Forty Quarts of Whiskey Destroyed Here Friday

Acting on orders from District Judge Fritz Smith on last Friday afternoon, Sheriff Frank House and Deputy Andrew J. Merrick destroyed forty quarts of alcohol, whiskey and other intoxicating liquor. The destruction was carried out in the jail yard, with a representative of the Herald as a witness.

This liquor was of various kinds, color and quality and it required a strong stomach to withstand the sickening odor that emanated from same. In quite a bit of the non-colored liquor, bugs and insects could be plainly discerned.

There was murder, suicide tears and trouble packed in this stuff and on inquiry we learned this little batch of forty quarts had brought twelve men into court on charges of felonies, and had brought prison sentences aggregating fourteen years to those who had attempted to sell or transport this stuff.

In addition to this forty quarts, Sheriff House has in his keeping some 200 quarts of whiskey and alcohol which must be produced in court when another term of court will call up men charged with violation of the prohibition law.

Men seem willing to take big chances on violating the Volstead liquor law but sooner or later they must pay the penalty.

NEW FARM HOME

Work on a modern five room bungalow on the T. H. Johnson place in the Elbow community is progressing rapidly and it is expected that the residence will be completed the latter part of next week.

Mr. and Mrs. Johnson of Lamesa were visitors at the First Christian Church Sunday.

As California B. & J. Fisher No. 1. This inch casing has been run in the California Oil Co.'s B. & J. Fisher No. 1, five miles south of Big Spring. An effort will be made to carry this casing on down with the drill past the 1500 foot depth.

At the Guitar No. 2. The drill is now down below the 1300 foot mark in the Marland Oil Company's test well No. 2 on the Guitar ranch, seven miles northwest of Big Spring.

This test is expected to encounter an oil sand around the 3100 foot level.

At Haynes No. 1. The Marland Oil Company's Haynes No. 1 is now drilling below the 2800 foot mark.

This test is one of the most interesting in the county and if a commercial well is brought in a big development will ensue.

At Marland's Connally No. 1. A depth of nearly 1000 feet has been reached in the Marland Oil Company's Connally No. 1, four miles south of Big Spring.

This location is considered favorable and it is thought a producing oil sand will be found between 3000 and 3200 feet.

The Connally No. 1 is about two miles northeast of the Texon-Marland No. 1 which is now pumping around 30 barrels of oil daily.

At Edith K. Fisher Test. Another stratum of lime has been encountered in the Marland Oil Co. Edith K. Fisher test, about seven miles south of Big Spring, at between 3200 and 3300 feet. Six and five eighth inch casing is now being run in this well.

At the W. S. Martin No. 1. Slow progress is being made in the Martin No. 1 on the W. S. Martin ranch, 12 miles northwest of Big Spring, due to the fact that they are drilling in an open hole in which some water is giving trouble.

A depth of more than 2800 feet has been reached in this test.

Agricultural Day at Luncheon Club

A Number of Farmers and Farmers Wives Guests of Honor at Meeting Held at Methodist Church

An Agricultural Day program was planned for this week's meeting of the Luncheon Club and all present thoroughly enjoyed the occasion. Fifteen or twenty who failed to accept the invitation missed a mighty pleasant and instructive meeting.

President Joe B. Pickle tendered the visitors a most cordial welcome and expressed the hope that all of them would attend future meetings. Before the splendid feast could be attacked C. T. Watson insisted that everyone join in singing two verses of America. All qualified except J. F. Wolcott.

Mr. Watson asked permission to make the following announcements. He wanted everyone to attend the Merchants Institute being held at the courthouse Tuesday, Wednesday and Thursday under the direction of H. W. Stanley of El Paso. He announced that two important conventions were scheduled and asked the cooperation of the entire citizenship in entertaining the delegates. The first is to be the West Texas Hardware Dealers Association on October 18 and the other is to be the District Conference of the M. E. Church in November.

The following members were named to be in charge of next week's meeting: Messrs. Montin, Wyatt and Phillips.

Fred J. Keating was in charge of the agricultural program and after welcoming the visitors stated that one portion of the program would have to be omitted as the Home Demonstration Agent of Mitchell County and three of her club members were unable to attend on account of the mud. These three club members have won statewide recognition as a result of their accomplishment in the way of earning money from their own efforts. One of these club members made more money on the farm in one year than Mitchell County is called upon to pay as a salary for the Home Demonstration agent. In apologizing for their non-appearance Mr. Keating stated he knew their experiences would have been worth much to the ladies present.

H. W. Stanley of El Paso who is cultivating Sunshine for the Gateway City, was called upon for a talk and he certainly made an interesting one. He is an interesting speaker and his talk, starting off along a humorous vein, developed into real facts and philosophy. He admitted having deserted the farm when he was fifteen but he never doubted that the farmer is the real backbone of the nation. He stated when the farmers are organized and working in harmony they will come into their own and wield a powerful influence. He said if we all could see things as they are we could make a greater success of our life's work.

Sam Little, L. E. Lomax and W. B. Sneed made interesting talks in which they attempted to explain some of the causes of the seeming lack of team work between the farmers and city folks. Most of them stated that when you dug deep enough you would generally find that the successful business man came from the farm. The fact that a man lived on the farm or in the country was no gauge of a man's worth for there is no more honorable calling in the world than that of farming. Most everyone admitted that the more you met, mingled and came to know people the better you learned to like them. A better understanding between city and country people would be for the best interests of everyone, for we are all cogs in a wheel and the success of one is essential to the welfare of the other.

Mr. Little stated that his dream was to see every farmer in the South own his own farm. When this comes to pass then the farmers would be in a position to advance. He stated he recognized the need of study in the farming game and there was something to learn every day. He said that county fairs where feed and seed judging and grading was done was worth much to every farm. Boy's calf feeding and judging work, girl's clubs in canning and other work

General Rain Brings Cool Spell

Entire Section is Visited by Rains the Forepart of This Week. The Ranges Are Greatly Benefitted

What may be designated the first general rain of the entire year visited West Texas the forepart of the week. The rains brought real fall weather; the thermometer registering 43 degrees at Big Spring Tuesday morning. This rain behaved as have most of the showers the past nine months; causing floods at some points and proving very light in other sections.

The rainfall for Saturday and Sunday registered 41 in Big Spring and Tuesday's rainfall was 21.

Knott and other communities north and west of Big Spring reported regular gully washing rains. Between Coahoma and Westbrook a regular cloudburst is said to have been in evidence Sunday night. Roads and the railroad in the latan section were washed out by the flood waters.

At latan flat traffic on the Bankhead Highway was held up for many hours; and washouts on the railroad track caused Texas and Pacific passenger and freight trains to come rolling in several hours late.

The section covered by the rains, as far as we could learn, extend from Odessa to Dallas and from Amarillo to San Angelo.

While these rains came too late to materially change the cotton and feed crop prospects they will prove of great benefit on the range and insure winter pasturage.

We are still shy on rainfall this year as the total rainfall up to date is only 11.72. The average for the year is 18.45 inches.

Mrs. Gordon Phillips returned Monday night from a two weeks vacation trip to Mineral Wells, Fort Worth and Dallas.

They were all valuable and there should be more of this work in every community if we wished to train the boys and girls for farm life. He stated he appreciated what the business men had done in the way of promoting the owning of better dairy cows and a thousand and one other things they have endeavored to do to aid the farmers of Howard County.

Mr. Lomax seconded all that Mr. Little had to say along the line of cooperation between city and country folks, and added that he had ever found the business men of Big Spring eager and willing to aid in the betterment of farm life. He, it was, who made the argument that every man has some good points, whether he lives in the city or on the farm, and the better acquainted you become the more you find he is worthy your trust and confidence.

Mr. Sneed said he had but one avocation aside from his regular job of farming—or at least he thought he did until he tried horse trading and ever since he has quit trying to do anything but farm. He admitted however that Mrs. Sneed was a better money maker on the farm than he was. For twenty one years she has made the living expenses of the family by her flock of leghorn hens. Even in 1917 and 1918 when all their feed had to be purchased the hens kept right on working and earning enough to pay their way and the expenses of the Sneed family. He added there was not a single reason why city and country have any difference but every reason why they should work together as one big family, for that is really what we are.

B. Reagan made a brief talk in which he thanked the visitors for being present and requested those present to urge their friends and neighbors to attend these community meetings which are intended for the betterment of all concerned.

Mr. Keating invited everyone to attend the Howard County Fair which was scheduled for Saturday, Oct. 1 in the Collins building on East Second street.

Exhibitors are urged to bring in their exhibits Friday afternoon or before 10 o'clock Saturday morning. He also stated that special poultry pens would be arranged so it would not be necessary for owners of poultry to go to any expense to build special coops.

Officers Arrest Three After Exciting Chase

Upon notification from Brownfield to be on the lookout for three men in a Nash sedan, suspected of auto theft, Sheriff Frank House and Traffic Officer L. C. Winters headed out the Gail road Wednesday afternoon, and about 12 miles out they encountered the car, but the men refused to stop. While Sheriff House was turning his auto they got quite a little start but he was rapidly overhauling them when they saw another car approaching, so they jammed on the brakes and jumped out as the car started to slow down. Deputy Sheriffs Andrew Merrick and Layne were in the car approaching. The trio in the sedan ducked under a fence, ran across a pasture and into a cane field. The two cars in which the officers were coming, crashed thru the fence and kept on across the pasture in pursuit of the fugitives; and were not far behind them when the cane field was reached. The officers were not long in capturing the trio.

It is said they admitted stealing an automobile in Fort Worth. Officers had been notified to be on the lookout for three men who attempted to rob the Stockyards National Bank at Fort Worth about 4 o'clock Tuesday and local officers have wired Fort Worth to send some one out to see if the three men captured near this city fit the description.

Sheriffs Frank of Brownfield and Jenkins of Gail who had been chasing this trio for some time were hot on their trail and arrived shortly after the Howard County officers had made the capture.

Rix Sells Lamesa Store to Higginbotham - Bartlett

H. L. Rix, president of the Rix Furniture and Undertaking Company, and manager of the local store, announced on Monday of this week that they had sold their Lamesa furniture store to Higginbotham-Bartlett Co., a furniture and lumber company at Lamesa. The deal was closed Monday morning, and the new owners took possession of the stock which will be combined with their furniture store already in operation at Lamesa.

The Rix Furniture and Undertaking Company now have stores at Lubbock and Big Spring and they are one of the strongest furniture companies in West Texas. They expect to concentrate their efforts in the Big Spring and Lubbock stores and try to make them even bigger and better.

The Rix Furniture and Undertaking Company was organized in Big Spring twenty two years ago and the generous business they have enjoyed during this time and the success the company has attained is attributed in part to the service they have rendered.

The Lamesa store has been in their ownership only the past five years.

Huge Electric Sign on Crawford Hotel

An electric sign sixty-five feet long was erected on the top of the new Crawford Hotel here this week. The word "Crawford" in letters eleven feet high make up the huge electric sign. When the electricity is turned on this sign can be seen for a long distance at night and will be about the first thing that will attract the attention of motorists who are approaching our city on any one of the five main highways entering our city. In day time this seven story structure can be seen as soon as autoists top the hills which circle Big Spring.

A Dog Wanted

Col. T. G. Henry has been mighty lonesome the past week due to the death of his old stand by and inseparable companion—"Dan Moody". This "Dan" was just a little old dog but Col. Henry would just about as soon parted with his bankroll. "Dan" met his death under the wheels of an automobile Monday. He was fourteen years old and for thirteen years he had paddled about town after his master. If any one has a dog with a good disposition Col. Henry would like to adopt one.

Mr. and Mrs. J. J. Green returned Sunday from a visit with relatives and friends in San Antonio. Mrs. Anna Birdwell accompanied them to this city for a visit.

Increase Shown in Enrollment

Schools Are Overflowing; Emergency Order Placed for Text Books and Desks This Week

The Big Spring schools are overflowing with students, according to P. B. Bittle, superintendent of city schools. The enrollment to date has exceeded the number attending the schools at the close of the term last year and it is expected to reach the 1500 mark before the middle of the term. The numbers always increase as soon as the compulsory school law goes into effect, which will become effective in November.

New students continue to enroll daily and the total enrollment up to Monday of this week was given as 1325. No Mexicans have entered the schools this year. It is thought that they have remained away on account of having to be immunized against typhoid before entering school. Miss Ruthe Miller formerly teacher of the Mexican children has charge of a room of third and fourth grade pupils at the North Ward school. A teacher will be supplied when needed and the children will attend school at the Mexican mission if plans are carried out as they now stand.

Another evidence of the increase of enrollment was the shortage of state text books. Superintendent Bittle had to send in an emergency order for free text books and also for 42 new desks.

Estimated Enrollment

Following is the estimated enrollment of the five city schools: High school 315; Junior high school 310; Central ward school 340; South ward school 200; North ward school 160.

The South Ward school was not quite complete for the opening of school and after enrollment and the issuance of books the students were dismissed for the first week. Classes have been started and the work is progressing nicely.

All of the schools seem to have a most encouraging start with real work being accomplished and some splendid interest being shown. All the pupils as well as the teachers, seem enthusiastic over the outlook for the year and each one is doing his part to help accomplish big things and to make this year the best in our history.

Schedule for Football Season Completed at Meeting

At a meeting of the high school coaches, superintendents and principals held in Colorado the past week the football schedules for this season were completed. Following is a list of the games to be played between the Big Spring Steers and other teams in District 3, before the close of the season: Sept. 30, Stanton; October 7, open date; Oct. 14, Abilene; Oct. 21, Roby; Oct. 25, Lorraine; Nov. 4, Sweetwater; Nov. 11, Colorado at Colorado; Nov. 18, Roscoe; Nov. 24, Lamesa.

Some real football games are assured the fans with the schedule that has been completed. Old but friendly rivals, such as Abilene, Colorado and Sweetwater are listed for a match game with the Steers, and interest is always high in contests with the teams from these towns. The Steers are under strict training and are making every preparation to stand a fair chance for a victorious season. The eight letter men on the team together with the other strong men on the team are ready to hold their own and they are in the game to win.

The initial game of the season is being played this afternoon (Friday) with Stanton.

Mitchell County Road Contract Let Monday

A contract for drainage structures and grades for the first section of the Bankhead Highway thru Mitchell County, was awarded at Austin Monday to Culver House and Jones for \$30,342.09.

This section embraces 9.75 miles from Westbrook to the western line of Mitchell County and includes seven concrete culverts, two concrete bridges 20 feet long, and construction of a grade through latan flats. Work is to be started at once.

WHAT'S DOING IN WEST TEXAS

By
West Texas Chamber Commerce

Lampasas — Lampasas will be 1928 host to the Heart of Hills District of the West Texas Chamber of Commerce. It was decided at the San Saba convention held Sept. 22. More than 250 farmers, business men, and their families took part in the annual gathering. President R. W. Haynie's talk on "a fair and equitable distribution of water of the streams originating and flowing in the west and through the west" was one of the most widely approved speeches of the meeting. Development and exploitation of the untold mineral wealth of the region was another point stressed by the convention.

Alvord — One hundred and sixty three cars of watermelons had been shipped out of Alvord by train up to September 15.

Henrietta — Contract has been let for a new high school building to the sum of \$43,000. The structure will be two stories high, with tile roof, and will have its heating plant in the basement. It is to be constructed within 120 working days.

Mason — Mason, the largest inland town in Texas, is to have another newspaper soon. Dan W. Huffor of Brady will be owner and editor.

Benjamin — Population of this town was largely augmented within the past weeks by widespread attendance of the bank robbery trial of E. C. Gessman and James Watson. The offenders were given 50 and 45 year sentences respectively.

Jayton — Jayton schools have gotten underway with a record attendance. It is planned to put the institution on a firm basis of affiliation this year.

Carbon — Street lights are being installed in this town and numerous improvements in residential and business houses are underway.

Junction — The chamber of commerce and citizenship of Junction are hard at work on plans for incorporation of the city. Vote to incorporate was made recently 158 to 116.

El Dorado — Schleicher County farmers are making good profits from poultry here. One stockfarmer kept books on 150 white leghorn hens for six months and found that they fed themselves, bought feed for raising 500 other chickens, and banked over \$25 a month besides. He exhibited his birds at the annual Schleicher County Fair held for the fifth time recently.

Roswell, N. M. — In celebration of the annual cotton carnival, the Southwestern Dispatch of Roswell, N. M., recently came out with a special edition of seven sections. These were devoted to written and pictorial matter on the town of Roswell, Carlsbad, Artesia, and the mountain section, Rodeo, Dexter, Flower and Hagerman, to a history section, and a section on masonry and the premium list.

Fort Worth — The eighteen story, 360 room Worth Hotel was opened to the traveling public here September 24. The building is beautifully finished and has excellent appointments. It will accommodate many of the thousands visitors to the 1928 convention of the West Texas Chamber of Commerce which will be held here next June.

Snyder — Scurry County farmers are getting real service from their organization, the Scurry County Chamber of Commerce. The body is working in cooperation with the U. S. Department of Agriculture in providing for local farming interests.

Ablene — The Hilton Hotel, heralded as the largest and finest hotel between Fort Worth and Los Angeles, was formally opened to the public the week of Sept. 19. The structure has 260 rooms with baths and is ten stories high, beautifully finished both inside and out.

THE CONSTITUTION

"Know the Constitution Week" passed with hardly a ripple of public interest. Few Americans even gained the information that last Saturday was the one hundred and fortieth anniversary of the great document which is the charter of public liberties as well as government in this Republic. Old but not withered, long-used but still retaining its powers over the most fortunate people on earth, a great majority of whom have never read it and have only the vaguest ideas of the inalienable human rights to this it refers, the Constitution was signed and sealed on Sept. 17, 1787.

"We, the People of the United States, in order to form a more perfect union, establish justice, insure domestic tranquility, provide for the common defense, promote the general welfare, and secure the blessings of liberty to ourselves and our posterity, do ordain and establish this Constitution for the United States of America." This is the immortal preamble in which is nobly uttered a great purpose respected by every liberty-loving people on earth. But how few Americans are familiar with its provisions, and how few know the pains to which the framers and the authors of the early amendments were to prohibit specific invasions of the rights of citizens and make it plain that the Government shall have no power to deny any other rights which have been retained by the people.

The Constitution is an every-day document for every man. It is easily understood in all its fundamentals. It is not for lawyers and legislators alone, but for the whole people. — Fort Worth Star-Telegram

Mosquitoes... "Fly funeral" when sprayed around the room will rid the place of them right now... Cunningham & Phillips.

THE ALSO RANS

There are people who are like the cow's tail, always behind. They get to the railway station just as the train pulls out, and blame the watchmaker. They make hay when the sun has ceased shining and say Providence is responsible for musty fodder. "There is a time for everything under the sun," but these laggards turn the old proverb upside down and put-off till tomorrow what they should do today. They talk hopefully about the sweet by-and-bye, forgetting that the sweetness depends upon getting up and hustling right now. When you hear a man talk glibly about not crossing the bridge until he comes to it, make up your mind that he is in for a ducking. The fellow who keeps expecting things to turn up and never does any digging is going to be a disappointed man. Keep your eye on the race. Get in at the start and run to win. The road is strewn with derelicts who have kidded themselves that they were trying when they were bluffing. Even if you don't get the prize you set out to win, the effort will be more than worth while. — The Batteryman.

Smoke one of our new pipes... Cunningham & Phillips.

Mr. and Mrs. L. E. Roden and Mr. and Mrs. Del Geer spent the last week end visiting friends at Big Spring. — Nolan County News (Sweetwater).

DOUGH FACES

Putty men please nobody. The "yes, yes" fellow is of little account in business, on the street, or in church. There are men in senile decay who have reached there by simply saying "yes" to everything put up to them. It is a bad day for a man when he neither gets nor gives opposition. Conflict is the wine of life. The man against whom no wind blows and no force sets itself in array has a poor chance of becoming more than a jumping Jack. The man who makes a rabbit of himself may expect to be chased by hounds. Let your neighbors walk over you, and they will soon spit on your back. They may call you a jolly fellow to your face but they will vote you a weak fool if you let them play dirty tricks on you. "The simple believeth everything" but the man of brains won't let every jackass pull his nose. The man who is cheated once, is to be pitied. But the man who lets his neighbor put over the same gag on him twice is about as bad as the fellow who "does" him. — The Batteryman.

Look for Hills Bros' Arab when you buy coffee

HILLS BROS COFFEE

Fresh from the original vacuum pack. Easily opened with a key. © 1927

CONTROLLED Roasting! That's what Hills Bros' Arab stands for. A process that roasts a few pounds at a time instead of in bulk. A process that produces a distinctive, unvarying flavor and aroma unapproached by any other coffee.

Controlled Roasting is Hills Bros' process exclusively. And the fine flavor it creates comes to you in all its abundance because Hills Bros. Coffee is packed in vacuum. Until you open the tin by turning the key, not a bit of this goodness can escape.

Ask for Hills Bros. Coffee by name and look for the Arab on the can. Your grocer has it. Send for a free copy of "The Art of Entertaining." Address Hills Bros., 2525 Southwest Boulevard, Kansas City, Mo.

DEATH CLAIMS J. L. McWHIRTER

In the death of J. L. McWhirter Big Spring loses one of her most progressive and lovable citizens. The announcement of his death, which reached our city last Saturday morning came as a shock to his host of friends.

He died at the Baptist Sanitarium at Fort Worth at 10 o'clock Saturday, Sept. 24. Death followed an operation for the removal of pus from his leg, caused by tuberculosis in the bone tissue. He had been suffering from this for the past year or more and undergone several operations within this time. When he left here for Fort Worth on Sept. 16 he was in fine health and spirits, apparently, and that is why the announcement of his death came as a bolt out of a clear sky.

Mr. McWhirter was owner of the Tonsor Barber Shop and Beauty Parlor in this city and was one of our most progressive business men. During the eight years he has made his home in Big Spring he has won the confidence and esteem of our entire citizenship. He was a big, wholesome gentleman, one who always had a pleasant greeting and a good word for his fellow man.

He was ever ready to do a good turn for anyone in need or trouble and this old world would be a much better place if it was peopled by more men of his character. Many hearts are saddened by the death of this upstanding citizen, a true friend and a good neighbor.

The remains were brought from Fort Worth Sunday morning and taken to the Eberley undertaking parlors until 3:30 o'clock Sunday afternoon when services were conducted at the Methodist Church and concluded at the graveside in Mt. Olive cemetery.

He is survived by his wife and four children: J. L. Jr., Lorena, Oretta and J. D. McWhirter; his father and mother, two brothers and five sisters, and to those who mourn for one dearly beloved is extended the heartfelt sympathy of the entire citizenship.

The following relatives were here to attend the funeral: L. A. McWhirter of Fort Worth, W. R. McWhirter of Breckenridge, Mr. and Mrs. J. L. Chastain of Ballinger, Rev. and Mrs. J. F. Isabell of Fort Worth, F. E. LaMotte of Ballinger, G. D. Williams and Mrs. Hal Bettis of Somerville.

NEW FIRM ORGANIZED

Cook and Scheig is the name of a new firm in Big Spring, this firm being formed to engage in the sale of real estate, oil leases, and royalties in West Texas with headquarters in this city.

The members of the firm are R. L. Cook of this city and R. F. Scheig formerly of Amarillo.

Mr. Cook is one of our well known citizens and live real estate and oil lease dealers. Mr. Scheig is an expert oil man and knows the game from A to Z. Formerly with the Gibson Oil Corp. of Amarillo he knows most of the operators in West Texas and is thoroughly familiar with all the angles of the oil development game. These two gentlemen are live wires, are thoroughly dependable and should build up a most successful business.

Mr. and Mrs. Scheig recently arrived from Amarillo to make their home in Big Spring.

CARD OF THANKS

For the loving deeds of kindness and of sympathy extended us during our recent bereavement we wish to extend our heartfelt thanks to our kind friends and neighbors. We also wish to thank you for the beautiful floral offerings.

May God bless and keep you all. Mrs. J. L. McWhirter and children Mr. and Mrs. R. E. Hancock.

CEMETERY FUND

There are still some who have forgotten to send in their contribution to the Cemetery fund. Donations are still gratefully received and your support is needed. Send your money or a check to John F. Wolcott, chairman.

Frank Wynn donated \$5.00 to the Cemetery fund this week.

WE NEED ANOTHER EXPRESS TRAIN

There is not a doubt but that an express car on the Texas and Pacific Sunshine Special west of Big Spring would pay the railroad and be appreciated by the patrons of the line. For some reason or other the T. & P. officials do not care to render this service until the people demand it, and the time has just about arrived for the citizens of West Texas to demand such service.

One express train each way each day is hardly sufficient to serve the needs of this fast growing section.

If the T. & P. officials fail to see the need of this service the citizens should petition the State Railway Commission or the I. C. C. for this relief. You never get anything unless you go after it and it would be to our advantage to push this demand to the limit.

Less Whittaker of Amarillo was a business visitor in this city Saturday.

FAVORING GOOD ROADS

R. W. Haynie, president West Texas Chamber of Commerce: "During my administration, I am particularly desirous of seeing a real road building program launched by the state. The chamber has a plan which will require the state to issue millions in state bonds and a constitutional amendment will be required before this can be done. However, a hundred million or so, spent on roads in this state, will mean more and accomplish greater results in the line of progress and prosperity than possibly any other factor."—El Paso Herald.

News From Other WT Fields

Over-Production Lessened
The wells of the Transcontinental-Mid-Kansas operating in the Yates Pool of Texas have been given a flow gauge, and in accordance with Friday reports the first definite production for a large number of wells were reported as open on Tuesday morning and on Thursday morning. Estimated potential production is about 27,500 barrels per day, more than a fourth of total production credited to operating partnership in the Yates pool in the past two weeks.

Transcontinental-Mid-Kansas
Production from its 14

wells was figured from 35,000 barrels to 95,000 barrels per day at that time.

Several single wells at completion gauged almost as much production as the whole string did this week.

The results of the test indicate, oil men say, that a definite downward revision of the amount of oil expected from this pool and the rate at which it will be obtained will be necessary. The bugbear of the Yates pool has been cited in the East as one of the principal reasons for the belief that the overproduction which has staggered oil markets this year will last for a considerable period.

Coincident with the news of the open-flow test came the report that Mid-Kansas, which has the operating control of the joint properties, was shipping in 30 machines, presumably to proceed with the drilling up of the property in the Yates pool without further delay.

This is not incompatible with the terms of the recent agreement reached here for prorating of the

pipe line capacity of the Yates pool to 44,000 barrels per day.

In that agreement no attempt was made to restrict the number of wells being drilled, its purpose being merely the equal apportionment of transportation facilities in the field among all producers.

It is thought that this might be for the purpose of guarding against a drilling campaign on leases held by companies which are known to be fairly well down the flanks of the producing structure. Since there is evidence that the pressure responsible for large production is due to hydrostatic pressure, there will be a tendency to drill these leases up rapidly.

This is the second development of the past week tending to limit the expectancy of oil from the Yates pool.

The first was furnished at the outset of the week when the Gulf No. 1 Thompson, a well which at one time reached a flow of 700 barrels of oil per hour when it extended production eastward across the Pecos River, began to show sulphur water, despite the back pressure created by its being choked in to 30 barrels hourly.

When opened up full, after the appearance of the water, it showed 100 per cent emulsion. Then choked to 30 barrels hourly it showed a third water and emulsion. Further choking has reduced the amount of water.

This was followed by the reported appearance of a trace of sulphur water in the Allsman & Bell well in the Pecos River bed on the east side of the field, and in the Marland No. 1 Yates, section 60, I. & G. N. block 1, and in the Mid-Kansas and Transcontinental No. 3-B Yates, section 61, I. & G. N. block 1, offsetting the Marland and Allsman & Bell wells.

Reports of water showing in this well of the Mid-Kansas and Transcontinental have been since denied.

However, it is structurally about the same as the Marland well, and natural water encroachment should bring a trace before very long unless it is pinched materially off men think.

Other wells of the Transcontinental and Mid-Kansas are a mile or two, and in some instances further, from this well and are considerably higher on structure.—Fort Worth Star-Telegram

will be either sucking air or blowing out cool air. When it is either sucking in air or blowing it out the noise can be heard for 100 feet. Fire tests have frequently been made, with the results that the blaze was either sucked into the casing or blown out. The water from this well has been analyzed and shows nothing out of the ordinary.

Drilling on Sanders No. 1
The Sanders No. 1 test, being drilled three and one half miles north of Lorraine, section 25, block 25, is now drilling at a depth of a little better than 3200 feet. For the past 2000 feet it has been drilling in hard grey lime. The work is going forward rapidly despite the fact that the bit has been lost once, on Tuesday night of last week.—Colorado Record.

Coke County Well Has Showing
Lipan Oil Company's No. 1 E. C. Rawlins, 4 miles northwest of Bronte, in Coke County, had drilled out only six feet of the cement plug Saturday when work was stopped to arrange for smaller drill. Drilling was to be resumed Sunday. Eight inch casing was cemented at 2677 feet, after a rainbow of oil and inflammable gas was struck in five feet of sand from 2716-21 feet. The total depth is 2735.—Colorado Record.

Oil Test Almost to Contract Depth
Work is steadily going forward on the wildcat test eight miles southeast of O'Donnell which is being drilled by the Penn Drilling Company and so far has not caused any undue excitement. Thursday morning they were drilling at 3325 feet in a red sand.

The contract calls for only a 3500 foot hole and it is expected the contract will be completed by the last of the week provided the drillers experience no unforeseen trouble.

Efforts are being made to induce the Penn Drilling Company to sink another test about three miles north of the present location. Mr. Penn is expected to arrive here today and inducements will be offered for another test.—O'Donnell Index.

FREAK WELLS IN SCURRY CO.
Snyder, Scurry County, Texas, Sept 24.—Scurry County has two freak wells. One of these is located fourteen miles southwest of Snyder on the oil lease of the Northwest Oil Company. This well flows cold air continuously, and the pressure is so great that the Northwest Company operate two oil well pumps with its pressure. This well has been flowing cold air continuously for more than two years.

The other well is located on S. A. Smith's farm five miles east of Snyder. This well has a windmill over it. There will be several days that the windmill can not pump any water. During this time the well

LILLIAN GISH

in Annie Laurie

WITH Norman KERRY

You'll Love This Picture as You Love the Song!

2 Days Starting

Monday, October 3rd

A thrilling tale of love in bonnie Scotland in the most colorful era of Scottish history.

Lillian Gish has never, in all of her glorious career, had a vehicle to equal the qualities of "Annie Laurie!" This picture has the throbs, the thrills, the tenderness that Miss Gish's admiring thousands demand of her.

The setting is new too! Rugged hills of Sotland, where strong brutish men fought for power and the love of women. The intrigues and battles of two warring clans, bringing together the leader of one clan and the beauty of the other.

**MRS. L. A. WILLS WRITES
FROM HONDURAS**
(Continued from page 2)

fewer vines and small shrubs, and after reaching an altitude of three thousand feet we began to see the pine trees with very few of any other variety of trees with no underbrush. As we neared the continental divide we began to see the different varieties of cacti, but what a difference. The one variety which is common in the states and is called the card cactus and grows to about two feet in height and is similar in appearance to Burbank's spineless kind. Grows fifteen feet tall here with its big slob or leaves at the top with bright red flowers and pear shaped fruit. Tegusigalpa is the capital of Honduras and is situated in a depression in the mountains where two rivers come together. It is entirely surrounded by lofty mountains all covered with pretty green trees, grass and shrubs and is indeed a beautiful sight, when viewed from a lofty elevation. The buildings are all of the simple Spanish style of architecture with red tile roofs and very thick walls that have withstood the attacks of many revolutions. They claim forty thousand inhabitants in the city.

In company with my friend I called on the President, Senor Paz Barrios, after securing permission to call. The president received us graciously and seemed interested in us. He is a very pleasant, kindly looking middle aged man and speaks English fluently, having been graduated in Columbia University, and was a practicing physician for many years. He seems rather weary of the burdens of his office. As his country, while rich in resources is behind the other countries of Central America in development.

The people in the majority are a cross between the Spanish, Negro and different tribes of Indians and are very similar in dress, language and customs as that of our neighbors across the Rio Grande. They are not as picturesque as the Mexicans on the border, as they do not wear the tall peaked sombrero, but seem to wear every variety of hat known from the beautiful Panama and John B. Stetson, to the coarse braded straw. Many of the women go bareheaded while others wear the mantilla or shawl. However, I have seen many up to date flappers with a boyish bob. These go bare-headed and carry parasols.

There are quite a few of the better makes of automobiles, but most of these are for the purpose of carrying passengers over the inter-oceanic highway. The heavier loads of commerce is drawn by oxen in two wheel cars, but the common carrier of the country is the little pony and small mules. My friend and I roared with laughter when I had bought a pony load of wood, and the boy calmly led the pony in the kitchen and dumped the wood in one corner of the room. I must add that all the light burdens are carried by the women in baskets and ollas balanced on their heads. They are all very straight and graceful from having balanced these loads on their heads from childhood. The poorer people, which I should judge is eighty per cent or more, walk when they want to travel, the others ride the little ponies or mules. The fruits are plentiful and delicious. The most abundant varieties are the banana, pineapple, coconut, oranges, limes, lemons, grape fruit, pappapies (native fruit and very delicious), mangos and many other varieties. The vegetables are a disappointment as they do not respond kindly to the native method of gardening which is to stick a sharp stick in the ground, put in the seed and let nature take its course. The corn is the one exception as it grows about fifteen feet tall and is planted very thick in order to choke out the weeds and other plants. Corn, beans and rice is the principal food with native

fruits, eggs, chickens and native cheese. Nearly every home has chickens, ducks, pigs, dogs and buzzards all around the front doors as well as back yard. One loses their taste for black chickens. The better homes have a cow and pony or little mule.

There are a great many beautiful old cathedrals here, with silver railing and gold burnished pulpits with beautiful paintings by old masters.

The president's palace is situated on a gradual slope reaching the approach to the bridge, over the river, where the two come together and with its lofty towers and turrets is an imposing edifice.

They have many public schools, and compulsory education from the ages of seven to fifteen. The republic also maintains a number of manual training schools, where the boys are taught a great many useful things.

My friend is teaching English in the School of Arts and I am teaching a class of girls while I am here. They are all very anxious to learn English and learn very rapidly.

The thing which gets the average American here is the utter disregard of sanitary measures. But the Rockefeller Institute maintains a health board here and keeps a sanitary engineer on the job, but there is little that one man can do, as the habits of the people are primitive in the extreme. The river is the public laundry, as bathing resort, and the banks are lined on both sides with women washing and bathing. The women wearing makeshift bathing suits and the men just a little ways off going in as nature made. This morning as I was taking some pictures of the wash women a man in the nude some distance in the background went calmly ahead with his ablutions. I trust that my negatives will not shock the photographer.

There are a great many soldiers here but they are a sorry lot. Their clothes of cheap cotton blue and khaki color with hats of straw, with sandals on their feet and many of them go barefoot. But some of them have shoes. Fully two thirds of the women go barefooted and about half the men. A great many little boys under three years old go perfectly nude.

The climate here is very delightful as I have slept under two blan-

kets every night since I arrived in Tegusigolpe. When the sun comes out at mid day it is rather warm, but there is always a cool breeze blowing.

We have an engagement to lunch with the minister of the U. S. A. Monday at the Embassy. He is a Mr. Sumerling and a very charming gentleman.

The homes here all have a patio with ferns and tropical plants which are very beautiful. The floors in the front rooms are of polished tile in beautiful designs and rough tile in the back rooms and verandas.

It rained almost continuously the first ten days I was here but it has not rained now in three days and the natives think they are having a drouth. I expect to go to San Salvador and Gataumala the first of September. (To be continued in my next.) Mrs. L. A. Wills.

**ADVERTISING EXPERT
"TOUCHES" TOWN**

Another publicity expert blew into our quiet little city last week and offered to get up some new menus for a local restaurant by canvassing the merchants for enough advertising to pay the printer and keep a goodly rakeoff until he could work the next town. Said publicity expert neither met defeat or walked off with the hoodie, as he disappeared with a nice folder belonging to the restaurant keeper and also forgot to pay his room rent with the local rooming house. These publicity experts are beginning to become numerous during the busy season, but are never on hand when a collection is taken up for any local enterprise. Moral: "Keep your advertising money at home and it will come back to you."—San Saba Star.

3,505,552 BALES COTTON GINNED

Cotton of this year's growth ginned prior to September 16 totaled 3,505,552 bales, counting 99,912 round bales as half bales, and 509,103 bales, including 61,651 cluding linters, compared with 2,700,000 bales for 1926 and 4,282,086 bales, including 53,311 round bales for 1925, the census bureau announced last week.

Ginning prior to September 16 by states included: Arizona, 7722; New Mexico, 3793; Texas, 1,683,973.

The price of cotton jumped upward \$5 a bale on the New York cotton exchange last Friday following the publication of the U. S. ginning report.

Valspar...The varnishes and enamels used for all comparison... Cunningham & Phillips.

THE STRANGER

"Who's the stranger, mother, dear? Look, he knows me, ain't he queer? Hush, my own; don't talk so wild; He's your father, dearest child. He's my father, No such thing! Father died away last spring. Father didn't die, you dub. Father joined the golfing club. But they closed the club, so he Has no place to go, you see; No place left for him to roam. That is why he's coming home. Kiss him, he won't bit you, child; All them golfing guys, look wild." —Bostonian.

Golf sticks and balls... Cunningham & Phillips.

Supt. P. B. Bittle, T. F. Huggins, principal, and Coach George Harris of the Big Spring High School spent Saturday of last week in Colorado where they went to attend a meeting of high school officials and to complete the schedule of football games for this season.

REFEREE GAME AT ROSCOE

MEMBER OF EXECUTIVE COUNCIL OF FOOTBALL LEAGUE

Supt. P. B. Bittle who is a member of the executive council of Interscholastic football league in district 3, was called to Abilene Saturday to pass upon the eligibility blanks of all football players in this district. The executive council of the league much "OK" every player that takes part in the interscholastic football games during the season. Mr. Bittle was called upon to pass upon the eligibility of the boys playing football on the Big Spring High School team.

Now - An even better car at even lower prices

Since its first day before the public, the Pontiac Six has been scoring a series of triumphs. First came the triumph of its introduction, which resulted in world record sales for a new make of car! Then came a steady succession of important improvements in quality, luxury and convenience—

—improvements that resulted in smoother operation and greater handling ease, in greater comfort, greater economy and greater owner pride—in higher standards of quality and higher levels of popularity!

And now Pontiac Six again repre-

sents a sensational new standard of value—the result of this notably finer quality, combined with beautiful new Duco colors on bodies by Fisher, at lower prices on all body types.

New lower prices announced July 15th on all passenger cars.

2-Door Sedan \$745 Sport Cabriolet \$795
Sport Roadster \$745 Landau Sedan \$845
De Luxe Landau Sedan \$925

Pontiac Six De Luxe Delivery \$585 to \$770. The New Oakland All American Six, \$1045 to \$1265. All prices at factory. Delivered prices include minimum handling charges. Easy to pay on the General Motors Time Payment Plan.

**CHEVROLET TRUCK CARAVAN
WILL BE HERE OCTOBER 13**

One of the largest and most complete line of trucks and truck bodies will be shown in Big Spring on Thursday morning, Oct. 13, between the hours of eight and twelve at the King Chevrolet Co. on East Third street. The caravan will consist of twenty-one different styles of trucks and truck bodies coming directly from the factory and is making the trip over Texas to show the many styles now at the disposal of the buying public. In addition to the trucks all passenger cars will be on display and the sales manager, L. B. Dempsey, and city salesman J. M. Manuel, L. W. Hatcher and Roy Caldwell will be there to talk to those interested in purchasing a car or truck. Several of the officials of the Chevrolet Motor Corporation will accompany this caravan and will be in Big Spring during the time the trucks are on display.

This will be a real treat and whether you are planning to buy a car or truck in the near future you are invited to come and see this display.

CHRISTIAN CHURCH NOTICE

J. M. Manuel will fill the pulpit at the First Christian Church Sunday morning, Oct. 2. A cordial welcome is extended everyone to come out and hear this inspiring message.

PASTIME CLUB TO OPEN

The Pastime Club is the name of a new organization in Big Spring and C. J. Schultz is to be the man in charge.

A comfortable place is to be arranged in the sub-basement of the W. O. W. building on East Second street where domino games will be in order, or where you can meet your friends or go to read your paper or magazine. Shower baths are also to be installed for the convenience of our citizens who have no bath facilities at their homes.

Mr. Schultz who was assistant secretary of the Y. M. C. A. for a number of years realizes the need of just such a club as he purposes to conduct, and he is going to run a place where you will enjoy spending your leisure time. He expects to open the Pastime Club Oct. 1.

PLENTY OF FRESH FLOWERS

Plenty of gladiolus, the flowers in season, at the Couch Greenhouse and Floral Company. If you just want to order out of town you will have to pay more for them than thru your home florist. 52-41

**DUSTING COTTON BY AEROPLANE TO BE
DAILY FEATURE AT STATE FAIR OF TEXAS**

One of the newest features added to the attractions at the State Fair will be an actual demonstration of dusting cotton by aeroplane to kill the boll weevil and the boll worm. This will be a daily feature from October 8 to 23.

Lieut. Henry Toneray of Lone Oak, Texas, well known as the "Flying Ford Dealer" and an experienced cotton duster, will pilot the machine during the demonstrations, and will lecture on "The Advantages of Dusting Cotton."

A harmless powder will be used in the demonstration instead of the calcium arsenate, which is used for the cotton dusting.

Lieutenant Toneray has had wide experience in dusting cotton, having spent the past two summers doing the actual work on farms in Texas, Oklahoma and Arkansas.

**A FEW NEW FEATURES
FOR YOUR ENTERTAINMENT
AT TEXAS STATE FAIR**

Here are twenty-five of the fifty new features (mostly free) which have been prepared for your entertainment at the 1927 State Fair of Texas, October 8 to 23:

- Free menagerie of wild animals.
- Polo games every other day. Free
- Six new exit gates for your convenience.
- The largest phonograph in the world. Free.
- Big league football games every Saturday afternoon.
- Daily exhibition of Mr. McElwyn in his special stable. Free.
- Thirteen days of fast horse racing with at least five races a day.
- Hog-calling contest for the Texas gold medal championship. Free.
- The largest Jersey Prize Cattle Show ever held in the world. Free.
- The most comprehensive Poultry Show ever offered in the Southwest. Free.
- Special free shows in Exposition Hall, Industrial Hall and Automobile Buildings.
- The best collection of blooded livestock ever assembled at any State Fair. Free.
- Parades, pageantry and masques on the grounds, Dallas Day, Tuesday, October 11. Free.
- Daily contests by the Aviation Cadets of America in the assembling of an aeroplane. Free.
- Horse Shows Sunday afternoons, October 16 and 23, with special exhibitions between classes.
- Demonstrations of the methods of distributing boll weevil poison over cotton fields by aeroplane. Free.
- A new three-quarter-mile race track. Free parking around the track, enabling you to see the races from your own car.
- Barnyard Golf, or horseshoe pitching tournament, open to all Texans, for the state championship and prizes, medals, trophies, etc. Free.
- New playing field in the football stadium. New drainage system and new plan for handling the crowds through the entrances and aisles.
- The largest and by far the best display of prize winning agricultural products collected by the State Fair of Texas in the 41 years of its history. Free.
- A Junior Livestock Show, in a separate building, containing the entries made by the members of the Boys' and Girls' Calf, Pig and Lamb Clubs of Texas. Free.
- Exhibit of the 12 bronze models of the "Pioneer Mother," from which the half-million-dollar status is to be erected, with voting contest to decide which model is most appropriate. Free.
- Special demonstration by Texas A. & M. College of the cotton industry complete from preparation of the ground for the seed to the delivery of the finished cloth to the consumer. Free.
- A new Midway, with hard-surfaced roads through the pavilions of the celebrated Morris and Castle Carnivals, shows, which this year are headed by the famous Singer's Midget's Jazz Band and Orchestra.
- In the Auditorium the internationally successful comedy opera, "Counsellor Maritz," presented by the original Broadway company intact, every evening and Tuesday, Thursday, Saturday and Sunday matinees.
- Special exhibitions in front of the grandstand, including "Mr. McElwyn, the champion trotter of the world; the national champion team of rom-mares; ten big Hippodrome acts, with omiques and dancers, bands and vocal music; whippet races and day-night fireworks.

The above are but half of the real new features. The standard attractions are all there, as usual. Every visitor should provide himself with a copy of the folder, "How to See the State Fair," which is free. A perusal and the use of this folder will convince anyone that there are most striking, interesting and entertaining things to see at the 1927 State Fair than can be taken in in two or three days' visits. Send for your copy.

Get that odd rocker. RIX'S.

**STEERS HOLD ALL-STARS TO A
SCORE OF 6-0 ON MONDAY**

In spite of the fact that the Steers were outweighed and even though they were matched against a team of experienced players once stars on High school or college football teams the Big Spring Steers played a good game of football and held the All-Stars to a score of 6-0 in Monday's game. One touch down was made during the game, Harold Harwood, a member of the Steer team the past season carrying the ball over the line for a counter. Spec Williamson failed to kick goal and the game ended with a score of 6 to 0 in favor of the All Stars.

Old favorites such as Alfred Collins, Charles Segell, Monroe Johnson, Shorty Madison, Lois Madison, Roland Schwarzenbach, Omar Pittman, Jack Nall and others were seen in the All-Star line up in Monday's game.

The Steers stayed right in the game and even though the ball was not often theirs they held the heavy all-stars and kept them from running up a big score. They showed some real stuff in the first game, and will be well prepared to handle the Stanton team in today's encounter.

The cool weather came in time to put pep and enthusiasm into the crowd that attended the game.

Get that odd rocker. RIX'S.

Mrs. D. E. Bishop and daughter, Alice Graham, left last Saturday morning for a visit with their son and brother, Jack Bishop at El Paso

Men who're looking for quality naturally look to someone who specialize in quality lines.

—now let's start at the foundation and build a man with quality apparel "plum" to the top.

Say—Florsheim Shoes, filled with

—Interwoven sox, supported by
—Boston garters;

—Then Mansco or Vassar underwear covered over partially by a
—Manhattan shirt

For the lower covering of course you'd use the trousers of that

—Quality by Kuppenheimer suit and the vest and coat for the top
—A tie by Cheney

—Hats by Stetson and Schoble.

The Big Spring Herald

Big Spring, Texas, Friday, September 30, 1927

By T. E. Jordan

WOMEN'S PAGE

MONROE JOHNSON, RECENT BRIDE, HONORED

Among the social bridge parties given in the early autumn were the bridge parties given in the home of Mrs. Johnson on Thursday in compliment to Mrs. Johnson, a recent bride. Mrs. Johnson was honored by Mrs. Hilo Hatch, Mrs. Wofford Hardy, who entertained both Thursday and Friday afternoon. The tables were set with a setting of white and in a setting of white. Cut flowers were placed on each table and the guests were directed to their places at the tables. The high score honor went to Mrs. Copeland. In the afternoon tables of players again were set for the bridge play with honor going to Mrs. R. H. and second high to Mrs. Copeland.

HIGH SCHOOL TEACHERS GIVE "NEW" TEACHERS

Outline of the past year was given at the new school on last Friday in compliment to the new teachers of the Big Spring school. The "old" teachers entertained in the school building in a social hour which was given by Patrick Mr. Etter was asked to "Why I Came to Big Spring" and Mr. Harris was asked "The Reasons for My Success as a Teacher and Householder." The program was given by T. F. Higgins, Superintendent Bittle, and "Useful Advice," to both new and old teachers.

CRAMER ENTERTAINS BRIDGE LUNCHEON

The thoroughly delightful bridge luncheon was given by Mrs. Cramer on Thursday given by Mrs. Cramer, 604 Russell St., in honor of a number of ladies from Colorado. The tables were set with a setting of white and in a setting of white. Cut flowers were placed on each table and the guests were directed to their places at the tables. The high score honor went to Mrs. Copeland. In the afternoon tables of players again were set for the bridge play with honor going to Mrs. R. H. and second high to Mrs. Copeland.

LeRoy GREEN AND MISS OTERO LLOYD MARRIED SUNDAY

LeRoy Green and Miss Otero Lloyd were quietly married at the Baptist parsonage on Scurry street at 9:30 o'clock Sunday morning, September 25 by Rev. D. H. Heard pastor of the First Baptist Church. The wedding came as a surprise to the family and friends as they had disclosed their plans to no one until after the ceremony was performed. They left for a short honeymoon trip to Abilene and are expected to arrive home the latter part of this week. The bride is the sweet and lovely daughter of Mr. and Mrs. A. T. Lloyd and is known and admired by most everyone in Big Spring, where she was born and reared. She is a talented young lady, possessing a sweet soprano voice, and has appeared on many musical programs in our city. She also takes a prominent part in church work. The groom is an estimable young man, and at present is assistant manager of the U. S. Experiment Station. He was formerly in the employ of the U. S. postoffice, resigning to accept this position at the government station. The Herald joins a host of friends of the happy couple in extending to them best wishes for a happy wedded life.

MILLER HARRIS AND MISS JANICE PICKLE MARRIED

At the home of the bride's parents at eight o'clock Monday evening, Sept. 26, a quiet though lovely ceremony was performed which united in marriage Miss Janice Pickle and Miller Harris. Only relatives and intimate friends of the family attended the wedding. The bride, the sweet and attractive daughter of Mr. and Mrs. J. B. Pickle is a favorite among her friends and is most popular because of her sweet disposition and many lovely traits of character. She attended the Big Spring schools graduating with the class of 1922, after which she attended school at the College of Industrial Arts at Denton. She has been teaching school the past two years and is teacher at the Cross school in Martin County this term. She will continue to teach. The groom is an estimable young man, and at present is a student at Simmons University at Abilene. He will return to school and plans to receive his degree from the University this fall. Congratulations and best wishes are extended the happy couple by their many friends throughout this county.

ADOLPHUS GALLEMORE AND CATHERINE ANN GORDON WED

The wedding ceremony which united in marriage Adolphus Gallemore and Miss Catherine Ann Gordon was performed by Rev. W. C. Hinds, pastor of the First Methodist Church at the parsonage Saturday night, Sept. 24. The bride is an attractive young lady and a member of the younger social set in our city. She has but recently moved to our city but is loved by a wide circle of friends, who wish her every success and happiness. The groom is the son of Mrs. Mattie Gallemore and is held in high esteem by all who know him. After graduating from Big Spring high school he attended the State Medical College at Galveston, and received a diploma from the school of pharmacy. At present he is pharmacist at the Clyde Fox Jewelry and Drug Company. The friends of the contracting parties extend sincerest good wishes for a full measure of happiness and prosperity. Mr. and Mrs. Thomas J. Howorth of McAllen, Texas, enroute from a two months visit in California to their home, spent Thursday in this city. Mr. Howorth is a newspaper man at McAllen. Rev. E. E. Mason of Coahoma was a visitor in Big Spring Thursday.

MRS. ROGER GALLEMORE IS HOSTESS TO BRIDGE CLUB

The members of the bridge club recently organized in our city were guests in the home of Mrs. Roger Gallemore on Main street Wednesday afternoon with three tables of players as guests. The attractive rooms of the home were made lovely with rosebuds and dahlias which lent their beauty and fragrance to the setting. Dainty appointments marked the tables for the play and in the series of interesting card games of the afternoon high score honor went to Mrs. Wofford Hardy. Mrs. L. W. Croft made visitors high score. Linen luncheon covers were spread at the tea hour and an attractive plate luncheon was served in a dainty manner to the twelve guests. American Beauty rosebuds were given as favors. Members of the club are: Mesdames W. B. Hardy, Owney Queen, Lee Rogers, Omar Pittman, E. W. Lomax, Roger Gallemore, Robert Currie, Monroe Johnson, E. E. Fahrkamp, John Hodges, Hilo Hatch, and Jena Jordan.

WEDNESDAY BRIDGE CLUB ORGANIZED LAST WEEK

The initial meeting of the Wednesday Bridge Club was held at the home of Mrs. V. H. Flewelling last Wednesday afternoon with three tables of players as guests. In a pretty setting the tables were arranged for the play Mrs. C. D. Renshaw was successful in making high score of the afternoon with only club members contesting in the afternoon games. At refreshment time a dainty menu was served to Mesdames L. W. Croft, Steve Ford, A. A. Williams, C. D. Baxley, Fred Stephens, F. H. Stedman, G. L. Wilke, C. D. Renshaw, Marian Edwards, Henry De Armand and Herb Lees.

PIONEER BRIDGE CLUB GUESTS OF MRS. SHINE PHILIPS

Mrs. Shine Philips most delightfully entertained the members of the Pioneer Bridge club on Wednesday afternoon being hostess to three tables of players. In the series of interesting card games high score honor went to Mrs. R. Homer McNew. Only club members were present. A delicious two course luncheon was a pleasing aftermath to the play. Tea hour guests were Mrs. R. L. Davis of San Antonio and Mrs. David Philips of Denver, Colo.

ENTRE NOUS BRIDGE CLUB

The members of the Entre Nous Bridge Club were guests in the home of Mrs. Walter Pike on last Friday afternoon. Mrs. Pike entertaining two tables of players. To Mrs. H. G. Whitney went the honor of high score in the games of the afternoon. The bridge accessories were removed from the tables at refreshment time, and a delectable two course luncheon was served the eight guests.

"GET ACQUAINTED WEEK" TO BE OBSERVED AT SCHOOLS

"Get Acquainted Week" will be observed in all of the city schools, according to plans made at a meeting of representatives of the five P. T. A. s and a meeting of the P. T. A. council held on Monday afternoon, October 10 to 14 has been designated as "Get Acquainted Week" and the patrons of the schools are invited to visit the schools in observance of this week. At this time parents will meet the teachers of their children and will see the work that is being done by them in the school room. Every parent is urged to visit the school that their child is attending during this week. Remember the date and observe same by visiting the city schools. When you weigh everything, you must admit that a farmer would not be overpaid if he received double the price he now gets for cotton and other farm products.

FRANCES LAVERNE TOWLER HAS BIRTHDAY PARTY

Miss Frances Laverne Towler was the honoree at a happily planned party on last Saturday afternoon when he mother, Mrs. Ralph Towler, entertained friends between the hours of three and five. This was the seventh birthday anniversary of the young hostess, and she was the recipient of dainty gifts. After enjoying many games the little folks were invited into the dining room which was beautifully decorated, carrying out a color theme of pink and blue. The dining table was centered with a birthday cake topped with seven pink and blue candles. The candles were burning, and each little guest was asked to blow them out and to make a wish for the honoree. The cake was cut and served with other delicious refreshments to: Frances and Maurice Bledsoe, Eddie Ray Lees, Martha Frances Leysath, Frances Satterwhite, Dorothy Ray Wilkerson, Marion Gilbert, Ruth Griffin, Lola Frances Meskimen, R. H. Miller, John H. Lees, Mack Long, Dale Smith, Bubs Dehlinger, James Earl Long and C. H. Griffin.

SUSANA WESLEYS WILL HAVE HALLOWE'EN PARTY

The approach of the Halloween season has been the inspiration for a happily planned party on Wednesday, Oct. 5, when the members of the Susana Wesley Class of the First Methodist Sunday school will entertain with a Halloween party in the church beginning at 7 o'clock. Emblems of Halloween and games befitting the season will be employed in making this a most delightful affair. All members are urged to attend the party.

JOINT MEETING OF THREE CIRCLES OF METHODIST CHURCH

A joint meeting of the three circles of the First Methodist Church met in quarterly session on Wednesday afternoon in the parlors of the church with the elderly women hostesses and conducting the meeting. An interesting business session was held and it was decided at this time to start a history of the auxiliary as next year is Jubilee Year and each auxiliary must give its history. At this meeting Mrs. Zinn gave an interesting history which was deeply appreciated. During the social hour dainty refreshments were served the members by the ladies of the West Side Circle.

BIG SPRING PEOPLE SEE LINDBERGH AT ABILENE

Quite a few from Big Spring were in Abilene Monday to see the arrival of Col. Chas. Lindbergh who was guest in that city from ten o'clock until twelve Monday morning. Names: Mrs. Ed Merrill, Mrs. Nat Shick, Misses Mabel Eddy, Mildred Taylor, Evelyn Merrill, Margaret Bette, Louise Hayes, Bill Gordon, Dyer Smith and others. Those attending the parade stated Lindbergh refused to ride in a special float prepared for him. They say that the float was made in the form of a large throne and was to be used in the parade. When Lindbergh saw the throne he is quoted as saying: "I am not king of anything," and asked that he be furnished with a plain car to ride in.

MARRIAGE LICENSES

Following is a list of the marriage licenses issued from the office of the county clerk this week: Aaron Claude Tredway and Minnie Ola Lancaster, Sept. 24. A. J. Gallemore and Catherine Ann Gordon, Sept. 24. Albert LeRoy Green and Miss Otero Lloyd, Sept. 25. W. D. Rowland and Vernon Lewis, Sept. 25. W. C. Jones, Stanton, and Hazel Foster, Midland, Sept. 25. W. J. Barnett and Georgia Mower, Otischaik, Sept. 25. Miller Harris and Miss Janice Pickle, Sept. 26.

H. W. CAYLOR TO JUDGE EXHIBITS OF ART AT FAIR

H. W. Caylor, local artist, left Tuesday morning for Abilene where he is to act as judge for the art exhibit at the West Texas Fair. Mr. Caylor who is familiarly known as the "West Texas Painter" has had many of his pictures on exhibition in Abilene on different occasions which have won much admiration and many first prizes. Mr. Caylor paints western scenes having at one time lived on a ranch near Big Spring and used much of the local color in his works of art. Mr. Caylor has loaned five of his favorite western pictures to the Federated Women's Clubs, which will be on display in Abilene during the fair. The names of these pictures are as follows: "The Stampede," "The Chuck Wagon," "Cowboy's Sanctuary," "Romance of the Mailbox," and "Nature Reclaims Her Own."

WILL OPEN VOICE STUDIO IN BIG SPRING, OCTOBER 3

Miss Lillian Hancock teacher of voice has decided to open a studio in this city and those wishing to enroll may call at the P. B. Bittle residence, 601 Main street, or phone 86 for appointment. Miss Hancock is a sister of Mrs. Bittle and has been her guest in our city the past several weeks. She has rendered several vocal solos at the various churches in the city during her visit and has made most favorable impressions with her sweet voice and pleasing personality. She is a teacher of wide experience and had planned to return to her voice classes at Jacksonville, Tyler and Greenville, this fall, but upon reconsideration she decided that Big Spring and West Texas were much more desirable so she is with us to stay.

LIST OF NEW BOOKS ON SHELVES AT LIBRARY

Arrivals in new books at the City Federation library in the courthouse, placed on the shelves this week are as follows: Green Forest, Colby; Magic Garden, Porter; Immortal Marriage, Appleton; Spangles, Rebelle; Her Son's Wife, Canfield; Hildegard, Norris; Immortal Girl, Buck; Appassionata, Hurst; Gentlemen Prefer Blondes; Great Pancoff, Locke; Strolling Saints, Sadipini. Mrs. R. C. Hatch, librarian, will be pleased to have members of the library call and select one of the new books and also invites friends to join the library and have access to the quality reading material you will find on the City Federation Library shelves.

ALL DAY PROGRAM HELD AT FIRST BAPTIST CHURCH

Inaugurating the Week of Prayer the women of the First Baptist Church held an all day meeting at the church on Monday in observance of the week. Both morning and afternoon sessions were held with members of the different circles of the church taking part on the program. "State Missions" was the subject of the day's program with Mrs. R. C. Hatch president of the W. M. U. presiding. Lunch was served at the church at the noon hour and at this time the husbands and children of the members were invited to dine with the ladies. Some fifty or sixty guests were present. The all day meeting proved to be one of interest and inspiration.

A. H. H. O. B. INITIATE TWO NEW MEMBERS WEDNESDAY

Frank Jones and Malcolm Patterson went through the initiation ordeal on Wednesday evening and are now full fledged members of the A. H. H. O. B., high school boys organization. The boys were initiated by the old members of the club, namely: Harold Yarborough, Vernon Manuel, Fred Fields, Granville Coots, Harold Harwood and Joseph Hayden. Herald Want Ads Get Results

ALL DAY MISSIONARY MEETING AT M. E. CHURCH

The first meeting of the Zone 3 of the Women's Missionary Society of the Sweetwater District, Northwest Texas conference was held at the First Methodist Church in Big Spring on Thursday afternoon, Sept. 22. The members of this zone include the missionary societies from Lorraine, Westbrook, Colorado, Coahoma, Stanton and Big Spring. Approximately forty members attended this all day meeting with all of the above mentioned towns represented. The meeting opened at ten o'clock Thursday morning with Mrs. Terrell of Westbrook presiding. A devotional and inspirational program was given during the morning and afternoon sessions. The morning meeting was devoted principally to auxiliary reports. A general discussion was heard on the work of the girl's camp at Canyon, this being conducted in the form of a round table talk in which all of the ladies took part.

Rev. Beavers of Colorado delivered a very appealing talk on the necessity of paying assessments to the Student Secretary Fund. In his address Reverend Beavers pointed out the many wonderful accomplishments of the Student Secretary in her work with students at Canyon.

A rare treat during the morning session were two musical numbers given by local artists. Miss Maurine Wade favored the audience with a piano solo and Miss Evelyn Jackson gave a violin solo.

At the noon hour lunch was served to approximately fifty guests by the ladies of the local church.

In the afternoon a most interesting discussion was conducted on Social Service. Mrs. J. G. Merritt of Colorado pointed out many opportunities for social service by carrying practical Christianity into the less fortunate sections of our communities.

Mrs. Dabney of Sweetwater who is secretary of this district was present and gave many constructive suggestions out of her broad experience in conducting and observing woman's work.

After an urgent appeal had been made for all of the women to attend the district meeting to be held in Sweetwater in December the meeting came to a close.

WHERE WAS THE "SPIRIT OF BIG SPRING" AT ABILENE?

"Where was the 'Spirit of Big Spring' at Abilene Monday," that is a question that has been asked us time and again, and we have been unable to answer it. All of the other towns in West Texas sent a "spirit" to represent their town and to welcome Col. Chas. A. Lindbergh upon his arrival in Abilene — why didn't Big Spring? Are we ashamed of our town and do not want it represented when other places smaller than we are sent "spirits"?

Big Spring often passes up golden opportunities of advertising and boosting our town when it would be just as easy as "falling off a log" to get in on such chances. But what is everyone's business is nobody's business, no one will take the upper hand and we continue to let these chances slip by.

How proud Big Spring could have been to have had a beautiful "spirit" represent her at Abilene Monday and she could have as easily as not. There are as many fair and lovely maidens in Big Spring if not more than in any place in the world and anyone would have felt flattered to have had the chance of representing our city; still the opportunity slipped by and Big Spring was unnoticed as the "spirits" were presented to the "Spirit of West Texas" in the parade. Nothing lost! Nobody hurt! Yet, we would like to see Big Spring wake up and get in on the things that show that our town is alive and that we are living.

Mr. and Mrs. Bailey Gaunce of Oshesee have returned Monday from several days visit in Fort Worth, and are now moving to the Clay lease for F. M. Greene Corp.

\$2.00 A YEAR IN COUNTY

Entered as second-class matter at the Postoffice, Big Spring, Texas, under Act of Congress, May 8, 1897.

Big Spring, Friday, Sept. 30, 1927

NOTICE TO THE PUBLIC: Any erroneous reflection up the character, standing or reputation of any person, firm, or corporation, which may appear in the columns of this paper, will be gladly corrected upon its being brought to attention of the editor.

If we worried more about ourselves and less about the other fellow we might get somewhere.

If Henry Ford don't produce his new auto soon, folks will quit talking about it. It just don't pay to keep a secret too long.

You can't beat the law. You may evade paying the penalty for a time—but you are paying big interest while dodging payment of your debt.

When a man forfeits his credit or good name he is to be pitied. These are most valuable possessions and their worth is beyond calculation.

If you could help your home town grow and prosper, would you? Do you think you are doing all you can now to aid this growth and development.

The Wichita Falls baseball team, and champions of the Texas League, made the New Orleans team, champions of the Southern Association, look like a bunch of sandlotters. Wichita Falls took four games in a row from New Orleans.

Tex Rickard seems to have made a deal with Old Man Static whereby he is to do his stuff on the nights Tex pulls off his big prize fights. At least 50,000,000 radio fans could have knocked Tex and Static for a goal last Thursday night if they could have made connections.

While you are waiting for big things to break in the community, why not do some improvement work on your property. You not only enhance the value of your property but also help to promote the best interests of your town. Keep things moving forward.

The suggestion that a sidewalk construction campaign be started in Big Spring is indeed a timely one. If there is one thing our city does need, it is more miles of sidewalks. The city should establish gradelines so property owners can get busy building sidewalks. Years ago we practically promised we would build sidewalks if our city was granted free mail delivery service. We secured the mail service but have been slow about constructing sidewalks.

Yes! We Have "it"

Cook's Armorcote
The "Fool-Proof" Lacquer

It is the only practical lacquer for brush application over any surface by amateur painter or skilled craftsman. It will not "chip" or "peel"—it is odorless, quick drying and durable. It works like an enamel—levels up perfectly—and gives a hard, porcelain finish that is like tile. Take your choice of twenty-one shades and clear—match any shade you want. Enough lacquer to refinish a large piece of furniture costs only a few cents. Cook's guarantees it to give good results on furniture, floors, woodwork, porch furniture.

H. H. HARDIN
Lumber

If we were a fortune teller and able to guess just what the government crop condition was going to show on October 8 we would be able to retire, providing we could borrow a million dollars to bet on cotton.

This has been one trying year for those engaged in agriculture but even so, there will be some creditable exhibits from the various communities at the Howard County Fair which is to be held in Big Spring today and tomorrow (Friday and Saturday, Sept. 30 and Oct. 1)

A "Rat Killing Day" should be set aside in our city and county. In the business section of Big Spring there are enough rats to stock two or three counties. In one store more than 150 rats were killed within a ten day period by poison; and the fight on rats is to be continued.

It's practically certain we are to have natural gas piped into our city some of these days. We should keep this in mind before any more paving work is done and make provision therefor. It does not pay to tear pavements up after they have been completed.

They say every boy has an opportunity to become president—but most of us would prefer to be the champion heavy weight boxer. Gene Tunney made a cool million dollars for thirty minutes work last Thursday night; that's more than we pay our presidents for thirteen years of hard and nerve racking work.

When the counties to the west of us, where the gushers have been struck, have their play then we can expect a more intensive development in this section. Oil sand at one level which supply commercial wells is an attractive proposition; oil sands are found at several different depths in Howard County.

Sick room needs.....
Cunningham & Phillips.

Mrs. W. E. Smith was called to Brownfield Tuesday night by the illness of her father, J. W. Neill.

Denver had its first snow storm of the season last Sunday—but at that, we believe it was cooler here both Sunday and Monday than it was in Denver.

THE STATE OF TEXAS
To the Sheriff or any Constable of Howard County—Greeting:

You are hereby commanded to cause to be printed once each week for ten days, before the return day hereof, in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year, in Howard County, Texas, a copy of the following notice:

THE STATE OF TEXAS
County of Howard

To all persons interested in the estate of G. D. Griffice, deceased: You are hereby notified that J. H. Coats was, on the 26th day of August, 1927, by order of the County Judge of said Howard County, appointed temporary administrator of the estate of G. D. Griffice, deceased, and at next regular term of said Court, commencing on first Monday in October A. D. 1927, the same being the 3rd day of October A. D. 1927, at the courthouse thereof in Big Spring, Howard County, Texas, at which time all persons interested in the welfare of said estate may, and are hereby cited to appear and contest such appointment, if they so desire, and if such appointment is not contested at the said term of said court, then the same shall become permanent.

Herein fall not, but have you then and there before said court on said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Big Spring, this 20th day of September A. D. 1927.

J. I. PRICHARD, Clerk,
County Court, Howard Co., Texas.

Twenty and twenty-two cent cotton is going to make it possible for many families to enjoy new clothing, boots, shoes, underwear and a lot of other things. If you have some real bargains to offer and want to get in touch with the farmers family, let us suggest you begin at once on a weekly advertising campaign. Place your wares and prices before the families of this trade territory thru the columns of the Herald. You can reach more people, and at less cost, than by any advertising method that can be devised. Try it.

Cards for any occasion.....

Coffee

like this—makes the whole day joyful

A cup of good hot coffee first thing in the morning starts the day off right—wakes you up—makes you feel like facing your task with a smile.

Housewives who appreciate the value of serving good coffee insist on Morning Joy Coffee. This wonderful blend of choice coffees from the world's producing regions is scientifically roasted and vacuum packed in one of the finest coffee roasting plants in the country. The delicate aromas and flavors, which reveal the difference between Morning Joy Coffee and ordinary coffee, are preserved until it reaches your table.

Why be satisfied with ordinary coffee, when you can get Morning Joy coffee? Ask your grocer.

BROTHER OF G. Y. WILSON VISITOR HERE LAST WEEK

Tom Wilson of San Francisco has been here the past week for a visit with his brother and our long time friend, G. Y. Wilson.

This was Mr. Wilson's first visit to Texas and he was indeed pleased with this portion of the state and was very optimistic as to its future. Mr. Wilson is an old time printer and remembers the days when all the work in a newspaper office was done by hand, and those were the days when it was difficult to secure enough printers to get out a Sunday paper. He worked at the trade a number of years after going to the Coast, reformed and took up politics, and has held a number of important positions in the city of San Francisco.

He saw his first cotton growing on this visit and picked a pocket full to take home with him so he could show his friends what raw cotton looked like.

Doctor Orders Vinol For Nervous Woman

"I was weak, nervous and anemic. Could hardly walk. My doctor ordered Vinol, and I feel 100 per cent better."—Mrs. H. Willis. For over 25 years, this simple, strengthening iron and cod liver compound has been prescribed for weak, nervous women and men and frail children. The very FIRST week you take Vinol, you begin to feel stronger, eat and sleep better. J. D. Biles, Druggist.

THE STATE OF TEXAS, County of Howard,

To the Sheriff or any Constable of Howard County, Texas: Greeting: You are hereby commanded to cause to be published once a week, for ten days, exclusive of the first day of publication, before the return day hereof, in some newspaper of general circulation published in said county for a period of not less than one year, the following notice: The State of Texas, County of Howard.

To all persons interested in the welfare of the Estate of R. H. Boyce, deceased:

You are hereby notified that Julia Boyce has filed in the county court of Howard County, Texas, an application for Letters of Temporary Administration upon the Estate of R. H. Boyce, Deceased, and on the 31st day of May A. D. 1927, by order of the County Judge of said Howard County, the said Julia Boyce was appointed Temporary Administratrix of the Estate of R. H. Boyce, deceased, and at the next regular term of said court commencing on the first Monday in October, A. D. 1927, same being the 3rd day of October, A. D. 1927, at the courthouse thereof in Big Spring, Texas, at which time all persons interested in the welfare of said estate are hereby cited to appear and contest such appointment, if they so desire, and if such appointment is not contested at the said term of court, then the same shall become permanent.

Herein fail not, but have you then and there, this writ, with your return thereon showing how you have executed the same.

Given under my hand and seal of said Court, at office in Big Spring, Texas, this 12th day of September, A. D. 1927.

REPAIRS ON JAIL

Just as soon as the nine prisoners made their escape from the Howard County jail, County Judge Debenport sent the particulars to the Southern Prison Co. of San Antonio, builders of the cages in the local jail, and demanded that they send a representative here to make an investigation, and they agreed to send a representative within ten days.

If in any reports published it was stated that the bars had been sawed thru, this was an error. The break was made possible by sawing the rivets around a steel panel and removing the panel. The opening thus made was big enough to permit a person to squeeze thru.

The bars and ceiling of the cage bear evidence that the prisoners made an attempt to saw thru, but the special metal proved too much for the saws.

It was demonstrated that our jail was vulnerable; and it will now be up to the Southern Prison Company to overcome this defect. No doubt this is the first time prisoners used this method of escaping from jail, but it will be the last as the company can easily overcome this defect by eliminating this panel or making it smaller.

The crooks these days and times spend their entire time and talent toward evading the law, breaking jail, etc., and it takes the utmost effort on the part of efficient officers to circumvent them.

Mrs. G. W. Donaldson of Garden City was a visitor in Big Spring Thursday.

H. & B. BEER OPEN BRANCH

The H. & B. Beer, cotton brokers, opened a branch office in Big Spring recently. Their office is located in the sub-basement of the W. O. W. building on East Second street.

Wall Street, Chicago and New Orleans are only a few seconds away from Big Spring with the opening of this branch office.

The H. & B. Beer Company has offices in sixty five of the leading cities of the United States. The company deals in stocks, bonds, oil stocks, cotton, cotton seed oil, grain and provisions, and offers other exchange service including the issuance of grain, cotton and other reports.

Know that the foods you serve are safe

Frigidaire prevents the unseen mold that imperils health

NOT for a minute would you think of risking the health of yourself and family by serving food on which mold appears. But do you realize that mold is often present from ten to twelve hours before it is visible to the naked eye? The microscope reveals that this is true.

The only protection against this unseen danger is to keep perishable foods in a dry atmosphere and in a refrigerating temperature of less than 50°. Frigidaire electric refrigeration meets both these requirements.

With all its advantages, Frigidaire is low in price. It can now be bought for as small a sum as \$180 f. b. Dayton. And terms are so convenient that it is easily within your family budget. See a demonstration now.

"WHAT PRICE GLORY" SCORES SUCCESS AT LYRIC THEATER

A continuous stream of laughter filled the R. and R. Lyric theater on Wednesday afternoon and evening at the initial showing of "What Price Glory," the great war comedy drama here for a three day showing at this theater. The house was filled to capacity and the crowds enjoyed the ringing spirit of this play with its impressive war scenes on the battlefields of France during the World War, and also scenes in China and the Philippines.

"What Price Glory" is a wonderful and stirring entertainment and is above all things intensely interesting. The U. S. Marines with their courageous fighting amid the roar and thunder of the guns thrill the audience while the hard-boiled marine captain leads his men into the thick of the fight as light heartedly as though he were going on a picnic. Dolores Del Rio most adequately plays the part of the heroine but it is hard to decide who is the hero. Plenty of comedy is supplied to make the entire play a scream from start to finish.

This is truly one of the greatest war comedy dramas of the year and you miss a treat if you fail to see it.

COYLE-CONCORD OIL CO. TO DEVELOP HOLDINGS

The Coyle-Concord Oil Company is planning to do so development work in the Howard County oil fields in the near future.

They have a 100 acre tract in the Dora Roberts ranch near the producing wells of the F. H. E. Oil Co.

PRESBYTERIAN AUX. NOTES

The regular mission study class of the First Presbyterian Church will be conducted by Mrs. J. I. McDowell Monday afternoon at three o'clock at the church. The lesson will be found in our Mission Study book, Presbyterian Expansion, questions 2 and 3, pages 77 to 160. All the ladies are urged to attend.

CITATION BY PUBLICATION THE STATE OF TEXAS

To the Sheriff or any Constable of Glasscock County—Greeting: You are hereby commanded to summon E. R. Stewart, by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the District Court of Glasscock County, Texas, to be holden at the courthouse thereof in Garden City, Texas, on the first Monday in November, 1927, in a suit, numbered on the docket of said court No. 379, wherein D. W. Brunson, and Glenn S. Brunson are Plaintiffs, and L. B. Pruitt and E. R. Stewart are Defendants, said petition alleging:

That on May 15, 1926, plaintiffs owned the following land, to-wit: Sections 26, 34, 36, 2, 14, 22, 12, 24, 1, 38, 11, 13, 23, all in Block 36, Township 3 South;

Sections 33, 37, 2, 4, 10, 16, 17, 20, 21, 26, all in Block 36, Township 3 South;

Section 2, Block 36, Township 4 South;

Sections 48, 3, 9, 11, Block 36, Township 3 South;

Sections 6, 7, 10, 30, 19, 42, 8, 5, 15, 35, 32, 34, 38, and the E 1-2 of 5, all in Block 35, Township 3 South;

Said lands situated in Midland and Glasscock Counties, Texas.

That on June 1, 1926, defendants unlawfully dispossessed plaintiffs of said land and still withhold possession thereof to plaintiffs' damage \$5000.00. Further, that on May 22, 1926, defendants caused to be recorded in Vol. 26, page 621, deed records of Glasscock County, Texas, a written instrument wherein one T. J. Barnes purported to have become the agent of plaintiffs and as such agent to have made a contract with defendants giving defendants the right to sell said lands upon certain terms set out in said instrument to said record of which reference is here made for such terms.

That such instrument clouds plaintiff's title to their damage \$5000.00. Plaintiffs pray for judgment for the title and possession of said land, for cancellation of said recorded instrument, for general and special relief.

Herein fail not, but have you before said court on said first day of the next term thereof, this writ with your return thereon, showing how you have executed the same.

Witness Joe C. Calverley, Clerk of the District Court of Glasscock County, Texas.

Given under my hand and the seal of said Court, in the town of Garden City, this the 20th day of September A. D. 1927.

JOE C. CALVERLEY, Clerk of the District Court of Glasscock County, Texas.

Issued this the 20 day of September, A. D. 1927.

JOE C. CALVERLEY, 2-4 Clerk of the District Court of Glasscock County, Texas. (S)

BUILDING PERMITS

The City Secretary has issued the following building permits this week:

W. B. Ayres a frame dwelling, estimated cost \$1250.00

G. B. Walters a five room residence in the 10th block on Main street, estimated cost \$2900.

Texas Company a garage on East First street, estimated cost \$100.

Crystal wax onion sets. White House.

NEW EQUIPMENT AT PALACE OF SWEETS INSTALLED

Several new pieces of electric equipment have been installed at the Palace of Sweets this week and henceforth hot lunches will be on sale at this popular confectionery. Included in the equipment is an electric coffee percolator, electric toasting machine and other utensils for hot dishes. During the winter months hot coffee, hot chocolate, chili, toasted sandwiches, etc. will be served and their tastiness will cultivate a fondness for such eatables on chilly days.

Mrs. Jap Bradley after a two weeks visit in this city with her parents, Mr. and Mrs. A. F. Pegues left Thursday morning for her home at Austin.

W. S. Brown and son of Austin visited his sister, Mrs. J. J. Hair and family in this city last week. They were enroute to Lubbock where the young man will attend Texas Tech.

We want your poultry and eggs. White House.

THE STATE OF TEXAS, To the Sheriff or any Constable of Howard County—Greeting: You are hereby commanded to cause to be printed once each week for ten days, before the return day hereof, in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year in Howard County, Texas, a copy of this notice:

THE STATE OF TEXAS, County of Howard To all Persons Interested in the Estate of Netter Hall, Deceased; E. O. Ellington, was, on the 29th day of August, 1927, by an order of the County Court of Howard County, Texas, appointed temporary administrator of the estate of said Netter Hall, deceased; unless the same is contested, the said appointment shall be made permanent at the next term of said County Court of Howard County, Texas, commencing on the first Monday in October A. D. 1927, the same being the 3rd day of October, A. D. 1927, at the Court House of said Howard County, in Big Spring, at which time all persons interested in said estate may appear and contest said appointment, should they desire to do so.

Herein fail not, but have you before said court, on the said first day of the next term thereof, this writ with your return thereon, showing how you have executed the same. Given under my hand and seal of said Court, at office in Big Spring, this 20th day of September A. D. 1927. J. I. PRICHARD, Clerk, County Court, Howard Co., Texas.

An Open Letter to the Editor

From the President of General Motors

LAST SPRING I wrote you that my belief in the country newspaper had led us in General Motors to decide to advertise our products together in the small-city press of the country.

The returns from the series of the messages recently published have justified that faith; and we shall continue to advertise in your community through your newspaper this fall.

It occurs to me, however, that some of your readers may be asking: "What is General Motors?" and "Why is General Motors?" These are fair questions and I should like to answer them as frankly as I can.

General Motors was organized some years ago on the theory that a group of large companies, working together, could render a better service than they could separately. In this we simply applied to industry a principle that is as old as civilization as regards the human family and human progress.

Original members of the General Motors family were Buick, Cadillac, Chevrolet, Oakland and Oldsmobile, together with the Delco-Light Company and other well-known companies manufacturing automotive equipment. By joining together their resources, we were able to establish great Research Laboratories, a 1245-acre Proving Ground and the GMAC Plan of credit purchase; to effect vast economies in purchase and manufacture and distribution; to assure and maintain the quality of every product in the General Motors family.

Has the General Motors family principle proved itself in practice?

The best answer, I think, is to compare the Chevrolet, Buick, Cadillac, Oldsmobile and Oakland of today with the models of five or ten years ago.

Then add Pontiac, a General Motors creation. Add LaSalle, another General Motors creation. And then consider how General Motors has developed these cars into a complete line, within which any family may find a suitable quality car at the price it plans to pay: "A Car for Every Purse and Purpose."

Another example is Frigidaire, the electric refrigerator. General Motors had the resources to spend millions to develop a satisfactory refrigerator, and then to apply to its manufacture the same processes which have increased the utility and lowered the cost of the automobile.

We believe that this record justifies General Motors as an economic institution. Its products are quality products, first of all. Their prices represent the economies of united effort passed on to the purchaser. In the last year one in each three automobiles chosen by the public has been a General Motors car. The service of Delco-Light electric plants has extended to more than a quarter million homes, while Frigidaire has become the world's largest selling convenience of its kind.

We believe also that the values now offered in the current General Motors products (which are listed below) prove anew that "many minds are better than one" and that a family of companies, working together, can produce results which are decidedly in the public interest and of increasing benefit to the individual family.

Very truly yours,

Alfred P. Sloan, Jr., President General Motors Corporation

Detroit, September 23, 1927

LET'S MAKE A CAKE!

Notes: This is one of the... articles appearing... about cake... as long as you make... three things before... a steady oven temperature, constant air circulation, and the careful... exact measurements of all ingredients," says Mrs. Kate Brew Vaughn, household economist, Los Angeles... Express. "And what... for cake variety... Here are two of my... recipes, date cake, orange cake."

Date Cake
 1 cup shortening
 1 cup sugar
 1 cup molasses
 1 cup flour
 1 cup butter or 1/2 cup liquid shortening

Orange Cake
 1 cup sugar
 1 cup shortening
 1 cup flour
 1 cup orange juice
 1 cup orange rind
 1 cup baking powder
 1 cup orange extract
 1 cup water

Orange Cake
 1 cup sugar
 1 cup shortening
 1 cup flour
 1 cup orange juice
 1 cup orange rind
 1 cup baking powder
 1 cup orange extract
 1 cup water

Orange Cake
 1 cup sugar
 1 cup shortening
 1 cup flour
 1 cup orange juice
 1 cup orange rind
 1 cup baking powder
 1 cup orange extract
 1 cup water

Delicate Angel Food
 Angel food, that test of a good cook, is easily made according to the recipe of Miss Margaret A. Hall, teacher at the Battle Creek College of Home Economics. The secret is in starting with a cold oven.
 1 cup egg whites
 1 cup pastry flour
 1/4 cup fine granulated sugar
 1/2 teaspoon cream of tartar
 1/2 teaspoon vanilla extract
 1/2 teaspoon almond extract
 Sift flour once and measure, then sift four times. Sift sugar four times. Place egg whites on large platter, beat until foamy, add cream of tartar and continue beating until stiff but not dry.
 Add the sugar, a tablespoonful at a time, fold in carefully until all has been added. Then add flour in the same manner. Fold in flavoring.
 Pour into unbuttered tube pan, place in cold oven, light burners, gradually increasing temperature to 325° to 350° (moderate). Bake for fifty to sixty minutes. Remove cake from oven, invert pan, allowing cake to remain suspended in pan until cold.

When's the Cake Done?
 Here are three reliable tests for cakes. They are done when:
 1. They "creep" away from sides of pans.
 2. They spring back at the touch of finger.
 3. They won't stick to a clean straw or toothpick.

In hot weather a woman is certainly justified in thinking of her own comfort in the kitchen. Thousands of women have learned that an oil stove is a big aid in keeping the kitchen cool. It saves work, too. No wood to chop and carry. No coal to haul. And no messy ashes.

WHERE TO SPEND HIS TIME?

We never knew what a convenience our Y. M. C. A. was for visitors in our city until it had been closed. A number of times lately visitors have asked us if we had a public library or some place they could spend an hour or two. They stated they were in Big Spring for only a brief time, knew no one here and did not like to loaf around the streets or in the business houses. Unfortunately we did not have a surplus of big roomy hotel lobbies to direct them to.

"ANNIE LAURIE" A HUGE AND COMPELLING DRAMA

Lillian Gish—ethereal and beautiful—in the stern setting of the wars of Highland clans—in the majestic splendors of ancient Scottish castles—in settings that blend the legend and romance of Scotland with the grim details of its turbulent history—this is the Lillian Gish of "Annie Laurie" latest vehicle of the famous star which will be shown at the R & R Lyric theater, Monday and Tuesday, Oct. 3-4.

It is a gigantic story of human souls; a romance of love as great as the huge settings in which the story is told; it is a historic drama that eclipses anything of the kind seen in years—all the more wonderful because it deals with a people never before seen on the screen.

The ancient Scots, with their court intrigues—their implacable clan warfare, and their delicate sentiment underlying the ever-present lust for battle—these are reproduced with startling fidelity in the Metro-Goldwyn-Mayer spectacle.

Famous old castles, including historic Maxwellton, were reproduced. Hordes of kilted warriors struggle; gully caparisoned couriers in the king's antechamber plot untold villainy—and through it runs the glorious story of the love of Annie Laurie and Ian MacDonald—a love that changed the course of history, centuries ago, and unified the Scottish nation.

Norman Kerry is seen as the hero of the romantic spectacle; a fighting romanticist. Hobart Bosworth is the grim "Wolf of Glencoe," the implacable old chief of the men of Glencoe. Brandon Hurst is the villainous Breadalbane and Creighton Hale the treacherous Donald. David Torrence, Russell Simpson, Patricia Avery, Joseph Striker and other well known players are ideally cast under the direction of John S. Robertson.

The story is based on actual history surrounding the Glencoe Massacre, when the Campbells and the MacDonalds, struggling for supremacy in one of the strongest conflicts in all history. Josephine Lovett, the author, utilized this gigantic episode in history as the background for a stirring drama that might almost be classed the film epic of Scotland.

NOTICE BAPTIST LADIES!

"The Master is Come and Callet for Thee."—John 11-28.
 This is our new watchword. I wonder how many will hear the Master's call on Oct. 5, 6 and 7 and will turn aside from daily toil and go to Stanton to be with us through our association.

I am so anxious for every church to be represented at that meeting. On that day we will close our year's work and I know that some will not be present so I am going to take this great opportunity to thank everyone that has cooperated with me in any way by offering up a prayer, writing a letter, saying a good word or anything that has helped us in our work. I thank you.

Come praying that we may have a good meeting in closing our year's work.

Mrs. E. E. Mason, President.

See the wonderful new line of jewelry at Wilke's—advertisement.

If we keep on the job we can aid in securing that needed line of railway from the Plains to the Gulf. Big Spring would have nothing more to worry over if we could be on this important rail line.

CHICKEN AND STOCK REMEDIES OF ALL KINDS—CUNNINGHAM & PHILIPS.

FOR WORKING PEOPLE
 The best of workers get out of sorts when the liver fails to act. They feel languid, half-sick, "blue" and discouraged and think they are getting lazy. Neglect of these symptoms might result in a sick spell, therefore the sensible course is to take a dose or two of Herbine. It is just the medicine needed to purify the system and restore the vim and ambition of health. Price 60c. Sold by

IF you can't own a Mansion, Own a Cottage!
 A modest start is better than no start at all. Many people put off owning a home indefinitely because their ideas are bigger than their pocketbooks. They forget that a small start may be the beginning of a fine ending. A small house often proves a very handy stepping stone to a larger, better home in the future.
 If you can afford to pay rent, you can afford to buy a home—and, "Be it ever so humble, there is no place like HOME."
 If you can't own a mansion, own the kind of home that you can afford. Let us help you plan a home that will match your present needs and financial status. Phone or visit our office.

Water Pressure Tested; Tops Crawford Hotel; Now Nearing Completion

The above picture shows several streams of water going over the top of the new Crawford Hotel, seven story building now nearing completion. Big Spring is fortunate in having a bounteous water supply, pure and healthful, and indeed fortunate in having an up to date hostelry like the Crawford is going to be when completed. Work is being rushed on this building and if the good progress on same continues the formal opening of same can possibly be held in the early part of November.

Mr. and Mrs. Clem McDaniel sold to V. F. Roberts lot 2 in block 2 in the town of Coahoma.

ALLEN BUYS BUICK AGENCY

B. A. Allen, former Dodge dealer in Colorado, announced Tuesday that he and his father, H. B. Allen of Sweetwater, had purchased the Jack Garrett Buick Agency in Colorado, which includes dealership for this popular General Motors car in Martin, Howard and Mitchell counties.

The new firm will be known as the Allen Motor company and will maintain headquarters in Colorado and will open branch Buick sales and service house in Big Spring in the near future. The Buick sales and service will be continued here at the same location, first door west of the Hotel Colorado, where the Allen company will carry a complete stock of Buick parts and conduct a general Buick service station, as well as do washings, greasing and repair for the general public.

B. A. Allen has already assumed charge of the Buick agency and says he will give the Buick owners of this section the best service they have ever had and that he expects to push the sale of this old reliable and popular automobile. He says Buick is building "the greatest Buick ever built" and that he is glad to be able to offer the public such a wonderful value in automobiles. He has been in the automobile business here for several years and knows the business from one end to the other.

Jack Garrett, who has managed the Buick agency here for about a year, has not announced his plans, but it is likely he will return to Fort Worth or to California.

The Allen Motor Co. is one of the strongest automobile companies in West Texas, and they expect to make the Buick automobiles even more popular in this section than at present.—Colorado Record.

The branch office of the Buick agency at Big Spring will be known as the Culp Motor Company, with D. H. Culp manager. The salesroom will be in the same location as formerly, in the building with the Auto Supply Co., just opposite the Courthouse, east.

A new and complete line of the latest Buicks will be kept on the floor at all times for display and demonstration.

Mr. and Mrs. Joe G. Carter were in from their ranch south of Big Spring Thursday.

THE LIVE STOCK SHOW TO BE GREATEST IN HISTORY OF THE TEXAS STATE FAIR

The fleetest runners, the best draught horses, the most highly trained and best looking saddle horses will be at the State Fair of Texas next month when the big show opens on Oct. 8, according to Dr. A. E. Flowers, superintendent of the horse and racing departments of the Fair, who returned Saturday from a trip to the northern state fairs.

"At the Illinois and Missouri State Fairs I found exhibitors of the best breeds of draught horses greatly interested in the premiums the State Fair of Texas is offering in these classes," said Dr. Flowers, "and many of them agreed to exhibit here, some of them planning to send their full herds for display. This year the draught horse section of the show will be complete.

"In the beef cattle departments I found that the major exhibitors of past years, showing the finest herds of Herefords and Shorthorns, were headed this way and requested that ample space be reserved for them. The same is true of the Holstein men, who had fine exhibits in both Illinois and Missouri. They are coming, too.

"Many of the contesting breeders of Jerseys assure me that this year they were going to lock horns with our Texas exhibitors, admitting that while Texas could claim the largest herds of Jerseys in the world, there was a chance that the prizes for the best might possibly go elsewhere. So they are going to give our great Texas Jersey breeders a run for their money, they say.

"In the race sections, however, I found the greatest enthusiasm. The owners are keen to get back to the South and it pleased them all to learn that the directors of the 1927 Fair had reinstated horse racing.

Among these horse owners were many Texans, who were 100 per cent for the movement "back to Texas."

The Largest Phonograph in The World at the Texas State Fair

The largest phonograph in the world will be installed in front of the Plaza at the State Fair of Texas, which opens Oct. 8, in a location where it may be seen and heard by thousands as a free attraction.

Because of the demands made upon the manufacturers, the giant instrument will not be set up at Dallas until the second week of the fair, but it will remain until the close on Oct. 23.

Nurse Advises WEAK, RUN-DOWN WOMEN To Take Cardui

"I have known of Cardui nearly twenty-five years," says Selma Meissner, 1022 Harrison, Beaumont, Texas. "During that time, I have taken it over and over and have frequently recommended it to others. For it is a medicine and I am glad to give the benefit of my experience."

"I have been a nurse for years and have often come in contact with patients who were down and weak. Often I have suffered of Cardui, and myself, had been helped by a trial. Many of them have thanked me for what I told so I am willing that other people should know about it, too."

"I first took Cardui because I was awfully run-down. I had a headache, and was weak and had a hard time to keep going under conditions, and I looked for something which would help me to try it. After taking it, I felt so much that I have used it since whenever I needed it."

Sold by all druggists.

MERCHANTS INSTITUTE HELD THIS WEEK

Business men and sales people who attended the Merchants Institute held in the courthouse Tuesday, Wednesday and Thursday of this week were well repaid for the time devoted to listening to the instructive lectures.

H. W. Stanley of El Paso was loaned to Big Spring by the El Paso Chamber of Commerce and he it was who conducted this institute. Every problem of the retailer was discussed during the institute and it is worth any business man's time to have had attended every session. It would have been worth more to him had he insisted that his salespeople attend.

Four sessions were held each day at 10 a. m. 3 p. m., 7:30 p. m., and 8:30 p. m., and the following subjects were discussed:

Tuesday—Retail Selling—Keystone in Arch of Business; Your Window—the Eyes of Your Store; Why Customers Trade Elsewhere; Turnover the Pulse of Profit.

Wednesday—Advertising the Dynamic of Business; The Window an Advertising Medium; Mental Bankrupts; Opening and Closing the Sale.

Thursday—Preparing an Advertisement; Cost and Returns of Window Display; What Do Customers Buy; Budgetary Control in Business Management.

"SPECIAL DAYS" TO MEAN SOMETHING THIS YEAR AT TEXAS STATE FAIR

The "Special Days" at the State Fair of Texas, October 8 to 23, will mean something this year, according to President Harry Olmsted. On practically every one of the days set aside for a particular group a special program of entertainment has been arranged, in addition to the worlds of entertainment that will mark this year's fair as different from any hitherto held in Texas.

A list of the special days, correct up to September 24, is as follows: Saturday, Oct. 8, Opening Day. Sunday, Oct. 9, All-Church Day. Monday, Oct. 10, Agricultural Exhibitors' Day, G. A. R. and W. R. C. Day. Tuesday, Oct. 11, Dallas Day and Red Men's Day. Wednesday, Oct. 12, Pioneer Mother's Day. Thursday, Oct. 13, Farmers' Marketing Association Day, Gregg County Day. Friday, Oct. 14, Children's Day, Mississippi Day, Van Zandt County Day and Press Day. Saturday, Oct. 15, Traveling Men's Day, Tennessee Day, Hunt County Day, Texas Commercial Executives' Day, Deaf Day, All-College Day, and Press Day. Sunday, Oct. 16, Spanish War Veterans' Day. Monday, Oct. 17, Dairy Day and Texas Ginnery's Day. Tuesday, Oct. 18, Confederate Veterans' Day. Wednesday, Oct. 19, Kentucky Day, Odd Fellows' and Rebekahs' Day, "Cake Day" and Texas Congress of Mothers' Day. Thursday, Oct. 20, Academy Day. Friday, Oct. 21, R. O. T. C. Day and Texas Federation of Music Clubs Day. Saturday, Oct. 22, U. of Mo. Day and American Bankers' Day. Sunday, Oct. 23, Fraternity Day, American Legion Day and Closing Day.

"Old Home Celebration" for Former Dallas Residents During The 16 Days of Texas State Fair

Former residents of Dallas are being sought throughout the United States and urged to return for an "Old Home Celebration" to last during the sixteen days of the State Fair of Texas.

The celebration is under the auspices of the Junior Chamber of Commerce and the young men are working with their usual pep and enthusiasm to make it one of the outstanding features of the fair period.

Dallas citizens are preparing lists of friends who have moved away and turning the names over to the committee who are sending special "Come Home to Texas" invitations to the wanderers.

The Old Home Celebration is statewide in its scope and all former Texans are being sought and urged to return at this time, when they may observe the progress the state has made since their departure.

Hereafter seats for all performances in the Auditorium during the State Fair will be for sale on the grounds, as well as down town, it is announced.

NOTES FROM SALEM

Rev. E. E. Mason of Coahoma filled his regular appointment at Salem the fourth Sunday. The church has called Brother Mason to serve as pastor another year. It has not been definitely decided yet whether it will be for half time or quarter time. A goodly number attended the B. Y. P. U. workers conference at Prairie View Sunday. Salem was selected as the next meeting place which will be on the fourth Sunday in October.

Brother Moore, the returned missionary from China will speak at Salem church next Tuesday night, Oct. 4. His subject will likely be Missiopyary Work and the Customs of the Chinese. Everybody is urged to come out and give the speaker a large audience and attentive ears.

D. G. King happened to quite a painful accident Tuesday night when the car in which he was riding was being pulled by another car. His car was struck by a passing auto and all three cars were damaged. Mr. King received painful injuries in the accident.

Mr. and Mrs. J. W. Fryar and children of Moore were visiting Uncle Jack and Aunt Fannie Wilson Sunday.

Mr. and Mrs. E. F. Barnett of Cleburne were the week end guests with Mr. and Mrs. W. L. Harper.

Mrs. Roy Lee of Lamesa was visiting with homefolks. Mr. and Mrs. R. L. Simon the past week.

The R-Bar school is very much encouraged over the fact that it will possibly have a seven months school this year.

Paul and Bruce Bishop attended Sunday school and church at SSalem Sunday. We are very glad to note that much interest is being shown in our Sunday school and church. There were 62 present last Sunday.

Mr. and Mrs. Jones of Coahoma attended Sunday school and church at Salem Sunday.

Mrs. S. L. Hull who has been on the sick list, is reported to be convalescing.

Mrs. W. H. Robinson who has been suffering with rheumatism is reported to be improving.

Mr. and Mrs. Bernard Lay of Coahoma drove over to Elmer Lay's Sunday morning.

Friends in this community sympathize with Mr. and Mrs. J. T. McCauley of Knott in the loss of their infant on Tuesday, Sept. 27. Funeral services were held Tuesday afternoon at Knott. Reporter.

VIOLIN LESSONS

I have opened a violin studio in Big Spring and wish to have pupils enroll in my classes for violin lessons. Foundation work a specialty. Phone 623 for appointment or further information. Miss Evelyn Jackson. 1t

APPLE TREES CONFUSE SEASONS; IN FULL BLOOM

Apple trees at the J. T. Parrish place a mile east of Big Spring, offer a pretty sight at this time of the year, with their fresh green foliage and abundance of pretty blooms. The trees are trying to overwork themselves or else they have the seasons confused since these same trees have already had one fruit crop this season. A plum tree at the home of Mr. and Mrs. J. F. Crenshaw is also bearing its second fruit crop this season. We can not understand such freakish maneuvers or such ambitious young sprouts.

"Advertising does not jerk; it pulls," is one of John Wannamaker's aphorisms, and just as true today as when this merchant prince penned and published it. — Fourth Estate.

FOR SALE — Some heating stoves. RIX'S.

Vaston Merrick has been up in the air the past week and his friends had about come to the conclusion that he was going to take up aviation but it was later learned that his flying attitude was caused by the arrival of a fine ten pound boy at his home Friday, Sept. 23. The name of the young man is Charles Alton Merrick, being named in honor of his grandfather.

Come early Saturday and every morning for your fruits and vegetables. The White House.

PAYING FOR BAD FIRE RECORD

Citizens of Big Spring who carry fire insurance on their property are now paying for fire losses which have occurred in our city.

Your attention may be called to this if you will notice a red sticker on the policy you now receive, the wording on same is as follows: Notice, bad fire record charge. A bad fire record charge has been added to the premium in the face of this policy on account of an excessive three year loss rates in Big Spring.

We do not know how this will strike you but if you will examine the next fire insurance policy you pay you will find that you are paying a mighty-heavy tax for the fires we have had in the past.

We note on a policy on a stock of merchandise in the business section an increase of about thirty two per cent has been made in the fire insurance rate. In other words the rate was \$19.10 per \$1,000 while this year the rate is \$26.30 per thousand.

SAND OR GRAVEL

I am in the sand and gravel business in Big Spring and will haul sand or gravel to any part of the city. Give me your orders. Phone 9004 P-12. S. P. Huitt. 1-2tpd

Among the peoples of the Yassi tribe in Africa, it is considered undignified for the men to work and the women do all hunting, fishing and similar work. Dearborn Independent.

Well, if we ever decide to leave Big Spring, you can tell them that we are going to affiliate with the Yassi tribe in Africa.

H. L. Rix returned last Thursday from a business trip to Lamesa.

Get that odd rocker. RIX'S.

Morris Williams returned Tuesday from Austin where he had been to attend the festivities of "Rush Week" at State University. His brother, Rueben Williams accompanied him to Austin and he will attend college there this fall.

Auto drivers should use extra care in driving on all roads and highways after night fall while the cotton harvesting season is on. Wagons loaded with cotton will be headed towards, or from the gin, and its up to the auto drivers to keep from crashing into these loaded wagons.

3 lbs. White Swan Coffee Saturday for \$1.85. The White House.

Mr. and Mrs. Lynn Hatcher have moved to this city from Blainview to make their home. Mr. Hatcher has accepted a position as salesman with the King Chevrolet Company.

A few kitchen stools and Wapco coffee left. The White House.

Don't Be Embarrassed By Skin Diseases

Use Blue Star Soap to clean the affected parts, then apply Blue Star Remedy. It penetrates the skin, kills the germs, stops the itching at once, and restores most cases to a healthy condition. Eczema, Tetter or Cracked Hands, Poison Oak, Ringworms, Sore Blistered Feet, Sunburns, Old Skin Sores—all of these have yielded to its wonderful healing power. 60c and \$1.00 a Jar; Soap 25c, at

INFANTILE PARALYSIS SPREADS AT AN ALARMING RATE

Sept. 24.—Infantile paralysis is spreading through the country at an alarming rate. The United States Public Health reports that the disease has reached the stage of a national epidemic. Dr. C. C. Pierce, surgeon general, says that five states are not battling the germ, which twists and deadens the nerve

cases are being reported at the rate of nearly 700 a week, and mounting. On Sept. 3 there were approximately 350 new cases. The week of Sept. 10, 550 broke out and last week's revealed 656 new cases.

There is no preventive nor known cure for the disease, according to Dr. Pierce. Nelfter is the name may imply, he says, although the majority of cases are confined to persons under 15.

Infantile paralysis is spread by the discharge of germs from a person affected. Dr. Pierce says the only way to prevent the disease from spreading is to keep children away from known cases.

They should keep their children away from crowded buildings, schools and public playgrounds. Whenever there are reports of the disease, the only cure is rest, good food and fresh air.

Let Adlerika give your stomach and bowels a REAL cleansing and see how much better you will feel. It will surprise you! J. D. Biles, Druggist, and Cunningham and Phillips.

JOHN THOMAS STEWARD DEAD

John Thomas Calhoun Steward, 64 years, was claimed by death at 11:25 o'clock Monday night, Sept. 26, following a two months illness. All that loving hands and medical skill could do to relieve the suffering proved to no avail and he was called to that Home on High. Funeral services were held at the First Methodist Church at four o'clock Tuesday afternoon and the remains were laid to rest in Mt. Olive cemetery. Rev. W. C. Hinds, pastor of the First Methodist Church, conducted the services.

Deceased was a kindly gentleman, held in high esteem by all who knew him and many hearts are saddened at his death. He was a member of the church and had practiced the teachings of the Golden Rule in his daily living.

Surviving is a devoted wife, two sons, Tom and Marvin Steward, one daughter, Catherine, and a stepson, Ed Dumas, all of whom were here to attend the funeral services. The Herald joins friends in extending deepest sympathy to the bereaved ones in this sad hour.

How about your eyes? People come to us for 100 miles around to have glasses fitted. "There's a Reason"—A Better Job for Less Money. Wilke, Optician.

Funeral services for Paschal Aristo, infant, were held on Friday afternoon and the remains were laid to rest in the Mexican cemetery.

ABOUT OWLS

"I've promised to tell you something of owls this evening," said the Sandman, "and I think perhaps I'll choose the Great-Horned Owl and the Barn Owl as the ones to talk about. The Great Horned Owl is the first bird of the year when it comes to nesting, but I don't know that I can say very much else for him. He is a very cruel creature—going after rabbits and other small animals. Oh yes, he hunts and frightens little animals almost out of their wits

"He is Very Cruel, Going After Small Animals."

and eats them. He hunts at night and oh, how afraid the little rabbits are of him. "Old Horned-Owl, as they call him, is their enemy and their little hearts beat with fear if they think he is anywhere around. "How many of their little hearts he has stopped beating altogether! "He doesn't even mind Mr. Skunk and his family and he thinks it's a fine sight to see a Mother Skunk walking along at night, followed by her small children, each walking one by

one as though engaged in a drill. "The Skunk family sleeps during the very coldest part of the winter, but the rest of the time they are awake, which rejoices old Horned-Owl's heart—if he can be said to have a heart. "The poor Skunk family would like to be sociable, but no one wants to be sociable with them except old Horned-Owl, and they do not care for his kind of sociability! "Old Horned Owl has tufts upon his ears so that he can be told from other owls, and then he is very big and very strong. "He gives a terrible shriek and a mournful call and the little animals tremble. "He doesn't bother about building himself a home, but he tries to find a nest that has been vacant and has out a birds' 'To Let' sign. "That sign in the bird world is simply an empty nest. "And when a nest is 'To Let' or 'For Rent' no one need do anything but move in—if it is a suitable place. "Now the Barn Owl is quite different. The Barn Owl is far more gentle-looking in appearance, for Old Horned-Owl is a dangerous-looking creature, too! "He has soft feathers of gray and brown and yellowish white, with speckled decorations. "He hasn't any tufts over his ears such as the Great-Horned Owl has. "He has little brown eyes and long legs, and he likes to have his nest in the hollow of a tree as sometimes the Great-Horned Owl does, too, or under a roof of a barn. "Mrs. Barn-Owl lays six beautiful white eggs in the nest and she thinks no other eggs would do! "The Barn-Owl is one of the latest of the Owls to nest and in many, many ways is very different from the Great-Horned Owl. "The Barn-Owl is rather shy and isn't often seen, but they do a great deal of good work, destroying bad insects and brown rats that would do a great deal of harm. "Yes, I cannot say that I have very much that is good to say about Old Horned-Owl, but I have a great deal that is good to say about the useful Barn-Owl and so I told about Horned-Owl first and Barn-Owl last, saving the better owl for the last! "That is the way it should be when one is telling about these two Owl families."

C of C Directors Called Session

To Consider Viaduct Across Tracks, Better Postal Facilities, Moving to Crawford; Other Matters

As a number of important propositions needed to be considered at once a called meeting of the directors of the Chamber of Commerce was held Wednesday afternoon to take action thereon.

The erection of a viaduct across the railway tracks on Gregg street and it was agreed that we should get busy on this proposition. R. L. Price and E. A. Kelley were named on a committee to confer with the city, county and railway officials and make the necessary plans for the viaduct.

A committee consisting of B. Reagan, E. A. Kelley and A. M. Fisher was appointed to confer with Postmaster J. W. Ward and see if something could not be done in the way of securing more help in the postoffice. It was especially urged that the postmaster have a window put in for the handling of parcel post packages. At present those wishing to send packages are required to get in line, and sometimes wait from 20 to 30 minutes. And as the holiday season approaches the line at the general delivery window will grow in length. It was the opinion of the directors present that Big Spring was entitled to better and more adequate service than is now being accorded; the fault of the service being attributed to the crowded quarters of the postoffice and the lack of help.

The proposition of sending an agricultural exhibit to the Dallas Fair was discussed at length and while all regretted that our county would not be represented, it was agreed on account of the lateness of crops that it would be impossible to assemble a creditable one. It was therefore decided not to send an exhibit to Dallas but to center all our efforts on our own county fair which will be held Saturday, Oct. 1.

The committee appointed to secure funds for the county fair and the feed demonstration contest were instructed to get busy at once and raise the necessary funds for

same. The secretary advised that \$300 would be needed as premiums for the fair and feed contest.

The proposition of moving the office of the Chamber of Commerce to the new Crawford Hotel was discussed and it was decided to move into the new quarters Mr. Crawford had provided just as soon as same was ready for occupancy.

A motion prevailed that the International Harvester Co. be invited to present their Better Farming Program in Big Spring at their earliest convenience.

OPENS REPAIR SHOP AND FILLING STATION; NORTH SIDE

B. P. Boydston has opened a filling station and repair shop at 109 Deming street, and is now ready to receive customers.

Cecil B. Long, machinist of Amarillo, will work in the repair department and is prepared to do any and all kinds of work on automobiles and trucks.
