Holiday Highway Slaughter Alarming

United Press International
The death toll on the nation's highways pushed past the 100 mark Saturday and the National Safety Council said the holiday slaughter was running "alarmingly" ahead of last year.

sons had died in plane crashes, six in drownings and 11 in miscellaneous mishaps for an overall holiday death toll of 130.
California led the highway death marathon with 16 fatalities. Ohio had recorded eight, and Pennsylvania, New York, Missouri and Texas seven each.
"If a catastrophe such as fire or flood were sweeping the country and taking this toll, everyone would go all out to halt it," a safety council spokesman said.

"We appeal for such united action by drivers and enforcement agencies. Patience, courtesy and common sense are desperately needed."
One of the worst highway tragedies occurred on a straight stretch of highway near Winthrop, Iowa, where four persons lost their lives in a two-car crash. Six others were injured in the accident which demolished both autos.
Death struck at the men trying to hold down the toll as well as

at vacationers out for a fling.
Two sheriff's deputies died in a crash near St. George, Maine, while they were chasing a speeding driver.
Four Marines, apparently headed home for the Labor Day holiday, were killed when their car collided head-on with a tractor-trailer near Warrenton, Va.
Driver Hospitalized
The truck driver was hospitalized with shock and unable

to talk about the accident.
Three persons were killed near Newberg, Ore., when a single-engine, four-passenger plane crashed and exploded into flames atop Chehalis Mountain.
An 18-year-old farm youth died when he was thrown from his motorcycle onto the cement steps of a home in Waterloo, Iowa.
A Greyhound bus collided with a tractor-trailer in a fog on the Ohio Turnpike near Cleveland

Friday night. Ten persons were injured, one seriously.
The Safety Council predicted that nearly every one of the nation's 71 million motor vehicles would be on the road at some time over the 78-hour weekend.
It said up to 450 traffic deaths might occur between 4 p. m. Friday and midnight Monday.
Last year United Press International counted 432 traffic deaths in the Labor Day weekend. The all-time high for the holiday was

453, counted by United Press in 1951.
State and local police used every gimmick from camouflage to giant speedometers mounted atop squad cars to control holiday motorists. In Nebraska, Gov. Ralph G. Brooks patrolled personally by car and helicopter with state troopers in a push to prevent accidents. Georgia highway patrolmen repainted their cars in an effort to catch unwary traffic violators.

DeGaulle to Visit

By MERRIMAN SMITH
UPI White House Reporter
A.Y.R. Scotland (UPI) — French President Charles de Gaulle notified President Eisenhower in a special message received here Saturday night that he hoped to make a trip to Washington soon.
"I very much hope to be able to go and see you in Washington," De Gaulle told Eisenhower who is resting at Culzean Castle here from his arduous peace mission to Europe.
The message from Gen. De Gaulle spoke warmly of "a meeting of the minds" resulting from his talks with Eisenhower during the President's visit to France that ended Friday.
De Gaulle, acting on an invitation extended by Eisenhower, said he hoped to go to Washington as soon as he can.

threat to Laos and was "keeping in close touch" with the crisis in that Southeast Asian nation.
The fact that Hagerty volunteered the news of the President's concern today underscored the gravity of the situation in the tiny Indochinese kingdom where loyal troops are seeking to repel Communist rebel forces.
"The President is keeping in close touch with the situation in Laos and it is a matter of concern to him," Hagerty said.
It was disclosed that Eisenhower began to receive dispatches of Laotian efforts to turn back Red invaders shortly after he arose this morning. He was filled in during the day as new reports came in.
In another field, Hagerty said, the President said he was "very pleased" at the final approval given by the House and Senate in Washington to the new labor bill aimed at wiping out rack steering in unions.

U.S. Accuses Russia Of Hot Crisis In Laos

Laotian Government Asks For U.N. Military Help

By STEWART HENSLEY
United Press International

WASHINGTON (UPI)—The United States accused Russia and her Communist allies Saturday of directing the Red rebellion in Laos and threatened free world counter-action.
The royal Laotian government, beset by stepped-up guerrilla attacks by Communist forces from within and outside the little kingdom, has appealed to the United Nations for a U. N. military force to stave off the aggression.
The State Department issued a special statement declaring the United States would support consideration of the appeal.
The statement specifically accused the Soviet Union, Communist China and the Red government of North Viet Nam of inspiring, directing and supporting the invading forces in the little Southeast Asian kingdom.

The statement raised the possibility that troops might ultimately be sent to Laos but the State Department did not clarify this. The United States already is airlifting equipment to the 25,000-man Laotian army.
Nor would the department say whether the developments might have any effect on the forthcoming exchange of visits by President Eisenhower and Soviet Premier Nikita Khrushchev who is due here Sept. 15.
Earlier this year the Kremlin leader angrily cancelled a planned visit to the Scandinavian countries because of anti-Communist comments in the press.
The President, ending his European trip in Scotland, has been keeping in touch with Secretary of State Christian A. Herter on the Laos developments. Herter was in Boston today and the statement was issued after he talked to the State Department. He is due back here Sunday.

The department minced no words in the statement. It served plain notice there will be free world action if the Soviet-Union-Red China and puppet North Viet Nam government continue their support of the rebellion.
"It is obvious that any further augmentation of the invading force or continued material support thereof by Communists in North Viet Nam will require a major change in the nature and magnitude of the royal Lao government's need for support," the State Department said in a special statement.
"The United States is confident (See U.N., Page 3)

Tiny Asian Kingdom May Be 2nd Korea

By R. K. BUCKINGHAM
United Press International

UNITED NATIONS, N. Y. (UPI)—United States and United Nations officials went into hastily arranged huddles Saturday to decide whether to seek U. N. military action against Communist forces in Laos that might turn the tiny Asian kingdom into a second Korea.

President Eisenhower was watching the situation closely from his Scottish golfing retreat. Secretary of State Christian A. Herter and Henry Cabot Lodge, U. S. ambassador to the U. N., met to discuss the subject. U. N. Secretary General Dag Hammarskjold rushed back from South America to deal with the crisis.
The President of the U. N. Security Council polled members on when to call an emergency session to consider Laos' appeal for military aid from the West in its battle against Communists.
It appeared likely the 11-nation body would meet Monday, with Elio Ortigoza of Italy presiding.

Herter In Conference
Within an hour after he had returned from Europe, Herter was in conference with Lodge at Manchester, Mass., where they both have summer homes.
Lodge said he would rush to the U. N. as soon as he and Herter had finished their talks.
Hammarskjold cut short a South American tour to head back to the U. N. to consider the crisis created by Laos' charge that Red forces had invaded the country to aid Laotian Communists in what had been a civil war.

SCOUTS' MEMBERSHIP ROUND-UP SET HERE

A District roundtable meeting Sept. 15 will kick off the 1959 Membership Round Up in Scouting units of the Santa Fe District. W. L. Veale, assistant District commissioner in charge of roundtables, made this announcement Saturday.

One of the first items of business on the agenda will be the 1959 membership round-up. This year the Scouts are shooting for 6,000 boys in the Adobe Walls Council. The 6,000th boy to register will be known as "Possible Pete."
To help remind Scouting units of this first round table, Scouters have mailed one piece of a "Pos-

The department for the first time charged the Soviet Union had joined Communist China and the Red government of North Viet Nam in organizing and directing the Laotian rebellion.
There were indications the U. S. would press for a quick, on-the-spot, fact-finding investigation by a U. N. mission to assess the Laotian claims that forces from Communist North Viet Nam have entered the fighting.

Cops Kept Busy

NEW YORK (UPI) — Police rounded up more than 60 young hoodlums, looters and beatniks lounging on park benches along Central Park West Saturday in a drive against juvenile crime.
In a seven-hour operation touched off by complaints of rowdiness from occupants of the towering apartment house overlooking Central Park, police emptied every park bench from 86th to 88th streets along the edge of the park.
Police said residents had complained the youths monopolized the benches and were loud and obnoxious. Those seized were

charged with disorderly conduct. The raid followed a busy night for New York City hoodlums.

Brother Daniel was one of 28 men to be professed. About 200 relatives and friends were present for the ceremony. Brother Daniel will go to St. Edward's University at Austin for his scholasticate in preparation for teaching. The Holy Cross Brothers teach in 22 high schools in 12 states, have schools in three foreign countries, and maintain two colleges—Notre Dame and St. Edward's.

Three Men Face Trial For Bombing

DALLAS (UPI) — Two Fort Worth men and a Duncanville man face trial Tuesday in the gasoline-bombing of a non-striking worker in a labor dispute. District Judge Joe B. Brown appointed attorneys Friday for Clude C. Binkley, 19, and Bobby Mack Capers, 21, both of Fort Worth. The third man charged is James Everett McLane, 24, of Duncanville. All three face charges of conspiracy to commit a felony. The bomb was tossed into the driveway of a non-striking worker for the security engineering division of Dresser Industries. The bomb, a jug containing gasoline, exploded and damaged a car, but caused no injuries.

'Three Bells' Tops List Again

CHICAGO (UPI) — For the fourth week in a row "The Three Bells" by the Browns was the nation's top tune, according to the United Press International top 20 survey. Santo and Johnny's "Sleepwalk" climbed back into the No. 2 spot, replacing Phil Phillips' "Sea of Love," which finished third. "I'm Gonna Get Married" and "Till I Kissed You" took the next two positions. Bobby Darin's "Mack the Knife," making its first appearance on the top 10, finished sixth.

Back on the top 10 this week was Fats Domino's "I Want To Walk You Home," which had dropped all the way to 19th last week. Newcomers to the top 20 were "Teen Beat," "Robin the Cradle" and "Poison Ivy." Here are the top 20 (numbers in parenthesis indicate this week's position, last week's position, and the number of times the tune has been on the top 20): (1-15) The Three Bells — The Browns (Victor); (2-3-4) Sleepwalk — Santo and Johnny (Canadian-American); (3-2-7) Sea of Love — Phil Phillips (Mercury); (4-5-4) I'm Gonna Get Married — Lloyd Price (ABC); (5-4-4) Till I Kissed You — Everly Brothers (Cadence); (6-0-1) Mack The Knife — Bobby Darin (ATCO); (7-3-3) Red River Rock — Johnny and the Hurricanes (Warwick); (8-7-5) Broken — Hearted Melody — Sarah Vaughn (Mercury); (9-4-5) What'd I Say — Ray

FHA Will Cut Labor Force By 117 In Texas

Farmers Home Administration will operate its program in Texas this year with 117 fewer employees than it had a year ago at this time, according to a statement this week from Walter T. McKay, the agency's State Director. Since the break of the drought, the agency, statewide, has reduced its force by more than 27 percent and has discontinued 7 of its field offices on a full-time basis. "Insofar as the employees who lost their jobs," McKay said, "they are in practically every case the training and experience they gained during their employment with Farmers Home Administration enabled them to step into jobs with banks, PCA's and other private and cooperative credit institutions — many of them at salaries better than they had with the Government."

In connection with the services available to farm families, there will be no change, according to McKay. He said that during the past three years more than 12,000 farmers and ranchers paid their loans in full to Farmers Home Administration, and, for the most part, had reached or regained a position where private and cooperative sources can now handle their credit needs. Farmers Home Administration will continue to make loans to eligible applicants for farm and home operating expenses; for the purchase of livestock and equipment needed to put their farm programs on a sound basis and to finance farm real estate purchases and improvements.

Government Finishes Job Of Listing Locations In Russia

WASHINGTON (UPI) — Government experts have just finished the monumental task of identifying, naming, and listing most of the cities, towns, rivers, mountains and other physical features of Russia.

They'd be happier if they could do as much for the United States. They've been trying, ever since 1890. That was the year a Coast Guard expedition slunk back from Alaska with the embarrassing word it got lost. The place names on their maps looked all right, the sailors reported, but they must have been put on by somebody who had never been to Alaska.

So President Benjamin Harrison created a board to get the names straight, not only in Alaska but all over the United States. During World War II, the board's assignment was broadened to cover most of the world.

Volume Recently Published The seven-volume Russian effort, recently published after four years of work, not only lists 367,000 physical features behind the Iron Curtain but gives their latitude and longitude, in case anybody should have occasion to visit. But in the United States, even after 69 years, there still is a lot of confusion.

Take the situation the board uncovered in Klamath County, Ore. Some folks out that way were erroneously referring to a canal, which was six miles long, as Seven Mile Creek. Hereafter, the board ruled, this should be called Seven Mile Canal. It so happens this canal connects up with a stream, which is 12 miles long. That's the real Seven Mile Creek, the board ruled.

In Rockingham County, N.H., residents for years have taken pleasure from the rippling waters of Hittytity Brook. The board, after pondering the name, decided it ought to be changed. So as far as Uncle Sam is concerned, the stream will be referred to hereafter as Hittytity Brook.

Local citizens don't always go along with the board. They don't have to. But federal agencies do, including the people who make up the maps.

Like Simplification One of the board's steadfast objectives is simplification. It loathes waste letters, apostrophes, and the like. So it once elected to knock the H off to Pittsburgh. That was in 1891. The natives just paid no attention. In 1911, the board finally saw the light, and put back the H.

Only this year the board acknowledged that it's Plattsburgh, N.Y., rather than Pittsburg. Also, the government hereafter will give up Hillsboro, as applied to the bay, channel, and river near Tampa, Fla., in favor of Hillsborough, as Floridians spelled it all along.

The board, which itself has operated under various names through the years, hands down rulings on as many as 25,000 dubious, unpleasant, contested, or otherwise unsettled names in a year. Currently its output is running about 100 U.S. names monthly. Object Unepithetous Names One object, especially in the early days, was to get rid of un-

epithetous names. Only recently it turned thumbs down on Caldwell Bottom, Wash. Hereafter, the board said, the federal government will refer instead of Horstheif Lake.

The board thinks toponyms, which are designations like lake, river, bay, and peak — ought to mean what they say. But it is irascible to the fact that they frequently don't. A few weeks ago it considered the case of Garden, Indiana, which board records showed was a village. Garden wanted to be known as Garden City. The board decided, apparently, that you can't fight Garden City Hall, and went along with the change.

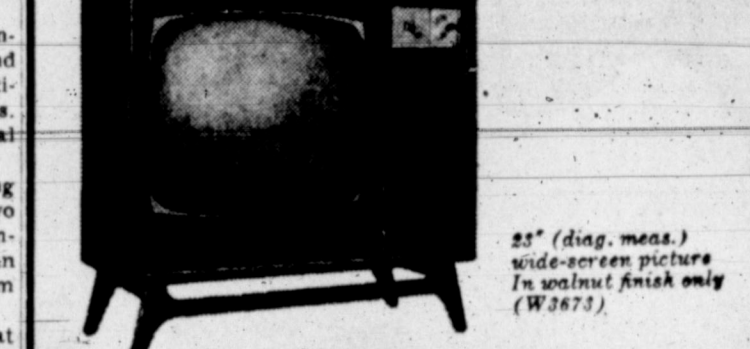

But when local interests proposed recently to call a small indentation on the Pacific Coast, in Orange County, Calif., Capistrano Bay, the board said this was more of a bight than a bay, and so named it. We can only hope this won't get the swallows confused.

Nehru See No Alternative To Defending India's Borders

Foreign News Commentary
By PHIL NEWSON
UPI Foreign Editor

Man-of-the-week: Pandit Jawaharlal Nehru, prime minister of India.

The place: New Delhi.

The quote: "There is no alternative for us but to defend our country's borders and integrity."

For more than 20 years, the 69-year-old Nehru has given the impression of a man talking to himself.

The heir of Gandhi's mantle, he has since 1947 been both prime minister of independent India and its undisputed leader. Eschewing titles, he is a rich Brahmin but himself a convinced Socialist, internationalist and proponent of Communism but its outspoken enemy at home. Nehru was in another of the difficult positions he has chosen for himself as spokesman for Asian neutrals.

It was his painful duty last week to tell the Indian Parliament that Red Chinese troops had penetrated the Indian border in the north-east frontier area.

Decision Has History

The Sino-Indian frontier extends along some 2,500 miles of frontier protected by the towering Himalayas. It is a wild land of gorges, forests, both lush and arid lands, of ferocious winters and of tribes some of whom still believe in head hunting.

WASHINGTON (UPI) — It is up to Texas to decide whether to investigate the claim of Walter Williams that he is the last surviving Civil War soldier, a spokesman for Sen. James O. Eastland (D-Miss.) said Saturday.

Eastland is sponsor of a resolution which the President has signed calling for a period of national mourning when Williams dies.

Williams, now in a coma at Houston, Tex., contends he fought in the Confederate Army but records in Washington and an inconsistency in his statements have cast doubt on his claim.

Eastland said he introduced the resolution on the basis of official Texas records.

In the absence of any contrary evidence, he said, "full faith and credit should be given to the official records of the state of Texas."

Census records from Itawamba County, Miss., and Brazos County, Texas, list a Walter G. Williams. If this is the "old rebel" Williams, there is a discrepancy in age that would make him about eight years of age during the time he claims he served in the Confederate Army.

He appeared at the consulate offices of the U.S. Embassy Friday to formally renounce his American citizenship and to surrender his passport.

Petrulli said several embassy officials and the embassy chaplain, Father Louis Dionne, tried to talk him into changing his mind. He said he was a Roman Catholic, but considered himself a "free thinker."

"If the Soviet Union does not accept me, I may be sort of like a football," he said. He said he had only 30 kopecks (15 cents) in his pockets.

Decision Irrevocable

Petrulli said embassy officials warned him that his decision to renounce his citizenship was irrevocable. According to embassy sources, the renunciation papers will be forwarded to Washington where automatic approval is virtually certain.

"I'm not bitter against the United States," Petrulli told reporters. "But I'm looking for something. I never found it in the United States; I think I'll find it here—call it happiness, if you want."

Petrulli said he was particularly impressed "by the general panorama of life, of the buildings, of how people live" in Moscow.

"They are not rushing around like in the U.S. They take their time. You might say there are no nervous wrecks."

Most reporters and others who talked to him got the impression that Petrulli was extremely naive about the realities of Soviet life although he said he had read a good deal about it before leaving the United States.

"Killed in accidents Friday night were:

—Clay H. Senter, 45, of Dallas in a two-car crash in West Dallas. His son, Bobby Charles, 24, and Fay Wallace, Narramore, 59, were critically injured.

—Robert Stayton Gammon, 15, Austin, fatally injured in a two-car crash in South Austin. He died an hour later in a hospital.

—Ludwig Swinson, 78, Houston, killed when a hit-and-run car struck him, shortly before midnight in Houston and dragged him nearly 150 feet.

—Truworth Gibbons, 35, of Sweeny, Tex., killed in a two-car crash on State Highway 35 two miles east of Old Ocean in Brazoria county.

—William Lee Cain Sr., 23, Shreveport, La., fatally injured when his tractor-trailer truck hit a bridge abutment west of Ranger on U.S. 80 about midnight.

Use Radar

All available highway patrolmen were operating radar checks throughout the state, and throwing up roadblocks to check drivers' licenses and watch for intoxicated drivers.

Various organizations were sponsoring traffic safety campaigns. Newspapers and radio stations throughout Texas pleaded with motorists to drive safely, and keep the highway slaughter under the prediction of 31 deaths by DPS safety officials.

Gov. Price Daniel issued an appeal to motorists to cut the prediction by one-third, as Texas did during the Christmas holidays.

Dove Shooters To Be Prosecuted

Any person caught shooting doves from area roads or highways will be prosecuted, the Gray County Sheriff's Office reported Saturday.

Deputy Buck Haggard said the sheriff's office has received numerous complaints from residents the past few days about persons shooting from the road. During the past week three men were arrested and prosecuted.

Haggard added that shooting guns from highways is "absolutely against the law."

that the free world would recognize such a new danger to peace would take the action necessary. For its part the United States supports that view."

This was the State Department's first public assertion of Russian guilt in the Laos situation. It said the military outbreak in Laos followed a series of conferences in Moscow and Peiping between North Viet Nam Premier Ho Chi-minh and Soviet and Red Chinese leaders and also conferences in Moscow between two members of the North Viet Nam Polit Bureau and (Soviet) Deputy Prime Minister Anastas Mikoyan.

American officials said it was clear from their reports from the battle front that North-Vietnamese artillery was firing on Laotian government positions. But they were not certain whether the positions were on Laotian territory or just across the border in North Viet Nam.

Officials said the United States has no independent proof that outside Communist forces actually are engaged in the Laos fighting but it has no basis for denying claims by the government of Laos that Red units from North Viet Nam have, in fact, joined the rebels on Laotian soil.

The American statement skirted the question whether the situation in Laos represents "aggression" by outside forces, which would automatically invoke the Southeast Asian Treaty Organization Pact (SEATO).

However, the statement made it clear the United States wants an immediate U. N. investigation and "the action necessary" to save the royal Lao government from the Communists.

The statement said "it is now clear that the Communist bloc does not intend to permit the sovereign Lao government to remain at peace."

before returning to Washington.

White House Press Secretary James C. Hagerty said the President says "keeping in close touch with the situation in Laos and it is a matter of concern to him."

Washington officials pointed out that the United States is more specifically committed to the defense of Laos than it ever was to South Korea before Red forces attacked South Korea in 1950, launching a three-year war.

The Korean conflict cost 33,000 American lives and wounded 102,000.

The U. S. has definite commitments to Laos under the Southeast Asia Treaty Organization (SEATO) and as a member of the U. N. If Laos can prove an invasion of outside forces, it can seek protection from either SEATO or the U. N.

The foreign ministry of Communist North Viet Nam "strongly protested" the decision by Laos to seek help. The Viet Nam news agency said the foreign ministry claimed this was only a maneuver to pave the way for an armed intervention by "the U. S. imperialists and the aggressive military big in Laos."

Lion and The Gulls

John Dellacrocce, a field writer for one of our national insurance companies recently reminded us of an ad placed in Life Magazine by the Union Oil Company of California. The ad contained a picture of a lion and the story accompanying the picture is important enough for it to be brought to your attention. Here's how the ad told the story: "A California newspaper recently carried a story about a lion that escaped from his cage during a carnival. "Men showed their heels. Women screamed and shielded their children. "Now you'd expect an escaped lion to bolt for the tall grass. But this kind of beast had been in captivity too long, he took a quick look at the world and then turned and walked back into his cage. "Obviously, security was more desirable to the lion than freedom. "His behavior demonstrates that to be free you must be independent. "When people over-emphasize security or dependence, they can't help but lose some of their initiative. You see it in the way people more and more rely on government instead of on themselves. "It would appear that people don't realize that whatever they get from the government must eventually be paid for by them or their children. This type of 'security' may be easy to take at first. But it is habit-forming; after a while, people may prefer this false security to freedom. "Then, like the lion, they walk back into their cage. "Absolute security under government is illusionary. For the only thing that government can give to the people is that which it first takes FROM the people. "We don't know how this point could be more simply and directly stated. And accompanied as it was by a picture of that demure and mousey lion, he had a lot of impact. "Effective as was the ad, we wonder if it was effective enough to let you know that the ad man who prepared it were talking about YOU and not about anybody else at all. "Socialism, which is a harsh way of labeling the social welfare state is what you have been asking for and getting in large doses from your government. Every time you ask the government to do something for you, it matters not how trivial or how immense your request is, you weaken your own moral fiber. And in the end, if you continue to depend upon government to solve your problems for you, you will be just as docile and unmanly as the lion in the story was un-lion-like. "We are reminded of a splendid editorial written some years ago by Jack Gore, editorial writer for the Fort Lauderdale Daily News. The gulls, by the hundreds, used to be making a good thing out of the shrimp fishing fleet that had come to anchor somewhere off the bay coast of St. Petersburg, Florida. The fleet had been there for years, dredging up the shrimp. And the refuse from this operation—bits and pieces of shrimp—were always afloat on the Gulf waters just a little way offshore. The gulls, by the hundreds, used to line the piers and fly out to skim the surface of the deep and pick up their food furnished by the energies of the shrimp fishers. Little did anyone realize that these birds, which are as wild and untamable as anything could be, were themselves becoming socialized. "When the shrimp boats were depleted, the shrimpers moved on to more abundant fishing grounds. When they left, the gulls sat in long mournful rows and squawked piteously. There 'easy living' had been taken from them. "You would have thought that they would quickly have reverted to their former state and immediately gone back to the more arduous life of fishing for their own survival. But they did not. They could not. Having been conditioned to believe that life was simply a matter of gobbling up what others had provided for them, the gulls grieved and wailed mournfully. Then, one by one, they began to fall over, dead of starvation. "The day will come, you know, when government handouts will have to cease. When the tax-payers have exhausted the surplus provided by free enterprise, all these generous hand-outs via the government will have to be discontinued. And what will you do then? Will you seek to pick up your shattered remnants of independence and freedom? Or like the lion, will you try to return to your cage? Or like the gulls, will you simply squawk and die?

It's Up To You

Fined For Feeding Own Wheat to Cattle

By HOWARD KERSHNER, L. H. D.

Evetts Haley Jr. raised 43 acres of wheat on his Oklahoma ranch in the year 1956. He grew 17 1/2 bushels of wheat to feed to his own cattle on his own land. For this act the Federal Government fined him \$500. Section 5, Article I of the Federal Constitution gives Congress the right to regulate commerce with foreign states and among the several states and with the Indian tribes. Congress does not have the power under this Section or any other to regulate commerce within a state nor to regulate production of any kind. Haley grew wheat. He fed it to his own cattle. It was not used in commerce within the state where he lived nor in interstate commerce. He had engaged in an act of production not an act of commerce. Congress has no authority over production unless it be asserted under the welfare clause. The Founding Fathers repeatedly pointed out that the welfare clause was applicable only within the framework of the Constitution and did not alter, diminish or enlarge the powers of Congress granted by the Constitution. It cannot be too often repeated that Congress has no powers except those granted by the Constitution. All other powers are reserved to the states or to the people. The Tenth Amendment makes this as free self-governing men.

BETTER JOBS

By R. C. HOEHA Understanding And Misunderstanding The Hebrew-Christian Law Of Love

I read a magazine article on the above subject written by Frederick Nymeyer which explained causes of the predicament we are in about as clearly as anything I have ever read. Before I quote from it I want to introduce Mr. Nymeyer.

He is a layman and a member of the Christian Reform Church. I asked him his background that made it possible for him to write such an article. He advises me that he set out in life to be a politician and newspaper publisher, the latter in order to earn an honest living; that he had immediately drifted into financial work for a newspaper. Then he was Chicago manager of the Harvard University Committee on Economic Research. Following this he was an employe and officer of Armour and Co., from his 26th to 35th year. After this he became a partner in a national consulting firm. Then when 39 years old he set himself up in business. Now, at 61 he has retired and his avocation is to try to get people to better understand the ethics of the Hebrew-Christian religion. He, however, still does some consulting work and is a director of such firms as American Viscose Co., J. I. Case Co., Parker Pen Co., Koehring Co., David White Instrument Co. and Paragon Electric Co.

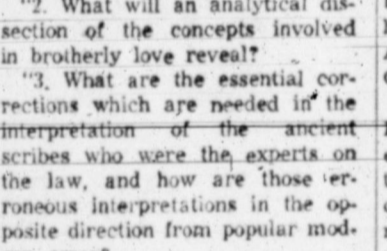

So this layman has had practical experience, and I think he interprets and explains the scriptures as well as any man I know. And I think it is lack of understanding of the ethics of the scriptures that is causing America to be so worried about the dollar buying less and less, unemployment, increased crime, and almost continuous war. This article was published in the February, 1955, issue of what is now called "First Principles In Morality and Economics, on which depend personal well-being and social health and harmony." This is the way Mr. Nymeyer presents it:

"We are attending in this analysis to a very simple thing—the correct meaning of a term. The term is brotherly love. (Used herein interchangeably with neighborly love.) That term is used to cover an idea expressed in the famous law, 'Thou shalt love thy neighbor as thyself.' "Hebrew-Christian ethics are summed up in that law. There is, we hold, no difference in the correct Hebrew and the correct Christian interpretation of the law. They are identical. "This law on brotherly love is used, more frequently and more widely than any other rule known to us, to approve an action or to criticize an action. This law is an almost universally accepted moral standard. By it men and the actions of men are praised or condemned. "But what does the law mean? Our endeavor is an attempt to show what the correct, and the only correct, definition of the law is. "It is proposed to consider four very interesting aspects of the idea of brotherly love, namely: "1. What really is the Biblical doctrine of brotherly love? "2. What is an analytical dissection of the concepts involved in brotherly love? "3. What are the essential corrections which are needed in the interpretation of the ancient scriptures who were the experts on the law, and how are those erroneous interpretations in the opposite direction from popular modern error? "4. How does a modern interpretation of the law of brotherly love result in sanctioning in profession and disaster in social affairs?"

"Some of the conclusions which will be derived from the following analysis are: "(1) The law on brotherly love, thou shalt love thy neighbor as thyself, cannot possibly mean what many very simple-minded people who claim the name Christian, whether they be liberal or orthodox, think it means. What they think 'loving the neighbor' means is pure fiction and hallucination. "(2) An erroneous idea of a moral law of brotherly love can have no validity in determining what is sound public policy, acceptable group morality and true individual morality. Neither communism, socialism, interventionism nor free enterprise can be validly judged by a mistaken rule. "(3) The law as frequently understood by 'Christians' is not only erroneous, and a bad standard by which to judge, but an evil idea, a damnable iniquity, a sure road to ruin, and consequently it is a sure way to do eventual desperate damage to the reputation of the Christian religion, a religion which is wrong on the relation of men will be estimated by most men probably to be even more wrong on the relation of men to God." (To be continued)

The Allen-Scott Report

ROBERT S. ALLEN PAUL SCOTT

DEFENSE DEPARTMENT ACCUSED BY PRICE OF 'PHONY' CENSORSHIP OF ATOMIC PLANE. WASHINGTON — The Joint Atomic Commission is hotly embroiled with the Defense Department over a new galling instance of censorship. Assistant Defense Secretary Herbert Loper, in charge of nuclear affairs and directly involved in this backstage wrangle, faces the strong likelihood of being summoned before the Committee for grilling. Representative Melvin Price (D., Ill.), chairman of the Joint Research and Development Subcommittee, in a sharp letter to Loper, charges: "A section of a report by Major General Donald Keirn, head of the atomic plane project, recommending that work on it be speeded up, was purposely classified as 'secret' to prevent this information from becoming public — because it is directly counter to Defense Secretary McElroy's slow-down policy on this 12-year-old project. "Another portion of Keirn's report was similarly censored, although it was made public at a recent international atomic conference in Geneva — attended by Russian and other Iron Curtain scientists. "McElroy is privately planning to turn over the atomic plane project, on which taxpayers have spent over \$850 million, to certain big defense contractors. So far it has been conducted jointly by the Air Force and Atomic Energy Commission. "The report submitted by General Keirn, who is retiring, was cleared for publication in its entirety by the Atomic Commission. The agency's security authorities found nothing in it which could not be divulged. "But Secretary McElroy and his assistants reached a directly opposite conclusion. They stamped key sections of the report 'secret.' "Representative Price contends these classifications are 'wholly phony.' "This was done solely to suppress recommendations they didn't like," he told his Research and Development Subcommittee. "That is the only reason for this outrageous censorship. "General Keirn feels work on the atomic plane has finally reached the point where success is definitely foreseeable. He urged that the only way to put such a plane in the air is to start building it now and not later. Naturally that will cost money. And this is what McElroy and Loper are against. "So they classified those parts of Keirn's report, although there is utterly nothing secret in them. This kind of censorship is an old story in the Pentagon. But this was one time they were caught red-handed at it because the Atomic Commission had cleared the report. "The Subcommittee unanimously authorized Price to demand a full explanation of this censorship from Loper. Also regarding the inside report that McElroy proposes to shift the atomic plane project to defense contractors. "General Keirn's report strongly advises it be continued under joint Air Force and Atomic Commission control. "In the current fiscal year, a total of \$150 million is earmarked for this project. Of this amount, approximately \$100 million will come from the Atomic Commission; \$45 million from the Air Force; \$5 million from the Navy.

Looking Sideways

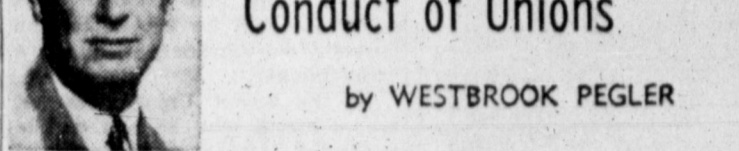

By WHITNEY BOLTON

NEW YORK — Loch Ness in Scotland has its monster, of course, but whatever it may be as a creature it is at least a constant thing and from year to year or even century to century stays put and remains whatever it may be. New York's Long Island also has its monsters, but they are human and talking with them. It was not reported whether this might include the possibility of a meeting with the wartime acquaintance and subsequent pen-pal Marshal Georgi Zhukov — who failed, as a public figure, to survive de-Stalinization and whose whereabouts are reported as 'not known.' "At his press conference next day, President Eisenhower told reporters their questions were the first he had heard about the Krushchev travel ideas, that the matter would have to be thought out carefully. "Later, in reply to a question about former Gov. Harriman's suggestion that Krushchev be invited here to correct the "misconception" about the country, the President said he would not rule the question out of the realm of possibility, but indicated that it would have to be taken up with our allies. "These replies, which even a Krushchev could hardly interpret as warm and hospitable, couched with the President's rebuke of Krushchev for his Berlin wall threat, which he said, "is not the way to reach peaceful solutions, only a nuclear protection, however, against a Krushchev visit. Neither Mr. Krushchev nor Mr. Harriman or his bleeding-heart friends who are concerned over Mr. K's education are going to take no for an answer. "Who, may we ask, invited Mikoyan? Nobody. "But he came. And he was non-ent and feted from coast to coast. "The Krushchev reception will be far more revealing. "The operators late in the night, one of them a woman. He may turn out to be guileless or he may be the one they have been looking for, with police vacations canceled and duty hours running around the clock instead of in eight-hour shifts. Jack Alshul, an exceedingly bright and inventive friend who is an editorial executive on a Long Island newspaper called Newsday, has suggested that whoever eventually turns up as the midnight gunner of dinner waltzes be called "The Trigger." Since I suspect that Jack is the author of "The Eel" and "The Ghost," let him have "The Trigger." He has earned his authority. For all I know, Jack may even have had a nickname for disturbed Larama, but the crime was so horrifying as to quell popularity for any sobriquet. "Now we can all sit back and wait for next summer, when sure as shooting (no pun intended), some other night will come along and furrow Jack's able brow into another humble phrase.

Fair Enough

Futile Matching Conduct of Unions

By WESTBROOK PEGLER

COPENHAGEN — It is futile to hold up the conduct of the Scandinavian unions as an example to our own because labor in these countries is a respectable, respected and responsible element of society and politics. "Life in Denmark," a government booklet published by the Foreign Ministry says: "The ship which brings coal, steel, chemicals, oil and other raw materials to Denmark betokens employment for tens of thousands of workers, so the very idea of a jugular strike by a Harry Bridges, a Jimmy Hoffa or any of the hundreds of predatory bums of the Communist-criminal coalescence which now dominates the American union racket would be more laughable rather than angriously anywhere in Scandinavia. These countries have Socialism in an advanced stage so that everybody mands everybody else's business. "Ultimately, this Socialism must devour or otherwise defeat itself but for the present it provides a good society, including a standard of living which, in Denmark, seems to me to be the best in the world. "They had their brawl 50 years ago, the worst of them in Sweden, but the Scandinavians are in mature and highly intelligent. It would take provocations beyond my power to imagine at the moment to send brut man into the streets to beat other Scandinavian men, their neighbors, with the weapons that were common to the henchmen of John L. Lewis and Walter Reuther in the dragoning phase of the CIO in E. D. Roosevelt's deliberate subjugation of the American workers in the '30's. "The United States took the heat off the crises in Scandinavia in the first decade of this century and a few years just before 1900, as a precious favor to ourselves we made welcome much of the surplus labor of Sweden and Norway; and some Danes and Finns as well as so simplified a problem which was nothing bloody or a war. The problem was unemployment, too many people for the economy. "The Swedes and Norwegians who went to the Dakotas, Minnesota, Wisconsin, Iowa and Illinois got into our family and our blood stream and their descendants are not recognizable as the low comedy Olosons and Von Vonsons and Huidas and Lenas of my childhood in Minneapolis in '28. They freed our country, our race and our commerce. Meanwhile, back home, socialism, which unmistakably does just the class passions, has justified a political slogan of the Danish system: "Where few have too much and fewer too little." "The Danes here and in a fairish range of the countryside are the most beautiful breed of human beings that I have ever seen. They probably love their children no more than any other normal and civilized tribe but they seem to reach the hearts, the character, of the kids with a success beyond the gift of most other parents. I take this to be the explanation of a remarkably clean, a starched and combed loveliness of little girls and boys which enchants the heart as well as the eye. Yet, a firmly sophisticated young Danish woman, a Socialist who is planning to marry rather soon, insisted that the state should not shrink from displacing the parents when parents fall short of some bear-rear's standard of parental performance. "That is the way of it in Scandinavia right now and all the Russians despise and either frankly or secretly fear the Russians under the Kremlin of today. But there are danger points along the common frontier of Western civilization and Soviet animalism, where the Christian culture seems to have lost its true biological formula. "The power of unions is almost absolute in these countries, but only as a benign force controlled by an influence which they call their culture. Although they are separate sovereignties, three of them monarchies, they all grant the citizens of these family-neighbors full rights of employment anywhere in this realm. So a Swedish computer may pack up and go to work in Copenhagen if he can't find a job. The local Carpenters' Union will recognize him as cordially as though he were a Copenhagen Dane. I have to confess that I doubt this but at any rate that is the law and the theory. It seems fetching from the view of a recalcitrant idealist, who would be known in his land as a person with very blue eyes. "However, skipping Lund, I discovered next that all of Scandinavia has been unified in a political union under socialism which permits a Norwegian, for example, to enjoy in Sweden, if he works in Sweden, the same 'welfare' handouts — pension, workmen's compensation, sickness insurance — that he would be entitled to in Sweden. So also with a Dane in Stockholm — and so forth. "And, of course, shoot that man to the moon. "Dim a few neon lights, and later the dress of the people a bit, and Urbino of Raphael's time would be right before one's eyes. "Of course, shoot that man to the moon. "The marble table where he ground and miked his paints is just as he left it. The kitchen spout is in good workable order, and so is the well outside the kitchen. "One can sit on the built-in marble benches beside the upstairs windows and look down on an Urbino little changed from the 14th century. Massengale Leads To T With 66

By MARVIN OLSEN
Daily News Staff Writer

Don Massengale of Jacksboro forged to a one stroke lead Saturday afternoon in the first round of the 1959 Top O' Texas Invitational. Massengale, the state's 1958 Amateur champ, fired a superb 66 — five under par.

Close on Massengale's heels was Jim Bob Campbell who finished late in the afternoon with a 67.

Scores generally soared Saturday as a stiff south wind played havoc with wood and approach shots. Twelve golfers played par or better golf in qualifying rounds

Friday, while only nine could turn the trick Saturday.

Co-medallists Don Prichard and Jim Owens — who both fired great 65's Friday — both backed up to 70's Saturday. Prichard, recognized at the Country Club as a steady, near-par golfer, surprised everyone Friday with his 65, a round that included seven birds and one bogie.

Following Massengale and Campbell after 18 holes were Amarillo's Roland Adams with 68; defending TOT champion Don Prigmore and little Max Hickey, both with 69's; and Prichard and Owens, both with 70's.

Harry Wilbur, the pride of Canadian, and Pampa's Bert Watkins rounded out the par or better scorers, both with 71's.

Among the surprising scores were Jim Deaton's 80 after a round almost as disheartening Friday when the local ace barely qualified for championship flight.

Malcolm Douglass, one of Pampa's finest swingers, carded a 78, and some of the area's most highly regarded players were lumped at 77, among them H. D. Coggburn, Tommy Cox, Larry Tarvin, Cameron Roach, B. Franklin and John Allen.

Massengale, after his 66 Saturday, said the wind bothered him only when he shot with it. He said he felt the greens were too hard to hold with the wind, but eddy against the wind.

Massengale shot birds on numbers 1, 5, 9, 12, and 14. The Jacksboro star qualified Friday with a 69.

Jim Owens, of Amarillo's Ross Rogers course, fired a 65 Friday — his first time around the course — but found the going tougher Saturday. He scored an eagle on four, birdied nine, but bogied 8, 10 and 12.

Grover Lee Heiskell, who qualified Friday with 74, scored a 73 Saturday. His round included four's on the first 10 holes.

Jack Foster, after a 75 in qualifying, had trouble with short putts Saturday while carding a 76. Foster missed an eight-incher on 14 and a two-footer on 18.

One of the finest birdie strings Saturday was racked up by Brian Prigmore, brother of defending champ Don. Prigmore fired birds on 9, 11, 12 and 13 in his victory in the third flight over L. W. Rogers.

The third flight — pardon me a

moment — also produced the day's longest match, a 21-hole affair between up-and-coming John Hatcher Jr. and Marvin Olsen. Hatcher lost when a difficult down-hiller rolled past the pin on No. 3.

Matches in the flights were generally close with very few run-aways being recorded. Tommy Adkins played one-over-par in turning back David Lard 5 and 4 in first flight, and Chunky Leonard had things his own way with a 3 and 2 win over Carl Bixley in third flight.

Tom Jones and always tough Henry Ose battled it out 20 holes

— someone said it was 21 — before Jones took the decision. Jones, after a night's rest, will play R. M. McBride in the second round of first flight.

The most disastrous hole recorded by a championship golfer was Malcolm Douglass's eight on No. 9. "I kept getting it closer every time," Douglass lamented.

Championship flight scores Saturday — with qualifying scores in parenthesis — follow:

66 — Don Massengale (69)
67 — J. B. Campbell (72)
68 — Roland Adams (75)

Rick Pezdirtz purely paydirt

A hearty supper of bacon fat and butter beans had been ravaged and we had just reached for a favorite book: "Elsie Dinsmore At Bay" when the lights blinked and the dishes rattled on the shelves.

Shrugging in a creditable Charles Boyer fashion, we dismissed it as a fledgling earthquake or a termite convention or perhaps the people upstairs were romping with their elephant again.

It wasn't until Saturday ayem that we realized the earth shook because of a statement made by Mr. Hart Warren out at the Pampa Country Club.

When Mr. Warren makes any sort of statement most citizens sit up and listen. Especially citizens who know a golf stick from a prickly pear.

Mr. Warren is the local golf pro and his own game is something to behold. He hasn't been out of the 60's for weeks now, which is comparable to swimming the Mississippi lengthways, when you consider he plays almost every day. Certainly he knows the local course like the back of his golf-gloved hand, but that's still a mighty snazzy record.

"This is the richest amateur golf tournament in Texas," Warren stated. And, if that wasn't an earth-shaker, then Col. Tim McCoy never headed a rustler off at the pass. It ranks along side of such deathless sentences as "Tomorrow is Monday, and Big Oaks from Little Acorns grow."

If you were caught like we without such knowledge, leave us inform that the \$2,800 in prizes make this 23rd annual Top O' Texas Golf Tournament the state's richest plum for amateur swingers. An even 160 players teed off in the opening round Saturday, of which only a select few will share in that fat \$2,800 loot, come the shadows of dusk Labor Day.

AFTER 18 HOLES—Don Massengale, (left) the leader after 18 holes, paused with a coke after Saturday's 66 to talk golf with Amarillo's Jim Owens. Owens, the Amarillo city champ, was co-medalist Friday with a 65, but slid to 70 Saturday.

Pampa Bowlers Win at Lubbock

Two Pampa junior bowling teams won trophies at the recent American Junior Bowling Tournament in Lubbock, Red Watson of Harvester Bowl reported Saturday.

The Harvester Bowl team took second with 2835, (with handicap) to finish 12 pins back of the winning Clover Bowl team.

In fifth place was the Groninger and King team which posted a 2767. Terry Smith of the Harvester team rolled the high scratch series, a 218, and won the high individual trophy.

Members of the second place Harvester team are Glen Cox, Gary Mackie, Gary Neal, Don Loxton and Smith. G and K team members are Mike Shale, Gene Eads, Jim King, Larry Clifton and Jerry Simpson.

Smartt, Baker Are Bowlers of Week

Jessie Smartt and Kandy Baker won "bowler of the week" awards Saturday at Harvester Bowl, Red Watson reported. Both won watch and lighter sets.

Smartt rolled a 631 scratch series in Monday night's Classic League, the week's highest score at Harvester Bowl.

Kandy Baker, bowling in the women's Top O' Texas League, cracked a scratch 530. This week's awards at Harvester Bowl will be given to bowlers shooting the highest handicap scores.

PHS To Depend Heavily On Soph, Junior Linemen

By RED GRIGGS
Daily News Sports Editor

Pampa's Harvesters begin work Monday on coping with Wichita Falls' multiple offense. Coach Babe Curfman said that most of the time between Monday and Friday, when the Harvesters travel to Wichita Falls, will be spent on defensive drills and scrimmages.

"Pass defense and defense against the single wing will get heavy emphasis during this week's work-outs. Pass-defense was a big weakness of the Pampa eleven last year," said Curfman. "We intercepted three passes in a Thursday scrimmage against Dumas. Curfman says there is still much room for improvement in that department."

If the Harvesters are to make a respectable showing next week against the defending state champions, they'll have to get a good performance from their sophomore and junior linemen, on both offense and defense.

Pampa has only three returning defensive line starters from last year's team — tackles Jim Scott, 160 pounds and Benny Stout, 197, and guard Harold Stokes, 166.

The only other letterman from tackle-to-tackle are center Butch Dunham, 167, and guard Roland Dumas, 176. This gives Pampa one letterman at each interior line position.

The Harvesters may miss depth at the line positions worse than many other teams, because of their light weight. The Harvesters' 18 guards, tackles, and centers average only 169 pounds — very light for a class 4A team.

To combat this lack of weight, and keep "heavier" teams from wearing the Harvesters down, Curfman is starting a "three-platoon" system. Pampa will have three units, all of which will go both ways. One unit will be made up mostly of seniors, and the other two will be composed of juniors and sophomores.

While the "three platoon" system may offset the Harvesters' weight disadvantage, it will throw an extra big burden on the sophomores and juniors, who will have to play regularly.

Included in the 13 non-letterman linemen are seven juniors who played B team ball last year, two senior-squadmen, and four sophomores who played junior high ball last year.

One advantage which some of the squadmen, sophomores and juniors have is their weight. Five of the heaviest men on the team are tackle Larry Braly, 214-pound sophomore; tackle Jerry Reed, 194-pound sophomore; tackle Charles Geise, 175-pound junior; center Duke Garren, 175-pound junior; and guard Bill Cooper, 138 and centers Dickie Wills, 138, and Jack Bromlow, 140. These three are all juniors who played B team ball last year.

The "middleweights" among the interior linemen are Lynn Schoolfield, 150-pound junior; guard James Webb, 154-pound sophomore; tackle; Danny Mathis, 164-pound sophomore; tackle; Lynn McGee, 169-pound junior; tackle; and Terry Rexroad, 167-pound junior; guard. The juniors are B team veterans while the sophomores played in junior high.

Curfman has not yet assigned the guards and tackles to "right" and "left" positions. "We don't know yet exactly who'll be playing what position," he said, "and since we'll be using three teams, we may keep switching them for most of the season."

Don't Criticize, Bellows Babe

By RICK PEZDIRTZ

"We're going to play the very best we know how. We're going to tear into all ten of our opponents like young tigers. And, if we still lose and you don't like it, you're welcome to come down to our practice field and coach."

Babe Curfman bellowed like an angry bull before the Downtown Kiwanis Club at their regular noon luncheon Friday.

The head Pampa football mentor withheld no punches and made no bones about the fact he wasn't happy with several hundred sarcastic and critical remarks made about the Harvester grid huskies during the past nine months, since the curtain was dropped on a dismal 1-9 campaign last fall.

"We've got some really fine kids on our club. Why, two of 'em will be preachers someday. Two more will be church leaders, and there's some who might be jailbirds someday if they weren't getting help from football today," Curfman bluntly told his intent listeners.

"You ought to be proud of those kids if you win or lose. I don't mind so much your talking about or criticizing me, but when you start picking on one of my little kids, it really gets under my hide and burns me up. I'm used to it, but there's no sense in this world to talk about one of these little kids who are out there every day trying their best. They are out in 100 degree heat the other day, and there was no complaining from them. They've got guts."

Easing the Penalty Pain

Here's good news. From Scotland and the East comes the hint that your golf score is going to improve, in spite of yourself.

There is a 1960 rule change regarding the out-of-bounds shot, the one you have perfected to an exact art. This year, when you smack a ball on the yonder side of the fence, it costs you a stroke and distance. Hit your drive out of bounds and you tee up again, shooting three.

Straight from the Fairways

There's one out-of-town golfer in the Top O' Texas tourney who claims he's afraid of two things on the links: short putts and lightning.

Dept. of Vital Statistics: If all the U.S. golf courses were laid together, they would cover the state of Rhode Island. More than 20,000 golf carts are trundling down the nation's fairways. English golf balls are 1.62 inches in diameter. American balls can't be smaller than 1.68. Common now, you didn't know that.

There's another golfer here who tells of a minister (Baptist) in his home town who's been holding a series of summer services at a community golf course on Sundays. Taking the mountain to Mohammed.

Mackay Reaches 2nd Round Of U.S. Net Championships

FOREST HILLS, N. Y. (UPI) — Big Barry Mackay of Dayton, Uncle Sam's top hope to cope with favored foreign challengers from South America, Australia and India, smashed his way into the second round of the U. S. Tennis Championships Saturday on the strength of his sizzling service.

Mackay, the 24-year-old "goat" of America's losing Davis Cup effort, had his game at peak form as he rolled over Gerard Alleyne, powerful Negro slugger from Brooklyn, N. Y., 6-2, 6-2, 6-2.

Meanwhile, Neale Fraser, MacKays' Australian conqueror in the final Davis Cup match, was still out on a boat at Atlantic City, but hooked his first round victory.

There they joined such as top-seeded Gimedeo, and Australia's Roy Emerson and Rod Laver — earlier first round winners — as the powerful invading tennis forces conspired to set up the first all-foreign men's and women's finals in 26 years.

For advancing in the Women's Division, were such as top-seeded Maria Bueno of Brazil, the Wimbledon Champion; Sandra Reynolds and Repee Schuurman, the second and seventh seeds from South Africa; fifth-seeded Angela Mortimer of England and such American hopefuls as fourth-ranked Danielle Harz of Montreal, out on a boat at Atlantic City, and first champion Louise Brough Clapp of Pasadena, Calif.

Bucks Rip Groom, 30-8, On Second Half Rally

By RED GRIGGS Daily News Sports Editor

WHITE DEER — Don't look now, but the White Deer Bucks may be up to their old tricks. Last year, the Bucks usually played a so-so game during the first half, then came back during the last half and tore their opponent to shreds. That's just what the defending state class A state champions did Friday night.

Bucks No. 1? Ridiculous!

Most of them saw only limited service last year. The only returning starters are Bryan Coday, fullback who played guard last year, and quarterback Jack Burns. Tackle Scott Barnes played on defense, and backs Tommy Lester, Don Carter, and Joe Grange played regularly only during the playoffs.

SCORE BY QUARTERS

White Deer 8 0 15 8 — 30
Groom 0 0 0 8 — 8

A fifth fumble set the stage for the second White Deer touchdown, only moments after the second half kickoff. On the third play from scrimmage, Groom fumbled the ball and White Deer recovered on the Tiger 21. On the second play from scrimmage, scabbard Carter went 16 yards to paydirt through the center of the line.

Groom scored in 11 plays as quarterback Jerry Dorsey made key gains of 14 and eight yards on keeper plays, and halfback Robert Reed went the first three yards. Dorsey ran the conversion, making the score 22-8, with 2:45 left in the game.

Lemon Ties Major Record With 6 RBI's in Inning

Reds Topple Braves, 5-1

BILL DODD
... Optimist of month
Bill Dodd Named Top Optimist For Month of August

CINCINNATI (UPI)—The Cincinnati Reds put a further spurt in the Milwaukee Braves' hopes for a third straight pennant Saturday when young Jay Hook tossed a four-hitter at the fading National League champions to gain a 5-1 victory.

Two of the four hits, Bill Brunt's triple and Eddie Mathews' single, came in the fourth inning when the Braves scored their lone run.

The victory was Hook's fifth against three losses since his recall from Seattle in the middle of July. He walked only one batter and fanned five.

Singles by Willie Jones, Ed Bailey and Eddie Kasko gave the Reds a run in the second inning. The other four came across in the third inning when starter Bob Rush was routed.

Rush's fielding blunder on Vado Pinson's third outpunch off the Reds' third inning toppling Pinson then went all the way to third as Gus Bell beat out a bunt. He scored on Frank Robinson's sacrifice fly. A walk to Whitey Lockman and Jones' pop fly single, which dropped between Joe Adcock and Johnny Logan, filed the bases. Ed Bailey followed with a two-run single and, after Eddie Kasko filed out, Hook singled home the fourth and final run.

Washington Senators Rout Boston Red Sox, 14 to 2

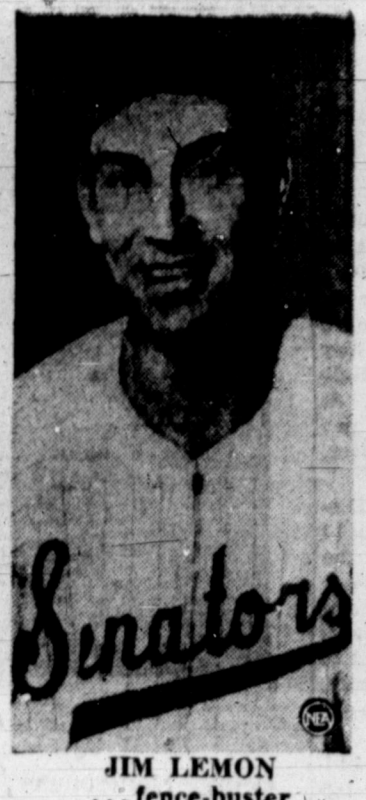

WASHINGTON (UPI)—Big Jim Lemon, often mentioned by the Washington Senators as a trade bait last winter, tied two modern major league records Saturday by hitting two homers and driving in six runs in the same inning.

The Senators scored 10 runs in the third inning, when Lemon put on his one-man show to rout the Boston Red Sox, 14-2.

The tall outfielder hit his 27th and 28th homers in the third inning, his second blast coming off rookie Earl Wilson with the bases loaded. Both homers traveled about 400 feet.

Lemon's first homer was off Bill Monbouquette with one on and gave the Senators an advantage they never lost. Lemon also drove in an earlier run with a double, giving him an RBI total of seven for a profitable afternoon.

A total of 13 players previously hit two homers in the same inning. The American leaguers who accomplished the feat were Ken Williams of the Browns, in 1922; Bill Regan of the Red Sox in 1928; Joe Dimaggio of the Yankees in 1936, and Al Kaline of the

Tigers in 1955. In the National League, Hack Wilson, Hank Lerner, Andy Seminick and Six Gordon were among those who also share the record.

Only six other modern major leaguers previously had driven in six runs in the same inning, although the record books show that Ed Cartright of St. Louis knocked in seven on Sept. 23, 1910.

Fred Merkle of the 1911 New York Giants turned the trick, as did Bob Johnson of the 1937 Philadelphia Athletics, Tom McBride of the 1945 Red Sox, Joe Astroth of the 1950 A's, Gil McDougald of the 1951 Yankees and Sam Mele of the 1952 White Sox. Mele now is a Washington coach.

Camillo Pascual breezed to his 14th victory of the year, scattering five hits, including Jackie Jensen's 27th homer of the season.

Indians Top Sox, Cut Lead to 5 1/2

CHICAGO (UPI)—Tito Francona, Woody Held and Dick Brown clouted home runs Saturday to power the Cleveland Indians to a 6-5 victory over the Chicago White Sox and cut their pennant rivals' league leading edge to 5 1/2 games.

It was the Indians' first victory in their last six games with the White Sox and it went to right-hander Cal McLish, who was a loser in one of four straight losses to the White Sox last week.

McLish gave up two Chicago runs but left the game with a 3-2 lead in the sixth inning after Ted Kluszewski singled and Sherm Lollar was hit by a pitch.

Gary Bell came on and weathered a three-run rally in the ninth inning including home runs by Al Smith and John Romano.

The Indians trimmed a two-run Chicago lead in the fourth inning when Held doubled, moved up on Vic Power's grounder and scored on Billy Goodman's bobble of George Strickland's grounder at third base.

New York Yankees Nip Orioles, 3-2

NEW YORK (UPI)—Pinch hitter Elston Howard singled with the bases full to clinch a two-run ninth inning rally that carried the New York Yankees to an upsplit 3-2 victory over the Baltimore Orioles Saturday.

Hoyt Wilhelm had the Yankees baffled with his knuckleball until the ninth. He took a 2-1 lead into that frame and appeared headed for his 14th victory with a sixth-inning effort.

But Yogi Berra led off the ninth with a double to left center, advanced to third on a sacrifice and scored the tying run on Marv Throneberry's single to center.

Gil McDougald followed with a single and both runners moved up on Gus Triandos' passed ball. Triandos, who has been having difficulty handling Wilhelm's knuckleballs all season long, was charged with his 25th passed ball, tying the major league record set by Washington's Don Henry in 1911.

TIGER

(Continued from Page 5)

son scamped 51 yards to the Tiger 34 and four plays later moved the ball to the McLean 18, where an Irish fumble was recovered by Tiger Guard Clyde Winham.

Five running plays by McLean highlighted by a 21-yard dash by Lee, moved the ball to the mid-field stripe where Shamrock pounced on a loose pigskin and proceeded to go to work.

Ferguson went 12 and eight and L. H. Tucker and Jerry Jernigan added short gains as Shamrock pushed down to the one yard line with only 14 seconds left in the first half. Herron, who intercepted the lateral earlier in the quarter proved again to be McLean's Big Hero as he recovered a fumble to halt the determined TD march, and protect the home club's 24-0 halftime edge.

Shamrock returned from the intermission dressing room with blood in their eyes, rolling 45 yards in a long 15-play drive for their first TD. Tucker belted over from two yards out for the tally and Alva Henderson sped around right end for the two-point conversion, with 2:52 left in the third.

McLean was forced to punt twice in the third by a viciously aroused Shamrock defense. The Irish drove to the McLean 23 where a fumble was recovered by Carey Don Smith just as the third stanza ended.

McLean was forced to punt a third time but Crockett raved downfield to recover a loose ball, only to see the ball go over on a fumble three plays later, on the 33. Jerry Campbell fell on the ball for Shamrock.

On the first play after grabbing the fumble, Shamrock's Tucker was hemmed in at the line of scrimmage but flipped a lateral to Jernigan who sprinted 67 yards untouched for the second Irish TD. Jernigan ran over the conversion with 7:47 left in the game and Shamrock had a chance, trailing only 24-16.

But that chance was eradicated four plays later when Fullback Tommy Hill rode the belly play to the right side, straightened up and rambled 37 yards to score. Willingham passed to Cash for the extra-points and McLean had the game, 22-16, with 6:13 left.

Carey Don Smith and Gary Harvey of McLean and Shamrock respectively recovered bouncing fumbles as neither side came closer than 30 yards of scoring again before the game's end.

It was strictly an overland game with McLean grinding out 301 yards rushing and Shamrock 270. The Tigers owned a 16-11 edge in first downs.

Shamrock's Jernigan was the rushing leader with 104 yards in eight carries while four McLean backs weren't far behind. Crockett had 87 yards in 21 carries, Lee had 79 in 14, Watson 73 in 9 and Hill had 60 in eight trips with the ball.

Ferguson and Tucker both netted 54 yards rushing for the Irish.

Detroit Defeats Kansas City, 5-4

DETROIT (UPI)—Ted Lepcio smashed a two-run homer in the eighth inning Saturday to give the Detroit Tigers a 5-4 victory in a home run battle with the Kansas City Athletics.

First baseman Kent Hadley of the Athletics belted two homers, his 9th and 10th of the season. His second round-tripper of the game came in the top of the eighth with Bob Cerv on base to send Kansas City ahead, 4-3.

He also had 4 bases empty blast in the fourth as did teammate Roger Maris.

Eddie Yost contributed a bases-empty homer for Detroit in the seventh, his 19th round-tripper of the year.

Lepcio's drive into the left field seats came after Charley Maxwell had opened the bottom of the eighth with a single. It was his fifth homer of the season and gave him Bunning's 15th victory against 10 losses.

Pittsburgh Edges Philadelphia, 7-6

PHILADELPHIA (UPI)—The Pittsburgh Pirates, still battling for the pennant, came from behind three times Saturday and then pushed over the winning run in the ninth to snap a three game losing streak with a 7-6 victory over the Philadelphia Phillies.

The Pirates, almost victims of their own loose fielding which helped the Phillies to three of their runs, came up with the winner off reliever Dick Farrell, who replaced Don Cardwell in the eighth.

Farrell walked Bill Virdon to open the ninth and Dick Schofield sacrificed. Bob Skinner singled home the deciding run and, after Dick Groat singled to chase Farrell, outfielder Bob Bowman came on as a pitcher and had Roberto Clemente end the inning by bouncing into a double play.

2 TOUGH NEWCOMERS WRESTLE HERE MONDAY

Two tough newcomers make their debut on the Pampa wrestling scene Monday, as Ripper Leone and Tough Tony Morelli take the spotlight in a double main event at Top o' Texas Sportmen's Club.

Morelli takes on Dory Funk, a popular favorite and one of the most successful wrestlers in the area. Leone meets Tommy Phelps, a veteran of the ring wars making a comeback.

Leone and Morelli, a couple of fighting Italians, have been making life miserable for other wrestlers in Amarillo and other cities recently, and are now out to make things as unpleasant as possible for Pampa grapplers.

Morelli, especially, may have his hands full. Funk, always hard to handle ever since he moved west, has now added another weapon to his arsenal. He is now managed and coached by the all-time wrestling great, Ed (Strangler) Lewis.

San Francisco Ups National Loop Lead

SAN FRANCISCO (UPI)—Willie Mays, Eddie Bressoud and Willie McCovey smashed out home runs Saturday as the San Francisco Giants upped their National League lead with a 3-2 victory over the St. Louis Cardinals.

The victory boosted the Giants' loop, leadership to 2 1/2 games over the idle Los Angeles Dodgers and to four and one half over Milwaukee.

Johnny Antonelli, clouted for nine hits, got some sensational support as he chalked up his 19th victory of the campaign against seven losses.

A great fielding play by Jose Pagan on Gino Cimoli's smash in the second inning saved one run; and rightfielder Felipe Alou's running over-the-shoulder catch of a blow by Ken Boyer in the third saved another tally.

All the Giant home runs came with the bases empty. Mays got his 26th of the season in the first inning; Bressoud got his eighth in the second and McCovey his 11th in the sixth.

knows, Lewis can have managing rights to Funk as world heavyweight champion.

This may prove to be an unbeatable partnership. Lewis, one of the most colorful figures in sports history, held the wrestling title five times. He's now 60, but his mind is as sharp as ever. It's probable that he knows more about wrestling than any man alive.

Working against the ability, strength, and speed of Funk, and the ring savvy of Lewis, Morelli may have his hands full Monday.

In the other match, it's Phelps who may have his hands full. The unpredictable ring veteran can be very good or very bad, depending on who he's wrestling and whether he's having a good night. If he had a bad night Monday, Leone could make things very rough for him, indeed.

Advance tickets for Monday's matches, sponsored by Pampa Shrine Club, are on sale at Lavine's Department Store. Prices are \$1.50 for ringside, \$1.25 for reserved seats, and \$1.00 for general admission.

Boys Ranch Sets Rodeo Shows Today and Monday

AMARILLO — The sports event direction of Chief Warrant Officer Guy Stone. A band arrangement for fifteen years — the spectacular rodeo at Cal Farley's famous Boys Ranch — will be presented in two performances, today and Monday.

Only boys participate in the rodeo. The event is a half-day affair featuring Boys Ranchers in riding, junior and senior bull riding, bronc bustin, trick riding and specialty acts.

Showmanship and sportsmanship combine to make this rodeo one of the most unusual in the nation, and all the 251 boys at the Ranch take part in staging the rodeo in some way.

Playing for both days will be the 40-piece Amarillo Air Force Base Golden Spread Band, under the

Unexploded Bomb by Major A. B. Hartley is the story of bomb disposal in Britain in World War II. Of the hundreds of thousands of bombs dropped on Britain it was estimated that about ten per cent failed to explode on impact, and so had to be disposed of.

Here the work of the Bomb Disposal Service is related, in full from the early days when the menace was met with tremendous courage but with little knowledge and no special tools to the eventual high technical development of a service unmatched for ingenuity, cool bravery, and magnificent spirit.

Pampa Brothers At Boys Ranch

AMARILLO — Two Pampa brothers, 9-year-old Rex and 14-year-old James Walden, arrived at Cal Farley's famous Boys Ranch near Amarillo in time for the annual rodeo.

WELL!!! we certainly got in a hurry this week, didn't we? It was as if the opening of school came as an unexpected shock to most of us judging from the crowds in grocery stores, book supply stores, shoe shops, dentists, doctors and optician offices just like Christmas, we knew that it was coming but we still had that last minute rush to get things done going back to school and "going away" to school (perhaps for this first time) provided the most popular conversation this week... so let's pursue this subject for a paragraph or two... conversations we overheard between two elementary students this week went something like this "Who did you get?" "Oh, Mrs. Snaggrance." "You poor kid!" And "Who did you get?" "Mrs. Kadiddlehoffer" "You're lucky" opinions, of course, depended upon the inquisitor's experience with said instructor.

Cultivation to the mind is as necessary as food to the body. — Cicero.

A GLAD-SAD TIME, as only teenagers can know it, was enjoyed by a group of PHS graduated seniors at a "Auf Wiedersehen" dinner given on Wednesday evening in the home of Marilyn Fite... dinner for forty-three was served from a deliciously-laden table covered with a white linen cloth centered with an L-shaped arrangement of golden and green carnations with three miniature green satin Freshmen beanies forming the center of interest... leafy ferns and streamers of gold ribbon further carried out the highschool alma mater colors of green and gold... guests were seated at individual tables which were covered with white linen cloths with each table centered with a slender green vase holding golden-yellow daisies... all of Marilyn's guests are leaving the hallowed halls of Harvester High to make their marks in higher education at universities scattered throughout Texas and the United States... they will be going to Texas Christian University, Colorado U, West Texas State, Utah University, North Texas, Notre Dame, U of T, SMU, Stephens, Rice, Texas A&M, Texas Tech, University of Arizona, McMurry, and Oklahoma State... and from this group will come our future scientists, historians, architects, doctors, artists, designers, actresses, engineers, physiologists, dentists, anthropologists, business men and women... just to toss off the names of a few of the guests who attended, Kay Baker, Carmelita Hogan, Sara Gordon, Kelvin Chisholm, (whose birthday was noted with a specially-baked cake), Dick Ellings, Mike Oates, Kent Hicks, Linda Ousley, Barbara Boer, Jo Ann Moore, Judy Baer, Charles Minor, Dickie Watkins, Gary Motlock, Karl Kitto, Jere Teed, Bobby Gindorf, Sylvia Grider and Cevle Winborn... and more news of the college set, Heidi Schneider left Monday with baggage and books to return for her second year at the University of Texas... she is to serve as dorm advisor this year... and in the professional field, Dixie Robinson, who was awarded a nurses' scholarship by the Top O' Texas Medical Auxiliary in 1956, is graduating today from the Oklahoma School of Nursing at the Oklahoma University medical center in Oklahoma City... after three years of intensive training... we hear that she has some attractive offers from TWA, who wants her as a hostess; also, from St. Lukes Hospital in Denver, but she'll be home for a visit before making up her mind on the important Decision.

L. Campbell... Wanda's back on a visit with her family in ye olde home town... hear, too, that she's had another book accepted... the news of which will be released later this year or the early part of next... we're happy for her, she seems to have struck a successful formula for writing books and having them accepted... and that isn't easy... back now, to our original subject of fashions, have you seen those new trick heels that can transform your tailored shoes into spacy evening slippers with a mere twist of the wrist?... you merely buy one pair of shoes and two pair of heels... you wear the tailored heel during the day, screw the fancy heel onto the same shoes and presto! you're ready for an evening of dancing... and in the "young America" fashions a new idea incorporated with those tight which were so popular last year, are matching Slip-pets... the tight and Slip-pets come in sets of peacock blue, red, black, and toast brown... quite smart for a Young Miss... and oh-so-warm.

WE CAN HARDLY wait for the opening of the new Behrman's we make daily, or almost daily, trips past to see the progress of the workmen and noted this week that painters were adding a lovely shade of black to the brick-outer-walls... the opening will probably be well into October... pending the arrival of the fabulous furnishings that the Behrman's selected and are having shipped from Dallas.

What a Merry Household the Emmett Osborne home has been this week... their children, the Cliff Allensons and sons, Royal and Kevin of Houston, the Jack Longs and son, Bobby, of Denver Colo., have been paying them an end-of-summer visit... spied Walter Pung getting in a few practice golf-swings on the Harvester Field one afternoon this week... could be he's "whetting" his game in anticipation of the Top O' Texas Golf Tournament now in full swing this week at the Pampa Country Club... what a lucky lad is young Rodger Owen who arrived this week to his parents, the Dayton F. Bracks of Rush Center, Kan... not only does he have two full sets of grandparents, the Robinett Willis' and the Fred J. Brack's but he has two great-grandmothers, Mrs. Essie Young and Mrs. Margaret Neler... AND TWO SETS OF GREAT-GREAT GRANDPARENTS, the G. A. Garrisons of Wheeler, the W. L. Youngs of Elkhart, Kan... no baby-sitting problem in this family... or will there be?

It's been nice chatting with you... but now we must leave the peaceful quiet of imparting our thoughts and get back into the mad rush of things.

See you,

Mrs. Leslie I. Howard

Double-Ring Nuptial Vows Exchanged By Pat Weatherly, Leslie I. Howard

Miss Patricia Ann Weatherly became the bride of Leslie I. Howard with vows solemnized on August 27 at seven thirty in the evening in the First Methodist Church with Rev. Woodrow W. Adcock performing the double-ring service amid a setting of pink and white gladioli and pink tapers.

The bride is the daughter of Mr. and Mrs. L. L. Weatherly, 1024 S. Faulkner. The bridegroom's parents are Mr. and Mrs. Ernest Howard, 616 Bradley Drive.

Tom Atkin, at the organ, provided the traditional wedding marches and was accompanied for Matt Doyle as he sang, "O, Perfect Love" and "The Lord's Prayer."

BRIDE
Given in marriage by her father, the bride was attired in white lace over tulle and tulle fashioned with a bateau neckline edged with seed pearls, short cap sleeves complemented with elbow-length mitts, and a bouffant skirt

TO WED

Mrs. Weatherly, mother of the bride, wore a navy blue sheath dress with satin trimming complemented with white accessories. Mrs. Howard, bridegroom's mother, chose a navy blue suit with matching blouse and shoes and a white hat. Their corsages were fashioned from pink and white pompon mums.

For a wedding trip to Baton Rouge, La., the bride traveled in a blue sheath dress with white accessories and wore a pink rosebud corsage.

Mrs. Weatherly plans to work in Nacogdoches, while her husband attends Stephen F. Austin College there.

Mrs. Nace To Review Book For Wilson PTA

Mrs. Otis Nace, Pampa author will review the book, "Mr. Robbins' Rides Again" by Edward Streeter on Sept. 10, at 7:30 p.m. in the auditorium of the Woodrow Wilson school.

The G. Radcliffs Hosts For Dinner

Mr. and Mrs. Glen Radcliff, 1227 Wilcox, entertained members of the Pampa Rose Society at a dinner on their lawn on Tuesday evening.

Dinner was served to twenty-four members.

Mrs. H. H. Boynton, president, conducted the business meeting as it was voted to order a film on insecticides to be shown at a date to be decided upon later.

Plans were made for the October meeting, which is to be a trip to Palo Duro Park.

Mrs. Milo Carlson gave timely tips on the care of roses and Mrs. D. A. Caldwell discussed rose cuttings.

A rose bush was presented to Mr. and Mrs. Caldwell for their new home.

During the remainder of the evening, members prepared rose jars and zinnia jars under the direction of Mrs. Boynton.

BETROTHED

Mr. and Mrs. A. W. Wood, 713 N. Wells, announce the engagement of their daughter, Shirley Landgraf, 2209 W. 6, Amarillo to Weldon M. Shaw, 4002 Hughes, Amarillo. Shirley is a member of the incoming senior class at Northwest Texas Hospital School of Nursing. Wedding plans are being made upon the completion of her nurses' training.

MATURE PARENT

By MRS. MURIEL LAWRENCE

She's divorced, the working mother of two small boys. They share her parents' apartment. Her problem is the neighbors. They want quiet. But noise is often the consequence of saying "no" to healthy youngsters.

She writes: "My kids won't listen to me because they know I don't dare start anything that might disturb the neighbors. Yet my mother is always at me to make them do as they're told..."

Maybe, dear reader, it's not your neighbors who want the quiet. Maybe it's your mother who wants it; and asks you to consider the neighbors lest she appears to be unhelpful and want consideration for herself.

Have you ever thought of living alone with your boys?

Let's assume you've just told me all the reasons why you can't. You need someone to supervise the boys while you work. You can't find a place, etc., etc., etc.

Now let's look at what may be the real one.

A marriage failure can leave us with a fear of failing as mothers as we've failed as wives. It can be such a deep fear that we don't want to know about it. So it can manipulate us without our being aware of it.

With this secret fear driving us, we will return to our parents' homes, not for any of the reasons we think we do but because we don't trust ourselves as mothers. The mother we trust is our own mother, and just as we used to run to her to zip up the dress we thought we couldn't zip ourselves, we now run to her to train the children we think we can't train ourselves.

Does what I've said frighten you? If so, just let things rest as they are.

But while they're resting as they are, think occasionally about the meaning of what you've written to me.

You want your boys to "listen" to you. Well, you couldn't want that without some conviction that you're worth listening to. Let's let the conviction grow. As you become surer that what you have to say to your boys rates their attention, you'll find yourself able to consider the idea of becoming their only mother.

The day respect for your own homemaking competence equals your respect for your mother's competence, you'll be able to walk out of her house and find the one that belongs to you.

Miss Ward Says Vows With Fred L. Klepser

Miss Margaret Anna Ward (Photo, Elaine Ledbetter)

In the First Methodist Church chapel Miss Margaret Anna Ward exchanged vows with Frederick Linn Klepser on August 29 at eight o'clock.

Double-ring vows were repeated after Rev. Woodrow W. Adcock, who performed the ceremony amid a setting of bronze chrysanthemums in tall wedding baskets. Matching bronze candles in branched candelabra, with spiral on the sides, and jade palms flanked the altar where the bridal couple exchanged wedding vows and gold wedding bands.

The bride is the daughter of Mrs. Viri Ward and the late Mr. Ward, 818 N. Gray. Mr. Klepser is the son of Judge and Mrs. John M. Klepser Sr., 421 Montgomery, Hollidaysburg, Penn.

Included in the nuptial airs played by James Chenoweth, organist, as the guests assembled, were Boellman's "Nuptial Sweet Gethelic" and the "Missa Nuptiala" from the St. Cecilia Mass by Gounod. He also accompanied Mrs. Mack Hiatt Jr. of Okenee, Okla., who sang "O Promise Me" and "Because." While the couple knelt at the altar, the soloist sang "The Lord's Prayer" before the benediction by the Rev. Adcock. The traditional wedding marches accompanied the processions.

Escorted down the aisle marked with bronze candle - chrysanthemums, the bride was given in marriage by her brother, Jim Ward. She was gowned in a white waltz-length original by Bianchi imported silk organza designed with a portrait neckline and short cap sleeves. A full back drape of silk organza fell to the bottom of the Empire princess - like skirt, embroidered with delicate designs and appliques. A large bow emphasized the top of the back drape at the waist.

Her double-tiered finger - tip nylon net veil of illusion fell from a tiara encrusted with rhinestones, pearls, and sequins. She wore short white silk organza mitts, which came to bridal points over the hands and carried a bouquet of white rosebuds tied atop a white Bible with white staphanotis and satin streamers.

ATTENDANTS

Mrs. Byron Byars of Austin, twin-sister of the bride, served as matron of honor wearing a mint green ballerina dress of silk organza. Styled after the bridal gown, the dress had cap sleeves, bouffant and tapers in the four corners. She wore wrist-length white gloves and a small hat of white and mint green staphanotis, and carried a crescent shaped bouquet of bronze chrysanthemums.

Judge John M. Klepser Sr., father of the bridegroom, served as best man for his son. Ushers were Alan Klepser, brother of the bridegroom, and Byron Byars, brother-in-law of the bride.

Seated in the pews of honor, which were marked with bronze chrysanthemums and candles, were the mothers of the bridal couple, Mrs. Ward, mother of the bride, chose for the wedding a beige lace tunic dress with matching accessories. She wore a crescent-shaped corsage of yellow roses. Mrs. Klepser, mother of the bridegroom, chose a black satin sheath with black jet trim, black accessories and a corsage of pink roses.

RECEPTION

The parlor of the First Methodist Church was the scene of the reception given by the aunt and uncle of the bride, Mr. and Mrs. E. V. Ward. The bride's table was covered with a floor-length white satin cloth centered with a silver epergne filled with bronze chrysanthemums and tapers in the four-branched candelabra. A three-tiered wedding cake decorated with white chrysanthemums, followed the bride's table, was served from one end of the table, while the punch bowl, with a frozen white wedding ring mold floating in the punch, was served from the other end.

Miss Mary Ann Phippen of Lafayette, La., presided at the punch service. Mrs. Jack Bowden of Odessa, a former roommate of the bride, served the cake. Mmes. J. C. Seelye of Pueblo, Colo., and Katie Strickland of Skellytown, aunts of the bride, assisted with the serving of the reception.

Signing of the bride's book by wedding guests was directed by Miss Dolores Smart of Midland, another former roommate of the bride. Miss Pat Hilton played background music during the reception, which was directed by Mrs. W. L. Heskey.

Small boxes of bride's cake were

Mrs. Charles Roy Wilson

Charles Roy Wilson, Celia Cabe Say Wedding Vows In Church Ceremony

Miss Celia Eloise Cabe of Stroud, Okla., and Charles Roy Wilson of Stroud, Okla., exchanged wedding vows in the First Baptist Church in Stroud on September 3 at five o'clock. Miss Cabe is the daughter of Mr. and Mrs. James Cabe of Stroud. Mr. Wilson's parents are Mr. and Mrs. T. R. Wilson, 424 N. Wells.

Baskets of bronze chrysanthemums, palms, and candelabra formed the setting for the double-ring service read by Rev. Gene Oldham.

Farrell Dixon at the organ provided wedding music and accompanied the vocalists, Mrs. G. E. Herring, bride's aunt.

Escorted to the altar by her father, the bride was attired in a length gown of Chantilly lace fashioned with a portrait neckline and long, tapering sleeves. Her elbow-length veil of illusion was secured to a pearl tiara.

Miss Ida Rose Cabe, bride's sister, attended as maid of honor wearing an Autumn-Brown silk chignon dress complemented with a Forrester Green halo hat of net. She carried a bouquet of Fiji Chrysanthemums.

Miss Carolyn Wilson, bridegroom's sister, served as candle-bearer wearing a gold-colored dress.

George Hoag of Guthrie, Okla., was best man. Ushers were James P. Cochran, R. L. Carder, both of Pauls Valley, Okla., and cousins of the bridegroom.

For her daughter's wedding, Mrs. Cabe chose a beige dress with beige accessories complemented with a corsage of yellow roses. The bridegroom's mother, Mrs. Wilson, wore a navy blue dress with pink accessories and a gardenia corsage.

A reception was held in the church immediately following the exchange of vows. Miss Marilyn Harris, Miss Nell Breeding, Mrs. Tom Hubbell, Mrs. Jetty Harris, all of Stroud, assisted with the reception.

For a wedding trip in Oklahoma, the bride traveled in a gray cotton suit with black accessories. Upon their return, both will enroll for fall term at Oklahoma State University in Stillwater, Okla.

given to the wedding guests during the reception as a bridal favor. Also small bags of rice, tied with mint green ribbons, were also distributed to the guests.

For the brief wedding trip, the bride traveled in a two-piece navy pure silk suit complemented with white accessories. She wore the white rosebud corsage of her bridal bouquet.

Mrs. Klepser was graduated from Pampa High School in 1955 where she was active in many groups. She attended the Caruth School of Dental Hygiene of the Baylor University College of Dentistry in Dallas, from which she was graduated as a member of the first class in Texas receiving a degree in dental hygiene. While in school in Dallas, she was a junior member of the American Dental Association. She is now associated with the Texas Registered Dental Hygienist Assn., Texas Graduate Hygienist Assn. and the American Dental Assn. After passing the board examinations of both Colorado and Texas, Mrs. Klepser was employed in Odessa for two years and is now associated with two doctors' offices in Midland.

Mrs. Klepser was graduated from Hollidaysburg High School, Hollidaysburg, Penn., and attended Pasadena City College, Pasadena, Calif. While in college, she was an active member of the San Marino Presbyterian Church of Pasadena. After serving five years in the naval branch of the armed services, Mr. Klepser received an honorable discharge. He has been employed by the Gardner Brothers Drilling Company in Odessa for one year.

Mr. and Mrs. Klepser will return to Midland where they are both employed and will be at home at 2207 Brunson Apartments.

Judge and Mrs. Klepser, parents of the bridegroom, were hosts for a rehearsal dinner for members of the wedding party on Friday evening, preceding the wedding.

Among the out of town guests present for the wedding were Judge and Mrs. John M. Klepser and Alan, parents and brother of the bridegroom from Hollidaysburg, Penn.; Mr. and Mrs. Byron Byars Jr., brother-in-law and sister of the bride, Austin; Mmes. J. C. Seelye, Pueblo, Colo., and Katie Strickland, Skellytown, aunts of the bride; Mmes. Mary Ann Phippen, Lafayette, La.; Dolores Smart, Midland; Carol McAdiff and Yvonne Hoff of Dallas; Mr. and Mrs. Mack Hiatt, Jane, Jo, Skipper, all of Okenee, Okla.; Mr. and Mrs. Jack Bowden, Odessa; Mmes. Zoel Allen of Dallas, Harold Brisbin of Amarillo, and Tommy Ware of Odessa; Mr. and Mrs. Bill Evans, Skellytown.

Accent Will Be On Orbs, Say Cosmetic Makers

By GAY PAULEY
UPI Women's Editor

NEW YORK (UPI)—The eyes have it in the new fall makeup. Cosmetics manufacturers say that the accent will be on our orbs, with the rest of the face pale except for a touch of clear red lipstick. None of the leading

makers is plugging any one "look," like the doe and Oriental eye of recent season. Now, they talk in terms of color and a whole wardrobe of eyeshadow and mascara.

"A few years ago, nothing more than three or four colors was unheard of," said Rolf Warner, general manager of Lilly Dache beauty products. "Ford fall, we already have 16 shades and will add three or four more."

"I don't know why women all of a sudden are taking to color, unless it's the influence of the French and Italian women. It can't be all due to promotion, because some manufacturers have been promoting eye makeup for 25 years."

Blue Predominates
Manufacturers say the predominant colors are in the blue, green and violet range. You can get them in pale or deep tones, depending on your taste. And many of the new shadows have an iridescent or pearly finish.

the other day from a store in Maton, Ill. No black or brown. They wanted blue - greens and green.

"A woman should plan her eye makeup the same way she plans her wardrobe," said Finn. "If she has hazel eyes, for instance, she is wearing a blue dress. For day time, she might select 'blue night' (a deep blue shadow). For evening she would tip her lashes with 'blue royal'."

Ghostly Look Out
"But once she has used color she won't go back to black or brown."

In lipsticks, most manufacturers agree that the ghostly look of those white and very pale shades of summer are through. The bright clear reds take over in some cosmetics lines. But there is some disagreement on how women should do our eyebrows. "A heavy brow," decreed Helena Rubinstein.

"Thin brows," said Elizabeth Arden, "and follow the normal line." This latter firm is promoting the look of the Norma Shearer era, painting the lower lip a little heavier than nature made it, and the upper lip in almost a cupid's

Parents Of Quadruplets Have Little Time For Reading Child Theory Books

Woman's View
By Gay Pauley
UPI Women's Editor

DOBBS FERRY, N.Y. (UPI)—Alex Kajouras and his pretty blonde wife, Beas, have no theories on child care. They're too busy with the practice.

The Kajouras are the parents of quadruplets, their first born, who arrived June 24 at the U.S. Public Health Service Hospital on Staten Island.

I visited the couple today to see how they're getting along with their four little deductions, now that the babies have gained enough weight to be home.

The answer is very nicely, although Alex, 30, and a Navy veteran, is jobless and worried about financing his family and finishing law school. The babies are healthy—and not fretful; the 26-year-old mother handles four children with more aplomb than some mothers can handle one; and father and mother are two of the happiest people I've ever met.

"Not only blessed, but blessed four times," said Mrs. Kajouras. "I have the feeling we've been given something wonderful from God." The Kajouras are Greek Orthodox.

Mrs. Kajouras said quadruplets occurred once in about every 750,000 births. Chances of survival are one in seven million.

Their four — three boys and a girl — were kept in incubators until their weight climbed to five pounds. All except Michael weighed less than four at birth. He was the last to arrive and also the heaviest — four pounds, two ounces.

Now Michael is a hefty nine pounds. "He's a glutton," laughed his mother. "Look at those jaws. Only a mother could love a face like that."

Paul is a few ounces over eight pounds; Leon, whose name already is shortened to Lee, is a few ounces lighter; and Anthea is six and one-half pounds.

Mrs. Kajouras, a trim figure in black forehead trousers and white blouse, led me into the nursery — one bedroom of their two bed-

room apartment which their landlord, Robert Mettrick, has given them rent free for a year.

"Doesn't it look like a Macy's warehouse," she said. She pointed to four bassinets, a huge stack of diapers, and mattresses for cribs which haven't arrived. Alex won't the cribs on a television show.

"No," she said, "I don't have any theories on child care. I haven't had time to think up any. Keeping four babies fed, bathed and dry is an around the clock job."

"They use 400 diapers a week... 24 bottles a day."

"I read some baby books before I came home from the hospital. They're all aimed at one baby. Dr. Spock devotes one short chapter to twins. What help is that to me?"

The Kajouras are getting along without benefit of a nurse or household help, other than that supplied by Mrs. Kajouras' younger sister, who tries to spend three or four days a week with her. When the quads came home, Alex quit his truck driving job which was helping finance night classes at Columbia University.

They're living mostly on savings, but Alex spoke optimistically about finding a new, better paying job so he could resume his studies. It will take him three more years of night school to get his law degree.

B&PW Plans Fall Roundup

Mr. and Mrs. William Cook Hutchinson, following their wedding on June 12 in Lima, Peru, with members of the wedding party and Mr. Hutchinson's business associates.

Miss Hamilton And Opti Mrs. Club W. C. Hutchinson Jr. Plans Fall Tea Say Wedding Vows

Announcement is made of the marriage of Miss Ann Shales Hamilton, daughter of Mrs. H. R. Werth of Rochester, N.Y., to William Cook Hutchinson Jr., son of Mrs. Bonnie S. Hutchinson, 912 Jordan, and the late W. C. Hutchinson. Wedding vows were solemnized on June 12 in Lima, Peru.

Mrs. Hutchinson was graduated from the Harley School. She attended the Eastman School of Music, the University of Rochester, and the Sorbonne. She has performed in the San Diego Light Opera Co., Rochester Community Players and was soprano soloist with the Madrigal Singers at the 1957 National Shakespeare Festival in San Diego.

The bridegroom attended Colorado State College of Education in Greeley, Colo., The American Institute for Foreign Trade in Glendale, Ariz., and West Texas State College in Canyon. He is affiliated with Kappa Kappa Psi, national band fraternity, and Alpha Psi Omega, national dramatics fraternity. He served in the Navy as an officer in the Office of Naval Intelligence in Washington and aboard the USS Washburn.

Mr. and Mrs. Hutchinson will reside at Casilla 733 in Lima, Peru, where he is associated as sales engineer with Mines Safety Appliance Co.

St. Vincent de Paul's Catholic Church Scene Of Gabriel-Dillman Nuptial Vows

Double-ring vows were repeated by Miss Patricia Ann Gabriel and Donald Lee Dillman on August 27 at eight o'clock in St. Vincent de Paul's Catholic Church with Fr. Ronald Ramson, officiating at the altar was adorned with a white satin cloth draped with greenery flanked with arrangements of white gladioli.

Miss Gabriel is the daughter of Mr. and Mrs. Joe F. Gabriel, 1836 N. Sumner. Mr. Dillman's parents are Mr. and Mrs. George E. Dillman, south of the city.

The bride, given in marriage by her father, was gowned in ball-length white lace-over tulle, fashioned with a bolero jacket featuring long, tapering sleeves and a stand-up collar. Her elbow-length Veil of Illusion was secured to a headpiece of mum-petals. She carried a cascade arrangement of red roses.

Mrs. Jim Bean, friend of the bride, attended as matron of honor wearing a pink and white one-piece dress complemented with a headpiece of pink carnations. She carried a bouquet of pink carnations. Miss Janice Dillman, sister of the bridegroom was bridesmaid, dressed identically as the matron of honor.

Jim Bean served as best man. Harold Gabriel, bride's brother, and Freddy Rick, bridegroom's cousin, were ushers. Paul Eakin was groomsman. Mrs. Dolores Edwards, organist.

Note To Publicity Chairmen:

Beginning on Monday a series of articles will be printed on succeeding days, with information pertinent to your job as publicity chairman of your civic club, PTA, or church group. We are hopeful that these articles will enable you to be the most effective publicity chairman your club has ever had. Doris Wilson, woman's page editor.

RUTH MILLETT

On the whole, women are more inclined than men to keep a strict account of what they do for others and to expect payment in due time. A woman says, "I've taken her children to the swimming pool any number of times and the only time she ever took my Joey, she had the never to ask me if I could pick the kids up after their swim. Can you imagine!"

A woman says, "I've had them over to dinner twice since they've had us — and I'm not going to have them again until we're invited to their house."

A woman says, "I haven't had news of Dorothy for a long time."

DEAR ABBY....

By Abigail Van Buren

DEAR ABBY: I am planning a church wedding. I am afraid to have my father walk me down the aisle because he is a constant drinker and I don't think he could make it.

He lives at home but hardly anybody speaks to him. I know a bride should have her father give her away, but I don't want to take the chance of having him show up drunk and spoiling my wedding. How do I handle this problem?

DEAR BRIDE: Alcoholism is a sickness. Your father is sick and his family is certainly not helping him by refusing to speak to him. Perhaps if you told him that you'd be the happiest bride in the world if you could walk proudly down the aisle on his arm, he'd have an incentive to stay sober. Give him that chance — even if you have to have a favorite uncle or cousin standing in readiness as an alternate should your father disappoint you. You'll be doubly blessed for offering to honor your father in God's house.

DEAR ABBY: My husband got a promotion which means we have to move to upper New York State. I am very unhappy about it because I heard from a woman who once lived there that they are a very fast crowd.

She said the neighbors used to throw wild parties. One of their favorite games was for all the men to toss their house keys into a hat. They'd pass the hat and each man would pick out a house key. He would go to spend the night at whichever house he had the key for. My husband says this is ridiculous, but my friend doesn't believe. Whom should I believe?

MOVING NORTH

Mrs. Lee Harrah

Mrs. Lee Harrah Name ALA Prexy

American Legion Auxiliary of the Kerley-Crossman Post 334, Department of Texas, met in the City Club Room on Thursday evening with Mrs. Joe Shelton and Jack Graham as hostesses.

During a business meeting conducted by Mrs. Graham, president pro tem, the nominating committee submitted the following slate of officers for election. Mrs. Lee Harrah, president; Jack Graham, vice president; Joe Shelton, secretary; J. M. Turner, treasurer; H. H. Stull, chaplain; Frank Yates, sergeant-at-arms. Mrs. Charles E. Gilson, past president of the AL auxiliary, conducted the installation service.

Plans for a party in the Amarillo Veterans Administration Hospital were made with Mrs. Emily Coston and Mrs. Elsie Hall appointed as a committee to secure the entertainment for the evening. The date of the party will be announced at the next meeting.

Mrs. Stull gave the Council of Club report.

Refreshments of punch and coffee were served from a table centered with an arrangement of yellow and red gladioli and summer poinsettias.

It was announced that Mrs. Graham will have the year books ready for the next meeting to which all old and new members are invited to attend.

DEAR MOVING: Believe your husband. People who are interested in "games" like this one, wouldn't take a chance on getting their own wives.

DEAR ABBY: I am only 22 years old and my husband is 24. Last night he took a radio to bed with him to listen to the baseball game.

We have been married only ten months. I am afraid my marriage is falling apart. Can you tell me what to do?

AFRAID DEAR ABBY: Be glad your "competition" is nine men instead of one woman. Many happily married men like baseball. It doesn't mean your marriage is "falling apart." Don't whine, nag or act hurt. Just stay right in there and pitch.

CONFIDENTIAL TO MRS. S. S.: Your friend is wrong. It can happen any time.

What's your problem? For a personal reply, write to ABBY in care of this paper. Enclose a stamped, self-addressed envelope.

RS Program For Missionary Group

Women's Missionary Union of the First Baptist Church held an executive board meeting, a Royal Service program and luncheon recently in the church with Mrs. R. L. McDonald, W.M.U. president, presiding.

Mrs. J. M. Hill gave the devotional entitled, "O, For a Thousand Tongues To Sing." Mrs. Owen Johnson led the opening prayer for missionaries who celebrated birthdays this month.

Mrs. Ronald Howell was in charge of the program entitled, "Triumph In His Praise." Participating on the program were Mrs. Shirley Nichols, who gave a historical background of the five civilized tribes of Indians; Mrs. Was Langham, who outlined the Southern Baptists' work with Indian leadership; Mrs. Earl Tabor on "Lord's Supper Day"; and Mrs. Paul Turner on "Trail's Yea To Walk."

Ronald Howell, guest speaker, told of his work with the Indians as a young college student.

GRADUATING

Miss Dixie Robinson is one of the 31 graduating seniors in the University of Oklahoma's school of nursing who is graduating tonight in ceremonies to be held in the OU medical center in Oklahoma City, Okla. Principal speaker of the 8 p.m. ceremonies will be Dr. G. Rainey Williams, OU assistant professor of surgery. Miss Robinson was graduated from Pampa High School in 1956 where she was active in the Tri-Hi-Y, Spanish Club, Future Nurses Association president, class secretary and historian, and a member of the National Honor Society. She also served as president of the Las Cressas Club. Upon graduation, Miss Robinson was awarded a nurses scholarship from the Top 'O' Texas Medical Auxiliary.

Royce Logan Is PALS Speaker

Pampa Association of Legal Secretaries (PALS) held its monthly meeting Tuesday evening in the Law Library of the Combs-Worley Bldg.

Royce Logan of the Texas Department of Public Safety discussed "The Luckless Legion," whom he described as "the army of more than two million Americans who every year are needlessly killed and injured through traffic accidents." His talk was followed by a film, which illustrated how one careless, discourteous driver "can start a chain reaction of similar actions, which usually terminates in an accident, often a fatal one."

Refreshments were served during the social hour to the following members: Mrs. Roy McHone, C. M. Myers, Corinne Bell, Malcolm Denson, Dick Spiers, Faunice Magee, Christine Jones and Miss Carolyn Bailey.

Cobb Family Has Reunion

The O. D. Cobb family held a reunion this week, which marked the first time for the family to be together in 13 years.

Among the activities was a picnic held in Hobart Street Park on Thursday morning.

Immediate members of the family attending were Messrs. O. D. Cobb, Kingsmill, Martin Cobb and Danny of Dennison; Wayne Cobb, Sherry and Vickie of Pampa; Bill Cobb, Martin Leon, Bobby, Patsy and Jerry of Pampa; Wanda Cobb of Kansas City, Mo.

Other members of the family and friends attending were Messrs. O. D. Cobb, Noah Cude, Ewing Cobb, John Noel, all of Pampa; Mr. and Mrs. Meyer of Pittsburg, Kan.

Mr. and Mrs. Jack Becker

Miss Judy Tipton, Jack Becker United With Double-Ring Marriage Service

Wedding vows repeated on August 22 at two o'clock united Miss Judy Tipton, daughter of Mr. and Mrs. Earl Tipton of Davenport, Okla., and Jack Becker, son of Mrs. J. L. Becker, 329 Tignor. The double-ring service was read by Rev. C. J. Waldroup in Davenport. Arrangements of white gladioli in tall, wrought-iron wedding baskets decorated the wedding altar.

Given in marriage by her father, the bride wore white chiffon over blue taffeta fashioned with a full, ballerina-length skirt, round neck and short cap sleeves. Her shoulder-length veil of blue illusion was secured to a blue headpiece. She carried a white orchid atop a white Bible.

Mrs. H. L. Jackson, bride's sister, attended as matron of honor wearing a blue sheath with an overskirt of blue. A white carnation corsage complemented her costume.

J. C. Becker, bridegroom's brother, was best man.

Mrs. Jerry Tipton, pianist, provided pre-nuptial airs and the traditional wedding marches.

For her daughter's wedding, Mrs. Tipton wore a beige dress with white and tan accessories. The bridegroom's mother, Mrs. Becker, chose a pink lace dress with black accessories. The mothers' corsages were of white carnations.

A reception was held in the bride's home, immediately following the ceremony. Mrs. Jerry Tipton presided at the punch and cake service. Mrs. H. A. Waldroup was guest registrar.

For a wedding trip, the bride traveled in a blue sheath with white accessories and wore the white orchid from her bridal bouquet.

The bride was graduated from Davenport High School. The bridegroom graduated from Pampa High School and is employed by Cities Service. They will make their home at 621 N. Hobart.

Out-of-town wedding guests included Messrs. and Mrs. Paul Skidmore, Jean, Paula and Linda; Ben Graham, Elizabeth, Charles and Mary Nell; John Tipton, Mike
