Oilers Come From Behind to Whip Gassers

The Pampa Oilers were again only one game out of second position in the WT-NM League today by virtue of an 8-6 verdict over the Berger Gassers last night in Oiler Park, despite the efforts of old man weather.

Six times the contest was halted by downpours, twice for 10 minutes, and five times the players returned to the field to resume the battle. Lightning flashed and thunder rolled as the Oilers had to come from behind to earn a split in their two-game series with the visitors and again move to within striking distance of the Amarillo Gold Sox.

The big bat of John Bottarini, newly acquired backstop from the Clovis Pioneers, had more than a little to do with the Oiler triumph. The slugging catcher got his fourth home run in 5 games.

By The Associated Press. Pampa may climb back into second place in the West Texas-New Mexico League in the next couple of days if the current trend continues.

Amarillo dropped another one to Abilene last night, 16-13, and Pampa nosed out Berger, 8-6, in an 8 inning rain shortened tilt. The results left Amarillo with just a game advantage over Pampa.

Albuquerque moved easily along on top of the league, doubling Lamesa, 7-3. Lubbock stayed comfortably in fourth by beating Clovis, 15-5.

Bob Curtis hit his 50th home run, one shy of the league record, but it didn't help Amarillo very much.

Rain also forced the Lubbock-Clovis game to end after eight innings.

For the Oilers in the eighth inning last night with two men on base.

His blow tied the count at 6-6. The locals got their final two runs in the eighth inning, just before the weather intervened.

For the second consecutive night, the Gassers opened the contest with a spurge of hits and runs. Manager Edith Carnett managed four hits, including a circuiter over the left field wall by Gordon Nell. Larry Gilchrist led off a single to left and after

Yonkers Gilchrist popped out to Teyema. Manager Edith Carnett lined another single to left. Nell then blasted his four-bagger to give starting and losing Gasser hurler Clayton Fries a three-run working margin. Foster White, lanky right-hander who started on the mound for the Pampans, allowed one more hit to Tommy

White in the first before retiring the next two men.

The Oilers pulled back into the ball game in the second, thanks to the hitting prowess of Dave Teyema. After Bottarini fled out on a long ball to right, Tony Range drilled a single to left. Teyema then smacked a 1-2 pitch over the left field boards, scoring Range ahead of him.

The score was knotted in the fifth when Bob Bartholomew led off with a double to center and Joe Fortin slapped a single to right, scoring the Oiler center-fielder from second. Bottarini singled Fortin to third, but Range hit into a double and the rally ended.

After Tommy Fox started the sixth with a double to center field, the rains came. Tompares Fischer and Evans milled the contest for

10 minutes until the shower halted—momentarily. With no one away, one man on second, the score tied, the rain threatening, the tension mounted. Mitchell fled to Teyema in left but Fox went to third on the throw in.

Ferguson took advantage of the wet grass and dribbled a slow roller to Riley at third which the hot corner man muffed, allowing Ferguson to reach first, but holding Fox at third. Kramolisch then grounded out, Riley to Bel-

ford, Ferguson moving to second and Fox holding up at third. White intentionally passed Clay-

ton Fries, leading the bases. Larry Gilchrist, attempting to take advantage of the slow field, laid down a bunt that White fielded and tossed to Bottarini at the plate, forcing Fox on a particular-

ly close play. The contest was then halted while Manager Carnett and Fox protested violently, but the decision stood.

In the seventh, the Gassers got three more runs to break the tie on five hits and a sacrifice. A double by Fox paced the rally that for a moment looked as if it might wind up the evening.

As the Gasser half of the seventh ended, the rain again descended and again the game was halted for 10 minutes. Fries, having trouble with the bases, walked Bartholomew and Riley be-

fore Bottarini picked out a fast one and blasted it over the wall to tie the score as again the rain fell.

Between showers, the Gassers were retired in order in the top of the eighth but when Belford walked, went to second on a sacrifice and scored on Bartholomew's single to left, the Oilers surged into the lead for the first time.

Bartholomew went to second on

the throw in and scored a moment later on Jack Riley's safe punch to center.

A torrential downpour at the close of this inning ended the evening's play.

Howard Bass, who relieved W. H. in the eighth with one man on base, received credit for the win when he retired the next two men to face him. Fries was charged with his seventh loss of the season.

The Oilers meet the Clovis Pioneers today in a doubleheader beginning at 7 p. m. in contests sponsored by the American League.

COLUMBUS WINS 18 INNINGS ABILENE.—An eighteen-inning 14-0 decision over a Pueblo, Colo., team last night sent Columbus, O., into the semifinals of the winners bracket in the National Veterans of Foreign Wars softball tournament.

The score was knotted in the fifth when Bob Bartholomew led off with a double to center and Joe Fortin slapped a single to right, scoring the Oiler center-

fielder from second. Bottarini singled Fortin to third, but Range hit into a double and the rally ended.

LONDON.—The United States entered the Olympic home stretch today with an imposing total of 35 first place medals.

Sweden, its nearest rival, has 11. The games of the 14th Olympiad close tomorrow afternoon, with the final day of the American basketball team will add another championship unless most of its members meet with some mishap.

The U. S. stakes on France in the basketball finals tonight.

By tradition, the Olympic games are for individuals. No squad titles are given, or officially recognized.

Following the United States and Sweden in the list of coveted first places are Turkey with 6, Holland, Italy, Hungary and France, 5 each; Denmark, 4; Britain, 3; Finland, Australia and Egypt, 2 each; and Jamaica, Czechoslovakia, Argentina, Belgium, Austria, Norway, Peru and Switzerland, 1 each.

In a non-Olympic, but traditional, appearance, the U. S. men's track team defeated a picked squad from the British Empire, 11-12 to 3-12 yesterday and then set out for Paris to meet the French Sunday and Monday.

The British scored one track victory that did much to sweeten their bitter tea. The Empire sprint quartet knocked off the Olympic 400-meter champions, the U. S. team that was so easily last Saturday, only to be disqualified and then restored to good standing.

It was the addition of two Australians to the team that made the difference. John Bartram and John Treloar.

Former champion Bill Porter glided to victory in 14 seconds in the hurdles, followed by Clyde Scott and Craig Dixon, the same American trio that swept the Olympic high hurdles.

Although professional American boxers lead the world, the amateurs had difficulty in the Olympics.

Welterweight Horace Herring of St. Petersburg, Fla., was the only U. S. boxer to reach the finals.

PAIRINGS ARE LISTED IN JR. GOLF TOURNAMENT

Qualifying rounds for the first Junior Golf Tournament ever held at the Pampa Country Club ended yesterday and pairings were listed this morning in both the Championship and First Flight.

The affair is for all boys 16 or under and is being run off on a handicap basis. Trophies will be awarded winners in each flight Sunday afternoon.

The pairings are as follows: Championship Flight — Dick Prigmore vs. George Whitten; Charlie Austin vs. Jimmy Howard; Derral Danner vs. Danny Ford; Mickey McGray vs. Jerry Smith; Glen Herrell, Ronnie Miller, Glen Waples and Kenneth Morrison drew byes.

First Flight—Carter Burdette vs. Don Hicks; Paul Boswell vs. David Fathner; Tommy Cox vs. Ken Bennett; Dick Mayne vs. Jerry Smith; and Waples Kuntz and Kenneth Morrison drew byes.

Ruth, the idol of two generations of baseball fans, has been in the hospital since June. He has been sick for the past two years, his condition suddenly became worse Wednesday morning after he contracted a cold.

His physician said the cold developed pulmonary complications and his temperature climbed alarmingly.

Yesterday morning the Memorial Hospital center for cancer and allied diseases, reported his "condition improved, although still critical."

Outside the hospital, a host of friends young and old clustered under cloudy skies waiting for word about Ruth.

Well wishers sent a vast outpouring of telephone calls, telegrams, and letters.

Tribe Drops Lead As A's Take Over

By The Associated Press. The Cleveland Indians staged one of their biggest efforts last night, yet were knocked out of first place in the whisker-close American League pennant race.

Beaten 8-4, in the first half of the twilight twin bill, the Tribe bounced back to bury the Browns under a 26-3 avalanche, but the damage had been done.

The Indians dropped into second place, two percentage points behind the Philadelphia Athletics.

The Boston Braves gained a full game on the Brooklyn Dodgers and St. Louis Cardinals by defeating the Dodgers 2-1.

The Cards were beaten 3-2 by the Pirates.

Only other scheduled game—Boston at New York in the American League—was postponed because of rain.

Dallas 29, Lubbock 0 In American Legion Baseball Tournament

PARIS, Tex.—(AP)—Defending Champion Adamos of Dallas and Austin tangled tonight in the second round of the state American Legion baseball tournament.

Kal Segrist paced with a 20-1 decision over South Park of Beaumont last night and Adamos moved ahead on a 29-0 victory over Lubbock.

Lubbock and South Park meet in the losers' bracket of the double elimination tournament.

Kal Segrist paced with a 21-hit attack off three Lubbock hurlers, hitting six for six, including two 360-foot home runs.

Ray Fitzpatrick and Robert Aiton held Lubbock to three hits.

Austin combined nine timely hits with 23 bases on balls for the one-sided victory over South Park.

Riley Verdine and Billy Hees gave up but five hits to the Beaumont boys.

Sports Round-Up

By LOU BLACK (For Hugh Fullerton, Jr.) CHESHIRE, Conn.—(AP)—This is the American Football Conference's bold, self-proclaimed "year of decision."

When the major leagues procured enough man mountains and tons of trucks to start operations, the backers agreed on a three-year plan.

The 1948 season, they said, would be the decisive one. The time is now. How does it look?

Listen to Tom Topping, whose New York Yankees are training here, and who is vice-prexy of the A.A.F.C. "We're here to stay."

Back in '46, rival National Football League owners predicted the upstart loop would lose money by the bucket full.

"Yes, smiles Handsome Dan," and we were prepared to lose money for three seasons. But, it won't be necessary. Some clubs became solidly established and showed a profit immediately.

Public acceptance has exceeded all hopes. The whole league looks to the future with confidence.

Friday 13th Could Be 'Jinx' Day for San Antonio Club

By The Associated Press. This could really be a "jinx" day for San Antonio.

If Beaumont knocks off the Missions tonight and Shreveport makes it three in a row over Houston, the Texas League is going to have a newcomer to the first division.

Shreveport climbed within half game of San Antonio's fourth place spot last night by beating Houston for the second time, 5-4.

San Antonio squared its series with Beaumont, 10-3. In other games, Oklahoma City pounded Fort Worth again, 7-5, and Dallas split with Tulsa. Paul Hinrichs pitched the Rebels to a 2-1 decision in the opener, but Tulsa took the nightcap, 9-8.

Four Teams Shine in Ladies' Tourney

SAN ANTONIO.—(AP)—Four teams swept through first and second round games as the double elimination women's State Softball Tournament got underway here last night.

Paris Club of Austin, City Refrigeration of Fort Worth, Pepsi Cola of San Antonio and the San Angelo Red Chicks were the double winners.

In the first round games, the San Angelo Red Chicks downed the Austinites, 12-0; Sid's Cafe of Georgetown trounced Wooten's Orphan Home of Fort Worth, 21-2; Pepsi Cola defeated the Brazos Port Starters of Velasco, 12-1; and the Paris Cafe blanked the Abilene Independents, 3-0.

Second round winners' bracket games saw the Refrigeration team, which drew a first-round bye, whitewash Sid's Cafe, 11-0; Pepsi Cola shut out the Temple Flyers, 7-0; the Paris Cafe whipped Lone Star Clothing of Galveston, which had a bye, 10-1; and the Red Chicks edged the Alazan-Apache

club of San Antonio, another bye team, 7-5.

First round losers' bracket bills saw the Austinites trim Wooten's Orphan Home, 10-1, and the Abilene Independents shellack the Brazos Port Starters, 10-2.

The football changed hands six times in eight plays in the fading moments of the 1944 Texas A&M-L.S.U. Orange Bowl game.

After 20 National Football League clashes, only 14 points separate the Washington Redskins and the Philadelphia Eagles. The Tribe has scored a total of 378 points to the Eagle's 364.

We Need More Christians Like The Apostles

By WILLIAM E. GILROY, D. D.
Jesus called twelve men, who beyond all other believers and disciples, were to be closely associated with Him in His ministry. These, who later became known as the Twelve Apostles, apparently gave up every other task, and were the first full-time ministers of the Gospel.

One of them, Judas Iscariot (there was another Judas, a loyal disciple among the twelve), proved a traitor. The other eleven took upon themselves to elect Matthias (Acts 1:26) to take the place of Judas, but Barnabas, who was rejected in the choice, became better known than Matthias.

Of most of the twelve we know little except their names, and uncertain traditions that arose about them in the early history of the church. But concerning a few, Andrew and Peter, James and John, Matthew and Thomas, the details are specific and dramatic.

Philip, too, has the distinction, with Andrew, of bringing another into the church. It is interesting that though we know little about Andrew, we know a great deal about his brother, Peter. What a history could be told of great and notable Christians whose introduction into the Christian faith and life came through others little known—some praying mother, some obscure pastor or preacher, some faithful plodding Sunday School teacher!

Tall oaks of distinction and service have grown from little acorns, humbly planted in faith and hope. It is doubtful whether Matthew, "sitting at the receipt of customs," when he heard the Master's call, and left all to follow Him, had not heard of Jesus before. And the story of the calling of the disciples in the first chapter of the Gospel of John throws some light upon the readiness of the fishermen, James and John, Andrew and Peter, to leave their nets and become fishers of men. They had already heard of Jesus, and they were prepared for the great adventure, though they had little realization of what its real nature and greatness were to be.

Christianity began in witnessing. In those who found, bearing testimony about what they had found and seen. This is the elemental power of every religious movement. Even mass movements depend upon the integrity and activity of the units. The world needs more Christians of the type of Andrew and Philip.

CHRISTIAN SCIENCE
"Soul" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, August 15.
The Golden Text is: "Come and hear, all ye that fear God, and I will declare what he hath done for my soul" (Psalms 66:16).
Among the citations which comprise the Lesson-Sermon is the following from the Bible: "But he is in one mind, and who can turn him? and what his soul desireth, even that he doeth" (Job 23:13).
The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "So Science reveals Soul as God, untouched by sin and death, as the central Life and intelligence around which circle harmoniously all things in the systems of Mind" (page 210).

Women's Progress Honored on Stamp

Members of the Pampa Business and Professional Women's Club have more than a passing interest in a special stamp which went on sale at the local postoffice Thursday. It is the "100 Years of Progress of Women" stamp, issued first through the Seneca Falls, N. Y., postoffice July 19, 1948, and it commemorates the Seneca Falls meeting of July 19, 1848. This meeting was the first convention to consider votes for women and four pioneer American suffragists, Elizabeth Stanton, Lucretia Mott, Martha Wright and Mary Ann McClintock, framed a resolution which demanded that women be given equal rights as citizens. The resolution was adopted and for the first time the common law was changed to allow wives to hold property.

The stamp also pays tribute to Carrie C. Catt who played an outstanding part in the early woman suffrage movement and served with the International Woman's Suffrage Alliance and the National American Woman's Suffrage Association.

The central design of the stamp is composed of portraits of Elizabeth Stanton, Carrie C. Catt, and Lucretia Mott, arranged from left to right in ovals on a dark background above which is the white Gothic lettering "United States Postage." Below the central design is a light ribbon on which is the dark modified Roman wording "100 Years of Progress of Women 1848-1948" and at each end of this ribbon is the denomination "3-c" in white Gothic.

The Postoffice Department has authorized the printing of 115,000 of the stamps but the local office has only a limited supply. Members of the B&PW Club and other women's organizations who are interested in securing these

Mott Assists In Revival Services

R. Virgil Mott has returned from Floydada where he assisted in a series of revival meetings at which Rev. Veron Shaw of First Baptist Church of Kerrville was the evangelist.

During his two weeks in Floydada Mott helped to organize a Youth Choir in the church and he sang and spoke at the Rotary Club meeting.

Fifteen members were added to the church during the series of meetings. stamps should do so at once as the supply probably will not last long.

Church to Start Revival Meetings

Revival meetings will start at Harrah Methodist Church on Wednesday night, Aug. 18. Continuing through Aug. 29 there will be two services each day, at 10 a.m. and 8 p.m.

The pastor, Rev. E. C. Armstrong, will preach and Zed Robinson of Enochs, a layman, will lead the singing.

Fair Enough... by Westbrook Pegler

NEW YORK — Over a period of years I have presented proof that the American Federation of Labor is the front by which a racketeer named Ben Pross has been able to shake down...

A trade publication called the Beverage Retailer Weekly, which seems to be one of the leading papers in the liquor industry in New York and New Jersey field, has been very favorable to Pross. It has plugged him as a great labor leader, a man with a message to mankind, a humanitarian and a great-hearted benefactor of the poor.

The Beverage Retailer once had the gall to announce that Pross, who never took part in either of this country's wars, was about to organize a special post of the American Legion in the name of his liquor union. The Legion announced right back that Brother Pross would do no such thing.

My inquiries have now revealed that Max L. Simon, who owns and publishes the Beverage Retailer Weekly, is an ex-criminal himself. He was convicted and served time in prison for hiring two men to burn down the printing plant of a paper which he bought in Elizabeth, N. J. This was the moribund and suspended Elizabeth Daily Times.

On Aug. 6, 1933, Vito Rizzuto was beaten to death in the shack at Patterson. On Nov. 4, Max L. Simon, Stephano Spinello, and a Rosario Arcuro were indicted on a charge of first degree murder by the Putnam County Grand Jury.

Spinello and Arcuro were alleged to have done the physical beating and slaying, and to have acted with equal guilt on the ground that he had "aided, counseled, advised and procured" the murder. On April 19, 1934, Spinello withdrew his plea of not guilty of murder and substituted a plea of guilty to manslaughter first degree. He was sentenced to Sing Sing for not less than seven nor more than 20 years.

In June, 1934, Simon was sentenced to serve from two to three years in prison and fined \$2,000 for arson. His conviction was sustained and he served a term in the state prison at Trenton, N. J. The second hiring was John Chirichello. Chirichello turned state's evidence and got immunity by testifying against Simon.

LOOKING AHEAD

WHO WANTS 'HOUSING'? The central planners are at it again. They are getting set to try to push housing legislation, through the special session of congress.

TRUMAN PROTECTS SPIES by Upton Close WASHINGTON — Truman's refusal to let investigating committees have access to FBI reports on alleged spies holding government jobs, would itself be a sensational story second only to the spy exposés, but for the fact that America and the world are sufficed with the Communist-aiding activities of this nation's strategists.

NATIONAL WHIRLIGIG

WASHINGTON — President Truman's political mishandling of the congressional investigation into alleged activities of government operators with a Russian spy ring during the war years is attributed by many of his friends to inept advice from his White House associates.

DATA — Mr. Truman, according to Democrats who deplore his remark, had only to say that he would await the conclusion of the hearing before making any comment on their motive or disclosures. He could also have permitted his executive officers to supply essential data to the congressmen with the stipulation that it be thoroughly checked before any of the individuals involved be named.

DEFENSE — Finally, President Truman had an armor-proof defense against any suggestion that he was responsible for the apparent ease with which admitted Communists or sympathizers penetrated the federal ranks. He could have pointed out that it occurred during the Roosevelt administration, chiefly with the connivance of Henry A. Wallace.

KXVII
MARCUS STERLING nosed his car out of his driveway into the quiet tree-bordered street. The sun of another morning splashed angularly through the heavy foliage, speckling the roadway. The house behind him was silent, arrogantly dignified. There was nothing about it to serve as a reminder of the appalling tragedy barely more than 24 hours old. So far as appearances went, the police had abandoned interest in it. Detective Cooper had completed his outpost assignment on the front porch the evening before. Beyond that, later in the evening, there had been only Lieutenant Talent's visit, in company with T. Bryan Steadman.

When Talent departed, he left the door of Miriam Sterling's room unlocked, the key in the door, by that gesture restoring the house to its bereft household. Among the papers littered on the floor and in the contents of the desk, Talent had found nothing to serve his purpose, nothing to reward his search for something that might throw light on Miriam Sterling's puzzling transaction in \$100 bills. Steadman's search had been meticulous, and he had taken away with him, with Talent's acquiescence, papers and documents that would be of concern to him as Mrs. Sterling's executor. It had not been difficult for Talent to gain the impression that Steadman's search had not proved wholly satisfying to the lawyer. It had been too evident that he went through drawers and compartments a second time, more carefully, obviously with something particular in mind.

Truman Holds Little Hope For Drop in Living Costs

WASHINGTON—President Truman held out little hope today for a drop in the cost of living as he prepared to act on the Republican anti-inflation bill. The President told issue at his news conference with a prediction that prices may level off soon. He hopes that Taft is right, the President said yesterday. But he added he doesn't agree with the Ohioan.

The expectation in Washington was that Mr. Truman would sign the bill passed by the special session of Congress which refused to give him the price-wage controls and rationing authority he asked. A renewed blast at the GOP Congress for this omission was almost certain. The Republicans were ready.

Senator Watkins of Utah disclosed their rebuttal line in advance. He told a reporter that Congress had approved controls that "go to the root of the matter" of inflation. He said the Republicans had refused to go along with the "unwise steps" of bringing back price controls and rationing.

The Republican bill authorizes the Federal Reserve Board to reinstate wartime controls over time payment buying.

Up to last November, when these controls died, one-third of the purchase price was required first on most articles like washers and radios, with full payment in 15 months.

The new regulations—which one official said would be issued "very quickly" after the bill becomes law—were expected to be more drastic than the board's previous "Regulation-W."

That rule exempted purchases below \$50 or above \$2,000. But because of automobile and other prices, the new top figure will be closer to \$4,000, this official said.

The Republican bill also tightens up bank credit by authorizing an increase in the reserve requirements behind bank deposits and bank notes.

Both moves are designed to make it harder for individuals and businesses to get credit, so they won't spend so much on a market that doesn't have enough goods to meet demands.

Nine of the 12 Federal Reserve banks announced a boost from present one and one-fourth percent to one and one-half percent in their rediscount rate.

That means, effective today, it will cost member banks one-fourth of one percent more interest to get money from the Federal Reserve to lend.

The expected result would be to make it a little more costly and difficult for people to get bank loans.

Sorry!

In these days of constantly increasing prices, practically everything we buy, announcement of a general price reduction is a newsworthy event.

The Daily News is glad to report, therefore, that White's Auto Store has just established a new lower schedule of prices on each item in the famous Thermic Ray line of copper-bottom stainless steel cooking ware. The new reduced prices go in effect today, in line with White's policy of making all such price reductions effective immediately upon notification by the company's general offices or from the manufacturer.

The Thermic Ray, one of the most popular and complete lines of kitchen utensils, is an outstanding "famous name brand" in White's big housewares department.

Prices shown in the big White's Grand Opening Special section of Wednesday's Daily News were the prices in effect before today's announcement of new lower prices. The Thermic Ray sauce pan quoted at \$3.95 is now priced at \$3.40, a reduction of almost 15%. The 10-inch covered frying pan advertised at \$6.95 has been reduced to \$5.75, and the \$4-in. combination cooker priced in Wednesday's paper at \$8.25 is now selling at only \$7.95.

Other Thermic Ray copper-bottom stainless steel utensils include chicken fryers, sauce pans in capacities from one to six quarts, Dutch ovens, open skillets and various types of vapor-sealed cooking utensils for the new low-water method of food preparation which retains the full natural flavor, color and vitamin-mineral content of every food, vegetable and meat.

White's Auto Store has announced new lower prices on the entire line, effective during their Grand Opening Sale now in progress.

Ordinary Bug Causes Big Disturbance

The telephone rang and a man's voice said: "If you know anything about bugs, come on over here—we've got a dilly!"

Since the call came from a liquor store, we were a little dubious, but the caller went on to say: "... it's got a snout like a pig, and it's got neon lights on its back!"

Even a bottled-in-bond phantasm with such Twentieth Century characteristics as neon lights would be worth taking a look at, so we high-tailed it over to the W. Foster street liquor store.

Sure enough, it was alive.

It was about three inches long with a velvety brown skin and a coal-black smooth band around its neck?

The head end—at least it was the end that went forward—was swollen to give it, from the top,

In place. Sterling gave five minutes to glancing over the signatures on the visitors' register. No one else had come in from the street. The hour was early, 10 minutes past 9. Someone could be keeping watch outside, idling time at a nearby window. But the telephone booth was not in view from the sidewalk.

STERLING went into the booth dialing Harbor Trust. He got his secretary... was patient with the difficulty she found in expressing her sympathy... the horrible shock it had been to her.

"I'd appreciate your help in something this morning, Miss Wilson," Sterling said.

"Certainly, Mr. Sterling. I was hoping I could do... something."

"Will you catch a cab, please, and come up to Wolverton's Floral Shop? It's on..."

"I know where it is, Mr. Sterling."

"Fine. You could make it in half an hour."

"Perhaps it was because Sterling paused... waited without concluding the conversation... that Miss Wilson added, 'It's probably of no importance at the moment. Mr. Sterling, but the mail-boy has just brought me the papers you told me you were...'

"I'm glad you mentioned that," Sterling had broken in deliberately. "Someone in the bank, suppose you bring that with you. I may want to look those papers over."

"Very well, Mr. Sterling. Anything else?"

"No, thanks. I'll be looking for you at Wolverton's."

"In half an hour, Mr. Sterling," Sterling lingered another 10 minutes. Outside, he decided against using his car. It was conveniently parked. Wolverton's was less than three blocks distant. The pleasantly mild morning suggested a leisurely walk.

(To Be Continued)

the general appearance of a gourd. And it did, by jingo, have a snout like a pig.

Or perhaps the comment of a bystander would be more descriptive. "It looks like its mother was scared by a perch," he said.

And on its head end, just behind the snout, it had two spots like eyes that glittered when they caught the light—like neon.

Finally someone called Aubrey Jones, city tax collector and former science teacher at Pampa High School, who ventured the opinion it was a larva of some kind of moth or butterfly.

Such a prosaic explanation took all the fun out of it. Since R. D. Green, liquor store employe, had found the beast crawling near a crate of goods recently imported from France, we thought we had found a rare and unusual foreign animal. Possibly even the vanguard of an infiltration of Communists—who knows?

Stepanova Kosenkina, McDermott was asked whether Soviet Consul General Yakob Lomakin or any other official had the right to demand the return of Mrs. Kosenkina to Russia.

McDermott said Secretary of State Marshall had made clear at a news conference Wednesday "that the right of choice resides in the individual." Broadening his answer to include the Samarines as well as Mrs. Kosenkina, he added:

"If they want to stay here, they stay. You know people who are in the United States and are afraid to return home and give the right of asylum and go to work."

keep Silvermaster in government work, Currie said, are "false and unfounded."

As for Miss Bentley's statement that Currie was the source of inside information on China, Currie said: "This I absolutely deny."

At about the time word of the Molotov protest reached this country, Michael T. Samarine was telling the House committee he does not want to go back to Russia because he would be shot or interned for life if he did.

The committee kept him under subpoena for his own protection, but Chairman Thomas (R-N.J.) said he provided no information "pertinent" to the committee's hunt for definite proof that a Communist spy ring operated in wartime Washington.

One big trouble, said Stephens, is that the teaching profession is placed on the same "exalted" plane as that of the clergy and the medical profession.

And why are teachers frustrated? Very probably, Stephens thinks, because their initiative is smothered by too-rigid supervision. Public meddling in a teacher's personal life also is a cause.

MARKET BRIEFS

WALL STREET
NEW YORK, Aug. 12 (AP)—A feeble advance started in the stock market late today after a day of seesaw fluctuations.

Trading picked up a bit toward the close but the session was still from scratch.

Nor does it influence wives to point out that the Duke of Windsor, who did give up a kingdom for love, didn't forsake the fragrance of a good Havana.

Remembering what happened to the fine old lost art of tobacco chewing, the worried cigar industry of America has undertaken a campaign to placate the ladies.

It said a survey disclosed that many women basically object to the way a cigar is usually smoked, rather than to the cigar itself. It gives these etiquette tips:

"(1) Look before you flick: for an ash on the tray is worth two on the vest.

"(2) Puff a good cigar gently. Laying a smoke screen may easily turn the puff that pleases into the cloud that chokes.

"(3) Please—no butts. A collection of unsightly butts parked promiscuously around the house will antagonize the most angelic wife.

"(4) Don't chew the cigar or talk with a Perfecto clamped in the mouth. Cut the cigar with a sharp blade; don't bite off and spit out the end. And light it with a match that has burned off the sulphur. It helps keep the aroma."

There you are, men. Now light up a big two-for-fifteen Coronas deluxe extra hemp special—and watch your wife's face beam in tender pride and understanding. To keep her happy there is one more thing you can do.

Swallow the smoke.

The first three major league batters to get 100 hits in this, in order, were Stan Musial of the Cardinals, Richie Ashburn of the Phillies and Ted Williams of the Red Sox.

MEN! GET PEP

Do you want to feel young again? Why not feel old at 40, 60 or more? Enjoy youthful pleasures again. It's easy. Just take two capsules of Liquid B Concentrate. For this into a pint bottle and add some grapefruit juice to fill bottle. Then take two tablespoonsful twice a day. That's all there is to it.

If the very first bottle doesn't show you the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back slurring curves and graceful slenderness. Note how quickly bust disappears—how much better you feel. More alive, youthful appearing and active.

Boyle Offers Tips on How to Smoke Cigars

NEW YORK (AP)—The cigar is sending up smoke signals of prosperity amid some feminine cries of complaint.

Last year 15,500,000 smokers in the United States did away with about 6,500,000,000 cigars. This is June almost 420,000,000 cigars were released to the trade, 11 percent more than a year ago.

But these figures bring small cheer to many women who persist in the strange delusion that a man who smokes cigars probably also takes opium and eats small children.

Why? The cigar is as American as the vanishing redskin.

Yet the cigar smoker today is the victim of a widespread female conspiracy against him. If he lights up his Colorado Clay in an airplane, the stewardess flutters up like an angry butterfly.

"Cigarette smoking only," she says, ferrying away the offending hunk of weed.

You stoke up in a friend's house and what often happens? His wife throws open the windows, ties back the curtains, turns the fan on you and sits glaring with a baleful eye.

My own wife does it. It does no good for me to remind her that she thinks Clark Gable packs terrific he-man glamor, and Gable smokes cigars.

"If you are going to try to compare yourself with Clark Gable," says Frances, "let's start

Take Off Ugly Fat With Grape Fruit Juice Recipe

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right from your own home. Use this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your drugist and ask for four ounces of Liquid B Concentrate. Pour this into a pint bottle and add some grapefruit juice to fill bottle. Then take two tablespoonsful twice a day. That's all there is to it.

If the very first bottle doesn't show you the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back slurring curves and graceful slenderness. Note how quickly bust disappears—how much better you feel. More alive, youthful appearing and active.

CHICAGO GRAIN
CHICAGO, Aug. 12 (AP)—September corn provided most of the interest in grain dealings on the Board of Trade today. This delivery was up around 3 cents at times on short-covering strength in the cash market served as background for the advance.

Wheat advanced more than a cent at times, aided by traders' reports of renewed activity by the Production and Marketing Administration. The government agency was said to have asked marketing firms to ship 355,000 hundredweights of whole wheat flour for shipment to Gulf of Mexico ports prior to Sept. 15.
