

Byrnes Urges Quick Draft Plan Revival

CHARLESTON, S. C., March 13. (AP)— James F. Byrnes, former secretary of state, said today the United States should promptly revive its wartime draft to back up a new warning that this country is against further Russian expansion by force.

Revival of Selective Service "will contribute greatly to the preservation of peace," he added.

And the United States should "act," not just make a new protest, if Russia threatens the independence of Greece, Turkey, Italy or France, Byrnes declared.

Byrnes spoke at corps day exercises commemorating the 105th anniversary of the opening of the Citadel, South Carolina's military college here.

The iron curtain has already gone down on Czechoslovakia, Byrnes said. Russia's demand on Finland for a defense treaty would be followed shortly by complete political and military control of Finland's government, he predicted.

A new draft is needed, he declared, to bring the Army up to its authorized strength of 669,000 soon. This first step to restore American military power should be coupled with increased air power, he said.

Byrnes, as secretary of state, championed a "patient but firm" postwar policy toward Russia. He declared any action to curb Soviet expansion should be "within the spirit and letter of the charter of the United Nations." But he added: "Knowing the Soviet habit of taking over a government and then announcing there is nothing to discuss, we must let the Soviets know we will act immediately to preserve the status quo until the security council has an opportunity to investigate the threatened aggression."

The Truman doctrine already pledges the United States to protect the independence of France, Italy, Greece and Turkey, Byrnes said.

Third Party Is Planned In Texas

AUSTIN, March 13 (AP)—Plans for a state convention to organize a third political party—the Wallace for president party—will be made here next Sunday, March 21.

The preliminary meeting is being called by "The Committee To Get Wallace On The Ballot In Texas," a group made up of representatives of various pro-Wallace organizations throughout Texas.

Notice of the March 21 meeting was received through the mail today by several Austin citizens. Carrying the signature of Pat Lunsford, brotherhood of railroad trainmen, Goose Creek, the letters called for immediate action to create a new party machinery in the state.

Lunsford indicated the group will function only until a state convention can be held.

'Hot Check' Men Buy Autos Here

Hot check artists moved into the automobile trading business here Friday and Saturday, city police reported.

A 1948 Mercury was recovered late Saturday in Odessa after a statewide search of nearly 24 hours which developed when it was discovered that a check the driver gave the Truman Jones Motor Co. was worthless. The man had purchased the car here Friday afternoon, and a statewide alarm was broadcast Friday night by the police radio station.

Saturday night local officers put another message on the air after it learned that another man gave an unidentified used car dealer a

ONE HUNDRED INVITED

Economic Survey Will Be Planned At Meeting Here

Approximately 100 persons have been invited to a meeting scheduled for 4:30 p. m. Tuesday in the Settles to make plans for assisting in research work in connection with the Texas and Pacific-Big Spring economic survey, J. H. Greene, chamber of commerce manager, announced Saturday.

H. G. Jordan of the Bureau of Business Research at the University of Texas, who is coordinating the survey work, is scheduled to fly here for the session. He will explain the types of assistance the organization is seeking from local persons.

Actually, the Bureau is seeking detailed information on some 57 topics concerning Big Spring and Howard county.

The topics include history, climate, physiography, soils, natural vegetation, minerals, underground

water, trapping, mining and extraction, manufacturing, construction, retail commerce, wholesale commerce, newspapers, radio stations, telephone facilities, telegraph facilities, post office facilities, water facilities, electrical facilities, municipal government, special government, educational facilities, church facilities, club and lodge facilities, library facilities, hospital facilities, housing facilities.

Also, recreational facilities, theatres, fairs and conventions and trade shows, athletic facilities, night clubs, public buildings, transportation facilities, hotels and lodging places, health and safety, natural gas facilities, banking facilities, financial institutions, real estate, professional services, federal and state government agencies, county government, storage and warehousing, railway transportation, highway transportation, mo-

tor truck transportation, motor bus transportation, air transportation, pipe - line transportation, animal life, population statistics, labor, agriculture, fishing.

Persons connected with each of the topics have been personally invited to the meeting. However, Greene said it was virtually impossible to contact as many as desired in each field on short notice, and others will be welcome.

Survey forms will be issued to those who agree to assist in the research work. Greene said no single topic will require much time, provided, of course, all are issued to persons who are associated with related business.

The survey is regarded as one of the most important phases of the joint T&P-WTCC program for increased industrial and trade development in this area.

Jerusalem Is Hit By Series Of Explosions

Reports Say Jaffa-Tel Aviv Warfare Heavy

JERUSALEM, March 13. (AP)— A series of violent explosions rocked Jerusalem tonight and heavy fighting was reported in the Jaffa-Tel Aviv area.

Two thundering blasts, almost as heavy as the explosions which smashed the Jewish agency building on Thursday, shook the Katamon district of the Holy City. Heavy clouds of smoke were seen.

The government said the explosion was touched off by Jewish squads which penetrated Katamon from the Rehavia quarter. One apartment building was destroyed and a second was damaged, the government said. Five lesser explosions also were heard.

Intensive gunfire was heard following the explosions resulting in one of the heaviest nights of fighting in Jerusalem in recent weeks. Near midnight the firing appeared to be dwindling out.

While the battle was at its height, the government reported another borderline battle had broken out in the Jaffa-Tel Aviv area. Units of Haganah, the Jewish defense army, were reported to have launched an attack from Tel Aviv at several points along Jaffa's outskirts, particularly in the Abu Kibir district.

A dispatch from Tel Aviv said Haganah units were on the offensive for three hours, firing mortars and automatic weapons in the Abu Kibir region. Haganah reportedly was trying to dislodge Arab bands which were to have taken over the village for use as a base for attacks against southern Tel Aviv.

Early in the afternoon Haganah ordered all Jews living in the area of Tel Aviv which adjoins Abu Kibir to evacuate their homes and leave their windows open.

One Jew was reported killed in this battle bringing the death toll to 1,703 since partition was voted by the United Nations.

Daylight Saving Time For Britain

LONDON, March 13 (AP)—Britain goes on daylight saving time tomorrow. Clocks will be advanced one hour at 2 a. m., putting London six hours ahead of Eastern Standard Time. The daylight saving will end Oct. 31.

LOCAL DRIVE LAGS

Texas City Sets Roll Call Example

After two weeks of campaigning, the Howard-Glasscock chapter of the Red Cross is a little over two-thirds the way to its goal.

That the local performance is not up to the best was pointed out Saturday by Jack Y. Smith, Roll Call chairman who cited the record of Texas City in "remembering" the Red Cross. That community, where waterfront fires and explosions claimed over 500 lives last April, over-subscribed its quota even before the drive started. Texas City had been assigned a quota of \$14,070, and the Red Cross chapter had subscriptions of over \$15,000 before general solicitation began. The town is expecting to double its goal.

"I realize that Texas City is a unique example," said Smith, "but the people in Howard county might do well to recall that the American Red Cross spent approximately \$16,000 in aiding victims of the

tornado which struck last spring in our own county. The Roll Call appeal for 1948 is just about half that amount, \$8,850."

Receipts in the campaign Saturday amounted to \$6,065. Smith said that the campaign headquarters desk, which has been maintained in the lobby of the Douglass hotel, will be closed after Tuesday. That community, where water front fires and explosions claimed over 500 lives last April, over-subscribed its quota even before the drive started. Texas City had been assigned a quota of \$14,070, and the Red Cross chapter had subscriptions of over \$15,000 before general solicitation began. The town is expecting to double its goal.

Many canvassers who took out cards have not yet turned them in, Smith continued, and he urged again that reports be made immediately so that the drive could be carried to a conclusion without further delay.

Rites Are Set For T. J. Brown

Funeral will be held at 3 p. m. today for T. J. Brown, 63, widely known Knott farmer and resident of Howard county, J. E. Brown, C. C. Brown, Abilene, J. E. Brown, Lawn, Eugene Brown and Hamilton Brown, Fort Worth. He also leaves several grandchildren including James, Gerald, Joyce Ann and John Merrick of Ackerly and Thomas Harold Canning, Big Spring.

Burial will be in the city cemetery with Floyd Jones, J. B. McGreggor, Weldon McCormick, John Blake, Lanham Petty, Jake Spaulding, Frank Hodnett and Ray Phillips as pallbearers.

All friends of the family will be considered honorary pallbearers.

Three Children Burned To Death

HOLDENVILLE, Okla., March 13 (AP)—Three small children were burned to death today when fire swept their farm home near here.

History-Making Relief Plan Wins Senate Vote

Dixie Heads Vote To Oppose Harry Truman

WASHINGTON, March 13 (AP)—An all-out battle against the nomination or election of President Truman was pledged today by the southern governors' conference.

Six Dixie governors voted to "fight to the last ditch" against anyone advocating passage of civil rights program which Mr. Truman recommended to Congress and on which he said yesterday he "still stands."

Chairman J. Howard McGrath of the democratic national committee called their plan "most undemocratic." He said it "can only be dealt with by the (national) convention."

All the six governors are democrats, and the president is an avowed candidate for the party's nomination to a full, four-year term.

Those supporting condemnation of the president and the leadership of the democratic national committee were: James E. Folsom, Alabama; Fielding Wright, Mississippi; Beauford Jester, Texas; Storm Thurmond, South Carolina; M. E. Thompson, Georgia, and Ben L. Laney, Arkansas.

Gov. William Preston Lane, Jr., of Maryland, refrained from voting. Gov. Millard Caldwell, of Florida, although in Washington, did not attend the meeting. Gov. R. Gregg Cherry, of North Carolina, sent word he had important business engagements at home. Senator Byrd (D-Va.) represented Governor Tuck of Virginia; Byrd said he supported the program.

The president was not mentioned by name in a resolution pledging opposition to any presidential or vice-presidential candidate who supports Federal laws on anti-segregation, anti-lynching, anti-poll tax and anti-job discrimination matters.

It left no doubt, however, as to whom it referred. Governor Folsom told reporters: "That's Truman."

Anderson Is A Candidate For Senate

WASHINGTON, March 13. (AP)— Secretary of Agriculture Anderson decided today to run for the Senate and President Truman thereby lost a political asset from his cabinet.

And southern governors were reported drafting more campaign bad news in the form of a fresh attack on Mr. Truman's civil rights proposals.

The governors, meeting in closed session, worked on a report of their previous complaints to Democratic Chairman J. Howard McGrath about the "civil rights" program. McGrath said he had no date to see the group during the present meeting.

Anderson announced at a news conference he will quit the cabinet when Congress adjourns, possibly in July. He will be a candidate in the June primary for the democratic nomination for the New Mexico senate seat being vacated by Democratic Senator Carl Hatch.

Hatch already has said he will be available for an appointment to the Federal court bench if it comes to him.

Anderson, appointed by President Truman to succeed Claude P. Wickard on June 30, 1945, said he is taking the step "reluctantly."

The cabinet member said he feels that he can "best serve New Mexico and the interests of the nation in the Senate."

He said if Mr. Truman is willing he will stay on the job until Congress acts to press for adoption of permanent farm legislation to take the place of the expiring price-support program.

Eben Ayers, a presidential press aide, said Mr. Truman "will accept Secretary Anderson's resignation with great reluctance when it is offered."

Associates said the President has not yet had time to cast about for a successor. Anderson said he hasn't the slightest idea who might succeed him.

Car Damaged

An automobile owned by Fred Perry of Odessa was damaged slightly when a short circuit in the vehicle's electrical wiring started a fire under the hood at 7:30 p. m. Saturday. The car was parked at 500 East Third street.

Wheat Crop May Be New Bonanza

The Texas wheat country may have another good strike this year second only to the 1947 bonanza, if the weather man will help out.

An Associated Press survey this week-end showed that the Texas Panhandle stood a good chance for high production, but some South Plains areas were in difficulty.

But nowhere were there indications that Texas would harvest 124,000,000 bushels, as it did in 1947. Even that year, farmers didn't expect a repeat performance.

Preliminary estimates indicate that the Panhandle may harvest half of its 1947 total, while the south plains section may harvest around 25 per cent.

The Santa Fe railroad's agriculture department said, "production may not be more than 50 per cent as large as that of 1947."

Key to just how much wheat Texas will grow depends, as usual, on the rainfall. Then later comes hail and diseases to be reckoned with.

The U. S. department of agriculture said that last week's severe freeze in the wheat growing area of Texas did no damage. However, the prolonged cold spells this spring have slowed growth.

But the picture now is brighter than last fall.

When time for fall planting arrived, the greater part of the wheat country was so dry that farmers "dusted in" their grain—planted it in dry ground hoping rain would bring it up.

Others relied on volunteer wheat—which grows without planting from unharvested seed left on the ground.

Reports from the Panhandle this week indicated this had caused a mixed situation.

In a 32-county block in the Panhandle, which produced 83,000,000 bushels last year, a survey by the Amarillo Globe-News showed last January that almost a third of the acreage was in volunteer wheat.

CLINTON ANDERSON ... Truman's loss

Anderson Is A Candidate For Senate

WASHINGTON, March 13. (AP)— Secretary of Agriculture Anderson decided today to run for the Senate and President Truman thereby lost a political asset from his cabinet.

And southern governors were reported drafting more campaign bad news in the form of a fresh attack on Mr. Truman's civil rights proposals.

The governors, meeting in closed session, worked on a report of their previous complaints to Democratic Chairman J. Howard McGrath about the "civil rights" program. McGrath said he had no date to see the group during the present meeting.

Anderson announced at a news conference he will quit the cabinet when Congress adjourns, possibly in July. He will be a candidate in the June primary for the democratic nomination for the New Mexico senate seat being vacated by Democratic Senator Carl Hatch.

Wants No Reward

WEST TEXAN ENDS HIS SEARCH For The Loser Of \$40,003

SNYDER, March 13. (AP)— It took Giles Garner almost a year to find the owner of \$40,003 he found on a sidewalk of this West Texas town last May 15.

Not until last week — after months of steady hunting — did he find the man who had lost it. The money has been returned, he said, to Karl Gring, of Dallas.

Here's the story:

Garner, 65-year-old resident of Snyder, a paving contractor, stepped out of the Snyder postoffice that day last May and saw an envelope on the curb. He picked it up. Inside were seventy-eight \$500 bills, five \$100 bills, ten \$50 bills and three \$1 bills.

He didn't say a word to anyone — just went over to the Snyder National bank, rented a safety deposit box and put the envelope in it.

Then he went to Dallas to confer with a cousin, John H. Garner, a director of the Merchants National bank.

"He was worried about how to get it back to the person who lost it," John Garner said in Dallas today. "He was afraid if he told how much money he had found, everyone might be claiming it. He decided to run some newspaper advertisements."

Numerous persons went to Garner or wrote him, claiming to have lost the money. None could tell him how much or describe the envelope.

Then last week, Karl Gring went to Snyder, found Garner and gave, Garner said, "a perfect description."

Gring asked Garner what sort of reward he wanted.

"Not a cent," Garner replied.

FAR NORTH TRAGEDY

Searchers Sight Smashed Airliner

ANCHORAGE, Alaska, March 13. (AP)— A search plane reported today that it had sighted a smashed Shanghai-to-St. Paul airliner, which vanished last night with 30 persons aboard, on an Alaska mountain side.

There was no sign of life at the scene.

The Army public relations office said a searching party aboard a C-47 spotted a Northwest Airlines insignia in the wreckage at the 8,500-foot level of Mount Sanford, a 16,208-foot peak 200 miles northeast of Anchorage.

Sighting of a fire in the south slope of the peak had been reported last night, shortly after its last radio contact with the Civil Aeronautics administration station at Gulkana.

The missing plane was a specially chartered northwest airlines four-engine transport. It was chartered to fly 24 seamen from the tanker S. S. Sunset home from Shanghai. They had sailed the vessel from New York.

The plane carried a crew of six. Army officers said the mountain-side where the wreckage was sighted is so rugged that it will be impossible to drop a ground party by parachutes. They said a rescue party will have to make its way to the spot by foot.

The 10th rescue squadron is expected to undertake the difficult and hazardous task.

The pilot of the Army plane from which the wreckage was sighted was William B. Jenkins of Monticello, Ark. The discovery came after half a day of aerial searching by more than a dozen planes and a helicopter.

C-C Directors Will Study Annual Budget

Big Spring chamber of commerce directors will discuss the organization's annual budget at their regular meeting Monday noon in the Settles.

Another subject due to receive consideration of the board is the possibility of the chamber constructing office facilities for its own use. Several other business matters will round out the agenda.

Wheat Crop May Be New Bonanza

The Texas wheat country may have another good strike this year second only to the 1947 bonanza, if the weather man will help out.

An Associated Press survey this week-end showed that the Texas Panhandle stood a good chance for high production, but some South Plains areas were in difficulty.

DEATH IN FLAMES 'INCIDENT' OF PALESTINE WAR — An Arab Legion truck (left) rolls past a flaming Jewish truck in Shiek Jarah quarter in Jerusalem which crashed into a wall as Arabs sniped at it. The Arab in the truck pumps more bullets into the blazing vehicle. The armored cab of the truck failed to save the Jewish driver as Arabs poured bullets into it through slits after it struck the wall. Body of driver was pulled out and burned with truck (AP Wirephoto).

WEEKLY OIL

Tidelands Charges, Replies Still Come

HOUSTON, March 13. (AP) — The submerged tidelands Washington show has slowed down a bit but participants continue to drop a bit of newspaper headline material. Former Secretary of Interior Harold L. Ickes, in testifying for Federal ownership of the tidelands, says former Congressman Hatton Summers of Dallas first suggested in 1888 the government's tidelands

suit against California. Summers, in Albuquerque, N. M., replied vigorously he never has "entertained or expressed any such view," but, instead, has believed in state ownership. Former Senator Burton K. Wheeler of Montana says oil companies stand to gain no matter whether Congress passes a bill giving the states ownership or an administra-

tion bill providing for federal leasing of the land.

"The government bill is entirely in favor of the big oil companies as against the little fellows who got out prospecting for oil," Wheeler said.

Governors or other public officials from 46 states have testified or indicated support of state ownership.

The excepted states are Missouri and Arizona. Washington sources say Missouri "just doesn't care."

Arizona's indifference still is to be explained. Meanwhile, at Marshall, the Harrison county democratic executive committee, has called upon Dallas-born Tom Clark, U. S. attorney general, to resign instead of "double cross" his home state by suing for federal ownership of the tidelands.

HOT OIL
Nebraska's Senator Wherry did not cause much excitement when he made his recent recommendation to President Truman that the Connally Hot Oil act be suspended. Said Oklahoma's conservation director Walter T. Pound: "Temporary suspension would have no effect in Oklahoma."
Said Texas Railroad Commission Chairman Ernest O. Thompson: "There would be no effect on Texas production."

Noting that the President has the right to suspend the Connally act when supply and demand get out of balance, the Nebraska senator said the Senate Small Business committee is convinced major oil companies are manipulating production and transportation "to bring about unreasonably high prices."

Thompson said Texas wells are producing their maximum at their most efficient rate.

LABOR FRONT
O. A. Knight, president of the Oil Workers International union, CIO, has announced its national negotiating committee has called for a strike vote among 10,000 Sinclair Refining company employees.

Knight said the action is a result of a breakdown in contract negotiations for a 30-cent hourly wage increase, the third postwar request for pay boosts by the union. The current Sinclair contract expires July 1.

STATISTICAL SIDE:
American Petroleum Institute's daily average crude production report for the week ending March 6 was 5,332,900 barrels, a drop of 34,225 from the previous week.

The Oil and Gas Journal estimated the week's daily average at 5,379,620, a decrease of approximately 47,000 with Texas accounting for 32,150 of the drop.

Continental Oil company has ordered a cost-of-living bonus for salaried employees, ranging from \$17.50 to \$40 monthly. . . . McCarthy oil and gas corporation has completed plans for drilling a 12,000 foot test in the Jackson pastures field in Galveston Bay, Chambers county.

Garden City, Kas., has been selected by Stanolind Oil and Gas company as site for its multi-million dollar synthetic plant for converting natural gas into liquid fuels and chemicals.

The White House is reservation No. 1 of the U. S. National Capital Parks.

West Texas Has Drilling Upsurge

By JOHN B. BREWER

SAN ANGELO, March 13—Extensions to the Yarbrough & Allen (Ellenburger) field in Ector county and to the Three Bar (Devonian) field in Andrews county accompanied this week a continued upsurge of drilling to new highs in West Texas.

Eight counties listed locations for nine wildcats. This followed the filing of applications for 91 permits, a record number, of which eight were for wildcats, during the week ending March 6. This brought the total for the first nine weeks in the year to 578, a weekly average of 64.33, compared with the 1947 average of 47.13 weekly.

Humble No. 3 Yarbrough & Allen, C SE SW 18-B14-psl, half mile south extension in Ector county, flowed 112 barrels of oil in five hours after acidizing open hole from 10,810-840 feet. It drew a diagonal southeast offset, No. 6 Yarbrough & Allen.

Amerada staked No. 1-25 Hattie E. Connell and others, slated 9,500-foot wildcat in Ector, C NE NW 25-B16-psl, 1 1/2 miles northwest of the nearest producer in the Jordan Ellenburger field.

Frankel Bros. No. 1-C University, C NE SW 25-13-U, became the first dual completion in the Shafter Lake Wolfcamp and Devonian field in Andrews county. It rated 1,135.76 barrels daily from acidized Devonian above 9,900 feet after establishing a daily flowing potential of 1-252.8 barrels from acidized Wolfcamp at 8,405-45 feet.

The Three Bar field in Andrews was extended one-half mile north by Champlin No. 1-G University, C SW SW 4-11-U, rating 110.87 barrels of oil daily through casing perforations above 8,400 feet. It had been treated with acid.

Ohio No. 1 Swenson, northeastern Garza county wildcat, in section 26-2-H&GN, cemented 5 1/2-inch casing at 7,975 feet, one foot off bottom, to test shows unofficially reported to have been logged in the Ellenburger. Humble No. 1-G fee failed in the Ellenburger and plugged back from 8,357 in granite to 7,870 feet to test the Mississippian. On a 90-minute drillstem test of the Mississippian from 7,750-7,835 feet it recovered 685 feet of heavily oil and gas-cut mud. Location is the C SW NW 136-5-H&GN in the shallow Justiceburg field.

Bankline Oil Co. of Midland operated No. 1 F. L. Butler, proposed 5,100-foot wildcat in Terry county, C NW NW 12-C39-psl, seven miles east of the Adair field.

Sun No. 2 J. W. Arledge, 1,889 feet northeast of No. 1 Arledge, Marble Falls discovery in northern Coke county, was believed to have shown enough oil in the Marble Falls to produce. It drilled ahead below 6,657 feet and may explore the Ellenburger. Location is near the C SW NE 261-1A-H&TC.

Shamrock Oil & Gas Corp. of Amarillo spotted No. 1 Herman G. Wendland, proposed 7,000-foot wildcat in southeastern Coke county, 4,950 from the south, 2,970 feet from the east line of section 22. Jose Antonio Gutierrez survey, Seaboard and Southern Minerals No. 1 M. G. Reed, C NE SW 1-HE&WT, 2 1/4 miles south southeast, spudded.

Half a dozen bleak, barren Antarctic island groups are in the same general latitude as the U. S. Canadian border, but are chilled by streams of cold water moving up from the Antarctic continent.

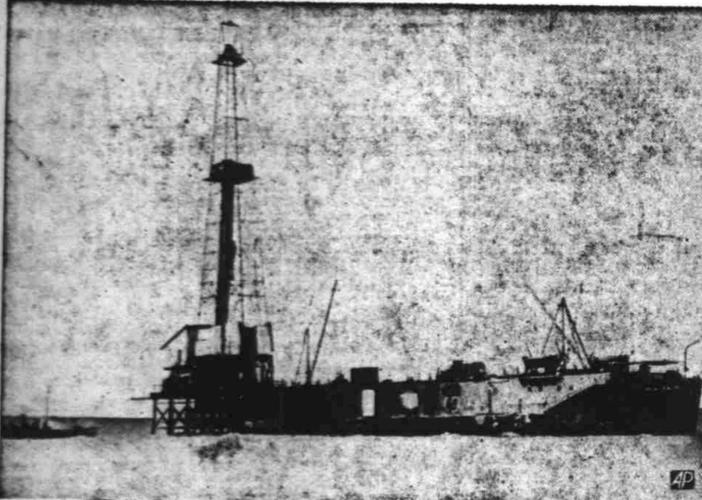

WEEK'S BUSINESS

Real Estate Deals Move At Fast Clip

Real estate transactions continued to develop at a rapid clip here last week, based on warranty deeds filed in the county clerk's office and by Saturday cost figures for the year had advanced to \$609,443, well above the average for the past two years. During the week 32 instruments were recorded. They listed transactions aggregating \$47,597.

Although city building figures declined slightly from the previous week, most of the total was accounted for by new residential projects. The city issued 13 permits for estimated costs of \$22-885. The building total for the year is \$239,919.

New motor vehicle registrations increased, with the gain resulting from a spurt in passenger car sales. The county tax assessor-collector's office issued licenses for 22 passenger cars, two trucks and one motorcycle during the week.

TIDELANDS — OIL'S NEWEST FRONTIER — This exploration is the Kerr-McGee Oil Industries' latest operation eight miles off the Louisiana coast in the Gulf of Mexico. Drilling is from a platform set on piers. The anchored barge houses personnel and equipment. (AP Photo).

TEXAS POLL

Inflation Voted As Main Problem

AUSTIN, March 13—An overwhelming majority of Texans continue to hold the high cost of living their major problem today. And the most serious public problem before the state, the largest number of persons believe, is likewise the cost of living.

Since the end of the war, inflation has been the chief concern of Texas people every time The Texas Poll has taken a similar survey. The Gallup poll only last week inquired of a nationwide cross-section, "What questions would you like to ask the President next time he comes here and abroad?" Americans placed the subject before such international headaches as the Marshall Plan and relations with Russia.

Trailing far behind the high cost of living, the next problems Texans named as facing the Lone Star State were these: racial, education, housing, politics, tidelands, water conservation, industrialization, roads, and juvenile delinquency.

Salvation Army Leaders To Speak

Capt. Ernest Holz, state auditor and financial secretary for the Salvation Army, and Maj. Carl Cone, division secretary, both of Dallas, will be in charge of services today at the Dora Roberts Citadel.

Capt. Holz will speak at 11 a. m., and Maj. Cone will address the 8 p. m. meeting.

On Monday the visiting officers will audit the local Salvation Army unit's books for the past year and will offer new financial plans. Capt. Olvy Sheppard has announced.

In the days of sailing ships, sailors commonly believed that the best way of starting a wind was to whistle for it.

Scientist Will Speak At Dinner

Dr. J. S. Long, Louisville, author of 12 books and possessor of a widely-regarded scientific mind, will speak here Friday evening at a dinner affair.

He will be guest of honor at a dinner party given by Murph Thorp, Sr., who learned that Dr. Long could stop here between plane schedules. His address, which will follow the dinner at 7:30 p. m. at the Settles, will deal chiefly with modern chemical developments.

Dr. Long is chief chemist for several paint companies, including the Pee-Gee lines, is consultant for many chemical and engineering firms, was for 10 years dean of Lehigh University, served as consultant for the War Production Board during the war. As an indication of his versatility, said Thorp, last week Dr. Long had intended to address a New York city Rotary club on chemistry but was mistakenly introduced as a speaker on atomic energy. Unabashed, he spoke for an hour on atomic matters.

Notable in the results of this recent statewide survey by The Texas Poll was that persons with below average incomes are less concerned about housing than those who are in the middle and upper income brackets. Such a feeling may be due to the fact that the lower income groups have always been faced with the problem of proper housing, whereas those with larger incomes have felt the pinch only in recent years.

Texas Poll interviewers asked, "What is the biggest problem now facing you and your family?" The replies, by socio-economic groups, are shown below:

Group	High prices	Inflation	Housing	Racial	Education	Politics	Tidelands	Water conservation	Industrialization	Roads	Juvenile delinquency	Other	Don't know
Below Average	25%	22%	12%	8%	5%	4%	3%	2%	1%	1%	1%	1%	1%
Average	28%	25%	15%	10%	7%	6%	4%	3%	2%	2%	2%	2%	2%
Above Average	32%	28%	20%	15%	10%	8%	5%	4%	3%	3%	3%	3%	3%

The second question asked all Texans was, "What would you like to ask the President next time he comes here and abroad?" The answer: Below Average Average & Above All

Group	High prices	Inflation	Housing	Racial	Education	Politics	Tidelands	Water conservation	Industrialization	Roads	Juvenile delinquency	Other	Don't know
Below Average	25%	22%	12%	8%	5%	4%	3%	2%	1%	1%	1%	1%	1%
Average	28%	25%	15%	10%	7%	6%	4%	3%	2%	2%	2%	2%	2%
Above Average	32%	28%	20%	15%	10%	8%	5%	4%	3%	3%	3%	3%	3%

adds to more than 100 per cent because some people gave more than one answer.

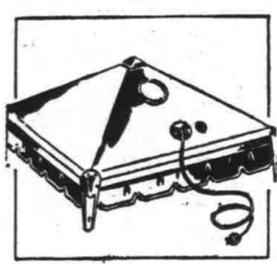

(Less than half of 1 per cent) Note in the above table that people of higher economic standing are more concerned with racial and educational problems than are people of lower levels.

HCJC Students Ready To Go Western For Celebration Of 'Pioneer Week'

The campus at Howard County Junior college will be over-run with scores of western-clad students tomorrow—the opening day of the school's second annual "Pioneer Week" celebration.

A full week of activities has been outlined by the student body council and will open Monday morning with an assembly. Failure to appear in western or pioneer regalia is subject to penalty. The regulation applies to both students and faculty.

Monday evening a square dance will be held in Room 506 under arrangements by Ruth Shafer. Reservations have been made for

the student body to hear an address by Dr. Glenn E. Snow, St. George, Utah, president of the National Education association, at Tuesday evening's program. J. F. Jones is in charge.

Students will meet at 7:30 p. m. Wednesday at the administration building preceding a hayride to the scout jamboree grounds. The ride and the picnic following are being arranged by Frank Medley, chairman, assisted by students Ladd Smith, Bud Purser, and Joyce Sewell. Thursday evening is open.

CLIMAX FRIDAY
Concluding event of the week, climaxed by a barbecue and western dance, unfolds at 3 p. m. Friday with registration of visiting seniors from a half-dozen schools in neighboring towns. At 4 p. m. a short musical program using student talent, under direction of Eddie Lou Haug, has been arranged for students and visitors. This is followed by "Kangaroo Court," in session from 4:15 to 5:15 p. m.,

at which time students violating rules of the "Pioneer Week" celebration will be tried. Officers of the court will include Judge Bill Horton, clerk Ray Nell Hale, and attorneys John Bill Gary and Ray Clark.

"Fireman, Save My Child," a one-act comedy produced by members of the Literary Guild, has been slated for 5:15 p. m. Friday. Students in the cast include Dick Chilton, Joyce Sewell, Rhoda Miller, Betty Ray Nail, Bob Blum, Jenny Miller and Bill Sneed. The play is directed by Mrs. Hollis Hall.

WELCOME ADDRESS
Welcome address will be extended by President E. C. Dodd at 6 p. m., followed by introduction of visiting students, and invocation. The group then will move to a site south of the campus for a barbecue and a program of music and dialogue skits by Miss Haug and Gerald Anderson. An exhibition square dance, performed by specially costumed HCJC students, will precede a dance beginning at 10 p. m. Music for the affair will be provided by the HCJC Vocational school band.

Gerald Anderson has been named student master of ceremonies for Friday afternoon and evening. High-light of the affair

will be presentation of prizes to the boy boasting the most decorative beard and to the one having the most prolific "fuzz," and to the girls adjudged the most "typical Western girl" and the "true beauty."

NO SHAVING
Male students of the college will be prohibited from shaving after Monday, and girls may not use make-up during the week. All students must wear western attire consisting of levis, jodhpurs, slacks or pressed trousers. Boots, unshined dress shoes and moccasins without anklets constitute footwear, or the student may go barefoot. Placards are being printed for identification of those students who work. Employers have been most co-operative in plans for the week.

Zack Gray, student body president, has announced. Failure to comply by the set rules during the week will be subject to a \$5.00 penalty. No person can be fined for the same offense more than one time a day; however, the student may be penalized for any number of different offenses on the same day. Rules will be enforced both on and off the campus.

LAWMEN NAMED
Police force for the week-long observation is composed of Olney Thurman, sheriff, and Betty Stutville, Kay Bugg, Joyce Sewell, Hugh Cochran, Jack Martin, Pete Cook and Ladd Smith, deputies. Visitors are expected Friday from schools in Coahoma, Midland, Stanton, Ackerly, Forsan, Westbrook and Courtney.

Texans Apparently Intend To Give Polls A Workout

By The Associated Press
Texans apparently intend to give polling places a stiff workout this election year.

A check of 16 counties reveals at least 844,123 qualified voters—and maybe more. Some did not report exemptions claimed and others estimated the country vote might add 1,500 to 5,000 to the known total.

Dallas, Harris and Lubbock counties reported record voting strength. The other 13 counties reported high totals.

In Harris county, the state's biggest population center with Houston as the hub, there are at least 210,843 people who can vote this year. Of these, 186,540 paid poll taxes. 24,303 claimed exemptions. Harris county's previous record was set in 1944, when there were 154,888 eligible voters.

There are 140,592 Dallas county people who can enter the election booths. Taxes were paid by 121,629 of them, and 18,963 were exempt. Lubbock county's voting strength is estimated at 21,665. It's subject to slight change, but there's no doubt it's a record. The county issued 18,675 poll tax receipts, 2,900 exemptions.

Bexar county, whose population strength is in San Antonio, is third behind Dallas. There were 87,000 taxes paid, 30,000 exemptions—a total of 107,000.

Tarrant county, with Fort Worth the big city, is next: 72,823 taxes paid, 15,000 exemptions—total 90,000, counting in estimated exemptions in rural areas. Jefferson county, in which Beau-

mont is the seat, has a known total of 52,693 voters—47,202 qualified by paying the tax, 5,491 by exemption. Here's the way the other counties stack up in order:

Travis, 43,557; McLennan, 38,719; Galveston, 31,394; El Paso, 30,382; Hidalgo, 23,713; Cameron, 19,347; Tom Green, 13,718; Hunt, 10,100; Starr, 5,299; and Willacy, 4,100.

Crenshaw Seeks Constable Post

J. F. (Jim) Crenshaw announced Saturday that he would be a candidate for the office of constable of precinct No. 1. He announced subject to action of the democratic primaries.

In asking for the office, Crenshaw said that he based his appeal upon ability and experience gained through years of experience as a peace officer and through service in the particular post he seeks.

Moreover, he felt that his residence of more than 45 years in the city made him acquainted with all phases of community life which might come in touch with the office. He promised impartial execution of the duties of the office of constable.

Crenshaw said that in making the announcement he did so to inform the people he was in the race, and would try to make a personal request for votes and support before time for the July primary.

No More Dizzy Spells; No More Aches, Pains, Says Houston Lady

Mrs. Marion Steen, 1412 Yates, Gets Quick Relief With Mertox Compound

"For the past five years I have been in a tired, run-down condition," says Mrs. Steen. "Have had pains in my back and legs to such an extent that it made it hard to do my day's work. I had dizzy spells to such an extent that

I would have to catch hold of something, or sit down for awhile. "I was very constipated and obtained very little relief before taking Mertox Compound. I find since taking this splendid medicine, I no longer have any pains or aches and can go to bed and get the rest I need. I can eat anything I please without distress. I have worlds of pep and never get all tired and worn out after my day's work is done."

Quick Action
Yes, that is just what Mertox does. It goes to work quickly to relieve the system of foul matter that may have been in the system over a long period of time, causing days, weeks and months of misery. This splendid medicine can be taken by the whole family. It will not make you sick, gripe or nauseate you in the slightest degree.

Why not go to your druggist today and ask for Mertox Compound? But be sure that you get what you ask for. Don't be "switched." "Give the guy the toe of your boot who tries to sell you a substitute." Please don't phone or write the endorsers of Mertox. These people are busy with their own affairs. The makers of Mertox will pay a total of \$100.00 if we cannot produce the written endorsement above. Our files are open to anyone.

Scout Fund Drive Will Close Here

The Buffalo Trail Council Scout Ranch campaign is due to close officially in Big Spring at noon Monday when team captains and division leaders convene for a luncheon session in the Settles hotel.

Final reports from the local special gifts division will be heard, and all division leaders have been asked to urge their respective team captains to attend, campaign officials said.

Latest available reports showed approximately \$175,000 accounted for in the council-wide fund drive, and officials were hopeful that the \$200,000 goal would be reached at conclusion of final report meetings. Final reports are due in several other points in the council later in the week.

At the last report meeting here Big Spring pledges totaled \$28,654.

WINGS OVER B' SPRING

Transient Traffic On Increase Here

Transient air traffic has increased considerably at the Municipal airport during the past few days, according to weekend reports. A heavy volume of virtually all conventional types of aircraft has kept port personnel busy, and more increases are in prospect as warmer weather approaches.

GI program, made his first solo flight last week.

The Big Spring Flying Service's twin Cessna was chartered last weekend by Dr. M. H. Bennett for a hop to San Antonio and Austin.

Arch Roberts has purchased a 1947 Cessna 140 from Ben Funk. Roberts plans to use the plane in connection with his business.

Pioneer Airlines may be faced with routing some of its Midland-San Angelo flights over Big Spring (without stops) due to reopening of some bomb ranges in the Garden City sector. Another Pioneer development for the week was the promotion of Robert J. Smith, president, from Colonel to general in the reserve air corps.

Continental Air Lines, in its financial report, showed \$100,458 net profits for 1947. The profit is equal to 37 cents per share of common stock as compared to seven cents in 1946. During the year CAL flew 5,183,000 revenue miles, only 4.5 per cent off the previous year.

At present 184 Stearman planes which are assigned to the Civil Air Patrol are stored on the south end of the east ramp at the Municipal port. The planes are part of a group of 400 ships that were stored at Goodfellow Field in San Angelo. They were moved here for temporary storage after the San Angelo post was re-activated. Two men have been assigned here to keep them in shape. They probably will remain here for several weeks.

W. L. Bell, who is taking a private pilot's course at the Big Spring Flying Service under the

The Week

(Continued From Page One)

of the student body has arranged an interesting program.

About the only reaction that city commissioners have received to date from their proposal for 57 blocks more paving is "why not more?" There might be at that if the demand continues and the city can scrape up its share.

If Clyde Beatty is in as fine fettle Tuesday when he brings his railroad circus here as he was years ago when he scared the pants off us as a Haegenbeck-Wallace star, he'll more than keep you awake. His act with the "cats" made him a magazine topic for years.

While Uncle Sam is appealing to business men to cooperate by prompt answers to census inquiries for commercial checks, Big Spring is faced with the necessity of a quickie survey of its own. The information will be needed for the West Texas industrial survey and the deadline is not far removed.

Employees of this office last week keenly felt the death of J. W. Hull, who worked in our pressroom for several years. J. W. was one of those rare young gentlemen whose modesty, uprightness, loyalty and friendliness were such as to make his life its own benediction.

Howard county 4-H boys continued their winning ways last week in winding up the season by taking a grand championship at Abilene, and pen honors at Abilene and Odessa. At the same time FFA boys from Big Spring copped judging honors at Odessa.

ADDRESSES ROME CROWD — With his right hand raised, Pietro Nenni, leader of the pro-Communist Socialist Party, addresses crowd gathered in Rome's Basilica Maxentius as Italy's political parties swing into campaign for election of first Parliament April 18. The Socialists have allied with the Communists in a "Popular Front". The make-up of the Parliament may decide whether Italy falls into the communist-dominated camp. (AP Wire-photo).

Wildcats Set For Hockley, Ward Counties

Locations for wildcats in Northeast Ward county and in Northwest Hockley county have been staked for immediate drilling. A block of 5,120 acres in Northeast Midland county has been leased for a reported bonus of \$15.00 per acre.

The Northeast Ward county prospector is to be Humble Oil & Refining company No. 7 Yarborough & Allen. It is slated to drill about 11,000 feet, to explore into the Ellenburger.

The project will be 1,980 feet from south and 660 feet from west lines of section 17, block B-13, psi survey. That puts it about three miles south and west of the same company's No. 4 Yarborough & Allen, another deep venture in Southwest Ector county, which has reached 8,627 feet in lime and was drilling ahead.

The Northeast Ward county wildcat is about six miles southwest of the nearest completed Ellenburger producer in the Yarborough & Allen field, in Southwest Ector county.

Humble's block in that region covers several thousand acres in Southwest Ector, Southeast Winkler and Northeast Ward counties.

Ray A. Albaugh of Midland is trying again to develop a new producing area in Northwest Hockley county. His latest effort is to be his No. 1 Mrs. Nellie DeLoache, and it is located on a spread of 20 1/2 labors which he recently blocked in that district.

The new venture will be 440 feet from north and east lines of labor 16, league 77, Reeves County School Land survey. That puts it one mile west of Pettit, and about three and one half miles north of the nearest oil wells in the west side of the Levelland field.

Contract to drill the exploration has been awarded to J. J. Cody, of San Antonio.

Albaugh's block around the new wildcat includes labors 16, 17, 18, 25, 24, 23, in league 77, Reeves County School Land survey; labors 38, 39, 40 in league 77, Haskell County School Land survey; labors 5, 4 and the south half of labor 3, in league 78, Reeves County School Land survey; labors 22, 23, 24, 25, and 70 in league 80, Reeves County School Land survey, and labors 3, 1, and 8 in league 81, Reeves County School Land survey.

Seaboard Oil Company of Delaware has taken a ten-year commercial oil and gas lease on a block of 5,120 acres in Northeast Midland county, between Midland and Stanton, from Andrew Fasken of Midland, for a cash bonus of \$15 per acre, plus \$150. per acre, for a total of \$768,000, to be paid out of oil—if any when the property does make petroleum.

Included in the spread are sections 7, 8, 9, 17, 18, 20, the north half of 19, and the southwest quarter of 5, in block 36, T&P survey, T-2-S, and the J. V. Stokes survey No. 13, of 480 acres, the H. K. Ray survey of 160 acres, and the S. Seal survey No. 101, of 160 acres.

C. D. Handley Is Dead At Ponca City

C. D. Handley, father of Mrs. Curtis Driver, died Saturday at 8 a. m. at Ponca City, Okla.

Mr. and Mrs. Driver had left here Friday evening when they learned that Mr. Handley, who had been ill for several months, had taken a serious turn. They did not arrive in Ponca City until after his death.

Services have been set for 2 p. m. Monday. The body is in state at the E. M. Trout & Son Funeral home in Ponca City.

Portland Is Scene Of Big Explosion

PORTLAND, Ore., March 12 (AP)—A spectacular explosion and fire illuminated the Portland waterfront tonight after a train-gasoline truck collision, but no one was injured.

The Union Pacific passenger train, the Portland Rose, and the truck and trailer crashed at the foot of the Steel bridge across the Willamette river. The train was moving slowly.

Pleads Guilty

Edward G. Jackson entered a plea of guilty to the charge of driving while under the influence of intoxicants and paid a fine of \$75 and costs in county court Saturday morning. Jackson also lost use of his driver's license for six months.

AIR Conditioners, 1 and 2 room, \$39.95. Westex Service Store, 112 West 2nd.

Road Master for a new reason

White sidewall tires, as illustrated, available on extra cost.

- Dynaflo Drive

PUT your mind's eye to measuring the makings of a truly masterful car—and you certainly can't overlook this one, especially this year.

Here you find the distinction of taper-thru styling—the regal comfort of an all-coil-spring ride, now newly shielded against vibration—the Fireball action of a great straight-eight engine that boasts the quietest purr and pulse in all motordom.

Already you have reason to grant that it sets a new measure of motorcar excellence, regardless of price. Now look at something where comparison ends—at Roadmaster's Dynaflo Drive.*

For no automobile drive ever developed makes driving so

effortless, yet gives you such near-miracle performance.

Here you not only drive without a clutch pedal and without manual gearshifting—but also without any break in your Roadmaster's gait, as it accelerates between all speeds. That is because no gears ever shift anywhere in the car—not even automatically!

Here the power plant itself does what gears used to do—responding to the touch of your toe on the treadle through all speed ranges—without trace of lag or halt or hesitation.

So though you've already decided there was no surpassing the

Roadmaster's super excellence in terms of its 4400 pounds and 18 feet of top styling, luxury and power—just boost your expectations still higher.

See the Roadmaster—try Dynaflo—and you'll find more reason than ever to get your order in—with or without a car to trade.

WHAT'S DIFFERENT ABOUT DYNAFLO DRIVE*?

To an efficient new pump (left above), Buick engineers have added a true turbine (right) and an ingenious new supercharging assembly (in hand) which produces a torque-heating action in starting and accelerating. The result is the first device on any American passenger car which employs liquid to fill the function of both the clutch and the usual low, second and high gears. The clutch pedal is eliminated and a simple control gives you manual selection of power ranges and direction.

*Optional extra cost on Roadmaster models only.

BUICK alone has all these features

- * DYNAFLO DRIVE (Optional)
- * TAPER-THRU STYLING * FLEX-FIT OIL RINGS
- * VIBRA-SHIELDED RIDE * SAFETY-RIDE RIMS
- * HI-POISED FIREBALL POWER
- * ROAD-RITE BALANCE * RIGID TORQUE-TUBS
- * QUADRIFLEX COIL SPRINGING
- * SOUND-SORBER TOP LINING (2-step and Roadmaster)
- * DYNAMIC SPARK ADVANCE
- * TEN SMART MODELS * BODY BY FISHER

When better automobiles are built
BUICK
will build them

BIG FRENCH CLOCK WASHED—Workmen are dwarfed by the huge hands of France's largest clock at the Gare De Lyon, Paris, as they give it a thorough clean-up.

Flour Executive Is Contacting Dealers

Wanda Jarrott, advertising and sales promotion manager for Puritan Flour Products company, is in this area for a series of consultations with Martin Distributing company outlets, Frank Martin said Friday. She is to do local survey work, hold staff meetings in connection with research on sales and merchandising problems. These are a prelude to launching of a campaign to market several mixes put out by the concern.

In 1947 U. S. families with incomes under \$500 a year spent 7.9 per cent of their incomes for medical care compared with 1.6 per cent for families with incomes of \$10,000 a year and more.

ter of 5, in block 36, T&P survey, T-2-S, and the J. V. Stokes survey No. 13, of 480 acres, the H. K. Ray survey of 160 acres, and the S. Seal survey No. 101, of 160 acres.

There is no drilling obligation in the contract. Annual rentals of \$1.00 per acre during the 10 years of the life of the lease is called for by the trade.

Assigned Here

D. R. Martin, formerly of Chicago, has been assigned here as sales representative of American-Burlington business. Martin will cover the section from Weatherford to Pecos. One of his first objectives is publicizing the American business jingle contest which offers two expense-paid trips to Switzerland and other trips and awards. Blanks and rules for the contest are available free of charge at the American terminal in the Crawford hotel building.

White salt made from rock salt is usually classified as boiled or fine, table, lump, stoved lump, superfine, basket, butter and cheese salt, unboiled and common chemical, fishery, extra fishery, double extra fishery and bay salt.

WHERE YOU FIND A LEGION POST—YOU FIND AMERICA GROWING!!

Through the American Legion's splendid program you can continue your honorable service as an ACTIVE American.

For the Legion post is the hub of your community. It shares in the great national Legion program of civic service. A key point of this program is the building of patriotism and good citizenship. This program starts where citizenship starts... with the children.

The Legion annually presents 15,000 School Award Medals to inspire leadership in elementary schools. It promotes greater interest in constitutional government through the National High School Oratorical Contest. It cooperates with the National Educational Association in annual sponsorship of American Education week. It builds American-brand sportsmanship and team work by sponsoring nationwide Junior baseball.

Your town's sons and daughters will benefit from Legion-sponsored activities FROM ELEMENTARY SCHOOLS THROUGHOUT ADULT LIFE.

Join today and help keep the program rolling.

SIFFT TO REPORT

Ducats For April 23 Opener To Go On Sale Shortly

Tickets for the opening Longhorn baseball league game of the 1948 season, with Midland, scheduled for Friday afternoon, April 21, will go on sale at several local business houses Monday, March 22, Claude McAden of the Big Spring baseball club announced Saturday.

McAden said he had not had time to contact the merchants but intends to take care of that detail the coming week. Persons interested in making early reservations can do so through the Elliott 11th Place drug store.

The ducats will be priced at \$1 each.

Regular season tickets will sell for 74 and not 75 cents, as previously announced, according to McAden.

The general manager of the club stated he had been informed they would have to have either 74 or 75 cents and choose to keep the price on its 1947 level.

Pat Stasey, field manager of the Bronces, and Jake McClain, star infielder of the 1947 Big Springers, start workouts Monday.

Both plan on getting in a maximum amount of road work before looking at a baseball.

McAden stated George Siff, traded from the Bridgeport club of the Colonial league, had changed his mind and would report for spring workouts.

Siff had balked at salary offers and had threatened to play semi-pro ball this year. When McAden informed the speedy outfielder the club had made its final offer, however, the youngster changed his mind in a hurry.

McAden and Stasey intend to plant a durable rye seed on the infield in Steer park either Monday or Tuesday of this week.

They figure if they can keep traffic away from that part of the field for five days, the grass will come up in a hurry.

Employees of the J. D. Jones Construction company started excavation work for the addition to the grandstand Saturday morning.

Some 500 permanent seats, as well as some new bleachers are to be added to the plant.

The park, when completed, will be able to seat around 2,500.

MAY CHANGE PROGRAM JACKSONVILLE, Fla., March 13 (AP)—A drastic shuffle in the nation's big-money golf tournaments—now a \$600,000 a year business—was proposed today by the boss of the touring pros.

HC Rifle Club Plans Cleanup Part March 21

Members of the Howard County Rifle club will stage a barbecue and cleanup campaign of their new range at the former US Army bombardier school starting at 2 p. m. Sunday, March 21.

Targets for both the rifle and the pistol range have been ordered and will probably be here shortly. Four targets will be erected for the 100-yard range. There will also be a communication system installed between the pits and the firing lines.

Arrangements will be made for the installation of permanent warning signs near the range.

Planning committee for the club met at the Dora Roberts citadel Friday to discuss plans for the barbecue and summer activity. Members of that committee are Joyce Bass, George Wallace, Sgt. William Walker, C. L. Rogers, Frank Amos and Capt. Olvy Sheppard of the Salvation Army.

Rogers, Walker and Sheppard were named to a committee of three to arrange for a bond to cover the government issuance of ammunition and rifles.

Pistol instruction will be given members by Wallace and Red Woodard and three other instructors to be chosen later. Lessons in the proper way to handle rifles will be rendered by a committee composed of Sgt. Walker, Cecil Horton, T. J. Dunlap, F. W. Jarrett and Troy Gregg.

Persons interested in joining the club can contact either Joyce Bass or Capt. Sheppard.

Ball Session Starts At 2

Baseball enthusiasts from half a dozen surrounding communities will converge on Big Spring this afternoon for another in a series of meetings aimed at organization of an independent league.

Four teams have already been committed to the circuit and at least two more are expected to be represented at today's session. Those which applied for membership at last Sunday's session were Knott, Coahoma, Forsan and Colorado City.

At least one other entry from Colorado City and a Stanton club are expected to seek membership today.

Under the proposed setup, the schedule would call for Sunday games, only.

Officials and an arbiting committee will probably be named at this afternoon's session, which will be held at the Daily Herald office starting at 2 p. m.

JC Golf Meet Begins Soon

Sixteen boys have entered the Howard County Junior college intramural golf tournament, which gets underway Monday, March 22, at the Munny course.

Pairings have been made by Harold Davis, athletic coach at the college. No qualifying round was staged and all players were put in the same flight. Linksmen will have a week in which to complete their matches.

A team to represent the school in exhibitions with outside contingents will be picked from the tournament, Davis said.

First round pairings: Darrell Webb vs. John Day, Don Evans vs. Ray Clark, Jack Martin vs. Bob Coffey, Ladd Smith vs. John Anglada, Dan Lewis vs. Adrian Cate, Digger Hickman vs. Bud Pursler, Don Clark vs. C. R. Lawdermilk, Olney Thurman vs. Don Richardson.

NYU Sidelines Texans, 45-43 In N. I. Meet

NEW YORK, March 13 (AP)—Dick Kox, an unheralded substitute pitched in a one-hander with six seconds to go tonight to give New York university a 45-43 victory over a fighting Texas team in a quarter-final contest of the National Invitation Basketball tourney. A capacity crowd of 18,400 saw second seeded NYU move into the semi-finals of the tourney.

Table with columns: Player, Points, Rebounds, Assists, Steals, Blocks, Fouls, Minutes. Includes players like Zolner, Kelly, Lumm, Kaufman, Benanti, Schayes, Nelson, Forman, Barry, Debus, Dederian.

City Receipts Fail To Match Expenditures

The city's general fund receipts failed to match expenditures during February by some \$12,674.96, but a cash balance of \$78,190.71 still existed at the end of the month according to a statement issued by C. R. McClenny, city secretary.

Water, sewer and garbage service accounted for the largest single item of revenue, with a total of \$17,822.44, while the gas franchise accounted for \$2,708.43, current tax payments, \$2,007.99, fines and court costs, \$1,394 and sale of effluent, \$688.06. Other smaller revenue brought the total up to \$31,707.91. Expenditures for the month amounted to \$44,382.87.

Receipts of the airport fund amounted to \$8,947.31, as compared to expenditures of \$9,170.60, leaving a balance of \$25,034.41. Airport expenditures in c l u d e d \$2,779.84 transferred to the general fund.

The cemetery fund had receipts totalling \$697.25, and \$636.48 was transferred to the general fund. The cemetery fund balance stood at \$7,323.62 at the end of the month.

The swimming pool and park system fund received \$459.90, mostly from the Municipal golf course. The fund's balance was \$100.19 after a transfer of \$450 to the general fund.

The parking meter fund had a balance of \$10,129 at the end of the month. February receipts totalled \$2,433. However, an obligation of \$1,824.75 was outstanding against the parking meter fund at the time the report was submitted.

A transfer of \$1,418.46 from the general fund pegged the interest and sinking fund balance at \$65,139.36. There were no disbursements from the interest and sinking fund during February.

Jones Will See '49 Mercury Model

Truman Jones, recently appointed Lincoln and Mercury dealer in Big Spring, will be among the 69 persons representing 50 dealerships in Texas, who will get a first look at the 1949 models in Detroit one week from Monday.

The dealers are scheduled to board a special T&P train Friday evening in Dallas for the Detroit showing, according to J. F. Giles, Jr., district manager of the Houston-Dallas district.

Steers Shine In Distance Events To Take Third In Abilene Meet

Host Team Wins First Place; Lubbock Second

ABILENE, March 13.—The Big Spring Steers rolled up points in the distance events and picked up first place honors in two other contests to finish third in the Abilene Invitational Track Meet here Saturday.

The Longhorns copped 29 points, finishing behind Abilene, winner of the meet, and Lubbock, the second place entry. Abilene scored 40 points, 12-18 points, while the Westerners aggregated 38 and 2-9.

Leon Lepard paced the field in the 880-yard run, negotiating that distance in 2:19, and James Fannin ran the mile in five minutes flat to lead the pack in that event.

The Big Spring mile relay team, composed of R. H. Carter, Jim Bill Little, Delmar Turner and Lepard took another first place on a time of 3:38.4. Turner hurled the discus 119 feet and two inches for a first place, while Harold Berry cleared 10 feet and five inches in the pole vault to finish in a tie for first.

Other teams in the meet were Roscoe, Albany, DeLeon, Childress, Colorado City, Water Valley and Stamford.

The summary: 100-yard dash—Roscoe, Abilene, first; Williams, Lubbock, second; Billington, Stamford, third; Gocher, Brady, fourth, 10.2.

220-yard dash—Decker, Lubbock, first; Williams, Lubbock, second; Millsap, Abilene, third; Gocher, Brady, fourth, 23.09.

440-yard dash—Johnson, Lubbock, first; Eise, Abilene, second; Edington, Abilene, third; Little, Big Spring, fourth, 1:10.8.

880-yard run—Lepard, Big Spring, first; Rogers, Childress, second; Adams, Roscoe, third; Mason, Abilene, fourth, 2:19.

Mile run—Fannin, Big Spring, first; Smith, Albany, second; Pool, Big Spring, third; Coffey, Big Spring, fourth, 5 min. 19.4.

440-yard relay—Brady and Abilene tied for first, splitting first and second place points. (Brady)—Whitely, Avery, Rickman, Gocher, Abilene—Carter, Lehr, Rogers, 4:52.

Mile relay—Big Spring, first (Carter, Little, Turner, Lepard), 3:38.4.

120-yard low hurdles—Hutchins, Lubbock, first; Billington, Stamford, second; Hart, Abilene, third; Turner, Abilene, fourth, 23.1.

High hurdles—Edington, Abilene, first; Rickman, Brady, second; Whitely, Brady, third; Zelman, Roscoe, fourth, 19.4.

Broad jump—Gocher, Brady, first; Zelman, Roscoe, second; Whitely, Brady, third; Wilson, Lubbock, fourth, 20.7.

High jump—Alderson, Lubbock, first; Troutman, Abilene, second; Darus, Lubbock, third; nine others tied for fourth, 4.5.

100 ft. Put—Carr, Lubbock, first; Live, Abilene, second; Dean, Lubbock, third; Preston, Abilene, and Hood, Childress, tied for third and fourth place, 10.9.

Discus—Turner, Big Spring, first; Bailey, Abilene, second; Lively, Abilene, third; Trotman, Abilene, fourth, 119.7.

Pole vault—Berry, Big Spring, and Hays, Brady, tied for first, splitting points for first and second place. Lubbock, Seales, Lubbock, and Jones, Childress, tied for third and fourth place, three ways, 10.8.

LOOKING 'EM OVER

With TOMMY HART

The Cuban boys destined to play with Big Spring baseball club this year leave Havana March 25, arrive here four days later. . . That will give them time to recover from the effects of their long train ride. . . Before that time, Pat Stasey and Claude McAden, straw-bosses of the local Longhorn league club, will make a quick trip to Sherman to look over the rookie crop in that city's baseball camp. . . The Sherman Big State league entry, which opens spring workouts Monday, will have about 20 rookies in camp and, of course, can't place that many. . . Gerry Rodriguez, the Bronces' curve ball artist who won a dozen games for the Big Springers last year, signed his contract last week. . . Jose Cindan, ace of the Hosses in '47 who goes to Havana this year, is being used principally in relief roles in the winter league in Havana. . . His won-and-lost record is 2-2. . . Albuquerque of the WT-NM league has offered the Hoss front office several rookies but the locals probably can't use them. . . Pepper Martin, the San Angelo skipper, may take a long look at two or three, however. . . Pep also expects some help from Berger, as well as Lamesa. . . Moose Womack, the first sacker on Odesa's 1947 team, will make a bid for the job at the initial sack with Amarillo of the WT-NM league. . . He had been recalled by Little Rack, which is affiliated with Amarillo. . . Big Moose is but 19 years of age, incidentally. . . Stasey is of the opinion Howard Washburn, Virgil Roundtree and James Boatman are the three likeliest prospects in Conn Isaacs' high school baseball camp, Washburn and Roundtree for their hitting and Boatman for his pitching.

compared with 52 in 1947. . . Johnny Carlin, the veteran tin-ear, has been helping Pat O'Dowdy get the Irishman's new grapple palace in order. . . Bill Johnson, the Tyler junior college football star who recently signed to play with the San Francisco 49ers, is a brother to Gilbert Johnson, the SMU passing wizard. . . J. Y. Robb, the local theater man who saw the SMU grid team in its spring training game with the Exes recently, said the Ponies looked even better than they did last fall, and Robb saw the Cayuses in most of their 1947 games. . . Vernon's Dusters will conduct a ten-day baseball school starting Wednesday, then move to Marlin for spring training. . . Peppy Blount, the Big Spring, raced 53 yards to pay dirt after making a one-man catch of a pass thrown by Paul Campbell in the University of Texas spring grid game a week ago yesterday. . . Malcolm Kutner, the former U of T All-American, has been giving Pep pointers.

Nelson Asking For Big Pay At Angelo

All that stands between Ernie "Lefty" Nelson and a San Angelo contract are the wronghanders' fabulous salary demands. . . Nelson is said to be asking for something like \$450 a month, which is several foldings more than he drew at Midland last season. . . Eddie Houser, the sensational Steer basketball player, may wind up in SMU. . . He had been reported as headed for North Texas Teachers college. . . Who ever lands him will get a lot of football end as well as a local standout. . . Members of the local high school varsity football and basketball teams were honored with a chicken dinner at a local dining hall Wednesday night. . . The hosts were Johnny Dibrell and Pat Murphy, former high school medalists. . . Two new professional baseball leagues may function in Texas in 1949. . . A Heart of Texas circuit is being talked and Corpus Christi backers are screaming for another Valley league. . . A total of 57 minor leagues will operate throughout the country this year.

UT Star, Townsend Lead Attack On Border Olympics Standards

LAREDO, March 13 (AP)—John Robertson of the University of Texas led an assault on Border Olympics track and field records here today.

The lanky Longhorn broad jumper leaped 23 feet 9 inches, eclipsing the mark of 22 feet 9 inches set by Harvey Crittenden of East Texas as last year.

Robertson, in qualifying for the University division finals, actually broke the record on all three of his trial jumps.

High school marks fell like leaves in a windstorm. A well-balanced Austin Maroon squad won the high school team championship.

Byron Townsend, Odesa's great football star, set a new high school record in the discus—150 feet, one inch. The old mark was 138 feet set by Bryan of Brackenridge (San Antonio).

Other new records established were: 200-yard low hurdles, Bless, Thomas Jefferson (San Antonio), 22.9 seconds.

High jump, Graves, Brownwood, six feet 2 3/4 inches.

440-yard relay, Austin (Milburn, Johnson, Rogers, Cavleer).

Pole vault, Faulkner, Paschal (Fort Worth), 12 feet, two inches.

Mile run, Escoto, Alice, 4:43.0.

Mesquite Sextet Wins State Title

HILLSBORO, March 13 (AP)—Mesquite, a longshot entry, won the Texas state girls basketball championship here tonight, defeating Maydelle, 37-35.

The Dallas county girls team staged its second upset in as many nights by taking the lead from Maydelle in the final minutes of play and holding onto it.

Nan Thompson scored 19 points to lead the Skettlers to victory, with Dora Davis turning in a fine game at guard.

Weather Forecast

Dept. of Commerce Weather Bureau

BIG SPRING AND VICINITY: Fair and warmer this afternoon and tonight. Partly cloudy Monday.

Highest temperature this date, 92 in 1908; lowest this date, 23 in 1924; maximum rainfall this date, .42 in 1900.

EAST TEXAS: Partly cloudy and warmer Monday; mostly cloudy and mild, with scattered showers. Moderate east to southeast winds on the coast.

WEST TEXAS: Partly cloudy to cloudy and mild Sunday and Monday. Scattered showers Sunday night and Monday.

CITY TEMPERATURES: Max Min Abilene 67 26 Amarillo 70 29 BIG SPRING 67 30 Chicago 40 11 Denver 51 21 El Paso 52 22 Fort Worth 57 25 Galveston 53 37 New York 35 19 St. Louis 46 17 Sun sets today at 6:33 p. m. rises Monday at 6:57 a. m.

Loboes To Start Drills March 29

LAMESA, March 13.—The Lamesa WT-NM baseball league team will open spring workouts Monday, March 29, Manager George Sturdivant has announced.

Back from last year's Lobo team will be I. B. Palmer, a third sacker; Jack Wilcox, center fielder; and Tony Fiorito, infielder.

In addition, three players drafted during the winter, Chet Zera, pitcher from Sweetwater; Paul Cook, pitcher from Ballinger; and Jim Prince, first baseman from Midland; will report to the Loboes.

Sturdivant has hinted that Prince may be tried in the outfield. Sturdivant himself is a first sacker and expects to play regularly.

Baylor Wins Way To NCAA By Defeating Arizona 64-54

Robinson Hits For 20 Points

DALLAS, March 13. (AP)—The Baylor Bears defeated Arizona, 64-54, here tonight to win their way into the western regional NCAA basketball tournament at Kansas City.

Baylor, Southwest conference titlist, made it two straight over Arizona, border conference champion, in the play-off to determine the district 6 representative in the tournament next week-end.

A crowd of 2,500 watched Jack Robinson, slender Baylor guard, playing with a game leg and a bump on his head, pitch in 20 points to lead the Bears to victory.

The big boys from Arizona broke in front and led Baylor after almost 12 minutes of the game. Baylor drew into a 12-12 tie after 11:45 of play and Robinson sank a field goal to give the Bears a lead they never relinquished.

Baylor led at the half, 27-20. The game was filled with fouls, both teams committing 32. Arizona made 27 of them and Baylor cased in on 23.

Arizona (64) FG FT REB
Owens, f. 12 18 13

Maydelle Upsets Stanton, 45-27

HILLSBORO, March 13 (Sp)—The Maydelle settee threw up an effective defense that kept the high scoring Betty Blissard away from the goal and dazed the Stanton Buffaloes with their own offense to win a 45-27 decision in a semi-final game of the Texas State Girls Basketball tournament here Friday night.

Ellen Lusk paced Maydelle's scoring parade with 17 points while Erlene Sides was just behind with 16. Edith Davie was Stanton's standout performer with 15. A new champion was assured when East Chambers fell before Mesquite in the other semi-final game, 23-20.

Best TRUCK BRAKE SERVICE

YOUR MONEY CAN BUY!

1. Linings are of exactly the same quality as originally on your truck.

2. Our service mechanics are trained under factory methods to do a better job faster—saving you both time and money.

MONDAY NIGHT Man-Vs-Alligator Match Features Club Opening

Patrick O'Dowdy, the Oklahoma Irishman who attaches as much importance to St. Patrick's Day as any son of a son of the Emerald Isle, stages his annual party for the revered hero of Erin two days early this year, and that by opening up his new club at 1205 E. Third street Monday night.

For the past 18 months or so, O'Dowdy has been doing business at the West Texas Auction barn northwest of town. At long last, he has landed a spot which is more accessible to the public and can seat more people—about 700 compared to the 450 he could handle at the old spot.

Patrick has planned quite a show for his lid-lifter. Besides a double main-event, the impresario is bringing in a novelty act, one that features a human (Tuffy Truesdell) pitting his skill against a crude but vicious beast (an alligator called Rodney The Seventh).

The collision, in which Truesdell will either throw the brute on his back and make it say the equivalent of "uncle" or resign himself to becoming alligator-bait, winds up the program.

Other matches will pit Eddie Gideon against Al Getz in one best two-of-three falls test and the popular Dory Detton against Gorilla Pogi in the other setto.

Gideon will be new here. The others are very well known. Detton hasn't practiced his trade in some time but he has pronounced

EDDIE GIDEON Debuts Monday

himself in fair shape and should provide a good test for Pogi. The curtain goes up on the proceedings at 8:15 p. m.

Pairings For 3rd Annual Fem's Volley Ball Tourney To Be Completed Today

Fifteen teams have been entered in the third annual Big Spring girls' volleyball tournament, scheduled for next Friday and Saturday, at Arach Phillips, director of the show, said she was expecting a 16th team to come in Monday night.

Pairings will be drawn up this

Six Regulars Win Numerals

Six first string and five reserve basketball letters will be awarded to members of the 1947-48 Howard County Junior college basketball team. Coach Harold Davis has announced.

Those winning varsity numerals are Captain Ray Clark, Donald Clark, Horace Rankin, Jackie Barron, Hugh Cochran and G. W. Kenemer. All have another season of eligibility at HCJC, if they want to take it.

Reserve monograms will go to Co-Captain Earl Lusk, Ted Pachall, Jimmy Tolbert, Ladd Smith and Pete Cook. In addition, Jimmy Peden won an award as player-manager of the team.

The regulars will be jackets with grey bodies and red sleeves. The reserves get grey sweaters with red lettering.

Steers To Play Hawks Monday

Baseball teams of the Big Spring high school and Howard County Junior college will play an exhibition game at Steer park starting around 3:30 p. m. Monday afternoon.

Bad weather has kept the two teams from getting very far in their conditioning program. For that reason, a half dozen or so hurlers may parade to the mound for each team.

The contest will mark the debut in the diamond sport for the HCJC team. The high school fielded a team in 1947.

Hi-Low Tourney Planned At CC

Shirley Robbins, golf professional at the country club, announced Saturday that a Hi-Low tournament will be staged at the course within the near future, probably sometime this month.

In such a meeting, the low amateur teams with golfers shooting the highest qualifying round to play the pair shooting the next lowest and next highest, etc.

Robbins Saturday completed the task of seeding all the fairways with Bermuda grass, the first time such a project has been undertaken. The grass will extend 150 yards from each green.

The turf of the green stood up remarkably well during the recent cold spell, Robbins said.

CLINIC CARDED COLLEGE STATION, March 13 (AP)—Bruce Barnes, former University of Texas tennis great and ex-coach of the United States Davis Cup team, will conduct a tennis clinic at Texas A. and M. College Monday.

Stanton Casaba Show To Begin Wednesday Nite

STANTON, March 10—Three Big Spring teams are entered in the Stanton independent basketball tournament, which gets underway Wednesday night and continues through Saturday.

Grappette heads the Big Spring delegation, which includes the American Legion and Safeway. Knott and Ackery open the show at 8 o'clock Wednesday followed by a bout between Grappette and Stanton at 9 p. m.

Thursday night Forsan and the Legion tangle at 8 o'clock and the Safeways and Courtney square away at 10 p. m.

In between, the losers of the Grappette-Stanton and Knott-Ackery tilts collide in consolation activity.

Friday's schedule calls for semi-final games. The consolation finals go on at 8 p. m. Saturday, the championship go is at 9 o'clock.

The tournament is being sponsored by the Stanton Athletic club.

Sugar Ray May Fight Cerdan In Title Scrap

NEW YORK, March 13 (AP)—Marcel Cerdan's convincing route of young Lavern Roach puts the New York State Athletic commission on the hot seat. Now the muddled middleweight situation screams for action.

Rocky Graziano, 160-pound king in many states, is rated undesirable on his home grounds. His license was revoked for concealing an alleged bribe offer.

With the champ unrecognized, the title has been declared "in abeyance" by Chairman Eddie Egan of the commission. The place is swarming with would-be contenders.

Cerdan, who stopped Roach in 2:31 of the eighth round Friday night in Madison Square Garden, has a strong case. Unbeaten in five north American starts, the Frenchman with the smiling eyes has a string of 33 victories. At the age of 32, like Gus Lesnivic, he seems to be improving.

Then there's Tony Zale, who lost his crown to Graziano in Chicago last summer. He's on the comeback and ready for action.

Ray Robinson stepped into the picture last night when his press representative, Pete Vaccare, pronounced that Sugar Ray was willing to give up his Welter title to mingle with the middles under the right circumstances.

Many boxing insiders think the final outcome will be a vacated title with a big outdoor match between Robinson and Cerdan carrying championship recognition. That remains to be seen.

12 Players Win Cage Numerals

Twelve boys who represented Big Spring high school in varsity basketball games the past season were rewarded with letters, Coach Johnny Malaise said Friday.

Those earning numerals were Capt. Eddie Houser, B. B. Lees, Delmar Turner, Ike Robb, Harold Berry, Jim Bill Little, Bo Anderson, Holly Bird, Donald Hale, D. A. Miller, Gordon Madison and R. H. Carter. All are seniors.

Houser earned his third monogram, as did Robb, Lees, Turner, Berry and Little each lettered for the second time. The others were getting their first awards.

Reserve awards went to Culin Grigsby, Kenneth Curry, Virgil Roundtree, Howard Jones, Amos Jones, Howard Washburn and Ray Walker. All will be back for the 1948-49 season.

SWIM MEET SET COLLEGE STATION, March 13 The Southwest Conference swimming meet, due to be a battle between Texas and Texas A. and M. for the championship, will be held here next week-end. Preliminaries will be Friday night and finals Saturday night.

Full House Will See Cage Fems

ABC May Field Strong Team

Eight of the finest women basketball players to be found anywhere will ankle onto the courts at Steer gymnasium Monday night for a frolic with the American Business Club and likely as not they'll receipt for victory. They are the All-America Redheads of Cassville, Mo.

All eight, of course, will not see action at one time. They'll play straight men rules but Coach-Manager Ole Olson will see that all hands get into the fray. The talented lasses have scored an amazing total of 91 victories against men's teams in their coast-to-coast tour and will be favored, whether they elect to play straight basketball or cut a few rugs, to vanquish the Big Springers.

Reading from left to right, in the order of their height, they are Gene Love, 6-foot-4; Alice Hatcher, 6 feet; Phyllis White, 5-10; Eloise Purkey, 5-10; Margie Arends, 5-10; Hazel Reynolds, 5-8; Hazel Walker, 5-8; and Stubby Winter, 5-2.

Against that troupe, the locals will field a starting lineup of Ted Phillips, Johnny Malaise, Tommy Hutto, Tommie Elliott and Skeeter Salsbury. All have played college ball.

Others who will see action during the fracas are J. D. Jones, Justin Holmes, J. O. Haygood, George Vineyard, Neil Norred, Walker Bailey, Vernon Whittington and Jack Johnson.

Officials of the game will be Lewis Heuvel and Bobby Asbury, both of Forsan. Starting time of the classic is 8 p. m.

The gym is expected to be packed. The girls played here two years ago and some late comers had to be turned away because of a lack of space.

An added attraction, scheduled for half-time, will be an exhibition of free pitching between Miss Walker of the Redheads and Johnny Malaise and Walker Bailey of the local team.

Malaise and Bailey will count their total score against that of Miss Walker's. Each will get the same number of chances.

The woman ace happens to be the champion free pitch artist of her sex in the world. If the men beat her, they'll probably have to can something like 110 percent of their chances.

Local Linksmen Are Defeated

Despite the all-around links brilliance of Bobby Maxwell, who carved out a 76 in 18 holes of play, the Big Spring High school golf team took an 8-4 drubbing at the hands of the Lubbock preppers in Lubbock Friday afternoon.

In winning his match, two up, Maxwell scored three of the four points his team tabbed. Bobby Hoberz grabbed off the other with a low score on nine holes.

Scoring was accomplished on a nine-hole basis and aggregate tallies. Others who represented Big Spring besides Maxwell and Hoberz were Sam Thurman and Clarence Shafer.

YOU CAN'T BE SURE about the future. So BE PREPARED NOW!

Band Plans Fast Moving Concert Here

Spirited marches, overtures, an excerpt from an opera, an intermezzo scene and numbers by a soloist and brass trio and quartet will be packed into a fast moving concert by the Big Spring high school band on Thursday evening at the city auditorium.

The concert, under direction of J. W. King, will begin at 8 p. m. Proceeds from sale of tickets (60 and 30 cents, tax included) go to the band's uniform and district contest fund.

Opening number is to be "Air Waves," an Olivadoti march. The band will present "Ariane," an overture by Louis Boyer, French composer, as its selected number for the music festival in Abilene on April 3, and "Love Scene" from Moussorgsky's opera, "Boris Godunov," as its required number for the festival.

From these, the tempo swings to "Fiesta Paso Doble," a Spanish march; "In a Persian Market," an intermezzo-scene by Ketyelby, and "Star Dust" by Hoagy Carmichael.

Dan Conley, former director of the band, will be guest-conductor for the "Mosquitoes' Parade," by Howard Whitney.

Jerry Williams, drum major and baritone, will be soloist, playing "Variations in D (flat)," accompanied by Mrs. Champ Rainwater. A brass quartet composed of Gary Nichols, Larry Evans, Donald Butler and Jerry Williams will play the "Pizzicato Polka" by Strauss.

Accompanied by the band, the cornet trio of Larry Evans, Wendell Stacey and Doyle Jenkins will play "My Buddy," before the band rings down the curtain with "Americans We," a march by Fillmore.

People of the Big Spring area will have an opportunity Tuesday to hear the president of the oldest and largest organization of educators—the National Education Association—when Glenn E. Snow visits here.

Snow will be presented in an address, which the public is urged to hear, by the Big Spring Classroom Teachers association at 8 p. m. in the First Baptist church auditorium.

Tentative arrangements call for him to be guest speaker at the Rotary club Tuesday noon, although this engagement had not been confirmed Saturday by Miss Jo Hestand, local association president.

Snow is president of Dixie Junior college in St. George, Utah, where he was reared. Since he received his bachelors degree in 1925 and his masters in 1929, Snow has been engaged in the educational profession. He has served as a leader in education associations at all levels and has been a member of the NEA executive board since 1943.

Last summer he was elected president of the national association at its 85th annual meeting.

By virtue of his position and long experience, Snow is considered among the nation's leaders in education today.

Ima Hayworth Takes Vocational Meeting Office

Ima Dell Hayworth, Big Spring, was elected one of the district officers at a meeting of officials of vocational clubs in the Panhandle and South Plains areas Friday in Lubbock.

With Bobby Allred, Sweetwater, president, Bobby Hamilton, Lubbock, treasurer, Morris McKinzie, Odessa, reporter, and Charles Gist, Pampa, sergeant-at-arms, she will be one of the district representatives at the state meet.

While coordinators held separate sessions, including one in which Stanley Camerop, Big Spring, was a discussion speaker, students toured outstanding training stations in trades and industrial and distributive fields in Lubbock. Later girls were guests of the homemaking department at Tech and were honored at a tea, and the boys toured the Tech science department.

Students representing 43 clubs and 1,054 members took part in a banquet affair. W. R. Cate, state director of trades and industry programs, and James R. D. Eddy, University of Texas vocational extension service head, were present. Attending from here were Ima Dell Hayworth, Bonnie Gull, Bobbie Fields, Horace Ivey, Gilbert Pachall and Roy Sheppard.

Collings Grants Three Divorces

Three divorces were granted in cases cleared from the 70th district court docket by Judge Cecil C. Collings Saturday morning.

Mattie L. Stroup won a decree from Daniel F. Stroup. The marriage of Betty Vaughn and Lee Vaughn was dissolved and the maiden name of Gross was returned to the woman.

Jim Edwards won marital freedom from Lena Edwards.

In another case, O. D. Elliott was ordered to pay \$15 a month toward support of a child now in the custody of his former wife, Pauline Elliott.

Political Calendar

The Herald is authorized to announce the following candidates for public office, subject to action of the Democratic primaries.

Educator Will Make Address Here Tuesday

People of the Big Spring area will have an opportunity Tuesday to hear the president of the oldest and largest organization of educators—the National Education Association—when Glenn E. Snow visits here.

Snow will be presented in an address, which the public is urged to hear, by the Big Spring Classroom Teachers association at 8 p. m. in the First Baptist church auditorium.

Tentative arrangements call for him to be guest speaker at the Rotary club Tuesday noon, although this engagement had not been confirmed Saturday by Miss Jo Hestand, local association president.

Snow is president of Dixie Junior college in St. George, Utah, where he was reared. Since he received his bachelors degree in 1925 and his masters in 1929, Snow has been engaged in the educational profession. He has served as a leader in education associations at all levels and has been a member of the NEA executive board since 1943.

Last summer he was elected president of the national association at its 85th annual meeting.

By virtue of his position and long experience, Snow is considered among the nation's leaders in education today.

Leaders Study Chest Drive Cleanup Plan

Conferences Saturday between representatives of the Community Chest and various participating agencies were due to have a hearing on the next step for the joint fund-raising effort.

R. L. Tollett and R. T. Piner were designated by the chest executive committee Friday evening to discuss all aspects of budgets and resources with officials of the YMCA, the Salvation Army, the Boy Scouts, Girl Scouts, and Alcoholics Anonymous.

Whatever adjustments are possible will be reported by Piner and Tollett back to the executive committee. In turn, this may control efforts to clean-up the campaign, which fouled up over the Christmas holidays, by renewing efforts to contact those who have not yet given to the Chest.

Meanwhile to facilitate activities of the various agencies, the executive committee ordered \$20,000 of the \$27,500 raised and pledged to date, allocated. The total includes \$24,750 cash and the balance in pledges.

Attending the Friday evening session of the committee were Ira L. Thurman, general chairman, Tollett, Piner, Dr. R. B. Cowper, R. W. Currie, Carl Blomsheld, J. H. Greene and Joe Pickle.

AIR Conditioners, 1 and 2 room, \$39.95. Westex Service Store, 412 West 2nd.

RADIO SINGER ON HONEYMOON

MIAMI, Fla., March 13 (AP)—Radio Singer Jane Froman and Pilot John Curtis Burn, who saved her life five years ago, were honeymooning today.

Miss Froman and Burn were married here yesterday.

Miss Froman walked to the improvised altar of flowers on the crutches she has used since she was injured in a Lisbon plane crash in 1943.

Will Attend Conservation Conference

Texas will be represented at a two-day conference on conservation needs and the Agricultural Conservation Program to be held at Jefferson Hotel, Dallas, on March 16 and 17. Named to attend the conference were Howard T. Kingsberry, Victor L. Cade, William L. David, J. R. Adams, E. A. McBryde, Lester Young, Gary A. Barnes, H. H. Marshall, and Wesley Stevens.

Kingsberry, the State PMA Chairman, says that the study of conservation needs is of increasing importance. Not only does it affect the allocation of funds between States, but, of greater importance, the needs estimates serve as a guide in program planning and administration.

He explained that for the past three years county and community agricultural conservation committees have been conducting needs surveys to determine how much conservation is needed—for example, how many farms need terraces and how many and the size of terraces that are needed on each farm.

States also will be asked to have their recommendation on the 1949 Agricultural Conservation Program in Washington by May 1. At the conference, state representatives will have a chance to discuss proposed changes in the program.

Some of the questions to be discussed at the regional conference are:

What changes in the program will be needed to get all the farmers who need conservation work to carry out conservation practices on their farms? What assurance can be had that assistance will be given only for conservation that would not be done without program aid? How can an effective crop-rotation system be established on every farm?

Also to be considered at the meeting are means for making more effective the findings of the conservation needs surveys, local practices, the use of State technical committees, and long-time program planning.

Gresset, Children Attend Wood Burial

FORSAN, March 13 — Walter Gresset and children, Dorothy Jean, Donald and Kenneth were in Sterling City Friday afternoon for the burial of Lincoln Wood, grandfather of the three youths.

Wood, a resident of Sterling county 41 years, is also survived by his wife, a daughter, Mrs. B. J. Glaze, Jr., of Sterling City, and a son, Adolph Wood, of Colorado City.

Spectacularly low death rates of under one per 1,000 were recorded for the United States in 1947 for ages 5 to 14 among white boys and 5 to 24 among white women.

A SPECIAL EASTER TREAT

PARKERSBURG, W. Va., March 13 (P)—Ham sold for \$33 a pound here yesterday. The proprietor of a Ripley restaurant paid \$404.25 for a 12-pound ham judged the grand champion in the Little Kanawha Regional Council ham and bacon show. The winner was entered by John Hoff of Spencer. Gene Penoz, the restaurant operator, said he planned to serve the meat as ham and eggs on Easter morning in his establishment.

AIR Conditioners, 1 and 2 room, \$39.95. Westex Service Store, 112 West 2nd.

BEAUTY AND BABIES — Clyde Beatty, renowned animal trainer displays two members from his nursery department, among the "cats" to be displayed when his railroad circus unloads and shows here Tuesday at Fourth and Abrams street. Besides the animal training acts for which Beatty is famous, there will be the numbers with equestrians, the elephants, aerialists, and many others. Doors open at 2 and 7 p. m. for inspection of the menagerie and horse fair an hour before regular showing time.

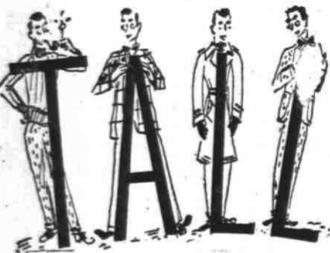

PEOPLE ARE HONEST

Boland Experiences Success And Few Losses In Year At Newstand

Charlie Boland thinks his first year's business as concessionaire at the post office has been fine—and so are the people who have made it a success. Monday he begins his second year as operator of the newstand in the post office lobby and his volume of business is greater than he had hoped for at the outset. Boland is proud of that record, for he is convinced it is based upon service to the public and not upon sympathy. For although he is virtually blind and Mrs. Boland is crippled, the last thing in the world that either of them want is sympathy. "I've always earned my way," said Boland. "Even during the depression I didn't go on relief. I've always managed to do something, and if I didn't make a living out of it, I switched to something else." He is not the only one proud of his first year's record, for Postmaster Nat Shick is a booster for Boland. Shick frankly admits that he resisted attempts to open a stand in the lobby until he felt he could get the right set-up on fixtures and the right man. When the state commission for blind referred Boland to him for a personal interview, he was sold. He still is. From the first month, magazine business has increased by seven times and newspaper sales have kept the same pace. Volume on candy has soared and supplies are the only problem. Thanks to the state commission, through whom Boland secures some of his goods, he has had a good break on items such as popular candies, gum, etc. Boland always keeps busy, either waiting on customers or rubbing the fixtures so that they fairly sparkle. People have been entirely honest with him and his wife. Once a package of candy was lifted out from under him and a juvenile

once made off with a bar of off-brand candy when Mrs. Boland was on duty. Boland was disappointed that the entire lot hadn't been taken—he couldn't sell it. He leaves his papers out overnight and has never been shortchanged or experienced tampering with the box. Blinded in one eye at the age of three months and partially blind in the other, Boland has done many things including work with the North American Aviation company during the war years. He punched threads faster than anyone else in his department because it was largely touch work and he already had a sensitive touch. A short time ago Mrs. Boland slipped on a magazine and fell to the lobby floor, fracturing her leg. While she was hospitalized, many people visited her and scores of cards poured in. That made the Bolands feel a lot better than even over the success of the business.

When flood, fire or tornado ravages the land the Red Cross stands ready to stem the tide, soothe the scars and succor the pangs of suffering. Now ready your Dollars—to help the Red Cross help humanity wherever and whenever it is needed.

You remember the Wartime Blood program of the Red Cross. Many still live today only because of it. Now ready your Dollars to help expand a new Red Cross National Blood program so that ultimately ALL who need blood may have it and its derivatives freely.

Veterans successfully face many critical problems thanks to Red Cross Aid; the misery of the ailing soothed, the accident emergencies are met because the Red Cross prepared the way. So now ready your Dollars to help the Red Cross, comfort, sustain, and restore.

SWARTZ'S

Ides of March

GREAT AMERICAN MYSTERY — A. A. Marchant, who devotes himself ordinarily to operation of the Big Spring Optical company, registers puzzlement, dismay, frustration and resistance as he ponders his 1040-A — the annual accounting to Uncle Sam's Bureau of Internal Revenue. Let's see—hmmmm—list names of other close relatives (as defined in instruction 1) . . . profit (or loss) from business or profession add amounts in items 2, 3, 4 and 5 . . . (farmers should obtain form 1040F) . . . losses from shipwreck . . . subtract line 2 from line 1 . . . gains and losses from sales or exchanges of capital assets, etc . . . hmmm, now where were we?

BOLD INDUSTRY is demonstrated by Marchant as he nimbly flits from check book to accounts receivable to trial balances to bills and accounts paid and payable . . . and inevitably back to form 1040-A. Now does this item go under schedule C, item 6 (which must be explained in schedule G), or should it be entered on page one under item 5? Wait a minute, would this fit into schedule D which says something about capital assets, or would it be a logical entry under one of the 22 items in schedule C? Surely, there is a simple answer. Let's back up . . . and get out a few more books.

NEAR COLLAPSE of patience, mind and soul threatens Citizen Marchant. Have all the items on one side of the ledger miraculously equalled those on the other, or has he pecked and scratched his way through yards of adding machine tape and pads to find himself in the blind alley of figures that 'don't balance'? Control yourself Archie. Let's back up and add items, 2, 3, 4 and 5 (where did we put those darn things?) and enter them on line six. Where did line No. 6 go? It was right here on page three awhile ago, or was it page one? If item No. 7 is larger than item No. 8, we can plug the figure right here. But where does that leave us? Steady now, Arch, old boy. Steady.

ARE YOU SURE, ARCH? Is there anything you didn't get into the form at one place or another? Did you fowl up something under the schedule for depreciation or did you neglect to mention that expense for "amortization of emergency facilities"? Are you certain you subtracted line 11 from line 8, or did you add? And what about that space where it says do not write. Did temptation get the best of you? And what about that declaration of estimated tax . . . didn't the form have something to say about that? Careful now, before you lick and bend the flap and send the return post haste to Collector of Internal Revenue, Dallas 1, Texas.

IT IS FINISHED. Alas, the die is cast! It is now weary hours and hours, three cans and two pipefuls of tobacco later. Aspirin and anacin are strewn about as Freeholder Marchant slumps into the sleep of the exhausted. But it is a troubled sleep, for even in his fitful subconsciousness, visions of figures jumping over each other and from one page to another parade before his mind's eye vividly. But wait! Out of this world of fantasy, a man with top hat, Roman nose, goatee and striped pants walks forward in measured stride. He lays his hand on Mister Marchant's shoulder. "Well done," he says. "Well done, Citizen Marchant. Think nothing more of it—until 1949."

(All Photos by Jack M. Haynes)

Snake Nipped

ROBINSON, Ill. (U.P.)—No one has seen any robins yet this winter in Robinson, but everybody is sure spring is just around the corner. A green garter snake, even more of a rarity at this season than a robin, was found. The first harbinger of warmer weather had had its tail frozen off.

Wanted To Know

KOKOMO, Ind. (U.P.)—Newspaper offices receive a lot of strange questions over the telephone. At eight o'clock one February morning a subscriber called the Kokomo Tribune and asked when and where was the last time on record anyone had seen a rain-snow in the winter-time.

SAYS CHICAGO NEEDS RANGERS

Texan Didn't Ask Questions In Work For Ex-Capone Men

WASHINGTON, March 13 (U.P.)—Dallas attorney Maury Hughes helped make a house committee hearing here last week one of the best shows in town. Heading the committee was Rep. Hoffman (R-Mich.), known as "pussy nose," "cherry nose," "greasy thumb" and "the waiter." Hughes, as the major witness, testified he obtained 15,000 for his

work as a lawyer in obtaining dismissal of a mail fraud indictment against the four ex-mobsters who were paroled.

The Dallas lawyer at one point told of being in a Chicago night club and hearing a drunk at the table next to his call him "That Texas . . ."

"If you don't mind, Mr. Hughes," Hoffman broke in, "we'd rather you would use language for the record like we use in the north."

Hughes replied he had given warning that it was "not so pleasant" but that the committee had asked him.

Rep. Busbey (R-Ill.) spoke up: "I thought those were fighting words in Texas." He added that he bet Rep. Frank Wilson of Dallas, a committeeman sitting near him, "Wouldn't take that."

"In Chicago I might," Wilson interjected.

Hughes said Busbey could bet he wasn't going to pick a fight in Chicago after hearing yesterday about those six undertakers being bumped off.

The previous day a Chicago policeman, reviewing the city's gangland killings, had told of a mobster being murdered. He said that later all the pallbearers at the funeral were "rubbed out."

Chicago needs some Texas Rangers, observed Hughes, then remarked that if he personally ever goes back to the windy city he is not going to carry more than \$3 in his pockets and will bolt himself in his hotel room after dark.

Hughes said he never had learned the real name of the man who paid him \$15,000. "I wouldn't care if he said his name was Santa Claus," he remarked.

The committee wanted to know if he ever received any bigger fees, specifically one for \$50,000. The Texan said he certainly had not.

"Well, why get indignant about it," asked Hoffman. "You wouldn't object to getting that big a fee, would you?"

Hughes assured him he wouldn't. "What I resent," he said, "is that others can get it and I can't."

The committee finally finished with Hughes, but Hoffman asked him if he would mind waiting for an hour in case he should be needed.

The lawyer said he would wait although he had some urgent business. Hoffman said he guessed a man who could earn a \$15,000 fee could afford to stand by a little while.

"Yes, but I might be able to make another \$1,000 in that hour," quipped Hughes. Hoffman agreed to let him go.

Four Now Running For West's Post

WESLACO, March 13 (U.P.)—The field of candidates for Congress in Texas' 15th district Friday had increased to four. J. T. Ellis, Jr., Weslaco seed dealer, formally announced Thursday. Others in the race are Augustine Celaya, Brownsville, a state representative; County Judge Lloyd M. Bentsen, Jr., McAllen and Laredo attorney Phillip Kazen. Rep. Milton West has announced he will not seek re-election.

Big Spring, Texas

"As the Twig is Bent ..."

The two extremes in these pictures do not necessarily reveal the character nor forecast the future of these boys.

But Alexander Pope was, nevertheless, right when he wrote, "As the twig is bent, the tree's inclined." One of the strongest influences in the life of a man is the environment in which he grows up.

In these confusing days youngsters feel even more than their parents the bewilderment of the times. When it is hard for adults to maintain their sense of values, it is far more difficult for youngsters to gain such a foundation.

The most constructive influence in any community is the Church. It provides the guidance, the spiritual insight, the sustaining power that enable parents and children to find the highest values in life.

There is a church in your community that needs your support. There are boys and girls growing up in your community who need the training that church—with your support—can provide.

HOLY BIBLE

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

SUNDAY SCHOOL LESSON

Christian Character Gives Joy That Lasts

By NEWMAN CAMPBELL
(The International Lesson on the above topic for March 14 is Acts 20:17-38; Ephesians 5:6-21.)

ANCIENT PALESTINE, today the scene of riot and worse as Arab and Jew contend for the possession of that Holy Land, was torn with religious differences in the days of the Apostle Paul. Paul, whose magnificent letters—known as the Epistles—to the various congregations he had founded, are a grand contribution to the New Testament, became a prisoner of the Romans as a result of a religious riot in Jerusalem.

Though he felt certain that persecution and imprisonment lay in wait for him at the end of his journey, the great missionary set out from Miletus, historic Mediterranean seaport in Asia Minor, for Jerusalem. This must have been Paul's last missionary journey—there being no evidence of a later one.

En route to Jerusalem Paul stopped over in the city of Ephesus, and it is on the words that the great missionary spoke to his followers there that our lesson for today is based.

At Ephesus Paul summoned the elders of the church to him. They were the duly appointed officers of the Ephesian church, although we do not know who they were nor how appointed. When they had gathered he reminded them of his work among them, telling how he had served "the Lord with all the humility of mind, and with many tears, and temptations, which befell me by the lying in wait of the Jews."

The Jews who would not accept his Gospel, accused him of all sorts of what they considered heresies, whereas, Paul says, he was "testifying both to the Jews and also to the Greeks, repentance toward God, and faith toward our Lord Jesus Christ."

Now, he told these friends, "I go bound in the spirit unto Jerusalem, not knowing the things that shall befall me there: Save that the Holy Ghost witnesseth in every city, saying that bonds and afflictions abide me."

None of the things that he feared moved him from his purpose; even his life he counted not dear, only that he hoped he might "finish my course with joy, and the ministry which I have received of the Lord Jesus, to testify the gospel of the grace of God."

"And now, behold, I know that ye all, among whom I have gone preaching the kingdom of God, shall see my face no more." Paul was loved and admired. He was a very real "tower of strength" to these early Christians. Imagine, then, how sad they must have felt when they thought of him going into danger, possibly, even very probably, losing his life, and visiting them no more to cheer, advise and help them in their trials and discouragements.

He warned them of differences of opinion that would arise within their ranks, to draw disciples away from them, and cautioned them to watch for signs of same.

"And now, brethren, I commend you to God, and to the word of His grace, which is able to build you up, and to give you an inheritance among all them which are sanctified. I have coveted no man's silver, or gold, or apparel. Yea, ye yourselves know that these hands have ministered unto my necessities, and to them that were with me."

Then Paul knelt and prayed with these friends. They all "wept sore," and accompanied him to the ship that would take him once more to Palestine.

We do not know if he ever went to Ephesus again. There is no record of such a return visit. He was a prisoner when he wrote his epistle to the Ephesians, setting forth what the life of a Christian should be, instructing and exhorting them.

"Have no fellowship with the works of darkness, but rather reprove them," he writes. Wake up those who are sinning so that they may "walk in light," a beautiful phrase for living a righteous life.

"And be not drunken with wine, wherein is riot, but be filled with the Spirit." "Wine and the Holy Spirit both lift a man out of himself," says a commentator. But while wine gives a false sense of joy, and makes a man forget his troubles for a time, it may also make him arrogant, proud, even quarrelsome and murderous. The Holy Spirit gives a true joy, which lasts and never disappoints.

Garssons Are Indicted Again

BALTIMORE, March 13. (P)—A Federal grand jury Thursday indicted Henry N. and Murray W. Garson, operators of a war-time Illinois munitions combine, on charges of filing false financial statements in connection with their government contracts.

A three count indictment against the Erie Basin Metal Products company, Allen B. Gellman, its president, Joseph T. Weiss, Harry S. Glick, and the Garsson brothers, was returned after a two-month investigation into their munitions dealings.

A justice department announcement said charges against the individuals, all from Chicago, are that "criminal offenses were committed against the United States involving false statements and an overall conspiracy to defraud in contract renegotiation and related matters."

Frank H. Patton, special justice department prosecutor who presented the case to the grand jury, said the first count of the indictment charges conspiracy and the other two allege filing of false and misleading financial statements.

The combine got about \$78,000,000 worth of war contracts. Patton said the government expects to prove a conspiracy to defraud it of over a million dollars.

Cub Course To Be Offered

First of a series of six class periods in a Cub Scout leaders training course will be conducted at 2:30 p. m. today at the Howard County Junior college administration building, D. M. McKinney, cubbing commissioner, announced Friday.

Classes will continue on a weekly schedule, with exception of Easter Sunday, until the course is completed. McKinney said all Den mothers in Big Spring, Forsan, Stanton and other points in the Martin-Howard district have been urged to participate in the course and other interested individuals are invited to attend. Each Den mother will be asked to bring a guest, if possible, the cubbing commissioner said.

Instruction will be directed by McKinney and Frank Medley. Each class session will close promptly at 4:30 p. m. Den mothers have been asked to bring their Cub Scouting books to the classes.

JEFFERSON STANDARD serves Policyholders from the Carolinas to California..the Great Lakes to the Gulf of Mexico.

In 1947 Jefferson Standard served a greater number of policyholders than ever before and made substantial gains in volume of new business and financial strength. This achievement is high tribute to the loyal group of field representatives whose skilled services made this record possible. Through their efforts the comforting protection of life insurance was brought to additional thousands of families during the year.

Today's high income taxes and low returns on investments have intensified the problem of estate creation and conservation, thus causing the American people to value more than ever the security and personal satisfaction which life insurance affords. In 1947 FOUR OUT OF FIVE families enjoyed the protection of life insurance. Jefferson Standard provides more than \$745 million of this protection.

HIGHEST RATE OF INTEREST EARNED

1947 marks the eleventh consecutive year that Jefferson Standard has led all major life insurance companies in rate of interest earned on invested assets.

HIGHEST RATE OF INTEREST PAID

On funds left in trust—extra income to policyholders and beneficiaries.

INSURANCE IN FORCE

Now \$747,501,522 which represents an increase of over \$75,000,000 for the year.

STRONG FINANCIAL POSITION

Assets increased more than \$20,000,000 in 1947 and now total \$199,857,286. Surplus, Capital and Contingency Reserves total \$23,500,000, a new high mark in additional funds for policyholders' protection.

BENEFITS PAID

Payments to policyholders and beneficiaries aggregated \$8,664,444 in 1947, bringing total payments since organization in 1907 to more than \$167,700,000.

NEW POLICY PLANS

At the close of 1947 Jefferson Standard made several new policy plans available to the public, including a wide range of policies for children.

SALES HIGHEST IN HISTORY

Sales of new life insurance in 1947 reached a total of \$118,272,288, a new company record.

41st Annual Statement DECEMBER 31, 1947

Technicolor 'Tycoon' Stars Wayne And Day As Andes Romancers

Dealing with the stormy romance of a young North American engineer building a railroad through the Andes, RKO's Technicolor "Tycoon" comes today to the Ritz theatre screen. The film, starring John Wayne and Laraine Day, combines a love story with the tale of railroad construction in a difficult mountainous locale.

Wayne plays the engineer and Miss Day is seen as the half-Yankee, half-Latin daughter of the wealthy tycoon for whom Wayne is

working. The owner, irritated by Wayne's demands for more money to put a concrete lining in the tunnel he is driving, becomes furious when the engineer dares to court his daughter, and deliberately sets out to ruin the younger man.

When the young couple accidentally have to spend the night in the mountains, the girl's father icily sees them married and then discards his child. Wayne doggedly tries to complete the tunnel, but his bride, unable to endure the competition of his work, returns home. The outcome strikes an unusually dramatic note as the conflict between the two men reaches a climax at the same time as titanic things happen at the tunnel.

Giving the two stars good characterizations, the film also presents in featured roles Sir Cedric Hardwicke as the stern mine-owner, Judith Anderson as Miss Day's tutor-governess, James Gleason as Wayne's partner, and Anthony Quinn as Hardwicke's nephew. Richard Wallace directed the production by Stephen Ames, with Borden Chase and John Twist writing the screenplay from the novel by C. E. Scoggins. The spectacular mountain locale, and a picturesque Andean city, lend a realistic background to the action-romance.

DISASTER — John Wayne and Laraine Day (above), stars of the new Ritz attraction beginning today, "Tycoon," watch as a raging torrent destroys a newly constructed bridge.

RECONSTRUCTION DAYS — William Elliott defies John Carroll in this scene from Republic's "The Fabulous Texan," which opens at the State theatre today.

RUSTY RETURNS — Ted Donaldson (above) takes the juvenile lead in "Son of Rusty," the current Lyric theatre film showing.

Reconstruction Days In Lone Star State Form Movie's Plot

Western fans have a treat in store for them today when "The Fabulous Texan" opens at the State theatre.

Ecompassing a dark period in American history, referred to in school texts as the reconstruction, it deals with the internal strife and sectional hatreds that were aroused in post-Civil War Texas.

Director Edward Ludwig has pointed up this struggle of Texas in her most desperate hour.

A cast, headed up by William Elliott, Catherine McLeod, John Carroll with Albert Dekker, Andy De-

vine, Ruth Donnelly, Robert Barrat Douglas Dumbrille and Harry Daventport, depict the opposing elements that battled for supremacy of the great sprawling state. There are over one hundred speaking roles in this picture.

Elliott and Carroll play major roles as two returned Confederate veterans who adopt varying methods to free their state from the cruel domination of a ruthless politician and his legalized gang. One attempts persuasive tactics while the other resorts to violence. Between them stands Catherine McLeod, as the girl they both love.

Rusty Is Seen Again In Lyric Attraction

Rusty, the dog that can do a myriad of tricks, is back to entertain movie-goers in Columbia pictures' "The Son of Rusty," which starts today at the Lyric theatre.

Once again, Columbia has come through with a "Rusty" picture which lives up to a high standard for wholesome, entertaining family film fare. Ted Donaldson, Tom Powers and Ann Doran are back as the Mitchell family, with Stephen Dunne and Thurston Hall rounding out the list of featured players.

The simple, story, as scripted by Malcom Stuart Boyland is a venture that starts when young Danny Mitchell (Donaldson) discovers that Lawtonville's newest resident, quiet Jed Barlow (Dunne), was once in an army prison. Word spreads rapidly that an "ex-convict" is living in town, and Barlow is treated with bitter contempt by his new neighbors. Danny soon realizes the evils of rumor-mongering and regrets his part in the scandalous gossip when Rusty's affection for Barb, Barlow's dog, makes good friends of the two masters. But the townspeople are slower than the young

boy in learning the harm inherent in vicious talk.

The tense situation is climaxed at a dramatic court trial, where Thurston Hall, acting as counsel for Barlow, reveals the full story of the young man's heroic deeds in the war and condemns the entire town for the serious injustice it has perpetrated.

As the bitter, sullen veteran, Stephen Dunne turns in a good performance. Ted Donaldson, of course, plays his role with conviction and sincerity. And as Danny's understanding and patient parents, Ann Doran and Tom Powers are a typical couple.

Low Landers directed "The Son of Rusty," and Wallace MacDonald produced.

Presbyterians Set Proposed Church Budget

Setting a proposed budget of \$23,295 for the new church year, parishioners of the First Presbyterian church at a banquet Wednesday evening reviewed activities and expenditures of the church for the past fiscal year. Some 135 persons were present.

In a report on building activities, \$3,500 was tabbed as expenses for installation of cooling units in the summer of 1947, \$1,400 was spent in refinishing the church interior, and \$300 went toward tiling the basement floor. A cold-drink system has been installed recently.

During the year, an organization named Men of the Church was formed, holding monthly fellowship and fostering benevolent activities for the men. In a report from the Women's Missionary Society, \$1,600 was announced contributed to charitable causes.

Sunday school average attendance was increased from 108 to 135 per Sunday. Some 78 new members have been attached to the church during the year, and 16 infants were baptized. The fiscal church year ends three weeks from Sunday.

Highlights of the Wednesday evening's dinner was the presentation of a citation of merit to D. T. Evans for his satisfactory work as chairman of the Board of Deacons, and the awarding of a white Bible to Mrs. W. R. Settles for "loyalty to local work, Christian education and other Presbyterian cause."

Conservation Committee Is Given Praise

Farmers of Howard county are indebted to the TMA State technical committee for their training and experience in establishing sound conservation practices under the Agricultural Conservation program, according to Willis Winters, chairman of the county agricultural conservation committee.

Winters pointed that the practices under the 1948 program have been carefully checked by the PMA technical committee.

When the list of national practices are reviewed by the state, the technical committee helps determine which practices from the national outline should be selected for the state. Specifications are drawn up for the selected practices and farmers must follow these specifications to qualify for financial assistance under the program.

The committee is made up of Extension Service agronomists, a pasture specialist, chemist, agriculture engineer, Agricultural Experiment Station agronomist and forestry specialists.

Members of the technical committee have a significant and vital part in developing the ACP. Winters stated. When recommendations come in from counties for the next year's program, the State PMA committee calls a meeting of the technical committee and together they go over the recommendation to keep the practices and specifications in line with research results.

Mrs. Grady Hanes and daughter, Mrs. Paul Yulick and child, Janice Ann, of Stockton, Calif., are visiting in the home of Mrs. Hanes' parents, Mr. and Mrs. J. J. Daily, and other relatives.

Nail polish is used consistently by 79 per cent of American women, one estimate shows.

Youth Retains Hold On Lead

Youth's Beauty shop retained its hold on first place in Women's Bowling league standings here Wednesday night, thumping Settles Beauty, 2-1.

Nathan's Jewelers gained on the pace setters, however, by accepting a forfeit from Modern Cleaners. The Gem-Setters grabbed off team scoring honors with 737-2104.

Margaret Howle of Nathan's set a merry pace with 186-525, tops for the night.

Youth has now won 11 games in 18 starts while Nathan's is a game off that pace. Modern has an 8-10 record while Settles has won only seven games in 18 assignments.

Every year enough soil is washed or blown from American fields by erosion to fill a train of freight cars long enough to go around the earth 19 times at the equator.

Georgia Lee Daniels-Dale Moore Nuptials Are Scheduled For Today

GEORGIA LEE DANIELS

Bride Wears Aqua Suit

Wearing an aqua blue suit, white accessories and a corsage of pink and white carnations with an identical bouquet on top of a white leather Bible, Georgia Lee Daniels, daughter of Mr. and Mrs. G. W. Daniels, will become the bride of Dale Moore, son of Mr. and Mrs. Denny Moore of Coahoma this morning in the First Christian church immediately following the regular morning worship services.

The Rev. Lloyd Thompson, pastor, will officiate at the single ring service.

Mrs. Weldon Brooks of Snyder, sister of the bride will be matron of honor. Darnella Weatherby is maid of honor. They will wear identical suits of blue gabardine and white accessories. Their flowers are the same as those to be carried by the bride.

Gail Miller is serving as best man.

Mrs. G. W. Daniels, mother of the bride, will wear a blue suit, black accessories and a white carnation corsage. Mrs. Moore is to be attired in orchid complimented with black accessories and white carnations.

A reception will be held in the home of the bride's parents immediately following the service, with Mona Stocks and Mrs. Weldon Brooks as hostesses.

After a short wedding trip the couple will be at home at 1004 Scurry in Big Spring. He is employed with the Brown and Root construction company.

For traveling the bride is to wear a fuchsia suit with matching accessories.

MILDRED LOUISE SULLIVAN

Miss Mildred Sullivan, Rev. Preston Denton Engagement Announced

Mr. and Mrs. Charlie N. Sullivan are announcing the engagement and approaching marriage of their daughter, Mildred Louise, to the Rev. Preston M. Denton, son of the late M. M. Denton and Mrs. Mable Cloud of San Angelo. The wedding will be solemnized at 3:30 p. m. March 28, in the First Baptist church with Dr. P. D. O'Brien reading the informal double ring ceremony.

Miss Sullivan graduated from Lubbock Senior high school and

has attended Texas Technological college in Lubbock and Howard County Junior college.

The Rev. Denton graduated from Big Spring high school and served in the armed forces for two years. He was overseas in the Southwest Pacific for 13 months. Since his discharge he has attended Hardin-Simmons University in Abilene and Howard County Junior college. The couple will be at home in Big Spring following the wedding.

Delegates Attend Beauty Convention

Ten local delegates returned to Big Spring Wednesday from Dallas where they attended the convention of Texas Beauticians and Cosmetologists, and the Lone Star beauty review. Edna Womack, winner of the local contest, competed with 21 other operators in a hair styling contest. An operator of Dallas was first place.

Such beauticians as Joseph Friedrich, Albert Stockman, Rudolph of Hollywood, hairdresser of the models of Earl Carroll's showgirls, and Lee Harris, makeup artist of Hollywood gave the lectures at the convention.

Mae Whitley, national president, and a number of state officers were present. Lee Self, of El Paso, state president; Russell Hannon of Fort Worth, secretary and B. A. Burt, past president and state board member attended.

Attending from Big Spring were Gladys Carpenter, Ruth Dyer, Bonnie Mae Smith, Edna Womack, Christine Davis, Mrs. Frank George, Eleanor Thomas, Mrs. Fred McGowan, Mrs. Ellie Gillerson, Mrs. Grank Cathey and Oma Buchanan.

Mary Evelyn Johnson and Herbie Johnson are home for the week end from West Texas State college at Canyon.

Art Study Club Plans Exhibit

Plans were made at the Art Study club Friday afternoon in the Alton Underwood home for the club to sponsor an art exhibit on April 7 in the home of Mrs. W. D. Green, 1808 Main, during the hours from 2-5 and from 7-10 p. m.

A watercolor and oil picture were on display at the meeting and were criticized by the members.

Refreshments were served to Mrs. W. D. Green, Mrs. Mary Raley, Mrs. J. R. Chaney, Mrs. Bob Satterwhite and Mrs. R. L. Coffey and the hostess, Mrs. Alton Underwood.

Lunell Barron Has Birthday Party

A birthday party was given for Lunell Barron, daughter of Mr. and Mrs. Henry Barron in the home of her grandmother, Mrs. Roy Cook. Lunell was celebrating her twelfth birthday anniversary.

Games were entertainment. Refreshments were served to Ruth Ann Abbott, Joyce Nell Dodd, Franklin Kirby, Sharon Lewis, Brownie Rogers, Mary Jo Arnold, Sonny Choate, Barbara Ruth McMurry, Virginia Todd, Jimmie Peters, Marilyn McCormick, Donald Van Dennis, Donald Frank Lovelady, Luther Bell, Juanita Kelly, Dorris Sullivan, R. B. Hall, Perry Mac Hall and Arlene Barron.

Betrothal Of Melba Dean Anderson To Derrel D. Dougllass, Jr. Is Told

Marriage Is To Be In April

Mr. and Mrs. M. E. Anderson are announcing the betrothal of their daughter, Melba Dean, to Derrel Dempsey Dougllass, Jr., son of Mr. and Mrs. D. D. Dougllass, Sr.

The wedding vows will be exchanged on the evening of April 10 at the First Baptist church with Dr. P. D. O'Brien officiating.

Mrs. Tabor Rowe, sister of the bride-elect, is to be matron of honor. Bridesmaids will be Codie Selkirk and Carol Conley.

The bridegroom's attendants are to be Harry Middleton as best man, Billy Casey and Gil Barnett, groomsmen, and Wayne Underwood and Bill Merrick, ushers.

Bobby June Bobb of Abilene and Nancy Thompson of Fort Worth will light the tapers preceding the ceremony.

Miss Anderson is a graduate of Big Spring high school and a former member of the Sub-Deb club. She attended Southwestern University where she was a member of the Zeta Tau Alpha Sorority. She is now employed with the Cosden Petroleum Corp.

Dougllass is also a graduate of Big Spring high school, where he was a member of the "B" Association. He has recently been discharged from the Army after serving ten months in Germany. He is now employed at the Dougllass grocery.

The couple are to live in Big Spring following the marriage.

MELBA DEAN ANDERSON

Series Of Parties Compliment Miss Barbara McEwen During Week

Miss Barbara McEwen, bride-elect of Daniel Krauss, was complimented with a kitchen shower and condiment shower during the past week.

The series of parties began with a kitchen shower Thursday evening in the home of Mrs. R. T. Piner with Robbie Piner, Mrs. Ira Thurman and Marjio Thurman as co-hostesses.

The kitchen theme was carried out with a blue and white checked table cover, an arrangement of yellow flowers in a frying pan and cookie sheets as the tea trays. Pottery completed the appointments.

Attending were Mrs. R. R. McEwen, Sr., Mrs. Lucy Sorrels, Mrs. R. R. McEwen, Jr., Mrs. William Menger, Mrs. Harold Talbot, Mrs. Tommy Hutto, Mrs. Reba Baker, Mrs. T. D. Weaver, Mrs. Eva Pyeatt, Mrs. Tabor Rowe, Mrs. Kenneth Partridge, Mrs. R. C. Hatch, Mrs. Larson Lloyd, Mrs. Ted Bishop, Mrs. W. A. Carter, Mrs. Clara Secrest, Edith Gay, Mrs. H. W. Smith, Mrs. Morris Patterson, Mrs. Carl Strom, Patti McDonald, Miss McEwen and the hostesses.

Mrs. Lee Rogers gave the spice shower Friday morning in her home. The centerpiece was gingerbread dolls decorated with blue and yellow.

Coffee was served to Mrs. George Oldham, Mrs. M. M. Miller, Mrs. R. T. Piner, Mrs. G. H. Wood, Mrs. Matt Harrington, Mrs. Frank McCleskey, Mrs. Hayden Griffith, Mrs. C. J. Staples, Mrs. Champ Rainwater, Mrs. D. M. Penn, Mrs. Marvin House, Mrs. Lula Ashley, Mrs. Abe Karcher, Mrs. Lloyd Wasson, Mrs. Hudson Landers, Mrs. Curtis Driver, Mrs. Obie Bristol, Mrs. Elmo Wasson, Mrs. Lucy Sorrels, Mrs. R. R. McEwen, Sr., Mrs. R. R. McEwen, Jr., Barbara McEwen and the hostess.

Dinner Party Honors Two Girls Friday

Doris Jean Clay and Jean Conley were honored with a dinner party in the home of Mr. and Mrs. Harvey Clay Friday evening, on the occasion of their birthday anniversaries.

Games were entertainment. Those present were Nevaegene Apple, Joyce Howard, Joy Williams, Richard Deats, Tex Massey, Dorothy Purser, Gerald Harris, Rebecca Rogers, Don Williams, Tommy Hubbard, Jimmy Wyatt, Patty McCormick and Charles Rainwater.

Refreshments were served to Mrs. W. D. Green, Mrs. Mary Raley, Mrs. J. R. Chaney, Mrs. Bob Satterwhite and Mrs. R. L. Coffey and the hostess, Mrs. Alton Underwood.

Refreshments were served to Ruth Ann Abbott, Joyce Nell Dodd, Franklin Kirby, Sharon Lewis, Brownie Rogers, Mary Jo Arnold, Sonny Choate, Barbara Ruth McMurry, Virginia Todd, Jimmie Peters, Marilyn McCormick, Donald Van Dennis, Donald Frank Lovelady, Luther Bell, Juanita Kelly, Dorris Sullivan, R. B. Hall, Perry Mac Hall and Arlene Barron.

Girl Scouts Have Hike And Cook-Out Friday In Honor Of Juliette Low

Members of the Girl Scout Troop 11 celebrated the birthday of Juliette Low, founder of the Girl Scouts, with a hike and cook-out Friday afternoon.

The troop was divided into two groups with Mrs. Ray Nichols, assistant leader, conducting the hike and Mrs. Bill Early supervising the cook-out.

The hikers explored the Birdwell tract and made a study of nature. The cook-out was a one-pot meal over an open fire at the home of Mrs. Early.

Janice Reagan made a cake and decorated it with shamrock and the name of Juliette Low, in whose honor the occasion was held. Each girl gave as many pennies as her age into the Juliette Low fund.

The hikers were Dorris Ann Daniels, Marilyn Jackson, Margaret Martin, Shirley Banks, Beverley Nichols, Betty Jo Early, Edith Storms and Mrs. Nichols. The cooks were Sub Love, Janice Reagan, La June Haines, Billie Kathleen Carr and Mrs. Early.

Happy Stitchers Club Meets With Mrs. Pierce

Mrs. J. C. Pierce was hostess to members of the Happy Stitchers Sewing club Friday afternoon for a session of sewing.

Mrs. Howard Salisbury will be hostess at the next meeting. Refreshments were served to Mrs. Paul Logsdon, Mrs. Ben Daughtery, Mrs. Howard Salisbury, Mrs. M. E. Williams, Mrs. Pershing Morton, Mrs. Johnny Cox, Mrs. Buck Tyree, Mrs. Roy Klahr, and Mrs. Robert Sneed.

Berta Beckett Class Has Luncheon

Mrs. J. C. Dougllass led the opening prayer at the covered dish luncheon of the Berta Beckett Sunday school class at the First Baptist church Thursday noon.

Mrs. J. F. Seller presided at the short business session. Attending were Mrs. W. R. Dougllass, Mrs. J. C. Dougllass, Mrs. B. J. Mangel, Mrs. L. B. Adams, Mrs. B. N. Ralph, Mrs. J. W. Wooten, Mrs. D. M. Anderson, Mrs. J. F. Sellers, Mrs. L. M. Gary, Mrs. R. V. Hart and two guests, Mrs. Eva Pyeatt and Gloria Ann Freedman.

Lewis Home Is Scene Of Birthday Party

The home of Mrs. V. A. Lewis was the scene of a birthday party honoring Nancy Lewis and Sharon Koon on their first birthday anniversaries Thursday afternoon.

Attending were Tommy McMahon, Brenda Boggs, Fay Koon, Mrs. J. M. Simmons, Mrs. W. V. Boggs, Mrs. V. A. McMahon, Mrs. V. E. Lewis, Billy Ray Gamble, the hostess and honorees.

A Preview Of American Styles To Be Seen In The Easter Parade

Now that the shouting is over, it appears that Easter fashions in the U. S. A. are going to be much less alarming than earlier reports indicated.

They have a "new look," it's true. But it's far different silhouette than the droop-shouldered, barrel-skirted affair first proposed by certain Paris designers.

Now that U. S. manufacturers have recovered from the first hysteria over the revolution in fashion, they have turned out for Easter consumption an array of suits and coats as conservative as any timid

hopper might demand. For those who like their tailored clothes in the classic tradition, there are plenty of crisp, slim-skirted suits with either short or long jackets, no exaggerated waists or hip pads, and a general air of good breeding. Just below the calf is the accepted skirt length.

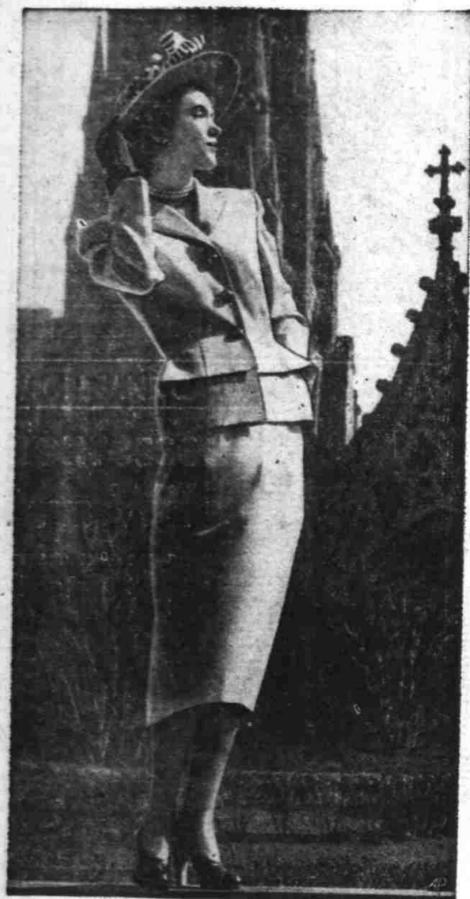

For the more daring, there are still full-skirted, small-waisted outfits, but even in most of these the skirt flares have been modified and shoulder pads have been retained.

Fabrics are handsomer than they

have been in many years, with all varieties of gabardine well out in front, and navy by all odds the favorite color. Grays, in both worsteds and flannels, are the next best bet, and then come muted pastels and sand tones.

Hats are frankly designed to flatter the wearer, and there's nothing freakish or frightening about them, either. Favorite for wear with Easter suits is the stiff little straw sailor, which may be trimmed with flowers, gay imported taffeta ribbons.

See STYLES, Page 2

U. S. PREFERRED . . . Modified "new look" in a double peplum suit in Palm Beach gabardine by Forstmann. The side seam pockets and slim skirt are new, as is Sally Victor's big burnt straw sailor with ribbon trim.

AS YOU LIKE 'EM . . . Handbags may be almost any shape this season. The two shown above are in washable white calfskin. Both the heart-shaped one at left and the vanity box at right are popular styles, designed by Josef.

THE AMERICAN LOOK . . . At home in any company is this smoothly simple suit with long double-breasted jacket in dark green milatene, designed by Mangone. With it is worn Andree's peach-trimmed straw sailor.

Coeds Are Selecting New Wardrobes In Preparation For Pioneer Week

By LEATRICE ROSS

Most women and girls of the town are shopping about for the precedent "Easter outfit,"—but not so with the girls at Howard County Junior college. They are selecting attire suitable, not for flaunting before their friends, but for holding up under such adverse treatment as dunking in a trough of water.

Monday begins Pioneer Week at school. And surely no outfit has ever been more difficult to get to-

gether than has this "seasonal" wardrobe for the local college girl.

The basic item, if one is to be in vogue (not as in "Vogue") is one pair of snugly fitting levis, cut along the classic lines which make free movement discouraging. This "must" for the girls has four pockets—two in front and two in back—which may or may not be accessible to the hand, depending upon just how classic the trousers are. The levis come in the best color—Washable Blue—and may be stitched in double rows of orange thread or lavishly splashed with copper rivets.

Selecting the proper fit in levis presents the girl's first problem when purchasing the Western-look. The buyer strolls into the menswear department. She states the object of her hunt and is told a score of sizes—none of which she can perceive. Then the fitting. She tries one pair, finds they do not fit in all respects. She exits from the dressing room and walks across the store to select a different size, the levis she is wearing in evidence below her skirts. Much to the amusement (we know) of the man-

ager, salespeople and anyone else in the building. The last test for the perfect fit is—can you still sit down?

Having found the basic garment, accessories will fall into line. The more obvious the shirt can be, the more suitable for the season. The "blouse" may or may not fit, since size is more or less irrelevant to the situation here. The blouse will be clinched in at the waist with a genuine horsehide leather belt, hand-carved in such delicate motifs as a charging bull with real scarlet cowhide on his ears.

Finally, the outfit will be set off by gleaming "heels" in assorted colors and combinations of colors, styled with pointed toes and straps for bracing oneself when putting them on. The lass may, in addition, add huge curled-brimmed Stetsons, gaudy kerchiefs, spurs, 30 caliber "jewelry," and any other accessory giving vent to her personality.

Thus adorned, and sans even the suspicion of make-up, will go the well-dressed girl at Howard County Junior college this week.

Coahoma P-TA To Give Play

COAHOMA, March 13. (Spl)—"Spooky Tavern," a comedy in three acts will be presented in the Coahoma Grade School auditorium at 8 p. m., March 19 under auspices of the Coahoma P-T. A.

Cast for the production consists of members of Coahoma schools' faculty, citizens of the town, and several students. Special brief programs of music will be given between acts. Mrs. C. H. DeVaney is in charge of the play.

Proceeds, it is announced, are to be used toward the purchase of complete stage backdrops for the auditorium.

Having part in "Spooky Tavern" are Morris Ledger, Mrs. Dale Graves, Mrs. Smith Corcoran, Louis Lovelace, Ted Fowler, Bobby West, Dale Puckett and Fred McCanne.

Styles

(Continued From Page One)

bon or veiling. Victorian bonnets are shown for the young, and big off-the-face Bretons are definitely in the picture. Delicate pastel tones are preferred for spring hats, to flatter the face and contrast with dark, simple suits and coats.

Shoes and handbags are ladylike and handsome. Newest shoes of the season have covered toes and heels, but may be cut far down on the vamp, with perhaps a strap or two to add to the "covered-up" look. Supple kidskins and soft calf and suede leathers are being shown, with fewer platform soles than last year.

Handbags are smaller to fit the general feeling of restraint noticeable throughout the mode, with neat boxy or melon shapes most popular.

The fashion picture for Easter 1948, should soothe the qualms all those who have dreaded to shopping for fear of being forcibly exaggerated and unbecomingly styles. The new clothes are smart, flattering, and modified to the American taste.

MRS. DUKE JOHNSTON, above, is at home with her husband in Eunice, N. M. following their marriage in Midland's First Baptist church March 7 with the Rev. Raymond Hall, assistant pastor, officiating. She is the daughter of Mr. and Mrs. Edward Simpson of Big Spring, but was employed with the Honolulu Oil company in Midland prior to the marriage. She is a graduate of Texas Technological college. The bridegroom served during the war in the European theater and is now employed by the Texas-New Mexico Pipeline company. He is the son of Mr. and Mrs. J. M. Johnston of Crane.

Four Babies Are Born At Local Hospitals

Three girls and one boy were born in the three local hospitals this week.

Two girls were born at the Cowper-Sanders hospital. Donna Marie Davis is the daughter of Mr. and Mrs. G. E. Davis. The infant was born at 4:45 p. m. March 7 weighing seven pounds, 12 ounces.

Mr. and Mrs. H. H. Hallford are the parents of a daughter, Florence Laverne, who was born March 11 at 8:25 p. m. weighing seven pounds, two ounces.

A daughter was born to Mr. and Mrs. Charles J. Engle at 3:30 a. m. March 13 at the Big Spring hospital, and is unnamed.

Mr. and Mrs. Grover Blissard are the parents of a son, who weighed seven pounds, four ounces and was born March 12, at the Malone-Hogan hospital. The infant has not been named.

E. C. Dodd Is Guest Speaker At P-TA

COAHOMA, March 13. (Spl)—E. C. Dodd, president of Howard County Junior College, addressed members of the Coahoma Parent-Teacher Association Thursday afternoon on the theme "The Weeds—Intolerance, Prejudice, Hatred and Ignorance."

The Rev. Mark Reeves, pastor of the Baptist church, offered the devotional. Girl Scouts, under direction of Gypsy Ted McCollum, entertained with musical and novelty acts.

New officers were announced by the nominating committee and include Mrs. Tom Birkhead, president; Mrs. Fred McCanne, vice-president; Mrs. J. D. Spears, secretary and Mrs. McCanne, treasurer.

The group will convene again on April 8.

Legion Auxiliary Has Tea As Social Affair

Mrs. Wayne Spears and her group were hostesses at a tea given for the American Legion Auxiliary Thursday evening at the club house.

The group lost the membership drive contest in November which was won by Mrs. W. H. Booher's group.

Hostesses were Mrs. Wayne Spears, Mrs. T. A. Thigpen, Mrs. D. L. Burnette, Jr., Mrs. Durward Crain, Mrs. Elmo Phillips, Mrs. Donald Anderson and Mrs. C. W. Grigsby.

The lace covered table was appointed with a china tea service and hurricane lamps, which held many colored tapers.

Mrs. R. E. Blount played organ music throughout the social hours. A round-table discussion on the membership drive was given by Mrs. W. H. Booher. A display of gifts which will be given to the winning team of the membership committee was shown by Mrs. Vernon McCoslin.

The Auxiliary voted to select Troop 10 of the girl scouts under the leadership of Mrs. Harold Steck to help the Auxiliary sell their cook books. The scouts will use their portion which is one-third of the price of the books, to buy their uniforms.

Hosts named for the next teenagers dance, which is to be March 26, were Mr. and Mrs. Ray Boren, Mr. and Mrs. D. L. Burenette and Mr. and Mrs. J. W. Burrell. Six Gold Star mothers have con-

tacted members of the American Legion Auxiliary to form a Gold Star mothers club and other mothers are asked to contact them so that the club can begin work.

Attending Thursday's meeting were Mrs. Donald Anderson, Mrs. Elmo Phillips, Mrs. J. B. Neely, Mrs. Vernon McCoslin, Mrs. Erma Steward, Mrs. Martha Smith, Mrs. Bill Griese, Mrs. Rawleigh McCullough, Mrs. Durward Crain, Mrs. Wayne Spears, Mrs. W. H. Booher, Mrs. Harold Steck, Mrs. T. A. Thigpen, Mrs. D. L. Burnette, Jr., Mrs. Alvin Smith, Mrs. H. W. Wright, Mrs. M. C. Grigsby, Mrs. Prentiss Bass, Mrs. H. W. Whitney, Mrs. R. E. Blount and Mrs. Neel Barnaby.

Lillian Tamsitt is Hostess To Party

A "come as you are" party was entertainment to a group of late-sleepers Saturday morning in the home of Lillian Tamsitt.

Breakfast was served to the guests who played cards as entertainment after breakfast.

Attending were Jerry Bankson, Anne Currie, Rose Nell Parks, Betty Lou Hewett, Mary Gerald Robbins, Jane Stripling, Jean Pearce, Helen Montgomery, Vivian Middleton, Scooter Terry, Dot Cauble and the hostess.

Mrs. T. B. Clifton has as her guest this weekend Mrs. Bertha Moore of Brownwood.

Organizational Meeting Of Town Hall Group To Be At Presbyterian Church

A meeting has been called for Monday evening at 7:30 p. m. in the Presbyterian church basement for all persons interested in seeing the Southern Town Hall Association come to Big Spring. The committee as named by Catharine Maier, president of the American Association of University Women, issued the call after receiving word from M. C. Turner, Dallas, representative of the Southern Town Hall Association that he would be here at that time. The purpose of the organization is to bring programs to Big Spring artists, either musicians, lecturers, magicians, singers, dancers or other types of entertainers. At the meeting Monday evening board of directors will be selected from those persons who are interested, if there is enough demand for the programs to warrant trying to bring them here. These directors will have the task of selecting the programs to appear here during the next season which begins in September. The Association submits names of artists to this board and the price at which they will appear. The board selects from this list the ones most suited to the people of Big Spring and also takes into consideration the price of the appearance. The ideal is to have programs during the year. The plan on which the Southern Town Hall operates is that of forming an organization with only members being able to see the programs and to be a member, one must buy a ticket for the season's programs. These tickets will be \$2.00 for a dual ticket, \$6.00 a single ticket and \$3.50 for students. A dual ticket will admit a couple to the season's programs. A ticket will also admit the members of the Big Spring organization to performances in the neighborhood.

Our Discuss Topics At Forsan P-TA

FORSAN, March 13. (Sp1)—Using the theme "Watch For Weeds," speakers discussed the evils of intolerance, prejudice, hatred and ignorance for members of the Forsan Parent-Teacher Association which met this week in the high school gym. The program was in connection with an election meeting to choose officers for the coming year. Mrs. Harry Miller spoke on "Tolerance," Mrs. J. E. Calcutt discussed "Prejudice," Mrs. G. G. Green talked on "Hatred," and Mrs. J. D. Leonard spoke on "Ignorance." Mrs. M. M. Fairchild was in charge of the program. In election following the talks, Mrs. Calcutt was named president, Mrs. Carlton King, vice-president, and Mrs. C. V. Wash, treasurer. Officers were re-elected. Approximately 25 persons attended the meeting.

Mrs. Moore Entertains With Party At Home

FORSAN, March 13. (Sp1)—Mrs. W. Moore entertained Thursday afternoon at her home with a St. Andrew's party. Refreshments were served and attending were Mrs. W. O. Averitt, Mrs. W. E. Heidman, Mrs. H. L. Hendren, Mrs. Earl Thompson, Mrs. C. C. Suttles, Mrs. S. J. Newman, Mrs. John Cardwell, Mrs. C. Lamb, Mrs. Harold Johnson, Mrs. R. C. Johnson of Covington, Mrs. D. L. Boyd, Mrs. H. N. Maden, Mrs. J. P. Kubecka, Mrs. N. Holcombe, Mrs. C. B. Nunley of Big Spring and the hostess.

FRESH BLOOD A MUST FOR FREE ENERGY

Do you feel like you are tied to a drag every time you try to do something? If so, don't let a low blood count hold you down when you may release your energy to every muscle, fibre, cell. Every day—every hour—millions of red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, lack of resistance to infections and diseases. To get real relief you must keep up your blood strength. Medical authorities, in analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent active ingredients. Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloating and sour food taste. Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. Vigorous blood surges throughout your whole body, greater firmness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—tans. Each pill out hollows places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

WHY STARVE TO TAKE OFF FAT?

When you buy Barcetrane, you buy a preparation for taking off weight. You do not pay for a printed diet. Barcetrane is a vitamin tablet to fortify you against weakness while on a starvation diet. You need never know a hungry moment while reducing with Barcetrane. It contains no harmful drugs, but does contain ingredients to make you feel better. Barcetrane when mixed with grapefruit juice does this: First, cuts down your desire for sweets and fatty foods, but you do not have to FORCE yourself. Barcetrane takes care of your DESIRE. Second, depresses and stimulates, so that water is expelled away—almost the melting fat. At the time you feel better, more peppy, more active, but never starved, hungry.

boring towns of Midland, Odessa, Lamesa and Colorado City. Before the Association will agree to bring the group of programs here, there must be at least 150 dual tickets or their equivalent sold to Big Spring residents. "Everyone is urged to attend the meeting Monday evening to help select the board of directors of the organization because the board has the important part of selecting the programs and these will determine in the last analysis whether such a group will be successful in Big Spring," said Mrs. Cowper.

WHAT GIVES 'ROUND TOWN

By Leatrice Ross
Through the portals of Howard County Junior college tomorrow will pass simulated "westerners"—if that be the mote just—in observance of the school's second annual "Pioneer Week," five days of much bread and little make-up. The students are fiendishly expectant over the opportunity of viewing their professors in levis, we might add. Local high school students should make plans to attend the program, barbecue and dance Friday evening closing "Pioneer Week" at H.C.J.C. details of which may be found elsewhere in this paper. Among college students who Wednesday and Thursday toured a half-dozen neighboring towns boosting the coming affair are Vicki McElroy, Joyce Sewell, Bill Sneed, Harry Haug, Darrell Hickman, Jimmy Peden, C. R. Laudermik, Jean Meador, Betty Gutte, Juanita Anderson, Ray Nell Hale, Kay Bugg, Harry Echols.

COSDEN CHATTER

New South Texas Superintendent Is Appointed
By Personnel Department
Nelson Phillips, Jr., general counsel of the corporation, spent most of Wednesday and Thursday in Big Spring. R. L. Tollett will leave Monday or Tuesday for New York to attend regular monthly meeting of directors and handle other company business in Washington and Chicago. M. M. Miller spent the past week in South Texas inspecting the company's producing properties in that area. While there he employed a new production superintendent to replace Ray Carpenter who died two weeks ago. The new superintendent is R. L. Hale, a long-time resident of South Texas and we welcome him to our organization. J. K. Naylor, Texas gasoline tax auditor with the state comptroller's department of Lubbock, was a visitor in the office the past week. C. W. Smith and R. M. Johnson spent Wednesday and Thursday in San Angelo and Ballinger on company business. S. K. Whaley's brother, E. R. Whaley of Lubbock, is a visitor in his home. Mrs. Irene Blackwell of Fort Worth is here in Big Spring visiting with her son, Leonard Blackwell. Mrs. W. L. Sandridge entered the Big Spring hospital Thursday. Mrs. Henry Covert entered the Malone & Hogan hospital Tuesday. Linda Kay Earnest, daughter of T. O. Earnest, entered the Cowper-Sanders hospital Monday. Virginia Diaz, daughter of Pedro Diaz, entered the hospital last Monday. The following Cosden jobbers were visitors in the office this week: H. S. Blocker and Raymond S. Allred, Blocker-Allred Oil Company of Odessa, and Joe McClure of Floyd, New Mexico. Sonora Murphy is spending her vacation at home this week. Mr. and Mrs. J. W. Denton were out of the office part of this week due to illness. Mrs. Hugh Dryer, wife of the Lubbock jobber, is in the St. Mary's Plains hospital in Lubbock. A. C. Wilkerson and wife are spending their vacation in Houston. Wilkerson will represent the Local I.O.O.F. at their grand lodge of Texas convention. Paul Holden has spent the past week in the Big Spring hospital.

Forsan Junior Class Gives Annual Play

FORSAN, March 13. (Sp1)—The Junior class of Forsan high school Friday evening presented its annual stage production, "Hilbilly Courtship," in the high school gym. The play was sponsored by Glenn Whittenburg, and students having part were Jan Fairchild, Peggy Painter, Pat Lindsay, Pauline Massey, Dorothy Long, Freddie Slate, Raiford Dunagan, Roy Longshore, Kenneth Baker, Bobby Miller and Hood Parker, Jr.

Lost 22 Pounds

"I lost 22 pounds taking Barcetrane and I feel much better in every way. I eat anything I want and I gladly recommend it to anyone who wants to lose weight."—Gertrude Billings, Route 1, Devine, Texas.

15 Pounds Lost

"I lost 15 pounds taking Barcetrane and am now control my weight. I feel much better in every way and I gladly say, 'It's Barcetrane to control the weight.'"—Mrs. Gertrude Matthews, 525 Thruway Street, Beaumont, Texas.

Hand Bags . . . 98c

Beautiful plastic patent in pouch and shoulder strap style to match that new dress.

GIRL'S EASTER SHOES 4.49

Dressy baby doll style sandals. White or Red Elk leather.

Residents Of Forsan Community Report Their Visits And Visitors

FORSAN, March 14. (Sp1)—Mr. and Mrs. Harley Grant have been spending their vacation with relatives in Andrews. Mrs. Jack Keith of Odessa was here Monday and Tuesday visiting friends. Mr. and Mrs. J. E. Thompson visited in Lubbock this week with their son and daughter-in-law, Mr. and Mrs. James Thompson. Norma Birdwell is in Midland this weekend visiting friends. Mr. and Mrs. Jeff English were in Bonham last week where they attended the birthday celebration of Mr. English's father, G. L. English and his twin brother. Mr. and Mrs. Burl Griffith, Mr. and Mrs. John B. Anderson, and Dee Anderson are returning this weekend from Evening Shade, Ark. where they attended the funeral services of their brother, Ben, who was killed in the Pacific. Mrs. Betty Anderson's mother will also return this weekend after a two weeks' stay in Arkansas. G. B. This Easter... BE SMART... SAVE AT PENNEY'S

Attention, wrestling fans: If you tire of seeing men grapple, come to the new arena on East Third street Monday eve and take a look at how the amphibians do it. On that night a wrestler is scheduled to challenge a monstrous alligator! . . . According to reports a gator can hold out in the ring game only five or six weeks. Apparently everybody is turning professional. Wanda Bradford came in Friday from Lamesa for the weekend. . . Hal Battle, student at Sul Ross, Alpine, arrived Thursday to spend several days. . . Hoss Rankin leaves today for Amarillo where at a banquet sponsored by the Amarillo Times he will be honored along with other boys making the all-conference basketball squad. . . Some 26 boys have come out for the H.C.J.C. baseball team, training now. . . Dalph Gideon has spent the past week in Winters visiting relatives. Members of the Howard County Junior class in sociology Friday afternoon made a field trip to study conditions in the city and county jails. Police sergeants and deputies conducted the tour, which included at the county jail a discussion of the procedure in arrests, trials and transfer of criminals. . . The group will later attend a session of city court. . . Students making the visit included Charles Buckler, Darrell Hickman, Jimmy Ray Smith, Dorman Hill, T. D. Weaver and this department. Couples at a dinner-dance affair Wednesday evening: Peggy Uthoff, Arthur Franklin, Patti McDonald, Bud Purser, Juanita Sewell, Hugh Mathis, Jean Duncan, Bill Merrick, Joyce Bugg, Bill Beauchamp, Cody Selkirk, G. C. Broughton, Betty Rawlins, Dwaine Williams, Joyce Jones, Jim Bob Chaney, Jimmie Lou and Morris Robertson, Phyllis and Harold Stovall. A number of Big Springers were in Midland Saturday night, dancing to the tunes of Joe Liggins and orchestra. The Epsilon Sigma Alpha sorority has planned a picnic outing for Sunday, March 21, for members and guests. Later in the month the organization will sponsor a box supper, proceeds from which will be designated for the Boy Scout Ranch fund.

A layette shower was given for Mrs. Elmo Knightstep Friday afternoon in the home of Mrs. Olen Wilkinson with Mrs. J. B. Anderson as co-hostess.
 Mrs. Buster Davidson registered guests.
 Mrs. J. C. Robinson and Mrs. Donald Anderson served refreshments from a lace laid table. Sweetpeas and an assortment of pink and blue flowers were on the table.
 Present were Mrs. Donald Anderson, Mrs. Buster Davidson, Mrs. Doc Wilkinson, Mrs. R. D. Davidson, Mrs. Jim Arrington, Mrs. J. C. Robinson, Mrs. Rex Edwards, Mrs. Lon Curtis, Mrs. O. W. Fletcher, Mrs. Bob Keheley, Mrs. D. L. Knightstep, Mrs. Riley Knightstep, Mrs. Lee Nuckels, Mrs. N. B. Davidson, Mrs. Eugene Thomas, Mrs. Nell Robinson, Mrs. Jewel White, Mrs. Harry Barnett, the hostesses and honoree.

Miss Lila Jo Smith Has Bridal Shower

A bridal shower complimenting Lila Jo Smith, bride-elect of Bartlett Fannin, Jr., was given Friday evening in the home of the Rev. and Mrs. Jimmy Parks.
 Miss Smith has been employed with the East Fourth Baptist church as secretary and left Saturday morning for Portales, N. M., to be with her family.
 Hostesses were Mrs. I. C. Raley, Mrs. Walter Grice, Mrs. Ella Allen, Mrs. L. F. Brothers and Mrs. Tom Buckner.
 Anita Cate presided at the bride's book.
 Mrs. Raley, Joyce Justice and Mrs. Brothers served the refreshments from a table laid with lace and centered with white and blue flowers.
 Approximately 35 persons attended.

Mrs. Creighton Hosts Stitch-A-Bit Club

Mrs. Merrill Creighton was hostess to the Stitch-A-Bit club Thursday afternoon.
 The afternoon was spent in sewing.
 Refreshments were served to Mrs. John Knox, Mrs. Herk Agee, Mrs. Ray Smith, Mrs. G. G. Morehead, and Mrs. J. D. Jones.
 Mrs. Jones will be hostess at the next meeting, March 24.

Visits-Visitors

Mrs. E. C. Bove and children, Bruce and Barbara Lynn, of Los Angeles, Calif., are visiting her parents, Dr. and Mrs. E. O. Ellington. They plan to be here for about two weeks.
 Mrs. D. E. Meier, who has recently undergone surgery, is to go home today.
 Mr. and Mrs. Farris Bass and children, Johnny and Dalma Sue, of Ropesville are spending the week end with Mr. and Mrs. Shirley Robbins. They are former teachers of Big Spring.
 Mrs. Neva Lee Dillon and daughter, Claudette, of Los Angeles, Calif., are visiting her parents, Mr. and Mrs. E. L. Patton.
 Health appraisals of 150,000 youths participating in the NYA relief programs in the '30s indicated 90 per cent had defects calling for medical attention.

**Spring Color Note
In Hemphill-Wells
New Decorations**

The Spring atmosphere gains emphasis in new interior decorations at the Hemphill-Wells store, where a complete renovation project has just been completed. Green and white make up the color scheme for the new store "dress." In merchandise departments, white backgrounds are trimmed in green, while the scheme has been reversed in the offices.

Metals valued at \$390-million were mined in Canada last year. There are about 39,138,000 households in the United States.

**Study Club Hears Book Review;
Two Showers Highlight Activities**

STANTON, March 14. (Sp1) — Mrs. Bob Whitaker presided at the regular meeting of the Stanton Study club in the home of Mrs. Dale Kelly recently.

Mrs. James Jones reviewed the book "Red Plush," by Guy McCrom. This book was considered one of the ten best fictional books of 1947. Refreshments were served to Mrs. Bernis Camp, Mrs. Paul Jones, Mrs. B. F. Smith, Mrs. Houston Wood, Mrs. James Jones, Mrs. Whitaker and the hostess, Mrs. Kelly.

Mrs. Billy Mims, formerly Betty Jo Deck, was complimented with a bridal shower in the home of Mrs. W. E. Kelly Saturday evening.

Co-hostesses were Mrs. J. A. Brown, Mrs. Joe Stewart, Mrs. A. T. Angel, Mrs. Finley Rhodes, Mrs. Oliver Vaughn, Mrs. Billy Smith, Mrs. C. C. Kelly, Mrs. Cliff Hazelwood, Mrs. Benny Kelly, Mrs. Kyle Shoemaker, Mrs. Garrett Smith, Mrs. Lila Flanagan and Mrs. Gene Clements.

Ruth Gilspie presided at the bride's register and Mrs. Clements greeted guests at the door. Peggy Cross presented the read-

ing, "Advice to a Bride," and Patsy Smith gave, "Three Scenes in a Girl's Life."

The lace-laid table was centered with an arrangement of cut flowers. The bride was attired in a white suit with a pink carnation corsage. Mrs. Deck, mother of the bride, wore a black crepe dress with a corsage of white carnations and Mrs. Mims, the bridegroom's mother, was attired in a navy crepe dress with a white carnation corsage.

Out of town guests included the bride's parents, Mr. and Mrs. H. H. Deck of Pep.

Mrs. Alta Henson was hostess to a bridal shower honoring Mrs. Jay Morgan, nee Janie Hildreth, Friday evening.

Mrs. Walter Carr, Mrs. Ray Louder, Mrs. Gene Posey, Mrs. Gene Graham, Mrs. Helen Holcombe, Mrs. Allen Hooper, Mrs. R. C. Campbell, Loree Massey, Mrs. Ford Pierce, Mrs. E. F. Polson, Mrs. Darwain Bland and Mrs. Lamson Baker acted as co-hostesses.

The bride chose as her ensemble, a blue suit with black accessories. Refreshments were served to those attending.

Out of town guests included the bride's mother, Mrs. Hildreth of Lenora and three of her sisters, from Midland, Lenora and Cisco.

**HD Council Names
Delegates To Meet**

Howard County delegates to the Home Demonstration convention in Odessa April 22 were named at the Council meeting Saturday afternoon.

They are Mrs. Edward Simpson, Mrs. Earl Hull and Mrs. I. H. Severance. Alternates are Mrs. Pearl Cauble, Mrs. L. B. McElrath and Mrs. W. H. Ward. Mrs. Shirley Fryar of the local council is to be a candidate for the office of vice-president of the state officers.

A report on the work of the 4-H Club girls and their plans was made at the council.

Margaret Christie, home demonstration agent, announced plans for making up those meetings that have been missed in some of the clubs.

The Forsan club gave a demonstration of milk pasteurization for home use. The Coahoma club will give the exhibit in April.

Those present were Mrs. Ben Weathers, visitor, Mrs. B. J. Petty of Overton; Mrs. W. H. Ward, Mrs. W. R. Eggleston, Mrs. Frank Wilson and Mrs. Shirley Fryar of Fairview; Mrs. M. M. Fairchild, Mrs. J. M. Craig and Mrs. L. B. McElrath of Forsan; Mrs. I. H. Severance, Mrs. Ray Swann and Mrs. Sam Armstrong of Coahoma; Mrs. Earl Hull and Mrs. J. H. Reeves of R-Bar; Mrs. Allen Hull of Centertown; Mrs. Claude Self and Mrs. Edward Simpson of Luther; Mrs. J. T. Gross of Knott, Miss Christie and Mrs. Dale Puckett.

Dewey Phelan and Mrs. Phelan's mother, Mrs. C. H. Lacey are improving in the Phelan home after illnesses.

**City Will Use
Volunteer Plan
To Build Curbs**

The city plans to construct concrete curbs and gutters on Highway 87 from the west viaduct to the north city limits under the same plan used for volunteer paving during the past two years, officials have announced.

City Manager H. W. Whitney said all property owners on the street will be contacted and asked to place a sufficient amount of money in escrow to finance the concrete work in front of their respective properties.

The city then will proceed with installation of the curbs and gutters and the state highway department will pave the street to 50-foot width. The state highway department already has authorized its part of the project.

Property owners stand to benefit considerably from the paving in view of current construction costs. Actually, Whitney explained, they will be receiving a paved street 50 feet wide for cost of curb and gutter only, which will not exceed \$1.25 per front foot.

AFRICA IS IN FOR 'BIG BLOW'

PHILADELPHIA, March 12. (AP) — Africa is in for a big "blow" — of the bubble gum variety. The Philadelphia Maritime exchange disclosed yesterday that 500 cartons of bubble gum were shipped to Durban, Africa, on the freighter Rock Springs.

The shipment was the second in recent weeks, the exchange said. An additional 100 cartons of bubble gum left Philadelphia two weeks earlier for the same African port.

The number of one-room U. S. schools declined at the rate of about 4,000 a year during the 1920s and 3,600 a year during the 1930s.

Real Western Music Would Surprise Dudes

AP Newsfeatures
MISSOULA, Mont. — So you think the frontiers of the west were shoved back by people singing "Oh, Susanna"? Well, you're wrong, pardner. At least the melody wranglers of the Montana University Music School Foundation say you are. An early-day Montanan was a much more apt to be singing "Seven Beers With the Wrong Woman," "Ricky Jim," "Yellowstone Flat" or "You Made a Hole in My Heart You Could Ready-Roll a Turnip In."

To preserve the music in the history of the west, the foundation—directed by Music School Dean John Crowder—sent a three-man party into the field last summer. They staked out musical claims in the Fort Benton and Miles City areas.

With a trailer recording set, and a free hand, they rounded up old-timers to sing for them. By the end of the summer, the three had heard 21 performers, ranging from young cowboys to greybeards who turned up with 13 songs known to have originated in Montana.

Dental Studies Due This Week

First of a series of dental inspections, which will in time involve all students in the elementary schools of Big Spring, will begin Wednesday at College Heights. Dr. W. B. Hardy and Dr. E. O. Ellington will conduct the survey in the College Heights school, and their plans call for the check to begin at 1 p. m.

Second school to be covered by the dental survey is South Ward, but no date has been set for this study nor announcement made of those to check for dental defects. All members of the dental profession here are to participate in the campaign, offering their services free to the Big Spring - Howard County Health unit.

Any dental defects noted in the examinations will be listed on a form, which children will take home to their parents who may refer the child to the family dentist for corrective measures.

In the case of indigent children, provision will be made later for necessary work to be done.

Of some 75 essential oils used in the manufacture of perfume, only eight are produced in the Western hemisphere.

Police List 179 February Arrests

Big Spring police made 179 arrests, most of which were for minor offenses, during the month of February, according to a report released by Chief Pete Green.

A substantial decrease was noted in crimes of the more serious type, although city officers said 16 persons were charged with driving while under the influence of intoxicants, one for theft and one for aggravated assault and robbery.

A majority of the arrests involved charges of drunkenness or disturbance. Eighteen cases were transferred to the county and one was transferred to Fort Worth.

In corporation court fines assessed during the month amounted to \$2,869.50, with \$145 accounted for by 17 speeding tickets.

Fines collected totalled \$1,334, while \$216 was pending at the end of the month.

Patrolmen issued 118 traffic tickets to Howard county motorists and 60 to motorists from out of the county.

The police radio station transmitted 400 calls to local units, 198 to other stations and received 210 calls from other stations.

New Industry Makes Pecan Shell Flour

LUFKIN, March 13. (AP)—East Texas has added another industry to its long list of activities, that of pecan shell flour.

Plastic manufacturers the nation over have inquired about the output of the plant, located at Clawson, a small community six miles northwest of here.

It grew out of an idea advanced by H. A. Witliff, Jr., who had a thorough knowledge of the pecan shelling business, and proved practical in the Texas Forest Service research laboratory here.

The company is the Lufkin Pecan Shelling Co., established by Witliff and his father-in-law, the late J. O. Satterwhite of Lufkin.

Actual shipment of its product began late in December when a carload of 50,000 pounds of the

pecan shell flour was shipped to the Bakelite Corporation of New Jersey.

Other shipments have followed and some 300 plastic manufacturing firms have expressed interest in the product.

Five years ago Witliff got the idea that a commercially valuable "flour" might be made out of pecan shells. Tests were made and in addition to the work at the state forest service laboratory, some \$15,000 was spent by Witliff in other laboratory investigations.

Two years ago he walked into the research laboratory at the Forest Service grounds in Lufkin and asked E. D. Marshall, research chief, to see what he could do with pecan shells. Although working with limited equipment Marshall and Witliff made a sample of pecan shell flour and with facilities at hand even fashioned some plastic. It was crude but proved the process.

After further experiments Witliff and Satterwhite constructed a small manufacturing plant occupying 1,500 square feet of floor space in the Clawson community. An additional 2,000 square feet is under construction and further expansion on a four and a half acre site is contemplated.

Production began last August and the present capacity is 200,000 pounds of 150-mesh flour per month. The construction under way will quadruple the figure. The company obtains pecan shells from various shelling plants. A plant at Weatherford extracts the oil and tannin from shelling waste and make it possible to mill almost a ton of flour for each ton of shell.

Witliff foresees even further expansion of the plant and its products, hoping to produce wood flour, black strap molasses and shell pecans in the future. Some of this expansion depends on the outcome of new laboratory tests, but in the meantime their pecan shell flour is going east for use in production of plastics that are used throughout the nation.

Tax Receipts For City Show Slight Drop

City tax department receipts for the month of February were slightly below those of the same period a year ago according to a comparative report issued by C. R. McClenney, city secretary.

The decrease was accounted for chiefly by current property taxes, which provided receipts of \$2,007.99 as compared to \$2,870.34 in February, 1947. This decline was attributed to more early payments of property taxes this year, which brought in a larger portion of the roll before penalty periods began.

There was a slight increase in delinquent tax payments, which accounted for \$350.61 as compared to \$219.10 a year ago.

Payments of all types of taxes during the 11-month period beginning April 1, 1947 represented a substantial increase over the same period of the previous fiscal year. Totals through February amounted to \$171,436.25 as compared to \$156,893.04 at the end of February, 1947. Current tax receipts amounted to \$155,940.90 as compared to \$144,596.46 a year ago. Delinquent tax payments also jumped from \$3,938.69 to \$6,133.44, while occupation taxes increased from \$3,975.72 to \$4,670.04.

State tax collections in the United States varied from a high of \$84.05 per capita in Washington to a low of \$29.54 in Nebraska in 1946.

Rights Must Be Secured In The Heart

At this particular moment, a young tempest is stirring over the so-called civil rights recommendations. This has created a stir within the ranks of congress and in turn within the ranks of the democratic party, which includes the solid south as one of its pillars. Naturally, the element of politics has been injected into the matter, for there are cries that the civil rights proposals — federal anti-lynching statutes, anti-poll tax statutes, anti-discrimination statutes — were conceived as an appeal for the northern Negro votes. Fearing an end to segregation laws, southern democrats have been muttering in and out of their beards. The whole situation is muddled, and now it is a toss-up whether the republicans will press the legislation and assume credit for its passage in the north and let the democrats stew in their own juice in the south.

legislating certain qualities into the hearts of men. There must be certain, fundamental safeguards so that man cannot take away from others what rightfully belongs to them. To make these safeguards secure, there must be a progression of understanding among men, for there is seldom such a thing as a sudden revolution of understanding. This progression is resisted for a variety of reasons, and there is little to be gained in bitter condemnation of them. Patient, steady and popular pressure works the slow miracle. Each generation is a little less subject to prejudice and intolerance than the one before it unless some unusual and untoward development stiffens resistance. Genuine understanding and appreciation of a fundamental truth as well as of men is a requisite to civil rights in fact and not just in law. It must dawn upon the consciousness of the masses that denial of rights and freedoms is apt to be like a boomerang. Sunshine and darkness cannot be mixed in shafts or layers, for there are shades; there can be only shades in rights.

Do Something About Prison System

By FRANK GRIMES
Herald Special Writer

The Texas Prison System is a shame and a disgrace to a great state like ours," commented French M. Robertson of Abilene, one of the new members of the State Prison Board, after his round of inspection. This would be the normal reaction of any citizen who came within sight or smelling distance of any one of the huge systems' units. It is not only a shame and a disgrace to a civilized people, but a crime against themselves. For under present and past conditions, the prison system manufactures far more criminals than it ever reformed.

Sanitary facilities are primitive and often broken down. Bathing facilities are makeshift or nonexistent. Recreation is sketchy or wanting wholly. The ten hours of work and eight hours of sleep leave the men with six idle hours to dispose of, and it is during these periods of thumb-widdling that most of the mischief occurs. Although the system owns 73,999 acres of farmland, much of it highly fertile, it bought a quarter of a million dollars' worth of meat last year to feed the prison population. The dairy herds are not tested regularly for diseases, and the system has no pasteurizing equipment. The supply is inadequate to maintain health.

Manager Ellis has an answer to all these problems: a building and improvement program costing \$4,201,075. That, he observes, is considerable money; but he says that by making this capital investment and combining it with prison-made brick, prison-made equipment, and prison labor, "it will produce assets valued at eight million dollars." Not included in this sum is the money necessary to raise the pay of picket men and prison guards. Believe it or not, the present salary scale for these men is \$120 and \$133 per month. Some of them are men with families to support. They receive room and board in addition to pay, but if they must maintain a family on the outside the room and board counts for little. Often the "room" is a cubby hole in one of the "tanks," separated from the prisoners only by iron bars. You can imagine the type of men the system can employ at such a wage scale, under such living conditions.

The average Texas citizen takes no interest in the state's penal system until something scandalous happens. Then he gets very indignant and cries to heaven for redress. He gripes about the number of "repeaters" turned loose on the public, and never stops to think that his own parsimony when it comes to providing prison funds is responsible for many a repeater. Manager Ellis came to Texas from Memphis with a splendid record as a prison manager. His report and the board's approval should carry a great deal of weight with the legislature. It's time something is done.

Affairs Of The World—DeWitt MacKenzie

Now Is The Time For Us To Keep Cool

Secretary of State Marshall's estimate of the world situation as "very, very serious" was couched in language which in effect advised the public to keep cool. That's the best piece of advice we've had in a long time. We are walking around in a powder factory, and it just isn't a good place in which to toss about lighted matches. It's natural that anxiety and anger should be produced by the steady stream of hostility which has been developing from the battle between communism and democracy. There seems no end to the flood which comes pouring out of Europe, Asia and the Western Hemisphere to make blazing headlines in the press. Even our "peace" organization is a field of bitter conflict.

We don't get a chance to cool off between events, and every few days there's a particularly aggravating development. The rape of Czechoslovakia was one of these. Of course such brutality arouses fears and wrath, and we get boiling mad when old friends like Jan Masaryk are driven to their deaths. Still it's precisely moments like this when we should keep a grip on our passions if we want to iron out this situation without fighting another world war. There are times when even the most peace-minded folk must resort to arms in self-defense. Such a time has not arrived, and there is no certainty that it will arrive. Now right here let it be said that anyone who didn't recognize the danger of war growing out of the present situation would be crazy. The tempers of both sides in this so-called "cold war" are on edge and it will require cool calculation to keep it from being turned into a hot war. However, the way it appears from here the democracies have a good chance of holding the European line about where it is without using arms. This column still believes that the barrier of economic rehabilitation projected in the Marshall plan may go a long way toward turning the trick. It now looks as though this would be supported by a western European union of the nations participating in the Marshall plan. This union, as projected in the adopted treaty by the current Brussels conference, contemplates a fifty year military political and economic pact.

Youth Wants Truth About World

WASHINGTON—Three schoolboys in sweatshirts in San Francisco... serious... 1945. I never knew their names... they were these boys and we talked a minute... they asked a question... I didn't know the answer then... Maybe they have their answer now... It was May 18... the war in Europe was over... allied statesmen from everywhere were in San Francisco. The statesmen were setting up

the United Nations... a thrilling... hopeful... people and statesmen talked of the new world coming... The statesmen worked hard, day and night, talked argued, joked, split hairs over every word going into the United Nations charter... They started off the charter with: "We the Peoples of the United Nations determined to save succeeding generations from the scourge of war... to reaffirm faith... in the dignity and worth of the human person... The whole allied world watched what was happening in San Francisco. Words poured out of there by the millions... On that warm and sunny afternoon of May 18, 1945, about 10,000 high school students from in and around San Francisco sat down in a huge auditorium... They were going to get a little taste of foreign affairs first hand... they had gathered to hear a diplomat talk of U. N. and the new world... He seemed very happy, full of hope. Full of happiness, even... "Mr. President..." he began, talking to the youngsters... He said he began that way because in this American democracy he thought he might then be speaking to a future president or first lady... At the door I stopped for a minute to talk to three boys in sweatshirts. I asked them how much "thinking they and their friends were doing about U. N. And yesterday I went back and looked up the story I wrote then on what they had said: "The tallest boy said: 'We're taking it a lot more seriously

"ANY LAW AGAINST COLORING EGGS?"

Washington Merry-Go-Round—Drew Pearson

Truman Pushes Candidacy Move

WASHINGTON—The President of the United States was blazing mad and shouting from the hip when Democratic Chairman Howard McGrath and Executive Director Gael Sullivan went in to see him earlier this week. They had expected to have a quiet talk over political conditions and warn Truman of growing revolt inside the party.

Reaching into the third drawer of his desk, the President took out a copy of the Palestine report prepared in part by Bartley Crum of San Francisco who visited the Near East with the Anglo-American commission. "That's my bible," said Mr. Truman.

Reaching into the third drawer of his desk, the President took out a copy of the Palestine report prepared in part by Bartley Crum of San Francisco who visited the Near East with the Anglo-American commission. "That's my bible," said Mr. Truman.

But they never had a chance. Once inside the door, Truman said he was fed up with the lack of loyalty by certain party leaders. He blamed the southern revolt on Senator Byrd of Virginia and described Byrd as the "finest republican in the democratic party."

He explained that he thought he had British Foreign Minister Bevin persuaded to put the Crum ideas on Palestine into effect, but that Bevin had backed out. Note—The Anglo-American commission, which Truman referred to as the "Crum Report," recommended a trusteeship for Palestine under the United Nations and urged that Britain continue its mandate until the trusteeship could be set up. It opposed any separate Jewish or Arab state, warning that such division would cause worldwide disorders. The report also asked for the immigration of 10,000 Jews into Palestine immediately, but urged that other countries also open their doors, since Palestine would not be able to hold all Jewish refugees.

Stennis cocked his ear attentively. "I'm a Presbyterian, too," observed the new Mississippi senator. "I guess that makes it unanimous," grinned Ferguson. "So am I."

ARMY'S LOBBY

At a closed meeting of the House Expenditures committee the other day, Ohio's Congressman Clarence Brown, a power in republican circles, erupted with indignation. "The military," he exploded, "has put over a colossal propaganda program on the American people, and caused some people to get unduly excited over universal military training."

Foreign Locations

HOLLYWOOD—International distances mean nothing to John Ford, Merian Cooper and their new Argosy film company. Having filmed "The Fugitive" in Mexico, the producers will return there for "Three Godfathers."

In Hollywood—Bob Thomas

Wallace Beery is reported to be leaving MGM after one more picture. That would mark the end of a 20-year stay at the Culver City lot, where he made such memorable films as "Min and Bill," "Tugboat Annie," "The Champ" and "Viva Villa!" Wally has been unhappy with the kind of pictures he has been getting in recent years and it's said he'll return to his old stomping grounds, Paramount. Abbott and Costello will barnstorm the country in April for a dual purpose—to publicize their independent film, "The Noose Hangs High," and to raise money for their Youth foundation in Eastside, L. A. They'll start the tour in Dallas after they finish

Around The Rim—By The Herald Staff

Where's 'Ideal Tenant'?

See by the papers that a certain Mr. Chambers, who manages a big housing deal up in North Tarrytown, N. Y., has been honored by his tenants as the "ideal landlord." They even gave him a reception and a tea. Seems that Mr. Chambers provided courteous treatment, efficient maintenance, plenty of heat, and threw in such things as bus service to trains, free golf and tennis facilities. To cap it all, Mr. Chambers put the bee on his tenants for only ten percent, when rent ceilings were lifted. He could have gotten 25 per cent, or even 50, but he settled for ten.

There was the case of the Doe family, who would take the duplicate only if it could be reversed on the lot, so that their side would be on the south; and only if the wallpaper were changed in the living room. Well, Scrooge and Doe compromised on changing the wallpaper, and Mrs. D. chose a sensible pattern of giant purple flowers on a red striped background—and then the Does moved out after two months.

There are doubtless a lot of tenants who would like to have Mr. Chambers for a landlord. These people would forego the golf and the tennis, and even the train service, we'd wager, provided they could be assured of the courteous treatment, efficient maintenance and plenty of utilities, PLUS the rental increase of only ten percent.

The Tipsties moved into another tenant house, asked for no changes, but three beer busts four nights a week, so that the neighbors had to call the police two nights out of the four. All the changing had to be done after Mr. and Mrs. T. moved out, because there was nothing left of the house but the floor and the walls, and these were pretty well pickled.

The fact that there has been named an "ideal" landlord seems to point up a strange belief holding sway over this country, and that is that every guy who owns the rental property is a Scrooge who always wears a sour puss and clutches his dimes like a miser—a veritable ogre. Most people must believe that, or an "ideal" landlord wouldn't be edging into the news. Case of man bites dog, you know.

The Flutters were another tenant. Flutters paid his rent fairly regularly, but Mrs. F. had a difficult time in knowing how to raise a window or how to clean out a sink. Easiest thing to do every time a window stuck, or the sink stopped up, or a mouse ran across the floor, was to call Scrooge and have him make things right.

Matter of fact, the landlord has seen his day of grief, too. Maybe not so much these days, when it's a "seller's market," but there

All tenants are not like the Does, the Tipsties and the Flutters. But there are a lot of them, probably more than there are landlords like Scrooge. Maybe somebody ought to go out in search of an ideal tenant.—BOB WHIPKEY.

Hal Boyle's Notebook

Flowers' Drawing Power

NEW YORK, (U.P.)—Flowers have more drawing power than muscle-bound wrestlers and six-day bike riders in the asphalt races of Manhattan. The subway farmers and cliff dwelling windowbox waterers are proving that this week at the Kentucky Derby of the garden world—the International Flower show. Each year this big league floral extravaganza at a tracts about 150,000 spectators. Everybody comes but Ferdinand the bull. They even run special trains from New England and charter buses in Raleigh, N. C., to bring in the dogwood and rhododendron fans. And—yes, indeed!—people try to pick the flowers right out of the displays, and they've got 69 husky guards on duty just to prevent them.

tractor, at the last moment needed some soil and a few flowers to complete his rock-walled Normandy garden display, other exhibitors generously pitched in. Roehrs' exhibit then won the grand prize as the best garden of the show. Its construction was superintended by Lowell Kennedy, 32, a thrice-wounded war veteran. He saw a lot of Normandy walls while doing some landscape work overseas with a machine gun. The rabid enthusiasm of some of the elderly spectators is a source of worry to show officials, who keep a nurse handy to revive those overcome by zinnia-excitement. A 78-year-old grandmother snatched on a freight elevator in order to crash the show before it opened. An old man suffered his sixth heart attack the day the show opened, but as he was carried off promised: "I'll be back!" To him and many other people who come here flowers are the most important things in life. Of the millions of flowers on display the bloom that won most interest from the women was an orchid from the wedding cake of Princess Elizabeth. It had been preserved by borax crystals.

Broadway—Jack O'Brian

How To Get Things Done

NEW YORK — Annamary Dickey, the Decatur, Ill., beauty who made good in the Metropolitan Opera, Broadway musicals and the most fashionable supper clubs and still retains a wholesome affection for her home town, sat back in her big and handsome Park Avenue apartment and described Annamary Dickey Design for Eliminating Time. It's simple—she says. "I found a wonderful secret—you have time for everything if you enjoy what you're doing, and do only one thing at a time," said the lovely Miss D.

rehearses or practices daily. Sometimes both! Frequently a radio-star, she must keep up with the news songs. She constantly works out new ideas and techniques for radio, which helps keep her where she is—on top. She runs a ten-room Park Avenue apartment, is the mother of an eight-month-old daughter and is married to Arthur Lau, who fulfills all the requirements of the word "tycoon" in the cork business with rather a big trade in such bibulous days.

Miss Dickey

"When I was a little girl," she continued, "rushing to my music teacher, worrying where I was to get money for the nightly hamburger, because I was living on a few dollars a week, I found myself busier, more hectic than I ever have been since." "The week I went trotting about producers' offices looking for a job left me more exhausted. And I didn't do the things I now manage to cram into 24 hours, including a good night's sleep. "Maybe being in 'Allegro' made me philosophical, but I do find time for everything I really want to do. It's only when you don't wholeheartedly want to do something that you start worrying about the time in which to do it.

"But don't get me wrong. I have the most understanding husband, the best help at home, a baby who defies all adjectives. Without them I couldn't even find time to wonder who is 'The Walking Man.' I looked about at the impeccably tailored lady, the equally impeccable apartment, thought of the Annamary Dickey design for being several places at once and remembered that I was supposed to be home right then. Annamary Dickey may be able to do it, but I had to go hoot ten minutes for a taxi.

"A and C Meet Frankenstein."

Mary Hatcher, as I told you, has arrived. She has even bought her first car—a convertible, natch. Paramount has given her permission to make "Babes in Toyland" with Dennis Day and Ezio Pinza—if the picture comes off... Edmund O'Brien has been influenced by Fredric March, following their appearances together in "Another Part of the Forest" and "The Judge's Wife." Ed wants to follow Fred's plan of devoting most of his time to the stage. Ed has had his U-I contract fixed so he can devote eight months a year to the stage and make two films yearly... Howard DeSiva is on the "Great Gatsby" set all the time, observing Elliot Nugent's direction. Just returned from directing "The Cradle Will Rock" in New York, the character actor may become a new Paramount director.

One Litter

MT. VERNON, Ill., (U.P.)—E. J. Stone believes one of his Duroes sows set a new record for motherhood among her breed when she farrowed 22 pigs in one litter.

SURVEY SHOWS:

Only Nine States Protect News Code

By The Associated Press
Never violate a trust; never reveal the source of information obtained in confidence. This unwritten code of ethics of the newsmen is protected by law in only nine states, a survey has shown. Bills to grant newsmen legal immunity from making known the sources of published information were introduced in the New York legislature March 1. The move for such a law started after the news

editor and a reporter for the Newburgh (N.Y.) News were fined \$100 each and sentenced to 10 days in jail for contempt. They refused to tell an Orange grand jury where they obtained "numbers" lottery tickets published by their paper. They were released five days later (March 2) in custody of their attorney.

States granting newsmen such immunity are Alabama, Arizona, Arkansas, Indiana, Kentucky, Maryland, New Jersey, Ohio and Pennsylvania. California passed a law in 1935 granting newsmen partial exemption. It forbids the legislature to charge newsmen with contempt but does prevent their criminal prosecution in Courts for refusing to tell the source of their information. Attempts to pass a law exempting newsmen have failed in several states, including Kansas, Missouri, Georgia, Florida and New Hampshire.

In most of the remaining states, no full-fledged effort has been made to get such legal immunity on the law books or the issue has not come to the fore. The Arkansas law exempting newsmen from disclosing information sources was sponsored by the State Bar Association as a "matter of public welfare" to encourage "pitiless publicity against wrong doing."

Under that law, no newspaper writer can be forced to disclose the source of published information unless it is shown the story was "written and published in bad faith, with malice, and not in the interest of the public welfare." The law was adopted overwhelmingly in 1936.

Kentucky's newsman's exemption statute also was adopted in 1936. Before that time there were several cases in which newsmen were sent to jail rather than disclose sources. Under common law, based on old decisions of English courts, confidential information passed between attorney and client, husband and wife and physician and patient can not be used as incriminating evidence.

However, many states have not recognized the physician-patient immunity in common law and some have adopted statutes granting such exemption. Numerous states have adopted statutes covering priest and penitent.

Iowa passed a law in 1851 exempting physicians, surgeons, ministers and priests. In Massachusetts, a doctor went to jail recently for refusing to give information on ethical grounds.

It has been estimated that at any given time one in every four Americans needs some kind of medical attention.

INSURE FOR THE FUTURE

TINY GASOLINE ENGINE—Betty Arline Lebus of Milwaukee contrasts one of the world's smallest gasoline engines with match behind a magnifying glass at a Chicago hobby show. It is 2/16-inch long, weighs 26 grains and turns two-inch propeller a minute and a half on one drop of fuel—gasoline and oil mixed. It was built by Ray Arden of Danbury, Conn.

TEXANS IN WASHINGTON

Patman Supports Mobil Library Bill

By The Associated Press

Around the Capital: Awaiting action in the House is a bill authorizing appropriation of funds for mobile libraries over the country. Rep. Wright Patman of Texarkana, supporting the bill, told his colleagues:

"This bill would do a lot for my state of Texas, as well as for other states. There are more people in Texas without library service than in any other state. Over 3,000,000 Texans, or about half of our population, do not know what free public library service is.

"Texas is first in a lot of things, but when it comes to library service we have to take thirty-eighth place among other states. Of the 254 counties in Texas, 147 have no public library within their bounds."

Excerpts from recent official Agriculture Department bulletins: Over 35,000 purebred animals were imported for breeding purposes during 1947. . . the recent sharp declines in prices of feed, coupled with little change in prices of eggs, means that farmers are likely to raise more chickens in 1948 than planned. . . Mohair production in the seven leading states in 1947 is reported at 18,476,000 pounds, the smallest since 1938.

turn such an attack with even more power than it possesses."

On the political side—there was speculation here during Governor Beauford Jester's recent visit as to whether he might be a compromise choice between liberal and conservative Texas Democrats as to their choice next May for National Committeeman.

The facts you need to choose a washer wisely!

No general words . . . no vague statistics . . . but actual, unretouched photographs SHOW THE BENDIX METHOD IS MORE THOROUGH!

At last it's possible to know in advance what results to expect from the washer you buy. No more disappointments if you read and heed the results of tests just completed by America's largest independent testing laboratory.

The Bendix outwashed all others tested for both soil and germ removal.

Matched against three leading non-automatic washers in two-way tests of washing thoroughness, the Bendix did a much better job than any of the others, according to reports from the Pittsburgh Testing Laboratory. In soil removal tests, the Bendix automatic Home Washer removed 23.3% more soil than the "next-best" machine tested. In germ removal tests, the Bendix did 10 times as good a job as the other washers tested!

Best way is also thriftiest and easiest! According to the Pittsburgh Testing Laboratory's report, the do-everything Bendix used 40% less soap than the average of the other washers tested, and averaged 10 gallons less water for a single load of clothes! Get the whole story and see a demonstration at your authorized Bendix Dealer's.

"HOW THE TESTS WERE MADE"

The soil removal tests were made in accordance with the Test Manual of the American Washer and Ironer Manufacturers' Association, with water temperatures of 160° for the automatic machine and 125° for non-automatic type machines as specified by the Manual.

For the germ removal tests the washing procedure as above was supplemented by a pre-determined rinse procedure established from contact with authorities in the field of home laundering including the manufacturers of the machines used. The Bendix was used in accordance with the manufacturer's published instructions. Staphylococcus aureus bacteria (bacteria commonly used for test purposes) were used to measure efficiency of germ removal. The four washers used, three non-automatic and a Bendix automatic Washer, were purchased in the open market by the Pittsburgh Testing Laboratory.
