agreed to go for broke before the game — no victories on penetrations and in case of a tie to let it stand as a co-championship.

Both teams took the same dogged stand on the playing field. So hard was the contest played that three players were carried from the field including Breckenridge's star fullback Dicky Rogers who suffered a broken collar bone on the seventh play of the game.

It was Timmy Doerr, 175-pound quarterback and the only junior on the Cleburne team, who led the Yellowjackets to their first share of a state championship in 39 years.

Doerr filled the air with passes, snagged a few away from the opposition and ran the Buckaroos ragged. He completed 17 of 26 passes for 262 yards.

He had a lot of help in the line from a forward wall that held Breckenridge, an 18-point favorite, to a stalemate and kept it from winning its fifth clear title in eight years.

The Bucks scored first only five minutes deep in the first quarter. Cleburne fumbled on its own 24 and two plays later Breckenridge's Jerry Gibson hit Billy West on the 10 with a pass and West whirled over to score. Gibson kept and converted for two more points.

The two teams moved up and down the field so hard that Breckenridge halfback Travis Gandy and Cleburne fullback Buck McCall were knocked out.

Stamford Wins Crown In AA

Stamford racked up its fourth championship in five years Friday night at San Angelo as the Bulldogs whipped stubborn Brady 19-14 in the Class AA state finals.

Coach Larry Wartes' Stamford champs made the most of a burly defense and quarterback Tommy Lovvorn's running and passing to turn back Brady's third title bid in the past four years.

Lovvorn ran for two touchdowns and passed for the other as Stamford became the first Texas schoolboy grid team in more than three decades to win four state titles in five years. Waco turned the trick in the 1922-26 span.

Brady, which had lost to Stamford 8-0 in a regular season game, went down fighting. But, its running game was no match for Stamford's great line and, when the chips were down late in the game, its aerial shots backfired with timely Stamford interceptions.

Brady's previous state title bids were snuffed out 39-7 by Stamford in 1956 and 41-6 by Terrell the following year.

The victory was Stamford's 15th straight this season and stretched to 25 in a row the string without a loss. Actually, Brady has been the victim three times in this string, which started with a victory over Brady in mid-season last year and included the 8-0 game earlier this fall.

For Wartes, it was two straight state titles in only two years of head coaching since he succeeded Gordon Wood at Stamford. His teams boast a 28-1-1 record.

Henry Will Coach Southwest Texas

SAN MARCOS (UPI) — Jack Henry, head coach and athletic director at McAllen High School the past season, has been named head football coach at Southwest Texas State College.

Henry, who starred on Bobcat football and basketball teams in the mid-40s, will succeed R. W. Parker, who resigned in October, effective next June. Henry will take over at his alma mater next summer.

Henry, a graduate of San Antonio Edgewood High, spent eight years at Mercedes High School before going to McAllen. He was head basketball coach all eight seasons and was head football coach the last six years.

He is a brother of Bill Henry, a University of Houston alumnus, who was a relief pitcher with the Chicago Cubs last season.

Friday was a great night for the benchwarmers at Pampa High. Every one of the five reserves scored, and one of them was the second high man. All-in-all, the reserves turned in a fine performance during the second half against Sherman.

I've often wondered what would happen if one or two of the Harvester starters fouled out early in the game, or with the score very close. Friday the answer was given — nothing that will help the other team.

Joe Timms and Phillip Gist each collected his fourth foul late in the second quarter, and Coach Clifton McNeely pulled both of them out as a precautionary measure. Hershel Terrell and Bill Neslage went in, and both turned in fine performances.

Terrell scored five buckets and a free throw in the last half, to trail only Craig Winborn in scoring. Neslage stole the ball more in his 18 minutes on the floor than anyone else this year. His "stolen-ball trick" brought to mind the tactics of last year's all-stater Harvester guard, Charlie Minor.

Larry Stroud, who came in for Allen Wise in the second half, did a good job of rebounding. Then Leslie Stanfield and Don Curry, who came in during the last two minutes, scored their first points of the year.

Sherman, of course, wasn't as good a team as the ones the Harvesters will face in district play. And the reserves still have a lot to learn, because their play wasn't flawless by any means. However, they showed that the Harvesters may be able to lose a starter or two, through injury or fouls, without coming apart at the seams.

Big Cotton Bowl Parade Scheduled

DALLAS (UPI) — The Cotton Bowl Council said Saturday the Cotton Bowl Coronation Parade on New Year's Eve morning will feature some of the most elaborate and lavishly decorated floats ever seen in a Dallas parade.

Nine of the 22 floats already scheduled will be sponsored by the council and will represent the eight Southwest Conference schools and the visiting Syracuse University.

The Cotton Bowl queen, Diane Lander, will ride the University of Texas float atop a throne, while princesses from the other schools will occupy the spotlight on their respective floats.

The theme of the parade will be "Texas Brags" and each float will depict something about which the state is brags. Floats will be entered from Greenville and Lubbock as well as one from East Texas. The others are sponsored by Dallas commercial firms or trade associations.

The parade will start at 10:30 a. m. and travel Harwood, Commerce, Lamar, Main and the Pearl Expressway in the downtown area.

Rice To Play In Blue-Gray Game

Ronnie Rice of Lefors and Texas Tech has been named to the Gray squad for the annual Blue-Gray game in Montgomery, Ala., December 26.

Rice left for Montgomery Saturday, by plane, along with team mate Jerry Selfridge of Borger. Rice is a halfback, Selfridge a tackle.

Rice was the leading ground gainer for Tech in his first two seasons, but was slowed by a shoulder separation this year. However, he still managed to finish second among Raider runners. Before going to Tech, Rice was an all-regional quarterback for Lefors.

Selfridge, who played end for the Raiders his freshman and sophomore years, was shifted to tackle this season. He did so well at this new position that he was twice named as Southwest Conference lineman of the week.

Selfridge and Rice are the seventh and eighth Texans to play in the Blue-Gray game. Five others were chosen for the squad, but had to decline their invitations because the Raiders were playing in bowl games.

Baugh To Coach New York Team

If anyone thought the new American Football League was going to make only a half-hearted effort to get the best players and coaches that thought went out the window this weekend with the hiring of Sammy Baugh by the New York Titans.

Baugh, former Texas Christian and Washington Redskins quarterback, holds more passing records than any other man alive. He's been coaching at Hardin-Simmons for the past five years. His teams won only 25 and lost 26, but they played such squads as Georgia and Auburn. Baugh seemed to be on his way to making H-SU a major gridiron power, before slipping down to take the pro job.

Baugh said the three-year contract he signed made him "happy that he signed anything I ever got in ville, Mo.

Singin' Sammy is one of the two big names corralled so far by the New York AFL team. The general manager of the team is Steve Sebo, who was fired as Penn coach this year despite the fact that his team won the Ivy League championship.

Jerry Pope, a former Harvester eager, scored eight points Thursday in TCU's 79-12 loss to Tulsa. He played most of the game. Pope is a junior.

Jimmy Nation, son of Mr. and Mrs. James B. Nation, 2100 Mary Ellen, lettered this season on the Kemper School junior football team. The school is in Booneville, Mo.

Broussard Pacing A&M Cage Attack

By ED FITE
United Press International
DALLAS (UPI) — A rugged sophomore guard with a shot "even with the tilt couldn't miss" is one of the key figures in Texas A&M's early basketball success this season.

Aggie Coach Bobby Rogers is the authority for description of the favorite shot of his most prized first-year starter — Carroll Broussard.

"It's one of the finest moves I've ever seen," Rogers says of the fall-away jump shot. "It is practically unguardable. Even with the tilt, Chamberlain couldn't block it."

"But, he's only a sophomore," Rogers says of his young star. "I should say a typical soph, because he has the jitters, makes

mistakes most first year men do and he hasn't been pressing like he should."

In fact, while the chunky Aggie mentor is well pleased with his block, he is far from satisfied.

"They'll go after you," he said. "But, we sure need a lot of polish, need to move the ball better and we don't take the ball to people enough."

In addition to fledgling Broussard, Rogers' starting lineup also includes a couple of other newcomers-juniors via the junior college transfer route in the Stanley Seins-East and Don along with senior 8-3 forward Kelly Chapman and senior 6-7 center Wayne Lawrence.

Defensively, the Aggies have been real rugged, having allowed only an average of 44.7 points per game.

Offensively, they've averaged 66.7 with the scoring punch deeply distributed, Chapman, the high man, is averaging only 15 points and Broussard 12. The other three starters, however, kick in around nine points per game and the bench has two or three others nearly that potent.

Rogers has been using Broussard at guard although at 6-5 he's the second tallest man.

The nearest thing to a weak link the 195-pounder has is a hesitant dribble. But, Rogers has coached some improvement into that phase.

Otherwise, Rogers says, "he does it all — feed, rebound and play defense — but the thing he does best is put that ball through the hoop."

His coach thinks the youngster will develop into the conference's best prospect, "because he'll be that 6-5 guard who can shoot."

FIRED UP — Gil McDougald, Yankee infielder and a former San Francisco fireman, is fired up by rumors that he may be traded. The hat is a gift from Yankee Stadium fans, the hose he uses in the garden of his home in Tenafly, N. J.

Syracuse Has Hard Workout

HOUSTON (UPI) — Coach Ben Schwartzwalder didn't let his Syracuse footballers off easy Saturday after all.

Schwartzwalder had told newsmen he would just run his national champions through a light workout in sweat clothes and then turn them loose to watch the Texas Christian-Clemson Bluebonnet Bowl game.

Instead, he ordered them into pads and put in some contact work while stressing defense against plays he expects Cotton Bowl foe Texas to use in their Cotton Bowl match New Year's Day in Dallas.

Schwartzwalder took cognizance of reports that Texas planned to throw a lot against the Orange-men, who, if they are vulnerable anywhere, have shown a tendency to yield yardage through the air. He spent most of the defensive session Saturday against passes.

The coach said the Syracuse team would have a holiday Sunday, but would start two-a-day workouts Monday on the University of Houston field where the team is quartered.

LSU's 'Cannon' Fire May Not Be Effective Against Ole Miss

BATON ROUGE, La. (UPI) — Louisiana State, which slapped down Mississippi with its "left" last October, may have to try to do it with a "right" when they meet again in the Sugar Bowl classic Jan. 1.

The Tigers trailed for most of the game in the regular season meeting before left halfback Billy Cannon galloped 89 yards with a punt to score LSU's touchdown in a dramatic 7-3 victory.

For the most part in the first game, however, Ole Miss did a strong job of bottling up Cannon, named the most valuable player in college football this year. The rock-like Mississippi defense probably won't let something as fantastic as Cannon's almost-sole dash happen again.

So while the rebels are trying to plug up Cannon, right halfback Johnny Robinson may be the man to watch in the LSU offense. Robinson has been a star in his own right this year and would have been a good bet for All-America honors had he not been in the shadow of a football giant like Cannon.

Also back in the saddle after the long layoff before the Sugar Bowl game will be Warren Rabb, LSU's veteran quarterback who was knocked out of action during the Tigers' only loss of the season, to Tennessee.

Out to avenge their honor against the Rebels will be the "Chinese Bandits," coach Paul Dietzel's defensive unit. The Bandits, technically LSU's third string, are used only for defense, and had held every opponent scoreless, except for field goals, until the Tennessee game.

LSU will be working strenuously on a method to stop Ole Miss quarterback option play.

On offense, LSU is working on methods to take advantage of an apparent weakness — if such it can be called in the middle of the Ole Miss line. It was straight up the middle that the Tigers gained most of their unimpressive yardage total against the Rebels on Halloween night.

North Texas Team Sets Final Drills

DENTON (UPI) — North Texas State winds up its home campus pre-Sun Bowl drills Monday and Tuesday and the players will take a three-day Christmas vacation starting Wednesday.

The team will leave Fort Worth by train at 10 p. m. Saturday and arrive in El Paso at 12:50 p. m. Sunday. It will headquarter at the Ramada Inn while completing practice for its Dec. 31 bowl contest with New Mexico State.

Coach Odus Mitchell will hold three workouts in El Paso prior to the 2 p. m. kickoff Dec. 31.

All-Southern Schoolboy Football Squad Named

ORLANDO, Fla. (UPI) — Jerry Rhome of Dallas Sunset, who gained more than 2,000 yards while playing under his father-coach, has been named the No. 1 Texas football player on the All-Southern high school squad.

Rhome, who hit 90 of 150 passes for 19 touchdowns and 1,493 yards and ran for 550 more, was one of five Texas schoolboy stars picked for the 61-player All-Southern by Texas chairman Putt Powell of the Amarillo News and Globe-Times.

The others were Travis Reagan, 162-pound Wichita Falls back; Harold Philipp, 188-pound Olney back; Fred Lee Meider, 165-pound Nederland back and Scott Appleton, 210-pound Brady guard.

Six other Texas backs received honorable mention — Geary Taylor of Amarillo Tascosa, Gordon Beamguard of Borger, Robert Smith of Corpus Christi Miller, Jerry Rogers of Corpus Christi Ray, Jim Linnstaedter of Brenham and Billy Gannon of Highland Park.

Young Rhome, son of Sunset coach Byron Rhome, also was cited as the "best blocker on the team, kicked extra points and punted."

There were 38 backs and 23 linemen chosen for Dixie's top interscholastic prep gridiron honor from 12 states. The squad, announced by Orlando Sentinel sports editor Bob Bessine, was picked by a panel of 132 coaches and sports writers.

Two schools, Manual High of Louisville, Ky., and Daniel High of Clemson, S.C., placed two men on the squad.

Past winners of the No. 1 Texas honor included end James Garner of Amarillo in 1948; back Jack Newby of Amarillo in 1949; center Bill Harris of Wichita Falls in 1950; center Johnny Tatum of Lubbock in 1951; back Doyle Traylor of Temple in 1952; back Carl Schlemeyer of Odessa in 1953; guard Charles Horton of Waco in 1954; back Charles Milstead of Tyler in 1955; back Glynn Gregory of Abilene in 1956; back Jesse McGuire of Plainview in 1957 and back Hix Green of San Antonio Jefferson in 1958.

Tigers Top TCU, 23-7

By DON SMITH
United Press International
HOUSTON, Tex. (UPI) — Clemson quarterbacks Harvey White and Lowndes Shingler got their passing attack on track and exploded for three last period touchdowns to smother Texas Christian 23-7 Saturday in the first annual Bluebonnet Bowl.

White, who failed to complete a single pass in the opening half, started the Clemson scoring spree when, with only 1-48 gone in the final period, he passed to end Gary Barnes for 68 yards and a touchdown.

Then only 2:37 later, second unit quarterback Shingler hit end Tommy King in the end zone with a 23-yard toss to open the Tiger lead to 16-7. The Tigers scored their touchdown with 3:18 left to go in the game, driving 63 yards in 7 plays, including a key 11-yard toss from Shingler to halfback Harry Pavliack on the Frog two.

Both teams entered the quarter from an uneventful third frame. Up to that point, it looked like TCU's day as the Frogs seemed to be intent on living up to pre-

game eight point favor.

The initial action came in the second quarter when Clemson got her first three points on a field goal.

TCU took the lead late in the same quarter when Frog Halfback Jack Reding threw his first collegiate pass and completed it to Moreland in the Tiger end zone. That put the score 7-3 as the half ended.

The pass capped a 63-yard, eight-play drive by the Horned Frogs and pulled them from behind a 3-0 deficit established when Clemson guard Lon Armstrong kicked a field goal from the TCU 12 on the second play of the second quarter.

TCU almost added another score in the fading seconds of the half following an interception of Clemson quarterback Harvey White's pass on the Tiger 21 by Frog end Bubba Meyer.

The Frogs then drove to the Clemson 5 and, following a delay of the game penalty, missed a field goal attempt from the 17. Earlier in the game, TCU fullback Jack Spikes also missed an attempted field goal, this one

from the Tiger 27.

Clemson's field goal came after the Tigers drove from their own 32 yard line to the TCU 5. With fourth down and four to go, Tiger Coach Frank Howard elected to go for three points, and sent in Armstrong for the field goal.

Clemson 0 3 0 20-23
TCU 0 7 0 0-7

Scoring Summary
Clemson — FG Armstrong, 22; Barnes 68, pass from White (Armstrong kick); King 23, pass from Shingler (kick failed); Scudato 1 (Armstrong kick).
TCU — Moreland 19, pass from Reding (Dodson kick).

Pampa Student Spearheads Drive For H-SU Buildings

Freshmen and new students at Hardin-Simmons University in Abilene have accepted a challenge to match previous campaign commitments to the university building fund for a new chapel-auditorium and student union building.

"We are expecting to surpass the achievement of previous campaigns on the campus," declared Eugene West of Pampa, student chairman, in an assembly recently.

More than 500 freshmen students are attempting to surpass earlier records.

The figures they expect to top are \$12,238 pledged by 456 students the first year, or \$6,830 pledged by 307 students the following year.

A description of the building plans was given by F. C. Olds, the architect, who explained to students and faculty many of the facilities which are expected to be a part of these new building when they are complete.

Melvin Cunningham, student council president, expressed appreciation for the achievement of us as seniors will not be privileged to use these buildings, we are, nevertheless, concerned in their completion and happy to have a part.

Air-To-Surface Missile A Success

PANAMA CITY, Fla. (UPI) — The Air Force successfully tested the GAM-77 Hound Dog air-to-surface missile Friday for the second successive time.

The Hound Dog, recently developed to boost Strategic Air Command armament, was fired from beneath the wing of a B-52 jet bomber down the Atlantic Missile Test Range.

Range of the supersonic missile, capable of delivering a nuclear warhead to land or sea targets, is classified but Elgin Air Force Base here said the missile hit its target in the Atlantic for its fourth test and the second straight successful test of a self-contained inertial guidance system.

No warhead was in the missile launched "several hundred miles" and technical results were not announced pending an evaluation of the test.

PRAVDA GIVES WARNING

LONDON (UPI) — The Soviet Party newspaper Pravda Friday accused New York Gov. Nelson A. Rockefeller of making speeches designed to "brighten the American people with an imaginary Communist danger."

As a presidential candidate, Rockefeller may soon find himself among the "has-beens," Pravda warned.

Retail Sales In State Down 10 Per Cent

AUSTIN (UPI) — Retail sales dropped 10 per cent during November, the University of Texas Bureau of Business Research reported Saturday.

Sales were estimated at \$1,096,400,000 during the month, the bureau said.

Non-durable goods dropped 6 per cent, and sales were estimated at \$839,000,000. November sales of durables showed a greater decline, slumping 19 per cent at an estimated \$257,400,000.

Based on the January-November records, total 1959 Texas retail trade is expected to be approximately \$13,654,000,000, an increase of 8 per cent over 1958, the bureau said.

Christmas buying this year is widely expected to be unusually strong, but any dollar improvement over sales during the Christmas season last year will apparently have a heavy drag in lower sales of automobiles, the bureau said.

Dealers' stocks, heavily depleted by reduced deliveries caused by the steel strike, will probably not be built up to adequate levels until spring.

A number of uncertainties figure in the Christmas sales forecast, the bureau said.

Generally, installment credit is already at a very high level, so high that many consumers may hesitate to make further large purchases until a portion of their monthly debt payments are retired.

A second uncertainty, the bureau said, is the declining pace of new home building and buying, which is already cutting into the sales of furniture and appliances.

Sanity Hearing For Texas GI Killer Of Two

SPARTA, Wis. (UPI) — Two psychiatrists were to try to determine if a teen-aged Texas soldier who admitted fatally shooting his aunt and uncle is sane.

Circuit Judge Lincoln Neprud in appointing the Milwaukee psychiatrists Friday brought Gary Rheinschmidt, 18, San Benito, Tex., within one step of standing trial for the double slaying.

The psychiatrists were Drs. Joseph Weber and Michael Kasak. Rheinschmidt, who was absent without leave from his Army post, admitted shooting Mr. and Mrs. Theron Morris Oct. 30 at their rural Cashion farm, where Rheinschmidt had been staying.

The young soldier's court-appointed defense has entered pleas of innocent and innocent by reason of insanity at the time of the slayings.

Judge Neprud today also granted defense attorney Charles Ambelang, Sparta, permission to engage a physician to examine an official pathology report which showed that Mrs. Rita Morris died of a severed jugular vein, and not from a bullet wound in the head.

Rheinschmidt had told authorities he and his uncle argued during the day of the slayings over failures on the farm, and the soldier's being AWOL. Rheinschmidt shot Morris as the man was getting ready for bed, then killed Mrs. Morris when she came home from a PTA meeting and discovered her husband's body.

WHAT GOES? COLUMBUS, Ohio (UPI) — State Welfare Director Mary Gorman and Highway Safety Director J. Grant Keys said they compared notes and found several persons licensed to drive in Ohio are receiving welfare aid as being blind.

Man Can't Count To Billion But Finds Ways To Spend It

By ELMER C. WALZER
UP Financial Editor

NEW YORK (UPI) — Our economy is mounting to the half trillion dollar level — and will cross that milestone in 1960.

This is being heralded not only by economists, but also by business men, bankers, government agencies, and many others.

Predictions appearing so far for the new year put the gross national product anywhere from \$500 billion—a half trillion — to \$15 billion.

The Gross National Product (GNP) of the nation is the total of all goods and services produced.

So far it's the biggest figure in our economy. A lot of it represents built-in inflation, but it's still big money anywhere.

It wasn't many years ago when a billion became big for us. That was back in 1940 and at that time someone measured a billion by counting the minutes since the resurrection.

If you counted dollar bills at a rate of one a minute without sleep or time out for a coffee break, it would take you nearly 1908 years to reach a billion dollars.

It took us to the year 1929 to reach the \$100 billion mark in our Gross National Product. We fell to around \$56 billion in the great depression in 1933 and got back to \$100 billion again in 1940. By 1944 we had crossed the \$200 billion mark, \$300 billion by 1952, \$400 billion by 1956, and now \$500 billion in 1960.

The economists and statistical experts have calculated the whole economy for 1960 — barring, of course, recurrence of the steel strike.

They estimate that out of that \$500 billion of GNP personal consumption expenditures will amount to \$323 billion. The GNP is up 4.2 per cent from 1959's figure of \$480 billion. The personal consumption expenditure is up 4.1 per cent.

Here is how the experts believe the money will be spent: For durable goods—autos, refrigerators, appliances and so on, \$45,500,000,000, a rise of 5.8 per cent over 1959; for non-durable goods, \$151,500,000,000, a rise of 2.9 per cent; and for services—haircuts, doctor's bills, etc., 126 billion, a rise of 5 per cent.

The figure given for personal income next year is \$395 billion. That is the national income less certain kinds of income not actually received by individuals, such as undistributed corporate profits, corporate taxes, and contributions for social insurance. It includes so-called transfer payments and government interest.

Income taxes on individuals are estimated at \$48 billion, a rise of 5.3 per cent over 1959. Deducting the taxes from the personal income we get \$347 billion which is labeled disposable income.

Now if we deduct the \$323 billion of personal consumption expenditures from the disposable income of \$347 billion we get a remainder of \$24 billion which the economists label personal savings.

WEATHER DEPARTMENT... we absolutely refrain from mentioning the weather!

EXCEPTIONS DEPARTMENT... except to say that we sure are tired of sloshing through the lakes that accumulate in the street corners after all, our car may wear rubbers, but it still gets its feet wet, making it protest (the brakes, of course.)

INFORMATION DEPARTMENT... now we shall get down to business pretty Virginia Beard (Mrs. Tom) is a new pledge of Exemplar Chapter of Beta Sigma Phi... she surely looks cute in her little derby hat... we have heard some wonderful comments about the address at the Lions Club annual ladies night banquet... Rev. Richard Hughes delivered the address... or, really, the monologue called "A Restless Night for Joseph" which details the conflict Joseph went through when he was told that his betrothed was "with child" part of the Christmas story which we don't often ponder upon... and Dick is such a good speaker.

MORE INFORMATION DEPARTMENT... around and about town we have seen the following cheering sights this Christmas season... Lorene Locke in a beautiful plum-purple face-framing hat... such a luscious color... and a wool suit, with three-quarter length coat... in the same plum color... and pretty Betty Tom Riddle in a Christmassy red skirt and blouse setting-off her dark hair... just noted in passing how pretty is Albertine Triplehorn these days... we love her hair... and the other day she was wearing an absolutely stunning outfit in what we in our ignorance would call bone color... shoes, dress and coat to match... and noticed one day recently Evelyn Prichard was carrying a bright red umbrella (guess what the weather was... oops, we promised not to mention it, didn't we?)... and the cutest white gloves with red stripes matching the red of the umbrella... such little touches make the ordinary day a little brighter for wearer and observer... what could be cheerier than a red umbrella?

WANT ADS DEPARTMENT... do you want to rent an elephant? perhaps to test your aluminum foil before using it (TV viewers will know the reference)... or do you want to rent the elephant pink and throw an elephantine cocktail party? well, you can rent an elephant from Birkner's Chateau Theatrical Animals, in New York, but you must pay extra if you want a small elephant... they are rarer and hence more expensive, and also you will have to pay the upkeep... you can rent a tiger, too, if you want.

ADDITIONAL INFORMATION DEPARTMENT... there was a darling Santa Claus pinata (you know those Mexican crocks filled with goodies that are broke), to shower their contents an excited children... at the birthday party given for John Duggan last week... he was eight, and is the son of Don and Francine Duggan, who live on Hamilton... it was great excitement for all the little guests... and speaking of presents... heard from the bird that Margaret Wells, who has devoted years and years to Girl Scout work, was presented with a cute and unusual present by her troop... little pill-bottles full of M and M's and gum drops and Life-Savers, and so on, labeled "Non-Volunteering" pills... "Non-Gripe" pills... "Tranquillizer" pills... "Happiness" pills... and "Pep-up" pills... quite cute, we thought.

HUMOR DEPARTMENT... at least, we think it is amusing... have you seen one of the small-sized photograph albums with the title "S. O. G. with P. I. P."... translated, this title is "Silly Old Grandmother with Pictures in Purse" and we think it is charming... and delightful.

NICE THINGS DONE DEPARTMENT... we didn't realize that the "Pampa Pilgrimage" to local churches, planned for this evening... was completely unique for our city... it is such a logical sounding thing, that it seems it must have been done before... hope the weather permits it to be carried out as planned by the young people of the Key Club... do cooperate as fully as you can... and along the lines of nice things done... Masie Pickett has an article in the Christian Evangelist magazine about the program for shut-ins instituted by the Christian Church here... it seems that they tape the sermon and church music and take the tape-recorder and play it to those who cannot get out... they also take food from all the Church suppers and banquets that they have, and try to take birthday cakes to all shut-ins... we think that is one of the nicest things we have heard about in quite a while.

WHO? DEPARTMENT... who is the handsome, bachelor, history and sociology teacher at the High School?

IN OUR LITTLE PINK EAR DEPARTMENT... the birdie told us of an impromptu serenading of Anna May Triplehorn the other day at a coffee... some of the guests were in on the secret, and sang "Happy Birthday" to her... Claudine Vail has done it again... with unique decorations for her Christmas tree... blue balls and pink roses... we can hardly wait to see the new nurses home... peeks in the windows as we go by show some interesting things... hope they hurry with the formal open-house... and speaking of open houses, Frances and LeRoy Oden held a nice one last Thursday... Curt and Wil Beck are planning a holiday trip to Dallas... and if everything went as planned, Bill and Ellen Campaigne and their children, Billy and Carol, will be on their way to Minnesota for a white Christmas... Ellen was hostess with Wil Beck, Eleanor Wagoner and Frances Hofness at a coffee last Wednesday... wasn't the production of THE MESSIAH very nice last Sunday?... and we thought Dr. Ellis was a fine soloist, among the many wonderful soloists they had... Pampa should be proud of all those who worked so hard to sing for Christmas.

The best part of beauty is that which no picture can express - Francis Bacon

WHY DON'T WE DEPARTMENT... why don't we really help Inez Carter and all the others who are working so hard on a Youth Center?... she has done more than her share for the project, and we think it is time that we showed her that we are going to help out a little... we think Pampa needs a Youth Center desperately... and speaking of helping, we think the Red Cross Gray Ladies are some of the most helpful women in town... and new ones were Mrs. Mock Harmon... and Mrs. Clarence Lutes, and Mrs. O. F. Kreimeyer, and Mrs. Jess Beard... and Mrs. James Hopkins... these ladies and all the others in the service should receive your thanks.

THAT'S ALL DEPARTMENT... Merry Christmas.

Peg

Merry Christmas

Throughout the city during the gala season of December, study clubs, church groups, civic clubs, PTA groups and garden clubs have interrupted their course of studies and projects for social gatherings around festively decorated tables and Christmas trees. Briefly postponing their worthwhile pursuits, they have met for gift exchanges, Christmas programs and to forge stronger their links of friendship. Typical of these Christmas gatherings was the one at the Top of Texas Garden Club held Monday after-

noon in the home of Mrs. Raymond L. Welch, club president, 2201 Chestnut. Holiday refreshments were served from a table covered with red net over red taffeta accented with handmade, silver poinsettia blossoms. Pictured around the table, left to right, are Mrs. Tom Patton, Mrs. Harold Pitts, Mrs. Welch with Mrs. Jamie Deal presiding at the silver coffee service. (For related story see page 14.)

RUTH MILLETT

You are absolutely right. You're a henpecked husband if— You turn over your pay check to your wife and let her dole you out lunch money, not because you think she is a better manager than you are but because she thinks so. You shrink from disciplining the children even when you know they need it because you know your wife will side with the child if you step in.

You have to ask your wife's permission before agreeing to play poker with the boys, and if she does decide to let you have an evening off and you lose, you are afraid to tell her so. You've fallen into the habit of letting your wife pick out her own Christmas gift or of giving her a check because whenever you select a gift for her she always returns it and makes you feel like a stupe for being so impractical. There isn't a chair in your living room that you like to sit in because your wife got rid of "your chair" against your protest when a friend or decorator told her it was impossible.

Your wife always refers to the home in which you live as "my house," and to the children as "my children."

You always take your wife along when you buy a suit of clothes because she has convinced you that you are not capable of it without her help.

Your wife never bothers to check with you before accepting a social engagement that includes you both. She doesn't ask you if you want to go. She just tells you that you're going.

You never get to tell a story in a group without having your wife correct you.

In your home your wife's relatives are received more graciously and more often than your own.

Mrs. Kenneth Dale Sanders

ATTENDANTS

Mrs. Lloyd E. Zomtony attended as matron of honor wearing a blue silk dress styled with elbow length, puffed sleeves and a full skirt. She carried a bouquet of white roses accented with silver.

Delton Sanders, brother of the bridegroom, served as best man. Ushers were George Collett and Glenn Mutter.

Candles were lighted by Miss Linda Zomtony and DeWayne Sanders.

Mrs. Linda Martin, at the piano, played the traditional wedding marches and was accompanist for Ben Gollehon as he sang "The Pledge," "Because," and "The Benediction."

For her daughter's wedding, Mrs. Epps chose a beige silk dress with matching beige accessories. The bridegroom's mother, Mrs. Sanders, selected a Dior Blue two-piece dress of dupionne with matching blue shoes and white accessories. The mothers' corsages were white roses accented with silver trim.

RECEPTION

A reception was held in the lower auditorium of the church immediately following the ceremony. The bride's table was covered with white net over white satin centered with a white cake encircled with a garland of white carnations with blue and silver trim.

Misses Judy Ellis, Sue Alexander, Jackie Bourland and Dot Gantz presided at the serving of cake, punch and coffee. Miss Lynda Bulard was guest registrar.

For a wedding trip, the bride traveled in a two-piece navy tulle dress with white accessories complemented with a gardenia corsage. The bride was graduated from Pampa High School in 1957. She attended West Texas State College, Canyon and is employed by Gilbane Chemical Co.

The bridegroom was graduated from Pampa High School in 1958 and is a junior student at West Texas State College, where he is majoring in business accounting. He is employed by American National Bank in Amarillo and plans to continue his studies in Canyon.

Mr. and Mrs. Sanders will reside in Amarillo.

Yule Carols Sung By Candlelight
Highlights Music Clubs Social

Members of the William J. March Music Club and the Mozart Music Club were entertained with a Christmas party Thursday night by the counselors for both clubs. Those attending were Paula Rat-Tracy D. Cary in his studio, 430 N. Sumner St. With the studio illuminated only by candlelight, the group sang carols accompanied at the organ by Mr. Cary, as a prelude to the program which opened with the reading of the story of "Jaska, The Little Burro of Bethlehem," with a nativity scene as a background. "Deck the Halls," an organ solo by Sharon Haskiey was followed by a flute solo with organ accompaniment "Silent Night" by Betty Stimson. Two vocal numbers, "Gesu Bambino" and "Sweet Little Jesus Boy" were sung by Mrs. A. L. Patrick, Jr., soprano.

Following the exchanging of gifts, refreshments were served from a table draped in pink taffeta overlaid with a red net cloth, scalloped with Christmas trees of felt and sequins. The centerpiece was a gold violin and saxophone set in an arrangement of flocked spruce boughs, centered with two large red candles and flanked with five branch candelabra in which red tapers burned. Poinsettias and red and white bells completed the setting. Mother - hostesses for the evening were Mrs. Elmer Stimson who presided at the milk-glass punch service assisted by Mrs. Martin Stubbe and A. L. Patrick, Jr. Also serving on the refreshment committee were Mrs.

Tiny Tots Fete Mothers At Party

Zepp - Montagne Musical Kindergarten entertained with a Christmas party for its mothers in the studio of the teacher, Mrs. Lois Fagan. Each student responded to roll call by naming the music symbol, which was given upon arrival.

A program of group singing of Christmas songs were led by Cindy Gill, Terrie Baker, Guyla James, Becky Mills. Included in the selections were "To You," "Santa and His Rocket Ship," "Christmas Secrets," "Away In The Manger."

Ricky Whyman and Kristi Sangham conducted the Rhythm Band in "Jingle Bells."

A small Christmas tree sprinkled with snow-flakes set the mood for the song, "Let's Put Music On McCracken, a guest. A string scramble was used in exchanging gifts.

Refreshments were served. It was announced that the next meeting will be in the home of Mrs. T. G. Groves, 600 Powell on Jan. 5 at 1:30 p.m.

the Christmas Tree" as each child decorated the tree with a music symbol. Mothers joined in the ensemble playing of "The Cricket." At the close of the program, gifts were exchanged and refreshments were served from a table covered with a green cloth overlaid with lace centered with a Christmas decoration of red and silver bulbs topped with a Santa Claus. Crystal candelabra with tall green tapers accented the arrangement.

Christmas Tree and Bell cookies were served with green punch by mothers of the students, Mrs. Wesley Langham and Mrs. E. Whyman.

Guests were Randy James Fagan, Douglas Mark Eubanks and Brenda James; Mmes. G. W. James, W. H. Cooper, David Mills, Bob Baker, John Gill, G. M. Walters, Bob Eubanks and Don Fagan.

Pastor And Choir
Give Christmas
Story For CWF

An inspirational presentation of "The Christmas Story" was given by the Rev. Richard Crews, pastor, of First Christian Church, at the Christian Women's Fellowship meeting held Wednesday morning in the church.

The Monganga Group presented the program, which was a recording of Rev. Crew and the church choir combining for a presentation of "The Christmas Story" as illustrative colored slides were shown. The recording will be used throughout the month of December when groups visit shut-ins.

Mrs. John Gill, CWF president, opened the meeting with prayer, followed by a reminder to group secretaries to turn in quarterly reports immediately. She also reported that new year books are completed.

Mrs. Chris Groninger reported the shut-in list of the church has been listed in the year books as "The Home and Prayer Group." She requested members call her if they wish to make Christmas decorations and centerpieces for shut-ins.

Refreshments were served by the Sharp Group from a red cloth-covered table centered with a gold and green Christmas arrangement.

During the refreshments period, a musical version of Dicken's Christmas Carols was played. Attending were Mmes. W. G. Kinzer, C. L. Mason, Aaron Sturgeon,

C. W. Mools Sr., Wallyn Gibson, H. L. Ledrick, Lewis Meers, John Zuerker, E. K. Haner, Bob Swanson, Irene Brown, Glenn Nichols, John Gill, Christ Groninger, K. L. Green, Walton Bailey, Burt Graham Jr., Frank Hogsett, Homer Keasinger, and Rev. Crews. Mrs. Gill announced the next meeting will be the CWF birth party on Jan. 20 at 9:30 a.m. in the church. A board meeting precedes at 9:15 a.m.

Maternity Styles Definitely Chic

By GAILE DUGAS
NEA Women's Editor
NEW YORK (NEA) — This is definitely the era of the young mother. Ad girls who are mothers in their early twenties are inclined to be fashion-conscious about maternity clothes. Not for them the standard models offered for so many years as maternity wear. These girls want clothes that are current and to the current fashion influence. And they're getting them. There are maternity clothes lavish with silk and luxurious in brocade, silk tulle and satin. But there are also excellent maternity fashions at moderate prices. In these, corduroy is a favored fabric because it's velvety, flattering and machine washable. It also offers long wear. The Chanel line influences both suits and ensembles. But high waisted is used, too, and so are coats. The girl who wants a maternity wardrobe that includes separates, suits, ensembles, leisure wear, dinner clothes, evening gowns and wraps can have it. She can pay as much or as little as she likes, match or mix and, after the baby's arrival, use some of the tops and jackets by combining them with new skirts. Once, designers were shy of color in doing maternity clothes. They stuck closely to navy blue and black, working on the theory that these colors would "slenderize." They no longer do so. A girl can have all of the color she wants. For now, designers feel

Miss Henrietta DeNardini is Named Girl-Of-The-Month By Altrusa Club

Pampa Altrusa Club held its noon luncheon meeting on Monday in the Pampa Hotel with Mrs. Mark Heath, president, presiding at the business meeting. Miss Sue Foster, Altrusa Girl of the Month for November, introduced Miss Henrietta DeNardini as the Girl of the Month for December. The naming of Miss DeNardini for the Altrusa honor was made by the Pampa High School student council in recognition of her outstanding scholastic and extra-curriculum record. Miss DeNardini came to Pampa from Hungary with her parents, Mr. and Mrs. Titus DeNardini in March of 1957. She is a Pampa High School senior and will graduate in May, 1960. In her sophomore

year, she won the French award and also served as vice president of the French Club; in her junior year, she was president of the Latin Club and is a member of JCL and National Honor Society. This year, Miss DeNardini is president of the Latin Club; secretary of the National Honor Society, Slide Rule Club and of her home-room. Mrs. Lorene Locke, Public Affairs chairman, introduced Mrs. W. A. York, Senior Center chairman, reported on the progress of the Center and said that attendance and interest in the Senior Center was growing each year. She recommended that plans in the future include letting the Citizens themselves participate in refreshments and program planning of a meeting next year. "They would like to and would enjoy doing it," she reported. Mrs. York also told of the flower and card fund, which the Citizens themselves have set up to remember the illnesses and deaths of its members. In closing remarks, Mrs. York expressed appreciation for the birthday pictures taken each month and to the Red Cross Gray Ladies for assisting every week with the transportation of guests to and from the Center. Appreciation was also expressed for the interest other civic, study, and church groups take in the

Christmas Play Highlights Party With Mrs. Gill

"Raphael, The Herald Angel," a Christmas play, was presented by Mrs. Arnold Pettifila, assisted by Mrs. Julian Key at the Sharp Group Christmas party given in the home of Mrs. John Gill on Monday evening.

Christmas hymns were played by recording throughout the play and during the evening.

Each member brought a salad, which was served from tables covered with red and green Christmas cloths centered with lamp-posts and caroler candles. Secret pal gifts were exchanged from a silver Christmas tree. New secret pal names were chosen for the coming year.

During the business meetings, Mrs. Walton Bailey, leader, reminded members that they are to hostess the Christian Women's Fellowship at the December meeting in the church. She announced the next meeting of the group will be with Mrs. Robert Trampe, 2232 Dogwood on Jan. 18 at 7:30 p.m. Attending were Meses. Charles Lanerhart, Leon Howell, Ford Her- rington, Pearl Thurman, E. B. Jackson, Charles Palmer, C. W. Beard, D. H. Odum, G. W. Vance, C. C. Dunham, Murray Castleberry, Robert Trampe, Crystal Crow, L. C. Wassell, Wally Gibson, Don Elledge, R. K. Swanson, K. L. Green, John Gill, Cecil Dist, Walton Bailey, E. K. Haner and Burl-Glad ham Jr.

Bride's Home Scene Of Vows For Flo Nell Crockett, C. E. Henderson

McLEAN (Spl) — With vows exchanged on Dec. 13 at four o'clock, Miss Flo Nell Crockett and Charles Edward Henderson were united in marriage by David Fultz, minister of Church of Christ.

Tall candelabra with blue tapers, palm greenery and baskets of white daisies formed the setting for the vows repeated in the home of the bride's parents.

Miss Crockett is the daughter of Mr. and Mrs. Sherman Crockett. Mr. Henderson's parents are Mr. and Mrs. J. R. Walling of Plainview. Miss Linda Grimsley, soloist, sang "Always" and the wedding processional.

Escorted to the altar and given in marriage by her father, the bride was attired in street-length white Slipper Satin fashioned along

that a girl wants to feel and look both pretty and cheerful while she awaits her baby's arrival.

Friendship Class Has Yule Social

Friendship Class of First Methodist Church entertained with a Christmas party on Friday in the church parlor.

Guests were served from a beautifully appointed table covered with a pink cloth decorated with silver bells and centered with a pink and silver arrangement. Mrs. W. C. Hutchinson presided at the serving table.

Mrs. H. H. Butler, president, extended a welcome to guests.

Mrs. Luther Pierson, program leader, introduced Mrs. Joe Shelton, who read the Biblical story of Christ's birth as written in Luke. Mrs. Evelyn Nace recited "The Other Wise Man."

Prayer was given by Mrs. W. W. Adcock.

Mrs. Bob McCoy presented a selection of piano numbers.

Gifts were exchanged and the class presented Mrs. Adcock with an electric coffee-maker. Arrangements for the party were made by Group Three, Mrs. Charles Duengel, chairman; Christmas tree decoration; Mrs. V. N. Osborn, mantle decorations; Group Four, Mrs. F. E. Hoffman, chairman, table decorations and refreshments.

Senior Citizens Feted By WMU

LEFORS (SPL) — Senior Citizens of the community were honored with a Christmas Party on Tuesday afternoon by Women's Missionary Union in First Baptist Church annex.

Christmas music was presented by Meses. L. M. Berry, Joe Archer and C. H. Earhart. Mrs. Tom Florence gave a Christmas reading. Guests were welcomed by the Rev. Luther Berry followed by a reading from Luke relating the birth of Christ.

Gifts were exchanged and treat bags were given to each guest. Refreshments were served from a Christmas appointed table. Approximately 50 guests attended.

Keababs Vaie back To Medieval Days

Shish kebabs, a Near-East name for skewer cooking, probably originated in medieval times when hungry warriors plunged their swords into chunks of meat to cook it over campfires. Today, in America, this is a popular barbecue treat, and fiery Finger Kebabs is a simple, tasty version, due in part to the Molasses barbecue sauce.

- 1 envelope onion soup mix
- 1/2 cup catsup
- 1/4 cup vinegar
- 1/4 cup Green Label Brand Rabbit Molasses
- 2 teaspoons Worcestershire sauce
- 1/2 cup water
- 1 teaspoon chili powder
- 5 frankfurters, cut crosswise into fifths
- 8 pineapple chunks
- 8 1-inch squares green pepper
- 8 small whole onions, parboiled
- 5 minutes
- 2 tablespoons fat
- 8 frankfurter buns, heated

Combine onion soup mix, catsup, vinegar, Molasses, Worcestershire sauce, water and chili powder in saucepan. Bring to boil and simmer 5 minutes. Meanwhile, prepare 8 kebabs as follows: To make 1 kebab, arrange 3 pieces of frankfurter alternately on a 5-inch skewer with 1 chunk pineapple, 1 square green pepper and 1 onion. When all kebabs are arranged, heat fat in heavy frying pan and brown kebabs on all sides. Lower heat, add sauce, cover and simmer 10 minutes, turning kebabs once. Place kebabs between bun halves and remove skewers. Dip extra sauce over kebabs and serve hot.

Senior Citizens project.

Plans were discussed for the Senior Citizen Christmas Party, which was held on Thursday afternoon in the Library. Reports were given by Mrs. Louise Sewell, refreshments; Mrs. Vera Lard, program; Miss Jan Flanagan, gifts. In other announcements, Miss Jean Chisholm, youth counseling chairman, reported the progress of the High School Career Clinic, which will be held early in the New Year.

Chopin Melody Club Installs Officers In Candlelight Christmas Ceremony

The newly organized Chopin Melody Club, junior affiliate of the National Federation of Music Clubs, met Monday evening in the home of Mrs. Lois Fagan for a Christmas Party and installation of officers.

Tom Atkin, minister of music and organist for the First Methodist Church, conducted the candlelight installation ceremony for the newly-elected officers: Jerry Dean Baxter, president; James Shelton, vice president; Miss Jean Holman, secretary and Miss Judy Mihalski, notebook chairman.

In bringing the biography of Chopin, for which the club is named, Mr. Atkin related that Frederic Chopin was born in 1810.

"The Polish master lived the greater part of his life in Paris. His friends were Robert Schumann, George Sand, Mendelssohn, Berlioz, Liszt, who saw in him the divine spark of the real genius."

"Chopin's genius was almost exclusively devoted to the piano. For him the keyboard comprised the whole magic realm of music. He brought to the new levels of development and beauty the waltzes,

Dear Abby

★ By Abigail Van Buren

DEAR ABBY: My 15-year-old son has been going steady with a 13-year-old girl since last May. He practically lives at her apartment. Her mother is home but that doesn't make any difference. They still lay on her bed listening to records with the door shut. I saw it myself when I walked over there at 11:00 p.m. to tell him to come home. They have sat on our front steps in broad daylight with her crawling all over him and running her fingers through his hair and around his ears. It makes me sick.

When I talk to him he hums and tells me to save my breath. His school called and said they are ready to throw him out because he cuts classes to go to her school and walk her home. I am half out of my mind with this problem. How does a mother handle a son who is bigger than she is when his father is dead?

HEARTSICK MOTHER
DEAR HEARTSICK: You are desperately searching for the fire hose after the house is in ashes. You didn't wake up one morning and find your 15-year-old son "out of control." He got out of control by inches. And you gave in an inch at a time. A 15-year-old boy who is all wrapped up in a 13-year-old girl, has no respect for his mother and defies the rules at school. It is a sitting duck for double trouble. If it isn't too late for a clergyman or an understanding teacher to straighten out this boy, the Law will do it eventually—the hard way.

DEAR ABBY: Here is my story and every word of it is true: Eight years ago I married a man who said he loved me so much he couldn't live without me. From the day I married him I have worked like a dog both at home and on split-shift waiting tables. He makes good money himself, but I have yet to see the first quarter. All these years he has never taken me on a vacation. But he goes himself every summer for three weeks. He has bought himself hunting guns, fishing tackle, and an outboard motor for cash. But he owes me \$1100. I buy all my own clothes, pay my own doctor bills, insurance and automobile. It looks like I married him for the privilege of sleeping with him. Is it worth it?

FRANCES
DEAR FRANCES: I don't know. Is it?

DEAR ABBY: I was born a third degree breast cancer and everything has been backwards for me ever since.

I had to quit school at 16 to help out at home because my mother was sick. When I should have been having fun I was stuck at home. Mother died. At age 29 I took a business course which led to a good paying job. Then they moved our offices way out in the sticks and decided to employ only local women. I'm no Miss America but uglier girls are getting married every day.

Christmas Project Planned By Circle

Eunice Leach Circle of Highland Baptist Church, met Tuesday, in the home of Mrs. Roy Griffith, 228 Miami, for a study of the last chapter of the Mission Book, "By All Means," entitled "Evangelism through Preaching."

The meeting opened with prayer by Mrs. R. E. Stroud. Plans were made for a Community Missions project for December that a food basket will be given to some family in need in the church. Other business included sending a potted plant to a circle member that has a new baby and sympathy cards be sent to the bereaved of the church.

The members present voted not to have a circle meeting next week due to the Christmas season at hand.

Following the business, Mrs. Ira Gilleland gave the concluding chapter of the mission book.

Refreshments were served to the following other than those mentioned above: Mmes. Carl Laffin and Carroll Pettit.

Mrs. Anderson DMF Hostess

DWF Auxiliary, Cities Service Gas, met on Tuesday evening in the home of Mrs. C. D. Anderson for its annual Christmas party. Hostesses were Mmes. Sandy McQuigg, Grover Austin Jr., R. P. Hallahan and C. D. Anderson.

Mrs. Jack Traywick and Mrs. Nellie Richmond were welcomed as guests.

Door prize was awarded to Mrs. Ernie Meskeak.

The evening was spent playing music bingo with prizes won by Mmes. Charles Tate, Ray Sutton and Walter Murphy.

In addition to those mentioned above, other guests were Mmes. Leon Brown, W. H. Schere, Cecil Hendrickson, Ray Cales, Sam Goodan, Dave Kerns, J. W. Gambill, Bob Brandon, M. Thomas, M. Bruce, Carl D. Anderson Jr. and

Beta Delta Initiates Four Candidates

Beta Delta chapter of Delta Kappa Gamma initiated four new members at its Christmas party held in the City Club room on Saturday at 2:30 p.m.

Mrs. Kenneth Walters, president, conducted the initiation for Mrs. G. M. Walls, Mrs. Claude Montgomery, Miss Martha Montgomery and Mrs. Lewis Hill. "Outstanding women in the field of education are invited to membership in Delta Kappa Gamma, honorary organization for women teachers," the president announced.

Assisting in the initiation were Mrs. McHenry Lane, Miss Sibyl Turner, Mrs. G. L. Pounds, Miss Evelyn Milam, Miss Nova Mayo, Mrs. L. A. Zeigler, and Miss Ruth Zeigler.

Music for the ceremony was furnished by Mrs. James Webb, soloist, the Beta Delta sextet, and Mrs. Elmer Gunn, accompanist. Members brought gifts for hospitals for the mentally ill and contributed silver offerings for the scholarship fund.

Miss Stella Kiser, Mrs. Otto Mangold, and Mrs. Elmer Gunn were in charge of games.

The refreshment table of pink and silver featured pink angles surrounded by pink and silver balls and flocked pieces, flanked by pink candles.

Hostesses were Mrs. J. B. White, Miss Lillian Mullinax, Miss Ardele Briggs, Mrs. Lulia B. Owen, Clyde Martin.

It was announced that the next meeting will be held in February.

Mary Class With Mrs. F. Watson

Mary Class of First Baptist Church met recently for a Brunch in the home of Mrs. Floyd Watson. Invocation was given by Mrs. Floyd Crow.

Following the Brunch, gifts were exchanged as Mrs. O. S. E. Westbrooke played Christmas music.

Mrs. Howard Sims introduced guest speaker, Mrs. Rufe Jordan, who brought the Christmas message.

A gift of appreciation was presented to Mrs. Jordan and to the class teacher, Mrs. C. E. McMinn.

A love offering was given by the class to the Lottie Moon Christmas Offering for Foreign Missions. Guests were Mmes. Joe Hawkins, Oscar Westbrooke, Max Bolic, Ralph McKinney, Don Cole, Harold McMurray, D. W. Swain, Floyd Watson, Hansford Ousley Jr., Melvin Bailey, Paul Turner, C. H. Smiley, Milo Carlson, Howard Sims, Floyd Crow, L. A. Jones, Floyd Hatcher, Maynard Johnson, C. E. McMinn and Mrs. Jordan.

Miss Claudia Everly, and Mrs. Robert R. Hamilton.

MEAT COOKERY Quiz

- Q. What is the name of this cut of meat?
A. Boneless Chuck Pot-Roast.
- Q. Where does it come from and how is it identified?
A. It is the inside eye of the chuck after the backbone, ribs and blade bone have been removed. The meat is then tied to form a compact, easy-to-carve pot-roast.
- Q. How is it prepared?
A. It is prepared by braising and requires 3 to 4 hours cooking time. The cut lacks an outer covering of fat, the distribution of fat is within the cut.

Apron, curtains, napkins and tablecloth in a holly-printed linen set the scene for a Christmas-season breakfast get-together.

Gay Holiday Breakfasts Are Fun

By KAY SHERWOOD
NEA Staff Writer

A gay holiday breakfast puts hostess and guests in a festive mood and is kinder to a time-and-money budget than more elaborate entertainment.

If time is short for preparation of food, bakeries overflow with tempting, fancy coffee cakes and breads. Other breakfast foods such as chilled fruits, hot coffee, skillet-cooked bacon or sausage, eggs, and the like can be planned for last-minute preparation.

To set the holiday theme in table decorations, scan the many bright and attractive linens with seasonal motifs and the read-to-assemble centerpieces. Such accessories are a boon to a busy person.

If room for dining is part of the kitchen area, you may want to hang festive curtains for the occasion.

Gaily printed linen dish towels can double as cafe curtains during the holidays. Clip on curtain clips make the conversion a matter of minutes. Among designs suitable for this use are the ones which can be matched up tablecloths and aprons.

For example, designer Vera has screen-printed a holly pattern in stripes on Belgian linen kitchen towels and repeated the design in different placement on aprons, tablecloths and napkins. Pointsettias

in vivid clusters are another seasonal motif that appears in coordinated linens.

Holiday linens which are printed with pretty, colored bulbs and pine sprays suggest centerpieces of real pine boughs or authentic Christmas balls.

For a breakfast party, the table decorations might be a jolly snowman, hollowed out to hold small gift packages for the guests, or a homemade Santa and sled to carry a tiny trinket for everyone.

Whether you serve buffet style or have the table set for sit-down service, a breakfast is informal enough to make good use of any electrical helpers you have.

CORNED BEEF AND MUSTARD SANDWICHES

1/2 cup ground corned beef
1 teaspoon chopped sweet pickle
Prepared mustard

To meat add pickle relish and prepared mustard to taste. Mix well.

"BOILED" HAM FILLING

8 slices "boiled" ham, ground
1/2 cup mayonnaise
2 teaspoons prepared mustard
2 tablespoons pickle relish
2 tablespoons grated onion

Combine ham, mayonnaise, mustard, pickle relish and onion. Mix well.

Festive Cherry Pie Adds Festive Note For Decoration Of Holiday Meals

The special cherry pie below adds the right festive note to meals at Christmas. It is the "Glorious time of the great Too-Much", a phrase Leigh Hunt, a nineteenth century poet and essayist, used in a poem about the biggest holiday of the year.

And an apt phrase it is, too, for Christmas is a great and glorious Too-Much (well, almost) — with parties, dances, presents — being planned, decorations everywhere, triumphant music in the air, and the general atmosphere of festivity that pervades.

Canned tart red pitted cherries and raisins make a plump and festive pie that's colorful enough to match the holiday mood, and tasty enough to make a special occasion of any meal. Decorate the pie with your favorite Christmas cut-out, or make an open-faced pie with a lattice design to complete this extra-special dessert.

Whatever you do, the filling is so good, don't be disappointed if people don't notice how the pie's been decorated. They'll forget everything but the taste once they've started to eat it.

Edible Christmas Tree

For holiday refreshments that are as bright and merry as the season itself, create an edible Christmas tree from a well-seasoned cheese spread and offer it to guests with a selection of breads and crackers and a choice of ale and beer—beverages which are light, refreshing and kind to calorie-counters.

This recipe makes a tree approximately 12 inches high and impressive enough to feature as the centerpiece for a snack buffet or the single food to serve at a holiday open house. Of course, if you want to be dramatic and the party is for a crowd, start with a larger paper or cardboard base and double or triple the cheese mixture.

Teens-age girl shave many worries when big dances come up. One of them is how to anchor a corsage on a dress. After pinning on a corsage slip a small pencil eraser over the end of the pin. This keeps the pin from sticking and also holds the corsage more securely in place.

Coco-Lossal Candy New Peanut Idea

A new candy idea, combining the goodness of corn syrup, brown sugar, creamy or chunk style peanut butter and Cocoa Krispies, is here for fall and winter parties, for lunchboxes and for other snack occasions. The confection is Cocoa Peanut Squares.

So easy to make, Cocoa Peanut Squares appeal to both young and old, at just about any time of day or evening. Here's the simple-to-follow recipe.

COCOA PEANUT SQUARES
1-3 cup corn syrup, light or dark
1/2 cup brown sugar, firmly packed
1/2 cup peanut butter, creamy or chunk style
3 cups Kellogg's Cocoa Krispies

Have ingredients measured. Combine corn syrup and sugar in 3-quart saucepan. Cook over moderate heat, stirring frequently, until mixture bubbles around edge of pan. Remove from heat. Stir in peanut butter until completely mixed. Add Cocoa Krispies, stirring until well-coated with syrup mixture. Press into greased 8 x 8 or 9 x 9-inch pan. Cool at room temperature 20 minutes. Cut into squares.

Yield: 36 1 1/2-inch squares.

Cheese Spread Christmas Tree

Edible Christmas Tree
1 cup (1/2 pound) butter or margarine
1/2 cup beer
1/2 pound cream cheese with chives
1/2 pound Roquefort cheese
1/2 cup beer
1/2 teaspoon Tabasco
1/2 teaspoon dry mustard

Have butter and cheese at room temperature. Combine all ingredients in mixing bowl and beat until well-blended. Make a cone out of several thicknesses of 3 1/2 x 14-inch paper or of lightweight cardboard; secure with cellophane tape. Cover cone with cellophane paper. Set cone firmly on a sherbet glass. Frost paper cone generously with the cheese mixture; decorate with bits of pimiento, stuffed olives, ripe olives, gherkins and capers. Serve with small slices of salty rye, a selection of crackers and ale and beer.

Yield: 4 1/2 cups spread.

Membership Tea Held By LC Club

Las Cressas Club held its annual membership tea on Sunday in the home of the club sponsor, Mrs. W. S. Brake, 1831 N. Faulkner. The serving table was covered with a white yet over yellow taffeta draped with yellow ribbon and bows. Yellow papers adorned the Christmas centerpiece and a crystal punch service was used to carry out the club colors of yellow and white.

Each new member was presented by her Big Sister to the club president, Miss Nancy Bailey, who administered the membership oath. Each pledge was then presented with a wristlet of yellow roses by

BIG BLOWHARD—A surplus jet engine, a modified caboose, plus a little technical know-how have been combined to form a weapon that may give Old Man Winter a run for his money. By harnessing and aiming the powerful exhaust of a B-36 bomber engine, New York Central scientists have produced a snow blower, shown being tested above, which can blast yard tracks and switches completely free of snow and ice for a distance of 100 feet. Guiding the 1,000-m.p.h. blast of the jet engine with a movement of his hand, an operator can clear the tracks ahead and on either side and right out from under stalled cars. Officials predict the blower, going into full operation this winter, will save thousands of dollars in the railroad's annual snow-fighting bill.

Veterans Land Donation Plan Said To Be On Sound Basis

By BILL CLAYTON
United Press International
AUSTIN (UPI)—Ten years ago Saturday, World War II veteran Presley W. Williams completed the first purchase of land through a state agency unique in this country—the Texas Veterans' Land Board.

Since Cpl. Williams, now 42, of Bynum, received his 167 acres of

land bought with the state's help, the land board has had its highs and lows—the lowest being the infamous land scandals.

During the past 10 years, veterans have bought \$144,000,000 worth of land covering 21,819 tracts. Of those, 1,640 have paid off their notes in semi-annual installments to the state.

Texas has always tried to reward veterans with land, according to Bill Allcorn, land commissioner.

Nixon Loyal To Present Farm Policy

WASHINGTON (UPI)—Vice President Richard M. Nixon will loyally support the administration's controversial farm program when it goes before Congress next year, sources close to the administration's number two man say.

But it will surprise few experienced politicians if 1960 presidential candidate Nixon—assuming he gets the GOP presidential nomination—moves afterward to make it clear he is not taking his farm policy advice from Agriculture Secretary Ezra T. Benson.

Benson has said he expects Nixon to give full support to the farm program he drafted for 1960 with President Eisenhower's complete approval.

Observers believe Nixon feels, though he has never said so publicly, that many farmers dislike Benson and that this attitude has cost the Republican party votes in states where the farm vote is still an important factor.

Nixon said in a speech recently that agriculture "very possibly" will be a major domestic issue in 1960. If that estimate proves to be correct, Nixon may try to make sure that the GOP approach to farm policy is based on a "Republican" plan as distinguished from a "Made-by-Benson" program.

Friends say Nixon will have his own farm program "at the proper time."

The distinction between a Nixon-Republican program and a Benson policy would presumably be aimed at helping GOP candidates in key farm states run on a program the whole party can endorse without tying them to the Benson symbol.

Can't Remember When Kids Have Been So Well Behaved

By PATRICIA MCCORMACK
United Press International
NEW YORK (UPI)—Boys and girls, I'm so excited I can hardly write this story.

Santa Claus took me to lunch. He even wanted to pay for my spinach and milk. We argued a bit and then settled on making it a "Dutch treat."

"What with all those investigations about payola," I reminded him, "if you pay for my lunch it would look like you're trying to buy a plug in this column."

"That's right," Santa said, "we want to spend Christmas around the tree and not in Washington answering a lot of questions."

Allies Agreed On Several Top Issues

EDITOR'S NOTE: What is at stake in the Western summit meeting in Geneva? Where do the four Western partners agree and disagree? In the following dispatch the UPI chief European diplomatic correspondent spells out the issues.

By K. C. THALER
United Press International

PARIS (UPI)—The Big Four Western summit talks today agreed in advance on some pertinent points but divided on a number of other major policy issues.

The issues agreed upon in principle included:

—An East-West summit meeting should be held between April 21 and 25, 1960.

—The East-West meeting should be held in Geneva with Paris a possible alternative.

—The East-West summit should be limited in length to a week or 10 days. Its working plan should be firmly laid down in advance.

—The East-West summit should hand down directives to their foreign ministers or top experts to translate summit decisions into concrete recommendations and plans.

—The Western allies have reached basic understanding but not full agreement on these points:

—Any further summit meetings with the Russians should be held later in 1960 or in the spring of 1961, if warranted.

—The summit's primary aim should be to extract from Soviet Premier Nikita Khrushchev a clearer first-hand indication of the Kremlin's real intentions in its recent sweetness and light campaign.

—The Allies will go to the East-West summit with the same "peace package plan" they successfully presented at the Geneva four-power foreign ministers conference last summer.

—Disarmament should be the summit's chief topic.

Issues on which there is no Western agreement thus far, and even outright discord on, include:

—Scope of the East-West summit.

—What problems other than disarmament, Berlin and Germany should go on the East-West summit agenda?

—West Germany wants disarmament made the chief test of Soviet sincerity at the summit.

—The West lacks agreement on a joint disarmament plan.

—The nuclear test ban problem, under discussion in Geneva for the past 14 months.

The San Francisco - Oakland Bay Bridge has the largest vehicular tunnel in the world with a bore through Yerba Buena Island 76 feet wide, 58 feet high and 540 feet long, according to the San Francisco Chamber of Commerce.

American scientists discovered blasts could be muffled so that detection was nearly impossible.

Others might be mistaken for earthquakes. The West presented this information to the Russians and asked them to cooperate on finding ways to close the loopholes.

Saturday's failure meant that the West probably would renew its offer to agree to a step-by-step ban on all but underground nuclear blasts. Surface, air, and water explosions are easy to detect with present equipment.

Grandma may need an antique needle case (\$275) for her sewing kit.

"And if it's something really off-beat you are after, you can buy a life-size, hand-carved copy of an American cigar store Indian for \$750."

A gold traveling alarm clock carries an \$825 price tag. A cheaper model, which is only gold-plated, costs \$85. For those with nostalgia for things gone by, an importer has obtained a number of antique, static-transmitting genuine French telephones, from Paris, and is retailing them for \$34.50 each.

Golfers come in for their quota of gift possibilities. Tiffany's advertises a 14-carat gold putter for \$1,475, including tax. A set of four imitation leopard mitts for golf clubs costs \$18.95. You can buy three gold-plated golf balls for \$4.95. And for the practical minded donor, there is an adjustable all-purpose golf club, with a head that switches to six positions, from driving to pitching—\$24.95.

Less expensive gifts are in stock for sportsmen—moderately priced sterling silver personalized fish lures, bearing the name of the fisherman; a battery-powered fish caller; a set of duck and goose calls; a boat paddle name and yachting affiliation, or a brace of pheasants a fellow can claim he shot down himself. All these cost less than \$20.

Fido can have his day on Christmas, too, by receiving a heated doghouse, costing \$44.95, or a hot-pad for dogs, priced at \$3.98.

There also are the usual run of odd-ball gadgets, such as a \$25, foot-high, quart-sized chairside goblet for the lazy drinker, and \$600 cuff links, one made of a gold coin bearing Julius Caesar's profile and the other imprinted with Alexander the Great's likeness.

Lightning hits plane

NASHVILLE, Tenn. (UPI)—Lightning struck an Eastern Airlines DC-7B carrying 45 persons from Birmingham to Nashville Friday. Harold Gaines, district sales manager for Eastern, a aid lightning ripped a small hole in the rudder of the aircraft. He said there were no injuries.

Admits embezzlement

CHICAGO (UPI)—Robert E. Cox, 34, a bookkeeper for the Continental Insurance Co., admitted to police Friday he embezzled between \$50,000 and \$79,000 during the past six years and spent most of the money on "good living."

None for tennis

NEWARK N. J. (UPI)—A 60-ton crane is used to deliver six cups of coffee each day to six iron workers dismantling a downtown building 180 feet above the ground.

No Agreement On Control C' Depth Blasts

GENEVA (UPI)—Western and Soviet scientists Saturday failed to reach agreement on a workable control system for underground nuclear explosions that could escape detection by present methods.

Their failure after three weeks of discussions ruled out Western approval for a complete ban on all nuclear testing, as demanded by THE Soviets, because the West fears sneak tests would be possible.

American scientists discovered blasts could be muffled so that detection was nearly impossible.

Others might be mistaken for earthquakes. The West presented this information to the Russians and asked them to cooperate on finding ways to close the loopholes.

Saturday's failure meant that the West probably would renew its offer to agree to a step-by-step ban on all but underground nuclear blasts. Surface, air, and water explosions are easy to detect with present equipment.

No Sacrifice Of Animals At His Wedding

TAHRAN, Iran (UPI)—The Shah of Iran ordered his traditional sacrifice of animals in celebration of his marriage Monday because the sight of blood makes his queen-to-be ill.

The Shah's finances spent two hours riding the monarch's black Arab stallion at the royal hunting lodge at Szrahabad, some 30 miles from Tehran.

The Shah remained at his palace, where he received local ministers and reports of the border controversy with Iraq as well as accepting credentials of the new Finnish Minister to Iran.

His court, meanwhile, revealed the full program of ceremonies connected with the glittering marriage scheduled to take place in the marble palace's Hall of Mirrors at 4 p. m. Monday (7:30 a. m. est.).

It will be a champagne - and

caviar affair, sparking with precious jewels and the high ritual of the mystic east.

"Christmas Sleigh" — a four-engine cargo plane — arrives here Saturday, slightly behind schedule, bringing gifts for President Eisenhower and his family.

The turbo-prop plane was delayed overnight in Boston because of bad weather. It completed the trip to nearby Andrews Air Force Base, Md., at 11 a. m. est.

Aboard were about 40 trees and shrubs which will be planted at the President's Gettysburg, Pa., farm, and unspecified other gifts from Khrushchev to the Eisenhower family. The gifts were a token of the Soviet leader's appreciation of the hospitality shown him by the Eisenhowers during his visit to the United States in September.

The 17 Russians on the plane were welcomed by Don Paarlberg, a special assistant to the President, and several State Department officials.

The plants and shrubs were held in quarantine by the Agriculture Department as required by law.

The three and plants included Maple, Pine, Linden, Larch, Lilac, Pomegranate, Birch and Cedar.

Man Searches For Life On Other Planets

By JOSEPH L. MILLER
United Press International

WASHINGTON (UPI) — Scientific men are hunting confidently for evidence of intelligent life on the planets of our sun.

The National Aeronautics & Space Administration (NANSA) plans to erect on the moon an astronomical observatory of sufficient range to see planetary systems of at least the nearer stars.

But this will take 10 to 20 years to do, if not longer. In the meantime, other scientists are about to try other ways of testing their belief that highly developed beings exist on other worlds.

This attempt, Project Ozma, is being undertaken by Dr. Frank Drake and his colleagues at the National Radio Astronomy Observatory at Green Bank, W. Va. It is an attempt to spot radio signals from space of possibly intelligent origin.

The project was named for Ozma, queen of the land of Oz in "The Wizard of Oz" stories by Frank Baum. Oz, as Drake points out, was "a land far away, populated by strange and exotic beings."

Another, more prosaic name, fashioned for those who shy away from romance, is "Search for Extraterrestrial Coherent Transmissions (SECT)."

Starting early next year, if equipment now being installed is ready by then, Drake will keep a record of signals from a couple of nearby stars—"twins of the sun"—and from other radio sources in space.

He and his associates will then search this record for any signs that some of the signals might have been transmitted by intelligent beings. Drake believes 10 to 20 stars within range of Green Bank's 85-foot radio telescope have planetary systems capable of supporting life at least as equal of earth's.

Earth scientists, 50 years after the discovery of radio, have finally developed receivers sensitive enough to record signals from deep space and discriminate between "noise" and "coherence."

They have not, however, perfected the radio art to the point where they have felt competent to attempt two-way communications over interstellar distances with other planets.

So, Drake said, if the Green Bank astronomers pick up any signals coherent enough to indicate intelligent rather than natural origin, they would have persuasive evidence that creatures exist elsewhere who are considerably more advanced technologically than the inhabitants of earth.

It is conceivable, Drake told United Press International, that someone somewhere in space may be trying to send television pictures to neighboring worlds. Pictures, he said, constitute a universal language.

Birth Control

It seems that nearly everyone in this country wants to talk about birth control these days. Amazingly, it now appears likely that our next year's presidential campaign will find birth control as a major issue.

Juveniles-Go Home

The Denver Juvenile Court of Judge Philip B. Gilliam has prepared a pamphlet on the subject of juveniles and juvenile delinquency which we believe contains some fine sentiments that are worthy of passing along.

Better Jobs

By R. C. HOILES

Minnesota Taken Over By The Unions The wire services carried a story Friday telling how Gov. Freeman of Minnesota had ordered out the National Guard to preserve peace at Albert Lea, Minn. where the Wilson meat packing house employees were on a strike.

The union members at first didn't like the idea of having the National Guard called out to preserve peace because they naturally presumed, as all good Americans would believe, that the purpose of calling out the National Guard was to protect those who wanted to work in their God-given natural rights to life, liberty and the pursuit of happiness.

That is certainly a strange idea of peace. It is about the same idea of peace that Khrushchev has or any communist government has. It is that the individual is nothing and the labor unions or the government are everything.

When the labor unions found out that they were stopping employees from going to work, then the labor unions rejoiced in the fact that the National Guard had been called out.

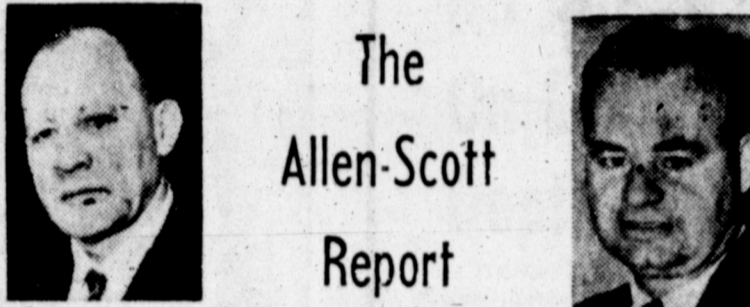

I cannot remember of any case where the National Guard was ever called out to do what they have been ordered to do in Minnesota. That is, not to protect men's rights to earn a living, but to protect the artificial, legal right of a man to stop working and still contend that he owned the right to the job.

Perhaps this issue of birth control will awaken lots of slumbering Americans. The Supreme Court has already ruled that what the government subsidizes, it can and properly should control.

While Wisconsin has been very socialistic, had the governor there called out the militia to close the Kohler plant when they wanted to operate, they could not have resisted both the state and the labor union.

We are certainly not leaving to our children the kind of a government our Founding Fathers intended us to have.

Americans Are A Friendly People

ROBERT S. ALLEN

The Allen-Scott Report

WASHINGTON — Both the Eisenhower Administration and Democratic congressional leaders already have started the ball rolling to liberalize social security benefits at the 1960 session of Congress.

How far this liberalization will go is unpredictable. But two things are sure: Some kind of social security legislation will be enacted. Congress has voted that every election year since 1948, and next year will be no exception.

Whatever is adopted, it will cost workers and employers more social security taxes. For the Administration, HEW Secretary Arthur Flemming is formulating a program, the main feature of which would provide some form of medical and hospital care for social security beneficiaries.

Eliminating the 50-year age limitation on disability payments. Providing for old-age beneficiaries and permanently disabled to receive 60 days' hospital care and doctors' fees annually. Estimated cost of such medical care is \$1.2 billion a year, to be financed by a social security tax of 1/2 of 1 percent on both employees and employers.

UP IN THE AIR — While all the top Democratic leaders are agreed on a "package" social security program at the coming session, some are leery about Ford's far-reaching medical care proposal.

They don't think it can be enacted, and favor laying the thorny issue over for the newly elected Congress in 1961.

Smell Of Fear Pervades Communist Countries

Only after one has spent some time in a Communist country and then crossed to a free country does one realize the profound difference between the two systems. There is sadness, dread, uncertainty and fear in the former, sharply contrasted by a feeling of peace, security and tranquility in the latter.

After spending some time in Poland and Czechoslovakia I went recently into the free country of Norway. Before that, I had enjoyed two weeks in the free countries, Germany and Austria. The great difference cannot be accounted for by the war, as Germany, Austria and Norway suffered comparably from devastation and hunger.

The buildings, the furniture, buses, automobiles, farm equipment, railroads and industrial machinery all appear unkempt, dilapidated and in a poor state of repair. No one owns these things and no one seems to care whether they are kept in condition or not.

It is not physical things however that cause so much unhappiness in Communist countries but fear and mental and spiritual control and suppression.

The Doctor Says:

by EDWIN F. JORDAN, M.D. One of my neighbors in this quiet countryside is an airline captain who flies twice monthly to Johannesburg, South Africa. During the few days between departure from home and return, he flies his plane some 15,000 miles in 60 air hours.

Each time I see him, I express amazement at what seems to me to be an accomplishment that borders on the miraculous. But he only smiles indulgently and tells me that soon flights around the world and to outer space will make his trips appear like horse-and-buggy rides to the next village.

Each cell lives about three months. Then it's taken apart and reconditioned so it's good as new. To do this, the narrow assembly line has to meet a production schedule of 100 million or so every minute of every day.

While all this is going on, each tiny liver cell is carrying out at least 30 functions we know about. To repeat any of these operations outside of the body, you'd need one man-made factory to take apart or put together each of the substances on which our survival depends.

Family Gift Exchange Victim Of Inflation

by HENRY McLEMORE

Every Christmas, without fail, our far-flung family agrees by letter to limit the cost of gifts to a certain amount.

Last Christmas a ceiling of \$2.50 was placed on gifts for adult members. The Christmas before that, and asked for some crops in Georgia, the limit agreed upon was a buck and a half.

There is a lot of "keeping up with the Joneses" in the buying of Christmas presents for babies, meaning the ones the age of Megan, who will be 17 months old when Christmas arrives.

Getting back to the presents for adults, I wish there were such a thing as a Swap Shop, or a Second-Hand Bargain Basement that issued Gift Certificates. I'd send all the grown-ups in the family a three-dollar certificate and they could pick out something they really needed.

"There is no difference between Socialism and Communism. Both terms designate a society in which the means of production are collectively owned and democratically managed by the producers."

On my last night in Warsaw, right in front of my hotel, I heard several gruff voices mingled with the pleading, excited voice of a woman almost screaming, followed by blows, moaning and crying.

There is a difference in degree and in the method of approach. Communism is usually thought of as coming by violence and sudden revolution while socialism comes gradually by consent of the people, who, misled by its rosy promises, vote for it.

Transfers To Pampa

Joe M. Wanenmacher Jr., a junior petroleum engineer for Sinclair, joined the company's Pampa staff last week, it was announced at Ft. Worth. Wanenmacher, who joined Sinclair in September, 1958, is with the production department. "Phillips Red and White" The Phillips Co., "after extensive research," has decided to change its color scheme "to attract the feminine customers as well as the men." District Salesman D. V. Camp said this city's three stations will all be painted white with a bold "Phillips red" trim. The familiar shield stays the same, only the coloring will be different. Phillips, in a news release Saturday, says: "The reaction of lady customers to the brighter and cleaner look of the Phillips Stations has been enthusiastic. The entire changeover entails painting and installing new signs at nearly 20,000 outlets in Phillips' 35-state marketing area."

Output Increase
The Independent Petroleum Association of America says domestic oil producers can look for an estimated daily oil and gas production next year of 8,318,000 barrels. Crude oil production will average 7.4 million barrels daily, an increase of one-half million a day over 1959 figures.

Increases Production
Phillips Chemical Co. has announced it will increase production of its new "Cis-4" polybutadiene rubber to a rate of 20,000 tons a year. Necessary enlargement of the Borgor synthetic rubber plant is anticipated by August, 1960.

Failure To Yield Phone Costs \$200

MILLBURN, N.J. (UPI) — A housewife was convicted of failing to yield a telephone party line to a doctor who wanted to make an emergency call. Magistrate Milton Freeman fined Mrs. Mary C. Zelinski \$200. He said he believed the case was the first of its type to be tried in this state under a 1956 law. Mrs. Jeanette Hausler, who was charged with the same offense, won a postponement of decision pending Freeman's review of a motion to dismiss her because she lives in another county. Payment of the fine by Mrs. Zelinski was deferred pending an appeal of her conviction. Mrs. Hausler and Mrs. Zelinski are both of Springfield, N.J., were charged with failing to give up a party line so a doctor could make an emergency call for an ambulance.

API Centennial Edition Good Reading For Oilmen

By MAC SERREE
TULSA (UPI)—Oil-rich America, with a service station on every corner, is a far cry from the America 100 years ago at the dawn of the industrial revolution. The American Petroleum Institute is out this week with a big, thick centennial edition of petroleum facts and figures. It is making some interesting reading to the oilman. The marketing section of the book notes that there are now about 300,000 primary service stations in the U. S.—about 90 percent of which are operated by local, independent businessmen. "This ready availability of service facilities on the nation's more than three-million miles of roads and streets assures the American motorist of being the best cared-for driver in the world," said the API. Marketing has come a long way in 100 years. In the three decades following Col. Edwin Drake's discovery at Titusville, the U. S. exported most of its petroleum products—primarily illuminating oil—abroad. In this the U. S. was competing holly with czarist Russia for world oil markets—an omen of things to come. By the turn of the century the U. S. was exporting nearly three-fifths of its total production of illuminating oil. The U. S. produced 17-million barrels in 1900; Russia 9-million. About the turn of the century two events occurred which were destined to change the course of the petroleum industry. The first was the rise of electricity, which doomed the illuminating market, and the second was the develop-

Stekoll Steps Up Drilling Activities

DALLAS — Stepped-up activity in Stekoll Petroleum Corporation's continuing development program in the Texas and Oklahoma Panhandles was outlined here Saturday by Marion H. Stekoll, President of the Company. Since June, Stekoll has drilled 32 wells at an average cost of \$90,000 each, and has acquired some 51,000 acres of land in an area lying along the west flank of the Anadarko Basin, the prolific oil and gas producing geologic feature which extends across Oklahoma into the Texas Panhandle. Nine of the 32 wells are or will be completed as dual producers. Fifteen are successful oil wells, six are gas, three were dry, and 17 are in various stages of completion. Ten wells are presently being drilled. Immediate plans call for drilling 12 additional wells before the end of this year. Stekoll's initial entry into this area came last May when it purchased certain properties in Hansford and Ochiltree Counties, Texas, from Horizon Oil and Gas Company of Dallas. These properties included 31 producing oil wells, three producing gas wells, and more than 20 proven locations. "We've only begun to scratch the surface in this area," Mr. Stekoll said. "Our production is primarily from formations of Pennsylvanian Age in which there are a total of 14 producing zones, any of which may be considered the primary objective at a given location."

Interest On Fiscal U.S. Budget About As Much As Total '40 Budget

By GEORGE J. MARDER
United Press International
WASHINGTON (UPI) — Before the President left on his three-continent goodwill tour, he gave newsmen some advice. Take a look at the federal budget of 20 years ago, he suggested, and you'll be astonished at how government expenditures have zoomed. A comparison of those two budgets shows that 20 years ago the whole cost of the federal government was just under nine billion dollars. This year, for interest alone on the federal debt the taxpayers will put up more than eight billion. Everybody knows the cost of government has spiraled because they are paying for past wars and trying to prevent future wars. But that doesn't account for all of the rise in federal spending from 9 to 77 billion dollars plus in just one generation.

A direct comparison is impossible because budget bookkeeping methods have changed drastically over the years. For example: We now have a General Service Administration which is spending almost half a billion dollars for services for other federal agencies which they performed themselves 20 years ago. Also, some things don't show in the budget which did show then—highway expenditures, for example. Some functions of government have ceased. Work relief, a depression born service, was still costing more than one and three quarters billion dollars in 1940. But other new federal enterprises have started draining away billions. Atomic energy and space to name just two. Roughly speaking, the big increases in the cost of government in this generation can be catalogued this way: Starting with the nine billion 1940 budget, add 39½ billion for

No Change Set In Allowable

AUSTIN (UPI) — The Texas Railroad Commission set the state's January oil allowable to-day at 2,711,246 barrels daily on a 10-day producing schedule. The January allowable represents no change over the December production pattern other than a 40,000-barrels daily normal buildup. A majority of purchasers recommended the 10-day schedule. They were Atlantic Refining Co., Sinclair Oil Co., Shell Oil Co., Gulf Oil Co., Cities Service Oil Co., Phillips Petroleum Co., Sun Oil Co., Standard Oil of California and Cossden Oil Co. Mobil Oil Co., Humble Oil Co. and Texaco, Inc., recommended an 11-day production schedule. Indiana Oil Co. recommended a nine-day schedule. The commission set its next proration hearing for Jan. 20 in Austin. The 10-day production schedule will grant the following allowables in special fields: East Texas, 143,024 barrels daily; Headlee Devonian, 4,954; Dore Roberts, 570; Howard Glascock, 18,339 barrels; Dymond South Bend Conglomerate, 270; Iatan, East Howard 5,681; and Snyder, 3,826. The total average calendar day allowable in Texas as of Dec. 12 was 2,886,110 barrels daily.

Mothers Satisfied In Baby Mixup

JERUSALEM, Israel (UPI) — Two women who were given the wrong babies in a mixup at the Hadassah Hospital in Beerseba have refused to exchange them, a hospital spokesman said today. The mothers, one a migrant from the Yemen and the other from India, have had the babies for three weeks. Doctors pleadings and blood tests failed to convince the mothers.

direct defense costs. Twenty years ago we spent a billion and a half for the military services; today the cost is about 4½ billion. Then add another 3½ billion for foreign military and economic aid and two-and-three-quarter billion more for atomic energy. Two more wake-of-war items must be included—the additional 7 billion dollar cost in interest on the national debt and the 4½ billion boost in veterans' costs. That would bring the 1940 budget to well over 66 billion, leaving some 10½ billion additional costs for all other governmental services. Close to half that, almost 5 billion — is spent for agriculture. Another big new cost is welfare services which take more than 2½ billion more than in 1940. All the normal costs of government departments have jumped, too. Congress from 23 million to 152 million, the office of the President from 2½ million to 75 million, Commerce Department from 64 million to 476 million, and the Labor Department from 9 million to 562 million. That's where your money goes.

Drillers Complete 19 Wells, Plug 4, Plan 24 More, Commission Reports

Nineteen completions, one in Gray county, were reported the past week to the Pampa office of the Texas Railroad Commission. The Gray county well was completed by Phillips Petroleum in the Panhandle field. In a relatively slow week, twenty-four intentions to drill were filed, with three deeper than 7,000 feet. Deepest reported was again in Ochiltree county where Shamrock went 9,500 feet in the Calvin Flowers No. 1. Four plugged holes were reported. The commission's complete report follows:

NEW COLORS FOR PHILLIPS — Pampa's three Phillips service stations are all undergoing new paint jobs this week as the company swings toward a new red and white color scheme. Painter Bob Myers of Pampa is seen above at work on the Somerville "66" station at Francis and Somerville. Stations will be painted white with a "Phillips red" trim, featuring a distinctive harlequin design. The familiar 66 shields will remain unaltered, but the word "Phillips" will be in a new black, block letters on a white background. (Daily News Photo)

12TH National Children's Dental Health Week FEBRUARY 7-13, 1960

FOR THEIR DENTAL HEALTH—This poster sets the theme for National Children's Dental Health Week, Feb. 7-13. The idea, according to Dr. Paul H. Jeserich, is that children use their toothbrush after all meals and snacks, as soon as their permanent teeth come in. Dr. Jeserich is president of the American Dental Association, sponsor of the special week.

Letters to Santa

Dear Santa, I want a guitar, mink coat, Ma-dame doll with clothes and an ice cream maker. I need a new doll buggy for the doll. Merry Christmas, Santa, Vicky Jo Moore

Dear Santa, Will you please bring me a Mary Belle Getwell doll, a reclining chair, a nurse kit, and Barbie. My brother Grover wants a Skokie golf putter. Love, Susan Dawn

Dear Santa Claus, I am a little boy 4 years old. My little brother is 2. Mommy says we've been good boys. My little brother would like a tractor he can ride on. He wants some guns and holsters too. I would like a red bicycle for Christmas. Please put training wheels on it, because I don't know how to ride a bicycle yet. Please bring me a new set of guns and holsters too. We also have some cookies and milk on the table for you. Love, Larry and David Marlar 728 Bradley Drive

Dear Santa, I am a little girl two years old. I have been pretty nice this year. I would like you to bring me a doll buggy, tricycle, stove, rag doll and a suit case. I will leave you some goodies to eat. Debbie Welch 732 Dean Dr.

Dear Santa Claus, I would like for you to bring me a watch, jungle set, a basketball and goal, rifle and army men. My name is Larry Morris. I am 5 years old. I will leave you some cookies and milk on the table. Larry Morris 503 Short Pampa, Texas

Dear Santa Claus, I am a little boy two years old. I have been as good as little boys can be expected to be. I would like for you to bring me a car that I can ride in, a basketball and a choo-choo train. My little sister, Cindy, is one. She would like to have a musical fuzzy animal, a little baby doll and a walker. Love always, Randy and Cindy Jones

Dear Santa Claus, I am a little boy six years old. I go to Lamar School I have tried to be a good girl. Will you bring me a doll, doll basket, some skates and a dress? Don't forget my teacher, Mrs. Pulliam, something for my two cousins, Kathy and Carla Fleming, who live here and a friend of ours and I love very much. I will be waiting for you and my little cousins in Amarillo will be too. He is Donnie Brown and about 10 years old. Angela Beck 917 S. Nelson
