

Work Starts On New Paving For Big Spring

Ordinance Is Acted Upon After Hearing

Work was started Thursday on a new section of Big Spring's street paving program...

Included in the new division were sectors on Lincoln, Jefferson, Virginia, Johnson, Main, Park...

Some 50 persons were at the paving hearing, held in the city court room, Wednesday night...

Wednesday was the city's "deadline" on accepting additional petitions under the current paving program...

Engineering data already has been completed on 30 blocks, including segments on Owens, Matthews, East and West Park...

The city itself faces a financial problem in carrying on its part of the paving cost...

As a part of the formality of Wednesday night's hearing, City Attorney Charles Sullivan called Robert Stripling, Roy Reeder and R. L. Cook...

Attorneys Ask Jury To View Lawson Films

WASHINGTON, April 15. (AP)—Movie writer John Howard Lawson's attorneys want the jury trying him for contempt of Congress to see some of his films.

Charles Katz of Los Angeles, one of Lawson's lawyers, told a reporter the defense planned the move to show "there never was any subversion in Hollywood or in Mr. Lawson's films."

Lawson, 53, is charged with refusing to tell the House Committee on Un-American Activities whether he was a Communist.

The government neared the end of its case, with its only witness Rep. J. Parnell Thomas (R-NJ), chairman of the House committee.

# Local Police Arrest Average Of Six Per Day

Arrests were logged at Big Spring police headquarters at the rate of approximately six per day during the fiscal year which ended on March 31, according to an annual report submitted by Pete Green, chief of police.

Fine assessments in corporation court for the year totaled \$34,323, including \$19,704.50 in cash payments, \$14,290.50 laid out and \$209 pending at the end of the year.

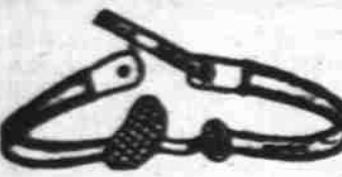

Charges of drunkenness resulted in 1,383 of the 2,131 arrests, with 1,282 fine assessments and 91 dismissals recorded for that offense.

Speeding also was high on the list with 163 arrests and 156 fine assessments. The city also transferred 156 subjects to the county to face charges of driving while under the influence of intoxicants.

Twenty-six arrests involving charges of theft and 18 for burglary were made by police department during the year. Arrests also were made here in response to felony warrants issued in Ward county, Tom Green county, Taylor county, Mitchell county, Big Bend county, Midland county and Indio county, Calif.

Traffic tickets issued during the year totaled 4,521. The police radio station handled 6,871 calls to local units, received 1,385 calls from other stations and transmitted 2,021 calls to units in other points. Patrol cars traveled a total of 91,337 miles during the year.

# Truman Opens Loan Drive

WASHINGTON, April 15. (UP)—The government launched a security loan drive today backed by President Truman's appeal to put dollars "working to win the peace."

The nationwide campaign, to run through June 30, has no specified total quota, but Mr. Truman in a radio address last night said: "We are fighting inflation which is still our greatest economic danger. Every dollar that a family puts into savings bonds now will be a dollar fighting against inflation and high prices. It will be a dollar working to win the peace." He added: "At such a time as this, all of us can serve both ourselves and our country by saving all we can against the day when we can spend our dollars to better advantage."

The loan drive will be conducted along the same lines as the wartime bond campaigns, with volunteer workers spearheading it.

Speaker Martin (R-Mass) said in a statement the new drive "offers the opportunity for each citizen to stand up and be counted for the American voluntary way of life."

The loan drive will be conducted along the same lines as the wartime bond campaigns, with volunteer workers spearheading it.

## Aggies To Hold Muster At Midland

Former Texas A. and M. students will hold their muster for this area in Midland on April 21, it has been announced.

## Takes Marriage Vows Fourth Time

SANTA MONICA, Calif., April 15. (UP)—Virginia Cherrill has taken the vows of marriage for the fourth time.

Divorced last July from England's Earl of Jersey, she married Florian Martini, engineer and former RAF pilot, in a secret ceremony here Monday. Martini is 33, she's 39.

The former actress' first husband was Irving Adler, Chicago lawyer; her second, Cary Grant of the films.

## SOIL CONSERVATION

# Range Condition Surveys Finished

Range condition class surveys were completed last week on the 20-section ranch of Mrs. D. H. Snyder southeast of Coahoma. The surveys made by Ray Swann, ranch manager, and A. T. Jordan, work unit conservationist with the Soil Conservation Service at Big Spring, furnished information for planning a coordinated soil and water conservation program on the ranch in cooperation with the Martin-Howard Soil Conservation District.

Swann stated that the number of livestock on the ranch had been reduced considerably to give the grass a chance to recover. He believes the range will improve rapidly with a management program designed to keep a good cover of grass and litter on the range.

Swann has constructed two new stock tanks on the ranch to furnish more water for livestock and give better distribution of grazing.

Allie B. Cook of Garden City distributed his 500 ewes this spring over the 12-section ranch of Marshall Cook, district cooperater with the North Concho River Soil Conservation District. The 500 ewes are in excellent condition and have big fat lambs by their side.

Cook took sheep off the ranch in 1946 and has grazed the range with about 20 cows per section until this spring. The improved soil condition and more vigorous growth of grass and good weeds, in addition to the reserve of grass forage built up on the ranch through conservative use has paid big dividends in conditioning these ewes at lambing time. Also an expensive feed bill was saved.

The improved grass cover on the ranch will protect the range from loss of soil and water this spring and summer.

The lay-out of an irrigation system started recently on a newly cleared field of the ranch by J. W. Cox, district supervisor in the North Concho River Soil Conservation District. Cox, who ranches southeast of Garden City, will make trial plantings of yellow bluestem, giant panicgrass, sand lovegrass, weeping lovegrass and rhodes grass this spring. He will use a grass seeding attachment furnished by the SCS to plant the love grass. W. D. Miller made a trial plant-

ing of Kudzu last week on his farm two miles north of Big Spring in the North Big Spring soil conservation group. Miller planted 50 crowns on his sandy field to try out the Kudzu as a soil building and cover crop.

Other plantings of Kudzu were made on the farms of Walter Robinson, E. A. Richters and Thad Hale.

Terrace lines were run last week on the farm of Pat Harding and J. E. Burris in the Vincent soil conservation group. The farmers are building terraces on land cleared for cultivation to save soil and water as a part of their conservation program.

Alton Denton maintained the terraces on Mrs. C. A. Denton's farm in the Midway soil conservation group this year. Denton plowed to the terraces with a mold board plow to make them higher and wider. Terrace maintenance is important to keep the terraces up so they will be more effective in saving soil and water Denton says.

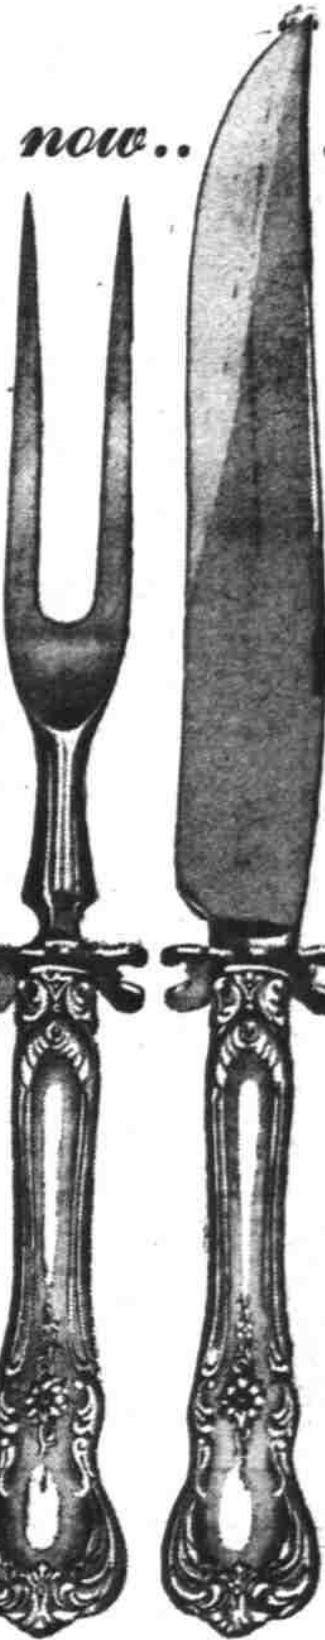

Claude Hodnett built up the terraces this year on his farm in the Vincent group using a whirlwind terracing plow.

Professor C. A. O'Brien of Lubbock Technological College spent last Wednesday going over ranches in the Sterling City area with E. J. Hughes, District Conservationist with the SCS. Professor O'Brien collected information on range conservation work to use in his classes at Lubbock.

## Palestine Truce Passage Predicted

LAKE SUCCESS, April 15. (U.P.)—A detailed truce plan for Palestine goes before the Security Council today with prospects of early passage. Delegates hammered out the terms in a three-hour informal session yesterday and were reported in virtual agreement. There still was no announcement, however, whether embattled Jews and Arabs would accept the proposal. The council meeting was set for 1:30 p.m. (CST) and delegates hoped to get a vote by tonight, the eve of opening the special session of the General Assembly for reconsideration of the whole Palestine problem. One section of the plan would

bar all persons of military age—either Arabs or Jews—from entering the Holy Land. This was contained in an appeal to Jews and Arabs to refrain from bringing into Palestine armed bands or individuals capable of bearing arms. This would block Jewish immigration except for women and children and halt infiltration of Arabs from neighboring countries. Also included were these appeals to the Jews and Arabs: 1. End all military activities and acts of violence, terrorism and sabotage. 2. Halt importation of weapons and war materials. 3. Stop all political activity pending action by the assembly. This would mean shutting off Jewish moves toward carrying out the partition plan voted last fall by the assembly. It also would prevent the Arabs from pushing their counter-plan for a single nation. Council delegates made no provision for enforcing the truce in the event the Jews and Arabs decide not to comply. It was agreed merely that the British as mandatory power should supervise the execution of terms and the UN should send a commission to Palestine to observe compliance.

# Love Versus Feud Is Theme Of Senior Play

Love versus a paternal feud forms the pattern for "After All, It's Spring," the annual senior play set for 8 p. m. Tuesday in the city auditorium.

The story is of a young couple in love and anxious to marry. The obstacle is a feud between the fathers, her's burning with envy because he has lost 10 successive years in a fishing contest with the boy's Dad. His pride and joy is a stuffed fish which has adorned his mantle for the past decade, and through trickery he is forced to choose between paternal consent to the marriage or the fish.

All three acts are pitched against the backdrop of the Whitaker home. The play is strictly a comedy and packed with a generous dose of slap-stick to pep the proceedings.

The cast and their roles are: Helen Montgomery, Granny McGill, the grandmother; Pat Lamb, Gramp McGill; Lynn Porter, Martha Whitaker, the mother; George Oldham, Jr., John Whitaker, the father; Joyce Beene, Alice, the elder daughter; Betty Jo O'Brien, Mary, the younger daughter; Jimmy Webb, Tom, the young son; Vivien Middleton, Pug, Mary's friend; Eddie Houser, Bob Davis, Alice's boy friend; Jerry Sanders, Clarence, Tom's friend; Don Spencer, "Two-Gun" Wintergreen, Clarence's grandfather; Frances Henderson, Angas, a young neighbor; Pat McCormick, Charlene, an interior decorator; Jerry Houser, messenger boy; Donnie Byrne, Dorothy LaBell, movie actress.

Directing the play is Mrs. Janel Davis.

## Cornelia Frazier Is Visiting Here

Cornelia Frazier, who has been studying in New York under the direction of Madame Queensa Mario, operatic teacher, and singing in the Collegiate Chorale under the direction of Robert Shaw will spend the next three months with her mother, Mrs. Nell Frazier.

Miss Frazier worked as secretary for Miss Mario, one time metropolitan opera star who has been teaching opera for the past 15 years in New York.

The Collegiate Chorale is a group of 180 volunteer singers. They will sing in the Carnegie Hall on April 26 under the direction of Toscanini. The group was featured in the Time Magazine in January.

She was also soprano soloist at the Rockville Center in Long Island; and was accepted by the Conover school of modeling which she declined.

Miss Frazier will stay in Big Spring for a complete rest until Aug. 1, at which time she will go to New Hampshire to join Miss Mario and begin work on the part of Marguerite in the French Opera, Faust, which will be given in the fall. She will return to New York in September.

## SHOVEL and HOE

A Garden Column by Virginia Scott. Presented by the Big Spring Garden Club.

Good sharp tools are the gardener's delight. Hand pruners are very convenient, and almost a necessity in snipping off faded flowers, infected twigs, and pruning roses. There is hardly a time when these short, handy little instruments cannot be used.

Trowels, cultivation forks and bulb planters are nice to have. Many gardeners like gloves, but we find them inconvenient in handling small plants. Fine for heavier work. Metal rakes keep the garden neat and are easy to use.

There is a root feeder on market (we have not tried it) which is supposed to apply fertilizer to the roots of plants. It plunges into the soil and feeds through a pipe and valve.

Newly planted flowers should be protected from sun and wind for a few days. Berry boxes and potato hampers are ideal for this purpose. Very large clumps of hardy perennials can be moved with soil in late spring, when protected in this manner. Keep watered and shaded until established, remove hamper in the evening or on a cloudy day.

A gardener from Kentucky has had trouble with Laburnum. It may be her soil. These plants like a sandy, well drained soil, not very acid. They should be sheltered from high winds. Their long chains of yellow blooms make a pretty garden picture.

Azaleas should be kept mulched at all times. Leafmold, woods soil, and peat moss are recommended mulches. The plants should be fed heavily with special azalea food just before full bloom, and about six weeks after. They may be transplanted in full bloom, balled and burlapped like an evergreen.

Rock gardens should be designed to fit naturally into the setting for which they are intended. Rocks should be left in their natural color. Never whitewash them. The plants in bloom will be colorful enough. A neutral soil is best for a basis, plants that require more acid or alkaline can be treated individually. Read and study before attempting too much.

Some good plants for the rock garden are—Saponaria ocyroides, a lovely pink trailing plant; Arabis alpina, white; Tunica saxifraga white, flesh, or blue, (very dainty); Primula vulgaris, usually yellow; prefers cool, moist location, some shade.

For planting at the feet of shrubs that sometimes become leggy, use groups of Lemon Lilies, Hosts, and Iris. This prolongs the blooming season in that area, if chosen with attention to time of bloom. Forsythia blooms early, underplanted with Peonies the season is prolonged. Think of other combinations that will give a lift to your border or shrub groups.

Designing is more fun than any jig-saw puzzle. Once into it, there is hardly ever a stopping place. One idea leads to another, you become conscious of color, form, and arrangement. You choose, consider, accept, reject, and discard until you are satisfied that you have the perfect combination. When you have completed one design, your enthusiasm is so great that, usually, you extend your skill to other areas and the fun begins all over again.

## EAT PLENTY AND TAKE OFF UGLY FAT

Many people have reported amazing results with this home recipe. It's easy—no trouble at all and costs little. Just go to your drug-gist and ask for 4 ounces of liquid Barco-trate. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take two tablespoonful twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose inches of excess fat don't just seem to disappear almost like magic, from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back.

Lost 47 Pounds  
"When I commenced to take Barco-trate, I weighed 211 pounds. I now weigh 164. I lost 47 pounds on the first two bottles. I feel so much better after losing that weight. I think it is a wonderful medicine. Thanks to Barco-trate."—Mrs. George Greig, Chalmers Courts 4, 4th St., Dallas, Texas.

Lost 20 Pounds  
"I lost 20 pounds taking two bottles of Barco-trate and 1 full dose."—Mrs. J. C. Spalding, 912 25th Street, Corpus Christi, Texas.

**TRUSTEES TAKE ACTION**

**Teachers Elected, Minimum Salary Shedule Is Adopted**

Teachers were elected Wednesday evening by the Big Spring Independent School district board of trustees, which adopted the state minimum salary schedule for the school year beginning Sept. 1, 1948.

All members of the faculty were re-elected, although it was known definitely that some had other plans for next year.

Board members engaged in extensive discussion with the administrative staff on several faculty

members, and under terms of a new contract, it was the consensus that the administration would be in a better position to deal with adjustments needed during the year.

No action was taken toward fixing salaries for "specials," that is teachers who carry extra loads in supervising school programs after hours.

Under terms of the minimum salary, a beginning degree teacher

receives \$2,007 per annum with an increment of \$54 per year for each year of teaching experience not to exceed 12 years. Those with a masters degree have \$225 added to the base salary.

Steps were taken toward establishing a music program in the elementary schools. The board instructed Supt. Blankenship to screen applications and make recommendations to the board for the position of supervisor of music in the elementary schools.

A resolution asking that the administration outline duties and responsibilities to teachers together with accountability was adopted by the board.

The board fixed June 1, 1948 as the date that contracts must be returned to W. C. Blankenship, superintendent.

Names of several now teaching in the system on temporary assignments were listed as supplies and those qualified under state standards will be eligible for election as vacancies occur.

High school teachers elected were: Mrs. Ruby Blankenship, Mrs. Mary R. Boyer, Zaida C. Brown, Mrs. Lavada Fick, Stanley Cameron, Mrs. Marie Frost Carter, Anna Curtis, Mrs. Jeanette Davis, Jo Hestand, Conn Jassac, Mrs. Elizabeth Johnson, Mrs. Marguerite Johnson, J. W. King, Jr., Mrs. Floory R. Low, John W. Malaise, Mrs. M. A. McAlister, Mrs. Willie Mae McCormick, Edna Earl McGregor, Mrs. Cora T. McNair, George P. Mizell, Jr., Mrs. Vivian Peak, Arab Phillips, Clara R. Pool, Wm. Edward Robnett, Lillian Shick, Hazel B. Shipps, Mrs. Erma W. Steward, Edith Thompson, Marguerite K. Wood.

Elementary school teachers were: Mrs. Mary W. Blomshield, Good Graves, Mrs. Martha Ann Hardine, Lorena Hussain, Mrs. Oia May Karstetter, Mrs. Olive Kackley, Clara Secret, Anna Smith, Mrs. Alice B. Wiloughby.

Elementary school teachers—Mrs. Catherine T. Russ, Mrs. Ruth Burnam, Mrs. Gladine Cox, Mrs. H. L. Derrick, Mrs. Martha E. Hall, Mrs. Eleanor A. Hinkley, Grace Mann, Mrs. R. M. **New Contracts Are Presented To Teachers**

New contracts, embodying provisions for sick leave, notice of cancellation and reasons for separation, were to be placed in the hands of Big Spring teachers this week.

The contracts, discussed previously by a committee of board members, administrators and teachers, were approved by the board of trustees Wednesday evening.

As for sick leave, a point on which the board had been approached previously by teachers, provisions in the contract grants five days with full pay, plus 10 days at half pay. This applies to personal illness or illness to members of the immediate family or relatives in the first degree. One day with pay is allowed for illness or death of relatives of second degree, not under the same roof.

The leave is cumulative, that is the unused portion of five days within one year would be added to the next but not to exceed four years or 20 days in all. However, it may be used for sick leave only and that beyond the five days in any one year would need to be substantiated by a doctor's certificate.

Any other type of absences are not covered in the contract except excused absences from teacher meetings. Unexcused absences from teachers meeting will count as a half day absent from work. No liability for time lost on account of any causes outside the province of the board was assumed by the district in the contract, nor liability for pay beyond the time of resignation of any teacher.

Incorporated into the contract are the usual requirements for following rules and regulations, directions of the superintendent; courses of study, books, protection of property, etc. Now required is a personal health certificate of not more than 30 days duration prior to the beginning of the school year; smallpox vaccination certificate; complete transcript of college credits, proper valid teaching certificate filed with the superintendent, certified personal teaching experience record.

The board reserves the right to

**ARE YOU A REGULAR PERSON?**

Do you have flatulence, indigestion, gas, bloating, constipation, or other ailments? Thousands of people have found the answer in an amazing tonic that has brought them health and happiness. This medicine, called Mertz Compound, goes to work quickly to create a more rhythmic bowel action. Expels gas and bloats so that you have a real seat for food.

Hundreds of Texas people have endorsed this great compound, containing 28 essential herbs and other medicinal ingredients, for stomach ailments, kidney conditions, rheumatic pain and many other symptoms.

Just go to your druggist today and ask for Mertz Compound at the new REDUCED price. Perhaps you too will find the relief Mrs. E. E. Hamlin of Dallas did, who wrote us as follows:

"I have been in a weak, rundown condition for some time. Was very nervous, no energy; had dizzy spells and severe headaches all the time.

"I was greatly surprised at the quick action of Mertz, for after the first two doses, I had the best night's sleep I had in several months.

"I now feel like a different person and am free of all my ailments. Where housework used to be a task, it is now a pleasure."

Buy Mertz from your druggist at the new REDUCED price. Send post card to The Mertz Co., 4815 Bryan, Dallas 4, Texas, for free booklet, "BETTER HEALTH," and PROOF of what Mertz is doing for sick people.

**Cancel Contract Before Termination**

On account of inefficiency of the teacher, lack of attention to duty, improper conduct, provided the party of the second part (teacher) has received 30 days notice prior to termination. The board could, in lieu of 30 days notice, make payment for the 30 days and make dismissal immediately effective. The superintendent of schools is designated by the board to pass on "any breach hereof."

In one other action, the board agreed to pave one or two blocks along State street as soon as residents on the opposite side were ready. Previously the project had been approved by the board on a two-block basis.

Before the meeting, all members of the board, except John Coffey who is out of town, were guests at a dinner given by the homemakers department. Thelma Lou Tucker, Beth McGinnis and Duke Knight handled the preparation and serving, assisted by their instructors, Edna McGregor and Mrs. Edith Thompson. On hand for the sumptuous affair were Marvin Miller, board president, Dewey Martin, Justin Holmes, Dan Conley, Dr. J. E. Hogan, and H. W. Smith, board members, W. C. Blankenship, superintendent, Walter Reed, high school principal, Mrs. Amabel Lovelace, secretary, and Joe Pickle, reporter.

**Now It's Neckties Made of Milk!**

Fellow in Andy Botkin's Tavern was boasting about a trick necktie he was wearing made out of a by-product of milk. "Took 33 pounds of milk to make this tie," he says.

I guess drinking it is still a whole lot better than just wearing it.

Bill Webster was unimpressed. "Personally," he says, "I'd rather have the milk to drink. Just as I wouldn't change one glass of good American beer for a necktie made from thirty barrels of it!"

Of course there are lots of other ways of abusing goods and beverages—like a fellow who doesn't appreciate good beer enough to drink it slowly and in moderation.

But from where I sit, most people who enjoy a wholesome beverage like beer or ale are moderate—because beer itself is a beverage of moderation.

Yes, modern science being what it is—seems like you can make "anything out of anything" these days. But in the case of milk, well

Old Church Building Makes Way For New

STANTON, April 15—Only a skeleton of the Baptist church remained here this morning, and it was due to rattle down before the end of the day to make way for a modern plant.

Rating of the frame building, with the exception of an annex, which was sold and moved, got underway Monday after close of a successful revival.

Contract for construction of the new brick-veneer building has been let to Horne Construction company of Abilene, and representatives of the builders have been supervising demolition and stacking of lumber by volunteer workers this week.

The new plant will consist of a large auditorium, flanked at the rear by wings of a two-story educational building which is designed to care for expanded needs of the congregation.

Meanwhile, a big tent is on order and the congregation under leadership of the Rev. T. H. Hawkins, will worship in it until the building is completed. The piano and other equipment will be stored in the tent, which will be located immediately north of the building site.

Cost of the structure will be somewhere between \$50,000 and \$60,000. Some alterations of plan are in prospect, but nothing that will change the fundamental design of utility. Approximately two-thirds of the amount needed has been paid or pledged by members.

Building committee members are B. F. White, John Pinkston, Ben Carpenter, J. R. Sale, Guy Eiland.

During the past 10 years he has addressed, by invitation, more than a million students—talking, of all things, about alcohol!

W. Roy Breg, Washington, D. C., executive secretary of the Allied Youth movement for education about alcohol among young people, will appear here Sunday under the auspices of the Council of Church Women.

A nationally known figure, Breg has held his post since 1933 and has pioneered a program of alcohol education and alcohol-free recreation for teen-agers that has won wide acclaim.

During the past 10 years he has addressed, by invitation, more than a million students—talking, of all things, about alcohol!

While here, Breg is scheduled to make an appearance before the Alcoholic Anonymous and is due to address a student assembly at high school on Monday.

**OHIO RIVER TROUBLES**

**Hopes Brighten In Flood Fight**

CINCINNATI, April 15. (AP)—Hopes of averting a major flood disaster in the Ohio River Valley brightened today with forecasts of little rain for the next two days.

The Ohio, already at its sixth highest level in 64 years, still rose about four inches an hour. However, rivermen predicted only a little more damage than is usual each spring—unless there is more rain.

Two deaths—in West Virginia and Kentucky—were attributed to the swollen streams as flood conditions entered their fourth day. Meanwhile, the Red Cross cared for almost 3,800 families flooded from lowland homes in Ohio, Indiana, West Virginia and Kentucky.

Drowning victims were John Sherman (Jackie) McNally, 9, at Louisville, and Edward Smith, 17, at Sissonville, W. Va. Smith died in an attempt to recover a wild duck in Poca River. Jackie fell in Beargrass Creek.

One grim battle against the rising Ohio was under way at Portsmouth, O., along the city's uncompleted million dollar floodwall. An emergency 1,000-foot levee two feet high is being built to piece out the floodwall designed to protect up to 77 feet when completed.

Last night Portsmouth high water neared the 60-foot stage, some four feet under the emergency wall. A tentative crest of 62 feet was expected.

A 64-foot stage was forecast for Cincinnati. This much water would

cover Lunken Airport and inundate many factories and business houses in that district. Some 141 families were moved out of homes there.

Across the river in Campbell County, Ky., another 500 families were evacuated yesterday. Further downstream at Louisville, scores of bottomland residents fled in the face of a weather bureau forecast of 14 feet above flood stage by Sunday. The Red Cross sheltered more than 1,300 families in a 14-county area.

There seemed little danger of epidemics, although the water supply was shut off at Cynthiana, Ky. Bridges near Cincinnati (over Muddy Creek) and Columbia, Ky., collapsed under the weight of trucks, dropping the vehicles into the water. There were no injuries.

## Softball Loop Opens Saturday

First round play in the Texas softball league gets underway on four fronts Saturday night but the Big Spring-Forsan entry bids its time until Saturday, April 24, at which time it entertains the Baldridge Bakery team of Lubbock at Forsan in a double header.

Initial contests this weekend sends Monahan to Lubbock to face the Baldridge team, Bluebonnet of Lubbock to San Angelo, where it plays Ragdale, Nathan's of San Angelo to Odessa and Stamford to Crane.

First round play in the circuit continues through June 12.

### Brazle Faces Cubs

LITTLE ROCK, Ark., April 15. (P)—The series between the St. Louis Cardinals and the Chicago Cubs moves into Arkansas today with Southpaw Al Brazle slated to pitch for the Red Birds.

It's the last stop for the Cards before they face the St. Louis Browns in St. Louis Saturday. Stan Musial, who planned to rejoin the club in Little Rock, arrived at St. Louis and will await the team's arrival there. Musial said his father, who was seriously ill last week, is much better.

## It's "Made to Order" for the Ranch Country

## The 4-Wheel-Drive 'Jeep' UNIVERSAL

Here is a two-fisted machine that's doing a thousand and one jobs for ranchers everywhere. It's the Universal "Jeep"—a "do anything" vehicle that takes you there, in any weather. It goes up and down steep grades, crosses rough country, travels through mud, sand and snow. You can ride fences with it, and take tools and repair parts right with you. You can carry salt and feed wherever your herds are ranging. You can cut across roadless open country in search of strays or injured animals, and to help out at calving and branding time. The "Jeep" pulls the chuck wagon, hauls supplies, does work that saves time and money the year around.

### HAULING CATTLE

is just one of the many jobs you can do with the Universal "Jeep". It pulls a load of 5500 lbs. at highway speeds... carries 1200 lbs. on or off the road. With its power take-off, the "Jeep" operates a buzz saw, digs ditches and post holes, runs all types of belt and shaft driven equipment.

## CLUBS STRENGTHENED Favorites Come Through In Texas Loop Openers

The Texas leaguers must have been reading over the sports writers' shoulders—they made the pre-season pickers look mighty good last night as they opened the fifty-third campaign.

Fort Worth, Houston and Dallas, selected one-two-three, started the race with victories. Only reason the other team boomed for the first division—Tulsa—didn't make it was that the Oilers were playing Dallas.

Fort Worth beat Oklahoma City 8-1, Houston trounced Beaumont 6-4 and Dallas edged Tulsa 4-3. In the other game, an extra-inning affair, Shreveport pushed over a run in the thirteenth to come through over San Antonio, 4-3. Crowds totaling 31,054 saw the four opening games. Carl Erskine pitched six-hit ball

owner Dick Burnett expressed dissatisfaction with the makeup of the Rebels. They were Dick Kemer, catcher, from Los Angeles; Rube Naranjo, outfielder from San Antonio; Hal Van Pelt, first baseman, and Bob Fletcher, second baseman, from Texarkana, and Lou Fauth, pitcher from Buffalo. Houston added only John Grodzki, pitcher, from the St. Louis Cardinals on 24-hour call.

Three-hit hurling by Ross Grimsley brought Houston its decision over Beaumont. However, one of those hits was a three-run homer by Chuck Sweeney.

Dallas came from behind as Lefty Altizer hurled steady ball and Johnny Creel paced the attack with a pair of doubles that brought in two runs for the Rebels' victory over Tulsa with Dick Burnett, the new club owner, looking on.

Jim Kirby singled George Brown home with the winning run while Shreveport soured the largest opening crown in San Antonio history—8.214. Kirby did it dramatically. Hitless in five previous trips to the plate, he laced the hit off young Dee Sanders, who had handcuffed the Sports for 10 2-3 innings.

The clubs will play the same stands tonight with Tulsa at Dallas, Oklahoma City at Fort Worth, Houston at Beaumont and Shreveport at San Antonio.

A number of changes were made in player personnel as the teams squared off for the season's start.

Richard Kaess, shortstop obtained from Los Angeles of the Pacific Coast league joined Shreveport at San Antonio last night.

Tulsa had three players added to its roster by parent Cincinnati of the National League. They were Catcher Joe Just, Pitcher Harry Perkowski and Third Baseman Charles Kress.

San Antonio added three men to the list. They were John Crocco, pitcher with Globe-Miami of the Arizona-Texas league last year; Hal Judson, pitcher from Muskogee of the Western Association, and Joe Frazier, outfielder with Oklahoma City last year.

Two new men are joining Fort Worth—Christian Van Cuyk, 25-game pitching winner with Cambridge, Md., last year, and Eddie Chandler, pitcher optioned to the Cats by Brooklyn.

Dallas added five men as new

## Broncs To Play Park Benefit Game Sunday

Proceeds of Sunday's exhibition baseball game between the Big Spring Broncs and Lamesa's Loboes will go toward the building fund of the park, the Bronc management announced this morning.

Some time ago, a group of local business men agreed to underwrite a campaign to increase the seating capacity at Steer park. Some \$8,000 was expended on two extra sections of grandstand, which brings the seating capacity of the plant to nearly 2,500.

The merchants and business men who guaranteed the project will co-operate in helping 'sell' the Sunday game, final on the exhibition schedule for the Hosses.

LAMESA, April 15—Lamesa's Loboes broke loose with a nine run uprising in the eighth inning to vanquish the Big Spring Broncs, 11-7, in the third of their practice games here Wednesday night.

Chester Zara went all the way on the hill for Lamesa while Jimmy Perez, Rolando Viadoro and Hubie Sheppard labored in the box for the losers.

Armando Traspueto, currently holding down third base for the Hosses until Orlando Moreno arrives on the scene, hit a first inning home run for the Steeds while Jack McClain drove one out of the park with George Lopez up front in the third.

Perez struck out five men in his five inning assignment, walked but one man.

J. Perez, Viadoro, Sheppard and Echeverria; Zara and Palmer.

The Cayuses invade Lubbock tonight for a return game with the Hubbers of that WT-NM league city. They subdued Jackie Sullivan's gang in a previous game here.

Friday night, the Steeds are ticketed to play Abilene's Blue Sox here. Saturday night, Sweetwater comes to town.

### Longview Team Leads Tourney

DALLAS, April 15. (P)—The Women's International Bowling congress tournament was in for a full day today.

Double and single events run from 9 a. m. to 7 p. m., and two shifts of teams at 7 and 9:30 p. m.

Both boosters and regulars will fire in the team events.

Few changes were made last night when teams in the regular division were bowling.

Out in front in the regular division was the independents of Longview, Texas, with a score of 2,480.

### Offer Rejected

WINSTON-SALEM, N. C., April 15. (P)—The Washington Senators have turned down a deal to send Pitcher Mickey Haefner to the Philadelphia Phillies for Shortstop Jack Albright.

Instead of adding Haefner to their roster, the Phils, barnstorming their way north with the Senators, will face him in today's exhibition game. Washington has dropped four out of five games so far in their series with the Phils.

## LOOKING 'EM OVER

With TOMMY HART

Little Humberto Baez, who pitched hitless ball for the Big Spring baseball broncs in his five inning stint against San Angelo the other night, said he was capable of going the distance. That should be good news to the local followers who might wonder about Bertie's stamina.

Baez didn't get too much work at Sherman but he reported here in shape. His control was excellent Tuesday night and his curve ball was breaking well.

**ANGELO LEFTIE FORMERLY WITH RAILROAD HERE**

"Paul Campbell, the leftie who worked several innings for Pepper Martin's troops against the Hosses, took a leave of absence from a railroad job here to try out with the Colts. He's going to need a lot of work but may come around.

**BORGES GASSERS PROMISE HELP TO ANGELO CLUB**

Some assistance is going to be given Martin by the Borg club. He's been promised at least two players by the WT-NM league Gassers.

At the present time, Pep appears to be set only at third base, where Red Cowley holds forth, and in right field, manned by Ed Murphy. Martin said, in his estimation, that Cowley would be the best fielding third sacker in the circuit this year. The red-head, who is a native Anglo, appeared lean and leathery and fully capable of measuring up to that advance billing here Tuesday.

Local fans eyes popped when they spotted Leamon Bostick working out at first base Tuesday. Leamon, living in Odessa, wanted to see his old mates. When he found out they were playing here Tuesday, and against a club managed by a former teammate, he couldn't resist the urge to come over and suit out.

After Manager Pat Stasey discovered Martin was going to lead with a left hander, he inserted Leamon into the lineup to spell George Sift, who had had some trouble with southpaw pitching.

**MILT EILER LOOKS TO ADVANTAGE AS ARBITER**

Milton Eiler, the little umpire who has been working all the Big Spring games, is going to fill the bill as a 'ball-and-strike' man. Given the benefit of training in the George Barr Umpiring school, Eiler showed the advantage of that indoctrination in the exhibition games.

If he is an example of the brand of umpiring that will be seen in Longhorn league games this year, then the caliber is going to be much improved over what it was a year ago.

Incidentally, we liked what Ted Groebel told Eiler about this country, after being introduced and was told that Mill, like himself, hailed from California.

"It'll take you a while to get used to West Texas. You may not even like it for a while. But stay here six months and you'll never live anywhere else. It's the greatest country in the world."

**BONES SANDERS RELEASED BY PORTLAND CLUB**

Bones Sanders, the Corsicana basebatter who has been playing in the Pacific Coast league for several years, has drawn his outright release from the Portland Beavers.

Bones broke into professional baseball with the Amarillo Gold Sox at the time Big Spring was a member of that circuit.

Odessa's Oilers have obtained Leo Rheingans, a fly chaser, in an outright sale. Rheingans was with the Oilers toward the tag end of last season but was recalled by Abilene in the spring. He failed to make the grade with that Class C club.

### Conway At Second

EVANSVILLE, Ind., April 15. (P)—Jack Conway, Cleveland Indian castoff, appears a cinch to open the season at second base for the New York Giants.

Conway has been filling in for the injured Bill Rigney and has fielded well and held up his own at the plate.

### Browns Win, 7-0

TEXARKANA, April 15. (P)—The St. Louis Browns play their last exhibition game of the season against a Big State league club today when they take on the Texarkana Bears.

Yesterday they blanked the Paris Rockets, 7-0, with Ken Wood leading the way with two homers. It was the Browns' third shutout victory of the spring.

In 1832 there were 40 miles of railroad in the United States.

Coahoma's Auburns, surprise winners over the Forsan Oilers in their first round Tri-County baseball league game, tackle the Knott Billies in second round play at home Sunday.

The Auburns looked good afield and strong at bat in their engagement with the Oilers. In Bill Brown, they have probably the best pitcher in the league.

## Braised Stuffed Beef Heart Is Main Dish

Braised stuffed beef heart is this Peace Plate, putting celery, onion and bread crumbs to work in a money-saving variety meat dish.

Beef heart is a real economy meat and this recipe for braising is certainly designed for the thrifty since the flavor is extended. It's a valuable meat nutritionally speaking, too, because it's high in mineral and vitamin content.

In buying beef heart, be sure it's strictly fresh and firm to the touch. See that it goes to the refrigerator quickly after purchasing and use it within a day to avoid spoiling.

**Braised Stuffed Beef Heart**  
1 beef heart—3 to 4 lb.  
1 onion chopped  
2 stalks celery diced  
1/2 teaspoon sage  
3 tablespoons fat  
2 cups bread crumbs  
Salt and pepper

Wash the heart; removing all gristle and veins. Cut slit in one side and fill cavity with dressing made as follows: Cook the chopped onion, celery, and sage in 2 tablespoons of fat. Add the bread crumbs and season to taste with salt and pepper. Fill heart with dressing and sew or skewer the slit. Brown the heart on all sides in the remaining tablespoon of fat; place in a baking dish and add 1/2 cup water, cover closely and cook until tender (about 2 hours) in a very moderate oven (300 F.). Make gravy of the drippings. Serves 4 with sufficient left over for a second meal.

**Menu Suggestions:** A casserole of scalloped tomatoes is easy to prepare and can be baked in the oven along with the braised heart. Baked squash can be readied in the oven too. Try a tart French

dressing with bleu cheese on lettuce for salad. If you have leaf lettuce from the garden or market it's an ideal salad green. Try cottage pudding with a good chocolate sauce for an old favorite dessert.

**Food Tips:** A beef heart is large weighing about 4 pounds, while a calf or pork heart weighs about 1/2 pound and a lamb heart about 1/4 pound. So you will need two calf or pork hearts, or four lamb hearts for this stuffed heart dish. Beef heart also is the least tender of the various hearts on the market. But it is made tender by proper cooking.

Heart is a rich source of iron and it's good for B vitamins and quality protein.

There are many ways of preparing heart or using any which is left over. It may be ground for patties or meat loaves or cubed and used in stew with vegetables.

### Raisin Pie

The raisin gets a touch of glamor in a pie that strikes everybody's fancy from the first bite. It's easy for you to prepare this Raisin Pie  
2 cups seedless raisins  
1 1/2 cups boiling water  
1/2 cup sugar  
2 tbs. cornstarch  
1/2 tsp. salt  
Juice and rind of 1 lemon  
2 tbs. fortified margarine  
1 baked pie crust shell (and top crust if desired.)  
Pour water over the raisins; simmer gently 5 minutes. Mix sugar, cornstarch, salt, grated rind. Pour into this some of the raisin mixture. Add the lemon juice. Stir over low heat until mixture is rich and thick and the cornstarch well cooked (taking at least 5 minutes). Add margarine. Stir until melted. Pour into the baked pie shell.

**Reds Postpone Unity Meeting For Koreans**

SEOUL, April 15. (AP)—The Soviet-backed unity conference of northern and southern Korea political leaders, scheduled in the Russian zone Wednesday, has been postponed indefinitely. The Pyongyang (Soviet zone) radio announced the postponement late Wednesday. South Korea listeners said the broadcast gave no definite reason, but implied that the North Korea sponsors were still waiting to learn whether two prominent South Koreans would attend. The two, invited by the North Korean Democratic People's Coalition Front, are Rightist Kim Koo and Liberal Kimm Kiu Sic. Kim Koo, once denounced by the Russians for opposing a Russian-American trusteeship, told Korean newsmen today he plans to go north before April 20. He said four other officials of the rightist South Korean Democratic Party he heads would go with him. Kimm said he was ill and would not go. Invitations to the North Korean conference were extended March 25 to Kim Koo, Kimm and 13 other South Koreans. Most of the others were Communists who oppose plans for forming a Korean government by an election approved and observed by the United Nations. The election has been scheduled in the southern, American-occupied zone on May 10. Russians refused to slow the UN balloting in the northern zone. Kim and Kimm also opposed the election in the southern zone, contending it might permanently divide Korea.

**Club-Swinging Police, Pickets Clash In Financial District**

NEW YORK, April 15. (AP)—Club-swinging police and pickets clashed in the financial district yesterday as a new flurry of violence punctuated the 17-day-old strike of New York stock and curb exchange workers. The short-lived skirmish, second since the AFL United Financial Employees began their work stoppage, broke out when seven AFL seamen sympathizers tried to rush the Wall Street entrance of the stock exchange. Their strategy apparently was to block the passageway to the building. The seamen's first two attempts were frustrated when policemen drove them back across the street. On the third try, the officers used their nightsticks and the seamen their fists. Four were arrested and three escaped. Assistant Chief Police Inspector Frank Prikstensky Jr., said additional pickets had reached New York from the Boston area yesterday. "They're all seamen from laid-up ships," he said. "They were brought down here for the picket line." AFL seamen have taken part in the picketing activities of the financial workers since the start of the strike. First violence in the dispute came March 30 when police broke up a lie-down demon-

stration by pickets in front of the stock exchange. One of the four men arrested yesterday was held on a felonious assault complaint. Booked as Anthony Pinhook, 23, of Framingham, Mass., he was charged with kicking a policeman in the groin. The others were charged with disorderly conduct. Meanwhile, progress toward settlement of the curb exchange phase of the strike was reported by Walter A. Magglio, head of a three-man federal mediation board. "Substantial progress was made today on the major issues," Magglio said last night following a mediation session. The issues involve wage increase demands and union security. The union seeks \$9 weekly increases for members making less than \$40 and \$15 for those earning more. Yesterday's flareup followed a tense afternoon in which the picketing forces were increased to about 2,000 persons, the largest since the start of the strike.

**O'Dwyer Hits Strike Threat**

NEW YORK, April 15. (AP)—Mayor William O'Dwyer says he will not tolerate a strike on city-owned transit lines, but a union chief threatens imminent paralysis of most transportation in the metropolis. The threat was made yesterday by Michael J. Quill, international president of the Transport Workers Union (CIO), who is demanding an increase in the five-cent fare to finance wage boosts and other benefits for the 42,000 transit workers. Quill told the board of estimate that 7,000 workers will vote tonight to authorize a strike on bus and trolley lines carrying three million odd passengers a day. "The wheels of the subways will grind to a halt as soon as these men strike," Quill said. Quill said it would not be necessary for his union to call a strike on the city-operated subways, because "the subways will go down of their own weight" under the burden of carrying passengers "dumped" on them from the three threatened surface systems.

VERNON, April 15. (AP)—Despite an indication that government engineers would report unfavorably on proposed plans to dam tributaries of the Red River, the Upper Red River Basin Flood Control Association planned to go ahead today to push the proposals. The association met here yesterday. F. C. Kendall and Henry K. Shane of the Army Corps of Engineers, Tulsa, indicated at the meeting that the report will be unfavorable when it is released to proposed projects in the area.

**Mary Lee Taylor's Corn Fritters**  
 Broadcast April 17, 1948

1 cup sifted, all-purpose flour  
 1 1/2 teaspoons baking powder  
 1/2 teaspoon salt  
 4 teaspoons sugar  
 2 tablespoons shortening

1 well-beaten egg  
 1/2 cup Fat Milk  
 1 1/2 cups drained, whole kernel corn, cooked or canned  
 10 1/2-oz. can condensed tomato soup

Sift together flour, baking powder, salt and sugar. Work shortening into flour mixture with fork. Mix beaten egg and milk, then add all at once. Mix quickly but thoroughly. Fold in corn. Drop by teaspoons into deep fat hot enough to brown an inch bread cube in 35 seconds (350° F.). Fry a few at a time until brown. Drain. Heat soup slowly. Serve over the fritters. Makes 2 dozen.

Notes: To cook fritters in 1/4-in. of hot shortening, allow 1/4 cup batter for each. When edges are cooked, turn and brown other side. Makes 8 large fritters.

# Here's A Recipe For Two As Given For Chinese Fondue, Baked Beans

By CECILY BROWNSTONE  
Associated Press Food Editor  
Housekeepers who have been clamoring for small-size recipes will find some good ones in "Recipes for Two" by Mary Lou Glass, published by John Wiley & Sons, Inc., New York.

There are several reasons why Mrs. Glass' book is outstanding: first of all her husband tasted and approved her recipes—and a man's vote is always reassuring! And because the author is a home economist with an obvious flare for food the best of modern cooking practices are taken into consideration, the recipe directions are clear and the selection of recipes is good.

Thank heavens Mrs. Glass is really serious when she says recipes for two! I have at least three cookbooks on my shelves that purport to be for two but whose recipe amounts are far too large. Most of Mrs. Glass' recipes are for two—but she does not carry this to an extreme. Her cake and pudding recipes will yield four or more servings. This is convenient because these desserts can be served twice or may be used for company meals.

There is excellent introductory material in the book—everything from can sizes and equivalent measures to a short glossary of cooking terms. And here are two sample recipes from the chapter on "Meat Substitutes." When I tried the Cheese Fondue I found that along with a salad, hot muffins and

strawberry preserves it made a most delicious lunch.

### CHEESE FONDUE

1. Scald: ½ cup milk
2. Add and stir until dissolved: ½ cup American cheese, grated
3. Stir in: 1 teaspoon butter; ¼ teaspoon salt; ¼ teaspoon paprika; 1-4 cup soft bread crumbs; 1 egg yolk beaten.
4. Fold in: 1 egg white, stiffly beaten
5. Pour in a well-greased baking dish and set in a pan of warm water.
6. Bake in a moderate oven (350 F) for about 30 min., or until firm.
7. Serve immediately.

Yield: 2 servings. Preparation Time: 45 min.

For the days when the bride doesn't use a cookbook oven-baked beans that come in 1 pound 2 ounce jars or cans may be used. Just put them into individual bean pots, heat thoroughly and serve. If you like, brown sugar may be sprinkled over the top before heating. With the beans serve New England brown bread—it too comes in cans to make life easy for a new housekeeper. And of course don't forget the salad—it will round out the meal with crisp crunch and all kinds of vitamins!

There is excellent introductory material in the book—everything from can sizes and equivalent measures to a short glossary of cooking terms. And here are two sample recipes from the chapter on "Meat Substitutes." When I tried the Cheese Fondue I found that along with a salad, hot muffins and

## Scotch Limas

Beans are more than just beans when they're prepared in this savory style—they become a spicy meal-in-a-dish that wins hearty acclaim from guests and family alike.

### Scotch Limas

6 tablespoons fortified margarine melted  
2 cups dried lima beans  
4 cups water  
1 onion, chopped  
1-3 cup brown sugar  
2 teaspoons salt  
¼ clove garlic  
¼ cup diced celery or 2 tablespoons crushed diced celery leaves  
3 strips bacon

Cover lima beans with 4 cups water. Add margarine, brown sugar, onion, salt, garlic, and celery. Cover and cook until beans are tender. Place in a well-margarined casserole and cover with strips of bacon. Time: bake 20 minutes or until bacon is cooked. Temperature: moderate oven, 350 F. Yield: 6 servings.

To make a dustless duster for daily use, pour two tablespoons of furniture polish or liquid glass into a glass jar. Swish it around until the entire side of the jar is coated, then pour out the remaining polish or wax. Put a piece of cheesecloth in the jar and allow it to stand for a few days. At the end of this time the cloth will have absorbed the polish evenly. After the dustcloth has become soiled wash it and repeat the process. Be careful to keep the cloth away from wallpaper as it will leave an oily stain.

## Ham And Egg Pie

Ham 'n' eggs is a typical American dish—and one of our favorites. And today it goes into a pie with cheese biscuit crust to be our Saturday Peace Plate.

It's an economy version using one of the less expensive cuts of smoked ham, not the high-priced center cuts but a slice from a smoked picnic ham or smoked ham hock or shank. Or if you have baked a half ham, our ham and egg pie can use the cooked bits of meat which don't slice well.

### Ham and Egg Pie

1 lb. uncooked smoked ham  
3 tablespoons ham fat or drippings  
3 tablespoons flour  
1½ cups milk  
Salt, pepper, Worcestershire sauce (optional)  
2 eggs, hard-cooked, sliced  
Trim fat from ham. Brown meat and trimmings in frying pan. Remove ham and cut in cubes. Remove cracklings and any drippings in excess of 3 tablespoons and save for seasoning other dishes. Make a sauce by browning flour in the 3 tablespoons of fat, adding milk gradually and stirring until thickened. Season to taste. Arrange ham and eggs in layers in baking dish and cover with the sauce. Bake for about 15 minutes in a moderate oven, (350 F.) Top with cheese biscuit. Serves 4.

### Cheese Biscuit Crust

2 cups sifted flour  
3 teaspoons baking powder  
¼ teaspoon salt  
4 tablespoons cooking fat  
2-3 cup shredded cheese  
½ to 2-3 cup milk

Sift dry ingredients. Cut in fat and then cheese; add milk enough to make a soft dough. Roll out, cut in rounds. Bake in a hot oven (450 F.) for 15 minutes. This should make 12 to 16 biscuits—some for topping the pie and some to serve piping hot with spicy apple butter—so good with ham dishes.

## Lions Club Hears Musical Program

Lions club members Wednesday heard a musical program featuring a girls' sextet and vocals by little Jane Cowper, daughter of Dr. and Mrs. R. B. G. Cowper.

With Mrs. Ann Gibson Houser at the piano, the sextet—composed of Kitty Roberts, Wanda Petty, Susan Houser, Jan Masters, Ann Crocker and Barbara Greer—sang several numbers. Jane Cowper sang two numbers, including a novelty with parts for the sextet.

Nominees for new officers were announced by Bill Dawes as Rev. R. Gage Lloyd and H. P. Steck (who announced he could not be available if elected), president; Avery Falkner and Bob McEwen, first vice-president; Dick Lane and

## Fort Sill Unit Seeking Negroes

The enlistment for qualified Negro applicants for direct assignment to the 96th Field Artillery battalion, Fort Sill, Okla., is currently authorized. Lt. O. L. McFadin, commanding officer of the local U. S. Army recruiting station, announced Wednesday.

This is a new addition to the Army's specialized recruiting effort in this area, Lt. McFadin stated.

Both veterans and men without prior service will be accepted. Veterans may re-enlist for this assignment in grades up to corporal, based on their previous training and experience.

Vernon McCoslin, second vice-president; Truman Jones and S. K. Whaley, third vice-president; Dan Conley and L. T. King, secretary; W. E. Greenlees and Bill French, Liontamer; Joe Blum, Rixie Dobbins, Cecil McDonald and John Stitzel, talltowers; Bill Greise, Joe Heddlston, Carl Smith and Jess Thornton, directors.

# "KEEP SAVING USED FATS!"

... It's a Habit That Pays "

"My conscience wouldn't let me throw out even a drop of used fats when I know they're still needed so badly. Why, today's shortage of fats and oils is still very serious, our government says!

"I really get a kick out of seeing how much extra fat I can save . . . by melting down trimmings, skimming gravies, and scraping pans. I re-use it, certainly! But there's always something left to make saving worth while!

"Have you ever stopped to think that used fats are the only kitchen waste that can be turned into cash? That's a good point to remember in these days of higher food costs."

CAMPAIGNS IN FINAL PHASE

Communists Are Apparently Still Losing Ground In Italy

ROME, April 15. (AP)—Italy's bitter election campaign entered its last phase today with the Communists apparently still losing ground. The government mounted guard for any last-minute leftist maneuver in the country's "Red North."

A government decree closes campaigning at midnight tomorrow allowing a 32-hour cooling off period before voting starts Sunday morning at 8. Premier Alcide de Gasperi, Christian Democrat leader, has warned that the government will not tolerate trouble on election eve, and has promised it has enough troops to maintain order. An interior ministry report that the Communist-dominated chamber of labor at Mantua had called a general strike in the northern province of Mantova could not be confirmed. Police at the scene said last night it had not been called yet. Mantua is the capital of Mantova. The ministry said the reported strike call was in protest against the arrest Tuesday of Cleanti Armondi, Communist mayor of Serravalle, near Mantua. It said a cache of small arms was found in his home, and included five rifles. Police at Ostiglia, south of Mantua, said a crowd gathered by agitators who wanted to release Armondi from jail, attacked reinforcements coming to the carabinieri barracks, but that order was restored. They said three hand grenades and a shower of stones were thrown by the crowd and that the police used their arms to stop the disturbance. Three persons were wounded. Eight soldiers, police and carabinieri were hurt by stones.

larger in the closing hours of a campaign which has as its overshadowing issue the United States versus Russia. Observers feel the Marshall Plan argument has been a cross to supporters of the Communist Popular Front. Milanese were warned by Vilim Blazek, secretary-general of the Czechoslovakian Social Democrat Party in exile, that the Czech Communist coup followed pressure by Prime Minister Stalin for rejection of the European Recovery Program. He touched on the death of Czechoslovakia's Socialist Foreign Minister Jan Masaryk, reported by the Czech government to have been a suicide. "I do not think he committed suicide, nor do any people of my acquaintance," he said.

Escape Renounced In Rescue Attempt

JACKSONVILLE, Fla., April 15. (AP)—A prisoner wearing chains swam ashore from Fort George Island and then turned back to try to save another who couldn't make it.

Capt. C. M. Ross, assistant superintendent of the county prison farm said James E. Wilson and Alfred Ray Markham broke away from a road gang on the island Wednesday, jumped into the water and headed for the mainland.

Wilson made the shore, but when Markham floundered in mid-stream, Wilson abandoned flight and helped in attempted rescue operations, Ross said. It was all in vain, however. Markham drowned.

Dental Screening Will Be Completed By End Of Term

The dental program being conducted in schools jointly by the city-county health unit and local dentists is due to reach all local schools by the end of the current term. Dr. F. E. Sadler, health unit director, reported Wednesday. Pupils at the North Ward school are due to be screened on April 23, and on April 28 the program will continue at West Ward. Dr. H. M. Jarrett and Dr. Dick R. Lane will screen students at the new Airport school before May 1, with exact date to be scheduled later. During May students at the Kate Morrison and Lakeview schools will be screened.

Perrin Personnel Needs Housing

WASHINGTON, April 15. (AP)—North Texas residents were asked today to help personnel at reactivated Perrin Field near Sherman and Denison to find housing accommodations. Air Secretary Stuart Symington made an appeal in a letter to House Minority Leader Rayburn (D-Tex.). The air secretary asked that all possible rooms in the area be made available for the men and their families who would go to the area.

# Stassen Makes Old Guard Blink

Harold E. Stassen is causing the old guard in the Republican party to blink its eyes. From an annoying third-placer, he has progressively advanced to a favored spot for the GOP nomination within the past three weeks.

bly have been aware of his political presence long before most figures were impressed, for there have been reports of a sort of alliance between them to stop Stassen in case he got out of hand. Add to this the fact that the old guard keeps a pretty tight rein on party affairs, and another hurdle is still in the path of the vigorous campaigner from Minnesota.

# Lewis Move Sometimes Backfires

WASHINGTON—John L. Lewis has a cute habit of playing one political party off against the other. Sometimes it works, sometimes it backfires. Therefore it will be interesting to watch the repercussions from his use of Speaker Martin and Senator Bridges.

and the payment of \$50,000 for the broadcast in which Lewis tried to defeat Roosevelt. Obviously such a probe would have been highly embarrassing to the big miner.

chairman of the House Postoffice Committee, has been holding the report close to his bosom, even refusing to let some of his colleagues see it. However, it may help to trim down the \$345-million postal deficit that the government is stuck with this year.

Again last June, Lewis staged another backstage maneuver, cunningly up to Governor Dewey's friends he was able to pull one of the biggest wage boosts in recent history, plus welfare fund, plus almost everything else he wanted from both the J. P. Morgan steel interests and the Mellon family coal interests.

MERRY-GO-ROUND Senator Ferguson's National Defense Committee has just completed its report on the Howard Hughes investigation—and for some strange reason makes no mention whatsoever of Senator Brewster's mysterious lobbying for Pan American Airways.

The Trundle company recommended sweeping steps to abolish these defects. It urged a tightened, more equitable personnel policy, a morale-building program, a six-day 40-hour week for carriers instead of the present five-day week.

# We Still Have Initiative

Ever think about going into the plowing business while putting around in the back yard garden? Gordon Burgar of Waco did. And what's more, he did something about the idea. Last month he reaped a \$700 gross income and a \$500 profit from a new business which he calls Waco Garden Service.

He decided to try and make a little money after working hours with it by plowing up gardens. Five months later, demands for his services had spread so that he launched his own business ship and cut the ties of his salaried job. Now he has two machines and has hired an assistant at \$10 a day.

# May Best Machine Win

NEW YORK, April 15 (AP)—The day is drawing nigh when machines will overthrow mankind and rule the world. Year by year man and his civilization are growing more dependent upon the machine. And the time is near when the machine will take power into his own hands.

Let us call this robot Ronald. He has a pair of mechanical hands. He can write, deal a game of solitaire, peel a banana, pick up a match and light a cigaret, pull a cork out of a bottle and pour its contents into a beaker.

It all began with the wheel. Some stone age peddler of arrowheads probably found he could get his wares around easier by pushing them on a wheeled cart than by lugging them on his back.

Suppose some mad Frankenstein mates Ronald up with one of the brilliant mechanical brain robots they have at Harvard? Ronald, Jr., would have a brain smarter, a hide tougher, hands more dexterous than any living man. But he would have no heart.

### Al Gionfriddo Leaves Majors

BROOKLYN, April 15. (AP)—Al (The Catch) Gionfriddo, pocket sized outfielder who was the hero of Brooklyn a short time ago, is back in the minor leagues.

The little fly hawk was released outright to the Montreal Royals of the International League by the Brooklyn Dodgers yesterday in order to make room for two rookie pitchers, Dwain Sloat and John Hall.

Gionfriddo, who still plays the leading role in New York Yankee outfielder Joe DiMaggio's nightmares, was the toast of Brooklyn following the sixth game of the 1947 World Series.

Trailing the favored Yanks, three games to two, the Dodgers entered the sixth inning of the sixth game on the long end of a 5-5 score.

In the last of the sixth the Yanks put two on and had two out as DiMaggio came up. DiMaggio caught a fat pitch and drove a towering drive in the direction of the left field bull pen. It seemed a certain homer.

However, Gionfriddo raced over and made a leaping one-handed stab of the ball just as it was about to sail into the bull pen. 415 feet from home plate. The catch broke the Yankees' back and the Dodgers went on to win the game, 6-5, and tie the series at three-all.

Gionfriddo was acquired by the Dodgers after the start of the season along with \$125,000 for Pitchers Kirby Higbe, Hank Behrman, Cal McLish, Catcher Dixie Howell and Infielder Gene Mauch.

The leatherback sea turtle reaches a weight of 1,000 pounds.

### Suggs To Stay With Amateurs

PINEHURST, N. C., April 15. (AP)—National Amateur Golf Champion Louise Suggs says she is "definitely not interested" in turning professional at this time.

The affable Atlantan, feminine golf's counterpart of Ben Hogan, admits there have been offers, but right now her principal interest is in next month's Curtis Cup matches in England and in defending several titles she won last year.

Despite her determination to stay in the amateur ranks, however, she has definite opinions on women's professional golf. She made them known while competing here in the 46th annual North and South Women's tournament. She thinks that with proper organization, women's professional golf could be made a paying proposition.

"For one thing," she explained, "women's golf has gallery appeal. Women just can't compete with men when it comes to power off the tee. Therefore, the payoff is on finesse in the shorter game and on the greens. That can and does furnish the crowds with as much interest and excitement as the longer power game of the men."

"With proper supervision and an adequate series of tournaments, professional women's golf could make a go of it. However, there would have to be a definite series of tournaments and not a hit or miss arrangement."

### Leafs Defeat Red Wings, 7-2

DETROIT, April 15. (AP)—Professional hockey's tarnished old Stanley Cup, emblem of National league playoff supremacy, remains right in Toronto for another year.

The Toronto Maple Leafs, settled the issue with complete finality here last night by crushing Detroit 7 to 2 for a clean sweep of the four-game finals.

### Wyse On Sidelines

LITTLE ROCK, Ark., April 15. (AP)—Manager Charlie Grimm said today that Hank Wyse is out of the Chicago Cubs' pitching picture temporarily because of an injured right elbow. **Metropolitan Is A Big Success In Los Angeles**

LOS ANGELES, April 15. (U)—After a 43-year absence, the Metropolitan Opera Company of New York came back to Los Angeles Wednesday night for an enthusiastic but un-Hollywood-like opening.

A sellout crowd of more than 6,000 packed the cavernous Shrine auditorium to hear a rousing performance of "Carmen" with Rise Stevens in the lead. The event brought out more top hats and tiaras than have been seen here in years.

The premiere was remarkably restrained for these parts. Searchlights, grandstands and other trappings of film events were missing. No hi-jinks marked the premiere. There was no head standing in the lobby. There were dowagers aplenty but none put her leg on the table.

The Met gave up coming to Los Angeles after an unprofitable visit in 1905. It need have no fears in the future. The current two-week engagement is already in the black, and several performances are sold out. The visit is sponsored by Greater Los Angeles Plans, Inc., a civic group which hopes to build an opera house for future Met engagements.

The Met next moves its double trainload of culture to Denver.

**Reforming Mood Is Trend In India**

BOMBAY, April 12. (U)—Mother India is acting today like a Puritan. Although pessimists say you can't change human nature with law books on this old sub-continent, the trend is toward national prohibition and the abatement of prostitution.

Alcohol and legalized vice are now ranked, as public enemies by the highest statesman of the young Indian Dominion.

Social reformers, comforted by the saintly teachings of Mahatma Gandhi, are already writing more stringent legislation.

The most direct blows have fallen on the sale of intoxicants. Traffic in women is proving harder to control.

Test tubes for social experiments are India's largest cities, Bombay and Calcutta. Two dry days are enforced each week in Bombay, including the pay-day for millhands in the big textile industry. Calcutta goes drinkless on Saturdays.

"It's only a small beginning," says a young Brahmin reporter on the police beat here. "But anyone can notice the change in the moral climate since the British Raj gave up the ghost and we Indians took over political authority last August.

"The British were not too concerned. They let things slide."

Foes of white slavery are handicapped by religious tradition as well as the enormous profits made from vice.

Hindulism accords a recognized position to the prostitute class. B-savis (temple girls) still cater to pilgrims in backward states, although it is now generally forbidden to allow superstitious families to dedicate a daughter to temple service.

In Southern India, where matriarchal systems flourish, it is common to find prostitutes whose female ancestors, as far back as any records exist, belonged to the "oldest profession."

Vice is big business in Bombay. The red-light district, which spreads over several principal thoroughfares, is perhaps the most infamous in the East. There are streets lined with cages in which blotched-faced girls behind iron bars solicit for 12 annas—25 cents.

Rich banias (merchants) frequent a cluster of apartment houses further uptown where silk-gowned singers and dancers, with golden bangles hanging from nose and ear, entertain nightly at private parties which may cost 300 rupees (\$100) or more. The girls are usually attended by musicians who are their male relatives, including husbands.

The Bombay provincial government recently publicly confessed that the last anti-prostitution act, adopted 24 years ago, had "failed to achieve its objectives." It issued a new decree which is something less than half a loaf for determined leaders of a purity campaign here.

Under terms of the new act, prostitution is forbidden "within 150 yards of a place of public religious worship, educational institution, park, playground, cinema, railway station or tram line."

Ironically, race-rioters, not reformers, have done the most harm so far to white slavery. Most brothels are in a mixed area of Moslems and Hindus. The hazards of as-

sassination in the street have discouraged customers, frightened girls back to their native villages, and cut the income of overlords, during the past six months.

**Pilots' Union Sues National Airlines**

NEW YORK, April 15. (U)—The AFL Air Line Pilots Association has served notice of suit against National Airlines, asking more than \$1 million for damages allegedly suffered during the current 11-week-old pilots' strike.

The union charges that the airline violated the railway labor act, broke a company-union agreement, failed to cooperate with the National Mediation Board and violated

the 1938 civil aeronautics act. The union accused the airline of fomenting the strike and then blocking its settlement, the attorney said. There was no immediate comment from the company.
