City Commission Meeting

Water Plan Is Discussed

Pampa's City Commission this morning reappointed Clinton Evans to serve a two-year term on the board of directors of the Canadian River Municipal Water Authority.

Passion Play Opens 3-Day Run Tonight

"Tickets are going good," Mrs. O. K. Gaylor, office manager for ticket sales for the Black Hills Passion Play, said today at the Southwestern Public Service Company, 315 N. Ballard, where reserved seat tickets are on sale from 9 a. m. to 5 p. m.

The entourage and stage properties for the play arrived here Thursday for the three-day engagement at the Pampa Junior High School Auditorium, starting at 8 tonight.

Reserved Seat Chairman Roy Taylor announced that tickets at all prices can be bought at the auditorium preceding each performance.

The Passion Play is being sponsored by the Noon Lions Club. A special matinee for the children has been arranged Saturday at 2 p. m. Student tickets are 75 cents and adult tickets, \$2.

The student matinee will not be a reserved seat performance. Box office will open at 1 p. m. at the junior high school.

Quiz Winner Fired; Slated To Testify

WASHINGTON (UPI) — The big question facing congressional investigators today was whether Charles Van Doren would show up to testify about the allegedly rigged "21" TV quiz show on which he collected \$129,000.

The 33-year-old scholar, who now holds a \$50,000 a year contract with NBC, was suspended Thursday from further appearances on the network until questions raised by a House subcommittee are resolved.

NBC announced the action shortly after Chairman Owen Harris (D-Ark.) announced that Van Doren had not replied to an invitation issued Wednesday night to appear before his group.

Harris said early this morning he still had received no word from Van Doren.

The chairman pointedly observed that the subcommittee would wind up today its public inquiry into charges that TV quiz programs were fixed and no further hearings were scheduled.

The subcommittee has heard testimony from former contestants and from insiders that the now-defunct quiz show "21" on which Van Doren won nationwide fame was rigged.

No one has charged that Van Doren has denied that he was given questions or answers in advance and has been quoted as standing on that denial under oath before a New York county grand jury which investigated TV quiz shows.

Crackdown On Double Parking

Double parking on downtown streets has become a problem "and is getting worse every day," Police Chief Jim Conner said this morning.

He warned motorists that double parking is against the law in Pampa. Conner added that downtown traffic is further being hindered by motorists parking in alleyways.

Conner cited an ordinance that forbids parking that "blocks the flow of traffic" in streets or alleys. Thirty-eight persons were tagged during September for illegal parking procedures.

Ex-Defense Boss Has Heart Attack

DETROIT (UPI) — Former Defense Secretary Charles E. Wilson was recovering today from a mild heart attack.

Doctors discovered he had suffered a heart attack when he entered the hospital for an examination. He apparently was stricken in Florida last week, Wilson's son, Thomas, said.

Wilson was reported in satisfactory condition but his family said he would remain in the hospital several weeks for further rest and treatment.

AWARD-WINNING JOURNALISM — Three proud editors of two Pampa High School publications, the Harvester Yearbook and the weekly Little Harvester, display two first-place trophies won by the school at the Oct. 3 newspaper and yearbook contest at Texas Tech. At center is Lynda Wilhelm, editor-in-chief of Little Harvester. Left and right are Micheal Brown and T'rey Patterson, co-editors of the Harvester Annual. The awards, emblematic of producing the West Texas area's best publications, were presented during the annual West Texas High School Press Association contest in Lubbock. (Daily News Photo)

9 Coeds, Prof Dead In Crash

NORTH BRUNSWICK, N.J. (UPI) — Nine coeds and a professor burned to death early today when a tank truck smashed into the rear of a bus bringing Trenton State College girls home from a theater party.

Fumes exploded and the chartered bus was blanketed in flames. Police said at least nine of the 41 coeds in the bus were killed along with Prof. Ernst Sixta. Five other girls were hospitalized, one in critical condition.

Police said the Layton Co. bus had stopped for a red light at 12:45 a. m. (left) when the tanker crashed into it. Another college bus had just cleared the intersection.

The truck driver was only slightly injured. All the dead were from New Jersey.

A tank truck driven by Roscoe Poe, 54, of Brooklyn, plowed into the rear of the bus, state police said. The "bus" gasoline tank exploded with a tremendous roar, sending flames racing through the vehicle. The truck also burst into flames.

The bus and truck were swiftly charred almost beyond recognition. The bodies of the 10 dead were so blackened they could not be identified immediately.

The tank truck had been empty at the time of the collision, but was filled with combustible fumes that added to the fury of the fire, state police said.

The students were returning from New York, where they had seen Archibald McLeish's Broadway play "J. B.," a modern version of the biblical story of Job in which man questions the reason for the horrible tragedies of life.

State police said another bus, also carrying some 41 students back to Trenton, had just passed the light before it turned red. The second bus had to wait—and was rammed by the truck.

Rain poured down on the accident scene, south of the New Brunswick circle in this Middlesex County community. The sickening odor of charred flesh filled the air as rescue workers took away the dead, dying and injured.

The injured were taken to Middlesex General and St. Peter's hospitals in New Brunswick.

The blackened skeleton of the bus stood in the left lane of the west-bound side of the highway. The truck was in the right lane, almost directly behind it.

Filled coffins and a stretcher containing remains of flesh stood beside the bus.

Unable to question the injured bus driver, state police could not say why the truck had crashed into the bus.

Troopers blocked off the highway for a quarter of a mile and diverted traffic to the Ryders Lane cutoff.

Jurors Being Picked

A special venire list of 90 prospective district court jurors is being drawn today by Judge Lewis Goodrich.

Court Clerk Helen Sprinkle said the complete list will be published next week after each juror has a state's only measurable rainfall, amounting to .37 inch.

The Weather Bureau's five-day forecast called for temperatures 2 to 5 degrees below normal throughout the state, with even colder weather expected to move in late Sunday or early Monday.

Concert Plays To A Sell-Out

The season's first community concert played to a capacity house last night in the junior high school auditorium.

Frances Archer and Beverly Gile presented a program of folk songs, including music from many countries and sung in the native languages.

A highlight of the evening was a medley of songs commemorating the Texas Centennial of 1960, which included popular Civil War songs, both North and South, and ended in a rousing rendition of "Dixie."

A review of the evening's fare by Tracy Cary will appear in Sunday's Daily News.

Russian Says Weather Can Be Controlled

WASHINGTON (UPI) — A Russian engineer says it might be possible to improve the climate of the north with the help of a 50-mile dam across the Bering Strait between the Soviet Union and Alaska.

With atomic power, he would pump water by the thousands of cubic miles from the warm Pacific side of the dam into the cold arctic side.

The idea is attributed by the Moscow newspaper Komsomol'skaya Pravda to A. I. Shumilin, Shumilin's project, the paper said, "would moderate the climate of the arctic and its adjoining continents."

The newspaper published a survey of Soviet scientific opinion on whether man can change the weather on a large scale. The article was distributed here by the Commerce Department's office of technical services.

First Salk Shot Holds The Key

PITTSBURGH (UPI) — Dr. Jonas E. Salk, developer of the Salk polio vaccine, said Thursday any failure by the vaccine to provide protection can be blamed on "insufficient" strength of the first dose.

"The idea that there are 5, 10 or 15 per cent of the population who cannot respond to the vaccine is not so," Salk said.

The University of Pittsburgh scientist explained in a speech here that the first dose is "crucial" because it creates a barrier for subsequent inoculations. He said the strength of the first dose also affects the protection level that will be gained by a "booster shot."

Motorists Report Thefts From Vehicles

Two Pampa motorists reported that items were taken from their parked vehicles here Thursday.

H. R. Jennings, 1104 Prairie Drive, said a Perko camera, case and light meter was taken from his parked car last night in the 800 block on S. Cuyler.

Earlier in the day Bill Helton, 704 Doucette, told police he discovered tools and a tool box missing from his parked Southwestern Public Service truck in the 300 block on S. Cuyler. Both drivers said they had only parked 15 minutes, and that the losses must have taken place during that time.

Landslide Victory For Conservatives

British Labor Party's Third Straight Loss

LONDON (UPI) — A Conservative landslide swept Prime Minister Harold Macmillan's Conservative Party back into power today. There were indications the Conservatives' campaign theme of peace and prosperity would net them a crushing majority of 100 to 130 seats in Parliament.

Midday returns from Thursday's general elections gave the Conservatives an absolute majority in the House of Commons, with results still pouring in.

The third in a series of defeats for the Labor Party cast the fate of the party and its leadership in-doubt-and-hid-fair-to-change the pattern of British politics.

With 606 of the 630 seats decided, the Conservatives had won 351, a gain of 21; Labor 250, a loss of 22, and the Liberals 5, a gain of 1.

The popular vote showed the Conservatives had polled 13,289,591, or 49.5 per cent; Labor 11,753,094, or 43.9 per cent; Liberals 1,542,284, or 5.8 per cent; Communists, 30,897, or 1.1 per cent; and others 187,265, or 0.7 per cent.

The voters in Macmillan's own suburban constituency of Bromley re-elected him as their member of Parliament by a margin of 15,542 over his young Laborite opponent, John Murrey. The margin was 2,403 greater than in the last general elections.

The Conservative victory had an immediate buoyant effect on the stock market, with industries freed from the fear of further nationalization by the Socialist Labor Party. Stock dealers massed on the steps of the London Stock Exchange long before it opened in expectation of the boom.

Western European official and political circles expressed satisfaction at the Macmillan victory and looked forward to an early summit meeting and no changes in British foreign policy. In Washington the reaction was one of restrained pleasure.

British newspapers saw the election result as a personal triumph for Macmillan and a crushing defeat for Labor. The general belief was that the future of the Labor Party appeared bleak with the small Liberal Party destined to rise again.

Afterwards, White House News Secretary James C. Hagerty, who also attended the meeting, was asked if a decision was made to seek a back to work injunction to halt the strike for 90 days.

"I have no comment at this time," Hagerty told newsmen.

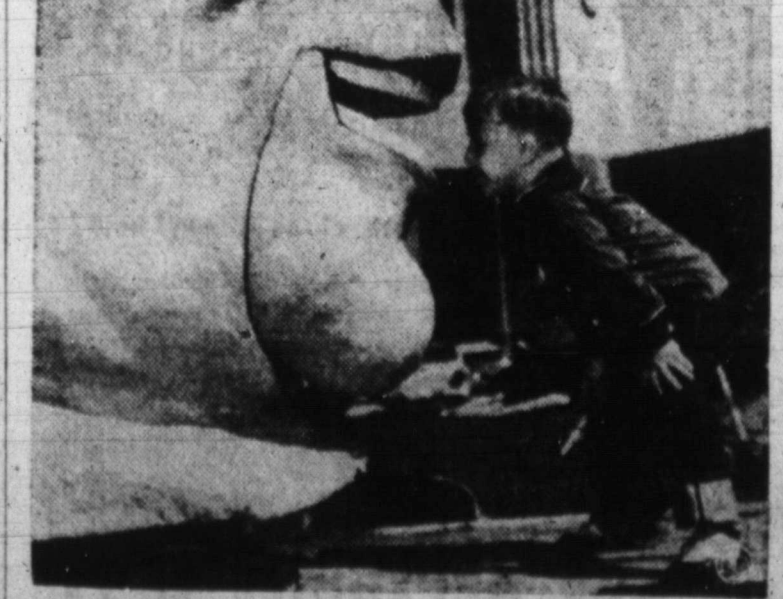

Others who attended the top level discussions were Wilton P. Persons, assistant to the President, and David Kendall, White House general counsel, and Raymond J. Saulnier, chairman of the President's Council of Economic Advisors.

Hagerty left open the possibility of government action later today.

Fire Kills 4 Children

FENTON, Mich. (UPI) — Four children, ranging in age from 10 to 14, were burned beyond recognition early today when fire destroyed a section of a large old house here.

Police identified the victim as Shirley McKuen, 14, and her three brothers, Lawrence, 13; Stanley, 11, and Donald, 10.

SOME MOLARS — "Wow, what teeth!" says 4-year-old Cole Kolkohn as he peers into the mouth of "Big Tex," the 52-foot-tall symbol of the State Fair of Texas. The fair opens today in Dallas. (NEA Telephoto)

FREE POLIO CLINIC SATURDAY AT HIGHLAND GENERAL HOSPITAL

Gray County's free polio shot clinic will again be open for parents and youngsters Saturday morning at Highland General Hospital. The weekly clinic opens at 8:30 a. m.

County Health Officer Dr. Joe Gates assured residents today that an "adequate supply of Salk vaccine will be on hand," at least enough for 500 persons.

Youngsters and parents who were given their first shot four weeks ago are advised that their second shots should be given Saturday. More than 60 persons attended last Saturday's clinic, following two successive weekends when over 200 shots were administered.

Longshoremen End Paralyzing Tieup

NEW YORK (UPI) — Longshoremen reported to work today from Maine to Texas, starting the flow of vital food and raw material cargo into eastern and southern ports for the first time in eight days.

The paralyzing dock strike was ended by a court order issued to protect the health and safety.

In Washington, the Association of American Railroads lifted the embargo it imposed last Thursday on freight shipments to Atlantic and Gulf Coast ports idled by the strike.

Ralph E. Clark, chairman of the association, his service division, wired the railroads this morning to resume immediate mail and postal shipments.

All ports reported longshoremen on hand but work was slow in Philadelphia and southern New Jersey by heavy rains. In New Orleans, officials said it would take three weeks to clear waiting cargoes and return the port to normal operation.

First order of business was the unloading of 30 million dollars worth of perishable cargo, some of which was reported just short of the spoiling point.

The International Longshoremen's Association (ILA) ordered its men back to work to comply with a federal court order issued Thursday night under provisions of the Taft-Hartley law.

Federal Judge Irving R. Kaufman acted on a government request for the injunction sought under orders from President Eisenhower who termed the strike as contrary to the health and safety of the nation.

It was expected to take almost a week to clean-up the backlog of cargo piled up on docks and in holds of more than 200 ships tied up in ports from Searsport, Maine, to Brownsville, Tex.

The strike has cost millions of dollars a day in lost wages and business. Manufacturers and construction firms had begun to feel the pinch of a raw materials shortage. Some foodstuffs, like bananas, were in short supply.

Negotiations on a new labor contract were expected to be resumed Oct. 19 between the ILA and the New York Shipping Association if the permanent injunction is granted. Employer groups in Southern ports usually follow the lead, set by New York negotiations.

Spotlight To Nixon During Fair Opening

FORT WORTH (UPI) — Vice President Richard M. Nixon was scheduled to open the 1959 State Fair of Texas at Dallas today following a trip to the Lone Star state that had all the marks of a political invasion.

Nixon was scheduled to join Texas Gov. Price Daniel in snipping the ribbon opening the fair, the nation's largest, following a luncheon in which he was pledged to leave himself open to unscrupulous questions from reporters.

The vice president and Mrs. Nixon flew into Fort Worth from Washington Thursday night and were whisked to a reception which drew some 1,500 persons, including 50 of the most influential Republicans in the state.

Nixon told a press conference that it's too early yet to make a (See SPOTLIGHT, Page 6)

Lefors Sets Homecoming

LEFORS — Former students, teachers and associates of Lefors schools are invited to the Lefors 9th annual Homecoming Oct. 17.

Ray Dickerson, president of the Lefors Ex-Students Association, announced today.

The homecoming football game against Stinnett will be played Friday night. Homecoming events Saturday begin at 1:30 p.m. with registration in the high school.

Dickerson said the homecoming program and election of officers will be held in the auditorium at 3:30, followed by a visitation period at 5:30 and a barbecue in the cafeteria at 6 p.m.

Highlight of the program, Dickerson added, will be the coronation of the homecoming king and queen. The barbecue, held this year as an evening meal, will cost \$1 for high school students and \$1.50, 50 cents for children and not more than \$3 for a family.

WALL-TO-WALL CAR-PETING—Apparently influenced by the modern idea that a company's offices should reflect its product, folks at the Dodge News Bureau in New York went all-out when they decorated their office. Table in center is a station wagon tailgate on legs; table top, left, is a glass-covered steering wheel. Can you spot any other examples?

To Mr. and Mrs. Joe D. McDonald, 601 Lefors St., on the birth of a daughter at 6:40 a.m. weighing 6 lbs. 10 oz.
To Mr. and Mrs. Bobby Davis, 937 Barnard, on the birth of a son at 6:51 p.m. weighing 6 lbs. 7 1/2 oz.

DeMolay Hayride

Members of the Top O' Texas DeMolay chapter will be guests of the Chuberson Chevrolet building at 6 p.m. Chaperones will be members of the DeMolay Mothers Circle. Food and drinks will be furnished by members.

Radcliffe said members and their dates will meet in front of the Chuberson Chevrolet building at 6 p.m. Chaperones will be members of the DeMolay Mothers Circle. Food and drinks will be furnished by members.

ATTENTION, PARENTS!
SWANWICK, England (UPI)—Social worker Hilary Maldin told a parents meeting Wednesday that "to deprive a girl of her boy friends, her earning ability and her pretty clothes is not good—it has tendency to bring about resentment."

The Almanac

United Press International
Today is Friday, October 9, the 282nd day of the year, with 83 more days in 1959.
The moon is approaching its full phase.
The morning star is Venus.
The evening stars are Jupiter and Saturn.
On this date in history:
In 1701, Yale College was founded.
In 1781, George Washington set off the first gun at the siege of Yorktown.
In 1858, mail by Overland Stage Coach arrived in St. Louis, Mo., 23 days and four hours out of San Francisco.
In 1910, forest fires in northern Minnesota destroyed six towns with a loss of 400 lives and property damage estimated at \$100,000,000.
In 1934, King Alexander of Yugoslavia was assassinated while on a state visit to France.
In 1940, a German bomb pierced the roof of St. Paul's Cathedral in London leaving the high altar in ruins.
A thought for today: American novelist Herman Melville said: "A whale ship was my Yale College and my Harvard."

America Will Take At Least Six More Shots Into Space

By ALVIN B. WEBB JR.
United Press International

CAPE CANAVERAL, Fla. (UPI) — America will make at least six more shots into space, including one and perhaps two moonshots and a deep-space probe, before 1959 closes, informed sources report.

A minimum of four earth satellite-launchings will fill in the U.S. space research agenda between now and the end of December.

Plans for taking another crack at the moon before 1960 arrives and Congress gets back to work sprung from the stunning accomplishments of Russia's Lunik II and III. The satellite shots were on the docket before the Soviet successes of the past month.

Sources told United Press International that U.S. scientists are still hoping for a date early in November for their next moon-rocket firing, but that late next month is more likely. Tentative plans call for a second moonshot in late December or January.

Plans by the National Aeronautics and Space Administration (NASA) set a December date for launching a space probe into an orbit around the sun. The probe will carry a long-distance radio transmitter.

Of the four earth satellites, two will be in the Project Transit test series aimed at developing a highly-accurate, all-weather system of

navigation. One will be launched in November, the second in December.

A third will be in the Discoverer series, set for firing sometime this month or in early November. It is the only one of the six slated for launch at the Pacific missile range. The others will go up from Cape Canaveral.

Details about the fourth satellite were unavailable for release.

SPOTLIGHT

(Continued from Page 1)
decision about running for president in 1960 but let it slip a bit when he answered other questions about whom the Democrats might run against him.

"It's not up to me to say who the strongest candidate might be. If I did that, the Democrats would accuse me of trying to pick my opposition."

Nixon was greeted at the airport by Texas Republican National committee chairman Jack Porter of Houston, Thad Hutcheson, Houston attorney and one-time Republican candidate for the Senate, Rep. Bruce Alger, the state's only Republican congressman and Fort Worth mayor Tom McCamry.

At the reception Thursday night, Nixon spoke briefly before shaking hands with the crowd. "Whatever happens, looking to 1960, I'm sure Texas will be in the column of good government and sound leadership," he said.

"No matter who the Republican candidate is, I am sure he will win provided he continues President Eisenhower's present policies."

THE FOREIGN SCENT — BRITON, England (UPI) — Author John Steinbeck said Monday he has decided it is time to leave Britain and return to the United States because he heard a radio broadcast by President Eisenhower "and he sounded like a foreigner."

Lay Members To Conduct Services

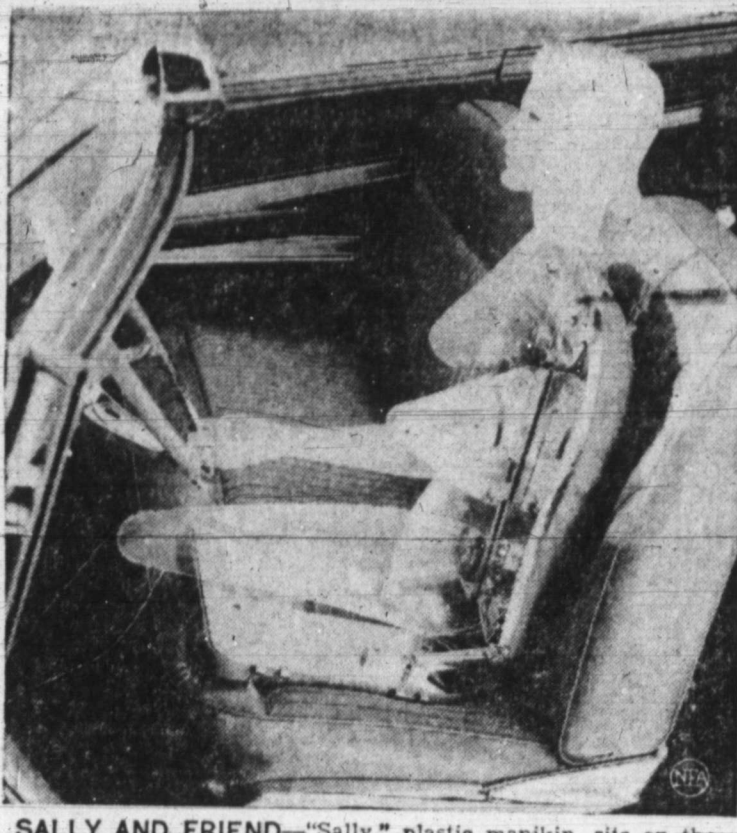

LEFORS (Sp) — The men of the brotherhood of the Lefors Baptist Church will have charge of all the services at the church on Sunday, teaching in all classes and filling the pulpit.

In charge of the morning service will be John Prichard, E. D. Nolan and W. B. Minter, according to L. M. Berry, pastor.

John Gikas, Palo Duro Association Brotherhood president of Pampa, will speak at the evening service on Sunday.

HIGH JUMPER—Able to leap vertically into the air and land the same way, and called simpler and safer to fly than a helicopter or a conventional airplane, the Umbaugh-18 rotary wing aircraft is being put through tests leading to production early next year. Essentially an autogyro, the two-place craft gets its lift from a free-spinning rotor as it is driven forward by a pusher propeller. On take-off, however, power can be applied to rotor, enabling the ship to jump 15 feet or more straight-up.

SALLY AND FRIEND—"Sally," plastic manikin, sits on the lap of "Sturdy Sam" at the Chrysler plant in Detroit, Mich., to illustrate how the devices are used in determining comfort factors of automobile seating. Sally is of plastic sheeting, calibrated at various points. She is used in determining seating requirements for women. Sturdy Sam is the chair seat-and-back device. It approximates the weight of a 150-pound person. Sally's "boy friend" might object to this lap-sitting business, but "he's" out of the picture. It's a plastic manikin made to male dimensions, for determining seating requirements of men.

Husband Of Pampa To Direct Symphony Series On Radio

A program presented by the Seventh U.S. Army Symphony Orchestra will become a regular feature over radio station KPND starting Sunday at 5 p.m.

A 24-year-old Army Sergeant, Edward Lee Alley, is the conductor of the orchestra. He is the eighth soldier-musician to hold this position.

A six-footer, built like an athlete, Alley bears no resemblance to types some people expect to see upon a podium. He has been active for some time in the world of classical music.

Sgt. Alley is married to a Pampa girl, June, daughter of Mrs. H. G. Guill, 1715, Williston, and the late H. G. Guill. Sgt. Alley is a native of San Angelo.

The Alleys are both graduates of North Texas State College, Denton. Mrs. Alley is a Pampa High School graduate.

Their home base is in Stuttgart, Germany, but they travel extensively with the orchestra.

The orchestra is one of the most unusual musical groups in existence and has won countless friends for America as a musical ambassador of good will.

Since its inception in 1952, the orchestra has toured over 50,000 miles presenting some 550 concerts to over 450,000 persons in nine European countries.

Its one objective is to develop better understanding between the people of America and Germany.

Floydada Man Hurt In Crash

Clement McDonald, 56, of Floydada, suffered a fractured pelvis and back injuries Thursday afternoon when his car rammed a culvert and rolled over 17 miles north of Pampa.

He is in good condition today at Highland-General Hospital.

According to Highway Patrol Sgt. E. G. Albers, McDonald's car strayed off the right side of U.S. 70, struck the culvert and flipped over. The Floydada man was headed south toward Pampa when the accident occurred.

McDonald was taken to Highland Hospital by the Duanel-Carmichael ambulance. The car, a 1952 Pontiac, was described as a total wreck.

THIEF APPRECIATES CAR

TALLAHASSEE, Fla. (UPI) — Florida State University's "Legislative Appreciation Day" struck a sour note with state Sen. J. Emory (Red) Cross. Cross reported to police that someone stole his automobile during the "appreciation day" observance.

Washington Window

By LYLE C. WILSON
United Press International

WASHINGTON (UPI) — The legal test, now pending before the Supreme Court of political activities under union shop labor contracts throughout the United States was preceded by these events:

The Congress in 1951 amended the Railway Labor Act specifically to permit the carriers and unions to make union shop contracts.

Sgt. was brought to challenge the authority and came, finally, before the Supreme Court. This was known as the Hanson case.

The court upheld the union shop contracts but included in its opinion a significant reservation.

Significant Reservation
This reservation was as follows: "Judgment is reserved as to the validity or enforceability of a union or closed shop agreement if other conditions of union membership be imposed or if exaction of dues, initiation fees or assessments is used as a cover for enforcing ideological conformity or other action in contravention of the first or the fifth amendments."

Now before the Supreme Court on appeal from the Georgia Supreme Court is the Looper case.

In this case several employees of the Southern Railway complained that unions to which they are compelled to belong to hold their jobs misuse union funds.

The alleged misuse consists of spending dues money for purposes other than the negotiation and administration of collective bargaining agreements. More specifically, it is alleged that dues money obtained under compulsion of a union shop agreement would be used for political and legislative purposes by the complaining union members.

Georgia's Supreme Court found valid the complaint of the protesting union members. The complaint in its broadest form was that to exact dues and other money from union members for such political and legislative purposes would be unlawful and in violation of the members' constitutionally guaranteed rights of freedom of association, thought, liberty and property. The Georgia court noted that the Supreme Court had not passed on this question.

Judgment Now
"We must render judgment now," the Georgia court said, "upon this precise question. We do not believe one can be constitutionally compelled to contribute money to support ideas, politics and candidates which he opposes. We believe his right to immunity from such exactions is superior to any claim the union can make upon him."

The U.S. Supreme Court, if it desires, may decide this case at once without argument. If so, the decision could come any time, perhaps next Monday. More likely, the court will order argument. That would come sometime next winter.

A decision in that event, still could be made months before the 1960 presidential election and in time to reduce the flow of political funds into union treasuries.

The ultimate political effect would be considerable.

'Lonesome' George Gobel Still Lonesome Without His Alice

Hollywood
By VERNON SCOTT

HOLLYWOOD (UPI) — L'il lonesome George Gobel will truly be lonesome this season with no "Alice" on the show, no production numbers, and very few guest stars.

In moving from an hour-long show on NBC to a half-hour program on CBS, Gobel has returned to his old nightclub format.

Last year, alternating with Edie Fisher, George (who stands only 5 feet 6 inches) was buried by musical extravaganzas that almost obscured his off-beat, low-comedy. Frequently he appeared to be a member of the audience who somehow, has bumbled into the midst of a Dinah Shore show.

Gobel's Rating Dropped
Ratings dropped as the crew cut comic attempted to squeeze in his subtle humor between crashing, blaring production numbers.

This year, alternating every other Sunday night with Jack Benny, everybody's iddy-biddy buddy will be pure Gobel. No fancy sets, no pointless guests, no complicated plot sketches.

"I'll be as simple as I can get," George said. "I've got people convinced I'm not very bright—and that's what I'm gonna keep 'em believing."

Having revamped his entire show, George has dropped Edie Fisher, his wife, from the cast, adding Harry Von Zell — late of the defunct "Burns and Allen Show" — as his sidekick and foil.

Uncle John Trotter Returns After a Year's Absence to Lead the Orchestra

Show To Be Different

"I won't say my show will be like it was when I first came on the air," Gobel said.

"Too many of my people have gone on to bigger and better things. I couldn't afford to get 'em back. My producer and director, Hal Kantor and Bud Yorkin, are busy on other projects. Peggy King is singing in night clubs, and Jeff Donnell has married and moved away to New York."

"There's no use in me trying to come up with the big spectacular finish that I did last year. I'm not built that way."

"From now on I'll tell the audience what I'm gonna do. Then I'll do it and get off. I think that's nice."

A PROBABLE RECORD
CEDAR RAPIDS, Iowa (UPI) — Temperature readings here for a 56 hour period registered 56 degrees. The Weather Bureau said it probably was some sort of a record but was at a loss as to what kind.

SEEK WORK ELSEWHERE
ST. PAUL, Minn. (UPI) — More than 1,000 workers idled by the steel strike here left Minnesota's iron range to seek work elsewhere, state officials said today. Iron range business firms have recorded a 60 per cent decline in business from last year.

RESCUED SEAMEN ARRIVE HONG KONG (UPI) — The freighter Pyrrhus arrived here Wednesday with all 45 crewmembers of the Panamanian ship Malaya which sank 40 miles west of Swatow Tuesday while carrying a cargo of scrap iron from Hong Kong to Kobe, Japan.

DEAR ABBY....

By Abigail Van Buren

DEAR ABBY: I have a 14-year-old daughter who is so boy crazy she worries me sick. All she does is write boys' names on paper and every piece of paper she touches is marked up with boys' names.

DEAR ABBY: My husband has made it plain that he prefers the television set to me. Several of my women friends have the same complaint. What could be the reason for this?

IGNORED

Dear Ignored: Maybe it's because he can turn off the television when he wants to.

MRS. G.

Dear Mrs. G.: The only reason your children lie is because they don't have the courage to tell the truth.

Before WMU Has Luncheon Meet

BEFORE (Sp) - The Women's Missionary Union of the Lefors Baptist Church combined circles met for a luncheon and business meeting in the church building recently.

Mrs. R. N. Cyfert, president, presided over the meeting. Open prayer was led by Mrs. J. Spradlin. Group singing included "The Story of Jesus," by Mrs. C. H. Butrum.

Members present were Misses A. Michael, W. B. Minter, Tom Lawrence, L. M. Berry, H. L. Teel, in Cates, Roy Howard, Jack Keight, J. D. Halley, J. F. Meyer, W. E. Dumas, G. H. Butrum, N. Cyfert, J. V. Guthrie, and J. Spradlin.

Dismissal prayer was led by Mrs. Florence.

Seed - some storage containers? shellacking large pastebord - used for shipping - pods. A thinned coat of pure white silic will preserve and strengthen them.

Throw - away dustcloths are not. Many housewives, however, main devoted to a soft polishing cloth. Keep it clean with frequent gentle sudsing for top performance.

Now, after all that had happened she knew she could be a nun no more...

SOMETHING FOR THE MEN

New hats in style this year include the casual cloth flatcap with self band (left) and the dress hat (right) with a narrower brim which has more curve and roll than before.

MATURE PARENT Casualness Big Influence In Male Hats Styled Narrower, Lower This Autumn

By DICK KLEINER NEA Staff Correspondent

NEW YORK (NEA) - Hats for fall are narrower, lower and more casual than ever.

The rise of the casual hat, particularly the cloth casual, has been amazing. In two or three years, it's gone from a curiosity to almost a necessity. And, this fall, even the standard dress felts are flavored with some styling ideas obviously taken from the casuals.

Take, for example, the brims. This fall they are narrower than any time in the past 20 years - most of them are between 1 1/2 and 2 inches wide.

A touch of weakness is an extremely desirable component of parental love, but parents should not be weak every time a punishment can fit a crime.

NERVOUS BRIDE Dear Nervous: Use a little psychology and suggest that your mother use a little arithmetic!

CONFIDENTIAL TO GITTLE: Don't be so impressed by his fat wallet. Most of it could be credit cards.

Serenity, Not Bovine Indifference, Preserves Good Looks In Maturity

By ALICIA HART NEA Beauty Editor

The greatest part of any woman's beauty is dependent on serenity. This doesn't mean a bovine indifference; it means a genuine serenity which stems from an inner calm.

Immediately, someone is going to ask how it is possible for anyone to be calm in these times? Well, as the truth is that there never was a time really conducive to serenity.

But the woman who acquiesces, grimaces, talks constantly, gestures frantically and is never in repose cannot be counted among these. For nervous mannerisms destroy beauty.

First, they destroy the illusion and then they actually destroy good looks by implanting crow's feet and deep lines. Inner tensions are damaging to skin, hair, eyes and coloring.

So there are very good reasons, very practical ones, for learning how to be serene.

Getting rid of a tan at the end of the summer presents as much of a problem to some women as gaining one at the start of the summer.

Actually, the process of tanning coarsens the skin to some extent. To reverse the tanning process, a daily twenty minutes in the bathtub and good skin-creams are great helps.

WHO-NOT? Department - Why not design a shoe with interchangeable soles? Each shoe would come with a set of soles - leather, foam rubber, perhaps even ripple - which would slip in and out.

Church News

Rev. Adcock Announces Sermon Topic

“Religious Gate-Crashers” will be the sermon topic discussed by the pastor, Woodrow Adcock, at the two morning services of the First Methodist Church, The Scripture will be found in Matthew Chapter 23:11-14.

The 8:30 service is broadcast over Station KPDM. The special anthem for the early service will be, “Can You Count The Stars” by Williams sung by the Carol and Wesley Choirs. The anthems for the 10:35 service will be, “Thy Church, O God” by Thiman sung by the Sanctuary Singers, and “I Am Jesus’ Little Lamb” by German sung by the Chorus Choir.

Sunday Evening Fellowship will begin at 4 with a light supper for the entire family in Fellowship Hall. At 4:30 p.m. children, youth and adults will separate for an hour of planned activities, according to interest and needs. The adult course, “Know Your Bible,” will be taught by the pastor.

The Sunday night service at 7:30 will be conducted by the pastor who will speak on the subject, “Who Can Win Them?”. The special music for the evening service will be the anthem, “Light of the World” by Watson sung by the MYF Singers.

Family Night is set Oct. 14. The Senior Department will be in charge of October Family Night held in Fellowship Hall at 7 p.m. They will feature a variety of talent in their Department with other features planned for the evening.

NUDIST FILMS DULL
LONDON (UPI) — High Anglican, churchmen today urged a full investigation of horror movies, but suggested that a church warning was all that was needed on nudist films.

Watching the nudist films “produces a tedium so oppressive that it seems impossible they can do harm,” the clergymen said in the Anglican magazine Prism.

Services Set For Sunday
“Are Sin, Disease, and Death Real?” will be the subject of the Lesson-Sermon at Christian Science services Sunday.

God’s healing and saving power will be brought out in readings from the Bible which include that verse from Isaiah (52:3): “Break forth into joy, sing together, ye waste places of Jerusalem; for the Lord hath comforted his people, he hath redeemed Jerusalem.”

Selections from “Science and Health with Key to the Scriptures” by Mary Baker Eddy will include (248:29): “Let unjustness, goodness, mercy, justice, health, holiness, love — the kingdom of heaven — reign within us, and sin, disease, and death will diminish until they finally disappear.”

The Golden Text is from Psalms (47:1, 2): “God be merciful unto us, and bless us; and cause his face to shine upon us: that thy way may be known upon earth, thy saving health among all nations.”

A sincere welcome awaits you at all the services in First Christian Church, Scientists, Pampa. You may obtain information about Christian Science by visiting the Reading Room in the church building at 901 N. Frost, where the King James version of the Bible and books and literature on Christian Science may be read, borrowed, or purchased.

The Sunday School holds classes at 9:30 for young people up to the age of twenty.

FOOD FOR THOUGHT
FT. STEWART, Ga. (UPI) — It’s back to school for Army cooks here. Military mess stewards are studying under chefs at Savannah in an eight-week training course “to improve the service of food.”

Glen Norman Leads Revival

Rev. Glen Norman, evangelist, will be preaching in revival services at Central Baptist Church through Sunday night. Services are at 7 in the evening today, Saturday, and Sunday.

Rev. Norman is pastor of Second Baptist Church, Corpus Christi. Until recently he pastored the Trinity Baptist Church, Amarillo. Rev. Therman Uphaw, pastor, says “We’re working toward record attendances in the services on Sunday”. There is to be an evangelistic service during the Sunday School hour for those from nine years of age up. This service is to be held in the church auditorium.

Radio station KHHH will carry both the morning service at 11 and the evening service at 7.

An intensive course in a study of the Bible will be started Monday night at 7. This course of study will involve eight months of work. The pastor, Therman Uphaw, will be the teacher.

The monthly Association Workers Conference will meet with First Baptist Church, Tuesday evening beginning at 5:45.

Mr. Richards, of San Benito, Texas, is now serving as President of the Christian Men’s Fellowship for the State of Texas.

NEW UNIT TO BE DEDICATED — The new classroom unit at Lamar Christian Church will be dedicated Sunday at 3 p.m. Located at Bond and Sumner Streets, the Lamar Church is a young church sponsored by the

Lamar Church Dedicates Unit

Lamar Christian Church will dedicate its new classroom unit Sunday afternoon at 3 p.m. The church, located at Bond and Sumner Streets, is a young church sponsored by the First Christian Church.

It was organized in April of 1955 with 28 members and closed its charter membership in October of 1955 with 88 members.

The first unit of its building program was completed and dedicated in January, 1956. It composed a fellowship hall, which serves as sanctuary, four classrooms and an office. This year the building was extended to house the pastor's study, five additional classrooms, and a utility room.

Rev. David Mills, pastor of the church, was called in March, 1957, to succeed the first Pastor, Rev. W. J. Cloud. Since the beginning of his pastorate here, Rev. Mills has received 93 members into the Lamar Church.

The architecture of the new building is one of beauty and simplicity with a modern design. It is designed on a theme of diamonds and triangles, and has a long overhanging eave all around. The building is 190 feet long and 30 feet wide.

It is convenient for elderly and crippled people because it is all on the ground. Future plans include more classrooms, an enlarged fellowship hall, a kitchen and a sanctuary.

The dedication address will be delivered by Dr. James C. Bradshaw, Executive Secretary of the Department of United Christian Development of the Church.

Others participating on the program will be Herschel Wilks, J. D. Skaggs, and Jack Hood; Rev. Ennis Hill, Pastor of the Calvary Baptist Church; Rev. Richard Crews, Pastor of the First Christian Church; Rev. Wally Gibson, Minister of Education of the First Christian Church; Rev. Harold Starbuck, Pastor of the Highland Christian Church, and Rev. David Mills.

Following the service of dedication, members of the Lamar Christian Women's Fellowship will serve refreshments of coffee, punch and cookies. Mrs. Jean Fraher and Mrs. Sally Smith will pour. During this informal period, visitors may inspect the building. The program will begin Sunday at 3. The public is cordially invited.

Methodists Urged To Compile History

Although the 175th Anniversary Issue of Together, Methodism's family magazine, features historic articles dealing with the organization of the American Methodist Church and its expansion since the Christmas Conference of 1784, Bishop William C. Martin, resident bishop of the Dallas area, appeals in the issue for individual churches to start now to preserve their own history.

The Bishop is president of the Association of Methodist Historical Societies.

"Digging out information, assembling it, and preserving it can be an exciting adventure. And as you go into it," says Bishop Martin, "your enthusiasm may stimulate fellow church members to dig out records and pictures, and possibly to publish a booklet or a book of your church's history."

People in the church are some of the best sources for historical material, he points out. He suggests talks with older members, the pastor, history teachers, and librarians. Other sources, according to the bishop, are archives, newspaper files, local and county libraries, historical societies, and town records.

The material gathered should be kept in a fireproof filing cabinet, he states. Really valuable documents should be kept in a bank vault or in the archives of a historical society or college.

A written history, kept up to date yearly, with copies in church, historical society, and town libraries is the best way to share one's finds, Bishop Martin believes. Old ideas are scrapbooks, slide shows, historical plays and pageants, and special exhibits.

This special issue is "Together's" contribution to the 175th anniversary of the organization of the Methodist Church in America, which will be observed nationwide during the week of Dec. 27 to Jan. 3.

The issue in addition to historical articles, features a series of nine watercolors by Floyd Johnson of early historic Methodist events, a Methodist Americana Guide for Tourists that lists 132 points of Methodist significance, and the winning 175th Anniversary Hymn.

POPE ADDRESSES YANKS
VATICAN CITY (UPI) — Pope John XXIII Sunday told a group of American science students currently visiting Italy that he hoped future space exploration "shall create new elements for human progress and for advancing towards the light of faith."

NURSES TWO CAREERS — Dolores Wetzlich, 23, is a nurse by day, a stage personality at night. Born in Switzerland, raised in the United States, she appears in an off-Broadway play after a full day's nursing at St. Clare's Hospital, New York City.

CROP Board Has Meeting

Board of Directors of the Christian Rural Overseas Program (CROP) met recently in the Driskill Hotel of Austin.

Rev. Herschel Thurston of Hereford, Chairman of the Texas group, presided. J. C. Erling of Plainview, cotton chairman of the South Plains and H. M. Nichols, Asst. Texas CROP Director, of Panhandle also participated.

All reports indicated an even greater need for CROP, Wilson Redway, National Field Director, of Elkhart, Ind., told of the great need brought about by the recent storms in Japan and other countries. The refugee problem also continues to grow.

The annual "Trick or Treat" program of the young people of many churches and schools will have an even greater significance this year due to the added problems.

G. James Houston, Texas CROP Director of Austin and H. M. Nichols, Asst. Texas CROP Director of Panhandle are available to those seeking further CROP information in any community in Texas.

Speakers, films, printed matter can be furnished any organization interested in promoting CROP.

Baptist Church To Begin Revival

The Calvary Baptist Church will begin a Revival Meeting Sunday which will continue through Oct. 18. There will be two services daily at 10:00 a.m. and again at 7:30 p.m.

Evangelist for this series of services will be Rev. Alvin Garrison, who is the pastor of the Prairie Queen Baptist Church of Oklahoma City. The music will be under the direction of the local choir director, G. L. 'Nat' Lufford.

The public is invited to attend any or all of these services.

Services Set For Sunday

WEDNESDAY, Dr. Carver will continue in a series of messages entitled, "The New Testament Doctrine of the Church."

Children's organizations meeting for the week include G.A.'s at 4 Tuesday, Sunbeams Wednesday at 9:30 a.m. and R. A.'s Thursday at 7 p.m.

Choir rehearsals will be as follows: Celestial Choir, 10:15 a.m. Wednesday; Carol and Clarion Choirs, 6:45 p.m. Wednesday; Cherub Choir, 4 p.m. Thursday; Chapel Choir, 5 p.m. Sunday.

Services Set For Sunday

“Are Sin, Disease, and Death Real?” will be the subject of the Lesson-Sermon at Christian Science services Sunday.

God’s healing and saving power will be brought out in readings from the Bible which include that verse from Isaiah (52:3): “Break forth into joy, sing together, ye waste places of Jerusalem; for the Lord hath comforted his people, he hath redeemed Jerusalem.”

Selections from “Science and Health with Key to the Scriptures” by Mary Baker Eddy will include (248:29): “Let unjustness, goodness, mercy, justice, health, holiness, love — the kingdom of heaven — reign within us, and sin, disease, and death will diminish until they finally disappear.”

The Golden Text is from Psalms (47:1, 2): “God be merciful unto us, and bless us; and cause his face to shine upon us: that thy way may be known upon earth, thy saving health among all nations.”

A sincere welcome awaits you at all the services in First Christian Church, Scientists, Pampa. You may obtain information about Christian Science by visiting the Reading Room in the church building at 901 N. Frost, where the King James version of the Bible and books and literature on Christian Science may be read, borrowed, or purchased.

The Sunday School holds classes at 9:30 for young people up to the age of twenty.

FOOD FOR THOUGHT
FT. STEWART, Ga. (UPI) — It’s back to school for Army cooks here. Military mess stewards are studying under chefs at Savannah in an eight-week training course “to improve the service of food.”

The Message Weekly Of Inspiration

REV. BILL SPARKS
Immanuel Temple

"FAITH IN THE POWER OF GOD"

"And I, Brethern, when I came to you, came not with excellency of speech or of wisdom, declaring unto you the testimony of God. For I determined not to know anything among you, save Jesus Christ, and Him crucified. And I was with you in weakness, and in fear, and in much trembling. And my speech and my preaching was not with enticing words of Man's wisdom, but on demonstration of the Spirit and Power. That your faith shall not stand in the Wisdom of Men, but in the power of God." —Corinthians 2:1-5

As we read the above scriptures, we find the Gospel is not in words holy, but in demonstration of the Spirit and of Power. There are many, many Preachers in the world today who are preachers of words only. There are expensive words and economical words, eloquent words and unpleasant words, sad words, witty words, soft words, clever words, foolish words, humorous words, sad words and dry words. Shall we give unto lost humanity the Gospel of deliverance in power, or just in empty words?

Let us review some of the Ministry of Jesus Christ. To the sinner, He said, "Neither do I condemn thee, go and sin no more." To the sick, He said, "Take up thy bed and walk." To the raging elements, He said, "Peace be still." To the diseased, He said, "Be thou clean." Surely the plan has already been placed before us, for Jesus has said, "Verily, verily I say unto you, he that believes on Me, the works that I do shall he do also; greater works than these shall he do; I go unto My Father."

While the lost stand by saying, "Sirs, we would see Christ," what do we offer them? The only way they shall see Him in this present world, is through the lives of His servants. "Ye are the light of the world, the city that is set on a hill cannot be hid." Matthew 5:14.

We as Christians, must better learn to depend and rely more fully in the Devine Power of God's Word, and not so much on the wisdom of man.

PHS, Monterey Play Here Tonight

They Believed They Could Do It, All Along

CHICAGO (UPI) — They spilled over the beer and toasted themselves, the Coliseum and the screen—the world champion Dodgers did—and said they weren't at all surprised because all along they knew it just was a matter of time.

"First they all said we were going to wind up in the second division," Duke Snider said, pulling off his uniform. "Well, we showed them there so next they picked us to lose to the Braves in the playoff. That didn't work, either, so they just made the White Sox series favorites. There's nothing left now. I guess everybody finally will admit what we've felt all along: we had it."

Don Zimmer pushed through the job of newsmen and jumped atop Snider's head and toasted the Coliseum.

"A pitcher's a pitcher any place," Larry Sherry said. "If you've got the stuff you can get a man out in the Coliseum just like any place else. If you don't have it, it's no use to blame things on a screen."

"They called our ball park a cow pasture," Norm Larker shot back. "They said everything in L.A. was a base hit. Well, we showed 'em. The singles we hit in the Coliseum turned into homers here."

Charlie Neal listened in silence. He started to maneuver his way into the shower.

"We fought and we fought," he said. "All the time, we kept on pushing. We always came from behind and we always stuck together. This day had to come. It just was a matter of time."

"It was a team effort all the way," Manager Walt Alton said.

NEW TRACK COACH
NEW YORK (UPI) — Bruce Hescok, a pole vault and high jump star at Boston University in the early 1950's, has been named coach of the Columbia University freshman cross-country and track and field teams. Hescok set a service high jump record of six feet, seven inches while in the Air Force.

GENERALS FIRE CAMPBELL
GREENSBORO, N.C. (UPI) — Don Campbell, with a top recommendation from Eddie Shore, has been fired as goalie for the Greensboro Generals of the Eastern Hockey League. Campbell, a native of Saskatchewan, played with Shore's Springfield club of the American Hockey League last season.

LA Dodgers Are World Champions

By LEO H. PETERSEN
UPI Sports Editor

CHICAGO (UPI) — It was baseball's glory road for the Los Angeles Dodgers today, and heart-break highway for the Chicago White Sox.

The Dodgers were the new champions of the baseball world, another Cinderella team.

Los Angeles closed it out in style Thursday, crushing the White Sox 9-2 back in their own park to bring the Far West its first championship in a series noted for new records—in money, attendance, hitting and pitching.

It will long be remembered as one of the most unusual series of all time.

It drew a record total attendance of 420,784—thanks to three record-breaking crowds in Los Angeles; a record total of \$2,626,973.44; any number of hitting marks and series in which no pitcher went the distance.

But there was one pitcher who did the trick.

Los Angeles Had Several Heroes

By OSCAR FRALEY
United Press International

CHICAGO (UPI) — There were a lot of Dodger heroes.

Most of them were of the old crowd, the gang who knew the cheers and jeers back in the long-gone days at Brooklyn before they went West and started dressing like the Hollywood stars with whom they romp.

Like Duke Snider, the handsome guy with the ugly knee, whose homer started the victory march in Thursday's 9 to 2 World Series finale against the White Sox.

Like Carl Furillo, the hard coal customer from the Pennsylvania mountains who got them there in the first place via the playoffs and did it again to win a series game as he hit the big jackpot.

Like Gil Hodges, the quiet man whose big blow took another of the four games they needed.

And like Charlie Neal, whose two blows out of the park were the payoff shots in the other one.

He was 24-year-old Larry Sherry, who began the season in the minors — at St. Paul — and came up to the Dodgers to become their biggest weapon. He won two games, including the biggest one Thursday, and saved two others. In another game, he was used as a pinch-hitter.

"You'd have to say he did the job for us," commented Dodger Manager Walter Alton in baseball's understatement of the year. He sure did.

When Dodger starter, southpaw Johnny Podres flattered Thursday behind an 8-0 lead, Sherry, the cocky kid making good for his home town of Los Angeles, came in to save the day.

He turned back the White Sox on four hits in five and two-thirds innings of another brilliant relief effort, climaxing one of the best clutch-hitting efforts in series history. He won the fourth game, and saved two others.

So his record was eight hits yielded and one run allowed in 12 2-3 innings of pitching. He was the difference.

They included Duke Snider, with his ailing knee; Gil Hodges, with his big bat; Carl Furillo and Chuck Essegian in their pinch hitting; catcher Johnny Roseboro with his throwing which kept the go-go Sox from going very far and a number of others.

It was a series of stars for the Dodgers—plus one of the most riotous innings in series history.

That was the fourth Thursday. It took 42 minutes to play it and when it was all over the Dodgers had scored six runs—to add to two they had plated earlier on Snider's 14th series home run—and the White Sox had tallied three.

There were five pitchers in the inning, two pinch hitters and one pinch runner. It was the final chapter in the greatest comeback baseball ever had seen.

For when they left Brooklyn for California's baseball gold dust in 1958, the Dodgers wound up a dismal seventh.

They atoned for it in 1959—and did it the hard way. They tied Milwaukee for the National League pennant, won it in a playoff series, and then dined the White Sox, four games to two, in the series. There had been a lot of rags-to-riches epics in baseball, but none ever rivaled this.

For the White Sox, it was frustration. They wanted so much to win and wipe out those 1919 memories. But as their manager Al Lopez said as he congratulated Alton in the dressing room:

"You deserved to win. We gave it all we had—it wasn't enough."

"You went down like champions," Alton replied.

They atoned for it in 1959—and did it the hard way. They tied Milwaukee for the National League pennant, won it in a playoff series, and then dined the White Sox, four games to two, in the series. There had been a lot of rags-to-riches epics in baseball, but none ever rivaled this.

DEFENSIVE DANDIES — Steve Dobbin, left, and Charles Warren have played some outstanding defensive football for the Harvesters this year. Warren will start tonight at his regular position, offensive left end and defensive corner linebacker. Dobbin is not a starter, but has seen quite a bit of action in the defensive backfield.

8 THE PAMPA DAILY NEWS FRIDAY, OCTOBER 9, 1959 52nd Year

Shockers Wallop Plainview, 42-6

Pampa's Shockers put their offense into overdrive Thursday night at Harvester Park, to romp over the Plainview B team, 42-6.

Thursday's victory was the most one-sided the Shockers have scored in two years. It evened their 11 season record at 2-2.

Coach Norman Phillips said that he was "delighted" with the showing of his team. "I was especially pleased with the play of the reserves," Phillips added. "We used every boy on the team, and reserves were in much of the time. They did about as well as the regulars."

The Shockers scored their first touchdown only three plays after receiving the game-opening kick-off. Quarterback Butch Crossland passed to end Corky Godfrey on a play which covered 52 yards—to put the ball on the 5-yard line. Two plays later, Robinson skinned left end for three yards and the touchdown. The conversion was no good.

Still in the first quarter, Dennis Mills capped a 60-yard drive by going 12 yards up the middle on a trap play. Crossland passed to Robbie Robinson for the two extra points.

Plainview managed to hold the Shockers scoreless in the second quarter, and Pampa led at half-time, 14-0.

The Shockers struck three times in the third quarter to make a rout of the game. Crossland went

75 yards around left end for Pampa's third touchdown, getting good blocks from Wayne Butler, G. M. Walls, and Preston Parrish. The extra point was no good, and the Shockers led, 20-0.

Moments later, Riley Walters intercepted a Plainview pass and went 42 yards for a touchdown down the left sidelines, getting fine downfield blocks from Danny Mahaney and Gerald Been.

Plainview then made its only touchdown, going 60 yards on a sustained drive. The scoring run covered 12 yards.

Robison swept around left end for Pampa's fifth touchdown, romping 47 yards. Randy Haralson ran the extra point, and Pampa led 36-6 at the end of the third quarter.

Crossland scored the final touchdown, his second of the game, on a 57-yard romp around left end. This tally came in the fourth quarter. The attempted conversion was no good.

The Shockers had a number of defensive standouts, many of them reserves. Phillips and assistant coach Dick Woldt praised the defensive play of middle guard Danny Mathus, linebackers Jimmy Hoyler, Preston Parrish, Van Milton, and Mills; halfbacks Eddie Berry, Robinson, and Crossland; end Butler, Godfrey, and Mark Russell; tackles Wendell Windleback and Walls; and cornerback Haralson.

Score by Quarters:

Shockers	6	8	22	6	42
Plainview	0	0	6	0	6

Clay, Sixto Meet In Televised Bout

PHILADELPHIA (UPI) — Unbeaten Von Clay, a light-heavyweight contender who has been knocking out opponents at a 27-0 clip, goes for his sixth kayo in a row tonight against Kid Sixto Rodriguez in a nationally televised 10-round bout.

The 20-year-old Philadelphiaan ranked sixth and with only a draw to mar his 11 bouts, ruled a heavy favorite to spoil the eastern debut of Rodriguez, California state champion subbing for virus-stricken Jesse Bowdry.

Rodriguez, a Puerto Rican now making his home in Mountain View, Calif., is a boxer-bitter type. But he cannot match the dynamite Clay carries, especially in his specialty—a left hook that travels only a few inches.

Rocket Gets First Goal

United Press International

It didn't take Maurice Rockett Richard very long to bag his first goal of the new National Hockey League season.

The ageless wonder of the Montreal Canadiens whipped a 40-foot screen shot past Boston goalie Harry Lumley at 14:16 of the first period Thursday night at Montreal.

The defending champions went on to gain a 4-1 victory over the Bruins in the season opener for both teams.

It was Richard's 52th goal in regular season play dating back to 1942 when he first joined the Canadiens as an awkward kid with only a "far" shot. He's been with Montreal ever since.

Powerful Offense Collides With Sharp Pampa Defense

By RED GRIGGS
Daily News Sports Editor

Pampa's Harvesters play their first home district game of the year, in Harvester Park tonight at 8 p.m. against the Monterey Plainsmen.

The Plainsmen, undefeated in three games, will be favored to win. Monterey has won over Fort Worth Poly, 35-6, Odessa Permian, 20-7, and Midland, 7-6.

The Harvesters and their coaches, however, have been brimming with optimism since the beginning of the week. They are sure that they can slow Monterey's powerful offense enough to beat them — although even the most optimistic of the coaches don't think they can keep the Plainsmen from scoring.

White Monterey has probably the top offensive team in the district, Pampa has possibly the best defense — at least against running. The Harvesters held Tascosa (ranked sixth in the state) to only 89 yards rushing last week, despite the fact that Tascosa won, 13-0.

Pampa may, however, prove vulnerable in the air. Wichita Falls, Arlington Heights, and El Paso Bowie all had fair success in passing against the Harvester squad.

The Harvesters, with what many consider the best Pampa team in several years, have a 2-2 record. They have won over Arlington Heights, 12-0 and El Paso Bowie, 41-6, while losing to Wichita Falls, 40-0, and Tascosa, 13-0. Wichita Falls and Tascosa are the number one and six teams, respectively, in the state.

Pitted against Pampa's tough defense tonight will be a group of fast, hard-running backs, a good passing attack, and a line averaging 184 pounds per man, both on offense and defense.

Monterey's line outweighs Pampa's forward-wall by an average of 15 pounds per man — 184 to 169. However, they are considered slower than Pampa's linemen, and Pampa's coaches think they might be moved by lighter, but harder-charging boys.

The Plainsmen are less experienced than the Harvesters, with only two regulars in the starting lineup (on both offense and defense); while Pampa has six returning regulars available for duty. Monterey's most important loss from last year's team was a quarterback, Arlan Flake.

The versatile Flake, engineered Monterey to a 40-7 win over Pampa last year, so the Harvesters will be gunning for revenge tonight, as well as a district victory. Pampa has never beaten a Monterey team.

However, the Harvesters expect to change that situation tonight. Head Coach, Babe Curfman, summed up the feeling of the team when he threw out this challenge: "They may be bigger than we are, but we're tougher."

PJH Reapers Fall, 40-6

Austin Junior High of Borden handed the Pampa Junior High Reapers their fifth straight loss Thursday afternoon at Harvester Park, 40-6.

Austin scored twice in each of the first three quarters, to pile up an overwhelming advantage.

The Reapers scored their only touchdown on a 50-yard drive in the third quarter. Randy Matson set up the tally with a 25-yard run around right end, then went four yards on a wedge play for the touchdown.

Pampa had another touchdown, kicked back in the fourth quarter. Kenny Hebert raced 50 yards into the end zone, but outside was called against the Reapers, and the score was nullified.

The touchdown drive and the "called-back" touchdown were the Reapers' only serious threats during the game.

Austin scored twice in the first quarter on runs, one for 35 yards around end and the other for 10 yards. Austin's third touchdown, in the second quarter, was scored on a 55-yard pass; and the fourth tally, also in the second quarter, came on a 60-yard run.

Two runs, one for 15 yards and one for 20, accounted for Austin's two third quarter touchdowns. There was no scoring in the fourth quarter.

BURY SKI FIGURE
MUNISING, Mich. (UPI) — Funeral services will be held today for Albert Oas, 92, one of the founders of the National Ski Association. Oas died Monday night.

INDIANS RELEASE TWO
CLEVELAND (UPI) — Granny Hamner and Elmo Valo, a pair of veterans acquired by the Cleveland Indians to help in their active drive for the American League pennant, have been given their unconditional releases.

MEET WEST VIRGINIA
ST. LOUIS (UPI) — St. Louis University will meet West Virginia, last season's NCAA tourney runner-up, in the opening round of the Kentucky Invitational Basketball Tournament at Lexington, Ky., Dec. 18-19.

Fleck Leads At Hesperia

HESPERIA, Calif. (UPI) — Jack Fleck, the Cinderella golfer who picked up the 1955 U.S. Open title in a playoff with Hogan, the field by one stroke today into the second round of the 72-hole Hesperia Open with a 66.

Fleck, 37, who hasn't won anything to speak of since his 1955 victory in San Francisco, birdied seven holes on this high desert oasis course Thursday. The Tarzana, Calif., pro had 23-33-66.

He took a one-stroke lead over late-finisher Joe Kirkwood, Jr., the Joe Palooka of television, who had a 33-34-67, and Frank Wharton, Dallas, who celebrated his 24th birthday with a 67.

Grouped at 65 were Bob Duden, Oswego, Ore.; Doug Sanders, Miami Beach, Fla.; Charles Sifford, Los Angeles; Bob Goalby, Crystal River, Fla.; and Joe Greer, Yakima, Wash.

White Deer Opens District 2-A Play Tonight at Lefors

No really crucial games are slated in the area tonight despite the fact that 16 of 17 area 1-B teams will be in action.

The Irish are winless in five games, managing only a 12-12 tie in the state class A championship game. Lefors has managed only one tie in its District 2-A contests. They were shut out in season at Lefors, and Wheeler says at Shamrock.

White Deer is picked to win its third straight District 2-A title, although the Bucks are not considered a major threat for the state again. The Bucks have lost only to Stinnett, while beating room, Spearman, and Shamrock.

Lefors has managed only one tie in its District 2-A contests. They were shut out in season at Lefors, and Wheeler says at Shamrock.

Texan, Playing For Sooners, Likes to Beat Home State

By JACK BRANNAN
United Press International

NORMAN, Okla. (UPI)—A Texan playing football for Oklahoma is out to make "real trouble" for the Sooners when the two teams meet Saturday at Dallas.

That's no idle threat, either. It's a serious warning coming from Oklahoma center Jim Davis, of Tyler, Tex.

"Every time I go home I get ribbed and called a traitor because I came to Oklahoma instead of playing at some Texas school," Davis explained today.

"So I always want to do anything I can to show up the Longhorns and make real trouble for them."

And trouble he has made. Davis is the guy who last year grabbed the ball from the hands of Texas fullback Mike Dowdle and lumbered 34 yards for the touchdown that gave Oklahoma a temporary 14-8 advantage. Texas eventually won the game, 15-14.

The previous year, Davis intercepted a Texas pass on the Oklahoma six-yard line and ran 94 yards, only to have his touchdown nullified by a clipping penalty. Oklahoma kept the ball on its own 44 and went on to win, 21-7.

"I'll be looking for an opportunity to pull something similar this Saturday," Davis said. "It's the natural ambition of any line man to make a touchdown, run with the ball or just do something to figure in the statistics. I've only been able to do it against Texas."

Davis, who stands 5-11 and weighs 210 pounds, had only one other promise to go with his vow to continue as a trouble maker against Texas.

"I'm going to hit everybody twice as hard as they hit me in this game — mainly because they're Longhorns."

SIGN EZZARD CHARLES
BOSTON (UPI) — Former heavyweight champion Ezzard Charles has signed to fight Lee Williams of Boston in a 10-round bout at the Garden here Oct. 20. Williams is only in his second year as a pro.

Rebels Top White Deer B, 32 to 14

WHITE DEER — The Lee Junior High Rebels of Pampa played an alert ball game here Thursday afternoon, to score three fourth-quarter touchdowns and whip White Deer's B team, 32-14.

Rebel assistant coach John Hale said that the win over White Deer was "a fine team effort." Hale said that the Rebels ran, blocked, and tackled well. "Our defense was especially good in the 1st half," Hale added. "Several times during the last half, White Deer was thrown for long losses."

The win put the Rebels back on the winning side for the season, with a 3-2 record. Lee had dropped its last two games, after winning its first two.

The Rebel alternate, or "red" team started the game and scored a touchdown immediately after recovering a White Deer fumble on the opening kickoff.

The "red" squad took over at the White Deer 30 and drove to paydirt on a series of line plays. Fullback Harry O'Neil went the final three yards. The extra point run was short, and the Rebels led, 6-0.

White Deer came back after receiving the following kickoff, and scored after three end sweeps which gained long yardage. They made the extra point on a run, to lead 8-6 at the end of the first quarter.

Lee's regular starting team, the "blues," came back in the second quarter to score the Rebel's second touchdown. Howard Reed passed from his own 30 to Jon Pitts on the 50. Pitts went all the way, receiving good blocks from Jerry Glover and Wayne Kries. Kries ran the extra point, and Lee led, 14-8, at halftime.

Early in the third quarter, Charlie Coleman of White Deer ran 60 yards up the middle for a touchdown, and then White Deer made the running conversion, to tie the score 14-14.

Texas Given Good Chance Of Defeating Oklahoma

By PAT CONWAY
United Press International

AUSTIN (UPI) — Oklahoma and Texas get together for their annual blood-letting Saturday in the Dallas Cotton Bowl, and for the first time in this decade, the Longhorns are expected to do the clobbering.

A pair of speedy sophomores and a handful of veterans have whittled the fourth-ranked Texans to three straight victories, preserving the purity of the Longhorn goal line.

Texas Coach Darrell Royal should be as happy as a fan with two 50-yard-liners for the sellout contest. Instead he can see only gloom in his team's record and Sooners' on-and-off mark.

He winces when reminded that sophomores Jack Collins and James Saxton have perked up the bustle in the older Longhorns and have given Texas such a volatile offense that they have scored seven of their 13 touchdowns from more than 20 yards out.

"I'm not foolish enough to think we're going to get touchdowns as easy as we have," Royal said.

The youthful mentor is aware that the Sooners from old Indian territory will be out to give Texas the scalp treatment Saturday to avenge a 15-14 Longhorn victory last year—the first Texas win since 1931.

"I'm certainly not misted by that Northwestern game," Royal commented, recalling the Sooners' 45-13 setback. The Oklahoma rebounded last week to demolish Colorado, 42-12, while Texas polished off California, 33-0.

Royal predicted Texas' unscathed upon-record will go down the drain while throwing around phrases like "we're going to get our lumps," and "we're going to be a sad group come Sunday."

It has been all too easy in Royal's opinion. He takes little heart in the fact that every time Collins has carried the ball he has averaged better than a first down.

Or that sophomore quarterback Saxton has a sharp 5.3 yards per carry average, and ably backs veteran field general Bobby Lackey, who sports a .667 passing record.

SMU-Big Mo Tops Nation's Grid Slate

United Press International

Passer Don Meredith leads Southern Methodist against unpredictable Missouri in the feature game of a Friday night program that opens a tough-to-pick week end of college football.

West Virginia, Wichita, Tulane, and Oregon are favorites in other Friday night battles, and then Saturday will see five of the nation's 10 top-ranked teams — Texas, Georgia Tech, Tennessee, Purdue and Wisconsin — fighting in games where they are rated no better than even money.

West Virginia, with a 2-1 mark, is favored over winless Boston University. Wichita, 2-0, is a narrow pick over George Washington, 1-3. Tulane is a very slight pick over Detroit, 2-1. And Oregon, rolling in high with a 3-0 mark, is a solid favorite over San Jose State, 1-2.

Texas, ranked No. 4 nationally, is even money Saturday against Oklahoma. Fifth-ranked Georgia Tech and sixth-ranked Tennessee are a toss-up in what could be the Southeastern Conference's biggest game of the season.

Eighth-ranked Purdue and ninth-ranked Wisconsin risk their Big Ten title hopes in their opening league game with much depending on the fitness of Purdue ace Ross Fichtner.

The high-ranked teams figure to have an easier time. National leader Louisiana State is a 21-point pick to make Miami (Fla.) its 14th straight victim. Second-ranked Northwestern is a 14-point favorite over Minnesota. Second-ranked Southern California is idle, but 7th-ranked Mississippi is a 13-point choice over Vanderbilt, and 10th-ranked Iowa is favored by 8 over Michigan State.

Princeton is a six-point Ivy League favorite over Pennsylvania, Ohio State is the choice by six over Illinois in the Big Ten. Auburn is picked by seven over Kentucky in the Southeastern Conference, and Wake Forest by one over Maryland.

In leading intersections, Rice and Florida are even, as are Pittsburgh and Duke, while Michigan is a six-point choice over Oregon State, and Notre Dame is favored by 14 over California.

In other top games, Navy and Syracuse are rated even, Army is a six-point pick over Penn State in a game that could decide top Eastern honors, Arkansas seven over Baylor, Washington St. eight over College of Pacific, Clemson 10 over North Carolina State, Dartmouth 15 over Brown, and the Air Force Academy 21 over Idaho.

Packers Should Stay Unbeaten

United Press International

The Green Bay Packers, assured of their third straight season, are four-point favorites to boost their National Football League record to a 3-0 Sunday when they entertain the unbeaten San Francisco Forty-Niners.

While the league's only perfect record teams (2-0) clash before 32,510 at the undisputed Western Division lead, the Eastern Division top game pits the New York Giants against the Browns before about 60,000 at Cleveland. The Browns are 3½-point favorites although their three losses to the Giants in 1938 included a 10-0 shutout in a playoff for the Eastern crown.

The Baltimore Colts, defending league champions, are seven-point choices to bounce back on the victory trail by downs the Lions at Detroit. The Colts bowed to the Chicago Bears last Sunday, 26-21. The Bears are 7½-point choices to whip the Los Angeles Rams at Chicago.

In Sunday's other games, the Redskins are one-point favorites to best the Chicago Cardinals at Washington and the Eagles are favored over the Pittsburgh Steelers by two points at Philadelphia.

Trautman Recovering.

HAVANA (UPI) — Minor league baseball star George Trautman, recovering from pneumonia, said today he hopes to be released from the hospital Saturday or by early next week at the latest.

Trautman and Frank Shaughnessy, president of the International League, were stricken with the ailment while attending the Little World Series between Minneapolis and Havana here.

Theory Won't Work

Ask anyone to name the system existing in the Soviet Union and Communism will be your answer.

Even so, Soviet Communism, current style, is considerably different in a number of important ways than Soviet Communism 1920-style.

But things have changed as Edward K. Faltermayer tells in a Wall Street Journal feature article, dated Stalingrad.

Comparative Systems

The Council for Basic Education has been kicking up quite a fuss over the well-known fact that many a government school is more concerned with frills than it is with teaching the fundamentals of learning.

Now the Council has come forth with an entirely different accent. And while we applauded its action before, we are most certainly going to applaud it now.

The authors took note of this fact and took care that they would compare only mathematics textbooks which were truly comparable.

CRACKER BARREL

The invitation for Khrushchev to visit the U.S. came from Ike, NOT NIXON. On returning from Russia, Nixon said 'THEY SHALL HAVE THE GOAL OF A COMMUNIST WORLD' — the only difference is that THEY NOW SAY that they can achieve it through peaceful competition rather than through the use of force.

The Pampa Daily News

YOUR FREEDOM NEWSPAPER We believe that freedom is a gift from God and not a political grant from the government. Freedom is not license. It must be consistent with the truths expressed in such great moral guides as the Golden Rule, The Ten Commandments and the Declaration of Independence.

BETTER JOBS

By R. C. BOHLEN

ECONOMIC GUN AT HEAD OF EMPLOYERS AS AGENT OF CONSUMERS

There are different ways of enslaving and exploiting and conquering mankind. One is directly enslaving him. Another way is to make it legal to starve him into submission by a siege that prevents him from getting the necessities of life.

Since 1913, or for 46 years, we have had one group of citizens attempting to exploit another, and do it legally. They're attempting to starve out those who do not concede every demand they make.

We now have had a steel strike on for nearly three months. Steel is almost as important as transportation. If we could not get steel, most of us sooner or later would perish. We couldn't support the present population, just so with transportation.

One wonders how far we have to go in servitude and retarding production before people begin to realize we should have laws that make this legal and "respectable."

Any man under our present labor laws who has a new idea cannot put it into operation without the consent of the labor unions. It is like state communism where the government owns everything; where no work can be done or no government-owned "everything" without the consent of the dictator, like Khrushchev or his agent.

It is hard to conceive very much difference between striking labor unions and those that are based on a violation of the Coveting Commandment. They are both based on force. They do not believe in men's rights in private property, nor men's rights to self-determination. And when coveting schools and the labor unions are sanctioned by reputable but confused persons, it is no wonder that many people are talking about compromising the steel strike and having the government assume more power to help establish more values. We can have no true value of anything unless all people are permitted to help establish values.

European and even Russian schools demand more of the student. There are few opportunities for foreign students to learn. Without deviation, the comparisons reveal that in every one of these countries the level of arithmetic taught to comparable groups of students is higher than it is in this country. There are no exceptions.

Summing up their findings, Messrs Schuttler and Spreckelmeyer conclude: "Our study of the European arithmetic texts shows that they are carefully planned and present a well-structured curriculum, with explanations tailored to fit the experience and background of the children who study the texts. At every stage, students are encouraged to use both the information that is available and their own reasoning abilities to verify their work. Appeals to flexibility of mind and to creative thinking are made to a greater degree than in American textbooks. The regimentation popularly attributed by many Americans to European schools, if it exists at all, does not extend, apparently, to thought processes, at least as far as instruction in arithmetic is concerned. Those rules and methods which are taught are based upon a thorough explanation of the processes involved, rather than upon the kind of drill which consists merely of uncritical memorization."

Looks as though our vaunted government school system is again coming out second best.

Opening For A Little Guy

The Allen-Scott Report

ROBERT S. ALLEN PAUL SCOTT

U.S. CANADA NAVAL PATROLS SPOOT APPARENT RUSSIAN ATOMIC SUB

WASHINGTON — Russia is strongly suspected of having a secretly-built atomic-powered submarine in the North Atlantic.

That's what the Navy has told the Joint Chiefs of Staff. This startling information is based on an extraordinary experience of the anti-submarine patrol forces of both the U.S. and Canadian Navies.

They have reported that an ASW patrol, in the course of a routine mission, detected an unidentified submarine traveling underwater, and that it was then tracked continuously for four days while cruising more than 1,000 miles without once coming to the surface.

The only known type of vessel with this underwater capability is a nuclear-powered submarine. Before the U.S. and Canadian navies lost contact with this mysterious vessel, all other submarines in these waters were accounted for. For these and other still classified reasons, naval authorities are convinced the unidentified submarine was Russian.

This event occurred early in September, less than a week before Premier Khrushchev arrived in the U.S. for his tour of the country and talks with President Eisenhower.

So far, the Reds have not claimed to have an atomic sub. While the Soviets have the largest submarine fleet in the world, their only known nuclear-powered ship is the giant icebreaker LENINGRAD, which they have never had a nuclear reactor trouble. The closest they have come to disclosing anything about atomic subs is a statement made by Deputy Premier Frol Kozlov during his U.S. visit last spring.

Admiral Hyman Rickover, "father" of U.S. atomic submarines, asked Kozlov what his country is doing in this field. "We are working on that," and changed the subject. Later, Rickover had no better luck when he accompanied Vice President Nixon to Moscow. No Soviet official or scientist would discuss this subject.

Looking Sideways

By WHITNEY BOLTON

NEW YORK — CUFF NOTES: The Bearded Fumbler must be finding out that tourist dollars are dwindling. . . His government is now sending an expensive, five-color brochure describing Cuba in nine colors of glamour to travel editors et al., hoping to re-establish tourist trade to his seething island. . . The book carries a \$1 price tag for those who do not have it sent to them, but don't let that fool you. . . You can get it free, too, if you write to Castro for a copy. . . Factually speaking, under normal circumstances Cuba is a lovely tropical island where a tourist can have a wonderful time for not too much money, but circumstances are not normal, not yet. . . For the book, muchas gracias, anyway, it kind of odd fondness for a lovely place.

Nothing like a new dog in the house to live things up. . . When our beloved Puff came to the end we thought of small, tiny dogs because in two years we will be moving from the country to New York to live, but after getting \$350 to \$500 quotes on small Yorkies we elected a Sicye, a vastly intelligent, self-respecting and shy animal who takes several days to decide whether he likes you or not, but when he decides — that's it. . . They run long and very low, with silver hair parting down the back and hanging to the floor on each side. . . This one had never seen an automobile, stairs or a cat, and managed all three without mishap. . . He found an automobile lulling, stairs a problem to be solved by thinking it out and, apparently, a Siamese cat probably just another dog. . . They rubbed noses forthwith and became friends forthwith. . . He is King-kerry of Ireland, an offshoot of a clan of Scottish lineage and is called, Heaven help him, Kettle. . . He doesn't seem to have a trauma because it sounds like a girl's name. . . In this he is like a gentleman named Evelyn: they never seem to mind, either.

Minute report from a minority department of New Yorkers: the cab driver who just happened to have seen the cub when Khrushchev's car sped to Idlewild. . . What did he do for his country when he discovered the chairman of the USSR stinking at him? . . . "I took my park, see, the one on my right hand, and using only it turned my steering wheel all the way around because I have poor steering. He looked goggle-eyed. . . I don't have it in his complexion, because I could think of it to do to show we are on top of a million ways. . . In case you have been worrying about it, winter wear this season for short-haired small dogs is not fashionable unless the mink greatcoat is belted over the back and has one slack pocket in the Continental style bag. . . Pocket on the dog's right, by the way. . . A cheaper version, if d/d jacket, has the pocket on the left. . . Demand the genuine mink with the right-hand pocket lest your dog feel humiliated.

Khrushchev wanted to ride the New York subway, The Eighth Avenue IND line, was chosen as newest and cleanest. . . But the ride was canceled out at the last moment. . . Can't blame the authorities, because it might have been greatly embarrassing. . . For 17 consecutive days now there have been break-downs, floodings and other mishaps on the New York subways. . . Only New Yorkers, highly trained to be the Mass Animal, take this without yelling. . . Strangers screech their protest and annoyance. . . Man sent me a roll-on kit for floor wax the other day and it works fine if you remember to walk alongside it in the unaxed area instead of behind it leaving prints in the fresh wax, and also remember to treat it as you would painting a floor — wax toward an exit. . . Or you will find yourself waxing into a corner and waiting for the stuff to dry hard enough to walk on.

I don't want to blow the whistle on anyone, but a young friend has recently joined the radiology department of a famed, huge hospital. . . The chief of the department is one of the four leading figures in cancer research in the United States. . . Does this eminent, knowing scientist with all known facts at his command smoke? . . . Like a chimney, friends, like a chimney, a real dedicated chain-smoker of cigarettes. . . Just thought you'd like to know. . . My young friend does not yet feel secure enough in his job and professional relations to ask the authority if this is his answer to the current hysteria. . . "May never ask him," he said bluntly the other night. "No need to needle him, you know."

"Mass picketing, mob demonstrations, all the honors of non-striking employees, riots, and boycotting of innocent parties, were some of the tactics employed. The record establishes beyond any doubt that the UAW leadership was responsible for this illegal conduct, for they planned, directed and controlled it."

Hankering

By HENRY McLEMORE

ROME — Seventeen publishers, including Gutenberg and Sons, are bidding for my new book.

And no wonder, for it is a book that has long been needed, and long been wanted, by every traveler in Europe.

The title: What To Write To The Folks At Home When You Have Nothing To Say.

There are days when a tourist has nothing to write about, but it is impossible for those at home to believe this.

Those at home picture their loved one climbing Vesuvius and risking its fiery lava, or reading the inscriptions on the tombs in Westminster Abbey, or dancing in the Hall at a cheese festival in Holland, or watching a brave sword face the moment of truth in a Madrid.

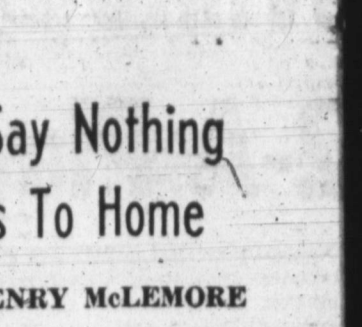

And they expect at least a postal card each day. One does not go to Europe, they figure, and just sit — sleep late, or spend time getting laundry done, or just get tired.

They see the tourist as a two-legged perpetual motion machine, who is up long before the birds, moving from one sight to another, absorbing beauty and culture as a duck does corn.

My book handles this problem. It has an interesting message for every day while one is abroad. And the most beautiful part of the whole thing is that the letters and postcards can be written before the tourist leaves for Europe.

He is leaving, say, in May, in January, in the quiet-of-his room, he starts writing letters home. By the time he departs he has a suitcase filled with vivid descriptions of what he is doing, what he has seen, and what he plans to attend.

How To Say Nothing In Letters To Home

By HENRY McLEMORE

washing. "Dear Bill: Man, did we have a time at the Lido last night. Girl and more girls. Champagne by the buckets. Managed to make 100 Halles at dawn, and what one soup. This is the town, brotha. Makes all the others look like 114 Chicken Switch. Climbed the Eiff Tower yesterday, saw Napoleon Tomb, took a ride on the Seim and saw everything in the Louvre."

The truth is, the writer had a omelette in an obscure cafe, spent the night washing spots out of his suit and preening his tie. But the letter gave Bill a thrill.

Another sample. "Dear Auntie: I am almost tired to write, because today we must have seen everything — Greece, Delphi, Marathon, the most beautiful ruins in the world. How wonderful it must have been to have lived in those days, when civilization was at its height. Tomorrow I am off to Corinth."

Having written this letter in January, Charlie was able to attend the races, drink some resin with and wash his drip and dry suit. My book will be on sale in Syracuse and Bombay in August. No mail orders or stamps, please.

It has an interesting message for every day while one is abroad. And the most beautiful part of the whole thing is that the letters and postcards can be written before the tourist leaves for Europe.

He is leaving, say, in May, in January, in the quiet-of-his room, he starts writing letters home. By the time he departs he has a suitcase filled with vivid descriptions of what he is doing, what he has seen, and what he plans to attend.

The Doctor Says

By EDGAR P. JORDAN, M. D.

Folklore about the treatment of disease dies hard. Occasionally, but only occasionally, it is found to have scientific merit.

In the latter group was the belief in certain South American regions that chewing the bark from a certain native tree was good for chills and fevers. This bark contained quinine and the fever was usually malaria. Hence this "superstition" later became the basis for the scientific treatment of malaria all over the world.

This and That

By EDGAR P. JORDAN, M. D.

I had only made myself some turkey tea and myself some turkey tea and myself some turkey tea. . . I should have saved myself a doctor bill.

"In my childhood we drank quarts of beef tea, took sulphur and molasses, or brimstone and treacle as it is called in England, and wore squares of camphor sewn into our clothes in the winter. I can see the value of beef tea, because it is a protein. I am curious, however, as to why we used to have to eat calf's-foot jelly.

Answer to Previous Puzzle

By EDGAR P. JORDAN, M. D.

ACROSS: 1 Vessel, 2 Pant, 3 Piece of bacon, 4 American humorist, 5 Nautical term, 6 Felt, 7 Greek letter, 8 Stops, 9 Wool (prefix), 10 Curve, 11 Official, 12 Hebrew law, 13 Saw loosely, 14 Dickens, 15 Dickens character, 16 Posed, 17 William Jennings Bryan, for instance, 18 Change, 19 Be sorry, 20 Redacted, 21 Tree, 22 Epouse, 23 Containers, 24 Cheat rattle, 25 Things (Latin), 26 Willow, 27 Weeping, 28 Not evergreen, 29 Chemical suffix, 30 Kind of jacket, 31 Balm, 32 Japanese outcast, 33 Without, 34 Age, 35 Wipe up.

DOWN: 1 Good old days, 2 Sent, 3 Wire, 4 Boy's friends, 5 Nautical term, 6 Felt, 7 Greek letter, 8 Stops, 9 Wool (prefix), 10 Curve, 11 Official, 12 Hebrew law, 13 Saw loosely, 14 Dickens, 15 Dickens character, 16 Posed, 17 William Jennings Bryan, for instance, 18 Change, 19 Be sorry, 20 Redacted, 21 Tree, 22 Epouse, 23 Containers, 24 Cheat rattle, 25 Things (Latin), 26 Willow, 27 Weeping, 28 Not evergreen, 29 Chemical suffix, 30 Kind of jacket, 31 Balm, 32 Japanese outcast, 33 Without, 34 Age, 35 Wipe up.
