Police Schooled In Investigation

Police Officer P. E. Bailey tried his best this morning to investigate a "routine accident" at the intersection of Buckler and West streets, but best wasn't enough. The motorists were Jim Shaw and Harry Leech, in real life a pair of training specialists for the Texas Department of Public Safety, but in this case a pair of motorists both anxious to shove the blame for the crackup on the other motorist.

Blaze Causes Deaths

Anxious Mother Tosses Infant Out Of Window

WICHITA FALLS, Tex. (UPI)—Mrs. Margie Sweeten, her flimsy nightgown in flames, tossed her three-month-old baby to his death today from the second floor of an apartment house engulfed by fire.

First National Catholic Shrine To Be Dedicated

WASHINGTON (UPI)—The first national shrine erected by American Roman Catholics will be dedicated to the honor of the Virgin Mary today at a ceremony attended by one of the largest assemblies of prelates in U.S. history.

The \$18,500,000 shrine, begun in 1920, is the largest Roman Catholic church on this continent, and one of the seven largest in the world. Belonging to all of the nation's Catholics, rather than to any particular diocese, it is intended to be a place of pilgrimage for visitors to the capital.

Francis Cardinal Spellman of New York will officiate at the dedication ceremonies and will offer the first Solemn Pontifical Mass. The sermon will be preached by Archbishop Joseph E. Ritter of St. Louis, chairman of the bishops' committee for the shrine.

Musicians will be provided by an all-star choir of 210 monks, representing the best voices from more than 20 religious orders. They will be accompanied by an organ and a full symphony orchestra.

Ranking prelates from every U.S. diocese and several foreign countries were on hand for the long-awaited dedication. Among those assigned to places of honor in the procession were: Cardinals James Francis McIntyre of Los Angeles, Richard Cushing of Boston, Albert G. Meyer of Chicago, Thomas Tien of Peking, China (now living in exile in New York) and Garibi (See DEDICATED, Page 3)

WASHINGTON (UPI)—Packages of cranberries bearing a government label of approval were expected to start moving today into the nation's groceries.

But both the government and the cranberry industry were doubtful that enough of the berries could be tested under a new federally approved plan in time to meet normal Thanksgiving demand.

Charles Harmon, 17, a service station operator were credited with saving the lives of other tenants. They noticed the flames and rushed into the building beating on doors to awaken lumbering residents.

Harmon said he saw Mrs. Sweeten, 19, and her husband, Carl, appear at the second-story window with their children. He said the father threw their two-year-old son out first.

"Then she tried to toss the baby out of the window," Harmon said. "But she kinda tripped and stumbled, and it didn't go the way she wanted. I thought it was a doll at first. I didn't know it"

The charred body of L. A. Gray, 48, was found in the gutted 2-apartment building. The apartment building manager, W. H. Wilcox, identified the body.

Police Chief Jim Conner said the most motorists think investigating an accident is easy. "But they should have seen this morning's accident."

Bailey talked to "witnesses," tried to determine the facts of the case, and in every way tried to keep peace and quiet between the two talkable and argumentative motorists.

The wreck occurred at 7:05 a.m. when Leech made a wide left turn off Ward St. and "struck" the left front of Shaw's parked Jeep station wagon.

Steel Discussions Halted For Remainder Of Year

Latest Contract Proposal Turned Down By Unsatisfied Steelworkers

By WILLIAM J. EATON
United Press International

WASHINGTON (UPI)—Informed union sources said today there was no chance of any real bargaining in the steel dispute until after New Year's Day.

The prediction was made in the aftermath of the United Steel workers' rejection of a new contract offer made by steel management. The offer and rejection were announced in Pittsburgh Thursday.

Teenage Mother Reunited With Kidnaped Infant

GARY, Ind. (UPI)—A sobbing teenage mother, reunited with her kidnaped baby son, vowed to leave the big city today and go back home to Michigan.

"On, my baby! my baby!" Mrs. Marilyn Vickers, 19, cried as she embraced her 18-week-old son, James, less than 24 hours after he was abducted by his baby sitter, from a Chicago hotel.

The baby sitter, slim brunette Mrs. Diane Varner, 27, sat nearby in a Lake County jail cell, arraigned on charges of kidnaping and carrying the child across state lines.

Mrs. Vickers, who said she left James in Mrs. Varner's care "because she seemed so crazy about children," reported both child and baby sitter missing Wednesday night after a friend rushed into the restaurant where she waited tables and told her.

"I just saw Diane walking down the street and I think she was carrying your baby."

Mrs. Vickers' report touched off a day-long search through Skid Row lairs and cheap hotels before FBI agents arrested Mrs. Varner Thursday night while drinking in a Gary tavern, several miles from the downtown Chicago hotel where Mrs. Vickers and her son lived.

The baby was found unharmed in a room at the nearby Stanley Hotel. Physicians at Methodist Hospital here said he was hungry, but otherwise in perfect condition.

Mrs. Varner, who is separated from her husband, told police she was released last year from the Women's Federal Reformatory at Alderson, W. Va., where she served three years for an Amarillo, Tex., kidnaping.

Mrs. Vickers also is separated from her bartender husband, James, 29.

Union sources said the next round of bargaining will start just before the National Labor Relations Board (NLRB) conducts a secret ballot on the companies' offer.

Federal mediators said they have no immediate plans to step back into the steel negotiations. Mediation efforts were postponed indefinitely when the Supreme Court upheld the Taft-Hartley injunction that halted the 116-day strike on Nov. 7.

Congressional staff experts predicted, meanwhile, that revenue losses caused by the steel strike would throw the government's budget one to two billion dollars into the red in the current-1960 fiscal year.

Treasure Trove Of Art Found

HOLLYWOOD (UPI)—An art expert declared today he was certain most experts would recognize as authentic an estimated fortune in old paintings found in the home of a television repairman.

"I would be skeptical myself if I never saw the paintings," said Alexander Zlatoff-Mirsky. "No one can form an opinion until they have seen the paintings—then you are certain of their authenticity."

He hailed the group of 10 painting sketches as the "greatest art discovery of the 20th Century" and said they were worth between \$2 to 10 million dollars.

Zlatoff-Mirsky, Chicago sculptor and art restorer, said the paintings included works by Titian and Tintoretto. He said they had been certified as authentic after a three-month study by Prof. Amador Porcella of the Pontific Bolivarian University in Rome, Italy.

Art experts in Los Angeles, Chicago and New York were restrained in their comments about the paintings, generally displaying a skeptical attitude until they have been able to examine them.

Zlatoff-Mirsky and Porcella one year ago claimed they had found three \$1,000 paintings worth two million dollars in the collections of two Chicago lawyers. Porcella said then he would stake his "entire reputation" on the authenticity of the three paintings.

Porcella said the paintings were by Giorgione, Giovanni Bellini and Sanzio Raphael, but Dr. Hans Huth, authority on German and European art for the Chicago Art Institute, said he has heard nothing of two of the paintings since the announcement Nov. 19, 1958. He said he saw the alleged Raphael canvas once.

"It appears to be an old sketch," Huth said. "It is my understanding the attorney was offered \$20,000 for it." He would not discuss the latest find.

Harlow Curtice Plans To Attend Friend's Funeral

ANN ARBOR, Mich. (UPI)—Retired General Motors President Harlow H. Curtice planned to attend funeral services here today for Harry W. Anderson, who was killed by a shot from Curtice's gun while the men were hunting.

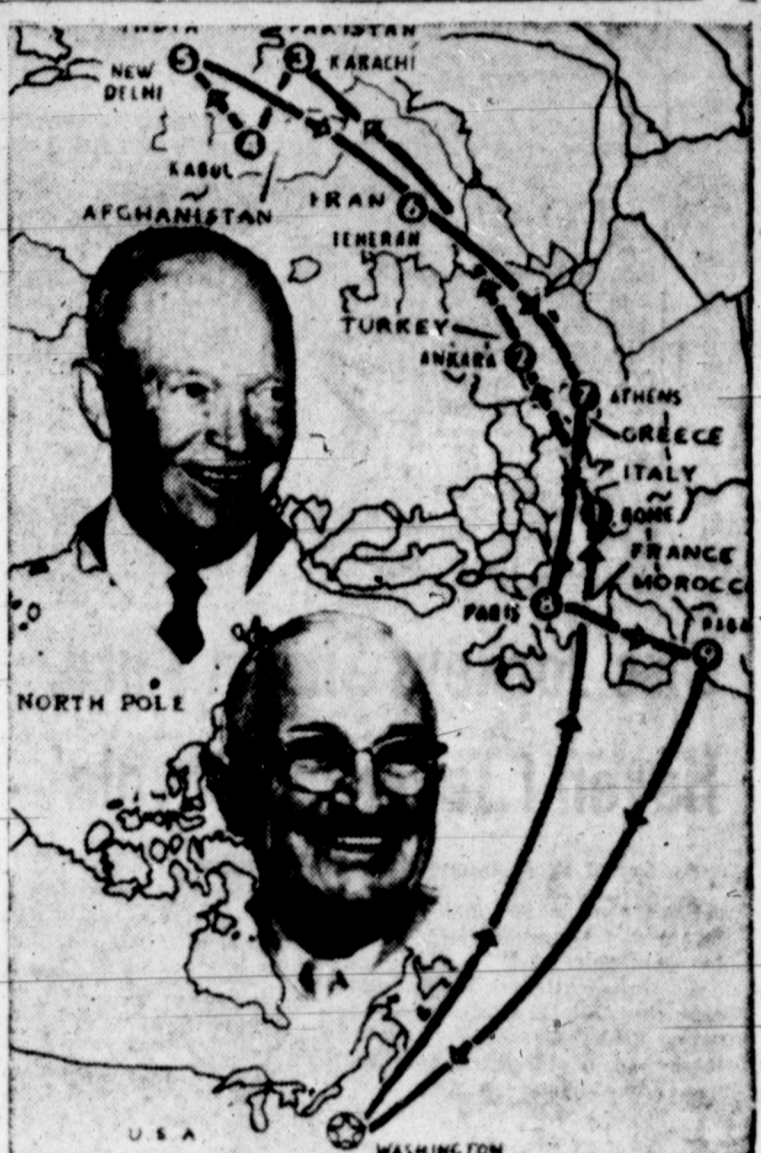

Anderson, who would have been 68 on Christmas Day, was GM vice president in charge of personnel until his retirement in 1956.

Anderson received a tribute from the men he sat across the table from in many bargaining sessions when he was in charge of GM labor relations.

United Auto Workers Union Vice President Leonard Woodcock, speaking for "all of us in UAW," said, "During our many years of association with him we learned to respect him as a man of honesty and integrity."

SOLID 'FUEL' — Three-year-old Phillie Culppeper uses two spoons to dig into some solid "fuel" at the Texas Childrens Hospital in Houston, as his adopted mother, Mrs. Steve Culppeper of Abilene, watches in surprise. Doctors have completed a series of operations on Phillie to open his esophagus from his throat to his stomach that had been closed since birth. It is the first time in his life that Phillie has tasted solid food.

UNHEALING BREACH — The President has turned down as "impractical" the suggestion that former President Harry S. Truman accompany him on his 11-nation goodwill tour, Truman, at his Independence, Mo., home, said he knew nothing about the possibility that he'd be invited as a traveling companion for Ike.

Ike Doesn't Want Dem Junket Mate

WASHINGTON (UPI)—President Eisenhower has turned down as impractical the suggestion that he take former President Truman on his forthcoming 11-nation goodwill trip.

Eisenhower also rejected from the vacation White House in Augusta, Ga., the proposal that he invite some other Democrat to accompany him. He expressed his views in a letter made public Thursday night by Sen. Thomas J. Dodd (D-Conn.), author of the suggestion.

In his letter to Dodd, the President did not mention by name Truman, Acheson or the other suggested Democrats, Adlai Stevenson, who lost to Eisenhower in the 1952 and 1956 elections, and Rep. Chester Bowles (D-Conn.), former U. S. ambassador to India.

'Spy' Joined Rebel Group To Report On Court Suit

GALVESTON (UPI)—Richard Heddies announced today he is a union "spy" among 17 rebel workers who filed a \$375,000 damage suit against the Oil, Chemical and Atomic Workers Union.

The suit was filed Thursday against officials of Local 4-449 charging them with "unlawful and wrongful" action in calling the strike at the American Oil Co.'s huge Texas City refinery 143 days ago.

Some 1,250 workers at the plant are still on strike. Heddies said he pretended to go along with the rebel workers with union sanction so that he could give the union information about their activities.

"My name was well as names of 16 other striking employees has been mentioned in connection with the lawsuit against OCAW, Local 4-449," Heddies said in a prepared statement.

"While I did allow my name to be used in the suit against the union, I wish to state that I per-

Help Needed In Channeling Food Baskets To Needy

Pampa's Welfare Index, which last Christmas helped distribute 250 baskets of food to needy area residents, is now coordinating plans to distribute 100 more baskets for Thursday's observance of Thanksgiving.

"But we need some help," Index Coordinator Bill Leonard said this morning. "We can prevent a good deal of duplication if churches and individuals will contact us before distributing their Thanksgiving and Christmas baskets."

Leonard said the Index has helped individuals find 24 families in need of Thanksgiving baskets, and has 78 more names on file. Leonard urges that persons planning to distribute baskets of food contact him first.

Leonard's home telephone number is MO 4-7882.

Tax Break Announced In Swapping Series E For Other Federal Bonds

By EDWARD COWAN
United Press International
WASHINGTON (UPI)—Americans who own Series E savings bonds can get a tax break soon by swapping them for other government bonds paying interest twice a year.

The Treasury said it expected hundreds of thousands of the estimated 35 million owners of E-bonds to exchange them for Series H savings bonds.

The Treasury announced Thursday that it would allow anyone who swapped the bonds to defer tax payments on the interest built up while the E-bonds were held. Retired persons especially were expected to take advantage of the new H-for-E trade which can be made starting Jan. 1.

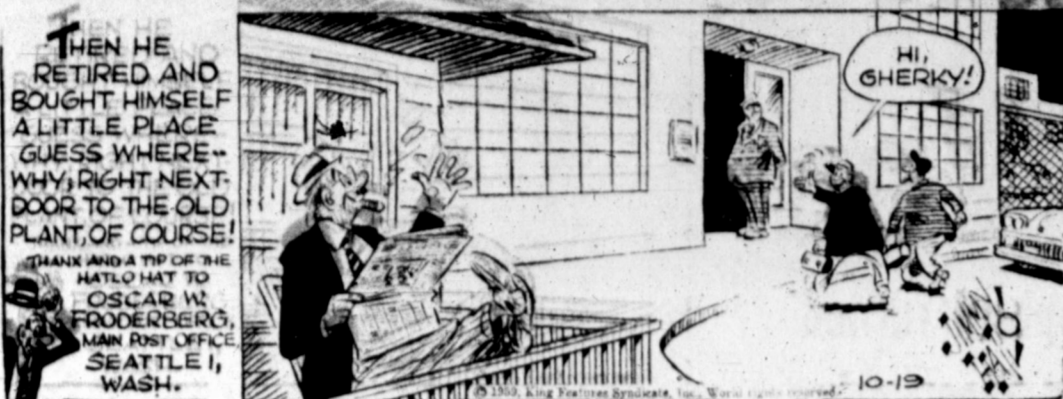

Officials said the Treasury had received thousands of requests from holders of E-bonds who wanted to trade them in for other government securities that pay interest during the life of the bond. E-bonds pay interest in a lump sum. When they are cashed in, H-bonds, which are sold in denominations of \$500 and higher, pay interest every six months. The rate, if they are held for 10 years, is 3.75 per cent, the same as for the E-bonds.

A taxpayer who held a sizable number of E-bonds and hesitated to cash them in because of the large one-shot tax bite, now can swap them for H-bonds and pay the tax in small amounts as he receives interest payments. Treasury officials said regulations and instructions to bond owners on the exchange would be announced in mid-December. If it comes in a hardware store, we have it. Lewis News. Adv.

Disc Jockeys Simon Pure, Haven't Taken A 'Payola'

By United Press International
Have some of the nation's disc jockey jockeys taken "payola" money for song pluggings?
A United Press International spot check of DJ's throughout the nation showed today many of them had heard about the practice. Some had been approached for payoffs but none had accepted.
They said a highly paid disc jockey would be foolish to put his career in jeopardy through payola.
DJ's in several cities said formula radio — where only the top 30 or 40 tunes are played each week — prevented under the table payments for plugging new songs.
Record spinners in Dallas, San Francisco and Des Moines, Iowa, said they didn't believe their cities were "payola towns."
"I'm sure there isn't any payola down here because the records don't break in this area," said DJ Jerry Haynes of station WFAX-TV in Dallas.
Mortimer Hall, president of station KLAC in Los Angeles, singled out Pittsburgh and Detroit as pay-

company down and doesn't know of any disc jockey in Washington to take payola.
Disc jockeys in Detroit differed sharply on whether there is payola in the motor city.
J. P. McCarthy, of WJR said he had never experienced any payola in Detroit.
A spokesman for station WXYZ denied a payola charge by a former DJ, Ed McKenzie.
Harry Lipson, general manager of WJBK, said a story in a national magazine that the Detroit station sells plugs was "a little distorted."
WJBK, however, fired its news director, Jack Le Goff for using a newscast to defend the broadcasting industry against the payola criticism.
Congressional investigators, who have assigned agents to investigate payola charges, were accused of starting a witch hunt by Dick Driscoll of a Minneapolis station.
Disc jockey Norm Bailey of WFEA in Manchester, N.H., sided with Driscoll.
"It's all a lot of nonsense," he said. "The Russians are taking pictures of the moon and Congress is investigating disc jockeys. Where is our sense of proportion? Congress should busy itself with important things."

Tourists Shun Cuba

NEW YORK (UPI) — American winter tourists by the tens of thousands have eliminated Cuba — for many years their favorite spot in the Caribbean sun — from their travel plans this winter.
Cuban travel bookings for the record tourist season just beginning are so pathetically few that Fidel Castro is sending his chief of tourism to New York next week for a last chance effort to drum up trade.
The Cuban premier, who has whipped up anti-American feeling in his country while spending millions of dollars to attract American tourists, wants Carlos Almoina to find out why.
— Airplane bookings to Havana are off 90 per cent.
— Seven major steamship lines have eliminated 31 Havana stopovers from winter cruise schedules in the last week.

Collon Men, Deer Hunters Hurry Their Harvest In Texas

— American Express dropped its winter package tour of Havana Thursday and eliminated Havana from its escorted air tours of the Caribbean for 1960.
Travel agents are refusing to promote Cuba and are telling clients who insist on going that they "travel at your own risk."
Puerto Rico, in particular, and other Caribbean neighbors such as Jamaica, the Virgin Islands, the Bahamas and Haiti are getting the bulk of the winter vacation trade.

Collon Men, Deer Hunters Hurry Their Harvest In Texas

COLLEGE STATION (UPI) — Cotton farmers and deer hunters shared the spotlight in Texas this week as both groups hurried their harvest, the Texas Agricultural Extension Service reported today.
Bitter cold delayed cotton farmers on the plains, and far West Texas but strippers were going full speed by midweek, said director John E. Hutchison. About 60 per cent of the crop has been harvested in the Lubbock area. Grain sorghum harvest is about complete.
Wildlife has become a big crop in Texas, resulting in good income to landowners from hunting leases. And prospects for this year for deer and turkey are reported by district agricultural agents as excellent. They have had plenty to eat and are fat.
Cattlemen dug into their feed sacks for the first time, following early cold which killed native pasture grasses. Their stock has entered the winter in good to excellent shape, and they want to keep them that way. There's plenty of dry grass for roughage, and much green small grain pasture.
Small grain and winter legume growth was retarded but had much protection against the cold due to plenty of soil moisture. Some, however, was "burned" on top. It will recover as temperatures stay above freezing.
Apparently the lower Rio Grande Valley was the only part of the state escaping the freezing

temperatures. Farmers continue to ship citrus and vegetable Hardy vegetables in Northeast Texas and near the Gulf Coast escaped serious damage, but we fields near the coast (curtains) their harvest.
The cold was good for dormancy requirements of fruit trees. The pecan harvest is as much as 90 per cent complete in East Texas with fair yields. Wet fields delayed the peanut harvest as windup of cotton harvest in Central and North Texas.
There's still much stalk destruction and land preparation to be done in the southern half of the state when fields dry and temperatures permit.

Visiting Briton Sees Cattle Drive On Panhandle Plains

London's Christopher Burstall, E. O. Wedgeworth. He is scheduled to leave the Panhandle at 9:30 a.m. today for New Orleans.

Oilman Clayton Husted was Burstall's guide today when the touring television producer visited the Cabot Shops, eight miles south of west of Pampa. At noon the Burstall party had lunch at the Pampa Country Club, then this evening a dinner is planned with a number of the area's top oil executives.

Burstall, in the Pampa area looking for a material for a BBC television documentary, witnessed the cattle drive shortly before noon Thursday. With County Agent Ralph Thomas acting as guide, Burstall saw 600 head of cattle driven across the Panhandle plains to Skellytown from the Bob Price ranch.

His tour of cattle and wheat ranches Thursday took him to the Ed Vincent ranch near Lefors, and the John Johnson and Joe Wheeler ranches west of Pampa.

Burstall's four-day stay in Pampa ends Saturday morning with a breakfast with Coy Palmer and Chamber of Commerce Manager

Three Complete First Aid Course

Mrs. Libby Stewart reported from the Red Cross office today that three Pampa residents completed an advanced first aid course this morning.

Graduates were Mesdames C. D. Giesinger, R. A. Jenkins and T. H. Alexander. The course instructor was R. A. Jenkins.

Mrs. Stewart added that this evening the final class in a standard first aid course will be held at the Community Center in Lefors.

Course instructors Quincy Rogers and Cliff Hill said 16 persons will be completing the course at Lefors. A makeup class for those missing one session will be held Tuesday night.

It was a baby. I walked up to it and noticed it was a small child. I thought it was dead. It was real stiff. But when I turned it over on its stomach, it started breathing again."

The baby, Carl Sweeten Jr., was rushed to a hospital, but died shortly after the fall.

Mrs. Sweeten fell from the window as she tried to throw her child to safety. She landed on her back. A hospital spokesman said she was in satisfactory condition. Her husband climbed down a ladder to safety.

Fire inspectors investigated the possibility of arson. They estimated damage at more than \$50,000 to the building.

They said it was believed the fire started in a storeroom on the second floor.

Jim Smith, the service station operator that helped Harmon wake "the residents of the building," said a fire that gutted the apartment house four years ago started in the same place.

The fire was first discovered shortly after 11 p.m. Thursday. It was finally brought under control two hours later.

Owners Of Edsels Take Loss With Demise Announcement

DETROIT (UPI) — The resale value of Edsels dropped as much as \$400 today, depending upon the age of the car.

The sudden price drop was brought about by Ford Motor Company's announcement Thursday that it would halt all production of Edsels because the car was a failure at the market place.

Ben D. Mills, Ford vice president and general manager of the Mercury-Edsel-Lincoln Division — now the Mercury-Lincoln Division — said the company would soften the blow for persons who have purchased 1960 model Edsels, however.

FOUND

(Continued From Page 1) said De Renzo. "I am no art expert, but I am a lover of art. I knew that they were the work of masters."

Owners of the canvasses said to date from the 15th to 17th Century are Hataburda, 29; his Italian-born wife, Maria, 30, and her brothers Alphonso, 40 and Tony, 32. Folio, Tony lives in Naples, Italy, and is an auto salesman. Alphonso immigrated to the United States two years ago and is living with the Hataburdas. He also is a TV repairman.

Mrs. Hataburda, who married her American-born husband while she served in the Army in Italy, said the paintings had been in her family for many generations. She said ancestors included Cardinal Senna-Antonio who died in 1887 and Nicola Santoro, bourbonic judge and secretary to Fernando, King of Naples, both of whom at one time had the paintings.

"When I came to the United States 14 years ago, my brothers told me to take the paintings with me," she said. "Since that time they have been wrapped in blankets and stored in the attic or a closet where ever we lived."

Zlatoff-Mirsky said the paintings were almost falling apart when he saw them and that "only God preserved them down through the years."

"Finding this group of paintings is equivalent to discovering a mine containing diamonds, emeralds, rubies and pearls," he said.

Di Renzo told newsmen that the finding of the paintings had been kept secret for almost a full year "because we wanted to be absolutely sure the paintings were authentic."

But art experts in other parts of the country — who refused to have their names used — said they had heard no rumors of the fabulous find. They said such rumors are usually circulated among the experts whenever a great find is made.

Joseph Cardinal O'Hara of Philadelphia was unable to attend because of illness, church officials said.

The shrine, built on a hilltop in northeast Washington adjoining the campus of Catholic University, is Romanesque-Byzantine in architecture, with a massive tiled dome and a 329-foot bell tower. Built like the great cathedrals of Europe, the shrine should stand without major repairs for more than a thousand years, engineers say.

Although the exterior is substantially completed, there is still much interior ornamentation to be done. Authorities estimate another twelve million dollars will be required to finish the job.

Bardot fired for Going Around In The Altogether

PARIS (UPI) — The naked truth is that Brigitte Bardot got fired because she prefers sex to art. She'd rather scamper around on the screen in the altogether than try for an Oscar.

Dealers caught with 1959 and 1960 Edsels still in stock also will get rebates from the company. Mills said dealers will be allowed \$400 on all unsold 1960 models and \$300 on all unsold 1959 models.

The company produced a total of 2,909 1960 model Edsels before production was cut off. Total production since the car was introduced in July, 1957, was 109,468.

The Edsel was close enough to other Ford car lines so that many of the parts were interchangeable. This will mean it will be easier to get parts for them in the future. Ford also said its dealers would continue to stock parts for the Edsel.

Breaks Leg In Scooter Accident

James L. Rollins, a Lefors teenager, suffered a broken leg Thursday afternoon when his motor scooter and a car collided at a Lefors intersection.

Highway Patrolman Stanley Schneider said the scooter and a car driven by Ruby Combs, also of Lefors, collided when the Combs car made a left turn.

Rollins, whose leg was splinted by Lefors volunteer firemen, was taken to Highland General Hospital for further treatment.

REPORT

(Continued From Page 1) mitted "this to be done to get whatever information I could with respect to plans of the group, whose real intentions are to cross the picket line in an effort to break the strike."

"Furthermore, I became involved in this movement at the request of union officials and have acted with their full sanction at all times. Any further statement will be made by a spokesman for the union."

INKING DOUBTS

KNOXVILLE, Tenn. (UPI) — Two repairs from the city utility board had no doubts Wednesday night that they had found the broken water main they were sent to fix.

The truck sank in four feet of asphalt, water and mud.

Thanksgiving Dinner Will Cost More This Year - Even Without Cranberries

The traditional Thanksgiving turkey dinner, with or without cranberries will cost a little more this year.

But neither the higher prices nor the cranberry crisis has kept housewives from snapping up turkeys at a rate equal to do better than last year.

"After all," one grumbling Pittsburgh grocer said, "it's bad enough to be without cranberries without turkey, too."

United Press International talked to grocers, wholesalers, turkey farmers and food researchers coast to coast and found a generally bright picture for everyone except the cranberry growers.

Turkey prices are up in most cities, but usually only by a couple of pennies a pound.

The average mother will spend from \$6 to \$10 to stuff her shopping bag, her refrigerator, her turkey, her oven, her husband and her three children, in that order, on Thanksgiving day. But vegetable prices are down this year and the total cost will be slightly below the average over the past five years.

Some cranberries are moving from grocery shelves, but most assets.

Brooklyn Eagle To Be Revived

NEW YORK (UPI) — A magazine publisher said Thursday he would revive the Brooklyn Eagle, the 114-year-old newspaper which ceased publication in 1955.

Robert W. Farrell, who had been a columnist for the Eagle, said he had purchased the newspaper's name, good will and files for \$25,000.

Farrell said he expected to begin operations next year.

The Eagle ceased publication during a long strike by editorial employees, members of the New York Newspaper Guild. Its former publisher, Frank D. Schroth, recently settled back pay and severance claims, clearing the way for Farrell to purchase the newspaper's assets.

Rabies Threat In Texas Growing

AUSTIN (UPI) — The State Health Department warned Thursday a "dangerous undercurrent" of rabies, mostly among foxes and skunks, could erupt into a "full-blown epidemic."

Health officials stressed the disease could become dangerous to humans. They explained infected wildlife passes the disease to dogs, and dogs in turn pose a dangerous source of human exposure.

County officials, particularly, must be on guard at all times, the Health Department said. County judges play a key role in the control of rabies since they have the power to declare emergencies and impose compulsory dog vaccination and stray dog control.

The most recent rabies scare was in Leon county where 14 dogs were bitten by a rabid animal. Dr. A. B. Rich, veterinary specialist, was sent to the county to control the outbreak through vaccination, dog impoundment and a campaign of wildlife reduction.

SAIGON (UPI) — Sen. Bourke Hickenlooper (R-Iowa) said Thursday night that American businessmen in Vietnam are not critical of the U. S. aid program here.

The program is now the subject of a congressional inquiry, Hickenlooper, on a tour of Southeast Asia, said in his talks with American businessmen here "no body made any major complaints."

Bond Set At \$500

Bond was set at \$500 Thursday on Roy Everson of Pampa who was charged by police in county court with contributing to the delinquency of a minor.

Everson, who allegedly purchased wine for a minor Wednesday, was arrested by police officers at 323 S. Russell. He entered a plea of not guilty in court Thursday.

YANKS NOT CRITICAL

Lion Attacks Circus Trainer

KANSAS CITY, Mo. (UPI) — A lioness pounced on her trainer during a circus rehearsal Thursday night, critically injuring him.

Joseph Hartman, 31, of Peru, Ind., was putting the lions through their act in preparation for the Shrine Circus when he was attacked. There was no audience at the rehearsal.

Hartman received puncture wounds on the neck, chest and face. One fang pierced his windpipe.

This young woman is a former fashion model turned designer. Here, she wears clothes from her own current collection. Fon-Tayne is posed (left) in a bridal costume cut from Lawford's white wool. Long sleeves taper down to points over the hands. Floor-length skirt flows into a short train. Petaloid white wool headress supports filmy bridal veil. Sleeveless sheath and elegant demi-coat (center) make dramatic costume. Coat enfolds shoulders; has two cascading panels which fall from a tightly-clasped waist. Full-skirted coat (right) in brushed moss mist mohair is cut with deep portrait neckline. Paneled skirt moves like a fan when wearer is in motion. All three designs show a highly individual approach to fashion.

Tradition Of Engagement Rings Seems Not To Be All Sentiment

Woman to Woman
By MARY PRIME
United Press International
NEW YORK (UPI) — It's not all sentiment that lies behind the tradition of engagement rings. Large offices and a desire for one-upmanship account for rings on many fingers.
So says Albert E. Haase, president of the Jewelry Industry Council, a trade association which represents all branches of the business.
Millions of girls today work in large offices with other girls, Haase explained. When a girl becomes engaged, most of her fellow workers do not have a chance to see the fiance. So the girl must fall back on the symbol of the engagement ring to impress the others.
"We know from surveys that if she can't bring the boy in, she likes to show what she can give her," Haase said. "And the bigger the diamond, the more she thinks he scores."
"Of course, this doesn't hold true in small towns where everyone knows the boy, but it's common in cities."
The bumper crop of teen-age brides also accounts for a great chunk of the business, Haase said. The latest government figures show there were 987,000 marriages from January through August this year, compared with 956,000 marriages in the same pe-

riod last year. Forty-eight per cent of all first brides are under 30 years of age. The peak age for marriage is 18.
More than 83 per cent of brides receive engagement rings. Although no figures are available on the number of diamonds sold this year, world-wide sales are 32 per cent more than last year's. And 75 per cent of the world diamond production goes to the United States.
Not only has the number of rings increased in the past 20 years, but diamonds are getting bigger. Ten years ago, the average engagement stone was one-third of a karat. Today, it is close to half a karat.
The average price, a bridegroom-to-be pays for a ring is

Brownie Troop Receives Pins

An investiture service was held recently for the newly organized Brownie Troop 16 in Woodrow Wilson School by the leaders, Mrs. Robert Lynch and Mrs. M. C. Moore.
Punch and cookies were served following the pin ceremony.
Receiving first-year Brownie pins were Margaret Brewer, Phyllis Ann Brooks, Cindy Eckroat, Vickie Fry, Lee Ann Harvel, Cheryl Lynch, Cecile Moore, Nickie Sue Nicholson, Rone Roberts, Geneva Shugart, Lizabeth Silcott and Denise Wheeler.
about \$258, Haase said. Young men seem to be able to afford more these days, compared to those who married during the Depression. Then, brides generally got only a wedding band.

DEAR ABBY....

By Abigail Van Buren

DEAR ABBY: A year ago they cry "Shipwreck" and sail home to Mamma. All couples who vow before God to love, honor and obey, have an obligation to fulfill that promise. There are no two people in the world who cannot live together in peace and harmony if they try hard enough.

DEAR ABBY: I really hope you can do something about this because I am 15-year-old boy who is feeling mighty low. I am sick and tired of calling girls for a date and having them say how much they would love to go and then they turn around and say to their mothers in a low voice, "Say no, I can't go!" Then they come back to the phone and apologize all over about how sorry they are. They could at least cover the phone. If I am wrong, please correct me.

TURNED DOWN
DEAR TURNED: You are not wrong! But don't be content with refusals (sincere or otherwise) as long as YOUR feelings are spared. Buddy up to one of the girls and find out why you are turned down so consistently.

CONFIDENTIAL TO CONNIE: Something fish appears to be going on, but you'd be wise to keep your fins out of that hatchery.

What's your problem? For a personal reply, write to ABBY, care of this paper. Enclose a stamped, self-addressed envelope.

Former Fashion Model Turns Talents To Designing High Style Apparel

When a woman is feeling low she can almost always get a lift from—
—Walking into a beauty salon and saying, "I'm sick of the way I've been wearing my hair. I don't care what you do to it — just so it is a complete change."
—Splurging a little on a dress that "does something" for her.
—Showing the furniture around to give her house a new look.
—Rolling up her sleeves and pitching into the job of housecleaning.
—Calling up a friend and saying, "Let's go shopping and have lunch downtown."
—Potting a plant for the house, cutting flowers and arranging them, or digging in the garden.
—Doing something thoughtful for someone whose troubles make her own look small by comparison.
—Baking a cake, stirring up a batch of homemade bread, or making jelly.
—Planning a party — deciding on the guests, planning the menu, and so on.
—Deciding to join an exercise class, take a sewing course, or enroll in a night school course.
—Getting out a can of paint and a brush and going to work on a drab room or an old piece of furniture.
When a woman is momentarily depressed or dissatisfied there are dozens of ways she can work herself out of the doldrums. The only important thing is that she get busy doing something.

Former Fashion Model Turns Talents To Designing High Style Apparel

By GALE DUGAS
NEA Women's Editor

NEW YORK (NEA) — What happens to a fashion model when she stops modeling? The answer varies. Some girls retire to keep house and rear a family. Others go into other phases of the fashion business: advertising, buying, styling and, very occasionally, designing.
A flair for wearing clothes does not always mean a talent for designing. But in the case of a fashion model named Fon-Tayne, it did. Before she opened her own custom salon in New York, she was a high fashion model who designed and made all her own clothes.
This led to designing clothes for other models, girls who were delighted by the fashions that Fon-Tayne wore. And gradually, the designing became more important than the modeling.
She has the ability, as any good designer must, to anticipate fashion trends. Her blouses suit appeared fully a year before it blossomed in the balance of the fashion field.
Each Fon-Tayne collection stars a cape or two as a sort of fashion signature.
In her present salon, the designer creates custom clothes at prices a woman might expect to pay better shops.
Occasionally she designs for the theater and television. And whenever her collections are shown at large hotels in New York, Fon-Tayne herself appears as model wearing the fashions she herself has created.

The Weekly Message Of Inspiration

REV. C. C. CAMPBELL
St. Mark Methodist Church
Sub. PRAISE GOD

"Blessed are they that dwell in thy house: they will be still praising thee." Psa. 84:4.

Praise God for a home. Tens of thousands of boys and girls will go to sleep to-night without a mother to tuck them into bed, and without any one of the pleasures of home about them.

Praise God for food and clothes. Millions of persons are hungry to-day, and many of them are suffering for want of clothing.

Praise God that you do not lift blind eyes to a sky you have never seen. Be grateful for your sight, through which so many of your pleasures come. Praise the kind Father in heaven, too, for your hearing and speech. Are not the sun, moon, the stars, the air, the water, the rain, the snow, the trees, the flowers, worth a word of praise? Yet how seldom do we thank God for these common blessings?

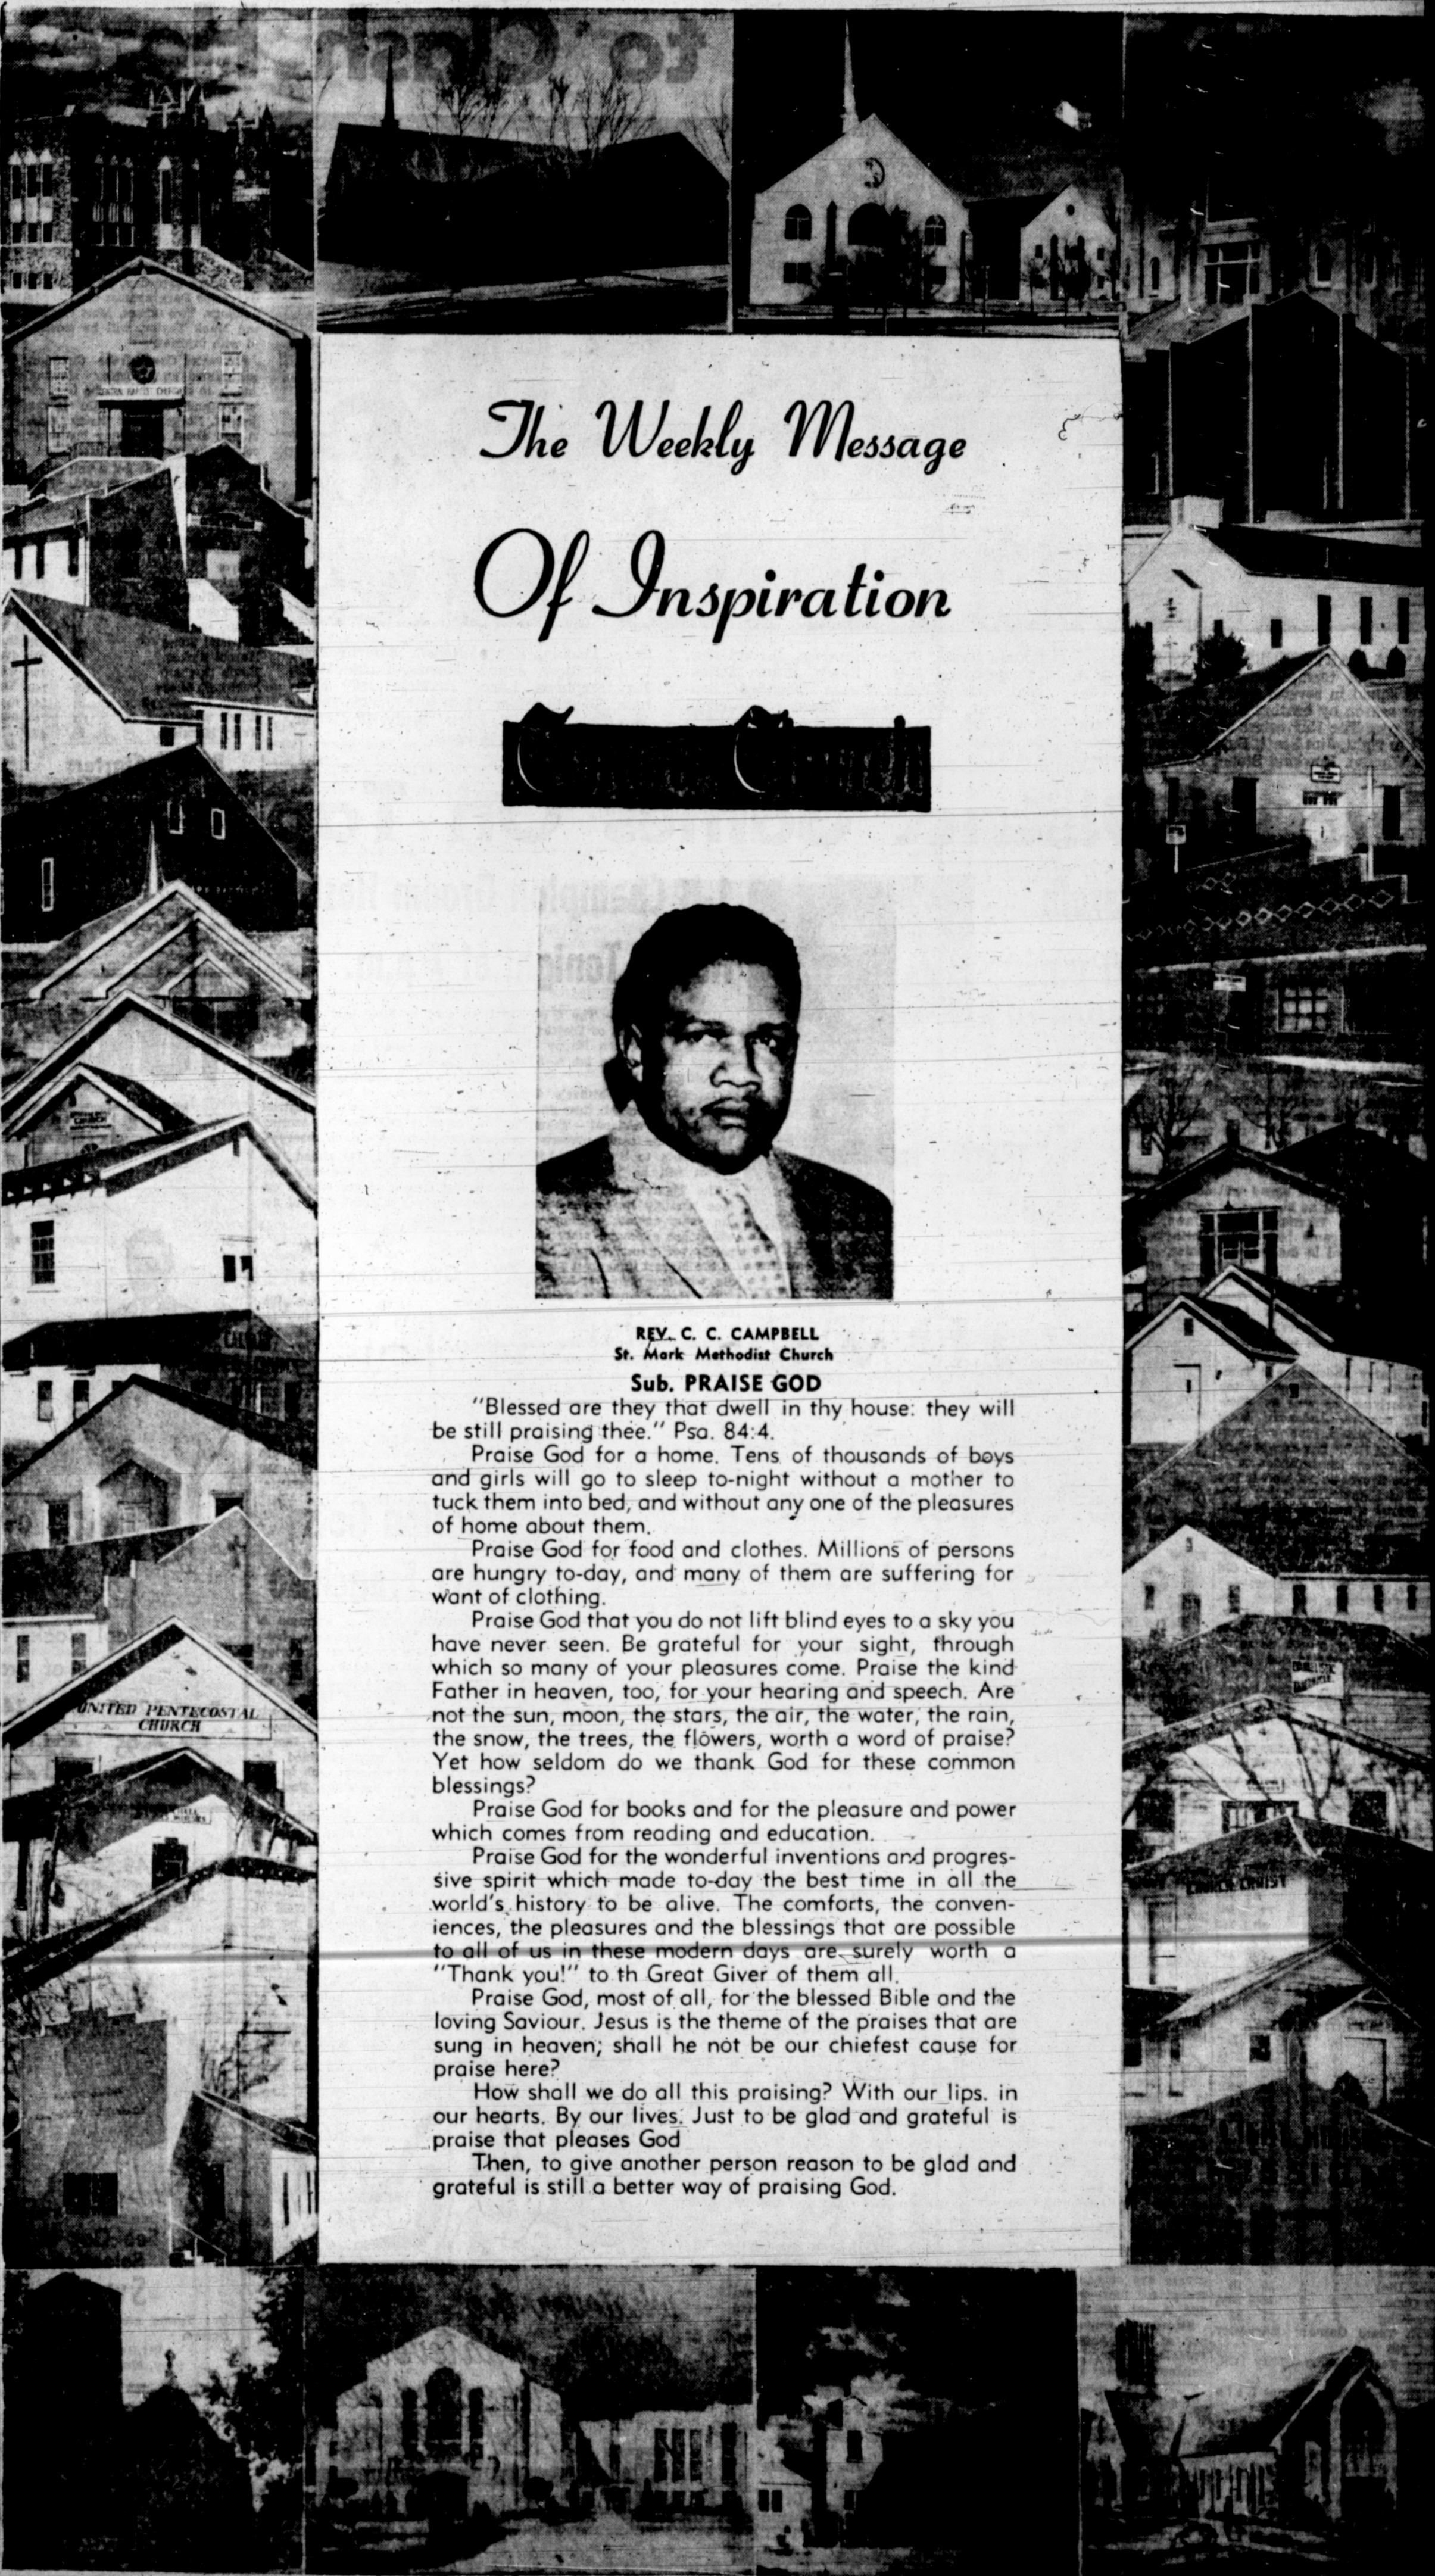

Praise God for books and for the pleasure and power which comes from reading and education.

Praise God for the wonderful inventions and progressive spirit which made to-day the best time in all the world's history to be alive. The comforts, the conveniences, the pleasures and the blessings that are possible to all of us in these modern days are surely worth a "Thank you!" to th Great Giver of them all.

Praise God, most of all, for the blessed Bible and the loving Saviour. Jesus is the theme of the praises that are sung in heaven; shall he not be our chiefest cause for praise here?

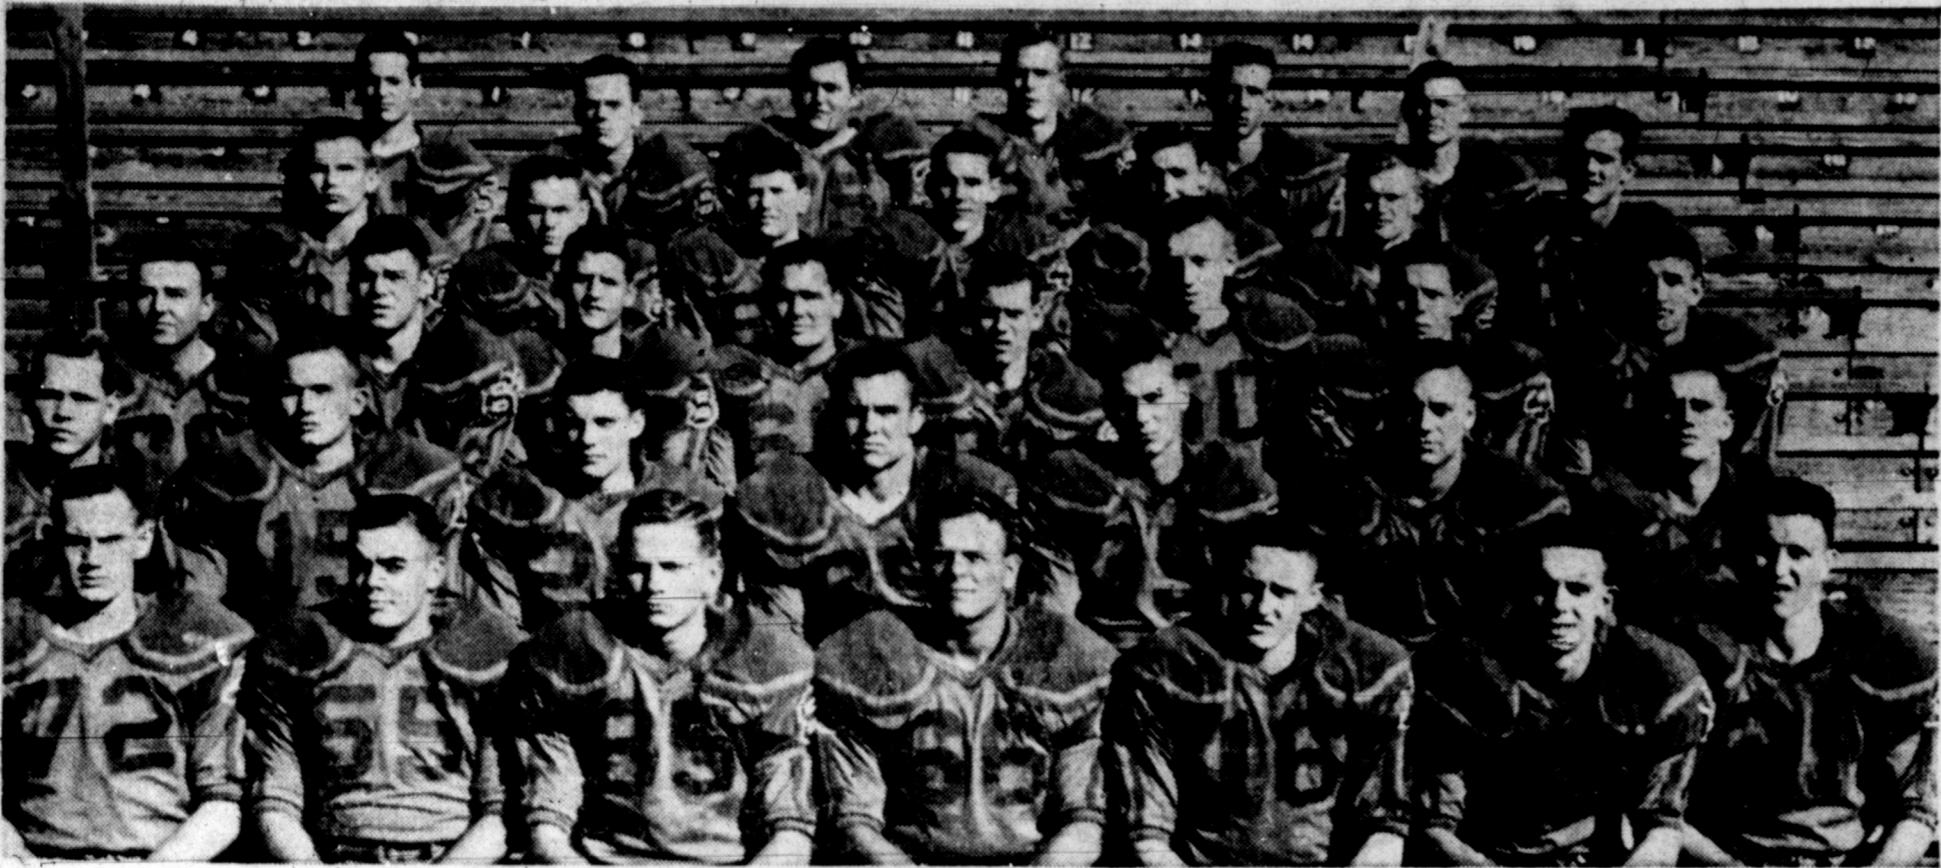

How shall we do all this praising? With our lips, in our hearts. By our lives. Just to be glad and grateful is praise that pleases God.

Then, to give another person reason to be glad and grateful is still a better way of praising God.

Pampa, Borger to Clash Here Saturday

Curfman Names All-Senior Lineup For Final Contest

PAMPA HARVESTERS—The 1959 Harvester football team, Pampa's most successful squad in several years, can have a winning season by beating Borger here Saturday at 2 p.m. The Harvesters are, front row, from left to right, Jim Scott, Butch Dunham, Charles Warren, Rowland Stone, Bobby Stephens,

Ronnie Smith, Terry Haralson, Second row, Lynn McGee, Buddy Rawls, Ruben Strickland, Harold Stokes, Dvain Urbanczyk, Benny Stout, Mert Cooper. Third row, Jerrill Reed, Terry Rexroad, Jimmy Boyles, Lynn Schoolfield, Mack Taylor, Duke Garren,

Steve Dobbin, Kent Mitchell, Fourth row, Charlie Giese, Jimmy Storms, Dickie Wills, Roy Stephens, Larry Taylor, Lucky Dunham, Sherrill Miller, Fifth row, Jackie Bromlow, Bob Followell, Larry Braly, Roy Dyer, James Webb, Billy Cooper.

Sixteen Pampa seniors will be playing their last game for the Harvesters Saturday, at 2 p.m. in Harvester Park against the Borger Bulldogs. Two others, Mert Cooper and Mack Taylor, will be sidelined with injuries.

Harvester Coach Babe Curfman has named an all-senior starting lineup, to try to defeat the best of Pampa's offensive and defensive team in the district. Borger leads District 3-A in just about everything but what counts the most—the standings.

"We've certainly got a ball game ahead of us," Curfman said. "Borger leads the district in total offense, total defense, and passing. They've scored more points than anyone in the district, and had less points scored against them than anyone in the district. And they have a coach (Gene Mayfield) who'll run up the score if he gets the chance."

Curfman said, however, that he thinks the Harvesters can win if they'll play ball as they did in some of their better games this year.

The Harvesters, picked in a pre-season poll to finish in seventh place in the district, can clinch fifth place and assure themselves of a winning season by beating Borger. The Harvesters have a 4-4-1 season record and a 2-3-1 district mark.

"No matter what happens Saturday," said Curfman, "these boys have revived football interest in Pampa. Their spirit and attitude is the best of any group of boys I've ever seen, and they played hard without a real letdown, all season. They've never complained, no matter what the playing or working-out conditions were."

"I certainly hate to lose these seniors," he declared, "but I'm sure the juniors and sophomores will carry on in the same spirit next year."

Curfman said that he will use as many seniors as possible on either offense or defense. The only seniors who are not regular offensive or defensive starters are a tackle Jerrell Reed, quarterback Ronnie Smith, and defensive end Lynn McGee.

Senior defensive starters not starting on offense are—halfback Buddy Rawls, 165 and linebacker

Two Bi-District Games On Tap

Miami Will Play Nazareth in Panhandle, at 7:30 p.m.

1-B Champion Groom Hosts Happy Tonight at 7 p.m.

MIAMI (Sp1)—The Warriors, champions of District 1, meet Nazareth tonight at 7:30 p.m. for the district championship.

Miami, the only undefeated team in this area, brings a season mark into tonight's contest. One of the Warriors' victories is a 58-22 win over Nazareth in non-district game.

Miami's attack is almost completely airborne. Quarterback George Anderson does most of the driving for the Warriors, but fullback Paul Thompson has pitched passes.

Larry Anderson and Tom Hollis are the Warriors' top receivers, as well as their ding scorers. Anderson has scored 31 passes, nine for touchdowns, and Hollis has caught eight passes, seven for touchdowns.

These figures do not include two district games in which Miami scored a total of 116 points. When the Warriors air game is figured down, Parsons called on halfback Tuck Setz and Thompson to run with the ball. Both did fairly good job of rushing.

Miami's defense has been exceptionally strong for the wide-area six-man game. Only district lineman Booker scored as many touchdowns in one game against the Warriors. Miami scored one shutout this season (sixth almost unheard-of in six-man football) over Mobeetie.

The Warriors' defense will have been able to stop a strong Nazareth team that tonight. Although Miami beat Nazareth earlier this season.

Coach Parsons has great respect for his opponents offense. He says the Nazareth team is steadily improving, and he expects to have a tough ball game tonight.

Miami's 18-man squad is in good physical shape. Only one man, reserve quarterback Mike Lopez, is out with an injury. He has a broken leg.

Miami players who see a great deal of action, but who are not regular starters, are James Strawn, 145-pound left end; Mark Airrington, 150-pound defensive center, and Jimmy Bowers, 145-pound offensive back and extra-point kicker.

GROOM (Sp1)—The Groom Tigers, champions of District 1-B, meet 2-B champion Happy here tonight at 7 p.m. in the bi-district play-off game.

Coach Kenneth Miller's Tigers hope to win tonight, then go on to repeat as regional champion. Many of the same players who led Groom to its 1958 regional crown will be playing tonight.

The Tigers' solid defense will face possibly its toughest test of the year, against a Happy team which has averaged more than 35 points per game. Happy has one of the biggest lines in the Panhandle, with four men over 200 pounds.

The Happy squad is even more experienced than Groom, with nine starters back from last year's district-champion team.

Groom's offense, which depends almost entirely on power running, may be hampered by the loss of fullback Steve Gorman, who sprained his arm last week in the Claude game. Gorman, Groom's top power runner and second leading scorer, may be replaced by Lloyd Littlefield.

The Tigers may have to depend heavily tonight on Robert Reed, the speedy left halfback who has scored 62 points for the Tigers this year. Reed is considered Groom's top breakaway threat. The fact that Groom doesn't have much of a passing attack may put an especially heavy load on Reed's shoulders.

Coyotes Must Win To Gain Playoffs

United Press International

Defending champions Breckenridge and Wichita Falls face a do-or-die situation in their respective bids to enter football playoffs again this year.

Both teams are solid favorites to win this weekend, but an upset by Brownwood over AAA Breckenridge or one by Grand Prairie over AAAAA Wichita Falls, could alter the picture enough to send the underdogs into playoffs instead.

Boerne-Cotulla at Pleasanton in A.

Ten AA survivors and seven A teams are undefeated-undefeated as they enter the playoffs, but the list will be trimmed by at least two because of the matching of Denver City-Floydada and Olney-Arle—AA perfect record holders.

The other untarnished records are owned by Stamford, Cisco, Belton, Palacios, Freer and Edcouch-Paisa in AA and Mason, Crowell, Liberty-Eyiau, Gaston, Anahac, Katy and Bishop in A. In addition, Kennedy of A is unbeaten but has been tied.

District 9AAAA was thrown into a muddle as Houston Milby upset Houston Reagan 28-13 last night. Milby can become champion now if Sam Houston beats Houston Jeff Davis.

The Class AAAA and AAA divisions still have 22 of 32 playoff berths unclaimed as they head into the final games of the regular season tonight. At the same time, Class AA and A open their five-week elimination grind.

Stamford is already set up with a playoff ticket.

The three champs are favored to at least reach the finals and probably repeat, but there is no outstanding favorite in Class A, since 1958 champ White Deer fell before McLean in district play.

Stamford takes aim at its fourth state crown in five years as the clashes with Quanah today.

Olton at Canyon and Denver City at Floydada also are day-light games—both AA. All other games are scheduled for tonight except for four—two each in AA and A—set for Saturday night.

Saturday's games involve Jasper at Port Acres, Deer Park-Palacios at Bay City in AA and Sundown-Roscoe at Lamesa and

in the AA AAAA ranks, Abilene and Corpus Christi Fay in AAAA and Noland and San Marcos in AAA own perfect records, while Wichita Falls and AAA's Bay City and Eagle Pass are unbeaten but tied. Ironically, Bay City will not be in the playoffs since its tie game was with La Marque, which won the play-off spot by the penetration rule.

Boston Gets AFL Franchise

BOSTON (UPI)—A group of New England sportsmen have cleared their first hurdle in bringing professional football back to Boston by they faced still another major problem today.

William H. Sullivan Jr., sports promoter and Boston businessman, announced Thursday that a franchise had been obtained for the city as the eighth club in the newly formed American Football League.

Though Sullivan confidently predicted that "we'll open our season next September," there still remained the problem of finding a place to play.

There are a number of suitable stadiums in the area but most of the owners have indicated no desire to provide space for pro gridgers. A team would need space for at least 25,000 fans while at home to break even.

Sullivan gave no indication of how he intended to solve the stadium problem but he appeared confident the team would have a place to play.

Jim Clark Leads Almaden Tourney

SAN JOSE, Calif. (UPI)— Jim Clark led a five-under-par 67 the field by two strokes today going into the second round of the \$7,500 Almaden Open golf tournament.

Clark fired a five-under-par 67 in the opening round Thursday, collecting six birdies against one bogey.

Bob Wagner, an amateur from San Jose State College, finished in second place Thursday with a three-under-par 69. He was followed by Bill Eggers, a Portland professional, who had a 70.

IT'S A CORKER — Corky Morse, left, of Pampa and Doc Wilkerson of Borger trade lefts and rights in a fast exchange of punches during their 126-pound fight Thursday. Morse won a close decision, to become one of Pampa's six winners in inter squad bouts. The Morse-Wilkerson fight was one of the best of the night. (Daily News Photo)

3 TKO's Highlight Thursday's Fights

By **RED GRIGGS**
Daily News Sports Editor

Three technical knockouts featured Thursday's fight card at Pampa Optimist Boys Club, as Pampa won six of eight bouts to take team honors. Lefors won five of nine and Borger lost all of its four bouts.

One of the fastest TKO's ever seen here (or anywhere else) occurred in the Gary Smith-Royce Moss 135-pound fight. Smith, a Lefors fighter, moved into the center of the ring after the opening bell and knocked Moss to his knees

with one solid punch. The Borger boxer hung on to the ropes, making no attempt to get up, and referee Cliff Dunham immediately stopped the fight.

Dennis Combs of Pampa stopped Charles Ingram of Borger in 40 seconds of the second round, in their 125-pound scrap. Combs floored Ingram, knocked the breath out of him, and referee Ronnie James (who alternated with Dunham in calling the fights) stopped the bout after making sure Ingram was not seriously hurt.

The third TKO of the night was scored by Tommy Cain of Lefors over John Lumpkin of Pampa, at the end of the first round in a 90-pound fight, when it was decided Lumpkin should not continue with the fight.

Pampa's Morse brothers, James and Corky, took part in the two best decision fights of the night. Corky won and James lost.

In a 126-pound bout, Corky Morse and Doc Wilkerson of Borger stood toe-to-toe and sluggered it out for three rounds, much to the delight of a near-capacity crowd. Morse took a close decision.

Kenny Powell decisioned James Morse, who was fighting in place of Jim Murray in what was expected to be the night's feature

McLean-Stinnett Contest Set Here Tonight, 8 p. m.

The McLean Tigers meet the Stinnett Rattlers at 8 p. m. tonight in Harvester Park, for the bi-district championship.

McLean was a surprise winner in District 2-A. The Tigers went through their district undefeated, upsetting defending champion White Deer and favored Canadian, after being picked for the cellar.

Stinnett, with seven returning regulars in its lineup, started its season with victories over Clarendon and White Deer, and was rated the number-one class A team in the state. The Rattlers held that rating until they were upset in the last game of the season by Spearman, 14-6.

The Spearman upset threw the 1-A race into a three-way tie between Stinnett, Spearman, and Gruver. Stinnett went into the playoffs on the flip of a coin.

Despite last week's upset, Stinnett will be favored by at least a touchdown, going into tonight's game. The Rattlers have a nine-pounds-per-man advantage in the line over McLean (154 to 145) and have a better record both on offense and defense.

One thing Stinnett can't match, however, is McLean's speedy and

shifty fullback, Billy Crockett. The 175-pound all-state candidate has scored 110 of McLean's 197 points this year, made most of the Tigers' yardage, and played outstanding defensive ball.

Stinnett Coach Don Light admits that he doesn't have anyone fast enough to catch Crockett once he breaks into the clear — and he's done just that plenty of times this year, behind the fine blocking of McLean's backs and linemen.

However, the Rattlers' defensive record is good enough to indicate that they might be able to contain Crockett. Stinnett has scored 253 points this year, while allowing only 75. Only two teams, Spearman and class AA Dalhart, scored two touchdowns against the Stinnett varsity. Stinnett has blanked

three good teams (Canadian, Gruver, and Sunray) and held two other fine squads, White Deer and Clarendon, to one touchdown.

Stinnett's offense is pretty much a routine one, depending heavily on power running. Halfback Kenneth McLean and Larry Anderson, and fullback Donny Anderson, have accounted for most of their yardage through the line.

McLean's offense, while depending heavily on Crockett, also includes the passing of quarterback Kenny Willingham and the running of halfbacks Jimmy Watson and O. K. Lee.

Over the season, the Tigers have scored 197 points, against opposition which might be considered just a shade weaker than Stinnett's.

The Tiger defense has been al-

most-as good as that of the Rattlers. McLean allowed only 107 points over the full season, and only 42 in six district games. The Tigers shut out powerful Canadian and held the White Deer Bucks to only one touchdown.

The main ingredient of McLean's surprising success, according to Coach Clifford Bradshaw, is not Crockett or the defense. It's just plain hard work and desire. Bradshaw figures they'll need plenty of both to beat Stinnett tonight.

McLean players likely to see action tonight, besides the starters, are Don Wood, 140-pound defensive halfback; Butch Carter, 150-pound end and Don Rice, 155-pound defensive middle guard.

Those who may play for Stinnett, in addition to the starters, are defensive cornerbacks—Don Hazel, 150; fullback Floyd Watson, 130 and tackle Dwaine Meador, 205.

Aussies' Peter Thompson Tops Field in International Tourney

MELBOURNE, Australia, (UPI) — Peter Thompson fired his third straight sub-par round with a 65 today for a 204 total which led Canada's Stan Leonard by one slender shot going into the final round of the International Golf Championship.

Thompson's par busting over the par 70 Royal Melbourne Golf Club also enabled the Aussies to maintain their seven-shot lead in the two-man Canada Cup race against Canada, as Uncle Sam's representatives took a bogey bath.

Sammy Sneed fell off pace with 73 to trail Thompson by seven shots for individual honors with 211, while Cary Middlecoff hacked his way to a second straight 75 for a 222 total. The U.S.A. was 13 shots back of the front-running Aussies.

The Americans were vastly irritated by their poor showing and

were unsociable, drawing the ire of the Australians.

With one round to play, Thompson stood one shot in front of Leonard, with Sneed third, another six shots away at 211. South Africa's Gary Player was fourth at 215, Aussie Keli Nagle fifth at 216, England's Peter Allis sixth at 217, Middlecoff, the Memphis dentist, was obviously upset over his poor play. He stormed hastily from the course after shooting his five over par round, refusing even to talk to American newsmen. He had a ragged round in which he drove poorly and his concentration obviously was off.

Porks May Go To Gator Bowl

JACKSONVILLE, Fla. (UPI) — The Arkansas Razorbacks, who have lost only two games in a rugged schedule will play in the Gator Bowl here Jan. 2 if Texas beats Texas A&M on Thanksgiving Day.

If Texas loses, Arkansas will go to the Cotton Bowl and the Gator Bowl will have to start looking for another visiting team.

Gator Bowl Chairman Van Fletcher announced Thursday night that Arkansas accepted a bid to play here if it does not go to the Cotton Bowl.

The host team is expected to be one of a list including Clemson, Georgia, Georgia Tech and Alabama. The Gator Bowl also would like to have either Mississippi or Louisiana State, but it was felt here the teams would be re-matched in the Sugar Bowl.

Arkansas has a 7-2 record through last Saturday and winds up its season Saturday at Little Rock against Texas Tech. Arkansas lost 13-14 to Texas and 0-28 to Mississippi. The Razorbacks have defeated Tulsa, Oklahoma State, TCU, Baylor, Texas A & M, Arkansas wins the southwestern conference championship and automatically will become host team against Syracuse in the Cotton Bowl. If Texas loses and TCU wins its remaining games against Rice and SMU, TCU would be Arkansas for the championship. Arkansas would still get the Cotton Bowl bid in this event because the Razorbacks beat TCU in their regular season game, 3-0.

The Gator Bowl seats 45,000 persons and pays about \$85,000 to each of the competing teams.

That's deeper than it is wide. If the wound is penetrating, like one made by a nail or a bullet, painting the skin with germicide is about as useful as trying to wash your feet before you've taken off your shoes...
You may never get the germicide to bacteria in the depths of the tissues if you apply the solution to the surface of a wound.

Nerve Of Nervo

SAN FRANCISCO (UPI)—A titled Frenchwoman gave this prescription today for marital happiness.

Baroness Monique de Nervo of Paris, here as special ambassador for the French champagne industry, advised wives to drink a glass of champagne in the morning and then send their husband off to work "with a long kiss."

"To the husbands, Baroness de Nervo suggested that they forget office matters before coming home. "Wives don't need office time," she said. "They need husband time."

Jr. Class Play

'Then Came Spring
Given This Week

Cast members of the Junior Class play, "And Then Came Spring," gave their closing performance last night on the stage of the Pampa High School auditorium.

The three-act comedy, written by Marjane and Joseph Hayes, was presented the first time Monday night.

Characters in the production were portrayed by Rudy Hullen, Mr. Jeffrey; Verena Hunter,

Mrs. Louise Hartman; Jan Hall, Midge Hartman; Sue Collins, Virginia Hartman; David Parker, Elliott Hartman; Tom McPeak, Buzz Tinsley; Jerry Baxter, Keith Nolan; Mike Moorman, Freddie North; John Prince, Mr. Fields; Lucky Dunham, Allan Fields; Lynn McGee, Clancy; Kristi Brown, Carolyn Webster; Tercia Flowers, Bobby Allen; Rita Robinson, Edna; Glenda Gorman, Mrs. Fields; and Annette Preston, Christine Myers.

The comedy depicted the life of a typical American family and the problems they shared.

Scene of the play was the living room of the Hartman home and the time was the present.

Production staff for the play included Miss Beverly Smith and Bob Hamilton, directors; Judy Miller, assistant director; Mike Moorman, sound effects; Patricia Bryan, properties; David Parker, Jerry Baxter, Sue Collins, Verena Hunter, Kristi Brown, and Margaret Meeks, stage set; Theatrical Troupe 1010, make-up, and Willetta Tucker and Beryl Nash, advertising.

Members of the Junior Class sold tickets for the production of "And Then Came Spring."

Changes Plea,

Gets Life Term

SYLVANIA, Ga. (UPI)—A defendant in the shooting of a local constable twiddled nervously.

The jury was out deciding his fate. Then Tom Willie Evans, 55, rose from his chair and told the judge:

"I can take life. I can make it," he said.

Evans, who had pleaded in court in the shotgun shooting of Constable Rufus C. Cleas, changed his plea to guilty.

Judge R. L. Renfro called back the startled jury and sentenced Evans to life.

"That's the most unusual proceedings I have witnessed in years," said Evans' attorney, L. Olom.
