Development More Favorable

Let for Seven New Derricks in County — Good Showing by Settles Field Wells

Contract to erect 7 derricks in the county — building contractor awarded a contract to erect derricks for new oil tests in Howard County immediately it is known that all development is taking a more favorable aspect in the county.

High Development

Cryle-Concord Oil Co. own acreage in the proven southeastern portion of Howard County is to begin work.

Field Increases Production

Settles field is attracting the attention just at this time due to the showing the Texon-Marland wells are now making.

Texon-Marland Settles No. 1

Section 159, block 29, W. & N. survey, the discovery well which had been making around 35 barrels has increased to 300 daily upon deepening 1245 to 1301 feet.

Settles No. 2, located 1320 feet

below No. 1 produced 500 barrels in 24 hours by swabbing. A well to be installed at No. 2 and will be pumped into 10,000-barrel tanks.

Marland is now rigging up

for test on the Settles lease; will be one-half mile north of Settles.

Marland Oil Company plans

to test well about five miles west of Big Spring, starting operations in the next ten days or more.

Marland Oil Company is to

start operations on a lease north of Big Spring within the next ten days, according to reliable information.

H. W. CAYLOR'S PICTURES WIN FAVORABLE COMMENT

According to a write up in the Thursday issue of the Abilene Reporter of last week the picture, "The Stampede," painted by H. W. Caylor, Big Spring artist, and on display at Abilene during the West Texas Fair won more favorable comment than any other one picture at the exhibit. Mr. Caylor had five pictures on display namely "The Stampede," "The Chuck Wagon," "Cowboy's Sanctuary," "Romance of the Mailbox," and "Nature Reclaims Her Own."

Mr. Caylor proclaimed as "Our Own West Texas Artist" was selected to judge the art exhibit at the West Texas Fair and he returned from Abilene last Thursday.

SINGING AT CHALK SCHOOL TO BE HELD SUNDAY

A meeting will be held at the Chalk school Sunday afternoon at 2 o'clock for the purpose of organizing a community singing association. Everyone interested in singing is invited and requested to be present. W. R. Purser will lead the singing, and members of the Panther Draw church will also render a program.

The Peer Oil Company test on the C. D. Read ranch in the eastern part of Howard County this week due to the heavy rain, muddy roads and inability to get fuel oil to the location.

California B. & J. Fisher No. 1

The California Company's test on the ranch of Bernard and Joe Fisher is now more than 2000 feet deep. Underreaming to lower the ten inch casing from 1500 feet to a point below the 2000 foot depth where salt water was found below a stratum of anhydrite has been in progress this week.

It is said that the log of this well is running very much like the log of the Marland J. B. Harding No. 1, located about four miles northwest.

Looking For Big Oil Wells

The present day program in the oil game may be gleaned from the remark of an oil executive when speaking of a test in Howard County. A driller wanted to have the well given a shot; stating that he believed it could be brought in a good little well. The executive informed him that the company was not looking for good little wells, but for good big ones.

From the above we judge they may come back later and develop the prospects they are now passing up.

Oil Development Here Delayed

There is no use in becoming impatient because oil development is not being pushed in our county. In the first place, the price of oil is so low that wildcaters have quit the game for the present. Then, too, the gusher fields are going to be developed in jig time.

When this wasteful game is completed, oil will begin to advance and at that time Howard County will come into her own. Oil can be secured over a wide area and at several different depths in our county. There are more independent oil companies operating here than at any other point and its independent companies which build up the territories they develop.

The big men in the oil game are predicting an oil famine within ten years. When the price of oil advances you will see a real development program adopted.

Oil Industry Marking Time

Just now marking time seems to be in order. The oil fraternity is watching the Yates pool and other pools in West Texas to see which way the cat is going to jump. An initial test of some of the big wells in the Yates pool shows these wells yielding about one fourth of their estimated production. Water encroachment also threatens. Other developments tend to indicate there is to be no overproduction to demoralize the oil industry as did the Seminole pool.

Once the oil men become convinced overproduction has been eliminated they will proceed to develop the oil fields of West Texas in a systematic manner. With the oil situation as it is there is little encouragement for the wildcatter to search for new fields.

Jas. T. Brooks Resigns as District At.

Ill Health Caused Popular District Attorney to Resign — Governor Moody to Name His Successor

James T. Brooks tendered his resignation as District Attorney of the Thirty Second judicial district, Wednesday and will engage in private practice in Big Spring if his health will permit.

Mr. Brooks has suffered from a stomach ailment for some time and his condition is such that he cannot perform the strenuous effort the duties of the office require.

Mr. Brooks has served as district attorney the past four years and no one could have served more ably or efficiently. His record is a most enviable one and the violators of the law respected and feared him. A check up on the cases he has prosecuted in the district will prove that the convictions were indeed numerous. He was handcuffed at the start because most everyone contended that the former district attorney was the most forceful and able prosecutor ever in West Texas — but Jim Brooks showed them that he was going to perform the duties as conscientiously as any man possibly could, and today he is respected and esteemed by every citizen in the Thirty-second judicial district.

Mr. Brooks' many friends throughout the district indeed regret to learn that he has been forced to resign because of ill health and hope for a betterment of his condition.

DON'T SAY ANYTHING ABOUT IT

Just about the time we get on the trail of some big idea we are given the hush sign. We are requested to keep the news out of the newspaper yet awhile.

Big Spring folks wonder why the town does not get more publicity and about the first request we meet on every hand is "I'd appreciate it if you would keep this quiet for the present."

For instance, the Texas Electric Service Corporation is building a monster substation just east of Big Spring and we have repeatedly attempted to get an estimate of the cost of the project but the information is not to be had locally. We hear rumors of its being a half million dollar project and a million dollar plant but we will treat anyone who will supply the correct information.

Several big addition deals are in the formation stage but the time is not just ripe to give out the information.

A gentleman is here to invest \$60,000, but don't say anything about it.

Two or three big corporations are after choice locations in the business section of Big Spring but we are not authorized to give out their plans.

A big hospital project is rumored but there is nothing to give out to the Herald.

Of course the people in question may have good reason for withholding the information, even though we can't see the point—but we just want to let some folks understand why Big Spring does not get the boosting that other cities receive. Our folks do not seem to want Big Spring to grow too fast.

REMEMBER TO SEE THE CHEVROLET TRUCK CARAVAN

Everyone in Big Spring and Howard County is invited and urged to see the largest and most complete line of trucks and truck bodies ever shown in Big Spring to be on display at the King Chevrolet Company on Thursday morning, October 13, between the hours of 8 and 12 o'clock. The Chevrolet Truck Caravan consists of twenty one different styles of trucks and bodies and come to Big Spring direct from the factory. The caravan is making this trip over Texas to show the many styles now at the disposal of the buying public.

In addition to the trucks being displayed, the passenger cars will also be exhibited and anyone interested in purchasing a car or truck will be free to discuss the merits of the Chevrolet with the salesmen. Don't miss this opportunity. See this big display next Thursday morning.

To Advertise Agricultural Possibilities

An Important Meeting to Let the World Know of the Fine Farming Lands to be Found in County

Before another issue of the Herald an important meeting will have been held to propose a plan to advertise the agricultural possibilities of Howard County.

The real estate firms of Big Spring are behind this movement and have called a meeting to be held at the courthouse in Big Spring at 7:30 p. m. Thursday, Oct. 6. "Every business man and farmer should be interested in letting other people know what Howard County can do in the way of farming," is the watchword of this meeting.

It is planned to advertise through the Chamber of Commerce, by booklets, leaflets or such other method as may be deemed best, in an effort to induce farmers and prospective homeseekers to visit Howard County to make investigation of our possibilities.

Howard County has shown along thru a series of years that she can hold her own with most any section of Texas, and land can be bought here at most reasonable prices. This is yet the land of opportunity for the man who wants to own a home in a new country and who is not afraid to work.

There are many people in other portions of Texas who would be glad to come to West Texas if they were aware of the great possibilities of this section. The present movement is an effort to bring this about.

If you are a property owner, farmer or business man and believe in Howard County be sure to attend this meeting and help put this publicity program thru.

BIG SPRING REAL ESTATE BOARD ORGANIZED HERE

The realtors of Big Spring met in the R. L. Cook office in the West Texas National Bank building Tuesday night and formed an organization to be known as the Big Spring Real Estate Board. R. L. Cook was elected chairman of the board and Mrs. W. A. Earnest secretary-treasurer. The purpose of the organization is to unite the efforts of the realtors in promoting the best interests of Big Spring and Howard County.

No section in Texas has more to offer than our own Howard County and through a well planned system of advertising it is the purpose of this organization to let others know the advantages of this section. Realizing that greater things can be done through team work every person in Big Spring engaged in the real estate business is urged to attend the meetings. The meetings for the present will be held in R. L. Cook's office on the Tuesday night following the second and fourth Sunday of each month.

Those present Tuesday night were R. L. Cook, Rube Martin, Fox Stripling, Joy Stripling, C. A. Johnson, R. F. Scheig, D. F. Painter, C. E. Reed, C. C. Wyatt, S. B. Stone, M. G. Riffin, and Mrs. W. A. Earnest.

JOHN STRIPLING KNOCKED FROM BICYCLE; INJURED

John Stripling, son of Mr. and Mrs. Fox Stripling, received painful injuries shortly after noon Saturday when he was knocked from his bicycle by a truck. A piece of lumber on the truck struck his side causing painful bruises besides injuries received when he was knocked to the ground. The accident happened at the intersection of Fourth and Johnson streets.

John is reported to be resting well.

POULTRY SHOW IN JANUARY

So much interest was manifested in the poultry display at Howard County fair here last Saturday that C. T. Watson, secretary of the Chamber of Commerce is planning to hold a poultry show here in January.

Poultry raising is becoming to be a profitable side line on many farms and poultry shows have a tendency to promote the raising of better poultry.

C. L. Wasson left Wednesday night for Los Angeles, Calif.

FURNITURE FOR M. E. CHURCH ORDERED; TO COST \$3,450.00

Furnishings for the auditorium of the First Methodist Church, estimated to cost \$3450, have been ordered from Chicago, Ill.; and are expected to arrive and will be installed for the beginning of the Methodist Conference in Big Spring on Nov. 9. The women of the First Methodist Church in this city have pledged to raise the funds to buy the new furniture for the church and have already collected a sufficient amount to make the initial payment. New pulpit furniture as well as new pews, a velvet carpet and curtain for the rail is included in the order.

The spacious auditorium of the First Methodist Church with its handsome new furnishings, the attractively furnished parlors in the basement of the church, and the various class rooms, will amply provide a meeting place for the different committees during the Methodist Conference which will be held in the early part of November. About 300 visitors are expected to be guests in our city during this time.

The women of the church are indeed to be congratulated on undertaking the task of providing the church furnishings and their efforts will be appreciated by every church member and citizen of the town and county.

LESTER BUILDING LEASED BY RESTAURANT MAN

M. A. Masters has secured a lease on the Frank Lester building at the corner of Main and Third streets and will open a modern restaurant in this location shortly after January first, when the leases of the present occupants expire.

Mr. Masters is one of the best known restaurant men in Texas. He has conducted restaurants in every city near the big oil fields in recent years and there is not an oil man who does not know him, and everyone has a good word to say for him and the excellent food and service that are offered at his places of business.

He will entirely remodel the present building. His fixtures have been in storage here for some time. He declared the location ideal for a restaurant, and he was willing to wait several months in order to secure same.

Mr. Master has another restaurant at Odessa. He is most optimistic as to the outlook for oil development in this territory and believes Big Spring is going to continue to grow and prosper.

HAROLD PARKS IN T. & P. HOSPITAL; FOOT MASHED

Harold Parks is in the Texas and Pacific Hospital at Marshall, Texas, receiving treatment for an injured foot which was severely mashed when caught between some iron pipes. Harold is a brakeman on the T. & P. railway and the accident happened when he was at work near Pyote, Texas.

Harold, accompanied by his brother, Robert Parks, went thru Big Spring on the passenger train Tuesday evening to Marshall where he was placed in the hospital. Communications from the doctors in charge state that he is resting well and they believe that amputation of his right foot will not be necessary.

ZOLLIE MAY DODGE, 9, SUFFERS BROKEN ARM

Zollie May, nine years old daughter of Mr. and Mrs. J. P. Dodge, suffered a broken arm last week while playing in a neighbor's yard with a group of children. The child fell breaking her right arm at the wrist.

NEW FIREPROOF BUILDING ON BANKHEAD HIGHWAY

L. E. Coleman has completed arrangements to erect a fireproof building 25x125 feet on the Bankhead highway, adjoining his Rock Gate Tourist park. The building will be constructed of brick and tile.

The building will be fitted up for a hotel, restaurant and store.

The contract is to be awarded immediately and construction work will soon be underway.

Mrs. Eddie Price left last Tuesday for Fort Smith, Ark., where she will be matron of honor in the wedding of her aunt, Miss Lorraine Pate to John Alder.

Beautiful Sub-Division to be Opened

Life Investment Co. to Open Restricted Residence Sub-division to Big Spring — South of City

The Life Investment Company, late of Midland, this week purchased of W. P. Edwards, a sixty acre tract of land adjoining the city on the south and plans to open a restricted residential sub-division to the city.

While the site is ideal for beautiful homes, occupying as it does the heights overlooking the city and far enough out to be entirely away from the smoke and dust, the Life Investment Co. plans to spend from \$15,000 to \$20,000 landscaping the tract, building roads and making this a most attractive site. Landscape artists, civil engineers and men and teams to the number of one hundred are now busy on Edwards addition—this being the name the new subdivision is to be given.

Hard surfaced streets are to be constructed—a seven inch topping of rock to be placed on same. The streets and in fact the entire addition will follow the new city building plans; so the streets will be winding rather than straight, the lots, while 50 feet wide will be of various lengths. There will be about 250 lots in the addition and not over two or three west front lots in this total. The main thoroughfares will run east and west. While the addition will not be placed on the market for several weeks many Big Spring citizens have notified the owners they desire to purchase lots and build homes in Edwards addition.

The Life Investment Company has had considerable experience in putting sub-divisions on the market in San Angelo, Abilene and other cities. Just recently they put on the Belvedere Court addition to the city of Midland which was the finest addition put on in that city. This too, was a restricted residence district, and every lot in the addition except two were disposed of. They expect a quick disposal of every lot in Edwards addition.

In talking to a Herald man this week regarding the future of Big Spring, Mr. Life stated that he believed it would be the best and biggest city between Abilene and El Paso. He cited as his reason that Big Spring had ever continued to make a steady and substantial growth because it was builded on a firm foundation. Furthermore the other towns along the Texas and Pacific railway would have to grow considerable to even attain the present size of this city. As he sees it we are now growing and will continue to grow at a more rapid rate than any city along the line.

Mr. Life intends to build a residence in Edwards addition and make his home in Big Spring.

He invites the citizenship to motor out to the new addition and note the improvement work now underway. The date when the addition will be placed on the market will be announced later.

LESTER FISHER LETS CONTRACT TO LOWER SIDEWALK

Lester Fisher this week awarded the contract to the J. M. Morgan Construction company, local contractors, for the work of lowering the sidewalk on the south side of his building on Main street occupied by the J. D. Biles drug store. The sidewalk is to conform with that of the new Crawford Hotel. Work on same was started this week and is well underway.

Mr. Fisher is to be commended for this good work and it is evidence that he takes pride in his town. He is assuming considerable expense in having this work done, but he feels that his property on the main thoroughfare is an asset to the town and he wants to keep in line with progressive strides that are being taken. This improvement is noted with interest and his fellow townsmen are complimenting him on his civic pride and progressiveness.

T. S. CURRIE BOUGHT LOT ON MAIN STREET FOR \$1100

T. S. Currie this week bought of E. H. Lumpkin of New Mexico a fifty foot lot in the 900 block on Main street, lot 1 in block 82; consideration \$1100.

QUESTION BOX

ON HEALTH subjects Edited by
STATE DEPARTMENT of
HEALTH
J. C. Anderson, M.D. State H. O.

THIS column will be given to discussion of matters pertaining to public health. Any questions regarding public health administration, prevention of diseases, child care, sanitation, etc., will be answered in succeeding issues of this paper. Questions in regard to cure of diseases will not be answered, as the scope of this Department includes only disease prevention. Address Question Box, State Department of Health, Austin.

1. How can the malarial mosquito be differentiated from other kinds of mosquitoes? (D. B. R., Greenville)
2. Does the malarial mosquito also transmit the germs of dengue?
3. What are the symptoms of hookworm in children? (S. N., Bay City)
4. What is the cause of whooping cough? (Mrs. A., Belton)
5. What is the cause of measles? (Mrs. A., Belton)
6. How is measles transmitted? (Mrs. A., Belton)
7. Is salt necessary to life, and how much salt is needed annually by the human body? (Schoolboy, Bonham)
8. Give what you think is necessary for the good care of the feet. (A. J. M., Henderson)

ANSWERS

1. The Anopheles mosquito which is the malaria carrier, is dark brown in color, slender, and has spotted or dusky wings. It is larger than Culex, the pestiferous, small mosquito that bites at any and all times, and when biting the malarial mosquito has the appearance of "standing on its head."
2. The mosquitoes that are dengue carriers are different from the malaria carriers. The dengue carrier is known as the Aedes mosquito and is also the carrier of yellow fever germs.
3. The usual symptoms of hookworm in children are: sallow complexion, lack of energy, mental dullness, and bloated abdomen.
4. Whooping cough is caused by

a small bacillus which reproduces itself on the mucous surface of the trachea. This disease is most common up to the sixth year of life, and declines rapidly after this time. Adults rarely suffer an attack.

5. The infectious agent causing measles is as yet unknown but it is an infection of the respiratory tract.

6. Measles is contracted through direct personal contact or direct contact with fresh nasal or throat discharges from a measles victim. It is the most easily transmitted of any of the communicable diseases. The infectious agent is present in the blood of a patient as well as in the secretions of the nose and throat even before the rash appears. Then, too, the disease is most contagious during the few days just preceding the appearance of the rash, which is a big factor in its rapid spread through community, as numbers of children are often exposed through contact with a child, who is thought to be suffering only from a cold.

7. Every living thing would perish without salt. This is true because every tissue of the body has a small content of iodine, and this is renewed by the consumption of salt. Perhaps a conservative estimate of the amount of salt required by each person for a year's time, is 15 to 18 pounds.

8. The feet are marvellously built and if well treated, will give marvellous service. Faulty shoes cause more foot misery than anything else. Shoes should be fitted to the feet and not the feet forced into shoes to which they are not adapt-

ed. Ordinary care of feet require a daily bath, frequent change of hose, with hose and shoes both well fitted, and good care of toe nails, which should be cut straight across, and not slanting at the sides, as this tends to cause ingrowing toe nails.

A GOOD MOVE—PUSH IT ALONG

Big Spring, Texas, Oct. 3, 1927
Mr. Jordan,
Publisher Big Spring Herald,
City.

Dear Sir:
I read your editorial on traffic regulations and safety driving in a recent issue of your paper. With special reference to caution along the streets near our various school buildings.

You are certainly hammering "in the right direction and I hope you will keep up the good work. There is a very great need for adequate signs and markers for our school zones. Some organization in Big Spring should undertake the task of having one or two blocks in each direction designated "School Zone" and properly marked with metal caution signs at the curb. Our officers should be backed up by every parent to enforce safety driving in these zones.

There is a very noticeable improvement on the observance of traffic regulations on our downtown streets. Enforcement should be extended at once to the streets near the schools. Especially the Central Ward school. At this building a very large per cent are young children. These children (a large per cent) have to work their way through traffic on one or more of our busiest streets four times a day. There is a very decided need for caution in these zones.

I have noticed often cars rushing along Scoury street in bad weather throwing water twenty feet wide (where pools collect on side of pavement) and making 35 to 40 miles an hour.

The principal offenders are the home people and business and delivery cars rushing back and forth from home to store or office. This traffic is busiest at the hours the children are going to and from school at morning and noon.

Let's start this move and get something done at once. I intend to suggest it to the Parent-Teacher Association at their next meeting.

Yours very truly,
W. T. MANN.

LAYS 151 EGGS IN 151 DAYS

Omaha. — "Babe Ruth" white leghorn hen, laid another egg Monday, the one hundred and fifty-first in as many days, and is now the proud possessor of the world's egg-laying championship. The hen, owned by A. R. Lander of Norfolk, Neb., and kept by the American Milling Company here, was entered in the national contest of the American Egg Laying Association May 9 and has laid an egg every day since. The previous record of 149 was held by "Lady Lindy," an Arkansas hen.

FIRE PREVENTION WEEK

Fire Prevention week should be observed by particular attention to clearing up waste around buildings and grounds, reconditioning chimneys, replacement of roofs which are in bad condition, so as to reduce the chances of fire. Although fire prevention is advisable in cities where adequate protection is provided, it is even more important in the country, where the risks are greater and the control of fires once started is almost impossible. The week of October 9 to 15 is set aside for this purpose, as it is the date which usually requires the first fires of the season.

As We Grow Older

Proper Kidney Action Is More Than Ever Important.

As we grow older, there is apt to be a gradual slowing up of bodily functions. The kidneys are the blood filters. If their action becomes sluggish they do not thoroughly cleanse the blood of poisonous wastes. This tends to make one tired and aching, with often nagging backache, drowsy headaches and dizziness. A common symptom of imperfect kidney action is scanty or burning excretions. Elderly people recommend Doan's Pills. This tested diuretic is endorsed the country over. Ask your neighbor!

11,105* doctors give written opinion

"Roxy,"
a favorite in
Radio-land,
writes:

"During a strenuous rehearsal, with the work entailed in operating the World's Largest Theatre, where one's nervous system is working under great pressure, there is nothing quite like a 'Lucky Strike' cigarette. It does not impair the voice, and gives the mental relaxation so essential to carry on."

WHAT is the quality that Giuseppe Danise, Adam Didur, Queena Mario, Antonio Cortis, Lenore Ulric, Nanette Guilford, Wilton Lackaye, "Roxy," and other famous singers, actors, broadcasters and public speakers have found that makes LUCKY STRIKES delightful and of no possible injury to their voices?

For the answer we turned to medical men and asked them this question:

Do you think from your experience with LUCKY STRIKE cigarettes that they are less irritating to sensitive or tender throats than other cigarettes, whatever the reason?

11,105* doctors answered this question "YES."

These figures represent the opinion and experience of doctors, those whose business it is to know.

"It's toasted"

No Throat Irritation—No Cough.

*We hereby certify that we have examined 11,105 signed cards containing the above statement.

FIRST LOVE AFFAIR

coming 17 when love first
 throw into my gizzard. I
 my then future wife but
 I know then and there
 would die if I did not marry
 her.

I was not a thing of
 joy forever; I was not
 with store - bought
 I had a jeans coat and a
 jeans britches, and a pretty
 calico shirt. I wore a
 shoe on my right foot, but it
 was for my left. I was
 slightly pigeon-toed, and was
 not stooped from plowing a
 field.

she was a bunch of
 a plate of sunshine, a
 white, and her lips looked
 like red velvet, and her stockings of
 real beauty, and dis-
 cretely art, but then it took an
 calamity to see above
 the clouds. I fell for her hard,
 and wore No. 7
 feet never stood in any-
 way then when love was
 at the door.

she told me I could come to
 on Saturday night. I was
 I thought I'd die. It
 three weeks from Friday
 till Saturday night. I
 I got up about 3 p. m. I
 I took a trip to the creek. I
 I all over with lye soap. My
 I was like a moonbeam, and
 my body was red but clean.

that time I had never been
 to underwear. In fact,
 my family was ever burdened
 by excess of clothes. So I
 of sister's old black stock-
 I cut the feet out of them
 and put them on. I blackened my
 feet with soot and shined them
 with lard. I got my daddy's
 I scraped my face good, but
 I felt it any as my beard was
 tender, all three of them,
 I got some lard and plaster-
 ed to my head so tight I
 I got it loose next morning
 with a knife. I found a little
 white and I rubbed that
 with a little red calico
 that pinkness brought
 discovered beauty. My
 struck me about four in-
 ches my brogans. My coat
 so tight I looked like a
 sausage.

my job was getting out of
 without any of my
 or sisters seeing me. I
 I tried to dress up before,
 they had seen me life would
 been worth a six-pence.

to get excited about that
 I tried to think what I would
 do sweetheart. I walked a
 then ran a while, and I
 several nice things to
 this. I am so glad to see
 me so pretty. I am glad I
 I seen you yesterday but
 I seen me...ansoforth.

I went. I got there. I
 the steps. The thermo-
 below freezing, but I was
 shing. Never sweated so
 in. My mouth was dry,
 it was short, my tongue
 to my throat, my stom-
 and my shoes began to
 burn.

she came to the door. I
 "Here!" He said, "H-
 your maw know where
 tonight? Daughter's gone
 if you happen to be look-
 ing." Stam went the door.

BOY'S EXPERIMENT PAYS

Mexia, Texas.—About a year ago
 a number of business men made up
 a fund to be loaned to boys for the
 purpose of buying fattening hogs
 for the market, and the experiment
 was placed in the hands of Paul G.
 Haines, county agent. Monday a
 carload of fat hogs was loaded at
 Groesbeck to be shipped to Fort
 Worth for sale.

Some of the boys sold their hogs
 to their fathers, who wished to be-
 gin the raising of fine hogs on their
 farms.

A complete record was kept of
 the cost of feed and time used in
 the experiment and it is estimated
 that the fattening was done at an
 average of 7 cents per pound, thus
 demonstrating that hogs can be
 raised in this section at a profit, and
 it is expected that an increase in
 hog raising will result from the
 demonstration.

THE STATE OF TEXAS,
 County of Howard.

To the Sheriff or any Constable of
 Howard County, Texas.—Greeting:
 You are hereby commanded to
 cause to be published once a week,
 for ten days, exclusive of the first
 day of publication, before the re-
 turn day hereof, in some newspaper
 of general circulation published in
 said county for a period of not less
 than one year, the following notice:
 The State of Texas,
 County of Howard.

To all persons interested in the wel-
 fare of the Estate of R. H. Boyce,
 deceased:

You are hereby notified that
 Julia Boyce has filed in the county
 court of Howard County, Texas, an
 application for Letters of Tem-
 porary Administration upon the Es-
 tate of R. H. Boyce, Deceased, and
 on the 31st day of May A. D. 1927,
 by order of the County Judge of said
 Howard County, the said Julia
 Boyce was appointed Temporary
 Administratrix of the Estate of
 R. H. Boyce, deceased, and at the
 next regular term of said court
 commencing on the first Monday in
 October, A. D. 1927, same being the
 3rd day of October, A. D. 1927, at
 the courthouse thereof in Big
 Spring, Texas, at which time all
 persons interested in the welfare of
 said estate are hereby cited to ap-
 pear and contest such appointment,
 if they so desire, and if such ap-
 pointment is not contested at the
 said term of court, then the same
 shall become permanent.

Herein fail not, but have you
 then and there, this writ, with your
 return thereon showing how you
 have executed the same.

Given under my hand and seal of
 said Court, at office in Big Spring,
 Texas, this the 12th day of Sep-
 tember, A. D. 1927.

(S) J. I. PRICHARD, Clerk,
 County Court, Howard County,
 Texas. 523t

*** GIVE THE HEN A TRIAL**

"If I had a thousand white leg-
 horn hens I wouldn't care for any-
 body's oil well." is a remark that
 the writer heard on the streets of
 Santa Anna the other day. A thou-
 sand hens may not bring in the
 revenue that an oil well would, but
 it is a fact beyond all contradiction
 that every farm home should be
 surrounded by a flock of well select-
 ed hens. If the merchant depended
 for a livelihood on the sale of one
 item in his store his profits would
 be very meagre; but the small profit
 on the many items he carries in
 stock all added together make a
 splendid showing for him at the
 end of the year. So with the farm-
 er. The small profits on his
 chickens, his pigs, his cows, his
 truck patches, his cotton and grain
 crops all taken together will also
 give him a good showing at the end
 of the year.—Santa Anna News.

**Long Troubled
 by
 Constipation**

"Black-Draught has been a
 family medicine with us for
 fifteen years," says Mr. F. M.
 Huntley, of Neosho, Mo. "I read
 about it first in the Ladies Birth-
 day Almanac and what I read
 there sounded so convincing I
 made up my mind to try Black-
 Draught, as I had been trou-
 bled with constipation for a long
 time.

"I found Black-Draught to be
 the ideal medicine for this trou-
 ble. It gave me quick relief.
 Frequently I had had headaches
 and pains, due to toxic poison.
 By taking a course of Black-
 Draught I gave my system a
 thorough cleansing, and I have
 had little or no trouble since
 then.

"Now, if I am becoming con-
 stipated, I take several small
 doses of Black-Draught, and am
 very soon feeling fine."

Costs only 1 cent a dose. C-122

Fair Proves Success

County's Fair was held at the new building on East Second Street Saturday and the thousands of folks who attended were especially surprised to find the exhibits were especially fine. The number of excellent communities were especially attractive. Center Point went first in this class of exhibits. W. J. Jackson won first prize for best exhibit.

The fair was indeed a surprise to many because of the unfavorable conditions which were in evidence the year many folks thought the exhibits would be obliged to change their minds when visiting the fair and the splendid exhibit.

The fair department had an excellent showing and this department of the fair is going to be important one in the future.

The registered Jersey cattle of the Chamber of Commerce purchased for the purpose of raising the quality of the cattle in our county. We give a list of the exhibits on the various exhibits.

Peaches—1st Mrs. T. E. Satterwhite; 2nd Mrs. T. E. Satterwhite; 3rd Mrs. W. E. Davidson.

SEA ISLAND COTTON GROWING IS HALTED
Cultivation of Sea Island cotton in the Salt River Valley of Arizona, which was carried out quite extensively at one time, has been almost entirely discontinued in that section. Farmers received as high as 30 cents a pound for the variety and paid cotton pickers \$4 a hundred pounds because of the difficulty in picking it. The principal reason for its abandonment in Arizona was because it required much water and the yield was small.

Mrs. Robert Evans left Sunday night for a visit with her brother, Tom Gilluly at San Francisco, Cal. Mr. Gilluly will start shortly on a round the world cruise. Before returning home Mrs. Evans will visit with friends in other places of interest in California.

PA KNEW!
"What's the matter?" asked his mother.
"The teacher whipped me because I didn't know where the Apennines were."
"It serves you right," interrupted the father. "Next time don't forget where you put them."—El Paso Post.

HOME FURNISHERS BIG SPRING AND STANTON

**HORROR AND ROMANCE
BLENDED IN "MOCKERY"**

Fantastic shadows, grim horror and the stark realities of the throes of a great nation in revolution—plus a romance so transcendently sweet that it seems hardly possible to mention it in the same breath with its startling surroundings—and through it all Lon Chaney, a sinister, mysterious figure, woven into an amazing plot of intrigue, danger and heart interest—this is "Mockery," Chaney's latest and probably one of his most startling screen vehicles which will be shown at the R. and R. Lyric theater two days, commencing Monday, Oct. 10.

The new Metro-Goldwyn-Mayer drama is startling in its originality. It is painted on the broad canvas of a whole nation in travail; its central theme is a love that passeth understanding, and its mingling of the fantastic, the mysterious, and the romantic makes it a blend the flavor of which has never been tasted before by theatergoers.

Chaney plays as complex a character as has ever fallen to his lot as Sergel, the strange, animal-like peasant, ignorant, timid with the fears of generations of oppressed peasantry, who, thrown suddenly into the red maelstrom of revolt, becomes a dangerous beast, and then, when loyalty and love touch this strange metamorphosed character, into the bulwark of a besieged aristocrat. It is a vivid study of human nature with the vividness of De Maupassant or Tolstoy.

His disguise is as amazing as the complexity of the character he plays, but the charm of the role lies in his delicate shading of meanings and subtle acting. It is one of the chances Chaney has had to be a really great actor—and he makes the best of it.

Benjamin Christensen directed the picture with a subtle mingling of the technique of America and Europe. The Danish director used a little of each of his experiences in pictures in handling the lavishly-staged play.

Barbara Bedford makes a charming heroine as Tatina and Ricardo Cortez is a romantic figure as Dimitri, the young officer she loves. One of the outstanding bits of character work is furnished by Charles Puffy as the sinister Ivan and Emily Fitzroy, Mack Swain, Kai Schmidt, Jules Cowles and others of note have splendidly balanced roles in the strange drama of Russia.

FIRE PREVENTION WEEK

October 9 to 15 was officially designated as Fire Prevention Week by Governor Dan Moody.

In the proclamation Governor Moody calls on every citizen to join in the fire prevention work. Among the other things he says:

"I wish that each and every one of our citizens would take an earnest, active interest in the occasion. Chambers of commerce and other civic organizations, as well as business associations, school authorities, women's clubs and all other bodies interested in public welfare, should assist in furthering this important observance with even greater energy than heretofore.

"I hope that the newspapers and the churches will join hands in impressing on the residents of our commonwealth the serious economic and humane aspects of the situation created by our unprecedented burning rate.

"We must fight the mounting tide of fire destruction as we would an epidemic of disease."

SIMPLE SIMONS

It is the "meek" not the weak who are to "inherit the earth." The French translate the old Greek word for meek as "debonair." Meekness does not mean lying down and letting folks make a doormat of you. "The simple believeth every word but the prudent man looketh well to his going." Everybody will ride you if you are thing enough to afford free transportation to friend and foe. Moses was meekness itself, but nobody has ever accused him of being a man of putty. Be as easy going as you please but remember that if you act the sheep you may expect to be torn by the wolves. The man who would be a friend to everybody is often his own worst enemy. Fear of criticism and inability to say, "no" have slain their thousands. To be cheated twice by the same man or at the same game proclaims a fellow not fit to be let out without a guardian.—The Batteryman.

SAFETY PROGRAMS NEEDED

It is expected the automobiles will kill 25,000 men, women and children in the United States during the year 1927. And these people will be just as dead as tho they were shot down by some irresponsible who had been permitted to have firearms. Auto drivers must be licensed and speeding and reckless driving must carry severe penalty.

A safety program should be planned not only by the city fathers, but also by community organizations, such as the local Chamber of Commerce, luncheon club, Parent-Teacher association, fraternal organizations and other bodies which should call the attention of the public to the number of accidents and the need of preventive measures.

Parents should teach their children not to romp in the streets, which belong to motorists most of the time, but to play where it is safe. Youngsters should be taught how to cross the streets. Safety instruction should be given in every public, parochial and private school. A study of the location of the places where most child accidents occur will indicate the districts in which more adequate playground facilities are needed and these should be provided.

Close cooperation on the part of all agencies in any community will result in an encouraging decrease

NATURE THROWN OUT OF BALANCE

When man abuses himself by overeating, eating the wrong things or through dissipating habits, he throws Nature out of balance and becomes sick. If he discovers the source of his troubles and corrects it in time, the balance is restored and he becomes well. Throw Nature out of balance and trouble always follows.

For many years man has been throwing Nature out of balance. He has destroyed bird life by killing his feathered friends in unnumbered thousands. He has driven them from the country by destroying their nesting places. As a result, man is spending millions of dollars in the purchase of expensive machinery and poisons to fight insects and has only succeeded in slowing down their work of destruction in a few isolated instances. Man has never yet been able to even control the speed of the insects which prey upon the crops except by an effort to restore Nature's balance. Not only do artificial means employed in fighting insects cost millions of dollars every year, but other millions are lost in reduced yields. Unless we succeed in enlisting Nature in the fight against crop pests this world may be brought to the verge of starvation.

Poison sprays kill many insect pests, but they also kill the natural enemies of the insects we are trying to exterminate, and the natural enemies have always been more successful in keeping them in check than any man-invented method. Scientists who have devoted years to the study of insects, while they advocated poisons as an emergency remedy, are more and more inclined toward biological methods.

While the most serious pests we have to contend with are imported, and therefore free from natural enemies which keep them in check in their native countries, our own native insects are becoming more numerous because we have destroyed birds and have poisoned the insects that heretofore have been friends of man.

The Department of Agriculture is importing the insect pests that have come to us from other countries. The department is also breeding insects, by these millions and these will be turned loose upon the pests which

destroy our crops. But until we encourage bird life and help restore the balance which Nature intended, we may expect to continue to witness the destruction of crops. Nature is just, but she demands that her laws be obeyed.—Farm and Ranch.

A CONNECTED SYSTEM OF GOOD HIGHWAYS

There is a nationwide approval for closing immediately the gaps between the 90,000 miles of road comprising the system of main, arterial highways selected through joint Federal and State action, as one of the first practical steps in the complete paving of this nation's highways.

"A Paved United States in Our Day" is to be the slogan of the progressive citizenship which is behind the better highway movement. A connected system of modernly built highways in every state and county in the nation is the objective.

Poor roads are costing the nation each year more than it would cost to build good highways. Stopping the economic waste resulting from the operation of billions of dollars worth of practically 100 per cent efficient motor vehicles over roadbeds that now cause an automobile deterioration of 40 per cent will mean a big saving to America.

Use of money owed the United States by France for war materials purchased the armistice, which material was previously allocated to the United States in this country, will be urged for use in building highways. Some \$17,000,000 would be available if congress gives an OK to this plan.

The unmistakable flavor of Hills Bros Coffee is due to Controlled Roasting

A few pounds at a time—that's the way Hills Bros. roast coffee—always under perfect control at every step. You follow a similar rule when you make gravy. You add the liquid a little at a time as you stir, and as a result of this precaution you get a smooth, pleasing consistency.

This exact process of Controlled Roasting belongs to Hills Bros. exclusively. No other roasting process can approach it in flavor-producing efficiency. And, since Hills Bros. Coffee is packed in vacuum, all of this wonderful goodness comes to you. Ask for Hills Bros. by name and look for the Arab on the can. Send for a free copy of "The Art of Entertaining." Address Hills Bros., 2525 Southwest Boulevard, Kansas City, Mo.

HILLS BROS COFFEE

Fresh from the original vacuum pack. Easily opened with a key.

THE MAN OF A THOUSAND FACES
LON CHANEY

The fortunes of revolution throw Sergi, a poor Russian peasant, into a new world of hate, tempered only by the softening influence of the girl who brings a redeeming beauty into his life.

with **RICARDO CORTEZ**

A powerful story of contrasts—swirling drama and sacrificial redemption—a role that Chaney just glories in!

PIES! PIES! PIES!

There will be a pie sale at the store of W. R. Purser & Sons, on Main street Saturday, Oct. 8. The Younger Ladies Missionary Society of the First Methodist Church will conduct this sale and they wish to invite all their friends and the general public to come and buy a pie from them.

W. E. Carnrike arrived Monday night from Pleaston, Texas, to spend his vacation with homefolks. Mr. Carnrike is foreman in the railway shops at that point.

C. S. SHOULD CONSTRUCT TRANSCONTINENTAL ROADS

My recent experience in traveling transcontinental automobile trails impels me to offer the suggestion that we change a once popular national slogan and make it read "Millions for good roads, but not one cent for sunshine trails."

In offering this suggestion I class as "sunshine trails" the thousands of miles of highways that one can travel in periods of sunshine, when the County Commissioners don't have them torn up, but which are always impassable, or nearly so, when the weather is wet. Old Uncle Samuel has sunk millions and possibly billions into the muck and mire, but right now, in the second quarter of the twentieth century, he has not one single real all-weather road across his domain from east to west. And the roads north and south are no better. Poor old Samuel learned some years ago that fiat money is not real money, but he has yet to learn that sinking a lot of good dollars into mud and posting a few signs does not make a real road. He is not finishing his roads, and when really needed most of them are worse than the old prairie roads and cow trails.

If I had my way Uncle Sam would contribute very generously toward the building of real paved roads, but waste not a single dollar on elongated mud holes. Finish it as it should be or leave it alone until it can be properly finished.

The Constitution gave Uncle Sam the right to build roads, but he has made mighty little use of this right. We are certainly living in a dark and dismal age, with no all-weather roads across the country and not even real roads connecting the principal cities. One can never start out on an extended trip by automobile with any assurance of getting through without trouble with mud. I think Uncle Sam ought to build three first-class wide paved roads from east coast to west and same number north and south across the Nation, at his own expense, right now. Then we can begin to talk about having good roads some day.—Henry Young in The Dallas News.

MIKE CLARK IN TROUBLE

deer mr. county agent:

please come down to my farm at once with a spy glass and some calicum of resenate or rough on rats, or somethin or nother.

there is some kind of little bug a eating up my cotton. he has a bill like a hird and a tall like a cat and legs lik ea spider and a stummick like a dirt gobber, and he sets on l stalk and squirts a stream of somethin that looks like brows mule tobacker juice acrost to all the other cotton in spitting distance and it dies befoar annything can be done for it. it looks like a cross betwixt the hopper and the boll weevil and the red spider and the army worm an da tape worm.

rte or foam when to look for you as i don't want to be in town while you at my house, yores trulle, mike Clark, rfd.

—Gee McGee, in The Progressive Farmer.

F. M. Purser returned Monday night from Abilene where he had been summoned to serve as a juror in Federal court. He was able to convince the judge that he had work which had to be completed and was excused.

Drilling Report Pecos and Loving

Announcement was made Thursday evening of a new location for Loving County, made by the Lockhart Bros., the Rio Grande Oil Company, and located in section 85, block 33, H. & T. C. survey, Loving 4290 feet from the east line, and 560 feet from the south line.

The World Oil Company's Duff No. 1 in Reeves County is still shut down waiting for casing to run to the bottom of the hole, now at the top of the black lime. Total depth is 4,190 feet, and the pipe is down to 3600 feet. The operators are planning to run additional casing to the bottom of the hole and then drill into the Delaware which is below this lime.

The Exploration well has received their casing, and will run it to the bottom, which is 325 feet, and begin drilling again. This location is about ten miles northwest of Pecos.

The Humble Oil and Refining Co. Flores-Kingston in Jeff Davis County has set their string of twelve and a half inch casing to the bottom at 1050 feet, will start drilling again.

The Earl W. Brooks well, Eddins No. 1 in the southeastern part of Reeves is drilling below 1440 feet in gypsum. They are now hunting for a place to seat a string of casing, having struck a flow of water above this depth. They recently set a string at 1300.

The King-Wood well in Loving County near the Winkler line, is now plugging their test after drilling to 5,360 feet without getting a real good show. This test was near the Skelly Leeman No. 1, being a few miles northwest. The Skelly went below 5000 before plugging.

With the new location made in Loving County, and the steady increase in Winkler County, the prospects for the local territory are still excellent for continued development. The drop in crude had practically stopped wildcatting all over the country, and yet this area is still progressing.—Pecos Enterprise

JOHNSON GUEST AT SHOWER

Guest at Mrs. Monroe's recent bride, Mrs. Robb, most delightfully entertained a miscellaneous shower at her home in the apartments on Main street. The affair was a surprise to the guests who had ascertained her arrival. Shortly before her arrival, the hostess had the door bell admitted into the room. The permission to show goods to the ladies presented to take from his gift wrapped packages, and passed to the honor unwrapped them, and each one contained some useful article to be used in the home. After the empty bags a shower of candy concealed in an umbrella given the bride. After the shower the hostess was admired by the guests; the hostess passed the shells and asked each for her favorite recipe for pink and white color employed in the party brought to a pretty little refreshment, plate cream topped with food cake and mints in a dainty manner. were pink rosebud with mints. Those engaged in the affair with happy honor affair with honoree were: Mesdames Queen, Hilo Hatch, Manly Cook, Ebner Baltimore, W. B. and Misses Vanilla True, Esie Devall, Lucille Wood, Helen Hayden, and others who were attended the shower re-honoree by sending

BALLOWEEN MOTIF

at the club party. The inspiration to the hostess a delightful party afternoon when Mrs. entertained the members of the 1927 Bridge club and home on South Main street. The club meets on alternate at the homes of the members. Games of bridge, and players contested at the afternoon and afternoon of play, when counted, high score among the club members. Mrs. Battle and Mrs. made visitor's high delicious refreshments children salad, potato butter, thing, whipped cream and were served in a at the tea hour. Not a Halloween theme ex-latter and menu, but of Halloween de- with nuts were plate of the afternoon were: E. Wolf, Hobb Everrett, Chas. Dublin, Wm. Currie, Monroe Johnson, E. B. Fahrenkamp, and Mrs. Jena Jordan of Dallas.

GIVEN AT HOUSE FRIDAY

at the Parish. The street Friday members of the Episcopal church with their regular with Mrs. A. M. a delightful social at which time games were played. The hostess served the affair were: Mrs. Phillips, Victor Sherman, W. E. J. Cramer, and Homer

PLANS FOR FLOWER SHOW

Discussed at meeting. Plans for the Big Fall Flower Show to be held sometime in November were discussed at the regular meeting of the City Federation held in the rest room at the courthouse Tuesday afternoon. The members of the committee in charge of the plans and arrangements for the Flower Show are: Mrs. J. M. Morgan, Mrs. F. F. Gary and Mrs. K. S. Beckett. The definite date for the show has not been set but will be announced later. Flower growers are urged now to become interested in the show and to save their best flowers and pot plants for display. Mrs. J. I. McDowell was elected delegate to the meeting of Federated Women's Clubs to be held at El Paso November 6. Mrs. C. W. Cunningham was elected alternate. The chairman of the civic committee, Mrs. L. L. Freeman, reported that the City Federation had shared its expenses in the recent clean up campaign conducted in our city and had paid for their part for hauling away the trash cans. A report from the librarian, Mrs. R. C. Hatch, showed that two new shipments of books had been received for the City Federation Library within the last few months and that many good books had been placed on the shelves and are at the disposal of the reading public at any time. Plans for advertising the State Park or Big Spring Mountain, were also discussed and a committee, Mrs. G. L. Brown and Mrs. K. S. Beckett, was appointed to take this matter up with the officials of the Chamber of Commerce to ask them to work on the Scenic drive and have the road up on the mountain put in first class condition. Several other important business matters were discussed.

BLOUNT-OWEN

Joe Blount and Miss Lois Owen were married at San Angelo, Texas, April 24, but the family and friends were not told of their wedding until Saturday morning, October 1. They left Saturday for Wichita Falls where they will make their home. The bride is the lovely daughter of Mr. and Mrs. George Owen. She attended the Big Spring schools, graduating with the class of 1924. She has been employed at Ellington & Hardy Dentist office the past two years. She has been the efficient secretary and treasurer of the Sunday school at the First Christian Church the past year, and was re-elected to that office September 25. The groom is with the Texas Electric Service Company and after his work at Big Spring was completed, was sent to Odessa. He was called to Wichita Falls last week. Congratulations and best wishes are extended the happy couple by their many friends.

A. C. ROBERTSON AND MISS JEWELL IRION OF BAIRD WED

Miss Jewell Irion of Baird and Alton C. Robertson of Coahoma, were quietly married Sunday afternoon at the First Methodist parsonage in Abilene, Texas, by the Rev. J. O. Haynes, pastor of the church. Mr. Robertson is the son of Mrs. Ruby Robertson of Stanton, owner of the Stanton Reporter. He is editor of the Coahoma Citizen and is said to be the youngest editor in the state. Mrs. Robertson is a daughter of Mr. and Mrs. Eugene Irion of Baird and is an accomplished young lady. The young couple will make their home in Coahoma. Friends of the contracting parties extend sincerest congratulations and best wishes.

CENTRAL WARD P. T. A. TO HOLD SOCIAL MEETING

A social meeting will be held at the Central Ward school next Thursday afternoon, Oct. 13, the regular meeting day of the Central Ward Parent-Teacher association. All parents of the school are especially invited and urged to attend this social hour to meet the teachers and other members of the P. T. A.

HOME GARDEN CLUB NOTES

After a long vacation the members of the Home Garden Club are reviving—and are making big plans for the fall flower show to be held in the early part of November. Everyone is asked to take care of the flowers that they have growing as well as the pot plants so they can be entered in the show. We want to make this year's show even bigger and better than our last year's which was a pronounced success. Just at this time it is well for the flower growers to plant their bulbs and to set out perennials. If you are planning to grow any now is the time to set them out. A meeting of the Home Garden Club will be held Wednesday afternoon, Oct. 12 at the rest room in the courthouse and all of the members of the club are urged to attend. All new members and friends are invited to come and join. This organization is for every flower grower in Big Spring and Howard County. Just because you live out from town does not disqualify you. The women who live in the country sent in beautiful exhibits last year and some of their flowers won prizes. So enter what you have. A good attendance is expected at this meeting. Plan to enter flowers in the Flower Show now!

T. R. LONG OF GARDEN CITY HONORED ON 77th BIRTHDAY

T. R. Long of Garden City was the honor guest at an all day celebration on last Saturday, Oct. 1, this date being his seventy-seventh birthday anniversary. His children and other intimate relatives gathered at his old home in Glascock County, where they enjoyed a chicken barbecue with all its trimmings and spent an enjoyable day at their old home. Those enjoying this birthday party were: Mr. and Mrs. T. R. Long, Mrs. W. B. Currie, Mrs. B. P. Lovelace and family, W. J. Cox and family, and Mr. and Mrs. J. H. Long.

I-DEAL BRIDGE CLUB

Around tables of dainty appointment the members of the I-Deal Bridge Club found places and enjoyed several pleasant hours in bridge play on Tuesday afternoon, while guests in the home of Mrs. Steve Ford in College Heights addition. Mrs. Marion Edwards was successful in making high score among the club members and Mrs. Bernard Fisher made victor's high score. At tea time, delectable refreshments in two courses consisting of chicken salad, matinee biscuits, olives, potato chips, coffee, marshmallow pudding and cake were served by the hostess.

HAYES STRIFLING JR. HAS PARTY ON FIRST ANNIVERSARY

Master Hayes Strifling Jr. was the honoree at a happily planned party on Thursday, Sept. 22, this being the date of his first birthday anniversary. Seven little friends and their mothers were invited to the Strifling home where they had a gay time exchanging childish prattle and playing. The big birthday cake, holding a lighted candle interested the little tots at the refreshment hour. Miss Emma Ruth Strifling, young aunt of the honoree, was asked to blow out the candle and make the wish. The cake was cut and served with other dainty refreshments.

I. K. K. A. H. INITIATE SIX NEW MEMBERS

The "old members" of the I. K. K. A. H. high school girls organization, initiated six new members into the order on Wednesday evening, and after the severe tests the initiates were given full membership. The new members are: Misses Mamie Hair, Virginia Whitney, Imogene Price, Elizabeth Northington, Lola Belle Stewart and Dorothy Oxsheer. Other members of the organization and the ones to initiate the new girls were: Misses Lucille True, Winona Taylor, Julia Ross-Nowell, Maywood Rix and Irma Lee Gary.

BUSINESS MEETING OF CENTRAL WARD P.T.A.

A business meeting of the officers of the Central Ward Parent-Teacher Association was held at the Central Ward school Monday afternoon with the officers of the association in attendance. Several important matters came up for discussion at this time and several were voted on and passed. It was decided that the P. T. A. would contribute each year to the Sul-Ross scholarship; also contribute to the P. T. A. Endowment fund. The P. T. A. officers voted to furnish song books for the school so that sing-songs could be held at regular intervals throughout the year. The members also voted to hold a social meeting at the next regular meeting of the Central Ward P. T. A. which will be held on Thursday afternoon, October 13.

ENTRE NOUS BRIDGE CLUB GUESTS OF MRS. OXSHEER

Mrs. J. D. Oxsheer was hostess to the members of the Entre Nous Bridge Club on last Friday afternoon, entertaining at her attractive home in Fairview Heights. Two tables of players contested in the interesting bridge games for high score of the afternoon and to Mrs. T. A. Ashley went this honor. A dainty one course luncheon was a pleasant aftermath to the play.

MISS ELZIE JEANETTE BARNETT CHOSEN PRETTIEST BRUNETTE

Miss Elzie Jeanette Barnett, daughter of Dr. and Mrs. W. C. Barnett of this city, who is a sophomore at Texas Woman's College, Fort Worth, was chosen the prettiest brunette from her dormitory in a recent contest and was a "Spirit" in the parade held in honor of Col. Chas. A. Lindbergh. The prettiest blonde and brunette from each dormitory at T. W. C. were selected and were representatives of their college in the parade. Miss Barnett was the prettiest brunette from Ann Wagoner Hall. They were furnished with elaborately decorated cars for the parade and were given a good position so that they could see Lindbergh "light" in Fort Worth. It was a thrilling experience according to Miss Barnett.

MRS. O. L. THOMAS ENTERTAINS WITH SILVER TEA

The apartment of Mrs. O. L. Thomas on Main street was open to members of St. Mary's Auxiliary of the Episcopal Church on Monday afternoon, Mrs. Thomas entertaining with a silver tea. Following a pleasing social hour, tea and wafers were served to: Mesdames John Clarke, Shine Phillips, P. H. Steadman, Victor Martin, Joe Hayes, R. V. Middleton, E. J. Cramer, O. L. Thomas, P. F. Scheig, W. C. Powel, E. N. Lowerre, B. O. Jones, Ralph Sherman and A. M. Ripps.

MOTHERS CLUB WILL MEET IN J. M. FISHER HOME

The initial fall meeting of the Mothers Club will be held at the home of Mrs. J. M. Fisher on Scurry street Saturday afternoon at three o'clock. All of the members of the club are urged to attend the meeting.

SCOTT-CONWAY

Herman Scott of Big Spring and Miss Pearl Conway of Sweetwater were married Saturday afternoon at 2:00 o'clock in the First Baptist parsonage with Rev. Chas. T. Whaley officiating. Sweetwater Reporter.

THE SLIPPER SHOP HAD DISPLAY OF LADIES SHOES

S. Waldman, special representative of the Slipper Shop of Fort Worth had on display in a space at the Miller Bros. Tailor Shop, opposite the postoffice, a line of ladies shoes Monday and Tuesday of this week. Quite a few ladies in Big Spring inspected this line of shoes and slippers on display.

CLIFTON HENDRICKS CELEBRATES TWELFTH BIRTHDAY

Clifton Hendricks, son of Mr. and Mrs. A. E. Hendricks, was host to a group of friends on last Thursday afternoon between the hours of four and six o'clock this happily planned affair being given in honor of his twelfth birthday anniversary. During the play hour the boys and girls enjoyed a series of games in and out of doors. At refreshment time the happy group was invited into the dining room. Here a pretty birthday cake, topped with twelve yellow candles centered the table. Clifton was asked to blow out the candles and all made good wishes for many more happy birthdays for Clifton. Those enjoying this happy affair were: Jamie Lee Meadows, Genevieve Jacks, Ruth Bugg, Opal Mosley, John Iverson, Clyde Wood, W. T. Boatler, J. R. Moore, R. J. Hendricks, Clyde Lee and Maurine Nations of Stanton.

"GET ACQUAINTED WEEK" WILL BE OBSERVED AT OUR SCHOOLS

In observance of "Get Acquainted Week" the city schools of Big Spring will be open to visitors throughout next week, beginning Monday, Oct. 10, thru Friday afternoon, Oct. 14. At a meeting of the representatives from the five P. T. Associations it was decided to set aside this week for Get Acquainted Week and invite patrons of the schools to make a visit and inspect the work being done as well as to meet the teachers of their children. Parents and friends are extended a cordial invitation to visit the various schools any morning or afternoon next week. The teachers and children are expecting many callers and will be disappointed if parents are disinterested in them and fail to come. Everyone is extended a cordial welcome.

ALL DAY SESSION TO BE HELD AT COAHOMA TUESDAY

An all day session of District Conference No. 2 of the El Paso Presbyterial will be held at Coahoma next Tuesday, Oct. 11. Miss Nellie RJordan of Colorado is chairman of this district which includes the auxiliaries of Colorado, Coahoma, Big Spring and Midland. A fine program has been arranged and a number of the ladies from the Big Spring auxiliary will attend the meeting in Coahoma Tuesday.

MARRIAGE LICENSES

A. C. Robertson, Coahoma, Miss Jewel Irion, Baird, Oct. 1. John F. Hornback, Midland, and Miss Pauline Robinson, San Angelo, Oct. 1. Clarence E. McConnell and Miss Ida Harrison, Oct. 1. George H. Sanders and Miss Doris Clyde Deere, Oct. 3.

ST. MARY'S AUXILIARY WILL MEET MONDAY AFTERNOON

The regular meeting of the St. Mary's Auxiliary of the Episcopal Church will meet at 3:30 o'clock Monday afternoon with Mrs. Ralph Sherman.

RECEPTION AT PARISH HOUSE

The Episcopal congregation is entertaining with a reception at the Parish House on Runnels street tonight (Friday), Oct. 7, at eight o'clock. All members are invited and urged to attend.

ICE CREAM SUPPER AT PANTHER DRAW NETS ABOUT \$80

The ice cream supper and popularity contest held at the Panther Draw school last Saturday night netted \$78.00, this money to be used to buy playground equipment for the school. Following the ice cream supper votes were taken on the most popular girl and most popular boy present. Miss Lucille Rankin was winner among the girls, and Ryeben Overton among the boys. This contest brought a nice sum of money. Miss Irene Williams and Miss Crow are teachers at Panther Draw school.

PRESBYTERIAN AUX. NOTES

The annual rally day of the Presbyterian Auxiliary will be held on Monday afternoon, Oct. 10 at 3 o'clock at the home of Mrs. C. W. Cunningham on Scurry street. The following program will be given: Devotional—Mrs. Ida Mann. Prayer—Mrs. H. W. Caylor. Woman's Auxiliary—Mrs. J. I. McDowell. The Synodical—Mrs. Leallo Dabne. The Presbyterial—Mrs. T. S. Currie. Vocal Solo—Mrs. L. S. McDowell. Christian Education and Ministerial Relief—Mrs. W. F. Cushing. Young People's Work and Sunday School Extension—Mrs. T. F. Higgins. Vocal Solo—Miss Zou Hardy. Free Will Offering. Social Hour. The offering at this time will be used to raise the Auxiliary budget for young people's work and Sunday school extension, Christian education, and ministerial relief. We extend a cordial invitation to all of the ladies to be present, as we plan and are endeavoring to have one hundred per cent of the ladies of our church present.

BOX SUPPER AT CHALK SCHOOL FRIDAY NIGHT

The box supper held at the Chalk school last Friday evening provided not only a pleasurable evening for all who participated but also proved profitable for the school as the final count showed that \$135.18 had been cleared. In the contests which were held after the sale of boxes Misses Geneva Randolph and Avo Lee Barnett tied for the title of prettiest girl, while Mr. Gallemore was awarded the prize as the ugliest man present. The benefit received will be spent for playground equipment for the school. The teachers Misses Helen Creath and Katie Mae Miller and the trustees Messrs C. T. Sharp, Bill Mote and Otis Chalk wish to thank those whose kindly cooperation caused our box supper to be a success.

NEW BUSINESS BUILDING NEARING COMPLETION

The new Collins building on the corner of East Second and Runnels street is nearing completion and the contractors plan to turn it over to the owner, Dr. T. M. Collins the latter part of this week. This new building composed of four business spaces will house Collins Bros. drug store, Big Spring Battery Co., The Pastime Club and a hardware store. The Big Spring Battery and Body Company opened for business several days ago and have installed the latest instruments required to give the battery a scientific test, the kind used in all modern shops. The owners of this shop have had 12 years of experience in this work and also specialize in repairing wrecked and damaged bodies of cars. The Collins Bros. Drug Company will probably open and be ready for business by the latter part of next week. The new fixtures for their drug store have arrived and are being installed and as soon as the interior work on the building is completed the stock will be arranged for the opening. The office of Dr. T. M. Collins will also occupy a space in the drug store. The Pastime Club, to be opened and operated by C. J. Schulz, will occupy the first space in the Collins building, adjoining the W.O.W. building. Mr. Schulz is planning to open his club sometime next week. Domino tables will be arranged in the front building and a bath room with four shower baths will be in the back part of the building. The hardware store will open for business sometime the latter part of the month.

Mr. and Mrs. J. T. Bell of McCaney were visitors in Big Spring Thursday.

Mrs. D. H. Clingan and daughter Miss Lois, have returned from a several weeks visit with relatives and friends in California.

The Big Spring Herald

BY T. E. JORDAN

\$2.50 A YEAR OUTSIDE COUNTY
\$1.00 A YEAR IN COUNTY

Entered as second class matter at the Postoffice, Big Spring, Texas, under Act of Congress, May 3, 1897.

Big Spring, Friday, Oct. 7, 1927

NOTICE TO THE PUBLIC: Any erroneous reflection up the character, standing or reputation of any person, firm, or corporation, which may appear in the columns of this paper, will be gladly corrected upon its being brought to attention of the editor.

Sunshine means health. And many communities have been able to attract wealth by capitalizing this fact.

If you have a good word for your home town don't fail to pass it along. If homefolks fall or refuse to boost for their town they cannot expect others to do so.

An active dollar can pay many debts. Pay the man you owe so he can pay someone he owes; and keep the dollar going round the circle. Encourage prosperity by putting money in circulation.

It takes vision to build a city. Take Wichita Falls as an example. Other cities were nearer the producing oil wells but far seeing citizens of Wichita Falls had the nerve to bet on their city.

Cotton pickers are beginning to appear in this section and there is a demand for them. Cotton is beginning to open at a rapid rate and growers are anxious to have it picked before bad weather sets in.

The American youth has three heroes to pattern after—Colonel Lindbergh, Babe Ruth and Gene Tunney. Obedience, physical fitness and clean living are the essentials if any boy climbs to the heights these fellows have attained.

When a people become too conservative the progress of their home town is effectually blocked. There is no lead pipe cinch in any line, and a citizenship which is afraid to take a chance is not going to stand much of an opportunity to be among the leaders.

The folks with limited means are the real progressives in Big Spring. If some of our wealthier citizens could be persuaded to put some of their money into building enterprises we could expect investors from other points to picture a brighter future for our city.

What agriculture needs at the hands of its friends is not advice as to how to grow bigger crops, but rather how to find a market and fair price for what is now being produced. Cooperative marketing is one of the biggest steps towards that end.

Yep! We heard some of them make the remark: "I could have brought in finer feed and cotton than was on display at the County Fair." It would have been mighty easy to have picked up a few dollars in prizes if such was the case. They had better bring in their good looking products next year.

Crime prevention rather than punishment for crime is the need of the hour. According to U. S. census records the population of the prisons is increasing at an alarming rate. Lax law enforcement and technicalities encourage crime as criminals figure they have more than an even chance of evading arrest or conviction. Quick and sure trial and punishment for crime must be put in force.

Commerce. 494p3.

A number of Uncle Sam's fighting men were visitors in Big Spring Monday. They were returning from the big maneuvers at Marfa to their regular station at Fort Sill. Repair parts for two of the big motor trucks were picked up at this point. They had been shipped here via rail.

Big Spring "piddles along" in matters which should be handled in a business like manner. There is not a single reason why there should be such a long delay in handling the proposition of building a viaduct across the railway tracks. Are we to wait until some of our citizens are killed before any move is made to secure relief.

Instead of putting up some money to secure office buildings, apartments and other things which would aid the growth and welfare of our city, some of our leading citizens console themselves with the fact that maybe some of the other West Texas cities are overbuilding and are going to suffer a terrible slump. They won't as long as a live bunch of citizens are on the job.

A cotton thief is a mighty sorry animal, yet we have them in Howard County. Citizens of each community should band together to catch a few of these skunks. When a fellow is too lazy to work, but prefers to use the cover of night to rob honest men of their hard earned products, he needs to be put behind prison bars.

The larger cities have it on the smaller places in the line of entertainment. Folks, and tourists especially, like to have some entertainment when they are visiting in a community. A community guest house would prove a wonderful attraction and be appreciated. If you were a stranger in Big Spring could you manage to find something to occupy your time?

TELL IT TO THE FOLKS
People are queer. Most any business man who expects to get big results from spasmodic advertising is just fooling himself. You must ad-

vertise continuously—just as the big successful firms do—as is noted in their national advertising.

Do you know there are thousands of folks who do not have the least idea of the number of lines you carry, or the prices you offer. That's why the big mail order houses get so much business. They describe every article they carry in a pleasing way—and they print every price in bold, black type.

Just to tell folks in your advertisement that you carry staple or fancy groceries; or that you have dry goods, clothing, shoes, etc.—is alright if yours is the only store within a radius of 100 miles. If you have competition it will pay to tell folks about some particular line—and most important of all—let them know at what price you sell each article.

Business is transacted in a hurry these days—people do not waste time haggling about prices—they go to the place which has good goods which can be sold at attractive prices.

Until the citizens of a community demonstrate that they have faith in their community they must not expect investors from other places to invest their money in the place. Let there be not a shadow of a doubt that the homefolks have utmost faith in the future of Big Spring.

NO DIFFERENCE

"They say brunettes have a sweeter disposition than blondes."
"Well, my wife's been both and I can't notice any difference."—Ex.

ARE YOU READY?

To have your winter stoves polished and put up? We are just the ones who can do this work most

SATISFACTORILY.

An extra effort should be put forth to have some reputable corporation pipe gas to Big Spring for domestic and industrial use. Economical fuel is a big inducement for homebuilders and industries and the city which can furnish plenty of pure water and cheap fuel has a big advantage over her rivals.

ANOTHER CARLOAD OF PONTIACS RECEIVED

The Gray and Wentz Motor Company received a carload of Pontiac automobiles on Thursday of last week. There were four different models of this classy six cylinder car, two coupes and two sedans.

Morning Joy Coffee
to be proud of....
anywhere—any time—

Nothing contributes so much to the success of a meal as the quality of the coffee served. That

is why thousands of housewives choose Morning Joy Coffee. This famous blend from New Orleans—the home of good things to eat—is specially prepared in one of America's finest coffee roasting plants, located in one of the world's greatest coffee markets.

Morning Joy Coffee has everything that good coffee should have—absolute purity—delightful aroma—satisfying flavor—full strength. A marvelous blend perfectly preserved in a modern, airtight, vacuum can. A cup of Morning Joy Coffee, first thing in the morning, adds joy to the day; a cup after dinner mellows the whole meal, and helps digestion. A drink of steaming hot coffee out of your vacuum bottle will take the chill off on long rides, fishing trips or outings. Anytime—anywhere—Morning Joy Coffee satisfies.

When friends get together, the delightful fragrance and flavor of Morning Joy Coffee is remembered with pleasure and is spoken of afterwards.

**ONE DOZEN FLOWERS
TO PLANT THIS FALL**

"Please give me a list of perennial flowers that should be planted this fall. I want the ones that are the easiest cared for and that will give a variety of flowers throughout the season."

There is a great variety of perennials that would fill the bill. We suggest the following dozen as being highly desirable for this purpose:

If sowed in late summer or early fall the perennial aster will produce flowers the following season. It produces a very beautiful daisy-like flower.

The candytuft is low growing, usually from 10 to 12 inches in height. It is very effective for massing against borders of higher flowers or shrubbery.

Because the flowers keep so long and because the plant blooms so freely, the Shasta daisy is one of the most desirable of the perennial flowers. When put in good ground and properly cared for it will produce blooms 3 to 4 inches in diameter.

Probably no perennial flower is better for bedding purposes than the dianthus or pink. The blooms serve well for cut flowers. In the upper sections of the South slight protection will be needed to carry the plants through the winter.

The digitalis or foxglove grows about two feet high, has very ornamental leaves, and a great mass of gorgeous blooms.

The little forget-me-not is one of the standbys of the perennials. It will bloom the following season if sowed in late summer or early fall. It only grows about seven or eight inches high and is very effective when planted in masses.

The heliotrope grows about two feet in height and produces a great mass of blooms. Sow seed early in order to get blooms the following season.

Probably the kind of all the perennials for the South is the hollyhock. This flower is not appreciated, we believe, as much as its merits justify and would urge everyone thinking of planting any flowers in the fall to not fail to put in some of them. They bloom practically the year round and, as is well known, produce great masses of large, beautiful flowers. The seed should be sowed in August, although they may be sowed as late as September in the Middle and Lower South, and may be sowed in early spring, but late summer or early fall sowing is best.

Another fine little flowering plant used for bedding purposes or planting among rockeries or other out-of-the-way spots is the lobelia. It blooms over a long season and is a quite desirable little flower.

For borders or permanent beds the perennial larkspur is one of the very best flowers. It is better fitted for beds and borders than anywhere else.

The perennial poppy should not be overlooked. It produces very gorgeous flowers, comparing with tulips in this respect.

The Sweet William is an old standby and should by all means be included in the list. It usually grows from 15 to 20 inches in height and produces flowers of various colors and blooms a long while. By sowing in the fall, blooms may be had the following season.—The Progressive Farmer.

CELEBRATE BIRTHDAY

The Big Spring Herald, T. E. Jordan, editor, celebrated their twenty-fourth birthday last week. The Herald is one of the very best publications in all West Texas, and the Times-Signal wishes them many, many happy and successful years of constructive service.—The Scurry County Times-Signal, (Snyder)

T. W. Branon was in from his farm in the Luther community last Friday.

SICILY, PEEVISH CHILDREN

Children suffering from intestinal worms are cross, restless and unhealthy. There are other symptoms, however. If the child is pale, has dark rings under the eyes, bad breath and takes no interest in play, it is almost a certainty that worms are eating away its vitality. The surest remedy for worms is White's Cream Vermifuge. It is positive destruction to the worms but harmless to the child. Price 35c. Sold by

**WHIPPED THE WEEVIL
BY CULTIVATION**

J. A. Moore, farmer near Grand Prairie, Texas, and incidentally, superintendent of the agricultural exhibits at the State Fair of Texas, recently remarked that he would make close to one half a bale of cotton per acre this year. When asked about the boll weevils he replied:

"I have had them, but they did not do much damage."

"Did you poison?"

"No, I just kept them worried by constant cultivation. I cultivated my cotton until picking time was almost at hand. I just kept shaking those cotton plants until I guess the weevils got tired of it and they let me alone. I believe constant cultivation not only helps keep the weevils down, but keeps the cotton thrifty."—Farm and Ranch.

A number of Howard County farmers have had a similar experience with boll worms. They contend this method is far better than to attempt to control the cotton pests by poisoning.

LAW IS LAW

You can't violate the law to enforce it.

And bootlegging is no proper business for your Uncle Sam.

So, in effect, says the U. S. comptroller general. He has just refused to O. K. the expense account of a federal agent who had different notions on the subject. The ruling will cost the agent pretty close to \$5000.

A Bruce Bielaski had a bright idea. As a star, under-cover man in the prohibition service, he wanted to trap some big bootleggers. So he opened up a speakeasy, in New York City. He proposed to buy his supplies from bootleg wholesalers and catch 'em cold. The fact that operating a speakeasy, selling liquor to the public, was quite illegal, did not bother him.

Nor did the uproar that followed discovery of his plant seem to bother him. But the comptroller's decision will.

Establishing and operating the Bridge Whist Club, as he called his little blind pig, cost \$7265.50. Receipts, including the eventual sale of the club itself, were \$2290.56. The net deficit was \$4973.94.

That \$4973.94 says the comptroller, Bielaski will have to pay out of his own pocket.

Hard of Bielaski, but with his experience he can take up bootlegging on his own, and not as a representative of the government, and get the money back in a short time.—Exchange.

**BAD ROADS LOSE SAN SABA
\$30,000.00 LAST YEAR**

The bad roads between San Saba and Chapel and Cherokee sent turkeys to the estimated value of \$30,000.00 to other towns during the fall of 1926. This is the estimate of an authority who is close to the poultry products in this trade territory. This amount of turkeys would have kept the force of 100 to 150 pickers and dressers busy in San Saba for several days longer. It would have also meant \$30,000 deposited in the banks of San Saba. It would have also emphasized the shipping record of San Saba by several more cars of dressed turkeys. It would have meant probably \$30,000 business for the merchants of San Saba.—San Saba Star.

SNAKE UP IN NAVY NEEDED

Rear Admiral T. P. Magruder in an article in the Saturday evening Post told a few things which are wrong with the U. S. Navy and of course he is going to be punished for telling the truth.

From one of the greatest navies on the sea from 1916 to 1920 our sea forces have deteriorated into a second rate force. There are too few able bodied enlisted men and too many commissioned officers. There is too much red tape and too much political jockeying. There is too much extravagance.

When a government is operated by bureaus you can expect an excessive amount of red tape and the Navy is the pink limit on this line.

A change of administration would be worth everything to the Navy, and that's about the only way to clean house.

CITATION BY PUBLICATION

THE STATE OF TEXAS

To the Sheriff or any Constable of Glasscock County—Greeting:
You are hereby commanded to summon E. R. Stewart, by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the District Court of Glasscock County, Texas, to be holden at the courthouse thereof in Garden City, Texas, on the First Monday in November, 1927, in a suit, numbered on the docket of said court No. 379, wherein D. W. Brunson, and Glenn S. Brunson are Plaintiffs, and L. B. Pruitt and E. R. Stewart are Defendants, said petition alleging:

That on May 15, 1926, plaintiffs owned the following land, to-wit:
Sections 26, 34, 36, 2, 14, 22, 12, 24, 1, 38, 11, 13, 23, all in Block 36, Township 2 South;

Sections 23, 27, 2, 4, 10, 16, 17, 20, 21, 26, all in Block 36, Township 2 South;

Section 2, Block 36, Township 4 South;

Sections 48, 3, 9, 11, Block 36, Township 2 South;

Sections 6, 7, 10, 30, 19, 42, 8, 5, 15, 35, 32, 34, 38, and the E 1-2 of 5, all in Block 35, Township 3 South;

Said lands situated in Midland and Glasscock Counties, Texas.

That on June 1, 1926, defendants unlawfully dispossessed plaintiffs of said land and still withhold possession thereof to Plaintiffs' damage \$5000.00. Further, that on May 22, 1926, defendants caused to be recorded in Vol. 26, page 621, deed records of Glasscock County, Texas, a written instrument whereon one T. J. Barnes purported to have become the agent of plaintiffs and as such agent to have made a contract with defendants giving defendants the right to sell said lands upon certain terms set out in said instrument to said record of which reference is here made for such terms. That such instrument clouds plaintiffs' title to their damage \$5000.00.

Plaintiffs pray for judgment for the title and possession of said land, for cancellation of said recorded instrument, for general and special relief.

Herein fail not, but have you before said court on said first day of the next term thereof, this writ with your return thereon, showing how you have executed the same.

Witness Joe C. Calverley, Clerk of the District Court of Glasscock County, Texas.

Given under my hand and the seal of said Court, in the town of Garden City, this the 30th day of September A. D. 1927.

JOE C. CALVERLEY
Clerk of the District Court of Glasscock County, Texas.

Issued this the 20 day of September, A. D. 1927.

JOE C. CALVERLEY, 2-4
Clerk of the District Court of Glasscock County, Texas. (S)

THE PIED PIPER HERE TODAY

All of the kiddies in Big Spring are invited to come to the Albert M. Fisher Co. at 4 o'clock this afternoon (Friday) to be entertained by the Pied Piper. He comes to delight the children of Big Spring and will give them books, horns and hats free. Every child is urged to come and have some fun.

How about your eyes? People come to us for 100 miles around to have glasses fitted. "There's a Reason"—A Better Job for Less Money. Wilke, Optician.

RESOLUTIONS OF RESPECT

Whereas it has been the will of the Heavenly Father to call to that home on high the sister of one of our beloved and esteemed brothers R. L. Campbell, we the members of the I. O. O. F. lodge wish to console him in his sad hour and pray that he may find comfort in the Master.

Be it resolved that a copy of these resolutions be spread on the minutes of our lodge, and that a copy be printed in the Herald. Committee.

Sheriff Frank House left Monday evening on a business trip to Paris.

Luncheon Club Talks Progress

Improving Scenic Drive, Securing a Feed Mill, Paving and Other Civic Activities Discussed

A good attendance marked this week's meeting of the Wednesday Luncheon Club and a number of important matters were discussed and plans proposed for securing the things that will help our town.

The feast on this occasion was especially fine and consequently all were in a rare good humor announced that the business hour had arrived. Before turning the meeting over to Fred Phillips he made two announcements.

He stated a big booster meeting was to be held in the district court room Thursday night at 7:30 o'clock and urged every member to attend this meeting. He also stated the City Federation requested the cooperation of the Luncheon Club in making some improvements at the City Federation State Park just south of Big Spring.

Mr. Phillips in taking over the program for the day stated a committee from the City Federation had asked for a hearing but since the program for the day had been arranged he suggested that they postpone the visit until next Wednesday and the park improvement program would be made the special business of that meeting. A committee consisting of B. Reagan, H. L. Rix and R. L. Price was named to have charge of next week's meeting and confer with City Federation in reference to same.

Mr. Phillips called on City Manager W. V. Montin to read the address he had prepared and delivered before the International City Managers Convention at Dubuque, Iowa. The address entitled, "The Duties and Qualifications of a City Manager," was an excellently prepared address and proved interesting to the membership.

R. T. Piner was called upon to make a comparison of progress on city development since the commission form of government had been adopted but refused to do so since J. F. Wolcott, one of the former aldermen, was sitting right beside him. Mr. Piner stated that the former city officials warned the incoming officers that they had cut the tax rate to the lowest notch \$1.05 per \$100 valuation, had made no provision for the salary of the city manager and the 100 per cent increase in the salary of the commissioners from \$5 to \$10 per month. He stated that they had necessarily been compelled to keep expenses down and had been unable to make a number of improvements which were very much needed. They had been operating under a budget system and so far had been able to keep within the budget until taxes came in. Next year they expected to make many improvements which have not been possible. Incidentally he stated that the street lighting program would be enlarged. He stated the paving bonds had been improved and that the paving program was assured. As to how wide the paving in the residence section was to be or as to just what type of material was to be used he was not in a position to say. These matters would be threshed out in future sessions of the city commission. He stated improvements in the water system were constantly being made, and he felt sure the citizens in the south part of the city would have no cause to complain of a water shortage next summer. He stated Mr. Montin could give them further facts in reference to the improvements of the water system.

Mr. Montin stated that the records showed the water plant to have been producing 600,000 gallons of water daily but was receiving pay for only 20 per cent of this amount or around 200,000 gallons. Leaks in mains and reservoir were repaired and other improvements have made it possible for the city to now cash in on 75 per cent of the water produced. The income from the water works has increased from \$2300 per month to \$5000 per month.

Shine Philips broke out with the question: "When do we eat?" but where are we going to feed the 300 hungry druggists who will hold their convention in Big Spring next March. Shine was told to bring 'em on, they would be taken care of.

Geo. L. Wilke and T. W. Ashley told of the need of a feed mill in Big Spring and urged action on the proposition. C. T. Watson told what he had been doing along the line and stated he had one good prospect and thought he might persuade him to establish a mill here if a good strong committee visited the man

and urged him to come to our city. It was moved that C. T. Watson be named chairman and be empowered to select a committee to pay the mill owner a visit and urge his coming to Big Spring.

SUNDAY SCHOOL ORGANIZED AT OTISCHALK-ROSS CITY

On Sunday morning, Sept. 18, a cooperative Sunday school between Ross City and Otischalk was organized with 40 members enrolled. The following were elected officers and teachers: Mr. McDaniels, president; Mrs. Walter Talent, secretary; Mr. Peterson, adult teacher; Helen Creath, teacher of senior young people; Mrs. McDaniels, teacher of intermediates; Katie Mae Miller, teacher of juniors; Mrs. Prickett, teacher of beginners.

Since the organization 18 new members have been added and the work is progressing nicely.

Next Sunday afternoon Mr. Purser and his singers from Big Spring and the Panther Draw community are to hold a singing at our school house. A cordial invitation is extended to all who will to attend any of our services.

HEAT to every Room in Your Home

Circulation of heated air is necessary to winter comfort and fuel economy. You can eliminate those cold floors and corners and at the same time have the handsomest heating stove ever built if you install a

COLE'S ORIGINAL'S

Hot Blast Heater

The health of your family depends upon properly heated rooms... warm floors. The Air-tight construction and the Hot Blast Combustion insure even temperature in all parts of the rooms at all times. The patented Air-Vac tube burns the gas half of your fuel — the part that other stoves waste. This saves enough in one winter to buy them long desired luxury.

Let us show you yours today!

Air-tight — stays tight — holds fire 36 hours

**WHAT'S DOING
IN
WEST TEXAS**
By
West Texas Chamber Commerce

El Paso — In recognition for the services rendered to the El Paso country, the Border City, numerous towns in its trade territory and a number of New Mexico cities have taken record affiliations with the West Texas Chamber of Commerce. This is the first time that the section has come in with membership support in line with that given in other districts. El Paso's affiliation is approximately 500, ranking her next to Fort Worth in point of numbers. Fabens, Tornillo, Van Horn, and Presidio, Texas, Hot Springs and Las Cruces, New Mexico, and Juarez are the other towns numbered as West Texas Chamber of Commerce members.

Sweetwater — Governor Dan Moody will be the featured speaker at the West Central District convention of the West Texas Chamber of Commerce to be held here some time during the middle of November. Monte E. Owen, Sweetwater secretary, is already at work on plans for the meeting.

Ablene — Fire prevention week is to be observed in Texas from Oct. 9 to 15. The West Texas Chamber of Commerce is calling attention to this observance in line with their aim to show that fire insurance companies should reduce losses and physical fire hazards rather than attempt to raise insurance rates.

Christoval — Christoval will be host to the thirty-fifth annual reunion of the United Confederate Veterans and Sons of Confederate Veterans of Texas October 7. The three day convention meets at San Angelo beginning October 6, but their second day session is to be held in this scenic beauty spot of the West.

Lawn — Conditions are very good around this place for sowing winter grains, and a number of farmers are contemplating planting oats and wheat. Cotton picking is well underway here.

Richland Springs — Engineers and surveyors are at work looking over the right of way for a proposed branch line of the Gulf Colorado and Santa Fe Railway from Richland Springs to Coleman.

Rising Star — Secretary Frank Robertson of the Rising Star Chamber of Commerce has completed collection of the fund subscribed by local business and professional men and firms for the work on the new May-Rising Star road, and settlement has been made for it.

Newcastle — A record crowd greeted the Graham fair boosters who visited this city Oct. 1 in the interest of the annual Young County Fair. Newcastle merchants reported a fine trade day.

Canyon — Canyon is now using natural gas as fuel. Several hundred homes are enjoying the new convenience and others are being piped.

Clarendon — The greatest exhibit of diversified products that Donley County has ever shown will feature the annual free fair to be held here Oct. 14 and 15. One of the most outstanding displays will be that of the Cruse and Reynolds truck farm of Lella Lake.

Bowie November 21 is the date that has been set for 1927 Red River District Convention of the West Texas Chamber of Commerce to be held here. The 1925 convention was successively rained out, being scheduled to meet at Henrietta several different times. A large attendance is expected for this year's meet.

LAW IS ALL RIGHT, BUT...

discipline of law enforcement and reform of courts goes on in the press of the country. N. Robinson, of the National Crime Commission, recently returned from Europe with a report that there is less crime in Europe than in America. He further reports that crime was held in check not so much by the severity of punishment, but by its certainty. Dr. Robinson said: "There is no coddling of prisoners and prison officials are not politicians, and the codes of law procedure have been of an empty technicality. Money and influence are of no account to criminals. Punishment is swift and certain." Commenting upon this report, the Times-Dispatch says: "There is nothing wrong with the laws of the States or of the United States; so far as the detection of persons who have committed crimes which fall within the scope of malum in se is concerned, there is nothing wrong with the laws of the States or of the United States. When the vast expanse of the United States is compared with the densely populated countries in Europe, Dr. Robinson investigated the American police are as keen as the police of any other country. Dr. Robinson has over-estimated, apparently, is the difference in the administration of the laws in the United States and other countries. It isn't the laws in the United States that offenders go unpunished; it is the fault of the police; because of milder penalties than are provided in Great Britain and on the Continent who would go free. As a matter of fact, the criminal laws from which our own are derived are as strict as those derived from any other country. The difference is that the criminals are more laxly administered in the United States than in the civilized countries in the whole system of criminal justice is maintained in our country as to throw every safeguard around the criminal to protect it from the law-abiding citizens. Our Legislatures enact laws; our police execute them; our system of criminal justice, with its sentimentality and its play-acting by the law-abiding citizens and its demurrers and its evasions and its expert evidence and its phrases of excuse and its evasions, casts the offenders as a sensible people as to be, why are we so far behind in the administration of our laws by the law-abiding citizens of the criminal element, or the law-abiding citizen?"

GET THAT HEALTH EXAMINATION AT LEAST ONCE A YEAR

After you have had your farm machinery and your automobile looked over, greased, and tightened up, do not forget that there is another machine on the farm that needs looking over; the human machine. Unless this is in first class order all other machines are worthless. The merchant, if he is up to date, once a year at least goes over his stock and takes an inventory. Every railroad engine, after doing a certain number of miles, is gone over thoroughly before being put on another run. The human machine, as a rule, is never gone over and checked up. It is abused and misused. Any kind of fuel that is most convenient, goes into it, whereas we are very particular about the gas and oil we use in our car. It is true we usually have a lot of money tied up in a car, but the junk man will always give you something for it. When the human machine gives out it is a total loss. A health examination is a precautionary matter. Often certain parts of the human body are not functioning properly. Just a little adjustment as to diet, habits, or exercise will probably relieve the strain, and soon we are in perfect, normal condition again. If you go to your family doctor and he says you are all right and do not need going over, go to some other doctor. How long would you patronize a garage man who told you every time you asked him to go over your car that it was all right and to just forget about it? If you have had your examination and found that you are in perfect condition, your time and money will be well spent. Just to know that you are alright will be worth many times what the examination costs. We can always do our best work when we know we are all right. Dr. Register, in The Progressive Farmer. Fountain pens... Cunningham & Phillips.

PLANT TREES OR SHRUBBERY ON FAMILY BIRTHDAYS

An ideal way to celebrate family birthdays is with a tree planting. Most mothers will say they "don't want anything," but see if they aren't pleased when on the next birthday you give a family party with some dear friends and neighbors thrown in for good measure, and in the afternoon ask all to help in planting a crepe myrtle or magnolia. Mothers don't often ask for things but that isn't saying they won't be pleased if things are given without asking—particularly something with a bit of sentiment attached. And while you are about it, give father a few kind words and a little attention and set out a tree for him. He is left out in the cold too much as it is. And when all is said, bringing up a family of children and working hard for them and spending all one's money on them isn't entirely a bed of roses or unmitigated bliss. So don't grudge the old gentleman his hour of appreciation. I never equald work up much enthusiasm over tombstones. I want what I want when I can enjoy it, and having a big and influential tombstone erected over me isn't at all my idea of a good time. Mrs. Lindsay Patterson, in The Progressive Farmer. Electric irons... The Dover is better... Cunningham & Phillips.

IMPROVING POSTAL FACILITIES

If Uncle Sam won't give us a new Federal building he should provide adequate quarters for our postoffice. There is no doubt that Big Spring is growing steadily, and the present postoffice is not large enough to meet the needs of our city. The arrangement is poor—and when a big crowd is lined up at the general delivery window it is a difficult task for those renting boxes to wade thru the crowd to get to their boxes. A separate window should also be provided for the parcel post department, especially during the fall and until after the holiday season. A committee has been appointed to work with Postmaster J. W. Ward in going after the postmaster general in an effort to secure more help or more room as the citizenship of Big Spring can be assured better service during the busy fall season. Use Herald Want Ads—They Pay Mrs. F. F. Gary and mother Mrs. Largent, Mrs. Chas. K. Bivings and son, Gary, and Mrs. Elizabeth Stomets of Post visited friends at Midland last Friday. NOTICE TO OUR FRIENDS IN THE CITY OF BIG SPRING: In addition to our Realty Business we have added a strong line of Fire Insurance that covers nearly everything, together with automobile, such as fire, theft, collision, etc. We also represent one of the most reliable Bonding Companies in America. IF you can't own a Mansion, ---Own a Cottage!

A modest start is better than no start at all. Many people put off owning a home indefinitely because their ideas are bigger than their pocketbooks. They forget that a small start may be the beginning of a fine ending. A small house often proves a very handy stepping stone to a larger, better home in the future.

If you can afford to pay rent, you can afford to buy a home—and, "Be it ever so humble, there is no place like HOME."

If you can't own a mansion, own the kind of home that you can afford. Let us help you plan a home that will match your present needs and financial status. Phone or visit our office.

SENSATIONAL WRESTLING AT SKATING RINK MONDAY

"They're both a whiz," says Matchmaker Sam Faust, in telling about the two bonebenders matched for a bout at the Clyde Miller Skating rink one mile north of Big Spring Monday night, October 10. Cactus Pete Brown and the Masked Marvel, will go to a finish—the two best falls out of three. Good preliminaries of wrestling and boxing by local boys will precede the main event.

The Masked Marvel is a student of the famous Farmer Burns, the maker of champions and the trainer of Frank Gotch and Joe Titcher, heavyweight champions, and Jack Reynolds. This masked marvel has pinned everyone in this territory and the safest bet is matching him with Cactus Pete Brown, according to Faust. Brown is a student of Matty Matsuda and is as fast and as scientific as Yaqui Joe and Matty.

The fans will see a wonderful match and are assured a good time. Tickets are on sale at the Chocolate Shoppe.

PIES! PIES! PIES!

There will be a pie sale at the store of W. R. Purser & Sons, on Main street Saturday, Oct. 8. The Younger Ladies Missionary Society of the First Methodist Church will conduct this sale and they wish to invite all their friends and the general public to come and buy a pie from them.

Mr. and Mrs. Raymond Dunnagan spent Sunday in Roby where they visited her parents, Mr. and Mrs. C. E. Lytell. They report a big rain from Sweetwater on to Roby.

See the wonderful new line of jewelry at Wilke's advertisement.

SEE THE TUNNEY-DEMPSEY FIGHT AT LYRIC THEATER

An opportunity for the general public to see for itself the questioned match between Gene Tunney and Jack Dempsey at Soldier's Field in Chicago and to witness at close hand the round over which a controversy has arisen will be given for one day, Friday, Oct. 7, when Tex Rickards presents the boxing commission's official pictures of recent boxing contest in motion pictures. The pictures will be shown at R. and R. Lyric theater at popular prices for this limited time only.

In the interest of cleaner athletics the commission offers all who attend the showing an opportunity to see that the count taken by Gene Tunney for the first time in his ring career was made in all fairness by the referees and that the contest was properly conducted thruout.

In order to show more clearly the details of the questioned action, the entire seventh round will be shown in slow motion photography.

EARLY SANTA CLAUS LETTER

Knott, Texas, Sept. 28, 1927
Dear Santa Claus:

I am a little girl four years old and have curly hair. I wonder if I am the first to write and tell you what I want. I want a pair of red slippers and stockings, a machine, a stove, and, oh yes, please don't forget I want a doll with straight hair so it won't cry when it is combed.

I didn't want to be forgotten so that's my excuse for writing such an early letter.

Give my love to all the other boys and girls.

Little Joe McGregor.

DAY OF ATONEMENT OBSERVED BY BIG SPRING JEWISH PEOPLE

The Day of Atonement (Hebrew Yom Kippur) falls on the sixth of October. A special service the evening before ushers in the solemn occasion, which service is known as "Kol Nidre" (All Vows), so called from the opening words of the introductory prayer. This introductory prayer is noteworthy, among other things, for the profoundly beautiful melody to which it is traditionally chanted, arranged for modern instrumentation. The Kol Nidre melody now finds place on various symphony programs.

The Day of Atonement itself is the great White Fast, the culmination of the penitential days inaugurated by the Jewish New Year. The Bible in several passages designates it as the Sabbath of Sabbaths. In ancient days its observance was characterized by elaborate priestly ceremonial and sacrificial rite. All this pomp of ritual disappeared with the downfall of the Temple at Jerusalem. But the loss of priesthood and altar did not effect the vital significance of Yom Kippur as such, which still remains the supreme day of the Jew. Throughout the ages under the severe and brutal punishments of inquisitions and torture it has been carried forward from generation to generation to be passed down so that in the future it may remain and be perpetuated as in the dim ages of the past.

Its primary purpose, as the name "Day of Atonement" implies, is to restore between man and his fellows, between man and his own higher self, between man and God, a higher sense of harmony, wherever and however that harmony has been broken by sin. All the beautiful ceremonials of the day, the prayers, and the fasting from eventide to eventide, are to work on the con-

science, the heart and the soul, and bring them to the yearnings for amendment in the future. The only requirement for forgiveness is the sincere turning from sin and coming to God in love and following His law in loyalty.

One of the most impressive and effective features of Yom Kippur devotion, which is continued throughout the entire day until sunset, is the Memorial service for the dead usually held in the afternoon. In the larger Jewish communities one may hear the solemn chant of the Cantor and his choir of young men and boys who pray to God for those who have passed away. Just as the last rays cover the earth with a hushed stillness, so does this beautiful chant cover the congregation and brings to mind the sympathy of the fellow man for those who mourn the loss of loved ones.

The concluding service of the Day of Atonement is called Neilah and the tone of its prayers is holy joy in the consciousness of God's forgiveness and loving favor.

Morris Williams.

HOWARD COUNTY HAS 1,072 BALES COTTON TO SEPT. 23

The Department of Commerce through the Bureau of Census announces preliminary report on cotton ginned in the various counties in Texas for the crops of 1927 and 1926. This report given on Friday, Sept. 23 gives the following figures for Howard County: 1926, 322 bales; 1927, 1,072 bales.

FROM OTHER TEXAS OIL FIELDS
(Continued from page 6)

Cost of Oil Products Seen
City, Okla., Oct. 1 — Dr. J. M. Van Waterschoot Gracht, formerly with the Shell and now with the Standard Oil Company here for years as oil technologist and member of the Marland companies, says that the cost of gasoline and lubricants will probably be double what it is today by the end of the year.

Gracht, who returned from his vacation, is reporting that excessive oil production, which has led to the ultimate exhaustion of the state's petroleum resources, is causing economic conditions that present low prices for oil products to advance, and that the industry will double itself within a few years.

Gracht says that the cost of petroleum will increase ultimately, curbing production and the conservation of natural resources are the only means by which the industry can be used to delay or avert the crisis during the next decade.

Marland 3 Yates Heads
Full of oil at 1254 feet, the top of the McManis No. 3 Yates, in section 34 of T-89-A1, I & G N Ry. Co. survey, had made two small tests Tuesday. It is eastern Yates' nineteenth producer. The oil was coming at 15-40 feet and at 1254, the only fifty feet in the line. — San Angelo Standard.

Winkler Tests Top Line
The top of the line by two tests making of 8,000,000 feet daily by Southern Crude Oil Company's No. T-89-A1 100 feet were principal tests in Winkler County region. — San Angelo Standard.

Line Makes Six Locations
Development, which brought the Orient railroad when it was abandoned, is being made more directly if the line is obtained in six tests. Six locations have just been made on its right-of-way in Upton County. The line will be on section 3, T-89-A1, Ry. Co. survey, on land owned by John Lane of three on the north side and the south side of the track. It is twenty five feet from the right-of-way and is about 1/2 mile from San Angelo Standard.

Gets 22 New Test Wells
Two locations for new wells were made in five counties — Pecos, on the Edwards and in far Western Texas — compared with 27 during the week. This brought the number for the last six weeks to 144.

Winkler County again led with 11 locations, the same number as during the preceding week. Upton County was second with seven, six of them by the Orient Railroad on its right-of-way through section 3, GC&SF Ry. Co. survey. Pecos County gained two and Crockett and Runnels Counties one each. One of Pecos' and Runnels' were changed locations. Southern Crude Oil Purchasing Company made two of Winkler County's locations. — Fort Worth Star-Telegram.

Sanders Well Abandoned
The Sanders No. 1 test, which was being drilled three and one half miles north of Lorraine, section 25, block 25, was closed down the first of last week as a dry hole. It stood at a depth of 3325 feet when the drill dropped into a strong salt water sand. Drilling was continued to a depth of 3346 feet, when the well was ordered closed. — Colorado Record.

ARE YOU HELPING YOUR TOWN?

Most of us have utmost faith in the future of Big Spring. If we didn't we would not be hanging on to our property. We may be making a bad guess—and if so we will be partly to blame. Investors anxious to place money in Big Spring have been offering mighty attractive prices for property but are not having much luck in tempting folks to let the property go. A city cannot make much progress when the citizenship has this habit of refusing to sell even at fancy prices.

Big Spring may grow into a sizeable city, and again it may not. The part the citizens play in the encouragement of growth and development determines this to a great extent. It is up to the citizenship to decide whether the growth shall be slow or at a more rapid pace. You may not imagine you have much to do with your town's progress but you have. If we are all pulling together we can make progress, if half or more than half of us don't want our town to grow its progress is going to be slowed up considerably.

DEATH CLAIMS HARRY W. COVERT WEDNESDAY

The announcement of the death of Harry Woodard Covert brought sorrow to the hearts of many friends in Big Spring. He died at the family home at 9:30 o'clock Wednesday morning.

Mr. Covert's health had not been good for several years past and during the past few months has grown steadily worse than he had not been confined to his bed. On Wednesday morning he had been walking around as usual but upon reentering the house he informed his wife he was not feeling well. A physician was summoned but Mr. Covert had passed away before his arrival.

Deceased was born November 18, 1863 and for many years had been a resident of Big Spring where he had been a faithful and efficient employe of the Texas & Pacific Ry. until ill health forced him to relinquish his position as switchman in the local yards, several months past.

He was a kindly christian gentleman, a substantial and honored citizen, a faithful husband and an indulgent father. Those who knew him best loved and trusted him most for his was a heart of gold, and he had naught but good words and a helping hand to offer his fellow man along life's way. He believed in treating others as he would like to be treated and many hearts are saddened by the death of a true friend and a beloved and esteemed citizen.

Funeral services were held at the family home at 708 Johnson street at 4:30 o'clock Thursday afternoon by Rev. R. L. Owen, pastor of the Presbyterian Church, and services at the graveside were concluded by members of the Masonic fraternity.

Surviving is a devoted wife and two sons, Frank Covert and Henry James Covert. The latter is attending Wesley College at Greenville and arrived in this city Thursday morning to attend the funeral services.

Deepest sympathy is extended to the bereaved ones in this sad hour.

WILLIAM CHARLES ESTES DEAD

William Charles Estes, aged thirty four years, died at the home of his mother Mrs. C. M. Estes at 205 Rannels street at two o'clock Thursday morning, Oct. 6.

Mr. Estes has been seriously ill for a long period and though loving hearts and hands have done everything possible to combat the malady all efforts were unavailing and he answered the Master's call.

Deceased had made his home in Big Spring ten years or more, at one time in charge of a successful market in this city. He made many loyal friends during his residence here, and those who knew and loved him best deeply mourn his untimely death.

Funeral services were held at the family residence at 3 o'clock Thursday afternoon by Rev. W. C. Hinds, pastor of the Methodist Church, and interment was made in Mt Olive cemetery.

Besides his mother, two sisters, Misses Nell and Maude Estes of this city and one brother Dr. Roy Estes of Dublin, survive him.

Heartfelt sympathy is extended to the grief stricken ones in their hour of sorrow.

NOTICE OF SALE OF REAL ESTATE UNDER ORDER OF SALE THE STATE OF TEXAS, County of Howard,

Whereas, by virtue of an order of sale issued out of the District Court of Howard County, Texas, on a judgment rendered in said Court on 15th day of September, A. D. 1927 in cause No. 1113 on the docket of said court, the said judgment in favor of Temp S. Currie establishing debt and foreclosure of vendor's lien and deed of trust lien against Florence Black Hand and her husband, E. L. Hand; Hubert Black, Grace Wingo and her husband, Joe Wingo; Tommie Joe Black; J. D. Black and The State National Bank of Big Spring, Texas, on the parcels of land hereinafter described, the said judgment also in favor of The State National Bank of Big Spring for debt and foreclosure of deed of trust lien on a three-fourths interest in the parcels of land hereinafter described as against its co-defendants, Florence Black Hand; E. L. Hand; Hubert Black; Grace Wingo and her husband, Joe Wingo, I did, on the 6th day of October, A. D. 1927, at 9 o'clock A. M., levy upon the following described tracts and parcels of land situate in the County of Howard, State of Texas and belonging to the said defendants, Florence Black Hand; Hubert Black; Grace Wingo; Tommie Joe Black and J. D. Black, to-wit: All of the South 1-2 and all of the Northeast 1-4 of Section No. 7 in Block No. 32, Tsp. 1-North, Cert. No. 1925, T. & P. Ry. Company survey in Howard County, Texas, comprising 450 acres of land, and on the first day of November, A. D. 1927, being the first Tuesday of said month between the hours of ten o'clock A. M. and four o'clock P. M., on said day, at the courthouse door of said County, I will offer for sale and sell at public

auction, for cash, all of the right, title and interest of the said Florence Black Hand; Hubert Black; Grace Wingo; Tommie Joe Black and J. D. Black in and to said property, said sale subject to, and the purchaser thereof, will take same subject to deed of trust lien in favor of the Federal Land Bank of Houston, Texas, to secure payment of indebtedness originally for the sum of \$2800.00.

Dated at Big Spring, Texas, this 6th day of October A. D. 1927.
FRANK HOUSE, Sheriff, Howard County, Texas.

E. Y. LAWDERMILK CHIEF BAKER AT FLOYDADA

E. Y. Lawdermilk is the chief baker in the new Western Bakery at Floydada which opened there on Friday, Sept. 16. Mr. Lawdermilk has been following his trade for the past fifteen years and in this time has studied his business and has contributed ideas that have proven practical and profitable to his profession.

He has direct supervision over the operation of the shop and is also in charge of the pastry making, Floyd County Hesperian.

Mr. Lawdermilk is the son of our local townsman and friends in this city are congratulating him on the success of his son.

COLLINS BROS. DRUG STORE WILL OPEN FRIDAY, OCT. 14

The formal opening of the Collins Bros. drug store will probably be held next Friday, Oct. 14, according to Alfred R. Collins, manager. The fixtures for the new store have arrived and are being installed and the finishing work on the building will probably be completed this week. It is thought that everything will be in readiness for the opening next Friday.

Interesting plans are underway for the opening day at which time the general public is extended a cordial welcome to come and see this attractive new business house. It is planned that favors will be given to all callers and refreshments will be served. A definite program for the opening will be announced next week.

JAMES CURRIE BUYS STUCCO BUILDING ADJOINING BAKERY

James Currie last week bought of Jess Slaughter and Mrs. John Ramsell the stucco building adjoining the Home Bakery on Main street occupied by the American Cafe and the Courtney Davies Shine Parlor. These two businesses will continue to operate in the same location according to Mr. Currie. Eula Payne has been made manager of the American Cafe.

YANKS TAKE FIRST GAME

The world series ball games started at Pittsburgh Wednesday between the Pittsburgh Pirates and the New York Yankees.

The Yanks took the first game by the close score of 5 to 4. The series promises to be a hot contest according to the experts.

L. S. Patterson returned Tuesday night from Abilene where he had been attending Federal court.

LAND FOR SALE—Good farming land for sale. Easy payments. See T. S. Currie.

Mr. and Mrs. James M. Dleecker of Shawnee, Okla., arrived Tuesday night for a visit in this city with their daughter, Mrs. Ralph Sherman and family.

AT DOUGLASS HOTEL

Foundations for the new Douglass Hotel have been completed and the brick work on the walls of this modern 100 room hotel has been started.

It is hoped to complete this building by January first.

Following is a list of the firms who have reserved spaces in the new Douglass Hotel: C. & P. drug store No. 4; G. L. Wilke, jewelry; Mrs. J. L. Miller, millinery; Frank Merrick, barber shop; Austin and Jones, mercantile; Coffee shop and dining room.

Mr. and Mrs. Ken Barnett of El-dorado spent the week end in this city, visiting his parents Dr. and Mrs. W. C. Barnett, other relatives and friends.

M. H. Moore, district manager of the Southwestern Bell Telephone Co., of Abilene, was a business visitor in Big Spring Thursday.

Office Hours: 9 a. m. to 6 p. m.

The NEW G-M-R Cylinder Head
EXCLUSIVE ON THE OAKLAND ALL-AMERICAN SIX

provides Amazing Smoothness
Silence and Power

Conventional Cylinder Head G-M-R Cylinder Head

Convex curves tend to throw the gases back into the center of the chamber, thereby retarding cooling and causing "detonation" or knock. Convex curves in the G-M-R Head have the opposite effect. They deflect the gases smoothly along the wall into the clearance space above the piston, thereby aiding cooling and reducing knock.

Deep clearance spaces also retard cooling. Note how the depth of the clearance space in the G-M-R Head has been reduced to facilitate cooling by water. Here knocking is further reduced.

The comparative effects of convex and concave curves are illustrated by a spoon held under a faucet. At the left, the water strikes the concave surface and causes a violent disturbance. At the right, the water, like the gases in the G-M-R Head, strikes the convex surface and glides smoothly away.

NEW LOW PRICES

2-DOOR SEDAN \$1045
4-Door Coupe \$1145
Sport Roadster \$1075
Cabriolet \$1145
Landau Sedan \$1265

The New and Finest Pontiac Six, \$745 to \$925. All prices as factory. Delivered prices include minimum handling charges. Easy to pay on the General Motors Time Payment Plan.

Everyone who drives the Oakland All-American Six marvels at the smooth and whispering flow of power produced by the new G-M-R Cylinder Head.

Specifically, the G-M-R (General Motors Research) Head accomplishes three results:

1. It reduces "detonation" or spark knock to a negligible factor while using only ordinary gasoline.
2. It completely eliminates roughness or "thump"—an entirely different engine noise.
3. It provides greater power and economy because it allows the spark to be advanced to the point of maximum efficiency. (Once set, the Oakland spark remains in proper position since it is automatically controlled.)

The G-M-R Head is only one of the engineering advancements which have created such widespread favor for the All-American Six. Come in for a demonstration of the principles involved!

GRAY-WENTZ MOTOR CO.

115-117 WEST FIRST STREET BIG SPRING, TEXAS

W. J. Crawford has been quite ill this week.

FOR RENT—Second story space 50x100 feet on Main street, heretofore occupied by the Elks Lodge. See T. S. Currie.

CEMETERY ASSOCIATION
Mrs. Hattie Crossland has donated one dollar a month to the Cemetery Association. Your money is needed. Your money is needed.

We Deliver

POSITIVELY CASH

The Best Place to Buy

Fresh, wholesome fancy and cured meats, kept by the latest model electrically refrigerated machinery, in an all display counter where you can select with your own hands the choicest meat.

Veal Roast, pound.....

Choice Steaks, baby veal, pound.....

Fresh Barbecue, pound.....

Dry Salt Bacon, pound.....

Smoked Bacon, pound.....

Sugar Cured Bacon, pound.....

Niagra Bacon, pound.....

Fresh Cream Cheese.....

Pure Pork Sausage.....

Picnic Hams.....

We will pay the following prices for good healthy chickens and fresh eggs Saturday and Monday:

Fryers, 2 to 3 1-2 lbs. trade price.....

Fresh Eggs, per doz., trade price.....

CASH PRICE FIVE CENTS LESS

Items Pound box mixed cakes.....

Kellogg's Corn Flakes, 2 pkgs.....

Royal Orange Marmalade, 1lb.....

PURE UVALDE HONEY---

Gallon comb honey.....

1-2 gallon comb honey.....

ARMOUR'S PEANUT BUTTER---

5 lb. tins, strictly fresh.....

BEECHNUT PRESERVES---

Any kind, 8 oz. jar.....

Dry Peaches, 5 lb. cartons.....

California Baby Lima Beans, 2lb.....

Brooms, very special.....
